Outmanned Thai Troops Throw Back Viet Cong Near Saigon

By WALTER WHITEHEAD
SAIGON (UPI) — Outmanned two-to-one in their biggest battle of the war, Thai soldiers today threw back 1,000 Viet Cong who tried to overrun their camp east of Saigon.
Allied headquarters said 212 guerrillas were killed in the four-hour fight.
U.S. helicopter gunships replied quickly to calls for help from the Thai battalion commander whose men were fighting the attackers in hand-to-hand combat at the barbed-wire perimeter 24 miles from Saigon.
The copters raked the charging Communist regiment with rocket and machine gun fire while Thai artillerymen from the camp leveled their guns and fired into the Viet Cong ranks. Thai losses were put at six killed and six wounded.

New Miss Idaho Looking Forward To Busy Year

Nineteen-year-old Diana Gallagher is working harder than a corporate executive, but loves every minute of it.
Her world took a change at 10:23 p.m. Saturday when she was named Miss Idaho, 1969. The brown-haired and brown-eyed beauty is from Twin Falls, and will represent her state at the Miss America Pageant in Atlantic City, N.J. next September.
She hasn't returned from Boise yet, but is expected to arrive Wednesday to prepare to sign her name in the Idaho Pageant Saturday at 8 p.m. at the College of Southern Idaho Fine Arts Auditorium.
That's appropriate, because she's the present Miss Twin Falls and is also a CSI sophomore.
Miss Hopperstad, a singer who went on a seven-week USO tour last year, presided at the tambourine solo during the

Fly By Mars

PASADENA, Calif. (UPI) — America's two Mariner spacecraft now are more than three quarters of the way around their voyage to Mars to find out whether the planet is capable of supporting earth-like life.
Mariner 6 and Mariner 7, launched Feb. 24 and March 24 are expected to fly by Mars at a distance of about 2,500 miles on July 30 and Aug. 4. At that time, Mars will be a relatively close 60 million miles from earth.
The key to whether there is life on Mars may come from an analysis of its atmosphere by a device called an ultraviolet spectrometer.

New Chief Consults On Aides

By GEORGE SIBERA
PARIS (UPI) — Georges Pompidou elected president of France in a near landslide began unofficial consultations today on his cabinet which will help him run France during the next seven years of Gaullist without Charles de Gaulle.
Political sources said one of Pompidou's first acts is expected to be selection of Jacques Chaban-Delmas, 54, as his premier. Chaban-Delmas has been the Gaullist president of the National Assembly for the past 11 years.
Pompidou will take over officially as president Friday in a short Elysee Palace ceremony. Until then Gaullist Premier Maurice Couve de Murville remains head of the caretaker government and Pompidou can do nothing officially until the Couve de Murville government resigns.
Pompidou, a former high school teacher, banker, and premier, won election Sunday as the second president of the Gaullist Fifth Republic by defeating interim President Alain Fohrer in a runoff. In doing so he won more votes than De Gaulle himself had.
Pompidou is expected to make a number of changes in De Gaulle's policies, including better relations with the United States and easing of British entry into the European Common Market. He also may restore France to a more neutral attitude in the Middle East, away from De Gaulle's recent pro-Arab stance.
Near-final voting figures, complete except for about 300,000 registered voters in four overseas departments and territories, were:
Pompidou 10,903,597 — 57.68 per cent.
Fohrer 7,909,858 — 42.04 per cent.
Pompidou said he regarded his victory as "consolidation and consecration" of De Gaulle's work. At the same time he appealed for national unity.

Charles S. Adamson Dies In Gooding

GOODING — Charles S. Adamson, 75, died early Sunday morning in Gooding Memorial Hospital of a long illness.
He was born Sept. 24, 1893, in Genesee. He attended school in Clarkston, Wash., and moved with his parents to Idaho in 1911. He married Mable Anita Woodworth on Aug. 14, 1917, in Gooding. They moved to Burley shortly after their marriage.
He entered the Army on Aug. 13, 1918, and returned to Burley after his discharge.

Restaurant Roof Collapse Kills 50

SEGOVIA, Spain (UPI) — City officials would continue until the burial of those killed.
Generatissimo Francisco Franco ordered he be kept informed of the progress of the investigation, according to official sources.
The building where the 300 diners were sitting had just been completed. The festa was to celebrate its opening.
The hundreds of tons of masonry and steel plunged through the floor, which collapsed, hurling the dead and injured into the building's basement.
The army brought in huge cranes to remove the debris in the search for bodies. Workmen used winches to free the dead and injured from twisted steel.
"Suddenly there was a deafening roar and I saw a big cloud of dust erupting from the building," said Civil Guard Corporal Jose Flores.
"Dozens of people were screaming, trapped under the debris. It was terrible."
Police said the dead included 20 women, four children and 26-year-old Jimena Millan, 40, mayor of the town of Barco de Avila. All the dead and injured were Spaniards.
Police arrested Jesus Gil, owner of the residential project, and said they would detain "the technicians" who designed the building's complex structure.
The charges against Gil were not announced.
News is Scheduled
A Reception Mass was scheduled in the Cathedral of Segovia, and city officials proclaimed the state of mourning.

240 Idaho Bankers Open Annual Meet At Sun Valley

SUN VALLEY (UPI) — The 62nd annual convention of the Idaho Bankers Association is scheduled to open at Sun Valley Monday.
Banking and bank profit outlook are two primary program subjects.
About 240 bankers and their wives are expected to attend the meetings.
Speakers at the two-day session will include two California bankers, a California management consultant and IBA President Richard Lehman, president of the Bank of Idaho in Boise.
Thomas E. Montgomery of the Bank of America's legal department in San Francisco will speak on "Selected Problems in Trusts and Estates."
Dr. Theodore A. Anderson of Western Bancorporation, in Los Angeles, will review the future for profits in banking.
Liaison relations will be the topic under discussion by Dr. Miller Bennett of Santa Monica, Calif.
Election and installation of officers is scheduled for the final day of the meet.

Work At CSI Still Halted By Strike

Work on the College of Southern Idaho's physical education building is still shut down because of an ironworkers strike.
This is the second week the strike has kept work from proceeding at the college campus.
Sheet metal workers have inked a contract, getting a \$2.10 an hour raise in the next three years. Ironworkers are still negotiating in Boise.
The new plant is to be finished by next spring. But the strike might delay the opening, Dr. Taylor said.

