

## Sirhan Gets Death Sentence; Appeal Certain

By JACK V. FOX

LOS ANGELES (UPI)—Sirhan B. Sirhan was ordered today to pay with his life for the assassination of Sen. Robert F. Kennedy but appeals to higher courts may spare him from the gas chamber indefinitely.

The jury which convicted Sirhan of first degree murder in the slaying of the senator during Kennedy's presidential primary campaign last June directed that the punishment should be death.

When the verdict was announced Sirhan chewed hard on a wad of gum and stared straight ahead. He was wearing a light blue shirt and dark slacks and his skin looked very

sallow. Superior Court Judge Herbert V. Walker will formally pronounce sentence in about three weeks.

Then the 25-year-old Palestinian Arab immigrant will be moved under heavy guard either to death row in San Quentin Prison or the prison hospital at Vacaville, Calif.

Judge Walker set May 14 for arguments for a new trial.

The California State Supreme Court will automatically review the sentence. It is expected chief defense lawyer Grant B. Cooper said he would appeal all the way to the U.S. Supreme Court seeking a new trial.

The seven-man, five-woman jury deliberated for 11 hours and 45 minutes over a period of

three days before deciding on the penalty after a trial of three and one half months.

Before filing into the courtroom, the jurors sounded a buzzer three times to alert attorneys, bailiffs and newsmen a decision had been reached.

Jury foreman Bruce Elliott handed a small sheet of paper to a bailiff who passed it to the judge and then to court clerk Mrs. Alice Nishikawa who read:

"We the jury in the above entitled action, having found the defendant, Sirhan Bishara Sirhan, guilty of murder in the first degree as charged in count 1 of the indictment now fix the penalty at death."

It was a victory for the prosecution which had made it clear to the jury that the state

felt a death sentence was appropriate for the killer of a political figure who might have become President of the United States.

Dep. Dist. Atty. John Howard said in his final summation that a half dozen assassins like Sirhan could shred the fabric of American democratic government.

The verdict represented a rejection of defense arguments that Sirhan was so mentally ill that he was not capable of deliberate premeditation and execution of Kennedy's slaying in a pantry of the Ambassador Hotel last June 5.

The jury discarded the advice of a parade of defense psychologists and psychiatrists who termed the former race

track exercise by a paranoid schizophrenic. One psychiatrist said Sirhan was in a self-induced hypnotic trance when he fired the shot that killed the New York senator.

There obviously had been a struggle among the jurors over whether Sirhan should get life or death.

At one time it was believed there might be a complete deadlock in which case a new jury would have had to hear virtually the entire case again before deciding on a penalty.

Sirhan now joins the more than 80 persons sentenced to death for capital crimes in California who have evaded execution for more than two years through appeals and legal maneuvers.

vote. Hundreds of screaming civil rights demonstrators fought police again Tuesday night in Belfast's predominantly Catholic area. Streets were littered for a mile with smashed glass, and five police and several demonstrators were injured. Demonstrators hurled Molotov cocktails.

As the crisis mounted O'Neill told his party's leadership either to endorse his proposed election reform or see him resign.

The vote of support for O'Neill ended the immediate threat of a government collapse, but Minister of Agriculture James Chichester-Clark announced his resignation immediately after the stormy two-hour party meeting.

## Law On Registration May Create Problem

A legislative bill which may create problems for College of Southern Idaho students this first year, was discussed at a regular board meeting.

The bill provides that Idaho students, other than those from district counties of Twin Falls and Jerome, must be certified by county commissioners from their counties.

Previously, students enrolled at CSI and the counties were billed later for their share of the student expenses. Students now must show proof, upon registration, that they have been certified by their county commissioners.

If L. Vasylyuk, CSI business manager, and Tuesday that until students become familiar with the new procedure, so many problems probably will arise during raters.

Clifford Darrington, ex-officio board member from Cassia County, visited the meeting Monday night to discuss the implications of the bill and the best way to familiarize students with the new procedures.

Also, Monday night, trustees awarded contracts for insurance for college employees. A group life and effective July 1, 1963, was awarded to Lloyd Hamilton Agency, under the Safeco Insurance plan. A long term di-

## Increased Runoff In North Causes Worry

Continued warm weather was increasing the runoff in both the Camas and Halley-Ketchum areas Wednesday and canal company officials are worrying about increased flood threat from the extra water.

While Twin Falls residents are enjoying the balmy weather, the summer-like temperatures are fast thawing the heavy snowpack in the Sawtooth mountains and the Big Wood River rose nearly six inches since Tuesday, Wednesday morning. It measured 3.51 feet at Halley, reports Woodrow Watts, deputy watermaster.

"This added water, plus a similar increase in runoff on Camas Prairie, is daily increasing the flow into Magic Reservoir, which is being kept at 179,974 acre feet. Thursday 4,470 second feet of water were coming out of the reservoir, up 80 second feet from Tuesday."

Leon Grive, Big Wood Canal Co. manager, said more water is expected to pour out of the reservoir into Big Wood River because of the increase runoff north of the dam.

The Little Wood river also was up 80 second feet since Tuesday through Shoshone.

Water which had been turned into the lavas from the Dietrich main canal had to be shut off Tuesday, Mr. Grive said, because there was no way of diverting it for irrigation use. It is planned to have a structure installed so the diversion of overflow water into the desert can be controlled.

It was reported Army Engineers are waiting for authorization to go ahead with building the structure in the Dietrich Main Canal.

Gooding Sheriff Earl Brown and civil defense officials were scheduled to fly over the Big Wood River through the Gooding area Wednesday morning. It was reported conditions there have not changed.

Ranchers were warned sometime ago to expect water on their farm lands, and cattle and hay have been moved to higher ground.

## Voters Defeat Plan For District Library

The Hansen-Murtaugh library district proposal was defeated Tuesday 68- to 363.

The election was held Tuesday for the residents of Murtaugh and Hansen school districts and those living in the joint Cassia-Twin Falls district. If the bond issue had been approved, it would have enabled those districts to receive service through the Twin Falls Public Library, which would be the regional center.

Robert Bruce, Twin Falls librarian, expressed disappointment in the election outcome. "It was up to the people and they made their choice. Of course it is a disappointment because the people at Murtaugh and Hansen use the bookmobile more than those at any of our other stops."

He said the people of this area apparently were not ready to pay for the library service.

Mr. Bruce said, however, that with two library districts in operation, the regional library center still is not out of the question.

Bill Barnard, superintendent of Hansen schools, said he was disappointed in the election. He said the school used the bookmobile to a large extent and it had developed interest among the students. Mr. Barnard said the Hansen students do not have access to library facilities during the summer. He said the students could visit the Twin Falls Public Library, but the distance and fee is prohibitive to many.

City Councilman Eugene Starey, who is a member of the library board, said he was sorry the Murtaugh-Hansen people had not seen fit to approve the library district plan. The said the voters' approval of the plan was too great for the service.

Mr. Koontz's replacement would be chosen on the basis of professionalism in the income tax field, an area in which Mr. Koontz is considered to be an expert.

Mr. Koontz's successor, who will require senate confirmation, must be a Republican. Mr. Koontz's term expires March 8, 1967. The job pays \$14,000 per year.

## Spectacular Work Begins On New LDS Institute

Construction began Wednesday on an LDS Institute of Religion building adjacent to the college of Southern Idaho campus.

According to William E. Barrett, administrator of the LDS Department of Seminaries and Institutes of Religion, the new single-level structure will provide facilities for classroom instruction, recreational activities, library research and faculty offices.

Architect for the project is Ed Peterson of the Jones-Fehlberg Associates, designers of the CSI campus. Building contractor is W. R. "Bud" Hafer.

Ground breaking ceremonies are slated at 4 p.m. Friday. President A. Theodore Tuttle of the First Council of Seventy, Salt Lake City, will officiate. Representatives of the Seminary and Institute Department will attend.

According to Frank L. Craven, local Institute director, the LDS Institute will accommodate an enrollment of 40,000 students.

The building will be situated on the corner of Falls Avenue and Harrison Street, directly east of the Twin Falls water supply facility.

## Nigerians Take Biafran Capital

LOGOS, Nigeria (UPI)—Federal Nigerian troops have captured Umuahia, capital of the rebel Biafrans for the past year, today.

The announcement ended several days of speculation on whether federal troops actually had entered Umuahia, the Biafran town held by the Biafrans.

Biafran leader Col. Oluwegbo (Oluwole) and most of the town's inhabitants fled from the city last week, Real Cross officials reported.

Mr. Koontz's replacement would be chosen on the basis of professionalism in the income tax field, an area in which Mr. Koontz is considered to be an expert.

Mr. Koontz's successor, who will require senate confirmation, must be a Republican. Mr. Koontz's term expires March 8, 1967. The job pays \$14,000 per year.

## State Senator Raps Control By One Man

Idaho's aviation community would operate better under a board of the best-trained people available rather than under the present setup which is directed by one individual, Sen. Richard High, R-Twin Falls, said Tuesday afternoon.

He was speaker at a session in the Rogerson Hotel at which an aviation study group was formed, made up of representatives from Twin Falls, Boise, Lewiston, Idaho Falls and Pocatello. The purpose of the organization is to make definite requests for airport and aviation money rather than under the direction of a board along the same lines as the Idaho Highway Board.

When the Department of Aeronautics requests for \$1.1 million in funds each year, it gained no support because it was from an individual and not from a policy making board," Sen. High said, pointing out that the request of the state highway department was "bought" because it was from such a source. The Department of Aeronautics' proposed bill was sponsored by Chet Moulton, director.

Sen. High said that it was time to overhaul the fiscal basis for the support of airports.

## Intensive Drive Starts On Crime

WASHINGTON (UPI)—President Nixon asked Congress today for more money and stronger laws to halt "the moral and legal subversion of our society" by organized crime.

He asked for an extra \$25 million which he said would double present expenditures to cut down on Mafia operations, in addition to the \$300 million requested by President Lyndon B. Johnson for the Safe Streets Act.

In a message to Congress, the President said he has authorized Atty. Gen. John N. Mitchell to engage in wrangling of organized racketeers, to establish a task force of university field offices across the nation, and to establish a unique federal-state racket squad in New York City.

## Rebellious Blacks Delay Cornell Riots

By United Press International

Black students who told Cornell University they had a "hour after the threat."

"Thousands of students, led by students for a Democratic Society, occupied a Cornell building and vowed to stay until the blacks' demands were met."

Purdue University President Frederick Hoyts Tuesday told a rally of protesters that school must go ahead with proposed tuition hikes ranging as high as 400 per cent. A class boycott protesting the increases and an apparent solution was reported 30 per cent effective.

At Harvard, SDS members voted to suspend their strikes, and an apparent solution was reached on grievances presented by black students. But at the nearby Massachusetts Institute of Technology students picked a deadline to pass "without incident."

Police cleared streets in from a Marquette University chapel after the Milwaukee, Wis., school reportedly received a bomb threat.

Cornell officials agreed during the weekend to ask the faculty committee to rescind earlier discipline taken against five black students. But the faculty Monday repudiated the agreement, signed with blacks armed with shotguns and rifles standing nearby.

Tuesday night Thomas R. Jones, a spokesman for the Afro-American Student Society, taped a radio broadcast saying the school had "three hours to live" unless the agreement was honored.

But after the faculty committee set the meeting for today, a "growing inclination on the part of the university faculty to reconsider its action" by black students. But at the nearby Massachusetts Institute of Technology students picked a deadline to pass "without incident."

In Idaho and expressed the opinion that a combination of dedicated and general funds possibly would be acceptable.

"The Department of Aeronautics should be governed by a board of the best trained people available," Sen. High said, "it would also suggest that a possible increase in aviation taxes to the maximum of the industry will support would provide the dedicated funds needed in such a program.

Spokesmen for the various communities, including members of city councils, county and airport commissions, suggested possible sources of funds for support of aviation. These included establishment of airport taxes, adoption of a franchise tax, adoption of a bonding fee program and matching funds for a proposed revolving fund.

At conclusion of the three-hour meeting, two men were named to represent each of the five communities with the first session of these members in Twin Falls on Tuesday, May 27 at 8 p.m.

Representatives are Jack Woods and Pete Hill from Idaho Falls; Robert Huntley and Merle W. Pountney from Donnelly; Don Wall and Roger Mandenhall, Boise; Jerry O'Mahony and Elmer Helmann, Lewiston; and Norman Berry and Ed Woods, Twin Falls.

Gary Bick, a member of the Twin Falls Airport Board, presided at the meeting.

Sen. Len B. Jordan, R-Idaho, announced Tuesday afternoon appointment of two Magic Valley youths to the U.S. Air Force Academy.

Brandon Eaton, son of Mr. and Mrs. Richard Eaton, Wendell, and Bruce Wright, son of Mr. and Mrs. Ed Wright, Castleford, were selected on the basis of scholastic qualifications determined by examinations conducted by the Air Force Academy.

