

At Athens Airport

Arabs Bomb Israeli Plane

ATHENS (AP) — Two Arab terrorists attacked an Israel jetliner with machine guns and hand grenades today as the plane moved to take off from Athens Airport. An Israeli passenger was killed by bullets that poured in through the windows and the plane caught fire.

Each of the Arabs had hit a hand grenade before opening fire at the El Al Boeing 707 as it moved for take-off on a flight to Paris and New York with 37 passengers and 10 crew members.

In that incident, the passengers and plane were eventually released. "Our commander is responsible for the incident," said a spokesman for the Liberation of Palestine organization that planned the July attack.

IOWA LAW OFFICERS were continuing a search on Thursday for Pamela Powers, 10, left, who was apparently abducted from a Des Moines YMCA on Christmas Eve.

Anthony Erthell Williams, right, self-styled Negro "Minister" with a criminal record, surrendered to Davenport, Iowa, police today after a search was instituted for him.

Kidnap Suspect Shuns Details

DAVENPORT, Iowa (AP) — Anthony Erthell Williams, charged with abducting 10-year-old Pamela Powers on Christmas Eve, turned himself into police Thursday, but the girl remained missing.

Pamela's distraught father identified Wednesday the articles of clothing as those of his daughter. Davenport police said Williams had four cents in his pocket when he turned himself in and police paid a \$1 taxi bill for his trip from Rock Island, Ill., across the Mississippi River, to the police station.

Burley Has 4th Arrest On Narcotics

BURLEY — Another Burley man was arrested Thursday morning by police for illegal possession of narcotics. It was the fourth arrest in Cassia county within the past week.

Apollo Races For Home

AN ARTIST'S CONCEPTION illustrates the Apollo 8 splashdown, scheduled for 10:50 a.m. (EST) Friday, in an unusual recovery area—the Pacific Ocean, about 1,000 miles south of the Hawaiian Islands. (AP wirephoto sketch)

New York Shakes Amid Fuel Crisis

NEW YORK (AP) — With 10,000 of them were sick with flu. Lindsay's statement came after the mayor was urged by City Health Commissioner Edward O'Rourke to appeal to the oil industry to speed emergency fuel deliveries.

"Extraordinary" around-the-clock service is required to take care of the remaining serious situations as long as a threat exists to the personal health and well-being of any New Yorker," the mayor said.

1969 Magic Valley Road Work Planned

The 1969 highway construction program for Magic Valley has been estimated and the cost of the 1969 construction program.

In Idaho, a total of \$44 million has been estimated for the cost of the 1969 construction program. This figure does not include 11 forest highway projects; two public land highway projects; \$3.5 million on the county federal aid secondary system; highway maintenance work; or the \$31,000 for relocation of junkyards.

Spacecraft To Hit Earth Atmosphere At 24,700 M.P.H.

SPACE CENTER, Houston (AP) — "After to return home after their historic orbit of the moon, the Apollo 8 explorers streaked faster and faster toward the earth today on a perfect course that is to land them in the Pacific Ocean Friday morning."

"We're happy to report the earth is getting larger," commander Frank Borman said this morning. "Looks like you're going to hit the earth instead of Venus," joked astronaut Gerald Carr, the ground communicator.

After nearly six days of weightlessness—the astronauts will make a 30,000-foot "skip" from about 180,000 feet back up to 210,000 feet before nosing over into their final descent.

At that time Apollo 8 was 138,000 miles from earth, zipping along at 3,600 miles an hour.

After enduring re-entry temperatures up to 5,000 degrees Fahrenheit, Apollo 8 is to parachute into the Pacific Ocean, about 10:55 a.m. EST Friday.

"We're sure looking forward to home," Anders told Mission Control Wednesday night. "How See APOLLO, Pg. 2, Col. 4"

Yanks Catch 200 Reds In Ambush

SAIGON (AP) — Resuming offensive operations after a 24-hour Christmas cease-fire, U.S. forces caught more than 200 enemy troops on the move north-west of Saigon and killed at least 63 with bombs, rockets and artillery, the U.S. Command reported.

The enemy soldiers were spotted in two groups Wednesday night and this morning by scouts from the U.S. 1st Air Cavalry Division leap-frogging in helicopters near the jungled borders of Cambodia.

Deaths last week dropped to their lowest total in five weeks — 151, with 838 wounded despite intensive allied operations to stave off the Viet Cong offensive. Intelligence officers say many are shrapnel-wounded.

Pueblo Crew Faces Intensive Inquiry

SAN DIEGO, Calif. (AP) — Navy officials changed their minds today and decided to delay until Friday the start of a lengthy interrogation of the 82 surviving USS Pueblo crewmen. That left a full day today for medical examinations.

The crew was restricted to two buildings for an estimated ten days of the examinations and debriefing.

Consequently, their relatives' main impressions thus far have been that despite reports of brutal treatment by the North Koreans the crewmen's spirits are high.

Reopening Slated In 90 Days For Burned Market

JEROME — Paul's Market, which was destroyed by fire early Tuesday morning, will be rebuilt and is expected to be open for business within 90 days, it was reported Thursday.

It was reported there were two other markets there also Monday night, caused by ice on power poles, which resulted in power failures for a brief time.

But Mr. Dalry said it did not seem likely that these power shortages had any connection with the flux in the market, since it has been determined that the blaze began inside the building.

Life In Stanley Is Quiet

The sun was bright in Twin Falls Wednesday and the predicted white Christmas wasn't quite as white as most thought it would be today.

There is presently five feet of snow on Galena Summit and 40 inches on the valley floor. Air West officials said there is seven inches of new snow at Halley, making a total of two feet there.

Light snow was reported at Rupert and there were four inches of new snow in Burley. Rightfield hit the hardest hit by the snowstorm with some people unable to get out of their driveways and some side streets not open to travel.

Apollo Moon Shot Rated 'Top Story' Of '68

By The Associated Press
The Apollo 8 moon shot was voted the top story of 1968 by a Christmas Eve repolling of AP member editors.

A previous poll completed before the dramatic flight around the moon had selected the assassinations of Sen. Robert F. Kennedy and the Rev. Martin Luther King Jr. as the No. 1 and No. 2 stories of the year.

The new balloting dropped the two assassination stories down a notch to second and third place, as well as suggesting a high place for the release of the crewmen of the USS Pueblo.

As with the Apollo 8 story, the release of the Pueblo crewmen occurred after the first poll. Originally, the capture of the ship and its crew by the North Koreans had placed seventh in the list of the 10 top stories.

The assassinations of Robert F. Kennedy and Martin Luther King, which caused great shock and later stirred deep emotions of shame, anger and grief, have been voted the biggest news stories of 1968 by AP member newspapers and radio and TV stations.

The assassination of Sen. Kennedy, brother of President John F. Kennedy, who was shot and killed in 1968, was voted the top story before the Apollo flight.

Sen. Kennedy, 42, was trying for the presidency this year. On June 4 he won the California Democratic primary. After a victory statement, shortly past midnight, he and his wife, Ethel, pregnant with their 11th child, walked through a back passage-way in the Ambassador Hotel in Los Angeles to meet newsmen. Kennedy was shot, a 22-caliber bullet piercing his brain, and died 28 hours later in Good Samaritan Hospital, where he had been operated on for three and a half hours.

Sirhan Bishara Sirhan, 24, brought to American from Jordan at 13, was grabbed at the scene and later charged with murder. His trial has been postponed repeatedly.

The world was sickened and grieved along with the Kennedy family as they once again appeared, self-controlled, through days of public grief. Sen. Kennedy's body lay in state at St. Patrick's Cathedral in New York, then went by slow train to Washington for burial in Arlington Cemetery, near the grave of his brother.

Dr. Martin Luther King Jr., 39, Nobel Prize winner for peace and American architect of non-violence in the fight for civil rights, was shot and killed in Memphis on April 4. He was in Memphis to lead a march in support of striking sanitation workers, 90 per cent of whom are Negroes.

King had stepped onto the balcony of his room at the Lorraine Hotel and was shot in the neck, presumably with a high-powered rifle from a flophouse across the street. He was rushed to St. Joseph's Hospital and died within the hour.

Both whites and blacks, who had looked to him for reconciliation between the races, mourned his loss. Immediate anger led to violence in 40 cities across the country on the night of his death, with 400 deaths and 1,000 Guardsmen called into the nation's capital, where the riot was largest.

James Earl Ray, 40, was found in England, using a false Canadian passport, brought back to Memphis, and was charged with King's murder.

Other big stories of the year and the way they were originally ranked: 3. LBJ announces that he won't run for re-election; 4. Presidential election, campaign; 5. Czechoslovakia occupied by Russia; 6. Vietnam War continues; 7. USS Pueblo and crew captured by North Korea; 8. Heart transplant operations; 9. Riots in Negro areas, black militancy; 10. Jacqueline Kennedy weds Aristotle Onassis.

President Lyndon B. Johnson had announced a major policy statement on Vietnam for TV and radio March 31. He reviewed administration policy and offered to meet North Vietnam at the bargaining table. Then, having given no prior clue of what he would do, he added a major surprise — the statement that he would not run for re-election as President.

Hats were flying in and out of the ring during the election year, until Richard M. Nixon, who kept his cool throughout, won in a presidential contest nearly as close as the one he lost to John F. Kennedy eight years ago.

Michigan Gov. George Romney withdrew two weeks before the first primary, becoming the first candidate to withdraw on the basis of popularity-measuring polls. After LBJ's withdrawal as his party's certain standard bearer, Vice President Hubert H. Humphrey declared his candidacy. Sen. Eugene McCarthy of Minnesota was already in as a dove, and getting backing from young people in New York. Gov. Nelson Rockefeller said repeatedly he'd answer a draft, left the draft April 30 and declared.

Gov. Ronald Reagan of California tossed his hat into the ring at the GOP convention. But the nod went to Nixon, who chose as his running mate, Maryland Gov. Spiro T. Agnew, who said, "It came as a bolt out of the blue."

Meanwhile, George C. Wallace, former governor of Alabama, had formed a third party, the American Independent Party.

ly, and as impressive size crowds gathered to hear him, all over the country, people who at first had considered him merely regional began to take him seriously as a contender. When the votes were counted, Wallace carried five states, all Southern.

In Czechoslovakia, for 229 days there had been an experiment without precedent — democracy with Communism — free press, public discussion, travel abroad. The Czechs had

basked in it but the Warsaw Pact countries had feared their citizens would want it too. Warsaw Pact maneuvers began in Czechoslovakia June 20 as a show of muscle. Talks July 20 seemed to leave Czech liberalization with a green light. But then came rumors of Soviet troop movements near the Polish-Czech border and on Aug. 20, 100,000 Soviet troops and 1,000 tanks invaded Czechoslovakia. It was liberalization, not "normalization" da.

The Vietnam War, placed No. 1 in The AP's top 10 stories since 1965, in 1968 was ranked sixth. Soon after the year began, the Viet Cong attacked Saigon. The Tet lunar new year offensive Jan. 30-March 5 was the Viet Cong's biggest of the war.

NEW YORK — The fact that Nelson Rockefeller is serious about an unprecedented fourth four-year term as Governor of New York is but one of two major developments that threaten to squeeze the life out of the New York Conservative party. If Rockefeller does go on the ballot in 1970, that would be bad enough for the Conservatives. It would mean another two-year postponement, at least, in realizing the Conservative

party dream of effecting veto power over New York Republican candidates and thereby pushing the state Republican legislative session in Albany which would abruptly restore right-party politics to New York state. With quiet encouragement from Gov. Rockefeller's office, legislators in both parties are preparing a bill that would prohibit candidates from being the nominee of more than one party.

"We Want Warm Relations With All Nations."

LBJ's Last Act

Officially, Richard M. Nixon assumes office as president on Jan. 20, in one profoundly important area, however, it will be a year, to a year and a half, before the new administration can really begin to take over from the old. President Johnson's last major constitutional duty will be to present the new Congress with a budget under which the government will be asked to operate from July 1, 1969, to June 30, 1970. Although Congress has the final say on spending and although the new president will not be without influence on Capitol Hill, the basic Johnson budget for fiscal 1970 is something the Nixon administration will have to live with—and accept responsibility for—a full quarter of its term in office. It is estimated that out of every

federal dollar now scheduled for spending, the president has control over less than 30 cents. The balance has already been committed by previous acts of Congress or, like the interest on the national debt, is automatically provided for. Rep. Wilbur Mills, chairman of the House Ways and Means Committee, has pointed out that because there are so many of these built-in growth factors, federal spending next year would go up by \$7-\$10 billion over this year's \$185.1 billion without a single new appropriation bill being enacted. Even the most economy-minded president can't get around that fact. Well, President-elect Nixon wanted the job, and it's waiting for him. Indeed, "lying in wait" might be a more accurate way to put it.

ANDREW TULLY

A Sick Joke From Washington

WASHINGTON — It is, of course, a felony to attack a police officer engaged in the performance of his sworn duty. In the case of Pvt. David Roberts of the Washington police, during a recent confrontation in a troublesome area of the city, Roberts shot and killed a Negro male named Elijah Bennett, whom he had attempted to stop for questioning on a jaywalking charge. There was what might be mildly described as an altercation, and when it was over Bennett was dead and Roberts had suffered various painful injuries, including a shoulder separation.

That moment Roberts obviously believed he could defend himself by a show of armed force. As in most cases hereabouts, the large crowd that gathered made no attempt to come to Roberts's assistance, although the law does not require that such action is one of the citizen's duties. Had Bennett stopped when Roberts asked him to do so, as thousands of citizens do every day, probably nothing more serious would have occurred than a lecture on the dangers of jaywalking. But no. The verdict of the coroner's jury suggests that an individual is within his rights in assaulting a police officer when so approached.

(Predictably, the grand jury refused to indict.) What is happening here, and in other big cities, is a charade, a perilous mockery of law enforcement. By political fiat, the Constitution has been rewritten to give members of a minority group certain extrajudicial privileges not accorded to other citizens. Bennett was not killed because he was jaywalking, but because he attacked a police officer. It should be as simple as that, but it is not. It is not because the jokers who run things here and across the country have decided that some Americans are more equal than others.

The Negro

Whites who resent the Negro as an alien group in America and blacks who are adopting African tribal dress in an attempt to cultivate a sense of cultural identity are both wrong, claims a noted Quaker theologian, philosopher, teacher and author. "The truth," says D. Elton Trueblood, "is that the Negro is the most truly American of all the human strains which make up the United States."

ca of those he enslaved. For these most displaced of all persons, says Trueblood, it was America or nothing. Though an effort is being made today to give Americans an appreciation of their African background, there is no likelihood at all that this effort will succeed among the rank and file, he thinks. "America is what they know. It is here that, against the most incredible odds, cultural victories have been won."

Nearly all white Americans are conscious of some cultural continuity with European peoples, he explains. The same is true of those of Oriental heritage. Even the Indians—whose ancestors lived here for centuries before any black, white or yellow man came, are still more tribal than American. The Negro, however, is for the most part purely American in mentality because not the least sin of the slave trader was the brutal breaking of all cultural ties to Africa of those he enslaved.

America is both a place of failure and a place of victory, says Trueblood, and no people share in both sides of the paradox more fully than does the Negro. The story is a tragic one—but it has occurred and we must go on from where we are. We are making a better start if we are realistic enough to recognize that the Negro, far from being alien, is the closest approximation we have to a true American.

MR. SPECTATOR

Brrr--Down With The Cold

You will probably not believe it but right at this moment there are people in this old world complaining of the heat!

And right at this moment—in Magic Valley—the only heat available to complain about is from an overheated stove, the steam escaping from a radiator or an electric heater with the thermostat stuck. One more type heat will be available Christmas morning. It will be the heat from the head of the family when the presents are open and for the first time he realizes just how much the Christmas gifts really cost and just how far he is in hock. But that is heat of a different type and is another story.

Right now the only heat we are concerned with is that which isn't outside. As you get older we are sure you must, about this time, be thinking of Hawaii, of Old Mexico, of South America or of some other places where shirtsleeve weather is now in operation.

So—a Magic Valley resident claims that winter is the best time of all. They talk about riding around on those new fangled snow vehicles, of ice skating and of skiing. But we seriously believe that way down deep they are really wishing they were in a nice, and warm, area.

Winter is a fine time of year so far as we are concerned. It is fine for other people. The way we look at it, the first day of winter means that it is a day closer to spring and summer—and that is fine! Winter lovers have had a field day the past few days. Snow has been deep and temperatures way down there.

But we bet two-bits that when all this white stuff starts to melt around Magic Valley and the water is running deep and free there will be a lot of residents who will be in favor of skipping the whole thing. Like a Salmon Trout farmer's wife said to us the other day. "We've been praying for snow for a long time. Now we have so much of it we can't get out of the driveway. You just can't win." So we leave you with this thought, said by someone long, long ago: "If winter comes, can spring be far behind?"

GIVEAWAY DUPT.: We have six cute puppies to give away. There are three males and three females. Our number is 733-5506 and ask for Terry Tickner.

RAIL-PREVIEW

North America's fastest inter-city train service, and a model of rail service in Canada, has been inaugurated in Canada. With plush interior and service resembling jet airline accommodations, a seven-car, turbine-powered Turbo-Train averaged 85 miles an hour on its maiden 335-mile trip from Toronto to Montreal. Elapsed time probably would have been shorter, but a top speed of 98 mph was maintained because of grade crossings. Passengers paid \$10 to \$23, depending on the class of service, and were served a free meal en route. Comparable airline fares for the trip are \$25 to \$34, and it takes almost as long from downtown city points.

It was an exciting trip, not only for the 205 passengers who made it, but for the thousands who are envious because other cities are not similarly connected.

THE NEW PATHS

Art pioneers continue to strike out in new directions. A current exhibit at the Whitney Museum of Modern Art in New York examines the state of contemporary sculpture through the works of 137 artists.

Many of the pieces move, light up or make sounds. One gigantic structure, which would seem to qualify as architecture as much as sculpture, is 24 feet long and 15 feet high with a number of 10-foot beams cantilevered 12 feet overhead. Another work involved removing four stone paving blocks from the museum floor and lining the empty spaces with sheet metal for an "earth sculpture" entitled "City Depression."

For sheer realism and consummate devotion to detail, however, nothing compares with an exhibit held in Europe a year or so ago. There, human models posed on pedestals as examples of "living sculpture." No one has been able to top this since.

ART BUCHWALD

Things About Flu

WASHINGTON — The Hong Kong flu can be a force for good as well as evil. While no one enjoys having the Hong Kong flu everyone enjoys talking about it; and it is in this area that you can use the HKF to your advantage. There is probably no better time of year to have HKF or at least say that you've got it, than around the holiday season. The best thing you can do is call up all your wife's relatives and tell them not to come for Christmas because you're coming down with it. Or if you were scheduled to go to their place, indicate that rather than infect their family with the virus you've selflessly decided to stay home.

The Hong Kong flu can be used as an excuse to stay home from work on the Monday and Tuesday before Christmas so you can get your Christmas shopping done. It also can be used as an excuse to your mailman, garbage collector and grocery delivery boy as a reason you were unable to tip them this year.

For pretty young ladies, HKF can be your protection from drunken bosses at Christmas office parties. As the boss makes a grab for you, tell him, "Oh, no. Wait until I get my flu shot next month." You can use HKF to get out of a scholarly round-table discussion. Eve parties you had no intention of going to. It can be used as a reason for not going down to the department store to see Santa Claus.

