

Eisenhower Remains In 'Guarded' Condition After Heart Attack

By RICHARD LERNER
WASHINGTON (UPI)—Doctors treating former President Dwight D. Eisenhower described his latest heart affliction as "severe." They said his condition is "guarded" and would not predict whether he could overcome this latest threat to his life.

However, in answer to questions submitted by a UPI reporter, the doctors said the congestive heart failure afflicting the general was "severe." They were asked if his case was mild, moderate or severe and, in a single-word reply, characterized it as severe.

Medical authorities say a patient suffering from severe heart congestion normally may be expected to respond to therapy in a day or two. Eisenhower's doctors reported Monday that the congestion had worsened despite "vigorous therapy."

The doctors, in reply to other questions, said the latest crisis was precipitated in large part by the previous seven heart attacks suffered by Eisenhower—a four of them occurring since last April 29. He has been in Walter Reed since last May and suffered three of the attacks here.

Asked about the chances that Eisenhower can pull through his latest crisis, the doctors said: "It is impossible to predict the ultimate outcome at this time. Gen. Eisenhower has always shown remarkable recuperative power during past illnesses."

Eisenhower's wife, Mamie, and his son John stayed near the suite where Eisenhower continued to receive intensive treatment. He was receiving oxygen regularly as the doctors sought to get enough oxygen-enriched blood flowing through his body.

The latest problem with congestive heart failure was detected in the general 10 days ago, but was not disclosed for almost a week. The doctors were asked to define, in laymen's terms, congestive heart failure. Their writer reply: "Congestive heart failure is a term commonly applied to the situation when the heart muscles contract so weakly that they become inadequate to propel a flow of blood sufficient for the body's needs. The result is congestion or accumulation of blood in the lung and other vital organs."

The doctors declined to say what medical techniques they might employ should Eisenhower get worse.

The strain on the general's heart was increased by a Feb. 23 operation to remove an intestinal blockage. The doctors were reluctant to perform that type surgery on him because of his history of heart trouble but concluded that he would not survive without it.

The doctors subsequently reported satisfaction with his recovery from the operation.

A mid-morning medical bulletin today contained little new information other than that he rested well during the night. Another bulletin was expected between 4 and 5 p.m. EST. The morning bulletin said: "Gen. Eisenhower spent a restful night and is comfortable this morning. His breathing is less labored and the heart rate is within normal limits. His physicians consider that the general's condition has not worsened since yesterday, but that the eventual outlook remains guarded."

Nixon To Urge Extension Of Surtax Into Mid-1970

WASHINGTON (UPI)—President Nixon will ask Congress Monday to retain the full 10 percent income tax surcharge through mid-1970, Republican congressional leaders reported today.

The Chief Executive will send a message to the House and Senate expressing his concern over continued inflationary trends in the national economy. The leaders said after a White House meeting with Nixon.

The White House said Nixon had decided to meet the situation "head on."

Nixon's message intentions, which have long been expected—were announced by the Senate last week. Sen. Everett M. Dirksen of Illinois and Rep. Gerald R. Ford of Michigan.

Army Engineers Begin Project To End Little Wood River Flooding

RICHFIELD—An ambitious attempt to eliminate once-and-for-all the flood threat from the Little Wood River Valley will begin today as Army Corps of Engineers begin moving heavy equipment into the Richfield area.

The \$30,000 project calls for diversion of potential floodwaters into a dry lake bed about three and one-half miles south of Richfield. Project costs are not yet determined, as the cost of blasting lava rock in the project site may vary greatly.

The Army Engineers hope the floodwaters will percolate into the porous lava rock of the "several hundred" acre lake bed.

The Dietrich Canal, which leaves Little Wood River at Richfield, will be widened and deepened to accommodate excess water. The Engineers will begin work on this phase of the project three-fourths of a mile south of the canal's head.

When water from Silver Creek is diverted from the canal into the Little Wood River into the Dietrich Canal by the use of headgates. Normally two headgates are used to control the flow of the water, but this year, with the planned expansion of the canal, it is expected that all five available headgates will be used to divert water into the canal.

The Little Wood River has annually flooded along its course from Richfield to Silver Creek. Farms, ranches and cities in its path all have been victims of the explosive spring run-off, but studies which the corps has made indicate that the work planned this year will eliminate any future flooding.

Worse than usual flood conditions are anticipated this year because of the heavy snowpack in the northern hills. However, all ice is gone from Little Wood River this year, eliminating the threat of ice jams as the river flows.

Mr. Dushy said that the west side of Dietrich Canal will be cut, allowing water to spill into the lake bed. The canal runs directly through the lake bed. One cut from the canal into the lake bed was made last week by employees of the Big Wood River Canal Co.

Well, actually he did it in 1899 but William Butts was the first to invent a typewriter for practical use. Such a machine was first patented in England in 1794, but it took an American know-how to put the machine into general use. Early typewriters had only one or two letters and by 1935, the electric had come into being and today the business world depends upon it.

DISCUSSING PLANS for the fund raising and educational crusade scheduled during April across the nation by the American Cancer Society volunteers are Mrs. Paul Carl, Twin Falls fund drive chairman; District Judge James Cunningham, chairman of the Twin Falls county unit; and Steve Olmstead, center, president of the Twin Falls High School Interact Club. The club members have helped in the cancer drive here the past three years as a memorial project to the late John D. Platt, former teacher and principal of the Twin Falls High School.

