## New Bank Construction Begins At Hailey

HAILEY — Construction has begun on an ultra-modern banking building to house the Hailey office of First Security Bank of Idaho, announces Spencer F. Scoles, senior vice president and supervisor of the Southwest division of the bank.

Mr. Scoles said the building is scheduled for completion in early January and that residents of Hailey and surrounding areas can be assured of one of the finest banking facilities in Idaho at their disposal.

Designed by the architectural firm of Nat. J. Adams and Associates, the building will be erected at a cost of about \$30,000, and will have one story, with a full basement.

The building will contain 2,300 square feet of floor space. On the main floor will be located the main banking room, with five teller stations, officers' conference room, as well as a rest room, rest rooms and the heating plant are located in the basement.

The brick building will have two anodized aluminum entrances, the main one leading to the public sidewalk at Main Street.

Interior of the building will feature redwood paneling on three walls and exposed golden buff face brick at the entry and north wall. Ceilings will feature acoustical tile, and the officers' area and conference room will be carpeted. Windows are bronze tinted.

A special feature of the bank will be the entry foyer which has a lofty ceiling and enclosed glass vestibule that creates an open visual effect from outside to the inside bank lobby.

The building will be completely air-conditioned for the comfort of customers and employees and has fluorescent lighting.

Manager of the Hailey office is Oscar J. Cline.

## Ronald Reagan Has Good Track Ahead

WASHINGTON — With George Romney poised on the national scene with foot firmly fixed in his mouth, Republican conservatives would seem to have a good shot at building a lead for Ronald Reagan over the next few months. They are months that could be critical in the maneuverings for the 1968 GOP Presidential nomination.

There is a mass shaking of heads over Romney by Republican moderates. The Michigan governor's charge that he was "brainwashed" on Vietnam by Administration diplomats is a military brass is viewed in this capital of politics as the ultimate in naivete. GOP professionals — the nuts and bolts men at national headquarters — react to Romney's name as being he'd suddenly become radioactive.

One Republican, a sub-Cab-

inet officer under Eisenhower, put it for most of the moderates. "George is sound on domestic policies," he said, "I just wish it were possible for him to ignore international affairs."

But of course Romney can't. A presidential candidate is expected to be a whole statesman, lighting up the countryside with both domestic and international genius and there is something pathetic about a candidate who professes to lack the ability to make his own judgment on Vietnam.

Romney's instant decline is what makes Romney's forthcoming speaking tour of special significance. Reagan now will make his more speeches than the three originally planned during the last two weeks of this month and in October. He also may work in two or three additional appearances during a

scheduled five-day visit to Yale University from Dec. 4 to 8. Reagan denies it, but his executive tour is custom-made to capitalize on Romney's blundering.

It is significant, too, that Reagan is suddenly much more in demand as a speaker by both Republican fund raisers and local, non-political organizations. Part of a new face helps; the folks want to see and hear this handsome man who dabbled in the Vietnam war in California and who has managed in both public appearances and in his dealings with his legislature to emerge as a reasonable fellow with no pronounced views of an extremist nature.

Even the intellectuals are interested in the man. At Yale, Reagan will be a Chubb Fellowship lecturer in politics, a milestone for an actor who only a

year ago was known, and distrusted, by most academicians as a reactionary politician.

At the same time, he is those, not necessarily conservatives, who discern a conservative swing among the voters. Reagan could find conservative voters more popular in his tour of California, Iowa, Kansas, Texas and Illinois. Lyndon Johnson's troubles are of the variety that might cause a man to leave the high cost of living, the Vietnam war, increased taxes, violence in the streets, Black Power. Reagan undoubtedly will take advantage of this situation by carefully drawing a line to separate him from the GOP's liberal camp.

He will have a significant

study from the right-wing Americans for Constitutional Action to encourage such strategy. Rating members of the band of selected voters on Johnson program, the ACA revealed a swing among the voters in Congress this year. And this swing, it was noted, was led by the majority among the 1968 human

There is a message there for Romney. Reagan of increased popularity in a year when liberal policies are being viewed with growing suspicion in the boombocks.

## It's Good News

Announcement that West Coast Airlines would purchase two-engine jets capable of operating from the present Twin Falls Municipal Airport is the best news transportation-wise to hit this section yet.

In fact, in importance to modern day transportation, it could be likened to the announcement about 1904 that passenger trains would soon run to Twin Falls from the main line.

With the twin-jets due to operate for West Coast in May, 1970, it is to be assumed that service of the planes will be available to Twin Falls and Magic Valley residents at that time.

The planes will be T-288s which are being built by the Fairchild-Hiller people at Hagerstown, Md. The original order calls for three of the new planes at a cost of \$10 million including additional parts. The West Coast officials also took option on five more at a total cost of around \$25 million.

The planes, built according to West Coast's specifications, will carry 55 passengers at 500 MPH.

The bright news, of course, is that they can fly from fields with runways the length of the Twin Falls Airport.

Just what effect this newly announced plan of West Coast Airlines will have on progress of those who want a regional airport built somewhere on the north side of Snake River is not known at the present time.

But for all purposes, with jets able

to use the Twin Falls Airport, the regional airport concept is dead. It will be difficult to ask residents to back a bond issue for a new field when jet transportation is assured from a field which is in operation.

The Twin Falls airport is operated through municipal funds. Now, with jet planes assured, it should be a county-wide operation because all citizens of the county will benefit in one way or another.

The recent action of West Coast in instituting Mini-Liner service to Sun Valley was termed as an indication that the Twin Falls no longer has a gateway to that resort.

It is not entirely true. If the present airport's main runway was lengthened by as little as 1,000 feet it would permit bigger planes to land here for the transfer by surface means to the resort center. These planes now land at Boise and Idaho Falls.

Possible enlargement of the Twin Falls field, of course, is in the future. This is also true of an up-to-date modernization program. These things can all be worked out between city and county officials and the taxpayers of the county.

Right now the important thing is that jet transportation is assured for local and Magic Valley citizens.

Our hats are off to West Coast officials who made the decision to provide the best service possible for the Twin Falls area.

## Is Romney Still In The Race?

WASHINGTON — The happy thought is taking hold among Republicans that they can win next year with anybody or, well, almost anybody. Even H. L. Hunt, Chairman, is given an odds-on chance.

As troubles accumulate for Romney from every side and the polls register lower and lower, the prize of the presidential nomination shines with a spectacular brilliance. And, correspondingly, though the nomination in Miami Beach is still nearly a year off, the rivalry is acute and the blows lower and harder.

One example was the unseemly haste with which many of the leaders in his party were ready to drop Romney's name from the list of the running. On the basis of his brazen statement and the strong editorial in his hometown newspaper, the Detroit News, calling on him to get out, the front runner of the moderate wing was regarded as having done himself in.

The advice to Romney was to give his support to Gov. Nelson Rockefeller of New York who has been Romney's most ardent champion. On the eastern seaboard among powerful and well-heeled Republicans the conviction is strong that Rockefeller must be the man — learned up.

It is possible, too, that Gov. Ronald Reagan of California, Rockefeller's long experience in government, his success as a three-term winner in New York, the wealth he could command to finance a campaign — all this is added up to make him the inevitable choice.

Take the mood of impending and certain victory will work to diminish Rockefeller's chances for the nomination. As he knows, full well the rank file of party workers across the country do not want him. Seared in his memory is the humiliating half-hour before the delegates in the Cow Palace in San Francisco when he lost his bid to become the party's choice.

Up to half the delegates in '68 will be repeaters from '64. They are faithful who followed Barry Goldwater down the road to defeat. If they go to Miami convinced that the Johnson administration is finished, they will never take Rockefeller.

Mr. Nixon, the hardy perennial, the favorite of the men and women who day in and day out do the organizing work, Goldwater has consistently called

Nixon his candidate and the Goldwaterites would surely follow his lead. After all, he is beginning to creep in, as the more candid among Nixon's followers acknowledge.

For waiting in the wings is a conservative without the blemish of two defeats and the stigma of defeat in California. The Rockefeller is not only California's favorite son. He is rapidly moving up among the rank and file as the choice of a man to swing with.

It could happen, improbable as it sounds. An actor most of his life, running for his first elective office last year, having moved across the political spectrum from the left as a leader of the Screen Actors Guild to the far right, he has one great asset. That is instant identity in the television era and with it the actor's shrewd knowledge of how to use this perilous medium.

In the doldrums in the spring of 1948 a half-dozen of Harry Truman's loyalists, including the actor, were looking for a way to the November election in a White House, session with the president. The Republicans were supremely confident they would win, as a flock of minor peccadilloes and controversies, and Alger Hiss and the communist threat were believed uppermost in people's minds. After all, they listened to this for a time the President, as one of those preachers it said in his jaunty way.

"Don't worry about it. The Republicans will wreck it again. We can count on it for that."

They could do it again. The bitter lesson of 1948 is far too recent to forget. The actor has forgotten. And the asp of confidence — perhaps overconfidence — has taken hold.

How badly the front runner of the moderates has been damaged is too early to say. But one thing is certain. The Rockefeller is not only California's favorite son. He is rapidly moving up among the rank and file as the choice of a man to swing with.

It could happen, improbable as it sounds. An actor most of his life, running for his first elective office last year, having moved across the political spectrum from the left as a leader of the Screen Actors Guild to the far right, he has one great asset. That is instant identity in the television era and with it the actor's shrewd knowledge of how to use this perilous medium.

Since the worst thing that could happen to Johnson in 1968 would be a continuance of the present stalemate, it is to his interest to try to get peace negotiations started or to try to stop the war, to break North Vietnam's back.

Yet, at this moment the Johnson Administration gives the impression of being baffled about how to do more in Vietnam or what to do next aside from the obvious things which everyone, including the North Vietnamese, knows it doesn't want to do.

It could finish North Vietnam in nothing flat, wiping it off the map with nuclear bombs. Or, it could negotiate a cease-fire, it could hit and destroy the center of population, which is the only way to break North Vietnam, according to Robert S. McNamara, secretary of defense.

Q — How does chronic lymphocytic leukemia differ from the other type? It is curable?

A — Chronic lymphocytic leukemia is characterized by sudden onset with fever, sore throat, bleeding from the mucous membranes, black and blue patches under the skin. The white blood cell count is much higher than normal, and is due to infections. This disease is rapidly fatal.

In chronic myelocytic leukemia there is a gradual progressive weakness with pallor and shortness of breath. In chronic lymphocytic leukemia the onset is gradual, with painless swelling of the lymph nodes in the neck, axilla and groin. In both of these diseases there is a very high white blood cell count but there is a difference in the type of cells predominating.

Several new drugs have been reported to help the victims of chronic lymphocytic leukemia by prolonging their lives. It is too soon to say that any of them will be the distinguishing factor in leukemia.

Q — I have chronic leukemia but although I have explained the disease to my family it is not contagious, is it?

A — Yes, you won't even allow your children to play with mine. — The fearful attitude that people take toward the victims of leukemia and some other serious but noncontagious diseases is

## JAMES MARLOW The Drag-Along

WASHINGTON (AP) — Almost certainly the present drag-along condition of the war in Vietnam can't continue indefinitely with the 1968 presidential election coming up. President Johnson can't afford to let it go on like that. If he hopes for a second term, and no one doubts he does, he must find a way to end the war. The war is a drag-along condition in Congress.

From the time it opened shop last January Congress has been bumbling and stalling, big on talk, short on performance. And a lot of the past eight months Congress has been used, particularly by senators, in parting fault with the war.

Johnson and those who would have been different if Johnson had been able to devote his energies to his programs and the lawmakers instead of having to split his attention among Congress, the war, and the city riots.

No one knows better than Johnson the advantage for him in ending the war. He has been plying it he could point back to a shining record with Congress in 1967. The last impressive record there was in 1965.

But the war haunts him. The doves who have no stomach for the war and the hawks who want a tougher one are both on his back. And, unless there is a change, he will still be in the middle, a wide open target, all through the 1968 campaign.

He has already said a lot of what's to come from at least two Republican presidential prospects, both governors: Ronald Reagan of California and George Romney of Michigan.

Romney, who says he thinks the presidential candidate should be the best hope for victory is the one who talks peace, has development for the war, and has been the most vocal in the war. Reagan wants the war intensified to "win as quickly as possible."

Since the worst thing that could happen to Johnson in 1968 would be a continuance of the present stalemate, it is to his interest to try to get peace negotiations started or to try to stop the war, to break North Vietnam's back.

Yet, at this moment the Johnson Administration gives the impression of being baffled about how to do more in Vietnam or what to do next aside from the obvious things which everyone, including the North Vietnamese, knows it doesn't want to do.

