## Terror Hits Set By Reds

By GEORGE MCARTHUR  
SAIGON (AP)—Communist guerrillas dotted South Vietnam with pre-election assaults and terror attacks today, shelling a fourth provincial capital in as many days and kidnaping 39 draft-age men in another village.

With Sunday's presidential election only three days off, officials warned that worse Red violence was expected. Americans off duty were warned to stay in their billets.

U. S. Command announced the loss of two more warplanes over North Vietnam, maintaining a recent loss rate of more than one plane a day.

The weekly casualty report reflected the current lull in ground fighting, with 125 Americans killed last week and 1,078 wounded. Both totals were up slightly from the previous week but were below the average of recent months.

Communist losses were 1,350, also below average, while the South Vietnamese had 101 killed and 367 wounded, well below the American figures, and reflecting the increased role of U. S. troops in Vietnam.

The latest terrorist attacks were scattered through the Mekong Delta, the Saigon area, and the central provinces. The guerrillas were generally lying low in the far north after spectacular attacks Tuesday in which two dozen hit-and-run strikes were made and 997 prisoners were freed from the provincial jail at Quang Ngai.

## First Storm Churning To High Velocity

MIAMI, Fla. (AP)—Tropical Storm Arlene, her winds approaching hurricane velocity, churned slowly across the Atlantic today and harassed shipping lanes far from land.

Forecasters said the storm, still centered more than 2,000 miles east of Miami, had top winds of better than 60 miles an hour. But they said Arlene seemed certain to reach hurricane status sometime today.

The storm's poorly defined path was checked out Wednesday by planes, ship sightings and satellite pictures.

At 6 a.m. Arlene was about 1,200 miles southeast of Bermuda, moving toward the west northwest at about 15 miles an hour. She was centered near Latitude 22.5 north and Longitude 49.0 west.

## Americans For Freedom Open Meet

By BEN DE FOREST  
PITTSBURGH (AP)—Resolutions to end the draft, escalate the Vietnam war and exploit Red China's inner turmoil will come under discussion by delegates to the Young Americans for Freedom convention which opens today.

Factions of the conservative, campus-oriented group also say they will seek support and collect money in an effort to induce Gov. Ronald Reagan of California to run for president.

Barry Goldwater, main speaker at the four-day convention, is scheduled to deliver what the Young Americans say is a major policy statement on Vietnam Friday night. William F. Buckley Jr., founder of the Young Americans and editor of the *National Review*, will make the opening business address Friday.

The Young Americans, which is closed to anyone over 40 and is composed mostly of college undergraduates, came to life in 1960 when a handful of young students gathered at Buckley's family estate in Sharon, Conn.,

ELDON EVANS, left, chairman of the Board of Trustees for the College of Southern Idaho, receives the first check from the State of Idaho under the new bill passed by the last legislature providing aid to junior colleges. The check is presented to Evans by Joe McCollum, member of the State Board of Education, from Twin Falls.

## Auto Workers Want Meet To Beef Up Union's Strike Fund

By A.F. MAHAN  
DETROIT (AP)—The United Auto Workers' national councils at Ford, General Motors and Chrysler recommended today calling of a special UAW convention to beef up the union's strike fund.

Identical resolutions passed at separate meetings of the councils called for the convention in the event one of the Big Three automakers is struck when contracts expire at midnight next Wednesday.

The action tended to heighten speculation that General Motors would be the target picked by the union to set the pattern for new three-year contracts at all the firms.

The convention, according to reliable sources, would be called for Sept. 23, but presumably only in the event of a strike.

UAW President Walter P. Reuther has called a news conference for later today apparently to announce the target company.

When the target is selected, negotiations usually are recessed at the other companies while the union hammers out a contract with the one company or strikes it. In the event of a strike, the other two companies continue to operate.

The news conference is set for 5:15 p.m. EDT.

The UAW's \$67-million strike fund is sufficient to last only a few weeks at GM. It would support strikes of much longer duration at either Ford or Chrysler.

GM employs some 375,000 UAW members, Ford 152,000 and Chrysler 100,000.

With only seven days left before current three-year contracts between the UAW and the companies expire, union negotiators have termed initial offers "inadequate and inequitable."

The Ford Council's resolution said, "the possibility of strike action in the 1967 negotiations may now become a reality for the workers."

"The members of the UAW," the Ford council's statement said, "have been put on notice by a flurry of news media accounts of Big Three efforts to mount a common strategy, involving everything from a mutual agreement to an industry-wide lockout.

"Our answer is plain. We will not be provoked by any management effort to spread a strike against a single corporation into a general strike undermining our union discipline and disrupting our ranks. We will not serve management's purpose by allowing ourselves to be led into rash action.

"Neither, however, will we be intimidated."

## Observers For Election Inspect Polls

By BARRY KRAMER  
SAIGON (AP)—President Johnson's 22 election observers fanned out across South Vietnam today to inspect polling places and see as much as they could of the campaigning and the government's arrangements for Sunday's voting.

They arrived in Saigon Wednesday to join 60 other official guests of the Saigon government, from 23 nations, to watch the election for president, vice president and a 60-man Senate.

The American senators, governors, mayors, religious leaders, labor, business and news executives received a briefing from U.S. Ambassador Ellsworth Bunker and other U.S. officials and then split up for trips into the provinces.

The group includes both supporters and critics of the President's Vietnam policies.

All of the 22 observers said they were satisfied with what they saw in helicopter visits to provinces ranging from the Mekong delta to the embattled Isthmus of Corama in the North.

But few were prepared to comment on charges that the elections were being unduly influenced by the Vietnamese military whose candidates, Lt. Gen. Nguyen Van Thieu and Air Marshal Nguyen Cao Ky, are expected to win.

The priest, who said he was chased by police during their second drive against the "Freedom House," is adviser to the youth council and the leader of its open housing marches into the predominantly Polish South Side.

The mayor's proclamation of a state of emergency came after the second night of marches Tuesday night drew increasingly hostile and more unruly throngs of whites. The marches resulted in 24 injuries and 61 arrests.

Wednesday, police secured the area around "Freedom House" within about 15 minutes.

But about an hour later, a group of about 50 persons, including Father Groppi, had gathered once more by the Freedom House.

The slinging and chanting began again.

Again the police moved in and the crowd was scattered. This time bottles flew.

Father Groppi insisted the group was on private property when the police moved in. He said police went right in homes next to the Freedom House looking for demonstrators.

"No guy can just run into a man's house without a warrant," the priest said. "That's just what they did. They ran right into Mrs. Mitchell's house and she just lost her son in Vietnam."

## Idaho Advised Of Road Funds

BOISE (AP)—Idaho's share of federal highway funds for the fiscal year which begins July 1, 1968, is \$31,223,429, Gov. Don W. Samuelson was advised Thursday.

The department of transportation said that of the total, \$22,177,275 is for use on interstate highways and \$9,046,154 on other roads.

At least 50 persons were arrested and two were injured in the sweeps by police outside the fire-ravaged hull of the "Freedom House" of the Milwaukee Youth Council, National Association for the Advancement of Colored People.

The demonstrators said they would hold an indoor rally tonight—possibly inside a Roman Catholic church.

No shots were fired in the clashes Wednesday night, but debris flew as the police made their second move against the demonstrators.

The police acted after Mayor Mader declared a state of emergency and imposed a 30-day ban on marches and demonstrations on Milwaukee's streets and sidewalks.

"There'll be a rally tomorrow, maybe in St. Boniface church," said the Rev. James E. Groppi, assistant pastor at the Roman Catholic parish in the predominantly Negro Inner Core, Wednesday night.

## Mayor's Demonstration Ban Enforced

By KEN HARTNETT  
MILWAUKEE, Wis. (AP)—Squads of riot-clad police backed up Mayor Henry Mader's ban against demonstrations with a show of force Wednesday night, twice scattering bands of Negro demonstrators who clustered in a chanting chorus outside their burned out headquarters.

## New Idea Given To Solve Financing Of Idaho Fire Battle

BOISE (AP)—A possible new approach to solving the problem of emergency financing of Idaho's fight against forest fires was suggested today by State Auditor Joe R. Williams.

It involves use of deficit spending authorized for National Guard costs when martial law has been declared.

The suggestion came after President Johnson designated Idaho a disaster area eligible for emergency federal aid but allocated only \$250,000 to the state.

Gov. Don W. Samuelson called the allocation "puny" and said it would pay for only about one day's fire fighting.

Samuelson said earlier the possibility of issuing deficiency warrants under authority given the State Land Board was being considered. Williams said he could find no provision authorizing such warrants without a specific legislative appropriation.

But Williams said the section authorizing deficit spending for National Guard purposes has been declared legal by the courts, even though no funds were specifically appropriated. The deficit would be repaid by a later legislative appropriation. Samuelson has asked the attorney general's office to study the problem. Williams said he will be guided by the legal ruling.

## Negro's Nomination Confirmed By Senate

By JERRY T. BAULCH  
WASHINGTON (AP)—Thurgood Marshall, the first Negro nominated to the Supreme Court, won solid Senate confirmation Wednesday, 77 days after President Johnson named him to the high tribunal.

The vote was 69 to 11 with all of the opponents being from the Deep South except Sen. Robert C. Byrd, D-W.Va. All 11 are Democrats except Republican Strom Thurmond of South Carolina.

Marshall probably will not be sworn in until the court begins its new term in October, if tradition is followed. It has been in recess since June.

After the vote, Marshall declared, "I am greatly honored."

"Let me take this opportunity," his statement said, "to affirm my deep faith in this nation and its people, and to pledge that I shall be ever mindful of my obligation to the Constitution and to the goal of equal justice under law."

The senators who opposed Marshall said they did so because he is an "ultra liberal" and "a judicial activist" in his constitutional philosophy. But supporters said they are confident Marshall will make a great justice on the basis of his record as U.S. solicitor general, his current job, and as a U.S. circuit judge before that.

Neither supporters nor backers made Marshall's race an issue, but his appointment was described as a symbol of hope and progress for Negroes.

After the vote, Senate Democratic Leader Mike Mansfield of Montana said: "This is a shining hour for Mr. Marshall, President Johnson, the Senate and the United States of America."

The confirmation demonstrated that "what counts is what you are, not who your are or who your ancestors were," Mansfield added.

Marshall is the great-grandson of a slave and the son of a sleeping porter. For many years he was the chief legal officer for the National Association for the Advancement of Colored People and made the main arguments before the Supreme Court that brought the 1954 school desegregation decision.

He succeeds Justice Tom C. Clark, who resigned at the end of last term to avoid a conflict of interest because of the appointment of his son, Ramsey, to be attorney general.

## CSI Given First Funds From State

A check for \$158,850 has been given to the College of Southern Idaho by the State of Idaho.

The check was presented to Eldon V. Evans, chairman of the Board of Trustees for CSI, by Joe McCollum of the State Board of Education in a ceremony Wednesday.

The money was made available by the past legislature which passed a bill providing money for junior colleges in the state, divided in a ratio matching the enrollment of the three junior colleges in Idaho.

The \$158,850 was the College of Southern Idaho's share of this total amount.

The money will be added to the general fund, providing for additional maintenance and operations activity in the coming year. According to Eldon Evans the school will receive the same amount next year from the State of Idaho.

## Sen. Kennedy Challenges Idea On War

WASHINGTON (AP)—Sen. Robert F. Kennedy challenges the contention of Gen. Wallace M. Greene Jr., Marine Corps commandant, that Vietnam is more important than the plight of U.S. cities.

"That's a mistake," the New York Democrat said in an interview. "President Johnson said we can fight the war and still act on our problems at home."

"Our first priority should be to our own people. We are on the brink of the most serious crisis since the Civil War."

"It seems to me we are devoting all of the resources required to the war in Vietnam but we are not doing so in respect to our domestic problems. There is no question that we have not done what we should have done for the urban and rural poor."

Greene told the American Legion convention Wednesday in Boston that if the United States does not stop the Communists in their promotion of world revolution "then our domestic problems and our pocketbooks are going to become mighty unimportant in the future."

The Marine Corps chief criticized what he said was an attitude of pessimism at home about the progress of the war. He said when he left Vietnam three weeks ago after his sixth visit there, "I left an atmosphere of optimism."

## More Troops

SAIGON (AP)—American troop strength in Vietnam increased by 5,000 last week to 462,000, the U.S. Command announced today.

One of the new units arriving in the country was the 2nd Squadron, 1st Cavalry, from Ft. Hood, Tex., which disembarked from a troop ship at Uni Nhon, 275 miles northeast of Saigon.

The squadron of 833 men will join the U. S. 4th Infantry Division in the central highlands.

## Fires Explode In Timber Of Oregon

By The Associated Press  
Fires exploded in the thick timber stands of western Oregon's Cascades today, opening a new front in the Northwest's three-week fight in what is considered the area's worst fire season in recent history.

The fires in the Willamette National Forest ate voraciously through the priceless trees, roaring like hurricanes and shooting flames 200 feet in the air.

"They're spread to all Hell and gone," said Sam Frear, the forest's public relations officer.

To the east, nearly 1,600 men and 37 bulldozers made a new thrust against the 20-day-old Trapper Peak fire near the Canadian line in the North Idaho Panhandle.

In the same general area crews warily watched the Sundance Mountain fire against the possibility shifting winds might send flames back toward the small resort community of Coolin. The town was not immediately threatened today after firelines were thrown up Wednesday and the Idaho National Guard was alerted to prepare to evacuate the town's 220 residents.

The Trapper Peak fire, now 20 days old, grew from 9,800 to 11,500 acres during the night. The Sundance fire was partially contained at 3,000 acres.

In Oregon, the biggest fire was 4,000 acres near the Hoodoo Ski Bowl in the Santiam Pass about 65 miles east of Albany.

## Interest Grows In Minidoka 4-H Fair

RUPERT — Exhibits at the Minidoka County 4-H fair are better and more numerous than in previous years, with an open class division in clothing new this year, fair officials said Thursday.

There are 50 more youngsters in 4-H work this year and the turnout has been "exciting," officials said.

The livestock judging contest was held this morning as the fair officially got under way. The home economics building will be open to the public until 9 p.m. Thursday for food and clothing exhibits.

"Come September" was the theme for the 4-H style revue which kicked off the fair week. Some 60 girls, members of 4-H clubs throughout the county, modeled clothing they have made for their club projects.

The blue ribbon winners in each division will compete at the district fair in Jerome. Judges were Mrs. Ruby Gilmore, Rupert; Ann Jean Scholer Cassia county agent, and Mrs. Mary Hondo, Burley.

Norma Tucker and Lois Abo were general chairmen of the event. Participants wrote their own narrations which were read by Carol Hanchett, former 4-H member.

Background music was played by Shirley Hondo, Gay Fortier was usher, Renee Alden, Minidoka County home extension agent, welcomed guests. Sally Gibbs sang a solo during the intermission.

Assisting with the event were Marge Gebauer, Francis Klammer, Jean Hasselstrom and Betty Martin.

Friday's events include the calf scramble at 8 p.m. to be followed by a tractor pull. The fat stock sale will be held at 10 a.m. Saturday and the home economics judging contest at 2 p.m.

## Britain Is Trying To Avoid Total Break With Red China

LONDON (AP)—Britain, hoping to keep its listening post in Peking and its hold on Hong Kong, sought today to avoid a total break with Red China by offering to discuss normalization of relations following violent incidents in Peking and London.

