Marty Mead In Star Role Sound of Music Opens Friday

Mrs. David (Marty) Mead brings a good deal of herself to the role of Maria in "The Sound of Music," which opens Friday at the Filer High School Auditorium.

Maria, while in the process of becoming a nun, is advised by Mother Abbess to take a short leave of absence and "think things through." She is a fanatical believer in the idea that the sisters aren't just sure she has her "feet on the ground" firmly enough to assume the responsibility of a cloistered life.

During her advised sabbatical, she is placed as a governess in a home of seven orphan children and finds that her love for the children and their father, Captain von Trapp, has combined with her love of God.

Maria is a character just as much as the role. Mrs. Mead's acting is very important. The grave atmosphere of the von Trapp household is changed only slightly by her interjection of music.

Both Maria and Mrs. Mead are very enthusiastic individuals and "sing" to "inspire" everyone around them with their enthusiasm.

An atmosphere of the production where Mrs. Mead is particularly well, is in the scenes with the seven children.

Mrs. Mead's experience with her own six children shows through in these scenes as they sing and act. Mrs. Mead appears completely relaxed on stage.

"I'm just the motherly type," she commented.

"That's another reason I've looked forward to this show so much," she said. "I'm enjoying having the chance to work on stage with my own children."

Two of her children, James and John, play in one of the rotating families of von Trapp children. They appear on stage every night.

"I appear each night as a young girl just entering the convent," Mrs. Mead is starting opposite the other cast members in the 10th anniversary production. They played the lead roles in the production.

Mrs. Mead's soprano voice sings the songs and Hammerstein songs.

She has been active in each of the group's 10 productions, both on and off stage, and has been one of the instigators of the first show.

Friday, during pre-curtain ceremonies, Don Samuelson will pay tribute to the group with the presentation of a plaque recognizing their 10 years of cultural contribution to Magic Valley.

Each evening a champagne buffet dinner is planned at the Holiday Inn, with a reception for the cast, crew and audience following the performance.

The show opens at 8:15 p.m. Friday for an eight-day run, 8:15 and 12:15. The Sunday show is a matinee at 2:15 p.m.

Tickets for all performances are available by calling 332-1111 at the box office, or the Boy Scout Service Center.

THE SOUND OF MUSIC stars Mrs. David (Marty) Mead in the role of Maria. The musical is a character she portrays and lends herself and her soprano voice to the role and the typically Rodgers and Hammerstein music. The show opens Friday at the Filer High School Auditorium for a ten-day run. "The Sound of Music" is the Dilettante Group of Magic Valley's 10th anniversary production.

Antiriot Clauses Laced Into Measure

By JOHN CHADWICK — (AP) — The Senate has laced the civil rights bill with provisions after a heated debate over expanding federal police powers that split the Democratic caucus.

More attempts to dilute the open-housing part of the controversial legislation were made in the Senate on Wednesday.

A proposed anti-riot amendment centered on riot prevention.

Sen. Robert F. Kennedy, D-N.Y., supported a proposed amendment that would make sniping, destroying property or other violence during a riot a federal crime.

His brother, Sen. Edward M. Kennedy, D-Mass., strongly opposed the amendment, which would make it a crime to "change the whole complexion" of a neighborhood.

He said the amendment would bring the federal government into local law enforcement to a degree he never contemplated.

His brother said it would extend FBI jurisdiction into every town in the country.

He said there had been no determination whether the FBI wanted this kind of jurisdiction.

Sen. Russell B. Long, D-La., introduced two amendments.

Adopted 72-3 was an amendment to make it a federal crime to transport, or manufacture for transport, any dangerous weapon, any firearm, explosive or incendiary device for use in rioting.

It aimed at among other things home-made firebombs and similar devices.

The amendment also would make it a crime to transport, or manufacture for transport, any dangerous weapon, any firearm, explosive or incendiary device for use in rioting.

Shepard Plans To Run For High Court

BOISE (AP) — A prominent attorney in Idaho Republican Party announced his non-partisan candidacy for the State Supreme Court Wednesday.

Shepard said earlier he would have run for the state legislature, but he was turned down by the formal announcement that he would seek one of two seats set to be vacated this year by mandatory retirement.

The 45-year-old former state representative said he would seek the seat to be vacated by Justice E. B. Smith.

In his bid for re-election as attorney general, Shepard got more votes than any other candidate in the Idaho elections. He has served in the post since 1962.

Fire Forces Rescue Team Of 3 To Withdraw From Salt Mine

By VERNON A. GUIDRY JR., CALUMET, La. (AP) — A fire on the main floor of a dark, sweltering salt mine where rescuers had been trapped for more than 36 hours forced a three-man rescue team to withdraw and return to the surface today.

"It just certainly isn't good news," said Clayton Tomamaker, a vice-president of Cargill, Inc., the mine's owner.

"All three men got out of the cage at the bottom of the shaft," he said. "They began throwing water on the fire with buckets. It put out here and there but it took the fire any more."

The men, all volunteers from the Kentucky coal mining area, had gone down the blackened shaft with bullhorns and searchlights to probe the cavernous mine at the 1,300-foot level.

