## President James Earl To Succeed Goldberg

By JOHN M. HIGHTOWER  
AP Special Correspondent

WASHINGTON (AP) — President Johnson has chosen former State Department official George W. Ball, a strong advocate of a negotiated Vietnam war settlement, to succeed Arthur Goldberg as ambassador to the United Nations.

The sudden surprise choice of Ball, 58, to succeed the retiring Goldberg was viewed in the capitals of the world as a political move that Johnson had decided to make a determined effort during his last nine months in office to negotiate an end to the Vietnam war.

Ball has made his criticisms of U.S. policy known particularly since resigning as undersecretary of state in October 1966. Thus his willingness to return to government surprised Washington circles as much as did Johnson's decision to ask him back.

Ball was named Thursday evening by telephone in Montreal, Canada, where he is attending a conference of an intergroup group concerned with Atlantic community problems, Ball said.

Goldberg indicated openly almost six months ago that he did not consider his U.N. position as a career. Johnson called him from the Supreme Court in mid-1965 to become ambassador to the world organization and to head the U.S. delegation to the world conference on the law of the sea.

Johnson announced Thursday at a hastily called news conference that Goldberg, 59, had resigned and would be replaced by Ball. The President said the change would probably become effective in early June after

Goldberg handles "certain matters now under way" at the United Nations.

Goldberg will in fact handle the U.S. argument for U.N. acceptance of a treaty proposed by this country, group concerned with Atlantic community problems, Ball said.

Goldberg indicated openly almost six months ago that he did not consider his U.N. position as a career. Johnson called him from the Supreme Court in mid-1965 to become ambassador to the world organization and to head the U.S. delegation to the world conference on the law of the sea.

### A TITLE TO LAND at Indian State Park near Pocatelli was delivered to members of the Idaho Park Board during a meeting in Twin Falls, Idaho. Accepting the title here are members of the park board, Ernest Day, chairman, left, and Earl Gunnell. The board continued its meeting Friday to hear several area proposals for parks. Both Filer and Twin Falls County were given approval for park plans.

## Board Okays T.F. County Park At Balanced Rock

By FRED DODDS  
Times-News Staff Writer

Twin Falls County may, at last, get its first official park. The Idaho Park Board, meeting in Twin Falls since Thursday, gave its approval to the park Friday morning in a meeting at the Holiday Inn. The park, to be located at the bottom of the Salmon Falls Canyon just a half mile from Balanced Rock in the western part of the county, will cost \$30,000 to develop.

Officials of the county's park and recreation advisory committee asked the board for approval of the project, and said they are seeking \$15,000 in federal matching funds.

The park will be about 600 acres, but only 10 will be developed into a camping and picnic area. The rest will remain the same, with fishing and historical markings offering attractions.

The board's approval removed a hurdle, as the county does a hearing at the land in question and must get the title from the Bureau of Land Management. In order to do this, the county had to have approval in the western part of the county.

Plans for the park have been in the early stages for several years.

The title from BLM must be delivered to the county in 45 days, and then the board will meet again with the county to discuss financing.

In other board business, approval was given for funding a picnic area at the park when it is complete, officials said.

A Shoshone delegation also visited the park board to discuss general programs offered by the government and the state on parks, but no specific projects were mentioned.

## Bombers Hit Near Saigon

By GEORGE ESPER  
SAIGON (AP) — U.S. B-52 bombers, flying some of the war's closest raids to Saigon, hit enemy targets within 28 miles of the city Saturday.

U.S. planes and troops of the Viet Cong forces believed massive for their second major offensive of 1968.

The park will feature a swimming pool, two tennis courts, a picnic area and two ballparks. The Victory School is being removed to make room for the Filer City Park.

The State Department of Parks will administer the project and the park when it is complete, officials said.

A Shoshone delegation also visited the park board to discuss general programs offered by the government and the state on parks, but no specific projects were mentioned.

## Nixon Tells Idahoans New Leadership Needed

By EARLE L. JESTER  
BOISE (AP) — Republican presidential candidate Richard Nixon told his Idaho campaign workers Saturday that America "needs new leadership that only a Republican administration can provide."

He said it is important that Republicans not only elect a president in November but also elect a president in 1972 to correct an "out-of-balance" situation in the United States Senate. He said Democrats now have a two to one margin.

Nixon, speaking in Boise only a few hours before the scheduled appearance of a potential rival for the presidential nomination, California Gov. Ronald Reagan, said he believes Republicanism will pick up 10 to 15 seats in the Senate. They now have only 35.

"One of the seats we're counting on is this one," he said, referring to the Idaho seat held by Democratic Sen. Frank Church and for which Republican Sen. George Hansen is an aspirant.

Reagan is scheduled to speak tonight at a 586-plate dinner honoring Hansen.

Nixon arrived in Boise shortly before 1 a.m. After a few hours sleep he breakfasted with Gov. Don W. Samuelson, Lt. Gov. Jack Murphy and the three Republican members of the congressional delegation — Sen. L. Jordan and Reps. James A. McClure and Hansen.

Samuelson and Murphy are the chairman of the Idaho Nixon for '72 committee.

Nixon talked at a meeting of committee workers, met briefly with newsmen, then left for Aberdeen, S.D.

Nixon said only election of a Republican president can elect the best of the "positive leadership" he said it needs.

He said a "divided Democratic Party" cannot solve the problems.

## Progress Seen In Phone Strike Talks

WASHINGTON (AP) — Re-negotiations between the Bell System subsidiary from closely guarded contract talks in the nationwide telephone strike while more workmen, repairsmen, clerks and others voted on whether to join the 200,000-day-old walkout.

Informal sources said negotiations for the striking AFL-CIO Communications Workers of America and the Bell Telephone System are moving closer to a contract agreement.

The strike is under way in 40 per cent of the country. Negotiations are being discussed in more than 15 states where the telephone service has been little affected since management-proposed covering fringe benefits and some are filling in for strikers working conditions in addition and automatic dialing equipment is handling most calls.

The 23,000 installers, who work in most states, spread the strike to nationwide proportions in the first such telephone walkout in

## Burley Hosts Regional Music Contest

BURLEY — Students from 56 high schools throughout Idaho will compete in the 1968 regional music contest (festival) which opened Friday at the Burley High School. The event, co-sponsored by the Burley Chamber of Commerce and the Burley Music Teachers Association, will feature 100 to 150 young musicians here for the two-day event Friday morning, and ensembles competed in various categories including brass, strings and woodwinds.

Saturday contest winners will perform. Musical groups from the area will also perform. The contest is being held in conjunction with the Idaho State Fair.

Judges are Richard Robinson, Ruth Barrish, both Ricks College, Burley; W. H. Ramsey and Alvin Ward, both Utah State University; Newell Weigh, University of Utah; James Galbreath, College of Idaho; Earl Erickson, Weber State University; James Moore, Idaho State University; Leroy Bauer, University of Idaho.

## Columbia Bows To Student Protest

NEW YORK (AP) — Columbia University bowed today to a militant student protest that has disrupted campus life for four days.

The university said it would suspend construction of a controversial gymnasium.

The few hundred—out of 27,500 students—who carried out the protest continued to sit at the Daily Buildings, demanding amnesty from punishment for their demonstration.

Columbia, hemmed in on three sides by predominantly white and residential Morning-side Heights, sits atop a bluff overlooking Harlem and the 202-acre campus. Plans for a new building would be built on two acres of the park, which separates the campus from the Negro community.

The university's decision to suspend construction—made at the request of Mayor John V. Lindsay—came in an announcement by the university's president, David D. Truman, after a cheering crowd of 150 people and released.

## Price Was Ex-Idahoan

## FBI Agent Killed In Texas Manhunt

SAN ANTONIO, Texas (AP) — She has one daughter and is expecting a second child, San Antonio FBI agent and former resident, was shot and killed Thursday, apparently by the prison escapee he was pursuing.

The suspected killer, David Rice Chubb, 27, of San Antonio, took his own life by gunshot moments later as law officers closed in.

Price was the son of Mr. and Mrs. Clifford G. Price of Pecos, Texas, courthouse in the town of Pecos, where he was living in February as he awaited trial on an assault charge.

Wednesday morning a patrolman reported seeing the stolen automobile which belonged to Mr. and Mrs. Price are on route to Texas. They have lived in the town of Pecos for three or four years, moving there from Paris, Idaho, where their son attended school.

Price was in the service, four or five cups with her

## Just Do It!

Before you go to bed Saturday night turn your clocks and watches ahead one hour.

Don't question, don't try to figure it out, just do it.

Then, when you awaken Sunday you'll be on the daylight saving time with the rest of the country.

## Campus Racism Boycotts, Demonstrations Spread

By The Associated Press

Education said a spot check showed that as many as 78 per cent of students in six city colleges and universities in New York City today are planning a one-day strike against war and racism planned for Saturday.

Linda Moore, executive secretary of the Student Mobilization Committee to End the War in Vietnam, presided Thursday at a meeting of the committee. She said there would be teach-ins, rallies, picketing and anti-war marches.

In New York, the Board of

## H-Bomb Is Detonated In Nevada

LAS VEGAS, Nev. (AP) — An 11 a.m. test of a hydrogen bomb, the most powerful tested under the United States, exploded under a desert sky Thursday, sending a earth-like shock waves rolling west.

There were no reports of damage to the area, but the underground blast, despite more than a week of protests from scientists and others that the shot was potentially dangerous.

The effects of the detonation of the device 230 feet deep at the Nevada Test Site, 100 miles northwest of here, appeared to be about what officials expected. Energy Commission anticipated a rolling ground motion felt as far as 250 miles away, with no blast, except an hour, up to happen.

Seismologists reckoned the shock had a magnitude of 6.5 on the Richter earthquake scale, which rates those of 7 or more as major. A 6.5 shock strong enough to cause damage if it occurs close to populated areas.

The blast was larger than any of the 100 or so hydrogen tests of TNT, slightly larger than any previous test here.

The test was conducted by the Atomic Energy Commission to show that it could be used in a nuclear war.

The test was conducted at the Nevada Test Site, 100 miles northwest of here, appeared to be about what officials expected. Energy Commission anticipated a rolling ground motion felt as far as 250 miles away, with no blast, except an hour, up to happen.

## Ronald G. Ball

Ronald Garry Ball, 21, Oravada, Nev., died Thursday morning at the home of his grandfather, Amos K. Walker, 330 Martin St., Twin Falls, of a long illness.

He was born April 21, 1944, at Hailey.

He is survived by his parents, Mr. and Mrs. Carl C. Ball, Oravada, and his grandfather, Amos K. Walker.

Funeral services are set at 2 p.m. Saturday at Reynolds Funeral Chapel with Rev. Virgil Wolmer, Twin Falls Church of the Lutheran Brethren, officiating. Final rites will be held in the Twin Falls cemetery.

## Mrs. Blue

JEROME—Mrs. Elvira Ann Blue, 70, died Thursday at St. Benedict's Hospital of a brief illness.

She was born Jan. 1, 1878, in Dean, Iowa, and was married to William Amos Blue Jan. 6, 1896, in Moulton, Iowa. They came to Idaho in 1936, settling in Castleford. Later they farmed in the Cedar Draw district until his death in 1936.

In 1954 Mrs. Blue moved to Jerome. She belonged to the Baptist church.

Survivors include one daughter, Mrs. Mabel Stevens, Fremont, Calif.; two sons, Robert (Frank) Blue, Jerome, and Amos Ray Blue, Honolulu, Hawaii; two sisters, Mrs. Maude M. Mann, Caldwell, and Mrs. Mary Van Hoozer, Lebanon, Mo.; 15 grandchildren and 31 great-grandchildren.

Funeral services will be conducted at 11 a.m. Tuesday in the Hope Funeral Chapel by Rev. Robert C. Cooper. Final rites will be held in the Buhl Cemetery. Friends may call at the chapel Sunday night, Monday and Tuesday until time of services.

