

South Idaho Chamber To Hear Of Power, Airports

Twin Falls Times-News
March 22-23, 1968

The part low cost electrical power plays in the economic development of the Pacific Northwest, and the contemplated program which could lead to a new regional airport for Magic Valley or the updating of Jostlin Field at Twin Falls, will be highlighted Saturday at the annual meeting of the South Idaho Chamber of Commerce at the Holiday Inn.

The two featured speakers for the day will be Henry C. Curtis, executive secretary of the Northwest Public Power Association, Vancouver, Wash., and

O. A. (Gus) Kelker, executive director of the Idaho Electric Association. Mr. Curtis will discuss the involvement of the electrical program in the economic development of the area during the afternoon session that gets underway at 1 p.m.

Mr. Kelker will address the membership on the airport site and graduation work at the University of Minnesota and Idaho and also the current light-generating and transmission facilities in the area. He is a licensed commercial pilot and has taken an aerial survey in addition circles in the Magic Valley for many years.

Another topic for open discussion for the afternoon will be the matter of extended telephone service for various communities will be directed by Wally Schramm, Butley secretary.

Dr. James L. Taylor, president of the College of Southern Idaho and one of the original sponsors of the South Idaho organization, will be master of ceremonies at the evening banquet.

HENRY G. CURTIS
will be featured speakers during an annual meeting of the South Idaho Chamber of Commerce at the Holiday Inn on Saturday and evening in Twin Falls.

Grange Votes Opposition To Library

Opposition to a proposed mobile library for the Magic Valley area was voted by the legislative committee of the Twin Falls Grange. The committee met in a meeting in Twin Falls.

Grange members voted their opposition to the proposed mobile library which would create a further burden to property owners of the eight county area. The total district has been proposed in the library district involving the eight counties serving the traveling facility.

Councils involved would be Camas, Baker, Hood, Wheeler, Bonneville, Power, Adair, and Twin Falls.

Senate Rejects Ethics Proposal

WASHINGTON (AP) — The Senate has rejected an ethics committee proposal aimed at preventing another Bobby Baker-style scandal.

By a 43-37 vote, it approved Thursday an amendment to the committee's proposed legislation to conduct that would exempt top senatorial assistants from a ban on handling campaign funds.

Ironically, it was the 1964 scandal involving Robert C. Baker—the one-time aide to Senate Democrats who was expelled from office—inspired the ethics plan today.

The committee had urged that all Senate aides be barred from handling such political funds. The amendment Sen. Clinton P. Anderson, D-N.M., exempts those aides paid \$10,000 or more who are specifically designated by their sponsors in a written notice to the senate secretary.

Senate Democratic Leader Mike Mansfield, after obtaining an agreement to limit future disclosure to one hour per senator, expressed hope for a final vote on the ethics plan today.

A main provision would require senators to disclose publicly contributions and fees for lectures, writings and the like exceeding \$100.

The Senate also would have to file with the Senate complete details of their personal financial affairs. But this information would remain sealed, and hopes to be opened only in the event of an ethics committee probe.

The Senate also overruled the committee on a 41-40 vote, approving an amendment to strip senators from using private contributions for office expenses.

Local Man To Attend Confab

Faren C. Falter, CLU, American National Life Insurance Co., will attend a regional conference of national and state life underwriter association leaders in Denver, Colo., next week.

The conference is sponsored by The National Association of Life Underwriters, Washington, D.C.

Mr. Falter, president, Idaho Association of Life Underwriters, will represent his state at the two-day session. The Association has 463 members in eight affiliates.

A male quartet consisting of Mr. Pierce, Howard Bruns, Claude Bowman and Bill Thomas will sing "Show-time Boy" and "Sentimental Journey." Among the duets will be songs by Mrs. Bruns and Mrs. Charles Lehrman.

The program is open to the public.

Sailor Dies At Hospital In Japan

ADRC Raymond Leon Skelton, 30, serving with the U.S. Navy at Atsugi, Japan, died Thursday morning at a Yokohama military hospital of a short illness.

He was born Oct. 24, 1937, at Edger and attended schools there. He was an aviation maintenance mate with the VRC-30 at Atsugi. He had been in the Navy for 13 years.

He married Virginia Driver Oct. 8, 1959, at Carson City, Nev.

Surviving, besides his widow, are two daughters, Sylvia Mae Skelton and Lynda Faye Skelton, both Twin Falls; a step-son, Blake Donald Driver, Twin Falls; four brothers, Danny Skelton, Twin Falls; Dwight Skelton, Heyburn, Frank Skelton, Pittsburg, Pa., and James Skelton, with the U.S. Navy in Atsugi, Japan, and five sisters, Mrs. Linda (Barbara) Skelton, Mrs. Mrs. (Ruth) Kangas, Donnelly; Mrs. Bob (Rosalie) McBride, Hunt; Mrs. Bob (Nettie) Bell, Kester, and Mrs. A. (Dorothy) Smith, Texaco.

Funeral services are pending at White Mortuary.

Awards Given At School Cub Scout Ceremony
The regular monthly meeting of Harrison School Cub Pack 26 featured an awards ceremony and a cake baking and eating contest Wednesday night.

Awards were presented to the following cubs: Doug Higgins, Steve Hurd, Doug Pfeiffer, Dave Nutting, Mike Garrett and Kevin Craig. Den II, Jim Frahm and Dennis Harvey; Den III, Vern Pflut, Ted Patterson, Gregg Hill, Greg Galloway, Billy Hove and Brent Crooks; Den IV, Mark Nukaya and Steven Pratt; Den V, Dan Haxson, Dennis Partridge, Jeff Harman.

Methodists At Rupert Slate Musical Fun

RUPERT—The second annual musical fun slate presented by the Rupert Methodist church choir, is scheduled for 8 p.m. Saturday at the church.

The program will climax a winter of singing and includes a variety of music from the old favorites to popular tunes. Songs, duets, trios, quartets and choruses, as well as some instrumentalists, will be performed.

The children's chorus will sing songs from "Mary Poppins." Tom Pierce will sing such favorites as "A Star Fell on Alabama" and "Bennie and the Boys."

A male quartet consisting of Mr. Pierce, Howard Bruns, Claude Bowman and Bill Thomas will sing "Show-time Boy" and "Sentimental Journey." Among the duets will be songs by Mrs. Bruns and Mrs. Charles Lehrman.

The program is open to the public.

Grange Votes Opposition To Library

Opposition to a proposed mobile library for the Magic Valley area was voted by the legislative committee of the Twin Falls Grange. The committee met in a meeting in Twin Falls.

Grange members voted their opposition to the proposed mobile library which would create a further burden to property owners of the eight county area. The total district has been proposed in the library district involving the eight counties serving the traveling facility.

Councils involved would be Camas, Baker, Hood, Wheeler, Bonneville, Power, Adair, and Twin Falls.

Members of the legislative committee did not have been advised that bonds totaling two per cent of the assessed value of the total district area could be issued to augment the mill levy if necessary in financing the project.

Mr. Curtis said that while the mobile library has merit in providing additional research material available for residents in rural areas, costs overshadow benefits.

Members said they felt existing library facilities are being utilized by area residents, and that funds could be better used in other ways. They also said that funds could be better used in other ways.

Mr. Curtis is a native of Idaho. He began his career in public information as a general assignment reporter with the Twin Falls Times-News in 1949 following graduation from the University of Idaho.

Bobby Kennedy Is Exciting News

WASHINGTON — Waiting for Bobby Kennedy to arrive for his K-day news conference, some journalists stood on their chairs with their eyes on the entrance to the Senate Caucus Room. "Everybody standing up for a while," Kennedy irritably said, "they going to serve him a flame?"

The answer, of course, was that they didn't have to. Even

without the blue flame of cooking brandy, Bobby Kennedy is exciting news. It is one of his assets, and he knows it, and this self-awareness of who he is could be his tragedy.

For there is also in Kennedy a certain awareness of the very rich who have found political power. It comes not only from being born with

a silver spoon in your mouth from knowing since birth that you are one of the privileged few. The Bourbons know the feeling, and so did the Roosevelts. Harry Truman reacted deliberately to their lack of it. If Bobby is to fail, it is this arrogance that will be his undoing. For there is nothing of Camelot in Bobby Kennedy, as

there was in his murdered brother. Like Franklin Roosevelt, Jack Kennedy managed to soften his privileged status by the application of it as a casual charm, a social grace, the main chance. When he says he is not an opportunist, he undoubtedly is sincere, but he leaves the impression that he can do opportunistic things when he cannot do because of who he is.

Meanwhile, Kennedy seems to resent the deflection of "hundreds of American youth" to the McCarthy camp. Even though he refused to challenge Jackson when they urged him to, Bobby continued to believe these young people were his personal property. Perhaps he thought that letting his hair grow was enough.

Now the students will be tested. This is the time to see how they can show what they are made of, whether their principles are as lofty as they claim. Will they stick with Gene McCarthy, who laid out his own principles on the line, or desert to Bobby Kennedy, who lashed forward, with calculated daring?

There is a hint of a "new" Bobby in this early hour. He speaks of being "obliged" to seek the Presidency and of his candidacy as "the least I can do for my country." He says he can wear the cloak of humility convincingly. When he says he doesn't seek a "big ride," he must mean that because he is a Kennedy he won't have to pay the full fare. He has not, after all, been hailed as the nation's greatest Attorney General.

Therefore Bobby must be very careful lest he become the first Kennedy ever to be subverted in action, the watching observer is alert for the moment when his halo will slip.

The Hard Sell

It doesn't take much when Bobby says he delayed entering the Presidential race until after the New Hampshire primary because he didn't want to divide the party. His announcement of a campaign in the middle of the last year after Gene McCarthy proved there was a fight in the air, was a surprise. Besides, Bobby's candidacy now threatens to split the party three ways instead of merely in two, and it could increase the nomination of Lyndon Johnson and the election of a Republican President.

WAYNE BRANDSTADT, M.D.

Mineral Oil

Many persons, convinced they were "wrongly" taken to a hospital, started to take mineral oil and have taken it regularly for 20 years, complained of excessive oil taken at night (the usual time) a thin layer spreads over the mouth and tongue. They also reported that the oil clogged the oilers in the lungs. I fear from your remarks that things that leads to scarring and difficulty in breathing.

Two patients at the Memorial Hospital in Saratoga Lake, N.Y., a 53-year-old woman who had taken mineral oil for 15 years, and a 62-year-old man who had taken it every second night for 20 years, complained of excessive oil taken at night (the usual time) a thin layer spreads over the mouth and tongue. They also reported that the oil clogged the oilers in the lungs. I fear from your remarks that things that leads to scarring and difficulty in breathing.

They also reported that the oil clogged the oilers in the lungs. I fear from your remarks that things that leads to scarring and difficulty in breathing.

The Lawmakers

The fact that roughly a fifth of the nation's senators, according to the Associated Press, are millionaires is not an indictment of the Senate. It is a commentary of our political system in general.

It means that public office is more available to the man who has money than to the man who doesn't.

Presumably, a good many more senators and members of the House of Representatives, while not millionaires, are what could be called comfortable.

The costs of campaigning — from absent from one's regular job to serving in the drain tank with one's family — and of traveling not to just get elected, but to discharge the responsibilities of office, tend to discourage qualified individuals without large financial resources.

Yet there are senators and repre-

sentatives without outside means who surprisingly get along very well on their \$30,000 a year plus sizable fringe benefits.

We're not debating the relative spending habits of the lawmakers, however.

Our point is that there should be some way to make it easier for any qualified candidate to run for public office... especially in a financial context.

This is not to say that the much debated bill to stimulate contributions to political parties bandied about in the last session of Congress should be resurrected. This is to say that the political parties should be broad-based from all citizens.

It's the surest way we know of to provide more of a balance in the network of legislators at all levels.

Why Not Economy?

While emphasis for more federal spending is placed in the national defense area, because of its capacity for arousing public alarm, the greater spending idea takes in more territory than that.

The extreme contention is that the American people are applying too much of their income to comforts and luxuries. They need to have austerity imposed upon them. Capture more of

their income, the argument runs, through higher federal taxes.

Every student of the federal budget knows billions can be saved by efficient government management. Instead of reaching for more taxes on grounds the people are living too high on the hog, why don't the Washington managers apply the fat in their budgets to the real needs of the nation?

BRUCE BLOSSAT

Michigan: The Drive Goes On

WASHINGTON (NEA) — A key liberal Democratic leader believes that Sen. Robert F. Kennedy of New York can command a majority of Michigan delegates voting on August 27.

The fact that many Michigan liberals presently are supporting Minnesota Sen. Eugene McCarthy and are helping to mount a March 21 state-wide dinner which may draw 2,000 people, including 300-a-plate fat cats and 30-a-plate lean ones.

The quoted liberal leader says that while a good share of Michigan's McCarthy backers continue suspicious of Kennedy's numerous claims, realistically they recognize he might wrest the 1968 nomination away from President Johnson but McCarthy seems unlikely to.

A New York reform Democrat who has worked this winter for McCarthy has no doubts that if Kennedy mounts a major campaign he will ultimately oust the Michigan as Johnson.

