VOL. 65 NO. 225

TWIN FALLS, IDAHO, MONDAY, NOVEMBER 25, 1968

TEN CENTS

'Pirates' Hijack 2 Planes

MIAMI, Fla. (AP) — Two planeloads of travelers, forced to Cuba at gunpoint by separatist teams of hijackers, returned to the United States with strikingly similar stories of the latest acts of air piracy.

A Pan American Airways jet, commanded by three gunmen over the Atlantic Ocean after leaving New York for San Juan, P.R., landed in Havana Sunday minutes after the first hijack victims of the weekend were flown to freedom. An Eastern airliner en route to Miami from Chicago was taken to Cuba Saturday night by a team of five men who forced their way into the cockpit at gunpoint, then stood their victims a round of drinks.

Hijackers of the Eastern plane previously fled Cuba into exile, Havana Radio said today, and returned from the United States because "the delinquency, the gangsterism and the corruption existing in that country-made their life unbearable."

In addition, some of them referred to causes to the haphazard existence they had to live as a consequence of the high cost of living and the lack of medical attention for those who, like them, could not pay the high price of the red flag in a broadcast monitored in Miami.

The 78 Eastern passengers were returned to the United States in a plane chartered by the U.S. State Dept. Cuban authorities released the stolen jetliners and crews a few hours later.

The same charter plane was dispatched back to the Communist and anti-imperialist Pan American passengers early today. Both captains said they learned their crafts had been hijacked before they entered the cockpits shouting identical orders — "Cuba! Cuba! Cuba!" Pan American Capt. Alvin Walker said he didn't take us long to decide. I told him, "Don't shoot. Sit down. We go to Cuba."

A TEAR TRICKLES down the cheek of Mrs. Phillip Maquar as she and her husband hug their three-year-old daughter Brenda Ann who was kidnaped from New Orleans from her stroller five days ago. The girl was found in Needles, Calif., after the alleged kidnaper was injured in an auto accident. Doctors said Brenda told them "He's not my daddy" while she was being treated for minor injuries. The condition of the suspect was not revealed by police. In the background at left is Robert Rightmyer, FBI-agent from New Orleans. (AP wirephoto)

France Plans 'Austerity' As Franc Gains Strength; Speculators Dump Marks

PARIS (AP) — The franc strengthened in Paris today and the government announced new austerity measures. There was a stampede to buy dollars in Germany but other transactions on Europe's markets gave little clue as to whether the world's monetary crisis was over.

Foreign speculators, who had figured on an upward revaluation of the mark, began unloading their huge mark holdings in Frankfurt and the West German bank sold about 1 billion U.S. dollars for marks.

Gold sold briskly in Paris but at a slower rate than last Tuesday before the Paris markets were closed to dampen speculation. Government leaders and financial experts watched closely for indications of whether President Charles de Gaulle's new austerity program can save the franc from devaluation.

De Gaulle announced over the weekend he would not devalue the franc, declaring that would only reward "odious speculation." The official rate is about five to the dollar.

The official quotation of the franc today was 4.9575-4.96 to the dollar. It reached a level of 4.974 last week, forcing the Bank of France to intervene. Official parity is 4.937.

The franc had apparently been bolstered by De Gaulle's decision to get the economy back on balance but holders of francs still seemed anxious to shift their money into some other form.

The volume of the Paris gold market was \$2.56 billion, compared with \$4.7 billion on last week's final trading day. One kilogram—2.2 pounds—of gold closed at \$1,348, up from \$1,299 last week. Unofficial trading last week had seen the price of a one-kilogram ingot soar to \$1,700.

One of the more surprising results was the rush to the dollar in Germany, where the government announced last week it would not revalue the mark upward.

Within half an hour of the opening in Frankfurt, the West German bank lost about \$200 million of the pile of \$1.8 billion it bought up in last week's speculative spree.

Dealers in Frankfurt said the rush was due apparently to a desire of speculators to convert their mark holdings back into dollars. The U.S. dollar was at 3.9755 to the mark, compared with last week's low of 3.97. The sharp rise in the dollar pulled other currencies upward, even the franc, but dealers reported few transactions in the French currency.

Searchers Report 'No Trace' Of 78

MANNINGTON, W.Va. (AP) — A puff of smoke triggered by a small explosion early today, ruled out the immediate possibility of sending more teams into deep mine shafts to look for 78 missing men.

"These pups are what scare the hell out of you," coal company official Alder Spotte told news conference today. He said rescue teams, such as the two which probed the mine's tunnels Sunday, could be walking into "the dangers of fire from the explosion."

One of the two units to enter the mine went as far as 4,500 feet, found some slight traces of concussion, but no evidences of life. The other 21-manned to reach safety were rescued.

"All of us can give thanks today," the editorial said, "not because it is a formal time set apart for that purpose but that we should never allow a day to pass without seriously contemplating good that the Maker surrounds us with and always loving our hearts to swell with reverence and gratitude."

Kidnaped Child, 6, Located

NEW ORLEANS (AP) — A 3-year-old girl, abducted in New Orleans six days ago, was found in a stuffy animal in an airport terminal today at New Orleans International Airport.

Brenda Ann Marquar walked off the plane alone into the arms of her crying mother this morning. Mrs. Maquar picked up her daughter and hugged her in a silent embrace. Her father joined them moments later.

Few words were spoken in the brief airport reunion. Brenda, awed by the horde of newsmen, photographers and other spectators, was silent until she spotted a stuffed animal in an airport store window.

"Brenda was flown from Las Vegas, Nev., today accompanied by FBI agents and the child's mother, who had taken care of her for several days.

It was a traffic accident last week that provided the clue needed for the safe recovery of the girl and ended an extensive manhunt in the New Orleans area for Brenda and her abductor.

Frank Willis Castle, 39, of Fresno, Calif., was arrested Sunday by FBI agents and charged with kidnaping Brenda from a stroller in front of a grocery store near her home last Wednesday.

PACIFISTS AID REDS TOYOJO (AP) — The Committee to help the Vietnamese, a Japanese pacifist group, said recently it would send medical supplies worth \$134,800 to North Vietnam.

and eliminate every possibility of a credibility gap... The Nixon White House, however, the old familiar title of press secretary will be abolished.

Missiles Score Over North Reds Drop Two U.S. Jets

SAIGON (AP) — Two U.S. jet planes were attacked by MIG fighters and surface to air-missiles and downed over North Vietnam the U.S. Command announced today.

In a terse announcement, the Command said an unarmed reconnaissance aircraft and an armed fighter, which often accompany reconnaissance sorties, were downed in separate incidents.

Twin Falls Girl Is Miss Wool Of Idaho

NANCY WILLIAMS

A 19-year-old Twin Falls coed was chosen Miss Wool of Idaho for 1968-69 over five other college finalists in Pocatello Sunday.

Nancy Williams, a University of Idaho sophomore, is the daughter of Mr. and Mrs. Sherman Williams, 112 8th Ave. E., Twin Falls. The brown-eyed history major will represent the state in the Miss Wool of America pageant next June in San Antonio, Tex.

Miss Williams was crowned by her predecessor, Semo Sakellaris of Pocatello, at the conclusion of the contest which was sponsored by the Women's Auxiliary to the Idaho Wool Growers Association. Miss Williams' partner at the Bannock Hotel Sunday afternoon.

"She is thrilled to death over winning," her mother reported Monday morning. The first runner-up for Miss Wool of Idaho was Karen Conrad, 21, Pocatello, representing Lincoln State University, and second runner-up was Janet Kay Flavel, 21, Shoshone, contestant from the College of Idaho.

Another Magic Valley girl was one of the finalists competing for the title. Representing the College of Southern Idaho was Angela Ahundis, daughter of Mr. and Mrs. Ray Ahundis, Twin Falls.

Although not one of the three winners, Angela remarked to her mother in a phone call, "I'm sure excited. It's been a great experience."

Detective Quits To Take CSI Position

Lee Talkington, who has been a member of the Twin Falls Police Department for about 20 years, has resigned to accept the position as security officer at the College of Southern Idaho.

His duties will include traffic, car registration, and educational programs for the faculty and students.

Strike Halts Long Island Rail Line

NEW YORK (AP) — The Long Island Rail Road, the usual mode of travel for 90,000 commuters between Long Island homes and New York jobs, was halted today when trainmen failed to show up for work in a schedule dispute.

Commuters generally took to their cars to reach the city, creating miles-long traffic jams and crumming city subways at points on the outskirts.

Police reported a six-mile city-bound backup on the Grand Central Parkway beginning at the site of the World's Fair grounds. Other highways also were unusually congested.

The railroad instituted a revised schedule at a minute after midnight this morning. No trains moved after that time.

The railroad said the stoppage was an illegal strike. The 1,500-member Local 660 of the Brotherhood of Railroad Trainmen said the schedule change, the first major revision by the line in 20 years, would cut drastically on overtime pay.

WITNESSING THE MORTGAGE BURNING for the Valley Christian Church are, from left, Norman Webb, Jack Leshner and U. N. Terry. Seated is Annette McNew, who represented the young people of the church. The special ceremonies were held Sunday at the church.

Valley Christian Church Has Mortgage Burning Ceremony

Members and friends of Valley Christian Church witnessed a mortgage-burning ceremony Sunday, which dramatically proclaimed the church free of debt.

Robert S. Eort, lay minister of the church, conducted the regular services and introduced Rev. Burton O. Brown, area minister for the Christian Churches of South Idaho and Utah. He spoke on "The Art of Listening."

