Nixon Urges Congress To Rebuild Merchant Fleet

WASHINGTON (UPI)—President Nixon urged Congress today to approve a maritime program designed to modernize the nation's merchant marine and restore this country to a proud position in the shipping lanes of the world.

He asked Congress to approve construction of 30 ships a year over the next 10 years—three times the level of the present program. That would mean an outlay of about \$300 million.

He said the subsidy for ship construction should be cut back from the present maximum of 55 per cent to no more than 35 per cent by 1976. Under Nixon's program, the subsidy would fall to 35 per cent of the total

cost of building a ship. And he had a stern note to builders: "We will challenge American ship operators and seamen to move toward less dependence on government subsidy," Nixon said. "The challenge is not met, however, then the administration's commitment to this part of our program will not be continued."

Storm Is Drifting In Gulf

MIAMI (UPI)—Tropical storm Laurie, drifting southward through the Gulf of Mexico, might cripple a tanker in its 70 mile eastward today but the Coast Guard said the ship and its crew were apparently weathering the storm.

City Promises Annexed Areas Quick Service

The city will only annex areas that it can provide with water and sewer service within a short time, according to Milar, acting city manager.

It will take time to obtain federal funds and there will be more time involved in the actual construction. The areas annexed will be immediately served by the city police, and fire departments as well as library and other city services.

Loan OK'd

WASHINGTON (Special)—Cong. Oral Hansen said today the Rural Electrification Administration has approved a \$99,000 loan for construction of 2 1/2 miles of power lines on Camas Prairie.

Burley Slates Special Meeting Tuesday To Investigate Indebtedness Problem

BURLEY — The Burley City Council has scheduled a special meeting Tuesday when Mayor Joe Peters will give details on current unpaid bills which run about \$59,600.

It was reported in the September council meeting the group was told by Mayor Peters that the school district would cooperate on the paving project. Mr. Burgi said the school board had not voted to pay for anything except the cement for the curbs, according to Matt Warr, school district clerk. School officials deny having any part in the agreement, Mr. Burgi said. The street is only 450 feet long and more than 600 feet

Wooldridge Invokes 'Fifth' In Senate Probe Of Army

WASHINGTON (UPI)—Sen. Maj. William O. Wooldridge invoked the 5th Amendment and refused to answer questions today at a Senate hearing on his alleged role in what has been described as a racket by some Army sergeants in running GI clubs.

At almost the same time the herbivorous Wooldridge—as well as three other major officers of the alleged scheme of kickbacks, rackets and other irregularities—look the 5th, the Army announced a further downgrading of Wooldridge's status.

Sgt. J.C. Seymour "Sandy" Lazar. David L. Thomas, lawyer for Wooldridge, Higdon and Hatcher, told the committee at the outset that his three clients had been advised not to answer questions because of the "accusatory nature" of the hearing.

Owner Of Fallow Deer Is Located

GOODING — Sheriff Earl Brown won't have to hunt for his strange animal-prisoner captive much longer. His owner plans to pick it up in the next few days.

The animal is a fallow deer which wandered into Gooding recently. It is now being held at the livestock commission. Here, but Mrs. Maxine Hazen of Heliouva plans to get her pet deer when she can leave her home.

Wooldridge, the first sergeant major of the Army (the no longer holds that distinction), was called before the Senate investigations subcommittee for questioning about earlier testimony by investigators that he and a group of buddy sergeants milked thousands of dollars from operation of clubs on bases for soldiers.

NEW COSMOS LAUNCHER MOSCOW (UPI)—The Soviet Union today launched another unmanned spacecraft in its Cosmos series.

HANOI SAYS U.S. Bombs North Viet. TOKYO (UPI)—North Vietnam Wednesday accused the United States of recently bombing and strafing North Vietnam territory. It said the attacks caused deaths and damage to property.

Asked if he was serving as a spokesman for the administration, Ziegler only said that he was "relating his point of view." He was referring to Pentagon attitudes.

78 Yanks Die As War Holds Quiet Pattern

SAIGON (UPI)—U.S. headquarters said today 78 GIs died in Vietnam combat last week, the same number slain in fighting during all of 1963 before the American buildup began.

Arab Guerrillas Invade Lebanon

By United Press International A force of 650 Arab guerrillas invaded Lebanon from Syria at three points today and kidnapped a score of Lebanese soldiers before they were driven back with tank and rocket fire.

A major crisis that for the moment overshadowed the continuing Arab-Israeli conflict. Arab guerrillas struck again today in Israel's port city of Haifa, blowing up a fifth of a million dollars and killing a woman, the second death in two days. Israeli planes retaliated by bombing and strafing targets in the Arab guerrilla bases in Lebanon.

Rescue Crews To Find Miner First Victim Of Mine Blast Found

MURKIN, Idaho (UPI)—Rescue crews continued to dig through mounds of loose rocks at the murky Friday Mine near here Wednesday night, but hope that price increases "not only buried in a rock fall Tuesday afternoon would be found alive."

It was Lebanon's worst political and international turmoil since the nation achieved independence 26 years ago and it plunged the Arab world into

CHARLESTON, W.Va. (UPI)—The first body was recovered today from the Farmington No. 9 mine where 78 men were killed in a series of explosions last November. It was an infant here.

Living Costs Continue Rise

WASHINGTON (UPI)—The 6 per cent annual rate of increase recorded so far in 1969.

September advance was not an "acceleration" in the rate of rise in the cost of living since it was "in line with the average monthly increase for this year."

Rupert Man Injured In Auto Crash

RUPERT — Albert Asson, 64, Rupert, was dismised from Minidoka Memorial Hospital Wednesday after being treated for injuries received in a two-car vehicle collision Monday afternoon a mile and one-half northwest of here on a county road.

The 1962 pickup truck he was driving collided with a 1960 Dodge Van driven by Linda Hatfield, 22, Twin Falls. Miss Hatfield told investigators that sheriff's officers she panicked when she saw Mr. Asson approaching over a bridge as she thought the bridge was too narrow for both vehicles.

So she applied her brakes, causing the van to hit the right shoulder of the roadway. In attempting to straighten the vehicle by pulling it to the left, she lost control and her vehicle crossed into the path of the Asson truck.

The truck was demolished and \$1,200 damage resulted to the van. Miss Hatfield was cited for failure to maintain control of her vehicle.

City Revokes, Suspends Bar Licenses

The license of one Twin Falls bar has been permanently revoked and another local bar has taken a voluntary two-weeks closure after city police officers found the establishments in violation of codes.

Chief Frank Barnett said the license of operators of the Black Light Club, located in the basement of the American Legion building, has been permanently revoked. The chief said officers found a group of about eight young people in the bar at 3:25 a.m.; drinking beer and shooting dice.

The Brand Lounge on Blue Lakes Avenue North took the voluntary two-week closure after city officers found under-age people being served in the bar, the chief said.

Rupert Buys Walkie-Talkie For Policemen

RUPERT — The Rupert City Council has approved \$432 in matching funds with the state of Idaho Law Enforcement Planning Commission to purchase a walkie-talkie for the Rupert police department.

Mayor Wendell Johnson was asked at the council meeting this week to purchase the walkie-talkie for the Rupert police department. They may then appoint the entire council as a street committee to check the effectiveness of the equipment in District 12, recently completed in Rupert.

Plans for a public hearing on the matter will be tentatively held next month.

The Council authorized the placement of a street light on the alley entrance on 14th Street between G and F Streets in Rupert, and agreed the city water tower should be inspected annually.

Elnier Schenk, of the city electrical department, was authorized to draw up specifications for a new telescopic aerial beam and truck for the department and to let bids on the project.

Officials on Union Pacific trains blocking city street crossings were presented to the council which recommended that the superintendent in charge of the railroad, be contacted to work out a solution.

Witnesses To 'Crate' Case

INDIO, Calif. (UPI)—One of 11 persons on trial for felony child abuse stemming from the chaining of a 6-year-old boy in a wooden crate turned state's evidence Wednesday.

Clifford Rees, 21, gave the first detailed account of the case, which was a member of the crew that ranched a mine where Anthony Suii Gibbons was imprisoned in the filthy box.

Rees said he saw the boy chained in a small A-frame building at the ranch and later in a 6 by 8 foot crate on the desert. The witness testified that a fire at the community was blamed on Anthony and his imprisonment was punishment.

Part of the case was a member of a cult called Ord Temple, Orientalis, or OTO, led by Georgiana Brayton, 46, who is one of eight others indicted on the charge of child abuse who have not been arrested.

Rees said Anthony was still in the A-frame building one day after he had been taken to him there and to his knowledge the boy was only removed once and taken to the main building.

Auction Set

SHOSHONE — The Idaho Department of Highways will sell a portion of vehicles and other items at public auction at 10 a.m. Tuesday in the district of a dead-end construction equipment, fuel tanks, fire extinguishers, gasoline pumps, scrap iron, batteries, and other miscellaneous items. A complete list and description of all items is available at the department's office in Shoshone, or by contacting Tuesday morning.

Trade Show Set Nov. 1-3 At Burley

BURLEY—The Ninth Annual Educational and Trade Show will be held Nov. 1-3 at the Ponderosa Convention Center sponsored by the Idaho Cosmetology Association.

Mrs. Wanda Crichtfield, chairman, and Mrs. Mildred Haught, vice-chairman, report about 600 cosmetologists from throughout Idaho and surrounding states are expected to attend.

The National Beauty Salon Week Banquet will be held at 7:30 p.m. Nov. 2, according to Adell Marler, Idaho Falls, chairman of the banquet. The attraction of the show will be a parade sponsored by participating county technicians. Information on National Beauty Salon Week will be announced.

During the three-day meetings, rooms will be set up by participating dealers, supply houses and exhibitors. The different items may be visited by students by hairdressers and students to view salon equipment, new products, wigs, wigs, color techniques, permanent waving, and hair styling from around the nation at work.

Cosmetologists will have an opportunity to view first hand the latest techniques and fashions for the beauty profession.

Three progressive contests in hair styling will be held including preliminary operations and final. All contests will be judged on the soft mood trend. Mrs. John Hager, Boise, contest chairman, said that the contest operations are open to the public and will be held in the Chaparral Room.

