HUNTSVILLE, Ala. (AP)—A late fall tornado killed two persons and injured at least 29 others today, and a third person drowned when his car plunged into a rain swollen creek as severe weather struck a large area of north Alabama.

Heavy Snowfall Hits North Side

Heavy snowfall which began about midnight Sunday has again dropped the most new snow in the Shoshone-Richfield area. Schools were closed in at least four communities in Magic Valley Monday.

No snow was reported west of Hammett, but the storm spread across the Wood River valley area, and dropped three to four inches in the Mini-Cassia area and four inches at Fairfield. Gooding had seven inches and some buses were late making their rounds.

Kenneth Ray Henderson, 29, was killed in the Taluka community of Morgan County south of here.

The heaviest snowstorm of the season, approximately 22 inches of new snow fell at the Magic Mountain Ski Resort Saturday and Sunday.

Greek Negotiations Deadlocked

By PHILIP DOPOULOS ATHENS (AP) — Negotiations between the Greek military junta and King Constantine over his return to the throne appeared deadlocked today after the Greek cabinet discussed the king's terms. There was no indication the military regime would accept them.

Terms included continued exile for Constantine's mother, Queen Frederika, and puppet status for the king.

Two Small Virginia Boys Killed By Pack Of Dogs

LYNCHBURG, Va. (AP) — A pack of German shepherd dogs attacked and killed two small boys Sunday while their father fought futilely to save them by clubbing the animals with a rake.

Goodman and his wife are in Lynchburg General Hospital where they are being treated for shock.

THE BEST PLACE to be is on the inside looking out during storms such as those that clogged roads and closed schools during the weekend. Approximately 22 inches of new snow fell in a single storm that continued from early Saturday morning until Sunday evening at the Magic Mountain Ski Resort. The storm, seen here through the ski lodge window, was the answer to skiers' prayers, but not so welcome to highway districts and school officials. High winds accompanied the storm in most regions.

Acceleration Of Vietnam Land Reforms Urged

128,000 families since 1954, including 51,800 acres to 12,000 families this year. Twin Falls Times-News Dec. 18-19, 1967. 3

4. "The Viet Cong during this period have instituted their own land reform program—reportedly distributing some five times the amount of land distributed by the government — and this program has not been effectively countered."

By CARL P. LEUBSDORF
WASHINGTON (AP) — For the second time this year, the chairman and ranking Republican on a House subcommittee have urged U. S. officials to pressure the South Vietnamese government to accelerate land distribution and other reforms. They say the Viet Cong is way ahead of Saigon in this respect. Secretary of State Dean Rusk says the South Vietnamese have pledged to take such action.

Reps. John E. Moss, D. Calif., chairman of the House foreign operations and government information subcommittee; and Ogden R. Reid, R., N. Y., told Rusk in a letter released Saturday night that land reform should begin immediately. Sources said their letter, which charged the Viet Cong land distribution program has involved five times as much land as that of the government, contained the conclusions of a forthcoming subcommittee report.

"We trust that during the impending period of congressional adjournment," Moss and Reid wrote, "the Department of State will take such action as is necessary to make crystal clear to the government of South Vietnam the imperative nature of its undertaking a true commitment of action with regard to the pressing problems of land reform."

Rusk replied to the letter by saying the State Department already is looking toward further action by the Saigon government regarding land matters. He said this includes "the whole broader field of agricultural development and reform."

Rusk said South Vietnam's newly elected government has made clear it plans further action on land distribution and reform. He referred to Prime Minister Nguyen Loc's statement pledging the government would distribute public lands to peasants, re-establish 500,000 expired land leases and issue ownership certificates to 110,500 peasants who have bought expropriated rice fields.

On Aug. 28, Moss and Reid wrote Rusk, when the subcommittee's previous reports were issued, that "The American people have the right to expect either prompt and meaningful substantive action by the government of Vietnam to deal effectively with the problem we have detailed or a searching re-assessment of the United States position."

Reid said in a weekend interview that one major problem is the attitude of both North Vietnam and South Vietnam toward the U. S. commitment. "I think that our government is not always taken seriously in Hanoi and is taken for granted in Saigon," he said. Reid added that officials in Saigon incorrectly tend to regard the U. S. commitment in Vietnam as an "indefinite blank check."

Over-all he continued, "the pace and the scope of social and economic reform is far too limited." The letter from Moss and Reid listed these conclusions:

1. Distribution of land was at a virtual standstill between 1962 and 1967.
2. "The present maximum retention limit of 247 acres may well be excessive. A retention limit of seven-to 10 acres would appear to be more equitable."
3. Only 607,000 of 2.47 million acres have been distributed to

292 Viet Cong Defect In Last Week

SAIGON (AP) — A total of 292 Viet Cong defected to the government last week under the Chieu Hoi (open arms) program, officials said today.

The total for the period Dec. 2-8 was two-thirds the number who defected during the same period last year. It was well above the record weekly low for the year recorded the previous week when 215 Viet Cong defected.

The weekly figure brings to 26,381 the number of Viet Cong defections recorded so far this year, compared with 18,189 for the same period last year.

Meanwhile, U.S. officials reported today that in the last 19 days, 92 Viet Cong had turned themselves in to government troops in the northernmost 1st Corps area. The U.S. Command quoted Ambassador Robert W. Komer, who heads the U.S. advisory role in pacification, as saying that the high number of defections there indicated that the Viet Cong was losing control over the population in that area.

Komer said primary effort and concern will be given to the security and well being of the defectors and their families.

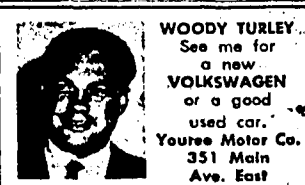

The total included a 38-member platoon of Viet Cong which defected near Tam Ky Dec. 5. A squad of Communists, including 20 local guerrillas and two North Vietnamese regulars, defected on Dec. 12, and 32 defections were reported Dec. 15.

Although the total number of Viet Cong defections is running ahead of last year, in the past several weeks the number has fallen off and has been consistently below the weekly figures for the same periods last year.

The latest weekly figure of 292 compares with 464 for the same week last year.

In another phase of the battle for men's minds, U.S. planes dropped 11.8 million propaganda leaflets in North Vietnam's southern area last Thursday, officials said. The leaflets, which were dropped from the demilitarized zone 95 miles north to Ha Tinh, told of the recent inauguration in South Vietnam of an elected government.

Market Talks Are Launched

By CARL HARTMAN
BRUSSELS (AP) — Britain's friends in the European Common Market launched a two-day effort today to open negotiations on Britain's membership application. President Charles de Gaulle was expected to balk them again.

Foreign ministers or their representatives from all the member countries — West Germany, Italy, France, Belgium, The Netherlands and Luxembourg — assembled for the meeting of the Common Market Council. Britain was not invited.

Five of the six members want to start negotiations with Britain, Ireland, Norway and Denmark, and the sooner the better. Only France is opposed. But De Gaulle has insisted on keeping a veto for such matters, and the others have failed to budge him.

The five say they want a clear answer by Tuesday from the French on whether negotiations can start so that everyone can see who is responsible.

West German Foreign Minister Willy Brandt has threatened to hold up action on a matter of vital interest to France, relations between the Common Market and Africa. Belgium is reported delaying an order for French Mirage planes to add to the pressure.

Chances are good for a compromise that would delay matters again, although the British say they want a clear answer too.

Beginning Jan. 1, French Foreign Minister Maurice Couve de Murville becomes chairman of the council. Little progress can be expected for the six months he will hold the job. He was expected to stand firm today against setting a date for negotiations.

Dahomey Coup Leader Takes Reins

COTONOU, Dahomey (AP) — Maj. Maurice Kouandete, who led a coup against Dahomey President Christophe Soglo Sunday, made himself head of a provisional government today, Radio Cotonou announced.

Kouandete and fellow army officers engineered the overthrow, bloodlessly, the third coup since Dahomey gained independence from France in 1960. Soglo, 58, who led the two previous coups, was unharmed but under house arrest with his wife, U.S. Ambassador Clinton Knox reported.

Kouandete named himself president, defense minister and information minister, the radio said. He headed a committee of 15 officers, ranging from major down to warrant officer, who carried out the coup.

Kouandete, 35, was cabinet director for the army chief of staff, Col. Alphonse Alley.

Alley, who had been considered Soglo's chief rival, was kept in military custody most of Sunday but was allowed to return to his home Sunday night.

Two civilians from the Soglo regime were retained in the provisional cabinet, which the military said would rule until a new constitution is submitted to a referendum in six months.

