## 40th Legislature Starts Work, Hears Samuelson

REP. ADAM CLAYTON POWELL JR. Indicated Sunday he has no intention of changing his ways in the new Congress, a Congress in which he will serve as a freshman representative despite his 22 years of service in the nation's lower house. He was ousted from Congress two years ago on a charge of misconduct. "Why should I be different than they are?" he asked reporters. (UPI wirephoto)

### Powell Indicates He Will Not Change Habits In '69

NEW YORK (UPI)—Rep. Adam Clayton Powell Jr. said Sunday he has no intention of changing anything in his ways in the new Congress. Powell was ousted from Congress two years ago on charges of misconduct in office. "I intend to do everything, no more, no less, than every member of the House," Powell said in answer to a question put to him on a television interview program (ABC's Issues and Answers). Powell was refused his seat in 1967 after he was accused of misusing about \$40,000 worth of taxpayer's money. He was re-elected again this year on the condition that he give up his seniority and pay a \$25,000 fine. Powell, wearing a dark suit, black turtleneck sweater with a gold chain and medallion and smoking a thin cigar, said he was very disappointed that President-elect Richard M. Nixon did not appoint a Senate WASP (White Anglo-Saxon Protestant) cabinet. "But the preacher-politician said he did not feel that Nixon would ignore black Americans because they did not support him in the election. "I do not think that any sane person would follow a line of reasoning which said because you didn't support me, I'll forget you. "He said he had known Nixon for many years and "I believe he's decent and I believe the President of the United States is someone who is so great that he cannot afford to be little." Powell, in a discussion of leadership in both white and black America, said the Democratic Party's presidential nominee in 1968 has "got to be somebody with the style of Ted Kennedy," but he said he was not declining for the Minnesota Senator now. He also had great praise for Sen. Fred Harris, D-Oklahoma.

### Snow Closes Roads, Schools At Fairfield

Heavy snow fell throughout most parts of Magic Valley Sunday, closing many county roads and schools in the Fairfield area. Because of the heavy snowfall, many schools in the Fairfield area were closed Sunday morning. Snowplows could not open county roads in the Fairfield area in time for school. Snowplows are now scheduled to open Tuesday morning in the area. Department of Highways said 14 inches of snow fell in the Fairfield area, followed by heavy rain. Highway officials in Shoshone said snow fell throughout Sunday and Sunday night in areas north of Shoshone with up to 20 inches recorded at Galena Summit. "All snow plow crews were out Monday morning, waiting for plowing snow. At Galena Summit officials said drifting was reported and snow was still falling Monday. Plows had worked throughout the week-end to keep the road open. Traffic was moving over the summit Monday. Elsewhere district spokesmen said highways were wet or covered by a snow floor. Halley, Arco, Carey and Ketchum all have snow-floor and in most cases roads are slick. From Shoshone to Twin Falls and to Burley, Rupert and the 10th state line rain was falling and highways were wet. Officials said 10 inches of snow fell in the Craters of the Moon area and the highway there was extremely icy and slick. Also in the vicinity of the Ice Caves on U.S. Highway 93 a snow floor with rain on top caused hazardous driving conditions Monday morning. Ski resorts reported excellent See SNOW, Page 2, Col. 7.

### Protest Vote Fails To Oust Commissioner

Heber Loughmiller will continue as chairman of the Twin Falls County commission despite a protest vote and a slight reduction from a fellow commissioner. The action, which brought to light a rift in the commission, came Monday morning during a reorganizational session of the commission and just before officials elected last November were sworn into office. Morris Carlson voted "no" on a motion to send Mr. Loughmiller as chairman of the commission. When Mr. Loughmiller seconded the motion, they voted "yes" in sent himself as chairman. Mr. Carlson said, "Well, I guess we'll go on like we have been doing." Commissioner William Clancy made the motion to send Mr. Loughmiller. He also voted "yes," making the vote 2-1. Loughmiller then took over to conduct the remainder of the swearing in ceremonies for elected officials. Those sworn in were Richard Reed, probate judge; Robert W. Onley, prosecuting attorney; Paul Conder, sheriff; Ruth Jones, treasurer; Clyde Edwards, coroner; J. C. Cowart, constable; and Jack Lewis, justice of the peace. County Assessor Clifford Thompson was sworn in at the Twin Falls Clinic Hospital by Harold Lancaster, county clerk. The assessor is suffering from ill complications. Mr. Carlson is vice chairman of the county commission. The budget also received at

### Congress Fears Nixon May Try To Kill OEO

WASHINGTON (UPI)—Some members of Congress are beginning to think President-elect Richard M. Nixon will try to kill the New Frontier's storm-tossed antipoverty agency, the Office of Economic Opportunity. Only one Congressman, Rep. William H. Ayres, R-Ohio, was ready to predict out loud that Nixon would seek to "scuttle" OEO. But Nixon's failure to date to designate a new OEO director and the joint absence of rumors about who might get the job has led to speculation that the antipoverty agency may be marked for extinction. However, no one seems to think that the Nixon administration would try to wipe out all the antipoverty programs started under President Johnson. Instead the possibility is that the programs would be farmed out to other agencies leaving OEO with nothing to do. "Then I think he's going to try to get rid of Ayres," said a Republican member of the House Education and Labor Committee. Ayres said he thought Congress would not thought about the abolition of OEO. While other House members and Senators who had been involved with antipoverty legislation were unwilling to forecast Nixon's position in OEO, there was general agreement that any attempt to kill the antipoverty agency would provoke a spirited congressional battle. The Washington Post reported Sunday that a nine member Nixon task force will recommend that the incoming President make sweeping changes in poverty and other welfare and food programs including a dismantling of the OEO. The Post said the proposals

### Case Is Delayed In Burley

BURLEY—The preliminary hearing of LaMont Banner, 22, Burley, who is charged with illegal possession of narcotics, has been continued until 10 a.m. Wednesday. Probate Judge Vern Carter continued the hearing Monday morning when two witnesses had not been located. The hearing was held in Burley until Monday when the two witnesses, informants, did not show up for the hearing. Judge Carter informed the court that the warrant of arrest was issued Dec. 18 and on Dec. 20 the warrant was served on Banner at his home by Bill Dwyer, Burley Police Officer. Banner was arraigned before Justice of the Peace Alfred Crane on Dec. 20 and bond was set at \$3,000 and \$6,000 property. Bond was not posted and Banner has been held in Cassia County Jail. His attorney is Dan Klepper, defense attorney, that all witnesses be excluded from court room was granted by Judge Carter. He was arrested in Burley, Idaho for investigation for drug control. He was called as the first witness in the case. He was arrested on March 1st, working with Burley City Police and County Sheriff officers. He was arrested meeting two informants and giving them money to purchase narcotics. Pete Rodriguez, Burley Police Officer, testified with Wilson, on Dec. 17. He testified that he saw a plastic sack. The plastic sack was presented to a chemist who tested contents of sack. The plastic sack was admitted as evidence. Klepper cross examined Mr. Wilson. Informants in this case were James Ronald Harris and Jerry Matindale, reported Wilson. Wilson related the two men contacted Banner at his home and then going to drive in parking lot on North Overland, and \$15 was given to the two informants to purchase narcotics. Mr. Lawson, drug analyst for Idaho Bureau of Narcotics called as the second witness. See DRUG CASE, P 2, C 7

### Extension

WASHINGTON (UPI)—President-elect Nixon will recommend extension of the 10 per cent income tax surcharge it was disclosed Monday. Administration sources said the President would include a request for extension of the tax beyond its June 30, 1970 budget proposal. He will propose a budget showing a small surplus. The White House announced that Johnson will send his budget to Congress at midday Wednesday. His economic report will be submitted Thursday. Johnson will break tradition and deliver his State of the Union address in person before a joint session of Congress Tuesday at 8 p.m. EST. It will be broadcast nationwide.

