TWIN FALLS, IDAHO, WEDNESDAY, OCTOBER 23, 1968

TEN CENTS

New York Strikes Continue

NEW YORK (AP) — A teachers' strike kept the 1.1-million pupil public school system paralyzed, police patrolmen continued a work slowdown and firemen started their own 'jowdown' today—but for most visitors there was little visible evidence of New York's intensifying municipal labor crisis.

The firemen carried out their threat to join the police in refusing to perform nonessential duties beginning at 8 a.m. "Nothing can stop the slowdown this morning," a union official said.

The 900 schools, most of them locked with only custodians inside, are off the usual routes, most police cars still patrol the streets and fire engines continue to respond to emergency calls with sirens.

As the strike by the 55,000-member United Federation of Teachers cost another day of classes—the 15th of 30 in the fall term—the Board of Education made new moves aimed at ending the walkout.

The board announced Tuesday night it would seek an injunction against the administrator Rhody McCoy, and governing board of the predominantly Negro and Puerto Rican Ocean Hill-Brownsville experimental school district in Brooklyn to prevent them from interfering with the reinstatement of 80 disputed white teachers.

At the same time, the central board said Mayor John V. Lindsay would temporarily close Junior High School 271—one of the union would call off its third strike of the term. The union has charged that teachers were harassed at JHS 271.

John Doar, president of the central board, said the strikes had already cost the city \$18 million in state aid and declared, "The time to end this dispute is now."

The 10th day of the strike Sept. 9, as the fall term opened over the Ocean Hill board's refusal to reinstate the 80 teachers ousted last spring. A hearing examined the board's charges that the teachers tried to sabotage the decentralization experiment.

On the second day of a slowdown by the 22,000-member Patrolmen's Benevolent Association, 2,701 policemen called in sick to back their demands for reopening of wage negotiations.

The absentees forced the police department to cancel its 100th anniversary auto tour program so that the officers would be assigned to more vital duties.

Other slowdown tactics include cutting to a minimum the number of traffic tickets issued, but union officials maintain there is no letup in crime fighting activities.

Governor Joins Rites At BSC

BOISE (AP) — Gov. Don W. Samuelson joined Tuesday in dedicating a new school at the Boise State College campus "to all who gave their lives in the service of their country."

"This splendid achievement," the governor said in his prepared remarks, "reflects the highest of credit not only to those responsible for its completion, but also to Boise College as an institution which will soon be welcomed into the family of state schools of higher learning."

The college becomes a state institution officially next Jan. 1.

Two-Way Traffic Flow On Main Avenue Is Recommended In Downtown Survey

By FRED DODDS
Times-News Staff Writer

The improvement of downtown Twin Falls is slowly becoming a reality and officials, looking at the new face of the city three years in the future, are working on plans for traffic flow in the downtown area.

A SHAVE MAKES A difference—witness the Apollo 7 astronauts, pictured shortly after landing, with an 11-day growth of beard, stand in a rain shower on the deck of the carrier USS Essex. Below, the clean-shaven spacemen, with a change of clothing and a shower, greet improving weather aboard the carrier. (AP wirephoto)

Airplane Trouble Delays Schirra

Schirra's fellow Apollo 7 crewmen—Air Force Maj. Donn F. Elselo and civilian Walter Cunningham—circled overhead so that the arrival of the three at the Cape would coincide.

It was the first time the astronauts had set foot on land since they blasted off Oct. 11 from a Saturn 1B launch pad about three miles away from the Cape Kennedy airstrip.

The Apollo 7 crew planned to stay at Cape Kennedy until Friday night or Saturday for a long series of debriefings with medical and technical experts. The meetings will continue at Houston's Manned Spacecraft Center Sunday and last until Nov. 1.

United Fund Drive Near Half-Way Point

"Our drive is a little ahead of schedule," Dr. Thad Scholtes told United Fund workers during a report luncheon Tuesday at the College of Southern Idaho Area Vocational Building.

Jack Muldoon conducted the meeting. He introduced Bob Day, United Fund president, who presented awards to four businesses for their 100 per cent participation in the drive. The community service awards were presented to Earl Haroldson for the Idaho Power Co. employees; Homer Bertsch for Twin Falls Power and Ice; Jack Threhold for Home Humbug, and to Arnette Jenkins for Times-News employees and management.

Harold Gerber was the speaker at the report luncheon. Dr. Scholtes said another report meeting will be held next Tuesday.

Bandits Use Riot Gas In Holdup

NASHVILLE, Tenn. (AP) — Two gunmen disabled some bank employees and customers with the anifriot gas Mace Tuesday and stole nearly \$170,000—the biggest bank holdup in memory here.

Lionie E. Wilson, manager of a branch of First American National Bank, said the branch was robbed of \$169,950, all the money in the teller cages and the bank vault.

The armed robbers used the chemical Mace, a relatively new gas widely used by police men in quelling riots.

Police Sgt. Joseph Herrul said about 15 bank employees and customers were sprayed with the gas.

AMENDMENT BOUGHT SANDPOINT, Idaho (AP)—A petition requesting the state constitution be amended to provide state Supreme Court justices be nominated by district and elected at large is being circulated in North Idaho.

Peace Envoys Swap Charges Of Aggression

PARIS (AP) — American and North Vietnamese peace envoys traded charges Wednesday of aggression in Vietnam without providing any detectable signal that they might be nearing agreement on terms for halting the bombing of North Vietnam.

There had been speculation that Hanoi might reply in this 27th session of the conference to Washington overtures—about ending the aerial attacks.

Ambassadors W. Averell Harriman and Xuan Thuy clashed in the 2 1/2-hour meeting over who is entitled to speak for the South Vietnamese people.

Harriman reaffirmed American backing for the Saigon government of President Nguyen Van Thieu while Thuy once again demanded U.S. recognition of, and negotiations with, the Viet Cong's National Liberation Front.

There was no immediate information to indicate whether the two envoys used their 15-minute break for a private exchange on the status of current moves for a bombing halt.

LWV Sponsoring Political Affair

It's Fair Time For Area Candidates

National, state and county candidates will be in booths at the Legion hall Tuesday to meet the demand for state day to answer questions at the Twin Falls League of Women Voters candidates fair at the Legion hall.

A formal program will begin at 7:30 p.m. and last until about 9 p.m. From 7:30 to 7:45 p.m. candidates for the U. S. House of Representatives—Joel Barber, Orval Hansen and Darrell Manning—will give five-minute campaign speeches.

From 7:45 to 7:55 p.m. candidates for probate judge, Richard J. Lansing and William M. Pike, will be introduced and give one-minute speeches.

From 7:55 to 8:10 p.m. a panel discussion by County Commission candidates will be held on county welfare and junk yard issues. Candidates are William Charney, Les Wilbur, Gene Loughmiller and Von Nebeker.

State Senate candidates John Barker and Richard High, and state representative candidates William J. Lansing and William Roberts, will give one-minute speeches from 8:10 to 8:15 p.m. None of the men is opposed for reelection.

Judge Charles Donaldson and Judge Lloyd R. Thomas, candidates for Supreme Court justice, will speak from 8:15 to 8:25 p.m.

Two Israeli Planes Downed In Battle By Egyptian Foes

TEL AVIV, Israel (AP) — Egyptian and Israeli planes clashed Wednesday over Ismailia, a midway point on the Suez Canal, in the first such aerial action reported here since the Arab-Israeli war of June 5-10, 1967.

An Egyptian military spokesman in Cairo said two of a flight of four Israeli fighters were shot down and a third was hit, adding, "After this successful dogfight, the Egyptian planes returned safely to their bases."

The Israelis denied any losses. Air force jets took off and intercepted two Egyptian MIGs near Ismailia, an Israeli army spokesman said, and the Egyptians then turned back.

He did not say whether fire was exchanged, but declared the Israeli jets returned to base undamaged.

The air operation was the first reported engagement of any kind on the border between Egypt and Israel-occupied Sinai since the U.N. General Assembly started debating the Middle East problem in the 23rd assembly session that opened Sept. 24.

On Israel's eastern flank, there was another exchange of fire along the Jordan River. Each side said it suffered no casualties.

Israeli spokesmen said the shooting was limited to bazooka shells and light weapons.

In Amman, a spokesman for Jordan's army said the Israeli forces on the river's west bank had opened up with cannon, machine guns and tank guns in the area of the Allenby Bridge and the Jordanians returned the fire.

Loan Okayed For Dorm, Commons

Approval of a \$1,295,000 loan for construction of an eating commons and a dormitory of the College of Southern Idaho Campus was announced Wednesday.

The loan paves the way for a late 1968 bidding date for two facilities and a health-P.E. building.

The P.E. building is being financed with a federal grant of \$372,000 and \$315,000 in general obligation bond money.

The loan approved Wednesday came from the Department of Housing and Urban Development. The loan will be self-liquidating by the revenue accruing from use of the eating commons and the dormitory.

The dormitory, which will be a co-educational split-level facility, will house about 150 students.

The three new buildings will join three other structures now on-campus—the fine-arts center, the James H. Shields Jr. academic building and a maintenance building.

The eating commons will be east of the fine arts center, with the dormitory east of the eating commons. The health-P.E. building will be constructed near the western edge of the campus.

Marines Clobber North Viet Force

SALGON (AP) — U.S. Marines clobbered more than 400 North Vietnamese troops moving through jungled foothills southwest of Da Nang and only five miles below the embattled Thuong Duc Special Forces camp.

During the same period, enemy gunners slammed 18 mortar rounds into the Thuong Duc district headquarters and a hamlet a mile away. A government spokesman said at least four civilians were killed and 13 others wounded.

The bombing campaign over North Vietnam also continued despite persistent reports that a halt might be ordered. American fighter-bombers flew through monsoon weather to pound supply lines below the 19th parallel.

MEMBERS OF THE Twin Falls League of Women Voters are preparing non-partisan candidate material to be distributed at a candidates fair Wednesday night at the Legion Hall. From left are Mrs. A. R. Robinson, Mrs. Gerald Cowden and Mrs. Gaylord Hasselblad.

Sirhan's Defense Plea Fails

LOS ANGELES (AP) — Defense efforts to suppress material seized in the home of Sirhan Bishara Sirhan failed Tuesday.

But Russell E. Parsons, attorney for the man accused of slaying Sen. Robert F. Kennedy, told newsmen afterwards that "sometimes when a judge rules against you it can be very helpful."

He said "Our attention might now be directed to a more careful search and study why these things were said and done," adding that the notebooks and other materials found in Sirhan's room "may indicate something" about the 24-year-old Jordanian to psychiatrists.

Superior Court Judge Herbert V. Walker said he was not ruling on the admissibility of the evidence, but only on whether it should be suppressed. He said police had "reasonable authority" to enter the home without a search warrant because one of Sirhan's brothers gave consent. Among items seized—and marked for identification Tuesday—were notebooks that included, according to Mayor Sam Yorty's comment shortly after the assassination, "a direct reference to the necessity to assassinate Sen. Kennedy before June 5, 1968."

Chief Deputy Dist. Atty. Lynn D. Compton, who also held a news conference after the hearing, said he and co-prosecutors would use whatever documents seized at the Sirhan home they decided are helpful and relevant. Asked if a memo relating to the assassination fell into that category, Compton replied, "That would be a significant piece of evidence."

Kennedy was shot fatally just after proclaiming victory in California's June 5 Democratic presidential primary.

Sirhan's brother, Adel, 29, confirmed in Tuesday's hearing police testimony that he had approved the search. "It said something to the effect, 'It's okay with me.'"

But a younger brother, Munir, 21, denied two policemen's testimony that he also had approved. He said police questioned him but that there was no conversation about searching the family house in suburban Pasadena.

—And Mary Sirhan, the mother,

RESTING ON ONE of the large lava rocks in a garden in front of the CSI academic building is James H. Shields Jr., Buhl. The building has been named after Mr. Shields, who

has been a member of the CSI board of trustees for four years. The other four trustees took the action making it possible to name the new structure in honor of the long-time Buhl resident.

Agnew Cites Control Lack Among Youth

BOSTON (AP) — Gov. Spiro T. Agnew says lack of parental discipline and a breakdown of communications between government and youth are causes of student unrest in the United States.

Agnew addressed a \$100-a-plate dinner Tuesday night in the Back Bay Sheraton Plaza Hotel only an hour after some 200 young peace demonstrators clashed briefly with police in front of the hotel.

The Republican vice presidential nominee entered the hotel through a back door and did not see the demonstrators.

In his speech Agnew said many parents disapprove of the testified, "It is my house; I am buying it"—and that she, too, gave no permission to enter it.

children's actions, "but not enough to do anything about it."

He said a lack of communication between government and the youth of America leads the young people to feel "that the establishment doesn't care. And I think it's time the establishment began to care."

The Maryland governor outlined a program he said would correct this situation:

- Internships in government for graduate students.
- Summer jobs for young

Petition Disputes Election Results

The Last Debate?

There is an interesting similarity between that controversial fourth game of the World Series and the presidential election campaign... The game, it will be recalled, was played despite intermittent heavy rain.

have come back from 1960 to haunt him? Would Humphrey have shown himself to be something more than the talkative incompetent his opponents say he is? Would Wallace have been exposed as a shallow charlatan...

WASHINGTON—It will seem like the good old days to the "New Economies" crowd if Richard Nixon makes it to the White House. The good old days, that is, of five-years earlier.

the same, only on a bigger scale. For example, he already has said he would end the 10 per cent income surtax. And he is in agreement with the majority of those who make up his massive 20-committee economic task force that tax incentives for business are the most realistic way to keep the economy booming.

Nixon approach can be described as a decision to tinker with the tax structure instead of embarking on huge spending programs. One of the criticisms of those around Nixon is that the Democrats have started the right road under Kennedy and then took a spending detour under Lyndon Johnson.

would constitute a giveaway for business, that they would reduce tax revenues. But tax revenues that don't exist can't be lost. Government today is collecting very little in taxes from the ghetto areas because ghettos are such a poor business risk.

Our Tanker Fleet

Using data supplied by the Office of Maritime Promotion of the United States Maritime Administration, the Sea Oil Co. has issued its 20th edition of the "Analysis of World Tank Ship Fleet."

More important than the age factor is the change which has taken place in tanker design in recent years. Supertankers are providing far greater cargo capacities in the more modern fleets.

His Master's Voice

It is a fact of life, too, that Congress has taken a conservative turn in the past few years. Whatever its makeup next January, it is likely to be leery of big spending programs, whereas tax incentives designed to help solve the country's social ills probably would get a respectful hearing.

BRUCE-BIOSSAT

Law-Order Victim

WASHINGTON (NEA)—Mayor or John V. Lindsay of New York is not involved in the 1968 election, except as an occasional campaigner for other Republicans. Yet current voter attitudes toward him say a great deal about the mood of the nation in this strange year.

voters' reasons for judging Lindsay so harshly. It is perhaps not unfair to assume that some of the extolled appraisal is truly a general one, indicating that many New Yorkers do not believe that since he took office in 1965 Lindsay has really solved any of the problems that make their city nearly unlivable.

ROWLAND EVANS AND ROBERT NOVAK

Report: McGovern's Campaign

ABERDEEN, S.D. — In the stockyards at Sioux Falls, early one morning, a truck driver with a gaily George Wallace bumper sticker yelled, "Come over here, Senator, and give me one of your bumper stickers to go with Wallace."

Thus, on that early morning in Sioux Falls when the senator walked over with his McGovern bumper sticker, the teamster told him: "You two guys are the only ones talking straight."

and the Democratic establishment in Washington. He mentions Humphrey, but only in passing. For Secretary of Agriculture Cyrilus Freeman, a long-time friend from neighboring Minnesota, McGovern has no kind words at all.

MR. SPECTATOR

Better Stay Awake!

A medical study which raises more questions than it solves frequently is the case of the six-year-old study just concluded by the American Cancer Society on the effects of sleep.

pretense of being an apostle of love... (but they know nothing of love in its crucial, sacrificial and redemptive aspects). Jesus of Nazareth gave us not flower-power, but the power of the cross, and not a wreath of roses, but a crown of thorns.

RAY CROMLEY

Hydra-Headed

WASHINGTON (NEA)—Those who believe the war in South Vietnam will be won when the Viet Cong and North Vietnamese invading forces are defeated and their political organization "crushed" are due for a very unpleasant surprise.

used of being a leading member of the Communist underground. More than 50 officers, including colonels, lieutenant-colonels and majors, have been detained in the United States since they were considered the most reliable unit in the Indonesian army.

JOSEPH G. MOLNER, M.D.

About Aspirin

Dear Dr. Molner: My husband has had three back operations and a total of 100 or more pills in the last year or so. He has been taking large quantities of aspirin, but now he is taking more than ever—about one week, 250 in two weeks.

not going to be pontifical about this. All I say is that at an intake of 100 or more pills a week there should be some reaction—for some people. There are other preparations which are effective for relief of pain. And here I am not talking about analgesics. Mrs. S.'s husband should inform his doctor about his symptoms, the skin and the eye changes.

John Barker Runs Again For Senate

John Barker, completing his first term in the Idaho Senate, is running for reelection from Legislative District No. 24.

