TEN CENTS

Israelis Attack Lebanon

Lawsuit Filed Against City To Halt Annexation

Approximately 200 residents of the area just northwest of Twin Falls took legal action Wednesday in an attempt to prevent their property being annexed to the city.

A complaint was filed in Fifth District Court on their behalf Wednesday morning.

Richard Reed, attorney for the property owners, and himself a property owner, said the area involved is all covered under the Annexation Ordinance designated as area seven.

In filing the complaint, which seeks an immediate injunction to prevent annexation becoming legal as of Thursday's publication of the ordinance, Mr. Reed said residents of the area are 100 per cent opposed to the annexation, largely on the basis the city services cannot at this time be provided.

He said they feel the court should take a look at the motive for annexation and at the lack of planning involved on the part of city officials.

J. Clifford Smallwood and Ross Ward, on behalf of themselves and all property owners in Area seven covered under city ordinance 1448, are listed as plaintiffs in the complaint filed Wednesday.

As defendants, the complaint names the city of Twin Falls, Mayor Egon Krohn and other members of the council.

The plaintiffs ask a permanent injunction against the city to prevent their property becoming part of the city. They charge the information furnished the city for an annexation grounds was misleading and inadequate. Further the plaintiffs note in all hearings property

owners of that area have opposed the move almost 100 per cent.

The City, the complaint charges, is at this time unable to provide adequate fire and police protection to the area involved and that other services would, when furnished, be inferior to those now utilized.

Damages from annexation, the plaintiffs say, would be suffered by property owners in the way of higher taxes and assessments for services not needed.

This is the second complaint to be filed in the annexation proceedings with the first filed a week ago.

Seven annexation ordinances have been approved by the city council and are scheduled to become effective upon publication Thursday.

SGT. GREGORY OLSEN

... a soldier from the unit alleged to have been involved in the Song My incident, told his father that two days before the alleged killings, his fellow soldiers had turned "into wild animals." Sgt. Olsen, of Portland, Ore., said his men "beat every little kid they came across." (Related stories, Page 6) (UPI-telephoto)

Arabian Base Is Levelled

By United Press International

Helicopter-borne Israeli troops supported by planes and artillery struck a huge Arab guerrilla base in Lebanon today in the first major strike into that country in three months. Israeli planes hit Egyptian Suez Canal positions and artillery fire pounded Lebanon.

An Israeli spokesman in Tel Aviv said the Israeli troops destroyed the Arab guerrilla base on the slopes of Mount Hermon, killed 12 guerrillas, wounded "many others" and destroyed vast quantities of supplies.

It was Israeli retaliation the Lebanese government had feared when it tried last month to crack down on the guerrilla activities, only to find itself in a crisis that threatened the country with civil war.

LAYING OUT THE plans for footings for the new College of Southern Idaho coeducational dormitory are Dick Miller, left, and Jim Hogue, Nelsen-Miller Construction Co. Excavation on the site began Tuesday. The building will be located on the east edge of the campus.

Work Starts On CSI Dormitory, Vo-Tech Building Funds Sought

Excavation for footings for the College of Southern Idaho coeducational dormitory began Tuesday at the site near the east edge of the campus.

Crews from Nelsen and Miller Construction Co., Twin Falls, just recently began work on the dormitory and a student union library and administration complex.

Also under construction is a health-PE building, which is now scheduled for completion by late July or early August, 1970. The two newest projects should be done about a year from now.

However, Dr. James L. Taylor, CSI president, said it is hoped the two buildings will be ready for occupancy by opening of the fall, 1970 semester.

He said Nelsen-Miller is moving "along rapidly" on the projects and the roof of the "commons" should be on by the time hard weather hits.

Meanwhile, CSI has its bid in for a congressional appropriation of a million dollars, Dr. Taylor said. The funds, which it is hoped will be allocated to the local junior college from Title I, Higher Education Facilities Act, would be coupled with a \$250,000 appropriation from the state legislature for construction of the first vocational-technical building on campus.

It is hoped the appropriation will be made sometime in January, Dr. Taylor said.

The building, which is designed to include only classroom space and no shop areas, would be located between the present Shields Academic Building and the maintenance building. The structure would be about the same dimensions as the present academic building, but would be only one-story and would contain about 28,000 square feet.

AUTHOR SHUNS CEREMONY

STOCKHOLM (UPI) — Samuel Beckett, who won a Nobel prize for literature, will send publisher Jerome Lindon of Paris to accept the \$72,000 award in Stockholm Dec. 10. Beckett had previously told the Nobel Foundation he would accept the prize but would not appear in person to get it.

Cattlemen To Meet In Boise Next Year

BURLEY — The 1970 convention of the Idaho Cattlemen's Association will be held at Boise, directors decided at the post-convention meeting here Wednesday morning.

The 36th annual convocation closed Tuesday after three days of sessions at the Ponderosa Inn.

Delegates elected officers, adopted resolutions and held a final banquet Tuesday.

O. A. (GUS) Kellner, Times-News editor, addressed the 500 persons attending the banquet Tuesday night.

Among the resolutions adopted were ones:

- Urging the inspection of cattle leaving the state for pasture purposes to be returned to Idaho.
- Increasing the reward from \$500 to \$1,000 for information leading to cattle stealing convictions.
- Opposing further reduction in personnel and funds to the Soil Conservation Service.
- Seeking to open new negotiations with the National Cattlemen's Association to adopt a package membership plan.
- Urging appointment of a "strong and capable individual" to fill the post at the University of Idaho Animal Science Department left vacant by Dr. Leon Orme who has left the school.

— Encouraging the University of Idaho to maintain purebred herds of beef cattle at the University.

— Supporting the forage resources study at the University of Idaho.

— Urging legislation requiring that the earning power based on present land use be given proper consideration in determining the value of real property for ad valorem tax purposes.

New officers include Lawrence Bradbury, Challis, president; John A. Pierce, Malta, first vice president, and Eugene Davis, Bruneau, second vice president.

New directors elected were Jack Syle, Coeur d'Alene; Jack DeChambeau, Boise; Ray C. Bedke, Oakley; William Swan, Rogerson; David Fulton, Mackay; Phil Schwieder, Lone; Ben Bowen, Downey and Marvin Wittman, Culesac.

Holder directors include Don Clark, Georgetown; Farrel Daniels, Malad; Keith Ralstin, Craigmont; Vernon R. Ue-n-Clarks Fork; Elby R. Schmidt, Leader; Grant Udy, Rockland and Albert Wolfkiel, with all See CATTLEMEN, Pg. 2, Col. 3

Railroad Unions Postpone Walkout

WASHINGTON (UPI) — Four shopcraft unions today postponed strike action against the nation's railroads after government mediators reported the two sides close to an agreement that would head off a possible nationwide rail shutdown.

Bargaining talks on a new contract went two and one-half hours past the midnight EST Tuesday deadline—the hour when the unions would have been free to strike—and then recessed until 3 p.m. EST today to give the negotiators and mediators time to sleep after about 40 hours of almost continuous sessions at the Labor Department.

Assistant Labor Secretary William J. Usery Jr., the top government mediator, told newsmen shortly after midnight that the union negotiators had agreed to postpone any strike action as long as bargaining continued and progress was being made.

Two and one-half hours later Usery announced the railroad and union bargainers had agreed to recess because "everyone is so tired."

William W. Wimpfinger, the chief union negotiator, issued a statement at that time saying "substantial progress has been made on many of the issues in dispute and we are encouraged that further negotiations of the same intensity can produce a prompt agreement."

Hayes Declines

COLUMBUS, Ohio (UPI) — Ohio State University football Coach Woody Hayes was asked personally by President Nixon to become U. S. Selective Service director, a Scripps-Howard newspaper reported today.

The Columbus Citizen-Journal said Ohio Scripps-Howard sources learned Nixon telephoned Hayes with the offer after the 19-year coaching veteran turned down an earlier indirect offer to succeed retiring Lt. Gen. Lewis B. Hershey. It said Hayes denied receiving the offer and did not intend to leave his coaching job.

Hippie Cult Blamed In Tate Murders

LOS ANGELES (UPI) — A weird hippie band called "The Manson Family" burst into the Sharon Tate estate and brutally killed five persons because the home was a "symbol of rejection" to the cult's leader, a member of the family has told police.

Susan Denise Atkins, jailed as a suspect in the murders, said in a statement released by her court-appointed attorney that members of the cult were held in almost hypnotic control by their leader, Charles Manson, 34.

"We belong to him, not ourselves," the attractive, 21-year-old girl said at her arraignment on a murder charge Tuesday.

A Los Angeles policeman, who insisted his name be withheld, said the group is under suspicion for at least four more murders in addition to the Tate case and the slayings of a middle-aged couple.

He said investigations are being pursued into 11 senseless slayings in the Los Angeles area since the beginning of this year.

Miss Atkins said through her lawyer she went to the Tate home under an insane, almost hypnotic spell from Manson. "I was told to go, and I went."

She said Manson had visited the Benedict Canyon estate leased by the actress when Doris Day's son, Terry Melcher, lived there.

Manson had reportedly gone to the home to ask Melcher for help in making a record. Melcher rejected the request.

Storm Hurls Giant Waves Against Oahu

HONOLULU (UPI) — Massive 50-foot waves rolled in on the island of Oahu Tuesday from a Pacific storm, damaging beach property and injuring 14 persons.

One person, a sailor, was missing in the deluge.

The huge waves, generated by a storm 1,500 miles north of Hawaii, inundated the French Frigate Shoals, a small island 505 miles northwest of Honolulu. Nineteen Coast Guard men on the island took refuge on building roofs. They were evacuated by helicopter to a New Zealand naval vessel in the area, the HMS Walkato.

On Oahu, the Red Cross said 62 homes were destroyed and 120 damaged.

A sailor who was watching the surf with two companions was swept away by the rushing water.

About 500 persons were driven from their homes by the waves, which drove as far inland as 500 yards.

'Apology' By U.S. Frees Trio Of Men From North Korea

PANMUNJOM, Korea (UPI) — The United States won the release of three Army helicopter crewmen from 108 days in North Korean captivity today by apologizing for their "erratum" intrusion into the Communist nation.

Once the three had crossed into South Korea, U.S. officials issued a statement renouncing the admission and saying it was "obvious that there was no criminal act or intentional infiltration."

The men were captured Aug. 17 when their observation helicopter flew a half mile into North Korea and was shot down. All three were wounded but the Communists said they were getting good care.

Spec. 4 Herman Hofstatter, 21, of Lowpoint, Ill., stepped on crutches across the line separating North and South Korea. Capt. David H. Crawford, 27, of Pooler, Ga., was limping and WO Malcolm V. Loerke, 35, of Richmond, Ind., appeared in good health.

STRIKE AUTHORIZED

NEW YORK (UPI) — Dispatchers at Trans World Airlines have voted unanimously to authorize a strike, the Transport Workers Union announced Tuesday.

Outmanned Allied Unit Repels Reds

SAIGON (UPI) — Six hundred fresh North Vietnamese troops stormed out of Cambodia this morning and tried again and again to overrun an outnumbered Allied outpost without success.

Military spokesmen said the 160 South Vietnamese defenders, with help from U.S. warplanes and artillery, threw back the four-hour assault, killing 108 of the attackers and capturing six machine guns.

Six of the government troops were killed and 27 wounded in the 200-round mortar attack that preceded the battle and during the fight itself, most of it at close quarters, the announcement said.

It was the biggest battle in three weeks.

Jerome City Council Takes Action To Improve Condition Of Its Alleys

JEROME — Complaints about the condition of alleys throughout the city and weeds on city property in one section of town highlighted the Jerome City Council meeting Tuesday night.

"Something must be done to clean up our alleys," Mayor Earl Greenawald said. "They are in deplorable condition and it is impossible for the city to maintain them."

Councilmen decided to have garbage cans and all other obstructions removed from the alley right of way and will have police enforce the city ordinance regarding the problem.

Councilmen took under advisement a complaint from Bill Stauffer concerning infestation of his land on North Elmore because of thistles allowed to grow on city property across the fence. He said he will have to let his field lay idle this year because it has become so badly infested with thistles.

Mel Morris, the new city engineer, was instructed to investigate the situation and also see if the county could give assistance in the weed control.

It was announced all taxing units within the county should send representatives to a meeting Dec. 17 at Woods Cafe when state legislators from District 22 will discuss House Bill 304, which limits taxing units from increasing their budget by more than four per cent.

The second reading was heard on the dog leash ordinance which authorizes authorities to enter private property in pursuit of loose dogs, stipulates that barking dogs classified as nuisances because of complaints by neighbors may not be kept by owners and makes it unlawful to have a dog on a leash in the event of an owner's absence.

First reading was made of Ordinance 446 which makes Third Avenue from Lincoln to Birch Street a one-way street with traffic to go in a westerly direction and will close the street to any traffic, morning and afternoon during the time buses are loading.

Councilmen approved a suggestion from Supt. John Campbell that a school custodian be sworn in as a special auxiliary policeman to police the area while buses are being loaded and unloaded.

It was reported the secondary sewage treatment plant, scheduled for completion Nov. 15, has been delayed because of late shipment of sludge and filter pumps. City Atty. Richard Seeley was asked to check on the penalty clause in the contract with the Mitchell Construction Co., contractors for the project, for dogs to run loose in the city

Rural Problems Seen As National Concern

"The development of rural America is becoming a matter of urgent national concern," Cong. Owen Hansen told the Idaho State Grange Wednesday in Twin Falls.

Cong. Hansen flew into Twin Falls from Washington especially for the Grange's annual state convention, now in its second day at the Twin Falls Elks Lodge.

He said, "While the troubles of our cities have attracted greater attention, measured by almost any standard the crisis in our rural areas is deeper. While raising farm income is still the priority, need to revitalize rural America much more needs to be done.

"There is need for greater investment to diversify the rural economy to provide a wider range of job opportunities, particularly for our young people and to supplement farm income. We should develop a tax base that does not place the major burden on a depressed farm economy, but that will support adequate education, health and other essential services."

Cong. Hansen praised President Nixon's recent action in establishing a cabinet level Rural Affairs Council that will make recommendations on policies and programs to stimulate the development of rural America.

The Idaho congressman also commended the Grange for the constructive leadership of the past century in building a better America.

"The National Grange is a shifting example of a movement that responded to a need for better treatment for the nation's farmers. It is proof that it is possible to protest and to urge orderly change without violence and lawlessness and while strengthening rather than weakening our free institutions."

"The enlightened leadership of the Grange is needed now more than ever before in building the national unity and strength to meet and overcome the present crisis."

Cong. Hansen will return to Washington Wednesday evening. During today's sessions, several Granges were conferred various degrees in the Grange organization. Several degree demonstrations also were given by various Granges and degree teams.

Wednesday evening a mixer has been scheduled with the Northwest Pomona Grange here.

Jerome, Kuna, Idaho State Grange, and Thomas Speedy, Twin Falls, state Grange executive committee members, Gov. Sam Mason was honored speaker during the ceremonies opening sessions Tuesday in the Twin Falls Elks Lodge.

DISCUSSING AGRICULTURE WITH Gov. Dan Sorenson... Jerome, Kuna, Idaho State Grange, and Thomas Speedy, Twin Falls, state Grange executive committee members, Gov. Sam Mason was honored speaker during the ceremonies opening sessions Tuesday in the Twin Falls Elks Lodge.

Election

Both incumbents were elected in the Twin Falls highway district election.

Keneth E. Poe received 87 votes and Ralph E. Olmstead received 109 votes. William Chase and B. E. Brown received one write-in vote respectively.

These were the tallies Tuesday when the Berger precinct had not yet reported.

FLIGHT TAUGHT HEMPSTEAD, N. Y. (UPI) — Hofstra University is offering credit courses in flight instruction and multi-engine piloting. The program can lead to private or commercial pilot certification.

FCC Chairman Seeks Guidelines To Avert Showing Of 'Obscene' Movies On TV Sets

WASHINGTON (UPI) — Chairman Dean Burch of the Federal Communications Commission said Tuesday he believes his agency must set up guidelines to keep the new movies that deal openly with sex off home television screens.

"If a station wanted to show 'I Am Curious (Yellow),' we couldn't do anything about it right now," Burch told his first news conference since taking over as head of the FCC Oct. 31.

to take some sort of step insofar as movies are concerned," he said.

Burch said he thought the strict definitions of what is obscene set down by the Supreme Court for books, movies and art was "an entirely different standard to something that comes into the home."

"We've always understood that free speech is a modified right," he explained. "You can't shout fire in a crowded theater. Because a person can't use four-letter words on radio isn't a violation of free speech."

"I think you've got to come to the conclusion that it's a different problem when you're dealing with material that is coming into the home."

Play Slated

RICHFIELD — The Richfield High School Junior class play, "Margie and the Wolf Man," will be presented at 8 p.m. Tuesday at the high school auditorium. Matinee performance will be given at 1 p.m. Monday. Walter Thoreson, English teacher, is directing the play.

Importance Of Japan

Japan, our defeated World War II enemy, has since prospered amazingly under the umbrella of American military protection. Less than one per cent of Japan's gross national product now is being spent on defense because of her reliance on American protection, growing out of the postwar limitations to prevent a recurrence of Japanese militarism which led to Pearl Harbor. Japan has become a major bastion of friendship for the United States in Asia and holds a key position in the confrontation between Russia and China and between the Communist world and the West. Premier Sato's recent visit to President Nixon and their agreement for the return of Okinawa to the sovereignty of Japan was a historic milestone. Sato made important and necessary concessions, pledging to accept a larger share of the Asian defense burden and to increase Japan's economic aid to other Asian nations, as well as to double his nation's military budget after 1972, when Okinawa is returned. America will retain bases on Okinawa.

Doubling of Japan's military budget still would be relatively small, but it is vital to the national interests of both Japan and the United States. In time, Japanese cooperation could mean reductions in our military budget. Russia has been making friendly overtures to the Japanese but has made no move to return two islands seized in World War II. Leftists in Japan oppose any American presence in Japan or Okinawa but Sato, who will report on his Washington talks next month, is expected to increase his prestige at home. A substantial majority of Japanese support the Premier's plan for continued and increasing cooperation with the United States. Japan has also agreed to use multilateral talks to solve the problems created by the Japanese textile industry in flooding the U. S. with inexpensively produced synthetic fibers. In any event, Japan's rising power in the East is a major asset to the free world and President Nixon has recognized the importance of our Japanese ally.

WASHINGTON — Contemptuous remarks about the U. S. by a high Greek official are producing two wholly unexpected side effects: keeping the American Ambassador's chair in Athens vacant a bit longer and worsening relations between the State Department and the Senate Foreign Relations Committee.