Three other Idahoans, Robert Braun, Caldwell; George Doris, McCall; and David Smith, Grangeville, also have been accepted as qualified congressional appointees, Sen. Jordan said.

Named as first alternate was Michael Harris, Boise.

## Reagan Scores Welfare Ruling

SACRAMENTO, Calif. (UPI) — Sen. Ronald Reagan Tuesday sharply criticized the U.S. Supreme Court's landmark decision eliminating state residency rules for welfare eligibility as a "deliberate" violation of states' rights.

"In fact, they create nothing less than a bonus for migrating to California—merely to get on our welfare rolls," Reagan said in a statement read at his weekly news conference.

The court on a 6-3 split decision Monday outlawed one-year eligibility requirements for welfare recipients in Connecticut, Pennsylvania and the District of Columbia. The court said the rule was an unconstitutional barrier to the right of free travel.

DIETRICH — Officers were installed at the April meeting of the Dietrich PTA by Mrs. Floyd Kibling.

Mrs. Don Knowles was re-elected president, Mrs. Wayne Peterson will serve as vice-president; Mrs. Earl Hutchinson, secretary, and Mrs. Noel Johnson, treasurer.

Proposals for hosting the state convention here Saturday were discussed.

The program was given by Mrs. Martin Bergquist's first and second graders, who sang the pantomimed songs. Drawings and certificates from the two high school art classes were displayed.

## College Store Tagged 'Bandit'

FORT COLLINS, Colo. (UPI) — Student legislators at Colorado State University voted Tuesday to rename the campus bookstore after Jack Shadle, a famous bandit who looted Colorado in the 1890s.

Students said they were shocked by the action because the bookstore's price and policies closely resemble Shadle's reputation as a looter and highway man.

## Daley Denies Power Loss In Politics

CHICAGO (UPI) — Mayor Richard J. Daley denies he is making his "last hurrah" in politics.

Sen. Abraham Ribicoff, D-Conn., charged on Monday night that "Daley has reached the position of the 'last hurrah' and will not be a power at the 1972 Democratic convention."

He said Daley contributed to the loss of the Democratic Party in the presidential election last fall by backing former Vice President Hubert H. Humphrey for the Democratic nomination instead of Sen. Edward M. Kennedy, D-Mass.

In reply, Daley had this to say Tuesday:

"He (Ribicoff) came to me (shortly before the convention) and told me 'Humphrey couldn't win. He asked me, in the presence of (South Dakota Sen. George) McGovern and three other gentlemen to get Kennedy to be a candidate."

"He said, 'I won't run for the Senate if Humphrey is a candidate. He can't win.'"

"I told him, 'Well, you know Kennedy. Why don't you call him and tell him you won't do it.'"

"He said, 'You're the only one who can get him to go.'"

"I said, 'If he's not a candidate he's not a candidate.'"

"He said, 'I won't run for the Senate if Humphrey's the candidate. You've got to get another candidate. You've got to get Kennedy. Did you hear what I said? I won't run. I'll be damned if I won't run.'"

"I said, 'I've always taken a man at his word and I've never let me down. I've always taken a man at his word and I've never let me down. I've always taken a man at his word and I've never let me down.'"

"He said, 'I am, but he's not a candidate. He's not a candidate. He's not a candidate.'"

## Burley Man Loses Appeal

BURLEY (UPI) — James O'Neill, about 60, charged with first degree robbery in connection with the robbery of a downtown Burley hotel last year, has been denied a request to have his bond reduced.

Earlier this month, the State Supreme Court denied O'Neill's request for a writ of habeas corpus, a writ to suppress evidence and a motion to reduce bail.

O'Neill was being held in the Cassia County Jail in lieu of \$20,000 bond. Trial has been set for May 7 in Fifth District Court in Burley.

Two other men, Phillip Harrison and Robert Marr, were released last summer after posting \$10,000 bond each.

The men, all from Mountain Home, were arrested a few hours after the robbery by law enforcement officers near Pocatello.

## Sen. McCarthy Affirms Vow To Shun Race

WASHINGTON (UPI) — Sen. Eugene J. McCarthy, D-Minn., has reaffirmed his decision not to seek re-election to the Senate next year in the Democratic ticket.

The one-time presidential hopeful made the statement Tuesday after a 30-minute discussion with President Nixon.

McCarthy said he would stand by the statement he made last October that he would not seek re-election as a Democrat "in Minnesota" in 1970.

McCarthy said he was invited to the White House by Nixon to discuss student unrest on the campuses. He said the meeting also touched on the Vietnam War and on taxes.

## Sen. Church Advocates Conservation

COEUR D'ALENE (UPI) — Idaho Sen. Frank Church stressed what he termed a "new conservation" in a speech before 500 delegates to the Northwest Parks and Recreation Convention here Tuesday night.

"The new conservation must point the way towards redressing the imbalance which now exists between man and the whole of his environment," Church said.

"We face in America today the total task of achieving nothing less than a healthy and inhabitable environment for man," Church said. "In this age of uncontrolled technological expansion, we have plundered our natural resources, and we have an unreckonable and inexhaustible resource."

The Democratic lawmaker said water, air and noise pollution were the three main areas in which the imbalance of nature has reached a crisis.

The two-day convention was to conclude Wednesday.

## Storm Dumps Heavy Rain On East Coast

Flash flood warnings were up today in parts of Connecticut, Massachusetts, Rhode Island and Vermont on the heels of a wintry storm that moved across the Great Lakes and into New England today.

The storm packed winds of 50 miles an hour and heavy rain that prompted the flash flood warnings.

One- to two-inch rainfall with in a 12-hour period extending into today was common in the area.

The storm also pulled cold air from the Arctic, bringing scattered frosts to parts of Kentucky, Tennessee and the Missouri Ozarks.

Gale warnings flew over the Great Lakes where the storm on Tuesday brought snow and sleet to the Upper Peninsula of Michigan. Marquette reported two inches of snow within a six-hour period.

## Wyoming Youth Arrested After Family Slain

SHERIDAN, Wyo. (UPI) — A 16-year-old boy was taken into custody Tuesday after authorities found the bodies of his parents, brother and grandfather at their small farm home.

Sheridan County Atty. James Birchard identified the dead as Luis Cosco, 40, a service station attendant; his wife, Nadene, also about 40, a son, Frank, 19, and the senior Cosco's father, Frank Cosco, 81. Each had been shot with a small caliber pistol, Birchard said.

Birchard said the dead couple's son, Dean Cosco, 16, was being held in custody.

## Science Fair Prizes Given At Wendell

WENDELL — Debbie Scherer and Jan Higginbotham received the grand prize trophy for their project on the circulatory system at the Science Fair held at the Wendell high school.

Winners in the biology division were Rick Thompson, first, whose project was on the brain; Chris Hagerman, second place, with the trigeminal nerve, and Vickie and Valaune Peterson third, on the eye.

History winners were Carolyn Truonson and Nancy Bunn, first, on the history of Wendell; Bill Eaton, second with a model of Washington, D. C., and Linda Harris and Sandra Freeman, third, Gettysburg.

Herschell Lamb and Will Spalding judged the history project; and Elwood Grimes and Wayne Hls, both Hagerman, the biology projects.

The Wendell Chamber of Commerce donated trophies for the event. Prizes included first, second and third in each division and a grand prize for the outstanding project.

Winning projects are on display in downtown windows of Wendell.

## Youngsters Are Questioned In Freight Burglary

Four boys 10 to 14 years old were arrested Tuesday night and questioned about a burglary at Browning Freight Lines, 456 Washington St.

The boys have been released to the custody of their parents.

An Idaho State Police officer saw the boys loitering Washington Street with a caulk compound. He requested the assistance of police officers and the boys were taken into custody at Drury Park, near Browning.

The boys' ages are listed as 10, 11, 12 and 14.

The caulk compound had been stolen from the freight line, it was reported.

### Poultry Items Deemed Best Bargains

WASHINGTON (UPI)—The following guide to the nation's food buys for the weekend was prepared by the U.S. Department of Agriculture and Interior for United Press International.

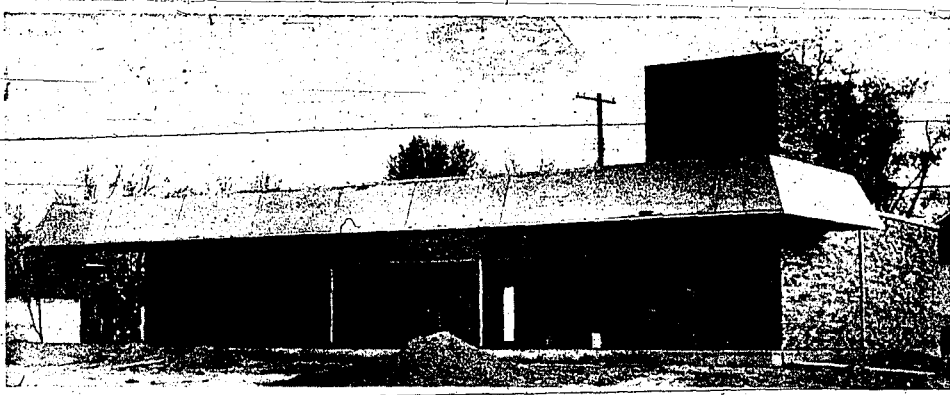

USDA's Consumer and Marketing Service reports that food shoppers will find good displays of meat and poultry and adequate supplies of some fresh fruits and vegetables in food stores and supermarkets this last weekend in April.

Broiler-fryer chickens and turkeys continued to be the most abundant meats. Beef cuts in the abundant class are ground, roasts, and steaks. Bacon, roasts, and smoked picnic are leaders among the pork cuts in most areas along with chops and ham in some areas.

Maine sardines, canned salmon, and fish sticks and portions are the fish buys to watch for, according to the U.S. Department of the Interior.

Cabbage, carrots, lettuce, onions, and potatoes are the most abundant fresh vegetables. Fresh fruit in best supply are bananas, grapefruit, and oranges.

On USDA's plentiful foods list for April are these additional food—prunes, canned and frozen green beans and corn, dry beans, peanuts, and peanut products.

CONSTRUCTION ON THIS 7-11 Food Store at 261 Fourth Ave. N. will be completed in approximately 30 days. Wills, Inc., Twin Falls, is the contractor for the four stores being built here. The chain is owned by the Southland Corp., Dallas, Tex.

### News Of Servicemen

Spec. 4 Clinton Ray Mull, son of Mr. and Mrs. Earl Mull, Ft. Lewis, Wash., where he is training enlistees in helicopter duty.

Spec. Mull has received the Vietnam Combat Certificate, Bronze Star Medal and The Air Medal for meritorious service while serving in Vietnam.

He is presently stationed at Ft. Lewis, Wash., where he is training enlistees in helicopter duty.

The captain is serving with the 32nd Artillery Company in Vietnam, and presently is stationed at Sector headquarters in Tay Ninh.

Capt. James T. Jones, son of Mr. and Mrs. Henry C. Jones, Eden, recently received the Army Commendation Medal for his work in artillery and as liaison officer to the South Vietnamese Army.

The captain is serving with the 32nd Artillery Company in Vietnam, and presently is stationed at Sector headquarters in Tay Ninh.

He also received refresher courses in mathematics and physics.

Ron H. Cooke, son of Mr. and Mrs. Harold S. Cooke, Twin Falls, was recently promoted to Signalman 3c, while serving in Vietnam, and will be stationed there until September.

### First Of Four New Chain Groceries Taking Shape

The Southland Corp., Dallas, Tex., owner of the 7-11 Food store chain, has contracted Wills, Inc., Twin Falls, to construct all four outlets in this area.

The first building at 261 Fourth Ave. N. will be completed in approximately 30 days, according to Robert C. Wills. Construction has started at 1415 Addison Ave. E. on the second store.

The other two buildings, at 111 Filer Ave. and at the corner of Filer Avenue East and Ash Street, will be started soon.

Building permits have been issued for all the structures except the one to be located at Filer Avenue East and Ash Street. E. L. Pack, zone manager in Salt Lake City, said it takes about 60 days to build and open one of the stores.

The 7-11 chain plans to open some 25 stores in Idaho this year.

Mr. Pack said these are small grocery stores which are open on holidays. They are managed and operated by one person. He said the managers of the local stores will be selected from applicants in this area.

### Hearing Asked In Narcotics Case

Ronald J. Laws, 25, 810 Second Ave. W., accused of illegal possession and sale of narcotics, asked for a preliminary hearing at his arraignment in Twin Falls County Probate Court Tuesday.

He is being held in the county jail in lieu of posting \$2,000 bond.

Mr. Laws is accused of two counts, possession and sale of four tablets of desbutal at a lounge on Addison Avenue West on April 7.

He was arrested Monday by Twin Falls County Sheriff's officers.

### Citizenship Ceremony Set At Shoshone

SHOSHONE — Naturalization services will be held at 10:50 a.m. Thursday at the courtroom here.

