TEN CENTS

THE "GIANT'S FOOTPRINT," as scientists have dubbed the strange surface feature of Mars, includes two adjacent craters here. The view of the Mariner 7 spacecraft, zooming near the south polar cap of the Red Planet. This high-resolution photograph shows an area approximately 85 to 200 miles in size. The sun is low on the upper left horizon. (UPI telephoto)

## Mariner Shows Clear Views Of Martian South Polar Cap

PASADENA, Calif. (UPI)—Man got his first close look at the dazzling white south polar cap of Mars Tuesday night in a television photograph taken by Mariner 7 as it flashed by 3,000 miles away.

The cap looked like a snowy fringe of white over the south pole of the mysterious planet.

"That is a beautiful, beautiful picture," said Dr. Robert J. Leighton, chief photo analyst, as one of the photos unfolded on a television screen at Jet Propulsion Laboratory.

"Fascinating," said Dr. Robert P. Sharp, a geologist with the Mariner project.

Although "snowy" seemed the most apt description of the polar cap, scientists leaned toward the theory it is composed of frozen carbon dioxide, dry ice, and perhaps is only one yard thick.

"One of the objectives of Mariner 7 was to find out if it is dry ice or water ice. If it is composed of water, deemed unlikely, the possibility some form of life could exist or has existed on Mars would be significantly increased. The answer may come at a special briefing Thursday when scientists have had a chance to examine readings from the instruments aboard Mariner 7.

The 32 "near encounter" pictures displayed Tuesday night were relayed by Mariner 7 Monday night as it streaked by the southern hemisphere of Mars.

They were stored in the spacecraft's tape recorder, and played back to earth Tuesday and run through a computer to bring out the Martian features.

## Romanian Leader To Boost Defenses

BUCHAREST (UPI)—Nicola Ceausescu, the Romanian leader who angered his Communist allies with his warm welcome to the people and his army army ready to defend their nation in case of war.

As the 3,200 delegates to the Romanian Communist party congress began, Ceausescu called for better defense forces to serve the interests of the people and to serve independent socialist Romania.

Ceausescu said any threat would come from imperialism, but he did not say which imperialism he meant and, in light of his recent calls for better relations with American structures appeared in a different context from that of similar statements by leaders of other Communist nations.

Ceausescu is both Romania's president and first secretary of its Communist party. His independent foreign policy, clinched by the visit here last weekend of President Nixon, has visibly upset Russia and other Communist nations—so much so that some sent one of its top leaders to the congress.

Romania was the only active Warsaw Pact member that refused to join in the invasion of Czechoslovakia last August. In what was taken by many observers here as a veiled

## Bomb Scare Stops Burley's Ore-Ida Plant For 5 Hours

BURLEY — Things were back to normal Wednesday at the Ore-Ida phosphate processing plant here after a bomb scare stopped work for about five hours Tuesday evening.

Shoring officers reported an anonymous phone caller told Peter Williams, personnel manager, that a bomb had been placed in one of the buildings at the plant.

Some 250 employees were evacuated until 8 p.m. while shoring officers searched the building. The plant had just recently been closed for a safety operation, with potatoes stopped in from Oregon. Only a skeleton crew is maintained during the operation.

Employees were out of the building for about five hours.

## Beret Chief Charged

SAIGON (UPI)—Col. Robert B. Beret, commander of the elite U.S. Special Forces in Vietnam, and seven subordinates have been charged with premeditated murder in the slaying of a South Vietnamese military command announced Wednesday.

It is the largest group of American officers to face trial in Vietnam.

Rhault, 44, a 1946 West Point graduate who holds the Legion of Merit with two Oak Leaf Clusters, was relieved of his duties on July 21. The Army said the officers were from Vineyard Haven, Mass.

A U.S. spokesman said the eight men, seven officers and one senior non-commissioned officer, were placed yesterday at the Long Binh Army post near Saigon under charges of premeditated murder and conspiracy to commit murder.

Officials said the charges resulted from the killing of a Vietnamese national near the central coastal city of Nha Trang, 188 miles northeast of Saigon on June 20.

Spokesmen said an investigation had been ordered by Maj. Gen. G. J. Mabry, commanding general of U.S. Army support troops in Vietnam and that the investigation would determine if the military code of martial law, they said it was not known when the investigation would be concluded.

The result is commander of the U.S. Army's 5th Special Forces group and head of all Green Beret troops in Vietnam.

The U.S. Military Command refused to give any details of the alleged slaying.

## Magic Valley Planning Unit Is Formed

Plans for obtaining mental health services in Magic Valley are being organized and a planning board, representative of the eight-county area, was formed at a meeting at the Twin Falls Community Center Wednesday night.

Chet Bartlett, secretary of the Twin Falls Mental Health Association, which, with the League of Women Voters, has sponsored two recent meetings to implement current state legislation, presided.

He told the 40 some persons attending that under provisions of the Mental Health Services bill adopted by the past legislature, state funds are earmarked for Magic Valley, but a planning group must be organized and needs of the area formulated.

After initial work by the temporary planning group, a permanent group will be formed. The planning group will meet at 8 p.m. Sept. 9 at the building in Twin Falls.

## Former Captives Head For Homes

BANGKOK (UPI)—Three U.S. prisoners of war released Tuesday by North Vietnam arrived in Bangkok to begin commercial air travel for home.

The three men and seven American antiwar pacifists who went to Hanoi to pick them up flew to Bangkok from Hanoi where they had spent the night and most of the day at the residence of U.S. Ambassador G. Mott Smith.

By Navy Lt. (j.g.) Robert Frishman, 39, of States, Calif., in response to a newsmen's question, he said "I'm glad to be out of captivity."

## "Extension" Hearings Started

GOODING — Suggestions for modernizing the operation of the county extension service, which includes the work of county agents and home demonstration agents, were plentiful from the approximately 70 persons attending a hearing on the agency's operation at the Gooding Grange Hall Wednesday night.

Similar hearings are scheduled throughout the state. The hearing in Gooding was conducted by Jack Colburn, Kimberly, assisted by Rep. Verlon Ravencroft.

It was pointed out the hearings are not being held to determine if the services of the county extension personnel should be eliminated, but how their operation can be improved. The agency will operate under policies outlined in 1916 by the board of regents of the University of Idaho.

More than 50 of the persons attending testified, and the majority indicated support of the services performed by the county extension personnel, but with improvements.

Questions were raised, however, as to whether the identity of the agents are being used to the best advantage, or whether they are being loaded down with "busy work" such as serving as secretary

## Senate Plans Vote On Missile System; Outcome In Doubt

WASHINGTON (UPI)—After a year of national controversy and a month of floor debate, the Senate was to vote today on the antiballistic missile system (ABM). Outcome was in doubt.

Sen. Margaret Chase Smith, R-Maine, the Senate's only woman, touched off speculation she would hand President Nixon a victory.

Others said the deciding votes were held by two veterans of past Senate embroglios—73-year-old Sen. Clinton P. Anderson, D-Iowa, and retiring Sen. John F. Williams, R-Ind.

The vote pitted the White House and Pentagon against a determined band of senators pressing for arms control and military spending reductions.

The key test was over an amendment sponsored by Sens. Philip A. Hart, D-Mich., and John Sherman Cooper, R-Ky. It would bar ABM employment of actual emplacement of equipment on permanent sites for at least another year—while the labor-camp will be in procurement of parts continues.

That amendment was so closely contested that each senator's vote could well determine the decision of 100-giving every member a fleeting glimpse of presidential-like power in a major decision of national security and budgetary priorities.

Reliable sources, who asked not to be quoted, speculated the White House was counting on Mrs. Smith for the 51st vote against the amendment.

They based that reasoning on Mrs. Smith's unforeseen and unexplained action Tuesday in introducing a substitute amendment—barring the ABM—altogether—not only deployment, but research, development, and procurement.

Because Mrs. Smith's amendment is a substitute, it was to be put to a vote before the Cooper-Hart proposal. The voting was to start about 4 p.m. EDT.

## Labor Camp Moves To Get Federal Loan

Some 50 members of the Twin Falls Labor Camp met Tuesday night to amend their articles of incorporation to run perpetually.

Stan Cron, labor camp manager, said it was necessary to change the articles in order to qualify for a loan from the Federal Housing Authority. The labor camp has applied for a \$100,000 loan to make improvements at the camp. The FHA requires the articles of incorporation to run perpetually and they had originally been set up in 1946 to run for 50 years.

Mrs. Cron said the amendment will have to be processed by the secretary of state and completed the legal procedure is anticipated to be completed by the end of the month. She said the original loan application to the FHA was sent in about April 1. He said he still hopes to get the loan by the end of the month and begin construction this fall.

The improvements will include the installation of butane gas for heat and cooking; cabinets, bathtubs, sinks and sink tops and hot and cold water. The camp manager said the buildings will have to be rewired according to the state electrical code and all new plumbing will have to be installed.

There are 345 stockholders in the Twin Falls Labor Camp and there was a quorum present at the Tuesday meeting which was held in the Idaho Power auditorium.

## Threshing

Grain threshing as it was some 45 years ago can be witnessed by interested persons this coming Saturday and Sunday at the Ed Vogel farm.

Mr. Vogel, who has been putting on annual old-fashioned threshing shows for a number of years, said he will operate under conditions of grain to put through the old steam-driven, stationary equipment in a d interested persons are welcome to come and watch.

Horse and mule drawn wagons will carry the grain through the threshing equipment. The Vogel farm is located three miles west and another one half mile west from Deer Man's Corner.

## Ceremony Set For Gooding Nursing Home

GOODING — Groundbreaking ceremony for a new \$100,000 nursing home will be conducted 11 a.m. Thursday, according to Floyd Blamires, president of the Gooding Chamber of Commerce.

Jim Muffley will serve as master of ceremonies for the ceremony which will be held on the 12th block of the new street facility will be constructed by the C and O Construction Co., Caldwell.

The site is on surplus land from the Idaho State School for the Deaf and Blind, chamber officials said, and will allow the nursing home to be situated near the new Gooding Memorial hospital, for which bids will be opened August 11.

The new nursing home will be owned by Burton Bliss of the C and O Construction Co., according to Harry Deavenport, chamber secretary, and will be leased to the Progressive Care Center of Idaho which will operate the home.

Rev. William Vogel, of the Assembly of God Church, will give the invocation at the ceremony, which civic and city and county officials are expected to attend.

## Senate Plans Vote On Missile System; Outcome In Doubt

WASHINGTON (UPI)—After a year of national controversy and a month of floor debate, the Senate was to vote today on the antiballistic missile system (ABM). Outcome was in doubt.

Sen. Margaret Chase Smith, R-Maine, the Senate's only woman, touched off speculation she would hand President Nixon a victory.

Others said the deciding votes were held by two veterans of past Senate embroglios—73-year-old Sen. Clinton P. Anderson, D-Iowa, and retiring Sen. John F. Williams, R-Ind.

The vote pitted the White House and Pentagon against a determined band of senators pressing for arms control and military spending reductions.

The key test was over an amendment sponsored by Sens. Philip A. Hart, D-Mich., and John Sherman Cooper, R-Ky. It would bar ABM employment of actual emplacement of equipment on permanent sites for at least another year—while the labor-camp will be in procurement of parts continues.

That amendment was so closely contested that each senator's vote could well determine the decision of 100-giving every member a fleeting glimpse of presidential-like power in a major decision of national security and budgetary priorities.

Reliable sources, who asked not to be quoted, speculated the White House was counting on Mrs. Smith for the 51st vote against the amendment.

They based that reasoning on Mrs. Smith's unforeseen and unexplained action Tuesday in introducing a substitute amendment—barring the ABM—altogether—not only deployment, but research, development, and procurement.

Because Mrs. Smith's amendment is a substitute, it was to be put to a vote before the Cooper-Hart proposal. The voting was to start about 4 p.m. EDT.

