

# BLM Land Classification Hearing Set

By BONNIE BAIRD JONES  
Times-News Staff Writer

Residents of Twin Falls County who wish to protest or support a proposed land classification program for all Bureau of Land Management lands east of Salmon Falls Creek, will have a final opportunity during a public hearing at 10 a.m. Thursday in the Twin Falls County Judicial Building.

The hearing, conducted by BLM officials, will be held in one of the district courtrooms and is open to any interested person. The Bureau of Land Management is proposing that some 238,000 acres of public land in the eastern part of the county be retained for public ownership and multiple use management. Another 14,000 is classified for transfer to local,

state or federal agencies and to private individuals.

Boundaries of the proposed area include the Nevada State Line on the south, Salmon Falls Creek on the west and the Snake River on the north. The boundary of the Sawtooth Forest and the Cassia-Twin Falls County Line from the eastern boundary.

The classification, BLM officials in Burley explain, would place the lands in one of three categories: livestock ranchers, miners, hunters, recreationists and other public lands. Under Section 2455, the sale of such public lands would not be permitted within the retention area. However, land can be classified for disposal if changing conditions indicate they are better suited for private ownership.

Dell Waddoups, BLM, Burley, said the classification has been

discussed in some nine meetings in Twin Falls county during March, April and May. He said persons who wish to comment further should attend the Thursday hearing or write the BLM district manager in Burley, Post Office Box 483. Mrs. Waddoups said all comments will be considered before final classification.

Several landowners in the county near the vicinity of the Salmon Tract, have voiced objection to the proposal on grounds it would stop private development of these desert lands.

The landowners contend stockmen no longer could acquire the land for private grazing and thus would not continue land improvement through reseeding and other development. Should water be available, much of the

land is suitable for agriculture, they say, but under the multiple use classification it would be difficult to obtain it for such purposes.

Mr. Waddoups said this is not the situation, as the classification program provides that any time it can be shown that private use of the land would result in a betterment, or that private individuals could better use the land, it can be reclassified or listed for disposal.

Under the new classification program, he said, the BLM will be in a position to make improvements that cannot be made now, while the land is subject to withdrawal at any time. As a result, under present methods, the area would be destined to remain indefinitely in its present condition, providing lit-

tle use to anyone.

The Twin Falls County classification program is part of a nationwide project authorized by the 1964 Classification and Multiple Use Act. It calls for a review of all public lands for classification either for disposal to individuals or local governments, or continued under public ownership. If continued public ownership is designated, the lands must be placed under multiple use management. These lands would be managed for livestock grazing, fish and wildlife development, industrial, mineral or recreation development, watershed protection, wilderness preservation, timber production or preservation of public values that would be lost if the land passed from federal ownership.

## Richfield Farm Hit By Fire

RICHFIELD—An old granary and tool shed at the Sidney Lezamiz ranch two and one-half miles west of Richfield were destroyed early Monday morning, but volunteer firemen and nearby farmers were able to keep the blaze from spreading.

The Lezamiz family and a neighbor were awakened by the sound of a pressure valve ex-

ploding on a 150-gallon butane weed sprayer.

Tires were burning on the sprayer, but firemen were able to wet down the heated tank to prevent it from exploding. Tires on a tractor owned by Lezamiz removed from the fire area, also were burned.

An east wind prevented the fire from spreading to the family residence and barn area.

Fire Chief L. T. Sanders said eight firemen responded to the alarm about 2 a.m. The fire was brought under control about 4 a.m. when firemen left the scene.

area, also were burned.

An east wind prevented the fire from spreading to the family residence and barn area.

### Dies Of Wound

GOODING — Gooding County Sheriff Vern Roysse reported Monday that George M. Hoyle, 68, of Gooding, died Sunday afternoon at his home in Gooding of an apparent self-inflicted gunshot wound.

Mr. Hoyle had lived in Gooding for nearly 40 years.

### Costly Day

TACOMA, Wash. (AP) — Four hours of fishing were costly for Donald Whitwell. Floodwaters slashed four tires on his station wagon. New ones and towing came to \$200. When he got home he found his \$150 outboard motor stolen. Meantime, his six trout spoiled.

### Republican Meet

JEROME — Mrs. David Hendry of Jerome will talk on "Subversive Influences: Fact or Fiction?" at 8 p.m. Friday at the Jerome County Courthouse.

The program is being sponsored by the Jerome County Republican Women's Club and the Teen-Age Republican Club of Jerome. All area residents are invited to attend.

