Lady Churchill

Said 'Stronger'

LONDON (UPI)—Lady Clementine Spencer-Churchill was a "little bit stronger" Tuesday night but "essentially still dependent" on doctors at Westminster Hospital reported.

Earlier, they said the condition of "Clemmie," the 84-year-old widow of Sir Winston Churchill, was still "giving rise to considerable anxiety" as she recovers from an operation for a fractured thigh.

Lady Churchill fell in her London apartment Good Friday, three days after her 84th birthday.

Forecast

Generally fair today; variable high cloudiness tonight and Thursday, with continued warm trend. High 72 to 78, and low tonight 28 to 38, and high Thursday in the 60s. Precipitation probabilities near zero. High 72 to 78, and low tonight 28 to 38, and high Thursday in the 60s. Precipitation probabilities near zero.

Weather Synopsis

High pressure both at the surface and aloft is again dominating most of the Northwestern states. Another low pressure disturbance located in the Pacific with an associated frontal system near the coast. The low will be forced northeastward through Canada with little if any effect on the area. High cloudiness over intermountain states. The frontal system will move onshore today and weaken as it moves eastward. An increase in high cloudiness will occur in night and Thursday from this frontal system.

The extended weather outlook indicates no precipitation with fair weather continuing into the weekend. Temperatures during this period will average near normal.

Farm work and other outside activities should have favorable weather conditions through the weekend. A heavy rain period may cause some delay particularly in southwestern Idaho and East-Central Oregon. Spray application of insecticides should be able to make some progress through Thursday with winds mostly 3 to 8 miles per hour.

The warming trend will continue through these valleys today and Thursday with high readings today mostly in the 50s in the east and upper 50s and mid 60s in the west. High readings on Thursday range from upper 50s in the east to the upper 60s in the west. Low readings tonight will be mostly in the 30s except in Southeast Idaho where lows will be in the 20s.

Skies over these valleys yesterday were partly cloudy to clear. Low readings yesterday continues this morning in Eastern Idaho. Precipitation was confined to the southeastern area with a being reported at a few stations.

High temperatures over Southern Idaho yesterday were 2 to 8 degrees warmer than the previous day. Maximum readings yesterday ranged from 60 to 70 in Mountain Home to 45 at Idaho Falls. Low readings last night ranged from 33 at Burley to 21 at Boise.

Idaho Rights Commission Bill Signed

BOISE (UPI)—Gov. Don Samuelson Tuesday signed a bill creating a nine-member Idaho Commission on Human Rights and the Director and act on any reports of discrimination.

The commission, funded at \$26,000, will be reimbursed for expenses and the Director of the Economic Opportunity office will serve as its secretary.

The measure specifies what constitutes discrimination in housing, employment, public accommodations and the duty of representing the commission in court and enforcing the provisions of the act.

Health Service to assist cities in projects of this nature.

The total cost of the trunk sewer and pump station system, less federal participation, would be \$1,100,000. This amount is being collected by the \$2 per month service charge the other users are paying.

The present policy places the burden of the sewerage system on the property owner. Service for the area would require \$202,355, or approximately \$200 per acre, for the sewer lines. Areas that are a legal part of the city may organize into local improvement districts.

Mr. Miller noted that several people have been having difficulty with their water and irrigation runoff in the proposed area. In the report it is suggested that to eliminate storm water runoff the city should be piped from the corner of Caswell Avenue and Washington Street North to a point north of the city, where it could be piped into a natural drainage ditch across open farm land. The cost of such a system will be approximately \$54,700.

It was noted in the study that the total water revenue averages \$115.20 per household plus 48 mills out of each taxable dollar. The city would collect 48 mills out of each taxable dollar. because there appears to be a tendency for doctors to use these innovations immediately after development.

The aim of the institute, Hastings said, is to safeguard the patient's interest.

And Dr. Theodore Cooper, director of NHL, said he had written Dr. Michael DeBakey, president of the Baylor school of medicine, for a report on the heart used in Karp. He said he had no evidence at this time that any violation of the guidelines had occurred, and his request for a study was routine procedure.

Dr. DeBakey also established a set of guidelines for members of his staff which, it is being claimed, Cooley and Lotfi violated.

DeBakey's rules prohibit staff members from using an experimental device in surgery without the approval of a committee of Baylor doctors.

The artificial heart implanted in Karp was never presented to such a committee and Lotfi said DeBakey was not even told that the procedure until it was placed into Karp's chest.

Karp lived 63 hours with the artificial heart and 30 hours and 20 minutes with the transparent heart of Mrs. Barbara Egan, a Lawrence, Mass., housewife.

Hospitals Seek Tissue-Matching Surgical Skill

NEW YORK (UPI)—New York University announced a new program Tuesday to try to conquer the problem of finding a vital organ transplant—the matching of a donor's tissue with that of the recipient.

In an around-the-clock registry of donor and recipient tissue types, physicians will attempt to get a perfect match that will give transplant operation a better chance of succeeding. Fourteen New York area hospitals will cooperate in the program, set to begin July 1.

Trading Continues

PHILADELPHIA (UPI)—The Philadelphia—Baltimore Stock Exchange said it will continue trading in shares of Piper Aircraft Corp. of East Haven, Pa. The New York Stock Exchange has suspended Piper and applied to the Securities and Exchange Commission for permission to trade in the shares. The suspension resulted from Piper's issuance of stock for acquisitions without prior approval of shareholders. A spokesman in order to thwart takeover efforts by Chris-Craft Industries, Inc.

Twin Falls News In Brief

Sniper Shoots Woman In Coast Spree

HOLLYWOOD (UPI)—A sniper who fired 11 shots into Paramount Studios from a speeding car wounded a "clean" police officer Tuesday.

"One of the 'bullets' just happened to hit the cleaner," a detective said. "The bullet was ricochet shot that hit her, and we think the sniper may have thought the building was empty."

Mrs. Margaret Youngworth, 57, Los Angeles, who was working in the administration building at Paramount Studios when she was wounded in both legs by the ricocheting bullet, was in satisfactory condition, police said. Officers said the bullet went through her left leg, then lodged in the right.

Detectives were checking out prior studio employees to try to determine whether any of them had been paid a grudge against Paramount.

After firing 11 shots at the building with a high-powered rifle from a speeding car, the sniper returned a half hour later and fired five more shots into a truck in a studio parking lot, officers said.

The sniper, who was seen to be unable to obtain his license plate number nor to determine how many persons were in it, officers said.

U. S. May Call Few GI's Home In 60 Days

WASHINGTON (UPI)—The United States is expected to begin unilateral withdrawal of some of its Vietnam forces within the next 60 days there will be no major increase in military activity and some hint of progress at the Paris talks.

Authoritative sources reported that the U.S. is expected to begin withdrawing 50,000 U.S. troops out of Vietnam by the end of 1969.

However, this estimate was predicted on the administration's belief that it had at least six months to begin showing some results toward American disengagement before the public became too restless.

This assessment was said to be that mounting criticism makes it imperative to show some evidence of being down the conflict be made apparent at a relatively early date. This has led to a hard look at the military situation and a determination to undertake some withdrawals without any major breakthrough at Paris.

3 Found Dead In Utah Dwelling

CORINNE, Utah (UPI)—Three persons were found dead and a fourth unconscious in a home here Tuesday.

The deaths remain a mystery. Box Elder County Sheriff Warren W. Hyde said there was no evidence of foul play. He indicated a "possibility of a lack of oxygen" as a cause of death.

Dead are Air Force Sgt. Dennis Ward, 24; his wife Leila, 24, and Marilyn Ward, 26. Dean Ward was listed in critical condition at Cooley Memorial Hospital in Brigham City.

Sgt. Fred Muffley, son of Mr. and Mrs. Roland Muffley, Jerome, will appear on the 5:30 newscast on Channel 11, KMYT tonight.

Mrs. Muffley said that her son, attached to the regular Army, has been interviewed by CBS newsmen Terry Drinkwater, and is expected to appear on the CBS news.

Sgt. Muffley is training in the use of remote control devices which have mine detectors attached to the front of them. He demonstrated these vehicles to the newsmen and shortly will leave for Vietnam where he will instruct Army personnel in their use.

House Damaged

FAIRFIELD—Slight damage to the roof resulted from a Tuesday morning fire in a rental house owned by Mrs. Frank Perkins.

An overheated chimney from a trash burner in the home occupied by Mr. and Mrs. Law Smith caused a fire in the attic of a lean-to portion of the house.

The Fairfield Volunteer Fire Department tore off the tin roof and extinguished the fire which had not spread from the vicinity of the chimney.

Patent Rights Acquired

CHICAGO (UPI)—N. I. Industries, Inc., a San Antonio, Texas, oil drilling firm, has bought for \$4.5 million in cash and stock the rights to the continuous tone, non-silver photographic process developed by Charles D. Oughton, president of Sharp & Oughton, Inc.

Ex-Gooding Mayor Dies

GOODING—Dr. Fred Earl Barrett, 73, former Gooding mayor, died Monday evening at the home of a daughter in San Diego following a long illness.

He was born Oct. 15, 1895, at Gooding. He was graduated from Rick's Academy and was a 1923 graduate of the University of Iowa School of Medicine. He married Sue Goldman on June 20, 1922, at Clinton, Iowa.

He took his residency at Deo Hospital, Ogden. He moved to Boise in 1924, where he worked with Dr. Pittinger for two years. He moved to Arco, where he practiced for three years. He moved to Shoshone in 1929 and to Gooding in 1937. He retired from private practice in 1958 and worked at the Mare Island Naval Station, Calif., for five years following his retirement and there, received a presidential citation as chief civilian physician of the base dispensary.

During the following year he worked and lived at Sun City, Calif. He returned to Gooding in 1964 and moved to San Diego Sept. 1, 1968, to live near a daughter.

He attended the Gooding Episcopal Church, and was a member of the Gooding Rotary Club; the El Korah Temple, Boise; Shoshone Masonic Lodge No. 21, Arco; and the Gooding Medical Association. He was past president of the Idaho South Side Medical Association.

He served as mayor of Gooding from May 1, 1945, to April 30, 1947.

He is survived by his widow; one son, Michael C. Barrett, Riverside, Calif.; two daughters, Mrs. Elizabeth Gamba, San Diego, Calif., and Mrs. Janet Williams, Phoenix; two brothers, Rex Barrett and Richard Barrett, both San Francisco; three sisters, Mrs. Florence Danford, Los Angeles; Mrs. Irma Call and Mrs. Jeanne Brown, both Salmon, and five grandchildren.

Services will be held at 2 p.m. Saturday at Thompson Chapel with Rev. John F. Tulk, of the Gooding Episcopal Church officiating. Final rites will be held at Elmwood Cemetery. Friends may call at Thompson Chapel Thursday, Friday and until time of services Saturday.

Idaho potatoes are very hot.

