Humphrey Believes Tour Will Bring U.S. Benefits

By MICHAEL GOLDSMITH
TUNIS (AP) — Vice President Hubert H. Humphrey believes his upcoming tour of African nations will bring the United States important long-term benefits in confidence and good will among African nations.

But the most significant result of his high-speed, 20,500-mile safari—which ended Thursday—could be a sharpened awareness in Washington of Africa's towering political, social and economic problems.

Some African leaders began to doubt that the United States really cares about their continent after Congress cut foreign aid and private American interests blocked commodity agreements which would have stabilized the market in certain African staple products.

Bodies Being Taken From Crash Site

By RICHARD E. MEYER
BATTLE MOUNTAIN, Nev. (AP)—Military air and ground parties converged on a snowy mountain crag today, attempting to remove the bodies of 19 Marines killed in a transport plane crash.

A spokesman at Hamilton Air Force Base near San Francisco said three helicopters are in the area but that he believed the bodies would be brought out tonight by a ground party.

From the crash site, a Bureau of Land Management employee radiated that helicopters would have great trouble landing near the wrecked airplane since the slope is at a 125-degree angle.

The Defense Department listed the number of victims at 19, reporting that a 20th man left the plane at Denver Wednesday before it began the last and fatal leg of a flight over one of the West's highest regions.

The 12th Naval District in San Francisco, supervising rescue operations, ordered the high-altitude copiers to Nevada from El Toro Marine Corps base in Southern California.

One reached Fallon, Nev., Thursday, refueled, then flew to the Battle Mountain airstrip to await dawn before attempting to reach the scene of the crash on 9,978-foot Mt. Tobin.

The Navy said the other two copiers were held overnight at Sacramento, Calif., but would fly to Mt. Tobin at daybreak.

If the rocky, precipitous slopes of Mt. Tobin prove too difficult for the helicopters, plans were made to tackle the peak with motorized sleds. Failure at this, rescue mission spokesmen said, the assignment would be turned over to ground parties.

Two searchers from the Federal Bureau of Land Management, Wally Swanson and Gene Corbridge, reached the fire-blackened fueling Thursday afternoon after a perilous ascent. They quickly located 12 scattered bodies and were sure that all the other Marines were dead in the snow.

Jones-News Staff Writer
Three centers for the care, diagnosis and education of mentally retarded children including one in Twin Falls, commissioners have approved \$1,500 in the 1968 county budget to provide half of the local matching funds necessary to complete the basic retardation center plan.

The remaining half has been donated by local doctors, members of the South Central Idaho District Medical Society.

Surveyor's Soil Device Working

PASADENA, Calif. (AP) — Scientists maneuvered a Surveyor 73 soil testing device into operation today and declared "this data was being transmitted to the moon via a radio link."

The success marked a "full commission" for the space craft that softlanded on the moon last Tuesday. Soil testing was spacecraft's first major purpose.

Using a digger scoop that makes trenches in lunar soil, the soil-testing device a final shove today that placed it on the lunar surface to flush with the make chemical analysis by its surface-to-function.

Bowles Says Meet Brought Important Step Toward Peace

NEW DELHI, India (AP) — U.S. Ambassador Chester Phillips returned to New Delhi from Phnom Penh today saying: "We have made an important step toward safeguarding Cambodia's neutrality and a significant degree of the furmance of peace in Southeast Asia."

Bowles, who flew in on a U.S. Air Force twin-engine jet after signing a joint communique, said in a prepared statement: "I am pleased to be able to say that the conversation between Cambodia and the United States has gone well."

"On one hand we were able to assure Prince Sihanouk of my country's continuing respect for Cambodia's sovereignty and territorial integrity. On the other hand the Cambodian government has affirmed its determination to have its territory respected by North Vietnam, the Viet Cong and indeed all countries engaged in fighting in Vietnam."

To help achieve this goal the Cambodians expressed a desire for a stronger and better equipped ICC (International Control Commission). "Meetings were most cordial and each side made a determined effort to understand and meet each other's viewpoint whenever possible."

It was believed in Phnom Penh that Sihanouk agreed for the three-nation International Control Commission to keep a closer watch on the border between Cambodia and South Vietnam. But Cambodian sources reported that Soviet Ambassador Sergei Kouznetsov and Mr. Mychek, the head of the Polish delegation to the ICC, had called on Sihanouk to express their opposition to a U.S. offer of two helicopters to assist the commission in border watching.

The two Communist representatives said their governments opposed the offer because the United States did not sign the 1954 Geneva accords which got the French out of Indochina and set up the control commission.

Sihanouk had said earlier that he was favorable to the American offer but acceptance was up to the Cambodian government members—India, Canada and Poland—and the two co-chairmen of the Geneva conference—Britain and the Soviet Union.

Glenn Norris, assistant professor of health, physical education and recreation at CSI, attended next to his brother, Lt. Ethan Norris, USA, Lt. Norris spoke before businessmen at a recent meeting of the Twin Falls Kiwanis Club on his experience in Vietnam.

Rusk Appearance Draws Violence

By BERNARD HURWITZ
SAN FRANCISCO (AP) — With violence erupting between antiwar pickets and police outside, Secretary of State Dean Rusk spoke of an elusive peace in a foreign policy speech Thursday night.

Rusk was whiked inside without seeing the 500 or so demonstrators who were swept away by a wedge of police officers holding night sticks in front of them.

He also promised Zambian President Kenneth Kaunda that the United States would help pave 300 miles of highway from Lusaka, the Zambian capital, to the border with Tanzania. The road would connect with a railroad line which has been offered the two countries by Red China.

Some officers were hit by missiles from the crowd and one woman was struck on the head by a brick. Cops and the hotel were splattered with bags of red paint.

He found Kenya, Zambia, Ethiopia and Ghana the most promising countries for American aid. This part of the staggering needs of the African countries in housing, education and health services but could only promise that these needs would not be forgotten in Washington.

Patrol wagons moved in, police reinforcements fell into line and the demonstrators were sent reeling down the block, some running down a steep hill, others seeking refuge in nearby Grace Cathedral.

Continuing into the second phase, Mr. Nelson explained, would mean the local community would have to raise an additional \$50,000 beyond the \$25,000 now assured for the first phase. This part of the program, he said, is highly optional and will be provided if the community wishes to go ahead with it, but otherwise the center will stop with the first phase.

President Johnson is expected to meet with the governors at a luncheon session after a three-hour meeting with Cabinet members. The governors plan open sessions later to discuss their conference results prior to a White House dinner Feb. 28.

Mental Center Expected To Be In Operation Here By Late Fall

By BONNIE BAIRD JONES
Jones-News Staff Writer
Three centers for the care, diagnosis and education of mentally retarded children including one in Twin Falls, commissioners have approved \$1,500 in the 1968 county budget to provide half of the local matching funds necessary to complete the basic retardation center plan.

The remaining half has been donated by local doctors, members of the South Central Idaho District Medical Society.

Friday. "Our decisions yet to be made include the exact site location and whether or not to include the program to include the second phase."

Building of the peace must be our principal preoccupation," he continued, "and it is also overriding for everything we do in our relations with other nations."

E. L. BARNHARDT
of Golden, Colo., a vice president in the Adolph Coors Co., is scheduled to appear at the annual Twin Falls Chamber of Commerce banquet. He will be guest speaker at the 7 p.m. event.

Chamber Of Commerce To Have Dinner

E. L. Barnhardt, Golden, Colo., is scheduled to be guest speaker when the annual Chamber of Commerce banquet is held at 7 p.m. Feb. 8 at the Holiday Inn, according to Ray Rostrom, chamber manager.

Fee Decided

BOISE (AP)—The new \$4.75 marriage license fee will still apply, in spite of a conflicting law, an attorney general's opinion has ruled.

Another section of the state code says the fee should be \$3.

Governors Conference Plans Meet

WASHINGTON (AP) — The National Governors Conference has scheduled an unusual White House meeting Feb. 28-March 1 for a discussion of domestic problems with Johnson administration officials.

Wounded Veteran Tells About Vietnam

By JAN SAINSBURY
Times-News Feature Editor
It was 1:15 p.m. Thursday afternoon and a good looking 25 year old man stood before more than a hundred Twin Falls businessmen in the American Legion Hall.

What about morale? "It is—generally very good, and in many cases better than it is here. But it depends on what you do. For the Infantry Troops who walk through the rice paddy who is being rained on every day, and shot at from every direction, it is different, but still good."

Lt. Glenn Norris, brother of Glenn Norris, an assistant professor at the College of Southern Idaho, was in Vietnam Feb. 5, 1967. He was shot down while on a helicopter mission Sept. 28.

Lt. Norris said that in many cases the guys are better cared for, mentally and physically, than they are in the States. More is at stake.

"More Stamps" Is Plea Of Postmasters

NEW YORK (AP) — Send more stamps.
That's the cry of postmasters around the nation, faced with long lines of people trying to adjust to the higher postal rates which went into effect Sunday.

Things were even worse in England. The post office was all out of one-cent, three-cent and six-cent stamps and was waiting for an emergency order to ease the situation.

Postmaster John J. Slattery in Waterbury, Conn., put in an emergency order for 50,000 penny stamps added to his regular order of one million one-centers.

The post office began selling half-cent stamps after it ran out of the penny ones.

Most large cities have their own solution for trying to mail a six-cent letter with a five-cent stamp. They just tape a penny onto the envelope.

All Ski Areas Happy Over New Snowfall

All ski areas in the South-central Idaho area report new snow for the coming weekend an excellent ski conditions, some for the first time this year.

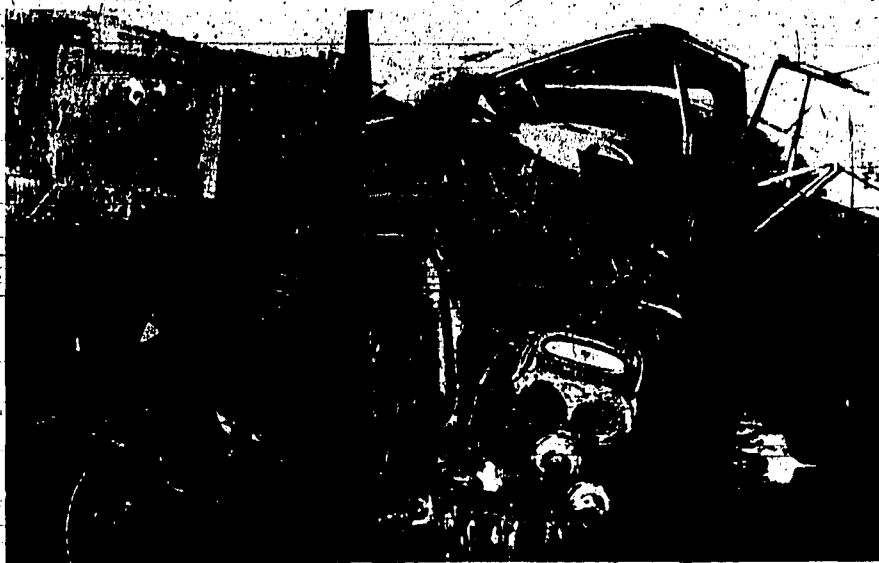

Sun Valley—A total of 24 inches of new snow is reported at Sun Valley with depths now ranging from 24 inches on the valley floor to 40 inches at the top of Bald Mountain. Skiing is excellent. Roads in the immediate area have a snow cover but are good.

Lt. Norris has strong opinions about the war in Vietnam and shared them with the businessmen at the Kiwanis Club.

Definitely, yes. There are two seasons in Vietnam, a hot-wet season, and a hot-dry season. It is always hot, but the wet season is the worst.