There was no detectable sign, however, that the British expected the Chinese to agree to a message suggesting talks.

The offer Wednesday cabled by British Foreign Secretary George Brown to Chinese Foreign Minister Chen Yi, was seen primarily as an effort to prevent a further deterioration in relations at a time when British officials feel a change in China's leadership may be near and want observers on the scene.

No one would say so officially, but British officials are known to feel that Communist party Chairman Mao Tse-tung's campaign to purge his enemies is heading toward a climax in which his authority may diminish.

British officials declined to say whether Brown proposed a personal meeting with Chen or discussions through normal diplomatic channels.

The Foreign Office said Shen Ping, China's charge d'affaires in London, also was handed a copy of the message but refused to accept it.

The Peking-London feud has been over Hong Kong, the British colony of 4 million on Red China's southern coast. Local Communists, with encouragement from Peking, have been trying to gain the upper hand there.

After Britain ignored Red China's ultimatum to free Communist newspapermen held on sedition charges, a mob burned out the British mission in Peking on Aug. 22.

In retaliation, Britain restricted the movement of Chinese diplomats in London. Those diplomats charged out of their lodgings with axes, iron bars and baseball bats Tuesday and clashed with London police and a crowd of Britons.

This set off another anti-British demonstration in Peking Wednesday.

## Funeral Set For Accident Victim, 68

ALMO—Funeral services for Ollie Lloyd, 68, who died Wednesday from injuries received in a traffic accident Aug. 23, will be conducted at 11 a.m. Saturday at the Elba LDS Ward chapel by Bishop Bert Tracy.

Miss Lloyd was born Dec. 25, 1898, at Elba, where she attended school. She homesteaded a ranch at Elba and for the past 40 years had lived with the John Ward family at Almo.

Miss Lloyd had been a companion to Mrs. Nellie Ward since Mr. Ward's death in 1956. She was a member of the Almo LDS Relief Society and an honorary member of the Raft River Chapter of the American War Mothers.

Survivors include one brother, Fred Lloyd, and one sister, Mrs. Blanche Parish, both Elba.

Final rites will be held in the Elba Cemetery. Friends may call at Payne Mortuary, Burley, Friday afternoon and evening and at the Almo LDS Ward Chapel one hour prior to services.

## Beating Death Of Socialite Is Probed

WEST CHESTER, Pa. (AP)—Police have launched an investigation into what they called the "horrible homicide" beating of a 74-year-old Delaware and Philadelphia society matron.

Mrs. Katherine Thompson Wood was found beaten Wednesday in her secluded home at nearby Pennsbury Township. She was the sister of James Thompson, the Thailand silk magnate who disappeared last March in Malaysia.

Police said Mrs. Wood was hit on the head with a blunt instrument. The body was discovered on a bed.

Two big watchdogs were standing by. An officer said one of the dogs may have been struck by the same weapon that killed Mrs. Wood, but otherwise there was no indication of why they did not prevent the crime.

A domestic reporting for work Wednesday found the body.

Investigators said they have not found the weapon or a motive for the killing.

Mrs. Wood was listed in "Who's Who in Delaware" and the Philadelphia Social Register.

She was married to the late Osburn Cutler Wood, who was the son of Gen. Leonard Wood. Gen. Wood sought the Republican nomination for President in 1920 and was colonel of the Rough Riders in the Spanish American War.

Mrs. Wood and her husband were divorced in 1925.

Mrs. Wood's brother, a native of Greenville, Del., turned a \$700 investment into a million-dollar silk empire. He disappeared one day last March on a walk through the Cameron Highlands in Malaysia, where he was visiting friends.

## Magic Valley Funerals

Friends may call at Payne Mortuary, Burley, Friday afternoon and evening and at the Almo LDS Ward Chapel Saturday one hour prior to services.

## Jack Swisher Is Winner Of Pencil

Jack Swisher won the Blue Pencil Tuesday night at the meeting of Twin Falls Toastmasters Club No. 149 in Kay's Supper Club with a speech entitled "Taking Issue With Bail Bonds."

Other speakers were Donald Murphy and L. James Koutnik. George Vaarin gave his ice-breaker speech, Joseph Clek was toastmaster, Harold Gerber was in charge of tablecloths and Laird Noh was chief evaluator.

Individual evaluators were David Mead, Harry Turner and O. J. Smith.

PAY EXPECTED

BOISE (AP)—Idaho's state treasury will receive this week \$160,588 at its share of federal land revenues for the past year. Joe T. Fullin, state director of the Bureau of Land Management, reported Thursday.

## Mrs. Reinhardt Is Best Loser

HANSEN—The Slim and Trim Tops Club best loser for the month was Mrs. Sandra Reinhardt. She was presented with a gift at the meeting Monday night at the home of Mrs. Thomas Steelsmith.

Mrs. Paul Bowman was best loser for the evening. There was a total loss of 24 pounds.

Mrs. W. I. McFarland and Mrs. Steelsmith received game prizes. Mrs. Reinhardt was hostess.

At the meeting last week, Mrs. Reinhardt was best loser. There was a total loss of 15 1/2 pounds and a three-pound gain noted. Mrs. Gene Walker was presented with a leader's pin. There was a 6 1/2 pound loss for the month.

## Manslaughter Case Continued

Preliminary hearing for Larry Morrison, 31, Hansen, on involuntary manslaughter charges has been continued with the date to be set by Probate Judge Zoe Ann Shaub.

Judge Shaub said Thursday that testimony has covered two days of court session and is not yet completed. It has been continued to give defense attorney James May time to contact additional witnesses.

Mr. Morrison was charged with the June 10 death of Larry Moran, 24, Twin Falls, who died when his motorcycle collided with the pickup truck driven by Mr. Morrison.

## Divorce Awarded

SANTA MONICA, Calif. (AP)—An interlocutory divorce has been awarded Patricia Sue Collins, wife of television actor Gary Collins who appears in "Iron Horse."

# Decision Pending On Water Situation

BURLEY—A decision is expected to be made Wednesday by the Bureau of Reclamation officials as to the possible reopening of some isolated areas in Cassia county for pumping water for irrigation.

The decision will be based upon testimony given at a formal hearing Wednesday afternoon held at the Cassia county courthouse, attended by some 50 area farmers.

Keith Higginson, engineer, conducted the hearing and displayed a map of the critical groundwater area which includes sections of Artesian City, Cottonwood and the Oakley-Kenyon area.

It is expected that three isolated areas near these critical sections may be reopened for pumping. Testimony given at the Wednesday hearing expressed opinions on both sides of the question.

J. W. Beck, Murtaugh, stated water level in his wells has dropped about 50 feet and he does not want other wells drilled in the area, while Glen Larson, Burley, said he believed all resources in the state should be developed to the fullest.

If groundwater is available, it should be used, he declared.

Howard Conrad, Murtaugh, said water level on his land

had remained the same for the past five years and requested that the area near him be taken off the critical groundwater list.

Ed True, Oakley-Kenyon area, reported just the seasonal lowering of wells and stated that the entire area should be developed to the fullest.

Mark Moorman, Milner, presented a written report which was not read.

It was explained at the hearing that the Reclamation Bureau entered into a financial cooperative agreement in 1963 with the U.S. Geological Survey to have the groundwater resources of the Oakley-Murtaugh area investigated.

Only records kept from 1954 to 1957 were in the Artesian City area, south of Murtaugh, and a contour interval decline of 25 feet was shown for that period.

For the past four years records of water level change have been maintained on not only the Artesian City area, but also the Cottonwood area near the old Buckhorn ranch and the Oakley-Kenyon area south of Burley. Records show a decline of from 40 to 100 feet in that period.

At the same time, three small areas in the Oakley-Kenyon district show a 10-foot rise in water level.

## Group Chosen To Evaluate Legislature

BOISE (AP)—A 30-member committee has been appointed to evaluate and recommend changes in the Idaho Legislature.

Heading the panel is Robert V. Hansberger, president of Boise Cascade Corp. Members were named by a Legislative Council steering committee Tuesday.

The Steering Committee chairman, Sen. William Roden, R-Boise, said the group will study legislative procedures, facilities and pay.

They will make recommendations to the 1969 Idaho Legislature. The panel was created by the 1967 Legislature.

Members are: Bill Hall, Lewiston; Robert B. Hodge, Boise; Chuck Hall, Boise; Dr. Ray Jolley, Caldwell; Bob Johnson, Salmon; Mrs. Richard Kading Jr., Boise; Robert Lenaghen, Pocatello; Herman McDevitt, Pocatello; W. L. Mills, Boise; Robert Paine, Lewiston;

Dr. William Davis, Pocatello; William Drevlow, Craigmont; Dr. Sydney Duncombe, Moscow; Curtis Eaton, Twin Falls; Milton Eberhard, Blackfoot; Mrs. A. Clarke Ehrlich, Boise; H. William Furchner, Blackfoot, and Dr. C. Wallace Gould, Boise.

## Charge Dropped

Charges of statutory rape against James H. Peterson, Buhl, were dropped Thursday in Twin Falls Probate Court.

Judge Zoe Ann Shaub said there was not sufficient evidence to show the youth should be held for district court trial. He and Ian Von Lindern were named in a complaint allegedly involving a 16-year-old Buhl girl last July.

Judge Shaub said a decision regarding the other youth is still pending. Preliminary hearings for the two were held last week.

## SCHOOLS CLOSED

CLEARWATER, Fla. (AP)—Public schools in Pinellas County were closed today—just one day after opening for the fall term—as teachers and the school board waited for developments in the dispute that caused 1,928 teachers to resign.

## Savings Firm Office Is Reopened

BOISE (AP)—The office formerly occupied by the Idaho Savings and Loan Association was re-opened here Wednesday by the Equitable Savings and Loan Association of Portland, Ore.

Idaho Savings and Loan was closed a little more than a year ago because of financial difficulties and placed under control of the state.

Equitable paid nearly \$8 million for various physical assets of the Idaho institution, including equipment and furniture and a Pocatello building.

Equitable's payment represented about 46 per cent of the shareholder accounts in Idaho Savings when it closed—and the funds are being distributed to shareholders on a pro-rata basis, beginning Friday in Boise.

John D. Silva, state finance commissioner, said additional assets of the closed firm would be liquidated later, with an eventual payout to shareholders of about 75 per cent of their deposits.

## Flash Flood Wrecks Small Nevada Town

BEATTY, Nev. (AP)—Some 30 persons were homeless today after a flash flood roared through this southern Nevada desert town wrecking houses and cars and washing out roads.

The flood hit the north part of the community hard late Wednesday night shortly after a cloudburst in the nearby timber mountains. Residents said three houses were destroyed.

The proprietor of the Exchange Club, where many of Beatty's 1,000 residents gathered after the flood, said all of the homeless had found temporary lodging. No injuries were reported.

Nye County Deputy Sheriff Bob Mullins said the torrent was the worst in 25 or 30 years.

"There were waves six or seven feet high coming across the highway," he said.

## Fire Battle

(Continued From Page One)

ederal allocation of \$250,000.

The allotment brought an assertion by one state official that Idaho was the victim of "politics."

The U. S. Office of Emergency Planning designated Idaho a disaster area because of northern Idaho forest fires now burning and threatening homes.

An hour after receipt of a telegram from OEP director Faris Bryant, Samuelson issued a statement criticizing the federal assistance, which he termed a "pittance."

Idaho's two senators had praise for the disaster funds, however, and said the \$250,000 would help pay for the fire damage.

"I strongly commend President Johnson for reversing the initial decision of the Office of Emergency Planning," said Sen. Frank Church, D-Idaho.

But Secretary of State Pete T. Canarrusa said the money would only pay for "one day's fire fighting." He said the designation of the state as a disaster area—with the small amount of federal funds—was "politics" and designed to help Church.

Church's name was mentioned in the telegram notifying Idaho's governor of the federal action.

Republican Sen. Len B. Jordan said he was grateful that the \$250,000 had been made available to Idaho.

"It indicates good faith in the state's efforts to bring these damaging and destructive fires under control," Jordan said.

WORKMEN WERE BACK on top of the new five-million-gallon reservoir structure on Falls Avenue Thursday after engineering firms reached an agreement on revisions to be made in shoring structures before dome construction could resume. Contractor Jack Crom said he expects to spend about a month on the dome construction. Engineers of the firm of Morrison-Maierle also were making inspections atop the structure.

## Crew Set To Put Dome On Tank

Workmen of the Crom Prestressing Inc., are back atop the 35-foot-high structure this week to resume work on a dome for the five-million-gallon Twin Falls water storage tank that has twice been hampered by accidents.

Engineers from the firm of Morrison-Maierle and Associates, consulting engineers for the city, were in Twin Falls Wednesday to inspect initial shoring work being done in preparation for the reservoir dome.

Jack Crom, contractor, said some strengthening of shoring and several other minor changes in design were recommended by engineers and are being carried out in current preparations. He said approval for the resumption of dome work on the project was received last week.

Mr. Crom said it will take crews about a month to complete the dome structure. Instead of concrete pouring, the construction plan now calls for completing the wooden and mesh portions of the cover, to be followed by gunnite spray.

This will increase the safety factor by a gradual and even buildup of weight, a thinner dome shell and less men required on top of the structure during construction.

Both previous accidents involving collapse of portions of the structure occurred when concrete pouring operations were under way on the dome portions.

Presently the wall structure has been completed in initial phases except for a small opening facing Falls Avenue. This will remain open until the dome is nearly completed, Mr. Crom said.

## Albion Plans Formation Of Chamber

ALBION — An organization meeting to form a Chamber of Commerce at Albion is scheduled for 8 p.m. Sept. 11, Harold Arnold, chairman, announced Thursday.

Mr. Arnold, Jay Nielsen and Don Asher were appointed to a planning committee at an exploratory meeting Tuesday morning in the Annie Laurie Inn.

A drive is under way to get all civic-minded citizens of Albion to attend the next meeting, Mr. Arnold said. He noted that much interest was shown in the formation of a local chamber at the initial meeting.

## Savage Fighting Seen In Chinese Industrial Complex

By FORREST EDWARDS  
HONG KONG (AP) — Savage fighting was reported today in Wuhan, central China's industrial complex where the forces of party Chairman Mao Tse-tung recently claimed victory in the nation's power struggle.

Other reports told of people fleeing cities of Szechwan Province in western China to avoid battles between Mao's supporters and foes. Travelers from Canton said a blood bath was expected in that southern metropolis.

It was impossible to evaluate all these reports, but they indicated that the struggle between Mao and supporters of his chief opponent, President Liu Shao-chi, may be rising in violence.

The report of renewed fighting in Wuhan, the Yangtze River complex of Hankow, Hangyang and Wuchang in Hupeh Province, came from the Maoist provincial radio itself.

While the broadcast gave no details of the fighting, it demanded that Maoist leaders take effective action to halt the struggle. Peking claimed Aug. 12 that leaders loyal to Mao had been put in power in Wuhan.

Chinese Nationalist intelligence sources in Formosa said land, river and air transportation in Szechwan Province had been paralyzed by the fighting between Mao's backers and foes.

The sources said increasing numbers of people were fleeing from Chungking, China's wartime capital; Chentu, Szechwan's provincial capital; and other cities to escape the fighting. Like citizens in Canton, they were reported returning to their villages in the countryside.