Harold D. Cook, church trustee, was in charge of the mortgage burning ceremony, which took place following the message. Norman Webb, church officer and signer of the mortgage; Jack Leshner, trustee; U. N. Terry, trustee and board chairman, and Annette McNew, representing the youth of the church, assisted Mr. Cook.

A commitment service was conducted by Herbert Van Slyke, chairman of the stewardship and finance ministry.

Valley Christian Church was organized May 6, 1951 and services were first conducted in the basement of a home at 219 Taylor St. The 32 charter members were responsible for establishing a fund for the purchase of land on which the present building was constructed.

Rev. Floyd E. McCarty, the church's first minister, assisted in the dedication ceremonies on Jan. 15, 1955.

Rev. Forrest J. Hibbard served the church for approximately five years as the last resident minister. He resigned on Sept. 15, 1968 to accept a pastorate in Coeur d'Alene. Regular services have been conducted since that time and a new pastor will be called soon, according to the church officials.

A potluck dinner followed the morning services.

League Meets

FILER — The Clover Walthier League executive board met for a business meeting prior to the league meeting in the school.

Carol Meyer was in charge of the devotional service at the meeting, and Carolyn Orbel directed the topic study. Refreshments were served by Bruce Lutz, Yvonne Lutz and Dennis Lutz.

Duplicate Bridge

JEROME — The Jerome Duplicate Bridge Club met Saturday for the last of a five-week series.

North and south winners were Mrs. A. D. McMahon and Mrs. J. M. Kingsbury, first; Mrs. M. G. Bloem and Mrs. L. F. Bruce, second, and Mrs. A. J. Meeks and Mrs. J. W. Brown, third.

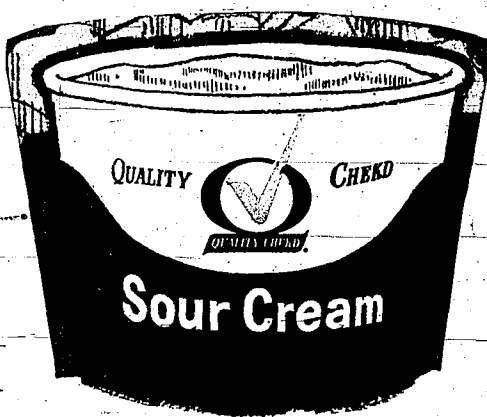

East and west winners were Mrs. C. H. Welteroth and Mrs. J. N. Prescott, first; Mrs. G. A. Olsen and Mrs. R. E. Reese, second, and Mrs. C. P. Otto and Mrs. Gene Carpenter, third.

The trophy winner was Mrs. Bruce. Runnersup were Mrs. Reese and Mrs. Otto.

Let us tell you how our flexible lease plans save you time and bother ... give you extra convenience

We can free you from . . .

- **Now car shopping.** This sometimes bothersome, time-consuming ordeal is eliminated when you lease from us. We will order the car to your specifications, with your choice of color, interior decor, engine and transmission—plus whatever options and accessories you want. We can even arrange for any special equipment you may need.
- **Used car disposal.** At lease end, the disposal of your car is our problem . . . not yours. You simply exchange keys. We will also be glad to sell your present car for you.
- **Maintenance worries.** We have a plan which gives you pre-paid full maintenance up to 60,000 miles on Lincoln-Mercury products. Even replacement tires can be included, so that no cash outlay is required when they are needed.
- **Annoying details.** We will obtain and install your license plates each year and can, if you wish, arrange for your insurance and include it in your monthly payments.
- **Cumbersome records for tax deductions.** Leasing simplifies your tax records . . . allowable deductions are easily computed and documented.
- **Large cash outlay.** When leasing, little or no cash is required in advance. This conserves your capital for profit-making opportunities.

In addition, you can often save money by leasing from us. We have a complete factory-franchised automotive facility. We buy our new cars directly from the factory at the lowest possible cost . . . a savings which means lower rates for you. We also do our own warranty, maintenance, and repair work.

It will pay you to look into leasing . . . from us.
Just give us a call for full details.

A Fence At The Top

FROM JUDICATURE FOR NOVEMBER

F.B.I. statistics released a short time ago show that crime in the United States is building up to record heights at a record pace.

Three years ago the crime problem was serious enough to impel Congress to pass the Law Enforcement Assistance Act and the President to establish the President's Commission on Law Enforcement and the Administration of Justice.

The F.B.I.'s 1968 report lends a note of urgency to these recommendations. It is the step upward on the graphs of the crime report are not leveled off and headed downward immediately.

The courts and court reform are one element in this picture and an important one, but by no means the only one or the most important.

A poem in an old school book ends each stanza with the refrain that a fence around the top of the cliff is better than an ambulance down in the valley.

Once they have fallen, they should be helped to get back, and the most discouraging part of the new crime statistics is their picture of the ineffectiveness of the criminal justice establishment in doing that job.

Pleasant Fiction

From The Lewiston Tribune

Idaho Power Co. President Albert Carlson's view that Idaho schools are getting better and better every day in every way is a pleasant little fiction.

Carlson told the State Chamber of Commerce meeting at Boise Monday that he is "getting a little tired" of hearing that Idaho schools are far less than they should be and that the state's best teachers are leaving.

Carlson was technically correct to point out that Idahoans have outdone themselves in recent years in providing a higher education for their schools.

But Carlson must know that it is almost irrelevant to compare the Idaho schools of today with the Idaho schools of yesterday.

Progress in education is definitely relative. For instance, if the quality of Idaho schools is improving by 5 per cent a year, it means that Idaho's schools are 5 per cent better

WASHINGTON — Evidence is accumulating here that Mao Tse-tung's ill-starred "cultural revolution" is now disrupting and delaying Communist China's nuclear weapons programs.

New reports from the mainland detail political turbulence reaching inside Red China's defense agencies. One report relayed from Hong Kong indicates that Premier Chou En-lai has been assigned by Mao to end "factionalism" in those agencies.

While those estimates were initially confined to weapon delivery systems, as opposed to nuclear research and the non-nuclear warheads, the experts

are now commenting that China has not conducted a nuclear weapons test for nearly a year.

Major delays in China's nuclear weapons development could have repercussions in U.S. defense planning, especially with reference to the controversial thin defense line against ballistic missiles.

The thin anti-ballistic missile system (ABM) was originally justified by former Defense Secretary Robert S. McNamara on grounds that it could defend against the sort of missile attack which the Chinese Communists could launch in the mid-

1970s. If China's attacking weapons are being delayed, then perhaps the U.S. defense system could be delayed too.

That argument was pressed in Congress, as recently as last October, by opponents who feared that the ABM system would wreck President Johnson's plans for U.S.-Soviet talks on limiting offensive and defensive missile forces.

The House and Senate were skeptical then about reported delays in Communist China.

New reports will give new credence to the argument, however. The point will surely be pressed again by House and Senate doves when Congress gets around to its annual reauthorization bill early in the spring.

Indications are, however, that Congress will not delay the ABM program unless and until firm and enforceable weapons limitation agreement is reached with the Kremlin.

President-elect Nixon is a supporter of the ABM system, in part because he believes that the U.S. is not likely to be swayed by delays, however well authenticated, in Chinese missile programs.

They see the building a brick towards a defense line against Russian missiles if such a system should later be required.

Pentagon officials agree that the thin anti-ballistic missile system could be expanded in that fashion if defense against Russian missiles becomes feasible in the future.

Important among reports on the progress of Chinese weapons programs is a Canton Red Guard bulletin sent here from Hong Kong. It reports that

Chou En-lai, director of the National Defense Technological Commission, has been a target for Red Guard attacks. According to the bulletin, Chou was required to submit detailed self-criticisms last April directly to Mao Tse-tung himself.

The bulletin also carries a devaluation of a meeting in Peking between Chou and leaders of political factions in the Technological Commission and other defense agencies.

Red Guard attacks. Chou is quoted as saying he had been assigned by Mao to root out factionalism.

The premier, according to the bulletin, told the all-night session that the political dispute could not be allowed to drag on.

He indicated that production in the agencies was lagging and he said the matter was viewed as urgent.

Nieh has a handful of important posts in most of the Kremlin leaders. He is a member of the Politburo and of the Military Affairs Commission.

He is a vice premier. The bulletin accounts of how he tried to dominate the Technological Commission by denying membership to his factional opponents.

Nieh was started by Mao to purge his opponents from the party hierarchy. So far, at least, the purge has not been given the victims of that top-level purge.

George C. Thosteson, M.D. Low Blood Count

Dear Dr. Thosteson: Will you try to explain the fact that one can have high blood pressure and at the same time have a low blood count?

Since I don't know what you told me, I can hope it is a simple answer from me won't confuse things.

The two conditions have nothing in common. High blood pressure means just what it says: the blood is under higher pressure than normal.

After all, the blood is being forced by a pump (the heart) through a complicated system of "pipes" (the arteries).

Your sister has to do nothing more than sprinkle the lawn with garden hose water as an example of it.

There are causes of high blood pressure quite aside from the narrowing of an artery. Blood may have more difficulty flowing through the kidneys or other organs.

High blood count is another matter—entirely different. Just what it says. Normal blood will have a certain number of red and white cells.

