

President Withdraws Nomination Of Fortas At Justice's Request

WASHINGTON (AP) — President Johnson received and accepted "with deep regret" today a request by Abe Fortas that his nomination as chief justice of the United States be withdrawn.

"With deep regret I have accepted and concur in the request of Mr. Justice Fortas and am withdrawing his nomination as chief justice of the United States," a brief presidential statement said.

"I believed when I made this nomination, and I believe now, that he is the best qualified man for this high position," Johnson said.

Speaking of the Senate's refusal to halt a filibuster against Fortas' nomination, Johnson said: "The action of the Senate, a body I revere and to which I devoted a dozen years of my life, is historically and constitutionally tragic."

Today's action climaxed the long and sometimes bitter fight which began with Johnson's nomination of Fortas June 26.

The letter was released at the Supreme Court simultaneously with its delivery to the President at the White House.

Fortas' request that his controversial nomination be withdrawn followed a vote in the

Senate Tuesday which fell 14 short of the two-thirds necessary to cut off a filibuster by opponents.

The 58-year-old justice, appointed to the Supreme Court by Johnson in 1965, started off his letter by saying he had noted the failure to end the filibuster in the Senate.

He coupled this with the observation that the new term of the court will begin on Monday and that "it will be of course, beneficial to the nation and its people if they should continue to participate in its work as associate justice."

"In view of these circumstances," Fortas wrote, "I ask

you to withdraw my nomination as chief justice."

"Continued efforts to secure confirmation of that nomination, even if ultimately successful, would result in a continuation of the attacks upon the court which have characterized the filibuster attacks which have been sometimes extreme and entirely unrelated to responsible criticism."

"Attacks of this sort would be especially inappropriate and harmful to the nation and its people if they should continue while the court is in session, engaged in the adjudication of issues of great importance to the nation as well as the litigants."

Fortas, whom Johnson had nominated June 26 to succeed Chief Justice Earl Warren, told the President in his letter he did not want to provide the occasion for a situation marked by continuation of attacks on the court.

Fortas said he appreciated the confidence Johnson had shown in his qualifications for the nation's highest judicial office.

He said he also wished to thank colleagues at the bar and in the law schools for their support and also members of the Senate who had supported him.

"I pray that we shall see, in all our nation, renewed dedication to the principles of fairness and justice and moderation, without which our democracy cannot continue," Fortas said.

Newsmen were told that Fortas would have no further statement to make and that he was not available because he was observing Yom Kippur, the Jewish holiday.

Fortas' letter, in which he said he intends to continue as an associate justice, appeared to

wash out Johnson's nomination of U.S. Circuit Court Judge Homer Thornberry of Texas to be a member of the Supreme Court.

In submitting Fortas' name to the Senate, Johnson also nominated Thornberry to take Fortas' place as an associate justice.

Sen. Strom Thurmond, R-S.C., one of the leading opponents of the Fortas nomination, was quick to comment on Fortas' letter to Johnson. He said: "This is the wisest action Fortas has taken since he's been on the Supreme Court."

Nixon Lectures At College

By WALTER R. MEARS
WILLIAMSBURG, Va. (AP) — Campaigner Richard M. Nixon turned college lecturer today and said the nation needs leadership offering neither more nor less of the same but "an appropriate time to turn away from the usual rally speeches."

The Republican presidential nominee spoke to fewer than 200 people in a hallowed colonial hall at William and Mary College, and told them it was an appropriate time to "turn away from the usual rally speeches."

Instead, Nixon spoke of the American spirit and said that "our present leaders are in a restoration of personal freedom, room to turn around in life."

"We must find a way to make government work for all of us without dominating any one of us," Nixon said.

He said that approach must be applied to welfare so that it will become a means of escape from dependency to dignity, Nixon said the flow of power should be reversed from Washington to cities and states so that there should be "genuinely equal opportunity" for all Americans.

"Our present leaders are out of touch with this new mood and cannot comprehend this new need," he said.

Nixon said the American spirit has always welled up in times of trouble. "We choose new leaders with new ideas and we all know we are ready to make any sacrifice required to set our nation right," he said.

He left the college through a line of students which included some hostile pickets, saying that he hoped to return with a degree from the Electoral College.

Nixon, maintaining his own Vietnam policy silence, says that about any way that Democrat Hubert H. Humphrey handles the war issue will be wrong.

STANDING AT ONE OF THE DRIVING SITES AT THE mining claim of American Smelting and Refining Co. at the Base of Castle Peak are Marvin Larson, Clayton District Ranger, left, and Greg Prescott, a company geologist. The clearing behind the two men is where a helicopter, which supplies the camp, takes off and lands.

THIS VIEW FROM THE helicopter landing point shows the camp and buildings in the clearing chopped out of the wilderness area. The exploratory phase of the operation has been carried out with a design to disturb the area as little as possible. If a full mining operation starts here, however, it is probable there will be an open-pit mine and a mill at this location.

CSI Crews Are Given Extension

A 30-day extension has been granted to Neilson and Miller, prime contractors on the College of Southern Idaho phase one construction which includes a new academic building and a special board of trustees meeting Tuesday noon.

The expiration of the contract had been Monday but with the extension the expiration will now be Oct. 30.

The extension was granted without penalty to the contractors. Dr. James L. Taylor, CSI president, said the decision was made because of Neilson and Miller's concern in attempting to get CSI into the academic building as soon as possible.

He said that putting the most emphasis on the academic building is the overall phase one project.

Dr. Taylor also said that the quality of work which Neilson and Miller and contractors have been turning out is a factor in the favorable decision for the extension.

CSI classes moved into the academic building Sept. 23.

An open house will be held at the fine arts center when it is complete, but no date has been set.

Some work on the academic building still is incomplete and much work remains to be done on the fine arts building, as well as on exterior landscaping.

Open-Pit Mining Foreseen At Castle Peak In 5 Years

By O. J. SMITH
Times-News Managing Editor

An open-pit molybdenum mine and mill probably will be in operation at the base of Castle Peak within five years.

Present plans are to connect the site, which is in the heart of the prime recreational area of the Challis and Sawtooth National Forests, with the road along the East Fork of the Salmon River by a two-mile east road.

The only thing that could change this prospect is if American Smelting and Refining Co., which is exploring the claim, should decide it is not economically feasible to mine the deposit. Right now, after a summer of core drilling at the spot, it looks as though there is enough molybdenum or the claim to make it profitable to mine.

This information was obtained last week in a visit to the site

Rusk Denounces Soviets For Tyrannizing Czechs

UNITED NATIONS, N.Y. (AP) — Secretary of State Dean Rusk today denounced the Soviet military intervention in Czechoslovakia as repugnant and dangerous to peace, and declared he had sent a shock wave of indignation and apprehension around the world.

The U.S. secretary of state, making his first U.N. speech, was interrupted by three demonstrators in the public gallery who shouted and displayed a banner saying "Stop the War in Vietnam" before they were hustled from the chamber by security guards. Another demonstrator, who stood and displayed a sign declaring "No Arms to Rich, GIs die," also was ejected.

Rusk told the 125-nation General Assembly that the United States wants peace in Vietnam and is ready to halt the bombing of North Vietnam "the minute we can be confident that this would lead to peace."

"An honorable settlement is possible," he said. "What remains is for Hanoi to get down to business on terms of making peace in Paris."

He warned the Soviet Union that the United States did not accept its contention that the

right to intervene unilaterally in West Germany if it determined that a resurgence of Nazism existed.

"Any such action," he said, "would lead immediately to self-defense measures pursuant to the North Atlantic Treaty."

Dealing at length with the Czechoslovak invasion, Rusk said he was shaken and disappointed by the hopes for better East-West relations and "raised doubt and discouragement."

about many a hopeful venture.

"President Johnson's diligent efforts to build bridges of common interest and contact between East and West have been attacked and misrepresented," he said. He added that the Russians were now trying to devise a justification for what he called a "gross violation" of the U.N. charter.

Rusk asked whether recent arguments published in the Soviet Communist newspaper Pravda meant that the Kremlin

was disavowing charter prohibitions against the use of force as long as such action took place within the Soviet bloc.

"The nations of the world will look to the Soviet Union for answers to these questions," he said, "and for assurance that it is not seeking to place itself above the law of the charter."

"Let us say very plainly to the Soviet Union: The road to detente is the road of the charter."

Chief Warns Of T. F. Law On Salesmen

Twin Falls is again experiencing a wave of unlawful peddling by several different organizations, such as spraying, magazine salesmen, aluminum siding salesmen, and other salesmen, Frank Barnett, police chief, said Tuesday.

Mr. Barnett said the city nor the Chamber of Commerce does not decide the honesty of these companies, "and the fact they have registered with the police department or the chamber does not make the companies legal."

The city code on unlawful peddling states the practice of going in and upon private residences in the city of Twin Falls by solicitors, peddlers, hawkers, itinerant merchants or transient not having been requested or invited to do so by the owner or owners or occupants of the homes is a misdemeanor.

In general, Mr. Barnett said, this means if a salesman comes to your house to sell you anything, "he or she is in violation of the ordinance unless they have been invited on the property. Also remember the time to call the police is at the time of contact," he said.

"Do not sign a contract or make a purchase and then expect to get out of the sale by making a complaint. In signing the contract or making the purchase you have agreed to the salesman's prospectus on your property and the ordinance would no longer protect you against the trespass on your property," the police chief said.

Reds Blast U.S. 'Copters Carrying Wounded Men

SAIGON (AP) — Two evacuation helicopters with wounded Americans were shot down by North Vietnamese troops during a fierce battle in complete darkness Sunday in Da Nang, military spokesmen reported today.

U.S. headquarters said several soldiers who had been wounded in the ground fighting were unaccounted for, and presumed dead. They were aboard one of the helicopters that was destroyed while trying to evacuate them to a field hospital.

The U.S. Command declined to say how many men were missing while a search was still on for their bodies, but unconfirmed reports put the number at three. Four crewmen aboard the helicopter, a copman and two wounded infantrymen were rescued. The crewman and the copman were wounded.

The second helicopter was recovered. None of the crewmen

were aboard it. The two crewmen were able to fly the crippled aircraft over the Tonkin Gulf, where they bailed out. They were picked up by the 7th Fleet destroyer Towers "three miles off the coast," it said.

It was the 502nd American warplane reported downed in combat over North Vietnam.

The New Jersey-based first American battletip to see action since the Korean war, turned its 16-inch gun toward North Vietnam's southern hemisphere Tuesday in its second day on the firing line.

The Navy said the vessel's 2,700-ton gun is one of them buried as far as 16 miles — smashed a dozen bunkers, one truck and an anti-aircraft battery that had been firing on another spotter plane.

"Elsewhere, in the rubber plantation country northwest of Saigon, U.S. troops killed 14 of the enemy in a battle for control of tons of ammunition.

'Taylor Day' All Tickets Have Sold

All tickets have been sold for the "Jim Taylor Day" banquet Thursday night, according to the Rostrom manager of the Twin Falls Chamber of Commerce.

The event, being sponsored by the Chamber of Commerce, has been scheduled to pay tribute to Dr. James L. Taylor and the College of Southern Idaho.

