TWIN FALLS, IDAHO, MONDAY, JUNE 30, 1969

TEN CENTS

Dedicated Funds For Aviation Use Are Proposed

By O. A. (GUS) KELKER
Times-News Editor

The first step toward establishment of a dedicated trust fund which would benefit Idaho's aviation community has been made today through combined efforts of the special committee for aviation funding in Idaho and the Association of Idaho cities.

The proposed fund would be provided through an increased aviation fuel tax, non-refundable and applicable to all consumers of aviation fuel, and to the establishment of a tax similar to the Rolling Stock tax imposed on other Idaho transportation.

The proposal for a trust fund was first made by members of the Aviation Committee meeting Friday in Boise. It was presented to the Association of Idaho Cities meeting in Boise Saturday afternoon and was approved for presentation to the next legislature.

At the same time the cities' organization approved another Aviation Committee resolution calling for support pointing to the development and passage by the legislature of laws permitting creation of airport authorities within and without the state.

These authorities would be allowed to, among other things, be a quasi-governmental or municipal corporation governed by an independent board, either elected or appointed.

Under proposals made, the Idaho Department of Aeronautics would operate through, and administer, the dedicated aviation fund. Of this fund, not more than 10 per cent would be spent for administrative purposes.

The trust fund would be established by the Idaho Tax Commission and administered by a bipartisan-aeronautics-committee appointed by the Governor and confirmed by the Idaho Senate.

Members would be selected from people knowledgeable of the next legislature.

TRICIA NIXON, DAUGHTER OF President Nixon, sports a big smile on her arrival in London Sunday. She will attend the investiture of Prince Charles as the Prince of Wales Tuesday. Behind her is Mrs. Walter Annenberg, wife of the U.S. Ambassador to Great Britain. (UPI Cablephoto)

Tshombe Dies In Algiers Jail

ALGIERS (UPI) — Former Premier Moise Tshombe of the Congo, one of Africa's most flamboyant figures, died Sunday in an Algiers jail where he had been held prisoner for two years, the Algerian press agency announced today. He was 49.

Death was attributed to an apparent heart attack suffered Sunday afternoon. The death certificate had been signed by 11 Algerian professors and doctors and that an autopsy was planned.

Tshombe's death came almost two years to the day he was kidnapped aboard a chartered plane on a flight from Tbilisi, Spain, to the island of Mallorca. An unidentified gunman hijacked the craft to Algiers on June 30, 1967.

Tshombe, leader of secessionist Katanga Province of the Congo for three years before U.N. troops crushed the rebellion, had been living in exile in Spain. A Congolese court had sentenced him to death in absentia for plotting to overthrow the government.

The Congo, which today celebrates its ninth anniversary of independence from Belgium, tried in vain to extradite Tshombe from Algeria, but the government refused because of the Congo's ties with Israel, New Orleans, Algeria held Tshombe in case it ever decided on extradition.

Tshombe also was found guilty in absentia for the murder of another former Congolese premier, Patrice Lumumba, in 1961.

Tshombe was born Nov. 10, 1919, in the Katanga village of Mutsamba. His father was an African capitalist—some say the first African millionaire—with a string of trading posts, a ranch and other business properties.

Moise left home at an early age and was educated by Methodist missionaries. He spoke French fluently, as well as English, Portuguese and nine African dialects. He had 10 children.

Mailgram Work At New Plant Ahead Of Schedule

WASHINGTON (UPI) — The Post Office Department and Western Union have begun a six-month experiment to test the "Mailgram," a service to provide overnight delivery of written messages. The Mailgram is transmitted over Western Union lines, then written out at the post office in the town for which it is destined. It is then delivered in the regular mail.

Construction on the Kellwood Plant in Twin Falls is progressing "ahead of schedule," Scott Stringer, industrial engineer, said Monday.

Mr. Stringer said the total project is about 25 per cent complete and the building about 10 per cent complete. He said only one and a half days have been lost because of weather, and because of the cooperation of city and state officials and contractors, the project is continuing ahead of schedule.

Occupancy is expected, to about the first of the year, Mr. Stringer said. About 75 of the 60 support columns are now in place and roof panels will begin going up next week.

Mr. Stringer said he anticipates the building shell will be completed by about Aug. 1.

Ronald Winkler, Inc., General Contractor, is constructing the approximately 115,000-square-foot building.

The Twin Falls plant now has an official title, "Mr. Stringer Building." Kellwood officials have notified him the local history plant will be the Kellwood Co., Siler Division, Twin Falls Plant.

Dr. James L. Taylor, president of the College of Southern Idaho, said instruction for sewing machine and knitting machine mechanics should begin about July 14 by the college.

Anyone wishing to make application for the classes should contact the CSI secretary at the C. C. Anderson building, Kellwood headquarters.

The first week of class periods, Dr. Taylor said, will be used for testing and orientation. He said class times will be determined in part by the wishes of the students taking the training programs.

City Manager Hospitalized After Falling

Herb Derrick, Twin Falls city manager, is in good condition at Magic Valley Memorial Hospital after being hurt in an accident at an orchard near Boyd Sunday.

Search For Boise Man Suspended

BOISE (UPI) — Search efforts have been suspended until Tuesday to find the body of Boise business executive Vernon L. Cary.

A car belonging to the 51-year-old Albertson's executive was located submerged in the New York canal last week near the Hillcrest Country Club course.

Train Carrying Bombs Explodes Near Wells

WELLS, Nev. (UPI) — A bomb-laden West Coast Pacific freight train blew up near here Sunday with a chain of explosions that lasted several hours.

Four persons, two transients and two crewmen, were injured. One of the crewmen, Conductor Morton Johnson of Elko, was in serious condition with head injuries.

The final three of 22 carsloads of bombs and ammunition blew up as the 71-car freight train headed west across the Nevada desert. It was just past the maintenance station of Tobar, 12 miles southeast of Wells.

The entire area was closed off because of the threat of further explosions. Airplanes were warned not to fly overhead.

"There may be more injured in the wreckage but it will take a long time to find out," said one official.

Personnel from the Army Ordnance Depot in Ogden, Utah, and the Presidio in San Francisco were dispatched to investigate.

First reports indicated the train had derailed prior to the explosion, but a highway patrol man said he was told "it exploded while it was going down the tracks." Railroad officials also discounted the derailment theory.

"We were just riding along and all of a sudden there were flashes and explosions," Morse Lipson, one of the injured transients, told a nurse at Elko General Hospital.

Jerome Richards, a Nevada highway patrolman, said he received a report of the accident from persons at the scene.

"It was bombs and ammunition," he said. "They told me the initial blast scattered bombs several hundreds of yards from the tracks. The blast cut the rail lines and started several fires."

Demolition experts said it would be at least "a couple days" before there could be a complete investigation of the cause.

A spokesman for Western Pacific, Sparks, Peterson, said the bombs and ammunition were being shipped to either the Herlong Ordnance Depot in Nevada or the San Francisco Bay area.

Wells a m b u a n c e driver Dwayne Moore, also a Wells city policeman, said he saw at least five cars burned and the caboose "badly damaged" although he did not specify if it had been damaged by explosion or by being dragged along after a derailment.

Moore was the first on the scene but was not allowed to return after driving the four injured to Elko for treatment. There is no hospital in Wells and the injured had to be taken to Elko 65 miles away.

While 22 of the cars were laden with explosives, the remainder of the train was comprised of general cargo, including steel and other merchandise. It was not immediately known how much, if any of the freight was destroyed by the blasts.

Apollo 11 Power Cells Activated

By AL ROSSITER JR.
UPI Space Writer

CAPE KENNEDY (UPI) — Apollo 11's power cells were activated in a crucial trial countdown on the ground today while an orbiting monkey named Bonny behaved normally during the second day of his month-long medical fact-finding flight.

The monkey, reported in excellent shape in his strange new world of weightlessness, is expected to return July 28 with enough data to help man plan for voyages lasting many months. The mission is costing \$2.2 million.

"The mission is going in perfectly routine fashion," said a spokesman at the biostatistical control center, Greenbelt, Md. In his first full day aloft, the monkey drank a quart of water, ate some 60 food pellets and expertly played the life support simulator.

The Apollo 11 countdown test, a final rehearsal of everything but blastoff, was proceeding smoothly on the launch site, and it was aiming toward a mock launch at 9:32 a.m. EDT Wednesday — precisely two weeks before the moonship's takeoff date.

Launch crews activated the spacecraft's three vital fuel cell power generators and began pumping frigid liquid hydrogen and oxygen into its tanks.

Astronaut Neil A. Armstrong, Michael Collins and Edwin E. Aldrin returned to the moonport from a weekend in Virginia and Texas and reported their launch in a command ship simulator. They underwent a major medical checkup Tuesday.

The three pilots are due to return from man's first lunar landing mission July 24. President Nixon plans to be aboard the recovery carrier Hornet, to welcome them back. He also expects to dine with the astronauts here on launch eve, July 15.

The space monkey, a 14-pounder from the jungles of Thailand, rocketed into orbit Saturday night and, exactly as it was aiming toward a mock

Bombing U.S. Uses Air Power Against Reds

CAERNARVONN, Wales (UPI) — A bomb blasted a Cardiff post office today but all the queen's men and all the queen's horses mustered here marched ahead with rehearsals for Tuesday's investiture of Prince Charles as prince of Wales.

The bomb shattered the mail sorting room of the Cowbridge Road Post Office, the fourth bombing in the past three months in the Welsh city.

2 Californians Die In Camper

MOUNTAIN HOME (UPI) — Two Californians were found dead Sunday from asphyxiation in their small camper at Anderson Ranch Dam.

The victims were identified by Elmore County Deputy Sheriff Robert Mendolia as Belvin Shoupe, 43, and his nephew Steven A. Morris, 17, both of Bakerfield.

Mendolia said the two apparently attempted to heat the camper with an open charcoal burner. They were last seen Saturday night and, exactly as it was aiming toward a mock

Truth In Lending Effective Tuesday

WASHINGTON (UPI) — Some people will be startled to find out the 1 1/2 per cent monthly payment they've been making to their department store is really 1 1/2 per cent a year.