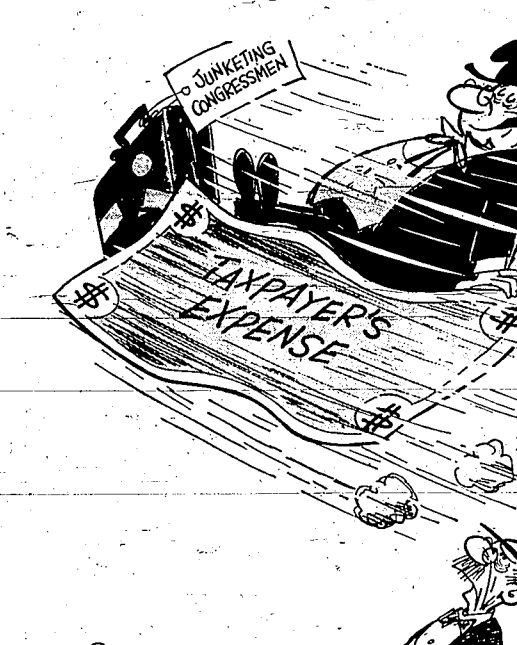

The one most frequent significance is the number of red blood cells. This runs in the millions per cubic millimeter.

It is impractical, of course, to count that number. Instead, a tiny sample of blood is placed under a microscope and the number is given.

A low blood count means anemia, which may be from slow loss of blood, from faulty diet, from various disease conditions.

A low blood count, then, is an indication of the quality of the blood. You can have good blood (or poor) and have low blood pressure, or high.

Magic Carpet

RAY CROMLEY

Are We In A Bind In Paris?

WASHINGTON (NEA) — It may be that in the past two weeks Hanoi has put us in somewhat of a bind in Paris.

To get an idea of what Hanoi may be aiming at, it may be profitable to see how North Vietnam's current actions fit with past Hanoi statements and classical Mao Tse-tung-Chi Minh tactics.

A month or so ago top Hanoi let visitors to Hanoi know they aimed at getting to President Johnson before election day.

Once the bombing was halted, they believed the next president (they were expecting Nixon to win) would find it impossible to resume the attacks on the north.

Thus battles lost, as during Tet, were "victories" because Americans and many South Vietnamese believed the north-ers had won.

To demonstrate that the United States has been "defeated" it is necessary to convince the world that the bombing halt was forced on the United States and that it was unconditional.

This could best be done by openly defying the conditions the Americans insisted were part of the bargain.

Therefore, the postbombing halt attacks on 33 or so cities, towns and other key points. Thus, too, the deliberate violation of UN demilitarized zone in recent days.

By Mao-Ho theory, these attacks would also be forcing the U.S. hand. Johnson could break off the conference and face a public reaction in the United States and around the world.

BRUCE BLOSSAT

Nixon's Tight Inner Circle

WASHINGTON (NEA) — Despite several published accounts to the contrary, President-elect Richard Nixon's inner White House circle will be the key guiding force in directing the course of his administration as it unfolds after next Jan. 20.

It is understandable that some sources in the Nixon camp should wish to de-emphasize this prospect, since men who soon may be joining the Nixon cabinet might not care to read that their authority as department and agency heads may be circumscribed by the decision of a bunch of bright 20-year-olds who never met a payroll or ran for office.

Nevertheless, the relatively new power and influence gained by the president's inner circle of advisers in recent administrations is almost certain to be maintained, if not actually expanded, by the Nixon government.

Source close to him make this utterly clear. To some extent, the published stories tend to give a false perspective. White House control over dealing with a straw man.

They stressed that Nixon would have no Sherman Adams, chief of staff to President Eisenhower, who lightly controlled the flow of policy matters and men to and from the White House.

There has been no Adams in subsequent administrations and his type is rare.

It is a good bet, then, that Nixon will have no Adams. The stories were further misleading, however, in accepting questionable assurances that Nixon's top echelon of White House aides will be "co-equal."

Even if that were a determined intent on Nixon's part, the knowledge varying quality of performance among the top assistants is considered by experts on White House staff operations as a serious problem.

Until they have begun to perform in the White House setting, there is absolutely no way of being sure who those men will be in the Nixon entourage.

It will not particularly matter, however, whether or not Nixon holds his White House operations and advisers to a smaller number than President Johnson's record total. The question of importance will be what they do.

Official City and County Newspaper... Published daily and Sunday at 130 Second Street West, Twin Falls, Idaho, 83201, by Magic Valley Newspapers.

Solon Asks Exclusion Of Powell

WASHINGTON (AP) — A member of the select committee that originally investigated Adam Clayton Powell says the House should consider barring the Harlem congressman again.

Wisconsin Republican Vernon W. Thomson also questioned in an interview whether the House would obey a Supreme Court order to seat Powell.

"If it should rule that Powell should be seated, it would create a very serious constitutional impasse," Thomson said.

Thomson, who said he was surprised when the high court agreed earlier this month to hear Powell's appeal, added that Congress has the right to judge qualifications of its members.

Thomson said no move is underway to bar Powell, overwhelmingly rejected Nov. 5, from the next Congress.

"But," he said, "it seems that Congress which is talking about improving its image and its ethics would give serious consideration to seating a member who has been charged by a select committee of that body with conduct which is highly unethical if not something more serious."

The select committee recommended in 1967 that the House seat Powell but ensure him and require payment of \$40,000 he allegedly misused for personal expenses.

The House, however, overrode the committee recommendation and excluded Powell from his seat in the 9th congress and stripped him of all seniority.

Later that year Powell won a special election to fill the vacancy, but never presented himself for seating.

The Supreme Court agreed Nov. 18 to hear Powell's suit with the new allegation that he acted unconstitutionally when it excluded him.

At the time, Powell said he did not think Congress would resist his taking the case to the Supreme Court.

After the Nov. 5 election Powell said he would take his seat in the new Congress even if the 22 years seniority, which had made him chairman of the House Education and Labor Committee, were not restored.

Washington Seeks To Sell Wine In Stores

SPOKANE (AP) — The 1969 Washington legislature is expected to get a retroactive bill allowing sale of California wines in Washington grocery stores.

The 31-member Legislative Council gave its stamp of approval to the measure during an all-day meeting.

The council rejected proposals to reorganize the state government's executive branch and allow the governor to appoint four department heads now elected by statewide vote.

The so-called "California Wine Bill" was recommended by the council's committee on commerce and industry. It would amend existing Washington liquor laws to permit the sale of out-of-state wines in retail establishments such as grocery stores.

Under current law out-of-state wines can be bought only at state liquor stores.

The council said an amendment into the bill which would authorize the state to collect a 26 per cent tax from retail establishments selling wine.

The proposed executive branch reorganization and elimination of certain elective offices failed by narrow margins to receive the council's approval.

The bills called for amending the state constitution to allow the governor to reallocate the functions of principal departments and agencies of the executive branch. The reorganization would be subject to the approval of the legislature.

A companion bill envisioned the elimination of the secretary of state, state treasurer, superintendent of public instruction and his clerical officials.

The governor would have been authorized to transfer the functions of these offices either to other agencies of state government or to appoint the four department heads.

The new plans would make a financing pool optional for the faculty. The pool would be built if money is available later.

The 1968 CLINIC CONCERT presented by the District 4 Music Educators of Idaho was held Saturday evening at the Twin Falls High School Gymnasium. Harold Mealy, left, chairman music department, Idaho State University, conducted the combined high school orchestra. A list of such planned improvements is available at the library and interested individuals and organizations are invited to help secure some of these "needed" items.

The concert was a 150-member band and a 300-member chorus composed of students from all of the Magic Valley high schools. The band was directed by David Sellar of the University of Idaho and the chorus by Donald Carey of the University of Montana.

School Needs Pondered Legislators Cite Fund Needs

BY BUD JORGENSEN
BOISE (AP) — Legislators, by a margin of about 4-1, put educational financing at the top of the list when asked what they considered to be the major problems for the next legislature.

The problem of fitting state agency funding requests into projected revenue was listed by virtually every legislator responding to an Associated Press survey.

Indications are that the agency requests amount to about 15 per cent more than the amount of revenue projected for the next biennium.

Property tax equalization was another topic frequently mentioned. Rep. Alvin Joslyn, D-Steunenberg, called the present setup an "inequitable tax structure, the worst in the history of our state."

Advocating for higher education was also mentioned and one legislator said "avoiding a lassie among our colleges" will be a major problem.

The addition of Boise State College to the state system has increased the potential for fierce competition between institutions for funds and programs.

Problems at the State Penitentiary, the high highway death toll, a need for revision of the election code and personnel commission legal problems were among other issues mentioned as major problems.

The Penitentiary has had a high escape rate and a legislative committee has proposed a change in the administrative structure at the prison. The recent dismissal of the warden adds fuel to the fire.

Rep. John Edwards, R-Council, a medical doctor, says "a solution to the problem of the intoxicated driver must be found."

The problems raised by the third-party presidential candidacy of George Wallace and by initiative petition drives this year point up a need for study of election laws.

The firing of State Meat Inspection Supervisor Dr. C. H. Kennedy and his reinstatement by the personnel commission have raised questions in some legislators' minds about the operation of the new personnel act.

71 Years Of Service Is Recognized

RUPERT — Seventy-one total years of service to the LDS Church was recognized during Youth Leadership Achievement Awards ceremonies last week in Rupert.

High Councilman Clyde Coats presented 10 stakes workers with the awards, which total the 71 years, during the regular Minkola Stake Leadership meeting Tuesday.

Receiving the awards were Lea Seovil, 11 years; Iva Lou Badger, 10 years; Francine Condie, 10; Olive Atwood, 10; Marjorie Stapleton, 9; Arlene Koyke, 7; Mildred Thain, 4; Mildred Egbert, 4; Beatrice Chugra, 3; and Zina Lindsay, 3 years.

The award ceremony, presented to MIA students upon the completion of certain requirements.

Statue Of Deer 'Camouflaged'

GREENVILLE, Mich. (AP) — Mrs. Elwood Crawford has taken precautions to prevent anyone driving north from Greenville from making a mistake during deer hunting season.

