TWIN FALLS, IDAHO, THURSDAY, SEPTEMBER 12, 1968

TEN CENTS

Red Units Leave Prague Streets

PRAGUE (AP) — Most occupation troops appeared today to be withdrawing from Czechoslovakia's major cities to new positions in the countryside. Downtown Prague was generally clear of Russian tanks for the first time since the invasion three weeks ago.

The Soviets during the night evacuated the capital's last tank encampment, in a park between the main railroad station and St. Wenceslas Square.

Similar evacuations were reported from Bratislava, Kosice and Brno—the latter preparing for its annual foreign visitors to its annual international trade fair starting Sunday.

A number of planes were heard taking off from Prague during the night. The planes indicated a thinning out of the Soviet troops, but there was no immediate confirmation.

Soviet military police were on the roads outside the capital, directing traffic, stopping trains and holding railway crossings open for convoys, jeeps and tanks.

A heavy concentration of airborne and armored troops remained near Prague's international airport where most scheduled flights resumed this week. Occasional armored cars were still seen in the city and some tanks were still inside the Soviet Embassy's grounds, but they were hidden from public view.

At the downtown tank park early today, the only evidences of the three-week occupation were the marks left by the tank treads and a smoky fire burning empty army supply cartons and discarded copies of Pravda, the Soviet Communist party newspaper.

The major part of the occupation force, estimated at 650,000 men at one time, was believed to be still in the country to back up political pressure being exerted on Czechoslovakia's liberal Communist leaders by Soviet Deputy Foreign Minister Vassily Kuznetsov.

Kuznetsov, who arrived last Friday, discussed "problems of mutual interest in the present context" Wednesday with National Assembly President Josef Smrkovsky. Prague Radio reported the assembly is expected on Friday to pass into law the major Soviet demands for press controls and a ban on opposition political parties.

Under the agreement which President Ludvik Svoboda, Premier Oldrich Cernik and Communist party chief Alexander Dubcek negotiated in Moscow after the invasion, occupation troops are to be withdrawn in stages. The Prague government re-establishes control on Soviet Embassy's grounds, but

HUDDLING TOGETHER IN MISERY, two young Iranian children wait for help after their village of Kakhk, which was destroyed by the earthquakes. More than 11,000 persons lost their lives. (AP wirephoto)

Harbor House Idea Gains Area Support

Members of the Harbor House board of directors are beginning a public information series, prior to asking Twin Falls commissioners for \$15,000 to set up the facility.

Those who have been speaking have been pointing out a need for a facility to place juveniles who face court action, or who are neglected, abandoned or abused children.

There are about 150 children a month in Twin Falls County alone that could use the services of such a facility, board members report.

The main function Harbor House would serve, they feel, is to put children in a desirable "half-way" place prior to permanent action.

They point out that problems involving juveniles are immediate and there is often no one to take care of them when parents are often found in cars late at night, or their parents have been picked up by police at the house. It is nearly impossible to find anyone to take the children until authorities can be found.

Harbor House board members also said that there is a serious shortage of foster homes in Twin Falls in which children can be placed immediately.

They also stress that serious delinquents would not be placed in the home with younger children. They would be handled by authorities.

Board members said that if the commissioners do budget funds for the Harbor House, it will be set up as soon as possible.

A suitable older home will have to be found, one which will house both the Harbor House "parents" and have separate quarters for boys and girls.

A set of qualified "parents" also will have to be found to administer the facility.

Mrs. Helen Henderson, juvenile probation officer, spoke Wednesday at the Lions Club. They received a letter from Richard Reed spoke Wednesday at the Rotary Club on the need for Harbor House.

She also spoke this week in Castelford. Both he and Mrs. Henderson report that their ideas for Harbor House were well received and that these attending the meetings seemed to feel the concept is a good one.

Any organizations interested in having a member of the Harbor House committee speak should contact Mrs. Roy Shaub, chairman of the board of directors.

County Adopts Rules For Late Hours, Glue Sniffing

Two county ordinances, one to support an existing city ordinance and one under which neither the county nor city had been covered, went into effect this week when they were approved by the Twin Falls County Board of Commissioners.

Sheriff Paul Cordeur said Deputy Sheriff Dennis Haynes, the department juvenile officer, and Robert Galley, assistant prosecuting attorney, have worked several months in the drawing of the two ordinances.

One establishes a county curfew and was patterned after the Twin Falls City curfew ordinance entered Thursday afternoon in the county, to attempt to run away or to run away from his parents or other guardians.

This section of the county ordinance is not included in the similar city ordinance, but because of the passage of the county document, the city is automatically empowered to act under the new regulation.

Another section of the county ordinance limits the hours that youths under 18 years of age can loiter or idle in Twin Falls County. The hours and restrictions are the same as those of the city—between 11 p.m. and 6 a.m. for those 14 years of age and under, and midnight and 6 a.m. for those 15 years to 18 years.

This ordinance also defines the responsibility of parents and other persons who knowingly allow juveniles to violate the ordinances.

The second ordinance, one by which neither the city nor county has entered Thursday afternoon in the county, prohibits the sale, or inhalation of chemical substances for the purposes of causing a condition of intoxication or dulling of the brain or nervous system.

This ordinance would cover, among other things, glue sniffing. The law prohibits not only the sale of such chemical substances for the purpose of sniffing, and the actual sniffing itself, but makes it unlawful for any person, by act or neglect, to encourage, aid or cause any person under 18 years of age to come within the purview of the ordinance.

Violation of any section of the two ordinances can be punishable by imprisonment in the Twin Falls County Jail for a period not to exceed six months or a fine not to exceed \$200 or both.

Coordinating Agency Set On Downtown T.F. Plan

Members of the Twin Falls Urban Renewal Agency met Thursday to name two agency members who will serve as coordinators for the downtown development project.

There are three separate groups involved in downtown development, and an effort is under way to work out a method of coordination between the agencies. There has been some confusion of hiring a full time coordinator, but in the meantime two people from each group are to be named to serve as coordinators.

Mayor Egon Kroll Monday named John Angerbauer and Frank Feldman, both city councilmen, as the city's representatives. Thursday morning, the Urban Renewal Agency selected Robert Summerfield and J. James Koutnik as its representatives on the coordinating agency.

Twin Falls Futures Unlimited has not named its two representatives yet, but it is expected to have them named by Monday, according to Bill Grange.

It will be the job of those representatives to coordinate the entire downtown development project with the three groups involved. The three groups are the city, Twin Falls Unlimited and the Twin Falls Urban Renewal Agency.

It has not been determined at this time if a full time coordinator will be hired.

During the Urban Renewal Agency meeting Thursday, Mr. Koutnik was named vice chairman, a newly created post within the agency.

Joe Clink remains as chairman and Voy Hudson remains secretary. Other members of the agency are Mr. Summerfield and John Wolfe.

Reservoir Has Less Water Than In '67

SHOSHONE—Big Wood Canal Co. officials report Magic Reservoir contained 17,000 acre feet of water Tuesday, compared to 112,000 a year ago and 30,400 acre feet two years ago on that date.

Magic gained 4,000 acre feet in water besides more than two weeks in time by the shut-off in irrigation, from the August rains.

There should be a carryover of nearly 20,000 acre feet at the end of September, officials said. A good snow pack is necessary for a full water right next year, however.

Most of the directors of the Big Wood Canal Co. feel that water should be available for next year rather than using it in October.

American Falls reservoir contains about 150,000 acre feet, more than last year at this time. The Gooding-Milner canal is flowing about 1,200 acre feet at the head. Since there is no water shortage in American Falls, this will probably be delivered until Oct. 10.

Named to FCC

WASHINGTON (AP) — Rex Lee, a former Idaho man, has been named member of the Federal Communication Commission by President Johnson. He will serve a seven year term which ends Jan. 30, 1975.

Lee, 58, is a former partner of American Samoa and assistant administrator in the Agency of International Development.

Biologist Sees Loss From Dam

PORTLAND, Ore. (AP) — A fisheries biologist called for two power companies seeking to build High Mountain Sheep Dam reversed earlier testimony Wednesday and said that any combination of dam projects sites below the confluence of the Snake and Salmon rivers would be harmful to fish.

R. Hamilton had testified before the Federal Power Commission in Washington, D. C. last April that High Mountain Sheep Dam would be without substantial harm to fish.

But under cross examination during the second day of marbled murrelet testimony in Portland, Hamilton said that the combination of sites which would have least impact on fish would be Pleasant Valley and Low Mountain Sheep. These are above the confluence of the Snake, Salmon and Imnaha rivers.

Hamilton said his testimony last April was prior to the time the two power companies planned to build High Mountain Sheep Dam at China Gardens below the Snake-Salmon confluence would be needed to accompany that dam's rearing run in Portland.

Hamilton was on the stand six hours.

Also testifying Wednesday was John D. Walker, an Army Corps of Engineers official called by the FPC staff counsel, Walker, a hydraulic engineer, was scheduled to resume testimony today after which the Interior Department was to continue calling witnesses.

The FPC hearings here are expected to continue through next week. The Pacific Northwest Power Co., a combine of private power firms, and the Washington Public Power Supply System, are seeking an FPC license to build High Mountain Sheep Dam on the Snake River on the Oregon-Idaho border. Opposing the High Mountain Sheep site are conservationists and the Interior Department. Interior favors a combination of Appleton and Low Mountain Sheep, both of which are above the confluence of the Snake, Salmon and Imnaha.

Reds Pull Troops Out Of Tay Ninh; Convoy Ambushed

SAIGON (AP) — Two small skirmishes were reported on the fringes of Tay Ninh City today, and enemy troops ambushed a U.S. convoy farther out, but U.S. advisers said it appeared that enemy forces had pulled back for the moment.

The fighting was reported on the southwestern and southeastern edges of the city as 2,000 South Vietnamese paratroopers and marines swept through areas that Vietcong and North Vietnamese infiltrators had occupied Wednesday.

South Vietnamese military headquarters in Saigon said: "The situation is now calm in Tay Ninh City." There is no major fighting.

Enemy troops opened up with small arms on a convoy from the U.S. 23rd Infantry Division six miles to the south along route 22, the major highway leading from Tay Ninh to Saigon.

The Americans returned the fire with machine guns atop armored personnel carriers. Four South Vietnamese soldiers were slightly damaged, a U.S. spokesman said.

Meanwhile, the allied command in Saigon reported that U.S. South Vietnamese and enemy casualties all dropped sharply last week, reflecting a slow but steady decline over two weeks of intensified fighting. American casualties were 135 killed and 1,400 wounded, and the total reported the week before.

One U.S. adviser at Tay Ninh said the majority of the enemy soldiers were killed, but may have withdrawn only a short way or into a different area. He can come right back.

South Vietnamese leaders said 22 enemy soldiers had been killed in fighting at Tay Ninh last Wednesday. Government losses were put at 13 killed and 91 wounded.

Between 800 and 1,500 men were estimated to have invaded Tay Ninh and its suburbs before dawn Wednesday. "I think they missed their chance," said one U.S. adviser. "They really could have punched in Wednesday morning, but now we have the troops to stop them."

Elsewhere, heavy fighting flared up in the northernmost provinces; and enemy gunners shelled Peliku, capital of the central highlands, and an allied U.S. adviser. "They really could have punched in Wednesday morning, but now we have the troops to stop them."