Just last year we introduced our contract in Idaho potato futures on the Chicago Mercantile Exchange. We wouldn't have introduced it if we didn't think it would be useful, but even we have been surprised by its overnight success. A number of Idaho potato growers have already found that hedging a portion of their crop can be a

means of obtaining more working capital with which to increase their volume. Hedging can also be a great protection against adverse price changes. It's a relatively simple transaction by which producers of perishable commodities can transfer much of the risk of price fluctuation to speculators—people whose business it is to take risks in the

hope of profit. The Chicago Mercantile Exchange is the marketplace for the transfer of these risks. We'll be very happy to supply you with our booklet on potato hedging if you'll just write to us at the address below.

Nixon Sees Teddy As 1972 Opponent

Wednesday, April 9, 1969... PHONE 733-0931... THOMAS HOWARD... WILEY DODDS... O. A. TOSI KELKER... ADVERTISING MANAGER... GENE GARFINKER... DALE THOMPSON... RAYL STANLEY... PRESS ROOM MANAGER... C. J. SMITH... MANAGING EDITOR...

WASHINGTON — President Nixon is convinced that Sen. Ted Kennedy will be his Democratic opponent in 1972. As usual, Nixon's reading of the opposition is precise, even after allowing for a circumstance named Ed Muskie who will also be in there tickling his politicks.

Because the Kennedys are lucky, Teddy has something specific with which to arouse the voters. It was handed to him by President Nixon's approval of the Safeguard anti-ballistic missile deployment. This is an issue about which a large number of voters feel strongly, and in grasping it Teddy in a sense is following rather than leading

a segment of public opinion. But he has taken hold of it in such a way that within a few months it is almost sure to become his own personal, political property. Other politicians are in on the act, of course — including Muskie, Hubert Humphrey and Republican Senators John Cooper of Kentucky and Chuck Percy of Illinois. All but Cooper have national ambitions. But because a Kennedy acts while others are just talking, Teddy has taken over the leadership of the anti-ABM movement.

"National Committee for Common Sense" being organized by Kennedy, Cooper, Percy and Sen. Phil Hart, D-Mich. Actually, this is Kennedy's baby. He took over the idea, if not the name "Common Sense," from the board chairman of the Massachusetts Institute of Technology and former science adviser to President Eisenhower.

There is danger in all this, of course. Republicans on Capitol Hill are elsewhere already eyeing grumbling about Kennedy "trying to buy public opinion." In addition, there is the question of propriety in the fact that several members of Kennedy's Senate staff, paid with taxpayer's money, have been put to work on a project with broad public overtones.

Holdups Off

Bank holdups in the District of Columbia have taken a sudden nose-dive. Holdups of financial institutions had been running at a high rate in the district for some time, reaching a high point of 19 in February. That abruptly, bank holdups fell to three in February.

On Jan. 31, District Court Judge George L. Hart expressed his own conception of non-nonsense justice by sentencing a convicted armed robber to 15 years to life, citing provisions of the 1967 D.C. Crime Act. The judge warned that "anyone else convicted by a jury before me of armed robbery may expect a similar sentence."

Judges have jumped into the crisis with both feet, too. A few months ago it was common for an armed holdup suspect to be arrested, released on his own recognizance, left free during interminable delays and continuances in prosecution, and eventually convicted let off with a light sentence.

In short, the word is out that knocking off banks in the district no longer pays a good return on the investment. The underworld has gotten the message. If other communities would sock it to them, the epidemic of bank robberies sweeping the nation could be all but cured overnight.

Not any more. Sixteen of the 21 bank robbery suspects arrested since the beginning of this year are in jail, unable to provide bonds ranging from \$15,000 to \$30,000.

The same technique, obviously, would be a good antidote for other types of crime, too. One thing about this kind of medicine — the criminal never becomes immune to the just, but firm, hand of the law.

ROWLAND EVANS AND ROBERT NOVAK

Nixon's Friend In Carolina

RALEIGH, N. C. — Presidential political aide John Sears did not pussyfoot when James Gardner, the defeated Republican nominee for Governor of North Carolina, was summoned to the White House several weeks ago.

Carolina for Gardner — style Republicanism in a way that the old guard never has. Since the election, this operation, run by two youthful ex-Democrats named Yates Nagle and Jesse Austin (a former state senator), has compiled a list of 16,000 Gardner supporters.

hill, sounded out about running for Governor himself in 1972, is distinctly cool. "Thus, the prospect is good that that power play of the South's most conspicuous 1968 Republican ally will succeed, with profound implications that Southern Republicanism may be veering in a direction the White House won't like."

That is a matter of no little consequence. As of Oct. 11, 1968, Gardner, defeated and in ill-favor with the newly-elected President, seemed headed for oblivion. But in record time, he has not only revived but is leading the construction of a new statewide North Carolina GOP to contend for Governor Wallace's hard-core segregationist vote.

Attempting to build a statewide party with active workers in every county, Gardner may well lay the groundwork for his election next year as state chairman over the incumbent, state Rep. James Holtshouser.

Paul Harvey Paradise Poverty. In San Francisco Mrs. Glynis Washington protested that she's "on welfare." She says that's why she cannot afford to pay all those overtime parking tickets.

The Census

When the 1970 census is taken, you won't have to reveal how many pets are in your household. Fortunately, the pet question was rejected by the Census Bureau.

essential one regarding name, address, sex and the like. He has lined up much support, including not only congressional leaders and colleagues, but also a sub-cabinet official who fears the current revolt against authority could lead millions of persons to ignore the census, most of which will be conducted by mail.

But the fact that dog food manufacturers proposed it for inclusion in what is basically a people count helps confirm that some of the census questions merely serve commercial interests.

As well as keeping commercially inspired questions off the form, Congress should give attention to the voluntary proposal, despite the Census Bureau's fear that it would produce scattered results from which no meaningful conclusions could be drawn.

The census inquiry has been inspired by a one-man campaign by Rep. Jackson E. Betts, Ohio Republican, against what he considers a decennial invasion of privacy.

The bureau overlooks a native American characteristic, which would lead many to fill out the form if there's no compulsion involved, and a genuine desire on the part of others to help maintain the census for what it is generally acknowledged to be — the best factfinder going.

all designed for the good of the industry and the people at large. His work on behalf of the named City of Hope National Medical Center would fill a book in itself and this is partly why he was honored at this banquet of banquets.

This is what has happened to one Charles E. Gilb who got his diploma at the school in 1942 after having moved here with his parents from Pocatello in 1934.

He, his wife and youngsters now live in the California area but Mr. Spectator has a sneaking hunch that his heart is still in Idaho, all the honors he has received notwithstanding.

The whole story of Mr. Gilb can perhaps best be told in the first two paragraphs in the huge book which marked the observance. We print them, "as is," so you can see for yourself!

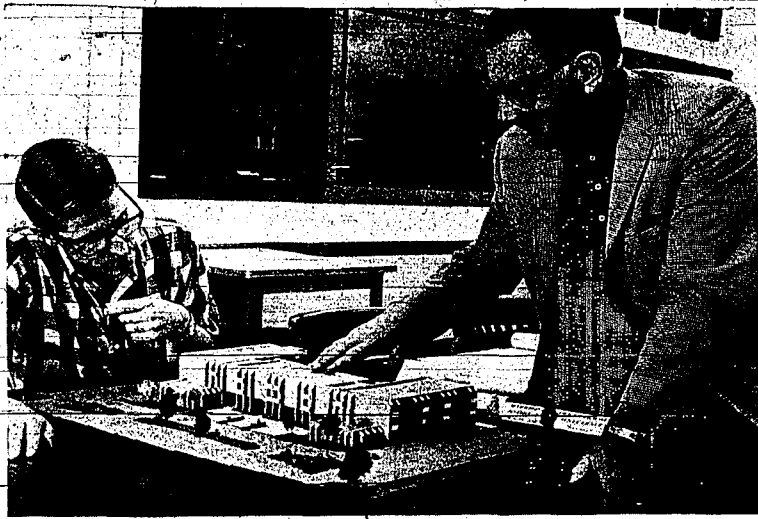

Mr. Spectator will, on behalf of the Fidelity, see that this book gets to the Twin Falls County Historical Society. We believe that it should be kept as proof that a country boy can make good if he sets his mind to it.

That rulling, now on route to the Supreme Court, has stirred up nationwide interest. The only thing that startled us was that we found out that in the 50 states, there is a law that requires a two-thirds majority. And here, all this time, we thought it was the law of all states. Just shows what you can find out if you can read.

A NEW THREE-STORY apartment building for married students at Idaho State University in Pocatello will be built soon and a model of the building is shown here being inspected by Mike King, left, and William J. Bartz. Mr. King is the outgoing student body president and Mr. Bartz is the university's

financial vice president. The building will provide 52 apartment units and construction will begin in about 20 to 40 days, officials hope. The low bid for the project was \$767,500, entered by a Pocatello firm.

Photography Is Far More Than Hobby To These Police Officers

Fifteen law enforcement officers, 13 of them from Magic Valley, finished their second day of studying photography Tuesday.

All are working at a week-long school sponsored by the Magic Valley Zone Training Committee, a group of Magic Valley law enforcement officers. Twin Falls Police Chief Frank Barnett is chairman.

Tuesday was a long day for those attending the course. Officers started study at 8 a.m. at the Times-News auditorium. They worked through the day, stopping only for lunch and supper, then worked into the night.

The course is designed to inform key personnel of the uses of photography in the investigation of crime and the gathering of evidence.

Two officers from Boise are attending the school. The course is being taught by an FBI instructor from the Butte regional office.

The techniques of photography from the clicking of a shutter to the finished print. Officers are learning how to process negatives, make prints, enlarge work, how to crop negatives and prints, how to mix chemicals and how to operate certain types of cameras.

In addition, the officers are being taught how to organize their pictures. For instance, they are learning just how to

photograph a gun or knife on a floor, and how to photograph a room from several angles so that everything appears just as it is found.

Several situation scenes, or mock crimes, are prepared by officers and the students are required to photograph the scene, process the film, and come up with finished prints.

Highway Agency To Cut Services

SALT LAKE CITY (UPI) — The Utah Highway Department says it will reduce services for the rest of the year because of a long, hard winter.

Henry C. Helland, state director of highways, said Tuesday there were twice as many snowstorms than usual in the state this winter and the department spent \$50,000 over the budget for maintenance.

As a result, Helland said, fewer summer jobs will be available, more roads will be closed next winter and services to ski resorts will be reduced.

Helland said the 38th Legislature reduced next year's budget by \$700,000. The reduced budget for this year's over-expenditure was blamed for the cutback in services.

that must pass close inspection of the instructor. The course started Monday morning. Most of the classroom instruction is being held at the Times-News, but the classroom work is being done at the police laboratory in the Twin Falls Police Station.

Chief Barnett said the officers taking the course will return to their respective sheriff's offices or police departments and train other officers.

The course will last to 3 p.m. Friday, when, in the words of Chief Barnett, "We will let them go a little early."

