None Hurt Slides Halt Mining

HAILEY — Work at the Eureka mine seven miles west of Hailey has been stopped because of snowslides, but none of the miners was hurt.

Several small slides occurred Tuesday. Forest Service officials said, but they were not certain where there was anything to be damaged.

Some were in the canyon where the Idaho Power Co. main line comes to the subdivision between Ketchum and Sun Valley, and others were north of Greenhorn gulch, about three south of Ketchum, west of Highway 93.

Foot of snow fell in the Hailey area both Sunday and Monday nights, but Tuesday night the snowfall was only listed as about one and one-half inches. However, the new snow is so wet that measurements were lower Wednesday than they were the day before. Tuesday there were 100 inches on top of El Mountaint, 121 at the Roundhouse and 71 on the valley floor, while Wednesday morning these figures were changed to 102, 118 and 69 inches.

The mine is located in Eureka Gulch, a fork of Bullion canyon, about three and one-half miles from the mouth of the canyon into main road.

The night shift was working underground when the first slide occurred about 9 p.m. The mine is about one-half mile from the top of the tappings dump of the mine. See SLIDES, Page 2, Col. 4.

Levi Eshkol Dies; Mideast Tensions At Critical Point

By United Press International
Arab guerrilla sources in Damascus said Israeli Premier Levi Eshkol died today from wounds suffered during a rocket attack on his Jordan valley home Monday night. They said Eshkol's death had been kept secret from the Israeli people.

An official spokesman for the Al Fatah guerrilla organization said only that the commandos "knew" Eshkol was inside his home at Deganiah when they

fired their rockets at it as a reprisal for Israel's "barbaric" attack against Syria earlier in the day. He said Eshkol's death indicated the Al Fatah intelligence was correct.

Israel said Eshkol died of a heart attack at the age of 73, that he had not been in his Jordan Valley home since Feb. 3 and that the Al Fatah claim was simply "Al Fatah boasting. It is the most ridiculous and infantile of the Fatah's one thousand and one nights fairy tales."

News of Eshkol's death sent shock waves through the Arab world and the immediate fear was that he would be succeeded by Gen. Moshe Dayan, the Jewish Israeli defense minister who was the Arab blame for their defeat in the June 1967 war.

Egypt already was under a state of emergency and a prominent editor who frequently acts as spokesman for President Gamal Abdel Nasser warned that the Israelis were getting to invade Cairo and hold on for several days. Egypt canceled all police leaves as the Mideast entered a crucial period.

The carefully worded Damascus statement from Al Fatah said: "We already have announced in our communique issued yesterday (Tuesday) that our rocket unit No. 18 Monday night shelled the rural home of Zionist Premier Levi Eshkol. The shelling followed information by our intelligence section which confirmed that Eshkol was in his home at that time." The spokesman noted the reports Eshkol was actually not in Jerusalem when the shelling occurred but said "the death today came to confirm the truth of our information."

Immediate reaction in the Arab world to news of Eshkol's death was one of jubilation and relief—jubilation at the prospect of changes in top leadership and relief that a seemingly inevitable Israeli reprisal action might now be delayed.

The main street arguments centered on who would succeed Eshkol, and whether a day of mourning was warranted. There were widespread fears that Dayan, a hated figure to the Arab world, would step into Eshkol's shoes.

"There is no political settlement if Dayan gets the job," an Arab journalist said in Beirut.

Nixon Wins Vow Of German Aid

BONN (UPI) — President Nixon arrived in West Germany today on the third leg of his European trip and won quick assurance of the Bonn government's "full confidence" in his plan to begin talks with the Kremlin to ease world tensions.

Chancellor Kurt Georg Kiesinger gave his "pledge of support in the Rhine-side Palais Chausseur after Nixon declared he would make no agreement with Moscow that would impair NATO. He had given similar assurances in Brussels and London.

The exchange of guarantees came at the end of their first

round of political talks in Kiesinger's office in the white-walled palace, heavily guarded today by the Federal Border Defense Force and mounted policemen who kept 300 curious people away from the building. Nixon arrived in prosperous West Germany from London, landing in a snow storm that was turning into a drizzle. The weather forced the Nixon-Kiesinger party to travel by limousine into Bonn instead of taking helicopters.

In his formal airport statement, Nixon pledged support of America's promise to champion reunification of divided Germany. He called it a "commitment" part of the basic goals dedicated to "the orderly construction of a durable peace in the world."

Although the incumbent valedictorian of the President's visit, none of the anti-American demonstrations that occurred during his earlier stops in Brussels and London were reported here.

However, leaving extremist students in West Berlin have threatened to block his passage with huge demonstrations when he visits that city 110 miles to the east on Thursday.

Nixon and his German host began their political talks in the back seat of a Cadillac limousine bearing Washington, D.C. license plates on the drive from Wann Airport.

They continued it in Kiesinger's office for another 50 minutes with only interpreters present.

An hour before lunch they were joined by Secretary of State William P. Rogers and Foreign Minister Willy Brandt and other advisers. After the conference they walked from the palace to the villa 11 miles to the west, official residence of President Heinrich Lübke, for a 15-minute chat before leaving.

Villages Seized

Reds Launch Major Offensive

SAIGON (UPI)—North Vietnamese troops unleashed what a captured prisoner said was a final offensive to "reclaim Vietnam" seized two villages on the northern fringes of Saigon today and then held off 2,000 U.S. and South Vietnamese troops in house-to-house fighting.

The fourth day of the Communist offensive came as the U.S. and South Vietnamese troops attacked the villages of Dong Lach and Ho Nai near the American base at Bien Hoa and

Richfield Family Learns Hazards Of Snowy Roads

RICHFIELD—The hazards of being stranded on a snow blocked road was experienced by the Richfield family and a Jerome man Monday night. Mr. and Mrs. James Powell and son Jimmy, 6, were returning in Richfield from Sun Valley by way of the ice cave turn-off through Burmah and north Richfield when their car became high centered on a snow drift. Other drifts across the road were shoulder high.

Another car followed Powell off highway into the snow when the car struck Richfield. He was the bank of Idaho computer driver. By that time Powell had walked one-half mile to the roadside where he called for help. Electricity had also failed in that area at the same time.

Mrs. Freeman stated the road was particularly bad into Monday.

Mr. and Mrs. Powell and son spent the night at the Freeman ranch and returned to their

Study Started On 3 Sawtooth Areas

The Boulder Mountains, White Cloud Peaks and the Pioneer Mountains, which are in the Sawtooth National Forest, will be included in a study of four mountainous areas of National Forest land in Idaho and Wyoming.

Some of the studies are under way and the other soon will be undertaken by the United States Forest Service to determine the best long-range management objective for each. This announcement was made by Regional Forester Floyd Iverson, Intermountain Region, Ogden, Utah.

The other area to be studied is the west slope of the Teton Range in northwestern Wyoming.

"The studies will be designed to evaluate all of the various multiple use resources and values," Mr. Iverson said. "In this way information will be available for determining what the long-term management program for each area should be. Included in the studies will be evaluations of forage, recreation, wilderness, water, wildlife, timber and mineral resources. The studies will likely extend over a period of years.

County Considering New Nursing Home

BY FRED DODDS
Times-News Staff Writer

Twin Falls County commissioners indicated Tuesday they are interested in building a county nursing home in an effort to keep tabs on the rising costs of taking care of the elderly.

Nearly a year ago a Nebraska firm took steps toward building a new nursing home at Shoup Avenue east of Magic Valley Memorial Hospital, but since then the deal has been called off because financing couldn't be arranged.

Commissioners said Tuesday they would be willing to build the nursing home, then turn its operation over to management of the Nebraska firm, which is Bethel Homes Inc.

"Bethel has indicated to us that we'll be willing to manage the home," Commission Chairman Herb Leughammer said.

He added, however, that the county has no concrete plans on building a county rest home.