Cancer Volunteers Ready April Fund Raising Drive

Mrs. Paul (Jean) Carl is heading the April fund-raising crusade of the American Cancer Society in Twin Falls. Reports received from District Judge James Cunningham, who recently has assumed the chairmanship of the Twin Falls county unit of the cancer society.

Leaflets listing the seven warning signals of cancer will be distributed in the drive which will be conducted countywide beginning April 1, as well as in all Magic Valley communities and throughout the nation.

Mrs. Carl points out there were 74 new cases of cancer reported in Twin Falls county from January through December, 1948, according to reports made by physicians to the Department of Vital Statistics.

The Idaho Division of the American Cancer Society in 1948 provided service for 176 cancer patients in Idaho in the amount of \$37,278 for sick room equipment, dressings and medicines, and transportation to and from treatment centers.

Certificates of appreciation were presented last week to Maurice Grange, Salmon Tract Homemakers Club, Filer Rainbow girls and the Interact Club of the Twin Falls High School for their past participation in raising funds for the Cancer Society.

Many members of these groups are active in the April fund-raising and education drive for many years. Mrs. Carl noted. The Interact club has canvassed part of Twin Falls the past three years as a memorial project to the late John Platt, former high school teacher and principal here, who died of cancer.

Besides the many women volunteer workers in the coming drive in Twin Falls city—Mrs. Jack Wright, Kimberly; Mrs. Willis Owen, Castletop; Rev. H. B. Thomas, Buhl; Mrs. C. J. Ross, Salmon Tract; Mrs. Wayne Klous, assisted by the Maroa Woman's club, will head the crusades in their respective areas.

Mrs. Carl points out that volunteers are needed to distribute leaflets giving the vital danger signals of cancer and to collect contributions and if anyone is interested in helping in the fight against the disease, he may contact her by phoning 733-4411.

Funds raised in the April crusade are used for the society's three-fold program of education, research and service, and even if residents do not wish to contribute, they are urged to take and read the educational pamphlet the cancer drive volunteer offers, as many lives can be saved by detection and early treatment of cancer.

WASHINGTON—A 100-million-dollar measure of the Peru military government's position in the oil dispute with the U.S. may be the appointment of known Communist to judge a major aspect of the case. Judge Luis Betraun Pena Fiol, who maintains close ties with Fidel Castro's Cuba, has been assigned to assess the value of the Talara Refinery of the U.S.-owned International Petroleum Corp. Things Look Up

Economic news frequently makes dismal reading, almost invariably so when it deals with the state of the nations to the south of us. With all too few exceptions, the Latins have long been the perennially sick men of the hemisphere economically and, as a result, the object of U.S. concern and attempted cures ranging from economic spoils of Franklin D. Roosevelt's Good Neighbor policy to John F. Kennedy's Alliance for Progress. None, however, has seemed to do much more than chip away at the monumental problems of an underdeveloped continent apparently incapable of organizing itself for development.

per cent and industrial output up a solid 8 per cent. Thirteen countries shared in the gains, with Argentina, Brazil and Mexico in the lead. Only four—Ecuador, Paraguay, Panama and Peru—registered declines. There are still weak points — poor showings in agriculture and continuing runaway population growth. But the report comes as a modest and needed shot in the arm for the Alliance for Progress, a program with such high hopes, had seemed to bog down like its predecessors. The 1968 gains are only a small step along the road Latin America must travel to achieve efficient economics capable of supporting the world's fastest growing populations at something safely above the misery level. But every little bit helps. And if this area of vast but still scarcely tapped natural and human resources can at last be brought into the community of developed nations it will be an immense step forward not only for the hemisphere but for the entire world as well.

About Drivers

A study conducted by the National Safety Council has reached the interesting conclusion that age alone doesn't affect the abilities of drivers markedly. "This indicates," said Dr. Thomas W. Flanck, chief author of the study, "that a 40-year-old may perform as well behind the wheel as a younger driver."

relying on age as a stop and go indicator for many activities. Voting eligibility begins at a certain age; military service is limited to certain ages; employment has both minimum and maximum ages in most industries, with an unwritten hesitancy to consider persons over 40 in many occupations. This is to provide easy guidelines for persons too busy or lazy to really explore individual capabilities. The National Safety Council study ought to point out the fallacy of this technique, and lead the way toward judging people as individuals rather than as a piece of machinery which automatically depreciates in usefulness and efficiency with each birthday.

Regulations

American business has a happy buoyancy which permits it to overcome adversity, even when it comes in the form of government interference ostensibly designed to protect the interests of the industry or individual concern. A case in point is agriculture. While it cannot be said that small farms are participating in the general prosperity, agriculture as a whole has proven itself time and again capable of overcoming the restrictions in acreage, type of crop and price thrown in its way by the federal government.

way of doing so. A number of one-bank holding companies have been formed in recent years. Such operations permit the holding company to acquire other firms outside the banking business. A more recent example of roundabout expansion has been taking place in the transportation industry. Some transportation firms have been taken over by nontransport businesses, and there are indications of more such combinations to come. Such an arrangement makes it possible for the new company to greatly expand its opportunities over those available to the heavily regulated transportation industry. Some congressmen are concerned about the new business combines and are asking for legislation to close the "loopholes."

than the 31 recorded at the same point last year. Unfortunately, crime is a political issue here. Sixty per cent of the population is Negro, and thus it naturally follows that most of the crimes are committed by Negroes — usually against other Negroes. The Negro militants hate cops. Ergo, the police do not investigate cautiously his absurdities to perform. A reflection of this attitude was found in the statement of the Council's Vice Chairman, Sterling Tucker, former director of the Urban League, Tucker, a Negro, said he was "just not impressed that a case has really been made for Nixon's \$11.5 million crime package. Simply adding more policemen, he added, "won't automatically decrease crime."