## Herman Lohman

Funeral services for Cpl. Herman A. Lohman, 20, son of Mrs. Velma B. Lohman, 744 2nd Ave. W., and Herman A. Lohman Sr., Corpus Christi, Tex., will be held at 2 p.m. Saturday at the White Mortuary Chapel.

He was killed in action in Vietnam on April 6.

The Rev. James Hughes will officiate and military rites will be conducted by the Marine Corps Reserve of Boise. Burial will be at Sunset Memorial Park.

Cpl. Lohman was a graduate of Twin Falls High School in 1939 and he took part in the school wrestling program. He attended the First Baptist Church in Twin Falls and was active in the Boy Scouts. He was also active in the Civil Air Patrol and had taken glider training at Hailey. He attended the CAP summer encampment in 1954 and 1956 at Malmstrom Air Force Base in Montana and he held positions of first sergeant, adjutant and cadet commander.

He enlisted in the Marine Corps after graduation from high school and had his basic training at San Diego, Calif.

Survivors, besides his parents, are a brother, Richard Lohman, Twin Falls; a sister, Helen Lohman, Twin Falls, and his grandmother, Mrs. Muri Craun, Twin Falls.

## Glenns Ferry Seniors Lead Honors List

GLENN'S FERRY—Seniors of Glenn's Ferry High School led the classes in earning perfect grades the period just ended with six of them making 4.0.

They were Doug Shenk, Terry Meserole, Joan Barnes, Dreda Godfrey, Janet Moats and Jane Watson. Donna Hopkins, Bob Parish, and Dorothy Sherman made 3.8; George Lake, Connie Jones, and Jim Kling, 3.6, and Diana Keck, Phyllis McCleary, 3.5.

Among the juniors there were three with 4.0, Christine Williams, Tom Secece, and Lorenzo Benson, while Fish South and Sharon Rose made 3.8; Mike May, Jill Tripp, 3.6; and Mickey Chafin, 3.5.

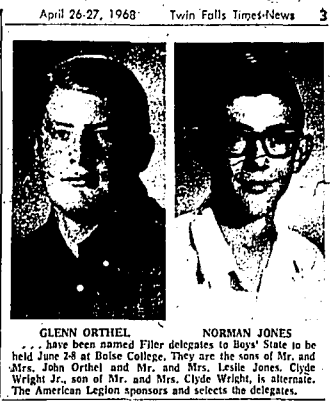

There were three sophomores with 4.0, Virginia Moats, Weston Farris, and Mike Shenk, while 11' rated 3.8; Phyllis Russell, Karl Koch, Wes Wootan, Rocky Trail, Sam South, Bob Carpenter, Anne Woolen, Diane Hoalst, Becky Gray, Dale McCleary, Christine Graham, Ginger Seese, Celia Black and Jack Sherman rated 3.6 each.

Three freshmen with 4.0 average were Joann Brannan, Debbie Houberg, Pat Pasborg; Debra McKeeth got a 3.8; Donna Brown, 3.6, and Rick Wiley, 3.5.

In the Junior High, Rebbie Messery had all A's, Earning all A's with but one B were Judy Allen, Lori Hoalst and Wendy Webb, Barbara Wertz had two B's.

GOV. DON SAMUELSON, second from right, and Secretary of State Pete Conrath, right, were being briefed on the portable cesium irradiator which was in operation at the Snake River Trout Farm near Buhl the past few days. The briefing was being done by Les Sine, chief operator, left, and William Grant, assistant project director. The unique cesium irradiator was brought to the Buhl area for demonstrations through efforts of the Idaho Nuclear Energy Division, the Twin Falls Chamber of Commerce and Robert Erkins, trout farm owner.

GLENN ORTHIEL, left, and NORMAN JONES, right, have been named Filtr delegates to Buy's State to be held June 28 at Boise College. They are the sons of Mr. and Mrs. John Orthiel and Mr. and Mrs. Leslie Jones. Clyde Wright Jr., son of Mr. and Mrs. Clyde Wright, is alternate. The American Legion sponsors and selects the delegates.

## Valley Traffic Courts

Ben Neivert, 45, 1735 Albion passing, Ave., Burley, was fined \$10 by Sylvia D. Neivert, 31, Route Burley Police Judge Roland E. Helyburn, was fined \$15 by Willis for making an improper will for failure to yield (left-right of way, Lawrence D. -Yvonne M. Black, 23, 1426 Mill-Haycock, 21, 1665 Normal Ave., Burley, was fined \$15 Burley—was fined \$10 by Judge Willis for improper will for improper turn.

## Mrs. Tiffney

JEROME—Mrs. Crilla Blain Tiffney, 76, died Thursday afternoon at Maple Valley Memorial Hospital of a lengthy illness.

She was born Dec. 8, 1891, in Layton, Utah, and was married to Lawrence B. Blain, May 10, 1914, in Salt Lake City LDS Temple. They came to Idaho in 1915 and homesteaded in the Kevon district near Oakley in 1921 when they moved to a farm near Jerome four years later.

They had one son, Mr. Blain, who died in 1941. She was married to Glen Tiffney May 14, 1957, in Twin Falls. She had been a resident of Six View Manor, Twin Falls, for the past seven years.

She belonged to the LDS church and had been a Primary teacher and a member of the Relief Society.

Survivors include her husband, Twin Falls; two daughters, Mrs. G. F. (Vera) Crane, American Falls, and Mrs. Del (Margaret) Jones, Oakley, Utah; five sons, Alvan D. Blain, Rex (Bob) Blain, both Jerome; Phillip R. Blain, Ogden; Edward T. Blain, Pocatello; and Curtis M. Blain, Gooding.

Two step-daughters and one step-son also survive, as well as two brothers, Vern Morgan and Curtis Morgan, both Layton; one sister, Mrs. Merrill Godfrey, Janett Moats and Jane Watson, Donna Hopkins, Bob Parish, and Dorothy Sherman made 3.8; George Lake, Connie Jones, and Jim Kling, 3.6, and Diana Keck, Phyllis McCleary, 3.5.

Among the juniors there were three with 4.0, Christine Williams, Tom Secece, and Lorenzo Benson, while Fish South and Sharon Rose made 3.8; Mike May, Jill Tripp, 3.6; and Mickey Chafin, 3.5.

There were three sophomores with 4.0, Virginia Moats, Weston Farris, and Mike Shenk, while 11' rated 3.8; Phyllis Russell, Karl Koch, Wes Wootan, Rocky Trail, Sam South, Bob Carpenter, Anne Woolen, Diane Hoalst, Becky Gray, Dale McCleary, Christine Graham, Ginger Seese, Celia Black and Jack Sherman rated 3.6 each.

Time News

PHONE 733-0931

Official City and County Newspaper... Member of Audit Bureau of Circulation and AP... Published daily on Sunday at 130 Second Street West, Twin Falls, Idaho, 83301, by Magic Valley Press, Inc.

WASHINGTON—Like George Romney, Minnesota's Gene McCarthy is a thoroughly decent man, even if he does bewilder most of us Philistines with his classical allusions and his quibbling obscuro poets who seem to say nothing badly.

For example, history was on the American side when London Johnson declined to accept an unacceptable site for the preliminary discussions. In 1953, the United States reluctantly agreed to discuss a Korean cease fire at Kaesong. Instead of at sea, as General MacArthur had proposed.

For example, history was on the American side when London Johnson declined to accept an unacceptable site for the preliminary discussions. In 1953, the United States reluctantly agreed to discuss a Korean cease fire at Kaesong. Instead of at sea, as General MacArthur had proposed.

Moreover, the talks went on for more than two years—from July 19, 1951, to July 27, 1953, while the enemy regrouped and strengthened his forces and went on to inflict casualties on the UN troops that were suffered before the talks began. McCarthy's attitude would risk the repeal of performance of this cruel farce.

Kennedy was in some of the most momentous decisions of the decade, although his performance and capacity might have been better than McCarthy's badly-political encomium.

The Vital Site

Remembering President Johnson's oft-spoken pledge to meet "anywhere, anytime" with representatives from North Vietnam to seek an end to the war, many see evidence of the old credibility gap in the current diplomatic haggling over a mutually satisfactory site for preliminary discussions.

and eagerness for peace lead it to make preconceptions of any sort, whether they have to do with a minor matter like the location of meetings or a grand scheme for a coalition government in South Vietnam, as urged by Senators McCarthy and Kennedy.

Open Housing

Of the lot, Dick Nixon indisputably has the most experience in dealing with the other side. It is only because of the massive publicized expedition to the Soviet Union. For eight years, he was exposed in the complicated maneuverings by which the Eisenhower Administration managed to keep the U.S. out of Vietnam.

But McCarthy's demand for premature cessation of the North Vietnamese were pure flimsy-and-forget stuff. It would be kind and probably fair to say simply that he committed the kind of understandable goal to which political candidates are prone in the heat of a campaign.

Highway Suicide

Most law officials are aware that included in any comprehensive list of traffic accidents will be a sprinkling of what more properly should be called automobile deaths on the roadside. What they have no way of knowing is the extent to which distressed motorists are contributing to the annual toll of highway deaths and injuries.

tee was that while the social drinker is not a prime cause of accidents, the alcoholic is. Another is that there is a definite relationship between persons afflicted to violent behavior and accidents.

Nothing More Is "Dirt Cheap"

The United States generally and our own "underdeveloped areas" particularly are caught up in a land boom like nothing our country has seen since the localized Florida promotions of the '20s.

Thus, raw land, historically a good hedge against inflation, is now more than ever sought as a sound investment by industry and individuals. International Paper Co., tree farming, has held vast acreages of "decent land" for generations. Now that land is in such demand for planting houses and suburban business and industrial locations, the company is divesting itself of these valuable holdings and buying cheaper land in Canada's bush for growing pulpwood.

Wayne Brandstadt, M.D. Ruptured Disk

Q—My sister has a ruptured disk. She wants to put her in traction. What treatment do you advise?  
A—Ruptured disks usually cause a painful pressure on a spinal nerve root. There is, however, no single treatment for this condition because in different degrees the severity varies depending on the amount of the disk material that protrudes from its space. Most patients respond well to resting in bed for a few days, others require traction or a corrective operation. After the disk is removed surgically, especially if they are over 60, other methods of relief have failed to give relief.

MR. SPECTATOR

How long has it been since you've heard any really GOOD news? Not as long as it seems, perhaps. It may be that many of us are so concerned about the problems here, the violence, the war, that we tend to overlook flashes of sunshine between the clouds.

Recently, Mr. Spectator printed the complaint of a local man relative to activity over the area of Delta-type jets of the military type. Well, now we find that this flying, etc., is not common to just this area.

RAY CROMLEY

VIENTIANE, Laos (NEA)— Sometimes we overstate our own, and underestimate ourselves. The Lao is a rising capitalist. The Lao is a rising capitalist. The Lao is a rising capitalist.

A North Viet Aide Defects

but we still have no freedom. It is no longer a people's government. It is ruled by the Communist party leaders and every man who does what the party orders.

Election Concern

Worldwide concern over the Vietnam war is producing an increasing number of applications from foreign newspapers, other publications and radio and television stations for credentials to cover the Republican and Democratic conventions in August.

There's Still Good News

## Health Care System Hit By Kennedy

INDIANAPOLIS, Ind. (AP) — Sen. Robert F. Kennedy criticized today what he termed "the failure of our health care system."  
 He proposed a broad and specific program of remedies he said would "make medical care available to all."  
 The New York Democrat is visiting Indiana and its May 7 presidential primary as a forum for a series of major policy addresses on what he sees as the dilemmas facing the United States.  
 Deprived by President Johnson of a president to condemn and a war to deplore, Kennedy has chosen to criticize a broad spectrum of national conditions and proposed fairly specific solutions.  
 He outlined a foreign policy for the United States Wednesday, focused on crime Thursday. And he turned today to "the grim fact that across the nation the condition of American medical care is grave—and in parts of the nation, it is critical."  
 His latest policy speech was prepared for the Indiana University Medical School.  
 Kennedy proposed that "we tap new sources of recruitment into the medical field"—including nonprofessionals "who can dispense a wide variety of simple medical care."  
 "If we can hire people," he said, "including those now unemployed, to learn simple techniques of rudimentary medical services, we can greatly ease the burdens on doctors and nurses, leaving them free to deal with more serious medical problems. And the greater availability of the professional will mean lower costs for their services."