The civilians are Dr. Emile Zinsou, the foreign minister, and Pascal Chabi Kao, who moves from minister of labor to minister of finance.

The other seven cabinet members are from the 1,300-man army.

Gov. Reagan Vows More Frugality

SACRAMENTO, Calif. (AP) — Gov. Ronald Reagan has promised Californians more frugality in state government during 1968, particularly in programs which consume the most tax dollars — welfare, medical care and education.

The Republican governor presented a blueprint of the second year of his "Creative Society" program in a television and radio broadcast Sunday evening.

He pledged his administration would live within its means without raising taxes again. But the real needs of the state's nearly 20 million citizens won't be sacrificed in the name of cost-cutting and economy, Reagan said.

Dinner Held By Hagerman Legion Units

HAGERMAN—A joint potluck Christmas dinner was held by the American Legion and Auxiliary, Lea Owsley Post No. 31, last week.

Tables were decorated with the Christmas theme by Mrs. Kate Billiard, Mrs. Eleanora McConkey and Mrs. C. O. Shore. During the dinner, Mrs. Shore read a Christmas poem.

Separate business meetings were conducted following the dinner. Due to the small attendance because of the cold weather, the auxiliary tabled their business until the January meeting. The Legion members agreed to donate \$80 to the newly organized Hagerman Chamber of Commerce.

Cmdr. David Fish re-appointed Lloyd Jensen, Merle Owsley and Dean Holt to the baseball committee for the 1968 season. Plans were discussed concerning Boys' State. Any junior class boy meeting the qualifications of leadership, scholarship and character is eligible to try for Boys' State. The Legion sponsors three boys.

SWARTHMORE, Pa. (AP) — Tom G. McFadden, Boise, a student at the College of Idaho, was named Sunday as one of 32 Rhodes Scholarship winners in the United States.

The scholarship is good for a minimum of two years study at Oxford University in England, including all tuition, living quarters and other school expenses.

TRAINING PLANNED
BOISE (AP) — Some 1,600 national guardsmen in a southern Idaho armored cavalry unit will undergo special training when their unit becomes part of the U.S. Army Special Reserve Forces SRF program.

Gen. George B. Bennett, Idaho adjutant general, said the 116th Armored Cavalry Regiment will become combat-ready as the result of a shift in the program.

The unit will replace the 116th Engineering Battalion in the special force.

The armored cavalry unit becomes a part of the SRF Jan. 1. Special drills and additional field problems will be assigned the unit.

2 HOSPITALIZED
BOISE (AP) — Two persons were still hospitalized today for symptoms reported to be from food poisoning. They and three others were stricken after eating in a Boise cafe.

One of the five, Mary Duskin, Boise, was a cook at the cafe. She was in fair condition in a Boise hospital. Another, Leonard Coswell, Eversville, Ark., was

in an Ontario, Ore., hospital. Coswell, a companion and a Boise couple had eaten in the cafe Saturday night. All were hospitalized.

The couple, Mr. and Mrs. Farrell Ferguson, were released from the hospital Sunday as was Marvin Coner, Lincoln, Ark.

Conner and Coswell were passing through Boise. Samples of the food from the cafe were being tested.

HOTEL, CLUB BURN
IDAHO FALLS (AP) — Fire destroyed a two-story downtown hotel and adjacent night club Sunday night.

Six residents of the building were evacuated unharmed, but two firemen were injured, one with a cut hand and the other with a hurt knee.

The roof of the hotel and the floor of the night club caved in as flames shot 20 feet into the air. A general alarm brought 65 firefighters to the scene.

Cause of the fire was not immediately determined. An adjacent Chinese restaurant was evacuated and furniture taken from nearby offices, including the Idaho First National Bank.

PRESENTS GIVEN
BOISE (AP) — Appointed state administrators gave Don W. Samuelson and his wife Christ-

ADOPTION

Q. Is it legally possible for a single woman to adopt a child?

A. No general answer can be given to this question — check with your local agencies or an attorney. Several years ago experts of the World Health Organization met to discuss the mental-health aspects of adoption. They agreed that single women (except the child's mother) and widows are likely to have mixed, partly selfish, motives for adoption, and concluded that it was perhaps better for the child to be adopted by a married couple.

Oil Depot Is Built By Reds

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — Shielded by rainy-season weather that has hampered U.S. air raids, North Vietnam has assembled a huge new oil depot piled with thousands of fuel drums, U.S. government sources say.

The new fuel dump—apparently a key one in supporting the truck movement of war supplies toward South Vietnam—is said to be only two miles south of Haiphong.

Because it lies so close to a population center, sources said, the oil depot would be attacked only if U.S. pilots could see it clearly and bomb visually. This restriction would preclude radar bombing through overcast.

A month-long period of heavy rains over North Vietnam broke last week and U.S. bombers have been concentrating on knocking out bridges and communication links close to Hanoi and Haiphong as apparent first priority. The rainy season is expected to last several more months, so the good bombing weather may not continue for long.

During the monsoon rains and heavy cloud cover, the North Vietnamese reportedly have repaired most of the bridges, railroads, highways and airfields which were pounded by U.S. bombers and fighter-bombers during intense, wide-ranging raids last summer and early fall.

The new oil depot is reported to be close to a stream which the North Vietnamese have dredged recently so that oil tankers can move out of Haiphong harbor and partway up the river where they discharge their loads of fuel drums into barges.

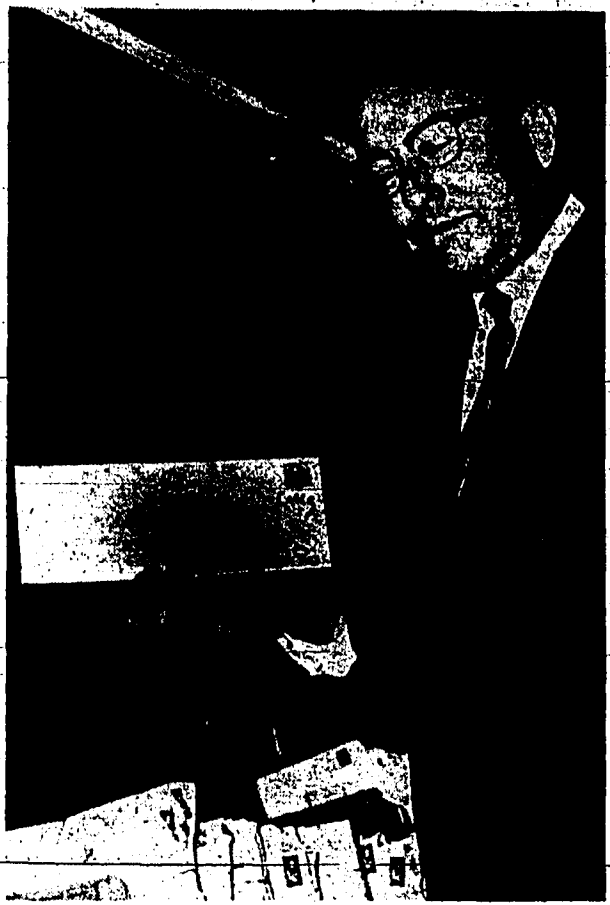

U.S. intelligence is aware of considerable barge-building activity. It includes the assembling of metal barges which evidently have come into Vietnam in prefabricated sections.

This all coincides with a continuing shift of big amounts of the war supplies and equipment from truck to barge movement, sources said.

Among other targets hit by American bombers in past months, sources said, two trans-shipment points southwest of Haiphong have been rebuilt. It was reported that fertilizer, once a major commodity entering North Vietnam, no longer is showing up on the docks to any important extent. Instead, foodstuffs represent a growing proportion of the goods and material being unloaded at Haiphong and other ports.

CLOSES DOWN MADRID (AP) — Because of student demonstrations and strikes against police power on campus, two parts of the University of Madrid closed down in the past week.

EVERY CHRISTMAS A child somewhere in the Magic Valley sends a letter to Santa Claus. The letter is usually addressed care of the North Pole, and often the letter bears a ZIP code. Things are no different this year at the Twin Falls Post Office, as Postmaster Fred Sanger shows here. But the mail always gets through. Mr. Sanger has made special arrangements for having Santa Claus mail forwarded, and each child who writes can be assured his letter will be read.

News Of Servicemen

Airman Ic. Mark A. Detwiler, son of Mr. and Mrs. John Detwiler, Jacksonville, N.C., former Twin Falls resident, has been promoted to sergeant. Sgt. Detwiler is a crew chief attached to the Pilot Training Wing at Reese Air Force Base, Lubbock, Tex.