The beauty of Hong Kong flu, as the "flupoor" expression getting out of things, is that you don't have to have a case of it to enjoy it. You can say your wife has it, or one of the kids has it—or, if worse comes to worst, you can say you think you're getting it. The latter is a good excuse because when you meet the person accidentally on the street you can always say, "I thought I was getting it, but I didn't." Obviously, you're not the only one playing the Hong Kong flu game, and there may be many people who use it to get out

of a date with you. The best way to play it under those conditions is, when you meet the person who told you his wife had the flu, to ask him how the kids are. If he was lying, he'll think he told you the kids had the flu, and he'll say, "They're getting better."

At that point you can say, "I thought you said it was your wife who had the flu. You wouldn't have a friend by doing this, but it will be fun to see the person squirm." While there are many people who will use HKF for their own benefit, there are others who will actually have had it, and they'll suffer because of what is now known as the Hong Kong Flu Credibility Gaps. For example, if you come down with a real case of HKF and you call your doctor and he says he can't see you because he has a case of "himalayas" (he's telling the truth) or he is on his way to a poker game with five other doctor friends? You'll never know.

The people who have had HKF are naturally resentful of those who have not had it, but who are using it for their own purposes. For that reason, an organization has been formed, known as the Veterans of Hong Kong Flu. The HKF hopes to set up a bureau similar to a credit bureau where the names of those who have had the flu can be checked with the bureau to see what kind of a Hong Kong flu rating a person has (one day, two days and so on). Besides the HKF rating, the veterans hope to hold a convention in the mountains during the Chinese New Year.

One personal incident concerning the epidemic happened during a TV show I was filming the other day for Metromedia in Washington. The producer who was one of many who had supposed to say something nice about Christmas. "We were hoping to get Jeanne Dixon," he said, "but she came down with the Hong Kong flu." The cameraman looked up from his lens and said, "I wish you didn't know she was getting it?"

GEORGE C. THOSTESON, M.D.

Pill At 17

Dear Dr. Thosteson: I would like information on birth control pills. I am a single, have a nice boyfriend, and we are almost engaged. I am 17 and a senior in high school and he is a freshman in college. I have heard that the pills will not harm a person. Is it possible for me to obtain them and how? My future husband would like me to take them. Must I see a doctor, do you have to be married, etc.?—H. T. W.

Yes, you have to go to a doctor, and whether you have to be "married, etc.," depends. Legally, since you are a minor, he needs your parents' permission. Quite aside from all moral considerations, the increase in venereal disease makes me think it is time for young people (and their parents) to take another look at the "sexual freedom" these days. "The pill," excellent as it is as an unobscuring, is not an unmixing blessing. It permits the sexual independence, but does not do a thing to prevent venereal disease. My opinion is that you, at 17, should discuss this with your parents. If you aren't old enough to do that, I don't think you're old enough to listen to this college freshman who wants you to take the pill. There can be side effects, too.

There's a good deal of room for argument, additionally, as to whether, at 17, you are yet able to form any dependable judgment as to whether this boy is, in reality, your "future husband" or not.

That's how I feel about it, and if this brings down a storm on my head, so be it. Dear Dr. Thosteson: Recently my mother's illness was diagnosed as amyotrophic lateral sclerosis. Will you write about this condition? Will you be able to help? Information is difficult to obtain.—D. G. M.

Our knowledge of this rare disorder consists of its symptoms and the changes in the body. It involves the nervous system, with degenerative changes in a portion of the spinal cord and certain related nerve trunks. The result is a progressive atrophy, or shrinking, of muscles. It does not affect the brain or the sense of touch; nor will it affect control of bowel or bladder. The initial symptoms are fibrillation, or twitching, of muscles, usually of the hands, wrists, and shoulders. These muscles become gradually but steadily weaker until they may be virtually unable to move. It affects older individuals as a rule. The cause is not known. One report suggested mercury

State Lists Road Jobs For 1969

BOISE (AP)—A total of about \$300 million in interstate construction and \$14 million in work on other roads in the Idaho state system has been scheduled for 1969 by the State Board of Highway Directors.

The board proposals, released Wednesday, include engineering and right-of-way acquisition.

The board noted the proposals will depend on "normal congressional authorization of federal highway user funds and if the expected yield of state highway funds are sustained in 1969."

It also noted more projects are traditionally approved than can be financed with available funds. This is because delays always develop in some projects and extra planning assures full construction program.

The federal share of the interstate projects is 62 per cent while for primary, secondary and urban projects the federal share is 63 per cent.

Highway engineer Ellis Matheson there will also be about \$70 million on other types of roadwork in the coming year. This included about \$10 million in state funds for maintenance projects and the following projects involving mainly federal money:

- \$500,000 for completion of Idaho 21 between Lowman and Stanley.
- \$430,000 for work on U.S. 12 in Idaho County.
- \$62 million for 11 forest highway projects.
- \$3.5 million for projects on the county federal system.
- \$31,000 for screening or relocating junkyards adjacent to state highways.

Charter Bus Leaves Road, Killing Three

BEAVER FALLS, Pa. (AP)—A charter bus en route from Chicago to a church convention in Washington veered off the Pennsylvania Turnpike, dropped down an embankment and flipped over today, killing three persons.

Thirty-seven other persons on the bus were injured, but most were only jarred.

The bus was part of a two-bus chartered which left Chicago Wednesday night and was bound for a Church of God convention in Washington. The second bus, unaware of the accident, continued down the highway.

Killed in the crash were Bruce Blackman, 14, of Chicago; Mary Owen, 58, of Evanston, Ill.; and Verrie Evans, 76, of Chicago.

The wreck occurred about 11 miles east of here on the Pennsylvania-Ohio border.

NOVELIST DIES

CANNES, France (AP)—Joseph Peyre, 76, French novelist, died today in a hospital to which he had been admitted Dec. 17 with a lung ailment. Peyre was the author of about 20 novels and won the Goncourt literary prize in 1935.

100 Children Are Feted By Burley Elks Lodge

BURLEY—About 100 children attended the annual Christmas party Sunday afternoon at the Burley Elks Lodge members.

Santa arrived at the close of the program and visited with each of the children and distributed sacks of candy.

1970 Census Will Utilize U. S. Mails

WASHINGTON (AP)—The government figures its plans for a do-it-yourself, census-by-mail in the nation's largest cities in 1970 will trim its force of census takers by 50,000.

The technique of mailing census questionnaires to the whole country and sending out census takers to collect them would require about 200,000 temporary workers in 1970, the Census Bureau said Wednesday.

But by saving heads of households in the major cities—with about 60 per cent of the population—fill out the forms and return them by mail, only about 150,000 census takers will be needed, the bureau said.

Census takers will again collect the questionnaires in rural areas and smaller towns and cities. And they'll follow up by telephone or personal visits in major cities when householders don't answer all the questions.

In past years since 1960, the bureau said, 63 to 91 per cent of the householders have mailed back the forms.

Suspect Admits Killing Jurist In April, 1955

FREDERICK, Md. (AP)—Police say Robert M. Childers, 40, has turned himself in on charges of killing a magistrate 13 years ago because he said the matter was worrying him to death and had to get it off his conscience.

Childers told police in Mount Sterling, Ky., he shot trial Magistrate Charles Leslie Moats with a shotgun because Moats had once "put him in the house of detention."

Maryland state troopers brought Childers back from Kentucky Wednesday and charged him with murder.

Moats, 71, was found dead April 23, 1955, at his home, beaten and shot in the chest.

Film Shown

JEROME—Bob Armstrong showed a film on the American Hot Rod Association at a recent meeting of the Jerome Kiwanis Club.

Installation of new officers will be on Jan. 6, with Armour Anderson, Twin Falls, district lieutenant governor, as installing officer.

AT LEAST THREE died early Thursday when a Greyhound bus ran off the Pennsylvania Turnpike near Beaver Falls, Pa., and overturned. Many persons were still trapped in the wreckage shortly after the before-dawn crash. Scores of victims were taken to hospitals in the area, including the driver, Elmer Guckert. The bus carried 41 passengers. (AP wirephoto)

AIP Officials Squabble Over January Conference

BOISE (AP)—Several American Independent Party officials have protested the scheduled Jan. 4 meeting date for the party's state central committee in Idaho Falls.

The meeting was scheduled by the party's state chairman, Joseph Stumph, Jr., but a rival party faction has said Stumph was no longer chairman.

In letters to Stumph, of which Conarussa received copies, groups from Minidoka, Ada and Kootenai counties told Stumph that the Jan. 4 date was a bad time.

They also asked that the meeting be held in Twin Falls or Lewiston, instead of Idaho Falls.

One letter, from Joyce T. Carman of Heyburn, chairman of the Minidoka County central committee, said she was expecting a baby about the time of the scheduled meeting and would like to have the meeting re-scheduled for "a later date and more centralized location."

Boite Mathew, chairman of the Kootenai County delegation from Coeur d'Alene, said her group wanted the meeting held "when weather permits travel" and at Lewiston.

A group headed by Ada County Chairman Shirley Ware and signed by several members of the state central committee from Ada County asked for a later date and to hold the meeting in Twin Falls.

Conarussa said his office had no power to regulate where or when such meetings would be held.

New Snow Renews Hazards Along Most Idaho Highways

By The Associated Press

Idaho's highways were still in hazardous driving condition over much of the state this morning, and snow was falling over large areas of Southeast Idaho, according to the state Highways and Law Enforcement Department.

Drivers were required to use chains on State Highway 21 between Idaho City and Lowman.

Other conditions, by the route:

- U.S. 60—Bonanza-Ferry-Council to Mesa Hill and Midvale Hill to Weiser, snow floor; Coeur d'Alene to Spirit Lake, snow floor and fog; Sandpoint, Mica Hill, icy and fog; Moscow to Genesee, Whitebird Hill and Marsing to Oregon, icy spots; Craigmont and Lewiston Hill, fog.
- U.S. 95A—St. Maries to Santa, icy spots; Harvard Hill, broken snow floor.
- Interstate 90 and U.S. 10—Lookout Pass, snow floor; Kellogg to Wallace, icy and fog; Fourth of July Canyon, icy spots.
- U.S. 12—Lain Pass, broken snow floor; Orofino to Kooskia, icy spots.
- Idaho 55—Caldate to New Meadows, snow floor and snowing; Banks Canyon to Round Valley, snow floor; Horseshoe Bend to Banks Canyon, broken snow floor; Horseshoe Bend, icy.
- U.S. 93—Stanley to Galena Summit, snow floor and snowing; Lost Trail Pass, Hailley, Shoshone and Twin Falls to Nevada, snow floor; Salmon, icy spots.

PROVING NAMED

PROVO, Utah (AP)—Dr. Joseph A. Knight of Salt Lake City has been appointed pathologist at Utah Valley Hospital.

Blackfoot Man Dies In Storm

BLACKFOOT, Idaho (AP)—Exposure has been listed as the cause of death of a Blackfoot area man found dead after he apparently became lost in a snowstorm.

Ivan Boyd Atwood, 51, was found Wednesday near a pump house on a farm about 15 miles west of Blackfoot.

Bingham County Coroner Carl Staley said Atwood apparently started walking after his pickup became stuck in snow.

Staley said Atwood had been in Blackfoot Tuesday evening buying Christmas gifts.

Idaho Woman To Face Slay Charge

GRANGEVILLE, Idaho (AP)—Manslaughter charges have been made against Beulah S. Walker, 37, Grangeville, in the Christmas Eve shooting of her brother.

Authorities said Harvey W. Outman, 42, Kooskia, was shot in the chest with a .22-caliber bullet outside Mrs. Walker's home.

Guard Shakeup On Tap

Utah Prison Alters Security

SALT LAKE CITY (AP)—Changes in the maximum security facility and in the state prison guard procedures have been recommended in light of the massive breakout in mid-November.

Nine men, including four convicted killers, escaped through ventilation shafts in the early morning hours. Saturday morning, the escape was discovered about noon—minutes before the Utah police reported recapturing two escapees.

The director of the state Building Board, Glen R. Swenson, said Tuesday guards were duped into not noticing the men had doubled up in four cells.

The building board official had been asked by Ernest D. Wright, director of the State Division of Corrections, to prepare a report on the escape.

Gov. Calvin L. Rampton and the Board of Corrections placed no blame for the escape on the warden and prison officials, but two guards were fired and a third was transferred.

Warden John W. Turner said steps have been taken to insure two or more prisoners cannot hide in a single cell again.

The guards were fired because they were duped by inmates in the bed and did not follow the procedures requiring they look for signs of breathing before completing bed checks, state officials said.

Turner said new bed check procedures have been instituted.

"If a guard can't see any movement, he must reach through the bars into the cell, pull the blanket down and press flesh to let him there's a man there," he said. "Guards can't enter the cells or there would be a real security problem."

The State Building Board report said decisions made in the design of the 8-month-old facility were "reasonable and based on logical considerations," but it recommended several security improvements.

The recommendations included:

- Welding return air registers completely to frames, rather than reaching with bolts then welding the bolts.
- Redesigning steel grilles in utility tunnel floor with more welds.
- Use of heavy-duty padlock on grilles at entrance of the pipe-tunnel to mechanical equipment room.
- Checking equipment room doors frequently for tampering.
- Manning guard towers at all times (one tower was unmanned at the time of the escape).

School Dispute Draws Top Ranking Among Idaho News Stories For 1968

By EARLE L. JESTER

BOISE (AP)—The Idaho Education Association's effort to get more money for the public schools by threatening to ask teachers to leave their classrooms is rated Idaho's top news event of 1968.

But close behind is the general election in which Democrat Frank Church won re-election to a third term in the Senate, getting more votes than did Republican President-elect Richard M. Nixon.

Oddly, the general election got almost three times as many first place votes as did the IEA sanction move. But the teacher story was voted on every one of the 22 ballots cast, while the general election failed to get any mention by two voters.

On a point basis, with 10 points for No. 1, nine for No. 2 and so on, the IEA story rolled up 181 points in 168 for the election. The IEA story got four first place votes and the election 11.

Other top stories of the year trailed far behind the pace-setters.

The special session of the legislature early in the year which replenished emergency fire and fire funds was rated No. 3, with 91 points.

The No. 4 listing went to the American Independent Party's successful legal fight to get the names of its candidates on the general election ballot. That story got 78 points and one first place vote.

Other top stories:

- 5—Primary election, featured by Republican congressional contest, 66 points.
- 5—National effort to enact gun control law strikes vigorous opposition in Idaho, 61.
- 7—A tie, between the mobilizing of some Idaho National Guard units for service in Vietnam and the controversy over construction of more dams in the middle stretch of the Snake River, 58 points each.
- 9—A tie, between the unsuccessful dredge mining referendum effort and the approval of five constitutional amendments, including one providing for annual legislative sessions, 55 points.
- 10—The record-setting toll of traffic deaths rated the No. 11 spot, getting one vote for the year's top story.
- 11—Troubles at the state penitentiary, climaxed by the firing of the warden, were listed as No. 12 and Boise State College's integration into the state educational system was ranked No. 13.
- 14th spot went to the story of the discharged state meat inspection supervisor who won reinstatement by legal action.
- 15th to Idaho by two of the three presidential nominees got two first place votes and were ranked in the No. 15 spot.
- Sixteenth place went to the dedication of Hole Canyon Dam, 17th to the capture in Burley of three Utah prison escapees and 18th to controversy surrounding the new vehicle inspection law.
- Ranked No. 12 was the creation by the governor of a human relations council and No. 20 was the fire which destroyed a shopping center in Burley.
- Altogether, 30 stories rated mention in the balloting.

Former Envoy Goes On Trial In Cairo Court

CAIRO (AP)—Amin Mohamed Ahmed Souka, 57, retired diplomat, went on trial Wednesday before Egypt's Supreme Security Court on charges of passing military, economic and political information to an agent of a foreign country.

Accounts of the proceeding said the prosecution accused Souka of passing to his contact details of talks between Egypt and representatives of other countries and of giving confidential information that "threatens the security of the state." Countries involved were not named.

Sizable Increase In Gross National Product Seen By Commerce Officials

WASHINGTON (AP) — The Commerce Department says there will be a "sizable increase" in the gross national product for the fourth quarter this year despite government efforts to hold down the economy's inflationary rate of expansion.

The increase in the October-December quarter, was not given in exact figures but estimated as "not much different from the rise in the third," when the revived economy confounded the economists with a GNP increase of \$18.1-billion to a seasonally adjusted annual rate of \$87.1 billion.

Government economists had hoped the third-quarter GNP, which represents the market value of all the nation's goods and services and thus provides a convenient window on the economy's inflation problems, would move up no more than about \$12 billion.

When it went steaming past this target, Chairman Arthur M. Okun of the Council of Economic Advisors noted it was at least lower than the record \$21.7 jump during the second quarter.

And it was "thoroughly consistent with prospects of a continued slowdown in the fourth quarter," Okun said.

This was not the case, however.

Much of the juice powering the unexpectedly strong showing of the GNP in the fourth quarter, the Commerce Department said, is the monthly "Survey of Current Business," comes from business spending for new plant and equipment.

Expenditures for housing, inventory investment and outlays by state and local governments are also running strong, the review said.

When administration planners drew up the scenario for the fourth quarter and the opening months of 1969 they figured business conditions would be substantially lighter because of the 10 per cent income tax surcharge.

But businessmen have made major outlays for new machines, buildings and other

means of increasing output.

To many observers, this bullishness appears to spring from an inflation psychology that counsels the businessman to spend now because if he waits a few months or a year his new factory will probably cost more — a lot more.

Actual expenditures often fall short of anticipations but "the fact remains that business seems to have embarked on a new round of investment spending which will have important stimulating effects on an economy operating at very high employment rates," the department said.

Because it was prepared in advance of last week's increase in the Federal Reserve discount rate, the "Survey" article did not reflect this change, which will probably eliminate some business borrowing by making it too expensive.

The department's Federal Reserve district banks charge on loans to commercial banks was approved at midweek and symptoms of tighter credit followed almost immediately.

The most noticeable was a leap upward in the discount on

13-week and six-month Treasury bills, major indicators of monetary tightness, to record levels last Friday.

New highs were reached Monday by two more Treasury issues. Tough it has the best credit rating in the land, the government was able to borrow \$1.5 billion through the sale of nine-month and one-year bills only by agreeing to pay interest charges equivalent to 6.84 per cent.

Twin Falls Times-News
Thursday, December 26, 1968

A LARGE STACK of boxes faces two Twin Falls firemen as they prepare to deliver repaired toys to needy families in the area. At top is Roger Bolton and at the bottom of the picture is Roger Harkins. Each year the Twin Falls Fire Department paints and repairs toys and distributes them to needy children for Christmas.

Valley Traffic Courts

Fined by Rupert police judge Jake Wall for traffic violations were Alfredo Martinez, 29, Paul, \$15; Victor Kobo, 35, Burley, \$15; Paul Garcia Brannada, 33, Rupert, \$22; LaMont Kelster, 52, \$153; Randy Hieb, 15, \$101; Pamela Preuss, 17, \$14; Alta Hatahaway, 27, Burley, \$11; Dale Derage, 25, Heyburn, \$18, all speeding.