It could finish North Vietnam in nothing flat, wiping it off the map with nuclear bombs. Or, it could negotiate a cease-fire, it could hit and destroy the center of population, which is the only way to break North Vietnam, according to Robert S. McNamara, secretary of defense.

But if nuclear bombs were used, the Soviet Union, which is also a nuclear power, or the Chinese, might feel compelled to get in. If the population centers were destroyed with ordinary bombs.

Not using either short-cut to victory has been an obvious, self-imposed restriction on the United States from the beginning. So its problem has been to find some other way to win, and nothing has worked yet. There's nothing new about it.

What is new is the administration's attitude expressed to a Senate subcommittee by McNamara, who certainly is speaking for Johnson, too. He admitted there were 37 targets which the Joint Chiefs of Staff recommended be bombed but which the Johnson Administration so far had not permitted to be bombed.

But, McNamara said, bombing them will not materially shorten the war — for there is nothing to indicate North Vietnam can be bombed into wanting an end to the war. What can be done?

Apparently the administration believes the war will have to be won with ground fighting and air strikes — a substitute for ground action.

With this admission the administration concedes it is a demand for a cease-fire, and bombing and ground fighting, the North Vietnamese show no sign of quitting.

## Of Seven Men

In the best tradition of bell-bottom trousers, anchors afloat and whiskies which are called "tipples" we salute the Newman brothers — all seven.

Twin Falls is known as the home of the Newman family, because seven sons of the late Kirby Newman live here. The Newman family, now 390 Van Buren St., are serving on active duty in the Navy.

The youngest son, John Michael Newman, enlisted Wednesday amid ceremonies attended by Gov. Don

Samuelson, Navy officials and city officials. The few servicemen have had such a send-off.

By Navy regulations, brothers cannot serve aboard the same ship. This came about during World War II when the Sullivan brothers, five of whom died when their ship went down.

But at least the seven Newman brothers will be in the same Navy. The seven Newmans have brought honor to their parents and Twin Falls.

**NO BREAK-THROUGH**  
Rioting, the ghetto of modern cities and marches and demonstrations by Negroes in the South led to create a white terror in the North. The Negroes in the South are being used by the Democratic nomination of U.S. Rep. John Bell Williams, aggressive segregationist, to stir up the white terror. Although his opponent, State Treasurer William Winter, is by no means the "liberal" Williams had painted him.

But Negro leaders hoped their registration and organization drives would elect some Negroes in the 22 local run-offs, including several for Congress. In these were pitted against whites. It was not to Negro electoral activity and the news of racial disorders so alarmed the white South that they turned out in large numbers to end "the greatest threat to white supremacy since Reconstruction Days." None of the Negro candidates won. The Negro vote was split between Williams and Winter for Governor.

The Republican Party, which hasn't elected a state official in Mississippi in this century, has a candidate for governor. But the Negro in the South offers no greater threat to Negro voters than does the Democratic Party. It is an opportunity the GOP should seize, but it is not. The Negro vote is split between Williams and Winter for Governor.

**A WELCOME ARTERY**  
Short of the few Union Pacific tracks underground, the Benton Street overpass dedicated today represents the best thing that could happen to the city's east and west ends.

Costing nearly \$1 million, including costs of buying right-of-way and approaches, the overpass is a broad artery which was badly needed to ease city travel. With the widening of East Benton, and planned development of Fourth and Fifth streets into an urban renewal project improvement, a key role in the future.

It will be significant in combating blight in the East Side, changing the character of the fading residential area to one which may be attractive to business because of its ready highway access. It also may count as an urban renewal project improvement.

Merchants in the West Side of the city are counting on the new overpass to bring in new business. The new overpass is the best thing that could happen to the city's east and west ends.

Tips to tubbies: Doctors say that lurching on a 10-cent bag of corns and a cup of black coffee or a soft drink will allow hunger pains and serve as a reducing aid.

## WAYNE BRANDSTADT, M.D. Leukemia Aid

Q — How does chronic lymphocytic leukemia differ from the other type? It is curable?

A — Chronic lymphocytic leukemia is characterized by sudden onset with fever, sore throat, bleeding from the mucous membranes, black and blue patches under the skin. The white blood cell count is much higher than normal, and is due to infections. This disease is rapidly fatal.

In chronic myelocytic leukemia there is a gradual progressive weakness with pallor and shortness of breath. In chronic lymphocytic leukemia the onset is gradual, with painless swelling of the lymph nodes in the neck, axilla and groin. In both of these diseases there is a very high white blood cell count but there is a difference in the type of cells predominating.

Several new drugs have been reported to help the victims of chronic lymphocytic leukemia by prolonging their lives. It is too soon to say that any of them will be the distinguishing factor in leukemia.

Q — I have chronic leukemia but although I have explained the disease to my family it is not contagious, is it?

A — Yes, you won't even allow your children to play with mine. — The fearful attitude that people take toward the victims of leukemia and some other serious but noncontagious diseases is

both unfortunate and cruel. It is in part a carry-over from ancient times when all diseases were thought to be caused by evil spirits and in part, an emotional reaction. The education of laymen in these matters is progressing but it is slow at best.

Q — My husband has chronic leukemia. He has a breaking out on his skin. Is this dangerous? What would you recommend?

A — Itching may have many causes. The lesions of chronic leukemia may itch and for relief of the itching-calamine lotion with phenol or gamma benzene preparation should help.

Q — My husband has cancer of the blood but his doctor hasn't told him — the nature of his blood disease. What can I do? Would there be any danger to me or the baby of getting leukemia?

A — There would be no danger to you and the danger to the baby would be very slight. Although leukemia is possibly a hereditary factor in leukemia, the effect is modified by environmental influences and other hereditary factors.

Q — A member of the family died with leukemia. She had a very high white blood cell count. Would there be any danger to two very young children? Could they have caused leukemia?

A — No.

## Shortage

CHICAGO (AP) — Female public aid employees—armed with signs saying "worry about miniskirts, not miniskirts"—marched in front of the Cook County Department of Public Aid office Wednesday.

The 15 women, all in their 20s and conservatively dressed, were protesting against the miniskirt ban issued recently by William Robinson, public aid director. They charged that he should be concerned with the shortage of workers, not short dresses.

IDAHO LEGISLATOR Jack Claiborn, Kimberly, speaks here to an estimated 100 employees of Sears during a Wednesday information in the Twin Falls store. Six Legislators in the area attended and spoke to the employees on current and anticipated state problems. Questions on "water resources, gun control, teacher salaries and the inventory tax repeal" were asked by the employees.

Should the Idaho Legislature meet once a year? This question was posed to Speaker of the House of Representatives—William—Lanting Wednesday morning before an estimated 100 employees of Sears during an "information session" at the Sears store.

Lincoln said he thought a retirement program for teachers, passed in the last Legislature, was good, but did not please the young teacher—who is not thinking of retirement.

Mr. Lincoln said 74 per cent of the state budget goes for education. "We can't compete with the surrounding states on this, we don't have the tax base to do so," he said.

After the hour-long morning meeting, all six legislators were given Sears credit cards, and boxes of candy for their wives.

Guests were Tim Brennan, executive secretary of the Idaho Retailers Association, and Vince Jones, Sears of Los Angeles, Calif.

## School Bombing Threats Given In Washington

PASCO, Wash. (AP) — Four more bomb threats were telephoned to schools in Pasco Wednesday, forcing their evacuation and bringing to 12 the number of such threats received since last week.

No bombs have been found, but Pasco School Supt. Louis J. Ferrar said "it is becoming a very serious matter."

Tuesday telephone company engineers installed equipment to "trace" the calls.

McLoughlin Junior High School, Stevens Junior High School, Pasco High School and St. Patrick's Catholic School were evacuated Wednesday.

Tuesday Stevens Junior High School was evacuated and a moving place in the building was moved to Franklin County Courthouse.

Two similar calls forced quick closure and dismissal of a high school, a junior high and a grade school in the Kennewick suburb of Finley Tuesday.

## FAA Receives Support From 2 Directions

WASHINGTON (AP) — The Federal Aviation Administration, burdened with a shortage of air traffic controllers and more traffic for them to control, got support Wednesday from two directions.

President Johnson asked Congress to appropriate an extra \$7 million for 600 air traffic controllers and about 100 specialists in flight standards.

Sen. John Stennis, D-Miss., chairman of a Senate Appropriations subcommittee, called for an increase of at least \$50 million this year in federal funds for aviation safety.

Stennis' statement came as the subcommittee held closed hearings on annual funds for the new Department of Transportation, which includes the FAA.

The House, on July 19, voted \$566 million for the FAA, including \$393 million for operations. The bill specifically provided for an increase of 618 new personnel positions, mostly air controllers.

But Alan S. Boyd, secretary of transportation, told newsmen aviation activity has increased at a rate more than double what was anticipated. It will probably be two years, he said, before the additional personnel proposed by the President will be on the job.

**TAYLOR TO SPEAK**  
BOISE (AP) — Gen Maxwell Taylor is scheduled to speak at 7 p.m. at Boise College on "The Realities of a Vietnam Settlement." It was announced Wednesday.

Taylor is a former U. S. armed forces chief of staff and advisor to Presidents Kennedy and Johnson, as well as a former ambassador to South Vietnam.

Taylor now heads the Institute for Defense Analysis in Arlington, Va.

**MEETS SCHEDULED**  
BOISE (AP) — The Department of Law Enforcement listed Thursday dates and places for additional community meetings to acquaint motorists with provisions of Idaho's new vehicle inspection law.

Beginning Jan. 1 annual mechanical inspections are required of all motor vehicles.

Harold Davis, administrator of the inspection program, listed these meeting dates: Sept. 28, American Falls; Oct. 17, St. Anthony; Oct. 18, Rexburg; and Oct. 19, Rigby.

He said a meeting previously announced for Oct. 24 at Shoshone has been postponed until Nov. 7.

**BOARD TO CONVEY**  
BOISE (AP) — The State Board of Education announced Thursday it will hold its next meeting Oct. 5-6 on the University of Idaho campus in Moscow.

Representatives of the various institutions under the board's control will meet with the group.

**CLOSURE ASKED**  
BOISE (AP) — The Idaho Public Utilities Commission said Thursday the agency has asked the state court to close two of its offices in Northern Idaho, at Craigmont and Kootenai.

Lack of business is given as the reason, the PUC said.

Business for both communities can be handled through the agency's express agency office at Lewiston, the PUC said the firm contends.

## Aftermath Of Intervention In Dominican Fades Slowly

**By ROBERT BEREZIL**  
SANTO DOMINGO (AP) — U.S. military intervention in the Dominican Republic ended a year ago. The aftermath of the enforced American presence has been divided by time but probably never will disappear.

At least 10,000 U.S. troops were the varied causes of the April 1965, civilian-military uprising brought to an end by the intervention, first by U.S. forces and later, under the name of Inter-American peace force, by small corps of Latin-American troops.

The violence that many feared would explode into foreign troops left never attained the predicted proportions. In many ways, the year has been the most peaceful and promising in almost a decade. Still, real political stability has not been achieved. The Dominican Republic where democratic rule is getting its first prolonged trial since 1920.

The last of the American troops on Dominican soil, units of the 62nd Airborne Division, left Sept. 20, 1966. At that strength, in mid-1965, U.S. forces numbered some 24,000 on land and about 8,000 in ships offshore.

Although a newly elected government was in power, backed by the United States and the Organization of American States, there were widespread fears that evacuation of the American troops would bring on a renewal of fighting between factions in the revolution. The result was a series of vendetta-type clashes and acts of terrorism.

## Columbus Has Disorder In Negro Area

COLUMBUS, Ohio (AP) — Store windows were shattered from a stick-bomb and three persons were injured slightly in a disorder in the East Side Negro section Wednesday night.

About 200 police, armed with shotguns, tear gas and night-vision goggles, resisted during the riot. One of the injured was a policeman hit by a rock. The others were Negroes.

In another Ohio city, Dayton, police arrested about 50 persons—mostly teen-agers—on charges during a second straight night of disturbances.

One fire was reported during the trouble on Dayton's West Side Wednesday night. There also were some window breakings, looting and vandalism in the area, where 131 arrests were made Tuesday night.

The Columbus disturbance broke out near a building picketed by 10 persons who claimed the owner refused to rent space to the Congress of Racial Equality.

Safety Director Fred Simon said less than 40 persons caused the trouble but at one time more than 1,000 milled in the area about a mile from the heart of downtown Columbus.