Bethel Homes officials were in Twin Falls last March to discuss building a new rest home. Approval was granted through the state for a plan to sell \$150,000 in bonds to help finance the institution. About \$100,000 in bonds was to have been sold then, and the remaining \$50,000 was to be held for future sales.

The cost of the proposed facility was to be about \$450,000. Commissioners said Tuesday that financing couldn't be arranged by Bethel officials and in the end the project had to be dropped.

The Twin Falls County commissioners have been linked in a controversy for several years on nursing home care.

Presently the State Department of Public Assistance allows \$240 a month per person for nursing home care. Nursing home officials in Twin Falls County say it costs \$260 to maintain each nursing home patient for a month.

"It's a real mess," Leughammer would like the commissioners to supplement the \$240 a month with \$20, but to date the county commissioners have refused.

Commissioners said, however, their door is always open and they are willing to discuss costs with the nursing home operators at any time.

A year ago the DPA allotted \$225 a month per patient. This has been increased to \$240.

Harold Drake, manager of Huzzel Del Monte in Twin Falls, said Tuesday, "Costs are rising all the time. The costs seem to be ahead of us. Now it costs \$240 a month for beds." See COUNTY, Pg. 2, Col. 5.

100 Magic Valley Pilots Honored For Safe Flying At Awards Banquet Here

More than 100 Magic Valley pilots were honored Tuesday night at the ninth annual safe flying awards banquet at the Twin Falls American Legion Hall.

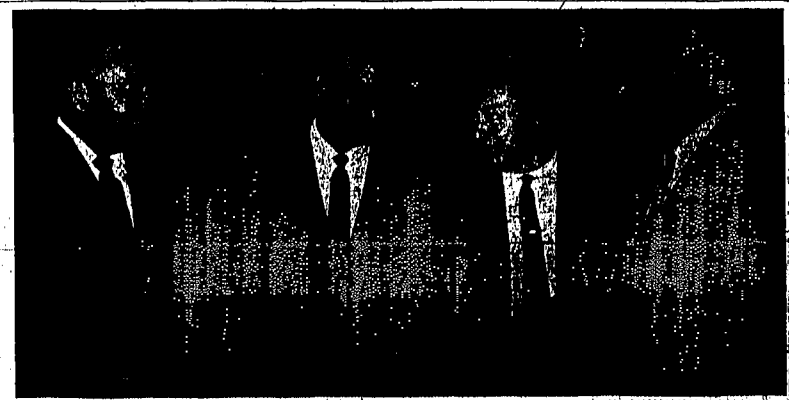

Critteries, recognizing from one year to two million miles of safe flying, were distributed by Commissioner Herb Leughammer, chairman, and Bill Chizek, attorney and spoke to the group on the Twin Falls County City Airport project and which can be expected in the way of development there in the next few years.

The operation of the airport and expansion of services and facilities was related to the group by Ed Woods, airport manager.

Mr. Moulton stressed to the group the importance of safe flying. L. James Koutnik served as master of ceremonies.

Receiving one-year awards were Burley Bates and Clair L. Kelsey, both Burley; Ivan A. Schroeder, Buhl; Walter Rick Robbette, Gooding; Sherry Klutznick, Hailey; James A. McCurdy, Dora; Mac Williams, Hilton City; and Stanley W. Whitchell, son, at Rupert; Harold A. Leppard, Wayne II; Hoover, John J. Straubert and Ronald R. Napienki, all Twin Falls, and Ronald E. McConnet, Wendell.

Receiving two-year awards were See PILOTS, Pg. 2, Col. 7.

THE NINTH ANNUAL Pilots Safe Flying Banquet was held Tuesday night at the American Legion Hall. From left are Robert E. Bruce, Jerome, 28 years; Fred Wanzeller, Twin Falls, 50 hours flying alone or more without an accident were given pins. Those receiving the highest awards given were presented with plaques by Chet Moulton, state director of aeronautics. From left are Robert E. Nixon Seeks To Avert "Soybean War"

Wednesday, Feb. 26, 1969... AL WESTERGAARD... THOMAS HOWARD... O. A. GOUL KELKER... WILEY DODDS... GENE CARPENTER... DALE THOMPSON... PAUL STANDLEY... O. J. SMITH

WASHINGTON — President Nixon, in his top-level talks with government leaders in European capitals, is planning to discuss a wide range of vital mutual interests — including soybeans. Almost unopposed, soybeans have become a very vital mutual interest. Some authorities here and abroad think they furnish the opening background for a

describes the proposed Common Market action as the U.S. farm "most important trade problem" with respect to markets in Europe. Congressional leaders have been sharply critical. At a White House meeting last week before Mr. Nixon's departure for Europe, the President discussed the soybean problem with House and Senate leaders. Senate Republican leader Everett M. Dirksen, Ill., called the discussion lengthy and specific. Actually, the congressional group urged the President to discuss the matter with leaders of the European Economic Community on his European tour. They left with assurances that Mr. Nixon would express the deep U.S. concern over the proposed consumption tax.

Payments Confusion

Because of the touch and go situation in the United States balance of payments, Congress began this session with an investigation into the 1968 and current status of the account. It has received some revealing testimony. Robert C. Moot, controller of the Defense Department, told a Joint Economic Subcommittee of the Pentagon...

"I'm Really A Dirty Old Man"

Even before the White House meeting, House and Senate leaders had reacted sharply to the tax. Rep. Wilbur Mills, D-Ark., chairman of the House Ways and Means Committee, had offered a resolution warning of "retaliatory action" by the U.S. Dirksen had planned to offer an identical resolution in the Senate last Wednesday. The President decided to withhold his resolution for the time being.

Dirksen insists that the tax would be a "direct violation" of the basic international trade arrangement, the General Agreement on Tariffs and Trade (GATT). He says he will offer a bill if the Nixon administration fails and the soybean levies are imposed. Curbs on the import of European cars, typewriters and the like in reprisal for the consumption tax are what the trade experts would like to avoid. Reprisals breed counter-reprisals and the result could be a full fledged trade war involving, among other things, additional U.S. farm products.

Sustenance

Increased production and better distribution of foods are needs which may become paramount in the world in the next few decades. There is already need for greater quantities and quality of food in many parts of the world, but taken as a whole the world is still able to produce sufficient foodstuffs. That may not continue much longer. Experts of the World Health Organization and the Food and Agricultural Organization predict protein-rich foods will have to be doubled within a few years and tripled or quadrupled by the end of the century to keep up with the population increase.

Kennedy Skips Lost Causes

WASHINGTON (NEA) — Sen. Edward Kennedy is trying to operate as Democratic whip much as he did as a well-known but back bench senator. He is using his weight and influence selectively in support of what he deems the most significant issue positions. At root the whip's post, second in command to majority leader Mike Mansfield, is a nose-counting job. But Kennedy is opposed to competing Democratic senators to put their noses on the line every time an issue arises which by any stretch could appear to involve the party's interests.

GEORGE C. THOSTESON, M.D.

Penicillin

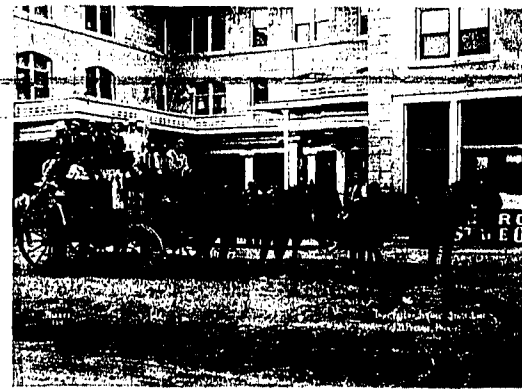

Dear Dr. Thosteson: I understand that some people have reacted to penicillin. What reaction can one expect? What actually takes place in the body's system? Would it be safe to take penicillin if one has a reaction? You understand correctly. Some people do have penicillin reactions, but some folks also have reactions to other antibiotics, iodides, the oral drugs for diabetes, various sulfas, all are known to cause reactions in some individuals. And that doesn't exhaust the list.