## Fair Season Gets Into Full Swing

The fair season gets into full swing in Magic Valley this week with annual events opening Thursday in Gooding and Glenn—Friday, while Shoshone's two-day 4-H fair begins Friday.

The Gooding event will begin with a Kid's parade at 1:30 p.m. Thursday, followed by an adult parade about 2 p.m. The Gooding Jaycees will present the Idaho State Mounted Drill Team competition at 8 p.m. Thursday.

On Friday and Saturday nights a rodeo will be presented by Swanney Kerby, with Jack Oakley as announcer.

Prior to the drill competition at 4 p.m. Thursday there will be a field meet and jamboree consisting of four events. Competition will be in two classes: 8 to 16-year-olds and senior division; for riders 17 years and older.

Clubs entered in the junior division include the Purple Sage Riders and Little Mustangs, both Gooding and a 4-H group from Bliss.

Entered in the senior division are the Liberty Belles from Gooding, Gooding Posse and the Carey riding club. Trophies will be awarded in the first three places in each division.

The Lincoln county fair will begin with a parade at 10:30 a.m. Friday followed by a tractor driving contest. Sports events will begin at 12:30 p.m. with hitting and throwing of all livestock at 2 p.m.

A Peeewe baseball tournament is set for 4 p.m. Judging of livestock begins at 9 a.m. Saturday with the hazelton rodeo set for 1 p.m. Highlight of the two-day fair at Shoshone is the 4-H awards assembly at 1 p.m. Saturday.

The Riding club jamboree will conclude the event at 8 p.m. Saturday, followed by a dance at the tennis courts.

At the Elmore county fair at Glenns Ferry, livestock, dog and horse demonstrations and safety and health demonstrations will be judged at 1 p.m. Friday. Livestock judging starts at 9 a.m. Thursday.

The horse judging contest is scheduled for 4 p.m. Thursday with a tractor driving contest at 2 p.m. Friday.

The Elmore county fair band will host a luncheon in Hansen's Cafe for the fair queen contestants after the parade on Saturday. The new queen will be crowned at the inter-county Little Rodeo Saturday night.

## Two Electrocutted On Hazelton Farm

HAZELTON — Two Meridian residents were electrocuted Tuesday evening when the hay loader they were walking between came in contact with a high voltage line on a farm near here.

Dead are Roy Harris, 63, and Andy Armfield, 15, son of Mr. and Mrs. Jeff Harris. It is believed the two were holding on to the loader when it brushed the line.

A third worker in the field on the J. A. Huettig farm, three miles east and two miles south of the Valley Interchange on Interstate 80N, was sitting atop hay on a truck the man was leading. He is Jeff Harris, 14, the grandson of one of the victims.

Young Harris son of Mr. and Mrs. Roye Graham was knocked off to the ground by the force of the fall. He was not injured, however, and thought the two victims only had been burned by a motor on the hay loader.

The men slaying the victims probably were killed instantly. The coroner and two ambulance men were called to the scene and the bodies were taken to Hove Funeral Chapel. Services Tuesday was young Armfield's first day at work. Mr. Harris had worked in the Eden-Hazelton area for a few years, trucking local hay to the Boise valley.

The line which came into contact with the loader is about a quarter mile east of the Wilson subdivision.

The bodies of the Armfield and Mr. Harris will be sent by Hove Funeral Chapel to the Robison service at Meridian for funeral services and final rites.

IDAHO SEN. FRANK CHURCH, chairman of the Senate Foreign Relations Subcommittee on Latin America said Tuesday that he would do everything he could to oppose a resolution by the Senate to force the United States to disqualify because he had been actively engaged in the movement for lighter oil import quotas. The Idaho legislator said that in his view oil import policy "is the overhang on other issue in U.S.-Venezuelan relations." (UPI telephoto)

# Aides Hint Nixon To Ask U.S. Aid For State Welfare

WASHINGTON (UPI)—President Nixon's important message on welfare reform Friday is expected to propose a federal floor of \$50 a month payments to all adults welfare clients—the aged, blind and disabled.

Most states could cut their welfare costs for these categories under this plan, although it would cost the federal government more to support the categories. States could choose to pay more than the federal minimums.

The White House proposal, UPI learned, also may include a new and controversial category of recipients—the low-income employed. And it would put an emphasis on work training programs for ease clients of welfare rolls.

The administration proposals are not expected to be passed by Congress and in operation until at least 1972. The package will be designed to reduce inequities in the welfare system which may differ widely from state to state.

Among the inequities are wide variations in state payment levels to clients and lack of incentives for some low-income families to stay off welfare.

Some proposals would cost the government more in the short-run than the present system does, one source said.

But the said savings could result over the long run. The federal government now spends up to \$75 a month for three adult categories, and pay about \$35 of the first \$37 based on a complicated formula and a certain percentage of the remainder.

The future of the controversial program of Aid to Families with Dependent Children could not be learned. The largest of the federal-state welfare programs, AFDC has more than six million clients who receive nearly \$5 billion a year in assistance.

Coverage of the working poor may lead to criticism of the program.

# Youth Lands Plane For Dying Father

PRINCE GEORGE, B.C., Canada (UPI)—A 20-year-old youth who never had flying lessons but took over a seaplane's controls from his dying father was credited Tuesday with saving the lives of 12 passengers, all prominent Californians.

"I was scared to death and didn't know what to do," John Dorr, 20-year-old student at the University of California at Berkeley, said Tuesday, as he awaited a chartered plane that was to return him to California with the body of his father, John W. Dorr, 53, of Santa Monica, Calif.

"If he was nervous, he didn't show it," he came in on his first try to a very smooth landing, said David Brandt, one of three passengers.

**SPEAKS FOR STATE**  
**BOISE (UPI)**—The Idaho Water Resource Board and related organizations will represent the state at the newly-created National Water Commission conference in Portland August 29.

airport traffic controllers who guided the youth's touchdown late Monday.  
"The senior Dorr, owner and pilot of the Canso amphibious aircraft, was pronounced dead on arrival at a hospital here, and a pathologist's report listed the cause-of-death as a heart attack."

Brandt said the Prince George Traffic Control Center was alerted to a radio distress signal by an airliner that was flying in the vicinity, at about 4 p.m. Monday. Within minutes, the center was alerted to the emergency.

# Student From Costa Rica To Live With Paul Family

RUPERT — The Howard Wilkins family, Paul, will be hosts to this year's Mingo exchange student, Jose Francisco (Frank) Banella-Urena, from Zapate, San Jose, Costa Rica.

The 18-year-old senior will arrive in Miami, Florida, Aug. 16 and from there will travel to Salt Lake City, where he will be picked up by the Wilkins.

Frank was born in Costa Rica on June 10, 1951, and is a member of the Catholic faith. In addition to the Spanish language, he has studied English for four years and French for one. He is planning to become a civil engineer when his schooling is completed.

Frank is interested in chemistry, English, history, typing and psychology, and enjoys volleyball, football, natation, chess, ping pong, and bicycling.

He has a sister, 13, and a brother, 15.  
The Wilkins plan to give up the master bedroom to the student who will be sharing the facilities with the oldest Wilkins youth, Brent, who is a junior in high school. Brent has two sisters, 13 and 15.

**'Really Dumb'**  
OCEAN CITY, N.J. (UPI)—VINNEY Deo put two state troopers on the trail Tuesday when he noticed that his car was missing from the parking lot. When he stepped back into his office the telephone was ringing.

"It was the service station to tell me that my car was really dumb to forget."

grandparents of the newly installed master councilor, were introduced as well as his parents, Mr. and Mrs. Carl Roland and family, Clinton Dougherty, who serves as dad advisor to the DeMolay was also introduced.

**LEGAL ADVERTISEMENTS**  
**NOTICE TO BIDDERS**  
The State Purchasing Agent will receive sealed bids at his office, Room 205, Statehouse, Boise, Idaho until: 11:00 A.M., August 15, 1969 for the following: Rec. No. GP-04 for Food Items for the State School for the Deaf and the Blind at Gooding, Idaho.

Draft Change: It's Dimmer By The Day

Wednesday, August 6, 1969. PHONE 733-5931

WASHINGTON — The outlook for any major changes in the Selective Service Act this year is growing dimmer by the day.

June 30, 1971. As a consequence, there is no pressing urgency to do anything about it.

Out Of Steam?

Can it be that the high tide of campus violence is about to ebb? Available evidence would seem to be against it.

Pennies From Heaven

Ted Kennedy Still A Puzzle

WASHINGTON — Hopefully, enough will be enough on the Ted Kennedy case one of these days.

Arms Aid

Selling conventional armaments to a nation for defensive purposes and giving them away under a foreign policy program involve essentially different moral contexts.

Arms Aid

Selling conventional armaments to a nation for defensive purposes and giving them away under a foreign policy program involve essentially different moral contexts.

Fresh Approach

WASHINGTON (NEA) — There is a spate of stories these days saying that the Nixon administration is leaderless, or drifting, or that it is trying to find its way.

Pelvic Exam

Dear Dr. Hosteson: I am 20 and about to try for a virgin. I have never had a pelvic examination and wonder at what age a girl should have one for the first time.

A Real Life Uncle Sam

Yesterday we told you of the plans to erect a statue in memory of Uncle Sam back in Arlington, Mass. We also said we would do a little research about Uncle Sam, who was a real live man at one time and whose birth date is celebrated on Sept. 13 with issuance of special medals which you interested folks can buy in either silver or bronze.

**TWO PILOTS WHO PARTICIPATED** in a Newfoundland spraying project on more than two million acres of timber discuss their work as they stand beside one of two TBM planes they used in the program. The planes from Reeder Flying Service were two of about 20 of the World War II vintage craft taking part in the work. Bill Reid, left, Phoenix, Ariz., and Ed Osterman, Salmon, left June 28 and have just completed their work in the spray project against hemlock looper infestations in Newfoundland forests.

### Spray Planes Return Home After Job In Newfoundland

Two TBM planes, owned by Reeder Flying Service, Twin Falls, returned home Monday afternoon after participating in a special spraying program on some 2,200,000 acres of forest in Newfoundland.

The planes, piloted by Bill Reid, Phoenix, Ariz., and Ed Osterman, Salmon, were part of a fleet of 20 TBMs and 2 DC-3's used in a \$2-million battle against the hemlock looper, an insect that has been killing pines and spruce trees in the northern forests.

Mr. Reid said the forests there are in some areas almost sold red because of the dead and dying trees. He said the cost of the program was covered by

additional several hours, depending on weather. Sometimes, he said, pilots waited as long as four or five days for improved weather conditions, but, always, they had to report to the airport by 4 p.m.

Cost of the project was around \$2 million and it is believed to be 95 per cent effective.

The planes were used by the U.S. Navy during World War II as torpedo bombers and most are now about 25 years old, and those from the local flying service were contracted to Crown Corp., contractor on the project.

Chemicals used were designed to kill the infant hemlock looper as he hatched out on the tips of the tree branches. The chemical is not harmful to other insects or plants. Mr. Reid said the infestation is extremely critical in Newfoundland and is of major concern to the forests and timber industry.

## Physicist Issues Fallout Warning On 24th Anniversary Of Hiroshima Blast

By RICHARD DADOWSKI

PITTSBURGH (UPI)—Twenty-four years after the first atomic bomb brought death and destruction to Hiroshima, Japan, a physicist expressed renewed concern over the danger to mankind of nuclear fallout.

Dr. Ernest J. Sternglass, professor of radiation physics at the University of Pittsburgh's School of Medicine, said Tuesday on the eve of the anniversary of the Hiroshima holocaust that the principal hazard to mankind from fallout was strontium-90—a deadly byproduct of a nuclear explosion.

He warned that underground nuclear tests, or so-called testing under controlled conditions for peaceful purposes, still posed a danger.

It was on Aug. 6, 1945, that a B29 bomber dropped what was then the deadliest weapon known to man on the Japanese city. Estimates of those killed ranged from 80,000 to 200,000.

