TWIN FALLS, IDAHO, TUESDAY, DECEMBER 16, 1969

TEN CENTS

City Urges Legislators To Push For New Span

The Twin Falls City Council has voted to write a letter to Idaho's Congressional delegation for help on replacing the Perrine Memorial Bridge.

The action was taken at the council meeting in City Hall Monday.

Mayor Egon Kroll read a letter from Henry Woodall, chairman of the city's Highway Commission. In the letter, Mr. Woodall said he feels Idaho highway officials "do not have a sense of urgency in replacing this bridge."

He urged city officials to contact Idaho's Congressional delegation in Washington, D. C., and have them seek any funds avail-

able to replace the 42 year old Perrine Bridge.

The bridge was ruled unsafe to vehicles over 44,000 pounds in weight about a month ago, and since then strict regulations on that weight limit have been enforced at the bridge.

Trucking firms have reported higher costs in diverting trucks to the Hansen Bridge or through Hagerman, and city officials said Monday, "This bridge is vital to the economy of our city."

State officials told city representatives last week that it would be at least three and a half years before the bridge could be replaced because there

is not enough money available now.

In other business, the council was informed the landfill at the City County Airport could not be used much longer, and that reuse of areas in the landfill is not possible because material deposited there has not decomposed.

City Manager Jeff Miller said test notes were dug at the site recently, and material brought up revealed some junk and garbage deposited there 16 to 18 years ago can still be identified. "We even brought up some old newspapers and could read them," he said.

He said it was from the dates on the old newspapers that the

age of the deposit was determined.

City councilmen were also informed Twin Falls is rated to be in a high earthquake area. An area nearly as dangerous as San Francisco.

Because of this, a resolution amending a portion of the city's plan was passed. The amendment allows property owners in the urban renewal area a variance on application to the city's building inspector and the city council on remodeling to meet special earthquake standards.

It was reported property owners will have to have their buildings up to the standards of the city's building code, but it will

not be necessary to spend extra funds just to meet the special requirements for a high earthquake area.

George Michael was appointed acting city engineer. He took his state engineering examination earlier this month but won't know until early next year what the results of that test show. City councilmen said they would appoint him acting city engineer until the results of the test are in, then if he passes would appoint him city engineer.

The council voted to meet at 11:45 a.m. next Monday to talk about city matters with new councilmen Paul Ostyn, John Christoffersen and Tom Nelson. The site is yet to be named.

ALL BABIES BORN from now until Jan. 1 at Magic Valley Memorial Hospital will be brought to the mothers wrapped in colorful Christmas stockings. Here Mrs. Frank Herbert, Twin Falls, shows her new baby daughter, Misty Michelle, cuddled in the warm stocking, with the assistance of Mrs. Thea Ghring, a member of the Magic Valley Memorial Hospital Guild. The stockings are made by members of the guild's pediatric committee, headed by Mrs. Gene Carpenter, with Mrs. Ghring as co-chairman.

T. F. High School Seeks Grant To Solve Drug Abuse Problem

If everything goes according to plan, Twin Falls High School will get an education grant so that students may learn more about drug abuse.

It's the first of its kind in Idaho, and according to Paul Ostyn, assistant principal at the school, "The first I know of anywhere."

School officials submitted an

application for the \$19,575 grant recently and are now waiting for word from the Department of Health, Education and Welfare in Washington, D. C.

In applying for the grant, school officials said they feel drug use among students at Twin Falls High School is increasing.

"This is part of the school

system problem and no one presently in the system knows exactly how to attack the problem," wording in the application reads.

Dr. Ernest Ragland, superintendent, said the district does not have a person on its staff now who can work full time to fully explore the drug use problem and develop a new approach to drug education.

That's what this grant application is all about.

If the money is approved, an administrator will be hired to look into the problem in the area. The administrator will also check into the problem in other areas of the nation and slowly outline a method of classroom approach to the situation. The district has the cooperation of other districts in the county, Dr. Ragland reported.

Answers to three questions are to be obtained, if the grant is approved. The questions are: What kinds of education approaches are most effective in reducing drug and marijuana use? What type of service can the school offer that will be most effective in rehabilitating chronic marijuana users, and what can the school do in organizing committees and enlist community support with the drug use problem?

If the grant is approved, the administrator will be hired. The person hired would investigate the problem, and make recommendations. Then, it is possible classes could be opened, dedicated to the drug use problem. Mr. Ostyn said, "This is a social problem that is here to stay, it appears. I feel schools are obligated to look into the problem and see if it can be brought into the open in the classroom."

At the present time problems surrounding drug abuse are taught in the school's physical education classes and in biology and home economics classes, but there is no class which is entirely dedicated to teaching the student about drugs.

"Many of our students have honest questions about this, and there is no real way to answer all of their questions. A classroom approach, with 20 to 25 students to a class, is a good way to meet the challenge of this situation," Mr. Ostyn said.

If the grant is approved, it is hoped planning can be completed and recommendations made on the course to follow by the summer of 1971.

If it is found a classroom approach is the best way to tackle the problem, a class could be organized with a qualified instructor in the fall of 1971, it was reported.

'Curfew' By Blacks To Curb Whites

CHICAGO (UPI)—A 12-hour "curfew" announced by a Negro group to keep whites out of black neighborhoods passed today without any unusual incidents.

The curfew was supposed to have gone into effect Monday at 6 p.m. but police said there were no reports of anything unusual in the city's various neighborhoods during the 12-hour period ending at 6 a.m.

The curfew was announced Monday by the Rev. C. T. Vivian, representing the New United Front for Black Community organization, which Vivian said includes 100 black community organizations. He said the curfew would be "effective immediately."

Chicago Mayor Richard J. Daley said all citizens should be allowed in all communities and that protection would be provided by police in all areas of the city.

"I don't believe this is the sentiment of all the people in our black community because this is a further polarization," Daley said Monday. "I don't think any part of our city should be out of bounds for anyone."

Salt Lake Plane Crash Kills Two

SALT LAKE CITY (UPI)—Two men were killed when a Jet Commander plane crashed and burned at the fog shrouded Salt Lake International Airport this morning.

The \$1 million-plus, eight passenger airplane, owned by Western Leasing Co., White Plains, N.Y., was bound for Seattle when it crashed and exploded in front of the airport terminal about 6 a.m.

Clyde Powers, assistant chief of the Federal Aviation Administration, said the pilot was R. Massey, believed from the White Plains area. The passenger remained unidentified.

Controllers in the tower lost communications with the plane shortly before it became airborne and did not know the plane had crashed nearly in front of the tower because of the dense fog.

USDA Halts Sale Of Paper Carrying DDT

WASHINGTON (UPI)—The Agriculture Department announced Monday that it was banning interstate sales of stiffening papers impregnated with the insecticides chlordane and lindane.

Department officials said the ban was ordered after tests, completed last September, showed the insecticides seeped into foods stored on the papers even when the foods were protected by packaging. There are, at present, no official tolerance levels for chlordane and lindane residues in processed foods.

Officials said no "recall" was issued for outstanding stocks of the 14 banned stiff papers.

New Bridge

HENDERSON, W.Va. (UPI)—A new silver memorial bridge across the Ohio River was opened Monday, exactly two years after the old span toppled into the icy waters, killing 58 persons.

Federal authorities and officials from West Virginia and Ohio participated in the ceremonies watched by about 2,050 in freezing temperatures and blustery winds.

Prayers were offered for the victims of the bridge collapse and their families. Sen. Jennings Randolph, D-W.Va., said he had introduced a bill to provide funds to shore up other aging bridges around the country.

U.S. Agrees To Remove Libyan Units

By RAYMOND WILKINSON

CAIRO (UPI)—The United States has yielded to the three-month-old Libyan government and begun withdrawing the 10,000 GIs and dependents from Wheelus Air Base, the largest U.S. base outside the United States.

The Middle East News Agency (MENA) said today U. S. Ambassador Joseph P. Morris is directing eight U.S. diplomats and military officers in negotiating the shutdown of Wheelus with the Libyan government. MENA said Morris announced the withdrawal had begun last Friday.

The United States has been paying Libya \$10 million a year rent for the base under an agreement dating back to Sept. 9, 1954. The agreement runs out Dec. 24, 1970. Britain began withdrawing its 1,700 troops from bases at Eladem and Tobruk Sunday.

Nixon Reports New Upsurge In Infiltration By Reds

WASHINGTON (UPI)—In announcing plans to withdraw another 50,000 American soldiers from Vietnam, President Nixon has underlined his determination to proceed with "Vietnamization" of the war at a steady pace unless there is some major upsurge in Communist activity.

Nixon however raised one ominous warning flag during his otherwise optimistic review Monday night. He reported a "disturbing new development"—Communist infiltration has "increased substantially" and is being carefully watched to see if Hanol plans to take advantage of the U.S. withdrawal.

