

MISS WOOL-OF-IDAHO, Nancy Williams, takes care of some last minute arrangements before leaving Twin Falls City-County Airport Wednesday. She will compete in the national Miss Wool pageant in San Angelo, Tex. She is the daughter of Mr. and Mrs. Sherman Williams, 112 Eighth Ave. E., Twin Falls.

Miss Wool Of Idaho...

Twin Falls, which is becoming well known for its beauty queens, saw another of its beautists leave the airport Wednesday.

Nancy Williams, Miss Wool of Idaho, left for San Angelo, Texas, to represent the state in the national pageant. She is the daughter of Mr. and Mrs. Sherman Williams, 112 Eighth Ave. E.

Miss Wool, in a bright orange wool knit ensemble, said goodbye to her parents, her two pretty sisters and younger brother.

Mrs. Williams said her daughter probably will meet several other contestants at Salt Lake City and Denver en route to Texas.

The pageant will continue through June 26 when the coronation finals will be broadcast on nationwide television. Art Linkletter will be master of ceremonies and Buddy Greco will be the special guest star.

The 20 candidates will be judged by Gieselo Mackenzie; Al Trania, publisher of Harper's Bazaar; and Elinor Simmons, designer for Malcolm Starr fashions. The girls will be judged on the basis of appearance, personality, intelligence, poise and modeling ability.

The winner will receive a \$2,000 college scholarship, a new automobile, a wardrobe of more than 40 wool ensembles, complete with necessities and a year of travel on behalf of the wool industry.

Miss Williams is a junior at the University of Idaho and is scheduled to air West Lake City and Denver en route to Texas.

Voters Dump Lindsay

NEW YORK (UPI)—Law-and-order candidates, riding the crest of a backlash against New York City's labor and crime troubles, Tuesday won upset victories in mayoral primaries over Republican Mayor John V. Lindsay and former Democratic Mayor Robert Wagner—both liberals.

Lindsay, who still will be in the race for a general election as the liberal party candidate, vowed he would win then because "the voices of doubt and fear cannot be permitted to govern this city."

Wave Of Red Attacks

SAIGON (UPI)—A sharp increase in Communist shellings and ground attacks across North Vietnam left 37 American GIs dead and 14 wounded in fighting Tuesday and today, military spokesmen said.

The Viet Cong and North Vietnamese lost at least 249 dead in the wave of attacks and fighting from the border Demilitarized Zone (DMZ) to Saigon's outer defenses.

Israeli Jets Hit Arab Unit

By United Press International

Israeli jets armed with rockets and machine guns today attacked an Arab guerrilla unit which had taken cover in an orange grove on the east bank of the Jordan River 21 miles below the Sea of Galilee.

An Israeli military spokesman in Jerusalem said the jets struck the guerrillas who had opened fire on an Israeli patrol, touching off an hour-long duel near Tirat Zevi, a mile west of the river.

The Israeli patrol called for air support and the jets streaked in to attack the Arab positions in the Wadi Al-Yabes, a fertile area across the river. Jordan said there were no casualties and that Jordanian forces fired back at the planes.

The first Israeli air attack on Jordan was May 23 near Kurelyima, midway between the Sea of Galilee and the Dead Sea, but Jordan said Israeli planes had violated Jordan air space three times this month including Tuesday when they attacked the Wadi Al-Yabes area where an American tourist was killed.

The air strike followed a night in which Egyptian military spokesmen said Israeli and Egyptian artillery engaged in a "violent" exchange of fire along the entire length of the 103-mile-long Suez Canal. Egypt said its guns "silenced" the Israeli artillery.

NAMPA — A Filer High School girl has been elected Federalist Party candidate for Springville State Governor Tuesday in the primary elections.

Lila Chadwick, daughter of Mr. and Mrs. Lewis Chadwick, Route 1, Twin Falls, will face Nationalist Party candidate Becky Whitman for the coveted gubernatorial post.

Miss Chadwick earlier was elected mayor of one of the Girls' State cities.

Final balloting for the gubernatorial post will be held today.

Polite Negro Hijacks Jet Over Nevada

MIAMI (UPI)—A polite but "very desperate" gunman Tuesday hijacked a transcontinental jetliner carrying a top-level physicist among its 87 occupants and forced it to fly 2,700 miles to Cuba.

The Trans World Airlines plane returned to the United States from the longest hijack flight in U.S. history late Tuesday night with everyone aboard except the hijacker, identified as "J. Davis," a tall Negro who boarded at Oakland, Calif.

The physicist, Dr. Wallace Birnbaum of Berkeley, Calif., said the FBI "was quite concerned" that he was aboard the hijacked plane. Birnbaum, president of Physics International Inc., refused to comment on his work. He said he was flying to New York for a board of directors meeting.

The gunman commandeered the Boeing 700 on a nonstop flight from Oakland to New York City, so the plane's 84,000 pounds of fuel were more than sufficient for the trip to Havana. Neatly dressed in brown suit, the man approached hostess Nan Schwark, 20, of St. Paul, Minn., making her last flight before "striking to marry."

"The man came out of the forward restroom and told me to tell the captain that he wanted to go to Havana," she said. The plane was over Wilson Creek, Nev., at the time 2:10 p.m. EDT Tuesday.

Airport Board Backs Franchise Bid by Trans Magic Airlines

Three major decisions were reached by members of the Twin Falls City-County Airport Commission Tuesday in a three-hour session.

Commission members:

- (1) Voted to back the application of Trans-Magic Airlines which comes up Thursday before members of the Public Utilities Commission at Boise. TMA is seeking a permanent appointment for operation of an intrastate airline.
- (2) Approved application of TMA for assignment of site "A" at the local airport for construction and operation of a fixed base setup.
- (3) Approved a formal letter of intent for the purchase of land for inauguration of pure jet service into and out of the local field, as soon after completion of the approved runway extension as is possible.

The runway extension is expected to be completed about Oct. 15 but the commission letter, signed by Chairman Warren Barry, told Air West officials boardings here would increase a minimum of 30 per cent as soon as pure jet service started.

This number of people, it is estimated, who would ordinarily fly here, now drive to Salt Lake City or Boise for continued trips to distant areas.

In voting to back the PUC application of Trans-Magic, commission members pointed out it is the only intrastate airline operating during all seasons, and that base headquarters for the operation would be Twin Falls.

Gem Airways, Gooding, and Sun Valley-Janna Airways, Hailley, also are applying for PUC approval.

In the matter of awarding the airport designated "A" site for a fixed base operation and lettering headquarters, the officials said the offer was subject to the TMA being awarded a permanent membership by the PUC and complying with all rules and regulations of the airport.

In this decision the board members awarded "C" site to Pete Lazarus and "C" site to Ken Roundy. Both had applied for fixed base operation permits

Gem Poultry Unit Meets Here Today

Nutritionist Believes Sugar Is Heart Disease Villain

BERKELEY, Calif. (UPI)—The controversial message of British nutritionist John Yudkin is decidedly sour—sugar may be the main dietary cause of coronary heart disease. Yudkin, a researcher at the University of London, theorized at a nutrition seminar at the University of California that coronary heart disease appears to be an affliction of affluence. He said man has not been able to adjust the metabolic changes resulting from a sugar-rich diet. Experiments show, Yudkin said, that humans on a diet of high refined sugar consumption, increase by a third the level of insulin in the blood. He said insulin may be the factor which relates to other body changes that occur with heart disease. The British now eat 120 annually unique useful qualities. It is the consumption of saturated fats and cholesterol.

usually, Yudkin said, compared you can get from other food, along with vitamins and minerals," he said. Other specialists at the conference called Yudkin's theory "extremely controversial." While diet probably plays a major part in developing heart disease, they said, so do cigarette smoking, obesity, stress and heredity. They believe the only diet factor scientifically established as being of importance is the consumption of saturated fats and cholesterol.

Mrs. Goddard was convicted in May of 1967 of attempted abortion and practicing medicine without a license. The case was appealed to the state Supreme Court where the convictions were upheld. The convictions stemmed from an incident in January of that year when Mrs. Goddard came to Spokane from Coeur d'Alene to perform an illegal operation on a young city employee who posed as needing the operation.