Previous reports had said two high Maoist officials narrowly escaped death by sniper fire in Chengtu Aug. 21. Nationalist intelligence sources said they were Liu Chieh-ting, deputy commander of the Chengtu military district, and Chang Hsi-ting, a senior official of the Ipai administrative district up the Yangtze from Chungking.

Travelers from Canton said anti-Maoists there were openly boasting that they "would bathe Canton in the blood of Red Guards," the teen-agers Mao entrusted with spearheading his struggle against Liu's backers.

The various travelers had conflicting stories about the role of the Red army in Canton. One group said the army had distributed thousands of rifles to city residents to use against "anti-Mao bandits."

Other travelers said the army in Canton was backing the anti-Maoists while the navy and air force units remained loyal to Mao.

## Study Course Is Given For Seminary

SHOSHONE — The Old Testament is being taught at the LDS Seminary this year, according to teacher, Mrs. Ferry Hadlock.

Classes are held at 7:30 a.m. each morning Monday-Fridays. The vacations will be held corresponding school vacations.

Mrs. Hadlock said any high school age youth interested may attend whether they are members of the church or not.

Teachers attended an all-day pre-school convention at Twin Falls Saturday. They were notified there would be 90,000 high school students attending LDS seminaries in the United States, beginning this week.

Officers elected for the local group are Gary Larson, president; Norman Dille, vice president; Donna Stowell, secretary, and Geanine Cope, treasurer-historian.

## Californians Lead Tourists At Booth

Flocks of vacationing Californians apparently temporarily forsook the land of the golden sun this vacation season to head for the greener pastures of Idaho and Magic Valley.

The Twin Falls Chamber of Commerce reports that nearly one-third of the 3,920 tourists who registered this summer at the chamber's Information Booth at the Perrine Bridge viewpoint were from California.

The Californians were joined by enough visitors from every other state in the union to bring the final 60-day registration total to 1,440 more than it was last year.

Other leading states as far as the number of tourists they were represented by here this summer is concerned, were Utah, Washington, Oregon, Colorado and Illinois.

More than 200 of the registered visitors were from Utah. Visitors from other surrounding states were predictably high, including 125 from Washington and 114 from Oregon. Fifty-two registered tourists listed their homes as in Nevada; 37 were from Montana, and a scant 17 traveled from Wyoming.

A surprisingly high number of tourists came from Colorado, (80), and Illinois, (79). Sixty-one Texans registered at the booth, and Missouri and Kansas were each represented by 55 registrants.

Ray Rostron, chamber manager, pointed out that these statistics reflect perhaps one-third and not more than 50 percent of the out-of-state tourists who stopped at the booth for information and directions, or who simply stopped at the Perrine Bridge or to enjoy the view and rest awhile.

Thirteen foreign countries were represented by those who did stop to register, including 53 Canadian visitors and others

from Japan, China, France, Peru, Australia, Argentina, Cuba, England, Switzerland, Israel, Germany and Czechoslovakia.

The impressive increase in tourist registration here, which is taken by Mr. Rostron to indicate a general increase in tourism all over the state, is attributed by spokesmen to a "new mobility" on the part of prospective tourists as well as to stepped-up public relations and promotion activities in all parts of the state.

The information booth is maintained by the chamber every summer from mid-June through mid-August. A prime function of the registration procedure has been the sending of post cards inviting the visitors to return to Idaho "sometime soon." Literature about the area, maps and general information is provided the visitors.

The booth has been a chamber project since 1959, Mr. Rostron noted.

## Social Security Bill Draws Comment

WASHINGTON — Somehow I can't summon the sense of outrage which has caused some of my liberal friends to denounce Rep. Wilbur Mills, D-Ark., as an icy-hearted barbarian determined to starve all poor children to death.

Mills is under attack by these professional humanitarians for ramming through the House a Social Security bill which would require adults on relief to take job training and accept "appropriate" jobs or lose welfare benefits. The bill also would freeze the proportion of dependent children a state could have on its rolls at the January, 1967, levels in an attempt to reduce illegitimacy by cutting off relief to the more promiscuous welfare cases.

Mills's critics, notably Health, Education, and Welfare Secretary John Gardner, accuse the chairman of the Ways and Means Committee of discriminating against infants born without benefit of clergy. Gardner says children should not be forced to "pay for the real or supposed sins of their parents."

Well, Mr. Secretary, nobody takes that position. The House bill is not even aimed at punishing the fun-loving parents, but is intended only to persuade them to support their own children instead of handing the job over to Uncle Sam. In some way or other, the children will be fed and clothed and housed because that's the kind of country this is, but the taxpayer should not be required to support able-bodied fathers who spend their life shooting pool or looting liquor stores.

Public relief is designed for citizens who either can't work or can't find a job. As Mills pointed out, it should not be permitted to become "a way of life." It is certainly neither anti-American nor anti-liberal nor anti-conservative nor even anti-beatnik to require that welfare recipients either accept jobs they can perform or submit to training which will fit them for jobs.

As it works in most communities today, the taxpayers finance as many illegitimate children as parents can produce. That is to say, the relief check goes to the father or the mother for their support. But if these casual romantics were forced to try to find work on the penalty of losing the privilege of personally disbursing this relief money, they just might find a

new attractiveness in honest toil. At the least, there would be no more dough available for color TV sets or for playing the numbers.

Mills is not exaggerating in suggesting that welfare has become a way of life. It is a gimmick enjoyed more and more even by so-called "useful" citizens, as exemplified by a young lady I met at a cocktail party. She had lost her job with a government agency and was living it up on unemployment compensation.

"Certainly I'm not going to look for a job," she said. "I draw \$65 a week from the government, tax-free, and I don't have to spend money on stockings and expensive lunches." Her schedule for the summer included trips to the Virgin Islands and Expo 67, plus a week's rest cure at nearby Rehoboth Beach.

Meanwhile, Mills has reminded the taxpayers that they are now "caring for the third con-

secutive generation" of many families on relief rolls. Worse, the states have made little or no effort to uncover cases of flagrant misuse of welfare benefits and force parents on relief to assume responsibility for their families. The House bill primarily puts pressure on the states to do their job or lose federal help.

Wilbur Mills has warned that unless Washington stops throwing the citizens' dough around there'll be a taxpayers' revolution. His mail, Mills said, is running heavily against President Johnson's proposed 10 per cent tax increase because of spending abuses. Only a cad would mention that in an otherwise admirable speech on the House floor, Mills neglected to mention that Uncle Sam could raise up to \$10 billion a year by abolishing the larcenous 27 1/2 per cent depletion allowance enjoyed by the oil and gas industry. But I'm a cad. Let the omission be noted.

to retain power after the election no matter who won.

And that same day, Aug. 10, the other 10 presidential candidates opposing Thieu announced they would refuse to campaign unless assured by Thieu and Ky there would be an end to "harassment."

This was enough for some of the Senators growing ever more unhappy about the war. So on Aug. 11 a bunch of them—led by New York's two Senators, Robert F. Kennedy, Democrat, and Jacob K. Javits, Republican—began calling the upcoming elections a fraud, a farce, and a charade.

But that same day, the Thieu-Ky government invited Congress to send observers to Vietnam to insure the elections were free and open to scrutiny by all.

The Senate didn't want any part of that and rejected the invitation. Democratic Leader Mike Mansfield said he saw no reason why Congress should involve itself. And Republican Leader Everett M. Dirksen said just about the same thing.

Five days later, Aug. 18, Johnson tried to soothe the senatorial fears by saying he already had told Thieu and Ky it was vital to keep the elections on the up and up and he said they promised to support the election outcome.

But that didn't soothe Javits who the next day proposed, although the Senate wasn't willing to send anyone to Vietnam to see how things really were, that the elections be postponed a month to give the civilian candidates a "real chance." But this suggestion was ignored on all sides.

Johnson held a news conference Aug. 18 and, in effect, suggested "patience, please" and then challenged Congress to repeal the Gulf of Tonkin resolution if it didn't like what he was doing.

Ky, taking extraordinary action, sent Congress itself a letter Tuesday pledging he and Thieu would abide by the election outcome, no matter who won.

And late Wednesday Johnson announced he was sending the delegation of citizens, including some senators, to Vietnam as observers. Now if the elections turn out sour, nobody can say Johnson was hiding anything.

This ought to silence his critics for a while but, as nobody knows better than Johnson, probably not for long.

## Shirley Temple

So what's wrong with Shirley Temple—now more formally known as Mrs. Black—deciding to run for one of the congressional posts which will be open for grabs in California?

The old argument that an actress should be an actress and nothing else is not even worth listening to. This same reasoning holds true so far as an actor is concerned.

California's new Governor, from what is heard, is doing a good job as the chief executive of that state and a United States Senator from that state—also an actor—is making a good name in Washington, D. C.

Mrs. Black—Shirley Temple, that is—has every right to run for the office if she sees fit.

When it comes right down to it the occupation of the office seeker, for the most part, plays little part in the ability of that individual.

Remember that the Vice President of the United States ran a drug store. Idaho's Junior United States Senator is a rancher. The Mayor of a Magic Valley town runs a service station. The Mayor of Twin Falls owns a bottling concern. A member of the local school board is a farmer. A city commissioner sells real estate and another runs a paint store.

This is all pointing out that public servants come from all walks of life. So Shirley Temple, too, has every right to run for whatever office she chooses.

In fact, we might use a little more glamour among some of the officials in this old town of ours.

Can't you see a lot more interest shown in the school board meeting or the city council session if some real good looking woman was a member? It would be worth a try, at that.

## Sober Warning

A chilling warning has been delivered on the ultimate cost to the nation of failure to resolve its racial agony—and soon.

"I feel very deeply," John A. McCone told the Senate Judiciary Committee, "that unless we find an answer to this problem it is going to split our society irretrievably and destroy our country."

This is one of the strongest statements yet heard on the possible consequences of mounting racial strife. What gives it special weight is the source.

McCone is not given to hyperbole. A conservative Republican businessman, he has served three administrations in the Defense Department, as head of the Atomic Energy Commission and, most recently, as director of the Central Intelligence Agency. If anything, sober understatement has marked his public pronouncements during a long and impressive career of service.

He would be the last to cry, "Wolf!"

For the past two years, McCone has headed a California commission investigating the Watts riots in Los Angeles, and it was in this capacity that he appeared at the committee's hearings on the House-passed anti-riot bill—a measure he found "reasonable" in itself, but "it would be a mistake for Congress to pass this bill and think it is going to stop riots."

The short-range answer, he suggested, is in jobs and the long-range in education, but the ultimate solution is not going to come quickly or easily. But find it we must, resisting the temptation to resign ourselves to believe that the situation is hopeless.

Somber words, but useful. From such a source, they serve to underscore the indispensable basis for the search for a solution—realization, if any can still doubt, that today and right here at home we are confronted with perhaps the gravest challenge of our national experience.

## MR. SPECTATOR

### How High Is High?

Well, school is open again and at the Twin Falls High School things seems to be on the up and up.

The "things" are the dresses some of the gals are wearing. Those mini-skirts! School officials, we understand, have been calling some of the gals into the office for a little discussion which apparently has to do with some of the shorter skirts.

We have it on good authority that these officials are fully aware of some of the rather silly styles which have been dreamed up and which some of the gals wear.

In fact, to better understand the problem, at least one group of officials, before school started, were guests for a style show at which young girls wore dresses which were then—and still are—on sale in local stores.

The officials were shown just what the gals would probably be wearing come school. We never did really find out if they approved of the new styles but they were thoroughly briefed on just how much feminine exposure there would be standing, walking or sitting.

Only one thing is wrong. Some of the gals snitch an inch or two and expose a little more leg than others. Whether this is good or bad is beside the point. The point is, the line must be drawn somewhere.

So we understand that the high school officials are going about the problem in a dignified manner. Requests are being made to have dresses lengthened when they are too short.

We are convinced a great majority of the parents will side with school officials in their efforts to keep the skirts at a dignified height. There will be a few parents, of course, who will think their little darlings are different and will voice their disapproval. So it goes.

But one thing Mr. Spectator can say is that in his opinion there are mighty few young women who can wear a mini-skirt or mini-dress without being a spectacle. Most legs are just not that pretty—if you know what we mean.

## Will The Real Mao Stand Up?

WASHINGTON — One of the most perplexing things about the situation in Communist China is that Liu Shao-chi is still walking around free in Peking. For those who haven't kept up with the events of the past year, Liu Shao-chi, as chairman of the People's Republic, is China's chief of state. But ever since the Cultural Revolution began, he is the most reviled man in the government.

A day doesn't go by when he isn't attacked in the press, or on wall posters or by the Red Guards. He has been accused by the Maoists of taking the capitalist road, of being a lackey of the Soviet Union and of being in cahoots with Chiang Kai-shek. This is not to mention his other unspeakable crimes, such as revisionism, imperialism and bad breath.

Yet Liu is still for all intents and purposes the head of the Chinese government. How does he get away with it?

The only thing one can surmise is that Liu has something on Mao, and if he ever blows the whistle Mao is going to wind up in birdnest soup.

China-watchers have been speculating as to what it could

possibly be, and here are some of the theories they have come up with.

Mao owns the only television station in Canton. If he makes any attempt to kick out Liu Shao-chi, who controls the FCC, Liu will issue another license so there will be two TV stations in Canton. Mao's station could never stand the competition. And his TV interests, which are now in trust, would lose a fortune.

Another theory is that in order to launch his Cultural Revolution Mao accepted money from the CIA. Liu found out about this when he discovered that the Hate America Every Day Foundation was really a conduit for CIA funds. Liu has warned Mao that if he makes any move against him, he will give the story to Ram Pals magazine, and every student in China will turn against him.

Still another theory as to why Liu has managed to survive is that he has proof that the "Thoughts of Mao" was ghost-written by a professor at Shanghai University and that Mao hasn't had an original thought since he became head of the Communist Party in China.

There are some China experts who believe that if you look behind the scenes you'll find a woman. They say Mao has been having an affair with a Red Guard sorority mother and Liu knows about it. Since the present Mrs. Mao is said to be an insanely jealous woman, Mao's life wouldn't be worth two chopsticks if she ever found out about it.

Another theory is that Mao is a compulsive gambler and has lost over 2 billion fens to Liu at Fan-Tan. The only way Mao could ever hope to get even is by keeping Liu alive and play him double or nothing.

But the most interesting idea that has been put forth so far is that Mao and Liu are the same person. One night he sneaks out and puts up a poster against Liu and the next night he sneaks out and puts up a poster attacking Mao.

In that way no matter who wins the Cultural Revolution Mao or Liu will still be on top.

This final theory makes the most sense, though there are still some questions that have to be answered. If Mao is Liu and Liu is Mao, can Chou be far behind?

## JAMES MARLOW

### Load Of Pressure

WASHINGTON (AP) — President Johnson has bowed to pressure but found a way to take some of the load off his own shoulders after listening to 24 days of new criticism about the way things are going in South Vietnam.

Johnson, with an instinct for the middle road, Wednesday night named a 20-man delegation of prominent citizens to go to Vietnam and observe the election. They will not be supervisors. They will not make a formal report.

But they apparently will be free to say what they think individually when they return here after the election Sept. 3. Since they probably won't all agree, the chances of a continued dispute here look pretty good.

The new load of criticism began to hit Johnson July 31. There had been increasing growling about Johnson's handling of the war, particularly by Chairman J.W. Fulbright, D-Ark., of the Senate Foreign Relations Committee.