That revelation, and many others in the area of borrowing and financing, will come with the so-called "truth in lending" law effective July 1.

The law covers all credit offered on cash loans, goods or services for personal use, family use, household use or agricultural use when the total amount does not exceed \$25,000. The amount borrowed is covered for real estate transactions even when the amount exceeds \$25,000. The only exceptions are transactions in which no finance charge is involved or when the credit is repayable in less than four installments.

But the backers of the law say one of its main virtues will be its restraint on misleading advertising. The standard technique of "only \$1 a week" or "no money down," the law covers all credit forbidden in pay will be equal prominence is given to the actual annual interest rate. Other main provisions of the law include:

- The consumer must be told how much time he has to make a payment without incurring fees.

Tired Miss Wool Of Idaho Resting Up After Pageant

Nancy Williams, who entered the Miss Wool pageant out of curiosity, is back in Twin Falls, little tired and looking forward to a summer of rest.

The Twin Falls beauty finished as first runner-up in the Miss Wool of America pageant in San Angelo, Texas, last week.

The winner, Frankie Mitchell of Salem, Va., and Miss Williams are best friends.

Miss Williams will be a junior at the University of Idaho this fall and she plans to continue her studies, majoring in history.

How does it feel to get an close to a national title?

"Shocking," Miss Williams

GOT BATS IN YOUR BELFY?

You may have no bats and not even a belly but if you have a little, chances are it's full of unwanted things. Why not sell those still good items with a *Times-News* Want Ad? The cost is small and it works so fast you'll have the bats off your belly today.

... with a *Times-News* Want Ad.

Caldwell Girl Wins Buhl Queen Title

BUHL — Marcy Valentine, Caldwell, was crowned queen of the second annual Sagebrush Stampede and Buhl Queen today. She was also Caldwell, and the recipient of the Mike Neal Trophy for All-around Cowboy at the final performance of the rodeo Saturday evening.

Miss Valentine was presented with a trophy, a dozen long-stemmed red roses, a saddle and a gift certificate. She will represent Buhl at the Miss Rodeo Idaho contest.

Sue Ellen Smith, Boise, was named first runner-up to the queen and Carolyn Harvey, Twin Falls, was second runner-up. Carol Qualman, Nampa, was named Miss Congeniality.

Arlene Garrison was named Junior Princess and will represent the West End at the Twin Falls County Fair. First runner-up was Mary Van Zante.

The trophies for the queen and junior princess contests were donated by Russell Lyon, Story Training Stables, the Collier Club and Northland Cold Storage.

Lionelle Wright was presented with a snazzy trophy for the all-around event and his name is inscribed in the large traveling trophy. Any three-limbs winner of the award receives the traveling trophy and Mr. Wright will now the 1968 and 1969 All-around Cowboy.

Rodeo stock for the Sagebrush Stampede was provided by Ervett Watts of Bliss and Hazel Watts served as secretary. Ivan Pollard, Star, was the announcer and Neil Garrett, Nephel, Utah, served as clown, assisted by Tom Prout of Boise. Judges were Jasper Thomsen and Bob Tyler, and Emma Robinson and Donna Thomsen were timekeepers.

Results of the rodeo include saddle-bronc riding, first event, Dick Seals, Rupert, first; Dick Anderson, Albion, second; Mark Edrno, Hildreth, Fremont. Buhl, fourth. Second event, saddle-bronc riding, Billy Wines, first; Benny Freeman, Buhl, second; Bud Bronson, P. A. third, Dick Seals, Rupert, fourth. Average, Benny Freeman, Buhl, first; Dick Seals, Rupert, second; Dick Anderson, Albion, third.

A brief flurry of excitement during launch, was following the scene rehearsed for months on earth.
Radio reports from 23 sensors implanted in his brain, arteries and other body parts show he is eating, working and sleeping normally as his 1,536-pound biosatellite circles the globe. It is in an orbit ranging from 225 to 244 miles high.

G. F. Chamber

Holds Final Spring Meet

GLENN'S FERRY — At its final meeting for the spring, the Glenn's Ferry Chamber of Commerce discussed the proposed routing of Interstate 80N in the vicinity of Glenn's Ferry. The group went on record preferring the northern route (Plan 3) over the presently proposed route (Plan 1). Bert Walker was appointed to represent the chamber at the public hearing slated at Glenn's Ferry High School July 10, to suggest that the State Highway Department abandon the presently proposed route in favor of the Plan 3.
The chamber decided the northern route would be in the best interest of most people in Glenn's Ferry.
Plans were made to resume meetings on Aug. 4, after a summer recess, according to George Powell, president.

Forecast

Generally fair through Tuesday. High temperatures, high in 70s, low in 40s, except Cascades. Rainfall high 85 to 75, low 35 to 45. Probability precipitation near zero. Outlook for Wednesday little change. At 8 a.m., 47 at T.F. Weather Bureau with 70 per cent humidity; 46 at Rupert; 33 at Fairfield; 46 at Buhl; 41 at Castelford.

Weather Synopsis

The deep cold low pressure system aloft which has been over the northwestern states during the past several days has been weakened considerably this morning. High pressure at the surface has moved into the Northern Intermountain Region. Under this pattern, generally fair weather should be the rule throughout Southern Idaho into the middle of the week. Some increase in cloudiness will take place during the afternoon hours however but no precipitation is expected.
Light winds will be generally favorable for most spraying and dusting operations this morning and again this evening but will increase locally at times this afternoon to around 15 miles per hour.
With drying conditions haying operations as well as other farm outside activities should be able to make better progress during the next few days. Hosing with more sunshine, rising temperatures and lowering the midties water loss from crops and soil will increase and irrigation requirements will become easier.
A warming trend will take place over these valleys through Tuesday. High temperatures to the 70s will be mostly in the 70s and the low 80s rising to the upper 70s and the 80s on Tuesday. Low reading tonight will be in the 40s and the 50s.
Skies over these agricultural valleys yesterday were partly cloudy. Precipitation was generally light and spotty during the past 24 hours with Boise reporting .03 of an inch, Burley .06 and Kuna .08 of an inch.

Of the reports available to the present time—high temperatures over Southern Idaho yesterday were 1 to 5 degrees higher than the previous day and ranged from 65 at Idaho Falls to 72 at Mountain Home.

Magic Valley Obituaries

Jolanta Carder Funeral Services

Jolanta Francine Carder, 1-year-old daughter of S. Sgt. William R. and Judy Carder, 29 Palms, Calif., died there Saturday of meningitis. The Carders are former Magic Valley residents. She was born Aug. 1, 1967 in Burley.
Surviving, in addition to her parents, are one brother, Shawn Raymond Carder, two sisters, Lori Ann Carder and April Carder, all 29 Palms, and paternal grandparents, Mr. and Mrs. Raymond V. Carder, Burley. She was preceded in death by her maternal grandmother, Mrs. Pauline Bjornson.
Funeral services will be held at 2 p.m. Thursday in White Mortuary Chapel with Rev. Keith Maxwell officiating. Last rites will be in Twin Falls Cemetery.

Idaho's Road Death Toll Rises To 134

POCATELLO (UPI)—Idaho's 1969 highway traffic death toll stood at 134 today with the death of Mrs. Belda Brillhart Knowlden, 43, Pocatello, the latest in the growing list.
This compares with 133 dead on the same date a year ago.
The woman died when the car in which she was riding wrecked on Interstate Highway 12 two miles south of Pocatello.
State police said the victim's car was driven by her 74-year-old husband, Robert L. Knowlden. It was traveling north when it collided with a southbound vehicle driven by Donald L. Winland of Pocatello. He escaped injury.
Knowlden was reported in serious condition at Bennecko County Hospital in Pocatello.

Surcharge Reaches Showdown

WASHINGTON (UPI)—President Nixon's amended campaign extend the 10 per cent income tax surcharge because a showdown vote in the House today, with leaders predicting a victory for the tax, before the tax expires at midnight.
The House said the measure as its first order of business.
Democratic leaders, who unsuccessfully predicted the bill would be passed to the Senate after about four hours of debate.
House GOP Leader Gerald R. Ford of Michigan said there were 170 Republican votes lined up in favor of the extension.
It needs 217 to pass and the Democrats promised to provide the remaining votes needed.
The bill would extend the surcharge 10 per cent for the first six months of the fiscal year, which begins Tuesday and at 5 per cent for the last months, until June 30, 1970.
It is part of a tax package the President said will raise \$9.2 billion and help insure that the nation's economy is out of the hands of consumers.
Even though the tax officially died at midnight, Congress has passed the bill to assure payroll tax deductions reflecting the surcharge will remain the same for another 30 days.

Lending

Continued From Page One
The "finance charge" and also be paid by such members is determined, what the minimum payment is and what additional charges may be made.
Bills, stores must add finance charges in dollars and cents, along with percentages.
On a straight cash loan from a bank or loan company, the borrower must be told the real rate of interest and how long he can use the money before he has to start paying back.
On installment loans for cars or large appliances the customer must be told the number of payments as well as how he will be penalized if he is late with a payment. This about twice the charge of the finance charge imposed on him, with a \$1,000 limit. And the government prosecutes violators, with up to one year in prison and a \$5,000 fine as penalties.

Winners Of Bank Prizes Are Listed

Don Hine, Route 2, Twin Falls, was the winner of the color television set given by the Bank of Idaho at the grand opening Friday.
Other prize winners were Maureen Kean, 360 Jefferson St., girl's bicycle; Cole Klassen, 1941 Sherry Drive, boy's bicycle; Edith Fox, Box 84, radio; Ramona Berkeley, Eden, radio; Jon Taylor, 1422 Sixth Ave. E., radio; General Johnson, 212 Larkspur Drive, radio; Sharon S. Thomas, 447 Ross St. N., radio; Janice Phillips, 629 Cindi Drive, radio; Mrs. Kenneth Hill, 125 Moreland Ave., radio; T. J. Loyd, 290 Locust St., radio; Cliff Mack, Route 2, Hansen, and Clara Sanders, Randee, radio.
Winning the portable television sets were Laura Phillips, 629 Cindi Drive, and Bob Williams, Intermountain Gas Co.
Bank officials said the prizes may be picked up after 3 p.m. Tuesday.

