Hopes Are Dim For New Talks In Telephone Strike

By NEIL GILDRIDE
AP Labor Writer
WASHINGTON (AP) — Hopes appeared dim for renewed negotiations in the nationwide telephone workers' strike of some 200,000 telephone workers as union attorneys sought to upset an Alabama court injunction against the walkout.

SACKS OF SPUDS held by William Grant, Westwood, N.J., assistant project director for the Portable Cesium Irradiator for Isotopes, Inc. Both are the same age. The difference is the good-looking ones received a treatment in the irradiator right after they were dug, and the ones with the sprouts didn't. They were used as an illustration of how the irradiator, in background, can be of great value in the preservation of perishable foods, enabling them to be kept for substantial periods with little or no deterioration in their quality. The truck-mounted irradiator is owned by the Atomic Energy Commission and is an display this year at the Idaho State Fair. It is the cooperation of the Twin Falls Chamber of Commerce and Bob Eckhart, owner of the farm. According to Mr. Grant, food can successfully be pasteurized by radiation to extend its refrigerated shelf life, and the process does not change its appearance, taste or color. The government uses several of these machines to irradiate much of the food that is sent to Vietnam.

Javits Challenges Results Of Poll

By JACK BELL, AP Political Writer
 WASHINGTON (AP) — Republican Sen. Jacob K. Javits challenges the results of a Gallup opinion poll indicating that Richard M. Nixon could defeat the three leading potential Democratic presidential nominees.

Javits said in an interview that this sampling of potential voters will not reflect effort being made to get his fellow New Yorker, Gov. Nelson A. Rockefeller, actively into the race to oppose Nixon for the Republican presidential nomination.

Nixon's aides were so elated by the Gallup Poll results that they called the survey to the attention of newsmen.

TAMARA CARTER
 Twin Falls sophomore has been named Sweetheart of CSI's Circle K Club.

Sweetheart Of Circle K Club Named

Tamara Carter, a dark-haired sophomore at the College of Southern Idaho, has been named Sweetheart of CSI's Circle K Club, and will be competing Friday through Sunday for the district title at Circle K convention at Brigham Young University, Provo, Utah.

Miss Carter, 19, is the daughter of Mr. and Mrs. William Carter Jr., Twin Falls. She will be competing with chapter Sweethearts from 14 other colleges and universities for the title of District Sweetheart.

She will perform a modern competition jazz dance during competition there. Miss Carter is a physical education major.

In addition to Miss Carter, 15 members of the CSI Circle K Club will be attending the convention.

Among those attending will be local officers, Jeff Johnson, district president; John Kash, vice president; and Ron Ballinger, secretary. Gene Ballinger, a candidate for district lieutenant governor, also will be attending, as will Chuck Lawson, present East Idaho lieutenant governor.

"I think the poll which shows Nixon could defeat the Democrats represents a fragmentation of the Democratic strength among three candidates," Javits said. "It is my little to demonstrate that he could beat a strong Democratic nominee who is his party united behind him."

"Of course it's better from Nixon's standpoint that the poll showed him a winner rather than a loser. But in terms of the general election, I don't think it means anything," said Javits. "Nixon, who has been fighting it should the 'can't win' tag aimed on him after the 1960 presidential and 1965 California gubernatorial elections, got a political lift out of the poll which matched his individuality with Sen. Eugene J. McCarthy and Robert F. Kennedy announced Democratic candidates and Vice President Hubert H. Humphrey, who is expected to announce Saturday.

There are no primary states scheduled for "Rocket" to campaign in this week. Nixon reported at Cheyenne, Wyo., Monday that he is picking up support in his GOP vice-presidential candidate's home state of North Dakota.

There are no primary states scheduled for "Rocket" to campaign in this week. Nixon reported at Cheyenne, Wyo., Monday that he is picking up support in his GOP vice-presidential candidate's home state of North Dakota.

McCarthy said in Cleveland there is a "dangerous growth of military influence in American politics at home and abroad."

The Minnesota senator said U.S. military involvement in Vietnam began with an air group and said "much the same thing has been started on a smaller scale in some South American countries."

"Nixon said in Reno he expects Kennedy to be his opponent for the presidency in November. "My guess is that if Kennedy rolls up the majorities, I think he will win in the primaries," he will be nominated," Nixon said.

Vice President Hubert H. Humphrey says he "believes" he will win the Democratic presidential candidate. "I think so," he told an Overseas Press Club Awards Dinner. "I think everything will fall out right." Humphrey is expected to announce his decision Saturday.

McCarthy is the only name on the Pennsylvania presidential primary ballot today. Political prophets expect much of its significance to lie in the write-in votes for Humphrey, Kennedy, Nixon and Rockefeller.

IT'S A LONG WAY from Transvaal, Republic of South Africa, to Twin Falls, Idaho, but Terilla Bignaut, who comes from the town of Potchefstroom in Transvaal, looks right at home in Twin Falls High School, which she is attending—under the American-Field Service-Exchange-Student program. Miss Bignaut will present the program for the PTA meeting at 8 p.m. Wednesday in the high school cafeteria, showing slides and talking about her home country.