They had been trapped in light what had been described as a "small fire" with a portable pump. A two-man team which made an earlier descent shortly before dawn reported the fire as a "red glow" in the distance. At that time, Tomamaker called it a "small fire, not much flame."

There was no indication as to what was burning, or exactly where it was located.

Once back on the surface, two of the three rescue workers who had gone down were rushed into the company's infirmary for treatment.

Company officials refused to speculate on the seriousness of the fire and before announcing the rescue they notified several families of the men at the company headquarters in Calumet, some 14 miles away.

Before encountering the fire, the rescue team said they found a diesel engine still running, as reported on the initial trip down.

When the first report came at dawn that a motor was heard in the cavern, Tomamaker said it "leads us to believe that the men started the diesel after the fire broke out."

The motor, which could be used to generate electricity or operate a fan, is designed to run only 30 hours at a time unattended.

Fire meant oxygen was in the area. A Carpalog spokesman said there was a "fairly fair" supply of oxygen at the bottom of the shaft, enough to sustain life.

Another exploratory trip down the fire-blackened mine shaft was delayed while workmen placed a protective cover over the small opening.

On the first trip, one man was slightly injured when a chunk of salt fell, striking his shoulder.

Bullhorns were to be used on return trips in hopes of communicating with the isolated men who could be anywhere in the mine, perhaps as far away as one mile from the base of the shaft.

One Body Found In Potomac

By GEORGE ESPER SAIGON (AP) — A near-miss in the American killing in Vietnam last week, only one less than the highest weekly toll of the war, the military officials announced today.

The toll continued this week, with 25 American killed in a ground fighting in the area of another 48 presumed dead in the crash of a C-123 transport shot down five miles from the U.S. Marine combat base at Khe Sanh. But the U.S. Command said its troops killed at least 150 Viet Cong in the clashes.

The Viet Cong's bombardment of towns and military posts in South Vietnam tapered off today, with at least seven rockets and one or three mortar shells reported.

The U.S. Navy said it sank a North Vietnamese mine-laying vessel on the 27th. The U.S. death toll was exceeded only by that of the week of Feb. 13-17, at the height of the Communist lunar new year offensive.

War Claims 542 Gls During Week

Communist troops were killed last week, while South Vietnamese forces lost 587 men and 827 captured. There was no explanation for the discrepancy.

The command's weekly report of casualties said 1,211 American soldiers were wounded last week, a relatively high number although it was down from 1,600 in the week of Feb. 13-17, at the height of the Communist lunar new year offensive.

Washington, D.C., Schools Are Closed Due To Teacher Walkout

By The Associated Press Public schools in Washington, D.C., were ordered closed today because of a teachers' walkout.

The National Capital Education Council, which is leading the bargaining election, an election being held today, said it cannot legally sanction the walkout.

In Florida an official of the huge Dade County Classroom Teachers Association said that a meeting of 3,500 Miami teachers that he believed the 13-day-old walkout would be settled Friday.

But Pat Tomlino, executive secretary of the group, said that one-fourth of the state's 60,000 teachers in the legislature.

29 Bodies Are Recovered From Wreckage Of Plane

By JOSE D. ABREU — (AP) — Twenty-nine bodies were recovered from the wreckage of an Air France Boeing 707 jet that crashed into a mountain on the Guadalupe Island of Base-Terre Tuesday night.

All 61 persons aboard—14 crewmen and 47 passengers—were killed in the crash and explosion that followed the crash.

The plane was en route from New York to Paris via London and Rome. The flight was piloted by Joseph Rosenblatt, 44, of New York.

Czechs Demand General's Extradition

Prague — The Czech government announced Wednesday that it has demanded the extradition of a Czech general who has defected to the United States.

Some sources suggested the Communist may have undertaken a drastic change in many of its secret plans for the future.

President Johnson called the two sides to Washington and asked them to begin round-the-clock bargaining in hopes of ending the strike by some 50,000 workers in 22 cities.

New Navy Plane Put In Campaign

By HOD HORTON
WASHINGTON (AP) — Navy planners report a new Navy plane has been thrown into the U.S. campaign to beat down North Vietnamese troops threatening the Marine outpost at Khe Sanh.

The sub-nosed ATA Corsair II, a workhorse attack plane which literally carries its own weight in bombs and missiles and appears destined to be one of the most-bought planes in years.

The first 14-bomber squadron was sent to South Vietnam only last November but has already clocked up more than 500 combat sorties over North and South Vietnam, sources said.

ATA project was first returned from checking on the plane's performance in the war zone. We were extremely pleased to find the ATA operating as efficiently as the older squadron's test pilot said in an interview.

"Normally the introduction of a new plane requires a lot of technical or maintenance prob-

BPA Aides Meet With Customers

BURLEY — Bonneville Power Preference customers met Tuesday with Bonneville Power and BPA project managers to discuss the proposed wheeling agreement. Preferred customers from throughout Southern Idaho representing 15 utility companies and the Bureau of Reclamation were in attendance. Bonneville Power officials discussed the provision of the proposed agreement and answered questions. The main concern of the preferred customers was needed power in the area to encourage power load growth.