On July 31 he introduced a resolution—the Senate hasn't acted on it yet and perhaps never will—that would greatly reduce a President's power in foreign affairs.

It would require joint approval by Congress and the President to seal any national commitment abroad. This already is required if the President wants to make a treaty. But a President can do a lot of things abroad without a treaty.

So the Fulbright idea would tie a President's hands far more than ever before.

Then on Aug. 10, 21 House Republicans called on its Foreign Affairs Committee to modify the Gulf of Tonkin resolution, which both houses approved in 1964. It pretty much gives the President a blank check on how he wants to stop Communist aggression in Vietnam.

On that same day 57 House Democrats called on Johnson to warn the ruling military regime in South Vietnam that unless it allows a fair presidential election there this country may do some rethinking about helping South Vietnam.

This followed reports from Saigon that Premier Nguyen Cao Ky, running for vice president on the same ticket with Lt. Gen. Nguyen Van Thieu, now head of state and running for president, had said the military junta was already making plans

to retain power after the election no matter who won.

And that same day, Aug. 10, the other 10 presidential candidates opposing Thieu announced they would refuse to campaign unless assured by Thieu and Ky there would be an end to "harassment."

This was enough for some of the Senators growing ever more unhappy about the war. So on Aug. 11 a bunch of them—led by New York's two Senators, Robert F. Kennedy, Democrat, and Jacob K. Javits, Republican—began calling the upcoming elections a fraud, a farce, and a charade.

But that same day, the Thieu-Ky government invited Congress to send observers to Vietnam to insure the elections were free and open to scrutiny by all.

The Senate didn't want any part of that and rejected the invitation. Democratic Leader Mike Mansfield said he saw no reason why Congress should involve itself. And Republican Leader Everett M. Dirksen said just about the same thing.

Five days later, Aug. 18, Johnson tried to soothe the senatorial fears by saying he already had told Thieu and Ky it was vital to keep the elections on the up and up and he said they promised to support the election outcome.

But that didn't soothe Javits who the next day proposed, although the Senate wasn't willing to send anyone to Vietnam to see how things really were, that the elections be postponed a month to give the civilian candidates a "real chance." But this suggestion was ignored on all sides.

Johnson held a news conference Aug. 18 and, in effect, suggested "patience, please" and then challenged Congress to repeal the Gulf of Tonkin resolution if it didn't like what he was doing.

Ky, taking extraordinary action, sent Congress itself a letter Tuesday pledging he and Thieu would abide by the election outcome, no matter who won.

And late Wednesday Johnson announced he was sending the delegation of citizens, including some senators, to Vietnam as observers. Now if the elections turn out sour, nobody can say Johnson was hiding anything.

This ought to silence his critics for a while but, as nobody knows better than Johnson, probably not for long.

## BARRY GOLDWATER

### Our Great Shortage Is Water

Even in this richest of all nations we are short of a resource more precious than gold, more powerful than nuclear energy in its impact upon civilization.

That resource is water.

The growth of some sections of our land depends absolutely upon the availability of water, as does the continued prosperity of our entire nation.

If water is that significant here—where plenty is more often a problem than is scarcity—how much more pressing may the demands of water be in other parts of the world?

In the Middle East, where Arabs and Israelis remain at a tenuous and perhaps temporary peace, water has an historic importance and may today have an historic mission.

No resource in that area is more meaningful than water—not even oil. With water, the deserts can literally be made to bloom, as the hardy Israelis pioneers have proved. Without water, the area remains doomed to a fragmented society, prevented from fully entering the

20th century of technological abundance.

The situation demands bold thinking, and now it has received it. Adm. Lewis Strauss, former chairman of the Atomic Energy Commission, has proposed and former President Dwight Eisenhower now supports—as I do, most enthusiastically—a plan that would provide at least a billion gallons of fresh water a day to the parched lands of the Middle East.

The difference that a billion gallons of water a day could make in the Middle East may be beyond present calculation. It would make livable, for instance, land aplenty for the peaceful settlement of those people who, at the hands of all sides, have been roasted bitter and yon through centuries of tribal and then political warfare.

It could end the grinding poverty of so many Arabs, perhaps turning their thoughts to practical and attainable goals of agricultural and then industrial productivity rather than toward political pie-in-the-sky.

The plan, which is the fruit of the capitalist-spawned technology which so many socialists spurn, calls for the building of three large nuclear distilleries with which to desalt sea water. The plants also would produce a bonus of electricity with which to light the centuries-old hopelessness of the desert wastelands.

The water produced by three such plants would be triple the flow of the Jordan River, over whose waters so many have fought and for which so many have died.

Under the Strauss-Eisenhower plan, the plants would be financed through an international corporation, such as that which set up the communications satellites, and would be operated under the International Atomic Energy Agency. Total cost is estimated at \$5 billion, a small price to pay for anything that would promote peace and progress in the Middle East.

Water, the source of life, might yet become also a source of peace in a world parched for both.

## WAYNE BRANDSTADT, M.D.

### Heart Attacks

Q—What is the medical name for a damaged heart muscle? What causes it? Is it serious? What is the treatment?

A—Myocardial infarction is the condition that results when the circulation to the heart muscle is cut off by a blood clot or hardening of the arteries. It is serious but, if the victim is allowed to rest for about six weeks, new channels of circulation become established and the victim can gradually increase his activity. He must, however, avoid excessive fatigue and attacks of chest pain.

Q—I have arteriosclerotic heart disease with infarction. I am taking Librium, Persantin and dicumarol. What are they for? Must I take them for the rest of my life?

A—Librium is a mild tranquilizer. Persantin is given to dilate the blood vessels. Dicumarol is an anticoagulant. You should take them as long as your doctor feels that you need them unless they cause undesirable side effects. In time you should be able to discontinue the Librium and dicumarol.

Q—A few years ago I had a coronary heart attack and the doctor prescribed digitals. Now my family doctor says I don't need it. Would it be safe to continue to take it anyway? Which of these drugs—Isordil and Peritrate—is the better for my heart?

A—Digitals is given to

strengthen your heart beat. Since the dosage should be carefully adjusted to meet your individual needs it should not be taken if you don't need it. Anyone who is taking this drug regularly should receive supplemental potassium as a salt or in his diet.

Isordil and Peritrate are both given to dilate the blood vessels of angina pectoris. A trial period with each, under medical supervision, should determine which is best for you.

Q—My husband has had four attacks of myocardial infarction. He is now taking Coumadin, Cardilate, Librium, Hydrodiuril, Digoxin, Empirin and, when he needs it, nitroglycerin. Do you think it is necessary for him to take so many drugs? Should he see a heart specialist? What would cause him to vomit every morning?

A—Your husband is indeed an anticoagulant, Cardilate and nitroglycerin are blood vessel dilators, Hydrodiuril is a diuretic, Digoxin is a digitalis preparation and Empirin is a form of aspirin. It should not be necessary to take all these drugs for a prolonged period.

It is always wise to see a heart specialist if one has had a heart attack. There are many causes of vomiting. They include severe attacks of angina pectoris and taking too much medicine, especially digitals.

# Librarian Hired By New Richfield Board

RICHFIELD—A librarian was hired, library hours set for a trial period, and terms of office drawn for board members at the organization meeting of the Richfield Library District Board Tuesday evening.

Mrs. Eugene Faddis was hired as librarian with Mrs. Clifford Dayley, a board member, named as assistant. The librarian is asked to attend the monthly reference center meetings at Twin Falls and take a librarian course.

John Lemmon, chairman of the Richfield Library Board, said special guests were Helen

# Water Board Wants Time To Give Views

BOISE (AP) — Idaho's Water Resources Board wants time to "comment and make the views of the state known" at coming Federal Power Commission hearings on the proposed High Mountain Sheep Dam, it was announced Wednesday.

The Water Resource Board announced it was seeking to intervene in hearings by the FPC on construction of the proposed dam on the Snake River above its confluence with the Salmon River. It would be on the Oregon-Idaho border.

Board director Dr. Robert R. Lee said that "at this point, no one really knows what plan, if any, represents the best development of this reach of the Snake River."

"The board, through intervention, wants to be in a position to study all possible alternatives and to comment and make the state's views known in the hearing," Lee said.

He said the board had not decided whether it would attempt to build the dam itself or propose a joint venture with either the Pacific Northwest Power Co., a combine of four private power corporations, or the Washington Public Power Supply System — or neither.

Owen Hurd, managing director of the Washington public system, said Wednesday that discussions between his agency and the power combine were being held with an eye to joint construction of the dam.

He said a proposal for joint construction of the dam may be presented at a prehearing on the dam in Portland Sept. 28.

Miller, state librarian; Robert Ensley, field librarian, both Boise; Robert Bruce, director of the Magic Valley library demonstration, and Jean Flowers, both Twin Falls. Assistance in cataloging the Richfield library was offered by the visitors.

Terms drawn by board members made Mrs. Dayley a one-year member, Mrs. Max Behr, two-year member; Mrs. Clive Capps, three-year member; Lemmon, four-year member, and Mrs. Carl Paulson, five-year member.

Elective terms, hereafter, will be five years.

Library hours will continue from 2 to 5 p.m. on Mondays, with new hours set for 7 to 9 p.m. on Wednesdays and 2 to 5 p.m. on Saturdays. The Saturday openings were allowed on a trial basis. The library had customarily been open on Friday afternoons and this past year on Friday evenings, also.

Mrs. Behr and Lemmon were named to borrow money for library operation during the balance of the year. Need for this was somewhat lessened by donation of approximately \$97 by the Richfield Woman's Club, sponsors of the library throughout its entire former operation.

A memorial fund of approximately \$33 was received from the temporary library board as donations in memory of the late Elmo Patterson. This money will be used for a special library purchase.

Needs of the library were discussed with the visiting officials who offered suggestions. Director Bruce also pointed out that special books should be ordered by the school or community through the librarian at Richfield instead of requests being sent to Twin Falls or Boise.

Grand opening of the library was discussed with date to be announced. All library cards will now be offered to the public free of charge.

# Brown To Teach

LOS ANGELES (AP) — Edmund G. Brown, lawyer and ex-governor, is going to be a school teacher.

Brown will teach a graduate seminar in public administration this year at the University of California.

A university spokesman said Brown, California's two-term Democratic governor defeated by Ronald Reagan last year, will be paid two-ninths of a full professor's annual salary.

# Great Rest

BIRMINGHAM, Ala. (AP)—Fess Abell gives life-guards tips if they don't know him.

He has a habit of going to sleep in the water.

"No great problem," says the 83-year-old Abell. "I just relax like I'm in bed, breathe deep and natural and pretty soon I'm sound asleep."

"I have slept so hard that someone had to splash my face with water to wake me up."

"It's really great."

# "Safe Flying" Being Urged For Weekend

Egon H. Kroll, chairman of the Twin Falls City Commission, Wednesday issued a proclamation calling on all pilots of the local area to heed with diligence the rules and techniques of safe flying, especially during the coming Labor Day weekend.

Mr. Kroll issued the proclamation in conjunction with the Federal Aviation Agency's annual observance of "Operation Safe." The FAA sponsors the special safe flying weekend campaign each fall to remind pilots of the need for following flight regulations and thereby curbing the number of light plane crashes in the Intermountain Region.

Mr. Knoll noted that all segments of aviation demonstrate an enviable safety record as compared to other forms of transportation. He joined local airport manager, Ed Woods in recommending the record be maintained through year around observation of safe flying regulations.

# Bonanza Of Silver May Soon Be Over

By JOSEPH R. COYNE  
WASHINGTON (AP) — The silver bonanza may soon be over.

That's what the government experts now foresee in the wake of a more settled market for silver following the price eruption last month.

Some speculators in silver certificates made windfall profits on the sharp rise in silver prices which followed the Treasury Department's abandonment of its policy of selling silver for \$1.29 an ounce.

But no one became a millionaire and although there's more profit to be made the experts think the worst of the speculation is over.

The price of silver shot to more than \$1.80 an ounce after the Treasury abandoned its \$1.29 price in July. But the price is now below \$1.70 and the government last Friday sold some for as little as \$1.64 1/2 an ounce.

"The bonanza may be short-lived," one official said.

"There's going to be plenty of silver to fill the need."

It's now anticipated both in and out of government that the price of silver will range between \$1.50 and \$1.75 an ounce over the next four to five years.

Inventories of silver users were described as "very fat" by one source and the government itself will pump about 13 million ounces into the economy this month through regular sales and redemptions of silver certificates.

The Treasury will continue to redeem silver certificates—one form of paper money issued between 1923 and the early 1960s—through next June 24 at the rate of \$1.29 an ounce. This silver can, in turn, be sold at the market price.

## DEATH TOLL RISES

BLACKFOOT, Idaho (AP) — Idaho's traffic death toll was at 162 today after a Blackfoot area man was struck and killed by a pickup truck on U.S. Highway 81-191 Wednesday.

Idaho State Police said Stephen G. Gheen, 58, from the Wapello community north of here, died Wednesday afternoon when he was struck by a truck driven by 17-year-old Patricia A. Paschal of Blackfoot.

One year ago the death toll was 185.

## FUND SOARS

IDAHO FALLS (AP) — The Sacred Heart Hospital development fund soared to \$333,141 Wednesday — \$33,141 over the goal, said Vincent E. Mullin, general campaign chairman.

The amount raised to date does assure the additional construction of a modern new physical therapy center in addition to the wing now being constructed by the hospital in its current \$1.9 million contract. It will also provide funds for much of the furnishing and equipping of the new wing.

## HOPES FOR SAFETY

BOISE (AP) — L. Clark Hand, superintendent of Idaho State Police, expressed hope Wednesday that "this last vacation period of the summer will not be the final trip for any Idaho traveler."

"Traffic accidents," Hand said in a statement, "take no vacations. To stay safe, step up your vigilance on the road."

## CONTRACT ACCEPTED

KELLOGG, Idaho (AP) — Members of the Northwest Metal Workers Union voted Wednesday to accept a three-year contract with the Bunker Hill Co. calling for a wage increase of 25 cents an hour effective Sept. 1.

The vote in favor of accepting the contract was 297 to 144. About 1,600 employees of Bunker Hill are included in the union's membership. The contract would cover all employees except those belonging to craft unions.

Also included in the contract is a 20-cent increase in wages retroactive to last April 14, and a 12-cent an hour increase effective Sept. 1, 1968. The offer also provides for negotiations on wages effective July 13, 1969, for the third year of the three-year contract.

## Mansfield Tells Colleagues They Must Keep Promises

By WALTER R. MEARS WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield told his colleagues they have \$7 billion worth of promises to keep to America's violence-troubled city dwellers, to President Johnson and to themselves.

On Wednesday's eve of a congressional holiday, Mansfield put that price tag on Johnson's program for the cities, a package he said should be handled with a sense of urgency.

Mansfield did not mention an additional \$2.8 billion in city aid proposals added to an antipoverty bill by the Senate Labor and Public Welfare Committee over administration objections.

"This is going to be a terrific struggle," said Sen. Jacob K. Javits, R-N.Y., "A lot of arms are going to have to be twisted."

"There'll be no arms twisted but I do think the results will be just as good," Mansfield said. "We in the Senate have many promises to keep," Mansfield said moments before the Senate adjourned Wednesday — with no more business scheduled until Sept. 11.