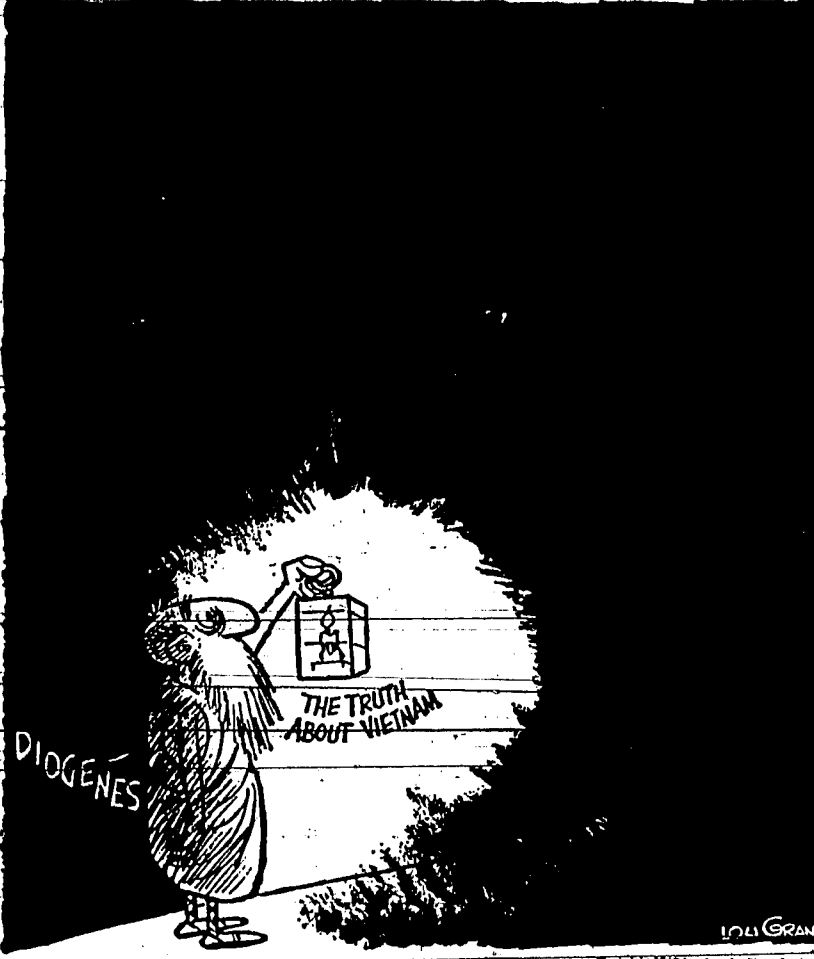

Moreover, the indiscretion of Panayiotis Pipinellis, foreign minister of the Greek military dictatorship, might just tip the balance against full resumption of U. S. military aid to Greece. At issue is a top-secret briefing by Pipinellis for Greek ambassadors in Western Europe delivered at Bad Schinznach, Switzerland, on Aug. 26. Two weeks ago, we reported from a

verbatim account of that briefing in which Pipinellis referred to the U. S. as a "so-called democracy" not to be trusted. At that point, the Senate Foreign Relations Committee was ready to recommend confirmation of Foreign Service officer Henry J. Tasca, nominated on Sept. 9 by President Nixon for the long-vacant Athens post. But when Sen. J. W. Fulbright of

Arkansas, heard of the pipinellis document, he informed the State Department that his Foreign Relations Committee would not act on Tasca until it had a chance to study the document. The State Department went into a classic diplomatic stall. In response to three separate telephone calls from Fulbright aides, it curiously pleaded inability to locate a copy of the briefing — curious because a copy was actually in the State Department's hands before we obtained ours. Vexed with the State Department, Fulbright finally obtained a copy through private channels. That means Tasca may not get confirmed before the New Year. More important, the effort of Sen. Claiborne Pell of Rhode Island to put a rider on the foreign aid bill barring military assistance to Greece is strengthened.

Potter, Republican National Committeeman from Virginia, has been under criticism ever since the disappointing Republican showing in the 1968 Congressional elections. That criticism swelled this year when the Republicans lost three seats and gained none in special Congressional elections. Party grumblings that Potter spent too much time on business interests in northern Virginia and not enough on campaign selection. Over the past two years, the committee's once impressive staff has disintegrated. These complaints, strongly disputed by Rep. Bob Wilson of California, the campaign committee chairman, found fertile soil in the White House (which hasn't forgotten Potter's pre-convention coolness toward Candidate Nixon in 1968). Accordingly, White House political aide Harry Dent has relayed the President's desire that a change be made. The fact that the Republicans finally won the Illinois special election in a district where a Republican could not lose lets Potter quit gracefully. He is expected to resign before Jan. 1.

Washington Revisited

ROBERT ALLEN AND JOHN GOLDSMITH

Okinawa--A Clear Warning

WASHINGTON — Those plans for returning Okinawa to Japan may still provoke a major controversy in the Senate, and President Nixon is well-aware of that. No hint of trouble was discernible when Japanese Premier Eisaku Sato visited President Nixon here a couple of weeks ago. The atmosphere was one of friendship when the two leaders issued their joint communique which envisions reversion of Okinawa to Japanese control during 1972. The communique, however, called for the 1972 deadline, subject to development of specific arrangements for the island's return "with the necessary legislative support." That is where the controversy could arise. There is strong sentiment in the Senate for return of Okinawa — perhaps enough sentiment to assure approval for any reasonable blueprint to be developed by future consultations. There is, however, some feeling that the island, seized in 1945 by U. S. forces, should not be returned now. There was a clear and public warning of trouble ahead before Sato arrived for his state visit. The Senate, by a convincing vote of 63 to 14, went on record that any agreement on a change of Okinawa's status should have the "advice and consent of the Senate."

expressed, according to our informants, by Chairman J. William Fulbright, D-Ark., of the Senate Foreign Relations Committee. However, Sen. Richard B. Russell, D-Ga., the influential chairman of the Senate Appropriations Committee, is reported to have taken a different view. Russell is said to have commented that Okinawa, with its vital bases, should not be returned to Japan while the United States is charged with responsibility for maintaining security in that part of the world. The President, according to this account, replied — with some senatorial support — that the future of Premier Sato's government was irrevocably tied to securing the return of Okinawa. Russell is said to have replied by suggesting that Mr. Nixon explore with Sato the response received by Japan when it tried to recover islands in the Kurile group which were given to Russia after World War II. Russell's meaning was quite

clear. While the United States has already ceded control of the Bonin Islands, including Iwo Jima, acquired the hard way during World War II, Russia is still hanging on to its acquisitions in the Kuriles. Sato is reported to have asked, early this fall, that Russia begin talks looking toward the return of those islands. That request was "turned down cold," according to Senator Byrd. The implication of the President's advance warnings, public and private, is that the final agreement on Okinawa should be submitted to the Senate as a treaty for ratification. Fulbright is now understood to be urging that course of action on the State Department. Otherwise, it is argued that the issue of reversion of Okinawa could become further clouded by the Senate's new determination to play a role, with the President, in decisions which affect the foreign policy and security of the United States.

GEORGE C. THOSTESON, M.D.

Diarrhea

"Dear Dr. Thosteson: I would appreciate your writing on diarrhea, and also the vomiting and dehydration that may accompany it. What does a 'diarrhea diet' for infants and toddlers consist of? When a child has been taken to the hospital and is given I.V.'s, why isn't he allowed to drink anything for the first four hours? — MRS. M. H. Diarrhea is a miserable complaint for anyone, but for small children, especially babies, it can be a killer and a swift one. There can be numerous causes, of course, but the commonest is infection. What in an adult would be just a nasty case of "intestinal flu" can kill a tiny baby in a day or two. In hospital nurseries there is constant dread of infectious diarrhea, and the most rigid controls of isolation and extra-sterile precautions are instituted at the first sign. But after the baby has gone home from the hospital, the mother has to keep an eye out constantly. Diarrhea in the baby may follow if its mother or someone else in the family has a cold. Until the attack is controlled, the mother should wear a mask over mouth and nose; others should stay away from the infant, and certainly no handle coughs or sneezes and not feed the baby. The diarrhea and the vomiting which very often accompanies it — represents a very large loss of fluid, not only just water, but electrolytes, meaning such minerals as chlorides, po-

tassium, and sodium. The dehydration, therefore, is more than just "drying out." The loss of vital minerals, of which a tiny baby has only a small store, is a threat to the baby's life. Sometimes mothers don't realize at first how serious this dehydration can be, or how rapidly it takes its toll, so children's hospitals often have permanent teams set up to go into instant action when a dehydrated baby arrives, comatose, sometimes only minutes from death. In very few minutes indeed, these teams have an I.V. going — administering fluid with the necessary salts, intravenously. If there's a spark of life left, the baby is usually saved. The recovery, then, is one of the most dramatic you are likely to see in a hospital, with the baby going home in a couple of days. Tragically, sometimes such babies arrive just a little too late, and the spark of life already has fled. Water is not given by mouth at first because it can induce more vomiting, and sometimes more diarrhea, and still further aggravates the loss of minerals. But giving the minerals (and water) intravenously keeps them in the system where and when they are vitally needed. A diarrhea diet? Too highly individualized to permit specifying. It should be arranged by the pediatrician. Sugar content may have to be varied, sometimes the amount of milk limited. Leave it to the doctor to fit it to the case at hand.

The IRS

Something of a tempest has broken out over the long-standing practice of the Internal Revenue Service to sell certain generalized information it gleans from income tax returns. What brought it on is the consideration by the IRS to make some of this information more detailed than in the past. Since 1968, the IRS has provided information by large regions on the number of returns filed and the average income for each region. This year, by using the first three digits of the zip code as its basis for categorizing the information, the IRS was able to provide the data for 827 zip code regions. Now under consideration is a plan

to utilize the full five digits of the zip code, which would break down the income data to 34,000 areas. Rep. James O'Hara of Michigan contends this is revealing too much about confidential taxpayer information and would subject moderate and wealthy residential neighborhoods to a torrent of third class advertising mail. IRS officials contend providing this additional data would not violate taxpayers' privacy since none of the information could be used to identify individuals. This could be a moot question to householders who either like or don't like to receive a mailbox full of advertising matter.

History Revised

It is bring back Joseph Stalin time in the Soviet Union again. A new history of the Soviet Communist Party, the first since Nikita Khrushchev brought one out in 1962, has revised Stalinism. The latest edition glorifies the late tyrant as an idealist and strategist, plays down many of the problems Russia faced under his reign and, incidentally, reduces Khrushchev to just another Soviet personality. In short, the new history differs considerably from the earlier version, which not only blamed Stalin for many of the country's ills, but detailed many of his oppressive acts against his own people. While such histories are virtually useless as factual documentaries, they do provide an insight into the current thinking of the men in charge of

the Kremlin. Perhaps the current propagandists are not quite so certain how long their literary works will be in demand. One million copies of the 1962 version were printed and distributed, but so far fewer than 100,000 of the 1969 edition have been printed. Copies are hard to come by, and there have been repeated rumors since the book was introduced in September that it might be withdrawn. One other point. The 11-man board of editors who produced the latest history are the same ones who wrote the 1962 text. Recorded history may change every few years in the Soviet Union, but those gifted historians who are able to write a new version every time the political winds shift have a good thing going.

MR. SPECTATOR

Cheer The Rising Sun!

Mr. Spectator would ask the question — what kind of life cycle might man have if he were not exposed to the artificial day fashioned by the earth's rotation on its axis? A possible answer to this question was given earlier this year by a Frenchman who emerged from a cave after living more than four months in a totally isolated environment. Unaffected by outside influences, the subject of the experiment soon adapted himself spontaneously to a 48-hour cycle. On the average he remained awake for 36 hours, then slept for 12. While this experiment differed somewhat from other tests on sleep patterns, it raised interesting possibilities about such things as prolonged space trips. What has emerged from this and other tests is evidence that human life patterns may indeed be artificial ones, generated by acclimation to an environment. Presumably as environment changes, so would man's behavior, particularly as it pertains to his productivity and sleep patterns. Perhaps someday even life on earth will learn to ignore the rising and setting of the sun. Whether this would be good, or bad, science is not yet prepared to say. So there you have it. Perhaps we

are all living artificial lives with eight-hour (or less) work days, eight hours of sleep and the rest of the time — what have you? But Mr. Spectator still thinks it is a thrill to see the sun come up on a clear morning; to see the sun go down behind the towering mountains or a bank of clouds! That's part of living — artificial or not — and we are glad there is no possible way we can live long enough to come to the day when this will not be so. DECEMBER is a turning point in people's lives and has an impact beyond the obvious dates on the calendar. When Dec. 1 arrives, many changes are in the offing. People in northern latitudes are planning trips to warm winter resorts to the sky country. Winter is already here, although not officially scheduled to arrive until Dec. 21. Nothing seems quite the same after Dec. 1. Christmas is drawing near, with all the preparation that entails. Jan. 1 and a new year follow on its heels. The impact of changing times can be seen in people's activities, and in their faces. Yes, this is December.

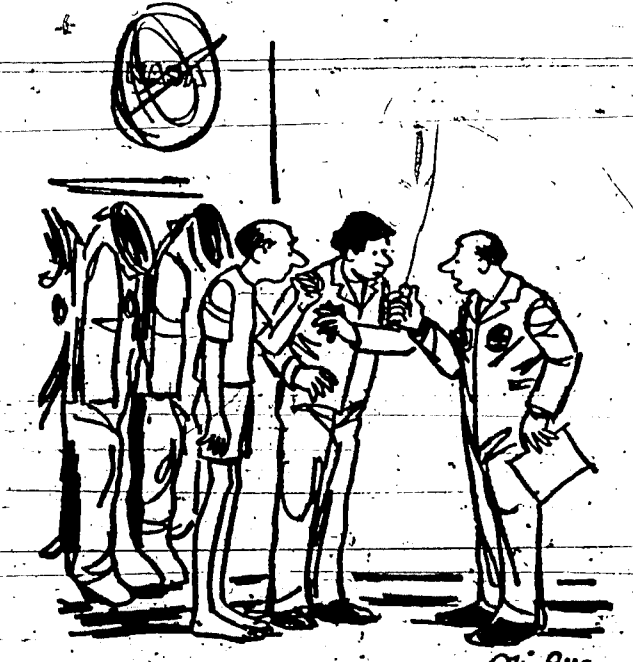

ANDREW TULLY

About Santa

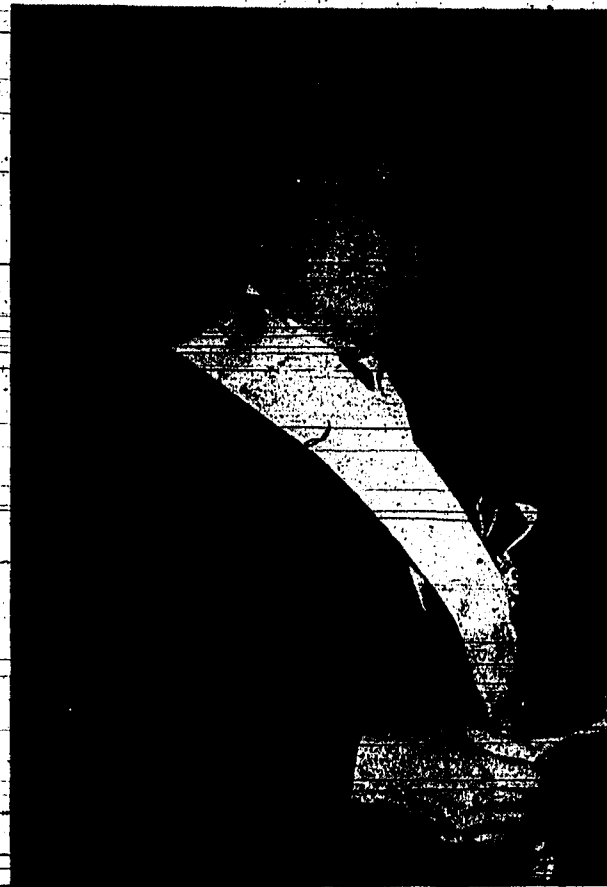

WASHINGTON — No sir, I do not believe I will throw in with these adults who wish they were kids again so they could enjoy anticipating Mr. Claus' visit on Christmas Eve. It may be a great month for the ads, but I don't believe I could stand the strain again. To be sure, tots who have not been disillusioned by their peers are glad Santa is getting his sleigh ready for his annual run. Undoubtedly, visions of nuclear bomb kits already are dancing in their little heads. But from now until Christmas they'll also be walking on eggs. I hold that the last few weeks before Christmas are a time of great anxiety for the nation's moppets. It is a time when they have to try to be unnatural, meaning good, and it can't help but jangle their nerves. They live in awful fear that their conduct might be misconstrued by Santa and that he therefore will hold out on them. It's a time of tension. The rest of the year a kid can pretty much go his own dirty-faced, late-for-supper way. He may get walloped for his sins, or lose his allowance, but the punishment is swift and temporary; it is not a threat held over his head for weeks. Comes Dec. 1, however, and the kid has to watch his step — long-range. He can be bad the rest of the year with the knowledge that by Christmas his badness will be forgotten, but in December the day of reckoning is too near. Christmas comes, in short, while parental memory is still fresh. The average tot is terribly aware that Ma and Pa have a working agreement with Mr. Claus and keep him informed of their child's behavior. In this connection, there lies

fresh in my memory the ordeal suffered a few eons ago by a boy back in Massachusetts, who had his heart set on a toboggan. So he set out early in December to build such a high record of good behavior that only a Santa suddenly turned little-boy-hater could neglect to deposit that toboggan on the family hearth come Christmas Eve. But that was the month the kid just couldn't seem to do anything right. If he hurried home from school and stacked the firewood in the cellar in record time, it collapsed all over the place just as Pa was stoking the furnace. Six other boys would frolic on the ice at Big Pond; he, the seventh, would fall through to his waist. Running home from school to be on time for a change — he'd cut through the Delephantys' back yard and rip his jacket on the wire fence. Finally, there came the evening of a day when Sister Gregory had sentenced him to a week of staying after school for some minor felony. At supper, an elder sister mentioned the incident, and noted that it had followed a scuffle in which the boy's knickers sustained a horrendous hole. A paternal eyebrow was raised, and a paternal voice intoned, "I don't know what Santa Claus would say. . . ." And suddenly the boy rebelled. Suddenly the toboggan was forgotten; all he wanted to do was to get out from under and start living again. "I don't care what Santa thinks!" he shrieked. "I hate Santa Claus!" And rushed off, sobbing, to bed. He got the toboggan, of course. After all, his father had had some tough Decembers, too. But the boy never quite forgave Santa for being so persnickety.

BERRY'S WORLD

"Oh, oh! We forgot to leave this golf ball with President Nixon on his..."

DR. E. J. WELLHAUSEN

Former T.F. Man Is Honored By Mexico For Farm Skills

Dr. E. J. Wellhausen, a former Twin Falls resident, was awarded the Order of Aztec Eagle (first class) by the government of Mexico for his many years of service in the development of agriculture in Mexico. This is the highest distinction given a foreigner.

He came to Mexico in 1943 as a corn breeder in the cooperative food production program between the Ministry of Agriculture and Livestock and the Rockefeller Foundation, initiated that year. He became director of this program in 1952 and continued in this position until 1960 when he undertook the development of an international program in maize improvement.

This resulted in the formation of the Centro Internacional de Mejoramiento de Maíz y Trigo in 1963 as a joint venture between the Mexican Ministry of Agriculture and the Rockefeller and Ford Foundations. The United States Agency for International Development became a third partner last year.

He is now director general of this institution which is designated to not only help with improvement of maize and wheat production in Mexico, but also in the promotion of a greater efficiency in production of these crops throughout the tropical and subtropical areas of the world.

During the past year Dr. Well-

hausen has received a number of honors from other institutions in recognition of his outstanding contributions in the promotion of greater food production throughout the tropics.

In February, he received an honorary Doctor of Science degree from the University of Nebraska. Later in June he was given the Outstanding Achievement Award by his alma mater, the University of Idaho, and in November he was awarded the "International Agronomy Award" by the American Society of Agronomy, a professional society of over 7,000 agronomists, for his work in international agriculture.

Dr. Wellhausen was graduated from Twin Falls High School in 1928 and from the University of Idaho in 1932. His mother, Mrs. Bertha Wellhausen, lives at 290 Locust St.

FILER — Merl Leonard, Sub-District 2, and Harvey Maxon, Sub-District 1, were re-elected to four-year terms on the Filer Highway District.

Both were incumbents, were not opposed and there were no write-in votes in the election in which 19 voters cast ballots.

Samuelson Voices 'Sympathy' With Growers Over Rates

Arrested

SAN FRANCISCO (UPI)—Dr. Nathan Hafe, ousted head of the San Francisco State College black studies program, was ordered arrested Tuesday after he failed to appear in court on a charge of possessing a concealed weapon.

But Hafe later showed up for the hearing.

BOISE (UPI) — Gov. Don Samuelson told the Idaho Wheat Growers Association Monday he was "sympathetic" to its efforts to get freight rates adjusted downward.

"Despite the fact that wheat is the second largest cash crop in the state, I know you have continual problems," Samuelson told opening sessions of the convention.

"A major one is freight rates that are not only discriminatory but keep going up each year."

"Those rates are going in the wrong direction and I am most sympathetic to your efforts to get them adjusted downward."

Samuelson said that agriculture in general has been "bruised and battered" in a cost-price squeeze for years. He said production costs have just about

trebled while prices to growers have remained on what he termed "the undernourished side."

Meantime, Samuelson congratulated the association and the Idaho Wheat Commission for successful efforts in expanding export markets for wheat and said "I stand ready any time to help."