Sternglass said strontium 90 "on ingestion goes straight to the bone, along with calcium." The fact is that it might, many years later, give rise to leukemia and bone-marrow cancer.

Sternglass said the results of years of study by him and his Pitt associates led them to theorize that even minute doses

of radiation are dangerous. He said minute doses damage the reproductive cells of men and women—not just at the time of a nuclear explosion, but for many years after initial exposure.

Sternglass said he and his colleagues began a study of what happened in Albany and Troy, N.Y., after fallout from a B29 bomber dropped what was then the deadliest weapon known to man on the Japanese city. Estimates of those killed ranged from 80,000 to 200,000.

Sternglass said strontium 90 "on ingestion goes straight to the bone, along with calcium." The fact is that it might, many years later, give rise to leukemia and bone-marrow cancer.

Sternglass said the results of years of study by him and his Pitt associates led them to theorize that even minute doses

pl. South Carolina and North Carolina—in which the mortality rate shot up as much as 40 to 50 per cent.

All of these states, he said, fell in a path directly under the fallout cloud from the New Mexico test site.

# Mideast Threat Stressed

SALT LAKE CITY (UPI) — Lord Roy H. Thomson of Fleet Street, the tycoon of Fleet Street, warned Tuesday that the undeclared war in the Middle East could result in another world war and this time America and Russia could be rather openly pitted against each other.

Thomson, in Utah to address the World Conference on Records Wednesday, told the local Rotary Club that, generally speaking, America and Britain appear sympathetic to the Israeli cause and Russia supports the Arabs. He said this partisan aspect is a "great danger."

The newspaper magnate told of a recent visit to Egypt, Israel, Saudi Arabia and Jordan. He said his talks with the leaders of the countries was very discouraging.

"I am quite convinced that President Nasser and King Hussein both would agree," said Thomson, "and I believe if they had their way they could get peace from the Israelis on a basis which, while not satisfying them, would at least be acceptable."

"The trouble is that neither Nasser nor Hussein dare indicate an all-out desire for peace because they cannot carry their own people with them."

"He continued, 'The great obstacle to peace is the plight of the Arab refugees from Palestine.' He said these schisms have shown that nothing will satisfy them but revenge on the Israelis."

Thomson told the Rotarians he is convinced that the Israelis also want peace. He said, "They would settle for substantially the same territory they occupied before the war except they demand secure borders which they could easily defend in case of attack."

Despite the desire for peace on both sides, Thomson said, "It cannot see how a settlement can possibly be arrived at without a roundtable discussion and negotiations and presently Nasser is not prepared to do this. That is why I am not optimistic."

He concluded by urging the "great powers" to exercise restraint and prevent a local conflict from spreading.

RELAXING AFTER ARRIVING in Twin Falls Tuesday are two members of the City Center Joffrey Ballet, Gerald Arpino, choreographer and director, and Diana Carder, one of the soloists. The two were entertaining Tuesday night by Mr. and Mrs. Joe Hackney, Twin Falls. Hackney teaches ballet in Twin Falls. The Joffrey Ballet troupe will appear Wednesday and Thursday nights at the College of Southern Idaho Fine Arts Center. Sponsoring the performances is the Pacific Northwest Ballet Association.

# Ballet, American Style, Is Trademark Of Joffrey Troupe

Gerald Arpino, resident choreographer and assistant director of the City Center Joffrey Ballet, feels the dance troupe has contributed a new nation's appreciation of this little understood art form.

Mr. Arpino, along with 57 other performing and backstage members of the Joffrey Ballet, arrived Tuesday in Twin Falls for performances Wednesday and Thursday nights.

The troupe, Mr. Arpino says, is the first all-American ballet on the major scene. Because of this, the Joffrey troupe has developed in the sense of the American style.

While some of its performers are foreign-born, all are either citizens of the United States or have applied for citizenship.

Previously, Mr. Arpino said, ballet has been little known and little understood in the United States. The art form has, for years, been widely accepted in Europe and Mr. Arpino said the United States is just now coming to appreciate the art form.

While both performances in Twin Falls will include a "Konservatoriet," this is the only dance which will be repeated on the two nights.

"One of the dances, 'Facade,' is an elaborately costumed spoof of the roaring '20's, while 'Olympics,' an all-male ballet, shows the Olympic games as they first were—tests of precision and form. The Thursday performance is an anti-war ballet, written between two wars as a memorial for the Unknown.

Both performances will be at the College of Southern Idaho Fine Arts Center. The Wednesday performance will be at 8:30 p.m. and the Thursday performance at 7:30 p.m.

Tickets still are available at the Boy Scout office in Twin Falls; Garth's Music, Burley; Sullivan Music, Jerome; Sav-Mor Drug, Buhl; Sallie's Gifts, Twin Falls, and Helen's Record Shops in Twin Falls and Ketchikan.

# Power Outage Caused By Boiler Blast

MIAMI (UPI) — Lights came on early today for all of the two million people blacked out Tuesday night when a huge Florida Power and Light Co. boiler exploded and ripped apart.

Power company officials said the failure which began at 8:12 p.m. Tuesday stretched a 60-ft. diameter boiler and reached as far north as Palm Beach County — an area holding a third of the state's population.

Officials said they believed the failure was caused entirely by the explosion at the isolated Cutler Ridge power station in rural Dade County. Fire-fighting units had the fire under control within 60 minutes and some power was restored within 90 minutes.

Frank Brown, an instrument engineer at Cutler Ridge, said the explosion and fire was caused by an overload caused by failure at another power plant. Officials inter denied this.

# Burley Officials Rapped For Action

BURLEY — Charges of giving mis-information have been leveled against Burley city officials by the head of the movement to obtain the city manager form of government.

Charles Krumm, in announcing efforts have been halted for this year, said his committee had been told earlier that if petitions asking for an election on the city manager plan were turned in by July 21, they would meet the time schedule called for by the Idaho code.

However, after petitions containing 777 signatures were turned into the city clerk's office the morning of July 17, Burley city officials announced they were inadequate time to check the names.

City Clerk Charles Shaddock said only 410 of the 777 names were valid, and since 425 names were invalid the petitions were termed invalid and Mayor Joe Peters said no election will be called.

"We were advised under the Idaho Code that a notice of 45 days must be given before an election could be held and that this election must be held 60 days prior to the general election and that 10 days were necessary to verify the signatures," Mr. Krumm said.

He also added that if the petitions had been checked when they were presented July 17 the election could have been called in sufficient time to meet legal requirements and the people of Burley would have been able to vote on the type of city government they preferred.

Mr. Krumm added that city officials did not comply with the 45 day notice requirement prior to the 1967 election. He said his committee had checked and rechecked the names on the petition and, according to their estimate, 853 of the 777 signatures were of persons voting in the last election.

"We do not feel our efforts have been in vain," he said, "because there is a much greater interest now in the city election than this November."

# Samuelson Backs Utah Air Plea

SALT LAKE CITY (UPI) — Gov. Don Samuelson Tuesday backed Utah's efforts to obtain competitive transcontinental air service at Salt Lake's International Airport.

The governor did not appear at Civil Aeronautics Board hearings here. Written testimony was presented for him.

Utah Atty. Gen. Vernon Romney said the Beehive State planned to fly Samuelson here, but — Examining — James Keith ruled that all parties could place — Samuelson's — testimony into the record without his appearance here or in Washington, D. C.

Samuelson testified non-stop service at Salt Lake would result in a savings of time to state employees who must travel to Washington, D. C., and often need an additional day's travel.

Samuelson noted that United Air Lines serves Boise, but said, "most of the flights going to the eastern markets are channeled through Salt Lake City, Utah."

The chief executive said Idahoans therefore are dependent upon flights from the Salt Lake City terminal to the eastern markets that are the subject of this investigation."

He said, "There is no competitive trunkline carrier available to the citizens of the State of Idaho."

Samuelson added if Salt Lake were granted competitive service,

it would "be of benefit to the citizens of the State of Idaho desiring to use scheduled passenger service as a mode of transportation to reach eastern markets by affording them air service from Salt Lake City or Denver."

# Salt Lake Deemed Air 'Hub' Of Region

SALT LAKE CITY (UPI) — Gov. Calvin L. Rampton Monday said Salt Lake City is the major competition airline here.

Representatives of Las Vegas, Nev., and Missoula, Mont., also supported the motion for a competitive franchise.

Erle A. Taylor, director of aviation for Clark County, said Clark County was interested in a competitive service in Salt Lake City because "it would be easier for more people to get to Las Vegas."

C. P. Brooke, president, Missoula, Mont., Chamber of Commerce and Kenneth J. Rolle, manager of Johnson-Bell Field area touching all or part of the CAB has the opportunity to improve not only Salt Lake City's long-haul coast-to-coast service, but also to greatly improve regional service in the Salt Lake City economic trade area, a predominant portion of which involves service between Salt Lake City and points in Montana, including Missoula.

The trade center testimony was argued in testimony submitted by Rampton and other Utah congressional leaders, including Sen. Frank Moss, D-Utah.

### Class Of '59 At Kimberly Has Reunion

Members of the Kimberly High School class of 1959 met last weekend for a 10-year reunion.

There were 16 members attending the Saturday dinner at the Turf Club. Rushmore and wives were guests, and Robert Sherman, senior class sponsor and his wife, were special guests.

Mr. and Mrs. Jerry Laughlin, Chino, Calif., received the prize for traveling the farthest; Mr. and Mrs. Don Johnson, Twin Falls, married the longest and parents of the most children; Mr. and Mrs. Mike Cowan, Twin Falls, parents of the youngest baby; Mrs. Ron Schockley, changed the least; Mrs. Everett Dutt (Pat Brown), Burley, changed the most; and Stan Ellis, Denver, Colo., man with the least hair.

Mrs. Don Johnson, senior class president, was general chairman. Committee members were Mrs. Ron Schockley (Barbara Hamilton), Mrs. Henry Shute (Shirley Dohse), Mrs. Brad Nieder (Roberta Guyer), Mrs. Edson and Mrs. Mike Cowan (Lois Miller).

A coffee hour was held at the home of Lois Cowan. Members of the class held a family picnic Sunday at the Kimberly Park.

### 3 Officers Face Charges Following Sea Collision

SUBIC NAVAL BASE, Philippines (UPI)—Three U.S. Navy officers will face undisclosed charges Wednesday when a preliminary inquiry opens into the collision between the destroyer Frank E. Evans and the Australian aircraft carrier Melbourne.

### Radio Hams Plan Picnic

A picnic for all licensed Citizens Band-Radio Operators will be held at 11 a.m. Sunday at Register Rock, eight miles west of American Falls on U.S. Highway 30.

Refreshments and potluck dishes will be served at 2 p.m. A caravan will leave Twin Falls from Harmon Park at 11 a.m. Each family attending is asked to bring a potluck picnic lunch and punch will be furnished by the Pocatello group.

Radio Channel-9 will be monitored at Register Rock to help direct participants to the area. This will be the first annual jamboree of its kind in Idaho. There will be groups from Utah, Oregon and Idaho participating.

For further information call Walt Wildon or contact the local Citizens Band Radio Organization.

The collision between the destroyer Frank E. Evans and the Australian aircraft carrier Melbourne.

Seventy-four American sailors were lost when the Melbourne sliced the Evans in two during maneuvers in the South China Sea last June 3.

The officers involved are Cmdr. Albert S. McLemore, 40 of Vallejo, Calif., the captain; Lt. (jg) Ronald C. Ramsey, 24 of Long Beach, Calif., senior officer of the deck; and Lt. (jg) James A. Hopson, 26, of Kansas City, Kans., junior officer of the deck.

A Navy spokesman announced Tuesday the three officers will face charges on which the press will be enlightened at about the same time the closed inquiry at this huge naval base, 90 miles west of Manila, opens.

The spokesman said newsmen will be briefed not only on the charges against the three but also on the purpose and procedures in the inquiry, the role of the investigating office and the reason for the closed hearings.