She has been staying in Twin Falls the past year with Mr. and Mrs. John Peterson, her host sister; Christine Peterson, also a senior at the high school; Mr. and Mrs. Joe Clements, co-presidents of the PTA; and a special invitation is given to all parents of ninth grade students to be special guests at the meeting. All high school parents are urged to attend this final meeting. Officers for the coming year will be elected.

MINDOKA COUNTY
 Police Blotter
 No citations were issued Thursday evening when a 1967 Chevrolet pickup truck, driven by Lynn Moore, 55, Burley, was struck from behind by a 1967 Ford driven by Charles M. O'Neil, 29, Shoshone. The incident occurred on F Street at the state highway 24-25 crossing in Burley, as Mr. Moore was stopped at a stop sign.

Damage to the pickup was estimated at \$100, and at \$25 to the car.

State Police Blotter
 Rodrick Fairchild, 30, Rupert, was cited for failure to signal for a left turn Thursday when the 1947 Ford he was driving was struck from behind by a 1963 Chevrolet driven by Douglas Martin, 16, Paul. The incident occurred on the west side of Burley on state highway 25. Martin was not cited.

Damage to the Fairchild car was estimated at \$75 and at \$150 to the Martin vehicle.

C. L. Dixon, 38, Seattle, Wash., was cited for failure to keep his 1961 Chrysler convertible under control Friday after he apparently fell asleep and lost control of the car, causing it to roll over, nine miles west of Burley on Interstate 88. The car was damaged.

JEROME COUNTY
 Jerome Police Blotter
 Tom Staveland, 209 E. Ave. C, Jerome, reported to police the left window of his auto was broken and an unidentified number of player tapes stolen Thursday night while the car was parked in his yard.

The Farmer

Sylvia Porter, the widely read columnist, had an item the other day about a New England town which voted out personal property taxes on farmers.

The reason: The farmer is the only businessman who cannot raise his prices as his costs increase... and he needs help.

The real forgotten man in eight years of boom economy, the farmer has seen his status sink from the position of high favor to almost the bottom of the political priority list.

The very real tragedy here is that the farmer is indeed a part of the backbone of the nation and its economy because he is a property owner...

It is important to the nation that the farmer be rescued from his plight, but it is not very likely he will be saved unless he does it himself.

There would seem to be several

choices and examples. And they all involve organizations—always difficult for a property-owning class to accomplish.

There have been some successes in certain specialized fields by marketing-research groups who, through advertising and a search for new crop uses, have widened markets. But this is for the specialized farmer alone.

The small, so-called family farmer has only three choices.

1. He can sell out to the bigger, more productive farmer. 2. He can organize, as the NFO is attempting to do, and in effect strike for better prices.

3. He can form cooperative farm groups which can share machinery, production and marketing costs and can command larger credits while still holding land ownership.

Whichever way the farmer goes he very probably is going to have to work out his problems himself. And the solution will not be popular either with consumers or politicians.

Our farmers have historically been a progressive, resourceful people. They need vital young leadership with new ideas to help them help themselves.

But the farmer must find the spokesmen who can sell his cause in the urban communities where rests the political support he now needs.

And city folks, for whom so many tax dollars are being spent, must recognize that sympathy the farmer's present situation.

The cities must not deplore without reservation the shooting of a few hogs.

The cities must recognize this action for what it is—a protest against economic and political injustice to a group which may be the last holders of the old, basic American virtues.

WASHINGTON — I am a trouble is descending on the poor little rich boys in the Presidential

still can't figure out Bobby Kennedy, is he Presidential candidate or soul singer? Is he John F. Kennedy liberal or Barry Goldwater conservative? His performances and utterances thus far seem to offer the electorate a choice, depending on a voter's age, weight, hairdo and collar size.

wondering guitar player or the Middle European radical. He seems to campaign with his glands. His public appearances are choked with an emotion that sweeps crowds into a kind of hysterical frenzy marked by adolescent attempts to touch the hem of his robe and rumple his hair. To those of us who lived through the early stages of the Cuban revolution, it is as if

Fidel Castro had shaved off his beard, washed his neck and developed a Harvard accent. Incidentally, a change seems to be emerging in the Kennedy appearance. He appears to be getting a gradual haircut, in a gesture toward that segment of the population preoccupied with porphyria protectionism far be

herit the Presidency by the right of succession. But at least Bobby lusts after the Presidency sorely enough to get in there and fight for it (after first a good fight with the Johnson Administration was in trouble). Rockefeller's problem is the impression he gives of an adult who has grown up with it up with the gang on the corner. The Rock just seems to be coming out of the closet even though Lyndon Johnson has not. He has the air of some Scandinavian noble who has been approached by a Balkan princeling seeking a monarch.

Hanoi Lays Down The Ground Rules

WASHINGTON — While many businessmen suffered during the recent disturbances in our American cities, there was one who thrived—and that was rumormaking. The rumor factories in Washington were going full steam during the crisis and still they couldn't keep up with the demand.

I visited a rumor factory in the nation's Capital the other day and was given a tour by the foreman, a jolly, round-faced man named Clarence, who has been manufacturing rumors for 30 years.

