## Oil Slick Sighted In Search For Submarine

THE NUCLEAR SUBMARINE Scorpion is shown during launching ceremonies at Groton, Conn., in December, 1959. Tuesday U.S. Navy ships and planes were searching the stormy Atlantic for the missing submarine and her 99 crewmen, overdue at Norfolk, Va., Monday. (AP wirephoto)

WASHINGTON (AP) — The Navy reported today that an oil slick was spotted along the return course of the missing submarine Scorpion two days after the stormy sub's last known communication.

The sub and its 99 crewmen were to have reported to Norfolk, Va., at the end of a 28-day Atlantic-crossing mission Monday.

Search ships have been ordered to the oil slick area to look for any surface evidence such as debris.

But a Navy captain in charge of the massive Atlantic search effort from the Pentagon cautions that "We attack at this time no importance whatsoever to the sighting."

Capt. John F. David told newspaper slicks are a routine sighting at sea.

"Nevertheless, David acknowledged at one point, "With the passage of time we are more apprehensive of what the possibilities are."

David said the \$40 million Scorpion should have surfaced about 4 p.m. Monday 55 miles off Norfolk. The Navy earlier had estimated arrival time at several hours earlier.

When the Scorpion failed to appear the Navy asked all ships in the Atlantic to check their logs for any sightings or contacts with the Scorpion since she was last heard from about midnight May 21.

The USS Monrovia, an attack transport which was part of an amphibious squadron returning from the Mediterranean, had something.

The quartermaster of the Monrovia in reviewing his log found that he had noted on 12:55 Greenwich time—5:55 in the morning Washington time on May 21—two slicks as the ship passed an oil slick.

This was about 1,200 to 1,400 miles almost due east of Norfolk, the Scorpion's home base, and in an Atlantic area ranging to 9,000 feet deep—far below the level at which the Navy could hope to rescue men from a disabled sub.

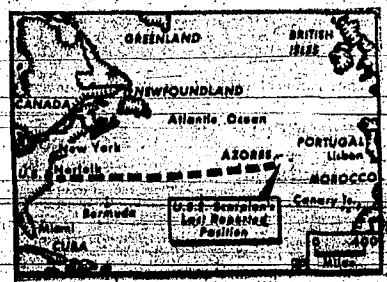

The sub failed to appear and a broad search was launched with at least 36 ships, planes and nearly 8,000 men.

The only Utah or Idaho serviceman on the crew is Electrician C.C. Steven D. Gleason. He is the son of Mr. and Mrs. Edward R. Gleason, Deweyville, Utah.

Navy men emphasized the search remained in the organization phase at mid-morning with surface ships and submarines proceeding to the search area along 600-foot depths marking the beginning of the Atlantic's continental shelf—about 50 miles off Norfolk.

In addition, long-endurance P2 and P3 submarine search planes were flying along a 15-mile wide stretch of ocean covering what the Navy figures was the Scorpion's plotted course home.

This covers a line reaching SEE SUBMARINE, Pg. 2, Col. 4

THIS MAP locates the position of the missing nuclear submarine USS Scorpion on May 21, when it last communicated with the U.S. Navy. The craft, with 99 men aboard, was then a few miles south of the Azores. It was due in Norfolk, Va., at 1 p.m. Monday from an extended training operation in the Mediterranean. (AP wirephoto)

## Oregon Demos Vote In Primary That Offers Hope To McCarthy

PORTLAND, Ore. (AP) — Oregon Democrats vote today in a presidential popularity contest that offers campaigner Eugene J. McCarthy his best hope of stopping Sen. Robert F. Kennedy's drive for a sweep of their primary contests.

McCarthy should win, Kennedy said, the benefit would go to Vice President Hubert H. Humphrey, an Oregon absentee.

Richard M. Nixon had two alternate rivals in the Republican balloting, California Gov. Ronald Reagan and New York Gov. Nelson A. Rockefeller.

"I don't know how it's all going to turn out tomorrow," Kennedy told his wind-up rally in Portland Monday night. "The polls say it like that," Kennedy said, holding his fingers side by side.

There were 35 Democratic nominating votes at stake, but much more was involved for Kennedy whose strategy is based on a sweep of the primaries he has entered. He said at one point that he had to win Oregon to remain a viable candidate.

"Vice President Humphrey is my opponent," Kennedy said. "If Oregon is adverse to me, the vice president will get the benefit."

Polls opened at 8 a.m. Pacific Daylight Time—11 a.m. EDT—for 12 hours of balloting expected to produce a record turnout.

Kennedy dashed across Oregon in a hectic final day of campaigning, then flew to Los Angeles to spend election day seeking votes for the California primary on June 4.

McCarthy planned to go campaigning in California, too. Both candidates return to Portland tonight to await the Oregon decision.

Kennedy's strategists are far more confident about the Oregon primary, and the simultaneous balloting in South Dakota. But a McCarthy upset in Oregon would reverberate in the outlook, and could change the odds.

The National Broadcasting Co. reported his first Oregon poll gave Kennedy a tiny edge over McCarthy. That survey, taken during the weekend by the Oliver Quayle Co., gave Kennedy 34 per cent of the vote, McCarthy 32 per cent, with 11 per cent undecided.

Nineteen per cent of those polled said they were undecided. Six groups will be working on the circulation of petitions, and asked to sign the petition.

## Petitions Readied For Downtown LID

A petition is being circulated among Twin Falls property owners asking for the creation of a local improvement district.

It is the latest step in an overall downtown improvement program. This phase is being conducted under the guidance of Twin Falls Futures Unlimited, an organization made up of interested Twin Falls business people.

What is being asked in the petition is approval of a \$300,000 project that will take in six blocks covering Main, Adams, Broadway, Second Street, North, and West and Third Street South and East.

To finalize plans for circulation of the LID petition, a meeting of Twin Falls Futures Unlimited was held Monday evening.

Curt Enten of the Twin Falls Bank and Trust and Don Jensen of Jensen's Jewelry were named co-chairmen of the signature drive.

Owners, administrators or partners in 45 properties in the proposed LID area are in contact during the week and asked to sign the petition.

According to Bill Grange of Twin Falls Futures Unlimited, if 60 per cent of those property owners in question sign the petition, the LID will become a reality.

So far five signatures have been obtained.

"Response has been tremendous," Mr. Grange said Monday night.

"I'm very confident we can easily get the 60 per cent," he said.

If it hoped the signatures can be obtained by next week, he said. If this happens, the petition will be presented to the Twin Falls City Council as soon as possible.

The LID, if it is created by the city, will organize a taxing authority to improve the six blocks in question. It will provide for the construction of sidewalks and curbs, lighting, cable burial, sewer and water lines, and other construction projects needed for the overall downtown improvement program.

Six groups will be working on the circulation of petitions, and asked to sign the petition.

## Plane Crashes

BOMBAY, India (AP)—A four-engine Convair jetliner of Indonesia's Garuda Airways fell from the sky in a crash about 60 miles from Bombay, and burned today about 16 miles from Santa Cruz airport with 26 to 29 persons aboard.

Rescue persons reported there were no survivors. The plane lost radio contact with the ground seven minutes after take-off.

Some reports said the plane carried 29 persons—15 passengers and 14 crewmen.

Howard R. Giddis' agent in Bombay, Air India, issued a list with only 13 passengers and 13 crew. None aboard appeared to be American.

## Inquest Is Pending In Burley Death

BURLEY—An inquest is pending into the accidental death Monday afternoon of Orville Baker, about 60.

Shelby Ray Mitchell said he was notified at 4:45 p.m. that Mr. Baker had been fatally injured when he was backed over by a car at the home of a brother, Clarence Baker, on the latter's farm eight miles southeast of here.

Two companions, Keith Elquist and John Elquist, were arrested Monday night and are being held in custody for drunk-driving charges.

Officers said the men told them that they had been together Monday afternoon and then taken Mr. Baker to his brother's home where he was staying. When they got into the car, which is registered to Keith Elquist, to leave, the vehicle suddenly backed over him.

Investigation is continuing, the sheriff said. It has not been determined who was driving the car. Dr. Leslie Brown, county coroner, is participating in the investigation.

## Guardsmen Patrolling Louisville Streets After Night Of Violence

By JOHN FOX  
LOUISVILLE, Ky. (AP) — National Guardsmen patrolled Louisville streets in small units today while the city began cleaning up the debris from a night of rioting.

Schools opened on schedule as did the polls since this is a primary election day in Kentucky.

Mayor Kenneth Schmied said he would decide later whether to reimpose the curfew to prevent a repetition of Monday night's disorders in which two persons were shot and at least 20 others injured.

Police made 104 arrests on charges of disorderly conduct or breach of peace.

One of the wounded was identified as a looter by FBIman Donald Jagger, who said he opened fire with a shotgun after spotting the man emerging from a store with several articles of clothing.

The second man, reported in serious condition with a gunshot wound in the stomach, also was a looter.

Police said they were trying to determine the circumstances surrounding his case.

Under state law, all taverns and liquor stores are closed election day until 6 p.m. If Schmied imposed the curfew again, they would remain dark.

"The mayor said 'our main concern is to protect the public and we thought the city was trying to do a good job for all its citizens and then something like this happens.'"

He asked Gov. Louie B. Nunn

## Education Minister In France Resigns

By LOUIS NEVIN  
Associated Press Writer  
Paris (AP) — France's education minister resigned today after being caught in the midst of student turbulence which touched off the strike wave that is costing France more than a billion dollars a week in lost production.

Georges Pompidou said he will take over Peyrefitte's duties.

Peyrefitte, 47, had been minister for information and minister for scientific research and atomic matters before he moved to the Education Ministry April 7, 1967.

With no end in sight to the general strike, a leftist leader proposed that a provisional government take over to arrange election of a successor to President Charles de Gaulle.

Pompidou disclosed France will dip into its \$8 billion in gold and foreign currency reserves to help the nation through an expected slump in its trade balance due to wage increases and other costly benefits to workers.

The package proposal, which is still not satisfactory to the unions, would obviously hike the cost of French export goods.

