Enemy Strikes Hard At Saigon From Three Sides

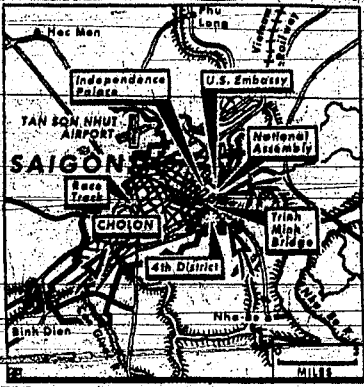

By GEORGE ESPER
SAIGON (AP) — The enemy struck hard at Saigon from three sides today but a U.S. spokesman said American forces had smashed a Viet Cong drive to push into the capital from the south and east.

On the eve of Paris peace talks, however, the enemy drove closer to the center of Saigon than at any time since the new offensive was launched Sunday.

U.S. military spokesmen said 2,000 American infantrymen from the 8th Division, armored personnel carriers, helicopter gunships and dive bombers had broken up at least for the time being the drive from the south and east.

Helicopter gunships also wrecked two launching pads loaded with rockets less than a mile from the city.

President Nguyen Van Thieu went on nationwide television in efforts to calm the populace. He urged South Vietnamese people not to be misled by what he termed Communist propaganda and not to participate in nationwide demonstrations he said the Communists were planning. He warned that the national police were under orders to fire—muzzle if Communist-directed demonstrations threatened government installations.

Police Break Up Student Protests

By The Associated Press
SUDON — Demonstrations at Wellsville, a small town in the Midwest, have broken up by police as student protests continue to disturb the calm of academic life on a number of U.S. campuses.

Police were called in Wednesday night at Marquette University in Milwaukee, Roosevelt University in Chicago and Southern Illinois University in Carbondale.

There was a peaceful ending, however, in a three-day strike at Stanford University in California when about 400 youths walked out of the Old Student Union they had held since Monday.

The end came after the Academic Council of the top faculty body voted to recommend that Stanford president Wallace Sterling set aside the proposed suspensions of seven students who demonstrated against CIA research last fall.

In Chicago police arrested 24 student demonstrators at Roosevelt University after they refused to leave a corridor outside the office of President Rolf A. Well.

France Has Second Heart Transplant

MONTPELLIER, France (AP) — France's second heart transplant was performed by doctors in Montpellier Wednesday, and the patient—a 65-year-old man—was reported in satisfactory condition today.

The patient's name was withheld but the donor was reported to be Jean-Claude Amarger, 33, who was fatally injured last July.

Married and father of three, he was hurt when a tire burst at the service station he operated.

March Of Dimes Benefits

Buhl Has A Helpful Heart

William Hoppie of Buhl got into a wheelchair, but Mrs. Hoppie's helpful heart kept him from being a burden.

His wife asked that donations be put into a memorial fund but it got out of hand. Buhl residents—representative of the pioneer spirit—donated and donated.

Wednesday Mrs. Hoppie turned the donations over to the March of Dimes. The donations came to \$100.

"The money should go to help victims of polio," that's the way Bill wanted it, Mrs. Hoppie said when she gave the check to Edd Bossard, chairman of the Twin Falls County March of Dimes.

"I want to thank all the residents of Buhl and especially the high school students; who worked long and hard hours in this effort," Mrs. Hoppie commented.

Mr. Bossard said the donation represents a town's feeling toward "a fine man."

IT'S \$102.75 AND it's going to the March of Dimes, thanks to the efforts of Buhl residents. Edd Bossard, Twin Falls County chairman of the March of Dimes, accepts the check here from Mrs. Daley Hoppie. The money was collected in memory of Mrs. Hoppie's husband, a polio victim.

Delegates Arrive For Talks

Escalation?

TOKYO (AP) — North Vietnam's President Ho Chi Minh has called on the Viet-Cong to step-up their fight against U.S. forces in South Vietnam, Radio Hanoi said today.

A Japanese-language Official Voice North Vietnam broadcast said Ho made the appeal in a letter addressed to Nguyen Huu Tho, chairman of the South Vietnam National Front for Liberation—NFL—a political organ of the Viet Cong, Wednesday.

"We're going to turn this nation upside down if we don't see the end of the war," said the Rev. Ralph David Abernathy, the head of the Southern Christian Leadership Conference.

Abernathy, who succeeded the late Dr. Martin Luther King Jr. as SCLC head, told about 1,000 Negroes in Birmingham Wednesday night that he will not permit violence against the South.

He said the march will not be violent but "I'm going to tell them that time has run out," he said.

In an earlier speech earlier, Abernathy said the Poor People's Campaign may be the last attempt to deal peacefully with the problems of racism and poverty.

Abernathy said he plans to fly to Boston, Mass., today to begin that part of the campaign.

Transportation problems delayed the Alabama-Georgia segment of the campaign moving out of the South.

The North Koreans seized the ship Jan. 3 in what the United States contends was international waters about 23 miles off the North Korean coast.

The North Koreans seized the vessel into Wonsan harbor.

The 12 surviving U.S. crewmen are still held prisoner, possibly in several locations. U.S. representatives have repeatedly called on the North Koreans to return the ship and its men.

The last U.S.-North Korean meeting at the Panmunjom truce line was the 16th on the subject since the Jan. 23 crisis-provoking affair.

Morton Offers New Approach To Solve Economic Problems

WASHINGTON (AP) — Sen. Thorton B. Morton, R-Ky., urged consideration today of what he termed a refreshing new approach for solving the nation's economic problems.

Morton said the Senate plan has been subjected to close scrutiny by some of the nation's foremost economists.

A member of the Senate Finance Committee, Morton said he also has given it detailed study.

"Poor" March Is Growing

By The Associated Press
THE Poor People's Campaign continued gathering momentum across the country today, as its chief spokesman declared this week's march will be peaceful.

Another group leaves from Marks today in a mile train, led by the Rev. Andrew Young, an SCLC leader and longtime associate of Dr. King.

Other Southern marchers in the campaign from Alabama and Mississippi, an estimate of 400, plan to arrive in Atlanta by noon today.

Marchers in Nashville leave for Knoxville today, where they plan then to go on to Danville, Va., and to Washington where they will build a shantytown.

Abernathy said he plans to name the campsite to house the Poor People's Campaign in Resurrection City, U.S.A.

WASHINGTON (AP) — Federal officials are threatening to unleash a never-before-used economic weapon—contract discrimination in companies that do \$75 billion worth of business a year with the government.

President Johnson empowered federal agencies Tuesday to begin a year-long effort to terminate contracts if recipient firms failed to hire, promote and pay employees without regard to race.

Officials admit that some companies have disregarded nondiscrimination pledges, but conceded no contracts have been canceled.

In the future, however, "some contracts are going to be lost unless an awful lot of people suddenly reverse their field," said Ward Wood, Jr., assistant director of the Labor Department's contract compliance office.

Mr. Wood said executives of a half-dozen of the nation's largest corporations will be called in for informal hearings in New York City this month as part of the government's effort to speed Negro and Puerto Rican representation in Manhattan's 2.4-million white-collar labor force.

However, he refused to name the firms or provide any details on the hearings.

In Philadelphia, the government's insistence that more minority workers be hired for federal construction projects has resulted in nearly \$20 million in work. And the contractor on the \$30 million U.S. Mint in Philadelphia is being sued for discrimination.

Both pilots parachuted safely on the crash landing, but the \$3-million swing-wing jet got wedged in a ditch.

The Air Force described the flight as a routine training mission and released no details on the crash 80 miles north of Las Vegas.

The plane was similar to three lost recently in Vietnam.

It was the eighth plane lost of two types developed from the F-4U, the tactical fighter expertimental program pushed by Robert S. McNamara when he was secretary of the defense. McNamara said he aimed at incorporating a common basic design for both the Air Force and Navy.

In 1967 a Navy version of the plane—designated F-111B—crashed during a test near Canton, La., killing 29, killing two civilian test pilots.

Group To Get Preview Of City Improvement

A group of 48 Twin Falls slated to give everyone interested a sneak preview of what limited plans improvements on take the businessmen to see. The group will be in San Francisco next Tuesday to see a central portion of that project areas in the San Francisco area. These projects are finished and are being used as a model of the proposed downtown area when construction is seen. The businessmen will also talk with the architect who planned the landscape for downtown Twin Falls, and the group will also talk with the economic consultants on the Twin Falls project. A conference with officials of the Department of Housing and Urban Development also is planned.

THIS IS NUMBER ONE. Soon others will be bearing the distinctive Air West markings and the sight will become familiar to Twin Falls residents interested in air travel. West Coast Airlines recently merged with Pacific and Bonanza Airlines and Air West came into existence, making it one of the largest domestic airlines in America. This plane is the McDonnell Douglas DC-9 fanjet and was painted at the Douglas Aircraft Division assembly line at Long Beach, Calif. The 100-passenger plane is the first of 18 which Air West has on order to supplement the 75-passenger DC-8 version now in use.

Alaska Route Is Described At Richfield

RICHFIELD — Vivid descriptions of a "trip to Canada and Alaska" highlighted the Richfield Lions Club ladies night banquet meeting Tuesday evening at the Methodist recreation rooms.

Richard (Dick) Ransom, representative of the International North American Highway Association, described the trip on Highway 99, with campers and trailers, and by boat and airplane to reach other sites. A total of 200 slide-pictures illustrated his travelogue.

Mr. Ransom annually makes a visit to the local club and clubs. Carl Paulson, local Lions club treasurer, and Richfield garage owner, with being his incentive for making Richfield a stop, and recipient of one of his programs.

Charles Butcane, new president of the Richfield Lions Club, was master of ceremonies, and introduced new chairman Donald Zuck and his wife, Twin Falls.