He was graduated from the Twin Falls High School in 1964 and attended the University of Idaho and Idaho State University before enlisting in the Air Force in 1966.

Army Pvt. William M. Browner, 21, son of Fountain Browner, 178 Wiseman Ave., Twin Falls, has completed eight weeks of advanced infantry training at Ft. Ord, Calif.

He received specialized instruction in small unit tactics and in firing such weapons as the M-14 rifle, the M-60 machine gun and the 3.5-inch rocket launcher.

SINGS IN CHOIR WENDELL—Barry Howsden, son of Mr. and Mrs. Marshall Howsden, is a member of the choir at Idaho State University and will sing with the group at the Christmas concert.

Fireman Apprentice Craig E. Carroll, USN, son of Mr. and Mrs. Frank E. Carroll, Rt. 1, Twin Falls, is serving aboard the 37,000-ton amphibious assault carrier USS Princeton.

The Princeton, which has participated in extensive action in the coastal waters off Vietnam during the past three years, has recently completed 100 days of overhaul at the U.S. Naval Shipyard—Long Beach, Calif. While final overhaul work is being completed, the Princeton will hold sea trials and conduct refresher training exercises.

During its deployment off the coast of Vietnam the Princeton served as flagship for the U.S. Seventh Fleet's Amphibious Ready Group.

Bruce O. Everett is home on a 15-day Christmas leave with his parent, Mr. and Mrs. Dennis Everett, Shoshone.

Brooke Says Money Needed For Slum Relief

WASHINGTON (AP) — Sen. Edward W. Brooke, R-Mass., a member of the President's Advisory Commission on Civil Disorders, says Congress will have to spend a lot of money to bring relief to America's riot-torn slums, likening the problem to the Vietnam war.

Brooke—the Senate's only Negro member—said the Vietnam war costs \$2.5 billion or more a month and added: "But this is also a war in the United States. It is an important war, and this war must be won as well and I think we are going to have to spend the money necessary in order to win that war."

Another member of the civil disorders commission, Sen. Fred R. Harris, R-Okla., said "it would be terribly wrong to be surprised again next summer as we have been in every summer past" if riots break out. He said the social conditions causing the riots in the past have not been changed.

"We have got to learn from experience a lot better than we have in the past," Harris said. Brooke and Harris commented Sunday on NBC's "Meet the Press."

Brooke said the commission will have recommendations for Congress in its final report, due in February, which will include spending, but did not detail them. However, he expressed hope Congress would act in its

second session of the 90th Congress, beginning Jan. 15, even though inflation fears and Vietnam spending made the Congress budget-conscious in the first session.

Commenting on Black Power advocates Stokely Carmichael and H. Rap Brown, Brooke said they represent the dissatisfaction of young Negro militants with "the slow process of racial equality that has been going on in this country."

"The thing we should be more concerned with than those who incite riots, are the conditions which make people incitable," Brooke said. "Stokely Carmichael and H. Rap Brown would not be able to find followers if those conditions did not exist."

Harris declined to express specific agreement to a prediction by Prof. Herbert J. Gans of Columbia University that the violent repression of city riots will lead to "expanding guerrilla warfare between the races until the entire country becomes a tinderbox, like South Africa."

Gans made the comment in recent testimony before the civil disorders commission which was released Saturday.

He urged governmental action to deal with "grievances that make the ghetto boil over and that encourage police, the troops and their supporters in the white population to resort to excessive repression in return."

But Gans added a long-range program will be needed to change the relationships between whites and Negroes.

Republicans in the House were reported by one of their leaders to be preparing a civil rights bill for the next session of Congress.

Rep. Melvin R. Laird of Wisconsin, chairman of the House Republican Conference, said the measure will include a "modified" open-housing provision. But he did not detail the GOP plan.

Laird appeared on ABC's "Issues and Answers."

A House Armed Services subcommittee said Sunday legislation is needed to protect federal personnel who are assaulted while trying to quell civil disorders.

The report said troops and other federal officials assigned to anti-riot duty are not protected by federal law against assault, injury or death at the hands of rioters.

It also urged early commitment of adequate forces when trouble breaks out and laid

Cabinet Status For Commissioners Of Education Suggested By Subcommittee

By GARVEN HUDGINS
AP Education Writer
WASHINGTON (AP) — Cabinet status for the U.S. commissioner of education and a step-up in the timetable of appropriations for education were recommended Saturday by a House subcommittee.

A special report on the U.S. Office of Education follows a months-long study carried out by the House Education subcommittee headed by Rep. Edith Green, D-Ore.

Mrs. Green said in a statement that the study was not intended to be an expose nor was it an effort either to scourge or whitewash a government agency.

"We sought to appraise objectively the operation of the Office of Education and its administration—a broad array of old, new and complex problems," Mrs. Green said.

The report does not urge any major reorganization of the Office of Education but recommends that units inside the agency with similar functions be pulled together to eliminate overlap.

Mrs. Green said the subcommittee's recommendation of Cabinet status for the U.S. commissioner of education, currently 47-year-old Harold Howe II, is based on its belief that this would permit the President and Congress to oversee more effectively the federal government's responsibilities to education.

There have been previous suggestions for splitting up the present Department of Health, Education and Welfare, which produces severe difficulties in the educational system.

"Our study suggests a possible answer would be appropriations one year in advance of the fiscal year in which the school year begins," she said.

was given Cabinet status in 1953. But the proposal has never been endorsed by the White House nor seriously considered by Congress.

Late federal funding of educational projects, Mrs. Green said, produces severe difficulties in the educational system.

Senator Asks Suits Testing School Aid

WASHINGTON (AP) — Sen. Sam J. Ervin Jr., D-N.C., says he will ask the Supreme Court to permit suits testing the constitutionality of federal aid to church schools.

Ervin said he will make the request in a friend-of-the-court brief in connection with a pending case on behalf of Americans for Public Schools and the Baptist General Association of Virginia.

"These two groups have asked me to present their views to the court because they are convinced that only by judicial review of the First Amendment can the public schools be protected and religious liberty preserved," he said in a statement. "I share their views completely."

Buhl Sorority Sends Greetings
BUHL — Mrs. Jon Edmons was hostess for the December meeting of Omega chapter of Beta Sigma Phi. Christmas cards were sent to members of Beta Sigma Phi throughout the country who are shut-ins. Plans were made for the Christmas gift exchange which will be held at the home of Mrs. Mike Felton. Dress will be casual. The chapter will serve as typists and receptionists for the Red Cross bloodmobile during the December drawing. Mrs. John McCandless presented the program on her stay on the island of Crete near Greece. She showed slides and other articles of interest. Refreshments were served by Mrs. Edmons and co-hostess, Mrs. Charles Langley.

Party Held

HANSEN — Annual Christmas party and gift exchange of members of the Home Improvement Club was held at the home of Mrs. Harold Moore. Mrs. Larry Morrison was welcomed as a new member. Mrs. William Pearson, Mrs. Howard Sievers, Mrs. Wayne Butler and Mrs. Eldon Larson were hostesses. Mrs. Roy Hancock, Mrs. Gordon Hill and Mrs. Moore planned decorations. Mrs. Kenneth Daw and Mrs. Gordon Hogan presented fun games for entertainment.

Prizes Won
HANSEN — Mrs. Don Conner and Charles Renfrow won high score prizes at the Joker Pinocchio Club meeting at the home of Mr. and Mrs. Von Nebeker. Mrs. Renfrow and Lloyd Mitchell won low score prizes, and the traveling prize was also awarded to Mitchell.

SEVEN WEEKLY SESSIONS for members of the Charm School, sponsored by the Camp Fire Girls and Junior Club, concluded with a tea recently at the Methodist Church Fireplace Room. The Charm School was under the direction of Mrs. Dorothy Peavey, field worker for Camp Fire Girls. Co-chairmen for the Charm School were Mrs. Robert Alexander and Mrs. John Rosholt, and tea chairmen were Mrs. Larry Henman, Mrs. Russell Peterson and Mrs. Chick Litke.

Tea Concludes Charm School Classes In T.F.

The Fireplace Room at the Methodist Church, was the setting for the Charm School Tea sponsored recently by the Camp Fire Girls and the Junior Club. The event was planned and carried out by members of the class, which had met for seven weekly sessions, and their mothers were special guests.