"We have large reserves," he said.

for guardsmen to be brought into this city of 400,000. At least 375 moved into downtown areas immediately and others were placed on an alert status around the state.

The violence began among a crowd estimated at between 600 to 700 persons who had gathered at a rally to protest the resignation of a police officer who had been dismissed for allegedly using excessive force while arresting a Negro.

The officer's dismissal was overturned by the city's Civil Service Board which ordered the patrolman reinstated after a 10-day suspension.

The reinstatement drew protests from the National Association for the Advancement of Colored People and the Kentucky Christian Leadership Conference.

As police officers attempted to clear the intersection following the rally, youths standing on the roof of a poolroom pelted them with a barrage of bottles, rocks and sticks. Two taxicabs and a police cruiser was set afire as the disorders grew in intensity.

## 407 Students Graduated At Twin Falls

Diplomas marking completion of 12 years of school were presented Monday night to 407 members of the Twin Falls High School class of 1968 during commencement exercises at Brain Stadium.

Perfect weather for the outdoor ceremony brought out what Dr. Ernest Ragland, school superintendent, termed the "largest crowd ever to witness a high school graduation in Twin Falls."

Following graduation the seniors enjoyed a dance at the National Guard Armory; bowling and various private parties.

Valued orators of the class were Kathy Ann Anderson and Lesley Kay Benoit. Salutatorians were Michael Robert Buchanan and Christine Peterson.

The symphony band of the high school played the processional, recessional and the Star Spangled Banner.

John Lawrence, principal of the high school, presented the class to the audience of family and friends of the graduates.

The awarding of diplomas was by Edward R. (Ted) Smith, Frank E. DeLuca and E. J. Sumner, all school trustees, and Richard A. Baur, dean of the high school.

Others taking part in the program were Robert Eklund, student body president, and Duane Fremont, senior class president.

The class was about 25 students smaller this year than in 1967.

School for the district's students is officially over, but at 1 p.m. Wednesday students will report to their various schools to receive grade cards.

ONE OF THE SALUTATORIANS of the Twin Falls High School class of 1968, Christine Peterson, receives a special award from Ernest Ragland, school superintendent, Monday night during commencement exercises at Brain Stadium. Seated with the salutatorians are Kathy Ann Anderson and Lesley Kay Benoit. The class of 1968 had 407 members.

## Johnson Asks Talks Change Direction

WASHINGTON (AP) — President Johnson said today he has no evidence that is ready for a "quiet, serious discussion" in Paris. He called for moving the Vietnam talks out of the area of what he termed "fantasy and propaganda."

Johnson made no threat to revoke his March 31 order, which ruled all save North Vietnam's southern panhandle should be beyond the range of American bombing.

In fact, he repeated earlier promises that if Hanoi responded to that partial bombing halt, the United States would be prepared to go farther.

However, Johnson said North Vietnam has stepped up its infiltration into the South and is compelling and over-tiding responsibility for a tax bill as soon as possible.

Johnson said, possibly implying that the need was no great it would override the issue of a \$8-billion spending bill.

But then he went on to say that he did not really favor cut of over \$4 billion but "we'll try to live with it."

Asked if he had any messages for the participants in the Poor People's Campaign, Johnson said he had dealt with the question earlier but repeated that he has proposed \$78 billion for social programs to Congress and will work hard to get the money.

"I'm ready to say there is

# Salmon Tract Water Forecast Is Lowered After Dry Period

The sequence of weather since May 1 snow surveys has been very disappointing from the standpoint of producing runoff, according to Morlan Nelson, Watershed soil on the Salmon Falls drainage at the higher elevations was excellent as of May 1.

However, Mr. Nelson said, normal precipitation did not occur while these soils were moist. Cold dry winds resulted in snow melting and high losses without contributing to stream flow. Precipitation that did occur was applied on the watershed in the area and did not add sufficiently to the stream flow.

Soils on the watershed are now so dry that unusually heavy precipitation would have to occur to increase the flow, but changes of such heavy rain occurring are very small, so late in the season.

The forecast made from snow surveys, soil moisture and precipitation measurements are not precise enough at this time to delineate the 3,000 to 8,000 acre feet of water in question this season. However, the dry trend has continued and the forecast in general has been lowered.

The May through September period (inflow to Salmon Falls Reservoir) will be between 26,000 to 20,000 acre feet. According to the Twin Falls Soil Conservation District Water Forecast Committee this would mean the revised water forecast would be 28 acre feet per share. The unfortunate problem in this revised forecast is that this could go even lower if the dry conditions prevail during June. Likewise, at this critical period, heavy storm could raise this forecast by 25 acre feet.

Threatening the spread at this time, depending upon the remainder of the season, varies from 25 to 35 acre feet per share with the most likely forecast being close to 3 acre feet.

The entire season, from Dec. 1, 1967, to date, has followed a similar trend. "We are still in the position of having one-fourth to one-half normal water supply year," says Mr. Nelson. "Inflow year, Oakley Reservoir, has not been changed, as a result of not being touched. Other forecasts of streams in southern Idaho have not been changed for the same reason."

## Picabo Theft Nets \$1,500 In Equipment

HATLEY - A burglary of the Silver Creek Supply Store at Hatley netted \$1,500 worth of equipment ranging from chainsaws to a tape recorder, reports Blaine County Sheriff Overton.

The theft was discovered by Mrs. Leonard Purdy, postmistress there, and occurred between 8 p.m. Sunday and 7 a.m. Monday.

Wires to a burglar alarm were cut and the front door pried open with a pry bar.

Inventory of merchandise and other articles found was unavailable, but a few missing were: a chainsaw, a tape recorder, watches, a large amount of clothing, a large amount of...

# Negotiators Look For Housing

PARIS (AP) - Top U.S. negotiators at the Paris peace talks are looking around for housing in the area of a final agreement only on meeting on Friday.

Some Western diplomats speculate privately that if the economic impact of the French strikes becomes much worse or if violence breaks out in Paris, the negotiators would spread and intensify the United States and North Vietnam will have to consider moving the talks to another city.

The U.S. delegation found some evidence of movement on North Vietnam's part Monday on the question of whether North Vietnamese forces are fighting in South Vietnam, a spokesman said. They seemed to be nearer conceding the point, he said.

He repeated his argument that the United States is the aggressor in Vietnam and should stop attacking the North without the U.S. delegation found

# Ketchum Man Wins Award On Ski Poles

BOISE (AP) - A Ketchum, Idaho, manufacturer of ski poles was presented with an "award for industrial excellence" Monday by Gov. Don W. Samuels.

He presented the award at the Second Annual Idaho Economic Conference to Ed Scott, president of the Idaho Department of Commerce and Development, told the conference Idaho must supply 61,800 more jobs than it loses to other states predicted population growth.

Howe said his figures were from an industrial survey made of Idaho.

Carl M. Industrialist P. G. Batt keynoted the meeting, saying, "It is the application and appropriation of muscle and brain power that has created wealth. The appropriation of money without vision and work will surely fail."

# France

(Continued From Page 1)

The world-wide reversal of the U.S. policy of building up the reserves of gold and foreign currencies.

Peyrefitte's resignation, announced by the premier, is the latest sign of the Goulit regime from the strike crisis. He has taken much of the criticism for the unresisted withdrawal of French troops from Vietnam since May 10.

Mentioned in government circles as being "shaky" under the Interior Minister, Christian Fouchet, who runs the nation's police forces; Information Minister Georges Gorse, who has responsibility for the strike-crippled telephone system; and Defense Minister Pierre Messmer, who has taken a role in efforts to keep order.

Two other ministers acting premier early in the crisis when Pompidou was abroad on an official visit.

Erançois Mitterrand, president of the non-Communist Federation of the Left, called for the resignation of De Gaulle's reform proposals in the June 18 referendum.

Since De Gaulle has threatened to resign if he does not receive massive support at the polls, Mitterrand said the "de Gaulle" report was made in June 16, if it doesn't come before then, will provoke the disappearance of the premier and the present government.

He called for formation of a provisional government immediately "to get the state back on its feet, reply to the just demands of the social workers and finally organize the practical mechanism for a presidential election which could take place in July."

Mitterrand, runner-up to De Gaulle with 45 per cent of the vote in the 1965 presidential election, said: "I am a candidate."

The strike which economists say is wiping out more than a billion dollars a week in production, went into its 12th day today as local and all the LID count private industry shrouded down a proposed settlement which included a 10 per cent pay raise.

# CSI Given \$10,269 For Student Aid

WASHINGTON (AP) - Collegiate and universities in Idaho have been awarded \$107,000 in federal work-study programs for the fiscal year ending June 30, San, Frank Church, D. Idaho.

The grants are to provide a major share of financing for major grants of \$10,269 will aid about 222 students between July 1 and Dec. 31 this year, he said.

awarded were: \$14,085 to the College of Idaho at Caldwell; \$9,340 to Boise College; \$10,269 to the College of Southern Idaho at Twin Falls; \$9,340 to Idaho State University at Pocatello; \$2,356 to Lewis-Clark Normal School; \$1,800 to Northwest Nazarene College at Nampa; and \$16,750 to the University of Idaho at Moscow.

David Perkins, dean of students at CSI, said the \$10,269 grant would help 222 students in the college to aid academic students.

# Petitions

(Continued From Page 1)

Every property owner will be contacted.

In matters of estates or in cases of partnerships, one person can have more than one owner and Mr. Grange said everyone would be contacted.

Last Wednesday a model of the downtown project was presented to the public, along with a capsule outline of what the goals are.

The project will strengthen the downtown tax base.

Through increased property values and increased business it is anticipated the tax load to other citizens of the city will be decreased.

The LID will be paid for in taxes from the downtown property owners in the six half-blocks fronting on Main Avenue. Those who have signed the petition to date include: John Roper, Paul B. Jones, and the Twin Falls Holding Corp., which is Hudson's and Crowley Drug. Also, Mrs. Lillis Graham, and L. James Koulik. Two others have indicated they will sign but have not done so yet, officials said.

Mr. Grange stressed, "This is a local project to be administered locally and all the LID cost will be paid by taxes from the downtown property owners in question."

