

RELATIVES AND FRIENDS watch the graduating seniors at Twin Falls High School file into the high school stadium for Monday night commencement exercises. The 459-member class heard addresses from Jolietta Nussbaum, valedictorian, and Piola Hawks, salutatorian. Each graduate then was awarded his or her diploma by the Board of Trustees. Parties and celebration followed the exercises for most of the 1969 graduating class.

56 Listed Missing As Australian Ship Hits U.S. Vessel

PEARL HARBOR, Hawaii (UPI)—The aircraft carrier Melbourne, flagship of the Australian navy, collided with the U.S. destroyer Frank E. Evans in the South China Sea near Vietnam and today rescue planes searched for 56 men missing from the American warship.

One man was known dead from the 23-man crew of the Evans, the outline "gray ghost" of the Pacific which was sliced in two by the Australian vessel.

The tragedy almost paralleled a disaster involving the Melbourne in 1964 when the carrier sliced through an Australian destroyer and 23 men aboard the smaller ship lost their lives.

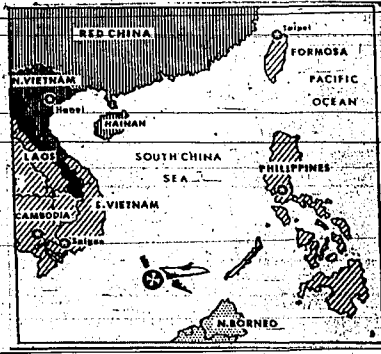

Details of the accident, 285 miles southeast of Saigon in the South China Sea, filtered slowly into the U.S. fleet headquarters here. But the Australian navy issued a statement saying that Melbourne ordered the Evans to back away from the anti-submarine screen, to change course and despite urgent action by the Melbourne a collision occurred.

A U.S. Navy spokesman declined comment on the statement by the Australian navy. "We're waiting for additional information before we can make a comment," he said. "An investigation will be held to determine what happened."

The accident occurred during maneuvers conducted by forces of the Southeast Asia Treaty Organization (SEATO).

The Melbourne sustained a four-foot hole in her bow 12 feet above the waterline, unspecified damages to the forecastle and flight deck and a broken catapult.

Helicopters and aircraft from the carrier joined the search for crewmen who might have fallen or jumped from the Evans.

MAP SPOTS THE AREA in the South China Sea about 750 miles from Manila where the American destroyer USS Frank E. Evans and the Australian aircraft carrier HMAS Melbourne collided on Monday while on maneuvers. (UPI telephoto)

459 Get Diplomas At Rites

Bruin Stadium-filled-to-capacity Monday night as friends and relatives of the 459 graduating seniors of the Twin Falls High School Class of 1969 were presented diplomas during commencement ceremonies.

The class was the second-largest ever to graduate from the Twin Falls school system. Class members earlier had been honored at Baccalaureate services at the high school gymnasium Saturday.

At the Monday ceremonies the graduates were seated on Bruin Field during the ceremonies, and spectators—forming a standing-room-only audience watched from the stadium.

Valedictorian Jolietta Nussbaum and salutatorian Piola Hawks addressed their classmates in their final school event.

John J. Wolfe, Edward R. Smith and Dr. Howard Rank members of the board of trustees, awarded the diplomas, assisted by Richard Baum, dean of Twin Falls High School.

Dr. Ernest Ragland, superintendent, presented awards, and John Lawrence, principal, presided at the ceremony.

Curtis Kinghorn, student body president, led the pledge of allegiance, and Michael Darland, school class president, presided at the presentation of diplomas.

The Twin Falls High School symphony band played the procession and recessional.

Following commencement, the graduates attended several post-commencement functions.

Gale Pounds East Coast; Damage Listed

By United Press International

Gale-force winds, lightning, hail, heavy rain and cold buffeted the East Coast today in the wake of similar weather that disrupted that area of the nation Monday.

After laying siege to New York City Monday, the storms fanned out to create other damage around New York State and in Pennsylvania.

Hail and high winds felled trees and knocked out power in Cayuga and Onondaga counties and overturned several house trailers and severely damaged at least two buildings in the Cayuga-Meridian area of Cayuga County.

Blaine Turns Down 5-Mill Plant Levy

HAILLEY — Blaine county voters defeated a five-mill plant facilities levy Monday, 202 against to 258 for the proposal.

The plant facilities levy, which would have run for 10 years, would have been the sole means of raising money for the completion of the new Ketchum grade school, Supt. Vernon Edwards said.

The levy also would have provided funds for two additional rooms at the Wood River High School in Hailley and additions to the Carey and Bellevue schools.

The plant facilities levy would have created over 10-year period, a building reserve fund that could have been used eventually to replace the Wood River High School building, Mr. Exner said.

Trustees have tentatively okayed expenditure of \$50,000 to complete the new grade school at Ketchum which is not yet in use. Classes still are being held in the old school. The money was to have been placed by the plant facilities levy.

Taxpayers in the district currently are paying 8 mills, which is being used to retire \$1,525,000 in debt incurred for the last school bond issue.

Strike Halts Work On CSI Physical Education Plant

Construction work on the new physical education building at the College of Southern Idaho campus has come to a halt because of an ironworkers strike through Southern Idaho.

At the Bank of Idaho building in downtown Twin Falls work goes on, but for how long no one knows.

The ironworkers are striking for higher wages, and most other unions are honoring the strike and are not reporting for work.

Dr. James Taylor, CSI president, said early Tuesday, "We are shut down. How long it will be I don't know, but all the unions there are honoring this strike."

The \$1.2 million PE complex is scheduled to be finished by March. Dr. Taylor said in light of this stoppage of work "we might miss our deadline, it all depends on when the men go back to work."

Sheet metal workers and members of the roofers union in Southern Idaho have rejected

City Okays Lease Of Dierke's Lake

Twin Falls City Councilmen Monday night agreed to lease Dierke's lake for four years at \$12,500 per year, with an option to purchase the property for \$100,000.

City Manager Heath Derrick said the lease agreement was to "keep someone else from buying it."

He explained it was necessary for the council to make such an arrangement, since it would be difficult for the city to come up with such a large sum at one time. By law, he said, one council cannot inherit another council, and if he could purchase the property, this would be necessary.

The city also has applied for open space funds from Housing and Urban Development. The council was notified, however, it would not receive the funds unless a city-county planning commission was organized. The council has met with the county commissioners on this matter, but nothing has been decided. The federal funds would pay one-half the appraised cost of the property.

THE DUTCH ARE RESPONSIBLE!

In America, bowling is a very popular sport just as it was in ancient Germany. But it was the Dutch immigrants who brought it to America where it became a favorite sport in the 1880's and has remained a good exercise and fun ever since.

Not interested in bowling any more? Sell that still, or buy a new one. Those accessories with a Times - News Went - Ad. Edition, No. 73-0091 now will do the trick!

Here's the first ad received in the Went-Ad department today.

Advertisement for a used car: "I have a 1968 Ford Mustang in excellent condition. Call me at 733-4497. Richard W. Davis."

Levy Defeated Again At Bliss

BLISS — Voters in the Bliss School District failed again Monday to approve a 24 mill levy, but school trustees decided to continue operation of the Bliss High School anyway.

The vote was the second held in two months in an attempt to pass the emergency 4-mill levy, above the Evans which districts can levy without voter approval. Monday's results were 54 approving the levy, about 65 not and 87 opposing it. The previous vote had needed a two-thirds majority to pass.

The vote in May was 84 yes and 87 no, for a percentage of 62 in favor of the levy.

Dumas Freeman, superintendent, said Monday night despite the defeat of the measure, trustees have decided to continue operation of the high school rather than accept the alternative of busing about 50 high school students to Gooding on a tuition basis.

Mr. Freeman, who has announced his upcoming resignation, said the budget for next year will be tight. He added, however, no teacher has been dropped from the Bliss High School payroll, which may ease the fund shortage.

There are now seven teachers in the Bliss High School, with a portion of those teachers also instructing some elementary courses, he said.

In April patrons in the district voted to keep the high school operating in Bliss. The proposal was approved by a simple majority of 96 to 83. The vote was only advisory one and the board Monday night made the final decision, following the mandate of the April ballot.

Apartment Inferno Claims 12 Lives

KANSAS CITY, Mo. (UPI)—Fire raced through a three-story brick apartment building early today, killing 12 persons, including eight children. An infant died in the arms of his father who leaped from a window when flames engulfed an apartment. The infant died at Mercy Hospital. The father was seriously injured.

Smith's wife Barbara and another of their children were killed.

Eleven fire companies, handicapped at times by inadequate water pressure on the hillside, fought the flames for hours before they could enter the building to search for bodies.

They found no survivors.

Nixon Rakes 'Bullying' Campus Radicals

By MERRIMAN SMITH
UPI White House Reporter

MADISON, S.D. (UPI)—President Nixon struck back today at campus radicals who "bully" college authorities into yielding to demands and declared his "civil rights" program has no place in a free community.

Nixon, speaking on the radio Monday, said he would support a bill to defund the largest Communist college, spoke at length about disorders wracking America's institutions of higher learning.

The 20-minute address was the President's fullest statement yet on student disorders. He spoke at General Sisto College at the dedication of the Earl F. Mudd Library.

Nixon said "a great many people have become impatient with the democratic process." "Resisting persuasion, they prefer a kind of 'hardball' themselves with what they call a higher morality, they try to bully authorities into yielding to their demands."

"On college campuses, they draw support from faculty members who should know better in the larger community, they find the usual apologists ready to excuse any tactics in the name of 'progress.'"

He said he should be self-censored if this sort of self-righteous moral arrogance has no place in a free community. It denies the most fundamental of all the values we hold: respect for the rights of others. This principle of mutual respect is the keystone of the entire structure of a free society that makes freedom possible."

Nixon also sought to assure the nation that "insurrection" would not succeed. "The authorities used the power at their command."

"Force can be contained," he said. "We have the power to strike back if need be, and to prevail. The nation has survived other attempts at insurrection."

"Who can survive this," he continued, "it has not been a lack of civil power, but the reluctance of free people to employ it, that so often has stayed the hand of authorities faced with confrontation."

Nixon spoke at General Sisto State College—his first stop on a trip that will take him far across the Pacific to confer on Sunday about the war with South Vietnam's president, Nguyen Van Thieu.

The college of some 1,300 students was an appearance by Nixon by building the library for Mudd, an old friend of his. Before leaving Washington, Nixon conferred with top diplomatic, military and intelligence advisers about the Vietnam situation and to hear from Secretary of State William P. Rogers. A detailed report on his just-completed globe-trotting trip.

