President Asks For Additional Military Funds

WASHINGTON (AP) — President and he called for "prompt day for an additional \$3.9 billion." He said he was sure Congress would support military operations in Vietnam and South Korea.

The request for a supplemental military commitment, effective through the fiscal year 1969, is one of the most important pieces of legislation that ends June 30.

"Our hope is—and all our eyes are directed toward the 12 months to 1972 achieving a just peace as quickly as possible," he said.

However, until peace comes, the bill will supplement the most important appropriation earmarked for Vietnam. But they need to carry out their operations and \$300 million in a second letter to the president would be available to meet any circumstances that might arise in the current fiscal year.

The figure of \$3.9 billion is for civilian and military pay in addition to the \$2.5 billion that Congress voted in December in actual spending in the center. This amount would be \$200 million less than the \$3.7 billion in appropriations sought in a supplemental money request submitted in March.

All the added funds for pay increases were anticipated in the budget Johnson submitted in January.

Airline Application Awaits State Ruling

An application filed Monday by Sun Valley Airlines, Gooding, Idaho, to begin scheduled air service through northern and eastern Idaho, may require a legal ruling from the office of the Idaho attorney general.

This was the view expressed Tuesday by Chairman Ralph Wickenberg of the Idaho Public Utilities Commission after receiving the application from the airlines.

D. J. Wilkins, Gooding, president of Sun Valley Airlines, filed an application for an operating certificate to extend the service from Boise to Coeur d'Alene with stops in Boise, McCall, Lewiston, Moscow, and Coeur d'Alene, and east to Idaho Falls with stops in Burley, Twin Falls, Pocatello, Idaho Falls and Sun Valley.

Mr. Wickenberg said he received "a very extensive application" from the firm.

"We don't know if his agency has power to certify intrastate airline service under present law," he said, and Nevada's PUC, for the California Commission's law was the grandfather to the Idaho act, he said.

Atty. Gen. Allan G. Shepard will probably be asked for an opinion on the matter.

Mr. Wilkins said if approval is granted initial flights will be with modern light aircraft, twin engine aircraft and flight schedules will enable a businessman to make one-day round trip flights from Boise to any city in Idaho.

In the future the firm plans to acquire both turbine and jet powered aircraft for faster more convenient flights comparable to major airline service.

Operating since December, 1964, Mr. Wilkins said his company has "started to market" its service in business throughout its operation. He said there is a growing need in Idaho for good commuter-type air service.

The application for a certificate of public convenience and necessity will be considered at a public hearing before final action is taken by the Public Utilities Commission.

More Carcasses Removed From Site Near Burley

BURLEY—Another trip Tuesday morning to the area along the Snake River west of Burley, where unauthorized dumping of dead animals and other debris has been reported, resulted in the removal of several more carcasses.

However, the body of a calf first spotted in the Snake River on May 10, was lying on the same place as of 10 a.m. Tuesday. The carcasses in several other spots apparently were removed sometime Monday afternoon.

Herman Bedke, Cassia County prosecuting attorney, Monday said, "If the Health Department doesn't see that the area is cleaned up, someone will have to sign a complaint before Tuesday." The health hazard was reported last week and Health Department sanitation officials found that several dead animals had been covered.

However, several visits to the area late last week confirmed that all the bodies had not been buried and some were easily visible from a boat.

Bureau of Land Management officials reported Monday they were "happy to see some enforcement action being taken and noted there is another such unauthorized dumping area near the American Falls dam in Teton County."

The action here will prove to have some effect in correcting the situation there.

Royal Slotten Is Elected Governor Of Toastmasters 3-State District 15

Royal Slotten, Manpower Training Coordinator for the local Department of Employment, was elected governor of Toastmasters District No. 15 at a weekend meeting at the Holiday Inn in Salt Lake City.

Mr. Slotten is a member of Twin Falls Toastmasters No. 149 in Twin Falls.

He held many offices on the local, area and district level before being elected to his present position, which is the highest office on the district level.

As governor, he will travel throughout the district—South Idaho, Eastern Oregon and Utah—promoting Toastmasters.

Mr. Slotten stated that there are 38 clubs in the three-state district.

Mr. Slotten said a serious speech contest was held in conjunction with the Toastmasters conference in Salt Lake City. Coaches Fred Colver, Burley, and constant from the Magic Valley Area 3, placed third in the contest. He spoke on "A Symbol of Value."

Officers that Mr. Slotten has previously held in Toastmasters include president of the local club, lieutenant governor, and most recently, educational lieutenant governor.

He was elected for a one-year term.

Visitor Plummets To Death

Boise Man Dies In Drop From Viewpoint At Falls

Fenced viewpoint is scene of tragedy.

Investigation continued Tuesday in the death of John Reilly view platform.

McDevitt, 31, 1610 Bluff St., Boise, whose body was removed from rocks beneath the view platform at Shoshone Falls at about 4 a.m.

Sheriff Paul Cordeur and Deputy D. Turner said the man had fallen into the canyon on the south side of the river. Officers took a body to the north side of the river, where they put it into a canoe and carried it to the water from the Idaho Power Plant with the assistance of Jim E. Twin Falls, had gone to the falls shortly before the man plunged some 100 feet to his death.

Victim's view—straight down.

