

## Pharmacist Warns Against Abuse Of Common Drugs

Editor's note: This is the third in a series of interviews on drug abuse in the Twin Falls area. This interview was conducted with David Nelson, a pharmacist in downtown Twin Falls.

**By FRED DODDS**  
Times-News Staff Writer

Q. Mr. Nelson, how long have you been a pharmacist in Twin Falls?

A. Since 1966.

Q. During this period have you noticed an increase in drug abuse?

A. No, we don't notice any through our store at all, except with some types of cough syrup maybe. This would be the only thing.

Q. How does this work?

A. Some people think, by taking a large quantity at a time, there is a problem in this area. I guess I would hang around some of the bars. But I have heard youngsters say they could buy it if they wanted to.

Q. Are you aware, outside of your business as a pharmacist, of any drug abuse?

A. I'm aware of only what I read in the paper and hear on the radio and so on.

Q. I'm a personal friend of a federal narcotics agent and in talking with him I'm aware that there is a problem in this area.

Q. How large a problem?

A. This I couldn't say. I've never come in contact with the problem myself. I've seen children sniffing glue.

Q. Where?

A. In back of our store.

Q. What can glue sniffing do to a child?

A. It is very damaging to the lungs. Glue contains organic solvents and the vapors are very harmful. There is a warning on the label. Vomiting and damage to the kidneys can result.

## Nampa Man Dies In House Fire

**NAMPA (UPI)**—A Nampa man died early today when fire of undetermined origin virtually destroyed his single-story, frame home.

City men identified the victim as Arthur Lunn. The man's body was found near a back door of the residence.

One fireman, Willard Brandburn, was injured while fighting the blaze. Officials said he fell from a truck while taking a hose from it and that the vehicle ran over his right hand.

Brandburn was taken to Mercy Hospital for treatment.

**GEN. EMILIO MEDICI**, new president of Brazil, may have to be confirmed at a special session of the country's Congress. A group of seven military leaders chose Medici Monday to succeed President Arthur Da Costa e Silva, who suffered a cerebral hemorrhage in August. (UPI telephoto) See story on page 6.

## Officials Not Convinced By Red Promise

**PARIS (UPI)**—Allied negotiators at the Vietnam talks are not convinced North Vietnam will keep its promise to directly inform relatives of the fate of U.S. prisoners missing in action, a South Vietnamese diplomat said today.

The diplomat, who asked not to be identified, said the issue of disclosing such information would not be dropped at the conference table even if Hanoi honors pledges to inform wives and relatives of American prisoners believed to be North Vietnamese captives.

## 8 Candidates Seek Three Burley Posts

**DURLEY**—Last minute filing at the Burley city clerk's office Monday morning brought to eight the number of candidates seeking the three councilman posts in the Nov. 4 election.

They also will be three-way races for the post of Burley mayor, with incumbent Mayor Joe Peters filing his petition at noon and Mack Crouch, former mayor, filing late Monday afternoon. Garis Robertson had filed earlier.

The Burley mayor's position is a full time job, with Mr. Peters completing the first four-year term. Mr. Crouch served a two-year term since the position became fulltime six years ago.

## Zoning Change OK'd For Fried Chicken Drive-In

A zoning change to permit construction of a drive-in fried chicken outlet in the 1000 block of Shoshone Street East was approved by the Twin Falls City Council Monday night, but only after a heated debate.

There was only one stipulation. Instead of being given a setback variance of 10 feet, as requested, the outlet will have to conform with the city code. There will be no setback allowed.

Councilman John Angerbauser voted "no" on an request to rezone the area to commercial, local so the outlet could be built in the area. Mayor Egon Kroll and Councilmen Robert Warberg, Eugene Stacey and Frank Feldman voted "yes."

Mr. Angerbauser said he did not like the idea of a drive-in type of restaurant being built in a residential area.

The council also will be three-way races for the post of Burley mayor, with incumbent Mayor Joe Peters filing his petition at noon and Mack Crouch, former mayor, filing late Monday afternoon. Garis Robertson had filed earlier.

The Burley mayor's position is a full time job, with Mr. Peters completing the first four-year term. Mr. Crouch served a two-year term since the position became fulltime six years ago.

## McClure Wins Silver Battle

**WASHINGTON (UPI)**—A battle in the war to mint real silver dollars was won Monday by Sen. James A. McClure, R-Idaho.

McClure made a plea to his colleagues not to adopt a suspension of the rules and pass a bill to mint a non-silver dollar.

McClure, who had been re-elected in his attempt to win approval for an Eisenhower silver dollar by the House Committee of Banking and Currency, asked fellow representatives to give advocates of a hard money system a chance to be heard.

## 7 Candidates In Race For 3 T.F. Posts

The deadline came, and a packed quietly Monday and the city now has seven candidates for three posts.

No one came in at the last minute to file a petition with the city clerk.

W. (Bill) Gelpen turned in his petition at 10 a.m. Monday and it was the last filed. The deadline was 5 p.m. Monday.

The city election will be held Nov. 4.

The three councilmen not seeking reelection are Mayor Egon Kroll, and Councilmen John Angerbauser and Robert Warberg.

## U.S. Must Stay In Vietnam

**SAGON (UPI)**—The United States will have to keep troops in Vietnam for "some time to come," the nation's top military man said today. More than 550 Army, reserve and National Guardsmen left the war zone.

As jet transport planes left fields in South Vietnam's northern quarter and the departing troops, Gen. Earle G. Wheeler, chairman of the U.S. Joint Chiefs of Staff, left Vietnam after a three-day visit.

## Turner Called To Answer Charges

**WASHINGTON (UPI)**—Senate investigators summoned Maj. Gen. Carl C. Turner to answer charges today he hushed up a service club scandal and used his office for a personal gain when he was the Army's provost marshal general.

Turner was fired one month ago by the Nixon administration. He has since taken a job he took after retiring as the Army's top police officer in November.

## Haynsworth's Offer Fails To Help

**WASHINGTON (UPI)**—Offer to put his \$1 million stock portfolio in trust failed today to help his client win his nomination to the Supreme Court.

Sen. Birch Bayh, D-Ind., said he still did not have a list of dates he considers vital to his plan to check every stock purchase and sale Haynsworth has made since 1957.

## Cooling Off

**WASHINGTON (UPI)**—Nixon administration economists believe the sharpest increase in unemployment in three years may indicate a cooling off of inflation.

Only the most optimistic of economists have felt the inflated economy can be cooled down without some increase in unemployment. But there are wide differences of opinion as to how much unemployment is an acceptable price to pay.

## Appointed

**Floyd Roblison**, former Twin Falls city police officer, has been named as the new enforcement officer for Twin Falls, Cassia, Jerome and Minidoka counties, effective Oct. 15, according to Richard Hinkley, director of the Idaho Liquor Law Enforcement division.

Mr. Roblison, who will live in Jerome, replaces Wayne Hinkley, who died about a month ago. Investigators from Shoshone and Pocatello have been covering Roblison's former territory since Mr. Hinkley became ill several months ago.

## Governor Views Training School

**By LINDY HIGH**

**BOISE (UPI)**—Gov. Don Samuelson said today the rehabilitation program at St. Anthony Industrial Training School, while not a success, is probably the best we can do under these circumstances.

At his weekly news conference Samuelson said the youths from all over the state, often from families where they were not wanted.

## Cuban Pilot May Return MIG17 Today

**PHOENIX (UPI)**—A Cuban pilot may return a Soviet built MIG17 to the Communist island today if weather clears over Cuba.

The swept-wing jet fighter was flown to Homestead Air Force Base Sunday by a defector Cuban pilot who evaded both his own air force and the U.S. defense network until 13 minutes before landing.

## State Advised To Plan Now For Growth

"Now is the ideal time for the state to begin comprehensive planning," Herb Derrick, new state planning director and former Twin Falls City manager, said Monday during a meeting of the Idaho Department of Commerce and Development advisory board.

The meeting was held in Twin Falls and was the first in a series of meetings. Derrick said it would do little good to pass laws to prevent pollution and spreading of litter unless the people approve. "They are the jury," he said. "They must back us up."

Mr. Derrick said the extensive growth period Idaho is entering includes population, tourism and state and industry growth.

"If we are to preserve what we have in recreation and outdoor advantages, we have to make some immediate plans to provide for this growth," he said.

Al Milton, executive secretary of the commerce and development department, also was present at the meeting. He said the department has been increasing advertising budget for his department. He said advertising costs have been running about \$300,000, but that amount will be boosted to over \$400,000.

**SMALL IDAHO DISPLAYS** like this one will be sent to national conventions by the Idaho Department of Commerce and Development. The use of volunteer Idaho boosters, who will carry the literature to conventions they will be attending during the next year, was part of an extensive advertising campaign announced by the department at a meeting of its advisory board Monday in Twin Falls. From left are Al Milton, Boise, executive secretary, and Alex Crook, Idaho Falls, chairman of the advisory board.