Poverty Pays

Welfare recipients have now formed their own union — the National Welfare Rights Organization (NWRO). In its ranks, 30,000 families are taking part of their welfare checks to pay dues to this union so they can hire lobbyists in Washington, D.C., to lobby for more something-for-nothing. As with most such organizations, poor people pay the bills so that the lobbyists can live slightly comfortably. Last February, 54 members of the "national coordinating committee" for this outfit held a convention in Jackson, Miss. They converged by jet from all sections of the country, to whom, dine and converse at a downtown hotel. Jackson News Editor James Ward, intrigued by the way 20-and-hundred-dollar bills were free-flowing around this people's gathering, invited himself to interview some of the delegates. "Did you have any idea what that aged U.S. prime steak you're eating is costing?" "I don't know and I don't care."

quently they get beans with the underserving pet steak. NWRO delegates said they had summoned this national convention "to develop strategies for dealing with the Nixon Administration." The convention adopted resolutions demanding a guaranteed annual income. "We have 'the right to live,'" Chairman Johnnie Tillman said frequently. The NWRO also voted to boycott Sears & Roebuck nationwide because that chain does not extend credit to welfare recipients. "The present welfare assistance is destructive of dignity," they want to abolish it. "Instead of forcing welfare recipients to work," the NWRO resolution said, the Nixon Administration should provide every family \$7,000 a year whether it works or not. "And if that isn't enough to buy a pair of socks," Secretary Chairman Mrs. Bruce Sanders was asked: "If all 50 million persons you are eligible for membership in the NWRO should join, what would your organization do?" "Then," she said "you might have to come in on for jobs." "Welfare is a human right, a social right, a right under the law," said the NWRO's national president. "They say they have a 'right' to your money and they demand it."

The Vietnam war is no different, although we sometimes get the impression that all those categories are more heavily represented than in any previous war.

abroad, and 40 per cent of these are aliens who have decided that U. S. citizenship is not worth the price of military service. Another matter entirely is the thousands of young men who have signed their opposition to the war on the military by fleeing, or before they could be drafted. An article in the National Observer put the number at 50,000, chiefly in Canada and Sweden. This figure is probably higher than in any previous conflict, though as a percentage of the population, it cannot compare with the Revolutionary War when whole families of dissenters fled to the United States permanently for Canada or the British West Indies. Draft evasion and resistance were also notorious during the Civil War. In July, 1963, draft riots in New York City killed an estimated 3,000 persons. It is remarkable about the Vietnam war is that so many young men are voting against it with their feet, but that, in a war that is the most unpopular in the nation's history, there have been relatively so few deserters.

FIRST STEP IN MAKING Easter Bunny Cake. Slice oblong cake lengthwise on diagonal in two places. Make the smaller upper cut, for large ears, about one inch from top left corner, tapering to the middle of the cake; start the second cut about one inch from bottom left and extend it to middle of right edge of cake. Trim ears to equal size.

SECOND STEP: Move ears forward to front and arrange in upright position. Slide large central part of cake forward to form head and body. If necessary, trim edges of cake so bunny will stand straight. Place in upright position on cake plate. Fasten ears and body together with wooden picks or skewers. Spread with No-Cook Marshmallow Frosting.

Meat Loaf Baked With Mushroom Gravy
 1 pound ground beef
 1 small onion, minced
 1 teaspoon salt
 1 teaspoon poultry seasoning
 2 teaspoon celery salt
 1 teaspoon pepper
 1 cup crushed cornflakes
 1 bouillon cube or 1 teaspoon instant bouillon crystals
 1 can cream of mushroom soup
 Cooked parsley, optional
 Combine first six ingredients. Add cornflakes and mix well. Shape into a loaf and place in large loaf pan. Dissolve bouillon cube or crystals in one and half cups boiling water and add the cream of mushroom soup. Pour over meat loaf and bake at 350 degrees for one and one-half hours. Remove loaf from pan and sprinkle with parsley.

AN EASTER BUNNY CAKE made with a cake baked in a loaf pan; then cut to form the bunny. The bunny is delicious, of course, but you may want to make a supply of cupcakes in case the children want to keep the precocious bunny around for awhile.