For 1969 and \$25,100 in 1968; janitor, \$30,880 for 1969 and \$32,100 in 1968; justice court, \$24,300 for 1969 and \$24,000 in 1968; for 1969; probate court, \$23,000 for 1969 and \$23,000 in 1968; for 1969 and \$31,000 in 1968; prosecuting attorney, \$38,040 for 1969 and \$37,650 in 1968; sheriff, \$14,600 for 1969 and \$14,000 for 1968; treasurer, \$35,000 for 1969 and \$35,000 for 1968; and zoning, \$18,800 for 1969 and \$13,100 for 1968. The total general fund total to \$20,800 for 1969 as compared to \$20,000 for 1968. Public defense has been allotted \$28,000 for 1969 budget as compared with \$20,000 in 1968; ward education, \$72,000 in 1969 and \$70,000 in 1968; public health, \$50,000 in 1969 and \$50,200 in 1968; and welfare, \$20,000 in 1969 and \$20,000 in 1968. Driggs was given \$1,000 in 1968 and no funds for 1969; parks and recreation, \$20,850 for 1969 and \$12,000 for 1968; poor fund, \$178,400 for 1969 and \$200,000 in 1968; for 1969 and \$190,000 in 1968; compared with \$188,500 in 1968; and the hospital budget is \$2,680,350 for 1969 as compared with \$2,655,920 for 1968. Mr. Lancaster pointed out that the county tax rate request is actually \$23,200 as compared with \$23,550 for 1968. The hospital tax request is \$140,000, the same as in 1968. It was necessary for the commissioner to budget additional \$100,000 for parks and recreation department due to the purchase of the old Union School for the Historical Society. The commissioner had early noted that his budget had been higher for 1969, in keeping with rising costs.

By O. J. SMITH

Times-News Managing Editor BOISE (Special to the Times-News)—in a mood to get down to work and get the job done Idaho's 40th legislature convened here Monday. A d heard Gov. Don Samuelson call on them to "set the stage to make the next decade truly the surplussive seven years." And, in a plea for non-partisan unity, he urged the legislators to act not as Republicans or Democrats, but as Idahoans. The governor's address to the opening session covered a wide range of knotty problems confronting the state government, and although well received, it was apparent from a variety of comments that this legislature is going to have a mind to deal with them. Speaker of the House William Lanting, R-Twin Falls, in his response, indicated that differences could be expected and expressed confidence that such differences would be resolved through cooperation and compromise. He also said "for the first time, I am coming up to the start of a session confident that there will be no need to raise taxes or to institute any new forms of taxation." A not unusual difference of opinion appears to be the size of the budget recommended by the governor. Many of the legislators feel that the full figure set at \$208.4 million, the governor proposed. There has been strong feeling around the state against cuts in education. The state board of education for higher education, particularly the University of Idaho and the State University, many legislators have expressed confidence in the State Board of Education recommendations, and it appears there will be strong moves to restore some of the funds pared away by Gov. Samuelson. In addition, there always are a number of appropriations needs that crop up during the session, and some of the legislators feel it will be difficult to satisfy the session needs by cutting the governor's figure. "The consensus seems to be, however, that this can be done with no increase in taxes." The explanation for the apparent disparity in the state budget and a higher budget figure lies in "a feeling that the state's income over the next biennium has been underestimated in the governor's budget. Whatever lies ahead in the next 60 days, and most of the legislators are confident that the session will be concluded in that period, the state's lawmakers appear anxious to get down to the business of actually facing the state's problems. They have had an unaccustomed extra 10 days at home since the first of the year to listen to their constituents outline their views of the problems. The extra time has been used to work in their newly remodeled chambers and see what they can do about them.

### Planning Agency Is Urged In Gem State

BOISE (UPI)—Gov. Don Samuelson today urged the 40th Legislature to prepare for the future by creating a State Planning Agency while meeting problems of the present by further streamlining government. "New challenges, new problems, new opportunities lie just over the horizon," Samuelson said in a 25-page "State of the State" address to a joint session in the hall of the House. "Our job is to meet the future, not just to react to it. We have a few problems during the past two years but the record shows that many troubled areas have been eliminated. "As new problems and existing problems face us, we should think ahead, not just work to solve them now." He said that "we cannot afford the luxury of narrow minded action which would produce only short term results." Creation of a State Planning Agency to establish long range goals and priorities in state government and in the way for multi-year or regional planning for the future. "Merger of the Industrial Accident Board Department of Labor and Office of Mine Inspector into a Department of Industrial Administration. "Consideration of alternative methods of conducting social and rehabilitation services possibly by putting Voluntary Rehabilitation, Public Assistance, Youth Rehabilitation and the Youth Training Center into a single agency. "Creation of Director of Corrections separate from the Board of Correction on a part time basis to oversee adult parole and pardon functions.

### Mekong Delta Attack Ruins 18 Copters

SAIGON (UPI)—A Viet Cong bomb squad blew up 18 helicopters today, killed eight Americans and wounded 10 others in a surprise attack on a Mekong Delta airbase. Communist gunners shelled two U.S. division headquarters and three towns near Saigon. U.S. intelligence sources said it was too early to tell whether the surprise attack was a prelude to the Red's long-awaited fourth offensive was underway. Gen. Creighton W. Abrams, U.S. commander in Vietnam said captured Communist documents first indicated an offensive would start in December but the plan was delayed until January. Now he said the documents mentioned "a large lunar new year starting Feb. 17." Abrams said 40 Communist troops are operating in the north and northwest of Saigon and about half of them have begun moving outward toward the capital in small groups. The Viet Cong guerrillas cut their way through the barbed wire surrounding Camp 75 airbase in the Mekong Delta 75 miles southwest of Saigon before dawn today, tossing batches of dynamite at parked helicopters. They damaged 18 of them, some heavily, U.S. spokesmen said. Two Americans were killed and wounded by the mortar and automatic weapons fire which the Communists used to cover the commands.

## Washington Couple Hurt In Accident

SHOSHONE — A Washington couple were injured Sunday evening when their car was sliding into a concrete bridge north of Shoshone. According to Lincoln County Sheriff Thomas Carter, Mrs. Pauly was in the driver's seat heading south on Highway 83 in a 1968 Chevrolet when the car apparently struck a back fence about three miles north of here. The car then slid into the concrete bridge, demolishing the auto. Mrs. Pauly received back injuries and is reported in fairly good condition in St. Benedict's Memorial Hospital, Jerome. Mr. Pauly was treated and released. Sheriff Carter said the use of seat belts probably saved the couple from possible further injury. Mr. Pauly was driving the auto.

### Wisconsin DDT Move Attempted

MADISON, Wis. (UPI)—Conservationists and environmental scientists have come from around the nation in an attempt to get the pesticide DDT labeled too dangerous to use in Wisconsin.

If they succeed in this heavily agricultural state, it is likely a move is likely in other states of the nation, causing farmers to stop using DDT and switch to other pesticides.

Bringing a petition before the State Natural Resources Department are the Isaac Walton League and the Citizens Natural Resources Association. After two weeks of testimony in December, a recess was called to the quinquennial hearing.

At least 15 more witnesses were to be called. Some of them are scientists from across the nation.

Opponents of the chemical want the department to rule DDT an environmental contaminant and to ban its use because it is dangerous to animals and man. Wisconsin was selected for the case because it was believed that a decision against the chemical in this agricultural state would provide needed impetus to push action in other states.

Opponents of a ban on DDT—farmers and chemical companies—felt an unsuccessful attack on the chemical here would discourage undertaking cases elsewhere. The hearing was held here after an earlier federal court effort failed because of technicalities.

That issue is being fought by the New York-based Environmental Defense Fund, tried to stop the state of Michigan from approving the use of Dieldrin, Chlordane and other pesticides in the chlorinated hydrocarbon family DDT and dieldrin cause increased pollution in the air, land and sea.

### Orval Hansen To Oppose Increase In House Salary

WASHINGTON (UPI)—Rep. Orval Hansen (R, Idaho) said Monday he will oppose any increase in the pay of members of the Congress.

Under existing law any increase in congressional pay becomes effective automatically unless Congress rejects the increase with 30 days of the recommendations introduction.

"I will work actively for the passage of a resolution to nullify any congressional pay raise that the president may recommend to the new Congress," Hansen said.

"One of the most critical needs facing the nation is to bring inflation under control and to prevent further erosion in the value of the dollar. Halts in federal spending are urgently needed to end the dangerous inflationary spiral."