Mansfield said money may not be the total answer to needs of America's violence-troubled cities, but financing of "more than \$7 billion in cities programs presented to the Congress by President Johnson is the instrument which can lift our cities to the stature they deserve and must have in an affluent, progressive America."

Praising the Senate Appropriations Committee for approving \$57 million in model cities funds, \$40 million for rent supplements and \$15 million to finance urban research, Mansfield said this was no reward to rioters.

"The Senate committee has shown that, riots or no riots, they would do the right thing for millions of men, women and children who look to them from the shadows of poverty, ghettos and shattered aspirations," Mansfield said.

The \$7 billion in city measures, Mansfield said, includes \$2.6 billion for antipoverty programs, \$1.6 billion for aid to education, crime control, rat extermination and other programs.

## PROJECTS FINANCED

BOISE (AP) — Idaho school projects under title 3 of the national defense education act will receive \$854,730 for fiscal 1967, it was announced Wednesday.

D. F. Engelking, state superintendent of public instruction, said the projects would involve purchases of equipment and materials for strengthening of elementary and secondary instruction in certain subjects.

Requests for the projects came from local districts, he said.

More than half the money allotted Idaho under the law is for science projects, reflecting laboratory needs not found in other subjects, Engelking said.

## MAN ARRESTED

BOISE (AP) — U.S. Forest Service officers and FBI agents had to travel by airplane and on foot to arrest a 51-year-old mountain man 65 miles north-east of Boise Wednesday.

Ross D. Gelling, who had lived in Central Idaho's Sawtooth Mountains for 20 years, was arrested and charged with stealing a 90-pound mining drill and carrying it with him through mountains the past four years.

The drill was allegedly taken from the Challis National Forest near Stanley, according to William M. Alexander, FBI agent in charge of the Idaho-Montana division in Butte, Mont.

Officials were flown near the rugged area north of Atlanta and had to hike to Gelling's mine. Gelling was held in lieu of bail, Alexander said.

## POLICY IS SAME

BOISE (AP) — The Idaho Board of Examiners declined Wednesday to change policy on payment of moving expenses of new state employees.

The present policy, the board said, is to pay the drayage cost for moving household effects and to pay travel expenses of the individual involved. The individual must pay the travel costs of members of his family.

The question was raised by the submission of a claim from the State Board of Education for moving expenses of a new employee, formerly a resident of Ohio. The examiners told the board to revise the claim in conformance with existing policy. The original claim included expenses for the entire family.

THE NATION'S attorneys general elected Frank J. Kelley, Michigan, right, Wednesday to be president of the National Association of Attorneys General. Allan G. Shepard, Idaho, left, will serve as vice president. The former president is David P. Buckson, Delaware, center. Their meeting was held in Portland, Ore. (AP wirephoto)

## American Nazis Make Another Bid To Bury Remains Of Leader

ARLINGTON, Va. (AP) — The racist American Nazi party has turned to a civil liberties group in its bid to bury the cremated remains of slain commander George Lincoln Rockwell in a military cemetery.

Lawrence Speiser, director of the Northern Virginia chapter of the American Civil Liberties Union, said his group has accepted a Nazi request and will seek a court injunction to force the Department of the Army to permit interment of Rockwell's remains in a national cemetery.

The ACLU often has waged civil rights court fights on behalf of Negroes—the primary targets, along with Jews, of Rockwell's racist harangues and tracts.

Rockwell's body was cremated Wednesday after, party spokesmen said, half a dozen cemeteries turned down requests for space in which to bury him.

The Army originally granted permission for Rockwell, a former Navy commandeer, to be buried in Culpeper National Cemetery. But Army troops blocked the burial party from the Virginia cemetery Tuesday when party members refused orders to shed Nazi paraphernalia.

Wednesday's ceremonies contrasted sharply with the grave-yard confrontation, when Nazis clashed briefly with the federal troops amid a horde of newsmen, cameramen and curious onlookers.

After the cremation—performed without advance notice at an Arlington undertaking

establishment—Rockwell's remains were brought secretly back to the ramshackle home that was his party command post for several years.

On the sprawling grounds surrounding the building, private memorial rites were held by party faithful. Spokesmen said the memorial included playing of a German funeral march, the party's battle song and a funeral anthem, "I Had a Comrade."

Later Matthias Koehl, Rockwell's successor, said an urn containing the remains would be held "in sacred trust" at the headquarters while the party goes to court.

Rockwell, 49, was shot dead last Friday. His former close

alide and "propaganda minister," John C. Patler, 29, has been charged with murder.

Rockwell's brother, Robert Rockwell, said in West Barrington, R.I., that his lawyers had tried to get possession of the remains "after that disgusting exhibition (Tuesday) by those nitwits."

He said the family wanted to have a private family cremation, "but unfortunately they beat us to it. It's a totally depressing unhappy mess. I don't know just what to do. It's bewildering."

## Patriotic Party Center Blasted

INDEPENDENCE, Mo. (AP) — The headquarters of the Patriotic party, an ultraconservative organization founded by Minuteman leader Robert B. DePugh, was dynamited early today.

There were no injuries, police said, although four persons were sleeping in the old, one-story frame building. The party headquarters and an adjoining antique shop were extensively damaged by the blast.

The Minuteman leader from Norborne, Mo., is free on bond while appealing a National Firearms Act conviction in a Kansas City, Mo., federal court.

## Youth Says He Killed His Dad On 'Trip'

SAN JOSE, Calif. (AP) — Sheriff's deputies shot and wounded a knife-wielding youth who told them that he killed his father and that he had been taking LSD.

Sheriff Ken Cox said he and another officer answered a call Wednesday and were met at the door by James Arthur Smith, 20, who rushed at them with a knife. Cox said he yelled a warning and then fired three shots at Smith, critically wounding him.

Cox said that as the youth was being rushed to the hospital he told officers that he had stabbed his father to death Tuesday night.

Deputies found the body of the

father, Elden Smith, in a car a half block from the family home.

Officers said young Smith told them he had been taking the hallucinatory drug LSD for many months and had suffered a number of bad effects.

## Price On Fed Cattle Lower At T.F. Sale

## The Daily Investor

By WILLIAM A. DOYLE

Q. You contend that the commission charge on mutual fund shares is 9.3 per cent and advocate that it be reduced to five per cent. Instead of "commission," shouldn't this be referred to as "spread"? And, if I am correct, the Investment Company Act of 1940 limits the maximum spread to nine per cent. Am I wrong, or are you?

A. You seem to be "anti" anything having to do with mutual funds. So, I'll ask you one more question: Have you ever earned your living by selling securities?

A. The air will probably be cleared best by answering your last question first with a loud "NO!" I'm a typewriter-abuser by trade—not a salesman. I almost wrote "peddler" instead of "salesman," but figured that would make you screaming mad. What is it that, with some of you people in the mutual fund business, anytime funds aren't equated with motherhood and the flag you immediately think you are being picked on.

Far from being "anti" Mutual funds, I honestly believe that funds have been and should continue to be sensible investments for millions of persons. I've written this often—bringing in letters from clowns who are really anti-funds and who accuse me of shilling for the fund business.

Look, there is a middle ground between the hard-rock pro and anti opinions of the mutual fund business. And you and other people in that business have to face up to the fact that the funds do have some problems. Right now they're under attack — by the U. S. Security & Exchange Commission — on the subject of cost.

I don't advocate (nor do I oppose) reductions in mutual fund commissions, spreads, mark-ups, sales charges, or whatever term you care to use. In the column you complain about, I simply reported that the SEC wants to limit the maximum charge to five per cent. That column pointed out that the "typical" charge is 9.3 per cent of the actual amount of money invested in fund shares. With some funds, the charge is a bit higher.

You're in the business. You should know that the Investment Company Act of 1940 (the law the SEC wants changed) does not—repeat, not—limit mutual fund sales charges—except in the case of "contractual plans."

A contractual plan usually calls for payments of the same amount of money over a fixed period of time—such as \$50 a month for 10 years—and has a "front-end load" through which 50 per cent of the first year's payments are taken out in sales charges. After that, the commission is lower. And, if the plan is completed, the sales charge averages out to no more than nine per cent of the total amount invested over the life of the plan.

That's the only Federal limit on mutual fund commissions. Contractual plans are already banned in three states and restricted in some others. Anyway, contractual plans account for only about 10 per cent of all mutual fund share sales. The contractuals are small potatoes in the fund patch.

Q. When a company declares a three per cent stock dividend, what is this three per cent of? Is it three per cent of the stock's price on a specific date; three per cent of the dividend normally paid; three per cent of the company's earnings per share on a specific date; three per cent of the number of stock shares; or what?

A. With all those "three per cents" you are throwing around, you are certain to confuse matters. The "three per cent" you put just before the "or what" comes closest to explaining matters.

When a company declares a three per cent stock dividend, it issues three new shares for every 100 shares already outstanding—owned by investors.

So if you own 100 shares of XYZ common stock and XYZ Corp. declares a three per cent stock dividend, you'll receive three new shares, making you the owner of 103 shares. All other stockholders will also receive new shares — three per cent more than they already owned.

(Mr. Doyle will answer only representative letters of general interest in his column. He cannot answer phone queries.)

2:30 P.M. SUMMARY  
NEW YORK (AP) — The stock market continued its upward thrust late this afternoon. Trading was fairly active.

Volume for the first four hours was 6,740,000 shares, compared with 5,370,000 Wednesday.

The upward movement continued a trend that began earlier this week when, in quiet sessions, the market gradually began to edge higher.

Gains outnumbered losers by 2 to 1 or better.

The Dow Jones industrial average was up about 8 points, piercing the important 900 level on the upside.

IBM ran up half a dozen points, Polaroid 4 or better. Control Data about 5, Xerox nearly 3.

Gains exceeding a point were made by Chrysler and General Motors while Ford traded unchanged. The industry-awaited selection of a target company for strike action if labor negotiations fail to reach an agreement.

It eked climbed nearly 7 points. Fairchild Camera slipped more than 3.

Gains of a point or so were posted by such stocks as Alcoa, Anaconda, Gulf & Western, RCA, Eastman Kodak, Johnson-Manville and Eastern and United Air Lines.

Prices rose on the American Stock Exchange.

CHICAGO (AP) — Wheat futures prices advanced more than two cents a bushel on the Chicago Board of Trade today then declined under a wave of profit-taking near the close.

Corn and soybeans also advanced but fell back in the waning minutes of the session.

Prices had advanced early under the influence of a possible strike in the industry. Two unions handling grain in Chicago area elevators are seeking higher wages and other benefits. Their contract expires at midnight.

Earlier, cool weather in northern portions of the Midwest gave some strength to soybean corn prices.

Carot grain receipts were estimated at: wheat 28, corn 72, oats 4, rye none, barley 8, soybeans 21.

1 tablespoon butter or margarine  
1 can (3 ounces) sliced mushrooms, drained  
1 can (10 1/2 ounces) condensed tomato soup, undiluted  
1 can (15 ounces) Spanish rice  
1/4 cup dairy sour cream  
Preheat oven to 350 degrees.

Cut peppers in half crosswise. Remove ribs and seeds. Trim thin slice from base of each. In a medium saucepan, bring two cups water to boiling. Add peppers and salt. Simmer covered for eight to 10 minutes or until peppers are just tender. Drain.

In hot butter in small skillet, saute mushrooms for three minutes. Gradually add tomato soup, mixing well. Bring to a boil, stirring constantly. Remove from heat.

Fill pepper halves with Spanish rice. Arrange in a one and one-half quart shallow baking dish. Pour tomato soup mixture around peppers. Bake uncovered for 15 minutes. Top each pepper half with one tablespoon sour cream. Makes four servings.

# Jerome Travels To T.F., Buhl Invades Minico As Prep Grid Season Opens

Jerome invades Twin Falls and Buhl travels to Minico as the Magic Valley high school football season opens with a bang Friday night with a schedule that will see 18 of the area's 25 schools tasting their first action. Gooding hosts Mountain Home in a traditional nemesis that has bugged the Senators for the past three years and Valley goes to Murtaugh Friday afternoon for one of those "hate" things.

A lot of new faces will be peering across the line when Jerome and Twin Falls renew their battle. Jerome lost almost everyone off the line and Twin Falls graduated most of its front wall. The difference will be that the Bruins have come up with

a line just about as big and while not as experienced, potentially as strong. Only Brent Aizawa, a tackle, will be back for the Tigers.

Coach Jerry Diehl feels his team could become pretty respectable but fears it is too early. "Our practices have been sluggish," he says. "The boys are not firing and this hot weather isn't helping."

Twin Falls is built around a good-sized line and a backfield that could be worth a lot of yards. Jerome must stop the passing of Von Wells and Bob Blake's runs—and for the opening that will be quite an order.

Buhl debuts under new coach Gary Selby at Rupert and if the Indians can make the transition in systems, they should be tough. Minico again is under the tutelage of Ed Schenk. The Spartans should be good-sized again and could be a little stronger in the line but Buhl, with Babbington and Dave Turner back, rate an edge in the backfield.

Mountain Home has ruined a couple of otherwise perfect seasons for Gooding and the Senators will be out for revenge against the larger school. Coach Jim Wallace will wheel his single wing around the power of 205-pound Ken Krahn and the swiftness of little Jay Baugh. Mountain Home is a relatively unknown quantity.

Valley will carry a three-game winning streak into its afternoon battle at Murtaugh—and that's a long one in this series.

Graduation stripped Murtaugh of some of that big line that had last year and also took starting quarterback Jim Hepworth. But the Red Devils still have some good size, with Runfeldt being the largest, and end Bill Nebeker gives anyone a good target to throw to. Valley has a break-away threat in Ron Cline. The Vikings had few underclassmen last year and might be a little inexperienced as the call for substitutes goes out.

Wood River, an undefeated titan last year, makes its debut by hosting the Declo Hornets at 2 p.m. Friday at Halley. Wood River may be down from last year while Declo should be up some. Graduation left the Wolverines with a good backfield and a rebuilding job up front. Declo, which had only two

seniors last fall, returns almost everyone, including passing quarterback Kay Schrenk.

In a Magic Valley Conference battle, Rafi River, without Dana Tracy for the first time in four years at tailback, will go against the Wolves at Castleford. Something new has been added for this one—lights. Game time is 8 p.m.

The junior half of the Twin Falls turnout will again travel to Glens Ferry for what has become a traditional meeting. Glens Ferry, coming off a poor year, would love to pick things up. But this will be a considerably stronger junior outfit from Twin Falls. A Glens Ferry win in this one would be more meaningful than last year's 20-18 decision.

In eight-man action, the Dietrich Blue Devils, who will seem unfamiliar without Ron Knowles and Byron Weiss, will entertain the Richfield Tigers, who could do something about the down trend that school has suffered through in the past couple of years.

A non-conference meeting between a couple of expected contenders, Camas County and Carey, will be played at Carey.

Hansen will debut under new head coach Gordon C. Hogan at 2 p.m. Friday when the Huskies will host the Hagerman Pirates. Hansen has 12 lettermen back from last year while Hagerman, also under a new coach, Daryl Nelson, has the same number.

## First Round Of Tourney Washed Out

**By HAROLD CLAASSEN**  
Associated Press Sports Writer  
COLORADO SPRINGS, Colo. (AP) — First round scores in the 1967 United States Amateur Golf Championship were washed out Wednesday and officials said that, weather permitting, the event would wind up Saturday with two rounds.