Earlier a joint U.S.-Australian board conducted both open and closed hearings on the incident and submitted a fact-finding report after 79 witnesses including McLemore and Hopson, testified.

Ramsey refused to testify because the board could not grant his request to cross-examine and recall witnesses. The spokesman could not say how long the preliminary inquiry, which could lead to a court martial of the three officers, will last.

### Gets Scholarship

ELBA — Ardel Wickel, son of Mr. and Mrs. Arden Wickel, Elba, has received a \$150 scholarship from the Raft River Alumni Association. He was valedictorian of the 1969 class at the Raft River High School.

He was president of Future Farmers of America chapter.

### Solons Hear Testimony On State Lands

BURLEY — The Legislative Council Committee on State Lands, chaired by Rep. J. Vard Chaburn, Alton, will hold a series of public hearings during August and September.

One of the meetings, at 8 p.m. Sept. 4, will be at the Zanderosa Inn in Burley. The purpose of the hearings is to air public opinion on administration of state lands.

The committee will receive either written or verbal testimony.

Rep. Ray Lincoln, Twin Falls, also is a member of the committee.

### Gets Degree

MALTA — Leslie Frank Paskett, son of Mr. and Mrs. Edwin H. Paskett, Malta, has received a B.A. degree in accounting at the U.S. State College-Ogden, Utah.

He has moved to Burbank, Calif., where he is employed by Haskins and Sells Accounting.

He was graduated from Raft River High School in 1963.

### Mop-Up Begins In Wake Of Flooding

By United Press International

Residents in portions of New York, New Jersey and Connecticut spent Tuesday mopping up and sandbagging after heavy rains flooded streams and rivers, forcing hundreds of persons from homes.

Western South Dakota and the Nebraska panhandle were under a severe thunderstorm watch until 8 p.m. CDT.

The Farmington and Housatonic Rivers in Connecticut were swollen beyond flood stage after a blizz rain fall Monday night, forcing the evacuation of lowland dwellings in the sudden areas.

Newburgh, in southeastern New York state, reported a 4-inch overnight rainfall and the U.S. Weather Bureau in West Milford, N.J., while 150 civil defense volunteers labored to prevent dams on two rain-swollen lakes from bursting.

Crane used bulldozers and sandbags in attempts to hold the dams at Lakes Lookover and Dellazier near West-Milford.

Officials in New Hartford, Conn., ordered a dozen families to leave their homes after a rushing torrent of water cascaded over the top of a water company dam and officials feared the dam would give way.

A stationary front lying across northern Florida and along the Atlantic Coast from the Carolinas to Maine caused the heavy rainfall, the weather bureau said.

### Optimistic

BERKELEY, Calif. (UPI) — The hitchhiker who hung out his thumb on a Berkeley street corner Tuesday night was a trifle optimistic.

He held a sign announcing his destination as "Hawaii."

### LICENSE HEARING SET IDAHO FALLS (UPI) —

Another in a series of public hearings to discuss proposed changes in Idaho's driver licensing system will be held Aug. 18 at Bonneville High School in Idaho Falls.

# Samuelson Scores Forest Service 'Hoax' In White Clouds Dispute

BOISE (UPI) — Gov. Don Samuelson leveled another blast at the U.S. Forest Service over the controversial White Clouds issue Tuesday, accusing the federal agency of perpetrating a "hoax" on the people of Idaho.

He said recent meetings held by the Forest Service in Boise, Idaho, Falls and Challis were "deceptive, misleading and apparently deliberately so."

The governor also told a news conference that his remarks made in Seattle during the Western Governors Conference that week concerning the meeting were "grossly misinterpreted."

Said Samuelson: "The Forest Service misled the people of Idaho into believing that the Forest Service has the authority to deny the permit for a mining access road into the area, thereby preventing any mining activities."

"The Forest Service knows very well and has admitted it has no such authority in that area, thereby preventing any mining activities."

"The Forest Service acted lawfully and we obey rules and regulations or refuse to obey them?"

"The hearings should have been held two years ago. That is when the Forest Service gave permission to American Smelting and Refining Company to start its exploratory work after expensive drilling and other preliminary work with helicopters used for transportation of men and machinery, the company discovered rich deposits of molybdenum."

Samuelson said it is estimated that the deposits are worth a billion to a billion and a half dollars.

Only then, all of a sudden, did the Forest Service concoct the idea of informational meetings, and that was part of the main thrust of my remarks in Seattle," the governor said.

Samuelson said that he had never stated that the people of Idaho should not be listened to on White Clouds or any other matter.

"It was the manner and the timing in which the Forest Service misled the public that was upsetting, and I deplore a federal agency using such tactics."

The governor had been quoted by news media in Seattle as stating that the hearings should not have been held and that the Forest Service should have gone ahead and "quietly" given a permit to build a mining road into the area.

The governor said that he wasn't blaming everyone in the Forest Service.

"There are a lot of fine people there but the policy from the top is lacking. It concerns me a great deal."

"If private industry ran its business like the Forest Service it wouldn't last a month," the governor said.

He said that only 20 per cent of the land in Idaho is taxable at the present time and that the state must find jobs to keep the young people in Idaho.

Samuelson said more than 90 per cent of the millions of dollars that would be realized from the molybdenum deposits would remain in Idaho and that some 350-500 people would be employed.

"That would be quite an impact on our economy," Samuelson said.

On the White Clouds issue, the governor also stated that he believed the area could actually be enhanced by the mining operations with a road being built in the area and American Smelting and Refining Company's plans to cover over the mining operations with a lake when they are finished.

Sen. Frank Church's suggestions that the mining firm use a railway or tram system instead of a road isn't feasible and that Church "doesn't give a damn about the economy" of Idaho.

That American Smelting's claims in the White Clouds are not actually in the mountain range itself but on the edge of the area.

The U.S. Forest Service itself had actually staked out a road in the same area for recreation purposes three years ago "but couldn't get the funds for it."

Samuelson said that "in the interest of accuracy" he did not say that White Clouds was not an area of spectacular beauty.

The overall grandeur and majesty of the region is spectacular, the canyon where the mining operations would take place, with sagebrush on one side and a few scraggly trees on the other as a localized spot is not unusually attractive."

The governor added that only a few dozen or at the most a

few hundred people a year have ever seen the spot where the mining development would take place.

## What Is Nature Of 'Unknown' Life?

By DICK WEST

WASHINGTON (UPI) — In discussing the Mars photographs of Mars, scientists keep saying that the planet appears devoid of "life as we know it."

"To me, that phrase 'as we know it' has a rather ominous ring."

It leaves open the possibility that Mars might contain some form of life "as we don't know it."

"The fact that you would call it 100 per cent fan of life as we know it. There are some aspects of life as we know it that I would just as soon do without."

But given a choice between life as we know it and life as we don't know it, I would not

hesitate to choose the former. And I will continue to feel that way until I learn the facts of life unknown."

"The possibility that unknown forms of life might exist on Mars is not of itself a cause for concern. But let us ask ourselves this question: If there is a possibility that another kind of life exists on Mars, how can we be sure that unknown life doesn't also exist on earth?"

The answer is that we can't be sure. The earth may be teeming with life as we don't know it. Only do we know it. A lot of strange things happen on earth—that nobody knows about—mysteries, things that we could very well be caused by life as we don't know it.

The fact that it is unknown to us doesn't necessarily mean that we are unknown to it. I suppose the only way to clear up this matter would be to send a man to Mars. Since there is no life as we know it on our sister planet, it should be fairly easy to recognize life forms that we don't know.

Once life unknown has been identified, scientists will then be able to tell whether we have any on earth.

I intend to keep an open mind about other types of life. Unknown forms of life may be sent out to be the best kind, once you get to know them. Meanwhile, I'll string along with life as we know it. It may not be perfect, but at least I can live with it.

**Coed Admitted**

MURTAUGH — Maria Moorman, daughter of Mr. and Mrs. Mark Moorman, Murtaugh, has been admitted to the World Campus—Afloat—program of Chippewa College for the fall 1959 semester.

Miss Moorman will join 500 other college students representing 200 colleges and universities on Oct. 9 aboard the S. S. Ryndam in New York Harbor for the study-voyage to ports in western Europe, the Mediterranean and South America.

# 4 Girls Vying For Gooding Queen Title

**GOODING** — Four girls are competing for the title of 1970 queen of the Gooding county fair. The winner, who will succeed Kay Benson as queen, will be named Saturday night at the final performance of the rodeo. The fair and rodeo start Thursday.

In addition to the four contestants, 12 younger girls are seeking the title of Junior Princess. Queen candidates are Joyce Novak, Buhl; Diana Aguirre, Mountain Home; Patricia Light, Twin Falls, and Barbara Plush, Kuna.

Kay Benson is the current queen and Tracy Wilcox holds the title of Junior Princess. Vying for the junior title are Justine Novak, daughter of Mr. and Mrs. Martin Novak; Mary Van Zante, daughter of Mr. and Mrs. H. J. Van Zante; Marilyn Sisson, daughter of Mr. and Mrs. Wayne Sisson; Lynn Sherell, daughter of Mrs. June Sherell.

Susan Haviland, daughter of Mrs. and Mr. Roy Haviland; all Buhl; Marta Gates, daughter of Mr. and Mrs. O. R. Gates; Nancy Pierson, daughter of Mr. and Mrs. Marvin Pierson; Marjorie Martin, daughter of Mr. and Mrs. William Martin; Lesa Daniels, daughter of Mr. and Mrs. Clair Daniels; and Florence Harris, daughter of Mr. and Mrs. Irvin Lail, all Gooding.

Others are Debbie Scheer, daughter of Mr. and Mrs. Leonard Scheer; and Ann Harvey, daughter of Mr. and Mrs. Robert R. Harvey, Twin Falls.

All contestants were telecast at a luncheon Saturday at the Ox-bow Dining Room, Bliss. A caravan left from there following the luncheon.

The contestants will ride in the Thursday noon parade in the Gooding area. The grand entry of the rodeo both Friday and Saturday nights. The rodeo will begin at 7:30 p.m. Thursday through Saturday and will feature 4-H, FFA and open class exhibits.

The Idaho State Mounted Drill Team competes on Thursday and Monte Young's carnival.

The rodeo which will be held Friday and Saturday nights will feature top professional riders, Swanney Kerby rodeo stock and specialty acts.

DIANA AGUIRRE

JOYCE NOVAK

PATRICIA LIGHT

BARBARA PLUSH

... are vying for the title of Gooding county fair and rodeo queen. The 1970 title holder will be named on Saturday, the final night of the fair, which opens Thursday. Candidates include Diana Aguirre, 20, Mountain Home; Joyce Novak, daughter of Mr. and Mrs. Martin Novak, Patricia Light, daughter of Mrs. Leona Light, Twin Falls, and Barbara Plush, 16, Kuna, daughter of Mr. and Mrs. Willard Plush.

## Political 'Vacuum' Snags Humphrey For '72 Campaign

By **RAYMOND LAHR**

**WASHINGTON (UPI)** — Like nature, politics abhors a vacuum.

Thus Sen. Edward M. (Ted) Kennedy of Massachusetts was being conceded the 1972 Democratic presidential nomination before there were any signals from him to indicate that he wanted it.

The Democrats had no other figure with glamor, ready

access to the money and a steady campaign organization needed to win the nomination. These assets have been virtually written off as the result of the automobile accident on Chappaquiddick Island two weeks ago.

Kennedy said last week that he will not be a candidate for the 1972 presidential nomination and that he did not feel inclined before the accident to seek it.

Now the political vacuum is pulling former Vice President Hubert H. Humphrey, the 1968 nominee for president, and his running mate, Sen. Edmund S. Muskie of Maine, into the forefront of speculation three years before the Democrats nominate their candidate.

—No one else is yet in sight, although events often reshape the political outlook drastically over a period of three years.

lion to write what was then a strong civil rights plank into the party platform.