Participating dealers and artists are Rand S. Beauty Supply, Harry Sellers; Peerless Beauty and Barber Supply Co.; Robert Steur; Patricia Salomon; and Mary Kawakami; Boise Beauty Center; Cocco Hoffman, and Redken Laboratories; "an Nuy's, Calif.; Richard Alkman.

Directive On Estate Draws Criticism

JEROME—Jerome County has raised a legal protest against a federal government request that the county treasurer be directed to administer a Jerome resident's estate.

County Attorney S. A. Kolman and Treasurer Carl Stephens said if the government was successful, every county treasurer in the state would be the administrator of a public administrator for the federal government.

A petition filed in Jerome County Probate Court by the U.S. Attorney's office in Boise asked that Stephens be ordered to act as administrator of the estate of Mrs. Henry E. (Reina) McCoy, a Jerome resident who died in January in a Twin Falls hospital.

Mrs. McCoy's husband has "refused to commence administrative proceedings," the petition said.

On Oct. 1 Probate Judge Russell C. Shaud signed an order directing that Stephens be named as administrator of the estate.

Kolman however has asked that the judge's order be vacated and that the hearing be held "for the purpose of arguing the government's petition on its merits."

The hearing has been scheduled for Nov. 12 before Probate Judge C. E. Spencer of Gooding County. Kolman said Judge Shaud had disqualified himself from the case.

Youth Arrested For Car Theft

A 17-year-old Twin Falls youth was arrested Wednesday night by city police officers and charged with car theft and carrying a concealed weapon.

The youth was in custody at the city jail and will be taken before Probate Court, was arrested shortly before midnight, one police officer said. The youth was handcuffed and taken to the police station. Officers reported that they found a 25 Colt automatic hidden in his clothing. It was reported.

The car was reported stolen last 11 p.m. by Mrs. Victor Nelson, owner of the vehicle.

Cassia Solon Wants Citizens Opinions On Road Problems

BURLEY — James Martin, Cassia County representative, is seeking opinions on a highway project in the law. He is currently conducting an investigation of the Idaho State Police and the questions are part of his efforts to secure legislation for law enforcement, stated Martin.

"Farmers are being harassed by the state police in farm areas where the police should be on the highway, not on the farm, increasing rising traffic fatality rates," he added.

"I have been contacted by many people who feel they are being harassed by the state police. I feel that it is my duty as a county representative elected by the people to respond to their questions and to find them some answers," Mr. Martin said.

During the last legislative session groups of women, men with children and other citizens at night asked me to have a law passed to clearly mark highway patrol cars so that if they are on the highway, they could clearly see and recognize an official police car, rather than a someone with just a red light on their car, or to do some act of violence.

"I introduced the bill on the floor of the House of Representatives and passed the House with no dissenting vote," passed in the Senate overwhelmingly, the governor signed it into law."

Mr. Martin said the bill was introduced in the Department of Law Enforcement saw fit to circumvent the wish of the people by a coalition of the law. The bill was unmarked police cars patrolling highways and by-laws making it a revenue raising department rather than what it was intended to be.

"All of the people of Idaho need to take a good look at the rising lawlessness on our highways. It is no easy for top officials to say we need more state police, more officers, more money, will curb the increasing number of accidents.

Navy Seeks More Men For Fleet

Former servicemen are being sought by the Navy for enlistment in the U.S. Navy recruiter, Chief Ron Jennings, announced today.

He said previous military experience is desirable because it eliminates the need to provide full basic training. The Navy has two programs, "Open Rate," and "Seabee," which provides opportunities for former Navy men to re-enlist in the pay grade held when last discharged.

Men in other branches of the service will also be considered if the experience is in a required Navy specialty group.

Information may be obtained by contacting the Twin Falls Navy Recruiting Station.

HHH Sought To Influence Federal Loan

WASHINGTON (UPI) — Hubert H. Humphrey wrote high government officials when he was a senator to urge approval of a loan to a Minnesota firm later sued by the government for deceit and breach of contract, the Justice Department disclosed Wednesday.

There was no suggestion that the former vice president profited in any way from his efforts to help the company, Napco Industries of Minneapolis.

But Rep. H. R. Gross, R-Iowa, charged Tuesday that Humphrey "is plainly guilty of highly improper conduct" in connection with the loan the company obtained from the Agency for International Development (AID).

Humphrey was out of the country until Oct. 31 and could not be reached for comment.

Flood Of "Ship Jumper" Bills Probed

Thursday, October 23, 1969

WASHINGTON — Since Congress convened early last January, a flood of 965 "ship jumper" bills have flooded the Senate and Immigration Subcommittee. It is estimated that Asiatics and other foreigners who entered the country illegally paid some \$2 million to lobbyists, lawyers, senatorial assistants and possibly even senators themselves to get these measures introduced.

staff of the Senate Ethics Committee, which is investigating what is being called the curious tidal wave of such legislation. Bills of this kind are not new. They are an old story in Congress. But they have become a major focus of attention in the current session that on the demand of Sen. John Williams, R-Dele., the Ethics Committee launched an investigation. Williams reports that some senators claimed they knew nothing about bills that bore their names; also that stable sources were paid to have the measures introduced.

Aid Needy Aged

The present social security system, like so many other federal programs, has put its premium on idleness and a penalty on work. Under the present system, a recipient of benefits between 65 and 72 years of age, may earn no more than \$140 a month or \$1,680 a year without sacrificing some of the benefits. When earnings reach \$1,680 to \$2,800, an individual loses \$1 in benefits for every \$2 earned, and above \$2,800, the loss is dollar for dollar. At 72, the earnings restriction is removed but that is too late for some.

For an alien facing deportation, that might not appear excessive. The mere introduction of such a measure automatically causes the Immigration Bureau to defer deportation proceedings for a year. In a large number of cases, the individuals involved are "ship jumpers." Hence the designation "ship jumper" bills submitted in their behalf.

Cure Eluded

Common cold sufferers in effect have been told by a British research group they might as well get used to sniffing, because a cure is still a long way off. After a nine-year search for a vaccine to cure the cold, a team composed of the country's largest drug manufacturers and the Medical Research Council has given up because of "lack of practical progress."

His Orders Are On Deaf Ears

WASHINGTON (NEA)—After two months of private talks with the administration's "new" Republicans and "old" holdovers, one conclusion is inescapable: Thus far, President Nixon has been able to get a firm grip on the reins of government. His congressional forces are fragmented. His patronage system has bogged down.

"It is something I had to say." That's the way James C. Rogers, a member of the U.S. Navy serving in Vietnam, started a note to Mr. Spectator. Mr. Rogers, whose wife, Inez, is in Eden, was disturbed about the Moratorium observances held throughout the United States on Wednesday, Oct. 15. His letter to Mr. Spectator was dated Oct. 16.

Nixon Down South

JACKSON, Miss. — Cautious but unmistakable gestures of friendship by the Mississippi Democrats establishment toward President Nixon are typified by one extraordinary ticket purchase for next Monday night's dinner. John Dierker, a Democrat, is in Jackson to be addressed by Vice President Spiro T. Agnew. One high state official close to Dierker, Gov. John Edwards, has secretly pledged to buy an entire table (price tag: \$1,000) for the Agnew dinner.

Dear Dr. Thosteson: Could I use a hot water bottle to have any harmful effect on the kidneys?—Mrs. L.S. No, the amount of chlorine used in public water supply is so small that it has no harmful effect on the kidneys.

RECONSTRUCTION OF WEST Five Points as planned by the Idaho Department of Highways will be discussed during a public hearing in Twin Falls Nov. 25 at 2 p.m. The plan calls for widening and reconstruction as shown by the heavy solid lines on Washington Street and Addison Avenue. Main Avenue

will no longer be part of the state highway system and traffic cannot enter the intersection from Main, but a narrow one-way entrance will be permitted from the intersection onto Main Avenue.

Two Highway Deaths Boost Idaho Toll For 1969 To 248

By United Press International
 Idaho's traffic fatality toll stood at 248 Wednesday with the deaths of two men, one of whom died as the result of injuries suffered in an earlier accident. The victims were identified as Arlie Black, 37, Grangeville, and Daniel E. Elguezabel, 27, Boise. Black died as the result of

a head-on collision Saturday night that claimed the life of Jack W. Roberts, 69, Grangeville. The head-on collision occurred five miles north of Grangeville on U.S. Highway 95. State Police said that at the time of the accident Black was thrown clear of his pickup truck after his vehicle and Roberts' vehicle collided.

LIGHT QUAKE HITS TRAPINI, Sicily (UPI) — A light earthquake caused panic Wednesday in western Sicily, which was the scene of disastrous quakes 21 months ago. Earthquakes in the same area in January 1968 killed more than 250 and left 25,000 homeless and caused \$320 million damage.

Elguezabel died early Wednesday in a one-car accident 12 miles east of Boise on Interstate 80.

Last year on the same date 238 persons had been killed on Idaho highways.

The first circus in the United States was staged in Philadelphia in 1793 by a Scot named John Bill Ricketts.

Senate GOP Leader Urges 'Firm Date' For Viet Truce

WASHINGTON (UPI) — Senate Republican leader Hugh Scott urged the United States Wednesday to fix a firm date for a cease-fire in Vietnam. The administration already has moved "quite close" to it, he said.

"The sooner the better," Scott told reporters. He said it was time for "an announced intention on a certain date of a cease-fire."

"If we proclaim a cease-fire, invite the enemy to join, and observe it ourselves, we have taken the first step," Scott said. "It might be a small

step for us but a giant step for lasting peace."

Scott noted that the present American policy of "protective reaction" was quite close to an actual cease-fire and his assessment was backed by Senate Democratic leader Mike Mansfield in a speech.

Mansfield, who has long urged a cease-fire, said the administration has achieved a "decided shift" by ending "maximum pressure" tactics in favor of "protective reaction."

"To me, the change means we have moved a long distance in the direction of a cease-fire and sound policy," Mansfield added.

EXPORTS SOAR
 TOKYO (UPI) — Japanese steel exports to Communist China will reach 1.6 million tons in 1969, an increase of more than 60 per cent over last year, the newspaper Mainichi said Wednesday. China will pay Japan in cash instead of barter goods, the newspaper said.