## Abortion Is Now Legal In Britain

LONDON (AP) Abortion becomes legal in Britain Saturday, and John Cardinal Heenan warned the nation's 5,500 Roman Catholic doctors today they should not perform any.  
 He also instructed Roman Catholic medical workers, including St. Luke City, Utah, not to perform any.  
 The new law allows women to have abortions for physical, mental, social and economic reasons and also if their children are likely to be born defective.

## Immigrants In Britain Protested

LONDON (AP) — Thousands of London dock workers struck today for another march on Parliament to protest colored immigrants in Britain.  
 The strikers shouted down a Roman Catholic priest and Protestant clergymen who were introduced by a Communist union leader in an attempt to persuade them to end their work. Scores of ships in the teeming port were left idle by the 24-hour walkout.  
 At the Royal Dock, the port's deep-water handling lines for the Far East and Australia, only one of the usual 2,000 men reported for work. All work stopped on 12 lines.  
 An upriver at the Royal Dock a meeting of 2,000 longshoremen howled down leftist opponents of the walkout who led last year's four-month dock strike, from which the port is only now recovering.  
 Only three men voted against the strike resolution, which affirmed the dockers' support for the inflammatory speech by Enoch Powell demanding a ban on colored immigration. Powell's speech earned him immediate dismissal from the inner council of the Conservative party and a surge of support from workers who fear the competition of colored immigrants from the West Indies, Africa and Asia.  
 The strikers took to Parliament a petition signed by 3,000 dockers and merchant seamen demanding an immediate immigration ban and protesting the government's antidiscrimination bill now before Parliament.

## Receives Cap

BURLEY — Robinette Knopp received her nurse's cap recently during capping ceremonies at Holy Cross Hospital School of Nursing, Salt Lake City, Utah.  
 She was one of 31 class members to receive her cap. The new law allows women to have abortions for physical, mental, social and economic reasons and also if their children are likely to be born defective.

## BERRY'S WORLD

... And, of course, Rocky's got a better chance against Bobby, just on the basis of NET WORTH!

## \$2.2 Billion Of U.S. Gold Is Paid Out To Foreign Buyers

By JOSEPH R. COYNE  
 WASHINGTON (AP) — The federal government shelled out \$2.2 billion of U.S. gold to foreign buyers during a month that reached its peak about a month ago.  
 This was the accounting the Treasury Department revealed last Thursday in its monthly gold sales report.  
 There were indications of a further minor loss this month in sales to foreign governments but exact figures won't be available for another month.  
 No formal announcement was made by the department, which merely included the figures among the scores of tables it publishes monthly in the Treasury Bulletin.  
 The overall gold loss reached a monthly record during March at \$1.197 billion, the bulk of it to cover wild buying on the London Gold Market before the flow of government gold to speculators was halted in mid-March.  
 Devaluation of the British pound on Nov. 18 triggered the rush to buy gold and eventually led to a breakdown of the London gold pool—the group of seven nations which provided enough of the gold pool to meet the demand for the metal on the London market.  
 The purpose was to hold the price at \$35 an ounce.  
 Here's how the Treasury broke down the U.S. gold drain: A total net loss of \$2.2 billion for December through March. This included all gold lost since devaluation as part of the gold pool.  
 Domestic sales of just over \$63 million during the same period, including about \$14.1 million in March, the last month for sales to private American industrial users.  
 An agreement among the gold pool partners last month fixed a two-price system—one of \$35 an ounce among governments and a higher price set by supply and demand on the free market.  
 The governments agreed not to buy and sell gold on the open market and the United States ended sales to domestic users, forcing them to buy at the higher market price.  
 Before March, the precious metal record drain was \$800 million in December.  
 Army Spec. 5 Paul S. Fairchild, son of Mr. and Mrs. Arthur B. Fairchild, 112 Seventh Ave. S., Buhl, was assigned as a heavy-truck driver in the 535th Transportation Company near Vinh, Vietnam, April 8. His wife, Karen, lives at 6001 Burden Drive, Alexandria, Va.  
 Pvt. Stephen W. Thomas, son of Chester O. Thomas Sr., Route 1, Jerome, completed eight weeks of advanced artillery training April 18 at the Army Artillery and Missile School, Ft. Sill, Okla. He was trained as a cannoneer in field artillery.

## News Of Servicemen

Engineer James C. William D. Allred, son of Mr. and Mrs. Denver Allred, King Hill, is on leave visiting his parents and other relatives. Allred has been aboard the Attack Troop Transport USS Niagara in the Western Pacific and Vietnam for the past eight months. He will report to the USS Navaro at Long Beach, Calif.  
 Army Spec. 5 Paul S. Fairchild, son of Mr. and Mrs. Arthur B. Fairchild, 112 Seventh Ave. S., Buhl, was assigned as a heavy-truck driver in the 535th Transportation Company near Vinh, Vietnam, April 8. His wife, Karen, lives at 6001 Burden Drive, Alexandria, Va.

 WINDOW ROCK, Ariz. (AP) — The Navajo Tribal Council's legislative body of the nation's largest Indian tribe, has voted to place the vast reservation on daylight saving time.

## Burley BPW Members Are Rupert Guests

BURLEY — Ten members of the Burley Business and Professional Women's Club were guests of the Rupert Business and Professional Club at their dinner meeting Wednesday evening at Stampede Cafe dining room, Burley.  
 Special guests were Mrs. Lucille Bush, teacher of business subjects at Minico High School; Brenda Merrill and Janice Peck, both students of the business courses. Mrs. Bush described the business courses and training available at the school. Miss Merrill and Miss Peck each told of her particular business classes and her school plans for next year. Each was presented a gift from the Rupert BPW.  
 Mrs. Jackie Allen, radio commentator of the "Woman's World" program on KAYT Radio Station, Rupert, spoke on "Self Improvement."  
 New officers were elected by the Rupert Club, including Mrs. Elizabeth Greene, president; Mrs. Allen, first vice president; Mrs. Melba Seal, second vice president; Mrs. Iva Schuppacher, chair, recording and corresponding secretary, and Mrs. Lena Cesari, treasurer.  
 Prizes were awarded to Mrs. Sarah Harrison, Burley, and Mrs. Allen.

# Catholic Conflict Growing

By DAVID MAZZARELLA  
ROME (AP) — Conflict between the Italian and left-wing Italian Catholics intensified this week.

The Vatican Daily "Osservatore Romano" contains militant Catholics who have turned their backs on the Church-supporting Christian Democrat party of Premier Aldo Moro, indicated that such persons were not really Catholics any more.

The statement—a congress of dissenting Catholics which touched off—added fuel to the controversy that has become one of the major issues in the campaign for the May 19-20 national elections.

Two different groups of dissenting Catholics held their second congress Sunday in the Communist-run city of Bologna, to protest what they call heavy-handed interference in politics by Italian bishops.

They called for a "new left" outside the realm of the Christian Democrat and Socialist parties.

The congress agreed to collaborate in preparation of a "White Book" to denounce "the meddling and pro-Soviet ecclesiastical bureaucracy" in the present electoral process.

The dissenting Catholic, some of whom have agreed to the Communist party ticket, were referring in part to a January statement in the name of the Italian bishops' conference.

The dissenting Catholic, some of whom have agreed to the Communist party ticket, were referring in part to a January statement in the name of the Italian bishops' conference.

## Detroit Mayor Dislikes AP Article On His City's Antipoverty Program

DETROIT (AP) — Mayor Jerome P. Cavanaugh of Detroit last week called this "the most distorted and biased article" he has ever read in the press.

Cavanaugh said the article "actually represented the services provided during a three-month period—October, November and December, 1967—alone."

In addition to identifying the 53,253 as participants in the end of last year, the AP article pointed out that the figure came from a quarterly report.

"The figures, contained in an unpublished quarterly report, showed that 39,718 poor people in the agency's target area."

Antipoverty Director Simmons, his report to the mayor, claimed that 80,000 people had been served by the program in 1967.

Asked by a newsmen to explain Simmons' report, Brian Hodges, spokesman for the anti-poverty agency, said the Mayor's Committee for Human Resources Development said the 80,000 figure was an estimate.

He said the quarterly figure of 53,253 was obtained through a computerized method of assembling data on individuals that he said is the only three-month period that the computer system has been operative.

Hodges said, "This is being done nationwide but information in Detroit is way ahead of any community action program."

"In the past there was no machinery set up for recording this kind of data. The 80,000 figure, Hodges said, was based "on estimates that were available under a column headed 'total population' in the agency's quarterly report—a standard 'administration program progress report' to the U.S. Office of Economic Opportunity—listed the 53,253 figure under a column headed 'total No. CAP (Community Action Program) participants' with a parenthetical 'Actual' and a footnote that reads: 'Total number of individuals participating in one or more CAP programs in the area of education, housing, health and community services. Each individual should be counted only once.'

Antipoverty Director Simmons also disputed the AP report that "the figures represented barely 15 per cent of the 349,718 poor people in the agency's target areas."

"The fact is," he said, "that the total population of the target areas comes to 295,000 persons. Furthermore, it is erroneous to state that the total population of the target areas is 349,718. Simmons said only 30 per cent of the people in the areas, roughly 110,000, are poor enough to meet federal standards for the antipoverty program (i.e., an annual income of no more than \$1,500 for individuals. The figure goes up to a sliding scale to a maximum of \$7,800 a year for a family of 12).

The AP figure for area population, taken from an antipoverty agency report dated March 1, 1968, contained a 2,000 error. The figure in the report was 349,718, and it appeared as 347,718 in the article.

As to the number of eligible poor in Detroit, the President's Commission on Civil Disorders contended that \$12.5 million spent on four Community Action Programs in the city "averaged approximately \$35 for each poor person." This would figure out at 360,000 poor.

## FBI Plays Down Varying Descriptions

By GAYLORD SHAW  
WASHINGTON (AP) — FBI officials were quiet about the play down contradictory descriptions of the appearance and habits of James Earl Ray, alias Eric Starvo Galt, the elusive escaped convict charged with the murder of Dr. Martin Luther King Jr.

The discrepancies have fueled speculation that perhaps Ray and Galt actually are two persons who escaped from one person used the name Galt.

No official statement has been issued to rebut this theory. But the massive search for King's killer entered its fourth week. FBI sources who have been asked to discuss any aspect of the investigation insisted, though not for attribution, that Ray and Galt are the same person.

"We know there's only one person involved here," said one official. "We've got his finger, print and know who he is."

This "one person" contention in itself seems to clash with the FBI's formal stance that Galt consisted with "an individual alleged to be his brother" to violate King's civil rights.

The FBI filed the conspiracy charge against Galt in Birmingham, Ala., 13 days after King was shot by a sniper in Memphis, Tenn.

Tennessee officials quickly filed a murder charge against Galt. Two days later, the FBI said a check of fingerprints showed Ray was the man sought, and he had used Galt as an alias.

Ray escaped from prison from the Missouri State Penitentiary where he was serving a 20-year sentence for a \$150 supermarket robbery.

The FBI has not amended its conspiracy complaint to name Ray instead of Galt, although Tennessee officials made such a name change in the Memphis murder charge.

Puzzling aspects of the case continue to pop up. The newest involves Ray's, or Galt's, smoking habits.

Atlanta residents said cigarette or cigar ashes were scattered on the carpeted floor of a 1966 Mustang that FBI agents impounded there a week after King was slain. They also said a cigar butt fell out of the car when agents opened the door. The FBI has said the car was owned by Galt.

In Missouri, it was reported that an FBI bulletin issued last year after Ray's prison escape said Ray "does not smoke."