Maritime Unions Strike Atlantic Ports

NEW YORK (UPI) — Four maritime unions struck all Atlantic and Gulf ports today when negotiations with the maritime Service Committee collapsed. The call went out to union members to "secure ships."
Federal mediators said they would try to get the two sides together later today, but were not optimistic about a quick end to the strike which idled 600 merchant ships and may cost eight shipping lines millions of dollars per day.
"I'm going back to Alabama, and I hope, by this time, tomorrow I'll get some sleep," one regional union leader for the International Organization of Masters, Mates, and Pilots said on his way to the airport.
The other striking unions are the American Red Sea Association; Marine Engineers Beneficial Association, and National Maritime Union.
Mediators, union officials, and ship owners, all left for Washington today to begin negotiations. The maritime union negotiators are expected to return shortly after midnight (EDT) when the unions called the strike.
Murray Weiss, spokesman for the unions said, "The word that we are out for our men to safely secure their ships, and then to start a strike."
The union locals were told to get their men ready for picket duty today.
Mediators, labor, and management agreed the key issue was the "primacy of masters." The unions contended that historically the master, or captain, of a ship received top priority because of a contract signed in 1965, beginning last year, some chief engineers aboard merchant vessels received higher wages than the masters.
There are approximately 11,000 members of the striking unions, employed by eight shipping owning 600 vessels. However, some 800 merchant ships operating out of East and Gulf Coast ports, and 30,000 seamen may be affected.
The management committee was asked how many ships would be affected, and Silver answered: "As many ships as are in the U.S."

Driver's Heart Stops 3 Times

DUDLEY, England (UPI)—Dudley Priest's heart stopped three times last week. Sunday he hunched on strawberries and took a stroll in the sun with his wife.

The 56-year-old truck driver entered the Burton Road Hospital two weeks ago with acute heart trouble.

Three times in three days his heart stopped. Each time the nursing team at the hospital's intensive care unit restarted it with external massage.

"You know, it's really wonderful to have three times and to live to talk about it," the jovial patient said, munching strawberries in the hospital garden and giving his wife, Anne, an occasional squeeze.

is open to the public. The five musicians, known as the Bethanians, have traveled approximately 10,000 miles in 14 states and this year will be traveling from June 1 to Aug. 8. They will be appearing throughout the Western United States and will travel as far east as Missouri.

The Bethany Bible College is a four year accredited Assembly of God school with an enrollment of more than 500 students.

Members of the group include Steve Bransford, Hermiston, Ore.; Carl Peters, Yuba City, Calif.; Beverly Brown, Oklahoma City, Okla.; and Cheryl Kinsky, Watsonville, Calif.

Directing the group will be Rev. Ray Shelton, director of student ministries for the college. He joined the faculty in February, 1968.

House Action Nears On Smoking Bill

WASHINGTON (UPI)—Opponents of a bill that would give the cigarette industry another six years of immunity from stronger government regulation vow a fight this week to head off its passage by the House.

On the eve of floor action, scheduled Tuesday, there was still little indication of the mood in the House.

The leadership of neither party has taken a stand on the measure, and President Nixon has never delivered a promised statement of his position.

The basic bill would extend for six more years a 1965 congressional prohibition against any federal, state or local requirement that cigarette advertising carry a health warning—other than the label warning for cigarette packs.

Another section would require a somewhat stronger health warning in place of the one required on the labels of cigarette packs.

The bill's package warning and advertising prohibition, however, is a short-term measure. The Federal Trade Commission (FTC) has proposed for all cigarette labeling and advertising if Congress fails to extend the 1965 prohibition, due to expire July 1. That warning would say cigarette smoking could cause death.

The issues raised by the legislation are complex, cutting across "political" lines and raising questions about the proper authority of regulatory agencies like the FTC and the Federal Communications Commission (FCC). The FCC has threatened a ban on broadcast cigarette commercials.

These are in addition to the basic issue of whether the U.S. surgeon general and the Public Health Service have proved cigarette smoking is a cause of lung cancer and contributor to heart disease and other ailments.

Princeton Seminary Choir Slates Performance Here

Magic Valley residents will have an opportunity to hear the widely recognized Princeton Seminary Choir in a performance Wednesday at 8 p.m. in the First Presbyterian Church, Twin Falls.

Sponsored by the local Presbyterian Church, the concert will be free to the public.

The choir is now on its 24th annual summer tour which will include a fourth trip to Alaska, as well as engagements in British Columbia, Alberta and most of the northern United States from Pennsylvania to Oregon and Washington.

Comprised of Princeton Theological Seminary students and all regular college graduates, the choir represents the 650 students of the seminary, and many are from foreign countries.

In the past five years, the vocal group has appeared in 2,000 churches in the United States, Mexico, Guatemala, El Salvador, Honduras, Nicaragua, Panama, many South American countries and as far north as Newfoundland and the Yukon Territory.

In 1953 the choir was invited by the U.S. Armed Forces to sing for servicemen in bases in Japan and Korea and since that time appeared in a number of Japanese and Korean churches.

Director David Hugh Jones was engaged as organist for the famed Westminster Choir in 1925 and '26. When the Westminster Choir College was formed in 1928, he became a charter faculty member.

Since 1951 he has been with Princeton Seminary as professor of music. Mr. Jones has published a number of choral music works and has written a number of hymns. He is currently chairman of the New Tunes Committee for the Hymn Society of America.

Dirksen Won't Tell His Earnings

DAVID HUGH JONES will direct the well known Princeton Seminary Choir in a public concert Wednesday in Twin Falls. He and choir members will appear here during their 24th annual tour, which also takes them to Alaska and all northern states.

WASHINGTON (UPI)—Senate Republican leader Everett M. Dirksen said Sunday he saw nothing wrong in receiving fees from a Peoria, Ill., law firm in which he used to be a partner.

Dirksen also refused to divulge how much he earned from the firm.

The Illinois Republican said he often referred non-government business to his former legal associates when Congress was asked him for the name of a law firm in Peoria.

Dirksen told television newsmen—(Issues and Answers—ABC)—that he did not see any contradiction in making judicial and executive branch officials reveal their sources of income without similar rules for congressmen.