Switzerland's six million people—roughly the population of greater Chicago—support 400 newspapers, including more than 100 dailies.

Ballot Asked

On 'Daylight' Time Change

CALDWELL (UPI) — Rep. William Crookham, R-Caldwell, Wednesday announced he is starting a "straw ballot" on whether or not to retain Idaho's present system of Daylight Saving Time.

He said he and other legislators across the state had expressed an interest in the plan to encourage public interest as to whether or not the legislature should attempt to change the present law.

The first effort to bring about the change was made Wednesday in the Nampa Free Press and Caldwell News Tribune. Crookham said that an attempt for a referendum to abolish Daylight Saving Time failed recently when petition sponsors fell short of the required to place the measure on the ballot.

Under the straw ballot two alternatives are being suggested:

1. That all Idaho go on exempted Mountain Standard Time year round without a clock change.
2. That all Idaho go on non-exempted Pacific Time with clock changes in April and October.

Czech Chief Denounces New Regime

MOSCOW (UPI) — President Ludvik Svoboda of Czechoslovakia, former backer of Alexander Dubcek, Wednesday denounced the deposed reform leader's regime as unprincipled from a communist point of view and lacking in consistency.

Svoboda told a workers meeting in Volgohrad (formerly Stalingrad) that the Czech party leadership that took office after the 1968 election "lacked the principles characteristic of Leninism and were inconsistent."

After the August 1968 Warsaw Pact invasion of Czechoslovakia, Svoboda insisted that Dubcek be released from detention to join the Czech delegation that came to Moscow to negotiate a new deal.

But Wednesday Svoboda apparently referred to some Dubcek aides when he said "various rightwing and anti-socialist elements tried in every way to abuse honest and just ideas of the Central Committee to eliminate its mistakes in a Leninist way."

Hazelton And Eden Offer No Contests

EDEN-HAZELTON — Candidates for city offices in Eden and Hazelton are not likely to receive much opposition in the election of the council. Each is sole candidate for the seat he is seeking.

In Eden with three vacancies on the council, incumbents Terry Burnett, Jerry Gergen and Ronald Metcalf are seeking re-election.

Hazelton's retiring mayor, Bill Pressley, does not desire this office again due to business and personal obligation, and the only candidate for this post is Elmer Pyno, local newspaper editor.

Seeking council seats of retiring Jack Grant and Max McCann are Wallace Erang, rural mail carrier for Route 2, Hazelton, and Kermit Douglas, local businessman.

Hazelton's city clerk, Mrs. Bertha Belmont, has issued her resignation and city marshal Leo Ross also has resigned, both effective Nov. 1. Applications are being taken for these positions.

Tax Reform Bill Would Cut Giving By Millionaires

WASHINGTON (UPI) — The nation's leading philanthropists — those who average giving \$1 million or more in three years — would cut their gifts in half if the House tax reform bill becomes law, a Senate committee was told Wednesday.

Peter G. Peterson, head of a private commission studying foundations, asked the Finance Committee to repeal provisions in the House bill intended to crack down on tax abuses by foundations.

Costly Business

WASHINGTON (UPI) — Price inflation has hit the counterfeiter.

The Secret Service said today a record \$3 million worth of bogus money was passed during the fiscal year that ended June 30, an increase of 4 per cent over the previous fiscal year.

But the total number of counterfeit notes circulated declined 1 per cent to 189,803.

Most counterfeiters still specialize in \$10 and \$20 bills but they are making more \$20s now, apparently to keep up with the rising cost of living.

Four Buhl Men Seeking 2 Council Positions Nov. 4

BUHL — Four Buhl men are seeking two seats on the City Council in the municipal election Nov. 4.

Dick Thometz, Don Norris, Wendell Gannon and Darrell Loos are candidates for the council posts of Dale Christensen and George Harvey, neither of whom are seeking re-election.

Mr. Thometz, owner and operator of Thometz Canvas shop, served on the council from 1959 to 1963. He has resided in Buhl since 1936 and in 1948 took over his father's business.

Mr. Norris, a fieldman for the Green Giant company, moved to Buhl in 1968. He attended Utah State University in Logan and has been active in the Buhl Jaycees. The Norris are originally from Bakersfield, Calif.

Mr. Gannon, a retired lieutenant colonel in the army, is a real estate agent for the John H. Barker Agency, Inc. He has lived in Buhl since 1928 and is a member of the Buhl Kiwanis Club.

Mr. Loos moved to Buhl in August, 1958. He is the owner and operator of the Wright Fuel Co.

The city general election will be held Nov. 4, between noon and 8 p.m. Voters must register by 9 p.m. Nov. 1 to be eligible to vote in the election.

A city elector must be at least 21 years of age, a citizen of the United States and have resided in the city limits of Buhl for not less than three months preceding the election.

CRASH KILLS SIX

HANNOVER, Germany (UPI) — Six persons were killed and 11 injured in Tuesday night in a massive collision involving six trucks and two automobiles on the fogbound Autobahn near Hannover, police said Wednesday.

Howell Co. of Chicago, said his commission, surveyed 85 of the nation's biggest givers — persons who had given away an average of \$375,000 a year for the past five years, chiefly to foundations and frequently to foundations they had created.

Reclamation Conference Considers Need To Settle Conservation Argument

SPOKANE, Wash. (UPI) — The conflict between reclamation and conservation interests must be resolved if water development projects are to continue, Rep. Wayne M. Aspinall, D-Colo., told the National Reclamation Association meeting here Wednesday night.

Aspinall, chairman of the House Committee on Interior and Insular Affairs, said reclamation projects are currently losing ground to conservation projects.

Idaho Power Stock Loses Appeal To Many, Witnesses Say In Backing Rate Petition

BOISE (UPI) — A financial witness told the Idaho Public Utilities Commission that many portfolio managers were selling their Idaho Power Co. common stock.

Wald R. Vanderpool, Illinois, Debra Williams, Edwards, Utah, and William H. Hastings, New York, appeared Wednesday at a public hearing on Idaho Power's application for a rate increase. The requested hike would range from a low of 10.33 per cent on individual residences to 30 per cent on six direct current elevator customers in Idaho.

Vanderpool, vice president of the First National Bank of Chicago, said that his bank "used to feel Idaho Power possessed a 7 per cent growth rate. However, our latest review indicated a five-year earnings growth rate of only 4.1 per cent."

"As a result many of our portfolio managers have sold their Idaho Power common stock," Vanderpool added.

He told the commission that in order to make his review attractive to potential investors, the power company would have to earn approximately 8 per cent on its capitalization.

Vanderpool said he realized

Bliss Plans Junior Play For Nov. 7

BLISS — The Junior class of the Bliss High School will present their annual class play Nov. 7. The play chosen for presentation this year is "It Was a Gay Senorita." Curtain time will be 8 p.m.

Lead roles will be filled by Butch Patterson, Ray Tschannen, and Art Harmon, assisted by Connie Brown, Kathy Wilkins, Carla Fish, Maurice Young, and Susan Brown.

Students from other classes taking supporting roles are Ken Medley, Ron Engman, and Kirs Wilkins, sophomores, and Debbie Hess, freshman.

Mrs. Eileen Shaffer is the director and Jim Mecham, class sponsor.

Baptist Leader's Son Arrested In Murder Of Mom

CHICAGO (UPI) — The son of a leader of Baptist World Alliance was charged with murder Wednesday in the fatal beating of his mother and his grandmother in a suburban Oak Park hotel room.

Frank Woyke Jr., 26, Chicago, an auto mechanic, was charged with two counts of murder and ordered held without bond. He was accused of fatally bludgeoning Mrs. Christine Woyke, 58, a Silver Spring, Md., elementary school teacher and author, and Mrs. Ann Jacopian, Stratford, Conn., who was in her 80s.

The Rev. Frank Woyke Sr., associate secretary of the 29-million-member Baptist World Alliance, which has headquarters in Washington, was sleeping in another room at the Oak Park Arms Hotel when his wife and mother-in-law were fatally beaten, police said.

Government To Abolish Golf Issue

WASHINGTON (UPI) — The Interior Administration has decided to abolish a controversial program of government-insured loans for golf courses, it was disclosed Wednesday.

The Agriculture Department program received wide attention as a result of published reports about a pending loan to a golf club near Tupelo, Miss.

"The golf courses are being phased out," James V. Smith, administrator of the Farmers Home Administration (FHA), told newsmen.

The FHA has made about 500 loans for golf facilities since late 1952 as part of a general recreation credit program for rural areas. After existing commitments for about \$10 million in 60 pending loan applications are honored, Smith said, there will be no more.

Smith said the FHA would continue "to make insured recreation loans — for such things as swimming pools and similar projects — to local government units."

Reclamation Commissioner Is Appointed

WASHINGTON (UPI)—President Nixon has announced the appointment of Ellis L. Armstrong, a veteran government employee, to be commissioner of reclamation.

Armstrong, whose home is Salt Lake City, is presently assistant regional director of the Bureau of Reclamation for Utah, Nevada, Wyoming, Colorado and Arizona.

He succeeds Floyd E. Dorniny who is retiring Oct. 31.

Armstrong, 54, worked for the bureau from 1936 to 1954 and then was deputy project manager for the U.S. portion of the St. Lawrence Seaway project for three years. He served as a director of highways for Utah in 1957 and as commissioner of public roads for the Commerce Department until 1962 when he engaged in private consulting work.

Parents Of Knife Victim Are Harassed

SAN JOSE, Calif. (UPI)—The parents of a two-year-old girl stabbed to death Sunday in a vineyard have received crank telephone calls this week threatening to kill more children in the neighborhood.

The multiple knifing of the child, Shelly Holmboe, near her home and the subsequent threats have inspired increased watchfulness around schoolyards in a large area in San Jose. Many parents accompanied their children to and from school.

At the Machado Elementary School, a milkman ordered a suspicious-looking man to leave a school ground and the milkman was hit with a stick. The other man disappeared, and police efforts to track him with police dogs were unsuccessful.

The man, Shelly Holmboe's parents, Mr. and Mrs. Shelly Holmboe, were received from both male and female voices.

Corps Chief Visits Site Of New Dam

OROFINO, (UPI) — Gen. J. G. Clark, newly named chief of the Army Corps of Engineers en route to Spokane to speak at the national reclamation convention, stopped here Tuesday afternoon for a tour of the Dwyer Dam on the Clearwater River.