"Bob can take it away from Gene if he wants to. Organization and money would drop off McCarthy after awhile. Though the kids are angry at Kennedy, he's got the support of the older folks in the act.

would be, and they'd want to do without him.

Expressions like these are common around the Democratic political circuit since Bob Kennedy announced they seem to confirm the often-heard judgment that McCarthy simply is not electable nationally.

Some South Dakotans have planned for weeks to put in a Kennedy state ticket in the next state poll, lobbied by the Sioux Falls Agency Leader, whose LBJ fat cats and 30-a-plate lean ones.

But, though McCarthy hints of a course to end the McCarthy-Kennedy deal with Kennedy, his own state party leaders in Indiana and California have to beat down very heavy lobbyist forces bent on salvaging the nomination for the President. The evidence is that the combat at this level would be much bloodier than McCarthy today seems to anticipate.

A slate for the California primaries and the vote of 171 voters could be whipped up under speaker Jesse Unruh's prodding. With a hand from Sen. Edward M. Kennedy, Bob might muster a Massachusetts write-in to threaten McCarthy's present unchallenged grip on that state's 20 delegate votes.

Some South Dakotans have planned for weeks to put in a Kennedy state ticket in the next state poll, lobbied by the Sioux Falls Agency Leader, whose LBJ fat cats and 30-a-plate lean ones.

MR. SPECTATOR

Something New In Drama?

Somehow we think it isn't quite fair, but this is the way it happened.

The Democrats swung a new one on local audiences Wednesday night at the annual Jefferson-Jackson Day banquet. The "new one" was in the person of Charles Bilyeu who earns his livelihood as professor of drama at Idaho State University down Pocatello way.

Why wasn't it fair? Well, the guy was getting a reflection because of his lack of hair and that his yellow jacket had wide lapels so couldn't be of the more modern kind. Perhaps he was dramatizing the plight of the poor, payless teacher, no doubt!

But it all ran off his back like water off a duck. He couldn't be trapped and he wouldn't bicker.

Mr. Spectator could see some of the more talented emcees from this area talking notes.

So if a wave of Bilyeu jokes spread over the valley in the weeks ahead, don't say we didn't warn you.

But you know, we still think it is unfair to promote a guy who does dramatics for a living.

For instance, who else, while keeping a straight face and looking his audience right in the eye, could have said that Gov. Samuelson (The Republican, you know) was driving the people of Idaho in two directions. Either to drink or to the Democratic party. See what we mean?

THE DAIRD TRUTH

It is well-known that women will spare no expense and endure almost any discomfort for the sake of beauty, from spending hours basking their heads under dryers to attempting to feign about on stilts while encased in body armor. Yet, indeed, a certain woman.

Men are different, of course. To be sure, they're supposedly becoming more fashion-conscious and sales of men's toiletries are booming. But in general, men are content to present themselves for better or worse as nature made them.

They are a little that most ego-shattering of afflictions—baldness. Correcting nature's shortcomings in this respect has become a \$20-million-a-year industry.

Approximately 100,000 men bought toupees (now called hairpieces) in 1967, says a leading maker, who charges an average price of \$465 for a full-size and almost undetectable toupee. He expects business to double this year.

This kind of retouching is not good enough for some men, however. They are turning to hair transplant surgery, a long, tedious and terrifically expensive process in which clumps of hair—roots are removed from the more luxurious fringe regions of the scalp and implanted in the upper desert areas. Thousands of men have undergone this ordeal in the past five years, reports the Wall Street Journal.

Each transplant can cost from \$5 to \$25 and the average patient requires 200 to 300 of them. Yet even at these prices, the New York dermatologist who originates the technique treats 100 patients a week and is booked for two months in advance.

Vanity, what did you say your name was?

PAUL HARVEY

Is One Wife Not Enough?

Printed and widely reprinted in the nation's press was a recent statement by New York psychologist Dr. Albert Ellis: "Adultery may be good for you."

This is not the first time this theoretical psychologist has focused attention on himself with a sensational, public utterance, but this one was set out, hashed and rebashed by frequently cynical newshawks, unimpressed by the fact that he is being rebroadcast with such popposity that it is assuming an unwarranted degree of authenticity.

Dr. Ellis says people are not truly monogamous, that romantic love is not durable, that it never lasts more than three to five years if the participants are under the same roof.

He concludes that "adultery can be a healthy way of preventing a marriage from disintegrating."

When a man has a "reversal" or an "honorable" or a "doctor's" prefalling his name, his words are likely to receive an endow-

ment of credibility which they may not rightly deserve.

I know of one chap taking up a new basic moral law, whether or not you believe the Commandments are sacred, it is the consensus of scholars that they are the best available blueprint for an orderly existence, if the Bible did not promise life hereafter.

Today's front page is a mirror of what happens when we ignore basic moral law, whether or not you believe the Commandments are sacred, it is the consensus of scholars that they are the best available blueprint for an orderly existence, if the Bible did not promise life hereafter.

Dr. Ellis, an instant expert on the best steps of a rumbling volcano. The next time my wife rings it may be World War III. It is understandable if such a precarious perch makes some people faint and others dizzy.

And if there is sometimes sex in suburbia, there is sometimes homicide, too. Yet it is hardly to the best steps of society to advocate an open society to some people faint and others dizzy.

Today's assortment of unkept and frequently diseased extra-marital sex or free love or whatever.

But they are a shabby show-off for what he and she are peddling.

fruit, and has been received. Dr. Ellis, an instant expert on the best steps of a rumbling volcano. The next time my wife rings it may be World War III. It is understandable if such a precarious perch makes some people faint and others dizzy.

And if there is sometimes sex in suburbia, there is sometimes homicide, too. Yet it is hardly to the best steps of society to advocate an open society to some people faint and others dizzy.

But they are a shabby show-off for what he and she are peddling.

ART BUGHWARD

Friend In Need

WASHINGTON — As soon as Sen. Eugene McCarthy won 42% of the vote in New Hampshire, he received a telephone call from Sen. Robert Kennedy.

"We won," said Bobby.

"Congratulations," said Gene. "I want you to know I'll never forget the role you played."

"Thank you, Bobby."

"Don't thank me, Ethel and I were sitting around the table for a long time, you always reassess on Tuesday, because that's the nurse's day off — and suddenly I'm stirred up and I say, 'Why do you call Gene McCarthy?' You haven't spoken to him in a long time. On reassessment, it occurred to me that she was right. So I just picked up the phone and here I am."

"It's good to talk to you, Bobby," Sen McCarthy said.

"Not as good as it is to talk to me. Tell me what your plans are now."

"I thought I would run in the primaries in Wisconsin, Oregon, Oklahoma, South Dakota and a few others."

"What do you mean, Ethel was wrong?"

"What do you mean, Ethel was wrong?"

"She said you looked very tired, and — she thought — the strain of the primaries was getting on you. She's right, you are in great health for a man of your age, and you wouldn't want to give up now, would you?"

"I probably the television lights that made you look so bad."

"I'm not tired at all, Bobby. As a matter of fact, I'm excited. I think I can take Johnson at the convention in August."

"You're darn tootin', Bob. I want you to know, Bobby, if I were in your shoes, I can be a martyr."

"That's nice. Now let's see your showing in New Hampshire, you are going to accept your being now a 'doctor's' prescription," can paralyze their dignity while advocating extra-marital sex or free love or whatever."

But they are a shabby show-off for what he and she are peddling.

CHARLES AT WORK

Just so good that he shouldn't be allowed in Twin Falls at all. It is detrimental to the local markets of ceremonial (that is, what he did for the Democrats) to have such a smooth pro in the field.

Charles or should we call him Chick? — has that smoky way of coming in which he appears all flustered, throws his audience off balance and then lets them have it right between the eyes. Of course, the fact he looks like a giant sized Crochard Marx complete with the inch-wide stream of hair on the upper lip does not help a bit.

But even without the looks, he has the wit to put a prosy over and sometimes when appearing before a group of politicians or political staffers, it takes a lot of the necessary stuff.

Photographers complained that they were

Spring Fashion Show Slated

The St. Edward's Parents Club will present its annual fashion show with the theme "Springtime in a Nasty". The show is set for 8:15 p.m. Monday at St. Edward's Parish Hall.

Those who attend will be delighted with fashions presented from The Paris Co., Paris Jr., and Van's Department Store. An added feature will be a show on wiglets presented from Mrs. Jean's The Stylist.

Committee chairmen in charge of the show include Mrs. Joe Mendolia, chairman; Mrs. Louise Silman, co-chairman; Mrs. Betty Bever, narrator; Mrs. Robert Mingo, tickets; Mrs. Doug Neville and Mrs. Cyrl Touchette, decorations; Mrs. Robert Wallace and Mrs. Silman, models; Mrs. Grant Galle, publicity; Mrs. L. L. Farland, refreshments; Mrs. Donald Buck, favors; and Bud Wadsworth Jr., music.

Models will include Mrs. Nolan Jewberry, Mrs. Thomas Driscoll, Mrs. Bill Babcock, Mrs. Michael S. a. a. Mrs. Clyde Lewis, Mrs. Tom Banyard, Mrs. Robert Bralfford, Mrs. Roy Farrar, Mrs. Harry O'Halloran, Mrs. A. A. Lewis, Audrey Allen, Jeanine Glenn, Bonnie Kilen, Cheryl Wallace, Debbie Mendolia, Robin Lewis, Cindy Lewis, Eileen Neville and Danny Farrah.

Special prizes will be given during the evening which will be donated by Madi Bralfford, Mosell's products courtesy of Mrs. Leand McIntire, The Stylist, J. B.'s, The Paris Co., Paris Jr. and Van's Department Store and Avon.

Tickets for the event can be purchased at The Paris Co., Paris Jr. and Van's Department Store, or by contacting Mrs. Mendolia, Mrs. Silman or Mrs. Mingo.

Husbands Fed

Members of the Addison Avenue Club fed their husbands at a potluck dinner party recently at the home of Mrs. Al Peters.

Members showed pictures of the Hawaii Islands by a recent trip. A. W. Schrank showed pictures of a trip to the Arctic Circle and a tour of Alaska.

Quartermen tables were decorated in a "St. Patrick's Day" theme under the direction of Mrs. Jack Gibson.

ARRANGING A WIGLET—in the top picture, making a very fashionable collure for Mrs. John Anderson II, seated, is Bonnie Reid at the Swings' Set in preparation of the St. Edward's Parents Club's annual fashion show. The show is set for 8:15 p.m. Monday at St. Edward's Parish Hall. An added feature of the show is a presentation on wiglets, courtesy of Mrs. Jean. Posing in front of a still life painting done by Mrs. Robert Bralfford, standing, is Mrs. Bill Babcock, one of the models for the show. Mrs. Bralfford, who is also one of the models, has donated her painting as one of the prizes for the show. All fashions for the event will be furnished by The Paris Co., Paris Jr. and Van's Department Store, Mrs. Joe Mendolia is general chairman of the annual event.

Sawing Classes Are Completed
HAILEY — Eleven Blaine County Homemakers completed the University of Idaho Extension-Service Clothing Class recently, reported Mrs. Mary Lou Ruby, home economics agent.

Most of those completing the class signed to take a tailoring class which will begin April 12 with the meeting set for 1:30 p.m. in the Blaine County Courtrooms.

—Mrs. Ruby asked those who use TIME-NEWS WANT ADS FOR FAST-SELLING RESULTS.

Dear Senior:

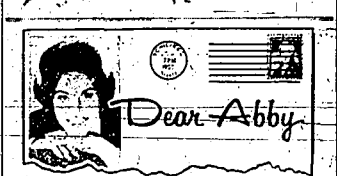

Are you undecided about your future? Do you know that you can take specialized training in business that will qualify you for employment in as short a time as 9 months for girls, 18 months for fellows?

The demand for well trained stenographers, secretaries, bookkeepers, accountants, and management trainees far exceeds the supply. If you are interested in the field of business, be sure to consider the practical training at Twin Falls Business College. At TBC you start to specialize in your selected field the first day of school. This means on the job sooner and greater interest on the part of the student.

If you would like to train for one of the better jobs in business where the entire cost of your education can be returned to you in just a few months, come in for a visit or write to Karl L. Block, Business Administrator, Twin Falls Business College, 260 Second Street East, Twin Falls.

SINCERELY
Karl L. Block

Dear Abby

By ABIGAIL VAN BUREN
DEAR ABBY: This is the second anyone over to the house unless marriage. My first marriage was she's afraid the kids might go an unhappy one—and ended in home and tell their mothers that divorce. Elmer's first marriage she is a poor housekeeper.

DEAR ABBY: I know that I don't pay of his first wife all over the any attention to the housekeeper. Every wall in every when I'm someone's room of our house is covered house visiting. And even if with pictures of her. They go did notice that a place was all the way back to their marriage I sure wouldn't go home and tell my mother.