The course, when it ends, will have offered officers 42 and a half hours of intensive study in the use of photographic equipment.

Chief Barnett said the officers will work into the night on Wednesday and Thursday.

Children To Pre-Enroll This Week

Children who will be 6 years old on or before Oct. 15, 1969, are asked to pre-enroll Thursday and Friday at the school nearest their home.

Children may enroll between 8:30 and 4:30 p.m. on those two days. The children may be enrolled by telephone or personal calls. The enrollment at this time of year is extremely important, school officials said, so that adequate rooms and teachers will be available in the fall.

There are more than 500 first graders in the five elementary schools at the present time.

Teenage Job-Seekers Boost U.S. Unemployment Tally

WASHINGTON (UPI) — An unexpected flood of teen-agers on the job market drove the nation's unemployment rate slightly higher in March, from 3.3 per cent to 3.4 per cent, the government reported Tuesday.

Neither that increase nor the jump in teen-aged joblessness by a full percentage point to 12.7 per cent of the labor force signaled any easing of inflation, said Harold Goldstein, assistant commissioner of the Bureau of Labor Statistics.

On the contrary, he reported, employment in the construction industry reached 3.1 million workers in March, the highest level for that month in three years.

Bridge Results

Twin Falls Duplicate Bridge Club met Monday evening at the American Legion Hall.

Winners were Dr. and Mrs. H. E. Burgess, first; Mrs. Lois H. Hack and Mrs. A. J. Lindner, second; and Mrs. E. H. Adkins and Mrs. A. P. Russell, third.

Next Monday night's game has been canceled because of the tournament.

"Employment in construction is still high," Goldstein said. "We've been watching to see if tightness of money will lead to a curtailment of construction activity, but we don't see it yet."

The bureau reported a brightening of the employment situation among nonwhites, whose average rate of joblessness fell to a 15-year low of 5.9 per cent during the first three months of 1969.

Also, with the first-quarter average for whites standing at 3 per cent, the gap between the jobless rates for whites and nonwhites was the narrowest in four years.

During March, the rate for whites rose two-tenths of 1 per cent to 3.1 per cent. The nonwhite jobless rate rose three-tenths of 1 per cent to 6 per cent last month.

The rate for mid-adults was virtually unchanged. The rise in teen-aged unemployment rose when 150,000 more youths than had been expected tried to find jobs last month. About 50,000 teen-agers were hired. The remaining 100,000 were responsible for the

boost in their category and in the over-all increase in joblessness.

The labor force thus rose last month to 80.4 million workers, while the number of unemployed rose to 2.7 million on a seasonally-adjusted basis.

The increase of one-tenth of 1 per cent in the over-all rate is not considered statistically significant, Goldstein said.

Boise Schedules Second Election On New Library

BOISE (UPI) — Boise property owners get a second chance to finance a new public library in a \$1.9 million bond issue election on May 27.

In 1967 a two-thirds majority vote was required for the new facility, but it received only 48 per cent approval from Boise property owners.

The 1969 election calls for an L-shaped structure at the site of the present building at Eighth and Washington.

Toy Firm Chief Schedules Party During Cruise

WARMINGSTER, Pa. (UPI) — The 50th birthday party of Mrs. Rosemary Callan promises to be one she will remember. So will her guests.

It starts next Sunday when 200 guests assemble with her at Pier 86 on the Hudson River in New York to start a seven-day Caribbean cruise. Mrs. Callan has hired the 70 member, prize-winning Greater Kensington String Band of Philadelphia Mummerys Parade fame to serenade them off.

The guests will include women, and their husbands, who have helped Mrs. Callan build a toy business she started with \$50 into a \$2 million enterprise.

Mrs. Callan's husband died last year. Mrs. Callan operates the C&B Toy Club, Inc., which sponsors toy parties in private homes in six states. The firm has a warehouse near Mrs. Callan's home here.

'Snoopy' Is Hired To Ferry Fliers Near Lunar Surface

CAPE KENNEDY (UPI)—The Apollo 10 astronauts are counting on "Snoopy" and "Charlie Brown" to carry them safely around the moon for 2 1/2 days next month in man's final step before landing on the moon in July.

Thomas P. Stafford, John W. Young and Eugene A. Cernan are scheduled to leave earth May 18 on an eight-day spaceflight designed to inspect the target site for Apollo 11 and pave the way for its landing.

"Since we're going to the moon to find out all these facts and kind of snooper around, the lunar module is going to be called 'Snoopy' and the command module 'Charlie Brown,'" said commander Stafford at a news conference Tuesday night. Its command module, mothership will be named after Snoopy's comic strip companion, "Charlie Brown."

Mine Foremen Face Charges Over Safety

INDIANA, Pa. (UPI)—Two coal mine foremen face court action on charges of violating state mine safety laws.

Martin Naymick of Barnes-Barrows, a coal-mining contractor, and James H. Barnes, both employed by the Barnes and Tucker Coal Co., were ordered held following a hearing Tuesday.

State officials see the case as a test, designed to show the inadequacy of federal mine safety laws.

Naymick and Becker are accused of allowing miners to work under unsafe conditions. Justice of the Peace A. M. Cox, who conducted the hearing, said the state "had produced a prima facie case."

No date was set for trial.

Robert Nelson, a federal mine inspector, Frank Zalmsnick, a state mine inspector, and John Wine, a Barnes and Tucker employee, were the only witnesses.

A federal inspector closed the Barnes-Barrows mine at Barnes and Tucker mine at Barnesboro last month when he found "imminent danger" of an explosion. Testimony Tuesday's hearing disclosed the danger was caused by inadequate rock dusting and an accumulation of loose coal and coal dust. They have since been removed.

State officials said Pennsylvania law would have required an inspector posted there and the dangers were removed.

About 500 men are employed at the mine.

Judge Mulls Decision In Conduct Trial

CHICAGO (UPI)—Both the prosecution and the defense rested their cases Tuesday in the 26-day-old trial of 12 persons, five of them delegates and alternate delegates to the Democratic National Convention, arrested on charges of disorderly conduct in a March 1968 disorderly conduct trial.

Magistrate Arthur L. Dunne said he would render his decision in the bench trial Monday and recessed court until that time.

Those arrested include Murray Kempton, New York Post columnist, and Patricia Saltonstall, a former Massachusetts Sen. Leverett Saltonstall. The trial is the longest in the city's history involving disorderly conduct charges.

If found guilty, the defendants face a possible fine of \$5 to \$50.

The defendants were part of a crowd of 3,000 taking part in a march Aug. 28 toward the International Amphitheatre on the city's South Side, site of the convention, which was stopped at Michigan Avenue and 18th Street by National Guardsmen and city police.

SCS Warns Of Flood Threat Throughout Western States

WASHINGTON (UPI)—The Soil Conservation Service (SCS) cautioned today melting snow could cause floods in some areas in western states.

The SCS said the potential for two to four times the normal spring streamflow remains in southern Utah, California, Nevada, and danger of flooding will depend on spring temperatures and precipitation.

The SCS said it was working closely with other agencies to check on existing water-laws and to prepare for possible assistance to landowners in case of flood emergencies.

A state-by-state outlook as of April 1:

- Idaho — Low snowfall and cool temperatures allowed gradual melting in late March without "heavy streamflow. But high runoff is expected later from mountain snowpacks. High-water problems are expected on the Big and Little Wood, Big and Little Lost, the Payette and Webber Rivers, near Dubois on Camas and Beaver Creeks and on low elevation water sheds in other Southern Idaho areas.
- Montana — Good to excellent water supply outlook statewide. Recent snowpack on the Red Rock River should produce near double the normal flow.
- Utah — Some flooding already reported in Southern Utah from flow - elevating snowmelt. Forecast in Southern Utah is now up to 235 to 350 per cent of normal. Forecast for Northern Utah has eased somewhat and now is less than 120 per cent of normal. The soil is saturated.

Says — It's weed growing time again. Call us for soil sterilization. Lawns, trees, and all types of SPRAYING.

Fishin' Follows Paintin' Spring 'Busts Out' All Over

By FREDERICK M. WINSHIP United-Press International

The yellow roses are in bloom in San Antonio; residents of Spring Valley, Ill. (population 5,500) are in the midst of a citywide cleanup campaign; a lady in Lexington, Mass., saw a crazy finch.

Tens of millions of other Americans enjoyed spring in their own way today. United-Press International, stirred by the bright skies and balmy temperatures, contacted a number of them to talk about it.

"I'm going out to Beaver Lake to fish for bass now that I've painted all the woodwork around-homes," said Eric Morin, a post office official in Springdale, Ark., which claims to be the chicken capital of the world.

In Springhill, La., "the home of the world's largest paper mill," Banker H. Ray Lewis helped his 13-year-old son plant his first vegetable garden along the backyard fence after a busy day making loans to homeowners on a "fix up, paint up bing."

Spring, three weeks young in the South, spread to the northern limits of the nation bringing new life after a winter of near-record adversity. Good weather was the rule in most places.

In Kirby, Mont., 300 new calves were added to a herd of 1,300 cattle on the Lazy T Ranch.

"And we've got more on the way," said ranch owner Walter J. Taylor. "It means nothing but work until next fall, then maybe I'll take a vacation."

While the hills were barely green in Montana—San Antonio was lushly emerald enhanced by blooming bridal wreath, laurel, redbud, yellow roses, peach, cottonwood and mesquite, Mrs. Peter Hobson, an artist, was outdoors at her easel.

"I always feel more like painting when spring comes," said Diana Hobson. "I get a lot more work done when the weather is lovely."

Near the monument of the Minute Man beside "The rude bridge that arched the flood" the crocuses were in bloom just 11 days before the anniversary of the Battle of Lexington, Mass. Mrs. Olivia Vulleumier of Lexington prepared to rake her lawn for the first time with gratitudo in her heart.

"We're all very grateful here for spring after that long winter of snow-four feet! It has been never deeper in my lifetime. The jonquils are almost out and today I saw a rosy finch. That's very unusual. We generally just have purple finches."

And in New York, you could tell it was spring. The Mets lost their eighth consecutive home opener.

"Their conquerors this time were the Montreal Expos, brash interlopers from the North, seeking their first major league victory."

To be fair, the Mets made it close, scoring four runs in the ninth inning to close the margin to 11-10. But no true Met fan expected a victory.

At the end-of-the-game, 45,000 winter weary fans breathed a grateful sigh of relief and filed out of Shea Stadium joyfully looking for other harbingers of spring-like crocuses and rosebuds and robins on the wing.

Bullet Fails To Halt Dog In Attack

NEWARK, N.J. (UPI)—A bullet in the snout failed to stop a young police dog Tuesday from routing three intruders assaulting her invalid mistress.

Dolly, a two-year-old German shepherd leaped to the attack when one of three masked men began beating Mrs. Della James, 68, who suffers from heart disease.

