Final  
Edition

TEN CENTS

A YOUNG HONEYMOONING COUPLE from Scotts Bluff, Neb., Mr. and Mrs. John S. Jones, center, accept a silver tray from Twin Falls Chamber of Commerce president, Howard Allen, left, and Mayor Egon Krohl. They were the 100th registration at the Chamber of Commerce tourist information booth at the Perrine Memorial bridge. The booth opened June 17 and will close Aug. 18. Tourist trade in Twin Falls as a whole is about normal.

## Mental Health Council Will Review Payment Collection

COEUR D'ALENE, Idaho (AP) — The Idaho Mental Health Advisory Council has announced plans for a three-month review of the philosophy and method of collecting payments from mentally ill patients at state hospitals.

The review was announced Thursday during a meeting in Coeur d'Alene, where the council had a public hearing to gather facts about closing State Hospital North at Orofino.

Testimony at the hearing was overwhelmingly against closure of the hospital. The state legislature would have to act on any proposal to close the facility.

The council advises the State Board of Health.

The present payment schedule for mental patients at state institutions is \$225 per month. The State law requires patients to pay according to ability.

Dr. Myrick Pullen, state mental health director, said there was a 31 per cent decrease in pay anything, and of those who

## T.F. Tourist Business "Keeps Pace"

Tourism in the Twin Falls area is probably just about keeping pace with a year ago, although motel and restaurant operators say they believe they have less business this year than a year ago.

Tabb Harding, chairman of the Twin Falls Tourist Promotion Committee, said motel operators generally agree that business has been slower this year.

"Traffic from California has been slow to develop," he said, "and generally all travel from the south is off."

Mr. Harding said the motel business is off but it is difficult to determine by what percentage. It is now picking up and could make up for the earlier drop.

Both motels and restaurants, he said, could be suffering from the boom in sales of travel trailers and campers. One trailer sales firm said they have experienced a major increase this year in camper sales especially.

William Chance, service station owner, said he believes all service stations, even those on Kimberly Road which may be hampered by U.S. Highway 30 construction detours, are experiencing an increase in business.

Several restaurant owners say business is about the same as last year, but some report it has dropped, as far as out of state sales are concerned.

The Twin Falls Chamber of Commerce, which this week welcomed its 1,000th registered tourist, said that 1,000 registered tourists at the booth is about normal for the year.

## Tennessee Officials Prepare Strict Security For Ray Trial

MEMPHIS, Tenn. (AP) — Officials preparing for what promises to be the biggest Tennessee trial since the famous "monkey trial" of 1925 are making strict security arrangements.

Officials said Thursday that plans are being made to make a voice and picture tape of every person attending the trial of James Earl Ray, charged with assassinating Dr. Martin Luther King Jr. here April 4.

This would be the first trial anywhere that such a security precaution has been required, Charles Holmes, public relations aide to Sheriff William M. Morris, said.

Newsmen accredited to cover the trial, expected to be held in late fall, will be given identification cards bearing their photographs.

The trial is scheduled to be held in one of the Shelby County Criminal Court courtrooms so Ray can be brought directly into the court through an underground corridor without being seen by the outside public.

A secondary security line is expected to be established to keep everyone without pressing business out of the Criminal Courts building.

Ray currently is in jail in London awaiting a hearing on his appeal of an extradition order.

This would be the first trial anywhere that such a security precaution has been required, Charles Holmes, public relations aide to Sheriff William M. Morris, said.

Newsmen accredited to cover the trial, expected to be held in late fall, will be given identification cards bearing their photographs.

The trial is scheduled to be held in one of the Shelby County Criminal Court courtrooms so Ray can be brought directly into the court through an underground corridor without being seen by the outside public.

## Suit Planned

BOISE (AP) — Backers of an initiative drive that would require a vote on urban renewal projects say they will sue to force the city to qualify the proposal for inclusion on the November ballot.

It was the second group to make such an announcement.

Sponsors of the urban renewal proposal said Thursday that the lawsuit will be aimed at getting additional signatures qualified.

Sponsors of a move to amend and make more restrictive the city's zoning ordinance said earlier they would file a lawsuit on behalf of their proposal.

The deadline for filing signatures was last Friday and Secretary of State Pete Cenarrusa said the urban renewal drive had submitted 25,581 valid signatures.

# Bronx Gunman Sought In Massive N. Y. Manhunt

By BOB MONROE  
NEW YORK (AP) — Police today pressed a massive manhunt for a Bronx gunman who killed three persons and wounded a fourth with a hail of fire from an automatic machine gun.

Bronx Asst. Dist. Atty. Burton Roberts said a 15-state alert was issued for one Bobby Rogers, alias Bobby Pugh, 31, who was superintendent of the building in front of which the shooting occurred Thursday evening.

The rapid-fire shooting brought more than 200 police men armed with rifles, revolvers, shotguns and tear gas guns, and wearing bullet-proof vests to the dingy orange tenement.

As thousands of spectators swarmed to watch, police searched the five-story building but failed to find the man. They concluded he had escaped through a basement connecting three buildings on the block.

The dead were identified as Manuel Angel Figueroa, 19, of Castro, 21, and Jose Rivera, 18. Roberts said preliminary evidence indicated the man being sought knew all three.

Police said Figueroa was dead on arrival at Lincoln Hospital and that Castro and Rivera died at the hospital.

Roberts described Rogers as a Mexican American, about 5 feet 11, 160 pounds. He said the man had been honorably discharged from the Army in 1962 and took the superintendent's job on Dec. 1, 1967.

The shooting came just eight days after police killed a Central Park sniper, Angel Anello, who had shot to death a young woman and wounded three other persons.

The violence began at about 6:27 p.m. when the gunman appeared near the stoop of the tenement on East 138th Street between East 137th and East 139th streets.

Roberts said the gunman was seen sawed off at both the stock and barrel. Police said the crowd gathered as quickly as police. Youths climbed atop cars to get a better view and police roped off the block to keep spectators back.

As police marksmen made their way to neighboring rooftops, teams of police began a room-by-room search through the tenement and the two adjoining buildings.

In the street the crowd listened to transistor radios carried by police. Onlookers smiled and waved for television automatic carbine which had cameras.

# Viet Cong Suicide Commandos Expected To Raid Saigon Soon

By GEORGE ESPER  
SAIGON (AP) — A terrorist shot and killed a U.S. soldier in downtown Saigon today, and Viet Cong suicide commandos are expected to raid the capital at any time.

The assassination was the first against an American reported in Saigon since the Viet Cong's second offensive against the capital in May.

Extra guards were posted at the U.S. Embassy and other key installations, and police were put on 100 per cent alert. The raids, if they come, likely would open the third Viet Cong offensive of the year against Saigon.

An attack that has been expected for weeks.

The terrorist's victim was shot three times less than a mile from the presidential palace and taken to an Army hospital.

U.S. sources said they had no confirmation of the South Vietnamese intelligence reports that the American Embassy would be attacked again and the national police headquarters would be another target.

An unconfirmed report said the Viet Cong had stolen an official U.S. car, apparently to fill it with explosives and use it to attack an American installation.

U.S. Embassy security men armed with machine guns were seen at the Rex, one of the major U.S. officers' billets, checking American cars for explosives.

One South Vietnamese source said the Viet Cong "have to make a noise" before July 20, the 14th anniversary of the Geneva agreements which divided Vietnam.

"They have been looting so much they have to boost the morale of their troops," the source added.

Intelligence sources say about 11,000 enemy troops are within quick striking distance of the capital, and more are reported on the way.

# Dirksen Defends President's Appointments To Supreme Court

By BARRY SCHWEID  
WASHINGTON (AP) — Senate Republican Leader Everett Dirksen of Illinois declared today that President Johnson's appointments to the Supreme Court are "cronies" to the Supreme Court.

He said it's about time that line of attack on President Johnson's nominees be dropped.

"You don't go out and look for an enemy to put on the court," Dirksen sternly lectured GOP Sen. Robert F. Griffin of Michigan at a Senate Judiciary Committee hearing.

Griffin heads a group of Republican senators insist on blocking nomination of Abe Fortas, now an associate justice, to chief justice and Homer Thornberry to be an associate justice of the Supreme Court.

The young senator—He is 44—

took his fight to the committee today, charging President Johnson with practicing "cronism" by nominating these two old friends.

Griffin also labeled Johnson a "lame duck" president who was trying to keep his successor from filling court posts.

Dirksen, a member of the committee, listened quietly while Griffin read his statement. Then, beginning slowly, he said he was "entirely proper and a very offensive term" that should not be used for a president who voluntarily retires.

The GOP leader, 72, reminded his colleagues that also senators who have announced their retirement will serve until the end of the term.

"Are we going to offend them

## Financial Problems Of Idaho Viewed

BURLEY (AP) — James A. Deffenbach, Idaho budget director, said today that the legislature will face "some of the most critical financial problems that it has faced in many, many years."

He told the Burley Lions Club in prepared remarks that anticipated general fund revenue totals about \$185 million for the 1969 fiscal year, which begins July 1, 1969.

But he said financial requests from state agencies and departments may be \$20 to \$30 million more than that.

He said if the legislature sees the level of general fund appropriations about \$185 million, it will "have to find the way to live within that."

The farthest downstream, the larger, the dam's reservoir —

# Buried Treasure Hunt Ends In Dallas Dungeon

A Twin Falls man on his annual vacation and hoping to find buried treasure has wound up buried a buried treasure himself.

"Timothy Cordell Mendyk, 26, is in a Dallas Tex. jail cell awaiting legal proceedings against him for illegal possession of a dangerous weapon—a .32 caliber pistol which Mr. Mendyk apparently was in the habit of carrying with him in his car.

The charge is a felony by Texas law. In Idaho, however, the practice of carrying a gun for hire in the family car is common.

Mr. Mendyk's problem is that he, apparently unknowingly and without a permit, thought that where in his brain, broke the Texas law.

Because of President John Kennedy's death in Dallas, people are kind of edgy there,

# Lightning Ignites New Forest Fires

By The Associated Press  
Violent lightning storms ignited dozens of new forest fires in parts of Montana and Idaho Thursday, while cooler temperatures and light rain eased the fire danger in Western Washington and most of Oregon.

In Alaska, meanwhile, a shortage of firefighters allowed scores of fires to burn out of control.

Regional Fire Coordinator John C. Robertson of the U.S. Forest Service in Missoula said most of the Montana fires were small and had been contained by smokejumpers by Thursday night.

Smokejumpers and ground crews attacked 32 new fires in Idaho's Clearwater and Nez Perce forests. Other small fires were being fought in Idaho's Coeur d'Alene National Forest and in Montana's Flathead National Forest.

In Oregon, all fires were reported in or near the midget-sized town of Medford. Officials said the situation appeared to be improving with cooler temperatures reported in all areas.

"Eight major fires were raging in interior Alaska Thursday and

# Idaho Voices Desire To Build Dam On Snake River

By STAN BENJAMIN  
WASHINGTON (AP) — The State of Idaho has joined the ranks of prospective dam builders on the Middle Snake River, a move that would develop hydroelectric power, the Federal Power Commission announced Thursday.