Lt. Norris also new missions designated as Command and Control, in which a Unit Commander flew with the helicopter pilot and directed activity on the ground through radio contact.

Rotarun—Snow depths at Rotarun, Hailey, total 15 inches, most of it new snow from the storms during the week. Skiing is listed as good to excellent. Roads are snow covered but good.

GUTTED HULK of a Molasses Supply Center truck from Twin Falls roasts against the rear of a Ready-to-Pour Concrete truck after Jerome Rural Fire Department personnel brought the blaze under control. Driver of the burned truck, Larry

Bonde, about 35, Twin Falls, jumped out when the two vehicles collided and before the truck burned. He was reported in fairly good condition at Magie Valley Memorial Hospital. The accident occurred about 2 p.m. Thursday.

Man Hurt As Trucks Crash On Freeway

JEROME—Larry Bonde, about 35, Twin Falls, was reported in fairly good condition Friday at Magie Valley Memorial Hospital with injuries he received when he jumped out of his truck which burst into flames after colliding with another truck on Interstate 80N.

Idaho State Police reported the accident occurred about 2 p.m. a mile east of State Highway 70—Interstate 80N interchange.

Officers said Mr. Bonde was driver of a Molasses Supply Center truck which struck a Ready-to-Pour Concrete truck, apparently as it attempted to pass. The right front wheel of the molasses tanker-type truck struck the concrete truck between the left rear duals.

A gas tank under the running board of the empty molasses truck apparently broke on impact and sparks from the collision caused the front of the molasses truck to explode. Both trucks were in the right lane of the eastbound section of the freeway prior to the accident. Both trucks traveled several hundred feet after impact and came to rest together in the right lane.

The rear wheels of the concrete company truck, which was loaded with gravel, burned and the front of the molasses truck was gutted.

Two Jerome Rural Fire Department trucks with 11 men responded to the blaze and had the fire under control in about 35 minutes. It took about an hour and 45 minutes and several pieces of large equipment to clear the highway.

Driver of the concrete company truck, Samuel H. Savage, 24, Gooding, was not injured.

Police Lodge

JACKSON, Mich. (AP)—Jackson police will now be able to hang up their badges after a day's work and have a drink in their lodge with fellow patrolmen. The Jackson Fraternal Order of Police was granted the first state liquor license for a police lodge, under a new law passed by the Michigan legislature. The old law was aimed at keeping individual patrolmen from owning bars, but it was worded in prohibitive police groups from getting liquor licenses.

Wood River Resource Unit To Meet

SHOSHONE — The Wood River Resource Area committee will hold its first meeting of 1968 at 8 p.m. Jan. 16 at the courtroom in Shoshone.

Committeemen from Blaine, Camas, Gooding and Lincoln Counties will attend representing Blaine, Camas, Gooding and Wood River Soil and Water Conservation Districts.

Corwin Silva, Shoshone, and Charles J. Johnston, Richfield, are regular members of the committee. Harold Hlyser, Dietrich, serves as alternate member.

Problems common to the four counties will be discussed.

R. Kiehl Higginson, engineer from the Idaho Department of Reclamation; Edgar Imhoff, engineer, Idaho Water Resources Board, and Blaine Morse, in charge of waterbirds, Soil Conservation Service, Boise, will present material pertaining to the resource area work.

Higginson will talk on the subject of how his office may assist in resource conservation work on the Big Wood River drainage. Mr. Imhoff will speak on a similar subject. Mr. Morse will speak on the subject of progress in watershed programs.

All farmers, ranchers and others interested in water, watershed problems, flood problems and other resource conservation are invited to attend.

Suicide Rate At Fort Hall Is Very High

POCATELLO, Idaho (AP)—The teen-age suicide rate on the Fort Hall Indian Reservation is 10 times the national average, says Bayard Galbraith, chief clinical social worker in the eastern Idaho mental health center.

Galbraith made the comment Thursday at a meeting in Pocatello of the Idaho Mental Health Advisory Council.

The overall suicide rate on the reservation, Galbraith said, is 10 times that of the total population and twice the national average for Indians.

This is the main reason, he said, the National Institute of Mental Health insisted on psy-

Men's Club At Castleford Has Banquet

CASTLEFORD — The annual Men's Club Banquet was held this week at the Methodist Fellowship Hall with the ladies of the Baptist Church serving the banquet.

J. Roy Haley was master of ceremonies and introduced Bruce Fox, KCMVT, who showed films on geology and paleontology along the Snake River canyon, Thousand Springs and the Old Oregon Trail. Also shown were the cutter races held at Blaine.

Mr. Fox introduced Ed Koester, Gooding County agent who showed pictures on Gooding and development of the recreational development as well as overcamping area close to Malad River.

Installation of officers was held with James LaGrone, president; Jennings Pierce, vice president, and Charles Conrad, secretary-treasurer.

MEETINGS PLANNED — WASHINGTON (AP) — The Justice Department plans to cosponsor a series of 14 meetings across the nation to give some 400 leading police officials information on handling riots.

Ore-Ida Foods Announce Sales, Marketing Plans

BURLEY — Ore-Ida Foods, Inc., Ontario, Ore., officials announce plans to integrate its sales and marketing operation and a new corporate headquarters organization and staff of two new vice presidents to head the functions.

Paul I. Corddry is the new vice president for marketing and William H. Moseley has been named vice president of sales, announced Frank Armour Jr., chairman of the board, Ore-Ida Foods, Inc.

Both men have also been named to the company's management board and both will report to Mr. Armour.

Ore-Ida recently reached an agreement with D. B. Berelson and Co., San Francisco based master broker for Ore-Ida Food products, whereby Berelson employed administering Ore-Ida sales and marketing operations became Ore-Ida employees on Jan. 1.

Plans were simultaneously announced to relocate an expanded sales and marketing organization at Ore-Ida Corporate headquarters, which will be moved this year to Boise, from its present location in Ontario, Ore.

Until the headquarters is moved, Mr. Corddry and Mr. Moseley will continue to be located with the company's sales and marketing group at Berelson Headquarters in San Francisco.

D. B. Berelson, formerly Ore-Ida vice president of sales and marketing, has been named vice president of sales, marketing and the company's management board.

Mr. Corddry will be responsible for all property and institutional marketing activities for Ore-Ida in his new post, including overall responsibility for re-

locating short and long-term market share and profit goals for both markets and for development of marketing reports, strategies and programs required to accomplish the company's growth objectives, Mr. Armour said.

Corddry is a native of Snow Hill, Md., and received his A.B. degree in economics from Swarthmore College in 1966 and his M.B.A. degree in marketing from the University of Chicago Business School in 1967.

He joined the marketing division of Proctor and Gamble in 1960, continuing until 1964 when he joined the marketing division of H. J. Heinz Co., a parent company of Ore-Ida Foods, Inc.

In 1968 Corddry was named general manager of Marketing for Heinz, U.S.A., continuing in that post until his transfer to Ore-Ida Foods as general manager of marketing in 1967.

Mr. Moseley entered business as general manager of Polar Ice and Cold Storage Co., Santa Barbara, Calif., in 1947. He organized Santa Barbara Frozen Foods in 1950, serving successively as general manager, vice president of production and vice president of sales.

When the business was sold for 1953, he joined D. B. Berelson and Co., San Francisco, to work on Ore-Ida Food sales and later was named general manager of sales, the post he held at the time of his recent election.

Moseley was born in Springfield, Ill., and was a mechanical engineering student at Purdue University before joining the military service in World War II. Following the war he attended the University of California

at Santa Barbara, where he majored in business administration. Mr. Moseley will be responsible for sales programs, broker operations, institutional and re-

Church Council To Study New Testament

The Magic Valley Council of Churches, representing four churches in Twin Falls, announces its second program of adult Christian education for residents of the Twin Falls area.

The course is entitled "Introduction to the Literature of the New Testament" and will be taught by a distinguished team of Roman-Catholic and Protestant scholars affiliated with the Graduate Theological Union of San Francisco.

The course has been especially designed for presentation in Twin Falls.

Theologians participating in the series include Rev. Fr. Don F. Meyers, S.J., Professor of the New Testament of Alma College, Los Angeles, Calif.; Rev. Professor Willis Shotwell, Ph.D., University of California; Rev. Professor Herman C. Waetjen, D.Phil., professor of the New Testament, San Anselmo, Calif.; and Dr. Edward Cralph Hobbs, professor of Theology and Director of the Church Divinity School of the Pacific in Berkeley, Calif.

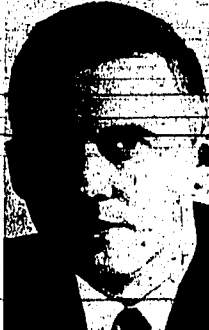

The course is open to all residents of the community. All classes will meet at 7:30 p.m. in the Fellowship Hall of the Church of the Twin Falls for nine consecutive Sunday evenings beginning Jan. 21.

The cost of registration is \$10 per family and includes the cost of the textbook.

The course is designed to provide a basic historical and theological background for an understanding of the books of the

DR. EDWARD HOBBS

REV. HERMAN WAETJEN

Following the lectures the class will divide into small discussion groups, under the leadership of a local clergy moderator.

All members of the community are invited to register at the first meeting of the class.

Seminarian Intern Will Talk In Area

SHOSHONE — Harry Kniskely, a seminarian intern at St. Michael's Episcopal Cathedral, Boise, will conduct worship and preach at service of the Wood Rivers' Episcopal Parish of Shoshone and Gooding Jan. 14.

Kniskely will preach at both 8 and 9:30 a.m. at Christ Church, Shoshone, and at the 11 a.m. service at Trinity Church, Gooding.

A native of Bedford, Pa., Mr. Kniskely is serving for a year as a student pastor at St. Michael's Cathedral, Boise, in connection with his theological studies at the Berkeley Divinity school, New Haven, Conn.

A graduate of Juniata College, Huntingdon, Pa., Mr. Kniskely received his master's degree from Slippenburg State College, Slippenburg, Pa. He taught for a number of years before entering the theological studies.

After the Gooding service, the Episcopal church women's club will host a coffee hour at the parish hall.

Flue Reported

ATLANTA, Ga. (AP)—The National Communicable Disease Center added four states and the District of Columbia Thursday to areas which have previously reported influenza or similar respiratory ailments.

The additions increased to 38 the number of states where Asian flu has been documented by laboratory tests.

Added to the list were New Mexico, South Carolina, Colorado and Massachusetts.

The center said it also is possible respiratory ailments in some other states are influenza.

Speaker Set For Burley LDS Confab

BURLEY—Elder Sterling W. Sill, an assistant to the Council of Twelve Apostles of the Church of Jesus Christ of Latter-day Saints, will speak at the Burley Stake (diocese) Conference Jan. 20 and 21.

Elder Sill is a prominent insurance executive in the western states. Actively in civic groups, he has served as a member of the Board of Regents at the University of Utah. For outstanding services performed during that time, he was awarded an honorary Doctor of Laws Degree by the University of Utah.

He is a former bishop and state high council member.

Meetings will be held Sunday at 10 a.m. at 2050 Normal Ave. and at 7:30 p.m. at the LDS Church, 1143 Overland Ave. Says visitors are welcome.

ELDER STERLING W. SILL

Goes On Mission

SHOSHONE — Joan Larson, daughter of the late Stanley Larson and Mrs. LaVau Larson, Shoshone, will leave for the mission home in Salt Lake City, Utah, Feb. 10, prior to serving a mission for the Church to Sweden.

Mrs. Larson graduated from Shoshone high school in 1965, spent a year working for the government in Washington, D.C., and the past year and a half has been at Provo, Utah, in the program of Young University.

Men To Meet

The Men's Council of the Presbyterian church will meet Jan. 21, Phil Hurrell and Roger Brown will report for the nominating committee.