Mrs. James said three men with handcuffs over their faces barged into her three-room apartment after she opened the door. One of the men told her it was a stickup and not to make any noise.

She started screaming, Mrs. James said, and the man began to beat her.

"Dolly jumped off the bed and jumped right at them," Mrs. James said.

Even after one man shot the dog in the nose, the animal, bleeding profusely, continued to charge the men, biting at their legs, Mrs. James said.

"After the men fled Dolly returned to her sleeping quarters under the woman's bed," Mrs. James, who suffered injuries about the head, refused medical attention for herself or her dog.

"My baby took care of me," she told police, "and I'm going to take care of her."

Auto Workers Seek To End Illegal Strike

DETROIT (UPI)—The international leadership of the United Auto Workers called a meeting of members of a dissident faction on Tuesday who have refused orders to return to work, despite the local's takeover by the UAW's ruling body.

The six-day wildcat strike at Chrysler Corporation's stamping plant in a suburb in Sterling Heights already has filed 28,000 workers in the Detroit area and Ohio.

Chrysler said half of its 110,000 hourly rated employees in the UAW's Chrysler department told a news conference that "confusion exists over the fact that everyone has been ordered to report back to work."

He said the meeting had been called to explain why it was necessary for the 3,500 members of Local 1264 to return to their jobs.

'BARGE PACT SIGNED'

LOS ANGELES (UPI)—Fluor Corp. has awarded a contract to Todd Shipyard Corp. to build a 275-foot pipe-laying barge at its Houston yards. The amount of the contract was not disclosed but the vessel will cost \$4.8 million fully equipped.

Like Names Mamie Chief Beneficiary

GETTYSBURG, Pa. (UPI)—Former President Dwight D. Eisenhower named his widow, Mamie, the principal beneficiary in his will.

The will filed for probate here Tuesday bequeathed the family's principal property to Mrs. Eisenhower after assigning specific gifts to longtime associates and employees.

All the former President's official decorations, flags, memorabilia and papers were left to the Eisenhower Center in his boyhood hometown of Abilene, Kan. The remainder of the estate was left in trust for the primary benefit of Mrs. Eisenhower.

Brig. Gen. Robert L. Schulz, a longtime Eisenhower aide, said it would be some time before the value of the estate can be determined. The will was filed for probate in the Adams County register of wills office by attorneys G. A. Horkan Jr. of Washington and Charles H. Wolf of Gettysburg.

The executors named in the will were Eisenhower's son, John S. Eisenhower, ambassador-designate to Belgium; Clifford Roberts and Barry T. Leithner, both of New York; and the Mercantile Safe Deposit Trust Co. of Baltimore.

Negro Activist Is Imprisoned

CHICAGO (UPI) — Negro rights activist Dick Gregory entered the Cook County Jail for a five-month term Tuesday. He said he would fast totally while in jail.

Gregory was convicted on a 1968 charge of kicking and biting a policeman during a civil rights march protesting de facto school segregation.

Half-Blind Cripple Saw Pacific War 30 Years Early

NEW YORK (UPI)—Before Homer Lea died in 1912, he asked his wife to send his ashes back to China, where he had acted as military adviser to Dr. Sun Yat Sen, father of the Chinese Republic. Lea was a hunchback from birth, was half paralyzed and half blind at his death. But he predicted Japanese attack on the Philippines and Hawaii 30 years before Pearl Harbor.

Lea's ashes and those of his widow, Ethel Bryant Powers, are being flown to Taipei from New York at the invitation of the Republic of China, whose head of state is Generalissimo Chiang Kai-shek. Innumeration there, set for April 20, is termed temporary, until permanent arrangements can be made at Dr. Sun Yat Sen's memorial tomb in Nanking.

Mrs. Lea died in 1944 in New York. Since then, remains of the couple have been found in a repository here, Joshua B. Powers, son of Mrs. Lea, will take them to Taiwan.

Homer Lea's gloomy predictions about American vulnerability to Japanese surprise attack were made in a book published in 1909 called "The Valor of Ignorance." In it he exhorted his countrymen to prepare for what he thought was Japan's inevitable drive to control the Pacific.

The book stirred pacifist criticism and not much preparation. But the Japanese, in their 1930s, copied the book and required reading for every officer in Nippon's armed forces.

Another later book, "The Day of the Saxons," told the British that their vast sea power and strong economy would not protect them from the rising aerial menace of Germany. Churchill read that book when it came out in 1912 and many years later—two wars later—he said:

"It said that we should be fighting again in the fields of Flanders. I did not believe it, but I have fought there twice since."

Strange, brilliant, five-foot Homer Lea was born in Denver Nov. 17, 1876, and not quite 30 years old when he died Nov. 1, 1912, in his beach cottage at Santa Monica, Calif.

LEGAL ADVERTISEMENTS

PUBLIC SALE
Department of the Interior, Bureau of Land Management, Boise Idaho, March 21, 1969. Under provisions of Act of March 3, 1879, C.R. 224, there will be offered to the highest bidder, but not less than the appraised value, at a public sale to be held at 1:30 o'clock P.M., on Wednesday, the 26th day of April, 1969, at the Land Office, following the usual Idaho laws, the following tracts of land:

Land Description: T. 10 S. R. 19 E. Boise Meridian, Idaho, sec. 22, NW1/4SW1/4, Acres: 40. Appraised Value: \$1,020.00. Estimated Cost of Publication: \$54.00.

No bid will be accepted for less than the appraised value. The above estimated publication cost must be added to the bid as a separate amount. If the bidder is the purchaser of the land, he will be required to pay such cost less any amount previously deposited toward publication costs.

Land will be sold subject to the reservation of all oil and gas deposits to the United States under the Act of July 17, 1902.

The Bureau of Land Management has not searched the county records to ascertain the existence of any adverse claims to the land. If the lands are not sold on the above date, the sale will be adjourned until the next Wednesday at the same hour and continued on each succeeding Wednesday, until the lands are sold or until the sale is terminated. Bids sent by mail will be considered only if received in the Land Office, Boise, Idaho, prior to 1:30 o'clock P.M., on May 22, 1969. Late filed and unopened sealed bids not received for consideration at succeeding adjourned sales will be returned to the bidder. The highest bidder at the sale will be required to pay immediately the amount thereof, together with the cost of publication. Any adverse claimant of the above-described land should file their claims, or objections, with the undersigned on or before the time designated for the sale. Any claimant owning a preferred lien against the land must file the same with the undersigned within 30 days commencing on the day before the date of the sale and the announcement of the highest bid received. However, claimant's name will not be able to assert their preference rights in any parcel for which bid is not received. For reimbursement to owners of authorized improvements on the lands and other lands described in this notice shall be segregated from all forms of mortgages, liens, claims, or other interests in the lands from the date of first publication of this notice. For further information write: Room 204 Federal Building, Boise, Idaho 83725.

'Usable' Artificial Heart Anticipated Within Decade

SALT LAKE CITY (UPI)—A salt lake city doctor says he has developed a device for standard use "by this summer."

Dr. Willem Koff, the inventor of the first artificial kidney, said here Monday patients with artificial hearts could lead "a fairly useful and normal life."

Congratulating the Houston transplant team headed by Dr. Denton A. Cooley, Koff forecast great technical improvements within a decade for the device and its applicability to 20,000 Americans yearly.

The artificial heart, he said, would pass from the portable console stage through a period where a radio-like receiver is placed in the chest to a final implanted power supply.

The artificial heart, he said, would be ready to use in a much better situation than any patient in a wheelchair. He could "move about, even exercise, and more importantly, look forward to great technical improvements within the next 10 years. He could lead a totally useful and normal life."

Koff promised a better and more inexpensive heart available for standard use "by this summer."

Although "Valor" was no best seller at home, it stirred some important people in Europe. Robert invited Lea to England to talk about preparedness. Kaiser Wilhelm II of Germany sent Lea a medal of honor in 1910. Then he collected material for another book, "The Day of the Saxons," which warned of the English threat of German land power. "Saxons" was published in 1912, and some of its arguments turned up in Hitler's "Mein Kampf" 15 years later.

In 1911, the Leas joined Dr. Sun Yat Sen at Marseilles and sailed for Shanghai. An uprising inspired by Dr. Sun Yat Sen began in southern China on October 10th of that year, and he was elected provisional president of the Republic of China.

After some months, a stroke half-paralyzed Lea, and his sight was going. He and his wife returned to California, where he wanted to die and did die on Nov. 1, 1912. But he asked Mrs. Lea to see that his ashes were sent to China.

So on April 20, 1969, the ashes of Homer Lea will be deposited in a Taiwan shrine, awaiting a time when they can be re-interred at Sun Yat Sen's tomb in Nanking.

However, Chiang Kai-shek, the provisional president of the Republic of China after two months, as a step toward revolutionary unity, the rule of the Manchus, which began in 1044, formally ended early in 1912. Sun Yat Sen never became president of the united republic he fought for, but his teachings and willings made him its most venerated figure after his death in 1928.

Health Council Plans Meeting

Nixon Seeks Efficiency

U.S. Agencies Face Revamp

By MERRIMAN SMITH
UPI White House Reporter

WASHINGTON (UPI) — Backstairs at the White House: President Nixon has established a special advisory commission on executive organization to undertake a "thorough review" of the federal set-up and, of course, make recommendations for improving matters.

"Without question, the executive branch is seriously outmoded and cluttered with inefficient overlapping and duplication of functions. President after President has sought to do something about it while carefully avoiding one of the big sources of trouble.

That source is simple: Each new President feels compelled to leave his own mark on organization of the government. Sincerely motivated, these changes every four or eight years contribute to the hodge-podge without ever submitting the federal structure to a thorough overhaul which it needs so badly.

Organization of the White House itself changes with each President. Titles, functions and areas of authority shift with a new chief executive. While this is entirely within his legal rights, it does make for a period of confusion in government departments and agencies as career personnel adjust to new arrangements.

For at least 30 years, the title of "secretary" at the White House meant a high-level, policy official; truly one of the

Adult Tests Dropped By District 411

Doyt Simcoe, chief examiner for the General Educational Development tests for Twin Falls School District No. 411, announced Tuesday that the district no longer will offer the program.

He said that the adult testing and training will now be offered in Twin Falls exclusively through the College of Southern Idaho.

Mr. Simcoe emphasized, however, that adults who already have begun the program with the school district may finish with the school district if they do so by May 1.

Twin Falls Schools began the program about 25 years ago, to allow adults who had dropped out of school the opportunity to pass requirements for a high school diploma. CSI has also been offering adult courses, and is taking over the complete program to eliminate a duplication of effort.

Adults wishing to take the GED test and enroll in adult courses should contact Jerry Meyerhoeffer at CSI.

State Airport Needs To Be Aired At T.F.

Airport facility needs facing state legislators prior to the all major Idaho Cities will be next legislative session.

