Plane Crash Kills 95

Red 'Invasion' Hits Tay Ninh

SAIGON (AP) — Fighting raged northwest of Saigon today as the Viet Cong and North Vietnamese drove deep into the city. Army planes and helicopters killed 95 enemy troops in repelling a night attack on a unit of the 25th Infantry Division.

Further northwest along the Cambodian border, North Vietnamese gunners shelled a dozen allied camps, but casualties and damage were light. U.S. intelligence officers forecast no immediate attack on Saigon.

Moving under cover of a heavy mortar attack, enemy infantrymen charged the 25th Division camp 14 miles southeast of Tay Ninh. They were driven off after a two-hour battle with a massive barrage from armored personnel carriers, helicopter gunships and artillery. Six Americans were reported killed and 22 wounded.

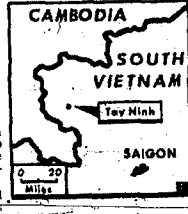

Meanwhile, South Vietnamese paratroopers and militiamen skirmished with hundreds of enemy soldiers who invaded Tay Ninh, a key provincial capital 45 miles northwest of Saigon.

In two other battles 15 and 19 miles south of the capital U.S. infantrymen of the 10th Division reported killing 60 enemy and finding a weapons cache containing 90 rifles, American losses were two killed and seven wounded.

AP correspondent John T. Wheeler reported from the U.S. combat center in Tay Ninh that a Communist defector told interrogators there were three regiments—about 7,000—in and around the area.

Wheeler reported some fire-fights during the afternoon, but the big battle for the city—200,000 evidently had not yet started. Enemy troops were being pulled back when South Vietnamese paratroopers moved in.

Wheeler said some North Vietnamese troops coming into the city asked directions from local residents, particularly to the big church which is the headquarters of the Cao Dai religion.

Victims Include French General

NICE, France (AP) — An Air France Caravelle jet liner crashed into the Mediterranean Sea today killing all 95 persons aboard, including Gen. Rene Cogy, who commanded French troops in North Vietnam at the time Dien-Bien Phu fell—the air line said.

The plane, just recently put into service, was on a flight from Nice, Corsica, to Niamey on the River Niger, shortly before the crash, the pilot messaged: "Fire aboard!"

The wreckage of the plane was located 12 miles off the Riviera coast.

The pilot of the plane, which was approaching Nice for a landing at its seaside airport, shortly before the message to Niamey: "There is still fire aboard. We..." and his voice broke off.

Several residents of the Riviera reported seeing a huge black column of smoke rising from the sea off Cap d'Antibes. Others reported a ball of fire shortly before the twin-engine plane disappeared. Fisherman Marius Guis said he heard an explosion.

A search by sea and air was begun in rainy weather. There appeared to be lifeboats around the wreckage, but this was not confirmed. The first three bodies brought to the mainland by helicopters were badly burned.

There were 89 passengers—apparently mostly French—and six crewmembers aboard the plane. Among the dead there were said to be 13 children.

Cogy, 61, was named commander of French ground forces in North Vietnam in May, 1953, during the French-Indochina war. He watched the fall of the French base at Dien-Bien Phu in 1954, under continued assaults of the Viet Minh led by Gen. Nguyen Van Giap, now North Vietnamese defense minister.

T. F. Canal Firm To Hike Rates 25 Cents

Water rates in the Twin Falls Canal Co. system are being hiked 25 cents an acre per year but the total cost to the farmer is still below the average.

The action came at a board of directors meeting Tuesday. The canal company services an area of 202,000 acres containing more than 3,500 farms. It employs 85 people and nearly three-fourths of the annual assessment of the company goes for water.

"Our system is in top shape right now. Our employees are dedicated and we are furnishing an increase in rates... An increase of more than 20,000 second inches of water in the last 20 years," he said.

Collins Holms, a veteran patrolman with the Twin Falls Police Department, has started working in the detective division as a juvenile officer, but Chief Frank Barnett said that a permanent appointment has not yet been made.

He said different members of the department will work on a rotation basis as juvenile officers and that at a later date one of them will be appointed to fill the vacancy created by the resignation of Lt. Ernest Marlow.

Mr. Holms and other officers will work a month each on the rotation. The secretary of the board of directors said that the resignation of Lt. Ernest Marlow is effective Sept. 1, and Chief Barnett has assigned a deputy to fill the vacancy created by the resignation of Lt. Ernest Marlow.

Mr. Marlow's resignation was effective Sept. 1, and Chief Barnett has assigned a deputy to fill the vacancy created by the resignation of Lt. Ernest Marlow.

Portion Of T. F. County Levy Certified To Commissioners

A marginal mill levy increase in a portion of the Twin Falls County tax levy certified to the commissioners the week is reflected by increases in several department levies and the College of Southern Idaho levy, a decreased assessed valuation and a new levy adopted for the airport.

The portion of the levy presented by Mr. Lancaster represents a levy of 3.35 mills, just below last year's levy of 3.31 mills.

Mr. Lancaster said the total 1968 assessed valuation in the county is \$53,841,604, compared to \$51,352,930 in 1967.

A 1968 levy included this year for the airport will realize about \$29,000. The levy has not been previously included in county budgets.

The College of Southern Idaho general levy is .55 for 1968, compared to .47 for 1967. The bond levy is down to .30 from last year's .21.

Burley PTAs Plan School Problem Talk

BURLEY — Copies of petitions protesting the moving of a sixth grade class at Dvorshak school to the basement of Miller school will be available at PTAs meetings in both schools tonight.

Ms. Patrick Miller, who, with Mrs. Rodney Murphy, is spearheading the effort to get the Cassia County School Board to review the classroom situation, said, "It is unfortunate that we will have copies of the petition available at both schools."

She added that a petition also is available at the sixth grade class taught by Tom Crandall at Miller school. This is the room which was moved to the basement of the older school Monday. Mrs. Miller urged parents to come to the room and sign the petition and "get a look at the condition of the place."

Schools Open NEW YORK (AP) —

The city's schools opened their doors to 1.1 million pupils and returned to near normal today after a two-day teachers' strike sparked by a community control fight.

The opening of the fall term, which has been started Monday, came after teachers voted overwhelmingly to accept a settlement worked out between the AFT-CIO United Federation of Teachers and the Board of Education.

The vote was 5,515 to 218 in favor of the agreement. But the teacher turnout was only half that which marked the vote to strike last Sunday. The city has 57,000 teachers.

U.S. Jobless Rate Drops To Lowest For 17 Years

WASHINGTON (AP) — The nation's unemployment rate dropped to 3.5 per cent of the total labor force in August, touching a 15-year low for the third time in 1968, the Labor Department said today.

The number of jobless persons declined 40,000 to 2.8 million, nearly double the expected August drop.

The unemployment rate once again equaled the Korean war-era low reached in January, April and May of this year, the Bureau of Labor Statistics said.

The August job increases were mainly in the service sector. The drop in unemployment, down from 3.7 per cent in July, largely reflected a drop in the number of women and old teenagers seeking jobs, the bureau said.

Toll Free Phone Hearing Set Here

The Idaho Public Utilities Commission will hold a public hearing in Twin Falls Oct. 17 on proposed Mountain States toll-free phone service.

Petitions from throughout the Magic Valley were submitted several months ago requesting that the telephone company install an extended area service that would allow subscribers to dial throughout the area without a long distance charge.

The telephone company said such a service would mean a considerable hike in rates, and requested an area study of the matter.

The company proposed two plans, extended area service and Metropac. One would mean an increase in rates for subscribers, and the other, Metropac, would mean a hike to only 10 cents a call.

The hearing is set at 9:30 a.m. Oct. 17 in Room A of the Holiday Inn.

Air West, Sun Valley OK Ski Plane Deal

By G. A. GUS KEIKER. The news of the cotton war between West and Sun Valley resort officials have reached an agreement on a winter ski package deal that is expected to attract hundreds of winter sports enthusiasts from the Los Angeles area.

Facilities of the famed resort will be available to the Air West flight guests on a six-night, seven-day schedule and improved airfares reaching the Twin Falls airport reaching a rate of 40,000 passengers a year by the end of 1969. At the present time boardings are at an average of approximately 25,000.

Navy Tells Of Copter Losses

By FRED HOFFMAN
AP Military Writer

WASHINGTON (AP) — The Navy has acknowledged the loss of about \$25 million worth of unmanned helicopter once given a significant role in anti-submarine warfare.

In response to persistent inquiries, the Navy acknowledged that 233 of the small, radio controlled drone choppers, called DASH, have been lost for various electronic, mechanical and human faults over the past seven years.

The major causes for the losses, which came in fleet operations, resulted from the failure of the DASH's aviation electronics system, the Navy said.