# Even Thieves Skeptical About Money

Thieves in the Twin Falls area are not all interested in money, county officers noted Tuesday in reviewing five reports of stolen items received in the Twin Falls sheriff's office during the morning.

Lloyd Kimpton, notified officers that someone took a valuable glass collection from his home stack south of town sometime within the past few days. He said he had a list and catalog of the items, but which he would provide the investigating officers. As to why he kept a valuable glass collection in a home stack, Kimpton said it was there to change color to a deeper purple from the sun's rays.

The meeting time is from 9 a.m. until noon Monday through Thursday.

The class will hold its initial meeting at the art building at the corner of Falls Avenue and Washington Street North. Weather permitting, classes will be held at various locations throughout the valley.

The course, Art 26, may be taken for three credits or audit. It is for both the beginner and advanced painter. It may be taken for audit by high school students, with permission of their principals.

Classes also will be offered in art appreciation, Art 42, and art methods for elementary teachers, education 99.

# Two Buhl Men Elected During Trustee Voting

BUHL - James Monroe, defeated incumbent Al Dalis for a three-year trusteeship Monday in Buhl School District 412.

Monroe received 110 votes to Dalis' 81. Two write-in votes were cast for Howard Hopkins.

In zone four, incumbent Dr. Harold Hammerquist, unopposed, received 46 votes for a three-year seat on the board of trustees. Seven write-in votes were cast for Darrel Lous.

# Submarine

(Continued From Page 1)

about 2,000 miles from Norfolk to a point just south of the Azores, almost due east, where the Scorpion sent a routine report May 21 giving its position, speed and bearing. No difficulties were mentioned in that message.

Under normal conditions, the Navy said, the Scorpion and its crew can remain submerged "well in excess of 60 days."

When reported to the \$40 million U.S. attack sub was a mystery. An obvious unexpressed Navy fear was that the Scorpion might be lost in a way similar to that of another atomic sub, the Thresher, which sank in the North Atlantic in 1963 with 129 men aboard.

The next stolen item was reported by John Tucker, who said someone took his "electric fence," a control box which electric fence workers in the area of his property northwest of Twin Falls.

Finally, W. I. Starr, who lives in the area, reported that the west of Twin Falls, notified the sheriff's office of a stolen sign. He said he recovered the sign, but it had been bent and thrown into his field.

# CSI To Offer Painting Class Starting Monday

The College of Southern Idaho will offer a new summer course in watercolor painting, according to Lavva Steinhilber, director of the art department.

Mr. Steel said the course will begin Monday and end June 28. The meeting time is from 9 a.m. until noon Monday through Thursday.

The class will hold its initial meeting at the art building at the corner of Falls Avenue and Washington Street North. Weather permitting, classes will be held at various locations throughout the valley.

The course, Art 26, may be taken for three credits or audit. It is for both the beginner and advanced painter. It may be taken for audit by high school students, with permission of their principals.

Classes also will be offered in art appreciation, Art 42, and art methods for elementary teachers, education 99.

# Power Firms Appeal Case

BOISE (AP) - The Idaho Supreme Court is considering an appeal by the power companies of a District Court decision in a dispute by two power companies in the Burley, Idaho, area.

The case, originally brought by the Unity Light and Power Co., a non-profit corporation which asked District Court to restrain a power company owned by the city of Burley from interfering with its operation.

The high court heard the appeal Monday.

Unity told the District Court for many years it had several rural areas near Burley where the city had not made power available.

When the city annexed an area which Unity served, it told Unity the utility would be the customers, and told Unity to remove its power lines.

# Destroyer Hit

SAIGON (AP) - The U.S. destroyer Harwood was hit today by a shell from a North Vietnamese shore battery it was bombarding.

A U.S. military spokesman announced.

The shell landed near the Harwood's after five-inch gun and 4.2-inch mortar fire from the crewmen, the spokesman said. He reported only minor damage to the ship.

# Girl Rescued From Coulee

By WARREN GOSSETT  
Times-News Staff Writer

Life is a precious possession—and too often is lost through inaction. How does the average person react when another's life is in immediate danger?

To Mrs. Harold Gerber, the only answer is to act with haste and without stopping to think about one's own safety.

Ronna Lee Johnston, 4, and her parents, Mr. and Mrs. Carl Johnston, 21 Locust St., are very thankful that this was Mrs. Gerber's reaction.

Ronna Lee probably is alive today because of Mrs. Gerber. Ronna Lee was playing at Harmon Park Monday with her brother, Michael, 3, and a neighbor child when she fell into Perrine Coulee, which is full and swift this time of year.

Mrs. Gerber, who was at the park with a young daughter, heard the girl screaming and ran to the coulee where she saw the girl bobbing under the water.

Without stopping to weigh her chances, Mrs. Gerber plunged into the water and pulled the girl to the bank.

Asked to describe the Monday afternoon near tragedy, Mrs. Gerber simply said that any parent would have done the same thing and stressed that she didn't think she was a heroine.

Mr. and Mrs. Johnston, who recently moved to Twin Falls, let their children go to the park numerous times, but Mr. Johnston said he did not know a coulee runs through the park.

Miss Gerber said that her children play unattended.

MEETING UNDER safer circumstances are Mrs. Harold Gerber and Ronna Lee Johnston. Mrs. Gerber is credited with saving Ronna Lee's life Monday afternoon after the 4-year-old girl fell into Perrine Coulee at Harmon Park.

# Supreme Court Hems In Dissenters By Limiting 'Freedom Of Speech' Actions

By BARRY SCHWEID  
WASHINGTON (AP) — The Supreme Court has hemmed in dissenters by limiting the actions they can take in the name of free speech.

Monday's 7-1 decision directly upheld the 1965 federal law that made destruction of draft cards a crime.

More than that, the ruling by Chief Justice Earl Warren rid the idea that otherwise legal actions are shielded from prosecution as "symbolic speech."

"We cannot accept the view," said Warren, "that an apparently limitless variety of conduct can be labeled 'speech' whenever the person engaging in the conduct intends thereby to express an idea."

These words may cut the legal ground from under other forms of Vietnam war protest, such as exhorting young men to resist the draft or spilling blood on draft card files.

Whether the ruling will spur prosecution of draft-card burners is problematic. In the 33 months the law has been on the books, the government has brought 25 cases and won 16 convictions.

Since April 1967, when the U.S. Circuit Court in Boston declared the law unconstitutional, only four or five prosecutions have been brought.

The pace may pick up now that the Supreme Court has acted, but the Justice Department, without commenting directly on the ruling, is discouraging such thoughts.

Evidence is becoming hard to get, one official said, because protesters are taking such evasive steps as burning their draft cards in a huddle.

David Paul O'Brien of Cambridge, Mass., the central figure in the case, decided Monday to burn his card at the South Boston Courthouse on March 31, 1966, in full view of a sizable crowd that included several FBI agents.

Warren said O'Brien was convicted for the "noncommunicative impact of his conduct and for nothing else."

However, the Chief Justice also said, even though the "direct communicative element" in his conduct does not prevent his declaration of war.

prosecution because of the First Amendment's free speech guarantees.

"This court has held that when 'speech' and 'non-speech' elements are combined in the same course of conduct," Warren said, "a sufficiently important governmental interest in regulating the non-speech element can justify incidental limitations on first amendment freedoms."

To the court's only dissenter, Justice William O. Douglas, the big question remains unanswered: That is: Whether men can be drafted or sent to jail for resisting without a congressional declaration of war.

# Delegate To Church Meet Is Speaker

RUPERT — Erwin H. Schwiebert, the Idaho Conference Lay Delegate to the recent Methodist-EUB Uniting Conference at Dallas, Texas, which created the new United Methodist Church, spoke at a breakfast meeting of United Methodist Men at Rupert Sunday morning.

He said that though there was disagreement with some of the actions approved by the conference he thought that as a whole the conference had done a remarkable job of facing many issues confronted by Christians in today's world.

Schwiebert indicated that those inclined to be critical of certain actions and resolutions adopted should first secure exact texts of those statements before passing personal judgment on them.

He said that contrary to popular impressions the United Methodist Church has strengthened its position recommending abstinence from liquor and tobacco. Though it removed a laudable phrase in the Discipline, to which ministers objected, it reiterated its abstinence recommendation to both ministers and laymen as a matter of personal voluntary witness to a better way.

"The Church also has maintained its basic position in support of law and order by making a responsible statement on the rule of law and the right to dissent," Schwiebert said.

Some misconceptions have developed not from what the conference actually said, but from distortions of those statements. When lifted out of total context certain combinations of words sometimes leave very wrong impressions which become even more misleading with repetition. Sometimes such distortions are contrived by critics of the Church with axes of their own to grind.

"Such distortions do far more to undermine law and order and

public morale than anything said by the church," he pointed out.

Schwiebert also described conference procedure and responded to questions. The devotional period was led by Roy Linard.

# Rupert Blood Drawing Is Planned For Monday

RUPERT — The Red Cross Bloodmobile will return to Rupert Monday from 2 until 6 p.m. at the Rupert Civic Building. Quota for the drawing is set at 125 pints.

The annual quota for the Red Cross Blood drawing is 375 pints and the bloodmobile visits Minidoka county three times annually. It was noted 162 pints have been drawn so far this year.

Mrs. Dorothy Burton, chairman of the drawing, stressed that type O Negative blood is especially needed, and that during the summer usually more blood is used because of an increased number of accidents. Persons between the ages of 18 and 59 years are accepted, but all unmarried persons under 21 must obtain a written consent from a parent or guardian before they are allowed to donate.

Mrs. Burton also said that donors should not eat a heavy meal or fatty foods within four hours of the donation.

"Since the first drawing this year, 38 pints of blood have been used by the Minidoka County Hospital, and 24 additional pints have been given to hospitals outside the county. There are 60 Minidoka County residents either receiving or still in need of replacements for Gamma Globulin, Mrs. Burton said.

# Shoshone Lists Honor Students

SHOSHONE — Six students were listed on the six-week honor roll at the junior-high school here.