Officers said they found two addresses among identification papers indicating Mr. McDevitt resided both in Reno and Boise. He was employed by the Oil Heating Institute, Boise. His parents who reside in Idaho City, were contacted by J. Brooks O'Leary, president of the Oil Heating Institute, officers said. It was also reported his parents were moving to Boise.

Mr. McDevitt was a great-grandson of the late James H. Hawley, who served as Idaho's governor in 1911-12. He was married.

Police said Miss Wilson was unable to give a clear report on what happened but said Mr. McDevitt climbed over the fence of the platform or onto rocks near it, possibly in an attempt to tighten her, then apparently lost his footing and fell into the canyon.

The body was taken to Twin Falls Mortuary pending funeral arrangements in addition to sheriff's officers, those assisting in recovery of Mr. McDevitt's body included Cloyd Edwards, Magic Valley Ambulance Service, Terry Quinn, special officer who heads the sheriff's volunteer and rescue unit as a climber, and Chief of Police Grant Barris. Mr. Quinn was called to assist when it was believed it might be necessary to climb rock ledges to reach the body.

French Cabinet Facing Economic Paralysis, Threat Of Censure

By STEPHENS BRENNING (AP) — The French Cabinet, faced by an ever-spreading economic paralysis and the threat of parliamentary censure, decided today there should be no postponement of a vote on a bill to limit the powers of the 16 million workers who will be away from their jobs by nightfall.

Through its own staff showed up, the Paris stock market closed. It was announced the market could not function because of communication difficulties and a lack of orders.

Direct effects also hit S.A.P., a French automobile company controlled by the Chrysler Corp. of the United States. Simca, a French car plant; Polysar, and La Rochelle, employing about 30,000 workers, Manager said the decision was due to a shortage of parts from subcontracting firms affected by strikes.

The strikes stopped traffic on highways, buses, taxis and garbage collection in Paris, and closed coal mines, airports and seaports. Some tourists were stranded. Lines formed at food and haberdashery shops, banks and gasoline stations.

Amid a monstrous traffic jam in Paris, made worse by cars that were abandoned after running out of gasoline, few policemen were in sight. Although not on strike, many apparently stayed home.

workers revolt for higher pay, shorter hours and job security. Part from abating the strike wave which has killed more than six million workers was still spreading. A Paris newspaper estimated about a half of France's 16 million workers would be away from their jobs by nightfall.

Trustees Approve CSI Budget, OK Fees For Student Union Use

A budget of \$1,547,084, reflecting an increase of about \$300,000, was approved Monday night by the Board of Trustees of the College of Southern Idaho.

Other business included the approval of a student union fee report from Ken Newman, financial agent from First Security Corp., and Burrows Smith.

Dr. James L. Taylor, CSI president, pointed out that the significance of the budget is the overall mill levy for the district has increased only 7 of a cent over last year's levy, even though the college will be operating in its own facilities.

The mill levy for bonded indebtedness dropped for 3.1 to 3.0 for the 1968-69 year, while the maintenance and operation levy increased from 4.70 to 5.5 mill.

The largest chunk of the operating budget can be accounted for in the salary budget increase. At least 10 additional instructors in the academic and four in the vocational-technical school will be required.

The total increase for instruction in the two programs is over \$100,000.

Dr. Taylor reported that an anticipated enrollment increase of 300 students is expected this fall. Last year there were 1,400 students enrolled at CSI.

Mr. Newman told trustees that the bond market for the sale of revenue bonds for a student union and dormitory at CSI looks bleak. He advised trustees and the bonding committee to fully explore the possibility of getting a Housing and Urban Development loan, for which application already has been made.

A student union fee of \$25 per student per semester was approved by trustees. The \$25 fee is based on a full-time equivalent of 10 hours. Students attending less than 10 hours will pay fees based on \$2.50 per credit hour.

Dr. Taylor said that although students paying the student union fees this fall will not be able to take advantage of the proposed student union, a room in the new academic building will be equipped to serve as a student union.

He said that the payment of such fees before actual construction is not an unusual situation, in that student unions are generally constructed with self-liquidating funds of some type. The money to liquidate the loans is gained from fees charged for the use of the facilities.

Dr. Taylor said that a student center is now provided in the vocational-technical school and that such a center will be provided for academic students this fall.

Trustees approved a budget of \$1,547,084, reflecting an increase of about \$300,000, for the College of Southern Idaho. The budget includes a student union fee of \$25 per student per semester and a dormitory at CSI.

Action Urged

UNITED NATIONS, N.Y. (AP) — Haiti was disclosed today to have called for U.N. action to end bombings of its territory. It said bombings that hit Port au Prince and Cap-Haitien Monday probably came from the United States or any of four other blocs.

Ambassador Raul Sical, head of the Haitian delegation, described the bombings in a letter delivered to Secretary-General U Thant Monday afternoon and made public this afternoon.

Sical named Cuba, Jamaica, the Dominican Republic or the Bahamas as other territories, along with the United States, "most likely to have been used as take-off points for the bombing."

City Studies Leasing Of Fire Truck

Plans for leasing a fire truck for the city of Twin Falls, with the purchase of a new truck, were discussed Monday night by city council members and representatives of Skyline Equipment Co., Boise.