Under consideration now to replace the drone is a new, manned lightweight helicopter.

Four years ago, the Navy issued a "fact sheet" on anti-submarine warfare in which it listed the DASH among "significant achievements" in the field.

At that time, the fact sheet described the drone helicopter as "a precision-delivered, long-range weapon delivery capability" to complement another anti-submarine weapon, the ASROC. The ASROC is an anti-submarine missile which can be fired from Navy-surface craft and uses either an acoustic homing torpedo or depth charges.

Navy anti-submarine experts had high hopes for the DASH, which was designed to be sent out from destroyers after a "fix" was made on an enemy sub. The DASH would be ordered by radio to drop a pattern of torpedos on the quarry.

The helicopter was built to carry 1,000 pounds of payload.

When the Navy was asked early this summer whether it was looking for a replacement for the DASH, it said no.

But now the Navy has changed its position and says a lightweight manned helicopter is being considered to supplant DASH.

The subject is under study and no specifications have been determined, the Navy said.

Agency Dates Fund Hearing For Roads

BOISE (AP) — A Nov. 20 hearing date on allocation of about \$3 million in forest highway funds during 1969 was set Tuesday by the State Highway Board.

The board, with representatives of the Forest Service and the Bureau of Public Roads, will meet in Boise to hear local recommendations on the allocations which go mainly for road construction on highways within national forests.

The 1969 funds have been authorized by Congress but not distributed.

In other action at its Tuesday meeting, the highway board gave tentative approval to a request from the Porsche Club of America to hold races July 6-7, 1971 on U.S. 93 at Galena Summit.

The board rejected a request from Franklin Knowlton, Layton, Utah, to withdraw a low bid for construction of a bridge across Fall River in Fremont County. Franklin said he had made an error in computing the \$234,863 bid.

Victor Richardson, assistant highway engineer, told the board the bridge across the Kootenai River near Copeland in Boundary County is structurally sound. Richardson had been asked to check the soundness of the bridge on a request from Gov. Don Samuelson.

Attorney Scolds Traffic Courts

ATLANTA, Ga. (AP) — An attorney says too many traffic courts seem to be in business only to collect fines "with substance disregard for the administration of justice."

Donald D. Dewitt, assistant director of the American Bar Association's traffic court program, told the Southern Regional Traffic Court Conference Tuesday that many courts violate the rights of defendants.

"Our staff actually have seen cash registers set up next to the judge's bench," he said. "The layout of the court should be that of a place where justice is dispensed, not dispensed with."

'Spiking' Of Wine Poisoned Romans

ATLANTIC CITY, N.J. (AP) — Ancient Rome may have fallen because the aristocrats spiked their wine with a germ-killing chemical and inadvertently got chronic lead poisoning which killed them off fast—a university of California chemist said Monday.

That is, said Dr. James L. Sundmeier, the break-up of the Caesars' empire may not have been due so much to the moral degeneracy of the upper classes as is popularly supposed.

"To keep their wine from going sour, the wealthy Romans added lead oxide, an effective bactericide. Chemical analysis of the remains of Romans shows unusually high amounts of lead.

"This has given rise to the theory that the fall of the Roman Empire may be related to the short life span of Roman aristocrats as a result of lead poisoning than to this moral degeneracy."

The Los Angeles scientists told about it in a report to the 156th national meeting of the American Chemical Society in which he described development of a new test tube method for evaluating drugs aimed at treating metal poisoning.

Asserting that "heavy metal poisoning" has long been a hazard to man—in a range from miners and painters breathing metal contaminated air to infants swallowing lead-base paint from their cribs—the scientist said:

"Even the Romans apparently suffered from chronic lead poisoning."

"Today, in the United States, we do not use lead oxide in wine, but we pour tons of lead into the atmosphere through automobile exhaust."

"The average concentration of lead in the bloodstream of Americans is 0.25 parts per million, approximately one-third of the amount found in patients suffering from acute lead poisoning which could result in death, according to Prof. Clair C. Patterson of the California Institute of Technology."

Students Map 'Fall Strategy' At Columbia

NEW YORK (AP) — About 200 students and others, led by Mark Rudd, the sparkplug behind last spring's Columbia University campus disorders, held a no-reporters-allowed meeting at the school Tuesday night to map "fall strategy."

Rudd, Columbia chapter chairman of the leftist-leaning Students for a Democratic Society was chairman of the meeting, and told reporters one would answer questions afterward.

Two reporters were later asked to leave an outside hallway as they waited for the meeting to end.

A spokesman for the Columbia Strike Steering Committee, which led a classroom boycott at the ivy League school during the April-May disorders, said the meeting was to map "fall strategy" and "performance" the group's demands. The Columbia chapter of SDS reportedly dominates the strike committee.

Rusk Dashes Hopes For Release Of Pueblo Crew

WASHINGTON (AP) — Hopes for quick release of the USS Pueblo, feeding on widespread rumors for a week, have been shattered by U.S. statements that North Korea is seeking more than just American apologies.

"It is my understanding," said Secretary of State Dean Rusk Tuesday, "they have asked for a good many things—including commitments about further action that would involve the high seas in the Sea of Japan."

Rusk commented on leaving a closed session of the House Foreign Affairs Committee. At about the same time the State Department was releasing a carefully worded statement on the U.S. position.

Both the Rusk comments and the statement came after a week of rumors here and in Asia that North Korea might release the captured U.S. intelligence ship and its 82 crewmen in connection with North Korea's celebration of its 20th anniversary as a Communist state.

North Korea has demanded three actions from the United States in return for the ship and its crew, seized Jan. 23.

These have been an admission that the vessel violated North Korea's 12-mile territorial limit, an apology and a promise there would be no violations in the future.

Rusk told the House committee that there is no independent evidence whatsoever that the Pueblo violated its sailing orders which directed it to remain outside North Korea's territorial claims.

North Korea has claimed the Pueblo was within seven miles of its coastline when seized by a gunboat.

Secretary of Defense Clark M. Clifford, also testifying behind closed doors in Capitol Hill, told newsmen he had nothing to indicate that the Pueblo release is imminent.

Negotiations between the United States and North Korea have been going on sporadically at Panmunjom.

A State Department spokesman said, "We have an obligation to keep the negotiations private if they are to prove successful."

Senate Panel Moves Toward Fortas Vote

WASHINGTON (AP) — The Senate Judiciary Committee is trying to prevent a vote as far as possible on the nomination of Arthur J. Fortas to be chief justice of the United States.

Members, both supporters and opponents of elevating Fortas, will agree to a vote on the nomination, which is expected to succeed rearing Earl Warren, are reported anxious to settle the matter.

But still to be decided is whether the committee, which meets today, should reopen testimony on the appointment. Related to that decision is whether Fortas will agree to an invitation to reappear for questioning.

If the hearings are reopened for testimony, the members were discussing limiting them to a couple of days and then voting on whether to recommend to the Senate that Fortas be confirmed.

After a day of wrangling Monday, Sen. Hugh Scott, R-Pa., said "the feeling did develop that the committee should act within a fixed time."

Sen. John L. McClellan, D-Ark., was moved to reopen the hearings and invite Fortas to testify again, said that "nobody

By The Associated Press

Former Utah State Development Director Milton Wellenmann, drawing decisive support in small towns, has won the right to challenge 18-year Senate veteran Wallace Bennett in November.

Wellenmann, whose low-key campaign was a sharp contrast to that of fiery Atty. Gen. Phil L. Hansen, won a razor-thin victory in a see-saw battle for the Democratic senatorial nomination Tuesday night. It was the highlight of Utah primary election night in which a record turnout of voters renominated Bennett and Rep. Sherman Lloyd, U. Utah, and chose candidates for other November races.

Wellenmann's victory was not apparent until this morning, when the count of votes in Utah's 1,288 precincts was complete. The final tally gave Wellenmann 47,855 votes to 46,725 for Hansen, who campaigned as a friend of the common man. The margin was slightly less than one vote per precinct.

Hansen had an edge of 1,369 in Salt Lake County, 1,125 in Carbon County and 692 in Beaver County, but Wellenmann offset that with strength in Utah and Davis counties and numerous small towns.

These were the victors in other statewide races:

Republican — Governor, Carl Buchner; secretary of state, Lamont Torrence; attorney general, Vernon A. Romney; treasurer, Golden Allen; auditor, Sherman Preece.

Democrat — Congress, 1st District, Galen Ross; attorney general, John Preston Greer.

Republicans also had two primary races for district attorney. Bernard Tanner won in District 3 and incumbent Ken Chamberlain won in District 7.

The turnout, based on the Hansen-Wellenmann and Buchner-Lamar Rawlings races, was estimated at 228,000. Some 213,000 voted four years ago, when fewer were registered.

