CAPT. G. A. GAILEY

Nineteen Okinawan fishermen will live to search the seas another day, thanks to the efforts of Air Force Capt. George A. Gailey.

Capt. Gailey, a navigator aboard a rescue aircraft from Naha Air Base in Okinawa, helped save the men from a Japanese raft after their 109-ton vessel developed propeller trouble and started listing. The last man on the sinking ship was rescued by Capt. Gailey's aircraft just before it slipped below the waves.

He is the son of Mrs. E. Cecil Penner, of the late Capt. and George E. Gailey of Kimberly. He was graduated from Murtaugh High School and the University of Idaho.

## Glenns Ferry Summer Fun Is Under Way

GLENN'S FERRY—Lendell Penner, Glenns Ferry's recreation program director, reports good attendance of both boys and girls at the annual week-long organized activities here. The program will conclude Aug. 2.

Planned activities such as softball and golf instruction and tennis are well as art and crafts, are offered in the mornings. In the afternoons the activities center in the elementary school building where a variety of games and different activities, including badminton and croquet.

Swimming lessons began Monday at the Glenns Ferry Pool for fourth through eighth graders, with a limit of 100. More than this number signed up, but facilities are limited, Penner noted.

John Logan, son of the pool's owner, Gregg Logan, instructed in swimming in the afternoons, two lessons a week for each individual, for five weeks.

Two boys and a girl assist Penner in the activities and games. Linda Watson works primarily with arts and crafts and the girls' activities; and the two boys are Red Thompson and Gele Bellegante, working with the softball games and other boys' games. All three assist in the center afternoons.

Penner said about 100 youngsters have participated in the mornings and from 75 to 100 each afternoon the first week.

The Glenns Ferry High School gym is to be open Tuesday and Thursday evenings from 8 to 10 p.m. for the chess and basketball practice and the weight-machine will be available.

It is a bit too late for youngsters to enter the activities and anyone will be welcome to come to the center or enter into the summer program if they did not register beforehand.

## 4 Members Of Family Drown In Reservoir

BRUSH, Colo. (AP)—Four members of a Fort Morgan family drowned Sunday in Presawit Reservoir when their chain broke while trying to rescue a child from the water.

Sheriff's officers, who recovered the bodies with grappling hooks, identified the victims as Cipriano Reyes, 44; his daughter, Cornelia, 23; a son, Paul, 5, and a cousin, Louis, 14.

Paul had slipped on a mossy steep slope of the dam and was floating in water 10 feet from the edge.

Members of the family, unable to swim, flagged down a car driven by Robert Newlin, 18, of Brush. Newlin plunged into the water after the child while the boy's relatives formed a human chain.

But someone lost his grip, and the father, daughter and cousin were hurled into the water, pulling Newlin down with them. He lost his hold on Paul and was unable to reach any of the others before he had to swim to shore.

## War Predicted

TAIPEI, Formosa (AP)—President Chiang Kai-shek predicted again Sunday that all-out civil war will come to the Chinese mainland "in the not too distant future" and the Peking regime will collapse and perish.

Chiang told cadets of the Central Military Academy the first stage of the power struggle within the Communist regime, the party purge, resulted in the disintegration of the party organization. He said the political purge which followed brought about conditions in which various Communist leaders including president Liu Shao-chi had been repudiated.

# Plans Made For Mackay Rodeo Event

Jack Pope of the Spur Rowel Rodeo Co., Twin Falls, will be taking his rodeo string to Mackay June 22 and 23 to produce the annual Mackay Rodeo.

The rodeo will be preceded both days by parades at noon. The ICA approved rodeo will feature saddle bronc, bareback and bull riding, barrel racing, team roping and calf roping.

More than 125 cowboys and cowgirls are expected to compete for the \$1,000 prize money which will be added to entry fee money.

Gerard Twitcheil, president of the Mackay Rodeo Association, said that Ivan Pollard, Star, will furnish parade sound and announce the rodeos.

A group of parachute jumpers from Idaho Falls and Pocatello plan to perform during the two days, weather permitting. A rodeo queen will be chosen at a horsemanship contest and all-girl race meet at 2 p.m. today.

Food and beverage concessions will be operated rodeo days by the American Legion Auxiliary.