Please put this in your column. My mother never missed it. Thank you, NO COMPANY

DEAR NO COMPANY: I never give advice to one who hasn't asked for it, but in your case I'll make an exception and address this to your mother: There is nothing more reassuring to a mother than always to know where her daughter is—and with whom. You can assure this feeling by making your daughter's friends welcome in your home anytime. Youngsters take all the notice of "housekeeping" to tell her of "housekeeping" is not nearly as loving as the on that looks "lived in."

DEAR ABBY: I am a 14-year-old girl and my problem is my first husband and someone else's husband.

When the hostess starts saying "Alice, you sit over there" by Bill and Joan, you will sit beside Harry. I always say "I still enjoy sitting by my own side." I would like your opinion.

DEAR LINES: I think it is simply a matter of good manners for guests to sit where the hostess wants them.

CONFIDENTIAL TO ROBERT: Any man who can be made "happily happy" or "miserably unhappy" by a woman is still young.

Everybody has a problem. What's yours? For a personal reply write to: Mrs. Ann Crothers, roomed, at the Los Angeles, Cal. 9003 and enclose a stamped, self-addressed envelope.

Guest Day Tea Held By Club

Plant Deficiencies and Fertilizers to Correct Them was the program topic presented for Countryside Flower Club members recently at a Guest Day Tea by James Brown and Charles Duersen of the U.S. Steel Co.

Their discussion was illustrated with colored slides which helped to identify such deficiencies. Mrs. Victor Nelson was program chairman.

Members presented their guests which included Mrs. Ed Reicher and Mrs. J. R. Sorenson.

—Mrs. Wick and Mrs. Moore poured at the Los Angeles, Cal. 9003 and enclose a stamped, self-addressed envelope.

Magic Valley Favorites

EMERSON SEARS
527 Union St., Twin Falls

- 1 cup raisins
- 2 teaspoons cornstarch
- 1/2 teaspoon cinnamon and nutmeg
- 2 eggs
- 1/2 cup sugar
- 1/2 teaspoon lemon juice
- Mix raisins in two cups water for five minutes.
- Mix spices, cornstarch, egg yolk and sugar together. Add to mixture and beat until thick. Remove from stove and cool for five minutes. Pour into a baked pie shell.

Top with meringue made with egg whites. Beat egg whites until stiff. Add two tablespoons sugar and one-fourth teaspoon lemon extract. Brown in hot oven.

(The Times-News will pay \$50 for each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.)

Guest Night Is Observed By Literary Group

Guest Night for the Le Livre et La Plume Literary Arts Society was held recently at the home of Mrs. John Leonard. Mrs. Ben Eldredge gave a synopsis of "The Feminine Mystique" by Betty Friedan. This book deals with the plight of dissatisfied housewives who are hungry for some unnamed fulfillment in life. Mrs. Eldredge also reviewed Phyllis McGinley's "Sixpence in Her Shoes" which is a reply to "The Feminine Mystique." Mrs. McGinley feels that the keeper of the home is the most important woman in the world and discusses the rewards as well as the challenges and difficulties of creating a home.

The author's sketch was given by Mrs. Mel Van Noy and Mrs. Bart Hulse presented the guided tour of the bookshelves. Mrs. Alice Bastow, Mrs. Larry Anderson, Mrs. Jacobson, Mrs. Lynn Pettigrew, Mrs. Leonard and Mrs. Bud Hansen.

Special guests were Mrs. Ted Larson, Mrs. John Coleman, Mrs. Gordon Cox, Mrs. Larry Christensen, Mrs. DeLoe Elder, Mrs. O. H. Higgins, Mrs. Lynn Pettigrew, Mrs. Leonard and Mrs. Bill Lyda. Mrs. Mark Heddeman, Mrs. Larry Hatch, Mrs. Phyllis McGinley, Mrs. Terry May and Mrs. Don Grandjean.

Miss Loux is a 1964 graduate of Twin Falls High School and is employed as a clerical operator for Reliance Credit Corporation.

Mr. Adams is a 1964 graduate of Twin Falls High School. He attended Utah State University and fulfilled a two year mission to Ireland for the LDS Church. He is currently a student at the College of Southern Idaho.

A May wedding is planned at the Logan LDS Temple.

Social Calendar

GLENNIS FERRY—Our Lady of Limerick Altar Society will meet at the home of Mrs. W. E. McCormick at 8 p.m. Thursday with Mrs. R. E. Whit as co-hostess. Officers will be elected, reported Mrs. W. E. McCormick, president, and a report heard on the cooked food sale held recently.

FILER—The Clover Lutheran Women's Missionary League will sponsor a clothing drive during April. Clothing may be brought to the Clover school.

JEROME—Buttons and Bows Square Dance Club, Jerome, has canceled its dance set for Saturday because of the Magic Valley Camera at the Moose Hall. Regular dancing will be held the following week.

Losers Named

Cindy Fairchild was named loser of the week when members of the Teen TOPS Tapers met recently at the Twin Falls City Hall.

ANN WILSON IS QUEEN GLENNIS FERRY—Ann Wilson, Harlow, will be queen of the Junior Prom Saturday evening at the Glenns Ferry High School. King will be Reed Pack. Other royalty includes Patricia Edwards-princess, and Terry Gerlach, prince. Theme for the dance is "Coney".

Governor Leaves Self Open For Draft

Rockefeller Decision Sends Nixon Skyrocketing

By RELMAN MORIN, AP Special Correspondent

NEW YORK (AP) — Gov. Nelson Rockefeller's decision not to run for the Republican presidential nomination sent Richard M. Nixon's political skyrocketing today and stirred heavy speculation about the possibility of a movement to draft Rockefeller.

The governor left himself open to such a development. Nixon said, "I do not believe at this point that a draft is likely unless I make some rather serious mistake."

The former vice president, however, said he saw the possibility of this action. "I would suggest that at the convention in the event the favorite sons do not make a decision, a draft could occur," Nixon said.

In California Gov. Ronald Reagan said in a news conference he believes the delegates to the Republican national convention will choose the nominee. "I think it is right now. It would seem a draft could decide what happens," he added.

Another Western governor, Paul Laxalt of Nevada, commented, "A big unanswered question now will be the draft movement. This will stop the draft movement."

Rockefeller in these words said he is still available as the GOP candidate. "I have said that I stood ready to answer to any true and meaningful call from the Republican party to serve it, and would be delighted if it decided to do so," he said.

Rockefeller's decision to leave himself open to such a call. "I shall do nothing in the future, by word or deed, to encourage such a call."

Rockefeller advanced four reasons for his decision not to try again for the Republican nomination and he pointed to Nixon's long list as his reasons.

"Quite frankly, I find it clear at this time that a considerable majority of the party's leaders want the candidacy of former Vice President Richard Nixon."

In a line of deep cleavage of American opinion over the problems confronting the nation, Rockefeller said he did not believe that the way to compose a perilous national divide is to create more parties or divisions.

Rockefeller said he would like to see the party as well as the nation. "I would confuse issues and individuals and convictions and positions. It would be a divisive race between political personalities, not a healthy race toward national purposes."

As his fourth reason, he said he wants to work for his wide-ranging legislative program whereas contending for the nomination would entail leaving

Gov. Nelson Rockefeller of New York said in a speech he said it before on occasions pictured here, and with the quotes he used at the time. (AP wirephoto)

Dreams Come True With Congo Center

By MORT ROSENBLUM, The Swedish Covenant Hospital. LOKO, The Congo (AP) — An American-missionary doctor's dream came true here in the Congo as the Swedish Covenant Hospital opened its doors to the Congo people.

Carlson's widow beamed and took pictures as Congolese officials and missionary doctors cut surgical scissors to cut a bandage opening in the 250-bed hospital along side the Loko River.

The Congolese government donated the buildings—valued at \$200,000, which the Belgians built and abandoned when the Congo became independent.

From the United States came \$100,000 in donations and other help from half a dozen groups in rescuing the "deserted" hospital from the bush and refitting it.

Nearly half a ton of delicate research equipment was sent by an affidavit with the secretary of state of Oregon.

At the same time, he instructed his staff to send representatives to the numerous draft-Rockefeller movements around the nation, urging them to halt their efforts.

Rockefeller joined the explosion of laughter that came when he said he told these groups to "decease—I mean, desist."

Grazing Units To Open Monday

SHOSHONE — Four units in the Shoshone district of the Bureau of Land Management will be open for grazing Monday.

Opening for cattle and sheep will be Wendell, West Bliss, Miller and Canyon units and all private and common allotments in these areas.

Rockefeller made his announcement to a audience of between 400 and 500 reporters in a press conference and to viewers on national television.

He looked completely relaxed. He felt any regret over taking himself out of the race, he didn't show. During the question period, he made quips and occasionally joined in the laughter.

His withdrawal came as a political bomb. It had been generally assumed that he would run. The man Rockefeller had supported, Gov. George Romney of Michigan, pulled out of the race just before the New Hampshire primary, March 12.

Shortly afterward Rockefeller's lieutenants began sounding out Republican leaders across the country. "An aide said he seriously considered making the race. Rockefeller's press secretary, Les Lora, said, "It was an agonizing decision. This weighed heavily on him."

Another source said Rockefeller came to the decision last weekend. He confided it to State Sen. Sen. Lou Lusk, who told Lusk Wednesday in an airplane taking them from New York to Albany.

Before going to the press conference Thursday, Rockefeller telephoned his wife who is in the "Caribbean." He plans to join her at Durand, Fla. in Puerto Rico this week.

Reaction to the governor's withdrawal poured in from all corners of the country within minutes after he announced his decision. "One of the first messages came from Sen. Barry Goldwater, Arizona, who defeated Rockefeller for the Republican nomination in a bitter battle in 1964. Relations between them have been strained ever since. Goldwater telegraphed the governor.

"Congratulations on your courageous and intelligent decision. Your position will contribute immensely to the victory for the Republican party and even more importantly for this great nation. Barry."

Rockefeller immediately picked up the telephone and called Goldwater in Arizona. He said their conversation was warm and personal. They have renewed their friendship.

But there were these comments: "I am not home yet. I don't take anything for granted. The governor, I think, took a leading position. After all, he is a leading contender. He is the governor of a major state and has been a party leader of great importance in the country for some time."

Before he made his announcement, Rockefeller said he filed an affidavit with the secretary of state of Oregon.

At the same time, he instructed his staff to send representatives to the numerous draft-Rockefeller movements around the nation, urging them to halt their efforts.

Rockefeller joined the explosion of laughter that came when he said he told these groups to "decease—I mean, desist."

McCarthy Cheered, Freeman Jeered In Wisconsin Talks

MILWAUKEE, Wis. (AP) — Sen. Eugene J. McCarthy and Secretary of Agriculture Orville Freeman both addressed Wisconsin Thursday. McCarthy drew cheers, Freeman, campaigning on behalf of President Johnson, heard hisses. Freeman cut short a prepared speech on U.S. achievements in food production and agriculture when he was unable to make himself heard above the hisses from a University of Wisconsin audience in Madison. McCarthy, a Democratic presidential candidate, emphasized a youth and student theme in an appearance at Marquette University in Milwaukee where he was greeted with a handclasp and a cheer for his slogan of "We Want More!"

AFL-CIO Will Decide On Strike Call

WASHINGTON (AP) — The executive board of the Communications Workers of America-AFL-CIO will decide Monday whether to call a strike. Joseph A. Beine, union president, said the board will meet at 10 a.m. Monday to decide on strike action by 23,000 telephone installers and 22,000 other telephone employees in Ohio and Illinois. The installers and 18,000 Ohio Bell System workers have already voted to authorize a strike. A strike vote by 5,000 Illinois Bell employees was being counted Thursday. Union spokesman said a strike by the installers could have a nationwide effect on the Bell System if other workers refused to cross their picket lines. The union has rejected the Western Electric offer of 15 to 25 cents per hour increases over an 18-month period.

Former T.F. Man Acts In Production

Robert Lawrence Nora, son of Mr. and Mrs. Robert Nora, Twin Falls, is appearing in the "Birds and the Bees," currently in production by the Ensemble Theatre of Seattle. Mr. Nora, a graduate of Twin Falls High School, is the youngest member in residence of the Ensemble Theatre, and is portraying the part of Frankie Bagley in "Birds and the Bees." He is teamed opposite Erika Bertram in the "Birds and the Bees." A review of the show in a Seattle paper recently complimented Nora on his ability to "blend tenderness and in his play for Velma." "Birds and the Bees" has been extended to April 13 at the Ensemble in Seattle.

Venezuelan Airliner Is Hijacked

HAVANA (AP) — A hijacked Venezuelan Convair airliner landed at Santiago in Eastern Cuba today with 50 persons on board. It was the fourth plane diverted by hijackers to Cuba since the start of the crisis, probably will be released. The Venezuelan Department of Aeronautics said four armed machine guns on the pilot after he left Caracas for Maracaibo and forced him to take the plane to Cuba. The department said there were 47 passengers and three crewmen aboard. An official at Santiago airport said he did not know when the plane, its crew and the other passengers would be allowed to leave. The plane is owned by Avensa Airlines.

