Blaze Destroys Newly Remodeled Bowling Alley

KETCHUM — After being closed for three weeks because of extensive redecorating and remodeling, the Sun Bowl, an eight-lane bowling alley with dining room and snack bar, was all ready to be reopened on Tuesday.

Mr. and Mrs. M. H. Esterhold, owners, worked until 11 p.m. Sunday to complete touches on the establishment.

But sometime during the night fire of undetermined cause broke out at the place and when reported at 3:15 a.m. Monday by passing tourist driving on highway 28 about four blocks away, the blaze was so far advanced Ketchum volunteer firefighters "didn't have a chance" to stop it, Fire Chief Charles Atterbury said.

Damage was estimated to be in excess of \$220,000, Mrs. Esterhold said, adding the loss is partially covered by insurance. Only the cinder block walls and the circular fireplace which was in the Sun Bowl's dining room are left standing in the charred debris.

Firemen stayed at the site until 10:30 a.m. Monday to patrol the blaze.

The flames endangered the Alpine Villa Motel, owned and operated by Mr. and Mrs. Carr, about 200 feet across the road. The Carrs said they kept the roofs of their units wet to prevent their catching fire.

The entire front of the Sun Bowl was of glass and this was blown out by the force of the fire. Mr. Atterbury said 13 of the 25 volunteer firemen at Ketchum fought the blaze.

In addition to the eight-bowl lanes, the Sun Bowl had a dining room, snack bar and pool rooms for ping pong and pool.

The Intermountain Gas Co. also had its office in the building.

During the remodeling, the lanes had been resanded and the entire establishment renovated. Mrs. Esterhold said they had previously had some difficulty with the electricity in the building, but during the remodeling an electrician had inspected the wiring.

Mr. Esterhold had turned on all the switches Sunday night in preparation for the arrival of meat ordered for the opening of the eating facilities Tuesday.

Burley Crash Is Fatal For Seattle Youth

BURLEY — A Seattle college student, who was hitchhiking a ride through the area in a truck involved in an accident on Interstate 80N last Thursday, died Sunday at Casita Memorial Hospital of injuries received in the crash.

Richard Wayne Boreman, 20, the crash victim, and Timothy Ford, 21, Bellevue, Wash., were riding in a truck operated by Ronald G. Ball, 27, Salt Lake City.

Priest Has Transplant

By The Associated Press
A Paris hospital said today a patient was in excellent condition after a heart transplant Sunday, and medical sources identified him as a 45-year-old French Catholic priest who had a 30-year heart ailment.

At the Pasteur hospital where three transplants were performed in one week, one of the two surviving patients was in excellent condition and the other was in "improving" condition and the other was in excellent shape.

France's other two heart recipients were in good condition. Four heart recipients survive in other nations.

Voting

Voting for school trustees is being held in seven Magic Valley communities with polls open until 7 p.m. in most communities.

Allies Crush Thrust Of Saigon Attack

By GEORGE ESPER
SAIGON (AP) — The U.S. Command says allied troops have crushed the main thrust of an unbridled offensive by Communist irregulars and South Vietnamese army soldiers, U.S. headquarters said. A C-130 can carry about 100 troops.

The camp, with about 400 defenders, came under attack Friday. Headquarters said preliminary reports showed 89 wounded, but no figures on South Vietnamese casualties.

Troops of the U.S. 104th Light Infantry Brigade moved in to cover the withdrawal, and military spokesmen said more than 300 enemy soldiers were estimated to have been killed. They said an unknown additional number were killed in massive air strikes, including massive strikes near the camp by Air Force B-52 bombers Sunday night and today.

U.S., Vietnam Challenge One Another To Scale Down War

COLLEGE OF SOUTHERN IDAHO graduates listened to a 200 graduates in academic and vocational fields were the University of Idaho, made the featured speech at commencement exercises at Twin Falls High School gymnasium.

Second Class Graduated By CSI

More than 2,000 persons watched the second class of Southern Idaho graduating class receive diplomas Sunday afternoon at Twin Falls High School gymnasium.

Featured speaker was Dr. Ernest Hartung, president of the University of Idaho. The head of the university at Moscow outlined the history of student representation on the board of trustees and administration.

Dr. Hartung expressed the feeling that there "ought to be a procedure where students could protest to and the faculty and administration should listen."

He told the 200 graduates it is a challenging time for youth because of the fact that youth are being asked to listen to anyone 30 years of age or over.

and that that age level probably will be reduced as a result of the growing number of students under that age.

James Shilcutt, Buhl, member of the CSI Board of Trustees, made the welcoming address. He noted that the "stockholders (taxpayers) in the College of Southern Idaho should demand themselves a dividend."

He said that as he looked over the graduates and "reviewed" progress of the college, there was no question but that it had made money.

The graduates and faculty who were in the procession and recessional were seated in chairs on the gymnasium floor. Spectators nearby filled the bleachers to watch the afternoon proceedings.

Taking part in the proceedings were Dr. James L. Taylor, CSI president; Buhl-Christen-Church-David Perkins, dean of students and Orval Bradley, director, vocational-technical school.

College of Southern Idaho trustees also were seated on the platform.

Following commencement reception for graduates, their friends and families, was held in the high school cafeteria.

Dr. Taylor reported Monday morning that following graduation Ralph Harman, Buhl, assistant professor of English at CSI, died at his home of an apparent heart attack. He is taking part in commencement.

Rev. Abernathy Drives Stake To Open "Resurrection City"

WASHINGTON (AP) — The Rev. Martin Luther King Jr. drove a symbolic stake to open the "Resurrection City" of the Poor People's campaign today, with a crowd of 500,000 gathered and chanted "freedom" with every blow he struck.

Dressed in blue jeans and a denim jacket, Abernathy pounded Sunday a small hammer on a 2x4 on the grassy mall between the Lincoln Memorial and the Washington Monument.

His stake-driving signaled the start of construction of shelters that will house some 3,000 campaign demonstrators during their visit to Washington.

Abernathy is head of the Southern Christian Leadership Conference.

Before the ceremonial stake driving, he reminded the crowd that the campaign would be non-violent.

He also said "We will plague the pharaohs of this nation with plague after plague until they decide to give us jobs."

"We are not going to destroy any person or property," he said, but added that all he could promise.

"We will be here in Washington until the Congress of the United States and the leaders of the various departments of our governments decide they are going to do something about poverty and unemployment and under-employment and under-employment," he said.

"We are tired of living with rats and roaches while a few people live in mansions with wall-to-wall carpeting."

Higher Teacher Salaries Top List Of Urgent Needs Set By Task Force Unit

BOISE (AP) — A group of Idahoans charged with evaluating Idaho education needs and recommending ways to meet them completed its work Saturday.

And higher teacher salaries topped the list of "urgent" needs.

The Idaho Task Force Commission on Education, headed by B. Burns Beal, a Public Utilities Commission member and former state senator, adopted final recommendations.

They must now be approved by the committee's parent body, the advisory council of the eight-state project on designing education for the future — and the State Board of Education before they are sent to the Idaho Legislature.

In them, Idaho lawmakers were asked to use any means possible, including necessary tax increases, to meet several high-priority needs in the next biennium.

Higher teacher salaries topped the list. Idaho teachers currently average nearly \$500 per year less than the lowest average in a nearby state.

Both Sides Pledge Settlement Efforts

By JOHN M. HIGHTOWER
PARIS (AP) — The United States and North Vietnam challenged each other today to take new steps to scale down the war in Southeast Asia. Both pledged serious efforts to find some basis for a peaceful settlement.

Ambassador Xuan Thuy of North Vietnam, who spoke first at the opening round of substantive talks called on the United States to end the rest of the bombing and "all other acts of war" against his country, but did so in words softer than expected. He made no threat of breaking off the talks if the demand is not quickly granted.

Let us begin by pulling the cord," Ambassador W. Averell Harriman, asked for some sign of military restraint by North Vietnam that would meet the President's request for a de-escalation response to his March 31 ban of part of the bombing. What actually has happened, he said, is that North Vietnam has moved "substantial and increasing numbers of troops and supplies from the North to the South."