They are Chuck Daniels, Mary Jo Haran, Edward Chess, Jay Gaskill, Charlie Hanson and Kay Saras. All of these students plus Quayle Bateman were on the semester roll.

Mike Sorensen is the only seventh grade student to make either the semester or six-week roll.

# Rodeo Slated

GLENN'S FERRY — First rodeo of the "season" is slated at the Three Island Riding Club Arena in Glens Ferry at 8:30 p.m. Friday and Saturday.

Jake Popp's stock from Twin Falls will be used and Elden Thompson, Glens Ferry, is assisting Popp in the local arrangements, according to Kenneth Porter, club president.

Riding Club members will provide the "concession" stand open.

Schwiebert also described conference procedure and responded to questions. The devotional period was led by Roy Linard.

# Mrs. Conklin Is Honored At Hagerman

HAGERMAN — Mrs. Hattie (Hazel) Conklin, who retires this spring after teaching school for 28 years, was honored at a special "This is Your Life" party by school faculty, personnel, school board trustees and their partners Friday evening.

Other guests were Mr. and Mrs. Charles Skinner, brother-in-law and sister of the honoree, and Mr. and Mrs. Roy Jolley. Mrs. Jolley was one of Mrs. Conklin's first students that she taught, when coming to Hagerman in 1928. Mrs. Conklin began her teaching career in the Richfield school system.

Lawrence Hobson, English and speech instructor, was master of ceremonies. Invocation was offered by Alfred Sandy, Lysle Gilmore, elementary school principal, gave the welcome. Local guests were presented by Cheryl Sandy and Peggy Hendrickson.

They were accompanied by

Debbi Waite, Jeff Tupper played a baritone solo, accompanied by Peggy Hendrickson.

"This is Your Life," portrayed with pictures through the years, was prepared and narrated by Mrs. Rex McAnulty. She was assisted by Mrs. Olley, Mrs. Edna Bell and Wayne Hill.

It was noted that Mrs. Conklin had taught approximately 660 students while teaching in the Hagerman Elementary School. Many of these students were children of former students.

Supt. George Carnie and Frank Henstee, chairman of the school board, expressed their appreciation for her many years of serving the community and the school.

Mrs. Stanley Penfold presented Mrs. Conklin with a watch from the group.

A potluck dinner was served. Assisting with the arrangements were Mrs. Alfred Sandy, Mrs. Robert Adair, Mrs. Frank Henstee, Mrs. Walter Stewart, Mrs. Jack Martin and Mrs. Glenn Hendrickson.

Memorial Day 101

National observances have lost some of their meaning in this affluent society in recent years. The pursuit of luxury and pleasure, the ability of a large part of the population to afford to do things no other generation has enjoyed in such magnitude...

for Union veterans, the idea came from a Confederate cemetery in Richmond, Mrs. Logan saw decorated with faded flags and withered flowers. "It is not too late," said Logan, "for the Union men of the nation to follow the example of the people of Europe in perpetuating the memory of their friends who had died for the cause which they thought just and right."

Speed, The Killer

Excessive speed continues to reign supreme as the number one killer on America's highways. Exceeding the speed limit according to the annual highway accident booklet released by The Travelers Insurance Companies, accounted for nearly 40 per cent of the 82,200 highway fatalities in 1967.

The most common causes of death were crossing between lanes of traffic, walking on rural highways, crossing intersections against signals. This grim report has one bright corner. The total number of deaths was 300 below the number killed in 1966 and the number of injuries was down by some 200,000.

MR. SPECTATOR

So? 96 Years In School

Mr. and Mrs. Spectator graduated youngster number two from the Twin Falls High School. Youngster number one, a few years back, was a boy and the latest edition to come through this school system was a girl.

picked out a few who have five children. When they get the last one through that high school, a total of 68 years of school has gone to school. Right off, Mr. Spectator recognized nine parents who have five youngsters and so, by the time it is all over, will have each a total of 68 years of school.

PAUL HARVEY

Americans in Abject Despair

Never in half a century of living very close to the making of history have I heard so many Americans in such abject despair. Through three big wars and assorted little ones, the patriotism of the American majority was reaffirmed, reinforced, renewed.

Never has there been such a hunger for political fundamentalism as has been heard in America. The majority of Americans, white and black, are purposeful, hard working, honest. We hear much about the 3 1/2 per cent jobless. Yet 96 1/2 per cent of American workers are working.

ART BUCHWALD

It's A Good Time For A Tour

WASHINGTON (NEA) — "My family and I were planning to come to Washington to see the sights," the San Francisco told a reporter of the Washington Chamber of Commerce recently. "But we decided there wasn't much left to see."

Mostly in ghetto areas, away from downtown. And the Poor People's campaign? "We have faith in their leaders, who are exuding nonviolence," said Peacock. "Besides, their shantytown along the reflecting pool will probably be a great deal of interest to many people who visit here."

their tormentors, they quietly said. Tanning them was outrageous. I am not vulnerable to feelings of guilt or self-hatred, but there are times when I understand the most serious of trust: anyone over thirty.

Youth errs, however, in assuming that the gap is generations. Callup has a number of lines of hawk in their twenties, while countless men in their forties like me share the agony of those who are about to die.

WAYNE BRANDSTADT, M.D. The Emotions

Hate has been called the most formidable of all the emotions. It is as old as Cain and Abel. That it has a direct effect on your health cannot be denied. Hate is as destructive to the body as chronic hatred can eventually lead to a dangerously high blood pressure, tension headaches and peptic ulcers.

long to a minority group of some kind called "harmful." Hate that is fostered in the home or grows out of a sense of insecurity. Although it is not the sole cause of the following state of chronic hatred can eventually lead to a dangerously high blood pressure, tension headaches and peptic ulcers.

BRUCE BLOSSAT Nixon In Oregon

PORTLAND, Ore. (NEA) — The rally in southern Oregon Tuesday night was the first with which Richard Nixon had begun his 1968 quest for the presidency in New Hampshire last February.

Such a Nixon win in Oregon could be put down as disappointing. The argument would be, of course, that he had failed to keep his earlier high percentage standard. Still, in this curious season of "reverse-think" on the meaning of winning and losing percentages, the negative argument will be made if Nixon falls below 60 per cent.

(Editor's Note: Andrew Tully is on a fact-finding holiday in Europe. During his absence, this column will be written by distinguished government and political leaders. The first is by the distinguished and controversial chronicler of John F. Kennedy's death, He is William Manchester, author of Death of a President, published by Doubleday in Middletown, Conn., a Vietnam hawk's drape themselves in a flag of their own design; Vietnam doves, in drab sackcloth.

Later that week they walked through downtown New Haven carrying antiwar signs. And next morning my newspaper bore the headline, "Middle-aged Shoppers Jeer Student Demonstrators." Remember that these "demonstrators" hadn't burned their draft cards. The gray-haired Nathan Hale, who abused them could index them for but one crime. They didn't want to be slain—and in a dignified protest which ought to have pleased

# Military Extends Helping Hand

**By RAY CROMLEY**

If you are such a student and a military aid program can help you through college, you must, however, pledge yourself to two to four years of active military service and several ROTC program. Candidates must take a six-week summer training course between their sophomore and junior years to be eligible.

The Army, Navy, Air Force and Marine Corps offer a variety of aid programs for medical, dietetic, physical therapy, occupational therapy, nursing, and veterinary students. Women students are eligible for most of these programs. Aid is given in exchange for service for specific periods of time.

...These people are simply cut off from the world... the official said noting that since there is no resale value for hearing aids, anyone having an unused one might be glad to know that it could be put to use.

## Hearing

Anyone having an unused hearing aid can put it to good use by contacting Norman McFadden of the Department of Public Assistance in Twin Falls.

Mr. McFadden said there is immediate need for a conventional type hearing aid for an elderly man and several other persons who are on welfare and cannot afford to buy them also, need hearing aids.

...These people are simply cut off from the world... the official said noting that since there is no resale value for hearing aids, anyone having an unused one might be glad to know that it could be put to use.

## Agent's Salary Temporarily Is Solved At Jerome

**JEROME** — The problem of added pay for the Jerome County agent and home demonstration agent is taken care of for the present, according to John Van Orman, county commissioner.

Jerome County is paying \$1,000 on each salary. There was no additional money available for the raise requested by the University of Idaho, but because of the transfer of Bob [Name] from Jerome to Camas County, some of the money apportioned for his salary will be given to each of the agents.

This is effective until Jan. 1, 1969, when the matter will have to be considered again.

## Jerome Seniors Are Given Ovation At Commencement

**JEROME** — The senior class was given a standing ovation for its sportsmanship at the Jerome High School graduation exercises Monday night.

The spontaneous display of praise for the 1968 graduates, who have been the subject of considerable dissent in the community because of an authorized sneak and resulting disciplinary action by school officials, was the first ovation ever given a class, according to parents who have attended graduation here for many years.

The David Trophy, Jerome High school's most coveted award, went to Kathy Vawdry, daughter of Mr. and Mrs. E. C. Vawdry. It is given annually to the most outstanding graduate by the Davis Jewelry Co. The American Legion award was presented by Ralph Dunn to Mary Stout, daughter of Mr. and Mrs. James Stout.

Connie Prescott, daughter of Mr. and Mrs. Tom Prescott, received the American Legion award.

Jay Livingston, Ogden, commencement speaker, told graduates, "Young people feel they do not need counsel, only to learn its importance later. Seeking counsel is a mark of maturity. It is easier to keep up than to catch up. He who does not do his best cheats himself."

Professional and vocational was played by the high school band and the choir sang "Andersen, salutarior, spoke on 'Somewhere, a Place For Us.'"

Invocations and benedictions were given by Susan Jacobs and

one, Kathleen Marlin, James Harry McCaughey.

Shari Dalme McClure, Linda Joy McGhee, Donna Dale McIntire, Janet Lee Meeks, Dennis Ray Meyers, Glenda Joyce Miller, Murie Doe Miller, Richard Allen Moore, Douglas Ray Morgan, Ronald Peter Mori, Mary Ann Myers, William Ray Morgan.

