TEN CENTS

HAPPY NEW YEAR, and welcome to a grand new era. A whole new generation is growing up in the space age, and in 20 years a trip to the moon will be old hat. In fact, in 1969 little Danny Johnson, 3, has his eyes set on Mars and other places. Rocket ships make his eyes water, and space helmets are what he uses to sleep with at night. Someday maybe he'll be an astronaut and travel to distant stars. Right now he is

content with playing spaceman and dreaming about the Milky Way and the green cheese on the Moon. But, at night, when his parents hear a "varoom, boom, boom" from the bedroom they know little Danny isn't snoring—he's just taking a little trip through space, using his imagination as rocket fuel. Chances are, though, he won't make a real trip in 1969. (TN photo by Dan Johnson)

Man Is Shot And Knifed

A Twin Falls man was reported in fair condition Tuesday at Magic Valley Memorial Hospital suffering from a gunshot wound in the stomach. Two other men have been arrested after two early Tuesday altercations. Frank Barnett, chief of police, said that Kenneth Stanger, 26, Twin Falls, was found about 11:30 a.m. lying in the street in front of 222 Third Ave., E., Mr. Stanger's residence. The chief said a city officer noticed a crowd milling around the area and found the injured man.

Accused of wielding the gun which injured Mr. Stanger is Larry Hernandez, 31, Hazelton. He is charged with assault with a deadly weapon. Mr. Stanger also was injured in an earlier altercation, which officers believe occurred at 202 Blue Lakes Blvd. S.

Mr. Stanger's hand was cut in that affair and Julio H. Luna, 21, Twin Falls, has been charged with assault with a deadly weapon because of that altercation. Shortly after officers found Mr. Stanger lying in the street the police station received a call that a fight had taken place at the Blue Lakes address.

Starch Plant Assets Sold To N.D. Firm

The assets of the Magic Valley Processing Plant, a division of Chas. Pfizer and Co. Inc., New York City, have been purchased by National Starch and Chemical Corp.

The change in ownership was announced Monday by Robert K. Dodson, manager of the Graton, N.D., operation, which was also acquired by National Starch from Pfizer. Mr. Dodson said no decision has been made to reactivate the Twin Falls plant.

National Starch and Chemical Corp. is a major manufacturer of specialty starches, chemicals, resins and adhesives for such industries as packaging, food, paper, textiles, paint, furniture, cosmetics and many others. Corporate headquarters are in New York, but the company operates 16 plants throughout the U.S. and 15 in seven foreign countries. Approximately 3,000 people are employed worldwide.

Israelis, Foes Swap Attacks In Renewal Of Mid-East War

By The Associated Press Arab-Israeli hostility renewed violence in the Middle East on Tuesday.

Jordan announced three Israeli helicopters, escorted by two jet fighters, machine-gunned a Jordanian security po-

lice car and set it afire on a desert road between Gharandal and the port of Aqaba.

A spokesman said the fate of the five persons in the car was not immediately determined. Israel announced saboteurs from Jordan had rained 19 mor-

tar shells shortly after midnight on a civilian target, its nature unspecified, near Ellar. At Tel Aviv spokesmen said there were no casualties.

The Israeli army reported Israeli troops accidentally killed an Arab woman and wounded three other bystanders slightly in shooting down a suspicious-looking Arab who ran when a patrol accosted him near Abraham's Tomb, in occupied Hebron. The suspect died of wounds.

Israel's defense of its operations against Arab terrorism brought the Vatican under fire for an expression of grief Pope Paul VI sent to Lebanon over the commando attack on Beirut's airport.

South Viets Free Captive Of Cong

SAIGON (AP) — South Vietnamese army troops sweeping a thick jungle in the Mekong Delta today freed a U.S. Army officer who had been a prisoner of the Viet Cong for more than five years.

A U.S. spokesman said the American, a first lieutenant in the Special Forces, was in "satisfactory" condition despite his long captivity. But he was reportedly emaciated and tired.

A South Vietnamese army officer was reported freed at the same time, and both were flown to hospitals.

The American lieutenant reportedly was captured in 1963 while serving as an adviser at a remote camp in the Mekong Delta south of Saigon.

Little fighting was reported today, the second day of the Viet Cong's New Year's ceasefire, although U.S. and South Vietnamese forces were patrolling as vigorously as ever.

The U.S. Command reported one clash between American and enemy forces about 25 miles north of Saigon in which 13 enemy and one American were killed.

Money For Expansion Of Airport Changes Hands

The \$50,000 for the purchase of land for the expansion of Joslin Field was taken to Boone Land Title Co. Monday by Mrs. Connie Laiser, Twin Falls city clerk.

The purchase order was issued by Herb Derrick, city manager, after receiving the county's share of the money last week.

Mr. and Mrs. Glenn Nelson signed an agreement with the city and county in the fall to sell the land for airport use. The property is located east of the present runway and airport facilities.

In December the Twin Falls county commissioners and the city commissioners entered into a joint agreement for expansion of the airport.

Mr. Derrick explained that the money was taken to the abstract company until conditions of the agreement are met. This, he said, is only normal procedure for the transfer of property.