U.S. officials expected a blast from Thuy and they were not surprised when they got it. He committed "a major step" in the South Vietnam as aggression in South Vietnam and said the more it was defeated the more cruelly it responded by increasing attacks and sending in troops.

At the same time, he said he and his delegation had "come here with an attitude which is serious and full of good-will." Harriman opened his statement by saying the United States rejected many points serious efforts to find some basis for a peaceful settlement.

He promised restoration of the familiarized zone between North and South Vietnam as a buffer free of military forces be made "an important test of faith on each side."

"We believe the demilitarized zone should function as a genuine buffer," Harriman said.

Thousands Strike In French Protest

By LOUIS NEVIN
PARIS (AP) — Tens of thousands of students and workers marched across the heart of Paris today in a protest against the U.S. and North Vietnamese delegations to the Vietnam peace conference.

They protested police methods that to break up last week's student riots.

But the strike, though disrupting most public services, was only "partially successful" against the banning of the nation's four major labor federations.

Police stayed clear of the marchers, organized to the best of their own ability to cycle outsiders to keep order. They carried banners that said, "Down with Gaullist repression!" and "Students will show the way."

The demonstration and strike were called by the student union in Paris, who also demanded in their 10 days of demonstrations, which often turned the Latin Quarter into a no-go area.

Humphrey's Backers Are Claiming Seven State Convention Victories

WASHINGTON (AP) — Vice President Hubert H. Humphrey's backers are claiming seven state convention victories in a row in his bid to pick enough delegate votes for the Democratic presidential nomination.

They said today Humphrey has a minimum of 169 pledged delegates after victories in Arizona, Alaska, Maryland, Delaware, Nevada, Wyoming—and Hawaii where party officials say he got at least 20 delegates elected Sunday night.

Humphrey's chief lieutenants—Sens. Walter F. Mondale and Fred Harris—had said earlier they think they have 1,100 of the 1,312 delegate votes needed for nomination at the Democratic National Convention.

The 1,100 figure was an estimate of delegates the backers were, Nevada, Wyoming—and

not delegates pledged by state party organizations in Louisiana and Democratic delegates will be selected in Maine.

The West Virginia primary—day in the Nebraska primary where he has strong support among delegate candidates whose names are best known in the state.

But the major focus in Nebraska will be on the race between Democratic presidential rival Sens. Robert F. Kennedy and Eugene J. McCarthy, the only major announced Democratic candidates on the ballot.

McCarthy said after Indiana's primary last week that Nebraska would offer the face-to-face contest Indiana, did not because of the favorite-son candidacy of Gov. Roger D. Branigan.

Nebraska Gov. Norbert T. Tiemann, a Republican, said he thinks Humphrey will get a substantial write-in vote.

Tiemann also said he expects Republican presidential candidate Richard M. Nixon to get 70 per cent of the vote. Rival New York Gov. Nelson A. Rockefeller's supporters are seeking write-in votes and California Gov. Ronald Reagan, a favorite-son candidate, will be on the ballot.

The Nebraska primary highlights a week of political activity in which six states will name 95 delegates to the Democratic convention and 56 to the Republican convention.

Aside from primaries in Nebraska and West Virginia, Republican delegates will be selected by party organizations in

Cassia Holds Bike Safety Inspection

BURLEY — Countywide bicycle safety project has been completed at Burley by students in grades 3 through 7 taking part in a total of about 2,000 students receiving certificates.

The program was sponsored by Cassia County Extension Homemakers working through county school system.

Bicycle safety program included written test, safety inspection of bike, bike riding and annual inspection certificate on completion signed by Gov. Don Samuelson.

Directing the project were Mrs. Garland Markham and Mrs. Duane Glaseman, chairman for the Homemakers group. They were assisted by Burley Jaycees' Veslan Sutton, president; Burley City Police Department; Cassia County Sheriff's Office; PTA of various schools and law enforcement in each town in the county.

Reflector tape for each bicycle was donated by VFW. Mrs. Wilbert Cammack, Blackfoot, suggested the bicycle safety program. She is state safety chairman for the homemakers.

The program has been carried out throughout the state by law enforcement departments. Each bicycle was registered by its serial number and will assist in helping identify stolen or lost bicycles.

Within the city of Burley each student completing the test and receiving a certificate was also presented a bike license, courtesy of Mayor Joe Peters and City Council.

Bike licenses have been ordered for students at Declo and will be presented by Declo city officials as soon as they arrive.

Idaho Guard Battalion Mobilizes

BOISE (AP) — Idaho units of the National Guard's 11th Engineer Battalion mobilized today in readiness for active duty.

Reporting to their stations were some 830 men and officers. They will spend the next few days preparing to travel to Ft. Lewis, Wash., where they are scheduled to arrive by next Sunday evening.

The Idaho units are part of a national callup of reserves and national guardsmen. Officers said they do not know where the Idaho units will be assigned but that it could be the Far East.

Brig. Gen. James Brooks, assistant state adjutant general, said the battalion's mobilization is planned Saturday afternoon. All Eastern Idaho units will take part. They are stationed in Idaho Falls, Rigby, Rexburg, St. Anthony and Driggs.

Beginning Thursday night convoys will leave for Ft. Lewis. Personnel not involved in transporting the equipment will leave a day or two later.

The Eastern Idaho convoys will meet at Yakima, Wash., with those from the two northern units, stationed at Grangeville and Orofino. From there, all will continue to Ft. Lewis.

The Political Scene

A somewhat refreshing sight of the upcoming primary election campaign is the action of Harold D. Cook, a Twin Falls businessman and community worker. Mr. Cook took out petitions indicating he would run for one of the state legislative posts from this district. These petitions were duly signed, as required by law, and more than the necessary signatures were affixed. Then Mr. Cook changed his mind. Why? He did so because another businessman—a sugar company executive by the name of Bob Day—had filed. "When Mr. Day filed, I decided not to run," Mr. Cook said. "He is able to represent the interests that I would have represented and our minds are alike and our feelings much the same on the issues. It would not be a case of two men with the same ideals, opposing each other when such opposition was unnecessary, Mr. Cook declared. He further stated, in announcing his intentions not to run, that during the past several years he has become very interested in having the state of Idaho take its rightful place in the chain-of-states-through-development of all its resources. These would include our land, water, agriculture, transportation and our children. So Mr. Cook asked that those who supported him now support Mr. Day. And then came another refreshing note. Mr. Cook said that he still plans on running for the Legislature at some future date, "probably in 1970." We take off our collective hats to Mr. Cook for his decision to not oppose another man who thought as he did. As he concluded: "Two men with the same basic concepts should not oppose each other. The ideal is to have a better real idea is to make Idaho a better state in which to live. That is the important thing and it is unimportant whether I do it or it is done by someone else of like mind."

The School Fund Vote

It will be one of the most important "money" elections to be held in Twin Falls in 1968. If successful it will permit continued improvement of school plant facilities in the district in an orderly fashion. Ten years ago the Twin Falls district school trustees asked qualified voters to support this program which permitted a two-mill levy for that period of time. Now the original period of time has expired and board members ask that the taxpayers permit the special levy to continue for another 10 years. Under law, board members could ask for a levy that would range from one mill to 10 mills. They choose to ask for the same levy that was approved in the original election. During the 10 years just past, this two-mill levy permitted for school plant facilities has resulted in a total amount of \$430,581.03 being paid out in the program that has proved of great benefit to the entire district. Most of the improvements accomplished through this fund could have been made in no other way. The result has been that the facilities in the Twin Falls district are outstanding.

Opinions of Guest Editors

ISSUES AND CANDIDATES In the presidential year Americans can be grateful that the traditional campaign season is lengthy. The electorate could hardly be expected to make a choice in the short six weeks the British allow to their general elections. So far the campaign has turned more on personality than policy. With grave issues complex, and solutions puzzling, a good many voters seem willing to gauge a candidate's worth on whether he is pragmatic, has grace under pressure, is compassionate and a healer rather than a divider. Personality is of utmost importance. We would also trust that in the multiple campaign weeks remaining, the candidates can become more specific as to their precise program, renewal, inflation, the funding of America's great programs, and of course the Vietnam settlement. Indeed, the country could use more speeches as precise as that by Governor Rockefeller in the newspaper editors' convention, in which he urged a massive urban renewal which would be largely financed, not by huge, impractical appropriations, but by bond issues and imaginative use of federal credit. This resolute proposal may not be the right answer, but it was a contribution to the public debate, though the editors' convention and answer season that by Rockefeller's words began.