A varied program will be presented by the Three D's, popular recording trio, when they appear in the Burley High School, at 8 p.m. Oct. 15, sponsored by the Burley community. The members, Dick Davis, Dennis Sorenson and Duane Hlatt, all are graduates of Brigham Young University in different fields. They have toured Vietnam where they entertained servicemen and have performed in Korea, Japan, Guam and Okinawa.

### Sylvan Burgi Is Seeking Re-Election In Burley Vote

BURLEY — Sylvan Burgi, incumbent councilman, has filed his petition with the city clerk's office making the first announcement to file in the Nov. 4 city election when three city councilmen and a mayor will be elected. All three councilmen posts are four-year terms.

Burgi is completing his first four-year term and is seeking his second term. The decision to seek re-election was "my own. I have not obligated myself to anyone or any group and I'm running as an independent," he stated.

"Something's got to be done about the city finances. We've got to have stricter control of our spending," stated Burgi. Defending his record on the council, he stated, "I have been one that was opposed to purchasing some of the equipment that has been purchased. The records will show that I've been opposed to purchasing the new equipment on the basis that the equipment could be repaired and the purchase of new equipment was not absolutely necessary," Burgi said.

"I voted my own convictions, the way I see each topic," he added.

Burgi was born and raised in Midway, Utah, and came to Burley in 1951 where he has since resided. He has no special hobbies but does spend considerable time visiting hospital patients. An active member of the LDS Church and has held various positions in the church.

He is employed by Gordon Paving Co., Burley.

Burgi and his wife, Alene, reside at 1024 Alma Ave. and the couple have two daughters, one attends Burley High School and the other is a student at Brigham Young University.

SYLVAN BURGI

### Officers Elected At Cub Meeting

Tom Kiely was named Cubmaster at a recent meeting of Cub Scout Pack No. 76. The pack is sponsored by Harrison School.

Other officers named at the meeting were: Tom McDonnell, assistant Cubmaster; Jerry Hale, committee chairman; Clayton Rudd, assistant committee chairman; Dave Fix, treasurer; Charles Hitchcock and Fred Maroff, Webelos leaders; Bill Nutting, institutional representative; Larry Andrus and Jack Madison, property managers; and Elmer Harmon, public relations.

### Jobless Rate Shoots Up 42 Per Cent

WASHINGTON (UPI) — The employment rate shot up to 42 per cent last month—its highest level in 23 months with the increase hitting hardest among young, white blue collar workers, the Labor Department reported today.

The seasonally adjusted unemployment rate of 4 per cent of the labor force was a rise of 0.5 per cent over August, the biggest one-month jump in nine years, moving to its highest point since October, 1967, when it was 4.2 per cent.

Harold Goldstein, assistant commissioner of the Bureau of Labor Statistics, cautioned that one-month changes "are not always significant."

But at the same time he said it was significant that the jobless rate increased from 3.3 per cent in the first quarter, lowest since World War II, to 3.5 per cent in the second quarter and 3.7 per cent in the third quarter.

A total of 2,950,000 workers were listed as unemployed last month; about 90,000 more than August.

### Prediction Made For Man On Mars

MOSCOW, Idaho (UPI) — Dr. Donald A. Morrison, staff geologist with the National Aeronautics and Space Administration, predicted there would be "a man on Mars by the year 1980" in a speech here over the weekend.

Morrison, a 1965 graduate of the University of Idaho, said "Exploration of Mars should occur before the end of this century, very possibly by the year 1980."

He said the search of the Martian surface will be more easily accomplished than expected.

### Women Find it's Thrilling to Color Photos in Oils!

According to the publisher of a new book in Chicago, women are finding it's thrilling to color photographs in oils. The book, "Coloring for Women," is available in paperback and hardcover. It contains 100 color photographs of women in various poses and settings. The book is designed to help women develop their artistic skills and enjoy the process of coloring. The publisher, Red's Trading Post, is located in Chicago, Illinois.

### Inventive

SALT LAKE CITY (UPI) — Two Salt Lake City Water Department employees have come up with a simple 25-cent device to decrease erosion of water pipes.

Richard F. Sherwood, water production superintendent, and LeRoy W. Hooton Jr., a treatment plant superintendent, are replacing a \$57 brass valve with a rubber ball vacuum release.

The rubber balls, said E. J. Garn, water commissioner, will mean "a tremendous saving over the years from the removal of water and tear on the pipes and the valves."

Garn said that with the rubber valves there would be virtually no wear and no clutter.

### Popular Trio To Appear Oct. 15 at Burley School

BURLEY — The Three D's, popular recording trio, will be featured at 8 p.m. Oct. 15 at Burley High School, sponsored by the Burley community.

The group's changes through Broadway show tunes, movie themes, "Top Forty" hits and original music set to classic poetry. Between songs, the Three D's humor runs the same kind of gamut, from subtle commentary on the current scene to a way-out parody on a Spanish bullfight. Just when the audience thinks they may have seen it all, the trio drops into a moving dramatic interpretation of a scene from great literature.

One reason for all the variety in the Three D's concert is that they perform for many and varied audiences. The trio just returned from an extended booking at the Thunderbird Hotel in Las Vegas, Nev. Before that, they toured Vietnam entertaining the Armed Forces. They have performed in Korea, Japan, Guam and Okinawa.

Their work has taken the trio to college campuses throughout most of the United States and Canada.

The Three D's concert is inevitable also because it is an outgrowth of their own unique personalities. All three—Dick Davis, Dennis Sorenson and Duane Hlatt, are graduates of Brigham Young University in different fields. "Dick" was in a speech and hearing therapy. He is the group's composer and musical arranger and rhythm. He also doubles in brass when needed.

Dennis' tastes run more to languages. He holds a master's degree in international affairs, and speaks fluent Portuguese as well as French and Spanish. He sings high tenor and plays bass in the trio.

Duane, lead guitarist, drummer and spokesman for the group on stage, was graduated in journalism and was a reporter with the Associated Press.

The Three D's record for Capitol Records.

Advance tickets for the Three D's Concert is available from all members of the Burley Seminary or by contacting Jack Holland at Sav-Mor Drug, Overland Shopping Center.

### SUBS ARRIVE

YOKOSUKA, Japan (UPI) — The nuclear-powered submarines USS Swarthall and USS Plunger arrived Monday to provide rest and recreation leaves for the crews.

### Abandon Hope

ESSEN, Germany (UPI) — Authorities Monday abandoned hope for three miners trapped in a coal mine disaster since last Thursday. Five miners were rescued Sunday 81 hours after a collapse in a tunnel of the Emil Fritze mine of the Hoersch Co.

FLAGSHIP SAILS

HELSINKI (UPI) — The USS Newport News, flagship of the U.S. 2nd Fleet, left Helsinki Monday after a four-day port call. More than 21,000 Finns came aboard the 21,000-ton cruiser Saturday and Sunday for conducted tours.

### New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — If you don't suffer from male pattern baldness, you can now stop your hair loss... and grow more hair.

For years "they said it couldn't be done" — but now... Laboratory consultants have developed a treatment for both men and women, that is not only stopping hair loss... but it's really growing hair.

They didn't even ask you to take their word for it, if they believe that the treatment will help you, they invite you to try it for 32 days, get their risk, and see for yourself!

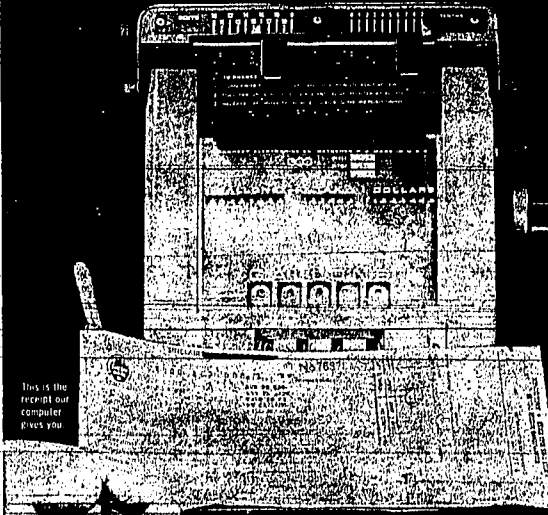

The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped.

but, if you are not entirely slick bald, how can you be sure what is actually causing your hair loss? Even if baldness may seem to "run in your family," this is certainly no proof of the cause of YOUR hair loss.

Many conditions can cause hair loss. No matter which one is causing your hair loss... if you want to stop your hair loss and your hair roots are not dead, you are beyond help, so, if you find you have very weak hair on top of your head, and would like to stop your hair loss and grow more hair... now is the time to do something about it before it's too late.

Loesch Laboratory Consultants, Inc. will supply you with treatment for 32 days, at their risk, if they believe the treatment will help you. Just send them the information below. All inquiries are answered confidentially, by mail and without obligation.