District Judge Charles Seogrin will preside and present certificates of citizenship to candidates.

Scouts from the Legion-sponsored troop will advance and retire the colors. Rev. James Holt, Shoshone Baptist Church, will give the invocation.

Special music will be presented by a woman's singing group from Eden, the Codas, an American Legion Sextet.

Cezair F. Crowley, general attorney for the United States Naturalization Service, will present the petitioners for citizenship. American flags will be presented to the new citizens by the American Legion post.

### Sen. McCarthy, Nixon Confer

WASHINGTON (UPI)—Sen. Eugene McCarthy, the hero of student dissent in Chicago during the Democratic convention last August, met with President Nixon at the White House Tuesday to discuss their mutual concern over campus disorders.

McCarthy told newsmen after the half-hour session that his talk with the President centered on the "concern he has and I have about what's been happening on the campuses."

The Minnesota Democrat said the unrest on campuses is not a "national responsibility" and he indicated he favored the trend toward more control of universities by faculty and students and less by administrators and trustees.

He said he also discussed the war and the Vietnam War with Nixon, who he said had invited him to the White House for the meeting.

Anvil Chorus Of Job Corps Mourners

Wednesday, April 23, 1969 PHONE 733-0931

WASHINGTON — The anvil chorus of wailing complaints and protests against the proposed closing of 53 Job Corps centers has the hollow ring of partisan politics.

The plain fact is the Job Corps has long been one of the most controversial and censured of the anti-poverty programs. In the four years of its existence, it has been under repeated fire in and out of Congress on numerous charges — excessive costs, waste, gross mismanagement, and scandals of various kinds and very meager results for the more than \$1 billion expended.

The Mobile Plant

The coming of a new business to an area is always a signal for a good feeling all around. This is the feeling experienced by most everyone when official announcement was made that the Regal Mobile Construction, Inc., had selected Kimberly as site for their new manufacturing plant.

That Sonic Boom

In the near future, the Federal Aviation Agency will find itself caught up once again in the controversy over sonic booms. The age of the supersonic transport is about to arrive, and little progress has been made against the noise it and other faster-than-sound craft leave behind.

Flotsam

ROWLAND EVANS AND ROBERT NOVAK

Battle Of The Pentagon

WASHINGTON — The Nixon administration has now quietly begun a monumental and bitterly contested three-cornered struggle over military spending involving Secretary of Defense Melvin Laird, the uniformed military, and the Administration's economic policy-makers.

Securing employment: (4) net average wage increment attainable to this costly program is estimated at 7 cents; (5) a study of 211 enrollees who did get jobs resulted in 72.8 per cent left in the first four months; Of this 211, 59 were fired and another 59 quit for unknown reasons.

Latest instance of official condemnation was a voluminous report by the General Accounting Office, watchdog agency of Congress, July 11 recommending drastic curtailment of the Job Corps program.

The GAO's unpublished findings are graphically summed up in the following pronouncement: "In light of costly training provided by the Job Corps, we doubt that the resources now being applied to this program can be fully justified. We recommend that Congress consider whether the Job Corps is sufficiently achieving the purpose for which it was created to justify its retention at present levels."

Subsidies

Incongruity is no stranger to government programs, but Sen. John Williams of Delaware does have a good point in questioning the contradictory policies of two federal departments concerning tobacco.

ART BUCHWALD

Teddy's Eskimos

WASHINGTON — Sen. Teddy Kennedy has become a pariah as far as the Republicans are concerned, and anything he does from now until 1972 is being viewed with fear and suspicion.

High Cost Of Looking

With construction of the new Bank of Idaho building in downtown Twin Falls well under way, it is interesting to sneak along the sidewalk and peek through one of those holes to see what is going on inside.

Dear Dr. Thosteson: Would you do me a favor and write about cirrhosis of the liver that is not due to excessive drinking?

I have a question which has been bothering me for some time. I have a friend who is a doctor, and he has told me that cirrhosis of the liver is a disease that is caused by excessive drinking of alcohol.

More consideration is scheduled, however, before a purchase will be made. Chairman Heber Loughmiller said.

With the purchase of the machines there will have to be one.

"We feel the machines would pay for themselves in about one.

Larger precincts would need two machines, he added. The small ones would need only one.

Last year Twin Falls County spent \$35,000 for elections. Machines would cut down the large number of election officials who must be paid in each polling

TRYING OUT HIS "land legs" after 312 days at sea, Robin Knox-Johnston arrives at Falmouth, England, on Tuesday, completing the first solo non-stop voyage around the world. (UPI telephoto)

## Yachtsman Ends Epic World Voyage

FALMOUTH, England (UPI)—Robin Knox-Johnston had one month-long stopover in Sydney, Australia, along the way.

"You've no idea how nice it is to see you all here."

Robin Knox-Johnston, 30, who was turned down by the Royal Navy for failing a physics exam, but went on to become a master mariner, sailed his 32-foot ketch Suhaili into Falmouth harbor at mid-afternoon.

His first visitors aboard were British customs officials—a purely regulation bit of irony since Knox-Johnston had not touched land since leaving Falmouth on his epic 29,500 mile odyssey last June 14.

The completion of his voyage won for Robin the "Golden Globe" award offered by the London Sunday Times which sponsored the solo sailing contest.

Wearing a bright orange parka, a beard and wide grin, Knox-Johnston sipped wine, whisky and cold beer in triumphal toasts as the weather-beaten ketch rode over whitecaps into the harbor, where another lone yachtsman, Sir Francis Chichester, ended his round-the-world feat two years ago. Chichester, however,

## Army Engineers To Have Funds Curbed

PORTLAND, Ore. (UPI)—The Army Corps of Engineers proposed budget cuts in the Northwest and Alaska will receive \$38.5 million less in the amended budget for fiscal 1970 than in the original budget proposed in January, the corps reported today.

The reduced spending will mean delays of up to one year for power production totaling 1,537 megawatts, a spokesman said.

Major cuts in the budget of the North Pacific Division were included in the amended budget for Libby Dam in northwestern Montana, Dworshak Dam in central Idaho, and the Dalles Dam between Washington and Oregon. Lost Creek Dam in Oregon and the Snettisham Hydroelectric project in Alaska.

In response to an inquiry, the corps said the largest power de-

The cut of \$33.5 million represents 20 per cent of the originally proposed budget for the division. Total now recommended is \$150 million.

Other cuts include Wynoochee Reservoir in Washington from \$5 million to \$750,000 but that project would not produce power. Asotin Dam on the Snake River was eliminated as a new start.

Brig. Gen. Roy S. Kelley, division engineer, said he hoped funds carried over from the current fiscal year ending June 30 could be used to award the main contract for Lower Granite Dam on the Snake River.

The other cuts are Libby \$52.0 million to \$18.5 million, Dworshak \$19.7 million to \$14.7 million, Lost Creek \$5 million to \$1.75 million and Snettisham \$1.75 million to \$2.2 million. At Libby Dam completion of the reservoir will meet the 1972 date provided in the Columbia River Treaty with Canada but the first power of a planned 420 megawatts will be delayed a year to 1973.

Delays at Dworshak will affect 400 megawatts and at Lost Creek 49 megawatts.

## Apollo 'Voice' Loses Post

SPACE CENTER, Houston (UPI)—Paul Haney, the world-famed "Voice of Apollo," Tuesday has lost his job as chief spokesman for the manned spacecraft center and ordered to report to a new alternative besides the appeal Monday, leaving the Space Agency job in Washington completely, or going to Washington, beginning next Monday. Schaefer said the move would "make the best use of Paul's talents."

A spokesman in the office of Julian Schaefer, chief Space Agency public affairs officer in Washington, said later that Haney had already accepted the new job as special assistant to Schaefer. Haney, however, said "that is an untruth."

# Auxiliary Endorses Women

BURLEY — Mrs. Lois Matheny, Eden, has been endorsed by the fifth district American Legion auxiliary as a candidate for department president.

Mrs. Norma Brown, Ellert, was endorsed as national vice presidential candidate. The action was taken at the spring convention for fifth district Legionnaires at auxiliary members at the Burley American Legion hall Sunday.

District auxiliary officers selected were Mrs. Olive Price, Oakley, district president; Mrs. Neta McClaine, Eden, vice president; Mrs. Rachel Judd, Oakley, sergeant-at-arms, and Mrs. Mary Shepard, Kimberly, chaplain; Mrs. Afion Buckley, Oakley, secretary, and Mrs. Agness McGill, Paul, historian.

Bennie Harmon, Dubois, state commander, emphasized the need for reverence for the flag and called upon Legionnaires to stand behind the constitution and governing body of the nation. He spoke at the evening banquet attended by both the auxiliary and Legion members.

Legion officers elected were William Hicks, Paul, district commander; Jim Nelson, Oakley, vice commander; Don McDonald, adjutant; Marvin Loos-ii, Paul, chaplain; LeRoy Leback, Paul, sergeant-at-arms.

Dignitaries attending were Lou Babbs, Boise, department adjutant; Mrs. Verna Tippets, Boise, auxiliary department president; Max Hanson, Boise, national executive committee man; Dan McClintock, Nampa, department vice president; Mrs. Matheny, auxiliary department vice president, and Mrs. Brown, national foreign relations chairman.

Mrs. Brown reported on a trip to Washington, D. C., and Marla Holyoak, Burley, national vice president of Girls' Nation, spoke on her experience as a western states delegate.

# Nevada Solon Endorses Bill On Elections

CONCORD, N.H. (UPI)—House Speaker Marshall W. Cobleigh is not about to let Nevada grab the limelight which hits New Hampshire every four years with its first-in-the-nation presidential primary.

Cobleigh said Tuesday, New Hampshire will change the date of its primary if Nevada Gov. Paul Laxalt decides to sign a measure which would make that state's primary the first in the nation.

REHEARSING FOR A BENEFIT program for the Twin Falls Music Club are members of the "Sweet Country Air," from left, Larry Anderson, keyboard; Mike Squires, guitar; Gary Lyda, drums, and Kieth Carroll, base. The band will play at a Friday benefit dance.

# UPRR Plans Industrial Development

NAMPA, Idaho (UPI)—Establishment of an industrial park development in Nampa, Idaho, was announced Tuesday by Union Pacific Railroad.

John W. Godfrey, chief executive officer of Union Pacific Land Division, said the railroad has purchased 68 acres of land east of Franklin Blvd. and north of Interstate 80 which will be used for industrial development.

The railroad already owns acreage in the area bringing to 81 acres the amount of land to be included in the proposed development. The Nampa City Council, acting under suspension of the annex, passed an ordinance annexing the tract Monday night.

Suspension of the rules was requested by the railroad and Boise Cascade Corp. Boise Cascade recently announced plans to construct a corrugated container manufacturing plant on a 10-acre site within the new industrial park.

Godfrey said that the new development is part of an industrial development program, which since Edd H. Baily became president of Union Pacific in 1965. More than \$50 million has been spent to acquire industrial land by Union Pacific during that time.

# Benefit Dance Is Set For Music Club Scholars

The Junior High Junior Music Clubs from Robert Stuart and O'Leary junior high schools will sponsor a dance from 7:30 to 10:30 p.m. Friday in the Bishop Rhea auditorium of the Episcopal Church.

All proceeds will be given to the scholarship fund to be used for summer music camps and for graduating seniors who will be entering college and universities this fall as music majors.

Dance music will be furnished by the "Sweet Country Air," a popular junior high group with Larry Anderson, manager, organist and vocalist; Mike Squires, guitar; Keith Carrell, bass guitar, and Gary Lyda, drums. Members of the group are contributing their services for the dance as a donation toward scholarships.

Everyone of junior high age is invited to attend.

# FAILURE NOTED

WASHINGTON (UPI)—J. George Harrar, president of the Rockefeller Foundation, told the House inter-American affairs subcommittee Tuesday the "ultimate goals of the Alliance for Progress in Latin America have not been reached" and will not be "by any early foreseeable date."

# Judge Denies Pleas From Gem Inmates

BOISE (UPI)—Fourth District Judge W.E. Smith has denied petitions for writs of habeas corpus sought by 12 inmates of the state prison.

In a five-page written opinion, Judge Smith ruled on rights of parole violators. His opinion was based on allegations of the inmates who submitted petitions on identical forms with blanks filled in differently by each of the prisoners.

Each petitioner claimed his rights were violated at the time of arrest for an alleged parole violation. Each alleged he was not represented by counsel or given a hearing before a judge, court or judicial tribunal at the time of arrest on the parole violation charges.

Smith said that under Idaho law, an inmate has the right to a hearing before the Board of Correction on a parole violation charge.