Clark's stop coincided with the informal celebration of the pouring of the two-million cubic yard of concrete at the giant dam which will ultimately incorporate 6.7 million cubic yards of concrete.

Japanese Aide Asks U.S. To Develop Asia

LONG BEACH, Calif. (UPI)—A leading Japanese industrialist said Wednesday the United States and Japan should take the lead in the economic development of Asia and the Pacific Basin.

Shinobu Ichikawa, president of the Osaka Chamber of Commerce, spoke at a session of the 10th biennial Japan-American Conference of Mayors and Chamber of Commerce Presidents.

"The Asian nations are striving to be economically independent as quickly as possible," Ichikawa said. "I believe they have now found a way through their trial-and-error methods."

Ichikawa, vice-chairman of the Japanese delegation to the conference, said Asian nations began shifting from political to economic priorities in 1965.

"This certainly is a healthy change from the former easy-going development policy of depending on foreign aid," the chamber president said.

DONG VISITS PEKING TOKYO (UPI) — Hanoi Radio reported arrival Wednesday in Peking of North Vietnamese Premier Pham Van Dong for a "friendly visit."

The broadcast said Dong and his party were greeted at the airport by Chinese Communist Premier Chou Enlai and other high-ranking Peking officials.

Laos Premier Will Confer With Brother

PARIS (UPI)—Laotian Premier Prince Souvanna Phouma said Wednesday he was ready for an immediate meeting with his estranged half-brother, Prince Souphanouvong, to discuss ending the war in his Southeast Asian kingdom.

In an exclusive interview, the 58-year-old Laotian leader said United States aid to his country was necessary to counter the massive intervention of some 40,000 North Vietnamese troops on the side of Souphanouvong's leftist Viet La Haksat (Free Lao) forces.

MINDOKKA COUNTY

Rupert-Police Blotter

Barbara Burkes, 16, Rupert, was cited for following too closely Wednesday afternoon when the 1969 Ford she was driving collided with the rear of a 1970 Honda, driven by Roger Hayden, 18, also Rupert, at the F Street Railroad crossing in Rupert. Miss Burkes said she was watching for a train when the incident occurred. Damage was estimated at \$25 to the Ford, and at \$110 to the Honda.

No injuries were sustained Thursday when a 1962 Chevrolet driven by Victor Alaman, 24, Rupert, backed from the curb and was struck by a 1962 Chevrolet, driven by Robert Tamcz, 15, Rupert.

The force of the impact pushed the Aleman auto against a parked Dodge pickup truck owned by the A and B service garage. Damage was estimated at \$600 to the Aleman Chevrolet, and \$300 to the Tamez auto. No time to the A and B pickup truck. Tamcz was cited for failure to purchase a license.

A citation for inattentive driving was issued to Jerry Schneider, 18, Burley, after the 1964 Plymouth he was driving failed to negotiate a curve on A street in Rupert and struck the curb in the parking lot near the LDS chapel. Damage to the car was estimated at \$350.

A freak accident Saturday morning on F street in Rupert caused a total of \$450 damage to two 1969 Mercury's. Clara Buttcane, Rupert, left her 1969 Mercury parked with the motor running when it slipped into gear and bucked across the street and collided with a parked 1969 Mercury, owned by Helen Phillips, also Rupert. Damage to the Builtrone auto was estimated at \$50 and at \$400 to the Phillips car.

Mrs. Buttcane was cited for leaving an unattended vehicle with the motor running.

Sunday, Burley, 10, Rupert, was cited for inattentive driving following a one car accident on F street in Rupert. Nordstrom was headed south on F street in a 1961 Chevrolet, when he took his eyes from the road and the vehicle collided with the cement base of a street light. A passenger, Michael Neilson, 17, Rupert, was treated for minor injuries and released from the Mindokka Memorial Hospital. Damage was estimated at \$600 to the vehicle.

That afternoon vehicles driven by Maria Gonzales, 30, Rupert, and Eva Millspaugh, 47, Paul, collided at the intersection of 2nd S and G streets in Rupert. Mrs. Millspaugh was headed west on 2nd S in her 1962 Dodge when she collided with northbound Mrs. Gonzales, driving a 1969 Chevrolet. Damage was estimated at \$250 to the Dodge and at \$300 to the Chevrolet.

State Police Blotter

Leland Morris, 63, Rockland, was cited for leaving the scene of an accident Thursday morning following a two vehicle collision 30 miles east of Burley on Yale Road. Morris was driving a 1964 Chevrolet truck, owned by DeLmar Woodworth, American Falls, when it sideswiped a 1964 Oldsmobile, driven by Arthur Francis, 37, San Diego, on a curve.

Damage was estimated at \$250 to the Oldsmobile and at \$100 to the Chevrolet.

Earlier that morning, a school bus, loaded with 27 Cassia County students, collided with a 1962 Pontiac, driven by R to near Rowles, at Burley, at the intersection of 19th street and Hansen Avenue in Burley. J. Hyrum Petersen, 62, Burley, was cited for leaving the scene of an accident on 19th street in the 1964 Ford bus when it collided with north bound Mrs. Rowlings.

Damage was estimated at \$30 to the bus while the car was demolished. Mrs. Rowlings suffered minor injuries although all the students escaped injury. Peterson was cited for failure to yield the right of way.

Sheriff's Blotter

Ardell Haberman, 45, Jerome, was cited for failure to yield the right of way Thursday morning following a two vehicle collision in a county road, eight miles northwest of Rupert. Haberman pulled from a stop sign on 160 N and turned left, colliding with a 1970 Dodge pickup truck driven by Ray Matheison, 85, Burley, who was headed north on 600 West. Damage was estimated at \$700 to the pickup truck and at \$300 to the 1960

T. F. Neighborhood Council To Review Budgets Tonight

The council will study budgets for the agency administration, the neighborhood centers, legal service and alcoholism programs.

Inflation Hits PTA in Elmore

GLENN'S FERRY—Inflation, in the form of excessive expenses and insufficient income, has hit the Glenns Ferry Area PTA.

The local PTA has been informed that the National Congress of Parents and Teachers, parent group of all PTAs, and the state organization, have raised their combined dues to 75 cents per year.

This assessment leaves only 15 cents in the Glenns Ferry chapter's treasury, members were told.

Members have considered withdrawing from the state and national organizations, but no decision was reached at a recent meeting.

Jerome County Probate Court

Jerome Probate Judge Russell Shaud fined Garnet Onelda, 45, Shoshone, \$14, and Gilbert M. Harrington, 32, Salt Lake City, \$20, both for basic rule violations. Kent R. White, 17, Jerome, was fined \$20 by Judge Shaud for basic rule violation and unnecessary passing.

Sharon Cochran, 31, Twin Falls, was fined by Judge Shaud on three counts, \$20 for basic rule violation; \$100 for suspended driver's license, and \$15 for fraudulent use of driver's license.

Clerk's Office

Marriage licenses were issued to Daniel E. Maddox and Peggy Lynn Bevan, Earl Jackson and Shirley Robinette, and Lawrence Millard Larsen and June Jeanette Bass.

Military discharges were issued by the United States Navy to Steven Gale Cameron and Larry Matthew Kulin.

Warranty deeds were filed by Shirley J. Williams, Dennis G. Williams, Cecil W. Moore to James Underwood, and Dale Standlee to Dennis C. Reddick.

John Holms was sentenced to three months in the Jerome county jail for petty larceny.

Today's Market And Financial Report

Stocks

NEW YORK (UPI) — Profit-taking pulled stocks sharply lower Thursday in active trading.

Shortly before 1:15 p.m., the S&P 500 market indicator was off 0.6 per cent on 1518 issues crossing the tape. There were 830 declines, and 468 advances.

The Dow-Jones average of 30 major city industrials slumped 10.10 to 882.25.

Volume of around 10,000,000 shares were running considerably behind Wednesday's pace.

Some analysts noted that since hopes, largely responsible for the market's recent surge, were dampened a bit by a comment from Defense Secretary Melvin R. Laird that he would oppose a ceasefire in Vietnam that is not part of any agreement with the enemy.

Successful Investing

Q—Could you please give me some information on Stuber Industries located near my home in the Twin Falls area? I have bought several companies. What do you think of their future?

A—This small bicycle manufacturer has recently gone into limited production of an electrically powered bike. Total sales, including Hamilton Manufacturing acquired last January, were up 23 per cent in the fiscal first half through December, 1968. For the year ended June 30, 1969, sales were up 5 per cent. Dividends were paid \$3.15, providing a return of approximately 10 per cent.

Q—I am an alternative to Madison suggest Tri-Continental, which is well regarded for its conservative management policies and high-quality investments. Shares trade at a discount of around 15 per cent. This year to date they have paid \$3.15, providing a return of approximately 10 per cent.

A—Mr. Spear cannot answer all small personal questions possible in his column.

Wall Street Chatter

NEW YORK (UPI)—For a while, the market is likely to be rather volatile, depending on whether it is being more strongly influenced by hopes for peace in Vietnam or by fears of declining earnings resulting from the fact that the passage of time has brought progress on the disinflation front and the beginnings of withdrawal from Vietnam, the firm observes, adding that a basically bullish attitude on the part of investors appears to be justified.

Business Today

KUALA LUMPUR (UPI)—Russian businessmen have taught their Kremlin bosses how to win friends and influence nations in a country the Soviets tried for years to overthrow.

During a recent 20-day Soviet trade mission to Malaysia, the country's 50 smallest cities sold \$3 million of goods to the 200,000 Malaysians attending, never a case because we had never before had a trade mission said the head of a Malay household with his four children and wife, "they look just like any other people."

T. F. Officer Gets Medal For Heroism In Vietnam

Capt. William Haskett, son of Mr. and Mrs. M. O. Haskett, 387 Du Bois Ave. W., has been awarded the bronze star medal with V device.

The award was made for "heroism in connection with military operations against a hostile force May 5, 1968, while he was serving as commanding officer of Co. H, Second Squadron, Eleventh Armored Cavalry Regiment in the Republic of Vietnam."

He has also received his fourth Purple Heart for wounds suffered on the same date.