Ernest Brooks, firm representative, told the city they could lease the truck with fees to apply toward the purchase. Brooks said, until the next budget period and the only cost to the city for the remainder of the year would be the five per cent interest.

City officials said they would take the matter under consideration as they are anxious to acquire a new truck prior to a survey and rating bureau study of this area that may result in lower insurance rates if the city has a new water system and an additional modern pumper truck. Except for the ladder truck, which was purchased in 1951, the newest pumper truck in the department is a 1948 model.

No objections were voiced during a public hearing on a zoning request from Wilks Inc., for reducing the rear property back on land owned by the firm on Harrison Street, between 4th and 5th avenues and Wirsching Street.

On recommendations of the city Zoning Commission, the council authorized City Attorney William Langley to prepare an ordinance authorizing the firm to reduce the front and back setback area to 20 feet each, instead of 25 feet.

Dr. Goddard Quits Food, Drugs Post

WASHINGTON (AP) — The resignation of Dr. James I. Goddard, Commissioner of Food and Drug Administration, announced today by Welfare Secretary Wilbur J. Cohen.

Dr. Goddard, who has headed the Food and Drug Administration for almost 2 1/2 years, is to leave the government July 1 to move to Atlanta to join a dental processing company. The details of the company and the nature of his job were not given.

Goddard, 45, a career Public Health Service officer, was one of the most outspoken and often controversial officials in the top levels of government.

Plot To Assassinate Suharto Foiled

JAKARTA (AP) — The Indonesian government foiled a plot Sunday to assassinate President Suharto and 19 of his generals and cabinet members as they prayed at a mosque, an official said.

It was reported seven men had key roles in the abortive assassination attempt. All have been arrested and will be tried by a military court, military sources said.

Officials said the plot was inspired by the Communists but that some of those involved were still at large. Several alleged Communist servants in the army were arrested in Jakarta last week, but it was not known how many in all would be implicated in the plot.

The mass assassination was to have been sprung while Suharto and his top officials knelt at the mosque on the grounds of the president's Merdeka Palace during a Muslim festival Monday.

Officers said the plotters attempted to hurl hand grenades into the small mosque while Suharto and his group were on their knees.

Security agents unearthed the plot several days before, officers said, and arrested an army captain and several other soldiers. Several newsmen were also reportedly picked up. News of the plot was withheld to aid the investigation.

It was the first reported attempt against the life of the 47-year-old former army general since he took the reins of power from President Sukarno early in 1966. Sukarno's ouster came after the collapse of a pro-Communist coup attempt and a nationwide massacre of Communist party members in retaliation for the favored position they held under Sukarno.

George Comstock

WENDELL—Funeral services for George Herbert Comstock, 77, who died of injuries received in a traffic accident in Jerome early Monday morning, will be conducted at 2 p.m. Thursday in the Wendell High School Gymnasium by Rev. John T. Turk, Episcopal minister, Shoshone.

The youth was born Sept. 19, 1909, a son of Mr. and Mrs. Edwin H. Comstock. He was graduated from the Wendell High school where he was active in basketball. He was active in the summer baseball program in Wendell and belonged to the Episcopal Church.

Survivors include, in addition to his parents, two brothers, Harry Comstock and Edwin Comstock Jr., both Wendell; three sisters, Mrs. Thomas Gabriel, Leonard Katz and Mrs. Len Dotson, and maternal grandmother, Mrs. A. R. Springer, all Wendell.

Final rites will be held at the Wendell Cemetery, Wednesday and Thursday at the mortuary from noon until time of services.

Leslie Boothe

LESLIE Harrison Boothe, 66, 377 Monroe St., died Monday at his home of a short illness.

He was born Aug. 5, 1901, at Provo, Utah, and married Ella Nielson Oct. 2, 1922, at his home. Their marriage was later solemnized at the Logan LDS Temple.

Mr. Boothe worked in the mines at Edwards and later moved to Burley where he was employed by the Burley School District and later as chief electrician at the Idaho Sugar Factory at Burley.

In 1918 he was transferred to the Twin Falls Sugar Co., serving as chief electrician until his retirement in 1954.

He was a member of the Twin Falls Fourth Ward LDS Church and had taken an active part in church activities. He had been a priesthood leader, serving in the Elders and Seventies quorum. He was ordained a member of the High Priest quorum in June, 1954.

Mr. and Mrs. Boothe served six years on a stake mission for the LDS Church. Mr. Boothe also took part in the work of the Boy Scout Council.

Survivors besides his widow are four daughters, Mrs. Darlene Harper, Oakley; Mrs. E. E. (Cecilia) Hutchings, Las Vegas; Mrs. Maurice (Carol) Doulton, Othello, Wash.; and Mrs. Mavis (Maxine) Nielson Boise; two sons, Wayne Boothe, Portland, Ore., and Leslie J. Boothe, Ogden, Utah; three brothers, Eldon Boothe, Fruitland; Claude Boothe, Burley; and Norvin Boothe, Provo, Utah; two half-brothers, John Boothe and Bill Boothe, both Portland; a sister, Mrs. Vera Filer, Burley; a half-sister, Mrs. Sheila Daley, Burley; and 23 grandchildren and six great-grandchildren.