It's An Easter Bunny Cake

Anyone who enjoys children will enjoy making this gay Easter bunny. It is made by cutting up a loaf cake, then fitting the parts into a bunny shape held together with frosting and small pieces. Course, frosting makes the fun and jelly beans the eyes and nose.
EASTER BUNNY CAKE
 Prepare one-half package cake mix according to package directions or one-half your favorite layer cake recipe, or use the recipe below for Old-Fashioned Loaf Cake. Pour batter into a well greased and floured loaf pan (9 by 5 by 3 inches) and bake in 350 degrees (moderate) oven for 25 to 30 minutes, or according to recipe directions. Cool for 10 minutes; remove from pan and finish cooling on wire rack.
 To cut, follow cut lines shown in picture. Trim ears to same size. Trim edges of cake so bunny will stand straight. Stand upright. Slide top piece of cake forward, as illustrated, to form head and body. Fasten two pairs of body and ears securely with wooden picks or small skewers. Frost with No-Cook Marshmallow Frosting. Use jelly beans which have been cut in halves for eyes and ears and make rakish whiskers with licorice strips.
NO COOK MARSHMALLOW FROSTING
 1/4 teaspoon salt
 2 egg whites
 1/2 cup sugar
 1/4 cup light corn syrup
 1/4 teaspoon vanilla
 Add salt to egg whites and beat with electric or foil beater until mixture forms soft peaks. Gradually add sugar about 1 tablespoon at a time, beating until smooth and glossy. Continue beating and add corn syrup a little at a time, beating thoroughly after each addition, until frosting peaks. Fold in a 1 1/2 teaspoon extract. Make enough to cover bunny or will frost tops and sides of two 9-inch loaves.
OLD FASHIONED LOAF CAKE
 2 1/2 cups sifted cake flour
 1 1/2 teaspoons salt
 1 cup sugar
 1/2 teaspoon baking powder
 1/2 cup corn oil
 1 cup water
 4 egg yolks
 1 1/2 teaspoons vanilla
 1/2 teaspoon maca
 1/4 cup sugar
 Mix and sift first four ingredients. Mix a little and add in order corn oil, water, egg yolks, vanilla extract and maca, if used. Beat until smooth and well blended (about one minute). Beat egg whites until stiff but not dry; gradually beat in sugar. Fold into mixture (do not beat).
 Turn batter into well greased, waxed paper lined loaf pan (9 1/2 by 5 1/2 by 3 inches). Bake in 325 degree (slow) oven about one and one-half hours or until cake springs back when touched lightly with finger.
 Cool 15 minutes in pan; loosen with spatula. Remove from pan and completely cool on rack. Frost with No-Cook Marshmallow Frosting.

Session Blockade Continues

BOISE (UPI)—The Idaho Legislature was in its 77th day today with no immediate hope of adjourning since die because of school funding and budget problems.

Monday the legislature gave the bankers some relief on interest rates but failed to make up its mind on several other key issues.

The legislature should have adjourned on its 76th day. Monday afternoon, the House Education Committee tabled a Senate-passed formula bill designed to bring more money into smaller districts, while the Senate continued to sit on a similarly-designed measure.

Chairman of the bill, which was sponsored by Sen. John Barker, R-Buhl, virtually killed its chances of reaching the floor. Only a two-thirds majority of the committee or a majority of the House as a whole can bring it off the table.

A motion to send the Barker bill to the floor with no recommendation failed 7-5 and the vote to table it passed 7-4.

Committee members indicated they felt the measure had a doubtful future on the floor at best. "We might as well kill it here as out there," said Rep. Kurt Johnson, R-Idaho Falls.

At the same time a majority of the committee indicated they favored the bill being held at the Senate desk, which is a Department of Education formula revision program.

Harold Farley, Deputy Superintendent of Public Instruction, told the committee that the measure puts an additional \$65 per child into districts unable to assure their teachers \$500 salary increases.

Under the existing formula there are 19 districts that would not receive additional funds next biennium from the \$18.6 million increase on public school appropriation.

The House also killed, then voted to reconsider, a \$33,000 appropriation measure to fund the State Personnel Commission.

By killing the appropriation the house had, until notice of reconsideration was served, abolished the two-year-old state agency.

The Senate also tried but failed to get rid of the agency.

Senate Avoids Governor's Plea For Budget Limit

BOISE (UPI)—By appropriating \$1 million from the sales tax fund, the Idaho Senate Monday circumvented Gov. Don Samuelson's demand for a \$200 general fund budget ceiling.

In the Senate move, the \$1 million would be transferred from the sales tax fund to the general fund instead of the permanent building fund.

Sen. Dick Smith, R-Twin Falls, told the Senate the bill was simply a "bookkeeping transfer" and pointed out that the legislature had already put \$2.4 million into the permanent building fund this session.

But Sen. Nels Solberg, D-Grangeville, said the legislature could "start chipping away and set a dangerous precedent for the state."

House Bill Asks Tax Extension

BOISE (UPI)—A bill to extend for five years the period to achieve property tax equalization and allow only a four per cent increase yearly on real-estate revenues is up for reconsideration by the Idaho House.

The House passed the measure Monday by a 37-31 vote, but the bill was held on the calendar following notice of reconsideration.

The measure would extend from the present 1972 deadline to reaching the 20 per cent ratio of assessment to true value of all property, to 1982. It was passed by the House once, but the Senate amended it to provide for the four per cent ceiling on the increases.

Sirhan Deemed 'Suggestive' To Hypnotic Suggestions

LOS ANGELES (UPI)—Sirhan Sirhan is so suggestive to hypnotic that on one occasion he was told to act like a monkey and climbed the bars in his cell and swung there, grimacing at his jailers.