He is a World War II veteran and took part in three invasions in Europe and Asia. He retired as a lieutenant in the Navy Reserve.

During his first term in the legislature, he served as chairman of the Administration and Elections Committee of the Senate, vice chairman of the interim Committee on Revision of the Election Laws, and was a member of the Education Committee, the Public Health Committee and the Interim Printing Committee.

He has been active in community affairs all his life and is married and has three children.

PTA To Meet

HANSEN — The Hansen-PTA will meet at 8 p.m. Thursday at the school building.

Mrs. Robert Miller, program chairman, announced that a film, "Man, Freedom and Government," will be shown by Norman Victor, Twin Falls. A discussion period will follow the film. The PTA will also make plans for its pancake supper which will be held Nov. 15.

Depot Holdup Sparks Battle Near Homes

LONGVIEW, Wash. (AP)—A quiet residential section here was jarred by gunfire Tuesday in a wild chase and gun battle between two armed men and police after the holdup of the bus depot.

Police said about 15 shots were fired when the armed pair raced into the backyard of a home after the depot was robbed.

Wounded slightly near the right eye was Ray Henry Fenner, 36, one of the gunmen. The other, Alfred Wayne Roberts, 28, Hampton, New Brunswick, was unhurt. Fenner gave a Vancouver, B.C., address.

The chase began when two police officers were disarmed inside a bus by two men who flashed pistols. Police had entered the bus after receiving a call from the depot that an armed man was aboard a south-bound bus.

Both armed men left the bus, which contained 31 passengers, and ordered 12 persons in the depot—two first-hand. A shot was fired but missed J.M. McClelland, president of the Longview Daily News, as he walked past the door.

The men then emptied the depot cash register, fled the rear entrance and escaped in a car after forcing Ned Piper, Longview, out of it.

The car was abandoned in a residential section and the men ran into a home after brushing past a woman working in the front yard.

Police Sgt. Chuck Gill, who was chasing the pair, spotted them trying to run the side of the house. Shots were exchanged.

Fenner and Roberts then surrendered. Authorities said four pistols—two of them empty—were found on the men.

Williamson Makes County Post Bid

A candidate for the Twin Falls County Commission from the second district, Les Williamson was born in Pendleton, Ore., but helped his family pioneer a ranch north of Filer in 1911.

He attended school in Twin Falls and Filer and then attended the University of Washington. For several years he was a teacher and a high school principal in Washington. In 1935 he became a teacher and farmer in the Snake River Valley.

He attended graduate schools at the Universities of Washington, Idaho and Murray State in Kentucky.

From 1949 to 1951 he was mayor of Filer and received recognition in the American Magazine.

He is a Democrat and has lived in Twin Falls nearly 12 years.

News Of Record

JEROME COUNTY Police Blotter

A 1962 Chevrolet reported stolen by Coy Blevins, Jerome, has been recovered north of Jerome, where it was abandoned. The car was not damaged. Investigation is continuing.

Nixon Rakes Foe; HHH Seeks Unity

By The Associated Press

Richard M. Nixon—accused Democratic opponent Hubert H. Humphrey of loose talk and position switching on Vietnam today and said Humphrey as President would create a "great risk of miscalculation on the part of our adversaries."

Humphrey, meanwhile, was being hit by a political miracle worker for uniting odds-Texas Democrats behind him. He heads for California late today to try to repeat the feat.

And, third party candidate George C. Wallace—hit by an apple core thrown along with eggs and tomatoes Tuesday—said leaders of both major parties have "known to anarchists" and ignored average citizens.

Nixon said today the present Democratic administration has not been able to keep the peace, has not kept up military strength or American prestige.

"and now it cannot restore peace."

"To this dismal record," Nixon said in a statement in Saginaw, Mich., "my opponent brings the fastest, loosest tongue in the nation and the fastest switch of position ever seen in American politics."

"Mr. Humphrey has shown a constitutional inability," Nixon said, "to treat the Vietnam war and the Paris negotiations directly or, for that matter, understandably, ever since this campaign began."

Humphrey has won a strong show of unity in Texas and now faces California where a sizeable number of Democrats were won to Sen. Eugene J. McCarthy's peace stand and are reported withholding support for Humphrey at the moment.

Texas Gov. John Connally and his longtime political adversary, Sen. Ralph Yarborough, stood side by side with Humphrey at stops in Texas, political differ-

ences seemingly put aside.

"We have never in 24 years had as united a party in Texas as we have now," Yarborough said in Fort Worth.

Wallace reacted good naturedly to heckling in Oshkosh, Wis., Tuesday, even when he was struck on the shoulder by an apple core.

"That's all right, it'll wash off," he said. "That's just a bunch of anarchists."

In Racine, Wis., the candidate's car was surrounded by shouting, howling students who managed to push it into another car ahead.

Wallace said both Nixon and Humphrey called student protest demonstrations a "great movement when they started several years ago."

Now, he said, it has reached the point where leaders of the major parties "ignore the average citizen and pay no attention to his viewpoint while he works to produce the wealth that pro-

vides the taxes for some of these folks to go to school at your expense."

In other political developments:

Wallace's running mate, Curtis E. LeMay, predicted McCarthy declined again in some peace move either by Washington or Hanoi "will be made to influence the American vote" before the election.

The gesture will come, he said in Spiritanburg, S.C., because Hanoi fears—Wallace-LeMay administration that would be pledged "to put an end to this disastrous war."

McCarthy declined again in Minneapolis to endorse Humphrey but told backers at a dinner they really didn't need his advice.

Legislative Council Advocates Levy On Liquor Sold In Idaho Taverns

BY ALLEN M. BAILEY

BOISE (AP)—A 15 per cent retail tax on alcoholic beverages sold in Idaho taverns and bars has been proposed in minority report by two members of the Legislative Council's Public Committee on Liquor Laws.

The council met to adopt final recommendations of a seven-member study committee for submission to the 40th Idaho Legislature next January.

Ernest Allen, R-State Reps, and Allan F. Larsen, R-Blackfoot, criticized recommendations of the liquor laws committee.

The committee suggested that grocery stores be allowed to sell wines, that liquor licenses be allowed in unincorporated areas, that closing hours be extended until 2 a.m. and that 2:10 p.m. sales of liquor be allowed on Sunday.

Those changes would be subject to local option.

"The recommendations of the majority can be characterized as a liberalization of our liquor laws," the minority report said, "and we question the wisdom of adopting them."

Allen and Larsen suggested a 15 per cent retail tax on alcoholic beverages sold by taverns in Idaho, half of which would go toward the support of Idaho's public schools.

Part of the revenue would be used for a home after brush fund.

The Public Depository Committee also presented its recommendations—it proposed—

—Amendment of Idaho laws to permit payment of interest on state time deposits in banks.

—Amendment of the state constitution to permit investment of state endowment funds in securities other than government securities. Interest rates on corporate securities is generally higher than on the government securities.

—A change in Idaho law prohibiting deposit of state funds in banks which do not pay all state and local taxes in Idaho. Now nationally chartered banks pay no state taxes, while state-chartered banks must pay sales and property taxes.

—Legislation enabling the State Finance Commission to permit state-chartered banks to do anything national banks may do.

—Abolition of the State Department of Public Investments.

—Creation of a state board of trustees to direct investment of the state school endowment fund of \$75 million. It would be composed of elective and appointive state officials and representatives of Idaho banks.

Airline Mechanics Seek 40 Per Cent Raise In New Contract

WASHINGTON (AP) — Airline mechanics, whose big contract raises helped speed President Johnson's economic guidance two years ago, are holding for even bigger increases—a whopping 40 per cent—in new negotiations.

Talks between the Machinists union and seven major airlines, five of which were struck for six weeks in 1966, start next month.

The union asked for 30 per cent raise over three years last time out and wound up with a wage and benefit package the

government estimated at 15 per cent and the union set at about 18 per cent.

Either way, the contract shattered the administration's 3.2 per cent a year guideline, and by the end of the year Johnson had abandoned the guideline for a more flexible approach.

Settlements of 5 per cent or better in the electrical industry, rails, trucking and autos followed the airline pact.

The two sides are starting out with what the union calls "separate but coordinated bargaining" in hopes of avoiding government pressures stirred up

during the 1966 negotiations.

"We don't want compulsory arbitration," said a union spokesman. "We don't want Congress involved in this."

President Johnson temporarily blocked a strike in 1966 by invoking the Railway Labor Act's 60-day cooling-off period in April and creating an emergency board headed by Sen. Wayne Morse, D-Ore.

The union rejected the 3.5 per cent raise recommended by the Morse panel and walked out in July. When the strike ended the House was considering a Senate-passed resolution ordering

the strikers back to work for 30 days and giving President Johnson authority to order them back for another 30 days.

Despite this year's separate bargaining, all seven contracts expire on the same date, Dec. 31, less than a month before the inauguration.

The AFL-CIO International Association of Machinists, which bargains for about 50,000 airline mechanics, is seeking a package which would raise top pay to \$6 an hour in 1971. Men at the top of the wage scale are now earning \$4.4 per hour, plus a 5-cent hourly bonus to flight-

line mechanics and up to 10 cents an hour extra in longevity pay.

The airlines complained recently that the cost of switching to king-size planes is squeezing their profits. But the union says airline profits are still rising and the workers deserve a share of the increase.

In addition to the big wage increases, the union is demanding major improvements in vacations, holidays, health insurance, pensions, overtime pay, extra money for certain work shifts and severance pay.

Bargaining is scheduled to

start with United Air Lines, probably on Nov. 14. A complicating factor in this case is an attempt by an independent union, the Aircraft Mechanics Fraternal Association, to oust the Machinists as bargaining agent. Results of an election between the two unions is expected to be announced Nov. 14.

Involved with United in the 1966 strike were Trans World, Eastern, Northwest and National. Two other airlines that settled without a strike last time, Braniff and Continental, are also involved in the negotiations.

GUNS FACE FIRE
SAN FRANCISCO (AP) — After the assassination of Sen. Robert F. Kennedy, residents of San Francisco were urged by Mayor Joseph Alioto to turn in firearms, no questions asked. The city collected 1,922 guns. They were turned over Tuesday to sculptor Benny Bufano, who will melt them down and use the metal to cast a memorial statue to St. Francis, the city's patron saint.

State Treasurer Urges Efficiency In Idaho Offices

By ALLEN M. BAILEY
BOISE (AP) — Recommendations directed toward increased efficiency and high state income from investments and idle funds were made in an audit report of the state treasurer's office by the Bureau of Public Accounts.

Gene Harder, bureau director, suggested Tuesday several procedural changes in the treasurer's office and recommended some changes in Idaho laws.

The report was prepared after a comprehensive audit of the office of State Treasurer Marjorie R. Moon.

Changes in investment procedures for state-held securities and idle state funds could bring Idaho an additional \$1 million or more, he said.

Harder said changes could be made in state laws to permit the state to draw interest on funds deposited in banks. The funds must now be left idle in the state drawing no interest on them. At current rates, he said, \$500,000 to \$1 million in interest might result each year.

The state treasurer has invested various funds in low-interest government securities. With proper changes in Idaho laws, Harder said, investment in more active, private, securities could bring twice the interest.

Harder recommended —

— a formal office policy and procedure manual for the treasurer's office be drafted to allow employees in training and provide a guide for normal operations.

— a double-entry accounting system be used for all records to enable the treasurer to know how much of the state's funds are encumbered by outstanding warrants or accounts payable.

— all assets and liabilities in custody of the treasurer be in accounting records and under general ledger control and balanced regularly.

— state securities be recorded at cost — instead of value at maturity — and a method of accounting for discounts be devel-

oped. Harder said U.S. Treasury bonds and notes are purchased at a discount and recorded at par value. That gives an untrue picture of just how much the bonds are worth, he said.

All costs should be charged against the state in one fiscal period, or quarter, instead of split between them. Such splitting of costs, he said, might obligate the state for more than appropriations for any one period will cover.

— State Department of Employment warrants be key punched to conform with those from the state treasurer's office, so they will fit in the treasurer's accounting machine and eliminate manual handling of the warrants.

— Discontinuation of monthly summaries of agency receipts by each agency be considered. Instead of these, a copy of the computerized monthly summary receipts report already prepared by the state auditor could be compared to agencies' accounting records and signed by the department.

— State Department of Public Safety said that eliminating the agencies' own receipts summaries and save time and money used in their preparation.

ONE OF THE FEW professional women magicians in the U. S., Diana Schultz, 22, demonstrates her dancing canes for the photographer in Los Angeles. Diana, who is from Phoenix, Ariz., and a friend decided at the age of eight to stage a neighborhood circus with a box of magic tricks they bought for 50 cents. She has been a magician ever since. (AP wirephoto)

Blonde Performs In Magic

LOS ANGELES (AP) — Diana Schultz is 22, pert and pretty, has long blonde hair, large blue eyes, a radiant personality and the honey-suckle sweetness of a Southern Belle. She also is a woman magician.

She doesn't go in for clouds of pink smoke, rabbits pulled out of a top hat, or card tricks. Her specialty is the offset.

In one number, set to weird, mood music, she works with a square of blue velvet and a tiny golden ball. The ball, beneath the velvet, begins to rise and float through the air in rhythm with the music. Then it languidly rolls up one side of the cloth, down the other, lazily balances on an edge, leaps beneath the cloth and flutters away on wings of its own.

Leaking Helium Postpones Test

EDWARDS AIR FORCE BASE, Calif. (AP) — The wingless "lifting body" space ferry was five minutes away from its first rocket powered flight Tuesday when a helium leak forced a postponement. No date was set for another try.

The 22-foot-long wedged-shaped craft, named the HL10, is called a lifting body because it gets aerodynamic lift from its shape, not from wings. It has 11 unpowered guide flights.

For the flight under its own power, it was carried eight miles high in a B52 bomber. Space agency officials said the leak was in helium used to pressurize the craft's alcohol-oxygen fuel system.

Dinner Set

JEROME — Darrell Manning will speak at a polluck dinner at the Elks Lodge, Oct. 28.

Democratic precinct committeemen will furnish the meat and sell tickets. Tickets may also be obtained at the Democratic headquarters.

Other business discussed at the joint meeting of the Democratic Ladies and the Central Committee was the result of the recent auction which was very successful.

Candidates Anticipate Appropriations

By The Associated Press
State Sen. Orval Hansen, 2nd District Republican congressional nominee Wednesday morning charged that the management of the nation's economy by the Johnson-Humphrey administration has plunged America into its worst financial crisis in nearly forty years.

He told a Pocatello Chamber of Commerce breakfast that less than half the \$60 billion growth in federal expenditures in the past three years was from the Vietnam war.

"In five short years the work of a previous decade in laying a solid foundation for economic growth has been undone," Hansen declared. "Economic expansion has been an illusion. This has been a false prosperity founded on the deception of inflation."

The Idaho Falls legislators said their average worker today takes home less buying power than he did three years ago, even with pay increases.

Hansen and Rep. James A. McClure, R-Idaho, appeared Tuesday at an Idaho Press Club luncheon in Boise, saying they believed two major Idaho projects would be among reclamation spending priorities established

Idaho Projects Endorsed

next year by the new administration.

They would be the Southwest Idaho Water Development project, which would cover 500,000 acres of Idaho desert, and the Lynn Crandall Dam on the South Fork of the Snake River in eastern Idaho.

Hansen said expenditures and income must be brought into balance by "adoption of spending priorities," but said the Idaho projects could still be included.

McClure said expenditures on those projects would be spread over a number of years.

He said if the current Paris negotiations with North Vietnam were to fail, the war should be escalated by "increasing the military pressure on North Vietnam."

Hansen's Democratic opponent, State Rep. Darrell Manning, in Jerome denied "there is little contrast" between him and Hansen.

New Agency Aims To Fight 'Local' Crime

WASHINGTON (AP) — A new anti-crime agency was launched Monday to aid the fight against lawlessness on the local level.

Atty. Gen. Ramsey Clark said the agency, formed to coordinate federal spending for law enforcement at the state and local levels, is "the beginning of a new era in criminal justice."

Clark spoke following the swearing in of the three top officers of the Law Enforcement Assistance Administration—Patrick V. Murphy, former District of Columbia safety director, Wesley A. Pomeroy, Justice Department special assistant, and Dr. Ralph G. H. Siu, an official of the Army Materiel Command in Hawaii.

The agency was established under the Crime Control and Safe Streets Act, and ultimately will have a 225-member staff.

Pomeroy, a former California undersheriff and highway patrolman, and Siu were sworn in as associate administrators under Murphy.

It was announced that conference between state and local law enforcement officers from the 50 states, and the officers of the new agency already are under way.

NEIGHBORHOOD INFORMATION CENTERS have been established in 60 Twin Falls homes on behalf of the re-election campaign for U.S. Sen. Frank Church, Democrat. James Hackney, local chairman of Youth For Frank Church, headed the committee to install signs in front of the homes selected to serve as centers. Mrs. William B. Foster, 1350 Wilmore St., watches while the sign is installed. Bumper stickers, brochures, campaign buttons and other material are available from the centers.