Judges and other presidential appointees must be confirmed by the Senate, Dirksen said, and their sources of income come under scrutiny during Senate hearings. Voters are free to question lawmakers about their financial holdings when they run for reelection, he said.

The questions arose from a recent article in Newsweek Magazine which questioned some of Dirksen's financial dealings. Dirksen said the report was in the tradition of "muckraking" journalism when an editor calls in his favorite hatchmen and says "go out to Illinois and take a gander at Sen. Dirksen and get the dirt."

Students At Berkeley Leave Rites

BERKELEY, Calif. (UPI)—More than 300 University of California seniors wearing green armbands and led by the student body president Sunday walked out of commencement exercises and marched to "People's Park."

About 700 parents and friends of the seniors joined in the walk-out from ceremonies held in Memorial Stadium.

In addition to the armbands, some of those who left wore gas-masks and wreaths of flowers draped around their shoulders and carried red and black flags.

The demonstrators returned to the campus after circulating the fenced-in university-owned plot of land that radical students and Berkeley "Street People" claimed for themselves and turned into a park to hold their own Commencement featuring rock bands and dancing.

The university's 1968 commencement turned into a tumultuous affair as those among the 4,500 seniors who refused to attend angrily booed those who walked out.

3 Animals Chosen For Oscar Awards

HOLLYWOOD (UPI)—Albardo the horse, Arnold the pig, and Lassie the dog walked off with the top honors in the annual Patsy Awards—the Oscars of the animal kingdom.

Arnold featured in television's "Green Acres," got the Patsy for best supporting animal in a television series.

Timmy won his award for the best single appearance, a cameo spot in "The Beverly Hills Cop."

The awards, announced Saturday, are sponsored by the American Humane Association.

Battle To Continue Tax Moves Along

By MICHAEL L. POSNER

WASHINGTON (UPI)—President Nixon's fight for a one-year extension of the income tax surcharge was almost past its first hurdle today—approval by the House Ways and Means Committee.

But the tax bill, which extends the surtax at 10 percent for six months and at 5 percent for another six, faces formidable problems when it goes before the full House.

Unless extended the tax will die June 30. There were these other developments:

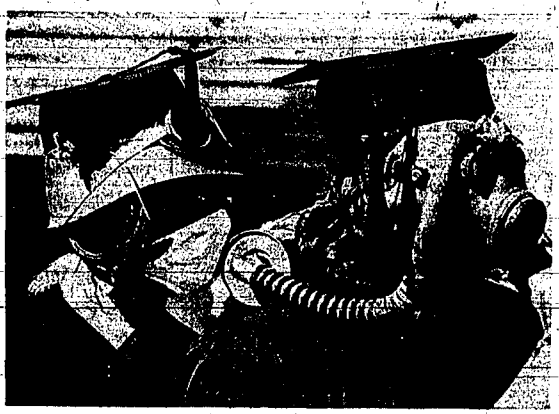

Treasury Secretary David M. Kennedy rejected any compromise, including extending it for only part of the year. The surtax, he said, is necessary for the economy. We must not reduce taxes at this time.

Rep. Samuel S. Stratton, D-N.Y., said the surtax extension "is in deep trouble" so far because of delays on tax reforms. He said "the recent emphasis on tax reform and plugging tax loopholes has created a strong demand that we not extend the surtax without also doing something about loopholes."

Despite the continuing opposition from House liberals who are insisting on firm commitments on tax reform, the \$10 billion revenue bill was expected to pass the House eventually.

Kennedy, appearing on a television show Sunday (Face the Nation—CBS), conceded it was unlikely both houses of Congress would act on the measure before its expiration date, 14 days from now.

Nixon said the surtax would put a "fiscal drag" on the inflationary economy, by taking \$10 billion from wage earners and corporations. The surtax was first imposed last year by Congress.

ROME, Ga. (UPI)—George Lindsey couldn't shake the hangover from the drinks he had shared with four other persons at a rooming house Friday.

He went to a hospital late Saturday. It may have saved his life.

Lindsey's companions died within a 24-hour period after the drinks. Police said Sunday they had been drinking shellac thinner purchased at a paint store.

Desk Sgt. O. W. Pierce said officers went to the rooming house Friday afternoon after receiving a telephone tip. They found Francis Cutting, 40, dead, and Johnny Smith, 39, Clinton Ellis, 54, and Robert Sampson, 54, unconscious. One of the men died Friday night and the other two Saturday.

Lindsey had left the party, but police began a search for him when it was learned he also had consumed the poisonous thinner.

Land Board Can't Give Away Books

BURLEY—The books and furniture at the state-owned college campus at Albion cannot be given away by the State Land Board.

An opinion from the Idaho attorney general's office states the land books could not be given away, but could not give them away.

Magic Valley Christian College, which has been leasing the site for the past 12 years, is moving to Baker, Ore. This summer and college officials plan to take \$100,000 worth of books and equipment with it.

College officials contended the state-owned books and equipment should be given to the college in payment for improvements made on the college, including construction of apartments and 5,000 Scotch pine trees planted on the campus.

Socialist International Discusses World Problems

EASTBOURNE, England (UPI)—The Socialist International, an association of world Socialist parties, begins a major conference on international problems Monday in the unusual presence of key Israeli and Egyptian leaders.

Israeli Premier Golda Meir and Hussein Zulfikar Sabry, foreign affairs advisor to Egyptian President Gamal Abdel Nasser, will attend, a conference spokesman said Sunday.

The gathering at this seaside resort will review Europe, Vietnam, East-West relations and the crisis in the Middle East—in addition to Socialist problems.

It is the Socialist International's first major congress since a 1966 meeting in Stockholm.

Conference sources said Mrs. Meir would be leading a strong Israeli delegation while Sabry is attending as a "diplomatic observer" at Cairo's request, presumably to get firsthand the latest Israeli proposals for the Middle East.

The sources ruled out a face-to-face meeting between Mrs. Meir and Sabry—Egypt to direct negotiations, which Mrs. Meir considers essential.

British Prime Minister Harold Wilson will open the international policy review at 11 a.m. Other speakers include West German Foreign Minister Willy Brandt and Italian Foreign Minister Pietro Nenni.

5 Drowned As Car Plunges Into River

SCOTTSBORO, Ala. (UPI)—Five persons, including four from the same family, drowned early Sunday when the car in which they were riding plunged into a branch of the Tennessee River at a point where the water was six feet deep.

