TEN CENTS

FACING TRIAL ON CHARGES of sabotage, spying for Israel, and plotting to overthrow the Iraqi government, 21 men fill the prisoners' dock in Baghdad. Fourteen of the defendants were hanged on Monday after a three-man revolutionary court handed down 16 death sentences. One man's sentence was commuted to life imprisonment, and another is still waiting execution. The victims included nine Jews, and Israeli Premier Levi Eshkol declared they would be revenged. The hangings have stirred up a strong period of unrest and protest. (UPI telephoto)

Britain May Agree To French Plan On Mideast; Iraq Trial Stirs Anger

By WILBORN R. HAMPTON
UPI Writer

Britain is "basically sympathetic" to a French proposal for a Big Four meeting at the United Nations to try to bring peace to the Middle East, authoritative British sources said today.

Such a meeting would have to be the result of an agreement of Israel and the Arab nations and would have to be "a contribution" to the peace mission of U.N. envoy Gunnar V. Jarring, the sources said in London.

The semi-official Cairo newspaper Al-Ahram said nearly the same thing today, citing British envoy Goronwy Roberts as saying Britain "favors" such a conference of the Big Four.

A peace offensive involving the Big Four had slowed in recent days with rejection by each side of a Soviet peace proposal and Israel's insistence that there must be direct negotiations with the Arabs.

In Baghdad, Iraq defended as "a necessary measure" its execution Monday of 14 persons including nine Jews, as spies.

In Jerusalem, Israeli Premier Levi Eshkol vowed Monday Israel would retaliate for the hanging of the nine Jews in Baghdad.

"The Lord shall avenge their blood," he said. Iraq—its armed forces were ready.

Iraq hanged 14 men, including nine Jews, on charges of spying for Israel. Eshkol told parliament a few hours later the hanged Jews were not spies.

The sole and only crime of the nine Jews was that they were in their being Jews, he said.

The hangings brought reactions of shock to much of the world.

In Washington, President Nixon said the Middle East was a "powder keg" that could result in a confrontation of the super powers.

Nixon called a meeting Saturday with his foreign policy advisers to study the Middle East crisis.

In the United Nations, Secretary General Thant deplored the executions as a blow to peace in the Middle East.

Chamber

Annual Chamber of Commerce banquet will be held Thursday at the Holiday Inn starting at 7 p.m. and tickets can still be obtained at the Chamber office.

Through an error, it was announced in Monday's paper that the banquet would be held Friday but Chamber officials pointed out that it gets under way at 7 p.m. Thursday.

Dale G. Moore, president of the Western Broadcasting Co., Missoula, Mont., will be speaker. New officers for 1969 will be announced during the banquet.

Voting has been going on for the past two weeks.

Hearings On Health Bill Are Planned

By O. J. SMITH
Times-News Managing Editor

HOISE (Special to the Times-News)—Extensive hearings are planned on a bill which would set up a statewide system of public health districts, with the Magic Valley area established as a pilot district.

The districts would be patterned much like the existing South Central District Board of Health which now handles public health matters in Magic Valley. The feeling behind the bill, Senate Bill 102, is that similar districts should be set up to cover the entire state, under centralized direction of the State Health Department.

Some questions have arisen over provisions of the bill concerning financing of the districts and whether the proposed financing and taxing would work out as equitably as the present setup in the South Central District.

The South Central District board of health is meeting in Jerome Tuesday to discuss the proposed bill. The board will also discuss other things, and may outline a position as a result.

Sen. John Barker, R-Boise, said Sen. Edith Klein, R-Boise, chairman of the Senate Public Health and Welfare Committee, has assured him that a number of hearings will be held to clearly examine all aspects of the measure before the bill is acted upon.

'Major Battle' Fought

South Viets Trap Red Unit

SAIGON (UPI)—South Vietnamese troops, taking over most of the fighting in the Central Highlands today, reported killing 320 Communists in the biggest Vietnam battle of 1969.

Behind U.S. air strikes and artillery barrages, South Vietnamese Rangers caught the guerrillas threatening the allied highlands bastion at Pleiku and tore into them Sunday.

In fighting that broke off at noon Monday, the Rangers suffered no fatalities but had 51 men wounded.

The battle coincided with the U.S. turnover of its 3,000-man highland garrison at Dak To to South Vietnamese troops. Only a handful of American officers remained behind to provide liaison with U.S. air strikes, artillery and helicopters.

It was by far the biggest battle of the new year, which has seen scattered fighting from the Demilitarized Zone to the Mekong Delta.

To the north, U.S. Marines and infantrymen on their final push through the Batangan Peninsula encountered Communist minefields so intricate, the Americans were slowed to a virtual crawl.

UPI correspondent David Lamb said the foldsoilers fell in behind armored personnel carriers which moved through the fields firing special explosives to detonate the mines ahead.

Two Marines were killed and 17 were injured Monday when their scout dog lay down to rest and triggered a Communist mine.

The peninsula 320 miles north of Saigon, long a Viet Cong stronghold, has yielded hundreds of tunnel complexes during the Americans' two-week offensive.

Military spokesmen said 121 Viet Cong had been killed and 137 captured against light allied losses in the drive that began with the biggest U.S. amphibious landing of the Vietnam War.

U.S. losses were described as light.

On Saigon's southern doorstep meantime, American foot soldiers surrounded a small Communist unit and hammered it with air strikes and artillery barrages.

Defiant Soldiers Face Trial

On Rare Charge Of Mutiny

SAN FRANCISCO (UPI)—Six young soldiers held in a stockade face an Army court martial today on the rare charge of mutiny.

The six defendants are among 27 soldiers charged with mutiny for refusing to go to their work details last Oct. 14, they said.

The first six to go on trial are Larry Zaino, Toledo, Ohio; Larry Reddel, Crescent City, Calif.; John Coffey, Sacramento, Calif.; Richard L. Toddy, Hayward, Calif.; Edward Yost, El Mira, Calif.; and Louis Oczepinski, Portland, Oreg.

The charge of mutiny under article 94 (of the military code) does not apply to the facts of the October 1968 case, in his opinion, the case has been built up out of all fair proportion.

The investigating officer said charging the inmates with mutiny was "an overreaction by the Army and a misapplication of a statute which could lead to further miscarriage of justice."

Meanwhile, a group of 35 clerical employees demanded that the Army drop the "inhuman and intolerable" charges. The group included 11 bishops of the Methodist and Episcopal churches and seven religious leaders from the San Francisco Bay area.

The clergyman claimed the sit-down strike was touched off by the fatal shooting of Pvt. Richard Work, 19, of Dayton, Ohio. They said he had been forced to work "under threat of having his crucifix taken away."

Perhaps someday we will no longer need this type of hospital, he said.

Jenkins complimented Rep. Lester Hartigan, D-Mind, and Mari Hopkins, D-Pocetello, for sensitivity, persistence and compassion they had shown in floor speeches "in 1967" at the school last week.

Rep. William Owseller, R-Boise, charged "it was no doctor but our animals in the Idaho City Zoo. We should be above talking about tax returns at this time."

In encouraged legislative support for proposed state school programs such as early detection, research, and treatment centers for the less severely retarded at the community level.

The council's approval of the budget is subject to the public hearing which will be held Feb. 17.

The assessed valuation of real property for 1969 was \$16,400,123 and \$16,402,114 for 1968, while the assessed personal property valuation was \$1,828,857 in 1968 and \$1,616,000 in 1969.

Senate Girds For Argument On Filibuster

WASHINGTON (UPI)—The Senate girded today for the 45th attack on the filibuster since World War II and the 37th filibuster.

Sen. James B. Pearson, R-Kan., and Frank Church, D-Idaho, leaders of the drive, conceded they would fall short of the two-thirds vote needed for victory.

Pearson said they would give up after today's vote and drop the fight for another two years.

Church, noting that filibuster foes have narrowed their losing margin in recent years, said it a partial victory and called for a "show of force."

Today's vote was on whether to forcibly stop debate on a Pearson-Church motion to amend the Senate's filibuster rule.

Rule 22 permits debate under two-thirds of the senators present—no more than 67—on any subject. The rule would modify this to a three-fifths vote—no more than 60—would shut off the talk.

The fire department fund at nine mills was \$155,008 in 1968 and is \$162,000 for 1969.

The airport fund at two mills was \$34,424 for 1968 and is \$36,030 for 1969; the street lighting fund at 2 1/2 mills was \$41,260 in 1968 and comes to \$45,849 in 1969; the library fund of 4 1/2 mills was \$77,804 in 1968 and \$82,008 for 1969.

The village remains one source for all funds, with the exception of the general fund. The sprinkling fund, including fire insurance, amounted to \$26,500 in 1968 and the five mills comes to \$30,000 for 1969; recreation fund of three mills was \$51,930 for 1968

Allies Will Renew Demand On DMZ Status At Parley

PARIS (UPI)—American and South Vietnamese negotiators today went into strategy sessions to prepare for Thursday's meeting with the Communists. Diplomatic sources said the Allies will make a new call for a prompt reactivation of the Demilitarized Zone (DMZ).

In addition to a flurry of joint meetings, chief American negotiator Henry Cabot Lodge scheduled a conference with Nguyen Cao Ky, the South Vietnamese ambassador to France, whose country also is battling Communist guerrillas, and is one of the main supporters of the Allied war effort in Vietnam.

Shortly after conferring with Chrouchev, Lodge was meeting at the U.S. Embassy with South Vietnamese delegation leader Pham Dang Lam.

Preparations for Thursday's meeting were under way under a Vietnam conference, which under way while Western diplomats and the Paris press expressed satisfaction with President Nixon's approach to the Vietnam problem he outlined at his news conference Monday.

The French press, which was largely cool to President Nixon's performance, is expected to bring the presidential campaign, today appointed his first news conference as a "brilliant" performance.

The North Vietnamese delegation, after a close scrutiny of the presidential remarks was expected to issue a comment after Tuesday. Communist spokesman and the Viet Cong would reaffirm their determination to discuss first the end of American military presence in Vietnam before tackling any other matters.