ACADEMY PROPOSED WASHINGTON (AP)—A military medical academy to help fill the nation's shortage of both service and civilian doctors has been proposed by a ranking member of the House Armed Services Committee.

The Attractions

Longtime residents of Southern Idaho and Magic Valley in particular, have traditionally maintained a rather matter-of-fact attitude about tourist attractions of the Snake River Plains. Actually, many of the attractions aren't of the usual type and aren't located right on the main roads that take tourists across the southern part of the state.

Dear Abby

**By ABIGAIL VAN BUREN**  
**DEAR ABBY:** This woman and her husband are beginning to worry me. She isn't even a neighbor. She drives five miles every morning (and at 7:30 AM) just to jog with my husband.  
 Don't tell me to jog with them. I'm no jogger. Do you think I have anything to worry about? **JOGGER'S WIFE**

**DEAR WIFE:** Not as long as they keep jogging.  
**DEAR ABBY:** My husband and I have been married for 13 years, and our problem is his brother who lives in another state. Every summer this brother (single) comes to "visit" us for a whole month. We do not invite him, and he doesn't ask if it's okay for him to come. He has his mother write and tell us when to expect him.  
 My husband and I would like to put an end to his visits because we don't enjoy his company that much. In fact, he is a real pain in the neck. We're afraid if we don't do it right his mother and the rest of the family will think we are inhospitable.  
 One year when we were expecting our oldest daughter and her new-born baby, we wrote and told him we couldn't have him at that time, but he came anyway and just sat around to be cooked for and waited on. Can you help us?  
**NO NAME, PLEASE**

**DEAR NO: YES!** Write and tell him that it is not convenient for you to have him THIS SUMMER. It may seem cold and inhospitable, but feeling as you do, it's better than having a "guest" of his description sitting around for a month.  
**DEAR ABBY:** I just read something in your column that hit me close to home. You said

"If parents want to be noble and stay together because of the kids, they should be a little more noble and not let the kids gully them."  
 Abby, parents who stay together because of the kids can't hide it. The kids know something is wrong. You see, our parents had this crazy idea that they owed it to us to put up a front. I guess you would call it, and stay together until we were grown. We know they didn't really love each other.  
 Well, 4 years ago they got the divorce they should have gotten long before. Since then we have all been much happier. I spend time with both our parents.  
 Dad is remarried and is very happy. Mom is going with someone and it looks serious. If they had waited until we were all grown it might have been too late for them to build another life for themselves.  
 I am 18 and a freshman in college, and the two younger ones are high school seniors. I can't speak for all kids, but I know this way is better for us. Parents shouldn't feel that they have to sacrifice their own happiness for their kids.  
**HAPPIER NOW**

**DEAR ABBY:** That woman who complained because she got an electric dishwasher for Mother's day really got my goat. I don't have one and I'm not complaining because I have two strong hands with which to wash my dishes. That's more than I can say for sister who is so close with arthritis she can hardly bend her fingers, poor dear soul.  
**NO COMPLAINTS**

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 6700, Los Angeles, Cal., 90028, and enclose a stamped, self-addressed envelope.  
**Bowling Party Is Scheduled**  
 A bowling party, with husbands as special guests, was planned when members of the Blue Frau Extension Club met recently. The party is set for Saturday at the Bowladrome.  
 A rummage sale was planned with the proceeds to be used to send a representative to state council meeting Oct. 15 and 16 in Coeur d'Alene.  
 An announcement was made that eight girls have completed the advanced American Red Cross first-aid course.  
 Mrs. Ron Dehlin presented information on the state inspection law for motor vehicles. Mrs. Gerald Devlin and Mrs. Earl Hoffman demonstrated the proper use of "Accessories to Beauty."  
 Mrs. Sandi Hazen was a guest.

**UREMIA**  
 Q. Is uremia the same as anemia poisoning?  
 A. The word uremia literally means urine in the blood and food was used more than a hundred years ago to indicate the intoxication or poisoning (uremia poisoning) resulting from insufficient purification of the blood by the kidneys. Doctors now identify different types of uremia and employ appropriate treatment for the various types.  
**DIETING IN GOUT**  
 Q. What foods should be avoided by a person subject to gout?  
 A. Persons prone to frequent attacks of gout should avoid foods which are high in purine content. The following contain large amounts of purine: anchovies, herring, sardines, herring - and, in smaller amounts, ham, bacon, pork, goose, duck, and shellfish. Gout is probably more important during acute attacks of gout than when the gout is quiet.  
 Fluorine is an essential element, serving you in your everyday life.