The tea table was appointed with a lace tablecloth, silver service and a holiday centerpiece of pine cones, greenery and red candles. Mrs. William Floyd, president of the Junior Club, and Mrs. James Vandenberg, executive director of the Camp Fire Girls, presided at the table.

A feature of the program was modeling teen fashions by members of the class. Girls modeling were Mitzi Sweet, Anna Finklinburg, Cathy Blake, Annamarie Lynch, Vicki Martin, Florence Wasiko, Connie Thomason and Betty Grose. Linda Smith was narrator. Piano music was provided by Sue Ann Robinson. Dresses were provided by the Paris Jr. Shop.

Charts and posters used during the sessions were displayed about the room.

The Charm School was under the direction of Mrs. Dorothy Peavey, field worker for Camp Fire Girls. Co-chairmen for the Charm School were Mrs. Robert Alexander and Mrs. John Rosholt, and tea chairmen were Mrs. Larry Henman, Mrs. Russell Peterson and Mrs. Chick Litke.

Instructors for the classes were members of the Junior Club, and all office work was contributed by the Camp Fire Girls' Office. The session on posture was conducted by Mrs. James Fitzpatrick; skin care, Mrs. Duane Schrank and Mrs. Bill Fullmer; hair care, Mrs. Joe King and Mrs. Eddie Sutton; personality, Mrs. Larry Harvey, and nutrition and exercise, Mrs. Fred Decker, Mrs. Eddie Sutton and Mrs. Max Euteneier. Etiquette was taught by Mrs. William Reese, Mrs. Larry Henman and Mrs. Gary Jensen; and clothes-and-modeling by Mrs. Richard Reed, Mrs. Jorry Meyerhoeffer, Mrs. Bob Latham, Mrs. Loren Wheeler and Mrs. Bob Musser. There will be another similar course for Junior High girls in the spring.

Social Events

Primrose Rebekah Lodge will meet at 8 p.m. Tuesday at the IOOF Hall. Members are asked to bring donations of food for a Christmas basket. All visiting Rebekahs are welcome.

And Promptly Stop The Itching, Relieve Pain In Most Cases.
New York, N.Y. (Special): Science has found a medication with the ability, in most cases — to promptly stop itching, relieve pain and actually shrink hemorrhoids. Tests by doctors proved that in case after case, while gently relieving pain, actual reduction of the inflamed hemorrhoids took place. The secret is Preparation H®. There's no other formula like it! Preparation H also soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

Dear Abby

By ABIGAIL VAN BUREN
DEAR ABBY: My boy friend is stationed at Tan Son Nhut air force base, Viet Nam, and I would like to quote a part of the letter I received from him yesterday:

"There is a Sgt. Jefferson over here whose problem was 'no mail,' so he wrote to Dear Abby. She printed his letter and asked if some of her readers would care to write to him. Well, you would have to SEE the mail that poured in to have believed it. He got so much mail that he sorted it according to states, then he put a mimeographed notice in every mailbox here, saying that anyone who wanted some mail from his home state should come down and help himself. I was on duty then, but later I went down and took a bunch from Pennsylvania.

"Let me tell you, Dee, the people in the United States are the greatest! I already knew that, but some of those letters were out of this world. Folks of all ages, and from all walks of life wrote to this sergeant. You should see the guys with all that mail. They are trying to answer as many as they can. So am I."

"This morning I wrote a letter to a mother in a little town in Pennsylvania I never even heard of. She has seven boys, and just wrote to thank all the fellas over here for what we are doing for her and her seven sons. It really got me. I am so proud to be an American, and you can bet your bottom dollar that every one of the troops in this stinking place is saying the same thing, and I mean it from the bottom of my heart."

Well, Abby, I just thought you would like to know what one letter in the "Stars and Stripes" did for our men over here in Viet Nam. And I personally want to thank you for bringing so much happiness to so many people. Sincerely yours,
DOLORES FLICKINGER

DEAR ABBY: I am the Sgt. Malcolm Jefferson who wrote to you from Viet Nam. I said I was lonesome and wanted some mail for Christmas. You published my letter in your column, and so far I have received over 100,000 letters and 1,000 packages. They're still pouring in, and I've quit counting, but I am passing them around to the others who want mail. I've heard from all 50 states, and even some foreign countries. (I don't know why, but the two cities I received the most mail from were Dayton, Ohio, and Las Vegas, Nevada.)

Tell your readers that some of them may not receive a reply instantly, but I will personally do my best to answer as many as I can, if I'm still at it when I'm retired in the Old Soldiers' home. And if it is possible to answer mail in the world beyond, I'll do that, too.

Someone suggested that I have "form letters" made up, saying, "Dear Friend, thank you for your letter, etc." But, Abby, how can you answer a 6-year-old girl, who wants to know if she can send you a Bible, with a form letter? And how can you answer a mother, whose only son was killed in Viet Nam, with a form letter? And how can you thank teachers with a form letter for having the whole class write to you? And how can you send a form letter to an 8-year-old boy who says he wishes he could send a big box of cookies over here for our fighting men, but his family is on welfare?

I heard from a 10-year-old girl in Rome, Italy. She said, "Malcolm, Dear, if you answer my letter, please don't put your return address on the envelope because my mother might wonder why a strange man is writing to me." Another girl, age 12, wrote, "I have 10 brothers, 4 sisters, 7 rabbits, 2 dogs, 3 cats, and 21 kittens."

Abby, I did not receive one smart-aleck letter. Everyone who wrote expressed appreciation for what we are doing over here. I want to thank them all from the bottom of my heart. God bless you, Dear Abby. And God bless America.

SGT. MALCOLM JEFFERSON

TO MY READERS: I want to personally thank every man, woman and child who answered my plea and wrote to a lonely serviceman, and sent Christmas packages to Vietnamese orphans and refugees. The response was overwhelming! And to Feature Editor Peter Elders, San Diego Union, and Representative Bob Wilson (38th District, California) a special thanks, for having quickly cut the red tape that sent those letters and packages on their way, after learning that they had been held up by the defense department.

Unfortunately, some letters and packages were returned to their senders before the combined efforts of Editor Elders and Representative Wilson became effective. And to those who sent them, my apologies.
ABBY

Troubled? Write to Abby, Box 69700, Los Angeles, Cal. 90069. For a personal reply, inclose a stamped, self-addressed envelope.

Excellent Skating Provided By Cold

By ELMA GOODMAN
Times-News Correspondent
GLENN'S FERRY — You can say one good thing for the freezing weather day and night lately — there's excellent ice skating on Morrow's reservoir! It used to be in long ago days parties thought nothing of hiking out there to a skating party. It is a few miles out of town, and safe to pet all the young-

Freshmen, Juniors Lead Honor Pupils

SHOSHONE — The Junior and Freshmen classes tied for number of students on the last six week-honor-roll-school-officials announced today. There were 13 from each class who made the roll.
Seniors came in second with 10 students on the roll and sophomores had eight.
Seniors include George Arrossa, Randy Berriochoa, Vicky Bozzuto, Geanine Cope, Maxine Eldredge, Gienda Guthrie, Gary Larson, Marilyn Manning, Doris McDonald and Allen Meyer.
Juniors are Alan Crothers, Carmen Haddock, Katie Hansen, Barbara Horn, Stanley Kerner, Jeanne Larsen, Donna Mahbutt, Rhonda Oneida, Carl Pendleton, Louise Struchen, Ruth Tews and Connie Urrutia.
Sophomores on the roll are Paul Berriochoa, Terri Churchman, Layne Haddock, David Holt, Ellis Johnson, Michael Manning, Susan Neher and Katherine Pagaoga, while freshmen are Lisa Berriochoa, Gary Burkett, Stacie Churchmen, Ellis Gooch, Tom Haddock, Dorothy Hubbs, Mary Jackson, Robert Larson, Mike Lehman, Jim Pagaoga, David Ritter, Patricia Saras and Johnny Urrutia.