Twenty three Negroes were arrested.

**LETTER REVEALED**  
BOISE (AP) — The office of Gov. Don W. Samuelson Wednesday made public a letter received from the supervisor of the Kanikula National Forest, handling Idaho National Guard men for their help in fighting forest fires this summer.

Harold E. Andersen, supervisor of the North Idaho National Forest, said "officers and men of the Idaho National Guard rendered most valuable service during the recent large fires in Bonner and Boundary counties."

He said they transported fire-fighters, furnished medical facilities, served meals, provided shower facilities and water purification units.

**TIMBER SALVAGED**  
SANDPOINT, Idaho (AP) — Salvage operations on fire-ravaged timber in north Idaho started Wednesday on a section of land near here and the U.S. Forest Service announced a salvage limit of \$200,000. The board will be held Oct. 2.

The Pack River Lumber Co. of Sandpoint said logging started Wednesday on 1,500 acres of charred timber owned by the company.

Clarence E. Silwell, Kanikula National Forest staffman, said the Forest Service will advertise Thursday for the Oct. 2 sale.

**SPEAKERS NAMED**  
MOSCOW, Idaho (AP) — The board of the state and the president of the university were listed Thursday as speakers for the kickoff rally for a drive to collect funds to construct a performing arts center at the University of Idaho.

The rally is scheduled for Wednesday.

Gov. Don W. Samuelson will speak on the subject "The March for Excellence."

Keynote speaker will be Dr. Harold E. Andersen, president, and he will serve as moderator of the program.

The general chairman of the drive is George M. Brunzell, Spokane, president of the Washington Water Power Co.

## Economic Effects Of Ford Strike Mount

**By A.F. MAHAN**  
"DETROIT (AP) — Economic side effects of the United Auto Workers strike against Ford Motor Co. are mounting, and the diagnosis is that they "get much worse."

Already hundreds of jobs in supplier factories and in transportation have vanished, along with 100,000 in Ford plants across the country.

As the strike enters its third week today, industrial spokesmen say that henceforth for the walkout's duration layoffs elsewhere likely will be accelerated.

And there was a prediction Wednesday from Ken Bannan, chief of the United Ford negotiating team, that the strike has at least six more weeks to run.

## 2 LBJ Plans Approved By Senate

**By JOE HALL**  
WASHINGTON (AP) — The Senate has voted by approving two major programs for improving living conditions for slum dwellers.

It voted 62 to 28 to give the president \$337 million for the model cities program and \$9 million to allow him the full \$40 million of contract authority.

He asked for rent subsidies. Senate Republican Leader Everett M. Dirksen persuaded 15 other GOP senators to support the rent subsidies bill.

The bill includes the full \$40 million authorization for special grants to cities this year, plus \$12 million in planning money and \$125 million in special urban renewal funds for use in the model city areas.

It also asked for another \$125 million in special urban renewal money—a total of \$250 million—but the bill's managers said other urban renewal funds were available from which the deficiency could be made up.

## Blanket Of Coins Found In Atlantic

LONDON (AP) — Divers have found a sunken blanket of gold and silver coins believed to be part of a \$2.8-million treasure that disappeared into the Atlantic's geynness with three ships in 1707.

Fortune-hunters have been searching for it ever since.

A private expedition, supported by a Royal Navy unit, hauled up 1,500 gold and silver pieces, and silver coins believed to be part of a \$2.8-million treasure that disappeared into the Atlantic's geynness with three ships in 1707.

The first coins discovered were English, French and Portuguese, none carrying a date later than 1717.

Diver Geoffrey Upton, 34, told of finding the treasure: "It was a very dark and uninviting hole. The only way to get through it was to take off my breathing gear, push it through first and immerse myself. It is a deep gully and suddenly I saw a carpet of silver coins stretching in front of me."

The hunt centered on the area where Shovell's flagship, the Association, and her sister ship, the Eagle, struck the Benney, dashed against rocks and sank.

Some naval historians have estimated the fleet carried 200 million chests and plate worth a million pounds—\$2.8 million—more.

Shovell's fleet was lost on its voyage home from a successful naval engagement with France off the coast of Spain.

## No Booms

SANTA BARBARA, Calif. (AP) — The City Council has passed an ordinance prohibiting sonic booms over Santa Barbara.

Specifically, the ordinance prohibits aircraft from flying over the city in such a way as to cause sonic booms.

In introducing the measure Wednesday, Councilman Klaus Kemp said noon-hour booms have rattled the city almost daily during recent weeks.

This means, he said, if the Air Force were found guilty of causing a sonic boom over Santa Barbara, it might have to pay a \$500 fine or spend six months in jail.

# T.F. Junior Achievement Program Starts

More than 300 boys and girls, attending the Twin Falls High School, have indicated their interest in learning more about the typical business operations in an average community.

The means being offered the young future businessmen and businesswomen is the 1967 Junior Achievement Program, now being launched in Twin Falls.

Richards A. F. Ballou, regional vice president of Junior Achievement, San Francisco, and a former educator, addressed the high school student body Wednesday to announce applications for the youth program.

Although the local program has facilities for only about 120 young students, Mr. Ballou praised the interest shown in the local high school and noted it will give the local Junior Achievement committee an opportunity to select outstanding participants.

"The future of our country is no better than the character, ability and knowledge of our young people," Mr. Ballou told high school students Wednesday.

In launching the program, Robert Alexander, president of the local committee, also announced the opening of the Junior Achievement Center in Twin Falls. It will be located at 250 Main Ave. N., in the former D and B Supply Co. building.

Here five small companies will set up headquarters and will be manned and directed by the young businessmen and women selected to participate in the program. Working one night a week from 7 to 9 p.m. the students will incorporate their businesses, select a product for manufacture and sale, and hopefully operate a profitable concern. At the close of the year the businesses will be sold to prevent their growth to a point of competition with the firms that originally sponsored them.

Twin Falls Jaycees donated the manpower to set up the interior of the new center and Junior Achievement committee members are now asking donation of chairs, tables, benches, show cases, trash cans and other furnishings for the center.

Mr. Ballou told local members the program in Twin Falls is off to an excellent start. In an address to Rotary Club members

PREPARING TO HAND the program slogan in the new Twin Falls Junior Achievement Center are, from left, Richards A. F. Ballou, regional vice president of Junior Achievement Inc., San Francisco; Russell Anderson, local program director;

Robert Alexander, president, and Michael Gray, director. More than 300 young students have applied for participation in the business training program sponsored by businessmen in the community through the cooperation of the high school.

## Woodmen Of America List New Officers

HANSEN—Bill Thompson was elected president at the Modern Woodmen of America meeting and rifle shoot Tuesday night at the Woodman Hall.

Dick Truscott was elected vice president, and Vivian Bragg, secretary. Lydia Pyron and Norville Reynolds were elected as judges.

At the evening's shoot, LeRoy Thompson was high man with 82 points; Joe Hill and Norville Reynolds tied for second place with scores of 50 points each, and Wayne Smith was third with a score of 47.

Lydia Pyron was high for women with a score of 51; Helen Reynolds was second with a score of 48, and Ruth Hill, third, score 47.

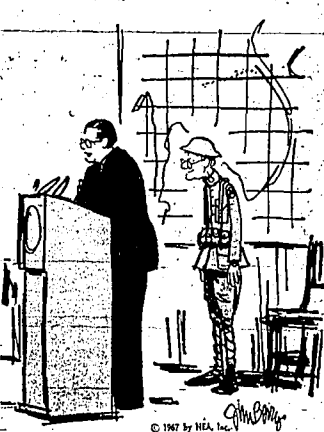

The Green team was high with a total score of 375 points with eight members present, and the Red, also with eight members present, shot for a score of 332.

Since this was the end of the six-months contest, the Green team piled up a total score of 2,184 points to win over the Red with a total score of 2,119. Mr. and Mrs. Norville Reynolds piled up the total six months individual scores to win with 275 points each.

New teams were designated with names being drawn by the new captains, Mrs. Helen Reynolds, Red, and Mrs. Cloc Weech, Green. The "robust" dinner will be given by the losing Red team for the winning Green team at the Oct. 17 meeting.

Mrs. Weech and James Bennett were hostess and host for the evening shoot.

## Cadillac presents elegance in action!

Shown above is the Eldorado, the world's most powerful car below, the popular Cadillac Sedan DeVille.

And the "inside story" for 1968 starts with the biggest, smoothest V-8 engine ever put into a production motor car.

Brilliant new styling • Dramatic new interiors • Totally new instrument panel • Concealed windshield wipers • Improved variable ratio power steering • New disc brakes available • Wide choice of eleven exciting new body styles.

Now, enter a new era of luxury car performance. Cadillac's new 472 V-8 has the greatest torque, or usable power, of any passenger car engine and the newest combination of engine components since Cadillac pioneered the V-8 fifty-three years ago.

You will notice a brilliant improvement in passing performance that in no way compromises the reserve of strength for Cadillac's usual power conveniences.

You will also be impressed with its amazing quiet—so remarkable that only its responsiveness reminds you that a great new engine lies under the hood.

Cadillac for 1968 provides, in addition, its well-proved triple-brake system with timed drums to deliver smooth, straight stopping power. Front disc brakes are

available for those who prefer the further refinement of an advanced disc-and-drum combination, and this year they're standard on Eldorado. You may also choose a greatly improved air conditioning system that moves more air more quietly.

Whether your preference is for one of the more traditional models—or the classic beauty of the Eldorado—come in soon and discover new elegance and excitement in luxury motoring!

THE NEW 1968 CADILLACS ARE NOW ON DISPLAY AT YOUR AUTHORIZED CADILLAC DEALERS.

## Judie Primm, Choate Repeat Nuptial Vows

The First Baptist Church, Twin Falls, was the setting for the Aug. 18 evening ceremony uniting in marriage Judie Lynn Primm, daughter of Mr. and Mrs. Everett L. Primm, and Gary E. Choate, son of Mr. and Mrs. G. E. Choate, all Twin Falls.

Rev. Glen Parish, First Baptist Church, officiated at the ceremony. The bride, wearing a floor-length empire styled gown of peach de soie and tulle, accented with long tulle point sleeves.

The gown featured a long train and a scalloped collar of Chantilly lace enhanced with pearls. Her elbow-length tulle veil of bridal illusion was held by an arrangement of flocked petals accented with pearls and tulle. She carried a bouquet of white baby roses encircled with powder blue shatter-garnations with satin ribbon backing.

Patty Camozzi, Jerome, friend of the bride, was maid of honor. Bridesmaids were Sandra Rountree, friend of the bride, and Gary Choate, sister of the bride, both Twin Falls.

Rocky Carpenter, Boise, friend of the bridegroom, served as best man, with Fred Chisum, friend of the bridegroom, and Jim Primm, brother of the bride, as ushers.

Frank McMillin played the traditional wedding music and Stan Owens was soloist.

Guests were registered by Mrs. Carl Riley, Richfield, aunt of the bridegroom. A reception was held immediately after the ceremony in the fellowship hall. The bride's table was covered with a white satin cloth and blue gladioli and ribbons edging the table. The four-tiered white wedding cake was decorated with blue roses, silver petals and white bells, topped with three blue wedding bells tied at the base of a large heart. The cake was encircled at the bottom with blue gladioli and greenery, flanked by crystal candles with tapered blue candles. The cake was cut and served by Rev. Roy Deaton, Hansen, and Mrs. Ken Reddy, Boise, aunt of the bride. Punch was served by Mrs. Roy Deaton, Hansen, and coffee was served by Mrs. Harlan G. Choate, Fairfield, Boise. Gifts were received by Bill Strickland, brother-in-law of the bride, and Vesta Maudslayi, friend of the bridegroom. Gifts were displayed by Mrs. Sharon Strickland, sister of the bride, and Mrs. Ellen Olson, aunt of the bride.

## Good Condition Required For Beauty Aids

Learn how to keep your beauty accessories in an excellent condition, and you will soon realize your make-up applications will more perfectly reflect the look you desire, says beauty authority, Max Factor.

Face powder brushes are easily cleansed by swishing them through warm, clean suds. Do not use hot water, or some of the bristles might be released. Rinse in cold water, shake until the fine hairs begin to separate, and lay on a towel to dry.

Lipstick brushes may be cleansed by wiping out the lipstick with tissues. However, if they are really soiled, whisk them through a small amount of cleansing solvent, remove all soil and color with a tissue, and allow to dry. You may also cleanse them with soap and water, using the same method as described for the face powder brushes.