Another record is expected in November. Early in the drink, which fattened registration rolls to all-time highs before the primary, will draw a high percentage of voters to the polls.

Wellenmann, 48, a former state Democratic chairman, took a conservative approach in his campaign. He stressed economic development and law and order.

Hansen, 45, an outspoken maverick, pointed to his record as a legislator.

Bennett was so confident of victory that he issued a statement long before polls closed. And although veteran senator had a comfortable margin at the end, former John Birch Society official Mark Anderson polled 82,826. Bennett had 82,356. Anderson did better than an other-former Birch official, State Rep. J. Reese Hunter, who won 48,185 to 48,771.

Ross, a 34-year-old Salt Lake City attorney, won over another attorney, Grant Halsey, in the race to oppose Lloyd. Ross had 33,727 and Priskrey, 21,367.

Buchner, president and director of Beehive State Bank, won more votes than any other candidate. He received 93,823, defeating former Salt Lake County Auditor Lamar Rawlings in the gubernatorial race.

Democratic Gov. Calvin Rampton was unopposed in the primary.

Torrence, secretary of state from 1952-64, won a chance to try for his old job by defeating Cliff Hopkins, former chairman of the State Finance Commission. The count was 82,484 to 48,560.

Secretary of State Clyde Miller was unopposed by Democrats.

In the attorney general contest, Democrat Greer dined Charles Pickett 59,158 to 32,908, and Romney won easily over aging former Atty. Gen. A. Pratt Kester, 77,405 to 34,679. Both winners are from Salt Lake County.

Golden Allen, Centerville recorder and former member of the State Boxing Commission, got 72,100 votes in the Republican race for treasurer to 54,667 for Lane Kennow, director of the Salt Lake County health and zoning enforcement department.

Allen will meet Democrat Sharp Larsen in November. The present state auditor, Larsen is running for treasurer because the law prevents him from succeeding himself. He had no primary opposition on the Democratic side.

Preece, who was state auditor from 1953-67 and 61-65 and state treasurer from 1957-61, overpowered Joseph L. Fakler, deputy Salt Lake County treasurer, in the Republican race for auditor. The final count was 62,334 to 32,330.

Running against Preece in November will be State Treasurer Lynn Baker, like Larsen unable to succeed himself. Baker had no primary opposition.

In the district attorney races, Tanner defeated John O'Connell, 26,240 to 22,976. O'Connell is running for treasurer because the law prevents him from succeeding himself. He had no primary opposition on the Democratic side.

Chamberlain, the incumbent in District 7, gained 3,209 votes to 2,352 for challenger Norman Jackson.

WAVING TO THE crowd at a Nixon rally in White Plains, N.Y. Tuesday night, Republican Presidential candidate Richard M. Nixon, right, and New York Gov. Nelson Rockefeller greet admirers. Nixon Pledges More 'Home Rule'

WHITE PLAINS, N.Y.—(AP) Richard M. Nixon promised Tuesday more home rule for suburbanites—a large part of what he called the forgotten American.

Nixon, the Republican presidential candidate, again talked about the Americans he says don't attract attention because they don't demonstrate.

Before his speech in a suburban area of New York State, the former vice president planned delivery in White Plains, Nixon

said suburbanites "demonstrate" by setting an example of citizenship.

"There is a quiet demonstration and it doesn't make the headlines," Nixon said. "But it is this quiet demonstration of faith in the American system that moves America forward."

Nixon cited Rockefeller as an example of an involved suburbanite.

"For 20 years he served as a volunteer on the Westchester Board of Health," Nixon said.

"Then it occurred to him that he could do even more to help solve the problems of health and welfare in this state by going on to higher office, and we're all the better off because he did."

Nixon said suburbanites "don't need federal projects suddenly imposed upon them."

"For the past four years we've seen a strong push for federal rule," he said, "but in the next four years we're going to see a stronger push for more home rule."

Idaho High Court Will Consider Mine Petition

BOISE (AP)—The Idaho Supreme Court said Tuesday it will consider a request for a speedy hearing in the dredge mining initiative case as soon as preliminary moves are out of the way.

That would be accomplished with the filing within a week of the respondent's brief.

The transcript of the ruling by Ada County District Court that the dredge mining initiative could not be on the general election ballot this year has been received by the supreme court.

The brief of the appellants—those backing the initiative—also has been received but the brief by the attorney general's office has not yet been filed.

Assistant Atty. Gen. Daniel Slavatin said it will be ready in about a week.

Attorneys for both sides joined in asking the court to set an early hearing. The court, at its first conference since the summer recess, decided, however, to wait until all documents are filed before making a decision on the request.

The proposed amendment to the dredge mining law would make the statute more restrictive. Backers say the restrictions are needed to prevent pollution of Idaho streams and destruction of natural resources.

Opponents of the proposal, however, contend it would virtually eliminate all dredge mining in Idaho.

Big Spacecraft Lands In Ocean

WASHINGTON (AP)—A spacecraft 20 feet high and weighing about 13 tons, in orbit since last April, apparently has re-entered the earth's atmosphere and landed in the Western Pacific ocean, the National Aeronautics and Space Administration said Tuesday.

The huge, heavy object was a full-scale dummy model of the Apollo lunar module in which two astronauts may land on the moon late next year.

Its re-entry was not observed, but NASA said tracking stations lost contact with it about 10 a.m. EDT Sept. 3.

NASA identified the object as Lunar Test Article 13A-2B, launched from Cape Kennedy, Fla., by a Saturn V rocket as part of the Apollo 8 unmanned mission.

The test article contained devices to measure vibration, acoustics and structural integrity, and provided radio telemetry data.

Church Returns For Gun Debate

BLACKFOOT (AP)—Sen. Frank Church, D-Idaho, said today he is returning to Washington to take part in the debate in the Senate on federal gun control legislation.

Church said contacts he made while in Idaho convince him that Idahoans "are just as firmly opposed to federal registration and licensing as ever."

State Police Boost Scheduled

BOISE (AP)—The Idaho Highway Board agreed Tuesday to sacrifice an estimated \$2 million in federal grants for highways in order to hire 50 additional state police officers in the 1969-71 biennium.

The move involves an appropriation of \$1 million to the State Law Enforcement Department from highway user funds.

State Highway Engineer Ellis Mathes said the state would draw \$4 million in federal funds if it were used for highway purposes.

But he recommended the increase to the law enforcement agency as a "response to increase traffic safety," and the board concurred.

Law Enforcement Commissioner Warner Mills said his department would ask the 1969 legislature to provide \$6,825,000 from the highway user funds, compared to the \$5,065,220 appropriated for the current biennium. The extra funds would include the \$1,014,000 for the new state police officers and \$500,000 for the department's share in a central data processing center.

Mills told the board that 25 new officers would be hired in the first year of the biennium and another 25 in the second year. He also said his department would ask \$175,000 from the general fund for investigative services not related to highways.

"The law enforcement department is financed primarily from highway user funds," Mathes said. "The providing of extra police funds would require a revision of the highway department's budget, but said it would be "nearly \$122 million."

Board members plan to meet again Oct. 7.

GOP League Names Vote Aide

BOISE (AP)—Appointment of Dean Barney of Lewiston as chairman of a drive to register first-time voters was announced today by the Idaho Young Republican League.

He will be aided by Mrs. Norrie Riggs of Boise and Craig McMillan, a student at the College of Idaho in Caldwell.

Czechs Are Urged To Return Home

PRAGUE (AP) — Czechoslovakia's Communist party and government leaders appealed Tuesday to their exiled countrymen in the West to return home despite the Soviet occupation.

In a proclamation, they sought also to dispel rumors giving rise to arrests under the Russian overlord.

President Ludvik Svoboda, party leader Alexander Dubcek and other officials issued the proclamation after Premier Oldrich Cernik returned from Moscow with a promise of Soviet gas deliveries. He signed an economic protocol, but there was no sign he got the big loan the nation needs.

Among Czechoslovaks who have asked for political asylum in Austria, Switzerland and other West European countries during the last three weeks were many intellectuals.

The message said "Staying abroad multiplies distrust, foreign propaganda and makes impossible first-hand information on the state of affairs at home. It increases helplessness and confusion. Your place is here. The republic needs your abilities, your knowledge and experience, your official work."

The message adds, "No one can be taken into custody except in cases foreseen by law and following the decision of the court of the prosecution."

Mrs. Fowler

BURLEY — Mrs. Myrtle May Fowler, 87, died Monday at Emmett where she had been living the last eleven months to be near her daughter.

She was born Sept. 12, 1882, at Deep Water, Mo. She received her education in Missouri and Oklahoma. In 1889 she was married to Clark Dillon at Wayta, Okla. They were later divorced. She moved to Mogana where she lived until 1914 when she moved to Burley, where she has since lived.

