## Soviets Recover Ship From Space

MOSCOW (AP) — The Russians forged ahead in the space race again over the weekend by recovering an unmanned spacecraft that splashed down in the Indian Ocean after circling the moon.

James E. Webb, outgoing head of the U.S. space program, said the latest Russian feat "shows a capability that could change the basic structure and balance of power in the world."

The spaceship, Zond 5, was launched on Sept. 14. It went into a holding orbit around the earth, then took off for the moon. It circled the moon on Wednesday, landed in the Indian Ocean Saturday night, and was picked-up by a Russian recovery ship Sunday.

Tass, the official Soviet news agency, said scientific instruments aboard the space ship had been recovered with "a vast body of scientific information."

Webb, who a week ago predicted the United States would remain second in the space race for years because of heavy cuts in its space budget, said the Zond 5 flight demonstrated that the Russians have "an able-bodied rocket" bigger than any operational U.S. rocket.

Webb said the flight was "the most significant demonstration of its time," comparable to Sputnik I, the first satellite to orbit the earth.

Western sources speculated that the scientific equipment aboard Zond 5 included cameras and that pictures were made of the moon's surface. If so, it would be the first time film was used to take pictures of the moon at such a close distance. Such pictures should be of better quality than the pictures transmitted from space by U.S. or Soviet spacecraft.

Other valuable information from the flight included tests of control equipment and of temperature and air-pressure controls needed for later manned flights. Tass said Friday that flight information on the working of this equipment was frequently relayed back to earth.

Soviet scientist Leonid Sedov told Tass that Zond 5 had a special heat shield, that its speed was slowed down on reentry by "air resistance" and that "at a comparatively small height" it was further slowed by parachute. No mention was made of retro-rockets being fired to brake its descent.

WALKING OUT IN PROTEST, part of the congregation at Sunday's 12:30 p.m. mass in St. Matthew's Roman Catholic Cathedral in Washington, D. C., expressed dislike of a pastoral letter read by Patrick Cardinal O'Boyle. The Cardinal urged priests and laity to accept his ruling forbidding the use of artificial birth-control devices. Many of those who walked out returned for the remainder of the mass. Cardinal O'Boyle is at left of the altar in the background. (AP wirephoto)

## Two More Aircraft Diverted To Cuba

HAVANA (AP) — Two Colombian airliners that took off two hours apart from the same airport in Colombia were hijacked Sunday and flown to Cuba with 139 persons aboard.

A Boeing 727 jet with 72 passengers and a crew of six landed in Camaguey, 300 miles southeast of Havana, shortly after noon. No one was injured and the plane was released Sunday night and returned to Barranquilla, Colombia.

The other plane, a DC4 with 57 passengers and a crew of four, landed in Santiago de Cuba. The Swiss Embassy in Havana, Cuba, said all aboard were safe and the plane and crew would return to Colombia today.

Cuban officials would not say if Colombian officials had not determined yet if the twin hijackings were coincidental or part of a plot. Both hijackers apparently were Colombians, and both presumably were given asylum in Cuba.

Colombian Defense Minister Gerardo Ayerbo Chaux said he believed the double piracy was a Castro plot directed from Havana. He said it seemed probable that the two incidents could have been a coincidence. But the pilot of the jetliner said he thought his hijacker might have been a smuggler in trouble with the government, which is cracking down on illegal imports.

The planes, both owned by Avianca Airlines, had taken off from Barranquilla—the country's main port on the Caribbean, for hops to other towns in Colombia.

Capt. Alfonso Lopez of the 727 jet said a short man in his 30s, armed with a knife and gun, hijacked the plane. Page 2, Col. 8

## Red Captives To Get Extra 'Combat' Pay

SAN ANTONIO, Tex. (AP) — President Johnson signed a bill today providing for basic fire-fight pay of \$65 a month extra for each of 81 military members of the crew of the USS Pueblo, captured by North Korea.

The ship was captured last Jan. 23. The Texas White House said the pay increase will be retroactive to Jan. 1. Actually, there were 83 men aboard the Pueblo, but two are civilian oceanographers and do not come under this pay bill.

Johnson also issued a presidential proclamation to the Army's Third Brigade, 4th Infantry Division and its assigned and attached units for "extraordinary heroism" under massive ground attack by Viet Cong on March 21, 1967, in the Vietnam war.

## Catholic Dispute Flares

WASHINGTON (AP) — The bitter dispute within the Washington Roman Catholic archdiocese has intensified in the wake of an unprecedented walk-out protest against Patrick Cardinal O'Boyle, archbishop of the diocese.

About 200 persons walked out of St. Matthew's cathedral during masses Sunday as the cardinal rose to give obedience to Pope Paul VI's latest edict banning use of artificial birth controls.

The cardinal, who has been challenged on his interpretation of the Pope's encyclical by 44 area priests, had ordered a pastoral letter criticizing the dissenters read in all Roman Catholic churches in his jurisdiction.

Cardinal O'Boyle himself read the letter at three masses at St. Matthew's, and watched without apparent emotion as the people walked from the crowded cathedral. Most returned after he finished reading the message.

It was estimated that at least another 200 persons left other churches when the letter was read.

The protest had been urged by two lay organizations supporting the dissident priests.

The cardinal said after the services that it was the first time he had encountered such a protest in his 20 years as archbishop of Washington. "It is a very emotional matter," he said. Other church officials said it was probably the first time parishioners had taken such action in any Catholic church.

## Marines Uncover Fortified Camps

SAIGON (AP) — U.S. Marines over the weekend found two heavily fortified camps just below the North Vietnamese frontier, the Pentagon said. The camps were intended to sustain the Communist thrust through the center of the demilitarized zone, intelligence reports indicate is planned in the next six weeks.

While the Marines were uncovering hundreds of bunkers and huge stocks of munitions, South Vietnamese soldiers reported killing 98 North-Vietnamese in a pitched battle on the eastern flank of the DMZ.

Most of the significant action reported today occurred in the northern provinces. Elsewhere another full-scale war appeared to be lengthening, with enemy forces avoiding contact and making a few attacks.

Upwards of 2,000 American Marines were probing the wooded foothills north of their Rockpile base, sitting await the central infiltration route from the 17th parallel.

Inside the demilitarized zone above the Rockpile the Marines on Saturday found a complex of 350 log bunkers, some reinforced with steel beams, and a huge stockpile of shells, rockets, rifle and machine-gun ammunition, mines and grenades and so on.

On Sunday, men of the 26th Marine Regiment a few miles to the south located second underground caches of some 400 bunkers, along with 1,200 mortar shells and other ammunition.

Each camp could have supported as many as 2,500 men, officials at Marine headquarters said.

South Vietnamese militiamen found a Viet Cong prison camp near the U Minh Forest and freed 11 men, 9 women and 5 children. Some of the prisoners said they had been captives for more than three years.

In the delta province of An Xuyen, the southernmost in the nation, a battalion of South Vietnamese troops swooped down on a marshy, paddyland area this morning. Within two hours the South Vietnamese had killed 40 fleeing guerrillas and swept up 19 weapons, including several heavy machine guns, plus a stock of mortar and rocket ammunition.

## GMC Undercuts Chrysler Prices

DETROIT (AP) — General Motors, giant of the auto industry, today announced price increases which averaged \$49, or nearly 50 per cent, on figures announced by Chrysler last week.

GM Board Chairman James M. Roche denied there had been any pressure from Washington sources to get General Motors to come in with a smaller figure than Chrysler had done as the cars headed toward the market.

"There were frank discussions in Washington, but I assure you General Motors' decision as usual was made by General Motors people before we even went to Washington," Roche told a news conference.

General Motors, in figuring out its \$49, or 1.6 per cent per car price boost, used list price figures, those which the Chrysler charge its dealers. Chrysler, which was the first of the auto companies to post its new list prices had figured the in-

creases at \$84, or 2.9 per cent over its 1968 list prices.

In a surprise move, GM reversed its decision to have federally required headrests included in its price tags at announcement day Thursday.

We had announced that the headrests would be on all the cars and would be included in the price, but for competitive reasons we have had to make them an option until Jan. 1, 1969," Roche said.

This referred to Chrysler's marketing strategy in making the new safety headrests an optional price item at \$18 until the date the federal government says they have to be installed.

General Motors undercut Chrysler's price as it said they would be installed for an average of \$18 per car.

Conceding that many people would be buying the headrests, which some consider to be unnecessary, Roche said GM would do its best through its dealers to convince all buyers to take the new safety item.

## Protestors Enter Church, Attack Cleric

MILWAUKEE, Wis. (AP) — Angry demonstrators invaded a Roman Catholic church while Mass was being celebrated Sunday. Eight were taken into custody by police after the demonstrators pushed to the sanctuary floor.

Msgr. James E. Kelly, rector of St. John's Cathedral, called the demonstrators "unholy" to sacrifice and bordering on desecration of the church.

About 40 demonstrators, some of them school teachers and some of them students at Marquette University, had gathered at the church. They asked permission to read a statement from the pulpit by the church's "actively resist war and racism."

Kelly, 73, said he was pushed to the floor by a heaved youth. Five policemen, called to the church by police, were a demonstration, shoved into the sanctuary as worshippers stood and shouted for the protestors to leave.

The Rev. Peter Moch, celebrant of the Mass, canceled the remaining portion of the service after a few demonstrators crowded around the pulpit.

## Humphrey Repeats Hopes On Viet War

By The Associated Press

Vice President Hubert H. Humphrey repeated in Columbus his prediction that a systematic reduction of American forces would be possible soon, when and if South Vietnam becomes a self-sufficient and more of its own self defense.