Jan. 30 has been set as the date for the men's annual picnic supper, plans for which will be announced after the meeting. Dr. Holsinger, president, is organizing the program for the Jan. 21 meeting.

Church Elects Two Elders At Hazelton

HAZELTON — Two elders were elected for three year terms at the Presbyterian congregational annual meeting when members met for a potluck dinner and the meeting.

Mrs. Don Atkinson and Don Andrews have taken the place of Arthur Hulsch and Mrs. Julia Brown whose terms expired as elders.

Rev. Raymond Wilson gave devotional and the prayer and several reports were heard concerning the Sunday Church School, United Presbyterian Youth and Women of the church. It was voted to keep the Long Range Planning Committee active in hopes of uniting the two churches at Hazelton and Eden.

During the corporation meeting reports were heard from Don Andrews, treasurer. The trustees report and the every-number canvasser report were given and the group voted to accept the proposed 1968 budget.

Mrs. Leo Ross and Bob Sellers were elected to three year terms as trustees to take the place of Mrs. Edna Johnson and Marion McClain, whose terms expire. Bill Pressey was elected treasurer for a one year term.

Glenns Ferry Baptists Mark Anniversary

GLENN'S FERRY — Members of the First Baptist Church celebrated the ten-year anniversary of the church at a worship service Jan. 13.

After the regular evening services, the congregation ate dinner in the new fellowship hall, and then returned to the auditorium to join in a sing-along, followed by the responsive reading of the church covenant. This was led by Rev. Ernest Westmoreland, the new assistant pastor.

The church history was read by the pastor, Rev. Larry Maxwell, and at midnight the Lord's Supper was observed, with prayer meeting following.

The Baptists began mission work here in June, 1953, with Rev. Maxwell as their pastor. At first they met in the FFWB Hall, but in January of 1954, Rev. Maxwell was called into the army. The members purchased five lots adjacent to the hall, and Mrs. E. Laird donated a one-room school house in memory of her husband. The building was moved here from Mountain Home.

In June, 1957, the mission was organized into a church under the ministry of Rev. A. L. Davis, and in 1961 Rev. Maxwell was called to minister.

In the six years since then the church has added a Sunday School building, a new auditorium, and a fellowship hall. Charter members remaining are Mr. and Mrs. Earl Mills and Mr. and Mrs. Herbert Hill, and Rev. Maxwell.

Mr. and Mrs. Hugh Frank Johnson were the first members of the mission and the church.

Seminar Is Set Feb. 25 At Filer

BURLEY — Dr. Alfred Von Rohr-Sauer, Concordia Seminary, St. Louis, Mo., will be guest speaker during the Lutheran League's League convocation, Feb. 25 at the Filer High School.

The Lutheran Laymen's League seminar chairman is Wilbur Biermann, Burley. Dr. Sauer will speak on the topic "Digging Up the Past."

The public is invited to attend the lecture, announced Mr. Biermann. Dr. Sauer is a professor of Old Testament at the Concordia Seminary and has extensive experience as a public speaker.

Rally Set

SHOSHONE — A Sectional Fellowship meeting will be held by the Assembly of God Church at Calvary Church, Buhl, Monday.

Seasons will be at 10:30 a.m., 3:30 p.m., and at 7:45 p.m. a youth rally will be held.

Meet Slated

WENDELL — Officers will be elected and yearly reports given at the annual congregational dinner-meeting of the Wendell United Presbyterian church Sunday.

The potluck dinner will be held at 7:30 p.m. with the congregational and church corporation session following. Rav Evers will conduct the corporate meeting.

RUBINF AND HIS VIOLIN will be presented in five concerts Jan. 22 in Twin Falls and Buhl. Four of the performances will be presented free to students in the two towns, and an 8:15 p.m. performance at the Filer High School Auditorium will benefit community projects of the sponsoring organization, the Filer Kiwanis Club. Tickets are now on sale in Twin Falls, Filer and Buhl.

Five Concerts Scheduled By Filer Kiwanis Club

Rubinf and his violin will be presented in five concerts Jan. 22 by the Filer Kiwanis Club, with proceeds from the one paid show going to the club's community service projects.

Four of the concerts, according to Robert Blustack Jr., club member, will be presented free to school students in Filer and Twin Falls. The paid performance will be at 8:15 p.m. at the Filer High School Auditorium.

Rubinf and his violin have appeared throughout the world in concert. During a recent performance at Chicago's Grant Park some 225,000 listeners thronged to hear him.

He also has touched a large audience through radio performances. He has been conductor and soloist on the radio and in the Filer, Buhl, Pocatello and Chevrolet programs. Such performances as Benny Goodman, Artie Shaw, Carmen Lombardo, Glenn Miller and Tommy

Classmates Are Sought For Reunion

Committee members planning a reunion this summer for the Twin Falls High School class of 1938 are at all times seeking more than 50 members of the class.

The reunion, scheduled for July, will feature a banquet, coffee hour and picnic.

Anyone knowing the location of any of the missing class members is asked to contact Mrs. Lorna Wright, Route 4, Buhl, or Sharon Udo at 733-2067.

Those class members who have not been located are Carolyn Alay, LeRoy Anderson, Simon Anderson, Thomas Anderson, Warren Anderson, Her Ashby, Sandy Bacon, Arvilla Bagshy, Karen Bell, Kent Bitter, Ople Baker, Keith Bradshaw, Barbara Brown, Betty Bush, James Clark, John Conway, Phil Crowe, Phyllis Crowe, David Darling, Mary Davis, Joan Denny, Betty DeVilliers, Gary Eakes, Don French, Bill Gerrard, William Goodman, Virgil Hayden, Dan Horton, Julio Jones, Keith Jones, Frank Kerna, Ruby Kinter, Myrtle Kirkwood, Harry Long, Teressa Lilly, Edward Long, Gloria McDougall, Shirley Marsh, Larry Murray, Charles Murrell, Harold O'Donnell, Sidney Phillips, Beverly Price, Marvin Rodman, Judie Rolde, Billie Rytting, Zel-da Smith, Bettie Stovall, Mary Anne Stewart, Larry Swensen, David Taylor, Sherin Tavson, Eugene Teske, Jerry VanBuren, Joe Waldman, Peter Welch, Sharon Whitney and Dick Wilson.

W. Shelton, chairman; June Carey and Bruce Johnson; program, Adam

Hollywood School Helps Actors Achieve Stardom

HOLLYWOOD (AP) - "They don't teach you to be a star. They teach you to be a star, and that's what I want to be."

That is the ambition of Lara Lindsay, and she is being helped toward her goal by the most intensive star-building program ever instituted in Hollywood—the 20th Century-Fox school for new talent.

For 10 years the film industry, out of economic necessity, ignored the grooming of new stars. Studios felt they could no longer employ and train dozens of young hopefuls, a few of whom might turn into stellar attractions. The result: as the established stars died or faded away, there were few new ones to take their places. Box-office stars became fewer in number and higher in cost.

With its return to prosperity, 20th Century-Fox realized the urgent need to replenish the talent pool. The studio's father and son, established a program under the supervision of talent executives Owen McLean and Jack Bauer. Today a score of young hopefuls are enrolled in the compulsory curriculum. Universal also has a talent school, but attendance is voluntary.

Lara Lindsay is one of the most promising Fox students. The name sounds a bit artificial, and it is. She was born Gladys Jacobs in Chicago, started acting in the Iccapopads and other shows. She married an interior designer, became mother of a son, now 4. When the marriage started to break up, she capitalized on her blue-eyed, auburn-haired beauty by doing commercials on television in Tucson, Ariz. Her pay: \$15 per commercial.

Then it happened—one of those chance events upon which acting careers are built. The Paramount Western "El Dorado" came to Tucson and Lara got a job standing in for Charlene Holt. Coworkers encouraged her to come to Hollywood. She did.

Lara went through the heart-breaking routine of trying to interest an agent in presenting her to the studios. She finally obtained one, also a new name—Lara from "Dr. Zhivago." Lindsay from a brother—and a rearranged set of teeth.

The agent took her first to 20th Century-Fox, where talent executives were enough impressed to order a personality test on film—in which the hopeful answers questions on camera to determine whether the pegability comes across. After a couple of readings in dramatic scenes, Lara was signed Dec. 12, 1966, to a term contract starting at \$175 a week.

Her scabbing began immediately. It's an intensive schedule, from 10 to 5 every day, five days a week," she explained. "And you must attend everything. If you have too many unexcused absences, your salary is reduced."

"But it doesn't make sense not to attend. We're getting the best schooling a performer could find in Hollywood, and we're paid for it. I couldn't possibly afford the kind of classes I get at the studio."

Max Yost Is Speaker For Jerome PTA

JEROME - Max Yost, executive manager of Associated Taxpayers of Idaho, spoke Tuesday evening at the Jerome School District PTA meeting.

He spoke on state general funds primarily. His aim is to try to arouse taxpayers of the state from their apathy, and become interested at the time the taxes are being decided.

Now is the time when many state, county, city and even school budgets are being drafted. Taxes of Idaho will go just as high as the people of Idaho will let them. If the present trend continues we will have a \$197 million dollar budget by the 1969-71 biennium," he said. Mr. Yost said his organization is credited with saving taxpayers more than \$2 million over the years as watch dog of our tax spending. Associated Taxpayers of Idaho is the only

group in Idaho which is dedicated full time to the conservation of public funds. "We are not against taxes but we do watch for waste in tax money," he said. A question period followed the meeting.

Disability Area Shows Most Definite Expansionist Tendencies In New Law

By BRUCE BHOSSAT WASHINGTON - (NEA) When you put aside the matter of newly enacted higher Social Security cash benefits, it is in the disability field that the program has shown its most pronounced expansionist tendencies.

Disability under this law means you are unable to engage in any substantial gainful activity.

A few years back the requirement was loosened somewhat, so that a person collecting disability benefits could demonstrate a disability which has lasted 12 months, is expected to last that long, or expected to result in death.

Normally, also you must have Social Security eligibility, which in this instance means having worked five of the 10 years before you became disabled.

Now, however, if you are disabled before age 31, you can qualify for benefits with less work—down to a minimum of one and a half years.

That is not the only recent liberalization. Under 1967 amendments to the law, a widow whose husband has worked long enough under Social Security to have qualified for retirement benefits can herself be eligible for monthly payments as early as age 50 if she is severely disabled.

To qualify, her disability must have started before or within seven years of her husband's death. Her payment ranges from 50 per cent to 82 and one-half per cent of her husband's primary retirement benefit, depending upon her age at the time of her entitlement to the new disabled widow's benefits.

Persons who resume working despite disability can go on drawing benefits during a "trial work period" that may last as long as nine months. Once it is clear you are no longer disabled, you still can get benefits for three more months.

(ADVANCE ORDER)

provided that the new disability arises within five years after the previous one ended, and the new handicap is expected to last at least a year or to result in death.

The size of disability benefit depends on the worker's average earnings under Social Security. He gets what he would otherwise draw upon retiring at age 65, even though the disability payments may come to him at any age under 65.

Thus the newly authorized higher retirement benefits, effective with March 2, 1968, checks, will be directly reflected in higher disability payments.

The wife of a disabled worker also qualifies for a benefit if she is at least 62, or if she has in her care a child under 18 or a child disabled before 18. Such youngsters themselves are also eligible for benefits, as is any child of a disabled worker who is under 22 and still in school.

The wife draws one-half a disabled worker's benefits. So does each child under 18 or a child disabled before 18. Such youngsters themselves are also eligible for benefits, as is any child of a disabled worker who is under 22 and still in school.