The Idaho Water Resources Board has applied for a preliminary permit to study the Appaloosa site, which the Interior Department wants to see developed by the federal government. Such plans compete with two existing applications for dams elsewhere on the Middle Snake.

Hampered in between federal dams downstream and Idaho Power Co. dams upstream, only one of the proposed developments would be possible on the 90-mile stretch of the Middle Snake.

FPC spokesman said the Idaho board's application alone would not delay the decision-making process. But if the FPC decided to grant the preliminary permit, that could affect the timing of the decision. A preliminary permit does not authorize construction but gives the holder the right to initiate application for an FPC license over other non-federal parties. Since only one development is possible, the FPC presumably would want to wait until it has enough information to decide among all three sites.

The Idaho board asked for a 30-month permit, but the FPC could grant a shorter one if it even decide that none at all is needed and that the proper procedure would be a direct application for a construction license.

A decision on the Middle Snake already has been made 10 years in the making.

The FPC has made up its mind in 1964, granting a license to Pacific Northwest Power Co. to build a dam at the High Mountain Sheep location on the river. But the Supreme Court at the request of Great Pacific and the Interior Department — set aside the license in 1967 and ordered the FPC to reconsider.

The rival Washington Public Power Supply System of Kennewick is seeking to build a dam at Nez Perce.

The problem in reaching a decision is twofold — whether development of this hydroelectric region should be by government or by private utilities, and where it should be.

and therefore its total available power—would be, but the greater its potential interference with salmon which must pass upstream to spawn.

The Nez Perce site is the farthest downstream, below the points where the Salmon and Snake rivers flow into the Snake.

The High Mountain Sheep site is above the Salmon River but below the Snake River.

Appaloosa is further upstream, above both of these salmon-spawning rivers and the Interior Department is backing it as the least harmful to the valuable fish resources.

# Vacationers Told To Avoid Flood-Stricken England

LONDON (AP) — Vacationers were warned to stay out of England today after heavy rain and flooding forced many to cancel their trips.

At least seven persons died in the raging waters fed by two days of torrential rain. The floods were receding in the West Country, but in the Midlands, the Trent and the Nene were rising, threatening Leicester and Northampton.

Thousands of acres were under water around Leicester. Police and troops worked to reinforce the banks of the Nene, flowing through low-lying farmland.

On the east coast, the troubles of Norfolk, Essex and Kent resulted in heavy crop damage after they tried to make their way on secondary roads. The army lifted troops by air to make emergency repairs and help clear the destruction.

# Senator's Wife Speaks In T. F.

By LORAYNE SMITH

Magic Valley Editor  
"Women have always had responsibility for the moral and physical climate of our land." Mrs. Frank Church told Twin Falls Garden Club members at a picnic meeting at Twin Falls Park Wednesday afternoon.

The wife of the Democratic senator from Idaho pointed out that with the growing pressures of population "we will have to take care of what we have."

A number of speakers bureau for Mrs. Lynn Johnson's national beautification campaign, Mrs. Church stressed that total conservation, of land, air and water, is necessary and will take not only state and federal, but local efforts.

"Since 1968 we have watched the growing effort and slow, but beginning effects, of programs passed to make our highways less cluttered and more beautiful to solve our difficult dump problems and to beautify the approaches to our cities," she noted.

The garden club women have been in the forefront to protect the vistas of our state," she noted, adding anything that is done now will cost less than in the future.

Mrs. Church plans to actively assist her husband in his campaign for re-election, having just gotten her 10-year-old son, Chase Clark Church, settled for the summer at the Robinson Bar ranch, home-stayed by his grandfather, the late J. D. Chase Clark, some 45 years ago.

The Churches' oldest son, Forrest, is also assisting in the campaign, residing at Boise where the Churches make their Idaho headquarters at the home of Mrs. Church's mother, Mrs. Clark, who is 82 and still active.

Both the Church boys have attended public school near their home in suburban Maryland where Sen. and Mrs. Church have lived for over 12 years since his election to the Senate.

Mrs. Church noted that both she and her husband are delighted with the fact more young people are becoming interested in government and actively working for candidates in both parties.

In Twin Falls County, college age supporters of Sen. Church are headed by Curtis Eason.

"Instead of putting their efforts to destructive things, these youths are participating in the elective process and know of no more practical way for students of government to learn about politics," Mrs. Church stated.

Some students are earning college credits for regular political internship. Mrs. Church said both she and her husband feel this will make our political system stronger as youths so actively involved in campaigning will have a much better understanding of practical politics.

The senator's wife has visited many Hill-Burton hospitals and geriatric wards during the last years because of her interest in sociology.

She pointed out, however, that

MRS. FRANK CHURCH admires an arrangement of coral-colored roses presented to her by the Twin Falls Garden club Wednesday afternoon. Mrs. Church, wife of the Democratic senator from Idaho, spoke to the club members at the picnic meeting. The floral piece was arranged by Mrs. W. W. Nelson.

the problems this country faces in conservation, whether human or natural resources, is something all women must be interested in.

"Mothers have much to do with setting the moral climate," she declared, "and the lack of urban pressure, good home and community atmosphere in Idaho is one of our greatest resources."

She feels that family neglect, broken homes and lack of education are the primary "root" problems causing the urban problems.

Mrs. Church always has traveled with her husband, starting when their oldest son was 7. It never has been the chore it could have been because of her interest in people.

The senator's attractive wife, who admits she "loves to cook and keep house," assists in the Friends of the House, in the capital. This center, supported by wives of congressional members of both parties, serves children from the slum areas in the District.

Four Members Initiated By Royal Neighbors

HANSEN - Four new members were given full initiation rites at the Royal Neighbor meeting at the Woodman Hall, Mrs. Dorothy Wright, Mrs. Vergil McCarty, Sharon McCarty and Mrs. Judy Brown, all Twin Falls, were welcomed.

The uncle, Mrs. Wayne Smith, conducted the initiation rites, assisted by the drill captain, Mrs. Cloe Weech. Mrs. Frank Wright, Mrs. A. M. Ed Sloan and Mrs. Mary Taylor are members of the membership investigating committee.

Prat officers included Mrs. Stella Hughes, Mrs. Rose Wiseman, Mrs. Taylor and Mrs. Jessie Calico.

Lena Bohm's resignation as recorder and Mrs. Wright's resignation as secretary were accepted. Mrs. Ardith Kidwell was elected as recorder and Mrs. O. V. Anderson elected as recorder. Judy Brown was appointed as endurancere to replace Mrs. Kidwell.

Mrs. Lewis Reed is the acting chairman for the card party and cooked food sale at 2 p.m. July 22 at the Woodman Hall. The cooked food sale will be held earlier.

Plans were made for a rummage sale in the future, with no date set.

DEAR ABBY: When I married Lou I knocked five years off my true age because he was a couple of years younger than I was. We have been married 25 years and have married children now, and Lou still doesn't know my real age. I am planning our first trip abroad this summer, and in order to get passports I sent away for our birth certificates - mine and Lou's. I got especially for this purpose. My husband frequently sees the mail before I do, and he would be flabbergasted if he opened the mail and saw the date on my birth certificate.

I suppose I am acting childish about this, but Lou is the kind of person who would risk the rest of my life if he found out.

Under my name I can drop out my birth certificate, or the passport so my husband won't find out how old I am? I have heard that it can be done. What is your advice?

OLDER THAN HE

DEAR OLDER: Don't "doctor" up anything. Be nonchalant and maybe Lou won't even notice the year of birth on your passport. Or tell him in advance. If he risks you, he risks you. Women have been getting the rib ever since Eve.

DEAR ABBY: I have just discovered that my husband has a new girl friend. He doesn't know I know about this one. We have been married for the last one, and he promised me if I forgave him it would never happen again. (If I had \$100 for everytime he said this, I'd be rich.)

In the past I've always let him know that I knew about his extra-marital affairs, but this time I am not going to say one word about it. I am completely drained of energy and emotion and I don't want to "talk it over" with him. I once had for his lies and promises. I just want to be left alone.

I've just said all confidence and faith in him and any "love" I once had for him is dead. Naturally, I certainly don't want to sleep with him any more. He knows I've cooled off, but he doesn't know why. I offered him his freedom in the past. He doesn't want it. (He said he "loved" me, that he provided very well for the children and me, but I have had it. What would you do?

IN A QUANDARY

DEAR IN: I'd give him two choices. See a marriage counselor or see a lawyer.

DEAR ABBY: When I was young I had an illegitimate baby. I gave him up for adoption on the advice of those who cared for me. I later married a man who knows all about my baby. We now have a 16-year daughter.

Should I tell my daughter about my illegitimate son as an example of what a foolgirl can do? I've heard that temptation and doesn't head the warning of her mother?

My daughter is a quiet girl who doesn't have a boy friend

## Sherry, A. Urie, Grabowski Plan August Wedding

Mr. and Mrs. Lynn S. Urie, Twin Falls, announce the engagement and forthcoming marriage of their daughter, Sherry Ann, to Ron Grabowski, son of Mr. and Mrs. Edward Grabowski, Jeannette, Pa.

Miss Urie is a 1968 graduate of the Boise College Department of Nursing and is employed as a registered nurse at St. Luke's Hospital, Boise.

Mr. Grabowski is a senior at Boise College, majoring in biology.

The wedding is planned at Our Lady of the Rosary Catholic Church, Boise.

## Overweight Heroine Wears Everything Queen Size

By VIVIAN BROWN  
AP Features Writer

Summer fashion is a bare necessity, says one tall overweight girl who "never had no good."

In winter, she hid behind her clothes, she says. Then "I decided the key to a fat girl's appearance was not in trying to be invisible in dark clothes but to be more dramatic in dress. Now I wear sleeveless short dresses and I'm really living."

There is more to her discovery than that, she advises plump girls. You must dramatize everything about you. Where a sash, fashion people say, wears tiny earrings, a matted hairdo and hats, dark clothes, inconspicuous clothes.

"Like you were born to be a house," she says. "This overweight heroine wears everything queen size."

Here's one of her typical costumes: A deep turquoise blue silk shift with matching cotton floppy-brimmed hat. The hat has a high crown which makes her feel like a queen.

When you're wearing a dramatic outfit, people don't notice your weight, it seems. I suddenly seem to have a great many more friends, particularly boys friends."

Once you get the dramatic message in clothes, you'll feel thinner, she says.

"It's psychological and it makes you project a different personality."

She offers these dressing tips for the overweight girl:

1. Choose pretty, deep-colored clothes, preferably solid colors until you get into the swing of your new look.

2. Lightweight fabrics - silk, crepes, thin wools and lined cottons are the best clothes.

3. A roomy shift is the most flattering to the figure. If arms are very large, wear a three-quarter sleeve. If neck is chunky, wear a v-shaped neckline.

4. Anything that makes you look heavy - globs of makeup, sticky lashes, bows on shoes, flashy costume jewelry - should be avoided. Stick to simple accessories, pumps, jewelry, and use makeup that is in good taste.

