

Police Chief Feels Illegal Use Of Drugs Has Risen In Last Year

Editor's note: This is the first in a series of articles on the illegal use of drugs in the Twin Falls area. This interview was conducted with Frank Barnett, chief of police of Twin Falls.

By FRED DODDS
Times-News Staff Writer

Q: Mr. Barnett, how long have you been investigating drug abuse or drug charges in Twin Falls?

A: Well, the first case that I can remember that I was personally involved with was some time before I was chief, prob-

ably 15 years ago. It was with a 25-year-old man. There have been very few cases up until, oh, I would say until the last five years.

Q: Does it seem to you there has been a rise in the illegal use of drugs or marijuana in the past six months?

A: This is hard to say. It is hard to separate and find out. We have of course for years had what we call rumors because the facts have not been there to substantiate it, or at least we were not able to obtain the facts to take to court. When I'm talking about

facts I'm talking about what we have to use as evidence. I've heard the same rumors everyone else has. I could not say these were facts because they were not things we could investigate and take before the court. I would say at least we have had an increase in the last six months to a year, or at least talk about this, and whether there is more here than there was a year ago I could not say as a fact. My own feelings are that there is an increase within the last year.

Q: An increase in what?

Would it be marijuana or any other type of drug?

A: I would say both. There has been an increase in marijuana and prescription type drugs.

Q: Are you after the pusher, the user or both?

A: The law says they are both in violation. It is not up to us to pick out law and not the other. As far as we are concerned we will investigate concerning either one, either use or selling. Again, personally I would much rather arrest the man who is selling but it does not mean I would not arrest

the user.

Q: How do you come across any case recently of people using the hard narcotics such as heroin, cocaine, morphine or opium?

A: Yes. With the elimination of say heroin. That is talked about, but it is hard to get and is expensive. I doubt in this area if there is any use of heroin, especially among the young. It is something that is very expensive and is very hard to get unless you are in the large cities where there is a demand. I don't believe there is a market here for it. Most

of your old hard time, ruin-things-are-ruined-prescription-type-drugs-now-because-they-are-cheaper-and-easier-to-get.

Q: How easy is it to get prescription type drugs?

A: From the medicine cabinets, it is very easy.

Q: Is this mainly limited to the young of Twin Falls?

A: There are rumors and in checking with adults who are misusing drugs legally obtained there is some drug abuse by young people. But the young are illegally getting these drugs because they don't have a prescription.

Q: How difficult is it to make complete case on drug abuse?

A: It is, what is needed in a drug case is no different than in any other type of crime. First the officer has to have reasonable grounds to believe that a crime has been committed and that the suspect has committed that crime. Narcotics cases are different in this way: when someone has a car stolen they are a victim and they report the theft, as a crime. We have a victim in narcotics the person who is selling and the person who is buying; see DRUGS, Pg. 2, Col. 4.

Council Vote On Zoning Is Illegal

Due to a misunderstanding of municipal law, the Twin Falls City Council will have to reconsider a zoning change to permit construction of a fried chicken outlet in the 100-block of Shoshone Street East.

The zoning change from residential-professional to commercial was approved during the Monday night meeting. But it later was discovered a council cannot vote to suspend the rules unless half the council, plus one, is in favor of this. There were five council members present Monday night. Four voted for the suspension of the rules and one opposed. They had voted to suspend the

Reds Appeal To Americans On Viet War

PARIS (UPI)—North Vietnam agents, the Communist Party, and the head of U.S. negotiators and appealed directly to the American public to increase its opposition to President Nixon's Vietnam policies.

The Communists ignored allied peace proposals and urged in next Wednesday's Vietnam protest day in the United States.

Col. Ha Van Lau, the Hanoi deputy negotiator, and Mme. Nguyen Thi Binh, Viet Cong's "foreign minister," appealed to American citizens to increase their resistance and force Nixon to accept their negotiating proposals in Paris.

Paris Greets Astronauts In Motorcade

AMSTERDAM (UPI)—America's Apollo 11 astronauts arrived from Paris today for a five-hour visit to the Dutch capital and a motorcade to the royal palace for personal congratulations from Queen Juliana and her husband, Prince Bernhard.

Astronauts Neil A. Armstrong, Edwin E. Aldrin Jr., and Michael A. Collins and their wives were met at the Schiphol International Airport by Dutch Prime Minister J. De Jongh and U.S. Ambassador J. William Mendenhall.

They were driven to the palace in open white cars—the astronauts in the first and the wives in the second.

In Paris, the Apollo 11 crew received the highest accolade France bestows—the Legion of Honor. They also received a thunderous welcome to a French capital Wednesday in a number of Commerce Week conferences, meetings with officials, and a mini-parade through the streets of Paris.

Chinese Say U.S. Works With Soviets

HONG KONG (UPI)—Communist China accused the United States of conspiring with the Soviet Union to establish a "United States-Japan-India in its 'ambitious design of carving up China."

The broadcast the allegation, part of what it called China's position paper for the forthcoming Sino-Soviet border discussions. It pointed out that the Soviet Union had been bargaining in the talks.

The broadcast challenged the Kremlin to publish the paper in the Soviet Union "so that the Soviet Union can judge for themselves" in the border dispute.

Giacobbi Square At Ketchum Will Have Sunken Garden, School Bell

KETCHUM—Giacobbi Square, now under construction at the former grade school site, will have a sunken garden and a school bell. The old Ketchum school bell will be returned to its original home and be rung three times daily. Students, pictures and progress reports of all the newest business ventures in Ketchum were given members of the Ketchum-Sun Valley Chamber of Commerce Wednesday noon at the Alpine dining room.

Speakers were Steve Giacobbi, who described both Giacobbi Square and the Giacobbi annex at the site of the former Rentley building on Sun Valley road, and Bob Brown, manager of the

AMONG THOSE ATTENDING an afternoon PTA workshop in Twin Falls Wednesday were Mrs. Anna Hayes, Twin Falls, past national PTA president; Mrs. Floyd Kislung, Dietrich, Idaho first vice president, and Mrs. Carolyn Hendrick, Jackson, Miss., national PTA field secretary, who conducted the workshop. About 50 PTA members from Magic Valley attended.

PTA Sex Education Stand Is Discussed

About 50 PTA members from Magic Valley exchanged ideas and plans at a Wednesday afternoon workshop directed by Mrs. Carolyn Hendrick, National PTA field staff member, Jackson, Miss.

The meeting was held at the YM-YWCA in Twin Falls. Many PTA officers from Magic Valley units were among those attending.

Mrs. Hendrick also pointed out that resolutions made by the national PTA are not necessarily rules for local units to follow, but simply guidelines or suggestions which local groups can adopt.

Earlier this year the national PTA made a resolution, which in short, said the PTA does favor sex education as a means of preparing youngsters for life.

The directive indicates that local PTAs should consider the need and resident desire for such programs and then should work with school administrators, advisory groups, clergy and physicians in working out the best sex education program for each particular area.

Teachers Meet

Teachers from throughout Idaho are attending the annual fall conference Thursday and Friday, and classes will not resume until Monday.

The conference is being held in subject-area groups, with sessions at University of Idaho, ISU, Boise, Burley, Sun Valley and Twin Falls.

Burley is hosting guidance teachers, a special art session under way in Twin Falls, and teachers concerned with exceptional children are meeting at Sun Valley.

All teachers are required to attend one meeting, and some will travel to two of them.

19 Are Hurt In Rioting Over 'Che'

CHICAGO (UPI)—Radicals honoring the memory of Che Guevara marched out of Lincoln Park and into a face-off with police Wednesday night. A crowd of 500 went "running through the night" in the area where they smashed windows in homes and businesses and staged autos.

Nineteen persons, among 10 injured, were hurt in the rioting. At least 60 persons were arrested, 19 of them women and one of them a newspaper publisher. Most of the injured were police.

The violence came after a rally held in Lincoln Park by the Students for a Democratic Society. The rally was to honor Guevara, the Latin American revolutionary who died in Cuba in 1967.

The crowd of 600 to 800 persons—some wearing helmets and carrying clubs, chains and stones—was stopped from reaching the home of U.S. District Court Judge Julius J. Hoffman, who is being tried for the conspiracy, eight persons charged with inciting riots during the Democratic National Convention in 1968.

The rioting was the first since the trial of the conspiracy, eight persons charged with inciting riots during the Democratic National Convention in 1968.

Hearing On Annexation Zoning Set

The hearing on the proposed zoning for areas under study for annexation to the city will be held at 10 a.m. Friday at the Twin Falls City Hall.