The Pentagon for several months has not released figures on Communist infiltration into South Vietnam, preferring instead to only say if the level of infiltration is up or down. At his news conference one week earlier, Nixon said recent infiltration figures "seem to have been inflated. The infiltration rate is not as great as we thought then. It is higher than it was a few months ago. It is still lower than it was a year ago."

U.S. Allies

Ask Soviets To Discuss Berlin

MOSCOW (UPI)—The United States, France and Britain today urged the Soviets to agree to four-power talks on improving the status of West Berlin, embassy officials said. An embassy statement said the three Western powers submitted simultaneous notes to the Soviets through their Moscow embassies proposing "the opening of quadripartite discussions at an early date with the aid of improving the situation with regard to Berlin and free access to the city."

The President said Hanol and the Viet Cong did not yet appear capable of launching a major offensive. But he pinpointed the period until April 15 as a critical one in assessing the possible success of his plan to withdraw all American

combat forces from Vietnam and eventually pull out all supporting troops.

The first quarter of the year, which includes the Buddhist New Year (Tet) holidays, traditionally has been the time when the Communists have launched major offensives.

ago."

The President said Hanol and the Viet Cong did not yet appear capable of launching a major offensive. But he pinpointed the period until April 15 as a critical one in assessing the possible success of his plan to withdraw all American

combat forces from Vietnam and eventually pull out all supporting troops.

Officials Welcome New Store To T. F.

Welcome to one of the first additions to downtown Twin Falls under the present Urban Renewal and downtown improvement program was official-

ly extended Hermon King, president of the M. H. King Co., Monday, after announcement of the firm's plans for a second store in Twin Falls.

Curtis Eaton, Downtown Improvement Advisory Committee chairman, said Twin Falls is looking forward to the opening of the new downtown King variety store because of the outstanding management the firm has shown in the past.

Harold Hove, Chamber of Commerce, echoed the sentiments and said concern over a possible additional vacant spot on Main Avenue, following the announcement of the closing of the F. W. Woolworth Co., has been voiced and the chamber is more than pleased with the announcement the firm of M. H. King and Co., will again be operating in the downtown area, as well as in the Lynwood Shopping Center.

Voy Hudson, Urban Renewal Agency chairman, said the agency has not received too many bouquets and it is encouraging to have some support from the variety store firm.

Mr. King told the group the increase in off-street parking and on-street parking arrangements, which are so adequately provided in the Twin Falls downtown plan, was a major factor in the firm's decision to See NEW STORE, Pg. 2, Col. 2

Senate Vote Bars Troops In Laos

WASHINGTON (UPI)—Fear- ing the United States could be drawn into another Vietnam War, the Senate has voted to bar combat troops from Laos and Thailand.

In strong and precise terms, the Senate adopted an amendment prohibiting use of any funds in the \$69.3 billion defense appropriations bill for the introduction of ground troops into either Southeast Asia nation.

The decision came after a three-hour secret session during which spectators and newsmen were barred and the heavy doors to the chamber locked and guarded.

A similar amendment was adopted to the defense authorization bill but was deleted when Senate and House negotiators worked out a compromise measure.

Similarly, the appropriations measure, which was adopted 85

to 4 Monday, must go to conference with the \$69.9 billion House-passed bill and the Laos-Thailand amendment could, once again, be dropped.

Gunfire Is Heard In Panama City

PANAMA CITY (UPI)—Sporadic gunfire sounded today in Panama City shortly after Brig. Gen. Omar Torrijos returned to the country in challenge to the colonels who ousted him in a coup. Christmas shoppers deserted the downtown area.

Torrijos' only position was head of the national guard which has ruled the country for 14 months but he was considered the strongman behind the ruling junta. Some radio stations broadcast welcome music when word of his return reached the capital. Others broadcast old Torrijos speeches.

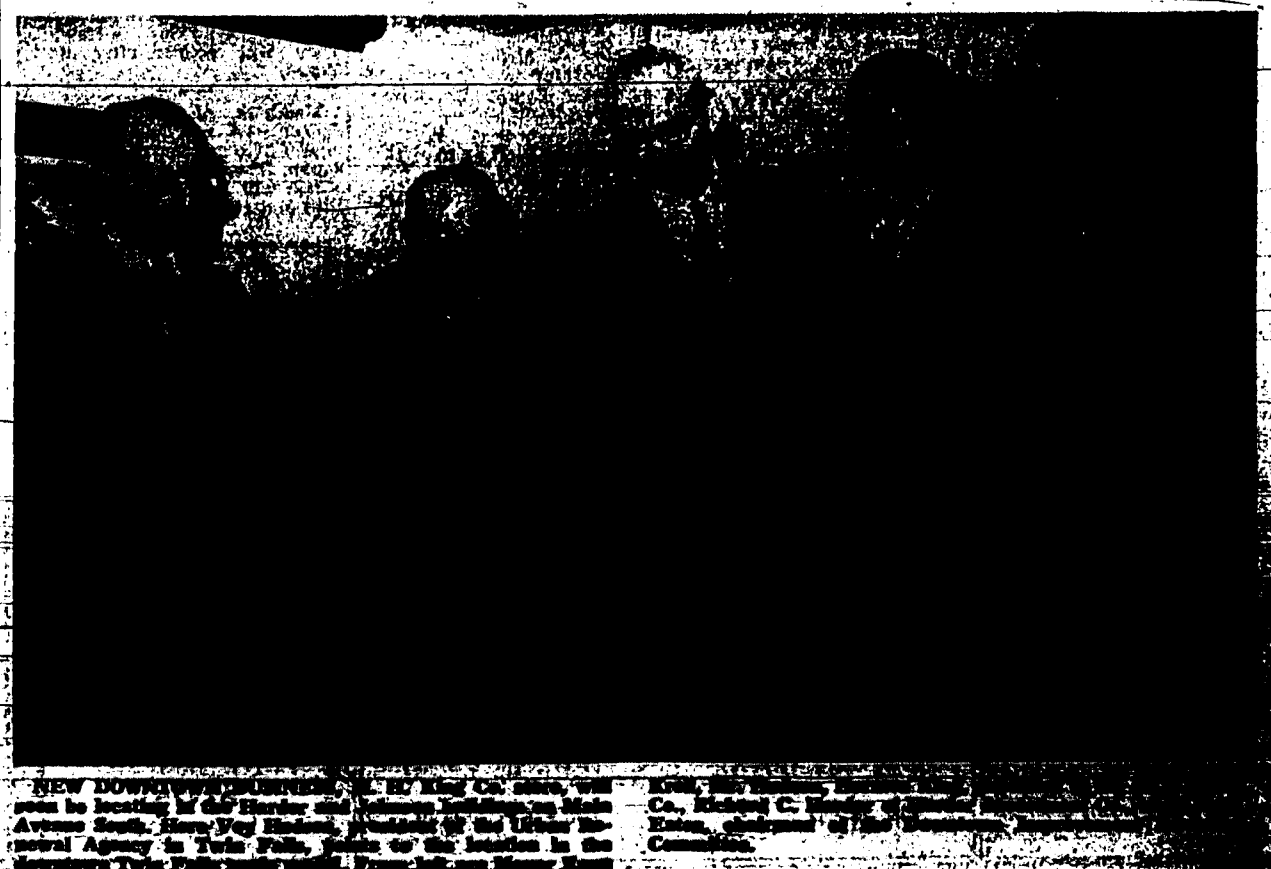

All shops dropped their iron mesh riot screens in preparation for trouble and only a few pedestrians could be seen.

The colonels took advantage of Torrijos' weekend absence to oust him and announced Monday they were seizing power.

Toy Guns Used

SAO PAULO, Brazil (UPI)—Police Monday caught a gang of bank robbers in the act of robbing the French Brazilian Bank with toy submachine guns. A member of the gang told police they had robbed the same bank once previously, also employing toy submachine guns.

Woman Bandit Knifes Athlete

SACRAMENTO, Calif. (UPI) — Jim Twardy, 20, barefooted kicker from the North Dakota State football team, was listed in satisfactory condition today from stab wounds suffered when he was robbed by a woman.

Twardy was stabbed several times in the chest by the woman Saturday in the parking lot of the motel where the team stayed. Earlier in the day the Elsons defeated Montana State, 30-3 in the Camellia Bowl.

Twardy said the woman grabbed his wallet from him after she asked him for identification. He said she stabbed him after he chased and caught her.

He said police know the identity of the thief but he would not press charges because of the expense of returning to California from North Dakota for the trial.

PARTY HELD

RICHFIELD — The Bank of Idaho Richfield Branch Christmas party was held at the Turf Club, Twin Falls. Former manager Vern Nelson, Gooding, and new manager, Dale Ellis, attended with three Richfield women employees and their husbands.