Miss Rodeo Idaho Will Lead Tours

GOODING — Jackie Bodenhofer, Gooding, currently holding the title of Miss Rodeo Idaho, has another interesting position to fill this year.
She will be conducting tours through the Idaho Capital building this summer.
At Milton, executive secretary, Idaho Department of Commerce and Development, points out this is the first time such tours have been offered. The program runs from 8 a.m. to 4 p.m. daily, Monday through Friday until the end of August.
Persons interested in such a first-hand inspection of the Capitol need only appear at the front entrance of the building and make their wishes known to Miss Bodenhofer.
Miss Rodeo Idaho will reign until the end of the summer and then return and studies at the University of Idaho. She was named to the Idaho rodeo queen post last fall during the Twin Falls, County Fair and Rodeo.

Rockefeller On Last Part Of Mission

BUENOS AIRES (UPI)—Gov. Nelson A. Rockefeller of New York got down to official business today on the fourth and last part of his Latin American mission for President Nixon.
The government mobilized 15,000 police to protect the Rockefeller party and keep down anti-American demonstrations.
The governor arrived in Buenos Aires Sunday night, only a few hours after police used tear gas to disperse demonstrators protesting his visit. Ten persons were arrested.
In a brief speech at the airport, Rockefeller repeated what he has said on earlier stops — he has come to listen and not to lecture. He said it was important that both the United States and Latin America realize that "everything is not going well in the hemisphere."
Rockefeller was breakfasting today with representatives of Argentine business and then meeting farm leaders before Friday night. Foreign Minister Juan R. Martin and later President Juan Carlos Onganía.
Rockefeller's arrival came one day after the third anniversary of Onganía's coming to power in a military coup. In recent months, there has been mounting opposition to the Onganía regime among students, workers, and political organizations.

Aviation

Continued From Page One
aviation industry and from the pertinent geographical areas of the state.
The present director of aeronautics would be executive director of the commission. This commission would establish operations of aeronautics, rules and regulations for its self government, as well as the promotion of aeronautics with the state.
Upon formation, the commission would develop a long-range aviation, airport and facilities plan for the state and the plan would be the basis for the disbursement to local political subdivisions of all such trust funds.
The Committee For Funding Aviation in Idaho was formed several weeks ago when representatives of several Idaho cities at suggestion of the Legislature, met in Twin Falls.
It was pointed out at that time that members of the legislature would be more sympathetic to suggestions made by a state-wide group interested in aviation rather than personal recommendations made by the Director of Aeronautics.
Attending the Boise session were Mayor Joe Peters and Ed Elliot, both of Burley; Pete Hill, Warren, Wals; Mike Ferry, Lewiston; Cecil Hathaway and Jim Sanberg, both Moscow; Mayor Don Brennan and John Goehorn, both Pocatello; Jack Holden, Rigby; Warren Barr and Harry Merrick, both Twin Falls; Don Duvali and Ray Daniel, both Boise.

Republican Losers Seek Reasons For Off-Year Defeats

By RAYMOND LAHR

WASHINGTON (UPI) — The losing side usually blames defeats in congressional off-year elections on local situations, but the losses still make them unhappy.

In special elections this year to fill vacancies in the House of Representatives, Democrats have grabbed two seats to which Republicans were re-elected last November.

The first was the Wisconsin seat held for 16 years by Secretary of Defense Melvin R. Laird. The second, taken by the Democrats last week, was the Montana seat held since 1959 by James F. Battin, now a federal judge.

In their private assessments of the Montana race, Republicans here are giving most of the credit to the campaigning of Senate Democratic Leader Mike Mansfield, whose popularity they have found to be undiminished in his home state.

These Republican analysts also believe they were hurt by a divisive contest over the GOP nomination and by a lack of enthusiasm among party workers annoyed by Battin's acceptance of the judgeship just a few months after they had campaigned to reelect him.

As the party in opposition to the national administration, the Democrats normally would expect to pick up a few seats in special congressional elections and to gain House and Senate seats in national elections, like that in 1970, in the middle of a presidential term. But there has not been much normalcy in election patterns since World War II.

The Republicans fell seven votes short of the number needed to organize the Senate. They needed 28 more seats in the House. With two losses already suffered this year, they now need a gain of 30 seats to control the House in 1971.

There appears to be a universal belief among Republicans that their chances for congressional gains depend first on success by Nixon in his efforts to settle the war in Vietnam. He also needs to win the war against inflation.

No Sniffing!

DETROIT (UPI) — Kids who get their kicks from smelling glue may soon be getting a sneeze instead of a sniff.

A nose-tickling dose of essence of horseradish has been added to the plastic model cement made by the Ross Chemical and Manufacturing Co. of Detroit, which, the company says, "makes glue-sniffing impossible."

Ross claims the heady horseradish scent is virtually undetectable when the glue is used as it's supposed to be, for building models. But to take a whiff for a whiff's sake—a-choo.

A SOMBER RINGO STARR, famed drummer of the Beatles musical "combo" and his wife, Maureen, are pictured arriving at Nice, France, on their way to a nearby vacation spot. (UPI telephoto)

News Of Servicemen

Tech. Sgt. Donald S. Holloway and Airman I.C. Karl L. Malone are members of the U.S. Air Force Aerospace Defense Command's 28th Air Division that has won the General Frederic H. Smith trophy.

The 28th, headquartered at Malmstrom AFB, Mont., was selected as the best ground defense unit within the command.

Sgt. Holloway, a personnel technician, is assigned to the 4642nd support squadron at Malmstrom. He was graduated in 1954 from Kimberly High School and is married to the former Cheryl J. Orchard.

He is the son of Mr. and Mrs. Scott E. Holloway, Kimberly.

Airman Malone, son of Mr. and Mrs. Glenn J. Malone, Twin Falls, also is assigned to the 4642nd as a radar operator. He was graduated from Twin Falls High School in 1966, and is married to the former Linda Brown, Falls High School in 1968.

Seaman Appren. Donald Stearns has returned to Great Lakes Naval Training Center after visiting his parents, Mr. and Mrs. Donald Stearns, 1559 Princeton Drive, Twin Falls.

Seaman Stearns has just completed basic training at Great Lakes Naval Training Center. After returning there he will take Machinist Mate training and then enter Nuclear Power Training School.

He was graduated from Twin Falls High School in 1968.

GRANT AWARDED

POCATELLO (UPI) — A total of \$1,557 in grant and expense money has been awarded to Donald W. Hopps, an Idaho State University instructor in government, for research into the history of anarchism in the U.S. and its relation to the current "new left" movement.

COMMENT

Modern Parks

Idaho State Journal
It's good news that Massacre Rocks State Park is being developed in a major fashion by people with the experience to do so. The two best rest places which the state has provided along highways in this area simply will not do for the modern tourist, and we are happy to see progress.

Mike Harned has a degree in park management from Sacramento State College, and his wife has a degree in archaeology, also very appropriate. Park Ranger Jim Risley has had 10 years' experience in state parks and will help make the 550 acres interesting to tourists.

WASHINGTON — Robert S. McNamara's anti-infiltration wall has now been formally junked in the Pentagon, but its electronic ears are very much in use on the Vietnam fighting fronts.

much in demand by field commanders. Formerly described as "unattended ground sensors," the listening devices have been dubbed "people sniffers."

Face In The Crowd

ROWLAND EVANS AND ROBERT NOVAK

Greece: Kafka Come To Life

ATHENS — The true nature of the Greek military dictatorship is revealed in the fate of Maj. Gen. George E. Koumanakos, who gained international renown fighting Communists on the field of battle and is now completing his 17th month of imprisonment by the colonels who claim they have saved Greece from Communism.

While a field commander may not elect to send a patrol to investigate each detonated button-bomb, he is thankful for the alert. Plans can quickly investigate and attack when sensors indicate that a truck convoy is in the vicinity.

GEORGE C. THOSTESON, M.D.

A New Drug

Dear Dr. Thosteson: I hear there is a new L-dopa capsule for Parkinson's disease. Can you give me the name of a doctor who could tell me more about it?

MIRV Moratorium

New York Times
The biggest challenge that confronts the National Security Council in its discussion of negotiating tactics for the impending Soviet-American strategic arms limitation talks is to find a way to get the Soviet Union to call off its test program for multiple warheads (MIRVs).

United States itself would have difficulty accepting, not to mention the Soviet Union. The irony is that Soviet MIRVs, fitted atop the big SS-9 missile, could become a threat to the American deterrent.

ART BUCHWALD

Night And Day

WASHINGTON—Everyone is trying to come up with a face-saving solution for the Vietnam peace talks in Paris. There have been many proposals, and I hope no one minds if I throw another one on the round table.

The "night" government of the NLF, or Hanoi, depending on who's running the show, could buy goods from the peasants who would own their own land.

ANGELIKA DAUSES
 ... native of Freiburg, Germany, has been selected as the AFS student to attend the Twin Falls High School during the coming year. She is scheduled to arrive about Aug. 20 and will be graduated with class of 1970 local high school class.

German Girl Is Exchange Student Here

Blonde Angelika Lioba Daus, 17, a native of Stadtsrabe, Freiburg, Germany, who hopes to enter the medical profession, will be attending here as senior year-of-high school in Twin Falls.

Mrs. Vern Routh, president of the local AFS chapter, said Miss Daus will make her home with Mr. and Mrs. John Christoffersen, 1338 Fremont Drive, with their daughter, Julie, also a senior, acting as host sister.

The visiting student is the daughter of Dr. and Mrs. Rudolf Daus, Freiburg, Germany. Her father is a dentist and her mother a housewife. She has a younger brother.

In order to participate in the AFS program, students of the local high school are asked to bring their visiting student to the United States. This is an exchange program with American schools sending delegates to foreign countries for one year of schooling.

