VOL. 65 NO. 143 TWIN FALLS, IDAHO, WEDNESDAY, SEPTEMBER 4, 1968 TEN CENTS

Flag Ceremony Opens T.F. County Fair

AN 8 A.M. FLAG-raising ceremony officially opened the 1968 Twin Falls County Fair and Rodeo Wednesday. To the sound of a Sousa march, the Flier American Legion Post brought in the colors and stood at attention as the flag was raised. The ceremony will be repeated each morning and night during the fair, Sept. 4-7 at the Flier Fairgrounds.

By MARJORIE LIERMAN
Times-News Correspondent
FILER—Reveille sounded and the American flag slowly climbed the pole and began waving in the morning breeze. The band played a march and the 1968 Twin Falls county fair officially opened Wednesday morning.

Mayor Weyer and Edward Shaif, members of the Flier American Legion post, were in charge of the impressive flag raising ceremony, assisted by a four-member honor guard which had marched to the fairgrounds from the Legion hall.

Fair employees, concession managers and exhibitors gathered to watch the opening flag ceremony.

People began arriving early for East End day, which usually attracts residents of Murtaugh,

Hansen and Kimberly.

The Angus turkeys show got under way in the show arena and judging of horses began in the horse arena Wednesday morning. The 4-H pavilion was busy with several home economic demonstrations and sheep penning was held in the sheep arena.

Flower judging began at 10 a.m. in the produce building and officers of flower clubs and organizations spent several hours getting all exhibits in place prior to the judging.

Best of show award in the art department was presented to Gloria Hann, with Evelyn Kramer receiving first runner-up and Roy Mason, second runner-up. Members of art guild in the area are in the building

all times to answer questions pertaining to the art exhibits.

Probably the noisiest building on the fairgrounds Wednesday morning was the poultry department where a record number of ducks and geese are entered and each one makes himself known.

Fairgoers, especially those with children, are urged to visit the poultry building and see the baby chicks and baby rabbits. Doyle Shriver, superintendent, said his department is so full this year, that he had to crowd pens together to make space.

All classes of chickens, ducks, geese and turkeys have many entries this year. Especially beautiful is the silver campine and many unusual breeds of chickens and bantams are shown. Rabbits in the building

Buhl Man Dies In Wreck

Pro-West Czech Official Resigns Over Russ Threat

By PETER REHAK
PRAGUE (AP) — The architect of Czechoslovakia's economic reform program has resigned and the foreign minister appears to be on the way out as a result of policies that angered the Kremlin.

Deputy Premier Ota Sik, whose policies envisioned trade and aid from the West and efforts to break free from dependence on the Soviet Union, resigned Tuesday night, Prague Radio reported. It said President Leonid Svoboda accepted the resignation.

The Soviet government made plain it also expects the ouster of Foreign Minister Jiri Hajek. The government newspaper Zvezda called him an "accomplice of the dark forces of reaction and counterrevolution" and accused him of seeking foreign aid to help which would weaken the country.

Hajek also angered the Soviets by seeking the support of Communist Yugoslavia and Romania—both rebels against Kremlin domination—in what looked like a revival of the pre-World War II Little Entente.

Yezsita also attacked Sik for planning to bound the Czechoslovak army to the Warsaw Pact allies and one Communist source said: "I just cannot see how they could risk leaving our country during the next 10 years."

The Czechoslovak army stood firmly behind liberal Communist party chief Alexander Dubcek and supplied emergency transmitters to the underground radio stations that operated openly from the first 10 days of the occupation.

New occupation troop movements were reported Tuesday from the border-puller buildings in Prague toward the West German border and back into Hungary from Czechoslovakia.

gradual withdrawal of occupation troops as the situation "normalized," but Czechoslovak Communist party officials seem increasingly convinced that the Russians will stay for years, perhaps decades.

The invasion frayed the ideological ties that bound the Czechoslovak army to the Warsaw Pact allies and one Communist source said: "I just cannot see how they could risk leaving our country during the next 10 years."

The Czechoslovak army stood firmly behind liberal Communist party chief Alexander Dubcek and supplied emergency transmitters to the underground radio stations that operated openly from the first 10 days of the occupation.

New occupation troop movements were reported Tuesday from the border-puller buildings in Prague toward the West German border and back into Hungary from Czechoslovakia.

JAMES O. PUMPFREY, former judge in Twin Falls, died Tuesday in a nursing home at Kimberly.

Mr. von Lindern was identified by officers at the scene. The accident happened at 10:40 a.m. on a private dirt road just east of an overpass.

The car, a late model sedan, was carried more than a quarter of a mile by the train. Mr. von Lindern remained in the car, and the car remained in a hooded position. It had to be pried away by a wrecker.

Mr. von Lindern was taken to the hospital by ambulance but was dead on arrival. He had chest and head injuries.

Investigating Idaho State Police said the train was traveling about 40 miles an hour at the time of the collision.

Mr. von Lindern was alone in the car at the time of the mishap.

Out-Of-County Employes Ruled Out By Commission

A resolution that would terminate the jobs of people working for the county but living outside the county was unanimously adopted by the Twin Falls County Commissioners, it was revealed Wednesday.

The resolution, adopted several weeks ago, would involve only two county employes. Both are women.

Heber Loughmiller, chairman of the three-man commission, said the resolution was held up to give department heads and commissioners an opportunity to advise the employes involved. Both women have been on vacation since the resolution was adopted.

Involved are Mrs. Norman (Evelyn) Hintze, who is clerk of the Probate Court, and Mrs. Robert (Dorita) Stokesberry. Both are from Jerome County. Mrs. Hintze residing in Jerome, and Mrs. Stokesberry in Hazelton.

Mrs. Stokesberry has been clerk of the Twin Falls Justice

Launch Disputed

WASHINGTON (AP) — A report that the Soviet Union launched its first missile-carrying multiple warheads a week after a first U.S. test has been neither confirmed nor denied by the Pentagon.

Newweek Magazine said this week the Soviets tested a multiple independently-targeted rocket missile—MIRV—carrying four warheads — in August.

The Pentagon declined comment, as it often does on reports of military developments, but said it is "not tipping off a potential enemy on the effectiveness of U.S. intelligence."

Viet Cong Guns Hit Nha Trang

SAIGON (AP) — Viet Cong snipers shelled another major South Vietnamese city early today with mortars and recoilless rifles killing a Vietnamese policeman and 50 wounded during a heavy mortar and ground attack Monday night on Long Thanh, a district headquarters town 20 miles east of Saigon.

The fifth straight day, only light scattered action was reported today.

In the biggest clash, a column of armored personnel carriers from the U.S. 25th Infantry Division fought its way out of a three-sided enemy ambush Tuesday on a hotly contested highway 45 miles northwest of Saigon.

Nineteen North Vietnamese troops were reported killed, while American casualties were one killed and 34 wounded. Armored personnel carriers also were destroyed by the enemy's intense rocket grenade, mortar and automatic weapons fire.

The highway runs between Tay Ninh and Dau Tong and is the only overland supply route for 25th Division troops guarding the northwest invasion routes to Saigon.

Man Put On Probation In Bar Slaying

Joanquin Lasa, former Twin Falls tavern owner, was placed on probation for four years Tuesday afternoon when he appeared in Fifth Judicial District Court for sentencing before Judge James M. Cunningham.

Judge Cunningham withheld sentence and placed Mr. Lasa on probation after he entered a plea of guilty to a charge of involuntary manslaughter. Terms of the probation include maintaining his present employment on a ranch unless under permission from his probation officer to change jobs, and not working in a bar or tavern for the four-year period.

Mr. Lasa was charged with first degree murder in the Aug. 20, 1967, shooting of Marcos Jones in the tavern owned by Mr. Lasa, which was reduced to second degree murder following a preliminary hearing last September.

On May 9, 1968, the charge was reduced to involuntary manslaughter and Mr. Lasa entered a plea of guilty.

Riot Teams

BOISE (AP) — Idaho will use its share of federal crime control funds to develop teams of well-trained, well-equipped riot control officers, Gov. Don W. Samuelson said today.

U.S. Atty. Gen. Ramsey Clark notified Samuelson that Idaho's share of money available under the Omnibus Crime Control and Safe Streets Act is \$18,138. Local and state agencies will add about \$12,000 for a total of approximately \$37,000.

The Samuelson said at least two urban areas will be centered in each of the state's six state police districts. Headquarters will be in Idaho Falls, Pocatello, Twin Falls, Boise, Lewiston and Coeur d'Alene.

Disposal Of Junked Cars Still Studied

Efforts to rid the county of discarded car bodies continued Wednesday by Twin Falls County Commissioners and junk yard and wrecking lot operators.

Heber Loughmiller, commission chairman, said Paul Roberts is now attempting to finance a car body baler that would crush and bale the cars for scrap metal.

The only problem, he said, is financing. A sizeable amount of money is needed to set up the baling operation, but Mr. Roberts must have guarantee of a supply of the bodies and an

Attends Hearing

LEWISTON, Idaho (AP)—Gov. Don W. Samuelson was expected to testify this afternoon in a Federal Power Commission hearing on proposals to build the High Mountain Sheep Dam on the Snake River south of Lewiston, Idaho, decided to testify.

Having been in the CSR for about 14 days, we got a good look at life in general — the people and their problems. We did not stay in luxury hotels but slept in little inns and also lived with private families in smaller towns and villages.

T.F. Woman Saw Russians Invading Prague

(Editor's note: Ludmila Wiedemann and her husband, Dr. Harold A. Wiedemann, 607 Sunrise Blvd. N., were visiting friends and relatives in Czechoslovakia and Austria this morning when they were in Prague on Aug. 21 when it was invaded by the Russians. Mrs. Wiedemann is a native of Czechoslovakia, where her home was in Prague, and Dr. Wiedemann, an ophthalmologist at the Magic Valley Memorial Hospital, is a native of Austria. Mrs. Wiedemann wrote this account of what it was like in Prague during the invasion.)

were leaving the next day for Holland and return to the United States.

By LUDMILA WIEDEMANN
I imagine that many of our friends here have been wondering about our trip to Europe, especially in Czechoslovakia (CSR). After the so-called spring thaw in Prague's political scene, we were very curious about the CSR. As soon as the talks at Clera and Tisov were finished and the Warsaw Pact troops were out of the country, we drove into Czechoslovakia on Aug. 1.

What we saw and recognized was a once up-and-down country that had a history and heritage, spoiled and exhausted by more than 20 years of ruthless communist dictatorship run by the old Communist Russian politicians.

We spent the last few days in Prague — that marvelous great city of towers and castles. Prague, it being celebrated throughout. Beautiful churches and monasteries reopened after the thaw in January.

On Aug. 21 we celebrated with friends at a 19th Century pub and brewery.

There was plenty of hearty music and everybody sang the folk songs which remained with the nation even through the dark years of Stalinist rule. The people now had some hope and one could sense some awakening of their national spirit. Communism destroyed a lot, but created nothing. The only things that remained intact were the castles, old Prague spa resorts and classic and beautiful music.

One evening we walked through the old Prague and on the old Charles Bridge over the Moldau River.

I mentioned to our friends, See ILLIGHTED, Pg. 2, Col. 1

Idaho Officials Review Plans For Disaster

BOISE (AP) — Representatives of industry and government today reviewed plans that would put into effect in the event of enemy attack or natural disaster.

Gov. Don W. Samuelson said the plan is based on maximum reliance on the private sector of the economy to perform volunteer work in such an emergency.

"We do not anticipate war, but if attack should come, we must be ready," he said.

Sheriff Blasts Highway Department Over Death

GOODING—The death of a 63-year-old Gooding man Tuesday afternoon as the result of a collision at the intersection of Idaho Highway 40 and U.S. Highway 20-28 in Gooding, was occasioned a blast at the inadequacy of the engineering department by Gooding County Sheriff Bill Dunn.

The sheriff said there have been numerous collisions at the intersection but this is the first death.

Mr. Voss was pronounced dead on arrival at Gooding Memorial Hospital after the 1968 Chevrolet pickup truck in which he was riding was struck broadside by a 1960 Pontiac driven by John S. Whittle, 73, Idaho Falls.

Mr. Whittle, who was going west on Highway 20-28, went through the stop sign, drove through Highway 40 which is Gooding Main Street and is

Forecast

Continued fair with rising temperatures through Thursday; high today in the 70s; low tonight in the 40s, and high Thursday 75 to 85, in the 80s; low tonight 55 to 65, and high Thursday 75 to 85, in the 80s; low tonight 55 to 65, and high Thursday 75 to 85, in the 80s; low tonight 55 to 65, and high Thursday 75 to 85, in the 80s.

Summary, Extended Outlook

High pressure continues to build in over the Northwest and the Intermountain region. A weak disturbance is swinging southward from Montana along the east slopes of the Rockies. Some cloudiness is likely to spill over the divide into Eastern Idaho and may cause light showers over the higher terrain along the Wyoming border. Otherwise the trend will be for fair weather with rising temperatures through the agricultural valleys.

Highlights Of Russian Move Told

(Continued From Page One)

that Prague starts to look again like Masaryk's town and how peaceful it appears. Earlier in the evening the blue-red and white flag was still flying over the Presidential Palace, a sign that President Svoboda was working. Many people told us that it is not certain if Alexander Dubcek is pulling the strings of Prague and mingling with visitors, without a body guard of any type. Both he and President Svoboda reached terrific popularity.

ONE OF FIVE CSI students, James A. Galbraith, stands guard at Magic Valley Memorial hospital in the room of first degree murder suspect Leo Collier, Mr. Collier, being treated for a shotgun wound in the left side, was placed under 24-hour guard at the hospital Tuesday morning. The defendant is expected to be arraigned in probate court within the next few days.

