SPRUCE AND SHINING as it hasn't been for years is the Union Pacific railroad station at Ketchum. Workers have been cleaning up and making everything spic and span for the last week or so in preparation for the arrival Tuesday of the banking figures from all over the world. The bankers are gathering for an informal meeting in advance of a World

Bank meeting scheduled later this month in Washington, D.C. To prepare for the visit, Union Pacific officials have destroyed the station in Halley and cleaned up the lot, and have cleaned up or painted other stations between Sun Valley and Seattle. It has been reported. The officials are to come in three trains from Seattle to Sun Valley.

Ketchum Shines, Bankers Due

SUN VALLEY — A scheduled meeting of nearly 250 world banking officials beginning here Tuesday evening is responsible for a large security buildup and the "repainting of many" train stations between here and Seattle. The Ketchum train depot, part of the Union Pacific network, has been painted and work has been done to clean up the area surrounding the station. In Halley, the train station was destroyed and the yard cleaned up several weeks ago. State police officers are beginning to gather in the Sun Valley area and along the train route in South Idaho in preparation for the arrival of the dignitaries.

The occasion is a gathering of bankers from throughout the world. They will be accompanied by their wives and staff members. This meeting will precede an official World Bank Association meeting in Washington, D.C., later this month. Most of these officials attending the Sun Valley meeting are members of the World Bank.

The Sun Valley gathering was thought about, it was reported, as a birthday celebration of a New York City firm, Roland Harriman is an official of that firm and is also a high official in the Union Pacific Railroad Co. He is the brother to Paris Peck, talk negotiator Averill Harriman. Rumors still are circulating around that Averill Harriman, along with Robert McNamara, former Secretary of Defense and now head of the World Bank, are to be in town.

Rupert Wins Case On Annexation

By LIZ BOLTON
Times-News Correspondent

RUPERT—The Grandview Addition Citizens' Committee, a group of landowners opposing annexation of the area to Rupert, lost a five-month struggle to keep the addition out of the city Friday afternoon when Fifth District Judge Theron Ward ruled in favor of the city.

The action was on a complaint filed by representatives of the group of about 40 landowners, who claimed that annexation proceeding against the addition and sections of the Meridian Road area were illegal.

Judge Ward had earlier issued a temporary injunction against the city until the matter could be settled.

Rupert Mayor Wendell Johnson told the Times-News that as soon as the order is signed by Judge Ward, city services such as street lighting, garbage disposal, and police and fire protection, would be restored to the area.

Mayor Johnson also said that

JET SPRAYS FOR TEETH

Q. Recently I have seen out in magazines just a device to clean teeth by means of a stream of water. Is this method both safe and effective?

A. Such devices may be useful to supplement the toothbrush but there is no evidence at this time to support claims that the jet spray itself is efficacious for cleaning the teeth. In fact some concern has been expressed about the possible harmful effect of this type of device. Here again, however, there is no evidence at this time to substantiate or disprove this contention.

WASHINGTON (NEA) — Pondering the cute little forgery project which apparently misled Chicago gang leaders some \$25,000 in anti-poverty funds, the innocent bystander is prompted to ask what an earth the Justice Department does for a living these days.

Department handwriting expert, were submitted to Justice late last May or early June. Acting Director Bertrand Harding of the Office of Economic Opportunity (OEO), says Justice declared there was not sufficient evidence to warrant a criminal investigation. It was "understood" that Justice could not undertake the investigation any way, because most of the original records were still being held by Sen. John McClellan's Investigations Subcommittee.

At any rate, McClellan has now turned over the originals to Justice for its "urgent" attention. Clark's gunshots may find them blind, but the taxpayer doesn't.

Ever since the space age began, we have become increasingly aware that earth itself is a spaceship, with a vast but ultimately limited supply of life-supporting resources. Just as space scientists are devising methods for future travelers on extended voyages into the cosmos to convert and reuse all kinds of wastes, down-to-earth research is forging forward on a variety of fronts to find ways to deal with the accumulating by-products of our "recycled" society.

BRUCE BLOSSAT

major polls this summer showed Vice President Humphrey, not McCarthy, as the favorite of rank-and-file Democrats in the nation. Having lost six of eight contested primaries he entered, McCarthy had no over-riding vote evidence to offer as an offset.

Nomination System Works

WASHINGTON (NEA) — The winter meetings of the Republican and Democratic National Committees may give at least preliminary consideration to the new bipartisan proposals for reform of nominating processes for the presidency.