A statue on her lawn, directly in front of a picture window, is draped in a house coat and has a man's shirt thrown over its head.

The statue is of a buck deer.

Buhl Library Addition Results From Bequest, Community Aid

By PAULINE DAY
Times-News Correspondent

Buhl—Community effort has resulted in a new addition to the Buhl Public Library.

The expansion and remodeling program now under way will provide a workroom of the size required for efficient operation, a combination magazine room and public meeting room to seat 30 or more for film projection. The reference room will provide space for audio-visual aids. A new heating and air conditioning unit has also been installed.

The need for the addition to the library came when the late Rollie Homing stipulated in his will that the interest from an invested \$50,000, or approximately \$4,000 per year, was to be for the use of the Buhl Public Library board for the purchase of books.

This made possible the purchase of 700 or more new books annually. The bookstock of 12,645 filled the available shelving and it was necessary to provide additional shelving immediately.

Sen. John M. Barker advised the Buhl City Council that part of Idaho's funds, allocated under the Federal Library Construction Act, had been earmarked for Buhl library construction in a 60 per cent matching grant for up to \$15,000. Based on an estimated total cost for expansion and repairs of \$25,000, this left \$10,000 to be raised locally.

The first payment from the federal grant for library expansion has been received in the amount of \$8,000. The building program is progressing and the

library has been able to maintain regular hours for patrons. Because the original building available for the library addition, some items were deleted with the hope that future bequests and donations would be applied to a continuation of the building program on a long term basis.

A list of such planned improvements is available at the library and interested individuals and organizations are invited to help secure some of these "needed" items.

Mrs. Al Karaloff, librarian, from private sources and the announced that a \$50 annual grant by the Buhl Veterans of Foreign War post for memorials was designated for the library addition, 1008 copies of the Buhl Herald supplied to the library by the publisher.

The library is in need of other items of equipment for the additional space required to accommodate the expanded program made available from the Homing bequest.

The matching funds were made possible through pledges from private sources and the

Spring Semester Registrar Starts Monday

Jerry Meyerhoeffer, director of admissions and records for the College of Southern Idaho, announced that pre-registration for the spring semester began Monday.

Registration will be at the Shields academic building on the campus from 9 a.m. to 3 p.m.

Mr. Meyerhoeffer said that many classes have been incorporated into a block schedule which will enable students to take a course one night per week.

Final class schedules are available at the academic building or at the administration office at 149 Third Ave. E.

Tourists To Flock To Idaho

By ALLEN M. BAILEY
Associated Press Writer

BOISE (AP) — Early snow and increased promotion of season attractions likely will mean a record number of tourists in Idaho this winter.

Louise Shaddock, executive secretary of the Department of Commerce and Development, says many accommodations in the Sun Valley resort area are already booked solid for weeks.

That, she says, is a good indication that the winter picture will be bright across the state.

Two airlines have added special flights to handle the expected increase in tourists. They annually fly to Sun Valley and other Idaho skiing areas. The Sun Valley slopes open next month.

Bob Loughrey, manager of the Bogus Basin ski area 16 miles north of Boise, said prospects are good for a record winter season.

One more good storm is all that's needed to enable the popular Southwest Idaho ski area to lead the nation.

Reservations at Bogus have been made by 226 people for 1,045 hours of skiing already. He said 174 of whom will be in Boise during the Christmas holidays.

Most of the out-of-town skiers at Bogus come from Salt Lake and Seattle, Loughrey said.

Brundage Mountain, a ski area north of Boise near McCall, has already opened for the season.

Schweitzer Basin and Jackass Ski Bowl, North Idaho ski areas, have not opened. Their skiers come from the Spokane area, Montana and other northern states, as well as Idaho.

Don Cooper, district manager for Air West, predicted "the biggest winter tourist season for Air West and Idaho in our history."

He said his line had added two prop-jet flights daily from Salt Lake to Twin Falls, principally for California skiers bound for Sun Valley. The service will be expanded to Boise during the Christmas holidays.

He said his line had added two non-stop buses to the resort, about 85 miles north.

Air West has also added ski pods to the tail sections of its "mini-liners," so the light twin-engine aircraft can carry skis outside the cabin and more passengers inside.

United Air Lines has added direct jet flights each week between Los Angeles and Boise.

District manager Al Cox said, "United flights connect with several air taxi services in Boise for Sun Valley, a fast bus to the resort or with buses to Bogus Basin."

"Idaho has so much to offer," Cox said. "It's just really beginning to be born. The fat of winter tourism is concerned."

Snowmobile races are also drawing increasing numbers of persons to Idaho from adjoining states, especially in North Idaho.

The Idaho State Snowmobile Championship race at Muller draws skiers from Washington and Montana.

Cameraman Dies In Plane Crash
RITZVILLE, Wash. (AP) — An award-winning news photographer, Edward W. Gilkey, 34, of Spokane, died Sunday when the Cessna 150 he was piloting crashed near Ritzville during a snowstorm.

Washington State Trooper reported Gilkey had left Spokane at 10 a.m. on a flight to Boise, Idaho. The Spokane Review reported the crash at the last leg of his return flight when the crash occurred.

Gilkey, an experienced pilot and an accomplished aerial photographer, reportedly was in the process of completing requirements for obtaining a commercial pilot's license.

He had worked for The Spokesman-Review since 1955 and had won numerous awards for his photography. His wife and two daughters survive.

Communists Kill 10 In Thailand
BANGKOK (AP) — Communist terrorists killed 10 men and wounded two others in an attack on a military training camp in northern Thailand. Premier Thuanon Kittikachorn said today.

The premier said the attack occurred last Wednesday. He said the guerrillas shot two sentries and sprayed the camp with automatic weapons fire.

The premier said reinforcements were sent to the area but reported no contact with the guerrillas. They were said to be in Thai territory.

PROBING DIRECTLY INSIDE the human heart, a Japanese-devised camera can take color pictures of the heart's action. A fiberoptic tube is attached to the camera, on right above. The tube, about a yard long, is inserted into the heart through arteries and veins. The tip of the tube can be seen in the middle picture, taken from an X-ray of the subject. On left is a photo of the interior of an artery taken by the camera. The camera was developed by two heart surgeons at Hokkaido University. Allowing either motion or still pictures, the camera is also equipped with a special device that provides good pictures through blood. The surgeons have used it on five patients since last July, after extensive animal testing. Previously, the only way to examine the heart was by X-ray examination or insertion of catheters during the preliminary phases of open-heart surgery. (AP Wirephoto)

Blood Cholesterol Boosts Smoke Harm

MIAMI BEACH, Fla. (AP) — High blood cholesterol seems to increase the cigarette smoker's risk of getting lung cancer, a new study reports.

Cholesterol is a fatty material given major blame for clogging arteries and bringing on heart attacks. Its linkage with lung cancer is new.

The evidence comes from cancer-death rates among 876 men who were smokers and were 40 to 59 years old nine years ago when a long-term health study was begun among employees of a gas company in Chicago.

The study is being conducted by Dr. Jeremiah Stamler and associates of the Chicago Health Research Foundation. Dr. Stamler presented the findings Sunday to the American Heart Association.

He said 354 of the smokers had blood cholesterol levels of less than 225 milligrams, another 342 men were in the 225-274 milligram range, and 180 were in the high range of 275 milligrams or more.

Those in the highest brackets had a death rate from lung cancer more than seven times greater than the low group, or 77 per thousand compared with 9 per thousand. Dr. Stamler said. Men in the middle group in blood cholesterol had a death rate more than three times higher, or 18 per thousand, than the men with low cholesterol.

Snow Makes Idaho Travel Hazardous

By The Associated Press

Snow was reported in many sections of Idaho today with travel hazardous on some highways. The highway and law enforcement departments listed these road conditions:

U. S. 85 — White Pine, Craigmont, broken snow floor, drifting; Grangeville, Cuddeback Hill, broken snow floor, snowing, drifting; Moscow to Genesee, fog, snowing; Plummer, icy spots; Council to Mesa Hill, Midvale Hill to Weiser, Marsing to Oregon border, icy spots, U. S. 89 — Harvard Hill, snow floor; St. Maries to Santa, broken snow floor.

Interstate 15 — Fourteen of July Canyon, snowing; Kellogg to Wallace, icy spots, snowing, chains advised.

U. S. 12 — Lolo Pass, snow floor, chains required.

Idaho 55 — Banks Canyon to New Meadows, snow floor, snowing; Horseshoe Bend Hill, icy spots, snowing.

U. S. 93 — Shoshone, icy spots; Tule, Galena to Stanley, snow floor, snowing; Lost Trail Pass, snow floor; Salmon, broken snow floor.

Idaho 46-68 — Fairfield, broken snow floor, snowing.

U. S. 83A — Challis to Willow Creek Summit, broken snow floor, snowing; Mackay and Craters of the Moon, snow floor, snowing.

Idaho 21 — Mores Creek to Idaho City, broken snow floor, snowing; Idaho City to Lewiston, snow floor, snowing.

Idaho 71 — Brownlee, broken snow floor; Swan Valley, broken snow floor.

Idaho 21-32-32 — Broken snow floor.

Idaho 28 — Gilmore Hill, icy spots, snowing.

Three Die

By The Associated Press

Idaho's traffic death toll jumped toward last year's record total during the weekend, as three persons died in two southern Idaho accidents.

The deaths brought the toll to 268—two ahead of last year's on this date and only eight short of the record 276 persons killed last year.

Jackie L. Cooper, 25, Mountain Home, was killed early Sunday when his car was struck from behind on Interstate 80N, 16 miles west of Mountain Home.