Funeral services will be conducted at 11 a.m. Thursday at the Fourth Ward LDS Chapel by Bishop Claude B. Brown. Friends may call at White Mortuary Wednesday and until 10 a.m. Thursday. Final rites will be held at Sunset Memorial Park.

Mrs. Alvord

Mrs. S. M. Alvord, 89, died Monday at Hazel Del Manor of a long illness.

She was born Feb. 21, 1879, in Spokane, Wash., and was married to D. D. Alvord Sept. 6, 1920, in Payette. They came to Twin Falls in May, 1907, from Evanston, Wyo. She lived in Twin Falls until 1948 when she went to Portland to live with a daughter, May E. Alvord.

In December, 1965, she returned to Twin Falls and resided at Hazel Del until her death. Her husband preceded her in death.

Survivors include one daughter, May E. Alvord, Portland; one son, David D. Alvord, Twin Falls; five grandchildren and five great-grandchildren.

Funeral services will be conducted at 10 a.m. Friday at the Episcopal Church of the Ascension by Rev. John R. Ritty. Last rites will be held in the Twin Falls Cemetery. Friends may call at the White Mortuary Thursday until 9 p.m. The family suggests memorials to the American Cancer Society.

A THOUGHT TO REMEMBER

WILLIAM BOYD

The high sounding words — "constructive criticism" — seldom accomplish what they describe. Only in rare cases, as in the arts for example, does constructive criticism by a teacher to pupil make sense. In most other cases, criticism is destructive; not constructive. Nor can it be.

The Bible says, "Judge not lest ye be not judged." (Matt. 7:1). A wise, old Sioux Indian once prayed, "Help me never to judge another until I have walked two weeks in his moccasins." In present day language, we often hear — "Get off my back."

No one is perfect. We all make mistakes. With human nature as it is, hardly anyone can truthfully say he or she likes to be criticized. Even when it is asked for, harsh criticism is unwanted. When criticism is unasked-for, and especially when it is diluted with the word "constructive," criticism tends mostly to abuse. It lessens human dignity; it is resented. It causes people to refuse added or future responsibility. Constructive? Hardly. Not when it so often causes alienation among people and hence a aspiration from God...

The family has always been the backbone of society, but that doesn't mean it's an ossified institution... Dull data about American families add up to some striking changes that have taken place in the past quarter-century.

Youthful Oldster

It probably isn't escaping the notice of retirees that one of their own age group is the number one negotiator for the United States in the Paris peace talks... At 76, W. Averell Harriman is definitely a senior citizen.

Harriman has had excellent health care from birth: He has had the good sense to keep working at top speed during his adult life when lesser men might have backed away from demanding government chores in their old age.

Time For A Pyramid?

Don't be surprised if Egypt suddenly lays claim to the invention of mass employment schemes such as the WPA, CCC and, recently, the Job Corps... She can base it on a British professor's theory that the pyramids were built not primarily as tombs, but as "social activity."

THE GENIUS... Few persons ever recall the intelligence level known as genius, and this may be a good thing... Public education, through which the great majority of the masses pass in a more or less concerted fashion, may have buried the age of genius.

There are several reasons for the moderation of the Communist... "They are Chinese. Being Chinese, they are, for all of their early excesses, temperamentally inclined to compromise and harmony in human relationships."

Come, Let's Learn From Vietnam

Mistakes are no disgrace if we profit from them. In the laboratory we are perfectly willing to accept and admit the failure of a research project because each has taught us something.

It is conceded now that the United States will not make this mistake again... Though we have treaties with 41 other nations similar to the one which involved us in Vietnam, our State Department and our Pentagon have had enough.

to turn the United States into a third-rate power by bugging out... The fact is, we will "bug out" according to the very terms of the treaty which Ambassador Averell Harriman is offering the Reds in Paris.

Fibrositis

Q—What is the difference between arthritis, fibrositis and muscular neuritis? What causes fibrositis? Can it cause pain in the stomach? What is the best treatment for it? A—Arthritis is an inflammation of the joints. Fibrositis, an inflammation of the fibrous tissues in the region of a joint, is such a vague term that most doctors now prefer to make a diagnosis of myositis (involvement of the muscle), tendinitis (involvement of the tendons) or bursitis (involvement of the joints).

Donna Spencer, Garnier Recite Nuptial Vows

Donna Spencer, daughter of Mr. and Mrs. Marlon D. Spencer, was married to Charles Lee Garner, son of Mrs. Harriet Garner, Kimberly, at 2 p.m. April 20 at St. Jerome's Catholic Church.

Rev. Bernard McBride performed the ceremony before an altar setting of orchid-colored gladioli and white carnations. Traditional wedding music was played by Mary Kluge.

The bride, given in marriage by her father, wore a white brocade satin empire styled gown, fashioned with long high collar sleeves, a sapphire neckline and a detachable train. Her elbow-length veil of illusion was held by a pearl hair. The veil was borrowed from the bride's sister, Mrs. Kirt Ambrose, Twin Falls.

The bride carried a bouquet of orchid and white carnations and Lilies of the Valley centered with a white orchid and enhanced with long white streamers. The bride's gown was made by her mother.

Maid of honor was Thelma Towne, Twin Falls, with Marjorie Spencer, sister of the bride, as bridesmaid.