Discussed in Twin Falls April 22 Local commissioners said in a meeting in the Twin Falls County Judicial Building, the airport group that some type of funding methods can be presented in the next session of the Idaho Legislature.

Discussion is expected to center on the cost of meeting air transportation needs in Idaho population centers and means of meeting these costs without increasing property taxes. Delegates from these same areas met last week in Boise to discuss statewide efforts for improved airport facilities in view of expanding jet service.

Mr. Loughmiller said the April 22 meeting probably will be a day-long session and it is hoped some proposals can be outlined that will gain general approval. If so, plans will be made for Meadow Calendar, by Clays Meyerhoeffer at CSI.

CONFERRING WITH SEN. Frank Church in Washington, D. C., recently was Don Peterson, left, former Buhl resident. Mr. Peterson was in the capital to attend a meeting of the Cerebral Palsy Foundation and conferred with officials of

the Department of Health, Education and Welfare concerning rehabilitation programs for handicapped adults. He is the son of Mr. and Mrs. Vernal Peterson, Buhl.

Former Buhl Man Confers With Officials In Capital

BUHL—Don Peterson, former Buhl resident, son of Mr. and Mrs. Vernal Peterson, Buhl, returned recently from a trip to Washington, D. C., where he conferred with members of the U. S. Department of Health, Education and Welfare concerning rehabilitation programs for handicapped adults.

Mr. Peterson was graduated from Buhl High School in 1956 and attended Boise Junior College for two years and Twin Falls Business College for one year. He is currently employed as a tax examiner with the Department of Internal Revenue in Ogden, Utah.

Mr. Peterson, himself a victim of cerebral palsy caused by a birth injury, serves as president of the Weber County Cerebral Palsy foundation and works at the Sheltered Workshop for Handicapped Adults in Ogden. He has spent nearly all his life confined to a wheelchair.

While in Washington he met and talked with President Richard Nixon, Sen. Frank Church and Sen. Len Jordan.

Texas Legislator To Tie Knot With 'Miss America'

AUSTIN, Tex. (UPI)—Texas House Speaker Gus F. Mutcher, 36, will marry former Miss America Donna Axum early this summer in Austin, Mutcher's staff announced.

Miss Axum is presently on the speech faculty of Texas Technological College in Lubbock, and will complete the teaching year there.

A 1965 graduate of the University of Arkansas, she was named Miss America in 1964 and was chosen as Arkansas' Woman of the Year in 1963.

Jesuit Chief Expels Pair Of Priests

ROME (UPI)—The head of the Jesuit order confirmed reports Tuesday he has dismissed two Dutch rebel priests. He appealed to all Jesuits in Holland for understanding of his action.

The Rev. Pedro Arrupe, Spanish head of the order, made public a letter he wrote to the Dutch Jesuits concerning his dismissal of the Revs. Jubb Oosterhuis and Ton Van Der Stoep.

Oosterhuis is one of Holland's best-known priests and poets. He is one of the principal authors of a revolution in Dutch liturgy that has been widely adopted in Dutch Catholic churches.

Arrupe did not spell out his reason for dismissing the priests, but said it resulted from an address given in Amsterdam, Jan. 20 by Oosterhuis. The young priest called in that address for an end to the celibacy law in the church.

Arrupe indicated he was aware the dismissals could have serious repercussions in the Dutch Jesuit order.

He said the action was "truly painful for me. I see clearly too, that it may cause difficult-

Lemhi County Asks Army Help In Flood Control

SALMON (UPI)—The Lemhi County Commission and City of Salmon have requested Army Corps of Engineers' assistance to install 800 feet of dike along the Salmon River near here to prevent a potential flood threat.

Commission Chairman Charles Kane Sr. said a \$5,000 project was requested at a point two miles upriver from Salmon.

The weak spot is where an old channel of the river exists, Kane said, adding if high water got into the channel it could flood into Salmon through a business and residential district adjacent to the east bank of the Salmon River.

Derby Held

MALTA—Approximately 30 boys participated in the Cub Scout Pinewood derby held at the Rafe River High School with Cubmaster David O. Hutchison in charge.

Jerry Lynn Udy, Ann Harper, Peter Pozernick, Kyle Towles, Michael Briggs, Tom Hutchison, Rodney Asher and Robert Simplot were winners.

ARCHBISHOP DIES

MUNICH, Germany (UPI)—Msgr. Joseph Schubert, secret archbishop of Bucharest, died of cancer Friday at the age of 79, it was announced Tuesday.

Controversial Official Earns Praise

By NOEL GROVE
SARAWAK (NEA)—He looked out of place in the State Department's draped reception room, even with a cocktail in his hand and a small crowd of admirers circling nearby.

The sultan was etched too deeply to have been picked up on the ski slopes at Stowe, and the restless something in the eyes went beyond that of a cocktail canine on the prowl for government secretaries.

"I can't wait to get back," said John Paul Vann, a foreign service officer in Vietnam with the Agency for International Development. But he also glanced appreciatively at a miniskirt as it floated by.

He didn't have long to wait. Five hours later a plane lifted him away from Washington, cocktail parties and miniskirts and back to black pajamas, rice paddies and constant danger.

It was a brief trip to Washington, just long enough to receive a \$1,000 tax-free award from the State Department for doing what he does best—being a thorn in the side of U.S. policy-makers in Vietnam.

"That should be a comfort to those who are convinced that government policy in the field is carried out by yes men. The 44-year-old Vann admits, however, that his case is an exception.

"Face it," he said, "disagreeing with your superiors is not the surest way to get a promotion."

Vann, however, has a fat job with industry awaiting him if the State Department ever has second thoughts about the kind of "devil's advocate" the public would like its civil servants to be, but which they rarely are. But it doesn't account for his defiance before the industry offer. For all the seven years he spent in Vietnam—part of that in the military—he has rarely tried government patience by shooting holes in policy balloons.

When U.S. involvement was still advisory and officialdom claimed Asian boys could handle the problem, Vann, then a lieutenant colonel, insisted the situation was grim and the outlook dark. When he returned to the Pentagon after serving his tour of duty he tried to tell the same story there, but he felt his views were being restricted. He retired from the military after nearly 20 years

of service so he could speak out publicly about Vietnam.

As director now of some 2,200 members of Civil Operations and Revolutionary Development Support teams in Vietnam, Vann is constantly on the move, sleeping in village hamlets, gathering information on local situations from his own vast network of native informants. His long experience offers him a knowledge of the country few can match. Some of the mistakes made by our side appeal to him.

"New men come in here and do things like tear down a flag they think is Viet Cong," he said, "when actually it's a Buddhist flag. Or they'll arrest men they think are the enemy and they turn out to be members of the Popular Forces—our side."

Early in 1968 he caused tempers to boil with his repeated insistence that the enemy most others claimed was being beaten in fact planned a widespread attack of his own.

An enraged U.S. official started the machinery to have Vann thrown out of Vietnam for his claims. Something happened that stopped him. They called it the Tet offensive.

His assessments to his superiors have earned an reverence. Even before Tet a top administration official called him into the White House for consultation on one of his periodic returns to the States, and said, "Wouldn't you agree the war as it is being fought on a unit basis will be over by next July?"

"I suppose so," Vann told him. "I think we can hold out till then."

He was long ago an advocate, twice and blown up once," he noted. The Viet Cong put a handsome price on his head.

He doesn't think it's there any more. "The completion of the war has changed so. The majority of the fighting is now being done by North Vietnam, and the Viet Cong organization and command, and one which he readily admits takes shameful advantage of the United States situation.

"I haven't heard of a price being on my head for quite a while now."

By either the Viet Cong or constant danger. "I've been shot the U.S. government."

"We don't know why we didn't change to electric heat long ago."

MR. AND MRS. NOBLE DAVIS, MERIDIAN

"We don't know when we've gone through a hard winter and enjoyed the heat so much," say Mr. and Mrs. Noble Davis of Meridian. "The house was always nice and warm, always the same, not hot and cold. The heat is clean so we don't have to paint every year or two as we used to. The extra insulation makes it so quiet we can't hear the wind when it's blowing. And it's the cheapest heat we ever had. We don't know why we didn't change to electric heat a long time ago."

Kentucky Rallies In Last Quarter To Drop Indiana In ABA Playoff Opener

INDIANAPOLIS, Ind. (UPI)—Kentucky spurred in the fourth quarter Tuesday night to score a 28-118 victory over host Indiana in the opener of their best-of-seven American Basketball Association playoff.

The Colonels pulled away in the final stanza after overcoming a Pacers halftime edge of 57-52.

The Colonels won the game at the free throw line, canning 40 of 47 efforts, while Indiana hit just 18 of 30. The Pacers were called for 37 fouls while the Colonels were whistled 31 times.

Kentucky hit 21 of 22 free throws in the last period. Indiana outscored Kentucky from the field, 49-40.

The Pacers held a 100-96 edge early in the final stanza, but Kentucky came back and took the lead for good at 105-104 on a pair of free tosses by Jim Lusk.

Kentucky scored six straight points in a minute's span to lead 109-104 and Indiana couldn't recover as Bob Nelsky and Roger Brown fouled out.

Brown left the game with 38 points, high for the Pacers. Freddie Lewis added 27 and Daniel, the league's "most valuable player," got 18.

Daniel Carrier of Kentucky led all scorers with 40 points. He bagged five three-point fielders, Louie Dampier and Gene Moore each hit 19.

Pirates Nip Cards 6-2 In 14th Inning

ST. LOUIS (UPI)—Pinch hitter Manny Sanguillen and Matty Alou hit back-to-back two-run singles in the 14th inning with two out Tuesday night to pace the Pittsburgh Pirates to a 6-2 opening night victory over the St. Louis Cardinals.

Bob Gibson went the first nine innings for the Cards and allowed two runs but the loss was charged to Mel Nelson, the third of four Cardinal pitchers, who started the 14th inning.

Nelson retired the first two batters but Bill Mazeroski and Jerry May singled and Fred Patek—then beat-out an infield hit to load the bases.

Sanguillen batted for winning pitcher Bruce Dal Canton and slugged the winning two-run single.

Alou then followed with his two-run single that knocked Nelson out of the game. Ron Willis came on and got the third out.

Pittsburgh 6 St. Louis 2 (14 innings)
Black: Kline (9), Dal Canton (3), Harenstein (4) and May; Gibson, Hoerner (10), Nelson (4), Witt (4) and McCarter; WP—Dal Canton (1-0), L.P.—Nelson (4), IH—George (4).

Boston Tops Orioles By 5-4 Margin

BALTIMORE (UPI)—Pinch hitter Dalton Jones' sacrifice batted scored Tony Conigliaro with the winning run Tuesday and gave the Boston Red Sox a 5-4 victory over the Baltimore Orioles before an opening day crowd of 36,100.

Conigliaro put the Red Sox ahead 4-2 with a two-run homer in the 10th inning after Ken Harrelson reached base on an error. But Frank Robinson tied the game with a two-out, two-run homer in the Orioles' half of the inning.