Forecast

Increasing clouds today; cloudy with chance of light rain late tonight and Wednesday, with southerly winds of 10 to 20 miles per hour as times today. High today 45 to 55, low tonight in the 30s, and high Wednesday in the 40s. Chance of precipitation increasing to 30 per cent late tonight and Wednesday.

Outlook for Thursday—further chance of rain. In the Camas Prairie, high today 35 to 45; low tonight 12 to 22; high Wednesday in the 30s.

Weather Synopsis

Protective high pressure over the northern Intermountain region is weakening rapidly today. A Pacific low pressure disturbance is approaching the coast, and it is expected to move eastward across Eastern Oregon and Southern Idaho late tonight and Wednesday.

Increasing cloudiness will spread eastward today across Eastern Oregon and Southern Idaho. A little light rain in the valleys and snow in the mountains will accompany the Pacific disturbance as it moves across this region late tonight and Wednesday. Most of the valley precipitation will be too light to measure. Snowfall in the higher elevations should also be mostly light.

Partial clearing will begin in Eastern Oregon and Western Idaho by Wednesday night. Temperatures will be a little higher today under the influence of increasing southerly winds ahead of the approaching disturbance. Afternoon highs will range through the 40s in Eastern Idaho to the lower 50s at the warmer spots in the Magic

New Store

(Continued From Page One)

reestablish a downtown. He said many communities are planning their main street appearances first and parking second.

"We would like to compliment the Twin Falls planning team for their foresight in providing adequate parking in the initial phase of the planning," Mr. King told city and agency representatives Monday.

Mr. Hudson said progress of the overall downtown redevelopment is moving slowly, by necessity, but agency members feel it is essential to take time in such matters.

"As yet," he said, "we have not hurt anyone in the relocation and demolishing programs, and we are moving slowly to make certain everyone involved is satisfied."

He added plans are to begin demolishing the Idaho Theater building within the next three weeks, if possible.

Jean Milar, city manager, told the group plans are to complete alley improvement and rear parking areas so these can be in use when street improvement begins. He estimated this would be in late May or early June — about the time the new King store is ready for business.

Among others attending the announcement meeting Monday were Richard Harder, owner of the Harder building and head of the Harder Investment Co., involved in the remodeling of the 75-by-125-foot building, Mayor Egon Kroll; Ray Rostrom, Chamber of Commerce; James Kelsch, executive director of the Urban Renewal Agency, and Joe Celik, agency member.

Audit Report Presented To CSI Trustees

The College of Southern Idaho Board of Trustees heard an audit report for the last fiscal year from J. Robert Tullis during a regular meeting Monday night.

The board decided to review the report and take action next month.

J. Robert Alexander, CSI attorney, reviewed the interim financing which will mean an interim loan from First Security Bank until the common building is 80 per cent complete. Trustees also approved the monthly bills, and checked the financial statement for the past month.

Dr. James L. Taylor, college president, gave a progress report on the construction projects which are under way on the campus. He said all the work is on schedule and everything is moving along fine.

City Crews Install Play Equipment

The Parks Department has begun installing new playground equipment at the City Park, according to Howard Johnson, superintendent.

Tuesday the men began installing a slide there. Mr. Johnson said a whirl and pony ride swing also will go in there. New whirls also will be installed at Harmon Park and Harry Barry Park.

Mr. Johnson said the men will do as much of the work as possible this year, as the weather permits.

Other men from the department are spraying the greens at the golf course to prevent snow mold and trimming trees at Shoshone Falls Park.

Twin Falls News In Brief

Civitan Club members will sell fruit cake and candy throughout the city from 7 to 10 p.m. Wednesday. Proceeds will be used for club projects.

The Twin Falls High School Music Department will hold its Christmas concert at 8 p.m. Wednesday in the Fine Arts Center at the College of Southern Idaho.

Mr. and Mrs. Carl Schuler, and three children, 1098 Pinewood Circle, will leave this week to spend the holidays in Hawaii. They will return after New Years.

Members of the Harrison School PTA will hold their annual Christmas open house at 8 p.m. Thursday at the school. Music will be furnished by the fifth and sixth grade choir.

Alma Hadley
Funeral Services

Alma Hadley, 89, retired farmer and cattleman, died Monday in a local nursing home of a short illness.

Mr. Hadley was born Sept. 15, 1880, in Brigham City, Utah, and married Elizabeth Panting Jan. 12, 1900. She died Nov. 15, 1935. He resided in Hammett for seven years.

Surviving are five daughters and two sons, Mrs. Lucy Sparkman, Richmond, Utah; Mrs. Dorothy Hixham, Downey; Vivian P. Hadley, Corpus Christi, Tex.; Mrs. Bernice Beckstead, Murray, Utah; Mrs. Eva Stuart, Twin Falls; Deane Hadley, Hammett; and Robert Hadley, Swan Lake. Six grandchildren and 21 great-grandchildren.

Funeral services for Mr. Hadley will be conducted Dec. 18, in Swan Lake, with burial in the Swan Lake Cemetery by the Webb Funeral Home, Preston. Local arrangements are being handled by White Mortuary.

Mr. Pritchard

BUHL — Ernest Pritchard, 81, 114 B. Lincoln court, Buhl, died Monday afternoon at Magic Valley Memorial Hospital of a long illness.

He was born June 30, 1888, in Seward, Neb., and came to the Boise Valley in 1891, moving to Twin Falls county from Parma in 1907. Mr. Pritchard farmed in the Buhl and Castelford area. He worked for the Twin Falls county weed bureau for 25 years.

In August, 1969, he returned to Buhl. Mr. Pritchard belonged to the Golden Age Club and attended the First Methodist church in Twin Falls. On Nov. 25, 1915, he married Pearl Kearley at Buhl.

Survivors include his widow, Buhl; two daughters, Mrs. Charles (Ernestine) Morris, Buhl, and Mrs. A. E. (Barbara) Potjer, North Highlands, Calif.; two sons, Jack Pritchard and Seward Pritchard, both Boise; 11 grandchildren and four great grandchildren; one brother, Thomas E. Pritchard, Emmett.

He was preceded in death by a brother, James Pritchard, in Parma, Dec. 9.

Funeral services will be announced by Reynolds Funeral chapel, Twin Falls.

Vietnamese Bear Brunt Of Fighting

SAIGON (UPI) — The South Vietnamese army bore the brunt of fighting reported today. Official reports said its losses in the past 10 weeks have been four times those of U.S. forces.

Military spokesmen said the Saigon troopers, taking over more of the combat, accounted for 170 Viet Cong and North Vietnamese killed Monday while losing 14 dead and 56 wounded themselves.

This followed President Nixon's statement Monday night that he had a "much more favorable report about the ability of the South Vietnamese army, enabling him to pull 50,000 more GIs out of Vietnam."

DAMAGES AWARDED LOS ANGELES (UPI) — Timothy Bruer, 21, who claimed his eyesight was permanently damaged when a reserve police officer squirted him with tear gas, was awarded \$10,000 in damages Monday.

Youth Faces Possession Of LSD Charge

Charges of illegal possession of an enumerated drug (LSD) were made Monday against a Twin Falls youth.

Twin Falls City detectives said James Joseph Rich, 19, was arrested Monday evening and remains in custody at the city jail in lieu of posting \$5,000 bond.

Officers allege Rich was found in possession of five capsules and five tablets of LSD last week. The pills were taken to Boise Monday by city officers and J. D. Turner, investigator for the State Board of Pharmacy. Detective Lt. Tim Qualls said the pills were checked by the State Board of Pharmacy in Boise Monday, with positive results.

Monday morning Rich and Gary Powell, 19, and John Burton, 22, also Twin Falls, were assigned in police court on charges of second degree burglary. They all requested preliminary hearings. They are charged in connection with an alleged till tapping last Friday at Man's Market.

Trans Magic Has Flight To Jackpot

Trans Magic Airline inaugurated another flight Monday with an afternoon hop to Jackpot, Nev.

On board was Ross Lee, president of the airline, and four passengers.

The airline now offers two flights daily except Sunday from Twin Falls to Jackpot, and return flights twice daily except Sunday from Jackpot to Twin Falls. All flights connect with flights from Twin Falls to other points on the airline's route, Mr. Lee said.

The flights are timed to eliminate long waiting periods for people wanting to go from Twin Falls to points east or west after a few hours at Jackpot.

Flights leaving for Jackpot from Twin Falls are at 10:15 a.m. and 2:35 p.m. Return flights from Jackpot to Twin Falls are at 12:45 p.m. and 4 p.m.

Mr. Lee said it takes 20 minutes to make the flight south to Jackpot.