5. A good sports costume for overweight girls is a knee length shift that is slit at the sides to the upper thigh worn

## Women's Section

### Handiwork, Cakes Division Scheduled For County Fair

SHOSHONE - Women of Lincoln County can participate in the handiwork or cakes division at the county fair Aug. 2 and 3. All needlework, embroidery, crocheting, tatting, etc., will be accepted for exhibit and will be judged providing that there are enough entries for a class.

A banister will be provided to keep the public back far enough so that the work cannot be handled.

Awards of \$1 for first and 75 cents for second will be given in all classes judged in which there are three or more entries. Awards of rosette plus \$2 for first, \$1.50 and \$1 for third will be offered the three exhibitors receiving the greatest number of first awards.

Entries will be received from 9 a.m. to 1 p.m. July 31. All articles must be in the hands of the directors at the fairgrounds at that time and shall not be removed before 9 p.m. Aug. 3.

All articles must be the handiwork of the exhibitor and must have been made within the past three years.

Exhibitors must be finished articles, and completion is confined to residents of Lincoln County.

All articles entered in this department must be clean, neat, and will be placed on exhibits after judging.

Articles will be judged on general appearance, design and workmanship.

The same rules apply to the

foods division, as far as entry considerations are concerned. This includes not only the cakes, but pies, breads, rolls, cookies, candy and all canned foods.

All baked goods must be displayed on disposable plates, or the exhibitor must be responsible for his own container. Cakes must be decorated preferably with saran or similar type material.

Cakes will be divided into plain and decorated cakes division, and the plain may be frosted or not.

Judging will be done on appearance, texture and flavor where applicable.

Lesson Stated

SHOSHONE - "Flower Arranging Is An Art" is the lesson to the Young Homemakers at 2 p.m. Thursday at the courthouse.

This lesson will be given to all homemakers who want to make a nice fair exhibit as well as for home enjoyment.

All homemakers will want to keep up-to-date with the new trends for today and tomorrow as well as the latest in home life.

Mary Lou Ruby, home economist, states.

PUFF-PROTECT YOUR EYES

When sunbathing, bleached or dyed hair with a scarf, apply a good oil or sun-screening lotion to the skin and cover your eyes with soft cosmetic puffs.

## T.F. Woman Gets CPS Award

Mrs. Michael (Janice) Stover, employed at Twin Falls Title and Trust Co. since May 1, 1957, has been advised by Donald B. Bourk, dean of the Institute for Certifying Secretaries, a department of the National Secretaries Association, that she has successfully completed the Certified Professional Secretary Examination.

CPS is the abbreviation for Certified Professional Secretary, a professional designation awarded by the Institute for Certifying Secretaries.

The rating evidences the fulfillment of a prescribed period of education, satisfactory secretarial experience, and the successful completion of a two-day comprehensive examination in the areas of human relations, law, business administration, accounting, secretarial skills and office procedures.

This year 349 secretaries were certified in the United States, Puerto Rico and Canada. In the first 18 years of the CPS program, 4,250 secretaries have earned this coveted rating. Including this certification, there are only 20 CPS's in the state of Idaho.

Mrs. Stover was graduated from Twin Falls High School and attended the University of Colorado, Boulder; Twin Falls Business College and the College of Southern Idaho.

She is a charter member of the Twin Falls Chapter, The National Secretaries Association, having served as chapter secretary and president. She just completed a second term as president of the Utah Valley Division which includes NSA chapters in Provo, Salt Lake City, Ogden, Pocatello, Burley, Boise, Twin Falls, Caldwell-Nampa and Payette.

Mrs. Stover, wife of Michael Stover, manager of Hunter Produce, Inc., Twin Falls, is immediate past president of the Ladies of Elks Lodge No. 1183, and secretary-treasurer for District Five High School Road Association.

She will leave Tuesday to attend the International Convention of the National Secretaries Association in Portland, Ore. More than 1,500 secretaries will be in attendance from all over the world.

(Pete) Stover, manager of Hunter Produce, Inc., Twin Falls, is immediate past president of the Ladies of Elks Lodge No. 1183, and secretary-treasurer for District Five High School Road Association.

# National Demo Convention May Be Moved Out Of Chicago Area

By GARY GREENBAUM  
CHICAGO (AP) — More than \$10 million has been spent so far in Chicago for the Democratic National Convention, which may be moved out of the city unless a strike affecting preparations is settled.

Mayor Richard J. Daley, a power in Democratic party councils, repeatedly has laughed off reports his city might lose the convention. He has insisted the convention will go on in Chicago Aug. 28 as scheduled.

But Tuesday John M. Bailey, chairman of the Democratic National Committee which runs the quadrennial nominating convention, said, "I don't rule out the possibility we might move if the labor difficulties are not resolved by the end of next week."

Bailey added that there are no present plans for a move.

Daley continues to tell newsmen: "We'll have a good, old-fashioned, old-time Democratic convention with the delegates in charge and maybe without hyperbole folks all over the place."

A strike in progress, since May 8 against the Illinois Bell Telephone Co. is threatening the convention that would bring thousands of delegates, alternates, their wives and families, plus other thousands of aides and onlookers to Chicago for most of a week.

On strike and picketing are members of a local of the International Brotherhood of Electrical Workers. These are the specialists who install telephones, television cables and other communications equipment in the International Amphitheatre, the convention hall, and hotels where the delegations set up headquarters.

A picket line at any of these locations most likely would keep other craftsmen off the job — carpenters, painters and others needed to get the hall and rooms into shape.

Joseph O'Brien, Bell spokesman, said the longer the strike continues, the less facilities for news coverage there will be.

He said Bell has spent \$400,000 of the \$1.5 million it expects to spend on installations. This would be lost if the convention moved to another city.

O'Brien said television network coverage might be impossible if the strike goes on much longer. "Installing their lines is the most time-consuming, and time is what we're running out of. Only so many men fit in a matchbox, and they can't make up the delay by adding extra crews."

The city of Chicago will have to write off more than \$400,000 if the convention falls through, officials said. Chicago pledged \$750,000 to the party's expense chest and threw in an additional \$300,000 promise for miscellaneous expenses.

## One Teacher Still Needed At Richfield

RICHFIELD — One teacher is still needed before scheduled opening of Richfield's schools Aug. 28. The vacancy is in the second grade.

Three new teachers have been hired for the school year, with one former teacher, Neil Anderson, hired as superintendent replacing F. R. Briggs, who resigned to teach in the Boise school system.

A new school bus was purchased with bids for the bus body accepted from Teasley and Powers, Twin Falls, and bus chassis from Jim Neyman, Halley.

A vacation was granted Wendell King, school custodian, from Aug. 5 to 17.

Purchase of a check protector was discussed with Mrs. Udel Robinson named to report on questions concerning the matter.

## Charge Is Dismissed In Rupert Case

RUPERT — A charge of first degree burglary against Robert Tisdell, 40, Pocatello, was dismissed Wednesday morning by Fifth District Judge Sherman Bellwood for lack of evidence.

Tisdell was charged in June with the May 22 burglary of Jay's Foodland in Paul, which netted about \$1,400 in merchandise, including a gun.

The charge was filed against the man after a gun, identified as that taken from the Paul firm, was found in his possession when he was arrested by Pocatello authorities on a drunk-and-drive charge.

Tisdell had earlier pleaded innocent to the charge, but was ordered to stand trial in Fifth District court.

In other district court action, Bob Cordova, Rupert, was sentenced to not more than two years in the state penitentiary for conviction of a charge of passing a no account check.

Cordova was on probation for a similar charge when the check was passed. He will be transported to Boise later this week by the Minidoka County Sheriff's office.

## Release Of USS Pueblo Predicted

WASHINGTON (AP) — Sen. Stephen M. Young, a member of the Senate Armed Services Committee, predicted today North Korea will release the captured USS Pueblo by the end of August.

The Ohio Democrat said the prediction was "based on information" but did not specify its source.

"The ship and crew will be released," Young said in a statement. "The incident will be closed."

Young said U.S. diplomats and Soviet officials have worked secretly to arrange the release of the intelligence ship seized last Jan. 23 off the North Korea coast.

Young predicted the United States will admit the ship had entered North Korean waters, pay an indemnity of \$100 million or more and apologize for the intrusion.

While no progress has been reported officially in U.S.-North Korean talks, Young said in a statement: "In 19 sessions at Panmunjom and in many secret sessions progress has been made."

The ship and its 83 crew members were seized by North Korean forces on the ground it had entered its territorial waters.

## Movies Shown To Jerome Club

JEROME — Lt. (j.g.) Jim Parkinson showed movies of his duty in the Naval Air Force at the Kiwanis Club meeting Monday.

His father, John Parkinson, was also a guest. The pictures were taken aboard an aircraft carrier in Hawaii and the Philippines, and in the Sea of Japan following the seizure of the Pueblo, Lt. Parkinson will return to duty in the Pacific.

Next week's program will be a report on "Boys' State" by Steve Haddock.

## News Of Record

**TWIN FALLS COUNTY**  
**Buhl State Police Blotter**  
At 3 p.m. Friday, there were quarters of a mile north of Buhl on the Clear Lakes road, a 1966 Ford pickup truck operated by Jack A. Joslin, 48, 909 Broadway, Buhl, collided nearly head-on with a 1960 Lincoln driven by Martha J. Clifford, 16, Buhl. Also involved in the accident was a 1957 Pontiac operated by Oscar M. Thurman, 77, 810 Main, Buhl.

Miss Gafford attempted to pass the Thurman car and struck the pickup, which pinned the Thurman car and then slid broadside into the rear of the Thurman car. Miss Gafford was released and Miss Thurman was taken to the hospital for treatment and released.

Larry Clapper, 19, Route 1, Buhl, riding in the back of the pickup, was thrown to the floor during the accident but was apparently uninjured. Citations are pending.

**CASSIA COUNTY**  
**Burley Police Blotter**  
M. Deley Paskett, 25, 1826 Oakley Ave., Burley, was cited for failure to yield the right of way following a truck and station wagon accident at 8:10 a.m. Tuesday at intersection of Park Ave. and 16th St. Paskett was driving a 1967 Kenworth truck owned by B and T Trucking Co.

## Vietnamese Condemn 10 Men To Death

SAIGON (AP) — A South Vietnamese military court today condemned 10 men, doctors, lawyers, educators and politicians to death in absentia for leading an organization that advocates overthrow of the Saigon government and formation of a coalition government including the Viet Cong.

After a 20-minute trial, the court also ordered the property of the defendants confiscated.

The defendants were convicted of treason for being leaders of the Alliance of National Democrats and Peace Forces of Vietnam, labeled a Communist front by both the South Vietnamese government and the U.S. Embassy. They disappeared from their homes shortly before formation of the alliance was announced in March by the Viet Cong's Liberation Radio.

One of those convicted was Thich Don Hui, leader of the Buddhist political faction in Hue. Other Buddhists claim he was abducted by the Viet Cong during the fighting in Hue in February.

## School Officer Talks To Chamber

RUPERT — The Minidoka County and Cassia County School districts will have a new vocational rehabilitation officer for the coming school year, according to a report made to the Chamber of Commerce Thursday by Minidoka County School Superintendent, Camden Meyer.