Best man was Ernest Klimes, Kimberly, with Kirt Ambrose, Twin Falls, as best man. Ted Klans and Richard Garnier, brother of the bridegroom, serving as ushers. After boys were the groom's best man, brother of the bride's best man.

A reception was held after the ceremony in the Parish Hall, with Mr. Ambrose as host and Mrs. Ambrose as hostess. The bride's table was covered with white lace over orchid enhanced with a white flower. The table was centered with a white three-tiered wedding cake decorated with orchid-tipped roses, silver leaves and white swans, and topped with two large sugar bells encircled with net.

The cake was served by Mrs. Ambrose. Punch was poured by Mrs. Ambrose and coffee was served by Mrs. Robert Crumb, Lewiston, aunt of the bridegroom.

Gifts were received by Sherry Towne, Barbara Rhodes and Dorothy Sue Gardner, sister of the bridegroom.

Special guests were Mrs. Dora Spencer, La Grande, Ore., grandmother of the bridegroom, and guests attended from Twin Falls, Kimberly, Rupert, Gooding and Lewiston.

The shower was hosted for the bride by Theresa Wayne, and a miscellaneous shower was given by Mrs. Frank Hill.

Dear Abby

By ABIGAIL VAN BUREN
DEAR ABBY: My husband is well over the age of collecting social security, but would you believe he so vain he won't put in for it because he doesn't want to admit his right age? He is still running after women. Too believe me, if he ever catches any it will be perfectly harmless, I should know.

I have been touching up his hair for years, otherwise it would be so white he would have been telling him it is time to let his hair go "natural," for it is no crime for a man his age to have white hair, but he says, no, he still wants me to touch it up for him. Will you write me, would you?
ELSA

DEAR ELSA: No. Tell him as long as there is no fire in the furnace, he may as well leave the snow on the roof.

DEAR ABBY: I will give you the facts, which are all true, as I believe the girl's name is Millie and Don (made up names) were married 2 weeks after Don was graduated from high school. They have not been married as Millie was 5 months along.

After the baby came, I baby-sat for Millie so she could go back to school and get her diploma. The baby is a year and a half old.

Millie says she doesn't love Millie anymore and he wants to be "free." He says he doesn't want the responsibilities of marriage and fatherhood. He won't go to our priest, and he won't see a marriage counselor. He says all he wants is out. He went to a lawyer who says it will be difficult but not impossible for Don to get a divorce without Millie's cooperation because he has grounds. (Millie has all kinds of grounds, but she doesn't want to file.)

Millie says she is his and is willing to do anything to save her marriage. Can you help?
MILLIE'S MOM

DEAR MOM: No one can "help" save a marriage unless both parties want to save it. Millie can make it tough for Don to get a divorce, but she can't force him to live with her. Assuming she could "save" the marriage, a young husband who feels trapped would make a poor husband and a worse father.

DEAR ABBY: In answer to the question recently asked of you, "Is the pill 100 per cent safe?"—my reply? Thinking this was the only safe way to avoid having a baby at my age (42), I asked my doctor for the pill. I used it for nearly 2 years, then I found I was pregnant. I had not forgotten to take my pill at any time, so at first I thought surely it was my imagination. (So did my doctor.) It turned out to be a beautiful baby boy instead.

Abby, I had two grandchildren, so naturally I was about as "overjoyed" at the prospect of having another baby as most women in their mid-forties.

SHAFT WORKED ON
KELLOGG, Idaho (AP) — Bunker Hill Co. President Charles E. Schwab said Monday a new production shaft at the Crescent mine in the Silver Belt of the Coeur d'Alene Mining Region should be finished by the middle of next year.

He said the shaft will be about 1,300 feet southwest of the Crescent shaft on the mine's 3,100-foot level.

WATCH FOR TICKS
BOISE (AP) — Persons going into Idaho hills this season should keep a sharp eye for ticks, which the Idaho Fish and Game Department says can carry two serious diseases.

Adequate clothing is the best protection against tick bites, the department said, but persons who tramp the hills should check their bodies twice a day for the insects which bore into skin.

Rocky Mountain Spotted Fever and Colorado Tick Fever can be carried by ticks, the department said.

OPPOSES WELFARE
FORT HALL, Idaho (AP) — Kesley Edmo, a candidate for reelection to the Shoshone Board of Commissioners, said today that developing resources on the reservation, but is opposed to welfare programs for Indians.

Edmo seeks reelection from the Fort Fork District of the reservation, where he is opposed by Mrs. Joyce Hernandez. The election is May 31.

"We not only need a vocational school, we need our own high school and junior high school," Edmo said.

WOMAN KILLED
POCATELLO, Idaho (AP) — A Pocatello woman, Mrs. Betty Perkins, died Sunday from injuries she received May 5 in a traffic accident east of American Falls, Idaho.

WOMAN INJURED
Ogden, Utah, was killed in the May 5 accident, state police said.

Her death in a Pocatello hospital raised Idaho's traffic death toll to 85 — or 19 more than on this date last year.

SKELETON FOUND
IDAHO FALLS, Idaho (AP) — A skeleton found Monday on an island in the Snake River is probably that of a Blackfoot man missing for a year, according to Bonneville County sheriff officers.