Murder Count Filed In Shotgun Slaying

A 47-year-old patient at Magic Valley Hospital was under arrest and charged with first degree murder Wednesday in the Labor Day shooting of his 43-year-old wife.

A complaint was filed in Twin Falls Probate Court at 2 p.m. Tuesday charging Leo Collier, 1943 Osterloh St., with the fatal shooting of his wife, Alice Collier.

Plane Crashes

VIENNA, Austria (AP) — A Bulgarian airliner crashed Tuesday night near Burgas in Bulgaria and the official Bulgarian news agency BTA said today 50 of the 89 persons aboard were killed.

Earlier an official of the line, Bulgaria, said the 82-passenger and seven crew members were killed.

Bomb Blasts Kill Three In Tel Aviv

TEL AVIV (AP) — Saboteurs set off three explosive charges in a Tel Aviv bus station today, killing one person and wounding 40.

The explosives, planted in litter bins, sent jagged chunks of metal flying like shrapnel through the crowds of waiting passengers. Witnesses said one dead man was pierced in the head by one of the silvers. Two buses were damaged. The explosion touched off wild crowd scenes.

Medical School Study

BY EARLE L. JESTER

BOISE (AP) — Members of the Idaho Medical Education Study Commission will meet in Boise Sept. 14 in an attempt to draft the final report they will submit to the 1969 State Legislature.

Sen. Fred Bagley, R-Boise, the chairman, said the aim of the session would be to reach agreement among the commission's eight members on what their recommendation will be. It goes to the State Board of Education and on to the lawmakers.

Cars

(Continued From Page One)

There is also a problem of incinerating the metal in an area where burning of upholstery and wooden parts would not hamper other businesses or home owners.

Mr. Roberts said he could count on about \$12.50 per ton of baled metal and he is now working to get a suitable charge for the agencies or individuals wishing to have the old car bodies taken care of.

Senator Asks Panel To Study Vote Process

WASHINGTON (AP) — A federal commission to recommend a new method of choosing presidential candidates would be established today by Sen. Gaylord Nelson, D-Wis.

He said the panel would draft plans for a national preference primary or for a reformed convention system which would guarantee fair and representative delegate selection and nominating procedures.

Federal Grant Aids Utah Work

WASHINGTON (AP) — Salt Lake County will receive a \$1,140,000 federal grant to help pay for improvements to a drainage outflow system at Decker Lake, Sen. Frank E. Moss, D-Utah announced Tuesday.

The grant is from the Department of Housing and Urban Development.

2 T.F. Post Office Employees Promoted To Higher Positions

Two Twin Falls Post Office employees have received promotions, according to Fred Sanger, postmaster.

Lloyd E. Libert has been named assistant postmaster and Gerald C. Albers is superintendent of mails.

Mr. Libert, in his new position, will be responsible for all accounts, issuing permits, maintaining personnel records, supervision of window counter service and maintenance of the building.

Mr. Albers, in his new position, will be responsible for the Post Office in May, 1964. He served in the Army from 1946 to 1948. In March, 1948, he returned as a substitute clerk. He received his permanent appointment in 1951, and from 1953 to 1963 he worked as the station manager. He became acting assistant in January this year and recently his appointment was made permanent.

Mr. Sanger pointed out that Mr. Libert is the first individual to receive an appointment under the new Career Development Program.

This is a pilot program being tested in a five-state region. It went into effect Jan. 1. Supervisory personnel attend training sessions under this new plan and are rated for promotions when an opening occurs.

Mr. Libert fills the position formerly held by Vev Gish, who retired earlier this year. The new superintendent of mails, Mr. Albers, is in charge of delivery service, carrier service and sets up the training program for new employees. Mr. Albers began working for the Post Office in 1949 in Campbell, Neb. He moved to Twin Falls in 1955 and worked for the Post Office for six months. In May, 1956, he got his appointment at the Twin Falls Post Office. In 1963 he became foreman and he has been acting superintendent for more than a year. Mr. Albers also served two years in the Navy. His district No. 411 is in the position when a follow employee was promoted and transferred to another office.

Mr. Sanger expressed pleasure in the appointments. "We are fortunate to have two well-qualified men to place in these positions," he said.

Idahoan Named To New Post
LEWISTON, Idaho (AP) — Robert B. Purcell of Lewiston said Tuesday he has accepted the post of executive vice president of the Chamber of Commerce and Therapeutic Institute with offices in Washington, D.C.

He made the announcement while submitting his resignation to the Greater Lewiston Chamber of Commerce of which he has been manager for the last four years.

His duties will begin the first part of November, he told chamber executives.

The newly-formed non-profit corporation was organized to promote use of scientific and technical advances and the collection and distribution of blood to patients, hospitals, physicians and others, he said.

He formerly was a teacher and athletic coach at New Meadows and Fruita, Idaho. In 1966 he was a Republican candidate in the primary election for the U.S. First Congressional District representative seat.

POMONA TO MEET
SHOSHONE — Lincoln-Blaine Pomona Grange will meet at 8:30 p.m. Thursday at the Magic Grange Hall, north of Shoshone.

Daughter Dies

BLANCHARD, Okla. (AP) — Gloria Grimes was on her way to church Monday night when her car was involved in a collision with a compact car.

Mrs. Grimes escaped with leg injuries.

Her daughter, Diane, 16, was in the other car. The 16-year-old died early Tuesday.

Unrest Felt As Teachers Open Classes

WASHINGTON (AP) — New teacher unrest in school districts across the nation looms this month as public schools open their doors for the new academic year.

Officials of the million-member National Education Association in Washington predict some 500 to 600 teacher work stoppages will occur during the coming school year, with early trouble signs already up in St. Louis, Philadelphia, and Toledo, Ohio.

The NEA prediction echoes a similar forecast made last January by the organization, which has become increasingly militant in backing teacher wage and working condition demands over the past year.

Santa Fe, N.M. (AP) — Sixteen persons, 14 of them children, escaped injury Tuesday when the car in which they were riding plunged off the highway south of Santa Fe.

Investigating officials said overloading caused a tire to blow out on U.S. 85. The vehicle did not overturn.

Electric Car Race Ends With Tow Job

CAMBRIDGE, Mass. (AP) — The Great Electric Car Race ended at 7:46 a.m. today when a maroon and white battery-powered Microbus piloted by California Institute of Technology students pulled into the Massachusetts Institute of Technology campus.

The opposing MIT team, driving a converted Corvair, arrived on the Caltech campus in Pasadena, Calif., at 6:27 p.m. EDT Monday.

Editors of Machine Design magazine of Cleveland, Ohio, official judges, must now compute who won the race.

The race began at noon Aug. 26. Both entries traveled the same 3,200-mile route, only in opposite directions.

The MIT car was towed several times and incurred 10 hours of penalty time. It burned out its motor 130 miles short of the finish line and had to be pulled the last lap.

Race rules include provisions for a penalty of five minutes per hour.

for each mile towed.

The Caltech "Voltswagen" did not require towing.

Caltech's elapsed time, including penalties for towing, was 214 hours. This would indicate MIT the winner by hours, but penalties are also computed for other reasons, including installation of new equipment along the way.

Walter Rippe, 23, of Hollywood, Calif., was at the wheel of the Caltech entry as it received the checkered flag. With him were Ronald Grembin, 21, Reno, Nev., senior in electrical engineering, and George Swartz, 23, a University of Washington graduate in electrical engineering.

The race was Rippe's idea to draw public attention to the potential of electric propulsion. MIT's team was headed by Len Loeb, 20, of Corpus Christi, Texas.

Top cruising speed for the MIT Corvair was 60 miles per hour.

Pocatello Pair Trapped On Isle

BLAOKFOOT, Idaho (AP) — A Pocatello couple spent Monday night on an island in the Snake River after their canoe overturned as they attempted to float down river to meet friends.

Mr. and Mrs. Dennis Williams were rescued early Tuesday morning from the island where they had no food, dry clothing or fire.

When Williams, 26, and his wife, Diane, 24, failed to arrive at their destination, the Bingham County sheriff's office was notified and a search started. They were spotted from the air and were taken off the island in a boat operated by members of the sheriff's patrol.

Nixon Plans To Campaign On 'Upbeat'

NEW YORK (AP) — Richard M. Nixon fires the opening gun today in his campaign for the presidency and he says he is starting on an "upbeat note."

He added, however, that the outcome of the election can not be predicted now because issues not the candidates are predominant in the minds of the voters.

"When people are more concerned about issues than men, Nixon said Tuesday night in an unscheduled news conference, "they make up their minds by what the candidates say about the issues. This is the year when people are wrought up. This is the year when people are unpredictable."

The first campaign swing takes Nixon to Chicago, San Francisco, San Jose, Calif., Houston, Oklahoma City and Pittsburgh. He pointed out that the itinerary covers all four sections of the nation.

"We start definitely on an upbeat note," he said, "not because of what happened at the Democratic convention but at ours. We won the nomination without spitting the party."

He said Chicago was selected as the kickoff point for his campaign weeks before the Democratic convention, during which violent disorders erupted.

Nixon indicated that he might issue a statement on the rioting and the charges that the Chicago police "overreacted" against demonstrators. "I am studying it now," he said.

His Chicago schedule called for motorcade through the Loop and then at 9 p.m. CDT a question-and-answer session, on live television with a panel and an audience. "If I don't make the statement, we may deal with it during the telecast," he said.

Islanders Study Return To Home
BIKINI ATOLL, Marshall Islands (AP) — U.S. military representatives are seeking the Bikini islanders moved 22 years ago because of U.S. nuclear tests are back on this tiny Pacific atoll surveying prospects of returning to live.

Scientists say radioactive levels—the tests were stopped a decade ago—now are low enough for habitation. The U.S. government plans to redevelop the atoll and move the 300 or so islanders back.

"Most of the trees are gone," said William H. Norwood, chief commissioner of the Trust Territory of the Pacific. "But when we look at the quiet sea with its great abundance, when we see the beautiful beach and as we see more of the island, we will more and more understand why people want to return to Bikini."

A total of 23 nuclear explosions took place on the remote 2,500 miles southwest of Honolulu.

Regular Schedule
Due to the cooling trend in the weather, reduced tourist travel and the starting of school, the Sawtooth National Forest supervisor's office will no longer remain open on Saturday.

This will return the office to its normal schedule of being open Monday through Friday from 8 a.m. to 5 p.m. Contact on Saturday can be made through the fire dispatcher.

HHH Plans To Confer With Council

WAVERLY, Minn. (AP) — Democratic presidential nominee Hubert H. Humphrey has set short what was to have been a week-long rest and campaign planning stay to attend a meeting of the National Security Council in Washington.

The vice president leaves his lakefront home today for Minneapolis, some 40 miles away, and will fly in his chartered jet to the capital for the late afternoon meeting.

Humphrey also plans to attend a Cabinet meeting in Washington Thursday before returning here later that day. More strategy talks are on tap Friday and Saturday.

Press Secretary Norman Sherman described Humphrey's decision to attend the security council meeting as "a routine decision."

"But it was felt here that the vice president wanted both to promote his role as one close to the policy level and to get any late information on the Eastern European and Vietnam situations."

Humphrey spent most of Tuesday in sessions here with his campaign manager, Lawrence F. O'Brien, who is doubling as chairman of the Democratic National Committee.

Physicians Halt News About Ike
WASHINGTON (AP) — Dwight D. Eisenhower's progress recuperating from his seventh heart attack reached the point where doctors have stopped issuing daily bulletins.

For the second straight day doctors at Walter Reed Army Hospital said Tuesday, "His progress continues to be favorable."

They then added there would be no further word on the 77-year-old general and former president until there is a significant change in his condition.

His latest attack was Aug. 16, the fourth in a series that started April 29.

LEGAL ADVERTISEMENTS
NOTICE TO BIDDERS
The State Purchasing Agent will receive sealed bids at his office, room 202, State Office Building, Idaho until 9:00 a.m., September 15, 1968 for the following items: Item 1: 101254 - Mimeographing Supplies for the Idaho Tuberculosis and Chest Disease Hospital at Fremont, Idaho. All bids will be publicly opened and read at the above time and place.

Items starting conditions must be secured before bidding. These are available from the State Purchasing Agent's Office.

GALE MERIDITH MERRICK son of Mr. and Mrs. Harry Merrick, Blue Lakes Boulevard South, has accepted a position in the Attorney General's office in Boise. Mr. Merrick was graduated in June from the University of Idaho School of Law. He is married to Deena McAfee, daughter of Mr. and Mrs. Clyde McAfee, Gooding. They have three daughters and lived in Spokane, Wash. for two years before he attended University of Idaho this last year.

16 ESCAPE WRECK
SANTA FE, N.M. (AP) — Sixteen persons, 14 of them children, escaped injury Tuesday when the car in which they were riding plunged off the highway south of Santa Fe. Investigating officials said overloading caused a tire to blow out on U.S. 85. The vehicle did not overturn.

Over 400,000 Cash Prizes!

Every card can win in CONOCOS new BRAND-in-ORBIT game.

Ride the Hot One... CONOCO

Hottest Brand Going!

Win instant cash! Up to \$5.00

or...win with cash words! Up to \$2500.00

Many instant winners! 50¢, \$1.00 to \$5! It's simple to play. Choose three planets (but only three) on the game card. Rub each planet with the edge of a coin. If the same cash amount (for example \$3) appears under all three circles, you win. Remember this, every card has a winning combination.

