VOL. 66, NO. 169

TWIN FALLS, IDAHO, TUESDAY, OCTOBER 14, 1969

TEN CENTS

THIS 1959 PLYMOUTH was demolished and the South Park Bridge damaged in a late Monday accident. Driver of the car, Gerald E. Seward, 30, Richfield, was taken to Magic

Valley Memorial Hospital by ambulance and is in fairly good condition. He was alone in the vehicle, Twin Falls City Police officers said.

Man Hurt As Auto Rams Bridge Rail

A Richfield man was injured and the South Park Bridge extensively damaged Monday night when a car went out of control and crashed into the bridge railing.

Gerald E. Seward, 30, driver of the car, was arrested by city police officers for driving while intoxicated after his 1959 Plymouth went out of control and struck the bridge.

Officers said the Plymouth was traveling south on Shoshone Street West about 9:45 p.m. when the accident happened.

Mr. Seward was pinned between the steering wheel and seat of the car and the seat had to be pried out to remove him. He was taken by ambulance to Magic Valley Memorial Hospital where he is in fairly good condition.

The South Park Bridge has been without lights since July, when a large truck failed to clear the wires attached to the fixtures.

Jean Miller, acting city manager, said the poles now are being replaced and the work should be completed in a week to 10 days. He said the power company then will install the fixtures.

Extremes In Temperature Harass U.S.

By United Press International
The West was frosty and the East balmy as weather and temperature extremes continued today.

Annexation Zoning Proposals Offered

Recommendations from the Twin Falls Planning and Zoning Commission to the City Council on proposed annexation areas around the present city limits will, in general, follow original proposals of the broad annexation study.

Drafted in a lengthy meeting Monday night, the recommendations call for zoning of most of the proposed areas north of the city.

Kimberly road as low density residential area, which is the zoning board voted first on the area south of Addison Avenue East, and east of Eastland Drive, including the two cemeteries of a drive-in theater and property adjacent to the theater.

The television and radio property was then zoned industrial when it was learned present city ordinances providing zoning for various types of business make no mention of radio or television stations. For lack of a better zone classification, industrial was selected, as it permits any type of business.

Russians Say Space Crews Link Ships

MOSCOW (UPI)—The two Soviet space ships Soyuz 7 and Soyuz 6 today docked orbit and are continuing their joint flight, informed space sources reported. A third spaceship Soyuz 6 was flying nearby.

Hazelton Man's Body Found In Canal Near Jerome

JEROME — The body of Dwight Brooks, 42, Hazelton, who wandered from St. Benedict's Hospital Monday night barefooted and in his pajamas, was found in a canal Monday night in the North Side canal, some three blocks away.

Nuclear Test

WASHINGTON (UPI)—The Soviet Union set off a big underground nuclear explosion today, estimated by U.S. monitors at about one megaton. Swedish seismologists had estimated the blast's force at five or more.

New Fighting Flares Near Viet Capital

SAIGON (UPI)—Fighting flared 15 miles from Saigon today on the eve of the Vietnam moratorium in the United States. South Vietnam deployed troops against possible antiwar demonstrations here.

President Nixon Plans Address On Vietnam Conflict

WASHINGTON (UPI)—President Nixon plans to make a broadcast speech to the nation Nov. 3 to give a report on prospects for peace in Vietnam a year after President Lyndon B. Johnson halted all bombing of North Vietnam.

Citizens Group Backs War Trek

BOISE (UPI)—Directors of the Citizens for Civil Unity have voted to support Wednesday's Vietnam War moratorium.

Moratorium On Viet War Gains Strength In U.S.

By United Press International
Millions of Americans on campuses and in cities across the nation will take part in Wednesday's moratorium on the Vietnam War, despite a reiterated that he will not be moved by it.

to show the President their convictions matched his. Meanwhile, the clash of words grew louder as moratorium day neared, especially in Congress. Senate Republican Leader Hugh Scott asked supporters of the moratorium Monday from the floor of the Senate.

Some demonstrations already had begun. In Ames, Iowa, about 100 clergy men, Iowa State University faculty members and students were reading the names of the 38,887 Americans killed in Vietnam through Oct. 4 to suggest the price America is paying for waging a senseless war.

Washington, D.C.—Senators, congressmen and many of the capital's 300,000 federal employees will take leave of extended lunch hours to participate in a militant faction of thousands more will wear "Work for Peace" buttons to their desks.

died for want of a second. For about four years the courses have been held at the Kimberly High School evenings because CSI was using the local high school.

Anderson Is Backed For Probate Post

The Twin Falls County Republican Central Committee endorsed Monday the bid of R. E. Anderson for the probate judge position during a meeting Monday night in the judicial building.

The county commissioners will probably make the official appointment next week, according to Herber Laughmiller, commission chairman.

'Jennifer' Churns Way Out To Sea

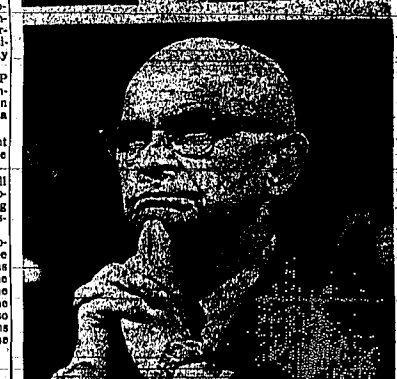

MAZATLAN, Mexico (UPI)—Tropical storm Jennifer churned its way out to sea Monday, leaving behind a toll of 31 lives and 15 injured and extensive property damage along a 100-mile stretch of Mexico's northwest coastline.

During the GOP meeting, Roland Wilbur, Lewiston, a state chairman, discussed what has happened in the last year in the state party. He pointed out some of the things needed to win the election in 1970.

Turner, Police Aide Clash Over Guns

WASHINGTON (UPI)—Chicago's top policeman testified Monday that Maj. Gen. Carl C. Turner and later asked him to destroy the receipts before investigators saw them.

Turner solicited guns from him as "custodian for the U.S. Army," Conlik said.

JAMES B. CONLIK JR., top, admitted in testimony Monday that Maj. Gen. Carl C. Turner, bottom photo, solicited guns from him as "custodian for the U.S. Army," but asked him to destroy the receipts before investigators saw them. Gen. Turner, retired Army provost marshal, who admitted last week that he sold some of the weapons for personal profit, said Monday he couldn't remember whether he destroyed the receipts before the Senate Permanent Investigations Subcommittee (UPI telephoto)

T.F. Winter Job Outlook Said Favorable

Magic Valley is not feeling the jobless pinch prevailing in many sections of the country, and the outlook for winter, normally the low employment season in this area, remains good, John Leinen, local employment office manager said Tuesday.

The situation at the local office, which has many unfilled orders for bus truck drivers and men to handle potatoes, will prevail until sometime after Nov. 1, Mr. Leinen said.

While many jobs are going unfilled, there still are people out of work in Twin Falls, Mr. Leinen said, because the market is "not suitable for the jobs."

He said the fallow and college of Southern Idaho projects, as well as other smaller projects in the city, have made the construction industry outlook much brighter this year.

He also said the number of skilled laborers going to jobs outside of Twin Falls has decreased considerably, but that they are now working in Sun Valley.

He said the construction job estimate for this season slump in construction workers will occur this year, as many construction projects are closed in and can continue during the cold months.

He said the fallow and college of Southern Idaho projects, as well as other smaller projects in the city, have made the construction industry outlook much brighter this year.

He said the construction job estimate for this season slump in construction workers will occur this year, as many construction projects are closed in and can continue during the cold months.

JOE PETERS is seeking another term as mayor of Burley. Mr. Peters has cited a number of improvements made during his administration. He was elected mayor in 1968 after serving six years earlier on the city council. The Burley city election will be held Nov. 4.

Report Shows Business In Idaho 'Good'

Business in Idaho by the end of the third quarter was rated generally good in most economic segments and the outlook for the fourth quarter is much the same.

This is the report contained in First Security Bank's quarterly economic news letter being distributed this week. It was announced by Kenneth J. Newman, vice president and manager.

The percentage increase for the first nine months was above the national average in personal income and employment. However, as is characteristic of the national economy, there has been some evidence of slowdown. This slowdown is expected to continue through the fourth quarter. Cash receipts from farm marketing this year should easily exceed the \$566 million recorded last year. Livestock prices throughout the major fall marketing period should average about the same as in September which was above year-ago levels. Fed cattle marketings will be above 1968 and slaughter numbers will be higher in contrast to conditions prevailing throughout the first three quarters, which will mean some pressure on prices. Production is a bit above last year's levels for all major crops with the exception of wheat and corn. Potato production is forecast at 66 million cwt., an increase of 12 per cent from last year. This record output will be reflected in pressure on prices during the next few months.

Sugar beet production in the Gem State at 3.5 million tons may establish a new record. However, acreage limitations for next year's crop have been announced following some decline in the price of sugar. Fruit production far exceeds that of 1968 and follows a national trend. Also considerably higher is bean production in which there is some pressure on prices.

Production of metals for the first seven months of the year was considerably above levels of 1968. Lumber production for the first seven months totaled 609 million board feet measure, down three per cent from last year.

Total manufacturing output during the first three quarters was above last year. This applies especially to metals and to food as well as transportation equipment.

Construction contracts awarded for the first seven months totaled \$116.4 million, about 40 per cent above 1968. Included are public construction projects, public utilities, as well as residential and commercial construction.

The labor force in Idaho in August totaled 303,000, some 2,000 above last year at the same time.

Retail trade, following national trends, increased over 1968 in total dollar volume, First Security reports.

Log Trucks Are Biggest Violators

BOISE (UPI)—Logging trucks are by far the biggest violator of Idaho's maximum weight restrictions on the highways, the State Highway Board was advised Monday.

Since the Department of Law Enforcement began full manning of 10 fixed platform weigh stations May 15, the report said, there have been 868 logging truck operators arrested. During the same period, 289 other trucking operators were arrested.

The report showed that 749 logging trucks were overweight compared with 90 of the other type trucks. All the rest of the violations were axle redistribution, trip permits and overweight.

Of the total arrested, the report said, there were 94 convictions. Fines totaled \$24,700 while the department said its costs to man the stations were \$1,300 per month.

Basic Flaw Is Withdrawal "Or Else"

Tuesday, October 14, 1969. THOMAS HOWARD, Publisher. WILEY DOUGS, Advertising Manager.

Ides Of October

There is not one American who does not want an end to the war in Vietnam. This is a fact that Congressional doves and campus hangers and faculty members who have egged on tomorrow's "moratorium" should do well to remember.

There is no hope of negotiating a peace to bring a quick end to the war so long as Hanoi believes the anti-war mob in America will win the war for the Communists.