The Twin Falls visitor has studied English for seven years and also has studied Latin. She is interested in biology in preparing for further medical studies.

In her home town, she served once each week as a volunteer worker helping young handicapped children. She is also active in tennis and ski clubs and enjoys skiing, reading and collecting such things as prints of famous paintings, antiques, stamps, coins, and also enjoys music.

WILLIAM MILLER
 former Twin Falls resident, has been appointed installment loan officer for the Idaho Falls office of the Idaho First National Bank. He worked for Reliance Credit Corp. before joining Idaho First National in October of 1968. He is married and he and his wife, Sharon, have four children.

Semi-Annual Blood Drive Set For Buhl

BUHL—The semi-annual visit of the Red Cross Bloodmobile will come Tuesday at the Buhl Moose hall. The drawing will take place between the hours of 11 a.m. and 3 p.m.

The quota for the Buhl chapter is 100 pints. Records show that in 10 of the last 13 drawings Buhl has met and surpassed the 100 pint quota, according to Ralph Assendorf, local blood drive chairman.

Reminder cards will be sent to all regular West End donors. Members of the Beta Sigma Phi sorority will assist with telephoning donors and the Jayceettes will serve as typists and record clerks during the drawing.

The Deep Creek grange will operate the canteen and the bloodmobile will be set up by members of the Veterans of Foreign Wars. Mrs. George Harvey will head the nurses at the drawing.

Any person between the ages of 18 years and 60 years is eligible to give blood. Unmarried persons under 21 years of age must present the written consent of a parent. Married minors or minors on active duty in the armed forces do not need parental consent. Minors in the National Guard, or military reserve must have a release.

'Depressed' Aid To Be Given Cities

WASHINGTON (UPI)—A total of 802 communities, apparently bypassed by the national business boom, will be eligible for depressed areas aid funds during the government business year beginning Tuesday, the Commerce Department announced.

The department's economic development administration said 73 areas improved their economic enough to be removed from the list as a result of the annual review of the program. But increasing local unemployment added 10 other communities to the program.

Communities with persistent unemployment of 8 per cent or with median family income less than 40 per cent of the national median are eligible for public works grants and loans and business development loans.

The administration said only four major cities, Newark, N.J., Oakland, Calif., Cleveland and Washington, D.C., will be eligible for aid during the next 12 months. Parts of three other cities, the stockyards areas of Chicago and Omaha, Neb., and the area surrounding the Brooklyn Navy Yard, also are eligible.

Two cities, San Diego, Calif. and St. Louis, were dropped from the list.

Surprises Predicted For Moon Landing

WASHINGTON (UPI) — The head of the U.S. space agency today predicted man will find some major surprises when he lands on the moon three weeks from now, but he warned there is still a possibility the initial landing attempt will fail.

Dr. Thomas O. Palne, in a copyrighted interview in this week's edition of U.S. News and World Report said in a planned trip to Mars is the next logical step, later in the century.

"I think there are very few scientists who don't expect major surprises in store for us," Palne said of the Apollo 11 moon landing scheduled for July 20. "Man has never set foot in such a place before."

But he warned against over-confidence.

"We should never forget that these are inherently risky missions, that the demands we are making of our astronauts and

the equipment are very high. Men are going into an area where no man has been before," Palne said the most dangerous part of the mission will be landing the lunar craft, since the astronauts must be careful not to tip it over or skid into a crater or boulder. He added there would be no way to rescue Neil A. Armstrong and Edwin E. Aldrin Jr. if they become marooned.

Palne said the next step in

the U.S. space program is an earth orbital setup aimed at putting men in a space station for long periods of time. At the same time there will be unmanned probes to take television pictures of Mars.

"Mars is the next logical target after the moon. It has the kind of temperature and atmosphere and surface conditions that would make it possible for man to operate although with difficulty," Palne said.

Business Tycoon Dies At 56

LOS ANGELES (UPI)—Bart Lytton, a flamboyant rag-toriches financier and patron of the arts who made, spent and lost a fortune, died Sunday. He was 56.

The brash, articulate, and far from self-effacing man who described himself as "the most successful businessman in the decade" died during the night of a heart attack, his personal physician said.

His wife, Beth, found Lytton dead in his bed in the couple's apartment.

Dr. Sam Sillis, Lytton's physician, said he had been treating the former savings and loan executive for a heart condition for some time.

The silver-haired Lytton was forced to step down as head of the savings and loan empire he built into the fifth largest in the nation in April, 1968, because of the demands of creditors.

He was replaced as president and chief executive officer of Lytton Financial Corp., and its southern California subsidiary, Lytton Savings and Loan Assn., by Charles Wellman, 52, after the corporation's debts totaled \$5.8 million. In January Lytton Savings was merged with Mission and Equitable Savings and Loans under the name of Equitable.

Lytton, who earlier sold personal holdings of 13 per cent of the firms common stock to satisfy personal debts, said he was no longer a millionaire. Perhaps the relief chauffeur will have to go.

The tycoon who earned \$24 a week as a play director for the WPA during the Great Depression, told reporters, "I'm not a rich man anymore, but I'm proud to still be a genius."

The stocky, ruggedly handsome tycoon was born Oct. 4, 1912 to an upper middle class family in New Castle, Penn. The son of a lawyer murdered by a butcher who lost a lawsuit, Lytton rebelled against a law career planned for him and left home.

Educated at Staunton Military Academy, Westminster College, and the University of Virginia Lytton began as a play director for the WPA Federal Theater in New York.

During his screenwriting days Lytton briefly belonged to the Communist party, and was a friendly witness before the House un-American Activities investigation in the early 1950s.

Lytton entered the savings and loan business in 1955 with the theory that money could be merchandized like a gillie shoe and proceeded to recast the staff money community by using one press agency gimmick after another to attract deposits and borrowers. He changed the name of Canoga Park Savings and Loan to Lytton's and put his name on the title.

At the height of his financial power, Lytton's personal wealth was estimated in the \$30 million range.

Rains Ruin Emmett's Cherry Crop

EMMETT (UPI)—Heavy rains in the Emmett Valley area are responsible for the ruin of about two-thirds of a nearly \$3 million cherry crop.

For the past few days rain has played havoc on the crop, causing the fruit to swell and split. This condition ruins the fruit for shipping as a fresh crop and enough of a split ruins the cherries for canner purposes.

It appears that with about one-third of the crop now picked, the rest may not be worth harvesting, officials said.

The consequences reached far more than just the cherry growers. The Idaho Department of Employment indicated that a record number of pickers are in the Emmett Valley, in all about 2,200 persons. Had the crop been harvested normally, almost all of the harvesters could have had about 10 days to two weeks of work. Without the crop, their hardship is greatly increased. The problem is further compounded for the pickers because the weather has been the same throughout the northwest and in Utah.

RESCUE WORKERS SEARCH amid rubble caused when a bomb set by Arab commandos exploded Monday near Dizengoff Street, a major Israeli tourist attraction in Tel Aviv. The blast destroyed four automobiles and wounded 11 persons. It was the first such action by Arab commandos in nine months. (UPI Cablephoto)

Cigarette Lighter In Young Marine's Pocket Said He Was "Born To Die"

By DAVID LAMB

BEN HET, Vietnam (UPI)—The cigarette lighter he pulled from his pocket said the young GI was "Born to Die."

He had volunteered to ride shotgun for the convoy bringing supplies from Dak To to this besieged Central Highlands Green Beret camp. "Something to do for kicks," his friend said. The trucks came rumbling across the fully, down the airstrip and through the camp's

wooden gate, always under fire from the 2,000 North Vietnamese in the surrounding hills.

Shirtless, the GI—he couldn't have been older than 20—was slumped over his machine gun. Up from their bunkers came the men of Ben Het, dirty, tired, squinting in the sun.

"Hey, gimme a hand," stammered a truck driver. "I don't know if he's a KILO killed in action or WIA wounded in action."

A dozen hands reached up

They put him face down on a stretcher and his arms flopped over the side. Into the medical bunker he went, under the light bulb. The doctor shook his head.

"Born to Die" was dead.

Outside, the stillness was split by the whistle and whirring crack of exploding artillery shells. Ben Het was under attack again and the defenders drew deeper into bunkers each time.

For 25 cents you can get a beer at Ben Het, in an underground bunker stocked with rifles and flak jackets. The barmaid is Mai, the place closes at 10 p.m. The business is good and the beer cold.

But Dak To beckoned the fighters back, their cargo unloaded and their thirst quenched. Ahead on the eight-mile stretch of Highway 512 lay Communist ambushers.

They jammed down the gas pedals and roared away, black exhaust billowing into the twilight. There were no volunteers ahead this time.

Collision Inquiry Hears No Criticism Of Top Officers

MANILA (UPI)—The testimony of 78 witnesses has failed to bring out any evidence of willful wrongdoing on the part of the two young officers on the bridge of the U.S. destroyer "Frank E. Evans" when it collided with the Australian carrier Melbourne June 3.

Not a derogatory word was spoken of Lt. (J.G.) Ronald C. Ramsey or Lt. (J.G.) James A. Hopson during the three weeks of open sessions conducted by a six-man U.S.-Australian board of inquiry at the Subic Bay Naval Base, 80 miles north of Manila.

Public hearings were suspended Friday.

Ramsey, 24, of Long Beach, Calif., the Purdue University graduate who was the senior officer on the Evans bridge, refused to testify on constitutional grounds.

Hopson, 28, of Kansas City, Kan., a jet-jumped crew cutter engineer, was the junior officer on the bridge but testified he plotted the maneuver which placed the Evans and the Melbourne on a collision course.

Ramsey's refusal to testify left several questions unanswered.

They included why Hopson turned the ship toward instead of away from the carrier when changing station, why Hopson used the wrong base course and speed for his maneuver, why Evans captain Cmdr. Albert S. McJannet, 40, of Vallejo, Calif., was not called in the inquiry and why Ramsey ordered the final sharp right turn which spun the 2,200-ton destroyer back across the path of the 20,000-ton carrier.