Hanoi Charges World 'Opinion' Forced Release

HONG KONG (AP) — North Vietnam said Tuesday the United States was forced to free 14 North Vietnamese seamen "by the strength of the Vietnamese people and the pressure of world public opinion."

The 14 were returned to North Vietnam Monday by U.S. Navy

boats under a temporary 36-hour cease-fire arranged by Hanoi and Washington.

U.S. officials in Saigon said the return of the seamen was "intended as an action of good will." But there was little tone of returning good will in the official statement carried by Radio Hanoi.

It accused the United States of being "aggressive marauders" who had "illegally imprisoned Vietnamese civilians who had been illegally captured in-

side the territorial waters of the Democratic Republic of Vietnam." The United States said the 14 were North Vietnamese navy personnel.

Registration Will Close On Nov. 2

Voter registration in Twin Falls County closes at 9 p.m. Saturday, Nov. 2. Harold Lancaster, county clerk, said voters may register with their individual registrars between 9 a.m. and 5 p.m. weekdays. However, on the Saturday before election the registrars will keep their books open until 9 p.m., Mr. Lancaster said. He said the books must be closed by then to allow election judges time to prepare for the election. Mr. Lancaster said a heavy vote is expected for the Nov. 5 election.

Paar's Kin Told To Move Feline Pet

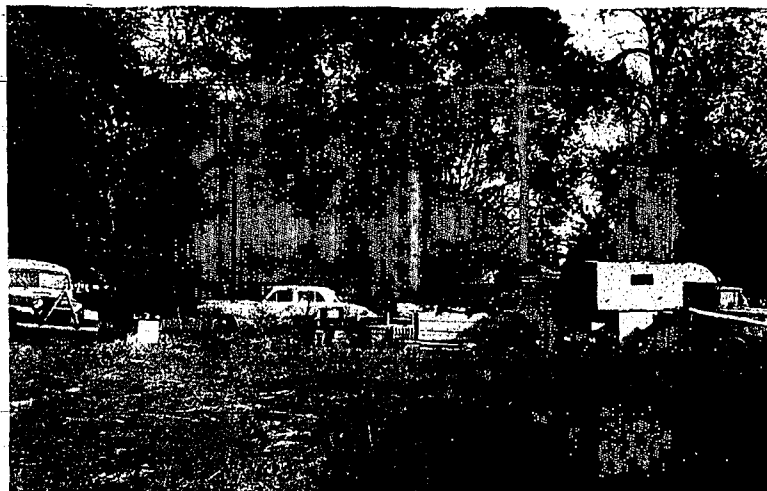

CAMBRIDGE, Mass. (AP) — Radcliffe College has told Randy Paar, 21, son of television personality Jack Paar, that he would have to find some place besides a school dormitory to keep his 15-week-old lion cub. Mr. Gerald Paarbody, house chaplain at the off-campus Shepard House, discovered the cub's presence Monday after she had been taken to the school. Mr. Paarbody said the cub's presence would make "a funny noise." She then learned that the lion had been living with Randy and 30 other upperclassmen and had even been taking strolls through the neighborhood on a leash. "He's very friendly and he doesn't bite," she added. But the college rules do not allow for keeping a house cat much less a lion, in the dormitories and Randy agreed Tuesday to take the pet home to her father this weekend. Paar likes lions and brought three home last summer from a trip to Africa. He eventually gave them to a Florida zoo and the zoo owners had asked Randy to care for one for a while.

Fairfield Plans Skating Rink

FAIRFIELD, Conn. (AP) — Fairfield Chairman Joe Cook reports that about \$200 was raised at a community dinner for purchase of material for an ice skating rink. The Chamber of Commerce is sponsoring the building of a rink on vacant lots owned by Alfred and Clarence Kiser of Fairfield. The rink will be located on the site of the former Meadowdale Dairy, Pacific Fruit Produce, Bertles Poultry, Eddy's Bakery, Twin Falls Ice Cream, Dairy, Jerome; M.J.B. Coffee Co., Boise; Ernest Fields and Sons, Gooding; and James Kevan, Gooding Livestock Commission Co. Local businesses and residents have been contributing to the project by work and donations.

Berkeley Educator Believes Integration Has Proven 'Unbelievably Successful'

BERKELEY, Calif. (AP) — The educator who presided over the total racial integration of the city's public schools this term described it Monday as "unbelievably successful." "Am I pleased? I'm blated," said School Supt. Neil V. Sullivan. "I exceeded my fondest expectation." The superintendent has not been uncomplimented about his share of bugs, including playground battles between Negro and white children and a few goofs at the administrative end. It is the first complete public school desegregation in a U.S. city of over 100,000 population. Berkeley's secondary schools were desegregated four years ago. Last Sept. 10, the job was completed in the kindergarten through sixth grade of 3,300 pupils in 10 schools by a unique bus-bus system. The grade school children each weekday wait for buses on 32 corners throughout this city of 120,000 across the bay from San Francisco. Children from kindergarten through the third grade, designated as K-3, all attend schools in the newly white Berkeley hills, with the Negro youngsters being bused up from the flatlands. Even grades 4-6, the pupils are bused down to the flatlands schools heretofore attended mainly by Negroes. Berkeley's school population is about 80 per cent Caucasian, 41 per cent Negro and 9 per cent Oriental and other groups.

UNSIGHTLY COLLECTIONS of Backyard Junk as seen here, are in violation of the Twin Falls city code, article VIII, Re-

Manning Has Solution To Vietnam

HAILEY — "Unlike my opponent, Orval Hansen, I offer solutions to the Vietnam situation," Darrell Manning said at the opening of the Democratic headquarters in Blaine County Wednesday. The candidate for Congress said he has flown into Vietnam on an average of once a month for about three years. He is an Air Force command pilot. Mr. Manning noted that less than half the men in South Vietnam are in combat action. The natives are better off economically than they were before the Americans got there, he said. "We can withdraw our troops progressively by zones and require the Vietnamese to defend that zone or lose it, forcing the natives to support their government and army. We can provide technical and economic assistance and help them build a stable government capable of its own defense," Mr. Manning said.

Servicemen Told To Avoid London

LONDON (AP) — The U.S. Army has advised American servicemen Tuesday to stay out of London Sunday, when thousands plan to demonstrate against the Vietnam war. "Twenty-six thousand U.S. military personnel stationed throughout Britain were told to keep away from the city unless they have urgent business there. Those living in London were told to keep out of the demonstration areas."

Rebuilt

FAIRFIELD — The Louse Creek grade near Pine is being re-routed and rebuilt by the Forest Service. About three miles are under construction. The new road will eliminate the former divided portion of the grade. The road connects Pine, Featherville and the South Boise area with Highway No. 68 and also comes over the high prairie toward Hill City.

Harvest Forces Longer Vacation

BLACKFOOT (AP) — Harvest vacations have been extended in two Blaine County schools. Some residents persist in collecting wrecked automobiles and other unsightly items in their yards. Many have been given warnings by Al Robinson, sanitation inspector, and Reed Cullam, building inspector. Recently three men were fined for violating article VIII of the Twin Falls city code. It prohibits wrecked, abandoned, dismantled, damaged, dilapidated or junked motor vehicles, household goods and equipment, machinery or miscellaneous property being deposited on public or private property. The men were fined \$50 and \$25 costs in Twin Falls Police Court. Forty dollars of the fine was suspended pending their cleanup. One of the parties failed to comply and already has had to pay the remaining \$40. The fine for such an offense is not to exceed \$100 or 30 days in jail. The city officials said they have been lenient with the offenders, but warn they will be lenient. Although the residents of Twin Falls want to do their

cently three Twin Falls men were fined, after being warned to clean up their yards and not complying.

City Warns Junk In Yards May Draw Citations, Fines

Twin Falls city sanitation and building inspectors are not without their problems. Although residents like to think of their city as an attractive, clean place to live, it is not without its eyesores. Some residents persist in collecting wrecked automobiles and other unsightly items in their yards. Many have been given warnings by Al Robinson, sanitation inspector, and Reed Cullam, building inspector. Recently three men were fined for violating article VIII of the Twin Falls city code. It prohibits wrecked, abandoned, dismantled, damaged, dilapidated or junked motor vehicles, household goods and equipment, machinery or miscellaneous property being deposited on public or private property. The men were fined \$50 and \$25 costs in Twin Falls Police Court. Forty dollars of the fine was suspended pending their cleanup. One of the parties failed to comply and already has had to pay the remaining \$40. The fine for such an offense is not to exceed \$100 or 30 days in jail. The city officials said they have been lenient with the offenders, but warn they will be lenient. Although the residents of Twin Falls want to do their

Constitutional Revision Amendment Is Explained

As a part of its activity to inform the voters of the issues in the forthcoming election, the League of Women Voters of Twin Falls provides this information concerning SJR 3, one of the nine amendments on the Nov. 5 ballot. Passage of SJR 3 is recommended by the Constitutional Revision Commission. Charged with the responsibility of bringing Idaho's State Constitution up-to-date in an orderly fashion, the Commission feels that the amending process needs to be clarified. Our present Constitution reads that propositions to amend the Constitution must relate to one subject which accomplished a single purpose. SJR 3 would allow an amending process as one question any or all subjects within any one Article of the Constitution and related sub-

jets within any other Article of the Constitution. Approval of SJR 3 by the voters would provide constitutional law whereby the Revision Commission could submit to the legislature (and then to the people) an entirely revised article of the Constitution for their approval. This would allow for orderly modernization of the constitution through the amending process. Any amendment proposed by the legislature by a two-thirds vote, and then by the people by a majority vote. Opponents to the amendment argue that such amendments would be more difficult for voters to understand, and may tend to be too broad in scope. USE TIMES-NEWS WANT ADS FOR FAST SELLING RESULTS

Nampa Men To Peruse Plans At Blackfoot

BLACKFOOT (AP) — Aerial and land views of the Blackfoot municipal airport and "airport park complex" were on the agenda Wednesday during a fly-in by members and officers of the Nampa Chamber of Commerce. The group of 25 Nampans has asked for the meeting to discuss the history and development of the Blackfoot complex. Aviation Committee Chairman Elvin Fogelman of Nampa said the group will meet with Blackfoot city, chamber and airport officials. Blackfoot's airport is cited by flyers as an excellent facility, particularly for a community of that size. We hope to pick up information and ideas which might be helpful in improving the long-range program of enlargement of the Nampa municipal airport," Fogelman said.

THE SIGHT AND SMELL of fall foliage is beautiful to behold on October trees, but ugly to walk through in November rain. The solution is to rake up the fallen foliage at the end of October, as many Magic Valley residents are now doing.

scattered his casual, collected leaves, W. A. Betcke, 254 Eighth Ave. N., rakes furiously to keep them together. Wind, rain and children are devastating to leaf collections. On the right Tillie Shane, 543 Fifth Ave. N., averts possible disaster to her collection by immediately storing it in a bushel basket. Her only problem is stumbling over the rake on her way to the lumberator.

Suicidal Types Deemed Capable Of Homicide

LOS ANGELES (AP) — Certain suicidal persons are as capable of homicide as they are of taking their own lives, says doctors at the Suicide Prevention Center.

Dr. Carl I. Wold, chief psychologist at the 10-year-old private facility, said these persons fall into two general categories: the divorced or bereaved who say, "I can't live without him-

or her," and those who have episodes of violent behavior accompanied by heavy drinking and punctuated by stable periods.

Doctors at the center said one reaction of strain is to hurt someone else, adding: "Sometimes they come in and ask for help so they don't hurt someone."

The center has studied 26,000 cases.

343 Electoral Votes For GOP Nominees New Survey Strengthens Nixon's Lead

By BRUCE BISSAT
Washington Correspondent

WASHINGTON (NEA) — Republican Richard M. Nixon holds a decisive lead over rivals Vice President Humphrey and George Wallace in the 1968 presidential race and could wind up with a smashing electoral score.

In the first of two late-season surveys of the national outlook, NEA assigns to Nixon some 343 electoral votes — with 270 required for election. Independent candidate Wallace, former Alabama governor, gets 53. Democratic nominee Humphrey only 46 and some 30 are presently classed as doubtful.

The canvass of top political party sources indicates that Nixon is ahead in 32 states. He leads in six of the eight largest northern states—California, Illinois, Ohio, Pennsylvania, New Jersey and New York. He has a strong chance in another, Michigan, which is listed today as doubtful. Only Massachusetts is given to Humphrey.

The two largest southern states, Texas and Florida, are in the doubtful category, but the race in Florida is between Nixon and Wallace. In Texas, alone among all 11 Old South states, Humphrey with the aid of a large Wallace vote has an opportunity to edge out Nixon and win.

Wallace, evidently certain to be the strongest third-party candidate since Theodore Roosevelt in 1912, is given six southern states—Georgia, Alabama, Mississippi, Louisiana, Arkansas and South Carolina.

His strength against Nixon not only Florida but North Carolina and Tennessee in the doubtful class. Wallace is also a threat in Texas and in such border areas as Kentucky and Maryland.

Humphrey's outlook is the dimmest for a Democratic nominee since the late Adlai Stevenson's second run against Gen. Dwight Eisenhower in 1956. Currently the vice president is given just six states—Maine, Massachusetts, Rhode Island, West Virginia, Minnesota, Hawaii—and the District of Columbia.

In the six doubtful states, Humphrey is a strong factor in only three—Texas, Michigan and Missouri. Even if he won all there, it would add just 58 electoral votes to his indicated 46,

and Florida from Wallace in those close battles, and edge Humphrey in Texas.

Even if Wallace holds strength and pushes Nixon down in the contested southern areas, Nixon's chances of adding to his lead elsewhere are clearly very good.

Humphrey, on the other hand, is showing almost no comeback resilience. His campaign is said to be in a state of near-collapse in Illinois, Ohio, New York, California.

One of his California co-chairmen, legislative leader Jesse Unruh, recently unleashed an incredible blast against the Johnson administration. A top state Democrat, legislator Hugh Burns, has come out for Nixon.

The Humphrey high command has privately commissioned polls showing Humphrey with narrow leads in New York, New Jersey, Pennsylvania, Michigan, Massachusetts, Missouri, Texas. But experienced Democrats in many of those places question the figures, and even the vice-president's own men find them merely puzzling.

Unless Humphrey can in the final days execute a sharp re-

versal and take most of the big northern states, not to mention Texas, his chances of stopping Nixon are virtually nonexistent. He desperately needs the big blocks of electoral votes tied up in these states, since he has almost no backup strength anywhere else in the nation.

At this turn in the campaign the task seems insuperable and Nixon seems the sure winner with Wallace the likely runner-up.

Parents' Pistol Kills Youngster

QUINCY, Wash. (AP) — A 3-year-old boy was shot and killed near here Monday shortly after 7 p.m. when a hand gun accidentally discharged while he was playing with his 4-year-old brother, authorities reported Tuesday.

Grant County Undersheriff John Andrews identified the victim as Pedro Aguire, son of Mr. and Mrs. Julio Aguire. He said the parents reported the children were playing in the car and evidently found the weapon in the glove compartment.

The Democrats also concede much of the territory west of the Mississippi and nearly the whole South.

A key Democratic strategist, scanning the campaign scene, told this reporter: "I just can't see any daylight."

Indeed, the situation could get even stronger for Nixon as the campaign climate is reached.

With Wallace apparently cutting heavily into the auto workers' and other union vote, Nixon is a good bet to add Michigan's 21 electoral votes to his column. He plans hard campaigning there in the final days.

His vice president, Humphrey in his own Minnesota, and the most populous sector gives the GOP nominee a slight edge, and in all three of the New England states currently allocated to Humphrey — Maine, Massachusetts, Rhode Island.

Nixon's electoral margin could grow still larger were he to take Tennessee, North Carolina

Bartender Testifies In Boise Slay Trial

BOISE (AP) — A Boise bartender told Fourth District Court he saw Theodore Starkey, Frank W. Grooms and James Funderburg leave downtown Boise May 22 together.

Testifying in the first degree murder trial of Starkey, 28, Tuesday was bartender James Burnett.

Starkey and Grooms, 28, both of Boise, were charged with first degree murder after Funderburg, was slain May 22. Grooms later pleaded guilty to the charge and is serving a life prison term.

Starkey and Grooms were arrested near Grangeville May 23, and later Funderburg's body was found in a shallow grave north of New Meadows.

Former Idaho State Policeman Gerald Holt told the Court Tuesday that he had stopped Starkey and Grooms to check on a report of a stolen car.

He also said a razor blade found with Funderburg's body fit a razor handle found in the car. Starkey and Grooms were driving.

Cushing Refutes Jackie Rumors

BOSTON (AP) — Richard Cardinal Cushing says the idea that Jacqueline Kennedy ex-communicated herself from the Roman Catholic Church by her marriage to Aristotle Onassis is "a lot of nonsense."

In a talk Tuesday to members of the Caritas Guild, men in the licensed beverage industry, the Catholic archbishop of Boston said repeatedly that Caritas stands for charity—and that, he said, is what is needed.