For more than two decades he has had his moments of glory and his moments of gloom.

Although he still appears to have unlimited energy, Humphrey will be 61 at the time of the next presidential election, when a non-incumbent is chosen for the presidency, his party presumably is choosing a candidate to serve in a man-killing job for eight years.

Dwight D. Eisenhower became president at the age of 61 and Harry S. Truman at 60. No other president since James Buchanan in 1857 has begun his service in the White House after his 60th birthday.

## Forest Fire Regulations Put In Effect

Beginning Saturday morning, all persons planning to enjoy recreational areas of the Sawtooth National Forest and other forests in Idaho must carry a shovel, bucket and axe with them.

Under a regulation issued by Regional Forester Floyd Iverson, Ogden, Utah, the Bitter, Caribou, Challie, Payette, Salmon and Sawtooth National Forests are covered by the order.

Because of the increasing fire hazard conditions, local forest officials said, it is necessary to impose the special regulation on all forest area users.

Dec Hansen, assistant fire dispatcher, said the rule does not apply to motorists passing through forest land on major highways and roads, but to all camping, picnicking or other group or individual.

## Peace Corps Test

Twin Falls area residents interested in joining the Peace Corps may take the Peace Corps placement test at 1:30 p.m. Aug. 10 at the Civil Service Room of the post office building.

Persons interested must fill out an application, if they already have not done so, and submit it to the tester prior to the examination. Application forms are available from post offices or from the Peace Corps, Washington, D.C. 20523.

# BEEF CATTLE

## BASIC TO IDAHO... TO THE NATION AND TO YOU

**BEEF CATTLE ARE NEW WEALTH**  
Wealth can be created in several ways. The stockmarket or the manufacturer can expand wealth. However, new wealth is created only by the multiplication of living things such as plants or animals. Whenever a calf is born, new wealth has been created where it did not exist before. Our nation needs this new wealth to sustain itself.

**CATTLEMEN ARE CONSERVATIONISTS**  
Gross production of beef. Therefore, cattlemen are vigorous in their approach to conservation. Cattlemen help maintain and improve our ranges so they will produce grass and water resources. Much of our range land is owned by the government and does not produce taxes. Stockmen pay for the use of this land, thereby creating more wealth for our nation from grass which would not otherwise be used.

**CATTLE PROVIDE SOIL FERTILITY**  
Proper grazing stimulates grasses to grow even better. Cattle actually improve our ranges through proper range management. The soil itself benefits tremendously from the manure which cattle place upon it. Cattle are perhaps mankind's greatest benefactor.

**JOBS IN ALL WALKS OF LIFE**  
Cattle raising, cattle feeding, processing, transportation, distribution and retailing provide employment for many thousands of our people. Beef dollars are vital to our economy. If they were marked, you'd notice them being used for all goods and services offered in the U.S.

**BEEF... THE BEST SOURCE OF PROTEIN**  
Protein foods are the first consideration in meal planning. Serving for serving beef is one of the best. Its protein quality is superior and the content is concentrated. High quality protein, important minerals and essential vitamins, they're all there, and beef tops the list as the preferred main course for any meal.

**BEEF CATTLE ARE IMPORTANT TO YOU!**  
They're food & wealth for the Nation

**Idaho Beef Council**  
2232 Main Street Boise, Idaho 83706

# Accident Inquest Planned

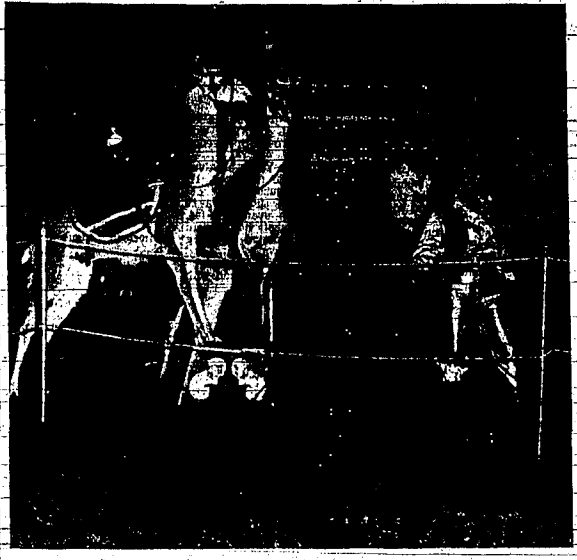

EDGARTOWN, Mass. (UPI) — The case of Sen. Edward M. Kennedy's automobile accident, which a week ago appeared closed, is all but certain to get a thorough rearing in the coming weeks.

Dist. Atty. Edmund S. Dintz is awaiting only the official word from District Judge James A. Boyle to begin an inquest into the death of 28-year-old Mary Jo Kopechne, who drowned July 18 when a car driven by Kennedy ran off a narrow bridge on Chappaquiddick Island and plunged into a pond. Boyle is expected to authorize the inquest today or Wednesday.

Dintz's letter of request to Boyle was received Monday, and the judge took it under advisement.

District Court Clerk Thomas A. Teller said Boyle would act on the request "either tomorrow or the next day — this is, within a reasonable period."

Under Massachusetts law Dintz has the authority simply to require the inquest be held. His request to Boyle is a formal following a tradition of an earlier request for an inquest by the State Superior Court.

These graceful long-legged animals, which are often mistaken for llamas, will be featured in a specialty act at the rodeo being held in conjunction with the Gooding county fair Thursday through Saturday. Six of the animals, which are native to Peru, will be featured as Craig's Guanacos.

# Gooding 4-H Achievement Day Is Held

GOODING — Results of Gooding County 4-H Achievement Day, held at the Gooding High School, are announced.

Michele Lefurgey, daughter of Mr. and Mrs. Bill Lefurgey, was the winner in the junior category, for ages 9 to 12. Her demonstration was a entitled "A Special Snack with a Fruit Snack."

Blue ribbon winners in this group included Leta Lerman, Gooding, and Suzanne Strong, Wendell.

Clara Tschannen, daughter of Mr. and Mrs. Clifford Tschannen, gave an illustrated talk on types of yarn and size of needles to use when knitting to win high honors in the Intermediate Division.

Blue ribbon winners included Pam Kilmes and Vickie Behrens, Wendell. Receiving red ribbon awards were Janice McCord, Penny Archibald, Leslie Isaacs, and Patty Prestwich, Wendell.

Top honors in the Dairy Product demonstrations went to Marilyn Bickford, daughter of Mr. and Mrs. Leroy Bickford. Gooding. Her demonstration, "Jump on the Milk Wagon" will represent Gooding in District competition.

Lavonne Peterson, Wendell, was judged best Senior Division demonstrator, showing how to make a bound hotbun.

Winners in each category received the following: a red ribbon award from the Gooding Fair Division, a \$5 gift certificate from the B and J Toggery, Intermediate Division — \$5 award sponsored by Schmitt and Huxley and Ruth's Beauty Shop, Wendell, Senior Division — \$5 gift certificate from the Gooding Merc.

# Guanacos To Perform At Fair

BY DIANE METZGER Times-News Correspondent

GOODING — Six graceful, long-legged and slim animals, which most people would mistake for llamas, will be featured as one of the specialty acts at the rodeo during the Gooding county fair which opens Thursday.

The guanacos, which is what the animals are called, come from Peru and the six trained

animals, known as Craig's Guanacos, will perform in a liberty act with two ponies.

Unlike the llamas, the guanacos are not strong enough to carry loads, so they are of no commercial use except for meat and hides. In their native land they run wild in herds as antelope or deer do in this country.

They are a fawn color, but some are darker than others. The animals have a split hoof and a short tail like deer, but they do not have horns.

The intelligence of these animals is very low, and it takes months of working with them to train even the simple tricks that a horse can learn in a few weeks.

Unlike a horse, when in training instead of running away from the trainer, they sometimes rear up on their hind legs and charge the trainer. Therefore, great care and patience must be used during this time or they can become so mean that they are of no use at all.

The guanaco first defense, when aroused, is spitting-like the llama. They are also capable of biting and kicking with their hind legs in any direction. They are also quite effective with their front feet like the deer, but they first knock their victim down by hitting them with their chest, and then they stomp them with their front feet.

The Guanacos diet is like that of a horse, mainly grain and hay.

# News Of Record

**LINCOLN COUNTY**  
Sheriff's Blotter

Larry Wellard, Shoshone, was cited for failure to yield the right-of-way after a truck-car accident Sunday afternoon four miles north of Shoshone, at the intersection of Highway 93 and Johnny's Country Store.

Sheriff Wild Conner said Mr. Wellard turned left on Highway 93 and the 1967 Dodge truck he was driving, owned by Boulevard and Wellard, Shoshone, collided with a 1968 Ford operated by Roy Fuller, Twin Falls, who was coming south.

No one was injured and damage was estimated at \$200 to the truck and \$1,000 to the Ford. Jerry Sabala, Shoshone, was a passenger in the truck and Verda Fuller was riding in the Ford.

he apparently misunderstood and hit a shoulder of the road which gave way, and his vehicle rolled.

Perez was not injured and no citations were issued. Damage was estimated at \$100 to his 1959 Ford.

Kenneth Eckley, 27, Burley, was cited for backing when not reasonable and safe to do so Saturday night following a two-car accident about four miles east of Burley on Highway 308. Eckley was headed east when he missed his intended turn, stopped, and backed up. A 1963 Rambler, driven by Cory Kidd, 15, Burley, was traveling behind Eckley and was unable to stop. Damage was estimated at \$100 to Eckley's 1952 Ford, and at \$150 to Kidd's Rambler.

**SLIDES SHOWN**

FILER Mrs. Earl Crouse was hostess to the Sarah Angie Circle of the Women's Society of Christian Service, and during the program she showed slides of a recent California trip.

**MINDOKA COUNTY**  
State Police Blotter

No citations were issued Sunday morning on Highway 24 when a 1968 Mercury, driven by Rose Marie Henschel, 18, Rupert, overtook the vehicle which headed north, when it veered off the right side of the road, hit gravel, traveled back onto the road way, hit the rollover and over and once, coming to rest in a hay field. A passenger, Patricia Henschel, 14, was slightly injured. The car was demolished.

San Diego Castro Perez, 10, Rupert, escaped injury Monday afternoon when his car overturned 10 miles north of Paul on a county road.

Perez came upon a construction area on the highway with gravel piled in the middle of the road. When a flagman signaled to him to detour, however,

# Westerhouse Shuts Out Dodgers As Magic Valley Divides Doubleheader

Righthander Chuck Westerhouse, needing only Concepcion Escalona's solo homer, situated the Ogdens Dodgers 1-0 Tuesday night but teammate Clint Compton lost the nightcap in a 4-3 cliffhanger as the Magic Valley Cowboys missed a big chance to tighten up the Pioneer League race.

Westerhouse allowed only four hits and never allowed a man past second base in hosting Ervin Ervin 1-0 in the first game. Escalona's homer came in on the leadoff spot in the fifth.

In the nightcap, the Dodgers won on a pair of base-running gambles and the Cowboys committed a physical and mental error to give the Dodgers four runs in the first two innings. The Cowboys pulled back to within one by the end of the third as Compton stunted and

never was in trouble again. But hopes for the tie died when Magic Valley was unable to capitalize on two good opportunities. Jim Nagelcisen tripled with two out in the fifth but died at third and Jarrell Blanks doubled and took third on a wild pitch before any outs were made in the sixth. He was cut down trying to score on Jeff Geach's top-short fly to the outfield.

In the nightcap, Bob Randle and Terry McDermott singled with one out and moved up on a wild pitch. Dennis Haren slapped a single to right field and kept charging around third and scored as the Cowboys went to second-to-put-out Haren.