He recalled a trip to Japan

last year and one last August to the Canary Islands.

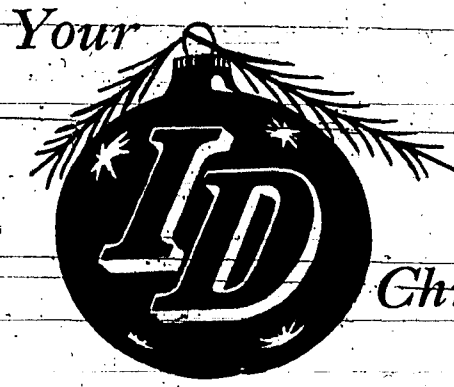

AGNEW TO REST
JAKARTA (UPI)—U.S. Vice President Spiro T. Agnew will conclude an Asian tour in January with several days rest on Bali, Indonesia's famous tourist island, U.S. Ambassador Francis J. Galbraith announced Tuesday.

Three Elected

RICHFIELD — Three incumbents were re-elected in elections for the Richfield Fire Protection District and the Richfield Highway District.

Kenneth Johnson and F. M. Crowther each received 33 votes for another four-year term on the highway board. Albert Pelley also was elected unopposed for the fire protection district post. He received 34 votes.

CHRISTMAS BELLS RING MERRIER DURING I.D.'S

Merry Christmas Store

CHRISTMAS SALE

LADIES' PANTIES

Dainty lace trim styles of fine quality panties of nylon tricot and satinette in lovely feminine lace trims. Choose from colors of pink, blue, nude, red or black. Sizes 5 to 8.

Nixon Asked To Utilize Water Funds

WASHINGTON (UPI) — Democratic sponsors of a record \$800-million federal fund to clean up water pollution laid plans today to enlist a reluctant President Nixon to their cause. If all the money is spent, it probably would be history's biggest assault on dirtied waters.

"It's a great victory unless the administration lets us down on it," said Sen. Edmund S. Muskie, D-Maine, who wrote the 1965 Water Pollution Act and who is a prospective Democratic opponent against Nixon in 1972.

Muskie's staff has estimated it will take \$10 billion to build the facilities to treat all raw sewage, cities and towns now dump into the nation's waters.

Nixon requested \$125 million for this fiscal year, for the program, under which federal grants pay half the cost of local sewage treatment facilities.

The House voted \$500 million and the Senate upped it to \$1 billion.

Tuesday, a committee of House and Senate members compromised on \$800 million. Both chambers must approve it, but such compromise are rarely defeated. The amount is part of the omnibus public works appropriations bill.

Nixon however, could refuse to spend all the money on grounds he has frequently stated—that federal spending must be held down to combat inflation.

"There's no way we can force it," Muskie said in an interview. "But I would think the administration would be in a difficult position to turn down these communities."

Sen. Allen J. Ellender, D-La., chairman of the committee that worked out the compromise, said he planned to lead a bipartisan delegation to personally plead the case before Nixon.

"I'm trying to get the governors of these states to pour it on, too—not Democrats, Republicans," Ellender said.

Incumbents Retained In Rupert Vote

RUPERT — Incumbent directors were unanimously re-elected in three of four elections throughout Minidoka County Monday evening.

Donald MacRae, incumbent director for the Riverside Cemetery District, maintained his seat for another four years with 14 votes cast, all for him, in Heyburn.

Some 105 votes were cast in the Minidoka Highway District election, all for incumbent George Hedlund, who will also serve another four years. By polling place, 13 votes were cast at Heyburn, 37 at Acequia, 32 at Paul, and 23 at Rupert.

Ray Smith regained his seat for another four years with 11 votes cast in his favor in the Minidoka County Fire Protection District Election. He regains Sub-District 3.

Despite write-in votes for two men, Alex Roemer, incumbent, and newcomer Floyd Hanes won their petitioned seats on the board of directors of the West End Fire Protection District.

Hanes replaces Howard Croft in Sub-District 2, who did not seek re-election. By District, Roemer received 38 in District 1, and 24 in District 2, while Hanes captured 34 in District 2 and 24 in District 1. Each will serve four years.

Write-ins were William Goucher, one in District 2, and Fred Kasworn, five in District 2.

FUNDS PROMISED — WASHINGTON (UPI) — Rep. James A. McClure, R-Idaho, said today the Department of Health, Education and Welfare will award a \$120,000 grant to the Panhandle District Health Department for the construction of a new public health center at Coeur d'Alene.

HOW WYN SOCK SAVED CHRISTMAS — By Paul Gringle

Former Soldier Details Alleged Massacre In Carefully Worded Letters To Officials

By KATHLEEN NEUMEYER
CLAREMONT, Calif. (UPI) — Ronald Ridenhour made up his mind to tell the world what he had heard from his buddies in the Army about the bloody events in a Vietnamese village called Pinkville.

They all told him the same story of American soldiers machine-gunning men, women and children—slaughtering the villagers like so many sheep.

After Ridenhour was discharged from the Army one year ago Tuesday he mailed 30 copies of a letter about Pinkville to President Nixon, congressmen, and military and Cabinet level policymakers.

The 2,000-word letter which spurred the Army's investigation of the My Lai massacre was made available to United Press International Tuesday.

It was typed single-spaced on three sheets of legal sized paper during a period of three weeks. "I would work on it for several hours each night after I got home," Ridenhour told a reporter.

Pfc. "Butch" Gruver, who was stationed with Ridenhour in Hawaii, gave the 23-year-old draftee the first account of what happened. Gruver was assigned to C Company, 1st Battalion, 20th Infantry, 11th Light Infantry Brigade, conducting search and destroy missions north of Quang Nhai.

"One morning in the latter part of March, Task Force Barker moved out from its

base headed for Pinkville," Ridenhour wrote. "Its mission: destroy the trouble spot and all of its inhabitants."

"The other two companies that made up the task force cordoned off the village so that Charlie Company could move through to destroy the structures and kill the inhabitants," the letter continued. "Any villagers who ran from Charlie Company were stopped by encircling companies."

"I asked Butch several times if all the people were killed. He said that he thought they were men, women and children. He recalled seeing a small boy, about three or four years old, standing by the trail with a gunshot wound in one arm.

"The boy was clutching his wounded arm with his other hand, while blood trickled between his fingers. He was staring around himself in shock and disbelief at what he saw," the letter said.

"He just stood there with big eyes, staring around like he didn't understand; he didn't believe what was happening. Then the captain's RTO (Radio Operator) put a burst of 16 (M-16 rifle) fire into him."

According to the letter, Sgt. Larry La Croix told Ridenhour about the role of Lt. William Calley Jr., charged by the Army with 109 murders in connection with the massacre.

"It was terrible," the letter quoted La Croix as saying. "They were slaughtering the villagers like so many sheep."

Calley's men were dragging people out of bunkers and bootches and putting them together in a group.

"The people in the group were men, women and children of all ages. As soon as he felt that the group was big enough, Calley ordered an M-60 (machine gun) set up and the people killed. La Croix said he bore witness to this procedure at least three times."

New Train Schedules Are Listed At Shoshone Depot

SHOSHONE — The new Union Pacific time schedule at the Shoshone depot is announced today by Dennie Everett, depot agent.

No. 17, Portland Rose, west-bound, leaves Shoshone at 8:46 a.m. in the morning, and arrives in Portland at 10 p.m. the same evening. Reservations are not required on this train. There is a buffet lounge car service. You can not check baggage on this train nor is there any sleeping car.

No. 18 Portland Rose, East-bound, leaves Shoshone at 9:35 p.m. in the evening and will arrive in Kansas City at 10 p.m. the next evening. This train does not make any East connections out of Cheyenne as it goes south to Denver.

There is no diner on No. 18, no sleeping car service and you can not check baggage. Reservations are not required. On both of these trains you may take as much luggage aboard as you can handle.

Streamliner No. 105 West-bound Domeliner leaves Shoshone at 10:09 p.m. in the evening and arrives in Portland at 9:15 a.m. the next morning. Reservations are required for this train and seat charges apply. This train has a diner, sleeping cars and you may check 150 pounds of baggage per ticket.

Streamliner No. 106 East-bound, Domeliner leaves Shoshone at 4:57 a.m. in the morning and will arrive in Chicago at 11:59 a.m. the next morning. Reservations are required for

Winners Listed

North and south winners at the Monday Afternoon Duplicate Bridge Club meeting at the Episcopal church were Mrs. Claude Detweiler and Mrs. F. Jensen, first; Mrs. Gus Averett and Mrs. R. M. Peterson, second; Mrs. John Hahn and Mrs. C. C. Weaver, third, and Mrs. V. R. Teasley and Mrs. Lytle Meckham, fourth.

East and west winners include Mrs. A. V. Williams and Mrs. M. Hogg, first; Mrs. A. W. Schenk and Mrs. K. E. Kall, second; Mrs. R. R. Williams and Mrs. B. E. Standley, third, and Mrs. L. J. Robertson and Mrs. H. M. Wycoff, fourth.

John Parker commanded the Minute Men in the Battle of Lexington during the American Revolutionary War.

Military Appeal Court Vetoes Censorship Of Song My Case

WASHINGTON (UPI) — The U.S. Court of Military Appeals Tuesday rejected an attempt to outlaw further publication of statements and pictures by witnesses to the alleged massacre of Vietnamese civilians at Song My.

In a unique petition to the three-man tribunal, attorneys for both sides—defense and prosecution—had argued that Lt. William L. Calley could not get a fair court-martial if publicity about the 1968 incident in South Vietnam continues.

But the court turned down the petition even while some members of Congress were declaring that newspaper, magazine and television reports of the alleged mass murder of 109 civilians were prejudicing the

Bond Interest

WASHINGTON (UPI) — President Nixon signed legislation Tuesday to increase the interest rate on U.S. savings bonds to 5 per cent, retroactive to last June 1.

It is the first time the rate has been above 4.25 per cent on such government bonds since the Liberty Bond Act of 1918.

Affected by today's act are the rates on Series E and Series H savings bonds — not other long-term government issues.

Wood River Fire Unit Elects Two

SHOSHONE — Wood River Fire Control District election Monday resulted in re-election of incumbents R. B. Kelley and Oscar Kerner. The four-year terms of office will begin in January.

Mr. Kelley, for Sub-Division 2, received 32 votes, and Mr. Kerner, for Sub-Division 3, received 31 votes.

Kenneth Collier, Sub-Division 1, is holdover director. There was no contest in the election.

Bailey Avers Pictures Fail To Prove Case

COLUMBUS, Ohio (UPI) — Attorney F. Lee Bailey said Tuesday photographs taken of the alleged massacre of Vietnamese citizens could be explained in several ways.

"They are ugly pictures but they are explainable in many ways besides butchery," said Bailey. "There were all kinds of shells going off that morning and many people could have been killed without any massacre."

The photographs of the alleged Song My massacre were taken by an Army photographer.

Bailey, representing a defendant in a gambling conspiracy trial here, has been retained by Capt. Ernest L. Medina, who was commander of the U.S. infantry company accused of the alleged massacre.

The photographs released to date show bodies of the victims. No photographs show American servicemen actually shooting civilians.

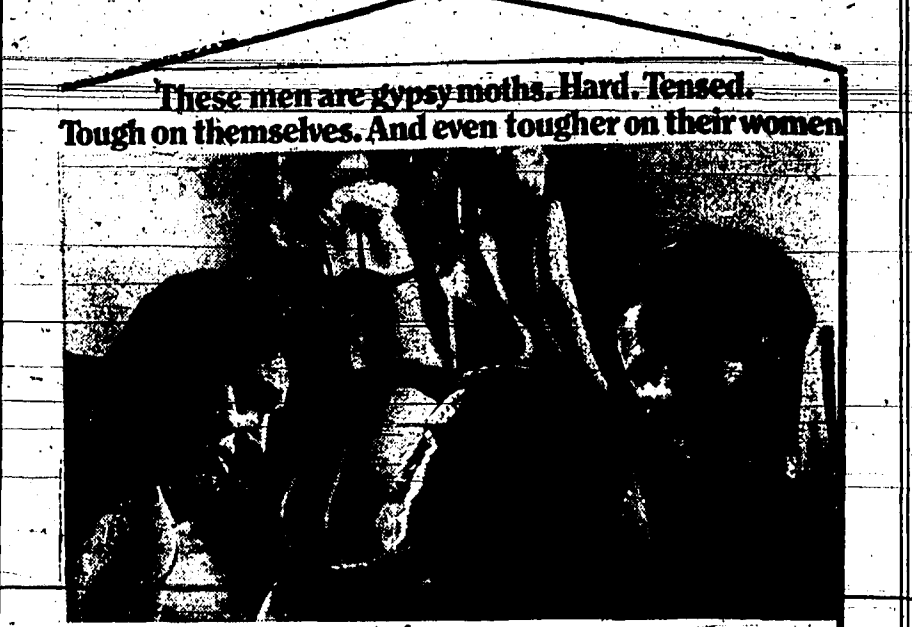

"They could have been killed by artillery fire, or bombs," said Bailey. "They didn't have to be shot down by gunfire."

Sen. Jordan Hits Cut In Mine Depletion

WASHINGTON (UPI) — Sen. Len Jordan, R-Idaho, said Tuesday that if the mining industry is to generate capital to meet increased future demands, the present depletion rate should not be cut.

Jordan made his remarks as he voted against an amendment to the tax reform bill which rock minerals in the United States is expected to increase to four times the present level.

MAVERICK... THE SIMPLE MACHINE

Maverick Still \$1995.
The best small car value in the world.

For the same kind of value in a larger size—your best buy is **Torino** Lowest-priced hardtop in its class.

IT'S A FACT: Our small car has scored a big success. And the reason is simple—solid value. FACT: Maverick rivals the imports in gas mileage. FACT: Maverick gives you lots of legroom, hiproom and headroom... plus 10.4 cu. ft. of trunk space. FACT: Maverick is easier and less expensive to maintain than an economy import. FACT: You can stop worrying about rising costs—Maverick is still \$1995.

*Ford's suggested retail price for the car. White sidewall tires are not included; they are \$30.00 extra. Since dealer preparation charges (if any), transportation charges and local taxes vary, they are not included, nor is extra equipment that is specially required by state law.

IT'S A FACT: Nothing can equal Torino—not in appearance, features or price. FACT: This hardtop has the same sleek styling of the more expensive Torino models. FACT: It has the same 117-inch wheelbase for a smoother ride. FACT: It has the same 60-inch track for better road holding. FACT: It has the same roomy interior that seats six in perfect comfort. FACT: It has new soundproofing that lets everyone enjoy a quiet, more relaxing ride. FACT: It gives you 16.2 cu. ft. of trunk space. Look over Torino and Maverick—pick the car that measures up to your needs. THE FACTS FAVOR FORD.

For more information about these cars, see your Ford Dealer or write: Maverick Catalog, Dept. N-12 or Torino Catalog, Dept. N-13, P.O. Box 1502, Dearborn, Michigan 48121.

GOODING COUNTY SOON will have its first separate courthouse when this new brick and masonry structure is completed. Ground was broken this week by Ellsworth Construction Co., Blackfoot. For many years the county courthouse was housed in the Lincoln Inn which was destroyed by

fire in February, 1968. Since then the temporary quarters have been housed in the State Tuberculosis hospital. The new structure, estimated to cost \$318,903, will be located on land donated to the county years ago and since used as a city park.

Protest

WASHINGTON (UPI) — Representatives of a California farm workers union have filed suit in U.S. District Court in Washington to prohibit U.S. farmers from employing Mexican nationals. The suit names Attorney General John N. Mitchell and the U.S. Immigration and Naturalization Service as defendants.

New Gooding County Courthouse Will Be Constructed In Former City Park

GOODING — Ground was broken this week for new Gooding county courthouse, being built on land given to the county years ago and used since as a city park. Contractor for the project is Ellsworth Construction Co., Blackfoot, which submitted a low bid of \$318,903. The contract states the structure should be completed in 330 days. Architects are Watson and Leatham, Boise.

The full city block has since been used as a city park since because bond issue details could not be agreed upon. Court house facilities were housed since 1914 in the same building as the Lincoln Inn which was destroyed by fire in February, 1968. Since that time county business has been transacted in temporary quarters at the Tuberculosis hospital. Decision to build a new structure was hastened by a threatened court order by District Judge Charles Scoggin who indicated it was the county's responsibility to provide adequate

facilities for court sessions. The brick and masonry one floor structure will contain both district and magistrate courts and have rooms for all county offices, including the county agent. The jail facilities will also be included on the main floor, county officials said.

Idaho Drug Spokesman Speaks Here

Buzz Goertzen, state drug official, spoke Monday to the Twin Falls Republican women on the drug problem. Mr. Goertzen warned that a person who tries marijuana loses his fear of drugs. He showed a film taken in a hospital for drug addicts. When questioned, an overwhelming percentage of addicts said they started off by trying marijuana, he said. The marijuana user undergoes a personality change and loses interest, often progressing into dependency and negativism, Mr. Goertzen said. The person also develops an anti-social attitude. Mr. Goertzen noted most drug users develop a psychological dependence on drugs and even after the cold turkey treatment, which is extremely painful, 97 per cent of them go back to taking drugs. The state official said drug abuse is spreading like wildfire and there is a definite problem in Twin Falls. He said a move towards forming anti-drug groups in the schools is having great success in California and if started here should strengthen the moral fiber of the majority of students who are opposed to the use of drugs. He also spoke at the College of Southern Idaho Tuesday.

Defendant In Arson Case Is Arraigned Here

Jimmy E. Phillips, 22, Castleford, was arraigned in Twin Falls County Probate Court Tuesday on a charge of arson. He is accused of one count of second degree arson and two counts of third degree arson in connection with fires in the Castleford area Nov. 27. Burned in the fires were a vacant house, a straw stack and a hay stack. Mr. Phillips asked for a preliminary hearing and it has been scheduled for Friday. The defendant is being held in the county jail in lieu of posting \$5,000 bond.

'Family Life' Program Set

The third session in a series of five on the topic "Changes in Family Life" will be held at 8 p.m. today in the Rhea Auditorium of the Episcopal Church. Roger Abernathy, professional and vocational counselor, College of Southern Idaho, will lead the meeting. Mr. Abernathy recently earned the degree of Master of Social Work from Idaho State University. His subject will be "Changes in Roles and Controls." The series is being sponsored in memory of Wayne Hankins, former law enforcement official in Twin Falls County. The public is invited to attend. There is no charge. The next two sessions will be Dec. 10 and Dec. 17.

Question . . .

Do retired Federal-Civilian Employees retain a death benefit allowance in their group life insurance plan?

Answer . . .

Under certain circumstances a Federal Civil Service employee may convert his group insurance to an individual policy upon retirement. If the employee does not convert to an individual policy and stays under his group plan, the amount of his life insurance is the amount the employee would have had on his 65th birthday or the date of his retirement, whichever is later. The life insurance is then reduced by 2% the last day of each subsequent calendar month until the amount of the life insurance reaches 25% of the amount the employee had at retirement.

Christmas Draws Near, Postal Official In Twin Falls Asks For Early Mailings

"Don't let this nice warm Indian summer weather lull you into postponing your Christmas mailings," cautions Fred Sanger, Twin Falls postmaster. "We know that in this Intermountain country it takes a good snowfall before our people fully realize the Christmas season is here," he said.

"Actually there are fewer than 20 shopping days left before Christmas and lineups at the service counters at the Twin Falls Post Office confirm the prediction that mailings will be heavier than ever this Christmas season," Mr. Sanger said. For the two-week period ending last Friday the local post office handled nearly one and a half million pieces of mail, which represents an increase over the same two-week period last year. More than 38,000 of the 1969 Christmas stamps have been sold already, nearly a third of the total supply here.

The postmaster said local residents should anticipate a deluge of mail will arrive at post offices all over the country during the 10 days just before Christmas and mailings should

be made here according to the following schedule to the greatest extent possible to assure delivery by Christmas day. Gift parcels for distant states should be mailed within the next few days to be sure of on time delivery. Parcels for local and nearby areas should be mailed not later than Dec. 13. The name and address of both the sender and addressee should be included in each gift parcel to permit identity in case of loss or damage to the outside label. The outside address should be placed on only one side of the parcel and zip code is required.