# The beer people like to remember.

A lot of people who like Olympia Beer don't really know why. They just know the beer from Tumwater seems to turn up as part of their good times. It's the water... the natural artesian brewing water of Tumwater... that gives Olympia the good taste so many people like... and remember.

Visitors are always welcome at the Olympia Brewing Company, Tumwater, Washington, 8:00 to 4:30 every day. \*Only\*

# Provision Stripped From Bill

By JOE HALL — The Senate has stripped from an omnibus \$5.2 billion housing bill a provision designed to give special help to cities ravaged by riots.

A vote of 57 to 22 knocked the section out of the measure Monday after opponents accused it might encourage rioters.

The Senate planned to take up other proposed amendments to the bulky housing bill today with the leadership hoping the measure might clear the chamber by tonight.

Expected are Republican attempts to trim some multimillion-dollar money allotments from the measure.

Sen. Richard B. Russell, D-Ga., led the attack against the provision that would have made cities suffering riot damage eligible for federal grants under the long-established disaster relief program.

Russell argued that money should be reserved for victims of natural disasters such as hurricanes, earthquakes and floods as it now is.

And he contended the provision could be interpreted as telling would-be looters and arsonists, "Go and have a big time, boys."

Other opponents said the provision would make eligible for aid cities which had failed to take sufficiently strong measures to suppress disorders.

Sen. William Proxmire, D-Wis., noted the section would carry out a recommendation of President Johnson's commission on civil disorders.

The Senate did vote 56 to 2 to retain in the bill three other sections which would aid individual victims of riots.

These would make available to such persons 3 per cent small business loans, make them eligible for rent subsidies if they had lost their homes and make them eligible for housing urban renewal areas.

The Senate turned back 38 to 25 an attempt by Sen. John G. Tower, R-Tex., to limit a homeownership subsidy plan for low-income families to those at the bottom of the economic scale.

A major feature of the bill, the program generally would be limited to families in the \$3,000-\$7,000 annual income bracket.

But it would allow 20 per cent of the subsidies to go to those with slightly higher incomes.

Tower sought to eliminate this 20 per cent leeway.

# Idaho Must Supply More Employment

BOISE (AP) — Idaho must supply 61,500 more jobs by 1975 if it is to keep up with predicted population growth, Lloyd Howe, industrial developer for the Idaho Department of Commerce and Development, said today.

Howe spoke at the second annual Idaho Economic Conference.

Howe said a recent survey shows 85 industries as "good prospects for Idaho."

Best, Caldwell industrialist, keynoted the conference and said Idaho businessmen and industrialists must join in the promotion of additional industry for Idaho.

"It is the application and appropriation of muscle and brain power that creates real wealth," he said. "The appropriation of money without vision and work will surely fail."

Ed Scott, president of Scott USA, of Ketchum, Idaho, was presented an Idaho Economic award for industrial excellence.

In presenting the award, Gov. Don W. Samuelson said Scott manufactured "the best ski poles in the world." The firm's production is about 100,000 poles a year, plus other ski equipment.

Howe said new industries which might be attracted to Idaho include cereal preparation, clothing, coated paper, industrial gases, manifold business forms, games and toys, fabricated aircraft equipment and specialized meat processing.

## EFFECT REVERSED

BOISE (AP) — Idaho's unemployment rate, which had risen to 6.5 per cent last week, fell to 6.4 per cent today, according to the state's labor department.

The department said the decrease was due to a reversal of the effect of a 100-hour requirement for the state's lower-than-average labor costs which had a reverse of the desired effect.

He said Idaho has many skilled and semi-skilled working people, but "we are now known as a cost as a cheap labor state."

"To industrialists, that means an unskilled labor market," McFarland said.

## SAFETY URGED

BOISE (AP) — Sup. L. Clark Hand of the Idaho State Police Monday asked Memorial Day motorists to drive with their headlights on as a symbol of the need for safety.

Hand noted the Idaho traffic death toll is well ahead of last year.

He also urged motorists to use safety seat belts.

## NAMED TO BOARD

BOISE (AP) — Appointment of Henry J. Hulvey of Pocatello to a member of the State Board of Architectural Examiners was announced Monday.

Hulvey's term runs until Jan. 6, 1973.

## HEARING SET

BOISE (AP) — The Idaho Board of Health says it will hold a public hearing June 20 on proposed regulations for control of water pollution.

There also will be a hearing June 20 on proposed regulations on construction and operation of public swimming pools.

Dr. Terrell O. Carver, state health administrator, said Monday that the proposed regulations legislative action last year which gave the board of health greater responsibility in water regulation control.

## INCOME REPORTED

WALLACE, Idaho (AP) — A first quarter net income of \$22,643, or 5.4 cents per share on the 419,849 shares owned by other than the parent firm of Hecla Mining Co. was reported Monday by Chester Mining Co. W. H. Love, Wallace, president, said the production rate is expected to decrease during the rest of the year since presently known ore reserves will be nearly depleted by then.

Production from the Chester Area of the Silver-Belt in the Coeur d'Alene Mining Region totaled 6,448 tons of ore averaging 23.3 cents of silver per ton for the first quarter, he said.

# Budget Cut

NEW YORK (AP) — New York City budget experts have found that the Senate's proposed budget cuts would reduce the city's income by \$100 million, according to a report by the city's budget committee.

The report, which was released Monday, said the cuts would affect the city's income from taxes, fees and other sources.

The committee said the cuts would also affect the city's ability to provide services to its residents.

# Military Cost Jumps In April

WASHINGTON (AP) — Military spending jumped to \$6.81 billion in April—the second highest level since World War II—for a total \$63.2 billion the first 10 months of the fiscal year.

The high was \$6.89 billion last January. The April figure was reported by the Treasury Department Monday.

# Plans Prison Visit

BOISE (AP) — Joseph Coughlin, the Iowa correctional system's warden, plans to visit Idaho this summer for a detailed study of the state's penal system.

The Idaho Legislative Council announced Monday that Coughlin would head a field survey for a study contracted by the council with the American Correctional Association.

George Boussett, a council staff member, said the study, to be completed by Sept. 1, would be conducted by correctional officials from various states.

# Boy Killed

THORNTON, Idaho (AP) — Idaho's traffic death toll was at 108 today, 23 ahead of this date last year — after an eight-year-old boy was struck and killed by a pickup truck near Thornton.

Madison County Sheriff's officers said Bryon Hoopes, son of Mr. and Mrs. Ed Hoopes of Thornton, was struck Monday afternoon by a pickup truck on a county road.

Officers said the boy apparently ran from a borrow pit into the path of a truck driven by 25-year-old Rita H. Barney of Rexburg.

# Vocalist To Seek Miss T.F. Crown

CAROLYN LEE BRODINE

NOW IS THE TIME FOR ALL One of 18 contestants seeking Miss Twin Falls contest honors June 6 will be Carolyn Lee Brodine, 21, 137 Fourth Ave. N., who is a talented vocalist.

Miss Brodine, who plans to attend College of Southern Idaho and Idaho State University to continue her education, graduated in 1966 from Twin Falls High School.

A brownette, Miss Brodine is five feet nine inches tall and weighs 135 pounds. She has hazel eyes, likes motorcycling, abstract painting, sewing and writing.

Miss Brodine would like to be a high school English teacher or possibly a nurse when she has completed her education. She was a member of the student council while in high school and served as a youth leader for the United-Pentecostal Church.

She has also been active in school programs including serving as a student director of the 1966 high school choir and also appearing as soloist with the choir. She served as senior art representative and was treasurer of her class when a senior.

She is employed in Twin Falls and is secretary of her credit union.

When the pregnancy is a result of rape or incest, Idaho law now allows abortion only if it is necessary to save the mother's life.

ANTIQUE CAR SOLD BROOKLINE, Mass. (AP) — A 1913 Mercer Raceabout 35J has brought \$6,000 at an antique auto auction.

ROGER LOUDER

... has received a four-year scholarship to Dartmouth College at Hanover, N.H. He is the son of Mr. and Mrs. Donald Louder and graduated from Twin Falls High School Monday night. He was president of the National Honor Society and the Ski Club at the high school. He was also a national intercollegiate member of the citizenship seminar in Colorado last year and attended the youth legislature in Boise earlier this year. His name was inadvertently omitted from the scholarship list published last week.

## President Will Name Wagner

WASHINGTON (AP) — President Johnson has announced he will nominate former New York Democratic Mayor Robert F. Wagner as ambassador to Spain and Texan William H. Crook as ambassador to Australia.

Wagner, 52, who was elected New York's mayor in 1954 and served until 1965, would succeed Angier Biddle Duke, Duke has become State Department chief of protocol.

PREDICTION MADE NEW YORK (AP) — Mayor John V. Lindsay has predicted that one out of every eight residents of New York City will be on welfare rolls by the middle of next year as he submitted record \$6.1 billion city operating expense budget for the next fiscal year.

# Quiz Will Test Your News I.Q.

How's Your News I.Q.? Associated Press News Quiz Editor's note: how much do you remember about the news of the world? This weekly quiz will help you find out. If you score fewer than five correct answers you had better read the paper a little more carefully. If you do eight or better, you rate an "A."

1. A famed race track, closed for more than five years, reopened with a new \$20.7 million plant. It is: (a) Hialeah in Florida; (b) Belmont in New York; (c) Pimlico in Maryland.

2. National Guard troops were called up and an all-night curfew ordered to prevent violence after a disorder was touched off by the fatal shooting of a dead-mute-Negro-burglar suspect by a policeman in: (a) Salisbury, Md.; (b) Richmond, Va.; (c) Memphis, Tenn.

3. In five decisions that overturned its own precedents, the Supreme Court: (a) held that a confession by one defendant in joint federal trials of several co-defendants incriminates his co-defendants; (b) restricted the rights of criminal defendants and convicted persons; (c) broadened the rights of criminal defendants and convicted persons.

4. A trial got under way in Boston in which five defendants were charged with conspiring to counsel, aid and abet young men to violate the draft laws. Among them was this well known doctor: (a) Dr. Benjamin M. Spock; (b) Dr. Adrian Kantrowitz; (c) Dr. Paul Dudley White.