Dr. Taylor, president of CSI, and members of the faculty at CSI, will be accompanied to the affair by local civic and business leaders.

Mr. Rostrom said the affair gets under way at 7 p.m. with the banquet starting at 7:30. About 370 people will attend.

Harriman Says Reds Plan New Invasion

PARIS (AP) — U.S. Ambassador W. Averell Harriman today accused North Vietnam of preparing a major new invasion of the South, but he warned such an attempt would fail.

Harriman said weapons, ammunition and tanks were being piled up in the north, and he indicated the enemy has transformed the once-neutral demilitarized zone into a major base for preparing to move south.

Harriman made the charges at the 24th session of the Paris

U.S. Among World's Leaders In Assassinations, Panel Told

By JAMES R. POLK
WASHINGTON (AP) — The United States is among the world leaders in assassinations even though it lacks the political turmoil that usually surrounds such slayings in other nations, the President's Commission on Violence was told today.

Dr. Ivo K. Peterabend, a political science professor at San Diego State College, ranked the United States in the middle ground of political violence in the world, but said the nation was becoming more volatile.

Assassinations and other forms of violence, he said, are generally increasing throughout the world.

Peterabend linked the assassination rate with a high degree of social instability, human frustration and oppressive government, but said, "perhaps unexpectedly" the United States also belongs among the countries with the highest occurrence of assassinations.

No specific mention was made of U.S. assassinations in the report of Dr. Martin Luther King Jr. and Sen. Robert F. Kennedy, which prompted creation of the commission.

Panel members questioned whether the recent outbreak of assassinations in this nation could be classified as political violence.

Albert J. Jenner Jr., counsel to the Warren Commission that investigated the 1963 slaying of President John F. Kennedy, said Peterabend had found no political motivation in his own probe of the background of alleged assassin Lee Harvey Oswald.

Instead, Jenner said, the causes that triggered the "shoot-out" apparently "went back to his early life and the continued frustration he experienced."

Psychiatrist Dr. W. Walter Meigs of Topeka, Kan., told the panel that with the exception of John Wilkes Booth's slaying of Abraham Lincoln, the assassinations of U.S. presidents were acts of disturbed men rather than political insurgents.

Panel members placed the United States in the middle of a scale of political violence that encompassed civil war, overthrow of government, terrorism, purges, and political violence in the world in recent years.

He listed Cuba, Indonesia, Laos, Colombia and Hungary as the most volatile nations in the 1955-61 period covered by the study and said New Zealand was the most stable. He placed the United States right in the middle peace side of the scale with other countries such as Switzerland, Denmark, Canada, England and East Germany.

Panel members said the assassination rate was increasing and added, "It seems the world we are living in is becoming more and more violent and revolutionary."

THE GRAND OPENING of Twin Falls Democratic headquarters was held Tuesday in the center in the 200 block of Main Avenue East. At left is Johnny Lister, who provided music for the occasion. Also shown are, from left, Vince Smazal, Twin Falls County Democratic chairman, Mrs. Smazal and Harold Lancaster, Danzell Manning, Democratic candidate for Congress, also attended the opening. The public is invited to visit the center.

Labor Aide Views Victory In Election

BLACKPOOL, England (AP)—Former Foreign Secretary George Brown called today for a "great debate" on the issues of the future to prepare the Labor party for victory in the next national elections.

Brown, who resigned in a huff four years ago, returned to Wilson's government six months ago, spoke to the Laborites' annual convention in his capacity of deputy party leader.

He was presenting the national executive committee's "Mid-Term Manifesto." It appeared to be the opening gun in the battle for re-election.

But in the debate that followed, speaker after speaker assailed the manifesto because it made "no reference to further nationalization of industry."

Lawmaker Eric Hoffer castigated the Wilson government for abandoning Socialist principles and he appealed to the party "to turn to the left."

Brown said that "the immense majority of the British people are immeasurably better off in material terms than they were when we came into office four years ago."

Now, he said, they have different problems and different anxieties. He warned that the Labor government of Clement Attlee lost power in 1951 because it had lost touch with the people, failing to realize their worries.

Brown said that in his view a basic issue in the minds of many people was that "there is still too much privilege in too few hands."

Development Of Fish Production For Gooding County Studied At Conclave

GOODING—Development of Gooding county's agricultural resources for maximum returns was discussed at a meeting of the Agriculture committee of the Gooding County Planning Committee, reports Harold Brown, chairman.

Since Gooding County is known as the largest trout producing county in the country and there is so much spring water, the possibility of increased fish production was noted. One acre foot of water is needed to produce about 5,000 pounds of fish and the water still can be used for irrigation. According to one fish producer, the fish market is becoming more of a year round proposition.

Lack of "know-how" in the livestock business in the county was noted and management was proclaimed as the key factor in beef cattle feeding. It was pointed out that Gooding County produces feeder cattle and exports both the cattle and extra feed.

Although it appears that ranch flock sheep could be a profitable alternative, coyotes and dogs were blamed as one of the major reasons for the large decrease in ranch flocks.

The plight and future of the small farmers were considered. It was revealed that many small farmers in Gooding County work off the farm also. Social problems of the displaced small farmers through the United States were disclosed.

Irrigation methods were discussed with the advantages and future of sprinkler irrigation being highlighted. Another serious problem introduced into the discussion was noxious weed control. It was the feeling of some that compulsory control may be necessary to reap the job accomplished. Most of the committee members felt

T. F. Dog Is Runner-Up At Montana Meet

RIPERT—A Twin Falls dog, owned by Rulon Everton, took honors during the recent Northwest Regional Championship for Region 9 in Deer Lodge, Mont.

The dog, called Hoss Cartwright, was named runner-up for both the puppy stake and second to a dog named Tombs, owned and handled by Harry Hodge, Denver.

Other place winners during the recent trials were Nollie, owned by Dr. Roy Shaub, Twin Falls, and handled by Lenn Garner, Heyburn, who placed first in both the puppy stake and the derby stake, and who was the dog receiving the most points during the trials, and Dolly, owned by Glen Humphreys, Brigham City, Utah, and handled by Lenn Garner, who placed first in the open shooting dog stake and second in the derby stake.

The other place winners in the trials were dogs from California, Washington, Montana and Canada. The regional trials were the final trials for the fall, with 79 dogs competing.

The Treasure State Pointer and Sutter Club, Montana, was the host of the event, which is one of the largest dog trials in the year.

Pollution Panel To Hear Opinions

BOISE (AP)—Public testimony on proposed regulations is to be heard Friday by the Idaho Air Pollution Control Commission.

The regulations to be considered deal with particulates and smoke, sulfur compounds, fluorides, miscellaneous contaminants, sampling and analytical procedures and enforcement of penalties for violation.

Meetings in Pocatello, Lewiston and Coeur d'Alene by the commission were held earlier on the rules.

Class Set For Police On Riots

BOISE (AP) — In-service schools for Idaho law enforcement personnel this fall will present riot control courses in riot and crowd control and instruction in legal questions involved in police duties.

Ervin Dunn, training officer for the Idaho State Police, Tuesday announced dates for the schools which will be limited to 25 men each.

Dunn said 220 officers have attended previous riot and crowd control schools. The new sessions are intended as refreshers for them and for officers who have not yet attended such schools.

Ada County Prosecutor Wayne Kidwell is to instruct the police duties school and instructors for the riot and crowd control schools will be state police and FBI agents.

Dates for the sessions:

- Police duties schools — Lewisville, Oct. 8; Coeur d'Alene, Oct. 9; Pocatello, Oct. 15; Rigby, Oct. 16; Twin Falls, Nov. 9; Boise, Nov. 6.
- Riot and crowd control schools — Lewiston, Nov. 16-20; Coeur d'Alene, Nov. 21-25; Boise, Dec. 3-4; Twin Falls, Dec. 5-6; Pocatello, Dec. 10-11; Idaho Falls, Dec. 12-13.

Senator Raps Air West Line Over Service

SEATTLE (AP) — Sen. Warren G. Magnuson, D-Wash., called on the Civil Aeronautics Board Tuesday to do something about service on Air West routes, which he said "has seriously deteriorated."

Air West was created in mid-summer by the merger of West Coast, Bonanza and Pacific Air Lines.

In a letter to CAB Chairman John H. Crocker, Magnuson urged a study of the situation "and the timely implementation of such remedial action as is consistent with the authority" of the CAB.

Magnuson, chairman of the Senate Commerce Committee, said he is aware of "considerable dissatisfaction" by customers of Air West and concurs "in the validity of their complaints."

He said the merger was followed by rate increases and a decrease in the quality of service.

"The seriousness of this matter cannot be overestimated," he said.

An offer by multimillionaire Howard Hughes to buy Air West for about \$2 million was reported by one of his spokesmen to have been motivated by dissatisfaction with the airline's service to Las Vegas, Nev., where Hughes has large holdings.

Air West directors recently endorsed the Hughes offer at a Nov. 28 stockholders' meeting.

Boise Firm Hit By NLRB Ruling

BOISE (AP) — A National Labor Relations Board panel has upheld a ruling that Morrison Knudsen Co., Inc. must rehire 19 workers unfairly discharged at a bridge construction project in Idaho.

NLRB trial examiner Stanley N. Oldbaum ruled June 26 the Boise-based firm had engaged in unfair labor practices in firing the men at the Josa bridge project near Lone Ferry last Jan. 30.

The men, employed as pile drivers, were fired after they held a meeting with the project superintendent to discuss safety hazards on the job.

"The company was ordered Tuesday to desist from discharging or refusing to rehire any employee attempting to engage in activities for mutual aid or protection."

Spokane Concern Enters Low Bid

BOISE (AP) — A Spokane firm was the apparent low bidder Tuesday on a \$2 million Interstate highway project in North Idaho.

Acme-Vickery Co. bid \$2,007,392 for the project, which involves construction of a cement-stabilized base, concrete pavement, signing and illumination on 7.18 miles of Interstate 90 between Kellogg and Osburn.

Collision Kills Tetonia Woman

NEWDALE, Idaho (AP) — A Tetonia, Idaho, woman was fatally injured in a car-truck collision Tuesday, bringing Idaho's traffic death toll for the year to 220 — or 23 more than on this date last year.

Premont County Sheriff Jess Stortved said Elaine E. Livewood, 63, died in a St. Anthony hospital shortly after her car struck the rear of a truck which had stopped at a red light for the year to 220 — or 23 more than on this date last year.

The truck was driven by Milton D. Barnes of Rigby, Butts said.

Sen. Church To Seek Answers To Queries From Members Of Activated Guard Unit

IDAHO FALLS, Idaho (AP) — Sen. Frank Church, D-Ida., said he would discuss with Defense Department officials questions he has received from men of the only National Guard unit to be activated and sent to Vietnam.

"The 116th Engineering Battalion of the Idaho National Guard was activated last May and recently entered the Vietnam war. 'The men of the 116th are loyal Americans — willing to do their duty,' Church said. 'They are also free men entitled to factual answers to legitimate questions they have asked.'"

