TWIN FALLS, IDAHO, MONDAY, JANUARY 20, 1969

TEN CENTS

Idaho Session Resumes

BOISE (UPI)—Idaho could pick up a backlog of \$1.5 million in federal road funds the next two years if the legislature does not increase the state police force, Highway Engineer Ellis Mathes said today.

Mathes made the statement to a Joint Transportation and Defense Committee hearing on highway spending as the 40th Legislature began its second week.

But he did not advocate such an action. He merely answered questions put to him by Rep. William Roberts, R-Blaine.

The Traffic Safety Commission has recommended the state increase its patrol force by 50 men in the biennium, 25 in the first fiscal year and 25 the second. Mathes said the cost of doing this would be \$1,014,000 for the biennium.

"If we didn't add the 50 patrolmen you be able to pick up additional funds to put into road building?" Roberts asked.

Mathes said the state's share of federal road building funds is a fixed amount and that no extra funds could be reached beyond that by obtaining more state matching funds.

However, he said, Idaho does have a backlog of interstate road building funds which could be picked up this biennium, instead of later by making more money available at this time.

He added the state monies also could be used in 100 per cent state road projects.

Meantime, he said, Idaho may have lost some \$40 million in federal road-building projects for the forthcoming fiscal year had the Legislature not enacted the motor vehicle inspection law.

Mathes said this law was one of several required under a federal traffic safety act. States not complying with the act by fiscal 1970 are supposed to lose 10 per cent of their federal funds, Mathes said.

He indicated awareness some states still have not complied with the controversial requirements of the act.

But he said that unless the law is changed they are supposed to lose federal highway funds by fiscal 1970 which begins July 1.

Senators met briefly this morning and then recessed to watch the inauguration of President Richard M. Nixon on television. The House met in a joint session with the Senate to see the inauguration.

MILLION DOLLAR DAYS set by merchants of Twin Falls on Thursday, Friday and Saturday of this week, will mean savings for everyone, and Miss Rhonda Miracle was shopping for a new purse in which to put her cash savings as she was "snapped" by Dan Johnson, Times-News photographer. One highlight of the city-wide sale will be the buying of four free trips to Spain-Portugal as members of the Times-News sponsored Mingle Winter Festival.

Mayor Fires City Marshal At Ketchum

KETCHUM — Les Jankow, city marshal at Ketchum, has been fired by Mayor Ted Werry, it was announced Monday.

Mr. Werry said Monday morning when contacted, that the city council on Thursday had given orders to Mr. Jankow and his deputy and they had failed to follow them. Also at this council meeting a new deputy was sworn in. His name is Edward J. DeCamillo and Eddie Alfa, the other deputy, have been working since the council meeting Thursday.

Mr. Werry said he was exercising his rights as an elected official representing the citizens of Ketchum in relieving Mr. Jankow of his duties as city marshal.

Mr. Jankow said he has several hundred signatures on petitions requesting the city council that he be retained as city marshal. These petitions will be given to the city council at a meeting at 8 p.m. today in the Ketchum city hall.

Members of the council are Robert Glenn, Ben Jowell, Glen Branenard and Carl Mullins.

"Million Dollar Days" At T.F. Feature Free Trips To Spain

A million dollars in merchandise will be dropped in price for quick sale Thursday, Friday and Saturday as merchants from over the city participate in Twin Falls' fourth annual "Million Dollar Days."

The city-wide sale will hit a high spot shortly before noon Saturday when four expense paid tours to Portugal and Spain may be deposited in lieu of one coupon. The drawing will take place in the Times-News business office.

This one lucky coupon will give the person whose name appears on it two of the free tickets and the other two will go to the merchant in whose store the coupon originally was deposited.

These four people will join members of the regular Times-News sponsored tour to Spain and Portugal which leaves Twin Falls Feb. 8 with Norma Herzinger, Times-News society editor, as hostess. Tour sponsors point out that the only difference between the regular tour members and those winning the free trips will be that the four winners "will ride along at no cost."

Coupons — which are now appearing in the advertisements of participating merchants in regular issues of the Times-News — may be deposited in special boxes located in each store. In addition to the merchant-sponsored coupons there are special "bonus" coupons

COME BLOW YOUR HORNI

Thanks to a small island in its center which resembles an old's nose, Horn Island got its name. It is one of the most beautiful islands in the world. You can blow your horn, too, when you visit a first class, low cost West Ad.

Here's the first of several in the West-Ad department today.

WE HAVE FINEST AND MOST BEAUTIFUL ISLANDS IN THE WORLD. You can blow your horn, too, when you visit a first class, low cost West Ad.

Call after 8 p.m. 233-0562.

State Sells 71 Acres Of Silver Creek Property

GANNETT — Charles Larkin, Gannett, purchased 71 acres of land near Silver Creek at public sale Friday for \$14,738, the appraised price.

Mr. Larkin, who owns land adjacent to the property, was the only bidder at the auction at the Blaine County Court House. He also purchased the remaining 40 per cent ownership in a pump motor and equipment used on the land.

The Idaho Fish and Game Department bought the land in 1955 for access to Silver Creek for fishermen. They found the land was in excess of what was needed for the public and decided to sell a part of it. The fish and game officials assured the fishermen there will be adequate access along the creek.

Nixon Sworn In As 37th American President As Millions Pause To Watch

By LOUIS CASSELS
UPI Senior Editor

WASHINGTON (UPI)—Richard Milhous Nixon assumed the awesome powers and crushing burden of the presidency today with a solemn commitment to devote all his energies to "the cause of peace among nations" and the healing of strident divisions among the American people.

The 56-year-old Californian, who was counted out of national politics after a crushing defeat just six years ago, became the 37th President of the United States at 12:16 p.m., the moment he completed the oath of office prescribed by the founding fathers.

With the somber countenance of a man fully aware of the problems confronting him, the new President delivered a 17-minute inaugural address pledging that under his administration, America will seek "the greatest honor history can bestow"—the title of peacemaker.

"After a period of confrontation we are entering an era of negotiation," he told the thoroughly chilled but attentive audience, estimated at 65,000, that jammed Capitol Plaza to witness the most important civic ritual of the American republic.

Arrest and freezing rain, which had been forecast, held off during the hour long ceremony, but the temperature was just above freezing, and 15 mph winds sharply increased its bite.

Nixon's address was delivered slowly, deliberately, with none of the informal, gesticulating or oratorical gestures that usually characterize his speeches. He was interrupted by applause nine times and received a one minute ovation at the finish.

Gravely — with obvious deep feeling — Nixon appealed to his countrymen to "stop shouting at one another and to learn to listen, to care, to understand, to display in their everyday relations the simple but basic virtues of 'goodness, decency, love, kindness."

"Simply 'to lower our voices' would help to relieve domestic tensions which have brought us to this crisis of spirit!" in America, he said.

He also besought Americans to put aside gloom and pessimism.

"Our destiny offers not the cup of despair, but the chalice of opportunity," he said. "So let us seize it, not in fear, but in confidence."

To any who feared that a Republican administration might turn its back on the social programs of the Johnson administration, Nixon offered some assurances. He said, "We will press urgently forward with the programs of the Johnson administration, retaining excellence in education; in rebuilding our cities and improving our rural areas; in protecting our environment and enhancing the quality of life."

Interior Committee Gives OK To Hickel In 14-3 Vote

By ROY MCGREE
WASHINGTON (UPI)—The Senate Interior Committee today approved the appointment of Walter A. Hickel to be secretary of the interior in the Nixon administration.

Sen. Henry M. Jackson, D-Wash., chairman of the committee, said the vote in a closed session, to recommend confirmation was 14-3.

Jackson said Sens. Gaylord Nelson, D-Wis., Frank E. Moss, D-Utah, and George McGovern, D-S.D., voted against approval of Hickel.

Other cabinet selections for the new administration either have been approved or were expected to be approved by Senate committees later, today or by mid-week at the latest.

Jackson said a few details concerning Hickel's appointment of some financial interests remained to be cleared up for the record, but said these presented no real barrier to the committee's approval.

Approval of Hickel came after four days "of consideration, longer for any Nixon cabinet member."

Hickel agreed as the price of committee approval not to open up Alaska public lands to public exploitation and to patenting until claims of Indians, Eskimos and Aleuts were settled.

Hickel also agreed to divest himself of all financial holdings, which might present a conflict of interest.

Hickel also agreed to divest himself of all financial holdings, which might present a conflict of interest.

Jerome Man Dies In Accident Near Tuttle

TUTTLE — A Jerome man died in a fiery crash Sunday morning near here on State Highway 25.

Gooding County Sheriff Earl Brown said Elmer Craig, 38, Jerome, was killed when he was driving a pickup truck which was struck by a truck-trailer, driven by Donald R. Reed, 38, Portland, Ore. The accident occurred at 7:45 a.m. Sunday on a 7/8 mile west of Tuttle.

Sheriff Brown said the pickup truck was traveling west and then started to slide sideways down the highway in slush. The pickup truck slid over into the oncoming traffic lane and was struck by the truck-trailer rig, owned by Northern Pacific Lumber Co., Portland, and was loaded with lumber.

The two caught on fire on impact and burst into flames for about 200 feet before coming to a rest. The pickup was under the tractor part of the truck-trailer rig.

Sheriff Brown said both drivers were thrown from the trucks.

Mr. Reed was taken to Gooding Memorial Hospital where he was treated for bruises and shock and then was released.

Aiding Sheriff Brown in the investigation were William Bunn and Roy Hess, both deputies.

Mr. Craig was born July 24, 1930, in Mountain Home, Idaho, and was graduated from Boise High School. He married Ornel Bonham on March 1, 1951, in Jerome.

They lived in Jerome until World War II when he was a civil service worker in military "deposits" in Hawthorne, Nev., and Hastings, Neb. After the war he lived for a time in Washington and Oregon, moving back to Jerome in 1942. He has been the sexton at Jerome Cemetery since 1950.

Surviving besides his widow, Mrs. Ornel Bonham, are two daughters, Mrs. Patricia (Byrge) Ross, Twin Falls, and Mrs. Maxine Rowbottom, Jerome; a son, LeRoy Craig, Jerome; parents, Mr. and Mrs. Roy H. (Nelle) Noble, Boise, and seven grandchildren.

Funeral services will be conducted at 2 p.m. Wednesday in Hope Funeral Chapel by Rev. Fred C. Johnson. Burial will be in Jerome Cemetery.

Marines Slay 23 Viet Cong In Tunnels

SAIGON (UPI)—Half naked Marines carrying 45 caliber pistols in one hand and flashlights in the other killed 23 Viet Cong and captured 138 more in a battle 30 feet underground, military spokesmen said today.

The fighting raged during the weekend in a guerrilla tunnel network uncovered by some of the 3,000 Marines and 2,000 South Vietnamese troops battling Peninsula 320 miles northwest of Saigon.

The drive into the peninsula, long a guerrilla stronghold, marked the largest Marine amphibious operation since the war ended. Military spokesmen told Kate Webb that 67 Communists have been killed in the weekend campaign, plus 138 captured. They said 1,785 guerrilla suspects have been rounded up.

Elsewhere in South Vietnam, Communist forces greeted the Nixon administration today with assaults against two U.S. bases near Saigon and a raid into the Central Highlands city of Ban Me Thout. The attacks in the Highlands killed six GIs and wounded 17 more.

Thousands March In Prague To Protest Student's Death

PRAGUE (UPI)—Thousands of Czechoslovakians wearing ribbons over their hearts for the first time since August in a demonstration, marched along the streets of Prague today in a display of respect for student Jan Palach, 21, who burned himself to death.

Western observers said they believed tension in the city was greater than at any time since the Soviet-led Warsaw Pact armies rolled across the border last August.

Some students in a defiant gesture to the Soviet occupation forces, gathered to renamo Red Army Square in honor of the young student who poured kerosene on his clothes and burned himself to death to protest against Russian interference in his homeland.