The remains of a man, thought to be those of 27-year-old Roger Frisneck, were found on an island about 18 miles east of Idaho Falls by Ririe cattleman Norlan Durant and Wayne Redford.

Little remained but some clothing, a wrist watch and a belt buckle, the ranch workers said.

MAN HOSPITALIZED
BOISE (AP) — A Boise plumbing contractor was hospitalized in a factory condition Monday after falling into an eight-foot-deep trench caved in on him in the hills north of Boise.

Orphan C. Herold, 45, was working in the trench when dirt buried his head under about two feet while he stood in the hole. Firemen extracted him.

INJURIES ARE FATAL
NAMPAPA (AP) — Diane Morris, 35-year-old daughter of Mr. and Mrs. Charles Morris, Nampa, died Monday of complications resulting from a fracture of her thigh.

The girl was injured when she fell while riding a horse near her home last Wednesday.

Liver Patient Leaves Hospital

DENVER, Colo. (AP) — Ran- den "Bennie" Bennett, the only four known survivors of liver transplant operations, has been discharged from the University of Colorado Medical Center.

The curly-haired son of Mrs. Sandra Bennett of Mesquite, Tex., is the first liver transplant patient to progress enough to be released.

The youngster underwent surgery Feb. 9, after doctors found he suffered from biliary atresia, the congenital obstruction of bile ducts. The ailment often results in death by about the second birthday.

STUDY SUPPORTED
BOISE (AP) — A recent study of feasibility of an Idaho medical school "clearly acknowledges the critical health shortages in our rural areas," the head of the Idaho Foundation for Medicine and Biology said Monday.

Dr. Raymond L. White, executive vice president of the foundation, termed the study for the Medical Education Study Commission "excellent" and said his own group had supported creation of a medical school.

CLEANUP NEARS END
POCATELLO, Idaho (AP) — A Chamber of Commerce cleanup of a 12-block area on Pocatello's east side is expected to be completed this weekend.

Volunteers the past three weekends have leveled about 70 old buildings and hauled away some 20 truckloads of trash.

The chamber hopes to spread the campaign to other areas.

The City Council and the City Commission have praised the program and have donated trucks and drivers. They are considering allocating funds next year to hire youngsters to work on a similar program throughout the summer.

TRANSMITTER TRUCK
BOISE (AP) — Lightning struck the transmitter for Boise television station KTVE at least twice Monday, knocking the station off the air for 30 minutes and damaging plumbing and electronic equipment.

Chief Engineer Len ALLEN said lightning first tripped circuit breakers which cut off transmitting power and damaged some equipment when it attempted to strike through the transmitter building's wall and cause a leak in plumbing.

The structure is near the top of a mountain north of Boise.

Repairs to electronic equipment were made after the leaking water system was turned off, Allen said.

OBJECTIONS GIVEN
BOISE (AP) — Proposed freight rate increases by U.S. railroads have drawn objections from virtually all Idaho public and private agriculture groups and agencies, according to the head of the Idaho State Wheat Commission.

Monday was the Interstate Commerce Commission's deadline for protests to the proposals, Commission Chairman Harold West said.

Who knows whether you're paying cash or writing yourself a loan?

Only you and Twin Falls Bank and Trust

With a Bank and Trust Walker Bankard you can buy merchandise in one of two ways:

- Simply write a check for the full amount whether you have a sufficient balance to cover the check or not.
- Use the merchants Bank charge form.

If you write a check and show your Bankard, the participating store doesn't know whether you're paying-cash-or writing a loan. That's personal and private between you and the Bank and Trust. All the merchant knows is that he can take your check in complete safety, whether you have an account at the store or not.

Isn't that the way it should be?

Demos Name Delegates To State Session

Delegates to the Idaho Democratic Convention June 14 and 15 in Idaho Falls have been announced Monday by Vincent Smazal, chairman of the Twin Falls County Democratic Central Committee.

Selected during the party assembly were nine official delegates and nine alternates.

Attending by reason of the offices they hold in the local organization will be Mr. Smazal, committee chairman; Lee Leichter, state committee man; Mr. Vincent Smazal, state committee woman; Mrs. R. L. Summerfield, district chairman in District 42; Lincoln McGinnis, district chairman in District 24, and those appointed include W. B. Savage and Frank McAuley, central committee delegates; Mrs. June Eraser, district 23 delegate and A. K. Reed, District 24 delegate.

Members discussed the possibility of adding several names to the list of party candidates for the coming Primary and General elections in the county but deadline for filing is only until 60 days before the election and no definite action was taken.

Senate Okays FHA Funding Solon Reports

WASHINGTON, D. C. — (Special) — Legislation to secure emergency funds for the Farmers Home Administration today passed the senate without a dissenting vote.

The bill was introduced two weeks ago by Sen. Frank Church, D-Idaho.

Action by the House of Representatives is expected later this week. A favorable vote there would authorize the President's signature.

Church's bill authorizes the Farmers Home Administration to secure a \$50-million loan from the Land Bank Credit Corp., another agency of the Department of Agriculture.

It would be repaid with interest by the FHA — when that agency receives its annual appropriation later this year.

Church told the Senate May 17 that the Emergency Credit Revolving Fund from which loans are made has been exhausted since mid-March.

He said that Idaho alone needs nearly a million dollars for emergency loans and that swift action by Congress is essential to meet the credit crisis in agriculture.