The Allies consider their negotiating proposals as a test case for the DMZ. Page 2, Column 4

General Fund Increase Reflects Salary Boosts

T. F. Tentatively Adopts \$2.5 Million Budget

By ANNETTE JENKINS
Times-News Staff Writer

The Twin Falls City Council unanimously adopted the 1969 tentative city budget of \$2,510,182 during a special meeting Monday night.

An increase of approximately 24 per cent has been written into the general fund, reflecting a 1 1/2 per cent salary increase for city employees. The general fund was \$2,092,024 for 1968 and the 1969 figure is \$2,510,182.

An additional three mills were assessed the general fund millage rate from 10 mills to 13 mills. The total tax of \$40,019

compares with \$701,728 for 1968. In presenting the budget, Herb Derrick, city manager, said, "This is proposed 1969 budget conforms to the minimum needs of our progressive-minded community. It provides funds for continuing the public works projects under construction and offers a moderate increase in salaries to the employees. In addition, it provides funds for the six-year capital improvements program including the purchase of a new fire truck."

"With the existing economy and ever rising cost of materials and labor I could not balance this budget with our present millage, therefore, I am asking

you to consider a moderate increase," he said.

The council's approval of the budget is subject to the public hearing which will be held Feb. 17.

The assessed valuation of real property for 1969 was \$16,400,123 and \$16,402,114 for 1968, while the assessed personal property valuation was \$1,828,857 in 1968 and \$1,616,000 in 1969.

Labor Party Plans Government Reform

LONDON (UPI)—Britain's Labor party government today unveiled plans for the most drastic reform of the credit-grave welfare state in 20 years.

They called for ultimate abolition of social security redistribution pensions and elimination of the specter of poverty in old age.

The government's proposals were made public in an official "policy" document presented to parliament.

The proposals were made public only 11 days after another major piece of planned social legislation, this called for a new labor relations code for Britain, giving the government power to crack strikes, enforce secret strike ballots and order 28-day "cooling-off" periods before "walkouts" likely to damage the nation's economy.

Most political observers believe the proposals are a strong appeal for Britain's voters. They were expected to form major planks in the Labor party's platform in parliamentary general elections now generally predicted for October, 1970.

The white paper conceded the present retirement pension program is clearly inadequate. Under it a retired male worker at 55 or woman at 60 gets \$10.80 weekly pension. A married couple gets \$18.50 weekly.

In its place the government proposed a new program under which both pensions and the weekly social security contributions made to obtain them would be fixed, proportion of a worker's earnings.

The program would take 20 years to reach full effect. By then, the white paper estimated, most retired Britons would get about double what they get now.

A worker making the national average wage of \$32.80 would get a pension of \$20.40.

Continuance Granted In Murder Case

BURLEY — James E. Murphy, 39, Rupert, has been granted a continuance of his first-degree murder trial in fifth district court. The trial was scheduled to begin Feb. 18.

District Judge Sherman Bellwood granted the continuance at the request of defense attorney Roger Ling who pleaded the time to allow the Idaho Supreme Court time to act on an appeal of a recent habeas corpus ruling. Ling said the appeal would be decided on appeal on behalf of Murphy because "under the facts presented there is not sufficient evidence to warrant a commitment on the first degree murder charge."

Judge Bellwood twice denied the petition for the writ for Murphy. Murphy's attorneys sought a ruling from Judge Bellwood that "Minidoka County Probate Judge LeRoy" had not not enough evidence to bind Murphy over to district court on the charge.

Judge Bellwood granted the continuance Monday and said that no further action would be taken against Murphy until the Supreme Court had reached a decision.

Murphy is charged with the Oct. 18 gunshot murder of his stepson Daryl Hunter, 24, of Rupert, slain at the Murphy home.

Murphy was recently released from the Minidoka County Jail after posting a \$10,000 bond.

Hearing Set On State's Vehicle Law

BOISE (Special to the Times-News) — Hearing has been set for 10 a.m. Wednesday in the Gold Room of the Statehouse on the State Vehicle Inspection Law.

Because of numerous complaints about implementing and provisions of the law during its first year, the Legislature is considering ways to make it more palatable and effective.

There has been considerable talk about introducing a measure which would repeal the law instead of revising it. The Highway Department and Department of Law Enforcement say, however, that repeal of the law would result in Idaho losing 10 per cent of its federal highway money.

Backers of the repealer bill contend their measure, if introduced, at least would have the effect of bringing out possible information like just what would happen to the funds.

Rep. Bill Roberts of Idaho, member of the House Transportation and Defense Committee, said Tuesday there has been a lot of talk in trying to get the repealer bill introduced, but that he does not believe any decision will be made until after Wednesday night's hearing.

Ketchum Fire Calls Keep Crew Busy

KETCHUM — The Ketchum Fire Department answered two alarms at two separate fires Sunday and Monday.

The first fire occurred at 7:45 p.m. Sunday at the Lloyd Douglas, Burley, trailer house. According to Charles Atterbury, fire chief, the fire was put out in about 15 minutes.

The department again was called to the same fire.

Residents of the trailer court, said that the snow had been shoveled from the roof of the trailer court and apparently the butane gas line had been broken. The trailer was completely destroyed.

The second fire happened at 9:30 a.m. Monday in the Jann Trailer court. A fire broke out on the outside of a building there shortly after the fuel barrel was filled. At 10:15 a.m. the fire broke out again in the trailer court where the fuel apparently seeped in.

The fire however, was put out before firemen had arrived.

Instead of convening on Tuesdays and Thursdays at 10 a.m. the Senate will meet at 11 a.m. The House so far throughout the 40th session has met at 11 a.m. on a daily basis.

Health Planning Session Is Set

A meeting on comprehensive health planning in Idaho is set for 8 p.m. Tuesday at the Twin Falls City Hall, it was announced Tuesday.

The public is invited to attend. The meeting, designed to present health problems facing the state and some ways to meet those problems, is being sponsored by the Idaho State Comprehensive Health Planning Agency and the Eastern Idaho Council on Health, Education and Welfare.

"My Fair Lady" Curtain Call Nears First Night

By RUTH MILLER Times-News Staff Writer

The realization that only one month remains until the curtain goes up on the first performance of "My Fair Lady" has struck members of the Dillettante Group of Magic Valley.

The unique quality of the Dillettantes, that certain something that makes them "tick" — the willingness of its members to take on any job placed in their hands.

The leading lady of "My Fair Lady," Mrs. Lloyd (Mary) Walker, has had many leading roles, but has also served on the board of directors, has headed the makeup department and put together the printed program for "Can-Can."

Dr. Art Franz, who has been with the Dillettantes since the group's formation 12 years ago, is performing his first major role in "My Fair Lady."

He has sung in the chorus, acted in several supporting roles and has been a board member. The president of the Dillettante board of directors, Hank Willis, is playing "Dr. Doolittle" in "My Fair Lady." He has understudied major roles and has been ticket sales chairman for two years.

Robert Plumb, a newcomer to the group, is playing "Plickering" this year. Mr. Plumb is a professor at CSI.

The leading players of this year's production are: the backstage crewmen of next year, and as the Dillettantes make that final rush before opening night, they are, undoubtedly finding themselves helping with that last coat of scenery.

College Leaders Advised On Ideas

BOISE (UPI) — A discussion leader at the opening day of a two-day seminar at the Idaho State College leaders not to hesitate in introducing new ideas, approaches or new people, even though they may be controversial.

Dr. Thomas P. Lantos, of San Francisco State College, told the 180 college leaders that the presentation should be on an academic and professional level.

Eight western college presidents and institutional representatives are participating in the seminar with the leadership of the college and student body.

Dr. Lantos told the seminar college must occasionally establish new foundations in terms of thinking in particular areas even though the college may be subject to a negative reaction of some people within the community.

The two-day discussion meeting is investigating developing college in terms of student participation in college administration and community-college relationships.

Bob Hope Said Recovering After Treatment

HOLLYWOOD (UPI) — Bob Hope was reported resting comfortably at UCLA Medical Center Tuesday pending treatment of a recurrent eye ailment that has troubled him since 1958.

Hope, 65, entered the hospital for observation Sunday night after he experienced discomfort in his left eye at his North Hollywood home.

There was a possibility the comedian would undergo photocoagulation to repair hemorrhaging. He was treated for the same ailment last June and underwent the treatment in 1958 in San Francisco.

Photocoagulation involves shining a powerful beam of light in the eye to cauterize ruptured blood vessels.

The spokesman for Hope said the entertainer canceled all engagements for two weeks.

Closed

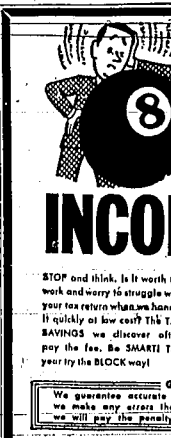

Schools in both Kimberly and Wendell were closed until Thursday because of high absenteeism due to the flu, school officials report.

Students in the Wendell schools were sent home at 10:30 a.m. Monday when teachers reported 24 per cent of the students in the elementary school were absent. In the high school, Wendell schools report all school-related activities including PTA have been canceled until Thursday.

Kimberly schools were closed 2 p.m. Monday and are expected to resume Thursday morning also.

Senate To Argue Bill On Signs

BOISE (UPI) — The Idaho Senate today was scheduled to debate a sign bill and a measure to increase the burial allowance for veterans from \$15 to \$250.

Both the House and Senate went into session at 11 a.m.

Action was relatively light Monday afternoon. The State Affairs Committee recommended passage of a bill making the Legislative Council, instead of the attorney general, responsible for drafting a major purpose for proposed constitutional amendments.

The committee also reported out without recommendation a House bill providing for uniform annual observance of four holidays on Monday to comply with federal laws—effective in 1971.

In other Monday action, Rep. Mark Hart, D-Preston, said that Gov. Don Samuelson is on a "policy course in a matter of political power with the legislature."

Hart made the statement while referring to Samuelson's special legislative message delivered last week.