Conigliaro led off the 12th inning with a walk, took second on George Scott's single and Rico Petrocelli walked to load the bases. After Russ Gibson filled out, Jones scored Conigliaro with a deep fly to right field.

Mark Belanger homered for the Orioles leading off the ninth inning during which Boston starter Jim Lonborg left the game with a stiffness in his right shoulder. He was relieved by Lee Stange.

Baltimore tied the game at 2-2 in the eighth inning on singles by Belanger and Elie Hendricks and Don Buford's sacrifice fly.

Boise Cagers Set Ambitious Slate

BOISE (UPI)—The Boise State college basketball schedule for 1968-69 is "the most ambitious basketball schedule in Boron history," head coach Murray Satterfield said today.

For the second year in four-year competition the schedule highlights five Big Sky Conference schools, nine games against major colleges and road games against such teams as New Mexico State and Hardin Simmons.

Eight new opponents appear on the BSC schedule, including Chico State of California, College of Great Falls from Montana, Eastern Montana College, Montana State, New Mexico State and Pacific University of Oregon.

RETIREES

KANSAS CITY, Mo. (UPI)—

Curt Merz, an offensive guard for the Kansas City Chiefs American Football League team since 1952, announced his retirement Tuesday.

McKinney Is Hired As N.C. Coach

GREENSBORO, N.C. (UPI)—Colorful "Horace" Bones" McKinney, the Baptist minister who delighted North Carolina basketball fans for years as head coach of Wake Forest University, returned to basketball Tuesday when he was named coach of the new Carolina Cougars of the American Basketball Association.

"I am happier than you'll ever know," the 50-year-old McKinney told reporters. He left coaching in 1965 when he resigned from Wake Forest after his teams posted a 122-94 record in eight seasons.

Jim Gardner, president of the Southern Sports Corp., said "AS an indication of our high regard for Bones McKinney, we have signed a contract with him in excess of \$100,000 over a multiple period of years."

Gardner's organization bought the ABA's Houston franchise earlier this year and moved it to North Carolina as the Carolina Cougars. The team will play home games in three cities—Greensboro, Charlotte and Raleigh.

McKinney had been doing some broadcast announcing for college basketball games and served as director of rehabilitation for the state corrections department before accepting his new job.

sure we're going to produce basketball that is exciting and a team that is good," said McKinney, who during his days at Wake Forest threw towels at spectators and exasperated officials.

Holt Speaks At Twin Falls Sports Fete

Millon "Dubby" Holt, athletic director at Idaho State University, praised the virtues of team and individual sports as the main speaker of the Twin Falls High School winter sports banquet Tuesday night.

Tom Jewell, ISU wrestling coach, also spoke.

The banquet honored the jayvee and varsity teams of basketball and wrestling. Coaches Charles Farmer and assistants Herbert Kirkland and Ron Watson presented the baseball away to the team that was 15-10 overall and beaten by a point in the consolation finals at state.

Head Coach Steve Burrato and assistant Al Busby presented the awards to the wrestlers. State champions Dick Little and Vic Stone received special awards, and a movie film of their state final matches.

Football Coach Norm Thomas served as master of ceremonies.

Hole-In-One

The old saying "practice makes perfect" proved true in the case of Valley high school golfer Jeff Gooding Tuesday afternoon when he recorded his first hole-in-one while working out at the Twin Falls Municipal Golf Course.

Gooding, who is 18, used an eight iron on the 109-yard second hole. Witnessing his ace were brother Jim Gooding, Glen Crumrine, and John Hohnhorst.

Oaks Go Game Ahead In Playoffs

DENVER (UPI)—A rookie guard from Wichita State, 6-2 Warren Armstrong, dumped in 42 points here Tuesday night to help the Oakland Oaks in a decisive win over the Denver Rockets 121-99.

The win gave the Oaks the lead in the opening round of the Western Division playoffs of the American Basketball Association. The Oaks, win was the second in three games played in the series between Oakland and Denver. A fourth game is on tap for Thursday in Denver.

The Rockets fell behind in the second quarter, grabbing only 18 points to the Oaks' 35, finishing at intermission 71-49. The Oaks were on top with 52-22 left in the second period but with the score at 51-44, the Oaks dropped in 12 straight points and the Rockets never could make a comeback.

Oakland shot 45.6 per cent from the field, connecting on 47 of 103 attempts, while the beleaguered Rockets hit 40.5 per cent on 34 of their 84 tries.

McLain Fires 2-Hitter In 6-2 Victory

DETROIT (UPI)—Al Kaline lined a two-run homer, his 35th, into the left-center field seats Tuesday and 31-game winner Denny McLain pitched a three-hitter as the Detroit Tigers opened defense of their World Championship with a 6-2 victory over the Cleveland Indians.

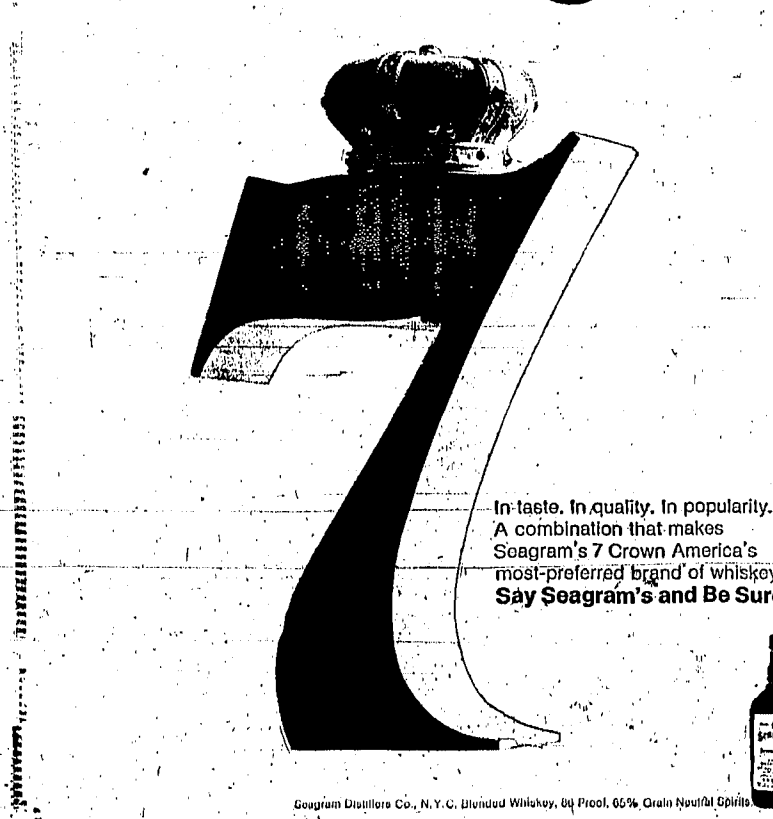

McLain, who last season was the first 30-game winner in 34 years, survived a first-inning home run by Larry Brown and another run by the Indians in the second, giving up only one hit and facing a minimum number of batters over the last seven innings.

Nagm Cash brought a rousing cheer from the opening day record crowd of 53,572 by tying the score in the third inning with a two-run double to left off loser Luis Tiant, who was 21-8 a year ago. Dick McAuliffe walked and Mickey Stanley doubled before Cash's hit.

The 34-year-old Kaline followed a two-inning later by rifling his first hit of the season 380-feet on a near line into the seats.

Goalby Disenchanted With Golfing, May Quit After Defending Masters Crown

AUGUSTA, Ga. (UPI)—Defending champion Bob Goalby said Tuesday he is so disenchanted with his golf game he may quit after this week's Masters.

"I seem to have lost my desire," Goalby said. "I'm really being bugged me, but it seems I hate to go up to that first tee."

"I'm going to take off after the Masters and not play again until I feel like it," Goalby said. "The Masters is a matter of a dozen years of pro golf said he didn't know if the circumstances of his Masters victory last year had anything to do with his declining interest."

Goalby, shooting a final-round 6-under-par 65, wound up with an 11-under-par 277 last year that turned out to be good for a one stroke victory over Roberto de Vicenzo of Argentina on a scoring error on De Vicenzo's card aborted a playoff; Goalby said there is no doubt mine was not a popular victory. My own club sponsor decided not to publicize my victory because it was considered too controversial.

"But, whatever the reason I'm not playing as well as I used to; I haven't played well in months," Goalby said.

From the attention paid Tuesday to the defending champion and the runner-up you'd have thought the man from south of the border won't be.

"It's been very exciting here this year," De Vicenzo said in his broken English, which he is playing here about 10 times and never before did I get so much attention.

"Now everyone talks to me everyone tells me they hope that I win. I feel like I'm in the fire. I like it better this way," De Vicenzo said.

Goalby last year at 277. But at the next to last hole, playing partner Tommy Aaron drove down a par 4 for De Vicenzo.

Kansas City Rallies Past Minnesota

KANSAS CITY (UPI)—Pinch-hitter Joe Judge's bases-loaded single in the 12th inning scored Joe Foy Tuesday to give the Kansas City Royals a 4-3 victory over the Minnesota Twins in the city's re-entry into the American League after a year's absence.

"Right reliever Dick Woodson's first pitch for a line drive over right fielder Tony Oliva's head. The loss went to Joe Grzenda, who took over in the bottom of the 12th and loaded the bases with one out on a single by Foy and intentional walks to Chuck Harrison and Bob Oliver."

The intentional walk to Harrison followed a passed ball and the walk to Oliver came after Grzenda wild-pitched the runner to second and third. Grzenda had replaced Rod Perranoski, who had held the Royals scoreless on one hit in 1-3 innings.

An error by third baseman Harmon Killebrew opened the door to a two-run Kansas City 3-1 lead in the top of the 11th.

Expos Edge New York By 11-10

NEW YORK (UPI)—Home runs by Jose Laboy, Rusty Staub and reliever Dan McGinnis helped the Montreal Expos made their major-league debut a rousing success with an 11-10 victory over the New York Mets, who suffered their eighth straight opening day defeat.

The homers by Laboy and Staub in the eighth inning gave the Expos the triumph in major league baseball's first inter-league contest despite Duffy Dyer's three-run homer in the ninth. But it was veteran Maury Wills' third hit of the game, a two-run, two-out, two-strike, ninth-inning single that put Montreal ahead for good at 7-6.

The 36-year-old Wills, taken in the expansion draft from the Pittsburgh Pirates, connected with reliever Cal Koonce, who got himself in trouble by walking opposing pitcher Don Shaw and Ty Cline with two out.

Safari Results Made Official

NAIROBI (UPI)—Robin Hillier and co-driver Jack Airey said the judges that they drove a production model Ford Taunus in the East African Safari and were named the winners officially on Tuesday.

Officials had said for good that the valves used in the winning car were standard parts, and the Cologne factory assured them that the parts were standard.

Datsun won the manufacturers title with 1,312 points. It was the only make with more than three survivors in the five-day, 3,168-mile rally.