The judge said that when a man is sent to the prison he leaves jurisdiction of the judicial branch of government and comes under the executive

## Robert Taylor Funeral Services

## 4 Teachers Accept Posts In Minidoka

**JEROME**—Robert Fred Taylor, 50, died Monday in Kingsburg, Calif., of a brief illness. He was born in Texas on Aug. 15, 1888, and married Ollie Frances Winters on Oct. 3, 1906, at Blair, Okla. His wife and daughter preceded him in death. Mr. Taylor lived in Jerome for many years, where he was pastor of the Church of Christ. In 1948 he moved to Traver, Calif., where he retired in 1956. Surviving are two daughters, Mrs. Elsie Dayley, Hazelton, and Mrs. Connie Askew, Clovis, Calif.; five sons, Jess Taylor, Salem, Ore.; Robert Taylor, Jerome; Rex Taylor, American Falls; Joseph Taylor, Portland, Ore.; and Roy Taylor, Santa Clara, Calif.; 28 grandchildren and 40 great-grandchildren. Funeral services will be held at 2 p.m. Friday in the Wiley Funeral Chapel, with Minister Don Wilson officiating. Friends may call at the chapel from 1 p.m. Thursday until time of services. Burial will be in Jerome Cemetery.

**Mrs. Caroline (Carrie) Elizabeth Walston**, 2 p.m. Thursday, Thompson Chapel, Gooding.  
**John H. Nye**, 10:30 a.m. Thursday, Reynolds Chapel, Twin Falls.  
**Mrs. Mary E. Seeds**, 2 p.m. Thursday, Joseph Payne Memorial Chapel, Burley.  
**Mrs. Grace Hanna Roberts Griffin**, 10:30 a.m. Thursday, Buhl Cemetery.

**RUPERT**—Four new teacher contracts were signed this week by the Minidoka School board. They are Gary Frisch, science and assistant coach at Minico High School, Aton Patrick, first grade; Albert Vaughn, elementary athletic assistant and teacher, and Mrs. Harry Ridge, elementary teacher. Supt. Camden Meyer said eight more elementary teachers are needed. The trustees granted an easement on the Paul school property for an alleyway behind the school.

## Army Engineers Plan Project To Curb Floods

**WENDELL**—Alvin Reading, 75, Pocatello, died in a Pocatello hospital following surgery for a spinal injury he received in a car accident enroute home from Rivera, Ariz., where he had spent the winter. Mr. Reading was born and raised in Buhl and formerly owned the Wendell Irrigationist. He is survived by his widow, Ruth, and two daughters.

**WASHINGTON (UPI)**—Sens. Frank Church and Len Jordan have been advised that the Army Corps of Engineers will transfer \$40,000 from other projects to complete pre-construction planning of the Cottonwood Creek and Stuart Gulch flood control projects in Boise in fiscal 1970. The corps had originally planned to complete advanced engineering and design work on the two projects in the fall of this year, but the schedule had to be altered because of major changes in the hydrology design criteria for both projects.

## T. F. Canning Kitchen Will Operate, Prices Increase

Housewives of the Twin Falls area will be able to use the community canning kitchen facilities again this year although there may be a slight increase in costs. Sharp was reelected secretary-treasurer. Board members set May 1 and 2 as work days to get the kitchen ready for the coming season and urged all men who can, come to the kitchen on those days to help with minor repair and maintenance jobs. July 8 is set tentatively as the opening date, and with a good fruit season anticipated Mrs. Sharp said all chili canning will have to be in July. Appointments must be made at the kitchen for canning chili or pork and beans.

This was announced Wednesday by Mrs. J. H. Sharp, manager and secretary-treasurer of the Twin Falls Canning Kitchen Inc. Mrs. Sharp said members of the board of directors decided in a meeting at her home Tuesday night to increase charges from one-half to one cent per can. This will offset the increased cost of cans to the kitchen and the higher salary scale now required. She said about 60 to 70 persons, a near record turnout, attended the general membership meeting. Three directors were elected, including Dick Wise and Mrs. Don Hime, who were reelected, and Paul Newmann, Buhl, a new director. Mr. Wise was named president of the board and Frank Walton, vice president. Mrs.

## Nixon Seeks To Regain Status In California

**WASHINGTON (UPI)**—President Nixon has decided that he would once again like to become a voter in his native state of California. John Ehrlichman, counsel to the President, said that whether Nixon registers in California will depend on whether he buys a house in that state. Nixon and his wife, Pat, have been looking for a home in the ocean front area of San Clemente, in Orange County, Nixon grew up in Orange County, in Whittier.

## Wool Pool Is Scheduled In Lincoln

**SHOSHONE**—The Lincoln County Marketing Association will accept bids on the Lincoln County wool pool of approximately 8,200 to 8,500 fleeces at 2 p.m. Friday at the Lincoln County Court room. Bids may be sent or called to the County Extension Agent's office prior to this time. A portion of the wool is in the warehouse, Shoshone, and buyers are welcome to look at it. The pool is comprised of 57 farm flocks from Gooding, Jerome, Camas and Lincoln counties. The Elmore County pool will be sold in Shoshone at the same time and place. The Minidoka County Pool will be sold at 2 p.m. Thursday, the Cassia County pool at 4 p.m. Thursday and the Twin Falls County pool at 10 a.m. Friday each in their own counties. Information can be obtained from the county extension agent's offices in the respective counties.

## Railroad Fined \$250 For Parking

**FREMONT, Calif. (UPI)**—Municipal Court Judge M. O. Sabraw has fined Southern Pacific Railroad \$250 again for illegal parking. He handed down the penalty Tuesday because a 62-car freight train blocked Fremont's main street for 25 minutes. The railroad had a line a month ago when another train blocked another street for 30 minutes.

# Idaho potatoes are very hot.

Just last year we introduced our contract in Idaho potato futures on the Chicago Mercantile Exchange. We wouldn't have introduced it if we didn't think it would be useful, but even we have been surprised by its "overnight" success. A number of Idaho potato growers have already found that hedging a portion of their crop can be a

means of obtaining more working capital with which to increase their volume. Hedging can also be a great protection against adverse price changes. It's a relatively simple transaction by which producers of perishable commodities can transfer much of the risk of price fluctuation to speculators—people whose business it is to take risks in the

hope of profit. The Chicago Mercantile Exchange is the marketplace for the transfer of these risks. We'll be very happy to supply you with our booklet on potato hedging if you'll just write to us at the address below.

**Steps Taken Against Lead Poisoning**

HARRISBURG, Pa. (UPI) — Pennsylvania has taken steps to reduce the possibility of lead poisoning in children—a hazard which threatens the young nationally.

Since most lead poisoning occurs as a result of eating chipped paint, standards of the state health department now provide that "when interior painted surfaces are readily accessible to children, paints shall contain less than one per cent lead by weight."

Previously, the standards specified only the use of "non-toxic" material.

Wesley E. Gilbertson, deputy state health secretary of environmental protection, said a study of lead poisoning in children conducted over a 10-year period by the Philadelphia Public Health Department showed a total of 889 cases in the city that resulted in 77 deaths, predominantly in the pre-school age group.

Gilbertson pointed out that many of the children who survived were subject to complications, including mental retardation resulting from brain damage.

**CATHIE FLAVEL** ... are the top scholastic leaders at Richfield High School. Miss Flavel, the valedictorian, is the daughter of Mr. and Mrs. Grant Flavel, while the salutatorian's parents are Mr. and Mrs. Ken Dixon. High school commencement services are scheduled for May 20.

**Cathie Flavel, Miss Dixon Lead Richfield Seniors**

RICHFIELD — Cathie Flavel, daughter of Mr. and Mrs. Grant Flavel, is valedictorian of the Richfield High School class, and Dusty Dixon, daughter of Mr. and Mrs. Ken Dixon, is salutatorian.

Miss Flavel, student body president, has a grade point average of 3.9. She was sophomore and junior class officer, won the county spelling match in 1968, is a track and basketball team member and belongs to the Pep Club, Girls League, drill team and B Club.

An accomplished pianist, Miss Flavel is a four-year seminary student and belongs to the LDS church.

Miss Dixon, who transferred from Gooding High School in her sophomore year, has a grade point average of 3.7. She won an excellent rating at the state declamation contest last year, attended the Sixth Intermountain Junior Science and Humanities symposium and won the Betty Crocker Homemaker of Tomorrow award.

Miss Dixon served two years as a class officer, a member of the Girls League, Drill team, annual staff and Pep Club. She is a member of the LDS Church and a four-year Seminary graduate.

Miss Flavel plans to attend Utah State University and Miss Dixon Ricks College, to major in medical technology.

Richfield High School commencement will be May 20.

**Nibbles Make 10-15% Of Calories**

ST. LOUIS (UPI)—Did you know that 10 to 15 per cent of a person's daily calories is supplied by nibbles?

The St. Louis health department says "this is not particularly bad, because food between meals helps some persons get an adequate diet."

"Some people have difficulty in eating all the calories they need in three meals."

A health department spokesman said that eating between meals has become a well-established custom especially among children and teenagers.

The suggestion that food eaten between meals should be planned for and counted as part of the total amount eaten during the day.

"The average snack usually provides only calories, and if eaten too close to mealtimes can crowd out other important nutritious foods," said the expert.

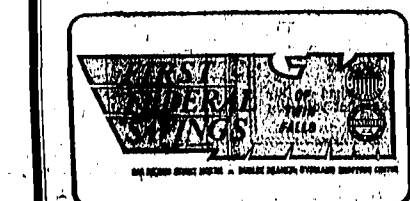

"Eating snacks too close to meals may result in not only a bulging waistline, but also in signs of poor nutrition."

"Don't give up snacks entirely, even if you are a weight watcher," said the health department. "Think of snacks as a part of your day's food ... a dessert from your meals when you snack, or when party fare mounts up your calories."

But the final warning is "make a wise snack choice."

THIS 57-YEAR-OLD structure, Gooding High School, looks deceptively sound on the outside, while conditions inside are far less than desirable, with the building fast becoming unsafe, structurally. Property owners in Gooding School District, will be asked to vote on a \$1,110,000 bond issue on May 13 to replace this building with a new, modern structure located west of the city.

### 'Ears' On Statue Perplex Council

**PHILADELPHIA (UPI)**—William Penn's statue atop City Hall has five ears.  
 Two belong to the statue. Three belong to the city.  
 The "ears" came up for discussion Tuesday at a city council hearing on the proposed capital budget. John B. Kelly, Jr., city commissioner, said he is disturbed about the "rabbit ears" used by police, fire and municipal radios.  
 "Do we have to have them coming out of Bill Penn's hat?" Kelly asked. Police Commissioner Frank Rizzo, Rizzo looked sad. Rizzo looked sorry. But Rizzo stood firm. "I'm sorry we have to do this to William Penn," the police commissioner said, but the antennae are necessary because that is the highest point in the city.

### TV Networks Clamp Lid On Violence, Sex In Fall Shows

By RICK DU BROW  
**HOLLYWOOD (UPI)**—Probably the definitive judgment on violence, a subject which haunts television, was given by presidential candidate Pat Paulsen last year.  
 "If we outlaw all firearms," he said at an 89-cent-a-plate spaghetti dinner in his honor, "how can we shoot anybody? Suppose a man goes home early and finds another man making love to his wife. What's he supposed to do . . . poison him?"  
 Paulsen, who launched his campaign from the now-cancelled Smothers Brothers series, was particularly pungent on the

subject of firearms control. And it might be well to consider how difficult it will be to wholly control fictional violence on television when the government is unable to even be truly effective in clamping down on wanton firearms use—despite the murders of Robert Kennedy and Martin Luther King.  
 There has been, nevertheless, a Senate investigation into violence and sex that has shaken the industry. And the networks have definitely cut back on violence in next season's new shows—a decision made well before the government inquiry.  
 No realist, of course, expects all of the dramatic blood and guts to be eliminated from the home medium any more than one expects it to disappear, as in a fairy tale, from the world around us. If art is in any way supposed to mirror life, it would be absurd to show it only as some kind of technicolor musical. But even aside from reality, there will be the return of an excellent series like "Gunsmoke," as well as puerile movies that have moments of rough stuff.  
 A network executive asked me some months ago how violent movie, or a sexually frank scene, or a risqué remark can shake up viewers as much as looking at the Vietnam War.  
 It is sex and violence, however, that have Congress, the networks and the public talking nowadays. The Smothers Brothers are off next season's CBS-TV schedule after a feud with the network, which is replacing them with a Leslie Uggams variety series.  
 And, by a coincidence, NBC-TV's top-rated ray "Laugh-In" series will be pre-empted by specials for eight straight weeks, not returning until June 9.  
 So with "Laugh-In" temporarily gone, the Smothers Brothers

## De Gaulle's Threat Stirs Fear

PARIS (UPI) — President Charles de Gaulle's threat to quit if the country votes against a referendum has sparked fears among many Frenchmen of a new crisis.

And if voters do turn down the president of the Senate, Charles de Gaulle's threat to quit is a little-known, quiet-mannered politician who does not support the president politically stands in line to succeed him. He is Alain Poher, president of the senate.

