THIS MAP LOCATES Czechoslovakia which was invaded Tuesday night by troops from the Soviet Union. Invading troops also came from Poland, East Germany, Hungary and Bulgaria. (AP wirephoto map)

LONDON (AP) — The swift Soviet thrust into Czechoslovakia shattered hopes of West European leaders, that the Czechoslovaks might be able to work out some freer mode of life.

Some analysts of Soviet actions had cautioned that Soviet action was inevitable unless there was a clampdown on the new liberalism. But most expected the Soviet Union to combine external pressures and internal subversion rather than use military force.

Soviet Ambassador Mikhail N. Smirnovsky brought the first word to the British government in a postmidnight call at the home of Lord Chalfont, minister of state in the Foreign Office. He delivered an oral message for Prime Minister Harold Wilson, who immediately returned to London from a vacation in the Scilly Isles. Wilson called key ministers for a morning

meeting and stayed in contact with Washington and other NATO allies.

Philippe Kaiser, minister at the U.S. Embassy, conferred with Chalfont and other British officials at 4 a.m.

Foreign Secretary Michael Stewart also hurried back from a holiday trip. At Downing Street he told newsmen, "It is very serious news indeed, coming particularly at the time when opportunities for better relations between East and West existed, if there had been the will to make use of them." Wilson made no comment to newsmen.

Sir Alex. Douglas-Home, ex-prime minister and spokesman on foreign affairs for the opposition Conservative party, said in a statement: "Russia's crude use of military force has returned the world to one stroke of the atmosphere of the cold war."

In Bonn, West German Chancellor Kurt Georg Kiesinger and his Cabinet conferred after a night of scattered news dispatches and diplomatic reports, then issued a statement condemning the invasion as "a clear violation of Czechoslovak sovereignty and interference in its internal affairs."

Bonn thus broke its longstanding policy of declining comment on the liberalizing in Czechoslovakia.

Foreign Minister Willy Brandt and Defense Minister Gerhard Schröder were on vacation. Brandt boarded a ship off the Norwegian coast, Schröder on the North Sea island of Sylt. Both headed for Bonn when the news broke.

At his summer residence in Castel Gandolfo, Italy, Pope Paul VI delivered a prepared address for his last general audience before he was to leave for Colombia. Then he added

that he hopes "the dignity of a people jealous of its destiny will not be offended" by the Soviet blue invasion. He said the hopes "wisdom will prevail over any problem."

Addressing himself to the Czechoslovak people, he said, "This appearance of power cannot but provoke trepidation in our spirit which shares the feeling of your entire nation." He called for avoidance of "conflicts of violence and blood."

Vatican informants said the Pope would proceed on his planned trip to Latin America.

As in Washington and London, Soviet ambassadors made calls to other NATO leaders. In Paris, Ambassador Valerian Zorin called on Bernard Tricot, secretary general of President Charles de Gaulle's Elysée Palace, to inform him of the troop movement.

De Gaulle was quickly alerted, as were Premier Maurice

Couve de Murville and Foreign Minister Michel Debré. Couve was in the French Alps on vacation. A government plane was sent to Geneva to pick him up.

There was no immediate reaction from the government or from the French Communist Party which has strongly opposed any Soviet pressure on the Czechoslovak reform program.

De Gaulle has been working for more peaceful East-West relations and has been insisting that the Soviet threat to the West has diminished.

Italy's Communist party, largest in the West, has sided with the Czechoslovak liberal wing. Its newspaper L'Unita bannered the news and wrote: "The move has provoked emotion and sincere preoccupation in the international and Italian workers' movement."

Humphrey First Ballot Chances Are Surveyed

CHICAGO (AP) — Humphrey's chances for a first ballot nomination at next week's Democratic National Convention could hinge on a dozen large delegations where nearly 750 votes are either held by favorite sons or uncommitted, the Associated Press survey showed Tuesday.

The latest AP tally of solid first ballot strength, based on primary results, public pledges and AP delegate surveys, gives Humphrey 824 votes—still more than 450 away from the 1,312 needed for the nomination. Sen. Eugene J. McCarthy has 434 and Sen. George S. McGovern has 324. Only solid support is counted, not those leaning to a candidate.

Taylor, CSI, who lead the major uncommitted or favorite son blocs are considered favorable to Humphrey. This includes seven favorite sons: Gov. John B. Connally of Texas, with 104 votes; Gov. John J. McKeithen of Louisiana,

Reds Invade Czechoslovakia

TANKS AND TROOPS from the Soviet Union stand in a Prague, Czechoslovakia, street Wednesday after invading that country Tuesday night. Prague radio reported some fighting has broken out. (AP wirephoto by entlo from Prague)

Johnson, U Thant Denounce Action

PRAGUE (AP) — The Soviet Union, imposing its "will" on Czechoslovakia in a lightning maneuver, spread tanks and troops across the country today in an occupation aimed at thwarting this small nation's moves toward liberalism, the Moscow leaders cannot abide.

Soldiers of East Germany, Poland, Bulgaria and Hungary surrounded the Russians in the occupation.

Though both sides appealed for calm, a half-dozen persons were arrested for disorderly conduct and at least 35 were injured.

Moscow declared the invasion, launched late Tuesday night, "a gross violation of the sovereignty and territorial integrity of the five nations, demanded that it had asked for the troops and in protest asked to ambassadors of the five nations, demanded that they be removed.

Secretary-General U Thant of the United Nations denounced the invasion. So did President Johnson, who termed it a flagrant violation of the U.N. charter and appealed for a withdrawal of troops.

It was a case of communism fighting within its own orbit. By all signs, the Kremlin and its allies in the Communist bloc had decided to make Prague follow the path laid out for Hungary in 1956 rather than the Czechoslovakian escape Moscow's hold in the way Yugoslavia did in 1948.

The official Soviet news agency Tass published an appeal to the Czechoslovak people to be calm and aid the occupying forces. Tass attributed this appeal to a group of Czechoslovak Communist party and government officials, but named no names and did not clear up the question of exactly who asked for the invasion.

The invaders killed at least two persons and injured 25 in occupying the Prague radio station. The Czechoslovak people killed 10 and injured 10 in the Bohemian town of Liberec. A 27-year-old motorcyclist was reported to have died under a Soviet tank, his chest crushed.

Jerome Fair Opens, Weather Cooperates

JEROME — Clearing skies welcomed Wednesday to Jerome as the weather cooperated on the opening day of the annual county-wide fair.

All exhibits were in place Wednesday morning and judging was youngsters from 49 4-H clubs who have entered livestock and other projects.

The only problem from the rain so far is that flower exhibits are down about one-third from last year, according to Mrs. Ivan Mink, department superintendent.

A parade is scheduled at 4 p.m. Thursday through Jerome's main street. Mayor of Earl Greenwalt will lead the parade, with city councilmen Ed Haer and Shifty Weeks also riding at the head of the column.

Willie Dalse, reigning Miss Idaho, also will ride in the parade. There will be floats, a children's section and mounted groups, according to Don Tibbault, parade chairman.

The Rodeo Cowboy Association approved rodeo will be at 8:30 p.m. Thursday and Friday nights. During the two-night rodeo, nine queen contestants will compete, with the winner being crowned Friday night by Don Tibbault, reigning queen.

Parimutuel horse racing begins on Saturday, continuing through Tuesday.

State Officials And Ohio Penitentiary Inmates Carrying On War Of Nerves

COLUMBUS, Ohio (AP) — "We're at an impasse, a stalemate," Warden Marion J. Koxalki said. "The reason we spend so much time talking to the prisoners is because human lives are at stake."