Jean Miller, acting city manager, said this hearing is being held only on the zoning concept. He said people interested in stating their opinion on the annexation will have a chance to do so at a later city council meeting.

Before areas can be annexed, he explained, the zoning for these properties must be established.

The areas proposed for annexation include 305.00 acres which include 600 houses.

PETITIONS DENIED.

BOISE (UPI)—Fourth District Judge Merlin S. Young has rejected Idaho's corpus petition sought by two convicts at the State Prison who contend they were denied the right to prompt appeal of convictions.

Haynsworth Gains Committee Vote; Senate Fight Set

WASHINGTON (UPI)—The Senate Judiciary Committee approved the Supreme Court nomination of Judge Clement Haynsworth by a 10-6 vote today, but his chances of winning confirmation by the Senate itself were considered hazardous.

The floor battle over President Nixon's controversial choice of the 55-year-old South Carolinian is not expected to begin for at least two weeks.

The Judiciary Committee Chairman, Sen. James O. Eastland, D-Miss., said it would take that long for formal

Police List Fingers 370 Drug Suspects

Names of 370 suspected users and pushers of marijuana and other narcotics are on file in the Investigation Division of the Twin Falls Police Department, and some of them are being held to be arrested soon, Detective Lt. Tim Qualls told the Twin Falls Rotary Club Wednesday.

Lt. Qualls said the list could include some of the names, he told the group.

He said his division has been working almost exclusively on the narcotics problems for the last couple of weeks, and "at present some of the kids are running scared."

Arab Scouts Cross Suez After Foes

By United Press International

Egypt said today large numbers of its reconnaissance scouts crossed the Suez Canal during the night and penetrated deep into the Israeli-held Sinai Peninsula to pinpoint future Egyptian targets.

The reconnaissance, wearing swimming-floes and armed with knives, rifles and grenades, slipped across the canal "all night" the Egyptian-Israeli front and "successfully carried out tasks assigned them," military spokesmen in Cairo said.

In four hours in enemy territory, Cairo said, the scouts swam in force and armed with knives, rifles and grenades, slipped across the canal "all night" the Egyptian-Israeli front and "successfully carried out tasks assigned them," military spokesmen in Cairo said.

Battle Deaths Hit Low Point As 64 Men Die

SAIGON (UPI)—American battle deaths fell to their lowest point in almost three years last week—44 men killed—amid "a home-for-a-father U.S. withdrawal from the war."

Military spokesmen said today the toll was the lowest in 24 months, on a slide that ended Dec. 3, 1968, when 64 GIs died in action. Nine hundred American men were wounded last week.

Spokesmen said through Oct. 4 showed the GI death toll was running 34 per cent lower than President Nixon than under former President Lyndon B. Johnson.

Communists and South Vietnamese losses fell last week, too, to their lowest point in five months and the guerrilla deaths to their lowest point in 10 months.

Spokesmen said the South Vietnamese lost 200 killed and 681 wounded. Their losses since May have been consistently higher than U.S. figures, reflecting their increasing combat role.

Nixon Presents Medals To Four

WASHINGTON (UPI)—President Nixon planned to drop the Congressional Medal of Honor on four Army men today for bravery in the Vietnam War.

Those receiving the nation's highest honor were: 1st Lt. Philip Henry Brady, 33, of Fort Belvoir, Colo., who saved the lives of his wife and four children; 1st Lt. Lost Fingertip Leads To Arrest

NEW YORK (UPI)—When 33-year-old Mrs. Harriet Neham was attacked by a mugger and he clapped his hand across her mouth to keep her from screaming she bit off his fingertip.

The lost fingertip Wednesday helped the cops arrest a suspected mugger, William Allen, 29.

Mrs. Neham, who suffered a beating but lost no money, gave the tip to the cops. She said she checked the print with their files. It matched Williams', and a photograph was issued.

14 Loaned Executives Help With United Fund Campaign

Fourteen loaned executives are among the more than 100 workers who are soliciting pledges from local residents in the 1970 United Fund drive.

These men are loaned by their employers and will work for United Fund two and a half days per week, for a period of four weeks. They will complete their work by Oct. 17.

Legal Aid Is Offered In School Case

Their primary function is to contact major businesses and firms that employ 15 or more people. They will solicit these companies and set up employee solicitations and chapter-plan programs.

Last year the loaned executive division accounted for about 40 per cent of the total raised in the campaign.

The men meet each Monday at 8 a.m. to review their progress and discuss upcoming work.

Dr. Terry Smith is the director of the group. He represents the College of Southern Idaho. Other loaned executives are Ken Montgomery, Intermountain Bank and Trust Co.; James A. Sinclair, First Federal Savings and Loan; Wesley Coryell, Idaho Power Co.; William C. Flanary, Fidelity National Bank; Fred W. Higgins, City of Twin Falls; Duane Sammons, Sears Roebuck and Co.; Tom E. Wojcik, Mountain Bell Telephone Co.; Mike Sullivan, Bank of Idaho.

WASHINGTON (UPI) — Former top officials in the Justice Department have offered free legal help in enforcing school desegregation if the Nixon administration is short of attorneys.

An organization known as "The Lawyers' Committee for Civil Rights under Law" made the proposal in a memorandum to the Supreme Court in the controversial Mississippi school case.

The committee includes former Attorneys General Nicholas DeB. Katzenbach and Ramsey Clark; former Army Secretary Cyrus R. Vance; Louis F. Oberdorfer, former assistant attorney general in charge of the tax division; and John Doar, the first man to head the Justice Department's Civil Rights Division.

WASHINGTON - A big money lobby is spearheading the high-powered drive to induce Congress to create a multi-billion dollar government corporation to operate the long neglected postal service.

craft and other leading manufacturers.
Largest contributor is McGraw-Hill, Inc., with \$6,920.
Thirty four other companies gave \$5,000 each, 14 sums ranging from \$725 to \$3,222.

This little known lobby operates under the title of Citizens Committee for Postal Reform, Inc. Its co-chairmen are Lawrence O'Brien, postmaster general in the Johnson Administration and one-time Democratic

national chairman and former Senator Thurston Morton, Jr., Republican National Chairman in the Eisenhower Administration.
Executive director at \$25,000 a year is Claude J. Desautels. He is also the representative of several other organizations that pay him a total of \$2,000 a month.

Prominent among the \$5,000 contributors to the lobby are DuPont, Proctor & Gamble, Standard Oil of New Jersey, Coca-Cola, Bank of America, Pan Am, Boeing Aircraft, Sears Roebuck, Eastman Kodak, Southern Bell, and others.

Planetary Enemies

Is man becoming an endangered species, like the bald eagle or the whooping crane? There are scientists who think so.
During the next 30 years it is expected that we will produce more people than in the previous million years and this raises spectres of war, famine and disease.
Already, in the opinion of Dr. Lee A. Dubridge, President Nixon's science adviser, man's pollution has become a danger to all life on earth.
As executive secretary of the new Federal Environmental Quality Control, headed by President Nixon, Dubridge has promised that "the government will move hard against pollution."

A Loophole?

The rich do not like paying taxes any more than anybody else and the progressive income tax has resulted in some ingenious - even some expensive - ways to avoid taxes.
When the tax law provided that certain charitable gifts were deductible, it should have come as no surprise that some wealthy people preferred to give money away than to pay it in taxes.
College presidents have been virtually unanimous in opposition to the proposed changes now before Congress.
Kingman Brewster Jr., president of Yale University, believes discouragement of private capital gifts, coupled with the proposed tax on foundation income, would be a tremendous setback to the unique American tradition of private philanthropy.

MR. SPECTATOR The Hub Of Government

We suppose you notice things more when you are not at that certain place all the time.
So that's the way we take Boise these days. Mr. Spectator had business but he didn't know the old place, right out of an appointment at the airport was 10 minutes late because a twice-around drive was necessary before he was really sure where he should park.
That taken care of, he met a fellow inside for a brief talk over a cup of coffee. Picking up the tab came to \$2.25. He didn't have a dime and a walk to the parking lot, getting out of the lot cost another 20 cents. Mr. Spectator had been in Boise for about 20 minutes and the people therein had 52 cents of that hard earned Twin Falls money.
Downtown from the airport, more business, a lunch, more business and more money spent.
But, of course, this spending money up there isn't the only thing to get about. Boise is leaving out the downtown area and the Interstate Highway is nearing completion where it skirts Boise, and it's different than it is down in Magic Valley.
The crowded downtown area in Boise, of course, lots of the people running around work for the state and federal governments but then there are others.
In the downtown section Mr. Spectator, in the course of a few minutes, saw 11 people from Twin Falls. One was a doctor, two were lawyers, two were Certified Public Accountants, and the rest business people of one kind or another. All in Boise just for the day.
So that's the way it goes. You never notice a change unless you get away to come back later. Twin Falls is changing too, but here here makes the daily changes less noticeable.

