TEN CENTS

James Ray Is Moved To Safer Prison Quarters

LONDON (AP) — James Earl Ray, the convicted slayer of Dr. Martin Luther King Jr., was transferred today to Wandsworth Prison where security has been tightened since one of Britain's Great Train Robbers went over the walls four weeks ago.

Wandsworth is considered a safer place for Ray than Brixton Prison where Ray has been held since his arrest Saturday.

U.S. legal experts worked on plans to take Ray quickly and safely back to the United States for trial and police on both sides of the Atlantic tried to learn if Ray had help in his four-nation flight.

American authorities took the first formal step toward extradition Monday night by obtaining a "provisional" British warrant charging Ray with the murder of King on April 4 in Memphis, Tenn.

In Nashville, Tenn., Gov. Buford Ellington signed "all necessary" papers required for Tennessee's request that Ray be returned to stand trial for murder. The extradition papers were forwarded to the U.S. State Department, a spokesman for the governor said.

Some legal experts suggested Britain might speed the process by deporting Ray as an undesirable alien. But other lawyers said there is a strong tradition against using that procedure as a substitute for extradition.

The 40-year-old Ray made a two-minute appearance Monday in Bow Street Court on charges of carrying a forged passport and a loaded gun, the charges on which he was arrested at London Airport under the name of Ramon George Sneyd.

Police equipped with walkie-talkies cordoned Brixton Prison and blocked all roads leading to it, keeping unauthorized persons at least 150 yards away. Similar treatment was given to those taken for Ray's transfer to Wandsworth, a jail in a western suburb of London.

New security measures were instituted at Wandsworth since Ronald Arthur Briggs, one of the train robbers, disappeared overnight. Ray escaped from Missouri State Prison in 1967 by hiding in a bread truck.

Wandsworth is used for Britain's long-term prisoners. Ray will have two British police officers in his cell around the clock.

American authorities have not yet interrogated Ray and legal experts say he can veto any attempt to do so as long as he is in British custody.

Riots Threaten France With New Major Crisis

PARIS (AP) — A Communist union militant was killed today in a clash with riot police in a provincial city as student and striker—turmoil threatened to plunge France into a new major crisis.

In Paris, Latin Quarter university students rioted and built barricades and appealed to the trade union and people of Paris to join them in a mass demonstration tonight against President Charles de Gaulle's government.

Several thousand Citroen auto plant workers streamed toward the Labor Ministry shouting for freedom of workers and having been turned back from their plant by strike pickets.

The prefect (governor) of the Sochaux region, Roger Vanon, told a news conference that the union member, identified only as Baylot, 24, was fatally wounded by a bullet from the chest. The prefect did not say who fired the shot. The bullet was being examined to attempt to determine the gun.

Sharp fighting between riot police and strikers broke out at the Peugeot auto plant at Sochaux after workers had voted narrowly, 2,664-2,151, Monday for a return to work.

The worst fighting occurred when strikers overwhelmed a riot police car and set it afire. Several shots rang out.

Authorities said that, besides the dead man, 11 strikers and two riot police were injured.

The metal workers branch of the Communist-run General Confederation of Labor—France's strongest union—issued a statement charging Baylot was a "victim of aggression of the state forces" and the services of the bosses by the government, against the metal workers fighting for their demands.

"The Peugeot plant strikers are among several hundred thousand holdouts demanding higher wages and other benefits," the statement said.

The death was the fourth attributed directly or indirectly to the student-striker crises which began a month ago.

The first was a Lyon police commissioner, Rene Lacroix, who was killed when a stone loaded truck pushed by student demonstrators.

A real estate worker, Philippe Mayron, 26, was found stabbed to death May 26 after a Paris Latin Quarter riot. Gilles Taubin, 17-year-old high school student, was killed when the Seine River at Meulan, near Paris, Tautin was with a group of students who were attempting to storm a floor on coming gendarmes.

The student rioting early today in Paris was touched off by the students' charge which the students blamed on the gendarmes.

Blaiberg Back In Hospital

CAPE TOWN, South Africa (AP) — Dr. Phillip Blaiberg, the world's longest surviving heart transplant patient, received emergency treatment for liver complications at Groote Schuur Hospital announced.

In London, Dr. Christian N. Barnard, who headed the surgical team that gave him a new heart, said Blaiberg has hepatitis and his condition is "not critical."

Barnard said on his way to Cape Town after visiting the Netherlands, said he talked by telephone with doctors at Groote Schuur Hospital, who gave him a report on Blaiberg's condition. Hepatitis is an inflammation of the liver.

"His condition is not critical," Barnard told newsmen. "But I am disappointed that this happened. I have not given up hope."

Blaiberg, 59, returned to the hospital for routine tests June 4, five months and two days after he received the world's first heart transplant in human heart. He was transferred Monday to the special sterilized suite he had occupied for the operation.

While Blaiberg's heart transplant patient, Frederick West, 45, was suffering from a chest infection that developed three days ago. But the heart hospital in London said the improved slightly Monday night and the improvement was maintained. West was operated on May 3.

Blaiberg received his new heart in the Groote Schuur team's second transplant. The first was performed on Loui Washkansky Dec. 3 but he died 18 days later of pneumonia.

Since the historic heart transplant operation on Washkansky, 20 other heart transplants have been performed around the world. Most of the recipients are still alive.

Presidential Commission Embarks On Study Of Violence In America

WASHINGTON (AP) — A presidential commission has formally embarked on a study of violence in America and President Johnson wants the panel to consider whether campaigning candidates should be limited in their physical contact with voters.

Johnson met with the 10-member group at the White House for the first time Monday, signed the executive order creating it for one year and said he was asking the panel to give it subpoena powers.

He also gave it what he called a simple and direct charge in which he expressed the hope it would find "understanding and insight into the kinds of violent aberrations which have struck our public figures and private citizens."

Besides this, Johnson told the commission he hoped it would uncover the causes of disrespect for law and order, violent disruptions by groups and individuals and offer ways to control or prevent such outbreaks.

Among the many facets of violence touched upon was the safety of campaigning.

"Does the democratic process which we cherish—exchange of ideas permit less physical contact with masses of people—as a matter of security against the dangerous individual and the disaffected fanatic?" Johnson asked.

The commission was named by Johnson last Wednesday, the same day Sen. Robert F. Kennedy was felled by an assassin's bullet after a political victory speech in California.

Johnson told the commission, headed by Dr. Milton S. Eisenhower, educator and brother of the former president, that it faced a difficult task.

"It suggested among other things that it look into the possibility the seeds of violence are nurtured through the public airwaves, the screens of neighborhood theaters, the radio, and other forms of communication that reach the family and our children."

He said he was asking the heads of the major radio, television networks and the Federal Communications Commission to cooperate with the violence study.

In New York, NBC and CBS both said they would cooperate with the commission. ABC was said to be studying the situation, and the National Broadcasting Co. was asking Congress for special subpoena powers for the commission and that Lloyd Cutler, a Washington lawyer, would be the unpaid executive director.

Although the commission is set up for a year, presidential aides said the report would be ready in much shorter time.

LOOKING CHEERY AND HAPPY following their fourth rabble-rousing Monday morning were Kelly Brown, 4, and her brother, Craig, 4. The two children, children of Mr. and Mrs. Barry Brown, Gooding, were started on the series of 14 shots, when it was found that a dead bat they had been handling, was infected with rabies. These children's sunny smiles turn to tears each morning when the extremely painful shots are administered each day. They had the fifth shot Tuesday morning.