Right now something more than two millions Americans are receiving benefits because of the disability of the family breadwinner. With the newly liberalized provisions of the law, particularly those affecting disabled widows as young as 50, this total can be expected to rise in 1968 and beyond.

SALMON RIVER Canal Co., Ltd., directors were re-elected recently by the firm's stockholders. They are, from left, William J. Lanting, president; Elmer Parrott, first vice president; Lyle Schnitker, secretary; Lester McGregor, and Victor Nelson, second vice president. The officers also were re-elected.

Salmon River Canal Co. Annual Meet Highlighted By Reports And Election

HOLLISTER — Reports a n election of directors highlighted the Salmon River Canal Co. Ltd., annual stockholders meeting earlier this week at the Hollister Grange Hall.

One of the main reports was the manager's report by Morris Huffman, canal company manager. He reported that during the 1967 irrigation season the total allotment of water to shareholders was 64 acre feet.

Mr. Huffman said the company drew 100,000 acre feet of water from the Salmon Reservoir and that 37,568 acre feet was delivered to farm headgates.

In giving his report, Mr. Huffman mentioned that the company spent \$1,533.30 for spraying canals and interests with 2-4-D for noxious weeds. He said this amount included the cost of the material, labor and the cost of maintaining spraying equipment.

Considerable work has been done on headgates, weirs and measuring devices, he added. Several laterals have been ripped and a test section of bentonite lining has been installed in the Main Canal.

Jack Barnett, assistant state Reclamation engineer, told the group of the Snake River Fifth District court brought by water users against the watermaster of Snake River Water District 36.

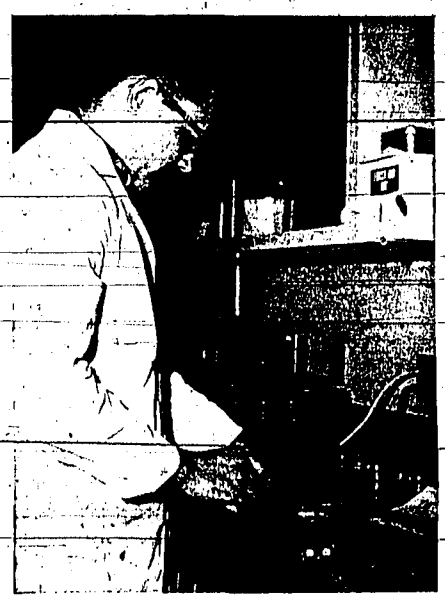

Mr. Barnett said the state Reclamation Engineer, Keith Highman, has intervened because there are several things that must be checked out.

Involved in the legal action is the ownership of water that flows down the Snake River during flood periods.

Elli Fuller, a supervisor of the Twin Falls Conservation District, told of the moisture in the watershed. He said since the last snow survey was made, there had been some storms in the South Hills, thus adding more moisture to the watershed. He said the water condition is about normal with the 10-year average.

was renamed president; Mr. Parrott, first vice president; Mr. Nelson, second vice president, and Mr. Schnitker, secretary.

Mr. Huffman was re-elected for another season. Judges for the stockholders' election were Dave Chadwick, Leslie Jones and Ralph Ward.

NEW SOIL SCIENTIST at the Snake River Conservation Research Center, Kimberly, is Dr. Donald W. Rickman. Dr. Rickman is working in the field of water management as related to water effects on soil structure and soil surface properties such as soil erosion and soil color. Prior to moving here he was with the Agricultural Research Service at Reno. He received his PhD degree in soil physics at the University of California. He is married and has one son.

Farm Program Sign-Up To Start Jan. 15

Sign-up dates for receiving requests for cost-sharing under the 1968 Agriculture Conservation Program will be from Monday, Jan. 15 through Jan. 31, 1968, according to Carl Boyd, Chairman of the Twin Falls ASC County Committee.

Any farmer wishing cost-sharing on conservation practices to be performed this spring must make application in the county ASCS office within these dates.

This sign-up period does not apply to requests for cost-sharing on noxious weed control practices, which will be held at a later date, the Chairman pointed out.

This sign-up period is for spring work only. Another sign-up period will be held for fall conservation work which will be announced in July.

Practices eligible for cost-sharing include: seeding of vegetative cover, brush control, fencing, irrigation pipelines and structures, cement-lined ditches and others. Cost-sharing will be limited to \$500.00 per person, said Chairman Boyd. Because available funds are limited, applications will be considered for approval on the basis of conservation need and past participation in the program.

Chairman Boyd said that anyone who wishes additional information on the Conservation Program and the assistance available to farmers for conservation work, should contact the Twin Falls ASCS office at 582 Blue Lakes Blvd., N., Twin Falls, before the end of the sign-up period.

Meeting Set

The Buhl Cooperative Supply Association will have its annual stockholders meeting Jan. 22 at the Buhl Moose Hall.

Ben Koel, manager, states that registration will begin at 11 a.m. followed by a luncheon and business meeting. One new director will be elected, L. R. Schaefer's term expires.

kill, with resultant recovery of native grasses.

Division fences have been built to provide better stock management. Pastures are being deferred and cattle rotated seasonally to secure healthy plant growth, grass reseedling and eventual replacement of low value forage with more palatable species.

Leaving fifty per cent of current grass growth in the form of stubble, seed, stalks and leaves is a management practice used to improve or maintain good pastures in high production.

The Steens raise Appaloosa horses and heat their ranch home with natural hot water.

DIRECTORS of the Twin Falls Canal Co. were re-elected recently during the firm's annual stockholders meeting. They are, from left, Edward Reichert, Filer, secretary-treasurer; Fay Frahm, Hansen, Alfred Kramer, Castelford, chairman; Tom Olmstead, Twin Falls, vice chairman, and Saul Moore, Buhl.

T.F. Canal Co. Had Good Year In 1967

By ROBERT VANAUDELN Times-News Farm Editor

"We had another very successful year in operation and water delivery, with no major breaks and an abundance of water."

This statement was made by Alfred Peters, general manager of the Twin Falls Canal Co. during the recent annual stockholders meeting of the canal firm.

In making his report, Mr. Peters said this was his 20th report and this is the 57th year of operation for the stockholders.

Mr. Peters said, "After the 1967 irrigation season almost one-half of the storage water remained in the reservoirs and water has been spilling past Milner since Oct. 7 and we will no doubt have plenty of water in 1968."

"We delivered 1,200,000 acre feet or 6.36 feet per acre of which 14.69 per cent was stored water."

Output Increases

NOISE—Production of garden seed beans in Idaho for 1967 totaled 474,000 hundredweight (clean basis) from 30,000 acres harvested.

This compares with 408,000 hundredweight produced in 1966 from 30,000 acres harvested. The per acre yield of the 1967 crop at 1,580 pounds compares with 1,360 pounds in 1966.

Bull Sale

FILER—The annual Filer Spring Range Bull Sale will be held March 8 in the Twin Falls County Fairgrounds in Filer.

Sponsoring this sale, known as Idaho's largest range bull sale, is the Idaho Cattleman's Association.

J. Wilson Steen Is Named Top Elmore Rancher Of '67

GLENN FERRY — J. Wilson Steen was selected unanimously as the outstanding conservation rancher for 1967, chosen by the district supervisors. He and his wife, Hazel, were cited for many phases of conservation planned and completed on their farm and ranch units.

The Steens make their home on their farm land north of Glenn Ferry, where practices to be installed were planned so to utilize fully and conserve the natural resources of soil, water and plants of the land.

Each year the Steens have made an earnest effort to apply to their crops and pasture lands those practices needed to fulfill their planned goals. On cropland, some areas have been leveled followed by smoothing and

NFO Official Sets Meet In Hazelton

HAZELTON—The western regional supervisor of the National Farmers' Organization will be in Hazelton Jan. 18 to meet with Jerome County farmers.

George E. Brandon, Paul, field representative, said that a meeting will be conducted at 2:15 p.m. on that date at the Frontier Grange Hall.

He said the purpose and aim of the NFO, especially relating to collective bargaining in achieving price boosts on farm produced products, will be outlined by Barnold Gron, a director and also regional supervisor of this area of the NFO. Mr. Gron is from Minnesota.

JOINS ASSOCIATION

Dan Cross, 18, Twin Falls, has been granted a junior membership in the American Angus Association at St. Joseph, Mo.

Along Fences And Canals

Mr. and Mrs. Pete Lanning, Mountain Home, have purchased a 90 acre farm one and one-half miles west of Palmer station in northwesterly Shoshone. The land was formerly owned by George Byard, Jr., and most recently by Homer Saldern. The Lannings will be moving soon and plan to enlarge the home on the farm.

The snow has melted from the fields at Tuttle with only some along the ditches where drifts were. Some corn is yet unharvested in the community and taking care of stock is the prime farm activity now.

Wesley Ward, Harold Ward, William Tracy, Wallace Taylor and Charles Ward Trucked calves for Dwayne Ward to Oakley where they were sold to Albert Anderson and sons.

In less than a month, two Almo men, Curtis Durfee and Arley Carlson, have bagged their second mountain lion. This 330-pound cougar, which measured six feet seven inches, was shot by the two men near the mouth of Almo Canyon after hours finally treed it. There is a possibility that this female mountain lion was searching for its mate which the two men shot last month in Graham Canyon. The cougar killed last month measured more than seven feet and weighed 150 pounds.

Tommy Ann have been helping out some Richfield farmers recuperating from surgery this winter. Frank Huber, a creamery employee, is doing chores for Roy Young, North Richfield, and Boyd King is working for Grant Haws, who underwent heart surgery and is convalescing at his East Richfield ranch.

Mr. and Mrs. Ray Hunsbith are living at the J. E. Freeman Burnham acre ranch and feeding cattle. The Freemans moved to their Twin Falls home in November.

Mr. and Mrs. Jack B. Allen, Tuttle, have had five big elm trees cut down from in front of their Tuttle farm home and cleaning away the wood is in process.

Bob Robinson has returned from a business trip to Grant, Mont., and Roger Noble, Mountain Home, did the chores at the Robinson Ranch at Tuttle during his absence.

Mrs. Gerald Luttmer, Tuttle, broke an ankle in an accident at her farm home.

Three Initiated

James White, who is also a reporter, gave an illustrated talk on knitting to Mrs. Hankle, Bonnie Ickes and Terling Powell, were initiated into the club at a meeting in the home school Jan. 23, at Mrs. Hankle's home.

The Green Thumb

By GEORGE A. GRAHAM

MY NEW YEAR'S RESOLUTION: I've made only one '88 resolution: I resolve to help the home owners' eating habits by writing more on growing fruits and vegetables in your garden.

We hope we can help you beat the high cost of eating and reverse the current "heat and eat" trend which has crept into our society. City gardeners, suburbanites and many rural homeowners have set an example of joy in picking chin-trickling tomatoes grown by their own hands in their own backyard.

Gardening is healthy and profitable. For every hour you work tending your crops, you earn yourself \$3.50 an hour! State College records prove it! Where else can you trim your wasteline and fatten your purse and eat better, all at the same time?

A major revolution is going on among gardeners. For the first time, gardeners have switched from growing flowers to fruits and vegetables. Add who started it? Women! Women control the purse strings in 80 per cent of American homes, and they are realizing they can raise their own food for less of their own. Sixty-four per cent of our gardening population are women; 30 per cent are men. Gardening is the "most popular adult hobby."

A recent survey shows that 50 per cent of gardeners have decided to cut down on flowers and add vegetables and 54 per cent added fruit. The reason? To stretch the budget, to give the family tastier produce and more health-filled meals. They are finding that fruits and vegetables are just as relaxing as flowers, more rewarding money-wise. They find that fruits and vegetables have beautiful blossoms and foliage, as well.