### 'Latin Lovers' Aid Coeds To 'A's For Cooperation'

LOS ANGELES (UPI)—Three "great latin lovers" who taught beginning Italian at UCLA swapped A's for dates with pretty coeds' according to frat students.

The scandal in romance languages was turned up by the campus newspaper, the Daily Bruin, which sparked a department investigation into charges the teaching assistants played favorites with female students and wired male students they would flunk unless they took expensive tutoring from other teaching assistants.

"This sort of behavior is completely unethical," said Franco Fido, chairman of the department. "We have a list of qualified tutors in the office for students to choose from, but to insist on one specific T-A—never!"

### Sweden To Upgrade Cuba Embassy

STOCKHOLM, Sweden (UPI)—Sweden announced today it will upgrade its diplomatic mission in Cuba to a full embassy.

It was the second diplomatic swipe at the United States in four days. Sweden became the first Western European nation to extend full diplomatic recognition to North Vietnam Friday.

Today's announcement said the new embassy in Havana will be headed by a Swedish chargé d'affaires, who will report to the Swedish ambassador in Mexico City, Tord Georansson.

The government used the opening session of the Riksdag Parliament to announce its recommendation by King Gustav IV Adolf opened the session. Pickets ringed the building with signs protesting the recognition of Hanoi.

The Swedish government now maintains a consulate in Havana.

A foreign ministry official said they expected the U.S. government to express displeasure with the latest move. The U.S. State Department said Sweden's recognition of Hanoi did not help the cause of peace in Vietnam.

Sweden has been an outspoken critic of the U.S. Vietnam. A total of 155 U.S. servicemen have been granted asylum in Sweden in retaliation in the war zone.

In Saigon, South Vietnam today asked Stockholm for an exchange of ambassadors. The U.S. "misses have maintained diplomatic relations but have not exchanged ambassadors for almost two years."

### Lost Plants

LONG BEACH, Calif. (UPI)—A horticulturist says he's "lost" without the photographic slides of rare plants that were stolen from his parked car here Saturday.

Ronald Peckoff, a specialist in the study of rare plants, said the collection represented weeks of travel around the world. About 300 35 mm color slides and a projector were taken from Peckoff's car, parked near the Long Beach National Guard Armory, police said.

"I don't care a thing about the projector, but without those slides I'm lost," Peckoff said.

The scientist intended to use the photographs to prepare to introduce plants such as the Australian Banksia to American soil, he said.

He said "No questions would be asked" if the slides were returned to his Playa Del Rey Nursery.

### Patient Of Transplant Dies At 48

JACKSON, Miss. (UPI)—Mississippi Delta farmer Malcolm Whitten, the state's first human-to-human heart transplant, died early today at the University of Mississippi medical center.

A hospital spokesman said Whitten, 48, died at 5:16 a.m. EST, nearly a week after receiving a new heart. Death was attributed to pneumonia.

Whitten had suffered a brain hemorrhage after the delicate Jan. 6 surgery and never fully regained consciousness.

The new heart, however, had continued to function well.

The medical center Saturday said Whitten appeared "slightly stronger" in muscular movements, but officials said Sunday the slight improvement "has not been maintained."

Dr. James D. Hardy, head of the surgical department at the medical center, told a news conference last week Whitten's chances-of-recovery were "not good."

### Doctors To Take Part In Course Here

Physicians from the Magic Valley area will participate in the second in a series of post-graduate education courses conducted by the University of Oregon Medical School at Magic Valley Memorial Hospital in Twin Falls Tuesday, according to Dr. John M. McKain, area coordinator for the program.

The course "Super and Coma" is part of the circuit course program financed by an Oregon Regional Medical Program grant from the Department of Health, Education and Welfare, and is an extension of the University of Oregon Medical School postgraduate program.

Under the grant, half-day courses are conducted three times each year at 18 locations in Oregon, Idaho and Montana with physicians invited to attend programs most conveniently located to them.

All circuit courses deal with recent advances in prevention, diagnosis and treatment of patients with heart disease, cancer, stroke and related disorders in each area—planning is coordinated by representatives of county medical societies in cooperation with circuit course faculty.

COUNCIL TO MEET. SHOSHONE-City Council will meet at 8 p.m. Tuesday at the Shoshone City Hall.

### Nixon To Try To Win Support Of Intellectuals

NEW YORK (UPI)—President-elect Richard M. Nixon is making a concerted effort to win support among a group that has traditionally been only lukewarm to him: the nation's intellectuals.

At a weekend meeting of about 30 persons—mostly from the academic community—who have been advising him and his cabinet members on domestic problems, Nixon asked for the continuing advice and constructive dissent of the intellectual community.

Surveying the group in the Hotel Pierre, Nixon admitted that his popularity in academic circles had not always been high.

"If the vote were taken in this room it would probably come out Humphrey first and Nixon second," he said.

## 2 Prominent Figures In Czech Arts Assail Slovak Communist Leaders

By JAMES O. JACKSON

PRAGUE (UPI)—Two prominent figures in Czechoslovak arts Saturday assailed Slovak Communist leader Gustav Husak for "haughty intolerance" in his criticism of the press.

Film director Jan Nemec and playwright Vaclav Havel sent a telegram to President Ludvik Svoboda urging him to take steps to allow "open criticism." They warned that Husak's attitude as displayed in a Friday night speech takes the nation "only one step from police interrogation and shadowing of people and arrests."

Nemec and Havel made the telegram available to Western newsmen "because we cannot get anything like this into our own newspapers."

In another development, journalists said that leaders of the Union of Journalists succeeded in halting plans for a new system of censorship by going to the party leaders and urging the program be dropped.

"We went to the central committee of the Communist party and raised hell about it," a leading journalist said. "They agreed to drop the plan, but I can't guarantee that we won't see it again in three or four weeks—whenever we have the next political crisis."

Nemec and Havel wrote their telegram Friday after hearing

an angry speech by Husak in which he charged that "small groups who meet secretly in back rooms and cafes" were plotting against the party and state.

"In a time when the highest state and political organs of our country are trying to find a way for peaceful and understandable solutions to the rising political questions, Husak is offending wide sections, showing haughty intolerance, inflaming national passions, inventing untruthful accusations about workers of television, radio and press."

"They urged Svoboda to make it possible to criticize such actions," the telegram said.

Nemec directed "Prague Ora-

torio," a documentary film on the August invasion by the Soviet Union which has been banned in Czechoslovakia.

Havel is a leading playwright whose "The Memorandum" has been seen in the United States. He also is a well known political writer.

In another development Saturday, a Prague writer blamed the Soviet invasion of Czechoslovakia in the fall for renewing the unity and strength of NATO. Cestmir Suchy said in the newspaper Prace that before the North Atlantic Treaty Organization had begun to suffer severe setbacks, but "all these troubles are behind it now."

"Nobody wants to leave it anywhere—this elixir of life is the result of the events of last August."

## T. F. Eagle Scouts Tell Of Adventures In New Zealand

Adventures of the three Twin Falls Eagle Scouts who served as delegates to the National Boy Scout Jamboree of New Zealand were related this week in a second letter from the trip.

Mailed from New Zealand, the letter tells of events leading up to the Jamboree itself and of the various homes the three stayed briefly as guests of New Zealand families.

"Our Christmas Day was highlighted by Tim Bertie having his passport stolen at Wai-ki-ki Beach," the letter continued, "but it was found later in the Royal Hawaiian Hotel."

"At 7 p.m. we had a good dinner and then traveled to the airport to board a plane at 11:30 p.m. Clancy called his mom and dad and it was 3 a.m. in Twin Falls."

"The trip to New Zealand was great. We slept all the way. We got to the Auckland Airport then took a trip to Hamilton where we were billeted out to families," the boys continued.

"Tim stayed with Mr. and Mrs. Wilson. They lived on a sheep farm. Clancy stayed with Mr. and Mrs. Jack Watson. Mr. Watson was also a sheep farmer and a horse and dog trainer. The sheep dogs were marvelous. The owner worked the dogs on a whistle. Also Mr. Watson's son is the top polo player in New Zealand and seventh in the world."

"The stay for all three boys was filled with touring the land and sleeping. We stayed until Sunday the 29th then boarded a bus for Roturia. It is noted mainly for Maori Indians and their thermal area. We toured all that and stayed overnight there."