ROWLAND EVANS AND ROBERT NOVAK That Disappearing Surtax

WASHINGTON - The horrifying probability, just becoming evident to the Nixon administration and still ignored by the business community, is that the 10 percent surtax will expire Jan. 1 at precisely the worst possible moment.
The unscheduled disappearance of the surtax would, if just temporarily, funnel money back into the pockets of personal and corporate taxpayers at a rate of \$10 billion a year. That would be pouring buckets of fuel on an inflationary fire now roaring out of control without it.
Federal spending which is slowly getting out of the Nixon administration's control and higher private corporate spending plans for next year combine for a most pessimistic private view here about inflation.
That private gloom contrasts vividly with the public optimism of President Nixon at his Sept. 16 news conference. In truth, the Administration's working-level officials concerned with the problem disagree profoundly with the assessment by William McChesney Martin, chairman of the Federal Reserve Board, that inflation may be slowing down.
The disappearing surtax is one reason for their disagreement.
If the surtax is discontinued, what he wanted, the 10 percent surtax would be reduced to 5 percent on Jan. 1. This reduction, equivalent to pumping \$10 billion dollars a year back into the economy, is based on a preliminary appraisal by the Administration earlier this year that inflation would surely be under control by Jan. 1. Now, Administration officials admit, having "the surtax" is exactly the opposite of what should be done.
But the situation is likely to be much worse - the extension of the surtax at the 5 percent level for another six months beginning Jan. 1, part of a general tax reform bill. That bill, passed by the House, is now undergoing the preliminary review of the Senate Finance Committee. Even if it clears the Finance Committee by the scheduled Oct. 31 deadline, no real act can expect final approval by Congress before the end of 1969. Thus, the surtax expires completely on New Year's Day.
The alternative of Treasury strategists is to bring up a separate temporary extension of the surtax. This is equally undesirable. It is very difficult to pass legislation in the Senate. It is equally difficult to pass legislation in the House. It is equally difficult to pass legislation in both houses. It is equally difficult to pass legislation in both houses and the Senate. It is equally difficult to pass legislation in both houses and the Senate.
Of course, a tax relief bill passed during the March of 1970 might well contain a provision extending the 5 percent surtax retroactive to Jan. 1. But the damage would have been done. Besides replenishing inflationary

Andrew Tully Garbage Dump

WASHINGTON - By itself, Sen. Lee Metcalf's blast at do-it-yourself garbage dumping on Northern Pacific Railroad tracks is a valuable contribution to the debate because transportation already is in a crisis stage in this curious country, and the Senate has long been a center of the debate.
It is the "public be damned" attitude of railroad management and the "assisting requirement" that patrons of N.P.'s Manure train must carry their own garbage into bins of dining cars. "The presence of garbage puts in the dining cars," Metcalf said in an invocation of the kind designed to discourage patronage.
This, of course, is the railroads' answer to the question: Why do they make train travel awful enough even in the most scenic areas? Why do they permit them to abandon their neglected service? So far, the gimmick has been widely successful. A number of shorter and long-haul, have been discontinued over the past several years, and train personnel are being laid off.
Although this abandonment of the Manure train would be reversible at any time, it comes when every available expert has concluded that the nation's railroads are in a state of emergency. Our multi-billion-dollar highways are already jammed, and the nation is beginning to feel the attraction point - if indeed, that point hasn't already been accurately reached. In this situation, the Manure train is both unwilling and incompetent to take the simple 20th century steps that could make their route competitive with a Greyhound bus or a Boeing jet.
With few exceptions, mostly in the case of passenger cars and freight cars, the Manure train from Onsk to Tonk has been the transportation of human beings and the heaviest of their history. The Manure train is filthy and expensive, and serves food that seems to have been taken from some third-rate flophouse in the backwoods, and other personnel are ariety and slovenly, and mostly they are not happy. They are just crawled out from under a rock.
Railroad facilities are stretch facilities which are in a state of invitation to a plague. The number of passenger cars seem to have been polluted with square

George C. Thosteson, M.D. Lichen Planus

Dear Dr. Thosteson: My doctor says I have lichen planus, but I don't understand what this is. --A.L.
It is a very mild inflammation of the skin, but, although it is mild, inflammation can make one quite uncomfortable, both because of appearance and because of itching.
The skin is very shiny, and scaly. Along the joints of the body, with the exception of the face, can be affected. There can be various forms, some having vesicles (tiny blisters). Again, it can resemble psoriasis.
It can occur as an acute attack, after which you are finished with it. Or it may be chronic - which unfortunately is the more frequent situation.
The chronic form may disappear, only to return later. Sometimes it will last with you for the rest of life after an attack.
I'm sure you'd like to know the cause of lichen planus, but I can't tell you. It is another of the diseases for which no cause has yet been learned.
Treatment consists of various drugs that seem to help, and sometimes by daily doses of X-ray. Various lotions are prescribed to stop itching if that bothers the patient.
One thing we know from observation: general health is important, so if a patient develops lichen planus, he should be checked for systemic diseases, such as diabetes, bowel disorders, uremia, etc.
Dear Dr. Thosteson: Enclosed is 35 cents and a long, self-addressed stamped envelope for your booklet, "Diabetes: The Sneaky Disease."
Why can my doctor's sugar be tested by a urine test while I have to have a blood sample taken? Is there any other way I can check myself? -Miss G.K.
Your question makes me do some puzzling - but there can be a difference in the level at which sugar "spills over" into the urine. Therefore, the urine test is helpful for some individuals, but in others it does not give a sufficiently accurate indication of the level of sugar in the blood, which is the important question.
No, I don't know of any other test you can use yourself.
"Tips On How To Stop Smoking," by Dr. Thosteson, will help you give up the habit. To receive a copy of the booklet, write to Dr. Thosteson in care of this newspaper, enclosing with your request the 35 cents in a long, self-addressed, stamped envelope.
Dr. Thosteson welcomes all reader mail, but regrets that due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in his column whenever possible.

The chronic form may disappear, only to return later. Sometimes it will last with you for the rest of life after an attack.
I'm sure you'd like to know the cause of lichen planus, but I can't tell you. It is another of the diseases for which no cause has yet been learned.
Treatment consists of various drugs that seem to help, and sometimes by daily doses of X-ray. Various lotions are prescribed to stop itching if that bothers the patient.
One thing we know from observation: general health is important, so if a patient develops lichen planus, he should be checked for systemic diseases,

POCATELLO ENGLISH RIDING expert, Mrs. Anna Lucy Keller, will instruct a two-day workshop this weekend in Twin Falls, sponsored by the Twin Falls County 4-H council. All 4-H'ers are invited to the program which begins at 2 p.m. each day at Frontier Field. Basic fundamentals of English riding and jumping will be given to those attending.

English Horseback Riding, Jumping Workshop Slated

A two-day workshop on English riding and jumping will be held Saturday and Sunday at Frontier Field, sponsored by the Twin Falls county 4-H program.

A program of basic fundamentals of English riding, especially designed for 4-H members, will be presented. Mrs. Ann Lucy Keller, Idaho Falls, will lecture, give demonstrations and individual instruction during the two-day workshop.

She received formal instruction from the late Gregory Gagarin, a retired Russian cavalry officer, who was riding instructor at Penn State University. She has shown horses for the past eight years on the Intermountain circuit and was 1968 Intermountain Horse Show Association reserve champion. She taught from 1964 to 1967 at an Idaho Falls riding school and has taught privately since then.

Anyone interested should bring their own horses, a flat saddle or riding pad equipped with stirrups, and a snaffle bit. Those who do not have such equipment will be supplied with it as far as possible.

A fee of 50 cents per day will be charged to help defray Mrs. Keller's expenses. The program will start at 2 p.m. each day. A special invitation has been extended to all 4-H'ers in Magic Valley.

Members of the committee planning the program are Mrs. Roy Jessor, Twin Falls; Mrs. Ed King, Hansen; Mrs. Rex Reed, Buhl; Mrs. Lee Sharp, Filer; and Mrs. L.R. Anderson, Twin Falls.