The Evans was cut in half and 74 lives were lost, most of them in the ship's sunken forward section.

Ramsey refused to testify on the advice of his counsel, Lt. Frederick F. Tilton, 27, of Marietta, Ohio, after the board said it had no authority to allow Tilton to examine testimony or to recall and cross-examine witnesses.

No Discretion

ST. LOUIS (UPI)—Vincent Vurro, owner of a hair salon was not only perforated by the theft of 50 wigs but he also accused the thieves of "lack of discretion."

Vurro said the looters left behind a valuable collection of antique swords and armor along with a \$2,000 Chinese robe draped about a mannequin from which a \$300 wig had been removed.

Tests Prepared

WASHINGTON (UPI)—The U.S. Civil Service Commission today announced it has drawn up testing procedures to fill postmaster vacancies in first, second and third-class post offices. The jobs were put on a competitive basis by President Nixon in February when he decided to make postmasters non-political. The commission said it expected 1,700 tests will be announced for vacancies in 20 offices during the next 12 months.

Boise Cascade Earns Honors For Careful Logging

INDEPENDENCE, Ore. (UPI)—Careful logging and road building with an eye to the prevention of stream damage has earned special recognition for the Boise Cascade Corp.

The Columbia River Section of the Society of American Foresters awarded Boise Cascade a commendation for an unusually fine demonstration of watershed protection in a forest harvesting operation in the company's 25,705-acre Luckiamute tree farm in the vicinity of The Dalles, Ore.

The presentation of the award was made to Lyle Seymour, Boise Cascade's resident forester.

Police, Army Enforce Calm In Malaysia

KUALA LUMPUR, Malaysia (UPI)—Riot police and army troops enforced an uneasy peace in Kuala Lumpur Sunday following renewed racial violence in which Indian residents appeared to be the main target.

At least six persons, including three women, were reported killed and about 20 injured in the outbreak Saturday night. Four of the dead were Indians, the other two were Chinese.

The exact cause of the clashes was not immediately known and it was not explained why, for the first time since simmering Malay-Chinese rivalries erupted into violence last May, most of the casualties were members of the Indian community.

At least 185 persons died and more than 375 were injured in the racial riots earlier this year. Almost all were Malays or Chinese.

Detroit Splits With Orioles; Oakland Star Slams 29th HR

By United Press International
At Kalline singled home two runs in the ninth inning Sunday to lead the Detroit Tigers to a 3-2 victory in the first game of a doubleheader and Frank Robinson drove in two runs in the bottom of the ninth of the nightcap as the Baltimore Orioles won 4-3 and gained a split.

Jim Hunter drove in two runs, including the go-ahead run in the fourth, and pitched four-hit ball over the final eight innings to lead the Oakland Athletics to a 2-1 victory in the first game of a doubleheader with the Chicago White Sox.

Reggie Jackson drove in two runs, one with his 29th homer of the season, and scored two others to complete an Oakland sweep of the White Sox 6-5.

Keeps Title
MEXICO CITY (UPI)—Welterweight champion Joe Napoles retained his title Sunday night when challenger Curtis Cokes refused to come out for the 11th round and was counted out as he sat in his corner. Napoles, who took the title from Cokes in Los Angeles in April, assumed command in the second round as a series of lefts drew blood from Cokes' nose.

Cowboys Sweep Series From Idaho Falls; To Host Caldwell Tonight

IDAHO FALLS (UPI)—The Magic Valley Cowboys completed a sweep of a three-game set with the Idaho Falls Angels Sunday afternoon as they took advantage of five Angel errors in the first game to win 7-6, then got full use of four hits in winning the nightcap 8-3.

The Cowboys, now holding an even 500 record to 5-5, host the Caldwell clubs tonight in the first game of a three-game home stand at Jaycee Park beginning at 8 p.m.

The Angels showed good power in the opener as Richard Bailey, Don Neugebauer, and Joe Mute each hit doubles to account for five of the six Angel runs.

But the effort wasn't enough as Magic Valley used the five errors to score seven runs and win the ballgame for pitcher Land Landis, who entered in relief during the third inning.

In the second game of the set, the Angels' old boguobo of bases on balls and errors once again proved costly as Magic Valley scored in the first inning when John Rivers walked and was tripped home by Jeff Geach.

In the third inning Roland Houston led off with a triple and scored on John Rivers' ground ball to give the Cowboys a two-run lead.

Cowboy pitcher Keith Walters ran into a little trouble in the Angle fifth inning when he walked pinch hitter Joe Quijones. Sam Ashford then followed with a bunt single which was the first off of Walters.

Angle shortstop Rudy Meall then hit a line drive home run over the right field fence to give Idaho Falls a short-lived 3-2 lead.

Magic Valley then came back in the sixth and seventh innings when an error, two hit batsmen provided three runs in both the sixth and seventh innings for the Cowboys.

Graham Wins 2-1 In 10 Innings For T.F. Split

BOISE—Lefty Wayne Graham turned in his finest performance of the season Sunday evening as the Twin Falls Legion 'A' team topped the Boise Gems 2-1 in 10 innings after the Gems had taken the first game of the

doubleheader 4-3.

Graham, who relies almost completely on a curvball, spaced eight hits, only allowing Boise to push a run across in the fifth to tie the score.

The winner crossed the plate for Twin Falls when John Giesler went all the way around from first as Gem centerfielder Ron Goble let a line-drive bouncer slip through the middle slip through to the wall to tie the score.

Boise had an opportunity to win it in the seventh, as it poked three consecutive singles, but failed to score.

In the first game Curt Klinghorn limited the Gems to just two hits, but three errors helped Boise jump out into a quick 4-0 lead after two innings.

Hommer came on in the fifth for the Gems and halted Twin Falls after it had scored two runs, to narrow the margin to 4-3.

Pacific Wins Slow-Pitch All-Star Tilt

Milt Horton went four-for-five with four doubles, and Dale Crist scored three times and hit a sole homer—as the Pacific League rapped the Atlantic League 15-5 in the annual Slow-Pitch All-Star game Sunday afternoon at Harmon Park.

Playing errorless ball, while the Atlantic stars made eight bumbles, the Pacific League squad pounded out 18 hits.

Jim Blakely went two-for-two and Roy Lichti poked a three-run shot over the left-field fence to account for most of the Atlantic fireworks.

Slow-Pitch All-Star Game
 Pac. 15-5
 Atl. 5-15
 Rees, Blake (4) and Krumm; Deboard, Moore (5) and Tupper. H.R., Crist, Pacific; Lichti, Atlantic.

Ryun Leaves Meet In Tears

MIAMI (UPI)—Jim Ryun world record holder in the mile, left the stadium in tears Sunday after failing to finish in the National AAU track and field championships.

"I just don't want to talk about it," the Kansas star repeated over and over again after dropping out during the second lap.

Cubs Homer Salvo Sinks Cards 3-1 And 12-1 Before 41,060 Fans On Special 'Billy Williams Day' Fete

By United Press International

Willie Smith hit a two-run homer in the first game and Ernie Banks, Ron Santo and Randy Hundley homered in the second game Sunday powering the Chicago Cubs to 3-1 and 12-1 victories over the St. Louis Cardinals.

The sweep, before a crowd of 41,060 in Chicago, gave the Cubs an eight-game lead over the second-place New York Mets in the Eastern Division of the National League. The Cubs lead the two-time NL champion Cardinals by 14 games.

Billy Williams, honored with a "C" as he played both games to first (6) and then set a National League record for 896 consecutive games played, doubled and scored the Cubs' first run in the opener and went 4-for-5 in the second, including a double and three triples while batting .500.

Don Clendenen knocked in three runs with a single and a double and Tom Seaver scored the 12th victory as the New York Mets snapped a four-game losing streak by defeating the Pittsburgh Pirates 7-3.

Clendenen, a former Pirate, singled home one run during a two-run rally in the first inning and doubled in two more in the third.

Seaver, who upped his season strikeout total to 106—with 10, has a 12-3 record.

Larry Hulse and Ron Stone each knocked in two runs as the Philadelphia Phillies defeated the Montreal Expos 5-1 after winning the opener 2-0 on Lowell Palmer's three-hitter.

Jerry Johnson scattered nine hits and walked none to win his fourth game in the nightcap after Palmer scored his first major league win.

Chico Ruiz' bases-filled single off Ron Kline with one out in the 10th gave the Cincinnati Reds a 7-6 triumph over the San Francisco Giants. The Red's winning rally came after they bunched three hits, including doubles by Tony Perez and Lee May for a three-run spurge which tied the score at

6-6 in the ninth inning.

Felipe Alou singled with two out in the ninth inning to drive in Bob Aspromonte, who was safe on a throwing error by Joe

Morgan and give the Atlanta Braves a 4-3 decision over the Houston Astros. Jim Wynn hit a triple and a single to drive in two runs and Doug Rader

homered as the Astros built an early 3-1 lead.

Alan Foster and Jim Brewer combined in a six-hitter as the Los Angeles Dodgers defeated the San Diego Padres 3-1. Willie Crawford singled in one run and Len Gabrielson singled in another when the Dodgers scored two runs in the third.

Officers Are Installed By Burley Soroptimist Club

BURLEY — Seven new officers of Burley Soroptimist Club were installed during a dinner meeting at Bryan's Cafe recently.

Installed during a candlelight ceremony were Mrs. W. Gay Jones, president; Mrs. W. Gay Jones, vice president; Mrs. LePage Layton, recording secretary; Mrs. Fred Sherrod, treasurer; Mrs. Glenn Bailey, corresponding secretary, and Mrs. Helene Coffey and Mrs. Roy Matheson, new directors. Mrs. Freya Greene, Twin Falls, was installing officer.

Opening exercises were directed by Mrs. Bailey. A short business session was conducted by Mrs. D. C. Fullmer, retiring president and members answered a slogan roll call.

A letter was read from Gov. Don Samuelson in regard to the interest and protest entered by the Burley Soroptimist Club through a telegram on the subject of the request of Magic Valley Christian College, Albion, to move books and equipment which are property of the State of Idaho to Baker, Ore.