He said legitimate questions asked were:

- If there exists a shortage of qualified engineers teams, why was the 116th sent to Vietnam at the same time a similar Marine unit, the 27th Landing Division, was sent home after only seven months in Vietnam?
- If a manpower shortage exists why was it announced Sept. 14 that 34,000 Naval reservists were being released from active duty?
- The Supreme Court has agreed to review whether guard units can be called up without a formal declaration of national emergency by the President. How does this affect the 116th?
- Is it true other guard units activated with the 116th will not be deployed but will actually be sent home? If so, why?
- Are the Air National Guard and the Air Reservists called to active duty in the first reserve column to be deactivated by Nov. 12? If so, what effect will this have on the 116th?

Idaho Demos Back Humphrey's Stand

By The Associated Press
Idaho Democrats began to rally Tuesday around their presidential nominee's apparent changes of stand regarding the Vietnam war.

Vice President Humphrey said Monday night in Salt Lake City he would stop bombing of North Vietnam if such action would bring more meaningful peace negotiations.

W. O. Payton of McCall, head of United Democrats for Humphrey, said the organization broadened Tuesday to include former supporters of other Democratic presidential aspirants.

Former Sen. Glasby, Mount Rain Home, head of the Idaho campaign for the late Sen. Robert Kennedy, will be finance chairman for the group, and Dean Hanson, Idaho Democratic Party chairman for Sen. Eugene McCarthy, will be on the executive and policy committees.

Robert Hart, B. A. C. K. O. T. former McCarthy supporter is to direct student activities for Humphrey and his vice presidential candidate Sen. Edmund Muskie.

Hanson said Tuesday he had not supported Humphrey publicly before, but that in view of the vice president's Monday statement, it is time for us who were sitting on our hands to get off and move.

Miller and Glasby said they believed Humphrey's Vietnam statement would satisfy many Democrats who otherwise might not support the vice president. Glasby said he could not vote for Humphrey "with a clear conscience."

Humphrey's statement was termed a "great catalyst which will bring all Democrats together" by W. Anthony Park, a Boise attorney who formerly supported Sen. George McGovern for the presidential nomination.

Humphrey's statement was termed a "great catalyst which will bring all Democrats together" by W. Anthony Park, a Boise attorney who formerly supported Sen. George McGovern for the presidential nomination.

man E. T. Waters said Humphrey had "set out a clear and meaningful program for bringing peace in Vietnam. I believe most Americans share the vice president's desire for peace and his willingness to make new efforts to obtain peace."

Rep. George Hansen, the Republican Senate candidate, criticized Sen. Frank Church for pairing himself in favor of ending debate in the confirmation of Abe Fortas as chief justice Tuesday.

"My statement is plain and clear," Hanson said. "I would oppose Abe Fortas and a thousand other men like him to be chief justice of the U.S. Supreme Court."

State Sen. Orval Hansen, Republican 2nd District-congressional nominee, told a St. Anthony rally that American cattlemen were victims of unfair foreign competition sponsored by the State Department.

"Refusal of the administration to limit beef imports has, he said, caused cattlemen to face a 'serious and growing crisis.'"

"Of every four pounds of beef exported by all of the countries of the world, three pounds is imported into the United States to be sold in competition with American beef," Hansen said.

Rep. James A. McClure, Republican 1st Dist. incumbent, said Defense Secretary Clark Clifford said last week that the department could, by carefully using its "conscience" in use of defense funds, provide shoddy employment, low-cost housing and education for thousands of young men who are ill-equipped for work.

"I think that Mr. Clifford's conscience would be more troubled by administration policies which have led to the deaths of 25,000 fighting men," McClure declared. "And if he is concerned about ill-equipped young men, he should remember those men in Vietnam who have been hampered by shortages of supplies and material."

Safety Study Shows Hazard With Drivers

BOISE (AP) — Idaho Traffic Safety Director E. A. Hager says studies show a major problem in reducing traffic accidents is dealing with accident prone individuals.

Hager said Tuesday a common theory is that the "accident prone syndrome" is the result of a psychological maladjustment. Other groups of drivers affected by physical ailments may also be more apt to be involved in collisions.

"One very knotty problem that needs solution is in the identification of those drivers," he said.

Once these accident prone drivers are found, he said, their driving privileges may be revoked altogether, their driving may be restricted to certain times or places or their driving may be improved to solve the problem.

Radioactive

IDAHO FALLS (AP) — The Federal Water Pollution Control Administration has recommended the National Reactor Testing Station near Idaho Falls stop dumping radioactive wastes into the ground in Eastern Idaho's desert.

The agency report said low-level radioactive wastes were being injected into the ground water and could threaten the Snake Plain Aquifer—a gigantic body of underground water under massive lava flows on the Snake River Plain.

Writers Chart Idaho Conference

CALDWELL, Idaho (AP) — The annual conference of the Idaho Writers' League will be held in Caldwell Oct. 17-19.

Conference Chairman Richard C. Renstrom said Tuesday New York literary agent, Paul R. Reynolds would speak at the evening session Oct. 18, and would be available for consultation.

Oregon poet Willis Ebermann also will speak and be available for consultation.

Fire Prevention Week Scheduled

BOISE (AP) — Idahoans were urged Tuesday to observe their local agencies in observing fire prevention week next week.

"The observance was proclaimed by Gov. Don W. Samuelson."

Wallace Claims Growing Support In Labor, Complains Some Unions Use 'Smear' Tactics

FLINT, Mich. (AP) — George C. Wallace says he senses increased support for his presidential candidacy from organized labor's rank-and-file. At every city Wallace introduces Alabama and Georgia labor union officials accompanying him on his campaign through the heavily unionized Midwest.

In a nationwide paid political broadcast on CBS Tuesday night he said he has strong support from workers but some union leaders are using "smear tactics" against him.

"I've said the same and the same will be said by the press," he said.

The former Alabama governor said, "Anyone who threatens to take away the long-term gains of labor in this country should be defeated for president."

In the telecast he also touched on the controversy over debates between the presidential candidates by accusing Richard M. Nixon, the Republican candidate, of "being safe" in refusing to debate him.

"Mr. Nixon says he's willing to debate Mr. Humphrey but that he's not willing to debate me," Wallace said. "The polls show that the vice president is running third, so if Mr. Nixon is willing to debate the third runner he ought to be willing to debate the one running second."

Should the debates come about, Wallace added, "Nixon would have to explain how his record differs from what he's saying now."

Wallace heads into industrial areas of Ohio and Pennsylvania today.

Noisy groups of hecklers, mostly college students, interrupted Wallace repeatedly during speeches Tuesday in four Michigan cities — Grand Rapids, Kalamazoo, Lansing and Flint. They were by far the minority in all the crowds.

Lifted

BUHL — Restrictions on use of Buhl city water have been lifted, Bernard Dierker, city clerk, announced Tuesday.

He said the pump on the main well has been repaired. Use of water has been restricted during the past several weeks while repairs were being made.

YEMENI VISITS MOSCOW (AP) — Premier Hassan al-Fahry of Yemen arrived in Moscow today for a week-long visit expected to include military and economic negotiations with top Kremlin officials.

State Transfers

School Income

BOISE (AP) — Transfer of \$7,987,000 from the state general fund to the public school income fund was reported Tuesday by State Treasurer Marjorie R. Moon.

The money will be sent on to the school districts Oct. 15. The disbursement of state funds is the second for the current school year.

Miss Moon said that although the monthly financial report is not yet complete, indications are that the general fund will end September in the black, despite the school transfer.

TRAVELING DOWN KIMBERLY ROAD on his trip to Hansen Tuesday was this old Twin Falls residence. Miller House Moving of Twin Falls moved the house from its foundation on Kimberly Road and to its new site in Hansen. The home is owned by David Aldrich, Hansen. The house moved well within the 35 mile an hour speed limit posted on Kimberly Road.

Humphrey Compares Wallace With Hitler In South Talks

KNOXVILLE, Tenn. (AP) — Humphrey is campaigning hard against George C. Wallace in the South—talking of Germany's Hitler and American "smear" tactics.

Humphrey, calling Wallace a "creature of the most reactionary underground forces in American life," told a University of Tennessee audience:

"I say to you solemnly in the 1930s the reactionary forces of Germany thought they had found a man to speak for them, and a few years later, helped by an economic depression, that man had destroyed not only his creators but German democracy, the European balance of power... and the result was the carnage of World War II."

"You say these things could never happen in America," Humphrey said, "I devoutly hope and pray that you are right... But I know from deep personal experience we are closer to this possibility than I would have ever believed possible."

An audience estimated at 11,000 turned out Tuesday night. The audience—mainly students—was friendly. There were boos when Humphrey first spoke of Wallace and applause when he said the University of Tennessee was the place to criticize Wallace.

Humphrey steered his campaign from the border state of Tennessee far below the Mason-Dixon line to Jacksonville, Fla.

Here, the vice president continued his attack on Wallace, the third-party candidate for president.

"There are forces abroad in

this land striving to divide and embitter our people—radical extremists of the right and left—demagogues who preach fear and hate and division," said Humphrey. "Humphrey recalled he had seen extremists whose chants and shouts are aimed at disrupting meetings."

But, he added, "there is another form of radical extremism—just as dangerous, just as corrosive to our liberties—the extremism of those who preach disrespect for our courts, for certain laws, who play to the masses' fears and deepest suspicions of our people."

Humphrey said a strategy of organized hate "can lead America to disaster, just as surely as the radical tactics of the shouters and the disrupters."

Humphrey lashed at Wallace's record.

While Wallace is running on a platform of law and order, Humphrey said, as governor of Alabama he disobeyed courts, insulted judges, and headed a state "with the highest murder rate in the nation."

"He could not maintain order in his own state—where he had the power—but now he promises to maintain order in every city and state where he will not have the power," the vice president said in a prepared speech.

Humphrey said Alabama housewives pay the highest sales tax in the country, six cents on the dollar; wages of working men in Alabama were third lowest in the nation; only two states spend less per pupil in education than Alabama; and Alabama has one of the lowest workmen's compensation systems in the country.

Widow, 89, To Resume India Task

LOS ANGELES (AP) — An 89-year-old Los Angeles widow leaves for India today to resume work she took up 15 years ago at the request of the Indian leader, Mahatma Gandhi.

Welthy Honsinger Fisher said Tuesday at a news conference that she will return to Literacy House in the state of Uttar Pradesh to help train teachers to work with Asian illiterates.

Mrs. Fisher began teaching in Haverstraw, N.Y., in 1953 and later taught in China, England and France before settling in India in 1970. There she met and married Frederick Bohn Fisher, Methodist bishop of Calcutta and Burma.

Gandhi urged her in 1957 to work with village peasants. Five years later she started Literacy House, a nonprofit, nonsectarian U.S. organization.

Mini-Cassia Area Toured By Hansen

RUPERT — Rep. George V. Hansen's "hand-to-hand" campaign tour stretched into the Mini-Cassia area this week as the Republican senatorial candidate toured and spoke in both Burley and Rupert.

He began with a tour of the Rupert business district to visit with area shopkeepers and business owners. The tour was followed by a trip to the weekly livestock sale at the Livestock Commission Co. in Rupert and an address to the Rupert Lions Club Monday noon.