Battle Develops Over Gun Curbs

WASHINGTON (AP) — The controversial fight on gun controls is assuming new dimensions as the Senate faces a floor battle over efforts to require the registration of all guns and the licensing of their owners.

The Senate opening debate on the matter today, has before it a measure that would ban the interstate mail order sale of rifles and shotguns.

The bill also would prohibit over-the-counter sale of such weapons in one state to residents of another state, unless their borders adjoined.

The bill, similar to one already passed in the House, however, does not contain proposals originally argued by President Johnson to require that all firearms be registered and all gun owners be licensed.

These controversial proposals were rejected by the House and the Senate Judiciary Committee when it considered the bill before the Senate.

A floor fight for registration and licensing provisions was promised by Sen. Joseph P. Tydings, D-Md., and others. Under a Tydings proposal, the states would be given a chance to handle registration and licensing before the federal government could take over.

Atty. Gen. Ramsey Clark, in a letter delivered to each senator in advance of the debate, appealed for support of the administration's proposal.

"Those who quibble about the inconveniences of registration and licensing, knowing lives are at stake, cannot be much concerned about life or crime either," Clark's letter said.

The bill now before the Senate, with Sen. Thomas J. Dodd, D-Conn., as its chief sponsor, provides for controls on the sale of rifles and shotguns similar to those imposed on handguns in the omnibus crime control legislation passed by Congress earlier this year.

When the anticrime bill was up for debate, the Senate defeated 53 to 29 an amendment proposed by Sen. Edward M. Kennedy, D-Mass., that would have banned the mail order sale of rifles and shotguns.

If he were to pass, the Kennedy amendment would have provided his brother, Sen. Robert F. Kennedy, D-N.Y., was assassinated last June in Los Angeles.

Supporters of the provision to prohibit the mail order sale of the long guns now say public pressure arising from the Kennedy assassination has provided leverage to push through more stringent controls.

Candidates Clash Over Arms Pact

By The Associated Press

WASHINGTON (AP) — Presidential candidates Richard M. Nixon and Hubert H. Humphrey clashed head-on today over prompt Senate ratification of the multination treaty that would spread nuclear weapons.

Nixon, the Republican candidate, endorsed the treaty in a statement Wednesday. He said that about half the nations nonproliferation treaty although he has reservations about some of its provisions and "I hope that it can be universally adopted."

Humphrey, who has called in the past for debates with Nixon, said in New Orleans Wednesday he is willing to debate with the party candidate George C. Wallace as well.

Wallace also announced his own endorsement of the treaty which will hold a nonbinding convention because, he said, it takes "the armed forces of the country to hold one."

French Linguist Raises New Dispute With Canada

OTTAWA (AP) — The visit of a French linguist to the Canadian prairies on a voluntary cultural mission has raised the row between Canada and France. It brought memories of President Charles de Gaulle's explosive outcry of sympathy for French Canada in 1967.

Humphrey, who has called in the past for debates with Nixon, said in New Orleans Wednesday he is willing to debate with the party candidate George C. Wallace as well.

Wallace also announced his own endorsement of the treaty which will hold a nonbinding convention because, he said, it takes "the armed forces of the country to hold one."

Slow Mail

SACRAMENTO, Calif. (AP) — A mail bag containing \$28,000 worth of Social Security checks had expressed Sacramento area pensioners finally arrived Wednesday after a 17-day delay.

Postal authorities immediately began an investigation to determine what caused the delay in getting the checks to the pensioners.

The delay was caused by a 90-mile run the mail made in one day by boat a century ago.

The mail was delayed because 838 pensioners were they finally would get their September checks, ranging in size from \$5 to \$15 each.

The delay was caused by a 90-mile run the mail made in one day by boat a century ago.

Detweilers Is Winner Of Bid

DETWEILERS IS WINNER OF BID FOR MECHANICAL WORK ON THE ROSSIGNOL COMBAT CAMP LEJUNE, N.C.

The bid for \$2,607,638, Navy officials reported.

The work is to start immediately and completion is set in 24 months.

The mechanical work is for an infantry training regiment.

Rupert Forms New Sixth Grade Class

RUPERT—A new sixth grade class has been added at Lincoln School in the former special education classroom as the result of an increase of about 172 students over last year's. Minidoka County school enrollment. It is the largest school enrollment in the history of the district.

A total of 4,919 students is enrolled in the district's school for the 1968-69 term, necessitating the transfer of some students and the establishment of the additional sixth grade class, the largest class of the lower six grades, with a total of 443 students.

As a result of the new class being added at the Lincoln School, the special education students have been moved to the Pershing School, where they will share the new relocatable classroom with the Spanish migrant students. Some 39 special education students are enrolled.

LBJ Offers Law To Curb Mine Deaths

WASHINGTON (AP) — President Johnson has sent Congress a proposal for legislation to avert coal mine tragedies.

Johnson recommended in a letter Wednesday that terms for operators of unsafe mines and development of health standards to protect miners against disabling respiratory ailments.

His proposal would extend federal safety enforcement to the working face of coal mines, where many deaths and injuries occur. It also would apply mine safety law to surface coal mines which are now exempt.

He noted recent mine disasters have claimed 16 lives and "Despite the safety measures on the books, coal mining remains the most dangerous and hazardous occupation for the American worker."

"Federal inspectors have too little jurisdiction over the working face of the mines, where nearly half of the fatal accidents occur. They cannot tell a mine owner to shore up the sagging roof in this area. They cannot require the replacement of a potentially hazardous machine. They cannot require a reduction in the level of coal dust in the air to safe limits," he said.

TV System To Help Police

OLEAN, N.Y. (AP) — Police in this southwestern New York community will spend their evenings watching television—but it will be in the line of duty.

The City Council Tuesday adopted a contract with All-Channel Television Co. to install six television cameras along the city's North Union Street business district so that one policeman seated at a desk in headquarters can keep an eye on the five-block-long area.

A spokesman for the company said the system, which cost the city \$4,600 per year, probably was the first of its kind put in this use.

Seven Honored In Burley As Journeymen

BURLEY — The Twin Falls Area Joint Apprenticeship Council honored seven completing apprentices at their annual apprenticeship completion ceremony held Wednesday evening at the Ponderosa Inn.

Principal speaker for the evening was Lloyd A. Williams, state supervisor, Bureau of Apprenticeship and Training, Department of Labor, Boise, who had praise for the completing

apprentices. "This apprenticeship completion ceremony undoubtedly will be the proudest point in the lives of these young journeymen, instead of being led they will be the leaders. Instead of being taught they will be the teacher, and of course, instead of being apprentices they will be the craftsmen responsible for the development of the future apprentices.

"Their responsibilities to their trade will be many. As craftsmen these young men will represent their craft or industry insofar as the "general" public is concerned. They will be expected to pass on their skills to the apprentices who will follow, so that they in turn will become skilled. Because of fast changing methods and materials it will be necessary for these young journeymen to continue in their search for knowledge. They must keep abreast of all innovations so that their skills will not become outdated or obsolete."

LOYD A. WILLIAMS was keynote speaker during the Twin Falls Area Joint Apprenticeship Council meeting in Burley Wednesday night. He is state supervisor of the Bureau of Apprenticeship and Training for the Department of Labor.

Police Launch 'Coper Test' In Baltimore

BALTIMORE, Md. (AP) — The Baltimore police department's experimental use of a helicopter to try to reduce crime gets off the ground today.

The city's Board of Estimates approved Wednesday a 160-hour use of a helicopter to cost the city \$6,000. Hyman A. Pressman, city controller, suggested the program after saying it proved successful in Lakewood, Calif.

Pressman said police helicopters could "nip crimes in the bud of child molesting, narcotics, smuggling, robberies, burglaries, mob attacks on policemen and car thefts."

Traffic Courts

Fined by Rupert Justice of the Peace Roy Archer were Verle G. Donch, 26, Burley, \$15; Merle Wickel, 19, Rupert, \$25; Charles Blasius, Idaho Falls, \$17, and John Wilson, 15, Paul, \$15, all speeding, and Cordell Clark, 10, Rupert, \$10, failure to yield the right of way.

Pump Fails

BUHL — The residents within the Buhl city limits have been asked to stop watering lawns and gardens until further notice due to a pump failure at the main well.

Two other wells are in operation, but loss of the third well makes it necessary that water use be curtailed. City officials said residents will be notified when the faulty well is back in operation.

Youth Discovers High Note Hurts

RENO, Nev. (AP) — John Glenn Little may think twice before he tries to hit high "C" on the trumpet again.

Little, 12, of Sparks, Nev., reached for the one while playing with the Reno Municipal Band. His neck began hurting immediately. Examination showed two discs out of place and he was in traction today in a Reno hospital.

CSI Officials Prepare To Move Into New Academic Building In Near Future

College of Southern Idaho officials have hopes that classes will move to the new academic facilities sometime the week of Sept. 23, according to Dr. James L. Taylor.

The \$11 million facility is complete except for the balancing of mechanical and electrical systems and the installation of built-in furniture and cabinets.

The water, electrical and mechanical systems are completed, Dr. Taylor said, but they still must be balanced before operation begins.

Dr. Taylor said that about \$200,000 worth of equipment will be housed in the building. There are 27 class rooms and three lecture halls in the two-story facility.

About 75 per cent of the furnishings for the new building has been received, Dr. Taylor said, and three nights, probably next week, will be needed to move and set furniture and supplies into the structure.

Total cost of the phase one campus project, which includes the land purchase and development, construction of the academic, fine arts and maintenance buildings, is \$34.4 million. Of that amount \$13.8 million is from a general obligation bond, \$408,000 from the Civic Auditorium Association, and the rest from federal sources.

The building presently in the final construction phase will be joined sometime in the near future by a health-PE building, a maintenance dormitory and a student union.

The maintenance building has been completed and as of last week the academic building was 96 per cent complete and the fine arts center 92 per cent complete.

A federal grant has been received to finance part of the construction of the health-PE building and it is highly likely that federal loans will be secured to finance the dormitory and student union, it was reported.

CSI officials hope to bid all three projects sometime in December.

The new academic building features modern design, bright colors and several rooms of unusual shape.

LOOKING FORWARD to the day when classes will begin in the new CSI academic building is Dr. Terry Smith, academic dean. College classes are expected to move there sometime the week of Sept. 23. Dr. Smith is shown here in a half circle lecture hall which can be divided into two portions seating 100 students each. Opposite this lecture hall are two quarter circle rooms of the same design. As of last week the academic building was 96 per cent complete and little remains to be done before classes can move there from the high school.

U.S. Remains Alert For Soviet Move On Berlin

WASHINGTON (AP)—U.S. officials say they lack any firm evidence that the Soviet Union intends to start trouble over Berlin, but they are on alert for such a move because of U.S.-Russian tension.

Attention was focused on Berlin when President Johnson in a speech Tuesday warned the Soviet Union that "the use of force and the threat of force will not be tolerated in areas... like Berlin."

The officials described Johnson's statement as a precautionary action. "There is no hard indication of any Soviet move to put the squeeze on West Berlin," one official said.

"But it's a constant apprehension any time anything happens to sour relations between the United States and the Russians. It's a very easy place for them to cause us trouble. It is something they can turn on and off."