"Now that's my position," he said. "What's the President's position? I don't know."

Third-party presidential candidate George C. Wallace, meanwhile, said briefings from military officials "didn't limit the Vietnam war can be won with conventional weapons and no increase in American troops."

Republican candidate Richard M. Nixon took a day off from campaigning Sunday but his national political director issued a statement saying Humphrey's presidential bid is in "desperate straits."

"With Mr. Humphrey that desperate," said Robert Ellsworth, Nixon's press secretary, "people can look for almost any demagogic maneuver from his camp."

Nixon's communications director, Herbert G. Klein, said a Republican truth squad will follow Humphrey as he campaigns. Klein said two of the squad members will be Sen. Hugh Scott, R-Pa., and Rep. Donald Rumsfeld, R-Ill.

## Thief Returns Art After Display

MIAMI BEACH, Fla. (AP) — Artist Herman Higger's work went out on a one-night stand in an exhibition he never got to see.

Higger said he returned to his apartment Saturday night to find the door ajar and three of his own watercolors and a lithograph missing.

Sunday the unframed pieces were returned, rolled up and left at the door beside the morning paper.

## Meeting On Historical Museum Set

School board members, county commissioners and representatives of the Twin Falls County Historical Society will meet at 2 p.m. today at the county administration building to discuss the possibility of establishing a county-wide museum at the old Union School near Curry.

The society has approached the school board previously on the proposal, and has met with county commissioners to ask for money to purchase the building. The commission has assured the society it is willing to cooperate in setting up the museum.

At present, the Historical Society houses its items in a building at the Twin Falls County fairgrounds at Filer, and the club is accessible during the fair. With a larger building, the displays would be enlarged and would be available to people more often.

The meeting will be open to the public.

## Ocean Voyager Believed Lost

MOSCOW (AP) — William Willis, the 75-year-old American who floated across the Pacific Ocean alone on a raft four years ago, is believed lost on his third attempt to cross the Atlantic.

A Soviet fishery ship came upon a de-masted, deserted sailing vessel in the Atlantic, the medical chart, other documents and a diary were found, Tass, the Soviet news agency, reported Sunday.

The boat was found in the Atlantic about 400 miles east of Ireland by a fisheries ship from the Latvian town of Lelpaja. Willis said he was holed out by the Soviet ship after a futile search for Willis. But the report did not indicate where the boat and the papers would be taken.

## Strike Looms

CHICAGO (AP) — Members of the Brotherhood of Railroad Signalmen have voted to authorize a strike which a union spokesman said could tie up all major railroads in the nation.

C. J. Chamberlain, International union president, said today that more than 30 per cent of the ballots were in favor of authorizing a strike.

He said a federal mediator will enter the negotiations Wednesday and that if after a reasonable time no progress is made a strike date then would be set.

With higher pressure becoming more firm over the Western states, the Pacific storm systems will tend to move eastward along the Canadian border so as to have little effect on the weather conditions in the lower Northwest. Weather of Oregon and Southern Idaho, Sept. 23-24, will occur at times but no precipitation is anticipated in the valley areas.

Considerable sunshine occurred in most valleys yesterday and as a result the daytime temperatures were four to 12 degrees warmer. The smaller daytime change was recorded in the East Idaho section where more cloudiness prevailed throughout the day. The afternoon highs were in the 50s and 60s.

Last night, light winds and clearing conditions brought a cool night in the agricultural

# Soviets Show 'Jitters' Over Czech Rebellion

By WILLIAM L. RYAN  
An immense propaganda campaign is in progress in the Soviet Union, clearly aimed at intimidating Communist party officials and stamping out tendencies toward liberal thinking. Reminiscent of the Stalin days, it suggests the extent to which the regime is shaken by events in Czechoslovakia. Youth is the main target in a drive keyed to the 100th birthday anniversary of Lenin, Bolshevikism's founder. It indicates that Soviet leaders are worried about their own people as well as the Czechoslovakian rebellion.

This concern seems not to center on any possibility of a convulsive movement for liberalization in the Prague style, but rather about a "prospective" slow but steady erosion threatening the "Socialist" system. Since Lenin was born in April 1870 the anniversary is 20 months away. But the campaign has been going on since early this year. It increased in tempo as the Soviet bloc troops prepared to occupy Czechoslovakia.

Last month the Soviet party, in a decree on observation of the Lenin anniversary, demanded a total propaganda-education drive to strengthen party authority and crack down on "anti-Socialist" elements.

A few days ago Pravda carried a long article warning that dark forces allied with revisionists were stepping up ideological warfare against "Socialist achievements," attempting to subvert the system from within. Pravda said these forces included reactionaries of all types, Fascists, right Socialists, nationalists, chauvinists and Zionists. The reference to Zionists is in with Soviet press attacks on Czechoslovak figures with Jewish backgrounds.

The "dark forces," said the Communist party paper, try to represent developments in Soviet history as a "divergence, protest and discontent," in attempts to sow mistrust of the party and weaken internal durability.

Obviously, this will be a sustained campaign. In the background are such things as concern over rising tide of crime and corruption in the Soviet Union, an ideological drive in the schools to implant unquestioning loyalty to the system, and efforts to writers to toe the mark and warnings that nationalism will not be tolerated in non-Russian Soviet republics.

The Soviet press for several months has been warning against what it calls "a dirty wave of anti-communism," spearheaded by such agencies as the Voice of America and the British Broadcasting Corp. The newspaper Trud said cultural and trade relations have been cut off with the West. Channels for dispatch of anti-Soviet books, brochures, pamphlets, records, tapes and even films are being closed.

Not long ago Sergei P. Pavlov was fired from his job as first secretary-boss of the Young Communist League. Last month the party issued warnings for an intensive job of training Soviet people, youth in particular, in "Communist conviction."

The warnings are blunt, testifying to the state of Kremlin nerves, and the threat is clear: where necessary, Stalinist methods will be revived.

# Youngster's 'Game' Nearly Proves Fatal

CAPE TOWN, South Africa (AP) — Tony Mammone was driving to work when his 4-year-old son, Mark, sitting on the back seat, started up a game of cops and robbers.

"Bang, bang, bang... you're dead, Daddy," exclaimed Mark. Mammone felt something cold against his neck and glancing back, saw Mark had an automatic in his hand. He stopped the car in a hurry and took the gun from his son.

The automatic, loaded and with the safety catch off, came from a briefcase a business friend had left on the seat. Fortunately Mark's hand was not on the trigger when the finger to curl round the trigger.

Pravda said these forces included reactionaries of all types, Fascists, right Socialists, nationalists, chauvinists and Zionists. The reference to Zionists is in with Soviet press attacks on Czechoslovak figures with Jewish backgrounds.

The "dark forces," said the Communist party paper, try to represent developments in Soviet history as a "divergence, protest and discontent," in attempts to sow mistrust of the party and weaken internal durability.

# Pet Fanatics Declared Seekers Of 'Security'

RICHMOND (AP) — Psychologists have now put a label on the motivation involved in the current craze to buy and adopt pets. They call it the "humanization" phenomenon.

Some specialists feel that the trend is related to the tense world situation—that more than 20 million people yearning to "lean on," a feeling of security, something to love. And they say, in such a complex world the most uncomplicated object on which one can bestow love is a pet.

G. Everett Bond, president of Sargeants, a century-old pet care product manufacturing concern headquartered here, endorses this theory, but doesn't think it at all new. "We have always revered his pets," he points out, "not only humanizing them, but often deifying them as well. Ancient Egyptians attributed exceptional powers to their cats, and even in the 20th century the cow is still held sacred in India."

With the pet explosion keeping pace with the people explosion, owners are spending more and more to keep their charges healthy, well-fed and fashionably attired. In addition to food, clothing and medicine they buy

WILKES-BARRE, Pa. (AP) — The 19-year-old daughter of an auto club executive who has been plunging safe driving campaigns was killed early Sunday when the car in which she was riding ran off a road in nearby Conover Township, Luzerne County.

The victim was Deborah Blagow, 1074 Fort, Pa. Her father, an executive vice president of the Wyoming Valley Motor Club.

# Women Inventors Tally Increasing Influence

NEW YORK (AP) — The number of female inventors has increased 89 per cent over the last five years, compared with a 35 per cent increase among males, a survey made in connection with the fourteenth International Inventors Exposition to be held here reveals.

According to findings of the Patent and Trademark Office, Ltd., sponsor of the show at the New York Coliseum Sept. 12 to 15, there has also been a significant increase in the number of inventions patented by private persons over those patented by research laboratories.

A questionnaire sent to 76,000 inventors on the patent organization's list shows that 67 per cent of them are males and 33 per cent are females, and that the average age is 44.

The percentage of inventions developed by women that have been licensed is 30 per cent greater than those licensed by men and they tend to run toward the practical and simple, as opposed to the more complicated creations males invent.

The average annual income of individual inventors is \$4,200.

# Soaring Increase Seen In Drug

NIAGARA FALLS, N. Y. (AP) — "The number of people smuggling marijuana and hashish increased this summer," says Finbar J. Murphy, chief customs agent for ports of entry on the Niagara frontier.

"Customs and immigration agents at the bridges in Niagara Falls and Buffalo arrested 19 narcotics smugglers in the period between Aug. 31, and Sept. 3," he said.

Murphy said other items taken from persons coming from Canada who crossed Buffalo's Peace Bridge and the Rainbow and Whirlpool bridges in Niagara Falls included a machine gun, a 46-caliber revolver and \$5,000 worth of Communist-Chinese funds.