Enemy Switches To Daytime Bombing

By GEORGE ESPER
SAIGON (AP) — The Viet Cong switched to daytime bombing Sunday, slaying some 30 big rockets into the heart of the city during the morning rush hour. The barrage killed at least 10 Vietnamese civilians and wounded 100.

It was the heaviest casualty toll—and the first—major daytime bombardment since the Viet Cong began almost daily shelling of the capital 28 days ago. The barrages have killed at least 128 persons and wounded 510.

The six-foot 122mm rockets exploded in the vicinity of major government buildings but did little damage to most of them. However, one landed on the roof of the government communications headquarters and knocked out most telecommunication cables abroad, including lines leased by a number of American firms.

The shelling began about 6:15 a.m., and a little more than five hours before Gen. William C. Westmoreland relinquished his command of U.S. troops in Vietnam and left for Manila, Honolulu and Washington.

Westmoreland told a farewell news conference Monday it was almost impossible "to stop the indiscriminate firing of a few mortar rounds, a few rocket rounds, in consideration of the wide open and very cluttered up and difficult country around Saigon."

He conceded that "civilians are getting killed and some houses are being damaged," but he added, as he has said before, "It's of really no military consequence. It does make headlines, I must say."

Some observers disagreed. The shelling is spreading fear among the population and undermining confidence in the South Vietnamese government, they said.

The rockets were fired from a rice paddy area about six miles due east of the center of the capital. Counter artillery fire was directed at the area and just after the barrage troops of the U.S. 11th Armored Cavalry Regiment swept the area.

Envoys Prepare For Return To Paris Peace Talks Wednesday

By JOIN M. HIGHTOWER
AP Special Correspondent
PARIS (AP) — The possibility of new moves by the United States and North Vietnam focused attention today on the deadlocked Paris peace talks as negotiators prepared to head to the conference table after a six-day recess.

The meeting Wednesday will be the eighth between U.S. Ambassador W. Averell Harriman and his North Vietnamese counterpart, Xuan Thuy, since the talks began May 13.

While no one on either side here expects any major breakthrough for some time, perhaps months, Western diplomats expect occasional tactical maneuvers by Hanoi and Washington of importance to the long-range peace outlook.

Harriman returned Monday night from a weekend trip to the United States to attend the funeral of Sen. Robert F. Kennedy. He also conferred with President Johnson and if he came back with any new ideas they would presumably begin to show up in the discussion Wednesday.

U.S. diplomats also hope to get some indication soon, perhaps Wednesday, of the significance of the assignment to Paris of a member of the North Vietnamese Communist party to make his first campaign appearance Thursday since the assassination of New York Sen. Robert F. Kennedy. That plan did not attend last Wednesday's meeting, the explanation being that he was tired from traveling. He is expected to show up Wednesday.

Each side is trying to wear away the position of the other by a combination of patient propaganda and diplomacy—all based on what is happening in the war. With no major victories on either side on the battlefield the positions in Paris have held firm.

The North Vietnamese Communist newspaper, Nhan Dan, revived Monday the 1968 threat of President Ly B. Johnson that his people will fight on for 20 years or longer if necessary to defeat the United States.

The threat appeared part of Hanoi's continuing effort to maintain public opinion pressure on the United States to stop bombing North Vietnam. The argument is that if the United States doesn't halt the bombing the Paris talks will get nowhere and the war will go on for many years.

U.S. diplomats say privately that Johnson has gone as far as he can to limit attacks on the North without reciprocal moves by Ho Chi Minh to scale down operations. The President's further cutbacks would increase the danger to U.S. and allied forces in South Vietnam.

McCarthy To Speak Friday In Idaho Falls

CALDWELL, Idaho (AP) — Sen. Eugene McCarthy will speak Friday at a luncheon of the Idaho Democratic Convention in Idaho Falls. Dean Miller, chairman of the Idaho McCarthy for President Committee, said today.

Miller said he was advised by Robert Fitzpatrick, a McCarthy aide doing advance work in western states, that the presidential candidate would arrive in Idaho Falls on Friday morning in mid-afternoon for Montana to make an appearance at the state's Democratic Assembly.

McCarthy is scheduled to make his first campaign appearance Thursday since the assassination of New York Sen. Robert F. Kennedy. That plan did not attend last Wednesday's meeting, the explanation being that he was tired from traveling. He is expected to show up Wednesday.

Sirhan Will Pick Lawyer

LOS ANGELES (AP) — The man accused of killing Sen. Robert F. Kennedy will choose a lawyer soon, says the American Civil Liberties Union.

The announcement came as investigators continued to probe the murder and Sirhan Bishara Sirhan, 24, remained under tight security guard at Los Angeles County Jail. Sirhan's ACLU lawyer talked with Sirhan.

Dr. Cray of the ACLU's Southern California chapter said Sirhan would be given a list of attorneys to choose from. He said the attorneys would be given to Sirhan's case without pay. He wouldn't name the lawyers.

Wallace Begins Southern Tour

MONTGOMERY, Ala. (AP) — Bolstered by reports of enough support to be elected in Illinois and North Carolina, George Wallace swings into an 11-city Southern tour before he leaves for his appearance since his wife's death.

Wallace leaves for Memphis, Tenn., where a fund-raising dinner was held on his scheduled 10th day.

Not since Gov. Lurleen Wallace died of cancer May 7 has a new Alabama governor been sworn in on behalf of his third party presidential bid.

Delays Still Plague T.F. Water System, End Near

The Twin Falls water system continues to be plagued with delays and city officials Tuesday predicted it would still be another two weeks until Blue Lakes water is turned into the city lines.

Friction between the city and the contractors has grown, and City Manager Herb Derrick on several occasions has been critical of the speed of the construction project.

At the present time there are two leaks in the five-million-gallon water tank at Fallis-Avalanche and Harrison Street. City Engineer Ron Scheuffele said Tuesday work is under way to repair the leaks.

"However, that won't end our problems. We will still have to check the pumps and get the system completely checked out before the city will accept it."

Water from Blue Lakes in the Snake River Canyon is pumped into the tank through two boost stations. Massive pumps handle the load.

There is a time problem, as the new tank and water system have to be working perfectly before the old tank south of the city can be drained.

"Plans are to have the old tank rebuilt, with a cover over the top."

"We want to have storage water in the tank and water system has to be full before work can be done on the other," the city engineer said.

Congress Considers Two Tougher Gun Measures

WASHINGTON (AP) — Congress, which has just passed a gun-control bill labeled by President Johnson as too weak, is now considering two tougher measures.

Sen. Thomas J. Dodd, D-Conn., a principal proponent of gun control, sponsored the bill Monday. They would require federal registration of all firearms and outlaw mail-order sales of rifles and shotguns.

Congress sent to the President last week a measure which would ban mail-order sales of pistols. But Johnson, speaking in strong terms following the assassination of Sen. Robert F. Kennedy, said a tougher measure is needed to keep guns out of the hands of irresponsible people. He specified a need to ban sale of long guns through the mails.

As Congress continued to debate gun control, a widespread movement is developing in which people are turning in their guns to local authorities.

And some stores have stopped selling guns and ammunition, with one dime store saying it would even sell toys guns any more.

There were also calls for action from local and state officials as the driver for gun control laws, their own registration laws. Sources said the only such states are New Jersey and Hawaii.

The penalty for having an unregistered gun under the Dodd bill would be a \$2,000 fine and two years in prison.