The new officer, Peter Keys, 34, formerly of Utah, has officially been serving in that capacity since July 1, and will work half days in Burley and half days in Rupert.

Mr. Keys, who is married and has two children, has made his home in Burley, where his main office is. However, he can be reached in Rupert through the central school offices.

He received his education at Kenyon College, Ohio; University of Idaho, Moscow; University of Cincinnati, Cincinnati, Ohio, and was employed as a counselor on the college level at Utah Tech. He came before moving to the area.

Mr. Keys spoke to the Rupert businessmen Thursday of the need for the public cooperation in helping the special education pupils to find their place in society. He said that a new work-study program was to be instituted into the two systems this year whereby the students would study a half day, then work on the job, the other half.

The special education classes have, until this year, been held at the Washington Junior High in Rupert, but will be moved to the high school this year.

Mr. Keys explained that the handicapped under his program are capable of handling service occupations, clerical work, sales, building trade or labor, agricultural work, or skilled or semi-skilled labor.

Prior to being introduced to the public, however, the students will be given positions around the school to teach them to be some particular place on time, to do an assigned task, and to do that task well, Mr. Keys said.

The ultimate goal for our program, he said, is to achieve permanent employment for these people after they have finished their on-the-job training.

## Schools Receive State Money

BOISE (AP) — Idaho public schools have received their first installment of state general fund money for the fiscal year which began July 1.

A total of \$10.2 million was transferred Thursday to the school districts. It is the first allocation out of a total of \$30,243,000 which will be distributed to the schools as state aid in the 1968-69 school year.

For the 1967-68 school year, the districts received \$29.9 million from the state.

## Joint Advisory Committee Is Formed For Hospitals In Rupert And Burley

RUPERT — A Joint Hospital Planning and Advisory Committee has been formed under the direction of the hospital administrator, Robert C. Barton, in keeping with a policy of progress for both the Minidoka and Cassia Memorial Hospitals.

Other members of the committee which will examine existing hospital services may have been unnecessarily duplicated at either a financial premium or with questionable quality.

Other members of the committee include Dr. Eugene Holinger, Dr. James R. Kirchner, Dr. B. K. Humphrey, and Dr. H. W. Crawford, all members of the medical staffs for the two hospitals.

But VanEvery, Minidoka County Commissioner; John Clark, Cassia County Commissioner; Fern Pollock, R.N., director of nurses at Minidoka Memorial Hospital, and Audrey Harper, R.N., director of nurses at Cassia Memorial Hospital, are also on the eight-member committee.

Another purpose of the group will be progressive planning to upgrade hospital services in the Minidoka-Cassia Community to their greatest potential, which will require prevention of future unnecessary expensive duplication of services to the exclusion of otherwise valuable services.

Mr. Barton noted that "in recent years great progress has been made in internal hospital planning and administration at the two hospitals."

However, he added, this is not real assurance that the hospitals are best meeting the needs of the community. Providing a service well is not the same as providing the right service, he said.

**Purse Stolen**  
 OMAHA, Neb. (AP) — Elaine Lawson, 31, told police two boys snatched her purse containing \$30 and her drivers license when she stopped to use a public telephone. An hour later she was involved in a minor accident. Police ticketed her for failure to have a driver's license.

The officer declined her explanation, saying she would have to tell it to the judge.

**Sentenced**  
 PUEBLO, Colo. (AP) — A 19-year-old Pueblo boy was sentenced in Municipal Court Thursday for running a stop sign with his bicycle and colliding with a car. Judge Fred J. Mack said Joseph Valenti would have to spend 30 days on foot and off his bicycle.

**Slides Shown On Alaska At Jerome Meet**  
 JEROME — Ray Assendrup showed slides and told details of his trip to Alaska at their noon meeting on Tuesday. He was introduced by Leo Altin, program chairman.

Charles L. Harrison appointed LeRoy Cray to the treasurer's post-vacated by Lowell Jeffries. Others appointed were Classification, John Steele, membership, Nick Hauer, and Interest, Leon Felter and Bud Hove. Program chairman for the coming year will be William Lipscomb.

The Tumwater and Joe Rose, C. R. N. Shepherd, Fred Burkhalter and John Steele were named as song leaders.

Ralph Peters read a letter from Craig Wallin thanking the club for sponsoring him at Boys' State.

Guests were Ludell Waldron, Twin Falls, and Gary Thompson, California, grandson of Frank Rettig.

**PHARMACY PHACTS**  
 From Bob Crowley, R.Ph.

If you're a newcomer in our community, we here at your friendly pharmacy, will appreciate the privilege of knowing you. And we want you to know us because sooner or later you or your family will need our services. It's really a good idea that we know each other before you do need us. We'll appreciate your coming in and saying "hello" whether you need anything at this time or not. Our main reason for being here to serve you is our expert, friendly prescription service. We'll appreciate your thinking of us.

Here at 144 Main Ave. S. we're glad to give your prescription TLC (tender, loving care) because this is the "priceless ingredient" included with each prescription we fill for you. You get TLC here at CROWLEY PHARMACY.....always.

REVIEW OF THE Magic Valley Peace Officers Association roadblock system was conducted late Thursday after a test in which some 20 officers and vehicles participated in a simulated roadblock. Posing as the two "suspects" are Sheriff Paul Corder, Bill Stenemetz, State Patrolman Ron Grove, who apprehended the pair, and Floyd Hagens, director, standing from left. Deputy Sheriff T. K. Kendrick, and the two "suspects," Police Chief Frank Barnett and Police Chief Robert Pollock, kneeling from left, discuss points where more roadblock concentration is needed.

## Weak Links In Area Roadblock System Tested By Fake T.F. Armed Robbery

Magic Valley law enforcement officers found their roadblock system was a little weak along the rural roads south of Twin Falls after two "robbery suspects" slipped past 20 police cars in a mock test Thursday afternoon.

The two "suspects" who were actually Police Chief Frank Barnett, Twin Falls, and Police Chief Robert Pollock, Idaho Falls, were given a 10-minute start after their supposed robbery of Gene's Market, 353 Heyburn Ave.

They were "captured" by State Patrolman Ron Grove as they drove back toward Twin Falls on Highway 33 near Rogers.

In a review of the test, the first held by Magic Valley law enforcement officers in three years, officers decided the weak point of their roadblock system involved county and unimproved roads south of Twin Falls.

Chief Barnett and Chief Pollock said they left from a home near the market, drove around the east of the city, then went south on the Natsopah road.

They reached Jackpot, Nev., without being stopped but since they had about an hour of time yet in the test, decided to try to slip back into the area and test the system in the Castleford and Buhl area. They were spotted by the state officer a short distance north of the Nevada line.

Floyd Hagens, Burley police officer, who coordinated the plan, and Chief Barnett and Sheriff Paul Corder, Twin Falls, sponsors, said the review of the system indicated vehicles were late in setting up cover on the rural roads south of Twin Falls.

Radio communications for the test were conducted by Bill Stenemetz, Twin Falls Police officer, with Deputy Sheriff T. M. Kendrick using a map on which small magnets are moved to keep a current account of car locations.

Both Chief Barnett and Sheriff Corder agreed the test was somewhat hampered by lack of official vehicles. There were four Twin Falls County vehicles, three state officers from Twin Falls, two from Halley and

Rupert, one Twin Falls city car, and one each from Jerome, Gooding, Wendell, Cassia and Minidoka Counties. Two participated from Burley.

Officers said the search was valley-wide and information was given to officers in cars as reports on the "suspects" reached headquarters. The original description of the vehicle gave only part of the license number, color and make of the vehicle and a description of the two suspects.

Mr. Hagens said he selected one out-of-town man and one who knew the area, although Chief Barnett was not told he would be one of the "suspects" until the time of the test.

During the review and a dinner meeting at the Depot Grill following the test, officers discussed action that will be taken to strengthen weak areas of the system.

GIVES UP CHAIR OXFORD, England (AP) — Edmund Blunden announced today he is giving up the chair of poetry at Oxford because of failing health. He is 71, with nearly three years left in his five-year term.

## Crop Damage To Be Thousands Of Dollars

By ROBERT VANAUDEIN  
Times-News Farm Editor

Crop damage in Magic Valley in the past two weeks is expected to run into the thousands of dollars.

This damage was caused by frost, wind and most recent hail. The hail damage occurred in Minidoka County Tuesday afternoon when a freak hail storm caused extensive damage to beans, beets, corn, alfalfa and grain south of Rupert in the Emerson area.

This hail damage area was in a strip of land about one-half mile wide and from three to five miles long. The grain heads in many fields were shredded and knocked to the ground.

According to Mrs. Pearl Rayl, office manager of the Twin Falls District Federal Crop Insurance Corp., it will be several days before the exact extent of the damage caused by the hail. However, it was noted by Minidoka County farmers and officials, the damage caused in the past two weeks is not as extensive as in 1967.

Beans and potatoes were damaged by frost in Minidoka County two weeks ago and the damage there is expected to be in the thousands. It will be several days before an estimate of damage and the number of acres damaged by the frost.

Mrs. Rayl said she has received between 40 and 45 calls from Minidoka County farmers and several hundred acres of beans—green beans, have been damaged.

Other claims are pending. Mrs. Rayl said.

Grain was heavily damaged by the frost two weeks ago in Cassia County.

There also was reports of crop damage by frost in Cassia, Jerome and Twin Falls counties, but the amount of damage has not yet been determined. Claims of these damages are still being processed.

There was some frost and wind damage around Twin Falls, but most of the frost damage was in the Buhl and Castelford areas.

Generally, the damage by frost was scattered throughout Magic Valley.

SOME BEAN DAMAGE in one Twin Falls area bean field is being checked over by Donald Youtz, Twin Falls County agent, left, and Marshall Lellaron, superintendent of the Twin Falls Branch Experiment Station, University of Idaho. The damage here was only wind damage. There were scattered reports of frost damage recently to some beans throughout Twin Falls County.

## Along Fences And Canals

Mr. and Mrs. Ferrell Carroway have had a ready-built eight-room home moved to their place in north Shoshone, one-half mile west of Johnny's country store. Plumbing, heating and wiring facilities are yet to be completed and Mrs. Carroway is doing the painting. They plan to move into the new home about Sept. 1.

Mr. and Mrs. Richard Chute and son, Rickie, have moved to the tenant house on the farm of their parents, Mr. and Mrs. Ferrell Carroway, north Shoshone. He is working on the county road construction.

The King Hill Irrigation water was turned back into the canal Sunday after the water had been turned out for three days because of missing conditions, according to Ted Moore, manager of the Irrigation district.

Wheat fields at Tuttle have turned to the color of ripening and the sweet corn is tasseling well. Most of the haying operations are finished.

## No Bids Received For Ambulance

JEROME—No bid have been received by Jerome county commissioners on providing ambulance service for the county. It was reported at the Monday meeting.

It was expected that the principal business at the meeting would be the opening of bids for the call for which had been publicized. Commissioners did not decide whether to issue another call for bids.

Meatline ambulance service is provided by Maglo-Valley Ambulance Service, operated by Clyde Edwards, Twin Falls.