On May 5, 1920, she was married to Clarence Fowler in Burley. He preceded her in death Nov. 20, 1945.

She was a member of the Christian Church, the Clairmont Grange, the Royal Neighbors and the Ruth-Rebekah Lodge of Burley.

Surviving are three daughters, Mrs. Leola Cooper, Burley; Mrs. Edna Eggbrecht, Phoenix, Ariz.; and Mrs. Thelma Pace, Emmett; two sons, Sylvester Dillon and Clarence Dillon, both Montana; 17 grandchildren, and 12 great-grandchildren.

Funeral services will be held at 1 p.m. Thursday in the Unity LDS Ward Chapel with Bishop Wayne, officiating.

Final rites will be held in Pleasant View Cemetery.

Friends may call at Payne Mortuary Wednesday afternoon and night and Thursday prior to services.

Police Search For Lost Man

ASTORIA (AP) — Police searched Tuesday for a businessman whose car was found in the Columbia River.

Michael L. O'Brien, 31, of Astoria, was reported missing by friends after he did not return Saturday from rifle target practice east of Seaside.

Two employees of his firm, the Astoria Ready-Mix Inc., found O'Brien's empty car in the river Tuesday. The employees told police a portable compressor that blocked the entrance to the dock area at the foot of street on the Columbia had been moved from its usual place.

The police and divers began a river search.

College At Albion Has More Pupils, Changes

MAGIC VALLEY CHRISTIAN COLLEGE, Albion — The walk-out of the doors and windows of Magic Valley Christian College are now in use after the official opening last week.

This year Magic Valley has more than 100 students with 74 freshmen while 26 sophomores still remain to be ruled. The school has encountered many changes, such as a new library.

Rescuer Saves Two Persons, Including Tot

ROSEBURG, Ore. (AP) — Chuck Havel saved the lives of two persons when he pulled Mrs. Glyndis Pennington from her auto, submerged in the South Umpqua River, early Monday.

Mrs. Pennington, who is 17, gave birth to daughter Tuesday in Roseburg Hospital.

Havel rescued Mrs. Pennington after he saw her auto skid on a rain-wet highway and plunge down a 100-foot embankment into the river.

He revived her with artificial respiration, and state police took her to the hospital for treatment of a fractured collar bone.

Hospital officials said the 6-pound 9-ounce baby was one week overdue.

Boise Official Talks In Wendell

WENDELL — Pat Bieter, supervisor of secondary education in the Boise city school system, was featured speaker at the first pep assembly of Wendell schools.

He stressed the importance of school spirit. His talk was highlighted with many humorous stories. Pep talks were made by Willard Spalding, school principal, and Edward Otton and Elwyn (Yogi) Behrens, high school coaches. New yell and skits were introduced by the cheerleaders.

Children's Benefactor Commended

LIMA, Ohio (AP) — Lima Jaycees honored Russell McLean Tuesday for his devotion to a project which has brought a few moments of happiness to thousands of hospitalized children.

McLean initiated in 1951 a project to provide a free teddy bear to every child who entered a Lima hospital. Advancing years forced him to enter a convalescent home and the project was taken over by the Jaycees.

Now 76, McLean rejoined the project briefly Tuesday. He accompanied Jaycees officials to Lima's Hospital, where he presented the 60,000th teddy bear to 2-year-old Britt Talbert.

Mood Of Chicago Democratic Conclave Captured By Delegate From Twin Falls

When someone ugly-calls-you "pig" and "stupid" and keeps on taunting you day and night and when this activity explodes under the push of 5,000 people something has to give.

As a result Chicago police are being accused of police brutality. Vincent Smazal, Twin Falls, feels the charges are without merit. He is the Twin Falls County Democratic Central Committee chairman and during the weekend returned from a short vacation.

The vacation started with the Democratic National Convention in Chicago two weeks ago, but it wasn't really a vacation at all. "It's a shame things like the outbreaks there have to happen in America, but I feel after the time I spent in Chicago that those Yippies and Hippies had nothing to do with that convention. They were there to cause trouble in any way they could."

"Yes," his wife said. "Why, their eyes were as big as saucers and it appeared most of them were on some kind of drug. They had running sores on their arms and faces and were physically dirty. I don't see how young people can let themselves

go like that."

Mr. Smazal told of how the young people would throw concrete bricks at police. "Those bricks had nails sticking out of them. Television showed one girl being dragged by the hair. What the cameras didn't show was the girl beating the devil out of a police car with a Jergol stick before she was arrested."

He said he felt about 20 per cent of the young people there were "really working for Eugene McCarthy. The rest were there just to create a riot."

Mrs. Smazal said, "They tried to burn down the Hilton Hotel and ruined some very beautiful drapes in the lobby of that hotel."

Asked if at any time he was afraid for his safety or the safety of his wife, Mr. Smazal said, "No. But I'm sure glad the police were there. They did a great job."

The Smazals went from their motel to the convention hall by chartered bus each day of the convention.

He said he believes the convention was "wide open, with threat to the safety of everyone in Chicago," he said.

Gerard T. Randlek, son of Mr. and Mrs. M. T. Randlek, 1627 Miller Ave., Burley, has had his first taste of Army chow. A student at Idaho State University, Pocatello, Cadet Randlek has completed Army Reserve Officers' Training Corps summer camp. The course ended August 8, at Ft. Lewis, Wash. During the camp, he received six weeks of training in leadership, rifle marksmanship, physical conditioning and other military subjects. Upon successful completion of summer camp and graduation from college, he is eligible to be commissioned as a second lieutenant in the Army. Cadet Randlek is a 1965 graduate of Burley High School.

Capt. Marshall J. McFarland, son of Mr. and Mrs. Loren C. McFarland, Route 2, Hansen, has completed the Air University academic instructor course at Maxwell Air Force Base, Ala. Capt. McFarland was specially selected for the intensive six-week professional training that is conducted as part of the Academic Instructor and Allied Officer's Training Course of the Air Force. He is an assistant professor of aerospace studies with an Air Force Reserve Officers' Training Corps (AFROTC) detachment at Davis and Elkins College, Elkins, W. Va. A 1957 graduate of Hansen High School, Capt. McFarland received his U.S. degree in 1961 from the University of Idaho where he was named a distinguished military graduate of the AFROTC program. He has studied at the University of Oklahoma.

"Mayor Richard Daley offered us wonderful protection. We are thankful," he said.

Asked if he thought the riot image at the convention has hurt the party, he answered "No." Asked if he thinks the party is split, he answered "No."

"We are not split. You watch. The Democrats are strong, with a strong platform."

This is the first national political convention Mr. Smazal has attended as a delegate. He has been active in Twin Falls politics for 28 years.

'Pooling' Of Organs Requested

NEW YORK (AP) — A scientific study today by a national and eventually international pooling of cadaver kidneys so a donor kidney could be flown to the hospital where the most closely matched recipient is available.

The kidney should be taken out and put in a box and shipped to wherever the patient is, he said.

Dr. Paul I. Terasaki, an immunologist at the School of Medicine, University of California at Los Angeles, made the recommendation at the Second International Congress of the Transplantation Society.

"Donor kidneys cannot be shipped now because procedures to preserve them for longer than a few hours have not yet been developed in three cases. However, recipients have been flown to the hospital where a donor kidney was to become available.

"It's very cumbersome to deal with this kind of thing," Terasaki told newsmen, and said his laboratory and others are working on the problem of storage and shipping.

Terasaki reviewed 400 kidney transplants from throughout the world and found, he said, that kidney transplant failures occur much more often in patients whose white blood cells are mismatched.

"A type of white blood cells appears to be the key to long-term acceptance of organ transplants," he said.

Terasaki's group also has done the typing for all the heart transplants performed in Houston, Tex.

In Los Angeles, he said, 200 prospective kidney recipients have been typed. Forty transplants have been performed and 60 more are being considered for transplants.

Seven hospitals in Los Angeles are cooperating in the pool, Terasaki said, and informal links with institutions around the country are being set up. In Europe, Dr. John J. Van Rood of the University of Leiden in the Netherlands is working to link all the European transplant centers, Terasaki said.

If prospective donors are typed in advance, he said, the data could be stored on computers. Whenever a cadaver donor became available at any center, it could be typed locally and matched by telephone with potential recipients elsewhere.

"During the first phase of this program," a report said, "the recipient would be flown to the transplant center that has the donor. As better methods for preserving kidneys for longer periods are developed, donor kidneys could then be flown to the recipient's hospital. Even international shipping of kidneys would then be possible."

Clark Urges Strict Curb Of Weapons

WASHINGTON (AP) — Atty. Gen. Ramsey Clark called today for strict gun-control laws, saying those who "quibble about the controls are, in effect, endorsing and licensing, knowing lives are at stake, cannot be much concerned about life or crime either."