The guards were held in cellblocks vacated by prisoners. While the tense situation dragged on, a riot flared up and was swiftly put down at the state's Lebanon Correctional Institution, 75 miles southwest of Columbus. Five Lebanon prisoners were killed and some 20 other inmates injured after 200 inmates refused to return to cellblocks at the end of a recreation period.

Some 600 other prisoners did return to cells.

Three persons were hospitalized with gunshot wounds. The rampage lasted two hours before prisoners were forced into cellblocks and the Lebanon medium security prison was declared secure.

State officials declined to speculate on any relation between the two prison incidents. National Guardsmen called to Lebanon were sent home without going to the prison, while Columbus guardsmen moved into the Ohio Penitentiary compound shortly after midnight to assist highway patrolmen and prison guards.

Inmates of the 132-year-old prison gained some demands—amnesty for prisoners involved in the disturbance and an investigation of alleged guard brutality—but refused to release the hostages.

Properly damage was small at both the penitentiary and the Lebanon institution, small fires at both prisons were quickly extinguished.

Rebelling prisoners at the penitentiary in Columbus claimed 89 "in" considered "ring leaders" in a riot June 24 when prisoners set fires and did other damage at a total loss estimated at \$750,000. They had been held in two cell blocks pending completion of a state grand jury indictment of the riot. The penitentiary has 2,500 prisoners.

Their cellblocks were opened Tuesday morning after two convicts jumped a guard and took his cell key.

Travel Halted

WASHINGTON (AP)—The State Department issued an advisory to all American citizens today asking them to defer travel to Czechoslovakia until further notice.

American already in the country were advised to stay and keep in touch with the U.S. embassy.

Press officer Robert J. McChesney said that as of 10 a.m. (ET) no reports of harm to any Americans had been received.

T.F. Firemen To Make New Pay Increase Effort

A no-strike clause that has prevented fire departments throughout the United States from making a pay increase for firemen has been removed and Twin Falls firemen said Wednesday this would be a bargaining point in their fight for better wages later this year.

The no-strike clause was stricken Tuesday during a meeting of the International Association of Firefighters at the group's 20th annual convention in Toronto, Ontario, Canada.

If a final local deal of the International Association of Firefighters want to go on strike, they will now be backed by the union.

George Thomas, head of the union's local in Twin Falls, said, "A strike is something no fireman likes to see, but it gives us a strong bargaining point."

He said the Twin Falls local plans to ask city councilmen for higher wages, "starting in the near future."

Last year and early this year, Twin Falls firemen battled unsuccessfully for higher wages. The matter was presented at

JEROME—There will be one new candidate on the ballot in Jerome County's November election, Mrs. Teresa Hendry, Republican, who has filed for the post of county treasurer as a result of 43 write-in votes in the Aug. 6 primary.

No additions were made in the eighth party when the central committee met recently.

Meeting Set Friday On Junk Vehicles

What to do about old car bodies that are being discarded or collected in wrecking lots will be the topic of a meeting Friday afternoon in the Twin Falls County Courthouse.

County Commissioners have set the meeting for 2 p.m. and are inviting all wrecking lot and junk yard dealers, city officials and other interested persons to attend.

Commissioner William Chaney said Paul Roberts, a local resident, is considering the purchase of a hauler which would crush and bale the discarded bodies for sale as scrap metal.

"This is a problem that has long been bothering the county, as many of them have been discarded on our dump grounds. Many of our junk yards and wrecking lots are becoming unsightly as the discarded and stripped bodies pile up," Mr. Chaney said.

Weight Loss Is Listed At Meeting

HANSEN—Several members of the Slim and Trim Tots Club reported weight losses at a meeting at the home of Mrs. Thomas Steelsmith.

There was a 16 and a half pound loss noted among the 17 weighing in.

Mrs. Marie Presnell presented the group with a javel. The new scales and height measuring device were received and assembled.

Mrs. Burton Hill presented a program on satisfying diets and how to satisfy the craving for sweets with a lollipop diet which still allows weight loss. She also gave several hints to lessen calorie intake.

Members took measurements to determine loss of inches.

The window, installed in the Perrine in 1928, contains multi-colored squares of leaded glass. The Erkins also purchased about 12 panels of white leaded glass that ran along the front and side of the building. The panels are from five to 16 feet long each and two to three feet wide.

"We're thinking about using the white panels in a small museum at our trout hatchery," said Mrs. Erkins. The museum would probably include display cases showing the life cycle of the trout industry.

Nixon Is Counting On Rocky

By BILL BOVARSKY
NEW YORK (AP)—Richard M. Nixon is counting on the campaigning help of his defeated rival for the GOP presidential nomination, New York Gov. Nelson A. Rockefeller.

The GOP standardbearer headed into a meeting today with Rockefeller to discuss the New York governor will become a full-fledged backer of the Republican ticket.

It would help Nixon win the support of the more liberal Republicans who backed Rockefeller for the presidential nomination.

Speaking from an auto roof in front of his New York apartment Tuesday night, Nixon told his hosts he was going home from his first national trip: "Tomorrow, I'm going to meet with the leaders of the party in New York and we expect to get their help."

In addition to conferring with Rockefeller in the apartment building where they both live, Nixon also sought to recruit Sen. Jacob K. Javits, R-N.Y., and he scheduled a session with Republican Sen. Edward Brooke of Massachusetts and Howard Baker of Tennessee.

Nixon told supporters that the week and a half of campaigning and private conferences since his nomination has assured him the campaigning help of Govs. Ronald Reagan of California, James Rhodes of Ohio and Raymond Shafer of Pennsylvania.

In addition, he said, Sen. Everett Dirksen and Charles L. Percy of Illinois are putting their weight behind the Nixon campaign.

The past four days, we have made more progress than has ever been made in a political campaign in getting the Republican party behind the ticket so we can go after the Democratic vote and the independent vote," Nixon said.

The homecoming wound up a day that began with breakfast at the Ohio State Fair with Rep. George Hansen and Walter Reed Hospital in Washington, where former President Dwight D. Eisenhower lay dying.

"He has the will to live and it is the will to live that has been a factor without which he would not have survived," Nixon said of the man whom he served as vice president for eight years.

Nixon visited with Mrs. Eisenhower but did not go to the general's bedside.

Contract For 700 Workers Is Extended

COEUR D'ALENE, Idaho (AP)—General Telephone Co. and the International Brotherhood of Electrical Workers have agreed to extend a working contract for 700 workers in Idaho, Washington and Montana on a day-to-day basis.

The contract was to have expired at 12 a.m. today.

Jay Shear, general manager of the phone company, said joint and separate talks with federal mediators would be held again today.

Federal mediators said there has been no significant progress in the dispute which apparently has centered on job bidding and hiring of personnel.

Governor Will Replace Solon

BOISE (AP)—The resignation of Idaho State Rep. Robert W. Green, R-Boise, from the State House of Representatives was accepted Tuesday by Gov. Don W. Samuelson.

Green was the House majority leader during the 1967 legislature and did not run for re-election this year. His term was to expire Dec. 1.

Samuelson said he would name a successor to Green in the next few days.

Primary Election Winners Certified

BOISE (AP)—Winners in Idaho's Aug. 6 primary election are certified for placement on the general election ballot Tuesday, as members of the State Board of Canvassers approved official county vote totals.

The meeting had been postponed twice. Law says it was to be held last Saturday, but vote totals from all counties were not available Monday. It was found that county canvasses from Valley and Clearwater counties were incomplete, so the counties had to mail in the information.

Totals of votes cast for congressional candidates showed that 130,187 persons voted in the primary, which was 10,000 to 20,000 higher than some officials had predicted.

One of the board members, Atty. Gen. Allan G. Shepard, was certified by the board as the winner of the non-partisan contest for the state supreme court seat occupied by retiring Justice E.B. Smith.