WASHINGTON — With violence, one thing leads to another.
Shouting protesters are shouldered aside by those who preach violence—These violent men, in turn, are eclipsed by those who push back with greater violence.
The destruction of draft board records; the college violence and riots have encouraged some persons as yet unknown to circulate 327 U.S. anti-Vietnam war groups with proposals for a loose nationwide underground aimed at burning and violent sabotage.

The Spy Ships

It may be, unfortunately, a long while before the crew of the USS Pueblo and the ship are freed by Panmunjom agreement—or by an unexpected denouement at some higher international level.
In the meantime, it is good to learn that some sensible steps have been taken for the safety of such U.S. electronic intelligence ships in future. ("Elint" ships for short, "spy" ships for shorter.)
Washington has announced that naval and Air Force area commanders are now kept informed of an intelligence ship's position and course. An elint in trouble may now break radio silence on an emergency circuit monitored around the clock by the area commands—so that ships can be sent to aid in case of harassment.

To Dream The Impossible Dream?

Kidney Stones

Dear Dr. Molner: I would like to know what foods contain calcium oxalate, to prevent kidney stones if possible. Mine have been of that type for 4-5 weeks in this column. So I suggest that, for a full (and probably pacifying) explanation, you send for my book, "Don't Get Old—Throw 'Em Out." It's a plain-language explanation of what it is and how to treat it if it needs treating. For a copy, part 15 cents in coin at a long, self-addressed, stamped envelope to Dr. Molner, care of Times-News.

MR. SPECTATOR That Smoke-Filled Room

It's a small room and people get around it as the flame of Nancy Clark is one of those people who make the jaunts.
Nancy is a fine looking gal, with a ready smile and she is just about as shy as Milton Berle.
About now you're wondering just who this Nancy Clark is. Well, Mr. Spectator will tell you, although a lot of you know right now and only need a little dash of memory to remember to get the old brain wheels rolling.

AUSTIN SCOTT It Was A \$5 Million Hunt

WASHINGTON—Agents of the Federal Bureau of Investigation went through one very tense period and spent more than \$5 million during their brilliantly conducted two-continent man hunt for James Earl Ray, the accused killer of Dr. Martin Luther King.
After successfully tracking and locating Ray in London early in May, the G-men temporarily lost his trail when he slipped through their surveillance network and flew to Portugal.
While Ray's disappearance almost caused a near panic among top Justice Department officials here, center-headed FBI agents directing the search kept the search from collapsing by immediately setting up a new dragnet.

Dear Dr. Molner: Mrs. Why in "health books" do you read that natural vitamins are better for you but doctors never recommend them? They say use synthetic ones. I am taking natural ones but don't see any improvement—Mrs. R.A.

Most vitamins have been analyzed carefully, hence can be produced—so they are exactly the same in chemical structure whether made from natural food products or from other synthetic ones. Being the composition, the "natural" and synthetic vitamins behave in exactly the same way.

Mr. Spectator ran across this little bit of interesting information.
The idea that what employees don't know won't hurt them is giving way to the idea that what employees don't know CAN hurt the company.

ANDREW TULLY Things Haven't Changed Much

EAST BERLIN—Things have not changed much around here. Twenty-three years ago, I cruised in the kitchen of a house just off the Unter Den Linden and watched Russian troops hurt themselves against the last-ditch German defenders of Hitler's Reichschancellery 2,000 yards away. Today, the battle continues—on the diplomatic front.
It is almost impossible to overemphasize the bitterness engendered on both sides by the East German government's action requiring West Germans to obtain visas for travel between West Germany and West Berlin, via East Germany. To West Germans, it is an infringement on their right to move freely within what they still consider their own country. To the Communists, it is an infringement on the rights of the people of the Donm regime constitute an affront to their "sovereign" nation.

Dear Dr. Molner: please explain what a diverticulosis is, its effect does it have on a person and how serious it is?—M.S.

This is a very common ailment, not very serious but annoying in some and serious in a few.
It is so devastating that it has acquired (or deserves or needs) a nationwide society or association to warn people about it or to raise funds to combat it.

Mr. Spectator first met Nancy a few years ago when he and Mrs. Spectator were being interviewed on a television program in Boise. Nancy was asking the question.

After all the talking was over, Mr. Spectator casually asked Nancy where she had from. It was a job to have her say that her birth Clark.

It just happened that D. Worth started gaining his fame in Pocatello and that Mr. Spectator's sister dated him during that time. Worth was in Idaho, that fellow happens to be a Republican. So now Nancy—raised these many years as a Democrat—must, at last, be a Republican.

