TEN CENTS

CROSSING A STREAM in South Vietnam can be dangerous, as these Marines discover. One marine extends a helping hand to a floundering comrade as they cross a monsoon-swollen stream in a valley west of Da Nang. They are of the 27th Marines, searching for enemy troop concentrations. (AP wire photo)

Twin Falls Woman Dies After Dispute In Home

A complaint charging a 47-year-old Twin Falls electrician with first degree murder in the shotgun slaying of his wife was filed today by Twin Falls County officials at 1 p.m. Tuesday.

Officers said Mr. Collier's wife was pronounced dead at the family home, 1943 Osterloh Ave., about 3:30 a.m. Monday. Sheriff Corder said she had been shot with a 12-gauge shotgun once in the upper back and again in the chest. He said the bullet wound, probably the first inflicted, was from no farther away than 20 feet and the chest wound at "close range."

A complaint was drawn up Tuesday morning by Twin Falls Prosecutor Michael Felton and signed by Sheriff Corder, who then placed the injured man under arrest.

Cong Terrorists Launch Attack

SAIGON (AP) — Viet Cong terrorists launched two grenade attacks inside Saigon today and enemy troops struck a district town only 20 miles from the capital, killing civilians and burning down houses.

Seven South Vietnamese civilians, six of them AID employees, were wounded by the exploding grenades. No Americans were hurt, although hundreds of Americans were at work inside the city's largest concrete building.

Four Vietnamses men, two women and two children were wounded there, police said. Viet-Cong forces attacked Long Thanh, a government district town 20 miles east of the capital, killing 20 civilians, wounding another 50 and burning down 85 houses with a heavy mortar attack followed by a ground assault.

up their protective attacks on the approaches to Saigon to blunt that, expected big enemy offensive if the Viet Cong is preparing for one.

Judging Starts As T.F. County Fair Set To Open Wednesday

By MARJORIE LIERMAN — The Twin Falls county fair began promptly Tuesday morning and became serious business as judges examined and rated exhibits to determine winners in the many departments. The fair officially opens Wednesday.

open from sheepmen. The tent met with some difficulty in Monday evening's strong wind, but was securely tied down and ready for use Tuesday.

ed better with well kept lawns and colorful flowers. The buildings shine with new coats of paint and the colorful signs made last year by Joan Patterson, Filer, have again been placed above the livestock buildings and draw many comments from fairgoers.

Another 12 civilians were killed and 16 were wounded when a bus triggered a Viet Cong mine near Phnom Penh, a provincial capital 100 miles northeast of Saigon.

Dazed 'Quake Survivors Search For Kin In Rubble Of Homes

KAKIKH, Iran (AP) — Wrapped in bloodstained clothing, the dazed survivors of this shattered village wander aimlessly through the rubble.

Rescuers pulled an old woman and her 3-year-old grandson out of the rubble. She was reading the Koran and the child was crying for food.

without their marriages. They are obscure. Like many others, he yearns for the continued use of the automobile. They are quick to become tent cities as rescue personnel move in. They want to start rebuilding before the pleasant weather of late summer disappears.

Johnson has nominated federal Judge Hunter Thornberry to fill the vacancy that would be created by elevating Fortas from associate justice to chief justice of the United States.

Civil 'Disaster' Declared Amid Violence At USC

BERKELEY, Calif. (AP) — City Manager William C. Hanley has declared a state of civil disaster in this university city following two days of violence on Telegraph Avenue.

night and a policeman was shot in the leg and four other patrolmen were injured Friday. That outbreak led to a rally protesting police action in Chicago during the Democratic National Convention.

Police used tear gas Sunday night to clear away a crowd that was attracted by the explosion that shattered windows, broke the water main and tore a hole in a building under construction. No cause for the blast has yet been found.

Humphrey Asks Citizen's Panel To Probe Violence In Chicago

By The Associated Press. Vice President Hubert H. Humphrey has called for a blue ribbon citizens committee investigation into the role of demonstrators, police and news media in the bloody protest disorders in Chicago.

tion to run against incumbent Democratic Sen. Alan Bible. In North Dakota, Ed Doherty, publisher of the Weekly News, and Robert P. McCarny, a Bismarck card dealer, seek the GOP nomination to oppose incumbent Democratic Gov. William L. Guy.

PRAGUE (AP) — Czechoslovakia's new government is starting a careful course today, seeking an early end to the Soviet occupation.

Czechs Plan End Of Russ Occupation

Informed sources said Communist party chief Alexander Dubcek told the party's central committee not enough attention had been paid to "the opinions of other states like Warsaw Pact as a limiting factor in the speed and forms of our own political development."

Duty Calls Congress To Desks

WASHINGTON (AP) — With one eye turned to the presidential candidates and the other to the voters back home, congressmen return Wednesday to face some of the nation's most important issues.

Record Set

By The Associated Press. Traffic accidents across the nation during the extended Labor Day weekend took 600 lives, the largest number of traffic fatalities ever recorded for that holiday period.

T.F. Schools Lag As State Opens Classes

By The Associated Press. Classroom began today in many Idaho school districts with the start of the fall term. Still to come in only two weeks.

Johnson Urges \$2.1 Billion Increase In Federal Aid To College Students

AUSTIN, Tex. (AP) — President Johnson's annual report to Congress today urged a \$2.1 billion increase in federal aid to college students.

Johnson, who is expected to return to the White House Wednesday, with an early review of the East European situation topping the agenda, made public two documents submitted by William J. Cohen, secretary of state.

At least 500,000 more teachers will be needed by 1975, mainly to reduce the pupil-teacher ratio and to meet the growing number of kindergarten enrollees.

He also said that the government has launched its fifth annual search for outstanding men and women, 23 to 35, to serve in the first half of the year as the White House follows a program.

'Boppers' Jolt Saigon Elders

SAIGON (AP) — Vietnam's conservative elders are shocked. Saigon's intellectual community is in an uproar.

without their marriages. They are obscure. Like many others, he yearns for the continued use of the automobile. They are quick to become tent cities as rescue personnel move in.

American billets, or quarters on a motorcycle, or riding past in traffic, the flash of a high visor.

The teenyboppers sometimes have to wear the traditional Vietnamese solera on loose "Chiui chloi"; they will shout at the girls. "Are you ready to play? The girls, with a toss of their somewhat "thigh-length and shir."

Daley's Mother Weeps At Riots

CHICAGO (AP) — A Chicago theater of four watched on her living room television set as Mayor Richard J. Daley was "castigated" by angry delegates on the floor of the Democratic National Convention. Tears filled her eyes as she said, "Poor Richard! Why do they do that to him?"

