UPI NEWSMAP spots the location of Hurricane Laurie, at 4 p.m. Monday, some 300 miles south of New Orleans in the Gulf of Mexico. This morning the storm was moving northeast at eight miles an hour, and was expected to veer more towards the northeast, heading for the Mississippi Coast later in the day. (See story on page 1.)

Japan-U.S. Pact Ignites Riot

Council Tables Fried Chicken Zoning Request, Bypasses Annexation Issue

By FRED DODDS
Times-News Staff Writer

Two of the hottest items at the Twin Falls City Council meeting Monday weren't even on the agenda when the meeting got under way.

One was the zoning issue on a Kentucky Fried Chicken outlet in the 1000 block of Shoshone Street East. The other was the proposed annexation of property surrounding the city.

More than 100 people attended.

Mayor Egon Kroll commented, "I haven't seen so many people at one of these meetings since we took action on the dog leash law. There was laughter."

The only other laughter to be heard in the two-hour session was when Vance (Shorty) Puffer entered a plea for the city's cooperation in baseball. He asked the council to donate the park to the Magic Valley baseball club, and also pay for the lighting. "It's for baseball folks," and he waved his arms. This the council took under advisement.

There was no discussion on the annexation and that took care of that problem.

But on the zoning change, nothing was resolved.

Several weeks ago the council approved a zoning change from residential-professional to commercial-local. The vote was 4-1, but later discovered five "yes" votes are needed before any ordinance can be passed under suspension of the rules. Suspension means doing away with the required three separate readings of an ordinance and passing it on the spot.

This nullified the council's action then, Monday the council was asked to reconsider.

Councilman John Angerbauer asked the ordinance be placed on the docket for three separate readings. His motion was defeated 4-3 with Councilmen Frank Adams, Eugene Stacey and Robert Warberg and Mayor Kroll voting "no." Mr. Angerbauer and Councilmen George Bennett and Frank Cook voted "yes."

Losing this round, the matter was discussed at some length and a petition bearing signatures of the citizens was filed. See COUNCIL, Pg. 2, Col. 2

New Probe

WASHINGTON (UPI) — Fresh from banning the commercial use of cyclamates, the government Monday ordered an investigation into the safety of saccharin, another widely used artificial sweetener.

Dr. Herbert Ley, commissioner of the Food and Drug Administration, announced the investigation. He said it would begin immediately because of "recent controversy over and the subsequent banning of cyclamates."

Military Seizes

NAIROBI (UPI) — The army and police seized control in Somalia today, five days after the assassination of President Aden Abdullahi Amin. The Somali Embassy reported a spokesman, quoting a broadcast by Mogadishu Radio from the capital of the Texas-based East African nation, said Premier Mohammed Haji Ibrahim Egal, 41, and his Somalia Youth League government had been ousted.

In Paris, reports from neighboring Djibouti said Somali frontiers and airports had been closed following the coup.

The new rulers announced there would be no changes from the policies of the late president, assassinated last Wednesday by a policeman, the reports from Djibouti said. Initial word had been that the new rulers were politically motivated.

Shermarke, 50, was buried Monday following funeral services in Mogadishu. Thousands of nomadic Somali tribesmen as well as President Kenneth Kaunda of Zambia turned out to pay their respects.

Somalia

By nightfall streets in much of this city of 11.4 million persons were deserted except for demonstrators and police.

A firebomb was hurled over a fence at the U.S. "Tokota" Air Force Base. Tokyo's outskirts but it failed to explode. A man drove a rented automobile through a gate at nearby Tachikawa Air Force Base.

Police who arrested the motorist said his car was loaded with explosives and the man carried a sign that said: "Will explode runway at cost of my life."

About 70,000 — riot — police wearing blue overalls, plastic face masks and carrying clubs and aluminum shields patrolled Tokyo. They seized a truck loaded with 125 bottles of gasoline apparently meant for firebombs.

Nearly 1,000 police raided three Tokyo University campuses shortly after dawn and seized weapons stored in armories maintained by radical students. In one case, students fought back with firebombs.

Students broke into a heavily guarded Tokyo National Railway station to halt all trains on the most heavily traveled commuter lines in the world's biggest city.

Two major subways in downtown Tokyo were closed and all main theaters shut down and barricaded their doors. The downtown area was almost deserted except where there were demonstrations.

State Health Council Sets Meet In T.F.

Members of the Governor's Comprehensive Health Planning Council will meet for the first time in Twin Falls Monday and Tuesday.

Ernest W. Carlson, county commissioner and council member said the two-day meeting will be held at the Holiday Inn. The council consists of 30 members from all parts of the state who are involved in various phases of health services.

An inventory of such services and facilities and comparing these to eliminate duplication and provide the best possible health programs at a minimum of costs are the aims of the council.

Organized two years ago, the council meets at various times in different parts of the state. It was the latest week a quarterly session.

In addition to Mr. Carlson, area members include Irene Oliver, Magic Valley Memorial Hospital administrator, and Dr. H. O. Toews, Rupert.

Lebanese Troops Attack Arabians

By United Press International

A Cairo newspaper reported today that regular Lebanese army troops have attacked an Arab guerrilla camp just north of the Israeli border, killing two persons and wounding nine.

It was the latest clash between the regulars and commandos since the guerrillas began building camps in the area despite orders from the Lebanese government to stay out.

"What's important to remember," Dr. Taylor said, "is that these kids are in the minority. It's a sure bet we're not going to stand for the minority doing too much for too long at CSI."

Dr. Taylor said when a group of students went to meet on campus for a forum discussion on the war or any other disagreement, a place will be provided for them to meet, as long as such a meeting does not conflict with the on-going programs of the college.

A member of the Magic Valley Moratorium Committee said Monday an observance for the Nov. 13 and 14 moratorium will be planned locally but, as yet, details have not been formulated.

The spokesman who did not see MORATORIUM, Pg. 2, Col. 2

New Hurricane Takes Aim At Gulf Coast; Thousands Flee

NEW ORLEANS (UPI) — Hurricane Laurie, kicking gales inland along the mouth of the Mississippi River, drifted on a zigzagging path toward the gulf coast today. Thousands of wind-wary residents fled.

Laurie's point of impact along the coast was uncertain. The New Orleans Weather Bureau said the hurricane's course would be slow and erratic today.

But a hurricane watch remained up along 750 miles of the Gulf coast from the Florida Panhandle, Fla. Thousands already ravaged by the blast of hurricane Camille this year headed inland.

The Weather Bureau said Laurie had shifted to an eastward course, moving at about 5 miles an hour. The hurricane spurred winds at 100 miles an hour and her eye was located 230 miles south of New Orleans.

At 5 a.m. EDT, gale force winds of 35 miles an hour whistled along the southernmost Louisiana coastline — a hint of Laurie's presence.

The eastward shift cheered residents along the Mississippi coast.

"If she continues on her present course we won't even get a summer breeze here," said Wade Gulce, Harrison County civil defense director.

But in Louisiana, with Hurricanes Camille, Betsy and Audrey in recent memory, local officials began moving people north early Monday.

By nightfall, lower Plaquemines Parish (county), which took the brunt of Camille's 190 mile an hour winds Aug. 17 and was hard hit by Betsy in 1965, was virtually deserted.

Contractors Interested In CSI Projects

There presently are eight general contractors who have taken out plans for two College of Southern Idaho construction projects, it was reported at a trustee meeting Monday night.

Dr. James L. Taylor, CSI president, said there is good activity in the upcoming bid of the projects and at this time he is optimistic about the bidding.

The board of trustees also voted to send telegrams to the University of Wyoming supporting coach Lloyd Eaton's suspension of 14 Negro football players prior to the University of Wyoming-BYU game Saturday. The players were suspended for wearing black armbands in protest of BYU's alleged racial discrimination.

Dr. Taylor reported a student population of 2,245, an increase of 19 per cent over last year.

A moment of silence was observed on behalf of board member Eldon Evans who was absent Monday night and is in Boise to undergo heart surgery.

Trustees also entered discussion led by Dr. Terry Smith, academic dean, regarding the student newspaper, the CSI Horizon. Dr. Smith reported the publications committee had met and requested the format of the paper include the name of the sponsor — that is a publication of the student body and not an official publication of the college.

The publications committee also requested that a list of the staff be made a part of each issue of the Horizon.

General Told To Return In Theft Probe

WASHINGTON (UPI) — A triangle involving an Army general, a service company linked with hefty kickbacks and a "filthy rich" slot machine salesman has been alleged by Senate investigators of thefts, kickbacks and embezzlements from enlisted men's clubs in Vietnam.

The general, Brig. Gen. Earl F. Cole, was linked with Washington Monday by the Defense Department, which acknowledged he was brought home "in connection with the current Senate hearings on alleged irregularities in the operation of noncommissioned officers' (NCO) clubs."

Hearing Scheduled On Highway Work

Plans for reconstruction of Washington Street in Twin Falls and a section of Addison Avenue east of the intersection will be presented Nov. 25 in a public hearing in Twin Falls.

Idaho Department of Highways officials said the public hearing on the two proposed improvements will be held at 2 p.m. in the American Legion Hall.

The first proposed project calls for reconstruction of the five points intersection where U.S. Highways 83 and 30 enter Twin Falls business district from the west.

Plans call for the project to begin on Addison Avenue West, about 400 feet west of the five points intersection and extending about 800 feet east of the intersection. Washington Street would be widened and reconstruction from Bonanza Street West, north to a point about 300 feet north of the intersection. Main Avenue would be narrowed to 20 feet in width only from the intersection.

The city of Twin Falls would widen and reconstruct Washington Street north of the intersection to Shoup Avenue with a 20-foot wide median.

Plans call for four lanes with a median on Washington Street North and South and four lanes with a median and right turn lane on Addison Avenue West and on Addison Avenue.

Additional right of way would be required for widening and reconstruction of Washington Street. Some additional right of way would also be needed on Main Avenue to provide a turn-around for traffic approaching the intersection on Main Avenue. Main Avenue traffic would not be permitted to enter the intersection, but would be required to make a right turn onto Main Avenue from the intersection would be provided.

On the second proposed improvement Addison Avenue, between Jefferson Street, to just east of Buchanan, would be widened and reconstructed. This would be a 20-foot wide project to North Five Points beginning.