Some of McCarthy's supporters, and some seasoned political observers who ought to know better, have gone so far as to suggest that the consistently victorious Nixon, by the usual means, their cries of unfairness, their call for changing the rules in the middle of the game, are not the real reason we're starting to get our first reports on crowd estimates.

What makes this so dangerous for Humphrey is that the front soldiers here are now on Unruh's side. In danger of political isolation a few years ago, he has built a new coalition with erstwhile enemies in the party's left wing (including the CDC and Young Democrats). Thus, even if Humphrey cannot turn the campaign over to Unruh, he needs to blend the Unruh coalition into it.

That leaves his campaign controlled by anti-Unruh elements, giving the Unruh camp sufficient provocation for a national effort in behalf of the national ticket. Indeed, this was suggested last weekend during two meetings, one public and one private.

California Democratic Council (CDC), argued identification with Humphrey might defeat local candidates. Holsinger insisted that Humphrey must move leftward on Vietnam and the law-and-order issue. Even Assemblyman John Burton, the Congressman's younger brother dissented.

Easy With Salt

Dear Dr. Molner: Is excessive use of salt harmful? I know a family with three small children. The father literally pours salt on his meat and vegetables and the children follow his example.

Remember that most of the food we eat contains natural salt, especially meat. But the amount is small in plant foods—fruits, vegetables, and grains. Meat, such as cattle, are provided with salt blocks or salt licks.

Just How Big?

WASHINGTON — Now that the presidential election campaign is well under way, we're starting to get our first reports on crowd estimates. Estimating the size of crowds that come out for a presidential election is one of the most exacting sciences there is, and can have a tremendous psychological effect on the outcome of the election.

Guitarist Gains Fame

LAS VEGAS (AP) — Jose Feliciano, who is blind, has become a celebrity for two years in South America, but the 23-year-old singer-guitarist is just gaining fame in this country.

His single record of "Light My Fire" has been climbing on record charts since it was issued in June. On Aug. 31 it was No. 3 on the best-selling chart.

"I didn't know whether an American record would make it," he said in an interview before his show with Bobbie Gentry in Las Vegas. "I made three others and my mother bought most of the copies."

Feliciano has been blind since birth but says he would have become a musician anyway, although he might have considered playing baseball.

"I play catch, ride horseback and go water skiing," he said.

The self-taught guitarist moved to New York from his native Puerto Rico as a child, and as a teen-ager performed in coffee houses in Greenwich Village. When he was 17, RCA Victor signed him to a contract and he soon appeared on television.

Feliciano, who speaks English and Spanish equally well, toured Argentina in 1966 and immediately became a hit with South Americans. Early this year he decided to appeal to people in the United States with his new album, "Feliciano," and single, "Light My Fire."

In both he combines his Spanish-style guitar-playing with blues singing style.

Feliciano's wife Hilda and his dog accompanied him on his first trip to Las Vegas, but he remembers unhappily one time his dog was taken away.

"I'll never perform in England again until they let my dog in," he said.

Feliciano appeared without the dog, he said, while she was penned up because of rabies quarantine law.

Knitwear Notes

When buying sweaters and knitwear good construction means they will hold up longer with proper care. Full-fashioned garments are knit to shape and have the "fashion" marks at the seams. Cut and sewn garments are cut from a flat fabric and sewn together. This process is less expensive than full-fashioned and usually the garment doesn't fit as well. Closer knit holds the shape better than loose-knits unless the latter have been lined or spe-

cially treated. In buying knit look for round loops. Knits with elongated loops tend to stretch, shrink and generally lose their shape in cleaning.

Dear Abby

DEAR ABBY: What does a wife (recently married) do when she discovers that her husband talks in his sleep? He is in military personnel and handles highly confidential material. Please forward some solutions as this is no joke.

HEARS A LOT

DEAR HEARS: Tell your husband that he talks in his sleep. As for solutions: I can recommend adhesive tape for HIS mouth and ear plugs for YOUR ears.

DEAR ABBY: My husband and I have a very disturbing problem and would like your opinion.

A certain member of our family is living with a woman other than his wife. We live in a distant city and they are planning to visit us soon. It is assumed that we will provide overnight accommodations for them. Others in the family have given them a bed together.

We do not approve of this set up, but don't know exactly how to handle the situation. Any suggestions?

WANTS TO DO RIGHT

DEAR WANTS: Disapproving as you do, don't provide them with a bed together!

DEAR ABBY: I am 20, married to a wonderful man and have a 6-month-old child. My problem is an extreme case of jealousy.

