Report Castigates 'Unrestrained' Police For Riot Violence

By JAMES R. POLK
WASHINGTON (AP) — A government report blaming Chicago police for the bloodshed that marred the Democratic National Convention was welcomed today by people who were on both sides of the epic August street battles.

One somewhat unusual reaction came, however, from the Government Printing Office which refused to reproduce the word "unrestrained" in the four-letter word that appears 82 times.

"Over-all it is an excellent study," said Chicago Mayor Richard J. Daley, who commissioned his own national television report shortly after the convention to defend his city and its policemen.

One of the leaders of the anti-war protesters—whom the report says were the victims of mindless, unrestrained and indiscriminate police violence—said it had "some gratifying aspects."

Daley said the bulk of the Chicago police force rebuffed with responsibility during the five August nights of disorder in darkened parks and downtown streets. He said some policemen have been suspended for their part in the violence and still others face dismissal.

A special task force compiled the report—an almost blow-by-blow account of the ferocity of the battles and the fever of the protesters—for the President's commission on violence, which made it public without comment.

The White House was silent on its reaction to the report. The task force said some police struck down innocent bystanders and peaceful protesters as well as taunting antiwar antagonists.

The response, said the report, "was unrestrained and indiscriminate police violence."

U.S. Planes, Guns Pound North Viets Inside 'Truce' Zone

SAIGON (AP) — U.S. planes and artillery attacked a North Vietnamese position in the demilitarized zone Sunday after two U.S. reconnaissance planes were fired on, the U.S. command said today.

It was the first incident of enemy activity reported since last Tuesday in the six-mile-wide zone that separates North and South Vietnam.

The U.S. attacks in the zone destroyed four bunkers and 100 yards of trenches and set off secondary explosions, indicating ammunition stores were hit, a U.S. spokesman said.

The American planes were not in the American view North Vietnam facility acknowledged an understanding to keep the DMZ free of military activity and refrain from indiscriminate attacks on major South Vietnamese cities in return for the bombing halt ordered Nov. 1.

North Vietnam has claimed that the bombing halt was unconditional and that charges it is violating the DMZ are a "smoke screen to camouflage the intensification of the American aggressive war in South Vietnam and illegal American reconnaissance flights over North Vietnam."

U.S. headquarters also reported that 717 Viet Cong and North Vietnamese troops were killed in heavy fighting on three sides of Saigon in the past week. U.S. casualties were put at 37 dead and 42 wounded, while South Vietnamese casualties were described as light.

In the air war, six waves of American B52s dropped more than 1,000 tons of bombs Sunday and today along an arc north of Saigon.

Flying in formations of six planes each, 36 of the big bombers attacked "infiltration routes and bunker complexes" from 30 miles north of Saigon to just over a mile from the Cambodian border.

'Progress' Noted In Paris Parley

By LEWIS GODICK
PARIS (AP) — U.S. and North Vietnamese diplomats held their first meeting on procedures for the forthcoming expanded peace conference today and U.S. officials said progress towards the two sides made progress.

week, following the arrival of a delegation from Saigon.

U.S. Ambassador Cyrus R. Vance and his opposite on the North Vietnamese delegation, Col. Ho Van Lau, used to discuss complaints about military activities of the other side.

The Hanoi envoy protested that the North Vietnamese territorial acts of war by U.S. bombing far inside North Vietnam territory despite President Johnson's bomb-halt order.

The exact nature of the U.S. protest was not disclosed but may well have dealt with North Vietnamese attacks on U.S. reconnaissance craft and what the Americans say are enemy abuses of the demilitarized zone.

An authorized U.S. delegation source characterized the exchange of protests as serious but added that the atmosphere of the Vance-Lau session was not acrimonious. The two have traded similar protests before.

No Long Line For License Tag Stickers

About 100 people had obtained 1969 license plate stickers in the first hour of business Monday morning, but it was the first time in recent history that a line of stalwart people had waited to be first in line.

Vehicle owners will retain the same number, but they purchased last year and will simply affix the stickers to the lower right hand corner of their old plates.

A steady stream of license sticker customers were filing into the assessor's office Monday morning, but there was not the long line winding through the courthouse corridor as there has been in recent years.

Eight employees, including non-extra employees, are available to sell the stickers.

No extension has been granted by the state and the stickers must be displayed prior to Jan. 1.

The task force had the report printed privately after the GPO refused to put it out without being able to censor it.

The report stated that the final number of injured remains uncertain in the report.

It counts 152 policemen hurt, 49 of them hospitalized.

Southern Idaho Orchestra Clinic Slated Here Friday

Nearly 300 high school students will participate in the Southern Idaho Conference Orchestra Clinic Friday and Saturday in Twin Falls.

This is the first time since 1960 the clinic will be held in Twin Falls. Practice sessions will begin Friday and will climaxed by a combined concert in the new College of Southern Idaho Fine Arts Center at 7 p.m. The public is invited to this concert.

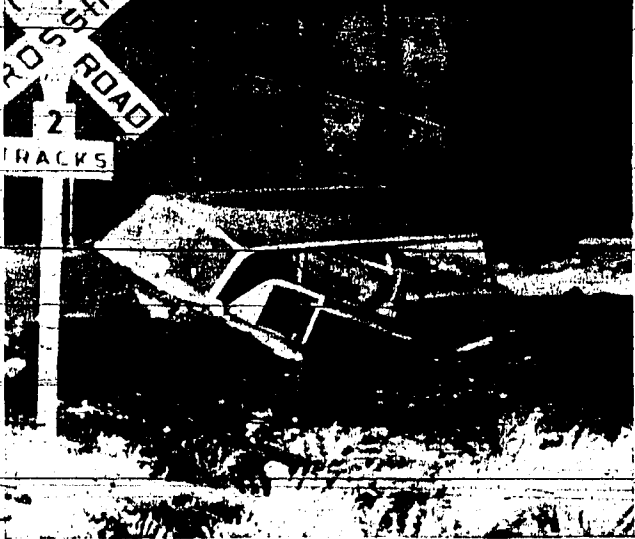

Guest clinician and director will be Ralph Matecky, Utah State University, one of the nation's leading authorities in the school orchestra field.

The six orchestras to be included, along with their directors, are Boise with Howard J. Freeman; Pocatello with J. M. Perkins; Capital and James A. Henry; Nampa and David Higginson; Caldwell with Don Carson; and Twin Falls with Del Slaughter. Individual performances will take place on Friday morning.

The guest clinician will listen and give each orchestra constructive comments and help. Combined rehearsals will then be held for the remainder of the school day Friday and throughout the day on Saturday.

The program for the Saturday evening concert will be selected from the following numbers: "Chorale and Invention" by Bach; "Matesky: 'Unfinished Symphony' (First Movement) by Sibelius; "Tempo and Variations for String Orchestra" by Glazunov; "Hungarian Dance No. 1" by Brahms; "Slavonic Dance No. 2" by Dvorak; "Tchaikovsky and 'Frida's Day'" by Matesky.

Mr. Slaughter, Twin Falls High School orchestra director, is organizing the clinic with John Lawrence, principal, serving as manager. The concert on Saturday is scheduled for 7 p.m. to avoid a conflict with the Twin Falls Jerome varsity basketball game.

FRANK LISH, Rupert, was killed Sunday when his car was struck by a Union Pacific freight train on a crossing two miles from Rupert. The victim was thrown from the car. The driver of the train, R. W. Jackson, said he saw the car stop on the tracks and start to lurch up.

Rupert Man Is Killed When His Auto Is Struck By Train

JULIERT — A 48-year-old Rupert man, Frank Lish, was killed Sunday afternoon when his car was struck by a mile north of Rupert.

Investigating State Patrolman Gordon Mills said the man was killed when he was thrown from his 1960 Ford stationwagon when it was struck by the Extra-220 East engine of a beet train, which was headed north. The accident occurred at the 100-N. 100 E. intersection, Rupert.

A passenger in the Lish, auto, Mrs. Lish, 48, also was injured. She was not thrown from the vehicle, officers said.

Mr. Kyles told officers that the sun was apparently shining in the driver's eyes, causing him not to see the approaching train.

Engineer of the train, R. W. Jackson, 51, Pocatello, said he blew the train's whistle before entering the intersection, but

Survivors in addition to his widow include his mother, Mrs. Stella Lish, Rupert; a daughter, Mrs. Don (Frances) Norton, Mullan; two stepdaughters, Mrs. Irvin (Jackie) Handy, Pert, and Mrs. Joe (Linda) Wolf, Declo; a son, Calvin H. Rupert; one brother, George Lish, Rupert, and eight grandchildren.

The 45th (traffic) death of 1968 in Magic Valley occurred Dec. 1 as the result of an accident in Mountain Home.

The truck driver, Edward Victor Dillion, 48, Kimberly, and four passengers in the Volkswagen are patients at Elmore Memorial Hospital here.

State Patrolman Donald Ikenberry said Mr. Perkins lost control of the Volkswagen when it skidded as Mr. Dillon started to pass in a truck carrying 45 rolls of paper for the Twin Falls Times-News.