\$301,000 Remodeling Job Finished At Hospital Here

Workmen from Reynolds Construction Co., Twin Falls, have left the Magic Valley Memorial Hospital remodeling project, but construction won't be officially complete until accepted by the board.

James Rosenbaum, assistant administrator of Magic Valley Memorial, said members of the hospital board are awaiting a report from Rodney S. Davis Associates, Denver architects, before accepting the remodeling project.

It is expected that work will be accepted at a future board meeting. Next meeting of the board will be at 8 p.m. Monday, Mr. Rosenbaum said.

The \$301,000 project, begun last December, is phase three of a continuing program going on at the hospital since 1964.

That was when the first remodeling was done at the hospital, built in 1951. Mr. Rosenbaum said it is planned to continue updating and expanding the facility as funds are available.

Included in the latest remodeling was installation of a fire alarm system, removal and replacement of combustible ceiling, new corridor-lighting systems, vacuum, oxygen and lighting systems in patient rooms and installation of an intensive care unit.

State Department Officials To Speak At Forum In T.F.

Three officials from the United States Department of State will be in Twin Falls two days this month on part of a lecture tour to Idaho's colleges and universities.

While in Twin Falls, a series of community meetings on U.S. foreign policy will be held.

The men, Lawrence H. Berlin, deputy director for Ecuador and Peru affairs; Robert P. Paganelli, officer in the Bureau of Near Eastern and South Asian Affairs; and George R. Marotta, coordinator for Vietnam and East Asian Policy Direction, will speak at an 8-p.m. Oct. 27 open forum at the College of Southern Idaho Fine Arts Center.

According to Prof. Frank Acree, political science instructor at CSI and coordinator for the officials' Twin Falls stop, the forum series is open to the public.

He said each of the men, led by Mr. Berlin, will make short presentations on foreign relations and the meeting will then be open to questions from the floor.

Anyone in Magic Valley who is unable to attend the evening meeting is invited the following day to attend a student forum at 11 a.m. at the Fine Arts Center.

While in Magic Valley the men will appear before service clubs and will speak both at the CSI and Twin Falls High School campuses.

The officials will arrive in Twin Falls the afternoon of Oct. 27 and will leave the afternoon of Oct. 28.

While in Idaho they also have scheduled appearances at the College of Idaho, Northwest Nazarene College, Idaho State University and Boise State College.

Bridge Winners

North and south winners at the Monday Afternoon Duplicate Bridge club session at the Episcopal church were Mrs. Claude D. Cawley and Mrs. C. J. Straughn, first; Mrs. T. T. Greenhalgh and Mrs. W. P. Haney, second; Mrs. Roy Hill and Mrs. H. Fitzpatrick, third; and Mrs. L. M. Hall and Mrs. M. Hogg, fourth.

East and west winners were Mrs. J. C. Tack and Mrs. Margaret McCall, first; Mrs. E. A. Peterman and Mrs. John Hahn, second; Mrs. R. M. Peterson and Mrs. G. A. Awerdt, third; and Mrs. V. Williams and Mrs. K. E. Kall, fourth.

City To Call For Bids On 10 Vehicles

Specifications are being prepared for a Nov. 14 bid opening for the purchase of 10 vehicles to be used in various Twin Falls city departments, Acting City Manager Jean Milar said Wednesday.

He said the city will purchase four police cars, one tractor tender for the water and sewer departments, one two-ton truck for streets, one engineering department van, two half-ton pickup trucks for the golf and water departments and one three-quarter ton pickup for streets.

It had been planned to open bids Oct. 16, Mr. Milar said, but the automobile dealers do not have all of their equipment lists on 1970 models at the present time and city council members authorized delay of the opening until Nov. 14.

2 Unopposed

DECLOR — Two incumbents, Gale Gillette and Claude Vallette, are unopposed for re-election in the Declo municipal election Nov. 4. Both seek four-year terms.

Homeowner councilmen are Jones Leonard and Mrs. J. Riding and Mayor George Schrenk. Mr. Gillette operates a grocery store, and Mr. Vallette is a self-employed carpenter.

Sen. Church Urges End To Viet War

WASHINGTON (UPI)—Sen. Frank Church, D-Idaho, and Sen. Mark Hatfield, O-Oregon, introduced a resolution in the Senate Wednesday calling for American disengagement in Vietnam.

The two senators worked out the resolution on a bipartisan basis. Church is the sponsor of both parties to join in co-sponsorship.

The resolution provides no specific timetable for American disengagement, but urges withdrawal of U.S. troops "pending such reasonable interval as may be necessary to effect a orderly transition on the battlefield, and provide for the safety of American troops and those who may wish to leave with them."

Fidelity Bank Officer Gains Diploma From Seattle School

The assistant vice president of Fidelity National Bank in Twin Falls has graduated from the Pacific Coast Banking School, it was announced today.

WILLIAM MILLER

William H. Miller, with the bank since 1949, attended the school at the University of Washington in Seattle. His graduation means the end of three years of study in advanced banking subjects.

In addition to two-week resident sessions, the course includes problems in extension and final submission of a thesis or research paper.

School according to Mr. Miller, is one of the top banking schools in the nation. A total of 525 bankers and trust officers attended the 1969 resident session to take part in advanced courses.

Dr. Sheppard Divorced By Second Wife

CLEVELAND (UPI)—Dr. Samuel Sheppard's much-publicized second marriage to a German divorcee has ended in divorce.

Sheppard, who spent 10 years in prison for the murder of his first wife but was acquitted at a second trial, married Ariane Tebenjohanns in 1944, just two days after the U.S. Supreme Court granted him the new trial.

Mrs. Sheppard was granted a divorce Tuesday on grounds of gross neglect. Their marriage climaxed a trans-Atlantic letter exchange that grew into romance during Sheppard's years in the Ohio penitentiary. He had been convicted in 1954 of the bludgeoning slaying of his pregnant first wife, Marilyn.

Program Set To Fill Skilled Jobs

WASHINGTON (UPI)—The Nixon administration is moving to fill a sharp upturn in unemployment, today ordered up a training program to fill skilled jobs now going begging.

The Treasury Department issued a brief statement designed to expand on Secretary David Kennedy's statement Tuesday that the 4 per cent jobless rate "remained Monday was acceptable."

Kennedy said he was satisfied that the administration inflation control program was taking hold, while conceding it could put more people out of work.

The Treasury said: "Any unemployment in our country, however small, is an unhappy condition and one we will constantly seek to correct."

The statement explained that federal job training programs would be stepped up and that a computer bank would be set up to match the unemployed with vacant jobs.

Incumbents Seek Office In Minidoka

MINIDOKA — Not much interest has been demonstrated in the Nov. 4 municipal elections in either Minidoka or Acquia.

In Minidoka, Virginia Carille, Olive Schell, and William Praegitzer are seeking reelection while Ira Kent and Fred Mäier are running again in Acquia.

Mr. Schell has been on the council for six years and said he felt he had to run because there is not enough community interest at the present time, and someone has to keep it alive.

Mr. Schell does custom farming. Having served on the council for four years, Mr. Carille said he is civic minded and would like to see Minidoka improve.

Mr. Praegitzer has been on the council for a year and a half, having been appointed to fill the unexpired term of Lyle Facot. Mr. Mäier is running with fire trucks who works for the Union Pacific Railroad and is a longtime area resident.

United Fund What Does It Mean?

C. I. (BUS) SMITH

United Fund — Camp Fire Girls — or Camp — Fire Girls — United Fund; which is correct? Something like the chicken and the egg, or is it the egg, then the chicken — at any rate it's immaterial which was first.

One is dependent on the other. Without Camp Fire Girls and other community organizations like it, there would be no need for United Fund, and for this the community would suffer. Yet, without United Fund, would Camp Fire Girls survive? So you see, it's not important which came first, the egg or the chicken. United Fund or Camp Fire Girls; the important thing is that we have both. Both are important and both need each other.

Camp Fire Girls are important in our community, but we don't see the small things, the real results, unless you have the opportunity to be close to its operation, see it work, watch the results for yourself.

And this is what I did. It wasn't a matter of choice; my wife, Colleen, was Camp Fire leader, starting with a group of girls 7 and 8 years old. She was a leader — for this group until the girls were through the eighth grade. Girls from a variety of religions, as well as social and economic backgrounds, were part of a group to work and play together. I learn how to accept a person for what she is even if she is different in some ways.