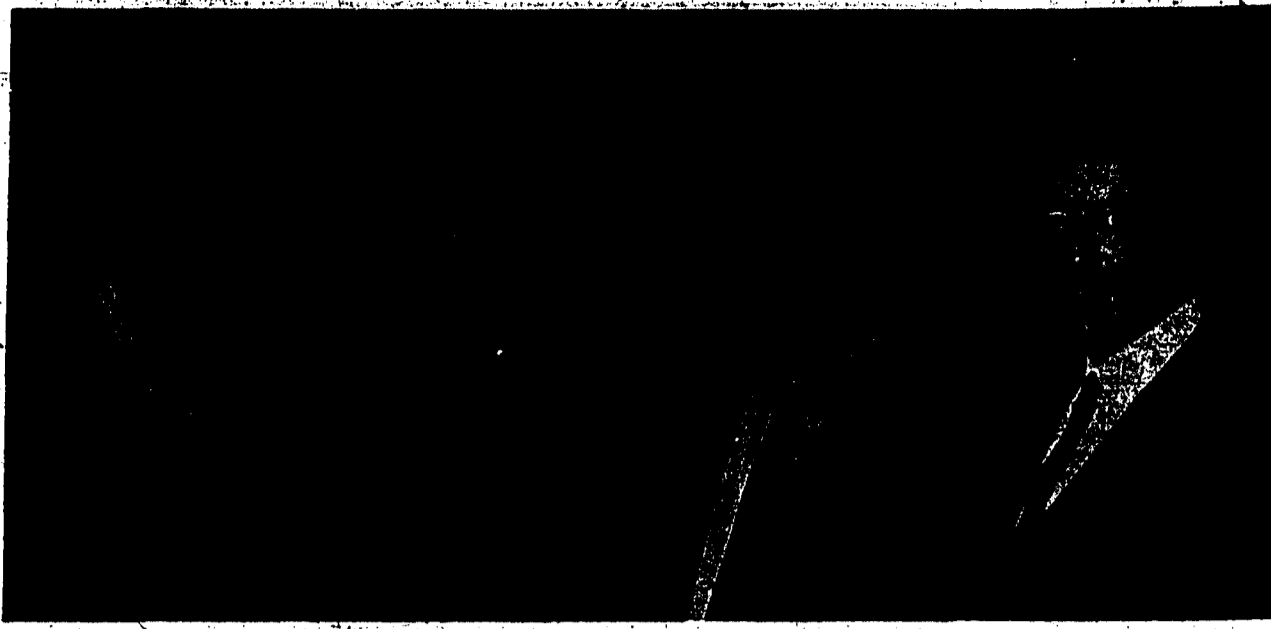

sters take cars any more. Ice skaters aren't too easy to locate now, either, since few winters bring good ice weather.
Bad effects of the cold have been frozen water pipes (bad from the home owner's point of view, not so bad from the busy plumber's!) which have kept several residents busy getting thawed out one way or another. Some pipes burst, as at the coin-op car wash Friday morning.
One of the direct causes to the freezing troubles was a power outage for half an hour early Friday. Some furnaces went out and refused to come back on. There is electrical heating at the car wash and when the heat went off, the water soon congealed in its pipes.

Sleepers were awakened by chattering teeth when electric blankets went off in the outage. Some of them don't turn back on when the power resumes.

Bright sunny days look from indoors as it's not as cold as the thermometer insists, but you better believe it when you get outside.
The skaters take a thermos of hot cocoa to help warm up during the brief rest periods these chilly nights. But they are having the time of their lives!

NAACP Gives Food Baskets

FAYETTE, Miss. (AP) — One-thousand poor families received money and food baskets Sunday in Christmas project sponsored by the National Association for the Advancement of Colored People.
Canvassing a five-county area in search of the needy, the Southern Division of the NAACP aided in the way that would help them most—money for rent and utilities, or food. Fayette is east of Natchez in a rural area.

TWIN FALLS MOTEL Association members Friday night voted Morris Cobb, right center, as new president, succeeding Tabb Harding, center left. Members also voted Vern Wendell, left, as secretary-treasurer and Mel Harrison, right, as vice president. The election and a Christmas party were held at Griggs Cafe.

Denver Wins U.S. Support In Bidding For Site Of 1976 Winter Olympics

By WILL GRIMSLEY
NEW YORK (AP) — Denver, the mile-high city in the heart of the Rocky Mountains, beat out three other cold weather playgrounds — Salt Lake City, Seattle and Lake Placid, N.Y. — Sunday for U.S. Olympic support in bidding for the 1976 Winter Olympic Games.

The United States is rated a good chance of landing these games as well as the summer Olympics of that year because it is the 200th anniversary of the birth of the country.

Three governors appeared before the 43 members of the board of directors of the U.S. Olympic Committee.

Denver won on the third ballot, receiving 26 votes while Lake Placid, N.Y., received 17. Salt Lake City and Seattle were eliminated for the third vote.

Gov. Nelson Rockefeller of New York made a strong bid for Lake Placid, site of the 1932 Winter Games, for Gov. John A. Love of Colorado for Denver, and Gov. Calvin Rampton of Utah for Salt Lake City.

Gov. Daniel J. Evans of Washington was unable to make the trip with the Seattle delegation, which was headed by J. "Dorm" Braman of Seattle.

"We feel we have the best chance of getting the Winter Games that we've had since Squaw Valley, Calif., in 1960," said Arthur Lentz, executive director of the U.S. Olympic Committee.

"We are far ahead of other countries in our planning and bidding for the event because we are anxious to get it for the 200th U.S. birthday."

Stiffest competition is expected from Banff, Canada, which lost out by only one vote when the 1972 Games were awarded to Sapporo, Japan, and Oslo, Norway.

Four cities in the United States are reported bidding for the 1976 Summer Games — Los Angeles, San Francisco, Detroit and Philadelphia. A decision on these events is expected to be made at the meeting of the International Olympic Committee at Antwerp, Belgium, in 1970.

Denver made a strong presentation, pointing out that it has

been the site of many international ice and snow competitions in the past and has most of the necessary facilities already in use.

Its presentation called for \$13.7 million in expenditures which was well below the \$30 million figure advanced by Lake Placid.

Chiefs Down Denver In Final Game

DENVER, Colo. (AP)—Len Dawson's three touchdown passes to Otis Taylor and rookie Nolan Smith's record-breaking 96-yard scoring gallop powered Kansas City to a 38-24 victory over Denver Sunday in the final game of the American Football League season for both teams.

It was Smith's kickoff return — longest ever in the AFL — that took the zip out of a budding Denver rally about halfway through the third period.

Smith took Bob Humphrey's kickoff six yards deep in the end zone, waited for his blockers to mass in front, and took off. Hardly anyone laid a hand on him.

It was Smith's first touchdown of the season and bettered the mark of Ken Ball of Houston, who ran back a kick for 104 yards in 1960.

Two other long trips of 81 and 100 yards to the end zone by Smith were called back, one by a penalty, and the other when he stepped out of bounds.

Denver had capitalized on a Kansas City fumble and a blocked Kansas City punt to score a touchdown and a field goal to cut the Chief's advantage to 28-18 when Smith made his long scoring run.

Taylor's touchdowns came on passes of 21, 46 and 42 yards from Dawson.

Mike Garrett became the Chiefs' runningest back for one season when he gained 169 yards in 20 carries and pushed his season's rushing total to 1,087. The old mark was 1,049 by Abner Haynes in 1962.

Late Shot Gives Clearfield Win

A 20-foot jump shot by O'Dell with three seconds left carried the Clearfield Job Corps to a tight 61-60 victory over the AAU Nationals Saturday night.

The AAU club jumped into the lead in the early going and generally held sway against the favored Utah team. With about two minutes to play, Clearfield pulled into a tie but the Nationals quickly established a three-point lead and tried to wear out the clock.

With about a minute left a three-point play tied the score but Duke Wiseman gave the home team the edge with a free throw. Clearfield took the ensuing pass-in, tossed the ball to O'Dell who swished the jumper and there was no time left for an AAU reply.

Games Set

An abbreviated basketball schedule will usher in the holiday weekend this week with seven games slated on four different nights by Magic Valley basketball teams.

Action begins Monday night with the Wendell Trojans playing host to the Castleton Wolves.

Four games are on tap for Tuesday. Shoshone will travel to Filer while the Kimberly Bulldogs will be at Oakley, Camas County stays home to entertain the Carey Panthers in a Northside Conference game while the Bliss Bears move across to Richfield for another league set-to.

On Wednesday Minico tastes its first Eastern Idaho Conference action by traveling to Idaho Falls.

The lone Thursday game will find the improving Buhl Indians entertaining the Twin Falls Bruins, who sustained their first loss at Caldwell over the weekend.

Snead Passes Eagles Past Browns 28-24

PHILADELPHIA (AP) — Quarterback Norm Snead threw three touchdowns Sunday as the Philadelphia Eagles defeated Cleveland 28-24 in a National Football League game in which the visiting Browns rested their regulars and played with a third-team quarterback.

The Browns, pointing for their Eastern Conference playoff next Sunday against the Dallas Cowboys, rested six key regulars and went the distance with Gary Lane quarterbacking.