The victims were identified as Gary Dean Todd, 29, the driver; his wife, Sammie McDonald Todd, 32; their children, James, 4, and Sherry Jean Thompson of Gary, W. Va., 14.

Troopers said Todd apparently went to sleep and ran off a curve on U.S. 72 about seven miles east of here into the Mud Creek branch of the Tennessee River.

The Todds had been visiting relatives in West Virginia and were on their way home to Decatur at the time of the accident, troopers said.

Jerome Area To Survey OEO Needs

JEROME—The Jerome Community Action Committee has named a planning committee to survey the needs of the county and make recommendations for future OEO programs.

Larry Mack, director, South Central Community Action Agency, said this is a necessary step in determining what the various communities want and need. There are planning committees for Twin Falls and Cassia counties, the other two counties under the SCCAA.

The committee also discussed leasing a Day Care Center. The Jerome school trustees have not met with the committee yet, so it is unknown if the CAA will be able to use one of the abandoned school buildings.

The three Jerome County commissioners attended the meeting.

Diplomats Say VC, N. Vietnam Following Policy Of Delay

Diplomats in Paris say Viet Cong and North Vietnam hardliners are following a policy of delay in the Vietnam talks. On the other hand, growing conviction they can win a total political victory. The Communists are increasingly confident the Americans will be pressed by domestic and world opinion to withdraw more troops without similar measures by Hanoi. At the same time pressure on the Saigon government will be stepped up by political and terrorist means. The Paris talks are to continue, but no real negotiations will be undertaken in the expectation that attrition alone will produce the results Hanoi wants.

South Vietnamese President Nguyen Van Thieu and Nationalist Chinese President Chiang Kai-shek conferred recently in Taipei but there was no talk of use of any of Chiang's troops in South Vietnam.

Taipei said Saigon does not want any Nationalist Chinese troops for fear of provoking Peking into open intervention. Taipei does not want to send any troops to Vietnam because Chiang still lives for the day when an anti-Communist revolt will permit him to send his 600,000-man army to the China mainland.

High Philippine government policy makers are wrestling with a decision on whether they should make family planning, including use of the pill, an integral part of the government program. The issue is delicate one considering that

United States can muster the votes necessary to push through its campaign for special drawing rights from the International Monetary Fund when the fund's directors meet in Washington in September. Sources say some industrialized European nations still are pressing for a more flexible U.S. position on the price of gold.

Orville Moody Is U.S. Open Champion

Tour Unknown Backs Into Prize As Barber Tumbles From Top With 9 Bogies

HOUSTON (UPI)—Rank unknown Orville Moody, a second-year pro who doesn't believe in practice, snatched the U.S. Open Golf Championship Sunday with a one-over-par 281 when third-round leader Miller Barber's lead melted in a potful of bogeys.

The 35-year-old former Army career man became the second unknown Texan to capture the prestigious Open title in successive years when he fired a final round 35-37—72 to win by one stroke in a dramatic finish over Deane Beman, Al Gelberger and Bob Rosburg.

Barber, the 38-year-old veteran who had gone into the final round with a three-stroke lead over Moody, four over Beman and Bunky Henry, five over Rosburg—and six ahead of Gelberger, stumbled over nine bogeys and finished with a 38-40—78 and was back at 284.

Moody, winning \$30,000 in prize money and under thousands more in side benefits, calmly sank a 2-2 foot par putt on the final green to sack it up.

Had he missed there would have been a four-way tie and forced a playoff Monday—the sixth time in the past eight years for such a finish in the Open.

As in Trevino's case a year ago at Rochester's Oak Hill, Moody's first four victory was "the big one." He had been touring for only last year after 14 years of combining pro golf and an Army career.

He had been in the top ten five times this year and had lost a playoff to Gene Littler, the year's top money winner, in the Greensboro Open for \$27,821. He had won less than that of all his rookie year on the tour.

The final round, played in 66-degree weather and a 12-mile per hour wind, was a 12-mile drive to Cypress Creek course to play exactly opposite to the first three days in light south breeze. Barber had within two shots of the lead at one time on the back nine.

Rosburg, the pudgy San Franciscoan whose claim to fame was his 1959 PGA championship, blew his chances for a tie when he flubbed a four-foot par putt on the final green for a 37.

Gelberger fought off a bogey-bogey start and turned four bogies in the last 10 holes into a par 37—71.

Beman, the Bethesda, Md., insurance man who was a great amateur until he turned pro in 1967, like Moody and Trevino, birdied the final hole for his 37-35—72 and a share of the second place money.

Murphy, another 1967 graduate of the PGA finishing school who led the first round

No Practice Makes Perfect Says Champ

HOUSTON (UPI)—Orville Moody, the easy-going, easy-going who doesn't much believe in practice, mopped his brow after sinking his way into the U.S. Open Golf Championship and gasped:

"That was a long 14 inches for a million dollars, I'll tell you."

Moody, who came out of the Army March 5, 1968 after 14 years of service and is only in his second year in service, received a telephone call of congratulations from President Nixon.

"That was the highlight of my day," Moody said.

"The President said a number of wonderful things," he added. "He told me it wasn't often that a fellow came out of 14 years of military service to win the U.S. Open Championship. I told him it was the first time."

Moody, 35, said he has no immediate plans except to "sit back and let somebody make money for him."

While many other pros came here and practiced over the Champions course, measuring the difference between that and what the next three fellows got was \$10,000, so that last putt was a mighty important one," Moody said.

Actually, the difference is much larger than that, since a whole lot of other benefits in the form of testimonials, appearances, etc., come to the Open champion. In fact, the fact that no longer is the big guy a golfing unknown.

Yanks Take Rain-Halted 4-0 Victory

NEW YORK (UPI)—Jimmie Hall drove in four runs with a pair of two-run triples and Stan Bahnsen allowed the first Sunday as the New York Yankees defeated the Seattle Pilots 4-0 in a game called because of rain in the top of the sixth inning.

A Bat Day crowd estimated at 58,000 saw Hall drive in two runs in the first inning after Jerry Kenney was safe on an error by second baseman Tommy Harper and Roy White walked. Kenney hit home to third on a stolen base and a long fly.

Hall tripled again in the fifth inning after walks to Konney and White sandwiched around forruns. Both home were off ex-Yankee Fred Talbot, who suffered his second loss against one victory.