WASHINGTON (EPA) — Though their proposals vary widely, the President's less cautious critics on Vietnam seem to agree on a central goal — getting him to force changes in a Saigon government they deem the chief roadblock to peace.

numbers of politicians hitherto less inattentive on the subject (including Sen. Fred Harris of Oklahoma), calls for faster withdrawal yet asks for a fair settlement that would assure an "independent" South Vietnam.

forces (Sons, Mansfield and Percy), an order to Saigon to take the government Viet Cong, NLF elements or witness total American withdrawal (Sens. Kennedy and Harold Hughes of Iowa), a similar "provisional government" tied to a plan for speedy elections.

source. And there is no quarrel about the prospect of "or else" — total withdrawal — would produce the desired result.

The rising volume of voices, in Congress and in the country, booms out one echoing message: The Vietnam war is a disaster and we must get out.

Social Security

The House Ways and Means Committee will begin hearings tomorrow on measures to increase social security benefits. President Nixon has recommended a ten per cent hike effective April 1.

Carthy said his proposal "does more than just make up for the cost of living increase in the last two years; it represents a meaningful increase in buying power."

ANDREW TULLY

It's All Nixon's War Now

WASHINGTON — In the political morass which is the Vietnam War, anything is worth a try, and so it's unlikely that President Nixon doesn't regret the fully disappointed at the rejection of his plea for a moratorium on dissent. It's his war now, and he'll be stuck with it from here in.

proposal would withdraw all troops by a certain date, no matter what. The Nixon plan would withdraw all troops, providing Hanoi doesn't accept the offer. The Goddell proposal offers a carrot. Nixon offers the carrot and threatens the stick.

tion and are in a mood to agree to some kind of compromise. This is good news, because it has long been obvious that postal reform is impossible without union acquiescence.

Antibiotics taken by mouth, instead of by injection, are effective in the treatment of the infection. Light doses of X-ray may also attack the infection of the bone, but surgery often is necessary

before the condition can be effectively cleared up. Dear Dr. Thosteson: We are planning to convert our basement into a small apartment for our mother-in-law. It is damp and we are wondering whether

community but live outside the community because it's cheaper or to escape participating in supporting the things they enjoy where they work.

PAUL HARVEY

SST Money

President Nixon, economizing, seeking to curtail federal spending, has nonetheless asked Congress for \$22 million to develop a supersonic airplane—it sounds like a contradiction. It isn't.

Some "closed-door" dictating during the past several days still offers hope for President Nixon's proposal to convert the Post Office Department into a government-owned corporation that just might figure out a way to pay for itself.

What the President asks is development money, to be spent over the next five years, for a passenger plane which will fly almost 2,000 miles an hour and will carry 200 passengers.

How to get rid of leg cramps and foot pain? The answer may be simple. Write to Dr. Thosteson in one of his newspapers for a copy of the booklet, "How To Stop Leg Cramps and Foot Pains," enclosing a dollar in stamps.

Dentist Proposes Ways Of Keeping Candy From Kids

NEW YORK (UPI)—For time immemorial dentists have yearned to take candy away from children. Sunday, a dentist proposed ways of doing it.

One way could be to tax candy so heavily their parents couldn't afford to indulge them.

Soviets And Chinese Are Cooling It

By PHIL NEWSOM
UPI Foreign-News Analyst

After moving steadily for six months toward what seemed the possibility of nuclear war, the Soviets and Red Chinese have decided to cool it. The rest of the world should wish them luck.

On Oct. 7 the Chinese announced agreement to hold border talks with the Soviet Union. The Russians are expected to announce similar agreement soon and to name First Deputy Foreign Minister Vasily V. Kuznetsov to lead the Soviet delegation.

Kuznetsov is one of the top Soviet negotiators and had been expected to be the Soviet topman in U.S.-Soviet disarmament talks.

The United States received the situation with reserve but has indicated clearly it would draw no comfort from any nuclear fall-out carried by the winds. Japan and the North American continent would lie directly in their path.

Dr. Bo Krasse. Or, there could be laws restricting the sale of candy, particularly around places where children gather, such as movie theaters.

He spoke at a symposium on "fluoridation" and preventive dentistry which formally opened the joint annual meetings of the American Dental Association and the Federation Dentaire Internationale.

Dentistry's case against candy is scientifically impeccable. Being sticky, it sticks to children's teeth. It is sweet because its sugar is sucrose. Sucrose is a fine culture medium for the streptococci bacteria which decay teeth.

Both tobacco and alcohol are heavily taxed as a public health measure, then why not candy? "Putting sucrose in line with tobacco and alcohol may seem too drastic but there is no difference in principle," Krasse went on. "Cigarette smoking is a hazard to health and frequent eating of sucrose in sticky form is bad for the teeth."

In Sweden, where the practices dentists have proposed both sales restrictions and heavy-taxing to public health

officials. Restrictions were ruled out as an impractical interference with business freedom. The taxing proposal still is in abeyance.

Krasse saw a "fundamental problem," which is: Should industry be permitted to promote products that a

majority of the population wants even if they are harmful?"

Personal freedom is involved, he conceded, and "if everyone should have the right to eat himself sick in a free society," dentistry must consider other possibilities.

One would be to persuade candy makers to use an artificial sweetener rather than sucrose. Another would be a synthetic sucrose in which bacteria could not multiply. Or dentistry could undertake massive public health educational campaigns against candy.

Senate Committee Will Veto 'Loophole' On Charitable Deductions For Wealthy

WASHINGTON (UPI) — The Senate Finance Committee has decided to eliminate from the tax law the unlimited charitable deduction which has had the effect of letting a wealthy taxpayer deduct whether he gives his taxes to charity or the government.

When used in company with other tax preferences, the unlimited deduction could be employed actually to make more profitable to give to charity. This is true when the taxpayer's charitable contributions reduce his taxes by a sum larger than his contributions.

Acting on the House-passed tax reform bill, the Senate committee tentatively voted Monday to approve a 50 percent maximum on what can be deducted from "taxable" income by virtue of a gift.

"Taxable" income is the portion of a taxpayer's income that is not sheltered from taxes through investment in property subject to capital gains taxes through use of the oil depletion allowance, through investment in tax-exempt bonds and through other devices.

The present maximum on charitable deductions is 30 percent. But an exception — of importance to persons of great wealth — makes the maximum unlimited if in eight of the 10 preceding years the total of a person's charitable contributions plus his income taxes paid ex-

ceeded 90 percent of his taxable income. For such persons, taxable income is usually only a small fraction of their total income.

The Senate committee said the unlimited deduction "has permitted a number of high-income persons to pay little or no tax on their income."

A Treasury study of 1964 tax returns of four persons with in-

comes ranging from \$6 million to \$10 million showed they had paid no income taxes by virtue of gifts of charity that equaled what would have been owed on their taxable income in taxes.

These taxpayers, thus, had the choice between a gift to charity — frequently, a foundation bearing their name or a payment to the government.

Demonstration Deemed Success Without Injuries

FT. DIX, N.J. (UPI)—Army officials said Monday a demonstration by 5,000 youths who tried to storm the stockade was "very successful" because, nobody got hurt.

"Military policemen used tear gas Sunday to disperse the crowd, the first group of civilians in modern American history to storm a military base, but there were no arrests or injuries.

"There was no violence on either side," Col. A. J. Neilson, information officer for the base said.

"We were happy there was no violence on either side and from that point of view it was a very successful demonstration," Neilson said.

He also said Ft. Dix "is prepared to meet any emergency" even a larger repetition of Sunday's demonstration, which the protesters have promised.

The demonstrators, most of them college students from New York, New Jersey and Pennsylvania, were protesting the war generally and the charges the Army brought against a group of stockade prisoners who took part in a riot last June 5. This group is known as "The Ft. Dix 33" although only 35 were actually charged and those charges have been dropped in some cases.

Idaho Court Will Hear School Suit

BOISE (UPI) — Idaho's Supreme Court agreed Monday to hear a lawsuit testing whether a proposed school bond issue in Canyon County meets constitutional tests of recent U. S. Supreme Court rulings.

Justice Clerk Martin Huff said the state's highest court agreed to hear the case Nov. 3. Brought by Ernest G. Muench and Lloyd Taylor against trustees of Canyon County School District 139, the case asks whether the state has a constitutional right to set forth a property qualification for voting in a school district bond election.

Muench and Taylor ask the district to prohibit new school bond issues authorized in an election where property ownership in the district was a prerequisite to voting in an election. Defendants in the case are trustees and the clerk of Canyon County School District 139. Attorney General Robert Lee of the state filed an amicus curiae (friend of the court) brief in the case.

Outcome of the court's decision will determine whether the grounds rules for Idaho school bond elections will have to be rewritten or whether several of the issues now pending can be said to be settled.

A SASSY CROW seems to be on the side of motorists at Ogden, Utah; the flying vandals have been snatching tickets from cars, as pictured, for several days, to theasperation of police and delight of drivers. Blackie's owner remains a mystery, but it might be a prisoner in the nearby jail cell — where the rascal occasionally delivers cigarettes. Where he gets the "smokes" is another mystery, police admit. (UPI telephoto)

Samuelson Asks Parks For State

BOISE (UPI) — Gov. Don Samuelson called Monday for development of private, Sun Valley, and other state parks to put the parks on a paying basis.

Samuelson told the Natural Resources Advisory Board he felt land to be used in development should be leased by the Parks Department to private interests. But he said he believed this would require a constitutional amendment because the state's endowment lands cannot be leased for more than 10 years at a time.

"It would be wise to see if we can't lease some of our state lands to private interests, Samuelson said. He said that he would like to see some of the state's endowment lands — "nicer" hotels and motels and other resort facilities built in some of the parks to better serve the vacation public.

Memorial Planned For War Dead In Minidoka County

RUPERT — Minidoka county will have a memorial to the war dead as soon as enough money is raised to purchase the site for the monument. County commissioners Monday granted a request from Raymond Ulrich, former commander in the local VFW post for a resting place for the monument on the county courthouse lawn. No specific location was named, although the bank promised the monument could be placed in a good visible spot, Mr. Ulrich said.

The monument will be a large place of granite, weighing about 4,500 pounds. Cost will be about \$2,000. Chiseled into the stone will be the words "to all who served and gave their lives from Minidoka County in the defense of the country. No greater love hath any man than to give his life for his country."

Mr. Ulrich is making about six months ago he began contacting local organizations and service clubs for support of the project. He said after receiving one hundred percent backing, he presented the project proposal to the county commissioners this week.

Boise Worker Killed In Mishap

BOISE (UPI) — A Boise construction worker died late Monday afternoon as the result of injuries received in a sewer trench cave-in in Boise. Jim Edwards, 41, was laying sewer pipe in a trench at 1008 North Roosevelt when the trench caved in and covered him.