# Transportation Of Viet Cong Rockets Traced

By FRED S. HOFFMAN  
AP Military Writer

WASHINGTON (AP) — Viet Cong rockets, reportedly taken from gun boats, were brought into South Vietnam from Cambodian storage areas in sampans moving at night along jungle-shrouded waterways, according to U.S. intelligence sources.

When the sampans, each carrying four or five of the weapons, are in the water, they are sunk in South Vietnam, they are sunk with the rockets encased in waterproof containers—until the Viet Cong are ready to use them.

From prisoner interrogation and other sources of information, American intelligence specialists have pieced together a pattern indicating how the North Vietnamese are able to send the weapons deep into South Vietnam to the point where they can be hurled against that country's capital and its population.

The 122 millimeter rocket has a range of about 6.8 miles according to U.S. calculations. One intelligence report reaching here said the 122 millimeter rocket also being fired by the VC, has a range of 2.7 miles. Other specifics on this rocket were not immediately available.

Intelligence bombing in the lower part of North Vietnam and Laos is believed to be knocking out about one-third of the Viet Cong trucks heading South. With the Viet Cong threatening intensified shelling of Saigon, U.S. command and heavily the number of B52 bomber and other air strikes concentrating on the lower end of the Ho Chi Minh Trail.

Asked why more trucks are not being knocked out, officers said convoys often duck under long levees and use back roads after they are sighted and American fighter bombers often are able to catch only a fraction of them out in variable conditions for their use

as supply routes into South Vietnam.

At the appointed time, the Viet Cong take the rockets from their containers and then move them into firing position.

Weapons experts of the Army Materiel Command estimate that it takes less than five minutes to set up a rocket, fire it and then be gone.

The rocket is described as "an area weapon" that is, there is no way to aim it against pinpoint targets. Rather, it is aimed generally at a large target, such as a city or town, and fired.

The 122 millimeter rocket assembly comes in three parts and weighs a total of about 214 pounds.

U.S. weapons authorities say that a crew of three men can handle and fire the rocket, but that as many as five may be involved in a fire team.

# Northwest May Accept Gun Controls Now

By JOHN KAMPS  
AP Regional Service

WASHINGTON (AP) — Some members of Congress say gun controls would be less objectionable in the Rocky Mountain region now than before the assassination of Robert F. Kennedy.

This is suggested by mail received from the gun-toting West in the first week after the New Year's dinner was shot, reflecting emotion and indignation over the assassination.

But most members of Congress are not so sure. A report that a majority of the letter writers still are against the gun control idea.

Before the assassination, correspondence from the area was strongly opposed to legislation they contended would interfere with their traditional way of life.

They use guns to shoot predatory coyotes and mountain lions and destructive pests like groundhogs, gophers and magpies.

Several members of Congress noted with surprise that their mail has changed from strong opposition to gun controls to a more moderate tone since the Kennedy assassination.

The shooting inspired many letters from Coloradoans.

Rep. Byron Rooks, D, Republican, said he has received more letters from Denver metropolitan area is "overwhelmingly in favor of some kind of gun control."

Sen. Peter Dominick, R-Colo., has received about 400 letters from throughout Colorado, which an aide said calls for firmer controls by a majority of two or three to one.

However, it was reported, telephone calls received at Dominick's Denver office were predominantly from gun control opponents.

Dominick is one of several westerners who favor active gun control legislation. He has been running about a two-to-one margin against strict gun controls.

Wyoming's congressional at-large, Rep. William H. Harrison, R, continues to get anti-gun control messages, opposition changing from four-to-one to three-to-one.

One Wyoming envelope contained an anti gun control letter from a man and a pro letter from his wife.

Clarkston said there has been little change in strong opposition sentiment reflected in letters from Idahoans. An aide to Rep. George Hartzog reported no change in mail running 99 per cent against gun controls.

Rep. James A. McClure, R-Idaho, said he had received this year about 1,000 letters on gun controls and only nine favored restrictions.

An aide said that Alaska's Congressman, Rep. Howard W. Pollock, R, got about 50 letters last week, "not one in support of gun control legislation."