Bahnsen, 17-game winner as a rookie last season, struck out four and walked two in scoring his third win against nine strikeouts.

Ballard (3-0) pitched 5 2/3 innings, allowing only one run on three hits and two walks.

Talbot (2-1) pitched 4 1/3 innings, allowing four runs on six hits and two walks.

ORVILLE MOODY, the 1969 U.S. Open Golf Champion, kisses his trophy after surviving a treacherous wind to post a one-over-par 281 total, good for a one-stroke victory over three others, Moody collected \$30,000 in first prize money. (UPI telephoto)

Yarborough Nips Yarborough In 500-Mile NASCAR Battle

CAMBRIDGE JUNCTION, Mich. (UPI)—Cala, Yarborough survived a last lap side-swiping from Le Roy Yarborough Sunday as he staged a stirring comeback to capture the \$88,125 Motorcraft-600, the first northern invasion of southern-style NASCAR racing.

The "Brothers," Yarborough and Yarborough, both drivers of 1969 Mercury Cyclones, entered the field of 250 trips around the two-mile Michigan International Speedway racing side-by-side.

But Le Roy, 30, of Columbia, S. C., who had led on 138 previous laps, apparently wobbled going around the first turn and the ensuing collision with Cala pushed him into the wall and out of contention for his fourth major NASCAR victory this season.

Yarborough, also 30, who averaged 139.232 miles per hour and netted \$17,625 in his bid to repeat as the money winner, wriggled out of the bumping and coasted home an easy winner over runner-up David Pearson, 34, Spartanburg, S. C., driving a 1959 Ford. It was Timmonsville, S. C., native's second major win this season.

Richard Petty, 31, Randleman, N. C., also in a 1959 Ford, finished first white Le Roy who came within 300 yards of riding his car home along the wall.

It was placed fourth—Charlie Glotzbach, 38, Edwardsville, Ind., and Paul Goldsmith 41, Manser, Ind., both drove 1969 Dodges into fifth and sixth place.

Seventeen cars of the 38 which started were running at the finish of the tight-fought contest, in which less than a lap separated the final four finishers.

The yellow-caution-flag was up eight times during the race for a total of 33 laps to hold speeds well below the 150 m.p.h. qualifying top. A total of 45,328 fans braved a day which began in-rain but turned to partly cloudy skies and a dry track at race time.

"It was a typical last lap," said Le Roy's pit boss, Junior Johnson, without bitterness. "Even Cale and the Roy got together, nobody gives and anything can happen."

"I really don't know what happened with Cale and his last lap collision. 'I know my car stayed in the groove. I think maybe he hit a loose spot."

Lombardi Hosts Redskins In 'Get Acquainted' Workouts

WASHINGTON (UPI)—Vince Lombardi, a tough taskmaster at Green Bay, was percolating at a low pressure level as he convened a squad of his Washington Redskins for a preview four-day get acquainted workout Monday.

"This isn't going to be anything tough," Lombardi said of the four days which will feature skill sessions for the quarterbacks and receivers followed by some practice field drills. "Mainly, it's so that we can get some idea of what we plan to do when we go to the field next month."

But the workouts formally mark Lombardi's first return to the practice field as an active pro football coach since a year's hiatus in which he held the top front office job as general manager of the Packers, the team he led to five National Football League championships.

The itch to coach proved too much for him and on Feb. 6, he signed on as head coach, general manager and vice president of the Redskins.

Approximately 50 veterans, free agent hopefuls and draft selections have been invited to the preview sessions. From Monday through Thursday, the group will convene for classroom work and movie sessions with Lombardi and his assistants for three hours in the morning. After a lunch break, they will board a bus for a practice field at Georgetown University for an hour of easy physical drills.

"It will be mostly the passers throwing to the receivers so they get to know each other and the patterns," Lombardi explained.

Foremost among the passers of course will be Sonny Jurgensen, the league's No. 1 passer two seasons ago who was hobbled by injuries last year.

Jurgensen and Lombardi have been holding long sessions together since February, mapping team strategy for the campaign ahead.

Also on hand for the workouts were Jim Nirsowski, Jurgensen's backup last season; Harry Theofanis, a scramble from Washington, Pa., and Danny Talbot, the former North Carolina quarterback who is a rookie after two years of military service.

Absent was a fifth quarter-back candidate who may well become Jurgensen's successor—Gary Baban, the 1967 Heisman Trophy winner from UCLA. Baban, now serving out a military reserve requirement, was used only as a running back by Lombardi's predecessor, Otto Graham. Lombardi declared after viewing films of Baban's college performance that he would be a quarterback again.

Reds Edge Cubs 7-6 On Tolan Single

CINCINNATI (UPI)—Bobby Tolan's ninth-inning single gave the Cincinnati Reds a 7-6 victory in the first game of a doubleheader Sunday but the second game was suspended after seven innings by a curfew with the Chicago Cubs leading 5-4.

"It was agreed that no inning would start after 6:45 p.m. EDT so the Reds could catch a plane for San Francisco to open a four-game series Monday afternoon. The game will be completed Sept. 1 when the Cubs make their next visit to Cincinnati.

Raul Popovich's two-run homer in the third highlighted a three-run rally in the third inning against Gerry Arrigo, who was making his first start of the season. The Cubs scored their other two runs in the sixth inning against Wayne Granger as Don Kessinger had a sacrifice fly and Popovich singled in his third run of the game.

Seven-Run Fifth Lets Detroit Win

KANSAS CITY (UPI)—Dick McAuliffe's bases-loaded triple and Jim Northrup's three-run homer highlighted a seven-run fifth inning outburst that powered the Detroit Tigers and Eastern White Sox to a 7-6 victory over the Kansas City Royals Sunday.

Wilson handcuffed the Royals on two hits, struck out seven and walked only one in hurling his first complete game of the season to hike his record to 6-5.

The Tigers batted 10 men in the fifth to break open a scoreless duel between Wilson and loser Roger Nelson.

A walk to Bill Frensch, Tom Mitchell's single and a walk to Wilson loaded the bases with one out.

Nelson got Mickey Stanley on a called third strike for the second out, but McAuliffe lashed a triple off the right field wall just inside the foul pole to give the Tigers a 2-0 lead. A Kaline singled in McAuliffe's sending Nelson to the showers and bringing up Tom Burzomello.