Plan To Explode Nuclear Bomb On Moon Proposed By Geophysicist At Columbia

By DUSTON HARVEY
SAN FRANCISCO (UPI) — A Columbia University geophysicist Monday suggested setting off a small nuclear explosion on the back side of the moon next year to determine what's inside. Dr. Gary V. Latham said he expected some public opposition

to the proposal which will be presented to the National Academy of Sciences for approval later this month. Latham, principal investigator in the passive seismic experiment for the Apollo missions, said he expected scientific objections to come from biologists, who might fear possible life on

the moon could be destroyed. "The worry that we might destroy breeding grounds is no longer so compelling," he said, since no life was found on the first Apollo missions. Latham said many biologists might feel samples from two areas of the moon were not enough evidence to rule out fears of contamination.

Real Property Tax Deadline Is Saturday, Payments Slow

Tax payments continued to dribble in today as the deadline of Saturday neared for payment on all real property taxes for the first half of the 1969 bill. County Treasurer Ruth K. Jones said even after two days, Monday's mail was not heavy. She said of the total \$5,043,639.84 tax bill for the year, tabulations Monday afternoon indicated a total of \$1,948,177.81 has been collected but there are only five days left until the deadline. She said at least \$500,000 will be coming in as the first half of the approximately \$1 million in

utility taxes due this year. All tax payments must either be made at the treasurer's office on the second floor of the county courthouse or mailed to her office with a postmark prior to midnight Saturday, she said. Second half payments may be made prior to June 20, if persons choose to pay only the first half of the bill at this time. Clifford Thompson, county assessor, said personal property taxes with a deadline of just two days later, Dec. 22, are also coming in very slowly considering the approaching final day for payment, just one week away.

Dirty

CARSON CITY, Nev. (UPI) — A state official said Monday a "fantastic amount of drugs" are being used at Lake Tahoe and his agency needs more travel money to combat the problem. Phillip Hannifin, state parole chief and head of the Nevada Narcotics Bureau, said "Lake Tahoe, in the vernacular of narcotics, is dirty."

Review Of '70 Budget Is Started

Twin Falls County Commissioners have started the task of reviewing departmental budgets in preparation for 1970 county operational costs. Heber Loughmiller, commission chairman, said the departments are all seeking additional money this year as demands on each have increased. He said while the board has not yet had a chance to review all of the department requests, this will be done in the near future and the county will trim them as much as possible. He said every effort will be made to hold the line in view of the ever-increasing burden on the taxpayer. The county budget's tentative proposal is scheduled to be completed by the second Monday in January, the chairman said.

Change In Court Order To Be Asked

An attempt to get a court order concerning the Canyon Crest subdivision amended will be made, it was learned Monday. First District Court Judge James Towles, in Twin Falls Friday, ruled that property at 2244 Crest Avenue was involved. The property is owned by Keith Malone. Mr. Malone brought suit against the city and asked that the Canyon Crest subdivision be kept out of the city's annexation ordinance. The ruling orders the property at 2244 Crest Avenue kept out, but allows the city to proceed with all legal steps necessary for annexation. The city will not be allowed to take control of the property until further order of the court or until March 31, 1970. It was learned an attempt will be made to get the order to read the property in Canyon Crest subdivision, not just Mr. Malone's property. It was reported it was the intent of his suit to include all of the Canyon Crest subdivision.

Study Complete On Racial Issue At Marine Base

WASHINGTON (UPI) — Congressional investigators concluded Monday that a violent racial clash at Camp Lejeune, N.C. was generated by a few militant black Marines "who fanned the flames of racism, misconceptions, suspicions and frustrations." The incident last summer, said a special House Armed Services Investigating Subcommittee, reflected the existence of a racial problem at Lejeune, in the Marine Corps and throughout the military. The subcommittee, headed by Rep. William J. Randall, D-Mo., cited as its most important recommendation the improvement of communications between white and black servicemen and between young Marines and their commanders. The report took note of complaints that blacks at Lejeune were discriminated against in promotions and duty assignments. The subcommittee acknowledged "isolated allegations" in this area but it said they were not substantiated. "Whether the complaints be real or fancied, the basic problem really lies in a failure of communications. This glaring deficiency cuts across the entire spectrum of our white-black problem."

Vacation Time

College of Southern Idaho students will have nearly a month of Christmas vacation this year. The vacation, which also is semester break, begins Thursday and will continue until Jan. 12, when the second semester starts. Schools in Twin Falls School District No. 411 will close at 3 p.m. Dec. 23 for the holidays and resume Jan. 5.

Confab On CSI Work Is Slated

A pre-construction conference among architects, contractors, representatives of the Department of Labor and College of Southern Idaho administration will be held at 2:30 p.m. Wednesday at the office of Jones-Fehberg Associates. Although the newest projects at the CSI campus are about a month along, the current construction is not yet off of the ground. Scheduled to be discussed are labor laws, safety procedures and other items concerning construction of the new educational dormitory and student union-library-administration commons. Nielsen and Miller Construction Co. is contractor for the projects and Jones-Fehberg is the designing firm.

ELEVATED

VATICAN CITY (UPI)—Pope Paul VI Monday conferred the Mantle of Office on Archbishop Francis J. Furey of San Antonio, Tex. England's Scotland Yard gets its name from the fact that its London site once belonged to the Kings of Scotland.

THOMAS HANSEN

Sun Valley Convention Head Named

SUN VALLEY — A St. Paul, Minn. man is the new convention manager of Sun Valley. Thomas E. Hansen, formerly manager of the Jackson, Wyo., Resort Association, will be in charge of more than 150 conventions annually, and will assist convention managers in all arrangements at the resort here. He will also work with ski clubs, airlines and travel agents in promoting large groups at the ski resort. Mr. Hansen is a graduate of the University of Minnesota, is a Navy veteran and previously was a communications consultant in San Francisco. He also worked in convention sales for Pan American World Airways in Washington, D.C.

Keep Yule Time Safe, Chief Says

Christmas decorations are an important part of the holiday season, but Santa could well have some burned whiskers if home decorators do not take proper precautions. Fire Chief L. Z. Bartlett Tuesday warned residents to check strings of lights before putting them on Christmas trees to make certain there are no frayed wires. They should also check for broken sockets and loose connections. Flame proof decorations and noncombustible materials should be used and it is wise to keep the tree in water to prevent drying of the needles. The fire chief said many fires can be caused by wrappings which are removed from packages Christmas morning if the wrappings are not disposed of safely. They should not be tossed into a fireplace because the many wrappings can result in a sudden and hot fire that could cause damage or ignite nearby furniture or clothing. Many times what should be the happiest season of the year ends in tragedy for a family because of additional fire hazards which are not properly checked. Mr. Bartlett said these fires

could be prevented with proper care. Theme of the National Fire Protection Association's Christmas program this year is "Merry Christmas — Keep It Fire Safe."

'Y' Officer Asks Help For Needy

A cry for help was sounded by the YWCA today as workers faced an overwhelming number of names of needy families for whom Christmas baskets must be provided. Sally Molyneux, YWCA director, said the list is continuing to grow hourly, but only a trickle of donor names is coming in to offset the needy list. She said individuals and organizations, willing to assist by providing Christmas baskets for one or more families are urged to contact the "Y" office as soon as possible. In addition, cash donations are needed for the purchase of meat items for each basket and these may also be sent to the YWCA or brought in before the end of the week. "I feel certain there are many additional groups planning to help, but they have not called us as yet," Mrs. Molyneux said. "If they do not do it within the next day or two, we will not be able to handle all of the needs we already have on file, to say nothing of the last minute rush of names certain to be turned in."

The urged organization presidents and secretaries to get in touch with the "Y" now if they are planning to help in the annual Christmas project.

Purchased

Purchase of a new one-ton truck for the Twin Falls County Weed Department was authorized Monday by the county commissioners. The Glen-Jenkins Chevrolet Garage was low of three bidders participating in the bidding. Weed Director Wallace Savage said the vehicle meets all specifications required by the department.

FUND DISCLOSED

CARSON CITY, Nev. (UPI)—The State Employment Security Department announced Monday it had \$38.5 million in its unemployment compensation fund as of Nov. 30 and it means good news for Nevada employers in 1970.

Tax Writers Plan To Defy Nixon

WASHINGTON — Congressional tax-writers are set to defy President Nixon's veto threat against a tax bill with tax and Social Security Christmas presents to the taxpayer...

statement last Monday night, an unpleasant surprise to Capitol Hill, that he would veto a tax reform bill containing two costly Senate amendments...

version of the bill is determined to approve something close to the blacklisted provisions. If the tax conference meets its difficult time table of a finished product by Dec. 19...

peal of the investment credit produces more money than it loses in the short run, a veto might do more economic harm than good.

Although veteran Congressmen cannot conceive of the President's vetoing this kind of bill after a full year's work...