Linda Hunter, 25, Burley, \$12, speeding in a school zone; and Ralph Perez, 38, Rupert, \$153; and Albert Peterson, 32, Hootbrook, Idaho, \$105, both drunk driving.

Also fined were Eva Martz, 81, Rupert, \$1 costs; Judy Fuller, 24, Rupert, \$13, and Jerry Thomson, 18, Paul, \$13, all failure to yield the right of way; Arthur Smyth, 71, Rupert, \$15, failure to stop at a stop light; Larry Schneider, 17, Paul, \$18, driving without due regard; and Charles Melnberg, 36, Murtough, \$13; Roy Squires, 41, Rupert, \$5, and Faustino Alanis, 24, Burley, \$13, all failure to stop at a stop sign.

Meetings Dated On Agency Aims

BOISE (AP)—Regional meetings are to be held next month to explain to local governmental officials how the Idaho Law Enforcement and Traffic Safety Commission function, the state Department of Law Enforcement said.

The meetings will be Jan. 7 at Boise, Jan. 9 at Pocatello and Jan. 14 in Moscow.

Invited to attend are county sheriffs, magistrates, prosecutors, mayors, city managers, police chiefs and traffic safety coordinators.

Morning sessions at the gatherings are to be devoted to discussion of the omnibus crime control act and afternoon workshops will involve traffic safety programs.

Christmas Flight Ends With Tragedy

BRADFORD, Pa. (AP) — A young woman coming home to spend the holidays with her parents, a salesman returning from a business trip for a reunion with his children, two members of a family of four going to meet relatives on the other side of Pennsylvania. These are some of the 20 people killed when Allegheny Airlines Flight No. 736 struck a mountain on Christmas Eve.

Twenty-seven others were injured. Christine Farlow, 20, an only child, left her parents' house in Copeland, Pa., nearly a year ago to take an office job with Allegheny Airlines in Detroit, Mich. She was coming home for Christmas. Mr. and Mrs. Howard Farlow were waiting for her at the Harrisburg Airport.

She never met them. Christine was killed when the twin-engine prop-jet crashed while approaching Bradford Airport, a stop away from the reunion. It slammed into an icy mountain halfway up the mountain and overturned.

Volunteers in ambulances, trucks, jeeps and snowmobiles rushed to the downed craft. One of the survivors, Ron Van Pelt, 26, of Camp Hill, Pa., started a bouffant to keep himself and the others warm in the 10 degree temperature and its light helped guide the rescuers.

Waiting in Camp Hill, Pa., for Joseph King, were his wife and four of his five children. The fifth, 17-year-old Christine King, was riding in the plane with him.

The three older King children, a relative said, arrived earlier from Michigan and Detroit for a Christmas gathering.

King, a 52-year-old sales manager for a carpet company was killed in the crash. His daughter was injured and taken to Bradford Hospital.

Lewis C. Angel Jr., 44, and his son, Lewis C. Angel III, 21, were in the same room Wednesday at Bradford Hospital. The bodies of Angel's wife and daughter were resting in the same funeral home 30 miles away in Kane, Pa.

An investigating team of 35 men started its probe of the crash of the Convair 440. The flight originated in Detroit and was scheduled to end in Washington.

"At this point in the investigation, all we're doing is collecting facts," said Russell J. Abbott, air safety director for the National Transportation Safety Board.

The lucky 27 who survived the crash have started checking out of hospitals.

"This was the biggest Christmas present I ever had," said Terrie Groves, 20, ignoring her frostbitten feet, cut legs and badly-bruised forehead. "I'm alive."

A CRASH SURVIVOR, Gregory Tobin, Pottsville, Pa., greets his wife from a hospital bed at Bradford, Pa., after the Allegheny Prop-jet he was on crashed Tuesday night near Bradford. Tobin, a construction worker, was one of 27 survivors of the wreck which killed 20 other passengers. (AP wirephoto)

City To Start Wrestling Events Jan. 11

The "Little Kid Wrestling Program" will begin for boys ages 6 through 12 on Jan. 11 at the Twin Falls High School gymnasium, according to Chud Brown, city recreation director.

Mr. Brown said Steve Burrato, high school wrestling coach, will conduct the classes for five Saturdays. There will be a final "Parents Day" at 9 a.m. to 1 p.m. Feb. 8 at the gym.

The boys will be divided into three classes. Third and fourth graders will have their session from 9:30 to 10:30 a.m. Fifth and second graders from 10:30 to 11:30 a.m., and fifth and sixth graders will meet from 11:30 a.m. to 12:30 p.m.

Mr. Brown said the boys should come on time and leave the building at the end of their hour class. The boys will need a T-shirt, shorts and gym shoes. Coach Burrato and the recreation director have set three objectives for the wrestling course: Have fun, learn something new and constructive, and get a good physical fitness workout.

Bandit Grabs Wallet From Station Aide

SALT LAKE CITY (AP) — A solo gunman robbed the Star Service Station in Salt Lake City of \$76.21 Christmas morning.

Attendant Dave Romero, 18, said the robber brandished a pistol and ordered, "Give me all the money in the register and also the wallet in your coat."

Alabama Bids For Cultural Spotlight With \$34 Million 'Arts' Center Plan

By WILLIAM GLOVER AP Drama Writer

BIRMINGHAM, Ala. (AP) — Alabama is bidding bold for the cultural spotlight.

A \$34-million program for construction by 1972 of a performing arts center puts the state well in the forefront of major cross-country endeavors.

How fully the eventual quality of the facility is right now is "frighteningly unimportant."

"You don't create interest in artistic activity by having an office," Alexander S. Lacy points the vital factor, "but what you do do is vastly augment that interest."

Lacy is the suave, high-energy chairman of the Birmingham-Jefferson Civic Center Authority, which the state legislature cringed to build the gleaming, many-fountained, multi-structure plant for opera, music, ballet, theater and conventions in a downtown eyecore zone of slum, warehouse and abattoir.

Three taxes were enacted to provide the Lacy commission with annual revenue of \$1.4 million, thereby guaranteeing any interim authority bond issue. Of the yearly income, a quarter-million was cautiously earmarked to underwrite operating deficit once activities begin.

To give the venture wider appeal, its name embraces surrounding rural Jefferson County as well as the city. And an architectural competition was stipulated which brought in a record 277 design entries.

With almost \$5-million already in the bank, ground breaking for the first of four buildings is due soon.

Impetus for creation of a Parnassus in this industrial complex—metropolitan population 700,000—sometimes known as the Pittsburgh of the South developed in the wake of 1963 racial turmoil.

A many-faceted campaign has been on ever since "to create a new national image. In their enthusiasm for the arts as a status-enhancer, the sponsors omitted one usual planning precaution of having a survey made of the potential audience. But expectations are encouraged by two sizable boosts in the white collar population at a telephone center that will create 2,200 jobs, and at the University of Alabama's medical center that will employ 30,000 by 1970.

The biggest unanswered question about Birmingham-Jefferson is: what sort of sustained creative activity will be on view?

Main thinking so far has been about the plant. Nothing has been decided about selection of a permanent business manager or artistic director. Lacy himself plans to step aside "as soon as the last ribbon is cut."

Electric Shocks Cure Boy After Thousands Of Sneezes

MURRAY, Utah (AP) — Jeff Simper, 13, has stopped sneezing every five seconds for five months.

Jeff, who couldn't sleep without a sedative and had to miss several weeks of school, hasn't sneezed since the weekend treatment, his mother said. "He seems to be his old self again, laughing and talking about Christmas."

He started sneezing twice a minute on Nov. 26, and his parents, Mr. and Mrs. Ralph D. Simper, figure that since then, he had between 60,000 and 84,000 sneezes.

Various treatments were used, but the one that finally worked—and in 20 minutes—was small electric shocks applied to his fingers and timed near expected sneezes. This cured a Miami girl who sneezed

every five seconds for five months. Jeff, who couldn't sleep without a sedative and had to miss several weeks of school, hasn't sneezed since the weekend treatment, his mother said. "He seems to be his old self again, laughing and talking about Christmas."

Castro's 10 Years In Power Fail To Bring Hoped-For Prosperity

By FENTON WHEELER
HAVANA (AP) — On Jan. 1 Fidel Castro will have been in power 10 years. The decade has produced deep changes in Cuba, but the result so far is neither the shining example that Castro backers hoped for nor the widespread threat to the hemisphere that his detractors feared.

"Anti-Castroes, bitter and frustrated, see only worse years ahead."

Pro-Castroes acknowledge that their revolution still has a long way to go, but contend that the Castro kind of government is a success. For many it is enough that he is still around, after the U.S. economic boycott, the Bay of Pigs invasion and the 1962 missile crisis. Tens of thousands of them will applaud and cheer the prime minister when he mounts the platform in Havana's Revolutionary Plaza Jan. 2 to celebrate his government's anniversary.

A look back shows evidence to support both viewpoints. A rundown on some pro and con of 10 years of Castro government:

EDUCATION
 The illiteracy rate is down and government figures show school enrollment is 2 1/2 times what it was in pre-Castro days. An estimated 150,000 young Cubans are government scholars, with food, clothing and lodging furnished. The figure is projected to double in the early '70s. Per capita expenditures for education have risen about 400 per cent in 10 years.

The government faces a problem of accommodating those who want a university education. Present university enrollment is around 40,000 with the number eligible for college expected to be 10 times that in a few years. Most of them seem destined for technical schools.

Removal Of Snow Takes Hard Work

Jim Pline, assistant district highway engineer, said Thursday the state Highway Department crews have been working around the clock to keep the highways passable.

He said he felt the men have been doing a good job since they managed to have all the highways in the district open Christmas day. The crews have been working 24 hours a day and men were out Christmas Eve and Christmas Day blading roads.

At present most of the roads are snow-covered and a little slick, Mr. Pline said, due to the snowfall Wednesday night. He said they have been using all the equipment available. The crews have been clearing the main and stop areas, but the continuous storms have made the sanding of highways impractical and nearly impossible.

Mr. Pline cautioned motorists to drive slowly and watch for road equipment. He said there was one accident near Burley last week involving a snow-moving vehicle and a passenger vehicle.

Humphrey Asks Direct Election Of President

WASHINGTON (AP) — Vice President Hubert H. Humphrey, saying an archaic Electoral College system threatened this year to thwart the voters' will, has called for election of presidents by a direct vote.

Humphrey offered no specific plan for direct elections but urged the Democratic party to take the lead in getting ready for a constitutional amendment to overhaul the system.

He made the proposal in an article in the Democratic National Committee publication "The Democrat."

Humphrey lost the election to President-elect Nixon in a 301-101 Electoral College vote even though Nixon's popular vote edge was less than 500,000 votes.

"Because of our archaic Electoral College system," Humphrey wrote, "there was a serious danger in 1968 that the will of the people would be thwarted in the election of the President, either in the Electoral College or in the House of Representatives."

News Of Servicemen

Warrant Officer Candidate
 Tommy L. Kearsley, son of Mr. and Mrs. Richard L. Kearsley, Route 1, Burh, completed a helicopter pilot course Dec. 6 at the Army Primary Helicopter School, Ft. Wolters, Tex. During the 16-week course, he was trained to fly Army helicopters and learned to use them in tactical maneuvers. He next will undergo advanced flight training at Hunter Army Airfield, Ga. Upon completion of advanced training he may be appointed a warrant officer.

Army Capt. James H. Goetsche, son of Mr. and Mrs. J. J. Goetsche, Route 3, Burley, assumed command of the 577th Engineer Battalion Headquarters Company in a r. Tuy Hoa, Vietnam, Nov. 27. His wife, Mary, lives at 218 11th St., Idaho Falls.

Chief Warrant Officer Harry Gault, son of Mr. and Mrs. Harry Gault, 420 Martin St., is spending the holidays with his family. He has spent two tours in Vietnam and returned to Boston in October. Following his leave he will be stationed at the Great Lakes Naval Training Station near Chicago. A career man in the Navy, Mr. Gault is a 1956 graduate of Twin Falls High School.

BISHOP DIES

WARSAW, Poland (AP) — Bishop Zygmunt Choromanski, the No. 2 man in Poland's Roman Catholic hierarchy and a staunch defender of church rights in this Communist-ruled nation, died today of heart failure. He was 76.

for, as Castro indicated in a Dec. 18 speech, head for a work-study plan at the country's factories, hospitals and state farms.

Visiting experts working with college graduates say the government's insistence that university students be militant revolutionaries first and scholars second has killed the initiative of some. The mass production of young teachers has resulted in some superficial instruction. Critics of the curriculum is unbalanced by political orientation and increased military training.

HEALTH
 The government has increased hospitals from 44 in 1959 to 177 in 1967. It has established 264 health centers not available before.

By concentrating on doctors, Castro has plugged the drain of physicians to the United States. Cuba's doctors now number 7,000 compared to 3,000 before Castro chased Fulbright winners out of the country.

One of the requisites to graduate is that physicians serve two years in rural areas.

In preventive medicine, the government says it has not had a polio case since 1964 and no cases of indigenous malaria since June 1957. The Health Ministry says the infant mortality rate has been cut.

The drawbacks are government red tape, inefficiency, overcrowded facilities and a severe shortage of medicine.

HOUSING
 Families often crowd one house, and an apartment in Havana or elsewhere is almost impossible to find without official help. Many young couples are forced to live apart or at home. The government has built thousands of prefab housing

units, many in rural areas, but a fraction of those needed. Castro said that beginning in 1970, with increased cement production, the government hoped to turn out 100,000 units per year. Reduction of rents to 10 per cent of income helped hundreds of thousands but the luster has faded as repairs have become difficult and money less available. Most slums have been eliminated but thousands still live in huts in rural areas.

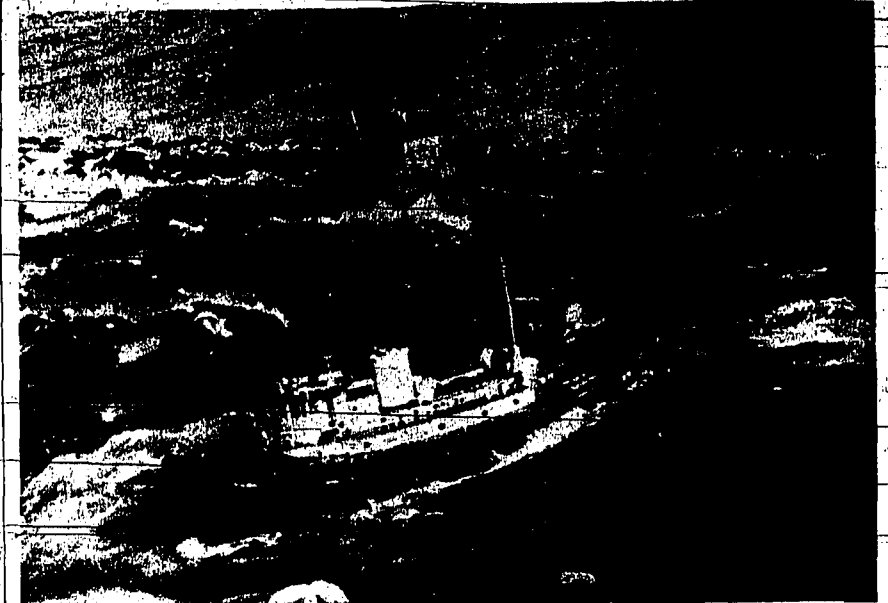

ECONOMY
 In the opinion of most observers, the economy is the key to the Cuban revolution. There is disagreement whether Castro's latest ideas and planning will straighten up the economy or drag it down farther.

With \$1 billion in nationalized U.S. inventory—most of it since eaten up—Castro started out emphasizing industry. Sugar production, which accounts for more than four-fifths of foreign exchange, suffered. In 1964, the emphasis was turned back to agriculture.

The government still has not reached the pro-Castro one-year record of 7.2 million tons of sugar nor has it surpassed per acre production of the old days despite mass labor mobilization and a longer harvesting season.

It is shipping for 10 million tons in 1970. Most experts agree the organization and planning for this harvest is the best yet but they say everything will have to mesh properly to reach the goal.

This year the country has had its worst food shortage since Castro took over. Economists suggest the cause is high cost per production unit plus a draining of food overseas to make up for a poor sugar crop.

BATTERED BY POUNDING WAVES, the small tanker Mary A. Whelan awaits a Coast Guard vessel, foreground, after going aground near New York's Rockaway Point on Tuesday. None of the seven men aboard the tanker was injured. Efforts to dislodge the vessel continued on Wednesday. (AP wirephoto)

Crewmen Keep Spirits Up Despite Torture

AN UNIDENTIFIED MEMBER of the Pueblo crew, recently released by the North Koreans, is heartily welcomed on his arrival at San Diego, Calif. The crew was released after 11 months of captivity. (AP wirephoto)

SAN DIEGO, Calif. (AP) — Families of USS Pueblo crew members interviewed Wednesday, generally agreed that their sons and husbands suffered physical and mental anguish during their 11-month confinement in North Korea, but that their spirits remained high.

"He's the same old Earl," Mr. and Mrs. Charles M. Kistler of St. Louis, Mo., said of their son, Communications Technician 2.C. Earl Murray Kistler, 22.

"Earl said he's gone through more hell than some guys," added Mrs. Kistler. "He looks awfully thin. He's barely had enough food to exist on. But his spirits are high. He said this is because he belongs to such a great country."

"He seems like his old self," said Linda M. Harris, wife of Ensign Timothy Harris, 23, of Jacksonville, Fla. She added that during her short visit with him Tuesday night at San Diego Naval Hospital, where the crewman is restricted for several weeks, "he cut up just like old times. He was no different."

"His personality was the same," said Mrs. and Mrs. Thomas M. Crowe of Island Pond, Vt., parents of Communications Technician 2.C. Bradley R. Crowe, 21. Their son devoured three steaks at the crew's Christmas Eve dinner, Mrs. Crowe said, and although he was tired, he didn't seem depressed or bitter.

"He said his shoes bothered him," Mrs. Crowe said. "He hadn't had shoes on for a long time."

"Boy, I tell you, these kids, they believe in God now," Sharon McCartney, 22, of La Canada, Calif., told newsmen she and her fiance, Seaman Edward S. Russell, 25, of Glendale, Calif., decided during their brief reunion Tuesday night that they will be married in the hospital chapel here as soon as it can be arranged.

"He hadn't changed at all," she said. "The captain said he had such high spirits and such a good wit that he kept the morale up. The boys were all in great spirits."

"He doesn't talk very much about the experience," Mrs. Russell said. "But he seems quite there's a depth there that probably wasn't before."

Mr. and Mrs. Gerald E. Nolte of Washington, Iowa, parents of Electronics Technician 2.C. Clifford Nolte, 22, said their son seems tense.

Russell's mother, Mrs. Edward S. Russell, agreed that her

son seemed the same. "But Nolte said, 'He seems quite nervous.'"

"In three months I think he'll be okay," her husband added. All the crewmen lost considerable weight.

Jan Beach of Waycross, Ga., said her brother, Communications Technician 2.C. Wayne D.

"He doesn't talk very much about the experience," Mrs. Beach said. "But he seems quite there's a depth there that probably wasn't before."

"He looks terribly thin,"

Boutswain Mate 2.C. Ronald Berens of Wichita, Kan., lost 20 pounds, said his mother, Mrs. Jacob Berens.

"His spirits were good," she said. "He was not bitter."