Capt. Haskett had organized his troops in response to an urgent request for help from the village of Cam My, the citation read. He maneuvered tanks into a "blocking-pattern" on enemy's withdrawal routes, but they were hit with intensive volleys of automatic weapons and small arms.

During the battle Capt. Haskett was hit by enemy fire, but refused treatment and maintained control of his company for two hours, after sustaining injury.

His citation states, "Capt. Haskett's deep concern for the welfare of his men and unwavering devotion to duty were in keeping with the highest tradition of the military service and reflects great credit upon himself, his unit and the United States Army."

Capt. Haskett has now completed two tours in Vietnam. He is home on a 30-day furlough since he extended his duty. He is a graduate of Pocatello High School and holds his commission upon graduation from the Idaho Military Academy. Capt. Haskett and his wife have a daughter.

Bomb Blast Results Are Said Minor

LAS VEGAS, Nev. (UPI) — Despite dire predictions of tidal waves and earthquakes, the Oct. 2 underground nuclear test on Amchitka Island, Alaska, produced only minor effects, according to a report released Wednesday by the Atomic Energy Commission.

The report said the one-megaton blast caused only minimal damage to the terrain of the island, such as minor cracking in fill sections of the roadways, slight displacements of temporary facilities, sloughing of water-saturated embankments, and a few rock slides and earth slumps along the cliffs.

There was no damage to the airfield, microwave communications systems, power plant, harbor facilities or permanent camp.

According to the report, the building near ground zero housing the nuclear device components and accompanying instruments was still standing, although some sliding panels were jarred loose by the blast.

The only affect on the sea was a very slight ripple, "not exceeding two inches," which was noted near the island.

The report said seismic activity in the island's vicinity "appeared to be about normal for the region during the several days following the experiment."

"The only activity was the usual activity in close proximity to the detonation point, where hundreds of tiny tremors, mostly associated with cavity collapse, were recorded during the first several hours after the event."

It said that activity stopped when the broken rock above the explosion reduced cavity apparently collapsed to the surface about 37 hours after the blast.

It said there was no appreciable surface movement along the nearest known fault, the Rifle Range fault.

"The initial post-event observations verify predictions that the nuclear test would not produce significant damage to the ecological systems at Amchitka," the report said.

SCHUMANN VISITS TOKYO (UPI) — French Foreign Minister Maurice Schumann arrived here Wednesday on an official visit. He will see Japanese Prime Minister Eisaku Sato and confer with other Japanese officials on French-Japanese trade and Sino-Soviet problems.

Dance Policy Is Retained At Wendell

WENDELL — The policy that only students may attend dances at Wendell High School has been retained.

Craig Hope, student body president, asked trustees for permission to allow alumni to attend the dances when the board met this week. But trustees reiterated their stand that the dances are for students now attending school and their dates.

Trustees approved payment of a bill to Otis Hall, Twin Falls contractor, for remodeling of the front entrance of the high school, sidewalks, curbs and gutters.

Permission was granted students to attend the Wood River football game at Halley Friday afternoon if they ride on the school bus or go with their parents.

The board's policy on no school activities on Wednesday nights was reiterated, but Superintendent Lawrence said special exceptions may be made if the board is notified in advance.

The board's policy on no school activities on Wednesday nights was reiterated, but Superintendent Lawrence said special exceptions may be made if the board is notified in advance.

1970 Soroptimist Meet Set For Idaho Falls; Caldwell

BURLEY — The 1970 state meeting of Soroptimist clubs will be held in Idaho Falls, and the Rocky Mountain regional conference will be held in April in Caldwell.

Dr. Miriam C. Benner, Denver, governor of the Rocky Mountain region, discussed the citizenship award given by the local clubs, when she addressed a state meeting last week-end at the Ponderosa Inn.

The club official also discussed public relations, classification of membership, new clubs and stand committees.

The Bel Cantu Choir, Burley High School, sang several selections at the Sunday luncheon, directed by Elden Wood. The Caldwell delegation presented Dr. Banner and Mr. John Koontz, Twin Falls, lieutenant governor, with a box of apples grown in Treasure Valley.

A no-host dinner and buzz session opened the meeting Saturday night. The organization's 50th anniversary Jubilee Year of 1971 was discussed. A float will be entered in the rose parade by the Pacific Region, financed by all clubs in the Soroptimist federation.

Clubs represented at the state meeting were Twin Falls, Blackfoot, Boise, Caldwell, Idaho Falls, Pocatello, Rexburg and Burley.

Mrs. Wayne Koontz, Burley club president, welcomed members and the invocation was given by Mrs. Retta Payne.

DESTROYERS MOVED
WASHINGTON (UPI) — The Navy Wednesday transferred four destroyers based on the east coast to Pearl Harbor to bring the Atlantic and Pacific Fleets into better balance.

Who, Me?

EPHRAIM, France (UPI) — Maurice Violé returned to his birthplace in the Vosges Mountains after a 32-year absence to find his name engraved on a plaque honoring village dead in World War II.

Violé was captured by the Germans during the "phony war" but escaped. He served with the Free French forces and fought in Indochina before settling in the south of France.

Arrest On Drug Charge Made Here

A 55-year-old Twin Falls man has been arrested and charged with the illegal sale of a prescription drug.

Police officers arrested Clifford Wiseman, 551 Third Ave. E., Wednesday afternoon. He was arraigned before Police Judge Harry Turner and requested a preliminary hearing. The hearing date will be set later.

Paul Ostyn Opposes Tax Proposal

Opposition to the proposal of the Association of Idaho Cities to impose a city income tax on persons working in Idaho cities was expressed today by Paul Ostyn, candidate for the Twin Falls City Council.

"A city income tax would tend to discourage the development and growth of our cities by placing another unnecessary road block in the way of progress," Mr. Ostyn said.

"Idaho's tax structure now is designed to attract new industry and we are experiencing the beginning of that growth. Increased needs for revenue should in the future be more than offset by an expanding tax base."

"By wise and careful management of current city revenue Twin Falls and other Idaho cities can provide these services to their communities which are necessary without the imposition of another tax."

Damage Suit Filed Against Glenns Ferry

GLENN'S FERRY — The Glenns Ferry City Council has received a bill for \$3,498.79 in damages to the property of John Logan, owner of a local swimming pool and campgrounds.

His attorney, Robert Rowett, presented the bill to the council at a meeting Tuesday night for damage incurred to Mr. Logan's property while the Flood Construction Co. was working on the city sewage system project.

It was reported that the project, which included construction of lagoons and addition of storm sewers, is essentially complete. J.U.B. Engineers made the report.

Weed removal and fence repairs are needed at the local airport, Bill Mineau and Jim Robertson, airport committee members, told the council.

Oakley, Hansen Shoot For Extra Game; Wendell And Pilots To Face Spoilers

Oakley and Hansen shoot for a "post season" spot while Wendell and Glenns Ferry take a couple of would-be "spoilers" in the last big weekend of Magic Valley's 1969 football season.

O'Leary Nabs Fresh Title, Tops Burley

Coach Glenn Sheen's O'Leary freshman, riding the pass of Mike Sturgill and the running of fullback John Wilcox, wrapped up the ninth-grade league title by defeating the Burley Bobcats Wednesday night.

The undefeated O'Leary team held scoreless in the first period, struck two plays into the second and scored on a 20 yard gallop by Wilcox. Sturgill passed to Gary Selvers for the two-point conversion.

With 1:25 left in half, Sturgill hit Selvers with a long pass to the Burley eight and quarterback headed in from there.

Rigney Tries To Free Self For Twin Job

MINNEAPOLIS-ST. PAUL (UPI)—Minnesota Twins owner Calvin Griffith wanted Wednesday for new manager-designate Bill Rigney to arrange a settlement with the California Angels.

Griffith said Monday night he and Rigney had agreed to terms for a one-year contract for Rigney to manage the Twins in 1970.

Rigney would replace Billy Martin, fired last week by Griffith after leading the Twins to the American League western division crown in his first year as manager.

There was some speculation that Griffith, who had been widely criticized throughout Minnesota for firing Martin, chose Rigney because the former Angel manager was known in the Twin Cities area.

"I was looking for a man with experience," Griffith said. "I understand that Rigney is very good at handling players. That's what I wanted most."

Rigney's reported meeting with California Angel officials Wednesday to work out a settlement on his contract which has a year to go, it was expected to be a long one.

Griffith said he would let Rigney hire his coaches, although he suggested he keep one of the two coaches who would have someone who would know the personnel.

"But I leave it up to him to decide which one he wants to keep," Griffith said.

The Magic Valley and Snake River eight-man league wind up their regular seasons along with a few other individual schools but the majority of members in other leagues will continue at least through next week.

The winner of the Oakley-Hansen affair will take part in the now traditional extra weekend battle with fifth district teams Newbury, Declo, the Magic Valley Conference champion, already has the feature game tucked away and will meet Grace.

Wendell and Glenns Ferry rate as slight favorites in their Friday battles—games they must win to keep up a two-title show.

Wendell, which has overpowered six straight, will test the Wolverines at Wood River, the Wolves at an unlikely three-game losing streak.

Glenns Ferry will be home to the Filer Wildcats, who are 2-5 but capable of giving the Pilots a game.

Minico participates in a rare afternoon game, traveling to PSU's Spud Bowl at 1:30 p.m. Friday to play the Eastern Indians, Minico is 3-4 and Pocoletto 2-5.

It will be the first grid visit to Pocoletto for the first time in several seasons.

Burley comes back into the Cross State League to host the Jerome Tigers, who are getting together as the season progresses.

In another Cross State game, the Gooding Senators, still running on and off on alternate weekends, try for two in their first time this season.

Castletford and Raft River play a game in several seasons in the Valley league games at Castletford at 1:30 p.m. while Murfreesboro is scheduled for a game at 1:30 p.m. Wednesday.

Shoshone goes to Hagerman for a Little Six league tilt, the Indians looking for their third straight win.

Shoshone is still trying to find the first one. Castletford and Raft River play a game in several seasons in the Valley league games at Castletford at 1:30 p.m. while Murfreesboro is scheduled for a game at 1:30 p.m. Wednesday.