However, after rinsing, reshape the sable bristles so they will dry in their original form. Sponges should be rinsed free from make-up and left to dry after each use. However, this does not remove all make-up. Once each week, place your sponges in a small bowl of warm water into which a generous amount of detergent has been added. Let them soak for a few minutes. Then, squeeze the suds through them, rinse, press between the folds of a towel, and dry.

Never let mascara brushes become caked with old make-up. Instead, they should be rinsed out after every use and kept clean at all times. To cleanse powder puffs, gently squeeze in warm soapy water, rinse under the tap, do not wring, but pin on a towel or line and let them drip dry. The velvetty puff will look and feel like new. Take care of your make-up accessories, and they will help to take care of your beauty.

## School Days Theme Used By Women's Club

WENDELL — "School Days" was the theme of the September meeting of Hillandale club held recently, at the Civic Club Rooms.

The program, arranged by Mrs. J. R. Evers, Mrs. Ivan Miller and Mrs. Charley Ask, was in the form of an old-fashioned school day. More than 22 members were attired in appropriate costume.

The program consisted of children's records, nursery rhymes and other songs and games.

Mrs. J. M. Morgan was the emcee at the spelling bee and received a prize. Mrs. Louise Houtburg and Carol Aulis here received prizes for the best costumes.

Mrs. Morgan, Mrs. Ralph Requa and Wanda Fitzsimmons were in charge of the social hour.

Mrs. William Terry, Mrs. Martin Adams and Mrs. Lizzie Gress will host the October meeting. The Halloween program will be arranged by Mrs. Morgan, Mrs. Requa and Miss Fitzsimmons.

MRS. MARIE MCGREGOR, second from right, was installed president of the Paul American Legion Auxiliary and receives the gavel from Mrs. LeRoy Leback, retiring president, right.

Other officers installed by Mrs. Marvin Looslie, fifth district president, are, from left, Mrs. Alvin Silmpson, secretary, and Mrs. Leola McGregor, first vice president.

## Home Agent Honored By Area Council

WENDELL — A farewell party honoring Mrs. William (Ruth) Shane, Gooding County home extension agent, was held at the Civic Club Rooms recently. The party was hosted by the Gooding County Home Extension Council, with Mrs. Lloyd Rickey, chairman, in charge.

A gift was presented to the honored guest who has been county agent for the past three years. She will leave soon to join her husband at Chehalis, Wash.

Mrs. Paul Kearley, Wendell, and Mrs. Roy Graves, Gooding, presided at the coffee service and punchbowl.

Mrs. Rickey announced the late Extension Homemakers Council meeting to be held in Boise Oct. 19-20 at the Owyhee Hotel. Reservations are to be made in advance.

Appointed to the nominating committee were Mrs. John Marble, Gooding, and Mrs. Hazel Haverland, Wendell.

Plans were made for the annual Christmas festival to be held at the Gooding Grange Hall Oct. 20. Registration will begin at 9:30 a.m. All displays are to be complete by 10 a.m. Those attending are to bring a sack lunch. Coffee and punch will be furnished.

The Gooding A.C. Club is in charge of registration. Wendell Home Improvement Club, coffee and punch; Bliss Sunshine, clean up; Orchard Valley Polyanna Club, program; and Hagerman Valley Club, decoration.

A cooked food sale will be held in conjunction with the festival.

## Dear Abby

By ABIGAIL VAN BUREN  
Dear Abby: I am engaged to a guy who can't seem to make up his mind whether he wants to get married.

We have had FOUR blood tests (you can't get married in this state without one) and every time we go to get married he changes his mind and we put it off. I'm 22 and he's 21. I don't think he's ready to settle down yet.

We both work, so money isn't the problem. We have gone together off and on since high school, so we know each other pretty well. He says he loves me and I know I love him. Have you any advice for me? — Needing Advice.

Dear Needing: Yes, Give Your blood to the Red Cross and find another guy. He's not ready.

Dear Abby: Not long ago I wrote you a letter, telling about my miserable homelife. I said my mother was a tramp and my father would get drunk and beat me for no reason at all. Then I told you I turned to my boy friend for the love I needed and he got me pregnant, and we were considering suicide. I gave you my name and address begging you to hurry my answer. I just received the most wonderful letter from you, Abby. You gave me some good advice, with hope and encouragement for the future. And you sent me the name of a home for unwed mothers nearby where I could go for help. Good luck, Dear Abby, and God bless you.

Well, Abby, my letter was a bunch of mind up lies. I have a good homelife and I don't even have a steady boy friend and I surely am not pregnant. I feel so sorry for what I did. Please forgive me. I promise never to do a thing like that again. — Ashamed.

I Dear Ashamed: I can usually spot a phony letter, but when a girl is "in trouble" I take no chances and answer accordingly. (Some of the wildest sinners are "real." You're forgiven but if you have the urge to do any more "creative writing," please spare me.

## Miss Loveland, Bunker Wed In Salt Lake City

SPRINGDALE — Ruth Ann Loveland, daughter of Mr. and Mrs. Don C. Loveland, Bunker, became the bride of Val L. Bunker, Salt Lake City, son of Mr. and Mrs. Lawrence V. Bunker, Delta, Utah, at a ceremony performed at 9 a.m. Sept. 17 in the Salt Lake City LDS Temple.

President Joel Richards officiated at the ceremony and the bride was given in marriage by her father. A wedding breakfast was given at the Doll House in Salt Lake City, and an open house was held at the Lawrence Bunker home in the evening with a reception held Sept. 9 at the Unity Ward Chapel.

The bride wore a floor-length gown of pearly white with an empire waistline, long sleeves, the neckline was of Chantilly lace and seed pearls. The chapel-length full train was edged with matching lace motifs. Her fingertip veil was of a manilla type of English silk tulle.

It fell from a caplet of pearl-trimmed lace holding a droplet pearl on her forehead. She wore an antique gold locket on a chain to her mother and carried a bouquet of roses centered with a white orchid.

Bridesmaids were Marlene Williams, Karen Bean and Cynthia Loveland, Janet Williams, niece of the bridegroom, wore miniature bride and chiel Loveland, brother of the bride, the miniature bridegroom.

Mervin Williams, brother-in-law of the bridegroom, was best man. Ushers were Don C. Loveland, Bruce Loveland and Brock Loveland, brothers of the bride.

Organists for the reception were Becky Larson, Patsy Larson and Mrs. Mayna McGill. Marilyn Munk was in charge of the guest book and Mrs. Wynne Loveland, Mrs. Jeanne Heaton and Mrs. Vera Mae Loveland were in charge of the gift table.

The five-tiered wedding cake was decorated with Talisman roses and centered on an oblong mirror surrounded with greenery and flanked by crystal vases holding Talisman roses.

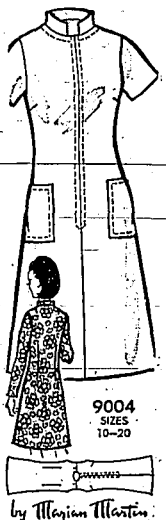

The cake was cut and served by Mrs. Melvin Munk and Mrs. Marlene Munk, aunts of the bride. Assisting with the refreshment serving were Mrs. Violet Baker, Mrs. Donna Call, Ann Garrett and Mrs. Lois Baker.

Guests were seated at quartet tables covered with white cloth, trimmed with ribbons and decorated with arrangements of yellow and orange chrysanthemums. Leslie Munk, Les Ann Loveland, Kristine White, Mynette Bean and Barbara Funk helped serve. Carrying the gifts were Volney Munk, Clayton Munk, Don Dell Loveland and Gary Loveland.

The couple left on a trip to Mexico and they will reside at 1512 S. and W. Salt Lake City. A group of friends, including friends for the bride by her sorority at Brigham Young University from which she was graduated in June.

Out-of-town guests attended from Rockland, Boise and Howell.

## Miss Sudweeks, Smith Marry In Temple Rites

Caroly Sudweeks, daughter of Mr. and Mrs. Raymond A. Sudweeks, Kimberly, was married to Clyde P. Smith, son of Mr. and Mrs. Jack P. Smith, Twin Falls, at the Salt Lake City LDS Temple.

The double ring ceremony was performed by President Clarence T. Tingey.

Accompanying the couple to the temple besides the parents of the bride and bridegroom were Mrs. Leslie M. Hoar, grandmother of the bride, Kimberly; Mrs. Flossie E. Smith, Malia, grandmother of the bridegroom; Don Sudweeks, brother of the bride; Mr. and Mrs. Lynn Cundick, Provo; Mr. and Mrs. Orville Udy, Los Angeles, Calif.; Alice Orr, Brisbane, Australia; Bishop and Mrs. Edwin Crockett, Hansen, and Mrs. Howard Addins, Floyd, Kimberly.

A wedding breakfast was held after the ceremony for the wedding party, hosted by the bridegroom's parents.

A wedding reception was held at the home of the bride, Kimberly LDS Cultural Hall.

The couple greeted guests before the ceremony in a large room, trees forming an arch and decorated with white gladioli flowers and miniature white doves.

The bride wore a floor-length gown of imported silk, fashioned with an empire-waistline and long sleeves. The bodice and sleeves were covered with lace and embroidered with iridescent sequins and seed pearls. The long over silk skirt fell from the empire line and formed a chapel-length train. The chapel-length full train was edged with matching lace motifs. Her fingertip veil was of a manilla type of English silk tulle.

It fell from a caplet of pearl-trimmed lace holding a droplet pearl on her forehead. She wore an antique gold locket on a chain to her mother and carried a bouquet of roses centered with a white orchid.

## Miss Messenger Is Bride Of Thomas Capps

JEROME—Carol Sue Messenger, daughter of Mr. and Mrs. Edward Messenger, and Thomas M. Capps, son of Mr. and Mrs. Elton Capps, all Jerome, were married in a double ring ceremony Aug. 10 at the Church of the Nazarene.

Rev. Don McBride performed the ceremony before a white wrought iron archway decorated with sprays of yellow gladioli. White wedding bells fell from overhead arrangements of yellow gladioli and huckleberry and the archway was flanked with white tapes and baskets of gladioli and huckleberry.

Margaret Van Orman was organist and accompanied Fredwyn Hanger, soloist.

The bride, given in marriage by her father, wore an Empress Josephine silhouette in crepe and sequined scalloped hand-clipped Chantilly lace. The removable lace mantle, chapel train was edged with scalloped lace. A lace bonnet-capp, pearl-encrusted, held her veil of English silk illusion. She carried a bouquet of yellow roses and white stephanotis and wore a pearl pendant, a gift from the bridegroom.

Mrs. Betty Silmette, Ogden, sister of the bride, was maid of honor and Lois Russell, Rupert, and Carolyn Slack, Twin Falls, were bridesmaids. Teresa Hills, Buhl, cousin of the bride, was flower girl.

Mrs. Charles Hosman, cousin of the bridegroom, was best man. Ushers were Dick Rice and Gary Shallenbarger.

Candlelighters were Bonny Hills and Kathy Hills. A reception was held in the church parlors after the ceremony. Mrs. Tony Sabula Jr., registered guests. Gifts were arranged by Mrs. Robert Thackeray, Vicki Knight, Twin Falls, cousin of the bridegroom, and Michael Messenger, nephew of the bride.

The bride's table, covered with white over green, was accented with garlands of fern and centered with a four-tiered wedding cake decorated with white roses and bells. Arrangements of white tapes, yellow roses and white pompons flanked the cake.

Mrs. Dennis Messenger, Twin Falls, sister-in-law of the bride, served the cake, and Mrs. Bruce Bragg, sister of the bridegroom, and Mrs. Lester Hills poured. Reception assistants were Mrs. Raymond Hills, Buhl, cousin of the bride, and Mrs. Albert Hills.

After a wedding trip to San Francisco and Lake Tahoe, the newlyweds are residing in Boise. Out-of-town guests attended from Twin Falls, Buhl, Pocatello, Ashland, Ore., Corvallis, Ore., Burley, Ogden, and Glenwood, Calif.

Mrs. Ethel Dorman, grandmother of the bride, was a special guest. The bride was honored at miscellaneous showers hosted by the Crusade Missionary Society at the home of Mrs. Art Beem; Mrs. Don Russel and Lois Russell, and Mrs. L. W. Sanher and Mrs. Lois Jepson. The parents of the bridegroom hosted a garden rehearsal buffet at their home.

**CHARGES OF FAILURE** to yield right of way against a 15-year-old driver and heavy damage to two vehicles resulted from an intersection accident Wednesday evening in Twin Falls. William B. Wright, 15, 342 Polk St., driver of the 1955 station wagon, right, was cited by city police after his vehicle and the 1958 Ford, left, driven by Landon H. Billado, 47, 404 Jefferson St., collided at 6 p.m. at the intersection of Madison Street and Shoup Avenue.