Not since the invasion have citizens appeared on the streets with the red, white and blue "ribbons of courage" pinned to their coats. Most of the ribbons were crossed with a strip of black to honor Palach who burned himself fatally Thursday.

There were fears of more self-immolations in protest against Russian occupation in the Communist bloc. From Prague not to do so his dying words were, "My act has fulfilled its purpose."

New U.S. Negotiating Team Arrives In Paris

By GEORGE SIBERA
PARIS (UPI)—The vanguard of President-elect Richard M. Nixon's negotiating team arrived today under orders to get acquainted with Vietnam war negotiators as quickly as practicable this week.

Lawrence H. Walsh, the new deputy American delegation leader, told newsmen upon arrival from Washington he saw "elements for optimism" in the new talks on how to end the conflict, starting this week.

"I think it would be wrong to minimize all the difficulties ahead," Walsh said. "Everyone realizes that a good start has been made but there is more to be accomplished. But I see elements for optimism here in Paris."

Walsh was greeted at Orly Airfield by American Ambassador to France R. Sargent Shriver and outgoing Nixon delegation leader Cyrus Vance.

Walsh said new delegation chief Henry Cabot Lodge, expected to arrive here tonight, will decide himself whether the conference can open Tuesday as proposed by North Vietnam and the National Liberation Front (NLF), the political arm of the Viet Cong.

Moving ahead at unusual speed after eight months of bitter public and secret bargaining, the four parties involved—Washington, Saigon, Hanoi and the NLF—agreed on procedural issues and agreed to plunge into main war-and-peace matters early this week.

Highly respected of the four delegations agreed at a meeting to henceforth hold their new conferences in quick succession at the international Paris Center in the Paris Postal Ministry. Previously, briefings were held in scattered places.

Harrisman expressed hope the following order of business: Deescalation of the war; Mutual reduction of Viet Cong and American forces; Full withdrawal of American and

Agreement was reached Saturday to sit at a round table, avoiding the issue of recognition for the Viet Cong as an independent delegation, negotiating from one side of a square table.

Harrisman, obviously briefed on the goals of the Nixon administration, disclosed that the U.S. negotiators will table a proposed allied agenda at the opening session calling for discussion on the following order of business: Deescalation of the war; Mutual reduction of Viet Cong and American forces; Full withdrawal of American and

South Vietnamese forces from the South.

The North Vietnamese and Viet Cong are expected to demand priority discussion on the American proposal for a "Vietnam" plan. Hanoi has never admitted publicly its troops are in the South.

Anhan diplomats said the Communists would probably agree to an armistice halting hostilities in the South, providing American troops are withdrawn from the South.

American officials said the allies would also call for the re-establishment of the Demilitarized Zone along the 17th parallel, possibly under international supervision.

See PARIS TALKS, pg. 2, col. 1

Mid-East Tense, Offers Rejected

By United Press International
Big powers moves for peace in the Middle East were rejected today in Cairo and Jerusalem, Israel rejected a Soviet plan and Egypt accused the United States of "total favoritism" toward Israel.

Foreign Minister Abba Eban of Israel said a Soviet plan for a "demilitarized" zone along the 17th parallel, possibly under international supervision, would lead to a new war.

In Cairo, Egypt rejected an American reply to the Soviet plan.

The American reply was much worse than we expected because it manifested complete American favoritism toward Israel.

Boners Of The Pueblo Were Not Bucher's

Monday, January 20, 1969... AL WESTERBERG... GENE CARPENTER... DALE THOMPSON... PAUL STANLEY... O. J. SMITH

COMMENT

Peking Coexistence

From Christian Science Monitor... One argument seems incontestably clear in world affairs today: a China which is able to explode a hydrogen bomb... must be a strong candidate for membership within the United Nations.

recent lengthy interruption, since 1955. The Chinese Government appears to have adopted a saner, calmer course after its three years of "Red Guardist" upheavals... This is a fluid moment. It should be seized upon. The United States is making vigorous efforts to close off the Vietnam war... to extricate itself from a Far Eastern policy which, against historic precedent, has committed American forces on the Asian mainland.

WASHINGTON — The Navy cannot expect more information as a result of North Korea's seizure of the USS Pueblo... Bucher was under orders, however, to take all possible steps to prevent capture by the Communists of the Pueblo's secret electronic equipment... "That is the present reading at the Capitol, where new information on the seizure is being circulated now that members of the crew are telling their stories to Navy authorities."

ed to scuttle his ship rather than let it fall into Communist hands... Bucher was under orders, however, to take all possible steps to prevent capture by the Communists of the Pueblo's secret electronic equipment... "That is the present reading at the Capitol, where new information on the seizure is being circulated now that members of the crew are telling their stories to Navy authorities."

stationed at bases in South Korea and none had been assigned to cover the Pueblo's mission... The Communists had air superiority until and until U. S. planes could be shuttled from Japan... Contrary to some published reports, efforts were made to destroy some of the ship's sophisticated radar and electronic gear with explosive devices.

sophisticated selection process in choosing commanding officers for its spy ships... The latter statement by Russell has been interpreted as a rebuff at Bucher. The senator explains, however, that he thinks the Navy should carefully assign to such sensitive missions the officers who are best qualified and trained to conduct them and to risk a sudden confrontation with the Communists.

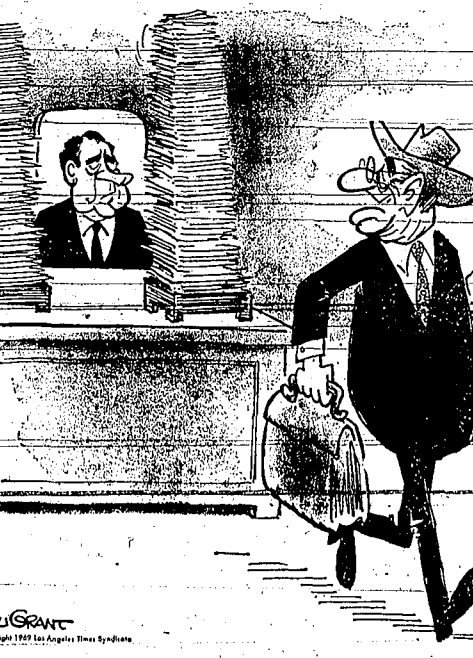

officers who are best qualified and trained to conduct them and to risk a sudden confrontation with the Communists... Available information still indicates that the Pueblo did not penetrate the territorial waters as claimed by North Korea.

GEORGE C. THOSTESON, M.D. The Boy-Girl

"Dear Dr. Thosteson: I have a grandson who is very feminine... I have tried in vain to make my son and his wife realize that they should do something about it... It is not at all unusual for kids to dress up in clothes of the opposite sex as part of play fantasy... Can't these parents, confused as they must be, see what life is going to be like for this child if he doesn't very soon start being a boy—and wanting to be a boy?"

tending to identify himself with his mother?... The youngster needs guidance—skilled guidance. So, I suspect, do the parents. But it is still not too late to help the boy find himself a way of life... It is not at all unusual for kids to dress up in clothes of the opposite sex as part of play fantasy... Can't these parents, confused as they must be, see what life is going to be like for this child if he doesn't very soon start being a boy—and wanting to be a boy?"

"Y'All Have Fun Now—Heh, Heh"

They Can Be Wrong

From The New York Times... Fifty million Frenchmen, as the old adage goes, have been wrong... But all 50 governors of these United States can be wrong when their judgment is clouded by greediness to latch onto federal highway funds.

has voted billions each year for super highways between cities, with the result that the bulldozer has become the juggernaut of the modern age... highways are built, but the ruthlessness with which highways have cut through city and country without consideration for the people who live there has become a national scandal.

Orval Means Business

The Idaho State Journal... Those who don't know Orval Hansen may suspect his motives... going of record against a Congressional pay increase, since it's obvious the hike will be accepted.

paign in the Second District on two main plans—economy, and law and order... He is firmly committed to the notion that the United States must put its financial house in order, and he will be an opponent of any spending which may be even slightly questionable.

It's A Great Day

The Seattle Argus... The beginning of sanity is seen in announcement by ABC that this television network, starting now, will be dark in the mornings... No programs at all, unless local affiliates like KOMC-TV fill in with their own material.

put quality into those man-eating, full-day schedules... And possibly a second great development for those men and women at home in the mornings, freedom from the tube... As in a dream, we saw a writing writer, children, writing letter, reading books or the morning paper.

ANDREW TULLY

McCarthy Is A Lousy Loser

WASHINGTON — We should not be content with the cancellation of some pundits that big-time American politics has seen the last of Sen. Eugene McCarthy... He is a lousy loser and may be too busy in work at the Presidency, but I'd like to see him sick around, even as legislative assistant to Teddy Kennedy.

McCarthy the politician, and especially the McCarthy who voted against Teddy Kennedy for the post of the Democratic whip (assistant majority leader) for the Senate... He never pretended to be anything but a spoilsport, first emphasizing this rule when he announced against Lyndon Johnson with the aim of creating opposition of Johnson's politics.

In the Kennedy business, McCarthy also showed that he is not so rational... He concluded that Teddy was not being boomed for Whip because he was just the kind of assistant executive the Senate needed, but because he was a spoilsport.

ART BUCHWALD On Warranties

WASHINGTON — Betty Furness, in a speech the other day, revealed something that the average consumer has known for years... It is that the consumer is that come with most American products aren't worth the computer cards they're printed on.

"You have a record of it. Here's my sales slip... 'Yes, that's true. We know you purchased an electric can opener and YOU know you purchased an electric can opener, but Leavenworth, Kan., doesn't know... 'Look,' I said, 'I should think you would be worried for the good name of McCarthy, Swaine and Klutzkowitz... 'But we're not owned by McCarthy, Swaine and Klutzkowitz any more... 'That's great, but what about a new electric can opener? Just give me one and I'll be on my way... 'We can't. You see, we've discontinued making electric can openers... 'How could you discontinue making them? I just bought this one for Christmas... 'That's why we discontinued them. A lot of people bought them, but they didn't work. I guess our mistake was putting the head of our tire division in charge of electric can openers... 'I'll take you home and see if there is some way of getting Leavenworth to accept your Green Warranty Card even if it does cost him a fortune... 'And will that get me a can opener?... 'Of course not. But it will put you on our mailing list for any new appliances we plan to put out this year... Official City and County Newspaper... Published daily and Sunday at 130 Second Street, Win Falls, Idaho, 83301, by Magic Valley Newspapers, Inc. Education Funds Is Topic Of Tax Meet

SHOSHONE — Rural and city organizations from Twin Falls, Jerome, Gooding, Lincoln and Blaine counties in a capacity crowd met at the Wood Cafe, Jerome, Saturday night for a Tax Equality Association meeting. The Idaho Tax Equality Association called the meeting, which was conducted by Ted Mason, Kimberly, chairman of the state group.

Don Rowe, Boise, presented a salary and budget outline of administrative officials and professors of Idaho universities. He emphasized the need for this information to be made public and available to taxpayers of Idaho "to help them realize where the huge appropriations for education are going."

Rowe explained the hazardous and nearly impossible procedure for anyone to obtain this information. He said it is supposed to be made easily available to organizations and citizens of the state.

Special NFO Meeting Set For Tuesday

The Twin Falls NFO will hold a special meeting at 8 p.m. Tuesday, in the American Legion Hall. There will be a discussion on the bargaining goal for the 1969 crops.

Floyd Shepherd, Twin Falls County NFO president, invited all farmers to attend this meeting along with all the NFO members.

A special bargaining price on all farmers' crops will put them in the position to price crops in a contract. This will strengthen the economy of the valley and nation.

At a recent meeting of the Twin Falls County NFO new officers were elected with Floyd Shepherd, Hansen, as president. George Jucker installed him.

Other officers elected were Mr. Jucker as vice president, Leo Shepherd as secretary, Robert Roberts, treasurer, and Melvin Tilly, trustee for three years.