Northwest Airlines Offers \$22 Per Share For Air West

SAN FRANCISCO (AP) — The board members split evenly on the question at a previous meeting.

A competing bid by Mallory Randall Corp. of Brooklyn, N.Y., was sidetracked Dec. 16 when a quorum failed to show for a special meeting of Air West directors.

Air West Vice Chairman Edmund Converse, who is opposed to the Hughes offer, accused Board Chairman Nick Bez and other directors favoring the Hughes offer of favoring the Dec. 16 meeting.

Meanwhile, Air West, which recently announced third-quarter net losses of nearly \$2.5 million, said Monday it has made limited cutbacks on some runs because, at government request, it has stepped up X-ray inspections of its F27 passenger planes for structural defects.

Malnutrition Afflicts Poor And Wealthy, Report Shows

WASHINGTON (AP) — Malnutrition afflicts not just the poor but expectant mothers and teenagers from well-to-do families as well, preliminary government study findings indicate.

Some teenagers, even those from middle-class families, simply don't eat the right foods or go on starvation binges to reduce, according to Dr. Arnold E. Schaefer who is conducting the study for the Department of Health, Education and Welfare.

He said lack of proper nutrition among expectant mothers and their offspring is one of the most serious problems discovered yet by the study, which is at least a year away from final publication.

The study, to be based on physical examinations of up to 65,000 people, should "cut out all this criticism" from Congress that the malnutrition problem in America has not been documented, Schaefer said.

The study's first phase—costing \$1.5 million—is gathering results from examinations of about 30,000 people.

Findings from Texas and parts of Louisiana, New York

Pike's Successor Scores Marriage

SAN FRANCISCO (AP) — Bishop James A. Pike's third marriage — without church service — has drawn strong rebuke from his successor as bishop of the Episcopal Diocese of California.

Bishop C. Kilmer Myers said he never granted permission for Pike to remarry, despite Pike's statement after his wedding Friday that Myers had given a "favorable judgment" to the union.

Myers stopped short of suspending Pike from the performance of clerical duties.

However, he made a "personal request" to all clergymen of the California Diocese to bar Pike from performing official church functions or holding any public services "until further notice from me to the contrary."

Queen Named

YEROME — Edna Neal was named queen at the recent TOPS Slimettes meeting. It was noted that a total loss of 33 pounds was registered for November. Plans were made for a quarterly party to be held Jan. 16.

The club will meet on Dec. 26, to record the weights.

LBJ, Dubcek, Barnard Named Top 'Newsmakers'

By MARY CAMPBELL, AP Newsfeature Writer

Lyndon B. Johnson, 69, in his last year as President, has been named newsmaker of 1968 by editors of Associated Press member newspapers and radio member television stations.

Although his decision not to run for the presidency again was his biggest newsmaking statement, Johnson had plenty of other headlines to his credit. In July, 57 nations signed the nonproliferation of nuclear weapons treaty at the White House, which the President called the most important diplomatic record since the dawn of the nuclear age. He pledged the U.S. to honor its commitments in Asia, met with South Vietnam President Thieu in Honolulu. He announced Vietnam peace talks to start in North Vietnam on Oct. 23, and expanded peace talks, adding South Vietnam and the National Liberation Front, in December.

Alexander Dubcek, 47, who gave Czechoslovakia a "spring" of democratized Communism, brought a national spirit to flow, and became his country's hero, was the editors' choice as foreign newsmaker. Dubcek became head of the Czech Communist party in January and instituted sweeping reforms. In a speech, giving the people a voice in politics, turning the economy to incentives and Western trade.

Other newsmakers in The Associated Press poll are: Dr. Christiaan Barnard, a 56-year-old heart surgeon, who performed the first human heart transplant operation in December 1967 and the most successful such operation to date on Jan. 2, Dennis Dr. Philip Blalock, who received a new heart Jan. 2, 1968, the highest in medical history, and lung and liver transplants during the year and currently is leading a normal life. Henry Ford II, 51, chairman of the Ford Motor Co., this year became chairman of the National Alliance for Businessmen, seeking jobs for the public disemployment in 50 big-city slums.

The organization found jobs for 60,000 and its objective is 100,000 hard-core unemployed working by mid-1969 and 500,000 by mid-1971. Ford said, "People must be given a chance to earn a decent living."

Other newsmakers in The Associated Press poll are: Dr. Christiaan Barnard, a 56-year-old heart surgeon, who performed the first human heart transplant operation in December 1967 and the most successful such operation to date on Jan. 2, Dennis Dr. Philip Blalock, who received a new heart Jan. 2, 1968, the highest in medical history, and lung and liver transplants during the year and currently is leading a normal life. Henry Ford II, 51, chairman of the Ford Motor Co., this year became chairman of the National Alliance for Businessmen, seeking jobs for the public disemployment in 50 big-city slums.

INVITATIONS TO THE inauguration of President-elect Richard Nixon and Vice President-elect Spiro Agnew are being accepted throughout the nation at the present time. This one was received in Twin Falls by Wesley Parker, who was a volunteer GOP worker in the area during the general election. The card is nearly a foot square and is addressed to Mr. Parker. The inauguration is Jan. 20.

Nixon Advocates Measures To Prevent Ship Captures

WASHINGTON (AP) — President-elect Nixon would prevent a recurrence of the capture of the U.S. intelligence-gathering ship Pueblo by providing more escorts for such vessels, according to his last recorded statements on the matter. In views expressed before and during the presidential campaign, and not publicly changed since, Nixon stated: "I say that wherever we have—and we must have ships of this type gathering intelligence so that we will not have a surprise attack—let us make sure that we have in the area other ships or planes that can come to the rescue of such a ship in the event that it comes under attack." Soon after North Korea captured the Pueblo and its 83-man crew last January, Nixon said, "What we can do is not let this happen again wherever we have ships."

India's Chief Denies Report Of Nixon Aid

NEW DELHI (AP) — Prime Minister Indira Gandhi told Parliament today that a report circulated by the rebellious Naga tribesmen in eastern India that they received a letter from Richard M. Nixon assuring them of his aid. "Our embassy in Washington made inquiries from Mr. Nixon's office and were assured no such letter had been sent by him to the underground Nagas," Mrs. Gandhi said.

"What do we do if everybody at central central gets the flu?"

Telephone Statistics Show 1968 Growth In Twin Falls

If the number of telephones installed in 1968 is any indication, then the city of Twin Falls is growing. There are 15,002 telephones in use in the city at the present time. This is a gain of 510 from 1967 and because of the increase the Mountain States Telephone Co. has added to its local facilities to insure good service. K. G. Mann, district manager of the company, released the report Tuesday and said the year-end telephone statistics show a notable expansion, growth and improvement during the 1968 operations of the company. Mountain States invested more than \$12 million for a variety of Idaho and local exchange communications improvement programs. "We plan to spend a similar amount in 1969," he said. The company now serves 231,000 telephones in Idaho, a gain of 11,000 from 1967. Mr. Mann said Idahoans place an average of one million local calls a day in Idaho, and added that long distance calls average 48,000 a day—2,500 more per day than in 1967. There are 1,566 company employees in Idaho and the annual payroll is \$11 million.

Black Santa Makes Children Feel 'At Home' In Harlem

By TOM TIEDE
NEW YORK (NEA) — Third floor, Blumstein's Department Store, Christmas-land. A little girl, age 5 or 6, gets off the elevator and looks around. "There he is," she squeals, "over there in the corner!" The little girl walks quickly to the corner, then slows down and stops at a red and green ramp. She gives one of her pigtails and tugs hesitantly. Her eyes and her mouth open into small, soft circles. "Hello, Santa," she giggles. Atop the ramp, sitting in a red velvet chair, Santa Claus looks down at his visitor. His ears wiggle, his beard shakes. Then, his arms stretch out and he bellows, "Well, hello, darling. What do you want for Christmas, darlin'?" "Well..." "Tell Santa now." "Well... a Wanda and some Wanda clothes and Creepy Crawlers and Bash and and... and a bicycle for my brother Gerald who has been a good boy all year." Lawrence Watson, 57, a sometimes bit actor, sometimes bit singer, has been Harlem's black Santa for eight years. And a good one. He's stocky, he's jolly, he's got something of a ham and he's got staying power. "Ho, ho, ho," he says, "what time is it?" Santa's hours are long, he says. Ten or 11 or more in the last days before Christmas. And the lines of children are even longer. Sometimes, Watson sighs, the kids will be waiting clear back beyond the Monopoly sets. "Wonderful," he shouts to them all. "Wonderful." His cheeks puff out, his beard slips a little, he squirms somewhat achingly in his chair. "Have a lollipop, darlin'." There you are. "The kids are some in Harlem who feel Lawrence Watson is too jovous with his flock. They are the social commentators who believe a black Santa should wear a black suit, be from the "South," Pole, greet the children as "Brother" or "sister" and belay the commercialism of gift giving. But Watson will have none of it. He's not mad at anybody, he says, especially while wearing his white beard. This is one time of the year, he adds, when he has no sympathy with any kind of militant. "Certainly, he understands the cause." Of course, the aim are good. But not now, not while the kids are in his lap and the smiles are on their faces. The kids, after all, are not just Negroes. He says he has some Puerto Rican, some Oriental, even some white visitors. They look at him as Santa Claus, not a black man, and he feels he must look back at them in the same way. "It's not always easy, Watson admits, to look like Harlem kids with a cheery smile. Some of them are obvious reminders of things wrong. Scruffy shoes, frayed coats, no coats at all—the products of ghetto life that, he knows, really doesn't change much over at Christmas. But to Lawrence Watson—that is to say, Santa Claus—is incurably optimistic. "Oh, darlin', now you ain't afraid of Santa are you? No, of course not. How old are you, baby? How old? Four? Why, think of that. Can you smile for Santa? Can you? Well, that's a whole lot better. What is it? A new doll, you want a new doll? Well, darlin', you be a good girl and you never can tell. I can't promise, mind, but you better can tell."

Apology

The Twin Falls Jaycees offered an apology today to a man who is not a Jaycee but who purchased quality oranges during the group's annual orange sale. Doug Vollmer, Jaycee president, said the oranges appeared to be all right at the time they were packed and sold, but some of the fruit spoiled rapidly. Mr. Vollmer said that anyone who did purchase oranges which later spoiled may return the fruit to him from 9 a.m. to 5 p.m. Monday at Feldman Realty, 811 Shoshone St. N. The oranges will be repacked, he said.

Highway Work Slated Between Jerome, Tuttle

JEROME — A Boise engineering firm has been hired by the Idaho Highway Department to design seven structures on a 13-mile section of Interstate 80N between Jerome and Tuttle. Cornell, Howland, Hayes and Merryfield will design one undercrossing tunnel and six overcrossings to carry secondary roads past the Interstate. Four of the crossings will span both the freeway and a railroad line, and they will range in length from 250 to 485 feet.

TAXES INVESTED
SALT LAKE CITY (AP) — Some \$14.5 million of \$55 million in 1968 property tax collections has been invested for Salt Lake County, said County Treasurer Sid Lambourne. He said the money has been invested in time certificates of deposit and treasury bills.

Art Ulrich Wins Rupert Light Contest

RUPERT—Art Ulrich, Paul, is the grand prize winner in the annual Christmas lighting contest sponsored by the Rupert Chamber of Commerce.

Glenn Smith, in the Grandview Addition, Rupert, took first place in the city of Rupert and Freida Bossert was second.

In the outlying towns of Paul, Heyburn, Norland, Acquia and Mindoka, winners were Bob Simpson, Heyburn, first, and Rick Loosander, Paul, second.

Rural division winners were Albert Meyer, Paul, first, and Jim Henschel, Rupert, second.

Honorable mentions were awarded to Don Rasmussen, Art Groves, Walter Kraus, Don Felt, D. A. Hunt, Kenneth Bell, I. A. Backham, Don Hawk, Joe Giesler, Fred Fischer, Carl Henschel, Albert Higley and Fred Klopfer.

This was the first contest in which a home front in the south-east section of the county has won in the lighting contest. There were no entries in the church division.

The grand prize was \$25, with \$15 to the first place and \$10 to second place winners.

Judges were—David Player, Ruby Gilmore, Floyd Fruit, Mrs. Tom Moberly, Shirley Kraus and Max Baird.

WHILE HIS DAD orbits the moon, Jeffrey Lovell, three-year-old son of astronaut, Capt. James A. Lovell Jr., holds a toy helicopter he received for Christmas. The youngster came out to play in front of the family home near the Manned Spacecraft Center at Houston, Tex. (AP wirephoto)

Twin Falls Justice Court were \$5, expired driver's license; Bryce Kurren, Salt Lake City, Utah, \$15, stop-sign violation; Darryl Roland and Olin R. Rytting, 514 Third Ave. E., \$10, no mud flaps.

Fined in Twin Falls Justice Court by Judge Reed P. Maughan were James Samuel Pout, \$10, overlength unit; Iva Wintacholler, 121 Van Buren

expired driver's license; Victor G. Brunkow, Filer, \$10, turn signal not operative; John S. Parlier, 1537 Kimes, \$5, driving vehicle without valid operator's license; Lawrence James Robertson, 598 Sunrise Blvd., \$10, inadequate brakes; and Franklin E. Whinnill, Burley, \$10, passing at an intersection.

Magic Valley Traffic Court

Fined in Twin Falls Justice Court for speeding were Robert S. Ford, 261 Polk, \$7; David J. Lookingbill, Filer, \$10; Jeffrey J. Williams, \$10, speeding; David D. Albertson, \$10, speeding; Loren Harold Cress, Twin Falls, \$5; Elmer John Sommer, Route 2, \$8, and Clifton A. Wormsbaker, Filer, \$10.

Dozen 'Santas' Cheer Children in Mining Town

OURAY, Colo. (AP)—Every house where children live in this Colorado mountain mining area was visited by Santa Claus Christmas Eve.

Twelve Santas, garbed in red suits and flowing whiskers, made the rounds as they have been doing for 40 years in this sparsely populated area of the western slope of the Continental Divide.

Santa doesn't use the chimney; he just walks in the door where porch lights are on. No one locks doors here.

No child expects Santa to arrive with reindeer. Children who see deer every day know they're too weak to pull a gift-laden sleigh in country where some mountains rise 14,000 feet.

He comes here in a pickup truck or jeep, following school bus routes to mine camps and ranches.

The project has been sponsored for 40 years by Ouray County Elks Lodge 492. "It makes you feel the real spirit of Christmas to see the kids' eyes light up," said this year's chairman, grocer Roger Duckett.

Vat Fire Rips Uranium Plant

MOAB, Utah (AP)—A four-hour fire Christmas morning in a solvent vat caused extensive damage to the Atlas Mill, but details of the damage won't be available until the report by the plant's general manager, Paul Beltram.

Beltram was scheduled to fly to Moab from Denver Wednesday night and inspect the uranium extraction plant today.

Nine employees were on duty when the blaze erupted in the 40,000-gallon vat, said Fire Chief Marvin Clever.

He said about one-fifth of the building was destroyed and a ditch of the plant, which employs about 200 persons, would be closed for several days.

He said 20 Moab volunteer firemen and 20 employees of Atlas and Texas Gulf Sulphur fought the blaze.

LEASE EXTENDED
SALT LAKE CITY (AP)—The Salt Lake City Commission has extended a 50-year lease to the Utah Air National Guard for property at Salt Lake International Airport. In the past, the guard signed 15-year leases.

Soviets Renew Offer To Sell Arabs Arms

AMMAN, Jordan (AP)—The Soviet Union has renewed its offer to supply arms to Jordan and to assist it politically, economically and militarily, the semi-official newspaper ad-Dustour reported today. The paper said Jordan's ambassador to Egypt, Mohammed Adib, Al Ameri, and Soviet Foreign Minister Andrei Gromyko met in Cairo early this week and Ameri gave an account of their discussions to the newspaper.

Gromyko reportedly told the Jordanian envoy Russia is making efforts with other big powers to find a peaceful solution to the Arab-Israeli problem on the basis of the Security Council's Nov. 22, 1967, resolution.

The resolution calls for withdrawal of Israeli troops from territory occupied during the 1967 war in return for an end to the Arab state of war against Israel.

Ameri said he discussed with Gromyko what could be done if Israel refused to abide by the resolution, but he gave no details about this.

He reported he had explained the military situation to Gromyko and that Gromyko expressed the Soviet Union's readiness to support Jordan politically, economically and militarily.

FOR SOME FOLKS, a sundae like this might last all week. But Margaret Balderama, 4, and 149 other Seattle area Head Start youngsters did a lip-smacking good job on ice cream, hamburgers and French fries at a Christmas Eve party given by a Seattle ice cream parlor. (AP wirephoto)

Fire In Hotel Damages One Room

SALT LAKE CITY (AP)—Investigators have been unable to determine the cause of the fire early Christmas morning which destroyed furnishings of one room in the Newhouse Hotel.

The blaze, which a few of the 40 firemen in eight rigs who responded to the two-alarm call

were able to put out in 10 minutes, occurred in an unoccupied room on the eighth floor.

The 18 guests and four members of the hotel staff were evacuated while firemen put out the fire.

J. Holmann Waters, hotel owner, estimate damage at \$3,000 to \$5,000 while fire department investigators estimate it at \$8,000.

The blaze was discovered by a hotel guest who saw a signal at the floor and turned in the alarm. The hotel switched that the room's phone was off the hook. USE TIMES-NEWS WANT ADS

Ohio State-USC Clash In Rose Bowl Figures To Be Highlight Of Jan. 1

U.S. Skiers Ready For Europe Tests

ASPEN, Colo. (AP) — Bolstered by two impressive victories over the French and Canadians, the U.S. ski team heads for Europe and the first round of rugged meets on the continent.

Mike Lafferty, a University of Colorado skier from Eugene, Ore., called out of the park Monday and won the downhill at the Alpine Holiday christie ski meet here, the last tune-up before European competition.

The meet, billed as a Canadian-American match, turned out to be nearly all Stars and Stripes when the U.S. team swept the men's and women's slalom, giant slalom and downhill trophies. Only four Canadians finished in the top 10 in Monday's downhill races for women and men.

Erica Skinger of Slowe, Vt., and Ann Black of Seattle, finished in a dead heat for the women's downhill title at Aspen. Jerry West of the U.S. placed second in the slalom. She was disqualified on the giant slalom course Sunday.

L. A. Erases Early Deficit To Top Suns

PHOENIX, Ariz. (AP) — The Los Angeles Lakers survived an early Phoenix Suns spurge to take a 118-99 victory Wednesday.

A record-breaking Phoenix crowd of 10,333 saw the Suns explode to a 24-point lead midway through the second period. The Lakers, primarily on Elgin Baylor's heroics, cut the margin to 12 by halftime.

In the second half, the Lakers put their three super stars on display to outscore the Suns 75-47. Jerry West led the Lakers with 28 points followed by Baylor with 22. Wilt Chamberlain scored 15 points, gathered in 15 rebounds and blocked numerous Suns shots.

Dick Van Arsdale of the Suns led all scorers with 27 points while making 17 of 30 foul shots, best in the NBA this year.

Jerome, Dietrich Holiday Tournaments To Open Friday; Burley To Host Skyline

Filer and Dietrich put their undefeated boasts on the line this weekend in a pair of holiday tournaments and the Burley Bobcats will entertain the Skyline Grizzlies in their first East-Idaho Conference tests. The tournaments are slated for Dietrich and Jerome with both having strong fields.