Reporter Takes "Cut Rate" Trip To Soviet Union

Editor's Note: Washington-based UPI reporter Robert Buckhorn was one of the first Americans to take advantage of a new "cut rate" tourist trip to the Soviet Union. This is the first of three dispatches in which he offers some close-up impressions from the journey.

By ROBERT BUCKHORN

LENINGRAD, Russia (UPI)—The "jetliner's loudspeaker was blaring "Bill Bailey Won't You Please Come Home" when the Americans invaded Russia.

Down the ramp they came armed with wrap-around sun glasses, mini-skirts, chewing gum, and... expectations of finding a secret policeman behind every samovar.

The invaders were the first group of American tourists to take advantage of a cut rate, all-inclusive tour of Russia worked out between the Kremlin and Overseas—National Airways, a supplemental airline.

For the Kremlin, the agree-

ment was an obvious bid for American dollars. For the tourists, it was, as one of them put it, "a chance to find out what the communist Mickey Mouse is all about."

The confrontation was a standoff. Take Sergei Salykov, the group's philosophical Russian guide, who lived up to the Hollywood movie conception of what a Russian should be.

Said Salykov: "Americans are the time think somebody watching them. It is not true, naturally, but I don't want to disappoint so maybe I should hire, some people to watch you."

A girl bank clerk from the Bronx, N.Y., refused to be won over. Every night she moved the dresser in front of her hotel room door. "I almost strangled myself," she said.

Language was another problem. One male tourist stopped a Russian woman at a restaurant. "Where," he said, "is the rest room?" She said, "Describe what it is you do in this restaurant."

According to Salykov, "you

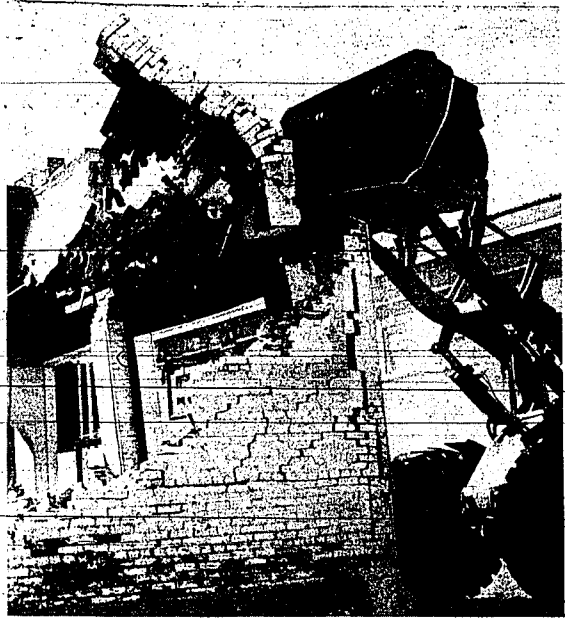

wouldn't believe some of the questions asked by Americans. Let me give you a for instance. One tourist wanted to know if the Russians get their vodka from wells in the ground."

"Another time, tourist say why don't you have many dogs in Russia? What can I say? As far as I know the number of dogs is natural. But I know tourists sometimes don't like this answer so I say it due to severe Russian winter. They say—Okay, I see now."

But the coin had its Russian side. In Sochi, a Soviet resort on the Black Sea, a Russian man was fascinated by an American girl's multi-colored eye make-up. Finally he couldn't stand it. "Do you dye your eyes?" he blurted out.

Then there was the Russian store clerk who left one American staring dumbly at his hand when he nonchalantly gave him two candy bars and a postcard to make up the change he owed.

Or the Russian who downed a bottle of champagne on the bus— they rapid fire toasts, and then say, "See, bloody Russian

THIS ISN'T THE WALL of Jericho and no one sounded a trumpet Monday but all the same the Dean Motor Co. is no more—at least behind the new Bank of Idaho building. The company moved several months ago and now the property is being cleared for a parking lot to serve Bank of Idaho customers. A huge bulldozer is seen here pushing the wall over, accomplishing the job in a matter of minutes. Now it's up to workmen to load the bricks and boards into trucks to be hauled away. Dean Motor is now located at 409 Second Ave. South.

WHERE THERE IS NEW construction there is bound to be new destruction, and this picture shows both. The new Bank of Idaho building is seen in the background and the rubble of the old Dean Motor Co. building is in the foreground, minutes after the building was torn to the ground. The Dean Motor Co. property is being converted into a parking lot. The new bank is expected to open in a month and workmen are pressing hard to meet the deadline.

Tax Loopholes Are Closing Up

WASHINGTON (UPI)—Mrs. H. X. has an income of \$11 million a year yet pays no taxes.

If congressional tax reformers have their way, she may pay more than \$3 million a year.

Bill J. takes home \$1.4 million and George T. \$738,000. They pay Uncle Sam nothing.

Frank R. in one year banks \$1.3 million but pays all of \$383 in federal income taxes.

Pleat?

The names are made up, but the four cases are real, straight from the files of the U. S. Treasury. The four, who legally paid only \$383 in federal taxes on \$1.3 million in income,

would be taxed \$3.8 million dollars under proposals submitted by President Nixon's tax experts.

Under the Treasury proposals, Mrs. H. X. with her \$11 million; Bill J. with \$1.4 million; George T. with \$738,000 would pay in excess of \$100,000 to Uncle Sam. Frank R. would have to write a tax check for more than \$200,000 instead of \$383.

Most of the income would still be untaxed, although under the reform proposals everyone would pay some tax—except the poor. In some cases, wealthy individuals would have to pay taxes of up to 59 percent of their incomes.

At present, most wealthy people earning more than \$100,000 pay effective tax rates far lower than people earning much less.

For instance, the Treasury says most taxpayers with incomes in the \$20,000 to \$50,000 range pay rates between 20 and 30 percent. Most taxpayers earning more than \$50,000 pay the same rates—although the stated rate is 70 percent.

While the tax system is supposed to be progressive, progressive tax rates—the Treasury says this isn't true in practice.

In 1967, 153 people with incomes of more than \$200,000, including 11 with more than \$1 million, paid no taxes.

How do they do it?

The tax laws are riddled with holes—through which taxpayers both rich and some not so rich—escape. As long as they follow the law, it's all right.

In many cases, what the average salaried man might consider income, isn't in the case of wealthy people. Therefore, they're not taxed on that money.

There are numerous deductions, exemptions or accounting methods that put income in 183 free categories.

Take the case of Mrs. X. Her \$11 million goes tax-free because she is one of those few people who are allowed unlimited charitable deductions. For the most part, the average person is limited to a charitable deduction of 30 percent of income.

If you qualify by giving away 30 percent or more of your income, you can escape taxation.

In the case of Mrs. X. her \$11 million is tax free. She gives away stock, paintings or other property equalling \$11 million annually. Her tax bill is zero.

Of course, she didn't pay \$11 million for the items she gives away. That painting now worth \$500,000, for example, could have been an old family heirloom. Her grandfathers gave it to her; he only paid \$25,000 years ago.

It's worth \$500,000 on the market now, not \$25,000. So when Mrs. X gives away the painting she writes off \$500,000 from her income. She can do the same with appreciated stocks.

Bill J. has total income over \$1.4 million, but he takes advantage of generous real estate deductions and family capital gains tax treatment reducing his taxable income to zero.

George T. reduces his \$738,000 income to zero for tax purposes by writing off a "paper" farm loss from other income.

Last year, Treasury staff experts proposed a series of reforms to make high income people pay at least some tax.

The proposals were never endorsed by former President Lyndon B. Johnson who passed them on to President Nixon. Nixon backed them after his new Treasury team made some changes.

Lebanon, Iraq Seek Summit Meet

By United Press International

Lebanon and Iraq, both having troubles with fellow Arabs, are pressing for an Arab foreign ministers' summit, officials said today. Israel's battle to isolate Arab American oil pipeline.

Sources in the Arab League, the formal organization of all the Arab states, said Lebanon was to have a top-level meeting soon to discuss boundaries and guerrilla warfare.

Iraq is at odds with Iran over control of the Shatt al-Arab river which forms the boundary between them for 50 miles at the head of the Persian Gulf.

The Iraqis accuse Iran of manufacturing the dispute "in collusion with imperialists" to force withdrawal of Iraqi troops from Jordan and Syria, which they could ventuse into Israel or launch artillery attacks.

The Lebanese want a summit, league officials said, to settle the question of guerrilla sorties against Israel. Rallies by commandos based in Lebanon recently resulted in rioting and a government crisis when the Beirut regime could not agree whether to endorse such insurgency which other Arab countries promote.

Twelve miles northwest of El Kuneitra in the Golan Heights near the Israeli-Syrian border, Israeli fought to extinguish burning petroleum spilling from a pipeline belonging to the Arabian-American Oil Co. (ARAMCO).

(Israel spokesmen in Tel Aviv said the pipeline, which runs between Dhuhran, Saudi Arabia, and Sidon, Lebanon, was blown up.)

Jordanian and Israeli forces battled for two and a half hours with machine guns and tank fire south of the Sea of Galilee Friday, an Arab Spokesman announced.

He said three Israeli military vehicles were destroyed in the deal, eight miles from the sea in the Al-mansharyn area. No casualties were reported.

Merger Viewed

FRUITLAND (UPI)—The Idaho-Oregon Fruit Growers in Fruitland is contemplating a possible merger with the Diamond Fruit Growers of Hood River, Ore.

Vern Alexander, manager of the Fruitland Corporation, said the two boards have approved the merger and that the growers members will vote on it soon.

There are 62 members in the Fruitland corporation. If the merger is completed, the local company's name will be changed to Diamond. Alexander said no changes in personnel are planned and future plans call for expansion.

Flight Log Shows 'Snoopy' Gyrating Wildly In Space

SPACE CENTER, Houston (UPI)—Analysis of Apollo 10 data revealed the gyrations of the "Snoopy" lunar lander which momentarily entered the astronauts orbiting the moon were wilder than first believed. It was learned Saturday.

Flight controllers at the Space Center first described the separation of the upper and bottom halves of the moon lander while in orbit as a "slow drift."

But sources close to the Space Agency said the cabin of the landing craft, facing down toward the moon's craters at the time of separation, flipped up to face the black space sky and then swung back down again "in the space of a few seconds."

Astronaut Thomas P. Stafford and Eugene A. Cernan, rounding swiftly to the unexpected situation, took over manual control to make their landing craft behave. They never were in physical danger,

News Of Servicemen

SACRAMENTO — U.S. Air Force Major Sergeant Harvey O. Alpert, brother of Cliff Alpert, Rt. 2, Dickinson, N. D., has been decorated with the Bronze Star Medal during his retirement ceremonies at Matheson AFB, Calif.