Dodd's other measure would ban the mail-order sale of handguns. Sen. Edward M. Kennedy, D-Mass., sponsored this measure earlier this year but the Senate rejected it, going along instead only with the ban on mail-order pistol sales.

Also introduced in the Senate is the Kennedy gun control assassination was a bill that would make it a federal crime to kill, assault or kidnap a Congress or Cabinet member.

Johnson has not indicated whether he will sign the bill containing the ban on mail-order pistol sales.

That is only one provision in a sweeping anti-gun bill which has controversial sections to give police wiretapping and "bugging" authority and prosecutors more free use of confessions. Another section would curtail Supreme Court restrictions on the rights of accused persons.

Shrine Circus Comes To Twin Falls

The circus rolled into Twin Falls Monday night and plenty of youngsters were on hand to welcome the elephants, chimps, acrobats, clowns and everything else that moved.

Watching the circus go up is almost as fun as watching the show itself—almost.

This is the 14th annual appearance of the Shrine Circus in Twin Falls and it is at the Ice-Cone Ball Park. The first performance was at 10:15 a.m. Tuesday, the next was scheduled for 8:15 p.m. Tuesday.

Wednesday is Kid's Day, with buses from the area rolling in just before show time—cramped with youngsters bearing free tickets.

The final show is at 8:15 p.m. Wednesday, while the kid's show is at 10:15 a.m. Wednesday. Buses for the youngsters are scheduled to leave Castlerford at 9 a.m. Wednesday; from Buhl at 9 a.m.; from Filer, High School at 9 a.m.; Wednesday; Ketchum and Halcy at 7 a.m. Wednesday; Gooding high school, 9 a.m.; Wendell north park at 9 a.m.; Shoshone at 9 a.m. and Jerome north park at 9 a.m.

Transportation is provided throughout.

In Halcy and Ketchum, youngsters should call 723-3341 for more information.

DON'T LOOK NOW, but there's a circus in town! Actually, Sheeba, a member of Antonucci's Chimpanzee troupe, isn't telling any secret to Bob Sands, since Bob is publicity director for the Shrine Circus which is showing in Twin Falls Tuesday and Wednesday.

Construction Of Project Supported

WASHINGTON (AP) — The U.S. Corp of Engineers Selected review Board has recommended construction of an \$80 million Lucky Peak-Twin Springs flood control and power project.

The proposal is to build a 106,500 kilowatt power plant at the present Lucky Peak Dam, construct a small re-regulating dam below Lucky Peak and a 470-foot rock-filled dam upstream from Arrowrock Reservoir at Twin Springs.

U.S. Sen. Frank Church, D-Idaho, said the upper dam would have a 103,000 kilowatt power plant.

Church said the engineers told him the project's major purpose would be to improve water supply and quality on the Boise River, provide future water supplies to Boise, provide flood control and supplement irrigation and recreational needs.

Injuries Fatal For Youth, 19

SALT LAKE CITY (AP) — Nineteen-year-old Vance B. Anderson of Idaho Falls, Idaho, injured in a fall from a tree in a pedestrian accident in Yellowstone National Park, died Monday.

Anderson, an employee of the Yellowstone Park Co., died in the LDS Hospital in Salt Lake City.

Park police said he apparently ran across the main road and one-half miles west of Old Faithful and was struck by a car driven by Virgil Harris, another park employee.

No hometown has been given for Harris.

Agreement On Far East Is Reached

KUALA LUMPUR, Malaysia (AP) — General agreement was reached today to maintain Commonwealth security in the Far East following the withdrawal of British troops by the end of 1971 was reached today by Britain, Australia, New Zealand, Malaysia and Singapore.

After a two-day conference the five governments stressed in a 1,500-word communique that the neighboring nations of Malaysia and Singapore agreed "the defense of the two countries was indivisible and requires close and continuing cooperation between them."

The communique also stated that the five nations agreed to cooperate in the event of a common security threat.

Troubles Increase For U.S. Military In Japan

TOKYO (AP) — Troubles in Sasebo harbor during the recent breach for the U.S. military in Japan continued today as the U.S. nuclear submarine commando force of Japanese cabinet members urged that the United States be asked to relocate its air bases. The Tokyo city council demanded a ban on visits by nuclear warships and student city councils have called for a ban on the nuclear ships, and power shipments has suspended their visits.

Worth The Effort

In the words of a Twin Falls resident -- not a downtown businessman -- the central core area improvement project is a good thing. And from all indications this is true. The project has been entirely planned, from the start, by Twin Falls residents.

Good postal service is important to the social, cultural and educational life of the nation. The postal performance of our country has put a tremendous burden on our mail delivery system. This year our postal employees will process and deliver some 83 billion items, as much mail as the other major nations of the world combined.

of the major nations of Western Europe. For example, our postal employees are almost twice as productive as Great Britain's. Congress has the primary responsibility for setting postal rates. It must determine the relationship between the rates the customer pays and the Department's handling costs for each class of mail.

devaluation of his building, and through loss of customers. To combine a modern shopping center facility in downtown with competitive marketing techniques and ample parking space is the only answer. It is something that should have been done years ago, that is. But efforts have been made. It is only lately that a concrete, organized program has been started. It is something the downtown businessman can see, and something he can invest in--which many property owners are ready, willing and able to do.

This is the most distressing aspect of the whole situation--not just that thousands of citizens are becoming addicted to daily violation of the law, as they did during Prohibition, but that the profits of bootlegging are being channelled, as were those of bootlegging during Prohibition, to finance organized crime's enterprises elsewhere--narcotics, loan-sharking, prostitution.

Udall Asks Help From Utilities

WASHINGTON (AP) — Interior Secretary Stewart L. Udall says electric utilities should help finance a federal dam on the Middle Snake River.

He proposed Monday the utilities pay the government in advance for 50 years of power delivery. The payment would provide for the major share of construction of a dam, a regulating dam and power plants at the Apalossa site on the Oregon-Idaho border.

The Middle Snake has been the scene of a long controversy over federal versus private development. The Idaho Power Co. has three dams upstream with three federal dams down stream.

The Federal Power Commission has applications for private development of a dam at the High Mountain Sheep site. But the Interior Department argues a dam at that location would prevent salmon from reaching upstream spawning waters.

Udall's prepayment proposal for a federal dam, is designed to circumvent the budget-cutting mood of Congress. It's unlikely that treasury funds would be freed for a new dam.

Udall suggests a meeting between federal officials and public and private utilities to work out the prepayment plan. He named H. R. Richmond, Bonneville Power administrator, to represent them.

TWO REPUBLICAN CANDIDATES for Twin Falls County prosecuting attorney spoke at a regular Jaycee meeting Monday night at the Bowladrome. The candidates are Robert Galley, left, and Peter Ritzmann, right. In the center is Doug Vollmer, Jaycee president. Both candidates are local attorneys and both are seeking the post now held by Michael Feilon, a Republican who plans to go into private practice in Buhl next January when his term expires.

Officials To View Water Problems

Members of the Idaho Water Resources board and several officials of the Soil Conservation Service, are expected in Twin Falls June 28, to meet with county officials.

Heber Loughmiller, Twin Falls County Commission chairman, said county officials met last Friday with the state board to discuss plans for Rock Creek water development and problems of the Salmon Tract area.

Mr. Loughmiller said plans are to take the group on a tour of the entire area including Rock Creek Canyon, proposed dam and reservoir sites, Rock Creek and the Twin Falls canals where an additional reservoir and lifts would be built, and the Salmon Tract farms where the water shortage is extremely critical this year.