Hart told representatives Samuelson's announcement last week that an additional \$13.3 million will accrue to the surplus making \$20.7 million available "has merely galvanized a great many legislators in their determination to see that education—both on the higher and public school levels—is adequately funded."

The Preston author and publisher said "in the past, strong Idaho governors have dominated legislatures that were so strong. This year the legislature is very strong. It has a mind of its own."

He said the important thing is the education be funded adequately and "it is my feeling that this is exactly what the legislature intends to do."

Southland Warm's Up

Winter Maintains Icy Grip

By United Press International

Winter refused to relinquish its icy grip on the northern half of the nation today but seemed to yield to more favorable elements in the southern half.

Precipitation ranging from showers to freezing rain and drizzle to snow provided a rainbow of trouble across the entire northern half of the nation, freezing temperatures were the rule.

Freezing rain and drizzle across the Central Plains and Central Midwest iced the roads to such an extent travelers warnings were posted for much of the area.

North of that line, the freezing precipitation changed to snow, south of the line, it changed to showers and thunderstorms, providing a rainbow of precipitation from the Canadian border to the South.

Snow fell in heavy proportions in the Northwest where at least one part of the Cascade Mountains was buried under 13 feet of snow.

Seven inches of snow fell Monday evening in Seattle, raising the total there to 17 inches. Another two to four inches fell throughout Washington, Oregon and southern Idaho.

A blessing in the form of dry rainbows arrived far from and mud ravaged California, although flood waters continued flowing.

Dry weather also was the rule for the Northeast, although temperatures were colder in the East than in other large parts of the United States.

Boston reported 8 degrees at 2 a.m. EST, with New York reporting 12, Detroit 16 and Philadelphia 21.

Georgians and Tennesseans were shivering out from under half-foot snowfalls today. Up to six inches fell Monday in extreme northern Georgia and up to 10 inches were reported in parts of eastern Tennessee.

Eugene Braces For New Onslaught After 30 Inches Of Snow Hits Area

EUGENE, Ore. (UPI)—Oregon's second largest city prepared for more snow early Tuesday as it has faced the worst storm in its recorded history and found itself isolated a good part of the time.

Traffic was moving through the area, but only with chains as the slow process of moving 30 inches deep of snow proved a burdensome task for a community that didn't have a snow-pow to its name. Much of the snow had to be removed with scrapers and trucks to permit movement Monday after a nightmarish weekend that saw all but four wheel drive vehicles pretty much stalled.

The University of Oregon for the second straight day cancelled classes, making it the second day weather had ever closed down the Eugene school.

Oregon State University, 40 miles to the northwest at Corvallis, classes were to resume Tuesday after a one-day closure, the first in 50 years caused by weather.

One theater at Eugene found pranksters giving a hint to the weatherman. In place of "Camelot" on the marquee, three letters were removed leaving the word "mel."

Another storm-connected death was recorded Monday when Loyd Eugene Morehead, 29, Central Point, Ore., apparently lost visibility in a blinding snowstorm north of Klamath Falls and was killed as his car smashed into a tow truck.

The broiler industry in the Eugene area suffered a severe blow as heavy snow caused the collapse, killing at least 25,000 chickens. On top of this, the South Willamette Broiler Growers Association reported that the mishap would leave some 100,000 pullets scheduled to be brought into the area shortly hereafter.

In Coos county along the southern Oregon coast a number of families remained in emergency centers or motels Monday night as power was being slowly restored after outages caused by very heavy snow. The community powers with about 1,000 population was without electricity or telephone service for a considerable time.

A helicopter was chartered to drop supplies in the hills surrounding McManville in northern Oregon where a number of persons were without food. More than two feet were reported in snow depth in the hills.

At Salem the state senate failed to get a quorum and the house taxation committee cancelled a weeklong, six city tour because of the weather.

Lumber and snowed operations of the Willamette Industries, Inc., at the Lebanon and Griggs Divisions were delayed indefinitely because of the weather.

Sheep owners in southern Willamette Valley were reported seeking help from Gov. Tom McCall. There were worries of heavy losses in sheep unless food was brought to the area.

Church Requests Ririe Speedup

WASHINGTON, D. C. (UPI)—Sen. Frank Church, D-Idaho, said Monday he has asked the Army Corps of Engineers to speed up plans for the completion of Ririe Dam in Eastern Idaho.

Church said the corps has advised him that \$300,000 is the maximum the corps is capable of spending on the project in fiscal 1970. However, Church said he has asked the corps to review the project to determine if additional funds can be utilized in fiscal 1970, thus speeding the project for completion.

Church said, "this project is vitally needed for prevention of floods which continually endanger this area. Flooding in last weeks has once again demonstrated the need for the speediest possible construction of Ririe Dam. The sooner the project is completed the sooner the danger will disappear."

Controls Asked On Dairy Imports

WASHINGTON, D. C. (UPI)—Sen. Frank Church, D-Idaho, is sponsoring legislation to restrict imports of dairy products into the U. S.

A similar Church-backed bill in the last Congress felled Senate approval by a narrow margin, according to Church.

Church said Monday that the number of dairy farms in the United States continues to decline while imports skyrocketed from 900 million pounds in 1965 to 2.9 billion pounds in 1967.

The president now has the authority to curtail imports on a temporary basis. According to the Idaho Senator, the practical result of this authority is a continual resetting of quotas.

Church said he had already been assured by ranking members of the Senate Agricultural Committee that early hearings will be held on the bill.

Army Dog Alerts Unit To Ambush

AN HOA, Vietnam (UPI)—The ears of a scout dog and the accurate gunfire of a Marine from Kerby, Ore., helped eliminate a communist machine gun in a recent operation, the U.S. command said today.

Pfc. Daniel E. Kils, 22, of Kerby, Ore., and his patrol had just reached the top of a hill on a jungle trail.

King, the scout dog alerted his handler, Cpl. Johnny Mote, 22, of Greenville, S. C. Kils opened fire, killing a North Vietnamese machine gunner.

"Mote told me King had saved his life many times," Kils said. "This time, King may have saved mine."

Court Lets Agency Curb Moustaches

LOS ANGELES (UPI) — The Los Angeles Fire Department is a "semi-military" organization, invested by the law in its wisdom with the power to tell firemen what to do with their handlebar moustaches.

The courts have spoken, and today it's up to fireman Richard Novak. He must choose between a handlebar moustache and his job.

Superior Court Judge Lloyd S. Davis tossed down Novak's plea on Monday for a writ to set aside Fire Chief Raymond Hill's directive limiting hirsute adornment on the faces of his men.

The chief's regulation requires that Los Angeles firemen wear only "neat and trim moustaches which leave the entire lip exposed and do not extend below the corners of the mouth."

Judge Davis' ruling followed a 30-minute court argument in which Novak's attorney, Barry Satzman, charged that a "conservative fire department" was against long moustaches and beards because it thought they expressed the wearer's political philosophy.

"It's an effort to censor my client's political beliefs," Satzman told the court.

Deputy City Atty. Jack L. Wells disagreed. Besides insuring uniformity in the appearance of department personnel, he said, the regulation insures there will be no obstacle when a fireman dons a face mask in the line of duty.

In his decision, the judge noted the department's semi-military status. He said the chief is "within his rights" in trying for uniformity of appearance among his men.

Novak was suspended 60 days last year for defying the rule. He appeared in court with his moustache trimmed — in protest pending the outcome of the case.

Democrats Moan About Money Troubles

By RAYMOND LAHR
WASHINGTON (UPI) — Some Democrats speak in tones of desperation and others with quiet confidence whenever they talk about their chronic money-raising trouble.

The mood of desperation was expressed last August in this excerpt from the 1968 party platform.

"We are alarmed at the growing costs of political participation in our country and the consequent reliance of political parties and candidates on large contributors."

Former Vice President Hubert H. Humphrey echoed the same feeling when he moaned at the Jan. 14 Democratic National Committee meeting that it was "wrong, wrong, wrong" for his party to depend on rich contributors.

At the same meeting, retiring National Chairman Lawrence F. O'Brien urged the committee to work with Democratic congressional leaders to enact legislation providing money for presidential campaigns from the federal Treasury.

A dissenting view came the same day from party Treasurer Robert E. Short, who said the mood in Congress indicated that the political parties would have to continue relying on private contributions.

But Short outlined some grandiose budget plans calling for the national Democratic organization to raise almost \$30 million over the next four years. Major items included liquidation of a \$6.1 million debt, raising \$5 million for the 1970 state and congressional election campaigns and a \$10 million war chest for the 1972 presidential campaign and operating expenses for the national headquarters.

Short, a wealthy Minnesota businessman, said he did not believe in small plans.

The Republican National Committee has a sustaining membership program, launched in 1962. From members who contribute \$10 to \$25 a year, it collects a fund that pays or almost pays off the annual operating budget of the national headquarters.

Lyndon B. Johnson both favored allocations from the federal treasury for certain types of campaign expenses. Congress responded in a bill passed in 1966 but repealed the provision in 1967.

Since 1956, the Senate has passed three bills in this area. Two were ignored by the House. Legislative Committee necessary clearance from the Rules Committee. Still another effort can be expected this year.

British Farmers Contend They Can Aid England In Balance Of Payments Crisis

By HARRY HOBBS
UPI Business Writer

LONDON (UPI) — British farmers contend that, if given the chance, they can pull Britain's balance of payments into surplus.

The National Farmers' Union says it is time for Britain to start producing its food and stop buying food from countries that do not buy sufficient British manufactured goods to justify their favored status as suppliers to the United Kingdom.

These countries are New Zealand, Ireland, Argentina, Denmark, Holland, Poland, Uruguay and the United States. For example, Denmark supplies Britain with 27 1/2 per cent of its beef supply.

"The cost to Britain of Danish imports is \$20.8 million a year and Denmark buys only \$34.5 million worth of British goods yearly," the NFU says. Britain's 700,000 farmers and farm workers could improve the nation's balance of payments by at least \$202 million a year if the government encouraged new production increases. It could do this by guaranteeing the farmers a reasonably stable market with "sensible" import regulations and also giving them the chance to re-invest profits in the land.