Crash Kills Hot Rod Driver

DALLAS (UPI)—Gerry Schwartz, a 25-year-old printer from Fort Wayne, Ind., was killed Sunday when his super-charged Cougar slammed into another car at 100 miles an hour in the finals of the National Hot Rod Association's Spring nationals.

Schwartz was first off the line in the funny car eliminator against a Mickey Thompson Mach 1 Mustang driven by Pat Foster of Long Beach, Calif.

About 300 yards down the track Foster, in the lead, began to drift toward the left. He took corrective action, but then drifted to the right and in front of Schwartz.

Clendenon Goes To N.Y. Mets

SAN FRANCISCO (UPI)—The Montreal Expos made their third trade in four days Sunday, sending first baseman-outfielder Donn Clendenon to the New York Mets in exchange for infielder Kevin Collins and three minor league pitchers.

Clendenon, the center of a controversial trade with the Houston Astros last spring which finally had to be settled by a 5-0-1 Commissioner Bowie-Kuhn, was the big man in Sunday's swap.

Batting .340 in 35 games with four homers and 14 runs batted in, he became expendable when the Expos acquired Ron Fairly from the Los Angeles Dodgers last Wednesday.

Ford Noses Out Porsche By 120 Yards In French Le Mans Racing Classic

LE-MANS, France (UPI)—Ford won its fourth successive Le Mans 24 hour race Sunday as Belgium's Jackie Ickx edged out Germany's Hans Herrmann's Porsche in the toughest of their last major competitive event, ran a carefully planned race for the British John Wyer automotive team to finish first in their last major competitive event, ran a carefully planned race for the British John Wyer automotive team to finish first in their last major competitive event...

Last minute decision they took to keep their movable stabilizers despite an international ban, led for 21 of the 24 hours. Britons Vic Elford and Dickie Attwood were ahead for 19 of the 24 hours before being eliminated by clutch trouble. Teammates—Rolf Stommelen and Kurt Ahrens of Germany in another 4.5 liter 917, had taken their first heat lead and Siffert, Switzerland, with Brian Redman, Britain, in a three-liter 908, the next three hours. The 917 crashed on the first lap, killing wealthy British amateur driver John Woolfe, 35, whose bride of six months was at the track. The flying debris and flames set fire to the Ferrari-prototype of New Zealand Chris Amon, who pushed the automatic fire extinguisher button before escaping from the car unharmed, and caused damage to another Ford GT40 of Frank Gardner, Australia, and Malory Guthrie, England, which eliminated it a few hours later. The last hour of the race had the crowd of more than 300,000 cheering wildly as the Ford and Porsche hammered on in a style which Hobbs described as "quite ridiculous at the end of 24 hours racing."

JUST THAT MUCH was the winning margin in the 24-hour Le Mans test of auto endurance. A Ford GT40 driven by Jackie Ickx of Belgium and Jackie Oliver of Britain flashes across the finish line yards ahead of a German Porsche driven by Hans Herrmann and Gerald Larousse of France. (UPI telephoto)

Andretti Sets World Mark For One-Mile Paved Tracks

LANGHORNE, Pa. (UPI)—Indianapolis 500 winner Mario Andretti set a world's record Sunday in qualifying for the 125-mile race by averaging 128.28 miles per hour, was halted by rain on the 28th lap.

It will be resumed on that lap next Sunday. Andretti, driving an STP oil treatment special re-engineered Ford, set a record for one-mile paved tracks of 128.319 miles per hour.

The old mark of 128.028 miles per hour was set in 1967 by Gordon Johncock of Hastings, Mich. Bobby Unser, who held the lead when the race was stopped, also broke Johncock's mark with a qualifying time of 128.284 miles per hour in his turbo Offy. Andretti had the pole position but Unser, the 1968 Indianapolis

500 winner, jumped in front at the start of the race which was delayed 45 minutes by rain. Unser was setting a record of 128.319 miles per hour through the 20th lap and was out in front of Andretti when the downpour started again on the 28th lap. Johncock was third, followed by Wally Dallenbach of New Brunswick, N.J., and Lloyd Ruby of Wichita Falls, Texas. U.S. Auto Club rules prohibit racing in the rain.

In the final lap down the long straight, Herrmann possessed the lead but the Italian worked Alfa Romeo's and Abarth's dropped out because of a customs strike and Porsche's 917 was forced to retire. The stream of the Porsche 917 was enough to swing on the outside just before the breaking zone and take a lean. Herrmann was hammered on through the final corners.

The smallest field ever, only 45 of the traditional 55 starters, lined up at 2 p.m. Saturday for the 1969 American Grand Prix works Alfa Romeo and Abarth's dropped out because of a customs strike and Porsche's 917 was forced to retire. The stream of the Porsche 917 was enough to swing on the outside just before the breaking zone and take a lean. Herrmann was hammered on through the final corners.

Bunt Single Gives Twins 3-2 Triumph

MINNEAPOLIS (UPI)—Graig Nettles' bunt single with two out in the seventh inning scored Rod Carew from third base Sunday to lift Minnesota past Cleveland 3-2, behind Dave Boswell's five-inning lead-off home run.

Carew led off the inning by working Steve Hargan for a walk. After Tony Oliva struck out, Harmon Killebrew walked and Carew advanced to second. Carew moved to third when Rich Reese bounced into a forecourt and Nettles surprised the pitcher and first base. Second baseman Zolo Versailles fielded the bunt but his throw was even close at bat.

The Twins opened the scoring in the first on a single by Ted Andersen, Carew's walk and Killebrew's triple to right. Killebrew's two RBIs brought his league-leading total to 52. Carew's homer, (2) and Harold Reynolds' (2).

Phillies Nip Padres 5-4 In 10 Innings

SAN DIEGO (UPI)—Terry Ryan hit his 12th home run in the 10th inning to lift Philadelphia to a 5-4 victory over the San Diego Padres Sunday to complete a sweep of a three-game series.

The win was the fifth in a row for the Phils after nine straight losses. Ryan, who pitched a Southpaw, Woody Fryman, who needed help from John Booser to retire the last man in the bottom of the 10th, gave up six hits and struck out 12 to pick-up his sixth win against three losses.