# Food Brokers From Across U.S. Hold Heyburn Meet

**RUPERT**—Food brokers from about 30 states, arrived in Heyburn Thursday night for classes on field procedure and for the viewing of films on the potato and Friday for the ninth annual Simplot Sales Seminar which began Tuesday in Caldwell.

The group of 50, representing

J. Allen Horning, of Turner and Gee, Inc., Orlando, Fla.; Stanley Baron, vice president of Carl H. Weber, Inc., Cleveland, Ohio; J. Walton Cheney, Cheney Brothers Food, Oakland, and Paul Hansen, vice president of Heyburn plant.

ices, research operations, plant, shipping and frozen storage phases.

Thursday noon they lunched at the Snake-River-Trout-Farm in Buhl and also toured that operation.

This year's delegates are a

small portion of some 2500 brokers and distributors for the Simplot company. General chairman for the annual seminars is Robert E. Hanes, assistant general sales manager for the Food processing division, Caldwell.

Friday morning, the delegates breakfasted at the Heyburn plant and then toured both the Heyburn and Burley operations. Following lunch at the Heyburn plant, the group then traveled by bus to Boise where J. R. Simplot, president of the company, presented certificates of achievement to the delegates Friday night.

Prior to arriving in Heyburn Thursday, the delegates attended a two-day session at the Caldwell operations. They were taken through the potato cycle, including harvest, field practices, research operations, plant, shipping and frozen storage phases.

# 'Honkers' Alert Saigon Troops

**SAIGON (AP)** — Like the "Geese of the Capitol" who once saved Rome from an invading army, honkers are protecting one of Saigon's key approaches from intrusions by the Viet Cong.

"We call them our early warning system," explained Platoon Sgt. Mario Palabrico of Hawaii. His unit of the 19th Light Infantry Brigade is posted at the Y-Bridge, Saigon's main highway link to the south.

Palabrico is responsible for the "Honk Report"—an effectiveness test of the six white geese, who act as sentries beneath the busy bridge.

"It's simple," said Palabrico. "We walk toward the cages and see how close we can get before the geese start honking. The test is made five times a day." Palabrico's written report must show not only the distance, but whether the geese emit a low honk, medium honk, or high honk.

In the Honk Report for Sept. 20-21, the three geese in cage No. 2 honked at soldiers 15 feet away, but those in cage No. 1 and 3 honked at 10 feet.

Palabrico and the chief goose custodian, Sgt. Laurie A. Baughman of Wagener, S.C., claim that cage No. 1 is too close to the troops and the geese have become accustomed to the Americans.

The Y-Bridge saw major fighting in the second enemy offensive last May, when Viet Cong troops tried to push their way into the city. Since then the bridge has been garrisoned by U.S. troops.

Charlie and Delta companies of the 3rd Battalion, 7th Infantry don't remember when the geese arrived or who brought them. Rumor has it that some historian got the idea from the story of Rome's "Geese of the Capitol," who saved the city nearly 2,500 years ago in the reign of Emperor Furio Camillo.

DISCUSSING PROBLEMS at the Idaho Youth Ranch, near Rupert, with Merlin Hill, ranch administrator, are Mrs. D. C. Fullmer, left, Burley Soroptimist club president, and Mrs. Gerald Bryan. The club toured the ranch Sunday and inspected the new home now under construction which will provide a home for 16 boys when completed.

### Burley Soroptimists Tour Youth Ranch At Rupert

BURLEY — Several members of the Burley Soroptimist Club toured the Idaho Youth Ranch, Rupert, with Merlin Hill, ranch administrator, and Clyde Green, well-known chairman of the youth ranch board, conducting the guided tour.

At present a new home to house 16 boys and house parents is under construction. The new home is 62 by 114 feet with a full basement giving a total of 14,36 square feet of space. On the ground floor are a kitchen, large living room with fireplace, a hospital room, parents room and small living room, eight bedrooms for the boys and bath-rooms.

The full basement will consist of a recreation room 28 by 62 feet with fireplace, barber shop, quiet room, laundry room, meeting room, study room, offices and a fire-proof record room.

Mr. Hill told members of the Soroptimist Club that the ranch already has applications of boys

### Truck Executives Plan Conference

BOISE (AP) — Executives from Idaho truck and bus companies plan to meet Thursday in Sun Valley for their annual Idaho Motor Transport Association convention.

A safety demonstration and test by the Department of Transportation will highlight the three-day meeting.

Speakers will include Clyde Campbell of the Interstate Commission and Warner C. Mills, state law enforcement commissioner.

Following the tour Mrs. Hill and Mrs. Marie McGreggor, cook at the ranch, served coffee to the guests at the large oak oval table in the dining room.

## Unarmed Medic Prowls Battlefields Despite Fear To Rescue Wounded

By JOHN T. WHEELER  
FIRE BASE BUELL, Vietnam (AP) — The heavy enemy mortar barrage lifted and a North Vietnamese assault wave engulfed part of the Americans' defense perimeter. A reserve platoon was ordered to charge through the hail of machine-gun and rifle bullets, to pick their way through the exploding rocket rounds to the breach that must be sealed.

One of the men was Spec. 4 David G. Chedester of Walla Walla, Wash., a man who hates the Vietnam war, all wars.

A Seventh Day Adventist, Chedester is a conscientious objector. More, he is an unarmed medic who prowls the battlefield helping the wounded. The job is probably the most dangerous in Vietnam.

### Former FBI Agent Now With Airline

Robert T. Bauter, of Lake Oswego, Ore., a former special agent for the Federal Bureau of Investigation, has been appointed director of internal security for Air-West, according to Hap Masoner, airline agent in Twin Falls.

Bauter will supervise security at 73 stations operated by Air West in the western United States, Canada and Mexico. His office will be in San Mateo.

Bauter's experience with the FBI spanned more than 10 years, including service in Salt Lake City, Los Angeles, Portland and Reno.

A native of Long Beach, Calif., Bauter was graduated in 1955 from Long Beach State College. He served with the Marines in Korea and is married and the father of three children.

Prior to joining Air West, Bauter served as personnel and safety manager for Publisher's Paper Co., Portland.

The reinforcements sealed the breach with little difficulty, but the fire was so intense they could not take the lost bunkers ahead of them. The cries of the wounded could be heard: "Medic. Hey, medic."

The 6-foot-4 medic crawled forward more exposed than any man should be if he hoped to live. He reached the first wounded man and hauled him back. Six more times he made the terrible trip into the man's land where an occasional enemy rocketeer could be seen firing. Each time he brought back a wounded GI.

"Doc" Chedester, a man without hatred but filled with compassion, will receive the Army's second highest award for battlefield valor for his feats that night several weeks ago. Besides the Distinguished Service Cross, Chedester has won the Bronze Star and is to be recommended for another medal by the 25th Division's 3rd Battalion, 22nd Infantry, for his latest heroism under fire 10 days ago.

Except for his refusal to carry a gun, the lanky medic might have ridden into Vietnam as the stereotyped hero of an old Western movie. He neither drinks nor smokes and is called the bravest man in a battalion which has its share of combat heroes. He talks with a drawl and is modest to the point of painfulness.

Many who become heroes are blessed with steel nerves and the belief they are invulnerable. Not Chedester.

He talks of his deep fear during attacks and his unconscious escape for his refusal to carry a gun. But when the call for a medic comes he volunteers every time. "I always say a little prayer before going. I tell God

it is up to Him to help me and to protect me so I can do my best. Then I start running."

Says 1st Lt. Richard Booth of Anaconda, Mont., who has made several mad dashes through heavy fire with Chedester to rescue wounded: "Some men aren't afraid, but Chedester is really scared. But he's got a thing. He just can't stand knowing someone out there is hurt and needs help. If overpowers fear and everything else in the guy and he goes. Everytime he goes."

In his seven months as a combat medic, Chedester has never been wounded. "No real reason, except the good Lord must be watching over me. I figure you're straight with Him, he'll be straight with you."

### Death Of Author Ruled 'Suicide'

NEW YORK (AP) — The death of Charles Jackson, author of "The Lost Weekend," has been ruled suicide by assistant medical examiner Michael Baden.

Dr. Baden said Sunday that Jackson, 66, died in St. Vincent's Hospital Saturday of acute barbiturate poisoning.

A native of Summit, N. J., Jackson worked in Chicago and New York, then contracted tuberculosis and went to Davos, Switzerland, for his health. There, he began writing short stories and novels.

# Douglas Renews Order On Troops

WASHINGTON (AP) — For the second time in two weeks, Justice William O. Douglas has ordered the Army not to send groups of reservists to Vietnam until the Supreme Court considers whether to hear their objections to being called up for active duty.

In issuing the order Sunday, Douglas told the Army he was staying until at least Oct. 7 any orders to send the 484th Postal and the 101st Air Assault Supply Company to Vietnam.

Douglas, who acted one day after Chief Justice Earl Warren refused to grant a stay, issued the order Sept. 12 for the 102nd Combat Supply Company, Warren and Justice Hugo Black also refused to act in the earlier case.

The postal unit is from New York City, while the supply company is from the Bronx, N.Y. Both units are stationed at Ft. Lee, Va. The 102nd is from Ohio and stationed at Ft. Meade, Md.

Thirteen members of the postal unit and 83 members of the supply company asked for the stay. Their case, as filed on from 113 members of the 102nd company, is based on the contention that it is unconstitutional for the President to call the reserves for extended duty without the declaration of war or a national emergency.