Official Wins Fight Against Gas Utility

WASHINGTON (UPI)—Former California Public Utilities Commissioner William M. Bennett has won his lengthy fight against the El Paso Natural Gas Co. and a couple of states. The Supreme Court ruled Monday by a 4-2 count that El Paso must get out of its Northwest Division by immediate cash sale. Instead of the stock transfer that El Paso had proposed to use for selling the facilities to Colorado Interstate Gas Co.

It thus upheld Bennett's single-handed appeal to the high court which he took after the Justice Department and state public service commissions backed out. The Utah Public Service Commission attempted to withdraw its appeal of the stock transfer when Utah reached an agreement that Colorado Interstate would headquarter in Salt Lake City.

Bennett filed the suit, he said, in an attempt to generate more competition and create the effect of lowering natural gas prices in northern California. He contended that El Paso and Colorado Interstate were being allowed illegally to divide the West Coast natural gas market. The fight was over some gas wells in the Northwest and Canada and a pipeline that goes through Washington, Oregon and the mountain states. Bennett wants the pipeline and California put under control of an aggressive company to get competition going between the northwest firm and El Paso which now supplies most of California's gas.

Thieu's Hopes Pinned To Asian Alliance

WASHINGTON — South Vietnamese President Nguyen Van Thieu is apparently seeking to gain support at home and abroad in Washington, by taking the leadership in forming a new anti-Communist alliance in Asia.

South Korea and Formosa just before he traveled to Midway Island for his huddle with President Nixon.

Thieu's overtures toward the formalizing of such an arrangement were quite open and explicit. They think these moves might have been more widely reported in the United States.

Thieu's visits to Seoul and Taipei were dominated by his belated pronouncements on the war and his comments on coalition government in South Vietnam.

A role as leader in the shaping of a new international agreement could provide some status in Saigon and a bit of insurance here in Washington.

The Sawtooth Bill

Efforts of Senator Frank Church and Senator Len Jordan to get a bill through congress establishing a Sawtooth National Recreation Area are one more hearing "fruit" in the old Congress.

The White Clouds is where the American Smelting and Refining Co., of New York has mining claims which are being activated.

The recreationists had better pin all their immediate hopes on the Sawtooth bill "as is" because if they attempt to change it to include the White Clouds they will probably end up with nothing at all.

The original thought, when Senators Church and Jordan first introduced the bill in the last Congress, was just for the Sawtooth Area.

That is the way it should remain. Any effort to stop the proposed mining venture would be a separate project.

Popeye Exonerated

Springdale, Ark. and Crystal City, Texas are two cities with something in common. Each calls itself the "splanch capital of the world."

Thanks to the National Academy of Science both of these towns, and perhaps some others which might now jump into the race, could have something in trying to popularize the sometimes unpopular splanch.

For, according to the scientists in Washington, the bright green leafy vegetable is everything Popeye ever claimed it is.

It not only contains the most iron and vitamin A of all common vegetables, but generous portions of calcium and vitamin C as well.

Unlike many vegetables, there doesn't seem to be any middle ground when it comes to splanch. Either it is liked or it isn't.

Come to think of it, this might give the junior set something to rebel against.

Nor are the cities where conventions are held at all immune to the trend. While the conventioners are busy convening, it is not unknown for the little women to go sightseeing and shopping.

Big City Riots

WASHINGTON (NEA) — Indications are that the serious big-city riots may have major, long-term economic and socio-political effects on the cities, not on their riot areas alone.

In some—perhaps all—cases, the riots have speeded up long-range trends toward deterioration.

Partial statistics and some official estimates from some of the cities hit have been revealed in congressional hearings over the past few weeks.

Businesses are being hurt throughout the city. Suburbs are buying less downtown generally, not just in the riot areas. Instead, they are shopping more in the suburbs.

GEORGE C. THOSTESON, M.D.

Post-Mortem?

Dear Dr. Thosteson: Is it true that in some hospitals, when a patient is terminally ill, the hospital staff will pressure the patient to sign for a post-mortem? If this is true, then how can a person be protected against such actions? — B.G.

In my experience, I can reply that a good many requests are made for post-mortem examinations (autopsies), but I have never known one that could be called "pressure." If you know of any hospital in which pressure is applied, I think it is an isolated instance.

As to applying pressure on the patient himself, that is about as pointless as anything I can think of. Why? Because the patient's permission does not have any legal significance, and permission must be given by the next of kin after the patient's death.

The exception is that a county or city medical examiner can perform an autopsy without the permission of the next of kin, but this is a very rare case.

This, it seems to me, answers the question of whether there is any "pressure" being put on the patient.

However, the wisdom of having an autopsy is quite another matter. It is a very good reason for performing such examinations. In some instances, the family may want one, to help them understand the cause of death.

Again, the physicians at the hospital may have genuine reason to ask for the autopsy. Was it a heart attack? Were the lungs diseased? Or was it something else?

None of this, of course, can help the patient, and it can help the patients. And since (this does not seem to be generally realized) there is no disfigurement that will be detectable at the funeral, I cannot see that anyone ever loses from having an autopsy performed, and there is something to be gained in behalf of others.

Autopsies, indeed, have been a help to medicine and the development of medical care.

Incidentally, in many hospitals the residents (physicians in training) to be appointed to seek permission for autopsies, and to explain why one is being asked.

This explaining seems to me to be one of the things that some people might have.

Dear Dr. Thosteson: I have been told by my doctor that I have a tumor on my leg, but he advised me never to have it operated on. I would appreciate your advice. — T.N.

These factors are back of the plans now being studied at the White House and at other places in the administration for developing opportunities outside the major cities at locations where overhead costs are lower and where the poor can be absorbed as people rather than dealt with as numbers.

I always suggest a very careful trial of such padding first. In some cases, surgery is the only answer. But that safety engineers are studying the matter.

Dear Dr. Thosteson: Does a flat foot cause symptoms? — C.T.

Sometimes, but definitely not always.

Note to Mrs. L.M.B.: No, I don't know of anything harmful about these "micro-wave" ovens. However, the safety engineers are studying the matter.

Dear Dr. Thosteson: I checked a stuffing which was giving a turkey the day before and found it (She said she stayed only because her will was in order.)

My family has always done this and I would not pick at the bones. It is a real danger. — E. McD.

Done wrong, such stuffing should of time can cause "food poisoning." Since you have not suffered, I assume (that you have been doing it correctly).

Stuffing should not be warm when put into the carcass. Once stuffed, the turkey should be kept cool, and preferably refrigerated, until roasting time.

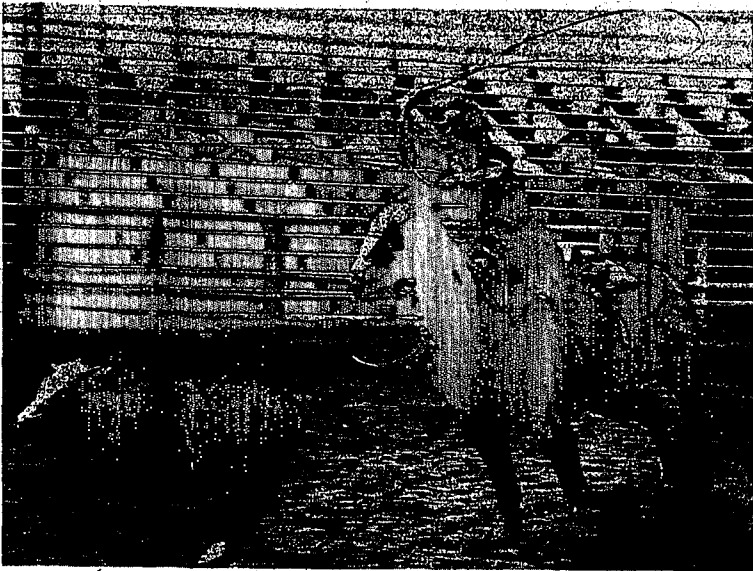

The key to the whole matter is the fact that germs thrive in warmth and can multiply in harmful numbers in 2 to 4 hours — less time in extreme warmth. I like the aphorism that Dr. Mohler used to repeat: Keep it hot, keep it cold, or don't keep it at all.