An 18-hole round will be played Thursday and a second round, also of 18 holes, is scheduled for Friday. With the field cut from 150 to the low 50 and less, another 18-hole round will be played Saturday forenoon and the decisive final round after lunch that day.

Play started at 9 a.m., EDT, Wednesday with the fairways slick from a heavy mist and fog. When Philip Strubing of Philadelphia chairman of the USGA called an end to play because of flooded greens, 39 of the players had their scores posted.

Best of them was a one-over-par 71 by Bill Harvey, a 36-year-old salesman from Greensboro, N.C., who had six one-putt greens despite the atrocious weather conditions.

Next best was a pair of 72s by Mike Mitchell of Houston, captain of last year's University of Houston NCAA championship team, and Charles Kocsis of Royal Oak, Mich., who has been an amateur contender for 37 years.

Gary Cowan of Kitchener, Ont., the defending champion; William C. Campbell of winner, and Robert C. Smith of Sacramento, Calif., the Western Amateur king were on the first tee when the decision was made to stop play.

## Cater's Hit Gives A's Win Over Indians

**KANSAS CITY (AP)** — Danny Cater's fifth hit of the night scored Mike Hershberger from third with the winning run in the 12th inning as the Kansas City Athletics defeated the Cleveland Indians 6-5 Wednesday night.

Hershberger opened the 12th with a double and Ramon Webster was purposely walked. Then losing pitcher Steve Hargan threw late trying to force Hershberger at third on Jim Gosger's bunt. That loaded the bases and Cater followed with his winning hit.

The A's had tied the game 5-5 in the eighth on a walk, a single by Cater, a sacrifice and Dick Green's sacrifice fly.

## Two Rally Dodgers Past Giants 9-3

**SAN FRANCISCO (AP)** — Lou Johnson and Ron Fairly each drove in three runs leading the Los Angeles Dodgers to a 9-3 victory over the San Francisco Giants Wednesday.

Johnson belted a three-run double following three walks in the fifth inning off Giant starter Ray Sadecki giving the Dodgers a 4-2 lead.

Fairly entered the game as a pinch-hitter following Johnson's hit and singled in the fourth run of the inning. He added a two-run homer in the seventh.

Don Drysdale, 10-13, got the victory, his 32nd career win over the Giants, but had to leave the game in the seventh because of an arm injury. Sadecki, 6-6, took the loss.

## Pirates Rally Early To Beat Atlanta 11-9

**ATLANTA (AP)** — Roberto Clemente's two-run double capped a four-run fourth inning for Pittsburgh and carried the Pirates to a 11-9 victory over Atlanta Wednesday night.

Home runs by Felipe Alou and Joe Torre had helped the Braves build a 6-4 lead but the Pirates came back in the fourth with Clemente's hit giving them the lead again.

Matty Alou paced the Pirate attack with four hits and scored three times. Willie Stargell had a two-run double and his 18th home run for Pittsburgh.

## Robinson's Homer Gives Orioles Win

**MINNEAPOLIS - ST. PAUL (AP)** — Frank Robinson's 26th home run—a two-run shot in the 10th inning—gave the Baltimore Orioles a 4-2 victory over Minnesota Wednesday night.

The defeat dropped the Twins 1 1/2 games back of first place Boston, which defeated New York.

Robinson's homer sailed 370 feet and scored Boog Powell, who had singled. It beat Dean Chance, 17-10, who had pitched a no-hitter against Cleveland in his last start.

Reliever Eddie Watt, who struck out four batters in the two innings he worked, gained credit for the victory.

## Stewardess Recalls A's Roughhouse

**PORTLAND, Ore. (AP)** — A former United Airlines stewardess, who is now married, has what she calls a "nightmare recollection" of a trip she made last season with the Kansas City Athletics to Baltimore.

Mrs. Michal Sheridan, now living in Milwaukie, a suburb of Portland, said she spoke out because of recent news accounts about the firing of Manager Alvin Dark and owner Charles Finley's disciplinary efforts.

"Of the Athletics, she says, 'they came on the plane with a rush, and shouting for beer, I and the other hostess weren't able to serve it fast enough to suit them and they became quite rough about it.'

"They wouldn't fasten their seat belts. They decided to play cards, so some of them sat on top of the seat backs and we couldn't get them down."  
"Always they wanted and demanded beer, more beer and still more. They'd throw the cans on the floor and we hostesses were almost crying in our despair. We couldn't even get down the aisle without a struggle. They were sitting, with their legs across it and wouldn't move."  
"The flight captain tried to key them down and how rude they were to him! They called him 'bussy,' meaning 'bus driver.' The time came to eat and that was a dreadful experience, with all of them yelling to be served at once."

## Hansen Hosts Hagerman In Grid Opener Friday

**HANSEN** — The Hansen Huskies, backed by 12 lettermen and a new coach in Gordon C. Hogan, will meet the Hagerman Pirates Friday afternoon in the opening football game for both clubs.

Couch Hogan reports the nucleus of the club will be the 12 lettermen but he expects help from three freshmen who should improve as the season progresses.

Hansen has most of its experience in the line, headed by Dale Barnard, who has good speed, a 160-pound end; Melvin Wiseman, a 240-pound tackle; Larry Strolberg, 180-pound guard; Steve Miller, 180-pound guard; Gary Long, 150-pound center, and Dean Froehlich, a 140-pound end. They will be helped by Grant Bodilly.

Lenden Gunter is returning for his second year at quarterback. Gunter, a 150-pounder, and Jim Pollard are the only experienced backs.

Working toward a starting berth are sophomore Don Siewers, 165-pound tallback; frosh Walt Freestone, 155-pound flanker back, and soph Mel Tipton, who is a 175-pound tackle.

Despite only being 115 pounds, Couch Hogan sees Clayton Gunter playing considerably.

Youngsters counted on for back-up help are freshmen Lynn Pearson, 170-pound tackle; Lynn Pearson, 170-pound tackle; Rick Corbin, 160-pound tackle, and Darrell Dalrymple, 160-pound guard.

"We are looking toward a successful season," says Couch

## Discharged

**PHILADELPHIA (AP)** — Richie Allen was discharged from Temple University Hospital Wednesday.

The Philadelphia Phillies' slugger left the hospital with his right arm encased in a cast and chance of full recovery not yet known.

The All-Star third baseman severed tendons in his right wrist last Thursday when he accidentally shoved his hand through the headlight of a car he was pushing.

# Nicklaus Nips Sikes To Claim \$50,000 Westchester Golf Prize

**By WILL GRIMSLEY**  
Associated Press Sports Writer  
RYE, N.Y. (AP) — Powerhouse Jack Nicklaus stood off a spirited stretch rally by Dan Sikes Wednesday and won golf's richest purse—\$50,000—with a 72-hole score of 272, 16 under par, in the Westchester Classic. Sikes finished a shot back at 273.

In doing so, the 27-year-old marvel from Columbus, Ohio, wrestled the season's money lead from Arnold Palmer and moved ahead of Bill Casper—just behind money bags Palmer—as the No. 2 man in the sport's all-time winning list.

Sikes, who came from three

shots off the pace to collar Nicklaus at the 12th hole only to fall a shot back again after hitting into a trap at 15, made a bold stab at the big paycheck on the finishing hole.

With tension high and many of the 18,000 gallery watching in breathless silence, the 36-year-old Florida lawyer sent a 15-foot putt straight at the hole, only to see it lip the cup and remain out.

He had to settle for second place but he had consolation in the \$30,000 runner-up paycheck which he almost blew by twice pulling out of the tournament. Rain-outs permitted him to try again.

Nicklaus, who shot a final round 71 after going 67-65-69 in the first three rounds, took no chances on the final hole.

Some 13 feet away after driving into the rough and pitching short of the 518-yard, par five finishing hole, he lagged up to within six inches and sank for a comfortable win.

Some of the greatest names in golf pressed the reigning U.S. Open champion in this \$250,000 event, but none except Sikes managed a serious challenge on this closing day of bright sunshine over the tight, 6,573-yard Westchester Country Club course.

Roberto de Vicenzo, the 44-year-old Argentine who scored a popular victory last month in the British Open, fired a 70 for

274 and the third money of \$18,750.

Gary Player of South Africa, winner of every major crown, finished fourth with a 71 for 275 and Palmer the all-time leading money winner, sank a six-foot putt on the final hole for 276 and fifth place. Player collected \$12,500 and Palmer \$10,750.

Then came Doug Sanders, with 71 for 277, followed by club pro Lee Trevino of El Paso, Tex., and Chi Chi Rodriguez, the happy Puerto Rican, tied at 278.

## Agee Rallies White Sox By Senators 5-1

**WASHINGTON (AP)** — Tommie Agee keyed three Chicago rallies with two singles and a double as the White Sox defeated the Washington Senators 5-1 Wednesday night.

The victory kept the fourth place White Sox 2 1/2 games back of first place Boston in the American League race.

Fred Klages and Bob Locker combined on the eight-inning with Klages working the first six innings before leaving for a pinch hitter.

Chicago touched veteran Camilo Pascual for three runs and five hits in only three innings.

Washington's only run came in the eighth when Ed Stroud tripled and scored on an infield out.

## Homer Gives Red Sox Win Over Yankees

**NEW YORK (AP)** — Carl Yastrzemski, who entered the game in the eighth inning, blasted his 35th home run of the season Wednesday, snapping a tie and giving Boston a 2-1 victory over the New York Yankees in 11 innings.

Al Downing, 12-8, went all the way for the Yankees and struck out 12 Boston batters, allowing eight hits before Yastrzemski's shot into the right-field stands with two out in the inning.

Yastrzemski, who started the game on the bench after Boston's marathon doubleheader with the Yankees Tuesday night, had been hitless in 18 at bats until his homer which gave him the major league lead in that department. Harmon Killebrew of Minnesota has 34.

## McCarver Bats Cards Past Mets 2-0

**ST. LOUIS (AP)** — Tim McCarver drove in a pair of runs with his 12th homer and a sacrifice fly in leading the St. Louis Cardinals to a 2-0 victory over the New York Mets Wednesday night.

Larry Jaster and Ron Willis combined for a four-hitter for St. Louis. Willis relieved Jaster after Bob Johnson had walked with one out in the ninth and retired the next two batters.

McCarver hit his homer in the second inning off rookie Danny Frisella.

Roger Maris walked to lead off the sixth and Orlando Cepeda sent him to third with a single. McCarver followed with a line drive to the rightfielder, scoring Maris.

# U.S. Swim Team Continues Record Wins At Games

**By ROBERT LIU**  
TOKYO (AP) — John Ferris, an 18-year-old entering Stanford this fall, slashed the world record for the 200-meter butterfly to 2:06.0 Wednesday night in leading the all-winning United States' swimming and diving team to a sweep of all seven gold medals in the World University Games.

The vaunted Americans have won all 20 events in three nights in the Olympic pool and have smashed seven listed world records. Four of the times are the best ever, including Ferris' record.

The youngster from Carmichael, Calif., eclipsed the official record of 2:06.6, set by Australia's Kevin Berry in the 1964 Tokyo Olympics, and the pending mark of 2:06.4, racked up by 17-year-old Mark Spitz of Santa Clara, Calif., in the Pan-American Games at Winnipeg July 26.

Olympian Carl Robie of Drexel Hill, Pa., was second in 2:09.1. The Yanks have collected 10 second place silver medals and four bronze medals, also, in the magnificent indoor swimming stadium.

The other winners Wednesday included Ken Merten, Pacoima, Calif., 200-meter breaststroke, 2:31.2; the men's 800-meter freestyle relay team anchored by Robie, 7:56.5; Olympic champion Lesley Bush, Princeton, N.J., women's platform diving, 528.30 points.

Kendis Moore, Phoenix, Ariz., women's 100-meter backstroke, 1:07.9; Cynthia Goyette, Detroit, women's 200-meter breaststroke, 2:50.1; and Martha Randall, Philadelphia, women's 100-meter butterfly, 1:06.9.

The other members of the men's relay team were Greg Charlton, Arcadia, Calif.; John Nelson, Pompano Beach, Fla., and Charles Hickcox, Phoenix, Ariz. Hickcox shattered the world records for 100 and 200 meters backstroke in the first two nights.

Other medal winners of the evening included Lieut. Micki King of the Air Force and Ann Arbor, Mich., third in the women's platform diving, 486.90.

Miss Randall, third in the 100 backstroke, 1:11.0, and Sidnee Arth, Anaheim, Calif., second in the women's 100 butterfly, 1:07.6.

The athletes of the other nations had a chance to shine in track and field, which opened before 40,000 in the National Stadium.

The United States had only one entrant in five events decided Wednesday and took a second place with him.

Japan's Kelsuke Sawaki colared Van Nelson of St. Cloud State and Minneapolis in the final stretch and won the 10,000-meter run in 29 minutes flat. Nelson was six-tenths of a second behind in a rousing finish that brought the crowd to its feet.

In basketball, the Americans routed Hong Kong 135-28 for a 4-0 record. Butch Beard of Louisville was high scorer with 26 points. Brazil kept pace with the Yanks by wallopping the Philippines, 108-59. The United States and Brazil meet Sunday.

## Cubs Explode In Sixth To Take 4-1 Win

**CHICAGO (AP)** — The Chicago Cubs exploded for four runs on four singles and an error in the sixth inning Wednesday to defeat Houston 4-1.

Shortstop Don Kessinger opened the spurt with a one out single. Glenn Beckert and Billy Williams followed with safeties to balance the Astros' first inning run. After Ron Santo walked to fill the bases, Ernie Banks' infield out produced the second run.

The third scored on Joe Morgan's error, and Randy Hundley singled for the fourth.

## Three-Day Magic Valley Amateur Begins Saturday; Blakeley Defends Crown

Defending champion Glenn Blakeley of Burley will lead a large contingent of Magic Valley and Southern Idaho golfers into the annual three-day Magic Valley Amateur golf tournament over the Twin Falls Municipal course Saturday through Monday.

The tournament, last and usually the largest of the season, is expected to draw golfers from all points in southern Idaho. It is based on medal play and pro Clyde Thomsen reports the merchandise prize list will approximate \$2,500—the largest yet.

Blakeley, who finished strong to walk off with the honors last year, showed a week ago he was playing well enough to win again during the Sun Valley pro-am. He negotiated that tough course with a 73 but fell back a little on the second day, still winding up in the money, however.

## Hagerman Will Use 12 Lettermen To Carry Team

HAGERMAN — New coach of the Hagerman Pirates, Daryl Nelson, who was assistant coach last season, reports that he has 12 returning lettermen that will try to better their four-four record of last year.

The returning lettermen include, Mike Madarieta, 175-pound senior, and Randy Clark,

160-pound junior, who both will be battling for an end spot. Tom Overlie, a 160-pound junior, also plays end, and fills in at the halfback spot.

Frank Misseldine, a 145-pound senior, will be playing center and linebacker, and Mike Williams, a 140-pound senior, will also be playing linebacker.

Ray Lapp, a 185-pound junior, will be playing at the quarter-back spot. Gail Hoskovec, a 160-pound junior, and Eddie Bright, 145-pound senior, will be trying for the halfback spots.

John Elliott, a 155-pound junior, will be at a guard spot, and Gary Gallo, 202-pound junior, will be playing tackle. Phil Jensen, a 170-pound junior, will be playing fullback and also defensive end.