At first, because of these differences, one little girl was

crucially shunned by the others. But — by group association — and direction, this girl began to be nearer in dress, began to be aware of how the other girls acted and in turn, the group began to respond, accepting her, working, playing and learning from and with each other. Such a change; this girl needed to be accepted and she was. The group needed to know that they could work with others who aren't quite like them, and they did.

Another heart-warming observation was a nice little girl in a shell. When she joined the group she was so much in her own little shell she would not talk to anyone, wouldn't eat her treat until she left for home. Many times she just wouldn't join in.

It was learned this little girl was a natural leader when it came to the outdoors. Ask her to lead the group down a mountain trail and she forgot she ever had a shell. Her grades in school started climbing and her confidence, with others, grew and grew; no more room for any shells.

These are only two of my many personal observations of the importance of Camp Fire Girls.

Only two, but has the Camp Fire Girls program helped to solve a social and emotional problem for these girls? Now multiply these experiences by thousands; yes, Camp Fire Girls and United Fund are both very important.

Mother Of Sirhan To Seek Help

PASADENA, Calif. (UPI) — The mother of a condemned assassin, Sirhan Sirhan, said Wednesday she would ask the United Nations to implore the United States to spare the life of her son.

Mrs. Mary Sirhan, 55, told a news conference at her home she also would ask the UN to seek peace in the Middle East and the suffering of the people of Palestine.

Sirhan Sirhan considered himself a Palestinian Arab and testified at his trial and shot Sen. Robert F. Kennedy because he was angered over the Democratic Presidential candidate's support of a proposed \$100-million phantom jets to Israel.

Mrs. Sirhan was vague on what she would ask the UN to do about her son. If she is allowed to speak, the UN lacks jurisdiction because Sirhan is a prisoner of the state of California.

Mrs. Sirhan held a rock in her lap during part of the news conference. She said she "broke" the rock and shot Sen. Robert F. Kennedy when she visited her son on a death row. Mrs. Sirhan said she keeps the rock in her hand because Sirhan is "closer" to her that way.

Magie Valley residents are invited to attend a free opera and ballet program at 8 p.m. Friday at the College of Southern Idaho Fine Arts Center.

The program, sponsored by the Twin Falls Music Club, is part of activities being held on campus this week in conjunction with the annual conference of the Idaho Art Association.

City Building Permit Total Is \$157,320

Building permits issued during September in Twin Falls represented \$157,320 in structural values, City Clerk Constance Lister reported.

The 28 permits included seven for new construction which represented \$99,690 in new buildings. There were 13 permits for repairs and improvements representing another \$11,630; one dwelling at \$15,000; three additions and structural alterations, \$14,000 and two demolitions at \$17,000.

The total figure of \$157,320 compares with 23 permits representing a value of \$199,910 for September last year. In Twin Falls this year, total permits show a structural value of \$3,216,166, well ahead of the \$1,633,352 of a year ago.

Rep. Hansen Backs Nixon On Vietnam

WASHINGTON, D. C. — Congressman Orval Hansen (R-Idaho) said this week he "supports fully" President Nixon's efforts in the Vietnam war by American troops withdrawing.

Rep. Hansen and House Republicans and Democrats introduced a resolution that clearly endorsed Nixon's effort for the "Vietnamization" of the war.

The resolution read: "That it is the sense of the House of Representatives that the substantial reductions in U. S. ground combat forces in Vietnam already directed are in the national interest and that the President be supported in his expressed determination to withdraw all remaining such forces at the earliest practicable date."

The short resolution drew support from members on both sides of the aisle.

"President Nixon's efforts to achieve peace through negotiation while shifting to the South Vietnamese a greater share of the burden of their air defense are deserving of our support," Rep. Hansen said.

Legislation OK'd

WASHINGTON (UPI) — The Senate Banking Committee approved legislation Wednesday to authorize minting of a new one-dollar coin bearing the image of Dwight D. Eisenhower.

A joint resolution, sponsored by Sen. Wallace F. Bennett, R-Utah, would provide that the coin be 75 per cent copper and 25 per cent nickel.

Man Charged With Violation Of Raw Milk Regulations

A 39-year-old Twin Falls man has been arrested on a warrant charging six counts of violation of the Raw Milk Regulations of the Idaho Department of Health.

Lloyd Stoker, Grandview Drive North, not connected with Stoker Dairy Depots in Twin Falls, was arrested on a complaint signed by health department officials.

He was taken into custody by Twin Falls County Sheriff's officers and released on \$200 bond. The counts charged against Mr. Stoker are:

1. Selling milk without suitable and sanitary containers and tight-fitting lids.
2. Selling milk without a permit from the State Board of Health.
3. Bottling milk for sale without self-closing doors for storing cleaned bottles and equipment.
4. Bottling milk for sale within a room or adjacent thereto without approved handwashing facilities.
5. Bottling milk for sale without labeling the milk as "raw" and not displaying the name and location of the dairy which produced and bottled it and not stating the container capacity.
6. Bottling milk for sale without bottling and capping in a sanitary manner by means of approved equipment, with those operations being integral in one machine.

The Department of Health alleges the violations occurred between June and the time of Mr. Stoker's arrest.

Wild, Tame Animal Sale Held

THOUSAND OAKS, Calif. (UPI) — A carnival atmosphere prevailed Wednesday at the auction of 1,800 wild and tame animals as bidders snapped up the stars and supporting players of many jungle movies.

Before gaveling off the animals from Jungland, a bankrupt private zoo, the auction house put on a lion and tiger show for the bidders from circus, carnival, zoo and movie studios, plus the curious.

Some bidders came from as far as Europe, the Near East and Brooklyn, N. Y., in the early bidding, the highest price was brought by a pair of hyacinth macaws at \$900 each.

On the other hand, a dog-faced baboon went for as little as \$5.

The sale included 32 big jungle cats, nine multi-ton elephants, an assortment of hippopotami, 30 zebras, buffalo and horses, a raft of bears, hyenas, wallabies, turtles, seals and other members of the animal kingdom.

One humanitarian passed through the crowd distributing warnings to bidders not to buy wild animals without first consulting their doctors and lawyers.

Anne Butler Is Bride Of Richard Hughes

BOHI — Anne Marie Butler, daughter of Mr. and Mrs. Vance Butler, Buhl, became the bride of Richard E. Hughes, son of Mr. and Mrs. Frank E. Hughes, Pocatello, in a ceremony Aug. 23 at the Buhl First Christian Church.

Harris S. Young performed the double-ring ceremony before a background setting of bronze candelabra with white tapers and baskets of pink and white gladioli with pink ribbons.

Given in marriage by her father, the bride wore a gown of white chrysanthemum tulle with long, full sleeves gathered into double lace cuffs which matched the double lace collar. The shoulder-length bridal illusion veil was fastened to a white tulle bow at the top and fell over both sides and down the back by the bride. She carried a bouquet of white chrysanthemums centered with a pink carnation.

Eleanor Butler, sister of the bride, was maid of honor.

Ronald Tuttle, Pocatello, aunt of the bride, and Mrs. Elvira Nick Butler, brother of the bride, and Barry Foster, Mossyrock, Washington, cousin of the bride, who also served as taper lighters.

Mrs. Bill Wezstein, organist, played the traditional wedding music.

Following the ceremony, a reception was held in the church fellowship hall. Gayle Collins, Idaho Falls, was in charge of the guests.

The bride's table was centered with a three-tiered cake trimmed with pink roses and blue and white ribbons, and topped with a miniature bride and groom figure. Pink and white gladioli, pink chrysanthemums and white candles flanked the cake.

Reception assistants were Pearly Carico, great-aunt of the bride; Mrs. Leland Foster, wife of the bride; and Mrs. Ellis McCulley, Harmiston. Ors. and Mrs. Merle Hughes, Pocatello, aunts of the bridegroom.

Flowers were arranged by Mrs. Elvira Nick Butler and Mrs. S. Young. The wedding cake was made by Mrs. Todd Carico, and the punch and mint for the reception were made by Mrs. Jerry Foster. The wedding cake was made by Mrs. Todd Carico, and the punch and mint for the reception were made by Mrs. Jerry Foster. Coming Events Outlined At WSCS Meeting

SHOSHONE—Members of the Women's Society of Christian Service outlined coming events and the year's program schedule at the business meeting held after a potluck dinner held at the church.

Mrs. Hugh Keith, president, conducted the meeting and announced a committee was made for Salem House, the Methodist Church home for the aged.

Meetings this year will be held at 8 p.m. each third Wednesday of the month, at either homes of the hostesses or the church, as designated by the hostesses.