It would consist of a proposed right of way width of 80 feet. See HIGHWAY, Pg. 2, Col. 2

Flareup Of Fighting Boosts American Losses To 14 Dead

SAIGON (UPI) — Communist U.S. headquarters today listed 14 Americans dead and 34 wounded — the heaviest single-day-of-losses reported since the battlefield toll began six weeks ago.

A total of 108 Viet Cong and North Vietnamese were killed in the fighting — the second successive day of increased combat — during the lull that began Sept. 17.

Spokesmen for Gen. Creighton W. Abrams, the U.S. commander in Vietnam, said the American Command considers the lull still in effect despite the new fighting and reports of impending Communist attacks.

As the level of combat increased, so did the rate of the latest American troop withdrawals.

Arab Raiders Strike Foes Across Suez

By United Press International

Egyptian commandos struck across the Suez Canal early today and overran an Israeli position "deep inside" the Sinai Desert, killing all the Israeli defenders, an Egyptian military spokesman reported in Cairo.

The report said that 14 were in the Golan Heights area.

The Middle East News Agency (MENA) said fighting forces in southern Lebanon were reported to be in the business of regular Arab guerrillas and between Lebanese army troops cracking down against guerrilla forces in Lebanon.

Six Egyptian commandos killed and 11 wounded.

Food Stamps

WASHINGTON, D.C. — The Department of Agriculture Tuesday designated Twin Falls County as one of 20 in Idaho for inclusion in the food stamp program.

Other Idaho Valley counties included are Blaine, Camas, Cassia, Gooding, Jerome, Lincoln and Minidoka.

Family Heads

WASHINGTON (UPI) — The Census Bureau said Monday a 1968 survey showed about 11 per cent of the families in the United States were headed by women.

The report said that of 66,446,000 families in the nation, 5,273,000 were headed by females. These included 4,008,000 white families and 1,264,000 minority group families.

CSI President Says College Will Not Countenance Moratorium Participation

"We're not going to stop classes (at the College of Southern Idaho) to participate in a moratorium," President Taylor said Monday, and "students who cut classes last week for the moratorium march were counted absent."

"We are not going to tolerate students, faculty or anyone else upsetting the educational process at CSI," he said.

"We're in the business of trying to educate people and the bulk of the people (at CSI) don't want to participate in these things," Taylor said.

He was speaking of a moratorium observance held last Wednesday in opposition to the Vietnam War. Taylor said he knew of only 17 CSI students who participated in the march from campus and said any of these students who cut classes to join the march were counted absent and will continue to be counted absent for further participation in activities not sanctioned by CSI.

A similar, but more widespread organized movement is being participated in by students at America's colleges and universities, including CSI.

"The college that simply will not participate in a moratorium they could call a moratorium for any number of good causes — deer hunting, skiing or elk hunting," he said.

Taylor said he can't see where CSI has any real problem with this sort of movement.

"When you count 17 against 2,449 students, that's no real problem."

The number of students and followers swelled Wednesday afternoon when a demonstration, featuring a rock band, was held in city park. Most of the CSI students attending the event had apparently finished classes for the day.

"That thing in city park was not a CSI activity at all — it was a party," he said. "It was by the college," he said. In instances such as this, the college head said he feels local police have every right to enforce city laws and the college administration has and will continue to cooperate with local law agencies in such matters.

City police stepped in at the Wednesday afternoon demonstration and ordered the power supply to amplifiers be shut off because of complaints received about the noise.

This prompted a march on the Selective Service office by a portion of the CSI students

Idaho Power Co. President Says Expansion Requirements Estimated At \$250 Million Before 1975, Testimony Presented At Boise PUG Meeting

BOISE (UPI) — Albert Carlson, president of Idaho Power Company, said Monday that to meet expansion requirements the company would have to spend \$250 million before 1975.

Carlson spoke before an Idaho Public Utilities Commission hearing on the company's requested rate hike.

The proposed revised tariffs would affect the majority of customers served by Idaho Power and the new schedule covering service to special contract customers having loads in excess of 750 kilowatts would affect the FMC Corporation, the

Atomic Energy Commission, the city of Weiser, Machinery Center, J.R. Simplot Company at Pocatello and certain street lighting rates.

M.M. Ilch, Idaho Power's vice president and treasurer, told the commission that without the rate increase, the company would be faced with financing construction activity and the financing of a \$27,141,000 investment with an inadequate rate of return of 5.53 per cent to 6.06 per cent.

Ilch said daily examination of stock transfer sheets indicated that many of the smaller institutional shareholders had been disposing of reasonable blocks of stock regularly, and that several large institutional investors in Idaho Power common stock had sold "substantial portions" of their shares.

"The analysts for these institutions are aware of our continuing need for large expenditures for construction and are constantly inquiring into the company's ability to offset increased interest and tax expenditures and be able to show a continuing earnings growth."

James E. Bruce, vice president for legal and regulatory affairs, testified that "An examination of the record will show that the average rate received by the company on all kilowatt hours sold is the third lowest in the nation."

He said Idaho Power sells almost 50 per cent of its total kilowatt hours to phosphate and irrigation customers, but those sales brought in only approximately 28 per cent of the total revenue.

"This is one of the major causes of the revenue problem which now faces the company," Bruce said.

"Substantial increase in rates for these customers are necessary, if we are to maintain equity for all customers of the company. These customers cannot expect the other classes of customers to carry an unfair share of the cost."

Carlson said that in 53 years the company has requested rate increases only twice, and they were requested "only as the result of the inability of the company to meet those types of costs which it cannot control — primarily taxes, cost of money, and inflation."

Murphy To Seek One More Term

LOS ANGELES (UPI) — U.S. Sen. George Murphy says if he is re-elected next year he will step aside after two terms so a younger man can take his job.

"I'll give you a flat promise," the 57-year-old senator said in an interview.

THESE SHEEP WERE KILLED by dogs sometime last week. Emil Klimes, a Jerome farmer, said this is just part of his loss. Forty-two sheep were killed and six more were mangled and may have to be destroyed. (Photo by Robert E. Helms)

Dogs Kill 42 Sheep In Jerome Area, Owner Enters Plea For Better Control

JEROME — Sometime last week Emil Klimes, a Jerome area farmer, lost 42 head of sheep, killed by dogs.

The Klimes farm is located one mile south, three miles east and a quarter-mile south of Jerome. Six more sheep have been chewed and mangled and will probably have to be destroyed.

Mr. Klimes said his estimated

loss for the registered Hampshire and Suffolk sheep will be approximately \$2,500, plus the loss of any future wool and lamb crop.

Mr. Klimes has no idea at this time who the dogs belong to. He has set up a night watch to guard against any further attempts by dogs to get into the band of sheep.

"I will keep the rest of the sheep in an open pasture for run. It's pure slaughter for

penning-up sheep when a pack of dogs get into them," Mr. Klimes stated.

Mr. Klimes feels another attack of this kind could put him out of business, and knowing this is a threat to all sheepmen, he is making this appeal to people who let their dogs run loose.

"Please keep your dogs tied up so they can't destroy someone else's sheep or anyone of mine. Once a dog gets a taste for sheep blood, they cannot be controlled, they will keep on killing sheep."

T.F. Airport Resolution Is Approved

A resolution accepting federal grants for the extension and improvement of the Twin Falls City-County Airport south of Twin Falls was adopted Monday afternoon by the County Commissioners.

Similar action is required from the Twin Falls City Council before the project funding can be completed, commissioners said.

In voting unanimously on the resolution, the three county officials expressed agreement that Twin Falls airport will serve as a major asset to not only the city and county but to the entire Magic Valley area. They also said they feel it is to the taxpayers' benefit to improve the existing facilities rather than construct a complete new field in a new location.

Escapes

GOODING — George Burke Jr. escaped death here Monday when a tractor he was driving overturned and pinned him between the seat and the ground.

A beet truck pulled the tractor off of him and he was rushed to Gooding County Memorial Hospital. Although he was admitted for treatment, he suffered only minor cuts about the face and a shoulder injury.

Witnesses at the scene said Mr. Burke was pulling railroad cars loaded with beets when the tractor flipped. The accident happened at 2:40 p.m. on the north side of the city.

Sympathy

COPENHAGEN (UPI) — Fifty-two members of the Danish Parliament signed an open letter Monday expressing sympathy with efforts in the United States to end the Vietnam War. The letter was sent to Sen. J. William Fulbright, chairman of the Senate Foreign Relations Committee.

Commission OK's Change In Zoning

Zoning of a strip of property along Highway 30 from the old Red Cap corner south into Kimberly for general commercial use was approved Monday by Twin Falls County Commissioners.

Property owners at the north entrance of Kimberly had requested the zone be changed from A-1, agricultural, to General Commercial, to conform with many existing users and to allow the establishment of other commercial activities.

County Commissioner William Chancy said there were no protests voiced during a hearing Monday morning. The commercial zone will extend to a depth of 200 feet on either side of the highway.

Two Transferred

GOODING — Two Gooding girls, injured Friday evening in a two-car accident in Jerome, have been transferred to the Gooding Memorial Hospital, where they are reported in fairly good condition.

The two are Jean Henderson and Susan Ochsner, both 17 years old. The Ochsner girl was a passenger in a car driven by Miss Henderson, which collided with a car driven by Joe Giltner, 16, Jerome.

Two Transferred

The principal reason given has been that as a result of the current inflationary trends and high long-term interest rates, there are doubts as to the company's ability to absorb such earnings growth," Ilch said.

The fact that our earnings appear to have leveled off in recent years has disturbed many institutional investors.

Two Transferred

Carlson said that in 53 years the company has requested rate increases only twice, and they were requested "only as the result of the inability of the company to meet those types of costs which it cannot control — primarily taxes, cost of money, and inflation."

Manual For Riots: "No Backbone"

Tuesday, October 21, 1969... PHONE 733-0931

A Shallow Excuse

It is a shocking thing to know — a more-shocking thing to admit — but there are a lot of people in Twin Falls who think up shallow and unacceptable excuses for not supporting the United Fund drive.

refusing to support the United Fund drive through cash contribution takes no part in anything that is of community benefit. Donations to the United Fund need not be large. If all residents and firms shouldered their responsibility these donations would be small indeed.