A one-car roll-over Saturday killed Ralph B. McCaulley, 57, and Mrs. Celesta D. Ellsworth, 73, both of Eden, Idaho. The car, driven by McCaulley's wife, Enid, went out of control and left Interstate 15W at Raft River.

Mrs. McCaulley, 55, was injured and hospitalized in Burley.

Another Idahoan died in a traffic crash Saturday near Fruit, B. C., about 350 miles east of Vancouver. She was Monica Brown, 26, of Bonner's Ferry.

The population of Japan is now about 97,190,000.

EMPLOY MOST NURSES
The Veterans Administration is the largest single employer of nurses in the United States. About 15,000 of the approximately 500,000 professional nurses in the nation work in its capacity, according to the Encyclopedia Britannica.

Utah Traffic Toll Soars As Seven Die Over Weekend

By The Associated Press

Traffic accidents killed seven persons in Utah over the weekend, four of them pedestrians. The highway patrol said Lucille Graham, an elderly Cedar City resident, was struck and killed late Sunday night as she walked across Main Street in Cedar City.

Troopers said Patrick A. Dower, 19, Cedar City, told them he swerved his car to avoid the woman, but she ran right in his path in attempting to dodge the vehicle.

William Patrick Kibbler, 20, Salt Lake City, was killed Sunday as his high-performance car tore out of control and rolled eight times on a thoroughfare in southeast suburban Salt Lake.

A passenger, John R. Reif, 19, Salt Lake City, suffered serious back and shoulder injuries.

Manuel Reberano, 46, Brigham City, was killed late Saturday night when he was struck by a car while crossing an Ogden street.

Earlier in the weekend, accidents killed two persons in single-car smash-ups and two other pedestrians.

The Utah traffic toll stood at 253, same as last year on this date.

EMPLOY MOST NURSES
The Veterans Administration is the largest single employer of nurses in the United States. About 15,000 of the approximately 500,000 professional nurses in the nation work in its capacity, according to the Encyclopedia Britannica.

Peace Corps To Return After Being Ejected
CONAKRY, Guinea (AP) — For the first time the U. S. Peace Corps is going back to a country from which it was ejected. President Sekou Toure of Guinea, who threw out 63 volunteers two years ago, has agreed to a new program.

Toure and Henry Norman, special counsel for the United Auto Workers and a Peace Corps director who was placed under house arrest in 1966 and later expelled, met Saturday to discuss a program in which 31 volunteers who are mechanics will participate.

The Peace Corps expulsion in 1966 followed the Ghanaian government's kidnaping of Guinean Foreign Minister Louis Lansano Beavogui. He was taken from a 747 American airliner that landed in Accra, Ghana en route to Flihome, and Toure blamed the United States for causing it to be an Air-Rena 63-114.

Later Toure invited Norman to the 1977 Dr. celebrations, and Guinean officials began discussions with Peace Corps officials on a new program.

Oven-Barbecued Chicken Is Favorite

Whoever invented the first oven meal sure started a great thing going. Not only do these skillfully lime-engineered meals easy for you to prepare, but they're also geared to the cooking experience and appetite of many (est-gee) gals who have taken on the lion's share of the supper preparation responsibility in many families.

Early in the evening or the night before, if you wish, make a molded gelatin salad and put together the Country Spinach-Casserole, a heavenly vegetable dish that features rice and Cheddar cheese, and French Bread In-a-Jiffy, so easy to make from refrigerated biscuits. Cover the casserole and bread tightly and keep refrigerated till time to bake. Of course, both oven dishes can be prepared just before cooking, too — whichever suits your schedule best.

Start the chicken baking about an hour and a quarter before you wish to serve dinner. Then make the pudding and put it into the oven.

Now mix up a spicy, tomato-barbecued sauce from canned tomato sauce, soy sauce, brown sugar, mustard and garlic. Velvety tomato sauce blends so smoothly with the other ingredients.

After the chicken has baked for 40 minutes, pour on the barbecue sauce. Put the spinach casserole in the oven to bake. The bread goes in the oven now, too.

Now all you have to do is set the table and wait for dinner to be ready!

Country Spinach Casserole
1 package (10 ounces) frozen chopped spinach, thawed and drained.
1 cup cooked rice
1/2 cup shredded Cheddar cheese
2 eggs
1/2 teaspoon salt
1/2 teaspoon pepper
2 tablespoons fresh bread crumbs
1 tablespoon buttery flavor oil or melted butter or margarine

Combine spinach, rice and cheese in oiled 1-quart baking dish. Beat eggs, salt and pepper; stir into spinach. Toss crumbs with buttery flavor oil; sprinkle over casserole. Bake at 350 degrees for 35 minutes. Makes four servings.

French Bread In-a-Jiffy
2 packages (10 biscuits each) refrigerated biscuits
1 egg, slightly beaten
2 teaspoons sesame seeds, if desired

On ungreased baking sheet arrange biscuits on edge in two rows; press together to form loaf. Lightly pat ends to taper slightly. Brush with egg and sprinkle with sesame seeds. Bake at 350 degrees for 35 minutes.

OVEN BARBECUED CHICKEN
1 broiler fryer (2 1/2 to 3 pounds) cut up
2 cans (8 ounces each) tomato sauce
1/4 cup soy sauce

IF YOU APPRECIATE efficiency and your family loves good food, you'll all like this easy oven meal. The menu features Oven-Barbecued Chicken, Country Spinach Casserole, French Bread In-a-Jiffy and Apple Spice Pudding.

2 tablespoons brown sugar
2 teaspoons prepared mustard
1 clove garlic, crushed
Place chicken in shallow baking dish. Bake at 350 degrees for 40 minutes. Meanwhile, combine remaining ingredients; pour over chicken. Bake 35 minutes more. Makes four to six servings.

APPLE SPICE PUDDING
1 1/2 cups sugar
1/2 cup buttery flavor oil or pure vegetable oil
1 egg
1 1/2 cups sifted all-purpose flour
1/2 teaspoon baking soda

1 teaspoon salt
1 teaspoon cinnamon
1/2 teaspoon nutmeg
4 cooking apples, pared and chopped
Ice cream, if desired

Cream sugar and oil; beat in egg. Sift flour, baking soda, salt, cinnamon and nutmeg into sugar mixture. Stir just until mixed (mixture will be dry and crumbly). Mix in apples. Turn into oiled 9-inch square baking pan. Bake at 350 degrees for one hour. Serve with ice cream, if desired. Makes four to six servings.

Annual Holiday Ideas Luncheon Held By Council

Members of the Twin Falls County Extension Homemakers Council met recently at the YM-YWCA building for their annual holiday ideas luncheon. Mrs. C. J. Boss, council president, conducted the business meeting prior to the pollack luncheon. Reports of the State Homemakers Convention held in Coeur d'Alene in October were given. Mrs. Robert Norris, state health chairman, who conducted the seminar on immunizations during the convention, gave the health report. Others reporting were Mrs. John Hayes, international relations; Mrs. Delbert Clumpp, cultural arts; Mrs. Joe Krepek, safety; Mrs. C. J. Boss, citizenship; Mrs. Don Dean, family life; and Mrs. Alice Reed, extension agent, gave a report on the talks at the luncheon and banquets.

Twin Falls County received an award for its bicycle safety program. The state convention for 1969 will be held in Idaho Falls and the clubs are urged to send one representative or more to this convention.

The next council meeting will be a luncheon Jan. 13 at the Holiday Inn. All club presidents, officers and committee chairmen of the council will give their annual reports. The program will be given by the council health chairman and all club health chairmen are asked to attend.

An excellent array of holiday decorations, pins and good things to eat were on display. After the luncheon some of the club members gave demonstrations on how to make one of the articles from their display.

New Instant Sewing book — shows you how to sew it today, wear it tomorrow. Over 600 pictures. Only \$1.

Dear Abby

BY ABIGAIL VAN BUREN

DEAR ABBY: I am a Catholic woman who would like some kind of explanation for the following: How can Cardinal Cushing "excuse" Jackie Kennedy for marrying a divorced man whose wife is still living? I was a good Catholic, and also a widow, and for this I was excommunicated. From the Catholic press, I learned that Jackie Kennedy is a nun better than no or a thousand other good Catholic women who married a divorced man whose wife is still alive?

With my own ears I heard Cardinal Cushing say, "Jackie Kennedy may marry anyone she wishes." Then he went on to say this is no "public sinner."

Then I'm no "public sinner" either. After I heard Cardinal Cushing, I went right to my Catholic priest, demanded to be let back into the church, and I was told it wasn't possible.

I suppose if you have the kind of nerve that the nuns have, you can buy anything, but I never knew a person could buy himself back into the church. Please answer this in your column as I sure there are a lot of Catholics in the same boat who would like to see your answer. Sign me "ONE OF MANY."

DEAR ONE: Richard Cardinal Cushing, Archbishop of Boston, said, and I quote, "I said, 'Why can't Mrs. Kennedy marry whomever she wants to marry?' The idea that she will be excommunicated or that she is a public sinner is a bit of nonsense."

I presume that whoever reported my remarks would have said, "I mean Mrs. Kennedy could marry anyone she wanted but not within the church."

Let me tell you that if marriage was invalid, she could not receive the sacraments of the Catholic Church, but that she could participate in the liturgy, namely the mass, for example. And that she could continue all the private devotion she had as a Catholic.

"What is wrong with that advice? Thousands in this archdiocese of over two million Catholics have received similar advice. Among them, my own sister who married a Jew. They lived together in perfect peace and harmony for over 30 years."