To remain in force, this special two-mill levy has to be approved by two-thirds of the voters and the voter must be a taxpayer on real property situated within the district or the wife or husband of such taxpayer. The fund in this district has been administered in a businesslike manner and records of all expenditures have been made available to all those interested in the various projects. Nothing has been "covered up" throughout the 10-year history of this levy. It has been beneficial to the students, the teachers and the taxpayers. Tuesday vote will be from 7 p.m. to 9 p.m. at polls in the Bickel-Lindon and Washington schools. Qualified taxpayers can vote at any of the schools and need only to sign a statement that they are a qualified voter to cast their ballot. While qualified voters can cast their ballots for those running for trustee posts in two of the five districts, qualified voters residing in all five districts can vote for the mill levy. We recommend an affirmative vote in this matter.

has aimed at influencing the opinion polls, but the Indiana state primary on May 15 will say a lot, for instance, about the true power of Sen. Robert Kennedy's personal appeal and his organizational drive. For he is pitted directly against the remarkably inexperienced Sen. McCarthy and against Indiana's Governor Branigan. Who's favorite and campaign will eventually win Vice President Humphrey? Agriculture Secretary Freeman, endorsing Hubert Humphrey as the candidate "who heads and unifies," has touched upon what is perhaps Humphrey's greatest strength—the wide impression that among the Democrats he offers as reassuring, "great conciliator" stance on a reassured basis. The "favorite" and "conciliator" stance is perhaps the Kennedy factor and the overall public relations campaign of Senator McCarthy. On the Republican side, Governor Rockefeller evidently intends to help his policy of unearlier-announced on the big issue—Vietnam following the urban crisis discussion. Mr. Nixon meanwhile continues to reveal the careful preparation he has invested in this campaign by his considered and complete responses in wide-ranging question sessions. In the long, rough road to the August conventions, two essential issues will be decided: Can Hubert Humphrey stop Robert Kennedy? And can Governor Rockefeller edge into meaningful competition with the well-entrenched Richard Nixon. The answers are still high in the air, in this unpredictable year. — Christian Science Monitor.

WASHINGTON—There is, it appears, still hope that some colleges will be able to peddle a helping of higher education next fall, Columbia University suggested that there is, too, an alternative to handing our learning factories over to a gaggle of pimply-faced Che Guevaras.

Kirk says he would do it again. That is, he would call the cops again if student demonstrators took over campus buildings as they did a couple of weeks ago. In a statement so logical that Kirk is quite likely to be dropped from his club, the Columbia president said he was "old-fashioned enough to believe that the government of institutions of this kind should remain in the hands of the administration and the faculty." Kirk added that he was "deeply apologetic" over the fact that 138 students were injured when the constabulary kicked them out of such places as the president's

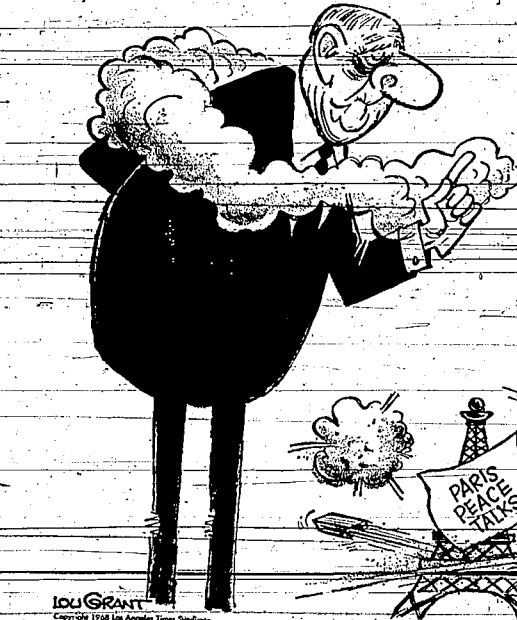

office, but not so apologetic that he could discern any other method of handling such a mess. Possibly, Kirk is being helped by contributors and parents who are not wildly enthusiastic about supporting a university ruled by anarchists. In any case, he has raised a standard to which other college heads can rally if they have the guts. Actually, Kirk has only managed to blame for the major-league brawl that got Columbia into the headlines, had he moved promptly when the rebels seized five campus buildings and paralyzed the university, the incident probably would have ended then and there. But this is an age in which adults appear, and so the Kirks all over the country have been reluctant to restore order lest the trouble-making circus run away and join the circus. Kirk's initial hesitation was costly. Only 600 of 7,500 Columbia students were quiescent in the takeover, masterminded by the extremist Students for a Democratic Society, and fanned by visits from the likes of Bob Brown, Arthur Schlesinger and Rap Brown. After he finally moved, however, the handful of sleazy malcontents were joined by thousands of other students and a hundred of faculty members protesting—as usual—"poorly brutally."

But perhaps it is all for the good, Kirk obviously, and probably many other college administrators, have discovered that you can't negotiate with anarchists. The human beings of these ideological hoodlums have made it plain that law and order can't win by postponing the evil day of the showdown. If

one funny issue is resolved in their favor, another is promptly raised. In even the campus disorder to date, the rebels have demanded not reforms but abdication of authority. Indeed, at Columbia these pariahs will file a rejected administration's object invitation to discuss their "irrelevances." In a sense, it is everybody's business to have lost sight of the fact that a university or college, like any other private society, has certain needs and regulations. A student agrees to abide by these rules when he registers. He is not compelled to enter the college, nor to remain there by doing so. He accepts its form of government. The rebels call for more "democracy," but their tactics are dictatorial. They move, not by democratic means, but by the fashion of the Latin-American military juntas. Their tactics call for ransacking the university's offices and holding school officials as hostages. They call in outside gangs to join the revolution, thus challenging the university to call the cops and prove material for TV coverage of "police brutality."

I suspect Hubert Humphrey, one of the few authentic liberals, was speaking—as a grownup and parent when he deposed that the Columbia mess made him "freak out." Hubert, I think, has refused to budge the proposition that academic freedom can be achieved by destroying other freedoms. Perhaps the Vice President is deciding that the time to take a stick to these brats is now—before they occupy the White House.

The Great Methodist Error

The Methodist Board of Missions has made a glaring blunder by pulling its \$10 million investment portfolio out of the First National City Bank New York. For more than a year, the board has been sparing with the bank over its relations with the Republic of South Africa. First National City, which has three branches in South Africa, is a leading international bank, doing almost every country around the world. The concern of the Methodists and all Christians for that matter is the unjust treatment of black people by the white rulers of South Africa. Their religiously inspired opposition to the nation of the races is unacceptable to Christians and should be under constant barrage by all men who believe that freedom is everyone's right. What has annoyed and then angered many church leaders has been the business-as-usual approach shown by the international bankers, merchants and investors who see a good thing in South Africa. The churchmen want business advancement and dignity to come before dividends. So they are saying which will it be, God or gold, people or profits? The Methodist Mission Board picked First National City Bank because they were the custodians (and rather successful ones) of Methodist millions used for overseas Christian work, and because they were the leading financial institution in a 10-bank U.S. consortium that provides standby credit for the Republic of South Africa.