"I turn on the radio and all I hear are people knocking her head off, as it were, criticizing her and so forth, and they are so far from the truth that no one would believe me if I ever got on a radio program and revealed what I know."

"All I know that I am able to tell you is this: Caritas, charity."

"Months ago I knew that Jacqueline Kennedy was going to marry Aristotle Onassis," the cardinal said. "I know what she has been going through for many, many months."

"I have been contacted by many of those who are identified in high places with the administration of the late President Kennedy, and I have been contacted by others intimately related and associated with the Kennedy family to stop all this from taking place, namely that Jack's widow, God rest his soul, would marry Aristotle Onassis."

"Well, I would have no part."

The cardinal, an old friend of the Kennedy family, recalled that the former Mrs. Kennedy visited him secretly a week ago, accompanied only by a Secret Service man, and that they talked about two hours.

"My lips are sealed—I cannot tell anything about the private, very private conversation I had with her. No man who said to her she was already committed to this marriage months ago and I knew it."

"The point I want to make is this: Why do people pour letters into me? And today's mail... condemning her, condemning me, condemning the church, and the church has nothing to do with it. I never would condemn anybody."

"And this idea of saying she's excommunicated, she's a public sinner, what a lot of nonsense. Only God knows who is a sinner, who is not."

The cardinal noted that he married the late President and Mrs. Kennedy—and baptized their children. "So I have had very close relationships with Jacqueline Kennedy."

"Why can't she marry whom ever she wants to marry, and why should I be matter what and why should she be condemned?"

New Voters Registered In South

ATLANTA, Ga. (AP) — Nearly one million newly registered Negro voters in the South will be voting for the first time this fall in a presidential election, according to the Southern Regional Council.

Negro voters could determine the outcome of the presidential race in as many as five Southern states, an SRC spokesman said.

The Atlanta-based council is a private bi-racial research agency, financed by foundation grants, dedicated to promoting equality of opportunity for all persons.

The SRC has for years kept detailed state-by-state figures on Negro voter registration in the South.

The report released Monday shows a dramatic jump of nearly 50 per cent in the number of registered Negro voters in the South since the 1964 presidential election.

According to the study, there are now roughly 3,124,000 registered Negro voters in 11 Southern states, compared to about 2,104,000 in 1964.

The number of registered white voters jumped in the same period from 14,203,000 to roughly 15,707,000, the SRC said, though the 1968 figure includes a substantial number of Mexican-American voters registered in Texas.

Wren Families Fight Confusion

BLACKFOOT (AP) — There are two men named Wren in Blingham County who want to make sure people know they're not related to a man named Wren.

The Wrens are Monte, an employee of the Blackfoot Police Department, and Theodore, mayor of Aberdeen.

The Wren is Charles, Republican candidate for Blingham County sheriff.

Monte Wren says many persons have been confused with Charles Wren, and have been asking such questions as "How's the campaign going?"

Charles Wren is a former Blackfoot police chief, a fact which may be causing some of the confusion, Monte says.

Theodore Wren bought an ad in the Aberdeen Times which reads, "Whether it be for good or bad, Aberdeen Mayor Theodore Wren is not related to Charles A. Wren, Republican candidate for sheriff of Blingham County."

Charles Wren faces incumbent Democrat A. E. Hess in the Nov. 5 election for sheriff. By the way, Theodore Wren and Monte Wren are brothers.

Suspect Held On Theft Charge

COEUR D'ALENE, Idaho (AP) — Robert A. Herr, 30, Spokane, has been held over on \$25,000 bond after a preliminary hearing in the \$300 armed robbery Sept. 14 of Jim's Thrift Store in Spokane.

Herr was arrested in a barn south of Post-Falls, Idaho, Sunday morning by a posse of Idaho state and county officers, Washington state troopers and FBI agents.

Herr refused to waive an extradition hearing in the hearing Monday before U.S. Commissioner Scott Reed.

Joseph W. Nicholls, 37, Tacoma, Wash., is wanted in the robbery of the Spokane store and in the \$2,215 holdup of the Spokane branch of Seattle First National Bank on Oct. 8.

World's Newspapers Cheer Space Success

LONDON (AP) — The Apollo 7 astronauts took Western Europe's headlines away from Jacqueline and Aristotle Onassis today as newspapers cheered the new American space triumph.

West Germany's Frankfurter Allgemeine looked forward to "colobies in space" and said: "The triumph is now complete. Now men will reach for the moon."

"Success for Apollo Flight Clears Way to Moon," said the headline in Stockholm's Dagens Nyheter.

Power Plan Would Slash Expenses

PORTLAND (AP) — A plan to keep wholesale power costs lower in the Pacific Northwest than anywhere else in the United States was unveiled in Portland Tuesday by H. R. Richmond, Bonneville Power administrator.

Richmond said thermal and hydro electric facilities would be constructed by private and public utilities and the federal government at a cost of \$15 billion in 20 years.

The announcement was made after two years of study by the Joint-Power Planning Council of which Richmond is chairman. The council has members from 100 utilities.

The program calls for 21.4 million kilowatts of thermal capacity and 20 million kilowatts of hydro capacity. The hydro power would be used when peak loads are required.

Richmond said the program will meet two objectives: —Utilities will be able to construct larger, more economical thermal plants because production in excess of their needs will be absorbed by other utilities. —The BPA will be able to serve the increased requirements of its preference customers, maintain reserves for unexpected load growth of all utilities and by 1950 will more than double the amount of power available to electropress industries.

Richmond said the details of the program will be outlined at a meeting of the advisory council in Seattle Friday.

Europeans were delighted by the humanity, humor and occasional irritability of the three American astronauts during their space marathon.

"It was nice to see the granite-jawed spacemen showing human qualities," said London's Daily Mail.

"Captain Walter Schirra got a bad cold, refused to appear on TV once, made bad jokes and shouted down to earth. We are not going to accept some crazy testing we never heard of before."

"Let us hope that the first man on the moon will still have the guts to bowl out the boss."

"It was as if they were instinctively reacting against the domination of the machine which governs the course of every space mission," said the London Daily Telegraph.

Another Stockholm newspaper, Svenska Dagbladet, commented: "They can be proud that both Washington and Moscow have fitted space flights into a military context."

On the same theme, the Times of London noted that the last major piece of exploration on earth—in Antarctica—began as a competitive adventure but that competing claims eventually were cast aside by an international treaty dedicating the continent to research.

"Space exploration is in the stage of competitive adventure but with the ominous qualification that the rockets which provide the means are capable also of military application," said the Times.

"This has been the barrier especially on the Russian side, to proposals for true cooperation."

"If territorial claims in Antarctica appear now to have longed to earlier and irrelevant age, the appearance of proprietary flags on the moon would be not only an affront but a challenge."

Rome newspapers trumpeted the return of Apollo 7 under such headlines as "Dramatic Splashdown," "Triumph," the Italian Communist party's newspaper, made it the top story with one headline saying: "Dramatic Happy Return from the Cosmos after 11 days."

"Britain's Financial Times said the Apollo triumph was a major boost for U.S. expenditure on space travel. It added in a dispatch from Washington: "The real battle being fought by American spacemen is not being fought up in the sky but right down here on earth. It is a battle, firstly, for the survival of the civilian space program, and secondly, for reestablishment of rocketry as a matter of the highest priority for government spending."

CONCERT SET
 LOGAN, Utah (AP) — The Utah Symphony will present its first concert in Utah State University this season on Thursday in the Chase Fine Arts Center at 8 p.m.

LUNCH AND POLITICS brought Indiana Rep. Charles Halleck, center, to Twin Falls Tuesday to speak in support of Idaho's George Hansen. On the right is David Mendt, area

Indiana's Charles Halleck Speaks At Local Luncheon

Charles A. Halleck, who started serving Indiana's Second District in Congress in 1935, is in the House, is retiring. He is a lawyer by profession and plans to take up a legal practice in Indiana.

On three occasions Rep. Halleck referred to Rep. Hansen's opponent in the Senate race in Idaho. Once he almost said Sen. Frank Church's name, but caught himself in time and said, "I forgot, I don't remember his name."

The basic issue between Sen. Church and Rep. Hansen at this time seems to be seniority. Asked how he felt about this, Rep. Halleck said, "Seniority doesn't mean a thing. Look at me. Thirty-four years in the House and once I ran for Speaker of the House and failed because I didn't have the vote."

Warning to the issue, Rep. Halleck grabbed the political ball and ran with it.

"Let's face it, folks. The Democrats are spending your money and wasting it. He slammed his fist on the table and two glasses and four people in the first row jumped.

"The time has come to field a new team," he said.

On the farm problem, he said Indiana is having "real problems there, and I expect the same is true in Idaho. The farmer just can't make a livin' out of the lot." He said the word "politician" like it was "One solution to this problem."

coordinator for Rep. Hansen's Senate bid, and on the left is Roland Wilbur, Idaho GOP chairman. Rep. Halleck spoke before a gathering of about 60 at the Rogerson Roundup Room.

Idaho Man, 74, Dies In Accident

COEUR D'ALENE, Idaho (AP) — A 74-year-old Rathdrum man was killed Tuesday in a car-truck collision about seven miles north of Coeur d'Alene.

Kootenai County Sheriff John Bender said the victim, Charles A. Simpson, was driving a pickup truck which collided with a car operated by Richard A. Cook, 75, of Post Falls.

The collision occurred at the intersection of two county roads, Bender said.

Cook was not believed to be seriously hurt.

'GAMES' DRAW OFFICIALS
 LOS ANGELES (AP) — The 15-member City Council lacked a quorum for 11 days while many councilmen were attending the Olympic Games at Mexico City.

Cullets Indicate Murder In Deaths
 NEWPORT, Wash. (AP) — Pend Oreille County Prosecutor James P. McNally said an autopsy conducted Tuesday indicated foul play in the death of James Shaner, a Newport tavern operator, earlier this month.

McNally said the autopsy, performed at Holy Family Hospital in Spokane, revealed what apparently were two .22-caliber bullets in Shaner's skull.

Shaner, about 55, and his wife, Marjorie, were found dead in their home which burned to the ground at Scio, about five miles west of here Oct. 13.

McNally said the entry angles of the two bullets into the skull and the fact that Shaner was shot twice "apparently rules out suicide."

He said Pend Oreille County sheriff Norman Cox would be directed to continue his investigation into the couple's death.

The bodies of both victims were badly burned by the fire, McNally said.

"THIS TIME, VOTE LIKE YOUR WHOLE WORLD DEPENDED ON IT" — Dick Nixon

George Hansen and you can control the rising COST OF LIVING.

One trip to the grocery store is all it takes to tell you Inflation is here. Now. What we used to spend for a week's food supply will now hardly fill one grocery bag!

Inflation is quietly picking our pockets... stealing our savings and robbing our paycheck. The cost of living is going up faster now than at any time since the Truman administration. How can you protect the purchasing power of your dollar? Elect George Hansen to the United States Senate. His strong voice and active voting will:

- Make sure that Federal money is spent only where it should be.
- Cut down on the unnecessary Federal spending that causes prices to go up, up, up.
- And when the war is ended, he will work to use a portion of the "peace dividend" to reduce the enormous annual deficit that drives the cost of living up; use another portion to cut taxes and increase every employee's take-home pay.

Vote for George Hansen and he'll vote for you... always!

Governor Don Samuelson,
 Honorary Co-Chairman,
 Senator Len B. Jordan,
 Honorary Co-Chairman,
 Claude Marcus,
 Campaign Chairman

George Hansen

***** for United States Senator

Sheds 117lbs. and tent-like coat

Wherever she went, winter or hot, Kathleen Karst of Owego, N.Y. wore a coat to hide her 202 pounds. She had tried reducing waters and prescription pills, but always went back to eating. Finally, she went on a low-carbohydrate diet and followed the Ayda Plan. And she lost 117 pounds. Taken as directed, Ayda helps you curb your appetite. On the Ayda Plan, you eat less, so lose weight. Try the new chocolate mint Ayda. Month's supply \$3.25.

Magic Valley Obituaries

C. Vinson Rupert

BURLEY — C. Vinson Rupert, 58, was dead on arrival at the American Falls Hospital Tuesday of an apparent heart attack.

He was born May 3, 1910, in Billings, Mont., and came to Jerome with his parents in 1918 to a farm north of town. On Sept. 17, 1932, he married Mary Tillman in Elko, Nev. For 23 years he was a business man in Jerome and later joined the department of the J. R. Simplot Co.

They moved to Burley at that time. Mr. Rupert attended the Methodist Church and was a charter member of the Jerome Elks Lodge.

Survivors include, in addition to his widow, one daughter, Mrs. Don (Sandra Kae) Ledbetter; Paul, two sons, Stanford Rupert, Gooding, and Stephen Rupert, Burley; two brothers, James Rupert, Long Beach, Calif., and Harold Rupert, Ketchum; one sister, Mrs. Margaret DeSalvo, Long Beach, Calif., and three grandchildren.

Funeral services will be conducted at 2 p.m. Friday in the Home Funeral Chapel, Jerome, by Rev. John M. Garretts. Final rites will be held by the Jerome Elks Lodge in the Jerome Cemetery. Friends may call at the chapel Thursday afternoon and evening and Friday until 1:30 p.m.

Mr. Fenstamaker

BURLEY — Charles Amos (Pete) Fenstamaker, 87, died Tuesday at Cassia Memorial Hospital of a lingering illness.

He was born May 21, 1901, at Grouse Creek, Utah, and moved to Burley in 1910 with his parents. He resided here since Oct. 6, 1922, he married Mrs. Edna Earlene Firkins in Twin Falls. Mr. Fenstamaker belonged to the LDS Church.

Survivors include his widow, Burley; one son, Dean Fenstamaker, Twin Falls; two daughters, Mrs. Ronald (Margaret) Moyes, Las Vegas, Nev., and Mrs. Malcolm (Georgia) Gregory, in Japan where her husband is serving with the U.S. Navy; mother, Mrs. Alice Millard, Burley; three brothers, Alvin Fenstamaker, Castleford; Roy Fenstamaker and Dave Fenstamaker, both Burley; and six grandchildren.

Funeral services will be conducted at 2 p.m. Friday in the Third Ward LDS chapel, by Rev. John M. Garretts. Final rites will be held in the Pleasant View Cemetery. Friends may call at the McCulloch Funeral Home Thursday afternoon and evening and Friday prior to services.

Mrs. Harris

SHOSHONE — Funeral services for Mrs. Lillian M. Harris were conducted at 2 p.m. Thursday at the Bergin Funeral Chapel by Rev. Hardy Thompson. Final rites will be held in the Shoshone Cemetery.

Hugh Sheldon

Hugh Stanley Sheldon, 80, Route 3, Twin Falls, died early Wednesday at Magic Valley Memorial Hospital.

He was born July 23, 1888, at Wendell, Minn., and came to Magic Valley with his family in 1913. On Nov. 30, 1915, he married Rachel Cromm in Twin Falls. He lived most of the time in the Idaho Falls area where he was engaged in farming.

Mr. Sheldon was a charter member of the Grace Baptist Church. His widow is the only survivor.

Funeral services will be conducted at 2 p.m. Friday at the White Mortuary Chapel by Rev. Robert Seaman. Last rites will be held in the Twin Falls Cemetery.

Farm Prices Hit By GOP Hopeful

KETCHUM — "The farmer is the only man in America who buys everything at retail, sells everything at wholesale and pays the freight both ways," State Sen. Orval Hansen, Republican candidate for Congress, told members of the Blaine County Farm Bureau at a meeting in Ketchum Tuesday night.

"The farmer has contributed more than anyone else to the nation's prosperity during the past 20 years," Senator Hansen declared. "But, he has been rewarded by being pushed closer

Twin Falls Times-News 13
Wednesday, October 23, 1968

to the brink of financial disaster. Since 1950, the prices paid by the farmer for land have more than doubled. The cost of labor has doubled and farm machinery prices have increased by more than 60 per cent."

News OF Servicemen

PFC Brandon Eaton, 18, son of Mr. and Mrs. Richard S. Eaton, Wendell, is one of 270 enlisted men who are attending the U.S. Military Academy Preparatory School at Ft. Belvoir, Va.

The cadet candidates began their nine and one-half months of instruction and training last month to assist them to qualify in academic and physical aptitude, for an appointment to the U.S. Military Academy at West Point, N.Y.

Eaton was graduated from Wendell High School in 1968.

PFC William B. Mraz, son of Mrs. Broqueville Mraz, Boise, and William Mraz, Buhl, was wounded in action in Vietnam last month when his company was ambushed by Viet Cong. He received a chest wound and the right half of his lung had to be removed by surgery. He has been transferred to an Army hospital in Japan. He entered the Army last May.

1 James Blair is at home for a 30-day leave with his parents, Mr. and Mrs. Ray Blair, on the Reservoir Ranch, near Glenns Ferry. Young Blair has spent nearly 13 months at Kinpo Air Base in Korea, and was presented with a certificate for an outstanding score of 85 percent on a specialty knowledge test. In so doing he was cited for demonstrating outstanding job knowledge. He will report to McCord Air Force Base at Tacoma, Wash., after completing his leave.