## Mummified Baby Bodies Are Found

NEW YORK (AP) — An old trunk found in the basement of a Manhattan apartment house has yielded the bodies of three mummified infants, one of whom may have been dead for 47 years.

The bizarre and unusual case came to light when the trunk was opened Wednesday night. Dr. Paul Herman, assistant medical examiner, set an autopsy examination of the infants today to determine how they died.

The discovery was made when John Harinett, superintendent of the building on West 181st Street in the Washington Heights section advised tenants to clear a basement storage area of unwanted items.

Harinett said he found one trunk with the name Anne Solomon on it. It was opened in the presence of Jacob Solomon, 67, whose wife Anne died in 1921 at the age of 48.

Inside the children were found lying side by side—swaddled in cloth and with newspapers wrapped on the outside. Dr. Herman described the bodies as "well kept."

One of the papers was an edition of the defunct Evening World dated Jan. 20, 1920. Another was the defunct Evening World dated Jan. 22, 1923, and the third was the old Evening Journal of Oct. 17, 1923.

Solomon told police his wife had been previously married in 1933 but that he had no knowledge of her having given birth to any children.

## Six Mentally Ill Patients Die In Fire

LAS VEGAS, N.M. (AP) — Six male patients of the New Mexico State Hospital for the mentally ill died early today when they were overcome by smoke during a fire. Another 152 men and women patients were evacuated to safety.

The hospital director, James W. Wagner, said the dead were overcome by heavy smoke as they slept in their beds on the second floor of the two-story brick structure in this north-central New Mexico community.

Wagner said the dead ranged in age from 26 to 79 and all came from the Albuquerque area.

Asst. Director Thomas Barnett said the fire apparently broke out in the first-floor day room of the hospital's north unit. He said it took about an hour to control the fire but heavy smoke apparently filtered through stairwells into the second floor unit where the men lay.

Barnett said, "The building filled with smoke so fast that they apparently became confused and couldn't get out with the rest of them."

Barnett said the other patients were led to safety by four attendants and there was no panic.

He said in all there were 650 patients at the facility.

## Pan Am Airways Works Normally

WASHINGTON (AP) — Pan American World Airways was operating normally today following a brief walkout by several thousand workers.

After a strike Wednesday of about 18 hours, the 2,000 Pan Am workers were recalled to work by the AFL-CIO Brotherhood of Railway and Airline Clerks at the request of the National Mediation Board.

The strike ostensibly involved a wage dispute but an underlying issue was a representation dispute, still to be settled, between the clerks union and the Teamsters Union.

## N.Y. Demos Are Opposing Johnson

NEW YORK (AP) — A group of New York Democrats opposed to President Johnson's Vietnam policy and to cuts in funds for the anti-poverty program has revealed plans to run anti-Johnson candidates for delegates to the party's national convention next year.

Television executive Gerald Rowe said Wednesday that the group aimed to convince Johnson that he cannot win re-election and should drop out of the race.

National convention delegates will be chosen in district primaries here next June.

Rowe, vice president for advertising of the National Broadcasting Co. television network, and others who attended the organization meeting at Rowe's home Tuesday night said the group does not seek to substitute New York Sen. Robert F. Kennedy for Johnson as the presidential candidate.

# Women's Strike For Peace Demonstrate

By FRANK CORMIER

WASHINGTON (AP) — For a few minutes beside the White House, the conflicting psychology of protesting humans and law-enforcing police seemed near the sort of flashpoint that can precipitate a hot-weather riot.

Some 100 partisans of the Women's Strike for Peace, angry because new regulations limit picketing in front of the White House, threw their weight Wednesday against a thin, blue line of U.S. Park Police.

The officers were stretched across the White House sidewalk, arm linked in arm, to make sure the allowed maximum of 100 pickets already on the scene would not be joined by their colleagues in front of the executive mansion.

The women shoved and pushed, blood showed on the shirt sleeve of one police officer and feelings apparently ran high on both sides of the skirmish line in the 56-degree weather.

The women want no part of the Vietnam war.

The 100 women—once threatened by a reinforced human wall of police—sat in the middle of "Executive Avenue," a public thoroughfare bordering the White House.

A man who identified himself as an inspector of the Park Police—which has jurisdiction over the public lands in the environs of the White House—announced over a cruiser-mounted loudspeaker that the antiwar demonstrators had violated the condition of their permit to picket peacefully and that the permit was thereby revoked.

In sober tones he told those sitting in the street that unless they moved within two minutes they would be arrested on charges of unlawful assembly by virtue of obstructing the free use of a public thoroughfare.

Neither side budged until, long after the two minutes had expired, a deputy chief of police of the District of Columbia took over the same microphone and ended the terms.

If the ladies, he said, would simply cross Pennsylvania Avenue to the side away from the White House, they would be given an escort and, furthermore, be permitted to continue their demonstration there as long as it pleased them.

"We shall not be moved," the women began singing.

**WINS TRIP**

HAILEY—Mrs. Rudolph Ellis, the former Lois Dale Blankenship, daughter of Mr. and Mrs. Hansell Blankenship, won an all-expense trip to Montreal, Canada, for herself and husband to the 1967 Exposition in a sales contest at her home in Mount Kisco, N.Y. The couple also took their two sons.

Meanwhile, a lady attorney in the protesting group of 600 was in deep conversation with gold-brained police officials a few yards away.

She returned to the knot of demonstrators after a while and, explaining the legalities of the situation, said: "Why don't we pick ourselves up and go across the street."

This suggestion was greeted by sufficient derisive cries to interrupt the attorney.

"Please let her finish."

Mrs. Wilson finally took the center of the stage and, announcing that "I think we have shown up the authorities for what they are," suggested in mild tones that everyone add a word to the other side of Pennsylvania Avenue.

And they did, as President Johnson continued his activities inside the White House, uninterrupted by the clash.

# Garrison Investigation Financiers Vow Continued Support

By LAURA FOREMAN  
NEW ORLEANS (AP) — Two principal contributors to the private fund that finances Dist. Atty. Jim Garrison's inquiry into the Kennedy assassination vow they'll keep putting up the money as long as they believe he has a case.

"We're in hopes that it's a short-term deal," said Willard E. Robertson, a wealthy New Orleans civic leader, "but we're not going to disband until Mr. Garrison's case is proved or disproved."

Robertson referred to Truth and Consequences of New Orleans, Inc., an organization of 30 businessmen which has been

backing Garrison since the district attorney's undercover investigation became public knowledge last February. At that time, Garrison said he couldn't maintain the secrecy he needed if public funds were used in the probe. Such expenditures would be a matter of

public record.

Garrison disputes the verdict issued by the Warren Commission after its official investigation of the murder of President John F. Kennedy, shot in Dallas, Tex., on Nov. 22, 1963. The commission ruled that Kennedy

was killed by a rifle bullet fired by Lee Harvey Oswald, and concluded that Oswald acted alone. Garrison says he has evidence that a group of conspirators based in New Orleans was responsible for the assassination, that Oswald played only a minor part in that conspiracy, and

that Oswald did not fire the fatal bullet. And, he says, he knows who did.

## News Of Record

### GOODING COUNTY

**Probable Court** — Marcello Gonzalez, Wilder Labor Camp, 100 and sentenced to 30 days in jail for drunk driving. His car was demolished Sunday night when it crossed a large irrigation ditch, went through a fence and landed on a pile of posts in the Penta Post yards at Tuttle. The driver was not injured.

In the 10 months since the district attorney began his investigation, charges have been filed against one man, Garrison obtained a grand jury indictment charging Clay L. Shaw, a retired New Orleans businessman, with conspiracy. Shaw pleaded innocent, and is free on bond while awaiting trial.

Robertson, who is chairman of Truth and Consequences, said last June 9 that the organization had donated \$3,418 to Garrison's probe, and that all but \$38 had been spent. This month, he said, Garrison's expenditures had totaled "a little over \$10,000, but not much more."

"He's not a big spender," said Robertson.

The money, he said, comes in regular donations from the 50 members of Truth and Consequences. "Everyone gives what he can, and it all helps."

## Shrine Band Wins Honors At Blackfoot

BURLEY — The Burley-Rupert Oriental Shrine Band received second place honors in the marching division at the Eastern Idaho State Blackfoot Fair parade.

Members of the colorful Oriental Band marching at Blackfoot were C. C. (Pop) Baker, Lloyd Driskell, John Harris, Charles Skaggs, Roland E. Willis, Bert Wright, George Wadell, Larry Radloff, Wayne Konrad, Henry Oltmann and Otto Rasmussen, all Burley.

Russ Thomas, Bob Sanders, Paul Charles Creason, Bob Reed and Roland Jones, all Rupert, Members unable to march in the parade were Jim Reper, Martin Anderson, LeRoy Goble, all Burley, and Sherman Bellwood, Rupert.

The group marched at Blackfoot on a special invitation. During the past year the band has marched in parades at Boise, Twin Falls, Rupert, Fourth of July, Ketchum, Wagon Days, Blaine County Fair, Eastern Idaho State Fair, and Salt Lake City. The group has two return engagements at Boise and Salt Lake City yet this year.

The Oriental Shrine Band may be seen during half-time Nov. 20 during the basketball game between the Phillip Giers and College of Southern Idaho-Twin Falls, in the Burley High School Gymnasium.

## U.S. Has No Information On Weapons

By BOB HORTON  
WASHINGTON (AP) — Israel captured a wealth of Soviet-made weapons during the Middle East war but American officials scoff at suggestions the United States receives any military secrets in the process.

Defense and State Department spokesmen told The Associated Press there has been an exchange of information between Israel and the United States on the captured weapons. Among war material captured by Israel in the Sinai Desert and other areas were Soviet anti-air missiles, surface-to-air missiles—SAMs—like those used in North Vietnam, at least one MIG-21 jet fighter and assorted other arms worth millions of dollars.

The Pentagon flatly denies reports that a MIG 21 was flown in the United States from Israel for official inspection by intelligence experts.

Defense spokesmen say no weapons were to be or otherwise acquired by the United States for examination. State Department sources say this does not mean there might not be a tacit understanding between lower echelon U.S. and Israeli officials that arms inspections were "thought they could be arranged."

"But frankly we know virtually everything about the MIG 21," a source reported. "The same goes for the SAM missile, which is really a rather unsophisticated type weapon."

## Early Entries Reach 75 For First Annual Twin Falls Open Golf Tourney

About 75 amateurs and professionals already have committed themselves to playing in the first annual Twin Falls Open golf tournament, a successor to the larger Cactus Pete's Open.

The tournament, offering about \$7,000 in prize money and \$1,000 in merchandise awards for amateurs, will be held at the Twin Falls Municipal course Sept. 28 and 29 and Oct. 1.

A pro-am tournament will be held Sept. 28, meaning the open will consist of 54 holes.

Clyde Thomson, course professional, said 25 Twin Falls businessmen and friends of golf have contributed \$2,500 in added money. "We are shooting for a field of 200, half professionals and half amateurs. If we reach that goal the total prize list will be around \$8,500," Thomson said.

Willis Wardlow, who won the Cactus Pete's title last year, will be back to defend his crown. The Marysville, Calif., pro will be facing some of the top club pro competition in the western states.

At least five former Idaho Open champions will be on hand, including Ken Sparks of Nampa, Eric Schneider Jr. of Ogden, Dennis Kramer of Salt Lake City, Tom Williams of Salt Lake City and Cliff White of the Scottsdale, Ariz., Country Club.

Coming from the coast will be Tom Lileheim of Portland, who has always taken money out of the tournament, and putting wizard Al Feldman of Tacoma.

Thomson said a good amateur field is expected and he listed Jack Ridd, the small, powerful

swinger from Magna, Utah, and Herb Pollack, now of San Francisco, as certain entries.

"Although our prize list will be down for the professionals, it will remain just the same for amateurs," Thomson noted.

He added the tuncup program will be separate from the tournament.

**Boston Nips Indians To Stay In First**

CLEVELAND (AP) — Reggie Smith's two-out single in the ninth inning scored Carl Yastrzemski with the winning run as the Boston Red Sox hung on to their share of the American League lead with a 5-4 victory over Cleveland Wednesday night.

The victory kept the Red Sox tied for the lead with Minnesota, which defeated Kansas City Wednesday afternoon.

Yastrzemski, who slammed his first homer earlier, touched off Boston's winning rally with his fourth hit of the night with two out in the ninth.