Shepard received 59,916 votes officially, to 44,083 for his opponent, Dist. Judge Merlin S. Young of Boise.

Other major vote totals were: For Senate, 74,763 for Republican Rep. George Hansen and 53,331 for incumbent Democrat Frank Church.

Skeleton Will Be Kept In Arco Vault

ARCO, Idaho (AP)—Information from McNeil Island federal prison in Washington will be needed before a skeleton found in the eastern Idaho desert can be shipped to the FBI crime laboratory in Washington, D.C.

Butte County Sheriff Ed Ramshaw said Tuesday he would keep the skeleton—believed to be that of Ivan Baker—in a vault in his courthouse until records on Baker were sent.

Baker was allegedly shot to death 17 years ago.

The skeleton in question was found Aug. 11 in the desert near Arco with what appeared to be a bullet hole in his head. Ramshaw said he was certain it was the skeleton of Baker.

"He said that in 1951 Kenneth Hastings confessed to him in a jail cell in September 1951 and leaving his body in the desert. Hastings was in the Idaho State Prison at the time. Hastings body was not found, Hastings was later released and died in Seattle in 1965.

Baker and Hastings had been inmates of McNeil Island at the same time.

Simple Things Of Life May Be Bit Complicated At Chicago Convention

By WILLIAM J. CONWAY
CHICAGO (AP)—When Democratic National Convention delegates come to Chicago this weekend they will find that some of the simple things of life have become complicated.

Take, for instance, the telephone. Installers who have been on strike against the Illinois Bell Telephone Co. since May 8, agreed four weeks ago to put in television, teletype and telephone equipment. But only at the International Amphitheatre, the convention site, and only for news.

In such a circumstance, the thinking delegate would turn to pay telephones to make personal calls. There are pay telephones scattered around the amphitheatre. But, as of Tuesday, they all were out of order.

Transportation? A strike by Local 777 of the Democratic Union Organizing Committee of the Seafarers International Union against the Yellow and Checker companies has taken three-fourths of the city's normal supply of 4,343 cabs off the streets.

The convention staff has arranged for private cars and has chartered buses to ferry delegates, officials and others among O'Hare International Airport, hotels and the amphitheatre.

But, apparently, if a delegate wants to taxi out of the Chicago area to visit Kinfolk, he will have to whistle for a cab.

Of course, there is the Chicago Transit Authority's efficient network of buses and elevated and subway trains. But a group of dissident drivers has threatened a wildcat strike Sunday, the eve of the convention opening.

Tickets? Delegates won't have to worry about their own except that their credentials will be subject to a careful check before they enter the area that encompasses the amphitheatre. Tight security will be in force in the entire mile-square amphitheatre-skydeck district, five miles southeast of the city's main business district.

But they probably won't be able to get any tickets for people who are neither participants nor guests of the convention. Officials have said there are none for the general public—unless delegates can dip into their state's allotment.

If all the 3.5 million residents of Chicago wanted to go, the 10,000-seat hall would have to be filled and emptied 359 times.

November ballot were winners of state legislative nominations and legislative district chairman nominations.

Ketchum Wagon Days Begin Friday, New Attraction Added

By DOROTHY POVEY
Times-News correspondent
KETCHUM—Something new is being added to the Friday through Sunday Wagon Days celebration this year.

ENTERED IN THE "FUN" RACES to be held for the first time this year as part of Ketchum's Wagon Days celebration are Nancy Adams and her four-year-old quarterhorse, Sienna. The races will be held Saturday afternoon. Miss Adams has ridden since the age of four, but this will be her first race. Youths between the ages of 12 and 16 are invited to participate in the races. Trophies will be awarded.

Osborne Elected Chairman of GOP In District 22

FAIRFIELD — Dwight Osborne, Fairfield farmer and cattleman, was elected chairman of the Republican Legislative Committee of District No. 22 at a recent meet.

Leroy Craig, Jerome, is vice chairman and Mrs. Robert Frostenson, Fairfield, secretary. Mrs. Jane Peterson, Wendell, who was a write-in candidate in the primary election, outlined her campaign plans for the position of state representative on the Republican party.

Lloyd Barron, Fairfield, told of some of his experiences as

state senator in the last legislative session. Sen. Barron is a candidate for re-election.

Allen Bauscher, Fairfield, former district chairman, discussed district finances and plans were made to hold a fund-raising event in September with a ranking Republican official as speaker. Leroy Craig was appointed general chairman of this event, with Jack Russell, Jerome; Marie Owsley, Hagerman; Dwight Osborne and Thomas Spackman, both Fairfield, as a committee.

The group made plans for coordinating the three counties, Jerome, Camas and Gooding, with their representatives in the legislature their next session.

according to the wishes of the riders entering. The races will be held Saturday afternoon at the "flats" north of Ketchum.

Both Frank O'Donnell and Herbert Monk, who are in charge of Wagon Days racing, are convinced the informality of such races will assure good competition and a "time come" to the real wagon days of the West.

Mr. and Mrs. Whitmore Adams, San Marino, Calif., and Glassford Holights Ranch, north of Ketchum, who have donated toward the success of the children's races, believe that Wagon Days is as much a part of the local community as it is for people from "away," and that the children should be represented.

"The amateur should have a part in the celebration," said Mrs. Adams. "To turn it into something entirely professional takes away the true meaning of Wagon Days."

"This is a healthy, outdoor atmosphere, in which children should be involved," she said.

"There will be types of competition for all kids and for all types of horses," Mr. Monk said.

When asked about races for the children, O'Donnell and Mr. Monk said that jackpot races will be made up at the track according to the wishes of those entering.

"The racing events will be entirely informal," Mr. Monk said, "and we will hold as many events as the racers desire."

There were 70 antique cars entered in the Antique Car Parade for the 1967 Wagon Days celebration and this year it is anticipated there will be more.

The parade will be held at 1 p.m. Sunday and will conclude at the grade school playground.

It is here that all the "swapping" and "selling" of parts peculiar to antiquated machinery takes place.

It is also here that folks can talk to the occupants of the cars and learn of the finery of another age—the men and women are wearing.

For several days before the celebration the bright shiny cars of a by-gone era arrive "piggyback" on trucks or wagon-pull-pull along Highway 93 to their destination.

This being an election year, there's going to be a few politicians at the Wagon Days celebration.

As they ride in the big parade Saturday morning it shouldn't be hard to know which is which," for Clifford Ward of Richfield will have no one but good Republicans in his buggy. It is equally sure that whoever drives the "Democratic buggy" will allow no Republican invaders.

Gov. Don Samuelson will lead the parade. Others who plan to be present are Sen. Frank Church, Rep. George Hansen, Secretary of State Pete Conrad, State Sen. Mrs. Mary Brooks, Lieut. Gov. Jack Murphy, and congressional candidates Orval Hansen and Darrel Manning.

Ivan Swaner, chairman of the Wagon Days committee, said there might be room for another top politician or two if they arrive in time.

Also scheduled during the Wagon Days celebration is an

arts and crafts display at the First Security Bank's drive-in lane on the Sun Valley Road.

ONE OF THE EXHIBITORS during an arts and crafts showing at Ketchum's annual Wagon Days celebration will be Mrs. Bonnie Keim. She is shown here with her oil painting of ducks on Silver Creek. The showing will be in the back of the

Arts and Crafts Association on Warm Springs.

A horse show has been set for 9 a.m. Sunday at the horse corral on the Ted Gruener estate.

First Security Bank on the Sun Valley Road. She also will show a painting of a cowboy and his horse, mirrored in a quiet pool, and a mural of an abandoned cabin on a side-draw near Trail Creek.

New Weed Flourishing In Idaho

MOSCOW, Idaho (AP) — University of Idaho agronomist Clarence Seely said Tuesday a weed that has been the main problem-weed in Australia for the past two years is beginning to flourish in Idaho.