Another visit to the Rupert business district, a radio interview, a tour of the Overland Shopping Center in Burley, and two addresses Monday evening, one to the teachers' meeting at the Burley Junior High and another to a teachers' meeting at the Minico High School, concluded his day.

When addressing the Rupert Lions, Hansen outlined his "positive program to bring prosperity to the Mini-Cassia area in terms of industry, land development and marketing."

He advocated the construction of a good north-south highway to "bring Idaho together," by getting Highway 96 on the Interstate system. Hansen said he plans to also work for a segment of the highway from Pocatello to Wyoming to be on the Interstate to bring more through traffic to Idaho.

The Atomic Energy program in Arco is another matter of concern, Rep. Hansen said, and noted that at the present time there is an opening for a Republican senator on the Atomic Energy Commission. "With Len Jordan and myself," he said, "I have two opportunities to be represented on that board."

On the point of land development, Hansen said that it is important to continue the development of Idaho's resources to include the multi-billion dollar southeastern and southwestern Idaho water development project which would harness the Snake River's capacity for reclamation, recreation and power development.

His plan would also include a full development of areas vital to Rupert and the Magic Valley. He explained areas such as Oakley Park, Raft River, and Salmon Falls. Also included would be the multi-million dollar development of the soil conservation service to Idaho, pioneered by me on the House Agricultural Committee," he continued.

Marketing is of utmost importance to Idaho, according to Hansen Monday, who said that he is in a good position for a seat on the Senate Agricultural Committee vital to Idaho.

'Late' Monsoon Worries India

NEW DELHI (AP) — India's official agricultural revolution is facing its first counter-revolutionary challenge. The revisionist element in the critical September monsoon, which has failed to show up in six of India's 17 states.

Thanks to last year's bumper crop the country has built up a reserve stock that should see it through its present difficulties.

"I don't look on the present situation with any degree of alarm," said a high-ranking Agriculture Ministry official.

But he said India could use an extra 25 million tons of American grain to avoid depleting its already dwindling buffer supply of 45 million tons.

The requested amount is likely to be forthcoming under the U.S. Food for Peace program, said an informed source, since wheat interests in the United States are eager to unload their own bumper crop.

TRUMAN HONOR VOTED

WASHINGTON (AP) — A resolution urging the issuance of a presidential proclamation saluting former President Harry S. Truman for his role in the foundation of the United Nations was approved by the Senate Monday. It asks President Johnson to issue the proclamation on U.N. Day, Oct. 24.

Attorney Is Speaker For Albion Meet

ALBION — Early pioneer life was compared to modern ways of living by Gordon Nielson, Burley attorney, at the 47th annual meeting of the Albion organization Saturday at Albion.

A fourth generation member of the family of Mr. and Mrs. Horton Hight, area pioneers, Mr. Nielson noted that in pioneer times people learned to help themselves and each other. He is the grandson of Dr. and Mrs. A. F. Nielson, Oakley, and the son of Mr. and Mrs. Adam Nielson, Burley.

All officers were re-elected at the business meeting. Glenn Lewis, president, welcomed guests and expressed appreciation for the courage and accomplishments of their early ancestors which their descendants are now enjoying.

A July gave the invocation at the dinner which was served by the Albion PTA.

A trio from Magic Valley Christian College, Albion, sang and other program — numbers were given by Mr. and Mrs. Carl Black and Mrs. Arlene and Mrs. Asabel Murry, Kimberly, talked on record keeping records interesting experiences for one's children and grandchildren to read Chatham read the financial report. Memorial services were conducted by Mrs. Chatham, Mrs. Arlene Amende and Susan Amende. Vard Chatham, accompanied by Mrs. Chatham, sang a solo during the memorial service.

Gifts were presented to some of the oldest members attending including J. V. Dayley, Thomas Walton, Peter Larson, Lela Sears, Florence Mahoney, Anna Gray, Mrs. E. C. Curry and Mrs. Clifford Park.

Couples married, the longest were Mr. and Mrs. Walter Amende and Mr. and Mrs. James Bronson. Prayers were given by Mr. Dayley and Wayne Lewis.

Wreck Kills 3 Persons At Homedale

HOMEDALE, Idaho (AP) — A two-car collision at a rural intersection there Tuesday killed three persons and injured three others, police said.

Authorities withheld identification of victims.

Officers said five persons were in a car with Texas license plates and three in that car and the woman driver of the second vehicle were in the other vehicle was eastbound on Homedale Road.

The three deaths, and one fatality recorded Monday, boosted the state's highway toll to 219 ahead of last year on this date.

Thomas K. Maynard, 28, North Fork, Idaho, died in an Idaho Falls hospital Monday. Injuries received in an accident Saturday on U.S. 93 North of North Fork.

5 Valley Students Attend I. F. Meet

TWIN FALLS — Valley students were a m.o.g. those receiving honorable mention Monday at the fall meeting of the Employment Committee on the Employment of the Handicapped in Idaho Falls.

It was a receiving honorable mention certificate from Gov. Don Samuelson included Mark Mahle and Rosalyn Wagner, both from Twin Falls High School; John Louder and Bob Bodine, both from Robert Burns Junior High School; Twin Falls, and Connie Glenn, Burley High School.

Mrs. Erna Scott, Oakley, and Mrs. Marjorie Havens were co-chairman of the poster contest for Twin Falls County. Ernest Lalle is chairman of the Twin Falls County High School Handicapped Committee.

Agency Agrees To Shale Lease

WASHINGTON (AP) — The Interior Department has announced it will lease three 640-acre oil shale holdings to private industry in December, if it has developed the technology to get the oil out.

The most costly shale is a vast hoard of oil now locked in rocks of government-owned land in Colorado. Utah has a shale that is some 70 times richer than the proven liquid shale reserves today.

The leases will be made by the pioneer firms' discoveries for shale with other companies' technology for use for shale.

COUNCIL TO
BOULE (AP) — The legislative committee budget committee and Saturday in Boise men are Blaine, Palmar, and L. Palmer.

The College of Southern Idaho is the first 100 per cent organization in this year's United Fund Drive, as the last of donations and pledges were obtained the first of this week.

British Woman Bears Sextuplets

BIRMINGHAM, England (AP) — A 30-year-old woman gave birth to sextuplets at Birmingham Maternity Hospital today. One of the six babies died shortly after birth. The couple have been married 10 years. They have no other children. "We were expecting a multiple birth, but this was a shock," said Mrs. Thorn's mother. "We thought it would be twins. The babies were two months premature. They weighed between two and three pounds each."

Mining Concern Incorporates

BOISE (AP) — Articles of Incorporation for the Shields Gulch Mining Co., Inc. of Wallace were filed Tuesday in the office of Secretary of State Pete T. Conrath. The firm listed \$700,000 in capital stock and incorporators were Wesley C. Mason of Osburn, Idaho, and Dennis E. Wheeler and Dale L. Corneli, both of Wallace.

RECEIVING PINS and certificates for varied years of service to the Hazelton Lions Club from left, center, right: E. Pyle, Don E. Andrews, Gerard K. Baker and W. Wright, all 20-year members, and on left standing Grant Turner and right standing, George Haynes, both ten-year members. Also present, presented the awards to the six men. The event was held at the Presbyterian Church in Hazelton.

HONORED FOR 30 years of membership and service to the Hazelton Lions Club during a banquet Tuesday night, were Lester Saunders, center, and Henry E. Gundliffinger, right. Presenting them with pins and certificates is Dr. Jack W. Grant, president of the club. Both joined the club when first chartered Sept. 23, 1938.

Mrs. Williams

HAZELTON — Mrs. Sophie Leigh Williams, 66, died Tuesday afternoon at St. Benedict's Hospital, Jerome, of a lengthy illness.

She was born Nov. 1, 1901, in Malad where she was graduated from high school in 1920. On June 20, 1920 she was married to Lloyd I. Williams in Malad. Their marriage was solemnized Aug. 30, 1922, in the Idaho Falls LDS Temple.

In 1928 they moved to the Pleasant Plains district near Jerome, and in 1939 to a farm southwest of town. In 1945 they moved into Jerome and in 1961 came to Hazelton.

Mrs. Williams was an active member of the Hazelton LDS Ward, the Relief Society and was a past member of the American War Mothers and the Westfield Club.

Survivors include her husband; two daughters, Mrs. Alan (Lea) Bruckner, Glendale, Calif., and Mrs. Robert (Betty) Thorpe, La Puente, Calif.

Three sons also survive, Shirley (Clint) Williams, Jerome; Don Williams, Pocatello, Calif., and Lamar Williams, Cedar Falls, Iowa; one brother, Jack Falls, Coats, Ore.; 19 grandchildren and eight great-grandchildren.

Funeral services will be conducted at 2 p.m. Friday in the Hazelton LDS church by Bishop John O'Kelley. Final rites will be held in the Jerome Cemetery. Friends may call at the Home Chapel, Jerome, Thursday afternoon and evening and at the church Friday from 11 a.m. to 10 p.m.

Funeral Services

Daniel B. Slatyer, 2:30 p.m. Thursday, Reynolds Funeral Chapel.

Missile Foes Try To Block Fund Voting

WASHINGTON (AP) — Senate opponents of a missile system aimed at defending the United States against a Red Chinese nuclear attack are trying to block this year's funding for the project.

Senators of the Sentinel ballistic missile system are pressing two amendments, up for a vote today, to cut initial development for the system from the \$2.8 billion defense appropriation bill.

An amendment by Sens. John Sherman Cooper, R-Ky., and Philip A. Hart, D-Mich., would strike the key \$342 million Sentinel procurement funds from the defense money bill.

Another by Sen. Joseph S. Clark, D-Pa., would strike a full \$700 million for initial Sentinel research and procurement.

Critics contend the Sentinel, estimated to cost \$5 billion, already is technically outdated, and is merely the first step in an ABM defense system against the Soviet Union that would cost between \$3 billion and \$40 billion.

Cooper contended in opening debate Tuesday that if the current Sentinel appropriation goes through, work on the full project probably will be "irreversible."

Attempts to cut Sentinel funds from three earlier bills—the military construction authorization and defense procurement authorization—were defeated earlier in the session.

Clark said his Sentinel fund cut amendment is one of ten he is pressing to cut \$8.5 billion from the \$71.9 billion defense money bill, a cut he said would not hurt the nation's security.

Clark's other nine amendments would trim funds for such items as bomber defense, surface-to-air missiles, helicopters, aircraft carriers, and the Manned Orbiting Laboratory (MOL).

Rollie Holohan

PAUL — Rollie Holohan, 78, Paul, died Monday evening at Cassip Memorial Hospital of a short illness.

He was born Jan. 15, 1890, at Madison, Mo., and came to Idaho in 1917, settling in the Rusk, Paul area. He had resided here since. Mr. Holohan attended schools in Missouri and belonged to the Methodist church.

He was employed by the Minidoka Irrigation District as pump operator. On Sept. 16, 1915, he married Maggie May Barton at Paris, Mo.

Survivors include his widow, Paul's one son, Russell L. Holohan, Heyburn; one daughter, Mrs. Mary Irene Jones, Richfield; one brother, Allen Holohan, Moberly, Mo.; four grandchildren and nine great-grandchildren.