Staff Sgt. Donald E. Albright, son of Mr. and Mrs. Roy B. Albright, Kimberly, has reenlisted in the "Regular" Army for three years.

He also was awarded the

Army Commendation medal Oct. 8 for his meritorious service as a communications center specialist with the U.S. Army Special Security Detachment near Frankfurt, Germany.

Melvin R. Jaramillo, son of Mel Jaramillo of Wendell, has been promoted to major in the Air Force. Jaramillo is a wingmaster at Kelly Air Base, Tex. He is a member of the Military Air Lift Command. The major was graduated from Wendell High School and attended the College of Idaho. He entered the Air Force in 1955 and recently completed a tour of duty in Vietnam. His mother, Mrs. Lewis Jackson, lives in Ozark, Ark. Major Jaramillo's wife is the former Inge Korb from Germany.

Special Agent Marvin M. Poulton, son of Mr. and Mrs. J. Wesley Poulton, Burley, has received the U.S. Air Force Commendation Medal at Munich, Germany.

Agent Poulton was decorated for meritorious service while assigned to the Office of Special Investigation in Vietnam. He is now assigned to the OSI at Munich.

He is a graduate of Murtaugh High School and Brigham Young University.

Technical Sgt. Blair Stoddard, son of Mrs. Edgar Culbertson, Kimberly, is on duty at Blnh Tuy Air Base, Vietnam.

Sgt. Stoddard, an air traffic controller, is a member of the Air Force Communications Service in support of the Pacific Air Forces. Before his arrival in Southeast Asia he was assigned to Mountain Home Air Force Base.

Army Spec. 4 Keith S. Neidso, 24, son of Milton L. Neidso, Malta, received the Army Commendation Medal during ceremonies Sept. 18 near Chu Lai, Vietnam.

Spec. Neidso received a 1st award for meritorious service while serving as a member of the 23rd Administration Company, American Division near Chu Lai.

"He entered the army in November, 1966 and completed basic training at Ft. Lewis, Wash."

Halloween Carnival Set At Richfield

RICHFIELD — Plans for the Oct. 31 PTA Halloween carnival at Richfield were approved at the October PTA meeting.

The carnival at the elementary school will open at 5:30 p.m. Chili, hamburgers, hot dogs, and ice cream will be served.

Booths will be operated by room mothers and other interested parents. The first grade will have the cake walk with the sixth grade cooperating; ring toss, second grade; dart throw, third; bean bag toss, fourth; baseball throw, fifth and candy and popcorn booth run by the eighth grade.

Now this year will feature a "pocket lady" replacing the fish pond and operated by the seventh grade room mothers. Children will present a ticket and reach in her pocket for a prize.

Executive board members will be assisted in the food department by mothers of high school students who have no other children in school.

Seminars Slated By Revenue Aide On Tax Matters

The Internal Revenue Service will conduct six seminars with Idaho tax practitioners this year. Director Calvin E. Wright announced Wednesday.

One-day sessions are scheduled for Lewiston Nov. 25, Coeur d'Alene Nov. 29, Twin Falls Dec. 3, Pocatello Dec. 4, Twin Falls Dec. 5 and Boise Dec. 18.

Mr. Wright said the purpose of the seminars is to update tax accountants with requirements in the preparation of tax returns for the coming filing period.

He said Clyde Kooniz, chairman of the state tax commission, will participate on state income tax matters.

Police Invite Public To Ride

CHARLOTTE, N.C. (AP) — Police have extended a general invitation to the public to ride with supervisors on Friday nights and "see what we're up against."

Charlotte Police Chief J. C. Goodman Jr. said Tuesday. "We want people to see the police handling situations, to see police brutality, if there is any, to see the police handling domestic situations, to get on the front lines."

In addressing a police community relations seminar, he said, "We've got nothing to hide. Come down and see it first hand. Tell people about what you saw."

However, Goodman added, the invitation already had proved so popular that "we're booked solid through November."

Expert Urges 'Drink' Training

UNIVERSITY PARK, Pa. (AP) — Amos Neyhart, director of Pennsylvania State University's Institute of Public Safety, says, "Why don't we teach people how to drink and drive?"

"We know they're not going to stop drinking, so why don't we teach them that it takes the physical system one and a half hours to throw off a jigger of whiskey?"

Neyhart, 69, also says that should drivers travel they should experience all the hazards of the road on obstacle courses set up in their communities.

FARM COSTS DIP

NOISE (AP) — Prices paid by Idaho farmers for family living and production materials were down slightly in the three-month period ended Sept. 15, the Idaho Crop and Livestock Reporting Service said Wednesday. The price index on Sept. 15 was 147.6, a 1.7 per cent decline from an average compared with 148 per cent on June 15 and 143 per cent at mid-September, 1967.

Divers Raise Plane From Snake River

BURLEY — Divers working nearly eight hours in cold water during a two-day span managed late Tuesday to raise a twin engine plane from the Snake River near the Ore-Ida plant.

The plane crashed into the river last Thursday. Four men escaped the sinking craft but one drowned. He was Gary Clark, formerly of Eden.

The salvage effort was directed by Keith Siler of Twin Falls. J. D. Turner, Twin Falls, worked Monday hooking inner tubes to the plane, then returned Tuesday to reinfuse the inner tubes and place several more under the wing tanks.

Late Tuesday, the plane was floated and towed to a point where the plane was lifted out of the water by crane.

The plane, a 1958 model, was worth an estimated \$18,000 when it crashed into the river.

It was owned by an Ontario pilot. Reportedly, the Ontario

Royal Pet Bites

LONDON (AP) — A member of Parliament has asked that Queen Elizabeth be ordered to post "Beware of the Dog" signs outside her royal residences.

Peter Dolg of Dundee, making the request in the House of Commons Tuesday, said one of the Queen's nippy little Corgis bit a postman delivering a letter to Balmoral Castle.

As chuckles rippled through the house, Dolg said, "This is a laughing matter here but it isn't a laughing matter for the postman."

The man sold the plane Tuesday after it was taken from the water. The sale price was not revealed.

FIRE SEASON ENDS
BOISE (AP) — The closed fire season in Idaho ended at midnight Oct. 20, the State Land Department said Wednesday. That means that permits to burn debris in forests no longer are required.

Barker, R, and Nolan Victor, AIP candidate for state representative. Discussed during the meeting, attended by some 200 teachers from the Twin Falls school District, were legislative aims and objectives for the 1969 Legislature. Support of Idaho education was stressed.

Teachers Hear Legislators Talk On Views, Objectives

More than 200 teachers from Twin Falls School District 411 heard four incumbent Idaho senators and four representatives and a candidate for state representative give their views on the aims and objectives of the 1969 Legislature.

The discussion was sponsored by the Twin Falls Chapter, Idaho Education Association, Legislative Action Committee, with Mrs. Charleen vonGortler as chairman.

In general, all the speakers placed education in the top priority spot.

Governor Lists 'Forests' Week
BOISE (AP) — A proclamation designating this week as forest products week in Idaho was issued Wednesday by Gov. Don W. Samuelson.

He said observance of the week is important because "the image of the state of Idaho is closely identified with forests and the valuable products which we enjoy from them."

Candidates Win In 'Doggy' Trial

MINNEAPOLIS, Minn. (AP) — A judge ruled Tuesday that two state legislative candidates aren't responsible for the reaction of a St. Bernard dog to their election efforts.

The owner of the 105-pound animal claimed that the dog injured her paw when she jumped through a glass door after being frightened by the horns of a motorcade for the two candidates, Mrs. Gretchen Barbatusis and L. Steven Edwards, Democratic candidates for the Minnesota Legislature, won a ruling that they need not pay the veterinarian's bill of \$23.05.

Youngsters Find Computers Add Interest To Education

By NOEL GROVE

HALIFAX, Nova Scotia (NEA) — Marching bravely into the unknown Graham Farley, 15, Calvin Pigott, 15, and John Ballam, 14, all of Halifax, entered the world of zink, clatter and skretch. They came out not only wiser but happier as well.

The two ninth-graders and one eighth-grader shot craps against a computer. The mythical winnings of \$2,000 piled up before he blew it all on a final roll, fidgeted through an hour of "autotyped" Educational Video Reproduction, and then blew their minds to Datacom. The latter is a computerized keyboard setup that quizzes students on a subject, quizzes them, and even issues little typed-out congratulations when they do well.

Their opinions were unsoftened and unheard among the educational prophets and soothsayers who had met here for three days of the first International Conference on Communications Media in Education. There is, after all, a certain inevitability about computerized classroom and television lecture.

However, some people raise the question as to whether the new wizardry isn't becoming the giant toy of today's past-oriented educators; "played against a backdrop of tomorrow's eager young citizenry."

Psychologists and social commentators are already exploring the effects of television on the first generation to grow up having always been exposed to its influence.

As for computers themselves, a rather frightening tale was told privately at the conference by a Canadian telephone company representative. Some young operators, he said, had developed nervous symptoms after (hiding themselves talking back) computerized voices that they knew perfectly well were recordings.

In the educational world, such warnings are mostly lost in the blissful clatter of "autotyped" keyboards, the stretch of remote blackboard receivers, the zong of a touch-tone dial-a-computer system that can work mathematics for the impatient student in a matter of seconds.

The three teenagers entered with gusto into the arena of electronic wizardry displayed at the educational media conference. They operated the Datacom system so long and so religiously that by late afternoon Calvin was giving impromptu demonstrations to passersby in the temporary absence of salesmen of the Maritime Telephone Company. Datacom is designed to be operated over telephone lines.

But even he had some reservations. "When the novelty wears off," he said, thoughtfully, "it could have some disadvantages. Learning like this would be all right for brains, but how about the guy who has trouble? Would the computer stop and find out why?"

Graham, who argues the innovator, is where the teacher steps in. It seemed easier to learn things using a computer and with all the seriousness of an educational researcher decided, "When a teacher is just standing there telling you something, it can't just you to sleep. But when you have to push the buttons your-

German Official Pens Death Note

BOHN, Germany (AP) — Police were hunting Wednesday a West German Defense Ministry official reported missing at the height of a security scare following the death of three senior officers and an Economics ministry official.

A police spokesman named the missing man as Gerhard Boehm, 61, senior clerk in the ministry's administrative and legal section. Boehm, said to be suffering acute depression, left a suicide note in his office Monday evening and vanished.

A defense spokesman said Boehm, who was due for retirement, had no access to secret defense papers "apart from carrying documents from room to room in sealed containers."

The report of Boehm's disappearance came only a day after the disclosure by the federal prosecutor in Karlsruhe that Rear Adm. Hermann Luedke, newly retired NATO officer found dead from a gunshot wound Oct. 8, may have worked for a foreign intelligence agency.

Mines Director Takes Position

WASHINGTON (AP) — John F. O'Leary was sworn in Wednesday as director of the U. S. Bureau of Mines.

He succeeds Walter R. Hillard, who has left the post for a job in private industry.

O'Leary had O'Leary with the Interior Department more than 18 years until he was appointed chief of the Federal Power Commission's Bureau of Natural Gas in March 1957.

President Johnson nominated him to direct the Bureau of Mines and the Senate confirmed the appointment Oct. 10.

O'Leary, 42, is a native of Reno, Nev. He and his wife, the former Charlotte Butterbaugh of Washington, D. C., live at West River, Md.

In his new post O'Leary heads an agency responsible for research and development in mineral and fuel resources, for assembling information on domestic and foreign mineral economies, and for promoting mine safety.

Civic Forces Tap Officers At Conclave

POCATELLO (AP) — Rev. J. Sydney Carna, Nampa, was elected Tuesday night as president of the Idaho Allied Civic Forces.

His re-election was announced at a banquet attended by 203 persons. The banquet was the end of a day-long convention.

Steve Hales of the Deseret News in Salt Lake City was the banquet speaker.

New vice presidents were elected, including Ernie Shock, Boise; Dr. William Hoffman, Pocatello; and Harold W. Davis, Idaho Falls.

Other officers include Cora Hansen, Boise, secretary; W. C. Adams, Boise, treasurer; Seth Redford, Boise, chairman of the Editorial and Policy Committee with Ron Carter and Mrs. Marybeth Adams, Boise, as alternate members. Executive committee members are Z. Reed Millar, Frank Chaffin, Bob Robertson and the Rev. Keith Mills, Pocatello.

Resolutions passed favor enlargement of liquor products liability act; urge TV stations to flash bulletins at 10 p.m. reading "It's 10 o'clock; do you know where your parents (or children) are?" and favor sentencing of drunken drivers commensurate with the crime.

The group went on record as being deeply concerned with some textbooks and statements used in public schools tending to mislead pupils on morals and alcohol.

Hales substituted for Gordon D. Hinckley of Salt Lake City, whose doctor would not permit him to make the trip because of progress in a drive to defeat an upcoming election to make or liquor by the drink legal in Utah.

Business Mirror

CHICAGO — Wheat No. 2 yellow hard 1.35; No. 2 soft red 1.25. Corn No. 2 yellow 1.00; No. 3 yellow 1.00; No. 4 yellow 1.00. Oats No. 2 extra heavy white 52n. Soybeans No. 1 yellow 2.40n. Soybean oil 7.30n.

CHICAGO (AP) — Corn futures advanced 5 cents a bushel on the Chicago Board of Trade today under the strongest buying activity in the pit in many months.

Other grain and soybean futures were influenced, to a lesser degree, by the advance of corn prices and closed on strong prices in every contract. Trade was active and involved all segments on both sides.

The strongest factor in the advance of corn prices was rather widespread precipitation over the Corn Belt. Corn harvesting should be about 20 to 25 per cent along the way in many sections but rain and wet fields have delayed much of this work. As a result, hedge selling was very limited and buying active.

At the close wheat was 3/4 cent a bushel higher, December 1.35; corn was 1/2 to 3/4 cent higher, December 1.00; oats were 1/4 to 1/2 cent higher, December 88 cents; rye was 1/4 to 1 cent higher, December 1.18.

OGDEN (AP) — Wheat delivered, truck bids: No 1 red, 1.00; No 1 red 10 protein, 1.10; No 1 red 11 protein, 1.24; No 1 red 12 protein, 1.34; No 1 red 13 protein, 1.46; No 1 white wheat, 1.25; No 2 W, barley 2.07. Car arrivals: wheat 11, barley 1.

Wheat per bushel, barley per cwt.

SEATTLE (AP) — Cash wheat: Soft White 1.46, White Bulk 1.46, Mar. 1.46; Yellow Corn, No. 2 51.00 bid, 52.00 asked; Oats, none; Barley, bulk No. 2 44.00 bid, 45.00 asked.

Puget Sound car receipts: Wheat 49, Pals 1.

Idaho Boy, 12, Shot In Mishap

GRACE (AP) — A 12-year-old Grace boy, Walton (Wally) Riding, who was listed in serious condition at Dea Memorial Hospital in Ogden Wednesday with a bullet wound in the head.

The boy, son of Mr. and Mrs. Anthony Riding, was the victim of an accidental shooting Tuesday afternoon at the Grace Camp, a Utah Power and Light Co. housing area here.

Children, he said, "are as influenced by environment and pressure—keeping up with the Joneses—as anybody, maybe more. They're built up under tension it sells better."

Successful Investing

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — The approach of Christmas is a grim, serious time in the toy industry. There is no time for ordinary games, except those that hopefully will be sold to one of the world's most fickle consumer groups, the children.

One of the best sellers this year likely will be Billy Blastoff, a small battery operated astronaut who comes with several accessories, including a laser gun and space car, for \$4.98 to \$7.98.

Executives of Eidon Industries, the manufacturer, confidently forecast that it will be "among the top half-dozen toys of the year." Electronic science and motivational psychology help promote this assurance.

Through such means, Eidon has convinced itself that the toy it offers satisfied the subconscious desires of the age 3 to 7 group and that advertising evokes a response strong enough for children to ask their parents for the toy.

Soroptimist Club Marks Special Day

Twin Falls Soroptimist Club held its national founder's day dinner Tuesday night in the Roundup Room of the Rogerson Hotel. Christina Petersen, club president, noted that the local club was chartered in 1947.

Nedra Green presented a talk entitled, "A Look at Soroptimism." Guest speaker was Mrs. Matt Smith, a representative for UNICEF. Mrs. Smith explained the workings of the UNICEF program and how they collect funds through Halloween trick-or-treaters, donations and sales of Christmas cards and calendars. She told of her trip to Guatemala and of the aid UNICEF was providing there.

The children also were tested in another way. The studio was bugged so the children's conversations were taped over the phone. They were taped through closed circuit television as they discussed the toy.

In addition, they filled out test sheets both before and after the showing of the commercial.

"It's all this necessary?" Christina asked.