We don't mean you should give up flowers. There's a place for them around your home. It would be a drab earth without them. So on the whole for 1988, we're going to serve you some good tips on raising fruits, vegetables, flowers and other good items on indoor and outdoor gardening. You can help us help you by telling us your gardening troubles.

NORFOLK ISLAND PINE: This is a coniferous tropical evergreen which grows in many homes. In its native habitat it grows 200 feet high, but indoors seldom reaches a height of over five feet. It's not hardy outdoors.

The Norfolk Island Pine (*Arcauria excelsa*) resembles the true pine, having short stiff needles and resinous sap. Indoors it likes a semi-shady location, cool temperature (70 degrees or less) and give it syringing in the bath tub from time to time.

Best soil mixture: One-third each of sand, peat and loam, kept uniformly moist. Start new plants from seeds sown in sand-peat mixture in three-inch pots. Or cut the top off and root it. Many tell us that the side shoots do not develop into shapely specimens.

Troubles: Red Spider mites. Control by syringing. Spraying with a fine mist of kailashen should be treated with kailashen. DISINFECT PRUNING TOOLS: Many home gardeners unwittingly spread diseases such as fireblight to apple trees, flowering crab, mountain ash, and many other fruit-bearing trees by using contaminated tools.

How? By their pruning tools. Fireblight is a bacterial disease which attacks all members of the pear- and apple family. The disease is spread from an affected twig to a healthy one. When you cut into a dead limb, always cut far enough back into healthy tissue or wood. Burn infected wood.

Then sterilize the tools after each pruning cut. Use a common household bleach to sterilize saws, pruners and other tools used in pruning live limbs. Infected trees, USDA tests show that soaking the tools in a common supermarket bleach for as short a time as two seconds is completely effective in killing the fire blight disease organism (a bacteria). So each time you make a cut into a pear, neglect no limb or other tree that is fire-blighted, dip the cutters into a pail of bleach.

DON SUMP
... regional manager for the Pacific Supply Cooperative in Boise for the past year, has been named merchandise manager for Pacific Supply Cooperative. He will be moving to Portland. He joined Pacific Cooperative in 1957 after his discharge from the Marine Corps.

POINSETTIA CARE: Continue to give yours plenty of water, daily if possible. Dry soil will shorten the life of your plant. Keep it out of direct sun and away from radiators. Don't let it a few bottom leaves yellow, wilt and fall off. This is natural in an average home.

HOUSE FERNS - QUICK CHANGE ARTISTS: The common Boston fern is tricky. It has many "sports" - at least 40 varieties. This "swordfern" reverts, sending out leaves with finely cut leaflets and some quite broad. The dainty sport, "Whitmanii" or "Whiteman's fern" reverts to the common type. Also, there is another sport called "Verona" and one called "Smithii," both extremely finely cut.

All ferns take same care. Bright window, out of direct sun. Humid soil, uniform supply of moisture and a liquid feeding, once every four or five weeks. Do not grow them where they are brushed up against as it causes fronds to turn brown. Cut out those long, string-like growths - they're useless.

QUESTION OF THE WEEK: S.E. of Paul: "I have an African Violet which has many stalks. Is it safe to divide the plant while in bloom?"

Violets with many stalks (called Multiple-crowned) can be divided any time, even in full bloom. Knock the plant out of the pot, lay it on a newspaper, then gently pull the plant apart into as many sections as you wish without damaging them. A tight clump can also be cut apart with a sharp razor.

See me for a new Volkswagen.

107 Bulls Gaining 2.61 Pounds Per Day On Test

JEROME — One hundred and 701 seven bulls were weighed after 88 days of 140-day performance testing period at the Jerome Performance Bull Test Station.

According to A. P. Patterson, station manager, the total gain for the 107 bulls was 15,501 pounds for the 88 days, averaging 148 pounds each or 2.61 pounds per day.

The bulls on test come from six states and represent most all beef breeds.

The 12 high gainers gained an average of 205 pounds each or 3.51 per day. The 12 low gainers averaged 84 pounds or 1.51 pounds per day.

The bulls all were fed the same ration, under the same management and conditions and were in the same corral. Mr. Patterson said, "Still there was 121 pounds or two pounds per day in favor of the fast gainers."

Owners of high gainers, listing the gain of the bulls, are:

Black Angus — Cowan Brothers, Reedport, Ore., 291 pounds and 201 pounds; A. J. Patterson, Jerome, 204, and G. H. Land and Cattle Co., Twin Falls, 208.

Red Angus — Floyd Simpson, Umatilla, Ore., 209, and Garnet White, Spokane, 200.

Charolais — Perry Blackham, Moroni, Utah, 221, and Paul Ransom, Milton Freewater, Ore., 208 and 209.

Breeds known by its Indian name of Sun-foot. Grows six to eight feet tall. Roots are dug in fall or early spring. This is a vigorous grower and may spread. The Jerusalem or American artichoke is simple to grow, starchy tubers. Freezing improves flavor so dig them as late as possible in fall, or in a winter draw, or in spring before they sprout.

FARM AUCTION

These items will be sold at Public Auction located 10 miles East on Highway 25 and 1/4 mile South of Jerome, Idaho.

Idaho Farms Getting Bigger And Fewer

BOISE—Idaho farms are getting bigger and fewer. Average size has increased more than 70 per cent in the last 20 years while the number has gone down about 25 per cent, according to the University of Idaho agricultural extension service.

The summary was given in the January issue of "Economic Facts for Idaho Agriculture" by Quentin D. Hanks, marketing information economist. Total land in Idaho farms has increased by more than 20 per cent, the report said. The data is based on USDA figures. The report also said the average value of land and buildings per farm is almost five times as large as it was 20 years ago.

Average size of farms varies

considerably, depending on the area of the state. In the southwestern irrigated district it is 343 acres. At the other extreme, the central range area, it is 1,158. The report figured on the 1964 census and estimates for later years, also shows substantial differences in farm income for various areas. Commercial farms with gross sales of more than \$10,000 varies from 27 per cent in the northern range area to 58 per cent in the northwestern area. In the south central irrigated area 57 per cent of the farms grossed more than \$10,000. Only 45 per cent of those in the central range area, 46 per cent of the south west irrigated area, 47 per cent

in the southeastern area, and 50 per cent in the upper Snake area grossed that amount. Substantial increase in agricultural growth during the next decade is predicted by the economist. Similar trends in the future will be very close to actual increases in production and income. Total receipts from farm marketing exceeded half a billion dollars for the first time in 1967. They increased about \$33 million more in 1966. Figures for 1967 will be available next year. In discussing the beef situation, the monthly summary said marketing of fed cattle is expected to continue high in 1968. More cattle are likely to go to market in the first half of the year than in the same period of the

previous year. With declining prices and low feed costs, feeders may have a tendency to hold cattle to heavier weights. If this tendency develops, the economist predicts that the average weight of slaughter cattle and calves will be at a level that indicates a delicate balance between herd liquidation and herd building. It is generally believed that the number of dairy cow numbers are decreasing while beef numbers are increasing. Some forecasters believe that total numbers are actually increasing. This could mean a larger calf crop in 1968 than the previous year.

Snow Depths, Water Content On Big Wood River Watershed Below Year Ago

HAILEY—Reuben Bradshaw, snow-surveyor for the Soil Conservation Service, in his report for snow depths and water content as of Jan. 1 notes that on the Big Wood River Watershed both are below last year. On Galena Summit there is 31.7 inches of snow with 7.8 inches of water content at this time against 35.3 inches of snow with 9.8 inches of water content Jan. 1, 1967.

At the Graham ranch snow course snow depth is now 15 inches against 24.3 inches last year. Water content now is 2.6 inches against 5.7 inches last year. Snow depth on Bald Mountain is now 28 inches against 36 inches last year and water content this year is 4.0 inches against 8.6 inches last year.

On the Little Wood River drainage, snow measurement at Garfield ranger station shows 14.8 inches of snow with 2.9 inches of water content against 17.4 inches of snow with 3.8 inches of water content the same date in 1967.

Gordon Graff Joins Grange At Murtaugh

MURTAUGH—Gordon Graff was accepted as a member of Murtaugh Grange at the meeting held in the hall here.

James Kirkpatrick gave the agricultural report and urged members to write their congressmen concerning their opinions on the American Falls Dam question.

Graff announced that Murtaugh Grange will meet Jan. 19 with Ellor Grange where the officers will fill the stations.

Mrs. Norman Peterson, home economics chairman, announced that she has all the information necessary for the annual Grange sewing contest.

The program, based on the history of the Grange, was presented by Mrs. James Kirkpatrick, lecturer. Readings were given by Mrs. A. L. Carrier and Mrs. Richard Carrier; Mrs. Edna Young read, "Think About the New Year," and Mrs. Ralph Denton read, "New Years." A peanut game was played and New Years resolutions were given by each member. New officers practiced the entry drill.

Resolutions were accepted by Mr. and Mrs. Carl Kleinkopf and Mr. and Mrs. O. W. Daniels.

DISCUSSING GRASSES with supervisors of the Snake River Soil Conservation District is Harold Harris, right, plant material technician at the Aberdeen Experiment Station. Listening to Mr. Harris are, from left, Dean Moore, Keith Rhodes, Virgil Wilson and Dick Stafford, district chairman. Mr. Harris also showed slides of various strains of grasses.

LENTIL TOTALS LISTED
BOISE—The 1967 Idaho lentil crop is estimated at 176,000 hundredweight, harvested from 17,000 acres with a yield of 1,030 pounds per acre.

Farm Lenders Are Expected To Study Credit Requests More Carefully In '68

WASHINGTON—Farmers applying for credit during the coming year can expect lenders to study more carefully the purposes for which credit is to be used, according to Robert B. Tootell, governor of the Farm Credit Administration.

With farmers' income margins under continuing pressure, and the prospect that credit is likely to remain tight, lenders also will be giving more attention to borrowers' real needs and to their repayment capacity.

Efficient farmers with adequate sized operations will continue to need large amounts of credit, Tootell predicts, but most will be able to meet their repayment schedules. Some of the less efficient and marginal borrowers have reached their capacity to have additional credit profitably. All will need to plan more carefully in handling their financial affairs, he said.

Farmers' debt increased again in 1967, Tootell points out, and the outlook is for even larger amounts of credit to be used in agriculture during 1968. Reports indicate total farm debt is now nearly \$49 billion, compared with \$44.5 billion a year ago. Farmers' assets on the other hand, have also increased

from \$269 billion to an estimated \$281 billion, but most of this represented by higher land prices.

The governor said that agriculture on the whole continues to be in fairly good financial condition, though many farmers are entering 1968 in a less favorable position than a year ago. Income of many farmers decreased sharply during the past year, and they are going into the new year with smaller financial resources.

Gross farm income in the United States decreased from \$49.7 billion in 1966 to \$46.2 billion in 1967. Net farm income declined from \$16.4 billion to \$14.8 billion. Farmers' incomes in 1968 are not expected to show much change from 1967.

The Farm Credit Administration, which Tootell heads, is an independent agency of the government charged with the responsibility of supervising the 37 Farm Credit Banks—Federal land banks, Federal intermediate credit banks and banks for cooperatives—and their more than 1,100 affiliated local land bank and production credit associations. Farmers and their cooperatives borrowed more than \$3½ billion from the banks and associations of the Farm Credit System during 1967.

Dairy Meet Set Jan. 22 In Pocatello

GLENN FERRY—Herb Edwards, Elmore County Agent, reminded all farmers that subjects of interest to them will be discussed Jan. 22 to 24 at the annual convention of the Idaho Dairyman's Association at Pocatello.

Main speaker at the sessions in Bannock Hotel will be Daniel H. Rowles, Chicago, manager of the American Dairy Association's promotion program; Glenn Lake, Detroit, president of the National Milk Producers Federation.