Funeral services will be conducted at 2 p.m. Friday at the Joseph Payne Memorial Chapel by Rev. Mrs. Alice Mae Woolley. Last rites will be held in the Riverside Cemetery, Heyburn. Friends may call at the mortuary, Thursday afternoon and evening and until time of service Friday.

Truck Driver Dies In Flames Of Explosion

By The Associated Press
A truck driver died in the flaming smashup of his oil tanker and two deaths from last month were officially declared highway fatalities, boosting the 1968 Utah toll to 198.

The count a year ago was 215. Ezra Boyd McIntosh, 38, Kearns, was killed when his tanker skidded and overturned Tuesday on a ramp of I-80 near Utah Junction in Weber County.

The truck, carrying 12,000 gallons of crude oil, exploded. The highway patrol said McIntosh was trapped in the cab. His body could not be removed for two hours.

Earlier Tuesday the State Division of Financial Responsibility added to the fatality list Randy Kimber, 16, Grouse Creek and James W. Hill, 58, Salt Lake City.

The Kimber youth was killed in a hay wagon accident Sept. 22 and Hill died after being pinned under his car on 13th South in Salt Lake City.

RED'S Trading Post

Mail Halted

NORFOLK, Mass. (AP) — "Having a good time, wish you were here," read the post card messages addressed to inmates at state prison.

Prison officials said they intercepted the postcards because the handwriting was much like that of Robert G. Dolton, 27, of Revere, who escaped two weeks ago.

Dolton was serving a life term for murder in the death of a Boston policeman.

State Police Chart Campaign On Truck Loads

BOISE (AP) — The harvest season brings hundreds more trucks onto Idaho highways, according to State Police Sgt. L. Clark Hand, and occasionally those trucks are "overloaded."

Both private and public scales are being used by the state police in seeking those violations of highway load limits. Hand said.

"We feel that by using scales available in the area of processing plants that we can encourage haulers to stay within legal limits," he said. "If not, scales also will be inspected for equipment defects, especially brakes."

Dinner Set

SHOSHONE—A spaghetti dinner will be served from 5 to 7:30 p.m. Saturday at the Lincoln School Cafeteria, sponsored by St. Peter's Catholic Church.

This is a fund-raising project. The public is invited.

Weight Loss Reported At Hansen Club

HANSEN—A loss of 10 pounds was noted among 17 members weighing in at the Slim and Trim TOPS Club meeting at the home of Mrs. Thelma Smith. Several members were good losers.

Mrs. Bryan Harris Jr. extended an invitation to members for a coffee hour at her home from 1 to 5 p.m. Thursday.

Mrs. Lewis Morris was program chairman and spoke on "How to Lose Weight." Mrs. Stanley Earl displayed sketches of scenery and portraits. Mrs. Steelmith displayed several "Jumbo" WFTC would be easy for anyone to make for favors or Christmas decorations. Mrs. Morris displayed still life oil paintings which she had painted.

Mrs. Paul Bowman, Mrs. Ralph Simmons, Mrs. Fred Niven, Ronnie Ryan and Mrs. Steelmith gave highlights of the TOPS Rally held recently at Rupert.

Mrs. Niven will be program chairman, hosts at the next meeting. Quarterly winners are met monthly. Queen will be honored.

TOM HAYDEN HARANGUES students with a bull-horn during a recent demonstration at Columbia University. He is recognized as the leader of the new left in America and has been involved in much of the nation's student discord in recent years. This is a Newsweek Feature Service Photo by Tony Rollo.

Young Radical Leader Proves To Be An Effective Spokesman For The New Left

By LAURENCE J. KIRSHBAUM (Newsweek Feature Service)

SAN FRANCISCO — He grew up as the son of well-off Catholic parents in a Detroit suburb and went on to the University of Michigan where, as a senior in 1960, he was elected editor of the Michigan Daily, the most profitable and one of the very best college newspapers in America.

Eight years later, Thomas Emmett Hayden is the single most articulate and influential leader of the officially leaderless New Left and the most effective young radical in the country.

—It does seem like an illogical sequence, it shouldn't. Though it baffles the older generation, the major generalization that can be made about the new political radicals in the U.S. is that it springs not from the haves-nots—small farmers, unskilled laborers, or even the ghetto blacks and Puerto Ricans— but from the comfortable middle class.

"The struggle is no longer between wage-earners and their exploiters but between capitalists and their sons who don't want to tend the store," Hayden says.

"The teenager has all the benefits of the time—the money, the young, but he is still hungry in a way that suburbia can't feed him.

"It boils down to this: there is no work that can be done for yourself and for mankind within the framework of America."

In Hayden's view, the young are being pushed toward rebellion because there is nowhere else to go.

"Look at the choices they are expected to supply today," Hayden says. "They can go into the army to fight a war they don't believe in. They can go into commercial enterprises whose purposes are essentially the making of money. Finally, they can stay in a restrictive university atmosphere which is irrelevant to the problems of the world."

The only other "real alternative" is to go into the Movement, Hayden argues, as he himself did. Except that in his case he founded his own Movement, the germinal Students for a Democratic Society, whose manifesto Hayden wrote in 1962.

Since then, acting within the SDS or as a leader, Hayden has turned up in places as geographically separated but thematically grouped as Hanoi, the tumultuous Columbia campus, the Democratic convention in Chicago and the Paris peace talks.

Like the Old Left of the '30s, which was splintered by factional quarrels, the New Left itself has been riddled by bitter ideological disputes. But Hayden thinks that the diverse new groups were given an enormous thrust toward communalism by the Chicago confrontation.

"The police and the establishment helped us by blurring the distinction between the McCarthy people and the New Left people, the Yippies and so forth. When they began beating one and all, we realized that our differences were not as sharp as we had once imagined."

"And the confirmation that the war is going to go on, which certainly came through both party platforms, shows us that it's time to leave the streets, but in fact time to move toward greater and greater levels of resistance."

That "move toward greater and greater levels of resistance" serves nicely as a summary phrase of Hayden's personal political habits.

At the time he founded the SDS, Hayden thought that significant reform was possible within the existing political and institutional framework. He went south as a civil-rights activist in 1961 before it became fashionable, counting on the courts, the press and the Federal government to back up this struggle for justice, however reluctantly.

Similarly, he was arguing as recently as two years ago that the essential solutions to the problems of the ghetto were pragmatic ones— decent housing and schools, sensible welfare schemes and the like. Clean-shaven and tidily dressed — as he still is — he worked hard at voter registration in Newark, believing that power at the polls would work far more effectively than any revolution in the streets.

What changed him into the dedicated street fighter he is today was, in the opinion of his friends, the Vietnam war. He walks around 24 hours a day with the image of a burned Vietnamese peasant in his head, says a friend.

That image has expanded into a vision of a government and a ruling society that is hopelessly corrupt and immoral and that must be replaced by the swiftest and most effective means possible.

Hayden predicts that the present system, as some critics have pointed out, is that he seems to have an idea of what he will replace it with. And indeed, he confesses that he doesn't.

"You start armed only with questions," he says, "believing that the answers can be discovered in action. You don't invent blueprints and try to conform to them. In the course of trying to understand how to solve a grievance, you come to see the need for reorganizing the institutions."

Hayden predicts that the present system, as some critics have pointed out, is that he seems to have an idea of what he will replace it with. And indeed, he confesses that he doesn't.

Successful Investing

By ROGER E. SPEAR

Q— I have \$1,000 which I can afford to use for speculation. I'm interested in offshore drilling. Would you give me some information and investments in this area?—R.D.

A— Offshore drilling is an area of vital importance to the world. By 1977 offshore oil wells are expected to supply 32 per cent of the world's consumption.

Several factors contribute to the all-out rush by the oil industry into the oceans. First, a major supply crisis is developing, accelerated by a geometrically increasing rate of consumption. Second, the undersea reserve potential has been estimated at 1 trillion barrels of oil and 1.2 quadrillion cubic feet of natural gas. Further impetus is added by the success rate of offshore wells which is two to three times better than on land. Offshore acreage is available so that it is economically feasible to drill together spreads which control the producing structure.

Investment in the industry, is, however, recommended only to those who are willing to appreciate since for many companies capitalization is thin and market action volatile. One of the early companies in the field is Resolving and Dates, operator of drilling rigs on a worldwide basis. Revenue is also derived from the rental of deep-diving equipment, the underwater recovery of drilling rigs and oil and gas production.

The proposed merger of Fluor Corp. with Piko Corp. will produce a growing factor in offshore drilling and service. Fluor derives 80 per cent of revenue from construction and engineering for the chemical and oil fields. Piko, on the other hand, is less expensive means of analyzing in the proposed union.

A third coming offshore drillers, Odeh Drilling and Marine,

Business Mirror

By JOHN CUNIFF AP Business Analyst

NEW YORK (AP) — Business is responding to urban problems in the most institutionalized manner yet, the opinion of John Gardner, former member of President Johnson's Cabinet and now chairman of the Urban Coalition, was expressed here.

Gardner, who was secretary of the Department of Health, Education and Welfare until March of this year, termed the "newly emerging" attitudes and activities of business in helping solve the problems of the cities.

"I think they have outstripped most other segments of American society in their response," he said. "Generally they have been more active than labor in the conditions, and vastly more than the universities."

The Urban Coalition's goal is to bring together community leadership elements that normally do not collaborate, believing that success depends upon coordinated rather than fragmented efforts by business, labor, the black community, universities, the press and other elements.

Gardner said the black community has been the most active group in business. Mayors' offices have been fairly active, he said, but "universities have been relatively passive," as have "the professions."

The real problem for business, he said, is in the type of participation. "There is a fair amount of writing and thinking. Some of the things they have been urged to do are probably silly. They have to learn how to contribute."

"If a reality with an optimistic bent, believes the problems of the cities—of poverty, inequality, decay and unrest—can be overcome by intelligence, energy and goodwill, but only if higher segments do not shrink their jobs.

"Business and universities and professionals and businessmen are all to say that the problems are not theirs then you are faced with a question of who is minding the store," he said.

"Businessmen can participate and lead in solving urban problems in at least three basic ways," he said. "If Humphrey is elected, the Democratic Party will be a shell. If Nixon is elected, the Johnson-Humphrey axis will be discredited.

"This will throw open the gates to the moderate wing of the peace movement, the McCarthy and Kennedy workers and to the blacks all rallying around Ted Kennedy's candidacy. Then we'll see whether they can answer the country's problems."

"But I say why wait until 1972? You don't have to register for the streets."

IDAHO FALLS — IDAHO FALLS (AP) — FSNNR for Oct. 1. All sales FOB shipping point and delivered sales FOB shipping point basis:

Potatoes in Upper Valley, Twin Falls and Burley districts: Offerings light, demand fair for limited offerings, market about steady; russets washed 2 in. of 4 oz. min. 100 lb. sacks, USDA 23-35, mostly 34-35; 10 mesh sacks baled per cwt. USDA 4.50-6.00.

Sheep confirmed 400—low domestic choice and prime 112 lb slaughter lambs 25-50 f.o.b. feedlot 4-4 per cent shrink.