Mr. Spectator first met Nancy a few years ago when he and Mrs. Spectator were being interviewed on a television program in Boise. Nancy was asking the question.

After all the talking was over, Mr. Spectator casually asked Nancy where she had from. It was a job to have her say that her birth Clark.

With only the lead that Ray, alias Raymond George Sneyd, had apparently fled to Europe, the FBI agents assumed that because of his temperament and the foreign language barrier he would soon return to an English-speaking country.

Special watches for Ray were then carefully organized at all ports of entry in Great Britain, Canada, and the U.S., on the belief that the suspect would try to return to one of those nations.

When any heads within the agency could roll, the swift chain of events that followed proved the effectiveness of the FBI strategy.
Eleven days after his second disappearance, Ray, a 115-lb. Sneyd, flew back to London from Lisbon. With the help of British authorities, the FBI finally picked up his trail.

Dear Dr. Molner: I have a gall bladder problem? To find out how the gall bladder works and what you can do to help, send for Dr. Molner's booklet, "Write to Dr. Molner in care of this newspaper for a copy of the booklet, enclosing a long, self-addressed, stamped envelope and 25 cents in coin to cover the cost of printing and handling.

Mr. Molner is interested in all his readers' questions, and whenever possible uses their questions in his column, because of the great number received daily, he regrets that he cannot answer individual letters.

There is a business thus is only the intent, and most crucial, a series of incidents calculated to keep the U.S. off balance during the announcement of those who are to be the new government of West Germany. U.S. troops in West Germany. These incidents are occurring on the passport lines of peace, if that, in American newspapers.

DISCUSSING A CAMPSHIP fund made available through the combined efforts of the Junior Club and Camp Fire Girls are, from left, Orval Johnson, Camp chairman for Camp Tawakani; Mrs. Zoe Ann Shaub, president of the Junior Club; and Mrs. Dorothy Peavey, field worker for the Camp Fire Girls. The campership money will be used to help girls attend

Camp Tawakani, Blue Bird and Camp Fire members who might otherwise not be able to finance the camp fees. Camp Tawakani is owned and operated by the Magic Valley Council of Camp Fire Girls and will have resident camp sessions beginning July 15. The funds were made possible through the Chert School sessions.

### Camp Fire Girls, Junior Club Establish Camperships

As a bonus from the united efforts of the Camp Fire Girls and Junior Club of Twin Falls in presenting the Charm Schools for teen-agers, a campership fund was established. From the fees secured from the membership registrations for the fall and spring sessions, the money remaining after all expenses were paid was allocated to the campership fund, amounting to \$38.40.

The two organizations have cooperated to sponsor three separate schools, for different age groups, beginning in the fall of 1968, using plans and ideas from both organizations. Members of the Junior Club, a group interested in giving service to the community, were the instructors, while Mrs. Dorothy Peavey, field worker for Camp Fire Girls, was the coordinator. All office work connected with the project was done by the Camp Fire office. The courses were open to any of the girls of Magic Valley, whether members of Camp Fire Girls or not.

### Area Sorority Women Attend Annual Meet

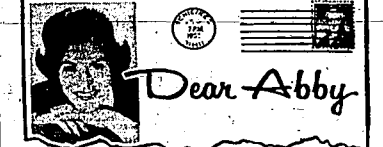

GLENNIS FERRY—Mrs. C. P. (Pauline) Anderson and Mrs. Service Kiddle, both Mountain Home, represented Nu Chapter at the Idaho annual convention of the Delta-Kappa-Gamma Sorority in Lewiston, recently. Mrs. Anderson reported that the northwest regional director, Mrs. Boula Elliott, was "loads of fun" and put across her message with humor and diplomacy. In charge of the necrology service for six Idaho members, Mrs. Anderson worked out the ceremony effectively with red and white roses as well as candles in the two colors.

Only \$1.

DEAR ABBY: My 18-year-old daughter claims she is deeply in love with a 30-year-old man who has been married and divorced FOUR times. He is paying her a total of SIX children.

How he intends to support my daughter is a mystery to me. My daughter is set on marrying him and she refuses to listen to me. Maybe you can get some sense through her head. I can't. HER MOTHER

DEAR MOTHER: Even if your daughter were interested in getting some sense through her head (which she's NOT), it would have a tough time penetrating because a woman in love doesn't THINK—she only FEELS. I would say the odds for a successful marriage with this man are like 1,000 to one. Someone ought to tell your daughter that she doesn't have to marry every man, she thinks she's in love with.