Workers at the scene uncovered his head and administered oxygen before completely resuscitating him. Edwards was taken to St. Alphonsus hospital where he underwent surgery for a broken jaw and internal injuries. He died shortly after 5:00 p.m., after being listed as in critical condition by hospital authorities.

Progress Is Reported On Camas Road

FAIRFIELD — Work is progressing on eight miles of Highway 88 widening project near field. Borrow pits are being filled on the right of way of Western Construction Co., Boise.

The fill for widening the road is expected to be completed this fall and the paving of a wider roadbed will be done in the spring.

The narrow bridges on that section of road are being removed and wider bridges built. Two bridges in the Camas area are presently being built by Nelson-Miller Construction Co., Twin Falls, and motorists have to detour around the sites. So far the construction is causing very little inconvenience for motorists going through the area of construction, officials note.

When completed in 1970 the road will be another link in the improvement of Highway 88 from the Boise-Sun Valley, Yellowstone cut-off.

Analysts Link Bustline With Hemline As Economic Clue

By DICK WEST
WASHINGTON (UPI) — Steady readers of this column, and probably even those who bother to read it, may not introduce to the theory that skirt lengths reflect the state of national economy.

One of the school's leading analysts takes note of the way many women have stopped wearing braes. She concludes that the anti-bra movement is deflationary.

"I don't attempt to outline his reasoning here, other than to say that it is based on the economic principle of "deficient resources." All we need consider is whether the hypothesis is accurate.

BBC Will Air 'Uncensored Tales' Version

LONDON (UPI) — The British Broadcasting Corporation (BBC) said today they plan to televise an uncensored production of Chaucer's bawdy Canterbury Tales — earthy antics, bedroom scenes and all.

"We won't clean up the tales, water them down in the least," said a BBC spokesman. "If it means shedding knicker, then we'll do it," he added.

Gem State Trophies

WASHINGTON (UPI) — The Senate, by a quick voice vote Monday, ordered work on legislation which will increase benefits to widows and dependent children of servicemen who die on active duty.

Gem State Trophies

371 Locust Street So. Twin Falls 733-6503

Three D's To Give Concert At Burley

BURLEY — The Three D's present the "Three R's" at 8 p.m. Wednesday at Burley High School under the sponsorship of the Burley Seminary.

The "Three R's" in this case are not the traditional reading, "riting," and "rithmetic," but a brand new focus on The Three D's original music and arrangements showcasing some of the world's great literature.

The "Three D's," a vocal instrumental trio on Capitol records, are one of the nation's most popular college attractions, according to Billboard Magazine's annual campus poll.

Members of the trio are Dick Davis, Denis Sorenson, and Duane Hiett. They all begin with "D," hence the name of the group.

"They just returned" from an extended booking at the Thunderbird Hotel, Las Vegas, and have appeared with Bob Hope, Jonathan Winters and Bob Newhart.

The trio recently toured Vietnam performing for the armed forces there, they have also performed in Korea, Guam, Okinawa and Japan.

They provide their own backing, working out on a variety of instruments including guitars, bass, drums, trumpet, sometimes even melophone, harmonica and finger cymbals.

WORK IS BEING pushed to completion on the new LDS Institute, at Falls Avenue and Harrison Street, across from the College of Southern Idaho campus, in time for a planned opening by Thanksgiving. The building will be used for seminary classes for GSI students. It now is about half finished. Plans call for the facilities to be added to as enrollment at CSI grows, with the Institute eventually being about three times its present size.

New LDS Institute Is About 50 Per Cent Complete, To Be Opened By Thanksgiving

The new LDS Institute on Falls Avenue, across from the College of Southern Idaho campus, is to be opened for use next month, about three months behind schedule. Gary Beckstead, institute director, said construction was delayed because of difficulty in obtaining some building materials. He said all materials have now arrived and considerable progress has been shown in the last month. He said the \$2,144 structure is now about 50 per cent complete and should be ready to open for use by Thanksgiving. The building will be used for seminary classes for College of Southern Idaho students. Seven classes now are being offered at the Sixth and Eighth Wards on Harrison Street and Mr. Beckstead said with the move into the new building, seminary offerings will be expanded. The building, which is the first phase of a three-phase plan, will contain two classrooms, two offices, kitchen, library, storage and lounge area.

Mr. Beckstead said an enrollment of LDS students rises at CSI, the building will be expanded, eventually to three times its present size. The structure, designed by Jones-Folberg Associates, and being constructed by Hafer Construction Co., Twin Falls, was begun last spring and was scheduled to open Aug. 15. Mr. Beckstead said an open house will be held in December and the building will be dedicated this coming spring.

Drunk Test

ALBANY, N.Y. (UPI)—A law recently passed into effect in New York State provides that police can give a "breathalyzer" test to any motorist they suspect of driving while intoxicated. The test consists of the motorist's breathing into a plastic bag attached to measuring devices which register positive if the suspect has had an alcoholic drink shortly before. If positive, the motorist can be arrested and asked to undergo further testing.

German Youth's Hitchhiking Tale Probed By Authorities

QUINCY (UPI)—The FBI and immigration authorities Monday sought to verify the story of a German youth who claims he hitchhiked halfway around the world to the United States in the wheel well of a jet airliner. Authorities in this Northern California mountain village and federal investigators admitted they were skeptical. But they pointed out a Cuban recently survived a similar flight from Havana to Madrid. Robert Frank Straucher, a 19-year-old vagabond arrested on a car theft charge, said in a jail cell interview that he stowed away in the landing gear compartment of the airliner last year in Munich and flew to San Francisco. The plane was chartered by the military to transport troops. "But was it cold," he exclaimed in almost flawless English. "I just couldn't get warm and there was ice on everything."

Eight Area Youths Receive Welding Project Awards

Eight area youths have received awards from the James F. Lincoln Welding Foundation for welded projects in national high-school-shop-competition. Steven Rehn and Steve Wood, both Declo, received \$25 sixth regional awards for their cattle squeeze chutes. They were instructed by Richard Garrard. Minico High School received a \$100 cash award for receiving the fourth national award. Terry Stewart, Rupert, student at Minico High School, received a fourth national award of \$250 for his corrugate opener. His instructor is Vernon MacNeil.

Terry Cole, Paul, received a first regional award of \$100 for his mobile hydraulic engine hoist, a project made under the supervision of Keith Merrill. Other Minico High School winners were Allan Campbell and John Smith, both Rupert, both \$25, sixth regional awards. Young Campbell received his prize for a posthole digger and young Smith for a potato seed loader. They were instructed by Mr. MacNeil. Gary Meyer and Stacey Wilton, both Rupert, received sixth regional awards of \$25 each for their cattle squeeze chutes. They were instructed by Mr. Merrill.

Marchers Urged To Carry Flags

WASHINGTON (UPI)—Rep. Paul Findley, R-Ill., Monday urged all Americans to fly the U.S. flag Wednesday during the scheduled nationwide demonstrations against the Vietnam War. "Each march protesting the war and calling for disengagement should be led by some carrying the flag. By this means, every marcher would proclaim that the withdrawal of American troops from Vietnam accords with our highest patriotic traditions and reaffirms all that the flag stands for," Findley said.

BASE PROJECT PLANNED - WASHINGTON (UPI) - Sen. Frank Church, D-Idaho, said Monday the Dept. of the Army planned to issue invitations Oct. 27 to bid for construction of a new weapons shop at Mountain Home Air Force Base.

MICHAEL TAYLOR

ART UHRICH

Paul Councilmen Opposed By Felton, Taylor On Nov. 4

PAUL — Art Uhrich and Frank Woods, incumbent Paul city councilmen, will be opposed in the municipal election Nov. 4 by Tom Felton and Michael Taylor. Mr. Uhrich has served on the council for about five years, being first appointed to fill an unexpired term. Prior to purchasing the Frosting in Paul, he served in the Navy during World War II and then worked in the lumber business about 20 years. He belongs to the Western Fire Department, is secretary-treasurer of the American Legion and a member of the Paul Chamber of Commerce. "I feel the council has done well in the time that I have been a member and I want to continue to work for the progress of the city," Mr. Uhrich said. Mr. Woods, a native of Ohio, has lived in Paul since 1959. He attended Hemmer Business College, Salt Lake City, and served four years in the Air Force. He is office manager for the J. R. Simplot Co., Heyburn. He has served on the board about six years and said, "Paul is a progressive and cooperative town, a town that is worth being involved with. I feel a person is more effective after having been on the board a longer period of time." Mr. Taylor, probably the youngest candidate running in the county, has lived in the Mini-Cassia area all of his life and graduated from the Burley High School. He served with the U. S. Army and is presently employed by the Kloepper Concrete Co., in Paul. He moved to Paul in 1967 and has coached Paul Little League

TOM FELTON

are seeking the two councilmen posts in the Paul city election Nov. 4. Mr. Uhrich and Mr. Woods are incumbents, and are opposed in their bid for re-election by Tom Felton and Michael Taylor.

church announced the Pope has turned down their request that he meet with them.

Pope Appoints Special Unit To Deal With Controversies

VATICAN CITY (UPI)—Pope Paul VI dealt his liberal critics a setback at the World Synod of Bishops Monday by appointing a special commission headed by a leading Vatican conservative to deal with controversial issues such as priestly celibacy. Vatican observers said the Pope's move appeared to have blocked the way for potential efforts by liberal bishops to bring the marriage of priests and disputes over dogma and theological study into the assembly for debate by the full body. The Pope has said since he first called the synod that he wants it to discuss only one question—how he can share authority with bishops while retaining his supreme power in the church. The Pontiff named Italian Cardinal Ferlicio Felici, one of the leading conservative spokesmen in the Vatican, to head the Commission on Controversial Questions. Other members are Archbishop Joseph Cordero of Karachi and Bishop Siera Trochta of Litomierca, Czechoslovakia. Appointment of the commission was announced after catholic sources reported four liberal cardinals would urge the synod to reject the Vatican-prepared agenda and discuss a broad range of controversies beyond the question of papal authority. At the same time a group of liberal European priests holding authority with bishops while retaining his supreme power in the church.

RETURN HOME

MANILA (UPI)—Residents of the foothills of Mt. Canlaon began returning home Monday after authorities assured them there was no "attendat danger"—to the volcano's mild eruptions. The long-dormant 7,200 foot volcano burst to life Friday with ash and steam emissions.

He is presently a charter member of the Lions and active in the Chamber of Commerce. "I would like to work for the people again and see Paul continue to grow," he said.