A bachelor, 40, in the same room last week said, "Daley's still the greatest mayor Chicago ever had."

A father of six, a registered Republican from suburban Oak Lawn, told both of them, "When he's (Daley) defeated next time, you don't expect to be given free garbage cans." This was a reference to one of many political favors by Daley through his ward committee to stimulate and sustain loyalty among the lower middle-income class.

Next time up for Daley, 66, is 1971, when the decision will be made on a four-year term as mayor of the city. Carl Sandburg once described as "proud to be alive and coarse and strong and cunning."

The words of the late poet still ring true to many Chicagoans.

To others, natives and out-towners, Sandburg's choice of the word "coarse" probably appears accurate, if an understatement.

Orval Hansen Makes Speech At Bellevue

BELLEVUE — "It will be the task of the next administration to restore respect for law and the rights of others so that the 1972 party conventions can meet under conditions of peace and order rather than the armed camps we saw in Chicago last week," State Sen. Orval Hansen, Republican candidate for Congress, declared during a campaign visit to Blaine County Monday.

Sen. Hansen attended the annual Labor Day picnic at Bellevue. "Events in Chicago make it clear that only the Republican Party can furnish the strength and unity of leadership necessary to reverse the alarming trend toward growing lawlessness and public disorder," he said.

"When the delegates to any party convention must be protected by troops with bayonets, the freedom of all Americans is in danger," Sen. Hansen said. "The solution is not to abolish conventions but to make it safe for them to meet."

"Our system provides many avenues for the peaceful expression of dissent," Sen. Hansen noted. "Those who resort to violence and trample on the rights of others to register a protest, destroy the very freedom they proclaim."

The agony of the Chicago Convention demonstrates that to bring unity to our divided nation requires that we return to the basic standards of respect for each others rights, common courtesy and good manners," Sen. Hansen added.

Syrians Say Two Killed In Warfare

DAMASCUS, Syria (AP) — The Syrian army said two of its soldiers were killed Monday night in the second clash in three days across the usually quiet Syrian-Israeli cease-fire line.

A military communique said Israeli troops in armored cars started the 20-minute machine-gun battle. Israeli casualties, if any, were not known in Damascus.

At the Arab League foreign ministers' meeting in Cairo Monday, Tunisia's chief delegate tried to criticize the Arab performance in the 1967 war but was cut off. Ambassador Tayeb al-Sabehani walked out, and the Tunisian delegation flew home.

"The Arab League is no longer a forum for Arab states to express free opinions," Sabehani declared. "Among other things, he had accused Egypt of trying to spread its influence to other states."

Jordanian sources said other Arab League states agreed to contribute funds—and perhaps arms—to Jordan's defenses against any Israeli attacks.

Israel announced for the first time that Egyptian soldiers have sought asylum in Israel. It did not say how many fled from Egypt or when, but three men produced for an interview on the state radio said they left in the last few weeks.

Two of those interviewed indicated widespread dissatisfaction among Egyptian troops with the way their officers treated them. The third complained of excessive Soviet influence in his homeland.

Texans Attend NATO Meeting

MUNICH, Germany (AP) — U.S. Civil Defense Director Joseph R. Romo and two Texas legislators are representing the United States in a NATO civil defense conference that opened here Monday.

With Romo are Ben Barnes of Austin, Texas, speaker of the Texas House of Representatives, and Ralph Wayne of Plainview, Tex., a member of the Texas House.

During the week-long conference, 29 representatives of 12 NATO countries will inspect civil defense units in the German states of Bavaria and Hesse and will meet with representatives of the West German Interior Ministry in Bonn.

The conference will move to NATO headquarters in Brussels on Thursday. Barnes will give a special presentation on civil defense rescue and relief work in Texas following Hurricane Beulah, which hit the state in September, 1967.

A CURRENT REMODELING PROJECT by the College of Southern Idaho will add some 9,000 square feet of space for the vocational-technical program. The old McVey building near Kimberly Road and Eastland Drive has been rented and is being remodeled for use by several vocational programs. The building is the second which will be in use by that branch of the college. Workers here are pouring a concrete floor in the structure. It is expected the building will be ready for use in about three weeks.

China Lags On Missile Tests

WASHINGTON (AP) — Red China is nearly a year late testing its first long-range missiles, Pentagon officials say. The lag may allow the United States to put off starting a controversial defense system tailored to the Chinese threat.

"We don't see any evidence of Chinese preparations for an ICBM test," one official said.

Defense sources said the U.S. government has information that elements pushing Mao Tse Tung's cultural revolution have been harassing nuclear and missile scientists and managers.

For a long time, U.S. authorities felt that these elite specialists were exempted from attack as China placed an apparent top priority on developing an intercontinental ballistic missile arsenal.

Back in January 1967, then Secretary of Defense Robert S. McNamara, forecast to Congress that Red China might stage a long-range missile test before the end of 1967.

McNamara predicted last September that Red China would have "an initial intercontinental ballistic missile capability in the early 1970's."

With a slippage of nearly a year in testing the first Chinese ICBM, it is logical to assume that the Chinese effort to develop a full weapon system is lagging.

This, in turn, would seem to ease the urgency of going ahead with deployment soon of a U.S. system designed to guard the United States against a possible Chinese missile attack.

Officials said there has been some discussion in the Pentagon of whether or not the Sentinel antimissile system employment should be stretched out.

"There has been no change in the decision to go ahead with the \$5-billion Sentinel, however," one official said, but the possibility has been raised of deferring its start for some months.

The discussions have additional point at this time because the Defense Department is searching for ways to cut down on

China Lags On Missile Tests

spending this fiscal year. The Pentagon is under orders to come up with some \$3 billion in spending reductions. The going has been slow.

A number of actions have been announced, but they add up to only about \$300 million so far.

The defense appropriation bill for this bookkeeping year includes about \$342 million toward development of the antimissile system.

CASSIA COUNTY Burley Police Blotter

Vern J. Waters, Route 2, Burley, was cited for failure to yield the right of way following a car-truck accident at 4:50 p.m. Saturday on 34th Main Street. Burley, Mr. Waters was driving a 1967 Chevrolet from a service station when the car collided with a 1965 Chevrolet truck driven by Theodore C. Marion, Declo. The truck was also traveling east and was owned by Ore-Ida Foods.

Damage was \$400 to the car and \$10 to the truck. Passengers in the car were Nora Waters, Burley; Virginia Fenton; Brenda Fenton and Reginald Fenton, all Clinton, Md.