New Importance

West Germany has become a bastion of strength in post-war Europe and is taking a leading role in current diplomatic efforts to ease tensions.

Soviet Russia has agreed to talks with West Germany toward an agreement renouncing the use or threat of force—a proposal initiated by West Germany and cold-shouldered by Russia for three years.

The talks began in Moscow soon after West Germany signed the nuclear non-proliferation treaty, an event of great diplomatic significance although Bonn is not a nuclear power and has shown no evidence of desiring to become one.

Russia's sudden decision to begin the talks with West German representatives follows other Soviet moves which appear to show a less truculent attitude toward its rivals and neighbors.

Strategic Arms Limitations Talks with the U.S. have been proceeding with little or no news and in this instance, no news is considered good news.

Russia and China have cooled their border disputes. Thus, diplomatic observers see a turn for the better in recent Soviet willingness to negotiate instead of threaten.

Chancellor Willy Brandt has brought West Germany into the role of conciliator in the Common Market summit meeting and, with French opposition led by De Gaulle absent, Great Britain's entry at last is receiving favorable attention.

The unease among allies of the United States that our mood of withdrawal and economy may extend to Europe makes clear that, in addition to continuing to provide the nuclear umbrella for West Germany as we do for Japan, we must continue our steadfast friendship to our allies and keep our diplomatic wits alert.

Annual Eclipse

LOU GRANT Copyright 1969 Los Angeles Times Syndicate

BRUCE BLOSSAT

Name Of The Game: Distrust

WASHINGTON (NEA) — In America a worsening epidemic of distrust may do grave harm to the democratic process. Responsibility for spreading the disease lies at many doors.

The contagion has reached the point where many Americans no longer try seriously to determine when they are hearing at least approximate truths and when they are not.

It is not just a matter of young vs. old, establishment vs. anti-establishment, militant vs. moderate, government vs. press. The wounds of distrust cut deep even within these opposing categories of society.

The recent White House Conference on Food, Nutrition and Health was alive with little "caucuses" of delegates busily separating themselves from the conference mainstream.

Fra Mauro is a flat, vast highland area located at 17 degrees, 36 minutes West longitude and 3 degrees 48 minutes South latitude, approximately 110 miles east of the Apollo 12 landing point in the Ocean of Storms.

The site of the Fra Mauro formation is an extensive geologic unit covering great portions of the lunar surface around Mare Ibrum. Expected result of a landing there is an understanding of the nature, composition and origin of this widespread formation.

Apollo 13 is expected to be launched from Kennedy Space Center, Fla. no earlier than 3:28 p.m. EST, March 12.

Prime crew members are Spacecraft Commander James A. Lovell, Command Module Pilot Thomas K. Mattingly II and Lunar Module Pilot Fred W. Haise Jr. Haise is a civilian and Mattingly is a Navy Lieutenant Commander; neither has flown in space.

GIVEAWAY DEPT.

Two kittens, gray and blue trained, to give away. One of each sex. Please call 733-5838 if interested. We have a part coyote, Australian Shepherd dog to give away. It is three or four months old and is cute. Will make a good farm dog. Call 733-9362 if interested.

Open-Handed

The House Ways and Means Committee unanimously has approved a boost of 15 per cent in Social Security benefits effective Jan. 1, disregarding President Nixon's recommendation of a ten per cent increase effective April 1.

Few, if any, will begrudge the increase in payments to senior citizens which proponents claim will just about keep them abreast of inflation.

However, proposed tax cuts are running ahead of budget cuts, indicating that inflation will continue despite the slower pace noted in some quarters of the economy.

The Senate has voted to increase personal income tax exemptions from \$600 to \$700 effective on 1970 returns, and to \$800 on 1971 returns. This means a reduction in government income of \$3.3 billion in 1970 and double that the following year.

Tax cuts effectively feed the fires of inflation but other forces are even more inflammatory. The struggle of large unions to obtain hefty

wage increases to stay ahead of inflation is in itself tremendously inflationary.

The fact that 1970 is an election year militates strongly against serious efforts by Congress to retrench. At the same time, members of the House of Representatives, all of whom are involved in next year's election, will eagerly recite a record of increased Social Security benefits, higher wages for all federal employees (including Congressmen), and tax cuts as sufficient reason to return them to office.

Historically, this foolish approach has proved politically popular, despite the growing evidence of its long-term dangers.

So what's new? This kind of fiscal irresponsibility is what brought on inflation in the first place and what has increased pressures for more benefits, higher wages, and lower taxes, which boost inflation, etc., ad nauseam.

When will the voters learn? And when will they sacrifice, as they must, in order to stabilize the economy and begin to get rid of the federal debt and the ever-increasing burden of interest it carries?

PAUL HARVEY

Selfishness

What fun we are going to have spending constructively the money we've been spending destructively in Vietnam—\$33 billion a year for war over there, when just \$5 billion might turn the tide in our home-front war on crime.

That's what the National Commission on Causes and Prevention of Violence figures: \$5 billion would initiate sweeping reforms in criminal justice, legal aid and crime prevention.

The commission found that our nation's entire system of criminal justice has been existing on less than 2 per cent of our government expenditures.

What's happened, of course, is that our cities have mushroomed, population concentrations have created unprecedented problems, but criminal justice procedures too frequently have not adapted.

There is still much vital truth around us, some easy at hand, some needing diligent search. If government, press and people do not soon put their sights on it, then the distrust all three have spurred could engulf this society in a firestorm of self-destruction.

GEORGE C. THOSTESON, M.D.

Bundle Block

Dear Dr. Thosteson: When a condition described as a left block or bundle branch block, would that mean that the left chamber of the heart is blocked? All of it? And what about those small arteries that grow when some larger one is closed? Is there heart surgery for this? Also, why does an electrocardiogram not show this difficulty? —R.W.

Forget the idea that such a block means that any chamber of the heart is blocked (there are four chambers, two on the right, two on the left side). Rather, what makes the heart beat? It is an impulse carried by nerves to the heart muscle. The impulses are conducted by highly specialized fibers which are assembled in a "bundle" with one running through the right side of the heart, one through the left side.

A "block" or interference or delay retards the passage of the impulse. This can occur on either the right or left side, and can slow the heart beat or interfere with its regularity. (Left bundle-branch-block commonly follows a heart disease.) The block may cause enough change in heart sounds to be detected with a stethoscope, but in any case an ECG (electrocardiogram) will detect the situation readily. There are distinct, recognizable changes to indicate whether the right or left bundle is involved.

There is no surgery for this, but medications as well as pacemakers are used to compensate when necessary. Your question about arteries opens up a pretty big subject.

To put it briefly, a heart attack is what happens when some branch of the artery system feeding the heart muscle is shut off.

That deprives the heart muscle of its nutrition — its blood supply. Our arteries aren't like railroads, leading to specific points. Arteries, instead, are more like the branches of a tree. The big branches have smaller branches, and the smaller branches have myriads of twigs, and the twigs have leaves.

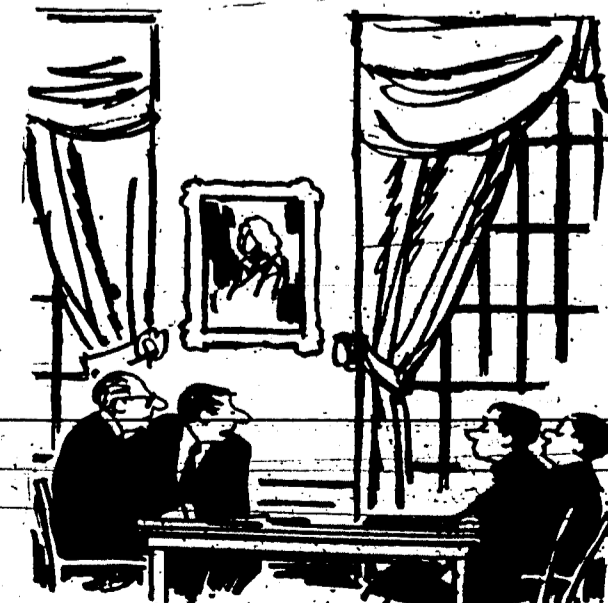

So it is with a main artery. It has main branches, and smaller ones yet. So if one large branch is incapacitated, the smaller branches will gradually enlarge, to absorb the work in a neighboring area — in this case, to take over the task of feeding the heart muscle.

It isn't a complete takeover. But it helps, helps a lot. That, indeed, is the reason why, after the first critical period, people recover from heart attacks.

"Tip-Of-How-To-Stop-Smoking," by Dr. Thosteson, will help you give up the habit. To receive a copy of the booklet, write to Dr. Thosteson in care of this newspaper, enclosing with your request 10 cents in coin and a long self-addressed stamped envelope.