Again, using the edge of a coin, rub the large silver planet at the bottom of the card for your "Cash Word." Turn off this position, and save until you can spell one of Conoco's slogans. The words "Brand-in-Orbit" wins \$2,500. "Ride the Hot One" wins \$1,000. "Hottest Brand Going" wins \$100. "Go With Conoco" wins \$25.

Play Brand-in-Orbit wherever you see this sign. No purchase necessary. Each time you visit a Conoco station, ask for the free Brand-in-Orbit game card. Give it to you...the more cards you collect, the greater your chance of winning. Lottery limited to amount of prize fund and by other restrictions. Prizes of value on the game card. See rules for details. Stop at Conoco today and get your chance to go in-orbit with big winnings. © 1968 Continental Oil Company

Ulbricht's Role

That old Stalinist, Walter Ulbricht, communist boss of East Germany, fears the contagion of Czechoslovakia's style of eastern European communism as much as any of his bosses in the Kremlin.
As a hard-nosed revolutionary from away back, he prepped in Moscow for years before beginning his career as unchallenged dictator of East Germany since the end of World War II.
He has had to watch West Germany and Czechoslovakia making a trade agreement which he still needs the Berlin wall "that obscures" in the words of U. S. Ambassador George Ball—to keep his countrymen from fleeing to West Germany.
If there is something Ulbricht cannot abide, accordingly, it is the stirrings of freedom from across the Czech border. Of all the East European lands in the Soviet orbit, East Germany and Czechoslovakia have the most exposure to the western winds of freedom and the attractions of western life.
Surely Ulbricht noted the accolade the Czech Pavilion at Montreal got at Expo 67—and the streams of vacationers passing in both ways across the Czech border with West Germany.
Thus it was no accident that Ulbricht was a leading attacker of Alexander Dubcek's internal reforms in the interests of Czechoslovakian free speech and the rest.
He certainly had little reason to think he could survive in East Germany if the new contagion took hold there.
It is anyone's guess as to the extent of Ulbricht's influence with the Soviet Politburo in its decision to swamp the Czechs with troops and tanks. But there is no question as to Ulbricht's being a busy man during this whole episode and his having more to lose than any other communist chief of Eastern Europe.
In the long run he may turn out to be one of Moscow's greatest embarrassments if the Czechoslovakian adventure turns out to be the colossal setback for communism it seems to be.

Their Belief

Organized labor today has millions of members and political influence which ranks it high in the counsels of government. Its leaders are highly paid and clever. Union labor has the greatest numerical strength of any movement ever developed in the U. S.
It is fortunate that a majority of organized labor believes in the system of competitive private enterprise which has made America materially great and in doing so has spread the benefits down to the average man to a greater extent than any other system has.
There are labor leaders who would end this system and supplant it with an economic setup little different from that of Russia. But what the average labor leader wants is a higher, not a lower, standard of living.
If labor avoids the pitfalls into which monopolies usually fall, it will continue to prosper. If it succumbs to the temptation to build overwhelming power through government, it may in the end create a government so powerful that union labor as well as every other segment of the population will be dominated by it.
The result would be re-establishment, on these shores, of old world tyrannies from which this generation's forefathers fled.

MR. SPECTATOR
Anybody For A Bridge?

One of the things we have never really understood about campaign rhetoric is why candidates for public office always promise to build bridges.
Depending on when you tune in during election season, somebody is swearing that if elected he will build a bridge to the Communist world, to youth, to the angry, to the deprived, to the college campus, to the unemployed, to the nations and freedom-loving peoples everywhere.
Now, we are certainly in favor of opening lines of communication. But why does it always have to be done by building a bridge? Why can't they promise to dig a tunnel instead?
And in our fatigue we mentioned this matter to the wife at dinner the other night.
"Well," she said, "That is certainly a dumb question. Everybody knows that bridges are much better to build than tunnels are."
"Bridges are better than tunnels?" we repeated, despite all our efforts not to.
"Of course," the wife said. "When you build a bridge, why, there you are. But when you dig a tunnel, where are you?"
And with that, we made a clumsy excuse to leave the room and wrote down what she had said in a notebook to keep for that exact purpose.
Not that it makes any more sense written down. But it occurs to us as these notebooks fill up that the wife's definitions are frequently just as obscure as those found in well-camouflaged campaign speeches.
And as each notebook fills up, we throw it out going through it first to save the most intelligible entries, which we naturally pass along as public service. To wit: Bridge: A line of communication between two people who make up the language as they talk.
Campaign Speech: A public address, usually six weeks long, written by 14 specialists and delivered in person by 14 specialists to voters whose minds were made up before the nominating conventions were held. (See Intelligent Voters.)
Intelligent Voters: A member of the electorate who does not make up his or her mind until candidates have been nominated.
Peace Negotiation: An all-expense-paid voyage to Paris from Hanoi.
Political Party: An national illusion completely supported by liars in clean shirts.
Presidential Candidate: Any native-born citizen, over 35 years of age, and endorsed by Pierre Salinger and Arthur Schlesinger, Jr.
Presidential Nominee: Any native-born citizen, over 35 years of age, who has lost most primary elections and public opinion polls.
Standard of Living: Next year's model automobile, telephone and electric can opener.
Totalitarian Regime: A means of selecting public officeholders through the use of barbed wire, National Guardsmen, tear gas and rifles. (See Prague, See Chicago.)

WASHINGTON — George Wallace's sentiments are considerably phonier than the legendary \$3 bill when he deposes that his racist campaign for the Presidency is aimed at protecting "all the people—including the Negroes." But events in this summer of anarchy keep crowding in to add to the confusion of which Wallace is a beneficiary.
Two recent developments are used by Wallace to bolster his "law-and-order" stance. A stand which in his own words calls for the repression of those who get in front of his "ideological way." ("Any anarchist who lies down in front of my car, that'll be the last car he ever lies down in front of.") Wallace cites these developments as examples of the kind of thing the average, law-abiding Negro deplores and seeks protection from.
Here in Washington, a Negro drug addict named Henry Peters closed up his pharmacy after 20 years because of 10 robberies and burglaries, all committed by members of his own race. "My own people are making me quit," said Peters. "They talk about starting businesses for ourselves, but those robbers don't let us succeed."
The other development involved 15 Negro mothers on

welfare who left a meeting at the District of Columbia Welfare Department and proceeded to a restaurant where they ate lunch and then left without paying a \$150 bill. The incident recalled an earlier contempt in which the Rev. A. D. King, brother of the late Dr. Luther and 55th Resurrection City, city leagues walked out of a Stater Hotel restaurant having a bill for a steak dinner unpaid.
No one can argue with Wallace when he says the average wage-earning tax-paying black man is opposed to such carry-ings-on and mourns the plight of a black entrepreneur forced to close his business because he has been victimized too often by other blacks. These incidents besmirch the Negro image, besides making a travesty of demands for "black capitalism."
Worse, as Wallace's phony posture reveals, they help feed the growing sentiment among some segments of the white population that only Wallace's get-tough policy can save the nation from anarchy. At this writing, Wallace has gained strength among the voters every month since last March. Both the polls and the professional politicians put his strength today at between 15 and 20 per cent nationwide. It is unlikely, as Wallace claims, that any of this strength lies among Negroes, but it is there among whites concerned with what they see as the threatened destruction of their safe and orderly lives.
As time has passed, it has become evident that the Wallace campaign is attracting many supporters outside of the Deep South states of Mississippi, Alabama and Louisiana. Throughout Dixie, politicians are making a point, as South Carolina's Strom Thurmond remarked, of not saying anything bad about George Wallace. "They are taking no chances of alienating pro-Wallace voters."
In the North, some polls and politicians say that Wallace's impact has been phenomenal. In Indiana, the experts say he will run well ahead of the 30 per cent of the vote he polled in the 1964 primary. He has gained political strength in Illinois and Ohio and California and Delaware. One private poll credits Wallace with the support of 16 per cent of the voters in New York City.
The ominous possibility, which some political pros now call a probability, is clear: There are now those who say Wallace has

of the Presidential day. Most of the middle-class electorate look with favor on programs proposed to combat the root causes of crime in the ghettos, but first they want something done to make both their streets and the ghettos safe.
In the end, Wallace's demagoguery may contribute largely to the commonwealth. His candidacy could be a decisive jolt to any smugness or complacency toward the outrage of citizens who live in the neighborhoods of crime, not in the safe de facto segregation of the better off.

JOSEPH G. MOLNER, M.D.
On Snake Bites

Dear Dr. Molner: We are city folks who have moved to the country and are much concerned about the treatment of poisonous snake bites.
I have read that all the standard first-aid treatments such as the amput, suction, use of enjutoxin and the application of ice bags are now considered to be obsolete.
As we could get to the hospital in about 45 minutes, would you advise trying no first aid ourselves, but taking the victim to the hospital as soon as possible?
Neither one of the physicians I have consulted on this feel that first aid for snake bite is "obsolete."
Prompt first aid treatment allows a snake bite to be treated in a hospital in about 45 minutes, but escape, and the methods you mentioned are effective.
In addition, a tourniquet should be applied when the victim is about 45 minutes from the hospital. Yes, I've heard and read reports about a tourniquet doing more damage than good when improperly used, but in answer to that, it seems obvious to me, is to use tourniquets properly, — not too tight — instead of abandonment — the victim's life is at stake.
Muscle activity, indeed any bodily movement in the bitten area, helps spread the venom into the general circulation, and that is what you want to avoid.
The 45 minutes required to reach the hospital can be a crucial period without first aid. It may not necessarily be a matter of life and death — some snakes are more poisonous than others. But the patient in any event is going to be mightier sick, and the less venom absorbed into his system, the better.
There are two principal rules to follow in using a tourniquet. First, it should be loosened every 10 or 15 minutes to let a little circulation pass. Otherwise, the limb and the arm will be damaged from sheer lack of fresh blood.
Second, when the most commonly used emergency tourniquet is applied — a belt or loop of some material, and the slack taken up by twisting it — the flesh can be needlessly bruised and torn at the point where the twist is. Some sort of flat, protective band keeping the twisting from pinching and tearing the tissues is the answer. This can be as simple as a few pages of a newspaper, folded into a pad.
There is a doctor near at hand who can be summoned in a matter of a few minutes, naturally that is best. Meanwhile the patient should be kept quiet.
Even then, an appreciable amount of venom can be drawn

"I Realize This Will Be An Uphill Battle"

BRUCE BLOSSAT
Demo Party's Man Of Future

CHICAGO (NEA) — It was the emotional plea of Vice President Humphrey, taking command as presidential nominee, which was intended to put together the Democrats as they drifted from the turbulent convention doings—and the bloody street battles here.
Yet, if there was any leading bond to the last, it appeared to arise from another source—the tantalizing love-hate relationship the Democratic Party—and perhaps the nation—has with the Kennedys.
Four years ago in Atlantic City it was the same. After that convention, in a pale mood of near-indifference, had conferred his high prize on President Johnson, it greeted Robert F. Kennedy with a deep-flowing wave of feeling in tribute to his assassinated brother, John.
In an almost unbelievable replay of that scene, the 1968 convention delegates watched a film of the late Robert Kennedy and then for 20 minutes let their "dammed-up" feelings spill forth and wash over the terrible anticlimax that had gripped them in the international amphitheater for four days.
The outlook went away from Atlantic City knowing that the Kennedy phenomenon was the most powerful force visible there. And so it was again in Chicago.
No one doubted then that the Robert Kennedy who heard those ever-renewing waves of sound in 1964 would rise somehow in his dead brother's place. He did and, but for a second assassin's bullet, he could have been standing in Humphrey's stead in this convention.
This time the surviving brother, Sen. Edward M. Kennedy of Massachusetts, was heard only as a voice filling the hall over wires from his eastern home. Once more, however, the force was felt.
Whatever happens to Humphrey and this badly sundered party in the months ahead, the incontrovertible fact is that Ted Kennedy is the man of its future.
He did not intimate either to his close friends or to the pleading professionals that he would accept a draft, but would not plunge into the race and compete for the prize.
The politician who tried hardest to persuade him was Mayor Richard J. Daley of Chicago. In 1960, within Russia, writes the chief supplier of weapons in aid to the Chinese, the Chinese Communist Party in his invasion of South Vietnam and Laos.
In 1967, the Soviet Union was the leading behind-the-scenes instigator of the Israeli-Arab war.
For years, the Soviet Union has supplied the arms, funds and technical aid which have made possible Castro's attempted underground take-overs in Venezuela, Bolivia, Guatemala, the Dominican Republic and other Latin countries. The Che Guevara expedition was one publicized example of a series of such attempts. The Soviet Union has also been supplying arms and technical aid to totalitarian subversive groups in African countries.
These are not signs of a

out very quickly by suction. In the minutes before the doctor comes.
Dr. Molner: I would like your opinion of Krebiozen. I read a book that sounds pretty promising. My sister has cancer in the left lung and I'm cage and we were considering whether this drug. I have heard that it has cured many people with cancer who had prolonged their lives.—Mrs. FR.
Many claims have been made for Krebiozen, to the best of my knowledge, when proof has been demanded, none ever has been forthcoming. The United States Government prohibits interstate shipment of it; the American Cancer Society is equally opposed to distribution of it; if I had cancer myself I would not spend a nickel on it; I cannot in good conscience urge that anyone else do so.

Dr. Dr. Molner: We are expecting our first child shortly. If it is a boy, what are the pros and cons of circumcision?—R.M.D.
It used to be done in many hospitals as a matter of course. In recent years the preferred course has been to leave it. It is clear need for it, and not to operate on all babies routinely.