Candidates Are Feted At Tuttle

TUTTLE — Mrs. Floyd Morali was hostess to a coffee hour to honor Sen. and Mrs. Lloyd Barron of Fairfield and Mrs. Jane Peterson, Wendell, Idaho.

Mr. Barron spoke to the other guests on tax problems in Idaho. He is chairman of the Legislative Tax Council and reported that a more equitable tax structure is being worked on for Idaho.

Mrs. Peterson also gave a short talk. Both are candidates in District 22, Mr. Barron for senator and Mrs. Peterson for representative.

Homecoming Is Set At Murtaugh

MURTAUGH — The annual Murtaugh Homecoming will be held Friday with a parade at 8 p.m. prior to the football game between Murtaugh and Castleford.

Everyone is invited to the bonfire, scheduled for 8 p.m. Thursday in the field across from the football field.

The homecoming dance will be held from 8 to 11:30 p.m. Saturday in the old gym with music furnished by the Syndicate. The class of '63 and the football team of '64 will be honored.

Livestock And Grain

JEROME — Slaughter cows were fully steady, with feeding cows strong to 50c higher, choice feeder steers steady and choice heifers steady to weak due to fill.

Fat hogs sold 18.50-20.00; sows 13.00-15.00. Commercial cows 10.00-12.50. Utility-cows 16.50-17.50. Utility and commercial bulls 22.00-24.00. Canner and cutter cows 14.00-16.50. CHICAGO (AP) — Soybean futures advanced for the second straight session, moving ahead 2 1/2 cents on the Chicago Board of Trade today under active buying.

Wheat and corn prices weakened at the close under moderate selling.

The buying in soybeans was attributed to several factors. The trade viewed the 50 day cooling period in the longshoremen's dispute as a time for increased export demand. There also was some report of rain in areas where soybeans are being combined and farmers again reportedly are withholding beans from marketing.

After advancing 2 1/2 cents, profit-taking trimmed this rise in soybeans.

Corn and wheat prices showed relatively little movement in slow dealings. Trade was mixed as rye trading between commodities was noted. Oats and rye prices moved generally with corn and wheat in slow trade.

SUGAR
NEW YORK (AP) — Domestic sugar futures No. 10 closed quiet, no sales.

Gibson-McLain Duel Tops Opening Series Contest; Cards Remain Favorites

ST. LOUIS (AP) — A classic pitching showdown between Detroit's Denny McLain, the first 31-game winner in 37 years, and St. Louis' Bob Gibson, the first 31-game winner in 37 years, topped the opening game of the World Series Wednesday at Busch Stadium with the home-town Cardinals taking a 2-1 lead.

Gibson, shooting for a record-breaking sixth straight series victory, comes into the big confrontation with a dazzling 17.4 run average and 15 shutouts.

McLain, baseball's story of the year, is the first to win 31 since Lefty Grove in 1931.

Most observers expect the first game to set the pattern for the Series in which the Cardinals are listed as 2-1 favorites.

It is probable that the two pitchers will meet three times if the Series goes the seven-game route.

The bare statistics give the Cardinals a lead now with 185 homers to 73, but the speedy

Duel Prospect Holds No Awe For Gibson

ST. LOUIS (AP) — Bob Gibson, pointing out he's been here before, said Tuesday he isn't awed by the aura surrounding his heralded duel with 31-game winner Denny McLain in the first game of the World Series.

"It doesn't affect me one bit," the St. Louis right-hander said. "Pitchers records don't make that much difference. I've been beaten by guys I didn't even know."

"They did the same thing last year when I pitched against Jim Lonborg in the seventh game. I'm just going to go out and try to win. I'll just do my best, that's all. It doesn't matter who the pitcher is. I'm just going to pitch against anybody in a World Series gives you a challenge. I just have a special feeling about winning in a World Series. I'd want to beat him just the same—even if he won 10 games."

Gibson, who will be seeking his sixth straight complete series game victory Wednesday, believes "the rest of the team have been overlooked."

"I don't look at it as a matchup between two pitchers," he

Arizona State Back Receives Weekly Nod

DENVER, Colo. (AP) — Arizona State fullback Art Malone ran for 241 yards and two touchdowns in the Sun Devils' 31-19 victory over Texas El Paso Saturday, earning him recognition as Western Athletic Conference back of the Week.

Malone got his team rolling in the first period by gaining 49 yards in a 76-yard scoring drive. His performance in that series included four straight carries for the final six yards into the end zone.

Malone edged safety Bill Kishman of Colorado State University, cornerback Joe Presente of New Mexico, fullback Rick Stevenson of Arizona, fullback Dave Swanson of Brigham Young and quarterback Ray Groh of Utah.

Groh rushed for 89 yards and passed for 92 in Utah's 24-21 loss to Oregon State. He also scored on a 29-yard run and passed 43 yards to Speedy Thomas for another score. Swanson carried the ball 18 times for 92 yards and a scored twice as BYU dropped a 28-20 decision to Iowa State.

Ralph Boston To Have Mom At Olympics

LAUREL, Miss. (AP) — The widowed mother of Olympic broad jump champion Ralph Boston will be with him when he competes in the Olympics in Mexico City, thanks to a group of merchants.

Mrs. Eualle L. Boston, 71, will fly from Laurel to Mexico City to be on hand for the opening ceremonies Oct. 12.

"I had been hoping there would be a way for me to go," she said. "And when I was notified the fund which I send me had been raised, I was so thrilled I was like a little child. I was happy to sleep much that night."

The fund was the result of efforts by a group of Laurel businessmen headed by Harold Malone. The group is paying all expenses.

Except for a meet in Jamaica in 1964, Mrs. Boston has never seen her 23-year-old son compete in the broad jump.

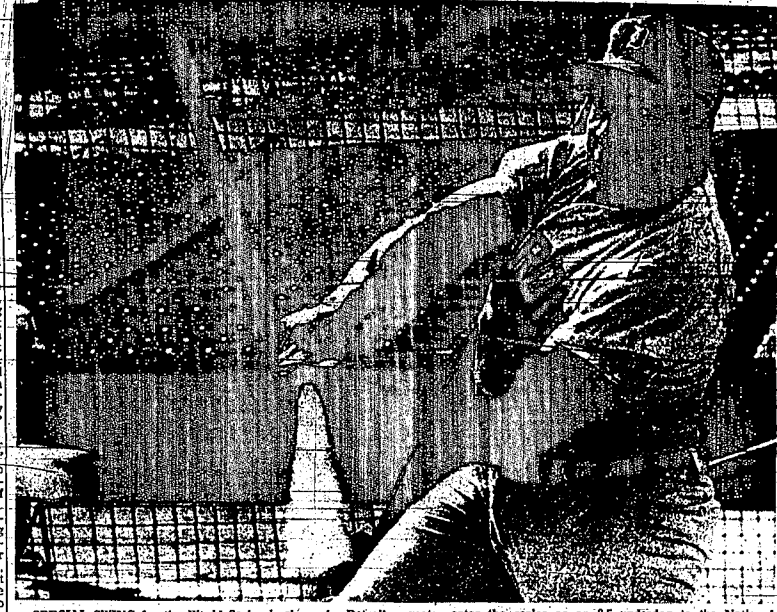

DEFENDS TITLE
LOS ANGELES (AP) — World Boxing Association featherweight champion the Sun Devil defended his title Dec. 12 against Pedro Gomez of Caracas, Venezuela, matchmaker Mickey Davies said Tuesday.

Gomez, 26, is the leading contender for the crown.

Negro Signal Caller Will Start Game

DENVER, Colo. (AP) — To a slender, speedy Negro rookie quarterback, Martin "The Magician" Briscoe, falls the task of trying to shake the Denver Broncos out of a three-game losing slump in the American Football League.

Coach Lou Saban said today the will start Briscoe, 5-11, 177 pounds, against Cincinnati at Denver Sunday because of his performance against Boston.

With Denver trailing 20-10 and little more than nine minutes to play, Saban called on Briscoe to relieve starter Jim Leclair after Leclair threw his second pass interception.

Briscoe, a quarterback at Omaha, but signed by the Broncos mainly for defensive secondary work, threw a 22-yard pass to Eric Crabtree on the first play.

He didn't take the Broncos into touchdown territory on that trip but after he regained the ball near the close of the game, Briscoe caught the Boston line backers loose to stop the long pass and ran for long yardage.

On the first scamp, he rammed for 19 yards to the Boston 12. On the next play, he dashed 12 yards up the middle for a touchdown but time ran out on the Broncos.

Briscoe's appearance against Boston was first ever in regular AFL season play by a Negro quarterback. "I was nervous early in the week when Lou told me I was going to be the back quarterback," Briscoe said.

"But when it came time to go into the game," he said, "I was okay."

Until his appearance against Boston, Briscoe's only time in action with the Broncos was for a quarter at defensive cornerback against Cincinnati in a pre-season game.

Tigers Lead In Attendance

NEW YORK (AP) — The Detroit Tigers edged the St. Louis Cardinals in their first confrontation today in home attendance figures for the 1968 baseball season.

The Tigers led the majors in attendance, attracting 2,031,847 fans as they won their first American League pennant in 23 years. That was 20,670 more than St. Louis, the National League pacer setters with 2,011,171.

The Cardinals, winning their second consecutive National League pennant, dropped 89,861 from their 1967 total attendance. The Tigers were up 585,603 over their 1967 figures.

Over-all attendance was up in the American League and down in the National League. The National League attracted 11,785,368 compared to 12,027,185 last year. The Americans were up to 108,883,014 in 1968 after drawing 10,883,014 a year ago.

Johnny Unitas Still Remains Out Of Action

BALTIMORE (AP) — John Unitas doesn't know when he might be playing quarterback again for the Baltimore Colts, but he maintains he would not play if his National Football League career is not finished.

"That is one thing I haven't even thought of," he replied when asked if the injury to his right elbow, might signal the end.

"The doctors tell me it is made of glass matter. They tell me I should heal, with the proper rest, and I have no reason not to believe them."

His statement was published in Tuesday's Baltimore Evening Sun.

Unitas, 35, has missed the first three games of the season, and probably will miss Sunday against the Chicago Bears.

When Unitas hurt his already chronically sore elbow in the last exhibition game Sept. 27, it was estimated he would return to action in the fourth regular game, Sunday.

But all signs point to Earl Morrall still running the Colts, who have won their first three games behind him.

Browns Change Quarterbacks

CLEVELAND (AP) — Disappointed over the Cleveland Browns' lack of offensive strength in their last two games, Coach Blanton Collier announced Tuesday two lineup changes for the game here against the Pittsburgh Steelers Saturday night.

He said Bill Nelson would replace Frank Ryan at quarterback and rookie Charley Leigh would start at fullback in place of Charley Harraway.

Rain Threatens Alcan Tourney

SOUTHPORT, England (AP) — Rain spoiled round, again Tuesday on Royal Birkdale and there was some question that Wednesday's start of the \$200,000 Alcan golf tournament ever would get past the first tee.

Standing by grimly were 24 of the world's top professionals, striving to win \$55,000 as the can Golfer of the Year.