In the second, a walk, Craig Lanning's single and a sacrifice put runners at second and third. With two out, James Rich hit a groundout first. Ernie Mott hit the ball long enough to miss the chance of putting Rich out himself and Compton forgot to cover first. The Dodgers put it all together in the third when Nagelcisen's sacrifice fly, Ernie Mott's error, scored Rowland Houston in the first and Gene Holbert singled home Rick Dalton in the second. In the third, John Rivers singled — only his third hit of the home stand —

## A's Divide With Indians 8-3 And 10-4

CLEVELAND (UPI) — Sam McDowell tossed a six-hitter while Steve Nelson, Jim Klinechek and Eddie Leon each drove in two runs in a seven-run fourth-inning Tuesday night to power the Cleveland Indians to a 10-4 victory over the Oakland Athletics won the opener of a doubleheader 8-3.

McDowell struck out nine, including three in the first and fifth, in picking up his 12th victory against seven losses.

The "Blue" pitcher, Odum, who had shut out the Indians in his last two victories over Cleveland, had his scoreless inning streak stopped at 20 1/3 innings when rookie Frank Baker belted a two-run homer and Klinechek singled home another run in the third.

The Indians collected for seven runs on five hits and three walks against Odum and reliever Ed Strang.

Dick Green drove in three runs and Chuck Dobson needed ninth-inning relief from Paul Lindblad to win his 13th in the opener.

## Gibson Bests Kelley In Mound Duel

SAN DIEGO (UPI) — Pinchhitter Phil Gagliano singled home Julian Javier with the tie-breaking run in the ninth inning Tuesday night to break up a both-runners home on one pitch. Cardinals' Bob Gibson and Dick Kelley and give St. Louis a 2-1 victory over the San Diego Padres.

It was Gibson's 14th win against nine losses and handed the Padres their ninth straight defeat. Gibson gave up nine hits and struck out 10 en route to the victory. Left-hander Kelley allowed the Cards only six hits. His record is now 4-7.

Javier opened the ninth with a single, went to second on a walk to Tim McCarver and scored on Gagliano's sharp single to left.

The Cardinals opened the scoring in the fourth on a double by Curt Flood and a single by Joe Torre.

The Padres tied it at 1-1 in the bottom of the fourth. Nate Colbert hit his fourth triple of the season and scored on a single by Al Ferrara.

St. Louis (14-9) and the Padres (14-7).

## Big Inning Lets Mets Sweep Pair

CINCINNATI (UPI) — Donn Cleadenon's three-run homer highlighted an eight-run third inning which carried the New York Mets to a 10-1 victory over Cincinnati in the second game of a doubleheader Tuesday night after the Reds won the opener 8-5 on homers by Pete Rose, Bobby Tolan and Tony Perez.

Nolan Ryan, going the route for the first time this season, stopped the Reds on seven hits in the nightcap to pick up his fourth victory in five decisions. He lost his shutout in the fourth inning when Perez doubled home Alex Johnson.

Agnes hit his 17th homer of the year off Pedro Ramos in the fifth for the Mets' final run. Gary Nolan, making his first start since being recalled from Indianapolis last week, picked up the victory in the opener but needed help from Clay Carroll when the Mets scored three runs in the eighth.

Homers by Tolan and Rose accounted for three of five runs in the nightcap before he left the game after three innings with an ailing shoulder. Rose, Tolan, and Perez accounted for eight of the Reds' 12 hits in the first game.

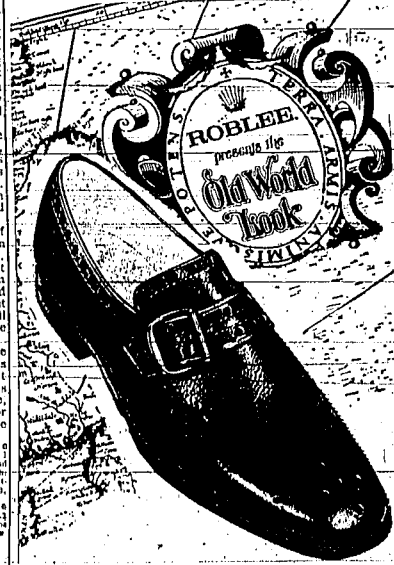

## CUT FROM SQUAD IRVINE, Calif. (UPI) —

# Twin Falls' Thomsen Ties For Sixth In Pro-Youth Classic

COLUMBUS, Ind. (UPI) — The Twin Falls junior ended the most in a tie for sixth. Thomsen was also a member of Sikes' team, which took third in the best ball segment of the classic.

Sikes finished with a 6-under par 135, four shots better than four others tied for second with 138, including Ken Venturi, whose blistering 6-under par 68 Tuesday established a course record.

Venturi's hot round was two shots better than the 68 Sikes fired Monday, which had tied the 1967 record set by Sam Carmichael.

Joining Venturi at 103 were Miller Barber and Dick Crawford, who each shot 69 Tuesday, and Tom Weiskopf, who had a 70.

Alone at 141 was John Pett, who shot a 71. At 142 were Mason Rudolph, Gay Brewer and Bob Goaly. R.H. Sikes and Bob Nichols tied at 143, finishing out the sub-par shooters for the 36-holes.

Other pro scores were Jay Hebert 147; Dudley Wyson, Curtis Goody and Mary Fackman 149; Julius Borcs, Jack McGowan and Bucky Henry 150; Ron Cerrudo 151 and Lionel Hebert 156.

Sikes, an attorney from Jacksonville, Fla., picked up \$1,500 as captain of the team which took third in the best ball competition. Each pro was paired with three amateurs.

Nichols won \$5,000 as the pro on the winning team, defeating Crawford's team on the third hole of a sudden death playoff when amateur John Bacon,

## 13th-Inning Single Tips Twins 4-3

DETROIT (UPI) — Don Wert slashed a two-out single off second baseman Rod Carew's glove with the bases loaded in the 13th inning Tuesday night to give the Detroit Tigers a 4-3 victory over the Minnesota Twins.

Al Kaline walked to open the inning and Norm Cash singled him to third before loser Dick Woodson, now 6-9, intentionally walked Willie Horton to load the bases.

Woodson struck out Bill Freehan and Dick Tracewski before Wert's hit rewarded John Hiller, who pitched the last inning, with his third victory against three losses.

Chicago (10-10) and the Twins (10-10) played at 7:30 p.m. at the Metropolitan Stadium, Chicago.

Chicago: Woodson (7), Peterson (9), Woodson (10) and Freehan (11). Detroit: Hiller (13), Freehan (10), Woodson (9), Woodson (6-9), HR—Usher (2), G. Brown (1st).

## Tape Measure Stargell Rap Downs L.A.

LOS ANGELES (UPI) — Willie Stargell blasted a tie-breaking 6th-inning homer in the seventh inning, believed to be the longest ever hit in Dodger Stadium, to lead the Pittsburgh Pirates to an 11-3 victory Tuesday night over the Los Angeles Dodgers.

Stargell's 18th homer of the season cleared the 26-row, right-field pavilion, the back portion of which is 400 feet from the plate.

The loss was charged to Alan Foster, who gave up the mighty homer by Stargell.

Pittsburgh (11-10) and Los Angeles (10-10) played at 7:30 p.m. at Dodger Stadium.

Pittsburgh: Stargell (11), Stargell (12), Foster (7), Mikalson (9) and Hiller (11). Los Angeles: Stargell (11), Stargell (12), Foster (7), Mikalson (9) and Hiller (11).

## Idaho Falls, Pilots Split

BILLINGS, Mont. (UPI) — Sam Ashford drove in three runs in the fourth inning with a bases-loaded double as Idaho Falls rallied from behind for a 7-3 Pioneer League victory over Billings Tuesday night and a win in a split.

The Mustangs won the first game, 1-1, slapping four home runs off three Idaho Falls pitchers.

Idaho Falls drew first blood in the opening inning when Mike Mortorella doubled home Rudy Meol. Earlier Joe Sato had tried to score from first on Meol's double, but he was thrown out at the plate on a Phil Zahn to Gorman Thomas to Louie Bunch relay.

Billings took a 3-1 lead in the third, tying the score on a bases-loaded walk and forging ahead on a two-run single by Gary Martz.

Frank Russo picked up the win in relief while Mustang starter Bill Turner was tagged with the loss.

# U.S. Men In Commanding Lead With West Germans After First Day Events

**AUGSBURG, Germany (UPI)**—United States men took a commanding 74-43 points lead over West Germany at Augsburg Tuesday night at the end of the first day of their two-day track and field meet.

The American girls trailed the frauleins 44-37.

John Carlos, of San Jose State, won the 100 meters in 10.1 seconds.

Charlie Greene, of Fort McArthur, Calif., co-holder of

the world's 100 yards and 100 meter sprints, finished second in 10.4 seconds.

Carlos, 24, wore the red jersey of the Western Hemisphere at a triple victory at Stuttgart. The American coaches requested that he change into the blue American vest for the sprint relay, which he did under protest.

U.S. team sources said Carlos wore the red vest because, unlike the U.S. team vest, it does not carry the AAU initials.

Most of the other members of the American team covered over the AAU's initials with tape.

Asked the reason, Gerry Lindgren of Spokane, Wash., said "we are representing the USA and not the AAU."

Earlier, the male athletes met with team officials and demanded communications between them be improved.

The Americans scored two scarcely-expected wins in the 100 meters and the hammer throw.

German-born Juris Luzin of Williamsburg, Va., led from start to finish to beat West Germany's Walter Adams, who was fourth at the Mexico Olympics, by a comfortable margin. Luzin's time was 1:46.7.

George Frenn, 27, of the Pacific Coast Club, snatched victory from Germany's Uwe Weierich in the hammer throw with the final throw of the event at 237ft 5ins. Beyer had led the competition with 224ft 4ins.

Olympic champion Lee Evan of San Jose State led Tommy Turner of Murray State, Mo. to a clean sweep in the 400 meters, clocking 4:58 seconds.

The U.S. also scored maximum points in the broad jump and high hurdles.

Stan Whitely of the University of Kansas took the broad jump with a leap of 26ft 1-4ins. Henry Hines of Sacramento, Calif., who substituted for Olympic champion and world record holder Bob Beamon of the University of Texas, was second with 25ft 2 1/2 in.

Beamon did not compete because he said he still felt sick from having three teeth extracted at home before the

# San Francisco And Braves Sweep; Giants Take Over Top Spot In NL West Division

**PHILADELPHIA (UPI)**—Bob Bolen drove in one run and scored the go-ahead tally Tuesday night while pitching the San Francisco Giants to a 5-3 victory over the Philadelphia Phillies and a sweep of a two-night (twinn) after the Giants won the opener 6-2.

The twin triumph enabled the Giants to move into first place in the National League's Western Division, one percentage point ahead of the Cincinnati Reds.

Bolin, who picked up his sixth victory in 13 decisions with relief help from Frank Linzy, singled home Ken Henderson in the fourth inning and then singled to start the Giants' three-run rally in the seventh.

After advancing on a wild

pitch and a passed ball, Bolen scored his team's third run on a single by Ron Hunt to snap a 2-2 tie. Bobby Bonds doubled in Hunt and scored the fifth run on a single by Willie McCovey.

Homebys by Larry Hise and Johnny Callison had tied the game at 2-2 in the fourth.

Cookie Rojas and Rich Allen honored for the Philadelphia runs.

(1st game) Philadelphia 5, Cincinnati 3. (2nd game) Philadelphia 6, Cincinnati 2.

**MONTREAL (UPI)**—Orlando Cepeda's three-run homer in the seventh inning gave the Atlanta Braves a 4-3 victory over the Montreal Expos and a sweep of a Tuesday night and when Gary was walked by doubleheader after they won the first game 1-0 on Gary Sutherland's throwing error.

Montreal led 3-1 in the night cap when Hank Aaron reached first base on Coco Laboy's error. Rico Carty singled and Cepeda followed with his 17th homer of the season and the 30th of his major league career.

Carty's eighth homer of the season gave the Braves a 1-0 lead in the second inning. Sutherland tripled for the Expos in the sixth-inning and scored on Ron Fairley's single before Mack Jones' homer off Pat Jar-

vis put the Expos in front 3-1. In the opener, Tony Gonzalez scored from third on Sutherland's error in the ninth. Gonzalez singled and moved to second when Gary was walked by loser Gary Waslewski.