Students Assail College Leaders

SAN FRANCISCO (AP) — Dr. S. I. Hayakawa, acting president of the state San Francisco State College, was shoved and pushed and had his cap ripped from his head by jeering students as the campus reopened this morning under a state of emergency. Hayakawa waded into a group of some 150 dissident students who picketed the school. He was surrounded by a group of students for a Democratic Society and tried repeatedly over a student strike had not been called upon and urged students to attend only classes held off campus and to support faculty members who refuse to support the issues. He refused to resume regular class instruction. The Black Students Union, joined by the Third World Liberation Front, called a strike Nov. 6. Demanding the reinstatement of a militant Negro instructor, more courses on Negro subjects and the admission of all Negro students, applicants, regardless of qualifications. After class boycotts by students and teachers and some disorders the school was closed Nov. 22. The Third World Liberation Front represents non-negociants other than Negroes. On Saturday Hayakawa declared a state of emergency, under which police will be nearby if needed, and students and faculty members disrupting classes can be dealt with quickly. He promised due process in all cases, but speedy expulsion of students found guilty, and temporary but prompt suspension of any teachers refusing to teach. Five days of missed classes means automatic resignation by a teacher, said Hayakawa, and the resignation will be promptly accepted.

Sen. Stennis Predicts End Of Viet War

WASHINGTON (AP) — Sen. John C. Stennis says he foresees an acceptable settlement in Vietnam sometime in 1969, even though it will require policing by American troops. "I believe there is a good chance that during the year 1969 we can get some kind of settlement that we can accept," but much hard fighting will be ahead of us yet," said Stennis, D-Miss., who's in line to become chairman of the Senate Armed Forces Committee in January. But it's "realistic to think of us having to stay there with a military force like Korea," for example," he added.

Woman Hurt In Crash On Slick Road

JEROME — Mrs. Elsie A. Craythorn, 27, Jerome, was listed in fairly good condition Monday at St. Benedict's hospital, Jerome, where she was taken Saturday morning following a two-car collision on U.S. Highway 93. Idaho State Police said Mrs. Craythorn was driving a 1966 Comet south on U.S. 93, when she lost control of her car and collided with a northbound 1959 Ford pickup truck and camper driven by Edward H. Cutler, 54, 1032 Maurice St., Twin Falls. Officers said the road was newly covered and slick when the accident occurred about 7:30 a.m. Mrs. Craythorn's car went off the road on the east side and the pickup truck spun around in the road. The camper was thrown from the truck and landed upside down. Mr. Cutler received minor injuries but was not hospitalized. Mrs. Craythorn was charged with failure to keep her vehicle under control and for driving without a driver's license.

Flying Object Seen Monday By Woman

Mrs. W. Z. Riffe, 290 Locust St., doesn't know what it was but she saw it Monday morning from her kitchen window. Mrs. Riffe said between 1:15 and 1:30 p.m. Monday she was standing in her kitchen drinking a glass of water when a bright object appeared in the northern sky. She said she was unable to tell how high or how big the object was, but that it appeared to be about 12 feet across and "went over the telephone lines" near her house. She said the object was sphere-shaped, dark in the middle, but rimmed with a white fluorescent light. The object had a long tail on it, she said. She said the object passed from her view going across the sky.

Nixon To Face Threats Of War

WASHINGTON (AP) — Three dangerous situations threaten President-elect Richard M. Nixon's program for giving the United States new direction in world affairs.

They are the possibility of a fresh outbreak of full-scale war between Israel and the Arab states; a complete breakdown of the Paris talks on ending the Vietnam war; and some new Soviet power play against West Germany.

The Nixon foreign policy program, sketched in only broad outline during the campaign, set forth three major goals: reduction of U.S. involvement in Vietnam; assignment of top priority to European over Asian problems; and creation of a position of strength for summit negotiations with the Soviet Union.

The new president thus will be confronted with the interesting task of striving for achievement of these goals while at the same time trying to avert crises which could block or seriously hamper such achievement.

Senior diplomats rate the danger of a Middle East crisis as the greatest and most urgent situation. Paralyzing United Nations peace efforts, under way for more than a year, appear to have collapsed.

However, failure of the Paris peace talks could pose extremely serious dangers for Nixon, especially the question of whether to resume bombing North Vietnam.

And yet in the long run the most perilous situation may well involve Germany. The Czech crisis points that way.

Soviet leaders blamed West Germany for making trouble in Communist Czechoslovakia which led to the Soviet invasion in August. Now U.S. authorities foresee more Czech-type cracks in the Soviet political system in Eastern Europe. They expect West Germany to be blamed by the Kremlin for a slow accumulation of tensions to result.

The Soviets could, of course, turn the heat on West Berlin at any time—a diversionary tactic. But a more serious assessment in official Washington is for a slow buildup of East-West crisis over Germany during the next three or four years.

Nixon's sense of the urgency of such foreign policy problems in relation to his general foreign and domestic goals is evidently great. He has broken the long mental tradition of isolation from an outgoing administration to buy extra time for his own peace-making hopes.

The unique grant of authority he gave Johnson administration leaders Nov. 11 to speak on foreign affairs for the incoming administration along with the outgoing—presumably was justified in his judgment by the importance of what might be achieved.

Nixon was critical of Johnson foreign policy during his campaign against Vice President Hubert H. Humphrey. But he had responded favorably to President Johnson's offer of information on the peace negotiations; the total ban on bombing of North Vietnam; the related agreement to expand the Paris peace talks; and other foreign developments. Thus there was a basis for his decision to endorse

Johnson's strategy in critical areas of foreign policy as soon as he was elected.

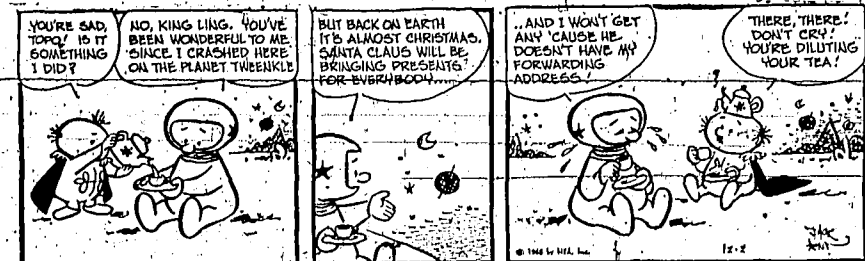

Meanwhile it seemed to be apparent from the general trend of Nixon's statements during the campaign and his emphasis on restoring national unity after the election that he shares Johnson's view of a vital interplay between foreign issues and domestic attitudes.

It is generally thought here Nixon believes detachment of the United States from Vietnam is an essential step if he is to reduce dissension in the nation and create the unity he has called for. When Johnson ordered the partial halt of the bombing of North Vietnam last March 31 in a bid to start peace talks, he recognized U.S. involvement in the war as a cause of dangerous divisions in his country and said he removed himself as a candidate for reelection to strengthen his hand in peace negotiations.

Nixon has two ways of handling detachment from Vietnam and a third way, beyond his control, could develop.

During the campaign he said that "the national interest, the interest of our fighting men and the interest of peace in the world require that this war be brought to an honorable conclusion as quickly as possible." By such statements he committed himself to a negotiated peace in Vietnam.

But Nixon is not expected to spell out before taking office how he would bring about all the changes in the U.S. world position which he spoke of — not

foreign aid should be reorganized to reduce commitments to some countries and increase them to others—with an implication that the cost might be less in the long run. He declared the nations of Asia should develop their own all-Asian alliance to give themselves the ability "to make the initial response to any new aggression in their area." Nixon also promised on many occasions that he would give the United States "a new foreign policy." He said it is his goal to prevent war for the rest of this century.

Nixon is not expected to spell out before taking office how he would bring about all the changes in the U.S. world position which he spoke of — not

more Vietnam, more cautious intervention, a strengthened alliance in Europe, and the beginning of negotiations with the Russians on a regular basis to reduce the danger of nuclear war and to damp down the Middle East. Nixon's program after he takes office, like that of any other president, will be to see where his declared aims and the hard realities coincide and where they conflict.

During the campaign Nixon said negotiating with the Russians must be prepared by including closer contacts with French President Charles de Gaulle—and strengthening this country's military power. Nixon rated the Middle East

as a greater danger than Vietnam in terms of its potential for world war, saying that next to Berlin it was a "major flash point."

The Soviet Union, Nixon said, "must be made to understand that a renewed war in the Middle East could lead to a nuclear confrontation which neither side desires."

Soviet leaders have been building their present strong position in the Middle East since the mid-1950s when they began giving arms to Egypt.

In an effort to maintain some leverage and traditional contact on the Arab side, the United States has sold arms to Jordan. But the major U.S. arms shipments have gone to Israel along with the armaments sold or sup-

Rebellion Leader To Enter Army

NEW YORK (AP) — Mark Rudd, a leader of the Students for a Democratic Society and of the campus rebellion at Columbia University last spring, said Saturday he will comply with induction orders from his draft board and will "enter the Army as many other revolutionary students are now doing."

Rudd, 21, no longer a student at the university, did not explain what he meant, however. Instead, he waved a swigger stick he said was "liberated" from an Army lieutenant and broke it in two, calling it "the symbol of arbitrary and brutal power of officers in our armed forces."

Rudd was reclassified 1-A by the Irvington, N.J., Selective Service Board on Oct. 21. He was ordered to report Monday for a pre-induction physical examination in Newark.

At a news conference, he declared his sympathy with "the thousands who have fled the country or have resisted the draft and submitted to long prison terms," but "I will not choose either of those alternatives."

"I will enter the Army as many other revolutionary students are now doing, in order to help in whatever way I can another section of Americans who are being oppressed daily."

Rudd, who was chairman of the Columbia chapter of the Students for a Democratic Society, automatically lost his student deferment when he left Columbia, his draft board announced Nov. 15.

The son of a retired Army colonel, he appealed his reclassification on the grounds that he was a revolutionary, an occupation he said was vital to the national interest. The appeal was turned down.

T.F. League Of Women Voters Urges Funding Of Community Action Agency

Urgent support for funding the South Central Community Action Agency was given Monday by the League of Women Voters of Twin Falls.