The aide pointed to a photo of Pollock pointing to a photo of a man he had shot as a homestead.

"Alaskans want no gun controls in Alaska," he said. "We need guns for self defense."

# General Is Dumped From Vietnam Job

SAIGON (AP) — A dynamic South Vietnamese general regarded as too honest by many of his colleagues has been dumped from another top job, reliable sources reported today.

The ouster of Lt. Gen. Nguyen Duc Thang was regarded here as part of President Nguyen Van Thieu's purge of senior military men allied with Vice President Nguyen Cao Ky.

Thang, who is 57, was once the American-supported boss of the pacification program. For the past four months he has commanded the 4th Corps Area, which includes the Mekong Delta.

Thang, a native of North Vietnam, has removed eight pro-Ky chiefs of corruption and revitalized the military effort in the delta.

Reliable sources said Thang's closeness to Ky was the major reason that he was replaced today by Lt. Gen. Nguyen Van Lan, former-inspector general of the armed forces. Thang is in the time-being of "indefinite sick leave," a euphemism for being fired, the sources said. His dismissal had been rumored for a week.

Senior American officials considered the heavy-set, jet-set Thang the most energetic, efficient and capable of the Vietnamese government. But this was not enough to save him from fellow officers who disliked the manner in which he made war—on corruption and from the power struggle between President Thieu and Vice President Ky.

The delta command was the third job Thang had held in less than a year. He was removed from the pacification program last August and given a new job in the armed forces. This ostensibly was a promotion, but Thang found that he was powerless to introduce any reforms.

He was appointed to the 4th Corps command on Feb. 27 to replace a mediocre officer about whom persistent reports of corruption circulated.

# Neither Side Has Been Able To Gain Upper Hand In DMZ Fighting

By JOHN T. WHEELER  
DONG HA, Vietnam (AP) — Despite the bloodbath in the demilitarized zone area so far this year, neither side has been able to get the upper hand.

"Like weary fighters, Americans and North Vietnamese battalions continue to slug it out in a fight that has a seemingly unlimited number of rounds."

"The DMZ has become a pawn of the Paris peace talks," one senior U.S. officer said.

He said the Communists are pushing for a major victory that would give their negotiators in Paris leverage to pry concessions out of the United States and later South Vietnam.

Looking back across five and a half months of fighting this year, another U.S. officer said: "In January I would never have believed they could have kept on the pace or that we would ever suffer so many casualties."

The coming months are expected to dwarf the fighting reported for this year that the U.S. Command says has cost about 20,000 enemy dead.

For all the death along the DMZ and recent U.S. reinforcements, the enemy is still said to have as many combat troops as the allies, the same ratio Hanoi was able to maintain last year.

Propaganda fed to North Vietnamese troops clearly shows Hanoi's thinking. As reported by prisoners of the line:

"We must keep up the fight."

The outcome of the talks in Paris depends on how well we do in the battlefield.

Intelligence reports say newly arrived troops have been told they are "to complete mopping up operations against the U.S. aggressors who have been defeated for all intents and purposes."

"U.S. intelligence believes an indication of how seriously Hanoi's DMZ divisions have been demoralized is that in some cases entire replacement regiments have moved into position intact instead of groups of replacements being divided up among several units."

Some U.S. officers blame the partial bombing halt ordered by Washington to get preliminary peace talks off the ground with increasing the danger to U.S. troops in the northern line.

"Hell, they get a cunning start all the way from Hanoi to within 120 miles of the frontier before the bombers can go to work on them," one said. "Sure they are getting plenty of replacements, weapons and all the rest of it through. Our job is a hell of a lot tougher and more dangerous."

North Vietnam's potential for seriously mauling a specific U.S. unit is nowhere higher than along the DMZ. Defenses against U.S. aircraft are greater there and North Vietnamese troops have artillery to back them up, something they don't enjoy in large quantities anywhere else in the country.

In addition, North Vietnam's supply lines are shortest at the DMZ. The U.S. has more and other allied forces are longest. The U.S. situation is somewhat more serious than it might be because the comparatively small number of helicopters available to keep the Leathernecks mobile.

# Life; Death Scorecard Is Suggested

SAN FRANCISCO (AP) — A life-and-death scorecard has been suggested by a doctor as one way to answer the difficult medical and ethical questions when is a patient dead and his organs available for transplant.