The units involved were among several reserve groups called to active duty by President Johnson under a 1966 law which provided he could take such action if it were in the national interest.

Although only individuals asked for the Supreme Court hearing, Douglas' action applies to each unit as a whole. Actually, he could refuse to hear the orders had already gone out to keep the units on base indefinitely.

In issuing the Sept. 12 stay, Douglas said only that the case brought up several substantial questions. As reported by court officials last Sunday, Douglas made no comment on his latest order.

Several things could result from the court's Oct. 7 session. It could refuse to hear the cases, thus automatically dissolving the stays and making the units eligible for immediate shipment overseas.

Or the court could agree to put the matter on its docket for a hearing, which would mean extending the stays until a decision is reached.

At least four justices would have to vote to hear the reserves' case, which would be put on the docket, which would be unusual in view of the reluctance by the court to hear cases involving the Vietnam war.

Douglas issued Sunday's stay, as he did the others, by phone. The units involved were among several reserve groups

# Hansen Castigates Voting By Church

By The Associated Press  
George Hansen, Republican Senate candidate in a Sunday election to oppose a vote for a nuclear non-proliferation treaty with the Soviet Union, indicated "a willingness to reward" the former congressman said.

Hansen referred to Democratic Sen. Frank Church's support of the treaty last week in the Senate Foreign Relations Committee.

"When you live by the sword, you don't shorten your blade, you sharpen it," Hansen declared.

Compton I. White, Democratic congressional candidate, told a St. Mark's church meeting in Idaho Air Pollution Commission hearings indicate a need for a federal-state program of pollution control, in which industry would be taxed.

"Hearings of the commission have brought out the fact, that polluted air not only can happen here," White said. "It already has."

The former congressman said the government should lead technical and research assistance to state and industry and then challenge them in the private sector to conform.

Joel Anderson, Pocatello, congressional candidate for the Idaho Independent party, said Idahoans should be aware of the "spending record of my two liberal opponents."

Both Orval Hansen and Darrell Manning voted against the repeal of the inventory tax which has been crippling cattlemen, businessmen, industry and the small Idaho economy," Anderson said.

Republican Hansen and Democrat Manning are both state legislators running for 2nd Dist. Congress.

"Their record shows that they have consistently voted in favor of more taxes and more spending," Anderson said.

Rep. James A. McClure told a group of voters that a Republican team, from Nixon to the county coroner, "would provide new leadership for the nation."

# Egyptian Unit Lays Ambush For Israelis

TEL AVIV, Israel (AP) — A band of Egyptian commandos crossed the Suez canal and laid an ambush for an Israeli patrol, the Israeli army charged today.

The ambush hit an Israeli truck with a tank, and a light arms and injured an Israeli soldier, a spokesman asserted.

The ambush was laid on a westward-bound Israeli truck of about three miles south of Little Bitter Lake and 10 miles north of the city of Suez on the southern neck of the canal. Firing began a half hour before midnight.

After the fight, "clear signs were found on a few people who came from the direction of the canal . . . and retreated to the canal," said the spokesman.

U.N. ceasefire observers were not allowed to visit the scene.

The situation along the canal border between Israel and Egypt has been tense since Aug. 22, when Egyptian forces, in fan raiders crossed the waterway, ambushed Israeli troops and carried a soldier off into Egypt. The Egyptians denied the charge.

# Sammy Davis Faces Surgery

LONDON (AP) — Sammy Davis Jr. went to Germany today for a concert tour before returning to Chicago next week for possible throat surgery.

The American entertainer's agent, Harry Foster, said: "It is no secret that Sammy's throat has been bad for a long time. He says there's no cancer and that he's going to have a light attack when he gets back to Chicago."

Davis' vocal chords have developed a growth, something of an occupational hazard for singers, he added. Davis starred in the American musical comedy, "How to Succeed in Business Without Really Knowing It," whose London run closed recently.

# ARMY MEN ARRESTED - JAKARTA, Indonesia (AP) - Three hundred and fifty army men, including several generals and colonels, at Jakarta, Indonesia, were arrested on charges of links with the outlawed Communist party, Maj. Gen. Arthur Macmahon, the central commander, disclosed Sunday.

WALLACE ASSAILED  
KANSAS CITY (AP) — Dr. Martin Luther King Sr., father of the slain civil rights leader, says he is angry in the support George C. Wallace is getting for his presidential candidacy.

The workers have joined several student demonstrations because they are protesting pending legislation to back a government decree freezing wages at workers at June 26 levels. They called a 24-hour strike last Thursday that paralyzed business and industry.

Called By Draft  
PHILADELPHIA (AP) — "Boy, drafted," exclaimed G. . . "that's something . . . I'm drafted," wrote Lance Cpl. Donald M. Moreton from Vietnam.

That's where the 19-year-old Jeromy, Pa., Marine was when he received an induction notice recently from his local draft board, forwarded by his parents.

"I called the draft board in Carbondale," Mrs. Moreton said, "and told the woman who answered the phone that my son would be happy to report for induction if the board would pay his fare back home from Vietnam."

# Hippies Travel To Gawlk At Tourists

NEW YORK (AP) — Tired of being gawked at by camera-toting tourists from the wilds of suburbia, a group of hippies from the Lower East Side turned the tables Sunday.

They took their own tour and stared at the suburbanites.

About 50 hippies, clad in their best beads and bells, paid \$5 each, then boarded a bus at St. Mark's Place, in the heart of the East Village, and set off for a day in Queens, a predominantly middle class borough of New York City.

The tour was the brainchild of Joe Skaggs, 23, an artist, who described the expedition as "a put-on of middle class values here . . . a sort of cultural exchange."

The turned-on tourists got glimpses of such nonhippie strongholds as housing developments, bowling alleys, neatly manicured lawns and other middle class symbols of living which the hippies left behind when they fled the Village.

Included in the tour were several stops. During one of them — at a restaurant for ice cream — "straight" patrons fled through a side door when the hippies walked in.

Other Queens residents greeted the expedition with a mixture of surprise, skepticism and amusement.

# Spiro Agnew Rakes Wallace's 'Attitude,' Condemns Handling Of Vietnam Conflict

SAN FRANCISCO (AP) — Republican vice presidential candidate Spiro T. Agnew attacked Sunday what he called the "super-simplistic" attitude of George C. Wallace and the "vacillations" of the Johnson-Humphrey administration on the Vietnam war.

The Maryland governor also denied that he and running mate Richard M. Nixon are holding back their plans on Vietnam until mid-October.

"I didn't mean to imply that we have plans to solve the war," he said. "I don't think it's realistic to expect Mr. Nixon or I, without having recourse to the informational services that

the vice president has, to provide definite rhoves that are going to end the war when he isn't giving any of that information out—meaning the vice president."

During a question-and-answer session Friday, when asked if announcement of GOP plans was being withheld to "maintain suspense" in the campaign, Agnew replied: "Isn't that briefing on foreign policy several weeks ago, but added: 'That briefing is just as obsolete now as a 1918 automobile.'"

Agnew made his remarks on ABC-TV's "Issues and Answers" program taped here Saturday before he flew to Hawaii for a three-day campaign tour of the islands.

# Driver Enjoys 'Last Laugh' On Policeman

JOHANNESBURG (AP) — A young miner had the last laugh on a policeman who stopped him here to examine his rather old car.

After taking his time to look over most of the moving parts, the miner drove off with him in the front seat on a brake test. The first time he brought the car to a gentle halt, "No," snapped the traffic man, "when I say to stop, jump on the brakes!"

Off they went again. The miner, his lips tightening, slammed his foot down and jerked his passenger through the windshield.

"All right," said the now thoroughly annoyed cop, "the car's good. Take me back to my bike."

"Sorry, chum, I'm going this way, not that way," said the miner happily. He returned happily as the scowling policeman started a mile walk back to his motorcycle.

# Union Members Resume Labors As Strike Ends

CHICAGO (AP) — Members of the International Brotherhood of Electrical Workers, Systems Council 74, began returning to work today after accepting a three-year contract which ended their 137-day strike against Illinois Bell Telephone Co.

The union members voted almost 2-to-1 Saturday to accept a 30-month contract which provides for a \$7,500-a-year increase in three steps.

The statewide strike limited communications facilities for the Democratic National Convention, held last week in August in Chicago.

The 11,800-member union which went on strike May 8 and held out for wage increases totaling \$29 over the next three years.

Robert Niekke, chief negotiator for the IBEW, said the workers accepted the contract "out of sheer desperation . . . they had no place to go and had to have jobs."

Top craftsmen had earned \$100.80 a week.

# Traveler To Talk Tuesday At Burley

BURLEY — Dr. Robert Kazmay, author, editor, world traveler, tour conductor who has just returned from another observation trip to many of the important spots in Asia, Europe, Latin America, and one of the most popular speakers on the American platform, will be guest speaker at 8 p.m. Tuesday at the Burley High School Auditorium under the sponsorship of the Burley Rupert Knife and Fork Club.

This program will be open to the public and tickets will be available at the door, stated Mack Crouch, secretary for the Burley-Rupert Knife and Fork Club.

Among the nation's fluent analytical commentators, Dr. Kazmay will present a recent report on world conditions with emphasis on the puzzling and confusing situation in four continents.

Some of his recent journeys include trips around the world during the course of his career as an American military figure in Korea, India, and dozens of lesser leaders in Egypt, Italy, France and England.

Dr. Kazmay will also discuss conditions and changes in our own country, and what they mean and the effect they will have on our own lives.