In a letter hand-carried this morning to each member of the Senate, Clark said if Congress "really wants to do something about the crime, it will enact a comprehensive gun control bill now."

Saying there probably are more than 100 million privately owned firearms in the country, the attorney general wrote, "We should have acted years ago. Control will take years to effect. Uncontrolled, guns constitute a present and potential danger to the safety of the nation."

Clark said 20,000 Americans will be shot to death either intentionally or accidentally this year. Reinforcing his contention that the gun "is the principal and the most dangerous weapon of the criminal," Clark reported 1,800 Americans were murdered with guns last year.

Salt Lake Sets Low Death Rate

SALT LAKE CITY (AP) — The National Safety Council reports Salt Lake City had the lowest traffic death rate in the nation among cities of 100,000 to 200,000 population in the first seven months of this year.

The council said Salt Lake had 13 traffic deaths per 10,000 registered vehicles for the initial seven months. Next lowest in the category was Lansing, Mich., 17 and Spokane, Wash., 21.

Agnew Is 'Hatchet' Of GOP

By JACK BELL
WASHINGTON (AP) — The man with the political hatchet in hand in the Republican "hatchet" campaign "camp" seems to be Spiro T. Agnew.

As the No. 2 man on the GOP ticket, Maryland Gov. Agnew, chopped away at Vice President Hubert H. Humphrey, the Democratic nominee, with the kind of spirited abandon enemies of Richard M. Nixon have attributed to him in the past.

Nixon, the top GOP candidate, obviously is trying to win by being tagged as a bare knuckle campaigner. He speaks kindly of Humphrey, while castigating the vice president on the issues and the record of the Johnson administration.

Agnew, on the other hand, made it perfectly clear he is ready for political fistfights when he told the other side's inviting it. He characterized Agnew as a "counter fighter," a skillful and aware opponent's blow and retaliation with one of his own.

What Agnew was referring to was the Nixon-Agnew team's observation that the Nixon-Agnew team seemed to be going for a military, rather than a diplomatic, settlement of the Vietnam war.

To Agnew, Humphrey's assessment that Nixon was taking a hard line on Vietnam was up to "annual and unwarranted attack" on the Republican nominee — the "hatchet" in his hand.

The Maryland governor quickly ticked off a series of indictments against Humphrey. Agnew stumbled once by naming Nixon as the object of his attack but quickly recovered when reporters began laughing.

Agnew said Humphrey had turned "squishy soft" in an effort to recapture Democratic dissidents who opposed his nomination and who want to "disengage in Vietnam at any cost."

Indirectly, he hung an appeler label on the vice president for a suggestion that some withdrawal of U.S. troops could begin late this year or early in 1969.

Applying a little poetic license to politics, he said Humphrey was casting himself in the role of Neville Chamberlain at Munich and Nixon was standing firmly with Winston Churchill.

From what he described as a position smacking of "peace at any price," he said Humphrey was "trying to move to a position an equivocal stance" on the war.

He said Humphrey was attempting to lift the American people up to the prospect of a peace in the near future, "but that peace is in sight."

Asked if he wasn't being a bit rough in the charges, Agnew replied: "When my team is kicked in the groin, I don't stand by and take it."

Russ Warned Against Use Of Pressure

WASHINGTON (AP)—President Johnson warned Russia Tuesday night that the United States never will tolerate the use of force or the threat of force in areas of common responsibility such as Berlin.

"It's never too late to choose the path of reason," the President said. "Every man of sanity will hope the Soviets act now before some new turn of events throws the world back to the grim confrontations of Stalin's time."

He said Russia still can return to the road leading to peace and security and still can change what it has done in Czechoslovakia by acting with the prudence and confidence characterizing the conduct of a great nation.

Negro Flings Challenge In Primary

ATLANTA, Ga. (AP)—A Negro attorney is challenging Democratic Sen. Herman E. Talmadge here to a political organization that dates back to the 1930s, in the state's first two-party primary today.

Talmadge supporters predict victory in his contest with Maynard Jackson, 30, but acknowledge that a light voter turnout—or even a heavy switchover to Republican ranks—could harm the senator's chances of winning a third consecutive term. The Democratic nominee will face Republican opposition.

The 55-year-old senator is a former governor who inherited a political machine fashioned by his father, the red-suspender-snapping Eugene Talmadge who won the governor's chair four times in the 1930s and 1940s.

His late father was an outspoken advocate of segregation, and when his son became governor two years after his death in 1946, he also became widely known as a proponent of white supremacy and a harsh critic of Supreme Court desegregation decisions.

Talmadge's stance on race has been softened in his speeches and comments during the dozen years in Washington, and he appeared occasionally before Negro and integrated groups.

But Jackson's candidacy has revived the issue. As late as the eve of the election, Jackson, a political newcomer charged that an attempt was being made to draw racial lines in the contest. His charge stemmed from a newspaper advertisement by Talmadge supporters telling voters it was "urgent" for them to vote in the primary to prevent "a minority candidate with a small but organized bloc of voters" from defeating the senator.

Jackson has criss-crossed the state, criticizing Talmadge's voting record in the Senate and repeatedly challenging the senator to debate him.

Talmadge has attempted to discount Jackson's challenge, declining debates and maintaining that he is not campaigning. However, his speeches were numerous and his advertising heavy.

The GOP Senate contest is between two Atlanta businessmen, Jack Sells and Earl Patton Jr. Republicans have staged primaries in individual Georgia cities before, but this is the first time they have mustered enough interest to hold a state-wide primary. In the past, Republicans qualified for the general election by filing petitions of voters with the secretary of state's office.

Indian Maharajas Seek To Preserve Legacy Guaranteeing Huge Rights

NEW DELHI, India (AP)—India's once fabulous maharajas are seeking to preserve what little is left of their former "divine right of kings." The government is equally determined to curtail their privileges.

The controversy is a legacy inherited from commitments made to the maharajas when India became independent in 1947. The princes agreed then to merge their 562 states with the rest of India, surrendering their rule over lands inhabited by 100 million people.

In return, the Indian government of Jawaharlal Nehru agreed to pay them annual privy purses and permit them to keep two of their many palaces, all their jewelry and all personal assets.

The individual privy purses ranged from 10 million rupees worth \$1.3 million, for the Nizam of Hyderabad to a pittance of 192 rupees—about \$25—for the Maharaja of Katodia. The rates depended on the size of property, amount of income and population of each princely state.

The maharajas pay no income tax and no real estate taxes for their palaces. They get free electricity and water. They do not need licenses to possess guns—many are avid hunters—or drive automobiles.

They can import their personal effects from abroad duty-free. They enjoy freedom from arrest and all other processes of law except under written orders of the Indian president.

The government wants to end these privileges immediately and phase out the privy purses over a 20-year period. The maharajas fear the move will slash away most of their income, by subjecting them to high taxes, and at the same time involve them in litigation.

The present furor began with a decision last April to end what an official spokesman called "the princely anomalies."

The Cabinet assigned the ax to Home Minister Y.B. Chavan but the maharajas, formed into a concord or union, have refused to meet him.

"We refuse to be partners in writing this dark page in India's history," said the Maharaja of Dhrangadhra, the brain behind the concord.

The maharajas feel Prime Minister Indira Gandhi's government is motivated by politics. Many of the maharajas are in the vanguard of parties in opposition to the ruling Congress party.

The shapely Maharani Gayatri Devi of Jaipur is a thorn in the side of the Congress government in Rajasthan State. The Rajmata (dowager-queen) of Gwalior has toppled the Congress party rule in Madhya Pradesh State.

Important people seem divided on the issue.

"The privy purses are being used to buy votes and corrupt people," Mohan Dharai, a Congress party member, told Parliament.

On the other side is India's elder statesman, Chakravarti Rajagopalachari, 86, a former governor-general of India, who to the supreme court of the International Court of Justice says: "It involves a matter of principle—to wipe out in 20 years what has been guaranteed under the constitution."

Absentee Voters Lack Knowledge

WORTHINGTON, Minn. (AP)—The primary election vote was zero Tuesday in Little Rock Township in southwest Minnesota.

A precinct worker, asked why election judges at the precinct did not vote, replied: "They said they didn't know who was running."

The government is going ahead formulating plans to amend the constitution and the princes are planning to appeal to the supreme court of the International Court of Justice.

Psychiatrist Claims There Is More To Story Of "Little Red Riding Hood"

By JOHN FITZGERALD
MELBOURNE, Australia (AP)—There's more to the story of "Little Red Riding Hood" than just a basket of goodies for grandma.