A meat committee was also elected with Dick Howard, Bush as chairman, and Boyd Brown, Dan Ramseyer, Ted Mason and Ted Sturgill as committee men.

A progress report was given on Idaho. This tape was from the National headquarters.

Space Expert Defends '69 NASA Probes

SAN FRANCISCO (UPI) — A space program executive, answering critics of America's efforts to explore space, says such projects "have more promise of creating new wealth" than even new industries.

Philip N. Whittaker of the National Aeronautics and Space Administration said critics of space probes are wondering why the "money we're spending on space programs isn't put into the cities of the world to create a cure for cancer."

"There are good questions. They should be, and are being, asked and answered," Whittaker asserted before 300 delegates to the 42nd annual convention of the National Cancer Association.

Whittaker said persons who want space funds spent on poverty programs "forget one fundamental issue: If you want to distribute wealth, you've got to first create it."

Whittaker, NASA assistant administrator for industry affairs, said "Science and technology programs under way today are only those conducted under the challenge of space, have more promise of creating new wealth than even the programs we understand under the great pressure of world war II."

"Nuclear energy, microwaves, synthetic materials, rocket propulsion and electronic computers continue to be on the cutting edge of technology," he said.

"A great deal of our national prosperity is based upon them and our space programs are active in every single one of these fields," Whittaker said.

Three Fire Calls Answered Here Over Weekend

Twin Falls Municipal Fire Department answered one fire call Monday morning and two Sunday morning.

Trucks were dispatched to a garage fire at 510 Locust St. to extinguish a garage fire. Some men were working in the garage, washing auto parts in gasoline, and a stove caught fire. The garage, owned by John Myer, was a complete loss.

At 8:04 a.m. Sunday the fire department was called to 200 Falls Ave. E. to a building belonging to Lott Electric. The overheated furnace damaged rafters surrounding it, but there was no other damage.

Statewide Adjustment Bureau, 1510 Addison Ave. E., called the fire station Monday morning to report a fire in the oil heater there. The fire was out on arrival of the fire crew and there was no damage to the contents of the building. The property is owned by Jack Gough.

Typical remarks made from the floor after Rowe's presentation were: Gilbert Pierson, Shoshone Chamber of Commerce president, "I wish every member of the Shoshone Chamber of Commerce were here to hear this." Clifford Orchard, Blaine County Farm Bureau, "This is astounding. Every taxpayer in Blaine County should be here tonight." Lawrence Tew, Lincoln - Blaine Pomona Grange, "I wonder our classroom teachers are being paid a sub-standard wage."

Representative Vernon Ravenscroft, Tuttle, said he needed to channel more money down to the classroom level instead of to other areas. "The basic position," he said, "is that money for our teachers on the classroom level is not providing a family support wage."

Rep. James Tibbets, District 20-B, Jefferson and Clark counties, in explaining to the group his reasons for returning the bill to a day check to the state auditor and his reasons for introducing a bill to the Legislature to repeal the salary and expense recommendations made by the lawmakers within 25 days of this session of the Legislature.

Tibbets stated he felt it was a great honor and privilege to serve the people of Idaho in the Legislature. He said he felt the previous salary and fringe benefits and expense money provided the legislators was adequate. He said he based his campaign for the office on a conservative platform and to be fair to the people of his district and the state, he must follow the course.

Other legislators present at the meeting Saturday night stated in their opinion Rep. Tibbets received no support whatever in either the House or the Senate for he repealed the law.

"My definite desire was expressed by representatives from various organizations present to obtain the salary and budget information given by Rowe at the meeting."

The Idaho Tax Equality Association announced as a result that they will mail copies of this information to every organization or individual who sends his request to Floyd Silva, Shoshone, secretary of the association.

In other matters discussed the group expressed opinion that the present motor vehicle inspection law should be repealed and a more workable and fair law passed.

They discussed the tax surplus on the state level and the College of Southern Idaho Junior College Bill before the Legislature.

Faculty Members From New Navaho College Inspect School At Hagerman

By WILMA LARSON
Times-News Correspondent

HAGERMAN—Hagerman has been privileged to have a small part in another first in American education.

Jerald Judd, Rod Lewis and Alton Johnson, all faculty members of the Navaho Community College, Many Roads, Ariz., visited Hagerman school to inspect the Individualized Learning Center last week to gain first-hand information and view individualized learning in action. This information will be incorporated into the curriculum at their college.

White these visitors are but three of the thousands who have visited the local school and learning center with the same purpose, they represent one of the firsts in American education. The Navaho Community College, the first institution of higher education located on a reservation and controlled by a tribe, is scheduled to open its doors Monday for student orientation week with classes commencing Jan. 27, thus fulfilling a dream shared by the Navaho people for decades.

The college will be located temporarily at Many Roads, Ariz., sharing the facilities at the new Bureau of Indian Affairs high school from January until June of this year.

Construction of the permanent campus is to begin this spring on a 2,000-acre site at Tsalie in the northeastern corner of Arizona. The college will be near the large Tsalie Lake region, a primitive and red mountains often called "The Alps of the Navaho Reservation."

The site was given to the college by the Tsalie-Wheatfields chapter and officially withdrawn by the Navaho tribe. Chapters are primary units of government on the Navaho Reservation.

INSTRUCTORS FROM the new Navaho Community College, which is to open Monday at Many Roads, Ariz., visited the Individualized Learning Center at Hagerman last week to gain first-hand information as to the operation of the learning center. From left, Kenneth Clements, Hagerman student, shows material on file in the learning center to Jerald Judd, Roy Lewis and Alton Johnson. The Navaho Community College is the first institution of higher learning located on a reservation and controlled by a tribe in the United States.

Faculty Members From New Navaho College Inspect School At Hagerman

area, approximately 95 percent of the student body at this time is Navaho.

The college will cater to the particular needs of the Navaho people. To the college will come those who speak English and those who do not, those who have graduated from high school and those who have not, and those who transfer credits from other colleges and universities. The college will offer terminal and transfer courses.

Besides academic courses, the college will offer a vocational technical program which will grow in scope through the years. Agriculture, an arts and crafts program will give students the skills they need to be self supporting.

Some of the most talented Navaho craftsmen in the world will teach students how to work in silver, leather, wool and clay. The college will offer both day and night classes.

A team-teaching approach will be used to give students full exposure to the intellectual resources of the faculty. Students will take small and large group instruction, work-in-laboratories and pursue independent study—advancing at their own pace. Information and methods used at Hagerman will be adapted for use at the college.

The teachers from the college who visited Hagerman are in their student body to a large degree, from the geographical

on the Navaho Reservation. The college expects an enrollment of 500 students when it opens at Tsalie.

For the first semester, an enrollment of approximately 250 students is anticipated.

Although the college is located on an Indian Reservation and controlled by the tribe, this is not a segregated college. It is a public institution committed to accommodate non-Navahos also, but since it is located in the middle of the Navaho reservation and since colleges draw their student body to a large degree, from the geographical

A Bomb?

WALNUT CREEK, Calif. (UPI) — The Walnut Creek Police Department is conducting a quiet investigation of a noisy incident at police headquarters.

At 11 p.m. Saturday, an explosion shook the building, smashing window panes and causing a cloud of dust to billow down a narrow walkway between the station and an adjoining building.

A spokesman admitted Sunday that a metal-encased "Bomb" had been detonated in the walkway, but he had very little else to say.

Injuries? "No."

Structural damage? "Limited."

Were communications or electricity disrupted? "No."

The police station was in operation throughout the incident.

Any bomb threats? "No."

Any indication who wanted to blow up the police department? "I can't imagine who."

Utah Lawmakers Return To Duties

SALT LAKE CITY (UPI) — Members of the 38th Utah Legislature returned to the law making chambers on Capitol Hill Monday with their attention divided between inauguration ceremonies in Washington and jam packed legislative calendars in both state houses.

The morning inauguration of President elect Richard M. Nixon attracted the attention of most of the legislators but leaders in the House and Senate were anxious to return to legislative duties.

Space Razor Developed By Inventor

ALBUQUERQUE, N.M. (UPI) — The day of the bearded astronaut may be over, thanks to an invention by a self-educated inventor of Kirtland Air Force Base in Albuquerque.

Glenn C. Almsworth, 47, has designed a razor which will be able to use in space as well as on Earth.

Space shaving is a task heretofore not accomplished by American astronauts, involves some tricky problems not found on Earth. Since there is no gravity, the whisker stubs can fly around the space capsule, cutting the hair and possibly causing mechanical difficulty if the tiny specks get lodged in the wrong place.

Almsworth's design calls for a vacuum operated razor with a rotary cutter. It measures less than three inches in diameter. Air pressure from the head of the razor to the motor, spinning a vane which sucks the whisker stubs into a collection compartment.

Almsworth estimates it takes about three minutes and three and a half cubic feet of air to shave. He said the razor gave remarkable close shave, due to the combined action of the cutter head and the vacuum effect.

Almsworth, who has patented the design, said he thinks his razor has a good chance for use in space.

"They're going to have to use a razor up there eventually," he said.

Car Thefts End In Arrest Here

Two Twin Falls youths have been arrested by Twin Falls City Police on charges of first degree burglary.

One of the youths, 17, was arrested Friday night and the other one was arrested earlier in the week. Both have been released to the custody of their parents.

The youths were arrested in connection with several burglaries from automobiles.

Boisean Named To Gem Post

NEW YORK (UPI) — Mrs. Donald De Chambeau, Boise, has been appointed Idaho volunteer advisor for the national foundation-March of Dimes, said O'Connor, president, anounced Monday.

Mrs. De Chambeau will work closely with women's clubs and youth-serving organizations to develop educational projects concerning prenatal care, the problems of birth defects and the help available to patients, families and communities through the march of Dimes.

The voluntary health organization is stepping up its attack on birth defects which afflict more than a quarter of a million infants born in the United States each year.

Since healthier mothers usually have healthier babies, the march of Dimes strongly emphasizes the need for pregnant women to obtain prenatal care and is seeking to "improve the quality and availability of the help throughout the nation.

The march of Dimes group is also substantially expanding its nationwide network of birth defect centers as well as intensifying its public and professional education programs while financing basic research projects related to defective prenatal development.

Mrs. De Chambeau is a member of the Crane Creek country club, the Idaho Historical Society, Pi Beta Phi alumni group, the Republican Women's Club and Legisladies.

President Of Radiological Group Named

Mickey College, radiological technician at St. Luke's Memorial Hospital, was elected president of the Magic Valley Area Radiological Technologists group in the evening session of a week in the hospital auditorium.

Other new officers are Mrs. Woody Beer, R. T. Magic Valley Memorial Hospital, and Jean Upton, St. Luke's Hospital, Boise, Cullings, Buhl.

Richard Fedrizzi, technical representative of General Anala Film Corp., was named president of the Magic Valley Automatic Processing Equipment. He noted the advantages and disadvantages of the equipment.

It is the desire of the manufacturer for the technician to use the film to its greatest potential. Mr. Fedrizzi also presented a film, "Eye Expressions of the Face of the Astronaut" in the technical session.

During the meeting tentative plans were made for technicians to attend the national radiological convention at Atlanta, Ga. Plans to sponsor a banquet for the Northwest Conference of Radiological Technologists in October is also being discussed.

During the business meeting Myrtle Stearnley, outgoing president, reported that Allan Schalmers, chief technician at St. Benedict's Hospital, Jerome, is transferring to Caldwell and will attend the College of Idaho.

Fourteen technicians from Buhl, Twin Falls and Jerome attended the meeting.

The next meeting will be Feb. 20 at the hospital auditorium.

Jerome Duplicate Results Reported

JEROME—Jerome Duplicate Bridge Club met Saturday at the Elks Hall with eight tables in play.

East and west winners were Mrs. M. D. Hart and Mrs. H. M. Wycoff, first; Mrs. T. F. DeWetter and Mrs. T. E. Greenhigh, second; and Mrs. A. B. Wootley and Mrs. M. Gertrude and Mrs. W. T. Hines first; Mrs. M. E. Solomon, tied for third and fourth.