The Friday schedule at Jerome will send the Wildcats, 6-0, against the Malad Dragons, 1-7, at 7 p.m. while the hosting, and winless, Jerome Tigers will meet Middleton, 5-1, in the nightcap. At Dietrich, Oakley, 1-3, will take on the Carey Panthers at 6:30 p.m. with Dietrich, 5-0, meeting Castelford, 2-2, in the finale. In both tournaments it will be losers vs. losers and winners-winners with both programs starting at 7 p.m.

Filer, which is the fourth district's leading point team with 73 per game — but also has allowed the most — meets rather an unknown quantity in Malad. The Dragons dropped their first two games but came back with an impressive home score over "winner" Bear River of Tremonton, Utah, Saturday night.

The only comparative score available for this one comes from the Burley Bobcats. Burley dropped a 57-45 opener at the Utah school earlier this month.

Filer is being paced by senior Ron Maxwell, junior Guy Ramsey and Coates in the scoring department, all three boasting double figure averages.

Middleton rates a tough opener for Jerome, which has lost all five of its games. Jerome's biggest problem has been scoring consistency and the Tigers have little height to battle for rebounds.

At Dietrich, the Blue Devils should be favored, but by no more than the home court edge. Oakley has a rather disappointing 1-3 record — but two of those losses came at the hands of Burley. Coach Gary Swan also is looking for the scoring punch to develop and Kim Marshall, a transfer from the University of Idaho, is expected to lead the production — he showed a year ago.

Carey has won two games in five tries — losing the first one when several boys were on suspension.

The Panthers will have a slight height advantage over the Hornets and so far it must be said Carey hasn't suited into its niche. The Panthers have played two of the toughest teams in the area and this makes it hard to rate.

Dietrich and Castelford have met before, Dietrich taking a five-point decision in that test. The Blue Devils, headed by Randy Lee and Veldon Sorenson, have a swarming defense and rank second in the district both in scoring and defense. Castelford has beaten some larger schools and must be considered a strong contender against the Devils. But the Wolves also will have to get used to the Dietrich floor, which is smaller than any in the district now. Castelford, headed by Dean Allred, Kim Herzinger and Doug Bybee, also like to work defensively and can score.

Burley has piled up a 4-1 record but in Skyline the game has been a struggle since it will be the Bobcats' first conference game and initial one against an A-1 school. Greg Bunn, a 6-0 senior, has blossomed into a veoman contender for Coach Rulon Judge, running high in rebounding and ranking high in rebounding. Skyline also has a 4-1 mark, losing only its first game to Borah and starting its EIC slate with a 59-55 decision over Blackfoot last Friday.

Turner Has No Tips On How To Top Wind

NEW YORK (AP)—Jim Turner, the resident meteorologist at Shea Stadium, has temporarily suspended his course on the wind that plagues the New York Jets.

"I'm not going to tell you anything about it, not this week," Turner said Wednesday as the Jets continued to work toward Sunday's American Football League championship game with Oakland.

The Jets' placekicker has talked about the wind at Shea all season. But if Oakland's kicker, George Blanda, hasn't read any of Turner's expert thoughts, he's not going to get any from him now. "I'll have to find out for himself Sunday."

"All you have to do is kick; the wind will tell you the rest," said Turner, the AFL's scoring champion with 145 points.

"The wind here is the worst in the league," he continues. "It doesn't matter what kind of day it is. The wind is always there. There's nothing about the wind I don't know, but that doesn't help get the kick through."

The end comes off Flushing Bay, which is west of Shea, enters the park at the open end and whips mercilessly around the field. It affects kickers, passers and pass receivers.

"That ball was getting caught four or five times during the flight," he said. "I saw it after a passing drill."

"Weather plays a part in all games," quarterback Joe Namath said, "but the wind factor is the biggest thing. Cold weather and rain are bothersome, but they don't bother you nearly as much as the wind. At Shea, Cincinnati the wind really was bad. I had good flights on the ball, but if it gets up in the wind, it goes funny."

Coach Weeb Ewbank said the wind during the Cincinnati game Dec. 8 was the worst he's seen it, worse than the estimated 35 to 40 miles an hour it was blowing Wednesday.

"This is a tricky stadium with the wind," Ewbank said. "It

was really bad in that Cincinnati game. If you have to kick out of the end zone into a head wind, it could hurt. The wind could hurt any passer, too. I don't care who he is."

It is, of course, likely that Sunday's game will be decided by passing and/or kicking.

The passing combinations are each team's biggest weapon. Namath throwing to Sauer and Don Maynard for New York and Daryle Lamonica firing to Fred Bilenkoff and Warren Wells for the Raiders.

Both teams also have relied heavily on kicking. Turner booted 34 of 46 field goals plus all 43 extra point tries while Blanda scored 117 points, third-best in the league, on 21 of 34 field goals and 31 of 34 extra points.

Big O Helps Cincinnati Drop Bulls

CINCINNATI (AP)—Oscar Robertson came to life in the final period, scoring 13 points and making the key steal, and Cincinnati claimed a 103-98 victory over Chicago Christmas night.

The Royals led most of the way and built leads of up to 17 points behind the shooting of Connie Dierking, who finished with 41 points. The Bulls closed the gap to three points at 90-93.

Then Robertson picked off a pass and assisted Adrian Smith on a fast break to put the Royals ahead by five points with about one minute left and they held on to snap a three-game losing streak.

Robertson, who ended up with 23 points, was held to 10 the first three quarters but took over when Dierking got into foul trouble in the fourth quarter. Dierking tallied 10 points in the initial period and 12 in the third. The Royals held their biggest lead of the game at 79-68 late in the third quarter, but the Bulls, paced by Bob Boozer who scored 17 points, closed the margin to 81-73 at the quarter and then 83-81 early in the final period.

Stram Cited As Coach Of Year In AFL

NEW YORK (AP)—Kansas City's Hank Stram, who both devised and resurrected football formations, was named the American Football League's Coach of the Year Wednesday for the second time in three seasons.

Stram, the winner in 1966 when the Chiefs won the AFL championship, gained this year's honor over Weeb Ewbank, whose New York Jets host Oakland in the championship game Sunday.

In the voting by an Associated Press panel of 40 sports writers and sportscasters, three from each league city, Stram received 10 votes to nine for Ewbank. The only other coaches to receive votes were Sid Gillman of San Diego, three, and Lou Saban of Denver, two.

The Chiefs won 12 games during the regular season, the most in their history, but then lost to Oakland last Sunday in a playoff for the Western Division crown.

It was the way the Chiefs gained an earlier victory against Oakland that attested to Stram's fertile football mind.

Kansas City was hampered by the loss of wide receivers Otis Taylor and Goster Richardson so Stram decided on a surprise play. Instead of using their Stram-devised tight end I or regular spread formations, the Chiefs came out in the old tight T formation with both ends in tight and three running backs in the backfield instead of two running backs and a flanker.

With quarterback Len Dawson throwing a record low three passes but Mike Garrett, Wendell Haver and Bob Holmes gaining 293 yards on the ground, the Chiefs defeated the Raiders 14-10.

Minnesota Outscores Kentucky

LOUISVILLE, Ky. (AP)—Three Minnesota players scored 20 points or more as the Pipers outstripped Kentucky 129-118 in an American Basketball Association game Wednesday night.

Art Heyman with 26 points, Connie Hawkins, 25, and Tom Washington, 20, led Minnesota to the 11th victory against eight defeats.

Minnesota allowed Kentucky to get within one point in the second period, but then led the game. A 45-point effort by the Colonels in the last period narrowed the gap, but just wasn't enough to overcome a large Minnesota lead.

Louie Dampier led Kentucky scorers with 23 points. Darel Carrier pumped in 22 and Jim Ligon added 21 to aid the Colonels.

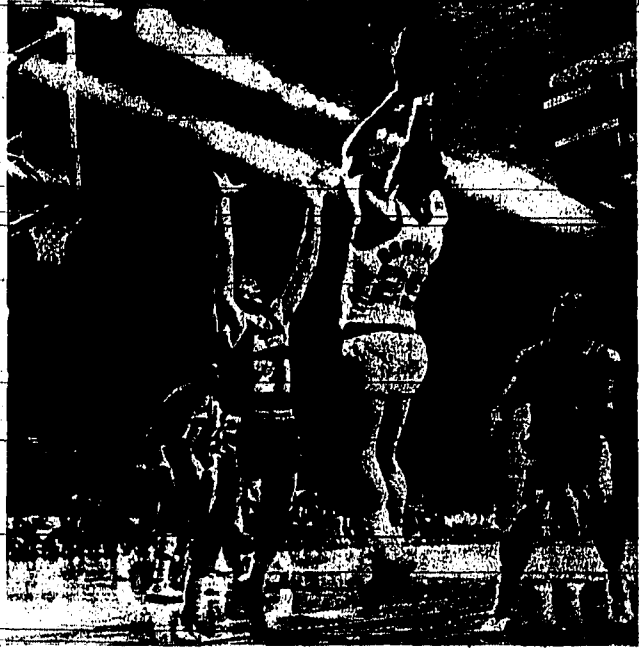

Pistons Rally To Beat Bucks

MILWAUKEE (AP)—The Detroit Pistons overcame a 13-0 deficit in the first quarter to defeat Milwaukee 110-113.

The Detroit comeback in the first half was paced by Eddie Miles, who ended the game with 22 points and hit 50 per cent of his shots from the field.

The Bucks led by seven points after the first period. The Pistons pulled even 64-64 at half-time.

The Pistons hit 48 per cent from the field to cut down hopes for the Bucks' trailing in the first period. Detroit was able to overtake sixth-place Detroit.

Ex-Star To Return To Net Trail

EAST ORANGE, N.J. (AP)—Althea Gibson Darhen, who rose from a cramped Harlem railroad flat to world fame as the push court of Wimbledon and Forest Hills, is returning to tennis.

"I want at least one more crack at Wimbledon as a professional," the 41-year-old former counter girl told The Associated Press.

But Mrs. Darhen will continue her dubious courtship with golf, for which she left tennis to challenge eight years ago. She has been less than spectacular during her five years on the ladies' pro tour.

She says she'll attempt a tennis comeback in the Oakland Pro Invitational in California in February. It will be her first major tournament since 1960.

As Althea Gibson, she won both the Wimbledon and U.S. championships in 1957 and 1958, the third woman to accomplish that double slam, and the first Negro woman ever to win a major tennis title.

Mrs. Darhen says she has been practicing five hours a day for the past two weeks near her home in East Orange, where she is the Oakland tourney Feb. 23-26. She says she hopes her performance will result in a pro contract.

"My hands aren't as strong as they used to be and my muscles aren't quite as supple, but they aren't quite as supple," she says. "But I've been through the hard knocks before and I think I can do it. A friend told me, 'if anyone can do it, you can!'"

HAS SECOND AWARD

TORONTO (AP)—Nancy Greene, the Olympic ski queen from Rossland, B.C., has been named winner of the Lou E. Marsh Memorial Trophy as Canada's outstanding athlete for the second consecutive year.

Ashe, Graebner Snare Davis Lead

By WILL GRIMSLEY

ADLAIDE, Australia, (AP)—Arthur Ashe Jr., poised and deadly as a swordsman, and Clark Graebner, fighting like an aroused bear, shot the United States into an imposing 2-0 lead over the inexperienced Australians today in a chill and blistering Davis Cup Challenge Round.

Ashe, a scrawny 25-year-old Army lieutenant from Richmond, Va., who is rated the world's best amateur, toyed with Ray Ruffels, hard-serving Australian left-hander who never quit hitting bombshells, 6-8, 7-5, 6-3, 6-3.

Graebner, 25-year-old New York paper salesman, had the scrap of his tennis life before he finally subdued Jimmy Bill Bowrey, Australian champion in a three-hour, 10-minute marathon, 8-10, 0-4, 8-6, 3-6, 6-1.

The double victory, carved out in 20 miles per hour winds and 60-degree temperature, beat a disappointing crowd of 5,000, puts the heavily favored Americans in position to clinch the giant silver trophy in the doubles match Friday.

The match starts at 11:30 p.m. EST Thursday, with the United States sending its collegiate tandem of Stan Smith and Bob Lutz of the University of Southern California against possibly Australia's teenage pair of John Alexander, 17, and Philip Dent, 18.

The American team is definite since towering 6-foot-4 Smith and bouncy, hard-hitting Lutz are rated the best in amateur tennis and one of the best in the world. They hold five American titles.

Harry Hopman, Australian captain who is leading his 21st Australian team in this world series of tennis, has until an hour before match time to name his team.

Most observers believe he will go with teenagers—but might throw in Ruffels and Bowrey, as more seasoned performers.

Graebner, who had to fight his way back on to the team after being dropped because of poor form 10 days ago, had to answer the opening gun and he responded with a tremendous fighting, though at times erratic, effort.

After the first four sets had been split in a tense but error-packed match, Graebner grabbed control over the third set, but in the fifth set, winning five games in a row.

Ashe, showing only mild traces of troublesome tennis elbow, moved the powerful hitting Ruffels around the court like a chess man after letting the first set slip away because of temporary loss of concentration.

But once he applied himself to the match, he made it appear a mismatch. He popped his service into the corners or down the lines, and only occasionally busted loose with his big one. His volleying and ground stroking was deadly.

Ruffels, 22, a sledge-hammer hitter, gave the shivering fans a thrill by coming from behind to take the first set and then taking a 2-0 lead in second.

But Ashe, never flustered and always apparently in full control of the shots, quickly reversed the trend.

Closure Of Mountain Lion Hunting On Big Creek Invoked To Protect Animals For Exhaustive Study

BOISE—Idaho will reap benefits of national and even international significance as a result of the closure of "all hunting, trapping or killing" of cougar in those parts of Idaho and Valley counties within the drainage of Big Creek, a tributary of the Middle Fork of the Salmon River, according to Dr. Maurice Hornocker, unit leader, Idaho Cooperative Wildlife Unit at Moscow.

The Big Creek closure on cougar hunting and trapping was ordered by the Fish and Game Commission to protect an investment of four years and \$50,000 in a project sponsored by the American Museum of Natural History, Boone and Crockett Club, New York Zoological Society, University of Idaho at Moscow, Fish and Game Department, U. S. Forest Service and the U. S. Department of Interior.

Dr. Hornocker and William Wyles, Big Creek resident and well-known cougar hunter of many years experience, performed the original phase of research over a four-year period including some 3,700 miles of long hard water foot travel in some of the most rugged country in North America, with canyons exceeding 6,000 feet in depth.

Dr. Hornocker said results of the predation evaluation will be studied in scientific circles in the United States and abroad.

He is scheduled to participate early next year in a symposium on the influence of the lion on prey populations at the University of Minnesota, and will present a paper on some of the results of his Idaho cougar study at a meeting of international authorities on big game animals in Texas next May. This meeting will be sponsored by the Boone and Crockett Club, among others.

"We have arrived at the point where we must retain the half-dozen marked cougars which have been consecutively caught and studied many times during the last four years," Dr. Hornocker explained. "These animals

THE TIMES-NEWS

Thursday, December 26, 1968 23

SPORTS

are residents of the study area and to lose them now would mean failure for the long cougar study in Big Creek."

Hornocker said that two years ago the study area had nine "resistant" lions which had been recaptured repeatedly and good case histories had been written on each of them. But two of them were shot by hunters and one grown cat was killed by an elk, when its head was

smashed against a tree. "We need all six of the remaining resident lions," Dr. Hornocker stressed. "If any more of them are killed, we are out of business insofar as evaluating the effects of lion predation on big game populations is concerned. This was the reason we recommended a closure on the hunting and trapping of cougar in the Big Creek drainage."

The Idaho Fish and Game Commission order is effective at midnight, December 26. It closes all cougar hunting and trapping in those parts of Idaho and Valley counties within the drainage of Big Creek, a tributary of the Middle Fork of the Salmon River.

Objectives of the evaluation study include the following: (1) Learn through full-time radio tracking how many game animals a lion will kill, and (2) learn how cougar establish and enforce territorial claims. Study data indicates a distribution of about one adult animal per 10-12 square miles.

Dr. Hornocker says that during the four years of live-trapping, marking and releasing 43 initial cougar captures were made, and 31 cats were recap-

tured a total of 89 times. This includes kittens which leave the study area "on their own" when they grow large enough to fend for themselves. Cougar kill reports from hunters show that tagged kittens have been shot as much as 106 miles away from the study area.

EL PASO, Tex. (AP) — New Mexico basketball coach Bob King was furious Monday night with the behavior of Texas-El Paso coach Don Haskins and the hometown crowd, after his Lions dropped a 71-67 decision to the Miners.

"We were intimidated," King said. "He (Haskins) intimidated the officials and those are two pretty good officials. But they didn't have enough guts to call technicals or to take the players off the court and threaten the crowd with a forfeit."

Haskins drew a technical with 4:08 left in the first half for yelling at officials and running on to the court. The call stirred up the crowd, which started to toss coins and soft-drink cups onto the court.

King said he was not criticizing the referees for the way they called the ball game. But he said they could have attempted to control the crowd better.

The first edition of "Records of North American Big Game" was published in 1931, and since then "Records" have been published in 1939, 1952, 1958 and 1964. The 1971 edition will be the sixth of such volumes.

It is planned by the Boone and Crockett Club to publish in 1971 a new volume, "Records of North American Big Game." The 1971 edition will include records through the Fourteenth Competition meeting the minimum scores and other requirements for entries in North American Big Game Competitions.

The Boone and Crockett Club, 600 South Walnut, Boise.

Hunters Told To Measure Game Trophy

BOISE — Idaho hunters who believe they have bagged an animal with a trophy-sized set of antlers, horns or big head must have them officially measured and submitted to the Boone and Crockett Club by Dec. 31, 1970 to be included in its Fourteenth Competition of Heads and Horns. The present competition covers the three-year period of 1968 through 1970, according to a recent announcement of the club.

The Idaho Fish and Game Department says all entries must meet the minimum scores established by the Boone and Crockett Club. Such information can be obtained by contacting Boone and Crockett Club, Four Gateway Center, Pittsburgh, Penn. 15222, or the Idaho Fish and Game Department, 600 South Walnut, Boise.

It is planned by the Boone and Crockett Club to publish in 1971 a new volume, "Records of North American Big Game." The 1971 edition will include records through the Fourteenth Competition meeting the minimum scores and other requirements for entries in North American Big Game Competitions.

Insurance Industry Survey Shows Variance Of Bookkeeping Can Hike Profit-Loss Rate

(Editor's note: Whether the auto insurance business is crying all the way to the bank, or headed for the poorhouse, depends on which of two sets of figures you look at. This report examines both sets.)

By HARRY F. ROSENTHAL

WASHINGTON (AP)—In peeling apart regulatory agencies' rate increases, the auto insurance industry invariably reports it is losing money. At the same time, it consistently assures stockholders that it is earning substantial profits.

Which claim is true? From the industry point of view both are. It's all a matter of bookkeeping procedures. By using methods which the industry frankly concedes "differ in some respects from generally accepted accounting principles," the industry can rightly show both a profit and a loss.

"There is indeed a great deal of discussion on whether or not the auto insurance business is profitable," says Sen. Philip A. Hart, D-Mich., whose subcommittee has scheduled new hearings on the industry next month. "Sometimes the argument turns more on accounting methods than the actual state of health of the companies."