Greeting cards for distant states should be mailed not later than Dec. 10, and those for local delivery not later than Dec. 15. Customers are reminded there will be no delivery of Christmas cards and letters, other than special delivery, on Christmas day. Surface mail from Alaska and Hawaii should be mailed not later than Dec. 15. Observance of these mailing deadlines and use of ZIP code

will assure mailers their Christmas parcels and greetings will be delivered by Christmas day, Mr. Sanger said.

Supervisor Of Forest Slates Speech In T.F.

Edwin Fournier, district supervisor of the Sawtooth National Forest, will be guest speaker Dec. 12 at a meeting of the tourism committee of the South Idaho Chamber of Commerce. Mr. Fournier will speak on the White Clouds issue at the holiday dinner meeting at the Holiday Inn. Aldrich Bowler, Bliss, is chairman of the tourism committee of the valley-wide unit.

Needy Aid To Begin On Friday

The Salvation Army will begin preparing Christmas dinner Friday. That's the date Salvation Army Christmas kettles will appear on street corners throughout Twin Falls. Donations dropped into the kettles help bring Christmas to needy people who might otherwise miss out on the holiday. Mrs. John McNeese is chairman of the 1969 Christmas appeal. "Share With Others" is the Army's slogan at Christmas Mrs. McNeese said. "And I feel sure that most of the residents of Twin Falls will want to share what they have with those who have less." Serving on Mrs. McNeese's committee are: Howard H. Burkhardt, Morris Carlson, Robert Seibel, and Mrs. Robert Stephan. Capt. George Driver announced that the Salvation Army has many special programs scheduled for the Christmas season.

BANKLEY BRANCH OVERLAND SHOPPING CENTER

LOADING ONE'S CHRISTMAS tree into a pickup truck, after a family outing to the hills south of Almo is part of the holiday preparation for many families in Magic Valley. Per-

Christmas Tree Cutting At Almo Set For Dec. 13, 14

BURLEY—The annual Christmas tree cutting and sale will be held from 9 a.m. to 4 p.m. Dec. 13 and 14, about four and one-half miles south of Almo. Permits for cutting trees will be sold by the Bureau of Land Management officials for \$1 per tree with only one tree per family.

In order to purchase a permit one must be 21 years old or the head of a household.

This year the tree cutting area is about three miles south of the area where trees were sold in previous years. The road into the area will be somewhat rough and may be snow covered, therefore chains or snow tires are advisable.

There will be three parking lots provided but persons coming to the area to cut a Christmas tree should come prepared to do some walking. Persons

are reminded to bring their own saw or axe.

This annual event of cutting the family's own Christmas tree is looked forward to from year in year by many families who make it a day out of doors for the entire family.

Forest Technician Transferred

Michael J. Lunt, civil engineering technician with the Sawtooth National Forest since 1963, has been transferred to Albuquerque, N. M., where he will serve on the staff of the regional office.

Mr. Lunt's new position became effective Monday. He joined the Forest Service in August of 1962 working in the regional office in Ogden until September, 1963, when he transferred to the Sawtooth Forest as a cartographic aid.

He, his wife Pam and their three children, James, Wendy and Stephanie, have moved to New Mexico.

Boise And State Make Land Trade

BOISE (UPI)—A long-awaited land trade between Boise City and the state of Idaho became a reality today when the two units of government exchanged deeds.

City Councilmen William Orweller and Harold (Buck) Jones presented Attorney General Robert M. Robson with a quit claim deed to 20.98 acres of land in Military Reserve Park which the state wants as a site for a governor's mansion. Robson presented Orweller with a bargain and sale deed to 52.8 acres of land along the Boise River not far from the State Prison. The city wants that land for an eventual golf course.

Orweller also asked if the city could obtain a short-term lease on some 40 acres of accreditation land along the river to add to the deeded land and Robson said he could see no reason why the state cannot lease that ground.

Larry Jackson, a member of the Golf Course Commission for the city said Boise eventually hopes to put in a 27-hole public golf course along the river.

He said the city has enough land right now for 18 holes and hopes to begin construction by the end of next summer and thereby permit first play on the course by the spring of 1971.

Meeting Set

Board Of Examiners 'Shoots Down' Auditor's Pay Plan

BOISE (UPI) — The State Board of Examiners directed all executive department heads today to continue with their present payroll practices until further direction.

bring 20 agencies back under his wing. Those agencies have had their payrolls prepared by the division of management services and Williams contends the system used by that division is too full of errors to be continued.

the directive, told Williams. "We kept hoping it would go away, too," Williams said. "That's why we waited until the end of the biennium."

Williams to give the new computer system time to prove itself. He said he, other members of the board and the legislature shared with Williams the desire to perform the best service for the least cost.

Hot Business

By United Press International A man expending energy at the rate of a hovering hummingbird would have to perspire 100 pounds per hour to keep his skin temperature below the boiling point of water.

'Cave-In' Said Only Fall Of Mine Rock

BOISE (UPI) — A mine inspector's report indicated Monday that a reported "cave-in" at the Silver Star Mine near Halley last Tuesday was not exactly a "cave-in" in the usual sense of the word.

He said the slab had several boulders in it and that it plugged a draw hole at the number two level.

Williams and Mike Williams discovered what had happened. "The number two level was filled, cutting their way out. At this time there was nothing they could do but wait until the foreman came to see why they had not come out," Fife said.

Magnavox asks: What makes so many quarterbacks yellow?

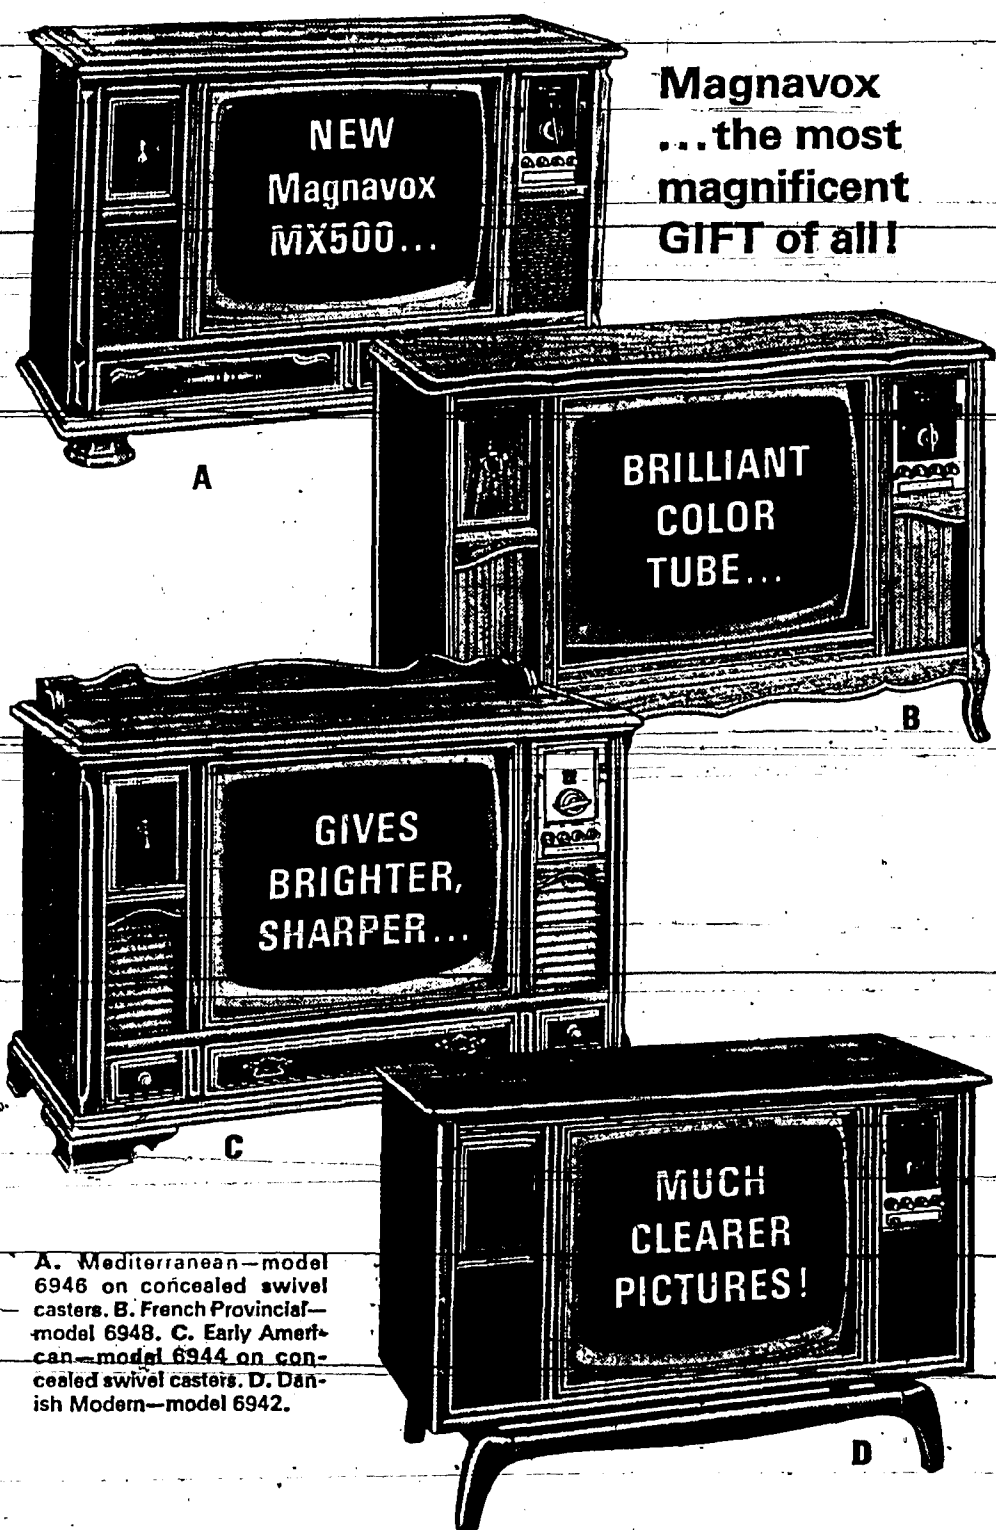

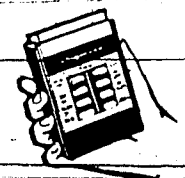

- It isn't fear of the red dog ■ It's your color-TV set
- It turns their faces yellow, or green, or purple ■ And when the action moves from the sunny to the shady corner of the stadium, all sorts of crazy colors appear
- Not so if you're watching on a new Magnavox with Total Automatic Color ■ TAC keeps the color right all the time ■ With TAC, there's no more jumping up and down right in the middle of a long punt return ■ Just set it and forget it!

Total Automatic Color—is truly the greatest advancement in Color TV reception ■ Color on ordinary sets today isn't very stable—you see green and purple people instead of warm, natural flesh tones when the scene changes—when you switch to another channel—or when a commercial comes on ■ Revolutionary TAC ends all that ■ The color is right all the time—automatically ■ TAC is an exclusive Magnavox electronic system which combines all the functions of these innovations ■ **Automatic Tint Control**—lets you select the flesh tones most pleasing to you and keeps them that way on every channel, every time ■ **Automatic Chroma Circuit**—assures uniform color intensity from station to station; no matter how often you change channels ■ **Automatic Fine Tuning**—eliminates the need for critical picture tuning; it gives you a perfectly tuned precise picture instantly and automatically ■ Revolutionary new Magnavox Total Automatic Color—so simple a child can tune it perfectly!

YOUR CHOICE \$650

These other advanced features contribute to your unequaled viewing enjoyment: New Magnavox MX500 Brilliant Color Tube—gives you vivid, more natural 295 sq. in. color pictures which are clearer and sharper, for more life-like picture fidelity and realism. Exclusive Chromatone—adds thrilling depth and rich beauty to color; warmth to black and white; Quik-On pictures and sound—eliminate annoying warm-up delay. World-famous Magnavox High Fidelity Sound—from two speakers—brings you fabulous program realism. Highly dependable 3 I.F. Stage Bonded Circuitry chassis—assures lasting reliability and sets a new standard of performance. And—only Magnavox offers you today's widest selection of authentic fine furniture!

82-Channel UHF/VHF Instant Automatic Remote Control—with more functions and more conveniences than any other remote unit today—is optionally available (except on model 6948). If you should fall asleep, it even automatically turns off your set after station goes off the air. And—it permits you to change channels, adjust volume and turn TV on or off—all from the comfort of your easy chair. \$760

TWO CONCERTS OF Christmas music will be presented in Twin Falls Dec. 11 by the University of Idaho Vandaveer Concert Choir, directed by Glen R. Lockery. The first will be at 2:30 p.m., at Twin Falls High School followed by an 8 p.m. concert at the CSI Fine-Arts Center. A mixed program of Christmas music will be presented at the concerts in Twin Falls, during the annual Christmas tour of several Idaho cities. All concerts are open to the public without charge.

Governor Stresses Idaho Commitment To Traffic Safety

BOISE (UPI) — Gov. Don Samuelson has reaffirmed the state's "total commitment" to developing a balanced statewide traffic safety program. Samuelson expressed both shock and dismay at the spiraling 1969 traffic toll which already has surpassed the total for the full record year of 1968. "Despite all our efforts to tackle the problem areas and improve the safety of our highways, our vehicles and our drivers," he said, "we continue to rack up a tragic accident and fatality record. "I have always believed in personal freedom, but along with personal freedom there must be personal responsibility and one has only to look at the number of single-car accidents to realize that our drivers are not accepting individual responsibility. "The state can and will continue to make every effort to improve our traffic safety record but in the final analysis traffic safety remains a matter for each individual driver."

General Electric Talks Of Money With Union Men

NEW YORK (UPI) — Despite pessimistic reports from both sides, the General Electric Co. and the two largest of the firm's 13 striking unions discussed money issues Tuesday. The strike by 147,000 GE employees at 280 plants entered its 38th day today. A spokesman for the United Electrical Workers (UEW) said it was understood the electrical manufacturing giant would make "another take-it-or-leave-it offer" before Christmas. The unions contend GE is unwilling to budge on its contract proposal of Oct. 7.

Construction Starts Total \$79,050 Here

New construction in Twin Falls for the month of November represented a total investment of \$79,050 in structural costs. City Clerk Constance Leiser reported Monday a total of 17 building permits were issued from her office for November, including four new dwellings, representing the major portion of the new building investment of \$61,000. There were two other constructions for a total of \$800 and three alterations for a total of \$10,900. There were eight repairs and improvements of \$6,350 and two one-family dwellings were demolished. The figure compares with 16 permits issued in November, 1968 totaling \$148,980. Total permits to date for this year are well ahead of a year ago, totaling \$3,425,887 compared to \$2,565,112 for the same time a year ago.

Former Senator, Mail-Order Firm Face Charges

WASHINGTON (UPI) — Former Sen. Daniel B. Brewster, D-Md., granting one-time gentleman jockey has been indicted on charges of accepting \$24,500 in bribes from a mail order house in return for his vote on postal rates. Indicted along with Brewster were Spiegel Inc., Chicago, and Cyrus T. Anderson, Washington lobbyist for the big mail order firm. The indictment, which resulted from a lengthy federal grand jury investigation, accused Spiegel and Anderson of making five payments to Brewster, all but one of them in 1967. Brewster, 46 and the son of a millionaire, was allegedly paid the money to sway his action.

Musical Set

GOODING — A musical, giving a modern version of I Chabod Crane, will be presented by Gooding High School students at 8 p.m. Thursday and Saturday in the grade school auditorium. Directors of the production will be Richard Reed, drama teacher, and Joe Goss, music director at the high school. vote and decision on postage rate legislation" which passed before the Senate Post Office and Civil Service Committee on which he served.

Thursday, December 4, 1969

7 p.m., 2B, 3, 11 — Movie, "Ten Little Indians," is a mystery tale set in a remote Alpine Castle. Hugh O'Brien, Shirley Eaton and Fabian are the stars of this 1965 film.

10:30 p.m., 11 — On Stage presents "Mirror, Mirror off the Wall," a contemporary comedy. George C. Scott and Maureen Stapleton star in the kickoff of the season's original plays.

Killer Offspring Of African Queen Bees Start To Spread

By JOHN VIRTUE
 SAO PAULO, Brazil (UPI)—The killer offspring of 26 African queen bees which escaped from an apiary 13 years ago have started to spread throughout South America.
 The agriculture department in Brasilia said the bees have already crossed south into Argentina and west into Paraguay and Bolivia. It said the bees will probably enter Uruguay next year.
 Within Brazil, the bees have traveled as far north as Fortaleza, 1,500 miles distant, where the latest fatality occurred. A six-year-old boy died almost instantly after being attacked by a swarm of the bees.
 When the bees were imported from Africa in 1956, Brazil was well on the way to becoming the world's third largest honey producer after Russia and the United States. However, the fierce offspring of the African bees drove so many honey producers out of business that by 1967, Brazil had become an importer of the product.

times and producers forced out of business.
 "If I could," he once said, "I'd put all the African bees in a ship and send them back to Africa."
 When Kerr imported 170 African queens from Tanganyika in 1956 he knew they were fierce, but he hoped to transmit their high honey yield to tamer Brazilian bees.
 His experiment went awry when one of his workmen left open a door to a screened hive, allowing 26 queens to escape.
 Five years ago the offspring of these escaped bees started to appear on the scene, attacking in swarms and invading domestic hives. The fatal victims included both man and beast.
 The agriculture department, which recently completed a study on the bees, said 20 per cent of the offspring were as fierce as the pure African bees, 70 per cent were moderately fierce while the remaining 10 per cent were tame. It said the ideal solution to the problem would be further cross-breeding with tamer Italian bees.

The man who introduced the African bee, genetics professor Warwick Kerr of the Ribeirão Preto school of medicine in Sao Paulo state, has received threatening letters from vic-

FIRST GUSHER
 LOS ANGELES (UPI)—Oil was discouraged here by Doheny in 1892 and continues today to be a major industry in the area.

THIS IS THE NEW LINCOLN Inn at Gooding, a replacement for the historic building that burned to the ground in February of 1968. The doors of this building were opened in the latter part of November but the motel portion has been open for business about a month. Mrs. Cleo Faulkner is the manager of the newly built structure.

Today's Market And Financial Report

Stocks

NEW YORK (UPI)—The stock market was pulled down again Wednesday as traders continue to show concern over inflation, tight credit and prospects for lower-than-expected corporate profits in 1970.