Mrs. Richard Beckman, vice president and program chairman for the year, announced there will be special visual aids included in the lessons. The program text to be "Choice and Change."

Officers installed for the year are: Mrs. Keith, president; Mrs. Beckman, vice-president; Mrs. Wallace Fisson, secretary, and Mrs. Gilbert Pierson, treasurer.

The Wednesday meeting is at 8 p.m. at the home of Mrs. Hazel Kerker, with Mrs. Alta Easleroff as co-hostess. Mrs. Beckman is in charge of the lesson.

The group announced plans to provide a baby sitter for the church worship services on Sundays.

Readers Theater Program Introduced To Catholics

JEROME — A readers theater program, "Are Times Changing?" was introduced by the organization services chairman, Mrs. Bill Last, at the recent meeting of the Catholic Women's League.

Taking part in the program, which dealt with the need for involvement of women in the church, were Mrs. Bill Carpenter, Mrs. L. W. Sanberg, Mrs. Leon Vogel and Mrs. Last.

The meeting began with a potluck supper honoring new members in the parish. A message of welcome was given by president, Mrs. Charles Hosman.

Committee chairmen reporting included wife and means, Mrs. Richard Scherer; report on two funeral dinners served, Mrs. Scheer and Mrs. Lee Chojnack; and membership, Mrs. Last.

A day of recollection for the women of the denary was announced to be held at St. Benedict's Student Center in Twin Falls, Wednesday.

Mrs. Last, denary representative, spoke briefly on the work of the council, and asked for any suggestion for the November meeting.

Mrs. James Glodowski, parish project, was displayed. Hostesses for the evening were Mrs. Walter McCaughey, Mrs. Harold Klias, Mrs. Richard Scherer and Mrs. Karen Boguslawski.

Community Functions Are Planned By Unit

PAUL — Plans for several community functions to complete the club business year were made during a recent business meeting of the Crestview Neers Extension Homemakers Club, with Mrs. Leonard Schenk, presiding.

The group voted to pay expenses of travel, registration and lodging for delegates to the Idaho Homemakers convention Oct. 21 through 23 in Idaho Falls.

A report was given that \$4 in premiums was received from the Jerome County fair board for entrants in the Crestview booth.

In previous years, the club has participated in the county-wide food fair and holiday idea exchange in Jerome. Nov. 10 were planned by the members. The Crestview Club is in charge of registration and will also hold a demonstration.

Mrs. Keith Staker will be chairman of the demonstration. The group also voted to contribute its support to the Twin Falls School Carnival.

Co-chairmen, Mrs. Robert Schenk and Mrs. Don Reihalt, will also plan for the booth.

In previous years, the club has contributed money and members have provided candies. Others of the Crestview Community having children in the grade school have assisted.

After the business meeting, a lesson with a demonstration of making and dressing Colonial Burrows displayed two previous completed dolls. If sufficient membership interest is shown, a workshop in doll making will be scheduled later in November.

The hostess gift was won by Mrs. Deann McCault. No business meeting will be held in October.

Area Newlyweds Honored

HEYBURN — Mr. and Mrs. Marquie R. Haag were honored at a wedding reception Aug. 17 at the National Hotel. The bride is the former Cheryl Marisch, daughter of Mr. and Mrs. Joe Marisch, Heyburn, and the bridegroom is the son of Mr. and Mrs. Leo T. Haeg, Pocatello.

The newlyweds greeted guests before a white chiffon backdrop enhanced with white wedding bouquets, white doves and orange bows, flanked by urns of orange chrysanthemums and white carnations. White and orange-plumed topiary trees marked the walkway to the receiving line.

The bride wore a beige lace street-length gown with long gathered sleeves caught at the wrists by wide cuffs and a lamella corsege.

Area Newlyweds Honored

The bride's table featured a skirted cloth of green velvet edged with orange ribbon and rosettes and was centered with a five-tiered square, white wedding cake decorated with miniature orange roses and green leaves. It was topped with a floral arrangement of orange roses and green leaves. Cupid and a white chignon backdrop completed the table appointments.

Mari Friesen and Tina Schaefer cut and served the wedding cake. Kim Haeg, sister of the bridegroom, poured punch and Linda Marisch, sister-in-law of the bride, presided at the coffee service.

Guests were seated at round quartet tables covered with white lace and tulle over green satin. Each table was centered with a flower basket of orange, green and white floral arrangements.

Guests were registered by Karen Fowler, sister of the bride. Gifts were displayed by Mary Otasua, Elaine Peterson and Mrs. Mary Mann.

The bride attends Idaho State University, Pocatello. The bridegroom attends Idaho State University, where he is affiliated with Pi Kappa Alpha Fraternity. Both are employed at the university and they reside in Pocatello.

Hobby Club Has All-Day Work Meeting

HAGERMAN — An all-day work meeting was held by the Hagerman Valley Hobby Club at the home of Mrs. Robert Tup.

Members worked on various projects which they had been unable to make during the past few months. Among the items made were paper clusters, yarn flowers, crushed glass plaques and plaquet plaques.

Mrs. Wilbur Elliott and Mrs. Alma Conant will demonstrate the projects for the Nov. 7 meeting. The November projects will be making frogs to be used as pillows or floor ornaments and net wind bonnets. Members will be notified as to where the meeting will be held.

The meeting was conducted by Mrs. Varian Brewer in the absence of the president and vice president.

Guests were Mrs. Betty Messer, Twin Falls; Mrs. Hugh Caldwell, Wendell; Mrs. Herbert Lewis, Fairfield; and Lily Kytte, California.

Lesson Given

MURTAUGH — The Woman's Society of Christian Service of the United Methodist Church met recently at the church, with Mrs. Jack Allard and Mrs. O. E. Wright giving the lesson, "The Profile of An Involved Woman," in dialogue.

Ruth Brown gave the yearly report on the work of the courtesy committee.

It was announced that the World Day of Prayer will be held at 2 p.m. Oct. 31, 1969, at the Kimberly United Methodist Church. Members were reminded of blankets and clothing for missions, and to be ready for the meeting in November.

Mrs. Betty Barkes and Mrs. Palmer Graff were co-hostesses.

Events

Daughters of the American Revolution will meet for a 1 p.m. Monday luncheon at the Colonial Room of the Rogerson Hotel.

JEROME — Buttons and Bows Square Dance Club will dance at 8:30 p.m. Saturday at the IOOF Hall in Jerome. Persons attending are asked to bring sandwiches or dessert.

World War I Auxiliary No. 509 will hold a bazaar and cooked food sale at Buttery's Super Store Saturday beginning at 9 a.m. The auxiliary and barracks will hold regular meetings at 7:30 p.m. Monday at the IOOF Hall.

The Single-lies Club will have a dance Saturday night at the RAV Hall in Twin Falls. There will be live music for dancing from 9 p.m. to 1 a.m. All single persons between the ages of 30 and 99 are welcome.

WENDELL — Maple Valley Friendship Club for Handicapped Adults will have a Halloween party at 7:30 p.m. Thursday at the American Legion Hall in Wendell. John Waugh, Nampa, will show pictures of activities in other handicapped groups. Mr. Waugh is a member of the Wendell Indoor Sports Club, a nationwide club for handicapped adults. Officers will be elected. There will be refreshments.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: I recently met a very charming 73-year-old widower in Florida. (I am a 70-year-old widow.) It was a whirlwind romance and we married shortly after. Herbert is very well-to-do, but that is not the reason I married him.

The problem is that Herbert gave me no hint at all that he had had surgery six years ago, and all he could offer me was "a lovely home and a gin rummy partner."

Please don't get the idea that I think sex is everything in marriage, but I am a very youthful 70, and I was looking forward to a little more than a lovely home and a gin rummy partner.

I don't want to disgrace my children and grandchildren with a divorce. Herbert laughingly said, "If you got yourself a friend, I wouldn't divorce you as long as I didn't find out about it." What should I do?

DEAR MISLED: Most women of 70 who marry a man of 73 would be content with a lovely home and a gin rummy partner. But if you are not, don't worry about "disgracing" anyone. See a lawyer about an annulment. You have legitimate grounds.

DEAR ABBY: I am writing this for myself and a lot of my friends.

There is a woman in town who is married and has small children. Her husband works nights, and while he is working this lady runs around with other men. (We know this is true because our parents have told us so.)

This lady calls me or one of my girl friends about every night, asking us to baby-sit for her. We can use the money, but our parents have told us to turn her down. No matter how many times we turn her down, she calls again.

We think maybe if she can't get a baby-sitter, she'll stay home. If you put this in your column she might see it and take the hint.