The Idaho Senator stressed that shortages in the fund were not caused by failure of farmers to repay, but by "extraordinary" series of natural disasters across the country this year.

DUANE McMURDIE has been awarded a scholarship to Princeton University, N. J. He is the son of Mrs. George O. Wallace of Twin Falls and Roy McMurdie, Bill, and a senior at Twin Falls High School. He is the president of his year group and was awarded a trophy for outstanding play as a defensive lineman on the high school football team. He plans to major in architecture.

Election Law Report Goes To Council

By EARLE L. JESTER... on the party structure.

BOISE (AP) — The final report of an election law revision committee goes before Idaho's Legislative Council Friday. If it gains acceptance, it will be passed on to the 1969 legislature.

The committee proposed three changes:

- Shift the primary from the first Tuesday after the first Monday in August to the first Tuesday after the second Monday in September.
- Revise the method of endorsing candidates at state assemblies, so that no more than two candidates could be endorsed.
- Give the state assemblies the responsibility for deciding political party assemblies.

At present, the structure of the primary ballot as unendorsed candidates, and still might win the party's nomination.

Present law provides that any candidate who receives more than 20 per cent of the state assembly votes gets his name on the primary ballot. As many as four thus could be endorsed for nomination.

The proposed change would give a candidate receiving 25 per cent of the assembly votes out of the assembly.

Sen. Arthur Murphy, D-Mulvane, is chairman of the election law committee. The change in the date of the primary would require corresponding changes in times for filing nomination petitions and other requirements could get on as reported injured.

Business Mirror

By JOHN CUNIFF AP Business Analyst - NEW YORK (AP) - Record high interest rates will be paid this week by corporate and municipal borrowers as a direct result of the decision by the Federal Reserve to postpone action on a tax increase.

The high rates are caused by inflation and the failure of policy to cool the over-heated economic expansion. This puts the burden of economic restraint almost solely on money.

Eventually, if not now, the record rates will affect every borrower, including the home buyer, the city seeking to build a new water plant, the corporation with plans to expand and the U.S. government seeking to finance its operations.

The postponement of tax action comes at a time when many of these potential borrowers are actively seeking money. The report says that \$2.5 billion of new corporate and municipal bond issues will reach the market.

Highest grade corporate bonds already are near 7 percent, and in one instance a medium grade issue was offered at 7 1/2 percent. The federal government is paying 6 percent on its new mortgages now are above 7 percent in some areas.

This month President Johnson has already permitted increases in the rate of loans insured by the Federal Housing Administration and the Veterans Administration from 6 percent to 7 percent and several states now are in the process of lifting the ceiling on mortgage rates.

Even higher rates seem likely, and Johnson's warning of 10 percent borrowing costs in the event of a tax increase now seems more realistic than a couple of weeks ago. One of the dangers in such high rates is that they could precipitate a recession.

Another worry concerns the stability of the dollar, the value of which some economists feel is overvalued and could lead to instability in the world's economy.

A widely held opinion in financial circles is that once again the Federal Reserve may raise the discount rate. This being the rate at which members banks borrow from the central bank.

It is the responsibility of this central bank to expand or limit the money supply to keep the economy stable rather than inflating or depressing it. Since inflation now grows worse by the day, analysts believe the Federal Reserve is compelled to slow economic activity by making borrowing more difficult.

Although rate changes generally are few and far between, their frequency in the past 3 1/2 years illustrates the instability of the economy.

On Dec. 8, 1965, the rate was raised to 4 percent from 3 1/2 percent. In April, 1967, when it was lowered again to 4 percent.

Successful Investing

By ROGER E. SPEAR Q. From my first venture into the stock market I own Dyna-Dynamics Corp. of America, Vendo Corp. and U.S. Surgical. Am I holding good stocks for near future growth? A.R. A possible upturn in the price of your stocks could appear from a broad market rise. Each has characteristics which persuade me to say hold for the present and watch closely.

U.S. Surgical will be more difficult to follow than the other two as it is a small, relatively low enterprise finding over-the-counter. Few progress reports are available. It was first offered in units of one \$500 subordinated convertible 6 1/2 percent debenture plus 100 shares of common. Its offering value of \$1.5 million has been maintained since 1968 trading steadily.

Q. I own some Ohio Edison preferred stock. After reading about expansion plans in the annual report I'd like to change over to the common. Would you advise this and do you think it will split again? A. Your participation as a common stockholder in Ohio Edison's future growth should be a head with your proposed switch if you don't need the security of a high-quality preferred. The company has more than doubled cash payments on the common over the past decade and current yield is over 5 percent.

Q. I would not really invest in a hospital supply industry. American Hospital Supply after it splits. Your other two stocks have showed future growth because of Dynamics Corp.'s rather heavy dependence on military contracts and Vendo's lowered earnings as a result of increased and lessened demand for its machines.

Official Favors Reclamation Over Sports Fishery

LEWISTON, Idaho (AP) — George L. Crookham Jr., chairman of the Idaho Water Resources Board, said Monday that he considers the present sports fishery on the Middle Snake and Salmon rivers is of a lower priority than reclamation and other uses.