Robert S. Davis, Kuna, president of the Idaho Association, will conduct business meetings. Dairy hall-of-fame awards will be presented by Joe Prizli, Fruitland, president of the Idaho Dairy Producers Association.

One or more dairymen are recognized annually for contributions to the industry.

Joe Preston, Declo, chairman of the revenue and taxation committee of the Idaho House of Representatives, and J. Tim Brennan, Boise, executive director of the Idaho Food Dealers' Association, will discuss the inventory tax.

Pomona Holds Dinner Meet At Shoshone

SHOSHONE—Lincoln County Pomona Grange met at the Magic Grange hall for a potluck dinner at noon Saturday. The business meeting was held after the dinner.

Special guests were Mrs. and Mrs. Ira Kessler, Gooding. She is the state grange lecturer.

Subordinate grange reports were given by George Horn, for Magic Grange, Gutierrez, Wood River at Hatley, and Glen Ross, Richfield.

Mrs. Louis Couch, hospitality chairman, reported on having sent cards to seven people.

Master Dean Barney distributes material on safety to the resolution committee.

Standing committees for 1968 were named by the master, Larry Tews, Ward Mills, Wurst, Sid Edwards and Gene Alexander were named to the resolution and education committee, and S. M. Hall, George Horn, John Drexler, Fay Chatfield and Ralph Towne, agriculture committee.

Mrs. John Drexler, lecturer, was in charge of the literary program during which Mrs. Kessler showed pictures of her trip to National Grange Centennial meeting in New York state.

The next meeting will also be a day meeting to begin with a potluck dinner Feb. 3 at Dietrich grange hall.

A state officers meeting will be held at 8:30 p.m. Feb. 1 at Dietrich and 8:30 p.m. Feb. 2 at Hatley.

Farm Bureau To Support Chamber

SHOSHONE—Board of directors for Lincoln County Farm Bureau will maintain their membership in the Shoshone Chamber of Commerce, it was voted at the January meeting.

A training school is announced for Feb. 12. Results of the district fire election at Dietrich were discussed as well as county business items such as the 1968 county budget, the necessity of hiring attorneys for state cases and expenses in the county support school.

Dairy prices were discussed, along with values of crops and hobby farming as outlined in the 1968 January issue of Farm Journal.

The next meeting will be held Feb. 1.

NFO To Meet

WENDELL—The National Farmers Organization holding action will be discussed at a meeting at 8 p.m. Jan. 17 in the Wendell City Hall.

The holding action includes all farm commodities and a date for the action will be set sometime during the month. NFO officers said the slogan is "No Price, No Production."

Changes Made At "Box X"

GLENN FERRY—When a group of farmers from Star and Eagle ranches in the Adams Hill "Box X" ranch this past summer, they decided to make some changes.

Paul Atkins is president; Pat Nobles, vice president; F. V. Barr, secretary-treasurer.

One of the things they decided to do was complete the large irrigation dam started by Hall, and build a ditch and concrete structure to divert water from Bennett Creek to the dam area.

Grass seeding, land leveling, and revised grazing systems are included in the plans, too.

The association contracted Robert Ford, Mountain Home, for the dirt, rock and concrete work, which progressed rapidly. The concrete was poured on the diversion structure, the rock liner for stripping the dam, and dirt work started on the dam and diversion ditch.

Also 1,100 acres of range land were seeded to wheat grass and alfalfa. Topographic surveys of cropland are now completed and leveling of irrigated fields will start in the spring. Cost share is provided on all these practices from the ASSC.

BRIDGE

By Jacoby

EXPERT QUICKLY SPOTS SQUEEZE.
Ever so often we are asked if it is possible for an expert to recognize a sure squeeze as soon as he sees the dummy.
The answer is a resounding NO, but we have seen almost all the brilliant and cunning "stealing hand" plays to the first trick.

NORTH 12
KQ64
A32
KJ10
K7

WEST EAST (11)

K864
2-3-2
A832

North-South vulnerable
West North East South
Pass 6 N.T. Pass Pass
Pass 6 N.T. Pass Pass
Opening lead—♥Q

Here is one that we, or at least the older half of us, remember from the first days of contract. Oswald Jacoby was North, and when the late Ely Culbertson was able to bid three no-trump over East's three club preempt, Oswald raised the Professor (Ely was called that and deservedly so) to six no-trump. West opened the queen of hearts. Ely looked over dummy carefully and played the deuce. East discarded a club whereupon Ely spread his hand and said, "Six on a squeeze."

Needless to say, the opponents objected but Ely proceeded to make the hand as advertised. He started by dropping a low heart from his own hand. This is what is known today as "reaching the court." He had 11 top tricks and needed 12. He lost one-trick right off the bat. West led a second heart. Ely won that in dummy and ran off four diamond tricks. He discarded a spade and a club from his own hand. Then he cashed the king and ace of clubs and king of hearts. This left dummy with four spades. It had started with, while Ely held two spades, a low heart and a low club. He turned to West and said, "You still hold a heart. You can't have more than three spades."
Then he turned to the assembled audience and said, "The spades are all good. Six on a squeeze — just as I announced at trick one."

CARD SENSE

Q—The bidding has been:
West North East South
Pass 2 Pass 2-4-1
Pass 3 Pass 4
Pass 5 Pass 7

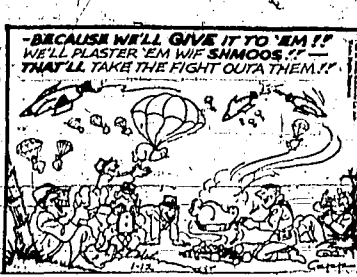

You, South, hold:
♠ J 4 2 ♣ K 10 9 5 4 3 ♠ 7 2 3
What do you do now?
A—Bid six diamonds. Your partner has clearly shown that he has diamonds, hearts and spades so that he can't have two club losers. You have shown nothing but that you do have diamonds.

TODAY'S QUESTION
Instead of rebidding three spades, your partner bids three hearts over your two no-trump. What do you do now?

Immodest, Maybe, But Not Immoral

Dear Ely: I want your opinion. Good, luck, loser — could be fun. Do you think it is proper for a 16-year-old brother to walk around the house, just in his undies, for a 16-year-old sister to see him? I don't have to tell a church camp over the what you I see. I tell him but holidays. Another girl and I all he says is, "Oh, too bad." He doesn't even do anything. We were supposed to have a 16-year-old sister. My little brother was a week before. Dear Sister: If your brother the camp the other girl changed were staging fashion shows just her mind, but I was still going for you, I'd be concerned. But if to drive up with the boys. Well, he's that casual in front of your then I caught the flu. While I parents, I see nothing to get was sick in bed, one of the boys' mothers called, at 11, as the mothers called, up my mouth, and time you accepted the fact of steady going home life, one of which is that boys Saturday bit was. She said the are much less concerned with boys had told Jim's father that modest than girls. If you don't were supposed to come home want to look at brother's shorts, Saturday, but she had investiga- you can look away, but do it day and they planned to spend another girl at a party all three go in the football game with my of us wanted. I danced with steady Friday night. Although the new girl twice, she was reputation at church is mud- man, so I went and my steady now! What can I do? — Mud. found out and returned my ring, and hasn't talked to me since, you, and that's the most im- Now that we're broken up, I portant thing. Now perhaps it know my steady was what I would be worthwhile to reach the other side. I do not switcher. Dialogue: Jim and ed, and to get her to take me, Todd, a girl's reputation is real- back? Or am I stuck being — by a delicate thing. I trusted The Loser. you, and as far as I know, I've never done anything to hurt Dear Loser: If this message either of you. So are you going might want to say "Ely, you late or are you going to tell all was dead wrong to cheat on the moment thing doesn't excuse it although that's the truth, eyes express what they will, the There was no real feeling at all in what happened. Jim and I broke off with me. I never knew how important you were dating; going steady and being to me. But now that I realize this, you can be sure I wouldn't pumble on losing you again. If 10 cents and a stamped, self-addressed envelope sent to Ely chance in your life, you'll give it to me, please! — And then? this newspaper.

Indiana's Big 10 Crown, Rose Bowl Trip Net Coach Of Year Honors For Pont

By WILL GRIMSLEY
NEW YORK (AP)—John Pont, who pulled off a 100-1 victory in leading Indiana University through a 9-1 season and into the Rose Bowl, was named college football's coach of the year Thursday by his fellow coaches.

The 39-year-old Miami of Ohio graduate was voted the annual

Kodak Award in a poll of 2,000 members of the American Football Coaches Association.

The same group elected Cecil "Scrappy" Moore, who is retiring after 42 years at the University of Chattanooga, the Kodak Award for having done the best coaching job in small college ranks.

Moore's 42nd Chattanooga

team had a 7-3 record and gave the slimly built coach his greatest career mark of 171 victories, 146 defeats and 13 ties.

Pont took a Hoosier team that had won only one of 10 games in 1958 and turned it into a winner that placed fourth in The Associated Press national rankings.

"Discipline and imagination were the trademarks of our team," Pont said. "The boys possessed tremendous spirit and drive. They didn't believe they could be beaten. They were a team that would make any coach look good."

Pont said that at Indiana this year he and his staff picked the best 22 players and decided to forget about replacements.

"We sought to instill responsibility in them from the beginning," he added. "I called no more than 10 per cent of the plays. The other 90 per cent of the plays were left to our quarterback, Harry Coomb."

"I believe in giving this responsibility to the players, and we get more out of them. They learned to believe in themselves. They were a remarkable group."

The Hoosiers lost only one game to Minnesota, 37-7, but came back for a 19-14 triumph over Purdue and the great Army Keyes. They lost to top-ranked Southern California in the Rose Bowl, 14-3.

Moore's Chattanooga teams played and beat larger football powers.

Scrappy got his nickname because of his desire to play bigger opponents.

A television man at the presentation Thursday referred to Moore as "Cecil."

"Cecil," Moore exclaimed incredulously, "I haven't been called 'Cecil' since my six-got mad at me when I was six."

Lombardi Says Team Has Great Future

FORT LAUDERDALE, Fla. (AP)—Vince Lombardi, winner of three straight National Football League titles, said Thursday the history of his Green Bay Packers is in the future, not the past.

"This is going to be a great football team in the next four years," said the Packers coach after a one-hour workout for Sunday's Super Bowl game with the Oakland Raiders at Miami's Orange Bowl.

"I'm sure we will have some retirements after this game, win, lose or draw," said Lombardi. "But we have more talent on this squad than ever. If we can fill in a few areas, better a few more, we are going to be a great team. We lost some of our young people in stocking the new team."

The Packers already are good enough to rate two touchdowns favorites over the American Football League champions in the Super Bowl game that will be watched by a sellout crowd of 75,546 fans and televised nationally.

Lombardi said he had two first-round choices in the college draft to be held Jan. 30 in New York. He said he also had one second-, two third-, two fourth- and two fifth-round picks.

To fill a roster gap brought about by the kidney injury to tight end Allen Brown in the last game of the regular season, Lombardi has activated Dick Capp, a rookie linebacker and tight end. Under the rules of the game, either team can make as many as two roster changes. Oakland plans none.

Capp, former Boston College player, was on the Packers' reserve squad, but had been on the active list for two regular season games.

The Packers coach said he did not think his team would be troubled by complacency.

"I think all this about how many championships you have won is overdone," said Lombardi. "If you don't have desire and pride you're in trouble. If a man makes \$1 million he doesn't mean he doesn't want to make \$2 million. This game is plenty big enough. Nobody should have any trouble getting ready for it."

Aired

All three College of Southern Idaho basketball games plus the Twin Falls-Capital high school game will be carried by local radio stations this weekend.