This marked the first big step in improving the Twin Falls Municipal Airport, but as the city manager noted there is much more to be done before the improvements become a reality.

Mr. Derrick said it will take a great deal more money to complete the proposed improvements and the city and county officials are undecided as to how they will go about securing these funds.

The city applied for federal funds from the Federal Aviation Agency in November to make other improvements at the airport. Word on these requests is not expected until June.

Warning Tickets Due On Auto Inspections

The last day in 1968 is also the last day motorists have to get their car inspected. But police won't be issuing citations right off the bat, officials of the Idaho Department of Law Enforcement said Tuesday.

An estimated three-fourths of the motor vehicles in the state have been inspected, and in Magic Valley about 30,000 vehicles remain uninspected, officials said.

Because of the number of vehicles remaining to be inspected, however, officers have been told to issue warning tickets only. The tickets will be issued through January.

Once a warning ticket has been issued, a motorist will have five days to get his motor vehicle inspected.

If the vehicle is not inspected during that five-day period, a citation will be issued to the motorist.

After the end of January, law enforcement officers will issue citations to drivers found driving a vehicle without an inspection sticker.

Warner Mills, commissioner of law enforcement, said Tuesday this will give motorists a limited opportunity to have a vehicle inspected without facing immediate arrest.

"This action is not an expansion of the deadline. It just gives owners an opportunity to comply with state law," he said.

A check through the Twin Falls area Monday revealed a decline in the inspection business. Lines were heavy at some inspection stations before Christmas, but the business dropped.

Infant Dies In Mishap Near Malta

MALTA—A baby from Sedalia, Colo., was killed in a head-on crash seven miles north of Malta Monday afternoon during a snowstorm.

The victim, Rodney Oberkramer, 3½ month-old son of Mr. and Mrs. Glenn Oberkramer, Sedalia, was sitting in his mother's lap when the 1965 Chevrolet stationwagon driven south on Highway 30 by his father collided with a 1962 Chevrolet operated by Mrs. Nancy Wilson, Indianapolis, Ind.

Ambulances brought 11 persons, including five Wilson children and two other Oberkramer children, to Cassia Memorial Hospital where they were all released after receiving emergency treatment.

State Patrolmen Gary Bolton and John Brower said Mrs. Wilson was headed north when she drove into a ground blizzard. Unable to see, she stopped her car on the wrong side of the highway where it was hit by the Colorado car.

The Wilson car was demolished and damage to the stationwagon was estimated at \$1,000.

Passengers in the Oberkramer car included Mrs. Oberkramer, 32, and sons Ronnie, age 3, and Randy, age 13. Passengers in the Wilson car included Leonard Wilson, 35, and the Wilson children, Cindy 10, Tina 11, Lenny 8, Sonya, age 3, and Trudy 8.

Rodney Oberkramer was born Sept. 3, 1968, at Denver. Survivors include his parents, Mr. and Mrs. Glenn Oberkramer, Sedalia, Colo.; two brothers, Randy Oberkramer and Ronnie Oberkramer, all Sedalia; grandparents, Mr. and Mrs. Glen Strong, Eagle, Idaho; Mr. and Mrs. Fred Oberkramer, Denver.

The body is being sent by the McCulloch Funeral Home to Denver for services and final rites.

"None For The Road"

Law enforcement officers throughout Magic Valley have joined with Gov. Don Samuelson in urging people to avoid drinking and driving during the New Year's celebration.

Gov. Samuelson said there is "no exception to the rule that it is impossible for anyone to have several alcoholic drinks and then get in his car and drive it as well as he can when he's sober."

"The best and safest New Year's Eve toast," the governor said, "is 'none for the road.'"

Col. Clark Hand, superintendent of the Idaho State Police, said that the "driver who limits his motoring ability with alcohol poses a deadly threat to everyone else. The driver under the influence is at least 23 times more likely to be involved in a traffic accident than if he were sober."

"Locally officers noted that most area roads are snow covered and slick, which is enough of a hazard without mixing in alcohol."

"The best advice I can give," Frank Barnett, Twin Falls City Police Chief said, "is to stay at home—or at least don't do any more driving than necessary."

Idaho State Police officers will be out in full force New Year's Eve and New Year's Day, as will members of other law agencies in Magic Valley.

UNITED NATIONS, N.Y. (AP) — Diplomatic sources said members of the U. N. Pope Paul had told Lebanon's president, Charles Helou: "We highly deplore violent acts, coming from wherever they come, that cannot but aggravate an already tense situation."

Addressing a Jerusalem rally in memory of Nazi victims, Warhaftig charged that the Vatican always turned a blind eye to persecution of the Jews.

"Pope Paul's voice was not heard when Arab terrorists killed innocent Jews (with a bomb) in the Mahaneh Yehuda market place in Jerusalem," he said.

"Nor was the voice of his predecessor (Pope Pius XII) heard during the Nazi holocaust, when millions of Jews were killed."

Mercury Rises Through Idaho

By The Associated Press Idaho temperatures started a slow climb today, following the blast of cold air Monday that blanketed the state in numbing chills and brought road closing snows.

It was still 10 in the northern Idaho City before daylight. At Lewiston the temperature had climbed from an overnight low of 21 to 10 below after daylight.