"On the night of the 29th we went to a Maori concert and the next morning at 11 a.m. were again off to Wellington, the capital of New Zealand. We arrived there and were billeted out at the airport."

"Tim stayed with Mr. and Mrs. Coles, Clancy with Mr. and Mrs. Spiers and Brian with Mr. and Mrs. Leslie. We spent New Year's in Roturia where Brian stayed with Coopers, Tim

with Flisings and Clancy with Weathersalls.

"After our stay at Wellington, we took a boat at 7:30 p.m. New Year's Day in Pecten then went by bus 200 miles to Christ Church and then to Kaipti where we ate.

"Brian, Tim and Clancy really don't care for lamb tongue, we didn't eat very much," they added.

"Jan. 2 all we did was fool around and cook. Clancy has not up the history and this is not too easy."

"The next day was just getting ready for the Jamboree."

The three scouts include Clancy Clements, son of Mr. and Mrs. Joseph Clements; Tim Bertie, son of Mr. and Mrs. John Bertie; and Brian Katz, son of Dr. and Mrs. Ben Katz, all of Twin Falls.

## Senate To Take Up Nixon's Cabinet This Week And Hickel Is Prime Target

WASHINGTON (UPI)—The Senate takes up President-elect Richard M. Nixon's cabinet choices this week with the man from Alaska the prime target for some Democrats.

Walter J. Hickel, Alaska governor and Nixon's choice for interior secretary, appeared to be the only major cabinet designee who might fall short of a quick approval.

The lineup calls for a series of hearings on the appointments beginning Tuesday, with formal approval shortly after Nixon assumes office a week from now.

Most of the hearings already were tagged as routine. But Hickel, who stirred dissent among some conservationists, is a few much-publicized cabinet choices that have headed for some tough questioning.

He goes before the Senate Interior Committee on Wednesday. Sen. Gaylord Nelson, D-Wis., a committee member, already has called for an "in-depth" review of Hickel.

Hundreds of letters poured in after Hickel said he opposed policies of "conservation" just for conservation purposes. He also said, referring to water pollution rules that "if you set standards so high, you might really hinder industrial development."

Other interior committee members also have expressed reservations about Hickel. But the Senate almost always approves cabinet choices, though it failed to do so only 10 times in its history.

Another appointee who might face a non-routine hearing is David Packard, Nixon's choice for deputy defense secretary. His offer to place \$300 million of his stock in a charitable trust has raised some questions on the Armed Services Committee. When it is not dealing with new session bills, the Senate will be involved in a key internal question that could bring the first partisan squabble of the new session.

Republicans planned to protest a Democratic move to reduce the size of two key committees—Foreign Relations from 19 to 15 and Appropriations from 20 to 14. Some liberal Democrats oppose to the move because they believe the smaller committees further enhance the power of the senior members, who often tend to be conservative.

But if prominent members of Congress said for GOP leader Everett M. Dirksen of Illinois, and Rep. Hale Boggs, D-La., House Democratic Whip, said last week, the move is favored as a cut in the recommended \$200,000-a-year pay boost for members of Congress.

## Israel Massing Troops For Large Push In Final Days Of LBJ Administration

By United Press International

Israel is massing troops for a large-scale raid into Jordan during President Johnson's last days in the White House, the semi-official Cairo newspaper Al-Ahram said Monday.

The raiders will hit either Israel troops in Jordan or Commando bases from which Arab guerrillas attack into Israel, the newspaper said.

The raid and Jordanian intelligence reports.

"Timing the raid in the final days of the Johnson administration will test U.S. standards so high, you might really hinder industrial development."

Other interior committee members also have expressed reservations about Hickel. But the Senate almost always approves cabinet choices, though it failed to do so only 10 times in its history.

## Brandeis President Offers Meet With Negro Rioters

By United Press International

The president-elect, Brandeis University has offered to meet today with 65 Negro students he suspended for barricading themselves in the school center buildings. The president of San Francisco State College says he is prepared to fire union teachers who continue a strike.

The demonstration by 65 black students at Brandeis University's 2,400 students—about 150 of whom are Negro—erupted in Waltham, Mass., on Jan. 6.

Brandeis' president, Joseph P. Kamp, said he would meet with the students at 10:30 a.m. today. The demonstration is being held at the school center to protest alleged "racism" at Brandeis and issued a list of 10 nonnegotiable demands.

President Morris B. Abrahams suspended them Saturday. However, he allowed the deadline for their eviction from the center to be extended to pass and offered to meet alone with the protesters.

Brandeis has said eight of the 10 demands already were school policy, and one demand involving a white student who allegedly shot at a Negro with a handgun was a disciplinary matter. The principal demand is for an autonomous department of Afro-American Studies with its own budget and policies. The faculty voted in favor of the demand if the students left Ford Hall.

At San Francisco State, acting president A. Hayakawa vowed to carry out a state law providing for the "automatic resignation" of any teacher who fails to cooperate with the classes. The American Federation of Teachers, in the sixth day of a strike today, said any teacher who would touch off a one-day strike in all state campuses. Hayakawa said it would be "at least a week before the administration knew whom to fire."

At San Fernando Valley State College in Northridge, Calif., a meeting between the student leader, Delmar P. Oviatt, and the West Coast Director of the Southern Christian Leadership Conference, produced a plan. First, a "court of inquiry" since the Nov. 4 arrests of a group of students who took over the administration building, according to the SCLC leader.

## Pennsylvania Air Crash Check Urged

WASHINGTON (UPI)—David D. Thomson, acting Federal Aviation Administrator, has been asked to investigate conditions at Johnstown-Cambria Airport, Pa., following a crash of a Douglas County Airport in an effort to prevent fatal airplane crashes similar to the ones at Bradford and Bradford.

In making the request, Sen. Hugh Scott, R-Pa., said "haphazard topography and weather conditions at the two Pennsylvania airports are similar to Bradford."

Thirty-one persons were killed and 44 injured in two Allegheny Airlines crashes within a two week period while making approaches to Bradford Regional Airport. On Christmas Eve, the other crash occurred.

The senator said the management of the Johnstown facility added when it had received "no recent word" from the Federal Aviation Administration (FAA) on its request for an instrument landing system.

At DuBois-Jefferson, Scott said "I received expressions of dismay from persons there" who were worried their requests for instrument landing equipment and direction finding equipment would be diverted to larger airports.

Scott said he hoped the 93rd Congress would increase appropriations for navigational aids throughout the country.

## Rockefeller Sends Winning Message

TARRYTOWN, N.Y. (UPI)—New York Gov. Nelson A. Rockefeller spent Sunday afternoon watching on television as the New York Jets defeated the Baltimore Colts 16-7 in professional football's Super Bowl game at Miami.

As soon as the game ended, Rockefeller dispatched a telegram from his suburban estate to Vice President elect Spiro T. Agnew, the former governor of Maryland.

"Ted," said the telegram, "I can't win them all."

## Payette Airplane Crash Reported

PAYETTE (UPI)—A Washington Pilot, Earl Marlon McKinney, 44, Boise, escaped injury Sunday when he put his single engine Cessna airplane down in a field near here during a snow storm.

McKinney said he was on a flight from Jackson Hole, Wyo. to Seattle when bad weather forced him to look for a landing spot. The pilot said he looked at the field in a snowdrift of two to three times and then decided to go down.

When the craft touched down, the front wheel broke, forcing the nose of the plane into the ground. Damage was estimated at \$3,000.

## Sirhan Trial Goes Into Second Week

LOS ANGELES (UPI)—The trial of Sirhan B. Sirhan entered its second week Monday and not once during the legal maneuvering has anyone of the many who is charged with murdering the 24-year-old Arab got down to business of selecting a jury.

Grant Cooper, head of the defense team, said he was almost certain that jury selection could begin shortly after the trial resumes at 12:30 p.m. EST in the steel-plated courtroom.

The last of the defense motions to establish a firm basis for later appeals was the first order of business. Cooper spent the weekend researching the law on the jury selection process itself.

He was expected to argue that persons in some occupations are automatically excluded from the list of potential jurors—and any panel selected from them is not truly representative.

A major issue in jury selection was the inadvisability of excluding the professions of the defense team and the developments in the case during the past seven months.