Thorough Evaluation

Difficult as it is for the Nixon administration to concentrate attention on the myriad of serious problems it has inherited simultaneously, it is essential that the careful review of existing policies and programs initiated by the new team be as extensive as possible. The space program, the Sentinel missile defense system, the supersonic transport and dozens of other expensive projects will under way are undergoing extensive evaluation

MR. SPECTATOR

All Aboard For Jerome

In the early days of the City of Twin Falls—before the streets were paved (as you note in this picture) and when the Perrino Hotel (which is now gone forever) was fairly new—the best way to get from Twin Falls to Jerome and return was by the stage. J. B. Perrino, owner of the Twin Falls-Jerome Stage Line and the father of the Twin Falls tract stands beside the stage. The photograph is by C. E. Blsbee, pioneer lensman of Twin Falls and this area, and is now property of the Twin Falls County Historical Society.

trouble with the doctrinaire dissidents who, as other Washington observers have enterprisingly discovered, are already taking an "all-or-nothing" attitude toward party leaders on the question of reform. Judging from their behavior, these dissidents of the Democratic left, like their predecessors in recent decades, prize above all the ardent public utterance, the symbol of pure dedication to principle rather than the achievement of attainable goals, the indiscriminate commitment to doctrinaire partisanship. How this works in practice can be seen from an episode involved in the January fight Kennedy won over Sen. Russell Long for the whip's job. It centered on an unsuccessful effort by Kennedy men to gain Sen. Eugene McCarthy's vote.

GOP Tapping The Airlines

WASHINGTON — With the Transpacific air routes case now under fresh study at the Nixon White House, Republican fund-raisers have succeeded in selling top officials of Braniff International Airway a \$30,000 worth of \$1,000-a-head tickets to the party's big post-election money-raising sale at the Washington Hilton on April 2. These 30 tickets will buy the Braniff team, one of the big winners in the Transpacific case before President Nixon resigned, three tables of ten each at the party's fund-raising event. What makes Braniff's generosity so interesting is that the top echelon of the Texas-based airline is crowded with Democratic friends and cronies of the former President. The airline's Washington lobbyist, for example, is the airline's Chief Executive, a long-time LBJ insider, Jimmy Day of Long-Termers-Vaugh (which owns Braniff) and Troy Foster, old-old Texas

Dear Dr. Thosteson: For some

time now whenever I have a bowel movement, it is almost like I have been to a doctor because I am feeling quite well. — K.A.K. Maybe you feel good, but that is not the case with me. I have had some other good, usually indicates bleeding fairly high in the intestinal tract. Therefore no more delay in getting to you doctor! It may or may not indicate serious trouble starting, but better to correct such troubles before you feel ill rather than let the condition do too much damage. Medications as iron or bismuth preparations can produce a dark to black stool. Dear Dr. Thosteson: I have heard there is a treatment for arthritis called gold shots. Can you tell me anything about it? And if not, can you tell me to give up cortisone because I was bloating so badly. — Mrs. M.C. The use of gold shots (injection salts which are gold compounds) is not new. It is employed with rheumatoid arthritis. This method was to a considerable extent abandoned in a clinic, but now is being used in selected cases. The treatment is most effective when used early in the disease. It could be worth considering in your case — if your doctor concurs. Since he knows more about your particular case than I do, obviously, he guided by his judgment. Yes, there are toxic effects and effects of "gold" — that must be watched carefully. These are kidney irritation, skin eruptions, weight disturbance, and blood must be checked frequently. The treatment is not used on a continuing basis, but only for a limited time. You can lose weight if you really want to. Dr. Thosteson's booklet, "Lost Secrets of Reducing," tells you how — naturally and with no gimmicks. It also tells you what to do for your individual needs. Nixon To See Woe Of Europe

By PHIL NEWSOM
UPI Foreign News Analyst

In Paris, the influential French newspaper *Le Monde* ran a front-page editorial noting that President Nixon had expressed a wish to "see the Europeans as they are not as he wished they were."

"If that is the case," the editorial said, "it will be more than fulfilled. It is a long time since Europeans have been so torn."

It has been more than five years since an American President has shown the flag in Europe, and, whatever may be the end result, Europeans regard the Nixon trip as an important event that new administration will not become so preoccupied with its Asian problems that it will neglect its friends in Europe.

By an accident of timing, the President will indeed have an opportunity to see the tribal rivalries of Europe in full swing.

The *Le Monde* editorial referred specifically to a tempest-blowing-through-both NATO and the European Common Market as result of a Feb. 4 lunch meeting between President Charles de Gaulle and British ambassador to France Christopher Soames.

As Soames reported it back to his government later, De Gaulle proposed that both NATO and the Common Market be abandoned in favor of a "large Europe" under a directorate composed of France, Britain, West Germany and Italy.

At the same meeting De Gaulle was said to have complained that his Common Market partners were "too pro-American."

Britain rejected the plan and promptly informed other members of the Common Market—Luxembourg, the Netherlands and Belgium, who would have been left out of the French plan, plus the West Germans and Italians.

The result was as could have been anticipated.

The French first denied the British version, then accused the British of striking a "low blow" by disclosing a conversation intended to be private.

De Gaulle's Common Market partners reacted variously, from a belief that this was another De Gaulle move to re-establish French primacy in the Common Market to a suggestion that the French president would sacrifice 12 years of effort toward European integration to his determination that Britain should be a part of it.

De Gaulle is a believer in

Union Eyes Walkout On Airline

NEW YORK (UPI)—The Transport Workers Union (TWU) said Monday it may call a nationwide strike against American Airlines at midnight Wednesday.

The TWU represents 15,000 mechanics, inspectors, fleet service, ground service and communications workers in 52 cities.

The union's contract expired last May.

Mathew Guinan, international president of the TWU, and Union Vice President James F. Horst issued a joint statement to "alert the public to the very real possibility of a strike."

A spokesman for American Airlines said, however, the airline did not expect a strike.

"Negotiations are still in progress in Washington and these things have a way of

going right down to the wire, before agreement," he said.

"American Airlines has arrogantly made no acceptable collective bargaining proposal to the union," the union leader said. "The company's lack of good faith in bargaining and insensitivity to the needs of its employees leaves us no alternative but to strike."

Guinan and Horst said a strike was "absolutely their last resort" because 10 months of negotiations and mediation attempts failed to produce a settlement.

Jerome Plans Sewage Project

JEROME—The major change in the Jerome city tentative budget for 1969 is raising the total sewer budget to \$241,000 to provide for construction of improvements to the present sewage system.

The improvements will include a one-million gallon lagoon and an enlarged filter. Construction will begin as soon as the bonds are sold and bids are let. Sale of bonds set for March 4.

The \$100,000 general obligation bonds were approved by property owners last July 26. City officials hope that construction can begin in April.

The council approved a 2% raise to \$1.25 per month charge for sanitation service in the budget meeting last week. It was pointed out that the sanitation department was not paying the cost of cleaning the ditches and alleys.

Councilmen had to decide

either to raise the irrigation fees which is a property tax, or add to the garbage fees, which permits persons receiving the service to pay for it.

"The only other raise in the city budget was \$6,000 which includes \$2,000 provided by the county for maintenance of the city dump, oiling of the roads at the fairgrounds, which also will be paid for by the county and salary increases for city personnel."

Also included in this amount will be the repair for the swimming pool which has caused considerable trouble with leakage. Repairs are expected to be completed before the season opens.

Duplicate Bridge

The Twin Falls Duplicate Bridge Club met Monday evening at the American Legion Hall.

Winners were Mrs. A. V. Williams and Lewis Hack, first; Mrs. E. H. Adkins and Mrs. T. T. Greenough, second; and Mrs. Lewis Hack and Mrs. A. J. Lindemer, third.