For example, the 10 largest property and casualty companies, using what the industry calls the "statutory method" of accounting, reported an underwriting loss of \$273 million. When adjusted to generally accepted accounting methods, Hart said, the figure came out as a \$55 million profit. And, he added, neither figure included the net income on investments for the same 10 companies, a total of \$1.7 billion.

Hart claims the hearings, begun this year, already have shown a need for major reforms in the business of insuring the nation's 103 million drivers. The industry freely concedes this and has offered its help to the Hart subcommittee and to the Department of Transportation.

which is just beginning a 2-year study. Among other things the non-fault system resembling that of health insurance.

Abuses in auto insurance—discriminatory rates; unwarranted cancellations; racial discrimination; and pick-and-choose underwriting—have been examined in the hearings. Insurance companies claim they lose money on underwriting automobile liability—and frequently they do. But the loss is far overshadowed, the companies say, by the premiums they collect from policyholders.

The industry insists that only its underwriting experience should be taken into account in the rate-making process, and that "net income" from investments is of concern only to stockholders.

The business can seem to be in the red when actually turning a profit, said Hart, even without taking profits from investments into account.

One way to do this is through so-called "statutory underwriting profit or loss"—the accounting method prescribed by law. "It works something like this: On Dec. 31 you give your agent \$240 for one year's auto insurance. On December 31st, the company closes its books for the year but takes credit only for the premium actually earned—in this case one-twelfth year, or \$20. Then the company deducts its expenses in selling you that policy, about 35 per cent—\$84 in your case. Thus, while the company actually received \$240 from you, it lists a loss on your business of \$64."

Best's Insurance Reports, the statistical Boswell of the industry, says "This statutory figure does not completely disclose the underwriting results." But when the insurance companies go before state regulatory agencies to justify a rate increase, the figures presented are the statutory ones.

The Hart subcommittee brought out that more conventional accounting methods are used by the companies to arrive at an "adjusted underwriting profit or loss."

Thus, for example, Continental Insurance Companies of New York reported in statements to stockholders that in 1968 and 1967 it lost 28 cents per share, based on the statutory accounting, but had an underwriting profit of \$1.61 on an adjusted per-share basis.

Add to that a per-share investment income of \$11.20 and total adjusted earnings before taxes is \$12.00 per share for the two years. Stockholders were paid \$5.35 per share in cash dividends.

George H. Kline, vice president and general counsel of Allstate Insurance Co., largest auto insurer in the country with more than 6½ million policyholders, told the Hart subcommittee:

"I must point out that we do not plan and build highways; we do not train drivers; we do not license them or renew their licenses; we do not arrest them or convict them when they drive 100 miles an hour, or drag race, or tailgate, or become the instrument of violence that causes the death of a fellow human."

Barring dangerous drivers from the highways would substantially reduce traffic violence and bring down the cost of automobile insurance, said Kline.

He cited increases in "costs which automobile insurance pays" such as doctors' fees, up 100 per cent in 20 years; hospital care, up 92 per cent in 10 years; 354 per cent in 20 years; higher costs of repairs and replacements of such things as wrap-around windshields.

The subcommittee countered with figures showing that since 1948, the rate of disabling injury and death per 100 registered motor vehicles and 100 million miles driven has decreased by nearly one-third. During that same period, said the subcommittee, insurance company premiums have increased 44 per cent more than medical costs, 30 per cent more than auto repair, and 30 per cent more than the private average weekly earnings in current dollars.

In the 20-year period, the total amount of auto premiums written was \$13.4 billion, but the companies paid out losses of only \$37 billion.

It is statistics like these that caused the American Insurance Association to propose in October a no-fault plan: one under which driver's own insurance company would pay his losses—no matter who was at fault.

"The present system is a grotesque sham which forces everyone involved—the insurance company, the agent, the insured and the courts—to act out a string of legal and ludicrous charades in an attempt to show themselves and their insured blameless and the other party totally at fault," Rhode Island's insurance commissioner, Ralph A. Petrarca, told a hearing held last month in Providence, D. Wash., last March.

Critics of the current system argue that auto insurance came into being to protect negligent drivers from losing assets because of lawsuits. But through the advent of compulsory insurance and financial responsibility laws, now in effect in all states, emphasis has shifted from protecting the negligent driver to compensating accident victims.

That makes the driver financially responsible for his accident, says a glossary of insurance companies a captive market of more than 103 million drivers, from which they collected more than \$10 billion in premiums last year, the critics contend.

Decision On School Fees Is Hailed In Jerome Case

JEROME—A district court decision in Bonneville County stating that school districts can legally charge a flat rate for book use or rental, but cannot charge a mandatory fee for extra-curricular activities is of special interest to Jerome residents, according to S. A. Kolman, prosecuting attorney.

He said the question of a mandatory fee for extra-curricular activities was raised here last month when he appeared before the school board in behalf of Mrs. Phyllis Wagner and her daughter, Margaret, 13.

Mrs. Wagner had not paid the student activity fee because her daughter did not care to attend extra-curricular activities. Mrs. Wagner paid the fee for a son who regularly attends the athletic events.

As the result of Mrs. Wagner's failure to pay the activity fee, her daughter was informed she could not attend assemblies or other social activities and would not receive the yearbook.

"She also would not receive the school paper on which she works as a cartoonist and was not notified of her grades. Mr. Kolman advised the board at that time that he believed the board could not legally withhold notification of the girl's grades or impose other restrictions.

He said he and Mrs. Wagner were told that the restrictions were board policy which would be followed.

The attorney said the Bonneville County decision has been forwarded to School District No. 201 with the request that the board forward Miss Wagner's grades to her mother.

"This judicial opinion, issued by Judge Henry S. Marten Nov. 5, is significant to every school district in Idaho and of benefit to school boards and parents alike in establishing rights and obligations. A free system of education, or the apparent lack of it, has been the subject of numerous editorial comment," Mr. Kolman stated.

"Now an Idaho district court has taken the first step in stating what a school board can and cannot do in regard to book fees and extra-curricular fees," he noted.

LEGAL ADVERTISEMENTS
NOTICE OF STATE LAND SALE
Pursuant to Section 50, 332, Idaho Code, the following described real property situated in Blaine County, Idaho, having been declared surplus to the needs of the State of Idaho Department of Fish and Game, is offered for sale at public auction to the highest bidder at 10:00 a.m. on January 17, 1969, at 2:00 P.M. at the Elks Club, Sec. 16, Twp. 15 S., Rge. 20 E., B.M. more particularly described, subject to reservation of state public lands for existing County road, and pole line easement, containing 7.15 acres, more or less; appraised at \$14,730.00.

Together with the following mineral water rights Certificate No. 11-A1, evidenced by Certificate of Water Transfer No. 800, Department of Reclamation, 0.20 cfs priority of 1-15-93; 0.208 cfs priority of 6-15-97; 0.12 cfs priority of 6-15-93; 0.22 cfs priority of 6-3-97; 0.247 cfs water of "E" drain priority of 7-12-12; 0.12 cfs water of "I" and "L" drain priority of 7-13-11, for a total of 1.421 cfs of water, 48.03 inches, filed in any or all of the water in 19, Mantley 011, of the Co. 11. Together with full ownership of an undivided 40% interest in and to certain pump and motor and related water pumping equipment located near the east boundary line of said 1545W/2, and used to draw water from Blaine Creek and to pump water rights appurtenant to the land and designated above. All cost of operation and maintenance is binding on both parties until 8-27-77. TERMS AND CONDITIONS: No bid of less than the stated price will be accepted. The successful bidder will pay cash at time of sale; also appraisals and advertising costs amounting to approximately \$75.00. The Fish and Game Department guarantees title vested in the bidder, but will not furnish title insurance.

Exchange Held By TOPS Club

HANSEN — A gift exchange was held by members of the Slim and Trim TOPS club at the meeting at the home of Mrs. Thomas Steelsmith, Mrs. Bryn Harris Jr. brought a low caloric dessert.

A poem, take-off from the "Night Before Christmas," was read. It was decided to hold regular meetings Dec. 23 and 30. It was decided to present gifts to winners of each division holding weight losses over the holidays at the Jan. 6 weigh-in.

Mrs. Ralph Harris was the best loser for the week. Mrs. Frieda Nicholson, Ketchum, was a guest.

At the weekly meeting previously, Mrs. Marie Pressnell was best loser. Mrs. Gene Walker was program chairman with gift suggestions which were handed out. Each member brought and displayed gifts and explained how they were made.

Area Fashion Show Highlights Holiday Meet

BURLEY — A holiday fashion show was viewed by members of the Burley Newcomers Club during dinner meeting at the Ponderosa Inn.

Modeled were sportswear, dresses, coats and cocktail dresses, with Mrs. Walter Peterson, club president, as narrator. The latest fashions were furnished by Roper's and the shoes were furnished by Hudson's Shoe Store.

During the fashion show, Chris Haight played background music.

The tables were decorated with miniature Christmas trees and snowman and a Christmas motif. Mrs. Sharon Tallich, Mrs. Eileen Perry and Mrs. Joyce Carter were in charge of decorations. Favors were furnished by Saddle's Gift Center, Ponderosa Inn, Mountain States Telephone Co., Mutual Security Bank, Burley Drug and Mem'l.

Newcomers introduced were Mrs. Gilbert Richardson, Mrs. Carl Moore, Marjorie Call, Mrs. David Humphrey, Mrs. Steve Zellar, Mrs. Chuck Schonover, Mrs. Larry Moore, Mrs. Nell Sinclair, Mrs. Lee Hingley, Mrs. Larry Duffin, Mrs. Tom Lankford, Mrs. Richard Young and Mrs. Donna Clark. Each received

Magic Valley Favorites

ELINOR WOOD
743 DelMar Drive, Twin Falls

Spanish Rice With Meat
2 or 3 garlic cloves; chopped
1 small onion, chopped
1 pound steak, cut in 1-inch cubes

1 cup rice
1/2 cup fresh or canned tomatoes, mashed
Fry rice and steak until golden brown. Add vegetables, season with salt and pepper and a dash of chili powder. Cover with hot water and let simmer until rice is tender.

(The Times-News will pay \$3 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.)

ed a carnation corsage from the club.

Sponsors attending were Mrs. Truman Bradley, Mrs. George Forschler, Mrs. Ludwig Haight and Mrs. Janet Rasmussen.

Guests were Eleanor Hewlett, Mrs. Rose Blair and Mrs. Billy Forschler.

Recipes

In conjunction with the Times-News Magic Fiesta tour to Spain and Portugal, scheduled Feb. 8 through 22, The Times-News thought it might be interesting to place special emphasis on Spanish and Portuguese recipes for the next few weeks in the Magic Valley Favorites.

All persons having recipes native of those two countries are invited to submit them to our weekly contest. They will be handled exactly as all recipes used in Magic Valley Favorites.

Five dollars is paid for the weekly recipe winner which appears in the Sunday paper. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

Mrs. Wurst Is Lodge Oracle

Mrs. Henry Wurst was elected oracle of the Royal Neighbor Lodge during a recent meeting at the IOOF Hall.

Mrs. Velma Treadwell, retiring oracle, will assume the station of past oracle. She is also serving a four-year term as state oracle and will preside at the 1970 state meeting to be held in Twin Falls. Mrs. William Armga was appointed staff captain by Mrs. Wurst. She is also district oracle and will preside at the 1969 district meeting in Twin Falls.

Mrs. Ted Samples was re-elected vice oracle. Mrs. Chris Sims is chancellor; Myrtle Anderson, re-elected recorder; Mrs. Earl Shobe, re-elected collector; Mrs. Frieda Evans, marshal; Mrs. Grace Samples, inner sentinel; Mrs. Eva Metzler, outer sentinel; Mrs. Gale Atwood, manager for three years; Mrs. Sims, manager for two years, and William Armga, manager for one year.

Tellers serving the election were Mrs. Wurst, Mrs. Atwood and Mrs. Shobe.

Appointive officers will be named by Mrs. Wurst before the January installation tentatively set for a joint event with the Masonic Camp.

Officers pro tem were Mrs. Armga and Mrs. Grace Samples. Christmas greetings were read by Mrs. Anderson from Mrs. Anna B. Spangler, Supreme oracle, Rock Island, Ill.

Social Calendar

Golden Age Club will hold a dance and card party at 7 p.m. Friday at the DAV hall. Persons attending are asked to bring one-half dozen sandwiches and all those attending are asked to bring their own table service. All persons 60 years or older are welcome.

Swinging Sixties will hold a meeting and dance at 8 p.m. Friday at the Moose Hall. Ladies attending are asked to bring one-half dozen sandwiches and all those attending are asked to bring their own table service.

An LDS Stake New Year's Eve dance will be held at 9 p.m. New Year's Eve at the LDS Stakehouse on Maurice Street. A program will be presented. Bill Purdy's Trio will furnish the dance music. Everyone is invited to attend. Tickets can be purchased from MIA of the house or at the door.

Mrs. Myrtle Gunderson, a director.

Mrs. Wurst received the special gift of the evening. Refreshments were served from a table decorated in a Christmas motif by Mrs. Grace Samples and Mrs. Ted Samples.

Record High Predicted For Foreign Travel

NEW YORK (AP) — A travel expert predicts that travel to Europe and around the world by Americans will leap to record numbers next year.

Stuart Shulman, managing director of American Grand Circle Tours, notes that many Americans who put off plans to travel earlier this year have been looking for passage in increasing numbers for overseas trips, with many scheduling trips in what is normally considered the off-season. This is in line with the recent trend for world travel to become an all-year item rather than a spring to fall seasonal spurge.

Shulman says that favorite destinations are England, Italy, Spain, Portugal and Switzerland.

Women's Section

Janice Boyer Is Bride Of Larry Spinato

HANSEN — Janice Boyer, daughter of Mr. and Mrs. Monte Boyer, today became the bride of Sgt. Larry Spinato, son of Mr. and Mrs. Joseph Spinato, Roseto, Pa., in rites Dec. 14 at the Kimberly Christian Church.

Sgt. Spinato is stationed at the Mountain Home Air Force Base, Nev. Harold Larsen officiated at the double ring ceremony before a pedastal candelabra of lighted tapers tied with pink ribbon bows.

The bride, given in marriage by her father, wore a steeple-length princess styled A-line woolen dress featuring an embroidered ruffled neckline, scooped at back. Her shoulder-length veil was held with a flower-crest crown. She carried a bouquet of miniature ribbon white and deep pink roses backed with net and ribbon.

Gert Boyer, sister of the bride,

was maid of honor. Sgt. Dave Whitted, Mountain Home Air Force Base, was best man, Mike Norris and Ted Dalrymple were ushers and also lighted the candles.

Rosemary Kovan was organist and accompanied Sylvia Freestrom, soloist.

The couple left Sunday for Roseto, Pa., to visit his parents during the holidays.

BLACKHEAD TREATMENT

One of the best "do-it-yourself" treatments for blackheads is a meal wash. The ingredients are 18 ounces of powdered oatmeal, eight ounces of powdered almond meal, four ounces of powdered orris root and one ounce powdered castle soap. Mix thoroughly, then slightly moisten about one tablespoonful with hot water to make a paste. Apply gently to skin with fingertips and rub into blackhead areas. Rinse with cold water.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: I am 27, have been married and divorced twice. I have two small children who are being raised by my mother.

About a year ago I started going with a man. He was married, with a family, but he said he was getting a divorce so we started making plans.

He moved in with me to save on expenses. His wife and out about us and now she's giving him a bad time. She won't take him back, but he has to support her and the kids anyway.

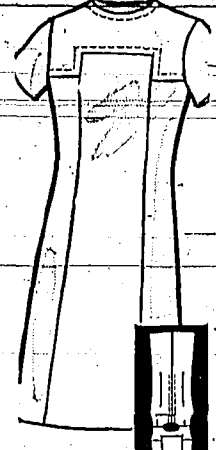

He doesn't help me financially, and with him living here it keeps

me from seeing other guys. To tell you the truth, the thrill has worn off and I'd like to get rid of him. He's a very weak man. I feel responsible for this mess, but why should I be stuck with this guy? What should I do?

STUCK

DEAR STUCK: Throw him out. If he has nowhere else to go, he'll probably go home and beg his wife to take him back. And if you're in the market for a man, next time choose a single one. They make the best husbands.

Presbyterian Women Have Installation

KETCHUM — Installation of officers and a Christmas party were highlights of the regular meeting of members of the Presbyterian Women's Organization. The meeting was held in the recreation room in the basement of the church.

SYLVIA M. MATHIS
Sylvia Mathis, Brubaker-Plan January Rifles

Rev. William M. Kelly, pastor of the church, installed new officers. They include Mrs. Robert Schlosser, president; Mrs. J. P. Mahoney, vice president; Mrs. Stanton Lappis, secretary; Mrs. Clifford Vaughn, treasurer; Mrs. Peter Naymik, fellowship chairman; Mrs. Eugene Flowers, world service chairman, and Mrs. Kelly, program chairman.

Mrs. Mahoney, retiring president, was presented a gift in appreciation of the work she has done the past year. She was also elected as the organization's "Mother of the Year."

Members came to the church at 11:30 a.m. to put up Christmas decorations. A potluck dinner followed the business meeting, a gift exchange was held.

The next meeting is Jan. 9, with the place to be announced.

Mr. and Mrs. James B. Mathis announced the engagement and forthcoming marriage of their daughter, Sylvia, to Larry R. Brubaker, son of Mrs. Vera Brubaker.

Mrs. Mathis is a senior at Twin Falls High School. Mr. Brubaker served four years in the Air Force and is presently attending the College of Southern Idaho.

A January wedding is planned. * * *

with your own "image" you wouldn't be so "bugged" by your mother's.

CONFIDENTIAL TO "DISTURBED IN ASHTABULA" I am all for helping people in their hour of need, but I, too, am disgusted with this business of handing over my tax dollars for the welfare of women who have one illegitimate baby after another for the sole purpose of picking up the welfare check.

At the risk of being thought "hard-hearted and insensitive" I must say that I think a woman who bears more than one child out of wedlock should automatically become ineligible for welfare.

I know that Jesus told the scribes and Pharisees who brought him a woman who had committed adultery, "He that is without sin among you, let him first cast a stone at her." But did he not also say, "Go, and sin no more?"

Everybody has a problem. What's yours? For a personal reply write to Abby 69700, Los Angeles, Cal., 90069.

Progressive Dinner Held

DUHL — The Buhl Lions and Lady Lions held their annual Christmas party and progressive dinner recently, starting with a social hour at the home of Mr. and Mrs. Harry Estinger.

Salad was served at the George Farmer home and the main course was served at the Bob LaPrairie home. During the main course, members told of their summer vacations and other highlights of the summer.

Mr. and Mrs. Al Iverson hosted the dessert portion of the meal and later showed a film on the trout industry. A gift exchange concluded the evening activities.

If you plant it—
or feed it,
GLOBE SEED
WILL HAVE IT!

60-Year-Jewel Presented To James F. McCoy

KETCHUM — Highlight of the annual Christmas party of Alton Lodge No. 13, IOOF and Snowdrop Rebekah Lodge, was the awarding of 60-year-jewel to James F. McCoy through his proxy O. S. Farnum.