Mrs. Roy Slotten, president, said the league requests immediate funding so the agency may continue to operate.

On Wednesday an announcement was made that the county commissioners of Cassia, Jerome and Twin Falls counties have not signed an application for \$228,308 in federal funds to operate the agency.

"Any more delay in submitting the signed applications places the agency in jeopardy," Mrs. Slotten commented.

The league is convinced the programs being operated under Community Action are necessary to offer disadvantaged persons a chance for equal opportunity in education and employment.

An examination of the facts regarding the numbers of people reached by CAA programs as well as administrative salary comparisons, indicates progress is being made, Mrs. Slotten said.

Members of the local league have encouraged several of the programs on a volunteer basis. Mrs. Robert Nelson is a member of the board for the Twin Falls Community Action Agency. Mrs. Edith Robertson is a member of the Headstart advisory board. Headstart classroom assistance and transportation of Headstart children who need medical attention are other areas of league volunteer help.

Al Morgan, agency director, spoke at two league meetings and explained the programs of the CAA.

A continuing study of the development of human resources is being carried on by the league on a national basis. After two years of study a national position was announced at the 1968 national convention. Mrs. John Ricks, local chairman, pointed out.

"The position reads, 'The members of the League of Women Voters of the U. S. believe that the federal government shares with other levels of government the responsibility to provide equality of opportunity in education and employment for all persons in the U. S.'

"Employment opportunities in modern, technological societies are closely related to education; therefore, the league supports federal programs to increase

the education and training of disadvantaged people.

"The league also supports federal efforts to prevent and remove discrimination in education and employment and housing and to help communities bring about racial integration of their school systems."

Mrs. Ricks said all programs undertaken by the CAA to date are supported by the league. A continuing evaluation of the programs is included in the league approach.

Mrs. Bruce B. Benson, national president, in recent testimony in Washington said, in part, "The Community Action Agencies not only offer employment to approximately 50,000 disadvantaged people, but also create members of the community to participate in the planning and administration of the program. The league believes that this kind of partici-

ipation is extremely important in lessening the gulf which has existed for a long time between people who are poor and their government. We believe this participation helps to build good community relationships and establishes a better line of communications in our widely divided society."

Mrs. Benson continued, "Although the league's work has not at all the Community Action Agency programs nor all other programs of the Office of Economic Opportunity have been entirely successful, we do believe progress is very definitely being made."

"We are also convinced that not only a great amount of time, but a greater commitment of ideas, energy and funds will be required before we begin to get the upper hand over the root causes which continue to generate poverty."

Physicians Warn Americans That 'Dissipation' Endangers Health

MIAMI BEACH, Fla. (AP) — All too many Americans are endangering their health by overindulging in eating, drinking, smoking, late hours and drug consumption.

"Advice of the physician is too often ignored and slighted. The sense of well being resulting from our progress leads many people to assume that illness cannot strike them, or that

curative care is to be taken for granted.

The board made the comments in urging the nation's doctors to "educate the American people to the growing role of the individual in the delivery of health care."

The report added: "While much progress has been made in overcoming many of the plagues of mankind, we find

more and more illness due, at least in part, to abuse and neglect by the individual himself."

In a kindred vein, Dr. Dwight L. Wilbur of San Francisco, president of the AMA, declared in his presidential address to the policy-making house of delegates that millions of Americans "assume there are easy ways to stay well and youthful looking."

"The human being," he said, "remains the complex, finely tuned, vulnerable body each of us inherits, but millions resist the arduous and disciplinary requirements of really caring for it."

"Instead, they turn, among other things, to diet fads, patent medicines, a countless variety of pills, tobacco and alcohol, of long-acting and inadequate exercise and quacks."

On another subject, Wilbur urged physicians to maintain "effective self-discipline" as regards fees charged to patients, as one way to help cope with the rising cost of health care.

He also recommended that doctors "avoid hospitalizing any patient unless it is absolutely necessary" and "reduce the length of stays in hospitals to the essential minimum."

He said one of the major causes for raising health care costs "is the inflation that grips all aspects of our economy."

Among some 50 resolutions presented to the House of Delegates for possible action during the next three days was one from the Michigan delegation urging that the AMA "condemn all cigarette advertising on television."

Proposed Gem State Constitution Gives Solons More Power

BOISE (AP) — The Idaho Legislature will be asked next year to endorse a new constitution to replace one 78 years old and give the lawmakers more power to say how the state should be run.

The constitutional Revision Commission completed the new constitution over a four-year period with \$25,000 appropriated by the legislature.

The 12,000-word document is not much shorter than the old 13,500-word constitution.

But its proponents say it am-

Traffic Jam On Icy Mountain Halts Movement For 32 Miles

By The Associated Press

A massive traffic jam on Snake River Pass resulted Sunday in a complete legislative session. Now only the governor may initiate such action.

Lawmakers could, by a majority vote of members of both houses, require the governor to call a special legislative session. Now only the governor may initiate such action.

Legislators favoring the phase out but would make some changes in it. Only 5 per cent say flatly they are against it.

The 1967 legislature enacted the law, which requires that the assessed valuation of the personal property involved in the phase out be cut by 25 per cent this year, by 50 per cent in 1969, 75 per cent in 1970 and be eliminated in 1971.

Revenue from the tax goes to cities, counties, school districts and other units of government.

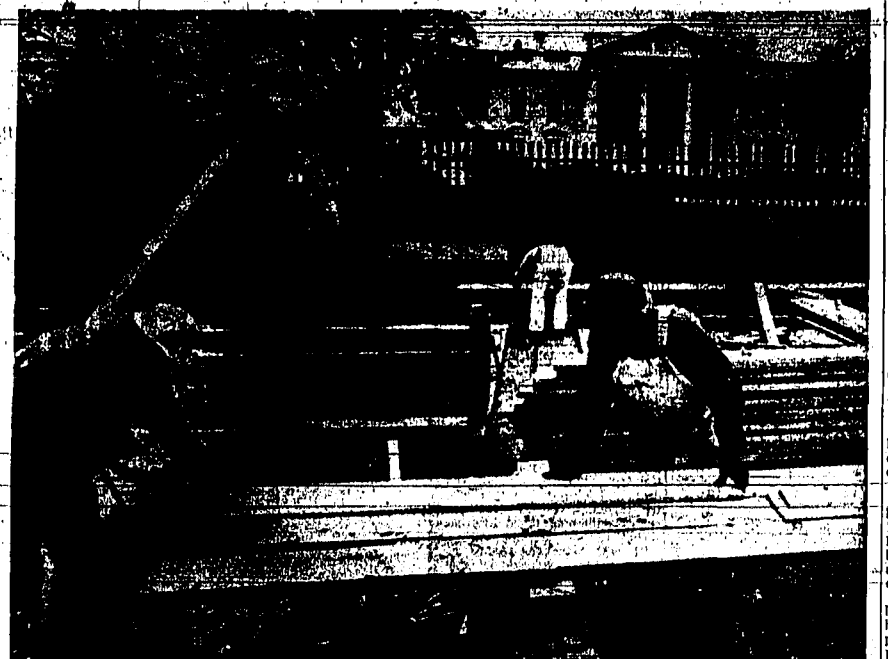

To make up for the revenue loss, the law directs the local units of government a portion of the sales tax revenue, earmarked for the diversion is 5 per cent of sales tax collections in the fiscal year which began last July 1, 10 per cent beginning July 1, 1969; 15 per cent on July 1, 1970, and 20 per cent after July 1, 1971.

Fiscal authorities say the sales tax revenue will more than make up for the property tax losses and that the local units of government will benefit from the program — at the expense of the state's general fund.

It is the latter provision that prompts the opposition of most of the legislators who oppose continuing the phase out in its present form.

"The act should be amended," says Rep. Terry L. Crapo, R-Idaho Falls, "to appropriate to the local taxing district only the amount of tax lost by the repeal rather than a fixed percentage of the sales tax."

One of those urging repeal of the phase out is Sen. Arthur

Legislators Favor Inventory Tax Veto

By EARLE L. JESTER

BOISE (AP)—There is widespread support among Idaho's legislators for continuing the controversial phase-out of the personal property tax on merchandise inventories, livestock and timber products.

Approximately 90 per cent of the lawmakers responding to an Associated Press survey say they favor the phase out. An additional 5 per cent say they

support the phase out but would make some changes in it. Only 5 per cent say flatly they are against it.

The 1967 legislature enacted the law, which requires that the assessed valuation of the personal property involved in the phase out be cut by 25 per cent this year, by 50 per cent in 1969, 75 per cent in 1970 and be eliminated in 1971.

AMA Supports Tax Credit To Boost Health Insurance

MIAMI BEACH, Fla. (AP) — The American Medical Association was urged Sunday to draft and "vigorously promote" enactment of federal legislation that would allow any income tax credit to help them buy greatly broadened private health insurance coverage.

Under the proposal, people in lower and some middle-income brackets would get an outright tax credit—for up to 100 per cent of the cost of such insurance premiums.

Folks in the over-\$10,000 gross income brackets would be ineligible for "medical" assistance—who don't have sufficient income to pay an income tax would receive vouchers for the purchase of comprehensive health insurance.

The call was made in a resolution presented to the association's policy-making house of delegates at the opening of the AMA's 22nd clinical convention.

The resolution, introduced by the Oregon delegation, was sent to a reference committee for study.

At the same time, the AMA's board of trustees, in a special report, urged that the association—and the federal government—immediately undertake studies of the feasibility of such a system.