According to a psychiatrist here, supported by many kindergarten teachers in Victoria State, "Little Red Riding Hood" is a sexually-tempted young girl, with the warning of her mother not to stray from the straight and narrow path ringing in her ears. The big, bad wolf does not need much interpretation.

"As a result, the old fairy tale has been unofficially 'banned' by some kindergarten teachers, as has 'Jack and the Beanstalk.' 'Goldilocks and the Three Bears'—just nuzzles in, but only at a loss of the more daring kindergartens.

The mere mention of Grimm's fairy tales and the state's kindergarten teachers reeled in alarm. Definitely not for the younger ears, they chorused. Much too horrifying and frightening.

By way of explanation, the director of a psychiatric clinic Dr. Francis A. Macnab, said: "Fairy tales closely reflect the deeper meanings of life. They reveal what goes on in your inner mind or soul."

Macnab, who has been studying the psychiatric effect of fairy tales for the past 10 years, conducts two-hour seminars at the Calramillar Institute in Melbourne each week. The subject matter is solely about fairy tales.

Macnab is not connected with the state-run kindergarten system. However, many graduates of the state teacher-training colleges attend his lectures and support his theories.

In supporting Macnab, the principal of the state-run Kindergarten Teachers' College, Heather Lyon, said some fairy stories including Grimm's were far too sadistic for young children.

Schools—

Jack, during his tangle with the giant, committed about every crime there is.

First he disobeyed his mother by swapping the saw for beans instead of money. Then he stole the giant's bird which laid the golden eggs.

Not content, Jack murders the giant. And for good measure, Jack indulges in some vandalism. He cuts down the beanstalk.

The plant, meanwhile, introduces tiny minds to cannibalism:

"Tae it to fun,
I smell the blood of an Englishman,
Be he alive or be he dead,
I'll grind his bones to make my bread."

Goldilocks is generally ruled out because she stole the beans' porridge.

Miss Lyon said most children heard about Jack and Goldilocks and their pals well before starting kindergarten.

"At kindergarten age, 3 1/2 to 5, children have difficulty in distinguishing reality from fiction," said Miss Lyon. "There are plenty of other good stories available."

Nursery rhymes are in a different class.

The kindergarten teachers see children being more interested in the jungle and the rhytm than the words and meaning of nursery rhymes.

Therefore, it's okay to have their blind mice and a farmer's wife chopping off their tails with a carving knife.

Junior's first whodunnit is probably the murder of poor Cook Robin.

The fly is the eyewitness and the fish in there to provide the irrimazgals.

"Who caught his blood?
I, said the fish,
With my little dish,
I caught his blood."

Usually the story is illustrated with Cook Robin lying on his back, with a great arrow sticking from his chest.

Federal critics say that television emphasizes violence too much and that it corrupts the mind and actions of children at a most impressionable age.

But, say the kindergarten teachers, think of the fairy tales and nursery rhymes learned at their mother's knee.

Suit To Test Plan To Bus 19 Students

WASHINGTON (AP)—A program of busing 19 underprivileged school children from Washington's inner city to suburban Bethesda, Md., has come under fire in a Maryland court.

A suit was filed Tuesday in Montgomery County Circuit Court at Rockville, Md., on behalf of the Montgomery Citizens' League for four parents of pupils attending the Bannockburn Elementary School, which the 19 children have attended since Sept. 3.

The suit contends that the county school board and the Bannockburn Parent-Teachers Association converted "free public schools, authorized under the Maryland Constitution" into private schools "engaged in the sale of education."

The suit charges that a PTA resolution last year approving the enrollment of up to 24 Washington children "is illegal and unconstitutional, in that it is based on racial motivation, which in itself is unconstitutional." Seventeen of the children are Negro, one is white and one is Chinese.

After funds for a busing program were refused by Congress, the Bannockburn program was financed by contributions from private foundations and individuals.

The District of Columbia Board of Education estimated that a Montgomery County \$707 for each pupil.

Private contributions will provide \$7,000 for busing this year and \$5,000 for teachers' salaries and insurance.

Officers Face Rights Charge

MIAMI, Fla. (AP)—Two white policemen who dangled a 17-year-old Negro boy by his heels from a bridge over the Miami River have been convicted of violating the youth's civil rights.

Ferry Edwards, 27, and John Creekmoro, 23, face a maximum one year in prison and \$1,000 fine for the misdemeanor.

Both pleaded no contest to the charge.

Both resigned from the city's police force after they were suspended pending an investigation by the department's internal security division.

Edwards and Creekmoro were accused of picking up Robert Owens Jr. without a warrant last Feb. 1 as Owens and three other young Negroes left a Miami poolroom.

Federal officials charged the policemen took Owens to an interstate-95 overpass above the Miami River, stripped him to his shorts, and dangled him over the side in an effort to make him admit he was a Black Muslim.

Be TOUGH In Buying Carpet
YOU CAN'T LAUGH OFF A MISTAKE
WE URGE YOU TO FIND OUT IN DETAIL
WHY YOU'LL BE FIVE TIMES SAFE HERE.

This ad says to you what we would want said to us about carpets if we were part of the public, and know little or nothing about broadloom.

Few people, indeed, can do a perfect job of carpet installation. We can. The best carpet layers can save you several yards in figuring the best way to cut and install in irregular rooms, around fireplaces, and so on. And you must be able to, to rely on the integrity of the store from which you buy — or your money will buy too little value. We urge you to come here and in all factors that make for satisfaction — play safe.

Shane's carpet cannot be excelled for beauty or value. We have 100's gorgeous colors from \$4.95 per yard installed to \$60.00 yd. installed. Their rich, lovely appearance will work wonders in any room. But it's only one of many. We can suit your precise needs, taste, and budget. Do come in.

GET ACQUAINTED SPECIAL
100% NYLON SHAG
\$7.95

Select from 12 beautiful decorator colors. Completely installed in your home with B.F. Goodrich foam rubber pad. Sq. Yd.

When you buy carpet, you're making a major investment. You'll want to play safe on all 5 factors that determine your long-range satisfaction. You have to have precisely—right COLOR, TEXTURE, and QUALITY, and you have to know PERFECT INSTALLATION. Finally you have to have SUPERB VALUE. You have to be happy now and years from now with all 5 of those factors (if you want to remain happy with your purchase.) Your TASTE, your special NEEDS, and your BUDGET require every consideration. If your carpet is to be beautiful, if it is to make a wonderful contribution to your home.

We have the largest selection of carpets in Magic Valley. This assures you of the many selections you require in so important an investment. Your ONE carpet selected must satisfy all five factors, or your selection can lead to great disappointment.

Therefore, we urge you to check not only on the beauty and quality of your new carpet (color, texture, fibers, construction, length of pile, resistance to fading and staining, easy-care, and so on) but be tough about INSTALLATION. The most glorious and beautiful carpeting improperly installed loses some of its elegance and distinction.

Cookies For Lunch Box Treats

There are some things that just naturally go together: like freshly baked cookies and famished children fresh home from school.

Now that baking weather is back, bring these two "natural" together at your house. Here are three brand-new recipes to spur your ambitions: Cocoa Mix Almond Wafers, Cocaroons and Devil's Popcorn Balls. The ideas are new because the flavor secret is new: instant cocoa mix. Never before has this delicate chocolatey flavor been available in a handy pre-measured packet. Its convenience is unsurpassed since you just open the package and add directly to the batter. Or for larger quantities, measure the mix yourself from the one-half, one or two-pound can.

Don't forget to tuck away a few of these sweet treats in your youngsters' lunch boxes. They'll have a hard time choosing a favorite.

DEVIL'S POPCORN BALLS

- 1/2 cup sugar
 - 1/2 cup water
 - 1/2 cup dark corn syrup
 - 3 tablespoons butter or margarine
 - 2 envelopes (3/4 ounce each) or 1/2 cup Instant Cocoa mix
 - 1/2 teaspoon vanilla
 - 2 quarts popped corn
- Combine sugar, water, corn syrup, butter, instant cocoa mix and vanilla in a medium-size heavy saucepan. Over medium heat, cook mixture to three-stage 230 degrees. This take about five minutes. (Syrup spins a two-inch thread when dropped from fork or spoon.)

Do not overcook. Pour mixture over popped corn in a large bowl. Mix well. Cool slightly. Butter hands and shape mixture into balls. Yield: 18 to 20 two-inch balls.

COCAROONS

- 1 4-ounce can shredded coconut
 - 3 envelopes (3/4 ounce each) or 1/2 cup Instant Cocoa mix
 - 5 tablespoons sweetened condensed milk
 - 1/2 teaspoon vanilla
- Combine coconut and Instant Cocoa mix. Add condensed milk and vanilla; blend well. Drop by tablespoonful onto waxed cookie sheet; use fork to shape. Bake in a 350-degree oven for eight minutes. Immediately remove cookies from sheet. Yield: two dozen cookies.