It doesn't hold up, it's not going to be circulated, and pretty soon people will be going to school to buy their rumors. We've even called in rumors because of a law we've discovered in the States after they've left the factory."

Q — What are the symptoms of this disease? What is the best treatment? A — The inner ear is the seat of balance and equilibrium. Distances in this area may cause ringing of the ears, loss of hearing, dizziness or any combination of these. Treatment can be prescribed only when the cause has been determined.

Q — What can be done to relieve itching in my ear? A — If it is an extension of eczematous dermatitis, control of the eczema is the key. Use of a mild shampooing two or three times a week and the application of a bland ointment is recommended.

WASHINGTON — While many businessmen suffered during the recent disturbances in our American cities, there was one who thrived—and that was rumormaking. The rumor factories in Washington were going full steam during the crisis and still they couldn't keep up with the demand.

Q — Sometimes ago in the hospital I had a test where they strapped me to a table and dripped water into my ear. I became very dizzy. What was this test for? A — In the Barany test, irrigating a normal ear with hot water causes dizziness and a tendency to fall to one side. This is because the fluid in the position, irrigating the same ear with cold water causes a tendency to fall to the other side.

MR. SPECTATOR

So The Wind Blows Here!

Every spring you hear the same old old heraboo. People say that the spring this year is worse than any they have known before.

Do you like plenty of riboflavin and ascorbic acid for breakfast? And clap your hands in place when you hear the words, "I'm a farmer!"

When Mark Twain said that everyone talks about the weather but no one does anything about it, he hit the nail on the head. It is just about that way now. A little more is being done but not much—really!

O.K. So maybe we can't afford such fancy stuff. That isn't fancy stuff; it's just vitamins and things that are available in wholesome food that can be bought at reasonable prices.

That night are nippy and the days are nice and warm and the wind has taken a vacation and gone to Paris unknown.

These are the seven nutrients dietary experts say we must have in our food. No excuse. That isn't fancy stuff; it's just vitamins and things that are available in wholesome food that can be bought at reasonable prices.

NORTHWEST THAILAND (NEA)—An analysis of the underground war in this isolated mountainous area of Southeast Asia reveals that the Viet Cong have been active in the aftermath of the slum riots in 50 U.S. cities.

These mountain people also live by slash-and-burn agriculture. This means that every few years they move into a new area and destroy the forest land until it is barren, then move on. The government, in an attempt to preserve the forest cover for the mountains and prevent the despoliation which has followed countries that have overcut their forests, has clamped down on slash-and-burn agriculture. This again has put the government and the tribesmen in conflict.

Q — Sometimes ago in the hospital I had a test where they strapped me to a table and dripped water into my ear. I became very dizzy. What was this test for? A — In the Barany test, irrigating a normal ear with hot water causes dizziness and a tendency to fall to one side.

Q — What are the symptoms of this disease? What is the best treatment? A — The inner ear is the seat of balance and equilibrium. Distances in this area may cause ringing of the ears, loss of hearing, dizziness or any combination of these. Treatment can be prescribed only when the cause has been determined.

Q — What can be done to relieve itching in my ear? A — If it is an extension of eczematous dermatitis, control of the eczema is the key. Use of a mild shampooing two or three times a week and the application of a bland ointment is recommended.

Shocking Period

WASHINGTON — While many businessmen suffered during the recent disturbances in our American cities, there was one who thrived—and that was rumormaking. The rumor factories in Washington were going full steam during the crisis and still they couldn't keep up with the demand.

I visited a rumor factory in the nation's Capital the other day and was given a tour by the foreman, a jolly, round-faced man named Clarence, who has been manufacturing rumors for 30 years.

It doesn't hold up, it's not going to be circulated, and pretty soon people will be going to school to buy their rumors. We've even called in rumors because of a law we've discovered in the States after they've left the factory."

U.S. Embassy Protests Harassment

MOSCOW (AP) — Angry but trying to remain diplomatically cool, the U.S. Embassy in Moscow has finally protested today against what it considers increasing Soviet harassment. The public counter demonstrations, indicating a loss of patience with some of the troubles that Americans encounter in the Soviet Union, about the only way the embassy can try to strike back is with complaints to the Soviet government and then with publicity.

The incident involved U.S. military attaches, on whom Soviet pressure is most noticeable. But in addition to the pressure on military attaches, American civilian diplomats have felt more harassed than usual lately, believing that they are being followed more often. And when U.S. Ambassador Lewellen E. Thompson returned by U.S. Air Force plane from consultations in Washington recently, the embassy's barred embassy employees from customary access to the plane. They objected, to some, to the supplies Thompson was bringing.

Periodically, Soviet authorities have charged the embassy with Western military attaches with oversteering the vague line between legal seeking of information and activities that the Soviets term espionage.

Portland Man Is Speaker At Burley

BURLEY — Credit Women's Breakfast Club held its annual Boss's Night banquet at Stamps Cafe with a smorgasbord dinner. Douglas Llewellyn, Portland, Ore., was guest speaker.

Welcome was given by Mrs. Donald Maloy, present hostess. The program was given by Betty Butters, club chaplain. Burley High School drama class student presented a skit entitled "Life at Home."