I won't let my husband watch certain shows on television because I'm jealous of the girls in it. I also cut all the pictures of pretty girls in bathing suits and revealing dresses out of the newspaper and magazines so my husband can't see them.

You are probably wondering why my husband puts up with this. Well, I sometimes wonder, too. I'm just lucky, I guess, that my husband has never given me any reason to doubt his love.

MINI KAPUT?
Fashion authorities are predicting for this fall a variety of skirt lengths so we can all have a choice. We'll see mini and maxi lengths but the majority will be in the knee or just above the knee. Is the mini fini?

Social Calendar

HANSEN — Latwah Club members will meet at 2 p.m. Tuesday at the home of Mrs. Clarence Hollifield. This is the first meeting of the new year and plans will be made for programs.

JEALOUS BUT LUCKY

DEAR JEALOUS: A certain amount of jealousy is normal. It's caused by a combination of basic emotions. (The desire for love and attention, fear of losing love, and lack of self confidence.) Since you don't doubt your husband's love or faithfulness, and have no real "rivals," you are probably suffering from lack of confidence.

If you insist on cutting out those paper dolls, and try to keep your husband in "blindness," I recommend professional help. You may not be "lucky" forever.

CONFIDENTIAL TO AFK IN HILLSBORO, ORE.: I write only six days a week because the Lord said that on the 7th day man should rest. So "7" and "83" to you, too, Ari. It's nice to be missed.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Calif., 90069 and enclose a stamped, self-addressed envelope.

Cowboys Rout Lions Behind Hot Meredith

DALLAS, TEX. (AP) — Quarterback Don Meredith turned the boos of the fickle Dallas fans to cheer Sunday with two touchdowns passes and the rookie quarterback's defense with four interceptions for a 59-13 National Football League victory over the Detroit Lions.

Bills Fire Coach After 48-6 Defeat

BUFFALO, N. Y. (AP) — Joe Collier, who dropped from the top to the bottom during his two and a fraction seasons as coach of the Buffalo Bills, was fired Sunday by the American Football League club.

The announcement followed Buffalo's second loss, a 48-6 trouncing by Oakland in Buffalo, which left the Bills in the Eastern Division cellar after two weeks of the season.

Johnson, 49, of Bridgeton, N.J., came to the Bills as defensive backfield coach and kicking coach in 1960 and became director of player personnel in 1962.

He turned to coaching after a playing career as a fullback at William and Mary and Hamilton College Naval Station, and a defensive back and place kicker for the New York Yankees of the old All-American Conference.

Johnson joined the Hamilton Tiger Cats coaching staff of the Canadian Football League in 1953 and then took over the Kitchener club of the Canadian Rugby Football Union in 1954 and won four straight titles.

He joined the current coaching staff in the CFL for the 1958-59 seasons before coming to Buffalo.

Wilson said Johnson will have the authority to name his own assistants.

Collier, 36, joined the Bills' coaching staff in 1962 and replaced retiring Lou Saban as head coach after Saban led the Bills to their second consecutive AFL title in 1955.

The 1956 club made it three division titles in a row before losing to Kansas City in the championship contest.

The new injuries struck the team. With 24 players, many of them regulars, missing at least one game and some sidelined for the season, the Bills had a 4-10 record last year, their worst in an eight-year history.

The injuries continued to plague them in preseason this year as quarterback Jackie Kemp was lost for the campaign in a scrimmage ordered by an angry Collier after a poor exhibition showing. He missed several other regulars on the sidelines and the Bills lost to Boston last week and then defeated league champion Oakland.

open air Raasonda Stadium on the night of his fight with Patterson. Ellis went to a hospital soon after the fight and had seven stitches taken in a cut near his right eye. His nose suffered a small fracture in the first round. The thumb on his left hand also was fractured, and he had a bad bruise under his left eye.

Ellis, 28, who comes from Louisville, Ky., said: "I would like to take a break from boxing for at least two months."

Paterson, the 33-year-old from New York, woke up with only a bruise on a cheek.

"I was shocked at the result," Paterson said. "My corner told me to cruise in the 15th round. That's what I did. And then the referee raised Jimmy's hand. I was shocked. But I must say that I regard Ellis as one of the nicest fighters I've met inside and outside the ring."

Patterson now became the youngest world heavyweight champion in history by knocking out Archie Moore in the fifth round in New York, Illinois. "I think I'll throw in the towel. Then I think I would like to fight Ellis again. I just cannot make up my mind at the moment."