Dr. Bernard Diamond, a psychiatrist and university professor, told Sirhan's murder trial jury Monday that when the 25-year-old Arab shot Robert F. Kennedy he was in a trance during which he killed the senator. He had practiced self-hypnosis in his room with a mirror and candle, Diamond said.

Defense attorney Emile Zola Bernan asked Diamond to give his opinion of Sirhan's mental state when he fatally wounded Kennedy.

"In my opinion at the precise moment of the shooting he was in a highly abnormal state of mind with a rage reaction that was the outgrowth of his paranoid psychology that began when he became confused and dazed by the mirrors and lights," Diamond said.

He said Sirhan would not agree. He said he thought of himself as a martyr who had saved his people and was a hero willing to go to the gas chamber.

Diamond concluded his direct testimony today. The prosecution was expected to ask for a recess for the remainder of the day before starting cross-examination.

Utah Man Given Probation For Bank Robbery

SALT LAKE CITY (UPI)—A Salt Lake City man was placed on five years probation Monday, after pleading guilty to two counts of bank robbery.

Paul Leonard Smith, 36, was charged by the Federal Bureau of Investigation with robbing four Salt Lake banks, drew the probationary sentence from U.S. District Court Judge William W. Adams. The FBI contends the crimes were committed between Aug. 16 and Oct. 16, 1968.

'PRAYER BILL' PASSED

SPRINGFIELD, Ill. (UPI)—The Illinois House passed, 111-53, a bill Monday allowing teachers in public schools to observe a "moment of silent prayer or reflection" each school day.

Extra Patrolmen Requested Governor Demands Budget Concessions

By RICHARD CIARNOCK
BOISE (UPI)—Members of the Joint Finance-Appropriations Committee came up with a \$209.5 million general fund budget Monday and Gov. Don Samuelson agreed to approve it with two strings attached.

Rep. Jenkin L. Palmer, R-Malad, co-chairman of the joint committee, said he was aware of the total amount for recurring items was above the governor's recommended \$209 million.

But he said "I really don't think the governor will oppose this."

"I can't say for sure," Palmer said. "But the committee has done everything possible to reduce it."

Samuelson, in an interview with United Press International, said he would approve the budget if they would give him 50 additional state patrolmen and transfer drug control to the Department of Law Enforcement.

"We need those patrolmen," Samuelson said, adding the funds would not come from the general fund, "the death rate is going up on the highways."

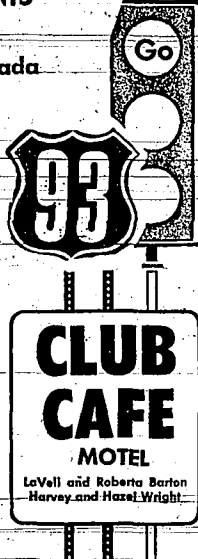

Palmer said that in addition to the \$209.5 million general fund budget the joint committee also voted to spend about \$11 million of the general fund surplus on non-recurring general fund items the next biennium.

The remainder of the anticipated surplus was earmarked for higher education, parks, the penitentiary and the permanent building fund.

He said the House members on the joint committee wanted to put a balance of some \$3 million into an emergency board by which the legislature could appropriate money to meet unforeseen conditions during the coming biennium. He said the senators would not go along with this.

Samuelson said he was aware of this but that he understood the unappropriated surplus amounted to about \$1.5 million.

WEST PALM BEACH, Fla. (UPI)—Catcher Bob Tillman notified the Atlanta Braves Monday that he will return to camp and continue his baseball career.

Boston Slams Pirates

By United Press International The Boston Red Sox displayed their potent batting attack Monday.

history one club had sued another. The Astros asked U.S. Dist. Judge John W. Singleton Jr. to order the Expos to return Staub to Houston.

Staub said this was forcing a trade on Houston. He wanted to know why rule 12F did not apply, but Kahn would not answer any questions. He said his decision was in the "best interests of baseball."

Staub said he would quit baseball unless Staub was returned to Houston. He is unhappy about statements Astro officials have made about him, he said.

Other baseball teams or interested parties could file briefs stating their position in the case. Other owners are reluctant to have baseball problems settled in court for fear it will affect their reserve clause, which never has been tested legally.

Persol Wins NY 10-Round Bout

NEW YORK (UPI)—Johnny Persol, fighting for the first time in 10 months, won a unanimous 10-round decision over Chuck Leslie of Los Angeles Monday night to begin a successful comeback.

Persol, a player with the Philadelphia Athletics, Detroit Tigers and Red Sox, Higgins set four batting and fielding records Monday.

Persol weighed 177 3/4 pounds compared to 177 1/4 for Leslie. The victory gave Persol a 4-2 record. Leslie's dropped to 14-14.

After his perfect innings, Peterson was topped for a ride, hit the sixth on singles by Jerry Groat and Al Weis and a double by Oakland's Gene Tenen.

JERRY QUARRY delivers a hard right to the body of Buster Mathis in a feature 12-round bout at Madison Square Garden. Mathis not only lost the bout as an 11-5 favorite, but ripped the seat of his pants in the second round to add insult to injury. (UPI telephoto)

Reds Are Explosive At Plate But Lack Consistent Pitchers

By JOHN G. GRIFFIN, UPI Executive Sports Editor TAMPA, Fla. (UPI)—When you drive into town, the big sign alongside the highway tells like this: "Welcome to Tampa, spring home of the hitting team—baseball."