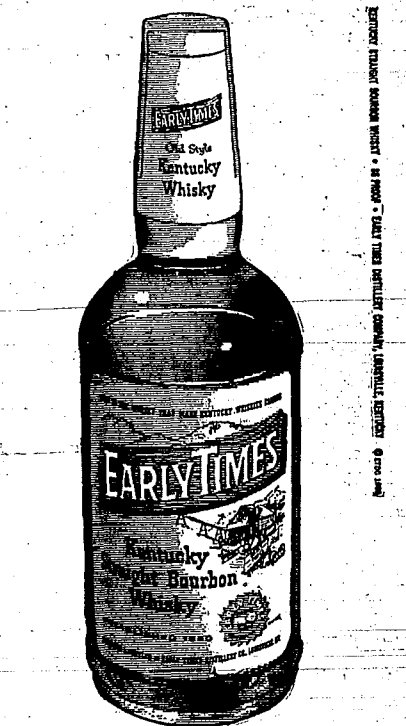

Children, he said, "are as influenced by environment and pressure—keeping up with the Joneses—as anybody, maybe more. They're built up under tension it sells better."

She also said three members from the club will attend the officers ladies' day at Mountain Home Air Force Base.

THE TRUE OLD-STYLE KENTUCKY BOURBON

Orval Hansen's FARM PROGRAM:

"to meet the crisis in agriculture and reverse the downward trend in farm income."

- Design farm programs to preserve the independently owned family farm and prevent food production in America from being controlled by giant investor owned corporations.
- Strengthen tools of bargaining to enable the farmer to obtain a fair price for his product.
- Impose realistic import quotas on foreign meat, dairy and other farm products to protect the farmer's right to compete for a fair share of the American Market.
- Manage Commodity Credit Corporation inventories of grain and other farm commodities to increase rather than to depress prices.
- Enact federal legislation requiring all imported beef to be labeled to show the country of origin.
- Eliminate discriminatory freight rates and shipping subsidies that rob Idaho wheat-growers of markets by giving an unfair competitive advantage to other states.
- Prevent the fraudulent misuse of the Idaho label on potatoes from other states by enacting and enforcing a state of origin potato labeling bill.
- Protect Idaho's right to the future use of its water by orderly development of our water resources including the construction of upstream storage to relieve water short areas in Southeastern and South-central Idaho.

Orval's roots are deep in Idaho soil. Son of the late Farrel L. Hansen, one of Idaho's outstanding farm leaders, Orval was born at Firh and was raised on a farm in Bonnaville County. As a young man, he became state president of the Future Farmers of America and won the first Idaho Star Farmer Award. He maintains a close interest in the family farm near Idaho Falls, of which he is part owner.

ORVAL HANSEN

Field Rep. Adv. by T.P. County Republican Central Committee, C. Louis, Chmn.

Your Key . . . to Effective Leadership in Congress

Deer Success Is Excellent For South Hills Hunt

Magie Valley's South Hills hunting turned in excellent to fantastic success ratios over the opening weekend, according to statistics taken at checking stations by the Idaho Fish and Game Department.

The Cassia Division hunters enjoyed a 27 per cent success ratio, almost identical to last year although slightly up. But the other units, Albion, Sublette and Black Pine had tremendous success. It was 41 per cent in the Albion unit with 633 hunters taking 258 deer. The other two had only sampling checks with the Sublette showing at 30 per cent and the Black Pine at 69 per cent. This was based on 10 deer for 34 hunters on the Sublette and 16 deer for 23 hunters on the Black Pine.

"We realize the sampling may not be large enough for a true picture on those two units but the counts definitely indicate the hunting was fantastic," says Biologist Steve Judd.

The checking station totals for the opening weekend were 633 deer for 3,137 hunters.

In a late opening on the north side, the North Soldier Mountain hunt showed a 22 per cent success rate with 206 hunters bringing out 46 deer.

"The figures are based on hunter trips," Judd explained. "In some cases, and this is particularly true in the South Hills where it isn't very far from towns, hunters will go out empty Saturday night, then return Sunday and make a kill. But we have found the system is quite accurate since not all hunters leave on roads that have checking stations."

Judd said one Cassia Division elk was killed illegally and noted the case has not yet gone to court.

Three reasons were given for the success of the opening weekend, which generally accounts for 80 per cent of the total pressure and kill.

The biggest is an abundance of deer, which the department had indicated, throughout the late summer and early fall. This is traceable to the mild winter which allowed a good carryover and encouraged better reproduction.

The second was a matter of weather. Although the weather had predicted some storming Friday evening or Saturday, it was blessed with good weather. Helping this was the storm early in the week which reduced the problems caused in hunting under completely dry conditions.

Judd said the department was appreciative of hunter cooperation in bringing out deer jaws which will be used in a sex, age and condition study. He said over 100 jaws were gathered and these should provide enough to provide a fairly good indication of herd age makeup and sex ratio.

Vandal Film

Film of the University of Idaho-Oregon game will be shown at 8 p.m. Thursday in the Roundup Room of the R. O. G. S. Co. Cafeteria, reminds Vandal Booster Hank Woodall.

Woodall also reported next week's film, Idaho vs. Washington, will be narrated by Athletic Director Paul Osty.

Chiefs Ground Game Beating All Comers

NEW YORK (AP) — The American Football League may not have seen the last of Kansas City's new straight T formation.

The Chiefs, who rode the unorthodox pro offense to a 24-10 victory over Oakland and maintained their lead in the Western Division, are gaining yards on the ground at a record pace.

Last week's haul is one that put them over the top.

With Mike Garrett gaining 109 yards, Robert Holmes 85 and Wendell Hayes 59, the Chiefs rushed their rushing total for seven games to 1,272 yards.

The record of 2,480 for an entire season was set by Buffalo in 1962.

While Kansas City held the No. 1 spot in rushing according to league statistics, released Tuesday, San Diego was tops in total offense with a 419.2 yard average.

WAIVES PLAYERS

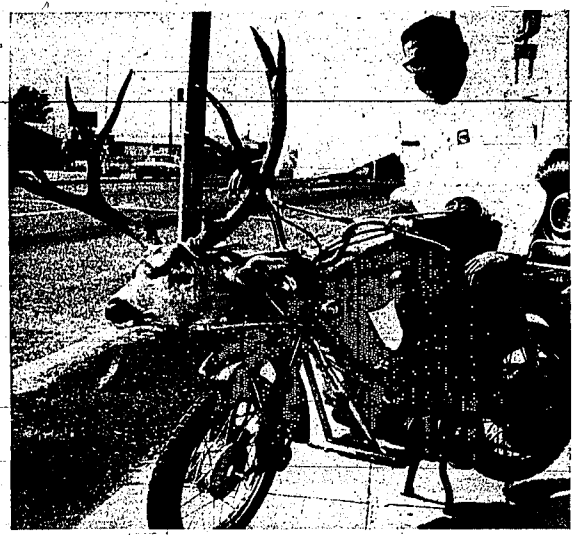

DENVER, Colo. (AP) — The Denver Broncos of the American Football League waived as injured Tuesday halfback Terry Erwin and defensive back Lenzy. Both were hurt in Denver's 55-24 loss to San Diego Sunday.

TWO MEN ON ONE TRAILCYCLE managed to get the seven-point buck pictured and a five-point buck on the Third Fork of Rock Creek last weekend. One of the bucks seven points are on the back of the antler, hidden from the camera. Curtis Smith, shown with his trophy, and his father, Clarence Smith, were the hunters. "We'd been walking about 45 minutes when we topped a hill and ran onto 18 of them in a herd—we picked out the two biggest ones," Curtis Smith said. That was about 10 a.m. and it took them until 6 p.m. and four trips with the trailcycle to get themselves and the meat down to their pickup. "One-to-get the rope we forgot, one for each deer and one for Dad," explained Mr. Smith. The larger deer dressed at 192 pounds.

Borah Remains Atop Rankings; Minico Is Ninth, Burley 15th

BY THE ASSOCIATED PRESS

For the first time in the 1968 season the same 10 teams remain in a tied at the top-rated ranks in the Associated Press Idaho grid ratings, but key games shuffled the standings.

Borah, for the seventh straight week, ruled the rankings with 14 of 17 first-place votes and a total of 167 points. Coach Dick Parkrat's green and gold Spartans defeated the Bravos from ninth to tenth.

Boise's Kelly High, up a 49-6 over Ontario, Ore., to climb from third to second, with one first place ballot. Capital of Boise carved out a 43-17 win over Nampa and climbed from fourth to third, just two points back of the Knights.

After a 27-0 win over Wallace, the Moscow Bears jumped from fifth to fourth and Highland of Prater beat Twin Falls 27-6 and gained fifth from sixth last week.

Idaho Falls suffered a 20-6 loss at the hands of Meridian and slid from second to sixth. Vallivue of Caldwell, 33-6 winner over Weiser, moved a notch from eighth to seventh and South Fremont, idle last week, dropped from seventh to eighth.

Off a 26-0 win over Blackfoot, the Spartans of Minico climbed to ninth and Boise's 6-6 tie with Pocatello dropped the Bravos from ninth to tenth.

Meridian, not mentioned a week ago, used the Idaho Falls tie to lead the second ten. Lapwai, Pocatello, Homedale, Burley, Skyline of Idaho Falls, Kuna, Buhl, Preston and Twin Falls (2-5) 4.

This week's big game among the top ten finds No. 1 rated Capital in Boise.

Mike Smith Receives Weekly Nod

BY THE ASSOCIATED PRESS

Like most people, Mike Smith moved around a bit before he found his niche. He played linebacker and guard for North Carolina's football team before settling into the defensive tackle spot.

Now the only time he moves around is when he goes hunting for quarterbacks—like he did Saturday in leading the unranked Tar Heels to a 22-7 upset of undefeated Florida.

His crackling defensive performance earned him The Associated Press' Lineman of the Week award Tuesday.

Smith made 11 individual tackles and assisted on four others. He swept through the rain and mud to throw Florida passers for losses four times.

Probe Starts On Olympic Endorsements

MEXICO CITY (AP) — An investigation has been launched by the United States Olympic Committee into reports that athletes from the American and other Olympic teams had agreed to use equipment of athletic goods manufacturers in return for payments of cash. The Associated Press learned Tuesday night.

No one in a position of responsibility on the committee would comment and no athletes were available for comment.

According to one report, six American athletes were at first suspected of accepting the endorsements, which would be in direct violation of the amateur code. But as the investigation progressed two have been exonerated.

No names have been disclosed officially but at least two athletes from other countries are reported to be involved.

The USOC was reported to be in consultation with its lawyers over the delicate situation.

Payments to professional athletes for the endorsement of athletic equipment are both common and permissible. But amateurs are not allowed to take money in return for using specific brands.

A similar situation arose during the winter Olympics in Grenoble when skiers were at one time forced to blacken the brand names on their skis.

UTEP Signal Caller Gets Back Of Week

BY THE ASSOCIATED PRESS

Texas-El Paso's quarterback Bob Stewart, who got his first starting assignment of the year last Saturday and threw three touchdown passes, has a been named Western Athletic Conference offensive player of the week.

Stewart's scoring passes of 32, 63 and 29 yards propelled the Miners to a 30-14 victory over New Mexico State and broke a three-game losing streak.

Stewart started for Brooks Dawson who is the league's total offense leader.

Frank Jenkins, Arizona defensive end who picked off a Brigham Young pass and went for a touchdown, was named earlier as the defensive player of the week.

He edged Larry Nels, Wyoming tackle, and Bill Kishman, Colorado State University back for the top choice. Other nominees were Denver Samples of Texas-El Paso, John Helton of Arizona State, David Harris of New Mexico and Tom LaHman of Brigham Young.

LaHman made three unassisted tackles and helped with eight others for the BYU Cougars.

Others considered for offensive player were Art Malone of Arizona State, David Bookert of New Mexico and John Matshak of Arizona.

BYU, Colorado State University, Utah and Wyoming declined to nominate one of their players.

Malone gained 101 yards Saturday in the Sun Devils' 22-9 loss to Oregon State. It marked the fourth time this season the Arizona State back has gained over 100 yards.

Bookert rushed for 125 yards against San Jose State and returned a kickoff 95 yards for a touchdown in Saturday's 45-23 defeat. He was named offensive player the previous week.

Matshak led the Arizona offensive line which helped the Wildcats rush 188 yards against BYU in a 19-3 victory. Wildcat Coach Darrell Mudra said "He was our strongest offensive blocker and played his best game of the year by far."

Trojans Remain Top Team; Ohio State Gaining

BY THE ASSOCIATED PRESS

awarded for first 15 picks on basis of 20-18-16-14-12-10-9-8-7-6-5-4-3-2-1.

Southern California still is No. 1 in the Associated Press' major college football poll, but might be a little gun-shy after the Ohio State Buckeyes hit the bulleye again.

The Trojans clung to a disappointing lead—now down to 16 points—over the runner-up Buckeyes after edging Washington 14-7 last weekend. Ohio State, meanwhile, continued its machine-gun scoring, by slugging Northwestern 45-21.

Southern Cal chalked up 800 points, including 21 for first place, in the voting by sports writers and broadcasters. Ohio State built its 784 points on 15 first-place ballots plus strength in second and third-place votes.

Kansas nudged aside idle Penn State for third place after wallowing Oklahoma State 49-14.

The Jayhawks grabbed five first-place ballots and 600 points. Penn State was named first on one ballot and rolled up 580 points overall for fourth place.

Notre Dame, with 442 points, climbed from sixth to fifth after purging Illinois 56-8; Tennessee moved from eighth to sixth with 418 after beating Alabama 10-9 and Purdue dropped from fifth to seventh after barely beating winless Wake Forest 28-27.

Georgia rose from 10th to eighth after thumping Vanderbilt 32-6.

Miami of Florida topped Virginia Tech 19-8, and moved from 12th to ninth, and Syracuse filled out the Top Ten, moving up a notch although idle.

The top 20, with first-place votes, records and total points:

1. Southern Calif. (21) 5 0 800
2. Ohio State (15) 4 0 784
3. Kansas (5) 5 0 660
4. Penn State (1) 4 0 580
5. Notre Dame 4 0 442
6. Tennessee 4 0 418
7. Purdue 4 0 410
8. Georgia 4 0 388
9. Miami, Fla. 4 0 184
10. Syracuse 3 1 160
11. California 4 0 116
12. Michigan 4 0 116
13. Texas 3 1 112
14. Missouri 4 0 103
15. Florida 4 0 73
16. Arkansas 4 0 63
17. Mississippi 4 0 61
18. Louisiana State 4 0 43
19. Texas Tech 3 0 2 36
20. Florida State 3 1 26

'Tiny Lund' Has Racing Victory

DAYTONA—BEAGH, Fla. (AP) — Dewayne "Tiny" Lund of Cross, S.C., won the 1968 Grand Touring class driving 1/16 of the National Association for Stock Car Auto Racing.

Lund completed in 18 of the 19 grand touring division races, driving a Mercury Cougar prepared by Bud Moore of Spartanburg, S.C.

Cokes Is Ready For Percy Pugh

NEW ORLEANS, La. (AP) — Curtis Cokes, an easy victor over Argentina's Ramon La Cruz in his fifth defense of the World Welterweight title, said Tuesday he would like to meet Percy Pugh of New Orleans "if the price is right."

Cokes, who won a unanimous 15-round decision over La Cruz, got \$20,000 plus additional money for television for the Monday night bout witnessed by the milllennium of 5,127. The net gate was 20,470. La Cruz collected \$5,000.

Pugh is the No. 2 ranked challenger by the World Boxing Association. He was a spectator at the Monday night fight and said he hoped to meet Cokes for the title.

Remember the number Seven—Soagram's Seven. It's the universal sip code for great whiskey. It means smoothness and lightness. And that's just what it delivers—anywhere in the world. Say Soagram's and Be Suro.

U.S. Swimmers Continue To Rake In Gold Medals; Hoopsters Thump Brazil

Buoniconti Interceptions Net Honors

The all-league linebacker caught three passes in the Patriots' 23-6 victory over the Bills and as a result of his performance was named Tuesday the American Football League's Defensive Player of the Week by The Associated Press.

If, indeed, Buoniconti had caught the passes as a tight end, he undoubtedly would have done far less damage to Buffalo. But he intercepted them on defense and halted any possibility of the hapless Bills of overtaking the Patriots.

MEXICO CITY (AP) — Debra Meyer, feared lost to the U.S. swimming team because of illness, bounced back to lead another 1-2-3 American sweep Tuesday night while the troubled Olympic Games threatened to burst open at the seams again. The U.S. basketball team dropped Brazil 74-63.

Miss Meyer, suffering from a sore throat and intestinal trouble, bounced back from her illness and won the women's 200-meter freestyle in the Olympic record time of 2:10.51.

freestyle gold medalist from Oakland, Calif., was timed in 1:58.77, and Miss Barkman of Wayne, Pa., third in 2:11.2.

Roland Matthes of East Germany took the 100-meter backstroke and Mexico's Felipe Munoz captured the 200-meter breaststroke in the other swimming finals Tuesday night.

Miss Barkman, 21, captured the 100-meter freestyle heat by 23 meters Tuesday afternoon and then captured the 200-meter event in the evening's first swimming final.

Charles Hickox, a 21-year-old Indiana University senior from Phoenix, Ariz., and Ronnie Mills, a Fort Worth, Tex., high school student, finished second and third in the men's 100-meter backstroke behind Matthes, the world-record holder.