North and south winners were Mrs. J. Saunders and Mrs. R. W. Wood, first; Mrs. M. Hogg and Mrs. C. J. Straughn, second; and Mrs. W. J. King and Mrs. W. J. King, third; Mrs. J. M. Munyon and Mrs. R. J. Reese, tied for third and fourth.

Next Saturday at 1 p.m. will be an open play competition at the Jerome Episcopal Hall.

WITH HIS EYES GLUED TO THE CONDUCTOR, Willier Shorts, 12, plays his clarinet during a concert at a Milwaukee school. This picture is a study in musical accomplishment. Who knows, maybe the young musician will turn out to be another musical great. (UPI wirephoto.)

Troops Arrive For Maneuvers At Czech Border

NUERNBERG, Germany (UPI) — American jet transports began landing Monday at Buzberg, Czech airport, in a two-day airlift that will bring 5,000 U.S. troops from the United States to Germany for maneuvers at the Czechoslovak border.

The C141 Starlifter transports carrying troops of the U.S. 24th Infantry Division were scheduled to land about every half hour until the airlift is completed Tuesday. They flew from Forbes Air Force Base near Ft. Riley, Kan.

The exercises are designed to perfect techniques for emergency reinforcement of western Europe. They are also designed to test the mobility of 7,000 American troops arrived earlier for the maneuvers.

Eight European Communist newspapers have described the maneuvers as a "severe provocation."

2 Funerals

BADAJAZ, Spain (UPI) — Alberto Martinez, who died in a charity hospital at the age of 74 Saturday had two funerals Sunday.

As he was about to be placed in his coffin doors were away to an emergency case. Undertakers took away the empty coffin and buried it.

The doctors discovered the mistake on their return. The undertakers made sure the reluctant cadaver was interred the second time.

BLONDE BEATS BILL

ELLESMERE PORT, England (UPI) — Embarrassed post office staff members reported to justice here that the shapely blonde they made comfortable in the postmaster's private office for her phone call at Australia had sneaked out without paying the 50 pence \$120 due on the call.

Idaho Senate Leader Denies Support Of 'Lump Sum' Funds For Higher Education

BOISE (UPI) — Chairman Fred Bagley of the Senate Education Committee, Sunday said he could not support a "lump sum" appropriation for higher education unless a "workable formula" is devised for distributing the funds.

Such a bill was proposed Saturday by Asst. House Majority Leader Harold Snow, R-Moscow, as a means of ending "section 501(c)(3) status" for non-profit "workable formula" is devised for distributing the funds.

Democrats in the Legislature also have suggested putting all higher education appropriation into one bill, although they went to each institution.

"I believe in the theory of a lump sum only if you have a workable formula for distributing the funds," Bagley said. "I don't believe the formula (worked out by the Board of Education) is a valid formula."

He said some of the unrealistic projections "are growing 12 per cent. Some are growing more and some are growing less."

Bagley said he plans to have his committee meet soon with a representative of the State Board of Education to look into the financial needs of Idaho's institutions of higher learning.

Bagley added that Barker's subcommittee will look into the needs of the junior colleges as well as the colleges and universities.

Counseling Study Is Set In Boise

BOISE (UPI) — The Idaho Department of Employment is conducting a three-day seminar for veterans employment consultants, beginning Tuesday.

Wednesday afternoon, C. D. Lathrop, veterans employment representative for Idaho, is scheduled to give a summary of the seminar during the closing session Thursday afternoon.

Karn said that although emphasis will be on training, most of the sessions will bring the veterans employment consultants into the program as active participants.

Veterans employment consultants representing the Dept. of Employment statewide system of local offices who will take part in the three-day seminar include Gilbert Barad, Blackledge, Wiley Fisher, Boise; Jerry Denney, Boise; G. G. Caldwell, Charles M. Douglas, Anacapa, chief of field operations; and Mitt Blume, supervisor of employment service technical services.

Low-Babb, department adjutant of the Idaho American Legion, will be the main speaker.

Hardin Won't Be Faced With Barrage Of Major Decisions

WASHINGTON (AP) — When Clifford M. Hardin takes over as Secretary of Agriculture, he will not be faced with a barrage of major decisions to make on this year's farm program.

Freeman has already announced most of the big federal control programs for 1969, packaged neatly in the support bill which has been passed since 1961.

The 1969 wheat program was announced last June 14, upland cotton in February and soybeans on Dec. 26. In addition, Freeman made major decisions affecting the government's dairy program, which are not set to expire until next spring. In the case of wheat, the 1969 program required an early decision on whether to support the fall-for-harvest program.

Cotton programs also are geared to early announcement, and the Nixon farm program decisions are revealed as early as possible so they can plan ahead.

But because of a near-record feed grains output in 1968, there had been widespread speculation that this year's program would be less generous than the Nixon administration, ostensibly to permit later production and expansion figures for 1969-70 projections.

However, the total 1968 output of such crops as corn, sorghum grain, oats and barley declined toward the end of the year from earlier estimates, and this enabled Freeman to come up with what his advisers felt were easier answers.

The three major federal programs which provide price supports and payments to farmers in return for acreage controls are provided by the Food and Agriculture Act, which was ex-

File Early, Be Careful, IRS Warns

"File early, but carefully." Is the advice of the Internal Revenue Service officials again this year regarding income tax returns.

IRS Information Officer John C. Anduzia gave the following pointers, explaining that all tax returns are now checked and processed on "electronic" accounting machinery and must be correct and complete in every detail.

1. Use the preaddressed forms mailed to each taxpayer, or at least the "piggy back" table on them which is coded for machine processing.
2. Follow the instructions enclosed with the forms, which are being fine-tuned to prepare the return.
3. Double-check the return for correct social security numbers, names and addresses, signatures, arithmetic and calculation of the tax.
4. Eave records to prove all deductions taken.
5. Salary and wage earners should not file their returns until they receive their W-2 form from all of their 1968 employers.

Mr. Anduzia reminded taxpayers that incorrect or incomplete returns delay the payment of income tax refunds.

Sheridan Lawyer Dies Of Ailment

SHERIDAN, Wyo. (UPI) — A well known Sheridan attorney died of an apparent heart attack Friday.

R. G. Vanderler, 81, is survived by his wife Nellie; son Raymond G. Jr. of Key Biscayne, Fla., and his granddaughter, Mona Lynn Vanderler, who made her home with her grandparents until her marriage.

Funeral arrangements are pending.

Kay Hoalst

GLENN'S FERRY — Funeral services for Kay Marshall Hoalst, 43, former Glenns Ferry resident, who was killed in an auto crash Thursday in Claremont, Calif., were conducted Monday in Claremont.

He was born Jan. 29, 1925, at Brunau, and moved to Hammett when he was 11 years old. He attended Hammett schools and was graduated from the Glenns Ferry High School. He married Alice Bacon in May, 1946. He attended college at Berkeley, Calif., and returned to Glenns Ferry in 1951. He went to work at Arco with the A.F.C.

After that he went to Torrance, Calif., and was in Tulsa, Okla., for three or four years. He then went back to California and has lived at Claremont since. He was an electronics engineer with Hughes Aircraft.

His wife died on March 31, 1968. He remarried on Jan. 11, 1969.

Survivors, besides his widow, Helen, are a daughter, Patricia Renee Hoalst, Claremont; three sons, Stanley Hoalst, Claremont; with the Navy, and Marshall Hoalst, Hill Air Force Base, Ogdens; a sister, Mrs. June Fitzgerald, Meridian; his parents, Mr. and Mrs. W. E. Hoalst, Glenns Ferry, and two brothers, Preston Hoalst, Namna, and Wesley Hoalst, Hammett.

Funeral Services

TWIN FALLS — Funeral services for George S. Carter will be conducted at 2:30 p.m. Tuesday at the Holy Memorial Chapel by Rev. Bonnie Whitehead. Final rites will be held at Twin Falls Cemetery. Friends may call at the chapel until 2 p.m. Tuesday.

Funeral services for Doc Eugene Lilly will be conducted at 2 p.m. Wednesday in Twin Falls. Services will be held at Rev. Lavoy Robertson officiating. Final rites will be in Twin Falls Cemetery.

RUPERT — Final rites for Joseph F. Layden, 92, who died Saturday in a Mountain-Home hospital, will be held at 2:30 p.m. Tuesday in the Rupert Cemetery. He was a former Rupert resident. Rosa and Max will be in Mountain Home.

RUPERT — Final rites for Joseph F. Layden, 92, who died Saturday in a Mountain-Home hospital, will be held at 2:30 p.m. Tuesday in the Rupert Cemetery. He was a former Rupert resident. Rosa and Max will be in Mountain Home.

Judy Garland Misses Cue Several Times

LONDON (UPI)—Singer Judy Garland's stand-in appearance on a TV show Sunday night provoked hundreds of calls from viewers who thought she was ill.

Miss Garland, 46, singing six nights a week at the talk of the town theater-restaurant, appeared on the independent television show as a last-minute substitute for Lena Horne, who was indisposed.

Viewers were puzzled when the orchestra played an apparently overlong introduction before Miss Garland arrived on stage. During her performance she missed the words of her songs several times.

During one song she broke off halfway but drew applause when she sang over the top. "I'm glad to be here," she said, "I'm glad to be here."

The producer of the show said later they thought her performance was fine. Miss Garland who last week was suffering from influenza, was not happy for coming to the show.

The four-times married singer plans her fifth wedding soon, to night club manager Mickey Deans, 36.

Total Of 3,007 Claims Processed

By Social Security

During the year 1968, a total of 3,007 claims were processed by the Twin Falls Social Security Administration Office, as compared with 1,887 in 1967.

The breakdown and comparisons are as follows: 564 disability claims in 1968 as compared with 225 in 1967; 1,430 retirement claims, as compared with 1,107 in 1967; 889 survivors benefits in 1968, as compared with 14 in 1967; and 412 miscellaneous claims in 1968, with 100 in 1967.

Mr. Davis also said that more than 4,122 new account numbers were issued during the year.

SAIGON 'OFFICE' PLANNED

STOCKHOLM (UPI)—South Vietnam will soon open an information office in Stockholm, the newspaper Dagens Nyheter said. The newspaper quoted two Swedes who just returned from the World Anti-Communist meeting in Saigon as saying that South Vietnam considered Scandinavia Saigon's weakest point in terms of propaganda.

Richard Merritt

RUPERT — Richard Dale Merritt, 41, died Saturday evening at the State Hospital in Gooding of a lingering illness.

He was born March 18, 1927, in Illinois. He moved to Rupert in 1952. He was a graduate of the High School in 1945 and worked as a desk sergeant for the Rupert Police Department for 11 years.

Surviving are his mother, Mrs. Maurine York, Rupert; and a half-brother, Dean York, Ubah City, Calif.

Funeral services will be conducted at 2 p.m. Wednesday at the Walk Mortuary Chapel. Elder Leslie Henry, Primitive Baptist Church, will officiate. Burial will be in the Rupert Cemetery. Friends may call at the mortuary Tuesday afternoon and evening and until time of services Wednesday. Honorary pallbearers will be Larry Barkdale, Nile Miracle, Henry Miracle, Lester Dozier, Earl Wysong and Renie Fischer. Active pallbearers will be six uniformed Rupert Police Department officers.

Farm Business Conference Set In Illinois

WASHINGTON, D.C. — Finding ways of meeting 1969-70 challenges to farmers and their cooperatives in producing and marketing America's high-quality food staples and fibers, at fair prices for all, is the goal of the 1969 summer session of the American Institute of Cooperation Aug. 3-6 at the University of Illinois, Urbana, J. K. Stern, institute president, announced today.

"When some 3,000 farm business leaders, young farmers and rural youth seeking satisfying and income-producing life-time careers in farming, meet on the Illinois campus, they will be confronted with changing changes, mergers and more modern marketing methods, and continuing battle to avoid misunderstandings re-converting for communications," he said.