Dear Dr. Molner: I had womb ovaries, and tubes taken out because of cancer, and also had a kidney removed. I am now 14. Some friends of mine said after you have that kind of operation you will go crazy and get fat. I know it can't be true. Do you believe that?—Mrs. K.
Of course it isn't true. I am constantly amazed at the ignorant stories that are told by "friends." Some friends!

Dear Dr. Molner: I am a nurse and do private duty nursing. The people I am with put bacon and hot dogs in the freezer. I told them it would ruin the food value, but they said it would not hurt. Who is right?—Mrs. M. M.
They are. Freezers are fine and preserving food in a freezer does not harm the food value. But thawing, and refreezing could create a problem.

Are you bothered with ringing in the ears? If so, write to Dr. Molner in care of The Times-News for the booklet, "Ear Noises: Causes and Cures," enclosing with your request 25 cents in coin and a long, self-addressed, stamped envelope.
Dr. Molner welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Certain questions are incorporated in his column whenever possible.

RAY CROMLEY
Invasion Was No Surprise

WASHINGTON (NEA) — It is no surprise that the Russians moved into Czechoslovakia. What is astounding is that so many American professors, political scientists and scholars were surprised that the Russians would do this thing in 1968.
They had talked so much about a change in Russia's attitude that they believed, and this leads one to wonder at the competence of these men. For the Russian record of the past few years has certainly not been one of change. It has been consistent with the Soviet declaration to invade Czechoslovakia in 1968, within Russia, writes and other dissenters have been suppressed with a heavy hand.
The Soviet Union has been the chief supplier of weapons in aid to the Chinese Communist Party in his invasion of South Vietnam and Laos.
In 1967, the Soviet Union was the leading behind-the-scenes instigator of the Israeli-Arab war.
For years, the Soviet Union has supplied the arms, funds and technical aid which have made possible Castro's attempted underground take-overs in Venezuela, Bolivia, Guatemala, the Dominican Republic and other Latin countries. The Che Guevara expedition was one publicized example of a series of such attempts. The Soviet Union has also been supplying arms and technical aid to totalitarian subversive groups in African countries.
These are not signs of a change.
Soviet interest in signing a limited nuclear test ban treaty and a nuclear nonproliferation treaty was not a softening of attitude. Soviet officials believed these treaties to be in the Soviet interest, just as American officials believed them also to be in the American interest. So far as can be determined, the treaties do not lessen Moscow's tendency toward aggression or to prompt intervention in subversion. American officials learned to their surprise—after reading the fine print—that our appetite for the Soviet Union does not even prohibit a Soviet fractional orbiting bomb.
"The Soviet Union did join with the United States in warning Hanoi, within Russia, writes and other dissenters have been suppressed with a heavy hand.
The Soviet Union has been the chief supplier of weapons in aid to the Chinese Communist Party in his invasion of South Vietnam and Laos.

Policemen Find AIP Expensive

DENVER, Colo. (AP) — Two Denver policemen who wore "Wallace for President" buttons on their uniforms while answering a disturbance call have been ordered to work without pay on what would have been five of their days off the month.

Police Chief George Leston ordered the punishment last week for patrolman Warner E. Boatwright and Horace V. Parrish. The same discipline was given Sgt. Gerald C. Marker, the immediate superior of the two patrolmen.

Boatwright and Parrish were cited for violation of a department regulation that states "all members of the department shall wear the official badge while on duty and when in uniform... no other device or badge, unless specifically authorized by the department, shall be worn or carried."

Season said Marker was punished because he allegedly said the officers wearing the buttons were plugging for the third-party presidential candidacy of former Alabama Gov. George Wallace, but took no action other than later calling it to the attention of a superior.

The matter came to light after the two officers answered a call about a family fight Aug. 12 at the home of Mr. and Mrs. John Simmons.

Mrs. Simmons told Denver County Judge George Manerbach, who she was arraigned on a disturbance charge later, that she was arrested for making comments about the buttons while on duty and when in uniform. She was fined \$15.

Officers said Boatwright told them he wore the button as a prank and took it off after the call to the Simmons home.

PLAYING WITH HIS GRANDDAUGHTER is Maryland Gov. Spiro T. Agnew, Republican vice presidential candidate. The tot, Michelle Ann, is the namesake for the governor's campaign jet plane. He was to leave Baltimore today on a swing through the Midwest. (AP wirephoto)

Idaho Mine Files Papers To Operate

BOISE (AP) — Articles of incorporation were filed in the office of Secretary of State Pete T. Cenarrusa Tuesday for the Silver Crystal Mines, Inc., of Wallace, Idaho.

The northern Idaho mining firm listed \$500,000 capital stock. Incorporators were Marvin E. Carron and George C. Govey, both of Osburn, Idaho; Ernest L. Lomas of Silverton, Idaho; and Tony Dix and Josef Sveug, both of Wallace.

Joint Bid Said Low On Project

BOISE (AP) — The Idaho State Highway Department announced Tuesday that a joint bid of two North Idaho firms was the apparent low of eight for an interstate highway construction project in southeastern Idaho.

Grant Construction Co. and General Asphalt Co., both of Hayden Lake, submitted a bid of \$1,563,350.

The project involves paving, putting up signs and illuminating 16.5 miles of Interstate 80 between Caterell and Sublet in Cassia County.

Carl E. Nelson Construction Co. of Logan, Utah, was listed as the apparent low bidder in an eastern Idaho job with its offer of \$90,251.

The work involved paving a three-mile plus the Hubbard-Cassia road and 150 mile of the Monday road in Madison County.

Cenarrusa Tells AIP Obey Law

BOISE (AP) — The new American Independent Party has been advised it must conform with the schedule for existing parties in filling vacancies on its ticket, Secretary of State Pete T. Cenarrusa said today.

Cenarrusa said state law sets Sept. 5 as this year's deadline for Republican and Democratic parties to fill ticket vacancies for the Nov. 5 general election.

He said Joseph K. Stumph, 47, of Twin Falls, state chairman of the AIP, has been advised by letter that the deadline applies also to his organization.

Cenarrusa said that unless names of candidates are available by that time printing of ballots cannot be completed in time to permit absentee voting.

Stumph has announced names of a number of legislative candidates as well as the selection of Joel Anderson of Pocatello as the party's nominee for Congress in the 2nd District. But so far, Cenarrusa said, only two legislative candidates have been qualified by the payment of filing fees.

Donations Give Girl Hope Of Curing Kidney Ailment

PHILADELPHIA (AP) — "I'm hoping I'll be able to dance again," says Christine Baranowski from her wheelchair. "I'm keeping my fingers crossed."

For more than two years Christine, now 16, has been battling a kidney disease that generally brings quick death to its victims. Science — and human kindness — is helping her win her fight.

"I never thought there were so many nice people in the world," says Mrs. Joseph Baranowski, her mother.

She was talking about the contributions, ranging from a penny to an anonymous \$1,000, that were sent in by friends, neighbors and strangers to buy and operate an artificial kidney machine to keep Christine alive.

"It would be nice if the machine arrives in time for my birthday on Sept. 12," says Christine, who can't wait to become 17.

She hopes to get back to classes this fall at St. Hubert's Catholic High School "and learn how to type." She's missed a lot of time in the hospital last year about 160 days and this year 12 weeks — "so I have a lot to catch up."

Christine needs the \$6,500 machine for three treatments weekly to cleanse her body of toxic blood substances her kidneys can't eliminate. It costs about \$7,000 a year to operate — just about what her father, a rubber plant pressman, makes annually.

Her parents cashed in their life insurance, and held bonds, and used up all their savings to pay the medical expenses so far. Her three sisters and two brothers, all married, also have paid many hospital and laboratory bills.

But the costs never stop — at \$40 a treatment.

That's why the Christine Life-Line Fund was started by classmates. "It now has more than \$14,000.

"Christine will need the machine the rest of her life," says Audrey P. O'Hanlon, chairman of the fund's board. "This fund and the family will have a continuing need of funds to operate it."

SEE IT TODAY! WEDNESDAY! The Return of the Happy Ending

"With Six You Get Eggroll" may be the first movie ever made with all good guys and no badguys. Just a bunch of happy normal people. A happy normal widower (Doris Day) who runs a lumberyard. A happy normal widower (Brian Keith) who takes early morning strolls in his undershorts.

Two normal little boys who bathe in the paint. A teenaged son who drives a hot rod. Into a chicken truck. And a teenaged daughter who likes boys, except when she's related to them. Wouldn't it be refreshing to see a movie where everyone comes out fine, including you?

Doris Day and Brian Keith in "With Six You Get Eggroll"

Economical Casserole Is Good!

Next time you're called upon to provide a main dish for your large gathering, prepare Ranch Grande Casserole. Its spicy goodness appeals to Cub Scouts and their dads alike. Ranch Grande Casserole was designed for preparation at home with ingredients you frequently have on hand.

It's economical, too — you get 12 servings out of one and one-half pounds of ground beef. Extend the beef with kidney beans, rice and tamales and stir in a good measure of canned tomato sauce with chilies, onions, green pepper and chili powder for full-bodied flavor.

Canned tomato sauce with cheese is such a handy way to add tomato richness as well as herbs, spices and a Roman cheese flavor to casseroles and skillet dishes.

Ask other contributors to the potluck to bring dishes that complement the spicy Mexican casserole — tossed green salad, gelatin salads, hot rolls or cornbread and fruit pies or layer cake.

RANCH GRANDE CASSEROLE can be tailored to serve as few as six, as many as 24. Best of all, you can make it easily in your own kitchen with ingredients you may already have on hand.

RANCH GRANDE CASSEROLE

1 1/2 pounds lean ground beef
2 medium onions, finely chopped
1 large green pepper, chopped
2 teaspoons chili powder
1/2 cans (8 ounces each) tomato sauce with cheese
2 cans (1 pound each) kidney beans, drained
2 cups packaged precooked rice
2 cans (15 ounces each) tamales-in-chili sauce
1 cup shredded Cheddar cheese

Sliced ripe olives, if desired

In large skillet lightly brown beef with onion and green pepper; pour off fat. Stir in chili powder, salt, tomato sauce with cheese, kidney beans with liquid and rice. Pour into 13x9x2 inch baking dish. Bake at 350 degrees for 40 minutes. Meanwhile, remove parchment from tamales and cut into thick slices; reserve chili sauce. Arrange slices on top of casserole. Spoon chili sauce from tamales over; sprinkle with cheese. Bake 20 minutes more. Garnish with sliced ripe olives, if desired. Makes 12 servings.

For 24 servings: Double all ingredients; prepare as directed using a large Dutch oven or kettle instead of skillet for browning ground beef and vegetables. Bake as directed in two 13x9x2 inch baking dishes.

To make six servings: Cut all ingredients in half except tomato sauce, with cheese. Use only one can tomato sauce with cheese plus one-half cup water. Bake in an 8x8x2 inch baking dish at 350 degrees for 30 minutes. Tamales in chili sauce topping and bake 15 minutes more.

Epsilon Sigma Alpha Unit Assists With Annual Drive

More than 200 coin collectors have been placed locally in stores, restaurants, and other business establishments, as part of the annual fund-raising drive of the Gem State Chapter of the National Cystic Fibrosis Research Foundation. Three coin collectors have been placed by members of Epsilon Sigma Alpha Sorority, Alpha Nu Chapter, reports Mrs. Carl Feeler, president of the chapter.

"We've placed our collectors," Mrs. Feeler said. "Now, we hope that people will be kind enough to fill each one of them so that the fight against cystic fibrosis can continue."

One baby in approximately every thousand is born with cystic fibrosis. The basic chemical defect in this disease is not yet understood, but the result is that the body produces abnormal mucus. This thick, gluey mucus interferes with digestion, clogs air passages and lodges in the lungs, in untreated patients, frequent respiratory infections often lead to lung collapse.

Originally, C-F was thought to be rare and always fatal in the first months or years of life. It is now known to be one of the most common serious chronic diseases of childhood. Moreover, with early diagnosis and expert treatment, many C-F youngsters are living beyond their teens. Meanwhile, research seeks a method of control which will compensate for the error in the body's functioning.

Funds raised through the annual appeal support a network of 40 regional Cystic Fibrosis Care, Research and Teaching Centers throughout the United States. These centers have been established with foundation assistance. They are in teaching hospitals affiliated with leading medical schools.

In addition, contributions help finance a basic research program which is being conducted by the foundation. This program encourages eminent investigators in various basic science disciplines to pursue studies which may offer clues to the underlying cause of the disease. Such fields of basic science include molecular biology, genetics, pharmacology and mucoprotein chemistry. Because of this program, many medical authorities are hopeful of a control for cystic fibrosis being developed before many more years have passed, perhaps even within the next decade.

"Coins and dollars dropped into canisters not only advance work in the regional centers and help support the basic research program," Mrs. Feeler concluded, "they also help chapters provide valuable services to the C-F child and his parents."

American Legion's Golden Observance Set At Parley

Members of the Idaho American Legion and American Legion Auxiliary are planning to attend the Legion's 50th annual national convention to be held Sept. 8 through 12 in New Orleans, La.

American Legion veterans of four wars will gather in the Crescent City to participate in the launching of the Golden Anniversary of the largest veterans' organization in the world. The auxiliary's headquarters will be in the commodious Jung Hotel where all the meetings and the States Dinner will be held.

Idaho's Girls' Nation President Anne Solonson, Coeur d'Alene, will be a guest at the convention, where she will address some 1,500 auxiliary delegates on the Girls' Nation program and be a special guest at the large banquet, the States Dinner.