The question isn't when you stuff the turkey; it's whether you keep it cold until time to cook it.

What are ulcers? How should they be treated? What can you do to help rid yourself of ulcers and stay rid of them? For answers, read Dr. Thosteson's helpful booklet, "How To Heal Peptic Ulcers and Keep Them Healed." For your copy write to Dr. Thosteson, in care of this newspaper, stamped a one-dollar bill, enclosed a self-addressed, stamped envelope and 35 cents in coin for cost of printing and handling.

Dr. Thosteson welcomes all reader mail, but regrets that due to the tremendous volume received daily he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

THE STATE HIGH SCHOOL RODEO, scheduled for June 19-20 at the Cassia County Fairgrounds, will be the stage for drama like this when rodeo event winners from all over the state meet in Burley for state competition. Winners of these events will be eligible for the August National High School Rodeo to be held in Texas. The competition is sponsored by the Burley Kiwanis Club.

Burley Hosts State High School Rodeo

BURLEY — Plans have been completed for hosting the third annual State High School Rodeo, Thursday through Saturday at the Cassia County Fairgrounds by the Burley Kiwanis Club. Advance tickets for the three nights of rodeo are now on sale by all Kiwanis Club members. The high school students competing here in the state meet have been winners in various rodeo events in their districts. There are five districts in the State of Idaho. Students who are winners in the state meet this weekend will be eligible to compete in the National High School Rodeo in August in Texas. Registration will begin Thursday and at 8 p.m. the first rodeo events will get underway.

A parents' meeting begins at 8 a.m. Friday at Burley Junior High School auditorium and at the same time the competing students will meet in the hand room of the school to elect officers. The state directors' meeting will begin at 1 p.m. June 20 and at 4 p.m. there will be a grand parade. The parade will form at the Overland Shopping Center on South Overland Ave. and will travel north to Main Street and turned east toward the Cassia County Fairgrounds. All contestants and other entries will be in the parade. The rodeo will begin at 8 p.m. and during the evening a Shetland pony will be given away.

A Queen's Breakfast will be eaten at 8:30 a.m. Saturday at the Price Cafe, Burley. The public is invited to the no-host Queen's Breakfast. At 1 p.m. Saturday the cow cutting contest will be held and at 8:30 p.m. the Queen contestants will compete in the horsemanship contest. The final night's rodeo will begin at 8 p.m. Saturday. During the rodeo a Pony of America will be given away, a new queen will be crowned and awards will be presented. There will be no rodeo events on Sunday this year, announced Jay Whittle, Burley Kiwanis Club, and general chairman of the State High School Rodeo event.

Kiwanis club committee chairman assisting Mr. Whittle include Bruce Young, finances and tickets; Walt Tollefson, advertising; and Gene Rinebold, arena and grounds. Federal Plan Would Use Army Troops To Quench Campus Uprisings

WASHINGTON (UPI)—The Nixon administration plans to ask Congress for legislation to allow college administrators to open up campuses closed by riotous students.

The outline of the administration's plan for handling campus disorders was revealed in a House committee Tuesday. Its basic concept is that it would

allow college administrators to open up campuses closed by riotous students. And because the federal courts are involved, U.S. marshals, backed up by troops if necessary, could be used to see any antidisturbance order issued by the court is carried out. In addition, the plan would beef up the present law which provides a student must lose a federal aid for two years if he is convicted by a court of rioting and the conviction is upheld by a college hearing. Under the Nixon plan no court conviction would be needed and the aid would be lost for up to five years, instead of two. The plan has not been drafted

into legislation yet but it was revealed to the House Education Committee by Robert C. Marland, general counsel of the Department of Health, Education and Welfare. He said the proposal was prepared by his agency with help from the White House and the Justice Department. The committee has been deadlocked in trying to come up with a campus measure of its own.

Two lawsuits were filed against a senate subcommittee investigating campus and city riots, Tuesday, both aimed at blocking part of its investigative powers. U.S. District Court Judge Howard F. Corcoran in Washington quickly dismissed

one, filed by SDS. The other was filed in a New York court by the American Civil Liberties Union.

Lawrence J. Kihnel Jr. and other witnesses told the subcommittee SDS leaders not only are Communists but proud of it. Communists had played the role of a New Orleans SDS member for eight months last September when he was hauled before his radical colleagues on charges of being a cop, then stabbed on a New Orleans street after the local SDS detective said his assistants were "not members of the radical movement in New Orleans." But he said he was behind the beating.

Kihnel of the Jefferson Parish La. sheriff's office was the last witness in two days of testimony about SDS before Sen. John L. McClellan's subcommittee investigation of campus and city riots.

McClellan turned his hearings to the Black Panther party today with three witnesses including two alleged "defectors" from the militant Negro organization.

7 Groups Vie For SDS Helm

WASHINGTON (UPI)—A Senate investigator testified Tuesday that seven Communist splinter groups are fighting for control of the Students for a Democratic Society (SDS), with a "pro-Mao, pro-Chinese" faction on top.

Philip R. Manuel, who headed a year-long study of campus disorders for Sen. John L. McClellan's permanent investigations subcommittee, said SDS leaders made no secret of their Communist beliefs. But he said it was mostly a case of "small c" communism in which each group "collectively" takes one way it promotes revolution.

Sen. Abraham Ribicoff, D-Conn., said naive college students were being recruited as "suckers" in the internal strife which he predicted eventually would destroy SDS from within.

Other witnesses said SDS was pushing revolution in junior and senior high schools, factories, city slums and the U.S. Army.

There are at least seven openly Communist groups within SDS, Manuel testified. The Progressive Labor Party, which follows the pro-Mao, pro-Chinese line, appears to have the most adherents, he said, followed by four "Trotskyite" factions—the Socialist Workers Party, Workers World Party, League and Johnson-Forest League.

Least popular, he said, were the "pro-Soviet" Communist party in the U.S.A. and a West Coast Marxist-Leninist.

Perman H. Clay, another investigator, testified that SDS allegedly had a national budget of paying overtime to state employees, parking space and maternity leave. But he said the radical youth organization was able to mobilize up to 40,000 followers.

COASTGUARDSMAN JACK PASLEY searches the slopes of Mt. Baldy on Tuesday in hopes of spotting five climbers who have been stranded at the 12,000-foot level since Sunday. A rescue party of four mountaineers was placed on the mountain by helicopters, and is attempting to reach the stranded party who were spotted late Monday. The five are reportedly experienced climbers, and it was not known what the difficulty is. (UPI telephone)

Board Of Examiners Mulls Rulings On Maternity Leave, Overtime, Parking

By LINDY HIGH

BOISE (UPI)—The State Board of Examiners spent a breezy session Tuesday morning wrestling with the problems of paying overtime to state employees, parking space and maternity leave.

The board decided to allow maternity leave to fall under "sick time" rather than vacation time after Secretary of State

Pete Cenarrusa said, "I think you should give consideration to the women."

Robert Robson, attorney general, agreed it would be best not to offend the ladies.

"If you have a good employee and she gets pregnant it's a shame to waste the brains and experience."

And Joe Williams, state auditor, summed it up by saying, "You can't be against

motherhood."

The problem of overtime arose as the board decided how to handle the new law, declaring that state employees must be paid for overtime.

Robson told the board he would have an opinion for them, since the wording of the law didn't make it clear how and under what circumstances the overtime was to be paid. Robson didn't favor overtime

Apollo Will Carry U.S. Flag To Moon

WASHINGTON (UPI)—Apollo 11 Commander Neil Armstrong will plant a 3 by 5 foot nylon American flag to fly perhaps forever eight feet above the lunar sea of Tranquility, the Space Agency said Tuesday.