## Education Office Reports College Aid For 1969

WASHINGTON (UPI)—The Office of Education said Monday nearly 257,000 students who need financial help to attend college will be assisted by the federal government during the first six months of this year.

Colleges receiving \$100 million will be made available by the education office to 1,555 colleges and universities to meet 80 per cent of the cost of work programs for such students.

## Teacher Dropout Rate In Idaho Is Said High

BOISE (UPI)—The teacher dropout rate in Idaho is high, according to a recent report by Wayne York, executive secretary of the Idaho Educational Association.

York said that "something should be done and done soon."

York added "When you lose and must retrain one out of every six teachers, you are shortchanging every child in the state."

The study was published recently by the College of Education at Idaho State University and the IEA.

According to the report of 81 teachers who left their jobs after the 1966-67 school year, 349 left the profession altogether. This 42-per-cent dropout figure compares to a national average estimated at between 8.5 and 10.9 per cent.

## Cobra-Like Jet Is Headed For USAF Museum

EDWARDS AFB, Calif. (UPI)—The Cobra-Like X-15 jet, which is being housed at the new fleet of super-sonic bombers will thunder down the runway for the last time this week for the U.S. Air Force Museum.

The huge jet can fly at 2,000 miles an hour but its final flight will be a relatively, subsonic hop to Wright-Patterson Air Force Base, Ohio, and a permanent grounding.

The day of the final flight depends on weather conditions and will gather data on handling and structural response to air turbulence.

### Part Seven Of Series 'Senior Citizens Get Help'

Editor's Note: It is time to think about the income tax again. This is Chapter Seven of a series reviewing the regulations, with emphasis on taking advantage of all exclusions and deductions legally due you.

By RAY DE CRANE  
NEA Publications

Senior Citizens — those who have reached their 65th year — no longer receive all the special advantages they once did on their income tax return. But they still receive several tax breaks with which they should become familiar in order to reduce their tax.

If they have reached their 65th birthday by Jan. 1, 1969, they can receive an extra \$500 exemption credit. If husband and wife are each 65 or older they receive a total of two extra credits, providing a total of four \$500 exemptions for the couple.

There is the possibility of still a third credit, worth another \$500, if one or both is blind. For this purpose it is not necessary that the individual be totally blind, but meet the requirements of legal blindness. In the case of seriously impaired vision where there is a doubt about legal blindness, a doctor should be consulted before the return is filed.

Medical expenses which once were fully deductible by those who reached 65 are now claimed in the same fashion as they are by younger taxpayers. This means that drug expenses must exceed 1 per cent of income and all other medical expenses exceed 3 per cent of income before they are considered.

The Senior Citizens, like all younger taxpayers, may claim as a medical deduction one-half the cost of all medical and hospital insurance premiums. They should include in their insurance tabulation the \$4 monthly (\$3 before April 1, 1968) payments for Medicare. This regular hospital tax which is included in the Social Security tax is not deductible, however.

One of the major tax opportunities enjoyed by those 65 and older occurs when they sell their home at a profit. To qualify for this special privilege the property sold must have been owned by them and used as their principal residence for at least five of the eight years prior to the sale.

If these requirements are met, the home is sold at an adjusted sales price of \$20,000 or less, there is no tax on the gain, regardless how large.

The adjusted sales price is the gross selling price less the total of "fixing up" expenses and selling expenses.

The former are those costs incurred to make your home more salable. They must have been made within 90 days prior to the sale and paid for within 30 days after the sale.

Selling expenses include real estate commissions, advertising expense, escrow and legal fees in connection with the sale.

If the adjusted sales price is more than \$20,000 the amount of profit which is tax exempt is the ratio between \$20,000 and the adjusted sales price.

If that definition sounds complicated, a practical example should illustrate the point. Suppose the home was sold at a \$15,000 profit with a gross sales price of \$35,000. Fixing-up and selling expenses totaled \$5,000.

The latter two expenses reduce the adjusted sales price to \$30,000. Since \$20,000 is two-thirds of \$30,000, two-thirds of the \$15,000 profit, or \$10,000 is tax exempt. Only \$5,000 would be subject to long-term capital gain profit.

### Hagerman Valley Chamber Makes Assignments For '69

HAGERMAN—Committee assignments for the Hagerman Valley Chamber of Commerce are announced by John LeMoine, president.

Max E. Larson and Carl Theydon were appointed to be in charge of publicity; I. L. Dunham and R. H. Lawraon, by laws; Lloyd Jensen, Maurice Smith, Aldrich Bowler and Barton, ways and means; Ralph Miller, courtesy; Ray Clawson, refreshments; K. A. Barton, water resources.

Merle Owsley and Paul Alexander, highway; Jack Martin, education; Merle Owsley, Harry Gister, Maurice Smith, Eloy Marchant and Frank Jensen, membership; E. J. Moldenhauer, auditing; Frank West, Gene Padgett, and Donna Gilmore, community development; Dave Nicholson, employment and I. L. Dunham, budget.

Other committee chairmen are Lysie Gilmore, youth activities; Aldrich Bowler, science and historical; Arthur Kaster and Vern Cox, agriculture; Bill Williams and Leonard Hillie, fraternalism; Ralph Sullivan, taxation and spending, and Mrs. Leslie Lynch, telephone.

R. F. Adair and Aldrich Bowler were appointed to the city Christmas lighting committee. The Chamber of Commerce will work with the Hagerman club, the city and other interested organizations to purchase Christmas lights for decorating the city next Christmas.

The Chamber of Commerce also expressed their desire to assist with the Christmas treats for the school children.

K. A. Barton reported on the meeting of the Idaho Water Resources Board held recently regarding the proposal of using water from the archdiocese canal for irrigation purposes for the Salmon Tract.

The Chamber of Commerce also recorded as opposing these proposed plans of the Idaho Water Resources Board.

Bob Adair reported on a recent Bureau of Land Management meeting regarding desert entries on the Bruneau Desert west of Hagerman. A map depicting how the desert entry area and the grazing area would be divided was displayed. Chamber members also opposed the desert entries.

Mr. LeMoine reported two representatives of the Intermountain Gas Co., Twin Falls, visited the Hagerman area regarding the feasibility of having a gas line into Hagerman. Their report was that it would not be economical.

Bowler, Owsley, Leslie Lynch and LeMoine will represent the local Chamber of Commerce at the Southern Idaho Chamber of Commerce luncheon meeting, 12:30 p.m. Thursday at the Holiday Inn, Twin Falls.

A potluck supper will be held prior to the Chamber of Commerce meeting, Feb. 5, Friday, when a potluck will be furnished by the Chamber of Commerce and members are asked to bring a covered dish.

### Major Parties To Map New Strategy

By RAYMOND LAHR

WASHINGTON (UPI) — With the smoke of the November election barely cleared the Democratic and Republican national committees will meet here this week to lay preliminary strategy plans for the 1970 state and congressional elections.

In the process the Democrats are expected to elect Sen. Fred Harris D-Okla. as their new national chairman and the Republicans will retain Chairman Ray C. Bliss who succeeded his party's comeback from disaster in 1964.

Already looking ahead Bliss predicts that with solid organization and good candidates the Republicans in 1970 might be able to gain control of the House and Senate both now dominated by Democrats.

The Democratic committee will meet Tuesday to hear recommendations by its outgoing chairman Lawrence H. O'Brien on how best to approach the off-year elections.

Emphasis is likely to be placed on ways to react more quickly to events and to give Democratic programs the greatest possible public exposure with a Republican in the White House.

O'Brien who was Vice President Hubert H. Humphrey's campaign manager, might make known his ideas at a vision of the rules for the 1972 nominating convention and the process of selecting delegates.

No immediate decision was expected on demands by some Democrats for creation of a policy making vote for the party similar to the past 1964 Republican coordinating committee of former presidential nominees, governors, members of Congress and other party leaders.

The Republican committee will meet Friday and Bliss says he intends that they appoint a party finance chairman to succeed Maurice Stans the committee secretary designate in Richard M. Nixon's cabinet.

### Crestview Club Installs New Officers

**RUPERT** — The Crestview 59ers installed new officers during a candlelight ceremony at the home of Mrs. Dean LeGault. Co-hostess was Mrs. Glen Bywater.