Still closed this morning were Idaho 46 between Fairfield and Gooding, U.S. 93A between Arco and Idaho Falls, Idaho 32 and Idaho 68 west of Fairfield.

Glenn Brado Retires At Forest Job

Glenn E. Brado, transportation engineering technician for the Forest Service, has retired from his position in the regional office, the division of engineering, after 33 years of service. He has been responsible for the regional road and trail program of work, accomplishment reports, transportation system maps and inventory records since 1965.

Mr. Brado began his career as a seasonal employee of the Sawtooth National Forest in 1934.

Before transferring to the Ogden office in 1955, Mr. Brado served as district forest ranger on both the Targhee and Sawtooth National Forests in Idaho.

In the division of engineering he has served as administrative assistant, forester and transportation engineering technician.

"During his long and productive career, Mr. Brado has made many outstanding contributions to the service," said Regional Forester Floyd Iverson.

"In 1951 he was recognized by a superior accomplishment award and in 1966 he received an outstanding and above-average work performance award."

Wendell Boy Sets College Study Tour

WENDELL — Kelly Dennis, College of Idaho student and son of Mr. and Mrs. Arlin Dennis, Wendell, along with about 20 other students, will leave New York City Jan. 9 for a study tour abroad.

They will visit Cairo, Beirut, Jerusalem, Athens, West Berlin, East Berlin, Paris, London, Rome and many other places before returning to New York about the end of January.

The three-week historical and archaeological study tour is sponsored by the College of Idaho.

The aim of the study is to survey history and archeology in the light of recent discoveries and "digs." The group will visit such places as the Essope Community near the Dead Sea, the caves where the Dead Sea Scrolls were found, and the new Hebrew University.

Dr. Douglas D. Tiffany of the college will lead the group.

OCS In Army Gets Attention From Recruiter

During the two-year period from January 1966 to January 1968, a Army Officer Candidate Schools graduated more than 35,000 officers.

Comparative figures show that during the Korean War, 10,111 officers were graduated.

These figures were revealed today by Staff Sgt. Clarence Fulton, local Army recruiter, as he announced that there is still an urgent need for officers in their Army.

"OCS programs are geared to strengthen leadership attributes. Where possible, college seniors and graduates are offered duty that best fits their personal goals after graduation from OCS. Army officers are given a major responsibility at an earlier age than in most civilian careers," he said.

"The college man who meets the mental and physical requirements developed technically and mentally, intelligence, education, attitude and attitude are prerequisites to becoming an officer in the Army. The record of graduates from OCS programs, both in the Army and after return to civilian life, has been an outstanding one."

Sgt. Fulton will explain the Army OCS program to interested men. He may be reached at the Twin Falls Army Recruiting Station.

Auto Industry Hits Jackpot With Record Sales Topping 9.6-Million Units In 1968

By CHARLES C. CAIN
AP Business Writer

DETROIT (AP) — The auto industry hit the jackpot in 1968 as it sold a record-breaking number of new cars and trucks.

More than 9.6 million customers bought new cars in a buying spree that surprised most of Detroit's top auto executives. They saw the old sales high of 1965 topped by about 300,000 cars.

Much of the sales action came on the imported car front as foreign firms grabbed off a surprisingly big chunk of the market—nearly 10 per cent, or 960,000 cars, and sent American car makers scurrying to the drawing boards to come up with smaller cars to meet the overseas demand.

Truck sales also zoomed to a new high of about 1.8 million vehicles, again 300,000 units in front of the old mark set in 1966.

U. S. auto firms appeared certain to chalk up their second

Corazon May Return To U. S. After Wedding

SAN LUIS, Philippines (AP) — Corazon Amuro, lone survivor of the 1968 Chicago massacre of eight student nurses, may return to the United States after she marries her childhood sweetheart.

Her fiancé, Alberto Alenza, 22, said today he will take the bar examination in Manila late next year and then may go to the United States for postgraduate study. He said his wife might apply for a job in a U.S. hospital, preferably in Washington, D.C.

The couple will marry Sunday in a local Roman Catholic church, 80 miles south of Manila. "I'm not sure, I don't know," said the 25-year-old bride-to-be when asked if she was nervous or how she felt with her wedding approaching.

"She is beginning to forget," said Alenza, referring to Miss Amuro's ordeal two years ago in a dormitory near the South Chicago Community Hospital.

On July 14, 1966, she hid under a bed while Richard Speck choked and stabbed to death her eight roommates, all student nurses. She later identified him in court and he was convicted and sentenced to death.

Red Cross Officials Warn Of Minidoka Drive Lag

RUPERT — After two months of hard work by the Minidoka County Chapter of the American Red Cross, the county's fund drive is still only about a third of the way to the \$2,500 goal.

Much of the lack of success, according to Don Rice, fund chairman, is because of the lack of volunteers to help solicit the funds.

Gilt Anderson, chapter chairman, said talks are planned with the blood bank officials in Boise to determine whether or not the county will lose its bloodmobile services. The county is presently in charge of the bloodmobile maintenance.

The county is \$1,243 behind in the bloodmobile upkeep, and since the county retains only half of the total contributions, the goal of \$2,500 was set. The drive began the first of November.