Dear Abby
By ABIGAIL VAN BUREN

DEAR ABBY: I just read that letter from the woman who wanted you to recommend a doctor who would give her hormone shots so she could breast-feed her adopted baby. What kind of nut is she anyway? Who ever heard of a woman who has not been pregnant being able to nurse a baby? I know that some mothers who have enough milk to nurse more than one baby sometimes take on the dubious pleasure of breastfeeding babies other than their own, but a woman who things SHE can nurse an adopted baby has got to be nuttier than a fruitcake. —AMAZED IN PENSACOLA, FLA.

DEAR ABBY: Please tell that woman who wanted to breast-feed her adopted baby that she CAN do it if she really wants to. And she doesn't need hormone shots either. All a woman needs is a BABY and the determination to nurse. Mother's milk is created by the sucking of the infant. It's as simple as that! NURSED MY ADOPTED CHILD

DEAR ABBY: I am writing about the woman who wanted to breast-feed an adopted baby. I belong to the La Leche League and know of many cases where women have successfully nursed an adopted baby.

No hormone shots are needed. If the mother will just put the baby to her breast repeatedly the hungry baby will instinctively suck and thereby stimulate the milk flow. My grandmother at 68 became so concerned over my daughter who had been in an auto accident, that SHE began to produce milk and had to have her breasts pumped out. This shows how strong "motherly feelings" can cause women to produce milk whether they are pregnant or not. Sincerely, MRS. R. D. S. CHULA VISTA, Cal.

DEAR ABBY: Shame on you! Where were all those "experts" you consult on technical matters? An adopted child can most certainly be breast-fed by the mother into whose arms he is placed! It is a fact that in some Latin American countries the grandmother routinely nurses the baby. Also, virgin girls have been known to nurse babies, and there is a tribe in Africa where the old men actually nurse the babies!

MRS. K.: CHICAGO

DEAR MRS. K.: I DID consult four top ranking medical authorities who agreed unanimously that the woman who wanted hormone shots in order to breast-feed her adopted child should be advised to abandon the idea or she'd wind up with milk and a mustache. I also heard from hundreds of La Leche League members who could not have been more enthusiastic about the wonderful work of this fine organization. I must publicly confess my ignorance. I would not have believed that a woman who had never been pregnant could successfully nurse a baby, and I certainly would have bet against a man's ability to do so. (See letters on this subject.)

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69800, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

Benefit

There will be a benefit dance for the Everett Main family Thursday night at the Trophy Lounge, Twin Falls, with donations at the door. Music will be provided by the Country Music Association of Magic Valley, featuring top dance bands and country dance groups. All waitresses, etc., will be donated by various club owners of the valley. Music will begin at 8 p.m. Further information concerning the benefit can be obtained by contacting Junior Wain, president of the Country Music Association.

Declo Couple Will Observe Anniversary

DECLEO — Mr. and Mrs. Leyland (Dutch) Preston will be honored at an open house from 2 to 6 p.m. Sunday in observance of their Golden Wedding Anniversary.

The celebration will be hosted by their three daughters, Mrs. Fred (Laverne) Larson, Burley; Mrs. Della (Stimpson) Declo, and Mrs. Gene (Faye) Helmcamp, Pocatello.

The open house will be held at the Larson home, 1937 W. Main, Burley, adjacent to KBAR Radio Station.

Mr. and Mrs. Preston were married Oct. 18, 1919, in Burley. Mrs. Preston is the former Zella Lot.

Mr. Preston retired from the family farm five years ago and they moved to Declo. They have nine grandchildren and six great-grandchildren.

Couple Weds In Utah Rites
SALT LAKE CITY — The Salt Lake City LDS Temple was the setting for the Sept. 23 ceremony uniting in marriage Judy Larsen, daughter of Mr. and Mrs. Lloyd Larsen, and Chester Hutchings, son of Mr. and Mrs. Edward C. Hutchings, all Salt Lake City.

Among those who accompanied the young couple to the temple was Mrs. H. E. King, grandmother of the bridegroom. After the ceremony, a wedding breakfast was held at the Log Haven Resort in Mill Creek Canyon, hosted by the bridegroom's parents.

Women's Section

MR. AND MRS. CHARLES E. COATES
Carey will observe their Golden Wedding Anniversary at an open house at their home from 4 to 6 p.m. Oct. 18. The event will be hosted by the couple's children and their families, Mr. and Mrs. Nelson Coates, Twin Falls; Mr. and Mrs. Burt Coates, Ratus, Ore.; and Mr. and Mrs. Pete Cenarussa, Boise. All friends and relatives of the couple are invited to attend. They request no gifts.

Events

The MS and S Club will meet at 2 p.m. Wednesday at the home of Mrs. Lloyd Mitchell. Mrs. Kenneth Poe is co-hostess.

American Legion Auxiliary will meet at 8 p.m. Wednesday at the American Legion Hall.

The Morningside Club will meet at 11 a.m. Wednesday at the home of Mrs. Eugene Stacey for a potluck luncheon and work meeting.

Square Dance Classes Set

Jack Nuckels, formerly of Seattle, will instruct a class in square dancing beginning at 8:30 p.m. Tuesday at the Bickel School Auditorium.

Mr. Nuckels is an accomplished caller, having had many years of experience both in teaching round and square dancing and calling for several clubs.

Anyone interested in learning to square dance is welcome to attend the classes. There will be a small couple charge. This is strictly non-profit, not being sponsored by any group, and is for the sole purpose of teaching square dancing, and for the enjoyment of those participating.

SHIRTDRESS IS BASIC

Reds Believe Rogers Errs On War Scope

PARIS (UPI)—The official spokesman for the North Vietnamese delegation to the Vietnam peace talks said Monday Secretary of State William P. Rogers was misleading the American people by saying the war may simply fade away.

The spokesman, in a statement read to newsmen, said the policy of the Nixon administration was making "tremendous progress" in scaling down the war and said it may "deescalate until it sort of fades out."

The statement read by the Hanoi spokesman Monday said, in part, that Rogers' comments were "only a maneuver aimed at encouraging the policy of the Nixon administration, which consists of continuing, intensifying and prolonging the war of aggression in Vietnam, thereby causing the United States even more material losses, and forcing young Americans to continue to die uselessly in Vietnam."

The Hanoi statement did not touch directly on Rogers' comment that North Vietnam seemed to be responding to U.S. deescalation moves by lowering the rate of infiltration into South Vietnam.

Trio Of Students From T.F. Are Included In "Who's Who In American High Schools"

Three 1969 Twin Falls High School graduates have been chosen to appear in the 1969-70 edition of Who's Who in American High Schools.

Janet Dougherty, daughter of Mr. and Mrs. Albert Dougherty; Paula Hawks, daughter of Mr. and Mrs. Robert Ullman; and Ed Thompson, son of Dr. and Mrs. Luther Thompson—all received the honor. All three were National Merit Scholarship finalists.

Miss Dougherty is a freshman at Whitman College. She received the John G. and Martha M. Kelly Merit Scholarship. At Twin Falls High School she was a member of Mr. Alpha Theta, Spanish Club, Girls League, Pep Club, Kappa Y Teens, National Honor Society, Future Teachers of America, Ski Club and was a delegate to YMCA Youth League.

She received a scholarship to the University of Idaho Summer Camp.

Miss Dougherty is a member of the First Methodist Church where she was active in the Y.F.F. and also taught Sunday School.

Miss Hawks, while in high school, was a member of the National Honor Society, Future Teachers of America, Quill and Scroll, National Thespians Society, French Club, Tri-Y, Math Club, Girls League and was an outstanding high school student of America and was active in Math Club while in high school. He was president of his church youth group, the Luther League. Mr. Thompson's favorite sport is skiing.

Women's conference in Washington, D.C. During the Teenage Republican camp this summer in Boise, she was chosen, the outstanding member.

She is a political science major at Gonzaga University, Spokane, Wash., where she received a scholarship.

Young Thompson received a scholarship to attend Macomber College at St. Paul, Minn., where he is studying pre-medical.

He was chosen as an Outstanding High School Student of America and was active in Math Club while in high school. He was president of his church youth group, the Luther League. Mr. Thompson's favorite sport is skiing.

MRS. FLORENCE M. MILLER retired Saturday after 22 years and seven months with Mountain Bell. She began work with the Bell system in Michigan and later moved to California and then to Idaho.

She worked as an operator with the firm. Her hobbies are fishing, camping and spending time in the mountains.

Car Baler Is Alone In Business Try

Baling of old discarded automobile bodies is continuing in Twin Falls county, but it has become more of a one-man operation than had been planned.

Jay Huddleston, who lives west of the city, purchased equipment to crush and bale the junk metal several months ago. At that time it was planned the wrecking lots would pay \$2 per body and the county, \$2 per body when baling was conducted on wrecking lots. On the county dump grounds the county would pay \$5 per car body.

Before any county payments were made, the county commissioners learned Idaho law does not permit county expenditures under such circumstances. The baling was carried on by Mr. Huddleston on private property and the bodies being baled were the property of the wrecking lots.

Commissioners were forced to inform Mr. Huddleston the \$2 subsidy was out. In the meantime, Mr. Huddleston said, wrecking lots decided they too would be unable to pay to have the bodies baled. However, he was welcome to help himself to the \$20 cost of the wrecking lot owner.

Despite this financial blow, the local man is still in business. He has been taking a few days off to conduct his other business— that of building cement lined irrigation ditches and structures but otherwise is still baling old car bodies on lots on U.S. Highway 30, west of Twin Falls.

Since beginning last July, he said he had baled 15 light cars of bales with about 120 to 140 bales per carload. It takes two bales per car so in all each carload represents 60 to 70 less old car bodies obstructing the Twin Falls landscape.

Mr. Huddleston said his broker has been able to pay a bit more for the scrap because of higher iron prices and has also been helpful in keeping the operation going as the firm is interested in establishing this procedure in areas such as southern Idaho.

Within two to three weeks Mr. Huddleston says, he hopes to complete work on the lot where he is now working and will move to the Twin Falls County dump south of Filer. Here he will be able to legally collect the \$5 per car body from the county and will have 600 to 700 to bale, he said.

DENNIS TATE ... of Twin Falls has been promoted to field management training assistant for Mutual of New York. He was previously assistant manager of MONY's Boise Intermountain Agency.

U.S. Wins First Suit

BALTIMORE (UPI)—The federal government has won the first suit it has ever brought under anti-blockbusting provisions in the 1968 Civil Rights Act.

In a precedent-setting decision announced here Monday, Federal Court Judge Roszel C. Thomas said he will issue an injunction barring a husband and wife who operate a local real estate company from using racial scare tactics to induce homeowners to sell their houses quickly at low prices.

The couple, Mr. and Mrs. Alvin S. Mintzes, were accused of using blockbusting tactics with at least three homeowners in one street in an effort to obtain, land for an apartment building development.

The Message termed Cundingham a "very important person" and urged stationmasters to make sure the train be on schedule.