The suggestion came from Dr. Vincent J. Collins, professor of anesthesiology at Northwestern University School of Medicine, at a panel discussion at the annual convention of the American Medical Association.

This was his proposal:

"The patient's heart, brain, lungs, circulation and reflex activity would be monitored for one or two hours. Each activity would be scored 2 if normal, 1 if depressed and 0 if stopped.

A score of 5 or more would indicate continuing life. Less than 5 would mean death was near. And 0 would be a less indication of death.

Collins suggested that such a system could provide an answer for transplant surgeons seeking a common standard to determine if a potential donor is fit to die.

# Boy Drowns In Reservoir

IDAHO FALLS, Idaho (AP) — A nine-year-old Shelley boy slipped off a high embankment into the Pallas Reservoir and drowned late Saturday afternoon.

The boy's mother, Mrs. Shirley G. Giff, identified the boy as Glenn Mason, son of Mr. and Mrs. Rubin J. Mason Jr. of Shelley.

The sheriff's office reported that the boy had gone to the reservoir with another Shelley boy, the N. A. Blackburn family. They were in the Pine Bay boat area when the accident occurred.

# Time For Living

By ROGERS FRANKLIN

My friend Joe Simons has been saying for some time that it is time to get out of the market. He had so much above him that he had to get out. He had so much above him that he had to get out. He had so much above him that he had to get out.

Joe knows that I've investigated the investment field from the standpoint of retired people, and he figured that I might have some useful information for him. He had so much above him that he had to get out. He had so much above him that he had to get out. He had so much above him that he had to get out.

Any way, my first piece of advice was the one I always give concerning technical subjects, even money to medicine. "Joe, I said, 'don't make a move until you've consulted a professional. A broker may be your best bet, but you'll need your banker what he thinks.'"

"Okay," Joe responded, "that'll be my second step. Right now I'm interested in the way in which the market is moving. I'd like a better position to discuss the details."

"Fair enough. One thing to bear in mind from the start is that a professional return for your investment is almost out of the question. Sure, we both know that the market is making a fortune for some individuals. But a lot of people, too, the reason is simple. No one can be sure how stocks are going to fluctuate in the market. It's a million-dollar question.

That's why the man who promises you a quick killing is usually a good man to avoid, especially if he assures you he has a fool-proof system for beating the market.

"You mean, if he has a sure thing, why doesn't he keep it to himself instead of cutting me in?"

"That's right. The only system to rely on is the standard one of buying good stocks, holding your position and putting all your eggs in one basket, and accepting a moderate return for your outlay.

"I went on, "the word 'moderate' is relative. To you and me, the return from a fairly modest investment can be a fortune in addition to income. Important at our time of life, even if it doesn't make us rich, thousands of retirees are hoping for just a piece of the economic pie."

We then discussed methods of safeguarding investments by

# Boise To Undergo Drastic Changes

By ALLEN M. BAILEY  
BOISE (AP) — Boise College, a power in junior college sports, will undergo drastic changes as it enters four-year competition for the first time.

Included in the big switch — possibly by 1970 — is \$3 million sports complex now in planning.

A 200,000-seat stadium will replace the 20-year-old wooden Bronco football stadium. There will be a swimming pool and other athletic facilities.

Boise College teams will compete in wrestling, basketball, track, tennis and golf. Smith said he also hoped for a skating team.

In basketball, opponents include Idaho State University, Abilene, Tex., which last year won more than 20 games. Boise College teams also will compete in wrestling, basketball, track, tennis and golf.

Boise's academic side is strengthened in its move to four-year status, so will its sports program.

But until we can become full-fledged members of the NCAA (National Collegiate Athletic Association), they cannot entertain our application, Smith said.

Edwards and Al Jackson came on to complete the victory, allowing a ninth inning run. Frisella, making his first start, got credit for the victory, his first of the season.

Sadecki and Dick Selma were locked in a scoreless duel in the sixth inning. Selma came on to complete the victory, allowing a ninth inning run. Frisella, making his first start, got credit for the victory, his first of the season.

The Cardinals trailed, 2-0, going into the fifth inning. Dick Maxwell singled, pitcher Ray Washburn struck out Lou Brock's single scored Maxwell. Washburn and Brock advanced on an infield out and both scored. Edwards hit. Julian Javiera singled an insurance run home in the eighth.