In response to the lack of cooperation in the county, the local chapter submitted the following letter to the residents of the county:

"Are you prepared to pay at least \$100 a pint for blood? This will be the situation in the near future because of the lack of response of the people in this county to the local Red Cross fund drive."

"As of Dec. 17, 1968, the drive has received \$426.14, and half of that must be sent to the National Red Cross, leaving a sum of \$413.07 for local use. The debt to the Red Cross Blood Bank in Boise is \$1,243, leaving a deficit of over \$500."

"According to Dottie Burton, the local blood chairman, there are approximately 60 persons in the county who are using gamma globulin regularly. What will these people do when they cannot afford to pay the higher price for the shots?"

"Mrs. Burton also reported that in the past two years, the county has fallen short in the blood donations."

"When the people of this county need Red Cross services, they expect the Red Cross to be right there, but when the organization needs help, they turn their heads and hearts the other way."

"When the blood drawings are held, and the quota is 125 pints, that means that 125 pints are needed plus another 10 per cent to send directly to Vietnam."

"Although the blood program is one of the most important services of the Red Cross, there are others such as services to military families, including emergency messages and loans; swimming lessons; first aid and disaster aid."

"Obviously, the Red Cross helps in many ways. Those residents in the county who have not been contacted may contribute by writing to Minidoka Chapter, American Red Cross, P.O. Box 472, Rupert, Idaho," the letter states.

The letter also reported on a recent Ricks College Variety Show, held at the Minico High School to raise money for the fund drive.

About 20 Ricks students donated their talents and two days of their Christmas vacation to perform for an hour and a half for 23 county residents. Because of rent for the auditorium, the organization went in debt another \$2 for the event.

The group, however, will return in April to present another show. Their services will not be donated during the coming year, however. That show will be scheduled around Easter.

Burley Names Winners For Light Contest

BURLEY — Winners of the Jayco Christmas lighting contest have been selected, announces Lowell Dayley, project chairman.

O. C. Vanek, 1917 Hansen Ave., took first place; Gail Wolf, 2505 Burton Ave., second, and Bert Sorenson, 1031 E. 18th St., third place.

Honorable mention was given to Ted Wolf, 2616 Burton Ave.; Vera Hymas, 431 W. 26th St.; Ralph Kruse, 576 W. 24th St.; and John Holyoak, 2240 Overland Ave.

The Vanek home featured flashing lights with a cross on their television antenna. The Wolf home had a ferris wheel with several lights and the Sorenson's display included various patterns of colored lights.

All lighting displays will remain outdoors in full operation until Jan. 1, Mr. Dayley said.

The first place winners receive \$50 and their electric bill paid for December, he said. The second and third place winners both received \$50 in prize money.

The businesses who furnished the prize money were Sav-Mor Drug, Simplot Soll Builders, Casola National Bank, J and J Office Supply, Shelby's Market, Thriftway Drug, Roper's, Burley Processing Co., KBAR and Brynne's Packing Co., Ore-Ida Foods, J. R. Simplot Co., South Idaho Press, Idaho Bank and Trust Co., M. H. King and Co., and the Oregon Trail Cafe, Mr. Dayley stated.

The judges for the contest were Dick Hulzinga, Burley Mayor, Joe Peters and Herb Hollinger, he said.

State Cancels Search For Plane

BOISE (AP)—State Aeronautics director Chas. Moulton said Tuesday there will be no further immediate attempts to locate from the air a contract air mail plane which apparently went down near the confluence of the Snake and Salmon rivers Dec. 18.

Eugene Whittlesey of Spokane was pilot of the craft, which in its final radio report said it had just missed a mountain peak at 4,000 feet elevation. There was no further word from the craft.

AN EVENTUAL INVESTMENT of about \$10 million will develop the plans shown here by Sprenger Investment Corp., which purchased 700 acres Monday from the Ketchum Livestock Association.

The land borders both sides of U.S. Highway 93 for several miles and is adjacent to Sun Valley. Purchase price for the land was reported to be in excess of \$1 million.

The corporation will have its main office in Ketchum. The transaction was handled by LeMayne Realty, Twin Falls. Development is expected soon.

Magic Valley Schools To Open Thursday

Christmas vacation for Magic Valley school children ends Thursday when the annual trek back through the cold into the halls of learning begins.

To many children it will probably be the end of a fine time. To others it will be a welcome return.

For many parents, a vacation is not ending—it's beginning. One father said Tuesday, "Christmas and New Years may be a holiday to some people. To

Thursday because of a state requirement that a school be open 182 teaching days a year.

Officials of school districts in Magic Valley had reported earlier that buses and hot lunch programs will operate on schedule when schools open at the normal time Thursday.

Magic Valley School administrators and trustees will meet Monday at 7:30 p.m. at the Holiday Inn in Twin Falls to talk of school problems with members

U.S. DRAWS WARNING LAGOS, Nigeria (AP)

Nigeria's head of state, Maj. Gen. Yakubu Gowon, summoned U. S. Ambassador Elbert Mathews Monday and warned him the American ban of transport planes to Biafra for relief

purposes could have "serious repercussions."

said that upwards of 1,000 students already have enrolled for the second semester. He expects about double that number will be enrolled by opening of second semester.