The women will join the American Legion in a joint session Sept. 10 in the Municipal Auditorium to hear the newly-promoted Army Chief of Staff, the honorable William C. Westmoreland, speak.

Idaho's singing group of auxiliary women, The Codas from Eden, will be present to participate in the national musical contest where they won first place two years ago.

Delegates attending from Idaho include Mrs. Lester Howard, Bonners Ferry, national executive committee woman; Mrs. A. S. Leigh, Nielsen, Rigby, retiring president; Mrs. Leon Tippet, Boise, newly elected president; Mrs. Kenneth Spence, Caldwell, secretary-treasurer; Mrs. Austin Matheny, Eden, vice president; Mrs. Sam Vance Jr., Boise; Mrs. Neil Field, Payette; Mrs. Clifford Smith, Rigby; Mrs. Luella Hartenberger, Caldwell; Mrs. Harry Harb, Dubois; Mrs. Gene Halstrom, Weiser; Mrs. Aloys Hof, Jerome; and Mrs. Mervin Hult, Shelley.

Duplicate Bridge Members of the Twin Falls Duplicate Bridge Club met Monday at the Elks Club and there were seven tables in play.

North and south winners were: Mrs. Hazel Fitzpatrick and Mrs. A. V. Williams, Riley Burton and Mrs. H. E. Burgess, and Mr. and Mrs. Lester Saunders, all tied for first.

East and west winners were: Mrs. L. H. VanRiper and Mrs. Robert Watson, first; Mrs. Harold Wycoff and Mrs. L. J. Roberts, second; Mrs. Dorel Ransom and Mrs. Julia Brown, third.

The club's annual birthday party will be held next Monday at 8 p.m. at the Elks Club. Masterpoint will be in play and there will be special door prizes and entertainment.

WHEN BUYING
When buying clothes in a store you're getting good workmanship. Check for generous fabric allowances for a seam, hems, pleats and lapels. Designs in fabric should be matched at seams. It isn't a bargain if it doesn't hold up or isn't matched well.

733-1101.

Mary E. Barga, Childers Say Nuptial Vows

Mary Ellen Barga, daughter of Mr. and Mrs. W. L. Barga, was married to Wayne Dwight Childers, son of Mr. and Mrs. W. E. Childers, all of Jerome, in rites Aug. 17 at St. Jerome's Catholic Church.

Rev. Mr. Sinton performed the ceremony. Mrs. Frank Kelly, reporter, was soloist, accompanied by Mrs. Bob Bruce, Jerome, organist. The ceremony was performed before a setting of baskets, filled with all white gladioli accented with blue bows.

The bride, given in marriage by her father, wore a white satin floor-length gown fashioned with an empire waistline. Lace accented the bodice extending to theilly point sleeves. The train of the same lace fell from the waist to the floor accented with a sheer white back ground. Her elbow-length veil was accented with small roses scattered throughout the netting and held by two white roses.

Maid of honor was Karen Sauer, Lovelock, friend of the bride, with Shirley Sheppard, Jerome, friend of the bride, and Mrs. Jim Barga, Twin Falls, sister-in-law of the bride, serving as bridesmaids.

Acolytes were Danny Rupert and Pete Jones, with Gary Childers, brother of the bridegroom, serving as best man. Ushers were Ron Humback, Jerome, and John Olson, American Falls, both friends of the bridegroom.

Mrs. Barga, wife of a nephew of the bride, was ring bearer and B. Z. Waite, Jerome, was flower girl.

Mr. Gist, Jerome, registered the guests at the reception held immediately after the ceremony. In charge of the gift table were Mrs. Adrian Smith, Mrs. Cyrus Slatner, Velda Slatner and Genell Childers, all of Jerome.

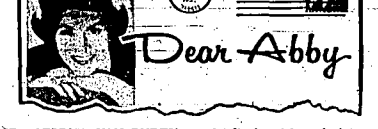

A coffee was served by Mrs. Anthony Humback, Jerome, and punch by Janet Childers, Jerome.

Goldie Homan, Filer, and Mrs. Don Childers, Jerome, aunt of the bridegroom, served the cake. The reception was hosted by the Catholic Women's League.

Out-of-town guests attended from Ohio, Washington, California, Lovelock, Filer, Rupert, Pocatello, Wendell, Twin Falls and Boise.

MR. AND MRS. WAYNE D. CHILDERS (Davis photo)

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: We own a small high grade market in one of the better neighborhoods. Our problem is a very stylish lady of about 50 who patronizes us regularly. We've seen her slip small cans of button muskrooms, caviar smoked oysters, and similar delicacies into her coat pocket.

She can well afford to pay for the items she steals. We've considered asking her to help her shopping elsewhere, but we haven't the nerve. She is such a respected lady that we can't follow her out of the store and demand that she empty her pockets like a common thief. Perhaps if you print this in your column she'll realize she's not getting away with anything. In the meantime, what is your advice? UNSIGNED

DEAR UNSIGNED: Unless you want to continue to keep this "respected lady" in button muskrooms, caviar, smoked oysters and similar delicacies, I suggest that you follow her out of the store and demand that she empty her pockets like the common thief that she is, and until you do, she is indeed getting away with plenty.

DEAR ABBY: After 9 years of marriage my wife wants twin beds. I can't understand it and neither can our seven kids. Do you think she's getting tired of me? She says she will sleep better in twin beds. Frankly, if she slept any better, she would be dead. Please tell me how to handle this problem. I like to have her next to me.

ST. LOUIS

DEAR ST. LOUIS: The desire for twin beds is no proof that your wife is "getting tired" of you. Seven kids in one year may mean she's getting just plain "tired."

DEAR ABBY: There is a local hang-out in our small town where I met a boy from another state. We just rode around

Campaign Is Led By Federated Women's Clubs

An anti-violence campaign to halt the preparation of hard-core TV crime and violence in movies, television, magazines and paperbacks has been launched by the General Federation of Women's Clubs, an international organization with 11 million members.

Mrs. Walter Varney Magee, president of the General Federation, said that it was disturbing to her that "although far more youngsters today have a college education than ever before, the quality of life seems to be deteriorating. Consideration for others is practically a thing of the past, and a coarseness has replaced refinement, making life, in too many cases, a rather drab, subsistence affair."

This situation she blames on the virtual takeover of the entertainment media by crime, violence and pornography. "Self-regulation by the industries involved has not worked," she said. "Promises by the Motion Picture Association heads of TV networks works have not been carried out. Movies are increasingly vulgar and offensive, television is rampant with crime and violence."

Mrs. Magee asked: "If we believe that the good and true, and the beautiful have beneficial effects on our youth, why do not the thousands of parents and the salacious have a similar impact? The fact of the matter is... they do!" She cited as instances the number of skyrocketing illegitimate births, the broken marriages, the number of young fathers who refuse to accept their parents' responsibilities and the upsurge in venereal disease.

Through the organization's national magazine, GFWC Clubwoman, the Crusade for Moralizing Mass Media will be brought to its 15,000 clubs in the states. An Agenda for Action each month will give clubwomen step-by-step procedures how to carry on the crusade in their towns.

Social Calendar

SHOSHONE — The Shoshone Methodist Women will have a rummage sale Friday and Saturday at the Grasso building, one-half block south of the drugstore. Hours are set from 9 a.m. to 5 p.m. both days. Furnishings, clothing, dishes, and many other articles will be offered.

FAN 'FAD' GROWS — Portuguese traders brought the folding fan to Europe from the Far East in the 16th century and within the next 100 years Paris became the fan-making center of Europe.

LDS Mia Maid Honor Night Is Conducted

DECL-10 — "As Beautiful as an Unblemished Rose" was the theme of the Mia Maid Honor Night held at the LDS Relief Society Room.

Mrs. Douglas Lind, class teacher, welcomed the guests and presented Mia Joy certificates to Mrs. Leona Taylor, Carolyn Zollinger, Joan Matthews, Joy Turner, Patty Kidd, Sheryl Anderson, Larriance Odehede, Carme Saxton and Diane Ghent.

Talks were given by Patty Kidd, "Symbolism of a Rose," and Sheryl Anderson "Mia Joy Requirements."

After the Rose Tying ceremony in which each girl told of her personal meaning of her rose, the honor was presented to Mrs. Clavie Zollinger, Young Women's MIA president. She expressed her appreciation to the girls and thanked for putting forth their extra effort to earn the coveted award.

"Music was under the direction of Mrs. Carol Stockings. Prayers were given by Miss Turner and Miss Matthews. Committees were program and invitations, Carolyn Zollinger and Miss Kidd; refreshment committee, Miss Taylor and Miss Mende; refreshments, Miss Anderson, Miss Orlberry and Miss Saxton; and the special arrangements, Miss Turner, Miss Saxton and Miss Gillett.

Let the Profit Bread Plan help prolong your Slender Years

CONFIDENTIAL TO LOTIE: Everyone has his "ups and downs." When you are "up" make it a point to help someone who is "down." It will lift you to even higher heights, and surely help the one you've helped.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 6970, Los Angeles, Calif. 90069 and enclose a stamped, self-addressed envelope.

LEX CONNELLY
A nationally known sports commentator and rodeo announcer will be at the Twin Falls County Rodeo beginning Wednesday and lasting through Saturday. He was a rodeo contestant for 11 years and seven times finished among the sports top 10 money winners. Now he is associated with Golden State Rodeo Co. which is producing the rodeo at the Twin Falls County Fair grounds.

Defenbach Notes Delay By Agencies

BOISE (AP)—Several major state agencies have not submitted 1969-71 budget requests. But Idaho budget director James A. Defenbach said most of them have "understandable" reasons for not meeting his Aug. 29 deadline.
Most delays were because the proposed budgets have not been approved by administrative boards.
As an example, he said, budget requests from the state public schools, the University of Idaho, Idaho State University and Lew-Clark Normal School are expected to be approved in the next few days by the State Board of Education.
Other general fund budget requests still to be submitted include those from the Department of Insurance, the secretary of state's office and the attorney general's office.
Defenbach said special fund budget requests also are due from the departments of fish and game, highways, law enforcement and aeronautics.

Salt Lake Earns Kudos Of FBI

SALT LAKE CITY (AP)—The Salt Lake City Police Department's use of photography in criminal investigation is featured in this month's issue of the FBI Law Enforcement Bulletin.
Police Lt. Glen S. Calhoun of the homicide division wrote the four-page article. "Many cases are won in court by the investigator who uses photography to good advantage," the policeman wrote.
"Many months, and sometimes years, may pass before a case is brought to trial. In these instances," said Calhoun, "photographs are invaluable in refreshing the memory of the officers and other witnesses."
Calhoun's article will be distributed to law enforcement agencies throughout the nation by the FBI.

Freedom Party Files Petitions

SALT LAKE CITY (AP)—Petitions with 200 signatures were submitted to the secretary of state's office Tuesday by the Peace and Freedom Party in efforts to qualify for the Nov. 5 general election ballot in the state.
Last week petitions with 813 signatures were submitted.
The names will be sent to county clerks for verification to be certain the signers are qualified voters.
Five hundred signatures must be approved for the group to hold a convention, choose candidates and appear on the ballot.

New Postal Building At Bliss Slated

WASHINGTON, D. C. — The Post Office Department is advertising for bids for construction of a new post office in Bliss, office of Sen. Frank Church announced today. The new facility is to be constructed by a private builder then leased to the federal government, it was reported. This is in keeping with Post Office Department policy of leasing buildings from private contractors in order to keep postal facilities on the local tax roll, he said. The new facility in Bliss which the Post Office Department wants constructed in the general business section of town — is to have 564 square feet of interior space, a platform of 80 square feet and a parking-manufacturing area of 3,000 square feet. The Post Office Department will lease the new building for eight years and will retain options for renewal of the lease for two, five-year periods and one, two-year period. Bids are to be opened in the Spokane Federal Building, on Sept. 20.

Airport Boosts Runway Length

SALT LAKE CITY (AP)—The main runway at the Salt Lake International Airport is being reinforced to safely carry the largest airplanes expected to use the facility in the next few years. Joe Bergin, airport manager, said Gibbons and Reed Co. is handling the \$50,724 project which is expected to close the runway for 30 days. He said old concrete on the runway was breaking up under the weight, but the new concrete would "accommodate the heaviest airplanes that will be here for some time to come." Meanwhile, the commercial flights are using a secondary runway, along with private and charter planes. Bergin said no appreciable delays in landings or takeoffs was expected because of the work. As commercial jets take off from the north, police will block North Temple near 23rd West where the planes back up against the fence. The takeoff blast could knock out windows or blow small cars off the road, Bergin said.

Highway Toll Soars to 688

CHICAGO (AP) — A record 688 persons were killed in traffic accidents across the nation during the three-day Labor Day weekend. The toll exceeded the previous Labor Day record of 630 set in 1965. It compares with 518 traffic deaths during a recent non-holiday weekend of the same length surveyed for comparison purposes by The Associated Press. The National Safety Council had estimated that 575 to 675 persons might die during the holiday period, which ran from 6 p.m. local time Friday to midnight Monday.

Let the Profile Bread Plan help prolong your Slender Years.

Magic Valley Obituaries

Funeral Services
Oscar Peterson, 2 p.m. Friday, Burley LDS Stake House; Saul Sbalba Jr., 3 p.m. Thursday, Burley Assembly of God Church.

Funeral services for Mrs. Alton Collier will be held at 2 p.m. Friday at the White Mortuary Chapel with Vernon Shaw of the Jehovah's Witness faith officiating. Burial will be at Sunset Memorial Park.