The 1958 Fifth Republic constitution lays down clear-cut rules for such a crisis. The constitution is still in force and Communist takeover attempt there to be applied unless some group acts unconstitutionally first.

Under Article 7, if the president dies in office or quits, he is replaced by the president of the senate until new presidential elections can be held. De Gaulle himself wants to change this provision. In place, force determined by the constitutional council.

The constitution does not say what is meant by "force majeure." Presumably, it means war or civil war that would make it impossible to hold presidential elections.

The acting president has all powers of the president except that he cannot call a referendum, dissolve the national assembly or order parliamentary general elections.

This means he must carry on with the existing government and national assembly. This man would be Poher.

Poher, 50, has been in politics since 1948 and president of the senate since last October. But he has made no outstanding mark for himself.

Today's Market And Financial Report

NEW YORK (UPI) — Stocks slipped from their best levels Wednesday, although advances held a rather sizable margin over declines. Trading was mostly active.

A news report, attributed to the North Korea News Agency, that U.S. troops opened fire at the Pusan area in a Communist mistake line apparently dampened enthusiasm on Wall Street after the market got off to a stalling start.

As activity swung into the final hour, the UPI stock market indicator was up 0.35 percent. Of the 1,806 issues traded, 783 advanced and 457 declined.

The Dow Jones industrial average, which reflects movement in 30 major stocks, showed a gain of 0.83 at 915.42 end p.m. Volume topped the 912-million-share mark.

# Debutante Plans To Marry Son Of Adam Clayton Powell

NEW YORK (UPI)—"It was just like 'Guess Who's Coming to Dinner'" said a friend of Beryl Slocum, the post-debutante daughter of one of America's top socialite families who will marry Adam Clayton Powell III next month in Washington.

Miss Slocum, 26, brought the 22-year-old Powell home last fall and her parents, the John Jeremiah Slocums of New York, Newport and Washington, opposed the match because they felt the odds against the success of a mixed marriage were high. But love had its way, and the Slocums are now reconciled to the engagement.

"Beryl has made up her own mind on many issues of the day and she has a right to live her own life," said Mrs. Slocum at the home of another daughter on Long Island Monday night. "My husband and I think Adam is a fabulous young man. I very much like the young man. They'll be married at the Washington National Cathedral by our minister."

Not since the late publisher Marshall Field's daughter Barbara married Eldridge Boggs three decades ago has the daughter of a socially select family married a Negro in such a blaze of unsought and unwanted publicity. Miss Field's romance is one of a 11 transpired in a California setting, was the inspiration for the film, "Guess Who's Coming to Dinner."

Miss Slocum and the son of the Harlem congressman by his second wife, pianist Hazel Scott, decided last winter not to go ahead with their plans because "you're simply not sure."

Powell, who was educated in Paris and at the Massachusetts Institute of Technology, is a member of the news staff of WCBS-TV in New York and enjoys the reputation of being a "keen guy" at the station. The bride-to-be is a graduate of Radcliffe College, worked briefly as a White House press aide in the last days of the Kennedy administration and has a novel and published poems to her credit.

Miss Slocum, whose mother's family was a member of New York society's original "400", was the debutante of the year in 1960 and made her bow at balls in Tuxedo Park, N.Y., and Newport, R.I. Her father is an official of the United States Information Agency (USIA).

She is a direct descendant of Myles Standish of the Mayflower Company, Roger Williams and Chad Brown, founders of Rhode Island, Nicholas Brown, founder of Brown University, and George L. Gillespie, acting secretary of war under President William B. McKinley, and Mrs. William Waite Sherman, arbiter of Newport society at the turn of the century.

# \$40,000 Suit Is Filed In Farm Death

A lawsuit asking \$40,818 in damages in connection with the death of a man on a farm near Bliss last December was filed in Fifth District Court Tuesday.

Filing the suit were Susie V. and Darrell Wanamaker. The suit is against Hill City-Bliss Farms Inc. and B. V. Visalia.

It is alleged that on Dec. 16 last year a caterpillar tractor, operated by Mr. Visalia (ran over Foster Wanamaker, killing him instantly).

Both Mr. Wanamaker and Mr. Visalia were employees at the farm. It was reported in the complaint.

The plaintiffs ask \$40,000 damages for the loss of companionship of Mr. Wanamaker and \$818 for funeral and ambulance expenses.

# Deadline On School Issue Is Thursday

Thursday is the deadline for filing nominating petitions for the trustee election in Twin Falls School District No. 411.

Dr. Ervyn Ragland, superintendent, said Tuesday the school administration office will be open until 5 p.m. Thursday but the deadline is not until 11 p.m. Friday.

Mr. Sommer is seeking reelection in Zone 5 and Mr. DeLuca in Zone 2. Only qualified school electors in those two districts are eligible to cast ballots, Dr. Ragland said.

Mr. Sommer has served on the school board for nine years. Mr. DeLuca was first appointed to fill a vacancy on the board and has been elected to one, two-year term.

Both men are seeking election to three-year terms.

The election will be from 1 p.m. to 8 p.m. May 13. Polling places will be Hekel and Lincoln Schools.

Qualifications for voting, as well as those seeking election to the office, legal residence in the zone is required; voters or candidates must be taxpayers on real property, or the parent or guardian of a child between the age of six and 21.

Nominating petitions must be signed by at least five, but not more than 10, qualified voters from each district in which a candidate is seeking election.

# Frazier Uses Left Hook To Flatten Challenger In 1:36 Of First Round

HOUSTON (UPI)—Joe Frazier, using his left hook with deadly accuracy, knocked out an outclassed Dave Zygiewicz in 1:36 of the first round Tuesday night to defend his portion of the world heavyweight championship.

Frazier jolted Zygiewicz with a left hook shortly after the opening bell and knocked him on the seat of his pants before the fight was 20 seconds old.

## Pacers Top Miami Again For 2-0 Edge

ANDERSON, Ind. (UPI)—The Indiana Pacers overcame a 15-5 Miami lead and overcame on to defeat the Floridians Tuesday night, 131-116, to take a 2-0 lead in their best of seven American Basketball Association playoffs.

## Big Inning Lets Padres Top Atlanta

SAN DIEGO, Calif. (UPI)—The San Diego Padres Tuesday night broke loose with six runs in the sixth inning, highlighted by Ollie Brown's three run homer, as the expansion club turned back the Atlanta Braves 8-4.

## Rookie Slams Door On Seattle 2-1

KANSAS CITY (UPI)—Mike Hedlund, making his first major league start, and reliever Mo Drabowsky handcuffed Seattle on three hits Tuesday night by hurling the Kansas City Royals to a 2-1 victory.

## Wood River Edges Buhl In Dual Meet

HAILLEY — Wood River won the final event, the mile relay, and topped Buhl's Indians 67 1/2-62 1/2 in a dual track meet Tuesday afternoon.

## Ferrari Will Challenge U. S. Autos

MODENA, Italy (UPI)—Enzo Ferrari is planning to build racing cars big enough and numerous enough to challenge Ford and Chevrolet on the open terrain, a company official said Tuesday.

Giulio gave no technical details of the new car. Sport sources said it was believed it will be powered by an indirect injection engine with three valves per cylinder.

nine, get up," and as he sank again, Webb counted 10 and waved his hand signifying the end.

Frazier's manager, Yancey "Yank" Durham, and Zygiewicz's manager, Perry Payne, rushed to the center of the ring and helped the glass-eyed Zygiewicz and steadied him until he could get back to his corner.

Frazier, wearing a seven-month growth of beard, was unmarked and virtually untouched in his third title defense.

Zygiewicz did hit him with two of three combinations in the opening 30 seconds before the challenger began to show respect for Frazier's punishing left.

The gutty little challenger from Houston still continued to move in and mix it with the bigger champion.

The 5-11 1/2 Frazier had a 14-pound weight advantage over the 5-10 1/2 Zygiewicz, 204 1-2 to 190 1-2.

Frazier is champion in six states and two foreign countries. Jimmy Ellis is recognized as heavyweight champion elsewhere by virtue of winning the World Boxing Association championship.

Frazier had promised at the weigh-in to give Zygiewicz "a few choice words," but he never had time because his fists did the talking too quickly.

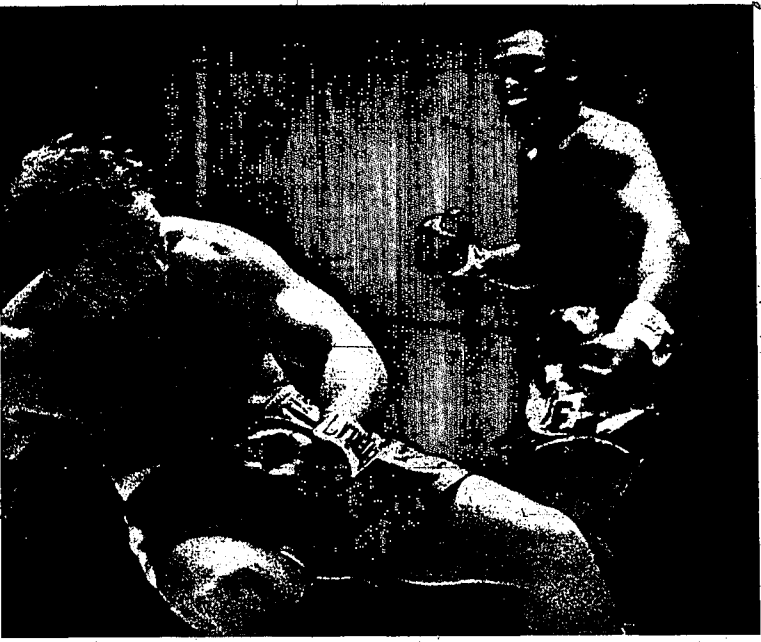

Frazier now is in position to accept a heavyweight match with Jerry Quarry of Los Angeles in Madison Square Garden June 23.

Frazier has reportedly been guaranteed \$250,000 for the fight and it could be worth \$500,000.

Ellis may meet the winner of the Frazier-Zygiewicz fight in the Astrodome in Houston or the Garden this fall.

Frazier's knockout over Zygiewicz was his 20th in 11 fights, all of them victories. The knockout was the first in Zygiewicz's 30-fight career and his second loss.

Fifteen minutes after the fight Zygiewicz was still asking, "Did he count me out? Did he count me out?"

HEADING FOR THE MAT, Dave Zygiewicz is about to become another victim of Joe Frazier. A big favorite, Frazier used a deadly left hook to dispose of the challenger in 1:36 of the first round. With the win, Frazier looks on to a clash with Jerry Quarry, probably within the next two months. (UPI telephoto)

## Brundage Demands Return Of Medals Won By Olympic Skiers

MONTREAL (UPI)—Avery Brundage, International Olympic Committee president, has demanded the return of all Alpine skiing medals won during last year's Winter Olympics at Grenoble, France.

Brundage filed his demand, it was reported, with the Fédération Internationale de Ski (FIS), the world governing body of skiing, over the issue of commercial subsidizing of some skiers.

Among skiers who would be affected, the Star said, were Canada's Nancy Greene, gold medalist in the giant slalom and silver medalist in the slalom, France's Jean Claude Killy, winner of all three men's Alpine events, Austria's downhill champion Olga Pall, and France's Marielle Goetz-Scovel, gold medalist in the slalom.

Lin Macdonald, sportswriter for the Star, said that Brundage, in a telephone interview, had confirmed his action. Brundage was quoted as having said the FIS had replied that the medals would be outside the FIS jurisdiction, and suggested that Brundage deal with National Olympic Association.

"The letter I wrote to the FIS people said that inasmuch as some authorities and competitors have admitted they did not abide by Olympic regulations, then we want to know when we will get the medals back," Brundage was quoted.

Brundage also said he planned to pursue the matter further. "We want the medals returned," he said.

While individual competitors have on rare occasions been asked to return Olympic awards for alleged violation of purist amateur rules—a notable case was Jim Thorpe, the U.S. track star—it was believed this is the first time an entire competitive sport has been implicated in such a move.

Both Miss Greene and Killy were unavailable for immediate comment. Miss Greene, who has criticized Olympic rules in the past as being based on archaic concepts, has since retired from amateur ski competition.

## Canadians Grab 3-2 Playoff Edge

MONTREAL (UPI)—Claude Provost scored twice Tuesday night as the Montreal Canadiens took a 3-2 game advantage over the Boston Bruins with a 4-0 victory in their best-of-seven Stanley Cup semi-final series.

The Canadiens lead the series 3-2 with the sixth game to be played in Boston Thursday night. It has been a homer series so far with the home team winning each of the first five games.

Provost scored early in the second period on a fine pass played by Ralph Backstrom. He added the insurance tally in the final period when the puck rebounded into the Boston cage after striking Bruins defenseman Bobby Orr on the leg.

Provost took a shot from the boards and the puck hit Orr, who was standing in front of the Boston net.