There has been speculation in certain Pentagon quarters that the Russians might choose this time to apply new pressure on the United States, Britain and France to weaken their hold in West Berlin.

This speculation grows out of worsening U.S.-Russian relations resulting from the Soviet Union's occupation of Czechoslovakia and an attendant Warsaw Pact military building in Eastern Europe.

The Western allies maintain only a small military presence in Berlin which is separated from West Germany by 100 miles of Communist-controlled land. The U.S. force numbers only about 3,500 men.

The Russians and East Germans have put the heat on West Berlin several times over the past few years, with the most serious threat occurring in 1951. At that time, President John F. Kennedy mobilized 148,000 U.S. military reservists—and reinforced American units in Germany with 40,000 additional troops. That crisis lasted about a year.

Although the United States has expressed deep concern about developments in Czechoslovakia, all signs indicate there will be no immediate reinforcement of American troops in Europe.

Overall U.S. armed strength in Europe totals some 300,000 men, with about 200,000 of these deployed with the 7th Army in Germany.

Military authorities said they doubt that the United States will send back to Europe the 33,000 Army and Air Force troops brought home gradually since last spring in action aimed at cutting the U.S. balance of payments deficit.

PTA Takes No Action On Protest Plan

BURLEY—Neither Dworschak nor Miller Elementary School PTAs took any action at their regular meetings Wednesday night on a petition protesting the moving of a sixth grade room from Dworschak to Miller school.

Copies of the petitions were available at both schools for parents to sign, according to Mrs. Patrick Miller, who said Thursday she and Mrs. Rodney Murphy plan to continue their efforts to get signatures.

Meanwhile, Supt. Ezra Moore said no special board meeting is planned and the board listened Monday night to about eight parents protesting the moving of the class taught by Tom Crandall into the basement room at Miller and they "will listen again when the opportunity arises."

The basement room at Miller has been in use since 1962 and at that time a forced air ventilation system was installed, according to Principal Tom Collins. Special lights to meet state specifications also were installed and the ventilation system provides fresh air in the room at all times, he said.

Mrs. Miller said she plans to contact State Supt. of Schools D. F. Eppelking, Boise.

Ballots Printed

JEROME—Mrs. Ella McVey county clerk, reports the ballot for the general election has been taken to the printers.

Persons who will require absentee ballots should apply at the clerk's office as soon as possible.

Governor Directs Conclave

GREAT FALLS, Mont. (AP) — Gov. Don Samuelson of Idaho presided today at the opening of the Federation of Rocky Mountain States meeting in Great Falls.

The organization of eight western states heard committee reports this morning and Gen. B. A. Schriever was to lead a panel discussion on regional planning and the role of private enterprise in economic development this afternoon.

Schriever had directed development of the intercontinental ballistic missile program and initial space programs through the Air Force.

A panel discussion on the influence of university research on economic development was scheduled for Friday morning.

Other governors attending the meeting were Tim Babcock of Montana, John Love of Colorado and Stanley Hathaway of Wyoming.

MEETING AT GREAT FALLS, Mont., today are Intermountain governors, including Idaho Gov. Don Samuelson, on right, and Stanley Hathaway, Wyoming, on left, and Tim Babcock of Montana. The governors opened a conference today on trade potentials of the eight-state Intermountain region. (AP wirephoto)

The other federation governors — Calvin Rampton of Utah, David L. Boren of Oklahoma, John Williams of Arizona and Paul LaValle of Nevada — were not present.

Arrest Nets Counterfeit Bank Checks

SALT LAKE CITY (AP) — Some \$150,000 counterfeit bank checks and 300 credit cards were confiscated by Salt Lake City Police detectives following the arrest Wednesday of a man they said is wanted for forgery charges in California.

Richard E. Fowler, 35, was arrested at his home, Sgt. David Bradford said.

Bradford said Fowler has been charged with being a fugitive from justice and is wanted on two forgery and two fictitious check charges in Anaheim, Calif., and a forged check charge in Fremont, Calif.

Also seized were numerous Social Security cards, several sets of license plates, savings bonds, checks of persons living in the Midwest, phony drivers' licenses and other identification, a printing press, electronic equipment, a television, ammunition, dynamite cord, three walkie-talkie radios, hair coloring and makeup kit, wigs and a woman's girle.

War Casualties Drop For Week

SAIGON (AP) — American, South Vietnamese and enemy casualties all dropped sharply last week but the level that prevailed during the prolonged full ground fighting in July and early August. The weekly casualty reports from the allied commands indicated that the war might be tapering off slightly again after two weeks of intensified combat.

The U.S. Command said 105 Americans were killed in action and 1,400 were wounded, with 68 in the latter hospitalized. These figures were about half those for the previous week.

The U.S. Command reported 1,400 of the enemy were killed last week, less than half the enemy losses reported for the previous week.

South Vietnamese casualties were 325 killed, 1,681 wounded and 66 missing, also a marked drop.

The weekly's figures brought to 141 American casualties reported for the war to 27,764 killed, 91,263 wounded and hospitalized and 81,299 wounded and treated in the field.

The total enemy dead reported since Jan. 1, 1961, is 392,585, the U.S. Command said.

Search Ended For Lost Man

SALMON, Idaho (AP) — The search at 9,000-foot elevations for a missing hiker, who has been abandoned, ended Wednesday.

Raymond Jones, 39, a Salmon service station operator, failed to return to a hunting camp last Saturday with a hunting bag, a bow and arrows in an area about 20 miles southeast of Salmon.

Elmore County Sheriff William Tucker said 92 persons searched the rugged mountain area Wednesday without finding any sign of the hiker.

Tucker said although the official search has been cancelled, relatives of the missing man indicated they would continue looking.

Pocatellans Complain

POCATELLO (AP) — Complaints of fluoride-poisoned livestock, nasty odors, and "clouds of filth" from power plants were lodged Wednesday at an informational meeting on air pollution standards under consideration by the Idaho Air Pollution Control Commission.

About 70 persons showed up for the meeting, but only about 10 testified. Most of the complaints were against the Southeast Idaho phosphate industry, but there was no rebuttal from representatives of the industry present.

Conducting the meeting was Robert Montgomery, vice chairman of the commission and a Pocatello banking executive. More informational meetings on the proposed standards will be conducted in Lewiston Sept. 19 and Coeur d'Alene Sept. 20. A public hearing will be Oct. 4 in Boise, when most of the representatives of industry are expected to testify against the proposed standards. The commission hopes to adopt final standards Oct. 25 in Boise.

Strongest critics against the phosphate industry came from Stanley Vegors, a professor of physics at Idaho State University. He said he can look from his home into the valley and see a cloud hanging above the PIMC and Simplot plants west of the city. He said when he drives by the effluent from the plants "stinks" and makes him cough.

"When these standards go into effect, how much better are the conditions going to be?" Vegors asked. "Will it sink when I drive by? Will I be able to

Panel Hears Gripes On Pollution

drive by and not have to cough?"

Howard Burkhardt, a state public health officer from Pocatello who helped prepare the standards, attempted to answer Vegors' questions. Burkhardt said the standards have placed limits on sulphur oxides, particulates (dust and smoke), and sulphuric acid mist.

"I am hopeful that we would be able to eliminate the odor, the coughing and the haze," Burkhardt said.

His statements were somewhat in conflict with statements made earlier this week by officials of the local phosphate plants. "The phosphate officials indicated their greatest problems would be meeting standards for fluoride and particulates. They said they probably

Church Returns To Washington

WASHINGTON (AP) — Sen. Frank Church, D-Idaho, has resumed his campaign to legislate to Washington. He said Wednesday he went to Washington to prepare for action on legislation on gun control, wild rivers and potatoes.

Church, who is running for his third term, said he anticipates Senate action within a few days on the Wild Rivers Bill. He also said he is working with Idaho potato industry leaders for passage of a potato research and promotion bill.

Burkhardt said there is not enough information available about the present content to set standards now. He said phosphorus pentoxide is released, but the plants which give it off — FWC and Monsanto in Soda Springs — are working to control it. He said the commission did not feel it necessary to control the phosphorus pentoxide now, but do so later if necessary.

"We can't solve the air pollution problems now," Montgomery said. "We have limited time

Executive Association Organizes

IDAHO FALLS, Idaho (AP) — A group of federal agency executives in the Upper Snake River Valley has organized and elected U. L. Ginkel, manager of the Atomic Energy Commission's Idaho operations, as its president.

The organization, called the Upper Snake River Federal Executive Association, is designed to improve coordination in areas of mutual interest.

Other officers elected at the meeting in Idaho Falls include Craig W. Rupp, Pocatello, supervisor of Caribou National Forest, first vice president; and Ernest Lee, Idaho Falls, area supervisor of Bonneville Power Administration, second vice president.

There are 22 agency heads representing about 1,100 employees in the area.

Lack Of Gas Cuts 1,500 Pilot Lights

MOSCOW, Idaho (AP) — Pilot lights in 1,500 homes in Moscow had to be relit after a construction crew punctured a natural gas feeder line.

The relighting operation was not expected to be completed before mid-day today. A crew of 20 to 40 men has sent to Moscow for the job, Ken McCord of the Washington Water Power Co. said.

Natural gas service was interrupted for seven hours by the puncture Wednesday, but no major businesses were shut down because of the outage, McCord said. Operations at several restaurants were hampered, however, he said.

'Crooked' Gas

SALT LAKE CITY (AP) — Police chief Dewey Phillips wants to plug a legal loophole that allows criminals to leave their victims literally in tears.

The crooks are buying tear gas.

Phillips said a specially concentrated gas, commonly designed only for police use, is now available at retail. It costs about \$10 and is marketed as a means for citizens to protect themselves from intruders.

But the chief says criminals have been using it and there have been cases of burglars spraying watchdogs with the potent chemical.

Understandably, the watchdogs quit watching.

Phillips said he had asked the city attorney's office to issue ordinances and use of the substance.

Nominee Draws Aid Pledge

By The Associated Press
Utah Atty. Gen. Phil L. Hansen has pledged complete support of Milton L. Wellmann, victor in Tuesday's primary election for the Democratic senatorial nomination.

"I am pleased to have been asked to support the man who has given me the opportunity to do so as soon as my tenure as attorney general is concluded," Hansen said.

Wellmann will oppose Sen. Wallace F. Bennett, who is seeking a fourth term.

Hansen said he would support the Democratic coalition of Democrats, Republicans and Independents.

Wellmann "in his general election campaign and will, in fact, visit many sections of the state on his behalf. I congratulate him."

Hansen noted, however, "Selfishly, I wanted to go back to my private law practice and the people have given me the opportunity to do so as soon as my tenure as attorney general is concluded."

Wellmann will oppose Sen. Wallace F. Bennett, who is seeking a fourth term.

Hansen said he would support the Democratic coalition of Democrats, Republicans and Independents.

by a vote of 52,156 to 52,876. Bennett said the primary demonstrated "our citizens are anxious for a change from the Democratic policies which have deeply mired down our state and nation."

He noted "the GOP Senatorial candidates outpolled the Democrats by about 130,000 to 92,000 or 58 per cent to about 42 per cent."

The Utah-Republican said "The Utah-Democratic Party comes out of its primary campaign about as cut-up as its national party before any of the Chicago debacle. Frankly, it will be difficult to say more about my Democratic opponent than already has been said about him by his primary opponent."