Rookie Clay Kirby started for San Diego but gave up single to Joe Judge and Mike Krukow in the 10th after retiring the first two batters. Right-hander Jack Baldwin replaced Kirby and walked Larry Bissel to one base. Then Harmon delivered his game-winning hit.

Kirby, who has not pitched a game since he was called up, suffered the loss to make his record 2-7. The Padres took a 2-0 lead in the first inning when Al Ferrara, who pitched for the Phils, and Ollie Brown with a double but the Phillies came back with four runs in the fourth.

Kirby didn't allow a hit in his fifth home run of the season with a man on and Deron Johnson got a two-run triple for the Phils. Ferrara pitched a 7-0 game. In the 10th, Kirby (2-7) pitched 9 1/3 innings.

Whitworth Wins Patty Berg Classic

SUTTON, Mass. (UPI)—Kathy Whitworth weathered a steady, swirling wind and a determined challenge Sunday from Sandra Linde to win the two-month Patty Berg Golf classic by one stroke.

Miss Whitworth, a Dallas, Texas, 34-year-old, one-foot putt on the 18th, but by then it didn't matter. Linde, who returned to the tour just a week ago after a thumb injury, and Ruth Jensen of Middleburg Heights, Ohio, were tied with a one-under 218 and split \$2,070. Shirley Englehorn of Caldwell, Idaho, was fifth at 219.

Orioles Acquire Frank Bertina

CHICAGO (UPI)—The Baltimore Orioles acquired southpaw Frank Bertina from the Washington Senators and immediately sent him to their Rochester farm club in the International League.

Hulme, McLaren Sweep Second Event Of Can-Am Race Series

ST. JOVITE, Que. (UPI)—New Zealanders Denis Hulme and Bruce McLaren swept home in 1-2 order in the second race of the Can-Am series for Group 7 cars Sunday.

Driving McLaren Chevroletos on the 265-mile road circuit in the Laurentian Mountains north of Montreal, the New Zealanders shook off early race opposition to win easily in reverse order to the opener of the series two weeks ago.

Hulme and McLaren set a new record for Le Circuit, each turning in 1:13.8 laps. The record was set by Jochn Rindt in Formula One 1968 Grand Prix here.

The early race shaped up as a twist from the pre-race script, which called for the McLaren team to run away from the field. Both Surtees and Molschenbacher, however, held the lead for brief periods.

The turning point for Surtees came when he was clipped from behind by McLaren and was forced to retire when the rear part of his car buckled.

Two of the big threats were out before the race started—California's John Cannon and Dan Gurney. Both blew their engines in practice Saturday and had no replacements.

Hulme and McLaren are now tied with 35 points each after two races in the 11-event Can-Am series.

Giants Take Twin Bill From Expos

SAN FRANCISCO (UPI)—Home runs by Dick Dietz, Bobby Bonds and Bob Elteridge powered San Francisco to a 5-2 sweep of the Montreal Expos Sunday after Ken Henderson's three-run ninth inning homer carried the Giants to a 7-4 decision in the opener.

As a result of the twin victories, the Giants moved into first place in the National League West, a game behind the front-running Atlanta Braves.

Bonds' homer, his seventh, came with one aboard while Dietz and Elteridge hit thurs on a wild pitch by Don Wilson. After Lou Brock was intentionally walked, Flood and Vada Pinson hit consecutive runs.

Braves Down Pirates 6-4 Behind Reed

PITTSBURGH (UPI)—Catcher Bob Didier drove in two runs with a pair of singles to lead the Atlanta Braves to a 6-4 victory over the Pittsburgh Pirates Sunday and help Reed win his sixth game of the season.

Didier's hits sparked a two-run second- and a three-run fourth which enabled Reed to accrue credit for his victory with the clutch relief help of Cecil Upshaw.

Singles by Rico Carter, Felix Millan, Bob Aspromonte and Didier produced two runs in the second.

Millan doubled to start the three-run fourth, took third on Aspromonte's infield single and scored when Didier struck.

Two more runs scored when Reed singled in the infield to fill the bases and Luke Walker hit Tony Gonzalez to force in one run and walked Orlando Cepeda to force in another.

The Braves scored three runs in the sixth on Roberto Clement's two-run single after Matty Alou singled and Rich Hobbs doubled. It was the 19th straight game in which Alou hit safely.

Atlanta's 120-200 record is 4-0 against the Pirates (2) and Braves (2). Pirates (2) and Braves (2) are tied for first place in the National League West.

Solon-Angel Tilt Postponed

WASHINGTON (UPI)—The game between the Washington Senators and the California Angels was rained out Sunday after one inning of play.

With both teams scoreless, a series of thunderstorms began and the game was called after a 57-minute wait. It probably will be rescheduled when the Angels return to Washington in September.

Orioles Rip Sox Twice, 9-0 And 13-2

CHICAGO (UPI)—Paul Blair homered in each game and drove in a total of six runs to highlight a 29-hit, 22-run explosion Sunday as the Baltimore Orioles swept a doubleheader from the Chicago White Sox by 9-0 and 13-2 margins.

Blair hit his 12th homer, a two-run blast, during the three-run fifth inning of the first game that gave the Orioles a 4-0 lead and enabled Dave McNally to coast to his ninth straight victory. He also hit three-run homer in the five-run fourth inning of the second game as Tom Phoebus boosted his mark to 7-1.

McNally pitched a four-hit and a four-game sweep of the White Sox series by the Orioles in which they collected a total of 60 hits.

Blair hit his 12th homer, a two-run blast, during the three-run fifth inning of the first game that gave the Orioles a 4-0 lead and enabled Dave McNally to coast to his ninth straight victory. He also hit three-run homer in the five-run fourth inning of the second game as Tom Phoebus boosted his mark to 7-1.

McNally pitched a four-hit and a four-game sweep of the White Sox series by the Orioles in which they collected a total of 60 hits.

Jackson And A's Again Crush Boston

BOSTON (UPI)—Reggie Jackson followed up his 10th home run on Saturday by driving in four more and San Francisco's Mike Yastrzemski pitched a four-hit shutout Sunday to lead the Oakland Athletics to a series-sweeping 13-5 win over the Red Sox.

The Athletics' one-sided victory came on the heels of their 21-7 Saturday win to finish a three-game sweep as Oakland held onto first place in the American League West.

Jackson, who had a double triple and a league-leading 23rd homer to lead the Oakland Athletics, finished the series with nine hits, seven for extra bases, including four homers and a three-game total of 15 runs batted in.