Harry Murphy, 66, 727 Oakley Ave., Burley, was cited for failure to yield the right of way following a two-car accident at 8:13 p.m. Saturday on Main Street and Hilland Avenue. Mr. Murphy, driving a 1964 Chevrolet north on Hilland Avenue, stopped at the stop sign, then pulled onto the highway making a left hand turn and the car collided with a 1966 Pontiac

traveling west, driven by Albert A. Morris, 53, Hightown.

Damage was \$150 to the Pontiac and \$40 to the Chevrolet. Passengers in the Morris car were Dean Rose, 14, and Ethel Morris, 60, both Hightown. Mr. Murphy was traveling alone.

Gomulka Benefits By Crisis

WARSAW (AP)—The occupation of Czechoslovakia has given Wladyslaw Gogulka a boost against a challenge to his leadership of the Polish Communist party, observers in Warsaw believe.

These observers regard the checking of the liberalization drive in Prague as a personal victory for Gomulka that has strengthened his position in the unresolved power struggle with deputy Politburo member Mieczyslaw Moczar, the former interior minister and secret police chief.

Moczar has been considered a rival of Gomulka for several years, using his influence as head of an organization of wartime partisans and the police as his platform of operation. One technique has been to replace men in key positions with persons loyal to him.

He is believed to have been one of the prime forces behind the purge campaign last spring, following student demonstrations and rioting, which ousted Jews, intellectuals, liberals and former Stalinists from party ranks and government jobs.

During the summer there was considerable speculation that Gomulka's days in power were numbered. There were those who said the quadrennial party congress in November would depose him although he would retain some figurehead position. Others said he would last six months after the congress or even two years.

But Gomulka's alignment of Poland with the hard-line stance of the Soviet Union, both ideologically and militarily, against the Czechoslovak reforms has made him a much harder man to budge.

Observers consider him certain of Moscow's support. He has wholeheartedly backed the Soviet campaign for a Communist unity conference. He has backed Soviet condemnation of Israel and now he has committed an estimated 45,000 troops to the joint military occupation in Czechoslovakia.

AS THE STERN SINKS under water, U. S. soldiers aboard a landing craft fire back at Viet Cong forces hidden nearby on the canal bank in the Mekong Delta. A sailor carried a flak jacket in an attempt to plug a hole caused by close-range

fire from an enemy recoilless rifle. To keep the craft afloat, a quick-thinking coxswain rammed the craft's bow into the canal bank and revved its engines, preventing it from going completely under. (AP wirephoto)

Labor Party Poses Threat For Wilson

BLACKPOOL, England, (AP)—Organized labor told Prime Minister Harold Wilson's Government Monday to ease its austerity squeeze on wages or lose the backing of British workers.

The warning was delivered by Lord Wright, president of the big Trades Union Congress, at the opening of its 100th annual convention. The ruling Labor party traditionally draws its main strength from the congress.

Delegates from more than 40 nations, except the five Warsaw Pact invaders of Czechoslovakia,

delivered birthday greetings to the nine-million-member, the oldest labor federation in the world.

Invitations to the Soviet Union, Bulgaria, East Germany, Hungary and Poland were withdrawn because of their occupation of Czechoslovakia.

Lord Wright delivered his message to the government in his keynote speech.

He said the congress approved of the government's intentions to try to restore Britain to sovereignty but disagreed with its methods.

He asserted almost the entire burden was being thrown on the workers by limiting wage increases to 3 1/2 per cent in any 12-month period.

Lord Wright said this was interference with the workers' rights of collective bargaining and added: "The government cannot succeed without carrying

with them the workers and their unions."

Wright cautioned trade unionists to stop their squabbles or the government would step in and stop them.

TURTLE PROVES STRONG

The box turtle of North America is able to support a weight 200 times its own. In man such a feat would mean supporting the weight of two large elephants.

"We recommend **ELECTRIC HEAT** for nursing homes"

ALL-ELECTRIC BUILDING AWARD

CHARLES GOODMAN
CASABELLO ESTATE, SALMON

"Ours was one of the first modern nursing homes built in Idaho," says Mr. Goodman. "Also the first with electric heat. Electric heat is almost indispensable for this type of facility."

"The cleanliness alone is a great advantage. Other benefits are freedom from drafts, quietness, and individual room control. Temperatures can be set to suit individual patient needs. And because nursing homes are largely operated by women, the freedom from heating plant maintenance is a real asset."

"Whenever we talk shop with others in our field of work, we recommend electric heat. We are including it in our expansion plans."

Phaseout Of Taxes Outlined

By EARLE L. JESTER

BOISE (AP)—The inventory tax phaseout program will give Idaho taxing units more money than they are losing, but a top tax authority says some apparently are trying to get even more.

Max Yost, executive manager of the Associated Taxpayers of Idaho, says his organization is checking the tax levies of all of Idaho's 44 counties and their subordinate taxing units. If unjustified — or illegal — tax increases are found, Yost said steps will be taken to reduce them.

Yost said inquiries coming to his office indicate there is a considerable lack of understanding of the law by which the 1967 legislature phased out the property tax on merchandise-inventories, livestock and timber products.

Officials of many local taxing units, Yost said, apparently believe they will lose revenue as a result of that phaseout, and some are attempting to increase the property tax to compensate.

Actually, Yost says, sales tax revenue, diverted to them will give the local units of government more revenue than they have received from the inventory tax.

"In most instances," Yost said, "the attempt to increase the property tax to compensate for the inventory tax phaseout is done in good faith. The official concerned simply does not understand the procedure."

"But in some cases it is possible a local unit of government is attempting to profit by the situation and gain a tax windfall."

The phaseout law provides that by 1971 there will be no property tax on merchandise inventories, livestock and timber products. This year, the reduction in such taxes is 25 per cent. For 1969 the reduction is 50 per cent, for 1970 it is 75 per cent and in 1971 the tax is eliminated.

The sales tax diversion also becomes fully effective over a four-year span.

For the fiscal year which began last July 1, the law diverted 5 per cent of county revenue to a fund that will be distributed to local taxing units in proportion to their losses, resulting from the phaseout of their taxes beginning July 1, 1969. The diversion increases to 10 per cent, to 15 per cent on July 1, 1970, and to 20 per cent July 1, 1971.

WHILE THEIR FATHER was hunting early Sunday, fire flashed through their frame dwelling in Northwest Portland, killing four children and their mother. Sheep Dam Hearings Scheduled

LEWISTON, Idaho (AP)—Public hearings begin Wednesday on proposed plans for building High Mountain Sheep Dam on the Snake River.

The hearings, being held by U.S. Supreme Court order, come after more than a decade of bitter controversy over the dam which, if built, would be the nation's largest non-federal hydroelectric project.