Cleveland Coach Blanton Collier rested quarterback Frank Ryan, running back Ernie Green, defensive stars Erich Barnes and Jim Houston and offensive tackle Monte Clark, all with various minor injuries.

The Browns, who clinched the Century Division title last week, scored in the opening period on a three-yard run by Leroy Kelly. The Eagles' Izzy Lang tied the game on a one-yard pass from Snead but Lou Groza's 32-yard field goal gave Cleveland a 10-7 halftime edge.

The Eagles exploded for three straight TDs, an eight-yard run by Lang in the third period and two-scoring passes by Snead in the fourth quarter to move out in front 28-10.

Snead, in sparking Philadelphia to its sixth victory, hit Tom Woodshick for 43 yards and Ben Hawkins on a 60-yard bomb to ice the victory and send Cleveland to its fifth defeat in 14 games.

The Browns came back to make it close on two five-yard scoring tosses from Lane to McNeil.

Sam Baker kicked four extra points for the Eagles to take over third place in the all-time list of NFL scorers from former Green Bay star Don Hutson, 824-823.

New Orleans Tops Favored Washington

WASHINGTON (AP) — Quarterback Bill Kilmer passed to split end Dan Abranowicz for two touchdowns—one 80 yards—Sunday as surprising New Orleans upset favored Washington in a season-ending National Football League game for both teams.

Kilmer, who relieved starting quarterback Gary Cuozzo in the second quarter after the Saints' offense sputtered, hit Abranowicz on the 80-yarder with 5:01 left in the half.

The Redskins tied the score at 7-7 in the third period on a six-yard pass from Sonny Jurgensen to Charley Taylor and it looked like Washington would begin to break the game up.

On the next series of downs, New Orleans was forced to punt from its own 40 but Washington's John Love fumbled the kick and when he picked it up in the end zone he was tackled by

Barney Leads Lions Past Vikings 14-3

DETROIT (AP) — Lem Barney, the National Football League's defensive rookie of the year, intercepted three passes in the second quarter, ran one back 71 yards for a touchdown and set up a second TD as the Detroit Lions defeated the Minnesota Vikings 14-3 Sunday.

The victory gave the Lions a 5-7-2 record, clinching third place in the Central Division. The Vikings remained in last place in the same division. Minnesota wound up with a 3-8-3 mark.

Barney, a 6-foot, 190-pounder from Jackson, Miss., State, snatched a Joe Kapp pass in front of flanker Bob Grim at the Detroit 29 halfway through the second quarter and weaved his way 71 yards for the touchdown.

Teammate Bruce Mahler cut down the last two Viking defenders with a single block at the Minnesota 10.

The touchdown was Barney's third with an intercepted pass this year, tying an NFL record jointly held by Dick Lynch of the New York Giants in 1963 and Herb Adelerly of the Green Bay Packers in 1965. The three interceptions gave Barney 10 for the season to tie him for the league lead with Dave Whitsett of New Orleans.

Barney intercepted his second pass at the Detroit 40 to halt a Viking drive and then grabbed off another Kapp aerial at the Viking 13 with two minutes to play in the first half. Detroit scored in six plays with Karl Sweetan hitting Tommy Watkins with a three-yard scoring strike with 25 seconds left in the half.

Dick Anderson for a safety. On the following free kick, Walter "Flea" Roberts returned the punt 68 yards to Washington's one, and Randy Schultz scored on the next play.

After the kickoff, a Jurgensen pass was intercepted by Jackie Burkett on the Redskins' 41 and returned it 15 yards. Four plays later, Kilmer hit Abranowicz on a 13-yarder for the score.

The Redskins attempted to make a comeback as Jurgensen threw a 23-yard pass to A.D. Whitfield with 10:40 to go and the score, 23-14.

But as soon as the Saints got their hands on the ball, Kilmer led them downfield. He handed off to Don McCall on a draw play—the Redskins were expecting a pass—and the running back bumped 49 yards for the touchdown that put the game out of reach.

On the next series of downs, New Orleans was forced to punt from its own 40 but Washington's John Love fumbled the kick and when he picked it up in the end zone he was tackled by

Jefferies Fights Off Austrian Aces To Take Grand Prix Race

By BEN FUNK
Associated Press Writer
FREEPORT, Bahamas (AP) — Tony Jefferies, a young South African star moving up in world competition, beat off the challenge of a pack of Austrian aces Sunday and roared to victory in the 200-mile Grand Prix of Formula V auto race.

In a remarkably accident-free speed duel run under a bright Bahamian sun, the 26-year-old Jefferies fought a seesaw battle with John Ryan of Griffin, Ga., for 25 laps around the twisting, two-mile road course.

Then Jefferies shot to the front when mechanical troubles began to plague Ryan. But he

clung grimly to his lead over the last 10 miles—as the favored Austrians, making their move in a bunch, pushed him to the limit.

The race was so close that most of the way less than a minute separated the first five of the Volkswagen-powered racers.

The Austrian Formula V

champion, Dieter Quester, flashed across the finish line 17 seconds behind Jefferies. Then came two more of the fast Austrians, Jochen Rindt and Dr. Helmut Marko. Ryan held on to take fifth. Werner Muller of Switzerland was sixth and still another Austrian, Gunther Huber, was seventh.

The second American to finish

ish, John Magee of Rochester, N.Y., was eighth. During the first half of the race, Jefferies set a pace in excess of 87 miles per hour, but in the last half caution flags went up because of oil slicks on the course and the average winning speed was 64.857 m.p.h.

The slender, dark haired Jefferies, who has raced mostly in South Africa, during his six years of competition, goes out next year in quest of the world driver championship. His first race in the formula one division will be the Grand Prix of South Africa Jan. 1, opening event on the 1968 circuit.

Jefferies and Ryan exchanged the lead twice in the first 50 miles, and Muller, Magee and Quester stuck close behind in position to strike for the lead if either of the leaders ran into trouble.

Sixty miles from the finish, trouble found Ryan, and Quester moved into second place, followed by Rindt and Marko.

Rams Knock Colts From Unbeaten Ranks To Claim Coastal Division Title

By BOB MYERS
Associated Press Sports Writer
LOS ANGELES (AP) — Roman Gabriel fired three touchdown passes, including an 80-yard bomb to Jack Snow, and the Los Angeles Rams stormed over the previously unbeaten Baltimore Colts 34-10 Sunday to

win the Coastal Division title in the National Football League. A sellout crowd of 77,277 watched the Rams win their eighth straight game, hand the Colts their first defeat of the season and move into the Western Conference championship game next Saturday against the Central Division champion, the Green Bay Packers. Baltimore and Los Angeles finished with identical records, 11-1-2, but under NFL rules, the team scoring the most points in its two-game series captures the title. The Colts and Los Angeles played a 24-24 tie in Baltimore Oct. 15.

Tarkenton Guides Giants To 37-14 Win

NEW YORK (AP) — Fran Tarkenton's four touchdown passes helped the New York Giants clinch third place in the Eastern Conference of the National Football League Sunday with a 37-14 victory over the St. Louis Cardinals.

Tarkenton found the holes in the injury-riddled Cardinals and hit Aaron Thomas twice and Ernie Koy and Homer Jones once each with scoring passes. The former Minnesota Viking quarterback wound up his first New York season with 29 TD passes.

The Giants, bouncing back to a 7-7 record from a dismal 1-12-1 in 1966, took third place in the combined Eastern standings by beating St. Louis while Washington was losing to New Orleans. It should come to about \$900 per man.

End Joe Robb, tackle Chuck Walker and cornerback Jim Burson were out of the Cards' line-up and St. Louis was without running back John Roland and tackle Ernie McMillan on offense.

Bruce Anderson, filling in at Giants' defensive end for injured Glen Conren, did a fine job putting the rush on Card passer Jim Hart.

The Giants appeared on their way to their first shutout since 1961 until the Cards broke loose for two scores in the final period. Jackie Smith took a 20-yard pass from Hart and Roy Shivers skirted end from the five.

Bears Turn Sayers Loose, Win 23-14

ATLANTA (AP) — The Chicago Bears, stunned by Atlanta's early surge, unleashed elusive Gale Sayers on the slower Falcons Sunday and rolled to a 23-14 National Football League victory.

Sayers gained 120 yards rushing, grabbed a 32-yard touchdown pass from Jack Concannon and darted 51 yards for another score as the Bears closed out their campaign with a 7-6-1 record.

Mac Percival kicked field goals of 48, 47 and 19 yards to help pin the 12th loss of the season on the Falcons, who won once and had one tie.