Other special guests included Twin Falls citizens, Robert Derrick and Mrs. Derrick, Mr. and Mrs. Edward Bossard, Mr. and Mrs. Robert Bracker, Harold Sells, Lloyd Bledsoe and Cornell Bird, all Twin Falls; Mr. and Mrs. Millard Meanda, Carey, Mr. and Mrs. Peter Schmidt, Jerome, and wives and guests of local Lions club members.

Favors were brochures describing highway 99 in the north American continent. Mr. Ransom stated his biggest gripe was some of the bad roads in Idaho, the worst of all the North American highways. He particularly stressed the bad condition of the highway between Stanley and Salmon.

Commander Praised By Petty Officer

WASHINGTON (AP) — A chief petty officer who served under Lt. Cmdr. Marcus A. Arnheller said today the officer should have "received a commendation for his being relieved of his command."

"He made us feel like men of war with no time for boredom," said Chief Petty Officer William Young of Cincinnati, one of the enlisted men aboard the destroyer escort Vance while Arnheller was skipper.

Arnheller, relieved of his duties after complaints by dissenting officers aboard, is asking that an official Navy court inquiry be convened so he can have a formal hearing. He is now assigned to shore duty in San Francisco.

Young testified at an informal hearing conducted by Rep. Joseph Y. Resnick, D-N.Y. The hearing has no official congressional status, and the Navy has refused to participate. Witnesses are not under oath.

Arnheller has demanded the Vance was in poor fighting trim when he took command, and he took extra measures to get the ship and crew ready for duty in the coastal waters off Vietnam.

Young said the Vance had the worst disciplinary record in Pearl Harbor before Arnheller went aboard.

He defended the officer, and said there was no basis for some of the specific charges the Navy made against him.

Sen. Kennedy Is Vote-Hunting Among United Auto Workers In New Jersey

By A. F. MAHAN ATLANTIC CITY, N.J. (AP) — Sen. Robert F. Kennedy, D-N.Y., was vote-hunting today among United Auto Workers, whose help Vice President Hubert H. Humphrey asked for in his campaign for the Democratic presidential nomination against Kennedy.

Some 3,000 convention delegates representing the UAW's 1.6 million members are gathered here.

Humphrey scarcely had left the convention hall before "We want Kennedy" placards and banners began replacing those proclaiming "We Want HHH."

Kennedy speaks today among United Auto Workers candidates for nomination, former Vice President Richard M. Nixon and Gov. Nelson A. Rockefeller of New York, reported Kennedy they had been unable to work and Sen. Eugene J. McCarthy, D-Minn.

Humphrey pleaded with the delegates to back President Johnson as strongly in Vietnam peace negotiations as they would their union leaders in contract negotiations.

Delegates applauded Humphrey often and his introduction set off an argument-hall parade of several score of placard-carrying supporters led by drummer and two accordion players.

Among the loudest cheers were those which came when Humphrey recalled that in 1948 Democrats separated by the issue of civil rights had been united by their presidential candidate "who is celebrating his 84th birthday in independence, not a great American, Harry Truman."

Only minutes before Humphrey's appearance, delegates had given Truman a standing ovation and UAW President Walter P. Reuther said he took it as a mandate from them to send a telegram of warmth and congratulations to the former president.

Claiming "25 years of close association with the people and policies of the UAW," Humphrey ended his appearance in the same hall where he won the vice presidential nomination four years ago with: "I ask your help."

Easter Seal Center Needs Male Workers

The women do what they can at the Twin Falls Easter Seal Center, but sometimes help needs to come in the form of needed loving care with a little brawn mixed in.

Mrs. Merle Stoddard, director of the center which administers care and training to Magic Valley handicapped youngsters, said that many of the exercises the children need to perform to help them rehabilitate are just a "little too strenuous" for the women.

Consequently, she is seeking the help of two able-bodied men a day, from 1 to 3 p.m. "Even if the men could come for just an hour a week, it would help so much," she stated.

Howard Burkhardt has been helping out at the center in this way, but Mrs. Stoddard said that more men are needed.

Spending Cut Tied To Tax

By JOE HALL

WASHINGTON (AP) — Senate House conferees have agreed to President Johnson's 10 percent income tax surcharge but tied it to a \$8 billion spending cut he has said is against the national interest.

The conferees said Wednesday they had accepted these two key points which the Senate approved more than a month ago.

Rep. John D. Dingell, D-Mich., chairman of the conferees as well as of the House Ways and Means Committee, voiced hope Tuesday for a mid-congress proposal to cut the tax on many other amendments to the bill at a final session today.

The income tax increase is the 10 percent surcharge proposal applying to both individuals and corporations which the administration has been pushing since last August.

It would yield \$10 billion on a yearly basis. It would last 15 months for individuals, from April 1 this year to June 30, 1969, and 18 months for corporations, retroactive from Jan. 1 this year to mid-1969.

About 17 million low-income taxpayers would be exempt.

The \$8 billion spending reduction proposal has drawn heavy fire from many other administration officials.

The President told a news conference last Thursday that he is looking for a way to cut expenditures for the next year "which would injure the national interest."

Sen. John J. Williams, R-Ind., a principal author of the package Senate amendment which included the tax boost and spending cut, said the "balance action was a fine victory."

Exempted from the spending cut were the funds for the Vietnam war, Social Security, veterans' payments and interest on the national debt.

Battle On Privacy In High Court

WASHINGTON (AP) — A computer-privacy battle looms in the Supreme Court as the justices consider an auto registration data to the highest commercial bidder.

Justice William J. Brennan, Jr., a principal author of the package Senate amendment which included the tax boost and spending cut, said the "balance action was a fine victory."

Exempted from the spending cut were the funds for the Vietnam war, Social Security, veterans' payments and interest on the national debt.

Stanford's Three-Day Sit-In Ends

STANFORD, Calif. (AP) — A three-day student sit-in at Stanford University ended with the students' dispersal Wednesday night.

The sit-in came to an end after the Stanford Academic Council recommended suspensions of seven students who demonstrated against Central Intelligence Agency recruitment in November but set aside by President Wallace Sterling.

This was a top demand of the demonstrators.

Immediately after the students exited the building, monks from the monks' ranks pitched in to clean up the floors with brooms and mops.

The Academic Council, which includes faculty of professional rank, recommended that the 400 students involved in the sit-in not be disciplined.

The Stanford demonstration was in a non-violent manner and neat. The demonstrators appointed a committee to see that all hands "cooled it."

Stanford student enrollment is 10,000 yet no more than 400 tried to get into the building, which houses offices of the registrar, dean of men and administration.

The sit-in occupied the building last Monday and Tuesday.

On the following day, five student leaders, including the head of the inter-fraternity council, petitioned for consignment of the sit-in leadership.

"We don't want the type of thing they had at Columbia," Stanford trustee David Packard said in a visit to the occupied building Tuesday night.

Students jammed into the chained-up lobby of the tytopped building agreed they wanted no violent confrontation with police as happened last week at Columbia, UPI wires.

WOMEN LIVE LONGER

MOSCOW (AP) — The average Soviet woman lives eight years longer than the average Soviet man, the official statistical bulletin released today.

It gave a life span of 74 years for women, 66 for men.

Nixon Issues His Formal Position On Combatting Crime And Draws Rebuke

WASHINGTON (AP) — Richard Nixon has issued his formal position on combatting crime and drawn a rebuke from Republican presidential rival Nelson Rockefeller on the issue of civil disorders.

On the Democratic side, Sen. Robert F. Kennedy was assessing the scope of his presidential campaign. Nixon's victory and Sen. Eugene J. McCarthy campaigned in Nebraska with a verbal blast at Kennedy's agricultural record.

Nixon said today and growing rewards of crime — not poverty — are responsible for widespread crime, the well-known threat to spread to rich suburbs.

Author Corliss Lamont, a wealthy New Yorker, who has practice stopped as the state law that authorizes it declared an unconstitutional invasion of privacy.

Computers have become so efficient and so sophisticated, he said recently in an appeal, "a certainty of personal information becomes available at the push of a button."

"If sale of auto registration data to the highest commercial bidder," he said, "it is a violation of the privacy of the citizen."

New Yorkers, like car owners everywhere, are to supply the information when registering a vehicle: name, address, date of birth, sex, and the like reproduces the registration applications on 35 mm microfilm rolls and sells them with the car owners to the highest responsible bidder.

The Information, Lamont said, is then in unsecured mail and telephone pitches especially in the auto trade.

"This year, the list for \$2,000," he said, "is for \$100."

Co — a New York-based corporation.

Federal Judge Marvin E. Frankel of New York City dismissed the suit last June. He said the information sold is not vital or intimate.

Polk, the company that seems to own the data, says it sells the information to Alaska, Illinois, Kentucky, South Dakota, Washington and the District of Columbia.

The U.S. Circuit Court in New York City affirmed Frankel's ruling last December.

Last Thursday, New York City Attorney Gen. Louis Lefkowitz, responding in a brief to Lamont's appeal, told the Supreme Court it cannot be practically contended that the information required of the motor vehicle registrant touches the individual's private life.

At the very least, Lamont is asking that a three-judge federal court be impaneled to pass on the constitutional questions.

War Death Toll Is High During Week

SAIGON (AP) — The number of Americans killed in the Vietnam war increased last week to 283, highest toll since weeks ago.

The new count did not reflect casualties from the new enemy offensive.

The number of enemy reported killed climbed, while fatalities among South Vietnamese government forces dropped slightly.

Discrepancy figures released in weekly summaries Thursday covered the period ending at midnight Saturday, May 4.

The new offensive began early Sunday and the casualty toll from it will not show up until next week's reports.

The U.S. Command said that while the number of Americans killed last week totaled 283, compared with 302 a week earlier, the number of wounded was 1,501 as compared with 2,458 in the previous week. Of the wounded last week, 577 did not require hospitalization, the command said. There was an explanation given for the drop — almost 1,500 in the number of wounded while the number of killed increased. The death toll of 283 was the highest since the week ending March 8 when 508 Americans were killed in action.