DEAR MISS VAN BUREN: By her recent marriage to Aristotle Onassis, Jacqueline Kennedy, according to the law of the Catholic church has forfeited her right to receive the sacraments of penance (confession) and the eucharist (holy communion).

Cardinal Cushing's recent communications asking the public not to judge Jackie too harshly should not be construed as "permission" for Jackie to marry a divorced man whose wife is alive, and still receive the sacraments. The Cardinal has no power to grant Jackie immunity from the rules of the church on marriage.

When Cardinal Cushing said that Jackie could marry whomever she wishes, he meant that no one, not even a family friend such as himself, could prevent her marrying Onassis if she chose to do so. When he saw that her mind was made up, he did not attempt to dissuade her.

It is eminently unfair for anyone to charge that Cardinal Cushing has a double standard in this matter (one for poor people and one for rich people).

Jackie has entered her marriage to Onassis clearly aware that it is not approved by the church.

Signed, JAMES P. SHANNON, AUXILIARY ARCHBISHOP OF ST. PAUL AND MINNEAPOLIS.

Mrs. Chatfield Hosts Area Club

RICHFIELD — Mrs. C. F. Chatfield was hostess to the North End Club. Plans were announced for a craft food sale. Election of officers will take place at the first December meeting.

Mrs. Edgar Stubbs received the club prize. Luncheon was the afternoon diversion.

Cleveland Wins Sixth Straight; Leroy Kelly Surpasses 1000 Yards

CLEVELAND (AP) — Leroy Kelly, ground gainer, went for 108 yards and caught a 12-yard touchdown pass to Paul Warner in the first quarter.

Denver Overcomes Unbelievable Rally

DENVER, Colo. (AP) — Bobbi Howfield's 12-yard field goal in the 11th minute rescued the Broncos from an unbelievable Buffalo comeback Sunday and gave the Broncos a 34-22 American football League victory.

Colts Stop Vikings For 21-9 Victory

BALTIMORE (AP) — The Baltimore Colts ran up a 21-9 halftime lead and then stifled a Minnesota threat with a crunching goal line stand Sunday to win their 10th in 11 National Football League games.

Ohio Rooters Say Team Is Number One

By The Associated Press
Woody Hayes and the Ohio State student body are in complete agreement as to which college football team is the best in the country.

Late Season Hunting Open In Some Areas

BOISE — Idaho big game harvesting is equal to or better than it was last year in spite of bad weather conditions of some areas.

Cardinals Top Falcons With Late Effort

ST. LOUIS (AP) — The St. Louis Cardinals defense buckled down on a late scoring thrust Sunday to offstage squelch the Atlanta Falcons.

Kings Take Win From Philly Flyers

PHILADELPHIA (AP) — Defenseman Larry Tahm broke a 1-1 tie with his first goal of the season Sunday night to lead the Los Angeles Kings to a 3-1 National Hockey League victory over the Philadelphia Flyers.

New York Nets Take Kentucky

COMMACK, New York (AP) — Tom Browne poured in 19 points to lead a third period rout that carried the New York Nets to a 91-84 American Basketball Association victory over the Kentucky Colonels Sunday night.

It also was Kelly's seventh time over 100 yards this year. The Browns' running back scored on runs of one and 36 yards and threw a 34-yard touchdown pass to Paul Warner, who also caught a 12 yard pass.

Reece Morrison plunged two yards for a touchdown and caught a 29-yard scoring pass from Frank Ryan in the fourth quarter. Dan Cokeroff added field goals of 26 and 28 yards as the Century Division leaders equaled their longest winning streak since 1962.

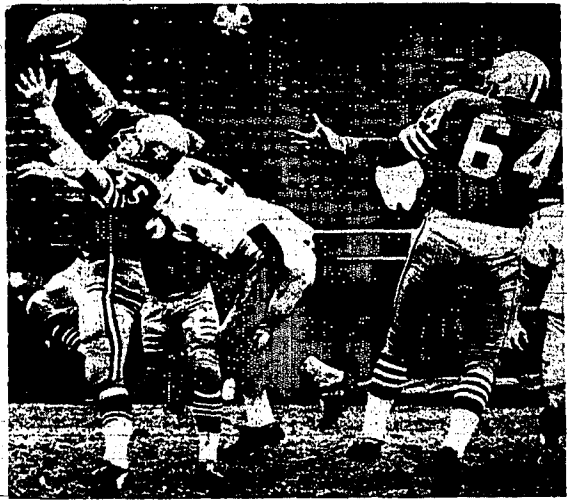

Cleveland cashed in on three interceptions of Norm Sneed and three Philadelphia fumbles. The Eagles had to settle for second quarter field goals of 16 and 25 yards by Sam Baker and a seven-yard touchdown pass from Sneed to Fred Hill on the last play of the game.

Spokane Wins Over Nelson By 4-1

SPokane (AP) — Spokane overcame superlative goaltending Sunday and used second and third period goals to defeat Nelson 4-1 in Western International Hockey League play.

The M. A. P. L. C. Brian Russell ruined goalie Dave Cox's shutout big when he dumped the puck with less than four minutes left in the game.

Spokane's first goal was tipped in by Don Scherz at 17:41 of the second period. Charlie Goodwin, Gail Holden and Tom Rennell scored the three others in the third period.

PERFECT POSITIONING for breaking up a screen pass is displayed by San Francisco 49er linebacker Mott Hazelline as he leaps to avert a Dick Shanker completion to Dick Hoak of the Pittsburgh Steelers. The 49ers romped over the Steelers easily. (AP wirephoto)

18 Girls Seek Gooding County Junior Miss Title At Pageant Set Nov. 30

GOODING — An evening of outstanding entertainment is in store for all those attending the annual Gooding County Junior Miss Pageant Nov. 30 at Gooding. The program is scheduled for 8 p.m. at Frann Junior High School, under sponsorship of the Gooding Jaycees.

Chairman Dave Smith said the contestants of which there are 18, are holding rehearsals to help prepare them for entry in the state contest. Each girl will present a talent number at the program, in addition to appearing in sports attire and evening gown.

Jim LaGrone, Castleford, is assisting the Jaycees with the programming for the third year. Judy Driscoll, Twin Falls, is coaching the girls on poise and appearance. This is her second year of assistance to the program. Larry Taggart, Good-

ing, will be organist, and Gilbert DeKlotz, Filer, will be in charge of lighting.

Assisting with the pageant locally in addition to Mr. Smith will be Duane Maxwell, assistant chairman; Bob Schelske, judges; Lauren Shaver, music; Gary Adams, a waiter; Bill Mink, staging; Dean Bullington, programs and tickets; Don Daubner, props; Gary Major, publicity; and Lynn Stevenson, lighting.

Jay-C-Ettes will be in charge of decorations and the scrapbook. The Junior Miss pageant is not a beauty pageant, according to the sponsors, but is aimed at selecting a young lady who typifies teenage America. Girls must be high school seniors and maintain a B or better average in school.

Contestants include Carla Harbaugh, 17-year-old daughter of Mr. and Mrs. Myron Harbaugh, Gooding. Carla attends Gooding High School, and aspires to be a pharmacist.

Teaching is also the ambition of Karen Low, 17, daughter of Mr. and Mrs. Chester C. Low, Hagerman. However, Karen prefers to be a physical education teacher.

Sue Dalton, 18, daughter of Mr. and Mrs. Richard H. Dalton, Hagerman, hopes to become a fashion merchandiser following her graduation from Hagerman High School.

Patti Gold, 17, daughter of Mr. and Mrs. Dencil H. Gold, Hagerman, is a senior at Hagerman High School, and plans a dramatic career following her graduation.

Executive secretary is the title desired by Leah Geissler, Wendell. Leah is 17 and the daughter of Mr. and Mrs. Carl Geissler, Wendell. She is a senior at Wendell High School.

Elaine Ambrose, 17, daughter of Mr. and Mrs. Neal Ambrose, Wendell, hopes to become a speech instructor therapist following her graduation from Wendell High School.

Kristi Choules, Hagerman, would also like to become a teacher, in the elementary field.

to become a teacher, preferably in the high school area. Susan is 17 and the daughter of Mr. and Mrs. Wayne Fattig.

Mary Lou Hagerman, 17, plans a career as a music educator. She is the daughter of Dr. and Mrs. Richard Hagerman, Wendell, and a senior at Wendell High School.

Donna Baumgartner plans to become a French and English teacher following the completion of her schooling at Gooding High School. Donna, 17, is the daughter of Joe Baumgartner and Mrs. Chris Cobble, Gooding.

Peggy Poulson, legal secretary, would sound just fine for this 17-year-old miss from Gooding. Following her graduation from Gooding High School, Peggy plans to make this her career. She is the daughter of Mr. and Mrs. Blair Poulson.

Connie Gold, 17, daughter of Mr. and Mrs. Ermin Gold, would also like to become a secretary. Connie is a senior at Gooding High School.

Mary Butler likes the sound of "artist" and plans to make this her life work. Mary is 17 and the daughter of Mr. and Mrs. Doran Butler, Bliss. She is a senior at Bliss High School.

Vicki Smith, 17, is the daughter of Mr. and Mrs. Ronald C. Smith, Gooding. Following her graduation she hopes to become a cosmetologist.

Penny Goodman, 18, was homecoming queen at Gooding this year, but lists her life ambition as legal stenographer. She is the daughter of Mr. and Mrs. Leon Goodman, and is a senior at Gooding High School.

Farmers Schedule Minico Meeting

All potato and grain farmers in Southern Idaho are invited to a meeting Tuesday at 8 p.m. at Minico High School.