An application has been made by water users and soil conservation district officials for a small watershed project on Rock Creek as part of the proposed development to utilize all available irrigation water.

Deliciously Tart And Chilly

Remember that favorite childhood business enterprise of selling lemonade to neighbors and friends? Well, here's a recipe that combines the refreshing tartness of that good old-fashioned beverage with the deep blue sweetness of canned blueberry pie filling in a wonderful blueberry ice that both children and adults will love.

The delicious cooling dessert is very simple to prepare. The blueberry pie filling is scooped just as it comes from the can to be beaten by an electric mixer before blending it with frozen lemonade, water and sugar. That's all it takes to fix this, once it's frozen, it's time to invite folks in to try the icy blueberry treat. Scoop it out in dishes for the adults. Let the youngsters take theirs out of doors in paper cups or cones.

Blueberry ice is a delightful dessert of an afternoon snack... perfect with a cool tumbler of iced tea and a platter of crispy popcorn.

BLUEBERRY ICE
 1 No. 2 can (3 cups) blueberry pie filling
 1 can (6 ounces) frozen lemon concentrate, partially thawed
 2 cans water
 2 cup sugar

REFRESHING TARTNESS of lemonade is combined with canned blueberry pie filling for this delicious summer favorite. Blueberry ice is a delightful dessert or afternoon snack.

Today's Fashion-Pendulum Swings Back-Past-20's

By JEAN SPRAIN WILSON
 NEW YORK (AP) — Men can sleep in their pajamas this summer, if they want to. Their wives or their sisters won't be stealing them.

It used to be so cute for the female figure to be swallowed up in oversized men's pajama tops, especially after a few naughty movie heroines found refuge in these. Now that's out of style. The whole little-boy, big-boy look in sleepwear—stripes, piping, buttons and all—has gone by the board in favor of femininity. Not by a long way.

Today's fashion pendulum is swooping backward past the 30s, past the 20s, hesitating along the way, trifling with the turn-of-the-century romanticism, and flirting outrageously with the belles of the Civil War and before.

Today no summer dress or sportswear collection is complete without the so-called lingerie look. Some designers see it as bouffant-skirted dresses in fragile fabrics with polka dots, frankly meant to be seen. Others go so far as tussy baby dolls that turn out to be swim ensembles.

Dear Abby

By ABIGAIL VAN BUREN
DEAR ABBY: I've never seen this problem in print before but you have no idea how much it means to those of us who are faced with it.
 My husband thinks his car is a plaything. It is unbelievable how immature he becomes when he gets behind the wheel. For example, he'll pick out a car on the next day try to "race" with it. Or he'll drive with no hands on the wheel, and steer with his knees. Or if he sees a pedestrian slowly crossing the street he'll speed up and aim his car right at him, to scare him. He also tries to frighten other drivers by seeing how close he can come to them without actually hitting them. Believe me, we have had some pretty close calls.
 He does these things with our four impressionable youngsters in the car, and they seem to enjoy it. If I say one word to him, he flies into a rage, so I don't dare to open my mouth. What should I do?
TREMBLING

DEAR TREMBLING: If the most you can do is "tremble" when your smart-alecky husband risks the necks of his family, not to mention his own and strangers, you have a bigger problem than you think. Call your local police department and report the boob. Give them his license number, and the description of his car, and ask them to look out for him on the pretense that they've received "anonymous" complaints. Of course they can't touch him until they catch him breaking the law, but if he drives as you say he does, they'll soon nab him.

DEAR ABBY: I have been polar with a very nice girl (I thought) for about 8 months. About a week ago I asked her to marry me. She said she couldn't give me a definite answer until I talked to her father.
 Well, I made arrangements to talk to her father and this is what happened. He took me into another room and closed the door. He didn't pull a my punches. He asked me how much money I made, how much I had saved, how much insurance I had, and what I owned. I told him. The whole thing didn't take 5 minutes. Then he told me I was not meant for his daughter, and he showed me the door. On my way out, I passed by my "nice" girl, and she didn't say a word. She just gave me a blank look. I have thought this over and I am wondering how maybe I wasn't lucky to have it happen this way. Signed,
STILL WONDERING

DEAR STILL: No doubt about it. Everyone was lucky.
DEAR ABBY: In regards to the mother who came home early one Sunday afternoon and caught her teen-age son and the young Scandinavian maid "flirting" together.
 You advised the mother to tell the boy about the birds and the bees. It would appear that

Hints Given For Remodeling

GLENNIS PERRY—If you are carefully to be sure of your thinking—of remodeling—you want and needs.
 The first thing to do is examine the foundation carefully, advises William Shryack, home furnishings specialist of the University of Idaho extension service.
 "Are there large cracks in the concrete? Has it settled so that it no longer is level? If the foundation is poor, perhaps a remodeling job will not be a good investment," reminds Mrs. Marilyn E. Jordan, Elmore County Extension home economics agent.
 The next area to examine is the framework. A sagging roof, bulging walls, or a serious infestation of termites might make the house unfit for remodeling. Expert advice may be needed.
 But if the foundation and framework are sound, changes can be made to improve the use of the building. Here are some of their suggestions.

Small rooms can be combined into one large room for more living space. Remodeled large rooms may still meet today's standards after space is taken for closets and bathrooms. Folding room dividers are satisfactory as portable partitions in large areas. Changing windows can do a lot for an older house. Choose a wall that will give a pleasant view from the new window. Outside appearance of a house is also often improved by new windows.
 "Above all," Mr. Shryack cautioned, "before starting a remodeling job, examine the plans

of the building. Here are some of their suggestions.

Small rooms can be combined into one large room for more living space. Remodeled large rooms may still meet today's standards after space is taken for closets and bathrooms. No More Cats

HUEYTOWN, Ala. (AP) — Cats in trees are coming off the list of things the Hueytown Fire Department will handle. Fire Chief John Bradley said Monday that too many emergency calls have come in while firemen were out on a limb after cats. "We still get children out of trees," Bradley said, "but we don't waste our time on cats. They'll come down when they get hungry."

Sale Of Dog Licenses Is Going Slow

Dogs in Twin Falls may be standing in line for those 1968 licenses unless they get their owners down to Twin Falls City Hall within the next few days. City Clerk Constance Leiser said there are more than 300 dogs yet to be licensed before the July 1 deadline. After that date, licenses will cost an additional dollar, and dog owners face the additional cost-of-city fines for failing to comply with the city's dog licensing and control laws. Only about 355 dogs have been licensed since Jan. 1 and last year, 1,068 licenses were sold. She said fees are \$2 for a male or spayed female, and \$3 for unsprayed females. After July 1, the prices will be \$3 and \$5. All dogs without 1968 licenses as of July 1 will also be in violation of the city ordinance. Owners must have evidence of rabies inoculation when purchasing a license for their pet.

Purpose Of Bookmobile Is Explained

HAGERMAN — Robert Bruce assistant librarian of the Twin Falls library, explained the purpose of the bookmobile at the Hagerman library board meeting recently. The bookmobile will stop in Hagerman at the public library from 1:30 p.m. to 3 p.m. Friday. It is a mobile library that carries books to the homes of those who are unable to visit the library. Additional titles are planned for the library and Dean Holt was asked to be in charge of the project. Library cards may be purchased from Mrs. Nettie Moyes, librarian, for \$1 per year for the entire family. The library is open from 10 a.m. to 5 p.m. on Wednesday and 10 a.m. to 5 p.m. each Saturday.