A thank you note was read from Laura Manning, daughter of Mrs. Freida Manning, who was selected girl of the month for June.

Mrs. Dorothy O'Bryan requested that her name be removed from the club's active membership since she is moving to

Washington. Mrs. Vi McKnight was inducted into the Burley Soroptimist Club by transfer from the Ontario, Ore., club by Mrs. Sherrod.

The past president's pin was presented to Mrs. Fullmer by Vivien O'ney, and Mrs. Fullmer and all the new officers were presented blue and gold carnation corsages.

A progress report was given on the Antique Festival Theatre play "The Death and Life of Sney-Fitch." Written by James Rosenburg, the play is being sponsored by Burley Soroptimist Club on July 13 at Cassia County Fairgrounds. This will be the second year the club has sponsored an AFT play in Burley.

A quartet from the Snake River Flats sang several barbershop harmony songs to entertain

the group. Special guests were Mrs. Greene; Mrs. Ruth Carter, Twin Falls Soroptimist Club president; Mrs. Glenn Cannon, past president of the Twin Falls club; Mrs. Lora Doss and Mrs. U. N. Terry, Twin Falls, and Mrs. Harlow Cheney, Rupert.

Patricia Newell, Daniel Wed

Patricia Suzan Newell, daughter of Mr. and Mrs. Jack Newell, became the bride of John Frederick Daniel, son of Mr. and Mrs. William Daniel, in rites June 13 at the First Presbyterian Church.

Rev. Robert Harvey performed the double ring ceremony in a candlelight service. The pews and the altar featured long white tapered candles. The pews were decorated with yellow satin bows, each bow encasing a yellow rose and white daisies, with live twigs to the floor. At the altar, large white baskets held arrangements of yellow gladioli, white pompon chrysanthemums and daisies.

Given in marriage by her father, the bride was gown in a floor-length Bridal Oriental of empire styling. The Chantilly lace bodice formed a high neckline with ruffling to the waistline, and full sleeves to the wrist. The skirt of the gown, fashioned of lace, swept in a scalloped chanel-length train. Her elbow-length veil was held in place with a crown of silver white leaves and fern-ferns. The bride carried a bouquet of white and yellow daisies, yellow rosebuds and green fern, accented with moss green velvet streamers.

MR. AND MRS. JOHN F. DANIEL (Shig Morita photo)

Maid of honor was Diana Douglas, Cheney, Wash. Bridesmaids were Polly Ambrose, Boise, and Deborah Newell, sister of the bride.

Both Diana and Polly were sorority sisters of the bride.

Best man was Ron Porter, Baltimore, Md. He is a representative of the Baltimore Colts in the National Football League.

Rick Allen, son of Mr. and Mrs. Charles Allen, residing in Sacramento, Calif., and Michael Newell, brother of the bride, served as groomsmen.

Guests were registered by Nancy Hofffield, Hansen, sorority sister of the bride. Seated at the table were Mrs. David Mead, and the traditional wedding music was played by Mrs. Charles Allen. Gifts at the church were received by Robert Newell, brother of the bride.

Flowers for the wedding reception and rehearsal dinner were arranged by Mrs. M. H. Kieper, grandmothers of the bride; and by Mrs. Bert Carlson. The reception was held immediately after the wedding in the church lounge. The three-tiered cake was cut by Mrs. Ben-Motter.

Serving at the bride's table were Mrs. Douglas Borjase and Mrs. Robert Newell. The bride and groom were seated at tables covered with white over green.

The center decorations were made of netting and yellow satin roses surrounding candleholders with green candles.

Special out-of-town guests included Mr. and Mrs. W. H. Daniel; Mr. and Mrs. Mike Smith and daughter, Renee; Michelle; Mr. Douglas Daniel and son, Curt, all Spokane; Mr. and Mrs. Eldon Yorkson, Nampa; Mr. and Mrs. Jack Terry, Nampa; Mr. and Mrs. Dean Kieper and daughter, Deanna; Mrs. Cindy Crowe, Boise; Marjorie Rasmussen, Salem, Ore.; Cathy Williams, Twin Falls; Mrs. Charles Allen, Sacramento, Calif.; and Sarah St. Claire, Idaho Falls.

A wedding rehearsal dinner was hosted by the bridegroom in the Colonial Room at the Rogerson Hotel. The bride was honored at a pre-wedding party and kitchen shower hosted by Mrs. Mrs. Douglas Borjase and Mrs. Robert Warberg; a lingerie shower by Diana Douglas, and a luncheon hosted by Mrs. Ted Smith and Mrs. Ben Motter.

The couple took a honeymoon trip to Lake Tahoe. They will reside at Cheney, Wash., where the bride is attending summer school at Eastern Washington State College. The bridegroom will commute to Spokane where he is employed as a Sales Representative for Del Monte Foods Inc.

Lora Quigley, Segura Recite Nuptial Vows

BUHL—Lora Louise Quigley, daughter of Mr. and Mrs. Ray Quigley Buhl, became the bride of William E. Segura, son of Mr. and Mrs. Henry Segura, McMinnville, Ore., in rites May 24 at the Buhl First Christian Church.

Rev. Harrie Young performed the evening double ring ceremony before a background of white gladioli and large yellow chrysanthemums in tall white baskets. Tall gold candelabra with yellow tapers completed the background setting. The pews were marked with yellow satin bows.

Given in marriage by her father, the bride wore a white empire-styled gown of peak design, fashioned with a high neckline. A Chantilly lace over jacket also featuring a high neckline and long sleeves bound with pearl de sole and buttoning down the back with miniature self-covered pearl de sole buttons completed the dress. The attached chapel-length train was of chantilly lace outlined with scallops to match the lower edge of the jacket.

Her shoulder-length veil of silk brillausion was held by a pillbox accented with white pearls outlined with tiny seed pearls. She carried a cascade bouquet of yellow frenched chrysanthemums and stephanotis.

Mrs. Suzanne Bufon, a childhood friend of the bride, served as matron of honor. Claudia Reed, a college friend of the bride, was maid of honor. Bridesmaids were Mrs. Nancy Haack and Marilyn Olsen, college roommates of the bride.

Mrs. Judy Baxter, a childhood friend of the bride, and Debbie Segura, sister of the bridegroom, were flower lighters.

Key rings, a fraternity brooch of the bridegroom, McMinnville, served as best man. Witnesses were Bob Haack, McMinnville, a fraternity brother of the bridegroom, and Keith Quigley and Phillip Quigley, brothers of the bride. Jamie Segura, sister of the bridegroom, was ring bearer.

Mrs. Fewel Chisham was soloist, accompanied by Mrs. Bill Wetzstein.

After the ceremony, the newlyweds were feted at a reception in the church fellowship hall. Mary Marshall, Twin Falls, regent of the bridegroom, was honored.

The bride's table was covered with white lace over green. The table was centered with a four-tiered white cake trimmed with yellow rosebuds and bells and topped with white satin bells.

outlined with tiny seed pearls and Lillies of the Valley. The base of the cake was circled with white daisies and greenery. The cake was baked and decorated by Mrs. Leonard Walcott.

Two cherub vases holding arrangements of white daisies, yellow rosebuds and yellow candles, arranged by Bonnie Johnson, flanked the cake. The silver coffee service and crystal punch bowl completed the table appointments.

Two cherub vases holding arrangements of white daisies, yellow rosebuds and yellow candles, arranged by Bonnie Johnson, flanked the cake. The silver coffee service and crystal punch bowl completed the table appointments.

Mrs. Lawrence Quigley Sr., aunt of the bride, cut the cake and Mrs. Gene Quigley served the cake. Mrs. Larry Quigley poured coffee and Mrs. Lawrence Quigley Jr., presided at the punch bowl.

Reception assistants were Mrs. Al Kiehnkopf, Mrs. Orin Freeman, Mrs. Glen Denny, Mrs. Roy Sticklan, Mrs. Don Miller, Mrs. George Ayers and Mrs. Gene Thomas.

Penny Pease and Garlin Hansen, college friends of the bride, were in charge of the gift table. Gift bearers were Lora Segura, bridesmaid of the groom, Gary Quigley, brother of the bride, and Kathy Allen.

The bridegroom's table featured individually wrapped cake in green foil, tied with yellow bows in a wooden dish, flanked by matching candelabra holding yellow tapers. A yellow daisy ring atop a green pedestal completed the arrangements.

The couple took a honeymoon trip to Sensitive, Ore.

The couple will reside in McMinnville, Ore. for the summer. The bridegroom will continue his education at Berkeley Divinity School this fall and the bride will teach in a high school.

The bride was honored at a shower given by her college classmates at Linfield and at a shower by the women of the Buhl Christian Church. She was also honored at a bridesmaid luncheon hosted by Mrs. Bill Miller and Mrs. Randy Baxter at the M. F. Smith home.

A special guest at the wedding was the bride's grandmother, Mrs. Charles Quigley Sr. Other guests attended from Durley, Filer, Twin Falls and McMinnville.

DISHES FOR CHILDREN—Attractive, colorful, child-size dishes help to make meals a happy time. Silver also should be child-size and easy to manipulate. Dishes that do not upset or break spare the child and family from frustration. Take shiraz glasses. They are difficult for a small child to handle. Serve the shiraz type foods in a saucer dish.

CLUB MEETS—SHOSHONIA—Mrs. E. J. Shaw was hostess to Past Matrons Club. Prizes at bridge went to Mrs. J. W. Thomas, Mrs. Morris Gerard and Mrs. Mans Coffin.

Women's Section

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: After 17 years of marriage, our daughter and her husband were divorced. This was all our daughter's doing. Her husband didn't want the divorce, but he insisted she didn't "love" him any more although he was a good provider and wasn't cruel to her or anything like that.

We have always had a great love affair for this son-in-law, so when his birthday came along we bought him a gift. Christmas, too.

Recently he remarried and now we wonder whether we should continue remembering him on gift-giving occasions as before. We know his wife. She's very nice. They've even entertained us in their home.