Sergeant Alpert was cited for his performance as a medical technician while assigned to the 81st Tactical Control Squadron at Dong Dong, Vietnam.

The 21-year service veteran is a 1944 graduate of Taylor (N. D.) High School.

He served during the Korean War.

Sergeant Alpert's wife, Margaret, is the wife of Mrs. Seb Fischer, 200 Eighth St. S., Buhl, Idaho.

Robert F. Burks, son of Mr. and Mrs. Robert F. Burks Sr. of Rt. 2, Wendell, Idaho, has been promoted to sergeant in the U. S. Air Force.

Sergeant Burks is a weather observer at England AFB, La., in a unit of the Air Weather Service.

The sergeant, a graduate of Wendell High School, attended the University of Idaho and the College of Southern Idaho.

His wife, Jackie, is the daughter of Mrs. Laurel Hanson of Kennewick, Wash. Mrs. Burks' father, Bud Smith, resides in Kimberly, Idaho.

Flight Log Shows 'Snoopy' Gyrating Wildly In Space

SPACE CENTER, Houston (UPI)—Analysis of Apollo 10 data revealed the gyrations of the "Snoopy" lunar lander which momentarily entered the astronauts orbiting the moon were wilder than first believed. It was learned Saturday.

Flight controllers at the Space Center first described the separation of the upper and bottom halves of the moon lander while in orbit as a "slow drift."

But sources close to the Space Agency said the cabin of the landing craft, facing down toward the moon's craters at the time of separation, flipped up to face the black space sky and then swung back down again "in the space of a few seconds."

Astronaut Thomas P. Stafford and Eugene A. Cernan, rounding swiftly to the unexpected situation, took over manual control to make their landing craft behave. They never were in physical danger,

Merger Viewed

FRUITLAND (UPI)—The Idaho-Oregon Fruit Growers in Fruitland is contemplating a possible merger with the Diamond Fruit Growers of Hood River, Ore.

Vern Alexander, manager of the Fruitland Corporation, said the two boards have approved the merger and that the growers members will vote on it soon.

There are 62 members in the Fruitland corporation. If the merger is completed, the local company's name will be changed to Diamond. Alexander said no changes in personnel are planned and future plans call for expansion.

THOMAS CHANCE

graduated from Purdue University at Lafayette, Ind., and was commissioned an ensign in the Navy. He is the son of Mr. and Mrs. Tom Chance, Burley, and is married.

He joined the Navy seven and a half years ago, then applied for and was accepted in the Navy's NESP program. The program sends cadets to college for four years, all expenses paid. After graduation, the new officer serves in the Navy for four years. Ensign Chance was on the distinguished students' list for four years at Purdue. He is also a qualified submariner.

Karen Cushing Is Bride Of Dennis Dossett

Karen Ann Cushing, daughter of Mr. and Mrs. Robert H. Cushing, Boise, and Dennis L. Dossett, son of Mr. and Mrs. Myron G. Dossett, Moscow, former Twin Falls residents, were united in marriage recently at St. Michael's Episcopal Cathedral, Boise. Canon George R. Schoedinger officiated at the afternoon double ceremony.

Given in marriage by her father, the bride wore a candle-light gown of satin faced with pearls and re-embroidered at the collar, a fitted lace bodice and elbow-length sleeves with a high neckline, and detachable chapel-length train. Tiny seed pearls and crystals added a touch of elegance. The matching headpiece was caught to clouds of silk illusion veiling. She carried a cascade bouquet of white roses and stephanotis and wore tiny heart-shaped rhinestone earrings, a gift from the bridegroom.

Carolyn Salmonsen, Boise, was maid-of-honor. Patricia Rednour, Beaverton, Ore., was bridesmaid, and Kris Cushing, sister of the bride, was junior bridesmaid.

Best man was Robert Canon, Gooding, who was "big brother" of the bridegroom in Sigma Chi fraternity. Ushers were Ricketts, Jerome, cousin to the bridegroom, and Mark Purdy, Pocatello, Sigma Chi fraternity brother.

Mrs. William Oldenburg, Boise, was soloist.

A reception was held after the ceremony at the Starlite Room at the Elks Temple. Guests were registered by Kelli Norquist, Boise. Gifts were received by Larayne and Diane McKimney, Kimberly and Susan, and Deanne Ricketts, Jerome, cousin of the bridegroom, passed scrolls and the bridegroom's cakes which were made into separate floral pieces for each guest to wear home.

The bride's table was covered with a lace cloth and centered with a four-tiered wedding cake topped with a miniature bride and bridegroom. Touches of orchid and pink carried out the bride's colors in arrangements. A punch bowl was made of molded ice and surrounded by tiny electric lights intermingled in a pink ribbon net ruffled, made by Mrs. Oscar Salmonsen, Boise, mother of the maid of honor.

Guests attended from Twin Falls, Moscow, Kimberly, Jerome, Gooding, Shoshone and Boise.

A wedding rehearsal dinner was hosted by the bridegroom's parents at the Plaza Inn, Boise. Pre-nuptial events hosted for the bride included a miscellaneous shower given by Mrs. Gloria Norquist and daughter, Kelli, Boise, and a shower given by the bride's friends and co-workers at Meyerhauser Co., Tacoma.

MRS. MAURICE FULLER

Alpha Nu Chapter, was installed state president of Epsilon Sigma Alpha Sorority at the state convention held recently in Idaho Falls. Mrs. Fuller announced her theme for the coming year as "Partners in a Changing World," and told of her plans to attend international convention in July in Los Angeles during a recent local meeting. Four other members of Alpha Nu Chapter, Twin Falls, also attended the state convention.

Site Changed

The site of the Magic Valley Iris Show has been changed from the National Guard Armory building to the 4-H club building at the Jerome County Fairgrounds. The date remains the same, Saturday and Sunday.

The Magic Valley Iris Show will expand displays to include a special division including (1) peonies, (2) roses, (3) snapdragons, (4) Oriental poppies, (5) clematis and the petunias. One and/or three specimens can be entered in each class. Only ribbon awards will be given on these.

A refreshment table will be featured as well as a focal art exhibit.

MR. AND MRS. GENE DON RAMSEY

Rupert Unit Of Beta Sigma Phi Installs Aides

RUPERT — Newly elected officers were installed during a recent ceremony for the Beta Eta Chapter of Beta Sigma Phi Sorority at the home of Mrs. Larry Duff, with Mrs. Dean Uhlir as hostess.

Installed during the candle-light ceremony were Mrs. Gary Newton, president; Mrs. Wayne Ranstrom, vice president; Mrs. Joan Asson, recording secretary; Mrs. Jack Yessitis, treasurer; Mrs. Pat O'Donnell, corresponding secretary; and Mrs. Gerry Garp and Mrs. Larry Duff, new city council representatives.

The new president then assigned her committees for the coming year.

Prior to the installation ceremony, the regular business meeting was under the direction of out-going President Mrs. Larry Wright. Programs for Mrs. Roger Jones, Truth, and Mrs. Larry Garro, Beauty.

Mrs. Jones told of the fight for the truth in politics during the year and the position of the Jews. She ended with a theme from Plato.

Mrs. Garro brought out the beauty of the poetry and music of the young writers and read such poems as "Partners" and "Sounds of Silence," and "Stanyan Street." These she then played on the portable player recording artists. She also played "Atlantis" which is the story of a long lost island.

Area Xi Omega Unit Conducts Installation

BURLEY — Xi Omega Chapter, Beta Sigma Phi, installed new officers and made plans for a picnic during a recent meeting at the home of Mrs. Ransom Brown.

New officers installed include Mrs. LePage Layton, president; Mrs. Clarence Bishop, vice president; Mrs. Manuel Gutierrez, recording secretary; Mrs. Glenn Bailey, corresponding secretary; and Mrs. Rex Weech, treasurer. Mrs. Odene Redman, Burley-Rupert City Council representative, was installing officer.

A business meeting was conducted during a recent meeting of the State Beta Sigma Phi Convention June 6 through 8 was discussed. Several of the chapter members are planning to attend the convention.

Refreshments were served by Mrs. Brown and Mrs. Merrill Atkinson, co-hostesses.

"Learn To Do" Event Slated

SHOSHONE — The Bjalne Stake Relief Society will present a special "Learn to Do" activity, to be held from 2 to 10 p.m. Saturday at the stakehouse, Richfield.

Easy ways of sewing will be demonstrated by Mrs. Jay Fowles, as well as samples of patching, overalls, easy ironing, quilted handkerchiefs, simple felt as a living room decoration, leatherwork and fish tie, storage of food in the home, and hair or styling for children and decorating cookies.

There will be shaping of four different dinner rolls demonstrated by Mrs. Layton and a bread-making work through the public in invited.

Circle Meets

WENDELL — "The Meaning of Eternal Life" was the special service chosen by Mrs. Ray Tencer for the Judith Circle at a recent meeting at the home of Mrs. Christ Welch.

Mrs. Alonzo Brown presented the lesson, "Journey Into the Living World of the Bible." The next meeting is June 20 at the home of Mrs. Hugh Caldwell.

Rebekah Lodge Conducts Meet

JEROME — Syringa Rebekah Lodge met recently with Mrs. L. Moore, noble grand, conducting.

A special program was presented by Mrs. Russell Shaud's first readers who performed a play and marching band numbers, sang, and recited several poems in honor of Mrs. Pearl Utter, lodge deputy, who made her official visit to the lodge. Mrs. William Hopkins reported a donation has been sent to the Idaho Youth Ranch in memory of Roy Shillington. Memorial services for all deceased members will be held June 9.

Next members attended Twin Falls in Gooding it was announced.

Menu committee members for the evening were Mrs. Dale Johnstone, Mrs. Oren Mauldin and Mrs. Norman Hiltz.

Magic Valley Favorites

MRS. VAUGHN FISHER
Box 1797, Salt Lake City

Corn Custard
1/2 cup (1/2 stick) butter
2 tablespoons flour
1 tablespoon sugar
1 tablespoon salt
2 cups milk
3 cups fresh kernel corn or cans (1 pound each) whole kernel corn, drained
4 eggs, beaten
Green pepper rings

In a 2-quart saucepan melt butter, stir in flour, sugar and salt until smooth. Remove from heat and gradually stir in milk, corn and one and one-half quart casserole. Top with green pepper rings. Bake in a preheated 350 degree oven for 45 to 60 minutes or until knife inserted near center comes out clean. Makes six servings.