Lifespan

As a by-product of the good life, Americans like to think of themselves as among the longest lived people in the world, or at least very near the top. They are wrong.

9.6 per thousand population in 1966, the most recent year for which records are available.

New Armament

It has long been a dour theory that man may eventually lose his battle against insects. They have a way of defeating us through a spanning progeny that they possess at the most potent insecticides.

In the insect kingdom is a moot question. They have a "civilization" akin to that of the bee and the ant, but terms are much more aggressive so far as man's interests are concerned.

WASHINGTON — Anti-poverty director Donald Rumsfeld is being bluntly assailed as lacking the "backbone" to control the programs and policies of the agency over which he is nominally the head.

ROWLAND EVANS AND ROBERT NOVAK

Concentration Camp Scare

WASHINGTON — The Nixon Administration has missed a golden opportunity to squelch persisting rumors of Negro concentration camps.

In a manner to interfere with the repeal bill, the Justice Department has taken the opportunity to put in a detention camp.

MR. SPECTATOR

Remember The Shell Game?

Remember the old walnut shell game? Three shells all in a row and a nickel hidden under just one of them?

So now you have it. And Mr. Spectator suggests that with Christmas coming up — and when you crack those walnuts before the open fire — bundle them up and ship them to the Atomic Energy Commission.

ANDREW TULLY

It's Unfortunate

WASHINGTON — Unfortunately for Judge Clement Haynsworth Jr., the American Bar Association committee that endorsed him for the Supreme Court for the second time in a Supreme Court justice.

The original report called Haynsworth "highly respectable from the point of view of professional qualifications." By what is reported to have been a New York lawyer, committee of the view of Haynsworth as a sensitive human animal.

programs and policies of the agency over which he is nominally the director. After the existence of the radical-angled manual was uncovered, Rumsfeld revealed that he not only knew nothing about it, but he had not even seen a copy of it.

"Even if that is true," says Scherle, "how widely was the manual distributed so widely? With the outright revolutionary material it contains, it is bound to disseminate radical and fringe ideas and concepts, and do so as a government document.

The Navy's largest school on the west coast, it provides the student with a basic foundation of the field of electricity. He will now report to another electricity school in his particular specialty.

18 Mexican Children Are Buried Alive

MORELIA, Mexico (UPI)—Eighteen children gathered here to help in rebuilding a village church were buried alive under an earth-slide Sunday, the Morelia district attorney's office said Monday. District Attorney Manuel Castro Silva said the children, boys and girls, were in a group of about 40, the oldest of which was 18, working with adults in excavating sand from a hillside for reconstruction of the church in the village of Tramento de las Reyes, 35 miles south of Morelia in western Mexico. "They carried buckets and shovels," he said.

"They made an opening in the side of the hill, loosening the part above, which was very heavy with trees and earth, and suddenly the avalanche fell on them. "The adults with them started screaming for help and the fathers and mothers of the village came running and began pulling out the children," Nuno survived.

Governor Favors Gas Tax Change

BOISE (UPI)—Gov. Don Samuelson told news conference today he favors a change in the way gasoline taxes are distributed to counties and cities. Samuelson said even would like to see highway districts in the state eliminated and letting each taxing district handle road maintenance. He said he felt the present gasoline taxes should be distributed to counties and cities according to the number of miles they have in each category of roads. But he said he was against any increase in the gasoline tax as suggested by the Association of Idaho Cities.

The governor said he did not plan to make any recommendations about the gasoline tax distribution or other problems confronting the cities and counties. He said he felt the cities and counties should contact their legislators about their problems. Samuelson said he did not believe there would be any extra state revenue to spend in increased appropriations for their mental retardation or Boise State College as has been suggested. "The computer projections indicate we are running right on the nose," he governing said. He hopes the legislature makes "some minor changes" in the "appropriation" next year, including an amendment to require independent candidates to file prior to the primary election.

The Land Board is presently comprised of five elected state officials—should retain its control over administration of state lands.

Culdesac Depot Is Shut Down

LEWISTON (UPI)—After 70 years of operation, the railroad's Culdesac depot south of here closed today. The depot was ordered closed by the Camas Prairie Railroad after its petition to shut down the operation was approved by the Idaho Public Utilities Commission. The railroad had contended that the depot was not generating enough revenue to justify its existence. However, railroad officials said freight service would continue and all the service formerly handled by the Culdesac station would be taken care of from here.

North Vietnamese Fishermen Freed

CUA VIET, South Vietnam (UPI)—The U.S. Navy put 10 North Vietnamese fishermen home after almost three months captivity. The fishermen were picked up by a Navy patrol boat in July after they had been blown off course by a typhoon. The repatriation was accomplished with a 38-foot red and gray junk purchased by the United States for \$1,500. "They seemed to be a pretty good bunch of guys, and I hope that they get home okay," said U.S. Navy Lt. John Wayne Shingdecker of Macon, Ga.

M-K Enters Into Coal Production

BOISE (UPI)—Morrison-Knudsen Co., Inc., announced Monday its entry into the field of coal production in Western Canada through a newly formed subsidiary. Emkay Canada, Natural Resources Ltd., a wholly owned subsidiary of M-K, purchased a 50 per cent interest in extensive coal properties in the Elk River Valley area of Southeastern British Columbia.

E. L. Perkins, chairman and president of M-K, said the interest was purchased from Scurry-Rainbow Oil Limited, Calgary. Tentative plans call for the coal to be mined by open-pit methods on a long term basis by a jointly owned operating company to be known as Emkay-Scurry Ltd. Mining operations are expected to begin in late 1971, with first coal deliveries in early 1972. Coal will be transported by unit trains to Roberts Bank, a new bulk materials port near Vancouver, and marketed principally in Japan.

Tax Expert Notes Idaho Standing

BOISE (UPI)—Max Yost, executive manager of the Associated Taxpayers of Idaho, said Saturday in fiscal 1968 Idaho ranked 29th from the top among the 50 states in per capita taxes for state and local government. Yost said that on the other hand the state ranked 8th from the top in taxes per \$1,000 of personal income, "which is not so good a standing and one which we must improve."

Judd, associate professor of teaching and director of student teaching at Idaho State University. Dr. Judd, a native of Burley, whose Ph.D. degree is from the University of Oregon, spoke out on several educational subjects during an interview planned as the first of several with various ISU faculty members this year. "In some communities teachers are regarded as second or third class citizens or as baby-sitters and these communities have had strikes," he said. "The public forces teachers to strike to receive the recognition they must receive — either that of the teachers just move out."

Dr. Judd said he thinks there is "just as great a shortage of competent teachers today as there was ten years ago." He said, however, that more people are returning to teaching after having been engaged in other pursuits, and he listed housewives as an example of this. "There are more federal pro-

New Regimes Of Bolivia And Peru Are Nationalistic, Leftist And Anti-American

By PHIL NEWSOM
UPI Foreign News Analyst

The new regimes of Bolivia and Peru are nationalistic, leftist and anti-American. The ingredients are the same as have faced the United States before in the leftist-leaning government of Joao Goulart in Brazil, in Communist Cuba and in right-wing anti-American governments in Argentina. But this time the ingredients are mixed in different proportions than in the past and they complicate the problems of President Nixon as he seeks a

new approach to U.S. relations with Latin America. Gen. Alfredo Ovando Candia, leader of the Bolivian coup that overthrew the elected successor government to the late Gen. Rene Barrientos Ortuño, has described the policy of his new regime as "leftist nationalism." He said he would seek "ideological confederation" with Peru whose elected government fell to a military coup on Oct. 3, 1968. Over the weekend he an-

nounced his government was taking over the \$140 million Bolivian Gulf-Oil Co. He hinted that other foreign-owned operations in Bolivia also would be seized. Natural targets, according to Bolivian government sources, would be a U.S. gold mining company and American-owned Bolivian power company that supplies power to La Paz, the Bolivian capital.

In this, Ovando was following the precedent set by Peru which first seized the American-owned International Petroleum Company, claiming a debt of more than \$50 million owed by the company to the government for illegal operations, and going on from there to seize mining properties and the sugar interests of the W. R. Grace & Co. Next on the list is a take-over of internal communications affecting the international Telephone and Telegraph System.

The military of both Bolivia and Peru have been described as admirers of President Gamal Abdel Nasser of the United Arab Republic, a sentiment shared by many of the military in Argentina. Cuba found quick riches in seizure of American properties and since has been forced to exist on \$1 million a day from Russia.

The United States has avoided a final decision on Peru by continuing talks but talks do not make a policy.

American Motors Buys Jeep Subsidiary From Kaiser

OAKLAND (UPI)—Kaiser Industries Corp. announced Monday it is selling its subsidiary that makes the famous Jeep to American Motors in a transaction estimated at about \$82 million. Kaiser said a "memorandum of intent" had been worked out between the two companies which provides for the sale of Kaiser Jeep to American Motors for \$10 million cash, 5.5 million shares of American Motors stock and about \$10 million in five-year notes. American Motors stock was selling for \$11 1/2 on the New York Stock Exchange Monday, so that 5.5 million shares would be worth about \$62 million. The stock would amount to about 22 per cent of the 19,116,000 shares of American Motors outstanding.

"Negotiation of a definitive agreement by the respective managements is proceeding," Kaiser said. The company said the \$10 million in notes

will be adjusted following an audit of Kaiser Jeep as of Sept. 30. "The definitive agreement and completion of the sale and purchase will be subject to certain conditions, including approval by the boards of directors of Kaiser Industries and American Motors and by the stockholders of American Motors," Kaiser said. American and Kaiser Jeep already had used "complementary management and dealer organizations" and manufacture "non-competitive product lines."