Chief Dissents

BOISE (AP)—C. L. House, chairman of the Idaho Board of Correction, said Monday he was not present last week when Virgil Cary was made acting warden of the state penitentiary by the board, and he does not agree with the selection.

He said he had been ill at the time Cary was selected to replace Acting Warden Fred Abrams.

Gov. Rampton Demands AEC Warn Of Tests

SALT LAKE CITY (AP)—Gov. Calvin M. Rampton wants to be advised if the Atomic Energy Commission plans more underground nuclear tests in Southern Nevada.

Rampton said he's worried about the cumulative effect of the radiation buildup throughout Utah.

He expressed his concern in a letter to the AEC in Washington D. C., saying he isn't opposed to testing in an attempt to develop commercial use of atomic power if the testing isn't hazardous to the population.

Boisean Will Fill Prison Board Post

BOISE (AP)—Gov. Don W. Samuelson Monday named an Owyhee County rancher and a Boise construction supervisor to positions on two state boards.

Joe H. Nettleton, 60, of Murphy, was appointed to the Idaho Water Resource Board and Roger Bryer, of Boise, was appointed to the State Board of Correction.

Nettleton, a prominent Owyhee County cattleman, replaces Arlie Watkins of Marsing, who resigned several weeks ago. His four-year term will begin Wednesday.

Nettleton formerly was a member of the State Tax Commission, an Owyhee County clerk and president of the Idaho Cattleman's Association.

Bryer, 58, has been an adviser to the board since last June and will replace Saul Clark, who resigned last Friday.

Samuelson said he expected the legislature to alter operations of the Board of Correction, possibly making the board a part time body.

He said he would recommend revisions of the board's status and seek professional personnel to guide administrative and rehabilitative matters under authority of a part-time board.

"Bryer's assignment to the board," Samuelson said, "will give needed direction to the new prison construction and administrative program."

Bryer is a construction supervisor for Morrison-Knudsen Construction Co.

Idahoans Shiver As Mercury Dips Low

By The Associated Press

It's sh-sh-shivering t-t-time in m-m-most of Idaho.

Example: A forest mill at Pollatchi, 18 miles north of Moscow, closed Monday when officials decided it was too cold for outdoor work. The thermometer registered -48.

The frigid arctic air moved into the Intermountain region early Monday. Record or near-record lows were common.

Storm Traps Duck Hunters On Columbia

PORTLAND (AP)—Two duck hunters were trapped on a snowy island in the Columbia River Monday.

The Multnomah County sheriff's office identified the men as Clark Riegel, of Portland, and Raymond Hurd, hometown unknown.

The men went to Sand Island, which is east of Portland near Rooster Rock State Park, about 1 a.m. Sunday.

An Arctic storm moved into the Pacific Northwest later, making it impossible for the men to return in their small boat. Temperatures were under 10 degrees.

A Coast Guard helicopter from Astoria, Ore., was sent to Portland Monday to help in rescue attempts.

The blizzard caused 8-foot waves, cut visibility to zero and brought 60-mile-an-hour winds to the area.

Sheriff James Holman said his men kept in contact with the hunters all Sunday night by signaling with flashlights from the southern shore.

Holman said an SOS was returned from the island.

Shoshone Names Contest Winners

SHOSHONE—The Chamber of Commerce Christmas lighting contest winners this year were homes of Mr. and Mrs. Leonard Kenrick, first place; Robert Miller's, second place; and Del Caraway, third place.

The first place winner won a small appliance from Idaho Power with cash prizes provided for the other two from the Chamber of Commerce.

Lincoln was provided the judges for the contest this year and observed that many homes were attractively decorated.

A HAPPY REUNION after a four-day search reunites Marine Pfc. Dale Melching, Palmdale, Calif., and his family in Honolulu. His wife, Linda Sue Melching, and their young daughter arrived in Honolulu last Friday to meet the marine, who was scheduled for a fast-and-overflow leave from Vietnam. But they missed each other and it took until Monday afternoon for the reunion, thanks to news stories in a Honolulu newspaper. (AP Wirephoto)

NEA Study Shows Teachers Gain \$200 In Pay For 1968

BOISE (AP)—Figures provided by the National Education Association show that average teacher salaries in Idaho gained \$200 in the past year but were further behind national and regional levels than they were a year earlier.

The NEA said the Idaho average for all classroom teachers is \$6,245 for the current school year compared with \$6,045 for 1967-68.

But in the same period the national average climbed from \$7,423 to \$7,908 and the Rocky Mountain regional average went from \$8,674 to \$8,983.

Idaho's average salary was the lowest of any far western state. Only states in the nation paying less were Alabama, Arkansas, Mississippi, South Carolina and North and South Dakota.

In other Rocky Mountain states, the NEA listed the average in Utah at \$7,100, Montana \$8,000, Wyoming, \$7,252 and Colorado \$7,150.

Oregon's average was \$7,004, Washington \$8,250; Nevada \$8,330 and California \$9,500.

Total expenditures for the public schools in Idaho were listed at \$107.7 million compared with \$107.4 million a year earlier.

The average per-student expenditure was \$545 for this school year and \$516 in 1967-68. Those figures compared with regional averages of \$610 this year and \$587 last year.