Anti-U. S. Stand Wins Election

NAIHA Okinawa (AP) — Ryukyu Taira, who campaigned on a platform urging elimination of U.S. bases from Okinawa, today was elected mayor of Naha, the Okinawa capital.

A similar campaign platform helped elect Chohyo Yara chief executive of Okinawa and the other Ryukyu islands on Nov. 10.

Politicians believe Taira also benefited from the crash Nov. 19 of a B52 bomber at nearby Kadenna Air Base. The plane's bombs exploded, injuring several civilians and breaking windows in hundreds of homes.

Another B52 overshoot the landing strip at Kadona today, but there were no casualties or property damage. The huge plane stopped at the end of the runway pavement.

MRS. ROBERT SCHROEDER
Route 1, Buhl

Cranberry Fruit Bread
2 cups sifted all purpose flour
1/2 cup sugar
1 1/2 teaspoons baking powder
1/2 teaspoon soda
1 teaspoon salt
Juice and grated rind of one orange
2 tablespoons melted shortening
1 egg, well beaten
1/2 cup chopped nuts
2 cups fresh cranberries, cut in halves

Sift together flour, sugar, baking powder, soda and salt. Combine orange juice, grated rind, melted shortening and enough water to make 3/4 cup juice. Then stir in beaten egg.

Pour this mixture into the dry ingredients, mixing just enough to dampen. Fold in halved cranberries and nuts. Spoon into a greased loaf pan, 9 by 5 by 3 inches, spreading it evenly making corners and sides slightly higher than center.

Bake in a moderate oven, 350 degrees, for 50 to 60 minutes. Remove from pan. Cool. Store overnight for easy slicing.

(The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.)

Dinner Slated By Buhl Club

BUHL — Plans were completed for the husband's dinner when the Sunny Side Club met at the home of Mrs. Rex Simpson for a luncheon meeting. The dinner will be held at the Lincoln Courts Center and members are asked to bring their own table service and luncheon cloth.

Mrs. Aubrey Mahannah, president, read the club creed. The program, "Much to Be Thankful For," was given by Mrs. Mahannah. A contest was conducted and prizes went to Mrs. Jack Campbell and Mrs. Tessie Alger.

The next regular meeting is a Christmas exchange at the home of Mrs. Mahannah.

or, Borlice Bryan, Doretta Gibby and Jeanette Lind.

Raymond Searle was master of ceremonies for the reception program. Prayers were given by brothers-in-law of the bride, Stephen Hinckley and Ray Jones.

After a wedding trip to Arizona, New Mexico and Utah, the couple reside on a ranch in Naf.

Bridal showers were given for the bride by Mrs. Garth Freymiller, Mrs. Eward Gibby and daughter, Dorcas Gibby.

Julia Fowler, Tracy Wed In Temple Rites

VIEW — Julia Ann Fowler, daughter of Mr. and Mrs. Harold R. Fowler, View, became the bride of W. Kent Tracy, son of Mr. and Mrs. Wallace H. Tracy, Naf, in rites Nov. 7 at the Logan LDS Temple.

Accompanying the couple to the temple were their parents, Mr. and Mrs. Roland B. Snow, grandmother of the bride; Mrs. and Mrs. Ray Jones, brother-in-law and sister of the bride; Mrs. Stephen Hinckley, Preston, sister of the bride; Mrs. Norma Roberts, Preston; Renee, Bywater, Provo; Mr. and Mrs. Raymond Searle, Bishop and Mrs. Deloss Stoker, Mr. and Mrs. John Koyle, Mr. and Mrs. Glen Searle, Mr. and Mrs. Gale Wrigley, Mr. and Mrs. Elmer Mangum and Mrs. Garth Freymiller, all of View; Bishop and Mrs. Barnes, Naf; President Paskett, Malta; Mrs. Lu Ella Tracy, Naf, and James Chairman, Logan.

The bridegroom's parents were hosts for the wedding luncheon at the temple after the ceremony. A reception was held Nov. 9 at the View LDS Cultural Hall.

The bridal party greeted guests before a floral decorated arch, skirted by beauty baskets of bronze-colored chrysanthemums, autumn leaves and gold-toned accents, with ribbons and tall feathers.

The bride wore a dress of heavy white crepe, made and designed by her mother. It was enhanced with a stand-up collar of lace and sweetheart sleeves. A sleeveless overdress, slit from undergarment to hem, was delicately bound in heavy lace flowers. Her floor-length veil of illusion was gathered to a crown of lace flowers, with lace flowers enhancing the entire veil.

She carried a cascading bouquet of white, split carnations centered with a white orchid accented with streamers of Stephanotis and white satin ribbons.

Bridesmaids were Joyce Hinckley, Preston; Renee Jones and Dorothy Fowler, Burley; sisters of the bride, Dorcas Gibby, View; J. L. F. Christmas, Blackfoot, and Gloria Wray, California.

Standing with the bridegroom was his brother Harold Tracy. Ushers were Stephen Hinckley, Ray Jones, Sam Christiansen, Douglas W. Everett, H. Gibby and Scott Grandall.

Guests were registered by Mrs. Garth Freymiller. Gifts were displayed by Valerie McCulloch, Mrs. Joe Searle and Mrs. Blaine Tegan and were carried by Nancy Grandall, Helen Rasmussen, Tamara Egan, Annette Anderson and Carol Howard.

The bride's table was covered with lace and centered with a tiered cake flanked by crystal candleholders. The base of the white fruit cake was a large square, with three tiers above, separated with white swans and pillars. A white-winding staircase came from the white doves on the top tier to the tiny white carriage at the base. Two miniature bride couples were ascending the stairs. It was enhanced with colored chrysanthemums and was made by the bride's mother and decorated by Mrs. Leslie Dana. The cake was cut and served by Mrs. Gale Wright and Mrs. Dana.

Guests were served at square tables covered with gold linen and centered with baskets of autumn flowers. Refreshments were prepared by Mrs. Gerald Anderson, Mrs. E. V. d. Gibby, Mrs. John Koyle, Mrs. William J. Kunzler, Mrs. Ora Seal, Mrs. Fred E. Nibland, M. S. Walde Smith and Mrs. S. C. L. Loveland.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: My husband is 60 years old and I am 40. The doctor just told me that I am going to have a baby and my husband is absolutely furious! He says a man HIS age can't father children, and he has accused me of having relations with another man. I swear to God this is not true.

Abby, will you please tell my husband that a man HIS age CAN father a child. He won't listen to my doctor.

FRANTIC

DEAR FRANTIC: Maybe he won't listen to me either, but tell him that I said men have been known to father children at age 60, 70, and even older. And you can also tell him that most men who become fathers at age 60 are pretty proud fathers, so he ought to be ashamed of himself for his ugly accusations.

DEAR ABBY: I am a 14-year-old girl and my problem is my mother. She's the world's biggest snooper. No matter where I hide my diary, she finds it. I think I should be able to have some privacy, but I don't have any. I guess my mother doesn't trust me. It doesn't do any good to keep a diary if you can't put down the true facts, but now I'm afraid to I don't DO anything I'm ashamed of, but I also put down some of my "thoughts" which might upset my mother.

Please put your advice in the paper. If a letter ever came to this house, my mother would "accidentally" open it.

NO PRIVACY

DEAR NO: Many mothers "snoop" out of curiosity. Some feel they can be better mothers if they know everything there is to know about their children. I'm for 100 per cent privacy. You and your mother need to have a better understanding. Give her a chance to be a friend by telling her more. And maybe she'll snoop less.

DEAR ABBY: This is for the 40-year-old woman with the 52-year-old friend who won't tell her he "loves" her:

I could shed jobs of tears for her. I have been married for 38 years, and my wife has never once told me in so many words that she loved me. But she has cooked my meals and washed my clothes, bore our children, fed the chickens, gathered the eggs, and she has even carried in the wood and built the fire to keep us warm. She has managed the family spending so that we won't have to beg in our old age, or be beholden to money lenders.

Now if that isn't love, I don't know what love is.

Minidoka Irrigation Units Set Election

RUPERT — Eight Minidoka county residents are seeking four-director positions for the Minidoka Irrigation District and A and B Irrigation District, with three of the four positions contested.

Both districts will hold their annual elections from 1 to 7 p.m. Dec. 10 in separate polling places.

Filing for the MID District 4 position are Lavern Montgomery, Johnny McGill, and incumbent...

Both districts will cast their ballots at the Harold Holton residence, the East Watermaster office, the Harold Ingram residence, the District Director House or the West Watermaster office.

U.S. 'Carrier,' 4 Destroyers Sail To Pacific

SEOUL (AP) — The U.S. aircraft carrier Hancock and four destroyers began operating in the Sea of Japan today amid a massive anti guerrilla campaign along South Korea's east coast.

Military sources in Seoul said one purpose of the naval task force was to discourage "any further provocative acts" from North Korea.

The guerrilla landing was the largest Communist infiltration into South Korea since the Korean War.

U.S. military spokesmen in Seoul said the warships were carrying out routine operations and the carrier's planes would conduct flight operations.

2 Policemen Shot To Death In Maryland

SEAT PLEASANT, Md. (AP) — Two police officers were shot to death in this suburb of the nation's capital as they tried to impound a disabled car for a parking violation.

The car's owner was shot and wounded during a scuffle with two other policemen who arrived just after their colleagues were shot, police said.

The dead officers were identified as Pvt. Robert E. Yezzer, 29, a member of the Prince George's County Police Department, and Pvt. William R. Clements, 24, a Seat Pleasant municipal policeman.

Willis Underwood, 38, was shot in the stomach. He was ordered kept under guard in a hospital, and Prince George's County officials said evidence in the case would be referred to a grand jury Monday. No charges were filed.