Junior Coffey scored both Atlanta touchdowns, grabbing a six-yard pass from Randy Johnson in the opening minutes and cracking over from the three on a run in the final minutes.

The Falcons drove 79 yards after taking the opening kickoff, with Johnson hitting on five passes before his touchdown toss to Coffey.

Then the Chicago defense came to life behind the line-backing of Dick Butkus, and the Falcons never threatened again until Coffey's touchdown with six minutes to play.

Sayers ran for 104 yards in the first half but was held to only 16 in the last two periods. Concannon quarterbacked the Bears in the first half, hitting on four of nine passes for 83 yards. Former Georgia quarterback Larry Rakestraw directed the team for the rest of the game.

Newcombe Wins Tennis Tournament

ADELAIDE, Australia (AP) — John Newcombe, the Wimbledon and U.S. champion, beat Tony Roche, his Australian David Cup teammate, 6-4, 6-3, 3-6, 11-9, Sunday for the South Australian tennis title.

Both players are virtually certain to represent Australia's Cup defenders in the Challenge Round against Spain next week.

Roche, a left-hander, had eliminated Ray Emerson, Australia's former No. 1, 6-4, 7-5, 6-3, and Newcombe had ousted Barry Phillips-Moore, another Aussie, 6-2, 6-3, 8-6, in Saturday's semifinals.

The United States captured one title when Jean King of Long Beach, Calif., and Rosemary Casals of San Francisco beat Australia's Kerry Melville and Karen Krantzcke, 6-2, 6-4, in the women's doubles final.

Australia's Judy Tegart upset Mrs. King 4-6, 6-1, 6-4 in the singles final Saturday.

Australia also won the mixed doubles title. Ray Ruffels and Miss Krantzcke downed Arcen Jacques and Miss Casals 8-10, 9-7, 7-5.

It was the most brilliant day, and a bright sunny one it was for Gabriel and the entire Ram team, including its tremendous defensive unit.

It was a day of frustration for quarterback Johnny Unitas. Twice he had the ball intercepted and each time it set up a Ram score.

The Rams' Bruce Gossett started the scoring with a 47-yard field goal in the first quarter but Unitas put the Colts ahead soon after with a 12-yard touchdown strike to Willie Richardson. It capped a drive of 65 yards with Unitas supplying the key yardage through the air.

On the first play from scrimmage after the kickoff opening the second quarter, Gabriel uncorked his 80-yard throw to Snow. The speedy Snow got behind defensive backs Bob Boyd and Rick Volk, caught the ball on the Baltimore 33 and went in for the touchdown, putting the Rams ahead to stay, 10-7.

Raiders Drop New York By 38-29

OAKLAND, Calif. (AP) — Daryle Lamonica, passing sensation, threw three for touchdowns Sunday as the Oakland Raiders crushed the New York Jets, 38-29, dimming the Jets' hopes of winning the Eastern Division title in the American Football League.

The loss dropped New York one game behind Houston, which defeated San Diego Saturday. New York is 7-5-1 behind Houston's 8-4-1.

New York scored first and led 14-10 at the half but in the second half Lamonica passed 18 yards to Warren Wells, four to Pete Banaszak and 47 to Billy Cannon for touchdowns. That gave him 29 touchdown passes this season.

Joe Namath also threw three touchdown passes. Two came in the final period, 24 yards to George Sauer and five to Don Maynard. After the latter, Namath passed to Bill Mathis for a two-point conversion.

An official of the federal Bu-

Late in the second quarter, with Baltimore deep in Ram country, Unitas tried to pass with Dave Jones virtually wrapped around his neck. But the Rams' Eddie Meador intercepted on the Los Angeles 12 and ran it back seven yards. Then the Rams began an 81-yard drive upfield for another touchdown which came on a Gabriel toss of 23 yards to Bernie Casey.

Steelers Use Mistakes To Drop Packers

GREEN BAY, Wis. (AP) — The Pittsburgh Steelers converted a pass interception and two fumble recoveries into scores against a less-than-inspired Green Bay Sunday and sent the defending champion Packers down to a 24-17 defeat in a National Football League regular season finale.

The Packers substituted liberally in the game, their final tune-up before Saturday's play-off for the Western Conference title.

The Steelers, out to gain some satisfaction from an otherwise grim season, scored on the third play when Ken Kortas deflected a Bart Starr pass to Ben McGee. McGee rambled 21 yards for the touchdown.

Chuck Hinton picked up a Zeke Bratkowski fumble and raced 27 yards for a second touchdown and Mike Clark kicked a 27-yard field goal after another Packer fumble.

The Steelers' only untainted tally came when Earl Gros, a former Packer, cut inside tackle for 22 yards and a touchdown to cap a 65-yard march in the second period.

Rookie Travis Williams was the Packers' chief offensive threat. Williams ran 29 yards with a pass from rookie Don Horn for a second period touchdown. He scored again in the final period on a 25-yard run.

A 25-yard Don Chandler field goal was the only other Packer score.

Agencies Will Use Land In North Idaho

BOISE (AP) — State and federal agencies plan to use 5,000 acres in north Idaho and a winter elk range to replace about 15,000 acres which will be flooded when the Dworshak Dam is completed.

The dam is being built on the Clearwater River northwest of Orofino.

reau of Sports Fisheries and Wildlife, Iven Peterson, said the U. S. Corps of Engineers plans to acquire three parcels totaling 5,000 acres at the confluence of the north and little north forks of the Clearwater

about 30 miles northeast of the damsite.

Peterson said the tract would be included with 41,000 acres of public and private land now under wildlife management agreement in a game management

area. Idaho Fish and Game Director John R. Woodworth said that after the dam's reservoir fills, low-elevation winter range used by elk in hard winters will no longer be available.

Miami Erupts To Defeat Boston 41-32

MIAMI, Fla. (AP) — Miami exploded for four second-quarter touchdowns Sunday and held on to defeat Boston 41-32 in an American Football League game.

Rookie quarterback Bob Griese passed for three touchdowns but it was the Dolphin defensive unit that broke the game open in the second period, scoring twice and setting up a third touchdown. Boston scored first with just 1:02 gone in the game when,

Bobby Nichols broke through and blocked Larry Seiple's punt in the end zone. Patriot defensive end J. D. Garrett fell on the ball.

Griese brought the Dolphins right back and evened the score with a three-yard touchdown pass to split end Jack Clancy with 7:11 remaining in the quarter.

Boston regained the lead briefly with an 88-yard drive capped by J. Nance's one-yard blast with 3:03 remaining.

Nance finished with more than 150 yards rushing. Griese hit Jackie Harper on an 18-yard scoring bomb and Booth Lusteg's conversion made it 14-14 early in the second quarter.

THREAT SUIT IS NO DANGER

Oswald: "Here is a letter from Prof. Nathan Divinsky of Vancouver, Canada. Dr. Divinsky reached five clubs and made it after East won the diamond opening and shifted a trump. South ran off seven clubs and West hung on to the king of diamonds and four spades while East lost all his diamonds. Then a diamond lead established a diamond trick in declarer's hand, and he discarded two hearts on dummy's good spades. The professor wonders just how

Oswald: "In such situations each partner must trust the other implicitly. East will know West started with exactly five diamonds, and West will know that East started with four. With an original six diamonds, West would discard a diamond on the fourth club. With three diamonds only, East would have discarded down and out and his play of the eight denied any lower diamond. Hence each would know that declarer could not hold more than two spades and hearts."

Jim: "On the fifth club West should have let the five of spades go. This should inform East that West was still holding three spades, whereupon East should drop his queen of spades."

Oswald: "This would require a lot of intestinal fortitude on the part of East. He would know that if West had started with three hearts and three spades, he would have thrown a second heart."

Jim: "It sure is easy when you use all the cards. Actually, I wonder if any pairs would be able to do this well at the table."

ELE AND WALT-DULANEY

His Heavy Touch Is Too Much!

Dear Ele: I like John and beautiful. But realistic about we have lots of fun together all the time. But sometimes he gets a little rough when we're kidding around, and I get really upset. She sees the bruises and asks me where I get them, so I have to say "John," and then she gets the idea we're not behaving ourselves even though we are. Now she makes it tough to go out with him because of the bruises. What can I say to my mom and John to solve this? —Tender.

Dear Tender: Don't beat around the bush with John. Tell him frankly: "Look, lover, if I show up with any more black-and-blue souvenirs, my mom's going to rule you out as an eligible date. So cool the two-out-of-three stuff, huh? I am not one of the boys, and I smudge easier than carbon paper."