In announcing the Illinois dates and the first meeting of the Washington-Hill Hotel on Jan. 12, Mr. Stern spotlighted again some of the problems of farmers and their business organizations.

"Some of these are: What current trends are good and bad for farmers? How can the production and marketing methods, and continuing battle to avoid misunderstandings re-converting for communications," he said.

"The A.I.C. summer conference, held in August at the invitation of a Land-Grant University, has been the annual gathering of farm-interested groups since 1925. The Illinois session being the 41st since it has not yet held due to World War II.

"Illinois' farmer cooperative, educational, and rural organizations are cooperating with the Institute to make the 111 sessions timely, valuable, and challenging to both adults and youth. A separate Youth Program is being developed under a national committee chaired by Walter Jaroby, A.I.C. Youth Education Director."

Help!

NEW YORK (UPI)—Dan Pellicola, a taxi driver whose monthly electric bill normally runs about \$0, opened his month's bill from the Consolidated Edison Co. and found he owed \$2,000.40.

Pellicola decided the utility's computer erred on his telephone. Tuesday, Wednesday, Thursday and Friday. He said he got no help but "got transferred to a new department and I think I know the entire business office setup."

Then late in the week, a letter arrived from the company. "Dear customer, it will be necessary to turn off all your services unless you pay the amount noted below, by Jan. 27, 1969."

The total: \$2,000.40.

PTA Meet Set

GOODING — Gooding PTA will meet at 8 p.m. Monday at the elementary school auditorium. The meeting is being held by high school students regarding various phases and problems within the school. Audience participation will be encouraged and all those interested are asked to attend.

CHOREOGRAPHER FOR "MY FAIR LADY" held troyou's Friday night to select young dancers to appear in the forthcoming Dilettante Group of Magic Valley production. Fred Scheibe, who right, spending his first year as choreographer for the Dilettantes. The dancers, who both were selected, are Linda Lincoln and Don Graybill.

Dancers Are Selected For Dilettantes "My Fair Lady"

Nine young dancers selected during auditions Friday night began rehearsing Saturday for the Dilettante Group of Magic Valley, Inc. Fred Scheibe, Lewiston choreographer, selected the dancers during an audition at Washington Elementary School.

Mr. Scheibe is spending his first year with the Dilettantes, and will be in Twin Falls early weekend until the middle of February to work with the dancers. After that time he will remain in Twin Falls until the show opens Feb. 28.

Those selected were Connie Jones, Linda Watson, Terri Wood, Linda Lincoln, Shelle Curtis, Mark Goss, Ron Braun, Don Graybill and Brad Hekker.

Mr. Scheibe was born and raised in Lewiston. He left there in 1957 to attend the American Theatre Wing, N. Y., majoring in dance. He spent 10 years in New York and studied acting at the University of Wisconsin.

While in New York he danced in "The Bells Are Ringing," "Shilbore Alley," and "Saratoga." He has been active in summer stock.

Draft Call Is Increased For January

The Selective Service System has been requested by the Department of Defense to provide the Armed Forces Examining and Entrance Stations with 26,800 inductees in January, 1969. All of those to be inducted are to be assigned to military units.

This is the highest call since May, when 45,000 men were ordered for induction.

The call throughout the 1968 calendar year has ranged from a November low of 10,000 to an April high of 48,000 as indicated: January, 24,000; February, 23,500; March, 41,000; April, 48,000; May, 45,000; June, 20,000; July, 15,000; August, 18,300; September, 12,200; October, 13,600; November, 10,000; and December, 17,000.

The fluctuations in draft calls in recent months, the Department of Defense said, have been due mainly to month-to-month changes in Army replacement needs.

HEW Chief Opposes Paying Cost Of Chiropractors

WASHINGTON (UPI)—and the federal government authorizes funds for chiropractic services under the Medicaid program.

William J. Brennan, director of Medicare, said he opposes coverage for chiropractic services for the aged.

Cohen's denunciation of chiropractic theory and practice was attacked by representatives of two professional associations representing chiropractors.

"Chiropractic theory and practice are not based upon the body of basic knowledge related to health, disease and health care that has been widely accepted by the scientific community," Cohen reported to Congress.

"Moreover, irrespective of its theory, the scope and quality of chiropractic education do not prepare the practitioner to make an adequate diagnosis and provide appropriate treatment."

"Therefore, it is recommended that chiropractic services not be covered in the Medicare program."

In the same report Cohen recommended the services of occupational therapists, clinical psychologists, social workers and speech pathologists be authorized under Medicare.

He was responding to a request by the 90th Congress that he study and recommend including under Medicare "services of additional types of health care services performing health services in independent practice."

"The congressional intent was to seek guidance on the cost factor and not for an evaluation of chiropractic philosophy," said Joseph P. Adams, legislative representative for the International Chiropractors Association (ICA).

"Basically those recommendations were not what the Congress had in mind when it set up a request for the report," Adams said.

"The intent of congress was that HEW have a study made on the cost impact of including chiropractic."

The American Chiropractic Association, which has the HEW report "an active disservice to the national interest."

Harry N. Rosenfield, Washington counsel for the ACA, said HEW states license chiropractors.

Bolivia Halts Guarantees, Declares Siege

LA PAZ (UPI)—The Bolivian government declared a state of siege Saturday and suspended all constitutional guarantees.

The sudden and sparse announcement said the crackdown was necessary because of "an atmosphere of subversion" existing in the poor landlocked country.

The government headed by President Rene Barrios Ordoz, had declared a similar siege last July 22, accusing the opposition parties of "open rebellion."

That clampdown followed a clash between members of the police and police in which a police captain was killed. It also followed the accumulation of numerous political enemies in his seizure of power Nov. 4, 1964 in a coup.

Political instability and a sagging economy have been facts of life in Bolivia for most of this century. Bolivia has more poverty and illiteracy than any other nation in the hemisphere.

VICTIM SOUGHT

FT. DUCHESNE, Utah (UPI)—Officials said they planned to dynamite the icy Uintah River near here early Saturday in an effort to locate the body of Michael Doherty, 4, who apparently fell through the ice and is presumed drowned.

Two Panther Men Sought After Deaths

LOS ANGELES (UPI)—Two brothers implicated by police in the shooting deaths of two black panther party members at UCLA were sought by police Monday.

An all-points bulletin was issued for George Phillip Siner, 22, and Larry Joseph Siner, 21 both identified as students at UCLA.

Black panthers spokesmen reported here and in San Francisco that the party supplied the names of the two men to police, but that Los Angeles detectives refused to identify the affiliates of the sources.

Several witnesses to the shooting are being interviewed by police, a police spokesman said. "They were able to supply us with the street names of the suspects," he said.

The shootings Friday occurred at a meeting of about 150 negro students concerning the activities of Afro-American studies center at UCLA.

The meeting reportedly was to receive a report from the black students union and the organization over who was to be appointed director of the center.

The Siner brothers reportedly were members of U.S. founded by UCLA graduate student Ron Karanga.

Three Los Angeles officials at the panthers called a news conference Monday and said they would release photographs of four persons they believed were responsible for the shootings.

The victims were John Jerome Huggins, 23, and Alprentice "Bunchy" Carter, 29. They were killed by three shots from a 357-magnum pistol. Huggins was an area captain of the panthers and Carter was a deputy minister of defense.

FIRST PRESIDENT

George Washington was inaugurated April 30, 1789, on the balcony of Federal Hall on Wall Street in New York. He read his inaugural address to Congress assembled inside the building.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: My father is only one fault. He resists change. Mother died two years ago and Daddy is now engaged to a very lovely 45-year-old woman. My mother while Mother was living—I'm sure—Daddy played around with other women. I am also sure he hasn't changed since then. Daddy's fiancée is a wonderful person and so much in love with Daddy that I'm sure she's blinded by some of his faults. I hate to see this fine woman hurt by marrying an incurable ladies' man.

Don't you think I ought to tell her exactly what she's letting herself in for?
DADDY'S GIRL

DEAR GIRL: No, you can't possibly have all the facts related to your father's "other women." And how can you be sure that he hasn't changed? (P.S. The most revealing part of your letter is your signature. Think about it!)

DEAR ABBY: I am a 50-year-old woman. I'm not bad looking, but I look my age. I've been married for 28 years to a wonderful man who has

Carol Camozzi, Sloat Exchange Nuptial Vows

JEROME — White chrysanthemums and gladioli and light-colored flowers formed the setting of the marriage of Carol Ann Camozzi to James Edward Sloat, Dec. 28 at the Episcopal Church of the Ascension, Twin Falls.

The bride is a daughter of Mr. and Mrs. V. E. Camozzi and the bridegroom is a son of Dr. and Mrs. James E. Sloat, all Jeromes.

Rev. John Riley performed the ceremony. Mrs. Mary Howell, organist, played the professional and recessional.

The bride, given in marriage by her father, wore a gown of white peau de soie, fashioned with a sweetheart-neckline, long sleeves, and a full skirt of tiers of Venice lace and a sculptured bodice highlighted with a bow at the waist. Venice lace accented with delicately tinted sequins, enhanced the beauty of the detachable chapel-length train. Self-covered buttons and a large bow at the waistline embellished the back of the gown.

In Her veil of imported silk, illusion was used. The arrangement of peau de soie trimmings with seed pearls and sequins. She carried a cascade bouquet of pink roses and greenery. She wore an Alexander McQueen, a gift from the bridegroom; a gold bracelet, a gift from her mother, and pearl earrings belonging to her sister, Mrs. David Sanford.

Carol Camozzi, sister of the bride, was maid of honor. Bridesmaids were Mary Kay Sloat, sister of the bridegroom, and Mrs. Gary Williams, sister of the bride.

Frank Sloat served as best man for his brother. Groomsmen were Phillip Ruebel and Jack Holt, Michigan.

The reception was held at the Calvary Episcopal Parish Hall, Jerome. Mrs. Warren Iverson, Salt Lake City, registered the guests and Mrs. David Sanford, Tacoma, and Mrs. Terry Hilsley, Goddard, displayed the gifts.

The bride's table, covered with a white dachon cloth with an embroidered skirt, was decorated with a four-tiered cake decorated with soft pink roses, white and lavender and topped with lace-covered white wedding bells, tulle and ribbons of the bride's color.

The cake was encircled with Starburst chrysanthemums. White cherubs holding white special-occasion-embossed certificates and illusion flanked the cake. A silver coffee service and punch bowl completed the table appointments. Mrs. Lyons Smith arranged the bride's table. Mrs. David Sanford, Bellevue, Wash., and Mrs. William Last and served the cake. Mrs. Dwight McGill poured coffee and Mrs. Cedar Payton presided at the punchbowl. Members of the Calvary Episcopal Guild assisted with the reception.

Guests attended from Michigan, Montana, Washington, Utah and Magic Valley. Special guest was Mrs. Kate Titus, grand mother of the bridegroom. The couple will reside in Salt Lake City where the bridegroom is attending the University of Utah. The bride is employed at the State of Utah.

The bride was feted by a miscellaneous shower hosted by Mrs. Dorothy Detweiler. Mrs. Lyons Smith and Mrs. Dwight McGill at the James Sloat residence. The bridegroom's parents hosted members of the bridal party at a buffet dinner.

FOR CLEAN TRAINING SEAT
Chlorine bleach will keep baby's training seat hygienically clean. Wash with a solution of 2-cup of bleach per gallon of hot water.

MR. AND MRS. JAMES E. SLOAT

Women Host Coffee Hour

Arrangements of evergreen and candles provided the setting for the morning coffee hour of the United-Prosbyterian Women's Organization.

Plans were made to conduct an all-day meeting at the church each Tuesday. Work to be done includes mission sewing and rolling bandages. A comforter will be tied and a wool rug braided for the kindergarten room.

A film, "Crusade against Hunger," was shown. The next UPW meeting is Feb. 12 at the church. The coffee hour will begin at 1:30 p.m.