Odds makers Won't Touch Top 4 Teams

NEW YORK (UPI)—The odds makers aren't even bothering with the top four teams this week.

One of them, third-ranked Texas, is idle and the other three, top-ranked Ohio State, second-ranked Texas and fourth-ranked Arkansas have breathers in Illinois, Rice and Wichita. The games are figured to be so lopsided that no odds are being quoted.

In the best game of the week, Michigan dropped from a one-point favorite over Stanford in a key Pacific Eight game. Sixth-ranked Penn State, which plays Ohio University, also isn't listed while seventh-ranked Missouri is a 5-2 point choice over Colorado.

Notre Dame is a 2-2 point choice over Tulane, Houston is a 2-2 point pick over Mississippi Alabama, loser of its last two games, is a six-point choice over Clemson, and SMU is favored by 10 over Wake Forest.

Elsewhere, Colgate is an eight-point choice over Brown, Yale is figured by 10 over Wake Forest, North Carolina is favored by 7 over Harvard, Miami (Fla.) by six over TCU, North Carolina State by 14 over Duke, West Virginia by 17 over Pittsburgh, Georgia by 21 over Kentucky, Kansas by five over Iowa St., Oklahoma by five over Kansas State, Nebraska by 12 over Oklahoma St., California by 13 over Washington State, Washington by four over Oregon, Florida by 12 over Mississippi St., South Carolina by 9 over Maryland and Texas A&M by seven over Baylor.

Kern Returns To Ohio State Field

COLUMBUS, Ohio (UPI)—Quarterback Rex Kern returned Friday to take over as Ohio State's starter in his final week of work out before Saturday's Homecoming Day game with Illinois.

It was the first time in three weeks that Kern, nursing minor injuries, practiced as early in the week as Wednesday after a two-day rest.

Coach Woody Hayes indicated he was pleased with Kern's passing and with the general performance of the top-rated Buckeyes' offensive and defensive units.

Warriors Edge Hawks At buzzer

ATLANTA (UPI)—Jeff Mullins hit a 20-foot jump shot with seven seconds to play Wednesday night that gave the San Francisco Warriors a 99-97 victory over the Atlanta Hawks in a National Basketball Association game.

Mullins' shot kept a see-saw struggle that saw the lead change 12 times. Neither team led by more than eight points.

Lou Hudson's long-range jump shot had given the Hawks the lead with 14 seconds left. Hudson just missed what would have been the Atlanta winner at the buzzer.

NCAA Suspends San Jose, Marshall; Freeman's Eligibility Is Restored

KANSAS CITY, Mo. (UPI)—The NCAA today suspended San Jose State, the 1969 national track champion, and Marshall University, which has lost 25 straight football games, were put on one-year probation Wednesday by the National Collegiate Athletic Association (NCAA).

San Jose State was penalized because two athletes competed in the Orange County Invitational track meet in Orange, Calif., on June 15. The meet was not certified by the NCAA Extra Events Committee.

San Jose State will not be allowed to compete in the NCAA Indoor or Outdoor Track and Field championships in 1970.

The Council felt San Jose State was in a position to know the rules, explained Arthur Bergstrom, the NCAA assistant executive director, who made the announcement.

Marshall was found to be in violation of 15 separate NCAA rules, all in football. The violations involved money being sent to athletes, illegal transportation and funds for athletes attending junior college.

Bergstrom said Marshall's penalty probably would be more severe if the school's president, Roland H. Nelson Jr., had not instigated the investigation.

Nelson replied the athletic director and football coach. "There were serious, widespread violations," Bergstrom said. "These would have been a more serious penalty had it not been for the president's actions."

Nelson said he privately reprimanded 10 institutions for participating in an unsanctioned gymnastics meet and eight more schools for competing in unqualified track competition. The Council will not reveal the names of the institutions.

The Council also reviewed the cases of 12 members of Oregon State; Bob Hall, College of Idaho, and Mark Littner, Boise State College. All three played in an annual basketball tournament around this year, include Florida State, Centenary and Linsale in the university division and the University of Southwestern Louisiana in the college division.

The Council also adopted a new rule that would make ineligible for varsity competition on Dec. 21, 1969, the Council overruled an August directive to Oregon State, asking the university to declare Freeman ineligible.

Twin Falls Invades Capital On Saturday

Haunted by another near miss in Twin Falls, Bruins travel to Boise Saturday to play the Capital Eagles, one of the top-ranked offensive teams in the state.

A win over the highly regarded Eagles would ease a lot of the sting sustained in last week's 28-26 setback to Idaho Falls plus a couple of other close calls for the Bruins.

"Capital is a fine offensive team," says Coach Norm Thomas. "It has outstanding speed and some of the best runners in the conference in (Bruce) Watson and (Steve) Bostall."

They give up a lot of yards to other teams, but not many points. At the same time, they score well.

Defensively, the teams are only 30 yards apart in average. Twin Falls has allowed 2170 yards and Capital 2002. Of 49 games, Twin Falls has 1990 yards and Capital 1990 yards.

The Bruins offense has improved sharply in the last two games with senior quarterback Ken Blake climbing to fourth in passing and into the top six in total offense. Terry Ochsner has moved into the top 10 in rushing and Rick Semba ranks ninth in pass catching but fourth in yards gained and third in touchdowns.

Watson did not play last week for Capital, taking his 637 yards away from the Eagles, but Bostall moved in and gained 178 to push his total to over 600. It isn't known whether Watson will be back for Saturday's game or not.

"They don't throw the ball often with ground gainers like that. Our problem will be to try to contain their speed. If we can't do that, we can't move the ball like some other teams have against Capital, our problem will be getting the touchdown yards until you get fairly close but then turns you back," Coach Thomas said.

It appears that senior John Duran used only three or four plays last week, might be available for more service this week although the injured foot, sustained in the opener, still lags him at less than full speed.

Barry, obviously in great pain, was carried to the dressing rooms where it was determined a cartilage had popped. Doctors said he would probably require surgery.

The 6-7 All-America from the University of Miami had scored only one goal before his troubled knee gave out in the second period. There was no contact with other players when he collapsed.

Barry led the Oakland Oaks to the American Basketball Association championship last year with a 34-point-per-game average in spite of an ailing knee. He has already had one operation.

"If it was going to go, it was going to go," Barry said. "There was nothing I could do. Maybe it is just as well it happened now. Maybe I can get it straightened out for good."

Success comparable to the past two seasons is expected Saturday when the annual pheasant season opens in Magic Valley at noon.

The Idaho Fish and Game Department said all trends surveys indicated populations at about the same level as the past two seasons when the opening day success averaged one bird per man. This is consid-

ered a fairly successful year. The season will run from noon Saturday through Nov. 23 with the daily bag limit being four roosters and possession limit being eight roosters after the first day. There will be no hen shooting.

Record-Breaking Dunne To Lead ISU Against Weber

POCATELLO — NCAA record-setter Jerry Dunne, and his favorite target Ed Bell, will lead Idaho State Saturday in a "real war" with Weber State. The game will be played in the

Squad Bowl at 2 p.m. Dunne and Bell, who get stronger as the season rolls along, gained yardage at a remarkable rate in the 46-38 loss last week. Dunne cracked out of a first-place conference tie. Dunne cracked one NCAA record by handling the ball 78 times, ran 19 times for 83 yards and completed 30 of 59 passes for 385 yards. His 478 net yards is a Big Sky record.

Sports

Steve Olson, Idaho's quarterback and the early leader in passing among the nation's major colleges, is out of next Saturday's game with Montana State and it is questionable whether he'll throw for the Vandals again this year.

Bell caught 15 passes, running his season total to 53. That is another that is well ahead of the record pace. 95 is the all-time high for ISU. Jerry averages almost 20 carries a game in an era when the quarterback is almost exclusively a passer. In fact, Idaho State's offense resembles the single wing with Dunne's role as the power sweeps, and Joe Clay and Tyrone Watkins running counter plays off the equivalent of the single-wing off tackle play.

Wendell Has Contests For Mayor And Two Councilmen

WENDELL — Two Wendell businessmen are vying for election as mayor in the Nov. 4 municipal election and five candidates seek the two council posts.

E. Barrus, who operates the Tastee Treat, and Eugene Soares, manager of the Cash Grocery Store, oppose each other for mayor. The council candidates include George Benson, Dale Bitterli, Richard Eaton, Charles Freeman and D. A. Schrank.

Mr. Barrus, who has lived in Wendell for 24 years, formerly farmed six miles west of town for 10 years and prior to that operated a garage.

A graduate of the Star Valley High School, he moved to Wendell in 1945 and raised turkeys and ran a milk route. He now drives for the Hub City Bus Co. in addition to operating the Tastee Treat.

Active in church and civic affairs, Mr. Barrus has served two years as councilman. He and his wife have seven children, all graduates of the Wendell High School.

His opponent, Mr. Soares also has lived in Wendell since 1945. A past president of the Chamber of Commerce, he helped plan and direct the community's centennial celebration. He has managed the Cash grocery since 1950.

His wife is the former Helen Ramsey, daughter of Mr. and Mrs. Stanley Ramsey. The couple has two married children.

Mr. Benson, a native of Wendell, was graduated from high school here in 1945. After service with the Navy during World War II he married the former Violet Petersen. They have three sons.

He has been employed at the Wendell post office the past 17 years. A past commander and

adjutant of the American Legion Post No. 41, Mr. Benson was a commander of Cub Scouts, No. 85-for-four-years, coached Peewee baseball and has belonged to the Wendell Fire Department for the past 15 years.

Another Wendell native, Mr. Eaton was graduated from high school in 1945 and served in the Armed Forces. He attended Idaho State University, Pocatello, and Henager Business College, Salt Lake City. He is the father of five children.

Mr. Eaton is past president of the Wendell Jaycees, belongs to the Chamber of Commerce, is chairman of Boy Scout troop 85 committee and secretary of the Wendell Booster club.

Mr. Eaton owns the Hub City Bus Co. and is a former editor of the Wendell tribulationist.

Another councilman candidate, Mr. Freeman, is manager of the Wendell Elevator. Before that he worked as bookkeeper at the elevator for Mel Gates. A veteran of the Armed Forces, he worked at the Marlow Meat Market for eight years.