Then tell mom, "It won't happen again. I told John not to play with me as if I were his kid brother, anymore. He got the message." —Ele.

UNREALISTIC APPROACH
Dear Walt: I'd like to try out an idea on you. I am a high school junior, male, and attend a school where 99 per cent of the student body is Caucasian just like me. (The other 1 per cent is Oriental—namely three families.) Across town there is a high school that is nearly 100 per cent Negro. Our two schools take no official notice of each other, and the kids from the two schools have no point of interaction. I've thought about it a long time. As things are it's just us and them, with neither side being human to the other.

Out of my thinking has come the conviction that I should do something worthwhile by transferring to the Negro school this spring, and getting to know the kids there and introducing them to my friends. I know my parents will have a hundred questions when I bring this up, so before I do—I'd like your opinion as to whether or not this is a good idea.—Just Human Being With an Idea.

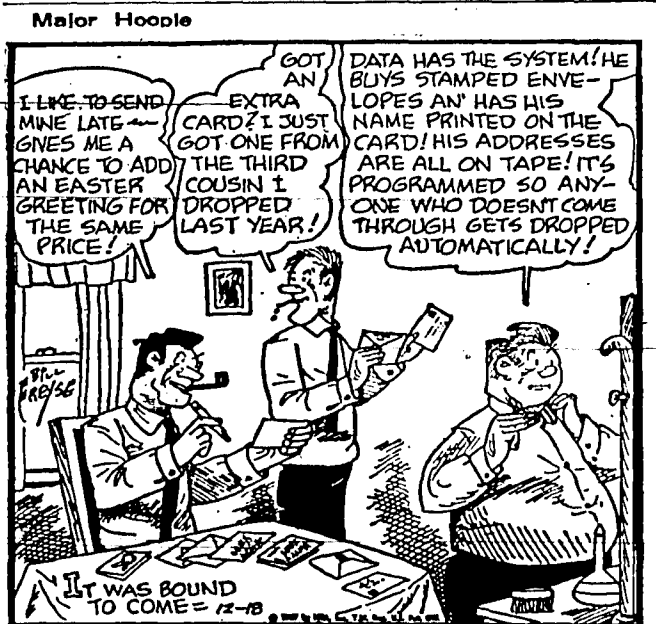

Dear Human: Your motive is

keep one rule uppermost in mind: no one enjoys being a charity case. Block any suggestions of "let's send food baskets" or "can't they have our discarded books?" Engineer only activities where each school can give and receive equally.—Walt.

GRIPE OF THE WEEK
Dear Ele and Walt: I just went to a performance by our school Drama Club. It was an original cabaret show and it made me horribly uncomfortable. In the course of the evening, the kids got laughs by walking like spastic-people have to walk by talking like those people who stutter uncontrollably, and by looking cross-eyed. It just so happens I am cross-eyed, so every time the actors gave that look I felt the audience was laughing at me. I guess you could say I'm too sensitive, but it seems to me that there must be another way to win laughs beside mocking physical handicaps. I don't expect everyone to see my point, but maybe the teacher-advisers at least could point out the cruelty of making members of the audience feel ridiculous!

2:30 P.M. SUMMARY NEW YORK (AP)—The stock market backed away from an advance and settled irregularly lower late this afternoon.

Losses outnumbered gains by a narrow margin. The Dow Jones industrial average showed a slight gain late in the afternoon but the overall average of rails, utilities and industrials was lower.

The market was scrambled at best, even when it showed a statistical plus. Selling in some of the high priced computer stocks and the rails damped spirit.

IBM was off about 10 points and Control Data around 7 following publication of comment on IBM's high price-earnings ratio.

New York Central dropped more than 3 and Pennsylvania railroad about 2 1/2. Disappointment spread following postponement by the Supreme Court of the long-delayed action on the Penn-Central merger.

American Telephone, unchanged, paced the list on volume with U.S. Steel, a fractional gainer, close behind.

Gold mining issues continued their yo-yo performance, with Homestake down 3 and American-South African off 1 1/2 as the gold rush continued abroad even as the seven-nation gold pool pledged to place no restrictions on the London gold market.

General Motors halved a 1-point gain following news of its labor agreement. Prices remained irregularly higher on the American Stock Exchange.

Power Failure

Due to a local power failure from the 3 m. quadration from the New York Stock Exchange were not received today. Regular listing will resume tomorrow.

CHICAGO (AP) — Wheat futures fell nearly two cents a bushel on the Chicago Board of Trade today under liquidation that was partly geared to the slowdown of gold buying on international markets.

Last week when gold buying again reached a frenzied pitch prices of commodities here advanced. Trade had opened on a mostly irregular tone but when word was received that the gold buying was slowing down in Europe liquidation set in. Soybeans were weak and oats and rye closed lower with corn and wheat.

Choice steer prices showed a small advance on good support by commission houses and local traders.

STRIKERS TO HAVE MORE JOB SECURITY

WASHINGTON (AP) — Striking workers were given greater job security today by the Supreme Court. Once a strike is over, the court held 8-0, workers who wish to return to their jobs are to be taken on ahead of new job applicants to fill vacancies.

Business Mirror

NEW YORK (AP) — American writers about 17 billion checks this year, an amount bankers seriously believe is close to the maximum that can be handled efficiently.

That, however, is only the beginning of the problem. It gets worse. Americans add another billion checks to that total each year, threatening to inundate the bill payment system in a flood of signatures.

How long can it go on? Nobody dares to guess, but some banking authorities feel the system of using checks is no more up to date than the Post Office. A vice president of the Federal Reserve Bank of New York, John Clarke, says the system originated as an improvisation and survives because of inertia.

If, as feared, this avalanche of paper does clog the arteries of commerce, alternatives must be ready. And, as has been publicized widely, the soundest alternative may be to substitute electronics for paper.

Instead of the signature paper being offered in payment, an electronic computer would be instructed to deduct a sum from the credit account of the purchaser and added to the account of the seller.

Such a system has been referred to as the checkless society, a term that becomes less popular as the advent of a new method of paying bills approaches. Clarke is among those seriously studying this new method.

In his view, as described at a recent credit conference here, the less-check society we might never have a checkless society, he feels—is now becoming technologically possible. To be implemented, however, it must be made attractive and rewarding to its users.

The reward, as he sees it, could be a discount to consumers who use the instant pay system. Such discounts for early payment already exist in the commercial world. The criterion is there.

The retailer would receive immediate use of the funds instead of waiting for the check to be deposited. He would save on bookkeeping costs. He would save on paper work. He would save time and energy.

The mechanics of the system might appear complex, but only because there is nothing with which to compare it. Basically, it would involve the use of high-speed communications wires and electronic computers.

These computers would be located throughout the country and filled with data on credit records, bank balances and other essential information regarding personal and business finance. In effect they would be utilities.

From the utilities would run communications lines to electronic devices at retail stores, banks, other commercial outlets and even private homes. And from these sites instructions would go to the computer to debit one account and credit another.

WHICH MUNICIPAL BOND...

Remember that a bond is a debt. The issuer of the bond borrows money and becomes a debtor. An organization with a high credit rating can issue bonds paying lower interest than an outfit with a low credit rating.

These days top-quality municipal bonds are selling at prices where their interest payments result in yields of close to 4 1/2 percent. But many lower-rated municipal bond issues are selling to yield five to 5 1/2 percent or even more.

Yes, all municipal bonds fluctuate in price. Like all bonds, they have had some pretty wild price swings over the past couple of years. Their yields are now way up. And their market prices are way down.

A bond pays a fixed amount of interest each year. The interest is a percentage of the "par" (face) value. For instance, a four percent, \$100 bond pays \$4 interest annually. If that bond is trading at \$100, the yield is four percent. The annual interest by the market value. So if the market price of that bond goes down, its yield goes up.

That's exactly what has happened in the bond market. Yields are sky high. This applies to all bonds, not just municipal bonds. Municipals (more properly called "tax-free public bonds") are issued by states and political subdivisions of the states — counties, cities, towns and school districts, bridge and tunnel authorities and such.

Even though the interest you collect on municipal bonds is not subject to Federal income tax, that doesn't insulate their market values from market fluctuations.

My answer to the first question would be "No." To the second question, I would say "Yes" — provided that you sit down with a broker, discuss your overall financial situation and your investment aims. The broker might have some very good suggestions for you.

(Mr. Doyle will answer your representative letters of general interest in his column. He cannot answer phone queries.)