Minicollage

EUGENE, Ore. (AP) — An experimental minicollage was held today, according to Gallup Poll. Dr. George Gallup said the poll indicates Wallace would get five Deep-South states' electoral votes, preventing a majority for either of the major-party candidates.

The success of criminals in this country," the former vice president said in New York Wednesday, "plays a far greater role in the rising crime rate than any consideration of poverty."

New York Gov. Rockefeller took issue in a Minneapolis, Minn., speech Wednesday. "I say that, without progress, and without justice, there will be no order."

Rockefeller called today in Manhattan, Kan., for a comprehensive "post-Vietnam plan" to provide employment and education for veterans returning from Vietnam.

In other political developments:

Kennedy's camp said Evansville and Bloomington in Indiana Tuesday primary, captured 65 percent of the vote in New York and won 10 of the 11 congressional districts to gain the vast majority of Indiana's 13 Democratic National Convention delegates.

Kennedy and McCarthy meet next in Nebraska on Tuesday.

McCarthy, pointing to Kennedy's expansive view against meat-import quotas, said in Hastings, Neb.:

"I shall be hearing much of the number of enemy reported killed climbed, while fatalities among South Vietnamese government forces dropped slightly.

Health Officials Paint Dark Picture

By WILLIAM MORAN

WASHINGTON (AP) — Government health officials have painted the nation as beset by burgeoning problems in alcoholism, mental illness, venereal disease and drug use.

On top of that, the officials said, healthcare costs are skyrocketing.

In testimony before a House subcommittee they reported:

—There are up to 6.5 million alcoholics in the land and their numbers grows by 200,000 annually. A growing percentage are married, middle-aged women of the middle and upper classes.

—In a typical community of 150,000 population, where 3,000 children are born annually, one of five will require some form of mental health service and 240 will be patients in mental hospitals in their lifetime.

—The incidence of cancer, with a 12 percent increase in reported cases in each of the last few years. In some populations, but not in others, the incidence of venereal disease and don't know it.

—All economic groups and all age groups are afflicted by drug abuse — mind-expanding drugs, but it is falling off in colleges and high schools because of the publicity about its dangers.

Idaho News

SERVICE WORKS
BOISE (AP) — State law enforcement Commissioner Warner C. Mills reports about two-thirds of the cases Idaho's new investigation service worked on in its first year have been closed.

Mills said the service, which is available to local law enforcement agencies, was first called in on 96 cases during its first year, and of these, 63 have been closed.

The cases range from murder and arson to dog poisoning and threatening telephone calls.

NEW PLANT LISTED
BOCAVELLO, Idaho (AP) — Kraft Foods has announced plans to build a new 120,000 square foot plant at Pocatello to replace its existing facility.

The new plant for cheese storage and pre-packaging of natural cheese will be located on a 40-acre site across from the Pocatello Industrial Park. George H. Gibson, vice president and general manager of Kraft's Western Division, said.

FIRE UNLAWFUL
BOISE (AP) — Beginning Friday, it will be unlawful in Idaho for anyone to set a fire, including blazes to destroy debris, without first obtaining a permit from State Land Commissioner Gordon Trombley said Wednesday.

Trombley said the closed fire season will be in effect throughout the state.

The permits may be obtained from the land department, the U.S. Forest Service and grazing district offices throughout the state, he said.

TOPICS PLENARY
BOISE (AP) — The chairman of the Idaho Task Force for Education, J. Burns Beal of Boise, says the group will focus primarily on school finance during its final meeting Saturday.

The Task Force will wind up preparation of a final report on its recommendations for improvements in Idaho's public schools.

T.F. Man Is Not Guilty In Traffic Case

Joseph VanLeuven, 557 Polk St., was found innocent by a six-man Twin Falls Police Court jury on charges of failure to obey traffic signals and driving a vehicle.

The trial, conducted by Judge Harry Turner, followed charges of driving a vehicle following an accident several weeks ago in which his vehicle and a city fire engine collided at the corner of Shoshone Street and Third Avenue West. A fireman, Clarence Harkins, riding at the rear of the fire engine was slightly injured when thrown to the ground by the impact.

Spewartz, attorney for Mr. VanLeuven, said the fire engine was approaching the intersection from the east on a stop sign. The fire engine was traveling south on the through street. The defendant said his radio and air conditioning were on, and that the car windows were closed and he did not hear the approaching sirens until the impact.

Search For Boy Spreads To Oklahoma
ISSAQUAH, Wash. (AP) — A search for 8-year-old David Adams spread to Oklahoma late Wednesday, both Oregon and Idaho's father, an Air Force captain, has been assigned recently.

David, son of Capt. and Mrs. Donald Adams, has been missing since he left a friend's home after school last Friday.

An intensive search by hundreds in the area around his home on Tiger Mountain, about four miles south of Issaquah, has failed to find a trace of him.

Graddon of the King County Sheriff's Department said he is "firmly convinced" David is alive and has not met with foul play. Graddon would not say on what he based his belief.

"Graddon said Oklahoma authorities had been notified of the boy's disappearance and "I am definitely sure David is not in the area searched for the past five days."

Donald Adams was ordered to active duty with the 41st Military Airlift Group of the Air Force Reserve in January. He was based at McChord Air Force Base, near Tacoma, until he was sent to Tinker AFB for special training. He flew home last weekend to help search for his son.

Graddon said the Sheriff's Department had "a couple of good leads" but he did not believe "the boy is outside the search area."

Richfield Holds Athletic Event

RICHFIELD — Richfield high school athletic banquet Tuesday night honored 80 youths from the girls track team and boys track, basketball and football teams, coaches and faculty.

Coach Neil Anderson was master of ceremonies and gave a resume of the athletic program in Richfield.

Supt. F. R. Briggs gave the principal address of the value of athletics to the individual. Responsibility was given to Coach Cathie Flavel, Terry King, Allen King, Blair Sorenson and Richard Golococha.

Richfield's football trophy for 1967 was displayed on the banquet table. Placecards featured miniature emblems of football, basketball and track.

Mothers of team captains were invited to attend the banquet with parents of all team members donating for the annual dinner.

Rev. Kyles

BUHL — Rev. William Lee Kyles, 84, 832 Sprague Ave., Buhl, died Tuesday night at Magic Valley Memorial Hospital of a heart ailment after a long illness.

Rev. Kyles, an ordained Baptist minister, was born Jan. 21, 1884, at Statesburg, N. He served churches in Mars Hill and Wake Forest Colleges in North Carolina, graduating from Crozer Theological Seminary, Chester, Pa. He served parishes in Montana, Utah and Idaho and was a chaplain for the National Guard during World War I.

On May 31, 1911, he married Ruth Moore at Payette. They came to Buhl in 1915 from Rupert to serve as pastor of the Buhl First Baptist Church. Later he worked as a postal agent for more than 37 years in Buhl, retiring in 1954. After this he again served as a minister in interim parishes.

He belonged to the Buhl First Baptist Church, Buhl; the National Geographic Society.

Survivors include his widow, Buhl; three sons, Clarence, 53, F and AM, and the National Geographic Society; and three daughters, Mrs. Charles Minion and Mrs. John McClain, both Saltburg, N. C.; and three grand-children.

Several Plans To Run For Legislature

BOISE (AP) — State Rep. Grady Brown, R-Mampa, will seek re-election and several others have announced plans to run for legislative seats in Brown's Idaho.

Brown says he will seek re-election for the House. Former State Sen. Alfred M. Derr said he planned to seek the Democratic nomination for House seat from District 15. Derr is a retired lumberman from North Idaho and had lived in Boise since 1960. He was the Democratic nominee for governor in 1958.

A Boise electrical engineer, Paul W. Worthen, said he would be a Canyon County farmer and state representative from District 16.

Benjamin C. Miller, president of the Farm Development Corp. of Boise, said he would seek the Republican nomination for a District 17 House seat.

A Canyon County farmer and educator, Seth Forsgren, has said he will be a Republican candidate for state representative from District 12.

Rolla F. Power of Boise, a former Idaho Power Co. accounting worker, has announced his candidacy for House seat from District 17. He is a Republican.

Camas County Reported For Filings

FAIRFIELD — Incumbent Camas County Sheriff Paul Cox, Republican, was one of those filing Tuesday, the last day.

Other Republican candidates filing include Lloyd F. Barron, senator from District 22; Dwight Osborne, chairman of District 22; and Robert Frostenon, precinct committeeman.

Other Republicans who have filed include Gwinn F. Rice, precinct committeeman; Robert A. Newhouse, prosecuting attorney; Sharon Crowe, treasurer; H. B. Howland, probate judge; Doug Hollowell, third district commissioner, and Arlin Ashmead, second district commissioner.

Democrats filing include Joe McCarty, chairman of District 22; Carl Gill and Fred Walton, precinct committeemen; Martye B. Warden, sheriff; Joe Cook, probate judge; Dr. Marion Kern, coroner; Edward Reagan, assessor; Loy Vanskille, treasurer; Lonzo Baldwin, second district commissioner; and Earl Wilgus, third district commissioner.

More Accidents

BOSTON (AP) — The executive director of the governor's Highway Safety Committee says its men, not women, who have the most accidents. James J. Stenford, Jr., told the legislative committee on Public Safety that in 1963 women who completed driver-education programs in Massachusetts had 10-40 percent fewer accidents than men. Men on the other hand, submitted between 7.7 and 20 claims for every 100 cars insured in 1966. He said, "Accidents caused by women drivers were one-third to one-half the number caused by men."

Rupert Man Honored For Saving Boy

RUPERT — Dennis Worth Nelson, Rupert, has been awarded the Carnegie Award for heroism and \$100 during ceremonies recently in Brower, Wash.

Mr. Nelson is credited with saving the life of a 6-year-old boy, Tony Huckleback, when he was trapped in his burning home last year. Tony's 4-year-old brother perished in the fire.