College Polls: Dump Johnson

NEW YORK (AP) — A survey of college newspapers across the nation shows that editorial endorsements in the Democratic presidential race are predominantly split between Sen. Robert F. Kennedy, D.N.Y., and Eugene J. McCarthy, D-Ill. Editorial comments vary from calling Kennedy's entrance into the campaign a "malicious display of political opportunism" — Daily Illini, University of Illinois — to praising Kennedy as someone who can return the nation to the "ideals of the New Frontier" — The Spectrum, New York State University at Buffalo. McCarthy was praised for breaking the somber barriers of apathy, and giving hope to the Democratic party which was rapidly becoming a detached, atrophied clique of party hacks. The Daily Princetonian, Princeton University. Even newspapers which supported Kennedy had praise for McCarthy. "We feel nothing but admiration for the courageous Minnesota who has shown so many students renewed hope in a political process that seemed — and may well be — incapable of coping with the nation's crisis," said the Harvard Crimson. The Crimson gave its editorial graduate, and urged McCarthy to step aside in favor of Kennedy who offers the best hope of winning. In Wisconsin where McCarthy

Senator Is Fasting For Hot Lunches

JUNEAU, Alaska (AP) — "It's funny," Sen. R. Blodgett said today as he began the fifth day of a fast for hot school lunches for the really craves a faster sausage.

Blodgett comes from Teller, head of Alaska's railroad control, so he isn't kidding about the kind of sausage. He said he isn't fooling, either, about fasting in the legislature either pays for the lunch program or adjourns perhaps in three weeks.

The state senate authorized hot lunches for about 90 state-operated rural schools and appropriated \$300,000 to get the program started, but has not yet acted on a bill to fund it on an annual basis. The House has taken no action.

Blodgett wants the state to tax nonresidents employed in Alaska \$10 each annually to keep the hot lunches program. He says the tax would bring in \$300,000 a year.

The 47-year-old trader says his weight has dropped from 225 to 190 and his girth from 32 1/2 inches to 29, but he added:

"I didn't go into this thing on the spur of the moment, and I don't want to start with it until we get the program, or the session ends."

Honor Pupils Are Listed For Gooding

GOODING — The six weeks honor roll for Gooding High School is announced by James Wallace, principal.

Mrs. Morris Will Speak On Leprosy

HAGERMAN — Mrs. Stanley Morris, Gooding, will be the speaker at the Hagerman church, Third and Hagerman Sts., at 8 p.m. March 24.

Mrs. Morris will show slides and tell of the work she and her husband, Dr. Morris, who is currently associated with the St. Elizabeth's Hospital, Gooding, did with the Leprosy Control Act as practiced today. Dr. and Mrs. Morris were medical missionaries for twenty-eight years in central Tanzania, Africa.

Dr. Morris, a leprologist, was in charge of training and directing a leprology in central Tanzania.

The public is invited to attend this lecture.

Hatchburg, Debby Meyer, Peggy Poole, Owen Scanlan, Sheryl Blabes, Joyce Gibbons, Debbie Heller, Joanne Mullins, Roger Stone, Joanne Butler, Penny Goodman, Elizabeth Maestas and Carmen Petrock.

Sophomores — from Ardmore include: Linda Miller, Rita Paul, Marilyn V. Linn, Gordon Bennett, Brian Loester, Gayle Murphy, Kerry Schmitt, Cori Hake, Brenda Estep, Judy Myers and Nancy Toone.

Freshmen are Wally Bush, Bob Goodman, Mary Ann Conradi, Connie Glauner, Mary Jean Lyon, Lois Utz, Milan Dvorzhak, Michelle Terry, Staci Kland, Susan Boring, Susan Corcor, Donita Kuhn, Mary Poni.

Mark T. O'Leary, Gloria Cassady, Mary Lee Dixon, Cindi La Croix and Peggy Schubert.

SALE SLATED — SHOSHONE — The local Methodist church will sponsor a rummage sale March 29 and 30 at the new building, one-half block south of 300 Grand Street. The sale will open at 9 a.m. and close about 5 p.m. Address to Mrs. Elmer Terry, chairman, the public is invited.

Not Welcome

LIHUE, Hawaii — "We are flipping and beating boys are wearing their welcome sign on Kauai Island, Hawaii, a county supervisor, says they should be shown 'they are not welcome and not wanted' in the town. He told fellow supervisors Thursday, must be curbed.

Six Seniors Top Roll At Glenns Ferry

GLENN'S FERRY — There were six seniors on the honor roll this six weeks period with a perfect 4.0 average according to the Glenns Ferry High School principal's office.

They are Jane Watson, Doug Sherk, Doreen Gaudin, Janet Moore, Joan Barnes and Connie Jones.

Other seniors making the roll were Bill Layne, David Gorman, Bob Parish, George Lake, Phyllis McCleary, Gloria Hansen and Terry Messinger.

Speaker Set

Elder Ronald V. Trout, recently returned missionary of the LDS Church from the Gulf of Mexico, will speak on his missionary experiences Sunday, in the Eighth Ward at 4:30 p.m.

Two juniors who had a perfect 4.0 average were Tom Seese and Lauren Benson, while the other seniors were: Phyllis Williams, Jill Trip, Ernest Hamilton, and Sharon Rowe.

Sophomores who had 4.0 were Phyllis Russell, Virginia Moats and Mike Sherk. Other sophomores on the honor roll were Rocky Tull, Karl Koch, Sam South, Dale McCleary, Diane Hoist, Ginger Seese, Rocky Gray, Tim Lovdick, Wes Wotton, Reed Thompson, Jack Sherman and Wes Elzner.

John Brannan was the freshman making a four point and others on the roll included Pat Pashers, Debbie Carnahan, Debbie McKee, Tom Ickies and Debbie Hofburg.

In the junior high, Barbara Wertz made an A's, Judy Allen, Lori Hoist, and Debby Johnson had only one B. Debby Hesterly had two B's with the rest A's.

Actor's Wife Wins Divorce

LOS ANGELES (AP) — Actress Dyan Cannon has won an uncontested divorce from her 22-year-old film star husband in a partial settlement of a \$1.2 million divorce suit.

Superior Court Judge Robert A. Wenke dissolved the 23-month marriage Thursday while Grant was in St. John's hospital recovering from a heart attack.

Miss Cannon, 30, the actor's fourth wife, had sought the divorce from being able to see his daughter except during daylight hours. She asked for a month alimony and child support.

Idaho Church Council Favors Rights Bill

Telegrams supporting a civil rights bill and other parts of the House and Senate bills Monday to Senators Jordan and Church, a Representative Hansen and McCure, by the general body of the Idaho Council of Churches.

"This was done as a part of a reaffirmation of a position paper originally adopted Sept. 17, 1966. After extensive debate on the Council of Churches, with two dissenting votes. The full text follows:

POSITION PAPER ON CIVIL RIGHTS

"We reaffirm support for equal civil rights for all citizens, regardless of race, creed or color. We support equality of employment opportunity on the basis of merit only, and we favor the principle of open housing.

"We deplore violence and violations of the laws of the land, but defend the right of peaceful demonstration for all groups.

"We call upon all citizens everywhere to respect law and order, and to apply the rule of law in dealing with controversial issues.

"We remind those critical of peaceful demonstrations which seek to secure redress of grievances that such demonstrations result from real violations of the law by those practicing racial discrimination in violation of the Constitution and laws of the United States.

"We urge that Christians everywhere exert influence in building better understanding of the principles and issues involved in dealing with racial tensions."

"We recognize that changed attitudes are even more important than changed laws, but we also realize that both must play their part in upgrading justice in racial relations."

"In addition to sending telegrams to Idaho congressmen in Washington, the board urged concerned individuals to write their congressmen to write the Idaho Council of Churches was organized by eight of the Protestant denominations of the Church of the Brethren, The Baptist Convention, The Lutheran Church in America, The Methodist Church, The Episcopal Church, The Christian Churches, The United Presbyterian Church and The United Church of Christ.

In addition, several observers from the Roman Catholic Diocese of Boise attend meetings and work with the council. A series of seminars on human relations sponsored jointly by the Roman Catholic Diocese and the Council of Churches, was recently held in seven cities of the State. The Annual Thanksgiving Clothing Appeal is also a jointly sponsored appeal for relief, in which the orthodox church participated.

The March 16 meeting of the board of the council was held in Boise at Kelly High School in Boise.

Lay Evangelists Commissioned

MURLEY — Arnold Hasselstrom and Donald Rehwalt were commissioned Sunday in special services as lay evangelists of Zion Lutheran congregation.

Dr. Carl Bensene, Portland, district president, conducted the official interview with both men following their completion of the training course.

Rev. Glenn Koch conducted the special service. Both men were presented certificates for their leadership training course, and the commissioning ceremony.

Other members include Bill Peterson and Rehwalt will serve as lay evangelists throughout the district under the leadership of Dr. Carl Bensene.

Sustained

PAUL — Phil Hawkes has been sustained second counselor of the Paul Second LDS Ward Bishop.

Other members include Bill Peterson and Rehwalt will serve as lay evangelists throughout the district under the leadership of Dr. Carl Bensene.

Archbishop Kidnaped By Terrorists

GUATEMALA (AP) — The kidnaping of Archbishop Mario Casariego was engineered by a fighting terrorist group known as the Mano Blanca (White Hand), National Police Chief Col. Manuel Sosa said Thursday.

Sosa also implicated former presidential candidate Robert Aicja in the kidnaping of the archbishop, who was released Wednesday, four days after being seized.

Three men, arrested Wednesday near Quetzaltenango, where the archbishop was freed, told about the planning and carrying out of the abduction, Sosa said.

The police chief offered no explanation of the kidnaping motives, but it appeared the intention might have been to throw blame on Castillo guerrillas who have kidnaped a number of wealthy men for ransom.

Snelson Gets 2 Terms In State Prison

A Fifth Judicial District Judge Wednesday afternoon found Donald "Zeke" Snelson, Twin Falls, guilty of first degree burglary and habitual violation.

Judge Theron W. Ward sentenced him to five years on the first count and not more than 20 years but not less than five years on the second, and ordered the sentences in the Idaho State Penitentiary be served concurrently.

Snelson was found guilty of the Dec. 16 burglary of McVey's Inc. in Twin Falls. During the trial, testimony was also brought out by questioning former Prosecuting Attorney Michael Patton of previous arrests and convictions of the defendant.

Looking for your Bankard in the mail?

Sorry!

Because the Twin Falls Bank and Trust Walkers Bankard is more than just a credit card, you have to apply to get one. But we've tried to make it easy for you with our new INSTANT CREDIT APPLICATION. You can get one at any Bank and Trust Office or participating merchant. Fill it out and mail or bring it to your nearest Bank and Trust office. Then after about a week, start watching your mail box. Your Bankard will probably be on its way.

It's a Check-Casher!

Now you can cash checks easier and at more places when you present Bankard along with your Bank and Trust check. That's because the Bank and Trust guarantees payment up to \$100 for cash, \$500 for merchandise at participating stores.

It's a Credit Card!

When you present Bankard to a participating merchant, you can charge up to \$500 in merchandise or services. No other identification needed. Bank and Trust guarantees payment.

Write yourself a Loan!

Every Bankard holder is granted a certain amount of Credit Reserve to be used whenever you want, for any reason. Just write a check or use our charge form.

It's an Unbounceable Check Plan.

If you write a check for more than you have in your account, don't worry. We advance you enough from your Credit Reserve to cover it. No more returned checks.

Country Club Spring Best Ball Golf Tournament Will Begin On Weekend

Pairings for the first round of the "Bite" Lakes Country Club's spring best ball tournament are announced by Kenneth David Killeen. Killeen said the tournament will be held in a new format with a new method of selecting the overall champions at the end. Although all prizes will be awarded on a flight basis, the flight champions will conduct an extra session. The fifth and sixth flight will have the best overall winner advancing against the fourth flight champion. The winners of the match will be the third flight, etc. until the final top 10 is selected. No handicaps will be used in the flight play.

Discipline Breeds Pride, Winning Teams, Idaho Grid Coach Tells Vandal Boosters

JEROME—Winning follows the "pride of the game," the back-wound up with a breakfast meal, variety each year. He said that discipline and the philosophy of Idaho is going to start and the program is to be installed at Vandaville, in a whirl-games he talked to high school coaches and a couple of college coaches. Coach McNease spoke at the Vandal Boosters Thursday night. McNease told the group that the Idaho program is to be based on a freshman team that evening and would be based on a freshman team.

THE TIMES-NEWS SPORTS

IN TOP FORM, France's triple gold medal winner Jean-André Kluge is in the pre-race compulsory downhill at the American International team meet at Sun Valley.

Six Skiers Tumble In Pre-Race Trials For Sun Valley Downhill

SUN VALLEY, Idaho (AP)—Six skiers tumbled in the pre-race compulsory downhill at the American International team meet at Sun Valley. The skiers were Jean-André Kluge, France; and other skiers.

Shaw Grabs Early Lead At Pensacola

By RON SPEER
Associated Press Sports Writer
PENSACOLA, Fla. (AP)—Shaw fired a three-round lead in the first round of the \$25,000 Pensacola Open Golf tournament. He shot a 68 in the first round.