A THOUGHT TO REMEMBER

DALE PATTERSON

"In God We Trust." The words mean more than a mere slogan on our currency. They mean more than a belief or philosophy of life. Actually, the words mean we have an American heritage for which all of us ought to daily get down on our knees and thank God for an endowment that permits us to believe there is a God and that we can put our trust in Him.

"In God We Trust." The words vividly describe the distinction between our American way of life and life in the communistic world. The differences between our governments are not restricted to such things as free enterprise vs. state regimentation or ideological opposites in other ways. There is an exact, an instantly identifiable cause for our basic differences, our constant conflicts. The cause is the right to believe in God as opposed to a compelled Nationalistic disbelief in God—Communism is Godlessness. We will detail reasons for this harsh, but true thought next week. Watch for it...

Eckert And Club Owners Receive Criticism For Actions Over Weekend

By The Associated Press
Commissioner William D. Eckert and major league baseball owners received a barrage of criticism Monday for their actions during the weekend of mourning for the late Sen. Robert F. Kennedy.

Sports editors and sports columnists predicted that Eckert will not last out the remaining four years of his seven-year contract as commissioner.

Baseball owners and Eckert were strongly criticized for not cancelling Monday's games; either Saturday when the funeral was held or Sunday when President Johnson was entombed as a national day of mourning.

The New York Yankees, the Washington Senators and the

(San Francisco Giants called off their games Saturday, and Eckert ordered the rest of the teams not to start play before Sen. Kennedy was buried.

As it developed, just about all the Saturday night games started before the burial, which was held nearly 48 hours because the train from New York was late getting to Washington.

The only teams that called off games Sunday were Baltimore and Boston.

"If anything," wrote Ron Finfrete of the San Francisco Chronicle, "Eckert is even more lavish in his regard for his employers than were the rubber stamps who preceded him."

The ensuing chaos apparently roused the owners, who are now, perhaps to save their own greedy faces, muttering about giving the general his discharge.

Commented Al Ackerman of WWJ-TV, Detroit:

"Eckert is in real jeopardy now by his action in trying to appease them (the owners). This way he has the scorn of both the public and the owners and I predict his career as commissioner will not last long."

At least one sports writer thought baseball acted properly.

"Baseball," said Harold Kaese of the Boston Globe, "paid its respects to the senator's memory in ways gracious and reasonable. Some games were postponed for hours, others for days and weeks. Ballpark tributes were suitable."

Baseball is a sampling of other sports than other business, and more is always expected of baseball than other sports.

Al Abrams, sports editor, Pittsburgh Post-Gazette, said General Eckert is partly to blame for being weak in not issuing a blanket order to call off all major league games today. The club owners are

mainly at fault for not complying with President Johnson's wishes.

Mickey Herskowitz, executive sports editor, Houston Post: "Eckert's rule-by-omission continues to turn baseball backward."

By failing to cancel all games on either Saturday or Sunday, he left each club to its own conscience, and we can see the result of that in the game between the New York-Yankees and Boston.

Milton Gross, New York Post: "Our so-called national pastime apparently regards itself as a regime of its own. Its battle-hymn is sung at the turnstiles."

On railroad platforms people spontaneously sang "Battle Hymn of the Republic" but baseball's truth goes marching on.

Bill Tanton, sports editor, Baltimore Evening Sun: "Today the game is in a turmoil because one man, Eckert, could not set a policy for baseball to follow. By leaving it up to the home clubs, he was asking for chaos, and he got it."

Hardin And Orioles Stop Senators 4-1

WASHINGTON (AP) — Jim Hardin pitched one-hit ball after the first inning and Boog Powell drove in two runs as the Baltimore Orioles continued their domination of Washington Monday night with a 4-1 victory over the Senators.

It was the Orioles' eighth victory over the Senators in eight meetings this year.

Hardin was clipped for three hits in his first inning and was saved from further trouble when third baseman Brooks Robinson and shortstop Mark Belanger combined on a fine defensive play for the third out. The victory was Hardin's eighth against two defeats.

The Orioles scored their final two runs and chased Loser Camilo Pascual in the sixth. Singles by Frank and Brooks Robinson advanced Powell and Belanger one run and Curt Blefary's sacrifice fly delivered another.

Baltimore scored in the first on a walk to Curt Motton, Frank Robinson's single and Powell's sacrifice fly. They added another in the third on Curt Motton's double, Frank Howard's sacrifice fly and Howard's single.

Ed Stroud, Ken McMullen and Mike Epstein singled for the Senators in the first inning with Epstein driving in a run.

Night Game:
Baltimore 101 000 000—4 6 0
Washington 100 000 000—1 4 1

Hardin and Blefary: Pascual, Humphreys (6) and Casanova. W—Hardin, 8-2. L—Pascual, 7-4.

Two Astros Fined One Day's Pay

HOUSTON (AP) — Houston Astros Rusty Staub and Bob Aspromonte each lost one day's pay for skipping Sunday's game with Pittsburgh, General Manager H. B. Richardson said Monday.

Staub and Aspromonte refused to play on the day designated by President Johnson as a day of mourning for the late Sen. Robert F. Kennedy.

"After talking with the players Monday, I am convinced that these two fine young men had very strong convictions and deep feeling for the late Senator, Kennedy," Richardson said.

"Therefore, the penalty was not as great as it might have been," he continued.

The penalty will cost Staub about \$300 and Aspromonte \$200, a source said.

Earlier reports that absent players would be fined \$3,000 but Richardson said "that's not my comment."

There is a player's representative for the Pirates, which was absent from the game which was won by Pittsburgh, 3-1.

Williams Carries Cubs Past Reds 4-3

CHICAGO (AP) — Billy Williams' two-run seventh inning double carried the Chicago Cubs to a 4-3 victory over Cincinnati Monday.

Big Bob Lee was the victim of the Cubs' winning spurt after veteran Ernie Banks' blast of consecutive homers, the 10th and 11th, off starter Gary Nolan.

The Cubs cooked up their winning spree on a solo double by Alex Johnson's second round, Williams' two out, Glenn Beckert's walk, Williams' follow-up walk, the shot to right center, scoring both Phillips and Beckert.

Lolly Ken Holtzman, who leaves Friday for a two weeks' summer service with his military unit, pitched the first seven innings, but his victory among pine decisions thus far.

Athletes May Petition For Consideration

NEW YORK (AP) — United States Olympic track and field candidates who may have been unable to take part in four qualifying meets because of injury or illness may petition for consideration at the high altitude training camp in South Lake Tahoe, Calif. in September.

A Human subcommittee of the Olympic Track and Field Committee will review all cases June 26 in Los Angeles.

The four qualifying meets are the National Association of Intercollegiate Athletics trials run on May 31-June 1; the Armed Forces Inter-service championships; the National AAU championships, June 20-21 and the Olympic Trials June 29-30.

The Olympic committee will take a number of extra men, in addition to the final qualifiers, for a period of altitude training in mid-September. Under Olympic rules no athlete may have more than 28 days at high altitude in the three months before the Olympic games opening Oct. 12 in Mexico.

Cleveland Topples Oakland 7-2

CLEVELAND (AP) — The Cleveland Indians exploded for three runs in the first inning and three more in the eighth and hammered the Oakland Athletics 7-2 Monday night behind the five-hit pitching of Stan Williams and Mike Paul.

Jose Cardenal and Larry Brown singled to start the first rally against loser Lew Krause, 2-7, and Tony Horton's sacrifice fly started the scoring. Lee Maye tripled for another run and he scored on Duke Sims' single.