So how come with all that hitting they finished fourth, 14 games behind the St. Louis Cardinals? Pitching. With Gary Nolan and Mel Queen suffering sore arms in spring training and Milt Pappas having a 2-5 record before being traded away, the Reds' pitching never came close to matching their hitting in class.

That's why when you ask manager Dave Bristol how the Reds are going to do this year, he starts his answer: "Well, if the pitching stays sound..." So far this spring Bristol has reason to be encouraged about that.

Mother Of 2 Makes Debut As Jockey

LINCOLN, R.I. (UPI)—Mary (Maude) Clayton finished eighth in a field of 12 in her debut as England's first woman jockey at Lincoln Downs Monday but helped draw an unusually large crowd to the track.

Mrs. Clayton, a 32-year-old mother of two, broke on top in the third race before a crowd of 10,712 at Lincoln but her horse, Lucksteer, quit and trained by her parents, bore wide on the far turn and ran eight and one half lengths off the race set by the winning fleet of N'T'N'.

Mrs. Clayton's first appearance in competition against male jockeys earned her a long press by track boys and usually large attendance and a post-race bouquet of roses from Lincoln President B.A. Darfo.

Quarry Smashes Confident Foe In 12-Rounder

NEW YORK (UPI)—Jerry Quarry, passing away defenses, splattered Buster Mathis with left hooks and knocked him down in the second round to win unanimous 12-round decision in Madison Square Garden Monday night, setting himself up for a heavyweight title bout.

The 33-year-old Quarry ran a 11-5 underdog, won Mathis' respect by slamming a lead to the side of the favorite's head in the second round.

Hockey Tilts May Be Taken From Canada

STOCKHOLM (UPI)—The 1970 World Ice Hockey championship tournament will be taken away from Canada unless the Canadian government guarantees that East Germany will be allowed to compete on equal terms with the other teams, a leading International Ice Hockey Federation (IIHF) official warned Monday.

Bunny Ahearn, European president of the IIHF, told a news conference that the "mad terms" meant that the Canadian Amateur Hockey Association (CAHA), which will stage the tournament in Winnipeg and Toronto, had been told verbally by the federal government that "there will be no trouble."

Ahearn said "exactly equal terms" meant that the East German flag should be flown and the East German anthem be played in connection with the tournament.

BC Captain Is Selected For 69-70 Season

BOSTON (UPI)—Tom Veronau of Newington, Conn., has been elected captain of the Boston College basketball team for the 1969-70 season.

The 6-foot-5 forward, who came to Boston College without an athletic scholarship, was named captain Saturday night after the Eagles lost to Temple in the National Invitational Tournament finals.

Opening lead—4♥			

Some players guarantee to make a follow-up bid irrespective of what opener does at his second turn.

We don't go this far. If opener rebids two of his suit we reserve the right to pass. If he bids anything else, except game, we promise to bid one more. This makes it possible for opener to rebid in a new suit and be sure of response. It also makes it possible for opener to jump in a new suit with a fragment bid that agrees on part.

Reader Says Philadelphia Has Longest Straight Street

STILL HAVEN'T located the widowers who remarry tend to be of a certain type, but from one who writes, girl Martin of Carlisle, Pa., says a silderable younger than her Broad in Philadelphia is the first wives.

CUSTOMER SERVICE: Q. "LET me give you the basic formula for financial success. It's on the Antiquity of Feminine Fashion." It goes like this: I've got a girl named Game man, tender and gentle and soft-spoken, but right? So to comply with your formula, a fellow might solve it by manufacturing corn advisories: "When cooking white for canaries, intend to vegetables, cover the pot when cooking green vegetables, don't go into production, but I'm serious about earning enough money to buy that trout farm. Q. "IT'S RUMORED one of the astronauts has a liquor problem. Which one? A. Am pleased to report I do not know, madam.

MIGHT MENTION you ought not believe in high school girl one of those who lights out the house without breakfast. The survey takers say one out of three young ladies eats nothing in the early morning. Think those no-breakfast girls are a night people by nature. Freely in Ding-Dong, man, mind the afternoon. Even more frequently get into household hot water for romping on the telephone at too late an hour.

YOU MAY CALL yourself a Highly Seasoned Citizen if you can name the girl that famous fictional fellow Frank wrote a gentleman search group: "State legislative budgets are so low across the nation that most legislators pay for their own secretaries and will be operate in rented motel rooms." My word, Brenda!

WIDOWS wherever possible in "Checking WHO REMARRY tend to pick out men who are considerable boys. In case of the Box older than their first husbands. 89187, Seattle, Wash. 98199.

Special Limited Enrollment Period Ends Midnight, Sunday, March 30, 1969

Now...for people of all ages— \$100.00 a week extra cash income when you go to the hospital!

AT LAST, HERE IS A PLAN THAT ACTUALLY PAYS YOU: ■ extra cash up to \$10,000 ■ extra cash from your first day in hospital ■ extra cash direct to you ■ extra cash to use any way you want to ■ extra cash in addition to Medicare or any other insurance!

Act Now—GET FIRST MONTH'S PROTECTION FOR ONLY \$1

Money back in full if not 100% satisfied. No age limit. Join NOW—This Introductory Offer lasts only 5 more days.