Dr. Thosteson welcomes all reader mail, but regrets that, due to the tremendous volume received daily, he is unable to answer individual letters. Readers' questions are incorporated in this column whenever possible.

BERRY'S WORLD

"We don't make idle threats, and if you don't agree to our terms for peace, we may get tough and withdraw MORE troops!"

Soviets Hit For Conduct On Mideast

WASHINGTON (UPI)—The United States accused Russia today of using the Middle East situation for propaganda purposes instead of trying to "deal seriously with the problems."

The State Department, which issued the indictment, also said former Vice President Hubert H. Humphrey and other domestic critics of the administration's peace plan did not appear to have read the entire speech given last week by Secretary William P. Rogers.

A department spokesman, Robert J. McCloskey, was asked to comment on an article Sunday in the Soviet Communist party newspaper, Pravda, charging that Rogers' outline of the U.S. peace formula showed the United States was "still sticking to their one-sided and obviously anti-Arab stand."

The American spokesman said that in Rogers lengthy policy statement, "the United States described the constructive proposals discussed with the Soviets Oct. 28."

"The Soviets have not responded to the concrete and constructive formulation," McCloskey said. "They seem to have decided that, for the present at least, they would rather engage in propaganda attacks than deal seriously with the problems of the Middle East. What is needed is a positive response to the Oct. 28 formulations."

When asked about criticism by Humphrey Sunday in San Francisco, to the effect that the U.S. plan was unrealistic because it required Israeli withdrawal from all conquered Arab territory in return for a simple Arab commitment against aggression, McCloskey said: "From some of the comments we have noted, it would appear that the speech had not been completely read."

Mediators To View Dispute

SAN FRANCISCO (UPI)—The federal mediation service has invited representatives of the Marine Firemen's Union and the Pacific Maritime Association to another meeting Monday to discuss a work stoppage which has tied up 29 ships.

The meeting was the second at the offices of the mediation service since the six-week-old dispute began. It has successfully tied up ships ever since. The dispute started over the size of crews to be employed on Matson Line's new container ships, the Hawaiian enterprise and Hawaiian progress.

INSTALLATION OF OFFICERS highlighted a joint ceremony Saturday night for members of the Twin Falls Commandry 10, Knights of Templar and the Beauceant Assembly 108. From left are Archie Langdon, retiring commander; Carl

Kobel, newly elected commander; Mrs. Harold Menser, president, and Mrs. Tom Shouse, retiring president and orator. Installing ceremonies were held at the Masonic Temple Saturday night.

Fog Causes Numerous Road Mishaps

SANTA ANA, Calif. (UPI)—More than 100 cars were involved in a series of rear-end collisions Monday as blinding fog enveloped a 12-mile stretch of a freeway in Orange county. The California Highway Patrol said there were three major pileups at access ramps to the Santa Ana Freeway during the early morning, ultimately involving an estimated 100 to 125 vehicles.

One motorist died when his car ran off the road in the fog, and numerous drivers suffered minor injuries in the chain reaction collisions. The weather bureau said dense fog would move into the area again Tuesday morning bringing several hours of near zero visibility.

On Dec. 23, 1967, an estimated 200 cars were involved in one mass pileup when fog descended on the same section of the freeway, a busy commuter route to downtown Los Angeles.

Earl Sunday, the fog was blamed for a 52-car accident on the Harbor freeway in Los Angeles.

USE TIMES-NEWS WANT ADS FOR FAST SELLING RESULTS

Knights Templar Installs Officers In Night Ceremonies

New officers of the Twin Falls Commandry 10, Knights Templar and the Beauceant Assembly 108, were installed during Saturday night ceremonies.

Succeeding Archie Langdon as commander was Carl Kobel. Other officers of the commandry included Dale Kolbe, generalissimo; Howard Wiseman, Captain General; George Taylor, senior warden; Blythe Clements, junior warden, and appointed officers, Kenneth Naylor, prelate; Floyd Bandy, recorder; Lewis Hack, treasurer; Thomas Gates, sword bearer; Glen McCoy, standard bearer; Robert Pettygrove, warden and Ray Weatherby, sentinel. Installing officers included John Parrish, commander; Thomas Crain, installing marshal and Floyd Bandy, prelate.

Officers for the Beauceant Assembly included Mrs. Harold Menser, president, succeeding Mrs. Tom Shouse who was named orator; Mrs. E. Geper,

first vice president; Mrs. Howard Wiseman, second vice president; Mrs. G. W. Burgess, preceptress; Mrs. Lloyd Mason, recorder; Mrs. John Parrish, treasurer; Mrs. Robert Pettygrove, chaplain and Mrs. Glen McCoy, Marshall.

Others included Mrs. Tom Frith, assistant marshal; Mrs.

Cancel Plans

LONDON (UPI)—Queen Mother Elizabeth is suffering from a "heavy cold" and has cancelled her engagements until she recovers, Buckingham Palace announced Monday.

A. L. Gurley, standardbearer and Mrs. Floyd Bandy, color bearer.

President Franklin D. Roosevelt signed the first peacetime draft on Sept. 16, 1940.

Book Attacked

LOS ANGELES (UPI)—President Nixon isn't "a puppet," on the end of a string," the director of the U.S. Information Agency said Monday when asked about the best-selling book, "The Selling of a President 1968."

Frank Shakespeare, a former CBS executive, denied at a news conference that he and others "manipulated" Nixon during the 1968 campaign to get him elected president.

"It is not correct," he declared. The book, which was written by Joe McGinniss, claimed that Shakespeare and others established an image for Nixon and made him follow it to win votes.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: With another Christmas season coming on the same old problem to many of us wives is "the Christmas office party."

After quite a few years, I realize now, it's not the MEN it's the WOMEN who promote these affairs. I honestly believe that most of the men don't care for these office parties, but the women engineer everything. They get the men to sign up for the catered lunch, which now begins at 11:30 A.M. and goes on forever. They get them to agree to exchanging 50 cents gifts. Anything, just to get them to commit themselves.

These men are afraid NOT to go because the other men will say they are henpecked.

I'd like to know your opinion of this, Abby.

DEAR ABBY: My husband owns his own business and he can make his own schedule, so I know that he could arrange to be home with me for Christmas and New Years if he really wanted to, but now he's giving me this story about how he has to go away "on business" or "the holidays." Should I believe that he really HAS to be gone then?

BARBARA

DEAR BARBARA: Yes, if his name is Santa Claus.

DEAR ABBY: Here is the situation. The father is a professional man who is not always able to have dinner with his family. So when he comes home around 8 p.m. or 9 p.m., should his 15-year-old daughter call "Hello" from her bedroom? Or to show respect, should she come down and say hello to him (face to face)? And if she doesn't come out of her room for the next half hour or so, would you say she was not showing proper respect?

DEAR NAMELESS: Don't confuse "respect" with obedience. Children can be "trained" to obey an order, which may give the illusion of "respect," but the only respect that means anything is that which is earned.

Since Papa is obviously annoyed because Daughter doesn't give him a more affectionate welcome home, somebody (like Mama) should wipe her up without making a big deal out of it.

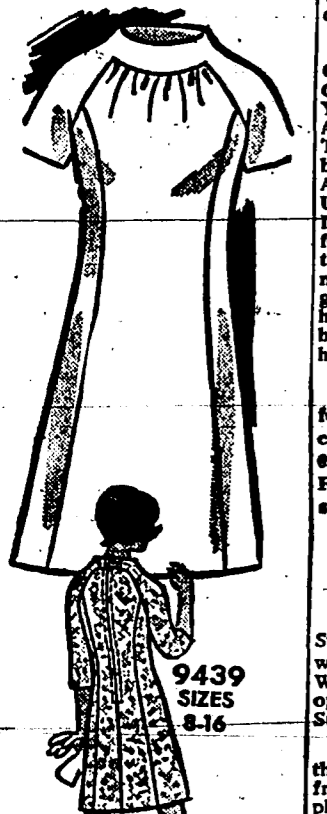

CONFIDENTIAL TO ANYONE WHO NEEDS A HOLIDAY GIFT SUGGESTION FOR A YOUNG MAN BETWEEN THE AGES OF NINE AND NINE-TEEN: There's a great little book by Marjabelle Young and Ann Buchwald, titled "STAND UP, SHAKE HANDS, SAY HOW DO YOU DO." It's tops on tips for ordering in a restaurant, introducing people properly, table manners, dating etiquette, grooming, and the whole bit on how to be a gentleman without being a sissy. I recommend it highly.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

HOME ALONE

DEAR HOME: More and more large companies are making Christmas parties a "family affair." Married employees are free to bring their spouses, and single ones may bring a "date." In offices where mates and dates are not welcome, you can be sure a vote was taken, and the majority ruled. No one is forced to go to an office party. And that "henpecked" excuse is a good excuse for a chicken.