Pilots Win First Outing, Drop Angels

ANAHEIM, Calif. (UPI)—Mike Hegans—a two-run homer—keyed a four-run rally in the first inning Tuesday night to carry the expansion Seattle Pilots to a 4-3 victory over the California Angels in their debut as an American League team.

The honor of getting the first Seattle major league hit went to leadoff batter Tommy Harper, who doubled. Hegans had hit only one other homer in the majors, with the New York Yankees, but he sent a dribble that cleared the right-center field fence.

Angel starter Jim McGlithlin gave up two more runs before leaving the game with only one out. The Pilots loaded the bases on a single by Tommy Davis, a hit batsman and a walk. Catcher Gerry McNetrney's single drove in Davis and Don Mincher.

Pinch Homer Sinks Phils For Chicago

CHICAGO (UPI)—Pinch-hitter Willie Smith smashed Barry Lersch's second pitch into the right field stands with Randy Hundley on base and one out in the 11th, lifting Tuesday to give the Chicago Cubs a 7-6 triumph over the Philadelphia Phillies before their largest opening day crowd in modern times—20,706.

Smith's drive wiped out a pair of home runs and a run-scoring double by Philly rookie Don Money who had five runs batted in and who doubled in the 11th to put the Phils ahead.

It also overshadowed a pair of homers by Ernie Banks, who drove in the Cubs' five previous runs with the two blows. Banks' homers raised his career total to 476 and moved him past Stan Musial into 10th place on the all-time list.

Padres Drop Houston 2-1 In Debut

SAN DIEGO, Calif. (UPI)—The San Diego Padres, Tuesday night made their National League debut at a successful one by nipping the Houston Astros 2-1 before 23,370 fans on Dick Selma's strong right arm of Dick Selma.

The expansion club's initial home league victory was earned by Selma, a draftee from the New York Mets, who stopped the Astros on five hits, all singles. He had nine strikeouts.

Houston's only run came in the first inning on Jesus Ajou's single, his steal of second and Doug Rader's single to left field. After that, Selma checked the Astros without any serious threats as he moved along in mid-season form.

Meanwhile, Padres pecked away at Don Wilson, a 13-game winner for the Astros in 1968, to make the most of four hits including a home run by Ed McClellan in the fifth inning which tied the score.

Big Six Meet

GOODNIGHT Wendell looms as the favorite with Frier and Glenn Ferry as the darkhorses for the 1969 Big Six Conference track and field championships to be run Friday afternoon at the Gooding High School track.

The meet will start with the events at 5 p.m. and the running events will begin immediately after.

Wendell appears to have too much depth for the rest of the conference and is expected to score well in the field events—particularly the events—hurdles and relays.

Coal Dusting Project Is Encountering Difficulty

The coal dusting project being conducted by the state Fish and Game Department has met with some difficulty, according to fish and game officials at the Southern Idaho Fish and Game Commission meeting.

Local officials remarked that 100 Coho have gone into Oakley reservoir, 38,114 in Salmon Falls, with 172,000 yet to be put in.

Blue Lakes Women Begin Golf Tourney

Ruth Jenkins and Ina Soran topped Kay Kocer and Ruth Skiner 2 and 1 in the opening round of the Blue Lakes Country Club's Women's spring bestball tournament.

Other results include B. Davis and G. Westergren over G. Otto and R. Skoen 5 and 4; A. Walton and P. Threlkold over S. Skiner and E. Claiborn 3 and 2; I. Bertle and C. Everton over K. Unander and A. Bevan 2 and 1; D. Miller and J. Jones over E. Kiedler and R. Rupert. O. Sinclair and C. Kroll over M. Cain and M. Soran; B. McRoberts and F. Kirkman over E. McVey and E. Christensen 3 and 2; and E. Rospat and B. Brown over J. Purves and G. Jones.

Nine-hole tournament results are R. Schrank and M. Burton over N. Benoit and E. Reed, and J. Pene and A. Hove over J. Nelson and E. Schrank.

Tuesday's tee-off times include 9:30 a.m., Jenkins and Soran vs. Davis and Westergren; 9:37, Walton and Threlkold vs. Bertle and Everton; 9:45, Miller and Jones vs. Sinclair and Kroll.

Shue Named NBA Coach Of Year

NEW YORK (UPI)—Gene Shue, who guided the Baltimore Bullets from last place to first place in the Eastern Division in one year, Tuesday was named 1968 Coach of the Year in the National Basketball Association by a panel of sportswriters.

Shue received 24 votes in the balloting of a 39-man committee to easily outdistance his rivals.

Only three other coaches received votes. Jack Ramsay of Philadelphia received 11 votes; Red Holzman of New York got three and Larry Costello of Milwaukee received one.

A's Defeat White Sox Behind Odom

OAKLAND, Calif. (UPI)—John (Blue Moon) Odom retired 13 of the last 14 Chicago batters and teammate Dick Green hit a three-run homer Tuesday night as the Oakland Athletics posted a 5-2 victory over the White Sox in the American League opener for both teams.

Odom, who gave up only three hits in going the distance, was touched for one run in the fourth on just one hit and then was tagged for a solo homer by three-run homer Tuesday night as the Oakland Athletics posted a 5-2 victory over the White Sox in the American League opener for both teams.

Misguided Teen-Agers Missed Out On Good Share Of Love

By PATRICIA MC CORMACK
NEW YORK (UPI)—As some see it—and have said it—"kids strung out on love—never get their share of swift kicks in the seat of the pants."

That's wrong, according to Dr. Hester Turner, lawyer and former dean of Lewis and Clark College in Portland, Ore.

Teen-agers who have lost their way missed out on a good swift challenge from a love source, she figures.

"We adults know what love is," she said in a report to the American Association for Higher Education. "It's loyalty and feigning-up."

"The best people I know, who are adults, then my answer is 100 per cent," she said.

So Journey Club members will hold their monthly luncheon at 1 p.m. Thursday at the Depot Grill Lounge Room. Reservations can be obtained by calling Mrs. C. W. Westbrook, 733-4180.

Club Convenes

MURTAUGH — Mrs. Wallace Riggs was hostess recently for the all-day meeting of the Happy Hour Club. A potluck luncheon was served at noon and Mrs. Susie Wannamaker was a guest.

Mrs. Riggs and Mrs. Jack Gentry received wedding anniversary gifts from their secret sisters and Mrs. Beta White received the special game Thursday at the home of Mrs. Lionel Dean, 231 Buchanan St.

SCARE FASHION is making packing easier for the traveler, according to Carol Lane, women's travel director for the Shell Oil Co. Big, bright, bold colorful scarves can be easily converted from a collar to a blouse. They take up so little room in the suitcase, travel almost wrinkle-free and are practically weightless. Miss Lane, a lecturer, writer and traveler, develops travel ideas for women. Her latest is a folder complete with illustrations for converting a 36-inch scarf into 11 different costume uses, and may be obtained without charge by writing her at Shell Oil Co., 1908 W. 6th St., Los Angeles, Calif., 90054.

Open House Set Sunday For 100th Birthday Anniversary

FAIRFIELD—The 100th Birthday Anniversary of Mrs. Lucrilia (Aunt Crete) Coffin Wilsey Severson will be celebrated with an open house at her home from 1 to 3 p.m. Saturday.

Hostesses will be nieces of Mrs. Severson, Mrs. Max (Maxine Reynolds) Hansen, Boise; Mrs. Harry (Crete Reynolds) Bolton, Haverdown, Penn., and Mrs. Bland (Gertrude Reynolds) Ballard, Fairfield.

Mrs. Severson moved to Fairfield in 1958 to reside with her sister, Mrs. D. O. (Laura) Reynolds. Mrs. Reynolds died in 1958.

Mrs. Severson was born April 12, 1869, in Center Point, Iowa, the daughter of Marvin Severson and Callie Rawley Wilsey. Her grandmother Rawley lived to be 103 years old.

She married William M. Severson on Dec. 22, 1891. He died in 1921. She taught school before her marriage and after the death of her husband continued to operate their farm until 1946 when she moved into Center Point.

Mrs. Severson was active in the Methodist Church for over 50 years and the Lucretia Circle of the Women's Society of Christian Service in Center Point, Iowa, was named in her honor. She is in excellent health and

Mrs. Sackett Is Club President

FILER — Mrs. Orville Sackett was elected president of the Four Square Club at the home of Mrs. James Miller.

Mrs. Margaret Stroud was selected vice president; Mrs. Miller, secretary, and Mrs. Fred Munyon, card and flower committee and reporter. Mrs. Bob Miller and Mrs. William Yoder will serve on the book committee.

Mrs. Ethel Bishop was welcomed as a new member. Mrs. Morris Dunlap was presented a gift. Mrs. Kenneth Snyder displayed a number of flower arrangements.

Mrs. Munyon is hostess for the Wednesday meeting.

Baptist Lesson Is Presented

SHOSHONE — A lesson, "Love Gift Giving," was presented at the Baptist Women's Mission Society meeting recently at the home of Mrs. Elwin Webb. Mrs. Paul Bancroft, love gift chairman, gave the lesson, showing pamphlets on the subject and explaining the work and where the contributions go.

Mrs. T. V. Strunk led the devotional service. The business meeting was directed by Mrs. Howard Adkins and Mrs. Marjory Eldredge gave the secretary's report.

At the April 17 meeting at the home of Mrs. Dunele Helley, new officers will be installed.

Teen-Age Music Theme Used By Burley Club

BURLEY — "Teen-Age Music Through the Years" was the program theme for Burley Music Club members during a meeting at home of Mrs. Don Norton.

Bill Pettigall and Debbie Pattingill, both high school students; Jerry Johnson and Bill Mendenhall, both high school students, accompanied themselves on guitars as they sang.

A recording was played from the "Fabulous Fifties" featuring Roger Williams at the piano and the "Roaring 20's." Then Mrs. Grandell Dunn sang selections popular in 1890's, accompanied by Mrs. Robert Dean at the piano. The program was under the direction of Mrs. Norton, program chairman for the year.

Mrs. Charles Feugh gave information on "Hymn of the Month," "Christian Dost Thou See Them?" written by Dr. John M. Neale, music by John B. Dykes. Mrs. Calvin Heimer presented the song as a musical reading, with Mrs. Feugh at the piano.

Mrs. Clifford Mullikin, ways and means chairman for the local and state clubs, reported on the national Federation of Music Clubs, with which the Burley Music Club is affiliated and which she stated is celebrating its 71st birthday this spring. "There are over 600,000 members in this largest cultural organization in the world," Mrs. Mullikin stated.

The Burley Club will sponsor a salad luncheon in May during National Music Week to raise \$100 committed by the club for the national headquarters building to be erected on a five-acre gift plot in Virginia.

Mrs. Mullikin reported that funds were raised during the club's first formal dinner dance in February for the Summer Music Camp scholarships which the club provides for high school musicians in Mini-Cassia area each year.