Should a larger discussion follow this action of the Methodist Mission Board, I think you will see that a first-class blunder has been made—and should be corrected. For one thing, the Methodists and other leading denominations have been urging new talks, visits, conversations across all international borders. They want to bring Cuba back into the "blackban club." Doors are opening wide into every country of eastern Europe, China, they say, must not be isolated any longer from the "community of nations." Here is a great creative look at mankind—and every situation they have described is strengthened by the "community of nations." Lloyd's London, of a First National City Bank of New York. With this kind of exhilarating discussion going on, it is a pity indeed that the churches should tell us that Castro is sweet and South Africa sour. In the practical side of it, does the Methodist Board of Missions plan to punish the 200 U.S. companies that are expanding their enterprises in South Africa? Will they demand that church members and employees declare how much of their income or salary is derived from South African business investment? Last summer, some Presbyterian leaders quietly visited South Africa, but they were government, labor, church and university leaders. On their return, one observer told "this writer that a restrictive, punitive boycott of Johannesburg would, of course, be an uncom-

fortable cramp to the white community. But to the Negroes, a catastrophe. "The people we were really trying to support and lift up—these would be the victims. On the other hand, the strategy of open trade, wider exchange of people and ideas, increasing Western industrialization, was bringing the liberation movement by leaps and bounds. "Alas, we are in a classic dilemma, churchmen doing the wrong thing for the right reason. But churchmen would really be surprised to discover the number of bright, sensitive bankers, oil men and diamond dealers who would like to sit down with them—after this undesired public flap—and talk about primary tactics to achieve the goals that Christians proclaim for minorities everywhere. These people have been dealing with the Russians, Chinese, Arabs, Greeks and Cubans while the church has been throwing sand in the air. "And, of course, the incredible irony of it all—calling now for you to think the misanthropic, fraternal workers, clinic doctors, Bible translators, cash field checks in South Africa? And when they want to send money home, or pay tuition bills for kids studying in Paris or traveling to Rome? Where do you think the currency exchange happens? In the First National City Bank. Nebraska Is In Bobby's Bag

OMAHA — The slim in Sen. Robert F. Kennedy's headquarters on Omaha's 24th Street, here in the state capital, people, in basically far better-known and almost surely will spend the most. Kennedy, of course, also has a strong interest in the labor workers. And while there are fewer of these proportionately in Nebraska as compared with Indiana, there is a sensitive labor pressure to pull them away from Kennedy. McCarthy's backers here think he can do on May 14 what he has done before—surprise everybody with the size of his vote even though he is little-known and has spent relatively little time in the ghetto. The fact is Kennedy is the heavy choice to win this primary with a majority vote and make first impact on his succeeding primary leads in Oregon, California and South Dakota. It is hard to find any knowledgeable political figure in Nebraska who doubts Kennedy will

lotted only two full days for Nebraska. Nevertheless, a feeling exists in some quarters that McCarthy's peace here in a affluent suburbia, which evidently sees him as a low key nonpolitical, may stand him in good stead in earlier tests. The voter drive past his canvassing headquarters here into on a Friday night finds the place alive with kids. Possibly the biggest question mark here is how Kennedy's other rival, Vice President Hubert Humphrey, will make his presence felt. Writing his name may be an easy process, but the experts disagree on whether much of an effort will be made. His ally, labor, is lying fairly quiet, but it is not clear if it is still on the ballot. But few think a sizable vote for him could be counted for Humphrey.

Who Are You For?

WASHINGTON—Every presidential election year, we Americans get a chance to test our friendships and relations with people who are in low gear, especially true in 1968 when so many candidates are running for office. It is one of those people who can't stand losing friends and so, when a very attractive lady at a cocktail party the other night said to me, "Who are you for?" I just blushed into my freckles and said: "Well, it's a very hard choice. "What do you mean, 'hard choice?' Don't tell me you're for Kennedy?" "Who are you for?" I asked, trying to change the subject. "I'm for Hubert, I have a lot of faith in him." "Well, I'm certainly not for Kennedy," I said, picking up her cue. "Hubert's very attractive man." Another lady joined us. "McCarthy reserves it. He went up to New Hampshire all by himself." "McCarthy's not a kind face," I said. "He also has a lot of humor." A third lady came up and said: "Hubert's for Johnson and I'm against Johnson—so I'm for Bobby." "Bobby's got a lot going for him," I said to her. "You can have them all," I said, smiling. "Nixon's still got the most experience and he can unite the country." "You need united country right now," I said, sitting across from her in my glass. "Never Nixon, he's a loser." "The only one who can beat the Democrats is Hubert. I've always admired him." "You should have a candidate who can beat the Democrats," I said. "I know what the trouble

Special Classes

If your child is handicapped, he is going to need, in addition to your sympathy, the wisdom to see that the child is chosen to develop such skills as are within his capabilities. For such a type of handicapped child, a special class is indicated in our larger cities. A child should be placed in such a class only on the recommendation of a medical specialist, in consultation with educational and psychological specialists. Once placed in such a class, his need to continue in it should be reviewed every year. It has been shown repeatedly that, with understanding and encouragement, the assurance of low and avoidance of dwelling on the child's handicap, these children can do a surprising school record—often surpassing those of most normal children. Whenever possible, the child should attend regular classes for a part of his training and every effort should be made to get him into regular classes full time. This has two purposes. It helps the handicapped child to see that he is not very different from normal children, and it helps the latter to understand the handicapped. On reaching maturity, the

handicapped person must take his place in a community of predominantly normal persons. In dealing with a handicapped child, the parent must remember that it is the ability, not the disability, that counts. As a handicapped child grows to maturity, you must learn to view him as a normal person. Don't expect the impossible but, on the other hand, don't be satisfied with anything less than the best. Let your child enjoy your child for the human individual he is—don't relieve your own guilt by imagining he might have been. Q—We have a 3-month-old baby. My husband smokes marijuana at home. Could this smoke in any way hurt the baby's health? A—I trust your husband doesn't blow the smoke in the baby's face. Although there is no direct evidence that a small amount of this smoke in the air would affect the baby, I would strongly advise that your husband stop this habit, do his smoking in another room, and you send your questions and comments to Wayne C. Cyrus S. Eaton Visits Cuba

Castro Popularity Boosted By Policy

By JOHN CLARK
Cleveland Plain Dealer Writer
CLEVELAND, Ohio (AP)—As far as the masses are concerned, Fidel Castro's popularity has been sustained by his opposition to our policy in Vietnam. —Cyrus S. Eaton, 84-year-old Cleveland financier, said during a visit with the Cuban premier Fidel Castro in Havana.

in five "very crowded days" in Cuba, Eaton said. He saw "white two-wheeled cars" held up by a "candy ribbon" of hand and volunteer coffee-tree planters applauding from trucks and buses when they sighted the bearded leader in jeep with his Cleveland guest. Eaton spent part of two days with Castro.

CYRUS S. EATON, Cleveland financier, is shown getting an attentive audience from Cuban Premier Fidel Castro during a visit to Havana last week. Eaton's secretary, Norman R. Comiskey, took the photo. In an interview with the Plain Dealer, Eaton said Castro's popularity with the Cuban masses has been given a boost by U.S. policy in Vietnam. (AP wirephoto)

Castro, Eaton, claimed, "is the complete boss of Cuba. He is a bold and clever man and he has had some phenomenal breaks, such as the Bay of Pigs and the Cuban missile crisis. In my opinion, the most energetic and strenuous statesman in the world. Castro's dedication to coexistence between communism and capitalism has made him welcome behind the Iron Curtain and earned the apparent confidence of Soviet leaders. His trip last week to Cuba was his first there since 1953, two years before Castro's revolution. He flew in a Cuban airliner from Mexico on the outward trip and returned via Nasas-Cuban and British airliners.

Dear Abby

BY ABIGAIL VAN BUREN
DEAR ABBY: I was given my mother's day present a few days prematurely because "it was something I would find useful" and there was no sense having me do without it another day. You have no idea how this infuriated me. I was to find my "gift" was a household appliance.

Please warn these unsuspecting, generous shoppers and let them know that the electric appliances, such as toasters, mixers, blenders, vacuum cleaners, and washer-dryers to give to Mother as a "gift." These items are not really gifts, they are tools of her trade just as a saw and hammer are a carpenter's tools.