DEAR ABBY: I am a "widow" with a living husband. In summer it's gold. My husband plays nine holes every evening after work, skipping dinner with me. I haven't had Sunday dinner with him since we've been married because he golfs all week-end.

There is no talking to him; if I tell him I don't like being alone so much he tells me not to "run" his life, I don't want to "run" it!—I just want to be a part of it.

After golfing all day Saturday he is free to go to a movie. When the golf season ends, he spends his week-ends fishing and hunting. Do you think an selfish for wanting to spend some time with him on week-ends? I feel so tied up I could scream.

Before I was married I loved how a woman who loved her husband could look elsewhere for someone to be with. Now I think I know. At times I wish I could have a summer flitter with a lover. I'm really not that kind of person, but I just don't get any attention from my husband. What am I to do? Please send me a letter with your answer. Maybe he will see it and wake up.

AMSTERDAM, N.Y. DEAR AMSTERDAM: I'll print your letter, but I'm afraid it will take more than my answer to "wake up your husband. You don't say how long you've been married, but would say your marriage is in the "rough." You both need some counseling. If he won't go

rum extract into whipped topping. Place a pineapple slice in each individual dessert dish. Open can of milk and spoon pudding over pineapple slices. Add a spoonful of whipped topping and a garnish of almonds. Serves eight to 10.

(The Times-News will pay \$5 cash for a pineapple slice in each submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.)

### Magic Valley Favorites

- MRS. RENA JOHNSON  
246 4th Ave., N., Twin Falls
- Mexican Pudding
  - 2 1/4-cups sweetened condensed milk
  - 3/4 teaspoon rum extract
  - 1 pint frozen whipped topping
  - 1 16-ounce-can sliced pineapples, drained
  - 3 tablespoons sliced almonds
- Place one can of condensed milk in a saucepan. Add boiling water to cover. Cover pan and cook over moderate low heat, about 225 degrees, for one and one-half hours. Remove cans from water. Cool and chill several hours. Stir

### Miss Pearson, Ander Disclose Wedding Date

Mr. and Mrs. Donald Pearson, Burley, announce the engagement of their daughter, Dianne to David Ander, son of Mr. and Mrs. Daryl Ander, Twin Falls. Miss Pearson is a 1965 graduate of Mindoka County High School, a 1966 graduate of Twin Falls Business College and attended the College of Southern Idaho. She is employed by Parry, Robertson and Daly, Twin Falls, Seattle.

DIANNE PEARSON (Album photo)

Mr. Ander is a 1965 graduate of Caldwell High School and attended the University of Idaho and the College of Southern Idaho. He is employed by Boeing Aircraft, Seattle.

The couple plan an Aug. 17 wedding at Immanuel Lutheran Church, Twin Falls.

### Social Calendar

Goodwill Club members will meet at 12:30 p.m. Wednesday at Harmon Park to go to the Twin-Falls Idaho Power Park for a potluck dinner meeting.

Job's Daughter Grand Council registration will be open from 2 to 5 p.m. for hostess Bethel Wednesday at the Twin Falls High School Gymnasium.

Swinging Sixties will hold its meeting and dance at 8 p.m. Friday at the Moose Hall.

### Kimberly WSCS Meeting Held

KIMBERLY—Mrs. Kenneth Naylor gave an opening thought, "The Importance of Prayer," at the Woman's Society of Christian Service meeting at the Kimberly United Methodist Church.

Mrs. Don Whitehead gave the lesson study, "A Modern Bridge Between Judaism and Christianity," by Martin Buber. She also read a closing, a prayer by a young man.

Thank-you notes were read from Mrs. Thomas Steelsmith and for help to a needy family, where children's clothing was needed.

A report was given on a successful rummage sale held recently in Twin Falls.

Plans were made to hold a cooked food sale with an annual dinner this fall, however, baazaar items will not be featured.

It was decided to purchase necessary handbooks for officers and chairmen also the constitution and by-laws since there will be some changes because of the recent church merger of the United Brethren and Methodist churches.

Mrs. Leo Urban was appointed to campus ministry and will also be the WSCS representative to the commission on education.

It was reported that three young people, Bonnie Honstead, Bruce Whitehead and Paula Reimale, will attend the school of missions. Two of them will be supported by the WSCS and the other will be sponsored by another group in the ecumenical mission.

The circle meeting for July was scheduled for August. The group asked for cookies for the program of the Bible school.

Hostesses were Mrs. W. I. McFarland, Mrs. Lloyd Jones and Mrs. Dale Kirkpatrick.