Officers installed include Mrs. Leonard Schenk, president; Mrs. Dean LeGault, vice president; Mrs. Olin Whistler, secretary; Mrs. Howard Stevens, treasurer; and Mrs. Robert Webster, publicity director. Installing officer was Mrs. Joe Kalisek, retiring president.

Other officers for 1969 will be Jerome county council members Mrs. Merrill Maxfield and Mrs. Kalisek.

Prior to the installation ceremony, a fried chicken picnic supper was served to the 15 members present. Winners of the attendance contest were treated by the losers.

A brief business meeting concluded the 1968 business, and included plans for the coming year. Mrs. LeGault, program chairman, named the year's hostesses, and announced that no October business meeting will be held because of the harvest. She also asked for lesson leaders for the year and planned the coming lessons.

Several committee chairmen were also announced, including those for the cancer drive, the community service and the Paul school carnival assistance.

Plans were made to participate in the Jan. 27 Jerome County council meeting during which the Crestview 59ers would take registration and provide name tags.

Mrs. Kalisek will represent the group and report on the 1968 accomplishments.

### Bowling Party Held By FFA

**HAGERMAN** — Members of the Hagerman chapter of the Future Homemakers of America held a bowling party. Plans were made at the last meeting to tour the State School at Gooding the morning of Jan. 18.

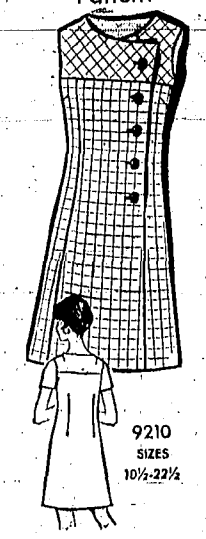

A belated Christmas gift exchange was held following the meeting. The Christmas party was canceled because of inclement weather. Refreshments were served by JoAnn Berry.

### Jobie Named

**HAGERMAN** — Sam Bishop Jr., associate guardian, announced Cheryl Sandy had been selected Jobie of the Term at the Bethel No. 45 meeting of the International Order of Jobs Daughters.

The meeting was conducted by Ailinda Partin, honored citizen. Carma Bry was installed as recorder. JoAnn Berry gave a reading, "Circumstances Alter Courses." Refreshments were served by Bonnie and Becky Lanter.

**Dear Abby**  
BY ARIGAIL VAN BUREN

**DEAR ABBY:** You may be unable to help me, but perhaps you can offer an opinion.

How does a decent, deeply religious widow overcome her desires to be kissed and be loved?

After being married 44 years with only one child in her life, widowed a year, not exactly content (62), one-lives only with memories, constantly evoked by TV and books, all ending in sex, and while pleasant to review, they bring to life desires that are difficult to suppress.

Having once had pure gold, I could not replace it with brass. No man however good could ever take the place of the one I lost, yet isn't it evil to harbor desires such as mine?

This writer feels ashamed and unclean, and she is miserable beyond words. Please try to help me.

ALONE

**DEAR ALONE:** You have no cause to feel "ashamed" or "unclean" because your natural desires remain undiminished as a widow of 42. Instead of trying to "overcome" your desire to be loved, look for someone who's in the same boat — to whom YOU can give love. And don't be so quick to evaluate the "moral." You need an ALLY, not an ALLOY.

**DEAR ABBY:** My twin sister and I have the same problem. About a month ago our whole family was involved in an automobile accident. There were no serious injuries but our parents were scared out of their wits and gave us strict orders that we were not to ride in cars.

We both have steady boy friends and this rule is causing problems. Our boy friends are good, careful drivers and had nothing to do with this accident. Is this fair? Help!

# Sifford Defeats Henning To Win Los Angeles Open

LOS ANGELES (UPI)—Charles Sifford sank a six-foot birdie putt on the first hole of the sudden death playoff Sunday to beat South Africa's Harold Henning and win the \$20,000 first prize in the 72-hole \$100,000 Los Angeles Open.

Sifford, 46, acquired a lead when he shot an eight-under-par 63 in the first round of the tournament, and they followed with three successive par 71 rounds for a total of 276.

Henning, who sank three strokes back going into the final round but shot a three-under-par 68 to

lose to Sifford, the first Negro to win a PGA tour event, finished his earlier rounds were 69-67-72 and Devlin had 72-69-74-68-66.

They started the sudden death playoff on the 15th hole and Henning was right down the middle with his drive and put his second shot about six feet short of the pin.

Henning pushed his second shot to the right and missed the green. He chipped up to about three feet from the cup but Sifford then sank his putt to end on the birdie shot.

Henning collected \$11,400 for second place.

Billy Casper, who won this tournament last year, shot a final four-under-par 67 for a 72-hole total of 277, seven under.

Australia's Bruce Devlin also had a final 67 and tied for third place with Casper. Each won \$5,900.

Devlin's putt for a birdie on the 18th hole was an inch short. If he had made it, there would have been a triple playoff.

Casper's earlier rounds were 69-67-72 and Devlin had 72-69-74-68-66.

Dave Hill, the Evergreen, Colo., veteran, was seven under par at one point in the final round but he took a bogey four on the 17th hole and ended with a 70 which gave him a total of 278, good for \$4,100 in fifth place.

Bert Yancey, Tallahassee, Fla., took sixth place with 280 on rounds of 75-67-71-67 and earned \$2,600.

All alone in seventh place was another young pro, Howell Fraser, Panama City, Fla., who shot 72-67-72-71, good for \$2,200.

There was a three-way tie for eighth place among three young pros at 282. They were Mac McLendon, Birmingham, Ala., with 69-68-72-83; Roy Pace, Longview, Tex., 71-69-72-70; and Tom Shaw of Golf, Ill., with 69-68-72-73. They each won \$2,710.

Sifford, who had a 10-year-old caddy at Charlotte, N.C., and then went on to break the color barrier in the war, one shot behind Henning on the final round.

Henning, playing in the three-some ahead of him, got a birdie four on the 12th hole but when Sifford got a bogey on the 12th.

BOZEMAN, Mont. (UPI)—The Montana State University basketball team fought to a hard-fought victory over the Gonzaga University Bobcats 77-75 in a Big Sky Conference basketball game here Saturday night.

MSU trailed 45-24 at the half but stormed back to tie the game 52-52 on a free throw by John Gillespie with 12 minutes and 44 seconds remaining in the game.

The Bobcats took the lead for the first time in the game with 4:45 remaining on a jump shot by senior forward Greg Harlis 65-63.

MSU held onto the lead for the game. Gillespie led all Bobcat scorers with 21. Greg Harlis had 15 and Don Luce 14 and Leroy Arnold 10.

Steve Blaser topped Gonzaga scoring with 21 and Joe McMain hit 19 for the Bulldogs.

It was the second Big Sky game for both teams. Last night MSU defeated Gonzaga 87-67 here.

Montana shot 47 per cent of its shots from the floor.

Spokane College Outlasts Yakima In 73-71 Victory

SPOKANE, Wash. (UPI)—The Spokane Community College Spartans pulled away from a tight first half to overcome Yakima Valley 73-71 Saturday night.

The Yakima Valley Indians controlled the ball in the first half, ending the period with a 33-20 advantage.

During the second half the Spartans slowly edged in points to win the game 65-56.

With 23 seconds left in the game, forward Tim Resco stole the ball to give SCC the winning score.

The Spartans scorers with double figures were Gerry Aryan and Tim Resco with 22 points. Dick Hutchens with 20 points was high scorer for Yakima Valley.

SCC's conference record now stands at 3-3.

Homer Rice Is North Carolina Athletic Director

CHAPEL HILL, N.C. (UPI)—Homer Rice, head football coach at the University of Cincinnati, was named athletic director of the University of North Carolina today.

University Chancellor Carlyle Sitterson made the announcement at a news conference.

There were numerous published and broadcast reports that Rice would be the choice to succeed Charles P. (Chuck) Erickson, who resigned last May because of poor health.

Walter Ralby, University baseball coach, has been serving as assistant athletic director.