Washburn's victory, his first since April 30, improved his season record to 4-3.

The Reds scored their two runs in the fourth inning on a single, an intentional walk and Leo Carzzen's bases-loaded single. Cardenas got his 1,000th major league hit, a single, in the sixth inning.

"I've been chasing this thing a long time," smiled Sweet coming off the last of the major Idaho titles to fall to him.

Sweet wound up with 205 total and fired the best round of the championship flight on an even par 68. Sunday, Ridd took second and Wally Lowe of Boise moved into third with a 210.

After all four bogged the par three 16th, Sweet pushed his tee shot under a tree on the crucial 15th and, unable to get a free swing at the ball, watched his second disappear in the trap.

On the pivotal 16th, Sweet was short with his second shot by about 10 yards while Ridd pushed his slightly off to the right. Sweet topped it in from three and Ridd was able to get close enough to bring any pressure on the Lida lawyer.

# Oakland Gets Pair From Baltimore

OAKLAND (AP) — Sal Bando drove in three runs with two singles and a double, leading the more 6-4 Sunday for a sweep of their doubleheader.

The double setback dropped the second-place Orioles 7 1/2 games behind the American League leading Detroit Tigers. Baltimore has lost four in a row and seven of its last 10 starts.

In the nightcap, Len Krauss allowed four hits, including Frank Robinson's three-run homer, before giving way to Jim "Catfish" Hunter who protected the right-hander's third victory in 10 decisions with 12 1/3 innings of hitless relief.

But the A's scored again in the bottom of the sixth on singles by Krauss, Bert Campaneris and Bando.

Bando also doubled a run home in the first inning and stroked a run-scoring single in the second.

Hershberger's two-run homer off Pete Richert broke a 2-2 tie in the opener after the A's squared it on a two-out double by pinch hitter Danny Cater and Cagle Jackson's run-scoring single.

Right-hander Chuck Dobson, 4-6, went the distance for Oakland, yielding five hits including bases-empty homers by Valente and Curt Blefary.

# T.F. Man Walks Off With Top Honors

Lynn Messman of Twin Falls walked off with high overall honors in the 1968 Idaho State Amateur golf championship.

Messman wound up with 477 out of a possible 500 for the two-day, five-match program, while Dan Rogerson of Eden took the Class A overall title with 464. Class B honors went to Duane Welton, Boise, with 461 and J. C. Duffy, Boise, was the Class C winner with 453.

Messman's 16-year singles title came after a shootoff with Ivan Mechner of Boise and Messman. Messman had taken the lead with a perfect 100 in the first half of the program. Saturday he dropped four birds.

Welton took the Class B title with a 185 after a shootoff with Bill Chess of Twin Falls. Gene Howland, Ogden, was the Class C winner with 189 with a 2-2 Ledbetter of Kimberly second at 188.

Margalene Miller of Pocatello took the high woman award in a shootoff with Virginia Graves of Sun Valley, after both had 177 and Lynn Lewis, Boise, had 180 for junior honors.

Oster won the Barney Glavin Memorial Handicap in a shootoff over Al Lewis of Boise and Watson of Twin Falls. All three hit 96 in the match. Fourth was won by Otis Diabennet, Hailey, in a five-way shootoff.

Homers Carry Boston Past Indians 5-3

CLEVELAND (AP) — Home runs by Ken Harrelson and Rico Petrocelli powered Boston to a 5-3 victory over Cleveland Sunday after Jim Lonborg, making his first start for the Red Sox since last year's World Series, held the Indians to three singles in five innings.

Harrelson hit a three-run homer off reliever Mike Paul in the eighth and scored behind pinch hitters Jerry Adair and George Scott, who had walked. Boston ... 000 000-3 4 0

# Court Aids Operators of CATV

WASHINGTON (AP)—CATV operators were spared by the Supreme Court today from having to pay for televised movies and other copyrighted material they pick up from TV stations and relay to their subscribers. The 5-1 decision was a major victory for operators of community antenna television systems and a major setback for firms which license motion pictures and cartoons to TV stations.

Justice Potter Stewart, writing the ruling, said CATV operators do not violate the 1909 federal copyright law because their relay of copyrighted material is not actually a performance of the material.