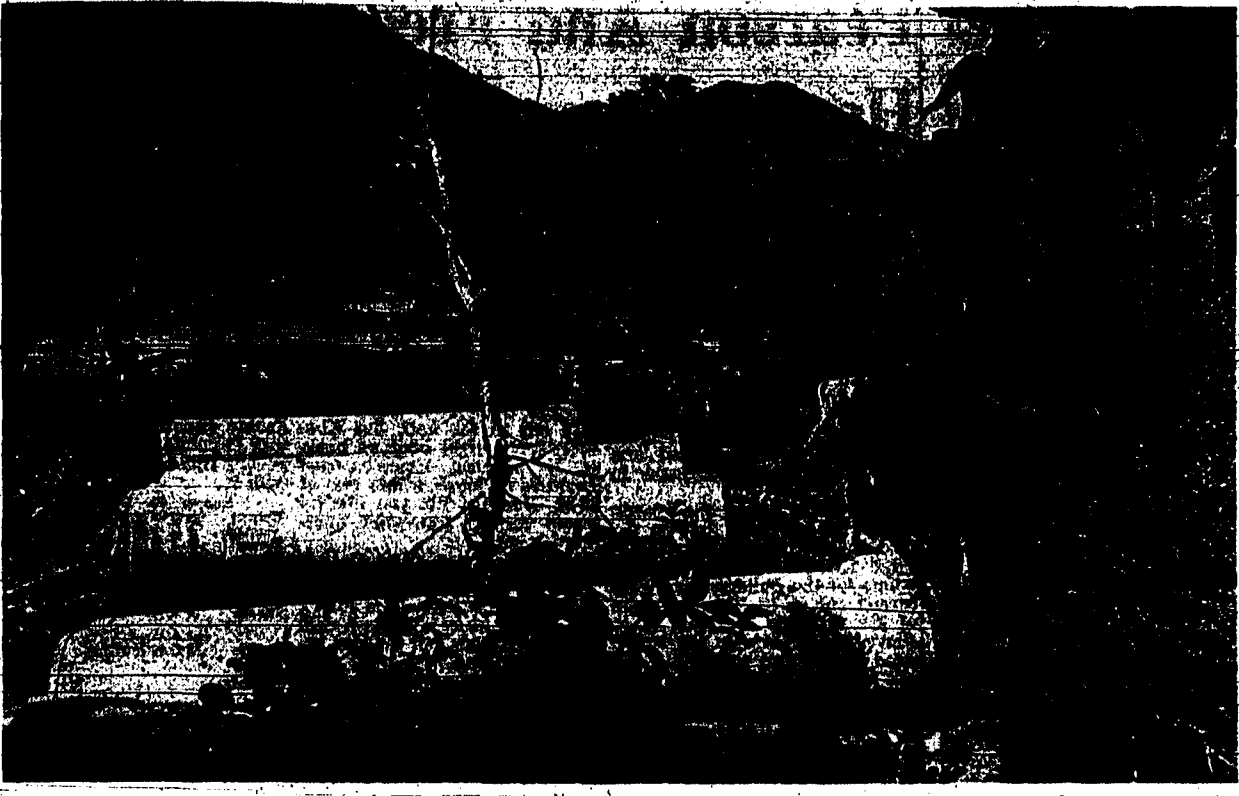

Near 1:15 p.m. the **UP** marketwide indicator was off 1.11 per cent, while the **Dow Jones** average of 30 selected blue chips was down 6.07 at 795.28. Analysts said the drop below the 800 mark on the Dow at one time regarded as a key resistance level, encouraged some selling.

Of the 1,524 issues crossing the tape, 1,019 declined and 244 gained.

A three-hour volume of around 7,300,000 shares was running ahead of Tuesday's at a comparable period.

THIS PEACEFUL PASTORAL scene near Ketchum is being disturbed by pipe to be used in construction of the city's new \$505,000 sewer treatment plant, now nearing completion. The

Arrington Construction Co., Idaho Falls, is prime contractor for the job and Idaho Concrete Products, Inc., supplied all the concrete pipe.

\$505,000 Sewage Treatment Plant At Ketchum To Be Finished This Month

KETCHUM—The sewer treatment plant at Ketchum is nearing completion, according to Arrington Construction Co., Idaho Falls, prime contractor for the job.

The project called for installation of more than 15,000 feet of extra strength concrete rubber gasket sewer pipe and reinforced concrete rubber gasket pipe in diameters from 12 to 24 inches. All pipe was air tested as required by the consulting engineer.

The new lines will serve as a collection system for the city of Ketchum as well as the Sun Valley resort complex which is expanding rapidly, with several

condominiums under construction. Completion for the project, which will cost \$505,000, is scheduled for early this month.

Project design was done by Johnson, Underkoffler and Briggs engineering firm, Boise. Arrington Construction Co., Idaho Falls, is the prime contractor. Hartwell Excavating Co., Idaho Falls, handled the contract for all trunk lines and Idaho Concrete Products, Inc., supplied all concrete pipe.

Haynsworth Will Stay As Jurist

WASHINGTON (UPI)—Informed congressional sources report, Judge Clement F. Haynsworth Jr. has decided to remain as chief judge of the Fourth Circuit Court of Appeals, despite his failure to win confirmation to the Supreme Court.

Haynsworth is scheduled to meet with President Nixon Thursday to discuss his plans. The sources said Haynsworth would remain on the circuit bench, as Nixon had urged.

ENORMOUS EGG

The elephant bird (*Aepyornis maximus*) stood a half-ton and couldn't fly. An aepyornis egg, when fresh, weighed about 20 pounds and was equal to 250 hen eggs.

A rubber company in Akron, Ohio, has built a total of 299 nonrigid airships since 1917.

Shoshone Road District Elects

SHOSHONE — Two incumbents were re-elected in the Shoshone Highway District election here Monday, with Morris Gerard defeating Clifford Stutzman, with a vote of 78 to 58 in Sub-District 2. In Sub-District No. 1 George DePow received 116 votes. He was unopposed.

Two directors were elected for the Shoshone Community District Monday both for four-year terms. M. E. McKendrick, incumbent in Sub-District 1, received 35 votes while Floyd Sprakes in Sub-District 2, polled 31 votes. Mr. McKendrick is an incumbent, while Mr. Sprakes replaced Herb Love who did not seek re-election.

Traffic Courts

JEROME — Police Judge C. J. Shupe fined Ronald M. Hillier, 17, \$16 and Larry L. Slagel, 21, \$13, both Jerome, for speeding.

Judge Shupe fined Fred D. Meyers, 38, Twin Falls, \$200 for drunk driving.

'Blind' Light

ALICANTE, Spain (UPI)—Four special traffic lights for blind people have been put in operation and officials claim they are the first in the world.

The lights, which flash the usual red, yellow and green for the sighted, are equipped with a carillon which emits music three seconds after the green light goes on. The first "audiotraffic lights" have been set up in the area of the local headquarters of the National Blind People Association.

Report Given On Work At Vienna Mine

HAILEY — Earl Waite, salesman, while in Hailey this week told of the work he and his co-workers are doing at the Vienna Mine up Smiley Creek on the headwaters of the Salmon River.

Mr. Waite said he and his sons, Earl Waite, Jr., and James Waite, Salomon, and his son-in-law, Gary Peck, Halley, plan to work at the mine, which is eight miles up the canyon, all winter.

"We have four snowmobiles, 12,000 gallons of fuel and plenty of powder," he said. "We also have two cats."

Mr. Waite said they are working for the Silver Empire Mining Co., Salt Lake City, and have contracted to run a tunnel of the Vienna Mine in 2,500 feet. He said the ground has been diamond drilled, that they are now in 1,000 feet, and expect to hit the vein of ore by Christmas.

Two T.E. County 4-H Groups Are Given Reader's Digest Grants For Projects

Twin Falls County 4-H'ers have received two Reader's Digest Foundation grants to continue with their plans on two Community Pride projects they have started.

The county's 4-H Builders Club, a county-wide club for older 4-H'ers, has received a \$215 grant to help establish a nature trail north of Ketchum near the site of the South Central Idaho 4-H Camp.

The other club to receive a grant was the Castleford 4-H and 4-H Club. This club, made up of Castleford area 4-H'ers, received a \$250 grant from Reader's Digest.

Idaho was one of seven states this year to receive the Reader's Digest grants and there were only four grants presented to Idaho. The other two 4-H clubs in Idaho receiving grants were the Butte County 4-H Builders Club and the Bingham Boosters 4-H Club.

Purpose of the grants by Reader's Digest, ranging from \$50 to \$500, is to stimulate innovative projects that will bring people together to work for a common community goal.

Since the beginning of the grant program in 1966, 174 grants have been given to 4-H'ers in 39 states.

The Castleford club, lead by Mrs. Lawrence Sill, will use the grant to make improvements to the community youth center known as the Red Barrel. This building has been cleaned up and put into shape for use by anyone interested.

Project chairman for this project, to which the community of Castleford, as well as area residents, have contributed in various ways, is Lori Sill, and assisting her is Joy Owen.

Travel Program To Be Presented Saturday At 'Y'

A travel program, open to the public, will be presented at the YWCA building in Twin Falls Saturday, Dec. 6, starting at 7:30 p.m. It is announced by Harmon Travel Services, Boise.

The show is the first since the Boise organization was appointed American Express travel representatives in this section of Idaho.

Travel films at the Saturday evening show will detail the Orient, Expo 70 (Japan) and Florida. Filmed details of the new 747 Superjet, soon to be put into service by Pan-American Airlines and capable of carrying more than 350 passengers, will also be featured.

The YWCA building is at 1751 Elizabeth Blvd. Various gifts are planned for those attending the program.

The nature trail will be established near the 4-H camp and will be a part each summer of the 4-H camp so all 4-H'ers in Magic Valley will be able to learn various things concerned with the forest.

Helping the 4-H Builders Club in establishing this nature trail will be Butch Harper, Ketchum.

Project chairman is Marshall Schroeder, Buhl. Jack Southwick, Buhl, is vice president of the club and his mother, Mrs. Frank Southwick, is sponsor of the club.

Along this nature trail will be signs telling 4-H'ers the different species of plants growing there, diseases among the trees and insects that affect the trees and plants.

Century Club

These donors have given \$100 or more to the 1970 Twin Falls United Fund Drive: Haney Seed Co., Simplot Soilbuilders, Cable Vision, Inc., Mr. and Mrs. J. Paul Thomas

Ramsey Hits 34 As Filer Slips Past Valley 63-61

By LARRY HOVEY
Times-News Sports Editor

EDEN-HAZELTON — Lanky Guy Ramsey hoisted Filer on his scoring shoulders Tuesday night and tanked 34 vitally needed points to give the heavily favored Wildcats a narrow 63-61 decision over the scrappy Valley Vikings.

Pirates Edge Musers In Last Seconds

HAGERMAN — Jeff Tupper and Craig Loughlin hit a field goal each in the final 30 seconds Tuesday night as the Hagerman Pirates staved off the pressing Camas County Musers for a 52-49 decision.

Tupper, getting his only points of the night, hit a one-hander from the corner that pointed Hagerman in front 50-49. Then with five seconds left Loughlin had a chance to ice it from the foul line. He missed the shot but it bounced back to him and he put in a jumper to clinch it.

Hagerman appeared headed for an easier time of it in the early going with lanky Russ LeMoine tanking 21 points and helping the Pirates build a 31-20 halftime margin. But, the Musers turned to a full court press in the second half and gave Hagerman problems. Coach Vic Gormley's crew cut the margin to 39-37 during the third quarter and the lead changed hands often in the final period before Tupper and Loughlin got the decisive buckets.

Shoshone Snaps 22 Game Skid

SHOSHONE — Elhs Johnson's 23 points carried the Shoshone Indians past Castleford 66-46 Tuesday night, putting a quick end to the Indian 22-game losing streak which dated back to the first game of the season last year.

The Indians, who pulled away in the second half, outscoring the Wolves 38-23, started clicking early for a 7-3 lead in the first quarter, but then fell behind 15-7 before getting on the board again.

Shoshone began to warm up in the second quarter, with Johnson hitting from both inside and outside, and pulled away by seven at the half.

Steve Wright carried the Castleford scoring load, hitting for 18 points, while L. Easterday added 11.

Colts Place Shinnick On Waivers

BALTIMORE (UPI) — Veteran linebacker Don Shinnick was placed on waivers and released at his request, the Baltimore Colts announced Tuesday.

The 34-year-old Shinnick, who holds the NFL record for pass interceptions by a linebacker, had been the Colts' regular right linebacker since 1959 but lost his job earlier this season to a rookie.

Shinnick asked coach Don Shula Monday to trade him or place him on waivers, because the Colts were not using him and he felt he could still play.

The trading deadline had already passed. Shinnick cleared waivers Tuesday but Colt spokesmen did not know if Shinnick had contacted any other teams. Shinnick had made no public statements.

Shinnick lost his starting job to rookie Ted Hendricks following the Colts' 24-21 loss to San Francisco earlier this year. It was their third loss in five games and virtually eliminated them from championship contention.

SPORTS

NHL Expands To 14 Teams For 1970

NEW YORK (UPI)—The National Hockey League expanded to 14 teams Tuesday when it granted conditional franchises to Vancouver, B.C. and Buffalo, N.Y., for a record entrance price of \$6 million each.

League president Clarence Campbell said the new cities will be situated in the eastern division and will begin play next season. Under the restructured divisional setup, the Chicago Black Hawks will be shifted to the western division and all other existing teams will remain in their same divisions.

Bill Wirtz, president of the Chicago Black Hawks and the NHL expansion committee, said the granting of the Vancouver franchise is contingent on the new owners acquiring, by Dec. 20, Northwest Sports Enterprises, which owns both the Vancouver Canucks of the Western Hockey League and the Rochester Americans of the AHL, plus final execution of a satisfactory lease with the Pacific Coliseum.

Wirtz said the granting of the Buffalo franchise is contingent on the formal approval by Buffalo authorities to increase the capacity of the War Memorial Auditorium to not less than 10,000 seats before the start of the 1970-71 season. In addition, there must be improvement in lighting and other facilities in the arena to bring it up to standard, as well as the execution of a lease satisfactory to the NHL.

Texas Tabbed By 7 1/2 By Oddsmakers

NEW YORK (UPI)—Odds-makers established the Texas Longhorns 7 1/2-point favorites Tuesday to down Southwest Conference rival Arkansas Saturday and claim the conference title and the national college football championship.

The top-ranked Longhorns, winner of 18 straight games over the past two seasons, face the third-rated Razorbacks at Fayetteville, Ark. The contest between the two bowl-bound teams will be televised nationally by ABC-TV at 9 p.m. EST. Both teams have 9-0 records this year.

The winner will be the host team in the Cotton Bowl opposite Notre Dame, making its first bowl appearance in 44 years, and the loser will go to the Sugar Bowl to meet Mississippi.

If the Longhorns and Razorbacks tie, Arkansas will go to the Cotton Bowl and Texas to the Sugar since Texas was the most recent of the two to play in the bowl at Dallas.

Washington Rips Idaho By 105-58

SEATTLE (UPI)—The Washington Huskies jumped to a 34-11 lead in the first 11 minutes Tuesday night and went on to swamp the University of Idaho 105-58 in the season opening basketball game for both teams.

Sophomore Steve Hawes led a balanced Washington scoring attack with 21 points and George Truitt chipped in 16.

After a slow start, the Huskies outscored Idaho 18-2 in one six-minute stretch in the first half to start the romp.

The point total for Washington was the most since a 111-56 win over the University of Hawaii in 1966. It was also only the third time in the club's history it has scored more than 100 points.

Idaho was led by Kim Cummings and forward John Nelson with 13 each. Reserve forward Don Dye had 13 for the winners and Rafael Stone added 12 and chipped in with eight assists—four of them in the early going.

Unsed, Bullets Wallop Royals

BALTIMORE (UPI)—Center Wes Unsed scored a career-high 30 points and pulled down 21 rebounds Tuesday night to spark the Baltimore Bullets to an easy 129-107 victory over the Cincinnati Royals.

Unsed, clicking for 19 points in the first half, steadied the Bullets' fast break which helped Baltimore pull away midway in the second quarter with a burst of eight straight points.

The Bullets, who trailed 36-35 after the first quarter, coasted after leading at halftime, 64-55. The Royals made one challenge midway in the fourth quarter after whittling a 79-63 Bullets lead to 102-97. Unsed scored four straight points to again pull the Bullets safely ahead.

FROSH CENTER Ralph Palomar, 67 post man from El Paso, Tex., is counted on for strong rebounding in addition to some points by Coach Jerry Hale of College of Southern Idaho. Palomar and the Golden Eagles seek their second victory at 8 p.m. Thursday when they host Western Wyoming Community College at Twin Falls High School gymnasium.

Conference Policies Are Reaffirmed By Presidents

DENVER (UPI)—Western Athletic Conference university presidents met two days in Las Vegas and reaffirmed conference policies against discrimination and supporting the right of coaches to enforce rules of discipline, commissioner Wiles Hallock said Tuesday.

The meeting was not publicized. An earlier WAC Conference Council meeting in Denver was abruptly halted when demonstrators protesting the dismissal of 14 black athletes at the University of Wyoming showed up.

Hallock said in a statement he also had been authorized to say: "The president's council recognizes that the last two day's discussion is just the first step in moving toward solution of the very serious and complex problems of controversy arising from the interrelationships of Brigham Young University with the rest of the conference members."

"Much remains to be done and it would be premature to even suggest what the solution is at this point. We will continue to communicate closely in the weeks ahead and will be meeting again in the not too distant future," Hallock said.

The policies affirmed by the presidents said: "That, in conduct of intercollegiate athletics, there is no place for discrimination against an individual or group on the basis of race, creed, color or national origin."

Pearson And Freestone Pace Hansen Over Kimberly 71-52

By PAUL BUKER
Times-News Sports Writer

KIMBERLY — Rugged Lynn Pearson muscled and finessed for 21 points and Walt Freestone added 13 more Tuesday night as the Hansen Huskies dumped Kimberly 71-52 in the opener for both squads.

Pearson, a husky 6-2 190-pounder, teamed with Freestone to almost completely shut the Bulldogs off inside and with these two working the offensive board and getting second and third shots Hansen was never in trouble.

Both teams began the season cold, and with 3:47 left in the first quarter the score stood 4-4. Mike Erickson tanked all four points for the Bulldogs, for what turned out to be his final total of the night. It was tied three times and Kimberly led twice, once at 2-0 and again at 10-9, but Pearson hit three foul shots

in the last few seconds of the period for a 14-11 Hansen lead, and the Huskies never trailed again.

The Huskies held on to slim leads of from one to eight points in the second quarter, as Freestone, Taylor and Pearson earned the offensive lead. Taylor hit a driving triple, Freestone tacked on a pair of free throws, and Pearson hit on a lay-up for the eight-point edge with 2:24 left in the half, but Kimberly came right back on buckets by Bulcher, Emerson, and Burrows to move within two at 27-29. Barnard hit two charity tosses for the four-point intermission edge.

While Kimberly managed only 11 points in a sloppy third quarter, Hansen kept right on rolling and tucked away the game with about a minute left in that period. Pearson hit on four straight points midway through the period, and Hansen had a 10-point bulge at 41-31 with 4:57 left. Three minutes later, after buckets by Barnard, Moore, Pearson and Freestone, Hansen had blown away into a 55-36 lead.

That lead stayed near the 30-mark until half the fourth quarter was over, then Kimberly began to cash in on steals and drew within 16, but no closer. Taylor and Moore both hit double figures for Hansen, hitting 12 points apiece, while Kimberly's Bulcher led the Bulldogs with 10.

Hansen 71, Kimberly 52

Notre Dame's Massive Mike McCoy Voted UPI Lineman Of The Year

NEW YORK (UPI)—College football linemen don't come much bigger or better than Mike McCoy, Notre Dame's massive defensive tackle. The 6-5, 285-pound All-American from Erie, Pa. was voted UPI's Lineman of the Year Tuesday, edging Penn State's Mike Reid by only seven ballots. McCoy received 44

votes from sportswriters and sportscasters across the country while Reid polled 37 ballots. Steve Kliner of Tennessee finished third with 12 votes.

After Kliner in the voting came John Ward, Oklahoma State (4); Jack Reynolds, Tennessee (3); David Campbell, Auburn (3); Sid Smith, USC (2); Don Parish, Stanford (2); Rocky Wallace, Missouri (2); Leo Brooks, Texas (2); and Carl Crennel, West Virginia (2).

McCoy, who claims "it's special to play for Notre Dame," led the Irish to an 8-1 season in 1969 and a trip to the Cotton Bowl on New Year's Day to play the winner of the Texas-Arkansas game this Saturday.

"Playing for Notre Dame puts added responsibility on you because every team is always up when they play us," McCoy said. "It can make a whole season for them if they beat us."

Only Purdue was able to defeat the Irish this year, although Southern California played Notre Dame to a 14-14 tie. McCoy played a key role in that game when he blocked a fourth-period punt that set up the tying touchdown.

"We had the punt block on that play for the first time in the game," McCoy said. "On all the other punts I had come in and hit the blocking half back with a shot. This time I went through the guard and center gap and the halfback was flinching and getting ready to absorb my block but I went around him instead and hit the ball with my helmet."

McCoy did other things besides block punts. He was the "big man" on the Notre Dame line against the pass and the rush despite being double-teamed. His size and strength makes him a top pro prospect.

Loop Losers Lean Toward Texas In Title Showdown

FAYETTEVILLE, Ark. (UPI)—There will be a national championship on the line and a president in the stands and there will be national television cameras peering over most every shoulder.

College football's "dream game" will be reeled off Saturday in the Arkansas-Ozarks before 43,000 Yampatics, including the nation's No. 1 fan, President Nixon, who warned the bench in college.