He suggested that the salmon and steelhead runs should be considered expendable. Crookham was among 23 public officials, private power representatives and newsmen who were Sunday morning from Lewiston and returned Monday at noon on a boat tour of proposed sites for hydroelectric sites on the Middle Snake.

ARAB Summer Rust Protection for your Tank

WITH A HEATING OIL FILL FROM AMERICAN OIL

Get free Tank Bottom Inhibitor Additive for your tank with a fill this summer. Pay nothing until fall.

Summer is tough on oil tanks. If they sit empty, they tend to rust and corrode as moisture forms on the bottom. With your summer fill, we add our Tank Bottom Inhibitor Additive. This new chemical settles to the bottom, neutralizes moisture and prevents rust. Yet never mixes with the oil itself. Protect now, be ready for winter, and don't pay a dime until fall. Offer expires August 1st. So call American Oil Hot Line Heating Service now. We'll be right out.

Our customers are our warmest friends.

Hailey Jaycees Clearing Land For Park

HAILEY — Two years ago the Wood River Jaycees started a project which many people said couldn't be done.

Their goal was to clear three acres of river bottom land of cottonwood trees, some of which had diameters of from four to five feet. All that first summer the area resembled a "No Man's Land" with huge stumps ten large for the bulldozers having to be dynamited out.

Finally, with the help of public-spirited men owning heavy equipment, the county and the city of Hailey, this job was completed. Then, there was a setback.

Some earlier date the Big Wood River had overflowed across the land, washing a 11 earth away.

Three weeks ago the final push to complete the project began. That weekend—11 trucks, four of them belonging to the county and two to the city, hauled more than 3,000 yards of top soil donated by the Bureau of Land Management, and spread it over the area.

Stanley Johnson, Arno Friesad, the Duncan Construction Co., the Liberty Gem Mine, the Silver State Queen Mine and Eugene Fredrickson all donated trucks. Mike Ivic donated his loader.

Operating the equipment in addition to the owners, were John Reeder, Don Knight, Jack Brooks, Gary Price, Wayne Davis, Vern D. (Doc) Thomas, Harold Ruby, Delbert McMurdo, Minton Vitale, Robert Swaner, James Savaria and John Davies.

Jaycees in charge of different committees are Phillip Warner, general chairman; Ralph Harris, landscaping; Don Knight, construction; John Davies, playground, and Vern Thomas, water.

Mr. Warner said the DBC-Centennial Co. dug about 1,000 feet of trench for the water line last weekend and it is anticipated the sprinkler system and road bed through the park will be completed soon.

Councilman Warner asked the city at their meeting last week to grant \$700 to defray the expense of completing the park. This motion was passed.

The Seventeenth National Forest project.

PHILIP WARNER, general chairman of the Jaycees; City of Hailey recreational park near Big Wood River, left, Vern D. (Doc) Thomas, in charge of the water system for the park; Don Knight, in charge of construction; and John A. Davies, supervising the playground, stop work for a time to inspect the park plans.

Wary Confidence Hangs Over Morse Headquarters

By GORDON G. MACNAB Associated Press Writer

PORTLAND, Ore. (AP)—An air of wary confidence hangs over the headquarters of Sen. Wayne Morse, one of the state's most fierce critics of the Vietnam war, as he seeks re-nomination in Oregon's May 28 Democratic primary.

The leading opponent is Robert B. Duncan, a Johnson administration defender, who is waging a vigorous campaign to unseat Morse, who is close to him admit privately is not moving well.

Seven months ago, the situation looked very different. A major poll taken in October—the result because known President Johnson's out of the only recently shown—Duncan running and peace talks under with 51.1 per cent of the Democrats and Morse with 39.8. But then Morse went to work.

He ranged all over the state mending fences, renewing ties he knew he could count on and greeting voters just about everywhere.

In March, the same pollsters took another reading. This time Morse was in front, 49.4 to 39.9.

A fresh poll in the area around Portland, where one-third of the state's Democrats live, showed that as of May 3 Morse was continuing to gain.

Duncan, 47, was the Democratic nominee a close but unsuccessful race two years ago with another Vietnam critic, Republican Sen. Mark O. Hatfield.

In that contest, Vietnam was a key issue. But this time, with the President following out of the running and peace talks under way in Paris, the war is no longer central.

Morse's frequent talks in all parts of Oregon have been low-key discussions of his record and of problems he says he will try to solve.

Duncan says two factors will help him amass a relative majority: a relative lack of undecided bloc and his focus on local topics, the national problem of civil disorders and on Morse the man.

A Column for Sports Fans

The annals of great drivers on American tracks hold some illustrious names... like Jones, A. J. Foyt, Bobby Unser.

In 1965 a new name sprung into the lives of racing fans who were watching driver honors for the first time since the name of "A.J. Foyt".

In 1966, he won the national title for the second year in a row and when in '67, Andretti picked his last year performance was no longer "that's what makes it strange to hear" Andretti say he's the most frustrated driver in the business. How come? Because he hasn't won the "500" at Indy for top drivers, that's the rate of race. An Andretti race win at all I win Indy, it's like I win nothing.

Until you've driven a brand new 1968 Dodge & Chrysler, or like you've driven only second best, and until you've checked out our deal, you've only heard "sec. and best offer." If you like to drive a great bargain, now's the time to stop in at...