UPI Foreign News Analyst

The new regimes of Bolivia and Peru are nationalistic, leftist and anti-American. The ingredients are the same as have faced the United States before in the leftist-leaning government of Juao Goulart in Brazil, in Communist Cuba and in right-wing anti-American governments in Argentina. But this time the ingredients are mixed in different proportions than in the past and they complicate the problems of President Nixon as he seeks a

new approach to U.S. relations with Latin America. Gen. Alfredo Ovando Candia, leader of the Bolivian coup that overthrew the elected successor government to the late Gen. Rene Barrientos Ortuño, has described the policy of his new regime as "leftist nationalism." He said he would seek "ideological confederation" with Peru whose elected government fell to a military coup on Oct. 3, 1968. Within less than a month of his take-over, Ovando was following the script. Over the weekend he an-

nounced his government was taking over the \$140 million Bolivian Gulf Oil Co. He hinted that other foreign-owned operations in Bolivia also would be seized. Natural targets, according to Bolivian government sources, would be a U.S. gold mining company and American-owned Bolivian power company that supplies power to La Paz, the Bolivian capital. In this, Ovando was following the precedent set by Peru which first seized the American-owned International Petroleum Company, claiming a debt of more than \$200 million owed by the company to the government for illegal operations, and going on from there to seize mining properties and the sugar interests of the W. R. Grace & Co. Next on the list is a take-over of internal communications affecting the International Telephone and Telegraph System. The military of both Bolivia and Peru have been described as admirers of President Gamal Abdel Nasser of the United Arab Republic, a sentiment shared by many of the military in Argentina. Cuba found quick riches in seizure of American properties and since has been forced to exist on \$1 million a day from Russia. The United States has avoided a final decision on Peru by continuing talks but talks do not make a policy.

American Motors Buys Jeep Subsidiary From Kaiser

OAKLAND (UPI)—Kaiser Industries Corp. announced Monday it is selling its subsidiary that makes the famous Jeep to American Motors in a transaction estimated at about \$82 million. Kaiser said a "memorandum of intent" had been worked out between the two companies which provides for the sale of Kaiser Jeep to American Motors for \$10 million cash, 5.5 million shares of American Motors stock and about \$10 million in five-year notes.

American Motors stock was selling for \$11 1/2 on the New York Stock Exchange Monday, so that 5.5 million shares would be worth about \$62 million. The stock would amount to about 22 per cent of the 19,118,000 shares of American Motors outstanding. "Negotiation of a definitive agreement by the respective managements is proceeding," Kaiser said. The company said the \$10 million in notes

will be adjusted following an audit of Kaiser Jeep as of Sept. 30. "The definitive agreement and completion of the sale and purchase will be subject to certain conditions, including approval by the boards of directors of Kaiser Industries and American Motors and by the stockholders of American Motors," Kaiser said. American and Kaiser Jeep already had used "complementary management and dealer organizations" and a manufacturer "non-competitive product lines."

Chicago Demonstrators Staged Attack To Show Police In Bad Light, Witness Says

By TONY FULLER
CHICAGO (UPI)—An undercover police detective testified Monday that demonstrators staged a "Rennie" attack on the Democratic National Convention to attack police lines so television cameras could film police action but not the attack.

Chicago Police Detective James Tobin testified at the trial of eight persons charged with inciting riots during the 1968 convention. He is to be recalled to the witness stand today.

Tobin said that on Aug. 28, 1968, about 2,000 to 3,000 protesters were massed in Grant Park across from the Conrad Hilton Hotel, Davis said. Deputy Police Sgt. James Rochford to pull police lines back across Michigan Avenue.

Rupert GOP Solon Raps Rate Hike

RUPERT — Rep. Steve Anjone, Rupert Republican, has forwarded a letter to the Public Utilities Commission seeking either a "partial" or a "reduction" of the proposed rate increase for Idaho Power.

Rep. Anjone said the "proposed increase would greatly add to the overhead of every Idaho industry using Idaho power... and the extra cost cannot be passed on to the consumer, so the profit margin becomes less."

"The only thing that keeps him in business is increased production because prices for commodities seldom increase," he added.

Lie Tests Given To Witnesses Of Shooting Death

FONTANA, Calif. (UPI)—Three of the 20 persons who saw a man shot to death in a parking lot had to be given lie detector tests before police could get any information on the suspected murderer.

"They just did not want to become involved," Sheriff Detective Don Hardy said. "I questioned persons from 3 a.m. to 3 p.m. before anyone would admit even seeing the shooting."

UCLA Instructor Backed By Judge

LOS ANGELES (UPI)—A judge held Monday that the University of California regents could not fire UCLA assistant philosophy professor Angela Davis simply because she is a Communist.

television cameras, Tobin said, saw defendant Jerry Rubin, a leader of the Youth International Party (Yippies), lead 200 to 300 demonstrators on a rampage through the pop screaming, "Come with me. The streets belong to the people." Tobin said he joined two other policemen and arrested Rubin for disorderly conduct and inciting arrest.

Willy Brandt Takes Helm As 'New Era' Looms In Germany

BONN (UPI)—A new era took shape in West Germany today, with Willy Brandt taking over the helm of the government and steering a course toward closer ties with his nation's Communist neighbors to the East.

Exchange Student Is Named Queen

HANSEN — Arja Makela, an exchange student from Lahula, Shasta Superior, was named the Homecoming Queen at the Homecoming festivities of the Hansen High school.

She was named during the half-time of the football game. Hansen's sophomore float, first attendant and Diane Barnard, second attendant. Elected as all-around boy was Darrell Taylor, who has that honor crowning the queen and her attendants.

The winning floats were also named at the half-time intermission. The sophomore float "Sentence the Wolves" was first. A large white husky with a gavel hitting a desk was the theme. The senior float was second, with a black and white striped skunk with the theme "S k u n k 'em Huskies".

Judges were Mrs. Jack Allen, Mrs. A. E. Dilworth and Mrs. T. Steelsmith.

DIANA NIELSON PEERS from her bedroom window, looking for a friendly but bothersome woodpecker who has taken a liking to the Washington family. A wig stand, left, placed in the window to frighten off the curious bird, proved of little value. (UPI telephoto)

Noisy, Curious Woodpecker Harasses Washington Family

TUKWILA, Wash. (UPI)—Robert Neilson has a rival for the affections of his wife, Diana, and he's lost plenty of sleep over it. His rival is a woodpecker.

The woodpecker first became attracted to Mrs. Neilson when the family lived in Kent, 10 miles south of Seattle. He would hang upside down outside the dining room window and stare at the 33-year-old housewife until she pulled the drapes.

WASHINGTON (UPI)—President Nixon will ask Congress this week to modernize the nation's aging merchant fleet and put it back in competition with the major maritime powers, including the fast-growing Russian fleet.

Nixon To Ask Funds For Cargo Fleet

But observers agree the job will not be easy. At present, two-thirds of the 993-ship American fleet is over 25 years old. The U.S. ranks 11th among the world ship-building nations, and its once sleek fleet of passenger liners is down to a handful and is expected to get even smaller.

Cabinet Quits

SEOUL, South Korea (UPI)—The South Korean cabinet resigned Monday so that President Park Chung-hee could have a free hand in reorganizing the government following approval of the constitutional plan for a third term.

Pathologists Stress Value Of Autopsy In Kopechne Case

WILKES-BARRE, Pa. (UPI)—Two pathologists testified late Monday that an autopsy "could do much" to substantiate or negate a medical finding that Mary Jo Kopechne died of drowning.

Dr. George T. Katsas of Boston University Law-Medicine Institute, backed Spellman's view that an autopsy would help verify whether the Washington secretary died by drowning.

Later, a second pathologist, Dr. Joseph W. Spellman, professor of pathology at the University of Pennsylvania and chief medical examiner for Philadelphia, testified that an external examination alone "frequently fails to disclose internal injuries, fractured skull, bruises to the brain broken ribs or ruptured internal organs, or natural disease processes."

Needs Help?

HILLO, Hawaii (UPI)—The University of Hawaii board of regents Monday approved a list of 278 students deserving free tuition.

Those on the list were deemed "well qualified or in need of financial assistance" by the university.

Gem Potatoes Make Good Eating

Pennsylvania Dutch cooking has a unique appeal to all manner of men. It is a meat and potatoes kind of cooking, considerable of all ages and appetites. It is wholesome and plain, but not at all plain boring!

The simply prepared meats can be glorified with your choice of sweets and soups. The potatoes come in many tempting guises, and since quality is a big thing here, they're likely to come from Idaho.

The Idaho instant potato flakes and buds are important to every region's special way of cooking. Peeling and boiling and mashing potatoes to perfection is an exacting art, requiring much time, much patience. There's nothing to it anymore. You can make potato dumplings in a jiffy.

Leftover roasts or ground meat with a mashed potato topping is the production named Shepherd's Pie. Chefs in restaurants everywhere gild their finest dishes with a piping of potatoes. And most potato products made in Idaho — for the same unique qualities that make Idaho potatoes first choice for baking, means better flavor, better texture in the packaged potato products, too. Whether dehydrated or frozen, there is probably no other single food so receptive to a region's favorite flavors and seasonings as the wonderful potato.

These Pennsylvania Potato Chops can be topped with grated fresh potatoes, the frozen or dehydrated hashed browns. Since pork chops have a tendency to dry out, the potatoes act as a protective blanket. Like many of the Dutch dishes, apples and cider gently favor this one.

GRATED IDAHO POTATOES, fresh, frozen or dehydrated, top these baked pork chops for a Pennsylvania Dutch treat.

- ### PENNSYLVANIA POTATO CHOPS
- 4 thick loin pork chops salt and pepper
 - 1 cup apple cider
 - 2 large Idaho potatoes, grated
 - 1 1/2 cups butter, frozen hash browned Idaho potatoes.
 - 1 small onion, grated
 - 4 tablespoons butter or margarine
 - 8 fried apple rings
 - Cinnamon
- Brown chops on both sides in a little fat. Arrange in baking dish, sprinkle with salt and pepper and pour cider over them. Cover tightly and bake at 350 degrees for 45 minutes. Uncover. Wring excess moisture from potatoes. Mix with onion, butter and salt and pepper to taste. Spread over chops, shaping lightly with your fingers. Turn oven to 450 degrees and continue baking until potatoes are brown. Serve with apple slices dusted with cinnamon. Makes four servings.
- To make apple rings, core and slice two large apples. Dip into mixture of three tablespoons brown sugar and one teaspoon cinnamon. Brown in butter on both sides. If desired, add two three-tablespoons water to pan and cover to steam until tender.