Wagner Posts High Series

Roger Wagner came within an eyelash of a coveted 70 series during the Bowdoiner Classic in the Royal. The next step is to borrow some players.

Kansas City Club Picks Name

TV-Guided Bomb Being Produced
 WASHINGTON (AP) — Defense sources say several million dollars has been put into speeding up production of a new television-guided bomb that should save lives of U.S. pilots. The bomb—dubbed Walleye—is carried by plane close enough to the target that the pilot can see it. He can then cut the glide bomb loose and a television guidance system will take the rest of the way—allowing him to turn back before being too exposed to enemy surface-to-air missiles and anti-aircraft fire.
 The technique is as simple as a hawk chasing rabbits. The chopper searches until a chopper is sighted. It chases the bird until it tires, flaps to the ground and attempts to hide. This usually takes about eight minutes. The chopper settles over the bird with the net. A crewman jumps out and catches the bird.
 Half the birds have been taken to Refugio County, where the choppers are being conducted on how to persuade the rare bird—technically known as *Atalapha philadelphia*—to accept captivity.
 USE TIMES-NEWS WANT ADS FOR BEST-SELLING-RESULTS

HOW TO WRITE A GOOD CLASSIFIED WANT-AD
 IT'S ALWAYS BEST to start your advertisement with a question. If you are looking for a job, you have to offer your skills and experience. If you are offering a service, you have to offer your price and terms. If you are looking for a mate, you have to offer your personality and interests.

Lent: Mixing Politics and Religion

By DAVID POLING

One of the finest things that could come out of our Lenten experience is a revival of genuine political interest among church people. Special lobbying for denominational gains or ecclesiastical favors at the expense of the public treasury. Further an expanded and enlarged involvement in the whole political spectrum of American life.

Too long churches have shaken their fists at the behavior and practices of the professional politicians. These occasional scoldings did nothing for the party, the public or the clerical officials. When our society needs a "culture" more than ever, the saying is worth repeating: All true religion begins in mysticism and ends in politics.

In this year of candidates and conventions, we shall see how completely political news and activity dominate our lives. Politics is a blood game. Americans live it, love it, argue it, despise it and crave it. It is not time to give this prominent occupation of so many millions some conscientious injections of quality of conscience. Bishop Fulton J. Sheen told the New York State legislature:

"I'm not going to pray for you. There are certain things a man does for himself. He has to blow his own nose, make his own love and say his own prayers."

In this picture put the people next to city hall!

Rupert Wants Highway Sign

RUPERT—Results of a drive to give Rupert more designation on the Interstate-80 direction markers were reviewed Thursday during the regular luncheon meeting of the Rupert Chamber of Commerce.

Bill Goodie, chairman of the chamber's Highway Committee, read to the group a letter from the Shoshone office of the District Highway Engineer. The letter stated that a marker signing "Rupert, Next Right" will be placed at the Heyburn interchange soon.

The action is a result of several months of meetings with various representatives of the state highway commission and of the Rupert merchants effectively presenting their case.

Mr. Goodie's report was one of 18 future planning reports presented by committee chairman during the meeting.

Also of interest was the report by the Roden Committee, of which John Trevino is chairman. Mr. Trevino said the date selected for this year's jamboree, which precedes the fair, is June 22.

The horse racing will be conducted for four days—July 1-4—the rodeo for three days—July 2-4—and a parade July 4 will close the event.

Three committees will also be in Rupert for a week and a queen contest has tentatively been scheduled for June 22.

Other committees reporting also were the advertising and publicity, Judson VanEvery, vice chairman; airport and civic relations, Bill Hanes, chairman; agricultural, Bill Virtue, chairman; annual dinner, Howard Toews, chairman; Christmas lighting, Christi Calmuli, chairman; Christmas Street Lighting, Clarence Bliker, chairman.

Congressional action, youth

activity and education, and planning for progress, Rev. Warren McCormick, chairman. Industrial, Richard Bohle, chairman. Membership, Bob Caldwell, chairman. Merchants, Gene Haskin, chairman. Nominating Committee, Claude Bowman, chairman. Southern Idaho Chamber-DeWitt Hollinger, chairman, and safety, Ed Colver, chairman.

High School Rodeo Fees Due April 1

High school rodeo performers desiring to participate in high school rodeos during the 1968 season must have their insurance payments in, plus state and national taxes, by April 1. Mrs. Janice Stover announced.

Mrs. Stover, secretary-treasurer for the District 5 High School Rodeo, to be held in June 8 and 9, said payments of \$8.25 to cover all three items should be made to her by the April 1 deadline.

Eligibility for boys and girls planning to compete includes enrollment in high school between the ninth and 12 grades and maintaining of passing grades, Mrs. Stover said.

Included in the fifth district are schools in Haxton, King Hill, Bliss, Gooding, Jerome, Mayfield, Twin Falls, Halley, Eden, Shoshone, Rupert, Declo, Burley, Paul, Heyburn, Murman, Blaine, Kimberly, Hansen, Filer, Buhl, Hagerman, Richfield and Carey.

Persons interested in competing in the district events are asked to contact Steve Correll, Gooding, or Pete Stover, Twin Falls. Duels and insurance payments should be mailed to Mrs. Stover, 1825 Heyburn Ave. E., Twin Falls, 83301.

Livestock Units To Open Monday

The Bureau of Land Management has announced that the Saylor Creek administrative unit will be open for livestock grazing on Monday.

The Hagerman and Devil Creek units will be open April 1.

Three Island and North Three Island units in the south side unit will open April 1.

Opening dates for the rest of the South side units will be announced later. All of the areas are located south of the Snake River, and between the Brunson River on the west and Salmon Falls Creek on the east.

Never Again

WELLESLEY, Mass. (AP)—Louis Stempel, 19, a freshman at Harvard University, ate 20 eggs in 50 minutes Thursday. Eged on by about 35 Wellesley College girls, he said he devoured the eggs on a tray of a desk to a Wellesley girl.

Menocal ate his first egg raw, switched to eggs fried scrambled on a hot plate, then ate the last five raw.

"I will never eat another egg for the rest of my life," he said.

Buhl Budget Is Adopted At Hearing

DUH. — No protests were registered at the public hearing for the proposed budget for the City of Buhl Tuesday evening. The budget and the annual appropriation bill were adopted by the council.

William Nungesser, city attorney, was authorized to prepare a notice of public hearing of the Buhl planning and zoning commission and the City of Buhl for April 2 concerning the Barre motor property in the southeast corner of Buhl.

Police Chief Richard Freese reported the police force would impose unlicensed dogs and dogs will be subject to fines. Dog licenses sold by the city this year were considerably under the amount sold in previous years.

E. H. Christofferson was authorized to lease up to 300 shares of water stock in the Twin Falls Canal Co. for 1968 with the city receiving \$10 net fee per share.

Ray Walker, Annette Pence and Genay Popplewell were hired as lifeguards at the Buhl swimming pool. Ray Matney was employed as recreation and swimming director for the summer season beginning June 3 and ending Aug. 25.

Lee Monroe, Buhl fire chief, noted that applications are being prepared for a job-time fireman. The vacancy in the fire department was caused by the resignation of Bill Johnston.

The council engaged Ivan Lyle Stone as architect for the addition to the Buhl Public Library. Plans for the addition must be submitted by June 1.

The city invested some \$6,000 in U.S. Government bonds for June 3 and ending Aug. 25.

The maturity date for the bonds is Aug. 15, 1972.

Buhl Hardware Co. was awarded a contract for 3000 lb. rubber hose latex paint for the swimming pool and also for yellow rubber hose. Other bids received were from Buhl Glass and Paint, \$316.23; Buhl Co-Op, \$338.95; Fallers Farm and Home Supply, \$427.90; Western Auto Stores, \$347.75; and Citizens Lumber Co. \$337.75.

Marcos Asks Probe Of Camp Mutiny

MANILA (AP) — President Ferdinand E. Marcos ordered an investigation today of a mutiny at a special forces training camp on the island of Corregidor that newspapers claimed resulted in the massacre of 60 trainees. A presidential palace statement acknowledged three deaths.

Quoting a ranking congressman, the Daily Mirror said the 60 men were moved toward a military parade ground formation to await planes that supposedly would take them out of Corregidor.

A report by the general staff to Marcos said three trainees were killed and two officers wounded as a result of a "simulated mutiny and desertion by trainees who had been kept under sustained adverse and severe jungle conditions."

The general staff said there had been a plot to liquidate the commanding officer of the camp on Corregidor Island, the scene of the famed World War II battle in the mouth of Manila Bay.

News Of Record

MINIDOKA COUNTY Justice Court

Donald L. Webb, 47, Hudson, \$35, and Miguel Gonzalez, 50, Minidoka, \$30, both drunk in an auto. Ralph Perez, 28, Acapulco, \$10, no driver's license. Thomas Mortenson, 17, Rupert, \$15, no headlights, and Roger Mortenson, 16, Rupert, \$25, defective equipment.

District Court

Divorces were granted to Mrs. Chylene Easonson from Roy W. Rasmussen, Mrs. Helen I. States from Asher W. States, and Mrs. Linda Carpenter from Eugene F. Carpenter.

Sheriff's Blotter

Citations are pending further investigation of a pickup truck-monocycle collision on Wednesday night about 11 miles northwest of Rupert. Gregory Lee Tyler, 17, Rupert, who was riding a 1967 bike apparently stopped at a stop sign, then started to turn left. He then decided to go straight, not seeing Libe Valdez, who was driving a 1961 Ford pickup truck, belonging to the Clinton Ranch.

Walter Sawyer Tyler begins to turn left so pulled right to avoid hitting him. Tyler then turned straight across the road in front of Valdez. Damage to Tyler's cycle was estimated at \$75.

Election Set

MURTAUGH — Officers will be elected at 7:30 p.m. Monday during the IFA meeting at the high school auditorium. Nominating committee members are Mrs. Hattie Turner, Mrs. Leo Sanger and Mrs. Norman Peterson. A musical program will be presented and refreshments will be served by seventh grade room mothers.

SPRING FIELD WORK by Magic Valley area farmers was well under way this past week. Top photo shows a Twin Falls farmer plowing his spring plowing and the bottom photo shows a Murrough farmer discing. Other types of field work under way are harrowing, planting and spreading fertilizers.

Along Fences And Canals

Sheep are being sheared at the Jones-Sandy Livestock Ranch and Bralfford Bros. Ranch in Hagerman.

Farm work in the North Shoshone area is still slow, due to wet ground. Farmers have been doing some burning along ditch banks and hauling manure to fields, but the majority of work has been on machinery, preparing for the spring work when grounds dry a little more.

The only ranch in the Big Wood River Valley which was garbed appropriately for St. Patrick's Day was the newly planted acreage of Eugene Fredericksen at the foot of Timmerman Hill. Here, the grain garbed the newly-worked land in the proper Irish green.

Drayne Ward and Wallace Taylor, both Almo, Wallace Spencer, Olin, Charley Ward and Don Pines, Malta, all assigned feeder calves to the Burley Livestock commission and sold them at a special sale in Burley. In the evening after the sale, a dinner, sponsored by the Burley Livestock Commission Co., was held at Nelson's Cafe and Pilots club for the consignors and their wives.

Weeds line the canals and roadways in the Dietrich area since they blew in Sunday during the severe wind storm. Where the weeds are along fences this poses extra work of removal. For burning them on the spot means the fencepost might burn, too.

Mr. and Mrs. D. C. Byrum and family are busy burning debris and clearing land at the Arthur Greer Ranch south of King Hill, which they have purchased from Mr. and Mrs. Greer. The Greers bought the James-King home in King Hill and are moving some of their household furnishings to their new home.

Mr. and Mrs. Floyd Marsh are having land leveling done on the farm which they purchased from Mr. and Mrs. Fred Miller, Tuttle.

Layton Warren, Hansen, has completed planting 11 acres of white and yellow sweet Spanish onions, one of the earliest of crops to be planted. Warren had a bit of competition from snowstorms and between-rain showers, but he reports that some of the earlier seed has sprouted.

Mr. and Mrs. Edward Bench and family have moved from the ranch south of Malta where they have resided for some time to the Oakley area where they will make their home.

The trailer home of Mr. and Mrs. Grant Fehman, Malta, was destroyed by fire last week. Defective wiring was thought to be the cause of the fire. A few personal belongings were saved. The Fehmans moved to the Malta area about a year ago, where he has employment on the Powell and Thompson farms.

Clavin Green will have in place in 40 days are installing seed boxes in measuring devices. The project called for 66 Parshall Flume measuring devices and 66 controlled headgates. Work has continued on the project since Oct. 10, 1967, with stoppage due only to weather conditions. The project is approximately 85 per cent completed. The work being done now consists mostly of installation in the Malta and Elba areas.

Grass along fence lines and ditch banks in Hagerman is growing abundantly since the recent warm weather. The Bruneau Desert is also showing a lot of green.

A King Hill farm is being offered for sale. Mr. and Mrs. Dean Healey are moving to town, where they will operate the Village Cafe, and are selling their large acreage and modern home.

Trees on several Dietrich farms have been cut. Farmers cutting these trees were Axel Powers, Arnold Bridge, Sam Larson, Glenn Sorenson, and Ralph Toive.