### With Sinclair Heating Oil you get what you pay for.

Here's proof:

When you get your heating oil from Sinclair, you can be sure you receive full measure every time it's delivered. What's more, you can be sure the price you pay is accurate. Each Sinclair truck is equipped with a modern computer that automatically records the quantity delivered, price per gallon and sales tax, if any—then adds it all up quickly and correctly and prints this information on your receipt.

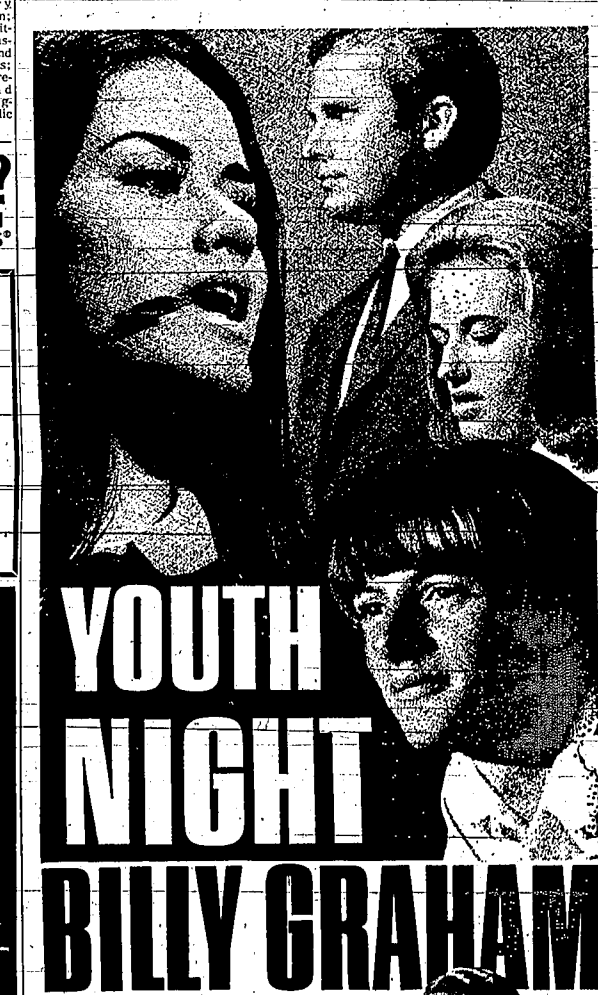

Call Sinclair for dependable, automatic, computerized delivery of Sinclair Heating Oil—the clean, safe modern heat. Drive with care and buy Sinclair.

The School

The evolution in the nation's schools, touched off by the ascent of Sputnik 1 12 years ago continues - indeed, gathers momentum.

Not to minimize the importance of creating a school environment conducive to learning, but one wonders how the nation ever survived the era of the rigid and sterile, not to mention cold and drafty, one-room schoolhouse.

An older generation which has not yet assimilated such radically different teaching methods as the New Math finds itself confronted today with a kind of teacher militancy, demands by minority groups, their needs at long last be ministered to and student revolt against dress and other regulations and agitation for a voice in the educational process.

The real question, of course, is whether the nation can survive the present era, for not only are students and teachers' desks come unbolting, but so have a lot of other things in American society.

A participant in the conference called for drastic changes if schools are to meet the challenge of the age. "We can't take the current vehicle we call education and modify it to meet today's problems any more than we can modify the basic engine airplane for a moon shot."

"After a dozen years of unprecedented financial aid to education and unparalelled experimentation and innovation, the present nature is not a rosy one," claims the Council for Basic Education, a nonprofit, Washington-based organization pledged to the encouragement of high academic standards in American schools.

Another educator criticized the fact that schools, particularly junior and senior high schools, have been designed with a rigidity and sterility more appropriate for prisons than for places of learning.

"The schools seem to be increasingly inefficient, especially in the big cities, in carrying out their essential first task of imparting simple literacy."

Many schools still have desks screwed to the floors, set in neat rows, located in small, square rooms divided one from the other by floor-to-ceiling walls, noted Harold B. Gores, director of the Educational Facilities Laboratory of the Ford Foundation.

"The 'new Math'... has not worked out as a panacea for improving the basic (computational) skills. The new English has banned 'Silas Marner' but the result has hardly been a new love for the native language of the part of students. In this field we are probably worse off than we were."

It is no wonder, said Gores, that students wear buttons reading: "I am a human being - do not fold, bend or mutilate."

"The 'new Math'... has not worked out as a panacea for improving the basic (computational) skills. The new English has banned 'Silas Marner' but the result has hardly been a new love for the native language of the part of students. In this field we are probably worse off than we were."

It is no wonder, said Gores, that students wear buttons reading: "I am a human being - do not fold, bend or mutilate."

What we seem to have lost sight of in our pursuit of "relevancy" in education is that the fundamental purpose of a school is to provide each generation of children with the tools of knowledge which will enable them to realize their individual potentials and become productive and contributing members of society.

MR. SPECTATOR

American Newspapers

National Newspaper Week is much more meaningful in the United States than it would be in any other country, but nowhere else in the world is freedom of the press as well established or as jealously guarded as it is here.

GIVEAWAY DEPT.

Have six puppies to give away. They are Collie and English sheepdog, a cross. Please call 324-4129.

It is not by accident that a free society depends upon a free press, and vice versa. The two are inseparable.

Have a couple of dogs which must give away. One is a small purebred female Blue Australian. She is spayed. The other is a young Border Collie stock dog. You can see them one and one-half miles west of Fairview Service Station between Buhl and Castleford or call telephone Fred Stimson at 543-5846.

In fulfilling their responsibilities as honest chroniclers of the news, American newspapers perform a more important service than in any other country, about affairs of politics, commerce and human failures and accomplishments, v.l.a. though these efforts are.

Four adorable baby puppies to give away. Two are males. You can see them five miles south of Wendell, one and one-half west, one and one-half west. Or call 536-2754.

The free press stands as a roadblock between the unorganized individual citizen and organized society which threatens to swallow him in its excesses. Let a voice of honest dissent arise, and the newspaper is there to record it. Let bureaucracy try to strangle the free press, and it is there to put something over on an unsuspecting public and the newspaper is there to expose it.

KEEP IN TOUCH

Remember Mariners 6 and 7? The saga of the little satellites did not end when they completed their historic photo fly-by of Mars and dropped off the front pages. They are still out there in orbits some 140 million miles from the sun, and still functioning.

Let a national cancer reach the dangerous stage - and newspapers serve as meeting grounds for arguments seeking a course of action. Let a major calamity strike a part of the people, and the newspaper leads in tendering aid.

Currently they are talking radiation readings on the galaxy, measuring the public about the earth because of the atmosphere. Future experiments may utilize the Mariners' TV systems to photograph stars. And early next year, when they will be on the opposite side of the sun from earth, the effect of sun's rays on man's half-brother transmissions is expected to shed further light on the theory of relativity.

Freedom of the press is not the exclusive property of the newspapers. It belongs to each citizen and can endure only so long as he recognizes and practices his part in the whole scheme of things.

Whether the space program in the end is worth the immense cost, particularly now that a manned landing on Mars will require more billions, may still be a question. But it is comforting to know that in at least this case we are getting extra dividends on the investment.

National Newspaper Week is not so much a time for celebration as a time for renewed dedication to the essential principles for which this and every American newspaper exists.

Whether the space program in the end is worth the immense cost, particularly now that a manned landing on Mars will require more billions, may still be a question. But it is comforting to know that in at least this case we are getting extra dividends on the investment.

Regardless of how difficult the problems of an era may be, so long as the free press exists and prospers a primary tool for their solution remains in the hands of the people.

Whether the space program in the end is worth the immense cost, particularly now that a manned landing on Mars will require more billions, may still be a question. But it is comforting to know that in at least this case we are getting extra dividends on the investment.

THE FLEA

Great Fleas have little Fleas Upon their backs to bite 'em. Little Fleas have lesser Fleas And so on ad infinitum.

WASHINGTON - President Nixon's good friend, Robert Finch, secretary of health, education and welfare, has apparently lost another decision in President Nixon's White House - this one involving funds for education.

Involved here are funds added by the House to the annual HEW appropriations bill. More than \$1.1 billion dollars, above and beyond President Nixon's budget, was pumped into education programs in the \$17.5 billion bill, which is now awaiting Senate action.

When Finch took the matter up with the White House, however, the answer - from Dr. Arthur F. Burns, Nixon's economic adviser - was an unequivocal: No.

Finch has formally urged the Senate to remove all of the \$1.1 billion in additional education money. He took the same position with respect to the smaller sums added to health care in the bill.

On Your Marks...