Leading 4-2 in the eighth, the Indians put the game out of reach with another burst, including two unearned runs. Cardenal again started with single and Horton doubled him home. Horton scored when third baseman Sal Bando threw away a ground ball and Max Alvis doubled in a third run.

Alvis also singled in a seventh inning run after Sims doubled.

The A's got to Williams, 5-3, in the seventh when Bando walked and later scored on Reggie Jackson's single. After another walk, Bert Campaneris singled in Jackson and Paul relieved and stopped the A's the rest of the way.

Aparicio Keys Rally, Sox Win 5-2

NEW YORK (AP) — Luis Aparicio's tie-breaking double keyed a three-run ninth inning uprising that carried the Chicago White Sox to a 5-2 victory over the New York-Yankees Monday night.

Ken Berry led off the ninth as a reliever, Dooley Womack with a single, Tom McCraw sacrificed and Duane Josephson drew an intentional walk before

Berry scored on Aparicio's bloop double to right, snapping a 2-2 deadlock.

After another intentional walk filled the bases, pinch hitter Bill Voss capped the winning rally with a two-run single.

A run-scoring single by Charlie Smith, the Yankees' streaking pinch hit specialist, tied the game 2-2 in the seventh.

Smiling for starting pitcher McStottemyre, scored Jake Gibbs from second with his sixth hit in eight at-bats as a pinch hitter.

Gibbs led off the inning with a single off reliever Wilbur Wood and took second on Bobby Cox's sacrifice bunt.

The White Sox broke a 1-1 tie

Miss Mann Wins Bluegrass Meet

LOUISVILLE, Ky. (AP) — Playing without a bogey for the entire round, Carol Mann fired three-under-par 69 Sunday to win the fourth annual Bluegrass Invitational Golf tournament by four strokes.

Miss Mann, leading money winner on the Ladies Professional Golf Association tour, picked up a check for \$2,100 for her 54-hole score of 210. Her final round was a consistent 38 and 34.

Tom McCraw rocked Stottemyre for a lead-off homer in the second inning, but Andy Kosco opened the Yankees' fourth with a solo homer off Sox start-er Bob Priddy, tying it 1-1.

Rhodesia Is Hoping To Be In Olympics

SALISBURY, Rhodesia (AP) — Rhodesia still hopes to compete in the 1968 Olympic Games despite a statement by the Mexican Olympic organizing committee that Rhodesia would find it impossible to take part due to a travel ban imposed by the United Nations.

The president of Rhodesia's Olympic committee, Douglas Downing, said late Saturday he had called the Mexican authority for clarification of the statement.

"Meanwhile we are going ahead with our arrangements," Rhodesia's president said. "We have no doubts about Rhodesia's participation because of a slowdown in fund raising. About \$38,000 is required to finance the team."

Rhodesian Olympic officials indicated they did not intend to withdraw from the Games. "We will fight our way to Mexico City if necessary," said one official. Others suggested that they would fight the travel ban to send the team by ship and surrender their passports on arrival.

Rhodesia — unlike South Africa, where the law forbids multi-racial sports — has no racial discrimination among its white and black athletes. Recent track findings indicated this country's Olympic team would have consisted mostly of Africans.

Maris, Jaster Carry Cards Past Atlanta

ATLANTA (AP) — Roger Maris rapped a 10-breaking two-run homer in the third inning and Larry Jaster, with a run from Wayne Granger, made it last as the St. Louis Cardinals tripped Atlanta 4-2 Monday night.

Maris, who left the game with a bruised heel after his third blast of the season, unloaded against loser Phil Niekro, 4-5, with one out after Lou Brock doubled. The blow gave the Cardinals a 4-2 lead.

Jaster, 52, who gave up homers to Deron Johnson and Bob Tillman in the second inning, protected his margin until the eighth when Felipe Alou reached second on a hit to catcher short and Dal Muxilla's throwing error.

Granger, a rookie, relieved and gave up a run-scoring single to Hank Aaron before getting Joe Torre to hit into an inning-ending doubleplay. He set the Braves down in order in the ninth.

Marichal Hurls Giants Past Pirates

SAN FRANCISCO (AP) — Juan Marichal, the major league's biggest left-hander, led his seventh consecutive victory with a four-hitter as the San Francisco Giants crushed the Pittsburgh Pirates 8-1 Monday.

Marichal, 31, yielded only an pair of singles to Maury Wills through the first six innings. Roberto Clemente and Matty Alou opened the seventh with singles and Clemente later became the only Pirate to get past second base, but Marichal worked out the trouble for his first 1968 shutout.

The Giants' ace right-hander struck out eight and also hit a sacrifice fly. He was backed by a 10-hit attack, including Willie McCovey's 11th homer in the sixth inning. Willie Mays and Ollie Brown, each drove in two runs and Jesus Alou had two doubles as the Giants bombed Bob Veale, 2-7.

Athletic Budgets Heading For Financial Crisis

CHICAGO (AP) — College athletic budgets are being strained to an extent approaching a financial crisis, a National Collegiate Athletic Association report said Monday.

The report shows that athletic facilities of NCAA members are valued at \$2.05 billion and operating budgets for 1967 totaled \$100 million, about double the budget for 1961-1962.

The report is the third of a series repeated every fifth year. The 10-year record shows finances "are being sorely strained by inflationary rise in costs and the pressure for more facilities and participation opportunities."

Marcus Plant of the University of Michigan, NCAA president, said that "new ways and means must be found to finance our expanding activities."

"There are obvious limitations on gate income as a support factor because of increased student bodies, practical limitations on fieldhouse and stadium capacities and also a practical ceiling on the price of tickets," Plant said.

He referred to general college revenue or governmental assistance in the building and maintenance of facilities "as a means of dealing with what could be a financial crisis in the colleges' expanded sports, physical preparation and recreational programs."

The statistically surveyed, to be distributed to colleges, presidents and administrators, was filed with Vice President Hubert Humphrey and the United States Congress.

"This constitutes a documented response" to the request of Humphrey and congressional leaders "that new sports leadership should be exercised to place increased emphasis on wider participation and the development of athletic excellence," said Plant.

Commission To Hear Complaints

BOISE (AP) — The State Racing Commission has set June 24th to hear complaints filed by two horse racing groups in Coeur d'Alene, Commission Secretary Ken Hammond said Monday.

Coeur d'Alene Downs Inc. and the Coeur d'Alene Turf Club have filed complaints with the commission, each alleging the other is violating state racing laws.

Hammond said the hearing will begin at 9 a.m. and will be held in the auditorium of the Washington Water Power Co. building in Coeur d'Alene.

Ruel Is Named New Head Coach For Canadiens

MONTREAL (AP) — The Montreal Canadiens, in a surprise move, named 29-year-old Claude Ruel as coach of their Montreal Hockey League club Monday.

Ruel replaces Tom Blake, who resigned last month after guiding the Canadiens to their eighth Stanley Cup title during his 13-year tenure.

The move featured the opening day's session of the annual NHL meetings which end Thursday.

Ruel, a native of Sherbrooke, Que., becomes the youngest coach in the 12-team league. He has been a player, a minor league coach and a coach for Canadiens in a junior league. Ruel lost an eye after suffering a game injury.

Sam Pollock, the Canadiens' general manager, also announced the retention of Blake as assistant vice-president, and the appointment of Floyd Curry, assistant general manager.

It was generally believed that Curry, former Canadian national player and coach of the Quebec Aces of the American Hockey League, would get the Montreal coaching position.