Matthes was timed in 58.7 seconds, breaking the Olympic record.

Hickox in 1:00.2 and Mills in 1:00.5 also shattered the Olympic record.

The sporting goods manufacturers investigation is the second hot potato to be tossed in the USOC's lap during these Games. Earlier, the committee suspended sprinters Tommie Smith and John Carlos for their actions at an awards ceremony following the 100-meter dash.

According to one report, six American athletes were at first suspected of accepting cash bribes, which would be a direct violation of the amateur code. But as the investigation progressed, two were exonerated.

Payments to professionals for using and endorsing a specific company's equipment are both permitted and common place, but amateurs are not allowed to accept any money in return for using brand name equipment.

The three swimming finals topped the U.S. medal total to 72, including 29 goals.

Miss Ball, who made the U.S. Olympic squad after recovering from mononucleosis last winter, rolled to a front-running victory in 9 minutes, 42.8 seconds, which stands as an Olympic record because the 800 is a new event at the Games. Canada's Angela Coughlan, who had lost 10 pounds in the last week because of illness, finished second.

Pam Kruse of Pompano Beach, Fla., and Patty Caretto of Whittier, Calif., also moved into Thursday's 800 final.

With Miss Ball scratched from the 200 breaststroke field, 16-year-old Sharon Wichman of Fort Wayne, Ind., and Cathy Jensen, 17, of Portland, Ore., advanced easily into the Wednesday final.

Indiana University's Charles Hickox, world record holder in the men's 400-meter individual medley, 17-year-old Gary Hall of Garden Grove, Calif., and 16-year-old Greg Buckingham, surged into the finals, each winning his heat.

Freestyle star Mike Burton of Carmichael, Calif., was a doubtful starter before his heat in the 400 meter eliminations, shrugged off a stomach ailment and moved into the Wednesday final along with Yale's John Nelson and Brent Berk of Honolulu.

Officials Voice Denial Of Charges

case where he thought one of Agase's. "The referee thought other players hit his quarterback otherwise. That one play was what after the ball was passed," said a source sent to the Big Ten office.

CHICAGO (AP) — An inference by Coach Woody Hayes of the second-ranked Ohio State Buckeyes that if play is not being called by Big Ten officials drew denials Tuesday.

Hayes said his quarterback, Rex Kern, was hurt again Saturday in the Northwestern game.

Hayes said that "there are too many coaches who think the best way to stop the option is to put the quarterback out of business."

He said he sent a film clip to Big Ten Commissioner Bill Reed of Kern being encountered by a Northwestern player and had filed a protest.

"The officials should take charge," Hayes said. "A player who deliberately hits a passer after he has released the ball should be kicked out of the game."

The Big Ten said it had not yet received the clip and indicated that Hayes violated a coaches' agreement by criticizing officiating publicly.

Norwestern Coach Alex Agase issued a statement taking exception of Hayes' attack.

"This type of impulsive action by Woody Hayes is not unusual," said Agase. "It is unjustified and unfair to a fine group of young men who have fought their hearts out against tremendous odds. We have played five games and have had only one unnecessary roughness penalty."

Norwestern Coach Alex Agase issued a statement taking exception of Hayes' attack.

"This type of impulsive action by Woody Hayes is not unusual," said Agase. "It is unjustified and unfair to a fine group of young men who have fought their hearts out against tremendous odds. We have played five games and have had only one unnecessary roughness penalty."

He indicated to me that there was one, I repeat one, isolated

EX-WOLVERINE Loule Hurst, a graduate of Wood River High School, will play for the Idaho State University freshman when they meet Montana State at 8 p.m. Saturday in Twin Falls, Idaho. The event is sponsored by the Twin Falls Shrine Club with all proceeds going to that group's charities.

College Teams Scoring At Record Clip

NEW YORK (AP) — Due to the new rule that stops the clock after every first down, college football teams are getting off more plays, gaining more yards and scoring more points than at any time in history.

National Collegiate Sports Service statistics released Tuesday show that there has been a 6.8 per cent increase in plays, a 6.8 per cent increase in yards and a 6.8 per cent increase in scoring. The survey covered 207 games involving major college teams.

The number of plays, both rushing and passing averaged 149.7 compared with the full season record of 140.4 set last year.

The total yards average was 620 compared with the full season record of 588.8 set last year.

The scoring average was 39.3 compared with the full season record of 36.8 set last year.

U.S. Wins And Soviets Lose In Hoop Play

MEXICO CITY (AP) — Jo Jo White, 6-foot-3 sharpshooter from Kansas University poured in 14 points in the first half to lead the United States to a 74-63 victory over Brazil Tuesday night that sent the undefeated Americans into Friday's gold medal Olympic basketball final against the Soviet Union.

The amazing Yugoslavs, beaten by the United States 73-58 in an earlier tournament encounter, won a dramatic last game victory over the favored Soviet Union, 63-62, before a howling capacity crowd of 23,000 at the copper-domed Olympic Sports Palace.

Now the patchwork American team, which has won 74 straight games in Olympic competition without a defeat since the sport joined the Olympics in 1936, is heavily favored to bring home another gold medal.

White, who played only 45 minutes of the first half, finished with 16 points. He was aided by big Bill Hosket of Ohio State, playing with a hand-dropped left knee, and Spencer Haywood of Detroit, with 12 points each. Mike Barrett, a Navy man from Norfolk, Va., fired in 10.

The wild, hard-fought game between the two Communist nations ended on a note of high drama when Pat Riley, with a score with 1:15 to go to put Yugoslavia ahead, and Vladimir Kvetkovic converted two free throws with eight seconds left to clinch the decision.

"This put the Yugoslavs ahead 63-60 and a last-second goal by Russia's Sergei Belov was not enough to turn the tide.

The capacity crowd of 23,000 in the copper-domed Sports Palace which had cheered the stars and booed the Russians throughout the game, went wild at the final whistle.

College Teams Scoring At Record Clip

NEW YORK (AP) — Due to the new rule that stops the clock after every first down, college football teams are getting off more plays, gaining more yards and scoring more points than at any time in history.

National Collegiate Sports Service statistics released Tuesday show that there has been a 6.8 per cent increase in plays, a 6.8 per cent increase in yards and a 6.8 per cent increase in scoring. The survey covered 207 games involving major college teams.

The number of plays, both rushing and passing averaged 149.7 compared with the full season record of 140.4 set last year.

The total yards average was 620 compared with the full season record of 588.8 set last year.

The scoring average was 39.3 compared with the full season record of 36.8 set last year.

1969 Ford. Wider. Longer. Quieter. Roomier.

(Easier to Handle.)

These are the things to look for in a great road car. And every day more and more people are finding them in the 1969 Ford.

Wider. The '69 Ford hugs the road with as wide a track as Cadillac.

Longer. The '69 Ford smooths your ride with a longer wheelbase than Chevrolet. Yet it turns in a smaller circle than last year's Ford.

Roomier. We've grouped all the controls in front of the driver, made our front passenger compartment so spacious people are calling it the Front Room.

Quieter. Our '69 LTD is designed to ride even quieter than the LTD that rode quieter than Rolls-Royce.

Record first-month sales of the '69 Ford tell us we've got a good thing going. A test drive will tell you.

FORD

The place you've got to go to see what's going on—your Ford Dealer!

PRIVATE COUNSELING is given to a young man by Capt. George Driver, Twin Falls Salvation Army Corps. Capt. Driver said spiritual guidance and counseling is one of the important functions of the Salvation Army. It is one of the nine agencies funded through the Twin Falls United Fund Drive.

Salvation Army Receives Portion Of United Fund

The Twin Falls Salvation Army office tries to gear itself toward the needs of the area, according to Capt. George Driver. The office offers a specific course in personal development for young people interested in Salvation Army work, called the Corps Cadet course.

The Salvation Army may be better known for its physical services to needy persons traveling through the community. The local corps maintains a house at 703 Main Ave. W., where transients may obtain free lodging and meals.

Each Thanksgiving a special dinner is given at the center for people who have no family with which to join.

Capt. Driver stressed that they do work with local welfare aides and the county commissioners in serving needy people.

They sponsor several youth activities through their church program that are character building in nature. Some of the activities are social and one group meets weekly, outdoors when possible.

In addition to the Sunbeam troop, for children ages 6 through 11, the Salvation Army

Young Fan

SYRACUSE, N.Y. (AP)—Twelve-year-old John Connelly feels so strongly that Hubert H. Humphrey should be elected president that the youngster will go on local television to speak for him.

John, whose dad is a Democratic committeeman in the nearby town of Clay, has dug into his own pocket to pay \$4.85 for 10 seconds time on station WHEN, Syracuse.

At 4:50 p.m., he'll step before the cameras to say: "I am John Connelly, Hubert Humphrey led the civil rights bill in 1964. He is the author of the Peace Corps and medicare. Please vote for Hubert Humphrey."

His mother, Mrs. John W. Connelly, said her son got the idea after watching a television commercial for Republican presidential candidate Richard M. Nixon.

Humphrey, she said, has been informed of John's plans and sent the boy an autographed picture.

Radioactive Isotope Sold At High Cost

NEW YORK (AP) — Limited amounts of precious radioactive Californium-252 — a potential new weapon against cancer and a possible aid to industry as well — are being placed on sale for the first time, the chairman of the atomic energy commission announced Tuesday.

Dr. Glenn T. Seaborg said the selling price would be \$100 for one ten millionth of a gram.

In remarks prepared for a sectional meeting of the American Nuclear Society, he also said 23 thousandths of a gram of the material are being made available on free-of-charge loan to hospitals and other research institutions.

First shipment under the latter program, he said, would be to the M.D. Anderson Hospital for cancer research in Houston, Texas.

He indicated that the nation's present supply of the material is less than a pound — but that only millionths-of-a-gram quantities are required for cancer and other research purposes.

If a pound were available, he said, its sale price would be \$50 billion.

Seaborg outlined the anti-cancer promise of the isotope in a speech at Seattle last week. In that same talk he also said the rare, radioactive material might have important industrial uses — including giving prospectors on-the-spot measurements of the amount of gold in ore.

Cakes Are French Dessert Classic

Little cakes made of a sweet yeast dough and soaked after baking in a rum-and-sugar syrup are the basis of a group of desserts known as "bûches." Variations in shape, filling and decoration each go by a different name. Perhaps the most famous of the "bûches" is the one named for gourmet Brillat-Savarin, which are characteristically baked in small ring molds. Said to have been created in 1840 by a French pastry chef named Julien, savarin variations are legion. Baked in large or small ring molds, filled with ice cream or fruit and topped with sauce or syrup, savarins number among the most elegant of entremets. But for all their glamorous appearance, they are made from a simple yeast-raised batter which does not require kneading. Furthermore, they may be prepared by the new Rapidmix Method for fool-proof results.

Recently introduced by Fleischmann's Yeast, Rapidmix takes the guesswork out of baking with yeast by treating it as a dry ingredient rather than mixing it in warm water. In addition, the new method calls for initial beating with an electric mixer which makes the dough easier to handle.

Apricot Savarins may be prepared in the traditional ring molds or baked in custard cups. They may be served warm or cold, filled or topped with whipped cream or ice cream and decorated with slivered almonds.

APRICOT SAVARINS
 1 1/2 cups unsifted flour
 1 tablespoon sugar
 1/2 teaspoon salt
 2 packages Fleischmann's Active Dry Yeast
 1/2 cup Fleischmann's Margarine, softened
 1/2 cup very hot tap water
 4 eggs (at room temperature)
 1/2 cup apricot nectar
 1/2 cup sugar
 1 tablespoon rum
 Sweetened whipped cream or vanilla ice cream
 Planter's Southern Belle Sliced Almonds.

In large bowl thoroughly mix two-thirds cup flour, one tablespoon sugar, salt and undissolved Fleischmann's Active Dry Yeast. Add softened Fleischmann's Margarine.

Gradually add very hot tap water to dry ingredients and beat two minutes at medium speed of electric mixer, scraping bowl occasionally. Add eggs and enough additional flour to make a thick batter. Beat at high speed 2 minutes, scraping bowl occasionally. Cover bowl, let rise in warm place, free from draft, until doubled in bulk, about 30 minutes.

Meanwhile, combine apricot nectar and remaining one-half cup sugar in saucepan. Bring mixture to a boil, stirring occasionally. Reduce heat to a simmer (five minutes). Remove from heat. Stir in rum; set aside.

Stir batter down. Divide mixture evenly among 12 well-greased five-ounce custard cups or six-ounce ring molds. Cover; let rise in warm place, free from draft, until doubled in bulk, about 15 minutes.

Bake in very hot oven, 450 degrees, about 12 minutes, or until done. Before removing from cups or ring molds, immediately prick surface with fork. Slowly pour apricot syrup over savarins. After syrup is absorbed, remove from cups or ring molds.

Serve topped or filled with sweetened whipped cream or vanilla ice cream and garnished with Planter's Southern Belle Sliced Almonds. Makes 12 individual cakes.

INDIVIDUAL APRICOT Savarins number among the most elegant of entremets. Made from a simple sweet yeast dough, the new Rapidmix Method makes preparation easier than ever.

Social Calendar

The Loyal Neighbor Club will meet at 2 p.m. Friday at the home of Mrs. Jean Miller. The white elephant game prize will be furnished by the hostess and Mrs. Dorothy Humphrie.

Desert Gold Cowbells will serve breakfast and dinner at the Piner-Bull-Sale Thursday and Friday. All members are asked to bring a pie and plan on working each day. Breakfast help is needed at 6:30 a.m.

The National Guard Auxiliary will meet at 8 p.m. Thursday at the home of Mrs. Edna Montague. All members and guests are asked to come in Halloween costumes.

The Golden Age Club will hold a dance and card party at 7:30 p.m. Friday at the DAV Hall. Those attending are asked to bring a sack lunch and their own table service. All persons 60 years of age or older are welcome to attend.

Swinging Sixties will hold a masquerade party at 8 p.m. Friday at the Moose Hall. Those attending are advised they prefer.

So-Journey Club members will hold their monthly card-party at 8 p.m. Thursday at the home of Mrs. Emmett Horey, 1963 Sun. after Ave. Co-hostesses are Mrs. Charles Looney and Mrs. Max McNabb. Reservations can be obtained by calling Mrs. Ed Barker, 733-7332.

F. Chatfield a Pollyanna gift. The Nov. 7 meeting will be the first of the fall no-hostess luncheons at the home of Mrs. Chatfield.

Women's Section

Unity Club Program Given

Irma Scott, program chairman, introduced Mrs. Harry Sharp, who gave several humorous readings during the recent Unity Club meeting at the home of Mrs. Carl Boyd.

Becky Sullivan entertained with a number of vocal selections, accompanying herself on the guitar. She also told of her trip to Salt Lake City where she won a talent contest.

Mrs. Beulah Sweet told of her experiences on a four-week trip with a group of Idaho travelers. The group welcomed Pearl Buchanan back after being hospitalized after a serious accident and Elaine Nesbitt, who recently broke her arm.

Club Meets

GLENNIS FERRY — Mrs. Marie Johnson entertained her card club with high score award going to Mrs. Joe Doyle.

Mrs. Johnson and Mrs. Edna Montague recently returned from a trip to Winnemucca, Nev., to visit former Glennis Ferry residents, Mr. and Mrs. Al Sheaffer.

If you plant it or feed it — **GLOBE SEED** Will have it!

Bazaar Slated

RICHTFIELD — Mrs. Everett Way is the hostess at the W. End. Club, when members discuss articles for the coming bazaar.

Mrs. Sterling King received the club award and Mrs. C.

Once weighed 262 pounds

Kathleen Kerest lost 117 pounds, but she needed help with reducing. So she followed the Ayds Plan. Ayds contain no harmful drugs. Taken as directed, Ayds helps curb your appetite. On the Ayds Plan, you eat less, lose weight naturally. Try new chocolate mint, vanilla-caramel or the regular chocolate fudge-type Ayds.

Officers Are Installed For Area Sagehens

Kasota Sagehens Home Demonstration Club held its October meeting recently at the home of Mrs. Bryan Clark, Mrs. Richard Roemer, president, installed the incoming officers in a candle-light ceremony, with Mrs. Emanuel Maier, secretary, presenting corsages to the new officers.

Officers are president, Mrs. John Foster, vice president, Mrs. Rayne Clark, secretary, Mrs. Ralph Scott, and treasurer, Mrs. Herbert Bryant.

Mrs. Pool announced that her committee for the coming year will include program, Mrs. Ronald Matheson; social, Mrs. Robert Scott and Mrs. Leonard Mills; floral and courtesy, Mrs. Guy Meulman; historians and nominating, Mrs. John Newirth; yearbook, Mrs. Fred Kasworm and Mrs. Len Brady; county council representatives, Mrs. John Otman and Mrs. Steve Goodwin; and calling, Mrs. Edward Topiff, Mrs. Raymond Anderson, Mrs. Roy Weidenman, Mrs. Leonard Mills and Mrs. Ralph Scott.

Mrs. Maier gave reports on the county council meeting. The club decided on three recipes to submit for the Holiday Food Fair to be held in Jerome Nov. 4. Mrs. Rex Crane will give a demonstration for part of the program that day. All members were urged to attend and bring guests.