Armstrong and Edwin E. "Buzz" Aldrin are scheduled to land on the moon July 20. Armstrong will step out on the lunar surface shortly after 2 a.m. EDT July 21, followed in about half an hour by Aldrin, to make a moon walk lasting 2 hours, 40 minutes.

One of Armstrong's first duties will be to jab an eight-foot flag pole bearing the Stars and Stripes into the lunar crust. A Space Agency spokesman said the exact time for this to happen had not been set. But it would be early in Armstrong's lunar surface activities.

The spokesman said the flag

Senate Committee Schedules Hearing On Sawtooth Region

WASHINGTON (UPI)—A subcommittee of the full Senate Interior and Insular Affairs Committee will hold Wednesday where legislation establishing a new Sawtooth recreation area may be discussed.

Both Senators Frank Church, D-Idaho, and Len Jordan, R-

Idaho, said they hoped the committee would report out the bill to the full Senate as soon as possible.

Reports that the measure was ready for consideration by the Senate were not correct.

Monday Sen. Alan Bible, D-Nev., chairman of the Senate parks and recreation subcommittee, asked the U.S. Forest Service to submit more accurate cost estimates on the proposal.

It appeared that several amendments by the Nixon administration might slow the action.

Edward P. Cliff, forest service chief, asked for several

amendments. One of them providing for what he termed "reversible condemnation." This would let land owners request the government take over their land under certain conditions.

Costs of establishing the Sawtooth National Recreation Area have been set at \$27,300,000 and not more than 5 per cent of the land would be acquired by condemnation.

Sanity Hearing Is Scheduled In Pitchfork Attack

A sanity hearing for a man accused of robbery and assault with intent to commit murder will be held June 27, Fifth District Court records showed Wednesday.

Larry F. Daugherty, 22, was arrested last March and accused of attacking Neal Pastoor, Twin Falls, with a pitchfork. Mr. Pastoor was treated at Magic Valley Memorial Hospital for stab wounds in the face. It also alleged Daugherty took a wallet and ring belonging to Mr. Pastoor.

The defense motion for the sanity hearing was granted by Judge James Cunningham.

Visiting Foreign Students To Make Stopover In Twin Falls

An international bus filled with 41 American Field Service students from 23 countries will arrive in Twin Falls June 24. The first stop will be at Twin Falls High School. These students have spent a year as members of families and as students at high schools in ten countries across the United States. Activities for the teenage visitors will begin June 25 with a welcome from Mayor Egon Krell and Twin Falls Chamber of Commerce Manager Ray Rostrom. They will show the students points of interest in the area.

There will be a trip to the Snake River Trout Farm, Coca Cola Bottling Co., and a tour of the Robert Neal farm. A picnic is planned that evening and a talent program is being arranged by local high school students and AFS students at the College of Southern Idaho Fine Arts Center. The public is invited to this event.

The students will leave Twin Falls June 26 for East High School, Salt Lake City. Bus No. 3 is one of 75 buses en route to Washington, D.C. where over 2,000 AFS students will have a final meeting before returning to their own countries. End-of-year bus trip expenses the students to more of the United States than they would otherwise see. More than 25,000 families in 650 communities host bus trip students.

Handling the arrangements for the bus stop in Twin Falls is Mrs. Vern Routh, chairman. Assisting her, as members of the AFS committee are Mrs. Robert Thompson, John Lawrence, principal of Twin Falls High School, and the high school students and members of the AFS chapter in the area.

The AFS conducts international scholarship programs for students from 16 to 18 years of age from many nations. A nonprofit organization with no religious or political affiliations, it seeks to foster understanding of the differences and similarities which exist among people of the world.

To accomplish this aim there are two American Field Service programs. One brings students to the U.S. and the other, which is designated Americans Abroad, sends students to overseas offices. In the past 21 years more than 47,000 from 75 countries have participated in the AFS programs. AFS has 40 winter chapters throughout the United States.

Forty families are hosting the students during their stay in Twin Falls. They are: Mr. and Mrs. Vernon Clinton, Mrs. Gladys Coxen, Mr. and Mrs. C. F. Hendrick, Mr. and Mrs. Glenn Dossott, Mr. and Mrs. A. F. Nelson, Mr. and Mrs. Joe Clements, Mrs. Anna Davis, Mr. and Mrs. Jay Dockstader, Mr. and Mrs. Al Dougherty, Mr. and Mrs. Walter Miller, Mr. and Mrs. Gene Glenn, Mr. and Mrs. William Jensen, Mr. and Mrs. John Christoferson, Mr. and Mrs. G. William Adams

William H. Adams, 50, 2647 S. Treland, Arcadia, Calif., and formerly of Twin Falls, died Tuesday at the Huntington Hospital, Pasadena, Calif., of a brief illness.

Born Jan. 9, 1919, in Mason City, Iowa, he was graduated from the Twin Falls high school and attended Utah State University in Logan, Utah.

Mr. Adams served in the U.S. Army during World War II in the South Pacific area. He was a member of the Masonic Lodge and was employed as a steel company sales manager in California.

He married Billy May White June 23, 1940, in Twin Falls. Surviving are his widow, two sons, Donald and Christopher Adams, Arcadia; a brother,

Robert Adams, Chelan, Wash., two sisters, Mrs. Bonnie Rawlings, Kimberly, and Mrs. Betty Anderson, Spokane, Wash. His parents, Mr. and Mrs. George Adams preceded him in death.

Funeral services will be conducted Friday morning in the Temple-LaGrange Mortuary chapel in Monrovia, Calif., under direction of the Masonic Lodge. The family suggests memorials to the charity of choice.

Hattie Bobbitt

JEROME—Hattie Mae Stoltz Bobbitt, 78, died Tuesday afternoon at a Jerome nursing home of a long illness.

She was born Oct. 13, 1890, in Stella, Neb. She came to Jerome in 1917 to keep house and care for the sons of her brother, E. W. Stoltz, after the death of his wife.

In 1924 she moved to Peru, and then to Onata, Kan. In 1930, in 1948 she returned to Jerome. On Nov. 5, 1950, she was married to Norman Bobbitt in Jerome where she has since resided.

Mrs. Bobbitt was an active member of the Jerome First Baptist Church where she taught Sunday school classes for many years and served as an officer of the Missionary Society.

She is survived by several nieces and nephews, including Harold J. Stoltz, Jerome. She was preceded in death by her husband and nine sisters and brothers.

Funeral services for Mrs. Bobbitt will be held at 2 p.m. Friday at the Hope Funeral Chapel, Jerome, with the Rev. Robert C. Cooper, Jerome First Baptist Church, officiating. Burial will be in Sunset Memorial Park, Friends may call at the funeral chapel until 9 p.m. Thursday and until 1:30 p.m. Friday. Memorials are suggested to the Jerome First Baptist Church or to the American Cancer Society.

FIVE-YEAR-OLD Daphne Jax, of St. Paul, Minn., smiles as she hugs her stuffed animal "Snoopy" while recuperating in Children's Hospital at St. Paul. Young Miss Jax was mauled by a grizzly bear in Yellowstone Park on June 10, but is recovering without incident. She said she remembers the bear as a big animal, "icky and brown" in color. "He had a few teeth," she recalled. "I screamed real loud and he got me with his sharp teeth." She also declared that, "I'll never go back to Yellowstone. I don't like bears!" (UPI telephoto)

Tickets Sell As Buhl Troupe Hones Repertory

BUHL — While season ticket sales go on all over Magic Valley, the Antique Festival Troupe Company has assembled in the old Buhl Hardware Building on Main Street to prepare its sixth season of repertory.

There are 11 scholarship students with the company, hailing from points as distant as Chicago, Ohio, New Jersey, Colorado and Massachusetts.

The shortest actor with this year's troupe, at 5 feet 10 inches, is the University of Colorado's Greek-born Grevios Dakallogiorakis, whose name's length more than makes up the difference.

Two of this year's scholarship students are Twin Falls residents, Dennis Carter, general stage manager for the Buhl-based troupe, is a teacher at the Harrison School.

Also a CSI student from Hong Kong, China, she is Diana Hong, whose Chinese first name is Ching Ching — a double name meaning not only "bright" but "very bright," and in characters is signified by two suns.