Reporters showed copies of the FBI-released picture of Galt to the Birmingham witnesses and to residents of the Memphis rooming house from which the fatal shot was fired. Almost all said the photo didn't resemble the man they saw.

Varying ages have been given for the hunted man. Memphis residents said the man they saw leave the rooming house appeared to be between 26 and 32. In Atlanta, azeff, his hair as either brown or housewife who saw a man get sandy.

Ray instead of Galt, although Tennessee officials made such a name change in the Memphis murder charge.

Estimates of the fugitive's physique have ranged from 5-feet-8 to 6-feet, his weight from 140 to 175 pounds. His eyes, he has been described as either blue or hazel.

## Idaho News

**WILL RUN AGAIN**  
CALDWELL (AP) — Rep. Donald R. Winder, Caldwell, real estate broker, announced Thursday he is a candidate for reelection from the second district. He is a Republican.

**APPLICATION WITHDRAWN**  
BOISE (AP) — The Idaho Mining Co. of Texas Inc. has withdrawn its application to the State Land Board for a permit to dredge mine in Shoshone County.

State Land Commissioner Gordon Trombling said the firm was asking withdrawal of the application and gave "very little explanation."

He said the firm said in the letter "our examination discloses title to the claim is in the United States government."

The claim is on national forest land alongside the St. Joe River.

**DIVIDEND SET**  
BOISE (AP) — A quarterly dividend of 6 1/2 cents to be paid on \$2.50 per value common stock was announced Thursday by directors of Boise Cascade Corp. The dividend will be paid to stockholders of record on June 21.

## Student Killed

EMMETT (AP) — A 25-year-old Boise College student died here Idaho's 74th traffic death of the year this morning when the car in which he rode struck State Highway 52 on a curve and rolled.

Idaho State Police said the victim was James James Laag, of Fairbanks, Alaska, who lost his life when a car driven by a local man struck the car.

Boise, left the highway north of Emmett.

The accident happened at 3:50 a.m., officers said.

## Soviets Send Up Another Satellite

MOSCOW (AP) — The Soviet Union today announced the launching of another unmanned earth satellite with an orbital period of 109 minutes.

Cosmos 219 was repositioned circling the earth at distance ranging from 138 miles to 1,097 miles.

It was the third Soviet satellite put up in the last three days. Cosmos 218 Thursday again was launched from the orbital bomb system that the United States suspects the Soviets are developing. Cosmos 217 on Wednesday had a high, unique orbit.

The Soviet space authorities, as usual, did not reveal the missions of any of the three satellites and said only that they were carrying out space research.

A spurt of space activity this month has caused speculation that the Soviet Union is preparing a space spectacular, perhaps involving several cosmonauts and launchings of two or more spacecrafts.

## News Of Record

**MINDOKA COUNTY**  
State Police Blotter  
Elsie F. Heins, 29, Rupert, was cited for improper passing Monday after the 1965 Ford she was driving sideswiped a 1963 Chevrolet ton truck driven by Alex MacKenzie, 37, also Rupert. The incident occurred about one-half mile north of Acculla on State Highway 24 as MacKenzie was attempting to make a left turn into his driveway.

Damage to the Heins vehicle was estimated at \$350, and at \$15 to the truck.

## Living Costs Take Jump During March

WASHINGTON (AP) — Living costs rose fourth time one percent in March, the biggest jump in eight months, the government said today.

Some 43 million American workers thus suffered a loss of purchasing power despite recent high wages.

Fringes of the past six months have been rising at an annual rate of four per cent, the highest in 17 years, said Arthur M. Burns, assistant commissioner of the Bureau of Labor Statistics.

But he said he doubted there will be any government price controls, such as were imposed during the Korean War when prices were rising even faster than now.

"It seems almost out of the question, with the prospects for peace in Vietnam, that price controls would be instituted at this time," Chase said.

## Seeks Re-election

NAMPFA (AP) — State Rep. Ernest Allen, R-Nampa, announced Thursday he would seek re-election.

The Nampa farmer, from District 17, will be seeking his eighth term in the Idaho House of Representatives, where he has served 14 years on the education committee.

# 'Fantastic' Putting By Player Earns Early Lead In Byron Nelson Classic

DALLAS, Tex. (AP) — Without any outward exultation up to 21 miles an hour did not, the phlegmatic player another Gary Player, the man in black from South Africa, Thursday because he was "putting so fantastically"—to such an extent that he had a four-under-par 66 to Harold Henning and Miller Barber, the \$100,000 Byron Nelson classic through the first couple of hole-shooting Texans.

Lionel Hebert made a brisk run at it late in the day to shoot a two-under-par 68 and land in fifth position. He had an eagle made with 45-foot putt on the 15th, and just before had chipped 60 feet for a birdie. Hebert had the unusual spectacle of his ball hitting the green on the head on 16 and the ball bounced into the ninth fairway. He shot over some trees and got only four feet away to salvage a par.

# Idaho State Has 10 JC Grid Transfers

POCATELLO — Spring football is here, and with the way that sport has been developing at ISU, bright changes are in store for Coach Ed Cavano and the Idaho State football staff.

# Shoshone Girls Win Track Title

GOODING — The Shoshone girls won the north-western sub-district track championship Thursday behind the sprinting of Miss McDonald and Miss Meyers.

Since the state is allowed only one entry at the district level, four were run in exhibition track championships Thursday.

Carlton Tanna is the Bengal of Columbia Basin, and he is as good a football player as any in the area.

Daniels Is Top Rookie In Pro Loop

MINNEAPOLIS (AP) — Minnesota's newest star, Tom Daniels was named Thursday as American Basketball Association's top rookie.

# SPORTS

DOUBLE WINNER Dole Barnard of Hansen hits the tape at the end of the 220-yard dash during Southside sub-district competition Thursday. Barnard won the quarter and the full-length and anchored a winning relay team.

# Forward Pass Wins Blue Grass Stakes

LEXINGTON, KY. (AP) — Forward Pass won a bullet hurled by a plant quarterback led from start to finish Thursday in winning the Blue Grass Stakes and making himself a heavier favorite for next week's Kentucky Derby.

# Cardinal King Is Winner Of \$5,000 Pace

YONKERS, N.Y. (AP) — Cardinal King, the lesser favored of the Cardigan Bay entry, won the \$5,000 International Pace for New Zealand at Yonkers Raceway Thursday night.

# Redskins Sign Two Rookies

WASHINGTON (AP) — The Washington Redskins signed two rookie defensive linemen Thursday in a bid to bolster their pass defense.

# Track Meet Set For Saturday

WENDELL — The first invitational Junior high track meet, sponsored by the Wendell Lions Club, is set for 7:30 p.m. Saturday at the Wendell track field.

# Raft River Is Sub-District Track Champion

RUPERT — Scoring only one first place in individual events, the Raft River Trojans skinned to victory in the Southside sub-district track meet Thursday by Kimberly, Declo and Hansen came out the strongest.

Declo wound up qualifying the most spots in district with 11 individuals and no relays. Raft River kept all four relay teams alive along with nine individuals; Kimberly had five individuals and three relays.

Declo's victory in the pole vault was the only one Raft River could manage but the Trojans picked up their most-every-event. However, with the power of the other sub-districts coming in, Raft River appears to have run itself stringing to the end.

Declo mounted most of its points on the Darrington oval. The Trojans picked up their most points between their last weekend in the Ricks Invitational.

DOUBLE WINNER Dole Barnard of Hansen hits the tape at the end of the 220-yard dash during Southside sub-district competition Thursday. Barnard won the quarter and the full-length and anchored a winning relay team.

# Kirkland Stops Copeland In Two

SPOKANE (AP) — Boone Kirkman unleashed an overhead right hand followed with a left hook to the face early in the second round to score a knockout over and outlasted heavyweight Everett Copeland before a crowd of 3,500 here Thursday night.

# Pipers Edge New Orleans

NEW ORLEANS (AP) — Charlie Williams sank a free throw with one second left in overtime to give the Pittsburgh Pipers a 106-105 victory over New Orleans in the American Basketball Association championship playoffs Thursday night.

# FAIR WARNING TO TIRE CUSTOMERS

If you fail to check with us before you purchase your new tires, you may be wasting good vacation money.

We are direct factory distributors for Armstrong, the hottest line in the tire industry.

We could fill this space with cheap "come-on" prices for tires you wouldn't put on your worst enemy's car, but we'd prefer to talk real tire value about the kind of tires you'll end up buying anyway.

Just have a friendly visit with us about your tire needs. No one will "high pressure" you, and if you can beat our deal for honest tire value, sleep well! You've made the best deal in town.

INDISCREET BID PAYS DIVIDENDS

Indiscretion at the bridge table should be punished, but once in a while it turns out to be highly profitable. Board eight of the rationed charity game is a case in point.

East's one spade overall is a

BRIDGE hand diagram showing North-South and East-West cards, including a 'Neither Vulnerable' note and an opening lead.

er did slick in a spade overall. South was crowded into a two heart bid and from then on there was no stopping below game.

East won the spade opening with his jack and went over all possibilities. He didn't think much of his chance to defeat the contract. It was apparent from the bidding that South held more than live hearts. Then South saw one chance that might defeat the contract or at least prevent an overtrick. It depended on finding his partner with the king and one heart.

East led his 10 of diamonds! South won with dummy's queen and saw the danger of a diamond ruff. He did the best he could to stop it by playing ace and one heart but that did him no good. West took his king of hearts and led the king of diamonds. East ruffed dummy's ace and West waited for the setting trick with his jack of diamonds.

Crime at the bridge table had paid once more.

CARD SENSE Q-The bidding has been:

West North East South 1 ♠ 1 ♠ 2 ♠ 2 ♠ 2 NT Pass 3 ♠ Pass 4 ♠ Pass 5 ♠ Pass 6 ♠ Pass 7 ♠ Pass 8 ♠ Pass

Q-What do you do now? A-Pass. You should be very happy with this double.

TODAY'S QUESTION Instead of doubling three clubs, your partner passes as does East. What do you do now?

Answer Next Issue

good example of Indiscretion. With five high card points and a rather poor suit, East should pass quietly and let his opponents bid along.

Left to themselves, North and South would play the hand some where in hearts - possibly in game, more probably at two or three. West would probably open the five of clubs and South would make 10 tricks.

The bidding in the box is what took place when one East plays.

U.S. MATTRESS NEWS AND WORLD REPORT

A STAR IS BORN!!

The A.T. and T. (American Toss and Turn) Mattress Corp. has tripled its sales since L'Abner Yokum replaced Cookie Roach in their commercials. The public seems to relate to Yokum, sleepwise. The sight of his utter and mindless collapse on an A.T. and T. mattress has inspired millions to leap out of bed and buy one, hoping to achieve Yokum's baby-like bliss!!

STAR GAZER astrology chart for April 26-27, 1969.

Young America's Date-Line advertisement for Ele and Walt Dulaney.

She's A Reluctant Queen Contestant

Dear Ele: My family is having a big argument. You see and dad fear these friends will this men's group has a contest each year where they select a pull you away from your studies. Do they have any justifiable grounds for this concern?

Dear Dad: Obviously mourning and dad fear these friends will contaminate your ambition. You see and dad fear these friends will pull you away from your studies. Do they have any justifiable grounds for this concern?

There is no chance in the world that I'll win, because I'm not really a pretty girl. But even worse, I'd have to appear on stage in a bathing suit. With my hips and my funny legs, I know the audience would laugh. My mother is all on my father's side and says I should go through with it, but my brothers both agree with me that I should stay out. Can you settle things?-Maxine.

Dear Maxine: Your well-meaning father erred in pride this time. Now it's up to him to withdraw your name. If he won't, think you have every right to claim sickness on contest night. No one should be teetering on a stage in a bathing suit against her will!-Ele.