Alpinists Brave Wind, Snow To Scramble Up Teton Peak

JACKSON, Wyo. (AP)—Three women and 37 men, all experienced mountain climbers, are braving winds of 50 miles an hour or more, sub-zero temperatures and heavy snow trying to scale 13,760-foot Grand Teton Monday morning for a New Year's Day celebration. Weather halted his recorded Monday morning on Rendezvous peak, a ski area about four miles south of Grand Teton.

Rick Horn, 29, member of the Peitzold's party, said "It's highly unlikely that we'll meet Peitzold's party at the summit."

One group of 27, led by Paul Peitzold, 60, of Lander, Wyo., started Saturday and planned to camp Monday night at Middle Teton glacier, about 2,000 to 2,700 feet below the summit of the majestic peak.

Peitzold's party aims to reach the summit Wednesday morning.

Another group of eight men left Grand Teton National Park headquarters Monday morning for the first winter assault of the peak's east ridge. George Lowe, 24, of Salt Lake City, who led the first successful winter climb of Grand Teton's north face last March, is guiding this party.

Peitzold is making his fourth consecutive attempt to scale the peak along the southwest slope.

The three women in Peitzold's party are Sharon E. Pyle, 26, of Morris, Conn.; Helen Heller, 27, of Denver, and Jane Grace Co. Owen route up the jagged rocky ble. 38, of Madison, Wis.

**Jackie Hanson,
Smith Recite
Nuptial Vows**

In a double ring ceremony Nov. 9, Jackie Hanson, daughter of Mrs. Laurel Hanson, Richland, Wash., and Darryll (Bud) Smith, Kimberly, became the bride of Robert Franklin Burks Jr., son of Mr. and Mrs. Robert Burks Sr., Wendell.

Rev. John Steppert, pastor of the Wendell Presbyterian Church, performed the ceremony before a setting of baskets of yellow chrysanthemums and white gladioli.

Given in marriage by her father, the bride wore a white floor-length gown fashioned with a peau de soie skirt with hand-appliqued flowers bordering the skirt and sleeves. Her elbow-length veil of silk tulle was held by a pearl crown. She carried a bouquet of cascading yellow roses on her mother's antique wooden Bible. She wore her grandmother's silver and blue bracelet. As the bride came up the aisle she paused at her mother's side and gave her a flower from her bouquet. As the bride went down the aisle with her husband, she paused and gave her mother-in-law a flower from her bouquet.

Maid of honor was Bobby Joe Sanford, Salt Lake City, with Judy Clark, cousin of the bride, as bridesmaid. Flower girl was Tina Smith, sister of the bride. Shawn Smith, brother of the bride, was ringbearer.

Judy Clark and Scott Burks lighted the candles.

Charles Chambers, Clovis, sang the hymn, "The Wedding March" and Scott Burks, brother of the bridegroom, served as usher.

The traditional wedding music was played by Mrs. William Barton, Wendell.

The newlyweds greeted guests during a reception in the church fellowship hall. The bride's table was centered with a three-tiered wedding cake which was topped with wedding bells. The table was decorated with yellow roses.

The cake was cut and served by Mrs. George Clark, Shirley. Clark served coffee and Mrs. Ray Clark and Mrs. James Clark served punch. All are aunts of the bride.

Mrs. George Wells, cousin of the bride, was in charge of the guests book. In charge of the gift table were Mrs. Chuck Lange, Mrs. Bob Haugen and Sandy Clark.

The couple took a wedding trip to Alexandria, La., where the couple will reside while the bridegroom is in the Air Force.

The wedding rehearsal dinner was given at Wood Cafe, Jerome, hosted by the bridegroom's parents.

Guests attended from Washington, Idaho and Montana.

DEAR ABBY: My husband and I are perfectly happy, but we have a problem with a neighbor who is a minister. It all started last January when he tried to get us to promise we'd visit his church. We never said we'd go, but he kept nagging us to do various activities and sending us bulletins of what was going on in the church. We never attended any of them.

In July we had a tragedy. We lost our first baby at 7 months. This minister came to the hospital and told me that God had taken our baby in order to get our attention and make us go to church. He left us pamphlets to read, then he came back to talk to us some more about going to his church. I would like some suggestions as to how to get rid of this man for good. I told him we were both Baptists and had no interest in changing, but he insisted that all Christian religions were similar and we should try his. Please help us.

NO NAME, PLEASE

DEAR NO NAME: Tell this man that you do not want him to come around any more, unless he is very interested in his church bulletins or pamphlets, and that if he doesn't quit bothering you with his un-Christian-like approach you will report him to his superior.

DEAR ABBY: What do you think of a boss who would give his secretary a milk stool for Christmas? He is married with two children.

STILL WONDERING

DEAR STILL: He probably considers it good insurance against getting a cold shoulder.

DEAR ABBY: Today my husband told me something which made me absolutely furious. Last week I wrote you a letter about a very serious problem. I gave the letter to my husband in a sealed envelope, addressed to you, and he took it to the office to have it mailed with the office mail. Well, one of the secretaries there told him that her "curiosity" got the best of her when she saw a letter addressed to DEAR ABBY, so she opened it and READ IT.