The awards meeting, sponsored by the Brower Chamber of Commerce, revealed that Mr. Nelson saw the burning building as he was driving by. He could see a child pressed against the living room window, but the front door was apparently locked, so he forced his way into the kitchen through a side door, fought his way to the trapped youngster and back outside.

This evidently was not enough time before the building completely exploded into flames to save Tony's brother, who was in the back bedroom and nearby in Brower, Wash. The Congressional Medal of Honor received for heroism in the Armed Forces.

Four Youths Face Trial In Burglary

RUPERT — Four Magic Valley youths have been brought to Fifth District Court following an arraignment Wednesday by Minidoka County Probate Judge LeRoy Blacker, during which they pleaded preliminary hearings. The four are charged with first degree burglary in connection with the break-in at Wynns Big O Tire in Paul, last month.

John Anderson, 19, Twin Falls; Mickey Barnes, 18, and Allen Meyers, 21, both Jerome; and Fred Suhr, 19, Paul, are presently in the custody of the Minidoka County sheriff in lieu of posting a \$1,000 bond each.

Taken in the burglary was about \$2,000 worth of tires. Officers said most of the merchandise has been recovered.

Wallace Certified For Nevada Vote

CARSON CITY, Nev. (AP) — George Wallace has been certified for the Nevada presidential ballot and his Independent American Party says it will hold state convention.

Secretary of State John Koonz said he sent a letter to Wallace informing the former Alabama governor that he had 8,000 certified signatures.

Wallace is on the ballot with name on the ballot.

Prices Boosted

SALT LAKE CITY (AP) — Dates in Utah have raised the prices of California raisins, and those selling to markets also have boosted the wholesale price.

Nebraska Primary May Give Candidates Clearer Idea

OMAHA, Neb. (AP) — Ne-writing in candidates in their Omaha's presidential primary. Cross Tuesday could give Nebraska Gov. Nelson A. Rockefeller and another, a factor in the Indiana Vice-President Hubert H. Humphrey, a clearer idea of their appeal.

Listed on the Democratic ballot are Sen. Robert F. Kennedy, winner of the Indiana primary; Sen. Eugene McCarthy and President Johnson.

An Associated-Press survey of delegate sentiment taken after President Johnson announced he would not run showed Humphrey stands to pick up at least as many delegates as Kennedy from the scramble. McCarthy, however, has more delegate candidates pledged or leaning toward him than either rivals.

Most Republican observers here would not pick Nixon, who pulled the late President John F. Kennedy in this state by 140,000 votes in 1960.

There is organized support for Rockefeller and Gov. Ronald Reagan of California. Neither is on the ballot and neither has campaigned in this state. Nixon predicted this week that his vote will equal that of Rockefeller and Reagan combined.

On the GOP ballot with Nixon are former Minnesota Gov. Harold Stassen, who won the Nebraska primary 20 years ago, and American Liberator, an ex-cowboy from Valentine, Neb. Neither is regarded as a serious contender.

The presidential preference primary in this state is little more than a popularity contest since delegates to the two national conventions are voted on separately.

Under Nebraska law, candidates for delegates may run as committed to a particular candidate or as uncommitted.

Several Plans To Run For Legislature

BOISE (AP) — State Rep. Grady Brown, R-Mampa, will seek re-election and several others have announced plans to run for legislative seats in Brown's Idaho.

Brown says he will seek re-election for the House. Former State Sen. Alfred M. Derr said he planned to seek the Democratic nomination for House seat from District 15. Derr is a retired lumberman from North Idaho and had lived in Boise since 1960. He was the Democratic nominee for governor in 1958.

A Boise electrical engineer, Paul W. Worthen, said he would be a Canyon County farmer and state representative from District 16.

Benjamin C. Miller, president of the Farm Development Corp. of Boise, said he would seek the Republican nomination for a District 17 House seat.

A Canyon County farmer and educator, Seth Forsgren, has said he will be a Republican candidate for state representative from District 12.

Rolla F. Power of Boise, a former Idaho Power Co. accounting worker, has announced his candidacy for House seat from District 17. He is a Republican.

Filings Are Reported For Camas County

FAIRFIELD — Incumbent Camas County Sheriff Paul Cox, Republican, was one of those filing Tuesday, the last day.

Other Republican candidates filing include Lloyd F. Barron, senator from District 22; Dwight Osborne, chairman of District 22; and Robert Frostenon, precinct committeeman.

Other Republicans who have filed include Gwinn F. Rice, precinct committeeman; Robert A. Newhouse, prosecuting attorney; Sharon Crowe, treasurer; H. B. Howland, probate judge; Doug Hollowell, third district commissioner, and Arlin Ashmead, second district commissioner.

Democrats filing include Joe McCarty, chairman of District 22; Carl Gill and Fred Walton, precinct committeemen; Martye B. Warden, sheriff; Joe Cook, probate judge; Dr. Marion Kern, coroner; Edward Reagan, assessor; Loy Vanskille, treasurer; Lonzo Baldwin, second district commissioner; and Earl Wilgus, third district commissioner.

Richfield Holds Athletic Event

RICHFIELD — Richfield high school athletic banquet Tuesday night honored 80 youths from the girls track team and boys track, basketball and football teams, coaches and faculty.

Coach Neil Anderson was master of ceremonies and gave a resume of the athletic program in Richfield.

Supt. F. R. Briggs gave the principal address of the value of athletics to the individual. Responsibility was given to Coach Cathie Flavel, Terry King, Allen King, Blair Sorenson and Richard Golococha.

Richfield's football trophy for 1967 was displayed on the banquet table. Placecards featured miniature emblems of football, basketball and track.

Mothers of team captains were invited to attend the banquet with parents of all team members donating for the annual dinner.

7 School Board Candidates Speak Out On Issues

Seven men seeking two Twin Falls School District No. 411 trustee positions in Tuesday's election all are in favor of providing good education for the district's students, but some have different ideas about how this should be accomplished.

The Twin Falls League of Women Voters, as a public service, questioned the candidates for the three-year terms on their ideas for improving education. The candidates in Zone 2 are the incumbent, Edward (Ted) Smith, who operates the Rogerson Restaurant; K. Stumph Jr., owner of the Dairy Queen in Buhl; and Dr. Marvin Stroppe, professor of physics and mathematics at the College of Southern Idaho.

Candidates in Zone 4 are incumbent Henry Colner, a farmer and teacher; Norman S. Heringer, branch manager for Western Signs, Inc.; Roland

(Rolie) Moore, program director for KTEF Radio, and Dr. Howard Ronk, a veterinarian.

The League of Women Voters asked each candidate, "What do you think are the most significant needs in Twin Falls School District No. 411, and how do you propose to meet them?"

The answers submitted by the candidates were:

Mr. Smith: "As a member of the board of trustees for Twin Falls School District No. 411, I would continue to support the programs which will broaden the scope and improve the quality of education being provided for students. This will be done through the employment of highly qualified personnel for both classroom instruction and administration. The physical plant and equipment will continue to be maintained in excellent condition to provide maximum use and benefit to all.

"Under these conditions, our students will graduate from Twin Falls High School more mature and better informed to plan and pursue their future in the world tomorrow."

Dr. Stroppe: "My primary interest is quality education for our children. To this end, I propose: 1. Proper utilization of present funds. (The general levy is now at the legal maximum of 30 mills.) 2. Wise use of that additional money which the legislature will likely appropriate. 3. Development of a modern, unified curriculum for grades K-12. 4. Continuing to seek well-qualified teachers by providing desirable working conditions. 5. A long-range plan for utilization of the waste water disposal facilities consistent with the growth of the district. 6. To both represent the public and keep them informed."

Mr. Stumph: "The needs of the district are, to put more emphasis on teaching the uniqueness of our constituents and form of government, (and) to emphasize more individual responsibility and less government control, and how the free enterprise system allows the individual to reach his maximum economic capability.

"I oppose the 10-year mill levy proposal. Without specific proposals of how this money is to be spent, it should be defeated. Instead, when we need new buildings, I favor the individual. We should oppose federal control and federal programs such as Headstart. The federal government has no right to forcefully take money from the 'haves' to educate the 'have-nots.' Education is a matter to be financed and controlled at the local level."

Mr. Colner: "I hope that we

can maintain and, perhaps, improve upon the high quality of teachers that we now have. As finances permit, we should strive to broaden and strengthen our program so that our young people will be able to compete effectively in our fast-changing world."

Mr. Heringer: "The most significant need of Twin Falls School District No. 411 is its ability to maintain and operate a teaching facility to offer the maximum opportunities possible for the children of the district. As a parent with children in our schools, I am interested in an educational system that offers a well-rounded program that puts emphasis in all areas of personal and social adjustment. Such a program requires equal opportunities in the sciences and arts. Well-qualified teachers look at our school district as the largest employers in Twin Falls,

and I strongly urge the people of this district to exercise their right through the ballot box to elect their representative."

Mr. Moore: "I don't believe our teacher problems are entirely monetary. Teachers, like everyone else, should be given individual incentives for devising better ways of doing things. I think there is too much suppression of ideas and initiatives in any school system."

"We need more emphasis on reading basics. Education is nothing more than understanding. If you can't read, Book Fees should be abolished. They are completely inequitable. I'm in favor of the two-mill plant facilities levy. If elected, I will listen well, search for facts, and do my best to make decisions of benefit to the entire school system."

Dr. Ronk: "The perennial

need of all school districts is adequate finances to maintain a salary scale which will attract and retain good teachers as well as to keep abreast of the needs of the district as far as physical plants themselves are concerned. I believe we need to retain a flexibility which will allow the employment of modern teaching methods and aids.

This will facilitate the constant upgrading of our educational standards and the most efficient utilization of personnel. I propose that we should meet these needs by careful long-range planning and by keeping the public constantly informed."

The League of Women Voters invites anyone with questions concerning the trustee or two-mill plant facilities levy to call Mrs. James Hughes, league education chairman, 733-0457, or the school administration office, 733-6900.