LIGHTING PROGRAM GIVEN
HANSEN — Members of the Home-Improvement Club were given a program at The Light-house in Twin Falls on their regular meeting night. Personnel at the establishment demonstrated proper lighting and decorating hints with lighting. The group had refreshments at the Depot Grill after the program.

Antiques Are Displayed For Club Members

RICHFIELD — Antiques belonging to club members were displayed at the Richfield Woman's Club meeting recently at the home of Mrs. Pete Cenaruss. Interesting stories concerning the articles were told during the program hour.

Club members voted to retain membership in the County Council and named Mrs. Charles Buttacane and Mrs. James Thomas as delegates.

It was reported \$48.70 was donated for the club doll project. Plans were made to use the money for a community park project.

Christmas cards were read from out-of-town members and former members.

Mrs. Frank Cliff and Mrs. Theo B. Brush were assistant hostesses.

The Feb. 19 meeting is a Valentine card party with invited guests at the home of Mrs. Carl Paulson, club president.

CARDS PLAYED
WENDELL — Mr. and Mrs. Thomas Crow were hosts for the Pinocchio Club recently. A potluck dinner was served prior to the card games. Score prizes were won by Mrs. J. H. Watts and M. A. McClood and Mrs. J. C. Kendrick and J. H. Watts.

Traveling prizes were won by Mrs. McClood and A. J. Holmquist.

Meeting Held
The Women of the Moose held their regular meeting at the Moose Home, with Mrs. Virgil Malone, senior regent, conducting.

Pro-jem officers were Mrs. Clyde Greenup, chaplain; Mrs. Louise Hoffman, guide, and Mrs. George Long, assistant guide.

The charter was draped in memory of Mrs. Ted Soper. Refreshments were served by members of the social service committee.

Magic Valley Favorites

HELEN MOFFIT
311 Sunnyside Courts, Twin Falls

Sweet and Sour Sauce
1 No. 2 can cubed pineapple
2 tablespoons butter
2 cup pineapple syrup
2 cups green pepper, cut fine, cooked in a small amount of water

To the above mixture add:
2 tablespoons cornstarch
1 chicken bouillon cube, dissolved in 1 cup boiling water and 1 tablespoon brown sugar
2 teaspoons soy sauce
2 tablespoons vinegar
1/2 cup sugar

Cook until thick. Pour over baked spareribs or hamburger or even on slices of meat loaf. Serve hot.

Health Council Reports Meet
WENDELL — The Wendell Health Council met recently with Mrs. Lillian Barton. Mrs. Fester Andersen served as secretary.

The report of the Joan cupboard was given by Mrs. Caldwell. Mrs. Veronica Maus, county health nurse, gave a report on respiratory diseases. Mrs. Ray Toner was reported ill.

Mrs. Andersen received a special gift. Mrs. Caldwell received a gift from her mystery pal.

The February meeting is with Mrs. David Powell.

Political Point Of View

By L. James Koutnik

"There ought to be a law." How many times have you said that yourself? Or more possibly, you may have said, "Why don't those guys up there in Boise do something about this situation?"

Well, the answer is that they are in a position to do something, if you will only tell them what it is that is wrong. You think there should be a law concerning something, or you feel there is a gross injustice taking place, it's no problem

for you as an individual citizen to not only gripe about it, but actually do something about it through your legislators.

And it's not difficult either. You don't have to belong to some bureau or committee, or represent a lobby, or even to either change a law that is unjust or inadequate; neither do you have to belong to some pressure group to have something enacted that should be on the books.

The procedure is simple. Simply write a letter to your state representative or state senator and ask him to carry the ball for you. You don't have to go into a lot of detail, or how it would read when it's completed; just outline your problem in a simple form, send it to your man in the state house or Boise, and the chances are excellent that he can probably be of considerable help to you.

Blacks Leave College Hall At Waltham

WALTHAM, Mass. (UPI) — The 11-day occupation of the Brandeis University communications center by more than black students ended Saturday.

The situation is resolved. The blacks are leaving Ford Hall. Jeffrey Gosoff, assistant public relations director, told reporters.

The students cleaned up the building before leaving.

The blacks took over Ford Hall, housing classrooms, telephone and exchange, and a \$200,000 computer on Jan. 8 to back-up 10 demands for combating alleged racism. The university said all of the demands had been university policy since last April.

The final demand involved establishment of a department of Afro-American studies, which the students wanted to be autonomous.

The end of the occupation came on the same day that black students from other colleges came to Brandeis in buses for a 2-hour demonstration of support.

Tail Section Of Jetliner Is Sought

LOS ANGELES (UPI) — The search for the missing tail section of a Scandinavian Airlines system DC-9 jetliner which crashed in the Pacific last Monday was halted Sunday because of heavy seas and continual rain.

Authorities hoped to resume the deep-water search today some eight miles off the coast from Los Angeles International Airport.

Weather permitting, the Lockheed search submarine, "Deep Quest," will be launched to head the search for the jetliner's tail section which was believed to have carried 11 of the 15 persons who were killed in the crash to their deaths.

Heavy seas with swells of up to 15 feet prevented the launch of the "Deep Quest" Sunday.

The DC-9's tail section, which also carried the craft's flight recorder, is believed to be resting 600 feet below the surface, within easy reach of the "Deep Quest" which has submerged to depths of 8,000 feet.

The forward fuselage section of the large jetliner, Saturday was lifted aboard a barge from a more shallow area north of the crash site, where it sank while being towed to shore. The barge brought the section to San Pedro Sunday.

Coast Guard vessels and private boats rescued 30 persons from the Greenpeace Seattle-Los Angeles flight following the crash in a rainstorm while it was on final landing approach.

The tail section apparently went down about one mile from where a United Air Lines Boeing 727 jetliner crashed Saturday night with the apparent loss of 28 lives. The wreckage was the first involving commercial plane fatalities since the huge international airport began passenger operations in 1947.

Addresses Club

FILER — Mr. and Mrs. Lester McGuffey, Hollister, were guest speakers at the Methodist Men's Club at the dinner meeting in the Fellowship Hall.

The McGuffeys are members of the Idaho Historical Society, spoke on the work of the group. Wives of club members were guests.

AIRCRAFT FOUND SAFE

BOSTON (UPI) — No fatigue cracks have been found on any of the Fairchild-Hiller jetliners of Airline, according to a spokesman. The Federal Aviation Administration recently ordered an X-ray inspection of all the F-27 and F-27-200 craft, because fatigue cracks were found on an early model F-27 following an Alaska crash.

Valley Traffic Courts

Reginald Bradshaw, Wendell, was fined \$10 by Jerome Police Judge C. J. Shupe for running a red light. Fined \$10 each by Judge Shupe for speeding were Emmett Spencer, Jerome, and Roger Vice, Boise.

Fined by Jerome Probate Judge Russell Shutes for speeding were Alan Kump, Jerome, \$15, and Arlo Luke, Pocatello, \$10.

Mildred Wolf, 43, 2816 Burton Ave., Burley, was fined \$10 by Burley Police Judge Roland Willis for driving with no driver's license on her person.

Eight Arrested During Party

Eight young people were arrested early Saturday morning when Twin Falls Police answered a citizen's complaint of a loud party taking place in his apartment building.

Officers said that when they investigated the disturbance at an apartment at 232 Fifth Ave. N., they found several young people in a beer container littered room.

Those arrested were Kelly G. Newman, 18, encouraging violation of the youth rehabilitation law; Allen G. Childs, 18, illegal consumption; Lynn E. Galtier, 18, contributing to the delinquency of a minor; Kathy L. Fairchild, 19, illegal consumption, and four juveniles, arrested on various charges.

The four 18 and over have been released on \$100 bond each, and the juveniles also have been released, pending further action.

PHOTO BIDS CALLED

BOISE (UPI) — The Joint Photographer Committee of the House and Senate Friday called for bids for the official photographs of the legislators.

Evelyn M. Martin, 81, Burley, was fined \$10 by Judge Willis for improper backing. Theophil Pfeifer, 63, Heyburn, was fined \$15 by Judge Willis for having an expired driver's license.

George F. Rios, 22, Burley, was fined \$10 by Judge Willis for driving on a suspended driver's license.

James L. Patchett, Burley, was fined \$40 by Judge Willis for leaving the scene of an accident. James C. Draper, 24, Burley, was fined \$200 by Judge Willis for driving on a suspended driver's license.

George F. Rios, 22, Burley, was fined \$10 by Judge Willis for driving on a suspended driver's license.

Michael L. Cahoon, 25, 1931 Hill City, is in a Twin Falls hospital for surgery.

and we are going to do what we can to see that some research is done in this field during the current legislative session.

Yes, "there ought to be a law" and we are going to do what we can to see that some research is done in this field during the current legislative session.

You guessed it—if you have already in the legislature, you should pretty well be able to figure it out by now that we got dinged on a parking lot the other day, and we now find ourselves in a position where we can't do anything about it, can't collect from damages from the other party, and end up with a situation of one driver's word against the other and that's it. You bet your sweet bippy, there ought to be a law.

And speaking of the legislature, as you are well aware by this time, they are now fully in session, have introduced a lot of legislation, both new and corrective, and, of course, the big issue is the funding of the schools, and other bureaus and departments that are crippling Governor Samuelson's proposed budget.

There hasn't been a confrontation between the legislature and Samuelson, but it appears at this time that the legislature is going to do just exactly what they feel should be done, regardless of the budget submitted by the governor.

We feel that the schools will undoubtedly get the full amount of funding we've recommended by the Board of Education, and undoubtedly the penalitaries will have adequate funds to continue its operation.

Just what happens when this goes to the governor for signature remains to be seen. If it is properly put together, and there aren't too many attacks on few members, and they build in a few face-saving adjustments, they probably shouldn't have any trouble with Bill Don. But from what we gather in talking to them, they are perfectly prepared to go to the mat, if this is necessary. If this happens, the legislature will win.

Senator Dick High, who is chairman of the Senate Finance Committee, and Janice Palmer, who is chairman of the House Appropriation Committee, have both indicated that they consider the budget as recommended by the Board of Education as realistic, and that they intend to support it. This is generally the attitude of most of the other legislators, regardless of party.

From time to time in our history, we have had strong executives who dominated the legislature, and their primary duty seemed to be to carry out the governor's program. They met with the prime purpose of raising the funds and passing the necessary legislation to put whatever the strong man's program was into force. This is not the case in 1969.

This legislature has far more effective leadership than it is found in the administrative area. They fully intend to run the show.

Fully half of the legislators from Magic Valley are oriented towards constructive and progressive laws, and their thinking is on a state-wide basis.

While we won't know the results for another month or so, we feel sure that you are going to see more outstanding state leaders develop from this session than you have from the past ten.

West All-Stars Rally Behind Gabriel To Post 10-7 NFL Pro Bowl Win

LOS ANGELES (UPI)—Roman Gabriel of the Dallas Cowboys led the Western Conference all-stars 55 yards to a touchdown late in the fourth period Sunday for a 10-7 West victory in the 19th annual National Football League Pro Bowl game.

With both teams hampered by

Kaiser Open Remains Question Amid Rain

NAPA, Calif. (UPI)—Play for the third round of the \$135,000 Kaiser International Open Golf Tournament was called off for the second straight day Sunday when rain made the Silverado Country Club North Course unplayable.

The third round, originally scheduled for Saturday, was called off because of rain and tournament officials tried to get it in Sunday. All 82 players who started the second round were on the course when play was suspended at 1:20 p.m. Sunday's action was scheduled for 9 a.m. tee-off, but play actually didn't get under way until an hour later.

The third round was rescheduled for Monday and the fourth for Tuesday, depending on the weather.

Tuesday is the final day on which the tournament can be played because the Bing Crosby National Golf Links at Pebble Beach, Calif., starts Thursday.

On Saturday, 18 players managed to complete nine holes before the rain started on Sunday. 45 of them had made the turn when officials called the halt.