He said he plans to go to Australia to study control of the weed—the yellow-flowered skeleton weed—which he said has infested more than 2,500 acres in the state.

Seely said he also plans to investigate Australia's successful technique of using considerably lower rates of sterility type herbicides—in annual-weed-control in grain.

Seely developed the technique of using the sterility diuron to control annual weeds. Australia uses a closely associated material called linuron, but at a much reduced rate.

Seely said he hopes to find out why linuron works and if it could be applied to the Northwest. He estimated if the same application rates could work here it could mean an annual savings of at least \$2 million to farmers.

"The yellow flowered skeleton weed isn't out of control yet in Idaho," he said, "but we're very close to it."

"He said the skeleton weed was now scattered all over the state. It existed many years in the Coeur d'Alene area, and was

found in southern Idaho about five years ago. It has since spread throughout the state.

Seely will visit a U. S. Department of Agriculture biological weed control laboratory at Albany, Calif., the Parker Ranch in Hawaii and New Zealand before arriving in Australia.

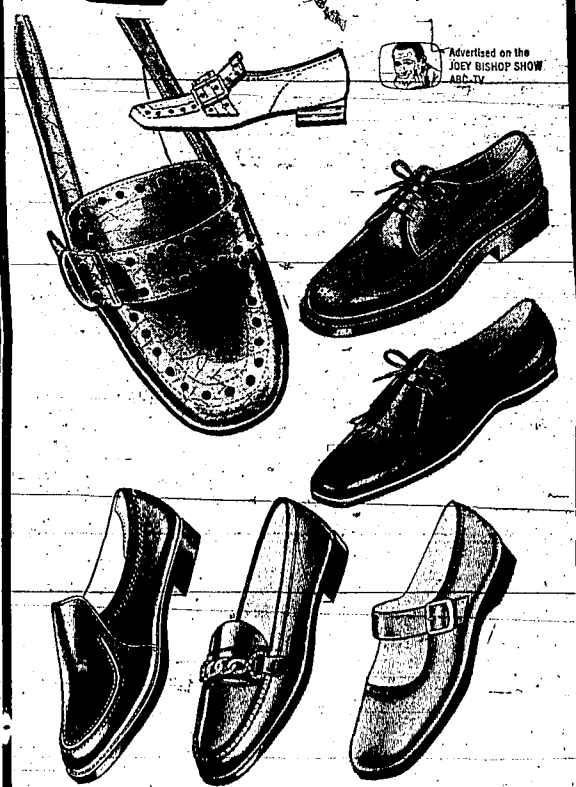

In Australia, he will participate in a national weed conference and has been invited to hold a seminar at the Turbott Research Institute near Melbourne.

Nursing Homes Discussed

Nursing home costs constitute a major state problem, Twin Falls County Commissioners and local nursing home operators were told in Boise, Commission Chairman Heber Loughmiller said Tuesday night.

The county officials and several nursing home operators met with Gov. Don Samuelson and George Childs, head of the Idaho Department of Welfare, to discuss the local nursing home costs.

"We were told that a re-evaluation will be coming in the near future," Mr. Loughmiller said, "and if nursing home costs in Twin Falls show there is justification for increased payments to nursing homes in Twin Falls County the state will make adjustments."

Local nursing home owners have been asking for county financing on state patients from Twin Falls county. They say they are falling about \$35 a month short of actual expenses on most patients in this category. The state Department of Public Assistance provides \$225 per month for indigent nursing home patients with this amount going directly to the nursing home.

BYU Haircut, Miniskirt Rules Listed

PROVO, Utah (AP)—Brigham Young University wants its male students clean-shaven and with their hair cut in a military style to remain banned for its coeds.

The rules were outlined in a news letter to parents by Dr. Ernest Wilkinson, president of the Mormon Church-operated university of 22,000 students.

Wilkinson said an earlier Associated Press report that male students would be allowed to have long hair and beards this year was in error.

Actually, in his letter to parents, Wilkinson wrote in part: "As I am sure your parents know BYU is not a place where extremes in fashion or unkempt appearance are approved for. While we respect a student within certain limits, to dress as he wishes and inclination direct him, we insist that he be clean, well-groomed and decently attired."

"While there can be no objection to a properly trimmed mustache—and there is surely nothing morally wrong with wearing a beard—we would prefer our young men to be clean shaven and to keep their hair cut. We are living in an age when shaving is so convenient that there is no need to imitate our grandfather's facial foliage."

Wilkinson advised mothers of BYU coeds "if you are in doubt as to a proper skirt length, have her kneel in an erect position. If her dress touches—or nearly touches—the floor, it will meet BYU standards."

U.S. Army Weak In Germany

By FRED S. HOFFMAN
AP Military Writer
WASHINGTON (AP) — The Soviet troop movement into Czechoslovakia comes at a time when the U.S. 7th Army, backbone of West Europe's defense, is at its lowest strength in years.

Because of the balance of payments problem, U.S. Army forces in West Germany have been cut to about 200,000 men and are due to drop even further by Sept. 30.

By contrast, the U.S. Army had about 275,000 soldiers arrayed along the Iron Curtain during the Berlin crisis of 1961.

U.S. tactical air strength also has been cut to ease the gold-dollar drain and to beef up U.S. air power elsewhere. The Air Force's tactical fighter strength in West Germany is down to five squadrons.

Because of this—and even more because the United States had about 543,000 men pinned down in the Vietnam war—the last problem U.S. military leaders wish to face at this time is crisis in Europe.

The attitude of U.S. military men throughout the period of Russian threats against Czechoslovakia this summer could be summed up in this sentence: "Leave us out; we have enough problems of our own."

The United States has no military commitment to Czechoslovakia, nor does it have even an implied moral commitment to that Communist country which in the past has been as hostile to the United States as any other East European Communist state.

American officers who have assessed the relative military strength of Czechoslovakia and its Communist neighbors have felt it would be suicide for the Czechs to resist if invaded by Russia and other Warsaw Pact armies.

This realization also may have prompted the Czech leadership to caution its people against resisting.

According to recent estimates, a Czech Army of some 175,000 men in 14 divisions faces overwhelming Russian, East German, Polish and other Communist force.

McNamara Comes Out With Book
WASHINGTON (AP) — Former Secretary of Defense Robert S. McNamara has come out with his first book outlining the principles and philosophy by which he ran the Pentagon but giving no glimpse behind the scenes of his controversial eight years in the job.

The book was put together from speeches and other papers by a magazine writer and since the material was developed while McNamara was in office he said he will accept no income from it.

Instead, whatever money the book makes will go to an unnamed university to support a series of lectures, McNamara said.

McNamara left the Pentagon earlier this year to become president of the World Bank.

CENTER STARTED
SAN FRANCISCO (AP) — Formal ceremonies Tuesday marked the start of the 27-story, \$4 million Chinese Cultural and Trade Center on the site of San Francisco's old Hall of Justice.

Mrs. Black Caught In Prague

PRAGUE, Czechoslovakia (AP) — Shirley Temple Black said today "I was awakened by machine-gun fire from a deep sleep. I thought it was a practice but then someone knocked on my door and told me we were occupied."

Mrs. Black, once America's child movie star, described in an interview how she found out about the occupation of Czechoslovakia by Soviet and other Warsaw Pact troops.

She is here on a visit in connection with her work on multiple sclerosis. She was due to leave for Copenhagen today, but all commercial flights were canceled because of the occupation.

"I plan to leave when flights resume," she said, adding that she was calm and not worried.

On the advice of the U.S. Embassy, Mrs. Black remained at the Alcron Hotel in downtown Prague.

Her main concern was getting a message to her parents, saying "they are old and tend to worry."