Train Meets Schedule For Tours

SAN FRANCISCO (UPI)—The president of Western Pacific Railroad says the California Zephyr is frequently ordered to be on time when tourist groups and important persons are aboard.

President Myron Christy's testimony came Monday during the sixth day of interstate Commerce hearings into the railroad's application to discontinue the Zephyr.

Christy told Thomas Greene, special assistant attorney general for Utah, the "special performance" requests were "not unusual."

"We do this for every tour group," Christy said under cross-examination.

"What if you're a congressman? Would there be a letter or telegram?" Greene asked.

"It could be either," Christy replied.

The railroad president was then shown a special performance telegram concerning a Zephyr passenger, Rep. Glenn Cunningham, R-Id., who is a member of the House Foreign and Interstate Transportation Committee.

RONALD D. BELL, son of Mrs. L. A. Bell, Twin Falls, was presented a certificate of achievement by Brig. Gen. Thomas Rientz, for his superior performance as a system maintenance controller in Vietnam. His is a civilian employed by Pogo Communication Engineers. Mr. Bell recently was transferred to Rome, N.Y., where he works for the Pogo firm as a micro wave technician at a military installation. He is a 1962 graduate of the Twin Falls High School.

Mob Averts Arrest Of Defendant

CHICAGO (UPI)—A Chicago policeman has testified that Thomas Hayden twice appealed to crowds to save his life from being arrested during the 1968 Democratic National Convention. Once, the policeman said, demonstrators succeeded in preventing Hayden's arrest.

The policeman, Frank Riggio, said he and his partner caught Hayden and Wolf Lowenthal letting air out of the tires of their police car. Lowenthal was named as a coconspirator but not indicted.

When he and his partner attempted to arrest the two, Riggio said they shouted to nearby demonstrators, "Help! Help! Don't let them get us. Don't let the police arrest us." He said the protesters surrounded them and began shouting at the policeman, preventing the arrests.

The policeman again encountered Hayden and Lowenthal the following day and made the arrests at that time, Riggio said.

The arrests sparked a protest march to the Loop police headquarters and to the Gen. John Logan statue in Grant Park, near the Conrad Hilton Hotel. Hayden and Lowenthal were released on bond later in the day.

Riggio also testified he heard another of the defendants in the conspiracy trial, Abbie Hoffman, urge a crowd to abduct Chicago Police Supt. James Rochford.

Nader Says Highway Administrator Backs General Motors In Dispute Over Wheels

WASHINGTON (UPI)—Safe-Safety Bureau to support his ally advocate Ralph Nader said Monday that Federal Highway Administrator Francis C. Turner overruled his own engineers to the benefit of General Motors in a controversy over defective truck wheel rims.

Nader urged Transportation Secretary John A. Voipe in a letter to investigate the decision and he produced copies of a report by the National Highway Traffic Safety Administration.

The report, based on a 13-month study, said "There is every indication that 98 percent of all known wheel failures have occurred under loads which are below the design wheel strength level specified by the truck builder."

Nader noted in his letter that despite this finding, Turner agreed last Friday to let GM replace the rims on only 25 percent of 200,000 Chevrolet and GMC three-quarter ton trucks produced during the 1968-65 period.

The 50,000 trucks involved were converted into campers by their owners and GM said it would extend its replacement offer to owners, who planned to make the same conversion.

Fire Season Was Light On Sawtooth

There have been no fires on the Sawtooth National Forest since Aug. 21, and the weatherman seems to have stepped in to end the fire season. Forest officials say there are still big game hunts over which they are concerned.

Hunters using the forests during cold wet weather will be building warming fires, Darrell Smith, fire dispatcher, said, and they should take precautions to see these are out before leaving them even though there is moisture and in some cases snow. They could spread into trees overhead and cause damage, although probably not a major fire, he said.

Mr. Smith said except for the huts the fire season is pretty well out of the way. It was a relatively light one this year not only on the Sawtooth but throughout the Intermountain region.

Much of the thanks must go to the public for their cooperation and consideration in helping keep fires out. During the last part of the season especially when burning conditions remained extreme, Mr. Smith said.

On the Sawtooth this year there were only 31 fires compared to 45 in an average year. The best part of the report, he added, is none of the fires was considered a major one in either size or damage.

The largest fire of the season was 4 acres. It was a lightning caused fire in the Burley area. The largest man-caused fire covered 22 acres in the Ketchum district.

Part of the reason the forest crews "lucked out" this year, he added, was the decrease in late summer lightning storms and the fact rain followed most of the lightning storms that did occur.

Conditions were actually more critical than average, but fires were down. Of the 31 fires, 10 were man-caused, which is higher than the average 11 to 12 in the Sawtooth. But most of these were during the early and less critical portion of the season.

CONVERT

GAS DOES THE BIG JOBS BETTER FOR LESS!

Hundreds of homeowners in Southern Idaho took advantage of the Intermountain Gas conversion burner rental plan last fall and winter. They had their oil or coal furnaces converted to clean, comfortable Natural Gas.

These converts enjoyed low-cost, carefree comfort all winter. They forgot about ordering fuel. They forgot about everything to do with their heating—except setting the thermostat.

They rented their Natural Gas conversion burners for \$1.95 a month. They paid no installation charge, they paid for no maintenance.

Now, here's the best part: the Intermountain Gas conversion burner rental plan is available again this year. Same terms. Same conditions. Same all-winter comfort. Now you, too, can become a convert to modern Natural Gas heating. Call your Intermountain Gas Company office.

PEOPLE WHO INSTALLED NATURAL GAS CONVERSION BURNERS LAST YEAR ARE OUR BIGGEST BOOSTERS THIS YEAR

NEW CONVERSION BURNER FOR UNDER-THE-FLOOR FURNACE

In the past, certain types of oil furnaces could not be changed to gas because of their design and location. This was particularly true of horizontal furnaces under single story houses with no basements. Now, a new type of conversion burner makes it possible to convert these furnaces to gas!

\$1.95 A MONTH IS ALL IT TAKES! Call Today for Action!

IDAHO'S PARTNER IN BETTER LIVING

5 Teachers Chosen For New Program

POCATELLO (UPI) — Idaho State University has chosen five public school teachers and five certified future teachers for participation in Behaviorally Engineered Classrooms for Rural Areas (BE CRA).

The program, underway at both the Idaho Consortium for the Education Professions Development.

Dr. Richard L. Willey, dean of the college of education at ISU, said the BE CRA program is designed to help teachers handle a typical rural classroom which may include children with learning disabilities.

"There are not enough teachers in rural schools prepared to handle such children," Willey said, "but teachers and prospective teachers are being taught to individualize programs for them."

Dr. James G. Morrey, supervisor of the BE CRA program, said the teachers would be trained in techniques of teaching children "who deviate from the normal, including those with learning problems of various types or who are gifted children."

Students studying at ISU under the BE CRA program this semester are Mrs. Vera Jean Bell and Peggy A. Heslop, Idaho Falls; Patricia Byrne-Riggs, Preston; Mrs. Jeanne Caldwell; and Richard B. Davidson, Cedar City, Utah.

Teachers who will enroll in the program in the spring semester are Mrs. Priscilla Gibson, Nampa; Mrs. Dona Judd, Pocatello; Mrs. Ch. A. R. E. Preston; Mrs. Jeanne Powell, Aberdeen; and R. Eed Riplinger, Clifton.

Personal Income Up 6.5 Per Cent

Personal income received by individuals in the Intermountain Region in 1969 showed total approximately \$5.25 billion, a 6.5 per cent increase over 1968. This is the report contained in a special feature of First Security Bank quarterly news letter.

The report was prepared locally by Kenneth J. Newman, vice president and manager.

On a regional basis, the increase should amount to about \$215 million. Of this, however, only one-third is a real increase in terms of purchasing power, as two-thirds is absorbed by inflation, says First Security.

Idaho personal income for 1969 is projected as slightly more than \$2 million, which is 7.2 per cent increase over that reported by the U.S. Department of Commerce last year.

Wage and salary income totals for 1969 are expected to show an increase of approximately \$32 million, reflecting increases in average employment and a five per cent increase in average yearly wages and salaries, reports First Security.

New farm income in Idaho should be considerably above the disappointing \$80 million reported for 1968.

Personal income in Idaho during 1968 amounted to \$1.87 billion, a per capita income of \$2,668. Wages and salaries accounted for about 60 per cent of total personal income. Net farm income was reported at \$160 million and constituted a smaller portion of total income than in 1967.

Income attributed to the physical production segments of the economy, plus the utilities and construction industries, now total 48 per cent in Idaho. The so-called secondary industries — trade, finance, services and government — now comprise 52 per cent.

The physical production industries — agriculture, mining and manufacturing — are reported to generate directly 33 per cent of personal income in Idaho, compared with 35 per cent in the nation. Mining is relatively double in Idaho what it is in the nation, reports the news letter, which agriculture in the Gem State is four times as important as in the nation.

For the Intermountain Region generally, approximately 14 per cent of the \$4.88 billion in personal income was required for the payment of personal taxes and non-tax payments. This means 80 per cent of all income or about \$4.16 billion, was classified as disposable personal income to be saved or spent for goods and services.

PRESIDENT NIXON SEEMS to be whispering some advice to a member of the Advisory Council on Minority Enterprise Monday. The President addressed the council in the Executive Office building. Sam Wylie, second from left, is council chairman. At right is Commerce Secretary Maurice Stans. (UPI telephoto)

Harriman Backs Right To Dissent

NEW YORK (UPI) — Former Vietnam peace negotiator Averell Harriman, speaking with visible emotion, endorsed the Vietnam moratorium Monday, saying "we're a free country paying a tremendous price for the war — and entitled to dissent."

The 77-year-old diplomat, who negotiated with the North Vietnamese during the Johnson administration, said President Nixon's move to reduce the fighting was "a move in the right direction" and might lead to more meaningful peace talks.

He said he felt Nixon should have moved to scale down fighting last January in a response to North Vietnamese reductions.

Speaking at a news conference arranged by the Council of Churches of the City of New York, which has named him one of its annual "Family of Man" Award winners, Harriman said the Thieu government in South Vietnam is not representative and "must broaden its base of support before it can negotiate meaningfully with the National Liberation Front and North Vietnam."

Herb Alpert Says You Must Stay Ahead Or Disappear From Popularity Scene

HOLLYWOOD (UPI) — "You've got to stay ahead or disappear," Herb Alpert said from behind his own desk in his own office in his own studio.

The handsome trumpet player who turned the sound of brass into vaults full of gold for one of music's most ardent listeners. He keeps tuned to popular music stations to see what record buyers are digging.

"I won't mention his name," Alpert said, "but I was on tour not long ago and ran into a band leader who was one of the great names of the music world about 15 or 20 years ago."