For years extra returns that farmers expected from higher production have been skimmed off before they could be re-invested in improving the farm.

It was pointed out that Britain increased her farm output at a rate of 25 per cent during World War II and that output has risen 41 per cent since 1945.

In Doubt? Report A Fire Thusly

By ANNETTE JENKINS
Times-News Staff Writer

There are probably a good number of rural Twin Falls County residents who are not exactly sure of the procedure of reporting a rural fire.

In an event of a fire, people outside the Twin Falls city limits should call the number in their telephone directory listed for their rural area.

The Twin Falls County Mutual Fire Insurance Agency owns

six fire trucks which are stationed in Murtaugh, Kimberly, Ruhl and Cassia.

William Atkins, secretary of the agency, said people who subscribe to their insurance policies are not charged for a fire call. But those who don't hold a fire policy with the agency are charged for the service. He explained that the fee is a bill sent after the fire. He said there is an en-

gine fee and the firemen are paid \$4 for the first hour at a fire and \$2 for the hours after the first hour. He notes that any volunteer fireman answering a call who arrives at the scene after the truck has left is paid \$3. This is to compensate for the loss of time on his job and the inconvenience.

There are 74 volunteer firemen in the six cities where the mutual trucks are located. Mr. Atkins said these men deserve a vote of thanks since their job is a thankless one and they are paid little in terms of their convenience. In each of the six areas there is a fire chief who takes the call and handles most of the responsibility. He said the fire chief is paid a nominal fee for his service.

L. Z. (Zoke) Bartlett, chief of the Twin Falls City Fire Department, said his men are prohibited by city law to go outside the city limits on any fire. He said this is because the residents pay for their fire protection and it would be unfair to send the trucks and men out of the city limits where the people benefiting have not paid for the service. While the

trucks were outside the city limits, they might be needed by someone inside the city.

The Twin Falls Mutual Fire Insurance Agency has provided the service for rural residents for a number of years. They started with one truck in 1938 which operated out of Buhl and later added one at Kimberly until they have reached their present capacity of six trucks.

Japanese Accuse Americans Of Aiding Communist Trade

SANTA BARBARA, Calif. (UPI) Japanese politicians charged Saturday that American policies were allowing European countries to build up trade with Communist China while throwing roadblocks in Japan's commercial activities on the Chinese mainland.

Japanese dissatisfaction with the American attitude toward trade with Red China became evident Saturday in the closing session of a conference of Japanese and American politicians in Santa Barbara, Calif.

The conference was held at the Center for the Study of Democratic Institutions. The two sides will hold a news conference and issue a formal statement Sunday.

The 10 members of the Japanese Parliament and four U.S. senators—all interested in improvement of relations with Red China—met behind closed doors. Their conclusions will not be binding on either country.

It was learned that during Saturday morning's session the Japanese delegation, headed by former Foreign Minister Aichiro Fujimura, charged that European nations were violating the so-called "Cocom" agreement which forbids non-Communist nations from selling materials of military value to Communist China.

"The Japanese insisted that Japan has 'seriously' observed the 'Cocom' agreement and has lost a considerable business to Red China on this account. The Japanese also charged that America has raised no objection to sales by West Germany and other European countries to Communist China on liberal credit terms."

Part of the discussion centered around a Japanese plan to sell Red China a synthetic fiber factory on a liberal credit plan about 10 years ago. At that time, the Nationalist Chinese government on Formosa, recognized by the United States as the government of China, was able to block the project through diplomatic protests. Many Japanese charged at the time that the Chinese Nationalist protests actually were inspired by the U.S. Embassy in Tokyo.

Edwin S. Reischauer, who was American ambassador in Tokyo at the time, said Saturday the U.S. had never interfered with the development of Japan's trade with mainland China.

Burton Will Keep World Famed Pearl

NEW YORK (UPI)—An attorney for actor Richard Burton said Sunday he saw no possibility Burton would sell the famous La Peregrina pearl to a prince who offered double its sale price of \$37,000 so he could give it to the former Spanish queen for an Easter gift.

Burton, who bought the pearl anonymously through a dealer in London last week at New York's Park Bernet Galleries, is expected to give it to his wife Elizabeth Taylor on Feb. 27, her 37th birthday.

Aaron F. Froch, attorney for Burton, said an offer from Prince Alfonso De Bourbon Asturias to buy the La Peregrina for \$74,000 probably would be turned down because the actor didn't buy it for resale.

The prince said he wanted to give the pearl to Queen Victoria Eugenia, now living in Loup, near St. Gallen, who claimed last week that she was the true La Peregrina, or The Wanderer.

Asturias, however, said he was confident the pearl sold by Burke Bernet was authentic. He had attempted to buy it at auction for \$20,000.

Friends of the Burtons in Paris said Burton does not want to admit yet that he has purchased the pearl because it would spoil the birthday surprise. Last year, he gave Miss Taylor an enormous diamond ring worth \$100,000.

The pearl has been worn by Spanish and English royalty since it was found in the Gulf of Panama 400 years ago.

Horse

BENTLEY, England (UPI)—In the past the town of Bentley has honored heroes, royalty and famous athletes.

Next month, the guest of honor at a banquet will be a horse.

The horse is Mister Softee, which won a bronze medal at the Mexico City Olympics last year for rider David Broome.

While other guests eat dinner at the banquet, Mister Softee will be in a corner in the same room, with his own barrel of ice cream and a little area of artificial beddible grass.

Banker Outlines Needs For Economic Growth

A leading international banker and industrialist said last week that the year 1969 will be one of "perplexing prosperity" and that a return to stable non-inflationary psychology is the primary need of the economy.

George S. Eccles, president and general manager of First Security Corporation, says the year will be one of "perplexing prosperity" and that a return to stable non-inflationary psychology is the primary need of the economy.

Mr. Eccles said that the inflation psychology is changing—hopefully within a few months—somewhat easier monetary policies can be utilized. He added that moderation in the pace of spending would lead to lower demands for funds and that slightly lower interest rates can then be expected, but rates will be relatively high for a long period.

If the inflation can be stopped or even slowed down, we should again see an increase in our balance of trade surplus, resulting in a better position for the dollar in the World Market," he added.

Mr. Eccles summed up his comments on the economic outlook for 1969 by saying, "It should be an interesting year, perplexing, but with a possibility of sound economic growth without runaway inflation."

Joy Ride

PHILADELPHIA (UPI)—Trolleys are not for joy-riding; a young man found out Sunday after he took the vehicle from a West Philadelphia trolley barn.

The trolley jumped the tracks five blocks away and smashed into the front of a restaurant. Police arrested James Wright, 23, as he stepped from the trolley and charged him with operating a trolley without the owners' consent and other offenses.

Weiser Fire Kills Two Children

WEISER (UPI)—A fire traced through a small trailer home late Saturday night at Mineral, a mining project 30 miles northwest of Weiser, the Washington County Sheriff's office said today.

The victims, a two-year-old boy and four-year-old girl, were the children of Mr. and Mrs. Phelps of Ontario. They were living in a trailer-type quarters at Mineral. It was believed that the fire was started by a stove at explosion.

Rob Market

HARRISBURG (UPI)—Two gunmen ordered customers and employees at the Sav-Mor food market into a back room Saturday night and fled with \$5,000. Police said the holdup men took the money from a safe, stuffed it into a grocery bag and ran away.

Mineral, a mining project 30 miles northwest of Weiser, the Washington County Sheriff's office said today.

The victims, a two-year-old boy and four-year-old girl, were the children of Mr. and Mrs. Phelps of Ontario. They were living in a trailer-type quarters at Mineral. It was believed that the fire was started by a stove at explosion.

Sheriff's officers said roads in the area were impassable at the time because of heavy snow. The parents carried the children, who were still alive; to a cabin a few miles away where they died.

Snowing was drifted up to eight feet high at the time. Mrs. Phelps, 34, was hospitalized at Weiser Memorial Hospital suffering from shock.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: Is there anything wrong with man wanting his wife to get all dolled up just for his benefit once in a while? I don't mean every night, but maybe once a week. I could get her hair done, make-up her face and put on something sexy, enticing and just a bit revealing for her man. I don't expect my wife to put on a 30-minute strip tease, but what's wrong with giving the old man the "come on" when they're alone in private? She knows I've never been unfaithful. I'm sober, hardworking, and I give her unrestricted use of the checkbook. We're both in our mid-thirties, have three nice children, and she doesn't work outside the home. Am I wrong? She thinks I'm crazy. Sign me. **CASEY**

DEAR ABBY: Guess what? You saved my life. I am stationed at a base four miles from Cambodia. This morning at 0300 we received incoming B24M's. I was so interested in it I was sitting here reading the Stars and Stripes, turned the page and elected to read DEAR ABBY. I got so interested in it I put off Mother Nature for a few minutes. Lucky for me. It turned out that the ladies were the center of Charlie Cong's vengeance. So because of your article I am still here. Thank you!

DEAR STILL: Thanks for writing. You made my day. Everybody has a problem with his yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope. * * *

DEAR CASEY: Your wife is the chance to put life's slip into your marriage. There's no excuse for a wife striking out when her man pitches 'em right over the plate.

DEAR ABBY: I didn't appreciate that letter from ELAINE lambasting people who send annual newsletters to their friends at Christmas time. As you have probably guessed, I write an annual newsletter, and must say that I, for one, look forward each year to receiving them from old friends we seldom see but who are often in our thoughts.

DEAR FRIEND: Your Christmas card received so we know you still have our address. It must have come out of the \$2.50 box at least. Or are you one of those smart shoppers who waits until after Christmas to buy them at half-price? Your message was really original. Merry Christmas and Happy New Year to you. You really had to burn the midnight oil to come up with something so creative. Glad your name was printed in the feature. Never could remember how to spell your name. And O, yes, one more thing. My memory isn't as good as it used to be. Who are you anyway? Sincerely, MARGY

Miss Fullmer, Downer Recite Nuptial Vows

BURLEY — Shirley Irene Fullmer, daughter of Mr. and Mrs. D. C. Fullmer, Burley, and William Merrill Downer, son of Mr. and Mrs. E. M. Downer, Topka, Kan., recited their wedding vows Dec. 21 during an evening ceremony at First United Methodist Church, Burley.