Pacific Northwest Power Co., composed of four Pacific Northwest investor-owned utilities, submitted the proposal to the Interior Department last April. That was nearly one year after the U. S. Supreme Court overturned a Federal Power Commission license for the river development project.

The hearings are expected to center on a proposal calling for a linkup between regional non-federal power producers for construction of the dam and power plant.

PNP obtained a construction license in 1964, but when the case came before the Supreme Court, the FPC was ordered to conduct further hearings and investigate alternative power sources.

Rail-Congress Fight Nears

WASHINGTON (AP) — The nation's railroads face the possibility of a multimillion dollar shutdown after Congress reconvenes Wednesday.

At stake is an estimated \$600 million in costs the rails attribute to the burden of unprofitable passenger lines—the industry says are as much as 400 million.

Legislation sponsored by the Interstate Commerce Commission would require a stringent test of public convenience and necessity, as well as the usual profit-loss tally, before allowing a railroad to lop off unprofitable service.

If enacted, the legislation would make it much more difficult to shed unprofitable service.

Although there is a chance that Congress might not get the legislation, two influential senators have committed themselves to opposing the growing practice of chopping off the costly passenger trains. They are Sens. Mike Mansfield of Montana, the majority leader, and Gale McGee, a Wyoming Democrat.

Paul J. Tierney, ICC chairman, recently told a Senate commerce subcommittee the nation's "future transportation needs are too great to allow rail passenger trains to disappear without a thorough review of their potential."

The ICC says it has been averaging about one application per week for discontinuance of rail passenger service.

The lines cite competition caused by super highways, competing air lines, bus lines and the ease and flexibility of auto travel.

Attorneys for the Chicago, Burlington and Quincy Railroad said recently "the public's use of the trains has declined to the point where demonstrably public convenience and necessity does not require their continued operation."

But Sens. McGee and Mansfield informed the ICC of their disagreement.

"As you know, many members of Congress have expressed great concern over deterioration of passenger train service throughout the United States," McGee wrote the ICC last month, "and several measures are under active consideration."

Magic Valley Favorites

MRS. TERRY FISHER
607 E. 1st S., Salt Lake City

- Watermelon Salad
- 1 6-ounce package raspberry gelatin
- 2 cups boiling water
- 1 cup tiny marshmallows
- 1 cup drained crushed pineapple
- 1 cup diced mixed fruits
- 1/2 cups cubed watermelon
- Dissolve gelatin in boiling water. Add marshmallows and stir until dissolved. Chill until slightly thickened. Fold in pineapple, mixed fruits and watermelon. Turn into serving dish or mold and chill until set. Serve with Sour Cream Pecan Dressing.
- SOUR CREAM PECAN DRESSING
- 1 cup sour cream
- 2 teaspoons vanilla
- 1/2 cup powdered sugar
- 1/2 cup chopped pecans
- Combine all ingredients and chill.
- (The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.)
- CLUB CONVENES
- FILER — Mrs. Daniel Kauffman was hostess for Hillside Club members at her home. Mrs. Anna Fender received a gift. Members exchanged "bits of wisdom."

A GET-ACQUAINTED TEA In honor of Gloria Keppner, right, former Challis resident and new physical education teacher at O'Leary Junior High School, was hosted recently by Mrs. Earl Liles and her daughter, Mrs. Jule Roberts at the Lake home. Mrs. Roberts, standing is sitting, from left: Mrs. Larry Watson and daughter, Shelley; Mrs. Mike Broad-

County Homemakers Clubs Reorganize For Season

JEROME — Kathleen Farrell, Jerome County home economics agent, announced this week that Homemakers clubs are reorganizing for the fall and winter months. At present there are 12 clubs with more than 240 members.

These clubs are open to all homemakers in Jerome County. Activities are educational as well as social. Lesson programs and workshops are offered through the University of Idaho Extension Service and include topics in clothing, construction, nutrition, home decorating and consumer buying.

Big Sisters Are Announced

RICHFIELD — Big sisters were named for freshman girls at a get-acquainted party recently with the Girls League members in charge of activities. Deanna Behr, unit president presided.

Questions concerning school problems were written by the freshman guests and answered by the older club members.

Senior girls and their little sisters for the year are Dorothy Atkins-Joyce Brauburger; Karen Clarice Proctor - Kim Haws; Nancy Kelly - Colleen Brown; Sherryll Magoffin - Ann Wellhausen; Kathleen Riley - Rhonda Swainston; Cathie Flavel - Carol Lyn Sanders; Dusty Dixon - Sandra Jensen; Carla Robinson - Christine Jones; Pam Appell - Beva-Dawn Robinson, and Deanna Behr - Norma Ralls.

Social Calendar

Morningside Club will meet at 1 p.m. Sept. 11 for a potluck dinner at the home of Mrs. Pearl Federic. The meeting originally was scheduled for Sept. 4, but was postponed because of the Twin Falls County Fair.

FRESHEN PERFUME

Take time out during the day to freshen your perfume as you do for make-up. The fragrance will last only a few hours — so make it a habit to apply your perfume or cologne at the same time you powder your nose. This will insure you total freshness and loveliness.

FLOWERS MADE

FILER — Mrs. Wayne Oltberg demonstrated making crepe paper flowers to Sringra Home Extension Club members at the home of Mrs. C. G. Thomas. A potluck dinner preceded the business meeting. Guests included Mrs. A. E. Peters, Janet Hiley and Sandra Mills.

Dear Abby

By ABIGAIL VAN BUREN
DEAR ABBY: I have a problem that has bothered me for a long time and I don't know how to handle it. The fact is I get very jealous when my fiancee goes to her

water and son, Mike, and Mrs. Ron Watson. Mrs. Watson's husband is the new school system psychiatrist. Mrs. Broadwater's husband is student teaching biology at Twin Falls High School, and Mrs. Watson's husband is a member of the Twin Falls High School coaching staff. Miss Keppner is holding Mrs. Roberts' daughter, Becky.

many letters about friction between the wife and her mother-in-law. You said, if they cannot get along, keep them apart — no matter what the cost. How right you are.

I felt it unwise financially to maintain two households — one for my widowed mother and one for my wife and children, so I invited my mother to make her home with us.

I learned too late that it wouldn't work for my mother alienated our children from us, and all the money I had saved. I had to pay out in psychiatric treatment for my wife and our

eldest daughter.