Marian Martin Pattern

SHARLA REVE CONN

Sharla Conn, Hicks Disclose Wedding Date

Mr. and Mrs. Donald Conn announce the engagement and forthcoming marriage of their daughter, Sharla Reve, to Ernest Hicks, son of Mr. and Mrs. V. M. Hicks, of Twin Falls. The couple will be married Jan. 6 in rites at the Idaho Falls LDS Temple.

Miss Conn and Mr. Hicks were graduated from Twin Falls High School in June, 1969. The bride-elect attended Links Business College, Boise, and is employed at Continental Life Insurance Co., Boise. Mr. Hicks is attending Boise State College.

A reception will be held Jan. 8 at the home of the bride's parents. The couple will reside at 1412 N. 12th St., Boise.

Star Points Are Honored

An addenda by the Starlettes and the acting worthy patron, James Page, honored the star points during the regular meeting of Magic Chapter No. 82, Order of Eastern Star, at the Masonic Temple.

Presiding at the meeting were Nellie Black, worthy matron, and Mr. Page. Special guests were Mr. and Mrs. Claude Allen, Hagerman Chapter No. 78, and Mrs. Alton Kauffman, Lewiston Chapter No. 13.

Refreshments were served by Marguerite Conant, Mr. and Mrs. Bob Phillips, Mr. and Mrs. Carl Kobel and Bonnie Detweiler.

Mrs. Kiser To Head Hagerman Rebekah Lodge

HAGERMAN - Mrs. Charles Kiser, was elected noble grand of the Union Rebekah Lodge No. 45.

Other officers elected are Mrs. Norman Billington, vice grand; Mrs. LeRoy Jolley, staff captain, and Mrs. Roy Fields, treasurer. Mrs. Rex McAnulty was retained as secretary and Mrs. Hallie Conklin, financial secretary.

Mrs. Clettice Marsh, Mrs. Nora Fallin and Mrs. Elwood Grimes were elected trustees.

The charter was draped in memory of Mrs. Sadie Ruddles. Taking part in this ceremony were Mrs. Jolley, Mrs. Kiser, Mrs. Fallin, Mrs. Marsh, and Mrs. Emma Sevey, Mrs. Grimes was musician.

It was reported that Mrs. Ona Vader is a patient at the Magic Valley Memorial Hospital, Twin Falls.

Those having birthdays during September, October and November were honored by the noble grand. They were Mrs. Dick Pope, Mrs. Charles Skinner, Mrs. McAnulty, Mrs. Fallin, Mrs. Phoebe Holt, Mrs. Jolley and Mrs. Billington.

A Christmas social and gift exchange will be held following the next regular meeting Tuesday. A potluck lunch will be served. Members of the IOOF lodge will be guests.

Refreshments were served by Mrs. C. O. Shore and Mrs. Myrtle Conklin.

Events

Union Pacific Booster Club will meet at 8 p.m. Thursday at the home of Mrs. Morris Blackburn for a Christmas party and secret pal gift exchange. The thought for the day will be given by Mrs. Wallie Holmgren.

The Morningside Club will have a Christmas party at 2 p.m. Wednesday at the home of C. W. Westbrook. Members are asked to bring a gift for their secret pals and cookies for an exchange.

American Legion Auxiliary will meet at 7 p.m. Wednesday at the American Legion Hall for a covered dish dinner and gift exchange. Members are asked to bring their own table service.

The MS and S Club will meet at the Lois Anderson residence Wednesday at 2 p.m. Mr. and

PATRICIA SHERIDAN

Miss Sheridan, Higgins Plan December Rites

FILER - Mr. and Mrs. Russell E. Sheridan Sr. announce the engagement and forthcoming marriage of their daughter, Patricia Annette, to Steven Dewey Higgins, son of Mr. and Mrs. Stanley T. Higgins, Durkey.

Miss Sheridan is a graduate of Filer High School and attended Idaho State University, Pocatello, for a year. Mr. Higgins is a graduate of Burley High School and attended Idaho State University. He is presently employed by Russell Sheridan in the building business.

A Dec. 19 wedding is planned.

Mrs. John Parish will show pictures they took of the Holy Land. Co-hostess are Myrtle Griggs and Nellie Black. Anyone interested is invited to attend.

Twin Falls Hobbycrafters Club will meet at 1 p.m. Thursday at the Colonial House for its annual Christmas party and luncheon. A gift exchange will be featured.

Bethel No. 56, International Order of Job's Daughters, will hold its regular meeting at 7:30 p.m. Wednesday at the Masonic Temple. There will be a Christmas party and gift exchange after the meeting.

GAS DOES THE BIG JOBS BETTER FOR LESS!

SANTA CLAUS LIVES IN A GAS HEATED HOUSE

(According to a report from one of his Elves)

If so, Santa knows that the cozy quick warmth of natural gas is the best and most economical heat he can get.

This time of year there are a lot of Santa's helpers getting ready to make a happy Christmas for their own special families, and some aren't lucky enough to have a gas heated house. If you're one of these unlucky Santa's helpers, maybe you can get around to changing after Christmas.

Call us for action, and you'll have an even merrier holiday season next year!

RENT A CONVERSION BURNER FOR YOUR PRESENT FURNACE

ONLY \$195 PER MONTH

INSTALLATION AND MAINTENANCE INCLUDED

Virtually all oil or coal furnaces can now be converted to Natural Gas with the simple installation of a gas conversion burner. Call now for an enjoyable winter!

IDAHO'S PARTNER IN BETTER LIVING

Manger Is Yule Symbol In Italy

ROME (UPI)—The Christmas tree has found its place but it is still the manger that stands most for Christmas in Italy.

Small wooden mangers with figures of the Christ Child, the Virgin and the Wise Men are put out in just about every Italian home each Christmas. It has been that way in Italy and other Mediterranean countries since the 12th century, when St. Francis of Assisi started the Christmas tradition of mangers and cribs.

The Christmas tree, a northern custom, has come in to use in Italy since the end of World War II. But there is still some reluctance to accept it. The Vatican City newspaper L'Osservatore Romano expressed the feelings of some Italians several years ago when it called the Christmas tree "fascinating but empty" of meaning and urged Italians not to abandon the custom of setting up mangers. Each city tries to outdo the other with manger displays.

LINDA RAE SCHULER daughter of Mr. and Mrs. Carl Schuler, 1088 Pine-wood Circle, Twin Falls, has graduated from Eastern Air-line stewardess training, Miami, Fla. She will be stationed in Boston, Mass. Miss Schuler is a graduate of Endicott Junior College, Boston.

Gift Package

FRANKFURT, Germany (UPI)—Each of the 76,000 railroad men working on Christmas Eve will receive a package containing candy and cigarettes valued at \$1.65, the state railways said Monday.

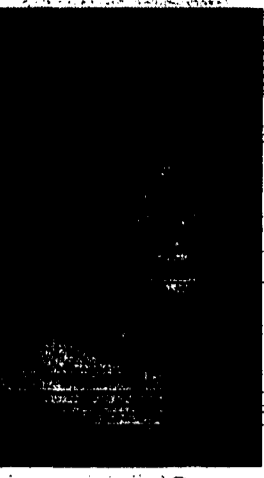

New Uranium District Is Discovered

DENVER (UPI)—The Colorado Corporation of Denver announced Monday the discovery of a new uranium district in the Green Mountain area 80 miles southwest of Casper, Wyo. The completion of more than 600 test holes to date, totaling in excess of 300,000 feet of drilling, has established the presence of an area of uranium mineralization more than seven miles long. Drilling tests continue.

Ore grade mineralization has been found at depths from 16 to 502 feet—and the grades range from 0.10 per cent to 1.25 per cent uranium oxide, said Colorado Corp. Vice President Fred Groth.

Most of the ore should be recoverable by open-pit mining methods, Groth said. Kerr-McGee Corp., of Oklahoma City, owns a one-half interest in the property and will become the operator when exploratory drilling is completed.

The Colorado Corporation and Kerr-McGee Corp. jointly own about 25,000 acres of claims and leases in the Green Mountain area. The nearest commercial production of uranium has come from the Crooks Gap district 15 miles away.

CARLOTTA BLASTOCK daughter of Mr. and Mrs. Robert Blastock Jr., Filer, has been admitted to the World Campus Afloat program of Chapman College, Orange, Calif., for the 1970 spring semester at sea. She will join 500 other college students from 200 schools in nearly all 50 states for the study-voyage to ports in the Orient, India, Africa and Europe.

40th Idaho Legislature Will Be Asked To Come Up With \$1,200,000 For Pollution

By PAUL M. QUINN
BOISE (UPI)—Already faced with the headache of having to reopen the Pandora's box known as the state budget, the legislators attending the second half of the 40th Idaho Legislature will be asked to come up with \$1,200,000 to abate pollution of Idaho waters.