Hagerman's first game will be at Hansen Friday afternoon at 2 p.m.; Sept. 8, Carey at Hagerman; Sept. 15, Greenleaf at Hagerman; Sept. 22, Hagerman at Richfield; at 2 p.m.; Sept. 29, Hagerman at Grandview; Oct. 6, Dietrich at Hagerman; Oct. 13, Camas at Hagerman; Oct. 27, Hagerman at Bliss at 2 p.m.; and Nov. 3, Hagerman at Wendell.

## Emerson Will Begin Bid For Tennis Title

FOREST HILLS, N.Y. (AP) — Roy Emerson of Australia begins his bid for a third United States singles tennis championship Thursday as the 1967 tournament begins its 11-day run.

Emerson, two-time winner of the U.S. title who was beaten in the semifinals last year by countryman Fred Stolle, the eventual champion, meets George Govern of France in a first round match in the West Side Tennis Club stadium.

The winner in 1961 and 1964, Emerson is seeded second in the tournament to John Newcombe, also of Australia, who was last year's runner-up and is the 1967 Wimbledon champion. Stolle has turned professional.

In other first round matches Thursday, Chuck McKinley of Port Washington, N.Y., former U.S. Davis Cup player and ranked 10th in American tennis, meets Mark Cox of Great Britain. Torben Ulrich of Denmark faces Herb FitzGibbon of West Point, N.Y.

In the top women's match of the day, Donna Floyd Fales of New York, the seventh ranked women player in the United States, meets Patsy Rippey of Shawnee, Okla., ranked 13th.

## Angels Rally In Ninth To Drop Detroit

ANAHEIM (AP) — Bubba Morton doubled home the tying run in the ninth inning and then beat Ray Oyler's throw to the plate to score the winner as California rallied for two runs in the ninth inning and a 3-2 victory over Detroit Wednesday night.

The defeat dropped the Tigers 1 1/2 games back of American League leading Boston.

Earl Wilson was breezing on a three-hitter and leading 2-1 going into the ninth. But with one out, Jimmie Hall walked on four pitches.

Morton, a former Tiger, followed with a double, scoring Hall from first with the tying run. When Al Kaline fumbled the ball, Morton raced to third. Fred Lasher relieved Wilson and Bill Skowron bounced to Oyler, whose throw to the plate was too late to get Morton.

## Returning Lettermen Carry Hopes For Camas County Football Team

FAIRFIELD — Head football coach of Camas County High School, Phil Brackenbury, will rely on his 10 returning lettermen to carry the load for the Camas grid team.

Of the 10 returning lettermen, seven are seniors. They include, Dan Moon, 250 pounds, and Scott Packham, 180 pounds, both battling for a guard position.

Dennis Strom, 160 pounds, and Terry Stewart, 145 pounds, will be trying for a back field spot.

Jay St. Clair, 170 pounds, and Steve Miller, 155 pounds, will be tangling for an end position, and Dee Edwards, 180 pounds, will be trying for the center spot.

The three junior lettermen are, Gary Gilpen, a 150-pound quarterback, Bill Kovan, a 165-pound halfback, and Richard Jones, a 180-pound end.

Other junior prospects include, Alan Stewart, a 155-pound guard, and Terry Lee, a 150-pound halfback.

Coach Brackenbury reports that he has two junior transfers that look promising. They are, Harley Harp, from Welpe, a 160-pound end, and Clifton Larcenson, from Glenns Ferry, a 180-pound guard.

The only sophomore on the team is Rick Giesler, a 150-pound quarterback.

Larry Harp, 160 pounds, Jeff Lee, 135 pounds, and Greg Wokersen, 160 pounds, all battling for a guard position.

Camas' eight game schedule includes, Carey at Carey, Friday; Sept. 8, Camas at Dietrich; Sept. 15, Richfield at Camas; Sept. 22, Camas at Grandview; Sept. 29, Carey at Camas; Oct. 13, Camas at Hagerman; Oct.

## Speedy Streak Takes Trot Title

By CHARLES CHAMBERLAIN Associated Press Sports Writer  
DU QUOIN, Ill. (AP) — Speedy Streak captured the \$122,650 Hambletonian Trot in successive heats Wednesday with times of 2:00 and 2:01.

It was only the third triumph in 10 starts this year for Speedy Streak, the most expensive standard-bred ever sold at auction.

Speedy Streak, driven by Del Cameron, cost his owners—Kenneth D. Owen of Houston, Tex., C. F. Gaines of Sherburne, N.Y., and John R. Gaines of Lexington, Ky. — \$113,000 as a yearling.

The victory was worth \$60,098 to Speedy Streak.

## Hunters Seek Deer Hike On Bennett Ridge

By LARRY HOVEY Times-News Sports Editor

GLENN FERRY—Build up of the deer herd in the Bennett Mountain area north of Glenns Ferry drew support of area sportsmen Wednesday night at a public meeting with officials of the Idaho Fish and Game Department.

A new organization with statewide aspirations, the Idaho Council For Future Hunters and Fishermen of Idaho, conducted the meeting to discuss problems within the area, touching on racoon depredation on nesting waterfowl, the deer herds in Owyhee County and Bennett Mountain.

The sportsmen said the basic Bennett herd has been cut drastically due to long seasons and overkill. Several landowners in the area noted they are seeing few deer where previously they saw many. Mr. Williams, who usually is one of the first men into the area each spring as he plows out the snowed in backroads, estimated the reduction at 90 per cent.

Charles Blake, regional biologist for the department, agreed that the summer resident herd of the area had "been knocked"

in the past few years, but added "we had to make a decision." He noted a good-sized migration crossed the high prairie out of the mountains to winter in the low elevation on the Bennett Ridge. He said critical wintering area would not support two large herds.

The decision came at the expense of the resident herd, which was reduced to make room for the migrants.

"In years the weather forces early migration you will have good hunting," Blake said. "If the migration is late, the hunting will be poor."

He used censusing graphs to show that the wintering herd was good and reported about 1,100 counted last spring. By and large the sportsmen refused to accept that figure.

In answering a question on the research currently being conducted on the Owyhee County herd, Dick Norell, Boise area biologist, said the report is not completed and will probably run another year. But, he said, the preliminary findings "aren't pleasant."

He said the study generally is being made into food nutrition and so far the wintering

deer are forced to rely on forbes and grass for 50 per cent of their diet. He said the available food is being tested month by month and analyzed for content.

"We've found the reproduction is quite good but survival is poor," Norell said.

Currently the Bureau of Land Management has started a program with the long range goal of producing sufficient forage for domestic cattle in the lower elevations generally avoided by game and leaving the high ranges for deer.

He added there is heavy competition with livestock for winter browse in the Red Canyon Creek and East Fork country with the cattle taking most of the available food before the deer reach those critical wintering areas.

Earlier, Robert Salter, department assistant director, broke down the workings of the department, explained budgetary procedures and reported on the assignment of the approximately 250 fulltime employees to the various branches.

He noted fish and game dedicated funds are gathered through license and tag sales,

federal taxes on sporting equipment and matching and special funding set up for specific situations. He noted the Legislature controls these funds and must appropriate them before they can be used by the department. No tax money is available to the department.

Bob Sims, chairman of the meeting, opened by noting sportsmen felt racoon raids on waterfowl nests had reduced that portion of the Snake River below its nesting capacity. He inquired about predator funds available through the department. Sims said the greatest impact was evident in Canada geese as that species has dropped in population considerable in the last seven to 10 years.

# Little Buckaroos Will Compete In Rodeo

Every youngster at some time from 7 to 14 years will be testing their skills against small but rough and tough rodeo stock in the second annual Little Buckaroo Rodeo at Frontier Field Sept. 15 and 16.

Sponsored by the Stake Quorum of 70 of the LDS Church, the event will feature young contestants from all Magic Valley areas as well as Idaho Falls, Rexburg and other southeastern Idaho communities.

YOUNG BUCKAROO hangs tough as bucking bronc does his stuff at Little Buckaroo Rodeo. This is the kind of action that will be offered at the second annual event, to be presented Sept. 15 and 16 at Frontier Field.

Included in the events will be bareback riding, calf roping, calf riding, wild horse chases and several other special events. Shows will be held Friday at 8 p.m. and at noon Saturday, open to all contestants, with the big championship event Saturday at 8 p.m., open only to winning performers of the first two shows.

Douglas Phillips, member of the sponsoring committee, said he expects about 85 young cowboys to pay the entry fees and compete for points and trophies offered in each event.

Many of the top riders in high school and regular rodeo events around the country began in the Little Buckaroo events, Mr. Phillips said.

Tickets for the rodeo may be purchased at the entrance before the show or in advance at Macie's Boot Store, Peterson's Western Apparel Store or from the Ranch and Town Western Wear Store.

## Ex-Mayor Dies

MIAMI, Fla. (AP) — Robert King High, 43, mayor of Miami for five terms, died Wednesday of a heart attack. High last year upset incumbent Gov. Haydon Burns for the Democratic nomination for governor but then was defeated by Claude Kirk, first Republican governor of Florida in 94 years. A native of Flat Creek, Tenn., High was first elected mayor in 1957. He was a lawyer.

For Modern Weight Control FOLLOW THE Profile Plan To Curb Appetite:

WORKS 3 WAYS TO HELP KEEP YOU FROM OVEREATING

Eating 2 slices of Profile Special Formula Bread 30 minutes before lunch or dinner helps control weight by curbing appetite 3 ways:

First, like any good protein-carbohydrate food, Profile helps raise the blood sugar level to appease the appetite control center in the hypothalamic region of the brain.

Second, Profile helps induce oral satiety quickly. Third, Profile helps keep the hunger-contraction complex subdued.

The Profile Plan takes the place of appetite-appeasement wafers, tablets and candies that cost up to twice as much.

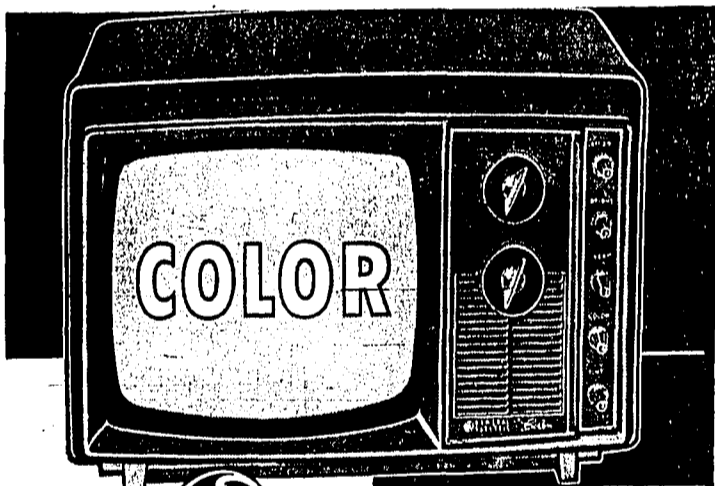

And Profile's lactalbumin factor gives you about 30% more complete protein than regular white bread.

Get Profile Special Formula Bread today. Tastes great plain or toasted. Follow the Profile Plan for modern weight control. You'll be glad you did.

Look for both at your grocer's.

# Crime Battling Computer Is Hard At Work

By STEPHEN M. AUG WASHINGTON (AP) — The FBI's new crime fighting computer is busy handling nearly 10,000 problems a day—including trying to help police departments across the nation locate fugitives and stolen cars, the bureau said Wednesday.

That's the first progress report on the memorizing computer—known as the National Crime Information Center—in an article in the FBI's monthly "Law Enforcement Bulletin."

But neither the article nor FBI officials would say how many fugitives the computer-supplied information has helped capture, or how much stolen property has been located since the computer began operating last Jan. 27.

The bureau said, however, that the speed with which the system operates has "more than exceeded expectation."

It said police agencies asking the computer about wanted fugitives and stolen property are given answers within 15 seconds from the time the last character of the incoming message is received by the machine.

# Takes Reins

LONDON (AP)—Clive Epstein has taken over as chairman of the multi-million-dollar Beatele Company, NEMS Enterprises, Ltd., the company announced Wednesday night.

The announcement came shortly after his brother, Brian Epstein—the man who discovered the Beatles—was buried in Liverpool.

The funeral was a small private affair, restricted almost entirely to relatives and a few close friends. In order to ensure maximum privacy, the Beatles did not attend. Epstein, 32, was found dead in bed Sunday afternoon.

An inquest into the death formally opened Wednesday morning but was adjourned until Sept. 8. The hearing, of evidence of identification, lasted less than two minutes.

Further, the FBI said, an inquiry from the street—a patrol car or an officer on foot—transmitted by radio or telephone to a dispatcher and then to the computer "can be answered back to the street in 90 seconds."

# Savings Bond Sales In Area Are Reported

U.S. Savings Bonds sales in the Magic Valley area amounted to \$79,374 during July, Volunteer District Savings Bonds Chairman James S. Kinney announced in Twin Falls Wednesday.

"Statewide sales totaled \$890,437 for the month," he noted. State bond sales were up from those of last year during the first seven months of 1967—\$5,079,865 compared with \$4,870,521 for the same period a year ago.

The largest buying trend continued in E Bonds, with more than \$4.6 million being reported sold during the first seven months of this year. The current H Bonds sold to the tune of \$471,000, and \$6,482 was sold in the new Freedom Shares, which went on sale May 1.

"The Freedom Share," Mr. Kinney pointed out, "is sold only in combination with the Series E Bond to purchasers enrolled in the payroll savings plan where they work or the Bond-a-Month Plan where they bank."

# More Money And Public Support Is Needed To Combat Crime

By TOM TIEDE  
 PEORIA, Ill. — (NEA) — The near south side of this town is a cesspool of bars, brothels and ramshackle residences which are strung together by dimly lit streets and garbage-littered alleyways. Tony Berry works here. He's a cop; one of 350,000 in the nation.

Berry patrols the near south side five nights a week. Doing it, he sees robbery, rape and murder. His job is a difficult one. He's supposed to prevent such happenings.

Fortunately, sometimes he does. Other evening, for example, Berry spotted some kids riding the hood of a 1951 green Buick. It looked innocent enough, but Berry's assignment is to suspect. He stopped the car, ran the kids off and questioned the driver.

"May I see your license?" The driver was short, dressed in greasy dungarees. He produced a license and Berry read it carefully. It looked all right. Then Berry asked the man when he was born.

"April, 1946," the driver said. Berry studied the license date. "What day?"

"April, 1946. I'm 21 years old."

"But what day?"

"I don't know the day."

"Is this your license?"

"Sure, Sure!"

Berry gave the man numerous chances to produce a birthday that corresponded with the license. But in vain. At length, he arrested the driver on suspicion of using somebody else's license and sprinted him off to the police station.

It was well he did. Before police locked up the driver they found in his possession a jeweled ring, \$175 in bills, several collector coins, a bottle of unmarked medicine, various papers of different identifications and a single barreled shotgun (in the car). They also determined that the license belonged to the driver's brother.

Was a more serious crime prevented? Very possibly. But, although such things are commonplace with Peoria police, few on the force expect plaudits. Each man knows that for every felony he prevents, 100 or 1,000 others

## Two Motels Merge And Form Complex

BURLEY—The Ponderosa Inn and the Coachman Inn have merged to form a 130-room motel complex in North Burley. It is announced by George P. A. Forschler of the Ponderosa and Fred Hill of the Coachman.