Dear Walt: I need some support, and I think your opinion would count for a lot with my parents. They say they aren't prejudiced but they are awfully much so. I don't mean they're against Negroes, or down on Catholics, or anything like that. But they are prejudiced about grades and college and future ambitions.

It's so bad that several of my really buddies are really uncomfortable whenever they come to my home because my parents show that they don't approve of them. This is because the guys are driving delivery trucks instead of going on to college, and because they don't have any big plans for their futures. Could you say something about this?-Ted.

# Half-Interest In Bull Sells For \$1,100

JEROME—Purebred breeders from several western states saw the results of a 140-day performance testing program at the Jerome Performance Bull Test Station, southwest of Jerome, during a sale recently.

There were over 100 bulls, representing most all beef breeds from six states in the test and 91 were sold to cattle breeders at the sale. The other bulls were taken back home by the English breeders.

This 1964 pound Angus yearling bull had gained 3.17 pounds per day for the 140-day test.

...were kept in the same area and fed the same rations. The daily gain by the bulls averaged from 1.16 pounds per day to 4.05 pounds per day. The bulls that had these two averaged daily gains were Charolais.

The top bull at the test was Mon Reposa Torch 317, owned by Mon Reposa Dairy Inc., Jerome. He also was the highest gaining registered bull of the English breed.

Buyers from Montana, Washington, Oregon, Nevada, Oklahoma, Wyoming, Utah and Idaho, were looking for fast gaining animals with good big rib measurements and low fat.

This was the first all breed bull sale in Idaho with "ribeye" and "loin" measurements and the ultrasonic work was done by Dr. Harold Miller, Chicago.

The certificate of Performance Registry International will list sold for an average of \$378 and 61 noncertified PR1 bulls averaged \$100.

The buyer purchasing the most bulls was Stonebroke Ranch, Filletown, Okla., with 12 bulls including several of the top bulls.

Other breeders buying several bulls were Kleban and Bruce Zurka, Nev., seven bulls; Alfred and Margaret Wolfgram, Boise; three Farrell-Bell-Jerome, four; Bet S Ranch, Hagerman, four; Jerome Investment, Jerome, three; and Carl E. Johnson and son, Blackfoot, four.

Mon Reposa sold 59 females during the sale. Cows and calves averaged \$30, springer cows averaged \$30 and beef heifers averaged \$20.

A. P. Patterson, manager of the bull testing station, said the sale was very successful and a record for the station was set by a very outstanding and valuable information was learned by breeders with the 140-day test.

TOP GAINING bull at the Jerome Performance Bull Test Station is this Charolais bull, owned by Blackham Ranch, Moroni, Utah. This bull gained 4.05 pounds per day for the 140-day testing period and was the second highest price bull at the sale recently. This bull was sold to Wilmer Bishop, Wilder, for \$1,100.

SOME OF THE top bulls sold during the recent sale at the Jerome Performance Bull Test Station where the bulls were on a 140-day performance testing period. This pen of bulls were the top gainers in the test.

## Along Fences And Canals

Mr. and Mrs. Nelson I. Fredrickson and five children have moved to the former Archie Sherwood Ranch which they recently purchased at Richfield. They had made their home in Yerington, Nev., the past 10 years where Fredrickson was a licensed fence contractor in the state of Nevada. The Sherwood family presently is residing in a ranch tenant house owned by Sid Lezama.

Potato planting has been completed at the ranches of Mr. and Mrs. Willie Hawkes and Mr. and Mrs. Floyd Marsh and sweet corn has been planted by them and Mr. and Mrs. Gene Turner and Mr. and Mrs. Jim Reed, all at Tuttle.

Six Landre-Yorkshire cross sows will be farrowing at the ranch of Mr. and Mrs. Dean Wolfe, Tuttle, and cattle have been branded by Bob Robinson and Eldon Arriaga at Tuttle, assisted by Ronnie Catter, Hagerman.

Farrell Jensen is doing extensive land leveling on the east portion of his farm near Hagerman.

Mr. and Mrs. Sam Maupin and family are moving from the Lloyd Barron Ranch on King Hill Creek to Grand View, Mr. Maupin will be employed at the Grand View Farms Ranch located northwest of town.

Mr. and Mrs. Ted Lisle and family are proud of a new Appaloosa filly born Saturday night to their registered saddle mare Pam, at their ranch near King Hill. They are having difficulty in naming the little colt.

H. McCoy Jones, Washington, D. C., has arrived at his ranch on King Hill Creek to inspect his farm, and cattle interests northwest of King Hill.

## Members Join Wendell Unit

WENDELL—Mr. and Mrs. John Swanson and Mr. and Mrs. Glen Bright have become members of Wendell Grange No. 82. Mr. and Mrs. Lloyd Little each received the fourth degree.

George Fuller, master program, said committee reports included Home Economics by Mrs. Richard Jasper and legislation by Mr. Jasper.

Rose Busher, president of Mr. and Mrs. C. T. Crow in honor of their Golden Wedding anniversary. The presentation was made by Mrs. Wayne Matthews, chaplain.

The lecturer's program included several numbers by the high school girl's saxophone sextet, readings by Mrs. Bertha Sitkile and Mrs. Ray Ruby.

Mr. and Mrs. Kirk Hays and Mrs. David Powell were in charge of the social hour.

# Farm AND Ranch

April 26-27, 1968 Twin Falls Times-News A-1 SECTION

## Beet Leafhopper Conditions Outlined

Survey by Department of Agriculture, Agriculture Research Service and Plant Pest Control Division personnel overwintered beet leafhoppers in Southern Idaho show that there will be two problem areas of that carry the cutworm virus. The development reached by the bean plants fed upon by the virus-carrying leafhoppers.

Beans in the seedling, or crookneck, stage are the most susceptible and usually die when infested. However, plants infested when they are in a more advanced stage of growth often survive and produce stunted pods.

In the Glenns Ferry area overwintered beet leafhoppers.

According to the survey, averaged seven per 100 samples in the Solosol Well area a square south of Glenns Ferry, 3,000 acres carry mustard host leafhoppers average 1964, 24 in 1963 and 41 in 1962, 88 per 100 samples.

In the Jerome and Gooding areas, they averaged 18 per 100 samples as compared to 100 samples in 1963 and 22 in 1962. In the Jerome area, north of the Perrine Bridge and north Shoshone Falls, 4,000 acres carry mustard host leafhoppers number 83 per 100 samples.

In the Jerome area, north of the Perrine Bridge and north Shoshone Falls, 4,000 acres carry mustard host leafhoppers number 237 per 100 samples.

These four areas totaling 15,000 acres may require chemical control.

Normal survey will be conducted during May to determine the extent of control needed.

Tip Listed To Control Leafhopper

JEROME—Wilmer G. Priest, Jerome County agent, has a suggestion in helping to control beet leafhoppers. He said there is an increase in the number of over-range breeding areas averaged 42 per 100 samples as compared to 21 in 1967, 90 in 1966, 18 in 1965, 17 in 1964, 25 in 1963 and 113 in 1962.

In the Brunau, Murphy and Western Idaho areas, they averaged 34 per 100 samples as compared to 21 in 1967, 100 in 1965, 37 in 1964, 25 in 1963 and 113 in 1962.

The average beet leafhopper population in the combined range breeding areas averaged 42 per 100 samples as compared to 21 in 1967, 90 in 1966, 18 in 1965, 17 in 1964, 25 in 1963 and 113 in 1962.

Host plants adjacent to cultivated crops in Twin Falls County are again below average of the last few years, the survey shows.

In the cultivated areas in Glenns Ferry, Gooding and Jerome, host plants are about average. They are about average in the cultivated crops in Western Idaho and Eastern Oregon.

Host plants adjacent to cultivated crops in Twin Falls County are again below average of the last few years, the survey shows.

In the Indian Cove area, southwest of Hammett, about 100 acres of rangeland carry high host plant populations with an average of 38 leafhoppers per plant for the leafhopper.

**Deadly Job**

PHOENIX—An animal caretaker at Arizona State University milks a herd of 700 cows in plastic containers in a shed in his back yard.

When the milking is done, he gets a dollar a milligram for the freeze-dried venom. The scorpions are milked once a week.

During the process, electrified forceps give the creatures a mild shock and they eject venom into a glass container.

GENE RINEBOLD, Cassia County agent, has been named potato specialist for Cassia, Blaine and Twin Falls Counties.

## Gains Top Wheat Crop In Gem State

BOISE—Gaines wheat continues to dominate Idaho winter wheat plantings, although Niles is increasing rapidly. The USDA Crop Reporting Service reports.

The two soft white winter varieties accounted for 48 percent of the state's 1967 fall seeded wheat acreage for harvest in 1968. Last year, 49 percent of the acreage was in Gaines and Nulgines.

In South Idaho, the acreage of Gaines decreased four points to 20 percent of the area total. Hana, a hard red winter wheat, increased from 16 to 24 percent, and Cache, also a hard red winter variety, made a slight increase from 13 to 16 percent.

Turkey wheat, for years a leading variety planted in South Idaho, decreased from 11 to five percent.

In North Idaho, practically the entire acreage (98 percent) is Gaines and Nulgines.

## Burley Man Named Potato Specialist

BURLEY—The Board of Regents, University of Idaho—announces that Gene Rinebold, Cassia County agent has been promoted to the position of Potato Specialist for Cassia, Blaine and Twin Falls Counties.

The announcement was made by Ernest Hartung, president of the University of Idaho.

Mr. Rinebold will assume his position as a new duties May 1 and will be filling the vacancy left by Virgil Cross when he retired in January. Mr. Cross held the position for the three counties for several years.

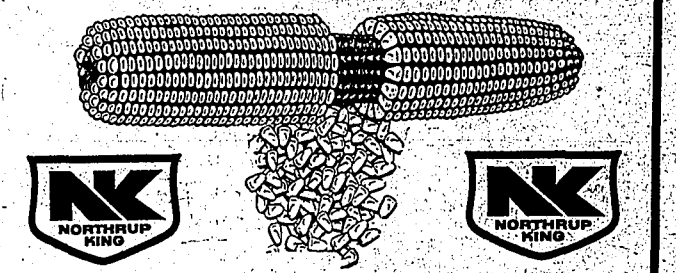

For the past three years Mr. Rinebold has been one of the extension agents of Cassia County and has been active in community affairs.

# Knoll Creek Field Day To Feature Livestock Research

**CONTACT**—Animal agriculture and livestock research will be featured at the annual Northwest Nevada Field Laboratory Field Day at Knoll Creek, scheduled for May 15.

The Knoll Creek Experiment Station is operated by the Max C. Fleischmann College of Agriculture, University of Nevada, and is located about 60 miles north of Wells in Elko county. Each year the annual field day attracts about 100 specialists on livestock and forages attracts a large turnout of ranchers in that locality, from elsewhere in the state and from Idaho, Utah and Oregon.

"The tentative program," said William C. (Bill) Behrens, cooperative extension livestock specialist at the university, "will cover a number of facets in livestock production including marketing, disease, nutrition and management."

Speakers included on the tentative program are Dr. Edmund R. Barretter, extension economist at the university who will discuss marketing; Dr. Earl L. Drake, extension veterinarian, subject: "Urinary Calculi in Cattle"; Dr. Donald W. Murrin, College of Agriculture, subject: "Ways in which Disease Spreads"; and Robert Raleigh, Squaw Butte Experiment Station, Burns, Ore., subject: "Dare, Urea, and Cocones"

**WINNING TEAM** during the recent East Magic FFA District's soils and land judging was the Murtagh FFA team. Here Farnam Worr, left, Miller, supervisor of the West Casia Soil Conservation District, presents the first place trophy to Mike Howard while two other members of the winning team, Charles Davis and Joe Jones, look on. Second place team was Valley FFA Chapter.

## New Alfalfa Variety Has Been Named

**RENO**—A new alfalfa variety has recently been named and released. It is called "Unico" and was developed by the University of Arizona Agricultural Experiment Station at Tucson and the United States Department of Agriculture, Crops Research Division.