Mrs. Hong was recommended by the college's art department to do some drawings for the Antique Festival Theatre. She has been attending company meetings and rehearsals doing pen and ink sketches which will be used for publicity and in the 1969 souvenir programs.

Now available at the YM-YWCA are Antique Festival Theatre family pass cards which are also good for CSI performances. Proceeds from the card sales will go into the fund for construction of a swimming pool at the Harrison School.

Also available at the YM-YWCA are Antique Festival Theatre family pass cards which are also good for CSI performances. Proceeds from the card sales will go into the fund for construction of a swimming pool at the Harrison School.

BODY FOUND — SALMON (UPI) — The body of Carla Tuttle, 15, Elba, Idaho, one of two sisters who drowned Tuesday in the Salmon River, was found Tuesday in the Idaho Primitive Area.

The program includes "A World of Music" by J. S. Zamecnik; "Dumbstruck" by Rimsky-Korsakov; "Zougloung" by Richard Strauss; "Might Like a Rose" by Ethelbert Nevin; "Toccata for Band" by Frank Erickson; and "Meadowlands" by L. Knipper.

After the intermission the following numbers will be heard: "Golden Friendship March" by Henry Fillmore; "Bathsheba" by Lou Singer; "Sweet and Low" by B. R. A. B. by Lassus Trombone" by Henry Fillmore; "Blue Tango" by Leroy Anderson, and "The Billboard March" by John N. Klobar.

The concert will conclude, as usual, with the "Star Spangled Banner."

The city band is under the direction of Del Slaughter.

Case Of The Stolen Wieners Resolved In Local Court

Wieners, to be or not to be? That was the question in Twin Falls Police Court Tuesday.

Eventually, after some legal ping pong, the wieners became "the" wieners and were introduced as evidence in a preliminary hearing for three men accused of breaking into the Twin Falls municipal golf course clubhouse June 9.

The hearing, held before Judge Harry Turner, was for Earl S. Carver, 44, Marysville; Kenneth Moon, 35, and Patrick Kinmer, 31, both of Seattle. It was the third and final preliminary hearing for the three defendants.

They have been accused of crimes ranging from a robbery at the Berger Store Feb. 13, to the burglary of the clubhouse. In between are charges of escape from the Twin Falls County jail and destruction of county property.

Judge Turner ordered the trio bound over to Fifth District Court to face action on the burglary charge. The men have previously been bound over on the other charges.

The wieners problem came up when Twin Falls County Prosecutor Robert Galley introduced packages of hot dogs for evidence.

Defense attorney Andy Anderson of Buhl objected. He contended there was no proof those particular hot dogs were taken from the golf course clubhouse by the defendants.

A patrolman, Stan Moore, was asked to identify the contents of the package. "They look like wieners to me," he said.

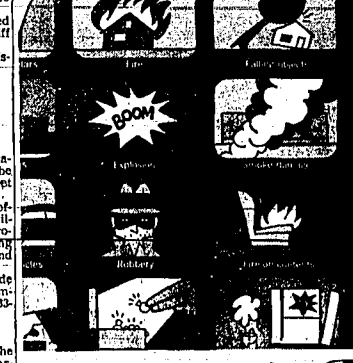

Mr. Anderson contended the patrolman could not identify them as "the" wieners.

Detective Ron Stroiberger later took the witness stand and said the wieners were taken from

Troubled Malaysians Face Doubtful Future Of Violence

By PHIL NEWSOM
UPI Foreign News Analyst

Only a little more than a month ago, Prime Minister Abdul Rahman could call his land "happy Malaysia."

He had led Malaysia, or Malaya as it became later, to peaceful independence from Britain and in the dozen succeeding years had welded its Malay majority and a powerful minority of Chinese and Indians into a Southeast Asian model of political stability and economic health.

But a month ago the storm clouds which always had lain just below the horizon released a torrent of hate and in bloody communal rioting more than 100 persons, most of them Chinese, died.

The outbreak raised unexpected doubt about Malaysia's future and will weigh heavily upon this week's conference among the leaders of Malaysia, Singapore, Australia, New Zealand, and Britain to chart the future when Britain will have completed her withdrawal of troops east of Suez in 1971.

The withdrawal has been going on steadily over the last year and a British force of 100,000 men at the peak of Malaysia's confrontation with Indonesia now has dwindled to about 39,000.

In February, Australia and New Zealand agreed to maintain a combined force of about 1,500 men in Singapore, along with two squadrons from the Australian air force and support aircraft from New Zealand. Eight naval vessels from both countries will conduct operations with Singapore and Malaysia.

Non-aggression pacts with other nations will be sought to

Hitler Had Heart Woes, Writer Avers

HAMBURG, Germany (UPI) — Nazi dictator Adolf Hitler suffered from heart disease and was a cocaine addict but was neither a victim of Parkinson's disease nor sexually impotent as legend has persisted, a British author said.

David Irving, in a report on Hitler's medical history, said: "He was addicted to medication and swallowed incredible quantities of pills and received injections and thereby incurred strychnine poisoning."

The medical report was based on the papers of Hitler's personal physician, Dr. Theodor Morrell.

"On the basis of these contemporary documents a number of persistent rumors and legends can be quashed," Irving said.

"Hitler was neither venereally diseased nor impotent nor sexually abnormal in any way. Also, he did not suffer from Parkinson's disease (nervous paralysis). He also was neither paranoid (suffering from persecution

Hornsby, Cronin, Speaker Put On All-Star Teams

NEW YORK (UPI)—Rogers Hornsby, Tim Lincecum and Joe Cronin, all members of Baseball's Hall of Fame, each were elected to two all-time All-Star teams in a vote conducted by fans across the nation to determine baseball's greatest players ever.

Brubaker Is New Atlantic Loop Leader

Gary Brubaker again holds the Atlantic League batting lead, according to statistics released today by Don Frank, host for Bud's Duds and Brubaker is a member of the Osco-Buttrey's squad.

Other leaders, by league include: Pacific—Morris; Bud's Duds, 692; Line, Royal Lounge, 688; Billie, Bud's Duds, 632; Rees, Blitz Beer, 594; Crainier, 587; Culligan, 587; Club, 564; Schenberger, Blitz Beer, 564; Root, Royal Lounge, 558; Pratt, Olympia-Ford Transfer, 540; and Williams, Bud's Duds, 545.

Leaders in the Atlantic League, behind Brubaker, include Harry Independent Meat, 550; Brown, K and T Steel, 550; Williamson, Culligan, 550; Water, 531; Bird, Varsity Barber Shop, 528; Erickson, K and T Steel, 528; Jensen, Osco-Buttrey's, 518; Murphy, Shirley-Wyatt, 518; and Hinkle, Osco-Buttrey's, 518.

Two Upsets Recorded In Slow-Pitch

Two upsets highlighted Magic Valley Men's Slow-Pitch Softball action Tuesday night as K and T Steel rocked Osco-Buttrey's with a 6-3 defeat, and Ok-Tire Store topped Blitz Beer 10-9. Ok-Tire held a 2-8 record in Tuesday action, while Blitz Beer held fifth place in the Pacific League with a 5-5 record.

Osco-Buttrey's had shared the Atlantic League lead but dropped a game behind leader Culligan by virtue of its loss to K and T. K and T held its fourth place position. Hanchey won three-for-four for the winners, while Jensen went three-for-three for Osco-Buttrey's.

Mike Stowers and Horton hit homers for Blitz Beer in the Atlantic in the second upset. In other action, Royal Lounge defeated Bob's Husky Service 15-1 behind Gary Jenkins and Doherty. Culligan tipped Varsity Barber 18-2 behind the four-for-four effort at the plate of Honstein, Olympia-Ford Transfer topped Klover Club 14-3 behind Al Dusbay, and Keebler Cookie topped Krefl Janitorial Supply behind a 32-hit barrage.

Laver Is Seeded No. 1 For Wimbledon Tennis Tourney

LONDON (UPI)—The Wimbledon seeding committee agrees with tennis fans the world over, Rod Laver is the man to beat.