Mrs. Williams was awarded a trophy as the winner of this year's six-week series.

The next play will be at 8 p.m. Monday at the American Legion Hall.

Cougar 'Thought' Sought

BOISE (UPI)—House members approved, 55-9, Tuesday a proposed study that one representative said would "give us an insight into what the modern cougar is thinking and doing."

Initiated in the Senate and passed 27-6, the measure closes the Big Creek drainage in Idaho and Valley counties to hunting, killing or taking of cougars until July 1, 1972, to permit a research program.

Floor sponsor Emery Hedlund, D-St. Maries, told the House that the cougar or mountain lion has taken on a "new look in recent years." He said it deserves to have a study made of its activities.

Recalling his own hunting of the predator, he said he had great respect for the cougar, which he said was "one of the most graceful animals to move through the woods."

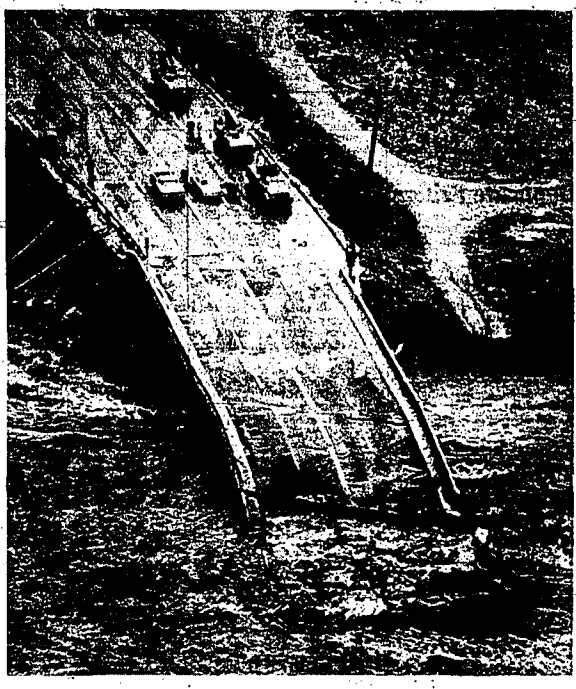

Rep. Ray Lincoln, R-Twin Falls, told the House of the many fears he had of the bill and, with vigorous applause, urged it be removed by proponents of the legislation.

He also recalled his fear that this study would be duplicating one already made, possibly turning the area involved into a cougar breeding ground during the moratorium involved. He said Hedlund's comment that "Things change" had alleviated that fear.

"I think this study will give us an insight into what the 'modern' cougar is thinking and doing," Lincoln said. "I can support this bill with certain reservations."

Rep. Walter Little, R-New Plymouth, took no chances with satire. He flatly opposed the bill, telling the House, "I lost 63 sheep (to cougar) in one night so you can understand why I'm opposed to it."

"I have no quarrel with scientific studies but I think we should weigh the benefits against the costs," Little said.

Prison Lock

BY RICHARD CHARNOCK
BOISE (UPI)—Would you believe a prisoner-rehabilitation program that includes making an electrically timed lock for a gate at the state penitentiary?

This is what former State Sen. A. J. Gaige said Tuesday is being contemplated by the State Board of Correction.

When the state prison administration decided to replace the present chain and padlock system on the main pedestrian gate at the vocational training compound south of Gowen Field, Gaige, who is in the hardware business, put in a bid for an electrically controlled security lock operated by remote control.

Gaige said that Tuesday the architect in charge of the project called him and told him to forget about it. "I could understand that," Gaige said. "Some you get and some you don't. Then I asked him, why? Are they abandoning the plan?"

Gaige said he was told "no. One of the instructors out there has convinced the chairman of the board that the prisoners can build the lock."

State Board of Correction Chairman Roger Bryer—when reached at his home and asked for comment on the program—declined to discuss it over the telephone.

Samuelson Sets \$222 Million As Tops For General Budget

BOISE (UPI)—Gov. Don Samuelson said Tuesday the total general fund budget should not go beyond \$222 million. He said he would like to see some form of tax relief given to Idahoans.

The governor said he felt the state should use part of the surplus funds to pay for the state's endowment lands in the state park system, but added if this were not done he would like to see some form of tax relief given to Idahoans.

The governor also announced at his news conference he would allow the legislative pay increase to go into effect without his signature.

"I think the legislators should decide for themselves and they will have to answer to the people," he added.

He added that he had told legislative leadership part of the increase should be used for service to communities and suggested each lawmaker spend one day a month in a courthouse meeting his constituents.

Debate Anticipated

Senate Breaks Impasse Over Schools

BOISE (UPI)—Senate Republicans Tuesday broke an impasse and reached agreement in caucus on bills to finance education—but it set the stage for a fight with Democrats.

Education figures as approved by Republicans would bring the state's total general fund budget to \$209.5 million—a \$15 million increase.

The upper chamber GOP members also agreed to go along with the governor's executive budget for higher education, "providing that one year from now if there is evidence of greater need and funds are available budgets will be adjusted on the basis of enrollment and other factors," Ellsworth said.

The governor proposed an increase of \$1.9 million for the University of Idaho in Moscow and \$1.4 million for Idaho State University in Pocatello as well as an increase of \$300,000 for Lewis-Clark Normal.

Increases of about \$5.5 million short of the amounts for the three institutions as proposed by the State Board of Education.

The figure of \$9.2 million for Boise State College was the same in the governor's executive budget and the recommendations of the board.

There was a clear majority (among the Republicans) on the education finances," Ellsworth said.

Senate Republicans also decided to appropriate \$5 million for vocational education, \$1.1 million more than recommended by Samuelson, and \$1.4 million for the state junior college fund—\$800,000 above the governor's recommendations.

This still has to be approved by the House, but Republicans said Senate Republican caucus chairman Mary Brooks, R-Rupert.

Although the \$18,650,000 increase for public school funding is \$3,150,000 more than recommending by Samuelson.

BOISE (UPI)—Senate Democrats have said they will stand firm for a \$19 million increase—the amount recommended by the board of education and the Idaho Education Association.

Republicans spent a total of four hours in caucus Tuesday afternoon, wrangling over fine appropriations bills.

The finance committee had drafted the Republican version of the education bill but leadership declined to introduce it Tuesday afternoon as had been earlier planned.

Instead, an attorney will attempt to draft a bill to include the \$18.65 million increase along with all other public school funding measures, including teachers' retirement, Social Security and the endowment program.

This will reflect a total appropriation for secondary education of \$99.4 million," Ellsworth said.

"We think the public should know exactly how much education will get," he added.

Republicans in the Senate hold a 20-15 edge over Democrats.

Governor Signs Three Measures

BOISE (UPI)—Gov. Don Samuelson Tuesday signed into law three measures.

The first bill raises the non-resident, deer-only hunting license fee from \$25 to \$50.

The second allows county commissioners to require county welfare recipients to work on county projects.

A third bill eliminates the requirement for a light to illuminate the rear license of a vehicle.

**Landscaper
Addresses T. F.
Garden Club**

Patrick K. Kennedy, landscape architect and guest speaker, presented the program, "Landscaping the Home," when the Twin Falls Garden Club met recently at the YM-YWCA building.

Holding a degree in landscape architecture from the University of Wisconsin, Kennedy was first associated with the Targhee National Forest Service and the Toiyabe National Forest Service in Nevada before joining the Sawtooth National Forest Service in Twin Falls.

Home landscaping is geared to the needs and interests of the family, Kennedy said. Thought should be given to privacy, enjoyment and convenience of the areas used. The view, wind direction and drainage are other factors to consider.

With charts Kennedy illustrated importance of a ground plan related to the home, types of plant forms for use as shrubs, screens and accents. Attention should be focused on the front entrance to create interest and the eye should be led into unseen portions of the garden.