However, Pollock said, "I want to make it clear that Ruel was a unanimous choice. He was our only candidate. Others have made the jump from junior coaching to the National Hockey League."

Pollock also announced that Ron Caron will take over as general manager of the Quebec Aces, former scout in Western Canada, has been given a new job as director of player personnel.

Pappas Says Days Are Numbered

CINCINNATI (AP) — Milt Pappas, Cincinnati Reds pitcher who announced his resignation Saturday night as the club's player-spokesman, said Sunday he felt his "days with the club are numbered."

"A number of things have come up besides the Sen. (Robert) Kennedy situation," the right-hander added. "A change would be better for all concerned."

He declined to elaborate.

The resignation followed a dispute with Manager Dave Bristol over whether the Reds should play St. Louis because Kennedy's funeral had been delayed. The game was played over Pappas' protest and he then submitted his resignation, effective July 9 at the All-Star game.

Fans at Crosley Field booed Pappas when he made a relief appearance during the first game of a doubleheader with St. Louis. He pitched the last two innings, striking out three and allowing three hits.

Small Game Hunting Good Last Year

BOISE (AP) — Last year was a good year for small game hunters in Idaho, according to a survey conducted by the Idaho Fish and Game Department.

Game bird supervisor Elmer R. Norberg said the sage grouse harvest last year was the best since records were first kept with 51,700 birds killed to represent a 105 per cent increase from the long-term average.

Harvest of pheasant was up 10 per cent, quail up 43 per cent, and quail up 43 per cent.

The survey consisted of questionnaires filled out by hunters.

Successful Investing

By ROGER E. SPEAR Q—Last year, worried by inflation, we were advised to buy good income stocks as by-passed by large-scale money managers looking elsewhere for higher returns. Now, you can have reported rising net income without interruption for the past decade, but Pacific NW Bank's share net earned off 21% in 1967. After the tax cut, included in a debenture offering increased the number of shares.

Business Mirror

By JOHN CUNIFF AP Business Analyst NEW YORK (AP)—The holdup man aimed his gun at a man in a suit and tie, threw up his hands. This activated a radio transmitter hidden in a special belt the cashier wore. Instantly, a little computer, attached to a telephone elsewhere in the store, dialed the police. Seconds later, a cop message came to the police the name and address of the store being robbed.

Rice Council Has Changed Advertising

Idaho State Sen. Mary Brooks said Tuesday the Rice Council for Market Development reported significant changes in its advertising. The commission has discontinued advertising containing misleading content. The rice council's advertising is now more factual and less emotional.

106 Youths Participate In Program

PAUL—There are approximately 106 youths participating in the Paul City recreation program this year, according to Mrs. Thelma Clark. The program is a joint effort of the city and the Paul City Recreation Center. It provides a safe and supervised environment for young people.

Crash At Hansen

HANSEN—A young fireman escaped serious injury Sunday when his small truck slid off a road and into a ditch. The driver, Jerry L. Schroeder, 21, was thrown from the truck and landed on his head. He was taken to the hospital but is expected to recover.

Topic Given

FILER—Keith Stogemeter presented the topic, "Lay Service in the Church, at Home and Abroad," to members of the Lutheran Laymen's League at the Clover Church. The speaker discussed the importance of lay members in the church and their role in the community.

Car And Truck

Idaho State Police said both the vehicles involved were traveling east. The truck, driven by Dean Edward Siren, 19, Twin Falls, had slowed to make a left turn when it was struck by the car. The car was driven by Jerry L. Schroeder, 21, who was thrown from the vehicle and injured.

RETURNS HOME

KING—Roy Alwood has returned home from Mercy Hospital, Nampa. His son and daughter-in-law, Mr. and Mrs. Alwood, arrived this week to help care for him. Mr. Alwood had been hospitalized for several weeks due to a heart condition.

YOU NEVER MISS THE WATER

As the old saying goes, until the well runs dry, we take a lot of things for granted in our "all-American" society. One of these things is the water in the "good old days." There is one thing you can take for granted here: that the water you drink is clean and pure. Kingsbury's water filtration system ensures that you never miss the water.

TWO LINES OF PLAY AND BOTH ARE O.K.

In a recent team match, both South players became declarer at three no-trump and both Wests opened the queen of hearts.

or diamond, led the nine of clubs and ducked it to the queen after West played the 10. East would have been in the lead and West's suit would have died on the vine. As it was, West was able to gain the lead and cash two hearts.

There was nothing surprising about this. We imagine that if

at the other table, South rose with dummy's ace of clubs at trick three. As in East was weak at the occasion, he dropped his queen of clubs under the ace. This move enters the West hand and this declarer bit the dust also.

This happened to be an expert competition and the post-game discussion concerned itself with which line of play had made it harder for East to find the right defense. It was a sort of silly discussion, in that everyone agreed that neither East player had done more than play correctly.

We are rather inclined to compliment both Easts. It takes a hot-to-bridge savvy to know these fancy plays at the table, but each one came through.

this hand were played a million times, the same contract would be reached and the same lead made.

The play started the same way at both tables: South ducked the first heart, West's second and led his four of clubs. West played the eight, and here there was a divergence. At the first table, the eight was allowed to hold. West proceeded to lead a third heart and East succeeded to throw away his queen of clubs. It was a happy decision for his side. If he had hung on to it, South would have entered his hand with a spade

How To Ask A Girl To Go Steady.

Dear Walt: There's a lot in your column about going steady. I sit down and write out a list of ten things you can do to ask the girl to go steady in the first place. I'm not dumb but I'm not very good with words. I've never had a steady girl. I'd like to ask you to write me a column on how to ask a girl to go steady and what to say if she gives a no. I'd like to see if you can help me. I'd like to see if you can help me. I'd like to see if you can help me.

Our new commodity is big potatoes.

Starting June 12, growers of Idaho potatoes can sell their crop long before it's harvested and assure themselves a reasonable profit. That's the date the Chicago Mercantile Exchange opens up its Idaho Russet Burbank Potato contract. No longer need you worry about which way cash prices will go at market time. By "hedging," you can transfer your risk to a speculator. He's a man who's in the business of analyzing and forecasting price trends. He knows the chance he's taking and has the

money to back it up. Let him worry about future prices. You can concentrate on growing potatoes. For more information, ask any broker or write for our potato information booklet, at the address below.

RULES AND REGULATIONS FOR TRADING IN IDAHO RUSSET BURBANK POTATOES FUTURES CONTRACTS ON THE CHICAGO MERCANTILE EXCHANGE

COMMISSIONS FOR NON-MEMBER is \$25 a round trip (buying and selling); daily limits are 35 points; initial margin is \$300 per contract.

CHAPTER 15 POTATOES IDAHO RUSSET BURBANKS

1900. SCOPE OF CHAPTER. The rules in this section shall apply specifically to Idaho Russet Burbank Potatoes. Method of trading, clearing, settlement and delivery of contracts, as well as other matters not specifically covered by this section, shall be governed by the rules of the Exchange.

1901. CLASSIFICATION AND GRADES. All future contracts shall be for potatoes grown in and shipped from Idaho, meeting the standards for Idaho Russet Burbank Potatoes as promulgated by the U. S. Department of Agriculture, U. S. No. 1, size A, washed, straight run, except that the diameter of the potatoes shall be at least 2 inches or the weight not less than 4 oz. each, and approximately 20% shall be 10 oz. or more in weight. The potatoes shall be of practically no skinning as to maturity, of russet color, and with most of the surface showing Russet Burbank characteristics. No artificial coloring shall be allowed. Potatoes stored in transit shall not constitute good delivery.