Special attendance awards were presented for 1966-67 to Mrs. Dickson, Barbara Sikes, Mrs. Fern Peterson, Mrs. Jasper Kidd, Mrs. Mable, Mrs. Wayne Rogers, Mrs. Dee Mahler, Mrs. Myatt, Mrs. Lela Bay, Mrs. L. LaPage Layton and Mrs. Floyd Cleverger.

Educational awards were presented to Mrs. Betty Kidd, Mrs. Butters, Mrs. Mable, Mrs. Dickson, Mrs. Ranson Brown, Mrs. L. E. Sikes, Mrs. Thora Waack, Mrs. Cleverger, Miss Sikes, Mrs. Rogers, Mrs. Mahler and Mrs. Alene Ramsey.

Each member introduced her boss and presented him a novelty gift.

Mr. DeHann, regional public relations and advertising manager of the City Finance Co., discussed "The Age of Consumerism."

He pointed out that 65,000 federal employees are working on consumer protection legislation and are presently costing the American taxpayer \$1 billion a year. Many are insisting on additional protection, he added.

Other guests were two members of the Twin Falls Credit Women's Breakfast Club and nine members attended from Pocatello.

Peabody Awards Are Presented

NEW YORK (AP) — The 10 George Foster Peabody Awards presented to networks for "distinguished achievement by television and radio" during 1967 have been shared this way — five to the National Broadcasting Co., four to the Columbia Broadcasting System and one to the American Broadcasting Co.

The 28th annual Peabody Awards — being presented at a luncheon today — include citations to Bob Hope, Ed Sullivan and Eric Sevareid.

The award for outstanding television entertainment went to "C.B.S. Playhouse" "for exploring admirable themes and maintaining a high level of purpose and achievement."

"Archie," an ABC four-hour documentary, was honored for its "contribution to national understanding."

"NBC's 'The Eternal Light,'" the oldest religious dramatized film in broadcasting, was cited for education.

The awards are named in honor of George Foster Peabody, a native of Columbus, Ga., who became a prominent New York banker and philanthropist. The University of Georgia's School of Journalism is the administrator of the awards.

Experts To Study Prison

BOISE (AP) — Correctional experts have been contracted to perform a \$3,800 study of Idaho's prison system, a spokesman for the Legislative Council said Monday.

Council staff member George Doustman, of the council's House Conviction Committee, said Sen. Lloyd F. Barron, R-Fairfield, signed the contract April 18 with the American Correctional Association.

Representatives of the consulting firm are to visit Idaho early next month, Doustman said, after which they will begin their survey and recommendations on rehabilitation programs and physical facilities in Idaho.

However, prison officials said the study would not affect present plans to proceed with more than \$10,000 in existing construction on the new penitentiary, but it is to guide future legislative policy decisions. They said they saw no conflict between the study and prison construction plans.

C. L. House, chairman of the Board of Corrections, said he understood the study was concerned primarily with rehabilitative programs and facilities connected with them.

He said the study would ask a group of consultants were asked to assess these things:

- The organizational structure of the adult correctional system.
- The adult probation and parole system and possible work-alike or pre-release programs.
- Possible academic, vocational, medical, psychological and social programs.
- The state's role in city and county detention facilities.
- Plans for the new state prison on south of Boise, as well as possible remodeling and retention of the existing prison for certain offenders.
- Housing of women inmates and care of the criminally insane.

Legislators appropriated \$15,000 to finance the study at their special session earlier this year.

Washington (AP) — Senate-House conferees are reported near agreement on a proposed income tax package, but details aren't expected to be hammered out until at least mid-May.

Conferees reported they termed an agreement in principle among the conferees—an apparently small step since much remains to be settled but a sign of move in view of the fact that tax hike has been stalled on Senate side.

Johnson proposed it about a year ago.

Johnson asked a 10 per cent surcharge on light and heavy corporate income taxes. Congress has been demanding a stable cut in federal spending as its price for housing taxes.

The Senate already has passed a bill providing the 10 per cent surcharge on light and heavy spending cut, but the House wants to present its own version of the legislation. The conference committee is expected to come up with a compromise satisfactory to both houses.

Johnson returned to Washington after his 10-day Texas vacation and Hawaii conference. He immediately made plans to meet with legislative leaders, and a renewed appeal from him for the tax bill seemed a likely topic.

Farmer Is Appointed To County Post

RUPERT — Howard A. Hanks, a well-known Minidoka County farmer, has been appointed to fill the position of county commissioner for District 12, left vacant by the resignation of Lloyd Kneidel.

Mr. Hanks received his appointment from Idaho Gov. Don Sammon to serve until January, when the four-year term expires. He was recommended to the governor by the Minidoka County Republican Central Committee.

Having moved from the district, Mr. Kneidel recently submitted his resignation effective May 1. He has been serving as a commissioner since his election in 1965.

The father of three, Mr. Hanks said he intends to campaign for election to the post in the 1968 fall elections.

10 Million Americans Going Hungry

WASHINGTON (AP) — A new suffer unemployment hunger and report says that in the Deep South, in New England, on Indian reservations, in Appalachia and in other areas, at least 10 million Americans

developed countries, the report said. And their infants often are fed water instead of milk, while their aged "suffer" dizzy spells from hunger.