But the coaches who had to prepare their teams for the unbeaten universities of Texas and Arkansas feel the game will be decided by the same things that would decide it if it were played before nobody else but a few friends, relations and cheerleaders.

Wisconsin Fires Coach John Coatta

MADISON, Wis. (UPI)—John Coatta, who saw two years of winless frustration end with a trio of Big Ten victories this year, was fired Tuesday as head football coach at the University of Wisconsin.

Athletic Director Elroy Hirsch said no successor was named and he said a search would begin immediately to replace Coatta and his staff.

Coatta's removal was recommended by the UW Athletic board after a more than three-hour meeting. Madison Chancellor H. Edwin Young concurred with the recommendation, which will be taken before the university board of regents for final action.

Approval of the recommendations by the regents is considered a formality. Hirsch said the decision to fire Coatta was "awful tough."

"I was very fond of John personally," Hirsch said. He said five players appeared before the athletic board to personally ask that Coatta be retained.

Hirsch identified the players appearing before the board as guards Don Murphy and Brad Monroe, quarterback Neil Graff, fullback Alan Thompson and tackle Mike McGlash. Murphy was a co-captain of the 1969 squad.

Hirsch said the players felt a very close relationship with Coatta and didn't feel the poor season was Coatta's fault. They told the board they felt that Coatta had taken a young team and "turned it around."

Hirsch said he notified Coatta by telephone and Coatta was "very disappointed." He said he would meet with Coatta later.

Ron Mix Has Retired From San Diego

SAN DIEGO, Calif. (UPI)—Ron Mix, All American Football League offensive tackle since the league started in 1960, announced his retirement Tuesday.

The only surviving member of the original Los Angeles Chargers, now the San Diego Chargers, Mix said he would go into public service, either as a candidate for public office or in an appointive position.

"I could play three more years," he said, "but it's a matter of timing now."

A graduate of the University of Southern California, Mix received his law degree from the University of San Diego last summer.

He joined the new Los Angeles Chargers in 1960 although he was a first-round selection of the National League Baltimore Colts. He had captained the Trojans and was named their most valuable lineman in 1959.

He has been regarded as the top offensive tackle in the American League, if not in all of professional football, ever since. In nine years of play, up to this season, he had been penalized for holding only twice.

"Pro football broadened my interest in life generally," he said.

Mix was the only original Charger left although coach Sid Gillman still remains in the general manager's position with the club. The Chargers' quarterback of 1960, Jack Kemp, now is with the Buffalo Bills.

Hoople Calls Select Few To Last Joust Of Season

By MAJOR AMOS B. HOOPLE
Halloo, again, gentle readers. For the final time the Times-News brings forth its bowl contest and the opportunity for the overall prognosticating king (or queen) of the year to be named.

Today's paper carries the ballot of 17 bowl games and I made one prediction already, listing Texas as the representative in the Sugar. Should the results of the Dec. 6 game prove otherwise, those two, naturally, will not be counted in the final compilation.

Only those who have won money, or honorable mentions during the contest year are eligible for this one, which holds out a prize list of \$20, \$10, and \$5.

Those eligible include D. Alvord, Twin Falls; Elaine Anderson, Burley; Jim Astorquia, Twin Falls; Joyce Ballard, Twin Falls; Ray Baker, Jerome; Don Bedke, Oakley; Susan and Don Black, Eden; Bert Bollinger, Twin Falls; Cheryl Campbell, Chester Campbell, Neilson Campbell, Twin Falls; William Cook, Twin Falls; Jerry Couch, Burley; Steve Cover, Twin

Falls; Tony Clark, Burley; Ray Clayton, Shoshone; Ron Dietz, Rupert; Fred and Julie Domoewitz, Twin Falls, and Mr. and Mrs. George Dufur, Twin Falls. Mrs. Ralph Dunn, Jerome; Roger Dutt, Piler, Al and Jay Empey, Twin Falls; Dave Follingstad, Twin Falls; Joe Foller, Burley; Kaylene and Linda Gallely, Twin Falls; Jeff, Ray and Ken Garey, Twin Falls; Betty and Roger Greenup, Twin Falls; Leroy Grigsby, Twin Falls; Pete Gutches, Halley; Clarence Hatt, Burley; Dave Hamlett, Twin Falls; Lee Hammerquist, Buhl, and Betsy Harper, Twin Falls.

Don Hawk, Rupert; Rod Hohnhorst, Buhl; Inez Holton, Twin Falls; Delores Hopkins, Hansen; Ralph Hopkins, Hansen; Emmett Kent, Hazelton; Bob Jones, Kimberly; Howard Jones, Buhl; Jva Nickerson, Piler; Jane Martin, Twin Falls; Max Mathews, Twin Falls; Larry McMurdie, Twin Falls; George Merritt, Twin Falls; George Markle, Twin Falls; Jim Meservy, Dietrich, and Jerry Meyerhoeffer, Twin Falls.

Mike Mickes, Gooding; Carl Montgomery, Eden; Greg Moore, Hansen; Dave Munroe,

Expos Get Busy During Winter Meetings, Sign Manager, Make Trade

FORT LAUDERDALE, Fla. (UPI)—A ball club from another country had to snap the baseball meetings out of the doldrums Tuesday. The Montreal Expos accomplished the

trick by signing ex-Boston manager Dick Williams, as a coach, completing one swap with Atlanta and having the groundwork for a second one with Detroit.

The Montreal-Atlanta deal wasn't exactly an earthshaker, but it was the first of these meetings here and in it the Expos obtained right hander Jim Britton and minor league catcher Don Johnson from the Braves for left hander Larry Jaster.

If the Expos are able to swing that second trade, and there's a good chance they might, they'll pick up pitcher Joe Sparna, one of Woody Hayes' old quarterbacks at Ohio State, from the Tigers for pitcher Jerry Robertson.

While all this activity was going on, the world champion New York Mets mulled over a four-player swap that would bring them third baseman Joey Foy from Kansas City for outfielder Amos Otis, infielder Ted Martinez and pitcher Bob Johnson, three young men who spent most of their time in the minors this year.

By getting the 40-year-old Williams as their new third-base coach, the Expos grabbed off their second former major league manager in 80 days. The only trouble was the previous one, ex-Cincinnati pilot Dave Bristol, didn't stay long.

Montreal took him on as a coach during the World Series but let him go again last week to sign on as manager of the Seattle Pilots.

Williams, a former teammate of Montreal manager Gene Mauch during their playing days, will take Bristol's place on the Expos' lineup. He managed the Red Sox from 1967 through 1968, being named manager of the year in 1967 when he took Boston from ninth place to a pennant, then was bounced two months ago.

Le Mans Start To Be Modified

PARIS (UPI)—Organizers of the 24-hour Le Mans auto race took steps Tuesday to make the famed event safer by modifying the starting technique.

In the process they have developed what may become known as the "fumble start."

In previous Le Mans races, the drivers have raced across the track, jumped in the seat, pressed the starter and got underway.

For the 1970 race the driver will be seated in the car on the grid and the wires leading to the battery will be detached. The co-driver will race across the track and re-attach the car's battery before his colleague can hit the starter.

The reason for the modification? The driver, according to new race regulations, will be strapped in by a safety belt and seated beneath a new regulation protection arch.

Another safety modification being introduced is the rule that no driver may take the wheel during the race for more than four hours. The drivers will also have to wear new regulation fire-proof overalls.

The organizers announced that Le Mans will be staged June 13-14, and the official trials April 11-12.

Sayers Takes Over NFL Rushing Lead

NEW YORK (UPI)—Time waits for no man, not even rookie sensation Calvin Hill of the Dallas Cowboys.

Hill, the National Football League's leading rusher most of the season, has been forced to miss the last two games because of a bruised big toe and latest NFL statistics, released today, show he has lost his rushing leadership to Gale Sayers of the Chicago Bears.

Sayers, making a phenomenal recovery from a knee operation last season, gained 128 yards in 20 carries last Sunday against Cleveland to run his season total to 841 yards in 184 carries for a 4.6 average. Hill has gained 805 yards in 159 carries for a 5.1 average.

There were no other changes among the individual leaders this week with Sonny Jurgensen of Washington still tops in passing. Roy Jefferson of Pittsburgh leading the pass receivers; Fred Cox of Minnesota the top scorer; Bob Bryant of Minnesota the interception leader; David Lee of Baltimore the punting leader; Rickie Harris of Washington the punt return leader and Jim Duncan of Baltimore the kickoff return leader.

City League Opens Play

Three games were played Tuesday night in the opening of City League basketball action.

Turkey Almqvist tanked 14 points in leading Title and Trust to a 45-37 victory over Faux Cigar. Keith Sharkey was high man for Faux, hitting 10.

Sherwoods edged past Farmers Market 47-44 in overtime, with Sherwoods' Tom Moreland scoring 25 points. John Glesler hit 18 for Farmers.

Varsity Barber trimmed Hopper 57-37, with George Hughes high man for the winners at 14. Danny Porter scored 12 points for Hopper.

Library At Filer Adds New Volumes

FILER — A number of new books and records have been added to the shelves of the Filer City Library and are now in circulation, according to Mrs. F. E. Albin, librarian.

Adult books include "The Sins of Herod," Slaughter; "The Lost Queen," Lefts; "A Matter of Time," West; "In Times Like These," Lering; "The Thanks giving Visitor," Capote; "Spies Among Us," A. Christie; "Savage Sleep," Brand; "Great True Spy Stories," Dulles; "On Reflections," Helen Hays (non-fiction), and "Homeland," Berland, (non-fiction).

Children's books are "Lela Lenski's Christmas Stories," Lenski; "The Holy Night," translated by Schaefer; "Rudolf's Christmas," Burch, and "A Visit from Saint Nicholas," Moore.

Ten new Christmas records added "The Sounds of Christmas," with "The Three Suns," "I'll Be Home for Christmas," Living Trio with chimes and bells; "Merry Christmas Music," Perry Como; "Season's Greetings," Como; "Christmas With George Beverly Shea," Shea; "Christmas Hymns and Carols," Mario Lanza; "Christmas Music," Living Voices, and "Joy to the World," Robert Shaw Chorale.

Children's records include "Walt Disney's Pinocchio," narrated by Cliff Edwards; "All I Want for Christmas," Arthur Godfrey; "Cinderella and other Great Stories," narrated by Pickens, and "What Do You Want To Be When You Grow Up?" Ed McMahon.

Library hours are from 3 to 6 p.m., Monday, Tuesday and Friday.

Mrs. Albin expressed appreciation to Wayne Kious, instructor at the Filer High School, who constructed and donated a record browser for the library.

Foreman Hired

FILER — Carl Devall has been hired by the Filer Highway District board of directors as foreman for the district, replacing M. C. (Mike) Allen, who has retired.

Mr. Allen has worked for the district since 1950, and as foreman since April, 1953, reports Harold Huston, secretary. Mr. Devall has 19 years experience in his work.

DISCUSSING PLANS OF the Twin Falls County Mental Health Association are two of the newly elected officers. At left is Roy Slotten, vice president, and seated is Larry Mack, president. The group met Monday noon for its regular election of officers and business session.

Larry Mack Is Elected To Head Mental Health Group

The Twin Falls County Mental Health Association met Monday noon and elected Larry Mack president of the organization.

Other new officers are Roy Slotten, vice president; Marilyn Wright, secretary; and Lotus Schumaker, treasurer. Mr. Mack succeeds Lloyd Webb as president. Mr. Webb was recently elected chairman of the regional mental health planning committee.

Father John Riley was named chairman of the membership and publicity committee and Ray Lincoln was chosen to head the legislative committee. Rev. Leslie Brown is chairman of the services committee.

More Clothes Sought In 1969 Drive

FILER — Officials of the fourth annual joint Catholic-Protestant Thanksgiving clothing campaign have expressed hope that this year's effort will yield an even greater success than the highly profitable drives of the past three years, according to Rev. Elam Anderson, pastor of the Methodist Church.

The campaign, scheduled for this week through Dec. 7 in Magic Valley, will also take place in churches around the state. It is jointly sponsored by the Idaho Council of Churches and the Roman Catholic Diocese of Boise.

Items sought in the campaign will be used (but still serviceable) clothing, shoes, blankets, linen, bolt goods, and household soft goods such as towels. The results of the drive will be distributed world-wide by Catholic Relief Services, Church World Service and Lutheran World Relief.

Recipients will range from suffering war victims in Vietnam to the hungry millions of Biafra, and persons in more than 80 nations will be taught the fundamentals of sewing in classes using donated clothing and yard goods.

Prior to 1966, the two sponsoring groups had conducted separate appeals throughout the state. In that year, the eight member denominations of the Idaho Council of Churches joined with the Catholics of the state in their effort. Substantial increases in the amount of clothing collected have been reported each year since joint sponsorship of the drive began.

Churches participating may deliver donations Dec. 8 to trucking pickup depots at the Veteran's Building, Buhl, or the Church of the Ascension, Episcopal, Blue Lakes Blvd. N., Twin Falls.

flaps, \$5 fine; Julian King, 2044 Cherry Lane, expired safety inspection, \$5 fine; John Haken, Twin Falls, speeding, \$9 fine;

Meeting Set

JEROME — The Southern Idaho Swine Breeders Association will hold its annual meeting at 1:30 p.m. Saturday at Woods Cafe, Jerome.

Mrs. Virginia Mink, Gooding, secretary, said directors will be elected and plans for the group's annual show and sale in January will be made. All swine producers are urged to attend.

Youths Raise \$100 In Red Cross Drive

MILNER — Myra Kirk and Raymond Bradshaw, volunteer collectors for the American Red Cross, raised collected \$100.35 in the Milner area for the fund drive for Cassia County.

Farnum Warr, director of the Cassia County Red Cross chapter, appointed two teen-agers to do the collecting for this area again this year, as he has done since he became director nearly 10 years ago.

Myra Kirk, daughter of Mr. and Mrs. Ted Kirk, is a junior at the Burley High School and Raymond Bradshaw is the son of Mr. and Mrs. William Bradshaw Jr. and is a senior at the Burley School.

Cassia County has a goal of \$4,200 for the 1970 Red Cross program. Red Cross is active in assistance to servicemen, the Blood drive, volunteer water safety and Red Cross First Aid courses.

Each year the volunteers from Milner strive to better the record set by the team collecting the preceding year. This year's team collected the second highest amount ever collected in this community.

Mr. Warr states that he has chosen teen-agers for Red Cross in this area for many years and has always found them to be very capable of this task. He has always been well satisfied with each team's performance and feels that the sense of friendly rivalry between each year's team gives the youth a greater sense of enthusiasm.

Grand Guardian Conducts Official Visit In Burley

BURLEY — Mrs. Ruby H. Taber, Caldwell, grand guardian of the Grand Bethel of the State of Idaho-Job's Daughters, made her official visit to the Burley Job's Daughters Bethel No. 18.

A luncheon was held in honor of Mrs. Taber at the Chaparral Room at the Ponderosa Inn which was attended by council members and top Job's Daughters' officers.

An instruction period followed the luncheon for the council and was held at the Masonic Temple. In the evening a banquet for all Job's was held at the Temple with new initiates and their parents special guests.

Chris Lynch, honored queen, daughter of Mr. and Mrs. Bob Lynch, presented a corsage of pink roses to Mrs. Taber as well as a corsage to Mrs. D. W. Breeding, guardian, and a boutonniere to Ted Kelsey.

The banquet tables were decorated in Mrs. Taber's theme with pink roses as a centerpiece. Entertainment during the banquet was a Charleston dance routine by Laura Forschler and Melody Forschler.

A session meeting followed the banquet at which time grand officers attending were introduced.

They included Mrs. Lucille Kelly, Twin Falls, grand second messenger; Ann Wylie, Twin Falls, grand outer guard; and Mrs. Roland Willis, worthy matron of Excelsior Chapter No. 46, Burley, Order of the Eastern Star. Mrs. Willis presented Mrs. Taber with a monetary gift.

Conclaves who were received into the Bethel were Vickie Jenks, daughter of David Jenks and Mrs. Clara Despain; Vikki Faith Howard, daughter of Mr. and Mrs. Earl Howard; Lizabeth Ann King, daughter of Mr. and Mrs. Herman E. King; Karen Parsons, daughter of Mr. and Mrs. William Parsons; Melody Forschler, daughter of Mr. and Mrs. George Forschler; and Mrs. Carrie Carrell, daughter of Mr. and Mrs. James E. Carrell.

Kim Sue Smith, daughter of Mr. and Mrs. Herbert Smith, and Cristine Burton, daughter of Mr. and Mrs. Gate Burton.

Trudy Sherrod, Jan Hoffbuhr, Roxanne Lee and Laura Forschler sang "O Canada" in honor of the supreme guardian who is from Canada. Miss Sherrod and Miss Hoffbuhr then presented Mrs. Taber with a monetary gift from the Bethel in the form of a bluebird for her annual project.

Mrs. Taber's project is the Shriner's Hospital, Salt Lake City. The bluebird was made of papier mache by Judy Hinz.

Mrs. Taber's remarks were based on the theme "Dip your bucket where you are", and she advised the girls of the importance of taking advantage of immediate responsibilities and of what is close at hand.

Refreshments were served in the dining hall of the Temple following the meeting.

Release Of War Prisoners Asked

MALTA — Release of prisoners held by the Viet Cong was discussed when the Raft River chapter of American War Mothers met at the home of Mrs. Osmer Ward.

Mrs. Blaine Wight, president, urged all members to write their congressmen requesting that steps be taken to release prisoners.

Mrs. Ward served dinner with the Thanksgiving theme carried out in table decorations. Mrs. Wesley Ward discussed current events.

Special guests were Mrs. Mal Wickel, Mrs. H. E. King, Mrs. Nellie Ward and Mrs. Matthew Tremayne.

The Christmas party will be held at the home of Mrs. Edward Holtman.

The average American couple today spends \$35 per day when traveling on a vacation. This includes motel, food, gasoline and entertainment costs.

ance of taking advantage of immediate responsibilities and of what is close at hand.

Good And Bad Grocery Buys Are Discussed

FAIRFIELD — "Good and Bad Buys in Food and Groceries" was demonstrated by Mrs. Jay Fowles, home demonstration agent, at the November meeting of the Camas Prairie Homemakers Extension Club.

Mrs. Fowles substituted for Lee Stavros, Halley merchant, who was unable to attend. She showed different types of packaging and compared the contents and price of various brands. She urged the group to take time in shopping and to compare values before purchasing.

Mr. Stavros furnished the grocery samples.

Mrs. Lawrence Davis and Mrs. Keith Strom made bread and compared the time and cost of frozen bread and homemade bread and the bread was sampled by the group for taste comparison.

Mrs. Walter Pearson and Mrs. Earl Wilson made angel food cakes and compared the one from the mix with the one made from a recipe. Mrs. Everett Trader and Mrs. Loy Vanskilke compared homemade brownies with those made from a mix.

Mrs. Lonzo Baldwin compared the cost of a homemade biscuit-mix and a prepared mixture.

The club met at the home of Mrs. John Gaskill, with Mrs. Dave Howard as co-hostesses. The December meeting will be at the home of Mrs. Russell Pate with Mrs. Richard Dalin as co-hostesses. Christmas gifts and decorations will be featured.

MR. AND MRS. B. M. ORCHARD

Rupert Couple Will Observe Anniversary

RUPERT — Mr. and Mrs. B. M. Orchard, Rupert, will be honored on their Golden Wedding Anniversary during an open house from 2 to 5 p.m. Sunday at the home of Mr. and Mrs. Lloyd Knodel, North Burley.

The reception will be hosted by the couple's three daughters, Mrs. Lloyd (Shirley) Knodel, Mrs. Don (Tierilla) Hawks and Mrs. Harold (Lenora) Rutherford and their families.

Mr. and Mrs. Orchard were married Dec. 10, 1919, in Hamilton, Kan., where most of their early married life was spent. In 1938 they moved to Wendell, and to Rupert in 1942. They have resided at their present home for 26 years.

Mr. Orchard was a member of the National Guard in Kansas and served several months in the Army when peace was declared. He worked as a blacksmith at the F. I. Railroad Shop, Horton, Kan., and is self-employed at present.

Mrs. Orchard has been employed for the past six years at the local grocery store and is an active member of the Church of the Nazarene.