NAMED DIRECTOR  
CASTLEFORD—Maurice Guerry Jr., Castleford livestockman, has been named to the Western Range Association board of directors. He was elected during the group's annual meeting in Fresno, Calif.

## Production Up

WASHINGTON (AP)—Production of summer vegetables is about four per cent above last year, the Agriculture Department says.

Included in the increases are round peas up 23 per cent; watermelons, 4 per cent; strawberries, 7 per cent; and onions, 1 per cent.

## Minidoka Youths To Attend Camp

RUPERT—The annual Minidoka County 4-H summer camp will get under way this year Monday, July 15, at the camp site north of Ketchum.

Some 150 4-H'ers from the county are expected to attend the four-day event, which is held for both boys and girls between the ages of 10 and 18, inclusive.

Buses will begin loading at 8 a.m. Monday at the court house. Those wishing to attend should apply beforehand with the county agent's office in Rupert.

A new \$18,000 laundry and shower complex has been added since the last camp session at the site.

Some of the local farmers how potato seeds are developed. In the bottom left photo Art Kaster, Twin Falls Soil District, talks with Chuck Howard, manager of the Plant Materials Center, Glenn Nelson, chairman of the Twin Falls Soil District, right bottom photo, examines some Crown Thatch plants.

## 10 Local Farmers Tour Plant Materials Center At Aberdeen

By ROBERT VANAUDEIN  
Times-News Farm Editor

A group of Twin Falls County farmers and supervisors of three local soil districts viewed several new species of grasses and legumes during a tour of the Aberdeen Plant Materials Center earlier this week.

The farmers, numbering 10, along with local Soil Conservation personnel, saw new species of grasses for range, pasture and as seed production, being tested under certain conditions at the center.

Explaining the various species of grasses and legumes that have been developed and tested and those currently being tested at the center was Charles Howard, center manager.

The new Joe Marshall Potato Research Center also was toured by the local farmers. In this center at the Aberdeen Branch Experiment Station, University of Idaho, research on storage, handling and cooking of potatoes is under way. This center was named in honor of the late Mr. Marshall, Idaho's potato king.

Potato plants started from the

true potato seeds, which are grown in greenhouses at the experiment station, were shown to the local farmers. Several of the farmers were amazed at how small the true potato seed is. The seed is about half the seed of alfalfa seed.

The Aberdeen Plant Materials Center is located on a 45-acre farm that the Soil Conservation Service has leased from the South Bingham Soil Conservation District. The center serves three states, Idaho, Nevada and Utah.

The center helps to determine the needs for new and improved plants and related cultural and management techniques in conjunction with the planning and establishment of overall soil and water conservation programs within the three states.

The center also collects and assembles materials with potential for meeting these needs. Plants come from all parts of the world.

Mr. Howard explained that the center selects superior plants or techniques by systematic on-center testing against known standards, conducts field evalua-

tion plantings to comparatively evaluate selected plants and techniques under specific site conditions not prevalent at Aberdeen, and increases materials of highest potential for final testing under actual farm conditions.

The Aberdeen PMC also maintains breeders and foundation seed of cooperatively-released varieties. Foundation seed is available to soil conservation districts for seed increase plantings on cooperative farms.

A total of 647 plant accessions were planted in 135 test evaluation plots in 1967 at the center.

Mr. Howard added that since 1950 the PMC has provided seed for 377 Soil Conservation District seed increase plantings of improved grasses and legumes. This amount of seed produced is estimated at nine million pounds and an approximate value of \$6.5 million.

It was pointed out to the local farmers by Mr. Howard that the planters in seed production are some farmers in Twin Falls County: Glenn Nelson, John Pascoe and Ellis Fuller were three of the first ones.

The PMC assisted in the development and release of 19 improved varieties of grasses and legumes. The latest release varieties include Regar B from grass and Pomar dwarf orchard grass.

Another laboratory visited by the local farmers was the cereal laboratory. Here Dr. M. R. Wise explained how the cereal grains are tested. Hay in the field are ground up and then the flour is tested.

The local farmers were praised by officials at the center for their outstanding work in grasses and legumes, as well as in other crops which are grown here.

The 10 local farmers are Glenn Nelson, John Pascoe, Bill Kinsey, Twin Falls Soil District; Dick Stafford, Art Reinhold, Lester Nahler and Roy Fisher, Snake River Soil District; and Jack Skinner, Balanced Rock Soil District.

**Usage Down**  
WASHINGTON (AP)—U.S. per capita consumption of milk this year is expected to drop about one per cent from the 569 pounds in 1967—the Agriculture Department says.

But the expected decline will be less than the three per cent drop in 1967, the department adds.

## Figures On Dairy Cows Are Reported

Dairy cows on production testing in Unit Two of the Twin Falls County Dairy Improvement Association during May averaged 48 pounds of butterfat and 1,275 pounds of milk per cow, according to Twin Falls County Agent Donald Young.

Production figures include all cows on test, including dry cows. The May report of Don Hilson, Filer, testing supervisor, showed 1,045 cows were on test, with 926 in production and dry cows numbering 119.

The large herd of over 50 cows Clyde Wright, Filer, had the high production average of 58 pounds of butterfat and 1,341 pounds of milk with 74 cows of a total of 81.

Other large producing herds with butterfat, milk, total cows and number in production are: Blair Hall, Twin Falls, 53, 1,604, 53 and 54; Irvin Ehlers, Twin Falls, 52, 1,442, 68 and 69; and Hilson, Filer, 70, 1,343, 59 and 55; Russell Riggs and T.W. Richmond, Buhl, were tied with a 47-pound average of butterfat and 1,258 pounds of milk with 81 cows.

Other herds with high averages are: 47, 1,221, 58 and 54; Richmond's average of 47, 1,280, 80 and 88; Gary Custer, Twin Falls, 46, 1,331, 57 and 58; and Walker, Matheson, 43, 927, 104 and 82.

In the medium-size herds of 25-50 cows, William Griggs, Filer, 41, 1,171, 57 and 58; Carl Waller, Filer, 31, 1,375, 25 and 24; Gaylord Down, Filer; Everett Andrus and sons, Filer; and John and Mary Buhl, all had an average of 49 pounds of butterfat. Others were Dale Williams, Filer, 47, 1,263, 30 and 31; Robert Smith, Filer, 40, 1,210, 30 and 30; Lawrence Kahlfisch, Filer, 43, 1,304, 26 and 25; Earl Catts, Filer, 40, 1,210, 26 and 25; W.H. Pearson, Hansen, 40, 1,175, 43 and 42; Vernon Lassen, Filer, 38, 854, 49 and 35; and Carl Leonard, Filer, 40, 532, 26 and 10.

In the small herds under 25 cows, Mike Holloway, Twin Falls, 38, 1,171, 27 and 27; of butterfat, 1,915, 7 and 7; and Harvey Quenell, Twin Falls, had 19, 841, 35 and 25.

## Market For Vegetable Oil Drops

By DON KENDALL  
WASHINGTON (AP) — The United States is losing a major market for vegetable oil, especially soybean — because of changes in world production and prices over the last two years, according to a report issued today by the Agriculture Department.

Iran, in 1966, was the top foreign market abroad for U.S. soybean oil, with about 35 percent of its total vegetable oil imports coming from this country.

Last year, the department said, Iran bought only 18 percent of its oil imports from the United States, and soybean oil was less than 12 percent of the total.

"The big gainers have been sunflower seed oil from the Soviet Union, Bulgaria and Romania, which together accounted for about 60 percent of Iranian vegetable oil imports," the department said.

"Soybean seed oil production has been expanding rapidly in Eastern Europe so that considerable oil is available for export. Prices are much higher than U.S. soybean oil and are declining."

"U.S. soybean oil delivered on the Persian Gulf in April sold for about \$240 a ton. Soviet sunflower seed oil delivered to Canadian ports sold for about \$200 a ton."

The big gainers have been sunflower seed oil from the Soviet Union, Bulgaria and Romania, which together accounted for about 60 percent of Iranian vegetable oil imports, the department said.

"Soybean seed oil production has been expanding rapidly in Eastern Europe so that considerable oil is available for export. Prices are much higher than U.S. soybean oil and are declining."

NAMED GRAND CHAMPION Arabian stallion of Region II at the All-Arabian Horse Show in Na Ben Sotep, owned by Herta Arabians, Billings, Mont. The horse, shown with his trainer, received the coveted award at the finals of the three-day show held at the Twin Falls County Fairgrounds, July 10-12. The stallion is a purebred and half-Arabians from Western States took part in the competition of over 70 classes.

## Montana Arabian Stallion Takes Top Honors At Filer Horse Show

FILER — Na Ben Sotep, owned by Herta Arabians, Billings, Mont., was named Purebred Arabian stallion of Region II at the All-Arabian Horse Show in Na Ben Sotep, owned by Herta Arabians, Billings, Mont. The horse, shown with his trainer, received the coveted award at the finals of the three-day show held at the Twin Falls County Fairgrounds, July 10-12. The stallion is a purebred and half-Arabians from Western States took part in the competition of over 70 classes.

The act is a Federal law regulating those engaged in interstate marketing of livestock and poultry, and in meat packing, it prohibits unfair, deceptive, discriminatory, and monopolistic marketing practices.

IDAHO FALLS — Floyd and Leon Skelton, operators of a livestock auction market at Idaho Falls, were charged with violating custodial account requirements of the Packers and Stockyards act, the U.S. Department of Agriculture said today.

USDA Judicial Officer Thomas J. Flavin ordered the firm to cease and desist:

(1) Using proceeds from sale of consigned livestock for purposes other than payment of proceeds to livestock sellers and for marketing charges;

(2) Failing to maintain a custodial account for sellers' proceeds in conformity with provisions of the act.

The respondents receive cattle consignments from producers in Idaho, Montana, Utah and Wyoming. They were charged with an administrative complaint filed by the Packers and Stockyards Administration (PASA).

In answering the complaint, the respondents admitted USDA jurisdiction, neither admitted nor denied the remaining allegations, waived oral hearing, and consented to issuance of the cease and desist order.

The order — like a permanent injunction — is designed to insure continued compliance with the P.S.A. Act.

The act is a Federal law regulating those engaged in interstate marketing of livestock and poultry, and in meat packing, it prohibits unfair, deceptive, discriminatory, and monopolistic marketing practices.

Purebred Arabian Champion Mare at the recent Idaho All-Arabian Horse Show at Filer. In Carlsbad, owned by Dr. and Mrs. B. P. Hubbard, Whittier, Calif. Here Cerrito Paladini, member of the Filer Wranglers, presents a trophy, which the mare won as the top purebred Arabian mare, five years and older class, to Jeff Wendell, Whittier, the mare's trainer. The mare won the Purebred Arabian Champion Mare award the last day of the three-day event.

## Forests Are Improved By 4-H Workers

CHICAGO, Ill. — The 4-H forestry members throughout the United States are making a sizable contribution to the evaluation and maintenance of forests and trees everywhere.

Four-H youths, in the past two decades, have engaged in forestry projects as they learned to plant, harvest and manage forest lands, according to the Cooperative Extension Service.

An estimated quarter-million acres of forest land was used in 1967 projects alone, and involved over 81,000 boys and girls.