DEAR HOPING: Assuming your parents are right, it will take more than a "hint" from me, and repeated turns-down from a list of sisters to make this lady stay home, if she's inclined to run around.

DEAR ABBY: I am getting ready for a visit from my brother and his wife, and much as I love them both, I am dreading this visit. Why? Because they both smoke like every puff was their last.

After their last visit, I had to take EVERYTHING out of the bedroom they occupied and air it two days running. Even the linens, mattress and pillows! A strong odor of stale cigarettes still persisted, so I searched and searched and finally found an ashtray full of cigarette butts in a DESK DRAWER!

I have come up with an idea: The next time we go to visit THEM I will take along several strong onions and I'll carry a slice of raw onion with me to the breakfast table and make them inhale it with their breakfast. I would carry a slice of onion with me into every room of their house, and also into their car. And upon leaving I'd hide slices of raw onion all over their house. Then they would know what it's like to try to eliminate an offensive odor which has permeated everything.

What do you think? I LOVE FRESH AIR

DEAR LOVES: I think they deserve it. But I'm betting against your ability to be that rude.

CONFIDENTIAL TO LILA: Beware of that guy with the "intoxicated-kisses." He could be mixing his drinks.

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

Class Members Visit Homes

WENDELL - Currently class members of Mrs. Hazel Lawson's Home Economics III class are visiting homes of local citizens. The class is studying home sites, construction, furnishings and color schemes concerning the decoration of a home.

Also, they will study art principles, focal points, balance, proportion and emphasis. Visits have been made to homes furnished in many different styles. Each girl is to draw up a plan to decorate and furnish the Richard Eaton home. In addition, each class member will do a separate project and report.

Glenns Ferry Grabs 24-8 Win Over Kimberly

KIMBERLY—The Glenns Ferry Tigers threw up a tight defense Wednesday night to beat the Kimberly Bulldogs 24-8 and take another step toward the Little Six Conference title. The night Bulldogs gave a stiff battle, helped by a pair of fumbles, through the first half and scored twice in the game to prevent the shutout. But the Pilots' edge in overall speed proved too much. The Pilots threatened twice in the first half before getting one in. They took the opening kick-

Castleford Tips Bulldogs For First Win

CASTLEFORD—Lynn Easton early came up with some time by running that took the pressure off senior Steve Wright as the Castleford Wolves ended their season long drought by upending the Rockland Bulldogs 28-0 Wednesday night. Castleford's defensive unit contributed heavily to the victory, recovering four fumbles and picking off four Rockland passes. Mel Rutherford got Castleford started in the second quarter when he sprinted 60 yards for the extra points. Before half-time Wright went in from the eight and Easterday got the conversion.

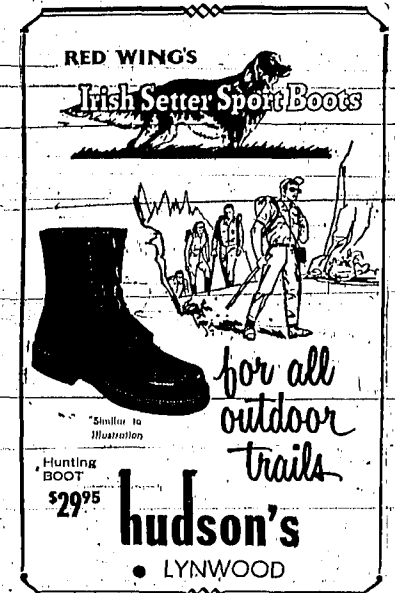

Dave Bristol Won't Return At Red Helm

CINCINNATI (UPI)—Cincinnati Reds Manager Dave Bristol, whose team came within three games of winning the National League's Western Division championship this year, was informed Wednesday he will not manage the club next season. Cincinnati General Manager Bob Howsam, who just last week received a new two-year contract from the club, explained that "after completely reviewing our entire operation, I felt a managerial change was necessary."

Gordon Says Metro To Succeed Him

KANSAS CITY, Mo. (UPI)—Lee Gordon stepped down Wednesday as manager of the expansion Kansas City Royals and said he would like to have the privilege of naming his own successor. "Charlie Metro, a coach with the Royals during the last stages of the 1969 season, will replace Gordon, who moves up to a front office capacity as special assignment scout," Gordon said. "He felt the Royals needed a more aggressive manager and that's why Charlie Metro was my No. 1 recommendation."

T.F. Claims Jerome Cross Country Win

JEROME—The Twin Falls Cross country team posted its biggest win of the year Wednesday when it topped Nampa to clinch the Jerome invitational. Twin Falls wound up with 31 points while Nampa had 41. The other team placings ran Jerome, Mountain Home, Wood River, Filer, Leadore and Gooding. Nampa won the javayee match with 29, followed by Twin Falls 37 and Wood River 69.

Aaron Played Despite Pain

ATLANTA (UPI)—Hank Aaron played the National League championship series against the New York Mets with 10 stitches in his right hand and had to get a shot to deaden the pain before each game. Nevertheless, the hard-hitting Atlanta rightfielder hit .357 with three home runs, two doubles, had a slugging percentage of 1.000 and seven runs batted in to lead his team.

LINED OUT AND working, Idaho Fish and Game Department personnel and volunteer workers sweep through a pool in the bottom of Richfield Canal. Scout in dark shirt can be seen holding a large rainbow out of the water after it was forced to surface by an electrical charge.

RICHFIELD CANAL-LUNKER, going about five pounds, is displayed shortly after being salvaged from the draining game trout at the Idaho Fish and Game Department along with several hundred others.

Richfield Canal Salvage Completed

The Richfield Canal salvage yielded its usual prize of Rainbow trout as the Idaho Fish and Game Department and volunteer helpers completed the electrical shocking treatment of the emptied stream Wednesday night.

Department Biologist Bob Bell said a total of 4,400 pounds of fish was taken from the water-

Colts Forced To Peddle Ron Porter

BALTIMORE (UPI) — The Baltimore Colts, reeling from two losses and an unimpressive victory in three games, were forced to unload promising young linebacker Ron Porter Wednesday after he was kicked off the team by coach Don Shula.

The Colts traded the 24-year-old backup linebacker to the Philadelphia Eagles for an undisclosed draft choice after Shula ordered him off the team Wednesday with coach John Sandusky.

Porter had shown considerable promise after two years with the Colts and was apparently being groomed for a starting spot in the near future. However, following Sunday's game in Atlanta, Porter and Sandusky reportedly became involved in two heated arguments. Sandusky had apparently ordered Porter to stop talking with a friend and board the team bus. The two argued but Porter complied with the order.

Pocatello Sophs Dump T.F. 30-14

The Pocatello sophomores scattered Twin Falls up with passing in the second half Wednesday night to claim a 30-14 come-from-behind decision.

Twin Falls controlled the young Indians well in the first half taking an 8-0 lead when Bob Bodine culminated a 40-yard march by getting the last seven. Kevin Nelson, streaked in for the extra points with 35 seconds left in the half.

But from then on Pocatello's passing proved Twin Falls' downfall and after the aerial game loosened the center, the Indian runners improved. Pocatello scored on two screen passes to break it open.

Rimrock Hits In Last Half, Drops Devils

DIETRICH — The Rimrock Raiders from Grand View exploded for three touchdowns in the third quarter Wednesday to overhaul the Dietrich Blue Devils 40-16 in Snake River eight-afterschool football.

Rimrock scored twice in the first quarter. Dan Gilbert going over from the eight and John Goucher from the two.

But the Blue Devils rebounded in the second period. Russ McCrea swept in on a 30-yard scamper and minutes later McCrea flipped a three-yard scramble to the end zone. Fern added the two-point which gave Dietrich a 14-12 halftime edge.

Then in the third quarter Goucher hit Woolley on an 18-yard strike. Gilbert scored from 72 yards out and then added a two-yard touchdown plunge. Goucher plunged in for two two-pointers.

The only scoring in the final period came when Dietrich's Towne broke through to a touchdown in the end zone for a safety.

Hansen Rolls To 32-6 Win Over Pirates

HANSEN — The Hansen Huskies struck for two quick touchdowns in the opening period and rode to a 32-6 decision over the Hagerman Pirates Wednesday afternoon.

Larry Pollard capped a Huskie drive in the opening minutes when he plunged in from the two-yard line. Later, quarterback Walt Freestone shook loose on a 32-yard scoring run.