COCOA MIX

ALMOND WAFERS

- 1 cup all-purpose flour
 - 1/2 cup butter or margarine
 - 2 envelopes (3/4 ounce each) or 1/2 cup Instant Cocoa mix
 - 1/2 teaspoon salt
 - 1/2 cup sugar
 - 1/2 teaspoon almond extract
 - 1 tablespoon water
 - 1 egg yolk
 - 1 tablespoon water
 - 1/2 cup blanched almonds
- Place flour in a bowl. Cut in butter or margarine with a pastry blender or two knives. With hands, work in instant cocoa mix, salt, sugar, almond extract and one tablespoon water. Shape in long roll one inch in diameter. Wrap in wax paper. Chill about one hour.

KEEP YOUR COOKIE jars bulging with these new instant cocoa-flavored cookies. They make great lunch box treats, too.

Tea Slated

The American Association of University Women will hold its annual Membership Tea at 1 p. m. Saturday at the YM-YWCA, a fashion show will be presented by Mrs. Loren Wheeler of the Pepper Tree.

Program arrangements have been made by Mrs. Roger Graefe and Mrs. Harold Harting. Mrs. Roy Grubb is in charge of the social arrangements.

The local branch has elected to undertake a study of "Testing Values in a Changing Society" for programs throughout the year.

All interested persons are invited to attend the tea. More information concerning the tea or the organization can be obtained by calling Mrs. J. P. O'Connor, 733-6754.

Cut dough in one-quarter-inch slices. Place about one inch apart on lightly greased baking sheet. Brush each cookie with a mixture of egg yolk and one tablespoon of water. Press one-half blanched almond on top of each cookie. Bake at 400 degrees for seven to eight minutes. Yield: four and one-half dozen cookies.

Cabbage Runtz

- 1 pound ground beef
 - 1 cup minced onion
 - 1 tablespoon oil
 - 4 cups chopped cabbage
 - 1 teaspoon salt
 - 1/2 teaspoon pepper
- Cook meat in oil until the redness is gone, then add the cabbage and steam until done, stirring often. Allow to cool well.

DOUGH

- 1 cake yeast
 - 1/2 cup water
 - 1/2 cup shortening
 - 1/2 cup sugar
 - 1/2 teaspoons salt
 - 2 eggs
 - 1 cup warm water
 - 4 cups flour
- Soften yeast in water. Cream shortening, sugar and salt. Add eggs. Add yeast mixture and half of the flour. Add rest of

flour. Mix well and chill dough.

Turn out on board. Divide dough. Roll half of dough at a time to about 3/4-inch thickness. Cut into squares about four inches. Place heaping teaspoon of filling in center of squares and bring corners together and pinch the corners securely. Turn pinched side onto cookie sheet. Grease tops.

Bake at 350 degrees about 30 or 40 minutes - until golden brown. When baked, brush with butter and serve hot.

(The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.)

Miss Swainston Is Bride Of Gary L. Kissler

RICHFIELD—The marriage of Marilyn Swainston and Gary Lynn Kissler, Shoshone, is announced by her parents, Mr. and Mrs. Morris Swainston, Richfield. Mr. Kissler is the son of Mr. and Mrs. Kenneth Kias, Shoshone.

The couple exchanged marriage vows Aug. 26 in a ceremony at an LDS Church in San Francisco. Bishop Eugene S. Hilton officiated. Attendants were Pat Slagowski, San Francisco, former Twin Falls resident, and Mrs. Hilton.

The new Mrs. Kissler is employed by the Mountain States Telephone Co., as service representative at Gooding. Mr. Kissler is a mathematics instructor at Shoshone Junior High School. The couple will reside at his residence in West Shoshone.

A reception will be held Sept. 21 at the Richfield LDS Cultural Hall.

Grand Wizard Is Honored

TEROME—Mrs. Laura Stoltz, who was installed grand wizard of the Grand Chapter of Idaho, Order of Eastern Star, in June, was honored and presented a gift from Jerome Chapter No. 54 at a recent meeting at the Masonic Temple.

A report was made, by Mrs. Jim Stoltz, worthy matron, that during the summer the chapter held a garage and rummage sale. Chapter members voted to serve the International Order of Job's Daughters banquet set for Oct. 10, with Mrs. Vernon Vinyard appointed as chairman of the event.

A memorial service was conducted for a member who died this summer.

The next meeting will begin with a potluck dinner at 6:30 p.m. Refreshments were served by Mrs. Violet Porter, Mrs. Josie Davidson and Mr. and Mrs. Charlie Stone.

Chilean Miss, Rasmussen Wed In Temple Rites

Tatiana Alicia Mendez T., daughter of Mr. and Mrs. Armando Mendez C. San Miguel, Santiago, Chile, became the bride of Melvin Steve Rasmussen, son of Mr. and Mrs. Glen W. Rasmussen, Twin Falls, in rites performed Aug. 9 at the Idaho Falls LDS Temple.

Accompanying the couple to the temple were the bridegroom's parents, Mr. and Mrs. B. R. Stocking, grandparents of the bridegroom; Mr. and Mrs. Leo Hurst, Mrs. Ruby Southern, Mrs. Jennie Sawyer and Clarence Vallette.

A reception was held the same evening at the Carillon, Twin Falls.

The bride wore a gown designed and made by her mother and sent to her from Chile. It was of exquisite lace over satin with a full-length train of lace. The veil of illusion net and sequins was floor-length. She carried a bouquet made by her mother of white satin camellias on a white tulle background.

Maid of honor was Linda Hanson, Salt Lake City, close friend of the bride, with Mary Ellen Rasmussen, sister-in-law of the bridegroom, and Maureen Rasmussen, sister of the bridegroom, as bridesmaids.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: I went on a blind date with this fellow who was recommended by a friend. He was very nice looking and his manners were good, but you can't tell anything these days by looking. Well, he took me to a drive-in movie and he was just too fast for me, so I asked him to take me right home after the movie ended, but he had other ideas.

Well, luckily he slowed up for a stop sign and I jumped out of the car. He didn't even try to stop me. He just drove off and left me. I was about 10 miles from home, and I didn't have any money with me so I thumbed a ride with a truck driver who was nice enough to take me to my door.

When I got home my father was raving mad. He said I took a terrible chance thumbing a ride home with a stranger. Yet I couldn't have walked all that way, and I wanted to get away from the guy. Was I wrong?

SEVENTEEN

DEAR SEVENTEEN: No girl should leave the house without at least a dime with which to make a telephone call. If you haven't a mother or father to call in case you need transportation, call a friend or relative. Or even the police department.

Ladies, don't let "thumbs" ride with strangers, neither should they be walking alone at night. Play safe. Always carry a spare with money for transportation home.

DEAR ABBY: My husband is tired now because he's been on the road for so long. He's used to be quite the "man about town" and I spent many evenings alone and heavy-hearted, wondering when he would come home.

Now, do you know what? I can't get him out of the house.

DEAR ABBY: Please answer my or no to this. A very important question to me. Do you think a 60-year-old man can really fall in love?

BUTTERFLIES IN STOMACH

DEAR BUTTERFLIES: YES! Cupid never consults the calendar.

CONFIDENTIAL TO "DEPRESSED" IN WORTHINGTON: Failure is not a sign of weakness. On the contrary, it can be a sign of strength. It means you've tried.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.

Kathryn Jones, Hogue Say Vows In Washington

Kathryn Jones, Seattle, daughter of Mr. and Mrs. Kenneth E. Gibson, Twin Falls, is residing now in New Delhi, India, because the bride of H. Peter Hogue, son of Mr. and Mrs. H. Peter Hogue, Bellevue, Wash., in rites Sept. 3 at her home.

The bride, given in marriage by her uncle, John C. Smith, wore a long empire-styled gown with white organza, fashioned with a lace bodice. A long train fell from the bodice. The gown was borrowed from the matron of honor.

The bride's shoulder-length veil was made of white nylon tulle cascading from a white satin bow at the crown.

Mrs. Elizabeth Jacobson Dusenbery was matron of honor, with Peter Dusenbery serving as best man.

Karen Cooper and Carol Trueblood, roommates of the bride, were in charge of the reception. The cake was cut and served by Karen Olgun, sister of the bridegroom. Janet Miller presided at the punch bowl and Judy Engelskjern served coffee.

Linda Monize, cousin of the bride, registered the guests.

The bridegroom is attending the University of Washington Graduate School and the bride is employed by Children's Orthopedic Hospital, Seattle.

Tired Ashe Leaves Open With Five-Set Marathon Doubles Match Defeat

FOREST HILLS, N.Y. (AP) — They finished a weary and dragged Arthur Ashe off the center court at West Side Tennis Club at 2:33 p.m. EDT Tuesday.