SINCERELY,
FULL OF REGRETS

Everybody has a problem. What's yours. For a personal reply write to Abby, Box 69700, Los Angeles, Calif., 90069 and enclose a stamped, self-addressed envelope.

doctor for a physical examination. Kathy has a very good figure, and you can't tell me that a doctor doesn't enjoy seeing a girl with a good figure. I just can't stand knowing that some other man has seen Kathy undressed.

We plan to get married in a few months, and I don't know how to heat this problem, but I know if I don't conquer it I'll go nuts.

It's had enough right now. But I'm sure it will bug me even more when Kathy has a baby, and he will have to deliver the baby and so forth. Have you any suggestions?

JEALOUS

DEAR JEALOUS: I could suggest that your fiancee use a woman physician, but it would not solve your problem. It would only make it worse. I'm sure you that a doctor doesn't "enjoy" one patient any more than another — no matter how "good" her figure is. So grow up and forget that nonsense. You are jealous over nothing.

DEAR ABBY: How can a man determine whether his wife is a rudder or an anchor?

EMELGEE; Lockport, N.Y.

DEAR EMELGEE: If she's guiding his progress, she's a rudder. If she's impeding it, she's an anchor. And any man who depends exclusively on his wife for the former, or allows her to do the latter, should be keelhauled!

DEAR ABBY: My problem is my mother. Every time I go to the closet to get something to wear, it isn't there. My mother is 20 years older than I am, but she's my size. I think my clothes are too sexy for her, but she doesn't think so. I work hard and buy all my own clothes and she just helps herself to anything she wants. She's not careful with them either. If a button falls off, that's just too bad. She also gets spots on things, and I have to launder them. Warnings don't help. I've tried that a hundred times. I am 25 years old and feel up. Any suggestions?

CLOTHES POOR

DEAR POOR: You can either lock your clothes up or find another place to live.

DEAR ABBY: Yours is the voice of wisdom, mine is the voice of experience. I have read in your column

BODY BEAUTIFUL THAT'S HE!

What's more beautiful than a glowing sunburn? Too bad sunburn is often an avoidable affliction. Our determination and efforts to get golden brown. Take the sun in small doses... even after your sunburn protection has been built up, you can get an uncomfortable burn. We have your way out. Our Sun-Ban cream, our Sun-Ban spray, and our Sun-Ban lotion, as well as sunburn oils, sun glasses, and summer necessities.

the one and only

Cherish your Long Distance dialing finger, a skillful servant from nail to knuckle. Beginning at 7 p.m. tonight—or any week night—it will obligingly connect you with distant family or friends for one dollar or less per call. That's right; a dollar or less. Can you put your finger on anything else you buy that has regularly gone down in price since you started using it?

(The quoted rate applies to a 3-minute station-to-station Interstate call anywhere in the Continental U.S. except Alaska.)

*** DIRECT DIAL DIGIT** Mountain States Telephone

You'll get there faster if you dial your own Long Distance calls.

Invasion Ignites Lively Argument

PRAGUE (AP) — If you want to trace the evolution of the issues between Soviet communism and the more liberal variety, there's nothing like a debate between a Soviet soldier and a Czech student furious at the invasion of his country.

You can hear such a debate any night in Wenceslas Square, in the center of Prague.

The participants: For Moscow—the crew of a Soviet armored car on guard outside the office of a newspaper appropriately called Svoboda Slovo, Free Speech.

For Prague—a variety of youths, most of them wearing blue jeans and sports shirts, and a few of their elders, too.

It's fairly polite stuff, but nobody can be accused of dodging the issues.

"Why did you come here?" asks a long-haired Czech boy aggressively.

"There's a counterrevolution here," replies a Soviet private about the same age. "We came to save you from capitalism."

"Have you seen any counter-revolutionaries or capitalists around? We're all Socialists here. We want our own kind of socialism. We didn't ask you to come."

"You Czechs shoot at us, there are 3000 counter-revolutionaries in Czechoslovakia."

"How do you know?"

"It says so in Pravda."

"Do you believe what you read in Pravda or what you see with your own eyes?"

It goes on for hours. Finally the Soviet officer in charge says good naturedly that it's time for everyone to go to bed.

Similar scenes take place at a half a dozen spots in Prague where Soviet troops are on guard or camped. At Chkalov Park, near the railway station, the debaters sometimes stretch out on the grass, relaxed and friendly.

Girls show up, too. They seem sharper tongued than the boys.

The argument can get heated. Monday night a Czechoslovak police sedan stopped in the square and took away an earthen, hairy young man with a gold chain around his neck.

"Why did you come here?" had shouted repeatedly at a stolid young Russian soldier, waving his arms. "Why? Why?"

A team of experienced debaters from the Soviet side call an agitprop—agitation and propaganda—a n-a-e-m, occasionally turns up on the Russian sig.

IGNORING THE CURFEW imposed on Berkeley residents following outbursts by students demanding the closure of Telegraph Avenue, a young lady is carried from the scene by police. The city of Berkeley, torn by three days of gunfire, dynamite and arson attempts, was quiet Monday night. (AP wirephoto)

Orville Freeman Faces Tough Task

WASHINGTON (AP) — There is little reason for Agriculture Secretary Orville L. Freeman to jump for joy as Congress returns to work Wednesday.

Two of his pet legislative programs are snarled in congressional maneuvering, which will cut short a month ago when laws were passed for the Democratic and Republican conventions.

Costs of farm production rise unabated.

Freeman contends that without price supports and direct payments provided by the basic farm law, prices would be much lower, farmers would have even less income and costs would drive many more from the land.

Town Praises Sinclair Lewis

SAUK CENTRE, Minn. (AP) — "The boyhood home of Sinclair Lewis was dedicated as a national landmark Monday in Sauk Centre, the 'Gopher Prairie' of the late novelist's 'Main Street'."

When Lewis wrote "Main Street" in 1920, people here preferred to think he was writing about some other place.

But times have changed. Sauk Centre now proudly boasts a Sinclair Lewis Park, and its high school teams are called the Main Streeters.

"This is going to make Sauk Centre a good sitting spot during the summer months," said Allan Pollock, mayor and postmaster for the town of 3,373 persons.

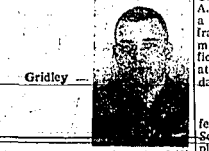

Pollock admitted to a newsman he had never read "Main Street," nor any of Lewis' other novels. "I don't think 10 percent of the people here have read it," Pollock added.

freer upon completion of a helicopter pilot course at Hunter Army Airfield, Ga. During the 16-week course, he was taught various gunnery techniques and tactical maneuvers for helicopters supporting ground troops in combat. He also received instruction in helicopter maintenance and survival techniques.

His mother, Mrs. Aleita Grindley, lives on Route 1, King Hill.