CST games, carried by KXII, will begin at 5:45 p.m. Friday and Saturday at Idaho State and BYU and 8 p.m. Monday from Utah State.

KEEP will carry the Twin Falls-Capital game at 8 p.m. Saturday.

Jerome Cops Mat Victory Over Filer

FILER—The Jerome Tigers piled up an insurmountable lead in the light weights Thursday night and took a 31-21 wrestling decision over the Filer Wildcats.

Jerome won the first four matches, two by pins, and stayed ahead all the way.

In a jayco meet earlier, the teams grappled to a 20-20 draw.

Results of the matches, Filer men listed first, include 98 pounds, Shetler was pinned by Otto; 106 pounds, Griff was pinned by Quintana; 115 pounds, Allen was defeated by Hills; 123 pounds, Lutz was defeated by Zink; 130 pounds, Dietrich pinned Martin; 136 pounds, Gings was pinned by Blomer; 141 pounds, Henstock was pinned by Larson; 148 pounds, Rynek pinned Walker; 157 pounds, Utter was pinned by Klimes; 168 pounds, Nelson was pinned by Becker; 187 pounds, Joslin pinned Miller, and heavy-weight, Orthal decided on Schmidt.

Johnson Traded For Simpson

CINCINNATI (AP)—The Cincinnati Reds traded Dick Simpson today to the St. Louis Cardinals for Alex Johnston. Both are outfielders.

Simpson, 24, hit .259 for the Reds last season in 24 games.

Johnson, 25, broke into the major leagues in 1964 with the Philadelphia Phillies and hit .304 in 43 games. He batted .294 in 77 games in 1965 and then was traded to the Cardinals. Last year, with the Cards, he hit .223 in 81 games.

Reds' manager Dave Bristol said, "The (Johnson) could be fighting for a starting job with us this year."

Maravich Hikes Scoring Lead

NEW YORK (AP)—Pete Maravich of Louisiana State, No. 1 in scoring average, has been joined by teammate Ralph Jorkola as a statistics leader among the major college basketball players.

Jorkola has taken over the top spot in field goal percentage with .710, the figures compiled by National Collegiate Sports Services through last Saturday's games showed Thursday.

Meanwhile, Maravich increased his scoring lead to 4.2 points over Calvin Murphy of Niagara. Maravich has a 44.0 point average to Murphy's 40.4.

Deadline Set For Entry In Bowling Meet

Women bowlers of the Twin Falls Women's Bowling Association will hold their annual city tournament during two weekends beginning Jan. 27.

Team events will be held Saturday, Jan. 27 and Sunday, Feb. 3 at 1 p.m. and 6 p.m. and on Sundays, Jan. 28 and Feb. 4 at 1 p.m. and 3:30 p.m. and 8 p.m. and on the two Sundays at 11 a.m. and 6 p.m.

Closing date for entries will be midnight, Jan. 13. Entries may be mailed to Leona Hankins, 361 Polk St., Twin Falls, and are open to any association members holding a WIBC card. Fees are \$3 per event with an optional event at \$1.

The tournament is handicapped at 75 per cent of 180 with 200 and 225 pins will be awarded.

Crozier Concludes Short Retirement

DETROIT (AP)—Roger Crozier, Detroit goalie, will end his six-week retirement Wednesday and announced plans for a comeback with the Red Wings' farm club at Fort Worth.

Crozier worked out with the National Hockey League team Wednesday for the second time in a week and later met with General Manager and Coach Sid Abel.

ROBINSON SIGNS

BALTIMORE (AP)—Brooks Robinson, the slick-fielding third baseman of the Baltimore Orioles, has signed his American League contract for 1968. The salary figure, as announced, was estimated at about \$75,000.

NCAA Eases Fresh-Rule In Minor, Spring Sports

By WILL GRIMSLEY
NEW YORK (AP)—The National Collegiate Athletic Association's policy-making council ruled Thursday that the new freshman rule affects only those freshmen starting with the 1967-68 school year, and is not retroactive.

The rule, adopted by a 163-100 vote Thursday, makes freshmen eligible for all varsity sports except football and basketball and permits them to compete for four years and in all NCAA post-season events.

"There was some misunderstanding on interpretation of the rule," Charles Neinas, assistant executive director of the NCAA, reported. "The council cleared up the matter at its final meeting last week."

The Western Athletic Conference, which includes such teams as Wyoming, Utah, Arizona and Arizona State, and the Southeastern, with such teams as Tennessee, Alabama and Georgia, were the only dissenting freshmen participation in minor and spring sports.

"While such athletes could compete in regular season dual meets and competitions, they were prevented by the NCAA last year and the Southwest permitted freshmen to compete in individual sports, such as tennis and golf."

Most of the major conferences, the sprawling Eastern College Athletic Conference with its 171 members, the Big Ten and Pacific-8, have rules against freshman competition. They all indicated that they would stick to their current rules until forced into a change by possible recruiting disadvantages.

Graham's Six Birdies Net Crosby Lead

PEBBLE BEACH, Calif. (AP)—Tennessee Lou Graham relieved his deft putting touch quickly Thursday and dropped six birdie puts for a four-under par 68 and the first round lead in the \$104,500 Bing Crosby Golf Tournament.

A year ago Graham didn't have a three-putt green in the Crosby, but he started this time by needing three puts on the first hole. On the second, however, he dropped a 25-footer for his first birdie and wound up the day one stroke ahead of Tommy Jacobs and Dave Hill, who had two ahead of Johnny Platt.

Defending champion Jack Nicklaus remained in strong contention with a 71, but Arnold Palmer went to 76 with a double bogey on the 11th hole and bogeys on the next two. He twice missed puts of a foot.

In the Crosby a year ago Graham tied for 10th, 11 strokes behind Nicklaus.

Troxel To Remain On Idaho Staff

MOSCOW, Idaho (AP)—The University of Idaho's new football coach, V. G. McNease, has tapped the Vandals assistant coach Ed Troxel to become the first member of next year's coaching staff.

A university spokesman said Thursday that both McNease and President Ernest W. Hartung agreed that Troxel—who was among the top contenders for the head coaching job—should be retained.

Troxel, formerly a coach at the College of Idaho and at Borah High School in the Boise area, joined Idaho's staff last year as an assistant to Steve Musseu, who resigned.

"I'm very pleased Thursday about next Tuesday, after talk of the Super Bowl has died down," Kauffman said with a smile.

"Then the board will interview the open, I've talked to and chosen an executive vice president, who will run the ball club."

The league had granted Kauffman a 1969 expansion franchise to replace Charles O. Finley's Oakland Athletics.

Kauffman, the city's first home-based major league owner, said the only applicant offering one-man ownership, which the American League prefers.

"Kauffman took pains to make it clear the club would never be moved from Kansas City, that the team will be run solely by baseball men and that all profits would go back into the club."

"Mayor, Kansas City will never lose this club," Kauffman told Mayor Ius Davis. "My attorney has put it in writing to the City Council and the American League that the club will never leave here during my lifetime, and my estate is legally bound to sell the club to Kansas City interests."

Kauffman, 51, is president of Marion Laboratories Inc. The franchise will cost him almost \$3 million, most of it going for 30 players at \$75,000 each.

"Kauffman suggested to newsmen that they set up a public contest to name the club."

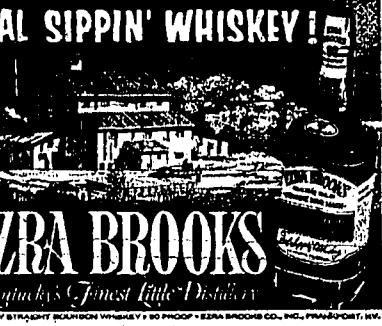

Declo Matmen Edge Valley, Stay Unbeaten

DECILO—Declo's undefeated wrestling Hornets won the last three matches of the night with pins to overcome the Valley Vikings 27-23 in a meeting of Magic Valley Class Bilians.

Jack Mooley, John Osterhout and sophomore, Dan Osterhout won the final matches to bring the Hornets from 11 points behind, Valley piling up the lead in the early going. The teams will meet once more before the district tournament next month.

Results of the matches, Declo men listed first, include 88 pounds, Steve Mathews drew with McClain; 105 pounds, J. Osterhout was declared by Waters; 115 pounds, Ron Sorenson was pinned by Dean; 123 pounds, Clyde Anthon was pinned by Dean; 130 pounds, Ed Kolsey was pinned by Taylor; 136 pounds, Sam Mathews declared; 145 pounds, 141 pounds, Jack Ross pinned Waters; 148 pounds, Terrill Ridd declared; 157 pounds, Garth Osterhout was declared by McClain; 168 pounds, Jack Mooley pinned Yost; 183 pounds, John Osterhout pinned Stewart, and heavy-weight, Dan Osterhout pinned Sellers.

Queen-Size, King-Size Beds Move In

By JACK LEFLER AP Business Writer

NEW YORK (AP) — Queen-size, king-size and king extra beds are crowding regular-size beds out of the bedroom.

That's the word from the National Association of Bedding Manufacturers which reports that 40 times as many big beds were sold last year as were sold 10 years ago.

The big beds accounted for 20 per cent of the beds sold against less than one half of one per cent in 1957.

Extra-size beds aren't new but the demand for them is.

"Young couples aren't thinking of anything other than kings or queens," says Elaine Bornheimer, president of Help's Bedding Stores, Inc., in New York City.

Why? People are bigger, they want to be more comfortable and the beds are becoming prestige items according to the manufacturers.

Twenty per cent of American men are 6 feet tall or taller against only 4 per cent in 1960.

Since 1960 the average man has become seven pounds heavier and the average woman 11 pounds heavier.

The standard double bed size is 54 by 75 inches. The queen is 60 by 80, the king 72 by 84 and the king extra long 76 by 84.

KNOTHOLE NEWS

Results of the knothole basketball games played Saturday are announced by Chad Browning, recreation director.

Sixth Grade
Curtis Ward and Eric Hovey paced their Thunderbirds past Duncan's Fearless. Five 48-10. Ward hit for 20 and Hovey hit for 20. Duncan scored 12 for the losers.

Fourth Grade
Wildnir's Wildcats swamped Nelson's Naltonites 16-4. Scott Wilding tallied 10 for the winners. Dave Ballew, Tom Stufferled scored 2 each in a losing cause.

Third Grade
Crist's Comets demolished Day's Demolishers 23-12. Tim Crist ripped the net for 12 points and led the winners in scoring. Craig Day, Doug Payton, Mark Tolford and Elmer Rolke scored for the losers.

Second Grade
Rudd's Racers dropped Shanks' Shrinkers 10-8. Rod Becker, Steven Alexander and Bryant Rudd hit points for the Racers. Richard Zeine and Russell Shamer each scored 4 to lead the Shrinkers in scoring.

First Grade
All Twin Falls Parks and Recreation Department sponsored Knothole basketball games will be played at O'Leary Junior High School Saturday according to Chad Browning, city recreation director.

Seventh Grade
Hawks, Giltwater Globetrotters, vs. Duncan Fearless Five, Hillman Hillbillies vs. Kevin Cougars, and Sellow Super Slicks vs. Dehoney Devils, all 8 a.m.; Bird Blue Jays vs. Stewart Stingrays, Thaco Thunderbirds vs. Salinas Samsones, Road Road Runners vs. Hernandez Stealers, and Gabica Gladiators vs. Hendrik Hipples, all 9 a.m.

Eighth Grade
Hillman Hillbillies vs. Mazonne Wildcats, Conner Cool Cats vs. Fowler Bears, Robertson Raiders vs. Nunally Naltonites, Egbert Eagles vs. Shanoes Shrinkers, all 10 a.m.; Cordova Cougars vs. Gonzales Guerrillas, Merrit Mustangs vs. Day Demolishers, Urquenos vs. Crist Comets, and Rudd Racers vs. Bird Unbeatables, all at 11 a.m.