Mrs. Slane Is Guardian For Bethel

HAGERMAN — Mrs. Dale marshal, JoAnn Berry, record-keeper, was installed guardian of the Bethel No. 45, International Order of Job's Daughters, recently others installed in the guardian council are Neil Slane, associate guardian; Mrs. Sam Bishop Jr., secretary; Mrs. Warren Berry, treasurer; and Mrs. Norman Standall, director of music.

Associate guardian council members installed include Sam Bishop Jr., director of finance; Mrs. R. J. Phillips, director of the Mountaintop Home, was sponsored recently by the Auxiliary to the VFW Post 3640.

As it happened, Gilbert C. Walker Sr., who was 87 Saturday, was the only resident whose anniversary fell in September, but all the men and women enjoyed the birthday

Mrs. Slane presented Mrs. Bennett the past guardian's pin and Mrs. Bennett in turn presented Mrs. Slane with the guardian pin.

Plans were made to assist the Hagerman Chapter of the Order of Eastern Star when the worthy cake, the autumn flowers and the guest of honor's appreciation of the gift from the visitors.

Making the presentation were Mrs. Clifford Mitchell, Mrs. David Tokes, Mrs. Zoe Holt, Mrs. William Peterson and Mrs. Roy Johnston who played the organ during the entertainment. She specialized in western music which was really appreciated by the "guests."

Literary Guild Hears Review

The first meeting of the season for the Book Lovers Literary Art Guild was held at the home of Mrs. Leo McCracken, with Mrs. LeRoy Arrington reviewing the book, "Anna and the King of Siam."

For the review, Mrs. Arrington wore an authentic turquoise and gold Siamese dress and she used color illustrations of many of the characters and places in the book.

Co-hostesses were Mrs. Ver Cox and Mrs. E. M. Jackson. Three new members were welcomed into the club. A resume of forthcoming books to be reviewed was given by Mrs. Stanley Vandenberg.

The next meeting is Oct. 10 at the home of Mrs. Raymond Sudweeks, Kimberly.

Miss Mogensen, Kukal Wed In Double Ring Ceremony

JEROME — Beauty baskets of yellow and white gladioli and white chandelabra formed the setting for the marriage of Phyllis Kay Mogensen and Rodney Joe Kukal Sept. 1 at St. Paul's Lutheran church.

Rev. John Frese performed the double ring rites. The bride is a daughter of Mr. and Mrs. Charles W. Mogensen and the bridegroom is the son of Mr. and Mrs. Joe Kukal, all Jerome.

Herbert Einspann, Twin Falls, played the traditional wedding music and accompanied Bill Mobbly, soloist.

The bride, given in marriage by her father, wore a gown of white peau de sole and crystal-line chiffon with hand-cut lace flowers appliqued on the bell sleeves. A panel of lace flowers graced the front and back of the gown and accented the bottom of the skirt. The dress was designed and made by the bride.

The veil, designed by the bride's mother, was floor-length of English silk illusion and was held by a cluster of organza roses studded with seed pearls. Her bouquet was yellow rosebuds on a white Bible with "Lilies of the Valley" and satin ribbons.

Ruth Mogensen, sister of the bride, was maid of honor. Bridesmaids were Carie Mogensen, Mrs. Royce Darling, and Mrs. Robert Thackeray.

Candlelighters were Bill Mogensen, brother of the bride, and Scotty Scott, Twin Falls, scattered yellow rose petals from a white basket with yellow ribbons. The bride-maiden carried a white Bible with yellow ribbons. Mike Mogensen, brother of the

Nuptial Mass Celebrated For Valley Couple

RUPERT—A Nuptial Mass was held in the morning at St. Joseph's church, daughter of Mr. and Mrs. William J. Henschel, Rupert, and Richard Povison, son of Mrs. Gus Funk and Frank Povison, both of Burley.

Rev. Nicholas Rausch, OSB, cousin of the bride, performed the double-ring ceremony. The bride wore a gown of white tulle with a lace and seed pearl crown with satin rosettes. She wore a pearl necklace earrings, a gift from the bridegroom.

An arrangement of pink roses, daisies and ivy cascading into a long streamer, formed her bridal bouquet. The bride's wedding ring motif at the center was entwined with beads belonging to the bride's great-grandmother and had been carried by the bride's sisters in their bridal bouquets.

Three-year-old Jayne Marie was junior bride. Rosemary Alford, Leavenworth, Kan., nursing school friend of the bride, served as maid of honor. Bridesmaids were Mrs. Gary Maxson, Salt Lake City, sister of the bride, and Linda Thomas, sister of the bridegroom, Burley.

The wedding bands, nestled in nosegays of pink carnations and daisies, were carried by Amy Henschel, niece of the bride, and Steven Thomas, nephew of the bridegroom. The bride chose her God-child, Barbara Benward as flower girl.

Special guests were Sister Mary-Louise (Brophy) and Sister Kathleen Marie (Barbara), sisters of the bride from Kansas. The couple went to Keetchikan and Salmon for their honeymoon.

The bride is employed at Cassia Memorial Hospital. Mr. Povison is employed by Stephens' Inc., Burley, where the couple will reside.

Prior to her wedding, the bride was feted with a personal gift by Mrs. Bob Hinckley, Burley.

BIRTHDAY OBSERVED. **SPRINGDALE**—Mrs. Wayne Woodland, Springdale, and Mrs. Maude Badger, were honored guests at a joint birthday celebration held recently at the Woodland home.

MR. AND MRS. RICHARD CARLSON (Gus Kelker photo)

the four-tiered bride's cake decorated with pink roses, white daisies and topped with a gold cross and love birds. Candied arrangements of baby's breath enhanced the table.

Mrs. Louis Bott and Mrs. Adam Schell, aunts of the bride, and Mrs. Jerry Craven, Arthur Ramsey Sr., aunt of the bridegroom, and Mrs. Robert Clark served coffee and punch.

Junior hostesses were Lorraine Barbara Henschel and Mary and Frances Hammond. Also assisting were Mrs. Ed Borrowman, Arco, sister of the bride, and Mrs. Jerry Craven, Paul, cousin of the bride.

Guests were seated around tables covered with lace and centered with pale-pink arrangements. A decorated antique street lamp, potted artificial ferns and trees, white lattice decorated lawn ensemble and floral arrangements completed the decor.

Special guests were Sister Mary-Louise (Brophy) and Sister Kathleen Marie (Barbara), sisters of the bride from Kansas. The couple went to Keetchikan and Salmon for their honeymoon.

The bride is employed at Cassia Memorial Hospital. Mr. Povison is employed by Stephens' Inc., Burley, where the couple will reside. Prior to her wedding, the bride was feted with a personal gift by Mrs. Bob Hinckley, Burley.

BIRTHDAY OBSERVED. **SPRINGDALE**—Mrs. Wayne Woodland, Springdale, and Mrs. Maude Badger, were honored guests at a joint birthday celebration held recently at the Woodland home.

LDS Units Set Fall Events

SHOSHONE—Relief Society organizations in various wards are preparing for the coming season of lessons and activity. Regular meetings will be resumed in October, after a three-month vacation during which just one meeting each month was held in form of a work project.

Exact date of opening societies may vary in the different wards. But all will hold this special meeting, either in conjunction with the first meeting in October or at a special meeting the latter part of September or during the regular work meeting day.

After that, the routine will be followed as outlined by the General Relief Society Board as far as lesson presentation is concerned.

At the work meetings, the women prepare for fall projects in most wards a fund raising event, wherein is displayed and sold handiwork of the women. The money raised is used to finance the **g-a-n-e-t-t-o** throughout the entire year.

The spiritual living lessons this year will again be based on a study of the Doctrine and Covenants, as prepared by Roy W. Doxey, and will cover a period of church history from July, 1830, to May, 1843 sections 119 to 131 in the text. The first lesson will deal with the topic, "The Law of Tithing," with an objective, "The Latter-Day Saint Women enjoy the payment of tithing as a privilege, knowing eternal blessings result."

Visiting teacher's messages will coincide with the Family Home Evening Manual for 1968, 1969, as prepared by Alice Col-

ton Smith. The first message will deal with the topic, "Today Part Of Our Eternal Life," which brings out the fact that many of the riches of eternal life are available to man at this time.

"Development Through Home-making Education" will be continued as a study at the work meetings.

Arthur's Celestia J. Taylor produces the course with "When we open the doors to our home, we want those who enter to find an atmosphere of warmth and welcoming hospitality. We want them to feel that way, we can consider it a personal compliment for, as we have learned, a home reflects the personalities of those who live within. This is equally true, whether it applies to a small cottage, a mansion, a city apartment, or a farmhouse, and it is equally true, no matter where or in what country we may be located."

First topic will be "Preparing for the Sabbath Day," showing that women must make physical preparations in order to keep on a study of the Doctrine and Covenants, as prepared by Roy W. Doxey, and will cover a period of church history from July, 1830, to May, 1843 sections 119 to 131 in the text. The first lesson will deal with the topic, "The Law of Tithing," with an objective, "The Latter-Day Saint Women enjoy the payment of tithing as a privilege, knowing eternal blessings result."

Women's Section

Queen Named

ALMO—Mrs. Arley Cahoon was queen of the Almo Win and Lose TOPS club at the last meeting. She had a three-pound loss. The nine members registered a loss of four and one-half pounds with a two-and-one-half pound gain. Gladys Foster demonstrated making low calorie milk shakes. Mrs. Mae Wickel, Elba, was a guest.

ATTEND MEET

MALTA—Mrs. Wayne Whitaker, cashier, and Gene Baxter, office manager of the Raft River Rural Electric Cooperative, attended the 21st annual Accounting and Finance Workshop of the Northwest Public Power Association in Coeur d'Alene.

WORLD'S FINEST POP CORN

FREDERICKSON'S Crafthaus

ANNOUNCES FALL CRAFT CLASSES

Beginning Soon Register in Person

On Tues., Wed. or Thurs., Oct. 1, 2, 3

One evening class will be held for working women only.

309 2nd St. E. TWIN FALLS

Social Calendar

Sn-Journey Club members will meet at 10 a.m. Thursday for a coffee hour at the home of Mrs. Max Rees, 201 Pierce St.

SHOSHONE—American Legion Auxiliary will meet at 8 p.m. Monday at the American Legion Hall.

SHOSHONE—Baptist Women's Mission Society will meet at the church Thursday evening to prepare for the rummage sale to be held this weekend. Women are asked to come to the church Thursday evening as early as is convenient.

Shower Held

HAGERMAN—Naomi Brown was feted at a pre-nuptial bridal shower recently at the home of Mrs. Ed Larson.

Hostesses were Mrs. Melvin Chick, Peggy Hendrickson and Cheryl Sandy. The room was decorated with pink balloons and bows. Games were directed by Mrs. Chick. Prizes went to Miss Hendrickson, Mrs. Tom Gibson and Miss Sandy.

Refreshments were served by Miss Hendrickson and Miss Sandy, assisted by Mrs. Alfred Sandy.

To help prolong your Slender Years... follow the Profile Bread Plan.