Sandra Sauers Is Bride Of Robert Skeen

Sandra Ann Sauers, daughter of Mr. and Mrs. John Sauers, became the bride of Robert R. Skeen, son of Mr. and Mrs. Wayne D. Skeen, Twin Falls, in rites at the First Southern Baptist Church.

Rev. Frank Holt performed the double ring ceremony before an altar decorated with red roses and crystal vases. Red candles and fern in crystal candleholders were placed in each window.

The bride, given in marriage by her father, wore a floor-length gown of white satin, fashioned with an empire styled bodice of net over satin with a large satin bow in the back. Her floor-length veil of bridal illusion was held by a white satin rose and rosobud.

She carried a cascading bouquet of red feathered roses accented with white hearts and white ribbon.

Verdella Berreth served as maid of honor, with Connie McClure as bridesmaid. Bill Crumbliss, cousin of the bridegroom, served as best man, and John Blunt, friend of the bridegroom, was usher.

Guests were registered by Mickie Skeen, sister of the bridegroom. Traditional wedding music was played by Mrs. Issy Gibbs.

Gift bearers were Russell Skeen, brother of the bridegroom, and Sharon Montgomery, sister of the bride. Robin Sauers and Linda Garus, sister and cousin of the bride, displayed the gifts.

A reception was held immediately after the ceremony. The bride's table was covered with a lace cloth and centered with a two-tiered white wedding cake decorated with red roses, white doves and bells. The cake was topped with four white satin wedding bells and forget-me-nots.

The wedding cake was encircled with clear glass goblets containing floating red roses. Cake was served by the bridegroom's sister, Mickie Skeen. Punch and coffee were poured by Eloise Skeen, cousin of the bridegroom.

The couple took a wedding trip to Altares Lake. The bride will remain in Twin Falls until she can join her husband who is serving with the Armed Forces in Germany.

MAKE IT FAST
As American as apple pie filling in a can is a way to fix it fast. One is to empty a can of sliced pie apples with the sugar syrup into a casserole. Mix one-fourth teaspoon nutmeg with one-half cup sugar to prevent sticking. Bake at 350 degrees for 30 minutes uncovering for the last 15 minutes. Makes four to five dessert servings.

Women's Section

MR. AND MRS. ROBERT R. SKEEN

82nd Birthday Is Observed

BELLEVEUE—Nineteen of the 26 grandchildren, and 23 of the 55 great-grandchildren of Mrs. Nora Sievers attended the surprise birthday party given for her recently at her home here. Neither of her 2 great-grandchildren were able to attend.

Mrs. Sievers observed her 82nd birthday. In all, 68 relatives attended.

Mrs. Sievers was born Sept. 13, 1887, near Beaver City, Neb.

She lived in Nebraska and Kansas before moving to Idaho in 1935.

She has two sons, Floyd Sievers, Bellevue, and John Sievers, Aberdeen, and one daughter, Mrs. Christine Peek, Elma, Wash.

Her husband, Fred Sievers, died in December, 1957. She has also lost in death two sons, Alan and Ellsworth, and a daughter, Nora.

Magic Valley Favorites

- MRS. BEVERLY HUGHES
Box 969, Twin Falls
- ### YUMMIES
- 1/2 cup margarine
 - 1/2 cup miniature marshmallows
 - Melt the above ingredients in a saucepan, then add one-fourth cup crunchy peanut butter. Mix while still warm, sprinkle coconut well blended. Add five cups Rice Krispies. Stir in until the cereal is well coated. Spread into a well-buttered 9 by 13-inch pan.
 - Sprinkle a 12-ounce package of milk chocolate chips over this and place the "Yummies" in the oven, pre-heated to 375 degrees, for about 10 minutes or until the chips are melted enough so they can be spread with a knife. While still warm, sprinkle coconut over chocolate. Let it cool and cut in squares.
- (The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.)

DEAR ABBY: Our family is divided on something and we'd like your opinion. Our father and mother were married for 32 years. Eight months ago, Mother died after a lingering illness and Dad was so broken up over it we thought we were going to have to bury him, too.

After six-months Dad's grief miraculously vanished when on a vacation to recuperate he met a woman, slightly younger than Mother. You guessed it. They are planning to be married soon. Some feel that out of respect to Mother, Dad should wait a full year to remarry. Others say it's not necessary. What do YOU say, Abby?
NO NAME OR TOWN, PLS.

DEAR NO: Waiting to show "respect" for the deceased is a pretense. The time to show "respect" is while that person is living.

If your father made your mother happy, and gave her a good life, that is all the "respect" any woman wants. If he wasn't a good husband, waiting a year to remarry (or 20 years) will not show "respect" to a deceased wife. It's too late. She is gone!

DEAR ABBY: Our teen-age daughter's boyfriend recently went into the service. He wrote and asked her to send him a picture of her in a BIKINI and NIGHTY. He said he wants to put it on a display board!

Our daughter doesn't have any pictures of herself that fit the description yet, but she wrote and told him she would have some taken right away and send them to him.

We disapprove, for frankly we think Christian, for she has been seen in lustful attire as he has requested. But it seems that she desires to fulfill his every wish rather than abide by our teaching.

Don't you think if this boy really respected her he would have asked for such pictures? Also, don't you think that if she had proper respect for herself and her parents she would try to forget his boy?

HEARTBROKEN PARENTS

DEAR PARENTS: Since the boy did ask, and your daughter responded in the affirmative, I would say the matter is out of your hands. But you are correct in stating the boy lacks respect for his "girl" and she lacks respect for herself.

DEAR ABBY: I notice that some of your readers object to people referring to "police officers" as "cops."

Carol Troxell, Tilton Recite Nuptial Vows

Carol Lynne Troxell, daughter of Mr. and Mrs. Lee J. Troxell, Tilton, was married to William J. Tilton, son of Mrs. Norma Tilton, Twin Falls, in rites Sept. 13 at the First Baptist Church.

Rev. Roy Watson performed the ceremony, with Carolyn Duff serving as honor attendant and John Spencer as best man.

The bride wore a street-length beige ensemble accented with a white rose corsage.

The bridegroom is serving with the Navy, stationed in Seattle aboard the Kittyhawk. The couple will reside in Seattle, where the bride will complete her education.

Miss Spanbauer, Paskett Plan October Wedding

MALTA — The engagement and forthcoming marriage of Jackie Spanbauer to Jim H. Paskett has been announced by her parents, Mr. and Mrs. Paul Spanbauer, Malta.

Mr. Paskett is the son of Mr. and Mrs. Edwin H. Paskett, Malta.

The bride-elect is a 1969 graduate of Raft River High School and is employed as a legal secretary for James Annett, Bureau.

Mr. Paskett is a 1967 graduate of Raft River High School and is employed at Vista Land, Malta.

An Oct. 18 wedding is planned.

Worthy Grand Matron's Visit Is Scheduled

FILER—Plans for the Oct. 27 visit of Eula Chilcote, worthy grand matron, were made at the meeting of the Order of the Eastern Star at the Masonic Temple.

Mrs. Chilcote will be guest of honor at a noon luncheon that day and the Past Matron's Club will host a dinner Sunday at the Roger Vincent home. Officers practice will be held Friday.

Mrs. Don Albin, grand representative of the grand jurisdiction of Texas in Idaho, was welcomed and introduced by Mrs. Clinton Dougherty, worthy matron, who also introduced Mrs. Duane Ramseyer, future Stars committee chairman.

Members of relatives and friends invited to attend included Mrs. William Blass, mother adviser of the Order of the Rainbow for Girls, and Clinton Dougherty, dad adviser of the West End Order of DeMolay.

Reports of special and standing committees were given. Balloting and initiation was held for new members. Star Social Club will meet this month. Mrs. Luther Pierce, Eastern Star adviser, and Mrs. Edna Childs, Don Albin, Barbara Cobb and Berenice Hammerquist.

Tennessee Rises To Third Behind Texas, Buckeyes

NEW YORK (UPI)—Ohio State today came within one point of unanimous acclamation as the nation's No. 1 college football team.

The unbeaten Buckeyes, now 40, received 34 first place votes and one second place nomination from the 35-member United Press International Board of Coaches. The balloting gave Ohio State 348 points, just one off a perfect 350 as the Buckeyes were named No. 1 for the fifth consecutive week this season.

Texas, which received the only first place vote not cast for Ohio State, was ranked second again with 299 points while fast-rising Tennessee moved into third with 224.

Arkansas took fourth with 187 while UCLA and Penn State captured the No. 5 and No. 6 rankings.

Missouri was ranked seventh and Southern California fell from third to eighth. Louisiana State retained ninth and Florida moved into the top 10 in the No. 10 slot.

Oklahoma maintained its 11th ranking while Notre Dame, 10th last week, fell to a 12th place tie with Wyoming. Stanford moved up to 14th, Purdue slipped to 15th and Georgia slipped to 16th.

Kansas State took 17th, while Auburn and Mississippi, the only two other teams to receive votes, tied for 18th.

The Buckeyes are attempting to defend their national title, ripped Minnesota 34-7. The 34 points represented the Buckeyes' lowest scoring total this season.

Texas and Southwest Conference rival Arkansas were not scheduled for Tennessee, became the first team to hand Alabama's Paul "Bear" Bryant back-to-back defeats by blasting the Crimson Tide 41-14.

Penn State was forced to rally for 15 points in the last period to down stubborn Syracuse 15-14 while Missouri improved its record to 5-0 by beating Big Eight rival Oklahoma State 31-21.

Syracuse Not Happy With Officiating

NEW YORK (UPI)—Ben Schwartzwalder of Syracuse, whose football team lost to Penn State last Saturday, 15-14, asked the Eastern College Athletic Conference commissioner Monday to review the game film because "my boys have a lot of questions" about the officiating.

"I'm only presenting the questions of the players to show them the cold coach's eye," said Schwartzwalder at a meeting of New York football writers. "It's just possible they have a grievance and they'll be happy if somebody impartial looks at the film."

Schwartzwalder listed a dozen or more questions he said were raised by the players, including some about penalties that were called and some violations that were not called.

"If it was only five, six or seven questions I wouldn't say anything," Schwartzwalder insisted. "But there were 20 or more and some were rather serious."