# Official Sees Hope For End Of Viet War

SAIGON (AP) — The man who heads U.S. participation in the pacification program in South Vietnam said today he sees "growing hope for an end to this war—perhaps sooner than many dare to think."

Robert W. Komer, the boss of all U.S. efforts to swing the allegiance of the South Vietnamese people to the Saigon government, said today that "most indications are that a viable and independent South Vietnam is emerging from the wreckage of strife."

The Communist offensives in February, May and June had a major psychological effect both here and in the United States, Komer said. But he said enemy losses were greater.

Komer said Hanoi hoped for the collapse of the Saigon government, but "if they instead proceed with a challenge it rose to meet." Today, Komer said, the Saigon regime "is stronger and more stable than in years, while the Viet Cong are kept propped up only by a massive infusion of regular North Vietnamese troops."

Komer said Hanoi had hoped to spark a general anti-government uprising but instead created greater hatred of their terror tactics.

# AIP Candidate Rakes Opponents

ST. ANTHONY, Idaho (AP) — Joel A. Anderson, the American Independent Party's 2nd Dist. Congressional candidate, said Sunday "Idahoans should be aware of the spending record of my two liberal opponents."

Both Orval Hansen and Darrell Manning voted against the repeal of the inventory tax which has been crippling cattlemen, businessmen, industry and the small Idaho economy," the Pocatello candidate said.

"Their present record shows that they have consistently voted in favor of more taxes and more spending," Anderson continued. "And wouldn't it be reasonable to expect them to continue their spending habits if elected to Congress?"

# Heiress Treated For Hip Injury

# Major Fire Razes North Idaho Firm

COEUR D'ALENE (AP) — Fire inspectors today probed for the cause of a \$2,000 blaze which destroyed an IGA supermarket Sunday.

Firemen from Coeur d'Alene, Hayden Lake and Post Falls battled the fire unsuccessfully for seven hours.

It was discovered 15 minutes after the store closed and "was burning hard when firemen arrived," Chief Joe L. Turk said.

# Toll Rises

IDAHO FALLS, Idaho (AP) — The death of a 39-year-old Idaho Falls man late Saturday tallied Idaho's traffic death toll for the year to 207, or 66 more than on the same date a year ago.

Idaho State Police said Donald L. Trotter was killed at 10:07 p.m. in a rear-end collision at the Bonneville County intersection of Sunnyside and St. Clair roads.

Jarvis Don Jensen of Idaho Falls drove the other car in the accident, police said.

# Virginia Wylie, Soli Wed

The Kiworth Memorial Chapel on the University of Puget Sound campus in Tacoma, Wash., was the setting for the evening nuptials of Virginia Sue Wylie and Bartlett Wallace Soli Aug. 16. Rev. Walter MacArthur, former pastor of the Twin Falls Methodist Church and now of Olympia, Wash., officiated at the candlelight ceremony.

The bride is the daughter of Mr. and Mrs. Arthur F. Wylie, Twin Falls, and was given in marriage by her father before an altar banked with lime green and white gladioli and chrysanthemums.

The bride wore an ivory-colored gown of textured linen enhanced at the edges of the elbow-length sleeves and the hemline with deep bands of looped Venice lace. A flat bow at the back of the bodice released floor-length panels. Her full-length veil was held by a circle of fresh roses and daisies and she carried a French nosegay of white stephanotis, roses and daisies with blue baby's breath and carnations.

The sister, Carolyn Wylie, was her maid of honor. Bridesmaids were Margaret Soli, sister of the bridegroom, Sam Marino, Calif.; Patricia Hiral, Twin Falls, and Candace Chakirian, a sorority sister, Cashmere, Wash.

Candlelighters were Sue Hiral, Twin Falls, and Jacqueline Wylie, cousin of the bride. Boice, Miss Wylie was also guest soloist. She was accompanied by Mrs. Russell Hiral, Filer, Idaho who played traditional wedding music.

The bridegroom, whose parents are Mr. and Mrs. Wallace R. Soli, San Marina, Calif., had as his best man a recently brother, Daniel McFarland, Seattle. Ushering were Thomas Gish, cousin of the bridegroom, and Richard Nelson, Thomas New

MR. AND MRS. BARTLETT WALLACE SOLI (Hiral photo)

and James Scroggs, all fraternal brothers. Mrs. Peter Peterson, Portland, cousin of the bride, was the pianist for the reception in the parlors of Mrs. Methodist

Church after the ceremony. Virginia Soli, sorority sister of the bride, registered the guests. Assisting with the bride were Mrs. Charles Norton, San Clemente, Calif., and Mrs. Arthur E. Soli, Everett, Wash., grandmothers of the bridegroom; Mrs. Kermit Ragin and Mrs. Clifford Wylie, Boise, aunts of the bride, and Mrs. Tom Hiral, Mrs. John Chakirian.

The bride taught in Rainier State School, Buckley, Wash., the past year. The bridegroom is a business major at the University of Puget Sound where he is a member of Phi Delta Theta and Choppers.

After a honeymoon trip to San Francisco and San Clemente the couple will reside in Tacoma, where Mrs. Soli will teach special education courses in Tacoma this fall and Mr. Soli will continue his education at the university.

A pre-nuptial shower in Twin Falls was hosted by Mrs. Leonard Engle, Mrs. Russell Hall and Mrs. Tom Hiral.

## Dear Abby

By ABIGAIL VAN BUREN  
DEAR ABBY: Last month my husband was arrested and fined for drunken driving. (His first offense.) HE HAD BEEN DRIVING and he WAS driving, so technically he was guilty, although the write-up in the newspaper made it sound much worse than it really was. We were so ashamed and embarrassed when it appeared in print.

Well, worse yet, the following week-end we drive to our former home town, which is 300 miles from here, to visit friends. When we got there, we learned that a "friend" who lives in the city where we presently live had

mailed copies of that write-up to practically everybody we know in our old home town. I was shocked. I had a carderily note saying she knew they would want to know so they could pray for us.

What is your opinion of this deal? HEARTSICK

DEAR HEARTSICK: It smells of mischief. Your holier-than-thou friend is, in my opinion, far more in need of prayers than you.

DEAR ABBY: The other morning while taking the groceries out of the car, I noticed several loose beads on the front seat.

Naturally I became upset because they were not my beads and no one besides my husband and I ever drives our car. When I showed the beads to my husband and asked him how they got there, he said he didn't know.

Since I am the only woman who has ridden in that car other than his mother, I cannot help but wonder.

I told my husband that since he didn't know how they got there, he should try to find out in order to ease my mind.

He said, "Look, kid, I am not a Miller, and I am not going to bother."

I love him and I want to believe him, but the doubts are still in my mind. What would you do in this situation?

SICK AT HEART

DEAR SICK: I'd make a mental list of all the ways those beads could have gotten into the car. (1) Someone could have thrown them thru an open window. (2) A parking attendant could have invited his girl friend to go for a spin around the block, or to all with him while they listened to your radio and wore down your battery. But whatever you do, DON'T mention this to your husband again.

DEAR ABBY: This probably sounds dumb, but it bothers me. When you go to a movie with a guy and a love scene comes on the screen, what should you do? I mean, I hate to just sit there and act bored.

Sometimes, though, the guy I'm with figures we're supposed to follow suit, and a lot of times I don't want to kiss him. I hate the method of pretending to "drop" something—it's a childish, but what ARE you supposed to do?

DEAR WONDERING: Kissing is (or should be) a spontaneous expression of honest affection. Don't let your own preconceptions dictate your behavior. If you don't want to kiss your date, don't "drop" anything, except the unquestionable impression that you don't want to be kissed.

CONFIDENTIAL TO DOLLY: No, it is not "childish" to seek advice. It is more childish to remain ignorant, and pretend you know all the answers. (No-dye done.)

## Grandchildren Are Announced

CASTLEFORD — New grandchildren were reported by members of the Grandmothers Club at a recent meeting at the home of Mrs. Fred Koch.

Mrs. Morley Blackham reports a great-granddaughter, born to Mr. and Mrs. Lynn Thomas in Pocatello in June.

Mrs. Henry Senten, the birth of a great-grandson, born to Mr. and Mrs. Michael Park, Kennewick, Wash., and Mrs. John Darrow, a grandson born to Mr. and Mrs. Bill Nye, Idaho Falls.

Officers were elected and it was announced the new yearbooks will be distributed at the October meeting. Members observing birthday anniversaries in September are Hazel Conrad, Mrs. Parley Harman and Mrs. Leonard Miller.

Next meeting will be hosted by Mrs. Wilbur Guidley, with One Simple assisting.

**Medical Mirror**

What is the origin of the word **CADUCEUS** used in research by medical men?

A. The symbol (caduceus) consisting of a staff about which a single serpent is coiled is very old. Near Eastern archaeological discoveries dating from 3100 B.C. point to the design. Evidence indicates that in most ancient times a snake and staff was utilized in the craft of healing.

**Portugal Chief Remains in Coma**  
**LISEBON (AP)** — Prime Minister Antonio Salazar remained in a coma today, breathing with the aid of a machine on the seventh day after a massive stroke. In Portugal's ancient churches masses were said for the 79-year-old Salazar's recovery, and Portugal's President, Amelino de Gusmao, Hospital to sign a guest book while members of the government conferred near Salazar's sixth floor room. It was rumored the government would name Marcello Caetano, 62-year-old law professor, successor to Salazar before the day was over. Meanwhile the army and police remained on the alert.