Profile Bread helps you keep from overeating. Here's all you do: 30 minutes before lunch and dinner eat two slices of fresh, delicious Profile Bread. Like any good protein-carbohydrate food, Profile helps curb your appetite to help you control your weight.

Look for the Profile Diet Menu Planner that will help you plan your diet. It will help you plan delicious, satisfying, slenderizing meals with Profile Bread. So to help prolong your Slender Years; to help you burn off your slender and young looking year after year, follow the Profile Bread Plan.

Both Light and Dark in the new Sea-Freeze Package.

Look for the new Profile Diet Menu Planner at your grocer's.

NEW POLYGLAS TIRE FIGHTS SQUIRM ... Gives up to DOUBLE THE MILEAGE OF OUR BEST-SELLING TIRES!

Priced as low as... **\$41.18**

070-14, hubless white or red stripe plus \$1.00 Fed. Ex. Tax. Sizes to fit most cars in stock now!

Two piles of giant-size "Vytacord" Polyester Cord

For the smooth, no-thump ride of nylon combined with the strength and durability of nylon. Vytacord—polyester cord specifically developed for tires.

Two belts of fiberless cord

Holds the tread firm on the road... resists squirm... reduces sub-off wear... improves mileage. Pound for pound, fiberless is stronger than steel—extra protection against bruise damage in the crown area.

Low Profile Design

Utilizes the same type low, broad characteristics of racing tires to produce greater stability and better steering control in the turns and on curves.

Wider Tread

Up to 2" wider than conventional tires—puts more rubber on the road for sure-footed stops and starts on wet or dry pavement.

Improved "Tufsyn" Rubber

A new, improved, long-wearing Tufsyn rubber, toughest rubber Goodyear ever used in tires, adds extra mileage and absolute body strength.

Conventional tire parts flex under load... squirm... like an eraser on paper.

The Polyglas tire sidewall flexes... but the tread holds the firm... less squirm... more mileage.

The tread of conventional tires tends to squirm and close up under load... They grip... the tread loses effectiveness.

The tread grooves of the Polyglas tire are more open... enabling the tread to grip better on wet or dry roads.

HOW TO MAKE LONG SHOT WIN

Every bridge expert when cornered will break down and admit that he is one of the greatest men in the world when it comes to a two-way queen location problem.

The theory is that some expert

Reese adds some zest to the problem by saying you are playing in a pair tournament against two literary ladies you have never seen before. It is a master's event—so you know that they are good players. Now, how do you play the hand?

There is no guarantee to go with the line of play that Reese suggests, but it is most ingenious.

Lead a club to your hand, then play the jack of spades. Go up with dummy's ace, return to your hand with a second club and lead the jack of hearts; West for that card. At the worst way or other to the lead of the jack of spades. He will react to the lead of the jack of hearts. If you get the same reaction, just play East for the queen hearts. If you get materially different reactions, play West for that card. At the worst you are betting even money. At the best, you will have a sure thing going for you.

of clue is always available to increase chance, from 50 per cent to something a lot higher in favor of finding it.

Today's hand is an invention of English expert Terence Reese. If you run off your tricks in spades, diamonds, and clubs, you may find out that East started with four hearts and West with three. Today's question crosses declarer's odds to four to three but this time the queen is in the hand with only three hearts.

THE HANDS HAVE IT, and that's what the managers of St. Louis and Detroit are going to use in the 1968 World Series. These hands belong to Denny McLain, right, of Detroit, and

Bob Gibson, St. Louis, both starters in the World Series opener at Busch Stadium in St. Louis. He first two games will be played in the National League park. (AP wirephoto)

Home Only Short Hop By Air For Victims Of Vietnam War

By JEAN BENNETT
The Record
Hackensack, N.J.
EN ROUTE FROM ALASKA (AP) — Because the world is round and they are in a hurry the quickest way home for Vietnam wounded is the great part of the United States. This is actually a straight line from Saigon, DaNang or Cam Ranh Bay to the East Coast of the United States. Including crew change and refueling stops at Yokota, Japan, Elmendorf AFB at Anchorage, Alaska, to the AFB in West E. A young man is back in America within 24 hours.
An additional few hours sees him in the service hospital near his home or the hospital best equipped to handle his particular disability or disease.

Aboard flight 134 Y out of Elmendorf at 6 a.m., recently were 26 litter cases and 29 ambulatory wounded.
On the aircraft for in-flight flight was had been on the giant C-141 Starliner then a total of 14 1/2 hours.
By the time it settled down at Andrews it was getting as mother hen on a batch of eggs, even the strongest and least seriously wounded were exhausted.
Flight nurse carried out hospital procedures across 4,500 miles of land. The medics spent the entire flight time caring for and encouraging their charges.
"They can save you now if you get your head shot off," a man who leaned over the back of the seat said. "Only one percent of wounded in Vietnam die. Next to me like a new kitten, the boy had dropped off to sleep."
Flight nurse in charge, Capt. Margaret D. Ferrier of Forcett, Minn., said it was an exceptionally quiet trip.

Experts Ask Shift Of Words

By MAX HARRISON
UNITED NATIONS, N. Y. (AP) — In an effort to combat racial prejudice, a group of U.N. experts is urging a sweeping revision of the terminology used by teachers, mass media and others dealing with race.
Words such as Negro, colored, savage, backward, primitive, bushman and uncivilized would be banned as either "contemptuous, unjust or inadequate," they were described as interferences of colonialism.
The recommendations were contained in a study made by a group of 10 experts recently assembled in Paris at the invitation of the United Nations Scientific and Cultural Organization (UNESCO) to work out plans to improve educational efforts against discrimination.
The report said, however, that these terms were "so charged with emotive potential that their use with or without conscious pejorative intent, to describe or characterize certain ethnic, social or religious groups, generally provoked an adverse reaction on the part of these groups."
The experts suggested that the word "tribe" should be used as sparingly as possible, since most of the "population groups" referred to by this term have often since ceased to be tribes or are losing their tribal character.
Other recommendations: A "native" should be called "inhabitant."
"Animism" should be called "animism," "Moslem," "Brahman" and other precise words should be used.
"The word 'heaven' is preferable to 'Jungle.'"
The new countries should be described as "developing," rather than "underdeveloped."

Berliners Honor Festival Of Arts

BERLIN (AP) — Berlin, on both sides of the Wall, is a fall festival of the arts.
Concerts, operas, theater, ensembles, even jazz, are staged outdoors in West and East Berlin, part of the 18th Berlin festival weeks in the West and the 12th festival days in the East.
There are big names: Leonard Bernstein and the New York Philharmonic Orchestra, the Soviet National Symphony Orchestra, Herbert von Karajan, Count Basie, and many others.
The two parts of divided Berlin compete to see which can gather the most impressive array of talent.
Carter told police he worked his way free of the Massey-Ferguson front loader, after it turned over on him while cast-bound on the old road.
He said the engine stopped and the wheels froze just before the loader turned over.

Highway Agency Tallies Contracts

BOISE (AP) — Highway construction contracts now in effect total more than \$40 million, the Idaho State Highway Department reported Tuesday.
Contracts totaling \$28 million cover 105 miles of Interstate highway construction, the department said, and 62 miles of other state highway work is involved in 49 million worth of contracts. About \$3.2 million is covered by contracts on 39 miles of forest highways.

A red-headed, slim youngster, his right arm extended, hopped down the aisle to the comfort pallet.
The man on the first litter in front of him had contacted polio. His immediate problem was infected kidneys and when he pulled himself up to change dressings, he would pretend to be asleep. A young man on the litter opposite him on the top row scratched around a huge leg wound which bled freely, the hot water bottle stung his ear.
The man on the lower left litter, almost on the floor of the aircraft, never moving, had a head injury and his entire left leg was gone.
Sgt. William R. King of Lorain, Ohio, of the three-man medical crew, sat with one patient the entire trip. The battle veteran on my left said, "Poor say, he's paralyzed."
Rarely is there a death in the

KALAMAZOO, Mich. (AP) — The best racially balanced ticket would be Powell and Wallace," said a departed Rep. Adam Clayton Powell Monday night.
"Are you a Democrat?" a newspaperman asked.
"Of course," Powell replied. "He spoke at a student assembly at Western Michigan University."

Young Farmhand Survives Flip Of Equipment

—BLACKFOOT (AP) — An 18-year-old farmhand escaped serious injury Monday when the front loader he was driving flipped over and pinned him to the ground on the old Arc highway 12 miles west of Blackfoot, James Edward Carter, 18, Blackfoot, complained of leg bruises but was not immediately hospitalized, following the accident.
Carter told police he worked his way free of the Massey-Ferguson front loader, after it turned over on him while cast-bound on the old road.
He said the engine stopped and the wheels froze just before the loader turned over.

CHICAGO POLICE COME TO grips with a youth here during a disturbance in a housing project. Police went into action because of rock and bottle throwing in the area. Area residents say agitation for a black teacher to present black history at a high school is the cause of the unrest. (AP wire-photo)

Old 'Narco' Is Drug Research Center

By KEN HOSKINS
LEXINGTON, Ky. (AP) — Tomorrow's drug-abuser may well be a highly educated person in the upper social-economic level of society, and government scientists here already are seeking ways to cope with the problem. It doesn't prevent it. People mentally or physically dependent on "soft" narcotics—the amphetamines, barbiturates and hallucinogens—are being admitted as voluntary patients at the National Institute of Mental Health's Clinical Research Center.

Dr. Robert Rasor, medical officer in charge of the center, said, "The thing we're concerned with is the changing pattern of addiction." And the appearance of the soft narcotic addict "is perhaps a change in the pattern."

Minority Members Hooked
Rasor said drug addiction 20 or 30 years ago was a more rural phenomenon, a "hard" narcotic of the

individual. I think they have tremendous potential for good when properly used, but the menacing potential which becomes a harm or destroys the individual.

The center's investigation of new drugs and their possible consequences is just one phase of this facility's transformation from a patient-care hospital to a research-oriented center. Formerly the U.S. Public Health Service Hospital—known throughout the world of the drug addict as "Narco," the facility became a part of the National Institute of Mental Health in January 1967.

It stopped admitting federal prisoners in August 1967 and began admitting voluntary patients only on a first-rip basis. Consequently, the patient population has dropped from 1,000 to a current 600 with plans

Three Valley Nurses Are At Convention

Three area women are attending the convention of the National Federation of Licensed Practical Nurses being held in Oklahoma City, Okla.

The women are Mrs. Eula Ewals, Idaho, president of the association, Twin Falls, and Mrs. Dorothy Latimer, Burley, and Mrs. Evelyn Myers, also of Twin Falls. Mrs. Myers is a state director.

The convention is designed to provide the LPN with information on a changing nursing and medical profession, it was reported. The convention ends later this week.

FRANCO NOTES DATE
MADRID (AP) — Gen. Francisco Franco, 75, began his 33rd year as Spain's chief of state today. "Humanity come of age."

Passes Exam

HAZELTON — Edward Brane, son of Mr. and Mrs. A. E. Brane, Hazelton, has passed the Idaho State Bar exam and has been sworn in as a lawyer. He was graduated from Valley High School, Valparaiso University, Valparaiso, Ind., and received his law degree in June at the University of Idaho.