BRUCE BOSSAT

About Issue Ridden Nixon

WASHINGTON (NEA) - President Nixon may be well on his way to discovering that in this tangled era there may be no nice way to be president, nor to run the White House establishment.

hand in their notices, the matter cannot quite be dismissed as the accidental conjunction of two plausible individual plans.

The pressures are building against him to move faster to disengage this country from the Vietnam war. And knowledgeable sources say a still-rampant inflation weighs almost as heavily on his mind.

Granting that exhaustion can overtake some on this hard-driven staff, or that legitimate career changes may beckon, it is hard to accept the sudden flurry of interest the departing staff men have shown in law firms, research institutions and so on.

As if all this were not enough, he has to face the fact that his huge White House staff may be functioning less smoothly today than in its early shakedown months.

Several sources believe the Kissinger staff has suffered an embarrassment of riches. Says one source qualified to judge:

When in a short time five members of Henry Kissinger's National Security Council staff

board in foreign policy and related matters.

Men who come into this NSC nerve center know they are where the biggest action is. "Henry is running the world," says one wagsish observer. His staff has operations, coordinating and review duties across the

There has been a collision of too many talents. As a result there are a lot of bruised egos on that staff."

PAUL HARVEY

Cool Summer

I see daylight at the far end of the tunnel. The long, hot summer so many predicted never materialized.

The conservative Youth American League (YAL) has announced its membership with ways college students can settle campus disturbances by taking the disruptors to court.

Comparatively, it was a cool summer. During the first seven months of 1969, there were just seven incidents classified as "riots." A year ago there had been 24.

Other factors are involved in the departures. Kissinger runs his staff a little like an isolation ward, with little ventilation. There are oblique hints, too, that Nixon officials whose main concerns are domestic have felt the heat that the NSC considers and added to the ego burning.

Significantly, this year's incidents of violence have been in smaller cities and towns which had not prepared themselves as the police departments of big cities have.

Other factors are involved in the departures. Kissinger runs his staff a little like an isolation ward, with little ventilation. There are oblique hints, too, that Nixon officials whose main concerns are domestic have felt the heat that the NSC considers and added to the ego burning.

Now we are returning to school. Again, we are hearing an ominous prognosis for classroom and campus disturbances exceeding in scope and scale any heretofore. I'm betting against that.

None of this is fatal to Nixon's course. Kissinger's operation remains here in a tight control. He will have to be of some concern, Kissinger's tough command here is a bright contrast to the long-uncoordinated White House operations in the domestic sphere.

College and universities caught utterly unprepared for the invasion of outside disruptors and the resultant epidemic of student anarchy, have since quietly "armed" themselves in preparation for this school year.

None of this is fatal to Nixon's course. Kissinger's operation remains here in a tight control. He will have to be of some concern, Kissinger's tough command here is a bright contrast to the long-uncoordinated White House operations in the domestic sphere.

In California, two new laws now provide criminal penalties for anybody who returns without permission after having been ordered off a campus. Also, state financial aid is automatically revoked for students taking part in campus disorders.

None of this is fatal to Nixon's course. Kissinger's operation remains here in a tight control. He will have to be of some concern, Kissinger's tough command here is a bright contrast to the long-uncoordinated White House operations in the domestic sphere.

Last year cost \$3 million in destruction of college and university property. This year, Notre Dame is offering an undergraduate credit course in nonviolence.

None of this is fatal to Nixon's course. Kissinger's operation remains here in a tight control. He will have to be of some concern, Kissinger's tough command here is a bright contrast to the long-uncoordinated White House operations in the domestic sphere.

GEORGE C. THOSTESON, M.D.

Aging And Change

Dear Dr. Thosteson: I can understand how hardening of the arteries can affect a person's memory, but will you please explain how it seems to change a person's whole personality? In so many cases the person becomes very suspicious and even accuses the ones who are closest to him.-Mrs. K.F.

Dear Dr. Thosteson: Please send your booklet, "How You Can Control Arthritis," for which I enclose 35 cents and a long self-addressed, stamped envelope.

Different parts of the brain have different functions - and different portions may be affected by high blood pressure, hardening of the arteries, or other conditions.

I am 38 and have osteoarthritis in my spine. My doctor and I have finally found a medication I can take without side effect. In the beginning my legs were like lead, arms and shoulders ached. Now I am much better.

But even then the exact factors may vary from person to person. Sometimes these unhappy behavior patterns (suspicion, etc.) may be traits which, however, the person has been able to control and keep inhibited.

One of the emphatic points in my booklet is that arthritis can be helped if care is not put off too long. Your point, that it sometimes takes time to find the treatment which will suit the patient, is a valid one.

Several sources believe the Kissinger staff has suffered an embarrassment of riches. Says one source qualified to judge:

Dear Dr. Thosteson: I have received your booklet on arthritis. I have a question. What are the necessary steps when this happens? W.S.

There has been a collision of too many talents. As a result there are a lot of bruised egos on that staff."

Dear Dr. Thosteson: I am an arthritic person who finds when he reads your booklet on arthritis, I find it very helpful. I would like to order a copy. Please send me a copy by mail, send 20 cents in coin and a self-addressed, stamped envelope to Dr. Thosteson, care of this newspaper.

Other factors are involved in the departures. Kissinger runs his staff a little like an isolation ward, with little ventilation. There are oblique hints, too, that Nixon officials whose main concerns are domestic have felt the heat that the NSC considers and added to the ego burning.

Dear Dr. Thosteson: I am an arthritic person who finds when he reads your booklet on arthritis, I find it very helpful. I would like to order a copy. Please send me a copy by mail, send 20 cents in coin and a self-addressed, stamped envelope to Dr. Thosteson, care of this newspaper.

None of this is fatal to Nixon's course. Kissinger's operation remains here in a tight control. He will have to be of some concern, Kissinger's tough command here is a bright contrast to the long-uncoordinated White House operations in the domestic sphere.

# Dear Abby

By ABIGAIL VAN BUREN

**DEAR ABBY:** As a cat owner and unofficial pet consultant on the Jackson Hole Journal, I found your letter about the allurphic (cat-hating) mother-in-law very interesting.

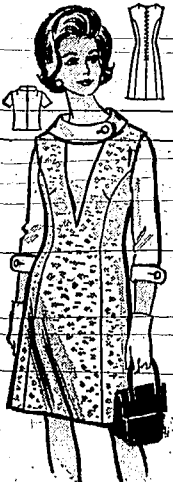

You are right. The story about cats sucking babies' breaths is an old wives tale, left over from the days when cats were thought to be messengers of the devil and the familiar companions of witches.

You are misled about ringworm, however. Once contracted ringworm from a Siamese kitten, it's not a major threat, however, and is easily recognized by patches, skin and "bad spots." If a cat HAS ringworm, it can be transmitted to humans—especially children.

Ringworm is found in cats who have roamed and been in contact with other animals. A well-cared for, stay-at-home cat as a rule does not have ringworm. Sincerely,  
CAROLYN MCELDOWNEY

**DEAR ABBY:** May I add my two cents to the cat problem? We had a cat named MAY-SHEH who was a real swaying bachelor, and before we realized it, MAY-SHEH had picked up ringworm and had given it to all the kids in the family.

## Marian Martin Pattern

9278  
SIZES 12½-26½  
by Marian Martin

**ULTRA-EASY!** Princess line, make this youthful jumper so slimming, and so simple to sew! Team it with smart, collared blouse.

Printed Pattern 9278. It is 11 Sizes 12½, 14½, 16½, 18½, 20½, 22½, 24½, 26½. Size 16½ (bust 37) jumper 2½ yds., 45-in.; blouse 2½ yds., 35-in.

Sixty-five cents in cents for each pattern—add 15 cents for each pattern for first-class mailing and special handling. Send to Marian Martin, Times-News, 305 Patten Dept., 202 West 18th St., New York, N. Y. 10011. Print name, address with zip, size and style number.

New fall-winter pattern catalog—over 100 styles, free pattern coupon, 50c. Instant sewing book sent today, wear tomorrow. \$1. Instant fashion book—what you need to know—necessary, figure first! Only \$1!

MRS. KENNETH WALKER, center, serves Mrs. Donald Zuck, right, past president of the St. Edward's Council of Catholic Women, and Mrs. Jim Martin, Burley, South Central Idaho Diocese president, during the recent Membership Tag-hosted by the local council. Mrs. Walker is president of St. Edward's Council. The tea was held at the Catholic Parish Hall, with Mrs. Martin as special guest.

## Rummage Sale Scheduled For

**Bethel No. 56**

Plans were made for a rummage sale and "Go-to-Church" Sunday when members of Bethel No. 56, International Order of Job's Daughters, met recently at the Masonic Temple.

The rummage sale will be held in October and the special Sunday observance is slated for Nov. 16.