**NEW NAME GIVEN**  
**JOHANNESBURG, South Africa (AP)** — Heart transplant surgeon from Toronto, Dr. Bernard Rebozo, is known as "wawusa inhlayo" among Zulu tribesmen. It is Zulu vernacular for "he who wakens the heart."

**Rebel Biafrans Face Last Stand**  
**IBEWRI, Nigeria (AP)** — Rebels pressed today for a last-ditch stand in Umuahia—the only major town left in Biafran hands—as federal troops closed in. A federal spokesman said no assault was immediately planned on the Biafran headquarters because the rebels were waiting for armored cars and had to rebuild a blown-up bridge north of Aba and fill in a 70-foot crater dug in the main Biafran road. But the federals were fighting toward Umuahia, and the Biafrans, crammed into a 300-square-mile tract, showed no signs of giving up. Official Biafran sources said their government had ordered a mobilization of men and materials for an all-out resistance against the encircling troops.

**Culture Arises In U.S. Midwest; Dance Troupes Make Appearance**  
By CHARLES McDEANIE  
**CHICAGO (AP)** — The Midwest, never thought of as a cultural center, is increasingly producing performances of the dance. Bruce Sagan, publisher of neighborhood newspapers and owner of the Harper Theater, is one of the persons responsible. Sagan and his wife, Judith, bought the 400-seat theater in 1961. It had been a movie theater but had been closed for five years. Before that it was a vaudeville house, and the stage and dressing room areas made it suitable for what the Sagans then had planned—off-Broadway-type theater. The plan, however, did not work out. His and his wife's mutual interest for the dance brought about their buying the first Harper Theater Dance Festival in 1965 with six weeks of dance by modern and classical dancers.

**News Of Record**  
**JEROME COUNTY Justice Court**  
Cecilio Holwood, Wendell, \$15, no payers; Lee Stapp, Hazelton, \$5, for over-length load; John Goeltel, Hazelton, \$5, inadequate equipment.

**Needed a Donation**  
Leonard Paa, executive director for the Chicago Council, learned that the festival had become unfeasible and made plans that not only preserved the festival but introduced modern dance to other Illinois areas. The outcome was a grant from the National Endowment for the Arts and the Illinois Arts Council to pay administrative costs and half of the talent cost to bring four dance companies to the area. It was then up to the various localities to provide the additional funds. Each of four companies—The Chicago Contemporary Dance Company, Cunningham and Glen Tetley—came to Chicago for a week, then spent a week in an area outside Chicago. Sagan expected that the program was aimed at doing "adult education" and performing for the public.

**While the attendance increased each year, Sagan points out that it is not possible to break even—financially—with a 500-seat house. "After the second year it became apparent that the company could not sustain this as a private charity," he said.**

# Wallace Jumps At Hagerman

**MARKSVILLE, La. (AP)** — Wallace outjumped Nixon on Saturday in the second annual Jaycee Frog Jumping Contest. Wallace covered 5 feet, 2 inches in his three jumps, while Nixon was 4 feet, 9 1/2 inches and Humphrey moved only 2 feet, 11 inches. Yet even Wallace lost the race. Sally, the champ, entered by Jackie Cox of Danham Springs, covered 6 feet 1 1/2 inches to break last year's record of 10 feet, 9 inches.

# Wendell To Aid Faculty Attend Meet

**WENDELL** — All Wendell school district teachers will be allowed \$8 toward the cost of attending the State Teachers Association at Boise Oct. 10-11. Richard Thomas, guidance counselor, was given permission to attend the workshop at Moscow on the same dates.

**Teachers Are Honored By Lincoln PTA**  
**RICHFIELD** — Richfield faculty members were honored at the annual teacher's reception Thursday evening sponsored by the PTA. Mrs. LeRoy Magoffin, program chairman, presided. Supt. Neil Anderson who in turn performed introductions for the faculty. Teachers are James Thomas, LeRoy Johnson, Mrs. T. Sanders, V. C. Ross and Charles Buttane, high school; Mrs. W. T. Flavel, elementary principal; and Mrs. Gladys G. Roder, seventh; Mrs. Melvin Pope, sixth; Mrs. L. E. Browning, fifth; Mrs. Donald Ryley, fourth; Mrs. Gladys G. **Diplomats Plan End of Session**  
**UNITED NATIONS, N.Y. (AP)** — Diplomats from around the world gathered today to close out the 22nd session of the U.N. General Assembly in preparation for the opening of the 23rd session on Tuesday. Already four prime ministers, three deputy prime ministers and 47 foreign ministers are listed to attend the new session. The general policy debate will start Oct. 2. The main topic being transferred to the new session is the Middle East. It is chief among the 99 subjects on the prospective agenda.

**Britisher Plans To Wed African**  
**LONDON (AP)** — The handsome son of a British peer and the African beauty met in a public library two years ago. Now they plan to marry, putting her in line to become Britain's first black African princess. Friends said today the wedding in London next month of Stephen Pollock, 22, to Elizabeth Vambe, 21, has changed Stephen's mind about renouncing his right to the title. They said he now intends to accept the viscountcy eventually in the hope it will help promote racial harmony.

**Mexican Teacher Quits In Protest**  
**MEXICO CITY (AP)** — The rector of the University of Mexico resigned Sunday night in protest against army occupation of his campus. He was the first major political casualty of more than two months of student unrest. Rector Barros Sierra is the second rector of the 85,000-student university to resign in less than three years. His predecessor was forced out in May 1966 after a 100-day student strike against his administration.

**Robles Ponders U.S. Residence**  
**MIAMI, Fla. (AP)** — Marco A. Robles says he will live in the United States after he steps down next week as president of Panama. The Miami Herald quoted Robles as saying in an interview that he had purchased a house in Coral Gables, in the \$25,000 to \$30,000 range, and was planning to move there. There also were reports that Robles, 61, may serve in an advisory position on Latin American affairs in the Hollywood-based bank. The board chairman of the First National Bank of Hollywood, Maynard Abrams, was a recent visitor to Panama where Robles met with him with the Vasco Nunez de Balboa Decree, the highest given by Panama to a foreigner.

**ALTHOUGH THEIR PLANS** are not yet definite, a group of Sun Valley men have combined ideas and finances to build what may be one of the most unique restaurants in the Ketchikan area. They have moved ladders from an old water tower to the site and also an old caboose, which will be opened first. Details of the water tower project are not yet complete, according to Ned Bell, insurance man; Bob Wright, Sun Valley advertising man; Buhl Ames, night watchman; Paul McKinnon, captain of Challenger Inn bowling, and Gordon Butterfield, ski instructor, who is dubbed the "idea man."

# Burglar Alarm Calls Cops While Yeggs Drill

**By LARRY HEINZERLING**  
**LONDON (AP)** — Safecrackers, bank robbers and pesky burglars better watch their step. A British company has developed an ultrasonic burglar alarm that's braver than most. Don't try to tamper with it or turn it off, because it will just get excited and turn itself on. The "G-tector," an electronic device which guards up to 300 square feet is so sensitive it can go off at the sound of rain falling or a mouse scurrying through the pantry. It has been especially designed to detect criminals who use a thermic lance, flamethrower or other methods to drill into safes, banks and stores. Its major asset, says a company official, is that it can replace outdated and vulnerable tubing and wiring systems. Alarm Equipment Supplies Ltd., the manufacturer, says the new alarm operates on a transmitter-receiver basis which picks up disturbances in air-wave patterns. Sales Manager R. W. Robinson believes the major problem with burglar alarms these days is that 90 per cent of them make false alarms. The G-tector has a way of tackling that problem. The \$18 alarm—as large as a medium-sized transistor radio with a handle—can have its sensitivity adjusted to pick up the slightest sound or movement. But it also has a delayed reaction system that can differentiate between a false alarm and the real thing. To avoid having the alarm touched off erroneously, the device silently waits to see whether or not there is continuous motion. If something disturbs it for longer than 15 seconds, or whatever amount of time you want to set, off it goes. Once it is set, the timing mechanism is sealed and cannot be tampered with without going off. Switching off the electricity won't work either, at least not in England, because all the alarm needs to operate is 12 very after he died in a car accident, a week after his marriage.

2:30 P.M. SUMMARY

NEW YORK (AP)—The stock market showed a steady, higher pattern in trading today. Volume, hampered by an absence of traders observing the Hebrew religious holiday, declined.

Of the 15 most active issues, 6 showed advances, 7 were lower, and 2 were unchanged. Leading the list were ACF Industries, off 2 1/4 at 46 1/2 on turnover of 172,600 shares.

The Dow Jones average of 30 industrials, however, posted a gain of 3 1/2 at 823 1/2. Brokers said a continuation of the Friday rally, bolstered by a week of advance, was indicated.

Air Lines, with Pan Am, TWA, Pacific Southwest and United trading actively.

Prices on the American Stock Exchange were generally higher.

Ageing DeGaulle Sees France Near Collapse

By TOM A. CULLEN European Staff Correspondent. The third call for help came last May when the whole of France exploded in a series of strikes and student insurrections.

The blueprint of DeGaulle's style is to be found in the slim volume, "The Edge of the Sword." A leader "must aim high, show that he has vision, act on the grand scale, De Gaulle writes, adding that he will not let him apart from "men who splash in shallow waters."

There can be no pretense without mystery, U.S. De Gaulle, "for people feel no reverence for anything with which they are too familiar." Mystery, secrecy, the virtues of silence—the world has been getting a taste of these in De Gaulle's handling of his country's problems.

Business Mirror

BY JOHN CUNIFF AP-Business Analyst

NEW YORK (AP)—Somehow an economic slowdown has been lost. Most analysts still think it hasn't been delayed on route. Other's aren't sure. Maybe it will never come, they say.