Rupert Sewer Plant Nears Completion

RUPERT—Work on Rupert's new secondary sewer treatment plant being built at the city sewer plant southwest of Rupert is now 75 per cent completed, according to city engineer Ron Klebe.

The new treatment plant, financed with city funds in the amount of \$120,000, and a federal grant of \$40,000, is essential for the city in order to comply with state and federal water pollution regulations. The plant will regulate the flow of

waste water to the river and eliminate pollutants.

Also under construction at the sewer plant site is a four-acre lake which will hold five million gallons of water within its nine-foot walls. The reservoir will be lined with asphalt.

City money for the project is from revenue collected from users. General contractors for the work is the city, and city crews are being used as much as possible to cut expenses.

At the new sewer plant, waste water will pass through a clarifier-digester to eliminate solids, then pass through the pri-

mary plant and into the secondary plant, or holding ponds, where it will be treated four days with aeration.

During the four-day period, according to Mr. Klebe, the balance of the waste materials in the water will settle. From the holding pond, the water will then be pumped back into the river.

Up until this time, Mr. Klebe explained, the waste water has gone directly to the river with-

out the final elimination of waste materials.

Construction on the secondary treatment plant began in March and is expected to be completed in June, depending on sub-water conditions.

Jackie D. June, 30, Heyburn, was fined \$100 by Burley Police Judge Roland E. Willis for driving on a suspended driver's license.

Douglas E. Reed, 31, 1351 Oregon Ave., Burley, was fined \$23 by Judge Willis for speeding and \$10 for improper passing.

Deborah J. Andrew, 17, Preston Apts., Burley, was fined \$23 by Judge Willis for speeding and \$5 for failure to pay fine as agreed.

Terry I. Etcheberry, 24, 211 W. 24th St., Burley, was fined \$15 by Judge Willis for stop sign violation.

Citizens Complete Action On State Legislative Objectives

BOISE (AP)—The Idaho Citizens Campaign Expenditures and Contributions Act applying to legislators and legislative candidates. A code of ethics would include consideration of ways to reduce or eliminate conflict of interest.

Other recommendations include: Legislators be paid annual salaries, plus expenses for sessions and committee meetings. They now receive per diem and certain expenses.

Legislative vacancies be filled by appointment by the respective political party committee of the legislative district in which the vacancy exists. The governor now fills such vacancies, and normally the persons chosen are of the same political affiliation as the chief executive.

The legislature "aburdons itself of internal regulations of local units of government" and enact general laws permitting cities, counties and other political subdivisions "to provide for their own local administration problems."

4 Seek Treasurer Post In Minidoka County Primary

By LIZ BOLTON
Times-News Correspondent

RUPERT — Minidoka county voters are assured of an active 1968 primary election with competitive nominations for commissioner in District 3 and for county treasurer. Four people seek the treasurer post.

At 5 p.m. Tuesday, deadline for filing declaration of candidacy, 18 petitions had been filed with county clerk August Bethke's office. In addition to 21 petitions for precinct committee.

Democrats having filed for candidacy for commissioner in District 3 are Wayne Hollenbeck and John W. Chase. Howard Hanks, who was appointed in April by Gov. Don Samuelson to fill the vacancy created by the resignation of Roy Kiesel, has filed on the Republican ticket.

There are contests on both tickets for county treasurer, the position now held by Clifford Hyde, who is seeking re-election. Clifford Nutting and Mrs. Mildred Culley seek the Democratic nomination and Mrs. Martin Norby and Anna Grace have filed for the GOP ticket.

Others seeking nomination are Donald Chisholm, GOP, for county prosecuting attorney, the position now held by Larry Duff, who is not seeking re-election; Gerald Morgan, Democrat, for state senator, the position now held by "Brooks" Oscar Arstén, Democrat, incumbent, and Steve Antone, GOP, for state representative in District 218.

Alex Roemer, Democrat, incumbent, and Ron Hawkes, former commissioner, GOP, both are seeking re-election. Incumbent Theo Johnson, GOP, sheriff, incumbent Claude Bowman, Democrat, assessor; LeRoy Blacker, Republican, probate judge; and incumbent Robert Walk, GOP, coroner.

Filing for precinct committees are Albert Dockert, Democrat, and Paul Ruppert, GOP, Acquia; Ruben Walters, Democrat, and Lucile Dickinson, GOP, Adelia; Riehnart, Grad, Democrat, Emory; Dorothy Eliason, and Carol Dayley, both GOP, Heyburn-1, the only precinct in which a contest exists. Leonard Barendsen, Democrat, Heyburn 2; O'Dell Smith Jr., Democrat, Minidoka; W. D. Curtis, Democrat, Ngard; Beverly Tauer, Democrat, Paul 1; Albert Asson, Democrat, Pioneer; Glen Hawkes, GOP, and August Martisch, Democrat, Paul 2.

Harold Colbert, Democrat, Rupert 1; Phil Bare, Democrat, Rupert 3; D. W. Smith, GOP, Rupert 4; and Grover Newman, Democrat, Rupert 5; Arthur Bonke, Democrat, Rupert 6; and Norma Ralls, GOP, and John McGill, Democrat, Rupert 7, have also filed for precinct committees. No one filed in Rupert 2.

Mr. Hollenbeck, one of the Democratic contenders for county commissioner, was appointed the public works administrator for the city of Rupert in January, 1967, but must retire from that position in February because of retirement regulations. He is a past member of the Rupert city council, and served as auditor for the county for four years.

Mr. Chase, who opposes Hollenbeck for the nomination, homebased south of Minidoka and has been vice-president and an executive board member of the nine-county Central 4-H Camp.

A Buckley High School graduate, Mr. Hanks, the GOP candidate for county commissioner, has lived in Minidoka county since 1952. He maintains a registered Angus cattle and has served as president of the Idaho Angus Association.

Clifford Nutting, one of the Democratic contenders for county treasurer, is a long-time Rupert accountant and past deputy tax collector for the Bureau of Internal Revenue. He is now in charge of the firm, in addition to his accounting firm, he maintains a small farm near Heyburn.

Mrs. Culley, whose husband is a teacher, has had previous experience as treasurer for the county when the county was in her name. In 1962 following the resignation of the elected treasurer, she has also served as clerk in the district court, auditor and recorder for the county for two terms, and presently works part-time as secretary for the County and Duff law firm in Rupert.

Having worked for three years in the county probate judge's office from 1965-67, Mrs. Norby, one of the GOP candidates for treasurer, is presently a secretary at Memorial School in Rupert. She worked as secretary for the school district for 11 years and has lived in the county for 35 years.

Mrs. Grace, the other GOP candidate and the first to file her petition, has spent most of her life in Rupert and is a former county treasurer. Prior to being elected treasurer in 1948, she worked at the telephone company for 10 years, resigning to become clerk of the probate court. She resigned the treasurer's position in 1962.

Mr. Chisholm is presently acting as deputy prosecuting attorney for the county Sheriff John

Artificial Kidney To Aid Those In Middle Income Brackets

By ROBERT KUESTERMAN
Associated Press Writer
Thousands of kidney patients die each year because they can't afford expensive artificial kidneys and can't find room in the new, overcrowded hospital treatment centers.
But a new, low-cost artificial kidney has been invented, extending life to those in the middle income brackets.
The new machine was invented by Dr. Willem Kolff, developer of the world's first artificial kidney, and after months of in-hospital testing at the University of Utah Medical Center, the new artificial kidney has been

approved for home use by the U.S. Public Health Service.
A young Sparks, Nev., housewife, Sandra Cremer, is the first patient to use the artificial kidney, officially known as the "Hemobaric Re-circulating Kidney."
Then we kidney, Hy-C for short, costs only \$700 compared with \$1,800 or more for most home kidneys.
But the real savings come in the coils through which the patient's blood circulates and is purified.
Manufactured coils cost \$20 and a new one must be used each time the machine is used—two or three times a week.
But Sandra and husband Jack

make the coils themselves for one or two dollars each.
It also uses a container molded at the Clearfield, Utah, Job Corps Center in the design of a rocket nose-cone.
"Unfortunately, other operating costs are much the same as for other home kidneys," said Dr. Frederic G. Brown, supervisor of the medical center's home treatment program.
The Hy-C still costs about \$4,000 a year to operate, compared with \$6,000 or more for other home machines and \$15,000 to \$20,000 annual cost for in-hospital treatment, he said.
Dr. Kolff, almost alone, has worked toward making the

equipment possible for everybody, Brown said.
"Nearly all other researchers have moved toward more automated and more expensive equipment," Brown said. "Just now we are trying to develop less expensive equipment."
Dr. Kolff's machine is the only thing keeping Sandra Cremer alive. Without it, Sandra, who has had one unsuccessful kidney transplant, would die within 10 days.
Sandra and Jack, who is a deputy constable, spent three of the four months she was in the University of Utah center learning from Dr. Brown how to use the machine.

"For a layman, it's quite complicated. There's a lot of basic medical technique that you have to master. We spent nine or 10 hours a day, five or six days a week, learning to use it," Sandra Cremer said.
The average person, particularly if he has major medical insurance, can afford to purchase and operate the Hy-C, Dr. Brown said.
But there are still too few machines and "our real limitation is getting enough facilities available to train people to use the artificial kidney," Brown said.
Funds were not the deciding factor, with the Cremers, how-

"We're so far in debt now, it really wouldn't have mattered of how expensive the machine was," Jack said.
"You don't have much choice. You take the first machine you can get. They're few and far between," he said.
Sandra has used the machine at home for three weeks. She must have a completely salt free diet and is limited to two cups of fluid a day.
Although she can never be gone from home for more than a day, and "about once a month my blood will get low and I'll have to go in for a transfusion," Sandra lives a relatively normal life.
"I feel great," she says. But then she and her husband

remember "sweating out" selection committees, in which a majority of patients are not chosen to receive treatment, but "just go home and die."
"I feel great," she says. But then she and her husband

Sheriff's Race Highlights GOP Ticket In Cassia

BURLEY — A three-cornered race for the Republican nomination for sheriff developed Wednesday in Cassia county with the late filing of Clarence Wright, former police officer.