"I asked him why he wasn't keeping his hand in, and he told me he never listened to rock or any of the new sounds. And he couldn't understand why nobody wanted to hear the old songs."

"I pay attention to the songs that are in the top 40 in the record charts," he explained, "and I go by my own way. It's nothing calculated, but you have to bring your own interpretation to music."

Alpert waved his hand to include the studio, which once belonged to Charlie Chaplin and the other obvious accumulations of wealth.

"I'm not motivated just by money. I play and arrange for my own satisfaction and musical curiosity. It's like dialing a telephone. There are so many different combinations to play that no one has an excuse for copying."

Phony \$10 Bills Passed By Trio

— DELANO, Wash. (UPI) — Three persons have been arrested in Delano and two others are jailed in Hanford in connection with the passing of phony \$10 bills.

Authorities were investigating to determine if the two cases were related.

New Age Of Moratorium Follows Eras Of Demonstrations And Confrontations

By DICK WEST
WASHINGTON (UPI) — First there was the era of demonstrations. Then came the era of confrontations. And this is the dawn of the age of moratoriums.

Mia Farrow, Composer Expect Baby

NEW YORK (UPI) — Film actress Mia Farrow and conductor-composer Andre Previn are expecting a child, it was announced Friday.

Larry Eisenberg, public relations spokesman for Previn said he did not know when the couple would arrive in the late winter.

Another Previn press spokesman, Wendy Hanson, said in London that Previn is the father of the child and "definitely has no intention of releasing any further statement on this matter at any future date."

Miss Farrow, daughter of actress Maureen O'Sullivan and the late film director John Farrow, was married to actor Frank Sinatra in 1966 and divorced two years later. She achieved film stardom in "Rosemary's Baby," in which she begets a child by the devil.

Previn has two daughters by his first wife, jazz singer Betty Previn. He is a German-born naturalized U.S. citizen.

Miss O'Sullivan also confirmed her daughter's pregnancy. She said it was amazing to her that "so many people are ever interested in this sort of thing."

moratorium will be held Wednesday. Opponents of President Nixon's Vietnam policies are being asked to show their solidarity by taking part in peace marches, rallies and the like.

That doesn't sound much different from the old style demonstrations and confrontations. But in addition to doing certain things, participants in the moratorium also will refrain from doing certain things. Such as working and going to class, which doesn't sound much different either.

Turn On Car Lights Meanwhile, Senate Republican leaders tried to promote a 60-day moratorium on criticism of Nixon's Vietnam policy. That didn't pan out, so supporters of the policy are being asked to show their solidarity Wednesday by turning on their car lights.

These plans for the moratorium make it appear the nation is divided between those who support Nixon's Vietnam policy and those who oppose it. But such is not precisely the case. In the last poll on the subject that I recall seeing, about 20 per cent of the respondents had "no opinion."

That could mean 20 per cent of the people in this country couldn't make up their minds whether Nixon's Vietnam policy was good or bad. Or it could mean that 20 per cent didn't know Nixon had a Vietnam policy.

Either way, the man who holds "no opinion" on the issue Dory Langdon Previn, for some time.

Actually, there are any number of ways to express irresolution. If you happen to be among those who have no opinion, I recommend that you spend next Wednesday straddling a fence.

You could also walk a tight rope and drive down the middle of the road. Or better yet, a moratorium on moratoriums.

DOWN AND UP
SAN JUAN, P. R. (UPI) — Puerto Rico constitutes the top of what may be the world's highest mountain range, which begins 27,000 feet below the Atlantic Ocean in Bronson's Deep.

Twins' Griffith Makes It Official By Firing Division-Winning Pilot

NEW YORK (UPI)—Owner Calvin Griffith of the Minnesota Twins, culminating four nights of "loading and turning," made his third managerial change in less than three years Monday by firing Billy Martin, considered by many the American League's manager of the year. The controversial Martin, 41, left in his first season as a major league manager, directed the Twins from a seventh-place finish in 1968 to first place, by 9-12 games, in the AL's West Division. The Twins lost to Baltimore in three straight games in a playoff for the pennant. Griffith said he would fly back to Minnesota before considering a successor for

Martin, but speculation focused on former Minnesota outfielder and coach Jim Lemon, a manager for one year at Washington; Eddie Yost, a coach with the New York Mets; and Bill Rigney, who was fired this year as manager of the California Angels. Griffith and Martin met for 45 minutes Thursday but were unable to resolve differences that had arisen on a number of small points.

Kern Heads UPI's Backfield Of Week

NEW YORK (UPI)—All-America football memo: Rex Kern, the fast-handed Ohio State quarterback who fools the TV camera, much as the opposition, is using the same old tricks to win new support in a bid to become college football's outstanding signal caller. Kern, the "Mr. Cool" of the Ohio State juggernaut, headed the UPI backfield of the week for his part in leading the Buckeyes to a 54-21 conquest of Big 10 rival Michigan State. Selected with Kern, were Clarence Davis of Southern California, Joe Moore of Missouri and Joe Theismann of Notre Dame.

Waterfowl Hunt Hours

The following are the legal hunting hours for migratory waterfowl in Lewis, Custer, Butte, Camas, Blaine, Gooding, Lincoln, Minidoka, Jerome, Twin Falls and Cassia counties. One hour should be added during daylight saving time. The table is based on sunrise, meaning the legal opening time each day will be 30 minutes prior to the time listed.

Colts Nip Inspired Philadelphia 24-20

BALTIMORE (UPI)—Tom Matte's one-yard touchdown run clinaxed a classic Johnny Unitas-Jimmy Orr scoring drive as the Baltimore Colts came from behind to defeat the Philadelphia Eagles, 24-20, Monday night. The Colts, favored by 14 points over a weak Eagles team, found themselves in a tense, see-saw battle as the Philadelphia defense, inspired by the play of rookie Leroy Hayes at cornerback and former Colt Ron Porter at right linebacker, throttled the Baltimore offense throughout most of the game. With the Eagles leading, 20-17, following Sam Baker's 18-yard field goal, Units began moving the Colt team in the fourth quarter. The Colts took the kickoff and moved 70 yards in nine plays to score with 5:54 left in the game. Philadelphia Baltimore

First downs	14	10
Passing yardage	33	74
Rushing yardage	85	109
Total yardage	118	183
Plays	43	52
Time of possession	24:41	24:19
Fumbles lost	0	1
Fumbles penalized	0	5

Units completed an 11-yard pass to Matte after passes of 14 and 16 yards to Orr to highlight the touchdown drive. Porter, kicked off the Colts for the season.

Knicks Will Kick Off NBA Year Tuesday

By United Press International
The New York Knicks, favored to win their first National Basketball Association championship in history, get a head start on the rest of the league when they open the season against the Seattle Super Sonics Tuesday night at Madison Square Garden.

The Knicks, who finished last season with 35 wins in their last 46 games and swept favored Baltimore in the Eastern Division playoffs before being eliminated by Boston, will start Willis Reed in the pivot, flanked by Dave DeBusschere and Bill Bradley, with Dick Barnett and Walt Frazier in the backcourt. The Knicks will have more bench strength this season, with Cazzie Russell returning after an ankle injury midway through last year and Dave Stallworth back after a two-year absence because of a heart ailment.

New York will play again Wednesday night at Cincinnati, while action starts on two other fronts. Chicago will be at Baltimore and Seattle at Atlanta.

San Diego will play at Phoenix Thursday night.

Falcons' Nobis May Miss Rest Of Year

ATLANTA (UPI)—Barreled-around Tommie Nobis, the Atlanta Falcons' star wide receiver, may miss the rest of his season because of a knee injury sustained in a game last week.

Nobis, who started all of the 1968 season and exhibition games the Falcons have played, suffered a knee injury Sunday in the final period of the Atlanta-Dallas game here. Doctors reported Monday that Nobis may miss next Sunday's game at San Francisco and probably a couple more after that.

"That's if the injury doesn't require surgery. If it is as serious as some fear, Nobis is through for the season. If they have to operate, Tommie probably is out for the rest of the season," the spokesman said. "If we were playing for a championship, we might take a chance on the knee in late season. But I don't think anyone wants to risk that knee." The crowd became quite silent Sunday when Nobis was lifted. Then he gave the Falcons Coach Norm Van Brocklin a standing ovation. "But if the ligaments were just as he was helped off the field, stretched, they should snap," he heard them and I appreciated it," Nobis said.

SLAM, GAME FAILS TO TOP MATCH-SET
 right, assuming that Mrs. Cutler... East would play to drop the diamond king.
 In board-a-match team games, the object is to score more points than the opponents. Partners can score against your partners at the other table. In this game, a difference of 10 points counts as much as a difference of 2,000.
 The board-a-match game at the Summer Nationals for the Marcus Cup was won by the Dallas team of Midge Cutler, Jeanne Davidson, Jack Titus and Walter Wilson. Today's game shows a brilliant defense by Walter and Midge to set a grand slam contract eight tricks.
 South would have let his opponents play either six or seven diamonds but North decided that seven diamonds was going to make. North would have been

Walter started off by cashing his three top-clubs. Midge dropped the eight of hearts on the second club and the deuce of diamonds on the third one—Walter shifted to the seven of hearts. Midge took her ace and king and Walter ruffed a third heart with his deuce of trumps. A diamond in Midge's ace was the seventh defensive trick and, when Midge led a fourth heart, there was no way for South to keep Walter from making a trick with his king of trumps.
 This gave the Dallas East and West 1,500 points and a win on the board. It seems that at the other table, the Dallas North-South pair decided to let their opponents play at six diamonds, East dropped the diamond king and scored 1,300 points but that was not enough to equal the 1,500 scored by Walter and Midge.

UNIVERSITY OF IDAHO students from Castleford acted as escorts last weekend to high school seniors from their hometown. The two U of I coeds, Jill Quigley and Linda Barinaga, assisted in showing the high school students

around campus during the annual senior days, held to acquaint high school students with the campus and its operation. From left are Vickie Bybee, Jan Quigley, Jill Quigley, Linda Barinaga, Joy Barinaga and Dena Horzinger.

AMONG HIGH SCHOOL seniors on the University of Idaho campus last weekend for senior days were three Twin Falls High students. From left are Cathy Greer, Kathy Giles and Judy Jensen. The senior days program at the Moscow campus provides the opportunity for outstanding high school students to see the facilities and visit university classes.