Ellis owns the major portion of the world crown following Cassius Clay's disposal as champ because of disapproval over refusal to be drafted into the Army.

Joe Frazier is recognized as champion in New York, Illinois, Maine, Pennsylvania and Massachusetts.

Angelo Dundee, Ellis's manager, said: "We've got so many offers for Ellis that there are no problems. I'm a very happy man."

Ellis, former sparring partner of Frazier, now has won 27 fights and lost seven and drawn one.

Ellis got a guarantee of \$125,000 and Patterson 20 percent of the total take, expected to be in the region of \$400,000.

Stockholm's Sunday newspapers harshly criticized the referee's verdict.

"Floyd cheated of victory," was the headline in Stockholm's mass circulation Expressen.

"Ellis could not even attend his own victory party," was the headline in Dagens Nyheter.

"U.S. experts agree—this was highly unprofessional," was the headline in the Atlanta-Journal-Constitution.

Colts Top 49ers Minus Unitas As Earl Morrall Takes Over

BALTIMORE (AP) — Earl Morrall, filling in for injured quarterback Johnny Unitas, rebounded from having his second pass of the game intercepted for a touchdown Sunday and pitched the Baltimore Colts to a 27-10 victory over the San Francisco 49ers.

Morrall passed for two touchdowns and set up another to provide the Colts with an opening victory for this National Football League season. The 12-year veteran was obtained only three weeks ago from the New York Giants.

Morrall's Baltimore debut began with a stunning effect on the 54,874 fans. The second pass he tried following the kickoff was blocked by Roland Lakes, 6-foot-4, 49er tackle, and caught by defensive end Stan Hindman, who ran the 25 yards to the goal.

Before the period ended, however, Morrall worked the Colts on a 23-yard touchdown drive to tie the score on a one-yard pass to Tom Matte.

No more of his passes were intercepted and Morrall threw touchdown shots of eight yards to rookie end Tom Mitchell in the second quarter and 16 yards to Jimmy Orr in the third.

Michaels chipped in with field goals of 24 and 22 yards and three extra points for the Colts.

Meanwhile, the 49ers were un-

able to score a touchdown on offense and to recover a fumble on defense.

Each of the four knocked in a run and reliever Cecil Upshaw checked off an eighth-inning rally as rookie left-hander George Stone gained his seventh victory against three defeats.

A single and stolen base by Aaron set up a run-scoring double by Torre in the first inning. Stone singled home a run in the second. Singles by Marty Maritz and Felipe Alou started a two-run rally in the fifth inning. Mililan's single and a sacrifice fly by Aaron drove the runs in.

A single by Torre set up a run-scoring single by Lum in the eighth inning.

Stofa Fires Bengals Over Broncos 24-10

CINCINNATI (AP) — John Stofa fired two long touchdowns passes Sunday, leading Cincinnati to a 24-10 triumph over the Denver Broncos.

Stofa, who started his home professional debut with a 24-10 victory over the Denver Broncos, lost their opener to San Diego, blew a 10-0 advantage but roared back with two fourth quarter touchdowns to seal the decision.

A crowd of 25,049 watched former Cleveland Browns' Coach Brown pattern his first grid triumph in five years.

Neither team mustered much of an attack in a scoreless first half. But the AFL expression soon broke into the scoring when Stofa Livingston blasted a 49-yard field goal early in the third quarter and three minutes later Stofa teamed up with flanker Bob Trumpy on a 58-yard touchdown pass.

Stofa, moving from his own 49-yard line, hit Trumpy on Denver 30. Trumpy took the ball away from defender Harold Lewis and sped the rest of the way for the score.

Reserve quarterback Jim Leclair sparked the Broncos to 10 quick points when his passing got up a 23-yard field goal by Bob Humphreys and a 53-yard touchdown drive early in the fourth quarter.

Leclair hit Eric Crahan with a 16-yard pass for the touchdown.

Allison Paces Twins To 3-2 Win

BOSTON (AP) — Bob Allison's ninth inning double drove in Curt Tovar with Minnesota's winning run as the Twins edged the Boston Red Sox 3-2 Sunday.

Tovar had singled and stole second before Allison, who had tagged his 20th home run of the year earlier, delivered the double.

The Red Sox had tied the score in the seventh on a two-run homer by rookie catcher Gerry Mays.

Giants Take 34-20 Win From Steelers

PITTSBURGH (AP) — Ron Blye's two long kickoff returns set up a pair of early touchdowns and the New York Giants went on to beat Pittsburgh 34-20 in a National Football League game Sunday.