Mr. McCoy, who has been ill recently was unable to attend. The lodge will take the jewel to Mr. McCoy's home later this week and present it to him.

Mr. Farnum has served in every office of both the Odd Fellow and Rebekah Lodges.

The memory of the late Alton Price was honored when his 50-year jewel and regalia which was returned to the lodge was placed in safe-keeping. Mr. Price had also held all offices in both lodges and served as a grand patriarch of the Grand Encampment of Idaho.

The Christmas party was held recently in the Odd Fellow Hall. Part noble grands of Snowdrop

lodge were hostesses. Marvin Obonchain for the Odd Fellows and Mrs. Frank Morrison for the Rebekahs presented the program. A gift exchange was held. Refreshments were served as a "T" formation for easy visiting. The hall was decorated in a Christmas motif.

HUMIDIFIERS

Is your home dryer than the Sahara Desert? It is if you don't have a Coronado humidifier from Tempo. A Coronado Humidifier will relieve that dry "tickle" from your throat. It will keep your skin smooth and soft. It will prevent annoying shocks from static electricity when you touch a door knob or light switch. That's not all. It will help keep furniture joints tight and you'll feel much more comfortable with your thermostat at a lower setting, keeping your fuel bills lower. Dry air in winter and fall cost you money. To get rid of Sahara Desert air in your home, visit Tempo today.

New Congress May Become Most Powerful

WASHINGTON (AP) — The National Committee for an Effective Congress said recently that the 91st Congress will have "an opportunity that has not existed before in this century" to become the most influential branch of government.

"This will be true, the organization says, because President-elect Nixon was not the choice of 60 per cent of the people" and the Democrats not only will control Congress but have their most influential figures there.

The committee must decide whether the United States is to become a military empire or a humanitarian leader of the world, the committee adds.

The committee describes itself as a non-partisan group which seeks to support congressional candidates of quality and ability in both parties. The group reports it contributed more than \$750,000 to the 1968 election campaigns of 13 candidates for Senate seats and 61 House aspirants.

In its analysis of likely trends in the new Congress, the organization says Democrats undoubtedly will treat Nixon "with every consideration and allow extra kindness during his honeymoon."

But, it reports, they will not be awed by him as they were by Gen. Dwight D. Eisenhower and will be ready to confront him openly on key foreign and domestic issues.

War Veteran Gains Rights Of Citizenship

SAN ANTONIO, Tex. (AP) — Jesus H. Quevora, who lost the vision in both eyes, his left arm below the elbow and part of his right hand and fingers, was expelled near him in Vietnam, became a U.S. citizen Monday.

"Maybe he was a high price to pay," the 29-year-old native of Mexico said, "but I believe I have earned my U.S. citizenship. I have fought for America alongside Americans, and I think any American would agree that I am deserving of the same rights just as if I had been born here."

Quevora was brought in an ambulance from Brooke Army Medical Center to the federal building for the citizenship ceremony.

"I have been waiting 13 years for this day," he said after U.S. District Judge Adrian A. Spears administered the oath of allegiance.

Quevora lived in the United States 12 years before enlisting in the Army.

Former Warden Given New Job With Ada Sheriff

BOISE (AP) — Orvil E. Stiles, who was dismissed a month ago as state prison warden, has been given a 30-day job with the Ada County Sheriff's Department to write a booklet on standard operating procedures for the agency.

Sheriff Paul W. Bright said that Stiles will be paid \$500 to write the booklet.

Stiles was dismissed by the board after a series of walk-outs at the prison's new compound and Eagle Island farm. Problems have persisted since Stiles left about a month ago and there have been two acting wardens since then.

Bridge Winners

Magle Valley Duplicate Bridge Club met at the home of Mrs. H. M. Wycoff.

Tied for first and second were Mrs. D. H. Wienrich and Mrs. M. Hogg, and Mrs. Harmon Mubyon and Mrs. M. L. Brown.

Third place winners were Mrs. Roy Hill and Mrs. Gus Averett and Mrs. J. E. Saladay and Mrs. J. M. Kingsbury were fourth.

The next meeting will be held Jan. 8.

MRS. HAZEL LUIKART, 78, spent Christmas with her daughter, Mrs. Edna Turtzer, right, who Mrs. Luikart was accused of trying to kill by poison in 1918. She was declared insane and sentenced to a state hospital in Michigan. It was through Mrs. Turtzer's efforts that her mother was released and charges dropped to make it possible for them to celebrate Christmas together for the first time in 50 years. (AP wirephoto)

Chileans, Americans Alike Grumble About Satirical Play Against U.S.

By SHIRLEY CHRISTIAN
SANTIAGO, Chile (AP) — Washington's latest foreign aid emergency arrives in Rio de Janeiro and, with Brazilians dancing about him in carnival masks, draws his pleasure at being invited to their country.

"You know that we did not invite you," snaps the host president. "The State Department arranges these things."

Not at all nettled, the visitor — a Mr. Huber — orders an outlandish mask lowered over the president's head and hangs a medal from His Excellency's nose.

Then he turns loose a shower of dollars and watches the dancers scramble.

The scene — from this season's most controversial, but popular play — ends with Mr. Huber walking through the theater audience, still tossing make-believe dollars.

On stage the cast sings: "A dollar to drug you and put your reason to sleep... A dollar to sell you with your sweat and blood a dollar to discourage you in any revolution."

"Introduction to the Elephant and Other Animals" by Jorge Dias, also takes aim at Latin American dictators and guerrilla fighters, the U.S. Central Intelligence Agency, the Inter-American Development Bank, chewing gum, "The Marine Corps Hymn," and "America, the Beautiful."

The play amuses and infuriates Chileans and North Americans alike. Chileans say Uncle Sam is not all that bad and that neither is Latin America so quick to dance to his tune. Yankees here grumble about the ungrateful attitude toward aid supplied by U.S. tax dollars.

The bearded director, Jaime Celso, says "Introduction," which has had a five-month run, is intended to provoke Latin Americans to think about themselves.

The play is made up of sketches set in various countries. In a scene in Bolivia, the

military president is making a speech when a phono rings. He answers, in English, "Washington? Of course. Oh, yes, yes. One million dollars? Okay, boss."

Seconds later, another military man shoots the president and, after referring to "our system of political succession," continues the speech where his predecessor left off.

In Santiago, a newsmen asks the president of the Inter-American Development Bank if its funds are distributed with political ends.

"I don't have the least idea," he replies, "because I received the checks already prepared from an American commission that functions in a hidden basement of the White House."

The newsmen asks a representative of the Pan American Union if the organization has talked to any Latin American guerrilla fighters.

"We have interviewed all the valiant Latin American guerrillas that live in New York," he says.

No Zip? Pregnancy Tests Rate Attention

WASHINGTON (AP) — Post Office Department, which urges the use of zip codes, has acknowledged an embarrassing situation: it doesn't have a zip code number for Santa Claus.

The issue arose with a letter from a father in Rossmore, Va., who said he was helping his 5-year-old boy write a letter to Santa Claus. The boy reminded his dad not to forget the zip code.

What was the zip code? "Ho, ho, ho," the boy replied, according to his father, who sent it on as wisdom from the mouths of babes.

The Post Office hasn't replied — the matter is under consideration. At any rate, it would have to be "Ho, ho, ho, ho, ho." A zip code has five numbers — or ho's.

Uranium King Scheduled For Contempt Hearing In Court

RENO, Nev. (AP) — Uranium King Charles Augustus Steen, 47, said to be \$5.9 million in debt, is due in federal court here Friday to answer charges of contempt of court.

The charges stem from remarks allegedly made by Steen attorneys Bert Goldwater, Richard Diamond, Richard Horton and Royal Stewart, all of Reno, Goldwater, who ruled Oct. 10 that Steen was bankrupt but reversed his decision Oct. 31 without comment, withdrew as the bankruptcy referee in Steen's case.

Steen and his attorneys, William Puzey of Reno and John Gibbons, Englewood, Colo., seek the removal of Diamond as bankruptcy trustee.

U.S. Dist. Judge Bruce Thompson said: Steen accused Goldwater, Diamond and the other attorneys of conspiracy to have Steen judged to be in bankruptcy so they could divide his estate among themselves and creditors.

Among his debts is a \$1.8 million tax lien imposed by the federal government. That, he says, tied up his hands, caused his sources of credit to dry up and invited a host of collection suits, foreclosures and demands.

Steen has a full schedule of court appearances next week, including one on removal of Diamond and one on the City of Reno's attempt to foreclose on his Casair, Inc., an airplane service company for which the city holds the lease. The city says Steen owes it \$1,800.

Steen and his wife, Minnie Lee, live in a \$1 million mansion near Franktown, 20 miles south of Reno.

The fixtures in their bathroom are sold silver.

Their dining room table is surrounded by a moat, into which guests have occasionally tumbled.

But gone are his airplanes, his yacht and his 8,000-acre cat-

Steen, in filing for a real property proceeding under chapter 12 of the Federal Bankruptcy Act, claimed assets of \$11.7 million, but said he has no cash.

Technically, under chapter-12, Steen is in the legal status of debtor rather than that of a person who has been adjudicated as bankrupt.

He submitted a plan for liquidating some of his assets to pay off his creditors in full. With capital, he says, he could make some of his vast untapped mine holdings pay off.

Lost: One Sink

ANACONDA, Mont. (AP) — If you're driving in the Anaconda area, you could be of great help to Mrs. Helen Golden.

Watch for her kitchen sink!

Mrs. Golden reports the sink dropped from a truck between Wisdom and Anaconda.

On his Casair, Inc., an airplane service company for which the city holds the lease. The city says Steen owes it \$1,800.

Steen and his wife, Minnie Lee, live in a \$1 million mansion near Franktown, 20 miles south of Reno.

The fixtures in their bathroom are sold silver.

Their dining room table is surrounded by a moat, into which guests have occasionally tumbled.

But gone are his airplanes, his yacht and his 8,000-acre cat-

News Of Record

MINNOKA COUNTY State Police Blotter

No citations were issued Thursday morning when a 1968 Pontiac, driven by Debra A. Helm, 20, Rupert, and owned by Bary Buell, went out of control on icy roads and struck a guard rail. The incident occurred three miles north of Depo on Interstate 80. Damage was estimated at \$800 to the car.

Bad weather conditions were also blamed for three accidents Thursday afternoon and evening. Vehicles driven by Stanley Simpson, 24, Paul, and Shane

Ephrem, 24, Pocatello, collided on Highway 25 as Ephrem was stopped at a red light. Simpson was behind Ephrem. Damage was estimated at \$75 to Simpson's 1960 Chevrolet pickup truck, and at \$150 to Ephrem's 1964 Buick. No citations were issued.

In another accident that evening, cars driven by John Hill, 18, Caldwell, and Charlie Bean, 20, Twin Falls, collided on Interstate 15 W., 15 miles east of Burley.

Bean's car was apparently right in front of Hill and Hill was unable to stop in time to avoid a collision.

Damage was set at \$100 to Hill's 1965 Chevrolet, and at \$200 to Bean's 1957 Chevrolet. No citations were issued.

Thursday night, a half mile west of Burley on Interstate 80N, vehicles driven by Dwight Harding, 35, Pendleton, Calif., and Danny Boswell, 22, Burley, collided.

Boswell's 1964 Ford was reportedly parked at the edge of the road while the driver was fixing a tire chain when Harding's 1968 Ford struck the auto. Damage was estimated at \$700 to Harding's auto, and at \$200 to Boswell's. No citations were issued.

On Wednesday night, when the snow began, a 1967 Chevrolet pickup truck, owned by Lott Electric, and driven by Bill Nichols, 46, Burley went out of control and slid off the edge of a bridge and stopped on the river bank.

A homemade utility trailer, being pulled by the pickup truck, caught in the edge of the bridge but was also demolished. No citations were issued. The incident occurred seven miles east of Burley on Interstate 80N.

CASSIA COUNTY Burley Police Blotter

Leo Fullmer, 54, 421 E. 18th St., Burley, was driving a 1962 Chevrolet south on Hilland Avenue at 3:20 p.m. Saturday and because of snow-covered roads was unable to stop for stop sign at Hilland Ave. and Main Street intersection.

The Fullmer vehicle collided with a 1955 Chrysler traveling west on Main Street driven by Charles V. Hess, 37, 017 D. St., Rupert. In the outside-into traffic collision with the Hess vehicle, also traveling west on Main Street driven by Ivan W. Carson, 53, 1410 Malva Ave., Burley. Damage was \$150 to the Chevrolet, \$300 to the Hess vehicle and \$50 to the rear of the Carson auto.

Ben M. Butterfield, 18, Route 2, Paul, was cited for failure to yield the right-of-way after stopping following a two-vehicle accident at 1:50 a.m. Sunday at intersection of Main Street and Overland Avenue. Butterfield was driving a 1965 Chevrolet north on Overland Avenue, stopped for red flashing light at the intersection, then proceeded on colliding with a 1963 Studebaker traveling east on Main Street which had an amber light driven by Gary A. Wyatt, 25, 1528 Norval Ave., Burley.

Damage was \$500 to the front end of the Wyatt Studebaker which was owned by Dally Wyatt, Portland, Ore., and \$400 to the Butterfield auto. Sharon Harvick, 17, Paul, was a passenger in the Chevrolet and Wyatt was alone in his vehicle.

BURLEY POLICE COURT

Floyd Osterhout, 53, Declo, 335, intoxication.

JEROME COUNTY Police Blotter

A 26-year perfect driving record was marred recently when Otto Ryala, a Greyhound bus driver from Caldwell, was backing to leave a parking lot and hooked the fender of a parked vehicle belonging to Frances Shurtlett, Jerome. The bus was not damaged and there were no injuries but the parked 1964 Karmen Ghia was damaged to the extent of \$200.

Justice Court Delbert Blevins, Eden, \$10, inadequate equipment, and \$25, failure to appear; Mayo Hand, Oregon, \$10, inadequate equipment, and Steve Jenkins, Twin Falls, \$10, failure to appear.

Fined by Judge Irving Altman, Jerome, for speeding, were Tim Craig, Jerome, \$25; Gary Kincaid, Hazelton, \$35; Larry Webb, Hazelton, \$35; Larry Smith, Twin Falls, \$20; Steve Jonkins, Twin Falls, \$18, and Del Panting, Hailley, \$25.

U.S. Offers To Revamp Japan Bases

TOKYO (AP) — Attempting to dampen opposition in Japan, the United States has offered to give up, move or share a third of its bases in Japan.

The offer was announced, and the two governments said they would begin discussions on the change in status of about 50 of the 148 bases and installations the United States maintains under the U.S.-Japan Security Treaty. The bases were not named.

The agreement was reached at a three-hour session of the security treaty joint consultative committee attended by Foreign Minister Kichii Aichi; Kichii Arima, director-general of the Japanese defense agency; U.S. Ambassador U. Alexis Johnson and Adm. John S. McCain Jr., commander of U.S. Naval Forces in the Pacific.

Johnson told a news conference the proposal covers almost half of the total land occupied by U.S. bases and installations in Japan.

After a series of accidents involving U.S. military aircraft and visits to Japanese ports by U.S. nuclear-powered submarines, Japan urged the United States in September to review its needs.

The government action was prompted by left-wing opposition which manifested itself most violently this year in student rioting in January over the visit of the nuclear-powered aircraft carrier Enterprise to the U.S. Naval base at Sasebo, in southern Japan. The students said the ship threatened Japan with radioactive contamination. The January riots part of a drive to scrap the U.S.-Japan Security Treaty which comes up for review in 1970—involved scores of demonstrators and police.

Girl Survives Train Terror

BENEVENTO, Italy (AP) — Little Giuseppina Grassi, 2, was treated for shock Monday night after a passenger train roared over her as she lay between the rails.

Giuseppina, who wandered from her family, came upon the railroad tracks near here, slipped and fell and landed squarely between the rails.

Seconds later an Avellino-Benevento train passed over her as her distraught father ran toward the scene. The father was treated for shock, too.

The child suffered no other injuries.

Surgeon Adopts Tot Abandoned By His Mother After Crippling Accident

FORT LAUDERDALE, Fla. (AP) — A small boy given up by his mother after an auto accident left him paralyzed from the neck down has been adopted by the brain surgeon who helped him walk again.

In March 1967, Angel Acevedo, then a 3-year-old toddler, was brought to the emergency room of Miami's Jackson Memorial Hospital after a car wreck. He had a brain concussion and a broken neck.

Dr. Gary Gleseke, a resident neurosurgeon, told his wife Haydee several days later about the paralyzed child no one came to see.

"Unknown to Dr. Gleseke," said Circuit Judge James Minnet, "his wife went to the hospital. He made his rounds one afternoon and found his wife sitting at this boy's bedside. That began the trail of love that just grew to adoption."

Minnet granted the adoption Wednesday. Angel, now 5, took his new name, Derek Allen Gleseke, with a new birth certificate to make it official.

After the adoption, the story emerged of Mrs. Gleseke's daily trips for five months from her home north of Fort Lauderdale to the hospital in downtown Miami, the doctor's battle with the Welfare Department to be named guardian and Mrs. Gleseke's 18-month search for the boy's mother to get consent for adoption.

Mrs. Gleseke, 24, broke the child's fearful silence after three days' visits. She brought a punchball, the first of many gifts.

Soviets Spend Year In House In Space Test

MOSCOW (AP) — Three Russian scientists have spent the past year in a nightlight greenhouse to discover man's reaction to long space flights, the official Soviet news agency reported Monday.

Tass said the men drank water regenerated from urine and ate mostly vacuum-deiced food. Their only link with the outside world was a videotelephone.

All three scientists emerged fit and well, said the agency. The success of this experiment will promote the development of work in sustaining man's life outside the earth.

Tass said the scientists were Gherghin Manovtsev, a physician; Andrei Bozhko, a biologist; and Boris Ulybyshev, a technician. The experiment began on Nov. 5, 1967 and ended a year later.

The men lived in an airtight chamber consisting of a living compartment and greenhouse. The chamber had air conditioning, sanitary facilities, furnishing and equipment for medical checkups by remote control.

Their working day, which began at 7 a.m. and ended at midnight, included growing food in the greenhouse and conducting medical and biological investigations.

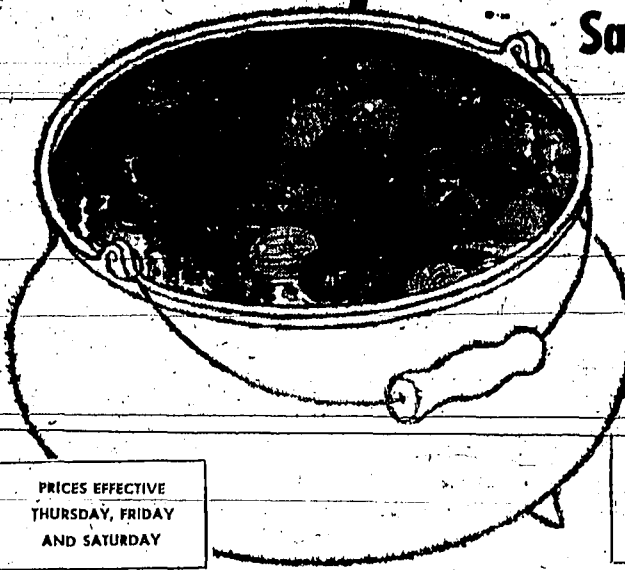

"The investigation embraced practically all functions of human organism," said Tass.