Mrs. Black watched developments on Czechoslovak television with hundreds of other American tourists caught here by the occupation.

Bids Taken On Highway Work In T.F.

Work is expected to begin in two weeks on Highway 30 which runs through downtown Twin Falls.

The apparent low bid of \$112,808 for the 5,020 miles of work was submitted Tuesday by Boise by Carl E. Nelson Construction Co. of Logan, Utah.

Main Avenue is also Highway 30 in the downtown area and the work will begin on the east side of the city and proceed on the highway to a point about three miles west of the city on the highway.

All of the highway will be paved with the exception of a portion of the downtown core area of Twin Falls.

Highway officials said this portion of the highway will not be paved because of Twin Falls' extensive downtown core area Local Improvement District and Urban Renewal project.

Remodeling in the downtown area is expected to get under way sometime next spring. The projects have been approved by the Twin Falls City Council and at the present time city officials are awaiting allocation of \$1.4 million in federal funds for the massive improvement project.

Foster parents are selected through application. The home is licensed for child care as required by law, he stated. The majority of the complete file of children being left at home alone and without the proper food, Mr. Quick emphasized.

While the county's complaints of child neglect have been steadily growing since October, at the present time there are no Spanish-American family cases and there haven't been for some time. However, there are a few Indian cases in the county, he pointed out.

Ted Kelsey, vice-president of the Chamber conducted the meeting. Special thanks were extended to the merchants for purchasing the 4-H and EFA live stock during the Fat Stock Sale Monday morning at the fairgrounds. The sale was scheduled for Saturday morning but had to be postponed because of rain.

USSR Denies Rumors Of Resignations

MOSCOW (AP) — The Soviet Foreign Ministry emphatically denied today reports originating in Czechoslovakia that Premier Alexei N. Kosygin and Defense Minister Andrei A. Grechko have resigned to protest military intervention in Prague.

"I can say this is a provocation," one spokesman said when asked by a newsmen about the report.

"This is nonsense that should not be spread," another Foreign Ministry spokesman added. The Norwegian Radio had reported picking up a broadcast by a Czechoslovak radio station saying Kosygin and Grechko had resigned.

The Czechoslovak radio statement came during a broadcast of resolutions supporting the liberal Czechoslovak regime.

LAST PERFORMANCES by the Buhl Antique Festival Theatre, which spent a good part of the season on the road, will be played Wednesday through Sunday in Buhl. Shown here in a scene from "A Texas Steer" are, from left, Lynne Miller, Brad Hickerson, Serena Sorenson, Bill Miller, Phil Dietz and Helen Gee. Also playing this week prior to closing Sunday are "Ride Your Horses" and "Rip Van Winkle." The All-American season of the Antique Festival Theatre took the crew all over Idaho, playing 18 performances before audiences totaling more than 4,000.

Kennedy To End Political Silence

WORCESTER, Mass. (AP)— Sen. Edward M. Kennedy is breaking the self-imposed political silence he has kept since the assassination of his brother, Robert F. Kennedy, last June 5.

Just five days before the opening of the Democratic National Convention in Chicago, Kennedy today goes before a luncheon meeting of the Worcester Chamber of Commerce for a nationally televised speech on the situation in Southeast Asia.

His speech, which is expected to lay emphasis on the war in Vietnam, appeared likely to be canceled for a time Tuesday when members of the striking International Brotherhood of Telephone Workers set up a picket line at Holy Cross College where the meeting will be held.

A spokesman for Kennedy said he never had crossed a picket line, and would be unlikely to do so in this case.

Kennedy, however, talked with Gerald Walsh, union president, who announced later the pickets were withdrawn.

The speech is scheduled for live broadcast on all three networks, ABC, CBS and NBC. Joseph Mulvey, president of the Worcester (ISTW local, ordered the picket line set up after he said supervisory employees of the struck New England Telephone Co. were installing wires for television and radio.

Sunday Performance Closes 1968 Buhl Theatre Season

BUHL—The Antique Festival Theatre returns to Buhl this week to close out one of its most successful summers, which has included a four-through-the-state.

The theater, home-based at Buhl for the past five seasons, closes with a performance of "Rip Van Winkle" at 8:30 p.m. Sunday.

Shows scheduled prior to Sunday include "A Texas Steer" at 8:30 p.m. Wednesday and Saturday; "Rip Van Winkle" at 8:30 p.m. Thursday; "Both Your Houses" at 8:30 p.m. Friday and the closing performance "Rip Van Winkle" Sunday.

The Antique Festival Theatre company made 18 performances this summer, from as far

north as Lewiston and Orofino to as far south as Lava Hot Springs.

A careful choice of repertory plays, a traveling company and portable designs became of prime importance when the crew started planning for the traveling company at the end of last season.

A 54-passenger school bus was renovated to accommodate the cast, crew and all the trappings. It was painted in red, white and blue as part of the Antique Festival Theatre's All-American season, and after 21 days of rehearsal and five performances in Buhl, the group took to the road.

In many locations, the cast was working with no acoustics at all—in the great outdoors. The wind blew sets about, the rainclouds did not always cooperate, and electricity for lighting became a problem. But, working as a team, the theatre group was painted in red, white and blue as part of the Antique Festival Theatre's All-American season, and after 21 days of rehearsal and five performances in Buhl, the group took to the road.

Giles Absolves Regan Of Illegal Pitch Rap; Wet Tosses Still Problem

By JOE MOOSHLI
CHICAGO (AP) — President Warren Giles of the National League Tuesday absolved Chicago Cub pitcher Phil Regan of any wrongdoing in Sunday's greasy ball rhabub but left the spittal controversy up in the air.

Giles met with Regan, Manager Leo Durocher and Vice President John Holland before issuing a statement in which he would not go to confer with the umpires involved and other umpires as to whether a foreign substance can be detected on a ball.

"I'll reach a decision on that matter in four or five days," said Giles. "Meanwhile, the umpires will have to umpire the way they have been umpiring. I have issued no new instructions on the matter."

Holland said the Cubs were satisfied with the meeting and that Regan was satisfied.

"Holland asked me to hear Phil Regan's version of the recent incident," said Giles. "I know Phil and have respect for him and felt a gentleman like he should be shown consideration and courtesy of hearing him."

"Phil told me he did not have anything on other lubricants on his swabbing in this incident and I believe him," said Giles.

In the seventh inning of Sunday's first game with Cincinnati, Regan took the mound as umpire Chris Pelekoudas on several occasions accused Regan of throwing "illegal" pitches.

Pelekoudas later said he found no evidence on the ball and detected the illegal pitches only by the flight of the ball.

A sinker spins when it breaks down," said Pelekoudas. "An illegal pitch breaks down without any spin."

"Pelekoudas suspected Regan did have lubricant of some kind, but told me his judgment of an illegal pitch was based almost entirely on the action of the ball in flight, and seemed convinced it acted like a so-called 'spitball,'" said Giles.

"I'm sure the umpires acted in what was their best judgment at the time. I have great confidence in the umpire crew and all our umpires."

Regulations Held On Two Area Streams

All general regulations and limits still apply to catching fish in the Richfield Canal and Big Wood River below Magic Dam, although both streams are at low water, reminds Mariel Morache, conservation educator for the Idaho Fish and Game Department.

This means anglers must take fish by hook and line, following all the regulations along that line. No addition in limits is planned since the situation is temporary.

The low flow in the two streams was brought about when irrigation drawdown on Magic Reservoir was curtailed due to the heavy rains of the past few days. Expected this week's heavy rains will raise the canal company, knowing irrigation wouldn't be needed for the next several days, began to draw down the reservoir.

This means anglers must take fish by hook and line, following all the regulations along that line. No addition in limits is planned since the situation is temporary.