Rev. Paul L. Ludlow conducted the double ring wedding ceremony.

The bride wore a white floor-length wedding gown of crepe featuring the yoke and long sleeves of Venice lace. The chapel train was encircled with white lace. A pillow of tiny seed pearls held her full-length English silk veil of illusion.

Janice Fullmer, sister of the bride, Monterey, Calif., was maid of honor. Barbara Downer, sister of the bridegroom, Topka, was bridesmaid.

Christine Fullmer and Bradley Fullmer, niece and nephew of the bride, were candlelighters. The bridesmaids were Rosemary, co-chairmen were Norma Bern and Betty Reichert, assisted by Dorothy, Thomas and Harry Sharp.

A reception was held after the wedding ceremony in the educational building of the Methodist Church.

The bride's table was covered with a lace cloth and was centered with a three-tiered white wedding cake decorated with red roses. Circling the cake at the bottom were holly and red roses. The wedding cake was topped with four red roses accented with white net. A silver coffee service and crystal punch bowl completed the table setting.

League Meets

FILER — Warren Lassen was in charge of the devotional service of the Clover Walthers League at the school and Ray Auf derheide led the topic discussion.

Refreshments were served by Bell Burkhalter, Rocky Burkhalter and Susan Burkhalter. Larry Stogemeier and Mr. and Mrs. Wayne Jorgels were in charge of recreation.

Annual Men's Party Stated

WENDELL—Plans were made at the Hillendale Club meeting to have the annual men's party Feb. 14, with Ray Ruby, Chester Rice, LaVar Peterson and Charlie Lusk as hosts for the 7 p.m. party. Hostesses for the planning meeting were Mrs. Ruby and Mrs. Peterson.

The 81st birthday anniversary of Mrs. N. H. Leland was observed. She was presented a birthday cake. Each member wrote a greeting to Mrs. Grace Porter who is residing in Bliss this winter.

The program concluded with group singing, accompanied by Mrs. Ralph Newberry.

Boeuf Is Beef - But What Is Spaghetti Doing Under The Soups

Ordering from a foreign menu when you don't understand a word of the language can be either hilarious or disastrous, according to whether your hunger or your humor is up-front at the moment.

"It's easy for Americans to figure out many of the items on a European menu even without any language background," says Mary Gordon, TWA Travel Advisor and one of the most traveled women in the world.

"French 'boeuf' is not far from English 'beef' and Spanish 'esparagos' is close enough to asparagus not to cause any trouble. But without a ny German at your command, how are you to know that 'recuente mit speck' is simply scrambled eggs with bacon?"

"Many a traveler has rushed eagerly into his first restaurant in Italy with the word 'spaghetti' already forming on his lips, only to search the menu in vain for that familiar dish. Unless, of course, he looks under the heading 'supper'—his second surprise might come when, after carefully consulting his dictionary, he orders a

'peru' for dessert, fully expecting a luscious fruit to be set in front of him. Alas, by putting the masculine ending on the word he has ordered the treat instead of the pear... and lost his waiter too.

One of the helps Miss Gordon offers to the hungry traveler is her Menu Translator. Listing words and translations for food commonly found on the menus of France, Spain, Italy and Germany, TWA will send a copy, free, to travelers who write to the airline's local city office.

Reading the menu is only the first and least important step in dining out in Europe. Sampling new dishes or familiar ones prepared properly for the first time in your experience is one of the highlights of a European vacation. And for women traveling alone, Miss Gordon has another word of advice. If there's a famous restaurant on your list which you're just diving to visit, but you can't find an escort, go for lunch. You won't feel out of place.

Miss Gordon also enthusiastically recommends trying new foods in the countries you are visiting. Maybe undigested baby octopus is too much for you to take, no matter how the gourmets rave, but you shouldn't leave Portugal without making the acquaintance of their saline dishes. Perhaps at home you can't resist a big, gooey cake, but in Italy and Israel you'll become adept at peeling dessert fruit-and-egg-ut-thinking it's the perfect finishing touch. If you're invited to a French home for dinner, you'll learn again what really fresh vegetables taste like, swimming in butter or properly sauced. And if you don't order gazpacho before leaving Spain, you've missed one of the world's most delicious soups.

Of course, when you fly TWA overseas and back, you should make your first acquaintance with any foreign dish 30,000 feet up. TWA's international chefs in the U.S., Europe, Africa and Asia are masters at preparing food that appears on menus all over the world. On a first class Royal Ambassador flight to Europe, for example, you'll begin with a dollop of caviar to spread on thin wafers and sprinkle with diced onion, chopped egg white and yolk. Or, as you jet back from a vacation abroad, you're likely to find that all-time American favorite, filet mignon

on your economy class card. On transcontinental trips within this country, TWA gives you as many as five choices of American and continental entrees in first class, and three choices in jet coach.

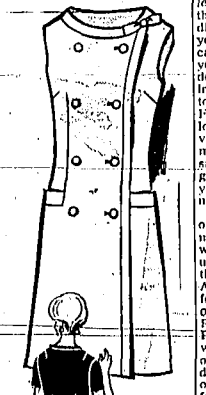

For readers who have grown hungry just thinking about food, Miss Gordon offers an easy whipped dessert she found in Italy. It can be served hot or cold. The following recipe has been adapted for use in American kitchens:

ZABAIONE
Beaten Egg Dessert
6 egg yolks
6 tablespoons granulated sugar
6 to 8 tablespoons of Marsala wine

In a double boiler, combine the egg yolks, sugar and wine. COOK over hot water, beating constantly with an egg beater until thick—about five minutes. Serve immediately. Makes six servings.

As a frozen dessert: Turn the temperature control on refrigerator to the coldest setting. Continue and cook the mixture as above. Cool, then fold in one cup of heavy cream, whipped. Freeze in ice cube tray until just firm enough to spoon out. Make eight servings. Bon appetit!

Steady George Archer Is Crosby Champion, Early Leader Douglass Falters

PEBBLE BEACH, Calif. (UPI)—George Archer, playing steady if not brilliant golf, had the shots he needed Monday for a one-under-par 71 and the title in the \$150,000 Bing Crosby National Pro-Am with a 72-hole total of five under par 285.

Archer started the final round—played on the first nice day of this weather-pogged tourney—two strokes behind Dale Douglass and a stroke behind Howie Johnson. He passed both on the front nine at Pebble Beach with a 36 and then put the clincher on his first 1969 tourney title with a bird on the 10th and eight straight pars.

Bob Dickson on the 1957 amateur champion, shot a four-under-par 68 and Johnson, who shot a one under par 71 finished in a tie for second place.

Archer, who won \$150,000 on the tour last year, picked up \$25,000 for winning the Crosby title. Johnson and Dickson earned \$11,575 each.

Archer rarely gambled as he made his way around the par 36-72, 6,777-yard seaside layout. There was one hole of his game which he did not have under control and that made the difference as Douglass and Johnson, who finished six under-par, lost three shots on the front nine and never recovered.

The next man to go is Archer, methodical but not his way home was Johnson, the veteran who forged into a tie for the lead at the 16th when he chipped in a 20-foot birdie putt off the edge of the greens. Johnson's moment vanished quickly, though, for on the very next hole he hit the ball 200 feet away to fall a stroke behind. As things wound up that was the tourney.

Johnson finished a stroke behind Dickson. Johnson and Douglass with a three-under-par total of 285, while Jack Nicklaus wound up at 287.

"I was generally pleased with my round," said Archer, who won the Pensacola and New Orleans Opens last year and placed fourth on the money list in 1970, he said. "I had a good going into the greens and I putted about as well as I expected to."

Johnson, closing round 72 and Nicklaus finished with 70.

Young Lee Elder came out of the pack with a 69 to finish all ahead of Bruce Devlin (67), Ron Cerrudo (71), 1966 Crosby winner Don Massegale (72), and 1968 winner Lee Trevino (73).

Chamberlain has other statistical margins going for him, however, including a 578 percent of the pace of his previous low in the league and almost 600 points back of NBA leader Elvin Hayes.

West Is Favored In ABA All-Star Game

LOUISVILLE, Ky. (UPI)—The status of knee injuries to the top two scorers in the ABA All-Star game, Monday night, worked out with the West team's main threat, Barry, returned to action Sunday night against Houston and played 16 minutes. He will be able to start in the All-Star game.

Barry, who switched from the National Basketball Association to the ABA in 1967, worked out with the West squad Monday and appeared ready.

While with the NBA Warriors, Barry led the NBA in scoring and was named Most Valuable Player in that league's All-Star contest. This will be his first ABA All-Star game.

The game also marks the first time one individual has coached teams in both NBA and ABA All-Star games. West Coach Alex Hanning of Oakland coached the East NBA squad to a victory in 1967.

Hanning said Monday he intends to use all the players on his squad and try to make the playing time as equal as possible. Under league rules, the teams must start the top five players in each division selected by sportswriters.

Joining Barry on the West starting five are John Benschley of Dallas and Byron Beck of Denver up front and backcourt men James Jones of New Orleans and Larry Jones of Denver.

Backing up the starting group are Doug Moe and Larry Brown of Oakland; Austin Robbins of New Orleans; Warren Davis and Tom West of the Los Angeles; Willie Somerset of Houston and Wayne Hightower of Denver.

For East Coach Hanning of Milwaukee, the game will be the league's Most Valuable Player last season has meant a revamping of his lineup and strategy.

Wrestling

Seven wrestling matches are on tap tonight in valley action as Bull goes to Mountain Home. Blackfoot goes to Burley, Jerome travels to Twin Falls, Skyline is at Minico, Oakley is at Declo, Skyline goes to Kimberly and Shoshone trek to Raft River.

Wednesday action will include Shoshone entertaining Declo, while Thursday Twin Falls is at Buhl, Valley is at Kimberly, and the Eastern Idaho Conference wrestling Tournament begins.