News Of Area Servicemen

Gary L. Gritley, son of I. Agnel W. Gritley, Route 1, Hagerman, on July 2 received the silver wings of an Army aviator and was appointed a warrant officer.

Gritley

Patrick J. Byrnes, son of James J. Byrnes, 330 Alhurst Drive, Twin Falls, was commissioned a second Lt. in the Infantry Aug. 2 upon completion of the Reserve Officers' Training Corps program at the University of Idaho in Moscow, Lt. Byrnes was trained as an ROTC cadet in various subjects which provided him with the skills necessary to command. He is now scheduled to report to Ft. Benning, Ga., for active duty service on Sept. 25. The 24-year-old officer graduated in 1963 from Twin Falls High School.

One of the teeth in a huge poster of the Republican presidential nominee was blacked out, and a man walked behind the float carrying a sign which read, "Humphrey's the other one."

Army Pvt. Terry L. Schaeffer, son of Mr. and Mrs. Dave Schaeffer, Route 2, Pash, completed eight weeks of advanced infantry training Aug. 12 at Ft. Lewis, Wash. He received specialized instruction in small unit tactics and in firing such weapons as the M-14 rifle, the M-60 machine gun and the 3.5-inch rocket launcher. He entered the Army in March 1968 and completed basic training at Ft. Lewis, Wash. Pvt. Schaeffer was graduated from Minidoka County High School, Rupert, in 1966 and attended the College of Southern Idaho.

ENVY TAKES POST — WARSAW, Poland (AP) — Walter J. Stoessel Jr., a career diplomat in Soviet and European affairs, arrived today to assume the post of U.S. ambassador to Poland.

In July it appeared Congress would approve readily an extension of the Food and Agriculture Act of 1965, which expires at the end of 1969.

It also looked as if a greatly expanded food-stamp program would be approved to make more food available to needy families.

Now that each major party has its presidential candidate, some observers in Freeman's camp fear both measures may be casualties of campaign fever.

But the food stamp measure may have a better chance in the next few weeks, since feeding hungry people has a more compelling ring than extension of a farm law that has another year to run.

The Senate has passed a four-year extension of the farm act—which was favored by the Johnson administration—but the House approved only one-year extension and imposed a \$200-million limit on individual federal payments to farmers.

If House-Senate differences can't be settled—possibly in favor of a one-year extension without payment limits—it probably will mean the nation's basic farm law will be up for consideration by a new Congress next year.

Freeman has said a payment limitation for federal farm programs would be disruptive and possibly fatal to the policy of keeping farm production to demand.

Meanwhile, bumper crops of wheat and livestock feed grains are being harvested. Cash market prices in many areas are the lowest in a quarter of a century. Surpluses threaten to increase.

Army Capt. Ronald D. Pesse, whose parents, Mr. and Mrs. Clifford Runfelt, live on Route 2, Buhl, received the Bronze Star Medal July 28 in Vietnam. Capt. Pesse received the award for heroism in action while engaged in ground operations against a hostile force in Vietnam. During the same ceremony he was awarded the Air Medal for combat aerial support of ground operations. Commander of Headquarters Company, 4th Battalion of the 9th Infantry Division's 4th Infantry, he entered the Army in November 1963 and was last stationed at Ft. McClellan, Ala., before arriving overseas in January 1968. He also holds the Combat In-

LBJ Plans Probe Of Europe Crisis

AUSTIN, Tex. (AP) — President Johnson, ending a long stay at the ranch, heads back to Washington this week with a re- view of the East European situation apparently the No. 1 item of business.

Johnson is scheduled to add in a speech before some laymen at San Antonio.

Administration sources since have reported receiving Soviet denial-of-invasion rumors.

Except for a speech in Detroit from which he flew on to Washington for the brief mid-August stay, Johnson has spent most of the month in Texas. He left town after Congress adjourned for the political conventions. Congress returns Wednesday.

He spent a quiet Labor Day weekend at his ranch, signing some official papers, keeping up with his business reading, and going on a boating outing and picnic on Lake Lyndon B. Johnson north of the ranch.

that Soviet troops were massing along Romanian borders, possibly intending to invade the satellite nation which has pursued an independent foreign policy.

"Let no nation unleash the dogs of war," Johnson warned.

Accountants Open Meeting

SUN VALLEY, Idaho (AP) — Harvard University professor says accountants are playing a growing role as consultants for their clients.

Dr. Pearson, Hunt of Harvard Graduate School of Business, made the remark Monday at the opening meeting of the Mountain States Conference of Certified Public Accountants.

Hunt said a number of firms are adopting techniques designed to make financial policy more efficient.

Among them he mentioned "abandoning the search for an exact estimate of future profits" and "emphasizing all movement of cash instead of separating them between items of income or expense."

More than 250 accountants from Idaho, Utah, Arizona, Colorado, Montana, Nevada, New Mexico and Wyoming are attending the meeting.

It ends Wednesday.

'Hysterical' Parade Seen

SANTA FE, N.M. (AP) — A traditional "hysterical-historical-parade" poking fun at current news figures, climaxed the 25th annual Santa Fe Fiesta Monday.

One satirical float that wound through the ancient city's narrow downtown streets proclaimed, "Nixon's The Other Side."

But there was a catch to the endorsement.

One of the teeth in a huge poster of the Republican presidential nominee was blacked out, and a man walked behind the float carrying a sign which read, "Humphrey's the other one."

NEW YORK (AP) - The price of trained employees, the burning of them to other and of...

Where but from your competitor can you pick up a killed employee and an edge in sales at the same time? And how better can you avoid the high cost in time and money of training workers?

In this day of highly refined abilities and a spotty shortage of workers the problem is pestering the industry as it seldom has before. The problem exists not merely in regard to high level executives but to \$76-a-week clerks as well.

More than half the employees in survey by the Bureau of National Affairs, a publisher of business information, reported they have problems with competitors over pirating of workers.

A few of the companies, the bureau found, expressed resentment at the situation with statement such as, "That's the name of the game," and "This is a way of life."

The most common defense, the survey showed, is through salary increases, and sometimes through improvements in working conditions and opportunities.

Another is through agreements to leave each other's employees alone.

Increasingly, the bureau also is tending to view themselves as professionals, tied not to a particular company but to a discipline.

There is one local company that fills all its requirements from among our best employees," many said.

Although Hogan said his lawyers advised that the Motorola claim to be without foundation, the very act of filing suit is bound to make some of today's workers feel that their employment, at least as a team.

The first hearing is scheduled for Sept. 28 at Phoenix and will be watched by thousands of employees, executive recruiters and personnel chief. It could be a landmark decision.