Annual Sessions Sought For Idaho Legislature

BOISE (AP) — Headed by Dr. D. R. Theophilus, former president of the University of Idaho, the Democratic National Convention formed to promote passage of constitutional amendments to allow for annual legislative sessions.

The amendments would permit legislators to set their own pay rates.

The organizational meeting for the bipartisan committee was held Wednesday in Boise and the committee is to meet again on the Nov. 5 general election ballot.

Burglary At Downey May Force Closure Of Store

DOWNEY (AP) — Burglars broke into the Western Auto Store in Downey early Wednesday and took an estimated \$4,000 worth of merchandise, according to Y. J. Vorvalter, Hannock County sheriff's deputy.

The intruder pulled entrance through two back doors, apparently prying them open with a crowbar, Vorvalter said. The burglary took place some time between 1 and 5 a.m.

Merchandise reported missing by owner Don Bosworth included a television set valued at \$1,200, \$400 worth of ammunition, and \$1,500 worth of merchandise from one showcase. Merchandise included a television set, electric razors, frypans, percolators and other appliances. The cash register also was broken into, and currency and silver coins were removed, Bosworth said.

This is the third time the Western Auto Store has been entered in 16 years, and Bosworth reports that he is going to close the store.

Navy May Release Reserves

By BOB HORTON
AP Military Writer

WASHINGTON (AP) — In what may be a controversial move, the Pentagon is considering letting 30,000 Navy reservists off active duty early to save money this year, sources say.

If approved, the action will mean the release of many men who elected to serve two years active duty as part of a Navy reserve program fulfilling their military obligation.

It would not affect thousands of men in the National Guard, members of which were activated—some against their choice—after North Korea seized the USS Pueblo last January.

Some Pentagon officials fear the proposed "early-out" plan will bring more criticism from members of Congress and activated reservists who complained they weren't really needed.

Only Wednesday, Rep. Richard Schweiker, R-Pa., called for an investigation of the Pentagon's reserve callups in February and April.

The Defense Department ordered 14,800 reservists after the Pueblo incident, then activated another 24,000 following the enemy's Tet offensive in Vietnam.

While the January activation came in the middle of the Vietnam war, many people including some reservists suspected the action was designed mainly to relieve Vietnam manpower pressures.

Only two reserve air squadrons actually deployed to South Korea.

Pentagon officials are preparing to justify any release of the Navy reservists on grounds of economy. Congress has ordered sharp cuts in government spending and the Pentagon is supposed to slash costs by \$2 billion and \$3 billion in the current fiscal year.

Officials estimate \$48 million can be saved if 30,000 Navy reservists now going through their two-year active duty phase are released a few months early, between October and December.

The Navy in another financial chop recently laid up 50 ships and disbanded eight air squadrons for economy's sake.

The Army and Air Force also have been hit in the money-saving drive, phasing out anti-aircraft missile squadrons and slowing down bomber production, among other things.

'Lancer' Star One Of Last Big Talkers

Wayne Maunders, starring as Scott Lancer in 20th Century Fox Television's "Lancer" series, is known on the set as one of the last of the really big talkers. Extremely articulate, he will discuss any subject and will not shy away from anything he knows nothing about.

"That's the only way you can learn," he explains. "When I was 25 years old I experienced a rebirth—I was philosophically. Before that, I was lucky if I could say 'good morning' intelligently. I was never articulate and was confused and rambling."

"Then I met a girl in New York and we had—well—philosophical discussions, she would argue me into a corner where there was no way out for me but to confront the truth. The experience had a great influence on me."

"I think that is why I am so willing to talk now about practically anything. I don't say I'm always right or that my opinions and conclusions are necessarily valid. But at least I'm talking."

"That's why there's never a dull moment between scenes on the 'Lancer' set and who no one ever asks Wayne Maunders the time. He's likely to reply: 'The time has come to talk of many things, of shoes and ships and sealing wax, and of cabbages and kings.'"

"Lancer," starring James Stacy, Maunders, Andrew Duggan and Elizabeth Aur, premieres Tuesday, Sept. 24 on CBS-TV at 7:30 p.m.

"The Good Guys" New Series

The Good Guys—a fast-paced, free-wheeling new comedy series about two lifetime buddies out to make a fast buck—premiere Wednesday, Sept. 25, on the CBS Television Network. The new half-hour color series stars Bob Denver, Herb Edelman, the operator of an unprofitable diner, is the glib patsy who is always ready, willing and able to go along with his buddy's wild ideas. Level-headed Claudia Gramus (Joyce Van Patten), Bert's long-suffering wife, does her best to keep the two clowns from reaching too high—and is always there to help them pick up the pieces when their far-fetched plans fall apart at the seams.

"Here Come The Brides" Makes Debut On Sept. 25

"Here Come The Brides" set in the post-Civil War logging camp of Seattle and focusing on a problem as old as man, premieres in color on the ABC Television Network Wednesday, Sept. 25, at 7:30 p.m. (PDT).

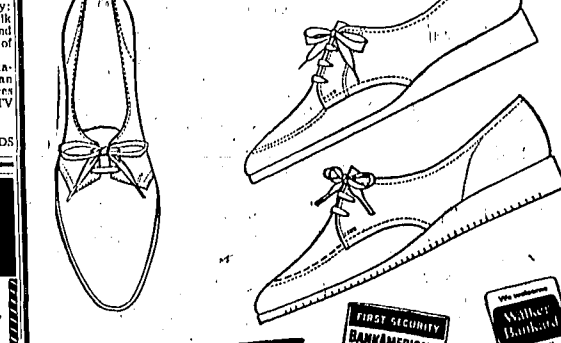

When spring comes to the Pacific Northwest, logging camps prosper. Jason Bolt and his brothers have a crisis on their hands: the lumberjacks threaten to leave because of the scarcity of women in town. Jason realizes he must bring women to the frontier community when Big Swede is jailed for chugging the school teacher, Miss Essie Gillis.

On the advice of Lottie, the saloonkeeper, the Bolt brothers go to New Bedford, Mass., where men are in short supply, to find prospective brides. Featured in the series are Bo Svensen as Big Swede and Susan Tolsky as Biddie Cloom. Henry Beckman is seen in the recurring role of Cape Charley Clancy and Milt Hoag is Miss Essie.

Action Asked On Curve Near Hailey

HAILEY—A dangerous curve on Highway 93 four miles north of Hailey should either be straightened or banked to handle high speed of traffic, or larger caution signs should be posted, the Hailey Chamber of Commerce has decided.

A resolution was adopted by Chamber members at a recent meeting, instructing the secretary to contact the Idaho Highway Department, requesting the changes. The curve is located at the old Zinc Spur site.

In other action, Keith Bird emphasized the need of recreation room for both youngsters and adults in Hailey. Several baseball leagues, including the Pee-wee, Pony, Punk, and the two Little League teams, can no longer be accommodated on the school grounds, Bird said.

In addition, Bird said he is planning to organize an American Legion-sponsored ball team. Chamber members discussed the possible use of ground presently set aside for a new armory north of the Blaine County Airport for recreation purposes, until the armory is built.

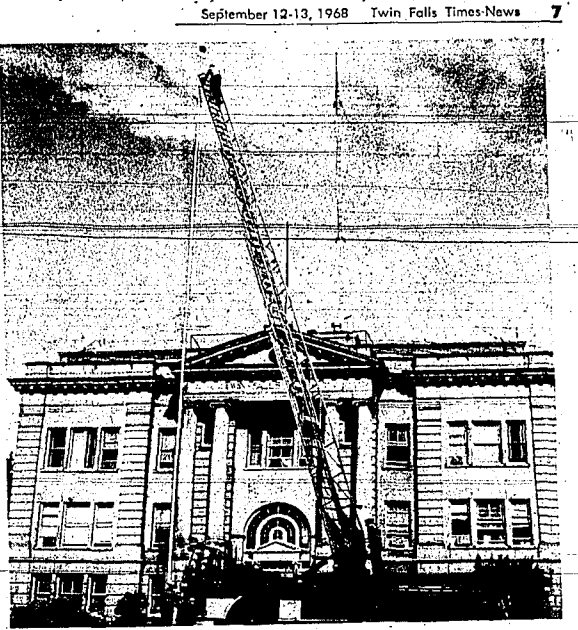

Standing committees were named, including Ralph Harris, Mrs. Charles Dana and Robert Vernon, Christmas lighting; Leo Stavros and Ralph Harris, Christmas promotion; and Walter Campbell, Larry Geise and Oliver Adams, membership.

School in Ketchum begins Thursday, with both the old schoolhouse and new duplex in use, members were told by Vernon Exner, Blaine County school superintendent.

The Chamber received an invitation from the Yellowstone-Redwoods Scenic Route Association to attend their meeting Sept. 19 at Crescent City, Calif. The group is currently organizing to promote scenic attractions between Yellowstone National Park and the Redwoods (found in Northern California, including the Craters of the Moon National Monument and Sun Valley in Idaho).

DIAPERS STOLEN
PHILADELPHIA (AP) — A thief stole 9,000 diapers Wednesday. Police said they were in a truck driven of a parking lot of a diaper service company.

Grand Jury To Probe Charge Of Bribed Witnesses In Conviction Of James Hoffa

NASHVILLE, Tenn. (AP) — A special grand jury has been ordered to investigate charges that conspirators in three states have offered bribes to witnesses whose testimony sent Teamsters President James R. Hoffa to jail.

U.S. District Court Judge Frank Gray Jr. and William E. Miller ordered the probe Wednesday as a result of testimony by Walter Sheridan, a former Justice Department investigator. Sheridan, who was with the Justice Department when the

have been made to bribe Edward Grady Partin, a Baton Rouge, La., teamsters official, and Robert Vick, a former Nashville policeman. Sheridan said he had been offered \$1 million to change statements he made while investigating the Hoffa case. Sheridan did much of the investigative work which led to Hoffa's 1964 jury tampering conviction in Chattanooga.

Hoffa, who is serving an eight-year term at the federal prison in Lewisburg, Pa., was found guilty of tampering with

the jury which tried him on a conspiracy charge in Nashville in 1962. The first trial, in which Hoffa was accused of conspiring to divert union funds, ended with a deadlocked jury. Judges Miller and Gray, also ordered the U.S. attorney's office and other federal agencies to launch an investigation into statements made by Sheridan and Earl Wingo, a former official of Nashville Teamsters Local 327, who also testified against Hoffa.

Sheridan's testimony of a bribe offer came last month during a hearing on a motion to overturn the 3½-year prison sentence of Z. T. Osborn Jr., Hoffa's Nashville lawyer who also was convicted of jury tampering. "During the course of the proceeding," the judges said, "they actually did bribe several government witnesses in Chattanooga." Wingo testified that James Harding, identified as a Washington associate of the Teamsters president, said Hoffa had authorized him to offer Vick \$25,000 if Vick would stipulate he was paid to testify.

Sheridan testified that since Hoffa's 1962 trial, there has been "a concerted, intensive effort to intimidate, bribe and corrupt government witnesses and others, which continues to this day."