(The Times-News will pay 45 cents a recipe for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Domestic Page 10. The recipe becomes the property of the Times-News and cannot be returned.)

Secret Sister Names Revealed By Area Group

BURLEY — Secret sister names were revealed and a pink and blue shower hosted by Omega Chapter, Beta Sigma Phi at home of Mrs. Rex Weech. A covered dish dinner was served at the party.

Each of the members received a gift from her secret sister of the past year. Mrs. Dean Perry, Ablion, was honored at a surprise pink and blue shower by the chapter members. The baby gifts were placed at the feet of a tall white stork standing on a table covered with a white cloth.

A short business meeting was conducted by Mrs. LePage Layton, president. A thank-you card was read from Mrs. Joe Adams for the roses and get-well cards. State Beta Sigma Phi convention — Friday through Sunday, hosted by Nanette Caldwell and Hondeale, was discussed. Several members are planning to attend the convention.

Each member was presented an open mail from Mrs. Layton, retiring president.

Mrs. Phyllis Weber reported the chapter scrapbook will be completed in time to be entered in the area contest.

A rummage sale in June was planned under the direction of Mrs. Ransom Brown, was and means chairman.

There was a steady try with husbands in July and date and time will be announced. Special guests were Mrs. Artie Harris, chapter historian, member, and Mrs. Ed Bailey.

Miss Batchelder, Ramsey Exchange Wedding Vows

HAILEY — Carolyn Dawn Batchelder, daughter of Mr. and Mrs. Leland Batchelder, was married to Gene Don Ramsey, son of Mr. and Mrs. Don Ramsey, in rites May 23 at the Community Baptist Church, Hailey.

Rev. R. C. Aydelott performed the ceremony before a background setting of tall white banners filled with white chrysanthemums accented with white satin bows, tall white candlesticks and white tapers. The veils were marked with green and white satin bows.

CowBelles Set Meeting Saturday

SHOSHONE — A no-host luncheon and business meeting for the Purple Sage CowBelles will be held at 1 p.m. Saturday at the Supper Club, Gooding.

Committee members from Lincoln County include Mrs. Oscar Keener, membership; Mrs. Smilie Wilcox, beef promotion; Mrs. Donald Sandy, program; Mrs. Lawrence Tows, legislation; Mrs. Paul Bancroft, publicity; Mrs. Ervin Braun, courtesy; Mrs. Mary Ann Hill, fair; and Mrs. Clifford Stutzman, the co-chairman.

The group consists of women interested in beef promotion and all who are interested are welcome to attend.

Notice is given that all members not in good standing by September will be dropped from the rolls. Members are from Camas, Lincoln, Gooding and Elmore counties.

Mrs. Lafe Barron Is Re-Elected

FILER — Mrs. Lafe Barron was re-elected president of the Poplar Hill Social Club at the home of Mrs. Lena Reichert. Also re-elected to office were Mrs. Roy Lancaster, vice president, and Mrs. Julia Jager, secretary-treasurer. The committee members will also serve again for the coming year.

The group voted to hold the annual picnic in August rather than in June as in former years. Mrs. Alida Orbel is hostess for the next meeting.

Mrs. Roy Lancaster, Mrs. Stella Weinman and Mrs. Guy Kimball received gifts. Mrs. Warren Stroud was a guest.

Dear Abby
By ABIGAIL VAN BUREN

DEAR ABBY: My problem is my 55-year-old father. There are five of us children still living, but I am the oldest and his "favorite" with whom he has lived since Mamma died 14 years ago.

Before Mamma died I promised her I'd never put Papa in a home.

Papa has money and has provided generously for all his children and grandchildren (he claims) and he keeps reminding me that in his will he has taken "a good" care of me because I've taken "extra good" care of him.

I can honestly say that Papa has never been any trouble until about a year ago when he started putting his hearing aid batteries in my egg compartment and took for himself his house slippers in my freezer. He does other little things like cleaning his pipe directly into my vegetable bin, and he is so forgetful, he is to change from gas to electricity because he kept turning on the gas jets trying to change the "television channel." Also, last winter he went out to water "the garden" in the snow wearing only his pajama pants.

I don't think I leave him alone for a moment now. He doesn't like strangers around and I can't watch him 24 hours a day. My husband says I'm putting him in a home — that the old man would never know the difference since he now calls me "Agnes" which was Mamma's name. Thank you.

MANCHESTER

DEAR MANCHESTER: If he calls you "Agnes" it's a pretty safe bet he wouldn't object to a "stranger" relieving you of a 24-hour watch. Give it a try. If he's so forgetful, he probably is so dangerous to himself and others, don't hesitate to put him where he will get the care and attention he needs. And I don't feel guilty. He probably won't know whether he's in a home or the Yankee stadium.

DEAR ABBY: My husband's secretary calls him "TIGER," and he calls her "kitten."

I have no, he is plainly being disrespectful, no I don't think I have much to worry about in that department, but what do you make of it?

TIGER'S WIFE IN OAK PARK

DEAR WIFE: I have a fellow they're foolin'.

DEAR ABBY: If I read one more article about how careful a woman should be about her husband, I am going to suggest, Why doesn't someone write something telling husbands that

Fugitive Releases Hostage, Ends Long Battle With Police

LUMBERTON, N.C. (UPI)—Fugitive Ricardo Resendez, who allegedly killed a guard in a prison break Monday, released his last hostage unharmed today and walked quietly from a brick farmhouse where he had been held up.

Authorities said Resendez surrendered after talking on the telephone with James Lee, a fellow convict who took part in Monday's escape. Lee had surrendered earlier today.

Resendez released his last hostage, Lyle Wilcox, unharmed. Wilcox's wife and son and a prison guard were released earlier.

After Resendez talked to Lee, a prisons department officer entered the house and stayed about 20 minutes, then brought out the fugitive.

Resendez, 26, of Los Angeles, and Lee, 21, of Fayetteville, N.C., had been held up in the farmhouse with a pistol and rifle since Monday.

Authorities had been communicating with the fugitives by telephone.

Resendez, serving 70-120 years for murder and kidnap and Lee, 10 years for murder, Robeson (Lumberton) County Prison camp Monday.

Prison camp Supt. Joseph Brooks said Resendez "somehow got hold of a gun—a small caliber pistol—and shot to death guard Earl C. Strickland, 33, of Fairmont, N.C. in a scuffle."

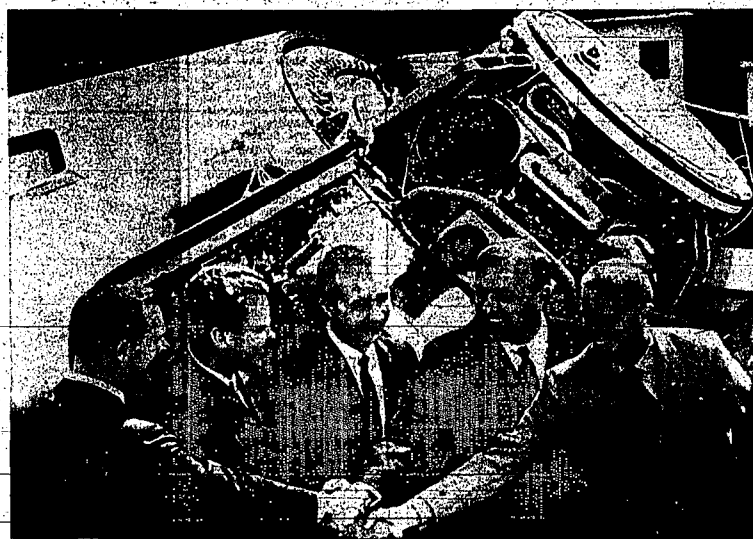

Lee Island Resendez, according to prison officials, and the men took another guard, Sgt. Ebert Locklear, as hostage. They fired the pistol, Strickland's revolver and a .30-caliber rifle in a car belonging to another guard.

Locklear later was found bound and gagged in the abandoned car. He was unharmed.

The fugitives entered the farmhouse and took Lyle Wilcox, 67, hostage. Several other occupants of the house were allowed to leave unharmed.

A posse of more than 200 law enforcement officers, including state troopers, tracked the fugitives to the farmhouse and surrounded it. One of the posse's members, the Lumberton Police Station and talked with Chief W. C. Lovette.

Lovette said the men indicated they were not going to surrender, but that they would allow Wilcox to go free if authorities would take them to the airport. The posse caught an airliner and fly out of the country.

SPACEMEN OF TWO NATIONS exchange an "earthly" greeting in Paris, as Soviet and American space experts gather in front of the Apollo 8 module at the U.S. International Aeronautic and Space Show exhibit at La Bourgas Airport on Monday. Shaking hands, from left, are David Scott, Vladimir Shatalov, James McDivitt, Alexis Eliseev, and Russell Schweickart. Their planned formal meeting later developed into a swinging, laughing, back-slapping, four-hour vodka-drinking party in the cavernous fuselage of the giant Soviet AN-22 aerial freighter. (UPI telephoto)

Idaho Panel Mulls Pension Problems

BOISE (UPI)—A Legislative council committee was told Monday that the cost would be prohibitive for Idaho to provide benefits comparable to Social Security if it were rescinded for the state public employees.

T. F. Terrell, executive director of Idaho's Public Employees Retirement System, said that in addition to cost, elimination of Social Security for public employees raises legal and "people" problems as well.

The council's committee on workmen's compensation directed the council staff to contact the six states which do not provide federal Social Security for their employees and report at the next meeting of the group on a date yet to be set.

The 40th legislature directed the council's fiscal and budget committee to undertake a study relative to adjusting the retirement program of state employees, patterning it after the retirement program of the federal government. But the budget and fiscal group turned over the assignment to the Workmen's Compensation Committee.

Terrell said he was not sure he was shortly before he was transferred to San Quentin.

The interview was the only one with Sirhan since he was taken into custody early June 5, 1967, after the New York senator was shot down in a pantry of the Ambassador Hotel.

Sirhan said he loved Kennedy because "he was the hope of all the poor people of this country."

He said he was an assassination had brought this to his attention. "I think whatever little attention it has brought, sir, is worth it—my life and regrettable loss of Mr. Kennedy's thought the world should know of the 20 years of suffering and injustice undergone by the Palestinian Arabs and that the interview in Sirhan's jail cell here shortly before he was transferred to San Quentin.

Guardsmen Begin Strenuous Training

BOISE (UPI)—The armored cavalry and tank platoons of the 7th Armored Cavalry began strenuous training tests Monday south of Gowen Field in a 200-square-mile training area.