Social Slated For Saturday

A letter from Mrs. Tom Stuart, a former member, was read to the group by Mrs. Pool.

A lesson on "Mexican Cooking" was given by Mrs. Scott, Mrs. Mills and Mrs. Goodwin, after which the group was invited to taste the six dishes they prepared.

Mrs. Anderson received a birthday gift from a social pal. The club presented a silver candy dish and spoon to the outgoing president.

Co-hostesses with Mrs. Clark were Mrs. Crane and Mrs. Neirth. The next meeting is Nov. 19 at the home of Mrs. Roemer.

Reports Given

WENDELL — Reports of the recent Deaneary meeting were made by Mrs. Tom Haggerty.

Mrs. Paul Kearley and Mrs. Gerald Barnes at the October meeting of the St. Anthony Altar Society.

Two guests were welcomed. The discussion centered on service projects. Mrs. Kearley, vice president, conducted the meeting held at her home.

July U.N. Pilgrimage Tour Discussed By Dawn Johnson

KETCHUM — At the recent Snowdrop-Rebekah Lodge meeting, Dawn Marie Johnson, daughter of Mr. and Mrs. Eddie Bennett, was guest speaker.

Roemer, president, installed the incoming officers in a candle-light ceremony, with Mrs. Emanuel Maier, secretary, presenting corsages to the new officers.

Officers are president, Mrs. John Foster, vice president, Mrs. Rayne Clark, secretary, Mrs. Ralph Scott, and treasurer, Mrs. Herbert Bryant.

Mrs. Pool announced that her committee for the coming year will include program, Mrs. Ronald Matheson; social, Mrs. Robert Scott and Mrs. Leonard Mills; floral and courtesy, Mrs. Guy Meulman; historians and nominating, Mrs. John Newirth; yearbook, Mrs. Fred Kasworm and Mrs. Len Brady; county council representatives, Mrs. John Otman and Mrs. Steve Goodwin; and calling, Mrs. Edward Topiff, Mrs. Raymond Anderson, Mrs. Roy Weidenman, Mrs. Leonard Mills and Mrs. Ralph Scott.

Co-hostesses with Mrs. Clark were Mrs. Crane and Mrs. Neirth. The next meeting is Nov. 19 at the home of Mrs. Roemer.

Organizational Meeting Held

WENDELL — An organizational meeting of the Junior-Auxiliary to the Wendell Legion Post No. 41 was held recently, with Mrs. Grant Zollinger as advisor. Mrs. Zollinger will be assisted by Cheryl Zollinger and Janet Callen.

Eligible youth interested should contact Mrs. Zollinger. Regular meetings will be held the first Monday of each month immediately after school at the American Legion Hall.

Time was spent at the first meeting making gadgets. Refreshments were served by Janet Zollinger.

Presbyterian Women Elect At King Hill Meet

KING HILL — Mrs. Nathan Miller was elected president of the United Presbyterian Women when members met at the home of Mrs. Charles Finlayson, Glenns Ferry.

Other officers elected were Mrs. Elbert Lawson, vice president; Mrs. Karl Carnahan, secretary-treasurer; Mrs. Charles Finlayson, chairman of the Interpretation of General Mission; Mrs. Dwight Wilcher, study; Mrs. Martin Woodward, chairman of Involvement and Action.

Mrs. Woodward was elected chairman of the nominating committee and Mrs. Mill Miller was elected new member of the nominating committee.

Mrs. Woodward presented a dialogue, "Waging Peace," assisted by Mrs. Finlayson for the program. For the worship service Mrs. Woodward spoke on,

Ritual Of Jewels Degree Extended To Four Members

GLENN'S FERRY — The Ritual of Jewels degree was extended to four members of Alpha Delta Chapter, Beta Sigma Phi Sorority, at its recent meeting in the George Willis Home, Pasadena Valley.

The four were Mrs. Neal Abbott, Mrs. Jerry Maag, Mrs. Bob Janousek and Mrs. Calvin White, with the ritual given by Mrs. Joe Woods, president, assisted by the chapter's honorary

A Halloween masquerade party was planned for the members and partners for Saturday starting at 9 p.m. in the Maag residence. The preferential tea will be Nov. 17 in the Kenneth Lindt home.

Mrs. Graife was chosen Valentine Queen for the chapter this year, and the next regular meeting will be at her home at 8 p.m. Nov. 7. The program will consist of each chairman explaining her committee's responsibilities for the benefit of the prospective members.

At the previous "roundup" bridge party at the Moose home, special guests were Mrs. Maria Scars, Mrs. Juanita Tews, Mrs. Lenetta Adams, Mrs. Jeanette Penner and Mrs. Karen Rubery. They were taken on

a hay truck to the party, and all were in western costumes.

CAPT. AND MRS. GARY W. CUNNINGHAM (Shig Morita photo)

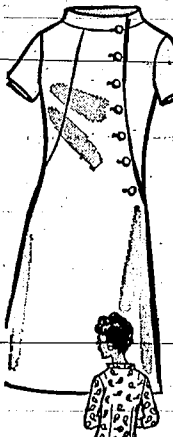

Dana Andrews, Cunningham Exchange Nuptial Promise

HAZELTON — Autumn shades of chrysanthemums, roses, gladioli, grapes and grains, with the dress military whites of the bridegroom and ushers set the scene for the afternoon wedding of Dana Andrews, daughter of Mr. and Mrs. Don E. Andrews, Hazelton, to Capt. Gary Wayne Cunningham, son of Mr. and Mrs. Howard Cunningham, Whittier, Calif.

Rev. Robert C. Harvey performed the single ring ceremony at the Twin Falls First Presbyterian Church Sept. 21.

The bride, given in marriage by her father, wore a white satin bridal gown, fashioned

Dear Abby

By ABIGAIL VAN BUREN
DEAR ABBY: My son is 6 feet, 2 inches, and weighs 220 pounds. He's married to a 95-pound, five-foot wildcat who has raised a hand against him twice since they've been married, and it hasn't been a year yet.

The first time, she laid his head open with a coffee pot and the doc took 22 stitches in his skull.
The next time she hit him with a bridge lamp and broke his nose.

The big dummy refuses to bring charges against her. He won't leave her, and he won't raise a hand against her. He says he "loves" her. Is he crazy or is she?

How can I get him to either defend himself or lock up this dame? I'm afraid she'll kill him.

DEAR MOTHER: They could both be a little "crazy," but if your son sticks around and takes this kind of punishment hands down, he's crazier than she is.

DEAR ABBY: When two couples go out to dinner together, is it considered "cheap" to ask for separate checks?

Nick and I have gone out with another couple and unless separate checks are asked for in advance, we split the check in half, which is very unfair because (1) I don't drink. (2) We never order the most expensive dinner on the menu like the other couple. (3) Our share of the tip shouldn't be divided 50-50 either, because we didn't speak.

Nick and I talk to each other about this after we get home, but we feel sheepish and never do anything about it. Do you think we should?

"SHEEPISH!"
DEAR SHEEPISH: Yes. — And if you don't, you are not only sheepish—you're foolish.

DEAR ABBY: I'm sick of reading about dirty old men. How about dirty old women?

I am a bachelor, 65 years of age, and I can tell you that a man who isn't in a wheel chair isn't safe alone anymore.

I went on a cruise for relaxation and the women nearly ran me crazy. I had 60-year-old women propositioning me for early dates, late dates, and the late late dates. I got all sort of gifts, and one old dame even offered me MONEY! Not only that, but a 24-year-old kid passed me a note: "What are you saving it for Dad? The prom?"

I even had them trying to break into my room at night.

Maybe I'm old fashioned, but I still like to do the asking, but nowadays you don't get the chance. They ask you first.

SIDNEY
California and the southern states in Florida where the bridegroom is a flight instructor in the Marine Corps.

Both the bride and bridegroom are graduates of the University of Idaho.

Pre-nuptial parties were given for the bride by Mrs. Louis Etcheverry and Mrs. Steven Chittin in California. Mrs. Milan Fillmore and Mrs. Don Kugler entertained at a linen shower.

Mrs. Austin Matheny and Mrs. Don McDonald, background music was provided by Deanna Matheny at the piano. Mrs. Terry Ward attended the guest book.

After the reception, the couple left for a honeymoon trip through Wyoming, Utah and

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 68700, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

Truck drivers are the most considerate and courteous drivers on the road.

It seems to be an unwritten law of the road that a truck driver will never pass up a car that looks like it needs help.

Abby, when I see a truck driver, I see a host of angels behind him all the way to heaven. God bless the truck drivers.

**AIP Hopeful
Contrasts
Opponents**

RUPERT—The American Independent party's candidate for the second congressional district, Joel Anderson, would rather see Darrell Manning elected than the GOP candidate in the three-way race. Orval Hansen, because "I would rather be confronted by a wolf than a wolf in sheep's clothing."

Mr. Anderson, campaigning in Rupert Monday, explained he feels Mr. Manning "stands up and states his beliefs, whereas Hansen hides in the bushes, talks in a condescending, a lot of good clean water will do us."

Mr. Anderson attacked the Supreme Court as "no longer a public protector" and noted communism is the greatest threat to our country today.

Joseph Stumph, Twin Falls, state chairman of the AIP, visited the Miller-Cassia area with Mr. Anderson.

The American Independent Party is organized in 37 of Idaho's 44 counties, according to Mrs. Joyce Carnahan, county committee chairman for Minkola county.

Mrs. Carnahan said names of precinct committeemen for 15 of the county's precincts have also been selected.

They are Mrs. Herbert Smith, Heyburn 1; Mrs. Howard Campbell, Heyburn 2; Carl Wilkerson, Norland; Wayne Indy, Pioneer; Lamar Stuart, Paul 1; Colleen Jones, Paul 2; Whiting, Acequia; James Williams, Rupert 1; Sherman Anderson, Rupert 2; Floy Crandall, Rupert 3; Sherman Saylor, Rupert 4; Marvin Casler, Rupert 5; and Russell Phillips, Rupert 6.

Rupert 7 and Minkola have not been filled.

**Warden Cites
Liquor Harm
In Speech**

POCATELLO (AP) — Idaho Penitentiary Warden Orville Stiles told the Idaho Allied Civil Liberties League Tuesday an estimated 85 per cent of the men in state prison are there because of alcohol.

About 125 persons were in attendance at opening sessions of the 35th annual meeting.

He told of the making of an intoxicating liquor within the walls of the penitentiary. He said when this so-called "saw-ky" is available to the prison yard there are problems. There is seldom a week, he said, when men are not confined in isolation as punishment.

"We do not permit inmates to make this liquor," he said, "but we are operating with the lowest number of personnel even to guard the yard and staff to work in new quarters."

The warden said he is hopeful the legislature will appropriate for a crash program to complete construction of the new penitentiary. He said rehabilitation will be stressed.

**Carnival Set By
Jerome Group**

JEROME—More booths and people to run them are needed for the carnival at 7 p.m. Saturday at the Junior High school.

The carnival is being sponsored by the Jerome County Association for Retarded Children and the money received will be used for the special education class.

Donations are requested of suitable prizes and white elephants, food, needlework or any other item that can be auctioned. Persons are asked to contact Mrs. Geraldine Tamm, Mrs. Russell Woolley or Mrs. Kenneth Robbins if they can help or if they may be brought to the school on Saturday afternoon.

Mrs. Galen Soutle, Boise, was the guest speaker at a recent meeting of the association. She described the work the Paul Revere's Builders and other young people are doing to help with retarded children.

**Boise Bishop
Takes New Post**

BOISE (AP) — Episcopal Church authorities reported today the election of the Very Rev. William H. Spofford Jr., of Boise as a bishop of the Episcopal missionary district in Eastern Oregon.

His headquarters will be at Bend. The election was by the church's House of Bishops meeting in Atlanta, Ga.

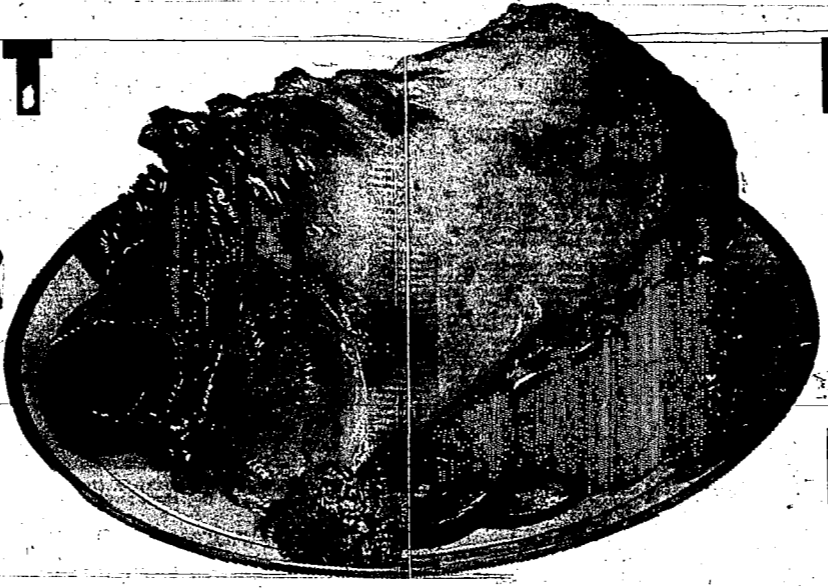

The Rev. Mr. Spofford, who has been dean of St. Michael's Cathedral in Boise since 1960, will succeed the Right Rev. Lane W. Barton, who is retiring.

**Stores Hire
Two Negroes
In Pocatello**

POCATELLO, Idaho (AP) — The two Pocatello Safeway stores, following a boycott by the local chapter of the National Association for the Advancement of Colored People, have each hired a Negro employee.

Managers of both stores acknowledged Tuesday the Negroes were hired as clerks.

Last week, NAACP members in Pocatello voted to boycott the stores until Negroes were hired. The Rev. Mr. Robert Adams announced store managers had requested a meeting Tuesday night with the local NAACP executive board. But a spokesman for Safeway said Tuesday the managers will not attend.

"We feel that nothing can be accomplished," said Eldon Starkey, retail operations manager for Safeway in Salt Lake City. "We see no reason to hold a meeting just to rehearse this thing."

Starkey repeated an earlier statement that Safeway national pursues a fair employment policy and "aggressively tries to hire minority groups." He said this policy was being pursued in Pocatello before the boycott and the hiring of the two Negroes is not a result of the boycott. The boycott had no effect on business in Pocatello, Starkey said.

The reasons more Negroes were not hired earlier, Starkey said, is that no qualified Negroes applied. He said Negro applicants sent by Rev. Mr. Adams were told to apply through the employment office in accordance with Safeway policy. The Negroes were not hired from again, Starkey said.

**'Monitor' Poll Shows Gains
For Wallace**

BOSTON (AP) — A Christian Science Monitor poll shows George C. Wallace's strength is growing in 14 states with 161 electoral votes, including 10 states with 88 electoral votes.

The newspaper said in a copyright story that Wallace's drive in Illinois, New Jersey and Pennsylvania is helping Vice President Hubert H. Humphrey, the Democratic presidential nominee, and hurting Richard M. Nixon, the Republican nominee.

But in California, Massachusetts, Michigan and Ohio the third-party candidate's impact is having the opposite effect, the Monitor said.

The survey showed Wallace leading in 14 states with 161 electoral votes: Alabama, Arkansas, Georgia, Louisiana, Mississippi and Tennessee. He trailed in Alaska, Arizona, Illinois, Maryland, Missouri, Nebraska, New Hampshire, New York, North Carolina, Ohio, Oregon, Pennsylvania, Tennessee and Vermont.

**Date With Court
Cancels Speech
By Militant**

POCATELLO (AP) — The appearance of black militant play-wright LeRoy Jones at Idaho State University tonight has been canceled, says a spokesman for student body president Mike King.

Jones, who has been convicted on a charge of carrying concealed weapons during the 1967 Newark, N.J., riots, has appealed the conviction and was scheduled to appear in court today in Newark.

The spokesman said it is hoped that Jones can be rescheduled, possibly in February.

Jones was scheduled to speak under the sponsorship of the Issues and Speakers Committee at ISU.

**Candidates Night
Slated At Malta**

MALTA—A candidates night is planned for 8 p.m. Thursday at the Raft River High School, sponsored by the Malta Lions Club and both political parties.

The event will give farmers and ranchers in the Raft River, Albion, Elba and Almo areas opportunity to meet personally the local candidates, according to Delo Pierce and Frank McElwain, Malta Lions.

Ed Elliott, Democratic county chairman, and James Roper, GOP party chairman, are operating with Lions Club officials in planning for the candidates meeting.

**Representative
Of SBA Due Here**

A representative of the Small Business Administration will be at the Twin Falls Chamber of Commerce Thursday to meet with area businessmen.

Mrs. Roberta Kopp, loan assistant from the Boise office, will be available to discuss the various programs the agency, including the business loan program, and management assistance.

Appointments may be made by calling the Chamber of Commerce at 733-3974.