Herbert Infant
ACEQUIA - Graveside services for Daniel Owen Herbert, infant son of Mr. and Mrs. Clifford Owen Herbert, were conducted Tuesday afternoon at the Rupert Cemetery by Bishop Randall H. White.

The baby was still born Saturday at Minidoka Memorial Hospital. Survivors include, in addition to his parents, one sister, Nena Rae Herbert, all of whom walk mortuary was in charge of arrangements.

Businessman Says Firemen Ran Up Bill

ST. PETERSBURG BEACH, Fla. (AP) - The city of St. Petersburg Beach has received a \$411 food and beer bill from a businessman who had been run up by firemen, police and city officials during a fire a year ago.

The town's mayor, Richard Ericus, said that the city doesn't plan to pay the bill unless directed by the courts.

The bill came from Jack O'Donnell, owner of Lund's Hotel, who said the food and drinks were consumed during a fire at the Pass-A-Grille Beach Hotel last September.

He said the bill actually came to twice the amount he is asking for. He said he is asking for \$211 for food, \$122 for 350 hot dogs, \$122 for 324 draft beers, \$81 for 200 cans of beer, \$17, and 1,000 cups of coffee, \$150.

County Delays Ordinance Vote

OGDEN (AP) - The Weber County Commission delayed action Tuesday on a proposed county ordinance which would make unlawful any verbal abuse of a person.

Commission Chairman Albert I. Bott said a similar ordinance received strong opposition before the final action by the Ogden City Council.

The city ordinance calls for up to \$250 fines and six months' confinement for persons chastising city officers.

Gravestone
SHOSHONE-Gravestone rites were held for Germaine Beverly Hubbs, infant daughter of Mr. and Mrs. Lorin Duain Hubbs, Saturday afternoon at Shoshone cemetery. The Rev. Father William McQuaid of the St. Peter's Catholic Church officiated.

The baby, born Aug. 29 at St. Benedict's hospital, Jerome, died Aug. 30.

In addition to her parents, the baby is survived by three brothers, Matthew, Mark and Shawn Hubbs, three sisters, Melody, Sherry and Chanel Hubbs; maternal grandmother, Mrs. Kathleen Fahrendorh, Lancaster, Calif.; paternal grandfather, Egbert Beverly, El Centro, Calif.; paternal grandparents, Mr. and Mrs. Lorin Hubbs, north Shoshone; paternal great grandmother, Mrs. Gladys Hubbs, Twin Falls; maternal great grandmother, Mrs. Helen Williams, and two great grandfathers.

Ramiro Perez
WILDER - Ramiro Perez, Wilder labor camp, died Sunday morning as a result of a car-pedestrian accident two and one-half miles east of Wilder.

He was born June 26, 1946, at Laredo, Texas, attended schools in Texas. He moved to Twin Falls several years ago where he was a farm laborer. He had moved to Wilder three weeks ago. He was a member of the Catholic Church.

Surviving are his parents, Mr. and Mrs. Enrique Perez; two brothers, Jobor Perez and Enrique Perez Jr., all Wilder; four sisters, Patricia Perez and Rosa Perez, both Wilder; Mrs. Delia Pena and Mrs. Juanita Rodriguez, both Laredo.

Services will be announced by Reynolds Funeral Chapel.

Rosary was recited Tuesday evening at Reynolds Funeral Chapel. Mass was celebrated Wednesday morning at St. Edward's Catholic Church with Father William R. Gould celebrant. Last rites were in Twin Falls Cemetery.

Bellevue Labor Day Fete Draws 2,000 Persons For Final Holiday Of Summer

BELLEVUE - The 48th annual Labor Day celebration held here Monday drew one of the largest crowds in the history of the event, with some 2,000 persons partaking of the free barbecue served in the city park at 12:30 p.m.

To add to the enjoyment of the meal and time spent visiting in the shade of the huge trees along the banks of Big Wood river, was the music of Hopalong Cassidy, courtesy of recording artists performance trust fund.

In the Kiddie parade, held at 11 a.m., first place in the commercial float was the "Frolics" float from the Bellevue Community Church, second to the Family Drive Inn and third to the "Horse Division" float.

Powder Blast Burns Youths In Gem State

SALT LAKE CITY (AP) - Two boys who were seriously burned when an ancient can of gunpowder exploded in their hands in a ranch in southern Idaho were reported in critical condition today, but a third boy is in good condition.

Critically burned in the explosion were Richard, 8, and Wayne Winberg, 6. Don Stendman, 14, was less seriously burned, hospital authorities in Salt Lake City said.

The youths were rushed to Salt Lake City for treatment after a can of gunpowder exploded while they were playing with it on a Virginia Idaho ranch owned by Mr. and Mrs. Richard Winberg, parents of the two boys. Stendman is a son of Mr. and Mrs. Robert Stendman of Preston, Idaho.

The boys apparently found the can of gunpowder, dated 1858, while exploring the attic of an old ranchhouse, officials said.

Union Approves Telephone Pact

COEUR D'ALENE, Idaho (AP) - A three-year contract with the General Telephone Co. was approved Tuesday by a five-to-one margin on a vote by members of the Electrical Workers' Union Local 88.

The contract, which passed 327-65, was retroactive to Aug. 1. It covers workers in Idaho, Washington and Montana. Both Carpenter, business manager for the local, said.

The vote count was not released until Tuesday although the union members were offered the mail ballot late in August.

Federal mediators helped hammer out the contract with the union. The contract reportedly includes a 66-cent an hour wage increase plus other fringe benefits.

Bellevue Labor Day Fete Draws 2,000 Persons For Final Holiday Of Summer

Uhrig and his son, Eddie Joe, took first place in their racing chariot; Mike Ivie, as sheriff, with Russell Barks on the end of a rope as his prisoner, second and Mrs. James Castle on her "paint" pony third.

In the old car division first place went to the Bellevue City Police for their Model "A" with Richard Kimball, Mike Barratt and Randy Showalter as the drivers; second place went to Barney Jones, Ketchum, with his newly acquired 1915 Model "A" Ford.

In the decorated bikes section Randy Collier, Debbie Collier and Renee Johnson took first, second and third place.

In the Character section first place went to Gary Ivie as an old time prospector; second to Pamela Shipp as an Indian maiden, with Del McMurdo and D. J. McMurdo as a cowboy and an Indian. Third place went to Rusty and Todd Shipp as an old Negro couple.

In the Kids Float section Donnie and Danny Steina took first place as "Little Black Sambo" and the tiger. Second place went to Jimmy Kohler in his version of the "automobile of the year 2000," and third place went to Joe Moran and Kelly Christensen on their bicycles, pulling a wagon in which Gina and Lisa Christensen were riding.

The Wood River High School Drill Team marched in the parade.

John Uhrig and Richard Lavender were flag bearers leading the parade, and representing the Sinksco Junior Riding Club.

In the street sports each youngster under 5 years of age received a dime.

In the races for girls and boys between 6 and 7 years of age Valerie Quessell received first and Laurie Shaffer, second for the girls and Mike Byington was first and Gill Trotter second for the boys.

In the five-year category Vicki Halkan and Kimberly Reimors were first and second for the girls and Russell Barks and Alvin Cursi, Brigham City, Utah, for the boys.

Litinger and Tim Crofts took first place and Dennis Sajo and Kenneth Patterson, second. In the slipper-kick for girls 18 and over Janice Vernon took first place and Sherry Hazen, second in the girls and in the 19 and over category Mrs. Vernon Hazen took first and Mrs. Larry Plotz, second.

Otis Dishenett, Sr., and Jerry Wunderlich were in charge of the races.

The "Haily-Hellers" presented their last "Shooz Out" of the Season at 5 p.m. and dancing at Sams Club concluded the day.

Mrs. Presnell Is 7-Week Club Winner

HANSEN - Mrs. Maris Presnell was winner of the recent seven-week "Lucky Bucks" contest by losing 14 pounds it was disclosed at the Slim and Trim TOPS Club meeting at the home of Mrs. Thomas Steel-smith.

She was awarded extra "bucks" as the winner. An auction with the "lucky bucks" was held for contest gifts. Each one entering the contest brought a gift for the contest. Mrs. Presnell was also the monthly winner and received extra gifts.

Mrs. Sandra Golay was welcomed as a new member. It was decided to continue with the "lucky bucks" contest for the next six weeks.

Mrs. Gene Walker contacted the school superintendent, William Barnard, and permission has been granted to the group to use the Hercules Gym equipment on meeting nights or other nights if desired.

Mrs. Ralph Simmons acted as auctioneer for the contest. Mrs. Sam Huck will be hostess and program chairman at next week's meeting.

Candidate Requests Lowering Of Taxes

By The Associated Press

Republican gubernatorial hopeful Carl W. Buchner called for lowering personal income taxes in the state Tuesday, saying rather than increase the tax burden, increase the number of people paying the taxes.

His GOP opponent, LaMar A. Rawlings, charged Buchner "has hurt many suffering taxpayers... and has failed to offer any suggestions for improving Utah's financial situation."

Democrat Charles M. Pickett and John P. Creer, both seeking their party's nomination for the attorney general post, said Tuesday that Utah criminal laws must be updated.

Pickett gave support to a University of Utah law school report suggesting drastic revision of the state criminal code. Creer said his attorney general should act as advisor to the Legislature in drafting laws so overlaps in the judiciary process can be eliminated.

Vernon B. Romney and A. Pratt Kester, both seeking the GOP attorney general nomination, said whimsy should not guide the man holding the position. He should be honest and proud to uphold traditions and the law.

Sen. Wallace F. Bennett, Republican candidate seeking re-election, spoke of progress made in Utah in water resource development. He said he was proud of his work in having the Central Utah Project and its Bonneville unit included in the Colorado River Project to be considered soon by Congress.

Atty. Gen. Phil Hansen, seeking the Democratic senate nomination, challenged his Democratic opponent, Milton Weissenmann to a public debate Saturday at 7 p.m. at a Liberty Park citizens rally.

Weissenmann called for respect for law and order, saying he would support strong and heightened law enforcement.

Republican senatorial hopeful Mark E. Anderson said respect for the U.S. military service in Vietnam should be lifted so they could fight to win.

J. Reese Hunter, running for the Republican Second congressional district seat, said the issue of the 10 per cent surtax should be debated. He again called upon Rep. Sherman P. Lloyd to debate the issue.

Lloyd, seeking re-election to the House, said he was returning to Washington, D.C. despite the primary election Tuesday, to vote in favor of a conference report on the Colorado River legislation.

Conrad Ross, Democratic candidate for the Second district congressional seat, said labor union members needed more public relations work so the public understands labor's problems and needs.

Nigeria Will Allow Relief Into Biafra

LAGOS (AP) - Nigeria agreed Tuesday to lift its blockade of secessionist Biafra temporarily and permit the international Red Cross to airlift food and medicine to thousands of starving civil war refugees starting Thursday.

Until now, the federal government had threatened to shoot down unauthorized flights into the breakaway republic. The Red Cross canceled flights for first place and Sherry Hazen, second in the girls and in the 19 and over category Mrs. Vernon Hazen took first and Mrs. Larry Plotz, second.

Otis Dishenett, Sr., and Jerry Wunderlich were in charge of the races.

The "Haily-Hellers" presented their last "Shooz Out" of the Season at 5 p.m. and dancing at Sams Club concluded the day.

The Red Cross agreed, in turn, to "immediately use its influence" in getting the Biafrans to consent to the opening of land and water relief corridors the ministry said. The Biafrans have balked at the opening of an overland land corridor, fearing it could be used by advancing federal troops.

Agreement on the flights was reached during a meeting here between Nigeria's chief of state Yakubu Gowon, August R. Lindt, international Red Cross coordinator for West Africa, and U.S. Ambassador Dr. Fitz Neal.

The Red Cross and other private groups have been flying in food and medicine to Biafra at night—but these flights have been able to provide barely a fraction of the supplies needed for the mass of civil war refugees threatened by disease and starvation.

Because of the urgency of Biafra's food crisis, the Red Cross announced in Geneva Monday it would defy the Nigerian blockade by initiating a massive relief airlift by day-light.

TAXES TAKE RISE

SALT LAKE CITY - A report by the Utah Tax Commission released Tuesday showed income from withholding and sales taxes up from July 1 to Aug. 31 as compared with the same period last year.

Raiders Are Expected To Repeat As AFL Champions Despite Two Injuries

NEW YORK (AP) — A guy named Lamonia changed the fortunes of the Oakland Raiders last year. Something named Achilles could do the same this year.

Achilles isn't some defensive genius who's about to throttle the Raiders' potent offense, but the tendon named after him has kicked a couple of holes in the Oakland defense.

While pondering these selections, though, it should be kept in mind that in winning last year, Oakland and Houston unseated the previous season's titlists, Kansas City and Buffalo.

The Oakland Raiders are expected to repeat as champions of the AFL this year, if there is to be any, are Kansas City and New York, but figuring there won't be any, here's how last year could look four months from now:

Western Division	Eastern Division
1. Oakland	1. Kansas City
2. Kansas City	2. New York
3. San Diego	3. Buffalo
4. Cincinnati	4. Miami
5. Denver	5. Boston

Pirates May Emerge As Loop Contender

Making the big jump to 11-man football from eight-man football, the Pirates are expected to be one of the more difficult for the Hagerman Pirates this year. Coach Daryl Nelson has a fine crop of players. The Pirates include Tom Overlie, 5-10 160-pound halfback, Ray Lapp, 6-0 185 quarterback, Randy Davidson, 6-1 170 tackle, and Kenny Clemens, 5-10 160 center.