Rose Bowl Quarterbacks Kern, Sogge Know How To Make Clutch Plays

By BOB MYERS
PASADENA, Calif. (AP) — Quarterbacks Rex Kern of Ohio State and Steve Sogge of Southern California, the daring young men who will lead their teams into combat in the Rose Bowl on New Year's Day, have much in common.

Neither is a giant by professional football standards, but both are adept in executing the pass-run option to plague the defense.

Sogge stands 5-10 and weighs 175, while Kern is 6-1 and 180. The main difference is that Sogge is a 21-year-old senior and has the advantage of hav-

Kern is 19, a sophomore, but was good enough to lead the Buckeyes to a perfect 9-0 record and the Big Ten championship. John McKay, the coach of the Trojans who are making their third straight trip to the big bowl in the Arroyo Seco, has tremendous respect for Sogge. And his opposite number, Woody Hayes, has the same sentiments.

UCLA Eyes Clash With St. John's

By The Associated Press
The unranked St. John's Redmen of New York City and the debonair Duquesne Dukes of Pittsburgh grabbed the spotlight away from top-ranked UCLA in college basketball over the weekend.

St. John's scored the season's most stellar upset by upsetting second-ranked North Carolina 72-70 in the semifinals Saturday night of the Holiday Festival at New York's Madison Square Garden.

Now the Redmen face mighty UCLA in the Festival final. The Dukes take on Louisiana State in the All-College finals Monday night.

UCLA, with famed Lew Alcindor tossing in 40 points, had a breeze against Princeton 83-67 in gaining the Festival final. UCLA's 23rd in a row and the Bruins' 70th victory in their last 71 games.

"Who knows what will happen against UCLA," said Little Lou Carnesecca, St. John's coach, after the Redmen had upset North Carolina on two free throws by Jim Smyth in the closing seconds for their seventh straight.

"With these kids anything is possible. Nobody gave them a chance against the Tar Heels, but they let the Festival me know this one before I even think about UCLA."

Gophers Top Detroit In 85-80 Upset

MINNEAPOLIS (AP) — Injuring Minnesota, an unheralded college basketball team picked for the Big Ten cellar, topped seventh-ranked Detroit University from the unbeaten ranks 85-80 Monday night.

It was the first loss in 10 games for the Titans.

The Gophers, with a so-so 6-4 record that includes a 39-point loss to UCLA, threw a sizzling, non-press against Detroit Olympic star Spencer Haywood.

The 6-foot-8 star still collected 34 points and 17 rebounds with two Minnesota players always around him.

But the difference came in total rebounds. Minnesota pulled down 37 to Detroit's 31. Larry Milkan, son of George Milkan, commissioner of the American Basketball Association, led the Gopher onslaught with a season high of 29 points and 16 rebounds.

Many players make an exception and open a club in preference to a spade with this type of hand. We don't know just where the ladies would have played the hand after a club opening.

Anyway, after Mrs. Stone opened with one spade, it was bid to Mrs. Bailey to act. We don't recommend a pass with her hand. Neither do we recommend a bid of two hearts. The modern theory is that you don't bid a new suit at the two level with less than 10 high card points, therefore the North hand calls for a no-trump response.

Q-The bidding has been: West North East South. Pass N.T. Pass. You, South, hold: ♠ KJ854 ♥ AKQ88 ♦ 54 ♣ 2. What do you do now?

A-Bid two hearts only. You have two good five-card suits but only 13 high card points.

TODAY'S QUESTION: Your partner goes to two spades. What do you do now?

Answer next issue

Hand six represented a triumph for the bidding methods used by Mrs. Stone and Mrs. Bailey, playing simple Standard American.

Thus Mrs. Bailey was not tempted to open the North hand with two hearts. They were not using weak two bids.

Had she opened a weak two heart bid, chances are that she would have played the hand there and gone down one.

Thus it was up to Mrs. Smith to open in fourth seat and she made the simple call of one spade in accordance with the

Dublin Bridge Violates Law Stating 'Proper' Dimensions

'THE LONGEST DIMENSION OF ANY OBJECT,' states a mathematically minded fellow, 'is always its length.' Interesting, but wrong. Take the O'Connell street bridge over the River Liffey in Dublin, Ireland. It's wider than it is long. I'M ASKED IF I ever wear earmuffs in this winter weather. Not any more. Haven't worn them since the accident. By the accident, I mean that time a fellow newspaperman offered to buy me a hot buttered rum, and I didn't hear him.

MUCH ATTENTION comes to our Love and War man from husbands who seek his counsel on how to get the best out of matrimonial life. This attention goes to his head sometimes. He tends to make speeches. For instance: "Mostly, life is pleasure and pain. Some husbands and wives divide the pleasure and double the pain. That's bad. They ought to double the pleasure and divide the pain. That's good."

HERE'S A NOTE from a bartender named Tiny who says he weighs in excess of 300 pounds. Of course, of course. Highly popular nomenclature, that. But it is not the only nickname so aptly un-descriptive. I've known a longshoreman called Curly who was totally bald, a cafe cashier called Trixie who was 6-foot-2, a mail carrier called Pingers who lacked several fingers who lacked several fingers, and an insurance salesman called Cats who couldn't stand to make a presentation in the same room with a feline.