Pedestrian Hurt In Auto Mishap

Harris Amon, 62, Camera Center Hotel, was treated and released at Magic Valley Memorial Hospital early Tuesday following a car-pedestrian accident at the intersection of Shoshone Street and Second Avenue South.

Police said Mr. Amon was crossing Second Avenue when the vehicle, driven by Melton James Sorenson, 18, Route 1, Shoshone, traveling north, turned right cutting across the turn, in which the pedestrian was crossing.

Mr. Sorenson was cited for failure to yield right of way to a pedestrian. The accident occurred at 7:50 a.m.

The Police Department is scheduled tonight to accept an award from the American Automobile Association's Twin Falls office for pedestrian safety.

The award has been won the past several years in Twin Falls.

Rosholt Reclaims Title In Magic Valley Amateur; Packard Finishes Second

A pair of chip-ins from off the green, the last one on the 14th hole that opened up a four-shot lead, returned John Rosholt of Twin Falls to the championship of the Magic Valley Amateur golf tournament Sunday. Rosholt, who won the title in 1965, defeated 15-year-old Jim Packard of Twin Falls by three shots — getting a birdie on the last hole. Tom Olsen of Jerome, who entered the day a stroke back, ran into all kinds of wind trouble and fell to a tie for seventh place.

JOHN ROSHOLT won his second Magic Valley Amateur golf championship Sunday with a three-day total of 205 — one over par. He won his first Magic Valley crown in 1965.

Marichal Wins 24th, Giants Rap Cubs

CHICAGO (AP) — Juan Marichal won his 24th game, coasting on a 17-hit San Francisco attack to an 8-3 victory over Chicago in the first game of a Labor Day doubleheader, and the nightcap was called by darkness tied at 1-1 after nine innings.

The Cubs had a chance to win the second game in the ninth inning when Randy Hundley opened with a triple. But he was thrown out trying to score on Don Kessinger's grounder to Ron Hunt.

Billy Williams' 23rd homer leading off the sixth inning tied it for Chicago. The Giants had scored in the second when Jesus Alou singled with two but and raced home on Jack Hill's double.

All records count in the tie game and it will have to be replayed from the start as part of the doubleheader, Wednesday.

Marichal coasted in the opener. Alou collected four hits in five trips and drove in four runs, two of them with a double that gave the Giants a 2-0 lead in the second inning.

The Giants packed three runs into each the fifth and seventh innings, singly by Alou in each producing a run. Jack Hill singled a two-run homer in the seventh.

Marichal yielded nine hits, including Glenn Beckert's No. 3 homer in the sixth. He struck out eight and walked one. Ken Holtzman, who departed in the fourth, was the loser leaving him 8-11.

Javier Homer Gives Cards 1-0 Squeaker

CINCINNATI (AP) — Julian Javier's leadoff homer in the 10th inning handed Bob Gibson's four-hit pitching to the Big St. Louis right-hander shut out Cincinnati 1-0 Monday night for his 20th victory of the season.

Javier was the first batter to face rollover Ted Abernathy, who took over for Red's starter Gary Nolan as the Cards came to bat in the 10th.

Nolan had pitched blanks with Gibson through nine innings, allowing two hits and striking out eight. The young Cincinnati pitcher was forced to leave the game because of a pulled Achilles tendon.

It was the 12th shutout of the season for Gibson, who reached the 20-victory plateau for the third time in the last four years. Gibson, 20-3 struck out eight and allowed only four singles — two of them with two out in the 10th inning.

But steady putting Chad Daddo of Twin Falls finished well to claim third place. Russ Arbuckle of Jerome took fourth.

Rosholt, who ended the three-day event with a one-over par 205, won the title on two holes. "I had two impossible shots today and I made both of them," the young athlete when he sliced.

The first fell on the fifth hole when Rosholt's second shot hit the side of the green and bounced back with a right cut of bounds. It ended up in-bounds but in an unplayable lie. Rosholt took the stroke penalty to get the two-hole length in relief and then chipped in for a saving par then double bogey appeared his earlier fate.

Jim Packard, who wound up last 208, was behind as junior at Twin Falls High School Monday, singled in tough and was only two strokes off at the turn. He appeared to have a chance to win the tee shot, out of bounds on the 10th — eventually winding up with a triple bogey six — but Rosholt was having his problems and took a double bogey.

Packard cut the margin to two again before the pivotal 14th hole. The youngster put his tee shot on the par three hole on the fringe to the right while Rosholt missed the green and wound up 20 yards past. Then came the Houdini shot. He hit a purposely low eight iron that bounced three-quarters of the way to the green, slowed when it caught the frog grass and then trickled neatly into the hole for a birdie.

Packard's first putt was too fast, spluttering perhaps five feet past the cup and he couldn't recover for a three-putt double bogey.

That gave Rosholt a four-shot lead and ended it for all practical purposes. But the scrappy Packard battled back to pick up a pair of strokes on the next hole.

On the 18th the former University of Idaho golfer from Lewiston dropped in a tricky downhill putt of maybe five feet for a birdie while Packard's birdie-putt stayed just a fraction to the right. That established the final three-hole order.

Championship flight — John Rosholt, Twin Falls, 205; Jim Packard, Twin Falls, 208; Chad Daddo, Twin Falls, 208; Russ Arbuckle, Jerome, 210; Tom Memmott, Twin Falls, 212; Don Toolson, Rupert, 213; and Tom Olsen, Jerome, and Paul Davids, Jerome.

First flight — Phil Cooper, Kimberly, 210; Bill Thompson, Pocatello, 212; Christian Pradda, Sun Valley, 212; Tom Church, Burley, 213; Harvey Schlegelhauf and Sherm Williams, both Twin Falls, 218; and Bill DeWald, Twin Falls, 219.

Second flight — Sterling Larson, Salt Lake City, 222; Bob Young, Twin Falls, 224; Bruce Kaye, Shoshone, George Abraham, Nampa, 226; Gus Mennapco, Burley, and Jack Threlkeld, Twin Falls, 227; and Clyde Hunter, 228.

Third flight — Kenneth I. (Mike) Boyd, Twin Falls, 230; Carl Beeler, Twin Falls, 230; and Brad Bradford, Pocatello, 230. (Boyd wins playoff, Teeles second and Bradford, third). John Mitchell, Salt Lake City, 237; Mike Thorpe, Twin Falls, 240; Merrill Memmott, Twin Falls, 240; and Bruce Mechem, Twin Falls, 241.