Sponsor of the national 4-H Forestry program is the American Forest Products Industries for the 21st straight year. Incentive awards are provided for outstanding achievement.

The awards consist of medals, individual pen and pencil sets, expense-paid trips to the National 4-H Congress in Chicago and six scholarships of \$500 each.

As the young people work to bring projects to a successful completion, they often earn money toward college expenses or for buying land and equipment.

Four-H club members plant hundreds of thousands of pine seedlings each year. They learn to control weeds and insects, prune and thin tree crops, plant windbreaks and finally harvest the trees, turpentine or maple syrup.

At the young people work to bring projects to a successful completion, they often earn money toward college expenses or for buying land and equipment.

Four-H club members plant hundreds of thousands of pine seedlings each year. They learn to control weeds and insects, prune and thin tree crops, plant windbreaks and finally harvest the trees, turpentine or maple syrup.

## Junior Group Formed In Wendell Area

WENDELL — Orchard Valley Junior Grange was formally organized with Mrs. Ira Kistler, Gooding, State Grange Lecturer, officiating for the degree work and obligation.

Officers elected and installed included Jimmy Orth, treasurer; Andy Hill, overseer; Lisa Butler, lecturer; Barbara Crosby, secretary; Mark Cutler, steward; Morris (Sis) Hill, chaplain; Blaine Scott, treasurer; Tracy Scott, gatekeeper; David Crosby, assistant steward; Kae John, lady assistant; Becky John, concert singer; John, Po-mona; and Lynn John, Flora. Mrs. Jon (Susan) Buttcane, will serve as matron.

Prior to the degree work, Mrs. Kistler spoke briefly concerning the duties and activities of the Junior Grangers. She told the members about the camp at Heyburn Park in Plummer, Idaho, July 21-28.

Prospective members wishing to attend and not able to join Junior Grange before are invited to attend as an initiation will be held for nonmembers during camp. The cost will be \$14.50 with an additional \$3 deposit sent in advance.

For further information those interested may contact Mrs. Frank Orth.

Two contests of interest were explained by Mrs. Kistler. One was decorating nut cups and the other making pictures with seeds.

Knit Wits Go To County Seat  
GLENN FERRY — Mrs. Gordon Brown and Mrs. Cal White, chauffeur the Glenns Ferry Knit Wits 4-H Club members and their leader, Mrs. Horner-Hamrick-Mountain Home for a tour of the county seat.

Janet White, reporter, said the Elmore County Courthouse was the first stop where Bill Trail, recorder, and then county courthouses offices. The group also visited the Knit-Bit Shop.

One of these Fox Harvesters is "just right" for your farm

Self-Propelled SP-F  
Big drive wheels up front put it right over the spots where others get stuck — even the harvest.

Opens fields without flattening rows. Over 70-ton-per-hour production in heavy corn. You sit up front, comfortable, high, out of dust, handy to controls, power steer, clearly view everything.

Heavy-Duty Custom-7  
Rugged, dependable pull-type for large beef and dairy farms, custom work. Runs good as new after 10, 15 years' use.

Can work round-the-clock in tough crops, rough terrain. Gives you nine lengths of cut.

Low-Priced Super-6  
A lot of machine for the money. Has safety device and advanced engineering features of higher-priced harvesters.

Really cuts up to 80 tons per hour in heaviest corn with minimum horsepower.

Quick-change corn, mower and pick-up units to fit all three models.

## New Seal Is Adopted By Interior

WASHINGTON — The Interior Department has adopted a new seal to symbolize broader mission.

Secretary Stewart L. Udall said the new seal symbolizes a long as Interior was primarily a Department of the West, but now resource responsibilities now span the whole country as never before.

"The new seal emphasized what the department calls its 'environmental mission' — it includes stylized, symbols of the sun, mountains and water — all framed by a stylized pair of hands."

The hands symbolize our duty and responsibility," says Udall. "Man now has the power to use these great gifts of nature in ways that can make the world livable, or ruin it beyond hope. As natural resource managers, we must work for their wise use."

## Magic Valley's 4-H Scene

### 4-H Leaders Slate Meet

SHOSHONE — The 4-H Leaders Council will meet at 8:30 p.m. July 18, at the courthouse reports Ivan Hopkins, county agricultural agent.

Committee reports will be given on the Ice Cream social, 4-H camp and club congress.

Mr. Hopkins reports the fair, Aug. 12-3 and committee will be made of the judging and demonstrations contest scheduled for July 26.

If there are any questions about 4-H projects, exhibits or the fair, contact may be made at the county extension agent's office.

### 4-H'ers Practice Fitting, Showing

Members of the Sage Chicks 4-H Beef Club practiced fitting and showing their project calves during a recent meeting at the home of Fred Jones, leader.

Plans were discussed for the fair, and the next meeting will be held July 28 at the home of Bill Clark, Three Creek.

### 4-H Welding Club Has Meeting

SHOSHONE — Members of the Weary Welders 4-H Club met recently, at the Dietrich Grange where Bill Taylor, leader, explained the names of each tool.

He also showed how a cutting torch and the fair exhibit was planned.

### Talks Given

A demonstration was given on how to hand hem by Marilyn Brady during a recent meeting of the Healthy Hungry Helpers 4-H Club.

Beverly Beckstead gave a demonstration on how to make a berry muffin, after which the muffins were served to the members.

### Members Wanted

FILER — Membership is still open in the 4-H Club and anyone interested should call Mrs. Don Lowder or Kathy McCandless.

Hand sewing will be presented at the next meeting at the home of Mrs. Lowder.

### Party Held

HANSEN — The June 11th division of the Calamity Clippers 4-H group held a slumber party at the home of their leader, Mrs. Eldred Bodily. The evening was spent in playing games and refreshments were served.

### 4-H Club Meets

Members of the Shamrock Business 4-H Club viewed demonstrations during a recent meeting.

Demonstrations were given by Miss Ann Kohnst, Jan Corak and Linda Rosenof.

### Party Slated

WENDELL — The Mighty Millers 4-H club members plan a swim party for Aug. 16 at "Benny's".

A demonstration on "How to use a Thimble" was presented by Maude Mecham at the last meeting at the home of Mrs. Verna Miller. Reporter for the club is Cynthia McCollid.

### Agriculture Budget Okayed

WASHINGTON — A \$5.5 billion appropriation for the U.S. Department of Agriculture programs for fiscal year 1969 was approved by the Senate recently. The total is \$12.4 billion more than the House of Representatives voted, but \$1.4 billion less than requested by the Administration.

The appropriation for the Farm Income Stabilization Service is \$1.3 million, \$307,000 less than requested in the budget.

### 4-H Club Plans Cooked Food Sale

HANSEN — A cooked food sale was discussed by members of the Hansen Hostlers 4-H Club during a recent meeting.

A committee was chosen for handling the cooked food sale. The 4-H Summer Camp was discussed and 17 club members are currently attending camp.

### Malta Club Gets Name, Officers

MALTA — A newly formed 4-H Club for the young girls of Malta was named. The Malta Bolls and Bobbins and the new officers chosen for this year.

Gina Neddo is president; Maria Ellison, vice president; Emma Peterson, secretary-treasurer; Neena Anderson, song leader; Candance Anderson, reporter; and Glenda Jones, recreation chairman.

Leaders of the new club are Mrs. Bruce Hall and Mrs. Frank McAlaine. At the meeting held at the home of Mrs. McAlaine the girls' mothers were guests. Each girl used a sewing machine with help and advice from the leaders.

### 4 Winners In Speech Contest Are Announced

MOSCOW — Four winners of a 4-H public speaking contest sponsored by the Idaho Wheat Commission were announced recently by Dan E. Warren, state club leader for the University of Idaho extension service.

The winners include Bill Fitzgerald, Lewiston; Elaine Jones, Rexburg; Lyle Aldoway, Teton City; and Barbara Miller, Idaho Falls.

The winners will have a trip to a regional marketing center next winter, Harold West, secretary of the commission and Idaho Wheat Growers Association, will determine the place and date.

Others who received scholarships for the 4-H Congress at Moscow for the public speaking event were Genevieve Klaffitz, Dietrich; Patricia Mooney, Webster; Donna Schlader, Kamaia; Norma Herrick, Wilder; Agnes Webb, Pingle; Jacqueline Decker, Rigby; Susan Conard, Twin Falls; and Joe Eld, Donnelly.

### 3 Renamed To Gem Beef Council

BOISE — Gov. Don Samuelson announced the reappointment of three men, all prominent in the Idaho beef industry, to three-year terms of office as members of the Idaho Beef Council. New terms of office commenced July 1.

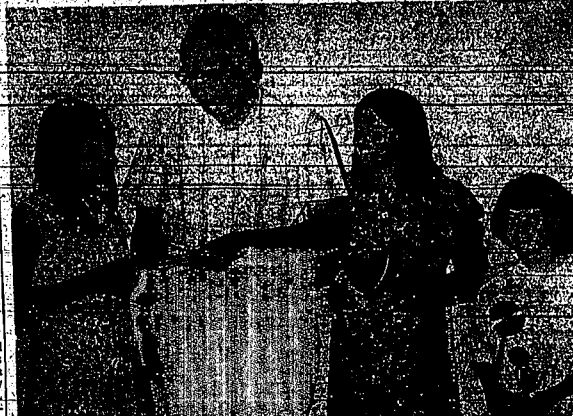

The appointees, Ralph Stebbins, Idaho Falls, county representative; U. J. "Shorty" Arnesen, Cottonwood, livestock auction representative; and Robert Davis, Idaho Falls, dairyman representative, had served for the past year as one year appointees to the seven-member council.

Other members of the Idaho Beef Council include Ralph Olmstead, Twin Falls, feeder representative; Porter Houghland, Springfield, cattleman representative; Robert Crow, Rexburg, feeder representative; and John McBoyle, Grangeville, cattleman representative. McBoyle serves as chairman of the council.

### Idaho Milk Production Down

BOISE — Total production of milk in Idaho was estimated at 121 million pounds, valued at \$108 million, about five per cent lower than the previous year.

Production advanced three per cent this year from March 1967, but was below a five per cent average seasonal increase of two per cent for the same period. The output of creamery milk was below a year earlier, while production of American cheese and ice cream was above.

PRESENTING CHECK for \$311 to Olan Genn, Twin Falls County 4-H agent, is Janell Young, secretary of the Worthwhile Feeders and Breeders 4-H Club, Kimberly. This money was raised by the club from donations made to the club. Looking on are two members of the club who collected the most donations. They are Patty Butler, second from right, and Jody Perkins, right.

### Hay Thieves

GLENDARE, ARIZ. (AP) — Glendale police told police he awoke to find one of his fields had been cut during the night. His large baler had been used to bundle the hay, which thieves then carted off.

### 3 Million 4-H'ers Work On Projects

CHICAGO, Ill. — Four-H members are widely known as "doers." Today an estimated three million boys and girls between 9 and 18 years of age are engaged in some 50 different projects.

The Cooperative Extension Service, which supervises all 4-H work, has developed these projects over the years. The majority of the projects and programs are suitable for urban as well as rural 4-H'ers.