Cooperating in the project and joining in the announcement were the Max C. Fleischmann College of Agriculture, University of Nevada, and the University of California Agricultural Experiment Station at Davis.

Unico is extremely non-winter-dormant and well adapted to the central valley of California and the lower desert valleys of the southwestern United States, including Nevada. These are areas where Moapa, Sonora and Mesa-Sirsa have been grown and where winter forage is desired.

In trials of Unico at the Fresno California Agricultural Experiment Station it out produced 15 varieties as far as yield was concerned. Also, in Arizona it has proved superior in production to both Moapa and Mesa-Sirsa.

**Mechanical Calf**—DALLAS—A Texas inventor has manufactured a mechanical calf which is used for training horses to herd cattle.

The calf is measured by a more radio control on three rubber-tired wheels, and costs \$2,490.

**4-H Club Meets**—Members of the Curry Kids 4-H Club met recently at the home of Mr. and Mrs. A. J. Baird, with parents of the members attending.

Vickie Holloway told why she joined 4-H and also about some of her experiences.

## MULCH BEDS AT HIGH SPEED

with the **ROLLING CULTIVATOR**

You can see the difference in this picture. Up front the soil is hard and crusted; in back it's a soft moist mulch. The exclusive patented Slicer Tire Spiders do the job—like it's never been done before.

## CULTIVATE AT HIGH SPEED

with the **ROLLING CULTIVATOR**

Take the weeds out at speeds up to 9 miles an hour, in and around the crop. Gangs can be angled to throw dirt just where you want it—toward the row or away from it.

## LAY BY

with the **ROLLING CULTIVATOR**

The high-clearance tool-bar frame takes care of crops up to 20" high. Use the Rolling Cultivator from beginning to end—it's the labor-saving, tractor-sparing, cost-cutting tool that belongs on every farm.

**THE ONLY ONE OF ITS KIND**

**FIRST PLACE WINNERS** in the recent FFA Farm Mechanics Contest are, from left: Tony Goetz, Jerome, acetylene welder; Lawrence Draper, Jerome, rafter cutting; Tom Mattick, Wendell, arc welding; and Kurt Jacky, Jerome, first place at the Twin Falls High School.

## Jerome FFA Chapter Tops Farm Mechanics Contest

The Jerome FFA Chapter came out on top during the recent Farm Mechanics Contest at the Twin Falls High School.

Jerome won the team event, and two individual events. Second place team was Twin Falls. High individuals were Tony Goetz, Jerome, acetylene welding, and Lawrence Draper, Jerome, rafter cutting.

The trophies were presented by Mel Dixon of Noreco Welding, Twin Falls. The trophies were sponsored by Noreco and Motor Mercantile, Twin Falls.

## Elmore Pomona Grange To Meet

**KING HILL**—Elmore County Grange will meet at 8 p.m. May 6 in Mountain Home with Mariposa Grange as host. It was announced at the King Hill Grange meeting.

Mrs. Joel Young, home economic chairman, asked all members to bring a 11 gift to the next meeting. Mrs. Westley Fink, youth leader, said Cathy Hoagland has been chosen as a queen contestant in the 1968 fair queen contest. She will be sponsored by the local grange.

Mrs. Denver Alder, secretary, announced J. W. Bumgardner, Gooding, will be insurance agent for the King Hill area.

Frank Jones, leader of the third degree team, announced the degree work will be given new members May 14. The fourth degree work will also be given.

Mrs. John Davis, lecturer, asked members to participate in a photo contest.

Frank Jones read an article pertaining to law for children under 16 years of age.

## Soil District Board To Meet

**SHOSHONE**—Sanford Connell, North Shoshone, will speak at the May meeting of the Wood River Soil and Water Conservation district board of supervisors at 8 p.m. Thursday at the courthouse.

He will discuss the problems of unimproved projects in water and soil saving devices.

Wood River Soil district board members recently participated in the annual grassman of the year kickoff luncheon and program.

State Grassman committee members furnished most of the program, but Mrs. L. M. Hitt, maker's fifth grade students sang and chanted a number on conservation. David Mitchell recited poetry.

## THE NEW MASSEY-FERGUSONS ARE HERE!

**THIS MAN COVERS THE TERRITORY**

His territory is sound long-term agricultural credit. And he's a specialist in his field. His bank has been in the agricultural credit business for 50 years.

Only the world's largest tractor maker knows how to put this much "hustle and muscle" into a lawn and garden tractor

Nobody makes as many farm tractors as Massey-Ferguson, does — experience that means a better lawn and garden tractor for you. Look over the Massey-Ferguson model in the horsepower range right for the jobs you have in mind. See the many extra features. See the list of attachments available — over 30 in all. You'll find more satisfaction in owning a high-performance Massey-Ferguson. Come in and see all three. Low prices . . . Credit terms, too.

## Knit Witts Make Flowers

**GLENN'S FERRY**— "Where we went Easter Sunday" was the response of the Knit Witts 4-H Club to roll call at a meeting in the home of Mrs. Homer Hanke.

Susan Brown gave a demonstration on how to make a pom-pom. Two new members included were Susie Anderson and Angie Farris. Mrs. Hanke told the girls about the 4-H Camp.

Janet White, reporter, said that Susy Anderson will bring references for the May 14 meeting, when Wendy Webb will demonstrate knitting tools.

## Sewing Entries Will Be Judged

**TUTTLE**—Judging of Grange Sewing entries was announced for May 11 at the Wendell Grange Hall at a meeting of the Gooding County Pomona Grange.

The judging will begin at 1 p.m. Mr. and Mrs. Earl Francis Gooding, submitted their applications for membership and they were given the obligation and instruction in the fifth degree.

Brief comments were made about the possibilities for changing the Daylight Saving Time and Master Howard Niccum said he had been given petitions for signing to be presented to the Legislature. Mr. Kistler explained that the deadline had been passed as far as the present National statute was concerned.

Mrs. Phyllis Young, King Hill, was a guest. A program was presented by Mrs. Ray Ruby, lecturer, and the next meeting was announced for May 27 at the Hagerman Grange Hall.

## Ivan Bonar Heads Buhl Area Grange

Buhl—Ivan Bonar has been elected master of the newly reorganized Northwest Grange. Other officers elected are Dale Welch, overseer; Jim Grimm, steward; Mrs. Ralph Skinner, lecturer; Larry Bonar, assistant steward; Mrs. Olen Baggett, chaplain; Olen Baggett, treasurer; Mrs. Dale Welch, secretary; Ralph Skinner, gate keeper.

Mrs. Robert Maxwell Sr., Geres; Mrs. Clara Jaker, Flora; Mrs. Jim Welch, Pomeroy; Mrs. Larry Baggett, lady assistant steward; Mrs. Robert Maxwell Sr. and Mrs. Jim Grimm—home economics chairmen; Robert Maxwell Sr., business agent; and Robert Maxwell Sr., Robert Maxwell Sr., and Jim Welch, executive committee.

The meeting date has been changed to the first and third Thursday of each month.

Standing committees appointed by the master include Mr. and Mrs. Robert Maxwell Sr. relief; Warren Hart, agriculture; Robert Compton and Olen Baggett, roads; Orlin Greeman, Olen Baggett and Robert Maxwell Jr., finance; Ralph Skinner, building; and Dale Welch, youth.

## PROGRAM EXPANDED

WASHINGTON—The Commodity Credit Corp. export credit sales program for beef cattle has been expanded by the U. S. Department of Agriculture to include dairy cattle.

## POULTRY PROCESSING

Modernize your all types of poultry. Prices start at 10¢ per bird.

## POULTRY SUPPLY

213 5th Ave. W. 733-1348

NEW OFFICERS of the Shoshone FFA Chapter were installed during the chapter's recent Parent and Son Banquet. From left, are Stanley Kerner, secretary; Kevin Guthrie, president; Larry Kerner, vice president; John McGhee, treasurer; Carl Pendleton, program of work chairman; Layne Hadlock, reporter; and Bruce Heist, sentinel.

## Clarence Tews Receives Three FFA Awards At Shoshone Event

SHOSHONE—Clarence Tews, outgoing president of the Shoshone FFA Chapter, received three chapter awards during the chapter's annual Parent and Son Banquet earlier this week. He received a leadership award, livestock farming foundation award and the chapter's star farmer award. Besides being active in FFA activities, last fall when the vocational agriculture instructor at Ed Griggs, was the young Mr. Tews took over in instructing the classes.

Scholarship awards were presented to George Arrossa and Robert Larson. Also receiving a leadership award, besides Tews, was Kevin Guthrie. Pest Control Awards were

presented to Randy Johnson, first place winner, and Jack Solosaga, second. Foundation awards were presented to Tom Alexander, farm safety; Stanley Kerner, home improvement; Carl Pendleton, farm electricity; Bruce Heist, farm crops; Melvin Hoyer, soil and water management; Larry Kerner, dairy farming; Clarence Tews, livestock farming; Kerneith Faught, public speaking; Erred Silva, farm mechanics and Kevin Guthrie, poultry farming. Jimmy Thorpe received the chapter's Star Green Hand award. Tews received the Star Farmer award. Five meta were named honor-

## Old, New Lawns Need Nitrogen

SHOSHONE—Old and new lawns need nitrogen for vigorous growth and a pleasing, dark green color. Spring is the time to give them a boost, advises the county agricultural agent. An application of nitrogen in March and another in early September is recommended. But don't put it on during hot summer weather. Results are not beneficial at that time.

As a general rule, the agent said, about two pounds of nitrogen should be applied each season to 1,000 square feet of lawn. In a split application that means one pound in the spring and one pound in late summer.

If phosphorus and potassium are also needed, a soil test will tell. The requirement is sometimes evident when the lawn is on clay soil from a basement excavation.

In case you are planting a new lawn, apply nitrogen at the rate of two pounds per 1,000 square feet. Ten pounds of ammonium sulfate or the equivalent nitrogen in another fertilizer will do the job. If a mixed fertilizer such as 10-10-10 is selected, use 20 pounds. Make the fertilizer lightly into the soil before seeding.

Although the ideal time to start a new lawn in most parts of Idaho is late August, establishing lawns can be expected to establish well. Spring sods should be done as soon as the soil is workable. The seed has the advantage of cool temperatures and spring rain. Moisture is essential to develop the grass before hot weather and the stimulation of summer weeds.

## Campaign Eyed

WASHINGTON (AP)—Dairy industry leaders are planning a nationwide campaign to increase the consumption of milk and other dairy products.

## Some Wheat Growers Pass Up Payments

WASHINGTON (AP)—Some of the nation's wheat growers apparently are passing up government payments that would give them a boost, advises the county agricultural agent. A total more than \$100 million by not signing up for the government's 1968 wheat-control program.

Total payments under all major crop control programs this year may approach \$5 million. Farmers signed to put 50 million acres of their total wheat acreage under the program. Slightly more than 28 million under the program. This meant signers would plant no more than their individual farm allotments.

But farms with slightly more than 2 million acres did not sign up. As a consequence, they will not be eligible for program payments which for the 1967 crop averaged 41 cents a bushel. The ineligible 3 million acres would be expected to produce more than 200 million bushels of wheat.

Much of the unsigned acreage was in minor wheat-producing states east of the Mississippi River, but there were stable portions in the Great Plains commercial states.

In terms of farms, only 80.1% of the 1,991,518 wheat farms are enrolled in the control program. A big increase in sign-up of grain farms in a similar program over last year was reported by the Agriculture Department. A total of 1,200,000 of the estimated 3,170,000 corn and sorghum grain farms were enrolled. They agreed to idle 34.3 million acres.

He discussed with Agriculture Department officials this week by leaders of 25 dairy cooperatives and trade associations. The campaign will be conducted at a time when consumption of milk is declining and other dairy products. The product is running into competition from substitutes.

million of the 115 million normally available for these two grains. Last year only 38,000 fewer grain farms signed up to idle about 21 million acres. But in Illinois, Indiana and Ohio.