Rick Monday had a two-run homer and drove in three runs while Danny Ceter and Jackson each had three of 10 hits off four pitchers.

Hando's slam came off reliever Gary Roggenbuck in the eighth after Bill Landis had filled the boxes on three singles and a run-forcing hit by Matty Alou.

Drysdale, New York 3-2 Dodgers Tip

LOS ANGELES (UPI)—Don Drysdale returned to action Sunday after eight weeks on the disabled list and the Los Angeles Dodgers scratched up two runs in the fourth inning that brought the big right-hander a 3-2 win over the New York Mets.

It was only the fifth start of the season for Drysdale and the victory made his record 2-1. He threw in the sixth inning after giving up seven hits and two runs, and was relieved by Jim Brewer.

It was Drysdale's first win since the opening day of the season. In the fourth, Wes Parker walked and with one out Manny Mota beat out a bunt to third with both runners taking an extra base on Ed Charles' overthrow of first.

Tod Sizemore's sacrifice fly scored Parker and sent Mota to third. Mota scored on a wild pitch.

Rookie Jack Di Lauro, brought up from the minors a month ago, went six innings for the Mets and allowed seven hits to take the loss. It made his record 0-1.

Andy Kosco hit a leadoff homer in the second, his 11th of the season, to give the Dodgers a brief lead.

New York 000 000—3 2 2
Los Angeles 000 200—2 1 1
D-Lauro (3-0), Taylor (1-0) and DiLauro (1-0) pitched for Los Angeles. Drysdale (2-1), DiLauro (1-1), Kirkwood (1-0).

Orland Mayer Is Board Chairman
 BOISE (UPI) — The Idaho State Board of Engineering Examiners announced Saturday the selection of a new chairman. He is Orland C. Mayer of Boise.
 Other board officers, chosen

at the Saturday meeting are vice chairman C. Clifford Hallik and secretary S. M. Barton, both of Boise.
 In other business, the board granted registration to 18 engineers from other states and announced the names of 69 engineers in training who passed examinations April 26 at the University of Idaho and Idaho State College.

North Idaho Girl Dies In Accident
 COEUR D'ALENE (UPI) — Idaho's traffic death toll rose to 123 Saturday with the death of an 11-year-old Coeur d'Alene girl in a two-car-bicycle accident. The accident took the life of

Carla Jean Hanson.
 A car driven by Leslie D. Schmehl, 25, Post Falls, Idaho, struck another car and the second car careened out of control and struck the Hanson girl, who was riding her bicycle near the intersection. Driver of the second car was listed by Coeur d'Alene police as Terry Lee Driskell, 19, Coeur d'Alene.

Murtaugh Woman Earns Hospital Appointment

—MURTAUGH— Marilyn G. Thorne, daughter of Mr. and Mrs. Herbert Thorne, Murtaugh, has been appointed to the position of Director of Dietary at the University of Utah Medical Center Hospital, Salt Lake City. She is a member of the American Dietetic Association and the Utah Dietetic Association, having held several offices and served on various committees in the organizations.
 Prior to becoming Director of Dietary, Miss Thorne served from 1965 to this time as assistant director at the hospital. Before that she served two years as therapeutic dietitian at the LDS hospital in Salt Lake City and worked one year in the same position at Swedish Hospital in Seattle, Wash.
 She is a graduate of Murtaugh High School and received a bachelor of science degree with a major in food and nutrition from Utah State University, Logan, Utah. Her training placed emphasis on dietetics and she has a chemistry minor.
 She took her dietetic internship in Seattle at King County Intership for Hospital-Dietitians.
 At Utah State, she was a member of Spurs, a sophomore service-honorary, and served as president of the American Home Economics club.

MARILYN G. THORNE, daughter of Mr. and Mrs. Herbert Thorne, Murtaugh, is now Director of Dietary at the University of Utah Medical Center Hospital, Salt Lake City. A graduate of Murtaugh High School, she received a bachelor of science degree from Utah State University, Logan, and interned in Seattle, Wash.

Floats Are Discussed By Area C. of C.

RUPERT — "Simplicity, with the immediate portrayal of the theme, is the most important thing to remember when preparing a float," according to Russ Vanderlinden, representing the Modern Display Service in Salt Lake City.
 Mr. Vanderlinden, in speaking to the Rupert Chamber of Commerce recently, noted that a float should be something that is fun to look at but does not necessarily take a lot of time

to prepare. His speech was in conjunction with planning for the annual July 4 parade.
 Another important factor to remember in planning the float, he noted, is the coloring. Colors should be limited to two, and not more than three, he said, to maintain simplicity. This does not rule out several shades of a color. Textures of soft and glimmers are recommended.
 For costuming, he noted, satins and taffeta should be used and should be authentic to design, but elaborate to colors and fabrics. People should be limited to three adults or five children.
HOURS COMPARED
 BOISE (UPI) — The average number of hours worked by 49,000 persons of the Gem State's farm labor force was 47.4 hours compared with 43.2 in the previous month.

Goose Chase Namath Hires Detective For His Bar

ASBURY PARK, N.J. (UPI) — It's one thing to chase a wild goose. But what do you do when you catch one?
 Patrolman Robert Villatano, responding to a call, found a wild goose walking down Third Avenue Friday. However, since nothing in the New Jersey criminal code forbids goose-walking, he let the bird go on its way.

NEW YORK (UPI) — Joe Namath has hired a private detective to screen gamblers and Mafia members from his Manhattan bar.
 Bobby Van, manager of Namath's Backlows III bar, announced Sunday James L. Lynch, a former FBI agent and security expert, had been hired by Namath, star quarterback of the pro football champion New York Jets.
 Namath has been criticized by football commissioner Pete Rozelle of the NFL because known gamblers and criminals slightly Sunday and U.S. Air Force in the American base there have been allowed to leave the installation for the first time in 11 days. Six persons have died in the outbreak.
 But "broadway Joe" resigned from the Jets June 6 rather than sell his interest in the fashionable East Side club.

Cholera Outbreak

BANGKOK, Thailand (UPI) — A cholera outbreak in northeast Thailand's Ubon province eased slightly Sunday and U.S. Air Force in the American base there have been allowed to leave the installation for the first time in 11 days. Six persons have died in the outbreak.