Others seeking the post on the GOP tickets are incumbent Ray G. Mitchell, and LePage Layton, former sheriff.

With the close of candidate filing, races in the Aug. 6 primary are assured for treasurer, third district county commissioner, state representative and senator and a few precinct committees, all on the GOP ticket.

Sheriff Mitchell has served four years as sheriff, while Mr. Layton has been in law enforcement for 14 years, serving

as deputy brand inspector for the state in Cassia and Minidoka counties and as deputy sheriff under Saul Clark.

When Mr. Clark was appointed U.S. marshal, Layton was appointed to fill the unexpired term of sheriff and then served as Cassia county sheriff until January, 1961. For the past seven years he has pumped deep wells in Golden Valley, Cottonwood and Cedar canyon areas for Ore-Ida Foods, Inc.

The third contender for the GOP nomination, Mr. Wright, is presently manager of the department of recreation on North Overland, Burley.

Two Republicans have filed for the nomination for treasurer, Calvin Heiner and Shirley

Poulsen. The post currently is held by Mrs. Jeannette Chamberlain who plans on retiring at the end of her term. She has been Cassia county treasurer for more than 20 years.

Another three-way race has developed in the GOP nomination for the state representatives in the county. Incumbent J. Vard Chaburn, Albion, is opposed by Metz McMurray and James G. Martin. Lovell Turner has filed for the Democratic nomination.

Joe Preston and Clifford Darrington are vying for the GOP nomination for prosecuting attorney to oppose Edward G. Elliott, the only Democrat filing for the post.

In the final race in the county, Orvil Beecher, incumbent, is opposed by Orson J. Zollinger for third district commissioner. In district 2, John A. Clark, Oakley, is seeking reelection; unopposed.

James H. Rogers and Don Kuanu, both Republicans, have filed for legislative district chairman.

Other Republicans who have filed and are unopposed in the primary include Gordon Nielson, prosecuting attorney; R. G. Harper, Oakley, constable; Alma Clark, assessor; and Vern Carter, probate judge. Herman Bedke, Democrat, is seeking reelection as prosecuting attorney. He was the only Democrat elected to county office in the last election.

Precinct committeemen filing include Burley No. 1—Erich Rich, Merrill G. Robinson, Forrest O. Hill, all Republicans, and LaRae Williams, Democrat; Burley Precinct No. 2—Edward G. Elliott, Republican, and Edward G. Elliott, Democrat; Burley No. 3—Edna Church and David A. Craner, both Republicans, and Burton N. Nigle, Democrat.

Declo—Norman F. Hurst and Lloyd A. Blake, both Republicans, and Gus Engstrom, Democrat; Starb's Ferry—Mark Y. Dayley, Republican, and Herman E. Bedke, Democrat; Unity—Elna Martin and Rex Garratt, both Republicans; Oakley—John R. Adams, Republican, and Nelle Bedke, Democrat; Oakley No. 2—Lloyd J. Pickett, Republican, and Wilford Sagers, Democrat.

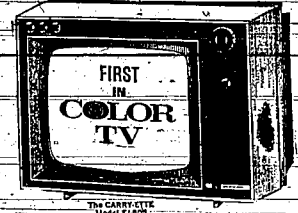

Burley No. 7—Ted R. Scofield, Republican, and Alta M. Fairchild, Democrat; Albion—Jay S. Cagle, Republican, and O. K. Redman, Democrat. Elba—Ruel Barker, Democrat and Bridge—Gary E. Fowles, Democrat.

Precincts in which only Republicans filed include Burley No. 4—Rex M. Hamblin; Burley No. 5—William J. Morgan; Burley No. 6—Gerald E. Wyant; Burley No. 8—Kirby D. Wilson; Parson—Mark Moorhead, Milner; Hagler-Yale—Lyle D. Woodbury; Pella—J. Spencer Black; Springdale—Clyde C. Wardle, and View—Elton G. Hatch.

Indian Tribal Justice May See Changes

PHOENIX, Ariz. (AP) — Indian judges in Arizona, New Mexico, Nevada and Utah have been told that Indian tribal justice may be in for some jolting changes. The judges were briefed Wednesday on the Indian rights provisions of the 3-week-old Civil Rights Act.

The new law gives Indians on reservations the same protection and privileges guaranteed to other Americans by the Bill of Rights.

Judge Yellow Hair, who presides over the Navajo court in Tuba City, Ariz., said his tribal court already complies with the general provision of the Bill of Rights.

Dancer's Image Will Be Entered In Preakness As Trainer Allowed To Stay

BOSTON (AP) — Owner Peter Fuller said Wednesday night he plans to run Dancer's Image, the disqualified winner of the Kentucky Derby, in the Preakness on Monday.

Fuller said he decided to go ahead in the race when he learned that his trainer, Lou Gehrig, can continue to handle his horse.

And Fuller told a news conference that he was heartened by what Churchil Downs said the purses cannot be distributed until after a hearing next Monday on the disqualification.

That he intends to fight, Fuller said.

"Right now there is no winner," Dancer's image has not been placed last and Forward Pass is not the winner.

"A large purse is hanging in the air down at Church Downs but it seems a lot better to me than it did when I was concerned," Fuller said he was concerned at the number of contradictions which have come out of racing officials in Kentucky.

"I have the feeling that these people are confused—they read statements and then they change them," he said.

The wealthy automobile magnate said he would not sue, however; that if Cavalieri for any reason is prohibited from saddling the 3-year-old colt, Dancer's Image will not run in the \$150,000 second jewel in racing's Triple Crown.

"He's innocent of any wrongdoing," Fuller said in an interview.

"He'll either go into the paddock with me and my wife on May 18 or the horse won't run. They're both champions. They're both champions."

Fuller said a hearing is scheduled at Churchil Downs next week into the disqualification of Dancer's Image because of a pain-killing drug found in the colt's system after last Saturday's race.

"The State of Ohio has just given us \$37,000 to continue our work," Dr. Tharp said. "We keep six out of the eight, standardized horses in our stables at all times for re-testing."

The tests are made by extracting 10 cubic centimeters of blood from a horse before a race.

Pre-Race Test Could Have SAVED Headache

NEW YORK (AP) — The disqualification of Dancer's Image in the Kentucky Derby would have happened if newly developed pre-race tests had been used, a leading track authority contended Wednesday.

"A pre-race blood test with which we have been experimenting for 10 years would have revealed the presence of this drug immediately," said Edward F. Hertz, president of the U.S. Trotting Association. "Dancer's Image would not have been permitted to run."

"The regrettable incident, costing the lives of a lot of people, would have been avoided," Dancer's Image, apparent winner of Saturday's Derby in Louisville, was disqualified Tuesday after tests showed traces of a pain-killing drug called phenylbutazone.

"It's a common drug—not a stimulant, used by a lot of humans for treatment of gout and arthritis—it cuts down swelling and inflammation, but it's not taken immediately after the race but it's results—because of the weekend holiday—were not made known until nearly 48 hours afterward."

This delayed shock could have been averted, Hertz said, if pre-race tests, which many horsemen contend is the safeguard against such drugging scandals.

John Galbreath, prominent Pittsburgh real estate developer, sportsman and owner of the Darby Dan Farms, is one of the breeders who has called the pre-race test "racing's missing link."

He has joined the Harness Racing Institute, the National Club of the Laurel, Maryland, and the State of Ohio in investigating—close to \$250,000—to test horses, both thoroughbred and standardized. Experiments are continuing at three harness tracks—Laurel, Raceway and Mid-America and Scioto Downs in Ohio.

Trials were carried on for a year at Roosevelt Raceway in New York before money ran out. The track's equipment was shipped to Ohio State University.

Pirates Edge Braves 4-3 In 14 Innings

ATLANTA (AP) — Roberto Clemente sailed fly ball to 14th inning over Atlanta Wednesday night.

Clemente, the third Atlanta pitcher, started the inning by walking pinch-hitter Gary Kolb. Many fans forced him to work a second when Marty Alou beat out an infield hit.

Wills and Alou worked a double steal and Wills scored on the play.

Pirates scored two runs in the eighth, tying the game 3, on a pair of singles, two wild pitches by Atlanta starter Phil Minton.

Fight Marks Yankees' Win Over Indians

NEW YORK (AP) — A ninth-inning double by Andy Gibbon and a single by Jake Gibbs gave the New York Yankees a 2-1 victory over the Cleveland Indians Wednesday in a game marked by a near free-for-all fight.

Gene Michael, Yankee shortstop, and Tony Horton, Indians first baseman, threw punches at each other around first base in the fifth inning and for a while the fight raged both times might join the melee.

After about 10 minutes peace was restored. Both Michael and Horton were ejected from the game and the Indians' starting pitcher Steve Largent, finished the inning but was then removed for a pinch hitter.

The rumpus started when Horton apparently tagged Michael too hard on a pickoff attempt.

Michael swung and the two exchanged blows. In the confusion, Horton pulled Michael from the right on the club. Michael almost knocked down his coach, Whitely Ford, before he could be subdued.

The Indians scored in the first inning on consecutive singles by Jose Cardenal and Chico Salma and two infield hits on the second when levelled score in the seventh. After Tom Tresh had beaten out an infield tap and Gibbs had sacrificed him to score, Bobby Co. lined a double past Leon Wagner in right field, scoring Tresh.

Phil's Strike Late, Thump Redlegs 6-2

CINCINNATI (AP) — Bobby Phil's three-hit home run clinched a 6-2 victory for the Cincinnati Reds Wednesday night.