My husband says he is still our grandchildren's father and we shouldn't let the fact that he married-again-make-a-difference in any more although he is frankly a good man.

UNDECIDED

DEAR UNDECIDED: I'm with your husband. It's a strange "affection" that can be turned off and on with a marriage. If he's a good man and

you sincerely like him, continue the friendship, gifts and all.

DEAR ABBY: Here I am with a problem, just like everybody else. My husband is on a hunting rack. Right after supper he drives clear across Houston to run with his brother.

I am so bored every night without him, I finally got to bed. Then he comes in at 10 p.m. and gets mad because I'm not waiting up for him.

Don't tell me to run with him. I put in a good day's work and at the end of the day I don't feel like running. Your suggestions will be greatly appreciated.

ALONE IN HOUSTON

DEAR ALONE: You ought to be grateful that your husband isn't out "running" with some doll. Be a good sport, and wait up for him. Unless your man is the exception, his enthusiasm is bound to run out soon. If in three months from now he's still running, write to me again.

DEAR ABBY: For the past six years I have lived in Virginia, but New York is really my home town. I am going to be married soon, but my relatives and my fiancé's relatives live near New York, so we have decided to be married in a lovely little chapel there.

The chapel is not very well known, and will be difficult to find, so my father and my fiancé want me to insert maps and directions in the wedding invitations! Abby, this is going to be a very lovely formal church wedding, and I want to do everything just right, so even if the map drawings are neat and good looking, it is considered proper etiquette to include them with engraved wedding invitations.

A YANKEE IN DIXIE

DEAR YANKEE: I am not authoring an etiquette, but for my money, common sense outranks etiquette any day of the week. So if I were you, I'd provide my guests with maps and directions, if you want to get them to the church on time.

another way to show off the label you've paid for.

Highlights of what's new in fall hats were shown this week at the Millinery Institute of America's semiannual fashion show for visiting editors. The reporters have been in New York since last Wednesday seeing new fall clothes and will finish the Marathon series of shows on Thursday.

The institute doesn't just show hats on a runway. It puts on a show produced as well as one on Broadway. This time, the industry did a takeoff on the Huntley-Brinkley television news show, with faces of David Blundy and Chet Hinkley, plus those of newsmakers flashing on a giant television screen to comment on hat trends.

Newsmakers flashing on the screen included Senator Irksome (Everett Dikerson's face appeared), Mayor Lindley (for Mayor Lindsay of New York), and a fictitious French hairdresser named Andre Fromage.

Volcanic-splashing and perfect spotted patterns, with matching scarf inflated with a big "A"

The firm of Amrose, New York, does a lynx head and scarf all in one, for a wrapped up look. Wear it with the new, floor-length coats. Mr. John used fabulous Russian sable for one of his largest coverups.

And Adolfo designed a wide brimmed hat in white, dyed into black and milk free form spotted pattern, with matching scarf inflated with a big "A"

Head Hugger Tops List For Winter Hats

By GAY PAULEY, UPI Women's Editor

NEW YORK (UPI)—The new hats for fall offer a study of contrasts—the small versus the big hat.

The small hats, neat little head huggers, are part of the 1930's revival going on in the whole feminine fashion industry. They're caps, catlets, pillboxes, worn well down on the hair, topping simple and straight hairdos. Many of them have the classic coq or ostrich cluster at the side.

The large hats are both felt and fur and go with the swinging look to all fashion, says the millinery industry. The swingers are ready-to-wear's softer fabrics, a plethora of pleated skirts, long rectangular scarves and boas.

Many of these wide-brim hats in felt are feminized versions of men's fedoras, copies of the Aussie hat with one side of the wide brim turned up, and the girly versions of the cowboy's Stetson.

In furs, lynx, mink, sable and silver fox (another '30's revival) are the leaders and some of the largest come with matching fur scarves six to eight feet long. Let the scarves swing or wrap them several times around the throat.

The firm of Amrose, New York, does a lynx head and scarf all in one, for a wrapped up look. Wear it with the new, floor-length coats. Mr. John used fabulous Russian sable for one of his largest coverups.

JIM RUGE'S M & Y ELECTRIC

441 Main Ave. E. Twin Falls 733-8212

DEAR ABBY: I'll be 81 in September, so I imagine I am about the oldest man to ever write to you.

I read your column all the time in the Wichita Eagle and I have some advice for people who write and ask what to do about relatives who drop in unannounced at meal time.

My mother had the same problem about 65 years ago. After about five or six visits from a family of seven who always dropped in uninvited at meal time, Mother gathered up the seven of us children, her, her self, and Dad and visited this family, unannounced shortly before the noon meal.

She had no more trouble with uninvited guests after that.

Arlene Blass Appointed To Grand Office At Conclave

FILER — Arlene Blass was appointed grand representative of the grand jurisdiction of Australia in Washington and Idaho International Order of the Rainbow for Girls, at the recent Grand Assembly held in Tacoma, Wash.

Miss Blass is one of three girls from Idaho who received a grand office. She will hold this office until Grand Assembly next time in Seattle, Wash., at which time she will participate in the work performed at the Civic Center.

Signing the book of vows and receiving grand crosses were this year's delegates, including Miss Blass and Mrs. William Blass. Mr. and Mrs. Clinton Dougherty, who had been designated for this honor in previous years, also had the degree confirmed upon them. Grand cross is the highest award in Rainbow and is conferred upon those who have been outstanding in their dedication to the teachings of the order.

Kathy McNamee, Filer, was the soloist from Idaho and sang the state song at the opening ceremony. Idaho has 273 Rainbow Girls and Washington, 9,331. Other girls attending from Filer were Chris Annis, Cathy Bean, Connie Blass, Laura Vincent, Debbie Schaefer, Connie Lehn, Patsy Moldenhauer, Robert Moldenhauer, Diane Ransom.

ARLENE BLASS

Delegates Are Announced By Area Auxiliary

RICHFIELD — Delegates to the department convention at Pocatello July 29 were named at the Richfield American Legion Auxiliary meeting recently. Mrs. Jerry Davis, Mrs. Myrtle Riley and Mrs. Lester Johansen were named.

A donation of \$5 was made to the cheer basket for the Boise Veteran's Hospital. Mrs. Ray Appell reported poppy sales totaling \$22.

New officers elected for the coming year are Mrs. Johansen, president; Mrs. Carl Paulson, first vice president; Pamela Appell, second vice president; Mrs. Lyle Piper, secretary; Mrs. Ray Appell, treasurer; and Mrs. Myrtle Riley, historian.

The annual Legionnaires picnic will be July 20 at the Johansen home for families of the men. Girls' State report by Luana Brown will be given at a public meeting at the American Legion Hall at 8 p.m. July 22. Norlyn Pope, Boys' State delegate, will also report.

Norlyn Pope talked on his experiences at Boys' State during a joint social session of the Legion and Auxiliary groups. John Lemmon, American Legion commander, performed introductions. Mrs. Lyle Piper served refreshments. Mrs. Melvin Pope, mother of the delegate, was a special guest.

Carol Brodeen, Metzger Plan Fall Wedding

Mr. and Mrs. J. W. Brodeen announce the engagement and forthcoming marriage of their daughter, Carol Ann, to Ronald L. Metzger, son of Mr. and Mrs. Mel Vinkenburg, all Twin Falls.

Miss Brodeen is a 1967 graduate of Buhl High School and attended Idaho State University the past two years. She was a member of Alpha Chi Omega Sorority and was Miss Buhl for 1968.

Mr. Metzger attended Twin Falls schools and for the past three years served in the Navy SEALs, special forces unit, in Vietnam. He is employed at Haney Seed Co.

September wedding is planned.

CAROL ANN BRODEEN

Mrs. Skinner Is Speaker

HANSEN—Mrs. Norman Skinner, Skinner's Sewing Shoppe, Twin Falls, was the guest speaker at the Home Improvement Club meeting at the schoolhouse. She gave a demonstration on sewing knits and stretch fabrics. She also demonstrated various sewing tricks using her own machine.

Mrs. Harold Moore and Mrs. Roy Hancock are program chairmen. Mrs. William Allen and Mrs. Bryan Harris Jr. were hostesses.

Avoid Sunburn

To get that tan without suffering through a painful sunburn this summer, medical authorities suggest you begin your first day with about 15 to 20 minutes of exposure each on your face and back and then extend the period in the sun each day. Increase exposure by one third the second day, another third the third day, and so on. Remember that painful burns can be caused by wind as well as sun and that even on a cloudy day it is possible to get a severe burn.

WASH BEFORE WAXING
Wash floors before waxing. Only a surface which has been thoroughly cleaned with soap of detergent suds provides a good base for a new finish.

Jay-C-Ettes Host Fun Night

BUHL—Fun night was observed by the Buhl Jay-C-Ettes during a meeting held at the home of Mrs. Jack Fields. Games were played followed by the business meeting. Guests were Mrs. David Bremers and Mrs. Richard Latham.

Final plans were made for the concession stand at the Buhl rodeo. Mrs. Bill Dillard and Mrs. Calvin Wilde are co-chairmen of the concession stand and Mrs. Fields is in charge of obtaining help.

Mrs. Bob Fields, president, Mrs. Dillard and Mrs. Wilde participated in the speak-up activity. Mrs. Dillard and Mrs. Wilde spoke on "Why I would like to have a fireplace" and Mrs. Fields told about her recent trip to Arkansas and Mississippi.

Mrs. Marvin Lively will serve as chairman of the Jay-C-Ettes at the blood drawing Tuesday.

In other business, members of the group decided to make a visitation to the Mountain Home club for the district meeting. A report was given on the joint Jaycee-Jay-C-Ette clean-up project at Clear Lakes. It was noted that the area around the drinking fountain was cleaned and that three trash barrels were placed near the fountain in addition to one at the bridge and one near the top of the grade. The barrels were painted and donated by Fields Texaco. This project is one of a series in the "Keep Idaho Green" program scheduled by Mrs. Fields. Following the clean-up, a picnic was held at the Idaho Power

Plant. A report was also given on the joint swimming party and picnic held recently at Banbury's.