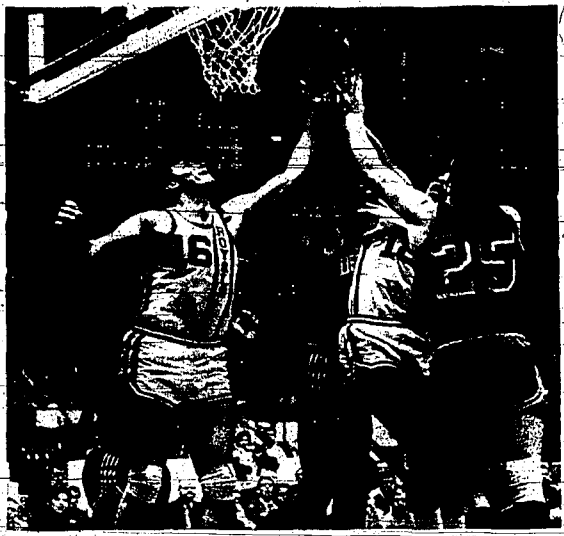

Alameda Open Gate Receipts Are Stolen In Sunday Theft

SUNOL, Calif. (UPI)—Two armed holdup men kidnaped the manager of the Sunol Valley Golf Club Sunday and forced him to open a safe containing gate receipts and personal belongings of players in the \$30,000 Alameda Open.

The manager was released unharmed and two suspects were arrested several hours later. Police said they believed all the money and the valuables of the players had been recovered.

John Pappas, the club manager and city councilman and former mayor in Hayward, said he returned home early Sunday following the night the tournament, the first PGA sanctioned match under the 18th.

As he and his wife, Miry, entered their Hayward home, they were surprised by the two armed bandits. The other bandit, Mr. Pappas with plastic auto, one remained as guard while the

### Diek Lotz Plays Steady Round; Takes Alameda Open Golf Title

SUNOL, Calif. (UPI)—Diek Lotz, playing the greatest golf tournament in the world for nearly 50 years, today gave him an exempt status for the rest of the year.

A year ago, Julius Boros won the PGA championship at the Pecan Valley Country Club in San Antonio, Tex., with a one-over-par total after 72 holes.

Don Whit, who went into the final round two strokes behind Bob Erickson and Dave Ragan, also had a 73 to finish behind Lotz with a 291 total worth \$5,800.

Erickson had a final round 76 and finished third at 292 which was worth \$3,550 while Ragan followed with a 78 to finish all alone at 294 and win \$2,200.

Bill Ogden, the second-round leader from Tucson, Ariz., also had a final round 78 and wound up in a tie with Tommy Jacobs who had a 74. They won \$1,925 each.

Tommy's younger brother John finished in a four-way tie with John Lotz, Bobby Druce and pre-tourney favorite Bobby Lunn. They won \$1,318 apiece.

John Jacobs had a final round 72, one of only two one-over-par rounds. John Lotz had a 77, Druce a 76 and Lunn, who won \$102,700 on the tour a year ago, a 79.

The only other even-par round shot on the day was by Jack Egan, who finished at 294 and won \$1,150.

Roberto Bernardini, winner of the Italian Open the last three years and runnerup in the West Cup in 1968, had a final round 75 that put him in a

### Jerry West Is Dropped From All-Star Squad

BALTIMORE, Md. (UPI)—Jerry West of the Los Angeles Lakers was dropped from the West squad for Tuesday night's National Basketball Association All-Star game because of a pulled leg muscle, it was announced Sunday night by league commissioner Walter Kennedy.

West will be replaced by Gail Goodrich, the former sub at guard with the Lakers and who now is averaging better than 20 points a game for the expansion Washington Wizards. Sloan of the Chicago Bulls was given the starting guard assignment for the West.

SUNOL, Calif. (UPI)—Two armed holdup men kidnaped the manager of the Sunol Valley Golf Club Sunday and forced him to open a safe containing gate receipts and personal belongings of players in the \$30,000 Alameda Open.

The manager was released unharmed and two suspects were arrested several hours later. Police said they believed all the money and the valuables of the players had been recovered.

John Pappas, the club manager and city councilman and former mayor in Hayward, said he returned home early Sunday following the night the tournament, the first PGA sanctioned match under the 18th.

As he and his wife, Miry, entered their Hayward home, they were surprised by the two armed bandits. The other bandit, Mr. Pappas with plastic auto, one remained as guard while the

**TIMING NEEDED FOR JUDGMENT**

Oswald: "We were talking about 'social venues'—that is, we had agreed to be willing to make decisions on an essential quality of a very great bridge player."

Jim: "What are you leading up to today?"

Oswald: "There is a supplementary quality—a very great player must make his decisions

probably should have contented himself with a pass or bid three diamonds."

Jim: "No one could really criticize a pass. Any bid was dangerous and I'm pretty sure you had better spades for his double."

Oswald: "On the other hand there was no reason for North to feel that his partner would suddenly leap to four spades with a four-card suit."

Jim: "Right! South might well have bid only three spades with a four-card suit or if he wanted to bid strongly, he could have bid three hearts and forced North to choose a suit."

Oswald: "If the three-heart bid had landed North and South in five diamonds North conceivably might have made it. It would require double dummy play plus poor defense but those things happen."

Jim: "In any event, it would be better than four spades. South went down two at this contract."

Jim: "I see what you mean. South's jump to four spades was decisive enough. Unfortunately it was a wrong decision. He should have decided to double two hearts himself whereupon North would have undoubtedly settled for a three diamond call."

Oswald: "North's double of two hearts was unfortunate. He

### 5 Students Injured At Glenns Ferry

GLENN'S FERRY — Five Glenns Ferry High School students were injured Saturday evening when the car they were riding in struck a parked pickup camper.

Gail Hill, 18, son of L. D. Hill, is reported in fair condition in Mountain Home with head injuries. She is the daughter of Mr. and Mrs. Ralph Hill, 18, listed in critical condition in St. Luke's Hospital, Boise, where he was transferred Saturday night.

Receiving bruises and lacerations in Glenns Ferry were Dennis Janousek, 17, son of Mr. and Mrs. Joe Janousek; Richard Johnson, 16, son of Mr. and Mrs. Ben Johnson; and Don Wise, 18, son of Mr. and Mrs. Floyd Wise Jr.

According to police young Wise was driving a 1967 Chevrolet and apparently the car slid into slushy snow into the parked camper, owned by Gene Crane, Glenns Ferry. The accident occurred about 10:30 p.m. Saturday on East 1st Ave.

According to Chief of Police Tom Murphy the car was demolished and the camper received about \$800 damage.

Investigating officer was Melvin Hoch and was assisted by Murphy, Eugene Spencer, Glenns Ferry patrolman, and George Taylor, deputy sheriff. Investigation is continuing.

WINNERS of the Burley Christmas home lighting contest are given awards by Mayor Joe Peters, second from left, and Lowell Dayley, Christmas home lighting Jaycee chairman.

### Burley Jaycees Induct New Members And Award Prizes

BURLEY — The Burley Jaycees inducted eight members, presented checks for \$150 to Christmas home lighting contest winners and heard reports during a meeting in the Conference room of Idaho Bank and Trust.

Members and guests were welcomed by Vernon Sutton, club president. Checks for the Christmas home lighting contest were presented to O. C. Vanek, 1917 Hansen Ave., first place. He received free electricity for December from the City of Burley; Richard Wolf, son of Mr. and Mrs. Gail Wolf, 2665 Burton Ave., accepted in place of December from the City of Burley; and Lowell Dayley, chairman for the Burley Jaycees. Local merchants donated the prize money.

New members inducted were Dr. Larry Barash, Dennis Moultrie, John Fox, Dallen Dayley, Dave Merrill, L. Dayley, Larry Stephenson and Mike Yeller.

Conducting the induction ceremony was Doc Wolf, Twin Falls, eighth district Jaycee president.

Pat McDonald, chairman of the annual orange sale, reported all 115 cases of oranges were sold. Proceeds from the orange sale were used for the nine food baskets for needy families and gifts for children in the families.

About 400 persons attended the annual Christmas tree burn Jan. 4 in the Burley High School parking lot. The children contest winners and marshmallows. The event is co-sponsored by the Jaycees and the Burley Recreation Department.

Special guests were Mr. and Mrs. Frank Berman, president of the Twin Falls Jaycees Club and other members of the Twin Falls Jaycees Club.