For one thing, the Syracuse coach said, "the players want to know why we always get officiated for our game in the state of Pennsylvania. It seems like 10 years since we had one in New York."

- 1. Ohio State 34 (4-0)
- 2. Texas 299
- 3. Tennessee 224
- 4. Arkansas 187
- 5. UCLA 170
- 6. Penn State 169

ISU Athletic Director Given Olympic Post

NEW YORK—Milton (Dubby) Holt, director of athletics at Idaho State and Mas Yamashita of Caldwell have been appointed to U. S. Olympic games or sports committee according to an announcement by Olympic Committee President Franklin L. Orth.

Holt, co-coach of the 1958 Olympic boxing team, has been named to serve on the boxing committee while Yamashita, a member of the judo committee.

The sports or games committees are charged with the responsibility of selecting, training and preparing the U. S. entrants for the Pan-American and Olympic Games.

Incidentally the 1971 Pan-American Games will include the sport of Judo but Judo has been returned to the Olympic Games program for 1972.

There are 37 separate and distinct games or sports committees organized for the next quadrennium, according to Orth.

Faculty Backing Ousted Players On Squad

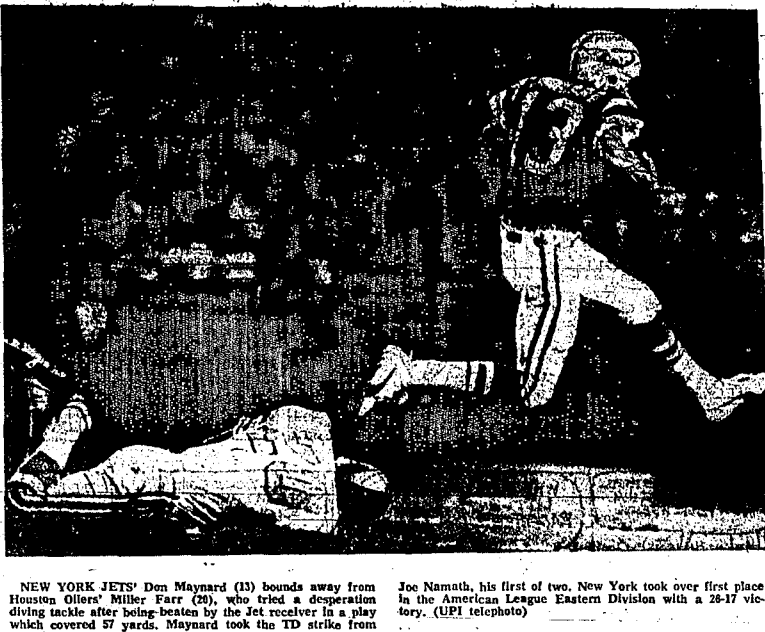

LARAMIE, Wyo. (UPI)—Support for 14 Negro football players suspended by the University of Wyoming for wearing black arm bands in a racial protest before a game with Brigham Young University got support Monday from their classroom teachers.

The faculty senate voted 37-1 Sunday to urge that the black players be placed on only "temporary suspension" until a joint student-faculty committee could investigate the incident.

"I shocked me because I naturally assumed the faculty would support the athletic department," said Mel Hamilton, 22, one of the black players who played effective tackle for the Cowboys.

"I didn't give them the credit they deserved," he said. "I just me a lift."

The Cowboys are undefeated and seeking their fourth straight Western Athletic Conference title by defeating BYU Saturday, 40-7.

NEW YORK JETS' Don Maynard (13) bounds away from Houston Oilers' Miller Farr (28), who tried a desperation diving tackle after being beaten by the Jet receiver in a play which covered 57 yards. Maynard took the TD strike from Joe Namath, his first of two. New York took over first place in the American League Eastern Division with a 26-17 victory. (UPI telephoto)

THE TIMES-NEWS SPORTS

Namath Hits Maynard For Two TDs As Jets Top Oilers 26-17

NEW YORK (UPI)—Don Maynard, who had caught only one touchdown pass in five previous games, grabbed two TD bombs from Joe Namath in the first half Monday night and sparked the New York Jets to a 26-17 victory over the Houston Oilers.

Maynard, whose two TD receptions gave him an American Football League record, tying 81 touchdowns for his career, caught a 57-yarder with seven minutes remaining in the first half to give the Jets a 14-0 lead and grabbed a 54-yarder with only 18 seconds left as the Jets built a 17-7 halftime lead.

The Jets playing before an AFL record crowd of 63,841, also got field goals from reliable Jim Turner of 17, 48, 45 and 21 yards as they won their fourth game against two losses and took over sole possession of first place in the Eastern Division.

Houston's scores came on a 57-yard run with a pass interception by Zeke Moore in the second period, a 15-yard pass from Pete Beathard to Mac Haik in the third period and a 12-yard field goal by Roy Geremia in the third period.

The Oilers' highly-touted pass defense halted three Jet drives by intercepting three of Namath's passes, but they were unable to contain Maynard, who grabbed seven passes for 212 yards.

On both of his touchdown grabs, Maynard outmaneuvered two of the league's better defensive backs. After Moore had put Houston ahead, 7-7, with his interception runback, Maynard beat all-league safety Miller Farr by a step following the kickoff and he carried the ball in from the 17 after taking a perfect pass from Namath.

The Jets got possession again with less than a minute remaining in the half and this time Maynard out-foxed cornerback Ken Houston on the 22.

Houston fell down attempting to cut with the speedy flanker and Maynard went into the end zone unopposed.

The Oilers pulled to within three points early in the third period as they moved 96 yards for a touchdown in 12 plays but the Jets checked off two further drives with interceptions by Jim Richards and Al Atkinson.

Perfect Card Predicted By Amos Hoople

By MAJOR AMOS B. HOOPLE

Two field goals were missed in the closing seconds, nullifying each other in direct benefit me, however, so I wound up with only seven incorrect guesses. Harrumph!

Egad! The longer the season continues the worse my percentage. But this week I have it manipulated, picking only the easy ones, and I expect most of you to join me in a perfect pick.

We had a first right here in the Times-News gridcasting contest but some of the edge was taken off of. We had a tie for the first time in memory, which goes back to the days of Walter Camp. The co-champs tied right down to the very point. But it isn't really that surprising since Susan Black and Don Black, both Eden, have the same mailing address and their ballots are identical, right down to the points. Egad! I suspect collusion. Gridcasting contests are similar to school room tests. You never display your answers to your neighbor, even if you are related. However, as they probably would not testify against one another in court, will send \$7.50 to each.

That leaves third place and \$2.00 for El Empey, Twin Falls; the second Empey to win gold from the contest this year.

Honorable mentions were won by David Munroe, Buhl; Roger Greenup, Twin Falls; Ron Dietz, Rupert; Russ Tappi, Rupert; David Perkins, Buhl; and Kathleen Perkins, Twin Falls. All honorable mentions missed four.

Milwaukee Said Likely Spot For Pilots Franchise

CHICAGO (UPI)—A nine-member delegation of Seattle Pilots met Monday with American League President Joe Cronin in an effort to avert transfer of the club to Milwaukee. A slide projector was carried into the room and one of the nine was a representative of the stadium architect representing the American League were Cronin and Sandy Harmon, the loop's legal counsel.

Representing Seattle were Deputy Mayor Ed Devine, City Council President Charles N. Carroll, King County Commissioner John Steinman, City Councilman John O'Brien, stadium commissioner Joe Gandy and Dave Conn, Jerry Grinstead, Tom Whiney and Warren Magnuson, Brian Corcoran, aide to Sen. Henry Jackson, and Perry Johnson, an architect.

The closed-door discussions came on the eve of a meeting of American and National League club owners in Chicago to discuss the agreement with the players.

The Chicago Daily News reported that it had letters from "highly placed sources" that the Pilots, a 1969 American League expansion team, would surrender the franchise to Chicago this week in Chicago, and it will be transferred to Milwaukee.

However, the Milwaukee Sentinel quoted Pilots' Board Chairman William R. Daley as saying that while he "would be happy to come to Milwaukee, Dallas-Fort Worth interest have made an offer and a very much in the picture."

"Although Dallas-Fort Worth also has been bidding for the Seattle team, it is known the Milwaukee has virtually sewn up the franchise and will be happy to come to Chicago by a delegation from the Seattle Chamber of Commerce expected to appear before it against transfer of the franchise."

The Pilots finished last in their first big league season and drew only 680,000 fans home in 1969.

The disappointing attendance plus a hall team that wasn't always easy to love, he led to a spate of speculation in Seattle park seats only 22.5 No. 1.

Ticker-Tape Parade Marks 'Mets Day'

NEW YORK (UPI)—New York, often described as a city of disunity, and racket tension, held a "Mets Day" parade Monday for its victorious Mets baseball team that included a heretofore unheard of "Mets Day" blizzard of ticker-tape and confetti blanketed the Mets' motorcycle as it moved from the south tip of Manhattan up the canyons of lower Broadway to an official reception at City Hall.

Bill Hodges, the Mets' manager, was so delighted with the delirious welcome he threw confetti back at the crowd.

"Time and again, fans burst through police lines to smother the winners of the World Series with hugs, kisses and floral wreaths. Later at the rally in a park at 42nd Street and Sixth Avenue, 10,000 persons joined entertainer Pearl Bailey in singing "Take Me Out to the Ball Game" and "What the World Needs Now is Love, Sweet Love."

The crowds were predominantly young. They were bigger than those which greeted the Astros astronauts in August—especially in the financial district. More than 5,000 persons jammed City Hall Park to see them.

Mayor John V. Lindsay greeted Hodges and his team on the steps of city hall with Mrs. John V. Lindsay and major owner of the team, beside him. Lindsay called them "a team that never gave up which created the luxury because they believed, they could go all the way."

For eight years, New York has loved a ball team that wasn't always easy to love, he said. "But today, it's all changed. Because today they're No. 1."

DENNIS PETTIGROVE of Hansen shows the young buck he shot Sunday morning at the top of Pike Mountain in the South Hills. About a foot of snow covered the ground Sunday, but hunters had considerable success as compared to Saturday's storm conditions.