The red-headed Australian has been topseded for the Wimbledon event June 23-July 6, in which he will be the defending champion.

Laver will be seeking his fourth Wimbledon crown, and also striving to keep alive his hopes for a second "Grand Slam," a feat never accomplished.

Don Budge won all four major titles in Australia, France, Wimbledon and U.S. in 1938, and Laver turned the trick in 1962. He has already won the Australian and French Opens this year. Tony Roche, of Australia, who bowed to Laver in Wimbledon's inaugural open in 1968, is second seeded and Ken Rosewall, who lost to Laver in the final of the French Open, is placed fourth.

U.S. Open champion Arthur Ashe is seeded fifth, Ashe, who whipped Okker in the U.S. final, has been having his troubles on

Namath Meets With President Of Jets

NEW YORK (UPI)—Joe Namath, the "retired" quarterback of the Jets for one Tuesday, and agreed to meet with pro football commissioner Pete Rozelle regarding his possible return for the 1969 season.

Namath called it quits June 9, in a tearful scene at his New York City nightclub, choosing not to yield to an order from Rozelle that he get rid of the

nightclub or be suspended from playing. Rozelle had said the nightclub, Bachelors III, was a hangout for undesirables.

Namath met with Jets' president Phil Ilesin at Ilesin's apartment. A team spokesman said Ilesin and Namath would try to set up a meeting with Rozelle, but would not elaborate on any other details.

The meeting probably will be next week. The Jets spokesman said Rozelle is expected to be out of town until late this week. Namath will be out of town until next week.

Namath hired a private detective this week to keep out the undesirables who Rozelle spoke of. Among those reported to have frequented his club were high-placed members of the Mafia.

Wiretaps on phones in the club apparently established that gambling and other questionable activity was being conducted on the premises.

Rozelle's office said Monday that Namath's offer to hire the detective to screen the customers was not enough to get him off the spot. An aide to Rozelle said Namath and the commissioner would have to meet personally on the matter.

The meeting between Namath and Ilesin Tuesday was the first personal contact the former Alabama University star had with club officials since his retirement.

Asians Hail Moody's Win In U.S. Open

TOKYO (UPI)—Sportsmen of Asia are boasting they have finally produced a U.S. Open golf champion in former Army Sgt. Orville Moody.

Newspapers throughout the U.S. and the world reported Monday that Moody, an unknown and a 50-1 shot, had won America's most coveted golf title Sunday at the 6,967-par-70 Cypress Creek Course in the town, Tex., with a one-over-par 281.

Japanese golfers hailed Moody's triumph as if one of their own. They had never won a U.S. Open before. Moody was the pro at Cha Camp Zama course, an hour by train from Tokyo, between 1969 and 1983 and has many Japanese friends.

In his capacity at the Zama course, Moody used to arrange pre-tournament and invite the top Japanese pros and amateurs to play with service golfers.

Hikaru Watanabe, of the Mainichi Broadcasting System, and Ichiro Tanaka, an adviser to the Mainichi Daily News and president of the Sagamiha Golf and Country Club, at Kawasaki International Golf Course, just outside of Tokyo, learned of the news while in the middle of a golf round.

They were jubilant but surprised at the same time. Moody had never won a major golf tournament in Japan and "Japanese pros who used to heat Moody will be surprised, of course, but it should be an encouragement to them," Watanabe said.

Dodgers Take Pair From San Diego

LOS ANGELES (UPI)—Willie Crawford climaxed a six-run rally in the fourth with a three-run homer to pace Los Angeles to a 1-0 victory Tuesday night over the San Diego Padres in the second game after the Dodgers scored seven runs in the seventh of the first game for 7-3 win.

Andy Kosco doubled with Manny Mota and Wes Parker aboard on singles to start the big inning of the second game and drove Padres' starter Joe Niekro from the mound with a 2-4 record. Kosco hit a two-run homer in the big inning of the first game.

Rookie Steve Arlin, making his major league debut, then gave up a run scoring single to Tom Haller. After Jim LeFebvre walked, Crawford hit his sixth homer into the right field stands.

The big inning permitted Alan Foster to coast to his second shutout win against four losses, as he allowed seven scattered hits and walked one.

The Dodgers tallied a run in the first on three singles with Haller driving in Parker and they added two more in the second when San Diego committed three errors.

Global Loop Still Going Despite Ills

EVANSVILLE, Ind. (UPI)—Despite a temporary financial crisis, the Global Baseball League will not fold up, league president Walter J. Dilbeck Jr. said Tuesday.

However, the remainder of Global's 1969 season will be played in the United States, Dilbeck, an Evansville businessman and founder and chief financial backer of the league, told United Press International reporters saying the Japanese team is "stranded" in Caracas, Venezuela, are not true.

"Each of the Japanese players has a return ticket to Japan," said Dilbeck. "It is one of our league rules to provide each player with round trip accommodations to his home when the season begins. How could they be stranded?"

Dilbeck said the trouble in Caracas and other cities in the league is that the "take" is somewhat less than he expected. "It's like a lot of other big businesses in the East always do when they're in trouble. I'll pay my bills."

Cal At Riverside Leads Golf Meet

ALBUQUERQUE, N.M. (UPI)—The University of California at Riverside jumped out to a first round team lead Tuesday with a 14-over-par team total of 302 in the NCAA college division golf tournament.

Trailing by three strokes for second in team standings was Rollins College of Winter Park, Fla., and San Fernando Valley (Calif.) State College with 305.

Leading in individual scoring were Chico State's John Sullivan and Youngstown State's Thomas Miller with one-over-par 73's.

Buffalo To Renew Bid On Domed Park

BUFFALO, N.Y. (UPI)—Buffalo for the first time with the real possibility of a pullout by the Kenford Co. and Judge Roy Hofheinz, the Erie County Legislature again takes up the question Wednesday of where to put its proposed domed stadium.

Kenford with Hofheinz as its chief executive officer, made what it termed a "final offer" Tuesday at a meeting of the Legislature's Stadium Committee. Atty. Victor T. Fuzak said the offer "extends only to midnight Wednesday."

The committee adjourned after a heated two-hour session without making a recommendation to the full legislature which is scheduled to meet at 10 a.m. Wednesday.

Kenford's latest proposal was contained in a letter to the legislature and guaranteed payment of at least \$62.75 million in rent and taxes over a 40-year period if the county accepts a suburban Lancaster site offered by the firm.

Kenford and Judge Hofheinz, who runs the Houston Astrodome, want to develop about 750 acres of land surrounding the proposed \$50 million stadium complex with hotels, a shopping center, a championship golf course, a convention center and an amusement park.

Under the plan Kenford would donate 178 acres of land to the county for construction of the stadium. Recent assessments of that property, authorized by the lawmakers, placed its value at more than \$50,000.

LOS ANGELES (UPI)—The Los Angeles Dodgers exploded seven runs in the seventh inning Tuesday night, clinched by Andy Kosco's two-run homer, to come from behind for a 7-3 victory over the San Diego Padres in the first game of a doubleheader.

San Diego had taken a 3-0 lead on Bill Werber's solo homer in the fourth, his 11th of the season, and Van Kelly's two-run homer in the fifth. It was Kelly's first major league home run.

After one out in the seventh, the Dodgers loaded the bases on singles by Jim Lefebvre and Willie Crawford, along with Tom Sizemore's walk. Len Gabrielson's pinch single drove in the first run and Tommy Sisk replaced starting, and losing pitcher Gary Roen.

Mauri Willis then singled in Crawford and Manny Mota got his first run batted in as a Dodger and in for the season when his single scored Sizemore and pinch runner Willie Davis. A sacrifice fly by Wes Parker of Frank Robinson's Oakland A's before Kosco's homer, his 12th of the season.

President Nixon Salutes American Military Wives

By PATRICIA MCCORMACK
NEW YORK (UPI)—The 14 million American women married to military men ought to take a bow.