### PLANS SURGERY

HANSEN—Mrs. W. F. Anderson reported from Portland, Ore., where she underwent tests to determine the need for open heart surgery. She was accompanied by her sister, Mrs. Lily Burlington, Twin Falls. Mrs. Anderson is planning to have the surgery soon.

CHECK THIS Run in circles around the neck then the line plummets straight down. It's just the blithe, easy-going sort of dress that's perfect for summertime. Printed Pattern 0464, Misses' Sizes 10, 12, 14, 16, 18. Size 14 (bust 34) takes 2 1/4 yards 45-inch fabric.

Dear Abby

DEAR ABBY: My 18-year-old daughter "claims" she's "dearly" in love with a 30-year-old man who has been married and divorced FOUR times. He is paying child support to three wives for a total of SIX children.

How he intends to support my daughter is a mystery to me. My daughter is set on marrying him, a haven't and sending the word to me. Maybe you can get some sense through her head. I CAN'T. HER MOTHER

DEAR MOTHER: Even if your daughter were interested in getting some sense through her head (which she's NOT), it would have a tough time penetrating because a woman in love doesn't THINK—the only FEELS. I would say the odds for a successful marriage with this man are like 1,000 to one. Someone ought to tell your daughter that she doesn't have to marry every man she thinks she's in love with.

DEAR ABBY: I am a "widow" living husband. This summer it's golf. My husband plays nine holes every evening after work, skipping dinner with me. I haven't and Sunday dinner with him since we've been married because he golfs all weekend.

There's no talking to him; I tell him I don't like being alone so much he tells me not to "run" his life. I don't want to be a part of it. After golfing all day Saturday he is "too tired" to go to a movie. When the golf season ends, he spends his week-ends fishing and hunting. Do you think I am selfish for wanting to spend some time with him on week-ends? I feel so tired up and down.

Before I was married I loved her husband could look elsewhere for someone to be with. Now I think I know. At times I wish I could have a summer fling with a lover. I'm realistic that kind of person, but I just can't get any attention from my husband. What am I to do? Please print my letter with your answer. Maybe he will see it and wake up.

DEAR AMSTERDAM: I'll print your letter, but I'm afraid it will take more than my answer to "wake" up your husband. You don't say how long you've been married, but I would say your marriage is in the "rough." You both need some counseling. If he won't go

Magic Valley Favorites.

MRS. RENA JOHNSTON 245, 4th Ave. N.E., Twin Falls

- Mexican Pudding 2 1/4-ounce cans sweetened condensed milk 3/4 teaspoon rum extract 1 pint frozen whipped topping, thawed 1 1/2-ounce can sliced pineapples, drained 3 tablespoons sliced almonds Place unopened cans of condensed milk in saucepan. Add boiling water to cover. Cover pan and cook over moderately low heat, about 225 degrees, for only 10 minutes. Remove cans from water. Cool and chill several hours. Stir rum extract into whipped topping. Place a pineapple slice in each individual dessert dish. Open cans of milk and spoon pudding over pineapple slices. Add a spoonful of whipped topping and a garnish of almonds. Serves eight to 10.

# U.S. Has New Era In Money

WASHINGTON (AP) — The nation entered a new era in money today with none of its currency backed by either gold or silver.

Redemptions of silver certificates for silver ended Monday as the bills, turned out between 1933 and 1963, can still be used as money. They undoubtedly will be more valuable, however, as collectors' items.

The only paper money now circulated by the government is federal reserve note—and it's backed by the strength of the nation's economy—not by precious metals.

The final break for silver came three months after the last link with gold was cut during the international gold crisis which followed devaluation of the British pound.

Until mid-March, the government was required to back every \$1 in paper money with 25 cents in gold.

Eliminating the gold made more than \$10 billion of the nation's gold available to defend the dollar overseas.

Thousands of persons waited until the last day to redeem their silver certificates with the New York Assay Office handling about 2,000 separate orders and holding its pay-out window open two hours after the regular 3 p.m. closing time.

About 400 persons lined up outside the San Francisco assay office for the opening of business.

All redemptions were made at \$1.29 an ounce, the figure in effect last year when the Treasury stopped selling its silver to private industry at that price. Passage of the redemption deadline eliminated the two-price silver system in effect since last year. Although it redeemed the certificates at the \$1.29 price, the Treasury sold silver, and still does, to private industry from its stockpile at the higher market price.

This led to a speculative market in silver certificates while they could be redeemed at \$1.29 an ounce.

Money dealers paid premiums—frequently going to beyond \$1.50 for every \$1—just to obtain the certificates. They would redeem the bills for silver, which they sold on the open market for \$2 an ounce.