Jack Miller of San Francisco, the California state champion, had the best nine-hole card Sunday with a four-under-par 32, which included one birdie and one bogey.

However, his score and those of the others all were wiped out by the postponement.

The round was rain Monday. With everything reverting to Friday, veteran Miller Barber remained the leader with a score of nine-under-par 137. Bruce Devlin of Australia, who picked up two strokes on Barber in Sunday's limited round, was a pair off at 139. Arnold Palmer, who lost a stroke on the only hole he played Sunday, stayed at 137. Charles Sorenson of Bobby Layton, the first day leader with a 65, are next at 138. Eight players are tied at 139, 11 at 140, 17 at 141 and 13 at 142, including Miller.

Pro Bowl Win Was Like Old Ram Story

LOS ANGELES (UPI)—For coach George Allen, the West All-Stars' last minute 10-7 victory over the East Sunday in the Pro Bowl was strikingly similar to the come-from-behind contests played by his own Los Angeles Rams in 1968.

"The big win was always those in which you come from behind," the off-again, on-again Los Angeles coach said. "We had to win this because we had so many Rams on the team."

Actually, the Rams' members of the West squad acquitted themselves very well. Quarterback Roman Gabriel was a last minute selection as the game's most valuable player and defensive tackle Marvin Motz was the top lineman of the game.

For Allen, who was hired by Los Angeles only to be fired, it was his first Pro Bowl victory in two tries on a muddy field. The East beat him two years ago, 20-10 on a similar rainy day.

Leading coach Tom Landry of the East said that not scoring in the first half "was a real disadvantage" but that he had several opportunities to hurt his team's chances of winning.

"We just had no offense in the first half," the Dallas Cowboys' mentor explained, "but we have no alibi. Both teams had to play on a tough field."

Landry said he thought the turning point in the game was when end Jackie Smith couldn't get away from defensive back Kernal Alexander for one yard and was first down late in the game.

"If Smith would have made the yard for the first down, I think we would have held on to the ball and won the game 7-3," Landry stated.

Bonnies Top Niagara By 70-68 Margin

BUFFALO, N.Y. (UPI)—Bob Lanier sank a free throw with 15 seconds left Sunday to kill a late Niagara rally and St. Bonaventure won their 13th straight win over their Little Three conference rivals.

Lanier was fouled by Calvin Murphy of the Dallas Cowboys' mentor explained, "but we have no alibi. Both teams had to play on a tough field."

Landry said he thought the turning point in the game was when end Jackie Smith couldn't get away from defensive back Kernal Alexander for one yard and was first down late in the game.

"If Smith would have made the yard for the first down, I think we would have held on to the ball and won the game 7-3," Landry stated.

Miami Clobbers Los Angeles In 145-120 Rout

WEST PALM BEACH, Fla. (UPI)—The Miami Floridians, with 55 per cent accuracy from the field, crushed the Los Angeles Stars, 145-120 Sunday night.

The Floridians coasted to an early lead in the home-away from-home game and held a 30 point lead at the half.

Leading the Floridians were All-Star Len Lundy with 25 points and sharpshooting Skip Thoren with 21. Hunter also was deadly from the free-throw line, connecting on 11 of 14 attempts.

Thoren dropped in most of his points with his hook, as he hit nine of 11 free throws.

Mervie Jackson led Los Angeles with 19 points.

Fortna Wins Two-Day Slav Ski Competition

POHORJE, Yugoslavia (UPI)—Rosie Fortna of Warren, Vt., captured the slalom title Sunday at the close of the two-day women's international skiing competition.

Miss Fortna's time for the two courses was 1:04.20 seconds (51.77 and 52.43).

More than 50 girls from Austria, Australia, Bulgaria, Czechoslovakia, France, Italy, Norway, Switzerland, West Germany and Yugoslavia competed for the traditional Pohorje Trophy.

The trophy was won by Michelle Yocco of France, winner of the giant slalom—Saturday and runner-up 311. Sunday's event.

Penny McCoy of Bishop, Calif., was fifth in the slalom event and Ann Black of the U.S. finished seventh.

SPORTS

Crippled French Stun Austria In Hahnenkamm Alpine Classic

KITZBUHEL, Austria (UPI)—A crippled French team never thought it would reach the score its biggest success of the first heat with 60.28 seconds, secured alpine skiing circuit here Sunday when Patrick Russel won the vital slalom of the pair in the crowd of 32,050 rain-drenched fans.

The West started its game-winning drive on its 45-yard par. Brown of Minnesota, who grabbed three a 25-yard pass to

Caldwell Pro Grabs Money In Tourney

MIAMI (UPI)—36 Ann Carner of Lake Worth, Fla., won the richest women's polo tournament in history Sunday but got none of the prize money because of her amateur status.

She fired a 36-34—under a 54-hole total of 216 in the Invitational, thus becoming the first American amateur to win an L.P.G.A. tournament.

But the 28-year-old Miss Carner gets none of the \$35,000 prize-money-though, due to her amateur status.

The winning purse goes to second place finisher pro Shirley Englehorn of Palm Desert, Calif., who had a par-72 for 217. She received a check for \$5,200.

Deadlocked in a tie for third at 221 were Carol Mann, Johnson, last year's second top money winner, and Judy Rankin, Midland Texas. They each won \$3,412.

The only woman to win an L.P.G.A. tourney as an amateur was Katherine L. Coste of France, who won the U.S. Women's Open in 1967.

Grid Hero Blanchard To Come Home

SAIGON (UPI)—Col. Felix (Doc) Blanchard, who led Army to three straight undefeated football seasons in the mid-1940s, has completed his tour in Vietnam as an F105 fighter-bomber pilot.

Blanchard and Sully van Trophy winner was scheduled to leave Vietnam within a few days for his home in West Point, S.C. His reports show he had 10 combat missions in Southeast Asia, of which 84 were flown over North Vietnam prior to the Nov. 1 bombing halt.

During his 20-year Air Force career, after graduation from West Point in 1947, Blanchard flew more than 4,500 hours, about 2,700 in tactical jet fighters.

Blanchard, 43, was a three-time All-American at West Point, he and "Mr. Outside," Glen Davis, helped the Cadets remain undefeated for three years.

Thurmond Scores 35 In Warrior 98-97 Victory

PHILADELPHIA (UPI)—Nate Thurmond scored 35 points and grabbed 34 rebounds Sunday to lead the San Francisco Warriors to a 98-97 victory over the Philadelphia 76ers in a National Basketball Association game.

Jeff Mullins, who scored 20 points for the Warriors a 90-80 tie with a field goal with 4:16 remaining and sent them ahead to stay with another field goal with 2:3 to go.

Thurmond hit on a three-point play a half minute later to make it 95-80. The 76ers put the first margin to points on Greer's easy layup at the buzzer.

Thurmond's rebound total was the highest in the league this season.

San Francisco dominated the first three quarters, but Philadelphia rallied in the fourth period. The 76ers led 80-70 with 10:56 to play, led the lead again and rallied for ties at 86-80 and 88-80 in the fourth quarter.

The Warriors shot at 68-58 until Mullins hit on his tying field goal.

Rampaging Oaks Win Again; Top Nets 116-105

COMMACK, N.Y. (UPI)—The Oakland Oaks, who have lost only four games all-season, set an American Basketball Association record Sunday with their 16th straight victory—a 116-105 win over the New York Nets.

The Pittsburgh Pirates had won 15 straight last year, setting the record.

The Oaks, who have won nine straight games, pulled away in the final period after leading by only four points, 89-87, with 7:35 remaining. The Oaks then reeled off 10 straight points to break open the game.

The Nets have lost six straight games.

Injury

PASADENA, Calif. (UPI)—Kansas City Chiefs' running back Mike Garrett was injured and an airline stewardess riding in his car was killed in an auto accident on rain-slick streets near here Saturday night.

The California Highway Patrol said Garrett's southbound car spun out of control and slammed broadside into a northbound car driven by Lloyd Butler, 60, of Pasadena, Calif. He suffered minor lacerations.

Garrett, 24, a former running back at USC, who has played with the Chiefs for four years, suffered laceration on his hands.

The Freedom-Finder sports car fun—27 luxury car extras make it the complete one.

Snowmobile Title Goes To Janssen

EAGLE RIVER, Wis. (UPI)—Roger Janssen of Crookston, Minn., won the world championship snowmobile derby Sunday amid accidents on the quarter-mile oval that ended the race to be restarted three times.

The wild and woolly pace was much to the liking of the estimated 28,000 fans who lined the track in 20-degree weather, but for some of the drivers it could have been a little less hectic.

Janssen, who won \$2,520 and a new auto plus an expense-paid trip to Germany to "claim it" was almost knocked out of competition because of a crash. He got into a first turn pileup on the second start, and it looked as if his machine was out of the race.

However, he repaired it in time and sped to victory in the third start, beating Chuck Larson, Thore of the Free Press, Wayne Burkle of Minnesota came in third.

All 10 starters in the derby were from Minnesota, including defending champion Steve Ave of Duluth. He was forced out of the race when he lost control of his machine in one of the most spectacular spinouts of the race.

Ave was thrown from the Snowmobile on the fifth lap, and when the automatic cutoff device failed, the machine spun around, backward, forward and upside down. Ave was injured.

Lonston's efforts in the 16-lap race, which saw snowmobiles skimming along at speeds up to 65 miles per hour, won him \$1,050. Burkle won \$930.

First-Place Boston Wins NHL TV Battle

BOSTON (UPI)—Third period goals by Eddie Westfall and Fred Stanfield Sunday gave the first-place Bruins a 5-3 win over the Boston Bruins in the first of two games of the NHL's television record of 23 games, the club's longest in 28 years.

The win in the televised three-game game was the Bruins' unbeaten streak to 11 games, the second longest in the club's history, falling short only of the 1941-42 season when they won 12 of 14 games.

Paul Henderson scored twice for the Leafs and Bill Bowerland once as Toronto led for only the second time in the last eight games, both defeats coming at the hands of the Bruins.

The trophy was again Gerry Cheevers earned the win—the eighth in the Bruins' 11-game streak, while Bruce Gamble was named MVP in the Toronto win. Gamble suffered a third-period head injury and was replaced briefly by Johnny Huffer before returning to the game.

Now Possible To Shrink Painful Hemorrhoids And Promptly Stop The Itching, Relieve Pain In Most Cases.

New York, N.Y. (Special): Science has found a medication with the ability, in most cases, to completely stop itching, relieve pain and actually shrink hemorrhoids.

Tests by doctors proved that in cases after case, while gently relieving pain, actual reduction of the inflamed hemorrhoids took place.

The special preparation is a cream that is applied like a talc. It also soothes irritated tissues and helps prevent further infection. It is a ointment or suppository force.

Engineering Graduates May Start Work At \$818 Monthly

WHAT'S your hat size, mister? An advertisement for the first national disposal in the front seat of a second-hand car... THOSE GENTLEMEN who graduate this year in engineering expect to get an average starting salary of \$818 a month. WHY ARE POLICEMEN more apt to do away with most of their jobs? Statistics show that the case... IT IS A MATTER of historical record that George Washington are there first? Can only think of three... Cadillac, Ford and Olds.

DID YOU READ that report out of the University of Wisconsin about the mad lady with the brown paper bag over her head? She kept stepping out on the stage in the University's there. It's said the lecturer, an assistant professor named Conrad Bishop, had trouble holding his audience's attention in that circumstance. No doubt. That's worse than Sydney Smith's sparrow. Far worse. Am referring to the English clergyman who said, "A sparrow fluttering about the church, is an antagonist which the most professional theologians and who is wholly unable to overcome."