A Marley area farmer and Shoshone school teacher is feeling better after receiving a shoulder injury recently while skiing. Delmar Harty and his son, Jon, were skiing at Sun Valley when Mr. Harty fell.

Beans and grain have been planted on the Sallor Creek Farms at Glenns Ferry. Aubrey Grey, manager of the farms, says beans are presently being planted.

County Agent Is Speaker At Glenns Ferry

GLENN'S FERRY — Jim Edwards, Elmore County Agent, spoke about the role agriculture plays in this area when the Glenns Ferry Chamber of Commerce met Monday in Hanson's Cafe Banquet Room. He also discussed the raising of beef cattle.

Ben Walker, president, reported the receipt of many favorable replies from the congressmen and other Chambers on the resolution drawn by the local Chamber concerning advancement of immediate release of desert land entries.

Hallie Mecke was appointed recently by the Chamber board of directors to serve on the Elmore County Fair Board. Glenn Hall was appointed to attend a hearing in Boise April 8 on the discontinuance of trains 17 and 18.

Bill Thompson reported he had started printing the Glenns Ferry informational brochure.

Employment Off

WASHINGTON (AP) — The Agriculture Department said today final figures show farm employment last year averaged 4,903,000 family and hired workers, down 6 per cent from the 1967 average of 5,174,000.

The average last year was down from the 1962-66 average of 5,931,000.

Farmer employment during the last week of February was reported at 3,744,000 compared with 3,831,000 a year earlier.

Sugar Beet Seed Facility Is Planned For Burley

BURLEY — A sugar beet seed processing plant for Amalgamated Sugar Co. will be built in Burley with a portion of the land owned by the company.

The seed will be hauled by truck to the processing plant in Phoenix, Ariz., and Salem, Ore., the sugar beet growing area. After the seed arrives in Burley it will then go through the seed process which includes screening, sizing, polishing and packaging. After the last detail of processing is completed the sugar beet seed will be stored in a warehouse until shipment again by truck to the Amalgamated Sugar Co. beet growers in Idaho, Oregon and Utah.

All sugar beet seed for the company's growers will be processed at the new seed processing plant in Burley.

The work will be seasonal and will not require a large employment, Mr. Blauer stated.

Blauer also announced that work now is under way on a third Weibull sugar silo at the Paul Amalgamated Sugar Co. plant. The large tank will cost more than \$1 million to build and will have a capacity of 400,000-100 pound sacks of sugar, he said.

DISCUSSING LIVESTOCK INDUSTRY are two members of the Magic Valley Cattlemen's Association and a Nevada Cattlemen's Association member. Eyer Boles, Wells, left, director of the Nevada Cattlemen's Association, was guest speaker during the local group's annual meeting earlier this week in Twin Falls. Talking with Mr. Boles are Rolland (Rolly) Patrick, Rogerson center, newly-elected president of the Magic Valley Cattlemen's Association, and Art Kaster, Hagerman, vice president.

Rolland Patrick Named President Of Magic Valley Cattlemen's Association

Rolland (Rolly) Patrick, Rogerson, was elected president of the Magic Valley Cattlemen's Association during the group's annual meeting recently in Twin Falls.

Outgoing president was Ed (Perryman) Pifer, Hagerman, vice president, and Frank Gliese, Twin Falls, secretary and treasurer. Mr. Gliese was re-elected.

Directors named were Richard Noh, Rogerson, district two, and Roy Smith, district one.

Guest speaker was Eyer Boles, Wells, newly-elected director of the Nevada Cattlemen's Association and also a director of the Producers-Livestock Marketing Association.

Mr. Boles spoke briefly on federal agencies' changes in the cattle industry and what the future is for the industry.

Weed Met Set

RICHFIELD — Richfield farmers are urged to attend a meeting at 7:30 p.m. March 25 at the county courthouse to plan ways to improve the county weed program.

The meeting is for farmers, company employees, and city and county officials.

Tobacco Exports Are On Increase

WASHINGTON (AP) — Exports of unmanufactured tobacco from the United States in January totaled 44.3 million pounds, a 15 per cent increase from the 38.5 million shipped out in January 1967, the Agriculture Department said today.

Most of the grain was recorded in exports of flue-cured, the department said.

For July-January 1968 exports of unmanufactured tobacco totaled 364.5 million pounds, 15 per cent smaller than the 421.6 million shipped out in the similar 5-month period of fiscal 1967.

Better Livestock 4-H Club Meets

Several talks were given during the recent meeting of the Better Livestock 4-H Club at the home of Jim Brennan.

David Ramsey talked on teaching your calf to lead and Debby Robinson talked on how to teach your lamb to lead and what to do when you are showing. Greta Sharp told about a marketing in Harley the alfalfa.

The next meeting will be April 8 at 8 p.m. in the home of Mary Jo Glasheim.

VERNON RAVENSCROFT state representative from Gooding County, will speak at the annual Farmers' night banquet sponsored by the Shoshone Chamber of Commerce April 8 at the Lincoln School auditorium in Shoshone.

Magic Valley's 4-H Scene

Area 4-H Club Meets

KING HILL — "Feed-Nutrition" was the topic given by Rocky Trail recently when the 4-H leaders of Valley Livestock club met at the home of their leader, Mrs. Lee Trail. A film presented and an illustrated talk was given by Trail.

Sheri Pruett presented the 4-H Pledge and Terry Parsh, president, instructed members to notify their leader of their illustrated talks and demonstrations to be presented at the meetings.

The group suggested that two tours be planned, and one for this spring and the fall followed by a picnic at the close of the season.

Diana Lansing signed the membership roll.

Janie Hark served refreshments.

4-H Club Meets

Members of the Shamrock Duesbeck 4-H Club inside pin cushions with the help of their leader, Mrs. Louise Koontz, at a recent meeting.

Reis called was "What to do after school" to help our mothers. The club met at the home of Michelle Gard.

Meet Slated

GLENN'S FERRY — Monthly meeting of the 4-H Club will be held at 8 p.m. Monday in the Elmore County Courthouse, Mountain Home.

Mrs. Erin Lord, Mountain Home, will tell about her trip to the Western Leaders' Conference in Portland, and plans will be made for the end of the farm year.

Marilyn E. Jordan, Elmore County Extension, Home Economics Agent.

Easter Lily Sale Planned By Club

Members of the Happy-Go-Lucky 4-H Club voted to have an Easter Lily sale on March 30 during a recent meeting.

The members were instructed on how to stitch the pin cushion by Beth Britt, junior leader, and Edward Britt, junior leader.

Marla Silcock gave a demonstration on "Egg Boats."

Slippers Knitted

CAREY — Members of the Knitting-Worsted-4-H Club assembled on Friday to knit slippers for the nursing home. They also discussed purchasing yarn for knitting sweaters, their next project.

The April 1 meeting will be held at the Young home with Carolyn Sparks and Holly Peck giving demonstrations.

GRANGE TO MEET

KING HILL — King Hill Grange will meet at 8 p.m. Tuesday at the Grange hall and first and second degree work will be given to new members by the degree teams with Frank Jones and Karl Anderson in charge.

For the best in potato-wireworm control without crop residues, apply Diazinon.

Excellent potato wireworm control, even in strains that are resistant to some other insecticides. That's what you can expect from Diazinon insecticide.

And there's no need to worry about insecticide residue to contaminate your crop... or crops following potatoes in rotation.

In fact, Diazinon may be applied for effective soil insect control in many crops including sugar beets. Diazinon stays long enough to do a job on wireworms, but there's no danger that crops will be rejected because of residue.

Diazinon is available in several formulations: liquid, wettable powder, and granular. Go to your local agricultural dealer for all standard equipment and fit any program you decide on.

You can broadcast it, or put it on combined with fertilizer before planting. Incorporate into the top 4 to 8 inches of soil. And Diazinon is easier to handle than many other insecticides. Just follow the label as you would with any insecticide.

Plan to use Diazinon for effective wireworm control this year and solve your residue problem, too. Your supplier can give you all the details when you order the formulation you need.

Geigy Agricultural Chemicals, Division of Geigy Chemical Corporation, Ardsley, New York 10502. **Geigy Diazinon**

FOR BEST RESULTS... USE U.S. STEEL DRY FERTILIZERS

BAG OR BULK BLENDED TO YOUR SPECIFICATIONS!

For the fastest, easiest application of Your Fertilizer — Use Our Trap-Stat™ Bins and Tyler™ Spreaders, or Have Us Apply It With Our Barber™ or Fan Type Truck Spreaders...

Trap-Stat™ 4-top Fertilizer bins are delivered direct to your field by our trucks... the folding legs are lowered, and the bins are raised 7 feet high to allow direct loading of spreader from bottom of bins. This eliminates any need of ever leaving your field while spreading fertilizer.

FCIG Raises Coverage On Sugar Beets

The Twin Falls District office of the Federal Crop Insurance Corp. today announced "substantial increases" in insurance coverage on sugar beets in the Magic Valley area with no increase in premium.

The boosted coverage will start with the 1958 crop year, according to Mrs. Fred Ray, district office manager.

Basically, the readjustment involves an increase in the guarantees, giving more protection in the early stages of crop growth.

The first stage guarantee (period from planting to thinning) has been increased from 20 to 30 per cent of the grower's average normal yield as established by the Agriculture Stabilization and Conservation Service.

The second stage guarantee (period from thinning to July 1) has been increased from 30 per cent to 40 per cent of the normal yield. The third and fourth stage guarantees remain the same, 55 per cent and 75 per cent respectively.

This increase can amount to almost \$30.00 per acre more in insurance protection, depending upon the insured's normal yield and the price he selects to be paid per hundredweight of sugar that he is short of his guarantee.

Mrs. Ray said that the program has been adjusted to reflect the farmer's increased cost of producing sugar beets. Farmers can obtain information on the new sugar beet insurance program as well as wheat, barley, beans and potato insurance programs.

SUPERVISORS OF THE Northeast Elko Soil Conservation District discuss this past year's accomplishments. From left are Harvey Hale, Jackpot, chairman; Victor Nelson, Twin Falls, supervisor, and Eyer Boles, Wells, treasurer. Mr. Hale and Mr. Boles were re-elected at the district's annual meeting earlier this week in Jackpot.

Harvey Hale Re-Elected Chairman Of Northeast Elko Soil District

JACKPOT — Harvey S. Hale was re-elected chairman of the Northeast Elko Soil Conservation District Board of Supervisors during the district's annual meeting earlier this week. Other officers elected were William Gibbo, vice chairman; Clark Torrell, secretary, and Eyer Boles, treasurer. New supervisors elected were Victor Nelson, Twin Falls, and Wayne

Phillips, Buhl. Guest speaker during the meeting was Dr. Joe Robertson, Reno, Department of Renewable Resources, University of Nevada. He spoke on his two-year teaching assignment in Kenya, Africa. He showed slides of the people there and how they lived. He said chief crops raised there were corn, bananas, tea, and coffee. Livestock in Kenya also was

discussed by Dr. Robertson. He told of the many breeds of cattle there are there. Eyer Boles, a supervisor, was awarded the Conservationist of the Year award for his outstanding conservation work this past year, by Warren Scott, Wells First National Bank. Several reports were given. Reports on what the Forest Service, Bureau of Land Management, Fish and Game Department, Soil Conservation Service, Agricultural Stabilization Conservation Service and the Kooli Creek Experiment Station have done this past year were given.

CONSERVATIONIST OF THE YEAR Award is being presented to Eyer Boles, Wells, left, by Warren Scott, Wells First National Bank official. Mr. Boles, treasurer of the Northeast Elko Soil Conservation District, received the award during the district's annual meeting in Jackpot.

Increase In Milk Support Level Asked

WASHINGTON (AP) — Some farm groups are urging Secretary of Agriculture Orville Freeman to increase the price support level for milk used for manufacturing from the present rate of \$1 a hundred pounds to \$1.27.

Strongest pleas for such an increase are coming from leaders of the National Farmers Union. They contend such an increase is vital in milk production is to be kept near present levels.

Farm-law permits the support level to be set at 100 per cent of the parity price of such milk. The rate could be set at \$1.27 under this authority.

But Freeman aides say it would be difficult to justify such an increase in terms of other provisions of the support law. They say an increase could be justified legally only if it could be shown that a higher price was necessary to provide an adequate supply of manufactured dairy products.

These officials say there is a surplus of these products. Evidence of this is supplied, they explain, by heavy department holdings of butter, cheese, and nonfat dry milk bought under the present price support program.

Sugar Beet Factories Close After Long Production Run

The slicing and processing of sugarbeets in Oregon and Idaho has ended, routing out one of the region's longest sugar-making seasons ever.

The Amalgamated Sugar Company's big plants at Nampa, and Nyssa, Ore., completed the 1967-68 campaign March 11. Two other company factories at Twin Falls and Paul, Idaho finished processing southern Idaho beets a month ago.