Northern Ireland May See Civil War By Christmas Time If Battles Continue

By DONALD P. O'HIGGINS
BELFAST, Northern Ireland (UPI)—Today, the battles are mostly street skirmishes. By Christmas, it could be civil war.
Extremists on both sides—Roman Catholic and Protestant—are now believed to have sufficient firepower through smuggled arms to escalate their bitterness into an all-out "holy war" within weeks—and there seems little doubt it is their intention to do so.
The province's religion-oriented discontent exploded into rioting in August. Now, a so-called "peace wall" erected by British troops in Warrick carves a jagged barrier over two miles long between Catholic and Protestant "hot beds" in Belfast.
Like the wall in Berlin, it is a barrier of hate.
Consistent reports have circulated of gun-running into both areas to extremists.
Today extremists of both sides talk openly of pistols, rifles and gasoline bombs stockpiled in their areas and

BERRY'S WORLD

"I guess I'm REALLY with it—I never have worn a bra!"

the "heavy stuff" to be used in a major showdown between the factions.
Helmeted British troops and police in natty black uniforms are carrying out systematic raids in both Catholic and Protestant districts. They stop and search all cars and trucks entering the "danger zone," but so far they have found only a handful of small arms. It seems a virtually impossible task to locate guns hidden in the rows of slum housing in the maze of side streets which form both Catholic and Protestant working class districts of Belfast.
Agents of the outlawed Irish Republican Army IRA had been active in organizing the flow of weapons into the Catholic areas, in the Protestant zone the outlawed Ulster Volunteer Force UVF is performing a similar task.
It appears to have reached the stage where each side is being pushed toward a Frank Courtney, a Protestant business man, said. "In the North today the extremists have become more extreme and the moderate have become less moderate."
Only the presence of 8,000 rifle-carrying British troops have kept both sides apart and how long they can continue to do so is the key question being asked in the tension-filled city. Will this be Britain's Vietnam?

Cenarrusa's Residency Established

BOISE (UPI)—Washington State's aeronautics director is aware now that Pete T. Cenarrusa is a resident of Idaho and not Washington and, in fact, is Idaho's secretary of state.
Director Ronald R. Prettitt recently sent Cenarrusa a form letter demanding the secretary of state register his airplane in Washington State as required of all residents of that state.
Cenarrusa wrote back that he had no intention of registering either his planes in Washington since he lived in Idaho and had registered them in his home state.
Prettitt thanked Cenarrusa for his reply to the previous correspondence.
6 Held After Drug Seizure
FLAGSTAFF, Ariz. (UPI)—Five California men and a woman were held in lieu of \$100,000 bond Monday after one of the largest drug seizures in Northern Arizona in years.
Police said approximately 600 pounds of marijuana as well as quantities of marijuana resin, LSD, hashish and other drugs were confiscated from a truck and in a Flagstaff motel room.
Arraigned on charges of possession of marijuana and dangerous drugs Monday morning after arrest at the motel about 2 a.m. were Michael Gilliland, 23, and George R. Callaway, 29, both of Los Angeles, and Edward P. Scotten, 31, John J. Hufner, 28, and Michael E. Peterson, 24, all of San Francisco. The girls' California authorities refused to give an address.

Fire Season Is Lowest In Last 4 Years

MISSOULA, Mont. (UPI)—Although the summer of 1969 was an extremely dry one, the national forests of the northern region had a total of 858 forest fires to date, with total burned acreage held to a four year low of approximately 3000 acres.
Except for the 1967 season, the 897 man-caused fires occurring during 1969 was the highest number in 16 years.
William R. Moore, chief of the northern region division of fire control, said over the past five years fires within the protection boundaries of northern Idaho, Montana and western South Dakota have burned an average of 26,000 acres annually.
Moore added that the acreage burned in 1969 was the lowest since 1955, when 887 acres burned.
Moore said the saving in burned land resulted from a more fire-conscious public, improved detection and attack techniques and better forest management, including effective disposal of slash after timber sales.
"Improved forest management including slash disposal has made many of our forest areas less vulnerable to wildfires that swept the areas 60 year ago," he said.
During the next few weeks in northern region national forests will be disposing of slash by prescribed burning, using Forest Service quality guidelines. The guides are designed to minimize smoke drift into the valleys and particularly into areas of major population.
VITAL STATISTICS
OSLO (UPI)—The birth rate in Norway in 1968 was 17.7 per 1,000 inhabitants. The number of deaths was 9.7 per 1,000 inhabitants.

Police Head Testifies

WASHINGTON (UPI)—Chicago's police superintendent testified today that retired Maj. Gen. Carl C. Turner pleaded with him to destroy receipts the general signed for confiscated guns which he sold later for personal profit.
"They're out to get me," Superintendent James B. Conlisk Jr., quoted Turner as saying.
Conlisk, who said he refused Turner's request, told Senate investigators the former Army provost marshal made the request after learning an investigation of the matter was being made.

BEAUTICIAN Wanted, with clientele. Work Twin Falls Salon, Straight 6th. Good location for hair business. Send qualifications to Box 24, Times-News.

EXPERIENCED waitress. Group insurance and vacation. Apply in person. Consideration. Sun, 733-6566.

LADIES: Make this season a profitable one. Earn Christmas money \$7,000 to \$15,000 PER YEAR. Our salesman are successful because: They have pride in their company and the products they sell. They receive two weeks in company training before they start. They are given every opportunity for rapid advancement to management. Two quality:
• 21 or over.
• Ambitious, willing to work.
• High School education preferred.
• Automobile essential.
For the right person, this is the opportunity of a lifetime representing a national insurance company. Call for personal interview, collect if outside Twin Falls, Mr. Edlin, 733-2201.

LOW INC. NEEDS MEN
Dow, Inc. now hiring men for Twin Falls division. No experience required as Dow Inc. offers full training program. Call 733-3611 between 9:00 A.M. and 12:00 noon.
WANTED: Morning and afternoon delivery apply in person at Mad Rock Cafe.

Good habits make sense.

The pretty teenager of today is the beautiful woman of tomorrow. She knows the importance of personal cleanliness and good grooming. The "scent and water" treatment to keep her lovely schoolgirl complexion is a rightly ritual. It's a good habit... and it certainly makes sense.

Another good habit, perhaps not as deeply ingrained in young people as it is with their parents, is regular reading and using of Want Ads. But most teenagers are quick to accept and act upon their own ideas which are good and useful. That's why it's not unusual to see a teenager reading the Want Ads. Using them, and reading the benefits. It's another good habit which makes sense.

Develop the Want Ad habit... and dial 733-6351 for easy placement of a fast-acting, low-cost Want Ad.

In Burley, Rupert, Declo, Paul, Norland 678-2552

2947, 2948, 2949, 2950, 2951, 29

TIMES-NEWS Readers: This INTRODUCTORY OFFER brings you

\$400.00-A-MONTH EXTRA CASH! WHenever YOU GO TO THE HOSPITAL

- Only 25¢ covers your entire family for the first month

- ★ Pays you extra cash at the rate of \$400.00 a month for as long as 24 months...for each hospital stay
- ★ Guaranteed renewable for life. At last—a hospital plan that guarantees never to cancel your protection no matter how old you get or how many claims you make
- ★ Pays all cash direct to you (not to the doctor or hospital)
- ★ Pays in addition to any other companies' coverage you have—including Medicare
- ★ No age limit. No medical examination required
- ★ No salesman will call

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT THURSDAY, OCTOBER 30, OR IT CANNOT BE ACCEPTED

One out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family tomorrow...next week...next month. And to say very few families have anywhere near enough coverage to meet today's soaring hospital costs. The cost has doubled in just a few years ago.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Extra Cash Plan that...

Pays you \$400.00-a-month tax-free cash whenever you are hospitalized.

What a blessing it is when you know you have an extra \$400.00 cash coming in every month—beginning the very first day you enter the hospital.

Now, National Health Plan enables you to enjoy this protection all once. Your special low rate is just 25¢ for the first month's coverage for your entire family. Then you may continue at regular National Health Plan rates.

The added protection you NEED!

All benefits of this \$400.00-A-MONTH Hospital Plan are paid directly to you, in tax-free cash, in addition to whatever you may receive from your insurance with any other company! Spend the money as you see fit—for hospital or doctor bills, mortgage payments to replace savings—or any necessary but costly extras not covered fully by usual hospital policies.

Everything costs more these days (need we tell you?) and hospital care is certainly no exception! While 7 out of 8 Americans have some hospital insurance, most have found it does not cover all bills that pile up when sickness or accident strikes.

That's why National Health Plan developed low-cost Extra Cash Protection that helps you pay hospital costs or other expenses.

You get your \$100.00 per month—TAX-FREE—from your first day in the hospital and as long as you are confined thereafter—even for 24 months, if necessary. And, when you and your insured spouse are hospitalized at the same time for an accidental injury, National Health Plan pays you an EXTRAORDINARY DOUBLE-CASH BENEFIT. You receive not \$400.00, but \$800.00 a month. Your spouse receives not \$400.00, but \$800.00 a month. That's \$1,600.00 in cash payments to you every month while you both remain in the hospital—even for as long as 2 whole years!

- PAYS** up to \$9,600.00 CASH for each accident or illness, starting the very first day in the hospital.
- PAYS** up to \$9,240.00 CASH if you're 65 or over—the rate of \$280.00 A MONTH for first 3 months, and a full \$400.00 monthly while you remain in the hospital thereafter, (for 21 more months if necessary) . . . in addition to whatever benefits you receive from Medicare.
- PAYS** up to \$38,400.00 CASH when both husband and wife are hospitalized at the same time for accidental injury, for as long as both remain in the hospital—at the rate of \$1,600.00 A MONTH.
- PAYS** up to \$2,000.00 CASH for complete accidental loss of limbs or eyesight.
- PAYS** \$400.00-A-MONTH CASH for each pregnancy requiring a hospital stay when both husband and wife are insured for the entire pregnancy and have Coverage for Children and Maternity Benefits.
- PAYS** up to \$5,760.00 at the rate of \$240.00 A MONTH when a child goes to the hospital for any accident or illness (when Coverage for Children has been added to the basic Plan).

LICENSED BY THE STATE OF IDAHO

HERE'S ALL YOU DO TO RECEIVE YOUR POLICY:

1. Complete this brief Enrollment Form.
2. Cut out along dotted line.
3. Enclose form in envelope with 25¢ and mail to: National Health Plan, Valley Forge, Pa. 19461

65 OR OVER? YOU COLLECT UP-TO \$9,240.00 CASH IN ADDITION TO MEDICARE BENEFITS

We have designed this plan as the important addition to whatever is paid by Medicare—or health insurance you may have with any other companies. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones! In addition to any benefits you may receive from Medicare, National Health Plan pays you \$280.00 a month for the first 3 months, and a full \$400.00 monthly while hospitalized thereafter . . . for an additional 21 months if necessary! You can receive as much as \$9,240.00 for each new illness or injury when hospitalized!

We can never cancel your Policy!