Cepeda hit a grounder to force pinch-runner Mike Lum, a n d when Sutherland attempted to complete the double play his wild throw got past first baseman Ty Cline and Gonzalez scored.

## 10th-Inning Blast Sinks Royals 7-5

**BALTIMORE (UPI)**—Brooks Robinson hit a two-run homer with one out in the 10th inning to snap a 5-5 deadlock Tuesday night and give the Baltimore Orioles a 7-5 victory over the Kansas City Royals.

Brooks Robinson's blast, his 17th, followed a single by Frank Robinson and gave Eddie Watt his third victory. The homer came off Galen Cisco, the fourth Royal pitcher.

Blair's 22nd homer scored Don Buford, who reached first on an error, in the third inning.

Frank Robinson followed with a triple and scored on Boog Powell's sacrifice fly to give the Orioles a 4-2 lead.

Jackie Hernandez led off the home pitcher Mike Florio walked, went to third on a Paul Schaal single off reliever Dick Hall and scored on Marty Pate's single, tying it 4-4 in the last of the seventh.

(1st game) Baltimore 7, Kansas City 5. (2nd game) Baltimore 5, Kansas City 5.

Baltimore (1st game) 7, Kansas City (2nd) 5. (2nd game) 5, Kansas City (1st) 5.

team left for Europe.

Leon Coleman of the Southern Californian Striders won the high hurdles in 12.7 seconds.

Other American winners were Ron Laird of the New York Athletic Club in the 10,000 meters walk, World record holder John Pennel of the Southern California Striders in the pole vault, Jon Cole of the Pacific Coast Club in the discus and the team quartet in the sprint relay.

## Hansen And Melton Rip Solons 11-4

**CHICAGO (UPI)**—Ron Hansen and Bill Malton drove in line runs on a total of six hits Tuesday night to lead the Chicago White Sox to an easy 11-4 victory over the Washington Senators.

The White Sox pounded out 15 hits off five Washington hurlers and tagged Jim Sheltenback with his sixth loss of the year.

Chicago rookie Billy Wynne was raper for 12 safeties, but staggered to his fourth win of the year against two losses.

Hansen drove in five runs with three singles while Melton drove in four with a single, a double a sacrifice fly and his 16th home run of the year. Call Hopkins added four singles to the White Sox attack.

The Sox wrapped up the game in the third on a walk to Melton, a sacrifice bunt by Call Hopkins, a double by Melton, a walk to May, a single by Don Pavlich and a bases-loaded single by Hansen for four runs.

(1st game) Chicago 11, Washington 4. (2nd game) Chicago 5, Washington 5.

## Murcer Shot Tips Angels For Yanks

**NEW YORK (UPI)**—Bobby Murcer hit a three-run homer on reliever Claude May's first pitch with two out in the ninth-inning Friday night to give Lindy McDaniel and the New York Yankees a 2-1 victory over the California Angels.

Rudy May and Ken Tatum had a five-hit shutout going into the ninth but Ron Woods led off with a walk and Frank Fernandez walked with two out.

Wright replaced Tatum and served the home-run ball to Murcer, who drove the ball into the lower right field stands.

Murcer had entered the game as a pinch-hitter for Bill Madlock in the seventh inning.

The Angels took a 1-0 lead in the second inning when Bill Voss led off with a walk and was forced at second by Roger Repor. Repor moved to third on a single by Jim Fregosi and scored early on Joe Accio's long fly to center. The Angels made it 2-0 in the sixth inning when Jay Johnstone score as Voss grounded into a double play.

(1st game) New York 2, California 1. (2nd game) New York 5, California 5.

New York (1st game) 2, California (2nd) 1. (2nd game) 5, California (1st) 5.

## Brabender Hurls Pilots Over Red Sox

**BOSTON (UPI)**—Gene Brabender pitched an eight-inning shutout and hit a homer and Steve Hoveloy drove in three runs Tuesday night to give the Seattle Pilots a 3-2 victory over the Boston Red Sox.

Brabender's first homer came off reliever Ron Kline with the bases empty in the ninth inning while Hoveloy had tried to drive in one run in the fourth, added a two-run homer, his third, also in the ninth.

The Pilots evened their season series with Boston at five victories apiece as Brabender hurled his sixth complete game for his ninth triumph against six losses.

Seattle scored three runs in the fourth inning off Ray Cupp whose five-game winning streak was broken.

(1st game) Seattle 3, Boston 2. (2nd game) Seattle 2, Boston 2.

Seattle (1st game) 3, Boston (2nd) 2. (2nd game) 2, Boston (1st) 2.

## Hands Stops Astros 5-2 For Chicago

**HOUSTON (UPI)**—Winning pitcher Bill Hands singled in a second-inning run to cap a two-run rally Tuesday night and carry the Chicago Cubs to a 5-2 victory over the Houston Astros.

Hands, who went 0-2 in 11 innings, allowed one single after Randy Hundley and Jim Hickman hit back-to-back doubles.

The Cubs boasted their lead to 3-0 in the third when Billy Williams singled, went to third, Ron Santo's single and scored when Ernie Banks hit into a double play.

Hands boosted his record to 13-8 as Phil Regan finished up to preserve his victory. The Astros' first run came in the sixth when Denis Menke walked, went to second on a single by Marty Martinez and scored on John Edwards' single.

Norm Miller homered in the eighth off Regan for the other Astro run.

## AGENT SIGNED

**SAN DIEGO, Calif. (UPI)**—The National Football League's New Orleans Saints picked two men-on-the-walves-injured list Tuesday and signed a free agent.

### Fish Movement

**PORTLAND (UPI)** — Columbia River fish count for August:

Bonnesville: chinook 825, steelhead 1,332, silvers 9, blueback 4, shad 33.

The Dalles: chinook 458, steelhead 811, silvers 8, blueback 4, shad 71.

John Day: chinook 418, steelhead 235, blueback 17, shad 103.

McNary: chinook 565, steelhead 609, blueback 39, shad 67.

Ice Harbor: chinook 157, steelhead 266, blueback 5.

Lower Monumental: Chinook 95, steelhead 337, blueback 7, shad 5.

### FATAL BLOW

**LEXINGTON, Ky. (UPI)** — University of Kentucky basketball coach Adolph Rupp's grasp for a fifth NCAA championship slipped perhaps irrevocably Tuesday with the disclosure star guard Mike Casey will have to be red-shirted.

# Diamonds Found In Jungle

**CIUDAD BOLIVAR, Venezuela**—A diamond strike in the heart of the Guayana jungle has drawn a flood of miners and adventurers to the tiny outpost of San Salvador de Paul in Venezuela's Klondike.

By plane, mule and foot, over 200 persons per day have swarmed the population of San Salvador de Paul from less than 300 to nearly 10,000 in a matter of weeks.

Venezuelans, Brazilians and a sprinkling of other nationalities work side by side in 95-degree heat, digging up stones that produce daily individual earnings of between \$100 and \$1,000 for the lucky ones.

What every miner is seeking is a repeat of the 1942 feat of Venezuelan miner Jaime Huckson who uncovered a pear-shaped stone that weighed 155 karats. Huckson sold the stone for \$500,000 in Guyana, for \$500,000, a fifth of its true value.

Accompanying the miners is a small army of diamond buyers, suppliers of food and drink, gamblers and prostitutes who hover around the two square-mile digging site.

San Salvador de Paul is located in the south of Bolivar State, 91,891 square miles of jungle, untraced by wide rivers, and blessed with huge iron and gold deposits as well as diamonds. In the same region, Angaité, the world's highest at almost 3,300 drops from one of the mesas that dot the zone.

Gold and diamond strikes were also still are frequent in the many tributaries that feed the Caroni, violent smaller brother of the 1,800-mile-long Orinoco River.

The eight-man police force at San Salvador de Paul reports it is having no trouble maintaining order in the area.

Health facilities are scarce but there has been no outbreak of disease. One doctor warned: "Once the rains begin, we may be faced with a serious health problem."

Non-digging residents—storekeepers, women cooks and prostitutes—are making small fortunes.

Since everything must be brought in by plane or foot, prices are extravagant. A bottle of rum that costs \$3 in Ciudad Bolivar, goes for \$15 or \$20 at the strike site.

## Deco Slates Homecoming On Sept. 20

**DECLIO**—Annual Deco Homecoming celebration will be held Sept. 20.

Committee members are obtaining names of former Deco High School students and sending out letters announcing the homecoming date. Anyone knowing a former student or someone interested is asked to contact Mrs. Jerry Anderson, 2089 Normal Ave., Burley, telephone 678-7426.

The committee also is assembling former class pictures and plans to have them in an album which they hope to have ready for distribution at the September reunion.

A football game will begin the activities with Deco playing Murrain in the afternoon. A supper will be served at 5 p.m. followed by the alumni association meeting. The homecoming activities will close with a dance.

Tous of the school and pictures will be available.

Officers in charge are Cleon Parke-Monroe, president; George Schrenk, vice president; Mavis-Klein-Matthews, secretary; Directors are Don Gilbert, Danton Darrington, Ole Williams and Le Roy Darrington, and Jerry Anderson, who is immediate past president.

## Three Entertainers Are Set For Cassia Jamboree

**BURLEY**—Henson Cargill and his band will be one of three entertainers for the annual Burley Exchange Club sponsored Country-Western Jamboree at 8 p.m. Aug. 13 at Cassia County Fairgrounds.

The jamboree will be the first night of the fair and the rodeo will be at 8 p.m. Aug. 14-16 along with the pari-mutuel horse racing daily at 1 p.m. Aug. 13-16 and the livestock produce and other exhibits will be open daily for viewing.

In addition to Mr. Cargill, Charley Pride and Mary Taylor will appear in the jamboree.

Mr. Cargill is the Oklahoma rancher deputy sheriff who rocketed from the obscurity of a small night club circuit to national stardom in a record shattering 90 days.

He set a controversial record that nobody would touch into a stamper to stardom, thanks to his inherited strain of rock-solid courage and stubborn, forceful diplomacy and genuine wit.

## Two Arrested For Receipt Of Stolen Goods

Two Twin Falls men were taken into custody by city police Tuesday on charges of receiving stolen property.

The men, John M. Escalante, 26, and Conception Escalante, 19, were released on their own recognizance.

Officers said they were arrested after allegedly receiving property taken by two local juveniles.

The alleged theft by the juveniles was brought to the attention of the court when the juveniles made a recent appearance on other charges.

The World of Henson Cargill also attracted the attention of one of the nation's top talent management firms, Bub Albritton-Talent Associates.

The latter discovered and developed such all time great stars as Brenda Lee.

**CLIMBING RECORD SET**  
**MANITOU SPRINGS, Colo.** (UPI)—Edwin H. Page claims that set a new record for climbing Pikes Peak. He made 41 ascents of the 14,110-foot mountain this summer.

# OAS To Change 'Ground Rules'

**By PHIL NEWSOM**  
The Organization of American States (OAS) is laying the groundwork for important changes in the right to political asylum in Latin America. The OAS juridical commission, with headquarters in Rio de Janeiro and composed of Argentina, Brazil, Chile, Colombia, the Dominican Republic, the United States, Mexico, Peru and Venezuela, is studying the possibility of eliminating the right to asylum for guerrillas and terrorists. This would put an end to situations such as occurred in the case of Emilio Menes, who was granted political asylum in Uruguay. He promptly began working with the Uruguayan terrorist Tupamaros against the nation that gave him protection.

Paris peace talks observers North Vietnamese and Viet Cong will not undertake any major attack against U.S. or other allied bases in South Vietnam for another two weeks—and may allow the lull in ground fighting to go on even longer.

Both have scaled down their military activities to see just how many more troops President Nixon will withdraw from South Vietnam, Nixon has said he would make an announcement about further reductions in late August.