Osborn lost his attempt to have his conviction overturned. U.S. District Court Judge Marion Boyd of Memphis said he found no evidence that Vick had been paid for his testimony. During the Osborn hearing, Sheridan said he once had been given \$3,000 by Stephen Smith, a brother-in-law of Kennedy, to lend to Vick. But the investigator said he returned the money to Smith after questioning the wisdom of such a loan. Vick, whose testimony was credited with gaining the conviction of Osborn, said that the

Justice Department had given him money for expenses incurred in the investigation, but had paid him no fee.

Wallace Decries Nixon's Vow To Seek Aid For Southern States As 'Empty Promise'

LITTLE ROCK, Ark. (AP) — empty promise when he told George C. Wallace, the third-party presidential candidate, says Richard M. Nixon made an appeal to conservative voters by Nixon, the Republican presidential nominee, said, "the national Democrats have already jammed everything down our throats there is to jam."

"There isn't anything left," he told a cheering crowd, "but there's going to be a good throat-clearing on election day, Nov. 5."

Wallace, speaking Wednesday

Highway Agency Calls Job Bids

BOISE (AP)—Bids on a clearing project for a section of interstate highway in Northern Idaho were asked today by the State Highway Department.

The bids will be opened Oct. 8. The department said the work involves clearing and grubbing and roadside cleanup on Interstate 90 between Mullan and the Montana state line.

referring to Nixon's promise at the Republican National Convention that he would not try to jam anything down the throats of the South or any other section of the nation.

"When the national Republicans come down here and ask you to support them, you ask them if they're going to give your schools back to you."

"And even if they say they're going to, they were the ones that took them away from you and they shouldn't be rewarded for giving them back," Wallace said.

At Wallace's side was former

Arkansas Gov. Orval E. Faubus, who earlier denied that he would formally endorse the third-party candidate. Also on the platform was former Gov. Jimmie Davis, who had greeted the candidate at the American Legion's national convention earlier Wednesday at New Orleans.

Wallace's attack on Nixon was the sharpest of his campaign.

He said the Republican nominee was vice president when the Supreme Court "took control of our schools away from us" with its 1954 decision outlawing segregation.

Nixon was still vice president, Wallace said, when, as he expressed it, the administration of former President Eisenhower "put the bayonet in the backs of the people of Arkansas."

That was a reference to the use of federal troops to guard Negro pupils enrolled for the first time in 1954 at Little Rock Central High School.

Wallace was equally critical of the Democratic Leadership. He charged that both parties have brought about a climate of violence and lawlessness by "kowtowing to these anarchists" who, he said, seek to

tear the nation apart with rioting and looting.

Because of what he called the breakdown of law and order, Wallace said he has abandoned any thought of having a national convention of his American Independent party. "It takes the armed forces of the country to make it possible to hold one in safety," he said.

In his speech to the Legionnaires at New Orleans, the Alabama said the United States has "no recourse except to rely on its military strength, with the use of conventional weapons" to end the war in Vietnam

if the Paris peace talks fail. Wallace goes today to Springfield, Mo., Springfield, Ill., and then to Milwaukee, Wis., for a dinner and rally in the state where he received more than 30 per cent of the vote in the Democratic presidential primary of 1964.

Railway Seeks Office Closure

BOISE (AP) — Northern Pacific Railway has asked Authority to close its station at Athol, in Northern Idaho, the Public Utilities Commission announced today.

The PUC said it will conduct a hearing on the request in Coeur d'Alene Oct. 8.

GOOD BID AND PLAY BY TEAM
Here is another slam hand from the Minneapolis-Montreal match at the Summer Nationals. Both South players chose to open with one diamond. There is no need to use a forcing bid

singleton club. It was apparent to him that his partner held a real minor two-suiter hand and it called for a stronger bid than a mere preference. This made it easy for Eddie Langer to go on to the slam. It was also an easy hand to play since both trumps and clubs broke. Eddie did not know this and studied the hand for several minutes after ruffing the second heart. Finally he came up with what appears to be the best line of attack. He led a diamond to dummy's king to guard against finding all three diamonds with East. He could not cope with all three diamonds in the West hand except by a first round finesse. When both opponents followed to the first diamond he led a club to his ace; ruffed a club, ruffed a spade back to his hand and ruffed his last low club. If that had been overruled he would have gone down but he could not handle five clubs in one hand under those conditions. The one overruled and the sun shone happily on Minneapolis.

NORTH ♠ 12
♣ 6 4 2
♦ K J 5
♥ 4
EAST ♠ A 3
♦ A K Q 2
♥ Q 9
♣ 10 8 5
(D)
♠ A 10 7 6 4 3
♦ A K Q 9 7

♣ 10 8 7 5 4 3

Neither vulnerable
West North East South
Pass 1 ♠ Dbl 1 ♠
Pass 3 ♠ Pass 4 ♠
Pass

Opening lead—♥ 5
The one spade response by North is normal and East has a takeout double of sorts. Not one to be proud of, but one he should make.
Each South player made the strong rebid of a jump to three clubs and each North rebid his spades to three.
Both Souths continued to four clubs and then came the parting of the ways. The Montreal North bid four diamonds. North went on to game and North passed.

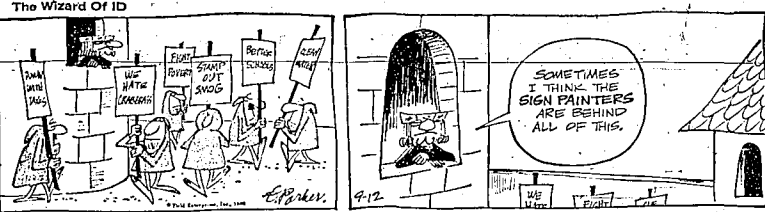

Lee of Minneapolis over your two clubs you'd paraded the winning bid of five hearts. He did not have you do now? much of a hand but he did hold three good diamonds and a

Tizzy

CARD SENSE
Q—The bidding has been:
West North East South
Pass 1 ♠ Pass 2 ♠
Pass 2 ♦ Pass 3 N.T.
Pass 4 ♦ Pass 7 ♠
You, South, hold:
♠ 7 ♦ K J 8 ♣ A 2 ♥ K Q 10 5 4

What do you do now?
A—Bid five diamonds. Leave it up to your partner to decide whether to go on.
TODAY'S QUESTION
Instead of bidding two spades you bid five hearts. What do diamonds. He did not have you do now? much of a hand but he did hold three good diamonds and a

Lengthy Odds Can Insure Relatives Won't Marry

Please relax sir, the odds are known to run 17,000 to 1 that upon the first pharmacy, established the first boarding school for girls, and built the first community water works with a purifying station. A remarkable group.
Customers serve Q: "Ask your Chief Progenitor what team will wind up first place in the National Football League." A: He says either the Dallas Cowboys or the Chicago Bears.
"A political candidate should be required to stand on one leg while delivering his campaign speeches. The instant the raised foot touches the ground, the speech is over. I've heard this practice was common in a South African tribe once. Any speaker who wanted to address the tribal meeting did so with a raised leg. It shortened the talks."
Such is the recommendation of an Indiana voter.
You're not just a seasoned citizen but a highly seasoned citizen if you can recall from the best experience when dry-old bread sold for 3½ cents a loaf. Show me a woman who keeps a hat tree in her foyer, and I show you a woman who can bake bread, book reads and play "The Old Oaken Bucket" by ear. . . . I guess the United States Bureau of Standards has made the incredible claim that a woman's date palms is one male tree reaction time behind the wheel of a car is more than nine times quicker than a man's. . . . If you can't figure out how much \$1 Billion is, look at it this way. That many \$1 bills laid end to end would encircle the earth almost four times. Got it?
-Did I mention the Moravians of Bethlehem, Penna., invented pretzels? Believe so. Didn't mention, however, they also set up the first pharmacy, established the first boarding school for girls, and built the first community water works with a purifying station. A remarkable group.

Minico Hosts Skyline And Oakley Invades Murtaugh In Friday Grid Features

Minico entertains the reigning Eastern Idaho Conference champion, the Skyline Grizzlies, and Oakley travels to Murtaugh for a test in the Magic Valley Conference in the features of this weekend's 14-game high school football schedule. In a top non-conference game, the Buhl Indians will go to Burley. The Minico-Skyline battle rates as a defensive war while the Oakley-Murtaugh game should get into some scoring if either team has a weak passing secondary.

Chicago, which won the Elitaur's last year, dropped Buhl in its opener 12-7 and defense generally was the key of the game. The Grizzlies also injured the Braves inside with 220-pound fullback Bill Fluke running well.

Inside and outside, Minico has been very grudging to opponents. The Spartans have split but in each instance their defense against rushing has been impressive. Minico's offense also checked much better in its second game after some spluttering against Twin Falls in the opener.

Murtaugh has been the talk of the Magic Valley Conference since the Red Devils opened so impressively against Valley. It wasn't that the Devils were so particularly physically overpowered. It was their timing and execution. The Stanger boys, Doug and Ron, give them inside running strength in fine passing. The Wood River defense buzz saw last week. Coach Gary Swan is depending on young backs in running. They must get mileage from them to make his air game work-or vice versa.

Last year Buhl nipped Burley 2-0 on the basis of a blocked punt in the first half. Now Coach Rod Hohnhorst has some of the key personnel back from that game—except tackle Andy Barton who blocked the kick.

Burley's game is defense and a hope for a little daylight. The Bobcats are using young men in key positions and Coach Rulon Budge doesn't feel offensive consistency is there. But the Bobcats have speedster Shultz and he is an all-time way threat on any play.

Jerome, still looking for its first win, will try to renew the four-year-old rivalry with Elko. The Tigers have been picking up some yardage in the air, particularly throwing to Brad Capps, but Elko's results have been negligible.

In the double-conference contest, the Filer Wildcats will host the Wendell Trojans in a feature. Filer has good firepower offensively and last week acquitted itself well defensively in defeating Soda Springs. Wendell has in the past been the best of the Trojans' best but in this one could be up Ron Beck's sleeve. A three-year starter, Beck showed good accuracy at times against Castleford. Wendell, however, will have to give him some time.

An arch-rivalry renews, with the Gooding Senators, now 1-1, traveling to Shoshone. The Senators won an easy one but last week ran into a highly-regarded Wallaive crew and were shut out. Shoshone lost its opener to Declo.

The battle of the Snake River canyon rim wages as Kimberly with the Burdigos' home to the valley Vikings. Valley has been enjoying the series most in recent years. Coach Bob Brumley's Vikings winning the last four meetings. Kimberly, unless this year, hasn't won by a total, turning the trick on Sept. 15, 1967. Valley has won by 193, 116 and 116.

Norwegian Kicker Is AFL Back Of Week

NEW YORK (AP) — Hank Stram, coach of the Kansas City Chiefs, is known as one of the most imaginative men in pro football, but he could even himself when he won a game Aug. 2 that was played until Sept. 5. That was the day when the Chiefs, en route to Cincinnati for an American Football League exhibition game, stop at Indiana State College at Ellettsville, Ind., to work out on the school's artificial grass football field.

It was that workout that helped Jim Tenerud kick four field goals against Houston Monday night and he named The Associated Press' offensive player of the week Wednesday.

"I learned some valuable things from that workout," explained Tenerud, a second-year pro from Norway who originally came to his country on a skiing campship.

"I learned that as I approach the ball my foot dragged. It sort of got caught in the turf, and it didn't stop there. I hadn't stopped there, I wouldn't have known what to expect at the Astrodome."