1902. FUTURES CALL. Futures contracts shall be scheduled for trading and for delivery in such months as may be determined by the Board of Governors. Trading shall terminate on the trading day immediately preceding the 10th calendar day of the delivery month, and deliveries may be made only after the termination of trading in the delivery month.

1903. TRADING UNIT ON FUTURES CALL. All transactions cleared through the Clearing House shall be in units of 50,000 pounds.

1904. PRICE FLUCTUATIONS ON FUTURES CALL. Minimum price fluctuations on the futures call shall be 1c per 100 pounds.

1905. DELIVERIES AND SUBSTITUTIONS ON FUTURES CALL. Each unit tendered for delivery shall comply with the requirements of this rule and Rule 1901, subject to the substitutions and tolerances provided in this rule:

(A) A delivery unit shall be no less than 49,000 pounds and no more than 50,000 pounds, but payment shall be made for the exact quantity delivered (but not in excess of 50,000 pounds).

(B) Potatoes shall be packed in new 100-pound burlap bags which must be of one brand and must comply with the Idaho Potato Commission branding requirements and all other registration and packing requirements of the Idaho Potato Commission.

(C) Per delivery shall be carlots meeting the specifications as set forth in this rule and Rule 1901, on track at Chicago Wood Street Terminal, Chicago; North Western Railroad yards, or on track, Kansas City, Mo, or on track FOB Idaho, with an allowance made to the buyer of the difference of freight charges between point of delivery and Chicago. Point of delivery shall be at the buyer's option.

(D) Delivery shall be made by presentation to the Clearing House of a signed delivery notice in accordance with the rules of the Exchange, showing the car number(s) of the car(s) intended to be delivered. Thereupon, the Clearing House shall notify the buyer in accordance with the procedures and the buyer shall, no later than 4:00 p.m. of the next Exchange business day after notice is received, advise the Exchange of the desired point of delivery, as specified in this rule. If no shipping instructions are given by the buyer, as provided by this rule, the car(s) will be shipped to Chicago for

delivery and final inspection.

(E) All deliveries shall be made in refrigerator cars with the floor covering customarily acceptable to the railroad.

(F) In the event a car arriving at destination fails to grade, the seller shall replace the car with a car which meets the terms of this contract by purchasing or shipping a replacement and delivering it to the point originally designated by the buyer. In no event, however, shall a seller be allowed to deliver after the last business day of the contract month.

(G) Every delivery made pursuant to this rule shall carry storage-in-transit privileges as permitted by the railroad concerned. Delivery shall be made by the seller free of freight and demurrage charges.

(H) Inspection certificates must be in good standing at least until 9:00 p.m. on the business day following the day of tender.

(I) Carlots shall be inspected for weight at point of origin. A buyer, however, may request inspection for weight at point of delivery; provided he notifies the Exchange in writing, before 3:30 p.m. of the day after tender. Such notice shall show the car number, location and identification of the lot to be weighed. The weighing shall be done by a weighmaster appointed by the President of the Exchange. No car shall be weighed if partially unloaded or if the contents have been disturbed except as a result of an official USDA inspection. The buyer shall furnish all necessary transport vehicles and labor required to make the weight tests. The weighmaster shall weigh at least twenty (20) bags, taken at random out of the car, but he shall not take any bags that were previously inspected and the bags he weighs must be part of the original deliveries. In case the weight test shows the average weight to be not more than 2% net below the market weight of the bags, the car shall be a good delivery and the entire cost of the weight test shall be borne by the person requesting the test. Payment, however, shall be made on the basis of the weight as shown on the USDA inspection certificate originally submitted on the tender. If the weight test shows an average of more than 2% net below the market weight of the bags, the car shall not be a good delivery and the seller shall bear the full cost of the weight test, and the seller shall make a replacement delivery. The average gross weight of the bags weighed by the weighmaster shall be the basis of settlement for the whole car. A certificate of weight shall be issued by the Exchange.

(J) All deliveries must conform with government regulations in force at the time of delivery.

(K) To be good delivery, the USDA inspection certificate issued at the point of origin must show a loading span of no more than 48 hours from the time car loading began and finished.

1906. INSPECTION CERTIFICATES. (A) Federal-State unrestricted inspection shall be made at the point of origin and Federal restricted USDA inspection shall also be made at the delivery point if made at other than the point of origin. On the basis of these inspections at the points of origin and delivery, inspection certificates shall be issued each of which shall show the date, time of inspection, the car number, the grade and size, and the signature of the inspector. The certificate issued at the delivery point shall be final and shall be good for the four (4) full calendar days immediately following the inspection date. This USDA certificate shall accompany the delivery documents and be good as aforesaid, up to and including the first Exchange business day after the delivery notice is issued.

(B) If evidence is submitted that inspection at the point of origin could not be procured, an unrestricted Federal inspection at the delivery point is required, and the party requesting the inspection shall make the potatoes accessible for inspection.

(C) Each time a certificate based on an unrestricted USDA inspection at the delivery point expires, the potatoes shall again have unrestricted USDA inspection to be good for delivery.

(D) When an unrestricted or restricted USDA inspection is made at any time, at the delivery point, the seller shall furnish and pay for all equipment and labor necessary to make the inspection and also pay for the cost of the certificate.

1907. RECONSIGNMENT. The seller shall make available to the buyer one reconsignment at the through rate as published by the originating railroad from those yards. In the event the seller is unable to make available to the buyer such reconsignment privileges at the through rate published by the originating railroad, the seller shall pay or allow to the buyer an amount equal to the difference between the through freight rate and the local freight rate from the aforementioned yards to the first point of destination selected by the buyer to which a through rate is allowable; if in the tariff, provided the buyer reconsigns the potatoes not later than the next business day after the day of tender and supplies the seller with documentary proof thereof at the same time reconsignment instructions are issued to the railroad. If reconsignment is not made in accordance with the above conditions, the seller shall have no obligations to make available to the buyer the through freight rate hereinbefore provided. Any reconsignment ordered by the buyer shall be borne by the buyer.

1908. STRIKES, EMERGENCIES AND ACTS OF GOD. (A) In the event of conditions which may interfere with normal inspection and delivery, the President of the Exchange may designate alternate procedures and delivery points to facilitate deliveries.

(B) If the performance of any provision of this delivery shall be prevented by strikes, fire, accidents, acts of God, or action of the government, the seller shall then notify the President of the Exchange, who shall be the final judge as to any action. The President may then base a settling price on a proprietary interest in more than a total of 350 potato contracts with a minimum of 300 in November, 300 in January, 150 in March, 150 in April and 150 in May, nor shall any individual customer or firm exceed the above limits in a single day's trading. Hedging transactions are exempted from this rule.

1909. SPECULATIVE POSITION LIMITS. No member for himself or for a customer, and no firm for its own account or for the account of a customer, may carry, control, or have a proprietary interest in more than a total of 350 potato contracts with a minimum of 300 in November, 300 in January, 150 in March, 150 in April and 150 in May, nor shall any individual customer or firm exceed the above limits in a single day's trading. Hedging transactions are exempted from this rule.

1910. A PERMISSIBLE CHANGE OF CONTRACT. If any Federal or State of Idaho governmental agency issues an order, ruling, directive or law that conflicts with the requirements of these rules, such order, ruling, directive or law shall be construed to take precedence and become part of these rules, and all open and new contracts shall be subject to such governmental orders.