Sports

FROM ALL ANGLES

By LARRY HOWE
Times-News Sports Editor

With all agricultural interests aside, it is difficult to pin down any place the current rainstorm has helped on the sports side of the valley.

The Magic Valley Cowboys are hurting both physically and financially by the long layoff of the outdoor season.

It has been placed in a nebulous state and it's for sure that the 1968 crop of high school football players aren't getting any real benefit out of the opening practice sessions.

The rain more directly has affected the Cowboys than any other segment so far as it has cost the franchise four openings. And even if only 400 of you were going to turn out for it, that's a pretty nice piece of change the operation could use in this red ink year.

On the field there's little doubt that the players will be no worse off. The pitchers may be rested but might have control problems. And the hitters should have lost a pretty good edge by the time they get back.

The city slow pitch softball tournament is wanting just one night to play—and it has wanted that for a long time. At the beginning of all Friday night.

Switching to the outdoors, the cold and wet just about has succeeded any chance of success for the mountain biking season. "The only chance would be if a bunch from someplace farther north would hit here about the time things get back to normal. They might stick around and offer a little shooting. But that's pretty improbable, too," says Charles Blake, director for the Idaho Fish and Game Department.

The supgo grass season is about a month away and things could be back to normal by then. But if this type of weather continues, the birds, which were bunched in good shape last week, will be spread out at an average of maybe one per three square miles from Shoshone Basin through Owyhee County.

Carry it a step farther. There is considerable snow in the back country now. Fish and game personnel reporting by radio Tuesday afternoon that some of the black-country runways and "limited" access roads were tough four-wheel driving. A continuation of the rain might get into the valleys much more than usual—just in time for the big game seasons. If that occurs, get ready for a record-breaking harvest.

There are, when you think about it, two things that will be helped. One is the reduction of forest and range fire threat, which is good, and the other is the perch in Magic Reservoir. Many have been given a stay of execution.

A week ago it appeared that the irrigation drawdown in Magic Reservoir would reduce the impoundment to a relatively shallow, mucky trash fish eradication feasible. The department would like to get to the burgeoning perch population before a overboard and brings about stunting and reduction of trout fishing.

At least 75,000 acres were about 1,000 feet deep in water in the impoundment and irrigation demands were siphoning it off at 1,000 acre feet per day. In another 25-30 day run, it would be

Laguna Stops Marshall In Ninth Round

NEW YORK (AP) — Staggered in the opening seconds of the first round by a jolting right to the head, favored Ismael Laguna of Panama rallied to stop hard-hitting Lloyd Marshall of Newark, N.J., in a 24-40, 11-10 ninth round of a fierce 10-round bout at Madison Square Garden Tuesday night.

Referee Johnny Lo Bianco stopped the fight because of a deep cut over Marshall's left eye.

Marshall, who hurt the 2-1 former lightweight champion with rights in the first and fifth rounds, had been cut on the left cheek in the fifth.

"The cut was superficial until the ninth round," said the referee. "Then he got hit with three solid rights to the cut and I decided that we couldn't go on."

Although he was the harder puncher, Marshall was the more accurate of all three officials. The judges were Joe Epply and Joe Armstrong, The Associated Press has Laguna in from 4-3-1.

The defeat snapped the Jersey's five-year winning streak at 15. His record is 19-4-1, with six straight to make his record 33-1-1.

NBA Rookies Will Get Pay Hike In 1968

NEW YORK (AP) — Rookies in the National Basketball Association will be paid \$10,000 annually starting with the 1968-1969 season and this will be hiked to a minimum of \$13,000 in 1970, the NBA campaign, Commissioner J. Walter Kennedy said Tuesday.

Kennedy and Oscar Robertson of the Cleveland Cavaliers, president of the NBA Players Association, signed the agreement late Monday but it was not announced.

Major League baseball rookies also get a minimum of \$10,000 a year while newcomers in the National Football League are guaranteed an income of \$12,000, their first year in the league if they stay the entire season.

The American Football League said it had no formal minimum salary for rookies but that it might have a thumb equal to that in the NFL.

The NBA agreement also calls for \$12,500 as the minimum pay for the mounting season of 1969 and for \$13,500 the following year.

17-Year-Old Tops Pasarell In Nationals

BROOKLINE, Mass. (AP) — Erik Van Dillen, 17-year-old California schoolboy, defeated Charles Pasarell, No. 1 player, 6-4, 6-0, 6-3, 6-4 in a stunning third round upset Tuesday in the 88th U.S. National Tennis championships at Longwood.

Van Dillen, who will enter his senior year at Burlington High School, now has the biggest victory in his life in relative obscurity on an outdoor court pretty well chewed up by rain.

"I almost got sick during the last three or four games," he said. "I was so nervous."

Famous Jockey Dies In Oregon

SALEM, Ore. (AP) — Earl Sande, the little guy who rode fastest in the saddle among thoroughbred racing jockeys during the Golden Era of sport, died Monday after a lingering illness.

Sande, among the sport's superstars of the 1920s and early 1930s along with Babe Ruth, Bill Tilden and Jack Dempsey, Sande anchored in a middle home at Jacksonville, a community near Medford, in Southern Oregon. He was 69 years old.

Sande, who started his career as a bronco buster and quarter-horse jockey in Idaho, rode three Kentucky Derby winners from 1922, Flying Dutchman, 1925 and Gallant Fox in 1930. Two among his other mounts placed second in the Louisville race.

He rode Billy Kelly to victory in the 1920 Miller Stakes at Saratoga, N.Y.

Alon Powers Pirates Over Reds 8-3

CINCINNATI (AP) — Motley Alon capped three hits, drove in two runs and scored two, helping Pittsburgh defeat Cincinnati 8-3 Tuesday night, ending a seven-game winning streak for the Reds.

Fred Pate opened with a single for Pittsburgh in the first inning, stole second and scored on Alon's hit. Manny Mota tripled and Bill Mazeroski singled for two more runs, knocking out the Reds.

Alon singled another run across in the second, and two errors on one play by Fred Whitfield helped the Pirates to another in the fourth.

After the Reds had cut the edge to 5-3, scoring a run in the sixth and two in the eighth on Tony Perez' 17th home run, the Pirates wrapped it up with three in the ninth.

Singles by Manny Wilks and Alon started the rally and Mota's hit drove in one before Mazeroski's triple brought two more across.

Cardenal came out in the eighth, Cardenal fanned a triple down the right field line against Boston's Gary Bell, 10-9, and Snyder followed with a single, breaking the 1-1 deadlock.

The Astros drove Don Drysdale, 14-11, from the mound and took a 5-3 lead with a three-run rally in the fifth. Jose Herrero's single, a walk, Staub's two-run double and Denis Menkes' runcoring single chased Drysdale.

Water-Logged Cowboys To Wind Up Home Season With Pair Of Twin Bills

It's about time for panic button-pushing time for the Magic Valley Cowboys as they strive to get in their last appearances in the home park and have only two days left to do it. In the face of four straight rainouts, including two that can't be made up, the Cowboys final eight-day home-stand has literally dripped down to two last chances.

Business Manager Julie Domowitz said the Cowboys and Idaho Falls would try to get the four games in with a pair of doubleheaders Wednesday and Thursday, both beginning at 6:30 p.m. Should Wednesday's action be rained out, the teams will try to get one game in on Thursday, and two days left to do it. It was only the second time McLain was being knocked out this season.

Southpaw Gary Peters, staked to a commanding early lead, checked the Tigers on in the first inning, bringing his season mark to 4-1.

Ward started the Chicago as a reliever, but he doubled in the first inning, took third on Al Kaine's throwing error and scored when McLain picked up the ball and threw wildly to the plate. Kaine dropped Ken Berry's fly ball for a two-base error in the second and McNertney sent Berry home with a double.