BRIDGE

By Jacoby

MOST LUCK BASED
One of the late Irvin Cobb's best stories was the one about the man who ordered ham and eggs with the eggs eliminated. After long consultation in the kitchen, the cook came out and explained that the eliminator had been broken and he would have to take his eggs some other way.

lucky player would find the ace in front of the king rather than in back. Then, if he knows what he is doing, will proceed to make his contract anyway.

He starts by playing his ace of spades. This leaves the king as the only missing trump. Then he eliminates the clubs by cashing the ace and king. So far, his eliminator has worked perfectly.

His next plays are the ace and king of hearts. Then he leads a second spade. West is in with the king and, lo and behold, the elimination has succeeded. The queen and 10 of hearts are still held against him but they are both in the East hand and West is on lead with nothing but clubs and diamonds. He can lead either suit but South just ruffs in dummy and discards his last heart.

Lucky, but luck based on good play.

CARD SENSE

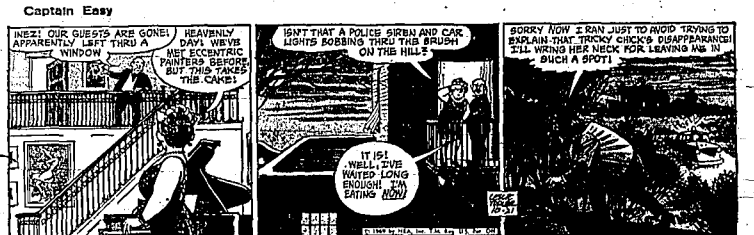

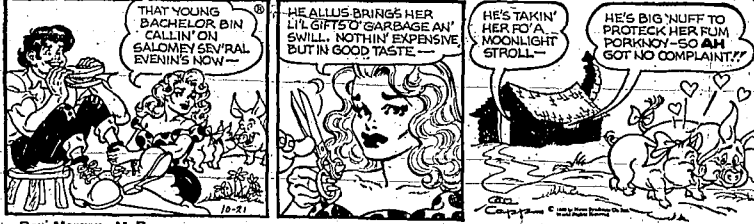

Q—The bidding has been:

West North East South
Pass 1♠ 1♥ Pass 3♠
Pass 2♦ Pass 3♥
Pass 3♥ Pass 3♠
Opening lead—Q

Q—You, South, hold:
♠K76 ♠A2 ♠KQ4 ♠J853
What do you do now?
A—Bid three no-trump. Your partner is clearly inviting this bid and not a slam.

TODAY'S QUESTION
Instead of bidding two diamonds, your partner has jumped to three diamonds. What do you do now?

Owning 'Tall' Dog Banned

By Strange Boston Statute

WERE YOU AWARE it is against the law in Boston to own a dog over 10 inches tall? THE STATISTICIANS say those single women who drive cars are twice as apt to be ticketed for traffic violations as the married girls with children. You were her? An aged line, yes. She laughed about it. And laughed and laughed. Until her eyes got damp.

FIGURES — It is the claim of that international photograph Peter Gowland that English girls possess the best figures in Europe. That's debatable. Women in their twenties to too many Swedish girls tend to be round-shouldered, too many French girls are apt to be flat-chested, and too many Italian girls are inclined to be constructed with an exceedingly low center of gravity. However, the German girls compete pretty well with the English girls in this department. They are not usually thin-waisted, true, but they are generally pneumatic. Call it fat.

CUSTOMER SERVICE — "Which drinks the most water, a horse or a cow?" A. A cow normally will drink about 24 gallons a day, a horse maybe 12 gallons. Why didn't you ask about a hog and a sheep, too? A hog will drink two gallons, a sheep about one and a half. Stand by my notes on this matter also show that a reasonably well-built horse in the temperate zone drinks about four gallons a day. Think of that!

RAPID REPLY: Yes, sir, one dandelion seed head can turn out about 12,000 seeds a year and I have yet to find anybody who doesn't believe this.

Your questions and comments are welcomed and will be used wherever possible in "Checking Up." Address mail to L. M. Boyd, in care of P. O. Box 89187, Seattle, Wash. 98189.

Today's hand is taken from the Reese-Dornier book, "How to Play a Better Game of Bridge." South can't tell in advance whether or not this eliminator is broken but he hopes that it isn't, because there is no other way to make his contract.

The defense starts out with three trumps of diamonds. South ruffs the third diamond. He makes a mental note that a

"You mean she has a collection of 872 records? I thought she just played the same one over and over and over!"

South Korea Rises To Challenges

By JAMES KIM

SEOUL (UPI)—Lee Jae-ho will receive his master's degree in business management next week. Already he has been offered several jobs.

"I am at a loss whether to accept a job now or wait," Lee, 27, said. "I have several good offers, but I may get an even better one before I finish school next spring."

Hong Sun-jong, 54, works on a lathe in a factory which manufactures machinery. Ten years ago, he had to walk five miles to and from work every day because he could not afford a bus fare.

Today, Hong rents a well-furnished house, has sent his eldest son to college and rides the bus to work.

Student Lee received so many job offers and was planning to improve his standard of living because South Korea managed to survive two paralyzing blows in 25 years and was planning and hard work achieve economic boom times.

The partition of Korea at the 38th parallel after World War II left the southern republic with an agricultural economy. Most of the industries developed during Japan's 40 years of colonial rule went to the Communists in North Korea.

South Korea's second blow came in 1950-1953 with the Korean War which left many of the southern cities in rubble, the economy in chaos and its democracy weakened by the stubborn one-man rule of President Syngman Rhee.

From this destruction, the Republic of Korea has built a nation with its own auto assembly plants, petroleum refineries, fertilizer plants, cement factories, textile mills, modern highways and plans for an integrated steel mill.

To the man in the factory and on the farm, the flowering of post-war Korea translates into more money in the pocket. According to government figures, the annual per capita income in South Korea has doubled in 11 years—from the equivalent of \$81.05 in 1957 to \$164.09 in 1968. The forecast is for a per capita income of \$185.20 by the end of this year.

President Park Chung-hee launched South Korea's five-year development plan shortly after the 1961 military coup which he led and won as an army major general.

Park soon will put his record to the voters. He went on the radio in July and said he would seek a constitutional amendment to permit him to run for a third term but would resign from office if the amendment is defeated in a public referendum scheduled for October.

The present industrial boom puts a premium on students majoring in engineering, the natural sciences and business management.

Business firms, which formerly held examinations for applicants graduating from colleges and universities now scout the campus for bright students. They hire on the recommendations of teachers and skip the examinations.

South Korean colleges graduate about 30,000 students each spring. In earlier years just after the Korean War, about 70 per cent of the graduates found jobs. Now the employment rate is about 80 per cent with the rest of the graduates going into military service or advanced study.

Unemployment throughout the country is about 10 per cent, said Dr. Odell. "We will study the fortification of other indigenous foods, as well as tortilla flour."

General Mills presently is engaged in a similar AID study in Pakistan. That project, however, is aimed at the development of new low cost, high protein foods for the people of Pakistan.

the nation decreased from 8.1 per cent in 1963 to 5.1 per cent in 1968 with a labor force of 8.78 million.

On the individual level, prosperity is spelled out in TV sets and refrigerators.

South Korea's first television station went on the air in December, 1961. Two more stations have opened since. About 300,000 TV receivers now are in use, many of them assembled in Korea from parts imported from Japan and the United States.

The South Korean economy grew under two economic development plans, the first from 1962 to 1966. The second five-year plan now is underway.

Under these plans, two auto assembly plants were established in Seoul: Shinjin Motors, which assembles sedans and trucks from Japan's Toyota, and Hyundai Motors, which assembles Ford sedans.

Two oil refineries have been constructed with a combined daily production capacity of 475,000 barrels.

South Korea's exports have increased from \$20 million annually in the 1950s to \$500 million in 1968. Target for this year: \$700 million. Korea sells most of its products to the United States, Japan, South Vietnam, Hong Kong and Sweden in that order.

The nation has built seven fertilizer plants since 1960 with a production capacity of 1.3 million metric tons. South Korea now produces all the fertilizer it uses, saving the government \$50 million in imports yearly.

New cement plants have pushed Korea's production of cement from 380,000 tons in 1960 to 6.5 million tons this year.

Capital investment in the petrochemical industry is planned for \$215 million by 1971. An integrated steel mill is planned with an initial capacity of 1 million tons.

Growth is not easy. South Korea has borrowed heavily from foreign governments and commercial banking facilities abroad.

Opposition—legislators have charged that the government faces bankruptcy. Not so, says Kim Hak-yl, deputy premier and the government's minister for economic planning.

"At a recent National Assembly session, some opposition lawmakers said the government will go bankrupt because of heavy foreign loans," Kim told newsmen.

"But when I finished briefing them on the government repayment plan, they no longer tried to press their point."

(TO ENROLL ENTIRE-FAMILY FIRST MONTH)

ACT NOW — YOU MUST MAIL ENROLLMENT FORM BELOW BY MIDNIGHT, THURSDAY, OCTOBER 30, OR IT CANNOT BE ACCEPTED

Here are the questions you'd normally ask your insurance man. But we answered them instead . . . so you would be able to insure yourself, right from this page. (You'll be amazed how much it saves you.)

1 When can I collect up to \$9,600.00?

Every time you are confined to the hospital you collect \$400.00 a month to a maximum of \$9,600.00 cash. Not just once, but for every new confinement! And you collect cash not just for yourself but for every covered member of your family — including spouse and children!

2 How can I collect up to \$9,240.00 extra cash — if I'm 65 or over?

If you are 65 or over, we pay you \$280.00-a-month extra cash for the first 3 months and \$400.00 monthly while continuously hospitalized afterwards. In addition to Medicare benefits. This is extra. You collect for each illness or injury — each time you go to the hospital. Right up to a maximum benefit of \$9,240.00 extra cash!

3 When do I collect up to \$2,000.00 extra cash for accidents?

We pay you \$1,000.00 extra cash for complete accidental loss of one hand or one foot or sight of one eye, and \$2,000.00 extra cash for loss of both hands or both feet or sight of both eyes — even if it happens as long as 30 days after the accident. This is all extra money. You collect it on top of any other benefits we pay you. Not just for yourself but for every covered member of your family!