Ninth Grade
Wildnir's Wildcats swamped Nelson's Naltonites 16-4. Scott Wilding tallied 10 for the winners. Dave Ballew, Tom Stufferled scored 2 each in a losing cause.

Tenth Grade
Wildnir's Wildcats swamped Nelson's Naltonites 16-4. Scott Wilding tallied 10 for the winners. Dave Ballew, Tom Stufferled scored 2 each in a losing cause.

Eleventh Grade
Wildnir's Wildcats swamped Nelson's Naltonites 16-4. Scott Wilding tallied 10 for the winners. Dave Ballew, Tom Stufferled scored 2 each in a losing cause.

Twelfth Grade
Wildnir's Wildcats swamped Nelson's Naltonites 16-4. Scott Wilding tallied 10 for the winners. Dave Ballew, Tom Stufferled scored 2 each in a losing cause.

Orders Issued In Raft River REA Request

SALT LAKE CITY (AP) — Five orders related to an application of Raft River Rural Electric Cooperative, Inc., Malla, Idaho, were issued Thursday by the Utah Public Service Commission.

The Idaho firm applied for being power into northwestern Utah and has been approved by Utah Power and Light Co. The orders will not alter the dates set for the case which will resume Jan. 22 in Salt Lake City. The Utah firm is expected to start presenting a rebuttal and evidence Thursday.

The orders issued provide certain protests of UP&L will be considered a pleading in the case; a motion to discontinue the case by UP&L is under advisement; a petition for rehearing filed by UP&L is denied; a motion to have the commission identify matters it might take judicial notice in accordance with its rules of practice and procedure and rules of law is denied; UP&L has until Monday to answer charges by Raft River Coop.

The controversy lies with serving-brine chemical companies that propose to build on the west side of Great Salt Lake. Raft River sought to serve the area, but UP&L said it was better qualified to serve the area and was certified to do so.

Power from Bonneville Power Administration would be used by Raft River to serve the area.

INFORMATION ASKED — WASHINGTON (AP) — The government has ordered manufacturers to be more informative in writing the labels they paste on nonprescription drugs, medical devices and cosmetics — and to write them in language people can understand.

1933 Comedy Film Shown To Grangers

FILER — A.W.C. Films comedy film, taken in 1933, was shown at the Filer Grange meeting and provided entertainment for all who viewed it. Ted Glassing, er, Grange master, had produced the film.

Loren Drake gave a report on an article concerning a number of seeds which were recently found in a grave in Alaska and are thought to be thousands of years old, yet when thawed from their frozen condition, the seeds have begun to grow.

Trained Cowboy Hard To Find In Colorado Parts

DENVER, Colo. (AP) — The trained cowboy who can handle a horse, a truck and cattle is hard to find in Colorado.

Good cowboys are scarce and getting scarcer in most of the cattle country. One exception is Montana where, "there are more cowboys than jobs," says a spokesman for employment bureau.

But other states report ranchers are hard to come by. Brad the Jan. 10 meeting in the Filer Grange Hall. Members of the host Grange are asked to bring cake and sandwiches.

Volkswagen introduces the automatic stick shift.

Quiz Will Test Your News IQ

How's Your News IQ? Associated Press News Quiz Editor's Note: To see how well you remember last week's news, check through this quiz. If you score fewer than 7 points, better read the paper a little more carefully.

(a) To isolate the United States economically and geographically, (b) to encourage foreign countries to develop their own economies, (c) to slow the outflow of the dollar.

Alter to those many years our humble little bug has gone automatic. Gono is the clutch. Gono is the wifely whine. "It's cute, but I can't drive it." Gono is an era of Volkswagondom. Sniff. And in its place? A Volkswagen you can drive all over town without shilling. Only on the highway do you shift. Once. (This is an economy move. Which, after all, is still the name of the game.) But you do have a choice in the matter: you can drive it the easy way I described above. Or you can start out in low and take it through the gears like a regular stick shift. The automatic stick shift is an opinion you pay a little more. But you do a little less.

School Board At Shoshone Hears Cost Of Ski Program

SHOSHONE — A delegation of school patrons met with the local school board Monday night to discuss the pros and cons of a ski program within the school system.

The school board members pointed out costs and benefits. Floyd Silva stated the program would cost the school district about \$5.50 per student, proposing the school provide transportation, lessons and lift costs with the student paying for his insurance and equipment.

According to Supt. Kenneth Crothers, of the persons in attendance, three voiced opposition to the move, while "as far as they could tell" the remainder were for it. There were two letters received by the board which voiced opposition to the program also.

insulted, at least until a later date.

Dale Chatterton, speaking for the Idaho Education Association (IEA), proposed the district pay premiums for a health insurance program for teachers of the system next year. The board is in favor and authorized the superintendent to contact other area school districts to evaluate the project.

Ronald Jenkins, music instructor, invited the board a long with three students to attend the Idaho music educators conference to be held at Boise, which was approved.

The board also approved the school annual and Tattler staffs editors and associate editors attend the Journalism conference April 5-6.

Damage Suit Is Settled Out Of Court

A damage suit in which Jacob M. Stevens was seeking \$82,021.45 in damages from Tom Driscoll and the Idaho Electric Elevator Co. of Twin Falls, was settled out of court Wednesday morning.

The case had been under way in Fifth Judicial District Court, Twin Falls, the past two days when attorneys announced the settlement. Jurors called to hear the case were dismissed.

Mr. Stevens had asked medical costs, loss of wages and other damages from Mr. Driscoll and the firm as a result of an Oct. 24, 1966, traffic accident. He alleged his vehicle was stopped at the railroad crossing on U. S. Highway 93 at Curry to wait for a train to pass when it was struck from the rear by a pickup truck driven by Mr. Driscoll.

Amount of the settlement was not revealed.

3 Principals At Gooding Are Rehired

GOODING — All three principals of the Gooding schools were rehired at the regular meeting of the Board of Trustees, this week at the high school building.

Hired for the 1968-69 school year were Eugene Gibbons, elementary school; Louis Burfield, Frank Junior High School, and James Wallace, high school.

Richard Graves was appointed and sworn in as a member of the board, to replace L. B. Woodbury, who is moving from the state.

2 Contracts Are Offered At Richfield

RICHFIELD — Supt. F. R. Briggs and Mrs. W. T. Flavel, elementary school principal, were offered contracts for next year when the board met Tuesday evening for the January meeting.

The contracts allowed for the present salary plus increment provided by the salary schedule.

A proposed salary schedule was presented by Supt. F. R. Briggs and revised by the board to meet the teaching salary budget. The schedule will be presented to the teachers for approval before further action is taken by the board at the February meeting.

Three applications were received for cook to be hired at the February meeting. The board will continue to take applications until that time.

Representatives of the city, Mayor Clifford Ward and Councilman James M. Brown, met with the school trustees to discuss need for street lights in front of the school and parking areas. Clifford Corner was asked to contact Idaho Power officials for further information and recommendations.

Approval was granted the government class of seniors to attend special session of the legislature for two days. The district will pay transportation with the class paying its own expenses.

Appointments To Be Made By Chamber

GLENN'S FERRY — Glenn Hall opened the Glenn's Ferry Chamber of Commerce meeting in the main dining room, Tuesday, Jan. 9.

Walker, newly elected president, Walker announced he will call a meeting soon of the board of directors to make appointments to the standing committees. He appointed Hall to draft a set of bylaws.

The group went on record as opposing the plan of the Union Pacific Railroad Co. to discontinue trains No. 17 and 18.

The chamber is writing to Sen. Frank Church to this effect and soliciting his efforts toward preventing the elimination because of the detrimental effect such curtailment would have on the Glenn's Ferry area economy.

Farmers' night is to be observed Jan. 20 in the high school hot lunch room with a dinner. Vern Ahlschlager was appointed master of ceremonies for this annual event.

Bill Thompson reported that the brochure describing opportunities to Glenn's Ferry and surrounding area will very shortly be ready for distribution, according to Mrs. Lee Bybee, publicity chairman.

Damage Suit Is Settled Out Of Court

A damage suit in which Jacob M. Stevens was seeking \$82,021.45 in damages from Tom Driscoll and the Idaho Electric Elevator Co. of Twin Falls, was settled out of court Wednesday morning.

The case had been under way in Fifth Judicial District Court, Twin Falls, the past two days when attorneys announced the settlement. Jurors called to hear the case were dismissed.

Bill Thompson reported that the brochure describing opportunities to Glenn's Ferry and surrounding area will very shortly be ready for distribution, according to Mrs. Lee Bybee, publicity chairman.

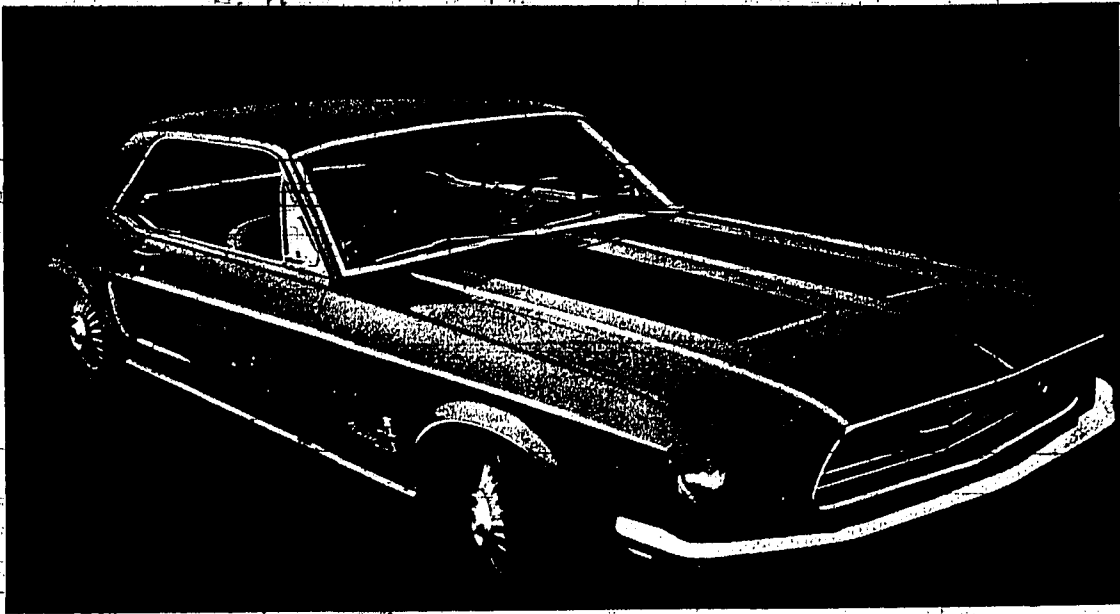

Dale Patterson Speaks To Club

Dale Patterson, speaker for the January meeting of the Twin Falls Business and Professional Women's Club told members that while there is no monetary value on time, it must not be wasted.

Mr. Patterson, co-owner of Twin Falls Mortuary, pointed out time is what life is made of and that each moment is important.

He was introduced by Mrs. Patterson, Mrs. Grant Sankin, president, presided over the club's business meeting in the Depot Grill. She announced a concert will be held at the O'Leary Junior High School Jan. 11 at 8 p.m. and reminded members of the mid-winter BPOW board meeting on Saturday in Boise.

Mrs. LaVern Strong was appointed to the committee on distinguished citizenship awards, a project of the Twin Falls Jaycees. Other business included notes of the trip from W. and Widener and Mrs. DeEtta Campbell and a gold card presentation to Mrs. Doris Harper for securing memberships.