How many husbands would be thrilled to unwrap a pair of hedge clippers, or a gallon of paint and brush, or a lawnmower's day? ONE WHO KNOWS

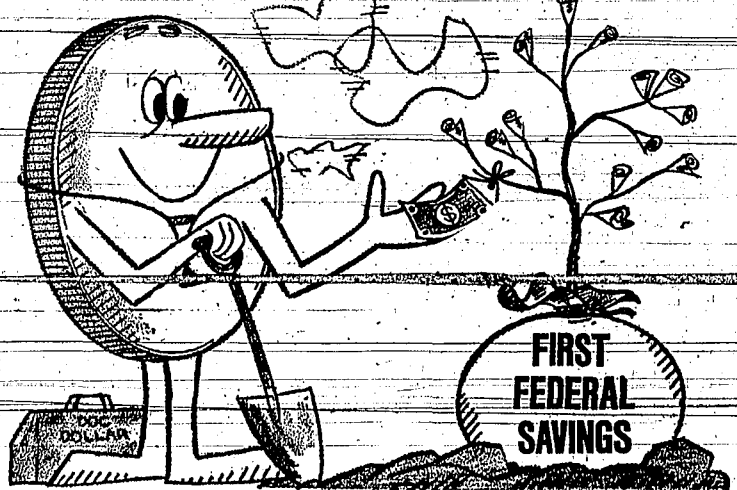

DEAR ONE: Sorry, but you rattled the wrong cage. Any of the "tools" you mentioned would be a most welcome gift to the woman who faces the normal routine of housework daily. As long as she must cook, clean, and do the laundry, anything that helps her to do it more easily and faster is indeed a great gift.

DEAR ABBY: Our son, who is a sophomore at college (about 200 miles from home) has been bringing home his "girl" for week-ends since last October. She is also a sophomore and seems to be a nice enough girl but we don't "know" her any better now than the first time he brought her home. You see she always has a book with her. She sits in our company while everyone is conversing, and keeps her nose in the book. She hardly ever says a word, her head is down and she reads. I say this is very rude. Our son has tried on several occasions to draw her into the conversation, but so far he hasn't succeeded. Is there some way we can pry some conversation out of her so we can find out what she is like? Our son thinks she is wonderful. This is wonderful.

HIS MOTHER

NEW YORK (AP)—Rising mortgage rates not only are bringing fundamental changes in the present housing market, but they are bound to cause repercussions in family finances for 10, 20 or 30 years into the future.

Evidence of trouble in the mortgage market was provided by the government's decision to raise the permissible interest rate to 6 1/2 per cent on mortgages larger than \$100,000. The states to change usury laws so as to permit even higher rates.

So unprecedented, and to some extent unforeseen, are today's rates that the standard books of tables for estimating mortgage payments, literally must be thrown out. Most of them have no listings above 7 per cent.

True, for some families a fraction of a per cent may not be absorbed in their budgets. For example, the 3/4 of a per cent rise in the ceiling on government-backed mortgages could mean an increase of \$200,000 for a new \$2,000,000 loan.

Monthly charges for interest and principal \$62.98 compared with \$41.27 under the previous schedule. A \$1,524.98 increase, compared with \$1,718.48; and 20 years, \$36,499.20 against \$34,389.80.

The differences are small enough to predict that few families who could afford a mortgage at 6 per cent will be terribly worried by paying another 1/2 per cent.

But, the real danger is not in a single 1/2 of one per cent rise so much as in the trend. If rates rise 8 per cent, a family with a 6 per cent mortgage will find its payments in ceilings may permit this rate in some states or 10 per cent, as foreseen by President Johnson without a tax increase. Then a higher charge will be painful.

A homeowner who purchased his home less than three years ago might have secured a government-backed mortgage of 5 1/2 per cent. Compare his charges with those for the person obtaining a government-backed mortgage of 7 1/2 per cent. Monthly charges on the old mortgage will be \$173.21 less for a year than the charges will be \$1,817.24 or 207.72 less. And the new mortgage will have paid \$23,344.80, or \$14,544.00 less than his 6 per cent neighbor.

When a mortgage is booked, the lender is not anticipated that it will remain at the same rate until satisfied.

Most lending agencies write into their contracts that they will discount or forbear prepayments within a specified period. Beyond that period they permit prepayment but impose a cash penalty.

In theory, mortgage lending institutions must do this in order to protect their investments. But the contractor on which they spend money today can be deked up on to exist tomorrow. The contractor may be a high rate, and the possibility that they may rise or fall sharply, a severe burden can be placed on the contractor's holders and mortgage lenders.

Because of this, some experienced men with variable rates is being urged to show up in mortgage markets.

One Eastern bank, for example, now grants mortgages stating that the interest rate shall increase on the mortgage more than one per cent above the prime interest rate, which is now 6 1/2 per cent.

Some banks, however, have not gained much popularity in most of the nation, some banks fear that they may be the first to order the mortgage holder's money to be paid in variable swings in lending costs.

Court Named Injunction

WASHINGTON (AP)—A three-judge federal court was named today to consider a Justice Department request for an injunction against the merger of the Northern, Northern Pacific and Chicago & Burlington and Quincy railroads.

The three will hold a hearing on the request Tuesday.

Court officials said the judges will be David L. Bazelon, chief judge of the Court of Appeals in Washington; Charles Fahy, chief judge of the District Court of the U.S. District Court in Washington.

The merger, which was to have taken place Friday morning, was halted at the last minute by Chief Justice Earl Warren. His action gave the Justice Department time to file a three-judge court.

A Justice Department plea to stop the merger was rejected Thursday by Curran, who said the department had not shown that substantial harm would result if the merger took effect.

Justice Department complained that the Interstate Commerce Commission, among other things, had not conducted an independent investigation of the proposed merger before approving it last Nov. 30.

The merger would create a 250-mile system in two states and two Canadian provinces.

Idaho State Police who investigated the accident said that Fred D. Johnson, 41, was driver of a 1963 Dodge owned by Etta Adams, 47.

The vehicle attempted to pass a 1958 Chevrolet driven by Edwin M. Johnson, 22, who was headed north. The Dodge struck the Chevrolet in the left rear end and the Dodge spun around in the highway, going off backwards into a borrow pit.

Witnesses told officers the Dodge narrowly missed colliding with a southbound semitruck.

Passengers in the Jensen vehicle were Alan Wickham, 20, Charles D. Jensen, 21, was driver of Mrs. Mrs. Doreen, 29, Edna Johnson, 20, and William Edmond, 20, all Buick.

None of the occupants of either car was injured.

Hagerman Man Arrested After Crash

A Hagerman man who had been accused of a speeding charge earlier in the evening was charged about 2 a.m. Sunday with drunken driving after his borrowed car collided with another vehicle about five miles north of the Nevada state line on U.S. Highway 93.

Idaho State Police who investigated the accident said that Fred D. Johnson, 41, was driver of a 1963 Dodge owned by Etta Adams, 47.

Loans Available To Pay Tuition

By RAY CROMLEY
NEA Publications
 There are five ways the federal government can help you get to and through college or graduate school. You may seek a grant or scholarship. You may go into a work-study program. You may become a member in the summer. You may apply for acceptance to government-financed classes that will prepare you for college. You may secure a government fellowship.
 There are two major federal loan programs for college stu-

dent. One is the Guaranteed Student Loan Program. Under this plan, a student usually secures his loan from a participating bank, insurance company or credit union. A few colleges make direct loans to students.
 To be eligible, the young man or woman who wants to borrow for his education must be a student in, or accepted for admission to, a participating school. Both full and part-time students are eligible.
 Included are hundreds of two-year and four-year colleges and universities and a range of specialized institutions—divinity schools, theological seminaries, colleges of art, technical institutes and colleges, law schools, institutes of naval architecture, art academies, general hospitals and a merchant marine academy.