The next meeting is at the home of Mrs. Dillard.

Mrs. Kilborn Reads Article For Area Club

HANSEN—Mrs. Don Kilborn read an article, "Three Needs, Heartstone, Ready Heart and Hand, and the Warm and Beaten Way," as the opening exercise at the Excelsior Social Club meeting at the home of Mrs. Lyle Jones.

Mrs. H. A. Thamer, Jerome, and Kelvon Hansen, grandson of Mrs. Von Nebeker, were guests. A 1 p.m. potluck picnic was planned July 13 to be held at the Twin Falls Park. Members may each bring a guest.

Mrs. Kilborn was program chairman. She gave an article on interesting spots to travel for summer vacations. Each member also told of interesting trips.

Kelvon Hansen, Mrs. Jones and Mrs. Rudolf Martens received special gifts. Mrs. Jones received a birthday anniversary gift.

Mrs. Kilborn will host the first August meeting. The picnic will be the only meeting for the group during July.

Magic Valley Favorites

RENA JOHNSTON
Route 2, Twin Falls

Baked Stuffed Franks
2 cups soft bread crumbs
1/2 teaspoon salt
Dash of pepper
2 teaspoons sage
1/2 cup melted butter
1 small onion, minced
2 strips of bacon

Combine crumbs with seasoning and onion. Add melted butter and blend well.

Split franks lengthwise. Fill with stuffing. Wrap each frank with a half strip of bacon and fasten with toothpicks. Bake in a moderate oven, 350 degrees, for one-half hour. Serves five.

(The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.)

DIFFICULT PLAY TO RECOGNIZE

Oswald: "How about some examples of defensive safety play?"

Jim: "All right, but they are few and far between. Not only does the defense get few opportunities to execute this type of play but when they do occur they're difficult to recognize."

Oswald: "Here's one that shouldn't be too difficult. West opens his fourth best heart against South's three-trump contract. East wins with the ace and continues with the queen. If West wants to be the contract

hand, it gives up a potential two-trick set in the event that South held three hearts to the jack instead of four."

Oswald: "It also might turn out to be an unsafety play. Change South's two of hearts for East's two of spades. The simple play at trick two would lead to a two-trick set. South's contract would give South one heart, four spades and four clubs."

Jim: "That would be something else for West to think about. In fact, I sort of wonder if West could be sure about what to do. South had gone to three no-trump over two. That would indicate 17 or 18 points. West could count 22 points not held by South. Therefore, South would need the ace, king and queen of spades for his bid of three no-trump. The only missing face card he could lack would be the jack of clubs."

Oswald: "Right back to our original premise. Defensive safety plays are difficult indeed."

he must create his partner's queen with the king and knock out South's jack right then and there."

Jim: "In one respect it's a safety play. It does guard against four hearts to the pack in the South hand. On the other

TODAY'S QUESTION

Instead of bidding four spades your partner has rebid one no-trump over your one spade. What do you do now?

Air Traveler's Remark On Drinking Stirs Bomb Search

"THE BEST-LOOKING WOMEN are about 5-feet-2," says Mickey Mantle, who is now reeling from a bad breakup. WHEN A COUPLE divorces, it's the husband, more often than not, who remarries first. An 800 per cent for him. NA, "WOULD YOU LIKE to join our Mahalla Jackson Fan article. Could go on at great length about the injustices perpetrated by cunning villains upon honest heroes, but do not PERFORM — When ancient wish to become sarcastic, biting, cutlits sacrificed some pitiful and bitter. Here's to Mr. Na-animal at the altar, the odor math—clink! . . . Q. WHAT COLLEGE started the first major fragrant scents to sprinkle rags course? A. University of around beforehand. That was a North Carolina just 42 years the beginning of perfume, truly. Do you detect perfume in the air, remember those ancient cutlits and, dear mind, what came next on their program.

AN AIR TRAVELER out of Orange County, California, recently lifted his martini glass to the stewardess—and said, "This is a great place to get bombed." Whereupon the official searched the plane. NOW A FEMININE SUPERSCRIBER in Omaha is romping on me for failing to mention John Adams and Thomas Jefferson as future Presidents. Don't blame her. What an oversight! Believe I'd better resign from the set to right club, before I'm kicked out.

MUSICAL INSTRUMENTS — The Bible mentions 16 musical instruments. Might ask the musician in your family how many he or she can name. They are the harp, lute, psaltry, viol, cornet, dulcimer, flute, organ, pipe, trumpet, shawm, bells, tambourine, timbrel, and sackbut. What's a sackbut?

Tricia Flies To Attend Princely Rite

WASHINGTON (UPI)—President Nixon's daughter Tricia is flying to London to attend the royal wedding ceremony and investiture of Prince Charles as the Prince of Wales.
Tricia, 23, will be an honor guest at the investiture Tuesday, along with former Vice President Hubert H. Humphrey and his wife Muriel.
During her weeklong stay there will be a dinner dance in her honor by the Annpenbergs of the Claridge Hotel.

Parade, Beards And Dances To Highlight Sagebrush Days

BUHL — The annual Buhl Sagebrush Days celebration will commence Thursday with three full days of activities and fun in store for those attending. Special bargains offered by Buhl merchants at the Thursday side-walk sales will kick-off the celebration.
Rumor has it that the Schafgan is in the area and that a daring daylight bank robbery is planned for Thursday. However, the members of the gang were unavailable for verification of the date.
The Friday, July 4 activities will begin with the annual Sagebrush Days parade at 11 a.m. Trophies and cash awards will

"Well, if we extend the beard, let's drop some of the temporary taxes we're bar paying since World War II."

Hansen's New Sewer System Ready To Use

HANSEN — Hansen residents are now in the process of connecting their homes to the sewer system recently completed with the finishing of the lagoons. Water will be pumped into them and the aerators are installed and working.

The J. A. Clawson Construction Co., Twin Falls, completed the installation under the direction of the Hansen Sewer and Water Improvement Association, Inc., an organization of residents of the city.
Jack Straubler, engineer with Dale L. Riedesel and Associates, was the consultant engineer for the association.
Residents are required to have inspection of their lines before final hookup.
After several months of dust, residents were gratified to see a road of gravel and rolled streets. The streets are now in good shape, and many residents are graveling their own roadsides and driveways to further allay the dust. The construction company also refinished the streets in connection with the contract.
At a recent meeting of the councilmen, it was decided to not oil the streets at this time, at least until after all settling of the gravel is completed.
The members of the Council decided that perhaps the oil well should be deepened and a larger pump installed to pump the oil rather than oiling the streets. This will be a future project.
In addition to other improvements, new mercury vapor lights have been installed on Main Street and several blocks of Overland Avenue, replacing old lamps. The new lamps were the oil burning type and were the lights. Cingers now are more adequately lighted. The Idaho Power Co., Kimberly, installed the lights.

Profitable

BOISE (UPI) — Supervisor of the state's vehicle inspection program, Harold Davis has declared that "Action by the legislature allows the inspection station operators to charge the statutory fee and not give \$1.50 credit towards labor as was prescribed in the original law."
He said that until the law was amended a person received \$1.50 credit from the \$2 for any late payment in making corrections.
"The legislators apparently felt the inspectors were entitled to more pay for their services and they as a result a better inspection would be performed," Davis stated.

RESIGNS

RENO — Dr. B. Brooks Taylor, cooperative attorney, resigned at the University of Nevada for the past two years, has resigned to accept a post at the University of Arizona at Tucson.

DO I DESERVE A NEW CAR?

Well, we're pretty sure that you're a hard-working kind of guy who doesn't throw his money around foolishly. When you buy something, you want to be sure it's a wise purchase . . . that you're getting your money's worth . . . that it's something you and your family will enjoy for a long time. With this kind of smart thinking, don't you think you deserve a new car?

But let's be practical and list the reasons for buying a car right now. We've left a few blank lines you can fill in if we haven't listed some reasons you might think of.

CHECK THE REASONS WHY YOU SHOULD BUY A NEW CAR:

New cars are safer. You owe it to yourself and your family to provide this protection.

Your present car is about ready for new tires, battery and/or major engine repairs.

Your car just isn't big enough for your growing family.

You're traveling more now. A new car will give you more comfort and safety on the road.

Your wife would enjoy some conveniences you don't have on your present car, such as power steering, power brakes and air conditioning. (So would you.)

- GOT A MINUTE?**
- Here are six reasons for buying your new or used car in Twin Falls:
1. Largest selection in 15 counties. Over 500 1969 cars and trucks in stock right now!
 2. You'll get better, more complete service from the car or truck dealer who's authorized to sell and service in this area.
 3. Twin Falls service is convenient and easy as if it is the hub of the Magic Valley trade area.
 4. Save money! Because of volume buying, most Twin Falls dealers will beat or meet any trade deal you can find elsewhere. Be sure to tell them if they don't.
 5. Twin Falls dealers support the Magic Valley, through taxes and hours of personal service and dedication.
 6. Finally - Twin Falls dealers appreciate your business!

You Were Right . . . You Do Deserve A New Car!

Follow the landing of Apollo 11 on the Moon

...with your own MOON MAP!

The big, official Moon Map shows the terrain and location of all landing sites. Each of the five sites is exactly located for you on the full map of the Moon and then shown again in closeup detail.

INCLUDED WITH THE MAP ARE:

- Concise details and pictures of Apollo 8, 9 and 10 flights—information you will want to know and use.
- Relevant facts and pictures of Apollo 11 that plans to go to the Moon in July.
- Directions of the landing module—showing detailed cutaways of the interior, showing the exact location of the water, oxygen, food and fuel systems—the docking hatch, descent engines—in fact some 30 different units.
- The Universe—with its nine planets and their moons.
- Relative sizes of the Earth, Moon and all planets.
- Distances from the Earth.
- The exact time required for radio and radio communication.
- Chart showing how much you personally would weight on the Moon and other planets.
- And much more interesting information!

Our big, color map of the Moon and Outer Space will enable you and your family to follow the news of the Moon landing with more understanding and knowledge.