"No other Western country permits such a large proportion of its people to endure the lives we press on our poor," the report said. "To make four-fifths of a nation more affluent than other people in history, we have degraded one-fifth mercilessly."

The report, made public Monday by the Citizens' Board of Inquiry into Hunger and Malnutrition in the United States, urged President Johnson to declare that a national emergency exists and to launch emergency food programs in 256 hard-hit counties, as well as migrant farm camps and some Indian reservations.

Hershey Says '69 Draft Call May Be Higher

WASHINGTON (AP) — Draft chief Lewis B. Hershey has told Congress he estimates the 1969 draft call could exceed by as much as 100,000 men the 240,000 the Pentagon is asking.

And at the least, the Selective Service Director indicates the draft call should be the Vietnam war condition will probably be higher to 257,000 than to 240,000 next year.

In testimony given to a House Appropriations subcommittee Feb. 23 and released Monday, Hershey noted that for this year the Pentagon originally asked for induction of 255,000 men.

The number actually to be taken this year now stands at 315,000 and "therefore, when I get 310,000 in my fingers, it will take another 100,000," said Hershey, adding:

"If the war gets over, everything is gone but, if the war doesn't get over, I have to think of the worst, because the best I can always live with."

Hershey also related the 250,000 Pentagon figure to the all to go to the Army drafting of 29,500 men in June. He explained the 1967 figure was more pertinent to 1965 needs than were figures for 1966 summer draft dip caused by increased enlistments—most just-graduated high school students.

The Defense Department meanwhile called Monday for drafting of 29,500 men in June and at the same time boosted its May manpower summons 1,500 to a total 45,500—with the additional men designated for the Marine Corps.

Aircraft Shelters Needed

WASHINGTON (AP) — Gen. Earle G. Wheeler says the enemy has destroyed or damaged \$122.5 million in U.S. aircraft on the ground in Vietnam—although the Pentagon has decided against providing anything more than side-walled barracks, with no roofs, for aircraft in Vietnam because the enemy doesn't operate bombers over the South.

Wheeler said the total cost of aircraft wiped out by hostile ground fire between Jan. 1, 1964 and Feb. 9, 1965 amounted to \$94,023,000.

This included 122 planes and helicopters destroyed by enemy mortar, rocket, rifle, satchel charges or small-arms fire, Wheeler said.

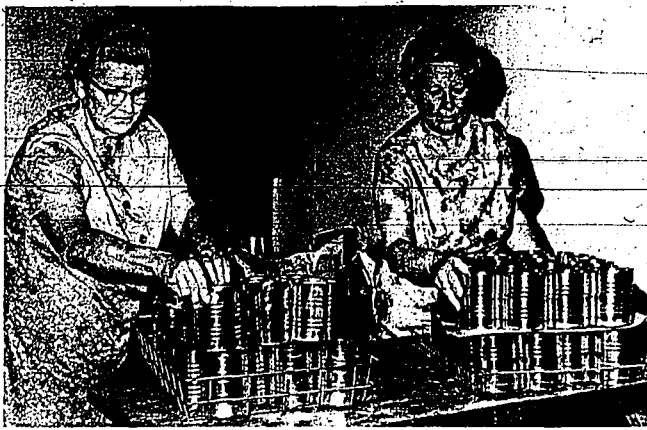

In addition, 590 other planes and helicopters were damaged in 1965 and 1967, requiring \$38.5 million in repairs, he said.

Wheeler also disclosed that during the major thrust of the Viet Cong's Tet holiday offensive last Jan. 29-Feb. 1, U.S. air units suffered heavily.

In an estimate drawn up during the first week of February, he figured the enemy destroyed 28 aircraft, including 15 planes and 23 helicopters, dealt major damage to 154 others—23 planes and 122 choppers—and caused minor damage to 193 craft—53 planes and 145 helicopters.

The Pentagon is seeking congressional approval this year to spend about \$17.3 million on building 61 steel-and-concrete aircraft shelters at NATO facilities in Europe.

Congress has previously balked at this idea, on grounds the United States need not apologize for building fixed installations in Europe when there is something to be learned from bringing American forces home.

Humphrey Reviews Policies

NEW YORK (AP) — Vice President Hubert H. Humphrey says the United States should concentrate on "affirmative action" to meet human needs throughout the world and called for building "peaceful bridges" to Communist China.

In a broad survey of foreign policy apparently anticipating his entry into the Democratic presidential race later this week, Humphrey said the United States need not apologize for the ways it has used its power.

On the subject of his possible candidacy, he said later that he "thinks" he will seek the nomination. "I think so," he said. "I think everything will fall out right."

Humphrey's speech marked

his first extended essay on foreign affairs since President Johnson announced March 31 that he would not seek reelection. He did not include a defense of the Johnson administration's policies.

The vice president did tell the annual awards dinner of the Overseas Press Club that the nation must honor its commitments and stand up against armed aggression.

"We must do our part to protect world security by maintaining whatever strength is necessary to meet our commitments to the U.N. charter and the regional treaties to which we are signatory," he said.