Each utility company representing preferred customers is to write a letter to the Bonneville Power office listing suggestions and comments in regard to the proposed contract. No date has been set for signing the contract, Bonneville Power officials stated.

Speaker Set

GLENN'S FERRY — Glenn County Chamber of Commerce plans to hear Ted Cox, Boise National Forest Ranger from Mosier, at his guest speaker at the noon luncheon meeting Monday.

At this week's meeting George Powell, general manager of the state basketball tournament, and Tom Rogers, highway chairman, expressed plans of inviting Bill Satch, state highway engineer, to speak at an early meeting on the subject of the Interstate near Glenn's Ferry.

President Charts Political Course To Preserve Status

WASHINGTON (AP) — President Johnson has charted a political course calculated to preserve his status as noncandidate for reelection—falling up to the eve of the Democratic convention in August.

The President, who Wednesday bypassed the April 30 Massachusetts primary, will not voluntarily enter any of the 15 primary states, high Democratic officials report.

But they said he will not withdraw his name from the Wisconsin and Nebraska caucuses.

More practically, Johnson said he mapped any such political plans "while there surely will be a fair-weathering and misrepresentation of the President's said an aide. "I know that there have been no decisions at all about what the President may or may not do in the future."

Richard M. Nixon said at a news conference that the military draft should be ended in favor of an all-volunteer Army when the Vietnam war is over. He proposed creation of a civilian of the Massachusetts primary to aid could give McCarthy that delegate-threatening countries. "Nixon has 47 of the few delegates already officially selected for the GOP national convention in California, Gov. Ronald Reagan has six, Johnson has all 16 of Minnesota's 62 3/4 of the official Democratic convention delegates and California supporters claim they have more than enough petition signatures to put him at the head of the Golden State's Democratic primary ballot.

McCarthy accused Johnson forces in New Hampshire of using tactics similar to those of the late Sen. Joseph R. McCarthy, R-Wis., with their advertising campaign that Communists are watching the primary.

"Don't vote for fuzzy thinking and surrender," says our fighting men.

Copper Strike Has Cost U.S. \$1 Billion

NEW YORK (AP) — The nationwide copper strike, which has shut down operations of the 14,000-ton Westinghouse Electric Co. plant in Erie, Pa., has cost the nation almost \$1 billion of metals production, an industry executive said Wednesday.

Simon D. Strauss, vice president for sales of American Smelting and Refining Co., estimated the loss of copper production at 960,000 tons worth \$1.1 billion on the basis of the pre-strike producer price of 35 cents a pound.

He also estimated that loss of 1 million ounces of gold worth \$335 million; 65 million ounces of silver, \$122 million; 200,000 tons of zinc, \$20 million; and other metals, \$10 million.

Other major copper producers affected by the strike which began July 15 are Kennecott Copper Corp., Anaconda Co. and Phelps Dodge Corp.

Chawin said the sun was in his eyes and he did not see the stop sign. He was traveling east on East Third Street and Kebrer was going north on North Davis. The truck driven by Kebrer was followed by the city of Jerome. Both vehicles were demolished.

Other major copper producers affected by the strike which began July 15 are Kennecott Copper Corp., Anaconda Co. and Phelps Dodge Corp.

Countries Offering Defense

By GEOFFREY ATKINS
GENEVA (AP) — The United States, the Soviet Union and Britain offered today to take joint action under the Security Council auspices to defend any nation threatened with nuclear attack after it signs the proposed treaty to ban the spread of nuclear weapons.

The three nuclear powers put a joint resolution before the 15-nation disarmament committee for submission to the Security Council for approval. It also gives the nuclear powers a basis for protective action even before the 15-nation council acts.

This was spelled out in the final paragraph of the resolution which says: "The Security Council reaffirms in particular the inherent right, recognized under Article 51 of the United Nations charter, of individual and collective self defense if an armed attack occurs against a member of the United Nations, until the Security Council has taken measures necessary to maintain international peace and security."

This was designed to get around objections that the use of the five nuclear powers have a veto in the Security Council, the guarantee offered protection only against attacks by Communist China. The other nuclear powers are France, the United States, the Soviet Union and Britain.

If the resolution goes through, U.S. delegate William C. Foster said, the United States will make clear that any state which commits aggression accompanied by the use of nuclear weapons will be treated as an aggressor. He said that his actions are to be countered effectively by measures to be taken in accordance with the United Nations charter to suppress the aggression or remove the threat of aggression.

Foster said the resolution will establish "a firm political, moral and legal basis for assuring the security of non-nuclear countries."

Soviet delegate Alexei A. Roachin and British delegate Peter Porter said their governments would make the same declaration of intention.

The United States, Britain and Russia have been working on the problem for several months. Informed sources said agreement was hammered out more than a week ago, but the Soviet delegation had to await approval from Moscow.

Soldier Ski Patrol Plans Dinner, Torchlight Parade

FAIRFIELD — Members of the Soldier Mountain Ski Patrol are making final preparations for the annual Ski Patrol-sponsored dinner Sunday.

A ham dinner with all the trimmings will be served at the new Soldier Mountain Lodge from 5:30 p.m. to 8:30 p.m., according to a Ski Patrol member.