All friends of the couple are invited to attend the reception and the couple requests no gifts.

Buhl Seniors Are Speakers

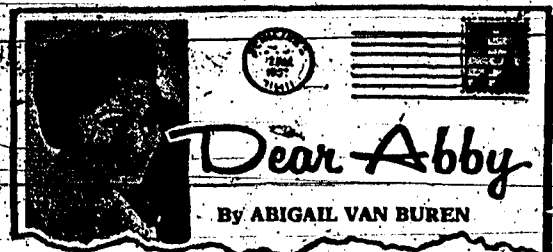

BUHL — Janette Carter and Shirley Meier, seniors at Buhl High School, were guest speakers when the Buhl-Women of the Moose met with Mrs. Bill Wonenberg, senior regent, in charge. The girls showed films and gave a talk on the summer science institute at Humboldt State College, Arcata, Calif., which they attended this past year.

Scholarships to the institute were awarded to only 62 students and subjects studied included oceanography and marine biology.

Two new candidates for membership, Mrs. Ken Jones and Mrs. James Gergens, were enrolled during the meeting. Officers and convention committees reported and thanked the members for their help during the state convention at Buhl.

Hosts were Mr. and Mrs. Lee Monroe, Mr. and Mrs. Leonard Vitrek and Mr. and Mrs. Steve Foukal.

USE TIMES-NEWS WANT ADS FOR FAST-SETTING RESULTS

DEAR ABBY: Now please don't get me wrong. I am only knocking my bride, I am only telling you this so you can make a fair judgment. Before Mary (not her real name) and I were married we stayed together in plenty of motels over weekends and like that. She seemed to be satisfied with me, but right after we got married, Mary decided that my snoring drove her nuts, and she couldn't sleep in the same room with me. So now I have to go sleep on the couch in the other room. This is not like I pictured married life.

We can't afford a two-bedroom apartment as yet, but Mary says that is the next step. Maybe I'm wrong, but if my snoring didn't drive her nuts BEFORE we were married, how come it drives her nuts now?

SLEEPING ALONE

DEAR SLEEPING: Maybe your snoring DID "drive her nuts" before you were married, but not quite "nuts" enough for her to send you to separate sleeping quarters. Lovers seem able to tolerate far more than married folks.

DEAR ABBY: I am 24 and just got out of prison. I pulled my time but none of my so-called friends will have anything to do with me. I've thought of moving to a new town, but they say that running away is not the answer.

What should I do, Abby? I trust you, and will look for your answer.

NO SAINT

DEAR "NO SAINT": I don't know who "they" are but "they" could be wrong. In order to start life over with a clean slate, perhaps it would be better to go to new surroundings where you are not known. "Old friends" are frequently the worst for one who has pulled his time. I vote for a move, and new friends. And good luck.

DEAR ABBY: Why are people so mean? My daughter is in a home for unwed mothers. The baby is due soon and everybody knows where she is, and who got her pregnant.

So why is it that everywhere I go, my friends and relatives have to ask, "How is she? When is the baby due? Is she going to keep the baby?"

Abby, I have nearly cracked up over this, and am under psychiatric care right now. I am told to put it "out" of my mind. How can I when people keep reminding me?

I am sure the daughters of these people are no better than mine. It's just that mine got caught.

It hurts enough knowing I will never be able to hold my first grandchild, and I can't sleep at night for wondering who will get it and raise it.

Please say something to help me. Or tell everybody else to keep their big mouths shut!

Sign me MISERABLE

DEAR MISERABLE: Avoid all those who have been so cruel and tasteless as to mention your daughter's present situation. If someone brings up the subject, cut him or her off in mid-sentence saying you don't care to discuss it. And if necessary, walk away.

CONFIDENTIAL TO "NAME-LESS PLEASE" — No, I do not know why, but my mail indicates that when a girl hippie needs money, she will write to her FATHER, and when a boy hippie needs money, he will write to his MOTHER. Interesting?

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90068. For a personal reply enclose stamped, addressed envelope.

Dinner Held

MILNER — Mr. and Mrs. William McCoy hosted members of the Friendship Circle Club and their husbands at a dinner meeting recently at their home.

After the dinner, members answered roll call with "What I have to be thankful for." Christmas boxes were wrapped for neighbor boys in Vietnam and Korea.

Plans were made to hold the annual Christmas dinner Friday evening at the Depot Grill with a party to be held afterwards at the Paula Brune residence.

Proficiency

Work Completed

Proficiency work was completed by new members when Bethel No. 56, International Order of Job's Daughters, met in regular session at the Masonic Temple.

Introduced were Mrs. Lucille Kelly, guardian of Bethel No. 56, and Gene Sharp, associate guardian. "Job's of the Meeting" was Barbara Marr and the "Robie Job's" was Carla Grabert. Refreshments were served after the meeting.

NO CLUMPING

To make smoother, uncooked frosting when using nonfat dry milk, mix it with the powdered sugar — about 1 tablespoon to each cup of sugar — called for in the recipe. Then when water is added, in place of the fluid milk, no clumping.

Teen-Agers Toy With Making Films

By PATRICIA MC CORMACK
NEW YORK (UPI)—Make America laugh seems to be the motto of teen-agers toying in the movie-making field.

At least spoofs and comedies of all kinds abounded among entries in one movie-making competition for teen-age boys and girls.

Science fiction themes cropped up in some of the prize-winning films. And in the social commentary category, one documentary dealt with drugs and the "artificial paradises" they create.

The drug film, by Andre Bouhaine, 16, of Montreal, Quebec, Canada, showed external effects of drug use. Included: loss of sex appetite, reversion to primitive way of life, and change in looks.

But at this stage of the 20th Century, the movie-making teen-agers were mostly preoccupied with humor.

In "Very Grim Fairy Tales," produced by Tod Gangler, 15, of North Haven, Conn., the prince drops Cinderella's glass slipper and it breaks. A mixed-up prince goes off with the witch while Snow White lies poisoned on the ground.

In another entry in the seventh annual Kodak Teen-Age Movie Competition, a golfer tees off and lands his ball in the open mouth of an astonished picknicker. Undaunted, the golfer lines up his shot. The picknicker survives.

Bill and Bruce Northey, 17 and 16, spoofed Mission: Impossible. The teen-agers from Tempe, Ariz., had everything backfire in their mission to retrieve a briefcase.

In a light-hearted satire, Albert Fisher, 14, of Lacrosse, Wis., featured an alien spore which lands on earth. A plant grows from it and attacks campers. Hilarious antics follow as the campers finish off the monster plant.

A group entry came from students at Westminster schools, Atlanta, Ga. This farce-comedy, "The Chase of a Lifetime," starred a tricycle, brought to life by special film effects.

It leads a teen-age boy down

PLATFORMS, CLODS and sturdy heels are featured for spring, 1970, shoe wear. Accompaniments of dress, however, can be almost anything. (UPI telephoto)

Egg Nog Party Set Thursday

The South Central Idaho Chapter of American Institute of Banking announces plans for an egg nog party and social at the Holiday Inn Thursday beginning at 7:30 p.m.

June Talkington and Kathy Whitaker, First Security Bank of Twin Falls, are co-chairmen of the Women's Committee for the

a spiral staircase over high walls, up a metal chain and finally down the road to his demise.

Kenton G. Murphy, 15, who produced the film, says the tricycle symbolizes childhood.

See?

South Central Idaho Chapter. Barbara Anderson of Barbara's Wig Salon will have a special showing of the new holiday fashions of wigs and hair pieces.

All women members of Magic Valley banks are invited to attend this event.

PROTEIN

The day may be coming when all our protein needs can be supplied from the leaves of plants, says an English biochemist. Through a method devised by Mr. N. W. Pirie, of Rothampton Experimental Station, Hertfordshire, England, a residue of almost pure protein with all essential amino acids — can be obtained by squeezing leaves in a press. The residue is then converted into a moist, cheese-like block, which

can be flavored to taste. Twelve such presses are now in operation world-wide.

Mrs. Coffman's 90th Feted On Date

SHOSHONE — More than 100 friends called on Mrs. Nellie Coffman for her 90th birthday celebration at the Matthews Senior Citizens Home. The event was sponsored by members of her family.

The Coffman family came to Shoshone from Mt. Grove, Mo., in 1925 and she has resided here since. Her husband died in 1957. They had 11 children. There are 20 grandchildren, 42 great-grandchildren, and six great-great-grandchildren.

can be flavored to taste. Twelve such presses are now in operation world-wide.

Teachers Recognize Rock

NEW YORK (UPI)—Note from teacher this day reads: "Dear parent:

"Your son is slipping in 'Jefferson Airplane' and not doing so well in 'The Doors.' But he is making fine progress in 'The Who' and I feel with a little encouragement from you he ought to be able to bring up his grade in music for the current report period."

The note was signed by the music teacher, one of 58,000 belonging to the Music Educators National Conference (MENC). This group accepts rock music as legitimate and sanctions its use in education.

Airplane, Doors and Who, mentioned above, are rock groups that, along with the Beatles and the Rolling Stones and such, will be pushing Bach, Beethoven, Brahms and Mozart off center stage as the unchallenged masters in music education—when these teachers have their way.

In some schools rock music already is part of the music curriculum.

In one of these, Bedford Junior High School in Westport, Conn., homework in this course consists of listening to rock records and making reports on them. Youths leaning to long-hair music, notably some in the school orchestra, would like equal time for Beethoven, Bach and Crowe.

Wiley L. Housewright, MENC president and dean of the music school at Florida State Univer-

sity, wants educators to recognize the spirit of the younger generation by including youth's own expression in the curriculum.

Reporting in the Music Educators Journal, Housewright says that traditionally the nation's youth has found musical expression through church choirs, marching bands, choruses, and orchestras.

But, he says, that's not enough for hundreds of thousands of contemporary youths who have produced their own new music, vibrant, original, honest rock.

"Young people's music can be held at bay outside the institutions of society as it largely is at present, or it can be recognized as a vital and welcome new regenerative force and invited to assume a respectable position in the American music culture."

Barred from the classroom, according to Housewright, rock music has been forced into backrooms and pop festivals.

He says adults who consider this youth's music a fad just have not been listening.

"Rock music," he said, "is an issue that needs to cause no further, generation gaps, no further confrontation between student and teacher."

The gaps go, you see, when the rock music makes the classroom scene—music educators figure.

USSR People Worship Despite Atheism Credo

By GAY PAULEY
UPI Women's Editor
ZAGORSK, U.S.S.R. (UPI)—
God is not dead in the Soviet
Union. Instead, he is very much
alive in the numbers you see
expressing their faiths despite
the official government credo of
atheism.

As a publication on religion in
the U.S.S.R. from Novosti
Press Agency's publishing
house states, "The (Communist)
party... does not conceal its
views on religion and
atheism and deems it necessary
to struggle against religion, but
the struggle is a matter of
persuasion and not compulsory
weapons. Extreme caution is
used so as not to offend the
religious convictions and feel-
ings of the believers."

To claim that atheists are
devoid of moral convictions
is to slander the Soviet
people and the millions of
people the world over who no
longer believe in God.

So much for the government
stand.

But how much practice is
there of religious beliefs, in
spite of the party's discouragement?
The U.S. State Department
estimates that between 50
and 70 million Soviets, in a
country of some 329 million,
adhere to some religious
faith; most are Russian Ortho-
dox Christians.

Certainly, to this observer on
a second tour in as many years
to the U.S.S.R., practice of
Christianity and of Islamism,
when you move into Central
Asia, are quite open—more
obvious this year than last year
at about the same time.

Last year, guided tours for a
group of U.S. women on an
unofficial and informal "woman
to-woman" trip tended to skirt
the religious centers. This trip,
we have been through cathed-
rals and mosques, many of
them fully restored in recent
years, others under restoration.
Last year, the tendency was to
call the cathedrals "museums."

This year, the Museum of
Atheism in Leningrad was back
to being the Cathedral of
Kazan, but it still housed
thousands of relics of anti-
church artifacts.

"Crazy Dress"
Party Held

BUHL — "Crazy dress" was
the theme when the Omega
Chapter of Beta Sigma Phi hos-
ted the annual party for Exem-
plar and Preceptor chapters at
the Lincoln Courts Community
Center.

Prizes for the best costumes
were presented to Mrs. Vern
Rodig, Mrs. Don Wright, Mrs.
Jim Guerry and Mrs. John Mi-
racle.

After a scavenger hunt, games
were played and refreshments
served.

Beauty Hint

Today's most appealing eyes
of fashion according to Max Fac-
tor, noted beauty authority, re-
quire a highly individualized
make-up, attention. Start by as-
sembling a variety of shadow
colors—including highlighters
and contours, eye-liner and a
pair of Fashion Lashes.

Try the new Lash-A-Dashery
kit which provides everything
needed for the total look of love-
ly, memorable eyes, including
three Water Power Eye Shad-
ows, Cake Eye-Liner and a pair
of Flair Lashes, with the strik-
ing "up-sweep"—all in one con-
venient compact. To apply the
eye shadows accurately, tilt your
chin high and look down into
your mirror so that the upper
lids are fully exposed. Use two
or even three shades to color,
contour and highlight eyes to
new drama.

To line your upper lid, tilt your
chin up, look down into your
mirror again and stretch your
eyelid slightly outward with a
finger. Then draw the eyeliner
close to the roots of your lashes
as possible. The most cunning
way of combining the real with
Fashion Lashes is to mascara
natural lashes before adding the
fakes. Then use a clean brush
to blend the two together for a
very fluffy and natural thick-
ened look.

Mini Dress Combined With Midi, Maxi

By GAY PAULEY
NEW YORK (UPI)—The
combination of mini dress with
midi or maxi coat is a 1970
look.

That's the long and short of
it, the last word on hemlines
for the new season.

As the forecasters detail
things, "The hemline rise or
fall that once took seven years
between extremes will occur in
the space of one day as a wom-
an changes from day (five
inches above the knee) to eve-
ning (14-, 10- or eight-inches from
the floor)."

"Most designers believe
equally in the short daytime
skirt, from three to five inches
above the knee, and the calf or
ankle length for festive clothes."

"Like travel pants and the
shirt dress, every fashionable
woman counts pajamas as a
basic, but they are no longer a
sensation. Pants for day and
evening are straight and fitted
tight through hips and thigh."

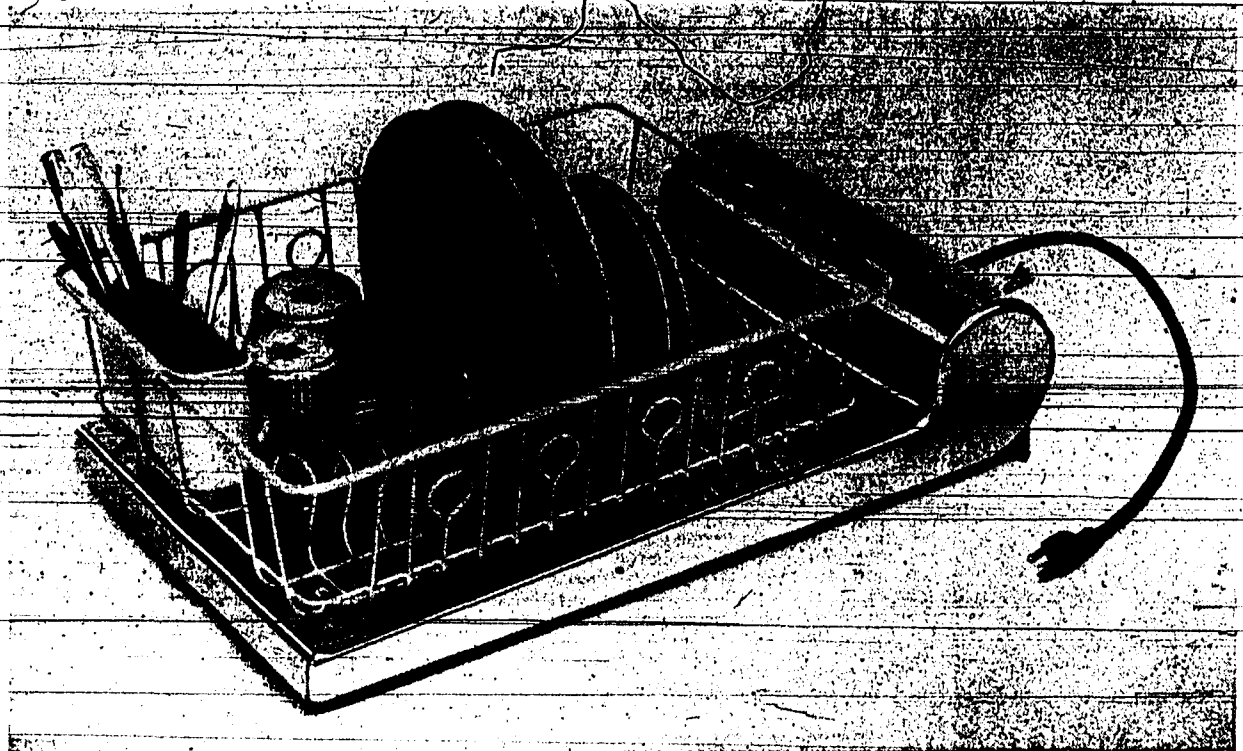

These were excerpts from the
spring forecast as the Ameri-
can designers group opened a
week-long series of fashion
shows for visiting press, radio
and television representatives
the shows will continue through
Friday and include such
"name" designers as Brooks
Dier, Simpson, Tiffau, De La
Renta, Cassini and Triger,
plus manufacturing or trade
groups like the Cultured Pearl
Associations of America and
Japan and the American
Footwear Institute.

Now for some specific trends
from the spring collections:

Day and sports clothes are
classic, uncontrived, mostly
straight and simple, fairly loose
yet showing the body. Day
shapes include the shirtwaist,
the shirt, the simple suit, the
tubular coat, the pants suit with
a long tunic, the maxi coat over
a short dress or pants and
shirts.

The 1970 silhouettes are close
through the shoulders, long
through the waist, flared at the
hem by pleats or flounces.
Belts are always soft and non-
cinching, fairly narrow and set
low on the hipbone.

Necklines are no longer high
but the throat is almost always
wrapped with a long scarf.
Many coats and suits are
collarless, with the Cardigan
look, and many dresses have
low rounded necks with or
without trim.

NOW THERE'S AN EASY, effortless way to dry dishes. Drying dishware electrically needn't be expensive or space consuming. Now there's an electric dish drier that does all the work in minutes and is no bigger than the dish rack now in use. Called the Thermo-Pure Electric Dish Drier, its con-
trolled heat combines with gentle circulating air to dry and sterilize the finest dishware. A built-in germicidal lamp kills bacteria on contact and emits ozone to absorb kitchen odors, too.

Magic Valley Favorites

JAMES VICKERS
1101 7th Ave. E., Twin Falls

Chocolate Macaroons
4 egg whites, beat until stiff
1 cup sugar (mix into egg whites)
1 teaspoon vanilla
1 pinch salt
1 large package chocolate chips
3 cups coconut

Melt chocolate chips in double boiler. Combine ingredients and bake on brown paper sack placed on cookie sheet. Do not grease the sack. Drop by spoonful. Bake at 325 degrees for exactly 15 minutes.

Couple, Son Feted At Party

SHOSHONE — Mr. and Mrs. Conrad H. Thorne and six month old son, James Nathan, Detroit, Mich., were guests of honor at a family dinner party recently at the home of Mr. and Mrs. Harrell Thorne. The couple and their son are visiting here and in Logan, Utah, during his vacation from work as a writer at Campbell-Ewald Advertising Agency, Detroit.

A graduate of Shoshone High School, Mr. Thorne attended Ricks College, received his bachelors degree from Brigham Young University and his masters degree from Northwestern University in Chicago, Ill. Mrs. Thorne is a high school English and speech major of Utah State University, Logan, Utah.

New Fall-Winter Pattern Catalog — over 100 styles, free pattern coupon, 50¢ instant Sewing Book, now today, wear tomorrow, \$1. Instant Fashion Book — what-to-wear answers, accessory, figure tips! Only \$1.

How About Shopping For A Sphygmomanometer?