Kennedy showed slides and commented on special features such as garden light fixtures, steps, patios, gates and plantings in various scenes.

The collect was read by Mrs. S. W. Smith and reports were given by Mrs. Ada Powell, acting secretary and Mrs. C. W. Daigh, treasurer.

Mrs. Daigh was appointed to investigate purchase of a club table cloth.

Bulbings on lawns and garden flowers were available during the meeting. A copy each of the Garden Club cook books on desserts and meats was presented to the YM-YWCA office.

Clara Walton, Mrs. C. B. Requa and Mrs. Thelma Edmondson served refreshments. Mrs. Ray Fike and Mrs. Earl Peck presided at the silver tea and coffee services.

A centerpiece with a valentine motif arranged by Miss Walton, decorated the table. Guests were Mrs. Leo Gephner, Mrs. R. T. Campbell, Mrs. Peck and Mrs. Kennedy. Mrs. Bill Couberly was welcomed as a new member.

The next meeting is set for March 5 at the YM-YWCA building. Program topics will be transplanting chrysanthemums by Mrs. Requa and planning borders by Mrs. Fike.

Luncheon Held

Members of the Royal Neighbor Lodge were served a dessert luncheon at the home of Mrs. Grant Kunkle.

This was the unit's social meeting and a few lawn parties were made concerning the district convention to be held in May in Twin Falls. Favors for the banquet were planned.

The next meeting will be a regular business meeting at 8 p.m. March 7 at the IOOF Hall.

BURLEY—A Mother-Daughter tea was held at Burley Elks Hall hosted by members of the Benevolent Patriotic Order of Does, No. 206. Attending were 50 mothers with from one to four daughters each.

A valentine theme was used in decorations and Mrs. Rodney Murphy and daughter, Virginia, greeted guests before a cut out heart framed in red. Mrs. Murphy is president of the Benevolent Patriotic Order of Does and she and her daughter wore identical pink dresses featuring square necklines and long sleeves.

Hostesses were Mrs. Serena Taylor and Mrs. Helene Coffey. The tea table was covered with a lace cloth centered with red hearts outlined in white feathers flanked by red tapers in crystal holders. A silver coffee service and a silver tea service completed the table. A crystal punch bowl and cookies on silver trays were arranged on a table covered with a pink cloth. Guests were seated at quartet tables covered with white cloths centered with red valentine hearts trimmed in gold braid.

Background piano music was played by Mrs. Thelma Widmer. Serving coffee, tea and punch were Mrs. Wayne Rogers, Mrs. Earl Tridle were guests. This was the last game of the season for the group.

- Burger Bundles
- 1 cup herb-seasoned stuffing mix
- 1 pound ground beef
- 1/2 cup evaporated milk
- 1 can condensed cream of mushroom soup
- 2 teaspoons Worcestershire sauce
- 1 tablespoon catsup

Prepare stuffing mix according to package directions. Mix ground beef with evaporated milk. Divide into five patties. On waxed paper, flatten each patty to form a six-inch circle. Spoon one-fourth cup stuffing in center of each. Draw edges over stuffing and seal. Place in one and one-half quart casserole. Combine mushroom soup, Worcestershire sauce and catsup in small pan. Heat until bubbly over medium heat. Pour over meat. Bake uncovered in a moderate oven, 350 degrees, for 45 to 50 minutes. Makes five servings.

Senate Measure Includes Farms In Job Insurance

BOISE (UPI)—A bill was introduced in the Idaho Legislature by the business committee of the Senate Tuesday lifting, at least in part, the agricultural exemption from the state's workers' compensation codes, which would provide that an employer is not exempt in wages earned exceeded \$1,000.

The measure allows all agricultural employees.

Committee Votes Liquor Bills

BOISE (UPI) — The House Health and Welfare Committee Tuesday approved preparation of two minor pieces of liquor legislation.

A bill proposed by the Department of Law Enforcement would prevent granting of a liquor license to a person convicted of a felony within five years of the conviction date.

The other bill allows beer wholesalers to amend price lists to meet competition without a waiting period.

Senate Breaks Impasse Over Schools

BOISE (UPI)—Senate Republicans late Tuesday broke an impasse and reached agreement in caucus on bills to finance education, but it set the stage for a fight with Democrats.

Education figures as approved by Republicans would bring the state's total general fund budget to \$292.5 million, \$1.5 million more than Gov. Don Samuelson has said he will go along with.

Republicans agreed to a public school fund increase of \$18,650,000—including \$600,000 to be earmarked for definite salary increases for teachers.

Senate President Pro Tem James Ellsworth, R-Malden, said this would guarantee each teacher in the state a \$500 salary raise in the coming school year.

The upper chamber GOP members also agreed to go along with the governor's executive budget for higher education, "providing that one year from now if there is evidence of a greater need and funds are available budgets will be adjusted on the basis of enrollment and other factors," Ellsworth said.

The governor proposed an increase of \$1.9 million for the University of Idaho in Moscow and \$1.4 million for Idaho State University in Pocatello as well as an increase of \$300,000 for Lewis-Clark Normal.

His increases were about \$5.5 million short of the amounts for the three institutions as proposed by the State Board of Education.

Democrats have said they will stand firm for a \$19 million increase—the amount recommended by the board of education and the Idaho Education Association.

Republicans spent a total of four hours in caucus Tuesday afternoon, wrangling over finance-appropriations bills.

The finance committee had drafted the Republican version of the education bill but leadership declined to introduce it Tuesday afternoon as had been earlier planned.

Instead, an attorney will attempt to draft a bill to include the \$18.65 million increase along with all other public school funding measures, including teaching retirement, Social Security and the endowment program.

"This will reflect a total appropriation for secondary education of \$99.4 million," Ellsworth said.

Republicans in the Senate hold a 20-15 edge over Democrats.

Landscaper Addresses T. F. Garden Club

Patrick K. Kennedy, landscape architect and guest speaker, presented the program, "Landscaping the Home," when the Twin Falls Garden Club met recently at the YM-YWCA building.

Holding a degree in landscape architecture from the University of Wisconsin, Kennedy was first associated with the Tarzberger National Forest Service and the Toiyabe National Forest Service in Nevada before joining the Sawtooth National Forest Service in Twin Falls.

Home landscaping is geared to the needs and interests of the family, Kennedy said. Thought should be given to privacy, enjoyment and convenience of the areas used. The view, wind direction and drainage are other factors to consider.

With charts Kennedy illustrated importance of a ground plan related to the home, types of plant forms for use as shade, screens and accent. Attention should be focused on the front entrance to create interest and the eye should be led into unseen portions of the garden.

Kennedy showed slides and commented on special features such as garden light fixtures, steps, patios, gates and plantings.

The collected notes by Mrs. S. W. Smith and reports were given by Mrs. Ada Powell, acting secretary and Mrs. C. W. Daigh, treasurer.

Mrs. Daigh was appointed to investigate purchase of a club table cloth.

Bulletins on lawns and garden flowers from the extension service were available during the meeting. A copy each of the Garden Club cook books on desserts and meats was presented to the YM-YWCA office.

Clara Walton, Mrs. C. B. Regan and Mrs. Thelma Edmondson served refreshments. Mrs. Ray Fike and Mrs. Earl Peck presided at the silver tea and coffee services.

A centerpiece with a valentine motif arranged by Miss Walton, decorated the table.

Guests were Mrs. Leo Gepner, Mrs. R. T. Campbell, Mrs. Peck and Mrs. Kennedy. Mrs. Bill Couberly was welcomed as a new member.

The next meeting is set for March 5 at the YM-YWCA building. Program topics will be transplanting chrysanthemums by Mrs. Regan and planning borders by Mrs. Fike.

Luncheon Held

Members of the Royal Neighbor Lodge served a dessert luncheon at the home of Mrs. Grant Kunkle.

This was the unit's social meeting although a few plans were made concerning the district convention to be held in May in Twin Falls. Favors for the banquet were planned.