He has lived here for 33 years. He was graduated from the local high school. His wife is the former Elvyn Gray. He is currently president of the Wendell Chamber of Commerce, past commander, adjutant and vice commander of the local American Legion post.

Mr. Schrank, who has lived here since 1934, is owner of the Wendell Department store and formerly operated the Wendell Cleaners.

A member of the Presbyterian church, where he is an elder and Sunday school teacher, Mr. Schrank has four children. He is past president of the Lions club, past chairman of the Merchants Bureau and currently is active in the Chamber of Commerce. He is a veteran.

Dear Abby
By ABIGAIL VAN BUREN

DEAR ABBY: My son is being married in November and the problem is the selection of bridesmaids that his fiancée has made. Abby, she is having FOUR bridesmaids — all lovely young women, in various stages of pregnancy.

One will be six months along (she is very definitely showing now). Two will be in their seventh month, and the other had better have her overnight case packed and in the car.

The wedding will be one of those fancy church affairs where the wedding party waltzes down the aisle, and I am wondering what that bridal party will look like with every bridesmaid so obviously heavy with child. They are all married, so there is nothing wrong with it, but why must they be bridesmaids? Is there some diplomatic way I can talk my son's fiancée out of this? Or should I let it go?

WONDERING IN ATLANTA

DEAR ABBY: We are two teen-age girls who would like to air a complaint for most teen-age baby-sitters.

In our town, baby sitting pays 50 cents an hour. This is the rate we pay our mother's received when THEY baby-sat as teenagers. As you know, the cost of living has gone up considerably since then.

We are expected to be mother, father, cook, referee, nursemaid, and playmate.

We think the pay should be raised to 75 cents an hour before midnight and \$1.00 afterwards. How do we go about getting better pay?

DEAR UNDERPAID: Refuse to sit! (Sitters can hardly stage a "sit") Sitters get a hard time unless they get a boot in the bustle, all you can lose is your seating capacity!

DEAR ABBY: We are a farm family and our kids have watched animals breed in the breeding pens since they were old enough to perch on a pole fence. The older ones are now in high school and have a right to know enough about human reproduction to discuss it sensibly, and enough about contraceptives to make sound moral judgments on their use and abuse.

But except for general comments, I don't intend to give them any lectures on "sex" as it relates to husband and wife because I can't explain the love that grows with experience. (Nor can anyone else). It would reduce their mother's bedroom to the level of a breeding pen. At 14, my wife is young and pretty — and warm. Our lives are full because we have taught

our children to respect human life, civil law, and the privacy of their parents' bedroom. But "sex" they will have to learn about in school — or behind the boiler room — or wherever it is taught. The question is not whether sex should be taught at school, but "How can the course be improved?"

CONFIDENTIAL TO LINDA: Send the DEAR DOTTY letter back to your sailor and tell him that your name is LINDA, not DOTTY. Either he has a peculiar sense of humor or he sent DOTTY a DEAR LINDA letter. In any case, he sounds like a wolf in sheep's clothing!

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 9760, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

Complain About Husbands?

NEW YORK (UPI)—There is only one kind of woman who has never said, "I wish my husband didn't..."

She's single.

To give married women the comfort of misery-loves-company, and warn the single ones what's in store, here is an informal survey of New York area wives' complaints about husbands.

The supermarket is a major point of irritation, whether the family here goes alone or accompanies the little woman to handle the heavy carry chores.

He likes to buy things. Queer things. Things such as filleted frogs legs in vegetables (one tin equals three days food budget), minis glasses (he didn't realize they were chestnuts) and a giant pack of chocolate covered marzipan (put that on your calorie counter and watch it go over the top).

The husband of one highly skilled cook slid six TV dinners into her cart when she wasn't

looking. She got even by serving them on six successive nights.

When he shops alone, he not only brings back edible grotesque, he also forgets what he was sent for—such as baby's milk—or brings back drip grind when the list specifies percolator coffee.

"I wish he would remember to close doors," is another common complaint. Doors mentioned include kitchen cupboard (on which wife hangs hat), refrigerator (turning freezer compartment into ice cave, and front door (no joke these days).

Other complaints that received a chorus of assenting sighs:

"The man who insists he doesn't like a certain dish, curry, perhaps, until someone else's wife serves it to him..."

"Mr. Clean," who goes dirty into a gleaming bathroom and comes out spotted, but with the bathroom looking like a leftover from the flood.

"The antique collector, who collects antique magazines, Sunday newspapers and other odd bits of paper. Throw them out and he cries a lot."

—The volunteer. He's always offering to help, as in "Can I help with the dishes?" after he knows they are washed, wiped and put away.

Fun Rally

HANSEN — After wetting in 23 members of the Slim and Trim TOPS club attended the Fun Night Rally field recently at the Turf Club, and participated in the program.

The group displayed its banner, its scrapbooks, and had back banners with the name of the club, charter number and place, and wore name tags.

The group at present has 29 members. Members meet each Monday night at the home of Mrs. Thomas Steelsmith in Hansen. Anyone wanting to join the group is welcome to contact Mrs. Steelsmith.

Observance Held By Area OES Chapter

HOLLISTER—Hollister Chapter No. 47, Order of the Eastern Star, observed Interest and Benevolent at its last meeting. Members conducted a coin drill which will go toward this fund.

Under the direction of Mrs. Joe Miller, worthy matron, the chapter completed plans for the official visit of Mrs. Eula Chilcott, worthy grand matron of the Grand Chapter of Idaho, which will be Thursday. It was decided a luncheon will be served at noon and the school of instruction will follow.

The menu committee, Mrs. LeRoy Mayo, Mrs. Ruth Kunkel, Mrs. Lester McGregor and Mrs. Kenny Blick, will prepare and serve the luncheon. The evening meeting will start at 8:30 p.m. and all officers are to meet at 8 p.m. for pictures. Evening refreshments will be served by Mr. and Mrs. Homer Roberts, Mr. and Mrs. William

Christmas Festival Slated

GOODING — The annual Christmas Festival, sponsored by the Extension Homemakers Council for all Gooding County homemakers, will be held at the Gooding Grange Hall Monday from 9 a.m. to 3 p.m.

In charge of registration is the Art Club—decorating and clean-up, Pollyanna Club; coffee and punch, Home Improvement Club; cooked food sale, Mrs. Hugh Caldwell and Mrs. Dick Reynolds with help from each extension club.

Displays of handmade Christmas gifts, demonstrations on making Christmas gifts, as well as special demonstrations by Mrs. Harold LaCroix on "Starting to Paint with Oils" at 11:15 a.m., and Mrs. Helen Walker, Idaho Power home service representative on "Using Small Appliances" at 1:15 p.m., should furnish many ideas for Christmas giving.

Entertainment and time to browse is planned. Bring your own sack lunch and cup. Coffee and punch will be furnished. Everyone is welcome.

MAKING FINAL PLANS for the Welcome Wagon Halloween party are, from left, Mrs. Jack Miller, Mrs. Dale Leslie and Mrs. Lynn Inkle. The event is scheduled for 7:30 p.m. Saturday at the Rogerson Hotel Roundup Room. Special enter-

tainment will be presented and all the food will be furnished. Mrs. Inkle is decorations chairman for the social, and Mrs. Miller and Mrs. Leslie are chairmen of couples activities for the year.

Miss Holmes, Leguineche Say Nuptial Vows

GOODING — A Nuptial Mass united in marriage Loretta Jo Holmes, daughter of Mr. and Mrs. G. B. Holmes, Uniontown, Wash., and John P. Leguineche, son of Mr. and Mrs. Joe Leguineche, Gooding.

The ceremony was performed by Father Shimick Oct. 4 in St. Elizabeth's Catholic Church.

Given in marriage by her father, the bride wore a street-length fitted dress of white satin sheathing, fashioned with a full overskirt of white scalloped lace. A crystal tiara held her veil of illusion net. She carried a bouquet of white roses.

Mrs. Jeanette Dalman, Seattle, served as matron of honor. Marty Holmes was ringbearer and Deborah Leguineche, sister of the bridegroom, served as flower girl.

Best man was Dean Brown, Gooding. Reception and luncheon was held after the ceremony at the church. The three-tiered wedding cake was made by Mrs. Bolton, Gooding, and decorated in fall colors. Relatives of the couple at-

Centennial Ball Scheduled

Christmas Food Sale Planned

HAILEY — First plans for the annual Christmas cookie food sale and bazaar of the Baptist Mission Society were made at the monthly meeting at the home of Mrs. Herman McQuin.

Mrs. Earl-Wright, president, and Mrs. Fred Allen were named on the calling committee for foods and handiwork.

The event will be held from 10 a.m. to 4 p.m. Dec. 5 and from 1 p.m. to 4 p.m. Dec. 6 in the church annex. Coffee and cookies will be served.

Mrs. Ella Reed had the program for the meeting and spoke on the northeast Indian Mission of the church.

A letter was read from Rev. Augusta Jackley of the Protestant mission school at Ogden telling what she needed for the children of the school for Christmas.

the traditional barbershop quartet number and a reading. The event is under the direction of the ward's MIA.

Beta Sigma Phi Program Given

BUHL — Mrs. Melvin Reynolds and Mrs. Mike Felton presented the program, "The End of Life," when members of Xi Omicron Chapter, Beta Sigma Phi, met at the home of Mrs. Don Howard.

A donation was made to the Harbor House in Twin Falls. The donation will be used to help complete one of the rooms in the house.

It was noted that Mrs. Melvin Reynolds worked at the Buhl Public Library open-house.

New yearbooks and program books were distributed by Mrs. Bob Rankin. The next meeting is at the home of Mrs. Gary Meyer.

New Members Are Initiated By Area FHA

HAGERMAN — Fourteen new members were initiated into the local chapter of the Future Homemakers of America at a special ceremony recently. Those initiated were Laurie

Hafen, Darla Shafter, Shelley Turner, Glenda Lapp, Ann Gibson, Chris Slater, Caroline Hill, Lorna Butters, Regina Moreland, Lora Sandy, Kathleen Choules, Cindy Grimes, Margie Lage and Anita Akers.

The new members were presented FHA emblems. Special introductions were extended to Richard Hagerman, chapter adviser, and parents of the initiates.