In a letter to the new "military wife of the year," President Nixon salutes all of you. The top military wife, Mrs. Victor S. Coleman, was selected mainly for starting Help Dan—a drug, smoking and alcohol education program for fifth and sixth graders.

The initials stand for—Help educate little people about the abuse of drugs, alcohol, and narcotics.

Military wives carry a great burden for they must show their husbands with the nation in the great effort of our defense," the President said in the letter to Mrs. Coleman.

Your leadership on the homefront in educating youngsters about the dangers of narcotics and alcohol brings credit to the countless number of women who not only keep the home fires burning for our servicemen but who children themselves use unselfishly in projects devoted to the enrichment and betterment of our people and our land."

Mrs. Coleman's husband, a major and an Army chaplain for nearly 20 years, is stationed at Ft. Wainwright in Alaska.

When she was in high school, Mrs. Coleman got the inspiration for Help Dan—financed so far from contributions from her salary.

"Someone had to start this," she said. "I hope it will become nationwide. The children need it."

Wilson L. Harrell, president of Hatrell International in Westport, Conn., just contributed \$5,000 to start a foundation to expand Mrs. Coleman's work. He originated the "military wife" title three years ago. "We don't tell the children what to do," Mrs. Coleman said. "We give them all the facts from research. The main thing is to get them to use their minds and make decisions about these pitfalls themselves. It is better than forcing our view on them."

"Our children have a great future and we want them to ask themselves—if I ruin myself, I can't enjoy it, can I? They're smart to think they are so important, as they are, that they have a lot to live for."

The Emanon Club will hold its annual "Guest Day" at the community hall at 1 p.m. Friday. Each member is asked to bring one or more guests; a salad and table service for themselves and guests. Mrs. Franklin Sharp is program chairman. Mrs. I. T. Creed and Mrs. J. T. Anderson are hostesses.

SHINE ON, SHOES
A shoe brush by every shoe bag and will encourage everyone to revive a shoeshine between polishing seasons.

Mrs. Reynolds, president, conducted the meeting. Mrs. Emma Steffen read the collect. Reports were given by Mrs. D. E. Patterson, secretary, and Mrs.

MRS. SPIRO T. AGNEW, right, wife of the Vice President of the United States, shows the gold charm that "went to the moon" with the Apollo 10 astronauts, to Mrs. Mary Brooks, director of the mint, designate. Mrs. Agnew selected the replica of the White House, presented to her by Mrs. Brooks during the 17th annual Republican Women's Conference held in Washington, D.C. this last April.

"Magic Of Roses" Program Theme Highlights Meeting

Mrs. C. W. Dalgh highlighted the program theme, "Magic of Roses," when she reviewed a humorous sketch, "Visitors to my Garden," at the Twin Falls Garden Club meeting held recently at the home of Mrs. Stanley Bodnar, Mrs. Dalgh was introduced by Mrs. Russell Miller, program chairman.

Mrs. Victor W. Nelson demonstrated use of colored background cloths in staging a rose design in a triptych, a folding screen with back and two sides. Other types of backgrounds, defined by Mrs. Robert Hamel writing in the current June issue of the American Rose magazine, were niche (a recessed space with top, bottom and two sides) background of fabric; mirror or paneling behind the design; and shadow box, a box with translucent material etched in front of design and a light behind design, causing shadow of design to be cast on fabric covering front of box.

Mrs. Miller led a question and answer period on summer care of roses.

It was decided to tour members' rose gardens informally according to various times gardens are at peak bloom in the next two weeks.

Mrs. T. W. Hicks gave pointers on dividing and replanting iris.

Mrs. Reynolds, president, conducted the meeting. Mrs. Emma Steffen read the collect. Reports were given by Mrs. D. E. Patterson, secretary, and Mrs.

Refreshments were served by Mrs. Bodnar, Mrs. Hicks and Mrs. O. A. Schwartz, roses, arranged by Mrs. Nelson, decorated the tea table.

The next meeting will be a pot luck picnic at 1 p.m. at the Idaho Power Co. Twin Falls Park in Snake River Canyon. Hostesses are Mrs. D. E. Patterson and Mrs. T. C. Hartwell.

Recital Given
Arlene Patterson presented her students in a piano recital recently at the Twin Falls Mortuary Chapel.

Participating in the recital were Ranelly Wentworth, Barbara Barnes, Val Kreiger, Jeff Cilek, Susan Herzinger, Maria Silcock, Larren Novak, Pam Nielsen, Sharana-Jepson, Betty Gwartney, Kent Howard, Gaylene Novak, Rickey Jepson and Gerallyn Novak.

CAREFUL, DON'T SLIDE OFF
According to the latest theory, it's friction between hair and pillowcase that causes coiffures to become mussed during the night. One preventive is to sleep on a slick-surface, friction-free pillowcase of a type said to prevent tussling a set—even without wearing a net or a bonnet.

IT'S YOUR HAIR, MEN
For Men: Unless you're looking for a job in a rock 'n' roll combo, forget about way-out hair styles. Keep your hair trimmed, keep it clean, keep it combed—shampoo at least once every week—or just as soon as your hair begins to get oily and dirty. Wet your hair and work up a good lather. Scrub hair and scalp with a brush or your finger tips, then rinse out all the suds.

SQUEAKIN' CLEAN
When shampooing, be sure hair squeaks before you stop rinsing. The squeak really does mean it's clean.

Camping Is Family Affair

Woman's View
By GAY PAUGLEY
UPI Women's Editor

NEW YORK (UPI)—Forty million Americans will answer the call of the wild this year. Summer time is peak time for this return to nature, drawing 20 per cent of the U.S. population into the growing recreation of camping.

The camping population has increased at least 15 per cent per year for the last several years. It no longer is something dad and the boys do, it now is a family affair with an average of 4.3 to 4.7 persons per camping-family participating, the figure depending on whose statistics you use.

Mom has become one of the major reasons for the increase, because camping these days is not "roughing it." It means enjoying creature comforts while at the same time giving the family a chance for off-beat recreation, making new friends, seeing new places, and not breaking the family bank.

To find what's going on in camping, we talked with J. Richard Williams, a longtime camping devotee and executive director of the North American Family Campers Association, headquartered in Newburyport, Mass., and to Mrs. Edith Shedd of Atlanta, Ga., an authority on family camping.

Williams' organization, founded 12 years ago, now has 15 chapters in the United States and Canada, and in addition to promoting the fellowship of camping also backs conservation measures, promotes camping ground development, and education—"outdoor manners are badly needed," he said.

Mrs. Shedd is editor of family camping federation's "Family Camping Leader" and a regular columnist for "Better Camping" magazine.

"Camping is booming not only because we want to change the pattern of urban living that get out of our rut," said Williams. "But we have the transportation, the wheels and we're using them. And there's more spendable income."

The "wheels" can be anything from the family car with tent and other camping equipment tied on top to more luxurious vehicles like the motorized campers. These in themselves have become big business," Williams said. There are some two million recreational vehicles licensed and at least 75 manufacturers in the business of making them.

Today's camping family no longer can pitch tent anywhere dad and the boys do, it now is a family affair with an average of 4.3 to 4.7 persons per camping-family participating, the figure depending on whose statistics you use.

For basic equipment, other than for the wheels, the family will spend from \$250 to \$300, Williams and Mrs. Shedd estimated. This covers sleeping bags, lantern, refrigerator, stove, and assumes that such basics as cooking and eating utensils are brought from home.

Mrs. Shedd said that the family that becomes addicted to this mode of outdoor life will keep spending more and more until they "actually carry their whole society with them, including friends and bridge games and their favorite television programs."

Area Librarians Participating In 3-Week Institute
Caldwell.—Five Magic Valley women are among 30 Idaho school librarians who are participating in a three-week institute for librarians on the College of Idaho campus.

They are Mrs. Ila Darrington, Declo; Mrs. Agnes Edgington Rupert; Mrs. Barbara LaFleur-esse, Twin Falls; Mrs. Dorothy Mahack, Buhl, and Mrs. Maurine White, Burley.

A guest speaker was Dr. Richard Darling, Rockville, Md., past president of the American Association of School Librarians. He spoke on curriculum areas of migrant and special education.