Because it is not a performance, he said, Justice Earl Warren, Chief Justice Earl Warren, Justice William J. Brennan Jr. and Byron R. White agreed that Fortnightly Corp., a CATV operator, does not have to pay compensation for copyrighted material it transmitted to subscribers in Clarksburg and Fairmont, W. Va.

Three justices did not vote and did not say why. They were William O. Douglas, John M. Harlan and Thurgood Marshall. Justice Black dissented, saying the ruling violated the 1909 copyright law because their relay of copyrighted material is not actually a performance of the material.

Because it is not a performance, he said, Justice Earl Warren, Chief Justice Earl Warren, Justice William J. Brennan Jr. and Byron R. White agreed that Fortnightly Corp., a CATV operator, does not have to pay compensation for copyrighted material it transmitted to subscribers in Clarksburg and Fairmont, W. Va.

REFLECTING ON THE progress made by Magic Valley Christian College are, from left, Business Manager Charles Loveland, President Don Neilson, and Dean Fred Waddell, on the steps of the administration building at Albion.

## Albion College Expects Increased Enrollment

MAGIC VALLEY CHRISTIAN COLLEGE (AP)—Increased enrollment and better services are anticipated for the 1968-69 academic year at Magic Valley Christian College.

Dean Fred J. Waddell, reports the faculty is complete for the coming year. Andy Simpson, graduate of North Texas University, Denton, Tex., has been employed as an instructor in the English department.

"We are fortunate in being able to pay for faculty and staff their full salaries and benefits with our creditors," said Charles R. Loveland, college business manager. He also reports the hiring of Harry Owen as maintenance supervisor who is helping the campus take on an improved appearance.

College officials said Dr. Merle F. Ogil, director of higher education of the Department of Health, Education and Welfare, has been on campus to check over student financial aid.

## Guaranteed Income Proposal Disliked By Most Americans

PRINCETON, N.J. (AP)—A majority of Americans don't like the idea of a workless guaranteed annual income program but overwhelmingly support a plan that would guarantee everyone enough work to earn at least \$40 a week, the Gallup Poll said Sunday.

In a recent survey of 1,570 adults across the nation, the poll organization found that the lower a person's income, the more they support a guaranteed minimum income.

But the Gallup survey added that a significant fact reported was that an overwhelming majority of persons in the income levels and of all races supported a plan guaranteeing work rather than money.

The guaranteed work plan was favored by 78 per cent of those questioned, and opposed by 18 per cent. The 4 per cent balance voiced no opinion.

By comparison, the guaranteed income plan was opposed by 58 per cent of those surveyed and supported by 36 per cent. The remaining 6 per cent voiced no opinion.

The guaranteed income plan proposed by some economists would provide a minimum \$2,000 family with a minimum \$3,200 per year, which would not family members are working.

A breakdown of those responding to the survey according to race, found that 53 per cent of whites favored the guaranteed annual wage while 60 per cent were opposed. Sixty-six per cent of non-whites favored the plan while 20 per cent were opposed.

With respect to the guaranteed work plan, 77 per cent of whites were in favor and 19 per cent were opposed. Eighty-six per cent of non-whites favored this plan while 13 per cent were opposed.

Those surveyed with family incomes under \$3,000 a year favored both plans. The figures were 48 per cent for the guaranteed income and 45 per cent for the guaranteed work plan with 13 per cent opposed.

## Rotarians Hear About Vietnam

JEROME—Dr. Lauren Neher told Rotarians of his experience on his recent trip to Vietnam at the weekly meeting at Wood's Cafe. He was introduced by Bud Howe, program chairman.

Discussion of the summer party was held and date set for the evening of June 25 at the Jerome Country Club. Chairman Neher is planning a fund-raiser for the dinner will be served by Larry Fleming and casual summer wear will be in order.

"The death of Sen. Kennedy is not the fault of guns, as such. Whoever killed him would have found another way if a gun was not available. Guns should be the exception for all crime, because that isn't the case."

He contends the crime rate is not linked directly with one feeling that most law enforcement officers have. The crime rate in Idaho is small, compared to the rest of the nation, and a few more crimes are committed with guns in this state.

Gun control or not? That is the big question in Idaho and in the rest of the nation. Most question feel what applies in New York City or Los Angeles is far from the case here. They are right.