Apparently no other place-kickers knew what to expect either. In four exhibition games at Houston's Astrodome, only six of 20 field goal tries were successful. Then, Tenerud, who never had kicked more than three in a game, went in Monday night and nailed four—four—from 27, 33, 26 and 32 yards.

The last three were the only ones that were put in the end zone in the second half, and the last one in particular was most vital to the 26-21 victory. It came on fourth down, when the Chiefs had only one play remaining—a first down at Houston's 25-yard line.

There were those who thought the night's leading scorer and the field goal should be tried for the first down and then possibly another touchdown.

Stram explained, "It was a sure three points, and it was better to get that than nothing at all."

As luck turned out, those three points looked as big as the dome when the Oilers scored two more touchdowns and then converted a field goal at Houston 20-17 in the last two minutes.

In gaining the season's first offensive honors, Tenerud led off Dick Post, who gained 140 yards in 22 carries against Cincinnati—the Chargers. John Hind, who completed 20 of 37 passes for 325 yards, and R. C. Brunson, 13-116.

Horton 2 (35), Freehan 22 (22), California, Reichard 2 (20).

Horton Clouts Pair, Tigers Drop Angels

ANAHEIM (AP) — Willie Horton clouted his 34th and 35th homers Wednesday night, powering Detroit's American League lead over the California Angels.

Bill Freehan hit his 22nd homer and Dick McAuliffe and Don Tarkenton knocked in two runs to help the Tigers complete a sweep of the three-game series.

Despite the victory, the Tigers lead over the Oakland Athletics in Baltimore was reduced to eight games as the Orioles swept a doubleheader from Washington. But Detroit's lead over the Chicago White Sox, which had a 15-10 record, dropped to eight, with 15 games remaining.

Left-hander John Hiller, 8-5, earned 10 hits, including Rick Reichard's 10th and 20th homers.

Detroit — 052 009 100-8 12 0
Cincinnati — 001 001 000-10 2
Hiller and Freehan: Bruce Harrison (2), Ellis (3), Patin (6), Wright (7), Burzemeck (8) and Satriano, W.—Hiller, 8-5, L.—Brunson, 13-116.

New Mexico, Colorado State Might Decide WAC Last Place In Opener

By PAUL THOMPSON

The two teams picked most likely not to play in the Western Athletic Conference football this year, Colorado State University and New Mexico, open 1968 league play Saturday night in Albuquerque.

In intercollegiate games, defending WAC champion Wyoming leads on Nebraska at Lincoln and the University of Texas at El Paso plays the first of its seven home games against Santa Barbara.

The other conference teams—Arizona State and Utah—drop Jump into action until Sept. 21. Precision crystal ball gazers predicted Colorado State, which will play its first conference game on Sept. 21, would finish in seventh place, New Mexico, which has not yet won a game since 1965 and has five in the last three seasons, was picked to finish last.

New Mexico football coach Ben Foltman, in his first season as a WAC leader, doesn't seem to have any doubts about the numbers game. The Lobos squad line is down to a mere 40 players, and he said that he wants simple but disciplined offense.

Loba quarterback Terry Stone, the nation's statistical passer in college last year, will quarterback New Mexico's formation and a prominent figure in the New Mexico business is the David Bookert, the team's head coach. Bookert, the team's head coach, has led the Lobos to a record of 1-6 in his first year as a WAC leader.

Colorado State has more than half the

number in junior college transfers, 22, to go along with 10 players out of state and a sophomore crop.

Quarterback Jerry Moffatt is expected to handle CSU quarterback duties. Coach Mike Lude says his defense should have more depth and speed than in 1967. He calls safety Bill Kishman the best defensive back he has seen in 22 years of coaching. There's no six other returning starters on the Rim defense unit.

Wyoming, which will be trying to get back into the conference, drew a tough opponent in its opening bid to duplicate last season's triumph; its second game is against Utah in the season and a Sugar Bowl trip that turned into a 21-43 defeat to Louisiana State University.

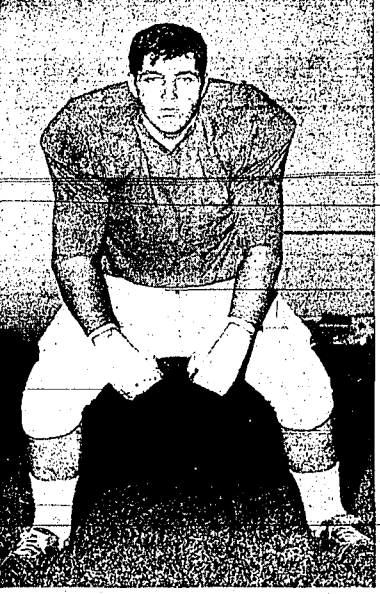

Elmer Skip Jacobson, who ran the Wyoming second unit a year ago, or sophomore Ed Synkowski will start at quarterback for the Lobos.

Elmer Skip Jacobson, who ran the Wyoming second unit a year ago, or sophomore Ed Synkowski will start at quarterback for the Lobos.

Besides replacing a quarterback, Elmer also is looking for new power and place kickers; the nation's statistical passer in college last year, will quarterback over for Jerry Dettusback, whose 40-yard field goals and a prominent figure in the New Mexico business is the David Bookert, the team's head coach.

Bookert, the team's head coach, has led the Lobos to a record of 1-6 in his first year as a WAC leader.

Colorado State has more than half the

Lombardo Asks Limit To Hydroplane Power

NEW YORK (AP) — Formula One Grand Prix driver Niki Lauda, who won the 1976 World Championship, has asked for restrictions on unlimited engine power.

"I'm suggesting they put a limit on unlimited racing. I think the rules should be changed so they have to run stock engines as they come from the factory. That's the only answer for the sport, which has had more casualties in the last two years than in the Indianapolis and LeMans auto races put together."

Lombardo said he has been in contact with Lester Staudacher, the head of the safety committee for unlimited racing, in his campaign to see "we get the sport back for the amateurs."

"Our aluminum boats are running so fast—160 to 170 miles an hour on the straightaways—that when they're skimming over the surface it's so easy for a gust of wind to flip them up, and then they just smack themselves to pieces when they come down."

Lombardo pointed out that all other sports, including auto racing, have limits placed on the size of motors, but not hydroplane racing. He traces the increase in speed—and therefore accidents—to the entry of industry into the sport in the last few years.

"What I'm simply suggesting is that they put a limit on cubic inches size of the motor," Lombardo said.

Redlegs Take Two Victories From Houston

CINCINNATI (AP) — Doubles by Vada Pinson and Johnny Bench yielded a six-run Cincinnati rally that carried the Reds to an 11-6 victory over the Houston Astros Wednesday.

Cincinnati took the opener 5-1 with Leo May driving in three runs on a bases-loaded double.

Pinch hitter Mel Green started the Reds' big inning with a one-out walk and raced to third when Pete Rose singled. A wild pitch brought Green-home with the tie-breaking run.

Then Pinson doubled, scoring Rose. Singles by Alex Johnson and Woody Woodward sandwiched around an intentional walk to Tony Perez secured two more runs and brought Cincinnati to the rally with his two-run double.

In the opener, May's seventh inning double broke open a tight game and earned Cincinnati its ninth victory of the season.

(First Game)
Houston 000 000 000—8 7 1
Cincinnati 010 200—11 6 2
Lombardi, Dukes (7), Shea (7), Houston (8), Dukes (8); Nolan and Bench, W.—Nolan, 9-2, L.—Lombardi, 10-14.

(Second Game)
Houston 001 010 301—6 12 2
Cincinnati 020 010 200—11 13 2
Burditt, Campbell (7), Shea (7), Houston (8), Dukes (8) and Brand; Culver, McGinn (7) and Abernathy (7), Carroll (9) and Corrales, Bench (9), W.—Abernathy, 10-5, L.—Shea, 3-1.

Twin Falls To Entertain Capital In South Idaho Conference Opener Friday

Two of the top three ranked teams in the state collide at 8 p.m. Friday in Brain Stadium when Twin Falls takes on the always rugged Capital Eagles in the Idaho High School Conference opener for both games.

The team after viewing the Idaho Falls game film. Basically, however, the team will line up the same as last week with two or three exceptions.

"We're hoping all the boys come back to their original positions after this game," Coach Thomas smiled. "This might sharpen them up a little."

Some shifts were made within the team after viewing the Idaho Falls game film. Basically, however, the team will line up the same as last week with two or three exceptions.

Met Rookie Stops Cubs On Two Hits

CHICAGO (AP) — rookie Jim McAndrew yielded only two hits, but needed some last-inning help as the New York Mets edged the Chicago Cubs 1-0 Wednesday.

Glenn Beckert's fourth inning single and a safety by Don Kessinger helped as the New York Mets edged the Chicago Cubs 1-0 Wednesday.

McAndrew, 2-7, was replaced by Bill Short after Kessinger's blow and Jerry Bucher's error on a grounder by Glenn Beckert put men on first and third.

However, Short got Billy Williams to pop out, before he was replaced by Cal Koonce, who retired Ernie Banks on a pop out. New York 000 100 000—1 5 0
Chicago 000 000 000—0 2 0
McAndrew, Short (9), Koonce (9), Groer; Jenkins and Hundley, W.—McAndrew 2-7, L.—Jenkins 17-14.

Braves Beat Giants And Marichal 3-1

ATLANTA (AP) — Pat Jarvis fired four-hitter and Hank Aaron's 27th homer powered the Atlanta Braves to a 3-1 victory over Juan Marichal and the San Francisco Giants Wednesday night.

Aaron unloosed against Marichal, 25-8, in the third inning with his 508th career homer giving the Braves a 2-0 edge.

The Giants cut the lead in half in the fourth when Willie Mays singled, stole second, and scored on Dick Dietz' single. Singles by Felix Millan, Aaron and Mike Tom accounted for Atlanta's final run in the seventh.

Gray Heads Membership Campaign For 1968 CSI Golden Eagle Boosters

Membership drive of the Golden Eagle Boosters got under way Thursday morning with the double goal of sustaining the basketball team at its current high level and laying away any surplus for eventual initiation of a football program.

Mike Gray will spearhead the campaign drive this year and 14 members of the board of directors will assist in the registration of the boosters.

The board met Wednesday night to formulate the campaign objectives.

Students Will Use Olympics As Lever

MEXICO CITY (AP) — Striking Mexico City college students openly warned the Mexican government that they intend to use the approaching Olympic Games as a lever to force concessions from President Gustavo Diaz Ordaz.

There have been no specific plans revealed on how the student strike leaders plan to use the Olympics to their advantage. One official building used by officials of the committee organizing the games has been evacuated since last week because of bomb threats.

4 Sox Errors Lift Yankees To 7-2 Win

NEW YORK (AP) — Four Chicago errors keyed a seven-run sixth inning, upsetting the Yankees 7-2 Wednesday night for their sixth consecutive victory.

Dr. Fager Is U.N. Winner; Eyes Laurels

ATLANTIC CITY, N.J. (AP) — Tartan Stable's Dr. Fager staked a strong claim for Horse of the Year honors Wednesday when he won the \$100,000 Nations Handicap in his first race on the grass.

Borah, Twin Falls and Capital Ranked In AP Grid Poll

By The Associated Press — It's a new season but it has an old look: Boise's Borah High School is in the No. 1 spot in the first Associated Press 1968 Idaho prep football poll.