In the last 24 hours—just 21 minutes under—the skinny New York star had played a total of 102 games, winning the U.S. Open singles championship, fighting his way into the doubles final in a three-day match and then, his pipe-stem legs like

rubber, losing in the last round of the men's doubles.

The men's doubles crown went to American two-year Davis Cup specialists Stan Smith and Bobby Lutz of Pasadena, Calif., who whipped Ashe and his partner, pro Andres Gimeno of Spain, 1-9, 6-1, 7-5.

Smith and Lutz thus added the U.S. Open to their U.S. Amateur conquest at Brookline, Mass., two weeks before, and further buoyed American hopes of recapturing the Davis Cup from Australia in December.

It seems almost certain that the two University of Southern California students—both are 21—will play the doubles role against the Aussies at Adelaide, starting the day after Christmas.

"We certainly have a lot going for us," commented the U.S. captain, Donald Dell of Bethesda, Md.

The American college boys, in winning the Open waded through a field that included the best doubles teams in the world, among them Roy Love and Roy Emerson, Ken Rosewall and Fred Stolle, Tony Roche and John Newcombe.

Ashe, the top singles ace of the American team, started his tennis marathon at 3 p.m. Monday, beating Holland's Tom Okker in the men's singles final, 14-12, 5-7, 6-3, 3-6, 6-3—a total of 65 games.

Then, after a brief rest, he took the court again to try to complete a "double" doubles match that had been halted Sunday by darkness with the score tied 4-4 in the fourth set.

Sixteen games were played and still there was no decision. Again darkness intervened with the score 12-12 in the fourth with Clark Gresham of New York and Charlie Pasarell of Puerto Rico, the other U.S. Davis Cup pair, leading Ashe and Gimeno, two sets to one, 4-6, 6-3, 6-4.

Starting at 10:30 a.m. EDT Tuesday, Ashe and Gimeno rallied to pull out the match 6-4, 3-6, 4-6, 20-18, 8-13. The match lasted three days and there were 42 more games added to Ashe's phenomenal string.

Haneke, Killen Are Winners In Pro-Am

Arnold Haneke of Boise swept the field in the pro sweepstakes, while Clyde Thompson and Dave Killen finished one-two in the team event held at the Blue Lakes Country Club Pro-Am.

Boise pro Haneke toured the par 68 course in three under fashion, while runners-up Ken Sparks and Dave Killen tallied 67's. Low gross ama-

Green's Hit Gives A's 5-3 Victory

OAKLAND (AP) — Dick Green's two-run double capped a four-run first inning that sent the Oakland Athletics to a 5-3 victory over Boston Tuesday night.

Two walks, Danny Cater's run-scoring single, a hit batsman and run-producing force at second gave the A's a 2-0 lead against Gary Bell before Green capped the burst with a double to right center.

Low Krausse checked the Red Sox on five hits, including Reggie Smith's 13th homer until the ninth, when he needed relief help from Jack Aker. Krausse doubled in the fourth and scored Oakland's fifth run on a single by Rick Monday.

Inconsistent

CORVALLIS, Ore. (AP) — "We've still got to be a hell of a lot more consistent," commented Dave Andre, head coach at Oregon State, after a special scrimmage for the visiting Pacific-Sky Writers Tuesday.

"The first defensive unit did a good job most of the time," Andre said.

Dielens Named Head At Army

WEST POINT, N.Y. (AP) — Col. A. J. "Gus" Dielens was named athletic director at Army Tuesday, succeeding Col. Jerry G. Capka, who retires in January.

Col. Dielens, who currently is in the Army's office of legislative liaison in Washington, D. C., will direct Army's intercollegiate sports program which included last three days and there were 42 more games added to Ashe's phenomenal string.

Colts May Lose Unitas For Opener

BALTIMORE (AP) — The premier passing arm of quarterback John Unitas of the Baltimore Colts is aching worse than ever and the possibility arose Monday that he will miss Sunday's National Football League opener against San Francisco.

"I can't raise it, or straighten it out and it hurts when I try to do something with it, like lifting," said Unitas.

The 35-year-old star said he hurt his arm against Dallas Saturday. Unitas said the pain is in the same spot which has ached for years, inside the right elbow.

Grid Legend Jim Taylor Hangs Up Uniform For Saint Front-Office Job

NEW ORLEANS (AP) — Jim Taylor, whose brute strength as a ball carrier made him a living legend of pro football, turned in his uniform Tuesday for a front office job with the New Orleans Saints.

"I'll take a while to get used to not playing," Taylor said at a news conference called to announce his retirement after 10 seasons in the National Football League.

"Taylor's contributions to the first-year Saints will never be forgotten," said team owner John W. Mecom Jr., who signed the Green Bay great to a rich contract in 1967 after he had played out his option with the Packers.

"His magnificent efforts with a young, untested team of veterans and rookies were matched only by the leadership and balance he gave the Saints when it was needed the most."

A smiling Taylor, accompanied by his wife, Dixie, easily fielded questions posed by newsmen at the news conference. He said he'd had retirement under consideration for several weeks.

Mrs. Taylor, however, had to fight back the tears several times. Asked if she wasn't relieved that she wouldn't have to worry each Sunday in the fall about injuries to her husband,

she replied, "I'd rather not say."

Taylor will be 33 on Sept. 20, six days after the Saints open their regular season against the Cleveland Browns. Although he had only 390 yards rushing last year, he was the leading rusher for the first-year Saints.

It was at Green Bay, under Vince Lombardi, that Taylor wrote his name in the record books. In 1962, he was The Associated Press' Player of the Year and won the Jim Thorpe Trophy.

He scored 19 touchdowns in 1962. No other NFL back has ever scored that many times from scrimmage in a single season. No other man put together five straight 1,000-yard-plus years rushing as Taylor did from 1960-1964, in title games.

No man has gained as many yards rushing, or as much rushing-pass catching yardage combined as Taylor.

Mecom said Taylor will function in the area of public relations in the Saints' front office.

Sportsmen Are To Return Tags

BOISE (AP) — Sportsmen were urged Tuesday to return to the Idaho Fish and Game Department any log bands found on sage grouse which they may bag.

The season opens Sept. 21 and runs until Sept. 27 in the southwest and central Idaho. It continues until Sept. 29 in the southeast.

In Owyhee County, the season runs until Sept. 27 in the eastern portion and until Oct. 6 in the west.

TOURNEY WINNERS in the Blue-Lakes-Country-Club Pro-Am are from left, G. Lafay, Ed Bennett, Gary Renece, and Emmett Harrison. Kneeling in the foreground is professional Clyde Thomsen, whose team of Bennett, Renece, and Harrison took the team championship in the tournament. Arnold Haneke of Boise, Ken Sparks of Nampa, and Dave Killen of Twin Falls copped individual honors.

Horton Bats Tribe Over Twins 6-2

MINNEAPOLIS-ST. PAUL (AP) — Cleveland's Tony Horton slammed his 13th homer and a run-scoring triple Tuesday night, then had the dubious distinction of hitting into the major leagues' seventh triple play this season as the Indians defeated the Minnesota Twins 6-2.

Horton's 385-foot homer leading off the second inning opened the scoring. The Indians got two more runs—both unearned—that inning on singles by Chico Salmon and Jose Cardenal around an error by Ron Clark.

Cleveland made it 5-0 in the third on Rich Scheinblum's double, Horton's triple and an error by catcher John Roseboro. That finished-loser Jim Kaat, 12-12.

With runners on first and second...

Rollins singled home Minnesota's runs off Stan Williams, 15-10, in the fourth after Craig Nettles singled and Roseboro doubled.

42" Flip-Flop Snow Blade and Tire Chains
 Converts tractor to winter snow plow in just minutes.

GET ALL THESE *Plus Features!*

Electric Starter for Quick and Easy Starts
 No hand cranking, no "pull-cord back-strain," no maddening delays. You get fast, easy starts in the coldest weather. Just plug in the 110-volt starter, sit back and GO!

32-Inch Deck Features Efficient Twin Blades
 Safer, more uniform cut with less vibration. Removes instantly without tools for conversion to tractor. Blades are hi-tempered and balanced. Baffling stops grass-clumping.

28-Inch Lawn Sweeper Includes Trailer Hitch
 Sweeps up leaves and grass clippings. Turns your lawn into a smooth green carpet. No tedious hand raking... no "hatch" buildup to "smother" your lawn. Great worksaver!

Safety Clutch and 5-Position Cutting Height Adjustment
 Safety Clutch permits operation of tractor with or without blades rotating. 5-position Height Adjustment operates from the seat... locks in all positions.