But death by firearms continues. The hunter dies in the woods, the youth dies playing with his father's pistol, the cop on the beat is wary on the lookout for the man with the gun and the bullet with his name on it.

A gun is the only weapon that can inflict death at a distance and will be carried by one person in a hidden place. Guns are the most feared, many question feel, but guns are not the root of the evil that prevails in America today.

"Guns just seem to be a handy answer," the law officer commented.

As the controversy flames in America, this writer was in receipt of a letter sent by Phil Lowman, a local insurance agent. Simply, he said he would not tolerate the requirement to register his firearms. Many feel the same way, a few don't. The law officer ended his statement by saying he feels gun control laws will be with us someday. "But the matter still has to be tested in the Supreme Court."

## Gun Controls: That Is Question In T.F.

But without the permit, it is a misdemeanor in Idaho to carry a concealed weapon, and this includes any weapon that can inflict harm to another person. Bowls knives and such.

Carrying a weapon not concealed is not a crime in Idaho, but take for instance the law abiding citizen who keeps a few guns hidden in his house, refusing to register them. "What if the house is burglarized someone gets away with the burglar and the unregistered weapons," the officer said.

"The citizen isn't going to register them, because he would be admitting a guilt. The burglar has in his possession some unregistered weapons and there it is in a nutshell, he is concluded. The answer? There is none, really. Tougher laws toward the criminal who commits a felony with a firearm are not effective. The death sentence does not stop murder in America, but tougher laws might make some criminals think twice before holding up the local grocery store."

In Twin Falls County, according to Prosecutor Michael Felton, one man, a permit will be issued by the sheriff. Felton said a permit is issued, but only for good reason. A threat to one's personal safety, for example, "people who carry large sums of money may get a permit to carry a concealed pistol. The protection of one's home is another good reason."

## Local Group Will Attend Elks Meeting

Donald L. McKinster, the elected president of Twin Falls Lodge No. 1183, will head a delegation of some 12 Elks and their wives who will attend the state convention of the organization in Caldwell later this week.

The delegates will leave Wednesday morning and drive to Caldwell. The first convention session is at 8:30 a.m. Thursday. The three-day convention will end Saturday evening with a banquet. The keynote speaker will be Past Grand Exalted Ruler Raymond Dobson, Minot, N.D. Another past exalted ruler, William S. Hawkins, Coeur d'Alene, also will speak during the convention. Several representatives of the Grand Lodge will be in attendance.

Those attending the convention, in addition to Mr. and Mrs. McKinster, include Mr. and Mrs. John E. Leinen (Leinen is vice president of the state association), Mr. and Mrs. Wellington D. Hopkins (Hopkins is a past president of the association), Mr. and Mrs. H. E. Cheney, Mr. and Mrs. Thomas M. Wilkins, Mr. and Mrs. George Hurlbert, Mr. and Mrs. Roy Stanger, Mr. and Mrs. Glen Russell, Mr. and Mrs. M. (Pete) Slover, Mr. and Mrs. Max Johnson, Mr. and Mrs. Fred and Mrs. Lloyd Reed and Mr. and Mrs. Edward D. Brown, Filner.

Discussion of the growth and development of the Elks Rehabilitation Center, Boise, will take up much of the time at the convention. Americanism programs, along with the various phases of youth activities, also will be on the agenda.

The group will return to Twin Falls Sunday.

## Easy Way In Doctor Urges Campaign On Smoking

BOULDER, Colo. (AP)—Mr. and Mrs. Jim Nutting occupy an apartment on the third floor of a house and the stairway. Warrow. So when the Nuttings bought a large refrigerator, the store sent a crane to deliver it.

Dr. Dwight E. Harken, professor of surgery at Harvard Medical School, said action for Smoking and Health, a New York group, will provide information to patients and doctors on ways to file suits against manufacturers charging responsibility for deaths.

Speaking over the weekend before the American College of Chest Surgeons, Harken said: "If only 2 per cent of the 55,000 potential suits were filed, about a thousand suits would harass cigarette producers nearly as much as they are harassing our patients and our children with TV and radio commercials."

He is here for the American Medical Association convention which opened Sunday.

Don L. McMurray, Filner, 430, and Darrell R. Taylor, Hansen, 329, both violation of the basic law.