From Turkentian climaxed short drives following Blye's runbacks with 30 and 13-yard scoring passes to Joe Morrison, giving the Giants a 14-13 lead they never relinquished.

Turkentian later ran over a touchdown himself after an 84-yard completion to Homer Jones, and Randy Minlear scored from the one following interception by Bob Lurtsema.

Pittsburgh scored the first time it had the ball and drove for two more touchdowns, but the Steelers never could match New York's big plays.

The Steelers marched 65 yards in 10 plays late in the first period with Kent Nix throwing five yards to Earl Gros for the score, but Blye raced the kick back 60 yards.

Pittsburgh's other touchdown came after a 60-yard drive in the closing moments of the half on a nine-yard Nik to Dick Compton pass.

The Giants dominated the second half with a surprise offensive backfield control game.

Tigers Use HRs To Wallop A's

DETROIT (AP) — Jim Northrup and Bill Freehan each hit two home runs and Mickey Lolich pitched a three-hitter as the Detroit Tigers soared closer to the American League pennant by reouncing Oakland 13-0 Sunday.

Northrup slammed a two-run homer and Willie Horton followed with a solo blast in the first inning sending the Tigers on the way to their sixth consecutive victory. The Tigers' 15 hits matched their season high.

Torrid Yankees Win Again, 3-2

WASHINGTON (AP) — Elie Rodriguez' run-scoring single climaxed a three-run rally in the fourth inning that carried the New York Yankees past Washington 3-2 Sunday and stretched their winning streak to 10 games—longest in the major leagues this season.

Fritz Peterson, who in a 10-inning sixth straight, blanked the Senators until Ken McMillen homered in the seventh. Reliever Lindy McDaniel was tagged for an eighth-inning homer by Tim Cullen.

SURE-WINNER HINTS!

Imagine a pie that makes its own crust! Impossible? Mrs. Carolyn Medford invented it and won in the Bake-Off. How about a torte that layers itself in the oven? Mrs. Ernest E. Milner won a GE Range for that one. And when Mrs. Carl Helfrich came up with a cake that made its own tunnel of fudge, she won \$5,000. The big inventors are the big winners at the Bake-Off!

HINT #1. Try these crazy baked goods for 1969: a cookie that bursts into shape in the oven or bakes in an ice cube tray. A cake that makes its own pudding-y filling all by itself. How about an one-bowl brownie? Or a New Better Magic™ Cake Mix (a 200 up with something special baked in the batter)? Give 'em a try!

HINT #2. Is your recipe quick and easy? Is it creative? Is it a favorite American flavor? Can it be made with standard kitchen utensils? Does it have an exciting twist? That's what our judges are looking for!

HINT #3. Come up with another Great American Recipe Invention and you're in the money!

- Easy Rules:**
1. Print or type your name and address and the one division you are entering on the entry blank or a plain sheet of paper. Your name and address include your date of birth.  3. Attach your recipe to entry blank or plain sheet of paper with entry blank information, and mail to: Pillsbury Bake-Off, Box 4097, Minneapolis, Minnesota 55480. Entries must be postmarked by October 25, 1968.
 4. At the Bake-Off, all recipes must be completely prepared in the actual cooking area; final cooking work alone, and recipes must be prepared exactly as submitted with the entry.
 5. Recipes that have appeared in advertising, magazines or cookbooks will be disqualified unless they feature distinctive changes in ingredients or methods.
 6. A professional judging agency and a staff of home economists will judge all entries and select 100 finalists who will represent the three Bake-Off divisions.
 7. Entries will be judged primarily on excellence of eating quality, including flavor, taste and appearance; popular appeal of the baked food; and creativity. Entries will also be judged on recipe ingredient shortcuts (i.e., use of convenience products), streamlined methods (i.e., few preparation steps), and short preparation time.
 8. Entries 12 years of age or older who is a resident or citizen of the United States, its territories, or possessions, may enter except: employees and members of immediate families of The Pillsbury Company, General Electric Company, their advertising agencies, or judging agencies. Only contestants 12 through 18 years of age on February 10, 1969, are eligible for the Junior Award. Junior finalists are also eligible for the Best of Bake-Off Award and Grand Prize and Runner-Up Prizes in the division in which they are entered.
 10. All entries are eligible for a Bright Idea Bonus Award. The award will be given for a unique idea in the use of convenience foods or shortcut methods.
 11. Rules are binding on all entrants; and the judges' decisions are final. All entries become the property of The Pillsbury Company, which reserves the right to edit and adapt those selected for publication. No entry will be returned.