Superstitions Discussed By Emanon Members

The Halloween theme was carried out at the country home of Mrs. T. M. Knight when members of the Emanon Club met recently, all giving superstitions as an answer to roll call.

Mrs. Elmer Dossset, president, was in charge of the business meeting. It was reported Mrs. Warren Williams is a patient at a Portland hospital and E. L. Rayborn is home from the hospital.

Kathleen Choules was installed assistant historian and Ann Gibson, recreation chairman. Susan Brooks, president, conducted the business meeting. She announced the district convention will be held in Buhl Nov. 1. Kellee Strawser was appointed national projects chairman and JoAnn Berry, UNICEF chairman.

Mrs. L. L. Holloway's name was placed on the honorary list. The white elephant gift was presented to Mrs. Erma Tucker.

Peggy Hendrickson and Cheryl Sandy showed colored slides of their trip to the United Nations last June as local delegates on the U.N. Pilgrimage, and entertained the group with

songs accompanying themselves on the guitar and tambourine. The refreshment table was centered with a floral arrangement of red and white carnations. Serving were Debby Larson, Gloria Campos, Sophia Campos and JoAnn Berry.

Dinner Held

VIEW — Mr. and Mrs. Milton C. Payne and Mr. and Mrs. Wilford Wrigley were hosts to the View LDS Mutual Marrieds for a dinner and program at the LDS Cultural Hall.

Mr. Payne showed slides and movies of local happenings during the past year. Prayers were given by James Nowland and Elton Hatch.

Consolidation Is Discussed

RICHFIELD — Richfield Alta Rebekah Lodge No. 31 met recently at the home of Mrs. Myrtle Riley, noble grand. The group discussed consolidation, with an area lodge. The IOOF lodge at Richfield consolidated last year with the Bellevue lodge.

Mrs. Harvey Smith and Mrs. Ross Stamford were members from Carey attending the meeting. Mrs. Fred Peterson and Mrs. Riley were refreshment hostesses.

TRICKY PLAY CAN SET UP TRICKS

Reese and Dornier suggest that, any time declarer needs to establish tricks in two suits, he should consider an avoidance play. They show today's hand as an example.

South is in a very normal three-no-trump contract. West gets off to an equally normal heart lead and South sees that his 20 points, plus dummy's six points, aren't likely to be enough to bring in nine tricks.

If he attacks diamonds right off the bat, he will probably be able to set up three tricks in dummy but whichever opponent gets the lead will clear the heart suit and South won't have a chance to set up a club for his ninth trick.

If he had time to lead both

suits, he could establish that one club and those three diamonds and he can gain that line by a very simple avoidance play. He goes after the clubs at trick two and plays out his six spot. If West rises with the ace and clears the hearts, South whistles happily as he wins four club tricks. Those four, plus two spades, two hearts and the ace of diamonds, give him his nine.

If West ducks, South collects a trick with dummy's king and goes after the diamonds. He has one club trick home and this, plus four diamonds, two spades and two hearts, are what he needs.

Suppose East produces the ace of clubs? South just was not going to make his contract by any line of play.

Women Often Wear Black When Visiting Psychiatrist

IN ABOUT 97 out of 100 instances, women on their first visit to psychiatrists' offices come in black. The flight attendant polisher says he went to court one day to find that same time. Airplanes can't find sub-... but he doesn't say why. marines unless they read bouys. ... A-SAGITTARIUS GIRL, reports your Planet man, should not be taken to Class X movies. Remember that, young fellow. Sagittarius girls are apt to be highly sensitive to violations of good taste. They horrry with alacrity. WHAT INVENTORS need most is patience, that's clear. Take the mechanical cotton picker, for instance. John Daniel Rust and his brother Mack invented that thing in 1871. Did the work of half a hundred field hands, and you'd think the plant-ers would have jumped right on to find it says therein "A wisecracker it would knock out the man's heart inches him toward-wards years later that Rust finally got the left." It may mass produce, for the pay of Patience, patience.

LOVE AND WAR -- which creates the more romantic atmosphere, a full moon or a half moon? Such is the inquiry from a Montana girl. Unfortunately, she didn't send a snapshot of herself. Too bad. Would be easier to answer if our Love and War man knew what she looked like. The prettier the girl, the more moonlight pieces of legislation, that, she requires for the most romantic atmosphere. A full moon is exactly nine times brighter than a half moon. So the girl who is at her best under a full moon can be expected to be nine times prettier than a girl who is at her best under a half moon. Girls who are at their best under no moon at all are listed in his files.

ATTORNEY MELVIN BELLI of San Francisco talks animatedly on a TV "talk show" with a man who said he was the dreaded "Zodiac" killer. The man called Jim Dunbar's program Wednesday morning to talk with Mr. Belli. He made an appointment to meet the noted counselor, but failed to appear. (UPI telephoto)

'Zodiac' Killer Seeks Legal Aid In Bizarre TV Appeal

SAN FRANCISCO (UPI) — A man who said he was the "Zodiac killer" made "and then broke an appointment to meet San Francisco attorney Melvin Belli early Wednesday — an appointment made by telephone on a television "talk show" seen by thousands of viewers.

San Francisco police captain Martin Lee said Belli waited for 45 minutes at the appointed meeting place in nearby Daly City, but there was no sign of the other man.

The man, who called himself "Sam," called Belli 13 times on the KGO-TV "Jim Dunbar Show" early Wednesday after calling police at 2 a.m. to say he wanted to give himself up.

Belli arranged the meeting and then said he would ask District Attorney John Jay Ferdon to agree not to press for the death penalty.

But Ferdon refused to make any deals.

"All we can guarantee he will receive a fair trial and receive the same consideration any criminal will get," he said.

Lee, chief of inspectors for the San Francisco police, said the meeting place was selected by "Sam." He said it was an ordinary place of business in what he called the area's "outer mission district," but would not specify the building.

He said Belli and Dunbar both were at the appointed spot at 10:30 a.m.

Dunbar said he opened his 7:30 a.m. talk show an hour early after police contacted Belli, the attorney, who called Jack Ruby for killing Presidential assassin Lee Harvey Oswald. The first call came in about 7:15 a.m.

The caller hung up, but called back a few minutes later, and then again and again.

The calls were twice punctuated by strange cries and once by the threat:

"I don't want to give myself up. I want to kill a kid!"

"Tell me how I can help you," Belli said. "All of San Francisco wants to help you. The hand is out; you can feel the hands out."

Highly Motivated Israeli Youth Express Eagerness To Lead In Developing Nation Despite War, Economics

By **FREDERICK H. TRESH**
United Press International

Dr. James M. Hester, president of New York University, was impressed with Israel, a president of a large, urban and highly politicized American university just — has — to — be impressed with a society with little visible generation gap.

During a summer visit to Israel, Dr. Hester sensed a generation of young people motivated by the problems besetting its country and eager to accept the leadership of government and educators in solving them.

In contrast to the United States and Western Europe, where dissent and generational conflict are so pronounced, Dr. Hester saw in a country with comparable cultural and intellectual heritage a "very clear, very inspiring picture" of young people and their elders working together, united by common purpose and common danger.

"This stimulated me to wish we could clarify the dangers to this country — the dangers of failure to resolve our internal conflicts and inequities of our society," Dr. Hester said in an interview.

"If we could unite the American people to an awareness of common danger as the Israelis are united, we might be able to inspire the same self-sacrifice in young people."

While Israel was meeting its military threat, Dr. Hester said, its youth also saw real social and economic progress — an attempt by the nation's leaders to build a modern, just society.

"I think this has had a genuine effect on the young people, giving them confidence in their country's ability to succeed," said Dr. Hester, 45, who has been at the helm of one of the nation's largest universities for seven years.

The first American government in New Orleans ordered 25 lashes on the back for persons convicted of gambling a third time.

EARLY CHRISTMAS SHOPPING

is SOUND and CONSIDERATE

There are many sound reasons for both shopping and mailing early for the Christmas holidays that should be noted:

You avoid the last-minute crush at the stores and at the post office . . . The choice of merchandise is in greater abundance and the service is faster . . .

When not pressured for time, you thoroughly enjoy the holiday spirit of shopping for your family and your friends . . .

More important than these reasons, we believe, is the consideration shown the store and the postal clerks.

When the work is spread over several weeks rather than the final period, life is much happier for these willing workers who want to give us the kind of service we prefer.

Early shopping in preparation for a joyous Christmas should not offend the many to whom Christmas is a very precious experience both sentimentally and spiritually.

For these reasons and others which will occur to you, don't you agree that beginning your Christmas shopping early makes the task easier, faster and a whole lot more pleasant for you?

Preview Christmas early this year.

Drug Raid Snares 75-Pound Harvest

SAN FRANCISCO (UPI)—Narcotics inspectors seized 75 pounds of freshly harvested marijuana Wednesday and arrested three in the apartment where it was spread out to dry.

Edgar Redmer, 30, and his wife Karen, 19, were booked on charges of possession of marijuana for sale, and Armando Moreno, 22, on visiting a place where there was marijuana.

DISTRICT COURT Twin Falls County

Divorces were granted to Peggy Bess from Monty B. O. S. Wade—Wade from Glen R. Wade; Joy Cowgill from Rudolph Cowgill and Diana Darrell from Jack Darrell.

Burley Sets World War I Convention

BURLEY—Charles Shaddock and Mrs. Elizabeth Henwood were appointed co-chairmen of the State Veterans of World War I and Auxiliary Convention which will be held June 4-6 at Ponderosa Inn.

Plans for the convention being hosted in Burley were announced during the group's regular meeting at IOOF Hall.

The Barracks invited women of the auxiliary to a dinner Nov. 11 on Armistice Day. A meeting will follow the dinner at which time the two groups will make plans to attend the Old Time Fiddlers' Jamboree sponsored by the Veterans of Foreign Wars at Burley High School.

A rummage sale will be held Oct. 31 and Nov. 1 at the Old Burley Motor Co. building.

Juniors Win Homecoming Parade Here

WENDELL—The Junior class float won first place during the Homecoming parade here.

The Sophomore float was second, seniors were third and freshmen fourth. The sophomores won the skill competition, with juniors second, freshmen third and seniors fourth. Seniors led in the yell competition, followed by sophomores, juniors and freshmen.