This age of computers you'd think couldn't be any higher. The American economy was supposed to be turning sluggish by now—the result of spending cutbacks and an income tax surcharge. But it's roaring.

"I don't know what's happened," said an economist looking at his charts. "Industry production is high and capital spending plans look good. Lots of jobs and little unemployment. Lots of houses being built, retail sales strong, cars selling like hotcakes."

"What bothers me," said his partner, "is that the government takes 10 per cent more taxes from people and the people just don't seem to mind. They're spending like mad. And business people don't complain about taxes so much as they used to."

"Search me," said the other. "When I forecast a slowdown it was as certain it would appear by now as the movie projectionist is certain his picture will reach the screen. What could have happened?"

A lot of people are asking that question. The Review of the Federal Reserve Bank of St. Louis headlined an article in its September issue, "Executive Demand Slowing?" Note the question mark.

Business Week magazine in a mid-September editorial said: "These are times that try decision makers' souls. A large majority of business leaders warn of a business slowdown. But the economy itself continues to point upward."

Several consultants and economic advisers to business companies tell their clients to look for a strong 1959, and some of them have all but ruled out fears of a recession during mid-winter.

Arthur Okun, the president's chief economic adviser, said last week that he still expects the slowdown to develop but conceded that so far the signs of it haven't been so pronounced.

Walter Heller, who was chief economic adviser in the Kennedy administration, is one of a shrinking number who feel the slowdown already has begun.

Now it is suspicious of the government's anti-inflation statements. The publication of the economic data for August has widened the "credibility gap" concerning the effectiveness of the government's widely heralded anti-inflation policies.

"The August data," it continued, "have given added substance to the feeling that the loss will be found."

Successful Investing

Q—Because we need to provide for the future of our brain-injured son who may not be self-supporting, we have signed up to buy a mutual fund at \$100 a month for 15 years. We also have another \$1,000 to invest. What do you suggest?—D.D.

A—For the benefit of others who may be considering a fund, I would like to tell you that the present, typical contractual plans deduct up to 50% of the first year's payments for sales commission. This is not an unusual loading means that you may pay the cost of acquiring shares, that you won't own for many years. In defense of the commission, I prefer the interest of U. S. Steel, each selling to yield about 6%.

government disinflationary policies are not producing the expected results. Politics, it suspects, might be compromising the program.

A few definite effects of the tax increase have appeared, but not in a pattern. The signs have been isolated here and there. An example is the Telephone & Telegraph earnings, for example, fell in the most recent quarter to 93 cents a share from 97 cents three months ago.

But stocks, including even AT&T, have displayed strength. The market is not an infallible barometer of future business activity and it could be wrong now, but for what it is worth, it has been pointing upward.

Two explanations seem prominent in explanations of why the slowdown hasn't arrived on schedule. One, consumers are dipping into their savings to continue spending for cars, life insurance and luxuries. Too, some corporations feel the only way to overcome higher wages is to speed up expansion and greater efficiency.

Whatever the reasons, the slowdown hasn't arrived on schedule. The economists are almost unanimous in forecasting slower expansion by late fall or winter. But that's what they said before.

The search for the slowdown continues and some economists are asking questions now instead of issuing forecasts. Those who claim they've seen signs of the slowdown's onset the cynics argue that some people will always see signs and predict a cloudy sky.

"The slowdown," they say, is lost and they're wondering if the loser will be found.

A—Your three bonds carry BBB ratings, are considered medium grade and should be held. I would also retain the preferred issue of El Paso Gas. Because of the adequate yields available, Central Hudson, Interstate, Mountain Fuel, and Northeast Utilities are suitable holdings for you. I would, however, switch Cities Service and ACF into equal dollar amounts of Southern Natural Gas, recommended in recent columns, and First

# Minnesota Pounces On Packer Errors To Post Stunning 26-13 Upset

MILWAUKEE, Wis. (AP) — Joe Kapp and the surprising Minnesota Vikings converted an interception—a long march—and safety into a 16-0 halftime lead and held on to hand the world champion Green Bay Packers a 26-13 setback Sunday in a major National Football League upset. The Vikings kept the penalty-plagued Packers from moving inside the Minnesota 25 until the third period, got a crucial insurance touchdown in the second half after Kapp gambled on a fourth-down deep Packer territory with the score 16-0.

# Utah Dog Takes Gun In Finishing Trials

BURLEY — Trooper, an English Pointer male owned by Hansford Daines of Corinne, Utah, captured the final day's feature event as he took the open-shooting dog derby at the Idaho State Field Trial Association's competition Sunday.

Local entry Hoss Cartwright, an English Pointer male, took the open-all age competition. The dog is owned by R. W. Everton of Twin Falls and was handled by Len Garner of Paul, Idaho. Everton's dog also took second place in the open-shooting dog trail, giving the local dogs solid finishes in three events. It was dog eat dog throughout the day as the Montana and Utah entrants proved to be stocked with talent. Utah and Montana dogs took four first places overall, while Washington took one second place finish.

# Whitworth Has Win At Tournament

KINGSBURY, Calif. (AP) — Kathy Whitworth of Dallas, Texas, fired her third straight subpar round, a 69, to win the \$15,000 Kings River Open Golf Tournament by 10 strokes Sunday.

# Autumn Cool Waters Will Help Fishing

BOISE — Autumn-cooled waters of streams, lakes and reservoirs at this time of year start fish on a feeding spree and turn angling into a "red hot" sport, the Idaho Fish and Game Department reported today.

But with big game and upland bird hunting under way, all but the most dedicated fishermen put away rods and reels and turn to other things, thus missing the brief flurry of fall action that rivals the spring opening of the general trout season. Chilly fall nights bring waters down to ideal temperatures for active fish feeding. Lakes and reservoirs have a turnover of water in the fall just as they do in the spring — and fish go wild.

# McCovey Powers Giants To Win

SAN FRANCISCO (AP) — Willie McCovey drove in four runs with a double and three-run homer Sunday, powering the San Francisco Giants to a 10-2 rout of the Atlanta Braves.

23-6 minutes later when Clint Jones scored from the four.

The victory moved the unbeaten Vikings into sole possession of first place in the NFL's Central Division with a 2-0 record. The Packers are 1-1.

Paul Krause put the Vikings into position for the first touchdown when he intercepted a Bart Starr pass at the Green Bay 34.

# Gabriel Fires Rams Over Pittsburgh

LOS ANGELES (AP) — Los Angeles' Gabriel scored four touchdowns, including a 55-yard bomb to Bernie Casey that broke a 10-10 tie, as the Rams romped over the Pittsburgh Steelers 45-10 Sunday.

The Rams, playing before 49,647 in 80 degree weather, registered their second straight National Football League victory and the Steelers went down for the second time.

# Detroit Smashes Bears In Central Division Battle

DETROIT (AP) — A combination of late scoring and a Detroit offense resulted in six Detroit touchdowns, three of them within a three-minute span in the second quarter, as the Detroit Lions defeated the Chicago Bears 42-0 Sunday.

Bill Munson tossed for touchdown passes of 86, 37 and 15 yards to tight ends Earl Meier, halfback Mel Farr and again to McCullough. It was

## Brodie Passes 49ers To Win Over Cards

SAN FRANCISCO (AP) — John Brodie, who spent two days in a hospital last week, fired three touchdown passes and set up a fourth one Sunday as the San Francisco 49ers beat the St. Louis Cardinals 35-17 in a National Football League game.

The victory evened San Francisco's Coastal Division record at 1-1. The Cardinals of the Century Division suffered their second straight setback.

Brodie spent Thursday and Friday in a local hospital with what he called a crick in his back and underwent heat treatment.

The rest obviously did him good and the 12-year veteran hit off scoring passes of 29, 50 and 11 yards to three different receivers, Sunny Randle, John David Crow and Clifton McNeil.

Ken Willard and Gary Lewis kept the St. Louis defense from concentrating on Brodie's passing by constantly gaining yardage on the ground.

Brodie's scoring toss to Randall came early in the game at 10:11. He recovered a fumble by Cardinal halfback Roy Shivers on the St. Louis 30.

Late in the period, St. Louis quarterback Jim Hart tied the score with a neat sideline pass that Shivers carried over from the 10 on a 16-yard scoring play.

But Brodie put the 49ers ahead early in the second period with a perfect 50-yard strike that Crow caught on the 15 beyond Cardinal defender Mike Barnes and carried over for the score.

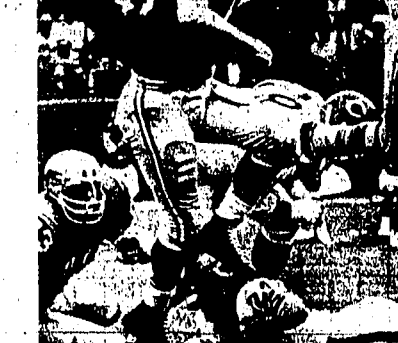

Early in the third period, Brodie threw the 11-yard scoring pass to McNeil and late in the period he brought the 49ers down to the eight with more sharp passing and Willard took the ball over from two feet out.

## Razzle-Dazzle Gives Baltimore 28-20 Win Over Tough Falcons

ATLANTA (AP) — Ball-bobbling Baltimore overcame a rash of errors and a surprising aggressive Atlanta attack Sunday with the help of a razzle-dazzle, three-pass touchdown play and turned back the Falcons 28-20.

Quarterback Earl Morrall — sitting in for injured Johnny Unitas — tossed three touchdown passes in the National Football League game and set up another score with an 84-yard pass.