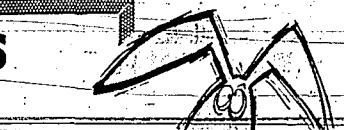

The two factories create more than 1000 jobs and a monthly payroll of \$2 million during the winter months, while they're running. Between processing and slicing, 300 skilled workers are required for maintenance work and other agricultural operations.

Oakley Men Are Guests At Meet Promotion Of Idaho Beans Abroad

MILNER — Mr. Ray Crichton and Henry Callahan, Oakley, were guests of the West-Cassia Soil Conservation District at a meeting Monday evening at the home of Mr. and Mrs. Farnum Warr.

They reported to the board on what the Birch Creek watermasters are doing and what they plan to do in the future to extend their project. Board members discussed projects, easements and rights-of-way.

Members voted to send a letter of protest to Idaho senators, representatives and Gov. Don Samuelson on the budget situation for hiring technical help.

Library Law Outlined For Area Grange

SHOSHONE — Report on the Library Law was given to members of Magic Grange by Lawrence Tews. He stated one and one-half mills will be sufficient to support the bookmobile which makes a stop at two places in North Shoshone.

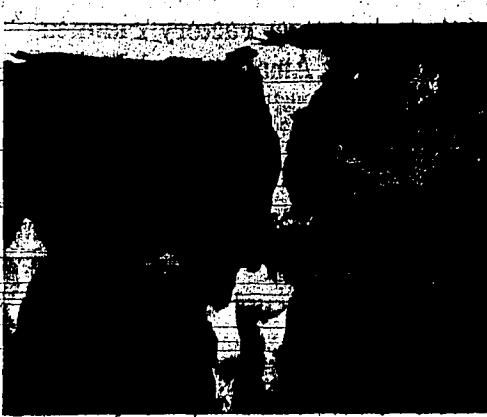

Dr. C. Mitchell added information regarding the cost of the service.

Ed Sheer reported he had attended a meeting in Jerome and gave report on the use of care and vaccinating needles for animals.

For the resolutions committee, Paul Baretz reported members are asked to write senators requesting them to renege technical assistance to the Soil Conservation Service, which was taken away. They will ask for the service to be reinstated to the 1937 level.

Mrs. Waldo Faith, home economics chairman, said she has rules and entry blanks for the county fair.

Larry Tews played a tape during the literary program which had come to family members from Henry Tews who is in Vietnam.

LOOKING AFFECTIONATELY at one of the cows in the top Holstein dairy herd sold by Clarence Phillips, Deelo rancher, last week in his son, Dannie. A total of 53 head was purchased by Joe A. Bos and Sons, Bozeman, Mont. Mr. Phillips' herd was rated the top herd in the state for 1967 in herds of more than 20 cattle.

Top Holstein Dairy Herd In Idaho Is Sold At Deelo

BURLEY — The top Holstein dairy herd of Idaho was sold here in the west. Purchasing the Phillips dairy herd, south of Deelo, last week. This sale in-herd "takes us a step forward in reaching our goals," stated Phillips, a total of 53 head was purchased by Joe A. Bos and Sons, Bozeman, Mont.

The herd was purchased by Joe A. Bos and his sons, Donald, signed by the U. S. and Pakistan and during the current fiscal year. The Bos family operates a grade A Dairy milking 20 plots of Food-for-Peace wheat to crops, for the Bostana Ranch, Co., and is working toward one 1,500,000 tons.

Agreement Inked

WASHINGTON—Pakistan will receive early this year an additional 500,000 tons of wheat, 20,000 tons of edible oils, 3,000 tons of dry milk and 900 tons of tobacco under a Food-for-Peace agreement with the U. S.

This is the second agreement signed by the U. S. and Pakistan during the current fiscal year. The Bos family operates a grade A Dairy milking 20 plots of Food-for-Peace wheat to crops, for the Bostana Ranch, Co., and is working toward one 1,500,000 tons.

Potato Process Totals Are Given Freeman Cites New Tools For Feeding Mankind

BOISE — Potato processing in Idaho totaled 17,831,000 hundredweight of raw potatoes, according to reports compiled from processors.

Of this 16,845,000 hundredweight were used in the manufacture of food products and 993,000 hundredweight for starch and flour. Of the 17,831,000 hundredweight processed, about 16,433,000 hundredweight were grown in Idaho and 1,398,000 hundredweight were shipped into Idaho from other states.

NEW YORK — New tools for feeding mankind more adequately are coming from laboratories around the world.

Secretary of Agriculture Orville L. Freeman cited some of these "new tools" in a talk at the United Nations Food and Agricultural Organization.

The engineers have developed a "reverse effect" means of synthesizing ammonia, the basic ingredient of nitrogenous fertilizers. The secretary said: "This means that the technology is now available to manufacture these fertilizers at about one-half the cost of those produced today. This fact has tremendous implications for farmers and for hungry people all over the world."

He discussed new varieties of wheat and rice that will far outyield traditional varieties if properly managed.

That of the land is proposed to be classified as multiple use classification.

T.F. County Land To Be Classified

The BLM is proposing to classify some 24,400 acres in Twin Falls County during a public meeting at 7:30 p.m. April 1 in the Twin Falls City Hall Auditorium.

Onion Acreage

BOISE — Idaho onion growers are planning the largest onion acreage in the state's history, the USDA Crop Reporting Service reports.

Based on farmers' intentions as of March 1, the onion harvest will be 4,300 acres, a 25 per cent increase over last year and 60 per cent above the 1962 average. In both 1966 and 1967, the onion harvest was 3,400 acres.

From present indications, it would appear that never in history has seed strain been so rapidly and successfully adopted by other countries," Mr. Freeman commented.

Wheat developed by the Rockefeller Foundation in Mexico is being rapidly multiplied throughout the Middle East and India. Millions of acres have been planted for harvest next spring.

of herds in the state on Dairy Herd Improvement Association records.

In 1967 the Cassia County Chapter of Dairy Herd Improvement Association, Phillips registered the top cow in the county, producing 24,177 pounds of milk, and 700 pounds of butterfat. Also that same year seven cows were recorded as producing over 700 pounds of butterfat and additional seven cows were recorded as producing between 600 and 700 pounds of butterfat, all over a 300 day testing period.

For the year 1966, three cows owned by Phillips produced in the excess of 600 pounds of butterfat.

Phillips, who actually became one of the top dairymen in the state of Idaho because he kept close supervision of his herd and used the guidance program available through the Dairy Herd Improvement Association, stated Glenn Boddy, Cassia County Agent.

The business transaction of selling the dairy herd was handled by Henry Durrity, Preston. In November 1966, Durrity also handled the sale of 22 head of dairy cattle which were also purchased by the Bostana Ranch.

In 1963 Durrity handled the sale of 88 head of Holstein and cattle which were sold at auction and delivered to various parts of the state throughout Northern Utah and all of Idaho.

"Due to health and physical reason I can not make the proper grading by an official grader, and by selling the dairy business, and by selling the dairy I am going completely out of the milking business," Phillips said.

He plans to continue his farming operation."

"We know that food shortage of today are depleting natural resources of energy for at least a generation. Those who are not discussing the problem are the factors cannot provide the leadership which future requires."

He pointed out, "Today's world has the amino acid shortage in its own right. The national diets, and the technology for the production process. Partial fulfillment of wheat or rice will do this, as well as a high lysine link."

"They are confident that it can be integrated into commercial production."

"Of the importance of protein," Secretary Freeman said, "We know that malnutrition, particularly protein shortages, in the early years of life reduces the potential for mental as well as physical development."

"I've suggested more for natural resources to accept, modify or reverse."

"A tentative goal of more corn of protein per acre by 1970 might be appropriate."

Equipment Is Available For Seeding

SHOSHONE — Wood River Soil and Water Conservation District owners and tenants farmers several pieces of equipment used in preparing seedbeds and carrying.

A two and one-half yard conveyor is available which requires power the equivalent of an International Model M Tractor to pull it. It carries loads up to 10,000 pounds. This machine rents for \$1.50 per hour. There is a \$5 minimum charge on this machine.

However, if the carryall is used more than three and one-fourth hours, the minimum charge is applied to the remainder of the charge, depending upon the hours the machine is in use.

Two billion drill seeders are available which are rented at the rate of \$1.50 per acre. These machines are on rubber tires for transport from farm to farm. Both have legume boxes and one has a box which grain may be seeded if desired.

Seed such as orchardgrass or clover seed can be seeded through the grain box if rice hulls are mixed with the grass or legume seed.

In addition to the carryall and seeders, the district owns one large plow which can be rented by the farmer's own power equipment. This machine rents at the rate of \$1 an hour.

Cornwall, chairman of the Equipment Committee, assisted by Waldo Faugh, Shoshone; Roy Magaffin, Richfield; and Harold Huser, Dietrich, can assist farmers in locating the equipment and arranging schedules of use.

The charge on the machinery use is to handle equipment repair and care. Farmers are also asked to handle the machinery with proper manner to insure upkeep.

A LOT OF WOOD. Bill Kreyer, Albany, Ore., shows what 9,000 board feet of timber looks like when it is all in one place. The log — 20 feet long and 10-12 feet dia. — came from a tree that was planted during the Civil War. (AP Wirephoto)

Spring Seeding Of Gains Wheat Should Be Early

JEROME — How late in the spring can Gains wheat be planted and still get a good crop?

At the Kimberly Experimental Station, both Gains and Lemhi were planted at weekly intervals starting on Feb. 28, 1967, and extending to April 20.

Gains which was seeded in February and March had an average yield of 96 per cent as much as the Lemhi. Gains which was seeded in April did not germinate and produce fruiting heads.

Wilmer Priest, Jerome County Agent, says several farmers here in this area have had successful early spring plantings of Gains wheat, but it needs to be seeded before the end of March to have any assurance of success.

If Gains does not go through a cool dormant period after sprouting, it only produces forage and not fruiting wheat. From a strictly yield point of view very little if any gain is obtained from these spring seedings of winter wheat.

There are some cultural advantages which may mean more than the slight loss in yield. Under spring irrigation, the Gains wheat does not grow as tall and cause less trouble with the wind. It is not as subject to lodging as our spring varieties, and during seasons of a hard late spring frost, it is possible for it to produce a good crop while we occasionally get some frost injury to spring wheat.

Prospects For Livestock Bright

WASHINGTON (AP) — Livestock prospects appear bright in the western range states. An Agriculture Department report says range feed conditions improved during February and are 10 per cent better than a year earlier and 4 per cent above the March 1 ten-year average. The February improvement reflected mild weather which encouraged development of range grasses.

The condition of cattle on ranges was 23 per cent better than a year ago, and sheep nearly 3 per cent better.

102 Bulls On Test Average 292 Pounds

JEROME — The 102 bulls at the Jerome Performance Bull Test Station which are on the 14-day testing program, have gained 29.78 pounds, an average of 292 pounds each in 200 pounds per day for 115 days.

The 112-weighting day was held recently at the station with W. Priest, Jerome County agent, conducting the weighing.

The 18 high gainers gained more than 325 pounds or 3.17 pounds per day. The high gainers are:

Cowan Brothers, Redmond, Ore., 365 pounds or 3.23 pounds a day and another bull gained 340 pounds or 3.10 pounds a day. Mon Aepose Angus, Jerome, had three top gaining bulls — one gained 335 pounds or 3.34 pounds per day, another 355 pounds or 3.17 pounds a day and the third gained 343 pounds or 3.10 pounds a day.

Red Angus — Floyd, 344 pounds or 3.11 pounds a day. Garret, White, Spokane, had one that gained 350 pounds or 3.21 pounds per day.

Charolais — Two bulls owned by Perry Blackham, Marion, Utah, gained 462 pounds or 4.30 pounds per day and 359 pounds or 3.11 pounds a day. Clark Higgs, Jerome, had a bull that gained 337 pounds or 3.00 pounds per day.

Warren George, Ghella, Wash., had two bulls that gained 387 pounds or 3.45 pounds a day and another gained 377 pounds or 3.33 pounds a day. Five bulls owned by Paul Ransom, Milton-Freewater, Ore., gained 425 pounds or 3.66 pounds a day, 389 pounds or 3.47 pounds per day, 348 pounds or 3.10 pounds a day, 345 pounds or 3.03 pounds per day and 338 pounds or 3.00 pounds a day.

Shorthorn — Lewis Dean, Falk, had a bull that gained 367 pounds or 3.27 pounds per day. The first weighing day will be March 29 and the sale of these bulls will be April 20. Both events will be held at the bull station, southwest of Jerome.

Largest U.S. Beet Factory Planned At Nampa By Amalgamated Sugar Co.

NAMPA — Plans for a major increase in the size of the Amalgamated Sugar Co. Factory at Nampa, Idaho were announced in that city today.

Company officials said that the daily beet-slicing capacity of the plant will be doubled, making it the largest installation of its kind in the United States.

The world's largest sugarbeet factory, with a daily slicing capacity of some 11,000 tons, is located in Holland. It is believed the Nampa increase from a present 500 tons to 2,000 tons daily will make it second biggest.

The multi-million dollar project was revealed to area civic and business leaders at a luncheon by Amalgamated's executive vice president, Keith M. Orme, in a city east of the plant's employees called together by the wall of its fire siren.