Special introductions were given to Mrs. Erma Scott, Grand Bethel guide for the state of Idaho—and Mrs. Lucille Kelly, Grand Bethel second messenger of the state of Idaho and grand of Bethel No. 56; Art Wiley, Grand Bethel outer-guard of the state of Idaho and pro tem associate-guardian; Marie Perkins, past guardian of Bethel No. 56; and Becky Atwood, Grand Bethel representative to Illinois.

Cheryl Machamer, librarian, read her report, "Faking Big Bites" and "The Little Homey Things." Debbie Sharp, a n d Becky Atwood were chosen "Jobbies of the Meeting."

**DEAR ABBY:** Maybe you say that cats do not suck breath from babies, but I know better. Why? I picked cats out from my baby's chest just in the nick of time to save that child's life. Here that big old cat was, right at top of her ready to suffocate her!

You say the cats can smell milk around the baby's mouth and that is what attracts them.

**MRS. L.R.W., OKLA. CITY**

**DEAR ABBY:** Shame on that woman who told her pregnant daughter-in-law she should get rid of her pet cat before bringing a new-born baby into the house!

Of course ANY animal which HAS a disease can infect the human members of the family, but why assume ALL cats have ringworm?

I raised all my children with cats, and they make wonderful pets. I have adopted many stray kittens and cats, but the vets taking them to the vet to determine the condition of their health first. ALL house pets should be confined to the house, and should they get loose outside and come into contact with other animals, they should be examined by a vet before allowed to join the family again.

**LOVES CATS**

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 63780, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

## Rebekah Degree Is Discussed

**BUHL**—Mrs. Anna Leth and Mrs. Margaret Miller read articles on the founding of the Rebekah Degree when the Buhl Rebekah Lodge No. 29 met at the IOOF Hall, with Mrs. Jerry Maxton, noble grand, in charge of activities.

It was decided the wheelchairs and other hospital equipment be put in usable condition by the trustees.

Hostesses for the meeting were Mrs. Floyd Beuphey, Mrs. Rex Gainforth and Mrs. Lester McNeil.

## National Wool Contest Slated

The national Make-It-Yourself-with-Wool Contest—is drawing many talented teen-age contestants from the Twin Falls area.

**Elsie Lindgren Speaks At Meet**

Elsie Lindgren was speaker during the 21 Chapter, Delta Kappa Gamma, luncheon meeting at the Rogerson Hotel Roundup Room.

"Doors," explained how all persons should be ready and willing to open new doors without fear and accept the duties or rewards.

Her subject, "Doors," explained how all persons should be ready and willing to open new doors without fear and accept the duties or rewards.

The tables were decorated with pink dahlias by Bernice Babcock, Mrs. Ellen Brose and Mrs. Lois Staudley.

The next meeting will be held Oct. 25 at the Rogerson, with Blancha Senft, state president, in attendance.

**THE NATIONAL FINALS WILL BE IN DENVER, COLO., JAN. 22, 1970.**

Contact Mrs. Egullior, Route 1, Box 35, Paul, or Mrs. Lloyd Patterson, Route 1 Box 81, Paul, for further information.

## FREE GROUP OR INDIVIDUAL PORTRAIT IN BEAUTIFUL LIVING COLOR

## Mom—Dad and All The Kiddies May Be Photographed Free.

You can have each member of the family photographed in several poses, and pick any one of them for your free portrait! We only ask that all children be accompanied by a parent.

**DON'T MISS THIS OPPORTUNITY**

To get a living color portrait you will treasure always. Several poses are taken and low cost additional portraits are available for those who wish them.

It's our way of saying "Thank You" to our many regular customers, and "Welcome" to everyone else. Incidentally, we believe these photographs are really something special. They're beautifully posed portraits—not snapshots. And don't forget they'll be in living color, so dress the children in bright colors.

A gift to you from:

**RANDALL'S GREENAWALT STORE**  
Lynwood Shopping Center, Twin Falls, Idaho

Thursday & Friday, October 9 & 10  
10:00 a.m. to 6:00 p.m.

## Yoga Class Is Scheduled By Local YWCA

The YWCA is introducing another new class. Mrs. Eve McBride, Burley, will instruct two classes in Yoga.

Mrs. McBride is an ardent Yoga and has a 15 year background in Yoga. She has studied under well known Yogis in California before coming to Idaho.

Yogi is for everyone. A person has the makings of a more supple, healthy body if he can breathe and stretch a breathing and stretching is the basis of Yoga. It is an art of postures coupled with deep rhythmic breathing. In these days of sharp-edged nerves, jets and whirling satellites, the old art still has power to make tranquilizers, barbiturates and laxatives and other crutches unnecessary.

The purpose of Yoga is not muscular development, but spinal flexibility and elasticity of the muscles.

Mrs. McBride will instruct classes on Thursday at 8:30 a.m. and Thursday at 7 p.m. There will be eight sessions ending Oct. 9. For further information call the YWCA, 733-264 or come to 1751 Elizabeth Blvd.

\*\*\*

## Events

Twin Falls Music Club reminds all Music Club members to attend the operatic aria with interpretative ballet at the College of Southern Idaho Fine Arts Center at 8 p.m. Friday. No reservations are needed and the public is welcome. The Twin Falls Music Club is a member of the National Federation of Music Clubs.

**HANSEN**—The Hansen Royal Neighbors rummage sale will be held from 9 a.m. to 5 p.m. Friday and Saturday at 135 2nd Ave.-S., Twin Falls. Those having articles to donate for the sale can leave them at the home of Mrs. Jessie Calico, Hansen.

Desert Gold CowBelles are sponsoring a free belt cutting.

### Magic Valley Favorites

MRS. LEO ROSS, Hostess

**Sweet Pickle Relish**

4 quarts green tomatoes  
4 quarts onions  
24 sweet red and green peppers  
2 bunches celery  
2 ounces mixed pickling spices  
5 pounds sugar  
2 quarts vinegar

Cut and seed the tomatoes. Halve the onions and peppers. Let the tomatoes, peppers and onions stand overnight in salt water.

The next day, drain off the salt water and grind the vegetables with the celery. Squeeze or drain juice off again.

Tie the pickling spices loosely in a cloth bag. Bring the sugar, vinegar and spices to a boil, then add the ground, drained vegetables. Cook until the onions are tender and the vegetables are clear. Remove spice bag.

Pour into hot, sterilized jars and seal.

(The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.)

# Nixon Restores Federal Fund Eligibility To 2 Segregated Mississippi School Units

By CRAIG A. PALMER

WASHINGTON (UPI) — The Nixon administration yesterday restored federal fund eligibility to two segregated Mississippi school districts several weeks after Vice President Spiro Agnew angrily charged they should not be denied hurricane disaster aid.

The two are Bay St. Louis Municipal Separate School Districts and Stone County schools. A spokesman for the Department of Health, Education and Welfare (HEW) said the districts were under way with two other districts damaged by Hurricane Camille. — Piquayune Municipal Separate School District, which consolidated both have been ineligible for federal funds because of Johnson administration rulings they were segregated.

Shortly after the hurricane swept Mississippi and Louisiana's Gulf Coast in August, Agnew criticized a federal disaster aid official's statement that school districts where federal funds are halted because of segregation would not be eligible for federal disaster aid.

Several weeks later the two Mississippi districts' eligibility for federal funds was restored by the Department of Health, Education and Welfare.

Asked what part Agnew played in the decision, a HEW spokesman replied, "as far as I know, Agnew had no part in it."

It was learned the matter was discussed with the President at a Cabinet meeting at the San Clemente Calif. White House shortly after Agnew criticized the HEW position; Agnew's office declined comment.

The spokesman said the districts submitted acceptable desegregation plans as a result of negotiations with HEW.

"This is a natural event that brought us together was the hurricane," he said.

# Branching Out

ATLANTIC CITY, N.J. (UPI) — All but 15 of the nation's 113 crime syndicate bosses have branched out into legitimate business, according to Internal Revenue Commissioner Randal W. Throner, He told tax executives in a meeting the big-time crooks have engaged in 159 separate businesses, including 32 in night clubs, 17 in real estate, 10 in hotels or motels, 10 in vending machines, 8 in restaurants, 8 in trucking, 7 in food wholesaling and 6 in money lending. Throner declined to name any of the 113.

# Golda Meir Leaves U.S. For Israel

NEW YORK (UPI) — Israeli Premier Golda Meir flew home Monday night after sending a telegram to President Nixon calling her visit "truly one of the highlights of my life."

Earlier in the day, she addressed the AFL-CIO Convention in Atlantic City, telling delegates Israel needs money and arms from the United States—but no troops.

During her stay, Mrs. Meir met privately in Washington with the President and his aides to discuss the possible sale of Phantom jets which Israel needs particularly since the French refused to deliver fighter planes already paid for.

Mrs. Meir received the keys to the City of New York and was feted at one of the largest dinners ever given. She received a more restrained reception at the United Nations.

Her goodbye telegram to Nixon said, "I have had truly one of the highlights of my life. May I extend my warmest regards and very best wishes to you and to the people of the United States whose kindness to me wherever I went I shall always treasure."