Friday Filer will host Aberdeen.

California Coach Hopes For Upset

SAN FRANCISCO (UPI)—Cal coach Jim Padgett, whose team takes on number one ranked UCLA this weekend, hopes for a "poor" night by the Bruins and a "superhuman" game by his charges.

Ruthie the Bears and the Stanford Indians travel to Southern California for weekend tilt with the Bruins and USC. Padgett and assistant coach Howie Dallmar addressed the Northern California sportswriters luncheon Monday and both hardly sounded optimistic.

"I've seen UCLA more times than I cared to the last few years," Padgett said.

"We're just trying to avoid a shutout. Every coach goes into each game thinking about a chance to win but it would take a tremendously poor night by UCLA and a superhuman game by California for the game to be close."

The sportswriters named UC's Charlie Johnson and Stanford center Bill Palmer co-players of the week.

Johnson, a 6-foot guard from Redwood City, Calif., had a total of 45 points and 23 rebounds in weekend wins over Pomona and Loyola of Los Angeles.

The 6-7 Palmer held heralded USAF center Pete Cross to eight points and 11 rebounds Friday night in the Bruins' 81-48 win over the Dons.

Tennessee Tech Wins By 92-71

EDINBURG, Tex. (UPI)—Ron Sutton and Frank Jurens combined for a strong second half push Monday night to send Tennessee Tech breezing past Pan American 92-71.

The Eagles romped to a 47-40 halftime lead, but pulled steadily ahead to a comfortable margin during the second 20 minutes.

Sutton wound up with 22 points and Jurens had 20 for Tennessee Tech.

The Eagles easy win was aided mostly on the boards, where they had a 54-44 advantage over the Broncos.

Frank Lottridge had 22 points to lead Pan American while Fred Taylor had 10.

The win was the tenth for the Eagles against five losses; Pan American is now 5-1.

Philadelpha Pipers To First Place In Eastern Division

MINNEAPOLIS (UPI)—Minnesota Pipers to first place in the Eastern Division, Monday night, in a 101-96 victory over the West team's main threat, Barry, returned to action Sunday night against Houston and played 16 minutes. He will be able to start in the All-Star game.

Hayes Has 1,554 Total Point Output

NEW YORK (UPI)—With Chamberlain is just shy of the top 20 National Basketball Association scorers but moving up fast.

Chamberlain, the only player in the NBA to hit the 100-point plateau in a single game, had a season high of 60 points Sunday night to move into the No. 21 slot with 980 points.

The Los Angeles Lakers center is off the pace of his previous low year in the league and almost 600 points back of NBA leader Elvin Hayes.

Chamberlain has other statistical margins going for him, however, including a 578 percent of the pace of his previous low in the league and almost 600 points back of NBA leader Elvin Hayes.

Halas Is Given Honor By Writers

MILWAUKEE (UPI)—George Halas, founder, owner and longtime head coach of the Chicago Bears, Monday was named winner of the first annual Distinguished Service to Football award of the Wisconsin chapter, Professional Football Writers of America.

Halas, who retired as Bears' coach a year ago, will be honored at the chapter's dinner Feb. 9 at the Pfister Hotel.

The award will be presented to him by his son, George J. Halas, president and general manager of the Bears.

The elder Halas underwent hip surgery in England last fall and is under doctors' orders to severely limit his travel. He says he deep regrets that he will be unable to attend the dinner.

The award to Halas will be one of five presented at the dinner. The main one will go to Fred Goetz, who will be honored at the chapter's dinner Feb. 9 at the Pfister Hotel.

Kentucky Tops Alabama In Overtime

TUSCALOOSA, Ala. (UPI)—Fifteen Kentucky stood off a determined upset bid by Alabama Monday night with a 19-point scoring flurry in overtime to win 27-26.

Kentucky's Fred Goetz, a Southeastern Conference basketball star, scored 12 points and hit for 13.

The Wildcats, paced by Dan Isett's 33 points, picked up their 10th victory in the season against two losses. They are 7-0 in SEC action.

The game was tied at the end of regulation play, 17-17, in the conference, scouted on the verge of the SEC upset of the season. But Kentucky scored six consecutive points to open the extra period, then raced to the 19-point victory margin.

Senior guard Gary Elliott was high on the Alabama list with 26 points. Also in double figures for the Tide were Johnny Suits, 15, and Randy Hollingsworth, 12.

For Kentucky, Mike Casey scored 17 points and Mike Pratt hit for 13.

Bristol Lauds Work Of Bench

NEW YORK (UPI)—Dave Bristol had better get ready for an argument.

He says he's got a signal caller he wouldn't trade for anybody in the world, including Joe Namath.

"My boy's got that quick release, too," points out the always observant, always astute manager of the Cincinnati Reds.

Bristol was talking about Johnny Bench, his 21-year-old catcher who looks like the greatest thing to come out of Oklahoma since Mickey Mantle and who many believe is the best young prospect in baseball today, but how could anybody in his right mind stand his ground and say "uh-oh" to a straight up deal, even a hypothetical one, for Broadway Joe Namath?

"You don't know Dave Bristol. He's in his right mind but even if he came to him with the proposition he wouldn't take Namath for Bench even now."

Had he seen what Namath did to Baltimore in the Super Bowl?

"Certainly I did," laughed Cincy manager from his home in Andrew, N.C., after he had shaken the sun off his shoes to come inside and talk on the telephone. "He did a tremendous job pecking that defense apart. Joe Namath's got that great arm, good instincts and he can throw the ball but Johnny Bench can do all that and more."

Bristol said something against Namath?

Baltimore Tops Detroit Pistons

BALTIMORE (UPI)—Kevin Lovehugh and Gus Johnson combined for 40 points to spark the Baltimore Bullets to a 126-106 National Basketball Association victory over the Detroit Pistons Monday night. Lovehugh, who finished with 27 points, led a fourth period surge which carried the Bullets from a 91-79 margin at the end of three quarters, almost, who finished with 23 points, had 17 at halftime as the Bullets trailed 66-57.

Lovehugh hit Detroit with 20 points while Earl Monroe added 20 for the Pistons while seeing part-time duty because of an ailing leg.

Fred Dischinger and McCoy McLennor had 14 pieces for the Pistons.

Bing's shooting produced Detroit's halftime advantage after the Bullets held a 32-31 lead at the end of the first period. The victory snapped a three-game losing streak for the Bullets.

McLain, Toomey Are Named Top Athletes

PHILADELPHIA (UPI)—Denny McLain, 31 game winner of the world champion Detroit Tigers was hailed as America's outstanding professional athlete Monday night at the 60th annual banquet of the Philadelphia Sports Writers Association.

The swashbuckling McLain, delighted the audience of more than 1,000 by playing the organ, accompanied by other members of his musical trio in a broad dash of entertainment after receiving the G. William Duncan professional award.

He and Toomey, who received the outstanding amateur Sportswriter award two years ago for his editorial work on the headliners in a star-studded group of guests at the writers' all sports annual affair.

Pete Rose, who won the outstanding amateur championship with a .335 average and Joe Paterno, Penn State's coach of the year after an impressive 1968 season, were among the leaders in the guest parade, as was Bob Skinner, manager of the Philadelphia Phillies.

Professional football contributed home bred Johnny Sample of the world championship New York Jets and Tom Woodstick of the Philadelphia Eagles, while boxing offered heavyweight champion Joe Frazier and former college and professional football star Chuck Bednarik, the newest member of the Pennsylvania state athletic commission.

The Olympics added Larry James and Erv Hall of Villanova; Carl Roble; Johnny Farrell; Luther Jones; Tony Martin, Gordon Cadwalader and John Harrigan, and Penn State's freshman rowing coach Ted Wash, which a hero in Schuylkill River mishaps to others this year.

Utah Shocks West Texas State 104-82

SALT LAKE CITY (UPI)—Fast-breaking Utah stunned favored West Texas State 104-82 Monday night with a combination of well-balanced scoring and a tough zone defense.

The Utes jumped to a wide lead late in the first-half on the shooting of junior guard Bob Martin and sophomore forward Ken Gardner, and were never headed in evening their score record at 9-9 and handing the Buffaloes at Canyon, Texas, their third loss.

Sophomore Mike Nowlan led the Utes with 24 points, including 17 in the second half. Martin followed with 19 and Gardner with 18. Reserve Walt Hawkins contributed 15 to the winning cause.

The Buffaloes, who trailed by 18 points in the closing minutes of the first half, made a run at Utah after intermission but fell short when Nowlan began finding the range.

After West Texas had cut Utah lead to 67-59, Nowlan and Martin teamed to widen the margin to 76-61.

The visitors had four players in double figures led by all-around forward Simmons (14) with 17, Dale Blaut scored 12 and Mike Mitchell and Ron Howie 11 apiece.

Buckeyes Grab New Grid Award

LOS ANGELES (UPI)—Ohio State University, which clinched a perfect season with a victory in the Rose Bowl Monday, was named winner of the 1968 Howard Jones Memorial award of the Green Bay area national football championship selection by the Howard Jones Memorial Award Foundation.

The award is given in memory of the late University of Southern California football coach who guided the Trojans to national championships in 1956 and 1957.

Super Trophy

GREEN BAY, Wis. (UPI)—Green Bay Mayor John Tamash's office has yet to be mistaken for Appomattox Courthouse, but the formal surrender of the Green Bay Packers will occur there Wednesday.

Green Bay Mayor Donald A. Filleman and Al Schneider, chairman of the Green Bay area Chamber of Commerce, will attend Lindsay's weekly press conference to present him with the Super Bowl trophy won by the Packers in 1967-68.

Green Bay instituted the trophy two years ago when it beat the Kansas City Chiefs in the first showdown between the champions of the National and American Football leagues.

Filleman kept the trophy last year when the Packers beat the Oakland Raiders in the second Super Bowl. But now, the trophy will rest in Lindsay's office as a symbol of the New York Jets' 16-7 victory over the Baltimore Colts Jan. 12.