Currently she is on a skiing honeymoon following her marriage to Al Raine, coach of the Killy, who has also retired from amateur competition, recently was making a cross-continent promotional tour on behalf of a ski manufacturing company, but his present whereabouts were not immediately known.

The Star report said the issue came to light in a routine report by Rae Grinnell of Ottawa to the Canadian Amateur Ski Association on a recent meeting in Wiesbaden, Germany, of the FIS. The Grinnell report was released Monday.

## Bengals To Run In Colorado

POCATELLO — Jim Wharton and Larry Lewis will lead Idaho State to Boulder, Colorado for the University of Colorado Relay in Friday and Saturday.

Wharton and Lewis posted fantastic marks Saturday in leading ISU to 2nd place in a two-team meet in Salt Lake City last weekend. The Bengals might have won it all had they been able to use a couple of those out for Olympic football.

Lewis ran a 46.6 440, third fastest in the nation this year. Wharton also ran 440 yards, over ten lengths of intermediate hurdles in a 4:13 clocking. 2nd fastest in the U.S. Then both came back and led the mile relay team to a 3:16 and a big win.

### Giants Snap Dodger Skein In 6-0 Tilt

LOS ANGELES (UPI) — Bobby Bonds hit a two run homer in the fifth inning to pace the San Francisco Giants to a 6-0 victory Tuesday night over Los Angeles, a game that snapped the Dodgers six-game home winning streak.

Ray Sadecki settled down after giving up four hits in the first two innings to hurl a six-hit shutout and became the first lefthander to defeat the Dodgers this season. The win made his record 2-1.

The Giants scored two unearned runs in the fourth inning as Cesar Gutierrez was safe on an error, reached third on Willie McCovey's single and scored on Jack Hatt's sacrifice fly. Dave Marshall then doubled in McCovey.

# Harrelson Comes Out Of Class B Schools Slate Three Sub-District Meets; Twin Falls, Wood River Host Invitationals

## Three-Day 'Retirement' To Join Cleveland Club

NEW YORK (UPI)—Ken Harrelson ended a three-day "retirement" Tuesday and agreed to play for Cleveland, thus culminating last Saturday's deal between the Indians and the Red Sox.

The 27-year-old Harrelson, who stated "last Sunday, he would retire rather than report to Cleveland," signed an agreement with Indians president Gabe Paul after a 12-hour deliberation in the office of Baseball Commissioner Bowie Kuhn.

Paul said that Harrelson would be in Cleveland Wednesday and in uniform against the New York Yankees. He said the Indians would honor Harrelson's contract with the Red Sox and that additionally, Harrelson had signed a one-year contract for the 1969 season. Paul, however, refused to discuss terms of the contract and would not say if Harrelson had received any other fringe benefits.

"I'm glad to be back playing baseball," said Harrelson. "As you know, I have a strong feeling for Alvin Dark (Cleveland manager). I think we have

The Class B schools begin with Wendell's Ralph King and their elimination steps toward Kirk Dennis. That's a tough state honor, Twin Falls hosts the annual Hank Powers Invitational in the highlight this week's track action in Magic Valley.

The North and West side sub-districts will be run at Gooding State at 2 p.m. Friday while the Southside will go at either Burley or Wood River Tuesday afternoon. Twin Falls' Hank Powers events is slated for 3:30 p.m. Friday.

The top three finishers in each of the sub-district events will advance to district finals the following week with three qualifiers from each to regional and the last three going into state May 16. The Class A teams have only one preparatory tournament prior to state and will have conference meets the first week of May.

The Westside again appears to be the toughest sub-district with powerful Wendell, quality conscious Hagerman and Glenns Ferry boasting most of the strength with Blaine, Gooding State and a partial Valley team. Wendell should win by team points but there will be some attrition in this one with fourth place men leaving the sport when in reality they might be good enough for fourth in the district.

The toughest will be the hurdles where multi-champion Tom Overlie of Hagerman battles

Pocatello will bring the defending state sprints champion in Monroe, who has a 56-1 best so far, and Skyline brings Paul Foyersend who must race as the man to watch in all three sprints. The Grizzlies' Rich Rennie will meet Minico's Dave Martin in another good hurdle dual and this will prep the EIC championships the following week.

From the half-mile on up Twin Falls should reign, in a tie's Cleaves of Highland has come along in conditioning to attain the times he managed last year. The Bruins also should be well up in the relays and pick up enough auxiliary points in their off-suits — sprints and hurdles — to be the team to beat.

## High Water Restricts Off-Season Fishing

Eager fishermen are fighting 12 to 14 inches of water running over the access road and high, muddy water conditions to get at some fair to poor fishing in Mormon Reservoir.

Bob Boyd, district fish biologist for the Idaho Fish and Game Department, said some fishermen have had some success.

One of the top fisheries in Southern Idaho, Mormon is open to year the access road and currently free of ice.

In other fishing news, Bell said the flood control work of the Army Corps of Engineers has had little, if any, detrimental effect on area fisheries.

"We have received excellent cooperation from the Corps," Boyd said. "Most of the work done on the Big Wood River through Tuesday has been in office levels, nature outside the creek beds. There has been very little work in the creek. The Corps has been hauling in fill material from several locations, including some minor operations in the Hailey area."

He said the same was true of work in the Big Lost River, but as yet that stream hasn't reached any flood condition.

"We've had some good news from the Mackay reservoir was ermaster, too," Bell continued. "The water district will not draw Mackay reservoir below 5,000 acre feet and that will be a big relief to us. We were afraid if they drew it down much lower or even emptied it we would lose that fish population downstream."

In looking toward opening weekend of the general season, Bell said it didn't appear fishermen would have a good time of 1968 and last year, both low water years.

"I think we will see a concentration of fish in the selected places, like Riley Creek and the Hagerman-Valley area spring feed streams and ponds, the Snake Creek and some of the clearer reservoirs," like Sublette," he said.

## Boston Raps Four Homers To Win 8-3

BOSTON (UPI)—The Boston Red Sox hammered four homers, including a three-run blast by Tony Conigliaro, in the fourth inning Tuesday to beat the New York Yankees 8-3 and give Ray Culp his third straight victory.

Mike Andrews, Rico Petrocelli and Carl Yastrzemski also homered for Boston, all with the bases empty, while Joe Pepitone was the victim of a two-run homer for the Yankees.

Conigliaro's homer, his third, came off starter and loser Stan Bahnsen, following singles by George Scott and Dalton Jones and broke a 2-2 tie.

Bahnsen, charged with his fourth straight loss, also was the victim of a two-run homer in the fifth and Petrocelli's fifth in the second. Yastrzemski's second homer of the season came in the seventh inning off reliever Don Nottlebart.

## Fingers Hurls Oakland Past Twins 7-0

MINNEAPOLIS (UPI)—P. A. U (UPI)—Roland Fingers, a 22-year-old rookie right-hander, pitched a five-hitter in his first major league start Tuesday to give the Oakland Athletics a 7-0 victory which snapped the Minnesota Twins' seven-game winning streak.

## Redslobber Astros 14-0 With 18 Hits

HOUSTON (UPI)—Tony Perez slammed a two-run homer and Johnny Bench drove in five runs with two doubles and a single Tuesday night to feature a 14-0 victory that carried the Cincinnati Reds to a 14-0 romp over the Houston Astros.

## Stoneman Blanks Cards For Montreal

ST. LOUIS (UPI)—Bill Stoneman, appearing for the first time since his no-hitter, pitched the Montreal Expos to a 2-0 victory over the St. Louis Cardinals Tuesday with Rusty Staub delivering a run-scoring single in the first inning and Jim Jones hitting the first home run of the season in the ninth inning.

## CSI Netters Win 5-4 Over Crusaders

Larry Lett and Jerry Miller won a deciding double over Wayne Wagonmout as the College of Southern Idaho Netters squared off with the Crusaders in the singles match.

Blanke and Thurston were the stars in the first doubles match by Bohartz and Ecker, 2-0, 9-11, and the Wagonmouts were defeated by the Skeen brothers.

The Westside again appears to be the toughest sub-district with powerful Wendell, quality conscious Hagerman and Glenns Ferry boasting most of the strength with Blaine, Gooding State and a partial Valley team. Wendell should win by team points but there will be some attrition in this one with fourth place men leaving the sport when in reality they might be good enough for fourth in the district.

Reichhardt's slug came in the first inning, scoring Vic Davillio and Fregosi who had singled and advanced on Johnson's sacrifice. The home run came off reliever Bob Priddy with the bases empty in the eighth.

Pepitone collected his second homer of the season after a single by Davillio in the fifth, the finishing blow against starter and loser Tom Seaver. Ellis took his second loss on a five-inning stint in which he allowed six hits and five earned runs.

Reichhardt's slug came in the first inning, scoring Vic Davillio and Fregosi who had singled and advanced on Johnson's sacrifice. The home run came off reliever Bob Priddy with the bases empty in the eighth.

## California Hits Chisox For 8-0 Win

CHICAGO (UPI)—Rick Reichhardt hit three runs with a homer and a single and Jim Fregosi and Jay Johnstone hit two-run homers Tuesday to back up Jim McGlothlin's eighth-inning homer for an 8-0 triumph by the California Angels over the Chicago White Sox.

Reichhardt's slug came in the first inning, scoring Vic Davillio and Fregosi who had singled and advanced on Johnson's sacrifice. The home run came off reliever Bob Priddy with the bases empty in the eighth.

## Tigers Rally In Ninth To Tip Solons

WASHINGTON (UPI)—Dick McAuliffe tripled in two runs in the ninth-inning and scored on Solons' sacrifice fly Tuesday night to give the Detroit Tigers a come-from-behind 4-2 triumph over the Washington Senators.

Peteran Camilo Pascual took a one-hitter into the ninth inning but pinch-hitter Tom Matchick led off with a single and Gates Miller's sacrifice fly Tuesday night to give the Detroit Tigers a come-from-behind 4-2 triumph over the Washington Senators.

## Pirates Stun Chicago In Twin Bill

PITTSBURGH (UPI)—Bob Robertson's tie-breaking sacrifice fly and Willie Stargell's grand slam homer powered Pittsburgh to a 6-5 victory over the Chicago Cubs and a doubleheader sweep Tuesday after the Pirates rallied behind Chuck Hatenstein to win the opener 7-5.

The Pirates pulled the Pirates within a half game of first-place Chicago in the Eastern Division of the National League and extended the Cubs' losing streak to three games.

## Stoneman Blanks Cards For Montreal

ST. LOUIS (UPI)—Bill Stoneman, appearing for the first time since his no-hitter, pitched the Montreal Expos to a 2-0 victory over the St. Louis Cardinals Tuesday with Rusty Staub delivering a run-scoring single in the first inning and Jim Jones hitting the first home run of the season in the ninth inning.

## Baltimore Signs No. 2 Draft Pick

BALTIMORE (UPI)—The Baltimore Orioles announced Tuesday the signing of second-round draft choice Ted Hendricks, All-American defender from the University of Miami.

# Message Network Flops

FREEHOLD, N. J. (UPI) — There will be no more going down to the sea in bottles for Terrence Weber.

Older and wiser, like a more ancient partner, Weber sadly admits that his scheme for sending bottle messages around the world via oceanic currents has turned out a complete flop. "I don't plan to do it again," said the 41-year-old copywriter, ex-Navy man and inveterate beachcomber.

Two years ago Weber had a "message" in his wife's name. It was a service for repressed romantics in which, for \$2, Weber would put their messages in wine bottles, stop the bottles with wax, and jetison the bottles into the Atlantic from his 25-foot sailboat.

The thrill of waiting six months, a year — "Maybe a hundred years" — for an answer was the scheme's appeal. Weber advertised his service in newspapers.

"Send your own personal message in a bottle to an unknown beachcomber in a far-off corner of the world," urged his newspaper advertisement. "Nothing happened," Weber said. "We only got three responses."

And to this day Weber said he has heard nothing from his three customers to indicate that their messages have been picked up by some beachcomber on some far-off shore.

Weber used his knowledge of ocean currents to estimate that the bottles would be carried to the British Isles and then down the European coast, possibly as far as Africa, at about five miles an hour.

Weber was asked whether he thought there were many romantics left.

"I guess not," he said.

# Golden Spike Of Utah Fame To Return 'Home'

SALT LAKE CITY (UPI) — The golden spike that connected the two segments of the transcontinental railroad 100 years ago returns to Utah Saturday.

A delegation of Utahns will escort the spike from Sacramento, Calif., to Ogden, where it will be formally accepted by Gov. Calvin L. Rampion.

It will then be displayed in the Capitol's Gold Room and will be used in the May 10 Golden Spike Centennial ceremonies at Promontory Summit.

The spike, fashioned in 1869 from 100 of gold, is usually displayed at the Stanford University Museum in Palo Alto, Calif. This week it is being exhibited in Sacramento under the Sacramento Golden Spike Centennial Committee.