# Two Professors Hit FDA Tests On New Drugs

WASHINGTON (UPI) — Two medical professors say the Food and Drug Administration's proposed regulations for the testing of new drugs on human volunteers are not sound enough to protect patients.

Dr. Bernard H. Brody, professor of medicine at Wayne State University in Detroit, told newsmen Monday the FDA failed to specify how the groups will be selected, to whom they will report and how they will carry out their responsibilities.

The FDA in August proposed setting up "peer groups" of doctors, lawyers, ministers and other professionals to review and evaluate the human experiments being carried on in prisons, hospitals, universities and other institutions.

Timber for sale — Sen. Len Jordan, R-Idaho, said Monday the Caribou-National Forest will offer for sale this week 270 million board feet of timber in the Wells Canyon Park area.

# Brazil May Call Congress To Ratify Choice Of President

By NELSON AIDUKAITIS

RIO DE JANEIRO (UPI) — Brazil's military-backed government may call Congress closed 11 months back into session to ratify the choice of President Emílio Garrastazu Médici as the nation's new president, political observers said today.

A group of seven military leaders chose Médici Monday night to succeed President Arthur da Costa e Silva, who suffered a cerebral hemorrhage Aug. 29.

Air force Minister Marcelo de Mello e Souza said it had not been decided when Médici would take office but could not be before Nov. 15, Brazilian National Day.

Médici, 63, commands 46,000 men of Brazil's 3rd army in the southern state of Paraná. He is a native of Rio Grande do Sul. The military chiefs called Médici to Rio de Janeiro from his headquarters in Porto Alegre and he flew to the meeting in the Naval Ministry in Rio.

Costa e Silva approved the Médici's choice of Médici as his successor, members of the incumbent president's family said. They are friends, and political observers said Médici is likely to carry on Costa e Silva's policies.

Médici will be the third military president of Brazil, Latin America's largest and most populous nation, since the revolution of April, 1964, that overthrew the last civilian president, Jao "Jango" Goulart.

A three-member military junta has governed Brazil since Costa e Silva was stricken. It dismissed the constitutional successor, civilian Vice President Pedro Aleixo on the grounds of a state of siege imposed in December required the maintenance of military control.

Médici will be Brazil's 27th president since the country became a republic 80 years ago.

Political observers said Congress may be convened to ratify the military leaders' choice of Médici. It was not known whether the presidency would be declared vacant by the end of Costa e Silva's term.

# Funds OK'd For New JFK Arts Center

WASHINGTON (UPI) — Congress has authorized another \$25 million to complete construction of the John F. Kennedy Center for the Performing Arts.

The House passed the bill Monday, Oct. 6, and the Senate passed it Tuesday, Oct. 7.

The House vote was 205 to 148—a two-thirds vote, which was necessary to hurry passage by Eisenhower's birthday, Oct. 20—to create a silver coin.

Rep. Wright Patman, D-Tex., chairman of the House Banking Committee, said he would bring up the bill later under normal rules when only a majority will be necessary.

"You'll be doing Eisenhower's memory no favor to mint a dollar out of, perhaps, scrap metal," said Rep. H. Ross Perot, Iowa, leader of the fight for a silver coin.

In other congressional action Monday, the House passed the Silver Coin Act, raising the survivor benefits of families of military servicemen who are killed or die on active duty. The bill increases benefits from \$27 for the widow of a private to \$47 for a master sergeant. The bill goes back to the Senate, which has passed a different version.

—350-8, allowing widows who remarried and then are divorced or widowed again to renew their eligibility for survivors benefits. Its first year cost was estimated at \$8.5 million. The Senate has not acted on the bill yet.

# Moss Claims Shoppers Impatient

SALT LAKE CITY (UPI) — Sen. Frank E. Moss, D-Utah, Monday said a group of Utah shoppers who are getting more and more impatient with the packaging of grocery products.

Commenting on hearings conducted by the Senate subcommittee for consumer affairs, Moss said he learned that many shoppers want to compare and find the best bargain, but she still has difficulty doing so.

"It might add, she is becoming more and more impatient with this situation."

Moss said that packages which are not full, different sized containers and fractional ounce devices frustrate the shoppers' efforts to find the best buy.

"All of these things," he said, "frustrate her efforts to find the best buy. She is willing to pay more for quality, but she is difficulty finding the best quality product because of deficiencies in labeling."

LET US PUT A SEAL COAT OF MOLASSES

on your corn silage. Molasses seals and preserves the silage—also adds nutrients and makes the silage more palatable.

MIDDLESEX STREET IN LONDON is crowded with garbage as striking garbage men continued a wildcat strike. The strike by 3,000 collectors has hit 23 of the city's 32 boroughs. A vote was taken Monday on extending the 14-day-old walk-out to the rest of London. (UPI cablephoto).

# Trial Set

SALT LAKE CITY (UPI) — Trial has been set for Nov. 17 for two men charged in connection with the theft of more than \$600,000 from the Church of Jesus Christ of Latter-Day Saints.

LaMar Edward Kay, 40, and Seldon Clarence Darow, 31, both of Salt Lake City, Monday pleaded innocent to forgery and grand larceny charges before Third District Court Judge D. Frank Wilkins.

# Lewiston To Have Jet Service Soon

LEWISTON, Idaho (UPI) — Air West will begin jet service during Oct. 20 that will include 20 flights a day and direct service to most major western cities, officials announced Monday.

Donald Cooper, Boise, Air West sales manager, said it was estimated that 44,000 persons would use the airport during the first year of the new jet service, making Lewiston the second largest air terminal in the Inland Empire.

"It's the biggest thing to happen to Lewiston since the railroad," Cooper said. He added that with the inception of jet service in the area, Lewiston could expect to double its economy.

Cooper said Air West expected to funnel travelers into Lewiston from throughout the Inland Empire for non-stop service to Portland, San Francisco, Los Angeles, Boise, Las Vegas and Salt Lake City.

Rates would be reduced and improved facilities and new personnel would be added to the airport, he said.

Meanwhile, a 6,500 foot runway was being paved at the airport to handle the jets. New parking facilities and new personnel would be added to the airport, he said.

Dwight Barton, chairman of the aviation committee of the Lewiston Chamber of Commerce, said Gov. Don Samuel and other state officials have been invited to attend dedication ceremonies Oct. 26.

# Wilderness Unit Urges Reclassification Of Idaho Primitive Area As Wilderness

By LINDY HAY

BOISE (UPI) — Ernie Day, representing the Idaho Wilderness Committee, urged the Idaho Commission on Federal Laws Monday to recommend reclassification of Idaho's Primitive Area as a wilderness area.

"Wilderness makes a contribution to the state as much as anything else," said Day, the former chairman of the State Park Board who resigned after disagreeing with Gov. Don Samuel over the White Clouds controversy.

Until the area is reclassified, Day said, there is a chance some of the area could be cut out.

"I don't favor locking it up," he said. "I favor keeping it in its pristine condition so future generations can enjoy it. It can't stand too much abuse."

"This is holding the area in trust. Let's not tear into this until we have to," Day added.

The commission heard testimony from Franklin Jones, president of the Idaho Wildlife Federation, William Bockert, director of the State Parks System, and John R. Woodworth, director of the Idaho Fish and Game Department. All three men agreed that recreation was important to the state of Idaho.

Woodworth said his brief examination of the Public Land Law Review Commission Report on Outdoor Recreation indicated it was "devoted more

# Delegation To Vietnam Is On Way Home

PARIS (UPI) — A delegation of relatives demanding information from the Communists about U.S. servicemen missing or imprisoned in Vietnam headed home today wondering if Hanoi and the Viet Cong would offer different prisoner-of-war policies.

The group, representing the National League of Families of American Prisoners in Southeast Asia, was to arrive in New York at 10 a.m. EDT.

Members of the North Vietnamese delegation to the Vietnam talks met with the group nearly three hours Saturday. They printed all letters sent to its Paris headquarters by relatives asking about American servicemen missing in Vietnam would be forwarded to Hanoi and answered by mail.

Madame Nguyen Thi Binh, chief Viet Cong negotiator, turned down a request for an audience by Mrs. Andrea Rander, Baltimore, Md., the one wife in the group whose husband was missing in South Vietnam. Although North Vietnamese diplomats tried to help arrange the meeting, Viet Cong officials said Mrs. Binh's schedule was too full.

Guards at the Viet Cong villa in suburban Verriere-le-Busson were hostile at first Monday when Mrs. Rander, whose husband was captured during the Tet offensive, tried to hand in 100 letters from families of men missing in Vietnam, who had been in South Vietnam.

The guards relented and accepted the letters and a package of medical supplies addressed to Mrs. Rander's husband, Army Staff Sgt. Donald J. Rander, only when she explained North Vietnamese diplomats had told her it would be possible to deliver them.