He moved to second on George Culver's wild pitch and stayed there when George Scott walked. Smith lined his hit to right field and Yastrzemski dashed home.

Six home runs accounted for the game's first eight runs. Consecutive homers by Tony Horton and Max Alvis tied it for the Indians in the seventh against Jim Lonborg.

A fish fry will be held in conjunction with the jamboree.

**Phillies Top Cards Despite 16 Strikeouts**

PHILADELPHIA (AP) — Cookie Rojas' run-scoring single in the fourth inning drove in the tie-breaking run Wednesday night and Philadelphia beat St. Louis 3-1 despite Steve Carlton's 16-strikeout pitching performance for the Cards.

Chris Short struck out nine and the two-team total of 25 strikeouts was one shy of the major-league record set by the Phillies and Pittsburgh in 1955. Carlton's total was the high in the majors this season.

The Phillies scored in the third on singles by Bobby Wine, Rojas and Tony Taylor. Ed Spivey tied the game with his third home run in the fourth inning. In the Phillies half, Gene Oliver doubled and scored on Rojas' two-out single. Rojas doubled in the seventh, went to third on a wild pitch and scored on Don Lock's sacrifice fly.

## Yastrzemski Is Fighting For AL's Triple Crown

By BEN OLAN  
Associated Press Sports Writer  
NEW YORK (AP) — Carl Yastrzemski seems to have the inside-track on the American League's Most Valuable Player award. But the powerful figures of Frank Robinson and Harmon Killebrew are standing in the Boston star's path to the triple crown.

Yastrzemski held the lead in all three triple crown categories, batting, homers and runs batted in. However, as a result of Tuesday night's action, the young outfielder relinquished the No. 1 spot in batting to Baltimore's Robinson.

Yastrzemski was hitless in three trips in the game against Detroit, dropping his average to .312. Robinson, the 1966 triple crown winner, had one hit in two tries, and lifted his average to .315.

For the week ending Tuesday night, though, Yastrzemski gained considerable ground because Robinson dropped eight points with only four hits in 4 times at bat. Yastrzemski had seven hits in 23 at bats and his average did not change.

In the home run and runs batted in competition, Yastrzemski and Killebrew, the Minnesota veteran, are still dueling for the lead with the Red Sox outfielder holding slim margins.

Each hit one home run last week, giving Yastrzemski 40 and Killebrew 39. In the RBI category, Yastrzemski had four and Killebrew five, lifting Yastrzemski's total to 107 and the Twins slugger's aggregate to 103.

Al Kaline of Detroit, Paul Blair of Baltimore and George Scott of Boston also have a chance to win the AL batting crown. Kaline holds down the No. 3 spot with a .305 average followed by Blair at .301 and Scott at .291.

In the National League, Pittsburgh's Roberto Clemente is well on his way to winning his fourth batting title. He leads teammate Matty Alou, last year's champion, by 15 points. Clemente increased his mark seven points to .337 while Alou gained 11 to .342.

Hank Aaron of Atlanta and Jim Wynn, Houston, are deadlocked for the home run lead with 37 while Orlando Cepeda of the champion St. Louis Cards heads the RBI race with 108.

**3-Run Homers Send Redlegs Past Braves**

ATLANTA (AP) — Vada Pinson and John Bench—hit three-run home runs Wednesday night, leading Cincinnati to a 5-4 victory over the skidding Atlanta Braves.

Pinson's home run, his 17th of the season, came in the first inning, but two-run bursts in the fourth and fifth innings out the Braves in front until Bench's homer, his first in the major leagues, in the sixth.

The Braves runs in the fifth came on a two-run homer by Hank Aaron, his 38th of the season.

Home runs — Cincinnati, Pinson (17), Bench (1), Atlanta, Aaron (38).

**Astros Rally In Ninth To Nip Pirates**

HOUSTON (AP) — Pinch hitter Ron Davis delivered a two-out, two-run single in the ninth inning, capping a three-run rally and giving Houston a 5-4 victory over Pittsburgh Wednesday night.

The Astros were trailing 4-2 going into the ninth but consecutive doubles by Jim Wynn and Doug Rader scored one run.

An infield single by Bob Aspromonte and a walk loaded the bases with one out after Aaron Ponder forced Ron Brand at the plate for the second out, Davis' pinch single won it.

# Hagerman-Richfield And Gooding-Wood River Tilts Carry Title Overtones

Richfield could all but wrap up the Snake River Eight-Man Conference title and Gooding and Wood River get together to make a probable championship decision in the Big Eight Conference in the highlight of this week's high school football action. Meanwhile, the battle will continue to rage in the look even Magic Valley Conference and Minico, staying at home to play Bonnevillie, and Burley, traveling to Blackfoot, remain in the Eastern Idaho Conference wars.

Hagerman's chances of becoming the eighth-man league title would be enhanced by a victory over Richfield but the Pirates still have the ever-tough Camas County Mustangs to contend with in a couple of weeks. Richfield passed that hurdle last Friday and a decision over Hagerman would give it sole possession — and a full-time lead — at first place.

Hagerman's credentials are impressive, two lopsided victories over eight-man teams, and if Richfield feels a little better about its big win over the Mustangs last week, the Pirates will knock them off the cloud.

The spotlight stays on the Northwest for Saturday when Gooding travels to Wood River. This could be a bruising defensive battle as both coaches put heavy stress on defense and field position.

Wood River won the Big Eight Conference last year by defeating Gooding in a hard-nosed 7-6 decision. The Wolverines have gone on to run the win streak to 12.

The Filter Wildcats, who also could have something to say about who's going to be champion, will be at Shoshone where the Indians are much scrappier than their size. Valley and Glens Ferry, a pair of teams with 13 records, will be seeking to leave the conference basement at each other's expense when they collide at Glens Ferry.

Kimberly, showing a proclivity for passing in its first two games, invades Wendell, which dropped a 7-6 decision to Shoshone last week and is 1-1.

In the EIC, Minico, bombed 35-0 by Skyline last week, draws another tough foe in Bonnevillie Friday night. Bonnevillie isn't as explosive as Skyline but the Broncos are highly regarded in the conference. Minico is still having trouble finding the punch to carry its drives inside the 25 yard line to the enemy goal line.

Burley returns to defense of its title by traveling to Blackfoot. The Broncos reportedly have a good backfield but don't quite figure to match the Bobcats in the line. Burley definitely needs more running punch, substantiating Coach Rulon Budge's pre-season fear that the backfield depth limited the entire team.

In the Magic Valley Conference, the Matighan Red Devils draw a turn at trying to stop the eager Deco Hornets, happily basking in the return of

# Twin Falls Invades Buhl Friday Night

By LARRY HOVEY  
Times-News Sports Editor

Buhl's John Walker-headed defensive unit runs into a Bobby Blake-led offensive team Friday night and the resulting game should just about answer which is the best football team in the area. The Indians and Twin Falls Bruins get together for the 10th consecutive year at 8 p.m. Friday on the Buhl turf.

With these two out Buhl's offense will be hurt, particularly in timing. It will not be a defense on Dan Turner, junior fullback, who already was the workhorse. It probably will bring Lynn Babington, a veteran right halfback, into center stage, too.

Wells and Giese figured prominently in Coach Gary Selby's best series against Burley. Wells could hand off, on a dive to Giese, roll out, run and option or flip a swing pass to Turner, the man in motion. This particular play requires head-up defense from a minimum of four men and was a cause of concern for Coach Edson.

But Twin Falls isn't hurting too badly defensively — except for allowing the long bomb much too frequently.

The Bruins have held all rushing plays to an average of 10 yards but eight pass completions have netted the opposition 268 yards. For that reason, Bruin fans might get their first look at quarterback Von Wells doing at least one defensive work at cornerback.

Going into the weekend Blake leads the Southern Idaho Conference in rushing, total offense, scoring and punt returns. He has 294 yards in two games and has scored 36 points. He has returned six punts for 140 yards and a touchdown. Wells took the lead in passing with 180 yards and fifth in total offense.

Defense has been the key word at Buhl, which has a win and a tie so far. The defense has set up the lone touchdown drive "the tie" against Minico and blocked punt, again by defense, got the two points that beat Burley last week.

The blessing for Twin Falls is that the game wasn't played last week. After a hard week on the practice field, trying to eliminate some of the mistakes shown in the Idaho Falls loss, the Bruins had five starters on the Red Cross last Friday.

Two were the halfbacks, Blake and Bret Staples, with leg muscle pulls.

Buhl's curse was that the game wasn't played earlier. Fullback Dan Giese is out, perhaps for the season, with a broken wrist sustained during practice Tuesday. Listed as a doubtful participant is Jim Meylan.

## Homers Lift Twins Over Athletics 6-2

MINNEAPOLIS, ST. PAUL, Sept. 21 (AP) — Tony Oliva and Bob Allison straddled two-run homers and Harmon Killebrew drove in two runs with a pair of singles, pacing Minnesota and Dean Chance to a 6-2 victory over Kansas City Wednesday.

Oliva's 18th homer handed Chance a second run-scoring single tied the game in the third inning. Allison's 22nd homer gave the Twins a 6-2 cushion in the fifth.

Chance allowed only four hits in posting his 19th victory against 12 losses. He gave up rookie Dave Duncan's fourth homer with a man on base in the second to fall behind 2-1. But the big right-hander surrendered only one other hit the rest of the way to go the distance for the 17th time this year.

## Meylan Is Named Lineman Of Week

By The Associated Press

Wayne Meylan, Nebraska's All-American middle guard of last season, is back at the old stance in the current college football campaign and his efforts against the University of Wisconsin last Saturday have earned him the College Lineman of the Week designation.

The 6-6, 235-pound senior from Bay City, Mich., made 15 unassisted tackles and so harassed the Pacific Coast team that the Cornhuskers spilled the favored Huskies 17-7.

# Officials Clinic Planned In-Conjunction With NBA Exhibition Tilt In Rupert

**RUPERT**—John Vanaak and Bill Konkel, a pair of veteran officials out of the National Basketball Association, will conduct a referee's clinic for all the interested Magic Valley officials Oct. 7.

The clinic, which will be held just prior to the NBA exhibition game between the Los Angeles

**JERRY WEST**, standout guard for the Los Angeles Lakers, will lead his teammates against the Baltimore Bullets in a National Basketball Association exhibition game in the Mindoka County High School gymnasium Oct. 7. Tickets for the event are available in three Magic Valley towns.

Lakers and Baltimore Bullets, is set for 5:45 p.m. at the Ponderosa Inn in Burley. It is being held in cooperation with the Fourth District Officials Association with Commissioner Carlos Berriochoa, Shoshone, and Frank Urquison, Rupert, heading the committee for the local group.

The clinic, like the exhibition, is being co-sponsored by the Intermountain AAU Basketball Committee and KBAR Sports of Burley. "We thought this would be an excellent chance for area officials to get an insight into the way the real pros do it," says Bill Schoen, Rupert, chairman of the combined event.

Looking at the game, Schoen said ticket sales continue to move briskly, particularly in the Burley-Rupert area. He said a good response has been met at a ticket outlet in Twin Falls and mail orders were coming in well.

"I want to impress on everyone that while we will have no reserved seats as such we will have a seat for everyone that buys a ticket," Schoen said. "The Magic Valley gymnasium will seat about 3,000 persons. We will add some auxiliary seating. That way we should be able to make the seating guarantee, because we are definitely going to sell only 2,050."

Schoen said he was in almost daily contact with representatives of the teams and added they have been wonderful to work with. We are the smallest stop on the exhibition tour and they want us to make a good showing so they can plan on making Rupert an annual stop.

Tickets for the event are on sale at Thriftway Drug and K-Bar in Burley, Rupert, and a Colleshop in Twin Falls and Jack's 66 Service in Rupert. Tickets also can be requested by mail in care of AAU Basketball Headquarters, Rupert. Price is \$2.50 and \$4.00 for adults and \$2.50 for children. No checks will be accepted.

### Burley Golfers Set Tourney On Weekend

**BURLEY**—The first annual Burley-Harvest amateur golf tournament will be conducted this weekend over the Municipal course, announces Professional George McHale.

The meet, based on two days of medal play, will be the second of the season for the Burley course. It also is an addition to the usual tournament fare offered Magic Valley golfers.

McHale said participants may select their own foursome and tee-off times for Saturday but the field will be fought and assigned pairings and tee-off times for Sunday. Flights will be determined by handicap.

Expected to play are the champion brother set of Don and Val Toolson, both Rupert, who won the Burley and Rupert Amateur championships earlier this summer.