Police officials said Clements notified Underwood Saturday morning that his car had been hooded illegally too long and would have to be removed. Underwood, they said, threatened trouble "if you move my car."

Clements returned in the afternoon, accompanied by Yezzer and a tow truck. A man sitting in another car nearby shot both of them, the police account said, and a resident of the apartment called police.

Team Locates 8 Victims Of Massacre

RIO DE JANEIRO (AP) — An air force paratrooper team found the massacred remains of eight persons Sunday deep in the Amazon jungle where an Indian pacification team led by a priest disappeared more than a month ago.

The rescue team radiated that the bodies, all with fractured skulls, could not be immediately identified because they were in an advanced state of decomposition.

Ten persons were in the expedition led by the Rev. John Gabriel, which set out to pacify the Atronal and Waimiri Indians so a road could be built between the towns of Manaus and Doyali.

Monday one of the expedition members, Alberto Paulo de Jesus, said he had seen bodies on the ground when he returned to the camp from an Indian village.

The army claimed there were inconsistencies in Da Silva's story and his identification of the bodies. He might have mistook the Indians after a quarrel with Father Caldeira.

The search for the remaining expedition member is expected to continue.

8 Steps Are Listed In How To Read Faster And For Better Comprehension

By THE READING LABORATORY, INC.
Just why should any intelligent person ever want to read a series of articles about reading in his native language?

There's a very simple reason: to read faster and better.

It's the same reason that has brought a lot of professional people and business executives to The Reading Laboratory program — after they've become successful. You can get a jump on them.

But we'd better get straight on with what's in it for you right now. Will you settle for understanding instead of aggravation in your reading? Will you take speed instead of plodding misery? That's what's in it for you, and we'll do it this way.

We'll take your reading in the subject for which you can spare little affection. Follow along with us and you'll get through your work twice as fast and understand far better.

While the interest of students is paramount in this discussion, your school progress depends on good reading — there is a benefit for adults as well. There is so much to read these days for general information, just to keep up. These articles will help lighten this task.

It is a safe bet that many times you have found yourself staring at a word, line or paragraph, yet reading nothing. Unless both the eyes and the mind work together, there's no reading, no understanding. There is a factor that we must consider — the eye-hand relationship.

The final point we have to agree on is that you must have a clear purpose in reading. And the purpose must be yours, not anyone else's — yours.

Some people can be motivated by what's ahead for them. You're at least discovering...

where you're supposed to be going. Now read the first two paragraphs of the preface and the last two. Stop. If you've learned something (and you have because you have picked up a sense of direction), you're ahead. If you have some questions, you're ahead again because you have to have questions to get answers. Later we'll develop this technique fully.

There are eight simple steps:

1. CONCENTRATE. It's not bad manners to stare at a page and get nothing, but it is a waste of time. The reader who keeps going back to the same paragraph in some piece of required reading because he's afraid he missed something probably did. He missed concentration. Why? He's not personally involved with the reading; he doesn't know what is in it for him.

2. PREREAD. Take that assigned reading you hate most. Now try this out for a first test. Read the little page. The title tells you something; the subtitle tells you more; the author is probably identified, so you know more. Next, read the table of contents.

3. QUIZ YOURSELF. This naturally follows pre-reading. You will learn how to ask yourself and the book the right questions so as to get the right answers.

4. READ IN PHRASES. We're going to overcome word-by-word reading overnight. Work by covering more words with each fixation of the eye. That way, there will be fewer stopping places for the eye per sentence, thus speeding reading.

5. DRILL FOR FASTER READING. Once you start to read in phrases, then you really move. Not just across a line but down the page. Use your reading...

ing for practice in phrase reading.

6. SKIPPING AND SKIMMING. One of the smartest things you will learn is what NOT to read. We'll show you how to determine that; then we'll show you the best way of skimming through what you should read — and get all you want out of it.

Youth Held As Witness In Double Slaying

DOVER, N.J. (AP) — A 15-year-old boy was detained Saturday as a material witness several hours after two young girls were found beaten to death in a wooded area near here, police said.

Authorities said the skulls of Julie Rodriguez, 7, and Darlene Gopensky, 6, were crushed with a rock that was found nearby covered with blood stains. A Morris County detective described the rock as being "about as large as a football."

Police refused to disclose the identity of the material witness.

Opened Hatch Floods Sealab, Delays Work

LONG BEACH, Calif. (AP) — Sea water flooded into the Sealab 3 elevator Sunday, damaging the container designed to take aquanauts in a large capsule 800 feet below the ocean's surface to conduct the Navy's third undersea living experiment.

The unmanned container was flooded through an unsealed hatch as it was lowered in an attempt to strap down its connecting cable. Cmdr. J.M. Timpa said. The repairs to electrical and communications equipment may require three weeks, he said.

The Navy has not announced a starting date for the undersea work.

Timpa said the capsule is pressurized with an oxygen-helium breathing gas mixture when it is used to transport aquanauts. The capsule was not pressurized when it flooded.

Five crews of aquanauts will spend 12 days each in a large capsule "resupplying a giant vertical tank car on the ocean floor near San Clemente Island."

Fishing Vessel Reports Attack

SAN DIEGO, Calif. (AP) — The Coast Guard said Sunday it is investigating a crew's report that its tuna boat was fired upon 80 miles south of Ensenada, Mexico, by what appeared to be a Mexican naval vessel.

Crewmen estimated the vessel fired 30 to 50 rounds from a 50-caliber machine gun across the bow of the boat Saturday.

There was no report of injuries or of an attempt to board the boat.

The vessel, the Southern Pacific, was en route to San Diego from fishing grounds off Central America with a 245-ton tuna catch.

Capt. Manuel Souza told the Coast Guard he was 13 miles off shore at the time of the shooting. Mexico claims a nine-mile jurisdiction.

49ers Rally From 20-7 Deficit To Take Green Bay In Final Quarter

SAN FRANCISCO (AP) — John Brodie threw three touchdown passes—two in the fourth period to Bill Tucker—to lead a 27-20 San Francisco upset over the Green Bay Packers Sunday. The loss put the Packers at 5-1, a half-game behind Minnesota and Chicago in the National Football League's Central Division.

Trailing 20-7 going into the last quarter, the 49ers struck for 20 points. Kermit Alexander intercepted a Zeke Bratkowski

pass on the Green Bay 40 and returned it to the 24. Brodie hit Tucker for 19 yards and a touchdown.

With 10 minutes left, Brodie hit Dick Witcher for 22 yards, setting up a 41-yard scoring pass to Tucker. Tommy Davis' extra point kick provided a 21-20 lead. Davis padded the score with two more field goals, from 37 yards with 5:37 to go and from 13 yards with 53 seconds left.

Trailing 19-0 in the second quarter, Brodie took the 49ers 90

yards in 11 plays, all on passes. He completed nine of them, hitting Clifton McNeil for 16 and a touchdown.

Bart Starr, who missed last week's game with a rib bruise, directed the Packers to the 16-0 lead and then left midway in the second quarter and did not return. Rookie Bill Stevens spelled Bratkowski briefly in the last four minutes.

"The Packers' scoring came on two plunges of one-yard each

by Jim Grabowski and two 44-yard field goals by Mike Mercer. Grabowski paced a strong Green Bay running attack, ripping off runs of 18, 25 and 17 yards.

Lionel Aldridge and Willie Davis led a Green Bay pass rush which gave Brodie trouble in the first half, but Roland Lakos, Stan Hildman, Dava Wilcox and Matt Hazeltine did the same thing to Bratkowski in the second half.

Davis missed two field goal attempts earlier. One from the 46 was short in the first quarter, and one from the 42 was wide in the second.

The Packers' chances for a fourth straight NFL championship dinner this year, next play, Baltimore—and then Chicago. The 49ers play Minnesota and then Atlanta.

Brodie completed 24 of 39 passes for 319 yards.

Green Bay quarterbacks were thrown five times for a total loss of 31 yards and finished with 44 net yards passing.

The Packers, forced to rely on their rushing attack, gained 173 on the ground, 88 by Grabowski.

San Francisco is a rough place for Green Bay," said Packer Coach Phil Bengtson. "The 49ers threw to their backs a lot, but that shouldn't have surprised us. The San Francisco pass defense was great, especially in the second half."

As for Brodie's success, Bengtson said, "there was no breakdown in our defensive secondary. Brodie was just getting too much time to throw."

Bengtson said that Starr was "tubular" because he "suffered several weeks ago and that he didn't know if the quarterback would play against Baltimore next week."

Bratkowski was hit hard on his knee late in the game and took himself out of the game in later and appeared all right.

Hale Has Top Time In Rodeo Competition

OKLAHOMA CITY (AP) — Dale Hale of Checotah, Okla., took only 8.6 seconds to wrestle his steer to the ground Sunday in the second day of the National Finals Rodeo.

Hale's time was the best of the day and moved him into second place in the overall steer wrestling standings. He now has an elapsed time of 19.8 seconds, two weeks compared with an elapsed time of 17.6 seconds for the leader, John W. Jones, of Morro Bay, Calif.

The second day of activities was marred by the first accident of the National Finals. Jerry Coble, of Rock Island, Tex., received a fractured left leg when he was hit in the groin by a bareback bronc.

The NFR is the World Series of rodeo competition, with the nation's top 15 cowboys ranked by their winnings during the year-long tour for \$71,250 in prize money.

The results of the second round:

Bareback bronc riding — 1, Gary Tucker, Carlsbad, N. M., 76 points; 2, Bob Mayo, Gilpin, Iowa, 72; 3, Jim Ivory, Redwood, Ore., 70.