After Johnny Callison's lead-off homer tied the score for the Phils, Rich Allen followed with a single, Mike Ryan singled, and Mike Ryan singled, putting the Phils on top. Then Phil followed with his home run.

The Reds, trailing 1-0 from the start, took the lead from the bottom of the eighth when Alex Johnson opened with a double and rode home on Tony Perez's single. Perez raced home with the ahead run when Lee May doubled.

Pete Rose went hitless for the Reds, ending a consecutive game hitting streak at 23.

Broncos Sign Up Four Free Agents

DENVER (AP) — The Denver Broncos of the American Football League signed four more free agents, bringing to 41 the number of players in that category.

The team's first tight end Dave Washington, 27, from Southern California—linebacker Stephen Speers, 20, from Temple; end Ron Porter, 22, of Norfolk State and defensive tackle Tom O'Brien, 22, from Portland State.

Both Washington and Porter were on the Dallas Cowboys' roster for a time. Speers was the property of the Los Angeles Rams for one season.

Rockets Confident Two Draft Picks Make Team Respectable

NEW YORK (AP) — The San Diego Rockets aren't going to fret next season the way they did last year, General Manager Coach Jack McHale confidently predicts, now that they have Elvin Hayes and John Q. Trapp.

Hayes, a 6-foot-7 forward from Nevada Southern picked as the first choice by the Rockets in May Tuesday when the National Basketball Association resumed and Milwaukee tapped Eugene Moore of the New York University college players.

Later, the New York Knicks' draft's opening round was selected Don May of Dayton, held five weeks ago when the Rockets chose Houston's Hayes—last National Invitation Tournament—picked him to a long-term contract. Milwaukee took Sam Wiley, a 6-foot-7 guard from Westley—Unsel—of Louisville—regarded as player—Philadelphia another All-American.

The draft resumed with the second round which, by prior agreement, was restricted to the bottom three clubs in each division, plus the circuit's newest teams, Milwaukee and Phoenix.

San Diego improved its record to 14-17 Tuesday night.

Earl Wilson got credit for the victory with ninth inning help from Jon Warden, Northrup's running, diving one-hand catch of Brooks Robinson's eighth-inning drive off a bases-loaded Oriole threat and Warden stopped the Orioles in the ninth.

Willie Horton belted a pair of singles and drove, in a run as Northrup's second straight after winning eight in a row.

Carlton And Cards Blank New York 2-0

ST. LOUIS (AP) — Left-hander Steve Carlton fired a four-hitter and got a clutch catch from Mike Shannon easing the St. Louis Cardinals past the New York Mets 2-0 Wednesday night.

Dick Simpson and Dal Maxvill led off the third inning with singles. Carlton then weighed in with a single to score one run.

The runners advanced on an infield-out and Julian Javier rapped a hit off loser Al Jackson and apparently drew in both runners.

But the Mets appealed that Carlton had missed third base and umpire Doug Harvey upheld the appeal. That took away one run from the Cardinals and an RBI from Javier.

The Mets had one hit until Greg Grosser singled in the seventh. That was the only inning that saw Carlton in trouble.

Sadecki Hits, Hurls Giants Past Houston

HOUSTON (AP) — Pitcher Ray Sadecki's second double in the game lifted a two-run ninth-inning rally that gave the San Francisco Giants a 2-1 victory over Houston Wednesday night.

Sadecki, 42, held the Astros hitless until the seventh inning and yielded just two hits until he gave up an extra-inning hit from Frank Lizzy and Joe Gibbon.

Sadecki doubled to right center leading off the ninth, took third on a sacrifice bunt by Gibbon, and scored the go-ahead run on a single by Willie Mays, which chased Astros starter, Larry Dierker.

A's Hunter Blanks Twins 4-0 With Perfect Game

OAKLAND (AP) — Jim Rice, the pinch hitter had fouled off five straight pitches.

Locked in a scoreless duel with Minnesota's Dave Boswell, Hunter gave himself all the offensive help needed with a run-scoring bunt single in the seventh.

In the eighth, his two-run single capped a three-run wrap-up for the A's.

Hunter, who signed with the Athletics for a \$175,000 bonus in 1974, was 15-17 last year and missed a month because of appendicitis. He came into Wednesday night's game with a lifetime record of 32-38, including a 2-7 mark this season.

It was the first no-hitter ever hurled by an Oakland pitcher. The Athletics, who moved into West Coast city this year from Kansas City, have not had a no-hitter since Bill McCahan threw one against Washington on Sept. 3, 1947, when the club was still in Philadelphia.

Mrs. Kincaid Gives Program For Area Club

KING HILL — The technique of Japanese Embroidery was explained by Mrs. Richard Kincaid recently at the home of Mrs. Walter Schumacher at the First Baptist Church when members of the Glenns Ferry Worthwhile Club met. Mrs. Kincaid was co-hostess.

Seventy-four members brought their kits to work on and Mrs. Kincaid showed how colors, thread and color combinations work together for the artistic picture.

Mrs. Schumacher, president, announced the Baptist Youth Fellowship has been available to members who want to use the hall as hosts to club meetings.

Mrs. Kincaid announced that Jill Taylor, daughter of Mr. and Mrs. Norman Quinn, has been selected as a teen candidate for the Elmore County Fair to be held in August.

The group discussed various ways to raise funds to help send the Elmore County Council president to the Elmore County Convention at Coeur d'Alene in October. Members were asked to bring their ideas for this fund-raising project for the June meeting.

Members voted to give a booth at the county fair and to exhibit their extension work. The booth will be sponsored by the Elmore County Council and club members.

Mrs. Schumacher showed a table arrangement made of drilled wood and books were distributed showing the different arrangements that can be made from any shaped piece of driftwood.

Refreshments were served by Mrs. Schumacher.

DUP Officers Are Installed

VFW Observes Loyalty Day With Buffet Dinner, Dance

In observance of Loyalty Day this year, Veterans of Foreign Wars and its Auxiliary served a sea food and chicken buffet dinner at the American Legion Hall.

Officers of the Ladies Auxiliary were Keith Scott, Rigby, department commander; Clifford Mitchell, Glenns Ferry, senior vice commander, and Bill Willmoise, adjutant quarter master, accompanied by their wives. Of special interest at the event were Mrs. Bobby Anderson, headquarters, president, and Mrs. Betty Deabold, Kendrick.

Loyalty Day was started by the Veterans of Foreign Wars in 1930. In 1958, Congress passed a law making it a "special day for the reaffirmation of loyalty for the recognition of our heritage of American freedom."

Besides helping with the dinner, the auxiliary has mailed four packages to overseas veterans as a Loyalty Day project. Music for dancing was provided by Ray Crumbliss and The Saints.

REBEKAH — Rebekah Club will hold its birthday luncheon May 17 starting at 1 p.m. at the IOOF Hall. Hostesses are Mrs. Glen Journey, Mrs. Delene Alban, Mrs. Sophronia Roach and Mrs. Catherine Roberts.

Fillers, Poems Related During League Meeting

Each member related a filler or short poem when the Twin Falls Chapter of Idaho Writers League met recently at the Idaho Power Auditorium.

Mrs. Everett Hagar, Kimberly gave the program on "Clubs." Mrs. Virginia Ash, Buhl, discussed "Selling for Money" and suggested each member read a dictionary for 10 minutes each day.

Mrs. Harry LeMay, Hagerman, read her winning manuscript, "Bone Deep." Her manuscript was the state winner in the State Idaho Writers League contest.

Publications were reported by Mrs. Hagar, Mrs. Pearl Campbell, Mrs. Olive Kelley and Mrs. Ethlyn Wainwright. Refreshments were served at the Downtown.

INSTANT COFFEE — Try making instant coffee this way—and no one will believe it's not ground coffee beans. Bring water to a boil, then put instant coffee in the water. Let the water come to a boil again until bubbles come to the top. Immediately turn off the fire. Let coffee sit a minute or two and then pour. The second boiling is the secret.

VERA'S FLOWERS ARE BLOOMING Under the peppertree ON THE BOULEVARD IN LYNWOOD

Dear Abby

By ABIGAIL VAN BUREN
DEAR ABBY: I have been receiving financial help from a married man who happens to be my boss. He is also my Number One boy friend. He says he loves me, and the only difference between our relationship and marriage is that he has to get up and go home.
 I love him in a way, but a girl gets awfully tired hating all the times I would like to be able to get dressed up and go out with my man where I can see people and they can see me. And I would eventually like to be married.
 Other men have asked me out, but I don't dare accept because I might get back to my boss. What can I do?
 Am I destined to be stuck with this man behind closed doors for the rest of my life because I have accepted financial help from him? How does a woman get off this kind of merry-go-round?
DEAR TRAPPED: She walks out of his office and out of his life and finds another job. Then she supports herself without "help" like millions of other self-respecting women do. And if she's wise, she moves out of the city and leaves no forwarding address. All a girl gets from the kind of merry-go-round you're on is a brass ring. Try for a gold one.
DEAR ABBY: I am in junior college and my parents have been divorced for over a year. I am an only child and I live with my father. We get along fairly well with one minor exception.
 My father used to come home from work at 5:30 p.m. Now he doesn't come home until 10 p.m. or even later. I am glad he is going out socially, but I think he should tell me how late he intends to be and where I can locate him in case he gets a business call.
 Dad says he is a big boy now and can take care of himself. I realize that, but I still think he should let me know where I can reach him at times. Dad says if he knows where I am, I want to know his whereabouts more out of nosiness than anything else. This is not true, Abby? Worried Daughter?
DEAR WORRIED: No. Obviously your father prefers his privacy to any possible advantages of being located during the evening for business reasons. It's his privilege to do as he pleases too hard.