By PATRICIA McCORMACK

NEW YORK (UPI)—Making your Christmas gift list and finding blanks beside names of persons who are hard to please? How about shopping for a sphygmomanometer or any other unusual thing bound to be billed as "fascinating" and make conversation, stir curiosity and perhaps require imagination in the use? The Christmas gift books and ads already are full of descriptions of such tokens of appreciation.

This sphygmomanometer costs \$10.50 and it's used to take blood pressure readings. If the shortage of doctors gets worse, this gadget may even have a practical use in 1970. Also medical is a \$2.25 item billed as "fascinating" and educational for kids and adults. The item? A stethoscope. Some gifts are the pig-in-a-poke variety. In this class is a \$3.50 "weight control" kit. It

contains, according to the ad, 10 carefully selected items to help reduce weight and increase humor. If money's a problem, for just \$2 you can get a warning sticker that goes on the door, protected by electronic automatic alarm system. There is no alarm system to go with the sign but if it helps, the sign's authentic. Other favorites among things I've seen is a flashlight with a siren and a dog collar that glows in the dark. The former does the screaming for you in a mugging situation. And the latter helps Fido to be seen by motorists at night.

Files for the kitchen abound in catalogues. The people who allegedly have everything all through the house probably don't have a stripper zester, fluter, or notcher in the kitchen—so a gift of any of these things will be appreciated, once you explain how it's used. The stripper takes the colored

rind from citrus fruits in one continuous spiral. The zester shaves carrots. The fluter puts those ridges across a cucumber, zucchini or potato when you slice it. The notcher is a V-shaped blade that enables one to separate fruits into perfect, evenly notched halves. Even those who seem to have everything for the kitchen probably don't have a cooler for caviar. Not one made of English lead crystal and silver plate. A mere \$45. If caviar isn't on the premises, the recipient of this item certainly can use it as a centerpiece—filled with flowers.

RONALD L. HADLEY, executive director of International School for Young Americans, goes over the 1969 "Fashion and You" study tour catalog with Dobbie Bryant, Miss America 1966 and recently appointed ISYA fashion representative. The International School is a Cincinnati, Ohio, based organization that plans 30-day summer fashion study/tours of the fashion capitals of the world from New York and Rome to Paris and London.

Oregon Trail Chapter Meets

FILER—Mrs. Warren Stroud presided at the business meeting of the Oregon Trail Chapter of the Idaho Food Service Association at the November meeting in the Buhl Elementary School. Mrs. Maud Avery introduced Mrs. Woodrow Ash who presented two piano selections. Mrs. Stroud gave the opening prayer and the group repeated the

Lord's Prayer in unison. Mrs. Harvey Maxson called the roll and read a letter from the state office in Boise. Members voted to hold a gift exchange at the Christmas meeting. Refreshments were served by Beatrice Johnson, Edna Herrick, Stella Cill and Mrs. Avery. After the meeting, ladies toured the Buhl school and the group repeated the

Dinner Held

FILER—The Christian Couples Club of the Clover Lutheran Church held a progressive dinner with appetizers served at the home of Mr. and Mrs. Gary Schroeder, followed by salad at the home of Mr. and Mrs. Wayne Jagels; vegetables, home of Mr. and Mrs. Jerry Kaster; and meat and potatoes, home of Mr. and Mrs. Douglas Schroeder and Mr. and Mrs. Jerry Schroeder. Dessert course was served at the home of Mr. and Mrs. Ivan Schroeder, who were in charge of the devotional service, assisted by Mr. and Mrs. John Kas-

GORTLE SHOOTING

Special Dish Worth Preparing

Hungarian Goulash, a specialty worth preparing. Slow-simmered and made flavorful with herbs and spices, this recipe will be liked by everyone.

Paprika, rich red in color and warmly aromatic, is widely used in Spanish, French and Hungarian cookery. Paprika is used for both color and flavor. It is an essential ingredient of the Hungarian national dish, goulash, and of chicken or veal paprika. Cream soups, eggs, fish and numerous other dishes benefit from a sprinkling of paprika.

Serve Hungarian Goulash with noodles or for a very special treat serve with Spätzle.

- HUNGARIAN GOULASH**
 3 pounds beef shoulder (cut into 1 1/2-inch cubes)
 1 tablespoon shortening
 1 tablespoon Schilling Bon Appetit
 2 teaspoons salt
 1/2 teaspoon Schilling Garlic Powder
 1/2 teaspoon Schilling Black Pepper
 2 tablespoons Schilling Paprika
 1/4 cup tomato paste
 1 cup water
 3 slices bacon
 3 medium-size onions
 3 medium-size potatoes
 2 green peppers

Brown beef on all sides in hot shortening. Combine Bon Appetit, salt, garlic powder, pepper and paprika; sprinkle over meat.

Add tomato paste and water; stir. Lay bacon strips over top. Cover and simmer one and one-half hours. Cut onions, potatoes and peppers into medium-size pieces and add to meat. Continue cooking 30 minutes or until vegetables are tender. Makes approximately three quarts or six to eight servings.

HERBS AND SPICES add just the right touch to this favorite, Hungarian Goulash. It is slow simmered and is a recipe that will be liked by everyone.

Beauty Hint

When wind, sun and temperatures endanger the beauty of your otherwise softly seductive mouth, famed beauty expert Max-Factor suggests you try the following helpful tips.

No. 1. Regardless of how "natural" you may want to look, always wear lipstick. Not only does it add that necessary touch of color, but it helps keep lips soft and smooth even when exposed to cold wind or hot sun. Try one of the three luscious new UltraLuminous Cream Center Lipsticks—Red On Red, Clear, Clear-Red and Luminous Pink—chosen to flatter your complexion, hair coloring or fashion ensemble.

No. 2. Always blot your lips before applying lip color. Lips which are blotted dry accept and hold color much more effectively.

No. 3. Avoid moistening your lips excessively. Most women unconsciously—and automatically lick their lips just before applying lipstick—and often during the day. Not only will this result in a more rapid color loss, but it can also lead to painful and unsightly chapped lips.

No. 4. Apply a touch of night cream or a colorless Lip Gloss at bedtime to keep lips soft and supple, free from chapping.

Tasting Tea Is Given At Almo

ALMO — A tasting tea highlighted the November meeting of the Almo-Elba Independence Rockette Club at the home of Mrs. Analee Jones.

Each member brought her favorite dish with the recipe. The food was served as refreshments and recipes were exchanged.

New officers were elected with Mrs. Alvin Carpenter retained as president; Vivian Hawkins, vice president, and Mrs. Robert Ward, secretary-treasurer.

The club's Christmas party will be held at the Elba Church with the date to be announced.

JOY ELAINE GRAVES (Noble's photo)

Joy Graves, Miller Reveal Wedding Date

Mr. and Mrs. Harold D. Graves, Laurelville, Ohio, announce the engagement and forthcoming marriage of their daughter, Joy Elaine, to Ross Edwin Miller, son of Mr. and Mrs. Lloyd W. Miller.

Miss Graves is a 1968 graduate of Laurelville High School and is employed at Penny-Wise Drug Store.

Mr. Miller was graduated from Twin Falls High School in 1968 and is attending Brigham Young University.

A Dec. 19 wedding is planned at the Laurel Hills United Methodist Church, Laurelville.

NO PLACE SAFE
 SAN FRANCISCO (UPI) — About 19,000 pedestrians were injured while walking on the nation's rural highways in 1968, the National Automobile Club reports.

Mrs. Sheridan Is Honored

FILER — Mrs. Charles Sheridan, past president of the Filer Civic and Home Extension Club, was presented a farewell gift from the club at the November meeting in her home. The Sheridan family is moving to Coeur d'Alene soon.

The group discussed the club's annual toy drive. Names were drawn for the gift exchange at the Christmas meeting which will be hosted by Mrs. Ardean Lang.

Mrs. Sheridan and Mrs. Don Lierman reported on the state convention held recently in Idaho Falls. A report was given on the Christmas-idea-exchange luncheon held in Twin Falls. The Filer club was in charge of registration and name tags.

Senior Ball Royalty Named

HAGERMAN — Kelly Behrens and Cheryl Sandy were crowned king and queen of the Senior Ball held recently in the Prince Memorial Gymnasium.

Kelly is the son of Mr. and Mrs. Ralph Behrens and Miss Sandy is the daughter of Mr. and Mrs. Alfred Sandy.

Unique decorations were fashioned out of used magnetic tapes and flashing lights. The theme for the dance was "Get Together" with "The Family Dog." Gooding, furnishing the music.

RENEWS ENERGY

That sugar-sweet cup of hot cocoa, made with milk and topped with melting marshmallows or whipped cream does more than taste divine to tired skaters. It also renews body energy, supplying up to 328 calories. After all, 367 calories are expended in one and one-half hours of skating.

held at 8:30 p.m. Those attending are asked to bring their own table service. The dance is sponsored by the Twin Falls Women of the Moose.

The Loyal Neighbors Club will meet at 2 p.m. Friday at the clubhouse. This is an open meeting. Each member is asked to bring one dozen cookies and the recipe and a homemade Christmas gift.

Ascension Guild, Episcopal Church, Twin Falls, will meet at 1:30 p.m. Thursday in the lounge of the church. There will be a potluck luncheon and a Christmas program. Russell Gage will demonstrate how to make gifts in glass, plastic and tin.

Lodge Delegate Gives Report To Rebekahs

BUHL — Mrs. Maurice Cunningham, delegate No. 1, gave her report of the meeting of the Rebekah Assembly of Idaho when the Buhl Rebekah Lodge No. 29 met in regular session.

Mrs. Anna Leth, who also attended the session, spoke briefly.

Mr. and Mrs. Leland Hudson and Mr. and Mrs. John Goodhue reported on their visit to the Home on the Hill in Caldwell where they called on the lodge's adopted sister, Mrs. Alma Crowley.

Nominations for officers were held with elections to be held in December. Final plans were made for installation of a sound system in the hall. It was decided to remember shut-in members on holidays.

Mrs. Adolph Machacek and Mrs. Guy Ulrich thanked a lady who helped with the dinners served for the Soil Conservation group and the Loyal Order of Moose. It was noted that several Odd Fellows assisted with serving coffee.

It was decided to make a \$5 donation to the Idaho Tuberculosis Association. Plans were made for a potluck party. Pinocle and games will follow the dinner with members bringing white elephants gifts for prizes.

Illness and relief committee reports were given with several members reported ill. Mrs. Cunningham, staff captain, announced practice for the initiation degree staff. Initiation ceremonies for two candidates will be held in December.

Those honored in the birthday march were Mrs. Frances Langford, Mrs. John Goodhue and Mrs. Misha Sinclair.

SHOWER GIVEN

MILNER — Mrs. Edwin Brune and Mrs. J. E. Neumann honored Mrs. Donald Bascomb at a pink and blue shower recently at the Brune home. Game prize winners were Mrs. Robert Kloer, Mrs. Truman Simpson, Sheila Simpson and Mrs. Victor Masters. Mrs. Bascomb's husband is serving with the Army in Korea.

Mike Collins Faces Task In Defending U.S. War Policy

Washington Window
By MERRIMAN SMITH
UPI White House Reporter

WASHINGTON (UPI) — President Nixon's new information specialist, astronaut Michael Collins, has his work cut out for him. In some aspects, the Apollo 11 spaceman may find his new assignment tougher than flying to the moon.

There were no people on the moon.

Collins, recently selected as assistant secretary of state for public affairs, will speak before meetings of various types in an effort to put across what he believes to be true facts about U.S. policy in Vietnam.

Because Apollo 11 was the first successful manned mission to the moon, Collins and his two colleagues became instant lunar heroes all over the world. Well, almost.

Collins will find on a number of college campuses, as well as among many youthful antiwar dissenters, that his association

with one of history's greatest moments—the first moon landing—is one enormous blain.

Among the more youthful active dissenters in this country, Collins has several strikes against him before ever going to bat for one thing, he is an Air Force colonel, a commission which he is resigning to take the new State Department job.

Second strike against Collins. Many persons who work and protest against American involvement in Vietnam so vociferously, sometimes violently, scorn spending of federal billions on the space program. They want this space money spent at home for many projects, ranging from free universities to low or no-cost housing.

Unquestionably Collins was right in saying, as he accepted his new assignment, that too often war dissenters were "poorly equipped with the facts."

Collins, 39 (and that is another strike against him with many younger Americans), believes dissenters and demonstrators against the government's position have "oversimplified the war to a point where Hanoi is good and Saigon is bad." He says, "Delving back into history, that is not true. There are direct contradictions to that point of view."

Old Time Funeral Rite Meets Desires

SACRAMENTO (UPI) — George Booth was a gardener with a sense of history. When it was time to go, he decided to go in style.

His last wish was to have his casket borne to his last resting place on a horse-drawn hearse with a driver in a 19th Century mourning coat and the mourners walking behind.

The wish was fulfilled Monday.

Booth, 69, was buried this week at Mt. Vernon Memorial Park-Mortuary, where he was head gardener.

The funeral was arranged by Fox Bryant, owner of the cemetery complex, who acquired the century-old hearse from a mortician in Broken Arrow, Okla., and restored it.

"I can't think of a better way to go," said horse breeder Charlie Sutfin, who drove the white glass-sided hearse. "I got this from my great-uncle who was a mortician," he said of his long, 12-button undertaker's coat. Sutfin, who is also a gunsmith, often drives horse-drawn vehicles for special events.

AEC Will Probe Layoffs At Arco

WASHINGTON (UPI) — The Atomic Energy Commission will complete an investigation in the near future into the manner in which layoffs at the National Reactor Testing Station near Idaho Falls were handled last month.

"This was the word this week from Idaho Sen. Frank Church. He said he has been advised by the AEC that an investigation team sent to Idaho at the request of his office has not returned but will complete its report in the near future."

FAST TRUMP DRAW SHOT DOWN GAME

The sad fate of the man who forgot to pull trumps has been described so many times that certain declarers try to pull trumps as soon as they get the lead.

This isn't too bad a policy. At least they will do better than the declarer who never leads trumps. But there is a happy middle ground: Just pull trumps

one had to be wrong, he decided that declarer was the crazy one. He led back the deuce of trumps! South won in his hand and led a diamond to dummy's king and East's ace. East led a third round of trumps. This left South with the queen and two more diamonds. The queen was good; East's could ruff one diamond with trumps. But there is a happy middle ground: Just pull trumps other one became his fourth losing trick and you can't lose four tricks and make a major suit game.

South had started out the play beautifully but he should have resisted the urge to pull trumps until he could be sure of being able to ruff two diamonds. In other words, he should have played dummy's king of diamonds before trying trumps at all. Once this play was made there would have been no way for East and West to keep him from trumping both his losing diamonds and he would have won the rubber.

CARD SENSE

Q—The bidding has been:
West North East South
Pass 2♥ Pass 2♥
Pass 2♥ Pass 2♥
Pass Dble Pass ?

You, South, hold:
♠A864 ♥2 ♦KJ93 ♣Q1075

What do you do now?
A—This is a tossup between bidding three spades and passing. We favor passing with a partner who can be depended on to remember that we passed originally.

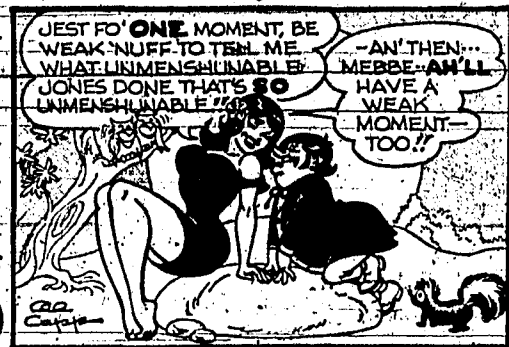

TODAY'S QUESTION

You do pass. West redoubles and North and East pass. What do you do now?

Checking Up

By L. M. BOYD

Natives On Tiny Isle Express Love By Biting Off Eyelashes

THIN FOLK do not get sick as readily as fat folk. "ROBBIAND ISLAND" is northeast of New Guinea. There, our Love and War man reports, it's customary for a morous young man to express his affection for his ladyfriend by biting off her eyelashes. ON THE OUTSKIRTS of Massillon, Ohio, stands a hotelery called "The No-Tel Motel." WHEN A FRENCHMAN suffers from that thing called a hangover, he says something roughly translatable as, "My eyes aren't opposite the holes." SEVEN out of 10 women who go to prize fights are blonde.

CHAMPIONS Am challenged to name the youngest boxer ever to win a world heavyweight title. Floyd Patterson is the man. At the age of 21 years 331 days, he did that. What should be noted here is that Mr. Patterson won it by whipping Archie Moore, who went on to become the "lifetime" oldest light heavyweight champion. WRITES Wayne Chapman: "The real King Kong is presently owned by a friend of mine, Clark Wilkerson of Baraboo, Wis., and is kept under a glass dome. That King Kong is 15 inches tall, and his skin is cracking of old age." BEEN SOME TALK of late about freezing wages and prices again. What an ancient economic remedy that is! In old Rome there was even decreed by government edict a limit on the earnings of after-dinner speakers.

RAPID REPLY: Yes, sir, if that land gets less than 10 inches of rainfall a year, technically it's a desert. Your questions and comments are welcomed and will be used where possible in "Checking Up." Please address your mail to L. M. Boyd, McNaught Syndicate, Inc., 60 E. 42nd St., New York, N. Y. 10017.

as soon as you can afford to do so, but no sooner.

South was one of those trump pullers. East's 10 of spades forced his ace. He resisted that trump-pulling desire long enough to play three rounds of clubs and get rid of one losing spade from his hand.

After that he could resist the urge no longer. He led dummy's nine of hearts and let it ride for a finesse. West was on lead with the king and while he knew that if both sides played trumps

HEINER EQUIPMENT CO. of Salt Lake City has opened two new branches in Idaho, including one on Washington Street South in Twin Falls. The company is distributor for Clark Construction line of heavy equipment. The Twin Falls

branch and a new outlet at Boise employ 11 people, according to Fred Bezooeyen, Idaho branch manager, who has extended an invitation for the public to visit the Heiner Equipment operation.

Sen. Moss Protests School-Fund Cutback

WASHINGTON (UPI)— Sen. Frank E. Moss, D-Utah asked the Senate Appropriations Subcommittee for Health, Education and Welfare to disregard attempts by the Nixon Administration to reduce education and health expenditures.

In a 16-page testimony presented Tuesday, Moss outlined the various educational programs which he said need funding increases over what the

Nixon Administration is asking. School administrators must be given certainty of adequate funding, Moss said, so that they may plan wisely and well, secure against rough and sometimes arbitrary chopping and changing, opening and closing of the financial valves of federal support.

The Utahn said the 1969 actual expenditures for schools in federally affected areas of Utah

amounted to \$8,066,025. Of this \$6,628,000 was for maintenance and operation and the remaining \$1,438,025 was for construction.

The Nixon Administration request cuts this to \$4,828,000 a reduction of more than \$6,000,000, Moss said. They ask only \$1,055,000 for maintenance and operations and \$773,000 for construction.

Open House Set

HAILEY — Open house at the Hailey Public Library will be held from 2 to 4 p.m. Sunday at the new library headquarters in the city hall. Many new books will be on display, reports Mrs. W. D. Ellway, librarian.

Board members are Mrs. E. Arndt, Mrs. Marjorie Jensen, Mrs. George T. Fritz and Dale Peterson, representing the city council.

Official Asks Effort To Protect Jobs

PITTSBURGH (UPI) — A member of the Federal Reserve Board said today inflation "unfortunate and unwelcomed by-product" of rising unemployment.

The Fed official, Andrew F. Brimmer, called for new programs to cushion the blow of unemployment, possibly making the federal government the "employer of first instance" for the young and for racial minorities unable to find jobs elsewhere.

But, in a speech prepared for a business seminar in Pittsburgh, Brimmer argued that the government should not retreat in the fight against inflation because of rising joblessness.

"Rather than pretend that (increased unemployment) can be avoided, we should get on with the modifications in public policies that will be necessary to insure that the burden of restoring price stability does not fall excessively on those least able to bear it," Brimmer said.

C of C Aide Resigns

IDAHO FALLS (UPI) — Vice President Bob Stelling of the Great Idaho Falls Chamber of Commerce for the past eight years has resigned to take a position as executive director of the Idaho State Employees Association.