The Utah delegation will be present at groundbreaking ceremonies for the "101st Four Building" Friday. The structure is named for the men who built the Central Pacific Railroad, now the Southern Pacific.

Following the dedication the spike will be moved to the Southern Pacific Station in Sacramento in a restored Wells Fargo Stagecoach to begin its trip back to Utah.

THREE PERSONS DIED in this inferno in San Francisco, when a four-alarm fire burst through a series of flats in the Richmond district. Damage was estimated at \$200,000 or more. The victims were Mrs. Joan Sutton, her 7-year-old daughter Susie, and their housekeeper, Mrs. Elsie De Roche. The fire made 21 persons homeless. (UPI telephoto)

# Vote Age To Be Lowered By Germans

BONN (UPI) — West Germany's political parties are hoping to calm restless youth by lowering the voting age to 18.

Only the Neo-Nazi object. Legislators in the city-state of Hamburg acted in March to lower the voting age from 21 to 18 years. To be elected to the Hamburg state legislature, a candidate need now be no more than 23 years-old.

In all the other 11 states, Chancellor Kurt Georg Kiesinger's Christian Democrats, Foreign Minister Willy Brandt's Social Democrats and the opposition Free Democrats have pressed themselves in favor of similar action. But most prefer the matter be decided on a national level, and Kiesinger and Brandt have promised it will be.

In a debate in the legislature of North Rhine-Westphalia, largest of the states, deputies reasoned that lowering the voting age would strengthen youth's sense of political responsibility and perhaps a diverse ten-and-a-half revolutionaries who now feel they can make their views felt only by street demonstrations or sit-in strikes.

But the National Democrats, a small party generally termed "Neo-Nazi," opposes dropping the voting age. National Democratic leader Adolf von Thadden believes youth lack the experience necessary to vote wisely. He says kids who strike or demonstrate ought to be put in labor camps instead of being given the vote.

# Budget Director Says Management Of State Funds Is Idaho's Biggest Problem

BOISE (UPI) — State Budget Director James A. Defenbach told the Boise Kiwanis Club Tuesday that money management and not money is the biggest problem confronting state government.

Defenbach said he felt the 1969 not, at the present time, have for the forthcoming biennium. Insofar as appropriations were concerned and he believed some of the management controls the lawmakers tried to establish.

He said the legislature cracked the half-billion-dollar mark in spending for the first time in history when it appropriated \$585.9 million from general and special funds. He said that 80 per cent of the record \$20.7 million general fund appropriation will be spent on health, education and welfare.

"In my opinion, all agencies of state government receiving support from the general fund have been adequately funded," Defenbach said.

He said, however, that it is one thing to allocate more than a half-billion dollars to many agencies in state government and quite another to provide the necessary management controls with which to administer this sum of money.

"In my personal opinion, this is an area where the state of Idaho has been sadly neglected," Defenbach said. "We do not, at the present time, have an adequate fiscal information system nor an adequate management information system."

"Quite frankly, in the last decade or so, we have had a storm of control measures in some areas and almost complete stagnation in others when we consider the problems and the challenges of fiscal development."

Defenbach said that Idaho needs: — A uniform, modern system of accounting. — Management information systems for the governor and the legislature in the completion of their duties. — Proper and effective management of data processing capabilities.

He said that Idaho's "farsighted" approach to the state's fiscal problems, he said that "too many times in state government there are too many Republican officials or too many Democratic officials but not nearly enough state officials."

Praising the 40th legislature for its "farsighted" approach to the state's fiscal problems, he said that "too many times in state government there are too many Republican officials or too many Democratic officials but not nearly enough state officials."

## Wedded Life Is Open Road For Truck-Driving Couple

By PATRICIA McCORMACK

NEW YORK (UPI) — Take one happy marriage of 25 years. Subtract four children who fly from the nest. Add one husband who travels. What you have left at the lonesome heart: one wife and one member enveloped by an empty house.

The drama's a familiar one along main street, U.S.A. Some women solve it by getting hooked on soap operas, knitting needles or psychiatrists.

Not so with Mrs. Vida Lee Barbree, sometimes of Bainbridge, Ga., and Jacksonville, Fla. — but mostly, of late, postal address that could read:

"Any Place, U.S.A."

Mrs. Barbree's place, she decided, was beside her husband once the children all left. He is a driver of a long-haul trucking van. She qualified 18 months ago to be a driver of vans.

"I just went off to drive, too," she said in an interview. "I was all so I could see my husband more than once every six weeks."

The five-foot-five southern lady said she drives four hours and her husband four and so on across the country. They make trips from East to West Coast or vice versa in three days — sleeping and driving.

Their tractor has a bunkbed, television, hi-fi and hot plate. Mrs. Barbree said her husband snores a bit, but it doesn't disturb her when it's her four-hour turn at the wheel. Engine rumbles down him out.

"At toll booths," she said, "men collectors do a double take when they see a woman behind the wheel. Then they look at all the papers, see they are in order and wave me on. But they always have a dumfounded look as I pull on down the turnpike."

Mrs. Barbree helps her husband drive household loads, 90,000 miles a year, but she's also good at other things in the moving business. She is associated with, Lyon Van Lines Inc. of Los Angeles, Calif.

"I help to take inventory and load and unload the fragile things," she said.

When the two travel, which is always, they take clothes for all seasons, keeping them in a trunk in the trailer. When they stop, every so often, they wait long enough to have clothes for the next week or so cleaned.

"I enjoy the beauty of travel," she said. "People ask what's the prettiest place. I say there's something beautiful every place in America if only you're of a mind to find it."

Mrs. Barbree said, it was natural to join her husband in the moving business. Through 25 years of marriage she has helped him in business, including an auto body and paint shop.

An accountant by training, Mrs. Barbree said she and her husband hope to retire to their farm in Georgia in a couple of years. "To raise hogs and geese."

She is in her mid-forties. He is, too.

"He is the better driver," she said when asked. "But if you asked him, he would say I am a very good driver, too."

He is, too.

Many women can work out the empty-nest syndrome the way Mrs. Barbree has but she swears by the worth of continuing to work with your mate — once the children are grown and gone.

## Judy Gillett, Langdon Marry In Buhl Baptist Ceremony

BUHL — Before a background of hot pink and pale pink fantasy and peony feather flowers, Judy Gillett, daughter of Mr. and Mrs. Dean Gillett, and Laurence Langdon, son of Mr. and Mrs. L. Langdon, all-Buhl, exchanged nuptial vows April 5 at the Buhl First Baptist church. Rev. Floyd Austin officiated at the evening double ring ceremony.

Completing the background setting were wrought iron candleabra with white tapers. The candleabra were designed and made by George Ayers for the wedding, and were donated to the church by the bridal couple for future occasions.

The bride, given in marriage by her father, wore a lace daisy pattern gown with white peau de soie. Seed pearls outlined the sleeveless bodice and rounded neckline as well as the short train which was attached on the yoke. The gown was made by Mrs. C. R. Mc Morrow, grandmother of the bride.

The bride wore long white gloves and carried a colonial bouquet of small hot pink and pale pink feather flowers. Her bouffant shoulder-length veil was held by a band of feather flowers in the two shades of pink.

Serving as matron of honor was Mrs. Mike McGuire. Bridesmaids were Mrs. Melvin Birdwell, sister of the bride, Linda Gulitz and Sue Lapray, all of Buhl. Shelly Fisher, second cousin of the bride, and Lurle Martin, niece of the bride, were flower girls.

Mark Fisher, second cousin of the bride, served as ringbearer. He carried the rings on a pillow of pale pink velvet accented with pink lace and ribbon, made by Mrs. Judd Adams, grandmother of the bride.

Miko McGuire, Buhl, was best man and ushers were L. A. Fry, Lammers, Chuck Gillett, brother of the bride, and Melvin Birdwell, all Buhl. Taper lighters were Bob Howard and Chuck Saigast.

Mrs. Bill Wetstein, organist, played the traditional wedding music and accompanied a trio of soloists, Mrs. Bill Peterson, Linda Garrison and Arlene Garrison.

The newlyweds greeted 200 guests at the reception held in the fellowship hall of the church.

The bride's table was covered with a lace over white cloth and centered by the three-tiered white wedding cake. The cake was decorated with a spray of flowers cascading over the front with small white doves on each layer. Topping the cake was an arrangement of pink bells under an arch of pink flowers.

The cake was baked by Mrs. Carl Roland. Silver candelholders with candle rings of feather flowers flanked the cake.

Mrs. Carl Peterson and Mrs. Archie Langdon, aunts of the bride, groom, cut and served the cake. Mrs. Ben Howard served coffee and Mrs. W. T. Lammers poured punch. Both women are aunts of the bride.

Presiding at the gift table were Margaret Cahard, Jenny and Mary Peterson, cousins of the bridegroom, and Mrs. Steven Lammers. They were assisted by Karen and Leona Wier, nieces of the bridegroom, Laurence Silt and Leona Howard, Virginia Wicker was in charge of the guest book. All flowers for the wedding and reception were made by Mrs. Andy Clelland.

The couple took a wedding trip to California. They will reside at 611 11th Ave. N., Buhl.

A rehearsal dinner was hosted by the bridegroom's parents at the Langdon home April 4.

Out-of-town guests were present at the wedding from California, Oregon, Twin Falls, Lemhi, Challis, Clayton and Burley.

## Kathy Pollard Is Engaged To Joseph Cooper

HANSEN — Mrs. Betty Pollard, Portland, Ore., announced the engagement and forthcoming marriage of their daughter, Kathy, to Joseph Cooper, son of Mr. and Mrs. Dale Cooper, Hanover.

Miss Pollard will be graduated from Hansen High School in May. Mr. Cooper is a 1967 graduate of the Murtaugh High School. He has been employed by Cecil Stinger on the Uihig Ranch.

Because of Mr. Cooper's military obligation, the wedding date has not been set.

## Two Members Are Initiated

BURLEY — Ruth Rebekah Lodge initiated two new members during a meeting at 100F Hall. New members are Bill Core, Cecil Cargill and Creola Core transferred from another lodge.

Mrs. Renee Sherley, single grand, conducted the business meeting. Guests were Mr. and Mrs. R. S. Goss and Mr. and Mrs. Seth Starbuck, Saldahl, Colo. The two men spoke to the group briefly and Mrs. Goss expressed congratulations on the lodge's degree work in the Spring styles were shown in

## Mothers Club Members Hear Book Review

Mrs. Sheila Massey reviewed the book, "Oh Ye Jigs and Juleps," by Virginia Cary Hudson, when members of the Mothers Club of the First Christian Church met for their April meeting at the home of Mrs. Dale Leslie.

Co-hostesses were Mrs. Phil Schmidt and Mrs. Austin Carr. Mrs. Duane Hansen gave the opening prayer and Mrs. Jim Duffel presented the devotional service.

Members discussed buying a vacuum cleaner for the church and reports were given on the work day prior to Easter. A work day was held April 21 to make articles for the bazaar.

Mrs. Schmidt announced she would make a pattern for the program place cards for the Mother-Daughter banquet.

## Luncheon Held

A dessert luncheon was served to members of the Royal Neighbor Lodge by Mrs. Ted Samples at her home, assisted by Mrs. Grace Samples.

During the afternoon, members prepared for the Crest District convention set for May 24 at the 100F Hall.

The next meeting, May 2, will be a potluck dinner celebrating the anniversary of the lodge.

Mrs. Ollie Howard received the special gift of the afternoon.

Your age is a favorite subject when other women whisper behind your back

When facial lines start the gossip, 2nd Debut is definitely indicated. It's applied at night before retiring and in the morning before make-up. As it rehydrates the stratum corneum layer of your facial skin, lines seem to fill in—many of them disappear, others reduce to near nothingness. 2nd Debut contains CER, the only substance known that can enter the facial skin, take water-moisture in with it and retain it there. That's 2nd Debut's secret. Try it.

**DEAR ABBY:** I never thought I'd be writing to you, but I guess everybody says that. My 17-year-old sister was having problems at home in the East so my husband and I let her come live with us and our two children as we had plenty of room.

She gave nothing but trouble from the beginning with late hours, borrowing the car, etc. She was graduated from high school here and married a resident. Anyway, she came over one day last week and started telling me how "cozy" she had been with my husband while she lived here. She said she didn't tell me at the time because she

**Marian Martin Pattern**

**DEAR ABBY:** I was afraid I would send her back East. My husband is young and good looking and craves affection, but I never dreamed he'd touch a 17-year-old kid who always looked like a slob, and would probably tell me about it.

I questioned my husband; he said she was lying. I got them together and they both swore on the Bible the other was lying. Who should I believe? I am going crazy. I've never mistreated my husband before, but why should my sister want to lie to me?

**DEAR ABBY:** Right now my 8-year-old daughter is sitting in her room sulking. Why? Because I won't buy her a brassiere! Take my word for it, she has nothing to put in, but she wants one anyway. She says all her friends wear them. I've seen her friends and I wouldn't know why any of them would be wearing a brassiere.