CSI TICKETS are given to salesman Don Molesworth by Golden Eagle Booster membership director chairman Mike Gray. Booster President Carl Berg looks on. The Boosters will be selling memberships and season tickets for the next two weeks, the proceeds going toward maintaining the school's athletic dormitory. The group also hopes to build up sufficient reserve to start a football program in the near future.

Olson Gets Starting Nod For Vandals

MOSCOW (AP) — Steve Olson will be the starting quarterback Saturday for the University of Idaho Vandals when they tangle with the Montana State Bobcats.

Sweeney Says WSU Needs Confidence

SPOKANE, Wash. (AP) — Obviously more concerned over attitude than ability, new head football coach Jim Sweeney of Washington State University said Wednesday his team could be a winner "if we can get the players' confidence."

Antwine Cited For Defense Against Bills

NEW YORK (AP) — Commenting on Houston Antwine's off-season job as an insurance salesman, former teammate Jim Sweeney said Wednesday "his best customers should be quarterbacks."

Field Trials Slated For Hansen Butte

CHICAGO (AP) — Officials of the Chicago White Sox said Tuesday they have asked Joe Cronin, president of the American League, for permission to continue their policy of playing one baseball game with each American League club in Milwaukee.

Wen's DEPARTMENT STORE In The LYNWOOD

End Near On Road Efforts

State Highway Department work on State Highway 50 from Red Cap Corner to the Hansen Bridge is 95 per cent complete, according to Blaine Sessions, district highway engineer.

Mr. Sessions said the seal coating is nearly finished and all that remains to be done is the installation of directional signs and the islands must be filled in. He said Holmes Construction Co. is on schedule with their work. They have a 200-day contract. Mr. Sessions said the road should be opened by Sept. 22.

Other state highway work in the area is progressing well, Mr. Sessions said. Logan, Utah, Carl Nelson Co., Logan, Utah, has started paving 13.4 miles in the Hagerman Valley. His contract is for \$397,000. The same company also has the contract for work on highway 30 from Filer to Twin Falls. They will move in a second plant next week to begin paving.

CONSTRUCTION WORK on Red Cap Corner near Kimberly, which has long been known as the most dangerous corner in the area, is nearly complete. Blaine Sessions, district highway engineer, said the work is 95 per cent complete. Seal coating is nearly complete, but the islands must be filled in and directional signs installed.

Fugitive Tells Of Living 25 Years With False Identity Following Escape

NEWARK, N.J. (AP)—The 38-year-old fugitive from an Alabama prison who escaped 25 years ago while serving a sentence for killing a fellow convict could wait no longer to clear his conscience.

The slightly built, soft-spoken man walked into the office of the Newark Star-Ledger newspaper Tuesday and told his story to an editor.

Work should be finished Friday. The State Highway Department has advertised for bids for road mix and seal coating of the road between Flat Creek and Three Creek. These bids Berger and highway 30. This will be opened Sept. 24.

For most of the past 25 years, Clarence Clark has been living under the name of Calvin Johnson with his wife and his four children, all of whom know nothing of his secret.

"I just had to tell somebody all about it," he said. "Just call up Kilby Prison in Montgomery and they'll tell you it's true."

A telephone check to the prison by The Associated Press proved the story was true. Yes, authorities said, he had murdered a convict in prison and escaped in 1943 while serving a life sentence. A warrant for his arrest and extradition would be sent today, they added.

Clark said he hopes his good

record over the last 25 years will save him from going back to prison, because he said he won't return.

The story he had to "tell somebody" was one of a boy who was orphaned when he was five, befriended by a farm family in Georgia until he was 12, when he ran away after someone told him they would lynch him because he was a Negro.

He said he went to prison a year later for burglary and claims he murdered a fellow convict who had been terrifying convicts and guards with brutal beatings.

"The first night he beat me up all night long," Clark said. "He

had a letter opener and when he started out to chow through the cell block, I grabbed it and went for him. The papers said I stabbed him 26 times until he died. I had to. He was hitting me and hitting me and I knew he'd kill me."

Clark lives in Colonia and works as a porter at a South Plainfield plastics plant, where a company spokesman said he has a good record and is well liked.

Mrs. Johnson, who works at a state school for retarded children, learned of her husband's surrender from police. He had never told her of his secret.

"I'm sorry I didn't warn you, but it's for the best," he told his wife by phone after his surrender. "Now I can devote my life to God."

State Employees Begin Program

of Employment begins today in Boise. Department director C. L. Worsley said the sessions are being directed by Dr. Ray Lowe, a faculty member of the University of Oregon and a regional

counseling consultant for the U.S. Bureau of Employment Security.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: My mother died 2 years ago, and my father got married again last May. He married a very nice woman and I like her a whole lot, but Abby, I just can't call her "Mamma." I have tried, but when I do it makes me feel so bad I have to go away somewhere and cry alone. I loved my own mother so much, no one will ever be able to take her place. I have three younger brothers, and when I hear them call their new wife "Mamma," it hurts me so bad inside.

I don't have anything against this lady, but I just can't call her "Mamma." What should I do?

SAD 12-YEAR-OLD

DEAR TWELVE: Your Daddy's new wife doesn't expect you to love her as you did your own mother, nor does she want you to "hurt inside." So don't make comparisons, and don't feel guilty if you can't call her "Mamma." This woman has come into your home to make your Daddy happy and to help him raise his children. She must be a wonderful woman. Give her a chance.

DEAR ABBY: After a long, unhappy marriage which ended in divorce, I married a widower. He is a very successful small town merchant who is very much admired in his community and church. We are very happy, but here is my problem:

I find that my husband pockets a part of each day's cash sales to avoid paying so much income tax.

How serious an offense is this, and what can happen to him if he is caught? I dare not ask anyone but you. Please answer in the paper and tell me what to do. I love him. **WORRIED.**

DEAR WORRIED: This is a VERY serious offense, and if caught, he can be fined and sent to prison. So if you love this crook, tell him to keep his duke out of the cash register.

DEAR ABBY: My husband's sister, Marcella, and I have been very close for years, so naturally, when Marcella became engaged, I expected her to ask me to be a bridesmaid at her wedding. You can imagine how hurt I was when she passed me by and asked her fiancé's two sisters who both live out-of-state. I wouldn't have minded so much but she had never met either one of them.

As it turned out, one of the girls cannot make the wedding, so now Marcella has asked ME to be a bridesmaid. I have been so hurt by this that I don't know what to do. Can you advise me? —**SECOND CHOICE**

DEAR SECOND: If it would give you pleasure to be Marcella's bridesmaid, accept. You would gain nothing by turning her down just to show your hurt.

CONFIDENTIAL TO "BORED AND BLUE" IN PHOENIX: The best cure I know for boredom and the blues is to turn one's attention to those who have "real" troubles. Get interested in hospital volunteer work, or crippled children, or mental health, or the disadvantaged. Just listening to someone else's problems can be the best medicine in the world for both of you.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069 and enclose a stamped, self-addressed envelope.

MISS IDAHO, Karen Ryder, participated in the nuclear display, "This Atomic World," at the Western Idaho Fair and literally brought to life the nuclear state seal using a live dove from her magic portfolio. The dove in the seal holds an olive wreath transmuted into an atomic orbit that signifies the establishment of the peaceful atom in the State of Idaho. Looking on are Steve Starling, atomic exhibit manager; Gov. Don Samuelson and Gene Rutledge, executive director, Idaho Nuclear Energy Commission.

Reunion Held
WENDELL—Mr. and Mrs. L. E. Mecham and Mr. and Mrs. Denmore Wilcox were hosts for the Wilcox family reunion recently at the Mecham home. Mr. Wilcox and Mrs. Mecham are brother and sister. A fish dinner was served. Out-of-town guests were from Boise, Preston, Idaho Falls, Heyburn, Salt Lake City, Logan, New Jersey and California. * * *

Magic Valley Favorites
 MRS SANDRA GOLAY
 Box 266, Hansen

Pasties
 Make a pie crust as you would for a regular pie. Roll out the dough and cut into 8-inch rounds. Top each round of dough with the following mixture:
 1/4 to 1/2 pound round steak, cubed
 1 large potato, cubed or grated
 1/2 onion, finely grated
 Salt and pepper
 1 pat butter
 Fold pastry over as with an apple turnover and seal edge. (Optional — make a slit near

center and put a teaspoon of water through this slit before baking.) Adding water will prevent dry pasties.
 Bake on ungreased baking sheet for 45 minutes at 425 degrees.
 (The Times-News will pay \$3 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.)

They're just too beautiful

These boots were made for walking, prancing, cantering. The skinny look of a knee-high one piece sock-shoe. Right for midl or mini lengths.

Fall Fashion Fabrics

LEFT: Fashion's newest Suiting Fabrics of 2 ply 45" and 54" width, 45% bemberg, 40% plied rayon and 15% acetate. All completely machine washable. An array of colors in checks, plaids and solid colors, \$1.98 and \$2.98 yd.

RIGHT: 100% orlon acrylic in the brightest of prints found anywhere. Choose florals, abstracts, mosaics. Available in regular fabric at \$2.98 yd. or with the bonded backing at \$3.98 yd.

RECEIVING TOP HONORS as outstanding 4-H models during the Twin Falls County Fair are, from left, Eynody Ronk, Twin Falls, modeling her two-piece suit, first in the

senior division; Kathy McCandless, Filer, showing a knitted sweater and slacks, second in the senior division, and Kathy Gross, Twin Falls, modeling a robe, first in the junior division.

Preceptor Degree Is Conferred

BUHL — The Preceptor degree was conferred on 10 members when the Preceptor Chapter of Beta Sigma Phi met at the home of Mrs. Don Wright.

Women receiving the degree were Mrs. Don Hicks, Mrs. Jack Joslin, Mrs. Max Smith, Mrs. Don Wright, Mrs. Charles McManaman, Mrs. John Miracle, Mrs. Jack Skinner, Mrs. Gene Hopkins, Mrs. Ted Diehl and Mrs. Fred Kambrich.

Mrs. James H. Shields was a guest at the meeting. Mrs. Max Smith, who is leaving to make her home in Tacoma, Wash., was presented a gift. Mrs. Don Hicks was elected secretary of the chapter.

Refreshments were served by the hostess at the close of the meeting. Organizational details of the newly formed chapter were discussed during a meeting at the home of Mrs. Jack Joslin. Discussion was held on locating a service project for the year.

Mrs. Don Wright was in charge of the program. The next meeting is at the home of Mrs. Hicks.

All washed up at 5 1/2.

All she did was get her playsuit dirty. All mom did was wash the playsuit in White King D detergent. And look what happened. Suds control rinsed the dirt out completely. Borax made the playsuit smell fresh as a flower. Power brighteners kept the colors crisp. Dishes and fine fabrics get the White King treatment, too. With White King Liquid detergent. This hard-working pink lotion liquid is gentle as a lamb to hands. Which makes mom

happy. After all, dirty dishes pile up fast. Don't bet on that playsuit staying clean very long, either. Because kids are kids. And White King is White King. So she'll look all washed up again in no time.

Social Calendar

Country Pals Club will meet at 2 p.m. Friday at the home of Jean Robinette, 739 Eastland Drive.