Rockefeller Adviser Talks To Western GOP Governors

By DILL BOVARSKY
HONOLULU (AP)—One of New York Gov. Nelson A. Rockefeller's top advisers is talking privately to Western Republican governors here seeking to oust Richard M. Nixon from staking a claim in the West in his race for the GOP presidential nomination.
 Leonard Hall, former Republican national chairman, conferred with California Gov. Ronald Reagan himself, a potential nominee—and others of the 11 Republican chief executives at the Western Governors' Conference.
 "Just special calls," said Hall, who roamed through the convention hotel on the beach Waikiki dressed in a Hawaiian shirt, the uniform of his meeting.
 "Thirteen state chief executives and the governors of American Samoa and Guam began four days of meetings on such Western problems as resources, transportation, economic development, land management and water.
 As usual, however, gubernatorial political talks attracted as much attention as the morning afternoon meetings on state problems.
 Between meetings, the govern-

Kickbacks To Firm Workers Is Denied
WASHINGTON (AP)—A secret Senate report alleging indications of kickbacks to employees of a U.S. construction firm in South Vietnam has been strongly denied by the company's top officials.
 Edward A. Shay, president of Pacific Architects & Engineers, Inc., said Sunday the report is distorted, unjustified and unfounded.
 The 75-page document, prepared by Sen. Abraham Ribicoff, D-Conn., after a Southeast Asia tour last December, urges broad congressional investigation of U.S. aid programs in Vietnam and of contracts held by two major contractors.
 Ribicoff named the firms as P&A, a joint venture that includes four companies, and Shay's PAE. The report has been filed with the Senate permanent investigations subcommittee.
 There was no immediate comment in Saigon from U.S. aid and RMK-PAE officials. Shay's prepared reply was released by company officials in Los Angeles.
 Ribicoff said PAE contracted with the Army in mid-1965 to renovate the Grand Hotel in Hanoi. The contract was for \$208,423 but the final cost was \$398,228.
 Shay replied: "The original contract was awarded principally the restoration of a single building, but the U.S. Army later ordered the company to construct an entire complex of buildings."

YMCA In T.F. Is Offering Summer Camping Programs For Entire Family
 Summer camping programs for the entire family will be offered in the Magic Valley YMCA summer program this year, reports Chet Bartlett, director. Programs range from day camping programs in the nearby area to residence and caravan camps, pack trips and a special "summer fun club."
 Mr. Bartlett said resident camping periods have been scheduled at Ponderosa and Camp Roger. Ponderosa is located on Payette Lake near McCall and is operated by the local YMCA. Magic Valley boys are attending school in the camp which will begin July 21 and continue through July 26.
 Camp Roger, in the Wasatch National Forest, east of Ogden, Utah, is operated by the Salt Lake City YMCA. Boys from this area are asked to sign up for the Aug. 4 through 11 camp session. Both "camps" are for boys 9 years of age and older or those who have completed third grade.
 Transportation for both camp periods is being arranged by the Magic Valley YMCA, bus-park area, residence and caravan provide their own transportation.
 A day camping program that also serves as a day-care program for children, and mothers are working will begin June 3, Mr. Bartlett said. It will continue through the summer and is open to boys and girls of 5 to 12 years of age. Included will be hiking, games, crafts, singing, swimming, trips, archery, rummy, story hour and overnight campouts. This program runs from 9 a.m. to 4 p.m. Monday through Friday. Youngsters can be left as early as 7:30 a.m. and picked up as late as 6 p.m. If their working hours require additional care.
 Mr. Bartlett said the "Summer Fun Club" will meet on Tuesdays for 10 consecutive weeks beginning June 4. The club is for boys and girls 12 years of age and those joining will take a trip each week to some point of interest.
 For teenagers who have completed the eighth grade, a special trip will be a back-pack trip to the Sawtooth Mountains from July 14 to 19 and a caravan trip to Yellowstone National Park, July 29 through Aug. 4.
 High school students completing the ninth grade will have a caravan trip and conference June 12 through 22 in the Portland, Ore.-area. Last year 17 students from Magic Valley and a larger delegation is expected this year.
 From Aug. 6 through 16, a second caravan trip for high school boys and girls is planned to the Oregon coast with a stop at Mr. Hood and a stayover for several days in Portland.
 Other caravan trips and back pack trips will be organized for teenagers as interest is indicated. Additional information is available at the YMCA office, 1215 Elizabeth Blvd., Twin Falls.

School Lunch Personnel Finish Class

RUPERT—Thirty-four members of the Minidoka County School Lunch personnel from eight schools in the county were awarded certificates Saturday for successfully completing 16 hours of training in the Civil Defense emergency mass feeding course.
 The certificates were awarded following a mass feeding lunch at Neptune Park in Rupert. Some 80 heads of departments and organizations in the county were invited, in addition to several officials from Boise, but only 15 attended.
 On the menu Saturday were stew, hard-roll, apple, cabbage, milk, coffee, and survival wafers. The meal took six hours to prepare and serve.
 Preceding the actual feeding, the women taking the emergency mass feeding course attended five two-hour classes on the program—Instructors were Thedeen Osborn and Eva McBride.
 The certificates of completion were awarded by George Falkner, Civil Defense Director for the county.

LARRY DAVIDSON has been chosen by the American Legion, Lea Owlley Post No. 31, to represent the county at the 25th State in June. The young men are sons of Mr. and Mrs. Sylvan Clark, Mr. and Mrs. Wilby Elliott and Mr. and Mrs. Cecil R. Davidson.

What makes a Pontiac a Pontiac?
 (And what makes ordinary cars ordinary?)

Only Pontiacs have Wide-Track. Drive a Pontiac and you'll wonder who took all the bumps and curves out of the road.

Even our lowest-priced Pontiac has a unique 170-hp Overhead Cam Six. Unless you count cylinders you'll swear it's a V-8.

Pontiac interiors make you glad you left home—soft Morokide and simulated wood trim so real only a termite can tell it isn't.

Introduce the GTO's Burpee of the Year. These Pontiacs look expensive. But road tests prove we know how to price them, too.

Mothers Visit
SAN QUENTIN, Calif. (AP)—The prison gates swung open, and 100 mothers entered through into San Quentin Sunday to visit their convict sons.
 They came from all over California and some from other states.
 They breakfasted with their boys, two to a table, in the dining hall and afterward strolled in conversation with their sons along flower-lined walkways.

Pro Football Owners Will Discuss Possibility Of Eliminating Extra Point

By RON SPEER
ATLANTA, Ga. (AP)—Elimination of the extra-point kick is one of the items to be discussed by the owners of the National Football League at their annual meeting Monday in Atlanta.

Beamon Hasn't Yet Reached Potential

EL PASO, Tex. (AP)—Almost anybody who ever competed in track agrees that young jumper Bob Beamon of Jamaica is the best and will be getting better.

Beamon, the 21-year-old sophomore of Texas El Paso University, set a world indoor record in the long jump of 27 feet, 1 1/2 inches in Kansas City in January.

Beamon talks with Boston coach Wayne Vandenberg. "He has not fully developed and is only beginning to show his potential," says Vandenberg.

Beamon's greatest asset is his tremendous speed, "great ability to spring and power off the board," says Vandenberg.

Graham Hill Wins Spanish Grand Prix

MADRID (AP)—Graham Hill of Britain drove his Lotus to victory in the Spanish Grand Prix Sunday and took the lead in the 1968 Formula one world championship.

Hill, averaging 84.07 miles per hour, fought off a tremendous challenge from world champion Denis Hulme of New Zealand, whose McLaren-Ford was on his tail for the last 30 laps of the race at the twisting Jarama circuit.

Hill finished strongly and was 15 seconds ahead at the end. Brian Redman of Britain, in a Cooper BRM, was third.

The greatest race over 50 laps was a grim story of mechanical failures. Of the 13 cars that started, only five finished.

Reds End Losing Skain, Drop Giants

CINCINNATI (AP)—Alex Johnson's tie-breaking double keyed a three-run eighth-inning rally that carried Cincinnati past San Francisco 3-1 Sunday, ending a five-game losing string for the Reds.

Giants left-hander Ray Sadecki, backed by Willie Mays' 57th career homer, took a 1-0 lead into the eighth, but Leo Cardenas led off with a double for the Reds' fourth hit and raced to third on a pinch single by Chico Ruiz.

Wins Matches

MISSOULA, Mont. (AP)—The University of Idaho defeated the University of Montana 9-0 Saturday in the final Big Sky Conference tennis matches before the conference championships.

The Vandals' doubles team, Doug Denny and Skip Rudd, defeated Kent Farrel and Brian Ketch 6-3 and 6-2.