**DEAR MOTHER:** Mothers who give in to improve their children's dispositions are letting themselves in for an endless improvement program. Tell your 8-year-old that when she needs a brassiere, you'll buy her one—but not until.

**DEAR ABBY:** A very good friend of mine promised her husband she'd quit smoking. She did, but now she chews tobacco instead, which I think is even worse. It's bad enough to see a man chewing, but a chewing woman is a disgrace. She claims a lot of women chew tobacco, but nobody knows it because they don't spit in public and they are careful not to let the tobacco juice gather in the corners of their mouth or "droil" like men do.

**DEAR LUCY:** The whole world could pray for her but unless the Lord has her cooperation, she'll continue to caw.

**DEAR ABBY:** I am 25 and single. Two years ago I decided that writing, but a chewing woman is a disgrace. She claims a lot of women chew tobacco, but nobody knows it because they don't spit in public and they are careful not to let the tobacco juice gather in the corners of their mouth or "droil" like men do.

### Rev. Nicolas Walsh Speaks At Special Meet In T. F.

Rev. Nicolas E. Walsh was guest speaker recently at St. Edward's Hall. He told of what is being done in Cali, Colombia, South America, where a program of missionary work is conducted under the sponsorship of the Idaho Diocese.

His talk was illustrated with slides showing the desperate conditions of the people in the area, including the use of pesticides, nuns and lay workers struggle with intense heat, unsanitary conditions and disease but are confronted with bandits and Communist influences," he noted. "A program of physical, moral and spiritual education is making some headway, but much work, time and prayer will be necessary if a real measure of success is to be achieved."

### Travelogue Is Given For Club

FAIRFIELD — An illustrated travelogue by Mrs. Brent Farley was the highlight of the April meeting of the Camas Club.

The students of St. Edward's School conducted an oratorical contest, sponsored by the Women of America Insurance Co. The subject was "Family Unity in Our Changing Times." Franny Florence introduced the speakers, Mary Henning and Mark Bright, sixth grade, Virginia Baugh and Cynthia Sterling, seventh grade, and Jackie Kasel and Hal Wallace, eighth grade.

William Grange presented awards of trophy plaques to the winners, Mr. Wallace, first, and Miss Baugh, second. Other speakers received pins. Judges served refreshments.

FEATURING POPULAR FLOWERING and SHADE TREES

**SUNBURST POPLAR:** This is a hardy, ornamental, shade tree, is fast growing and has few if any faults. It is of the hardwood variety, and will withstand winds and ice better than most types of the small leaf variety. The lines of its branches are bright golden yellow and its inner foliage is green. At maturity it will attain heights of 30 to 40 feet. Its resistance to disease and insect attack is great, and it presents a very minor maintenance problem.

**EUROPEAN MOUNTAIN ASH:** This is a smaller shade tree, and at maturity will attain a height of 18 to 25 feet, with approximately a 15 foot spread. In the spring large clusters of white flowers appear, followed later by flashy, orange berries that darken as the summer season progresses. This tree would be suitable for garden or street planting.

**GOLDEN CHAIN TREE:** This tree will provide you with a beautiful yellow show plant for the entire season.

**KWANZAN FLOWERING CHERRY:** This is noted as being the Weeping Weeping Cherry, Flowering Plum, Flowering Crab, Pink or shade variety, and are all available in our garden center. The Paul's Scarlet Hawthorn, Sweet Gum, Green Ash, European Sycamore, Norway Maple, Silver Maple, Colorado Spruce, Red Leaf Birch, and many more.

We are proud of our selection, and invite everyone to come out and browse around, we are sure you will notice our wide variety of Evergreens and flowering shrubs, along with plant food, insecticides, garden seeds, peat moss, steer manure, Ortho lawn and garden fertilizers, grass seed, etc.

## SIDE-SUIT PLAY TAKES THOUGHT

Everyone gets to an occasional bad contract. Overbidders get to them frequently. If you don't want to be a consistent loser, you should learn to bring these doubtful contracts home when possible.

South might well have over-called with one no-trump instead of making a take-out double. West's rather unsound raise to two spades put pressure on North but we can find no fault with his three-diamond call. South might well have passed but South was an overbidder and had two apparent stoppers in spades. Anyway, South bid three no-trump and had to play the hand there.

East won the first spade with the king and led back the four chances are that one of them would lead a third spade and give South his ninth trick.

queen and promptly played the king of clubs. West took the ace and led another spade. East cleared the suit and established his fifth spade which became the setting trick after he "got in" with the ace of diamonds.

South remarked, "I knocked out the wrong ace first."

South was correct to the extent that if the minor suit cards were reversed and the defense went the same way, he would have made his contract. But South should have attacked the diamond suit first anyway. He was almost sure to get in one diamond trick if he had led that first because neither opponent would take the first diamond.

With one diamond in he could then go after clubs. East and West could still defeat him by clairvoyant defense but the chances are that one of them would lead a third spade and give South his ninth trick.

What do you do now?  
A—Raise to three no-trump. You have nine points plus a couple of 10s. Do not consider rebidding hearts. Your partner may well have a singleton in your suit.

**TODAY'S QUESTION**  
Instead of rebidding two clubs your partner has rebid to two diamonds. What do you do now?

# S.S. Great Britain May Soon Be En Route Back To England

By JOHN SIMS  
LONDON (UPI)—The liner that was the first holder of the Atlantic Blue Ribband may soon be on her way home. More than 125 years after her launching in England, plans are being made for the return of the S.S. Great Britain.

The Great Britain, one of the three ships designed by the great British engineer Isambard Kingdom Brunel, now lies beached in Sparrow Cove, in the Falkland Islands off the southern end of South America.

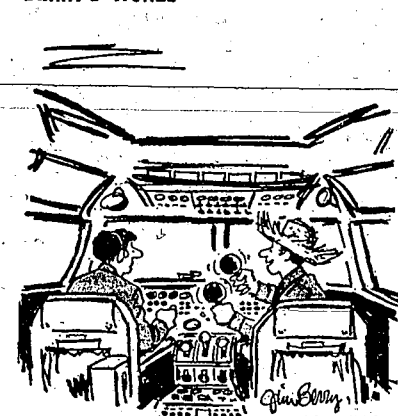

For 80 years she has been unprotected, slowly rusting and corroding in a running tide that rocks her gently back and forth in the ebb and flow.

A group of Britons feel it is a sad and forlorn sight that the Great Eastern and the Great Western, now are mere memories.

First holder of the Blue Ribband the liner awarded the fastest liner on the Atlantic run. She is the sole survivor of Brunel's marine engineering achievements. Her sister ships, the Great Eastern and the Great Western, now are mere memories.

First iron ocean-going ship.

# U.S. Sunglass Industry Booms During '68

By DEAN C. MILLER  
UPI Business Editor

NEW YORK (UPI) — Walk down any busy street—night or day, rain or shine, summer or winter—and you will see hundreds of ambulating reasons for the current boom in the U.S. sunglasses industry.

Today sunglasses are worn as much for fashion and psychologic reasons as protection. Maybe more.

"They make me feel like Audrey Hepburn," said Mary Ann Milias of Menlo Park, Calif.

"Sunglasses make life more mellow and soften the psychic glare, too," said Robert M. Abraham, Geneva, N.Y., a student.

"They're cool, man," said Mrs. Nadine Fox of Gastonia. "They feed my ostrich complex and keep the dirty wind out of my false eyelashes," explained

Barbara Herwit of Berkeley, Calif.

Because girls like to perch sunglasses on their heads in lieu of hair ribbons and change shapes and colors to match their moods, clothing and makeup... and because boys think "shades" make them look mysterious, sales were up, up, up in 1968. An estimated 20 million pairs were sold, almost four times the 1960 figure. One million children's sunglasses were sold, indicating of the market range.

"We expect at least a 10 per cent gain this year," said Charles H. Loisel, vice president of Consumer Products, Foster Grant Co., the world's leading manufacturer of sunglasses.

Establishment of sunglasses as basic fashion accessories is the big reason for the sales boom, according to Loisel. Frames now come in squares,

rounds, ovals, hexagonals, TV-screen shapes and the "aviator" look. Frame colors range from hot pinks and oranges to cool whites. Lens colors — at one time, green or gray—also are varied. And, since some people wear "shades" in rainstorms, there is a heavy demand for more lightly tinted lenses to let the light in, not keep it out.

New consumer demands have forced changes in marketing techniques.

Stores no longer pack away sunglasses displays with sun tan lotion and bathing suits. Foster Grant now begins its consumer advertising campaigns in January and holds its annual sales meetings in late August.

At the time, sunglasses were sold almost exclusively in drug and variety stores. Today, since they generate year-long impulse sales, the Leominster, Mass., Company's 10,000 outlets include

mod, discount and department stores, jewelry shops and even shoe stores.

Coat-Ray, Inc., a subsidiary of American Optical Co., is believed to be the second biggest company in sales. It has been virtually unchanged in the area of polarized sunglasses. Those have plastic lenses treated to achieve extra efficiency in filtering special types of glare.

Riviera Sunglasses of New York, the leading importer, generally is ranked third in industry sales.

In sunglasses, as in many other areas, women have taken over men's goods. Not so long ago 70 per cent of sunglasses were designed for the woman's face. Today it's split between men's and women's styles. The reason: Many women like the tailored look of men's glasses and buy them.

are the scholastic leaders of Minico High School. Miss Creason, daughter of Mr. and Mrs. Charles Creason, Rupert, is a valedictorian with a 4.0 grade average. Co-valedictorians, with 3.97 averages are Miss Wilson, daughter of Mr. and Mrs. Keith Wilson, Rupert, and Miss Nelson, daughter of Mr. and Mrs. DeVone C. Nelson, Paul.

## Minico's Top Scholastic Students Are Three Girls

RUPERT — Three Minico High School senior girls will reign as top students over this year's May 26 commencement exercises in Rupert.

Valedictorian, with a 4.0 grade-point average, is Jennifer Creason, the daughter of Mr. and Mrs. Charles Creason, Rupert.

Tying for the salutatorian position, with 3.97 grade point averages, are Charlene Wilson, daughter of Mr. and Mrs. Keith Wilson, Rupert; and Marcille Nelson, daughter of Mr. and Mrs. DeVone C. Nelson, Paul.

Idaho Supreme Court Justice Alan Shepherd will be the guest speaker during baccalaureate exercises at 2:30 p.m. May 22 at the high school gymnasium. Commencement will be held at 8 p.m. May 26, also in the gymnasium.

Three-hundred and fifteen seniors make up the 1969 Minico High School graduating class.

Miss Creason, who is president of the school's honor society, is a National Merit Commended Scholar and has been selected for "Who's Who" in American High School Students.

She was selected for participation in the scholar's program at the University of Denver and received the highest school score on the National Math Examination.

She has been a member of the girls' traveling debate team for two years and is a two-time district debate winner. During her junior year she was a Girls State delegate and is a member of the president's cabinet. Other activities include serving as vice president of the club council, treasurer of the Teenage Republicans and is active in the National Forensic League, the Radio Forensic Club, the French Club, Future Teachers of America, the American Field Service, Pep Club, Ski Club, and is the honored queen for Jobs Daughters.

Miss Creason plans to attend the University of Denver and major in math or political science.

Miss Wilson has participated in the All-State and All-Northwest Band and is a member of the school's honor society, F.T.A., A.F.S., Girls Athletic Association, and concert and pep band. She plans to attend BYU.

Miss Nelson, who plans to study business at Ricks College, has been a member of the LDS seminary program for four years and of the school's band for two years.

## Education Meet On Mental Health Set In East Gem

A mental health educational meeting will be held in Idaho Falls Saturday and interested people from Magic Valley are invited to attend.

The meeting will be held at the Idaho Falls Holiday Inn from 9 a.m. to 4:20 p.m.

Sponsored by the Idaho Mental Health Association, the meeting is designed to teach interested citizens of the problems of mental health and how to cope with those problems.

A reception will be held at the Holiday Inn in Idaho Falls at 5 p.m. Friday for mental health officials from Gooding, Jerome, Lincoln, Twin Falls 1, Bannock and Bonneville counties.

Those attending are urged to contact Mrs. Dale Buchanan, Box 676, in Idaho Falls.

## Bridge Winners

Monday Afternoon Duplicate Bridge Club met at the Episcopal Church for the fifth game of a six-week series.

North and south winners were Mrs. John Hahn and Mrs. H. L. Holmes, first; Mrs. B. E. Standlee and Mrs. Harmon Munson, second; and Mrs. Claude Deweller and Mrs. K. E. Kall, third.

East and west winners include Mrs. J. M. Kingsbury and Mrs. M. Hogg, first; Mrs. M. L. Brown and Mrs. L. J. Robertson, second; and Mrs. J. Greenblatt and Mrs. O. I. Weirich, third.

## Traffic Courts