The tests, which will continue through next weekend, are to rate the units on combat effectiveness.

Sirhan Says RFK Death Helped Arabs

LOS ANGELES (UPI)—Confessed assassin Sirhan B. Sirhan says he wishes his victim, Sen. Robert F. Kennedy, could have lived to be President of the United States. But if his death called attention to the Arab plight it was worth it.

In an interview filmed the day Sirhan was transported to San Quentin Prison's death row, Sirhan said that he thought the world should know of the 20 years of suffering and injustice undergone by the Palestinian Arabs and that the interview in Sirhan's jail cell here shortly before he was transferred to San Quentin.

The interview was the only one with Sirhan since he was taken into custody early June 5, 1967, after the New York senator was shot down in a pantry of the Ambassador Hotel.

Sirhan said he loved Kennedy because "he was the hope of all the poor people of this country."

He said he was an assassination had brought this to his attention. "I think whatever little attention it has brought, sir, is worth it—my life and regrettable loss of Mr. Kennedy's thought the world should know of the 20 years of suffering and injustice undergone by the Palestinian Arabs and that the interview in Sirhan's jail cell here shortly before he was transferred to San Quentin.

Two Men Die In Accidents On Highways

By United Press International

Idaho's 1969 highway traffic death toll climbed to 112 Monday with the death of a Caldwell man southeast of Caldwell and a British Columbia man near Arco.

The toll was the same as on the same date a year ago.

The latest victim was Elmer E. Taylor, 45, North Vancouver, B.C. He died in a one car crash on the south of Arco on Highway 20-26.

State Police said the car missed a curve and rolled several times. The victim died of a broken neck. He was alone at the time of the crash.

Earlier in the day, Arturo Garza, 19, Route 5, Caldwell, failed to make a curve five miles southeast of Caldwell on the Lower Dam Road. The vehicle was driving on off the road and overturned 2 1/2 times.

State Police said the accident occurred after midnight and was not counted as a Memorial weekend holiday fatality.

Garza died in a Caldwell hospital.

How to get rich

(on the magic of compound interest)

WHAT'S THE CATCH? Everyone dreams of getting rich someday, but far too few discover the simple secret of doing it — the magic of putting compound interest to work. At the current interest rate, anything you deposit at First Federal will double in approximately 15 1/2 years and quadruple in 31 years!

NO RISK: No worries about declining value, the proper time to buy or sell. Earnings are automatic, and are credited to your account semi-annually. Your investment is insured by a permanent U. S. Government agency.

PRESENT AGE	YOUR SAVINGS	TOTAL ACCOUNT INCL. DIVIDENDS	DOLLARS IN DIVIDENDS	DIVIDEND PROFIT%
25	\$24,000	\$70,739.18	\$46,739.18	195%
30	21,000	53,418.56	32,418.56	154%
35	18,000	39,563.45	21,563.45	120%
40	15,000	28,606.95	13,606.95	91%

Today's Market And Financial Report

Stocks

NEW YORK (UPI)—Traders again drove stock prices lower Tuesday, but selling was not as aggressive as in the previous session. Trading was moderate.

One factor supporting the market was a better than 2 percent rise in new factory orders—the key economic indicator—in April compared with the previous month.

However, traders still were concerned with the tight money situation aggravated recently by talk that the commercial banks were contemplating a hike in prime lending rates from a record high of 7 1/2 percent.

Also depressing were a big drop in automobile production last month and a Commerce Department report that April spending on private construction slipped below March.

As trading swung into the final hour, the S&P 500 stock index indicator measuring 1111 stocks traded, showed a loss of 0.27 percent on 1,551 issues crossing the tape. Of these, 776 declined and 602 advanced. Volume exceeded 8,000,000 shares.

Successful Investing

By ROGER E. SPEAR

NEW YORK (UPI)—Bigger companies are getting 1 1/2 to 2 percent more for their shares than smaller ones, according to a study by the brokerage firm of Saliff & Co.

Saliff is executive vice president of Franchises International, a franchising chain and other large franchises.

"Among the really big companies getting into franchising are RCA, Olin Matheson, Pillsbury, W.R. Grace, United Fruit, Consolidated Foods and General Foods; to name just a few," Saliff said.

It's high time, too, if franchising is to maintain its allure compared with 20 percent for non-franchised small businesses, a lot more discipline and sound business sense must be exercised.

Saliff said he is distressed over some recent and widely publicized franchising ventures. In some of these ventures a handful of more franchisers have been distributed and securities in the franchising company have been offered to the public yet only a handful of outlets actually have been opened, according to Saliff.

Names of sports stars or other celebrities often are used by some of these promoters. "There's nothing wrong with that," said Saliff. "I could name some extremely successful chain businesses run by sports figures or entertainers who capitalized on their fame by hard work. But the fame of a great athlete or entertainer often is ephemeral. The business soon must stand on its own feet."

Entry of big companies into franchising, whether they do it as a sideline or as a primary business, is a natural thing. The big companies can make mistakes, too—select a venture that doesn't prosper. But when they go into franchising ventures, they will go in with both feet on the ground and clear eyes. The result will be to build a lasting business that will profit themselves and individual franchise operators.

Winlow, Cochrane & Stetson suggests investing in "situations where seemingly larger near-term risk is offset by demonstrably higher gain reaping the 'maximum benefit' from a year or so of investment. The firm sees no point in placing speculative funds in stocks where a profit of 50 percent within a year or so is not a reasonable possibility."

Decision On Request By Clay For Hearing Delay Is Postponed By Judge

HOUSTON (UPI)—Former heavyweight champion Cassius Clay fought to draw in federal court Monday in his latest effort to stay out of jail on a draft evasion conviction in a case which has become the most widely watched in the history of the United States.

U.S. District Judge Joe Ingraham said Monday he would delay his decision on a request by Clay's attorneys for a 30-day extension of his hearing so they could study government wiretapping evidence, they have never seen.

Bad Throw Lets Solons Beat Royals

KANSAS CITY (UPI)—Frank Howard's second-inning home run including the decisive one on Juan Rios' throwing error in the seventh inning Monday night at the Washington Senators' home in Kansas City, 7-5, the Royals sixth straight loss.

Clay was convicted in June, 1957, in Houston and was sentenced to five years in jail without parole. He was later indicted into the U.S. Army. In that trial he argued he should be exempt from military duty because he was a Black Muslim.

Weis Drives Mets Past Dodgers 2-1

NEW YORK (UPI)—Al Weis doubled in the fourth inning scored Ed Charles from third base with the winning run Monday night as the New York Mets edged the Los Angeles Dodgers, 2-1.

Howard's second-inning home run including the decisive one on Juan Rios' throwing error in the seventh inning Monday night at the Washington Senators' home in Kansas City, 7-5, the Royals sixth straight loss.

Bair Leads City League In Homeruns

Dwight Bair is leading the city slough league in homeruns with 10. Bob Morris and Larry Brubaker are the top average hitters in the Atlantic and Pacific leagues, respectively, according to statistics released today by Don Frank.

Clay was convicted in June, 1957, in Houston and was sentenced to five years in jail without parole. He was later indicted into the U.S. Army. In that trial he argued he should be exempt from military duty because he was a Black Muslim.

NFL Owners Nix Realignment On Proximity Basis

NEW YORK (UPI)—A division of teams based primarily on geographical location and traditional rivalries was proposed and rejected Monday by National Football League owners given the task of realigning the league for the 1970 season.

Despite failure of the owners to reach agreement during the first day of sessions, Commissioner Pete Rozelle said there was no urgency to the matter and he was confident the owners would accomplish their goal in due time.

Monday's meeting was recessed at 6 p.m. and will resume Tuesday.

The owners are meeting to decide how the 13 teams of a unit to be known as the national conference will be divided into three divisions.

In the last alignment discussed before Monday's session ended the breakdown was this way:

Division One: Los Angeles, San Francisco, Philadelphia and St. Louis; Division Two: New York, Washington, Dallas, Minnesota; Division Three: Chicago, Detroit, Green Bay, New Orleans, Atlanta, L.A. other plans that were rejected, there were two or three negative votes cast against that one.

Naturally, the competition for an ideal setup visualized by the clubs rests with the traditional rivalries built over the years. Rozelle said the expense is prevalent in the minds of the owners. The weather also plays an important factor.

The last time the owners met was in a marathon 36-hour session May 9-10 that brought Cleveland, Baltimore, Pittsburgh into the American Football League. At that time, 22 hours was spent in an effort to resolve the 4-4-5 NFL alignment.

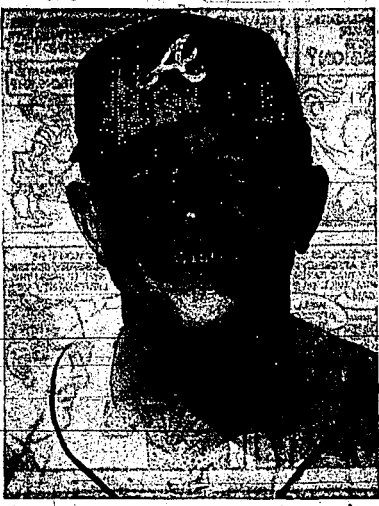

Rozelle said if the realignment was not agreed upon Tuesday, the owners will have to be tabled until meeting because joint meetings with American Football League owners on Wednesday.

Rozelle said there was no hurry to decide on the alignment because the schedules don't have to be drawn up until the end of the month. The baseball schedules for 1970 in late November.

The commissioner said the package could be sold to the TV networks even if the specific realignment wasn't decided.

Rozelle said that 100 different alignments had been discussed with about a dozen receiving a lot of favor. It takes a 13-0 vote to pass an alignment so Rozelle said any one team could reject it.

Minnesota Viking owner Max Winter said a computer firm in Minneapolis is working on a possible to break 13 teams down into 30,000 combinations of 4-4-5.

WALTER DECK will return with the Magic Valley Cowboys and serve as pitching coach again this season. Deck, nicknamed "Boom Boom" in his major league days, manager Connie Ryan and Atlanta Braves officials Eddie Robinson and Bill Lucas will arrive in Twin Falls Monday to prepare for spring training camp. The Cowboys' first home game will be June 20.

Seattle Wins As Hegans Homers Twice

SEATTLE (UPI)—Mike Hegan swatted two off-field home runs, his fifth and sixth of the season, to drive in three runs and teammate Steve Whitaker added a solo shot to pace the Seattle Pilots to an 8-2 win over Cleveland Monday night.