5. After 28 months in the job, Dr. James L. Goddard resigned as: (a) Surgeon-General of the United States; (b) commissioner of the Food and Drug Administration; (c) secretary of Health, Education and Welfare.

6. Matthew G. Carter, a Ne-

gro, was sworn in as mayor of a predominantly white, well-to-do suburban town. The town is: (a) Montclair, N. J.; (b) Grosse Pointe, Mich.; (c) Stamford, Conn.

7. In France, crippled by "students' and workers' revolts," the National Assembly: (a) overthrew the government of Premier Georges Pompidou; (b) upheld the De Gaulle regime when a motion of censure fell 11 votes short of the required majority; (c) voted to use troops to force strikers to go back to work.

8. A Negro leader was found guilty by an integrated jury in New Orleans on one count of violating the federal firearms act and was sentenced to five years in prison and fined \$2,000. He is: (a) Stokely Carmichael; (b) The Rev. Ralph David Abernathy; (c) H. Rap Brown.

9. The U. S. military command in Saigon said that the total number of Americans killed in combat in Vietnam since Jan. 1, 1961, is: (a) 16,000; (b) 22,000; (c) 31,350.

10. Replying to the "latest North Vietnamese demand in Paris for a total halt in the U.S. bombing of North Vietnam, President Johnson declared that: (a) the United States would not be defeated on the battlefield while the talks go on; (b) all bombing will stop during peace negotiations; (c) bombing will be halted temporarily, with its resumption contingent upon progress of the peace talks.

## QUIZ ANSWERS

| 1. b. | 2. a.  | 3. c. |
| 4. b. | 5. b.  | 6. a. |
| 7. b. | 8. c.  | 9. b. |
|       | 10. a. |       |

# Legislative Group Adopts Abortion Law

BOISE (AP) — A model abortion law prepared by the American Society for Human Rights Monday by a legislative council subcommittee revising Idaho's criminal code.

The law would allow legal abortions in cases where "substantial risk" that continued pregnancy would impair the mother's physical or mental health.

When it is likely the child would be born with physical or mental defects.

When the pregnancy is a result of rape or incest, Idaho law now allows abortion only if it is necessary to save the mother's life.

# World's Finest Bourbon a 173-Year-Old Secret

CHICAGO, ILL.—Before you can call yourself the world's finest anything—you'd better have a case in your favor.

Jim Beam Bourbon has started "a case."

The whole matter started with Jacob Beam—who would be 200 years old this year—and a secret he discovered.

The secret, in the case of Jim Beam Bourbon, goes back to 1795, and it is still hush today. The secret lives in the heart of Kentucky where there was, and is today, the right combination of climate, the perfect soil, the right land, the right water.

In north central Kentucky, Jacob Beam found the perfect water—water that flows from limestone springs and created the very best of grain.

Jim Beam's secret is not out to make money and his own profit. It is to make the best Bourbon in the world.

Jim Beam 88 proof Kentucky Straight Bourbon Whiskey distilled and bottled by the James B. Beam Distilling Co., Clermont, Beam, Kentucky.

**Dear Abby**

**DEAR ABBY:** I am 56 years old, am married, but have been separated from my husband for 23 years now.

I have had a bachelor boy friend for six years. He's about 50, is wonderful company, but he's not the marrying type.

He does seasonal work in this area from May until November, then he takes off for the west, and I don't see him again until next May.

He lives 30 miles from here, and drives in every night to read the newspaper and watch TV with me. He doesn't dance or bowl, or like to go anywhere, but he does have a nice car and plenty of money.

I am not getting any younger. And I write to you about this problem three years ago, but I don't recall ever seeing your answer in the newspaper. I need advice. Will you please predict what kind of future you foresee for me? RESTLESS IN N.Y.

**DEAR RESTLESS:** You have a part-time "boy friend" (if you can call a man who parks at your place to read the newspaper a "boy friend"). And what good is his nice car and money if you don't go any place?

You say you're not marrying type. If he were your father, you have one husband, which is all the law allows. "Fidelity." Continued mild, followed by cool winds from the west. No change.

**DEAR ABBY:** My husband (I'll call him Pete) and I are in our mid-thirties, have been married three years, and have a 2-year-old son.

Pete has always had a hot temper. Well, last week we had an argument which got a little out of hand, and Pete hit me and knocked me down. The baby was in the same room and saw everything.

My problem is now the baby won't have anything to do with his father. When Pete comes near, the baby screams and hides away and cries. If Pete tries to touch him, he screams and draws away.

This hurts Pete something terrible. I keep telling him that the

baby will forget, and get over it in time, but will he?

PETE'S WIFE

**DEAR WIFE:** The baby may, in time, become more "forgiving"—but don't count on him to forget. In the meantime, you enjoy being knocked down, I advise you to persuade Pete to get some professional help in learning how to control his temper.

**DEAR ABBY:** This is for "no name, Ohio," whose brother-in-law works in the postal service and seemed to have a lot of "free samples" of soap, toothpaste, etc., as well as magazines with the address cut off.

My husband also works for the postal department, and we don't get any "free anything" because of his undeliverable samples and magazines are distributed to the local hospitals, mental institutions, and training centers.

You will find a few bad apples in every barrel, but on the whole, the men in our postal department are a bunch of boys who aren't appreciated nearly enough.

WALSTONBURG, N.C.

**DEAR WALSTONBURG:** To which I would like to add "AMEN."

**CONFIDENTIAL TO "WAITING FOR LAST LAUGH,"** How sad that you would consider another woman to Abby. Boy, what a joke to play on you. Would you believe Goethe, who said, "If you nothing do man show their character more than by the things they laugh at."

Everybody has a problem. What's yours? For a personal letter, write to Abby, Box 6710, Los Angeles, Calif. 90068 and enclose a stamped, self-addressed envelope.

**Area DeMolay Presents Ritual For Local OES**

Prior to the meeting of Magic Chapter No. 82, Order of Eastern Star, members of Northside Order of DeMolay presented their "New Ritual" during the meeting.

The meeting was conducted by Mrs. Don Sontus, worthy matron.

Mrs. Mary Frazier was introduced as a 4-year member of Hagerman Chapter. R e p o r t s were given by the chairman of the ways and means committee and a visiting speaker.

An appeal for housing for members of Job's Daughters who will be attending the state convention here in June was made by Mrs. Pearl Matron.

The designation of Mrs. James Catterton as treasurer was a read. Mr. and Mrs. Catterton are moving to Pocatello. Election of new trustees will be held at the June 3 meeting.

Refreshments were served by Mr. and Mrs. Robert Watson, chairman, assisted by Mrs. Aldele Koenig, secretary, Mrs. Edna Gurley, Mrs. Norma Creed and Mrs. Marguerite Conant.

**Program Given By Area Youths**

**BUHL**—A program on "Our Lady of Fatima" was presented by the third and fourth grades of the Catholic school during the regular meeting of the Bureau Council of Catholic Women. The program was under the direction of Sister Mary Idelle.

The business meeting was conducted by Mrs. Bob McMann, man, president. Reports on the State ICCW convention were given by Mrs. Vera Ruyta and Mrs. Harold Frazier who attended as delegates.

A 23th Jubilee Mass and pot-luck supper honoring Father Thomas Healy will be held on June 2 at the parish hall. Special guests will include The Most Reverend Sylvester Treinen, Sisters Mary Parry, Mary Idelle and Mary Carolyn.

The league sponsored the senior breakfast and is planning a picnic and luncheon with Mrs. Earl Wagner as chairman.

**WINNERS NAMED**

**RICHFIELD**—Mrs. Ralph Ridley Jr. was hostess to her bridge group recently, with prizes going to Mrs. Lucille Piper, Mrs. Hank King, Mrs. Udell Robinson and Mrs. S. J. Piper. Mrs. Harold Prilmore was a guest.

Banquet was given.

MR. AND MRS. ROBERT C. FREEMAN

**Sharon Baggs, R.C. Freeman Wed In Double Ring Rites**

**BUHL**—A double ring ceremony solemnized by Rev. David L. Turmire at the Buhl First United Presbyterian Church Sunday April 20, united in marriage Sharon Jeanne Baggs, daughter of Dr. and Mrs. William E. Baggs, and Robert C. Freeman, son of Mr. and Mrs. Orlin Freeman, all Buhl.

The evening ceremony was performed before a background of tall white wicker baskets of yellow and blue crystals, mums tied with yellow bows, flanked by candelabra with white tapers and adorned with flowers of yellow and blue chrysanthemum.

Given in marriage by her father, the bride wore a floor-length lace gown featuring long white point sleeves. Her pearls outlined the oval neckline and scallops extended from the neckline to the hem of the Chantilly lace which swept to a 22 1/2 train with a looped bow.

A lace pillow topped with an organza flower held her elbow as she held a butterfly face veil of English silk illusion. She carried a bouquet of white daisies on a white lace Bible entwined with fern and white daisies.

Matron of honor was Mr. Tim Ellison, Salt Lake City, sorority sister of the bride. Royal City, Wash., and Mrs. Jon Edmonds, Buhl, were bridesmaids. Taper lighters were Mona Freeman and Kay Freeman, both sisters of the bridegroom. Ben Freeman, brother of the bridegroom served as best man. Ushers were John Wray, C. Falls, and Bill Baggs, Buhl, brother of the bride.

Mrs. Blanche Smith served as a bridesmaid and accompanied Vance Butler, soloist.

Approximately 300 guests attended the reception after the ceremony at the R and R Banquet room. The reception room was decorated with a gold tannin, white hibiscus tree, white vase of emerald fern, flowers and other items which formed a garden setting.

Guests were seated at quarter tables covered with white satin and accented with hand-painted arrangements of white daisies tied with blue bows.

The bride's table was covered

with a white floor-length flounce over blue, topped with a white satin tablecloth, caught at the edges with flower swags of yellow daisies tied with white and yellow shower ribbons.