BERRY'S WORLD

"Hold it! I think I know the root of your trouble—you're too well-informed!"

The meeting probably will stretch into Thursday, although the NFL has other developments, such as the change on the extra point scoring has been proposed to put more suspense in pro games. The NFL now kicks all its conversions, which are worth a point each. In the AFL, teams can go for two-point conversions by running or passing, but most teams settle for a one-point kick.

The proposal up for action would prohibit an extra point kick, but provide only one point for a successful run or pass of two yards after a touchdown. Coaches in the AFL have gone on record favoring adoption of the change.

Perhaps the most controversial issue facing the owners is a report on regulations with the NFL Players Association. The group is seeking \$300 a player per week, a minimum salary of \$15,000 and \$5 million for the players' pension fund each year.

Negroes Are Excused From Scrimmage

PULLMAN, Wash. (AP)—Negro players on the Washington State University football team were excused from scrimmage Saturday while a probe continued into reports of a racial incident on the campus.

A group of 75 Negroes from Seattle's Garfield High School left the campus Thursday night after they reportedly were verbally harassed. A student-inquiry committee was appointed to investigate.

National League Is Being Forced To Add Two New Teams

By FRANK ECK
 The American League's decision to have 12 teams in the next season is forcing the National League to expand.

New franchises have been awarded Seattle and Kansas City.

The plan is to have two American League divisions with a playoff between division winners to decide the pennant winner. To avoid having two weak teams in the same division, Kansas City may be known in baseball circles as an Eastern Division team.

The National League cannot possibly remain at 10 teams for if it did the NL pennant winner might have to remain idle 10 days before the start of the World Series. It must expand to 12 clubs.

Turbocar Likely Won't Make Classic

INDIANAPOLIS, Ind. (AP)—Its frame badly mangled in a practice accident Sunday, the STP Turbocar that nearly won last year's Indianapolis 500 miles race probably won't be repaired in time to make the May 30 classic.

Driver Joe Leonard, San Jose, Calif., bumped the first Turbocar after turning laps in the 160 mile-per-hour range. Leonard was not injured.

STP President Andy Granatelli said he does not think the car, No. 40, can be repaired in time for the race.

"The car is in a way to get it," he said. "But right now it looks like the car never will run again."

The turbine, then driven by Parnell Jones, led nearly all the 1967 race until a minor gear failure eliminated it, with only minutes remaining.

Another turbine fared better in Sunday's practice.

Mark Donohue, of Nazareth, Pa., tested the vehicle in which English driver Mike Spence was killed Tuesday and turned in four laps in the 187 m.p.h. range.

A season high of 32 cars was on the track as practice went into its final 15 minutes before Saturday's initial qualifying day.

Hearing Begins On Derby Winner

LOUISVILLE, Ky. (AP)—The official hearing into the disqualification of Kentucky Derby winner Dancer's image got underway today with the possible suspension of trainer Lou Cavalaris, Jr., hanging on the outcome.

The hearing is to determine the guilt or innocence of those connected with the horse, including owner Peter Fuller of North America's leading conditioner.

Blake Is Retiring As Montreal Coach

MONTREAL (AP)—Toe Blake has retired as coach of the Montreal Canadiens after a fabulous 13-year career in which the Canadiens won the Stanley Cup eight times and the National Hockey League championship five times.

The 55-year-old coach had his last game on Saturday night in the dressing room Saturday after the Canadiens had beaten the St. Louis Blues 3-2 and won the final playoff for this year's cup 4-0.

"The tension is just too much, it gets tougher every year," Blake said after the long hockey season, which opened last October and finally ended August.

"A lot of things entered into my decision," Blake continued. "One of them is that I'll be 56 years next August."

"I think some of the players will be better off with a new coach, especially some of the veterans. I've been with them so long that maybe a change will benefit them."

Blake said he did not think he would reconsider his decision after a summer's rest.

As for the series with St. Louis, Blake commented: "The Blues were tired, but they certainly didn't play as if they were tired."

New York Splits Two With Chicago

CHICAGO (AP)—Daring ninth-inning base-running by Don Kessinger gave the Chicago Cubs a 4-3 victory in the first game Sunday but the New York Mets bounced back for a 10-9 doubleheader.

"Right-hander" Dick Selma, hurling his second victory of the season, both over the Cubs, hunched from a 17-hit Met attack in the nightcap.

"It marked only the second time in his career that Selma has gone the distance, the other being a 10-inning, 1-0 decision over the Milwaukee Braves Sept. 12, 1965.

In the richer with the score tied 3-3 and one out in the ninth, Kessinger stole second and when Glenn Beckert stepped home he was home as Bud Harrelson's throw failed to get Beckert.

First Game: N.Y. 10-9, 3-2; Chicago 4-3, 10-9. Second Game: N.Y. 10-9, 3-2; Chicago 4-3, 10-9.

Astros Take 3-2 Victory From Cards

ST. LOUIS (AP)—Denis Menke struck a two-run batted single in the seventh inning at the Houston Astros hopped over the St. Louis Cardinals 3-2 Sunday.

The Astros were down by a run when they loaded the bases off loser Bob Gibson, 3-2, on singles by Ron Davis and Jim Wynne, and a double by a hit batsman, Gibson, who had nine strikeouts up to the seventh, got the next two men before Menke came through with the hit.

The Cardinals had gone ahead 2-1 in the fourth, when Mike Shannon lined his sixth homer of the year. The blast came off winner Larry Dierker, who picked up his third victory in six decisions.

Chances Are Improving For Dancer's Image To Start In Preakness

By GORDON BEARD Associated Press Sports Writer BALTIMORE (AP) — With Dancer's image sound and trainer Lou Cavalari insisting he should go to the post, the chances of the colt starting in the Preakness seem to be improving. Owner Peter Fuller, distraught and angry after his 3-year-old colt was disqualified after winning the Kentucky Derby, has said Dancer's image would not run in the Preakness if Cavalari is suspended.

Meeting Set

The regular monthly meeting of the Southern Idaho Fish and Game Association will be held at 8 p.m. Tuesday in the Idaho Power Auditorium. The program will be provided by the state fish and game department.

Cleveland Takes Pair From Orioles

BALTIMORE (AP) — Luis Tiant pitched his fourth consecutive shutout, a 2-0 four-hitter, Sunday in the first game of a doubleheader. Tiant hurled a six-hitter for a 4-1 victory in the second game as Cleveland swept a Sunday doubleheader from the Baltimore Orioles.

M. Wright Wins Tall City Open

MIDLAND, Tex. (AP)—Mickey Wright acted for a second time Sunday, but won the \$15,000 Tall City Open by four strokes and posted Carol Mann's record of a 137.

Miss Englehorn Places Second

MIDLAND, Texas (AP)—Shirley Englehorn, Caldwell, Idaho, shot a final round 71 Sunday to finish second in the \$15,000 Tall City Open at Mickey Wright Golf Association tournament. Englehorn had gone into Sunday's play two strokes off the pace set by Miss Wright, and she couldn't quite make it up as she fell one stroke short at 208.

After promising Dancer's image good and fit following a 2 1/2-mile gallop at Pimlico Saturday, Cavalari said he would urge Fuller to enter the colt in the Preakness regardless of the outcome of the hearing. While the final decision on Dancer's image hung in the balance, Eimlico officials said a \$10,000 supplemental entry fee for Verna Lee Farm's Nodouble was in the bag for the colt.

Red Sox Sweep Two From Yanks

NEW YORK (AP) — Dick Ellsworth pitched a three-hitter in the opener and Gary Bell scattered five hits in the nightcap as the Boston Red Sox flattened New York with first-inning scoring flurries Sunday on the way to an 8-1, 4-2 doubleheader sweep. The Red Sox, who had lost three in a row and six of their last eight, started tagged Bill Monbouquette for five runs in the first inning of the first game, helping Ellsworth breeze to his fourth victory of the season.