CUSTOMER SERVICE: Q: "Have you ever been to Fresno, Calif., friend?" A: BEEN there. Mister. I used to live there. Met the late Ernest Hemingway in the city of Fresno in fact. I was a bellhop. He registered at the hotel as E. Hemings, at the hotel as E. Hemings, at the hotel as E. Hemings.

Grains

CHICAGO (AP) - Wheat futures advanced 1 cent a bushel under late buying on the Chicago Board of Trade today, but other grains were generally weak while soybeans closed on a firm note. Trade was dull and, for the most part, typical of a mid-holiday session. Prices in the major grains opened on an irregular tone and held to this pattern for about 2 hours. Then in the wheat pit, where buying developed and prices turned strong. The rally came in the closing minutes when prices surged to highs for the day.

NEW YORK (AP)-The belief that the economic cycle of boom-bust has been destroyed is more a declaration of faith than a provable fact. The fact is that it takes a lot of faith in this economy to ignore some warning signals. The most obvious of these is the floor - for the United States, that is - rate of inflation. Because costs are rising 4 to 5 per cent a year, individuals and corporations are splurging now to avoid higher prices tomorrow. There may be a few more pyrotechnics before any extended stabilization is achieved. Foreign imports, which were up 50 per cent in 1968 and counted for 20 per cent of total spending will be done in 1969 remains to be seen. But advance spending can't go on forever. The most the Nixon administration can do is ease the slowdown that must occur sometime in the future, but there is no certainty that this breaking can be accomplished without a jolt. Inflation has taken a firm hold. Pierre Binfet, former Nixon economist, told his corporate clients this week: "We would not be surprised to see more price increases in the period Jan. 21, 1969, to Jan. 31, 1969, than at any time in the postwar era." He reasons that the Democrats exerted strong verbal controls over corporate price increases but that Nixon, by contrast, has pledged to reduce intervention in the free enterprise system as a cycle.

Successful Investing

By ROGER E. SPEAR Q. Would you give your opinion on steel stocks? I own shares of Arco Steel and Republic Steel... P.M. Should I hold or sell? A. Steel stocks are a primary cause of price-cutting. The second culprit was the drop in orders as buyers liquidated stock. The 22 per cent cut in hot rolled sheet to \$38.50, instigated by Bethlehem, prompted additional stockpiling against an inevitable return to higher price levels. While the recent hike to \$117 a ton will help to offset sales made at \$38.50 a ton, it is not a price that is apt to do much to curb foreign imports, which have been held responsible for over 150,000 job losses. The steel industry would like to see an import quota system, and if steel makers are unable to meet foreign competition on a free trade basis, union support may be forthcoming to back up the industry's demand for quotas. Given a reasonable level of business activity in the months ahead and continued price stability, some of the better-situated steel issues could work out well. Arco is one of these, particularly in light of its expansion into nonsteel areas. Republic Steel, operating in the Midwest, has been hard hit by competition. Nonetheless, the dividend is amply covered and shares are a good income holding. Because of its size, U.S. Steel has far less flexibility than its smaller counterparts. Its heavy investment in steel plant modernization efforts make less of an impact. Big Steel reported that had it used straight-line depreciation as others in the industry do, earnings would have been \$3.80 a share for the nine months ended September, rather than the reported \$2.88 using accelerated depreciation. Since the dividend appears secure, shares held for income should be retained. (Mr. Spear cannot answer all mail questions, but will answer all questions possible in his column.)

Federal Laxity Blamed In Theft Of Aircraft Fuel From Thai Bases

By LAWRENCE L. KNUTSON and GAYLORD SHAW

WASHINGTON (AP) — Bribery, forgery, collusion and government laxity led to massive thefts of aircraft and other fuels intended for vital U.S. military operations in Thailand, federal investigators say in an unpublished report to Sen. William Proxmire.

"The full extent of the financial loss to the government is not known at this time," said the report, explaining that the GAO investigators were unable to determine how many more millions of gallons of fuel had been illegally siphoned from the military supply system.

The Defense Department, in a reply attached to the report, said that as a result of an investigation by the Air Force, "action has been taken against U.S. personnel ranging from fines to five years of hard labor in one instance."

Nonetheless, the GAO recommended that the Pentagon tighten up procedures which the report said "were weak, deficient and did not adequately protect the government's interest."

The stolen fuel was part of \$12 million worth of petroleum products ordered by the Navy Fuel Supply Office from three major oil companies—Atlantic Petroleum Corp., an affiliate of Shell Oil Co.; Esso International Inc.; and Caltex Oil Ltd., all of New York—for use in Thailand during 1967.

Proxmire requested the GAO probe last March after John McGee, a civilian employe of the Navy, wrote him from Bangkok that slushy controls allowed illegal operations to flourish in the distribution of gasoline and other products through Thai service stations and in the shipment of fuel directly to U.S. installations.

SEN. WILLIAM PROXMIERE, D-Wis., released a report today from a 10-man team of investigators from the General Accounting Office that reveals massive thefts of aircraft and other fuels intended for U.S. military operations in Thailand. (AP wirephoto)