### Dodgers Ride To 4-3 Win Over Mets

**NEW YORK (AP)**—Al Ferrara's two-run double snapped a scoreless tie in the sixth inning and the Los Angeles Dodgers went on to a 4-3 victory over the New York Mets Wednesday night.

The Dodgers loaded the bases with none out in the sixth against rookie Danny Frisella on a walk to Willie Davis and infield hits by Ron Hunt and Ron Fairly. Ferrara's double drove in two runs and Los Angeles added a third on Luis Alcaraz's sacrifice fly.

Don Drysdale, who won his 12th with late-inning relief help, drove in the Dodgers' fourth run with a seventh-inning double. Los Angeles, 000 003 100—4 3 1

### Haynes Has Recovered All-Star Running Touch

**NEW YORK (AP)**—When Abner Haynes and Cookie Gilchrist switched places in a seven-player trade in June, many football people said Denver and Miami merely were exchanging problems.

Coach George Wilson of Miami disagreed.

"Everyone said Abner was a troublemaker," Wilson said, "but he's no more a troublemaker than the man in the moon."

Haynes, however, runs better than the man in the moon, and that has meant a lot of trouble for the rest of the American Football League.

Actually, it meant a lot more trouble in the first five years of the league's existence—Haynes was an all-star the first three seasons—than in the past two when his productivity dropped off sharply.

But the 28-year-old halfback apparently wants to rectify the

### Perry Hurls Giants Past Chicago 5-1

**CHICAGO (AP)**—Gaylord Perry fired a seven-hitter and won his fifth straight game, improving his record to 19-15 as he pitched San Francisco to a 5-1 victory over the Chicago Cubs Wednesday.

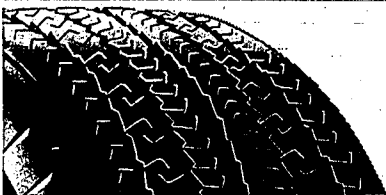

The triumph was the Giants' 13th in 17 games this month. San Francisco took a one-run lead and the first, and then knocked out Chicago starter rookie Rich Nye during a two-run third.

The Davenport collected four straight hits for the Giants, three singles and his fifth homer.

BURLEY—The Burley municipal election will be held Nov. 7, to name three councilmen, announced city council members. At this week's meeting, councilmen discussed the laws governing the city elections which were changed during the last state legislature. The major change is that all candidates may run at large and do not have to reside in the district or precinct for which they are seeking election. This would make it possible for all three elected to be from the same precinct, it was noted. Terms which expire this year are those of Jay Nichols, Nor-

## Littering In T. F. Exists; Officials Ask Public Help

By FRED DODDS  
Times-News Staff Writer

Twin Falls has an anti-litter ordinance, the school system has a weekly clean-up campaign, police are watchful, but a problem exists.

In an area near the courthouse the litter problem is acute. The Rev. Eugene Tjarks, pastor of the Lutheran Church of Our Savior, was contacted Wednesday and asked about the problem around his church.

"It's bad, of that there's no doubt," Tjarks said. "Cans and papers were seen on the lawn and steps of the church, litter was in the gutter on the public street surrounding the church. The alley behind was littered."

A similar problem exists in other areas of the city, and not all are near schools.

The Rev. Mr. Tjarks said containers have been provided, but have done little good. "Often there is more litter near the church than in it," he said. Most of the litter is dropped near his church by youngsters on their way back to school from lunch.

Some of the litter has been blown there by the wind.

Herb Derrick, city manager, said today the police department is responsible for enforcing the litter ordinance in the city, and the city sanitation inspector also sees that litter is picked up.

Litter is carried throughout the city from more than 7,000 homes, and according to Derrick, "it is a hard problem to keep ahead of."

The city has worked with school officials on the problem. Jeff T. Anderson, clerk-treasurer of the area school district, said custodians clean up areas near schools on Saturday, and there are continuing programs going on in which school youngsters are told about littering.

"We don't intend for littering to happen, and we are doing everything possible to prevent it," he said.

The Rev. Mr. Tjarks said he would "have" to see police officers stationed around the city during certain hours to curb the litter problem, but added he had no solution to the litter question.

Persons caught littering can be found guilty of a misdemeanor or fined or jailed.

Mr. Derrick said: "We have probably overlooked the basis for the problem, instead of trying to educate the youngster we should go directly to the parent. Much of this starts at the

home," he said.

Derrick urged all citizens to take an active part in preventing the spread of litter, urging them to place all waste in containers for pickup by sanitation crews.

Wind was cited as one of the major factors in the spread of litter, and it was pointed out that litter usually will not spread if placed in a container.

Citizen cooperation and help from school children were urged by all officials contacted.

AS A MATTER of tradition, or instinct, most boys and the bathtub are not on the best of terms. But it's not so at bathhouse at the St. Francis Home for Boys in Detroit, Mich., where boys are taught to bathe each other as they take in a row. Every night, without exception, 200 young people are bathed from top to bottom at the orphanage. It's one of the highlights of the day. (AP wirephoto)

## Committee Prepares For Gooding Sale.

GOODING.—The district 4-H, FFA and FFA Fat Stock Sale committee met Monday evening at the Gooding County Agent's office to finalize plans for the 1967 Gooding 4-H and FFA Fat Stock Show and Sale, which will be held at the Gooding Livestock Commission Co. Saturday.

The committee have their responsibilities nearly finished, according to Dale Walton, Gooding County Agent. He said 4-H and FFA members from throughout the Magic Valley are eagerly awaiting the sale in Gooding on Saturday. Indications are that approximately 240 head of fat beef, lambs and

and people to reward the youngsters for their efforts and interest in the livestock industry, which is an integral part of the Magic Valley economy.

Walton stated that everyone is welcome to the show and sale.

"If your locker is empty, you could do no better than fill it with 4-H or FFA beef, lamb or pork," say the fat stock sale committee members.

The committee members feel that the success of the 1967 4-H and FFA Fat Stock sale now lies in the hands of the public and commerce throughout Magic Valley.

## 2 Mechanical Moles Burrow Quietly For San Francisco's First Subway

By LEONARD MILLMAN  
SAN FRANCISCO (AP) — Two mechanical moles are burrowing quietly under Mission Street for San Francisco's first subway.

From the days of horse-drawn street cars, San Francisco has traveled on the surface—except for tunnels through Twin Peaks. It's been by cable car, streetcar, trackless trolley or bus, linking with ferry boats or bridges.

Subway tubes, scheduled for completion in 1969, will be part of the 75 miles of the \$1-billion San Francisco Bay Area Rapid Transit District. The system will tie the three counties together with 15 miles of subway, surface, elevated and underwater.

high-speed rail lines. It includes five miles of twin and four-bore tubes under San Francisco.

The first of 18 tunneling machines and shields that will operate under San Francisco's streets began boring in mid-July.

The 93-ton twin was lowered in September to the mud-splattered bottom of a four-story hole that marks their starting point at 15th and Mission streets. It will trail a safe 150 feet behind its companion as they cut mile-long twin bores.

The rest of the San Francisco tunneling will be carried out on surface, elevated and underwater.

other has begun. Some are still to be built. Stations, all to be built by cut and cover operations, involve still other contracts.

The machine helps—from its solid steel boring front to its erector arms in back which swing steel lining into place.

The face of the machine is an 18 foot circular shield. It has three hydraulically actuated doors, each fitted with special dirt-cutting teeth. The wheel is turned by 20 hydraulic motors producing 1,500 horsepower. It is driven forward by 29 125-ton hydraulic jacks.

Every 20 inches the machine stops, its erector arms then go to work. They swing into place a protective steel liner, divided into six segments. Men bolt these into place. Grout is poured back of the liner to seal out the water.

Then the machine again moves forward, the hydraulic jacks pushing from the newly installed liner.

Muck pours through the rear of the tunnel machine head onto a conveyor belt, into little rail cars which are hoisted to the open hole and lifted to the surface to be dumped.

GOODING—A new organization, the Pre-School Service, sponsored by the Gooding PTA, will come into being at 10 a.m. Sept. 28 at the Episcopal Parish Hall in Gooding.

The new organization is for mothers of all pre-school children from babies through kindergarten age. Meetings are scheduled for 10 a.m. to 11 a.m. the fourth Thursday of each month at the Parish Hall at the corner of 7th Avenue and Idaho Street.

Purpose of the organization is to help mothers, through discussions, with problems confronting them concerning their pre-school children. Open panel discussions will be held at each

## Cupid Runs Afoul Of New Marriage Law

Several young couples have met with unnecessary disappointment in recent months because of a lack of knowledge of the new marriage regulations. County Clerk Harold Lancaster said yesterday.

The new law, he reminded local residents, requires a full

three-day waiting period for persons under 21 years of age from the time they apply for marriage licenses and the time the license is actually issued.

"Many young couples, busy with wedding preparations, forget to pick up the license until a day or two before the ceremony is scheduled," Mr. Lancaster said.

"Then they appeal to me, as do the parents, to waive the law and issue them a license in order not to have to postpone an elaborate wedding that has been planned for weeks and to which invitations have been sent."

Actually, he said, these people are asking the clerk to break the law and are taking a chance of invalidating their marriage.

District Judge James M. Cunningham has asked Twin Falls Prosecuting Attorney Mike Felton for an opinion as to the three day waiting period, Mr. Lancaster said.

The opinion of the attorney states the intent of the legislature was to protect the young persons under 21 years of age and that if either of the couple below this age the license cannot be issued less than three complete days after application is made.

"No mention is made of waiving the requirement or shortening the period," the opinion states, "and therefore the clerk and court have no right to do so."

Mr. Lancaster said a clerk who waives the stipulation is

committing a misdemeanor and is subject to \$100 fine.

## Violence Erupts

WASHINGTON (AP) — An anti-Vietnam demonstration by some 600 women resulted in brief violence in front of the White House Wednesday and a police threat—never carried out—to make mass arrests.

The demonstrators, members of the Women Strike for Peace, White House sidewalk clear of all but the assigned pickets.

Monument to the White House in a straggly, chanting line, then became angry because a new local regulation limits the number of pickets permitted on the White House sidewalk to 100.

Police checked off 100 of the demonstrators, told them to go about their picketing and instructed the others to stay across the street near Lafayette Park.

Some of the women—about 100 of them—decided they didn't like the restriction and crossed the street where they had a pushing and shoving match with police assigned to keep the

## Cassia School Need Stressed To C. of C.

BURLEY — Members and guests of the Burley Chamber of Commerce heard information on the proposed \$2.5 million Cassia County School Bond during the noon luncheon Monday at Bryan's Cafe.

Lloyd Hollinger, president, urged "all Cassia County women and the businessmen to get out and work to put the school bond issue over."

"Members of the Chamber of Commerce must become aroused over the school situation, for as it is now it is a black eye to our chances of business and industrial growth," Hollinger stated.

"The women of the county must get mad over our school conditions and get all the women united to remedy the faults that now exist. If these two things would happen, the proposed school bond could be passed," Hollinger said.

The program was under the direction of Jack Snow, chairman of the Citizens' Committee, who acted as master of ceremonies.

Mrs. Don Beckham announced that 100 women have been enlisted in a house-to-house drive explaining the school needs to mothers in all of Cassia County.

The group has been named "Mothers on the March for Schools."

"We are not mad, but we are certainly determined and we are going all out in an effort to have the proposed school bond approved," Mrs. Beckham said.

The Moms are sponsoring a no-host luncheon at noon Thursday in the Burley Elks Lodge hall, Mrs. Beckham announced.

The Cassia County School board is supplying qualified speakers for the luncheon to explain the school bond proposal and answer questions.

Robert Peterson, a member of the Chamber of Commerce in industrial committee, told chamber members that good schools are very important to business and industrial firms looking for new sites to locate.

"According to a national survey educational facilities rate at the top of the list of requirements when a company is looking for a new site to locate," Peterson said.

Mat Warr, business manager of the Cassia County School Central office, reported that the 1966-67 payroll was \$1,897,950, with the greatest per cent of the checks being cashed in Cassia County.

"The payroll is \$2.32 per cent of the entire maintenance and operation budget," Warr stated.

"There are 233 teachers in the Cassia County School system," stated Extra Moore, county superintendent. "Teachers coming into our area look at the size of the school, salary scale, schedule of classes, number of students in the classrooms, and the appearance of the buildings."

Mr. Snow reported that "nothing has been done in building new facilities for 31 years, and we are paying for it now. We cannot continue to bury our heads in the sand," he said.