4 What if I am hospitalized by the same illness — again?

Don't worry. You still collect to the maximum of \$9,600.00. And if you've already resumed full normal activities for just 180 days — we call it a "new confinement". Which means

5 If I collect more money than my medical bills cost — do I keep the extra cash?

You certainly do! We pay you \$400.00 cash every month — even if your bills add up to just part of that amount! So it's possible to come out of the hospital with extra cash — AND IT'S ALL 100% TAX FREE!

6 If I already have some health insurance — will you pay me anyway?

Of course! Never mind what you collect from Blue Cross, or Major Medical, or Workmen's Compensation, or any insurance you may have with other companies. (Even for the same illness.) We still pay you \$400.00-a-month extra cash income to the maximum of \$9,600.00 cash. So if other insurance has taken care of some — or even all — of your medical bills . . . you still have that extra cash income from National Home.

7 Do you pay me cash for my children, too?

Yes! And not just once but every time they are hospitalized, too! When you have coverage for Children you receive \$240.00-a-month extra cash to a maximum of \$5,760.00 for each dependent child between the ages of 1 month and 19 years.

8 Will future children be protected, too?

They surely will! And at no extra cost. When you have Coverage for Children (with or without Maternity Benefits), newborn children are automatically covered as soon as they are one month old.

9 Will you pay me \$400.00-a-month cash — even for maternity care?

Yes, even when pregnancy requires hospitalization. Many health plans DON'T cover maternity expense. But under this Plan with Coverage for Children and Maternity Benefits, you collect \$400.00-a-month for each pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents must be enrolled in this Plan for the entire pregnancy.)

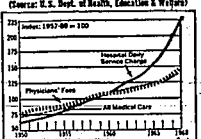

10 Are there times I might collect as much as \$19,200.00 . . . as much as \$38,400.00?

Yes, there are! Remember, we pay cash — not just for you but for every covered member of your family. So if you or your spouse are hospitalized more than once . . . or even both of you more than once . . . or if a child gets sick or has an accident — you could end up collecting \$19,200.00 or more! And that's not the whole story. National Home gives policyowners an EXTRAORDINARY DOUBLE-CASH BENEFIT! If you and your covered spouse are in an accident and both of you have to go to the hospital at the same time, National Home pays double cash amounts. You collect not \$400.00, but \$800.00 a month. Your spouse collects not \$400.00 but \$800.00 a month. That's \$1,600.00 a month extra cash. Yes, \$1,600.00 you can count on month after month — for as long as both of you remain in the hospital . . . for 24 months (and to a maximum of \$38,400.00 worth of benefits) if necessary.

11 Can I spend my cash benefits any way I please?

Certainly! You can even put them in the bank to replace savings spent while you were laid up in the hospital without income. It's your money — and all the cash comes direct to you, not to the doctor or hospital. (Unless, of course, you ask us to.)

Medical Costs Skyrocketing!

United States Government figures reveal your present health protection . . . may no longer protect you against today's rising medical costs! Don't leave your loved ones defenseless! Act at once to add coverage that provides to a maximum of \$9,600.00 health protection for only 25¢ for the first month for you and your entire family!

12 What do others have to say about National Home?

"It was wonderful to receive your check for \$555.00. I'm very pleased. It paid real well!"
Mrs. BESSIE GOSWICK,
Kansas City, Mo.

"Wonderful! That's the only word I can find to describe your service."
MICHAEL McDONNITT,
Kansas City, Mo.

"Everyone should have your coverage. I know I wouldn't be without it!"
WALTER TUCKER,
Fayetteville, N.C.

13 Can I stop paying premiums during an extra long hospitalization — yet still remain fully covered?

Yes, indeed! All premiums that come due after you — the person to whom the Policy is issued — is in the hospital just 8 weeks or more . . . do not have to be paid by you! We pay all premiums that come due for you and all covered Family Members as long as you are hospitalized. You simply go right on collecting your full \$400.00-a-month extra cash just as if you were paying the premiums yourself.

14 How can you give me so much — for so little?

Because you deal direct with the company — direct with National Home itself! No middleman needed! Costly "processing charges" are eliminated. So is "red tape". You handle each simple step yourself — in your own home . . . in your own good time by making up your own mind. And of course, dealing by mail is confidential. No one need know your personal affairs — except you!

15 Doesn't enrolling by mail take away the "personal" touch?

Certainly not! We give you more personal service, not less. But instead of getting when you sign up — YOU GET IT WHEN YOU HAVE A CLAIM! That's where it really means something. And that's where National Home gives you plenty of service.

16 All right, now that you've taken away the "how-to" go about submitting a claim?

As a National Home policyowner, you're entitled to contact FAST CLAIM HEADQUARTERS direct. No frantic attempts to locate your broker. No anxious waiting. If you have a claim for illness or injury, don't hesitate — CONTACT US DIRECT! Even if you only have a question. Don't worry about "inconvenience" or "annoying" anyone. WE ARE ALWAYS READY AND HAPPY

TO GIVE YOU THE PROMPT, COURTEOUS AND DIRECT ATTENTION YOU ARE ENTITLED TO AS OUR POLICYOWNER!

17 How else do you save me money by cutting "red tape"?

No long, complicated applications or embarrassing personal "investigations"! The short Enrollment Form on this page tells us all we need to know. Notice it doesn't ask for a medical examination. Or set an age limit! (As long as you have not been refused or had cancelled any health, hospital or life insurance for reasons of health, we don't care if you're over 100!) Most important, we enroll many persons simultaneously! Not one Policy at a time, the old-fashioned way, but thousands at once — using all the economies of mass printing and latest computer techniques. That's how we can give you so much for only 25¢.

18 Now tell me what's the "catch" — what doesn't my Policy cover?

Get ready for a welcome surprise. Your Policy pays during hospital confinement for EVERYTHING except conditions caused by: war or act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefits provision; and expenses resulting from any sickness or injury you had before the Effective Date of your protection — but even this "exclusion" is done away with after you've been a policyowner for two years. Everything else is definitely covered! The last item, by the way, is a real help if you already have a health problem. It means that even if you were sick before you took out this Policy — you will be covered for any recurrences of that condition after the Policy has been in effect for only two years.

19 If I'm hospitalized less than a week — do you still pay cash benefits?

Of course we do! Regardless of whether you are in the hospital for as little as one day — or as long as a week, month, year or more — you always collect the full amount you are entitled to!

20 Does this Plan pay in any hospital?

You are covered for care in the hospital of your choice except, of course, a U.S. Government hospital or a nursing or convalescent facility.

21 Is there any "waiting period" before I can start collecting?

Sickness has no "waiting period" — so neither does National Home! You start collecting as soon as you enter the hospital.

22 Will my protection be cancelled for any reason?

No — positively not! Only you can cancel this Plan. It's GUARANTEED — RENEWABLE FOR LIFE! That means regardless of how much or how often you collect . . . or how old you become . . . we can never cancel your valuable protection.

23 Why do I need this \$400.00-a-month cash protection?

Because U.S. Government figures show that in the past few years alone . . . medical costs have DOUBLED! Yet few people have anywhere near enough protection to meet those soaring doctor and hospital bills. How much would a long hospital stay cost you? Or a loved one? How would you ever pay for costly X-rays, doctor bills, medicines and drugs not covered by your present insurance? Would you have to find a suitable and quiet room in a private room and a private nurse? Or a telephone to keep in touch with loved ones. Or the rental of a TV set to slip pass the lonely hours? And who would pay for rent, food, clothing and household expense — all that

NO AGE LIMIT — NO MEDICAL EXAMINATION NO SALESMAN WILL CALL

PAYS a maximum of \$9,600.00 cash for each hospital stay!

PAYS In addition to any other companies' coverage you have — even Medicare

PAYS \$400.00-a-month extra cash starting your first day in hospital

PAYS \$280.00-a-month cash for 3 months a month — \$400.00 monthly afterwards — on top of Medicare — if you are 65 or over!

PAYS a maximum of \$5,760.00 extra cash for every covered child!

PAYS \$400.00-a-month extra cash for pregnancy!

PAYS a maximum of \$38,400.00 if an accident puts you and your spouse in the hospital at the same time!

PAYS a maximum of \$2,000.00 extra cash for loss of limb or eyesight!

PAYS cash for every new confinement of every covered family member!

PAYS all cash direct to you (NOT to doctor or hospital!)

PAYS all cash 100% tax-free — to spend as you wish!

GUARANTEED RENEWABLE FOR LIFE. At least, a hospital plan that guarantees never to cancel your protection.

medical bills that keep coming in at home even though you are in the hospital without an income! Many folks have lost their life savings, their cars, even their homes trying to meet such expenses. And no one knows whose turn it will be next — yours or mine. But we both know that once the doctor says it is your turn to enter the hospital, it is too late to buy coverage at any price. That's why this protection was designed to give you the "extra help" you need — when you need it.

24 When may I apply for this protection?

The question is not "when may" but "when must." YOU ABSOLUTELY MUST APPLY BY THE DATE SHOWN ON THE ENROLLMENT FORM ON THIS PAGE. YOUR AGE AND COMPLETED FORM MUST BE POST-MARKED NO LATER THAN THAT DATE OR IT CANNOT BE ACCEPTED.

25 When will my Policy arrive?

Right away! We mail your Policy as soon as we accept your Enrollment Form and 25¢. Examine it in the privacy of your own home. It's a very short document and you'll be pleasantly surprised to discover — THERE IS NO "FINE PRINT"! If you wish, show it to someone you trust — perhaps your lawyer, accountant or banker. Better still, show it to your own insurance man — even though he may urge you to buy protection from another insurance company. If he is a personal friend he has your best interests at heart. So you can believe him when he tells you there is no better bargain available anywhere — at any price.

26 What if I change my mind — can I get my money back?

You certainly can! Even after you mail your Enrollment Form . . . even after you examine your Policy in your own home and it overweighs on you you wish . . . even after all this, you are still free to change your mind. Simply return the Policy within 15 days after you receive it, and your quarter will be refunded at once. There will be no obligation whatever. Meanwhile, all during the 15 days you are making up your mind, you will be protected by \$400.00-a-month extra cash benefits from the Effective Date on the Policy — even if you finally decide to return the Policy and get your quarter back. But we don't think you'll want your

NATIONAL HOME LIFE ASSURANCE CO.