An added feature this year will be fireworks set off over the snow-covered runs. The patrol reports it will be able to serve many more people this year because of the new lodge addition. Proceeds from the event will be used by the Ski Patrol to purchase two-way radio equipment.

The proceeds from all dinners the patrol unit has held in past years have gone toward the purchase of added safety equipment. The Ski Patrol is made up of volunteer help and most of its equipment is purchased by the members and with funds received from the annual dinner.

In addition to the dinner and fireworks, ski movies will be shown in the main lodge and a torchlight parade from the top of the ski run will highlight the evening.

Best Seller

NEW YORK (AP) — The paperback edition of President Johnson's riot commission report is selling at a rate of more than 100,000 copies a day, says its publisher.

A spokesman for Bantam Books said Wednesday's mayors, governmental agencies and civic organizations have been telephoning the firm with bulk orders. He said the first edition of 300,000 copies was virtually exhausted and a new print order of 100,000 was placed Tuesday. The book published Monday retails at \$1.25.

Blackfoot Chamber Backs UP Proposal

OGDEN—Utah (AP) — The Blackfoot Chamber of Commerce has supported a proposed Union Pacific discontinuance.

Union Pacific is seeking authorization to discontinue routes 35 and 36 running between Salt Lake City and Butte, Mont., via Blackfoot and Pocatello and Idaho Falls, Idaho.

The Blackfoot chamber held an intensive Commerce Commission hearing in Ogden Wednesday that state U.P. is losing money on the trains, continuation probably would mean an increase in freight rates to make-up for the loss.

The Idaho chamber said it has agreed not to intervene in the proposed discontinuance since no protest has been voiced by any chamber member.

The hearing Wednesday followed two days of testimony in Salt Lake City. Additional hearings are planned for Pocatello, Idaho Falls and Dillon and Butte, Mont.

Representatives of the Ogden City Council, Weber County Commission and Utah Council on Higher Education were among those testifying against the discontinuance Wednesday.

Ogden City Manager Charles J. Kelley presented a City Council resolution opposing the proposal on such grounds as physical, mental or financial limitations which restrict travel to train service, conditions resulting from bad weather strikes, war, natural emergencies, major disasters and loss of railroad jobs in the Ogden area.

City officials said they have used rail service for many years, but added, "it is the quality of that service which improved the comfort and cleanliness of the service improved — the scheduling, made more dependable."

U.S. Must Eliminate Corruption In Vietnam

WASHINGTON (AP)—A top U.S. civilian adviser says the United States must eliminate corruption in South Vietnam's government because, he insists, it is the only way to win the war. The adviser said in private reports from Vietnam.

The reports were made available to The Associated Press on the condition that the adviser, who is a Democrat in Vietnam, not be identified. Saying the United States "must take the initiative in this (corruption) action" and once having started must continue it, the adviser declared, "Vietnam officials are so involved that they have hands so deeply in the pockets of the enemy that they can make it almost impossible to make any major contribution."

One report, which outlined a specific plan of action, was dated last Nov. 29 to the Agency for International Development in Saigon. It went to AID's Vietnam committee. An AID spokesman in Washington said a report Tuesday, "The committee never really got started. And it's possible it won't get going now."

"When you get into the business of trying to make another government clean, under a national law you get into the question of sovereign nations. The U.S. adviser sent a copy of his report to the State Department, along with another complaining that he had proposed a bill to give the U.S. forces against graft only to encounter opposition from "hearts and minds purists" in the U.S. military.

It is time, he said, to stop "treating corruption as a delicate, non-confrontational subject. To clamp down on the situation, his report to AID recommended that the United States "create an anticorruption office within the U.S. mission in the South Vietnamese to set up corresponding offices to offer rewards to Vietnamese citizens for solid evidence of corruption."

Confront the government of South Vietnam with examples of corruption as they develop and the law that law enforcement and revenue collecting officials go to jail and be publicly disgraced for involvement in graft and corruption.

Study Of Troops Is Launched

WASHINGTON (AP)—Senate investigators have quickly launched a study of U. S. troop levels in Korea and at home to see if the Vietnam war has strained reserve strength below safe levels.

The study by aides of the Senate preparedness subcommittee could provide new fuel for congressional demands that ground Reserve and National Guardsmen be mobilized to fill gaps caused by continuing increases in Vietnam troop strengths.

"Mr. Republican," Joseph Martin, Dies

NORTH ATTLEBORO, Mass. (AP)—Joseph W. Martin Jr., whose career in politics brought him the "speakerness" of the House, died Wednesday at the age of 83. The stocky, bearded legislator who first went to Washington as a congressman in 1924, was struck at the age of 83 by a heart attack.

The age issue was to play the major role in Martin's final political act. Seeking a 23rd two-term term, Martin was rejected by his Republican colleagues. He was a victim of his own success. He was a public relations expert and a go-getter.