### Nudes

LONDON (UPI) — Men, women and children are frolicking in the nude in a public swimming pool at the London suburb of Croydon.

The town council said it has given permission to a nudist club to use the indoor pool on Wednesday nights. Security men guard the doors and only the Lifeguard wears trunks.

### Apollo Program Is 'Insurance Reports Borman'

NEW YORK (UPI) — Col. Frank Borman said Sunday that spending \$24 billion to put a man on the moon was "technical life insurance for the future of the country."

The astronaut, in a network television interview with fellow space travelers James A. Lovell Jr. and William A. Anders (who are National CBS), said the cost of the program "doesn't trouble me at all."

"I think that what we have done in the Apollo program and in the space program is absolutely essential," Borman said. "If you can take this down to your family, we have only so much money that we can spend. And we have to spend it on food and lodging, and material benefits, on the other hand, we have to spend some of our funds on life insurance. And I look on the Apollo program and the space program as technical life insurance for the future of this country. And I don't think we can afford to neglect it."

### Bastion of Male Learning To Go Coed Next Year

PRINCETON, N. J. (UPI) — After 222 years as a bastion of male learning, Princeton University has decided to admit female undergraduates as early as next year.

The university's board of trustees made the decision Sunday, voting 24-8 to follow the recommendation of a panel that spent a year studying the issue. The panel decided that boys and girls would be better prepared for the world today if they went through advanced education together.

The first females might be admitted with the class due in 1978 according to university president Dr. Robert F. Goheen. Princeton, 10 miles from the nearest city, has 2,800 male undergraduates and 150 women in the graduate school. Only recently were women allowed in the graduate school.

Under a plan projected several years ago, women would make up 25 per cent of the undergraduate student body. That would mean about 1,900 female students.

Princeton, about halfway between New York City and Philadelphia, is the largest Ivy League school to abandon the all-male tradition.

Yale University will admit its first female undergraduates this fall.

### Birth Recorded

FRANKFURT, Germany (UPI) — Princess Benedikte of Denmark, 21, and 27-year-old prince gave birth to Sunday are "doing quite well," University Clinic reported today.

The 24-year-old princess, third in line of succession to the Danish throne, is the wife of German Prince Richard, Count of Zule, 27, who is a member of the German royal family.

### Oil Workers

DENVER (UPI) — The Oil Chemical and Atomic Workers International Union OCAW announced Sunday it had reached agreement on a new oil contract and said it hoped other firms would join in line to settle a nationwide oil strike now in its 10th day.

"I trust and I hope the other companies will make comparable offers," said A. F. Grosprion, union president. "I hope the settlement will save the way."

Grosprion said the contract agreement with the Union Pure Oil Co. would involve an "added cash income of 69.6 cents per hour over a two-year period."

Grosprion said the settlement included a 23.0 cent wage increase for the first year and an 18.5 cent wage increase the second year.

The rest of the settlement was fringe benefits including night work differentials, pension and insurance plans and estimated income tax savings.

DENVER (UPI) — DENVER — It had been seeking a 72 cent wage increase along with additional fringe benefits when it ordered more than 50,000 union members to begin their walkout Jan. 4.

The wage proposal approved Saturday by the OCAW bargaining committee affects 1,000 striking employees at the Union Pure companies — Wilmington and Olean, Calif.

### Capt. Cook's Gun Found In Australia

PHILADELPHIA (UPI) — Six cannon jettisoned by English explorer Capt. James Cook in 1791 in order to free the H.M.S. Endeavour from the Great Barrier Reef off Australia have been recovered by an expeditionary group from Philadelphia's Academy of Natural Sciences.

The six four-pounders, the entire armament of Cook's ship, were coral-encrusted but otherwise in good condition.

Dr. H. Radclyffe Roberts, academy director, said he was surprised by the speed of the finding because the expedition left Philadelphia less than a month ago for a study of life under the reef and to collect specimens.

He credited the use of a magnetometer, an electronic device that detects metal under water, for the find which had eluded at least 10 other efforts to recover the guns.

The coral crust apparently had concealed their shape from other searchers. The academy said an agreement had been made with the Australian government to share the find but the exact terms were not available.

MacKarnes Goodie, vice president of the academy, said the cannons were found on the reef about 20 miles off the coast of Queensland near Cooktown, a tropical community named for the explorer. He said the depth at the point ranged from 10 to 70 feet, depending on the tide and the contour of the reef.

Cook sailed from Plymouth, England, on Aug. 26, 1768 for geographic exploration and naturalist research. He explored the Society Islands and charted the New Zealand coast before going to Australia, then New Holland.

### Student's Society Will Be Checked By House Group

WASHINGTON (UPI) — The Students for a Democratic Society, activist promoter of many campus anti-war demonstrations, will be the top target of the House Un-American Activities Committee this year.

Rep. Richard H. Ichord, D-Mo., said the student organization will be the first matter for investigation by the committee of which he has just become chairman.

### PTA To Meet

BURLEY — Ann Synnevaag, an exchange student from Norway attending Burley High School, will be the featured speaker at 8 p.m. Thursday during the Overland School PTA meeting. The public is invited.

Life in Norway and United States will be compared by Miss Synnevaag with the aid of slides. Family life, education, politics and elections are just a few items she will discuss. She is making her home with Mr. and Mrs. Raymond Johnson, 2460 Burton Ave.

### Downtown Fire Loss Puts 1968 Loss In Top Figure

The total estimated fire loss in Twin Falls during 1968 was considerably higher than in 1967, according to L. Z. Zeke, Bartlett, fire chief.

The reason for the higher loss, the chief noted, was due to the Paris Co. fire in November. There was an estimated \$10,000 damage to the buildings in this fire and an estimated \$94,500 loss in contents.

The total loss in buildings due to Twin Falls fires in 1968 was \$23,225, as compared to \$30,597 in 1967.

The total fire loss in contents was \$105,030 in 1968 and \$49,013 in 1967; miscellaneous losses in 1968 amounted to \$2,555, compared to \$1,250 in 1967, and the total estimated fire loss for 1968 was \$130,820, as compared to \$80,857 in 1967.

In 1967, the total fire loss in contents was \$105,030 in 1968 and \$49,013 in 1967; miscellaneous losses in 1968 amounted to \$2,555, compared to \$1,250 in 1967, and the total estimated fire loss for 1968 was \$130,820, as compared to \$80,857 in 1967.

The Twin Falls Municipal Fire Department, in a new record, alerted during 1968. Some 13,112 feet of hose was used at these fires and 884 feet of ladders. There were 1,170 on shift fires responding to fire calls and 76 of shift firemen were called.

Company A attended 293 hours of fire school; Company B attended 224 hours of fire school and Company C had 295 hours of fire school.

There were 678 regular fire inspections and 74 re-inspections. Ninety-three complaints were checked, 138 verbal recommendations concerning extinguishing equipment were issued and 112 verbal recommendations for corrections or improvements were made.

There were 226 gas permits issued and \$863.50 of fees collected during the year.

### 17,000 Machinists Walk Off Jobs At Douglas Corp.

ST. LOUIS, Mo. (UPI) — More than 17,000 machinists walked off their jobs at McDonnell Douglas Corp. Monday and halted the production of Phantom jets.

Pickets appeared at the gates of the sprawling McDonnell plant and marched in the freezing temperatures. The strikers are members of District 837 of the International Association of Machinists.

Union members met at the St. Louis arena Sunday afternoon and voted to reject a proposed three-year contract that offered them a total 12 per cent wage increase.

McDonnell has a total employment of about 35,000 and is Missouri's largest employer. The Phantom, which travels at 1,600 M.P.H., has been used extensively in Vietnam by the U.S. Air Force, Navy and Marine Corps.

### BIRTH RATE DROPS

HONG KONG (UPI) — Hong Kong's birth rate last year was the lowest since 1953, authorities reported Sunday. They said 82,992 births were registered last year, a drop of 5,179 from 1967.

### Low Is Reported

NEW YORK (UPI) — The lowest temperature reported in the nation Monday by the U.S. Weather Bureau, excluding Alaska and Hawaii, was 20 degrees below zero at Williston, N.D. Sunday's high was 79 at Gila Bend, Ariz.