BRIDGE

BRIDGE MYSTERY: HOW TO GET SET

Don von Eisner has produced another "Whom?" bridge mystery. This time the scene is laid at Los Angeles Bridge Week and there is plenty of action with Communist spies who seem

bridge players do make mistakes. South corralled Winkman after the game and asks how he came to double with so little. Winkman replies, "I knew there was something wrong with the bidding somewhere. I did want a spade lead but it was a bad double. Furthermore, you should have made your contract for a top instead of going down for a bottom."

Here is the winning line of play. South is in with that fourth spade. He notes that West led the deuce—not the four—He might read that as a sign of suit preference request for a club lead. Then all he would have to do would be to cash his three high clubs before throwing Winkman in with the king of diamonds.

Winkman would be forced to lead a heart. South would lead that ride to dummy's jack and dummy's diamonds would all be good.

The upshot of the story was that South decided he would play with Winkman instead of against him.

CARD SENSE

to play bridge and get involved with bridge players. We don't quite understand the whole plot but the bridge hands are interesting as usual.

Today's hand of Winkman doubles three no-trump in the East seat. He wins the first spade with the queen and returns the suit. His partner catches the ace and king and sets up his last spade by leading the deuce. South played ace and one diamond. Winkman took his king and got out with a club and eventually South went down two tricks.

As Don points out, North probably should not have bid two diamonds in the first place but surely should have pulled the double out to four diamonds, but

Q—The bidding has been: West North East South

What do you do now?
A—Bid four diamonds. Your partner appears to be interested in a slam. Hearts have been set for the final contract and you can afford to show the diamond ace at this point.

TODAY'S QUESTION:
You do bid four diamonds and partner bids four no-trump. What do you do now?

YOUNG LADY: whatever you do, don't overlook the advice of Lady Chesterfield to sleep (ill) about 10:30 a.m. when not on the road... FOURTH MOST POPULAR color of cars is red; incidentally, the statisticians say people who drive red cars have the most accidents. respond enthusiastically. Nobody admires most, has to see wear out are his slippers.

THIS IS without a doubt too tragic to make light of, but it's a fact that three out of five men convicted of rape are afflicted with some sort of facial defect that makes them look peculiar. Sad thing is that why prison doctors have been experimenting with plastic surgery. They think they can help straighten a man out by fixing up whatever's wrong with his looks. But it's dangerous; flat-out dangerous. I once encountered a case in Texas of a moleskiner, but a mild-mannered man, nonetheless. His ears protruded. He volunteered for such surgery. It failed, and his ears dried up and fell off. Maybe I told you about it. He was transformed by hatred. Never did a shy little wrinkled soul like mine become so dangerous, so deadly.

PHYSICIANS are among those six types of professional men who are most apt to be divorced. "AN OLD MAID has one consolation," wrote the optimistic Mr. C. B. Loomis, "and that is, she can never be in the middle of the night by a widow, no matter who dies."

Nixon Indicates Press Conferences Will Be Formal, Businesslike Affairs

WASHINGTON (UPI)—News men can expect to find that a Nixon news conference with a hot, bulletin announcing some major policy decision in reply to a question.

It just won't work that way, if the President's first, formal meeting with reporters in the White House is anything like the Nixon is an organization man. He is not inclined to talk of the cuff about policy, as he made abundantly clear. The first

conference was business, from start to finish.

Last week after the inaugural, he had gone from meeting major policy decision in reply to a question.

back on arms production.

He is shaping up a "major" legislative program for Congress and is not sure whether to present it as one lump package as a State of the Union address or possibly in a series of messages, one at a time.

He is thinking of ways to hold prices in line, but his style is not to go before management or labor because it won't work.

Another Jet Diverted To Havana, Cuba

MIAMI (UPI)—A National Airlines jet carrying 23 persons from Los Angeles to Miami was hijacked to Cuba today by two men armed with guns and explosives, National officials said.

A National spokesman said flight 84 had just taken off from a stop in New Orleans when it was commandeered by the two gunmen and ordered to fly to Cuba.

The Super DC3, carrying 25 passengers and seven crewmen, was to land in Havana at 10:30 a. m., officials said.

National said it learned of the hijacking—the 10th so far this year—when the pilot asked for clearance to Havana's Jose Marti Airport.

Flight 84 departed from Los Angeles and made stops in Houston, Tex., and New Orleans, National officials said.

The flight was diverted to Havana, Cuba, after the pilot was informed of the hijacking.

Music Auditions Stated At Elba

ELBA—The Raft River State MIA and the Raft River State Music Committee will conduct music auditions at the Elba LDS Chapel from 4 to 6 p. m. Wednesday.

The Brigham Young University music department is offering scholarships to high school seniors and juniors and any students who wish to transfer to BYU.

A member of a visiting faculty team representing each of the three musical areas in which scholarships are awarded—keyboard instruments, vocal and instrumental—will be present.

All students from the "Mint-Cassia" area interested are invited to attend. Each student interested must submit an application, available at the audition.

Further information is available from Heber Zollinger, 645-2702.

The visiting faculty members from BYU are Newell Day, Robert Downes and Arthur Barbee.

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT SAT., FEB. 1, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family tomorrow... next week... next month. And to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have tripled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how high a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Plan that...

... Pays you \$100.00 a week tax-free cash when you go to the hospital.

What a blessing it is when you know you have an extra \$100.00 cash coming in every week—beginning the very first day you enter the hospital.

Now, Presidential's economy plan enables you to enjoy this protection at once. Because it will NOT cost you \$200.00. It will NOT cost you \$100.00—or even \$50.00. Your special low price is just 25¢ for the first month's coverage for your entire family. Then continue at low Presidential rates:

Your cash benefits increase each year—

- at no extra cost to you!

And what peace of mind not to worry about rising costs. Your protection automatically increases \$3.00 a week each year. The first year you get \$100.00 a week. You get \$103.00 a week in the second year, \$106.00 a week in the third year, \$109.00 a week in the fourth year. By the eleventh year, your policy will be worth a full \$130.00 a week in benefit payments... at no increase in cost to you! This generous cash reserve protection will belong to you for as long as you keep the policy. You can see that your insurance will be worth much more than the present "face value" of the policy. Certainly, our increased payments to you will help keep pace with rising costs and—

The increasing benefits come to you

- at no extra cost.

You still pay the regular low Presidential premium! What other Plan protects you like this today? What other Plan keeps protecting you against rising living costs in the years ahead without increasing your premium? And that's not all. This special Presidential Extra Cash Plan (FHP 18L-1087) ...

... Pays you \$100.00 a week CASH for a registered nurse at home.

Yes, in addition to the \$100.00 weekly checks we send you during your hospital stay, we pay you an extra \$100.00 a week if your doctor says you need a full-time registered nurse to take care of you at home.

How comforting it is to know that—after your stay in the hospital, if you've been there three days or more, you can return

- PAYS** up to \$10,000.00 CASH for each accident or illness, starting the very first day in the hospital. **PAYS** up to \$2,000.00 CASH at the rate of \$70.00-A-WEEK if you are 65 or over... in addition to Medicare.
- PAYS** \$100.00 A WEEK CASH—If you need a full-time registered nurse when you come home from the hospital—up to 90 weeks.
- PAYS** \$1,000.00 EXTRA CASH for accidental death.
- PAYS** up to \$2,000.00 CASH for accidental loss of limb or eyesight.
- PAYS** \$100.00 A WEEK CASH for each pregnancy when you go to the hospital, assuming both husband and wife have been enrolled in the Family Plan With Maternity.
- PAYS** up to \$5,000.00 at the rate of \$50.00 A WEEK when a child goes to the hospital for any accident or illness when you are enrolled in the Family Plan.
- PAYS** cash benefits that increase each year... to a maximum of \$130.00-A-WEEK... at no extra cost to you.
- PAYS** you cash benefits for hospitalization for any accident or illness... beginning 30 days after Effective Date of policy, age limit—no medical examination required
- NO** no salesman will call.

IF YOU ARE 65 OR OVER YOU WILL COLLECT \$70.00-A-WEEK IN ADDITION TO MEDICARE

Why are smart folks over 65 now hesitating to protect themselves with the Presidential Extra Cash Plan in addition to what Medicare will do for them?

Even though Medicare is a great boon to folks over 65, it will not, of course, pay all the bills that quickly pile up as a result of illness or accident.

Regardless of your age, you still need additional health protection.

We have designed this plan as the important addition to what you receive from Medicare—or any other health insurance you may have. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones! In addition to what you receive from Medicare, Presidential pays you \$70.00 a week... EVEN FOR 100 WEEKS if necessary! You can receive as much as \$7,000.00 for each illness or injury when hospitalized!

home to recuperate and yet not be a burden to your loved ones. Yes, if your doctor says you need a registered nurse full time while you are in the hospital, we'll send you checks for \$100.00 a week—for as long as you need the nurse—even up to 90 weeks. It's like having a reserve of \$5,000.00 cash to draw on when you need it. These benefits also increase each year by \$3.00 a week. Another exceptional feature you have with Presidential...

... Pays you \$100.00 a week cash maternity benefits—up to 100 weeks for each hospital stay!

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to buy all the things you need for the new baby? Now, if both husband and wife are insured in the wonderful Family Plan With Maternity for the entire period of the pregnancy, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days—so long as necessary—you get \$100.00 a week for every day of your confinement, up to 100 weeks.

All these added cash benefits.

Yes, in addition to \$100.00 a week for hospitalization or \$100.00 a week maternity benefits and \$100.00 a week for a registered nurse at home, you get all this:

Added cash benefits: \$1,000.00 cash to your family if death occurs within 90 days from any accidental injury. Think of how handy the cash can be in time of loss. It can take care of burial expenses without burdening your loved ones.

Added cash benefits: Up to \$2,000.00 cash for accidental loss of limb or eyesight; when the loss occurs anytime within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for \$1,000.00 or \$2,000.00 brings peace of mind during the period of adjustment.

Added cash benefits: Check your entire family for 25¢. All your children will be covered too! Presidential pays up to \$5,000.00 any time your youngster goes to the hospital... for tonsils, appendicitis, or any other illness or injury! If you will receive \$50.00 one week after week—for as many as 100 weeks, if necessary.