### KILLS ROSE PESTS WHILE IT FERTILIZES!

Bigger, brighter bloom!

**MORGO ROSE FOOD & SYSTEMIC INSECTICIDE** provides inside-the-plant protection... kills damaging pests... while it completely fertilizes!

No mess! No must! Just sprinkle around plants.

5-lb. carton only **\$2.98**

Now you can spray with

**New Morgo Liquid Systemic Insecticide**

Circulates throughout plant sap system. Bugs hit... die on contact.

Bottle... **\$2.98**

Or apply protection dry with

RECEIVING ONE of three FFA chapter awards from Russell Hall, FFA district FFA adviser, is Clarence Tews, outgoing president of the Shoshone FFA Chapter. Tews received the leadership award, livestock farming foundation award and the chapter's star farmer award at the recent Parent and Son Banquet.

### Farm Safety Is Stressed By Grangers

FILED—Safety in its various aspects was stressed at the FFA Grange meeting in the Grange Hall.

Mrs. Clyde Vanauelsen, safety chairman, spoke on road construction and highway signs. Farmers are urged to put special signs on slow-moving vehicles when on the roads. With Fred Glassinger presented several special warnings is issued to farmers to be careful in a 111 phases of field work as each Sharp.

year many accidents occur, on farms.

Mrs. Elwood McCauley, safety chairman of the County Extension Council, outlined plans to have a bicycle safety campaign to be conducted in each elementary school in the county. By means of films, tests and lessons, school children will be taught the fundamentals of safe riding on bicycles.

Resolutions were passed on bond elections and radio free speech. Earl Johnson read a humorous article entitled "Federal Revenue Tax" and Mr. Fred Glassinger presented several jokes. Refreshments were served by Mrs. and Mrs. Edward Sharp.

## More days of weevil control even in cool weather.

This spring, when you pick 10 alfalfa stems and 5-5 of them show signs of larvae feeding, spray immediately with Alfa-tox.

It's the first line of defense against the alfalfa weevil. Even the resistant strains. For several reasons.

Alfa-tox doesn't lose its killing power after a few days. Control lasts effectively for 2-3 weeks. In dollars, this means you can pay less per day of control with Alfa-tox.

And Alfa-tox stays effective even in cool temperatures. After other insecticides have had it.

Yet Alfa-tox is easy to work with. You don't need to dress like an astronaut when you spray. Just follow label instructions and normal precautions.

Another handy Alfa-tox advantage is its short seven-day waiting period between treatments, and cutting or grazing.

And while controlling weevils, Alfa-tox protects your crops against aphids, spiderbugs, leafhoppers, grasshoppers and most other alfalfa insects.

So this spring, watch carefully for early damage. If it occurs, spray Alfa-tox; the weevil control you can count on days longer.

### '67 Output Of Milk, Dairy Items Listed

WASHINGTON—A wide range of facts is contained in the Annual Statistical Summary of Milk Production and Dairy Products released by the Statistical Reporting Service.

Maloly. It shows that milk production in 1967 was down six per cent from the record 1964 output of 137 billion pounds. Production, at 119.3 billion pounds, was the smallest since 1953.

The number of milk cows on farms in 1967 averaged a record low of 13,524,000. The milk output per cow set new records, at 8,621 pounds last year, up four per cent from 1966.

Total cheese production was 1,831 million pounds, two per cent over the previous year. American cheese production was at 1,271 million pounds, four per cent jump. And 45 per cent of the cheese was produced in Wisconsin.

Creamery butter production totaled 1,213 million pounds. Minnesota was the top butter producer, with 26 per cent of the total.

Ice cream production totaled 757 million gallons, one per cent over 1966. Ice milk output was at 256 million gallons, a six per cent gain.

Production of evaporated whole milk was 1,469 million pounds, down 12 per cent from the year before.

Total nonfat dry milk production for human food was 1,094 million pounds, six per cent increase over 1966.

Average sales per day of whole milk in nine states and 67 Federal areas was three per cent under 1966. Skim milk and low-fat product sales in 75 of these areas were up 13 per cent.

Producer (dairy farmer) receipts for milk were less than one per cent above the 1966 level, at 139 million pounds a day.

### Magic Valley's 4-H Scene

#### Public Auction Planned To Raise Funds For 4-H Camp

Plans for a public auction were made during a Central 4-H Leader's Council meeting recently at the Twin Falls County Agents' office.

The auction, set for May 17 at the Chick Hayes Auction Barn, Second Avenue South, is a benefit fund raising project for the 4-H Camp near Russian John Ranger Station.

Prior to the auction, a rummage sale will be held and 4-H members will bring baked goods to the sale.

All county leaders are reminded that this is a county-wide project and all clubs are urged to participate.

Mrs. Kenneth Marshall was named chairman of the receiving committee.

#### New Name Is Chosen For Hansen Club

HANSEN—At the initial meeting of the season of a 4-H Club, members met to choose a new name. Lucky Clippers. They were the Lucki Cloverettes last year.

The meeting was held at the home of Mrs. Samuel Huck is one of the leaders. The regular meeting dates will be on the 1st and 3rd of each month.

The group divided into two divisions. The newer younger members will be called the Machine Magics with Mrs. Huck as their leader, and the older members will be called the Jiffies with Mrs. Bodily as their leader. The two groups will meet after their respective meetings.

Bonnie Larson was named president of the Junior Jiffies; Joyce Hancock, secretary, and Tammy Higgins, reporter. Debbie Higgins was named president of the Machine Magics and Lynette Hancock, reporter.

During the meeting a discussion was held on the projects in which the club will be engaged. The next meeting will be at the home of Mrs. Bodily.

#### Local FFA Chapter Lists New Officers

Members of the Twin Falls FFA Chapter recently named new officers for the 1968 school year.

Elected were Archie Questrel, president; Robert Carr, secretary; Glenn Arrington, treasurer; Ronnie Rinchart, reporter; Tom Hamilton, editor; Bob Hamilton and Mike Sommer, assistant reporters, and Rocky Smith and Randy McCoy, parliamentarians.

The new officers will be installed at the Parent and Son Banquet, set for Saturday evening at the High School Cafeteria.

### Thailand Teacher Visits Gem State

A young teacher from Thailand arrived in Idaho this week as a guest of the 4-H Club and Exchange student. He is Chom Khao-Ad, 29, who will be a guest of the 4-H Club and Exchange student. He is Chom Khao-Ad, 29, who will be a guest of the 4-H Club and Exchange student.

### 4-H, FFA Fat Stock Sale Changes Given

Two major changes have been made in the 4-H Club and FFA Fat Stock Sale for 1968. The first change is from a district sale to a county sale. The second, the sale will be held at the Twin Falls County Fair on Saturday, the last day of the fair. It was announced by Frank Southwick, sale committee chairman.

Southwick says the two major changes have brought about necessary for several smaller changes. He explained that the entire sale will be conducted by the committee through appointed sale agents and duties carried out by subcommittees.

Sale fees and commissions will be deducted as in the past, but those boys and girls selling animals will be paid ten days after the sale.

The sale committee has had five policy for years that only those ewe, sheep and beef animals grading good or better, can be sold during the sale. This year the regulation must be enforced, Southwick explained.

The County Fair Board is making every effort toward making facilities available for the sale.

McCoy; swine, Dave Chadwick; representative, east end. Don Silvers; Filer, Edward Staff; Jack Claiborn Jr.; fair judge; procurement, Donald Y. O'Leary; sale ring and auctioneer, Harold Peterson; sale record, Leonard Kucera; accounting and clerk, Ivan Shiner; scales and weighing, R. L. (Bob) Howard; buyers invitation, Merle Cherry; chairman and Twin Falls area, prepared in advance of the sale.

### DAVID BROWN TRACTORS New in this area, but known world-wide.

What is new the David Brown tractor, which has 500 employees specializing in tractor manufacturing.

David Brown, joined this organization in 1921, and under his leadership has expanded to where they now employ more than 17,000 people and with annual sales of over \$165,000,000.

In 1936 in conjunction with the late Harry Ferguson, David Brown manufactured the first production tractor in the world equipped with hydraulic lift and

converging 3-point linkage system, which has since been adopted by the rest of the world.

David Brown, all-English tractor was an immediate success, when it made its first appearance at the 1939 Royal Agricultural show of England.

Today David Brown Tractors, Ltd., is one of Britain's major exporters, with over 80% of its tractor production sold overseas.

David Brown Tractors are sold in Magic Valley by LESLIE DAVIS AND SONS of Twin Falls, Adv.

#### Eager Beaver Club Holds First Meet

CASTLEFORD — The Castleford Eager Beaver 4-H Club held its first meeting at the home of the leader, Mrs. Ted Quigley, Susan Conrad, junior leader, talked on parliamentary procedure and gave a recipe for making the club a success.

Patii Quigley was elected president; Barbara Conrad, vice president; Peggy Lott, secretary; Tim Quigley, reporter; Mavis Peterson, 4-H county office reporter; Nancy Reese and Linda Rippe, sergeant-at-arms; Bobbi Barnes, Teresa Bybee and Ricky Kaercher, telephone committee; and Sandy Kinyon, Ann Potuck and Claire Hesselholt, clean-up committee.

New members welcomed were Craig Pierce, Cindy Hetsley, Ann Potuck, and Pamela Runyon. Projects were discussed and books ordered.

#### Officers Installed

Officers of the Country Council 4-H Club were installed at a recent meeting.

They are: Kathy McCandless, president; Lynn Ramsey, vice president; Barble Burkhart, secretary; Karen Stoker, reporter; Jean Burkhart, treasurer; Janet Burkhart, song leader; and Phyllis Ramsey, game leader.

The next meeting will be May 1 at the home of Lynn Ramsey.

#### Bliss Man Is Honored For His Good Corn Crop

BLISS—Dan Leach of Bliss was honored recently at the 200 Bushel Club meeting in Denver.

His excellent yield of 158.83 bushels of No. 2 corn, taken from a measured acre, earned him membership in the club of the top corn growers in the Western corn belt.

Mr. Leach was one of 900 corn producers from throughout the country who participated in the 200 Bushel Club program. The 200 Bushel Club was initiated in 1961 to promote friendly competition as well as discussion and idea exchange among top-notch corn farmers.

#### Reports Given On Quarter Horses

KING HILL — Reports on Quarter horses and draft and Arabian and draft horse sales were given when the King Hill Wranglers 4-H Club met at the home of their leader, Alice Reed. Jack Quigley reported on quarter horses and Sarah McCleary reported on the Arabian and draft horse sales.

Members discussed having a roller skate party and also a winter roast in June. Rosie Wink was appointed secretary and Ann Knox reporter. Chris Dayhoff signed the membership book.

At the next meeting Jody Allen will give an illustrated talk on Thoroughbreds and Wade Gritley will talk on Pinto and Appaloosa horses.

#### Spoons, Needles 4-H Club Meets

FLIER—The Spoons and Needles 4-H Club met at the home of Mrs. James Martinez, leader, with members discussing the kind and number of projects to take.

Mrs. Alice Reed, home extension agent, discussed organization of clubs and projects. Mothers of members had been invited to attend the meeting and meet the leaders.

The April 23 meeting will be held at 4 p.m. at the home of Mrs. Rod Berry, assistant leader.

#### Resolution OK'd By T.F. Grange

Members of the Twin Falls Grange endorsed a resolution opposing the government crop reports before a recent meeting.

During the meeting it was suggested that members write to the Public Utilities Commission about their feelings on free soil service for telephone.

Mrs. Terry Sullivan had a display of old dresses and needlework done by another generation.

#### Cooked Food Sale Planned By Club

The Twin Falls Saddle 4-H Club is planning a cooked food sale.

Glenn Ward told members that the cooked food sale will be held May 31. Demonstrations were given by Terry Blaxter on club for telephone, and Carolyn Jesser on "Aids of the Horse."

Mrs. Roy Jesser, leader, told the group of the Frontier Field breakfast and trail ride Sunday.