The next meeting will be a regular business meeting at 8 p.m. March 7 at the IOOF Hall.

POURING AT THE MOTHER-DAUGHTER tea held recently at Burley is Mrs. Serena Taylor, left. Others pictured, from right, are Mrs. Wayne Rogers and Mrs. Helen Coffey. The tea was hosted by members of the Benevolent Patriotic Order of Does, No. 206. The function was at the Burley Elks Hall.

Mothers Host Daughters At Burley Tea

BURLEY—A Mother-Daughter tea was held at Burley Elks Hall hosted by members of the Benevolent Patriotic Order of Does No. 206. Attending were 50 mothers with from one to four daughters each.

A valentine theme was used in decorations and Mrs. Rodney Murphy and daughter, Virginia, greeted guests before a cut-out heart framed in red. Mrs. Murphy is president of the Benevolent Patriotic Order of Does and she and her daughter wore identical pink dresses featuring square necklines and long sleeves.

Hostesses were Mrs. Serena Taylor and Mrs. Helene Coffey. The tea table was covered with a lace cloth centered with red hearts outlined in white feathers flanked by red tapers in crystal holders. A silver coffee service and a silver tea service completed the table. A crystal punch bowl and cookies on silver trays were arranged on a table covered with a pink cloth. Guests were seated at quartet tables covered with white cloths centered with red valentine hearts trimmed in gold braid.

Background piano music was played by Mrs. Thelma Widmier. Serving coffee, tea and punch were Mrs. Wayne Rogers, Mrs. Meri Atkinson, Mrs. Gene Doman, Mrs. Ted Baines, Mrs. R. Magic Valley Favorites

JEAN CLIFFORD
919 Utah St., Gooding

Burger Bundles
1 cup herb-seasoned stuffing mix
1 pound ground beef
1/2 cup evaporated milk
1 can condensed cream of mushroom soup
2 teaspoons worcestershire sauce
1 tablespoon catsup

Prepare stuffing mix according to package directions. Mix ground beef with evaporated milk. Divide into five patties. On waxed paper, flatten each patty to form a six-inch circle. Spoon on fourth cup stuffing in center of each. Draw edges over stuffing and seal. Place in one and one-half quart casserole. Combine mushroom soup, worcestershire sauce and catsup in small pan. Heat until bubbly over medium heat. Pour over meat. Bake uncovered in a moderate oven, 350 degrees, for 45 to 50 minutes. Makes five servings.

SUGAR PRODUCTION
Before raw sugar juice can be crystallized, the water content (75 to 85 per cent during clarification) must be extracted by boiling and evaporation. Production of sugar was considerably advanced in 1840 when Robert Rilleux, a free Negro, in New Orleans, invented multiple-effect evaporators.

Spring Deacony Meeting Plans Made At Jerome

JEROME—Plans were made for the spring deacony meeting when the Catholic Women's League met recently. The meeting will be held in Jerome March 28 and Wendell will co-sponsor the event, which will begin with Mass at 11 a.m. and conclude with installation of new officers for the South Central Deacony. Mrs. Alvin will be in charge of arrangements.

Mrs. Kenneth Martin was named Jerome's chairman for arrangements of the Saturday banquet that will be held during the state convention of the Idaho Council of Catholic Women May 3, 4 and 5 in Rupert.

Cecilia Berrezueta, American Field student from Ecuador, told the group about the customs and people of her country and gave her impressions of the American high school. She was dressed in a hand-woven poncho and a skirt of yellow and white wool, examples of the native art of her country.

Mrs. Charles L'Herrison, with Mrs. Udell Robinson, Mrs. Louis Vaughn, and Mrs. Ralph Riley Jr. Mrs. Bill Carpenter reminded

ON THE BOULEVARD AT LYNWOOD

By ABIGAIL VAN BUREN

DEAR ABBY: I propose that we adopt the following code of behavior between the sexes: "Henceforth a man may touch any part of a woman's body that he is able to see."

I believe this such a code would induce women to impose upon themselves some restraints on the manner in which they dress.

Our mini-skirted bare-bosomed gals to about exuding as much sexiness as they possibly can, then they expect to be treated like virtuous unapproachable young ladies. Any comments?

LEO IN COLUMBUS

DEAR LEO: Yes! I am in favor of "truth in packaging" and against advertising that which one has no intention of delivering, but since when should one be able to touch everything he sees? One should be able to enjoy viewing a mountain without climbing it.

DEAR ABBY: My husband is 60 years old and he's still in good health. He is one of those who made his will out 10 years ago and he has changed it half a dozen times since.

The last time he changed it I asked him what changes he had made this time, and he

refused to tell me. As his lawful wedded wife, am I not entitled to know what is in my husband's will?

"IN THE DARK" IN DULUTH

DEAR IN: In Minnesota, a will is a personal matter, and your husband is under no legal obligation to reveal its contents to you.

Should he precede you in death, however, and if you're not satisfied with the terms, you have the right to renounce it and take from the estate that which you'd have been entitled to had your husband left no will at all. (The laws in the various states differ!)

It was announced the February social will be held at home of Mrs. Roger McBride with Mrs. Kenneth Frank as co-hostess. A party and breakfast will be held with husbands as special guests.

Review Given

HANSEN — Mrs. Thomas Steelsmith gave a review of the life of the Negro educator, Booker T. Washington, "Apostle of Goodwill," by O. K. Armstrong, at the Latawah Club meeting at her home.

Thank-you note was read from the Idaho Youth Ranch.

The March 18 meeting will be a 1 p.m. potluck dinner at the home of Mrs. W. C. Klutz.

District Meet Plans Made By Area Rebekahs

JEROME—Plans were made for the district meeting when the Syrigna Rebekah Lodge met recently. It will be Feb. 28 at Wendell and Mrs. Russell Shaud will give the response to the address of welcome.

The business meeting, conducted by Mrs. A. L. Moore, sole grand, voted to help the American Legion Auxiliary send a girl to Girls' State.

The assembly president's award program was discussed and plans are being made to try for several of them. Money raising ideas were discussed and a dinner is being planned for later in the spring.

Mrs. George Easton read a tribute honoring Thomas Wildey, founder of the IOOF in honor of his anniversary.

DEAR ABBY: A reader signed "JACK H. IN L.A." said you goofed when you made reference to the "wives" of the famous WRIGHT BROTHERS, because the Wright brothers were both bachelors!

Mrs. Bill Trail, Mountain Home, will be joined by Mrs. Roy Brackett, Hagerman, and Mrs. Lee Trail, King Hill, in presenting slides on the National Cattlemen's Tour last month.

So-Journey Club members will hold a potluck dinner and card party at 7 p.m. Thursday at the home of Mr. and Mrs. Vern Routh, 1808 Falls Ave. E. Members are asked to bring a covered dish and their own table service. For more information call Mrs. Ed Barker, 733-7832.

The Loyal Neighbor Club will meet at 2 p.m. Friday at the home of Dorothy Humphrey. White elephant game prizes will be given by Jamie Ryan and the hostess.

Educator Talks On Happy Day School At Meet

Mrs. Gladys Coxen, teacher from the Happy Day School, gave a talk on Special Education, how it functions, its progress, and its particular needs, when members of the Christian Women's Mission Service of the First Christian Church, Twin Falls, met for their February general meeting.

The meeting was led by Mrs. Ron Bohannon. Opening thought and prayer was given by Mrs. Paul Mossely, Jr.

Special devotions were presented by Mrs. Ida Mae Pendry. Refreshments were served by Group 2 on a decorated table.

Mrs. Richard Shaffer reported on the coming evangelistic meetings that are to be held in the First Christian Church, March 16-23, with Howard Larson preaching and the King's Harvesters bringing the special music.

A motion was made and seconded to present Mrs. Coxen with a check for the Happy Day School. Group 1 met at the home of Mrs. Fannie Russell with Mrs. Pegree Brennan as cohostess. The lesson was given by Mrs. Richard Young, and devotions by Mrs. John Paris.