"Farmers, businesses and industrial people of Cassia County are using up-to-date modern equipment and tools in their every day work, while our school system is still in the

## Mrs. Mabbutt Is Speaker At Gooding PTA

GOODING—Mrs. Helen Mabbutt, teacher of the special education class at Gooding Elementary School, was guest speaker at the first meeting of the Gooding PTA held Monday evening at the elementary school auditorium.

She pointed out that all human beings need special services at one time or another during their lifetime, and this is a special service she provides with her classroom, which has been a part of the elementary system for 10 years.

Mrs. Mabbutt pointed out that the goals of these children are the same as goals for all children, and all education, including self-realization, human relations, economic efficiency, and civic responsibility. Some children need more services than others and these are the type of children found in her classroom.

Her primary objective is teaching toward life functions of citizenship, communication, home and family, leisure time, management of materials and money, occupational adequacy, physical and mental health, safety, social adjustment and travel.

Areas of knowledge covered in the classroom are arithmetic, fine arts, language arts, physical education, practical arts, science and social relationships. She pointed out that all her students can learn and can become contributing members of society.

Mrs. Floyd Urie, membership chairman, outlined plans for a membership drive in October.

Mrs. Floyd Blamires reported on the Pre-School Service plan for the fourth Thursday of each month for mothers of preschool children and Mrs. Herman Pope, hospitality chairman, announced that attendance awards were won by Mrs. Lillian Osborne and Louis Durfee.

Dee Keller, superintendent of schools, introduced principals and teachers of the school system.

Eugene Gibbons is elementary school principal and teachers are Mrs. Florence Melles, Mrs. Anna Severe, Florence Farnham and Mrs. Jay Brown, first grade; Mrs. Dee Fahrenwald, fourth; Pauline Byram, Mrs. Wilfred Reed, second; Mrs. Walter Harris, Mrs. James Kaneaster and Mrs. Lucy Oates, third; Mrs. Harold Henderson, Mrs. Lillian Osborne and Mary Welch, fourth; Mrs. Alice Cargill, Mrs. Adolphe Gerard and Mrs. Betty Miller, fifth; Mrs. Helen Mabbutt, special education class and Mrs. L. Carron, music.

Mr. Keller also introduced Louis Durfee, principal of Frahm Junior High School, and his teaching staff. Mrs. Dale Butler, Mrs. and Mrs. Gordon

High school staff members include James Wallace, principal and football coach; Mrs. Harold Black, English; James Beck, science; Robert Blessinger, science and social science; Delbert Bleazard, business and physical education.

Mrs. Blythe Clemens, English; Jack Jansen, social science; Richard Lee, shop and government; Kathy Logan, commercial and physical education; Mrs. Lalene Meyer, music and art; Ruth Meyer, library; Mrs. Gary Major, reading and foreign language; Mrs. Elmira Morris, home economics; Ted Nehrkass, mathematics and science; Richard Reed, English, speech and journalism; Duane Schmitt, vocational agriculture, assisted by Gail Sears, University of Idaho cadet; Dean Sisson, English; Morton Krahn, mathematics, and Mrs. Robert Stuart, guidance counselor.

The meeting concluded with a short talk by Mrs. Major and a presentation of her class entitled "See Mother Run." Participating were Steve Edwards, Hobby Olander, Michelle Sharpe, Janice Dixon, Chuck Story and Julia Pavkov.

Flowers and corsages were furnished by the Gooding Garden Club and refreshments were served by the executive

Norway, Germany, Czechoslovakia, Austria, France, Switzerland, Ireland and Belgium.

Miss Taylor was part of a People-to-People program to show Europeans examples of the

average American teen-ager. She was part of some 60 4-H members who left Spokane last June. They visited New York City and Washington, D.C., before going abroad.

The group was accompanied by Mr. and Mrs. D. E. Warren, Moscow, Mr. Warren is state 4-H leader and professor of agriculture at the University of Idaho.

## Utah-Idaho Printers Union Meet Set Here

## News of Record

### T. F. COUNTY State Police Blotter

Herbert B. Thomas, 60, 314 12th Ave. N., Buhl, was cited for passing at an intersection after being involved in an accident four miles east of Buhl on Highway 30 at 4:40 p.m. Sunday. Thomas, driving a 1966 Plymouth sedan, was attempting to pass two vehicles, when he realized that a 1950 Chevrolet truck driven by John H. Woody, 25, Route 2, Filer, was making a left turn off the highway. Thomas struck his brakes and his car slid 89 feet, hitting the Woody vehicle on the left side.

Raymond J. Newman, 29, Rt. 1, Wendell, was taken to Magic Valley Memorial hospital following a one vehicle accident six miles north of Buhl on the Clear Lakes Road. Newman, driving a 1959 Ford, was traveling down the south side of the Clear Lakes grade, approaching the bridge, when he no-

ticed a pickup truck on the west side of the road. Newman lost control of his car, which skidded 191 feet and went over a sharp embankment. He was cited for failure to keep his vehicle under control.

West had to discard and the last thing he would do would be to throw a club, with that long club suit in dummy. He chuckled his jack of diamonds.

The hog threw away dummy's club suit and he was East. He turned to discard. East also felt that he had to hang on to four clubs and let the ten of diamonds go. Thereupon the whole diamond suit and it was East.

You have already noticed that with diamonds breaking evenly there was no defense against a diamond slam.

The Kibitzers asked the Hog about this.

He replied, "Of course the diamond slam was on. I didn't know it when I jumped to three no-trump. Ordinary players would have bid—two or maybe three diamonds—with my hand. I was the hog and I would do it. Anyone could make six diamonds. Only I could make three no-trump!"

Q—The bidding has been:

What do you do now?  
A—Bid six no-trump. Your partner made the initial clamor. He should have something more than just the aces and kings he has shown you. If his extra is a five-card club suit with the jack, you have enough for six no-trump; if it is the queen of hearts, you have enough for seven hearts.

**TODAY'S QUESTION**  
Instead of rebidding one heart, partner rebids one no-trump. What do you do now?

**Answer Next Issue**

Today finds the Hideous Hop struggling with an impossible three no-trump contract after typical hoggish bidding. He has only eight tricks after West's opening heart lead. See if you can find the trick play that produced his ninth.

He ducked one heart, took the second heart and led the suit right back. West proceeded to cash all his hearts. A really smart West might not have cashed the last one but Hog's opponents aren't supposed to be smart.

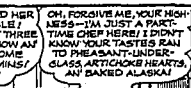

The Hog discarded two diamonds from dummy and one from his hand. With four tricks in West shifted to a spade. The hog won in dummy and led a second spade to his queen. There he cashed his ace of spades.

Dear Trusted: You can't hope to go up to the folks, say, magic lanterns, the phrase, and suddenly have them as if they were before the blazes at the party. You broke your word and where once there was trust now there's suspicion. In time if you're scrupulous in your behavior, they may decide you've matured and can be depended upon once more. But be realistic: it's a matter of months, not years.

his son that his small cousin is not to be teased, tricked or tormented. These two actions should remove the need for any vigilante gang-up.—Wait.

**GOOD INTENTIONS,**

**BUT BAD IDEA**

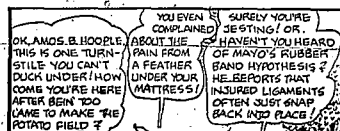

Dear Walt: I have a problem. My best girl friend's birthday is next week. What I want to do instead of buying something she would like is to give her money for dinner and a movie so this boy she likes and ask him to take her out as my treat. How would it sound something like this: "I'm thinking of giving you money for dinner and a movie. What do you think?" She doesn't know anything about the idea, honestly—Cleo.

him, why, he said his boyfriend didn't like me. Do you think I was just using that as an excuse? Or if not, what business does he have with me? I don't like him. I liked me or not? We couldn't they keep their noses out of our business—Unhappy.

Dear Unhappy: For one reason or another, the romance of the boy lost interest in himself, or if he severed himself at his friends' urging, the result is still the same. But less so.

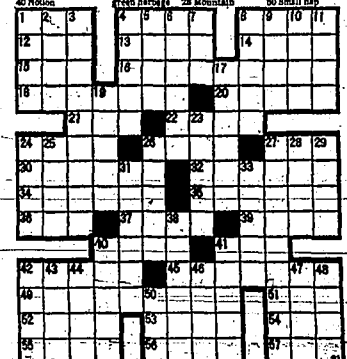

Dear Cleo: Your impulse is since there's a suspicion in interference jammed you up. # T.F. Student Aids ISU Exploration

TWO IDAHO STATE University students are seen here digging through layers of dirt in an effort to learn more about men who might have lived on the Fort Hall Indian Reservation up to 11,000 years ago. The exploration project was conducted this past summer by ISU officials.

POCATELLO—A Twin Falls student at Idaho State University worked with nine other students in excavating Snake River bottoms near the Fort Indian Reservation this summer.

The effort was to find evidence of man's occupation in the area 3,500 years ago.

Christopher Metzler, Twin Falls, worked on digging through layers of dirt in the project. He and the other students found scraping tools, milling stones and spear points.

The excavations were part of a project started in 1965 when permission to explore the sites was given by officials of the Fort Hall Tribal Council.

Dr. Earl H. Swanson, chairman of the University's Department of Anthropology, said some of the sites found indicate that people had camped in the Fort Hall area up to 11,000 years ago.

## Kiely Gets Top Toastmaster Spot

Tom Kiely was elected president of Club No. 703, Toastmasters International, last Monday night. He replaces Dr. Harry Crawford, who moved to Salt Lake City, Utah.

Dr. Lucien Laferriere was elected educational vice president to replace Mr. Kiely. The club members also voted to support the YMCA Youth Leadership Toastmaster program.

The Blue Pencil for best speech and table topics was won by Bob Day.

## Invaders

CADILLAC, Mich. (AP)—Armed with 12-gauge shotguns, patrolmen drive around the city in the dead of night, checking areas where invaders have been reported.

"The patrol got seven in one night," Lt. Willard Irwin said.

"They've killed about 30 or 40 this fall."

The invaders are skunks. The patrol has been under way for 10 years but Irwin said there are more skunks this year.

Irwin said he believes the skunks come in out of the dry woods to dig in lawns for food and will leave "as soon as the snow flies."

## Youth Drowns

SPOKANE (AP)—Three-year-old Todd Elbert drowned Wednesday morning after wandering away from his lakeside home. His father, a physician, neighbors and sheriff's deputies worked more than two hours to revive him, but failed.

The boy was the son of Mr. and Mrs. Vincent J. Elbert. Their home is next to Newman Lake in the Hammond Bay area.

The father told authorities a search started shortly after 8:30 a.m. when the boy turned up missing. The senior Elbert told authorities he walked to the water and saw the boy's body in the water beneath the bow of a boat.

## Spending Cut Talks Getting Nowhere

WASHINGTON (AP)—Two days of talks have brought no agreement between Johnson administration officials and congressmen seeking a sharp spending cut as the price of a tax increase.

"They're living in a dream world," Rep. Al Ullman said Wednesday. President Johnson and his advisers who seek a 10 per cent surcharge on most income taxes.

On the other side of the Capitol, four Republican senators contended Johnson has failed to make a convincing case for his

proposal. They were James B. Pearson of Kansas, Hugh Scott of Pennsylvania, Jacob K. Javits of New York and John J. Williams of Delaware.

Ullman, an Oregon Democrat and one of the few House Ways and Means committee members publicly supporting a tax increase, said he told administration officials at a closed session Wednesday they had better inform the President of the committee's feelings.

"There isn't going to be a bill unless there is a \$5 billion spending cut in spending this year."

It would be silly for us to send a bill to the House now—we'd be licked two to one," Ullman said he told the officials.

Ullman and the Senior Republican member of the tax-writing committee, Rep. John W. Byrnes of Wisconsin, agreed in separate interviews the committee isn't getting from the administration the kind of information it seeks on the prospects for reducing spending.

# '68 Buick. Now we're talking your language.

We changed the Skylark from front to rear, we gave it a whole new look, simply because we believe you want a car like this. In other words, we're talking your language.

We thought you'd like to have a little easier time parking. So we shortened the wheelbase of the two-door Skylark down to 112 inches.

The new 230-hp., V-8 engine runs on regular gas. It's standard on all Skylark Custom models.

We also refused to limit your choices. Skylark Custom comes in four models, 15 colors and 32 trim combinations. So talk to the man who talks your language, your Buick dealer.

All Buicks have a full line of General Motors safety features as standard equipment. For example, side marker lights and energy-absorbing steering column.

Wouldn't you really rather have a Buick?

The '68 Buicks are at your Buick-Opel dealer's now. He's ready to talk your language.