Hegan, a left-handed batter, drilled a Horacio Pina fastball into the leftfield seats after Steve Barber singled in the second inning. Hegan dropped another home in nearly the same spot in the sixth inning off reliever Juan Pizarro.

The Seattle rightfielder also collected a single and walked to finish with a perfect night at the plate. He also scored three times.

Barber, a left-hander, started for the Pilots and went five innings to pick up his second win against one loss. He gave up Cleveland's first run in the fifth on a walk to Duke Sims, a passed ball and Richie Scheinblin's single.

Jay Bouton came on in the sixth and allowed the Indians only two hits to notch his first save of the season. One of his off-bouts was Ken Harrelson's fifth homer in the eighth inning.

Hebert Leads Qualifying For U.S. Open Golf Meet

By United Press International

Lionel Hebert, the trumped playing golf troubador from Louisiana, fired a 67-69-138 Monday to lead a contingent of 23 touring pros winning spots in the U.S. Open during sectional qualifying play at Memphis, Tenn.

Hebert, a full-time member of the tour since 1957, peered together the best rounds over the Colonial Country Club in a qualifying test which saw such name players as Cal Chikley and Roberto de Vicenzo fall to qualify.

The U.S. Open will be played June 12-15 at the Houston Champions Golf Course, Houston, Tex.

Dave Eltchberger and Dick Lotz, with identical 66-71-137, followed Hebert in the Memphis qualifying. Cutoff point at Memphis was 142 with Rich Robades, Mason Rudolph and Bill Ferry also qualifying.

Jesse Sheard, nephew of Sam Snead, also qualified at Memphis with a 68-73-141.

Seattle, Wash., Bob Laiden had four under-par 68-68-136 to win one of two qualifying positions. The other spot went to 22-year-old Portland, Ore. amateur Mike Davis who had a card of 68-70-138.

Veteran Dow Finsterwald, now out of professional golf, Club Colorado Springs, Colorado, was one of the 23 touring pros who qualified in play at Cherry Hills Country Club in Denver with 70-71-141. The

Card Proves Ted Did Slide At Least Once

DETROIT (UPI)—A youngster who was probably barely toddling when Ted Williams played his last ball game stopped up to the slugger's defense Monday.

He did so slide, a Jerry Indigant Kevin Patrick Cleary was trying to heat comments Minnesota Twins' Manager Billy Martin reportedly made last week following the Twins' 5-1 defeat by Washington, the ball club Williams now manages.

"He wore the same uniform for 15 years. It didn't even have an 'A' on it," the ex-ballplayer Martin was quoted as saying.

"He wouldn't slide...never got his uniform dirty," he remarked.

Not true, says Kevin. "I have a baseball card which I am enclosing showing Ted Williams sliding into home plate after hitting an inside-the-park home run against the Cleveland Indians in 1946—the Boston Red Sox clinched the American League pennant."

Take that, Mr. Martin.

First Call

The American Legion "B" baseball team will meet for a practice at 6:15 p.m. Tuesday on the American Legion diamond.

Hockey Club Sale Is Finalized

OAKLAND, Calif. (UPI)—Sale of the Oakland Seals of the National Hockey League to Trans-National Communications, Inc. of New York and the Knox brothers of Buffalo was finalized Monday.

Under the terms of the agreement announced March 1, the Seals will remain in Oakland and top executives, in addition to coach Fred Glover, will retain their positions.

William M. Jennings, chairman of the NHL board of governors, and NHL president Clarence S. Campbell confirmed the \$4.5 million sale. Seals president William N. Crasay Jr., 39, said "the Seals are now owned by a new corporation of which 50 per cent is owned by Trans-National and 20 per cent by Seymour Knox III and Northrup Knox of Buffalo, N.Y."

Crasay also said Glover and vice president William A. Torrey have signed new three-year contracts and general manager Frank Selke Jr. will continue to maintain that post with the club. Selke has two years remaining on a four-year contract.

"We are extremely pleased that Fred Glover has agreed to terms as head coach," said Crasay. "He did a great job in bringing the Seals back to a position of respectability in the league."

Idaho To Boost Grayling Plants

BOISE (UPI)—Grayling plantings in mountain lakes will get another boost this year, Idaho fish and game department reported Monday.

The department said about 100,000 grayling eggs have been collected from the Arizon game and fish Department and an additional 100,000 eggs from the Wyoming Game and Fish Commission in California.

These fish will be reared at McCall and Mackay fish hatcheries.

Nutrition Is Answer To Fish Increase

BOISE—State hatcheries produce more trout than ever before and the fish are healthier, more vigorous, cost less and taste better than the planters' fish, Idaho fish and game department reported today.

Last year, lakes, reservoirs and streams all parts of Idaho were stocked with 1,300,000 pounds of hatchery-raised fish from state hatcheries and 152,244 pounds from federal hatcheries.

Paul Cuplin, state hatchery supervisor, credits increased efficiency in fish nutrition for making the production increase possible, with only slight increases in fish costs. Feed is purchased through competitive bidding practices. Low bidder supplies ingredients called for by the Fish and Game Department.

Special vitamins furnished by a vitamin concentrate company are added to the other feed ingredients, and are mixed, pelleted and delivered to state hatcheries.

Cuplin says that during 1968 chelated minerals were tested in Idaho trout diets. These minerals are the same as those in the food formula by only 4 per cent, but increase trout growth by as much as 20 to 30 per cent in hatcheries. Low bidder, American Falls and Eastern Fish and Game Department. He compared fish to lead storage batteries — if they don't take the necessary minerals in their diet, or in the water they live in, they do not function properly. Cuplin reported on the use of chelated minerals in fish food formulas last year at the U.S. Trout Growers national meeting at Twin Falls in October, the American Fisheries Society meeting at Tucson in November, and the Northwest Fish Culture conference in Boise in December.

Solon Says Press Should Not Be Barred

HOUSTON (UPI)—Sen. Ralph Yarborough, D-Tex., said Monday any exclusion of the press from being embroiled in former heavyweight champion Cassius Clay "smacks of Nazi Germany."

Yarborough told the press, U.S. Dist. Judge Joe Ingraham "should be very careful" about excluding the motion of U.S. Atty. Anthony J. Harris to bar the press and public when wiretapped conversations involving Clay are discussed in court Wednesday.

The government had offered to let Clay's attorneys see the transcripts of four of the five wiretapped conversations, but said the fifth could not be released, because it involved national security.

Yarborough said "too many of our politicians yell national security" when it has nothing really to do with national security but they want "to keep from being embarrassed."

"When you exclude the press, you are not excluding one or two newsmen; you are excluding the public's right to know what is happening," Yarborough said.

Seagren Misses 18-Foot Vault

TURIN, Italy (UPI)—Bob Seagren of Pomona, Calif., missed three times Monday night in an attempt to raise his world pole vault record to 18 feet at an international invitation track and field meet.

Seagren, who won the Olympic title and holds the world record with a mark of 17 feet, 9 inches, was 18 inches short of a leap of 17 feet 6 1/4 inches.

But after the bar was raised with darkness starting to set in, the 22-year-old Seagren made 18 feet. He flew to the Italian meet after taking part in the Kennedy Games over the weekend in Berkeley, Calif.

His victory in the pole vault was one of four U.S. wins Monday at the games.

Baseball Chiefs To Arrive In T.F. Monday To Start Pro Year

Baseball arrives in Magic Valley Monday when four Atlanta Braves coaches and manager Tom Y. Falls to prepare for the spring training session.

Field skipper Connie Ryan and pitching coach Walter Deck will arrive in Twin Falls Monday to prepare for the summer while farm system officials Eddie Robinson and Bill Lucas will be here during the training period only. Preceding them has been a small avalanche of base ball equipment, including a pitching machine.

So far six men, all members of last year's team, have been reassigned to the local franchise. These include John Fuller, first baseman; Clint Compton, pitcher; Curtis Moore, centerfielder; Rowland Houston, infielder; Mar. Vandewater, catcher, and Harold Burke, pitcher-fielder.

The bulk of the team will be comprised of men signed this year during the free agent draft. It is scheduled for Wednesday and Thursday.

In the meantime, Business Manager Bill Blake reports things are progressing satisfactorily. The program has gone as smoothly as everything that can be done has been completed.

The Twin Falls Junior Chamber of Commerce is handling pre-season ticket sales. Persons wishing tickets, but who have not been contacted, may call 733-9199 or 733-2767 to place their orders. The Jaycees also will

handle the concession stand during the home season.

The season, which opens officially June 18 at Ogden, will be preceded by a get-acquainted banquet June 18.

Count At Ice Harbor Hits 50,000

By United Press International

More than 84,000 fish have passed through the counters at John Day Dam on the Columbia River since the first of April, according to Army Corps of Engineers figures.

In addition, over 50,000 have been tallied at Ice Harbor Dam on the Snake River which opened for the John Day fish included 77,190 chinook salmon and 7,695 steelhead trout. Ice Harbor's steelhead count is 43,888 chinook counts and its counters and 7,210 steelhead.

The major chinook counts came during May with 72,355 being tallied at John Day and 43,182 at Ice Harbor. Only 696 chinook were counted at Ice Harbor during the whole month of April.

At John Day there was a stretch of 23 days during May when the chinook count did not drop below 1,000 daily, topped by May 11 when 6,086 of the salmon were counted. The lowest count of the month was on the second when only 322 chinook passed through the counters.

The Ice Harbor count was over 1,000 chinook daily for 21 days, with the tally dropping below that point for the first time since May 8 on the next to last day of the month.

The steelhead count at John Day dropped slightly from May with 3,718 of the sea-going rainbow trout being counted as opposed to 3,577 the month before. There was not a day during the month when at least some steelhead didn't pass upstream through the dam.

Ice Harbor's count on steelhead was well below the April tally as the final stragglers of the winter run worked their way upstream. Only 232 steelhead passed through Ice Harbor during May compared with 4,978 in April.

Padres Drop Phils To Up Win Skein

PHILADELPHIA (UPI)—Mato Colbert's two-run homer and Tommy Dean's two-run double Monday night carried San Diego to a 6-4 victory over the Philadelphia Phillies, the fourth straight triumph for the expansion Padres.

Colbert blasted his 11th home run of the season following a sacrifice by John Siga in the third inning, then the Padres knocked out loser Jerry Johnson (2-6) with a four-run outburst in the sixth.

San Diego loaded the bases with one out on a walk to Al Ferrara, Ed Spiezio's single and a walk to Chris Camarizero. Winning pitcher Al Santorini (3-2) then brought in Ferrara with a bunt single past the mound.