Just how many silver certificates are still in circulation won't be known for another week when all the figures are tallied.

## Foundation Gets \$56,844 Grant

WASHINGTON (AP) — A \$56,844 grant to the Idaho Foundation for Medicine and Biology from the U.S. Public Health Service was received Monday by Sen. Frank Church, D-Idaho. The money is to help persons suffering from heart disease, cancer, strokes and related illnesses in southwestern Idaho.

### TV System

BOISE (AP) — City councilmen Monday night approved calling for bids to supply a television system for use by Boise police and courts in drunken driving cases.

Video tapes of tests given to drunken driving suspects would be used in court trials.

### Loans Reported

BOISE (AP) — Real estate loans totaling \$1,297,900 were made in Idaho during the first five months of this year by the Prudential Insurance Co., the firm reported Monday.

GOV. NELSON ROCKEFELLER explains to onlookers the technique of eating lobster. Rockefeller, a Maine native, was in the state campaigning for delegates. (AP wirephoto)

# Rockefeller Points To Nixon's Refusal To Repudiate Statement About Wallace

By The Associated Press  
New York Gov. Nelson A. Rockefeller says refusal by his Republican presidential rival Richard M. Nixon to repudiate a suggestion that George Wallace join the GOP would be "the death knell of the Republican party in the next election."

Nixon's Southern campaign coordinator Howard "Bo" Callaway, had repeated earlier Monday his view that the Republican side is where third party presidential candidate Wallace "ought to be."

Nixon had no comment and his aides have said Rockefeller's charges would not be answered.

But Rockefeller accused Nixon of remaining silent because the former vice president's presidential strategy "depends on getting the southern vote and Mr. Wallace is cutting in on his strength."

On the Democratic side, aides of Vice Presidential candidate Humphrey are concerned that Sen. Eugene J. McCarthy might break party ranks and lead a third party if he loses the Democratic presidential nomination.

McCarthy has specifically denied any such intention, saying: "I have stressed from the begin-

ning that I had in mind to work this out within the Democratic party."

The speculation by the Humphrey camp was based on McCarthy's refusal to say he could support the vice president as the party's presidential nominee.

A leader of last winter's "Dump Johnson" movement, meanwhile, said prominent anti-war figures plan an emergency meeting in Chicago next Sunday on promoting the nomination of McCarthy, or some other anti-war candidate.

Allard K. Lowenstein, a Democratic congressional candidate, said the meeting has no official connection with McCarthy's presidential campaign.

But a spokesman for Lowenstein said McCarthy had agreed to address the meeting.

Lowenstein was a New York leader of a movement to deny the Democratic nomination to President Johnson before Johnson announced he was not a candidate. The movement eventually evolved into the coalition for a Democratic Alternative, which

# Humphrey Worried McCarthy May Lead Third Party In Fall

WASHINGTON (AP) — Vice President Hubert H. Humphrey said by many supporters to deeply concerned Sen. Eugene J. McCarthy may break away from the Democratic ranks and lead a third party.

The speculation has been fed by McCarthy's refusal to say he will support the vice president if his former political mentor wins the nomination—plus increasing signs that many of McCarthy's backers are not amenable to a reconciliation.

There was talk of a possible third party at the bruising Democratic Farmer-Labor party convention in St. Paul, where the forces of the two Minnesota presidential contenders met head-on in the party convention, and Humphrey won.

However, McCarthy has denied any intention to lead his supporters out of the regular party. He told a news conference "I have stressed from the beginning that I had in mind to work this out within the Democratic party and I didn't intend to lead a third party movement."

However, Geri Joseph, the Democratic national committee

woman for Minnesota, said McCarthy candidates for national convention seats in her area had to swear they would not support Humphrey under any circumstances.

Key Humphrey people acknowledged their concern but say it is still too early to make any forecast, particularly in a year that has betrayed political soothsayers.

McCarthy's recent showing in the New York primary has heartened his supporters. However Humphrey strategists estimate privately that their man has enough delegate votes now to win the Democratic nomination on the first ballot.

McCarthy has said that he sees little chance between Humphrey and Richard M. Nixon expected to win the Republican nomination, on the issue of Vietnam.

One Humphrey backer said, "I think a great deal will depend on who the Republicans nominate. If it's Richard Nixon I believe most of the Democratic

liberals who see themselves as prey dovish will return to the fold." But then he shrugged.

Another Humphrey source sees a good possibility of a return of the Democratic troubles in 1948.