Group 2 met at the home of Mrs. Herman Grabert. The lesson was given by Mrs. Grabert and Mrs. Ralph Howard. Devotions were led by Mrs. C. P. Bowles.

Group 3 met in the parlor of the Twin Falls First Christian Church. Mrs. Richard Shaffer and Mrs. Murray McDonald were the hostesses. Mrs. Jim Duffel gave the lesson and the devotions were presented by Mrs. Maurice Allen.

Club Welcomes New Members. New members of the Spring to Frost Garden Club include Mrs. Mary Snow, Twin Falls, and Mrs. Elaine Matney, Buhl. It was reported at the recent meeting at the home of Juanita Sturgeon, Twin Falls.

Mrs. T. W. Hicks, member of the Twin Falls Garden Club, was a guest. Ardene Silcock is hostess for the March meeting.

Miss Ferguson, Buhl Man Are Engaged To Wed

BUHL — Mr. and Mrs. Jack Ferguson, Boise, announce the engagement of their daughter, Tanya, to Dean Tuley, Boise, son of Mr. and Mrs. A. C. Tuley, Buhl.

Dinner Is Set By Kimberly Church Group

KIMBERLY — The Christian Women's Fellowship of the Kimberly Christian Church will hold a week of compassion and sacrificial dinner at 7 p.m. Sunday. The announcement of the dinner was made at a meeting at the Kimberly Christian Church. Mrs. Milton Ballard presided over an executive and general meeting.

All committees gave reports. Card tables and two table cloths have been purchased by the fellowship group with trading stamps and coupons.

R. L. Uhler

Robert Lowell Uhler, 43, son of Mr. and Mrs. Ralph C. Uhler, Twin Falls, died Monday night at Richland, Wash. His parents said the cause of death has not been determined.

Mr. Uhler was employed at the Atomic Energy Commission plant at Hanford, Wash., as a physiologist.

Born June 29, 1925, at Neodesha, Kan., he moved with his parents to Twin Falls in 1927. He was graduated from Twin Falls High School in 1943 and enlisted in the Navy in June, 1943.

After serving three years in the Pacific Theater, he attended college in Logan, Utah, and three years at Rutgers University in New Jersey. He was married and later divorced. Survivors include his parents, Mr. and Mrs. Ralph C. Uhler, Twin Falls; Mrs. James Uhler, Honolulu, and Eric Uhler, Richmond; two daughters, Janet Uhler and Diane Uhler, both Honolulu; two sisters, Mrs. Mellyn (Jean) Umphenour, Koozika and Mrs. Phil (Phyllis) York, Newport, Wash.; two brothers, Donald D. Uhler, Phoenix, Ariz., and Max A. Uhler, Vietnam; three nieces and four nephews. Funeral services are pending; final rites will be held in the Twin Falls Cemetery.

E. W. Claiborn

Elmer W. Claiborn, 77, former Twin Falls resident, died of pneumonia Monday morning in Lewiston.

Mr. Claiborn was a brother of J. B. Claiborn, Mrs. Mary Vandepool and Mrs. Norma Webb, all Twin Falls. He was living in Peck at the time of his death.

RONALD D. SHAFF

Son of Mr. and Mrs. Fred L. Shaff, Route 10, was killed Feb. 18 near the Laotian border, approximately 24 miles southwest of Quang Tri City, Vietnam, according to information received by his parents from the Marine Corps. He was a private first class. He received fragmentation wounds from hostile mortar fire. Private Shaff joined the Marines March 24, 1968, and went overseas in August.

Other survivors include his widow, Minnie Peck, and a daughter, Mrs. Helen Williams, Peck.

E. M. Willis

EDEN—Ernest Merrill Willis, 82, Eden, died Tuesday after a long illness. He was born Jan. 26, 1887 at Mesa City, Ariz.

He came to Idaho in 1900 where he freighted lumber from Shoshone to Buhl for some of the first Buhl buildings by way of ferry across the Snake River above Shoshone Falls.

He filed on land in the Shoshone Basin and farmed in Eden. He was in the construction business for many years, employed by the Duffy Reed Construction Co. and Hoops Parts Co. He lived the past 25 years in Eden.

He married Mary Lillian Boswell in 1908 at Minam, Ore. Survivors, besides his widow, are one daughter, Mrs. Don (Wanda) Stivers, Twin Falls; a brother Charles Willis, Enterprise, Ore.; two sisters, Mrs. Jack (Stella) Bell and Mrs. Myrtle Weech, both Twin Falls; eight grandchildren and 20 great-grandchildren.

He was preceded in death by five children, four brothers and three sisters.

Conservationists Demand Strong Drilling Controls

WASHINGTON (UPI)—A coalition of existing federal water conservationist groups Tuesday demanded stronger drilling controls over oil with stiff penalties.

The committee said "stiff penalties" will not solve the problem of oil pollution but should pay into a contingency fund to cover costs of enforcement for violators.

Ted Pankowski Jr., representing the Izaak Walton League of America, told the House Merchant Marine and Fisheries Committee that the Santa Barbara oil leak was only one dramatic incident compared to 2,000 oil spills that occurred in the United States in 1968.

The committee opened hearings on a bill introduced by its chairman, Rep. Edward A. Garman, D-Md., that would authorize the Coast Guard to enforce regulations to be drafted by the Interior Secretary governing vessels and waterfront facilities.

Pankowski said proposals from "some quarters imply that pollution from oil and other hazardous materials are exceptional situations which could be dealt with under existing law, at most, with slight legislative tinkering."

He said legislation should make discharges of oil a violation of existing law and subject violators to stiff penalties.

The committee also urged the Coast Guard to enforce regulations to be drafted by the Interior Secretary governing vessels and waterfront facilities.

Stocks

NEW YORK (UPI) — Stocks were mixed last Wednesday in fairly active trading. Stepped-up fighting in South Vietnam had a dampening impact on the list. Still, some traders were encouraged by confidence voiced by Henry Cabot Lodge, chief U. S. negotiator at the Paris peace talks, that the talks would produce results despite the flareup in the war.

Indications that another hike in the prime rate may be forthcoming also influenced traders. Among the more constructive signals in the news were the Labor Department's report of record consumer prices in January, spreading gasoline price boosts and rising prices on hot rolled strip steel.

Shortly before 1 p. m. the UPI stock market indicator, measuring all stocks traded, was up 1/8 cent on 1,531 issues traded. There were 645 advances and 643 declines.

Successful Investing

By ROGER E. SPEAR. Q — We have had the good fortune of inheriting 750 shares of S. S. Kresge stock. Should we sell this stock for growth and cash retirement in 10 years?

A — S. S. Kresge has an outstanding potential in view of its aggressive entry into discounting, fast-paced store opening schedule and projected 25 percent sales growth through 1969.

Q — We have shares of Econometrics Laboratories and First National Bank of Chicago. Should we sell the former and put the money into the latter?

A — I would not favor selling your shares of Econometrics Laboratories, a leading manufacturer of industrial and institutional cleaning products.

Election Probable On Library District

It's almost certain an election in the Hansen and Murtaugh area will be called to decide a controversial library district issue.

Only 50 signatures are needed on petitions to call the election and indications are at the present time that petitions will be circulated.

The county faces such an election because county commissioners Monday refused to authorize creation of a library district in the Murtaugh and Hansen area. The commission had been pe-

tioned to do so, but a question on the validity of some signatures on the petitions and opposition at a public hearing caused the three commissioners to turn down the district proposal.

Since financing of the library district will be from taxes of property owners in the Hansen and Murtaugh area, the election will call for votes from those property owners.

County commissioners said recently this is the fair way to handle the situation.

If a library district is created for the area, it is possible residents in Hansen and Murtaugh will be allowed to use facilities in the Twin Falls library. Bookmobile services will also be offered at schools in Hansen and Murtaugh.