Siga doubled down the left field line to bring in two runs and knock out Johnson. Siga greeted reliever Al Ruffo with a sacrifice fly to Deane Santorini with the sixth run.

The Phillies scored an unearned run in the second on Don Money's single, Dean's error and Jerry Johnson's single.

Johnny Callison's single, a walk to Deron Johnson, Mike Ryan's single and an error by Tony Gonzalez accounted for the Phillie runs in the sixth. Larry Hise singled and scored on Tony Taylor's ninth inning triple for the final Philadelphia run.

Magic Valley Obituaries

Funeral Services - Arthur Grant

Funeral services for Timothy Bill Senfren will be conducted at 10:30 a.m. Wednesday at Caswell United Methodist Church by Rev. Paul V. LaRue. Family suggests memorials may be made to the Idaho Youth Ranch. Final rites will be held at Buhl Cemetery.

Stacy Taylor Dietz, 2 p.m. Thursday, White Mortuary Chapel, Twin Falls.

John Van Dyke

John Van Dyke, formerly of Shoshone, died in Carson City, Nev., Monday of a short illness. He was born June 2, 1885, in Holland and came to the United States when he was a youth. His son, William Van Dyke, is an Idaho State Police officer stationed in Twin Falls.

Mr. Van Dyke went into the armed forces when he came to the United States and earned his citizenship. He worked in the Idaho Falls area until retirement in 1959, then moved to Shoshone. He later moved to Carson City.

He was preceded in death by his wife, Mrs. Mary Ann Van Dyke. He later married Katherine Pickering.

Survivors include his son, a daughter, Mrs. Al (Mary) Biegler, Carson, N.M., and eight grandchildren.

Funeral services will be at 2 p.m. Thursday at the Williams Funeral Home in Idaho Falls. Burial will be at Idaho Falls.

James Homan

James M. Homan, 75, just-Amerind, died Monday afternoon at Magic Valley Memorial Hospital of a short illness.

He was born July 11, 1893, in Iowa. He was a member of St. Edward's Catholic Church. He preceded his wife in death Nov. 8, 1965.

Mr. Homan was a member of St. Edward's Catholic Church. A pioneer, he came to Idaho in 1910 from Iowa and farmed in the Tolo Falls area until retirement in 1959. He was a member of the American Legion, No. 1572, and the Elks Lodge, No. 1572. He was a member of the Elks Lodge, No. 1572, and the Elks Lodge, No. 1572.

Survivors include his son, a daughter, Mrs. Al (Mary) Biegler, Carson, N.M., and eight grandchildren.

Funeral services will be at 2 p.m. Thursday at the Williams Funeral Home in Idaho Falls. Burial will be at Idaho Falls.

High Court Won't Review Abortion Law

WASHINGTON (UPI)—The Supreme Court refused today to review the constitutionality of New Jersey's abortion law which prohibits therapeutic abortion without legal justification.

The court's decision in the case of *Roe v. Wade* was a 5-4 vote. The majority opinion was written by Justice Brandenburg.

The New Jersey law states that a physician has a duty to detect, warn of, or inform a woman of the possibility that she might obtain a therapeutic abortion.

The state courts held that a physician has no duty to detect, warn of, or inform a woman of the possibility that she might obtain a therapeutic abortion.

The majority opinion was written by Justice Brandenburg. The dissenting opinion was written by Justice Black.

Utah Senator Asks Control Of Chemical Sprays

WASHINGTON (UPI)—Sen. Frank Rostenburg, D-Utah, announced Monday he will introduce legislation later this month to protect the public from dangerous insecticides and herbicides.

Mr. Rostenburg's bill would require the Federal Government to issue "self-defense" sprays such as chemical Mace.

Mr. Rostenburg said the bill would require the Federal Government to issue "self-defense" sprays such as chemical Mace.

Mr. Rostenburg said the bill would require the Federal Government to issue "self-defense" sprays such as chemical Mace.

Winners Listed By Bridge Club

The Monday Afternoon Duplicate Bridge Club met at the Elks Lodge in Twin Falls Tuesday night.

North and south winners were Mrs. H. L. Holmes and Mrs. George J. Jensen, first; Mrs. George J. Jensen and Mrs. Margaret M. Call, second; Mrs. Nick Bradic and Mrs. A. J. Meeks, third.

East and west winners include Mrs. H. L. Holmes and Mrs. George J. Jensen, first; Mrs. George J. Jensen and Mrs. Margaret M. Call, second; Mrs. Nick Bradic and Mrs. A. J. Meeks, third.

Dinner Held

PAUL, W. M. Robert Stepp, Crestview, worked with the Paul PTA to secure food for the "Thank you dinner last week for the PTA members who donated in addition to Mrs. Stepp, J. Crestview homemakers provided food for the event.

No Brewing

A walkout by Teamsters during the weekend closed the Anheuser-Busch brewing firm here.

A union spokesman said the walkout was in sympathy with striking Teamsters at Jacksonville, Fla.

An Anheuser-Busch spokesman said today distributors have a two-day supply of beer on hand.

Other company facilities closed by picketing in support of the Jacksonville strike are in Houston, Tex., Columbus, Ohio, Tampa, Fla., Newark, N.J., and St. Louis.

The firm makes Budweiser, Michelob and Busch Bavarian beer.

"Hand" Turns Out To Be Paw Of Dog

What appeared to be a human hand was turned in by the Twin Falls County Sheriff's office recently.

A check, both of the "hand" and the site where it was found was ordered, and Monday afternoon Sheriff Paul Corder said it appears the "hand" really is the paw of a large dog.

The item was found by workmen on Washington Street North near the Pole Line Road during the weekend.

A Twin Falls pathologist inspected the paw and told the sheriff it came from some large animal, not a human.

"I can see where the workmen might have thought it was a hand. It sure looks like one," the sheriff said.

The paw had been in the ground for a long period of time and, in its decayed condition, looked the right hand of a human being.

Art Workshops In Odd Media Slated At CSI

Art workshops for high school and junior-high-school-age students will begin June 11 under the sponsorship of the College of Southern Idaho.

Michele Green, instructor, said the workshops will continue through June 24. Media not normally used in public school instruction will be explored.

The junior high school group will meet from 9 to 10:30 a.m. daily and the high school group will meet from 10:30 a.m. to noon each day.

Anyone interested in enrolling may do so by calling 733-9554, extension 60.

Mrs. Brown

BUHL—Mrs. Alice P. a R. 11, died Monday morning at Magic Valley Memorial Hospital, Twin Falls, of a brief illness.

She was born Feb. 17, 1885, at Milledgeville, Ill., and was married to John E. Brown, March 29, 1912, at Elliston, N.D.

Mrs. Brown was a member of the First United Methodist Church. She was a devoted mother and homemaker.

Survivors include one daughter, Mrs. Lloyd (Esther) Woodbury, Rowlings, Wyo.; two sons, C. E. Brown, Wely, Idaho; and Charles R. Brown, Buhl; one sister, Mrs. Ella Coe, Sepulveda, Calif.; four grandchildren, and six great-grandchildren.

Funeral services were conducted at 8 p.m. Tuesday at the Altheimer Dickard Funeral chapel. Final rites will be held at Rock Lake, N.D.

Pennsylvania Sanctions Pari-Mutuel Race Betting

By United Press-International

"Pennsylvania is now the 29th state in the union to sanction pari-mutuel betting on thoroughbred racing.

The Keystone State joined the parade in search of tax revenue when it passed a law last week authorizing horse-racing pari-mutuel.

The first feature held Saturday was named, naturally, the Keystone Handicap. It was a \$25,500-furlong sprint won in an upset by Social Song, the fourth choice in the money at 10-1. Social Song returned \$18.40 to win.

Mr. Washington, the favorite, faded after a neck-to-neck run with Social Song for part of the race and finished seventh.

A crowd of 15,395 attended the first day of action at Liberty Bell with a whiffle of \$1,149,150.

At Aqueduct, Mrs. Whitney Stone's Shuvee rallied from far back in the stretch to win the \$77,000 Woodbine stakes by two and one-half lengths. It was the second step toward a sweep of the triple crown for fillies for Shuvee.

The three-year-old filly won the Acorn Stakes at one mile two weeks ago and will now aim for the Kentucky Oaks.

Teen-Agers Die From Inhaling 'Laughing' Gas

SAN DIEGO, Calif. (UPI)—Four teen-agers shut themselves up in a sports car Monday and inhaled laughing gas in an effort to get high. Two died and two survived after treatment at a hospital.

Residents of the affluent suburb of La Jolla telephoned police after they heard hysterical screams coming from the parked automobile.

Inside the car, police found the bodies of Clare Herrick, 18, daughter of La Jolla, and Peter Strata, 17, of Pacific Beach. Both were pronounced dead at the scene.

The survivors were Nora Ruffcorn, 15, daughter of a La Jolla attorney, and Brad Hunter, 17.

Miss Ruffcorn was in serious condition at a hospital. Hunter, who was found outside the car leaning against it, was arrested by juvenile authorities.

Nitrous oxide, commonly called laughing gas, is widely used in hospitals as an anesthetic. Police said the teen-agers, all present or former students at La Jolla High School, had a cylinder of the gas that disappeared Sunday from a San Diego hospital.

They opened an outlet valve on the cylinder after closing the doors and windows of the car.

9 Missing From Luxury Schooner

PUNTO SAN ANTONIO, Mexico (UPI) — No trace was found Monday of the nine persons aboard the \$500,000, 161-foot luxury schooner Goodwill that smashed onto a reef and sank four miles off the Baja California fishing village.

A dinghy was missing from the schooner, one of the largest sailing vessels on the Pacific Coast and twice winner of the Trans-Pacific yacht race; and searchers said those aboard may have tried to reach shore after the schooner foundered on the reef some time last week. However, hope has grown faint for survivors.

The wreckage with the mast still sticking above the water was first sighted Sunday on the sunken reef, 180 miles south of the United States border. The Goodwill had been due in Ensenada, Mexico, on a voyage from Cabo San Lucas early last Tuesday. The schooner was reported overdue to the Coast Guard Saturday and a search was launched.

The mast and outline of the wreckage beneath the water was seen from the vessel on the Sacramento reef, 110 miles south of the Goodwill's Ensenada destination. The last report received from the vessel was when it left Cabo San Lucas at the tip of the Baja California peninsula.

The Goodwill was owned by Ralph E. Larrabee, 67, near the L and F Machine Co. in Huntington Park, Calif. His wife confirmed he was aboard the vessel on its ill-fated final cruise.

One of his employees, Marlo Marrs, was flown over the wreckage Monday morning and identified it as that of the Goodwill.