The three tiers of the wedding cake were separated by pillars and four heart-shaped cakes formed the base, flanked by individual cakes bearing the names of the bride and bridegroom. Yellow roses accented the cake which was placed on a mirror surrounded by yellow daisies. The cake, which was topped with three balls made of lattice lace trimmed with pearls, was flanked by brandy snifter arrangements of yellow daisies and crystal candelabra with white tapers. Other table appointments included a crystal punch bowl and silver coffee service.

Mrs. R. M. Peterson, Twin Falls, and Mrs. Tim Lydston, Boise, served champagne punch. Mrs. Richard Reichard, Jerome, served punch and Mrs. Berkeley Meola, Jerome, cut and served the cake. Mrs. John Hurst and Jean Hurst, both Salt Lake City, alternated in pouring coffee. Other assistants were Mrs. Glenn Wolff, Mrs. J. W. Robertson and Mrs. Frank Squires.

Mrs. John Collanti, Pocatello, registered the guests; Mrs. Ron Gibson, Buhl, and Mrs. Pete Venetra, Wendell, were in charge of the gifts.

The couple took a trip to Las Vegas and will be employed at Erb Brothers Market and the couple will reside at 823 N. Broadway, Buhl.

The bride was seated at kitchen shower hosted by members

of the Beta Sigma Phi Sorority and at a miscellaneous shower hosted by Mrs. J. W. Robertson, Mrs. Tim Lydston, Boise; Mrs. R. M. Peterson, Twin Falls; Mrs. Charles Lante, Mrs. Russell Thomas and Mrs. Frank Squires, Mrs. Jon Edmonds and Mrs. Pete Venetra hosted a staples shower. A rehearsal dinner was hosted by the bridegroom's parents in Twin Falls. Guests were present from Royal City, Wash.; Salt Lake City, Boise, Pocatello, Jerome, Twin Falls, Piler, Wendell and Gooding.

**Mrs. Felton Is President Of Omega Chapter**

**BUHL**—Mrs. Mike Felton was installed president of the Omega Chapter of Beta Sigma Phi for the coming year at a meeting at the home of Mrs. Dave Munroe.

Other officers installed include Mrs. Bob Weaver Jr., vice president; Mrs. Darrell Burnett, secretary; Mrs. Perry Hansen, treasurer; Mrs. M. E. Hanson, parliamentarian; and Geraldine Beach, extension officer.

Mrs. Gary Meyer, outgoing president, presided at the installation ceremony. Mrs. Felton was presented a past president's gift for her pin and a scrapbook. Other awards were presented to Mrs. Charles Lang for best program of the year, Mrs. Larry Franca, Valentine queen; Mrs. Darrell Burnett, Mrs. Francis, Mrs. Meyer, Mrs. Perry Hansen and Mrs. Vern Rodig for perfect attendance. Honorable mention for attendance went to Mrs. Felton, Mrs. M. McCandless and Mrs. Weaver.

Gifts were presented to Mrs. Gary Grindstaff, Mrs. Rodig and Mrs. Meyer—whose advance to the extension degree this year, Mrs. Dick Love, sponsor of the chapter, was presented a gift from the group.

Activities during the summer were discussed. The chapter will assist with the Bloodmobile in June and will have a booth at the fair.

A coffee hour and a streak fry were also planned for the summer. Committee members for the coming year were announced.

Co-hostesses were Mrs. Munroe and Mrs. Felton.

THREE MEMBERS OF THE Alpha Delta Chapter, Beta Sigma Phi Sorority, received special recognition at a recent meeting. Mrs. Elvina Willis, left, and Mrs. Nancy Montgomery, center, each received five-year pins for perfect attendance, and Mrs. Joan Woods, two-year pin for perfect attendance and was revealed as chapter "Girl of the Year."

**Magic Valley Favorites**

LAVERNE OLSON  
Box 285, Piler

**Crème-Salad**  
1 cup hot water  
2 packages lemon gelatin  
Dissolve gelatin in hot water and let cool, until thickened. Set aside.

Soften eight ounces of cream cheese with one-half cup cream. Add one cup diced celery, one cup chopped stuffed olives, one cup whipped cream. Mix into gelatin mixture and blend well. Pour into a 9 by 13-inch pan. Let set.

**DRESSING**  
(Mix 24 hours in advance)  
1 cup salad mayonnaise  
2 teaspoons lemon juice  
1/2 teaspoon chopped onion  
1/2 teaspoon red pimento  
2 cans chopped shrimp  
Serve over gelatin. Add a ripe olive for decoration if desired.

(The Times-News will pay \$5 each week for the best recipe)

**Speaker Noted**

**JEROME**—Mrs. Alia Durrant told Pleasant Plains Club members the needs and the work being done with retarded children when they met recently at the Pleasant Plains school. Club members discussed during the special education class as a project.

Mrs. Lois Stephens was welcomed as a new member. The next meeting is June 13 at the home of Mrs. Nettie Andrus.

Keele, Mackay; Frank D. Legault, Jim McGill, William Hartsch and Nicole Neild, all Paul; Daniel Hondo, Heyburn; Danny Peak, Bellevue; Wayne Staehle, Castleford; and Paul Mitchell Emerson, Kent, Wash.

## Safety Unit Estimates Holiday Toll

CHICAGO (AP) — The National Safety Council said today that between 625 and 700 Americans may die in traffic accidents during the Memorial Day holiday weekend.

President Howard Pyle estimated that traffic accidents also could displace 27,000 to 30,000 workers and children.

The tabulation period will run from 6 p.m. Wednesday to midnight Sunday.

The record for motor vehicle fatalities during a Memorial Day holiday is 608. It was set last year.

Pyle said in a statement that accidents during a nonholiday period of equal length probably would cause about 500 deaths and 26,000 disabling injuries.

He urged motorists who will be on the roads during the weekend to make preparation. "Preparation of the car, planning of the route, and preparation of the driver—in terms of starting in plenty of time, knowing what to watch out for and understanding defensive driving maneuvers—could make a massive difference in the weekend toll," he said.

# Montreal And San Diego Receive NL Franchises Effective 1969 Season

CHICAGO (AP) — Montreal and San Diego baseball franchises Monday night at the cost of \$10 million each, effective for the 1969 season.

Warren Giles, president of the National League, called it "the most important decision the league has made since allowing the New York Giants and Brooklyn Dodgers to move to the West Coast."

Pros and cons of expansion of all five represented cities were taken into full consideration, Giles said. "It was a very difficult decision."

Giles took out were Buffalo, Dallas-Fort Worth and Milwaukee.

The NL moguls started their deliberations Monday night, but didn't announce their final decision until 9 p.m. EDT.

Giles said the \$10 million purchase price for each club included an immediate sharing in the national television game of the week and the World Series television contract.

Giles said the vote accepting San Diego and Montreal followed "11 judge-16, 17 or 18-balls."

The National League president said nothing was decided on a split schedule until the vote was taken.

"We are awaiting a discussion meeting with the American League Tuesday morning and then we will meet again on the schedule setup," Giles said.

Giles said that all five bidding cities were desirable and made excellent representations, but that the feeling of the league was that if two new teams were added they should not be in the same general section of the country.

This apparently was the reason Dallas-Fort Worth was knocked out of contention. Leased from the highly regarded Houston Astros, the highly regarded Dallas-Fort Worth bid apparently was rejected in the marathon balloting.

"If you are going to expand, you spread out," said Giles. "Milwaukee is a growing and vibrant city."

"Buffalo made a fine presentation and was a difficult area. Asked if more than one vote blocked out Dallas-Fort Worth, Giles said, "Yes. Asked how many he said, "I'm not at liberty to say."

Why was Milwaukee not selected? "Milwaukee is only 85-90 miles away from two major league clubs in Chicago," said Giles.

Giles then was asked if the possibility of state legislation entered in the meeting considering that several United States cities were excluded in Montreal. "Not a bit," he said.

The Dallas-Fort Worth people let it be known that they would not cease in their efforts to gain a major league franchise. Under the present setup, their goal apparently will be to get an American League franchise into the Dallas-Fort Worth area.

Giles pointed out that excellent playing facilities already exist in San Diego, which has a new \$10 million stadium seating 45,000.

Montreal, with Expo Stadium now seating 26,000, will have completed a new domed stadium—seating 40,000—by 1971, Giles said.

San Diego, long considered a cinch for a new NL franchise, will be backed by a group headed by E. J. "Buzze" Bavasi, executive vice president and general manager of the Los Angeles Dodgers, and C. Arphol Smith, a banker and owner of the Dallas-Fort Worth area.

San Diego Padres of the Pacific Coast League.

Bavasi had the blessing of his San Diego venture from Dodger owner Walter O'Malley.

George Snyder, representing the Montreal City Council, said, "I was surprised the decision didn't come earlier."

Snyder disclosed that the head of the Montreal group is Jean Levesque, a financier who also is owner of the Blue Bonnet Raceway. Snyder also said there is no hockey money involved in the Montreal baseball operation.

Montreal has not had baseball since 1958 when it was a member of the International League.

Bavasi, who still is working for the Dodgers, said "We'll have to work the details of leaving the Dodgers and putting together a club in San Diego."

## Halas Steps Down As Head Coach

CHICAGO (AP) — George S. Halas, 73, last of the National Football League's founding fathers, stepped down as head coach of the Chicago Bears apparently for keeps.

Halas, who organized the Bears in 1920, said at a surprising news conference that his successor, presumably top assistant, George Allen, will be named Tuesday.

"Dooley, earlier this year named head offensive coach, retook a Bear and in 1962 and has been regarded Halas' chief aide since George Allen left the Bears two years ago to become head coach of the Los Angeles Rams."

Dooley succeeded Allen as defensive coach in 1966 and last season introduced the highly effective Dooley-shift-employing a fifth defensive back instead of a linebacker on passing situations.

Halas, who retired in 1958 and 1957 seasons apparently to give old friend Paddy Driscoll a moment in the NFL sun, blended his name with assistant, Driscoll, in his retirement announcement Monday.

## Koufax Isn't Alarmed At Domination

LOS ANGELES (AP) — Sandy Koufax simply isn't one to become alarmed or place too much significance on the current domination of major league baseball by the highly touted "hot" pitchers.