McNertney slammed a two-run single in the fourth and drove in another run with a single in the sixth after Ojeter's boot opened the gates.

Infield hits by Luis Aparicio and Sandy Alomar filled the bases and Ward undered a hit 13th homer, sending McLain to the showers.

McNertney led off the eighth with his fourth straight hit, took second on a ground out and scored the Sox, 10th run on a single by Alomar.

Hiller, 6-3, held the White Sox hitless until Hansen led off the fifth with a single. A walk and an error loaded the bases with nobody out, but Hiller got Alomar in hit into a double-play and Walt Williams to fly out.

Gates Brown, filling in for Willie Houston, drove in two runs with his fourth homer and a single and Mickey Stanley keyed a three-run Detroit rally in the seventh with a two run single.

SWIMMING CHAMPION—Chris Bell, 9-year-old son of Mr. and Mrs. Dale Bell of Buhl, poses with the ornamental hardware he won this summer season, capping it with an all-star display last weekend in the state swimming championships. He was state champion in the 9- and 10-year-old division in the 50-meter butterfly, 50-meter breaststroke, 50-meter backstroke and 100-meter individual medley. He set a pool record in each of those events. He also combined with teammates on the Twin Falls team to score a third in freestyle and fourth in the medley relays. He was second in the 50-meter freestyle. For that young Bell got a high-point trophy for individual performance in the meet.

Smith, who tagged a three-run homer connected with two out against reliever Claude Raymond.

The Cubs had tied the game in the sixth when two homers and Glenn Beckert's sacrifice fly.

Pitcher Phil Niekro got slammed a three-run homer, and Braves overcame an early Chicago lead.

Smith's three-run shot highlighted a four-run Cubs rally in the sixth inning. Niekro's homer in the second followed a pair of two-out singles by Bob Tillman and Marty Martinez. Singles by Niekro and Wayne Kirby produced the tying run in the sixth and Atlanta took the lead in the seventh on hits by Tito Fuentes and Phil Minton.

NEW YORK (AP)—Ron Swoboda smacked his 11th homer in the first inning Tuesday night as the New York Mets battered the San Francisco Giants 8-0 behind the five-hit pitching of Tom Seaver and Phil Linz.

Seaver, 11-9, tired after six innings in muggy heat at Shea Stadium and Koonce allowed one hit the rest of the way.

Swoboda delivered one run with a fielder's choice roller in the third inning, singled a run home in the fifth and belted a three-run homer in a four-run eighth.

The Mets clipped Ray Sadecki, 11-15, for an only run they needed in the second inning on a walk, Jerry Grote's fielder's choice grounder and Phil Linz double.

Fish Kills In Idaho Helped Boost Average

BOISE — Idaho had four large pollution-caused fish kills in 1967 which helped boost the national total by nearly 2 1/2 million fish or 21 per cent over the previous year, it was announced today.

According to the annual report of Federal Water Pollution Control Administration, the nation's total was 11,500,000 fish killed by identifiable pollution sources in 40 states during 1967. Idaho had four separate reports of such fish kills during the year and an total loss of 400,000 fish.

Idaho's biggest pollution-caused fish loss during 1967 killed an estimated 32,000 game fish. It happened in March on Billingsley Creek near Hagerman, according to Stacy Gebhardt, fishery management supervisor.

This was a 100 percent loss of game fish.

Three other Idaho fish kills during 1967 are listed in the national report. These occurred in August on the Clearwater River near Lewiston, where 5,000 fish (80 per cent non-game) were killed; Snake River, where 100,000 fish, where an estimated 500,000 fish (94 per cent non-game) were lost; and in the Seven Mile Creek near Holoe, where 400,000 game fish were killed.

The 1967 fish kill at American Falls Reservoir resulted from organic enrichment or pollution, but could not be pinpointed as to toxic source or sources. Hence, it was not included in the national report, although fish kill was large.

Failure To Win For New Boss Frustrates Packers

MILWAUKEE, Wis. (AP)—and tired in bowing to the Packers, who are also being humiliated by a rookie coach, Jim Dooley.

Dooley was understandably happy after the win which came despite the penalties which cost the Bears 12 yards and repeated scoring opportunities.

"Understand, man, I don't ever care about these penalties. I care about the aggressive ones as long as they're not stupid," yelled Dooley to guard George Senz.

Senz, in what he described as a moment of "overenthusiasm," drew a 15-yard penalty for an unkind cut he took at Packer linebacker Dave Robinson during the nationally televised game.

Timmy Brown and Emerson Boezer were hitting up for last time Monday. Halfback Brown had his first workout with the Baltimore Colts. So did running back Boezer with the New York Jets.

"We're just going to work him extra hard," said Coach Don Shula of the Colts in referring to Brown, who originally had planned to retire. Brown is expected to add a running punch to the passing of quarterback Johnny Unitas.

Boezer, released from the Army last week, similarly is expected to supply a running threat for the Jets and make passing of Joe Namath more effective.

The Packers, who rarely dropped two straight under the stern Vince Lombardi-Bengston's predecessor—seemed out-

Eden-Hazelton Residents Request Daily Bus Service

EDEN - HAZELTON — Residents of these rural communities are tackling the giant Greyhound Bus Lines firm to come up with public transportation service. A hearing on the matter has been scheduled for next Monday.

The hearing starts at 1:30 p.m. in room A of the Holiday Inn at Twin Falls and officials of the Idaho Public Utilities Commission will referee the bout.

Fireworks are not anticipated, but residents of Eden and Hazelton said Tuesday they are determined to get bus service in their communities.

At the present time both Eden and Hazelton are without public transportation service. This situation has existed for several years, but residents feel that now Interstate 200 passed on their doorsteps, the request for bus service is "not out of line."

Jame C. Lulow, Eden, was questioned Tuesday about a program sponsored by the University of Idaho, the Idaho Department of Health and the Association of Idaho Cities.

His certificate of completion was presented by Mayor Egon Krall.

He completed work in a program which would allow a sewage works operator certificate.

Dear Abby

By ABIGAIL VAN BUREN
DEAR ABBY: Why do you always stick up for the men? You are a traitor to your own sex. A man has to practically beat his wife to death before you will condemn him.

A while back, a woman wrote in asking if it was "stealing" to pick her husband's pockets while he was sleeping, and you said it was! Now how stupid can you be?

According to the law, that which a man earns is community property between husband and wife, to be shared equally, so I ask you, how can a wife "steal" a portion of what is hers in the first place? Just because the husband happens to get his hands on it first is no reason for him to steal HER share.

I notice you said nothing about the stinginess of a husband who would force his wife to pick his pockets while he slept in order to make ends meet.

If I say anything about the children, he says "I raised them wrong." He refuses to discuss his business with me, because he says I "jinx" every deal he tells me about. We can't discuss politics, because he is a reactionary Republican who calls me "Pinko" because I'm a liberal Democrat.

We can't agree on entertainment either—Everything I like on TV is stupid.

What does a wife do in this kind of situation? Shut up entirely and have a silent rage. Or should I speak up and get a tongue lashing from a narrow-minded, ill-tempered man who will open up his big mouth to me. He reads your column each day and laughs at the other person's woes. I wonder what his reaction will be when he reads your answer to ours.

SILENT PARTNER

DEAR SILENT: What did you two talk about BEFORE you were married? Where there is no "communication" there is no hope for an improved relationship.

If you are serious about wanting to solve your woes, I hope you and your husband can agree on a marriage counselor, because you certainly need one.

CONFIDENTIAL TO "WANTS YOUR OPINION" IN MPIS: Perhaps a couple who marries with "two strikes on them" is more to be envied than pillied. They're obviously very much in love.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, close a stamped, self-addressed envelope.