That year southern Democrats, angered by the party's civil rights platform, broke away and ran Strom Thurmond as their presidential candidate under the Dixiecrat banner.

This year former Alabama Gov. George Wallace is running under a similar states rights banner.

Also in 1948, the Progressive party was formed on the left side of the political spectrum with former vice president Henry Wallace as the candidate.

# Dredge Law Petitions Are Still Short

BOISE (AP) — More petitions have been filed in an attempt to place a dredge mining initiative on Idaho's general election ballot in November, but the number is still far short of the required 20,000.

A foot-high stack of petitions was filed in the office of Secretary of State Pete T. Cenarrusa Monday, but it was not known immediately how many certified signatures were on them. Deputy Secretary of State Dryden Hiler said there could be up to 6,000.

Previously, about 4,000 signatures had been filed in an attempt to let voters approve or turn down a new strict dredge mining law.

The deadline is July 5. In another petition drive, 1,331 signatures were filed Monday in an attempt to put on the ballot a proposed law requiring presidential nominees would not run as well against Nixon as a vote before they are undertaken.

# The check casher.

Check-cashing is now easier and available at more places. Most merchants who used to be reluctant about taking a check aren't any more. Stores which used to limit the size of a check to the amount of purchase, don't have to any more.

What caused the change? Bankard Guardian Check Service.

Now when you present your Bank & Trust check along with a Bankard to a participating merchant, he can accept it without any other identification, in complete safety. The BANK & TRUST guarantees payment. Up to \$100 for cash or \$500 for merchandise. No other identification is necessary.

How can you get a Bankard? Just apply for Guardian Check Service at our Twin Falls Bank & Trust office. All you need is a reasonably good credit reputation and a few minutes time.

Guardian Check Service costs no more than ordinary checking accounts.

It's more than just a Credit Card!

# Courage Guides Young Couple On Tour

By RUTH KOONCE MILLER  
Times-News Staff Writer

Two young foreigners who admit to speaking English with a German accent and "a little bit of Australian thrown in," went through Twin Falls recently on their way around the world.

The couple, Freda and Harry Gunhold, Sydney, Australia, are natives of Germany, but just to

confuse things a little bit they met and were married in Switzerland.

They are traveling on a small motor scooter which is hefty enough to pack 420 pounds. The couple left Australia in April with \$1,000 and boat tickets. They traveled by boat to Panama and then hopped aboard their scooter to begin their way to the U. S. and Canada. They must be back in Australia by December.

"We just decided this was the best way to see the most for our money," Mr. Gunhold stated, and before the journey is over their \$1,000 and boat tickets will take them over most of the world.

They camp and eat outside most of the time, and the night

before they arrived in Twin Falls slept four miles from the Nevada-Idaho border.

The scooter is so heavily laden with clothing, camping gear and people that Mrs. Gunhold must give it a push and then jump on when they start up.

While visiting Magic Valley's

famous water falls, they became acquainted with Mr. and Mrs. Hanley Payne, Twin Falls, and were invited to their home for lunch.

After dinner they were off on their scooter again, toward Idaho Falls and Yellowstone National Park.

ABOARD THEIR MOTOR SCOOTER, which is taking them all over the world, are Mr. and Mrs. Harry Gunhold, Sydney, Australia. The German-born couple spent some time in Twin Falls while touring the country. They are on a nine-month holiday and plan to end the tour in Germany, where they will visit Mrs. Gunhold's mother.

## Leg Of Lion

DALLAS, Tex. (AP)—As the man in charge of food at a big downtown hotel, Leo Meier decided there should be something like the leg of lion on the menu.

After all, 30,000 members of Lions Club International are assembling to open their 51st annual convention here Wednesday.

It wasn't easy but Meier finally found a Chicago supplier who would provide lion meat—at \$4.25 a pound.

## Hungry Thief

ST. LOUIS (AP)—A man armed with a pistol held up an ice cream truck Monday and fled with 24 ice cream bars, police reported.

## Warren Is Mum About Retiring

WASHINGTON (AP)—Earl Warren is keeping mum about reports that he is retiring as Chief Justice of the United States.

When he showed up Monday at the White House to sweat in George Ball as the new U.S. representative to the United Nations he had nothing to say about it.

He just smiled and said, "Anything on that would have to come from the President."

# Head for real beer flavor!

Now is a good time to try Blitz-Weinhard Beer because it's new being featured in stores and taverns. Pick up a six-pack of bottles today. Discover why the light beer with real beer flavor is the Northwest's fastest growing brand, Blitz—from the West's oldest brewery—the Blitz-Weinhard Co., Portland, Oregon.