# Today's Market And Financial Report

## Stocks

**NEW YORK (UPI)**—Stocks moved in irregular fashion Tuesday, with moderate turnover. A short rally before 1:15 p. m. in the UPI market indicator showed a gain of 0.09 per cent on 100 issues crossing the tape. Advances narrowly edged declines, 617 to 554.

The Dow-Jones average of 300 industrial stocks was off 0.06 at 808.74.

A turnover of more than 6,500,000 shares was running slightly ahead of Monday's at a comparable rate.

Among the most active issues were Phillips Industries, Compustech, and the Pittsburgh block of 50,000 shares of Inco in a cross-transaction. Lubrizol Corp. on a block of 91,900 shares at 56, crosses, and Tenneco. The latter traded an early block of 69,600 shares at 23 1/2.

# Mets Clinch National League Crown

## Boswell, Garrett Homer For 7-4 Victory; Ryan Halts Atlanta Uprising

NEW YORK (UPI)—The amazing New York Mets continued to defy logic and tradition, swept to the National League pennant Monday with a 7-4 victory over the Atlanta Braves on a pair of two-run homers by two obscure singles hitters — Ken Boswell and Wayne Garrett.

Boswell hit just three homers this year and Garrett had only one, but their timely homers were typical of the hits the Mets got all year when they needed them as they won the National League playoffs with three straight victories over the Braves.

The Mets, who had never finished above ninth before this season but won 100 games while winning the Eastern Division crown, will now play in the World Series starting this Saturday.

Five of the first six Met hitters in the first two innings hit line drives, but the winners didn't score in the first two innings mainly because Jerry Rocco pitched a wicked liner by Garrett in the first inning and turned it into a double play.

Hank Aaron's two-run homer — his third of the series — gave

the Braves the lead in the first inning and Tony Gonzalez and Aaron then led off the third with a single and a double.

When Rico Carty hit a shot down the left field line that was just foul, manager Gil Hodges decided to bring in Ryan with a 1-2 count on Carty.

Ryan, bothered by ailments and weekend military duty, pitched only 89 1-3 innings this year with a 6-3 mark. Ryan struck out Carty on his first pitch, walked Orlando Cepeda intentionally and then fired a strike strike past Cleo Boyer and got Bob Didier to fly out.

Now Ryan was in charge, and it was only a question of how long it would take the Mets to get to Jarvis. With Hoyt Wilhelm not eligible for the playoffs, the Braves bullpen was shaky and manager Luman Harris had to stay a long time with his starter.

Archie's solo homer in the third cut the deficit to 2-1 and Art Shamsky, who had seven hits in the three games, singled and scored on the homer by Boswell in the fourth. Boswell had just one hit in the first two games, but it was his first homer since July 15th so he

IT'S BEDLAM in Shea Stadium Monday as fans pour onto the playing field by the thousands after the Mets had clinched their first National League pennant by mowing down the Atlanta Braves 7-4. (UPI telephoto)

## Holy Cross Cancels Football Schedule

WORCESTER, Mass. (UPI)—The president and athletic officials at Holy Cross College cancelled the remainder of the school's 1969 football season Monday when doctors said the entire varsity squad had hepatitis.

Rookie head coach Bill Whitton, who also was stricken, called the eight schools remaining on the schedule to inform them of the situation. The Crusaders dropped their first two games of the season.

"This is a tremendous blow to our players, especially the seniors, and to our organization at Holy Cross," Whitton said. "To play under the physical distress that they have played under is a tribute to their courage and their tremendous desire to represent Holy Cross football well," he said.

A school spokesman said 75 players, four managers, seven coaches, a trainer and the school's director of sports information had contacted the disease.

The Rev. Raymond J. Swords, S.J., president, and athletic director Vincent G. Dougherty conferred all day with doctors and players Tuesday.

Prior to the confirmation that all players had been affected, Whitton and other officials reportedly were considering asking the NCAA to waive the rules to allow freshmen to play varsity ball.

## Unlikely Heroes For New York Were 'Trying To Get On Base'

NEW YORK (UPI)—Tom Seaver feels the Good Lord is on the side of the Mets, but New York manager Gil Hodges is giving all the credit to some strong arms and willing hearts.

After the Mets clinched the National League pennant with a 7-4 victory Monday over the Atlanta Braves, Hodges, ever the realist, offered some worldly reasons for the success of his 100-1 longshot.

"Everyone has a pretty good idea of what our pitching is like," Hodges said while

accepting kisses from his wife. "But a lot of people said our team couldn't hit, and I think this has made believers of the non-believers."

In accomplishing their three-game sweep of Atlanta, the Mets pounded out 37 hits, including six homers, and 27 runs.

The Mets' hitting support came from unlikely sources, as both Ken Boswell and Wayne Garrett delivered two-run homers. Between them they had only four home runs during the regular season and both said they were only trying to get on base.

"Black, no, I can't hit homers," laughed Garrett, a red-headed third baseman. "I just go for the hits."

Boswell credited Hodges with teaching the young players on the Mets how to behave as champions on and off the field.

"He tells us we're not kids, that we're grownups," Boswell said. "He says we should play like men and act like men, and that it is important how we dress when we're traveling. He's used to being a winner and that's what he wants us to be."

Although the fact that they even gained the World Series against Baltimore comes as a minor miracle to New York fans, Boswell warns this isn't enough for the players.

"We feel it's no good just to get into a World Series," he said. "We've got to win. I hope the Orioles take us a little lightly, as others have done."

It is not a rare problem, but it is a common one.

## Turning Point Was Entrance Of Ryan

NEW YORK (UPI)—Manager Luman Harris of the Atlanta Braves said Monday that the New York Mets "deserved" to win the National League pennant.

"They simply outplayed us," said Harris. "Everything they did and everything they tried worked out right. I don't think there's a question about Gil Hodges being Manager of the Year."

Harris called the Mets "a tremendous ball club. I wish them nothing but success in the series and I sincerely hope they win it."

Harris said the turning point in the game was Hodges' insertion of Nolan Ryan with none out and runners on second and third in the second inning.

"Ryan" muttered Harris. "That was the game for them. He struck out one of my best hitters and batted them out. He pitched a terrific ball game. Every body knows that he throws up a curve. It just comes out of his hand. He just couldn't handle Ryan Monday, plugging out twice against him. "Every body knows that he throws up a curve. It just comes out of his hand. He just couldn't handle Ryan Monday, plugging out twice against him. "Every body knows that he throws up a curve. It just comes out of his hand. He just couldn't handle Ryan Monday, plugging out twice against him."

"The star rightfielder called out Cleo Boyer and got Bob Didier on a short fly to left field. "This is the first time we've

# Baltimore Coasts To American Title

## Blair's 5-5 Effort Keys 18-Hit Attack In 11-2 Rout Of Twins

MINNEAPOLIS — ST. PAUL after Buford had singled for his fourth hit in the ninth Blair capped another three-run inning Monday to highlight an 18-hit assault by the Baltimore Orioles which overwhelmed the Minnesota Twins 11-2 to sweep a three-game playoff and win the American League pennant.

The sweep gave the Orioles their second championship in four years and sent them into the "World Series" against the New York Mets with a 7-0 record in post-season games. In 1966 Baltimore swept the Series in four straight games against the Los Angeles Dodgers.

Blair's performance, and a four-hit game for left fielder Don Buford, made the game an easy task for pitcher Jim Palmer, fast and wild through out the game; who scattered 10 Minnesota hits for the victory.

Palmer was pitching on the second inning, in which Brooks Robinson doubled, Dave Johnson reached base when Tony Oliva dropped his fly ball both runners and made Hendricks doubled to drive in both runners. Then Buford singled to score Hendricks and Blair doubled in the fourth inning after a triple by Mark Belanger and a walk to Buford to score both runners and make Hendricks double to drive in his third and fourth runs in the eighth with a homer

three hits and two runs.

Rich Reese batted in both Minnesota runs with a first-inning single after Tony Oliva doubled and with another single in the fifth after Harmon Killebrew's double.

But the Twins obviously were demoralized in the closing innings, winding up with two errors, one of them by Oliva in the ninth which permitted Hendricks to score from second base after his double had sent Belanger home.

The Orioles finished the American League regular season with 109 victories, among them eight over the Twins in their 12 games, and in the playoffs, they simply made their season-long record look better. Statistically they were the league's best, and they proved it Monday.

## High Scoring Tilts Befuddle The Major

By MAJOR AMOS B. HOOPLE (The First Tight End)

Fapt! Confounded coaches and their passes aren't enough now they are throwing something called the multiple cushion and the scores are ballooning far out of proportion.

Egnal! Take the case of Auburn—multiple cushions—jacks team by 40 points the first time out, loses by 40 the next week and wins by 40 the week after.

Fans, there is sufficient evidence without these astronomical point disparities to contend with.