Saddle bronc riding — 1, Mel Hyland, Port-Kells, B. C., 8 points; 2, Doug Brown, Silverton, Ore., 76; 3, John McBeth, Atlanta, Kan., and Winston Bruce, Calgary, Alta., 71 each.

Steer wrestling — 1, Halvor, 8.6 seconds; 2, C. R. Doucher, Burkburnett, Tex., 9.3; 3, Mark Schrieker, Southerlin, Ore., 0.5.

Team roping — 1, Art Arnold, Buckeye, Ariz., and Joe Thiem, Phoenix, Ariz., 8.0 seconds; 2, Leo Cantrell, Donnell, Ore., and Billy Wilson, Rio Grande, Calif., 8.2; 3, Jack Rasco and Angel-Crostwhalle, both of San Diego, Calif., 8.8.

Hall Of Fame

NEW YORK (AP) — Ohio State, the Big Ten champion, was named Saturday the 1968 recipient of the National Football Foundation and Hall of Fame's coveted MacArthur Bowl.

Awards chairman Vincent Depaul Draddy announced the unanimous decision after polling the members of the foundation's awards committee. The award is given to the outstanding college football team and is in memory of the late Gen. Douglas MacArthur.

Annual Baseball Meetings Will Determine Fate Of Past Stars

SAN FRANCISCO (AP) — Dick Radtzy and John Wyatt, two workhorse relievers who just might have something left in their strong-right arms, will be available for drafting by major-league teams off minor-league rosters when the annual baseball meetings begin here Monday.

The draft is the first order of business for the critical meeting that later will take up the more important subjects of St. Louis' pension demands and finding an antidote for the lack of hitting in the majors.

Radatz, Wyatt, Bo Belinsky, Jack Baldwin, Jim O'Toole and Dave Wickersham are among the pitchers available who have fallen into the minors after passing through the majors with some success.

The 24 major league clubs can grab any of them for \$25,000, or draft any first-year player for

\$8,000. Last year, the 20 major league teams selected 23 players at a total outlay of \$24,000. Radatz had his best year with Boston in 1964, appearing in 70 games and posting a 16-9 record with a 2.29 earned run average. He was with Toledo in the International League last season and gave evidence he still has his blazing fastball by striking out 103 batters in 110 innings while posting a 6-7 record with a 2.78 ERA.

Wyatt, now on the Spokane roster, was with Boston, New York and pennant-winning Detroit last season, appearing in 24 games and compiling a 2-4 record with a 2.70 ERA. Wyatt appeared in 81 games—then the record—with Kansas City in 1964 as he posted a 7-8 record with a 3.50 ERA.

Of the other pitchers, Belinsky had probably the best record last season. The onetime big boy of the California An-

gels, whose major claims to fame were a no-hitter and blonder, had a 9-14 record with a 2.87 ERA for Hawaii while striking out 181 in 176 innings and adding another no-hitter to his record.

Besides the pitchers, other former major leaguers who could be tapped include infielders Bob Chance, Phil Lize, Chuck Hiller, Jerry Buchek, Junior Gotay and Pedro Gonzalez.

Boise Will Host Fish Conference

BOISE — Nine states and a Canadian province will send about 175 representatives to the Northwest Fish Culture Conference in Boise December 4-5, it was announced today by Paul Cuplin, conference chairman. The Idaho Fish and Game Department is the host agency for the annual meeting.

Director John R. Woodworth and two of his staff members will present papers for the Idaho department. They are: D. Ainsworth, Jr., Higgins, Rapid River hatchery supervisor, and Paul Cuplin, Boise, state hatchery supervisor. James C. Simpson, chief of fisheries management, will open the meeting by welcoming the group to Idaho. Altogether there will be 35 speakers from the states of Oregon, Washington, Utah, Michigan and Idaho, and from the Province of British Columbia. Federal and state commissions

and fisheries management agencies from the states will be in attendance as well as commercial fish producers.

Following the two-day annual meeting in Boise, there will be a tour of state, federal and private fish hatcheries in the Hagerman Valley on Friday. Transportation will be by chartered bus.

Speakers will take up matters relating to fish hatchery techniques, fish nutrition, fish disease and fish culture problems. This is the 10th annual conference and the first held outside the states of Oregon and Washington.

Rams' Pass Rush Dumps Vikings 31-3; Central Division Race Tightens

MINNEAPOLIS (AP)—The Los Angeles Rams' pass rush led to a 31-3 victory over the Minnesota Vikings Sunday behind Romo Gabriel's three touchdowns. The Rams' defense, led by Wendell Tucker and a brutal pass rush, in a snowy National Football League game.

The Rams' dominating attack in a game that wasn't as close as the score indicated, improved their record to 10-1 and remained one half game behind Baltimore in the Coastal Division.

Minnesota's Central Division lead was in jeopardy with the Vikings' 6-0 record. Chicago, beating New Orleans 23-17, moved from third place to a first-place tie with the Vikings. Green Bay missed a chance of moving into the lead after losing 27-20 at San Francisco.

Dwight Jones led the Rams close to the score, indicated, improved their record to 10-1 and remained one half game behind Baltimore in the Coastal Division.

Babe Parilli Paces Jets To 35-17 Win

NEW YORK (AP)—Reserve quarterback Babe Parilli fired two touchdown passes to Don Maynard within 42 seconds of the fourth quarter Sunday as the New York Jets came from behind for a 35-17 victory over Miami.

The triumph was the ninth for the Jets, who clinched the American Football League's Eastern Division title last Thursday when Kansas City beat Houston. New York never had more than eight games in any of the league's first eight seasons.

Joe Namath, the Jets' No. 1 quarterback, played the first half and threw two touchdown passes, one a 34-yarder to May-

nard as New York took a 14-10 halftime lead. The Dolphins shot ahead behind the brilliant passing of Bob Griese, scoring in the fourth quarter on Jim Kick's one-yard dive.

Then Parilli, who took over from Namath at the start of the second half, went to work. Parilli, who hadn't thrown a touchdown pass in his sporadic appearances this season, wrapped up the victory by hitting Babe Turner with a 40-yard touchdown pass four minutes after Maynard's second TD catch.

Griese was on target in driving the Dolphins from a 14-10 deficit to a 17-14 lead with four minutes gone in the fourth quarter. Twice the Dolphins were hit with damaging penalties, but Griese bounced back each time. On the second play of the fourth quarter, the Miami quarterback quipped from the Jets' 36 to the 12, but a Dolphin was caught holding and Miami was penalized back to its own 42. Griese however, then fired a 34-yard pass to Stan Mitchell putting the ball at the New York 34.

Griese's next play Griese hit Mitchell again, this time for eight yards, but Carl Noonan was called for offensive pass interference and that sent the ball back to the 30.

Griese handed to Mitchell for nine yards and passed to No. 12 on the 12. Two plays later Kick dived over from the one. Griese passed for the Dolphins' first touchdown in the opening quarter, connecting with Gene Milton for a 38-yarder as Milton beat cornerback Johnny Sample.

Browns Bury New York In 45-10 Win

CLEVELAND (AP)—Leroy Kelly scored four touchdowns Sunday as the Cleveland Browns buried New York 45-10 and knocked the Giants out of the National Football League's Capital Division race.

It was Cleveland's seventh straight victory and the Browns need only one more win to clinch the Century Division race.

Kelly, the NFL's leading rusher and scorer, ran for touchdowns of five, seven, eight and nine yards and Bill Neisen fired a 20-yard touchdown pass to Paul Warfield before a crowd of 83,103.

The Giants' loss put Dallas into the Eastern Conference playoff against the Century Division winner.

The Browns broke the game open in the second quarter when they turned three fumbles into two touchdowns and a field goal for a 12-3 halftime lead. Cleveland put it out of reach with 31 points in the third quarter.

The Giants took a 3-0 lead on Pete Gopola's first-quarter 40-yard field goal. New York scored late in the last quarter on Ernie Kou's one-yard plunge.

for the Rams first score in the opening period. Minnesota, struck by flu to key players earlier in the week, appeared lifeless as Los Angeles moved to a 17-0 halftime lead. The Rams took to the wintery weather at the outset and Los Angeles end Jack Snow led the adapting.

Snow caught Gabriel's 45-yard pass with one hand while falling down on the 12-yard line.

Ellison followed by sweeping right end for ten yards, then on the next play, followed blocks by Joe Carroll and Tom Mack for the touchdown with 4:25 left in the first period.

The Rams scored again the next time they got the ball. Early in the second period Gabriel tossed a 10-yard pass to Tucker for the score, climaxing a 37-yard drive.

Less than three minutes later, Ram middle linebacker Myron Feltine recovered Jim Lindsey's fumble at the Viking 27. Bruce Gossett, who missed two earlier field goal attempts, kicked a 33-yarder to move the lead to 17-0.

The only Viking bright spots in the first half were cornerback Ed Sharockman's two interceptions, but Minnesota fumbled on the next series of downs on each occasion.

Rangers Hit 3-1 NHL Win

NEW YORK (AP)—Tight goalkeeping by Ed Giacomin and early scores by defensive specialist Walter Tkaczuk and Ron Stewart led the New York Rangers to a 3-1 National Hockey League victory over the Toronto Maple Leafs Sunday night.

Giacomin was at his best in the third period after Toronto's Murray Oliver had sliced the Ranger lead in half with an early goal.

Rattelle's ninth goal of the season, with less than three minutes to play, gave New York some breathing room.

Tkaczuk, centering the Rangers' checking line with Stewart and Reg Fleming on his wing, scored the game's first goal and accounted for two touchdowns.