The institute theme is "The School Librarian as Educator." It is being conducted under a grant from the U.S. Office of Education, Title 11-B.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: I am a 50-year-old widow who recently met a very charming and attractive 54-year-old widower. He is a delightful company and we really hit it off together very well, but there is one drawback. He has two married daughters (whom I have never met) who want to run his life. They are so afraid that someone is going to "take Mother's place" they can't stand it. She died three years ago.

When this man takes me out we have to go places where his daughters will not find out about it. Also when he comes to my home he takes a taxi so no one will see his car parked in front of my house.

How can I convince him that he should live his own life and quit worrying about what his daughters think? Or do you think I should insist on meeting his daughters and try to make them like me?

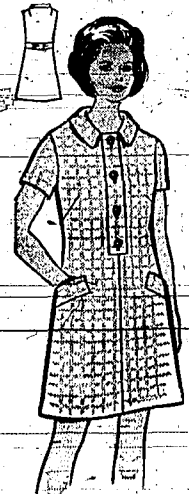

IN DOUBT

DEAR IN: If you can meet his daughters and make them "like" you, it would be ideal. But a grown man who is "hiding" in the manner you describe has a lot of growing up to do. I really wouldn't hide with him much longer.

DEAR ABBY: Why should the men "hide" from their wives? They seem to enjoy PLAYBOY magazine and their PLAYBOY CLUBS so much. How about women getting the same benefit? There are a lot of guys with beautiful bodies who wouldn't mind being photographed for the pleasure of women who can appreciate them.

I think a PLAYGIRL club would do a great business. After all there are more girls than men around, and why shouldn't

Miss Mogensen, Miller Wed

Nancy Lucille Mogensen, daughter of Mr. and Mrs. Frank Mogensen, became the bride of Steven Duane Miller, son of Mr. and Mrs. John L. Miller, at Twin Falls, at the First Methodist Church, in rites May 9.

Rev. Dr. Harold N. Nye performed the double ring ceremony before an altar featuring candelabra decorated with white tapers and shadow sashes. A floor-length brass band with baskets held arrangements of large white pom pom chrysanthemums and spirals of white Algodol accented with streamers and large satin bows.

Given in marriage by her father, the bride was gown in a floor-length, Bristol-Original of empire styling. The bride and sequins detailed the shadowed Chantilly lace bodice forming a Sabrina neckline and neckline. The skirt of the gown, fashioned of peau de soie, swept to a lace encrusted scalloped chapel-length train.

The floor-length veil of English silk illusion was held in place by a three-tiered queen's crown of aurora-borealis crystals and crystals with the crown cascades of ivory roses and traditional ivy, the bride carried a Timothy silk and antique lace handkerchief carried by her mother at her wedding.

Melanee Mogensen, Lake Tahoe, Calif., sister of the bride, was maid of honor. Joan Mogensen, Twin Falls, sister of the bride, was bridesmaid. Carrying the rings on a satin pillow fashioned by the bride's mother, was Paul Miller, nephew of the bridegroom. Danie Miller, niece of the bridegroom, was flower girl.

Best man was John Miller, Salt Lake City, Utah, brother of the bridegroom.

Gary Miller, Hansen, brother of the bridegroom, served as groomsmen. Joe Brooks and James Shanks, both Twin Falls and friends of the bridegroom, served as ushers.

The traditional wedding music was played by Mrs. Mary Kay Nye.

A reception was held immediately after the ceremony in the social hall of the church. The guest book table, attended by Mrs. Patty Lee, Jerome, friend of the bride, was covered by a floor-length veil of English organza lace and net accented with a large blue satin bow. Other guest book table decorations included a large white chrysanthemum floating in a crystal snifter encircled with blue net and a white plume peacock.

Citizens were received by Helen Kuykendall, sorority sister of the bride, and Mrs. Judy Hansen, both Twin Falls and friends of the bride and bridegroom.

The three-tiered wedding cake, made by Mrs. Virginia Bingham, Twin Falls, was accompanied by two companion heart-shaped cakes bearing the names of the bride and bridegroom. Each of the tiers was decorated with miniature blue sugar bells and tiny hanging baskets of forget-me-nots. An ivory column and white and wedding bells topped the anniversary tier. Mrs. Marjorie Harshbarger, aunt of the bride, and Mrs. Helen Harshbarger, cousin of the bride, cut and served the wedding cake.

Refreshments were served buffet style with Kathy Swainston, Twin Falls, sorority sister of the bride, serving at the silver coffee service. Iced blue lemonade was served in silver punch bowls by Mrs. Diana Newton, Twin Falls, sorority sister of the bride.

Guests were seated at family-

Mr. Hunsaker is a 1963 graduate of Minico High School and is a 1967 graduate of Stevens Henager Business College with a major in business management. He fulfilled an LDS mission for two years in the north central states.

He is currently serving in the Army and will be leaving for a seven-month tour of duty to Vietnam the end of June.

The couple has set a tentative wedding date of May 1 in the Idaho Falls LDS Temple.

BRUSH TO BEAUTY

To choose the best hair brush for you, follow these rules: Make your choice according to hair length, style and degree of coarseness or fineness. Usually, the heavier the hair, the sturdier the brush should be. For most women, professional hairdressers recommend a minimum of three different types of brushes necessary for good hair grooming. These are either the professional half-round brush for the still highly regarded 100-strokes daily, the back brushing or styling brush, and the finishing or smoothing brush.

Delegates Give Special Report

FILER — Mrs. E. A. Beem and Mrs. Earl LaHue, delegates to the Woman's Society of Christian Service convention in La Grande, Ore., reported on the convention to members of the WSCS at a coffee hour in the social hall of the United Methodist Church.

Mrs. Lana Reichert conducted the business meeting. Guests were seated at quartet tables centered with roses in bud vases. Mrs. Fred Gardner, Mrs. David Thornton and Mrs. Fred Munyon were in charge of the coffee hour.

COUPLE WEEDS

GLENN'S FERRY — Mr. and Mrs. Vern Orr have returned home after two weeks spent at their cabin in Featherville, following their marriage in Winemucca, Nev., June 2, at the home of her brother and sister-in-law, Mr. and Mrs. Elmer Davis.

TOP SCORE DO LOW BOARDS MAKE.
In match play duplicates you are sure of a bad score any time your opponents bid and make a doubtful game contract. Even when declarer has no prospects in the play you can be sure several other declarers will have stopped at part scores.

When good play is also a requisite to make game you can be sure of a really bad score. Yet this result is due only to poor luck. You held the wrong cards against the wrong opponents.

East won the second club with the king and shifted to the four of hearts. South won the trick and noted that there was no play for his contract unless trumps broke 3-2. He

'Electronic' Bed Provides All Manner Of Luxury Items

THAT YOUNG LADY over the age of 18 whose feet are bigger than her mother's is the exception now. **WHAT'S SELLING** well? An advised merchant could make a little fortune today if he sent a shipment of old brass bedsteads to Africa. **"IF YOU DON'T** believe in the conventionalists," said Ab Lincoln, sagely, "try wearing your wife's hat to church."

SOME BED—A third of his life—that is how much time the average fellow is said to spend in bed. Why should a bed therefore be little more than a box spring with a mattress on it? Why, indeed! A British manufacturer has turned out a piece of bedroom furniture to answer that rhetorical question. Controlled with pushbuttons on a flashy dashboard, this marvel of merchandise—electronically opens to twins and closes to a double. It's heated separately and automatically on both sides. And it's equipped with two radios, one television set, telephone, shaver, dictating device, automatic tea brewer, silver beverage service, massage machine, and a milk spreader. No play. Eighty years ago a maker of musical instruments marketed a piano with a bed in it. But this bed has no piano. An oversight, maybe.

A MATRIMONIAL EXPERT who teaches a course in "How to stay married" at a major university thinks every engaged couple should share a joint bank account for at least three months before their wedding.

"YOUR LOVE AND WAR MAN is derelict," writes a girl named Rose, "in failing to report that the most effective de-