Co-hostesses were Mrs. Annes Pappas and Mrs. Harlow Cheney.

Passion Plays Are Reviewed By Hansen, Club

HANSEN — Passion plays at Oberammergau, Germany, Spearfish, S. D., and Eureka Springs, Ark., were reviewed at the Friendship Club meeting at the home of Mrs. Dell Wright. A book, "God's Smuggler," by Brother Andrew, was also suggested as excellent reading.

Mrs. Lee Lucich resigned as a member of the club because she will be busy operating a gift shop soon. Mrs. Lanny Wooten and Mrs. William Allen accepted invitations to join the group. They plan to be present at the next meeting.

Mrs. Blake Froehlich was appointed chairman of the decoration committee for the Mother's Tea with Mrs. Doug Gee and Mrs. George Nauman Jr., as her committee. Mrs. Wright was appointed as chairman of the kitchen committee with Mrs. F. J. Frahm and Mrs. Thomas Steelsmith as her committee.

Members were voted to be made to Cancer, Red Cross, March of Dimes and the Heart funds.

Mrs. W. G. Allen presented contest games with all winning prizes with Mrs. Mable Arment winning high prize. Mrs. Allen received a special gift. This was the 33rd anniversary of the club.

Heat And Eat Type Soup Is Costing More

KINGSTON, R.I. (UP)—Housewives may be paying more for the water in soup than for the water from the faucet. That's the word from the University of Rhode Island College of Education.

Canned soups that housewives bought until recently were either condensed or dried. The consumer added the water.

Now, a study by the College of Education Home Economics Department shows that the new "just-heat-and-eat" soups have a higher cost-per-ounce price than the old-fashioned kind. Obviously, you are paying more to have the manufacturer add the water.

BASIC PROCEDURES for care of the sick and injured are practiced by, from left, Francine Park, Sue Loughmiller, Selma Harris Hall, Cheryl Tate and Arlene Urle in preparation for their Red Cross home nursing instructor's economics students recently by Charlie E. Peterson, chairman of the

DEAR ABBY: I am heart sick. I have a lovely 13-year-old daughter who I think the world of. Last evening her father and I were going to a very special party, so I asked her if I could carry her new white kid gloves. (She got them for Christmas.) I honestly thought she'd be delighted.

Well, she refused, and I was stunned! I wouldn't even have put them on my hands. I just wanted to carry them.

I don't have to tell you how many nice things mothers do for their daughters, including letting them wear some of their "best," and for my daughter to be so selfish actually made me sick.

What would you have done, Abby? I've considered teaching her a lesson by refusing her the next favor she asks of me, and yet that doesn't seem right. Would a lecture on "sharing and unselfishness" have been in order? PERPLEXED

DEAR PERPLEXED: Don't "punish" her by refusing the next favor she asks of you. Respond in your usual generous manner. She knows she was selfish, and if she is as "lovely" as you say she is, one day she'll admit it and try to make it up to you. Children learn more from example than from lectures. No one knows what triggers the "meanness" in us. We all have our bad days. Maybe this was one of your daughter's. Don't dwell on it.

DEAR ABBY: It all started when I bought a new hat. I really wear hats, but this one is very smart, and several of my friends have complimented me on it.

My problem is that my steady doesn't care for hats in general, but he HATES this one with a passion. He gave me a choice. Either him or the hat!

Tonight I am home alone for the second consecutive night because Greg refuses to be seen with me if I wear that hat, and I refuse to give him on something so silly.

I think Greg is being unreasonable. The decision is yours, Abby. JUST AS STUBBORN

DEAR JUST: It appears that the decision has already been made, and you made it. But perhaps you're lucky to learn that something "silly" can come between you and Greg.

If I were you, I'd chuck the hat. But then I am NOT you, and apparently having your own way is more important to you than having Greg, in which case, I advise you to put on that hat and go hunting for somebody who likes it.

DEAR ABBY: I have a brother who has been married for 28 years. In all that time he and his wife have never invited any of our side of the family to their home. They have accepted invitations to our homes, but have never returned them.

Their whole married life has been spent socializing with my sister-in-law's side of the family. Now their sons are being married. These nephews are strangers to our side of the family, but their mother has included us in all the showers and weddings, which are clearly gift-giving occasions.

I think we are being used. How would you feel? DISGUSTED AUNT

Scandinavian Jelly Drop Cookies

1/2 cup shortening
1 egg, separated
1 teaspoon salt
1 cup finely chopped nuts
1/2 cup brown sugar
1 cup all purpose flour
Tart jelly, red

Cream shortening then gradually add sugar and beat in beaten egg yolk. Sift flour and salt and add to creamed mixture, blending well.

Pinch off bits of dough and roll in balls. Dip balls in slightly beaten egg white, then roll in chopped nuts.

Using end of wooden spoon or your finger, make a depression in center of each cookie.

Bake in a slow oven, 325 degrees, until browned slightly, about 19 to 20 minutes. When you take cookies from the oven, fill depression in each with dab of jelly. Adding jelly white cookies are hot melts the jelly just enough to hold in place.

U.S. Advocates Halt To Output Of Fissionables

GENEVA (UPI)—The United States Tuesday proposed that in nuclear power production of fissionable material for use in nuclear weapons as part of a three-year plan to place a final limit on atomic arsenals.

Under the plan, the nuclear powers would stop production of this material at an agreed date, supervised by an international system to assure that production facilities remained inactive when shut down.

The Soviet Union has rejected similar proposals in the past because of the strict inspection facilities the United States demanded by the United States.

The American plan would: As of an agreed date, halt all production of fissionable material (uranium enriched in U235 and plutonium) for use in nuclear weapons.

Permit production of fissionable materials for purposes other than nuclear weapons, such as power and propulsion reactors, and nuclear explosives for peaceful use.

Call on the International Atomic Energy Agency to safeguard the nuclear material in each state's peaceful nuclear activities and to verify the continued shutdown of any facilities for production of fissionable material that are closed.

U.S. disarmament negotiator Adlai Stevenson would like to see such an agreement "would be thoroughly effective in preventing the growth of the stockpiles of nuclear weapons." He reiterated America's offer to reduce stockpiles of fissionable material by transferring 12,000 pounds of U235 to peaceful purposes provided that Russians transfer 8,000 pounds of the same material out of their stockpiles.

The president Dwight D. Eisenhower first proposed such a cut off agreement in 1956 but the proposal was rejected because of Moscow's objection to substantial inspection to prevent cheating.

Fisher told the conference Tuesday that had there been an agreement, the world's nuclear arsenal would be much smaller today than they are.

More than 50 bills have been prepared for introduction at the session. The 18 young legislators from Twin Falls and eight from Buhl will be among the 300 youths participating in the legislative session at Boise.

Plans Noted For Youth Legislature

The Idaho State Capitol building will be the site April 18-19 of the annual YM-YWCA Youth Legislature, according to Chet Bartlett, local YMCA director.

He said that 18 young legislators from Twin Falls and eight from Buhl will be among the 300 youths participating in the legislative session at Boise.

Mine Firm Signs Union Contract

KELOGG, Idaho (UPI)—The Bunker Hill Co. announced today it has reached agreement with AFL-CIO unions representing the company's 1,600 hourly wage employees.

The union represents machinists, pipefitters, boiler makers, blacksmiths, millwrights and miners at the Lucky Friday Mine here.

The company said under terms of the contract direct wages increased from 15.2 to 15.7 cents per hour will be paid to journeyman workers in those crafts.

In addition, the company has agreed to pay a \$100,000 premium necessary to continue the hospital-medical-surgical benefits program and to cover increases in the cost of the program.

Negotiations between the union and the company began in February.

Queens Honored By TQPS Club

Three-month-long Josting Queens were honored and crowned by the TQPS Club Tuesday at a meeting at the American Oil Service Center.

Third division winner was Betty Rice, with Linda Howard as runner-up; fourth division winner was Arlene Miller, queen with Virginia Eldridge as runner-up, and fifth division, Beverly Arden, queen, with Gladys Cullip as runner-up.

Cosages, ribbons and gifts were presented the three top winners. Names of the club's new committee members were announced and final plans made for the state Recognition Days in Boise, April 15-16.

Also crowned were: Kaye Stacey, February queen; Arlene Miller, March queen, and Betty Grant and Vickie Vincent, weekly queens.

BERRY'S WORLD

"Could you tell me... do they ever make any movies without sex any more?"

Rep. Hansen Sees Work Progresses Citizen 'Revolt' Over Tax Levels

POCATELLO (UPI)—Rep. Orval Hansen, R-Idaho, has predicted that "growing taxpayer revolt will force Congress to act on long-delayed tax reform."

Hansen told the Poastello-Klamath Club, "Americans are angry, and rightfully so, over loopholes and inequities in our present tax system."

He said, "The average taxpayer who must pay hard earned money to support government spending is unhappy with a system which permits large incomes to escape taxation."

"There has been talk about the need for tax reform for years. Hopefully now, pressure through aroused taxpayers will convert talk into action," he added.

KING HILL—The Freeway highway construction is progressing in an area four to seven miles east of King Hill.

Part of the old Kenneth Taylor place, now owned by James Byoe of Gooding, and the John Parks place is being used. Some of the Glenn McCleary place will be used in the interchange.

BLAZE KILLS SEVEN
NEW DELHI (UPI)—Six children and an adult died when fire roared through the Karimnagar district of Pradesh state Saturday night, reports said.

On Congress by the nation's aroused taxpayers will convert talk into action," he added.

Hot Seat

Eldon Mort got a modern-day hot seat at 10:10 p.m. Monday in front of his home at 529 Main Ave. W.

The electric motor that moves the front seat back and forth caught on fire and the Fire Department was called.

Officials said some of the covering on the front seat had to be ripped to get at the fire. Damage was listed as minor.

Court Affirms Habeas Writ Cassia Ruling

BOISE (UPI)—The Idaho Supreme Court Tuesday unanimously affirmed a decision by the Cassia County District Court quashing a writ of habeas corpus and denying the appellant's motions to suppress certain evidence to reduce the amount of his bail.

James O'Neill was arrested in 1967 by the Bannock County Sheriff's Office in connection with the robbery of a hotel in Burley.

O'Neill filed a writ of habeas corpus contending he was illegally arrested and moved in district court to suppress certain evidence seized in a search of his car.

The court affirmed the decision of the district judge on the ground that the legality of an arrest cannot be challenged by a writ of habeas corpus if the defendant has been brought before the court upon a proper warrant for arrest.

The court also held that the issue regarding suppression of evidence was premature at this time and that the appellant had waived any constitutional rights by failing to argue the issue on appeal.

SUSPECTS ARRESTED

CAIRO (UPI)—Egyptian police arrested 1,400 suspects in a crackdown on thieves and pickpockets in recent days, reports reported Tuesday. Nine hundred persons were rounded up in Cairo alone.