The next meeting will be at the home of Susan Sommers.

## All it takes is one tenpenny nail.

Or a broken bottle. Or a sharp-edged can. Or a pothole and suddenly you're faced with the makings of a dangerous situation... and a great big flat on your hands. If you're driving on conventional tires. They have nothing but layers of fabric to help prevent punctures. So the engineers at Michelin did something about that. They designed the "X" RADIAL... the tire built a totally different way. Rayon RADIAL-plies give more flexibility to the tread. It takes the shape of any obstacle in its path... quite like a tank track so there's less chance of impact damage. Second, the super-strong steel cord belt around the body guards against possible punctures. That's the total protection you get with "X". It'll take a lot more than one tenpenny nail.

Abandon the tire man. Michelin's trademark of quality since 1889.

## MICHELIN X-RADIAL

GUARANTEED FOR 40,000 MILES

# STUART MORRISON TIRE COMPANY

206 4th Ave. W. (Truck Lane)

**PEACH TREE NOTES:** Ever notice those bum notes on the trunk of your peach tree? This is the work of the peach tree borer, the most common insect pest that attacks the peach tree.

Young trees are often girdled by it and older trees so weakened that other pests soon complete the destruction of the tree. Tell tale evidence of the borer's gummy blobs on the trunk of the tree especially near the base. Spraying is often helpful, using Malathion, but this cannot reach the grub or borers.

Inspect your tree now. If you see deposits of jelly on the bark, get out a pocket knife, wire or some painted insecticidal agent—"de-worm" the tree.

In digging out the borers, be careful to remove as little bark as possible. Do not use the old fashioned method of gassing them out with moth balls or parathion or benzene crystals (usually shorted). Instead, remove weeds and trash from around the trunk and apply the insecticide in a continuous band one to two inches from the base of trunk. Do not allow to touch the trunk.

The flies or crystals give off a poisonous gas which kills the borers nearby. Usually fall, late September or early October, is the best time to treat the trees, although spring treatment is also beneficial. If the gum blobs or holes are higher up the tree, you may mound some earth up to the infected spot and apply the insecticide to the soil in vaporizer to form a gas which penetrates the borer tunnels and kills the borers.

**TUBERCLE BEGONIAS:** Ever start tubercles on your plants? After your plants are well along, take a leaf with a good stem, insert it into vermiculite and keep it moist. First roots will form, then a tuber. Grow them in a plastic bag in vaporizer to form a gas which penetrates the borer tunnels and kills the borers.

**NEW WAY TO GROW ONIONS:** A reader writes: "If you want onions from your garden, plant each one up-side down. They will grow downward, and up in the fashion of a question mark. You will have the maximum amount of onion size. And you'll have to use a garden trowel to dig them, but it's worth the extra effort for increasing the size."

**Green Thumb note:** This is a new one on me. Has anyone else done this way? Please let me know. It is true that beans should be planted with the eyes down, but I never heard of this for onions.

**MOSS IN THE GARDEN:** What is green mold or moss on plants? It is a fungus that grows in damp, shady areas. It is not harmful to plants, but it is unsightly. To get rid of it, remove the moss and water the plants. It will not return if the area is kept dry.

**Good Corn Tip:** A reader writes: "Formerly, I used to raise corn only to have the young plants eaten by pheasants, rabbits, woodchucks or blackbirds. Even though I treated the seed, the birds or animals would pull it out. Now, when the corn is planted and after it shows through the soil, I use 10 pounds of agricultural lime and one pound of 10 percent chlordane dust and apply some to each stalk. This can be done with a duster or you can use a fertilizer spreader with holes all taped except two in the center, and opened with a stick. This stops all eating and pulling. If a heavy rain occurs, it will have to be applied again when the plants are six inches or so tall."

**EVERGREENS AGAIN:** If the outer edges of your evergreens are nice and green, but the insides are brown, don't worry! Evergreens are evergreens because they shed the outside needles while the outside ones stay on and remain green. Brown spots here and there may be due to a dry spell, sun burn or due to insect damage. Take a pair of clippers and cut out browned areas. Evergreens can be fed any balanced plant food. You can get your hands on Mulch them with sawdust, peatmoss, coconean shavings or wood chips. Happen to be your favorite mulch material.

**QUESTION OF THE WEEK:** F. of Twin Falls writes: "I'm afraid because of the birds. I heard you can use new materials which are absorbed by the plants, making spraying or dusting obsolete. Is that true?"

The materials you refer to are called systemic materials absorbed by the plant roots and transported by sap from one part of the plant to another. These are effective against many species of sucking and chewing insects, spider mites, and leaf miners (such as in Birch trees).

SEVEN-YEAR-OLD Vikki Solomonson isn't sure she wants to kiss the tree-old limbs being held to her by her grandfather, Vice President Hubert Humphrey, at the Humphrey Lake home in Waverly, Minn. Humphrey's three grandchildren were invited to visit grandpa's home and see the new limbs that were born there in the last few weeks. (AP wirephoto)

## Farmers Vote Yes In First National Poll On Bargaining

PHILADELPHIA—Nearly nine out of 10 farmers voting in a national-wide poll conducted by Farm Journal over the past 40 days believe that they should join farm bargaining associations to obtain better prices for their products, according to a survey by the magazine.

Nine out of 10 also want Congress to create a legislative climate that would allow farmers to bargain with power on their own behalf.

Nearly 70 per cent of those voting favored holding farm products off the market to try to get higher prices and get processors to sign long-term contracts.

More than 60 per cent opposed what would allow farmers to join bargaining power on their own behalf.

Nearly 70 per cent of those voting favored holding farm products off the market to try to get higher prices and get processors to sign long-term contracts.

The magazine also added that they were surprised at the size of the response. Experienced farm members anticipated anywhere from a few hundred to possibly four or five thousand replies.

In an editorial in the same May issue, the magazine said that it interpreted the survey results to mean that the nation's farmers favored bargaining that included several procedures:

- 1) Programs would be farmer inspired instead of arising from political compromises in Congress.
- 2) Plans would be flexible so that if a program failed farmers could vote it out quickly.
- 3) Farm prices and income would come from the market; farmers would rely on direct payments from the government.
- 4) Farmers would elect their own commodity representatives to run their programs.
- 5) Farmers, instead of the government, would decide how much freights they would give up for the gain they hope to achieve.
- 6) Program choices that farmers would vote on would be more realistic than typical government-held referendums in the past.
- 7) Farm pricing would be an exciting, fast-moving affair with commodities vying with each other to see who could command the highest price.

The editorial concluded by saying, "We hope that official Washington will take the cue. Politicians have long despised that farm programs are nothing but trouble; and they have complained that farmers never get together." Well, here's a chance to let farmers wrestle with their own problems. That's what farm programs are for.

Results of the survey are being distributed to members of Congress, farm organization leaders, and all presidential candidates.

The next meeting will be May 2 at the home of Rosemary Donnelly.

**31 County Farmers Get 9,000 Trees**

Twin Falls County Extension Agent Donald F. Youst, announced today that 31 Twin Falls County farmers recently received nearly 9,000 seedlings from the University of Idaho Forestry nursery windbreak plantings.

The minimum order was for 100 trees and the maximum order was for 1,000 trees. This program is authorized under the Clarke-McNary Forest Law, which makes trees available to farmers for windbreaks, shelterbelts and farm woodlots within cooperating states.

Youst said, "That farmers planning to order trees for 1968 can get order blanks at all county extension offices and orders should be placed early for the trees well before the deadline of March 10 next year. Many of the orders for the trees are made as early as October and November."

Farm Journal claims that this is the largest such survey ever undertaken on the nationwide settlement of farmers toward farm bargaining. The magazine also stated that the results are highly indicative of how farmers, in general, feel. However, individual findings cannot be taken as precise measurements as some readers may have noted because of strong feelings for or against certain watering. If you grow yours in a clay pot, you can slip it inside a glazed or plastic pot. This saves moisture and makes it look pretty.

## Agriculture Department Gets Part Of Customs Receipts

WASHINGTON (AP)—Thirty cents out of every dollar Uncle Sam collects in duties on imports of goods coming into the country of the Agriculture Department. From there, the money is translated into food for tables for the hungry and for school lunches.

In performing this translation from custom receipts to food for the hungry and for school lunches, the department lends a helping hand to producers of farm products adversely affected by low prices—particularly perishable products like fruits, vegetables, eggs, poultry, turkeys, meat animals and the like.

In 1936, Congress directed that 30 per cent of custom receipts be turned over to the department to help divert surpluses or perishable products from markets where the extra supplies tend to depress prices. The law authorizes use of such surpluses to feed the needy, to divert surplus into by-product uses and in some cases into foreign markets.

Corn, cotton, rice, tobacco, soybeans, dairy products and other storable products get price protection from the department's Commodity Credit Corporation. The CCC is authorized to make loans on stored products and even to buy them for storage.

This fiscal year, some \$400 million in custom receipts was available to the department. But it may not use all this money. Any in excess of \$300 million remaining in the department's account at the beginning of a new fiscal year goes to the federal treasury.

## Butterfat Average 70 For 8 Herds

JEROME—Eight herds in the Lincoln-Gooding-Jerome DHIA Unit No. 2 averaged over 70 pounds of butterfat per cow during March.

Ben Russell, unit tester, said 46 herds on test contain 1,028 cows. The overall average was 1,178 pounds of milk and 43 pounds of butterfat per cow.

The eight herds averaging over 50 pounds of butterfat are: Orville Mattice, 45 cows, 1,584 pounds of milk and 67 pounds of butterfat; Lylo F. Anderson, 40, 1,538 pounds and 54 pounds; Harold C. and Glen A. Taylor, 22, 1,474 pounds and 54 pounds; Reeves Cox, 39, 1,583 pounds and 55 cows.

Leo Morgan, 146, 1,428 pounds and 51 pounds; Gordon Martin, 33, 1,417 pounds and 50 pounds; Harry Bell, 55, 1,390 pounds and 50 pounds; and Walter Rinehart, 13 cows, 1,399 pounds of milk and 50 pounds of butterfat.

Results of the survey are being distributed to members of Congress, farm organization leaders, and all presidential candidates.

## 4-H Projects Are Discussed By Club

Projects were discussed by members of the Classic Lassies 4-H Club recently at the home of Donna Dowling.

The next meeting will be May 2 at the home of Rosemary Donnelly.

## KRENGEL'S FARM & RANCH VALUES

- FRIENDLY SERVICE
- COMPLETE SELECTION
- EVERY DAY LOW PRICES

**IRRIGATION SHOVELS**

"PONY" SHOVELS 3 sizes to choose from ..... \$6.99

"TRU TEMPER" SHOVELS ..... \$4.99

**NAILS OR STAPLES** 5 LBS. .... \$1

**GREASE GUNS** Bulk or Cartridge ..... \$3.95

**PROOF COIL. PLATED CHAIN**

3/4" ft. 33c  
5/16" ft. 49c  
3/8" ft. 68c

**PORCELAIN INSULATORS**

W22 ..... 75c  
W22E ..... 98c  
W23 ..... 100c  
W23E ..... 60c

**Chain Repair** Complete Selection from 1/2" to 2" ..... \$1.00

**Krengel's** DOWNTOWN TWIN FALLS

**ACME** POTATO PLANTERS ORDER NOW

- NO PICKS
- MORE PROFIT
- PRECISION PLANTING
- MODEL FOR ALL FARMS

**ACME** FILER, IDAHO

**READY MIXED CO TO LIFE FOR ALL PURPOSES**

Count on Us for Quick, Reliable Service . . . Low Cost . . .

TOWN OR COUNTRY

**DIESEL TRUCKS**

4 - 1965 DODGE D-500 5 speed, 2 speed, 318 V8 engine, tractor equipped, 900 rubber, excellent tires. Average mileage 26,000 to 36,000 ..... \$2,795

3 - 1962 INT. DIESELS Trucks in excellent condition. YOUR CHOICE ..... \$7,000