We pay your premiums when you are not able.

As a special consideration to you—if you are hospitalized just 6 weeks or more, all premiums that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 90 days, Presidential will again PAY ALL PREMIUMS WHILE YOU ARE IN THE HOSPITAL—TO A MAXIMUM OF 100 WEEKS per confinement! This means you pay no premium, yet your full protection remains in force—you collect up to \$10,000.00 for each confinement!

THIS LIMITED ENROLLMENT OFFER ENDS SOON—Only 25¢ for First Month—Money-Back Guarantee.

You can now have your first month's protection for your entire family for only twenty five cents! But you must act immediately. Your request for this wonderful Income Protection

Plan must be mailed on the convenient Enrollment Form NOT LATER THAN MIDNIGHT of the date shown.

This midnight expiration hour cannot be extended. If your enrollment form is mailed later, it cannot be accepted.

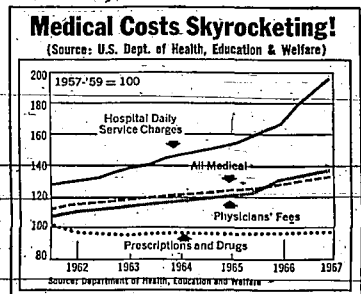

These are the ONLY exclusions.

Your Presidential policy covers every conceivable kind of sickness or accident except conditions caused by war or any act of war; mental disorders; intoxicants and narcotics; where care is in a Government hospital—pregnancy—except as provided under the maternity benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your policy... during the first 2 years only.

This last item is a real help if you already have a health problem. If you are sick before you take out this policy, you will still be covered for that condition after the policy has been in effect for 2 years. Meanwhile every new condition is covered.

How can 25¢ buy so much?

You can buy ordinary insurance at any time and pay the regular rate, if you wish. But Presidential can now provide you and your entire family with tax-free Income Protection for just 25¢ the first month only because we enroll a large number of people at one time—direct by mail! This highly efficient "Mass Enrollment" method cuts costs to the bone—and the savings are passed on to you!

Make your decision carefully.

Think how costly a hospital confinement will be. Imagine paying for those indispensable X-rays, doctor bills, medicines and drugs that are not covered by your present insurance.

Would you be able to afford the quiet privacy of a private room and a private nurse, should you not desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to keep on during the lonely hours? Who would pay your bills to keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows when they will be next time.

Why you must act before the deadline date shown on your enrollment form—just a few days from today.

Why do we give you so little time to apply for your insurance policy—only a few days? Because, as mentioned above, we must receive your enrollment form as soon as possible. In the privacy of your own home, take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT! (That's about all you wish, to someone's trust. Perhaps your lawyer, accountant, or banker, better still—when it is your own insurance man... even though he may say you are doing for modern company.) If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

Money-back guarantee—in case you change your mind.

Even after you mail your Enrollment Form below... even after you examine the policy in your own home and talk it over with anyone you wish... even after all this you are still free to return the policy within 15 days and your quarter will be refunded at once. There will be no obligation whatever.

Meanwhile, all during the 15 days you are mulling up your mind—yourself (including your spouse)—think, to be sure, of the Plan for you. Each person just be 18 or over, and adult pay (per person) the rate applicable to his or her age. NOTE: When the first month's protection for your entire family is the most economical to choose for a husband or wife (or both).

However, after you've seen the policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue the \$100.00-A-WEEK extra cash protection under the Plan that's best for you.

PLAN I — INDIVIDUAL(S) ONLY PLAN:

If you want to cover yourself—or yourself and one or more adults dependent (including your spouse)—think, to be sure, of the Plan for you. Each person just be 18 or over, and adult pay (per person) the rate applicable to his or her age. NOTE: When the first month's protection for your entire family is the most economical to choose for a husband or wife (or both).

Age at Enrollment Monthly Premium
 18-29 only \$3.98
 30-39 only \$4.98
 40-49 only \$5.98
 50-59 only \$6.98
 60-74 only \$8.98
 75 and over only \$9.98

PLAN II — FAMILY PLAN WITH MATERNITY

This plan is for the family that is still growing. It is the total of the monthly premium for the adults to be insured, just \$6. This entitles you to all maternity benefits. It also covers all

THESE 23 QUESTIONS AND ANSWERS

- Tell us how Presidential's COST OF LIVING INCOME REPLACEMENT HEALTH AND ACCIDENT PLAN gives you the protection you need most economically for the least cost.**
- How much will my policy pay me when I go to the hospital? You are paid \$100.00-A-WEEK each every week. And it starts the very first day you are in the hospital. If you are over 65, you are paid \$70.00 a week—in addition to any Medicare benefits you may be receiving. You are paid \$50.00 a week up to 100 weeks every time your children go to the hospital when you are enrolled in the Family Plan.
 - Will I be paid if I am hospitalized for less than a full week? You certainly will... regardless of whether you are in the hospital for an entire week or as long as one day.
 - Does the Plan pay you from the first day of hospitalization? Yes! You receive full cash benefits of \$100.00 week starting the very first day you enter the hospital. The coverage begins when we accept your completed form and 22 days after the day your husband or wife are enrolled under this plan. Sick leave coverage begins 30 days after the effective date of the policy.
 - How much do I receive for a Registered Nurse at Home? \$100.00-A-WEEK for up to \$5,000.00 after you have been hospitalized for 3 days or more, and your doctor has written a full-time registered nurse within 5 days after you leave the hospital. Ten years from now it will have increased to \$130.00 a week in benefits at no extra cost to you!
 - Are there any accidental death benefits? Yes, \$1,000.00 cash is paid to your estate when death occurs any time within 90 days of an accident.
 - Will I be paid extra if I lose a limb or eyesight? Yes, Presidential pays \$1,000.00 for complete or accidental loss of one hand or one foot or sight of one eye; \$2,000.00 for loss of both hands or both feet or sight of both eyes... when dismemberment occurs within the 90-day period.
 - How much do we receive for pre-natal care? If you have the Family Plan With Maternity, you receive \$100.00-A-WEEK for at least 100 weeks for each pregnancy, childbirth or miscarriage that results in hospital confinement when both husband and wife are enrolled under this plan for the entire period of pregnancy.
 - Will I be paid benefits for any sickness or accident? What happens if I am again hospitalized for the same condition? Don't worry—you will collect \$100.00-A-WEEK for up to 100 weeks and you will receive \$1,000.00 cash for each hospital stay for just 90 days. It's considered a new confinement, and you can collect for an additional 100 weeks... all coverage—no condition is covered immediately for a full 100 weeks.
 - How may I use these benefit payments? You may use them in any way you wish—for hospital and doctor bills, rent, food, household expenses, or anything else. This is entirely up to you.
 - May I apply if I am over 65? Yes, you may. Folks any age are welcome to apply—there is no age limit here. You are paid \$70.00 a week plus all Medicare benefits.
 - Can I collect for Presidential even if I carry other insurance? Of course. This plan will pay you in addition to whatever you may receive from any other policies, including Medicare for folks over 65.
 - Why do I need this Presidential Plan in addition to my other hospital and health insurance? While hospital costs have tripled in recent years, very few people have tripled their insurance. The chances are one in ten that you are not fully insured to take care of all your other expenses, as well as your hospital bills. Your Presidential checks will help you pay for them.
 - What benefits do my eligible, dependent children get? If you choose a Family Type Plan, your dependent eligible children, ages 3 months and under, would receive 25¢ of the cash benefits of the basic Plan (including Waiver of Premium).
 - May I add future dependent children to my policy after it is for force? Yes, indeed, if you have the FAMILY PLAN WITH MATERNITY. Just notify us within 30 months after the date of your enrollment without provision of insurability and any additional charge.
 - Will my pregnancy be cancelled because I have too many claims? Absolutely not! Presidential guarantees never to cancel your pregnancy because you have too many claims or increased advanced age. We also guarantee never to refuse to renew your policy unless the premium is not paid before the end of the 15-day grace period, or if you request a reduction in the policy of this type in your entire state. Of course, if reduction is used in making application, the policy may be voided by you.
 - Will my rates be raised as I grow older or if I have too many claims? The matter how many claims you have, or regardless of how long you keep your policy, your rate will remain the same as it was for your first year of application. Presidential does not raise to adjust its rate unless the rates are adjusted on all other policies in your entire state.
 - What is not covered by this policy? The only conditions not covered are those caused by mental disorders, alcoholism, drug addiction, or any other condition; expenses resulting from any sickness or injury you had before the Effective Date of your policy; expenses of a 2 years only act of war; EVIL INTENT ELSE IS COVERED—Including Pregnancy. Presidential covers both husband and wife enrolled in the FAMILY PLAN WITH MATERNITY for the entire period of pregnancy.
 - What are the requirements to enroll in one of the Presidential Plans? You must not have been refused any health, hospital or life insurance; and, to qualify during this enrollment period, you must not be under 18 years of age at the date of enrollment.
 - Why is this offer good for a limited time only? Because, by enrolling a large number of people at the same time, underwriting, marketing and policy issues are handled, it can be at a minimum—and we can pass these savings on to you.
 - Beside the savings, are there other advantages to joining Presidential during this enrollment period? Yes, there certainly are. A very important one is that you do not need to complete a regular application—just the brief enrollment form in the lower left-hand corner of this page. Also, during this enrollment period there are no other requirements for eligibility—no "pre-existing" restrictive conditions that can be put on your policy!
 - Can other members of my family take advantage of this special offer? Yes, as long as they can meet the few requirements listed under Question 18.
 - How does the money-back guarantee work? Examine your policy carefully in the privacy of your own home. For 15 days after you receive your policy, you may return it within 15 days and we will promptly refund your money. Meanwhile you will be protected while making your decision.
 - How do I join? Fill out your enrollment form and mail it with just 25¢ for the first month's protection for your entire family. The Presidential Life Insurance Company of America, 11401 Roosevelt Blvd., Philadelphia, Pa. 19154.