Top non-lettermen prospects are Russel Lemoyne, 6-4 170 end, Rick Bendure, 6-1 170 guard, Kelly Behrens, 5-9 150 halfback, Steve Bennett, 6-0 150 guard, and Jeff Tupper, 5-10 160 fullback.

Hagerman's schedule is as follows: Sept. 6, open; Sept. 13, Glenn Ferry at Hagerman; Sept. 20, at Seattle; Sept. 27, Wendell at Hagerman; Oct. 4, Kimberly at Hagerman; Oct. 11, Adrian at Adrian; Oct. 18, at Shoshone; Oct. 25, Shoshone at Shoshone; Nov. 1, Carey at Hagerman.

White Bats Yankees Over Fading Birds

BALTIMORE (AP) — Roy White smacked a bases-loaded triple and Bill Robinson drove in two runs with a pair of singles, pacing the New York Yankees to a 5-1 victory over the fading Baltimore Orioles Tuesday night.

It was the sixth loss in eight games for the Orioles, who trailed Detroit's American League leaders by only four games a week ago.

The Yankees' lead in the final single through five innings by Tom Phoebus, pushed over two runs in the sixth for a 2-1 lead and pulled away as White's triple keyed a ninth.

Boise Ready To Try 4-Year Opposition

BOISE (AP) — Four-year athletic status becomes a reality to Boise State College on Sept. 11, when the Broncos open their 1968 season by playing host to Linfield College from McMinnville, Ore.

Lincoln's power in the junior college ranks under Lyle Smith, now athletic director, the Broncos will compete this year as if they were an old-time rival.

Homerun In Sixth Gives Pirates Win

PITTSBURGH (AP) — Willie Stargell slammed his 22nd homer to break a tie in the Pittsburgh Pirates' 5-4 win over the Houston Astros 3-2 Tuesday night.

Stargell's bases-empty blast came in the sixth inning with two on and one out, the third of Pittsburgh's four hits.

CATCHER COVERS FIRST in action between the Tigers and the Athletics. Sal Bando of the A's took a wide turn around first when Jim Northrup bobbled his single and barely got back safely under the tag of Tiger catcher Bill Freehan. (AP wirephoto)

Two Games

The Castleton Wolves will travel to Wendell at 8 p.m. Thursday night in the only midweek varsity football game of the week.

It will be the opener for the home-standing Trojans while the Wolves were held to a tie in their first game. The game was moved to Thursday to circumvent Friday's school vacation for the Twin Falls County Fair.

Cullen Raps Pinch Single For Nat Win

WASHINGTON (AP) — Pinch hitter Tim Cullen drilled a two-run single in the sixth inning, carrying the Washington Senators to a 2-1 victory over the Chicago White Sox Tuesday night.

The victory boosted the American League leaders with one game of the ninth place White Sox.

Smith, Foy Bat Red Sox Over Twins

MINNEAPOLIS (AP) — Reggie Smith and Joe Foy each drove in two runs and Dick Ellsworth pitched his way out two bases-loaded jams, leading Boston to a 4-1 victory over Minnesota Tuesday night in a game shortened to five innings.

Indians Romp Over California

ANAHEIM (AP) — Russ Snyder hammered and singled in two runs and Lee Maye advanced to help Cleveland to a 7-2 victory over the California Angels Tuesday night.

Tigers Dump Oakland A's

OAKLAND (AP) — Jim Northrup's two-run single ignited a four-run Detroit inning rally that carried Detroit's American League leaders to a 6-3 victory over the Oakland Athletics Tuesday night.

Kimberly Crew Faces Rebuilding Season

KIMBERLY — Coach Gary Ayers of the Kimberly Bulldogs could have a chance to improve the team's 2-5-1 record of last year, but lack of a veteran defense and heavy losses in the offensive line could give the Bulldogs trouble.

Smith, Foy Bat Red Sox Over Twins

MINNEAPOLIS (AP) — Reggie Smith and Joe Foy each drove in two runs and Dick Ellsworth pitched his way out two bases-loaded jams, leading Boston to a 4-1 victory over Minnesota Tuesday night in a game shortened to five innings.

Oliva's Out But His .289 Average Isn't

NEW YORK (AP) — The left shoulder dislocation that will sideline Minnesota's Tony Oliva for the rest of the American League season may work to the advantage of the state outfielder's batting title aspirations.

Can his rivals still catch Oliva? He's leading with a .289 average behind him are eight others with .280 or higher seeking to win the championship.

The all-time low is .306 by Elmer Flick of Cleveland in 1906. Oliva, winner of the AL batting title in 1954 and 1955, dropped seven points with a 6-inning performance last week before suffering his injury in Saturday's game against the Chicago White Sox.

Rod Carew, Oliva's teammate, experienced far greater difficulty at the plate. The leader a week ago with a .299 mark, Carew dropped 19 points to .280. He missed eight of his 11 at-bats in 35 times at bat.

Hundley Bats Cubs Past Giants 8-3

CHICAGO (AP) — Randy Hundley drove in three runs with a pair of singles and Ernie Banks whacked his 27th homer in leading the Chicago Cubs to an 8-3 victory over San Francisco Tuesday night.

Dodgers Win 10-9 Slugfest

PHILADELPHIA (AP) — Len Gabrielson's two-run double capped a Los Angeles attack that produced eight runs on three homers and five doubles in the last two innings as the Dodgers beat Philadelphia 10-9 Tuesday night.

Rookie Drysdale Upsets Rod Laver To Put U.S. Open Title Up For Grabs

FOREST HILLS, N.Y. (AP) — Pro rookie Cliff Drysdale of South Africa broke Rod Laver's serving rhythm with a murder-five two-twisted backhand Tuesday and upset the top-seeded favorite to make an open scramble of the \$100,000 U.S. Open Tennis Championships.

The ranking player fell before Drysdale's relentless back court barrage 4-6, 6-4, 6-1, 6-1 in a fourth-round match.

Laver served 14 double-faults, five in the final set and two in the opening game, which let him lose the landside.

"I just never got hold of the ball," the red-haired Aussie, winner of every "iron" tournament he fell before Drysdale's re-

Gooding Senior Golf Meet Opens Saturday

GOODING — A pre-tourney fielding has entered the 1968 Gooding senior golf tournament and chairman Bob Lyons reports that all flight winners will be back to defend their honors.

The tournament, open to men 50 years and over and women from 45 years up, will be held at the Gooding course next Saturday and Sunday.

The defending champion, Clint Shaw of Gooding, who posted a remarkable record of needing only 19 putts for the final 10 holes last year, will be back along with women's division winner, Mrs. Val Merritt of Boise. Vi Smith of Twin Falls was the net winner last year.

Returning to push Shaw will be runner-up Chuck Baine and Sherm W. Hill (a.m.s. both Twin Falls, who tied for second. L. H. (Spec) Haslem, Twin Falls, is the defending low net winner.

Lyons said the meet field would be trimmed at 120. Players must play Saturday at their convenience but a shotgun start will be used for everyone Sunday morning and afternoon.

The club slated a work party for 5 p.m. Wednesday and urged members to turn out and help get the course in tournament shape. The club, which has installed a new sprinkling system, was slated to provide a luncheon for all workers.

Braves Beat New York In 12 Innings

NEW YORK (AP) — Tommy Aaron singled home two runs and Marty Martinez one in the 12th inning, sparking Atlanta to a 4-3 victory over New York and giving the Braves a split of a two-night doubleheader Tuesday.

The Mets won the opener 4-3. Tommy Aaron's tie-breaking single came off Ron Taylor, who relieved Al Jackson after Felix Miller singled. Hank Aaron doubled and Joe Torre was purposely walked to load the bases. Marty Martinez singled in the final run after a walk and an out.

The Mets made a bid to pull it out in the bottom of the 11th when they scored twice on singles by Ken Boswell and Larry Stahl, an error and two groundouts.

Shansky's 10th home run in the eighth gave the Mets a 4-4 tie in the nightcap.

The Braves scored twice in the first inning on RBI singles by Hank Aaron and Tito Francona and added one in the second on Deron Johnson's single, a sacrifice and Felipe Alou's double.

New York tied the score with three runs in the third. Stahl walked with the bases loaded to force in the first run, and Cleon Jones singled in the other two.

The Mets won the opener with two runs in the seventh. J.C. Martin's grounder, which forced a man at second with the bases loaded, brought in the first run.

Martin hit a two-run homer in the second. Atlanta scored in the third on Alou's RBI single and added two in the fourth on Hank Aaron's double, Joe Torre's triple and Mike Lum's double.

Flood Single In 11th Lets Cards Win

CINCINNATI (AP) — Curt Flood's run-scoring singles and a sacrifice fly by Roger Maris in the 11th inning gave the St. Louis Cardinals a 5-3 victory over the sliding Cincinnati Reds Tuesday night.

The loss was the sixth in a row for the Reds.

Reliever Dan McClain, making his first major league appearance, walked pinch hitter Ed Spiezio and Lou Brock to open the 11th and was yanked for Billy McCool, who pitched the runners to second and third.

Joe Ritchie replaced McCool and gave up Flood's tie-breaking single before Maris delivered an insurance run.

Johnny Bench rapped a two-run homer off reliever Ron Williams with two out in the ninth, lifting the Reds into a 3-3 tie.

The Cardinals scored three runs in the fifth after shortstop Leo Cardenas booted Dick Maxwell's grounder and Reds starter George Culver walked Brock. Flood's single scored Maxwell, breaking a scoreless tie, and Maris doubled home another run before Orlando Cepeda's run-scoring single capped the rally.

Pete Rose hit a bases-empty homer in the eighth.

Cowboys Search For Quarterback

LARAMIE, Wyo. (AP) — Wyoming football coach Lloyd Eaton turned over his quarterbackback chores to a defensive safety last fall. It worked.

Inexperienced Paul Toscano passed the Cowboys to an undefeated 10-0 season, sixth place in The Associated Press ranking and a Sugar Bowl bid—then he picked up his diploma.

Now, Eaton is faced with the same problem—lack of an experienced quarterback—and coach Eaton needs lightning to strike twice in the same spot to salvage a winning season and another Western Athletic Conference championship.

Either a sophomore Ed Synalowski or Skip Jacobson, 21, a senior who saw limited action backing up for Toscano last season, will take over the quarterback spot.

Eaton said both looked good in spring drills and their showing this fall will determine who gets the starting call when the Pokes open their season Sept. 14 against Nebraska.

Bob Devaney coached at Wyoming for five years before moving to Nebraska in 1961. Eaton was a chief aide and will be looking to upset his former boss.

The Cowboys lost their entire starting offensive backfield from last year's team, but the quarterback spot is the biggest hole to fill. Eaton has capable lettermen in fullback Dave Hampton, fullback Joe Williams and flanker Larry Suganuma. But lack of depth in the offensive backfield could pose a problem in case of injuries.

Besides the quarterback spot, the other major problem facing Eaton is finding a replacement for two all-conference cornerbacks — Dick Spigault, lost by graduation, and Vic Washington, dropped from school for disciplinary reasons.

SPORTS

Offensive Depth May Give Richfield Edge

RICHFIELD — The North Side champion Richfield Tigers have a good chance to repeat as 12 letterman return from a seven-win-one-loss season.

Coach Leroy Johnson's Tigers are well-stocked at the quarterback, back and guard positions on offense and have a fairly experienced defense. They opened by topping Dietrich 8-7.

Veterans returning to the Richfield squad include Ken Maestas, 5-10 170 pound quarterback with two years experience, Ken Patterson, 6-1 165 end with three years experience, Rod Primmore, 5-11 190 fullback with two years experience, Blaine Sorenson, 5-10, center with one year experience, Steve King, 5-11 225 guard with three years experience, Chuck Jensen, 5-11 190 guard with two years experience, Rod Riley, 5-6 140 slot back with one year experience, Rick Hiatt, 5-8 160 end with one year experience, and David

Brush, 5-10 150 end with one year experience.

Non-letterman prospects are Brent King, 131 pound sophomore quarterback, Mark Dixon, 160 sophomore guard, Bud Crowther, 140 junior quarterback, and John Paulson, 199 junior guard.

Richfield's schedule includes September 6, Grandview at Grandview; September 13, Clark County at Richfield; September 27, Bliss at Bliss; October 4, Camas County at Camas County; October 9, Grandview at Richfield; October 18, Dietrich at Dietrich; October 25, Carey at Carey.

Mike Burton Sets New Swim Record

LONG BEACH, Calif. (AP) — UCLA's Mike Burton shattered the world record for the 1,500-meter freestyle by 20 seconds Tuesday night with a clocking of 16 minutes, 8.5 seconds in the U.S. Men's Olympic swimming trials.

En route, he broke the 800-meter record in 8:34.34.

Burton bettered the pending world record for this metric mile freestyle that was set by Gettlermo, Echevarria of Mexico when he beat Burton this summer in 16:28.11.

Although eight started the final race on the five-day program, it became a duel between Burton and 16-year-old John Kinsella, Hinsdale, Ill.

Kinsella finished second in 16:24.35, making him the second fastest of all time for the distance.

The 800-meter time bettered the record of 8:42.0 set by Francis Luyce at Dinard, France, in July 1967.

YOU CAN RENT A NATURAL GAS CONVERSION BURNER FOR YOUR PRESENT FURNACE

Just \$195 a month

CALL IT AN INVESTMENT IN ECONOMICAL HEATING

Recent cost comparisons show that 'flameless' heating costs nearly twice as much as gas heating, based on average Southern Idaho residential rates. And gas heating averages 16% less than the cost of oil.

If your present furnace is in good condition, a fully-automatic Natural Gas conversion burner can be easily installed. And the cost to you is just \$195 a month. The rental includes installation and maintenance.