The wife of Bernard Stark, one of the men aboard, went to Ensenada last Tuesday to meet the yacht. When it had failed to arrive by last Saturday she notified the Coast Guard, which launched a search.

The Goodwill, which sails out of San Diego, Calif., set a record when it finished first in the 1953 Los Angeles-Honolulu Trans-Pacific yacht race. It also won the race in 1959.

The two-masted, steel-hulled schooner was built by Bethlehem Steel in 1922 and was originally owned by the Spalding sporting goods family. It was leased to the Navy during World War II and after the hostilities ended was put up for auction.

Larrabee won her on a \$35,000 bid, then spent a fortune overhauling her. A spokesman for his firm said the yacht was now valued at one-half million dollars.

In addition to Larrabee and Stark, other passengers aboard were Ed Henderson, Jerry Comstock and Walter Zales, all of San Clemente, Calif.; John Cole Jr., of the Community Manufacturing Co. of Long Beach; a man identified only as T. Smith; and two women, Carrie Graybehl and Patricia Nienhauser.

Rh Disease Threatens 3,500 Babies

SAN FRANCISCO (UPI)—Of the 350,000 babies born in California each year, at least 3,500 of them are threatened with a blood disorder known as Rh disease.

Now for the first time it is often possible to prevent this disease, reports the California Medical Association.

The disease causes abnormal destruction of red blood cells in the infant, the result of an incompatibility between the mother's Rh blood type and that of the baby.

The disease normally occurs only in the second pregnancy of an Rh negative woman. The preventive treatment now available is a new anti-Rh gamma globulin given to the woman within 72 hours after her first baby.

The single injection blocks her development of Rh sensitivity and safeguards her second child.

Idaho Senator Heads Committee

WASHINGTON (UPI) — A Senate subcommittee headed by Idaho's Frank Church goes to Michigan June 9 to take testimony on consumer economics and the elderly.

Mrs. Virginia Knauer, special assistant to the President on consumer affairs, will be the first witness when the hearings begin on the University of Michigan campus at Ann Arbor.

She will be joined by John H. Harbo, who was named by the Senate last week as the U.S. commissioner on the aging. A panel of elderly shoppers from Michigan also will testify.

JOHN ROBERTS, the son of Mr. and Mrs. George Roberts, Wendol, was commissioned a second Lt. at graduation ceremonies recently at Brigham Young University. He was commissioned in the Air Force. Lt. Roberts also got his degree in psychology with a minor in aerospace studies, at the ceremonies. He is a 1964 graduate of Twin Falls High School and is married.

Reading Class Scheduled For Library Here

Boys and girls of the first through fifth grades are invited to participate in the summer reading program beginning at the Twin Falls Public Library June 9.

The program will continue through Aug. 30 and to enter young readers need only register at the Children's Room of the local library and read the prescribed number of books.

Certificates will be awarded at the end of the program to all who have read the required number and category of books. Theme of the summer program is "Cool it with Books." Each child signing up will receive a tally sheet which must be returned by Aug. 30 with the titles of books he or she has read listed on the sheet.

RETURNING GEOLOGY professor at Idaho State University, Douglas, plans to buy a 40-acre farm in Oregon. He came to ISU in 1947 and is a native of Russia.

ISU Geology Professor To Build Home In Retirement

IDAHO STATE UNIVERSITY, Pocatello — A geology professor who retired from Idaho State University this week, will build his own home on a 40-acre farm in Oregon.

Andrei Isotoff, like a number of ISU professors, is an experienced builder, having built most of his present home in Pocatello, including the furniture.

Born in St. Petersburg, Russia, he came to the U. S. in 1922 when he was 17 from Manchester, where his father was an excellent machinist. He worked at all kinds of jobs, including cabinet making, before enrolling in the University of Oregon

Cockfights

FRESNO (UPI) — Fourteen men and two juveniles were taken into custody Sunday on suspicion of staging a cockfight.

Fresno County sheriff's deputies said the arrests were made during a raid on a cockfight in a big field about two miles south of Herndon, a community east of here.

Investigators said they found 14 blood birds and 14 live ones.

Deputies said about 50 persons were gathered in a circle around the fighting birds. Many escaped on foot or in cars when sheriff's officers appeared.

Sen. Dirksen Rebukes Ted Kennedy

WASHINGTON (UPI) — Senate Republican Leader Everett M. Dirksen rebuked Sen. Edward M. Kennedy Monday for his criticism of the strategy which led to the battle for Hamburger Hill in Vietnam. He said it had jolted his estimate of Kennedy's "wisdom and judgment."

Dirksen told the Senate Kennedy's charge that military commanders were "senseless and irresponsible" in undertaking such battles while peace negotiations were under way came "as something of a shock."

"I did not dislocate my affection for him, but it did jolt my estimate of his wisdom and judgment," Dirksen said.

"If what is being done in Vietnam is senseless and irresponsible, the senator from Massachusetts should contact the commander-in-chief and suggest that he dismiss our military commanders and find others," Dirksen said.

"But I have an idea—the President, the people of this country and our knowledgeable leaders are not about to do anything of the kind," he said. He questioned what the impact of Kennedy's speech would be on troop morale.

"When senators, 12,000 miles removed from Hamburger Hill, call the 10-day action senseless and irresponsible, can it be interpreted in any other way than a direct reflection on the judgment and competence of our field commanders in Vietnam?" he asked.

"If this is to be taken as a home guard appraisal of the skill, judgment and capability of our commanders, what does it do to troop confidence?"

Kennedy was not on the Senate floor when Dirksen talked, but Senate Democratic Leader Mike Mansfield rose to defend him. "I think that what he had to say he had a right to say," Mansfield declared. "Members of this body are mature and responsible men. They have to account for what they say."

IT WAS 23 years ago Wednesday that one of the bloodiest battles of World War II took place following the invasion of Europe on D-Day. At left is the famous Norman City Cathedral with its spire and roof missing. At right is the same scene 25 years later with the Cathedral repaired. (UPI telephoto)

Governor Sets Guidelines On Automated Data Processing

BOISE (UPI) — Gov. Don Samuelson has issued a new executive order setting forth guidelines for the development of automated data processing in state government.

Samuelson's order abolishes the old Governor's Committee on Data Processing, noting that the 40th legislature created a new Joint Legislative-Executive Committee on statewide ADP policies. That committee holds its first meeting Thursday in Boise.

Samuelson's order also recommends the State Board of Education establish a higher education advisory committee on ADP to accomplish four purposes:

- Assure that the ADP needs of higher education are being met properly;
 - Provide a forum for representatives from universities, colleges and junior colleges to exchange information concerning ADP;
 - Recommend to the state board a consolidated plan for ADP as applied to universities, colleges and junior colleges;
 - Recommend to the state board implementation priorities for ADP resources to fulfill the needs of higher education.
- The governor also ordered establishment of a comprehensive

Reappointed

WASHINGTON (UPI) — The Senate confirmed Monday the reappointment of Hamner H. Budge as chairman of the Securities and Exchange Commission. His term as a commission member expires in 1974.

Samuelson also said that no commitments of any type for purchase, lease or acquisition of ADP equipment or access to equipment with state funds will be honored by the state unless they have approval of the administrator of management services.

"Any efforts by vendors to commit the state to the acquisition of equipment when the proper procedures have not been followed shall result in the rejection of contracts," the executive order said.

Samuelson's order also recommends the State Board of Education establish a higher education advisory committee on ADP to accomplish four purposes:

- Assure that the ADP needs of higher education are being met properly;
 - Provide a forum for representatives from universities, colleges and junior colleges to exchange information concerning ADP;
 - Recommend to the state board a consolidated plan for ADP as applied to universities, colleges and junior colleges;
 - Recommend to the state board implementation priorities for ADP resources to fulfill the needs of higher education.
- The governor also ordered establishment of a comprehensive

Julie, David Are In White House

WASHINGTON (UPI) — Julie and David Eisenhower moved into the White House for the summer, taking up living quarters on the third floor.

Both will join the President and other members of the First Family Tuesday on a trip to two college campuses, a couple of days at Nixon's new West Coast home at San Clemente, Calif., and to Honolulu Saturday.

PLANTS EXCHANGED

MILNER — A plant exchange was held when members of the Friendship Circle Club met recently at the home of Mrs. Fern Warr, Finlay plans for the reweaving of secret sisters and election of officers were made.

Annual Policy—6 Months, Budget 424
Main Ave. W.
Across from Sears Phone 733-0626

Look, Clyde, that's the third ball in a row you've dropped! What's on your mind?

I can hardly wait to get to ANDERSON LUMBER CO.'s GRAND OPENING... It's coming soon!

\$10,000 at 65.

The man from Equitable Savings showed us how we could realize that dream by saving just 55¢ a day.

\$10,000 at age 65. That's a good start toward comfortable, carefree retirement. And, with an Equitable Retirement Plan, it's surprisingly easy. If you are 40 years old, for instance, 55¢ a day (\$16.50 a month) will do the trick. That means that you save \$4950—get \$10,000 back. That's more than doubling your money!

Young people do even better. A 25-year-old can save just 22¢ a day (\$6.40 a month) and end up with \$10,000 cash at age 65. This is a return of \$3.25 for every \$1.00 saved.

If you decide to retire earlier... no problem. Your Equitable Savings Plan can be converted to monthly income with full earnings. So visit your Equitable Savings Center soon. Equitable has the savings plans that really work... the savings counselors to help you... the stability you trust.

It's money in your pocket to become an Equitable saver. 92,000 happy savers can't be wrong.

Year	Yearly Savings	Total Saved	Year's Interest	Monthly Income
10	\$1,100	\$1,100	\$ 310	\$ 1,410
20	2,200	440	2,000	
30	3,300	810	2,710	
40	4,400	1,210	4,300	
50	5,500	1,710	7,100	
60	6,600	2,400	10,000	

Check how your money could grow in an Equitable Systematic Savings Plan. Estimated Results and Actual Values Based on Current Earnings.

Nutrition Education Plan Used

BERKELEY, Calif. (UPI)—A pilot nutrition education effort is taking the University of California's Agriculture Extension program deep into poverty areas in both city and country.

The program, aided by federal funds, is designed to reach "hard to reach" poor families to help improve the nutritional quality and adequacy of individual and family diets—within the economic means of the family.

The university has employed 350 women from disadvantaged areas as part-time aides. They have learned basic nutrition and teaching methods and are already teaching others in their own neighborhoods.

"In the first month of the program, more than 6,000 California families were reached," says Dr. Gaylord P. Whitlock, project director.