Projects designed for farm youth, who make up about 30 per cent of the national enrollment, include agricultural projects such as livestock, crops and marketing. Activities in science, consumer education, home economics, health, safety, leadership and mechanics are suitable for all 4-H members.

### Bean, Immune To Virus, Is Ready

WASHINGTON (AP) — The first kidney bean with near immunity to curly-top virus has been made available to growers, the Agriculture Department said today.

The new bean was developed by department scientists in cooperation with Washington State University. It is called Red Top and is adapted to the Northwest where curly-top viruses have cut back red kidney bean production.

### Kimberly Club Raises \$311 For 4-H Camp Building Fund

KIMBERLY — More than \$300 were raised by members of the Worthwhile Feeders and Breeders 4-H Club for the 4-H Camp Building Fund.

Butler donated two pigs to the club and members of the club took donations for the building fund. In a drawing, for those who donated, the club awarded the pigs to Mrs. Marjorie Morgan and Mrs. Morris Moore.

Two members of the club who raised the most money were awarded plaques by Mrs. Butler. These two members are

### FMC Expands Its Fertilizer Plants

POCATELLO — The Inorganic Chemicals Division of FMC Corp., New York, has spent \$25 million expanding and improving phosphorus chemical facilities at its Pocatello mine and processing site, and its Lawrence, Kan., further processing plant.

The expansion, which has taken place over the past two years, is mostly for increased liquid fertilizer production.

### Weight Of Fat Cattle Rising

WASHINGTON (AP) — The weight of fat cattle moving to market has started to move up, and could result in weaker prices, the Department of Agriculture says.

This year's prices for fed cattle have been higher than a year earlier. One reason has been the marketing of cattle when they reach the proper weights and "finish" for certain grades.

The department said cattle feeders should not "succumb to the temptation to hold back cattle in the feedlot and carry them to heavier weights."

## '68 Wheat Certificate Value Given

Wheat certificate payments to farmers participating in the 1968 wheat program will have a value of \$1.35 per bushel, the Department of Agriculture has announced.

The payments are based on the difference between the July 1, 1968, wheat parity price of \$1.35 per bushel and the 1968 crop national average loan rate of \$1.25 per bushel. The 1967 wheat certificate payments to farmers participating in the 1968 wheat program will have a value of \$1.35 per bushel.

Wheat certificates are authorized by the two-price provisions of the Food and Agriculture Act of 1954. Participating farmers receive 100 per cent of wheat parity price for their share of the wheat. The certificates are used for domestic consumption. This substantially bolsters farm income for wheat while permitting support of market prices through loans at levels more competitive in world trade channels.

### Consumption Of Turkey Is Increasing

WASHINGTON (AP) — A six-fold increase in less than 40 years in the amount of turkey eaten per person in this country is reported by the Agriculture Department.

Turkey growers raised a record 128 million birds last year, enough to provide 8.7 pounds ready-to-cook weight for each American according to department figures. In 1929, the first year turkey records were kept, per person consumption was only 1.4 pounds.

In the same period, chicken eating per person increased from 14.5 pounds to 37.2, the figures show.

Egg consumption per person dropped from 1929 to 313 in 1967, then rallied back to 324 last year, when a record 5.8 billion dozen eggs were produced. Pork eating dropped from 72 pounds a person in 1900 to 62 pounds last year but beef consumption rose over the same period from 72.3 pounds to 106.3 pounds. At the turn of the century an American used 20.1 pounds of butter. Last year's consumption was 5.3 pounds, with the drop about offset by a sharp increase in the use of margarine.

### Hog Numbers In Idaho Increasing

BOISE — The June 1 inventory of all hogs and pigs on Idaho farms is set at 125,000 head, reports the Idaho Crop and Livestock Reporting Service.

This is an increase of 13 per cent from the inventory a year ago. Hog kept for breeding increased from 18,000 to 20,000 head and other hogs increased from 107,000 to 105,000 head.

Idaho swine producers report that they intend to farrow 13,000 sows this fall. This is 1,000 more than during the fall of 1967 and the five-year average.

### Drought Affects Stock Grazing

WASHINGTON — Drought has affected livestock grazing in two counties in North Dakota and in Modoc County in California. Tornadoes and drought have hampered farm operations in three counties in Kentucky.

The United States Department of Agriculture is offering temporary grazing for livestock in reserve uplands retired or diverted under USDA programs in the counties hit by drought or tornadoes.

### Picnic Set

FILER — The Clover and Elmer Community Farm Bureau will have its annual potluck picnic at 1:30 p.m. Sunday, July 14, at Nat-Soo-Pah.

Members are asked to bring their own table service and enough food for own family. The Clover Farm Bureau will furnish the drinks. Neighbors are welcome.

## 14 Varieties Of Wheat Blacklisted

WASHINGTON (AP) — Fourteen varieties of wheat have been blacklisted by the Department of Agriculture as undesirable under the government's price support program for 1969.

All are listed because of inferior milling or baking qualities, the department said Thursday.

The wheat varieties will not be eligible for premium payments normally made for higher quality and will be discounted 20 cents a bushel in the price support loan and purchase rate for next year.

The department said 13 varieties were listed as undesirable for 1968. Added for 1969 is the hard red spring variety named Picotee.

Varities of wheat listed by the department, by class, are:  
Hard red winter — Blue Jack, Cash (except in Utah and Idaho), Purkof, Red Chief (including white seeded Red Chief), Stafford and Yogo.

Hard red spring — Spink, Kinney, Picotee B2 and Henry, Kinney. This is a partial and tentative list for this category, the department said. A final listing will be made about Jan. 1.

White — Gaines (when grown east of the Continental Divide), Florence and Rex.  
Soft red winter — Nured.

## Tips On Fly, Meadow Mice Control Given

JEROME — Wilmer Priest, Jerome County extension agent, said he has been asked to give out tips on fly and meadow mouse control and fly control in dairy cows.

Several of our fields are becoming infested with meadow mice, Priest says. These pests build up sporadically and on the build-up this year. So far they are more or less concentrated in scattered areas and are not a general infestation throughout the county. At the present rate of build up, they would be county wide by fall.

These meadow mice are very prolific. The young grow fast and during the summer months they will build up to 14 to 20 days of age. Six to eight are born to a litter and there are usually five to six litters per season.

These mice feed on any green growing material. At present they are working in grain and alfalfa fields. At the grain fields they are eating the grain, beans and sugar beets.

Mr. Priest said the most effective control has been to bait them with poisoned grain. Eight to 10 pounds per acre is a good job. This can be applied with a cyclone seeder or a fertilizer spreader. Federal regulations prohibit the application of poisoned bait by airplane.

If you have spots where the meadow mice are building up a little effort and control now can prevent a general build-up later in the season.

The present regulations on milk and milk by-products make the control of flies on dairy animals a very particular job. The material approved for application directly to the animals are methoxychlor, pyrethrin, Dieldrin and DDT.

Several insecticides can be used around the premises as sprays providing they are not used directly on the animals and also providing they do not contaminate the feed. Among these are D.D.T., Malathion, Moth, Oxycort or Korlan.

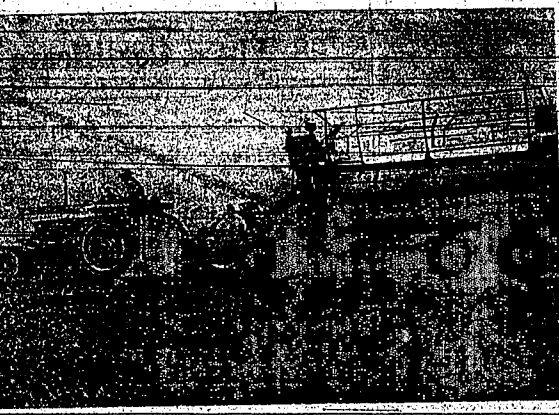

Check with milk company fieldman on materials that can be used and methods of application. A list of approved materials and methods of application are available at the County Agent's office.

## Snake River Report

JULY 10, 1968  
(From reports by Bureau of Reclamation, Idaho, Oregon and Washington)

Station Snake River, Idaho, Oregon and Washington

Snake River, Idaho, Oregon and Washington

PEA COMBINES harvest green peas on the Raymond Seymour farm near Milner. The peas are contracted by DeMonte and are trucked to Smithfield, Utah; where they are canned. Pea harvesting is one of the first cash crops to be harvested in Southern Idaho.

## Green Peas Being Harvested

BURLEY — One of the first cash-crops to be harvested in Southern Idaho is the green pea for canning by DeMonte. The first peas to be cut were on the Raymond Seymour farm at Milner.

Seymour is one of the larger growers for DeMonte, having a total of 173 acres this year and also one of the first green pea growers in the area.

Pea harvest is mainly a night job unless the daytime weather is cool; for the heated peas heat quickly in the sun.

The crop is watched very closely as the maturity of the peas must be cut at exactly the right time to get the preferred size and shape for canning peas.

Even one day or two days can make a difference in the grade of peas.

Two swathers which cut and windrow the peas start cutting the peas about 20 to 30 minutes before the 12 p.m. combines pulled by tractors enter the field.

The pea combines travel very slowly in the field, about one ton and a half miles per hour.

After the peas are picked up by the combine the peas travel on an elevator that takes them to the storage bin. The storage bin on the combine holds from 1,000 to 1,200 pounds. The vines and pods are returned to the ground behind the combine.

When the bins are full they are transferred by a hydraulic lift into four foot square boxes.

Peas are used to move the large boxes onto the trucks ready for the trip to the cannery. The 12 combines will have a 12 to 15 ton truck loaded in about one hour and on its way to Smithfield, Utah.

It takes about 30 men to keep the 12 combines, two swathers, repairmen, fieldmen and truckers all in operation. They start work about 8 p.m. and work until about 10 a.m. each day.

This year DeMonte has 1,000 acres of green peas contracted. Most of the acreage is in the Milner area, but they do have peas as far west as Hazelton and east to American Falls.

Dave Carter, field superintendent for DeMonte, stated they hoped to complete the pea harvest by Aug. 1 and finish in the American Falls area by Aug. 10.

DeMonte field men contract the prospective pea growers in the spring and contracts are signed for harvesting crop when ready. This calls for careful planning and plotting of fields so the crops at harvest time will not be ready to harvest all at the same time.

Next year the peas will be processed at the Burley DeMonte plant. The plant at Burley is still under construction and will be ready to process corn this year.

## Record Yields Of Corn, Wheat Expected This Year

By DON KENDALL  
WASHINGTON (AP) — The American farmer this year will produce record yields of corn and wheat, the Department of Agriculture said in its July crop report.

Total wheat production also will set a record and corn will produce a record near record, the department said Wednesday.

The figures reflected crop estimates as of July 1. Also included were record harvests for sugar beets, sugar cane and rice.

The record acreage of soybeans was reported but there was no estimate of production.

In its first estimate of this year's corn crop the department showed total production at 4,452,125,000 bushels, six per cent below the record 1967 year of 4,722,104,000.

This estimate, however, would mean the second largest production and a record yield of 79.7 bushels an acre. The previous high was 78.2 bushels an acre.