Morrall connected on 17 of 23 for 239 yards.

Colts Have Third Shutout In Five Games

BALTIMORE (AP)—The Colts defended its third shutout in its last five games Sunday, as they routed the Washington Redskins 36-0.

The Colts ran up a 28-0 halftime lead while the Falcons were unable to cross midfield the six times they had the ball. Meanwhile, the Baltimore offense percolated steadily with Earl Morrall completing 15 of 19 passes covering 221 yards and accounting for two touchdowns.

Morrall's scoring passes covered 34 yards to Willie Richardson and John Mackey who took a screen for 41 Tom Mottor ran a yard for two more touchdowns.

It was only the third appearance at quarterback by the score-armed Unitas who completed five of 10 passes for 54 yards. Morrall connected on 17 of 23 for 239 yards.

PIPERS WIN — MINNEAPOLIS (AP)—The Minnesota Pipers won their fifth straight American Association game Sunday night, downing the Los Angeles Stars 139-124.

HARASSED JOE KAPP of the Minnesota Vikings found the going rough all day against the Los Angeles Rams and was dumped many times during the course of the game. The Rams, who were supposedly a poor cold-weather ball club, disproved the fallacy as they crushed the flu-ridden Vikings 31-3 Sunday. (AP wirephoto)

Cards' Coach Says Jurgensen Can Keep Them In Title Race

PITTSBURGH (AP)—The St. Louis Cardinals are counting on Sonny Jurgensen to keep them in the Century Division championship race next week.

The Cardinals are in the Washington Redskins must beat Cleveland next Sunday.

Cardinal Coach Charley Win-

ner said Sunday he believes Washington can knock off the Browns, who have developed one of the most potent offenses in pro football and who have a 9-3-0 record.

"When you've got Jurgensen in there, anything can happen," Winner said. "If they (the Redskins) play like they did against Dallas, it's going to be something."

Winner also pointed out that Washington, which barely lost to Dallas on Thanksgiving Day, will get three extra days of rest before the Cleveland game.

The Cardinals, now 7-4-1, play New York next Sunday and must win to stay in the race. St. Louis beat the Browns earlier this season and meets them again in the final game, one that could decide the Division title.

Charley Johnson, the veteran Cardinal quarterback, who lost his job to rookie Jim Hart when he was drafted into the Army two years ago, may get the job back.

Johnson hit seven of 12 passes for 90 yards and led the Cardinals to a 20-10 victory over Pittsburgh Sunday. Hart had completely failed to move the Cardinals, picking up only four first downs while he was in the game.

Winner wouldn't say whether he would start Johnson—who commutes to the ballgames on weekends.

"I'll decide that before the kickoff of next week's game," he said. But he made it clear he was unhappy with Hart who was overthrown the ball badly.

"Johnson made the difference," Winner said. "He kept the drives alive."

Bears Lumber To 23-17 Win Over Saints

NEW ORLEANS, La. (AP)—Tight end Austin Denny caught two touchdowns passes and Mac Percival booted three field goals Sunday to lead the Chicago Bears to a 23-17 conquest of New Orleans in National Football League action.

The Bears established an effective—though dull—running game with running back Brian Piccolo gaining 112 yards on 21 carries.

Bear quarterback Jack Conannon, back in action after a 10-day absence because of an injury, completed 12 of 20 passes, passing twice to Denny, the first for 46 yards.

His second touchdown covered eight yards.

Percival kicked a 50-yard field goal in the first period to put the Bears ahead 3-0. He also had boots of 46 and 19 yards.

Scoring for the Saints were Charlie Durkin with a 19-yard field goal and flanker Danny Abramowicz who caught a 47-yard pass from quarterback Bill Kilmer. The Saint quarterback passed two yards to Tom Barry for a 10-yard touchdown with less than a minute to go.

Flyers Tie Red Wings 3 to 3

DETROIT (AP)—Rookie Jim Johnson's seventh goal of the season at 9:04 of the final period Sunday night capped a Philadelphia comeback that enabled the Flyers to break a five-game National Hockey League losing streak and tie the Detroit Red Wings 3-3.

Alex Dolvecchio and Garry Unger scored for Detroit before the game was five minutes old as the Wings poured 10 shots at Flyer goalie Bernie Parent.

But the Flyers fought back with a blue-line screen shot by defenseman Ed Van Impe at 8:34 of the second period, drawing them close. Then Don Blackburn tied the score at 1:31 of the third period.

Defenseman Kevin Douglas' power play shot at 6:26 regained the lead for Detroit before Johnson knotted it less than three minutes later.

San Diego Scores Early To Win 47-23

DENVER (AP)—John Mack's three early touchdowns passed to Lance Alworth, including a 70-yarder, protected San Diego against Denver's brilliant mid-game rally and the Chargers rambled on for a 47-23 American Football League victory Sunday.

A fourth-period touchdown pass from Hank to Alworth gave the San Diego receiver a club record, topping three catches by several other Chargers.

Alworth's three early catches, Russ Smith's 35-yard touchdown run and Dennis Pardee's 19-yard field goal shot the Chargers into a 31-3 lead with five minutes left in the half.

The "Magician" Briscoe, Denver's rookie quarterback, unwound some of his magical throws at that point and drove the Broncos on an 80-yard march capped by a 14-yard pass to Eric Crabtree.

Rousseau's Goals Net 3-1 Win

CHICAGO (AP)—Bobby Rousseau's two goals paced the Montreal Canadiens to a 3-1 victory over the Chicago Black Hawks in a National Hockey League game Sunday.

The victory kept the defending Stanley Cup champions in first place in the Eastern Division by one point over the New York Rangers, who beat Toronto 3-1 Sunday.

Chicago remains tied with Toronto for fourth place.

Rousseau opened the scoring with his seventh goal of the year at 2:28 of the first period, when he deflected Larry Hillman's long shot from the blue line behind Chicago goalie Dave Dryden.

The 25-foot shot bounced at Rogatien Vachon.

Johnson Has 20 Bullets Top Chicago

BALTIMORE (AP)—Gus Johnson came off the bench in the second half to score 19 of his 20 points and lead the Baltimore Bullets to a 110-100 National Basketball Association victory over the Chicago Bulls Sunday night.

The victory—Baltimore's 14th in its last 17 games—lifted the Bullets into a 1 1/2 game Eastern Division lead over the idle Boston Celtics.

It also gave Baltimore a 16-1 record against the league's also-rans and broke a three-game winning streak for Chicago.

Other Bullets high scorers were Earl Monroe with 25, rookie Wes Unseld with 21 and Kevin Loughery with 18.

Ex-Bullet Jerry Sloan led the Bulls with 29 points.

Johnson came off the bench in the third quarter and scored seven straight points to push the Bullets from a one-point lead, 40-48, to a 50-52 edge.

Johnson-Led Cards Topple Pittsburgh

PITTSBURGH (AP)—Charley Johnson came off the bench in the second half and led St. Louis to a 20-10 victory over Pittsburgh Sunday, keeping alive the Cardinals' championship hopes.

Rookie Ed Edwards scored the clinching touchdown on the clogging touchdown on a draw play.

Receiver Jackie Smith caught seven passes for 89 yards—all but one of them from Johnson—and scored the tying touchdown on a 34-yard run around end.

Jim Bakken put the Cardinals ahead 13-10 with a 16-yard field goal, his second of the day.

The victory in a near-freezing drizzle kept the Cardinals in second place in the Century Division of the National Football League with a chance to win only if Cleveland loses the next two games and St. Louis wins them.

The Cardinal defense forced seven Steeler fumbles and recovered three of them, totally stopping Pittsburgh in the second half.

North Koreans Reject Offer On U.N. Debate - TOKYO (AP) - North Korea in effect rejected today an invitation to participate in the annual U.N. General Assembly debate on Korea as it has every year. A Foreign Ministry statement broadcast from Pyongyang said that any U.N. discussion of Korea without North Korea was "contrary to common sense" and "North Korea should take part in the debate unconditionally." The North Korea broadcast said the U.N. decision resulted from U.S. pressure to prevent other nations from "hearing the true voice of the Korean people." In previous years the United States has always been approved for its proposal that both Koreans be invited to the debate if they accept U.N. authority. South Korea has always agreed to the stipulation, and North Korea has always rejected it.

Archaeologists Discover 'Points' 12,000 Years Old - MISSOULA, Mont. (AP) - Archaeologists digging north of Livingston have uncovered a half-dozen stone projectile points which may date to about 10,000 B. C., Dr. Don C. Taylor, an anthropology professor at the University of Montana, reported Sunday. Dr. Taylor said the discovery site, about a mile from Willard, is one of two areas investigated recently by his crew of University students. Taylor said the group found six ancient Clovis Projectile Points, 80-90 scrapers and assorted stone blades while they were digging at the base of a limestone ledge. He added that the scrapers may be about 12,000 years old. Other items discovered include parts of skull and fragments of small bones from a human skeleton, suggesting that a child may have been buried there, Dr. Taylor indicated. He said the human bone fragments will be sent to Washington State University in Pullman, for radiocarbon dating.

Burns Take Life Of Seattle Girl - CINCINNATI, Ohio (AP) - Bridgett Holmberg, 6, Seattle girl who was severely burned in a tent fire in Billings in August, died in a Cincinnati hospital, according to word received by the girl's aunt, Mrs. David Holmberg of Billings. The girl and her brother, Shane, 4, had been critically burned Aug. 31 when a gas lantern in a tent at Billings exploded. A Mercury flight by a U.S. Air Force plane flew the two to Cincinnati but Shane died en route. Mrs. Holmberg, in Cincinnati with the little girl, was also burned in the fire but is reported to be recovering. Bridgett was burned over 65 percent of her body and had been reported recovering and was hoping to be home for Christmas when she died. Letters numbering more than 4,500, and gifts had been given the little girl. One gift was a pony and a saddle.