Factors involved include progress in the Paris talks (there hasn't been any), improvement in the South Vietnamese army's ability to replace frontline U.S. units (it takes time to train them) and the level of fighting.

Since the Communists refused to grant political concessions, the only way to influence the Nixon decision was by reducing

interpret the present lull in the Vietnam fighting this way: The level of fighting—fighting will not be resumed, until Nixon's decision is known.

When the final figures are in, the United States is expected to lag behind the other member countries in the Organization for Economic Cooperation and Development (OECD). The OECD regularly publishes economic statistics for the West's 10

richest countries and Japan. Economic circles predict that the rate of growth in the United States will be about 1.5 per cent in the second quarter of 1969, while the European countries and Japan will have averaged a growth rate approaching 6 per cent.

Soviet leaders first will assess results of President Nixon's Asia and Romania trips and then may be expected to let the United States know whether it is ready to start the long-delayed, full-dress dialogue with the United States. The first step for move likely to be made in the sphere of disarmament, where a Soviet reply is awaited to Washington's recent invitation to begin the strategic arms limitations negotiations. Any progress in the preparatory moves could lead to a summit.

## Camas Site Yields Artifacts

**By ROBERTA DANIEL**  
Times-News Correspondent

**FAIRFIELD**—An archaeological team from ISU—Pocatello, under the direction of Dr. Earl Swanson, has just completed excavations on Camas Prairie. The finding of some extremely high quality and unusual Indian artifacts about ten years ago at the "Simon" site on the ranch of Mr. and Mrs. William D. Simon has sparked interest.

Dr. Swanson and a team worked on the Simon site in 1967, '68 and '69 and states that he plans to return again in 1970. He has established the fact that at one time there was an Indian camp at the site. He states that gravel strata show there was a creek and possibly a small lake at the site which is now dry farmland.

He and the team are attempting to find out why the Indian camped at this particular spot and where the artifacts came from. He has established that

the artifacts are probably around 11,000 years old and are of the Clovis type.

Part of the team worked in a rock shelter on Camas Prairie that has been called the Koonce site and it is on land owned by Mr. and Mrs. Luther Koonce. Some amateur rock hunters found about 42 arrowheads at the site in the past.

This is the first time that the ISU team have worked this site. They have discovered that it had a long sequence of occupation but it is a newer site than the Simon one. Layers of soil show that occupation was during different periods of time. Quite a few interesting artifacts were recovered from this site.

Dr. Swanson plans to spend more time on it next year when he and a team return to the prairie.

The Idaho Historical Society, Boise, made a field trip recently to both sites. A very large crowd was in attendance. Luther Koonce acted as guide on the prairie. Some of the rare artifacts found at the Simon site were shown the visitors.

A few years ago, a salvage team from ISU excavated a site on Wildhorse creek in Elmore county before a fill was made for Highway 229. The team collected a large amount of artifacts from the site and placed them in the ISU Museum. Similar diggings have been made at various places in Idaho.

Dr. Swanson notes unauthorized digging on public lands is against the law. He states that many valuable clues to the past have been destroyed forever by the careless digging of amateur collectors in Idaho.

Dr. Swanson marks the sites in squares and most of the work of excavation is done with a miner's hand pick, in order not to break any find. The dirt is placed in a bucket, and then sifted through a so called rocker or shaker, that is operated by hand.

This year's team included quite a few college girls. Mrs. Swanson and her family worked with the group.

Women's Section

Dear Abby  
By ABIGAIL VAN BUREN

**DEAR ABBY:** When I married my husband he promised he'd lose 10 pounds. He's only 5 ft. 8 in. and carries all his extra weight in his belly. I told him I couldn't think of anything more repulsive than being married to a fat man, and I meant it, too.

Well, we've been married for nine years, and instead of his LOSING 10 pounds like he promised, he GAINED 35 more!

Abby, when he starts getting amorous, that fat belly of his just knocks me cold.

He says if a wife really loves her husband, his belly won't matter. I say if a man really loves his wife he'll try to keep his sex appeal. I'd like your opinion.

**FAT MAN'S WIFE**

**DEAR WIFE:** What some women find "repulsive," other women overlook. I'm sure there are a lot of fat men who haven't suffered any loss of love because their physiques have gone to pot. (Women, too.)

**DEAR ABBY:** My brother is being married soon to a girl. I'll call Sharon. Sharon's aunt gave her a bridal shower to which my mother and I were not invited. The excuse she gave us was that the place was "too far away and hard to find." How about that?

My mother and I bought a shower gift anyway, and sent it to the shower with my brother. When Sharon's sister saw my brother bringing our shower gifts, she had a screaming fit and refused to give them to Sharon at the shower saying Sharon's mother and aunt would be embarrassed. Our gifts were given to Sharon later that evening after she came home from the shower.

Your thoughts on the matter would be appreciated by my mother and me.

**HURT AND UPSET**

**DEAR HURT:** If you were excluded from the shower for what you considered a phony reason, why, then did you send gifts? If your intentions were to humiliate the hostess, shame on you. I don't know the circumstances.

Area Couple Will Observe 60th Wedding Anniversary

**JEROME** — Mr. and Mrs. Harry C. Fritzier, Jerome, will be honored at an open house Sunday in observance of their 60th wedding anniversary.

Events

Members of the American War Mothers will have their annual picnic at 1 p.m. Friday at the Twin Falls City Park. Those attending are asked to bring a covered dish and their own table service.

**FILED** — The Four Square Club will hold its annual picnic at 1 p.m. Sunday at the Twin Falls County Fairgrounds. Members should bring picnic lunches, table service and juice for cold drinks.

The Golden Age Club will have a dance and card party Friday evening at the DAV Hall. All persons 60 years of age and over are welcome. Those attending are asked to bring a sack lunch and their own table service.

The Swinging Sixties will hold its meeting and dance at 8 p.m. Friday at the Moose Hall. All persons 60 years of age or older are welcome to attend. Those attending are asked to bring their own coffee cups.

**TURNED ON AGAIN**

**DEAR ABBY:** Please tell the man who wanted to become a registered nurse... but was not sure whether he would be accepted in a school because he had a police record... the following:

Anyone with a police record who wants to become a registered nurse should first investigate the requirements of the STATE BOARD OF NURSING. NOT the admission requirements of the nursing school.

I don't know how it is in other states, but in Indiana the applicants for examination and license as a R.N. must sign an affidavit stating that he has never been convicted of a felony or any other crime involving moral turpitude.

A. J. IN INDIANAPOLIS

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 8700, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

MR. AND MRS. HARRY C. FRITZLER

**BIRTHDAY OBSERVED**

**HAGERMAN** — Mr. and Mrs. Charles Sherwood recently attended the 84th birthday anniversary celebration for Mrs. Sharwood's mother, Mrs. Nettie Randat, Idaho Falls. The birthday cake was baked and decorated for Mrs. Randat by Mrs. George Lemmon, Hagerman.

Golden Wedding Anniversary Open-Home Set

**RUPERT** — The relatives of Mr. and Mrs. William Arthur Bailey, San Jacinto, Calif., will host an open house in their honor at the Heyburn LDS Cultural Hall from 3 to 6 p.m. Saturday. The occasion marks their Golden Wedding Anniversary.

William A. (Bill) Bailey and Rhea Baird were married Aug. 11, 1919, at Rupert by Bishop Henry Catmull. They resided at Albion and south of Rupert before moving to California.

**A WORKSHOP CALLED Creative Dress Design was held recently at Idaho State University with women from throughout the state participating. Shown here modeling dresses they made are, from left, Mrs. Margaret Woodward, Paul; Mrs. Clara Anderson, Twin Falls, and Mrs. Ferno Sparks, Aberdeen. The three-week workshop was sponsored by the ISU Home Economics Department, with Mildred Rothgarn as class instructor. The dresses the women are wearing are the original designs which were the culmination of the work in the class. This is the first year ISU has held the workshop.**

**Queen Named**

**JEROME** - Members of the Jerome Slimettes met for their regular meeting recently at the Farm Bureau Office. Twelve members weighed in, and Virgie Packer was queen for the week.

Thelma Bailey, president, conducted the meeting and entertained the members with a selection from the Reader's Digest. Scores were figured on the club contest.

The club meets each Thursday at 8:00 p.m. in the Farm Bureau office. All interested persons are invited to attend.

**Magic Valley Favorites**

**MRS. HERB STOREY**  
Route 2, Rupert

**Dill Pickles**  
Select fresh, evenly colored cucumbers. Wash and split cucumbers (2% of the way down) and pack into sterilized jars. Place several sprays of dill and one clove of garlic in jar. Heat to boiling the following mixture:  
3 cups water  
1 cup vinegar  
1/2 cup pickling salt  
1/2 teaspoon powdered alum  
Pour over cucumbers boiling hot, leaving one-fourth inch at top of jar. Seal.

Fickles will be firm and crisp.

**QUILTED LOOK**  
The quilted look is a big one for fall. Designer Adolfo of New York does quilted evening skirts in velvets and silks, taken from Portuguese silk patterns.

**Annual Picnic Scheduled By Royal Neighbors**

The annual picnic for the Royal Neighbor Lodge was planned at the recent meeting at the IOOF Hall.

The potluck event will be at 6:30 p.m. Aug. 14 at the Twin Falls City Park.

Committee members to plan and decorate a flower booth at the county fair were named, with Mrs. Don Treadwell as chairman, assisted by Mrs. Ted Samples, Mrs. Chris Sims and Mrs. Frieda Evans. Mrs. William Armita will make arrangements for the booth.

A thank-you card from Mrs. Lou Brown-Halley, was received. Cards were signed by the members to be sent to Myrtle Anderson, Mrs. Lee Purley, Jerome, Mrs. Lillian Harmon, Mrs. Whittred Whitehead and Gale Atwood.

Officers pro tem were Mrs. Don Treadwell, Mrs. Earl Shobe, Mrs. Armita and Mrs. Atwood.

Mrs. Don Treadwell received the special gift of the evening and Mrs. Velma Treadwell served refreshments.

**MARCIA ANN MEISTAD**  
**Is Engaged To William Tipton**

WENDELL - Mr. and Mrs. Al Meistad, Wendell, announce the engagement and forthcoming marriage of their daughter, Marcia Ann, to William C. Tipton, Pocatello.

Miss Meistad is a 1968 graduate of the Wendell High School and was graduated recently from Idaho State University School of Cosmetology. She is employed at Sharon's Salon, Pocatello.

Mr. Tipton is a 1967 graduate of Pocatello High School and is employed at S and A Fabricating.

The wedding is set for Sept. 13 at the United Methodist Church, Wendell.

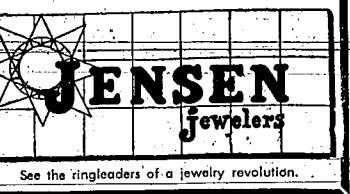

**Reunion Held**  
ALMO - Seventy-nine descendants of William Jones held their annual family reunion recently at the Burley State Park. Committee members who made the arrangements included Mrs. Ida Cahoon and Mrs. Oils Pries. Ernest Jones, 88, the oldest living member of the family, was in attendance. A family dinner was held and pictures were taken. Family members attended from Almo, Albion, Declo, Twin Falls, View, Smithfield, Burley, California, Oregon and Nevada.

## On-Spot

RUPERT — It's a newsmen's job to be as quick on the scene of an incident as possible, and Bill Whitton took-honors-Friday-afternoon.

It seems a 1967 Oldsmobile was headed for Rupert and had just reached the east city limits when an explosion was heard under the hood. Immediately the fire underpart of the vehicle was engulfed in flames, but the driver was able to bail out safely.

The Rupert city fire department answered the call and quickly extinguished the flames and prevented the gas tank from catching fire, but the car was demolished.

Even before the fire trucks could arrive, Mr. Whitton was there ready to report the incident to the anxious public. It was his car.

## Classified