But he also had three passes intercepted as he committed one of three Baltimore fumbles that helped the Falcons stay in contention.

The key play for the Colts came with 39 seconds left in the first half after the Falcons' Randy Johnson fumbled. Morrall threw a parallel pass to one-time quarterback Tom Matte, who tossed back to Morrall, and Morrall then threw a 46-yard touchdown strike to split end Jimmy Orr.

That gave Baltimore, a 21-10 halftime lead, and after Atlanta had cut the gap to 21-20, Matte clinched the Colts' second straight triumph with a two-yard scoring plunge in the fourth quarter.

## Namath Leads Jets To Win Over Patriots

BIRMINGHAM, Ala. (AP) — Joe Namath's passes and an alert defense gave the New York Jets a 47-31 victory Sunday over Boston, playing its home American Football League opener at Birmingham.

The game was billed as a test to see how the AFL would draw here, should Birmingham be awarded a franchise. Attendance was 29,192.

The Jets moved to a 14-3 first quarter lead, although the Patriots held the ball for most of the period and New York was never headed.

Second period field goals by Jim Turner, for 30 and 27 yards, moved the Jets into a 20-3 lead, while the defense stifled the Boston attack.

Near the end of the half, the Patriots moved from their own 16 to the 39 where Aeron Marsh suddenly scooped free 10 yards behind all defenders and took a 78-yard scoring pass from Tallferro. Cappelletti's conversion made it 20-10.

The second time Nance carried the ball in the game, he picked up eight yards which put him over his 3,000-yard mark for his career.

# Saints Explode For Win Over Redskins

NEW ORLEANS (AP) — Don McCall's nimble-footed speed in his own backfield, coupled with a sock-it-hard defense led Atkins — last week's outstanding — by Dave Whitsett and Doug Atling defensive player.

Kings, sparked the underdog New Orleans Saints to a 37-17 rout of over-shadowed Redskins this Washington-Sunday in National Football League action.

McCall, seeing his first duty since being sidelined with a back injury in the exhibition season, slashed through Redskin defenders for 127 yards. It was the first time any New Orleans rusher had ever gotten over 100 yards in a single game.

McCall scored a pair of touchdowns before retiring to the bench in the fourth quarter. One came on an eight-yard run, the other on a four-yard pass from Bill Kilmer.

It was the New Orleans defense, however, that got things going for the Saints. Redskin quarterback Sonny Jurgensen — named The Associated Press' offensive player of the week last week for his four-touchdown 278-yard performance against Chicago — was thwarted time and again.

Twice he was nailed deep in his own backfield by 38-year-old defensive back Louis Taylor. On one play, Taylor's defensive end with a sock-it-hard defense led Atkins — last week's outstanding — by Dave Whitsett and Doug Atling defensive player.

Oswald: "One disadvantage of weak opening bids is not that I would have opened the West hand had I held it."  
Jim: "I know your story. You are getting old and want to get in on as many bids as you can. Anyway, when the 10 of hearts bid, there was no further problem about the play. I dashed dummy's king of diamonds and ace of hearts. West's king of diamonds, whereupon I played one more round of trumps to take care of the last one out and claimed 11 tricks — five hearts, two clubs and trumps."  
Oswald: "The bidding of the hand is interesting. Bobby Wolff chose the unusual no-trump to show his strong minor-suit hand. That got you two to the slam in a hurry. Some Northerns may have tried take-out doubles or simple overcalls."  
Jim: "They did. Then there were East players who managed to raise spades and some East-West pairs saved at six spades down either 900 or 1,100. Either save was a good one, because six diamonds vulnerable scores 1,370."

the 10 when declarer plays the heart suit. I know you made seven diamonds but I imagine you found a better way to play the hand.  
Jim: "Yes, at least I think my way was superior to that suggested. My problem was to give myself the safest play for fear of giving up the chance for the overtrick. Six made would be a good score. The overtrick would change it to a probable top. I ruffed the spade lead in dummy and played a diamond to my hand as a starter. Then I lead a heart and finessed dummy's 10. This ruffed an immediate set. If West had held a singleton small heart but his opening spade bid had most surely placed the king of hearts in his hand."

## Electric Blanket Control Offers Novel Proposal Idea

Is the stroke of midnight called 12 p.m. or 12 a.m.? Leland Williams says it's 12 p.m. I say it's both. "My husband proposed in a rather novel way," writes a woman from Michigan. "He just handed me the switch to his electric blanket and said, 'From now on, you control it.' A Colorado student of psychology inquires, 'Is there any concrete evidence to indicate the original Jack the Ripper was emotionally immature?' A matrimonial authority insists wedded individuals ought never to say 'I' and 'you' but only to say 'we' and 'us.' What bunk! A man and his wife can't speak for each other on every single matter. Take the enunciation of some most private moment, for instance. Should each whisper sweetly, 'We love us?' The plural is all right for name plates on mail boxes and signatures on Christmas cards, but in every-day conversation, a husband ought to be his own lone man and his wife her own fair lady. Half the men in the country say they've never stayed out all night on a party. Did you know little dogs have more than big dogs? Am informed the majority of famous firefighters in the Old West were fair-haired fellows with blue eyes. No mother knows more lullabies than the Italian mother, it's said, and no mother needs more. Now what punster first described marriage as 'love partitioned?' Don't recall, don't recall. Customer Service: Q. "To settle a little dispute here, matter, has any man ever lived as much as three tons?" A. One. A Georgia boy named Paul Anderson did that 11 years ago, but don't believe anybody else has even come close. Ilona Massey is now the wife of Gen. Donald S. Dawson in Bethesda, Md. Morton Downey is a corporate wheel in Stamford, Conn. Connee Boswell paints pictures in her Central Park West apartment. George Brent is retired in Rancho Santa Fe, Cal. The measurements of Rosemary are 36-24-34, and still are. Joan Leslie is doing this and that with Catholic charities in Los Angeles. Chester Conklin tends the roses at his Van Nuys, Cal., cottage. Ruby Keeler golfs it up out of her snazzy home in Newport Beach, Cal. Jessica Dragonette throws parties for Manhattan's shiny names in her East 67th Street place. Before rigor mortis sets in, the muscular contractions in a human body after death can cause said body to roll over on its side. Please don't worry. I wish to point out such muscular spasms also can cause the remains of the deceased to move fingers, raise an arm or leg, and even moan. When I was small, I delivered the morning newspaper to a funeral home in Bremerton, Wash., and in so doing, thanks to a juvenile ambulance driver, at one sombre pre-dawn moment, was witness to a corpse that twitched its mouth. May I now make mention of the incidental fact that even as an unathletic lad I was incredibly swift in flight? Rapid Reply: No sir, Alaska has become kinder a lot more game than all the rest of the states put together. ## Sheriff's Candidate In Jerome Blasts Incumbent

JEROME — Dewey Cavin, Democratic candidate for the sheriff's office, opened his campaign last week with a blast at the present administration.

Mr. Cavin first became interested in the sheriff job in 1964 when he made an unsuccessful bid for the office. Since that time he stated that he has spent many hours studying police procedures and believes he could not only handle the job but could improve on present services.

"One of the present sheriff's points is that he spends very little of the taxpayers money doing the job. Certainly this must be considered, but the first consideration is the service given," Mr. Cavin stated.

"When called to the scene of a crime, is it money saved to look over the scene and say we're sorry it happened?" he asked.

"It costs very little more to search the dust for fingerprints or take plaster casts of footprints or tire tracks. It costs very little more to examine the evidence and have it processed through crime laboratories. The question is, do we want to spend extra money to solve the crime or save money and let bygones be bygones?"

Mr. Cavin further stated that the sheriff's job in Jerome County will never be done from 8 a.m. to 5 p.m. "If it is done as it should be, he said if he is elected he will work as many hours a day as is necessary to bring every problem to a satisfactory conclusion.

"It is frightening," Mr. Cavin said, "to think that those outside the city limits have no immediate nighttime protection." He stated he favored closer cooperation with the Jerome Police Department.

## New Star

LOS ANGELES (AP)—Comedian Jim Backus will open Tuesday in the play "Captain Brassbon's Conversion" in place of actor Paul Ford, who collapsed during a preview performance.

Ford, 66, was ordered Saturday by his doctor to leave the play for at least two weeks.

Backus will perform daily from 5 p.m. to 8 a.m. and on Saturdays and Sundays unless you are fortunate enough to find some one at home? I intend to have an extension of the sheriff's office phone in my home if I am elected," he stated.

"A good many citizens just outside the city don't really know how little they are protected at night," Cavin continued.

"If you are depending on the City police, you are wrong, for as it stands now, they have absolutely no authority."

He stated he favored closer cooperation with the Jerome Police Department.

## Officials Chart Slash In 'Aid'

WASHINGTON (AP)—Administration officials launching a drive today to recoup part of a \$1.3 billion foreign aid cut, said sharp reduction in aid to Latin America, Africa, India and Pakistan appear certain.

The drive was in the Senate Appropriations Committee which is considering a House-passed foreign aid money bill cut to \$1.6 billion from President Johnson's request for \$2.9 billion.

Secretary of State Dean Rusk planned to cap the administration effort with a personal appearance before the committee Thursday.

The administration can recoup \$370 million at most because Congress already has set a \$1.97 billion ceiling on the foreign aid authorization.

PRIESTS SHAVED BODIES  
Egyptian priests had their entire bodies shaved every third day. Among the early so-called razors were clam shells, shark's teeth, and sharpened flints.