Joseph Broyles - SHOSHONE - Joseph E. Broyles, 88, died Sunday morning at a Memorial nursing home of a long illness. He was a former Shoshone resident. He was born Oct. 28, 1880, at Mines, Mo., and grew up there, marrying Mary O. Shoshone in 1915. He lived in Hartsville, Mo. They lived in Montana and in 1924 they moved to Salmon, coming to Shoshone in 1934. Mr. Broyles farmed until 1935 when he became ill. Mrs. Broyles died in 1961. Survivors include one son, Joe O. Broyles, Shoshone; two daughters, Mrs. Myrtle Boise and Mrs. Thama Hill, Portland; two granddaughters, two brothers and one sister. Graveside services will be conducted at 1:30 p.m. Tuesday at Shoshone Cemetery by Rev. John Taylor. The casket will leave the Bergin Funeral chapel at 1:30 p.m.

Bus Involved In Accident At Kimberly - A Greyhound bus carrying 30 passengers was involved in a two-vehicle accident at 8:15 p.m. Sunday in Kimberly, according to Twin Falls County Sheriff's officers. None of the passengers, the bus driver nor the driver of the other vehicle was injured, officials said. Sheriff Paul Corder said a 1959 Cadillac driven by Clinton J. Kerr, 21, Kimberly, pulled out from a stop sign in Kimberly and his car collided with the side of the southbound bus. Driver of the bus was George Simons, McDonald, 55, Salt Lake City, Utah. Mr. Kerr was charged with failure to yield the right of way.

Reuther Honored - REHOVOT, Israel (AP) - Walter Reuther, president of the United Auto Workers union, has received the Weizman Institute award for science and humanistic studies. The institute also established a chair in the peaceful uses of nuclear power in his name.

Train Topples In Washington - OAKESDALE, Wash. (AP) - A train was expected to have a Northern Pacific branch line following a 12-car derailment Sunday which slightly injured two crewmen and knocked out a small bridge. Larry Hunter, NP trainmaster in Spokane said Sunday night exact cause which ripped up 500 feet of track, had not been determined. Another NP official said earlier a broken rail could have caused the derailment. Conductor E.J. Pilloback and brakeman Dan Crooks, both of Spokane, were injured when the 33-unit Spokane-bound train left the tracks, but Hunter said neither man was hospitalized. A tank car containing gasoline was ruptured in the derailment, but Hunter said crews quickly constructed a dirt bank and contained a pool of gas.

Television Schedule - Monday, December 2, 1968 - 7:00 p.m. 2SL, 7B, 8: Movie: "Games," a 1967 exercise in the members of the setting an opulent Manhattan brownstone, a bizarre blend of Victorian elegance and mad trappings. Simone Signoret and James Cagney. 7:30 p.m. 2B, 3, 5, 11: Family Affair, in which the twins gain an understanding of other people's problems when they befriend Albertina, a shy-new classmate who's a whiz at chess—and at dreaming up fantasies about her runaway father.

Brightly-Clad Bandits Take Hotel Receipts - SPOKANE (AP) - Two brightly-clad gunmen—flushing in it a 1-1 robbery a fashionable downtown Spokane hotel Sunday and escaped with more than \$700 after clipping telephone lines. Spokane Police reported the two men forced desk clerk Mrs. Edna Mae Flathers and an elevator operator both employees of the Coeur d'Alene Hotel, into an office after copping up the money. The victim told detectives the bandits ordered Mrs. Flathers to open a safe, but she said she didn't know the combination. The money was distributed in a gray hat and an orange checkered coat and the other dressed in a blue parka and wearing sunglasses, then cut telephone lines with a jack-knife and left.

Saigon Reports Hanoi Refuses Prisoner Return - SAIGON (AP) - South Vietnam has formally complained to the International Control Commission that North Vietnam refuses to accept an offer to return 40 North Vietnamese prisoners of war. A note sent to the ICC Nov. 29 said Hanoi refused to accept these 40 men because it does not want to admit it has sent troops into South Vietnam, the South Vietnamese Foreign Ministry reported Monday. The note is a strongly protested against the human policy of North Vietnam. Saigon officials said they have been trying to return the 40 North Vietnamese prisoners—11 disabled—for about ten months. Efforts were made to hand them over to the International Red Cross, for return to North Vietnam, officials said but Hanoi never responded to the gesture.

Crews Near End Of Capitol Job - BOISE (AP) - Workmen near completion today on a construction project that will give Idaho's 105 legislators remodelled quarters for their 1969 session. The lawmakers meet Thursday for an organizing session and the work is expected to be virtually complete by then, except for the laying of carpet. A labor dispute prevented carpet laying earlier and the contractor agreed to let the carpet installation wait until all other work was finished. Union tradesmen objected to working alongside non-union carpet layers. Laying of the carpet is planned prior to the beginning of the regular session Jan. 13.

Miniskirted Stewardesses Cheer GIs Returning From War Aboard Giant Jets

By MARY ELLEN MYRENE
McCHORD AIR FORCE BASE, Wash. (AP)—When a big commercial jet inbound from Tokyo noses down at this military base, it marks the end of the war for the 165 men on board.
 For the soldiers returning from Vietnam, as well as those who wait here to catch the 10-hour outbound flights to the war zone, McChord is a place of in-between, when the best or the worst is yet to come.
 To make the waiting easier, the 10 planes leased by the Military AirLife Command are outfitted with high-styled, mod-minded, miniskirted stewardesses.
 Most stewardesses flying the MAC run between McChord and Tokyo are veterans in their own right. Many make this run exclusively for the simple reason that they like it.
 In some ways, it's surprising the flight is so popular. The planes, designed to carry 132 in-

comfort, are modified to take on a maximum 165, creating what one stewardess calls "cattle car" conditions.
 It's a long flight, often delayed on the ground or in the air by bad weather. And while the liquor is locked up, the four stewardesses on each flight are kept busy serving five other kinds of beverages, two snacks and a meal, all supplied by the military.
 On top of it all, the stewardesses work under the pressure of being watched constantly. One soldier even asked stewardess Karen Johnson, 23, Robinsondale, Minn., for the privilege of just looking at her.
 "This guy just knelt on the floor next to my chair and asked if he could look at me," she said. "He sat there for an hour."
 C. Karin Hill, 22, St. Louis, had a typical first reaction to the military stare.
 "I thought there was something wrong with me," she said.

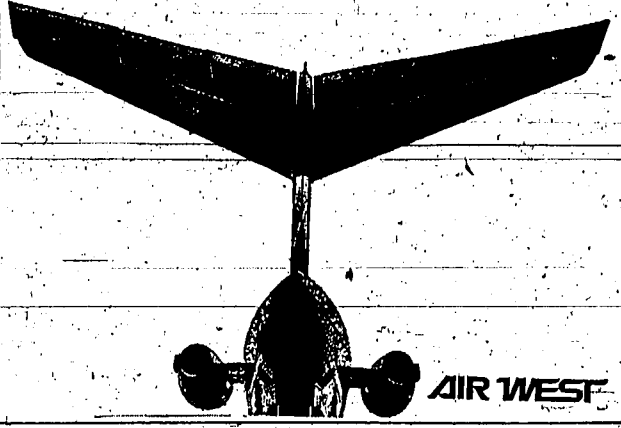

"Then one of the guys said they just wanted to see me smile."
 The girls say the soldiers rarely make passes at them; in fact, they're so polite that it sometimes gets awkward. Other things the girls agree on:
 —Green Berets like to talk about their medals. Other GIs don't.
 —Many soldiers say they have volunteered for Vietnam to get the combat pay.
 —Morale is high.
 —Flights terminating in Tokyo are littered with comic books, flights coming home, with girls magazines.
 —Touchdown stateside is a lot happier than takeoff.
 Touchdown stateside has become a ritual. It begins when soldiers start mistaking clouds for mountains, when everyone gets "antsy" when the first piece of shoreline comes into view.
 Then the soldiers and stewardesses let out a roar that doesn't fade until the wheels

touch ground, the plane rolls to a halt and the doors open.
 The flights carry about 12,000 servicemen a month each way between here and Tokyo. The stewardesses got off in Japan and the men continue on to Camp Rahn Bay in South Vietnam. The return flight picks up the girls again in Tokyo.
 Sitting on the steps outside the line past exchange just minutes after one ocean landing here, red-haired Catherine Hill of Jacksonville, Fla., said, "Sure we scream with them and a lot of times we cry. You just have to understand that this is God's country."
 Then Cathy, who has been doing this sort of thing for three years, looked down, a little embarrassed. Even then her voice was getting thick and her eyes filling.

Rupert Girl Gets \$1,000 Scholarship

RUPERT — Pam Abo, the 18-year-old daughter of Mr. and Mrs. George Abo, Paul, has been selected to receive a \$1,000 scholarship from the American Legion Life Insurance Scholarship Program, according to word received recently by the Paul American Legion and by the family.
 Miss Abo, now a freshman at Whitman College, Walla Walla, Wash., is one of 52 in the United States to receive the award which is an alternate for the national scholarship of \$2,000. The money will be awarded on a two-year basis.
 Miss Abo was a co-valedictorian of the Minico graduating class of 1968 and also is the recipient of two other scholarships. At Whitman, she is studying general courses, having not yet selected a major. She is affiliated with the Alpha Chi sorority.
 She has two brothers and two sisters, all younger than herself.