"But we are also obliged to concentrate on the arts of peace. Through affirmative action to meet human needs, we can build security and peace," Humphrey said.

"I look forward to the day when the great Chinese people no longer victimized from within, take their place in the modern world," he said. "Safely one of the most exciting and enriching experiences to which we can look forward is the building of peaceful bridges to the people of mainland China."

"I believe the power of the free idea will in time infiltrate mainland China—as it has infiltrated and is infiltrating the Soviet Union and Eastern Europe."

Kimberly Firm Is Low Bidder

SALMON—Kimberly Construction Co., Inc., Kimberly, is the apparent low bidder on an earth-fill detention dam for the Bureau of Land Management near Chalk Hills.

The firm bid is \$15,470.39. The proposed dam would contain 12,700 cubic yards of earthfill placement and 2,400 cubic yards of common excavation. The dam

is located on the Salmon River world," he said. "Safely one of the most exciting and enriching experiences to which we can look forward is the building of peaceful bridges to the people of mainland China."

"I believe the power of the free idea will in time infiltrate mainland China—as it has infiltrated and is infiltrating the Soviet Union and Eastern Europe."

Women's Section

By ABIGAIL VAN BUREN

DEAR ABBY: I have a strange problem for age 14. While baby-sitting one night, a man called and asked for my employer. He told him she was out quite late, but I would give her his message. He started talking to me and we got into a rather interesting conversation. Then he asked if he could come over. At first I said I didn't think he would be right, but he talked and talked and finally talked me into it. He is nice looking and about my father's age.

Well, he made a couple of passes at me and I told him to leave, but he promised to have himself so I let him stay. Later on, he made another ad-tell him she was out quite late, and I got mad, but he apologized and said he wouldn't do it again and he talked me into letting him stay.

Now he comes over whenever I am baby-sitting there. I keep telling him not to come over anymore, but he talks me into it. I need your help, Abby. I don't have any intentions of giving up this baby-sitting job because it is my only source of income.

TROUBLED

Pattern Marian Martin

DEAR TROUBLED: This man is bad news, with a capital "B." You seem to be too easily "talked into" things for your own good. You are no match for him. I urge you to TELL YOUR EMPLOYER about this man's visits, and never let him into the house again while you are baby-sitting.

DEAR ABBY: First, let me explain that I have been happily married to a wonderful woman for 18 years. We have two fine children. Now, the problem: I received a telephone call recently from a friend of mine who informed me that a girl I used to go with (20 years ago) was moving back to town. It was a real serious thing between us at the time. In fact we nearly ran off and got married. It seems she is reported from her husband and has set herself up in an apartment here. Her husband is in Texas. My curiosity about her appearance, feelings, etc. after 20 years is most intriguing.

My alternatives: (1) Call her just to say "hello." (2) Take the bull by the horns, and ask my wife if she would have any objections. I saw her. (3) Forget the whole thing.

PERPLEXED

DEAR PERPLEXED: Forget the whole thing. Why look for trouble?

DEAR ABBY: For our 45th wedding anniversary, I surprised my husband with a wedding

hand because he never had one. When I gave it to him, I could tell by his expression that he wasn't too happy with it. My heart sank today when he came home from work and told me that he hoped I wouldn't mind if he didn't wear it as it kept nervously in the desk and made him nervous.

Am. I wrong to let it bother me?

DEAR M.V.: Yes. Many men (and not just the swingers) find that wearing rings make them "nervous." You'll have saved yourself much disappointment if you had found out first whether your husband really wanted a wedding ring before "surprising" him with one.

It's more than just a credit card!

(Bankard has 3 big advantages over other bank credit cards)

1. Bankard credit limits are much higher. While \$500 credit is probably adequate for most families, Twin Falls Bank & Trust will issue credit for any amount, depending on financial responsibility.
2. Bankard interest rates are lower and you are only charged for that portion of your credit which you may be using at any one time. You can repay in one lump sum or spread the payment over 24 months.
3. Bankards are welcome in most large grocery and department stores as well as the usual specialty stores and services. The more you use your card the more you'll appreciate this convenience.

You don't have to have a checking account at Twin Falls Bank & Trust to get a Walker Bankard with charge and loan privileges. See us for details.

South African Officials Ask For Resignation Of Entire IOC Board

JOHANNESBURG, South Africa—The South African Olympic Committee has demanded that the entire International Olympic Committee board resign in protest against the IOC's decision to bar South Africa from the Games. A full vote of the 110 IOC members was ordered immediately. There was no indication that the final tally would be made by Monday. The board "illegally and unmanipulatively" in unanimously recommending to reverse a previous decision.

English Pointer Wins Three Honors

PAUL—Hoss Cartright and English Pointer, owned and handled by R. W. Everett, Twin Falls, won the Idaho State Field Trial Association's spring competition on the Jullus Clawson farm north of here. Hoss Cartright took second in the Amateur Shooting Dog Stake, first in the Open All-Age and second in the Open Shooting Dog.