JOSEPH W. MARTIN JR., a Massachusetts Republican figure for nearly four decades, died Wednesday in Florida where he had been wintering. He was 83. He was a member of Congress from 1924 to 1955, when he lost his seat in the primary. (AP wirephoto)

Blaine Studies Agents' Support

HATLEY—Blaine county commissioners have taken the matter of support for the extension of the Blaine prison under administration of the county agent's office under the act after meeting Tuesday afternoon in the county agent's office with Grant Hall, Boise, district extension supervisor for the University of Idaho, Moscow.

The commissioners assured Mr. Hall they wanted to keep the extension of the county agent's office and home demonstration agent but that under Idaho statutes, the final budget, as approved by commissioners in February cannot be changed.

C. E. Atkinson, chairman of the county agent's office, said earlier had rejected a request from the university to increase the county's share of support for the extension service personnel.

All counties in the state were asked for a similar increase and some have approved the request. The request was for \$270,000 for extension service personnel.

Mrs. Mary Lou Ruby, and for James E. Klein, county agent.

Five Earn Eagle Badges At Hagerman

HAGERMAN — Five boys were presented their Eagle Scout awards at an Eagle Scout Court of Honor at the Hagerman Methodist Church.

Those receiving Eagle Scout honors were Bill Parrin, son of Mr. and Mrs. Arlie Parrin; Stephen and Richard Bennett, sons of Mr. and Mrs. Arthur (Jim) Bennett and Glen and Dale Grimes, sons of Mr. and Mrs. Wayne Grimes.

The five boys are all members of Scout Troop No. 35 of the Snake River Council of Boy Scouts of America. Presentation of awards was made by Scoutmaster Leonard Timmus.

Guest speakers were Robert Erkins, Bill, president of the Snake River Council, and Alan Hutchison, Twin Falls, scout executive. Both men spoke to the new Eagle Scouts stressing the importance of being an Eagle Scout.

Presenting the flag ceremony were Eddie Phillips, Bert Phillips, and Mike Brown. The invocation was given by Rev. H. E. Hargreaves. Alfred Sandy gave the welcome and introduced the speaker.

Carl Grimes and Tom Bennett were escorts for the parents of the five Eagle Scouts.

After the court of honor, 22 refreshments were served by Mrs. Alfred Sandy and Mrs. Robin Phillips.

Clapp Replies To Criticism By Samuelson

BOISE (AP)—A former state penitentiary warden has answered Gov. Don W. Samuelson's criticism of his administration and even returned a certificate commending him for his long years of service.

Clapp said in a statement Wednesday the governor's criticisms were not justified. Samuelson had talked about the prison in a Tuesday news conference.

Red Vietnam In Contact With Neutrals

TOKYO (AP)—North Vietnam, while trying to persuade the United States it has fallen into the "neutral zone," has been in contact with Switzerland, Sweden and Italy. Those contacts and broadcasts from Hanoi, which is set up in secret aimed at advancing North Vietnam's ideas for bringing peace to the region.

The Swiss have announced that their ambassador to Peking, Oscar Rossotti, had talks with North Vietnamese Foreign Minister Nguyen Duu Trinh in February and that a Hanoi Foreign Ministry official will soon visit Switzerland.

Earlier the North Vietnamese told of recent meetings with the Italians in Rome and the Swedes in Stockholm.

There was no indication in any of the announcements that there has been a change in the North Vietnamese position in the United States unconditional halt to bombing of the North. The fact that talks opened with the Swiss touched off speculation that a possible new Geneva conference is being explored by the two parties. This the Swiss deny.

Idaho Education Group To Discuss Action On State

By JUD JORGENSEN
BOISE (AP)—The Delegation Assembly of the Idaho Education Association meets later this month to consider the question of sanctions against the state. The most common form of sanction is a request by a state education association that court-ordered teachers not accept jobs in that state.

However, more severe action has been developing recently across the nation. Last month members of the Florida Education Association turned in resignations in protest of the legislature not meeting their demands. The Idaho Education Association already has sent out a request to its members not to sign contracts until after the Delegation Assembly.

Johnson Calls Riot Report "Complete"

WASHINGTON (AP)—President Johnson has called the student by his Commission on Civil Disorders one of the most complete ever made but still hasn't commented on its conclusions—sharply criticized by Richard M. Nixon as racially divisive.

Johnson, addressing senators and their executives Wednesday at the White House, made his first public comment on the report by calling it "the most thorough and exhaustive studies ever made" of urban problems.

He recommended its reading, but did not say what he thought of its conclusions.

Campaigning in New Hampshire for the Republican presidential nomination, Nixon said the report in effect blamed "everybody for the riots except the perpetrators of the riots."

The former vice president emphasized on the idea that they are in effect a race riot.

He said there should be a talk about reconciliation of the races and less about racial division.

Warden Will Give Revised Prison Plans

BOISE (AP)—A revised plan for construction of a new state prison and use of facilities at ready-built ones was ready Wednesday to be presented to the Board of Corrections and the Board of Prisoners to prepare the plan for study by Gov. Don W. Sanders.

The plan, which has been nearly a week of controversy over whether the new prison should have been sited in a desert site south of Boise.

Among items in the plan, Siles said, will be a change of the recently completed women's compound into one for diagnosis and classification of new prisoners.

He said the 50-room dormitory also could be used to house first-time convicts.