Pierce Hurls Oakland Past Chicago 6-2

OAKLAND, Calif. (AP)—Left-hander Tony Pierce, making his first start of the season, led the Oakland Athletics to a 6-2 victory over the Chicago White Sox Sunday with ninth-inning relief help from Jack Aker. Pierce, given the starting assignment after John Blue Moon Odum came up with a sore shoulder, scattered seven hits and struck out six as the Athletics won their third straight game.

Davis Gives Dodgers Win Over Braves

ATLANTA (AP)—Willie Davis lashed a two-out triple in the 12th inning and scored on Zito Frazier's infield hit, giving the Los Angeles Dodgers a 1-0 victory over the Atlanta Braves Sunday. Davis' triple off Cecil Upshaw, the third Atlanta hurler, was only the fourth hit for the Dodgers. Jack Billingham, who relieved starter Don Sutton in the 10th, was the winner as the Dodgers snapped the Braves' winning streak at three games.

WHEN TO OPEN ONE NO-TRUMP

Oswald: "We haven't talked about no-trump bidding for a long time. Maybe we should discuss it again."

Jim: "A good idea. The basic idea of the opening no-trump is that it is bid with a hand that would be difficult to rebid if you opened with anything else. In

trump has a point count range of 15-17 or 16-18, with 16-18 more popular. We use 15 plus to 17 plus and consider this as a 17 plus hand rather than an 18 pointer."

Oswald: "North also has a balanced hand and is able to raise to these no-trump by the use of simple arithmetic. He holds 10 points. This means that the partnership total will be somewhere from 25 to 28 and since 28 should present a satisfactory play for game and it takes 33 for a satisfactory play for a slam, North bids 'three no-trump.'"

Jim: "There is no trouble with the play. South's jack of hearts wins the first trick and he notes that West said 'no trumps' that ace. Then South takes the four diamond tricks and leads a spade toward dummy's queen. When that queen holds, South plays a second heart. This line of play produces one spade, two hearts, four diamonds and two clubs for a total of nine tricks."

addition, the hand must be suitable for no-trump play. Thus the standard opening no-trump is distributed 5-3-3-2, 4-4-3-2 or 4-3-3-3. It is downright silly to open in no-trump with a singleton."

Oswald: "Today's South hand is a good example of a maximum no-trump. South has 18 high card points, all suits stopped and 4-3-3-2 distribution. It might be described as 18 points minimum."

Jim: "That's right. Add a couple of 10 spots and we would open one club and jump in no-trump at our next turn to bid. The standard American no-

trump, your partner responds with two clubs and you hold two diamonds to show that you don't have a four-card major. Your partner rebids two hearts and you are considering Stayman. What do you do?

Male Plumage Is Growing: Masculinity Jeopardized?

Dear Walt: OK, you don't have a guarantee that a man can mind some beads for boys—what lead-a-nation, state, city, or even about the single carrying flag. Do a band. HIGH OR DRY.

Wondering Where It Will All Come Up: Our graduation is coming up, and I know that a symposium of politicians is going to be really smashed to color after—I won't oblige, I'll be—I don't get any big kick not my thing, but I wouldn't of drinking probably because get tense if one of my pals my folks let me do it and they're no big thing, but plumage is multiplying. Where my friends do like to and I'm will it end? I think we'll come worried about that. Last year to the time when what's in a two kids from our high school were killed in a drunken driver would identify his masculinity. I'm accident after the graduation the costume badge of manhood is going to be passed; at my folks about this—willing to let me have a graduation party at our country place.

P.S.: You know who used to wear single earrings? Pirates after their last drink to salute and a good hardy an emblem. I insist that the guests must have their parents' permission to plan a campaign to another get seniors of public office to about telling everybody or what us teenagers in their campaigns. I plan to mail out at least 500 letters asking various seniors and other political leaders throughout the nation, to use the younger generation in their campaigns. I would appreciate your help in getting the best teens to participate. —Barry, out.

Dear Barry: The politicians keys should be turned in to your should be delighted with your seniors and other political leaders are best used as behind-the-scenes helpers stuffing envelopes who gets out of his head open, setting up public address on unaccountable liquor and equipment. I'm not sure we have some spicing fiery platform speeches. As for the eager teenagers parties where keeping the noise reading over my shoulder, go down to a drink room to your local Democratic or Republican headquarters and place neighbors. For a copy of your bid, but be sure you know. "Games-Letter," write to Teen-actually are before you land him dime your backing. Being winsome on and a stamped, self-addressed TV or charming on a platform envelope.

Five Men Seeking Nomination For Gooding County Sheriff

GOODING—An interesting nomination is shaping up in Gooding County for the nominations of sheriff in the Aug. 9 primary in both parties.

On the Republican ticket incumbent Verne Royce is opposed by John Edinborough, Gooding real estate dealer, and Earl Brown, who was raised in Gooding and is now employed by the Thompson Trucking Co. Seeking the Democratic

nomination will be Chet Floyd, former Gooding police chief, and Arlyn Christopherson, who was on the Gooding and Arco police forces.

There are two running on the Republican ticket for nomination of county commissioner from District 2, Clyde Peterson and Dale DePew, with Carl M. Genter, who was on the same ticket on the Democratic side. Others filing before the dead-

SCHEDULED TO APPEAR at the First Assembly of God, Church of Twin Falls, for special music and Mrs. Roy Brewer, Great Falls, Mont. Together with special talks and evangelistic services, they will also present an interesting musical with each service, set Tuesday through May 26.

line include on the Democratic ticket, Don G. Fredericksen, state senator; Vernon Ravenscroft, county treasurer; Leslie Frank Lenker, Big Lost county commissioner from District 2; Aldrich Bowler, Bliss, for probate judge; Andrew W. James, presiding attorney; John D. Brewer, Democratic committee woman from Bliss; Ray Wallace, committee man from East County; John B. Hagerman, committee man from Hagerman; Grant Zollinger, committee man from West Wendell; Ivan Hunsaker, committee man from Wendell; Mrs. Mary Gossett, committee woman from West Gooding; Robert Fredericksen, committee man from Northwest Gooding; Roy O. Mullins, committee man from Northwest Gooding; Andrew F. James, committee man from South Gooding; Allan Hansen, committee man from Tuttle.

Republicans who are unopposed for their nomination to various posts are Doris O. Robertson, treasurer; James Barclay, county commissioner from District 2; C. E. Spencer, probate judge; Wes Truelsen, assessor; Lynn Jensen, committee man from Hagerman; John West, committee man from West Wendell; John Faulkner, committee man from South Gooding; Floyd Marsh, committee man from Tuttle; Ray Harding, committee man from Northwest Gooding; Terry Spencer, committee man from Wendell; Greg Belsler, committee man from Bliss; Eugene Kelly, committee man from Northwest Gooding; Howard Niccum, committee man from Central Valley; and W. W. Kelly, committee man from West Point.

1,200 Attend Gooding Stake Quarterly Meet

JEROME—Mothers Day was the theme for the Gooding LDS stake quarterly conference held Saturday and Sunday at the stakehouse in Jerome. More than 1,200 persons attended.

Several changes were made in stake offices which Deverl Clark, Jerome, released as stake clerk and sustained to the High Council. Jimmy Christopherson, Hazelton, took the job as stake clerk.

The Gooding Stake Relief Society presidency was changed by Barbara Durfee sustained as president and Alberta Butler, Gooding, as her counselor. Elaine Dixon, Gooding, was released as president, as well as Helen Dierko, who were her counselors.

Murlen Lancaster, Wendell, aided tribute to mothers and gave advice to grandmothers from her schools and seminars.

The Indian placement program was discussed by Mark Ricks, coordinator. He said there are seven Indian students in this area living with local families and attending schools. It is hoped that the program can be increased this coming year and members are urged to take an Indian student into their home.

Ivan Hopworth, Jerome, quoted President David O. McKay that "marriage is the most sacred covenant between life and death, that we take upon ourselves."

Alfred T. Pace III, who has been auxiliary coordinator for the past two years, spoke on the importance of the auxiliary program. Sessions were under the direction of Richard N. Everson, stake president.

Mutual was under the direction of Ellen Cox, Wendell, stake chorister, and Alta Durrant, J.