Many Women Find Dieting Necessary To Be In Style

By NORMA HERZINGER
 Woman's Page Editor

With such great emphasis placed on the small waistline in this season's fashions — every other woman you talk to is on a diet.

A ténic-waistline is a girl's most valuable asset this year if she wants to be right in style and look like a million dollars. So, after shifts, tents and empires, where extra pounds did not show — back to the old "countin' calories" game.

More often than not, dieting is not our particular cup of tea — but if it's diet we must, we'd better stick to tea — black.

Reducing with a friend — many times can give one a competitive feeling and also an incentive not to cheat. It's surprising what a person will do in competition — even go hungry if it means scoring No. 1. As for cheating — it's obvious we're deceiving no one but ourselves, but when the hunger pangs strike, we often let our will-power take the back seat.

Usually if we can get through the first week on 1,000 calories or so, things don't seem quite so bleak.

A daily record on calorie intake is a real good idea and

one CAN lose weight when the intake of calories drops below the output of calories. Now when you have made up your mind that your calorie intake will be lower — you have taken two giant steps.

The battle to stay on a diet can be very exasperating, especially when you're invited to a cocktail party and dinner or when hubby gets the sudden urge to go out for pizza. But if you keep thinking "Smriti" it might help and we all know that eating less is the exasperating secret of losing weight.

According to an article I read recently, written by a well-known dietician, "for every unnecessary calorie you leave out of your system per day — you can calculate a weight loss of approximately .002 pound per week. To lose one pound you must give up approximately 3,500 needless calories." Now, that's enough to make you call the whole thing off right there.

The article went on to point out that there is a distinction between needless and essential calories, noting it is the food calories ingested beyond the normal needs which are turned into and stored as body fat and make one overweight.

So girls, to be "girl-girl-watchers watch" better stick up on the low calorie foods and join the parade with fall's mini-waisted fashions.

PRESIDENT NAMED

SHOSHONE — Mrs. Virginia Larsen has been named president of the LDS Relief Society, replacing Mrs. William Harris, who has served the past few years. Mrs. Larsen states she will name her counselors and other workers prior to the regular weekly meetings, which begin the first Tuesday in September.

MALTA — Mrs. Ronald M. Walters was hostess at the Malta Social Club's annual children's party held recently at her home. Co-hostesses were Jack Wight, with Ginger Gardner, Helen Parke, Michelle Smith and Patricia Park as junior hostesses.

As each child arrived he decorated his own clown hat. Games were played and refreshments served.

Couple Recites Vows In July Baptist Rites

HAZELTON — Dixie Evelyn Bowlin, daughter of Mr. and Mrs. Oscar Bowlin, Hazelton, and James E. Braun, son of Mr. and Mrs. Joe Bråun, Twin Falls, recited marriage vows in a July 19 ceremony at the Twin Falls First Baptist Church.

Rev. James B. Hughes performed the ceremony. The decorations were white candles, and baskets of white gladioli with blue bows.

The bride, given in marriage by her father, wore a bridal gown of peau de soie, covered with chantilly lace. The skirt was made of tiers of chantilly that formed a long train.

Long lace sleeves were caught at the wrists with small buttons. A crystal crown held her shoulder-length veil of lace. She carried a bouquet of white orchids and white carnations upon a white Bible.

Janet Bowlin, Hazelton, sister of the bride, served as maid of honor. Linda Robinett, Hazelton, and Sandra Bowlin, Pocatello, served as bridesmaids. Candle lighters were Ronda Bowlin, niece of the bride, and Robert Bowlin, nephew of the bride.

Bobby Leazer, nephew of the bridegroom, served as ring bearer, and Miss Debbie Weigt served as flower girls, both from Twin Falls.

Ushers were Jay Smith and Larry Nelson, both Twin Falls, friends of the bridegroom.

Orville Clark, Twin Falls, served as best man.

Dianne Cardwell and Ronny Braun were vocalists.

A reception followed the ceremony in the reception hall of the church. The bride's table was centered with a three-tiered wedding cake decorated with blue roses, silver leaves and white bells; on each side of the cake was a heart-shaped sheet cake.

Reception assistants were Mrs. Jack Robinett and Mrs. Eugene Bowlin.

In charge of gifts were Donna Bowlin, Mrs. Jim Kirpatrick, Mrs. Virgie Bowlin and Zettell Bowlin.

Mrs. Sonny Bowlin was in charge of the corsage and flowers.

Carol Bowlin, sister of the bride, registered guests.

ALL COMBINATIONS LOSE TO PLAY
Here is another automatic play for any of the 10 best players in the world. It is easy enough to see that the hand is a cinch with four hearts in the West hand but there is a way

hearts toward dummy. He plans to play the ten if West plays low. This works against any combination of cards. Suppose West held a singleton honor. The trick would be won by the king and a low heart led from dummy. The moment East followed in, declarer would play the eight spot and claim his slam.

NORTH 21.

EAST

♣ A 2

Suppose West held a singleton small heart. The 10 would lose to an honor and East would be on lead. If he returned the seven, declarer would simply play his eight. If he returned the nine or his remaining honor, declarer would let it ride around to dummy's king and be left with a proven finesse.

Finally, if East should take the 10 with a singleton honor, East would be forced to lead diamond or a club. This would give declarer a chance to ruff in one hand and discard a losing heart from the other one.

TODAY'S QUESTION

Instead of bidding three spades, your partner bids three no-trump over your three hearts. What do you do now?

to ensure the slam contract against all possible heart distributions. Obviously, there can be no problem if hearts break 3-2, declarer's only problem is to make it against a 4-1 break in that suit.

The play is to win the club lead, ruff the trump, then South runs off three diamonds in order to discard his losing club and ruffs dummy's first club. Now he leads the last of

Average Man Blinks More Often Than Most Women

Why does a man blink his eyes so frequently than a woman blinks hers? The science boys say their hidden cameras show the average man blinks every two seconds. The average woman, they say, blinks every four seconds. But they do not explain it further. This is another topic that might be taken up by those serious scholars who devote such intensive study to the intriguing differences between men and women.

Incidentally, because of this blinking situation, it's said men spend about 14 per cent of the waking hours in the dark. At least, at least.

Name of that boastful fellow in Mr. Spenser's "Eerie Queen" was Braggadocio, whence came the word "brag." So reports our Language man. Am asked which I'd rather be an editor or a columnist. No doubt about it, a columnist. An editor never gets the credit that he takes out, only the blame for what he leaves in.

Any citizen who becomes alarmed about gaining weight might bear in mind that the great blue whale at one period in its life puts on as much as 150 pounds a day.

Where's the best place to keep a per rattle-snake? Have here a note from a Roswell (N.M.) lady who says she has her rattlesnake in the refrigerator. To facilitate safe handling. WAGON DAYS IN KETCHUM begin Friday and sights like this stagecoach will be common. This coach is driven by Ed Vogel. It saw many years of service between Rogerson and Jarbridge, Nev., in the days of the early west. In 1917, the

driver of this coach was killed during a robbery. Western lore will run thick during the three-day celebration in Ketchum. More than 5,000 people are expected to visit the village during this time.

Heyburn Class Of '38 Reunites

HEYBURN — The Heyburn High School class of 1938 held its 30-year reunion recently at Nelson's Cafe. Those attending the reunion read correspondence from class

of the class, along with wives and husbands. Earlier in the day an open house was held at the home of Ruth Heiner, a class member, for families of the 1938 graduates.

Plot Probed

CHICAGO (AP) — The Chicago Tribune said Tuesday the FBI members unable to attend, looked through photo albums and annuals and visited,

and the Secret Service are investigating reports of a plot to assassinate Vice President Hubert H. Humphrey and Sen. Eugene McCarthy during the Democratic convention.