The NFO potato program will be explained and NFO officials will attend.

Also, grain contracts will be discussed. Farmers are drawing up contracts for grain crops next year, it was reported, and the contract agreements will be discussed.

Stock Broker Speaker At Bankers Meet

SHOSHONE — "Hedging of Commodities" was explained as the new buying and selling in the future program which will be of benefit to farmers of the area. When Robert D. Seibel, Twin Falls, spoke at the Magic Valley Chapter of Banking Administration Institute here recently, Seibel is the registered representative for the Edward D. Jones Co.

This new way of marketing products and maintaining a sure profit will be used more and more and bankers were urged to become more familiar with the procedure.

The Magic Valley Chapter of Bankers meet nine times during the year with the 26 banks in the seven counties all represented.

The dinner meetings are held, with the first one of the season set for husbands and wives as special guests. All programs are geared to further education and of interest to the banking business.

Ferry C. Hadlock, Shoshone manager of First Security Bank, is president this year. Working with him are William C. Flannery, Twin Falls, Fidelity National Bank, vice-president, and William H. McGill, Burley, Cassia National Bank, secretary-treasurer.

President Hadlock said he is pleased with interest shown in the organization by the bank officials of the area and urges support throughout the entire year.

Directors are Gene V. Sorenson, Paul, from Idaho Bank and Trust; Charles Iretan, Wendell, from Idaho First National Bank; Russell Hall, Twin Falls, First Security Bank; and Floyd Blamires, Gooding, from the Bank of Idaho. William C. Flannery is the program chairman of the year.

A meeting will be held on Jan. 16, at the Ponderosa Inn, Burley. Subject of the evening is "What Bankers Ought to Know About This Stock and Bond Business."

The speaker will be Cloyd Goates, Account Executive Merrill Lynch, Pierce, Fenner & Smith, Inc., Salt Lake City. McGill will be the host.

On Feb. 20 the group will meet at the American Legion Hall, Wendell, to hear a talk on "Warehousing" by Bernard J. Pluth, district manager for Lawrence Warehouse Company of Boise.

The "Future Role of Data Processing in Banks" will be discussed by Ray Bingham, manager of Data Processing, Idaho-First National Bank, Boise, at the March 20 meeting in Piler, and on April 17 the group will meet at the R and R

AIRMAN A. C. PATRICK Nugent gives his wife Lucie a kiss during their one-day visit to the Island of Kawaii. They stayed at the Mauna Kea Beach Resort Hotel. The Nugents returned to Honolulu during the weekend, a few hours after this picture was taken. (AP wirephoto)

Call Vietnam

NEW YORK (AP) — The American Telephone & Telegraph Co. has announced plans to introduce station-to-station calling between the United States and Vietnam, effective Dec. 1, under a proposal filed with the Federal Communications Commission.

The rate for the first three minutes on a station call would be \$9. Each additional minute would be \$3. Person-to-person calls would remain the same — \$12 for the first three minutes, but additional minute rates would be lowered from \$4 to \$3.

Security Guards Ring Bride In 'Quiet' English Wedding

BURNLEY, England (AP) — A bride who "just wanted a quiet ordinary wedding" drove to the church Saturday in the same yellow and black Rolls Royce that carried Princess Grace of Monaco to her wedding.

A small army of security guards, white gloves and carrying white umbrellas, surrounded pretty 22-year-old Margaret McNamara as she arrived at the 14th-century parish church here to become the bride of an American she once thought was a 336-a-week hotel clerk.

The bridegroom turned out to be Leo Calig, 27-year-old son of

a wealthy Pittsburgh steelman and Florida hotel owner, Harold H. Calig.

As Leo explained it: "I kept my background secret because I wanted Margaret to accept me for what I am and not for the family money. And she did."

"It's all like a dream," Margaret said after the wedding. "I never imagined anything so fabulous as this."

There will be no dream honeymoon for the couple. They will be back at work Wednesday at the Royal Garden Hotel in London where they met while Margaret was working as a secretary and her husband as a clerk.

PILFERAGE STIRS ALARM
HAVANA (AP) — The newspaper Adelante of Camaguey reported pilferage of tableware from restaurants has reached "alarming proportions" and quoted the National Institute of the Tourist Industry as saying the loss of drinking glasses alone from 13 eating places in October reached 234. It did not mention that drinking glasses are almost impossible to replace in Cuba.

Tax Notices Are Mailed By Treasurer

Ruth K. Jones, Twin Falls County treasurer and tax collector, announced that 17,300 real-property tax notices have been mailed to county residents. The total tax charge is \$4,949,908.05 for the fiscal year of 1968, Mrs. Jones said. This is an increase of \$45,781.82 over the 1967 tax charge.

Mrs. Jones added that Dec. 20 is the deadline set by Idaho law for payment of the first installment.

Taxpayers are asked to bring with them the tax notices when making payments in tax collector's office as it will save time for both the taxpayer and office personnel.

Mrs. Jones said anyone who does not receive a tax notice in the next few days should contact the county treasurer's office.

The county treasurer's office will be open from 8 a.m. to 5 p.m. Monday through Friday.

Accused Deserter Nabbed by Police

An Army deserter was apprehended Saturday afternoon by Twin Falls Police after the man fled from them.

Officers said they learned that James F. Wilson, 22, address unknown, may have been in the area. They were searching for him. Mr. Wilson apparently spotted officers, jumped from his car and fled.

Officers were able to chase him down and take him into custody. The incident occurred about 6:45 p.m. in the 100 block of Harrison Street.

Mr. Wilson is being held for Army authorities.

Guaranteed Audience: The only true measurement of your potential audience depends upon the method of guaranteeing the number of people who receive your advertising message. With the Times-News, as is true with over 1700 other daily newspapers in the nation, circulation is audited semi-annually by experienced field accountants of the Audit Bureau of Circulation. Before you buy advertising in any publication, demand the PROOF of the audience you're paying for.

News Of Servicemen

Army Pvt. Stephen A. Porter, son of Walter L. Porter, 205 Filer W., Twin Falls, completed a vehicle mechanic course Nov. 14 at Ft. Ord, Calif. During the seven-week course, he was trained to repair internal combustion engines and wheel and vehicle chassis components. Instruction was given in the fundamentals of electrical and transmission systems.

Airman Fred Watkins, son of Mr. and Mrs. Willard J. Watkins of Route 2, Twin Falls, has completed basic training at Lackland Air Force Base, Tex. He has been assigned to the Air Force Technical Training Center at Sheppard Air Force Base, Tex., for specialized schooling in aircraft maintenance. Airman Watkins is a 1966 graduate of Twin Falls High School.

BAUGHMAN
A. D. (Danny) Baughman, son of Mr. and Mrs. Arlis-Baughman, Jerome, has been presented the Navy Achievement Medal. The award was made while Petty Officer Baughman was stationed with the Commander Amphibious Force, Pacific Fleet, Coronado, Calif., from Aug., 1966, to Aug., 1968. The citation reads that "Petty Officer Baughman, through his outstanding professional achievements was instrumental in maintaining the force operations section of Commander Amphibious Force, Pacific Fleet, at peak performance in spite of the reduction in personnel and in the increased tempo of operations." Petty Officer Baughman was graduated from Jerome High School in 1964. He attended college for one year at Tennessee-Temple, Chattanooga, Tenn.

Seaman Apprentice Frank L. Cook, son of Mr. and Mrs. Frank L. Cook of 1838 Alturas Drive, has been graduated from nine weeks of Navy basic training at the Naval Training Center at San Diego. In the first weeks of his naval service he studied military subjects and lived and worked under conditions similar to those he will encounter on his first ship or at his first shore station. In making the transition from civilian life to Naval service, he received instruction under veteran Navy petty officers. He studied seamanship, as well as survival techniques, military drill and other subjects.

Maj. Fred D. Hofeldt Jr., son of Mr. and Mrs. Fred Hofeldt Sr., Glenns Ferry, has been assigned as assistant chief medical consultant, professional services directorate, office of the Surgeon General of the Army, following a tour of duty at Tripler Army Medical Center, Hawaii. A native of Rock Springs, Wyo., he was graduated from the College of Idaho, Caldwell, and received his medical degree from the University of Washington, Seattle. His internship and residency in internal medicine were taken at Tripler Army Medical Center where he later became chief. Maj. Hofeldt and his wife live in Wheaton, Md., and have two sons.

S. Sgt. Francis F. Reis, son of Mr. and Mrs. Ralph E. Reis of 610 Adell St., Filer, is on duty at Da Nang Air Base, Vietnam. Spt. Reis, an automotive repairman, is a member of the Pacific Air Forces. Before his arrival in Vietnam, he was assigned to Sheppard Air Force Base, Texas. The sergeant is a 1958 graduate of Gooding High School.

Airman Arthur K. Tyler, son of Dr. and Mrs. K. A. Tyler of Gooding, has been graduated at Keesler Air Force Base, Miss., from the training course for Air Force radar operators. Airman Tyler is being assigned to McClellan Air Force Base, Calif., for duty with the Aerospace Defense Command. The airman, a 1965 graduate of Gooding High School, has studied at Boise State College.

Airman Gary L. James, son of Mr. and Mrs. Meed R. James of 3500 E. 11th, Burley, has completed basic training at Lackland Air Force Base, Tex. He has been assigned to Gooding Air Force Base, Tex., for training as a communications analysis specialist. Airman James is a 1965 graduate of Burley High School.

STUDER
Pvt. Kathleen S. Studer, daughter of Mr. and Mrs. Bruno A. Studer, Route 3, Rupert, completed eight weeks of basic training at the Women's Army Corps Center, Ft. McClellan, Ala., Oct. 18. She received instruction in Army history and traditions, administrative procedures, military justice, first aid and field training.