In the women's compound are four buildings — one for prison staff members and housing for admissions, another for minimum security, one for medium and maximum security, and a fourth housing a cafeteria, day-cleaning facilities, a sewing center and heavy shop.

A trusty dormitory is being built, and three of four wells have been drilled in the area.

A member of the Legislative Council's Post Conviction Committee, Sam Heston, said that Samuelson and the corrections board would let his committee complete its study of the prison's operational and alle problems.

He was Rep. Alvin Jostin, D-Glenns Ferry, and he said the legislative group is negotiating with two agencies "recognized by the constitutional support of the nation" to conduct the study.

Only One State Won't Go On Daylight Savings Time

By WILLIAM J. CONWAY
Associated Press Writer

CHICAGO (AP)—Only one of the 50 states definitely is not going along with Daylight Saving Time this year, but three other states are in the process of making up their minds.

An Associated Press survey also shows that two states are going to put the issue to their voters in November. In that meantime, their clocks will be turned back an hour April 22 and ahead an hour Oct. 27.

Hawaii, which exempted itself from Daylight Saving Time last year, is studying the issue.

Arizona, which was granted exemption last year, will observe DST this year, Kentucky, didn't conform with DST last year because its legislature didn't have a 1967 meeting.

So the state, which straddles the line between the Eastern and Central zones, listened to its citizens' wishes in a referendum, EST, EDT, CST, CDT. But the legislators are meeting now and they are likely to act before adjournment March 15.

The other 47 states switched to DST in 1967. But some of the items would change their minds. The question of whether Georgia will stay with the DST majority is before the legislature.

Arizona's House approved a bill to exempt the state from DST. The Senate adopted a bill to exempt Arizona but also to set up a referendum on the issue in November. The differences may be reconciled.

Michigan, with its Upper Peninsula on Central Time and the lower section in the Eastern zone, passed exemption in 1967 by vote of its legislature but its citizens signed a sufficient number of petitions for a referendum. This pulled the legislature into action. The referendum is scheduled for the November election.

South Dakota's legislature passed a law last year to exempt the state from DST.

Consideration Of Rivers Is Asked

COEUR D'ALENE, Idaho (AP)—Three Idaho congressmen have called for consideration of the Moyie, St. Joe, Priest and Bruneau rivers in the study for the proposed National Science Foundation study.

Rep. James A. McClure, Sen. Don R. Jordan and Rep. George J. Hansen, who were present at the hearing, said that the National Science Foundation should be studied.

Belafonte Gets Apology From Firm

NEW YORK (AP)—Harry Belafonte says he received an apology from Chrysler Corp. executive who objected to a scene in a forthcoming television special.

Belafonte, a Negro, said Wednesday that Doyle Lott, advertising manager of Chrysler's Plymouth Division, objected to a scene in which singer Patsy Clark touched him on the arm. Miss Clark is white.

Lott replied, "I was directed over-reacting to the staging, not to any feeling of discrimination." He said he phoned Belafonte later and told him if Clark touched him on the arm, it was excellent and thanked him.

Belafonte said Wednesday night that Lott telephoned him Monday to apologize and implied someone else had complained about the incident.

Belafonte said he told Lott, "It was you who did it. Your apology means 100 years to me."

Plymouth issued a statement saying it was "very happy" with the show and that, if any incident occurred, "it resulted solely from the reaction of a single individual to a single incident—the Plymouth's distinctive attitude of policy on such matters."

WORK IS PROGRESSING on a 33- by 65-foot addition that will increase the Mountain View Nursing Home, Kimberly, to its rated capacity. This is one of several additions to nursing home facilities now being constructed or in the planning stages.

In Twin Falls County, looking on as the foundation is being prepared is Al Benkula, co-owner, center. Workers are Gene Gille, left, and Lynn Thomas. The Kimberly addition also will include therapy and occupational therapy rooms.

Work Starts On Nursing Home Expansion

Another expansion in nursing home facilities in Twin Falls county was announced Wednesday with the report of construction of an addition to the Mountain View Nursing Home in Kimberly.

Al Benkula and Ray Barness, co-owners of the modern home at Kimberly, said their facilities will increase from 31 beds to 41 beds through the addition. The 33- by 65-foot addition will also include recreational facilities, a therapy and occupational therapy area.

Idaho Teacher Claims His Electronic Device Helps Slow-Learning Children

By ALLEN M. BAILEY BOISE (AP)—A device which its inventor to help slow-learning children in school subjects.

Robert Stewart, director of the Canyon County Learning Center in Caldwell, Idaho, said he was "impressed" and "only with the machine's ability to teach. It also may be used to diagnose children's weaknesses more accurately.

He goes through them again, replying to questions about the new bits of information by pushing the proper buttons.

Mr. Benkula said the building will conform in structural design and appearance with the existing four-year-old brick-vener structure.

Then he goes through a timed drill where "pressure is really brought to bear" on the responses regarding to the names of letters in the alphabet.

Plans Made For Cleanup At Richfield

RICHFIELD—March has been declared "cleanup month" in Richfield by Mayor C. W. Ward, who promises "strict enforcement" of the city ordinance.

All residents will be expected to clean weeds and trim their property and old car bodies are to be moved from city property and roadways, he said.