Orme said the expansion would be completed by December 1969, just in time for that year's sugarbeet harvest.

A steady increase in southwest Idaho beet production makes the plant's expansion a logical step.

But it won't enlarge the so-called sugar end, where the juice is boiled and crystallized by deep wells and water-lift pumps. The Soay householders would recognize the granular product that is the daily staple of many Idaho families. It is added to thousands of new acres of rich farm land to expand the state's sugarbeet production.

The early installation of 200-gallon tanks —

Sugarbeets have been one of the favorite desert crops, although the company still obtains most of its beet tonnage from established farms in Idaho's Treasure Valley and Magic Valley.

The Nampa expansion will make it possible for us to accommodate this growing demand for some time to come," Orme said.

The company intends to reduce its sugarbeet acreage in every square foot of this country.

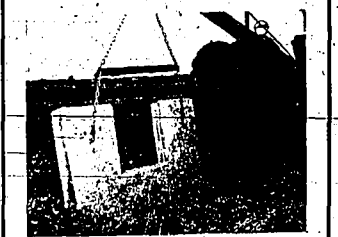

Amalgamated will incorporate a relatively new concept in beet sugar processing in the building program. The company will enlarge the slicing end of the factory where the sugar is extracted in juice form and is then filtered and purified.

Award Presented

ALBION — John K. Powell, Albion, employed by the Kraft Foods plant at Rupert, has been honored for 10 years of service with the company.

The 10-year Service Award, a gold tie bar bearing the Kraft logo, was presented by company officials. These awards, established in 1945, are given for 10 years of service and again for each five years of service thereafter.

Grazing Answers Are Sought In Point Springs Project

UNIVERSITY OF IDAHO researchers for another year of research for answers to questions about grazing created wheatgrass range in Point Springs near Blaine. Field studies that have been interrupted by winter are resuming in the spring under the direction of Lee A. Sharp, professor of range management at the University of Idaho.

The purpose of the work, he said, is to determine whether large pastures of treated wheatgrass range can be more heavily grazed by a rotation system than under continuous grazing.

As a general practice, three to five acres are allotted per animal unit month under continuous grazing. The work at Point Springs is done on a 150-acre tract. The research that was begun last year will continue until practical conclusions are made. It also will consider other problems of livestock production under rotation grazing and find out what happens to plant growth if grazing is rotated in comparison with the continuous system.

Some figures were obtained last year. Specified areas were grazed by both systems about 500 head of cows and 700 calves were trucked and driven to the Point Springs station in Cassia County for fall grazing between September 19 and late November. They grazed different units for 10 to 12 weeks at a time. Weights and gains were recorded for each period in the management units successively.

Forage samples were obtained from the units after each grazing in both spring and fall. The amount remaining after grazing was 419 pounds per acre in the spring and 348 pounds per acre in the fall. The other units were grazed for 10 to 12 weeks at a time. Weights and gains were recorded for each period in the management units successively.

Forage samples were obtained from the units after each grazing in both spring and fall. The amount remaining after grazing was 419 pounds per acre in the spring and 348 pounds per acre in the fall. Bids Sought For Managing NRTS Farm

IDAHO FALLS — Bids for a contract to operate the Experimental Dairy Farm at the National Reactor Testing Station, Idaho Falls, are being sought by the Atomic Energy Commission's Idaho Headquarters Building, 520 2nd St., Idaho Falls.

The estimated cost of the contract is \$3,000 for the approximately seven-month period from May 1 to October 31, 1968.

Work under the contract will consist of irrigation and care of the dairy herd, maintenance of pasture land, including operation of an AEC-furnished electric pump, portable sprinker or border irrigation system and maintenance of farm equipment, as well as maintenance and care of eight dairy cows comprising the experimental herd.

Herd care will include twice-daily feeding and milking, records-keeping and cleanup of equipment and facilities seven days a week from May 1 through October 31, 1968.

Interested bidders can secure information and a copy of bid invitation No. AT-10-1-1285 from the AEC Contract Branch, 1601 W. Main St., Idaho Falls.

The Experimental Dairy Farm is situated approximately 2 1/2 miles northeast of the Central Processing Plant. It is designed to further radioactive iodine environmental studies which will be conducted in 1968.

The objective is to investigate factors involved in the passage of iodine from the point of release in the atmosphere to its concentration in milk.

The herd will be fed chopped forage contaminated with low-level radioactivity. AEC scientists will monitor the iodine levels of radioactive iodine in the milk, which will be destroyed by pasteurization.

Small quantities of radioiodine will be released at intervals over the course of the project under weather conditions that will ensure safe confinement of test materials.

The AEC also announced the award of a contract to J. K. Merrill and Sons, Inc., Pocatello on the basis of a low bid for a drainage improvement project at the NRTS.

Specialist Says Select Bulls With Innate Economic Traits

RENO — Economic traits should be taken into consideration when purchasing bulls, points out Bill Behrens, cooperative extension livestock specialist at the Max C. Fleischmann College of Agriculture, University of Nevada.

Behrens explained that livestockmen may be in the process of buying bulls in preparation for upcoming breeding seasons.

Economic traits in bulls, Behrens characterizes as the "breed, gainability and carcass merit."

"Some bulls or strains," he said, "have an inherent ability to produce offspring that show better performance when measured at weaning time and as yearlings compared to other individuals. That is their calves gain better and produce better performance and progeny information on closely related animals will aid in selecting bulls with superior genotype-related heritable economic traits."

This points up the importance, Behrens explained, of evaluating the records of a bull to certain families of bulls. Also, he said, it indicates the need for good records to be kept on a bull's progeny.

The more information that is available, the less chance of buying a bull with bulls which will not improve performance.

The selection of range bulls with this "built in gainability" will produce more efficient gains not only for the cattleman but through the feedlot and the local cattle cycle.

Learning Center Uses Are Described

HAGERMAN — Supt. George Hagerman described the use of a high school facility presented a program on the high school learning center at the Hagerman Valley Grange meeting.

They told how it is used and operated by students and teachers and the process of changing the old study hall into the new center. They also showed a short movie film on the center and several slides.

Bob Lawson, Hagerman fire chief, showed two films on fire fighting under riot conditions and their obligations on fire control and fire fighting.

The next meeting will be a business meeting April 1.

Booklets On Weed Control Are Available

Ways of controlling weeds in alfalfa seed crops are described in a booklet just released by the University of Idaho College of Agriculture.

The booklet by Paul J. Torelli, agronomist at the Parma branch office in the Boise area, and Robert E. Higgins, extension agronomist at Boise, recommends methods for dealing with weeds under several common systems of production.

Free copies of the publication, "Weed Control in Alfalfa Seed Crops," are available from the county agricultural agent.

About 15 kinds of weeds cause serious economic loss in growing alfalfa. The authors point out, however, that satisfactory control can be achieved, but the best treatment depends largely on conditions and practices for the individual fields.

The choice is governed by climatic factors. First, the kinds of weeds vary in their response to chemicals. Second, the numerous herbicides available have various effects on weeds and alfalfa. Third, there are four general methods of producing alfalfa seed in Idaho: First and fourth, cultivation is not desirable in some fields although it is an important part of controlling weeds.

Second and third, suggestions about treatments and the chemicals to apply are spelled out in detail for each weed and what it will mean for alfalfa production. The recom-

Cattlemen In Blaine Keep 4 Directors

HAILLEY — Four members of the board of directors of the Blaine County Cattlemen's Association were retained in office by association members at their annual banquet meeting Saturday night.

Board members will meet Saturday night at the home of the new president, C. W. Gardner, president of Saturday night's meeting. Other board members present were William Clough, George Helvey, and Earl Bennett. James Eakin is association secretary.

Speakers included Robert Henderson, Boise, secretary of the Idaho Cattlemen's Association, who discussed the activities of the new Idaho Beef Council. Don Savaris, Shoshone, BLM Range specialist, discussed the new concept of the "rest rotation" grazing system. Richard Halverson, Boise, discussed the production of alfalfa seed. Dr. Charles Case, Boise, discussed the activities of the Idaho Cattlemen's Association. He also discussed the activities of the Idaho Cattlemen's Association.

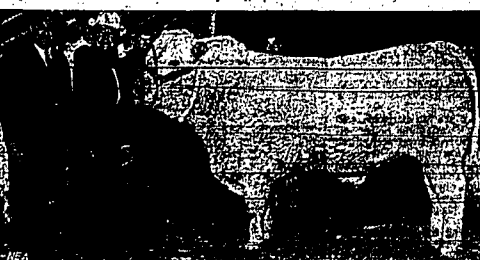

Idaho Potato Down In 1968

BOISE — Potato growers in Idaho intend to plant 220,000 acres of potatoes in all areas of the state this year, according to the USDA spot reporting service in Idaho.

This prospective acreage represents an interpretation of reports from growers who are based on past relationships between such reports and acreages actually planted in 1967.

If the predictions are carried out, this year's planted acreage of potatoes will be the third highest in the state, exceeded only by the 307,000 total acres last year and the record-high 310,000 acres planted in 1966.

The 1968 acreage would be five per cent below last year's total, but eight per cent above the 1967-68 average.

A FORTUNE ON THE HOOF. This full-blooded French Cherokei bull, Avignon, brought \$48,500 for just a half interest. U. E. Fogar Co. a company spokesman, says the tonnage is more than in white hat, paid the top price for the 3-year-old champion Cherokei bull, Edward Strick, Bridgewater, Conn., 14, brought Avignon to the United States from the Bahamas in 1964.

Two Granges Give To 4-H Camp Fund

RICHFIELD — Donations to the 4-H camp building fund have been made by the Richfield Grange and Pomona Grange at Richfield meetings. Elly Gollars were donated by Pomona members at their meeting held at the Methodist recreation room s. Denn Barney, master, presided.

Grange Master, Drexler, presented a program of readings by Mrs. Eugene Alexander, Mrs. Eugene Alexander, Shoshone, and a 4-H with Mrs. and Alexander, Mrs. Birch Ross, and Mr. Mitchell. Gollars were sung to Mrs. Drexler.

The next Pomona meeting will be May 2 at Richfield.

Mrs. and Mr. Hubert were hosts in Richfield Grange. Ivan Hopkins, county agent, presented a program of readings and reports on the 4-H camp building fund.

Grange Master, Drexler, presented a program of readings by Mrs. Eugene Alexander, Shoshone, and a 4-H with Mrs. and Alexander, Mrs. Birch Ross, and Mr. Mitchell. Gollars were sung to Mrs. Drexler.

Appointment By Case Announced

RACINE, WIS. — A Case employee for 18 years, Aubrey Herman has been appointed manager of the Sales Education department, agricultural division, at the J. I. Case Co. main office in Racine.

Herman started his Case career through training in 1948. He is a 1948 graduate of the University of Wisconsin with a degree in Economics and has 10 years with Case. He has been in factory sales at the Rock Island and Rockford, Ill. plant and subsequently, became district manager, sales promotion manager, and sales supervisor in the Racine branch and in 1964, sales manager at the Twin Cities (Minn.) branch. He returned to the Racine branch last year as a district manager.

Local Holstein breeders and their long-time producers reported by the organization include: Winkler, Tomstead Beauty 496421 (GP), 11,029 pounds of milk and 3,727 pounds of butterfat in 2,229 days. She is owned by Earl Toll and Sons, Rupert. Tamarix Burke Melanite 4981079 (VG), 100,306 pounds of milk and 3,457 pounds of butterfat in 2,259 days. She is owned by Gordon M. Martin, Jerome.

Career Output Of Two Area Cows Listed

Lifetime milk and butterfat production levels for Registered Holstein cows in this area have been announced by Holstein-Friesian Association of America. The individual animals have been credited with career production totals exceeding 100,000 pounds of milk under official testing supervision.

Because of current replacement heifer rearing and purchase costs, cows that stay in the herd longer and achieve high lifetime production have proven to be more profitable. The Holstein Association has more than 28,800 cows on file that have attained the "50-ton production milestone."

Local Holstein breeders and their long-time producers reported by the organization include: Winkler, Tomstead Beauty 496421 (GP), 11,029 pounds of milk and 3,727 pounds of butterfat in 2,229 days. She is owned by Earl Toll and Sons, Rupert. Tamarix Burke Melanite 4981079 (VG), 100,306 pounds of milk and 3,457 pounds of butterfat in 2,259 days. She is owned by Gordon M. Martin, Jerome.

Farm Journal Plans Poll Of Readers

PHILADELPHIA — How tough should farm bargaining get? That's one of the controversial questions Farm Journal is asking its nationwide audience in a two-page questionnaire in the March issue.

In an effort to find out how farmers feel about the most widely discussed farm topic of the day, Farm Journal is asking readers to tell how they agree or disagree with 19 statements on farm bargaining. They include voluntary (a compulsory checkoff payment, whether farmers favor picketing, how they feel about withholding farm products from the market, what kind of supply control they favor, and how far they think the government should be involved in farm bargaining).

Offering its farmer readers an opportunity to help farm thinking, influence national legislation, guide farm organizations, and vote on the hottest farm issue of the day.