NOW . . . you and your family can join this Extra Cash Income Plan with no red tape, no questions to answer, no medical examination, no age limit, without having to see a salesman and without any qualifications whatsoever. But you must mail your Enrollment no later than Midnight, Sunday, March 30, 1969

Why You Need This EXTRA CASH Plan in Addition to Ordinary Hospitalization And Medicare
You know, of course, that the tremendous jump in hospital costs has forced millions who already have hospitalization to dig into savings or go into debt. Even with Medicare, they risk using up their savings or worse yet, turning to family and friends for help. In fact, very few people have enough savings, hospitalization or income to cover the TOTAL cost of being sick or injured.
How long could you stay in the hospital without worrying about the pile-up daily expenses? Who will pay for the expenses of costly X-rays, doctor bills, drugs and medicines? And how about the expenses at home—rent, food, telephone and others—that just go on and on? With expenses like these, could you avoid having your savings wiped out and your family life upset?

Better Safe Than Sorry

Wouldn't it be comforting to know these problems could be solved by your Extra Cash Income Plan—the plan that gives you \$100.00 a week—IN CASH—tax-free—from the very first day you're in the hospital for up to 100 full weeks.

PAYS YOU CASH . . . \$100.00 a week tax-free cash from first day in hospital . . .

PAYS YOU CASH . . . to a maximum of \$10,000.00 for any illness lasting 100 weeks . . .

PAYS YOU CASH . . . Money mailed direct to you—not to the doctor or hospital . . .

PAYS YOU CASH . . . In addition to hospitalization, Medicare and Workmen's Compensation . . .

Even If You Are Over 65 This Extra Income Plan Pays You Cash in Addition to Medicare and Other Insurance!

Even though Medicare will pay most of your hospital expenses, it just can't cover everything. Your Extra Income Plan helps solve this problem by paying \$100.00 a week, in cash, direct to you, for as long as 100 weeks . . . and gives you the privilege of spending this money any way you want to. With your total benefit amounting to \$10,000.00 you'll never have to turn to your children or charity. You'll keep your financial independence and enjoy the peace of mind that this Plan's EXTRA CASH will give you.

Absolutely NO LIMIT ON Age

This Plan welcomes you no matter what your age is—and without any qualifications whatsoever! Even if you're over 75 you're still eligible . . . provided, of course, that you fill in and mail the Enrollment Form with just ONE DOLLAR during this limited enrollment period.

EXTRA CASH Gives Peace Of Mind and Security, Helps Replace Lost Income

Everything costs more these days. (Who knows better than you?) Hospital costs alone have TRIPLED in just a few short years . . . and they're expected to DOUBLE soon. While 7 out of 8 Americans have some hospital insurance, most find that benefits simply don't cover ALL the bills that mount up when sickness or accident strikes.

Union Fidelity created this low-cost Hospital Income Plan to help cover your UNCOVERED expenses while hospitalized . . . to put EXTRA CASH in your hand for bills from the doctor, the nurse, the pharmacist or anyone else who provides service and treatment you need and want. You may even have enough left over to help REPLACE any income you lose because of your confinement.

These Are The Only Exclusions!

The new Union Fidelity "Extra Income Hospital Plan" has NO WAITING PERIODS. It covers you immediately for every possible kind of sickness and accident except, of course, hospitalization caused by mental disorders, risk of war, pregnancy, childbirth or miscarriage; or care provided in a government hospital. It also covers you for any chronic ailment or pre-existing condition after your policy has been in force for only 2 years. EVERYTHING ELSE IS COVERED!

Special \$1.00 Offer Expires Midnight of Date Shown On Coupon Below!

To introduce you to this remarkable new Plan we are making this unusual offer with a Money-Back Guarantee. We will provide you with this tax-free "Extra Income Hospital Plan"—Form 478—for one full month for only ONE DOLLAR. To take advantage of this offer fill in the Enrollment Form on this page and mail it with just \$1.00 before Midnight of the expiration date shown. A full month's protection will go into effect on the very day we accept your Enrollment Form.

When you receive your policy, examine it in the privacy of your home. Show it to your lawyer, your doctor, your clergyman or any trusted advisor. Then decide for yourself . . . and while you're making up your mind, you'll be protected by this wonderful Plan. If the Extra Cash Income Plan isn't everything we say it is, return the policy within 30 days and your money will be cheerfully refunded with no questions asked. However, if you decide to continue this worthwhile protection, you may do so at these low rates:

Age at Enrollment	Monthly Premium
0-39	only \$3.80
40-54	only \$4.80
55-64	only \$5.80
65-74	only \$6.80
75 and over	only \$9.10

NOTE: The regular Monthly Premium shown here (for your age) is the amount you will continue to pay for the life of your policy. It will never increase because you pass from one age bracket to the next! It won't even change because of frequent claims or the amount of money you collect. It can change only if there is a general rate adjustment affecting all policies of this type in your state.

How Can We Offer All This Protection for So Little?

If you're lucky, you can buy ordinary insurance at any time and pay regular rates. But NOW—with just a \$100.00 a week (\$14.28 per day) Extra Cash Income Plan for the special low cost of only \$1.00 for the first month. And how is this possible? BECAUSE UNION FIDELITY ENROLLS A LARGE NUMBER OF PEOPLE AT ONE TIME—direct by mail. This highly efficient "mass enrollment" cuts our costs to the bone. We are able to issue thousands of policies in a few short days. By this method our overhead expenses are reduced drastically. And the savings are passed on to you!