# Judging Of Queens Begins For Rupert July 4th Celebration

RUPERT—The first step toward selecting a 1969 Rupert Rodeo Queen was taken Sunday when judging of the contestants got under way at the Minidoka County Fairgrounds.

The four contestants, each vying for the title now held by Gaye Wilfenthal, were judged on their general appearance and horsemanship. They were required to show their horses at a walk, trot, gallop, back, mount, dismount, figure eight;

fill three minutes of free lance time, and answer questions concerning horses and rodeos.

Sunday's judging counts 75 per cent towards each girl's total points, the other 25 points coming from the popularity voting during the Jamboree Saturday.

In addition, the girls will barrel race each night of the rodeo, July 24, and the "new queen" will be named July 4, during the rodeo event. Two attendants for the queen will also be named during the final night of the rodeo.

Competing are Marsha Halston, Cody Baker, Gail Stoller, and Margaret Lee.

Western Wear Days officially began in Rupert Monday, with everyone in town required to wear—at least two articles of western attire between now and July 4. Fines for those not conforming are planned.

The next event during the 42nd annual rodeo and July 4 celebration will be the arrival of the carnival next to the railroad depot in Rupert Saturday, followed that evening by the annual jamboree at the civic building. A dance follows the feeding, which begins at 6:00 p.m.

Parade and horse racing gets under way July 3. It will be held at 1:00 p.m. daily through July 4th. Also on the fourth, the annual parade will be conducted through downtown Rupert, with the theme this year being "Symbols of Freedom."

Concessions will also be set up along the north side of the city square July 14 by local organizations.

## City Workers Striking In Santa Monica

SANTA MONICA, Calif. (AP)—The usually scenic beaches of this Southern California resort city are littered with debris as a municipal employees strike entered its fifth day today.

Refuse overflowed into city streets and taxi cab companies did a big business serving 20,000 bus riders left without transportation.

More than 750 of the 1,000 employees remained away from their jobs despite a Superior Court temporary restraining order issued Monday. A city suit also was filed against five union leaders and others seeking \$7,000 a day in damages.

The beaches, usually nightly visited on weekdays, were nearly deserted as cooling weather and debris left from the weekend combined to keep bathers away.

The restraining order, issued by Superior Court Judge Orlando H. Rhode and returnable on July 5, prohibits any city employee from encouraging a strike or walkout.

But attorneys for the employees said the order apparently would not force workers to return to their jobs. City Manager Perry Scott said it was "too soon to say how effective the court order will be."

The walkout, which affects all but police, firemen, life guards and some clerical employees, began Friday with a work stoppage by bus drivers, who seek wage increases double the 5.4 per cent boost approved Thursday night by the City Council.

It soon spread to trash collectors, airport workers and the beach crews—an estimated 80 per cent of the city's total work force.

## Serious Crime In Cities Up 17 Per Cent

WASHINGTON (AP)—The FBI says serious crime in the nation's cities rose 17 per cent the first three months of this year over the same period in 1967.

Robbery—up 24 per cent—led the increases listed in the FBI's Uniform Crime Reports Monday. Murder was up 10 per cent, forcible rape 19, aggravated assault 13, burglary 15, auto theft 17 and larceny 15.

The reports showed a serious crime increase in the 1968 period of 17 per cent in cities over 100,000 population, 18 per cent in suburban areas and 10 per cent in rural areas.

CONFERENCE HELD  
RICHFIELD—The Richfield MYP group attended a regional conference meeting at Banbury's Hot Springs Saturday.

The Richfield group was the largest one present. Following a swimming party a pre-camp conference was held, directed by Rev. Paul LaRue. Bill Mrs. Donald Walker was Richfield group leader attending.

## Officials Set Use Of Forest Fire Funds

BOISE (AP)—With Idaho's forest fire season barely under way, state officials are beginning plans to use \$267,000 in federal aid resulting from last summer's fires.

Gov. Don W. Samuelson was presented a formal agreement with the Office of Emergency Planning Monday, under which disaster funds would pay outstanding bills from federal agencies which last year fought forest fires in Idaho.

The recent allocation from the OEP brought to \$1,117,000 the federal aid given Idaho since President Johnson declared the northern part of the state a disaster area last August.

Idaho land, forestry and civil defense officials conferred Monday with an OEP representative, going over auditing and book-keeping procedures necessary to utilize the funds.

Although more than \$2 million in federal bills were sent the state as a result of last summer's fires, Idaho Federal-State Coordinator Richard Hughes said "the state doesn't admit to owing all those bills."