You can count on this wonderful protection no matter how old you get or how many times you collect from us. It is written into your Policy that we cannot cancel your protection after you've made a lot of claims, or become old—or for any other reason whatsoever. It is GUARANTEED RENEWABLE FOR LIFE!

And that's not all. Suppose you have a growing family—this Plan (NH02-369) . . .

Pays you \$400.00-a-month cash Maternity Benefits!

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to help buy all the things you need for the new baby? Now, if both husband and wife are insured for the entire pregnancy and have added Coverage for Children and Maternity Benefits, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days—as long as necessary—you are paid for every day of your confinement at the rate of \$400.00 a month.

All these added cash benefits.

Added cash benefit: Up to \$2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs any time within 90 days of the accident. The loss of a limb or eyesight is a terrible thing. Nothing can replace the loss, but a check for \$1,000.00 or \$2,000.00 brings peace of mind during the period of adjustment.

Added cash benefit: Chosen Coverage for Children (with or without Maternity Benefits) and all your dependent, unmarried children from age one month through 18 years will be covered. National Health Plan pays up to \$5,760.00, at the rate of \$240.00 a month, when your youngster is hospitalized . . . for removal of tonsils, appendix or any other illness or injury. Yes, you will receive \$240.00 a month each, month after month, while the child is in the hospital, even for as many as 24 months!

We pay your premiums when you are not able.

If you—the person to whom the basic Policy is issued—are hospitalized just 8 weeks or more, all premiums for you and all Covered Members that come due while you are still in the hospital after this period will be paid by National Health Plan. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 180 days, we will again PAY ALL PREMIUMS WHILE YOU ARE IN THE HOSPITAL—for as long as 24 months. For the total confinement! This means you pay no premiums, yet your full protection remains in force—you collect a maximum of \$9,600.00 for the confinement!

These are the ONLY exclusions!

Your National Health Plan Policy covers every conceivable kind of sickness or accident except conditions caused by: war or any act of war; intemperance; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and expenses resulting from any sickness or injury you incur before the Effective Date of your Policy . . . during the first 2 years only.

This last item is a real help if you already have a health problem. If you are sick before you take out this Policy, you will be covered for that condition after the Policy has been in effect for 2 years. Meanwhile, of course, every new condition is covered immediately.

Grateful Policyowners Write . . .

"Received your check for \$880.00. I appreciate having the money sent directly to me so I could decide how to use it."
—NIGELAS GASTON, Green Bay, Wis.

"It was wonderful to receive you check for \$555.00. I'm very pleased. It paid real well."
—MISS BESSIE GEISINGER, Kansas City, Mo.

"Everyone should have your coverage. I know I wouldn't be without it."
—WALTER TUCKER, Fayetteville, N.C.

Make your decision carefully.

Think how costly a hospital confinement will be. Imagine paying for those indispensable doctor, surgical and nursing services that are not covered by your present insurance.

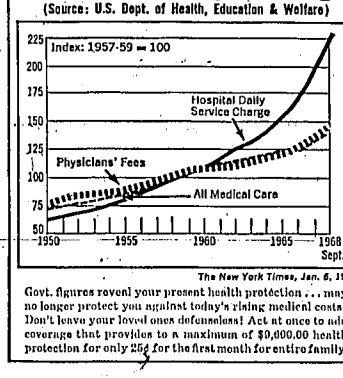

Would you be able to afford the quiet and privacy of a private room and a private nurse, should you so desire? Or a telephone to keep in touch with loved ones? Or the rental of a TV set to help pass the lonely hours? Who would pay your bills that keep on coming in at home? Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next.

Why you must act before the date shown on your Enrollment Form—just a few days from today.

Why do we give you so little time to enroll in this Plan—only a few days? Because this is a limited Enrollment Period—and we must receive your Enrollment Form at the same time as all the others! In order to pass on to you the savings that come from processing many policies at one time. This highly efficient "Mass Enrollment" method cuts costs to the bone—and the savings are passed on to you!

We mail you the Policy as soon as we receive your Enrollment Form. When the Policy arrives, assume it is in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Please—show it, if you wish, to someone you trust. Perhaps your lawyer, accountant or doctor. Better still—show it to your own insurance man . . . even though he may very well be working for another company! If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

Medical Costs Skyrocketing!

HERE ARE YOUR LOW RATES.

The following rate chart shows how little it costs for the first month to cover yourself, your spouse, and any adult dependents. Naturally, at these low rates, we can issue only one policy per person. Infants, children, 18 or over, pay the same rate shown for his or her age.

Age at Enrollment	Monthly Renewal Premium
16-44	only \$3.30
45-49	only \$3.75
50-54	only \$4.20
55-59	only \$4.75
60-69	only \$5.70
70-74	only \$6.60
75 and over	only \$8.00

Only \$1.90 more covers all your dependents . . .

from the age of one month through 18 years. And then, if you wish, just add the mere 2¢ that, and you're covered for Maternity Benefits, too! Newborn children are covered automatically at the age of one month—at no additional cost!

NOTE: The regular monthly premium shown here (for age at time of enrollment) includes your own premium in any case bracket to the best advantage of your family. It is a special low rate. It can never be changed because of how much or how often you collect from us. Coverage of advanced age is only if there is a general rate adjustment, up or down, at all policies of this type after active ages.

ACT NOW—"Later" May Be Too Late!
Just 25¢ covers you and your family for first month. TIME IS PRICELESS! Act quickly. (No salesman will call.) Get your Enrollment Form into the mail today—because once you suffer an accident or sickness, it's TOO LATE to get protection at any cost. But we're here to help you to act before anything unexpected happens.

THESE 14 QUESTIONS AND ANSWERS

- Tell us how National Home's EXTRA CASH HOSPITAL PLAN gives you the protection you need — at amazingly low cost!
- 1. How much will my Policy pay me when I go to the hospital?**
\$400.00 per month—to the full maximum of \$9,600.00 cash, if you're over 65, you collect a maximum of \$9,240.00 cash benefits on top of any Medicare benefits. \$280.00 a month for the first 3 months, and a full \$400.00 monthly while you remain continuously hospitalized afterwards, for a maximum of 21 additional months! You collect cash not just for yourself, but for all covered members of your family when they are hospitalized! And you collect cash even if you're in the hospital for only one day!
 - 2. When do I collect \$400.00 extra cash for accidents?**
We pay you \$1,000.00 cash for complete accidental loss of one hand or one foot or sight of one eye, and \$2,000.00 cash for loss of both hands or both feet or sight of both eyes—even if the loss occurs as long as 3 months after the accident.
 - 3. What if I am hospitalized by the same illness—again?**
You still collect your \$400.00 monthly extra cash to the full maximum of \$9,600.00. You need only to have resumed full normal activities for just 180 days—then if you are hospitalized for the same illness again you begin to collect all over again.
 - 4. Will you pay me \$400.00-a-month cash—even for pregnancy?**
Yes! Many health plans don't cover pregnancy. But we do, when you're insured for Children and Maternity Benefits. Added to the basic Plan, you collect maximum cash benefits of \$9,600.00 for pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents have to be enrolled in this Plan for entire pregnancy period.)
 - 5. Do you pay me cash even for my children, too? And . . . for my future children?**
You collect \$240.00-a-month cash any time your child goes to the hospital. When Coverage for Children is added to the basic Plan, a maximum of \$5,760.00 each time you dependant, unmarried child (up to 18 months through 18 years) is hospitalized for sickness or injury. And if you have a growing family—as soon as your youngest child enters the hospital—the fee is covered—automatically . . . at no additional cost to you!
 - 6. Are there times I might collect as much as \$12,000.00 . . . as much as \$38,400.00?**
There are! Remember, you pay cash not just for you, but for every covered member of your family. So if you or your spouse are hospitalized at the same time, or even if each of you is hospitalized once . . . or if a child gets sick or has an accident—you could be collecting \$12,000.00 or more! And that's not all! The whole story, the National Health Plan gives policyowners an EXTRAORDINARY BENEFIT. If you and your insured spouse are both in an accident and go to the hospital at the same time you receive \$1,600.00-a-month tax-free cash. This amount is paid for each of you while you remain in the hospital. Even for as long as 24 months! You receive up to a maximum of \$38,400.00 during hospital confinement—\$9,600.00 per doctor and hospital bills and other expenses resulting from one accident alone!
 - 7. Am I ever allowed to stop paying premiums during a long stay in the hospital—yet still remain fully covered?**
Yes, you are! All premiums that come due while you are hospitalized up to the basic Policy is issued—are paid for you by National Health Plan. And for as many as 24 months, you pay no premiums for you, and for all covered members of your family, too, while you remain hospitalized. You aren't expected to pay us back either.
 - 8. How do I go about submitting a claim?**
We invite you to file your claim with the Handwritten direct. Whether you want to submit a claim, or just ask us a question, mail hospital bills and receipts to National Health Plan policyowner, 2415 N. East Street, Valley Forge, Pa. 19461. We'll give attention at all times . . . and you will get it.
 - 9. Does this Plan pay in any hospital?**
You will be covered in any hospital of your choice except a U.S. Government hospital or military convalescent facility.
 - 10. Now tell me what's the "catch"—what does my Policy cover?**
Get ready for a welcome surprise. Your Policy covers every thing except conditions caused by: war or act of war; mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and any sickness or injury you had before the Effective Date of your Policy—except this last "exclusion" is done away with after you've been hospitalized for only one day. Coverage is so definitely complete that you need no other health insurance!
 - 11. If I'm hospitalized less than a month—do you still pay in full? Yes! You pay for every day you're in the hospital. There's no "waiting period" before you start collecting.**
 - 12. What are the requirements to enroll in this Extra Cash Hospital Plan?**
You must not have been refused or had cancelled any health, hospital or life insurance due to the reasons of health; and to qualify during this Enrollment Period you must enroll before midnight of the date shown on the Enrollment Form.
 - 13. Besides saving money—are there any other advantages of joining the National Health Plan during this Enrollment Period?**
Yes. A very important one. If you wish, you can complete a lengthy, detailed application—just the brief Enrollment Form in the corner of this page—during this Enrollment Period. We'll mail there are no extra requirements for eligibility, and no "waiting" or "retroactive" endorsements can be put on your Policy!
 - 14. How do I enroll?**
Fill out the brief Enrollment Form and mail it with just 25¢ for the first month's protection for your entire family, Mail to: National Health Plan, Valley Forge, Pa. 19461.

MONEY-BACK GUARANTEE

We will send you your National Home Policy by mail. Examine it carefully in the privacy of your own home. Show it to the person you wish to complete a lengthy, detailed application—or to your own insurance agent, doctor, lawyer or other trusted advisor. If you decide, for any reason, that you won't want to continue as a member of this Plan, return the Policy within 15 days, and we will promptly refund your money. Meanwhile, you will be fully protected while making your decision!