The mayor's proclamation points out there is "much room for improvement" in the appearance of lots within the city.

Plans for remodeling the pump-house were related by Councilman James M. Brown. Edwin Johnson has been hired to remove the present partition.

Architect Carl Benson, Twin Falls, designed the addition now is currently preparing plans for a 33-bed addition to be added to the Valley Nursing Home, Twin Falls, also owned by Benkula.

Thieu's Call For Special Aid Rejected

SAIGON (AP)—President Nguyen Van Thieu's request for special powers to face the Communist offensive was turned down today by the South Vietnamese cabinet.

The upper-house overwhelmingly rejected his request for one year of special powers in economy and finance, rescheduling a similar action by the house of representatives last Friday.

The vote of the 60-member Senate was 40 against, three for, one abstention, and the others absent.

The legislative rejection in both cases was on constitutional grounds, a fear that the president was trying to take too much power from the two houses.

The House's action was in part a result of the government's handling of the lunar new year offensive of the Communist.

In the House Thursday, a petition was circulated which could lead to a vote of no confidence in the government.

Reports have been circulating that other government leaders are unhappy with Premier Nguyen Van Loc's performance and that he wants to resign.

Idaho Pageant Set April 6

COEUR D'ALENE—A search for the Miss Idaho-University is now being held. The winner of this pageant will be crowned and will represent Idaho in the Miss U.S.A. Pageant which will be held in Miami Beach, Fla., on April 6.

The regular meeting of the Society Daughters of the American Revolution will be held at 8 p.m. Monday at the Rogers Hotel Colonial Room. Following the yearly theme, "Conservation," Mrs. Walter Semler will be the featured speaker.

Social Events

GOODING—Melody Squares will conduct square dances at 8 p.m. Saturday at the Gooding Grange Hall, with refreshments and refreshments.

GLENNIS FERRY—Mrs. Helen Brennan will host the Wednesday evening at 7 p.m. in the Chapter, Delta Sigma Sorority, at the Pizza House, Mountain Home.

Rebekah Leader Makes Official Visit To Unit

WENDELL—Mrs. Russell (Doris) Shaud, Jerome, District No. 6 deputy president, made her official visit to Idaho Rebekah Lodge No. 2, Twin Falls, on April 4. Mrs. Shaud was welcomed and presented a corsage and gifts from the lodge. Mrs. Shaud was accompanied by Mrs. N. A. Spofford, noble grand of Springdale Rebekah Lodge No. 1, Jerome, and Mrs. Boyd Harrison, Fairfield.

Mrs. Mathews Gives Program

BULL—Mrs. Lee Mathews presented the program on behalf of the local present committee members of the "Miss Idaho-University Pageant." Each entrant must have a sponsor who pays a sponsorship fee.

PLANS were made for the benefit dinner-dance to be held at the "Bull" National Guard Armory. Proceeds from the event will be used to match funds provided by the estate of Rollie Homing to buy lights for Paris Field and the football field.

Betty Heck, Williams Say Nuptial Vows

Betty Heck, daughter of Mr. and Mrs. John R. Heck, Twin Falls, and Bill Williams, son of Mr. and Mrs. Otis Williams, exchanged wedding vows in a ceremony Jan. 29 at the Episcopal Church, Coeur d'Alene.

The double ring ceremony was performed by Dr. Harold Nye before a background setting of white tapers, white chrysanthemum and red roses.

The bride, given in marriage by her father, wore an empire-styled floorlength satin gown, fashioned with a rounded neckline and long bell-shaped sleeves. The gown was enhanced with a train which flowed from the waist. A row of lace encircled the sleeves, skirt and edge of the train.

Cool Colors Are Hot News

ROME (AP)—Cool colors that is the hottest news from the Italian spring-summer fashion show of course, white, collections, in their fourth day of showings today.

Designer after designer is driving the point home. Truly white and pastels appear to have been bleached even paler with chalk. This, rather than any drastic change in line, is the headline hit.

As always in the Italian collections, fabrics are big scene stealers.

Intricate tints and shades impressed buyers at Mila Schionzer and applies in flower shapes, circles, chevrons and undulating stripes had the fashion crowd gasping at their intricacy and impeccable workmanship. These motifs were used with beautiful discretion on

When he saw the dummy, he felt fairly happy. He could count 11 easy tricks and had a possible 12th in clubs. If this didn't materialize, there was a two-way diamond finesse at his disposal.

He could have made the hand easily by playing East for ace and one club, but that seemed too extreme, so he played dummy's king of clubs on West's 10. East took his ace and returned a heart. South won in dummy and promptly ran off three heart tricks, at which point East made the mistake of discarding a small diamond.