Dodgers Edge Pirates In Last Inning

PITTSBURGH (AP)—Wes Parker's two-out double in the ninth inning drove in the tying run and Zoilo Versalles followed with a two-run triple, giving the Los Angeles Dodgers a 5-3 victory over Pittsburgh Monday night. The Dodgers trailed 3-2 when Tom Haller led off the ninth with a single off rookie reliever Bob Moore. One out later, Len Gabrielson stroked a pinch-sling, sending pinch runner Paul Popovich to third. After pinch hitter Rocky Colavito struck out, Parker batted to drive in the game.

Angels Snap Washington's Win Skain

ANAHEIM (AP)—Jack Hamilton pitched a three-hit and singled home the winning run Monday night as the California Angels snapped Washington's four-game winning streak with a 4-2 victory over the Senators.

Tresh And Womack Lift N.Y. Over A's

OAKLAND (AP)—Tom Tresh's tie-breaking sacrifice fly and Dooly Womack's tight relief pitching paced the New York Yankees to a 2-1 victory over Oakland Monday night, sending the Athletics' losing string to four games.

Young Pitchers Have Really Helped Tigers

By HUGH MORGAN, Associated Press Writer
DETROIT (AP)—The Detroit Tigers have reaped dividends thus far from its young pitching staff. The team has combined to produce a low 2.23 earned run average. The league leading Tigers have outscored their opponents a total of less than four innings. Only four of the 11 pitchers on the staff started with the team last season. Manager Mayo Smith has not hesitated to use the young new pitchers. So far, left-hander Jon War-

DIAMONDS ARE BEST FRIENDS
The student watched with awe as the professor proceeded to make four spades. It wasn't that the student didn't think that the hand couldn't have been made, but rather that the professor rattled it off without any apparent thought.

He ruffed a diamond and led a trump to dummy's queen. This picked up West's jack and led East with nothing but troubles. He couldn't afford to throw another heart away, but a diamond discard represented just as much luxury.
"Actually, East did chuck the diamond, where upon the professor ruffed another diamond with his last trump and made the last three tricks with the ace and king of hearts and dummy's last diamond which had become a winner.
"Didn't you have any problems at all?" asked the student.
"Not really," replied the professor. "It was just a matter of counting. East showed exactly three hearts and, since his first three discards were hearts, it was obvious that he had started with either six or seven hearts. If he had started with seven I couldn't make the hand. Therefore I played him for six only. I had to start diamonds while I still had one trump entry to dummy in order to get three diamonds leads and exhaust West's diamonds."

He's Irked By Tours Through His Bedroom

Dear Walt: I'm a boy in my junior year of high school. My sixteenth birthday present, my mother had my bedroom all redecorated. It came out real nice and I'm grateful to her. But the trouble is she keeps bringing tours through to see it. Yesterday, I was in my underwear working on my physics homework, and she walked in with four ladies from her bridge club. Before that she had relatives, the decorator, business acquaintances, and even my girlfriend's mother on tours. I don't want to seem unappreciative, but the way things are, I'd just about trade back for my old room where I had some privacy. Can you suggest something?
—Brad

Dear Brad: You ought to be able to play on mom's house-keeping. Point out that a redecorated room is unattractive chaos and promise that if she'll give you even 15 minutes, you'll make it over in order while she serves her tour group some hospitable tea and pastry. Then oblige. Incidentally, if you don't already have a bathrobe you can toss on in case of surprise guests, it would be wise to request one in case mom forgets her agreement someday. (I haven't suggested installing a lock because I think it would arouse too many suspicions and feelings of rejection in mom and just further mess up your home tranquility.—Walt

Dear Brad: Do you know what is the purpose of sister's prayers? Is she praying for sufficient self-control for you? Or is her focus on your boyfriend's motives, or highway dangers?
Ask her. The answer might make her prating remark a lot more palatable. I'm sure she'll be praying for you to come in the fact that at least she's not blocking your outings. —Ede

BAD TRAPMENT
Dear Ele and Walt: Last night I went out to a very fancy (and expensive restaurant) after our Jr.-Sr. Prom. We had made a reservation for 12:30 and arrived about 12:35. The waitress told us to wait a few minutes. That turned out to be nearly 30 minutes.
In the meantime, we could hear several groups of adults being harassed in without reservations, and get tables. When we finally got a table, the waitress not only brought three glasses of water for the four of us, took 20 min-

To start, the professor discarded a heart from dummy on the third club lead. East also let a heart to West's next play was a fourth club. A diamond was discarded from dummy and the professor overruled East's 10 of trumps with the king. The professor played the ace of trumps and noted a second heart discard by East. The next play was a trump to dummy's nine and East discarded a third heart.

\$1.00 NO RISK OFFER—SPECIAL ENROLLMENT EXPIRES MIDNIGHT, MAY 19, 1968

LEAVE THE HOSPITAL WITH "EXTRA CASH" IN YOUR POCKET!

Now... a remarkable extra cash plan pays you directly in addition to any other insurance—individual, group or Medicare—tax-free extra cash to use as you wish!