Early in the second period Freestone hit Greg Moore with a 22-yard pass that carried to the Hagerman five and two plays later Freestone scored from there on a little cutback. Just after the four-minute warning, Pollard went in from the five and a pass to Gunter got the two-point conversion.

After the game slowed down in the second half, Hansen piling up its final total when big Lynn Pearson, shifted from end to halfback, scored on a 28-yard run.

Hagerman scored with six seconds left. The Pirates recovered a fumble at the 22-yard line, watched one running play and two passes, all out of an apogee, go for naught. Then Jeff Clapper wheeled off the waistline of the spread-and-scowl-stand-up.

Camas County, Carey Battle To 14-14 Tie

CAREY — The Camas County Muthers and Carey Panthers fought to a 14-14 draw Wednesday afternoon.

It marked the first time this season that the high scoring Panthers were held to less than four touchdowns and kept the Snake River eight-afterschool conference tie race going.

Camas County faces a strong foe in Richfield next week while Carey goes to Rimrock of Grand View.

Denise Rush got both touchdowns for the Panthers, scoring in the first and second quarters. Robb Peck ran over the two-point after the first score.

Camas County came back on a second-half touchdown by Rick Geler to fashion the tie.

Carey's record now is 5-1-1 while Camas County is 3-2-1. Carey defeated Camas County 28-18 in an earlier non-conference battle.

Allen Sent To Cards In Seven-Man Trade

ST. LOUIS, Mo. (UPI) — Hitting sensation Richie Allen was traded to St. Louis Wednesday in a seven-player deal with the Philadelphia Phillies and Cardinals General Manager Bing Devine predicted the 27-year-old Bad Boy of Baseball will "change the image of our club."

The big men acquired by the Phils in the deal were outfielder Curt Flood and catcher Tim Lincecum, but Flood said, "I have decided to retire from organized baseball."

The trade, with no cash involved, also sent left-handed reliever Joe Hoerner (15 saves) and outfielder Byron Browne to the Phils while infielder Cookie Rojas and pitcher Jerry Johnson (9-13) go to St. Louis.

The transaction was marred by Flood's announcement through a spokesman: "Under

the circumstances, I have decided to retire from organized baseball, effective today, and remain in St. Louis where I can devote full time to my business interests. In addition, with my playing days nearing an end due to physical considerations alone, I've had to think of my own and my children's future. If I were younger, I certainly would enjoy playing for Philadelphia."

St. Louis Manager Red Schoendienst appeared elated over the trade, and Devine didn't indicate that the Allen trade was the last one for the Cardinals this season. "This one is a pretty big deal," Devine said. "We know he's a good hitter, he's a power hitter."

Devine said that Allen "changes the image of our club—speaking of on the field—basically a defensive club."

"We've got good pitching, but we have had trouble in scoring runs."

Glenn Capozzoli, Allen's adviser, said the slugger told him, "I'm very happy, I'm glad it's all over with."

Allen made no secret of the fact he wished to be traded by the Phils because of his treatment by the "boo-birds" in Connie Mack Stadium.

"Richie hoped to go to the Mets," the adviser said. "You can't pick your team. He can get settled down now and play some ball."

John Quinn, Phillies general manager, explained the trade resulted from the club's quest for quality, said there were no contingencies regarding the physical condition of the players involved in the deal. He described all of the players as "sound."

talked to four clubs in the American League and three in the National League—all of which he declined to name—and "had names from these clubs."

"This was the best deal offered to us," Quinn said, and added "We're not going to stop here."

As to why he traded in his own division of the league in preference to the other division or the American League, Quinn said, "We must acquire people who will help us."

Philadelphia owner Bob Carpenter said in a news conference, "Richie and the Phils just couldn't put it together. He was unhappy here, and some of it must have affected other people. But he could hit a baseball further than any righthander I ever saw."

At Memphis, Tenn., McCarter said he had mixed emotions on the trade. He said, "I have

enjoyed being a Cardinal. He said it was a "challenge to make the Phils a winning ball club."

Hoerner was not available, but his wife said, "I don't think there'll be any smiles around this house." She said they had been building a home and "planned to move in next month. This puts a damper on everything."

BREAK OF TRUMP TOLLS OUTCOME

If you have any idea that the finals of the Spingold Cup were a romp for the better, you can get rid of that idea quickly.

The bidding in the box is that of Ira Rubin, sitting South, and Jeff Westheimer, sitting North. Bob Hamman did open one heart in the East seat and Mike Lawrence raised to two, but the hand belonged to North and South.

It is common American practice to raise an overall like an opening bid, so Jeff's two-spade call was normal. Ira had too good a hand to pass at two spades. Lots of players would have gone right to game. Some might have tried a three-club or three-diamond bid but Ira, who is a past master of competitive-bidding, raised

the simple call of three spades. This put the issue of game or no game squarely up to Jeff. He looked at his 4-3-3 distribution and decided that this was not the time to try for the game bonus.

Me was right, because trumps broke 3-1. Had they broken 2-2, game would have been made easily.

At the other table, the South player for "The Dallas Aces" decided to bid three clubs, rather than three spades.

The North player was looking at the same 4-3-3 distribution that Jeff held, but he was greatly encouraged by his possession of the queen and jack of clubs. He decided that he should jump to game and he would sure have been right if the trump suit had behaved for him.

Nevada Used To Execute Criminals In Their Sleep

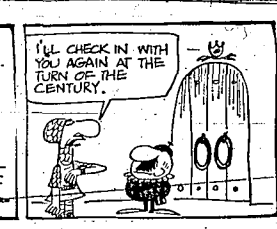

If a single woman goes with what they knew, trying to get to a eligible man for three months, she'll find out that him are about two out of five. If a woman rents an automatic dishwasher for three months, chances she'll buy it are about nine out of 10. This gives you a fair idea of how men stack up against automatic dishwashers as far as women are concerned.

THAT WESTERN COMMUNITY said to appeal most to Russian women at the moment is hairspray. . . HAVE NO REASON TO doubt an informant who reports Mr. and Mrs. Crocker of Modesto, Cal., named their little girl Polly-Wanda.

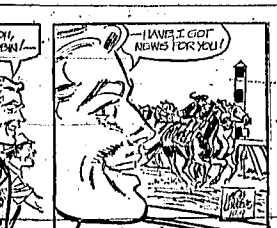

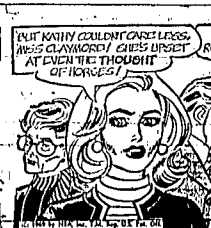

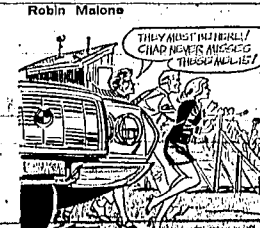

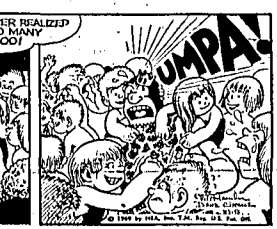

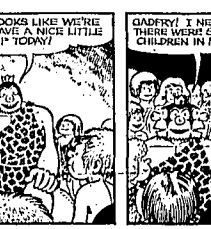

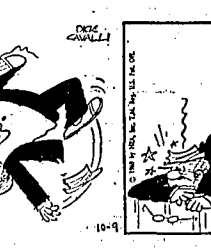

IF ALL THE BLOOD VESSELS in your body were stitched and tied, they would be long enough to encircle the earth four times. DID I TELL YOU exactly 602 per cent of all the babies in Canada are born in taxicabs? . . . IN TWO OUT OF three families, the wife keeps the checkbook and pays the bills.

DEATH IN THE NIGHT—It was just 48 years ago that a bill to execute capital criminals by sneaking into their cells without warning in the middle of the night to drop the lethal gas while they slept. Consider that a man so sentenced would never know which night his last breath would pass.

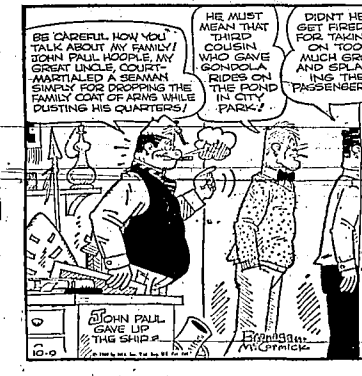

LINDA AND JOHN—Among 10-year-old girls there are more Lindas than anything else. Scudder, the most popular name among young ladies is Mary. This is Deborah. As for 10-year-old boys, the most widely macabre piece of legislation? It used name is still John just was soon repealed, of course. But under that, think of those men in those cells, knowing to go.