New Uniforms Look Civilian

VENTURA, Calif. (AP) — Police Chief David Geary is ordering blazers and trousers for the men and getting rid of the standard military-type uniform.

The idea is to look more like civilians, Geary said. Besides, the new uniform will cost \$40, compared to \$200 for the present ones.

TWO CHANCES TO MAKE SLAM

When today's hand was played in the Team Trials we regret to report that only one of the five pairs who held the North-South cards got beyond game. Three Souths elected to open

a reappraisal of the hand when East failed to follow. Had spades broken 3-2 the hand would have been routine. Bob would have led either six of hearts or four to the ace deal but the necessity of losing a trump trick put Bob under considerable pressure.

He had two lines of play at his disposal. The first would be to play queen and another trump and then to decide between an attempt to discard a club on a heart or two hearts on clubs. This would be a 50 per cent play.

The second line was a little better so Bob adapted it. He abandoned trumps because he did not want to have to discard from dummy right away. Instead he led a club and cashed dummy's ace and king. If the queen had not dropped he would have ruffed a diamond to get back to his hand and still have the play in hearts. When the queen of clubs dropped, he simply ruffed a diamond back to his hand and played queen and another spade.

CARD SENSE

Q—The bidding has been:
West North East South
Pass 3 4 Pass 3 4
Pass 3 4 Pass 3 4
You, South, hold:
♠ J A K 9 8 7 ♣ K S 3 4
♠ J A K 9 8 7 ♣ K S 3 4
♠ J A K 9 8 7 ♣ K S 3 4
♠ J A K 9 8 7 ♣ K S 3 4
A—Did three no-trump. You don't have a sure club stopper but you can't pass three spades and don't want to go to the four level.

TODAY'S QUESTION

Your partner continues to four hearts. What do you do now?

Checking Up

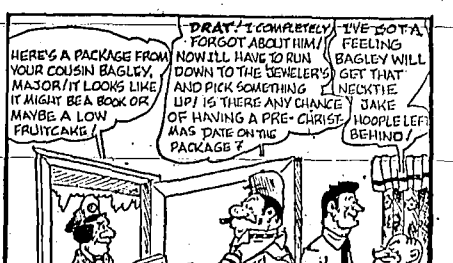

By L. M. BOYD

Jerome Kern First Placed A Song-On Hit Parade In 1935

AM ASKED TO NAME THE first song that turned up No. 1 on the old Hit Parade. Remember it well. That was Mr. Jerome Kern's "Lovely to Look At." On April 20, 1935, it was. That's what's named "you." A. Listen, when the record shows the 111th Parade started. Those were hard years, but everybody danced. Lady, do you think you and your gentleman friend can still dance to Mr. Kern's aforementioned melody? Let's hear you hum a few bars and see you take a turn around the room to find out if you still have the knack.

"TELL YOUR NAME GAME MAN it has been my experience that most women called Bertha are inclined to be hard workers, most women called Helen to be good talkers, and most women called Ruth to be rather religious," writes an observer who has been sitting behind the desk in the last 15 years. A lot better. So much better, in fact, they're getting bigger—and all the old theater seats in Tokyo are too small now.

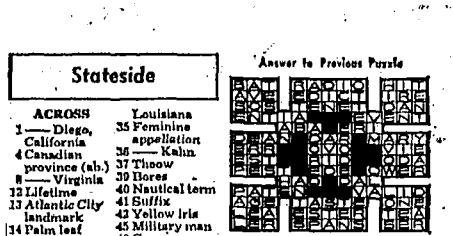

WHY WOMEN SO RARELY become chefs was previously reported. They are not strong enough to handle the heavy kettle during apprenticeship. Nor do many women become butchers. They are not strong enough to lug the sides of beef. And women don't often become supermarket managers, either. Because most grocery men start out stacking stock. Women don't get that training. They are not strong enough to wrangle the heavy cartons. It is not that women can't handle the top. Just make peace more profitably. They can. It's that they can't handle the bottom jobs which lead to the top jobs.

Opening lead—K

with four spades. The fourth passed, then jumped to four spades after his partner opened one heart. In all four cases spades was the final bid. Bob Hamman and Eddy Kiftar picked up a nice Christmas present by reaching the slam with the bidding shown in the box. We approve heartily of Bob's one-spade opening. He has only 10 high card points but almost solid spades and two first-round controls. Bob ruffed the opening diamond and played out his ace and king of clubs. He discarded a diamond from dummy on the second one and stopped for

Attorney Bases Sirhan Case On Suspect's 'Mental' State

By DICK KLEINER
LOS ANGELES (NEA) — The man who will prosecute Sirhan for the murder of Sen. Robert Kennedy...

"It doesn't take much of a guess," Compton says, "to assume that the defendant's mental make-up will be a prime issue in the trial..."

"Whether or not we find out why," he says, "will depend a lot on the defense, and whether or not Sirhan testifies..."

"The court appointed a psychiatrist to examine Sirhan," Compton says, "but he reports to the defense counsel..."

Just \$1 protects you against all accidents this winter - pays \$100.00 per week in cash!

Now only \$1 covers you for next 3 months. Pays \$100.00 a week extra income each time an accident puts you in the hospital. Same low rate covers each member of family.

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT DEC. 30, 1968 OR IT CANNOT BE ACCEPTED.

The accident rate in America is at an all-time high — and may go higher yet! 5,000 Americans are injured in accidents every 5 minutes. NOW — during the high-accident winter months — you can provide your family with \$100.00-A-WEEK tax-free income protection... \$100.00-A-WEEK CASH that protects your wife... \$100.00-A-WEEK CASH that protects your children... \$100.00-A-WEEK CASH that protects your entire family... EVERY SINGLE WEEK — week after week — for the incredible low price of... ONLY \$1 PER PERSON FOR THREE FULL MONTHS! That's only about 1¢ a day!

And your protection starts Noon, Dec. 31st, — and continues right up through the end of March. Think of it! You'll be covered for the dangerous New Year's holiday — including New Year's Eve. You'll be covered against unsafe drivers... the drinkers, the revelers, and hot-rodders. You'll be covered those months when road conditions are particularly hazardous. Covered on crowded travel weekends. Imagine how valuable this protection is to you — and your family. (Do you know that hundreds of Americans died on the highway last New Year's weekend? That many thousands more were injured — some hospitalized for weeks, some for months? Can you imagine how many families had to bear financial hardship on top of their tragedy because they lacked insurance protection? But now you have the protection you need during these dangerous winter months — for only \$1!

Pays you \$100.00 a week for every kind of accident — You can collect up to \$10,000.00 tax-free cash!

This \$1 insures you not only for car accidents — but for ALL kinds of accidents that put you or any insured member of your family in the hospital. It protects you indoors and outdoors, at home and away. Whether your wife scalds herself at the stove... your child trips over a toy... you ski into a tree or skate into thin ice... even if you somehow manage to stumble out of bed in the morning, hurt yourself and land in the hospital... Presidential is ready to hand over to you \$100.00-A-WEEK EXTRA CASH. Yes, lump sum cash — for as long as you really need it — even if your recovery takes 100 weeks! That brings you tax-free cash benefits for you up to \$10,000.00 tax-free cash! **** FOR EACH ACCIDENT.**

**** \$1 brings you virtually UNLIMITED accident coverage!**

For all this protection you might expect to spend many times this small amount. Yet this policy costs you ONLY \$1 FOR THREE FULL MONTHS. That comes to only about 1¢ a day!

If you wish, at the end of March, you may then continue your accident policy at the low rate of \$3.50 per quarter. And you pay this low premium regardless of your age — even if you're 100!

We can never raise your rates because of

- PAYS \$14.28 CASH** each day starting very first day you spend in the hospital... even up to 100 weeks.
- PAYS up to \$10,000.00 TAX FREE CASH** to you for each hospital stay.
- PAYS you CASH** for any kind of accident... anywhere, anytime. You are covered 24 hours a day, 7 days a week, at home or away — anywhere in the world.
- PAYS up to \$5,000.00** even if you're over 65 — in addition to whatever you collect from Medicare.
- PAYS up to 50% of full benefits** even if you are totally blind, deaf or a diabetic or epileptic.

HOW MANY CLAIMS YOU HAVE — and only YOU can cancel the policy — WE CAN'T! You collect \$100.00-A-WEEK extra cash every time you or any insured member of your family needs hospital care because of an accident. Presidential pays all cash benefits each and every time — and pays them promptly to you, WITHOUT raising your rates either, no matter how many claims you make — no matter how long you stay in the hospital — even up to 100 weeks... no matter how often or how much you collect from us. YES, NO MATTER HOW OLD YOU BECOME — your policy will never be cancelled (only YOU can cancel) and your rates will never be raised above the low regular Presidential rates you pay during your first year! Only if there is a general rate adjustment, up or down, on all policies of this type in your state can your rate EVER change! Can any other policy promise you peace-of-mind like that?

You can come out of the hospital with EXTRA CASH in your pocket! All cash benefits are paid to you in addition to whatever you receive from other insurance you have — including Medicare and Workmen's Compensation! It stands to reason that since each of these is going to pay you money... you can actually COLLECT TWICE OR MORE. Yes, you can come out of the hospital with extra cash in your pocket. Naturally, all money you receive is 100% TAX-FREE. Cash is rushed directly to you — not to the doctor or hospital. Spend it any way you please. On medical bills if you wish, but also rent, food, clothes, vacations — even a color TV set if you so desire!

How do we give you so much for only \$1? You can buy ordinary insurance at any time and pay the regular rates. If you wish. But Presidential can now provide you with \$100.00 a week tax-free income protection for just \$1 for 3 full months. Why? Because we enroll a large number of people at one time — direct by mail! This highly efficient "Mass Enrollment" method cuts costs to the bone — and

the savings are passed on to you! When you think how you'll be protected during the high winter accident period... you'll realize these savings are actually even larger because the insurance is WORTH so much more! But you must apply before the deadline date shown in the official enrollment form. In order to get this \$100.00-A-WEEK accident insurance for the special low price of only \$1 for three full months, you must mail the Official Enrollment Form NOT LATER THAN MIDNIGHT of the date on the form. This midnight expiration date cannot be extended. If your enrollment form is mailed later it cannot be accepted.

Do you need this protection EVEN if you already have hospital insurance?

You certainly do, for two reasons. First — said to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have TRIPLED in just a few short years. And they are expected to DOUBLE again in the next few years ahead. Even at this very minute, the average 24-hour costs of a hospital stay come to \$58.06! (Source: New York Times.) Plainly, accidents mean big bills. And with over 5,000 Americans being injured in accidents every five minutes... no one knows who may have to pay these bills next!

The second reason is — let's face it. Presidential protection is much too wonderful to pass up. At the low Presidential rate a person would be foolish indeed not to take advantage of this opportunity to protect himself and his loved ones with an EXTRA \$100.00-A-WEEK coverage... regardless of whether he has other insurance or not. At the 3-months-for-\$1 rate, it's just like getting another complete new insurance policy practically as a gift! Should it turn out that all your medical bills are paid for by your other insurance, the \$100.00-A-WEEK CASH you get from Presidential is like "found money" — to spend on anything you choose. Even a color TV or a holiday vacation.

Everyone is covered... even the handicapped!

This new Presidential plan is offered to folks of any age. And even those who are lame, blind, deaf, diabetic, or epileptic can obtain this coverage and collect a full fifty percent (50%) of the regular benefits payable... without any increase in the premium!

For older folks — greater protection than you ever dreamed possible

Even though Medicare is so wonderful for older folks, it can't come anywhere near paying all the bills that result from an accident. That's why this new plan can be a life saver for folks over 65 — because Presidential welcomes people of all ages. So even if you are 65, 75, or 100 years old, you are still entitled

IF YOU ARE 65 YOU WILL COLLECT IN ADDITION TO MEDICARE

Why are smart folks over 65 now hastening to protect themselves with the Presidential Extra Cash Plan in addition to what Medicare will do for them? Even though Medicare is a great boon to folks over 65, it will not, of course, pay all the bills that quickly pile up as a result of accident.

Regardless of your age, you still need additional health protection.

We have designed this plan as the important addition to what you receive from Medicare — or any other accident insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones in addition to what you receive from Medicare. Presidential pays you \$50.00 a week... EVEN FOR 100 WEEKS if necessary! You can receive as much as \$5,000.00 for each accident when hospitalized!

to a full 50% of all the cash benefits with no increase in your premium rate! And should you reach age 65 while covered under this policy, you may, if you wish, take out additional protection at the same low rates... without any fuss, bother or red tape.

These are the ONLY exclusions!

Your Presidential policy protects you against every conceivable kind of accident except those caused by disease or injury; act of war or while in active military service; bacterial infection (other than from an injury on the exterior of the body); or where care is in a government hospital. EVERYTHING ELSE IS POSITIVELY COVERED.

Compare the Presidential plan with any other insurance protection.

Compare any accident insurance with Presidential's big benefits and low rates. Dime, or dime and dollar for dollar you will find Presidential does indeed give you THE MOST CASH BENEFITS... AT THE LOWEST COST. Are such savings a "miracle"? They are if you think it's something of a miracle to find an insurance company willing to share reduced costs with its policy owners. Presidential saves by enrolling a great many folks at one time through the mail — and passes the savings on to you.

Our famed MONEY BACK GUARANTEE

As soon as you mail the Official Enrollment Form below with just \$1 per person — you will receive your Presidential policy at once by MAIL. Look it over carefully and as often as you wish. See how thoroughly it protects you. See how exactly it meets the needs that you want covered... at a cost so incredibly low (made possible through Mass Enrollment) that you may wonder how it could ever be true.

BUT IT IS TRUE! And to prove it — do this. Show this amazing policy to someone you trust. Show it to your lawyer, accountant, clergyman or other trusted adviser. Even better — SHOW IT TO YOUR OWN INSURANCE MAN! You know he has nothing to gain by recommending another company's policy. So when he tells you in all frankness that Presidential's exclusive accident plan is the greatest insurance bargain offered anywhere in America... you KNOW he's got to be telling you the absolute unvarnished truth.

There is no risk — because you MUST be 100% satisfied.

After you've examined the policy to your heart's content, if you are not 100% satisfied it is exactly as we promised... and exactly what you want... simply send the policy back to us within 15 days. We will instantly REFUND YOUR MONEY IN FULL... without asking you a single question. But meanwhile you will be completely covered all the while you are making up your mind.

Protection for the winter's high accident period — for \$1

And remember — it's not just ordinary protection... it's protection for the notorious winter accident period, when snow, ice, and sleet make driving — and even walking dangerous... from Noon, Dec. 31st through Noon, March 31st. You'll be covered for accidents of every kind — anywhere, anytime — 24 hours a day, 7 days a week — all for just ONE DOLLAR.

ACT NOW — later may be too late!

TIME IS PRECIOUS! The hazardous winter season is here. New Year's Eve is just around the corner. Don't take chances. Once you have an accident... it's too late to buy protection at any price. Accidents last year cost Americans over 6 billion dollars in medical bills and wages! We urge you to act now, before anything unexpected happens. Mail the Official Enrollment Form today. Remember, it must be postmarked before midnight of the date on the form or it can't be accepted. Mail it with just \$1 for each person now!

THESE 17 QUESTIONS AND ANSWERS

Tell you how Presidential's EXTRA INCOME HOSPITAL ACCIDENT PLAN HP221-468 gives you the protection you need — at amazingly low cost!

1. How much will my policy pay when I go to the hospital? The full amount you are paid \$100.00-A-WEEK cash every single week, whenever you go to the hospital within 90 days from the time of an accident. And it starts the very first day you are in the hospital. (If you are over 65, you are paid \$50.00 a week, in addition to any Medicare benefits or Workmen's Compensation you receive.)
2. Will I be paid if I am hospitalized for less than a full week? You certainly will... and in full. Regardless of whether you are in the hospital for as short a time as one day... or as long a time as a week, month, year or more... you are paid in full.
3. Does this Plan pay you from the first day of hospitalization? Yes! You receive full-cash benefits of \$100.00-a-week starting the very first day you enter the hospital for any accident.
4. What happens if I have another accident and enter the hospital again? Don't worry. If you have another accident that requires hospitalization, you can still collect cash benefits for \$100.00-A-WEEK for up to 100 weeks. Even if this new condition occurs the moment you leave the hospital after your previous stay.
5. How may I use these benefit payments? You may use them in any way you wish — for hospital and doctor bills, rent, food, household expenses, or anything else. This is entirely up to you.
6. May I apply if I am over 65? Yes, you may. Folks any age are welcome to apply — there is no age limit! Members over 65 are paid \$50.00 a week plus all Medicare benefits.
7. Can I collect from Presidential even if I carry other insurance? Of course. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare, for folks over 65.
8. Why do I need this Presidential Plan in addition to my other hospital insurance? While hospital costs have tripled in recent years, very few people have tripled their insurance. The chances are one in seven that you will need money to take care of all your other expenses, as well as your hospital bills. Your Presidential checks are rushed directly to you by mail to use as you see fit.
9. Will my protection be cancelled because I have too many claims? No, definitely not! Presidential guarantees never to cancel your protection because you have too many claims or because of advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 31-day grace period.
10. Will my rates be raised as I grow older or if I have too many claims? No matter how many claims you have, or regardless of how long you keep your policy, your rate will remain the same. Presidential guarantees never to adjust this rate unless the rates are adjusted on all policies of this type in your entire state.
11. What is not covered by this policy? The only conditions not covered are those caused by: mental or bodily sickness; act of war; or while in active military service; heretic or bacterial infection (except infection resulting from injury on the exterior of the body); or where care is in a government hospital.
12. What are the requirements for membership in one of the Presidential Plans? You must not have been refused any health, hospital or life insurance; and, to qualify during this enrollment period, you must enroll before midnight of the date on the Enrollment Form.
13. Why is this offer good for a limited time only? Because, by enrolling a large number of people at the same time, underwriting, processing and policy issuance costs can be kept at a minimum — and we can pass these savings on to you.
14. Besides the savings are there other advantages to joining Presidential during this enrollment period? Yes, there certainly are. A very important one is that you do not need to complete a regular application — just the brief form at the bottom of this page.
15. Can other members of my family take advantage of this special offer? Yes, as long as they can meet the few requirements listed under Question 12.
16. Can I get my money back, if I'm not completely satisfied? Yes. Examine your policy carefully in the privacy of your own home. No salesman will call. If for any reason you are not completely satisfied, return it within 15 days and it will have cost you nothing. We will instantly refund your money in full. Meanwhile, you will be fully protected while making your decision.
17. How do I get the policy in my hands? Just fill out the brief Enrollment Form and mail it with only \$1 per person to The Presidential Life Insurance Company of America, 11401 Roosevelt Blvd., Philadelphia, Pa. 19184.

OFFICIAL ENROLLMENT FORM

THE PRESIDENTIAL LIFE INSURANCE CO. OF AMERICA
11401 ROOSEVELT BLVD., PHILADELPHIA, PA. 19184.

Application to: The Presidential Life Insurance Company of America, Chicago, Ill., for The Presidential Hospital Accident Plan. O-640-0-03

NAME (Please Print) _____

ADDRESS _____

CITY _____ STATE _____ ZIP _____

DATE OF BIRTH _____ AGE _____ SEX Male Female