American War Mothers will meet at 2 p.m. Friday at the American Legion Hall.

HANSEN — Friendship Club members will meet at the home of Mrs. Ogil Wall, with Mrs. Thomas Steelsmith as program chairman, at 2 p.m. Sept. 19.

HANSEN — Excelsior Social Club members will meet Sept. 19 at the home of Mrs. Clara Thompson with Mrs. Kilborn as program chairman.

HANSEN — Members of the Latwah Club will meet Tuesday with the place to be announced later. Plans for the program for the coming year will be discussed. This will be the initial new year meeting.

Meeting Slated

Twin Falls Chapter Society of Daughters of the American Revolution will meet at 1 p.m. Monday at the Rogerson Hotel Colonial Room.

Mrs. William Bernard Welsh, state regent, will be honored as she makes her official visit there. She will give her official report of her trip to Continental Congress in Washington, D.C.

Members are urged to attend and bring a prospective member.

Area Rebekah Lodge Deputy Is Announced

GOODING — Mrs. H. M. Thompson was chosen lodge deputy for Marguerite Rebekah Lodge No. 88 at a regular meeting at the IOOF Hall. Members met after a summer recess for a salad bar, followed by the regular meeting.

The next noble grands were in attendance. Thirty-four sick calls were reported, and members told of summer activities of the lodge.

Delegates to the State Assembly to be held in Twin Falls included Mrs. Thompson, first delegate; Mrs. Zella Pace, second delegate, and Mrs. Harry Dredrick, third delegate. Members were advised of a fun night Oct. 15 in Twin Falls in connection with the State Assembly. Members are asked to come in costume, and Mrs. Robert Montgomery, Mrs. Don Loper and Mrs. Jessie Renner were named to a committee to plan a skit for the evening.

The program included a report on Chile and lodge activities there by Mrs. Ernest Eubanks, and a talk by Mrs. Robert Bryson on her recent trip to South America.

The Tuesday meeting will be Past Noble Grands Night, with all officers and past noble grands requested to wear formal. Program and planning committee members are Mrs. Master Mink, Mrs. Mable Breitz, Mrs. Don Carrico and Mrs. A. V. Carter. Hostesses are Mrs. Earl Driesel, Mrs. Francis Guinn and Mrs. Dredrick.

Topic Study Is Presented

FILER — Susan Lutz was in charge of the topic study of Peace Walther League at the church. Connie Lutz presented the opening devotional service.

Reports were given on the recent convention held in Clarksburg and the group made further plans for the rally which will be held in Peace Church Oct. 20. Theme for the rally is "Getting the Church on Fire." Committees were assigned and duties designated.

Mr. and Mrs. Reuben Lierman are new counselors. Delia Kellogg served refreshments.

Marian Martin Pattern

9037 SIZES 10 1/2-20 1/2
by Marian Martin
FOR HALF SIZES
Low-waist blouses in a new way with fitting lines. Show this graceful price in knit, crepe, blends for seasons of flattery.

Sixty-five cents in coils for each pattern — add 15 cents for each pattern for first-class mailing and special handling. Send to Marian Martin c/o Times-News, 305, Pattern Dept., 212 West 18th St., New York, N.Y. 10011. Print name, address with zip, size and style number.
What's new for fall? 107 answers in our fall-winter pattern catalog. Free pattern coupon in catalog. Send 5c.
Now instant sewing book — shows you how to sew it today, wear it tomorrow. Over 500 pictures. Only \$1.

MR. AND MRS. LLOYD REHM (Album photo)

Kala Gresky Is Bride Of Lloyd Rehm

BUHL — Kala Gresky, Las Vegas, Nev., daughter of Mr. and Mrs. Mel Gresky, Buhl, became the bride of Lloyd Rehm, Las Vegas, son of Mr. and Mrs. Roy Rehm, Richland, Wash., in rites Aug. 10 at the Buhl Presbyterian Church.

Rev. Mr. Marier of the First Christian Church, Buhl, performed the single ring ceremony.

The bride, given in marriage by her father, wore a short-sleeved street-length gown of imported lace of daisy design. She wore a band of staphenotis in her hair.

Mrs. R. W. Reese, Twin Falls, sister of the bride, was matron of honor, with R. W. Reese as best man.

A dinner was held after the ceremony at the Blue Lakes Country Club.

The couple will reside in Las Vegas, where the bride is a junior high school counselor and the bridegroom is employed at Jet Propulsion Laboratory.

Juanita Harris Is Engaged To Michael C. Rose

SHOSHONE — Mr. and Mrs. William R. Harris announce the engagement of their daughter, Juanita, to Michael C. Rose, son of Mr. and Mrs. Florin Rose, all Shoshone.

The bride-elect is a 1967 graduate of Shoshone High School and has completed a year of study at Ricks College. She is currently employed at First Security Bank, Shoshone.

Mr. Rose, formerly of Lodi, Calif., moved to Shoshone with his parents in 1966. He was graduated from Shoshone High School in 1967 and has completed a year of study at Brigham Young University and Utah State University.

He is employed with his father on the family ranch.

A December wedding is planned in the Logan LDS Temple. The couple will reside in Logan, where they will resume their studies at Utah State University.

Styled For Rain

Rainwear moves to new fashion peaks, adapting the high style taking hold in topsuits and outercoats. The look comes through in wet and dry weather. In contoured double-breasted styling, both deeper vents and big collars, guided by new colors both inside and out.

FRANKLY FEMINE
The most romantic look under the stars might well be the frankly feminine appeal of junior date dresses, in soft, drapable fabrics, with easy-fit silhouettes.

JUANITA HARRIS

Waiting Wives Meeting Noted

WENDELL — The Magic Valley Waiting Wives Organization is attempting to get in touch with all the wives of servicemen who cannot be with their husbands. This group holds meetings of all types for both fun and profit. It is a meeting place for young women with common interests and problems. A spaghetti dinner is being planned for Saturday evening in Twin Falls. The group would like to know how many from Gooding County would like to attend.

More information can be obtained by calling Mrs. J. C. Miller, Wendell, secretary of Gooding County American Red Cross. Calls can be made to 636-2071 during the day and 536-2592 after 5 p.m.

Donna L. Hata, Speets Exchange Nuptial Vows

SHOSHONE — Donna Lynn Hata, daughter of Mr. and Mrs. William V. Hata, was married to Ernest Ray Speets, son of Mr. and Mrs. Orville R. Speets, Kooksia, in a ceremony Aug. 26 at Christ Church Episcopal, Shoshone, with Rev. John F. Turk officiating.

The bride, given in marriage by her father, wore a floor-length gown of white-peau-de-sole, fashioned with an empire waistline, long sleeves and lace trim.

Mrs. Joyce Burbank, sister of the bride, was matron of honor. Alvin Kay Speets, brother of the bridegroom, was best man. Ushers were James Speets, Kooksia, and Richard Neher, Shoshone.

Katie Hansen was organist. A reception was held after the ceremony at the Manhattan Cafe. Mary Gayle Hata and Louise Struchon were in charge of gifts. Flowers were blue and white chrysanthemums.

The three-tiered wedding cake was baked by Mrs. Lester Johansen, Richfield, and was decorated in blue roses and silver leaves, with white pillars and topped with wedding bells. Cake and punch were served by Mrs. Sam Ogawa, Mrs. Paul Orishi and Sunny Onishi, aunts of the bride.

Others assisting with the reception were Mrs. Clarence Sam Ogawa, Mrs. Paul Orishi and Mrs. C. L. Peterson Sr.

Guests attended from Kooksia, Boise, Paul and Shoshone. The bridegroom is a student at the University of Idaho. The

Women's Section

Author Of Pioneer Books Set To Speak At DUP Meet

Kate B. Carter, author of many pioneer books, will be the main speaker at a Daughter of Utah Pioneers convention held in Twin Falls Friday at the LDS Stake Tabernacle on Maurice Street North.

Sessions begin at 10 a.m. and 1 p.m. Luncheon will be served at noon. Counties represented will be Cassia, Minidoka, Jerome and Twin Falls.

To become eligible to belong to this history gathering organization, one must have a direct lineal descendant of a pioneer. This may include a parent, grandparent, uncle or aunt. The descendant pioneer must have settled in Utah before the railroad, May 10, 1869.

All Western university libraries have the richest source of pioneer lore in these fine books written by Mrs. Carter, central president of the Daughters of Utah Pioneers, Salt Lake City. Books in the local library, written by Mrs. Carter include a complete set of 12, "Heart Throbs of the West," six-volume set of "Treasures of Pioneer History," seven volumes of "Our Pioneer Heritage," and volumes eight, nine and 10 of "Pioneer Days."

new Mrs. Speets is a third grade teacher at Whitney School, Boise.

This set will be presented to the Twin Falls Library by Mrs. Carter Friday.

A Pioneer Memorial Building is located in the heart of Salt Lake City, erected and maintained by the "Daughters of Utah Pioneers." The many historic relics and pictures of pioneers can be seen at this spacious three-story building. Thousands of visitors, young and old, are admitted to the memorial building.

All daughters having pioneer dresses are urged to wear them at this convention. Reservations for the luncheon should be made with each camp captain or Mrs. Arriel Green, 733-2542.

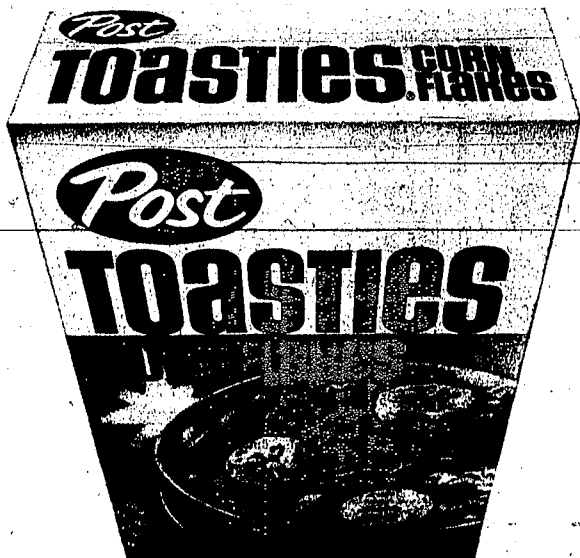

Mrs. Carter will speak at a five-county convention in Boise Saturday.

VISIT SLATED

WENDELL — The grand guardian of the International Order of Job's Daughters will make her official visit to Wendell Bethel No. 12 Sept. 24. Members of Bethel No. 12 met this week for a practice session. All members are reminded to bring their 50 cents to assist with the grand guardian's project, the Shriner's Hospital.

WE WANT YOU, YOUNG MAN!

Because you're bright . . . and ready to shoulder the responsibility of managing your own Times-News newspaper route business.

As a Times - News Carrier-Salesman you'll earn your own spending money and still have time for your studies and other activities. And you'll have the opportunity to earn personal recognition, cash awards, bonus gifts and fun-filled trips.

You'll be part of a swell bunch of guys, too . . . guys your own age who are well-thought of by the community for the job they perform.

Don't forget, many prominent men started up the ladder of success as newspaper boys. Here's your chance to take that first big step. Fill out the coupon below and mail it in today. You will be personally contacted by the District Sales Advisor for your neighborhood.

I am 11 years old (or older) and interested in managing a Times-News newspaper route in my neighborhood.