After the first month you continue your protection at Union Fidelity's low monthly rates. And bear this in mind: the rate you pay now will never be increased because of changes in your health or age—nor will your benefits ever be reduced!

A Nationally Respected Company

As important as the cash income itself, the low cost and ease of enrollment, is this one vital fact: Your policy is backed by the resources, integrity and national reputation of Union Fidelity Life Insurance Company of Philadelphia, an old line legal reserve company licensed in 49 states and Washington, D.C.

Easy-To-Join—No Red Tape—No Salesman Will Call

Join NOW. During this limited enrollment period there are no qualifications whatsoever . . . but you must mail the Enrollment Form BEFORE the Midnight deadline. We will issue your "Extra Income Hospital Plan" and put it in force the very same day we receive your Form.
Why not take a moment right now to fill in your Enrollment Form and mail it with only \$1.00, the "introductory" cost for your first month's coverage.

\$1.00 No Risk Money-Back Guarantee!

Because we're so confident this Extra Income Plan that PAYS CASH direct to you is the best low-cost protection now available, we make our famous Money-Back Guarantee. When you get your policy look it over. You must be 100% satisfied that your Plan is exactly what we promise and exactly what you want. If you're not, send the policy back to us within 30 days and we will REFUND YOUR MONEY IN FULL . . . AT ONCE. But meanwhile, you will be protected. And if you decide to continue this wonderful protection, you do so at the low rate that will never be raised because you grow older!

JOIN NOW—"TOMORROW" MAY BE TOO LATE!
This is a limited enrollment. YOU MUST ACT NOW! The expiration date shown below can't be extended. If your Enrollment is mailed later, it can't be accepted. TIME IS PRECIOUS! Got your Enrollment Form and \$1.00 in the mail . . . today!

18 Important Questions Answered

That tell you how Union Fidelity's \$100.00-A-Week Extra Cash Income Plan gives you the protection you need—at amazingly low cost!

- How much will this policy pay me when I go to the hospital? You will receive \$100.00 per week.
- When will my hospitalization benefits start? The day you enter the hospital.
- Will I be paid if I am in the hospital for less than a full week? Yes. This new Plan pays if you are in the hospital for only a day, or a week, or a month, or a year.
- Does this policy have any "waiting periods" before I can use it? No. It will go into force on the same day we accept your completed Enrollment Form and \$1.00 premium for the first month's coverage.
- How long will I continue to receive my Extra Cash? For every day you are hospitalized for as long as 100 weeks for every covered accident or sickness.
- Is there any red tape to join? No. We only ask you to complete and mail your Enrollment Form before the deadline date shown. No questions to answer. No salesman will call.
- Suppose I collect benefits for a certain sickness or accident. What happens if I am hospitalized again for the same condition? You go back to collecting your \$100.00 a week until you've been hospitalized for a total of 100 weeks and have collected \$10,000.00. Then, if the same condition puts you back in the hospital after you've resumed your normal activities for six months, you become eligible to receive \$100.00 a week again, for up to 100 additional weeks. Any new condition will be covered immediately, of course.
- How may I use these benefit payments? You may use them any way you wish—for hospital and doctor bills, rent, food, hospitalization expenses or anything else. You alone decide how to use the money.
- Why do I need your Extra Cash Plan in addition to my other insurance? Chances are your present hospital insurance won't cover all your hospital and medical expenses. Even if it did, you will still need extra cash to cover all your household expenses.
- May I join if I am over 65? Yes. You are welcome to join no matter what your age is. This Plan has no age limit.
- Can you drop me? Can you raise my rates? No. We will never cancel or refuse to renew your policy for health reasons so long as you make your premium payments on time. Also, we guarantee that we will never cancel your policy or raise your rate unless we take the same action with regard to all policies of this type in your state. You, of course, can drop your policy on any renewal date.
- What is not covered by this policy? The only conditions not covered are hospitalizations caused by mental disorders, risk of war, pregnancy, childbirth or miscarriage; or care provided in a government hospital. You are even covered for any chronic ailment or pre-existing condition after your policy has been in force for only two years. Everything else is covered.
- Can other members of my family take advantage of this special offer? Yes. Just add their names to the Enrollment Form when you fill it in.
- Why is this offer good for a limited time only? Because by enrolling a large number of people at the same time our underwriting, processing and policy issue costs can be kept at a minimum. These savings, of course, are passed on to you.
- Do I need a medical examination or a statement from my doctor? Definitely not. Just fill in the Enrollment Form and send it off today with \$1.00.
- What other advantages are there of joining this Plan now? By joining now you do not need to complete a regular application—just the brief form in the lower right-hand corner of this page. Also, during this enrollment period, there are no other qualifications—no "waiting" or restrictive endorsements can be put on your policy.
- How does the Money-Back Guarantee work? Examine your policy carefully for the privacy of your home. If you are not completely satisfied, return it within 30 days and we will promptly refund your money. Meanwhile, you will be protected while making your decision.
- How do I join? Fill in the brief Enrollment Form (be sure to sign your name) and mail it with just \$1.00 for the "introductory" cost to Union Fidelity Life, 104 South Main Street, Fond du Lac, Wisconsin 54935.