Last week must have been easy, however, as the multiple number was two and then we had to go to the point system to break the scores. The champion is Carl Montgomery at Eden who missed two, of course, but was very close on his point predictions to win going away. He receives \$10 first prize.

Second prize of \$5 was won by D. Alvord, Twin Falls, and third place went to Jerry Couch of Burley. Ironically, all three picked Idaho and only three of the top 10 didn't favor the Vandals.

Honorable mentions go to Twila Starr of Twin Falls; Fred Domowitz, Twin Falls; Donald Hawk, Rupert; Delores Hopkins, Hansen; Craig Talbot, Burley; Ralph Hopkins, Hansen; and Jeff Garey, Twin Falls.

Looking at this week's slate you will find only four high school games due to the mid-week battles brought about by the Teacher's convention set for the weekend. This brings the number of college games to 16 and I trust this pleases that of you who feel that you are great on college games but always are tripped up on the Magic Valley battles.

Once again we should remind you of the Friday noon deadline as 13 of you missed that 1st week.

## Warriors File Counterclaim

SAN FRANCISCO (UPI)—The San Francisco Warriors of the National Basketball Association Monday filed their answer to an American Basketball Association team suit against forward Rick Barry and counterclaimed \$5 million damages from the Washington Caps.

The Caps had filed and obtained an injunction preventing Barry from playing for the NBA team until the issue has been settled in the courts.

The Warriors' counterclaim said that Barry and the Oakland Oaks of the ABA orally agreed that the basketball star need play only as long as the team remained in the San Francisco Bay Area.

The Warriors said sale of the Oaks franchise to Washington breached the entire agreement and discharged Barry's obligations.

## Batting Star Gets Chance For Revenge In Series Saturday

MINNEAPOLIS — ST. PAUL (UPI)—Paul Blair, 2-former New York Mets farmhand who became a star for Baltimore after the Mets let him be drafted, gets his chance for revenge in the World Series opening Saturday at Baltimore. Blair drove in five runs with five hits Monday to lead the Orioles to an 11-2 victory over Minnesota, sweeping the American League title in three games.

## Plunkett, Stanford May Pose Problem For USC

LOS ANGELES (UPI)—for his performance against the Coach John McKay frankly Beavers and was lauded by McKay for his excellent play calling including several key audibles at the line of scrimmage.

Coach Tom Prothro still is not satisfied that his UCLA Bruins have played as well in their last three games as they did in the season's opener against Oregon State, but he said the team was making progress.

"We stuttered around at first against Northwestern—but we finally came up with a good win," Prothro said.

"Prothro, however, was elated by the running job fullback Mickey Cureton who broke loose for touchdown runs of 61 and 73 yards.

"That was his best day as a runner since he's been a UCLA," Prothro said.

The Bruins travel to Spokane this week and Prothro said the Cougars have two fine running quarterbacks—Jack Wigmore and Chuck Hawthorne.

The coach said if the Cougars play as well as they did against Illinois they could prove troublesome.

But the Trojan coach was pleased with his team's victory over what he termed "a big and fairly slow" Oregon State team.

Jimmy Jones, sophomore USC quarterback, was named University player of the week.

## Spartans Work On Pass Defense

EAST-LANSING, Mich. (UPI)—Defensive coaches worked with the Michigan State University Spartans top squad Monday to try and iron out some of the mistakes that resulted in a 42-28 defeat by Notre Dame Saturday.

Coach Duffy Daugherty had his coaches concentrate on the passing defense, which allowed Irish quarterback Joe Theismann to complete 9 of 20 passes for three touchdowns. No injuries were reported on the Spartan squad in the game.

The Spartans play top-rated Ohio State this Saturday.

## Golf Immortal Walter Hagen Dies At Age 76

TRAVERSE CITY, Mich. (UPI)—Walter Hagen, who probably did more to popularize professional golf than anyone else, died early Monday at his 29-acre estate near here. He was 76.

Hagen was a five-time winner of the Professional Golfers Association tournament, a four-time winner of the British Open, two-time winner of the National Open and five-time winner of the Western Open.

He also won the French, Belgian and Canadian Open crowns in the course of his career.

Palmer will be one of the pallbearers at funeral services for the colorful "Halg" at the Bell Chapel in the Detroit suburb of Birmingham Thursday. Burial services will be at the Holy Sepulchre mausoleum in neighboring Southfield.

Other pallbearers will include Joseph C. Dey Jr., commissioner of the tournament players division of the Professional Golfers Association; Walter Burkemo, 1963 PGA champion; John Walter of the Detroit News; a member of the Golf Writers Association of America; and Al Watrous, retired Oakland Hills (Mich.) Country Club golf pro.

Hagen, born Dec. 21, 1892, touched his first set of golf clubs when he became a caddy at the exclusive Rochester (N.Y.) Country Club, just down the street from his home.

By the time he was 11 he already was breaking 80 on the links.

—By the time he was 39, when

he decided to leave the professional ranks, he had become one of the first men in sports to earn \$1 million or more—and spend it.

The first love of the "Halg" was baseball. In 1914, when he was preparing for a tryout with the Philadelphia Phillies, he shocked the world of golf by winning the National Open. He won the National Open again in 1919.

His largest single paycheck came in 1926, when he earned \$7,600 for thrashing Bobby Jones 12 and 11 in a match play exhibition—the only time these two golfing immortals met.

But money wasn't his primary interest.

"I Never Wanted to Be a Millionaire," his mid-1950s biography was subtitled. "I just wanted to live like one."

Following throat surgery in 1965, Hagen more or less retired to his estate, which overlooks East Long Lake near his northern Lower Michigan resort area.

## Favored

STATELINE, Nev. (UPI)—Harrah's Taboo Race Book Monday listed the Baltimore Orioles as 5-8 favorites to win the World Series and 5-7 favorites to win the Series' first game.

# Mark Lester Who Played In "Oliver" Now Finds Himself At Disney Studios

By VERNON SCOTT  
UPI Hollywood Correspondent  
HOLLYWOOD (UPI)—Mark Lester, the angelic youngster who played the title role in "Oliver," now finds himself among most beautiful English children to find themselves at Disney Studios.

But he is also all boy; bored by interviews, full of mischief and in love with his co-star, Margie.

Young Lester is hard put to check his ebullience when it involves Margie. Just the other day he ran into the set, hopped atop a box and sprang feet first on Margie's back.

It is only fair at this point to explain that Margie is an elephant.

"She's great fun," said the sniper from Blythe. "I gave her some of my lemonade the other day. She sucked it up in her trunk and then sprayed it all over me."

Lester's father, Mike, allowed a grain to escape. "He can be a trial," Lester the elder said. "Mark has never had acting lessons, but he takes direction well," Mike continued. "He can burst into tears on cue."

"You don't have to write that down," Mark said reproachfully.

In a clear attempt to change the subject, Mark asked, "Do you know how many muscles an elephant has in his trunk?"

"He was told the question was moot at last."

"Well," he went on, "an elephant has 40,000 muscles in his trunk. I'll bet you didn't know that."

Mark was wearing a Mickey Mouse wristwatch and a T-shirt emblazoned with the legend: "I am a Carnaby Street." In the short time he has been in Hollywood, the little actor has visited Disneyland three times.

"I'm going back as often as I can," Lester said.

"His father craned his neck to see Oliver," his favorite movie.

"I'm afraid not," his father answered for him. "Mark has low taste in film. He thought the best picture he's seen in years was 'The Wild Bunch.'"

"It was," Mark said in pure British accent, "I like violence. And that was a most violent picture."

For his age, Mark is an accomplished actor. He has appeared in nine pictures before becoming a major child star in "Oliver." He will return to Hollywood later this year or next to begin a television series.

Meanwhile, he will play the starring role in "The Boy Who Swam With Dolphins," a two-episode segment of the Disney television series.

"When it's over, I'll miss Margie," Mark concluded.

## NEWSPAPERABILITY!

**YOUR TIMES-NEWS GIVES YOU  
A CLOSE-UP LOOK AT THE NEWS**

Only through newspapers can you get the full story—at your leisure to absorb and reflect upon what's going on. That's why, after folks have heard news highlights on TV or radio, they turn to their daily or weekly paper for complete coverage of the day's or week's events.

You get much more than current events in your local paper, too . . . whether you're a sports fan or a housewife or a teen, you'll find interesting features that add enjoyment to your day in every issue. That's what we call "newspaperability" . . . the unique capacity of bringing the world right into focus wherever you are, of letting you get a good look at the news items that interest you most, and closing in on your favorite topics or hobbies. Your newspaper has this ability—put it to work for you!

### WE SALUTE NEWSPAPER WEEK

We're proud to be part of the newspaper field, serving subscribers in this area, with news of the world and the community. If you're not a subscriber now, we'd like the opportunity of serving you. Call 733-0931.

*National Newspaper Week, Oct. 5-11*