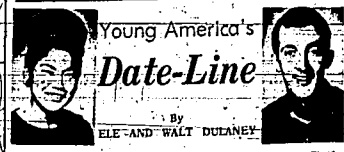

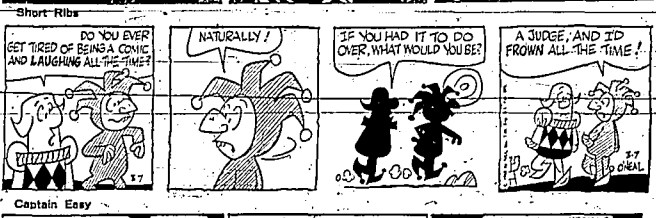

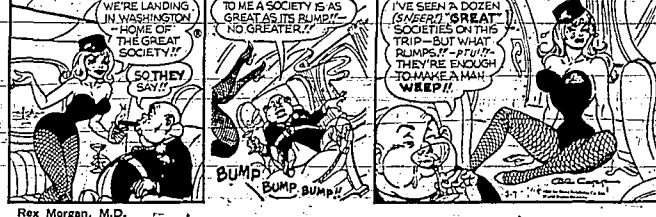

Why was this a mistake? South was bridge teacher So Seldman of Brooklyn. He was sure that East would not make that discard unless he held five diamonds. Therefore, when he finally got around to playing diamonds, he led in dummy, king and finessed against East's queen for his 12th trick.

He's All Alone On The Telephone
 Dear Walt: I go steadily with night after school, and she did. Lately she's been saying she'll get a gang of boys to rape me. I live in fear most of my own would phone at least every other evening. When I don't she gets hurt. But the reason I don't is because I don't think my mom would even care if it happened, as long as I didn't get pregnant. Nobody cares.

NO RETRACTION
 Dear Ele and Walt: Recently I answered a reader who questioned long hair for boys, and you said that if he kept it clean and neat it back then it wouldn't get in his eyes when he was walking or driving, then you felt no hostility to his style. Well, I feel some hostility to that answer. Imagine suggesting that a boy should wear a bow in his hair! The very idea! What guy would have his ego completely flattened to be even asked such a silly thing! I think you owe a retraction.—Irate.

LIVING IN FEAR
 Dear Ele and Walt: My mother is divorced and now goes with most of the time and exits. His clothes are here and no is his bed with my mother. We live in a middle-class town, and never frayed together, and that there isn't much you can keep from getting around, but his mother doesn't care. She goes to school telling people he loves him and that his wife isn't going to get him back.

Dear Irate: Whether a guy would have his ego completely flattened to be even asked such a silly thing! I think you owe a retraction.—Irate.

2:30 P.M. SUMMARY NEW YORK (AP)—The stock market closed with a mixed pattern after an early sell-off. Trading was moderate. Here was the picture near the close: Glamour stocks were subjected to some heavy profit taking on the technical rally of Wednesday which stretched into early trading today. In the buying support of the market. Gains still held a small advantage over losers and the Dow Jones industrial average cut a loss to an insignificant figure. Glamour stocks were shaken down sharply in early profit taking and still showed losses late in the session. Gold mining stocks rallied again as the British pound fluctuated in London and other monetary reports drew fresh buying to the market. Occidental Petroleum stepped the list on activity by a wide margin following reports of a new oil and gas discovery. Glamour stocks in the computer, conglomerate and other groups were active in a precautionary selling by traders. Intel and Polaroid dropped a couple of points. As gold mining stocks rallied, Dome Mines gained 3 1/2 points. American International about 2 each, American South Red Lake about 1 1/2. American Oil Exchange prices were mixed.

Grain CHICAGO (AP)—Corn futures declined one cent a bushel today but other grains and soybeans prices were irregular. There were several factors that tended to influence lower prices for corn futures. The supply of corn at Chicago was not as adequate to meet nearby demands, hedge selling against currency purchases was still heavy and exports appeared to be at a low point for the week. Sales of corn were more numerous than buyers. The distant soybeans contracts were the strongest, advancing more than a half cent a bushel at one time.

The Daily Investor By WILLIAM A. DOYLE Q—I placed an order with a certificate for my accumulative broker to buy 100 shares of shares of a certain stock at \$15. A Sure. You can get a certificate for a stock before the stock drops to 25. If you want it you want it. You could buy when it did trade at that price. I was informed that the certificate was not in the custody of the bank that you want to take possession of your certificate. There's no reason, however, to do that. The confirmation slip you receive each month you make. There's no reason, however, to do that. The confirmation slip you receive each month you make. There's no reason, however, to do that. AMERICAN STOCK EXCHANGE NEW YORK (AP)—American stock exchange closed with a mixed pattern after an early sell-off. Trading was moderate. Here was the picture near the close: Glamour stocks were subjected to some heavy profit taking on the technical rally of Wednesday which stretched into early trading today. In the buying support of the market. Gains still held a small advantage over losers and the Dow Jones industrial average cut a loss to an insignificant figure. Glamour stocks were shaken down sharply in early profit taking and still showed losses late in the session. Gold mining stocks rallied again as the British pound fluctuated in London and other monetary reports drew fresh buying to the market. Occidental Petroleum stepped the list on activity by a wide margin following reports of a new oil and gas discovery. Glamour stocks in the computer, conglomerate and other groups were active in a precautionary selling by traders. Intel and Polaroid dropped a couple of points. As gold mining stocks rallied, Dome Mines gained 3 1/2 points. American International about 2 each, American South Red Lake about 1 1/2. American Oil Exchange prices were mixed.