"It's hard to remember exactly," he says, "but it seems to me that this has happened about every year. They used to pitch the pitcher were ahead of the hitters."

"Then along would come September and the managers would complain, 'I'm getting good hitting now, but the pitching isn't holding up.'"

"I walk until August and September and see what happens when it gets to pitch in that heat. And even these days you still see some of those 12-10 records."

Sandy denies it would be dilatory to the hurling fraternity in any other case, but asserts, "You can see no reason for changing the rules on the back of what's happened these days."

Considered by many to be the best pitcher in the major league game has been, Koufax retired after the 1966 season because of an arthritic condition in his pitching arm. Now he follows baseball in the role of National Broadcasting Company television commentator.

Sandy says one reason why he has been getting pitching which is comparatively better than the hitting, if such be the case.

"It's got to be easier to score a good pitcher," he explains. "You see a boy pitching and you can't hit it, a pitcher gets with a good chance of development. With a hitter, you have to hope."

On the night of Sept. 9, 1965, in Dodger Stadium, Koufax retired all 27 Chicago Cubs to face him, a perfect game and his fourth no-hitter. No other major league pitcher ever had as many.

## Williams Gives Indians 3-1 Victory

ST. PAUL, MINN. (AP) — The Detroit Tigers' pitcher, Jim Northrup, drove in a pair of the breaking runs in the seventh inning, then got clutch relief help from rookie pitcher Paul as the Cleveland Indians beat Minnesota 3-1 Monday night.

Tony Horton doubled leading off the Indians seventh and was sacrificed to third. The Twins' Dean Chance struck out Vic Davallito, then walked Larry Brown intentionally to get Williams. But Brown stole second and Williams broke a 1-1 deadlock with a two-run single down the right field line.

Paul tied Williams, 3-2, with runners on second and third and one out in the Twins seventh. The rookie southpaw, making his first major league appearance, struck out pinch hitter Frank Costello and got Rod Carew on a grounder, then held Minnesota to one hit the rest of the way.

Cleveland ... 000 100 200—3 7 2  
Minnesota ... 000 000—1 1 1  
Williams, Paul (7) and Sims (8) ... 1-0  
Chance (8) and Roseboro (8) ... 0-1  
Williams, 3-2; Chance 4-5.

## Red Wings, Oakland Make Trade

DETROIT (AP) — The Detroit Red Wings, last in the recently ended National Hockey League Eastern Division season, announced Monday a deal with the Oakland Seals that hopefully will add crunch to Detroit's once formidable offense.

Outgoing Coach Sid Abel, who said his successor will be named next Monday, announced the Wings gained Bobby Baun, a six-foot, 175-pound defenseman who played 11 seasons for the Toronto Maple Leafs before going to Oakland in the Western Division transaction deal and Ron Harris, 25, who played right wing last year.

The Red Wings gave up defenseman Paul Henderson, Doug Roberts and an unnamed defenseman.

The trade was the second this year for the Red Wings, who sent Norm Ullman, Paul Henderson and Floyd Smith to Toronto on March 3 for Frank Miller, Paul Stelmowski and Gerry Ungler.

## Astros Blast Sixteen Hits, Crush L.A.

HOUSTON (AP) — Jim Wynn and Rusty Staub drove in three runs alone, spearheading a 10-run Houston attack that crushed the Los Angeles Dodgers 13-1 Monday night.

The Astros struck for two first inning runs, chased Dodger starter Claude Osteen, 27, in three-run second, and scored four more runs in the fifth.

The offensive binge helped right-hander Don Wilson lead his four victory against five losses. Wilson checked the Dodgers on eight hits, inning his shutout bid when Len Crotty got a run scoring single in the fifth.

"Ron Davis' double, a walk and run scoring single," by Wynn and Jim Bouton's sacrifice sent the Astros in front to stay in the opening inning.

Los Angeles ... 000 010 000—7 8 1  
Houston ... 200 041 000—10 18 1  
Osteen, Aquilar (2), Purdin (6), Billingham (9) and Haller, Forbort (7); Wilson and Bateman—Wilson, 4-3, L—Osteen, 2-7.

## Howard Gives Red Sox Victory

OAKLAND (AP) — Elston Howard's sacrifice fly broke a seven-inning deadlock and gave the Boston Red Sox a 3-2 victory over the Oakland Athletics Monday night.

Boston ... 001 100—3 8 2  
Oakland ... 010 000—2 7 0  
Bell and Howard; Odom, Pierce (6), Segui (9) and Pappalardo (11); Hall, 3-1; Odom 3-4. HRs—Boston, Yastrzemski (6), Harrelson (7).

## The Perspective's All Wrong

**On Disabled List**  
DETROIT (AP) — Star outfielder Al Kaline was placed on the disabled list Monday by the Detroit Tigers.

Kaline suffered a fractured right forearm Saturday night when hit by a pitch by Lew Krausse of the Oakland Athletics at Oakland. Doctors at Detroit's Henry Ford Hospital confirmed the fracture Monday and placed a new cast on his arm.

# Weber State College Hoop Coach To Head NBA's Chicago Bulls

CHICAGO (AP) — Dynamic young Dick Motta, whose Weber State basketball team dominated the Big Sky Conference, is the new head coach of the professional Chicago Bulls. Motta, 35, won't be a rubber-stamp coach.

# ERA List Reflects Lack Of Production

NEW YORK (AP) — The latest earned-run-average list topped by Stan Williams of St. Louis, reflected Monday the lack of run production in baseball's major leagues. Twenty pitchers, 11 in the National League and nine in the American, show an ERA of less than 2.00 among those who have worked at least 40 innings. Williams, the 31-year-old right-hander who has also seen service with the Los Angeles Dodgers and New York Yankees, heads the American league with an 0.87 mark. He's allowed only four earned runs in 41 innings while compiling a 2.2 record.

Innings and John has given up 10 earned runs in 88 frames. Williams led a league with 12 earned runs in 80 innings. Don Drysdale of Los Angeles, who pitched his fourth straight shutout, is next with 1.47 on a shutout of 14 earned runs in 88 innings. Rookie lefty Jerry Koosman of the New York Mets is third with 1.51. Other leaders are Dave Guss of Houston 1.56; Bob Veale, Pittsburgh, 1.60; Pat Jarvis, Atlanta, 1.62; Jerry Aronson, Cincinnati, 1.63; and Tom Seaver, Los Angeles, 1.91 each. Woody Fryman, Philadelphia, 1.95 and Ray Seideck, San Francisco, 1.98.

# Angels Edge Tigers 7-6 In 12 Innings

ANAHEIM (AP) — Tom Satriano's run-scoring double in the 12th inning gave the California Angels a 7-6 victory over Detroit Monday night despite two leadrunners by the Tigers. Mathews' 511th and 512th career homers sent the 35-year-old veteran past Matt Ott into sixth place on the all-time list. Rich Reichardt led off the 12th with a single and took second on a balk by Detroit reliever Don Wert, who then hit Bubba Morton with a pitch. Bobby Trevino fouled out, but left fielder Willie Horton's head scoring Reichardt with the winning run. The Tigers' fourth loss in their last five decisions cut their American lead to one half game over the Baltimore and one game over the Minnesota Twins, which defeated Minnesota 3-1.

Luis Tiant, another Indians right-hander, is second with a 2.30 mark followed by Tom Seaver, John, Chicago White Sox lefty, 1.31. Tiant, who pitched four consecutive shutouts earlier this year, has yielded 11 runs in 76

ABC To Televis...  
NEW YORK (AP) — The American Broadcasting Company announced Monday it will televise all four days of the National Open Golf Championship at Rochester, N.Y., June 13-16. Action from the first two rounds will be taped and shown Friday, 8 to 8:30 p.m. EDT. The tournament will be shown live Saturday, June 15, from 7 to 8:30 p.m. and Sunday, 4 to 6 p.m.

Hall Signs With Atlanta Falcons...  
ATLANTA, Ga. (AP) — Roy Hall, the Atlanta Falcons' 1968 draft choice, has signed his 1969 contract, team officials announced Monday. Hall, a 6-foot-7, 250-pound tackle, anchored the offensive line of San Jose State College during the past three seasons.

## Extra Day Of Qualifications Brings Injury To Two Drivers

By DALE BURGESS  
INDIANAPOLIS, Ind. (AP) — A frantic extra day of qualifications Monday for Thursday's 500-mile auto race brought injuries to two drivers, reinstatement of a car that had been disqualified and belated completion of the 32-car starting field. Bud Hurt, 28, of Potomac, Md., veteran sports car racer and ex-basketball star, suffered serious spine and neck injuries when his car crashed in a practice run. Hurt spun into the southwest retaining wall. He was flown to a downtown hospital from the Speedway and reported satisfactory after surgery. Rick Mather, 32, Laguna Beach, Calif., escaped with a mild concussion when he hit the wall near the same spot on a qualifying run. An Eagle-Ford qualified Saturday by rookie Ronnie Bucknum, which he was shown to be 50 pounds overweight was damaged and faulty.

Bucknum's speed of 164.211 m.p.h. was better than any of the last seven qualifiers could manage. None of the latter-day record of 171.559 set May 17 by No. 1 starter Joe Leonard. Rookie Mike Mosley, La Puente, Calif., was fastest in the final session at 162.489 in a Watson-turbocarged Offenhauser. Mosley will be followed in the line-up by Carl Williams, Grandview, Mo., 162.323 in a Coyote-turbocarged Ford; George Snider, Fresno, Calif., 162.264 in a Mongoose-Ford; Jim Hurtubise, North Tonawanda, N.Y., in a Mallard-turbocarged Offenhauser which is the only front-engine car in the field at 162.191. Sam Sessions, Nashville, Mich., rookie, 162.118 in a Fire-turbocarged Offy; Arnie Knepper, Belleville, Ill., 161.900 in a Fire-turbocarged Offy; and Larry Dickson, Marietta, Ohio, 161.124 in the Haw-Ford in which Mario Andretti won the 1967 pole position. Slow speeds the last two days