NONETHELESS, if I were a speaker at the rostrum, I would prefer a sparrow in the rafters to a naked man in the wings. WRITES an Indian girl: "Ask your Love and War man what to do about a boyfriend with a dirty mind. Every time we get into mixed company, he starts whistling Irish songs." MUCH IS WRITTEN of late about how dangerous is to go out by yourself after dark. All too true. But it should be noted that 100 years ago in London it was the custom of the

Major Hoops

hated citizen who wanted to step out in the night to take a MAN... OUR NAME GAME along both a bodyguard and a liver bearer. CUSTOMER SERVICE: Q. "HASN'T Dear Ruth, secured more than any other secretary of state? A. Longer than any except Cordell Hull, the record shows... Q. "LET'S SEE YOUR NAME, I mean if I pay for myself." A. Figure about \$20 a page, roughly... Q. "HOW MUCH SEE YOU NAME, I mean if I pay for myself." A. Figure about \$20 a page, roughly... Q. "HOW MUCH SEE YOU NAME, I mean if I pay for myself." A. Figure about \$20 a page, roughly...

ON HAND IS a communication from a California girl who says the one he had a living spotted pointer named Mike who committed suicide. She says he became morose when the family took him to a second dog. Finally, he shortened his chain by ceremoniously walking around a pine tree six times, then jumped over the doghouse to hang himself. "Believe what you want to," she says. "I know some dogs kill themselves on purpose."

CLIENT ASKS what year the first Shirley Temple doll came out. I remember that it was the year we stopped moving a little kid named Vincent over to our place because he got one of those for Christmas. Same year Will Rogers died, James H. Braddock took the heavyweight title from Max Baer, and Clark Gable starred in "Mutiny on the Bounty," 1935.

Your questions and comments are welcomed and will be used wherever possible in "Checking Up." Address mail to L. M. Boyd, in care of P.O. Box 9818, don't it was the custom of the

"You have to be terribly patient with parents, Geraldine. After all, they're a lost generation!"

Stocks

NEW YORK (UPI)—With the switchover to a new administration in Washington, uncertainty came to Wall Street Monday and stocks took on an irregular pattern in moderate trading.

Some early strength was attributed to a generally favorable national climate, a surprise settlement of procedural differences in the first of the expanded Vietnam sessions in Paris over which the UPI stock market indicator-measuring all stocks traded, showed a gain of 0.13 per cent on 1,514 issues.

Volume after almost three hours amounted to 8,240,000 versus 8,830,000 shares at the same time during the previous session.

CLOSING QUOTATIONS

Time For Living

It behooves us to know which food to eat, and how, and when. Let's get back to basics, bearing in mind that the food requirements for my generation were a four year back.

LEGAL ADVERTISEMENTS

NOTICE TO BIDDERS The State Purchasing Agent will receive sealed bids at his office, 1000 Main Street, Twin Falls, Idaho, 83301, on January 20, 1949.

LEGAL ADVERTISEMENTS

As I have answered questions during many years, a friend snapped pictures of him. He was wearing a fake leopard skin shirt over an orange shirt with brown slacks.

BERRY'S WORLD advertisement featuring a cartoon illustration of a man and a dog, with text about health and nutrition.

LBJ Spends Last Day In White House

WASHINGTON (UPI) - President Johnson spent the final working day of his 40 year public career Saturday saying "goodbye" to his friends and watching the moving men prepare the White House for Richard Nixon.

For all practical purposes, Johnson's last day in the White House was his personal belongings by Saturday evening. By then, all that remained was the furniture, which is "a little more than their clothes." The final legislative act of Johnson's career came shortly before noon when he signed a bill to create a National Endowment for the Arts and National Endowment for the Humanities, with a total of \$200 million a year. The remainder of his official duties involved the issuance of numerous executive orders which had to be sent to Congress before he left office.

For most of the day, however, Johnson was busy with saying goodbyes to members of the staff and newsmen who had covered most of his years in office. He was surrounded by a crowd of photographers and newsmen who were taking pictures and making interviews.

He visited with the White House kitchen help, messengers and drivers as well as other staff members. He said goodbye to the President's immediate staff, final minutes in office at noon Monday.

Johnson also met with a large number of newsmen who have been with him regularly during his five years in the Presidency and who had accompanied him abroad.

All the while, moving men were at work in the White House living quarters, removing the furniture and removing the walls and the last of the personal effects. The major job of moving large files containing the President's personal documents Johnson has collected since his early days in Congress and the pieces of office equipment which accompanied him when they came was completed last Saturday.

For several weeks, large moving vans have been pulling up to the west wing of the White House every evening to be filled with large stacks of filing cabinets containing Johnson's personal papers which he wants to take home with him to Texas for his library.

The President was expected to spend his last full day in office Monday with the White House with a family dinner and possibly a few close friends Sunday evening. The President will leave the White House for the last time at 11:15 Monday morning when he travels to Capitol Hill for Nixon's swearing in.

Missing Records Boost Age Of Centenarian

GOULDSBORO, Ill. (UPI) - Mrs. Melvina Ginger will celebrate her 101st birthday Feb. 25. She never celebrated her 98th, 99th or 100th.

Mrs. Ginger had passed nearly 101 years of her life believing she was born in 1871. Her father's newly-seen records have revealed she was born in 1868.

Part Twelve Of Series

Deducting Needs Knowledge

Editor's note: It is time to think about the income tax again. This is Chapter Twelve of a series reviewing the regulations, with emphasis on taking advantage of all exclusions and deductions legally due you.

By RAY DE CRANE
NEA Publications

Often times, little-known deductions are missed by the average taxpayer who does not employ professional tax counsel. Missing these tax-saving opportunities adds to the tax finally owed, or holds down the refund which is claimed.

Therefore, we will quickly list

Cut Your Own Taxes

and pass over the generally recognized deductions, but concentrate on those which are frequently overlooked.

MEDICAL-DENTAL
Remember to claim one-half the cost of hospital and health insurance, even if the total of all your medical expenses is not greater than 3 per cent of total income. Do you have special health and hospital insurance which may have been taken out at school, for your children? Be sure to include the cost of this insurance with your regular family hospital insurance premiums. But remember if total health insurance is more than \$300 you are restricted to the \$150 limit for the one-half deduction.

If you have enough medical expenses to constitute a deduction, it is a virtual certainty some transportation costs are involved. Don't forget to include them in your tabulation.

If you drove your car to a doctor's or dentist's office or to the hospital emergency room for treatment you may charge transportation costs at the rate of five cents a mile. Did you

pay for parking there? Include that, too, as part of your transportation expense. If you used public transportation, either bus or taxi, the actual cost of the ride is your transportation cost.

CONTRIBUTIONS

You, of course will list your contributions to your church, United Appeal, Salvation Army, Red Cross and other recognized charities, including health funds, in this tabulation. But how about merchandise you may have contributed?

The cost of a box of canned goods donated to a convent's food shower would be a deductible item. The cost of cakes, cookies and the like furnished for your church's bake sale is also deductible. And don't forget the fair market value (what you could have sold it for) of furniture, clothing and appliances donated to a charitable organization. List these in the "gifts other than cash" section of your contributions schedule.

If you are a hospital volunteer worker you may also include in your contributions deduction transportation expense, cost of meals paid for while performing volunteer duty, parking charges and uniform expense, if the uniform is not adaptable for ordinary street wear.

TAXES

The usual ones here are real

CUT YOUR OWN TAXES
c/o Twin Falls Times-News, Dept. 83301

CITY _____

STATE _____ ZIP _____

(Make checks payable to TAXES. Allow 3 weeks for delivery.)

estate taxes, state gasoline tax (consult the gasoline tax chart in your instruction manual mailed by IRS with your tax forms), state sales tax (See chart in manual) and state personal property taxes which are generally levied on investment income. With the prevalence of local income taxes these days don't forget to deduct those, too, on your federal return.

If you bought a car in 1968 the actual tax paid on the car purchase can be added to the chart allowance for sales tax.

INTEREST

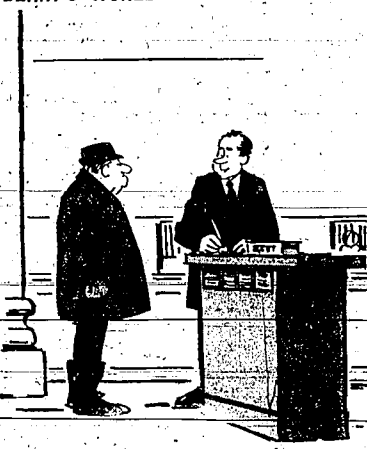

There is a new entry on this year's tax form for interest paid on installment purchases. This does not mean the total carrying charges paid on installment purchases, since that frequently also includes a service charge and an insurance payment.

To determine the allowable interest on installment purchases multiply by six per cent the average monthly unpaid balance on your account.

Penalty paid to prepay a mortgage or other loan constitutes deductible interest, and so, too, does the share of the mortgage interest paid by a stockholder in a cooperative or condominium apartment house.

NEXT: Those miscellaneous deductions

"Yes, \$200,000 a year is a lot of money, but it is only half as much as Sinatra got for four weeks in Vegas!"

Unrest In California Continues

SAN FRANCISCO (UPI) — A spokesman for striking union teachers at San Francisco State College says some students may not get grades this semester unless California officials "back down and negotiate."

Prof. Arthur Bierman of the American Federation of Teachers, referred Sunday by the state's ruling that teachers who miss classes for five consecutive days without authorization are subject to "automatic resig-

nations." Meanwhile, Acting President S. I. Hayakawa was expected to meet with a four-member team from the federal law enforcement assistance administration, which has begun a study of disturbances which have plagued the 18,000-student campus since Nov. 8.

Twenty-eight AFT teachers at nearby San Jose State College have been notified of their automatic resignations because of a sympathy strike in support of union members at San Francisco State.

Hayakawa has threatened similar action, but no specific resignations have been announced in San Francisco.

Negro Fear Of Cabinet Jobs Noted

NEW YORK (UPI) — Fear of being branded "Uncle Toms" led several negroes to turn down positions in President-Elect Richard Nixon's cabinet, one of his cabinet members reported.

Robert H. Finch, who will serve as Nixon's secretary of Health, Education and Welfare, said in an interview in the Jan. 24 edition of Life Magazine that one reason for this was a feeling by many negro leaders that they have to be increasingly militant or lose their constituencies.

Despite this, Finch predicted negroes would be named to top jobs in the Nixon administration during the next four years. He said the fact Nixon won the election without much negro support would enable him to "get away from the old rhetoric and old-type militancy."

"I hope this will put an end to both overpromising and tokenism," Finch said. "Minorities really don't want prepared hand-outs anyway. They want a chance at the starting line."

Also interviewed by Life was William P. Rogers, Nixon's Secretary of State, who said he hoped the nation's politicians and public would give the new administration time to work out problems, particularly the Vietnam peace talks.

"We hope for six months or so of patience and calm," Rogers said.

APOLLO 8
SIX CENTS • UNITED STATES

A NEW SIX-CENT postage stamp has been announced by the Post Office, commemorating the Apollo 8 mission to the moon. To be issued May 5, with first-day cover ceremonies in Houston, Texas, the stamp will be gray, blue and white in color, depicting the moon's surface in the foreground with the earth "rising" in the background. Local Boy Gains Karate Ranking

Ricky Vander Does, son of Mr. and Mrs. Lee Vander Does, Twin Falls, has been promoted to the Blue Belt rank in the Kaji Kumart of Karate.

He passed his examination Saturday afternoon, according to Robert Tidd, instructor.

Young Vander Does has been a Karate student for two years. The Blue Belt rank makes him a qualified instructor in Karate techniques with which he is familiar.

Johnson Agrees To 'Go Formal'

WASHINGTON (UPI) — President Johnson, who refused to wear formal cutaway and striped pants to his own inaugural, made a concession for Richard M. Nixon, Lynda Bird Robb. It was at Johnson's required attire, including the four-hand gray and black tie, for the swearing in of Nixon as the nation's 37th President. For his own inaugural four years ago, Johnson wore a dark business suit and dark fedora. He did however wear cutaway at the weddings of his daughters, Luci Nugent and Lynda Bird Robb. It was at Johnson's required attire, including the four-hand gray and black tie, for the swearing in of Nixon as the nation's 37th President.