Wheat production was estimated at a record 1,587,640,000 bushels and a record yield of 28.3 bushels an acre. The previous record was 1,524,340,000 bushels, an average of 25.8 bushels an acre. The former record for yield was 27.5 bushels in 1965.

The July wheat estimate included 1,365,153,000 bushels of winter wheat, 94,273,000 bushels of spring wheat and 127,214,000 bushels of durum and 228,210,000 bushels of other spring wheat other than durum.

Crop prospects were reported generally good to excellent except in局部 areas of the Pacific Northwest.

The department said land planted for harvest this year totaled 310 million acres, about 6.8 million fewer than last year. Otherwise this is the largest total acreage in crop since 1965.

The indicated wheat crop includes 1,265,153,000 bushels of winter wheat, 94,273,000 bushels of spring wheat and 127,214,000 bushels of durum and 228,210,000 bushels of other spring wheat other than durum.

By comparison, last month's winter wheat estimate was 1,212,111,000 bushels and the crop totaled 1,212,111,000 bushels last year, and the average is 28.3 bushels an acre.

Spring wheat other than durum totaled 127,214,000 bushels, the average is 64.47 bushels an acre. Spring wheat other than durum totaled 127,214,000 bushels, the average is 64.47 bushels an acre.

Duration wheat production was 33,013,000 bushels last year; the average is 64.47 bushels an acre. Spring wheat other than durum totaled 127,214,000 bushels, the average is 64.47 bushels an acre.

The indicated production of other crops compared with last year's production included the 1967-68 average, respectively, indicated: Corn 3,888,700,000 bushels; 78.1 bushels an acre; 1967-68 average, 78.1 bushels an acre; 1967-68 average, 78.1 bushels an acre.

Wheat 1,524,340,000 bushels; 25.8 bushels an acre; 1967-68 average, 25.8 bushels an acre; 1967-68 average, 25.8 bushels an acre.

Other spring wheat 9,488,000 bushels; 28.3 bushels an acre; 1967-68 average, 28.3 bushels an acre; 1967-68 average, 28.3 bushels an acre.

# BRIDGE

By Jacoby

**THINK AND BID LIKE AN EXPERT.**

If you want to find where a horse has strayed try to think like a horse. If you want to learn to bid like an expert learn to think like an expert. Of course, you won't always be right. Bridge experts make mistakes and some of them are humongous.

<b>NORTH 12</b>	
♠ 9 8 5 2	
♥ 10 6 4 3 2	
♦ K 3	
♣ A 10 8 7	
<b>EAST (D)</b>	
♠ A 9 8 3	♣ K J 10 7 4
♥ Q 8 7	♦ J 5
♣ 7 6 4	♠ A Q 10 8
<b>SOUTH</b>	
♠ K 10 9 8 7	
♥ 5 3	
♦ A K	
♣ 7 5 2	

Neither vulnerable

West North East South

1 ♠ 1 ♥ 3 ♠

2 ♠ 4 ♠ 5 ♠ 3 ♠

Pass Pass Double Pass

Opening lead ♠ 4

Maybe you can bring home five hearts, anyway. Even if you can't, isn't it likely that a five bid will push South to five spades?

So your second thought is to bid five hearts. However, if you really are an expert you will have a third thought: which is to think. Bridge experts make mistakes and some of them are humongous.

Now you have finished thinking like an expert and you proceed to bid five clubs just as an expert would.

Your partner will take you back to hearts. South passes but South bids five spades. It comes around to you and you double. Your partner leads a club and you manage to beat five spades exactly one trick but you should be mighty happy about the whole thing. If you hadn't bid clubs and you hadn't had opened a heart declarer would have romped home with his five spades.

**CARD SENSE**

Q: The bidding has been:

West North East South

1 ♠ 1 ♥ 3 ♠

2 ♠ 4 ♠ 5 ♠ 3 ♠

Pass 3 ♠ 4 ♠ 4 NT

Pass 5 ♠ Pass 7

Now South holds:

♠ A 9 8 10 9 8 7 6 5 4 3 2

♥ K 10 9 8 7 6 5 4 3 2

♦ K 10 9 8 7 6 5 4 3 2

♣ A 10 9 8 7 6 5 4 3 2

What do you do now?

Answer: Pass. Five spades is a sure thing. You aren't worried about South's one spade overall but you don't like the way North is thinking and you like it even less when North bids four spades.

Your first thought is to double. You second is that it would be far better to double five spades.

Rex Morgan, M.D.

REV. AND MRS. ARLIS THRASHER from Arkansas will present a special revival and sacred music service each evening beginning Sunday and ending July 22 at Faith Assembly Church, 178 Filer Ave. W., Twin Falls. Services will begin nightly at 8 p.m. No service will be held Wednesday. Pastor Blane Russell welcomes all interested persons to attend.

# Udenominational Camps Paying Off

Rising costs and the sparsity of youth camps in Idaho have caused major problems for the denomination. Rev. Paul LaRue is director of the Udenominational Camps, United for a camp for junior high, high school, and college students. At the Presbyterian camp north of Ketchum, Rev. LaRue is a counselor and staff member of a camp for juniors, boys and girls, and campers, and campers — and thereby make camping available on a regional basis for the first time. The camp program will be offered in both of the Udenominational Camps, the Sawtooth and Payette Lakes camps in August. Mrs. Jean Thompson is nurse in the high camp, Lenice Schuckler of Twin Falls is on the staff of the junior high camp.

# Buhl Church Announces New Officers

Buhl — New Officers recently elected at the First Church of the Nazarene for the 1968-69 assembly year were announced by Pastor C. W. Hood, pastor. Olivia Yinst was elected Sunday school superintendent with Gary Matlock as assistant superintendent. Members of the education committee are Duane Owen, chairman, and Olivia Yinst and Mrs. Howard Hudson. Mrs. Rufus Fields will serve as church secretary and Henry Savage as treasurer.

# Phillip Bare Suggested As Delegate

RUPERT — Democrats from eight Magic Valley counties, including RUPERT, Tuesday evening recommended Phillip Bare as a delegate to the National Democratic Convention to serve on the agricultural plank of the National platform committee. The group passed a resolution which stated, "We believe that party platformers would be formed of the grass roots level and the economy of the agriculture in Idaho and other diversified areas of the West is of prime importance to the welfare of the nation since a prosperous agriculture would go a long way toward solving the migration of farm workers and farmers to the city."

# Revivals Set

Special Revival meetings will be conducted at the Blue Lakes Pentecostal Church beginning at 7 p.m. July 16 and continuing every night through July 20. The meetings are being conducted by Rev. George Curry, pastor of First United Pentecostal Church in Twin Falls. Everyone interested is invited to attend.

REV. C. W. HOOD

... is the new pastor of Trinity Southern Baptist Church in Twin Falls. Rev. Hood began his Twin Falls ministry June 9, coming from Burns, Ore., where he pastored the First Southern Baptist Church. He has been in the ministry for 22 years. Through permission of the Times-News, Rev. Hood will author a church page feature entitled "The Weekly Sermonette," each Friday.

# TAKES MONTH OFF

NEW YORK (AP) — Mrs. Martin Luther King Jr. says she is taking about a month off from her duties as president of the Southern Christian Leadership Conference to spend time with her husband.

# The Weekly Sermonette

By C. W. HOOD, PASTOR

The Trinity Baptist Church Gen. 6:5-7: We will notice where "God" looked down and saw the wickedness of man was great and it repented the Lord that he had made man ... and the Lord said I will destroy man whom I have created."

As we look at the history of nations of the past, we will notice every great nation fell sometime, never to rise again to its greatness.

As we think of this, we think of our world and it's condition. Our nation is in spiritual deficiency. Crime is on the increase, five times faster than the increase in population and 74 per cent of the population believes in loose morals.

We are living in a time when the young people are turning to a "hippie" way of life. When looking at this, we will realize that something is wrong in our nation.

We are hearing today a lot about registering of all guns. This may be good but it will not solve the problem that is before our nation.

More, and more, we hear of race riots, and the destruction that goes with it. In fact, the problem is, a big political issue in the arena of who is going to be president. I am not going to attempt to say who will be our next president or who he should be. Although I do have my own

opinion who I feel would be a good president. What I want to do is to put the blame where it ought to be, for the conditions of our nation. The blame is being put on this party or that party, or even some program. This is not really right, either. Then where does the blame really lie? It lies in two different places. One is the people themselves in that they do not say anything or do anything about a problem when it happens but just look on or by-pass the issue because they do not want to get involved.

The second place is in the church itself. You may ask why do I say the church? For the reasons that I am going to mention.

First God has been taken out of the teaching and a social program has been substituted for His teachings.

Second the church today does not see the sin that is running rampant. In fact, as a whole, they shut their eyes to sin and saying there is nothing wrong in the things that are going on in our nation.

I believe it is time for America — and for God's people — to wake up and see that our nation will soon be in the hands of the evil force. Much has been said about a change but the real change that is needed is to get back to God's way of life. God allowed the Israel nation to be in captivity because of their sin. Are we better than they were that we will escape God's judgement? God says "If you will humble yourself and look unto Me I will heal your land."

Yes the only hope for our nation today is in Christ Jesus. If we will repent as nation and as God's people.

## Health Group Will Join United Fund

The Mental Health Association will operate throughout Twin Falls county using federal, state and local funds on a matching basis.

Mr. Day said in accepting application from the mental health group, United Fund of Idaho stressed the need for services provided by the Mental Health Association and elimination of local fund drain by separate community agencies. They also noted evident need for reorganization of the structure of the association.

The Twin Falls United Fund serves as a collective fund raising organization for nine agencies including youth, health, education, and social services.

Participating agencies include the Salvation Army, Camp Fire Girls, American Red Cross, YWCA, YMCA, USO, Red Cross, Idaho Chapter of Arthritis Foundation, and Mental Health Association.

However, John Glasby of Mountain Home, said he was acting as an individual and did not know if other Kennedy supporters in Idaho would follow his lead.

McCarthy's views on major issues "are very similar to those of John F. Kennedy," said John S. McCall gave up his U.S. Army command today to take charge of all American forces in the Pacific (including Vietnam) where his son is held prisoner by the enemy.

In a ceremony at the U.S. E

**Revival Set By  
Gooding Baptists**

**GODDING** — The Southwestern Baptist Church will hold a revival, according to Rev. Roy H. Hagerman, pastor. The revival will begin Sunday and run through July 21. Each evening service will begin at 8 p.m.

C. E. Wainwright, Plainville, will speak at the services and will also give the 11 a.m. service Sunday. Jack Geyman, Plainville, will lead at the singing. Rev. Wainwright has been the pastor of a mission in Plainville for 35 years, and was the Rev. Myers when he was in Texas.

Everyone interested is invited to attend any or all of the services at the church on California Street, near the Miles Highway.

**ASL C**

With the ASL Chaffin's adjustment, it is possible to blow grain at sea level.

Large capacity of the ASL Chaffin caused savings with up to 99% similar efficiency on small scale.

ASL Chaffins are available for the same Chaffin will blow grain ASL seals including alfalfa, clover.