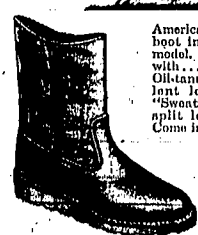

Where it's available in Southern Idaho, Natural Gas heats more homes than all other fuels combined. You'll know why as soon as you use it. Check into the conversion burner rental plan and keep your family comfortable this winter. Call soon.

You can't afford not to change to Gas

Love And War Man Hears Fish Story

Not enough guidance is given to those single young ladies in search of eligible men, that's certain. But please do not blame our Love and War man. He's researching the matter constantly. Recently for instance, he met a girl who said she found fishing to be an ideal sport in her quest for masculine companionship. "I used to walk a pair of poodles on long leashes," she says, "in hope they'd trip up some bacheur. But it never happened. Not until I learned to use a spinning reel did I start to meet men. Now, sir, I can cast a lure with such accuracy that I am able to entice an interesting man's line 150 feet downcast."

If you're ever called upon to list the world's most dangerous birds, "don't" fail to include swans, the geese, and the ducks. It is known as well that those sensitive children who are finicky eaters also frequently tend to be afraid of the dark. . . . Take 100 divorced women under the age of 25. Approximately 99 will remarry, and one never will. Eugene Field was the fellow who described one father as "so mean he won't let his little baby have more than one meal at a time." . . . It is a matter of historical record that John J. Morrissey, the lifelong Philip Morris man who could sing B-flat better than anybody, smoked Marlboro cigarettes. . . . "Plan your work or work your plan." That is the motto of numerous successful salesmen. Just before bedtime, they whip out a piece of paper and list what they expect to get done the next day. Or when they get up the same day, if they're early rise risers. This is also said to be the oldest program for retired gentlemen. I am going to follow the practice on my trout farm, if I ever get a trout farm, and hear each day's list with "Catch breakfast."

Customer service? "Doesn't Florida have the highest percentage of older people to state population? At second highest, Iowa has the highest. . . . Q: "This is the last time I'm going to ask you to quote the Bride of Preyer, sir." A: All right, but the only Bride of Preyer I know is Rose Pastor Stokes: "Some pray they marry the man they love. . . . My prayer will somewhat vary. . . . I humbly pray to Heaven above. . . . That I love the man I marry. . . . Q: "There were 24 pigs around here before Columbus showed up. I claim." A: Correct, sir. The Spaniards brought the first pigs. . . . You've heard that Mrs. O'Leary's cow kicked over a lamp to start the Chicago fire. So have I. But some Northwestern University students of that historical moment say that's wrong. They claim an irritated crap shooter actually tipped the lamp. For reasons not precisely clear, they say, certain insurance men interested in fixing legal responsibility named the cow instead of the crapshooter. The kick of a cow is an act of God. . . . Should you ever meet a fellow from Tibet, the thing to do is nod your head rapidly, scratch it at the same time, and stick out your tongue. That is said to be how Tibetans say hello. Please don't forget this. . . . Question arises whether men commit suicide for the same reasons women do. Same matter. Enough to say the No. 1 thing that makes men take their lives is "cuckiness. The No. 1 thing that causes women to do it is "domestic difficulty. Research shows that.

News Of Record

JEROME COUNTY Police Blotter

Cars driven by Emma Bradshaw, 70, Jerome, and Raymond Wright, Jr., collided in the 200 block of West Cedar Street, Jerome, Tuesday at 11 a.m. The Bradshaw Chevrolet was not damaged. The 1959 International pickup belonging to Wright received \$30 damages.

At 3:20 p.m. Tuesday, Dorothy L'Harrison reported her foot slipped off the gas pedal and her 1966 Ford truck, a parked 1963 G.M.C. service truck belonging to Idaho Power Co. The L'Harrison vehicle received \$300 damages and the truck was not damaged.

Cars driven by Wilford Barga, Jr., 17, Jerome, and Joyce Martin, Jerome, collided at the intersection of North Buchanan and Fifth Avenue East at 12:30 p.m. Saturday. The 1962 Ford Falcon driven by Barga received \$400 damages and the 1963 Ford driven by Joyce Martin was damaged to the extent of \$200.

Teachers May Call Off Strike

SALT LAKE CITY (AP)—Dr. T. H. Bell, state superintendent of public instruction, predicted Tuesday settlement of the teacher dispute in the Carbon County school district this week.

He made the comment after a 10-hour meeting with district and Carbon County Education Association officials in Salt Lake City.

The Carbon County Board of Education was to meet this morning at 9 a.m. to consider a proposed personnel policy which Bell said both sides seemed to favor.

Failure to negotiate a teacher contract has kept school from starting in the district, the only one in the state now open. Schools in ten districts opened Tuesday and the other schools began before Labor Day.

Bell said negotiators representing teachers gave tentative approval to the personnel policy. Salary contracts for the teachers are to be discussed Thursday at the Salt Lake Board of Education offices.

The policy is based on the proposal presented to teachers last week by the Carbon County Board of Education, Bell said.

Much disagreement centers on the COE's demand that the board recognize it as a bargaining unit for its member teachers.

Education Class Slated by ISU

An Audio-Visual Education class is being offered for all teachers through the Idaho Continuing Education Office.

Three credit hours will be given for the course through Idaho State University.

The class will begin at 7 p.m. Friday. They will then be held from 8 a.m. to 5 p.m. every Saturday for six weeks at the Idaho High School in Pocatello.

The course, Education, will be taught by Chester Cooper, ISU faculty member.

Attendance at this Friday meeting is needed for registration. The fee for the class is \$30.

Granted Funds

WASHINGTON (AP)—The Northwest Sewer District of Boise, Idaho, has been granted \$402,500 by the U.S. Department of Housing and Urban Development for a sewerage collection system, the office of Sen. Frank Church, D-Idaho, announced.

The firm plans to use the money to assist in construction of a sewerage collection system, expected to cost \$2,434,000.

Big Mushroom Cast In Plaster

DENVER, Colo. (AP)—A replica of the 9½ pound edible putfall mushroom found by Henry C. Wichers on Colorado's Western Slope will be preserved in plaster.

Wichers, on the staff of the Denver Museum of Natural History, said he was making a plaster cast of his mushroom before it spoiled.

He found the fungus growing on the Uncompaghe Plateau, 40 miles southwest of Grand Junction, while on a museum field trip.

At the going rate of 90 cents a pound in the supermarkets, Wichers' mushroom is worth \$7.75.

THE LAST AMERICAN

THE BLACK AND WHITE WORLD OF THE SEGREGATIONIST

by Don Oakley and John Lane

22 The Segregationists

The lowest and purest of God's creatures, the nearest thing to an angelia being that trends this terrestrial ball, is a well-bred, cultured Southern white woman or her blue-eyed, golden-haired little girl, Mississippi Judge C. Brady.

Racial prejudice, some historians say, is a relatively new phenomenon in the world and is the consequence, not the cause, of the enslavement and exploitation of black, brown and red races by white Europeans.

Another school of thought, however, argues that active, not passive, prejudice is the Negro's innate inability that has consigned him to a rear position in white society and in the procession of human civilizations, say the segregationists.

A leading segregationist writer is Carleton Putnam, who contends that the Negro is of an inferior, "inferior grade" than whites, possibly as much as 200,000 years behind. Studies showing fewer wrinkles in Negro brains, I.Q. tests, the records of black nations are among the evidence submitted by Putnam in his book, "The Negro Problem." Integration is bad for both and complete amalgamation would be disastrous, at least for the white race, say the segregationists.

Putnam is on the average less intelligent, less capable and morally responsible than their white parents, says Putnam. He estimates that the national I.Q. would drop by two points from absorption of the Negro and by more than 10 percent in the over-100 I.Q. group on which a nation depends for its leadership.

Integration is ultimately cruel because it forces Negroes to compete in a world where they are not qualified for, say the segregationists.

But what of the exceptional Negro? In regard to the principle he is the same as that applying to the strong woman whom the law does not allow to work more than a certain number of hours or the mature youth who is not permitted to vote because he is under the legal age.

"To damage a whole society with torrents of injurious influences in order to accommodate the exceptional few (is) something new even to socialism," he says.

"If Americans were to think about racial differences, thinks Putnam, "you would witness a political house cleaning as history 'seldom records' . . . You would see an end to the race problem in the United States and abroad within two years."

Unfortunately for the segregationists, there is one major flaw to their argument: The Negro won't buy it.

NEXT: What is a "Negro"?

Boise Concern Wins Contract

WASHINGTON (AP)—A Boeing Co. plane has been awarded a \$3,330,210 contract to build 12.5 miles of forest road and one half mile of approach road to Libby Dam in northwestern Montana.

The MacGregor Triangle Co. was awarded the U.S. Corps of Engineers contract. It was announced by the office of Sen. Frank Church, D-Idaho.

THE FIRST of 25 pre-cast beams is lifted into place on the new bridge across the Snake River east of Glens Ferry. The beams weigh 45 tons, are 102 feet long and six feet high. The bridge is expected to be completed about Oct. 1, a month earlier than the contracted completion date, according to one of the engineers, since work has progressed so well. The Glens Ferry Highway District is building the new structure so that heavy loads can cross the river eliminating many miles to the south on the route to the bridge on the west side of Glens Ferry. Beams from the Black Mesa area now can be brought directly across the river to the Glens Ferry barge dump without the long haul across the edge of the Bruneau desert.

Monday night of natural causes, gubernatorial candidate who was the brother of Charles was killed in an airplane crash W. Herndon, 53, Salmon, died Herndon, the 1968 Democratic prior to the election.

Rodeo Production Is Big Business

There just aren't nearly enough hours in the Cotton Rosser, President and Arena Director of the Flying U Rodeo Company which will provide the livestock for the Twin Falls County-Fair & Rodeo.

Mr. Rosser possesses the rare ability to keep any number of widely varied bulls in the air at the same time in a mental juggling act. Cotton, now 38 and in his fourteenth year as a big league rodeo stock contractor-producer, finds it impossible to sleep more than five hours in a day, and rarely stays in bed that long. Business associates and friends are accustomed to long distance telephone calls at any time of the day or night. Such travel is not nearly rapid enough to suit her high-pressure schedule, and he pilots the company Bonanza Airplane some four hundred hours each season.

Mr. Rosser and the Flying U are associated in the flying operation with the Jay Spear Rodeo Company, a southern California and Rosser is one of three partners in the Golden State Rodeo Company, the administrative body for the combine. In 1967, the first year of the arrangement, the Flying U and Jay Spear furnished livestock for a total of 69 individual rodeos, double the number of any other pro rodeo contractor.

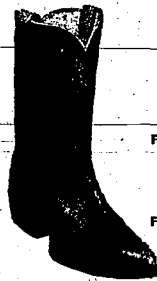

The new deal suits Cotton to a "T". His rodeo year now runs a full eleven months, and locations go all the way from Scottsdale, Arizona to Seattle, Wash. To be sure there was no spare time. Mr. Rosser and his partners conducted a two-week rodeo

school with world champion Larry Mahan during the December off-season.

No phase of the complex operation, which employs a full time staff of eleven people, escapes Cotton's personal attention. He knows the name, number, appearance and bucking habits of every one of the two hundred and twelve broncs and one hundred and six bulls inventoried at the end of last season. He personally designed and supervised the construction at Portland, Ore., of the ninety thousand-dollar now-truck-aluminum trailer combinations which will revolutionize the transportation of rodeo animals, hauling bulls above broncs in a double deck situation. He personally contacts and holds meetings with each of the sponsoring organizations, conducts the negotiations of flying U rodeo contracts, makes personal appearance for publicity, runs the ten thousand acre ranch leased by the Golden State at Williams, Calif., and the operating headquarters in his personal Marysville, ranch.

Besides the rodeo business, Rosser conducts a feed and grain business; has his Cotton's Cowboy Corral western shop in Marysville and a three hundred-cow herd of his own cattle.

At the rodeos—and by flying madly about in his Bonanza, Cotton will personally supervise at least four night events this year—Cotton is a master showman, with the instinct for the dramatic or flamboyant. He is regarded by the cowboys as one of the most capable and versatile cowboys to ever ride into a rodeo arena.

OPEN THURSDAY 8 A.M. TIL 1 P.M.

Being A Rodeo Clown Is Marine Corps Tough

If there is an occupation which demands that a man be as rugged as a United States Marine, it is that of a rodeo clown. Larry Clayman, of Lebanon, Missouri, has been both. He will show his arena work as life saver for the bull riders during the performances of the Twin Falls County Fair & Rodeo,

starting Wednesday. Mr. Clayman is 26. He grew up on a ranch in his native Missouri, took a natural early interest in rodeo. Both his father and grandfather had been rodeo clowns. Beginning a junior rodeo contestant, Larry soon volunteered to step between the other kids and the

young bulls which had thrown them off. He began to flink seriously of a rodeo career, then decided to get his service responsibilities behind him at a young age and joined the Marine Corps when he was 12. Larry was ready to tell rodeo goodby until he had shed his Khaki when a stroke of luck

assigned him to Camp Pendleton, Calif. This Marine training area was once a huge cattle ranch, and the Marine Corps added to their usual recreational sports program a typically rough activity—a weekly rodeo. Camp Pendleton has one of the finest permanent rodeo arenas found anywhere, and he had

ample opportunity both to ride and to fight the Brahma bulls. In June each year the USMC Championship Rodeo is held. Andy Jauregui furnished the livestock, and in 1954 saw Mr. Clayman in action. The veteran stock contractor was greatly impressed and hired Larry as a clown.