Warrant officer candidate Larry A. Braun, son of Mr. and Mrs. Ervin F. Braun, Route 1, Shoshone, completed a helicopter pilot course Nov. 8 at the Army Primary Helicopter School, Ft. Wolters, Tex. During the 16-week course, he was trained to fly Army helicopters and learned to use them in tactical maneuvers. He next will undergo advanced flight training at the Army Aviation School, Ft. Rucker, Ala. Upon completion of advanced training he may be appointed a warrant officer.

Mr. and Mrs. J. H. Freeman and Sandra, Mrs. D. A. Brown and Jill Brunzell, Mrs. Roy McHargue and Billy, Mrs. Glenn King and Connie Wike attended the graduation of Nick Freeman, Keith Kolar, Bob Brunzell and Robert Rost from basic training at Ft. Lewis, Wash.

Freeman was one of the five young men in his battalion to receive the physical proficiency award. He received the maximum score of 500 points.

Freeman and Kolar will be stationed at Ft. Belvoir, Va., where Brandon Eaton is stationed. Rost and Brunzell are awaiting their orders.

The BIGGEST DOLLAR'S Worth

any store or business can buy in Magic Valley

Some dollars are "bigger" than others in what they buy to help you stay in business . . . dollars for merchandise, fixtures, overhead.

less subject to the winds of chance. It makes the entire community aware of your store, your values. It builds store identity you can gain in no other way. It informs people of quality and service—not just for now, but for months, years. It anchors you securely in the swift tides of the marketplace.

But ONE dollar is the most critical to continued success, whether you sell apparel or cars, appliances or homes, drugs, food, services, anything.

For unlike other expenditures, the advertising dollar doesn't quit returning you value. It keeps building cumulatively. One ad builds on another, keeps reinforcing your business, your profits.

Newspaper advertising in the T-N moves merchandise fast. Show the value, the price, and the buyer's eye lights up. But the same ad—the same dollar that buys the ad—doesn't stop there. . . .

This is the way newspaper advertising works—especially when you use it consistently. Ask any successful merchant, any consistent advertiser in the T-N.

It keeps ON working. It sells added merchandise not even IN the ad! Because it brings customers to your store who buy more than the advertised item—simply through exposure.

Then ask yourself: can I afford to be out of advertising? That's as bad as being out of merchandise. (Who wants to wait for customers who never come?)

It builds future security for your business by making you

EXTENDS YOUR STORE TO MORE THAN 20,000 HOMES

The TN's daily paid circulation gives you over 70% coverage of all homes in Magic Valley. Makes your merchandise NEWS—immediately! Imagine adding over 20,000 salesmen to your staff—all welcomed in the home.

EVERYONE'S READING MAGIC VALLEY'S BEST SELLER

The T-N Ad Staff has worked with and helped hundreds of businesses over the years to stay in business . . . profitably. We'll be glad to help you plan successful advertising . . . the biggest dollar's worth you can buy in Magic Valley.

Soviets Admit 'Zond' Craft Aim At Moon

MOSCOW (AP) — Soviet Zond flights were made as tests of a manned spaceship to be sent to the moon, Tass said Saturday.

Zonds 5 and 6 made the first flights from the earth to the moon and back. The Soviet Union had not disclosed before that these were dry runs for a manned moon flight.

U.S. space experts had said Zond 5 and Zond 6 appeared to be like the Soviet 3 spaceship in which cosmonaut Georgy Beregov orbited the earth for four days, ending Oct. 30.

The Tass disclosure that the Zond ships are meant to carry men indicated the Soviet Union may be close to trying a manned moon flight, perhaps before the United States launches Apollo 8 Dec. 21.

Zond 6 was brought down in the Soviet Union Nov. 17 after a week-long flight. Zond 5, carrying turtles on board, splashed down in the Indian Ocean Sept. 21.

Tass said Zond 4 also was part of the preparation for a manned moon flight. It had been assumed this was a failure, since nothing was reported about it after the announcement of its launching March 2.

PRESIDENT-ELECT RICHARD NIXON shakes hands with an unidentified girl during a walk in New York during the weekend. The girl turned to an unidentified friend and beamed while Nixon continued his walk. The pictures were taken by AP photographer Harvey W. Georges. Mr. Nixon worked on office nominations on the weekend. (AP wirephoto)

Snow Avalanche Hazard Grows In West

By JOHN KAMPS

WASHINGTON (AP) — The Federal Forest Service reports ever-increasing snow avalanche hazards on ski slopes of the United States.

The warning comes in an 88-page handbook of avalanche forecasting and control measures to be used by foresters in the mountain country.

Once the killer of miners swarming over the hills in gold rush days, the avalanches now are menacing skiers, especially on the high mountains of the West, the booklet says.

"The remote mountain areas of America are the scenes of hundreds, perhaps thousands, of avalanches each winter," the handbook said. It added:

"No man witnesses them, and they have no measurable effect on civilization. But in certain locations which are increasing in number, avalanches and mankind do meet. This creates avalanche hazards — a threat to life and property from the cascading snow."

"The avalanche is a great natural force, not inferior in power to the tornado, the flood and the earthquake. It is not so well known as a destroyer . . . more

because of timing and location than that of potential."

The book notes that avalanches killed hundreds of miners in the West during the late 1800s, and says the dangers are greater today because of winter sports, heavy automobile traffic, mining, logging, railroads, reclamation projects and communication and pipelines.

"The number of skiers in national forests of the Intermountain region has increased two and one half times since 1950," the book says. "The number of persons exposed to danger continues to increase yearly."

The hazard will be high in Alaska during the next few decades, because large sections of the state are first-class avalanche country, according to the Forest Service.

The Forest Service's central collecting station for avalanche

data is at Alta, Utah, where records of avalanches go back to 1874, when slides killed more than 60 persons and virtually obliterated a mining camp.

During the next 35 years avalanches killed 67 more persons in the Alta area, the book says.

Alta, reborn as a winter sports area, is the site of the first avalanche observation and research center in the Western Hemisphere and an avalanche control school. Study stations also have been set up at Stevens Pass in Washington state and Berthoud Pass in Colorado.

The stations interchange results of avalanche control tests.

Way Discovered to Hold False Teeth

BAKERSFIELD, Calif. — A new discovery called Acryline is big news. Users say it fits plates so beautifully they can't believe it. Acryline uses a startling new vacuum principle. It flows on plates and forms an airtight seal. Users say this feels akin to natural teeth. This wonderful feeling lasts six months before repeating. Acryline is at all drug stores.

CHRISTMAS GUNS and Accessories
RED'S TRADING POST

Driver Handed Prison Term

FRESNO, Calif. (AP) — Clifford Salmon, 61, accused of causing an auto accident that orphaned 10 children, has been sentenced to one to five years in prison after pleading guilty to felony manslaughter.

Mr. and Mrs. Robert Morris were killed last July when their car collided with Salmon's. The Salmon car was going the wrong way on a high-speed freeway, police said.

The story of the Morris orphans prompted many offers from around the country to adopt them. A court eventually gave custody to an aunt.

Open House Nov. 30 Will Launch Airline Service

GOODING — Chet Moulton, Idaho Director of Aeronautics, will be guest speaker at the open house of the expanded Sun Valley Airlines in Gooding.

The event is scheduled for 2 p.m. Nov. 30 at the airport. Several other dignitaries from state and county, and local will attend.

Sun Valley Airlines will inaugurate a new service Dec. 2, according to Jim Wilkins, president of the airline. Plans call for initial use of two 20-passenger and two 9-passenger aircraft. All flights will connect with Boise, and they will also serve Pocatello, Idaho Falls, Burley, Twin Falls, Holey, Lewiston, McCall, Moscow and Coeur d'Alene with the air shuttle service.

Sun Valley Airlines has been in operation for several years on a smaller scale, but announced plans in September for the expanded service, following acquisition of controlling stock by a group of Idaho investors.

The operation will continue to be based in Gooding, and will added.

The event will continue to be launched with the open house event.

Bazaar Slated

A country lichen bazaar and chili luncheon will be held at the Twin Falls Episcopal Church Nov. 30, announced Mrs. Harry Peterson, a spokeswoman for the Episcopal Women's Guild.

The bazaar is for the benefit of the guild's youth group, she said. Items, jellies, aprons and small gifts will be sold, she added.

End dishwashing drudgery forever!

DOESN'T THAT SOUND WONDERFUL? Never again a sloshy dishpan — suds up to your elbows — mountains of dishes to dry — (or arguments getting the youngsters to do them). Instead, with a **WHIRLPOOL DISHWASHER**, "doing" dishes is as simple as racking them and flicking a switch. You activate a completely automatic cycle that washes and rinses with great geysers of hottest water, scrubbing and flushing away every bit of soil, then dries each dish, glass, bowl, pot and pan-gleaming clean. (Many families of 3 or 4 find they need run the dishwasher only once a day!)

There's a special cycle too for fine china and crystal. And a rinse and hold cycle, so a small family may wash dishes but once every 2 or 3 days . . .

AND IT DOES DO PANS!

Whirlpool

Portable Dishwasher

Model SRP-50 **\$139.95**

Come let us show you our complete line of WHIRLPOOLS. Compare their styles, capacities, construction and convenience features. Choose the one that best fits your needs and pocket-book. You'll have a whole world of new convenience at your command. Don't you deserve it?

(BUY NOW . . . ENJOY THANKSGIVING DAY WITH THE FAMILY!)