\$100 every week for you (See all plans below)
\$75 every week for your wife (See All-Family and Husband-Wife plans below)
\$50 every week for each eligible child (See All-Family and One-Parent Family plans below)
\$350 every week you and your wife are both injured (See All-Family and Husband-Wife plans below)

PLUS Double cash benefits for cancer and heart attack
Extra cash extended in event of death

ALL PAID AS LONG AS YOU OR ANY COVERED FAMILY MEMBER IS HOSPITALIZED—EVEN FOR LIFE!

Regardless of your age, occupation or size of your family, you get your first month for only \$1.00!

During this Special Enrollment Period, you can enroll yourself and all eligible members of your family simply by mailing the Enrollment Form below with \$1. There's nothing else to do but you must mail your Enrollment no later than Midnight, May 19, 1968!

Think of it. Now, with a stroke of your pen, you can have tax-free, expense-free extra cash paid directly to you—sent to the doctor or hospital—when a sudden accident or unexpected illness hospitalizes you or a covered member of your family! And you may enroll during this Special Enrollment Period without having to see a company representative and without any red tape whatsoever. All you need do is mail the Enrollment Form below together with just \$1 before the expiration date. It's that easy!

Why you need extra cash in addition to ordinary health insurance

Anyone who has been in the hospital recently knows ordinary hospital insurance—Medicare—simply will not cover everything. You have to pay many "extra" out of your own pocket—and it can add up to hundreds of dollars in a frighteningly short time. But even if your ordinary hospital insurance covers most of your medical and hospital bills, what about the bills that keep piling up at home? If you, as husband, father and breadwinner are suddenly hospitalized, your income stops, your expenses go up. Even if you have some kind of "safety insurance" it probably won't come close to replacing your full salary.

How the plan protects you and your family
But now, with Direct Extra Cash, you can help avoid these worries—because you can count on extra cash for every day, every week—week after week for

life—when you or any covered family member goes to the hospital. No matter how large your family, no matter what your age or occupation, you can choose whichever of the four low-cost plans shown at right suits your family best.

You may actually come out "Money Ahead!" Because the Direct Extra Cash Plan pays you in addition to any other company's health insurance—individual, group or even Medicare—and because all your extra cash benefits are tax-free, you may actually leave the hospital many dollars "ahead" — money you don't have to account for to anyone—extra cash in addition to anything and everything!

Extra cash protection at surprisingly low cost—Your first month for only \$1.

How can we offer so much for so little?
The answer is simple: We have lower total sales costs. The Direct Extra Cash Plan is a mass enrollment plan—business is conducted directly with you by mail. No salesmen or investigators are used. It all adds up to maximum protection at minimum cost for you.

Backed by Executive Fund, the most talked-about company in insurance circles today. In addition to the wide range of benefits, the extra cash values, the surprisingly low cost, you get something even more valuable. Your policy is backed by a legal reserve company, a company talked about by the "breakthrough company" because it has pioneered—safely and soundly—several of the most important insurance developments in years. For example, this company—Executive Fund Life Insurance Company—has introduced the first major price breakthrough in years, offering exactly the same kinds of life insurance people could buy from anyone else, but with one important difference: the price is lower!

Executive Fund saves millions of dollars for thousands of life insurance policyholders throughout the world. It does this by selling its policies without salesmen and without salesmen's commissions. Serving policyholders all over America by mail from its headquarters in Mid-America—in Omaha, Nebraska, where it is incorporated and licensed—Executive Fund is managed by a group of highly respected, responsible insurance executives with many long years of experience, dedicated to giving you the very best protection at the very lowest cost.

Easy to enroll! No salesman will call!
Take a moment right now to fill out your Enrollment Form and mail it with only \$1.00 for your first month. We will issue your Direct Extra Cash Policy (Form #101 Series) immediately—the same day you receive your form. This automatically puts your policy in force. Along with your policy you will receive a simple, convenient profit form that makes it possible for you to pay extra cash direct to you, the fastest, easiest way.

CHOOSE THE PLAN THAT SUITS YOU BEST

Grid of four plan options: ALL-FAMILY PLAN, ONE-PARENT FAMILY PLAN, HUSBAND-WIFE PLAN, INDIVIDUAL PLAN. Each includes a small illustration and a brief description of benefits and costs.

ALL ACCIDENTS AND NEW SICKNESSES COVERED IMMEDIATELY—EVEN PRE-EXISTING CONDITIONS COVERED AFTER ONE YEAR

Important: No matter which plan you choose, extra cash is paid directly to you—even for one day—for as long and for as many times as you or any covered family member is hospitalized—even for life!
There are only these few minimum exceptions: war, military service, mental disorder, alcoholism, drug addiction or attempted suicide. You may go to any hospital of your choice—even government hospital—but not nursing homes, convalescent or rest homes or self-care units.
Enjoy life-long security!
For as long as you live and pay your premiums, we will never refuse to renew your policy for health reasons—in fact, we guarantee that we will never cancel or terminate your policy unless we decline renewal on all policies of this type in your entire state. Moreover, no change can ever be made in your rate unless we make a general change for all members of the same classification in your entire state.

\$1 NO RISK ENROLLMENT OFFER
MONKEY-BACK GUARANTEE
When you receive your policy, you'll see that it is honest and easy to understand. But if for any reason whatsoever you change your mind, you may return your policy within 10 days and we will promptly refund your dollar.