It is not known how much such a library district would cost to maintain, but by Idaho law the cost cannot exceed two mills.

By creating a library district, the county would in effect have another taxing unit. The unit would be governed by a board which could set its own levels, or in other words decide how much to spend as long as it is not more than two mills a year.

TAKING HIS GUITAR to accompany past presidents of the Glenns Ferry Area PTA in singing "Harper Valley PTA" at a recent meeting of the local group was James King. The singers are, from left, Mrs. Alfred Wicker, Mrs. Ernest Pasborg, Mrs. Charles Farris, Mrs. James Kling and Mrs. Norman D. Bosh. Nineteen past presidents donated old fashioned clothing which was modeled as part of the Egnanders Day program.

A-3 Action Resumes At Shoshone Tonight; A-1, A-2 Will Begin Thursday

Glenns Ferry and Declo fight for the pole position in the championship semi-finals Wednesday night in A-3 at Shoshone while Twin Falls and Piler, from their respective areas, will sit back when the A-1 and A-2 state tournaments resume play at Minico and Jerome Thursday night.

In the meantime, Castleford and Wendell battle to stay alive in the opening game at 6:45 p.m. Wednesday at Shoshone and Thursday, Minico and from their respective areas, will sit back when the A-1 and A-2 state tournaments resume play at Minico and Jerome Thursday night.

In a nutshell, here is what is still riding in the area's top three tournaments. The winner of the A-3 meet goes to state in Boise next week while the second-place team is forced to host the third-place team from their area and for the other A-3 state spot. The A-1 and A-2 spots are more attractive as the winners of Thursday night's games will clinch state tournament trips and will go against Twin Falls and Piler Friday to see in what order — one or two.

Boston Gets First Offer From NIT

NEW YORK (UPI) — Boston College, passed over by the NCAA tournament Tuesday, became the first team extended a bid to play in the National Invitation Basketball Tournament.

The Eagles, who have won 13 games in a row for an 18-3 season record, were expecting an all-right bid to participate in the Eastern regional of the NCAA tournament, but the NCAA turned it down. St. John's, Villanova and Duquesne in the Eastern at-large berths.

Glenns Ferry was named the pre-tourney favorite at Shoshone and Declo has emerged on the strong play of Gary Mallory as the chief tormentor right now.

Golf Season

The golf season will officially get under way Saturday morning — weather permitting — announce Clyde Thomson, course professional.

The NIT committee immediately jumped at the chance to land Boston College "but put off further selection until later in the week as many of the leading independents were taken by the NCAA tournament earlier in the day."

The Pilots' concern must be Mallory and Coach Gordon Brown doubtless will stick with his zone to keep the young man under control inside because Declo isn't a great outside shooting club. But it must be remembered that Mallory spent three seasons as a forward and during that time showed he could shoot the ball from 15-20 feet. That might be Declo's answer to the zone.

State Golf Group Will Reorganize

BURLEY — Reorganization of the Idaho Men's Golf Association will take place Saturday in a special statewide meeting at the Ponderosa Inn.

Among the teams with a good chance of being named to the NIT are Houston, Rutgers, Long Island University, Fordham, St. Peter's, Arizona, Tulsa, Drake, New Mexico and Wyoming.

Burley's problem has been on the backboards as Coach Rulon Budge hasn't sufficient height to play Minico on par. And the Spartans are hard rebounders.

NEW YORK (UPI) — Willis Reed scored 23 points to lead a brilliantly balanced attack Tuesday night as the New York Knicks routed the Atlanta Hawks 122-101 to snap a three-game losing streak.

He said the knee, which has had a habit of swelling badly since it was forced to play on instead of using a cart on the golf course, had held up remarkably in recent weeks.

Resort Visit Reveals New Depth, Human Sympathy

By JOSEPH RUSSOTTO
Fort Lauderdale, Florida

"Did you know that Steeplechase has been torn down?" My wife and I looked at our visitor in surprise. No, we had not heard this news since moving from New York City to Florida several years ago.

We were flooded with sudden memories of this old amusement park at Coney Island: The exciting aroma of pizza, pop corn and frankfurters along Surf Avenue. We could hear the strains of the haunting carnival music, impulsively, I turned to my wife and said, "Remember the day we took Rosalie to Steeplechase?"

She needed, and simultaneously we looked toward the bedroom where Rosalie, our pretty 25-year-old daughter, was sleeping. A victim of cerebral palsy since birth, she had been unable to talk, walk, or use her hands.

Two Runaway Girls Found In Twin Falls

Twin Falls police took into custody Monday afternoon two teenage girls accused of being runaways from Phoenix, Ariz. Police were called by a man in Phoenix who said the girls were at a house on Blue Lakes Boulevard North. The caller said the girls were with two boys.

The girls, 14 and 15 years old, were in custody Tuesday.

Police were still looking for the two boys in question, identified as Ron Denny and Terry Adair, no ages listed.

Mr. Denny is described as about six feet, two inches tall, weighing 180 pounds and has brown hair. Mr. Adair is about five feet, four inches tall, slender build and has blonde hair.

Surgeons Try To Restore Leg Severed In Wreck

SAN FERNANDO, Calif. (UPI)—Surgeons at Holy Cross Hospital have completed a rare operation in an effort to restore to a young woman the use of her right leg after it was severed two inches above the knee in a freeway accident.

Doctors said the leg was sewn back into place about four hours after the accident with hopes that the two major nerves running through the leg would regenerate.

The patient, Miss Elizabeth Althouse, 20, of Sun Valley, Calif., was listed in satisfactory condition. She also suffered a head injury and fractured ribs in the accident, in which she was thrown 50 feet.

Doctors said such an operation is seldom attempted because of prevailing medical opinion that an artificial leg provides the heavier more use than a partially movable natural limb.

The surgeons said previous leg amputation efforts in the 12-year-old woman were unsuccessful but unverified word of a successful operation in China reached the U.S. in 1965.

ON THE BOULEVARD AT LYNNWOOD

THE "SINGING DUSTMAN" has a touch of royalty at Trinity College, in Cambridge, England. Prince Charles of Great Britain is pictured in the role of the "Dustman" (British term for trash collectors), sitting in his trash can during a rehearsal. His appearance as a dustman is an allusion to the dustman whom the heir to the British throne once said roused him from sleep in the wee hours by banging trash cans and singing as he made his appointed rounds near the Prince's sleeping quarters. Franchise-Selling Joins 'Big Business' By Offering Almost Fail-Proof Product

LOS ANGELES (NEA) — A non-to-one in his favor if he buys a franchise.

Southern California has fallen in love, head over smog, with franchises. Every business street is a parade of franchised establishments — restaurants, automobile repair shops, automatic photograph booths, motels.

Franchises, every one of them. And, while California has more of them than any place else, they are big everywhere. Latest figures estimate that in 1968, \$90 billion was spent by customers at franchise outlets.

By 1975, the experts say, 70 per cent of all retail sales will be racked up by franchises.

The inevitable next step is already here — now California is beginning to franchise franchise information. Jerry Kossel, whose Franchise Marketing Service represents and sells franchises, is franchising FMS around the nation.

He believes there is a need for his services. There are now many different franchises available that a would-be purchaser hardly knows where to begin. Kossel says there are 3,000 different franchises available, of which 800 or so are nationwide.

Kossel and his staff check them out thoroughly. Someone who wants to buy a franchise comes into this office, takes a two-hour test like a vocational guidance exam, and is pointed in the right direction.

Last year 200,000 Americans bought franchises, ranging from a few hundred dollars for the door-to-door sales routes of vacuum cleaners or encyclopedias to several million for a motor inn. The appeal is the age-old wish of the American man to be his own boss.

Through a franchise, he can achieve that aim with less risk. According to Kossel's figures, the odds against success for a man who starts his own business are nine-to-one, while it