The Coachman Inn includes 30 rooms and an apartment, a swimming pool and about three acres of land.

Forschler, present manager and co-partner of the Ponderosa Inn, will be general manager of both the Ponderosa and the Coachman. Mr. Hill becomes a partner in the expanded organization, making a total of 28.

Due to the proximity of the two establishments, the action has been planned for some time, Forschler said.

"We frequently need additional rooms at the Ponderosa, and the Coachman frequently needs some of the facilities we have here at the Ponderosa," Forschler stated. "It has seemed to us that such a merger was a logical move and we have merely brought our plans to a culmination," stated Forschler.

Although no changes in the Coachman are planned at once because the unusually heavy summer rush is expected to continue for some time, improvements will be made on the rooms and building for next season.

Further plans call for the enlargement of the complex, including the construction of a convention hall, but Forschler said no other plans have reached a point where any official announcement could be made.

"At present we have our hands full taking care of the details of the Coachman merger," Forschler said, "however we are still working on the other plans."

are committed. And therein lies the principal problem in law enforcement today.

"More apprehensions aren't the answer to rising crime," explains a local judge. "Neither

are penalties. Look at the hordes of people arrested every year in this nation . . . the threat of arrest or imprisonment doesn't seem to deter them very much. "What is needed is massive progress in the area of crime

prevention. We have to cut crime out by the roots. And in this respect we look to our policemen to do it." In other words, "Why don't the cops get busy?" The cops, of course, are busy.

In Peoria some 210 police people are on duty 40 hours a week and on call 24 hours a day. In a typical sunup to sunup, 400 PD cars are dispatched to duty. In a typical year, 800,000 calls are made to police switchboards,

75,000 traffic tickets issued and over 10,000 suspects arrested. In addition, Peoria police serve unique double duties. They are also firemen. When the gong sounds in their district they are required to grab hose and help out.

Obviously, all this leaves little time for crime-busting. But such is the setup, here and elsewhere. Most police agencies in America are fairly well-equipped to apprehend criminals but ill-prepared to do anything until after the criminals act.

Says Peoria's top cop, Chief Bernard Kennedy: "Our primary means of crime prevention are 15 patrol cars. But this is a big town (437.8 miles of streets, 37 square miles of area) and we simply can't be patrolling every block, every hour.

"Because of manpower limitations, we often assign only one man to a car. And during busy shifts that man will have to answer dozens of complaints from barking dogs to burglary. Very often he doesn't even have time to circle completely through his area.

"It isn't ideal. But that's how it is."

And that, in fact, is how it is elsewhere in America. Crime prevention in most U.S. cities is barely breathing. Statistics make the point. Crime in northeast states was up 9 per cent last year; it was up 10 in the West, 11 in the Midwest and 13 in the South. Altogether, five serious crimes happen every 60 seconds.

This year, about 50 people will be murdered in Charlotte, N.C. In Akron, Ohio, there will be over 2,500 burglaries. And in

Phoenix, Ariz., 100 or more women will be raped.

The police, however, are not to blame. In most instances they do their best, however futile. They are manacled by hoary traditions and tight budgets. As

they are presently organized, they are simply in no position to prevent much law-breaking. "How," wonders an officer, "can the public expect policemen to uncover all the criminal plots in town and chase down all the barking dogs at the same time?"

How indeed. Yet the public does expect it. And that's precisely why crime escalates in Peoria today. And Peoria is everywhere.

Paying fines for stop sign violations were Eric N. Eckstrom, 17, Hollywood, Fla., \$10; Elbert F. Welker, 56, Hansen, \$10; Harold C. Blakeslee, 19, 842 Main Ave., \$10; Don W. Stivers, 48, 1355 11th Ave. E., \$10, and Anton Machacek, 78, Buhl, \$10.

Debbie K. Flynn, 15, 20 Colingswood Circle, and Pamela J. Trvdy, 13, Buhl, were each fined \$10 by Judge Maughan for driving without a license.

Miss Trvdy was operating a motorcycle, and the judge pointed out that no license is required for operation of such vehicles on private property, but

that an operator must be fully licensed to drive any vehicle on public property. Minimum age for proper licensing is 14, he noted.

Others fined by Judge Maughan were Harm F. Henning, 63, 522 4th Ave. W., \$10, for failure to yield; D. Bailey Jr., Murtaugh, \$5 for driving with defective equipment; Jake Anderson, Filer, \$5 for violation of a restricted license, and John R. # BRIDGE

By Jacoby

### BIDDING GIVES DANGER SIGNAL

One of the hardest things for a bridge player to learn is that when both opponents bid and his partner is quiet, he had best keep quiet unless he has a lot of distributional factors.

He had a sound opening bid with one of two jacks above the minimum and he had a second four card suit to show. He bid two clubs.

Lightning didn't strike immediately — North had too much club support — but when it did hit it burned the barn down.

West made a slightly optimistic bid of three hearts and North went to four clubs. For all North knew his side might have a cinch for five or six clubs and East and West might have just as easy a game in hearts. If you don't think so, just trade South's jack of hearts for East's ten of diamonds. In that case only a spade lead or spade shift would beat five clubs and nothing will beat four hearts.

South's actual hand is such that a diamond opening will hold West to nine tricks at hearts. As for the four club contract, West decided to double and the defense picked up five tricks to score 500 points.

### CARD SENSE

Q—The bidding has been:  
West North East South  
1♣ Dble Pass 2 N.T.  
Pass 3♥ Pass 3♥  
Pass 4♥ Pass ?

You, South, hold:  
♠K 9♥A J 5 4♦4 3 2♣K 10 7 6

What do you do now?  
A—Pass. Your partner has bid very strongly but your king of clubs is likely to be opposite a singleton and worthless for slam purposes.

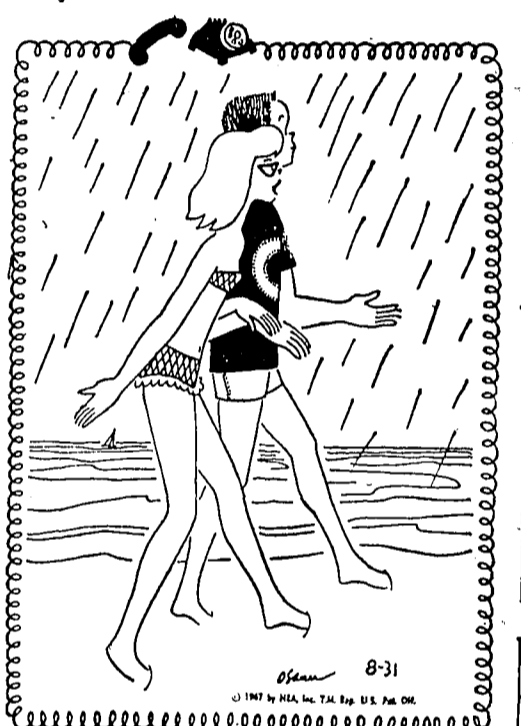

TODAY'S QUESTION  
Instead of bidding four hearts over your three hearts, your partner bids three spades. What do you do now?

South had a nice comfortable opening bid. His 15 high-card points included three aces and he had two nice four-card suits. He opened one diamond and waited happily for the bidding to develop.

It developed in a way that should have warned him to stay out of the bidding from then on. West overcalled with one heart and all North could do was to pass. East managed to try one no-trump. South should have seen that the hand did not belong to him and given up any idea of competing but he wasn't going to do anything like that.

### Consider Yourself Off The Hook

Dear Ele: A few weeks ago my best girl friend and I called up one of our 7th grade teachers and kept on saying stupid things to him over the phone. Since then I learned we could have gotten in trouble and fined. So I want to confess to him it was me, and ask his pardon. But I'm scared. Could you give me some advice?—Sick.

Dear Sick: Since in my book, anonymous phone callers rank down in the same slime with "poison pen" writers, I'm delighted you've reformed. But don't complicate your teacher's days any more by insisting on a confession. Undoubtedly, he's already dismissed the incident from mind as the silly prank of silly girls. Don't force him into a counselling situation at this late date by telling all.

Dear Ele: I'm 12 years old, and I like a girl very much. I'm sure she gave me a birthday present, but she denies it. How can I find out if she likes me and if she gave me a gift? When I asked her gave it to me, she turned red and looked at her friend. Please help me because I'm—Mixed Up.

Dear Mixed Up: If you must say something, tell her: "If you hear who left the gift, please let her know it really pleased me!" Then drop the topic. To push further would just embarrass the girl. Cool your curiosity!—Walt.

Dear Ele: I am going steady with a wonderful boy named Mike. Recently I wrote a note to my girl friend containing some real personal things about him. They were good, but I would never let him know what I said in that note, because some things would embarrass both of us.

**Dear Abby**

By ABIGAIL VAN BUREN  
**DEAR ABBY:** Through a club my husband and I belong to I recently met a handsome, young, unattached man I'll call Randy. First, let me tell you that I'm 5 feet, 1 inch, weigh 96 pounds, am bow-legged and have no figure to speak of. I am not witty or cute, or anything special. Take my word for it, I'm not being modest.

Anyway, this Randy person always greets me with outstretched arms, a big grin, and a compliment. He has told me I'm sweet, adorable, desirable, and 98 pounds of woman! I know he's feeding me a line, but after being married for nine years to a man who has never given me a compliment, it's delicious. When Randy could have any woman at the club—single or married—what in the world does he want with me?

**Hostesses At T.F. Fair Announced**

BURL — Hostesses and committees for the Twin Falls Fair were announced this week by the Burl Art Guild.

The paintings to be entered in the art building at the fair must be registered from 3 to 5 p.m. Saturday at 8 to 9 a.m. on Sunday. The entry fee is \$1 per artist, and artists living outside of Twin Falls County must belong to one of the Art Guilds in order to exhibit.

The registration committee will include Mrs. Ben Koel, Mrs. Don Brannen, Mrs. Lillian Voeller, Mrs. Victor Cresmor, Mrs. Ralph Johnson, Mrs. Vaughn Hunt and Mrs. Thelma Bernhardt.

At 1 p.m. Sunday the hanging committee will arrange the paintings for the show. Mrs. Voeller, Mrs. Crisnor and Mrs. Johnson are in charge of the committee and would appreciate the help of other volunteers from the group.

Hostess hours at the fair will be: Mrs. Frank Karel and Mrs. Ben Koel from 10 a.m. to 2 p.m. on Wednesday; Mrs. Victor Crisnor and Mrs. Vaughn Hunt, from 2 p.m. to 6 p.m.; Mrs. Ralph Johnson and Mrs. William Patton from 6 p.m. to 10 p.m. Hostesses for Thursday will be Mrs. Ruth Sparrow and Mrs. William Patton from 10 a.m. to 2 p.m.; Mrs. Eugene Klender and Mrs. Harold Drake from 2 p.m. to 6 p.m.; Mrs. Don Brannen and Mrs. Lillian Voeller from 6 p.m. to 10 p.m.

Hostesses for Friday will be Mrs. Walter Partin and Mrs. Don Nowak from 10 a.m. to 2 p.m.; Mrs. Frank Karel and Mrs. Don Nowak from 2 p.m. to 6 p.m.; Mrs. Vaughn Hunt and Mrs. Vic Crisnor from 6 p.m. to 10 p.m.

Hostesses for Saturday include Mrs. Thelma Bernhardt and Mrs. Ivory Duffy from 10 a.m. to 2 p.m.; Mrs. Lillian Voeller and Mrs. Walter Partin from 2 p.m. to 6 p.m.; Mrs. Don Brannen and Mrs. Ralph Johnson from 6 p.m. to 10 p.m.

**Blood Quota Not Reached At Shoshone**

RICHFIELD — Mrs. C. F. Chatfield, newly appointed Lincoln County chairman for the Bloodmobile, announced at the Monday blood drawing at Shoshone that 80 pints of blood were given with five rejects. The quota was 75 pints.

Mrs. Chatfield, a Richfield resident, commended Mrs. Dorothy Alexander, the county nurse, for making 59 Bloodmobile reminders for county residents. The table featured a white life-saver depicting "Give a pint to save a life."

Two gallons were given Monday to C. F. Chatfield, Richfield, and Frank Stearns, Shoshone. One gallon plus were given to three donors, Burl Williams, Ronald Eggleston, and Joe Gonzalez, all Shoshone.

Mrs. Chatfield expresses appreciation to assistants at the blood drawing. They include typists, Mrs. Hal Ross and daughter, Gail; Mrs. Art Marston, Mrs. McDonald Brown, numbers table; Mrs. Ray Freeman and the Episcopal Guild, canteen; Richfield American Legion Auxiliary, juice.

The Lincolneters gave telephone reminders with Mrs. Clarence Magoffin, Shoshone director, and Mrs. Ralph Riley Jr., and Mrs. Donald Riley, Richfield.

The next drawing will be held in approximately six months.

**News Of Servicemen**

Pfc. Kenneth A. Felton, 20, son of Mr. and Mrs. William Felton, Burley, was assigned to the 4th Infantry Division in Vietnam recently. A rifleman in Company B, 2nd Battalion of the division's 5th Infantry near Duc Pho, the private entered the Army in January, 1967 and was last stationed at Ft. Lewis, Wash.

Second Lt. Troy J. Smith, son of Mr. and Mrs. Troy B. Smith, Corie, Madras, Calif., and a graduate of the University of Idaho, has been awarded silver wings upon graduation from the U.S. Air Force navigator school at Mather Air Force Base, Calif. The lieutenant, a 1962 graduate of Pocatello High School, received a B.S. degree in political science from the U of I, and was commissioned there in 1965 upon completion of the AFROTC program.

Marine Pvt. Floyd D. Hoobler, son of Mr. and Mrs. Homer H. Hoobler, 22 Addison Ave., was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot in San Diego, Calif. He will now undergo about three weeks of individual combat training and then, after leave at home, will report to his first Marine Corps assignment.

Spec. 4 Roy E. Sutton, 24, son of Mr. and Mrs. James A. Sutton, Gooding, was assigned to the Post Transportation Office, Ft. Buckner, Okinawa, recently. He entered the Army in January, 1966, after attending Gooding High School.

Mal. Darrell G. Waller, son of Mr. and Mrs. John H. Waller, Halley, has been assigned to Headquarters South Bavaria District, near Augsburg, Germany. The major, chief in the Family Housing Division, entered the Army in December, 1955, and was last stationed at Hampton, Va. A 1960 graduate of Halley High School, he received his B.A. degree in 1961 from the University of Omaha, Neb. He also attended the University of Idaho. His wife, Marjorie, is with him in Germany.

Pvt. Daniel D. Felt, 19, son of Mr. and Mrs. Dwight H. Felt, Rupert, fired expert with the M-14 rifle near the completion of basic combat training at Ft. Lewis, Wash. The expert rating is the highest mark a soldier can achieve on his weapons qualification test.

Pvt. Gary E. Earl, 20, son of Mr. and Mrs. Dean Earl, Route 3, Twin Falls, completed his basic combat training at Ft. Ord, Calif. He was trained to repair internal combustion engines and wheeled chassis components.

Aviation Storekeeper Airman Gary L. DeVries, son of Mrs. Louise DeVries, 23 Harrison St., Twin Falls, returned to San Diego, Calif., aboard the attack aircraft carrier Bon Horn. He completed an eight-month assignment as part of a carrier strike force off the coast of North Vietnam.