Lock, Farrell Give Phillies Clean Sweep

PHILADELPHIA (AP) — Don Lock's tie-breaking pinch single in the first game and effective relief pitching by Dick Fosberg in the nightcap helped the Philadelphia Phillies extend their winning streak to five games Monday night with a 5-4, 7-5 doubleheader sweep over Los Angeles.

Lock stroked a two-out single in the sixth inning of the first game, and the Phillies came to snap a 4-4 tie. Clemens had doubled with one out.

In the second game, the Phillies built a 7-4 lead in three innings with the help of a five-run third.

The Dodgers, however, rallied in the sixth to knock out starter Woodie Fryman. Farrell came in and saved the southpaw's first victory since July 27.

Tony Taylor started the third inning hitless with a double, the walk and Roberto Pena's single scored the first run. Another walk keyed Mike Kekich and Tom Seaver. Jack B. Frazier then walked home a run. Penn scored on a double play grounder and John Briggs and Mike Young batted in one run each with a single and double, respectively.

Los Angeles closed the gap to 7-4 in the third on a run-scoring single by Ken Boyer, a two-run single by Bob Bailey and a run-producing fielder's choice.

The Dodgers seized a 3-0 lead in the first inning of the first game, but the Phillies scored a run in the second with the help of a three-out grand slam and added three more in the fourth for a 4-3 lead.

Doubles by Tom Hall and Ron Fairly lifted the Dodgers even at 4-4 in the fifth.

Lum's Homer Gives Braves 3-1 Victory

NEW YORK (AP) — Mike Lum's two-run homer helped Atlanta to a 3-1 victory over New York in the first game of a Labor Day doubleheader and Atlanta halved the second game with the teams tied at 2-2 in the seventh inning.

The Braves will play a twin-night doubleheader Tuesday to make up for the rained out nightcap of Monday's twin bill. J.C. Martin's two-run triple gave the Mets a 2-1 edge in the second inning after Bob Tillman had homered for the Braves.

Then Atlanta tied the game against Don Cardwell in the fourth when Hank Aaron doubled, moved to third on an infield out and scored on a sacrifice fly by Tito Francona.

In the first game, Lum's third home run of the year in the fifth after Bob Johnson had walked, gave George Stone all the runs he needed to beat Jerry Kosman.

Cleon Jones' 14th homer of the year accounted for the Mets' only run in the sixth but the Braves got that one back in the eighth.

WELCOMED TO CSI, four basketball playing freshmen are greeted by College of Southern Idaho Coach Eddie Sutton and sophomore guard Steve Miller, left and second left. The newcomers include Dave Goetz, third left, 6-5, from Moscow; Nate Stephens, 6-11, El Paso, Tex.; Jackie Brown, right, 6-2, Harford, Conn.; and Morris Moe, right, 6-5, Dale, Wash. The Golden Eagles will begin practice Wednesday.

Electric Power Benefits Estimated At \$2.6 Billion

By JOHN KAMPS
WASHINGTON (AP) — Benefits totaling \$2.6 billion are claimed for an 11-state electric power intertie under construction in the West.

This estimate was given at a recent world power conference in the Soviet Union in a paper presented for Floyd E. Dominy, Bureau of Reclamation commissioner.

Dominy described this country's biggest electrical transmission undertaking which will link together about 250 power systems — federal, municipal, cooperative and private groups.

Hotel Crews Leave Jobs For 'Parley'

NEW YORK (AP) — Thousands of hotel beds went unmade Monday morning, calls to room service went unanswered and guests checking in and out carried their own luggage as a hotel workers' union celebrated Labor Day by stopping their labors.

Over a 50-year period, Dominy said, the \$1 billion cooperative project will produce benefits estimated at \$2.6 billion partly as a result of interchanges between regions and utilization of energy which otherwise would be wasted surplus.

"Linking public and private systems from Vancouver in Canada to Los Angeles and Phoenix in the United States," Dominy said, "it will deliver power to users in 11 western states and make possible power exchanges advantageous to both the Northwest and Southwest regions."

Geographically, the estimated \$2.6 billion in benefits was divided this way: Pacific Northwest, \$1 billion; California, \$660 million; and Arizona — Nevada \$74 million.

"The intertie will flow also to Colorado, Idaho, Montana, New Mexico, Oregon, Utah, Washington and Wyoming."

Priests Request 'Pill' Hearing

WASHINGTON (AP) — Washington-area Catholic priests who have been warned they may face canonical penalties unless they retract dissent to Pope Paul's encyclical on birth control say they will seek a grievance hearing.

"The intertie system connected to the Colorado River storage project system," power agencies in these states can make arrangements for additional supplies of surplus power and energy from the Northwest," he said.

Patrick Cardinal O'Boyle issued the warning Monday to 52 priests who signed a statement saying married couples under some circumstances may use artificial contraception "according to their consciences."

"With the intertie system connected to the Colorado River storage project system," power agencies in these states can make arrangements for additional supplies of surplus power and energy from the Northwest," he said.

"Two of the intertie's direct current lines will be the longest in the world," Dominy said. One will extend 850 miles from near The Dalles Dam in Oregon to a point near Los Angeles. Another will run 820 miles from the Oregon dam to Hoover Dam in Nevada.

HERE IT IS, the last of the Perrine Hotel. Through August the Times-News has carried pictures of the old and once grand hotel as it fades from the landscape. Now, only the bare shell of one corner of the hotel remains, and by the end of this week it too will be gone. Workmen, after the shell

seen here is knocked down, will clean up the rubble in the lot at Shoshone Street and Main Avenue, then it will be up to the contractors for the Bank of Idaho. Construction on the new bank is expected to start later this month and completion is expected by spring.

Scientist Seeks Asylum From Czechs

TOKYO (AP) — A Czechoslovak scientist who attended the 12th International Congress of Genetics here apparently has defected to the United States.

A U.S. Embassy spokesman declined to officially classify Dr. Jan Klein, 33, as a defector. He said that Klein came to the embassy Thursday and applied for a visa to do research work at the University of Michigan under a grant.

However, other U.S. and Japanese officials said Klein was "obviously a defector." They pointed out that the embassy followed formalities usually taken in the case of defectors, including filing a report with the Japanese police.

Japan Airlines said it flew Klein to the United States Friday, two days after the week-long meeting ended.

Klein, who was attached to the Institute of Experimental Biology and Genetics of Czechoslovakia, attended the congress with 12 other Czechoslovak scientists. The Soviet Union invaded their country on Aug. 20, the day the congress opened.

ALGERIAN DIES
GENEVA (AP) — Ahmed Francis, 36, one of the founders of the Algerian independence movement and the first finance minister of independent Algeria, died Saturday night of a heart ailment.