DEAR ABBY: How important is a wedding ring? After many years of happy married life, my husband stopped wearing his wedding ring. I let it go for several weeks, hoping he would start wearing it again, but he didn't. I finally asked him why.
 He said he didn't like to wear it to work. Even if that were the reason, shouldn't he afford me the courtesy of wearing it on week-ends when we are with friends and relatives? I've reminded him several times, but it hasn't done any good.
 I thought of leaving my wedding ring off, too, thinking, "What's sauce for the goose is sauce for the gander," and vice versa, but then I decided, "What's rotten for one is also rotten for the other." Got any suggestions?
DEAR DEBATING: You don't say what kind of work your husband does. If he works around machinery he has a legitimate reason to leave his ring at home. And as for his wearing a wedding ring at other times, if you have to remind him repeatedly, it's not so much "courtesy" as a "command." If I were you, I'd wear mine, and skip it.
 Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.

State Land Board Acts On Proposal In Special Meet

BOISE (AP)—The Idaho State Land Board Tuesday acted on one proposal before it for nearly two years, as well as other unfinished business, in a special meeting.

Idaho Land Commission member Gordon Trombley was directed to consult applicants to purchase 1,700 acres of state land north of Payette Lake to arrange a sale plan to eventually return the property to the state.

Development of the area for summer homes and recreational uses was proposed nearly two years ago by four businessmen: Warren Brown and William Payton, both of Mc Call, and Wank Stein and J.R. Simplot, both of Boise.

Conservationists opposed the sale, saying such use would contribute to pollution in the lake and that the land should be kept in public ownership.

"I can't see where the state can get the money to develop this land in the next 100 years," said Gov. Don W. Samuelson. He told other board members that \$5 million would have to be spent in draining the swampy area and filling the land—which he termed a "mosquito swamp"—before lots would be sold.

Forest Chief Addresses Burley Meet

BURLEY—Activities in the Sawtooth National Forest were discussed by Max Reese, Twin Falls area supervisor, during the Monday luncheon meeting of the Burley Chamber of Commerce at Bryar's Cafe.

There are 154 national forests in the United States and the Sawtooth National Forest is one of 18 in the Intermountain area, he said. The main purpose of the administration of the national forests is the management of public lands.

The areas of management are range, wood, water, forage, wildlife and outdoor recreation. Livestock grazing of cattle and horses cover the national forest during the summer. Timber is cut on bids and most of the time new trees are planted in the clearings.

The high country is used in the winter for skiing and other winter sports, as the snow melts the runoffs are used for irrigation water. Grazing and food for the various wildlife is watched closely by the forest service.

The national forests are used summer and winter for outdoor recreation. Hiking, horseback riding, picnics, water skiing, snow skiing and snowmobiling are just a few of the outdoor recreation uses, Mr. Reese said.

He was assisted by Merlin Stocks, Cassia County forest ranger, in showing slides on forest areas.

Merlin Don Norton reminded chamber members of the Music Week concert to be held Saturday evening at Burley High School auditorium, sponsored by the Burley Music Club.

Mack Cronch announced National Forest Week is May 19-22 and plans to bring a group to observe the week in Cassia and Minidoka Counties.

Tavern Burns

Buhl—The Log Tavern, located two miles west of Buhl on Highway 30, was destroyed by fire early Monday morning. Cause of the fire was not determined, but firemen said the blaze started in the furnace room, located in an addition to the main building.

Rex Fairchild, owner, was not home when the fire broke out. Buhl Fire Chief Lee Morrow said the blaze was reported by an unidentified caller. The Twin Falls mutual fire truck and Buhl firemen answered the call.

AP Survey Examines Reasons For Farmer-Housewife Dilemma

EDITOR'S NOTE—A survey conducted by the Associated Press-Managing Editors-Association found an apparent contradiction—complaints that food prices are going up and complaints that farmers' income is going down. This article examines the reasons for the situation. It is the last in a series of Editor-to-People Survey stories told for afternoon papers.

By EDWINA B. DE MOCH AP Business Writer

CHICAGO (AP)—If happiness is low for the farmer and housewife and high crop prices for the farmer, there are plenty of unhappy people around.

The homemaker's complaint about high food prices and the farmer's lament over low income beat a melancholy tune. How can both be true? The answer is both simple and complex—simple in that the reasons are easy enough to pinpoint and complex in that the fiddle has so far defied solution. Here are the basic factors:

The farmer normally cannot choose the time when he will sell. He usually has to sell at harvest—and, pretty much at the offered price—or his crops spoil.

The cost of the middleman has risen sharply. This covers all the processing, packaging, and distribution—that makes your table. The farmer and the purchaser pay these increased costs.

Buyers have become more selective. They want better foods prepared better. And this costs more.

Federal farm policy has, at times, created problems for the farmer.

Take the grain situation. In 1967, for example, Secretary of Agriculture Orville L. Freeman, saying he feared a world shortage, asked farmers to produce more grain. So they bought more seed and more fertilizer and used more machinery and labor for harvesting. The farmers' costs thus went up.

They produced record yields: 4.7 billion bushels of corn, 1.5 billion bushels of wheat and about 1 billion bushels of soybeans.

But while the crops were still in the ground U.S. exports start-

ers because of their convenience. They cost more to produce and more to buy.

The federal government's cost of living index—which food is a part—has risen over the past six months at a rate of 4 percent a year.

In 1967, the rise was 3.1 percent. This meant that in 1967 it cost \$11.82 to buy the goods and services one could get for \$10 in 1967-69.

Figures from the Bureau of Labor-Statistics show that the food a housewife bought in 1957 for herself, her husband and two children cost \$25 a week. The bureau's weekly figure for now: \$28.55.

The farmer's problems are revealed in another set of statistics which show steadily increasing gross expenses for farmers and net income that has not kept pace with these increases. All figures in billions.

Year	Net Income	Expenses

Freeman, speaking at a farmers' convention in St. Paul, Minn., late last year, shouldered some of the blame for federal policies that aggravated farmers' problems.

"If there is anybody to blame about low prices to the farmer, it's me," he said.

SUIT PREFERENCE SIGNAL NEEDED

Why didn't South use Blackwood today's hand to check for aces? The reason is that you never see the hero of a Western movie jump into his modern car and ride off into the sunset. Today's hand was played before Easley Blackwood had invented his convention.

club lead, South had jumped to the slam without any top spade honor but the ace. He had shown up with a heart loser. It would be most unlikely that he would bid a slam with a possible trump loser and without the ace of trumps.

Today we would not find South in that slam contract, but if he did get there, another modern invention called the suit preference signal would enable East to tell West what to lead.

East would play his queen of hearts on West's ace. West would see that East could not possibly want a heart continuation. Therefore, that high card, the queen of diamonds, would be calling for the lead of the higher outfit. Diamonds are higher than clubs. West would lead a diamond.

A word of warning is necessary here: The suit preference signal is fine but don't carry it to absurd extremes. Most of the time, you play a high card to ask partner to continue his suit or a low card to ask him to shift to another one—and that other one is not necessarily the lower of the suits you must choose between.

Hands like this one made some quantitative method of asking for an essential of successful bidding.

This hand is not shown for that reason but because South had no trouble making his slam in spite of missing two aces.

East played his deuce of hearts, and West studied what to lead at trick two. He shifted to a club, whereupon South proceeded to duck trumps and eventually discard his jack of diamonds on dummy's king of hearts.

We don't think much of West's

Q—The bidding has been: West North East South 1 4 Dble. 3 You, South hold: ♠ 10852 ♥ 2 4 4 What do you do? A—The answer is still to redouble.

TODAY'S QUESTION

You redouble. West bids two diamonds, to his bid of one and spades and East bids three diamonds on dummy's king of hearts. What do you do now?

Gift Suggestions For A Girlfriend

DEAR ELE: My girlfriend's on these two-and-on-and-on birthday is coming up and I'd and on... I know I could walk like to give her something more original, but that doesn't change creative than a record album thing.

Basically all of the girls are nice people, they just get up over little things and then there's a feud and another feud. Can you give me an annual art print or photography suggestions to change things? I'm I being idealistic?—Winona.

DEAR WINONA: Save the best for last. Instead of a technology or assemble your own variety with each of the prime small library of paperbacks to soreheads and ask them to tell you in complete detail what they like to read. Buy her a recorder (the small woodwind), Kaleidoscopes, a set of wind chimes, a care-package of one of your favorite snacks or fashion magazine subscription. Exposing their feelings to your intriguing light will show some of their reasons for hatred are ridiculous—and if you can get them to see that, the pressures in your club will start to de-escalate.—ELE

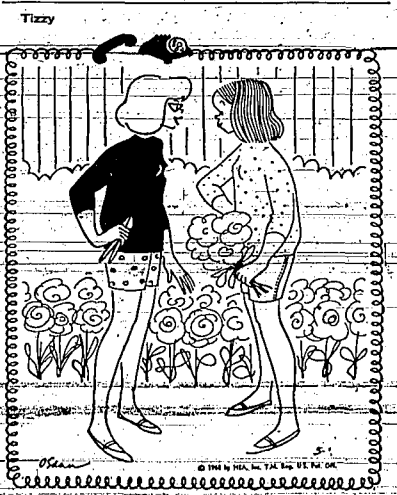

SECOND FIDDLE

DEAR ELE: What does a girl do when her boyfriend thinks her second to his friends? I don't think I'm overly jealous or possessive, but Craig always rates his friends' desires over mine. I am supposed to be open to him to catch up with you when the next door directly inside the first or can you open the door to the next door? The crowd and the boys lets you get on first and then squeeze in, must he still get you get to the front line to an operable if he's exit first?—Millie

DEAR MILLIE: (1) Yes, but tell your date your intention first. I could go on and on but I'm more comfortable in this mob if I'll follow could see I was with you. (2) Skip the Victorian "helpfulness" and open the second door yourself. (3) In crowd-and-get-the draw-on them next good manners by making things as easy as possible for the concerned. Thus, he enters second but exits first. Memorized rules come second to common sense.

INTERNAL DISORDER

DEAR ELE: Our club is full your of-queens. This group of girls hates that group. These four eat to take on a steady girl.—ELE