The request for the appropriation has come from the Association of Idaho Cities. The organization wants House Bills 159 and 162 acted upon this session. The measures were deferred during the first half of the session.

House Bill 162 is enabling legislation required by federal law to qualify Idaho for increased federal participation in funds appropriated to implement the Clear Water Restoration Act of 1966.

The Bill 159 appropriates some \$1,200,000 for this purpose. Ed Simmerman, executive director of the association, said the state of Idaho must get involved in the business of abating

Idaho's lakes and streams to the standards adopted by the state.

A number of state agencies, industries, businesses and individuals have indicated their full support to the two bills.

Director of Administrative Services Edward Sawyer has already stated he will recommend that the budget be reopened to take care of some absolute necessities, such as additional funding for Boise State College and the State Board of Health.

In all, requests for additional monies will probably total in the neighborhood of more than \$5 million with an estimated \$3.5 million available as a surplus.

There is, however, a great deal of pressure on legislators not to spend any additional money. Likewise, there is pressure for clean water in the state.

Idaho has adopted water quality standards which must be implemented statewide by 1972, meaning that all sewage treatment systems must be capable of secondary treatment by that date to meet the quality standards set for the effluent.

The Idaho Association of Cities has pointed out that to meet the deadline and the standards will mean "huge expenditures" by many of the cities. Bonding proposals to date have not been too successful.

Fifty per cent federal funds are available for the purpose but only with the stipulation that the states contribute 25 per cent, leaving 25 per cent for the local effort.

For the federal fiscal year of 1969, there was \$2.5 million allocated to Idaho for abatement of water pollution but \$2 million was never used and went to other states.

Simmerman said that city administrators are in complete agreement that the state of Idaho has to have some financial responsibility in restoring and maintaining clean water for the residents and visitors to Idaho.

"To continue leaving the total burden for pollution abatement on the urban population is inequitable," the association has told the legislators by letter. "Postponement or failure of the

state to participate in this program will result in the loss of federal funds which the state can ill afford to replace. Little progress in implementing of the state water control standards and will result in an increase in pollution of Idaho waters."

The association stated that the neighboring states of Oregon and Washington have appropriated millions of dollars for the same purpose.

Francis Marion, an American general in the Revolutionary War, was nicknamed "Old Swamp Fox."

Additions To Fisheries Compact OK'd

WASHINGTON (UPI)—The House passed and sent to the Senate Monday a bill to give congressional approval to the inclusion of Alaska and Idaho in the Pacific Marine Fisheries Compact.

The legislation, passed by voice vote, also would provide a new way of allocating costs among the two new member states and the original three—California, Oregon and Washington.

The compact is intended to promote better use of fishery resources and to develop a joint fish conservation program.

The legislation was introduced by Rep. Thomas M. Pelly, R-Wash., a senior member of the House Merchant Marine and Fisheries Committee. Joining as cosponsors were Reps. Wendell Wyatt, R-Ore.; Howard W. Pollock, R-Alaska, and Julia Butler Hansen, D-Wash.

The legislation would reduce Alaska's and California's share of the costs of the program while increasing the contributions of Washington, Oregon and Idaho.

Electric And Gas Firm Asks Rate Hike

SAN FRANCISCO (UPI)—Pacific Gas & Electric Co. Monday applied to the State Public Utilities Commission for a 9 1/2 per cent electric rate increase in northern and central California.

The increase is designed to raise \$67.4 million for the company. The application, which weighed five pounds, said it would be the first increase in 12 years and was calculated to produce a rate of return of 7.8 per cent on the company's investment in electric facilities.

PG&E said inflation and the high cost of money for expansion were the major reasons for the requested increase.

If granted, it would be the first electric rate increase since 1957, the company said. PG&E currently has an application for an increase in gas rates pending before the state PUC.

The increase, if granted, would affect more than 2.5 million electric customers.

PG&E said the interest rate on bonds sold to finance new construction has nearly doubled in the past five years and currently is about 9 per cent.

"During the same period, severe inflation has materially increased operating and construction costs," PG&E President Sherman L. Sibley said.

Buck Rogers May Be Flying Around Universe Again Soon

By FREDERICK M. WINSHIP
NEW YORK (UPI)—Buck Rogers was grounded in 1967 but he may be flying around the universe again soon in view of the soaring sales of "The Collected Works" of Buck Rogers in the 25th Century.

The first 25,000-book printing of the Chelsea House book containing 12 complete episodes of the Buck Rogers comic strip has sold out in less than a month. In publishing circles this is considered proof positive of the sustained popularity of the first astronaut whose name became a household word.

"We have tentative plans to resurrect Buck Rogers," said Robert C. Dille, president of the National Newspaper Syndicate which originated the comic strip in 1929. "Time and space exploration had caught up with Buck when we terminated the strip, but it could be renewed either as a space horse opera, as a rerun of the originals, or with an educational twist in terms of modern science."

Dille has been called the son of Buck Rogers because his late father, John Flint Dille, incubated the idea for a "scientific" comic, as he called it. The senior Dille persuaded Philip Nowlan, who had written a fantasy novelette with a hero named Anthony Rogers, to do the story line, and Dick Calkins to do the illustration. At first Calkins objected because he wanted to do a strip set in the dinosaur age.

"Nowlan's scientific insight was no more than healthy curiosity," Dille recalled. "It was not rooted in formal education. Actually, he had been educated to be a financial writer. But he was an avid science reader and an extraordinarily competent writer. The strip started in 47 papers and within five years was running in 40 U.S. papers."

Eventually Buck Rogers became an international celebrity, appearing in papers in more than 40 countries. His space age lingo translated into 18 foreign languages. The strip inspired a film series starring Buster Crabbe and Constance Moore and Buck Rogers products ranging from rings and watches to helmets, helium pistols and miniature rockets. Hundreds of thousands of children were members of Buck's Solar Scouts, Rocket Rangers and Satellite Pioneers.

Expert Makes Plea For Indians

SAN FRANCISCO (UPI)—Alcatraz Island should be turned over to Indian control as an educational and cultural center, an expert in the field of Indian affairs said Monday.

Professor Sol Tax, speaking on behalf of 12 prominent scholars, said the federal government owes vast moral and legal obligations to the Indian people. "Alcatraz will represent but a small down payment on repaying this great debt," Tax said.

Tax, a University of Chicago anthropologist now at the center for advanced study in behavior sciences at Stanford, criticized "federal paternalism" in providing education for Indians. "Even today, the Bureau of Indian Affairs schools are often

Withdrawal Underscores Confidence In Viet Troops

SAIGON (UPI)—The withdrawal of the U.S. 82nd Airborne Brigade from Vietnam underscores the American Command's confidence that South Vietnam is now capable of defending Saigon.

Admittedly a risk is involved. The capital and the 3.5 million people who live within a 200-square-mile area are defended by 43,000 troops. But the change is not a numerical one.

Just one year ago, 10 U.S. battalions—totaling about 8,000 troops—were operating in the Capital Military Assistance Command (CMAC). Today there are no U.S. ground troops in Saigon.

The last to leave were paratroopers from the 82nd Airborne, a 4,800-man brigade rushed to Vietnam during the Tet offensive 22 months ago and redeployed to the United States during the second-phase troop withdrawal. The last men of the brigade left Vietnam Thursday.

"The Viet Cong apparently thought they were going to have free reign when we pulled out of Saigon last October," one colonel said. "But it just hasn't happened. The Cong have been getting zapped."

Intelligence analysts see no likelihood of a major Communist attack against Saigon in the near future. They believe the Communists are aware of

their limitations and will continue to use terrorism and sabotage as substitutes.

The statistics commanders rattle off seem to give credence to their optimism. They admit, however, that until or unless the Viet Cong assert themselves militarily, CMAC's true strength will not be known.

Since January, 454 Viet Cong cadre and 594 cadre sympathizers have been "neutralized"—killed, captured or otherwise taken out of circulation. Dwindling Communist strength in CMAC is believed to be less than 7,500.

"What we call incidents—shootings, ground probes, assassinations—are usually just that, incidents," one officer said. "They used to be initiated by enemy squads and platoons. Now maybe two or three guys are involved."

Just as the Americans were phased out of CMAC, commanders hope regular South Vietnamese units will be replaced by territorial forces who eventually will be replaced by civilian self-defense groups.

Guarding the capital now is entrusted to about 10,000 rangers, 20,000 national policemen and 13,000 militiamen.

scandalously poor and the Indian drop-out, or push-out rate is very high—50 to 80 per cent—in both federal schools and white-controlled public schools."

Kentucky, UCLA Run Neck And Neck In UPI College Basketball Poll

NEW YORK (UPI)—Kentucky and UCLA, a pair of perennial powerhouses, are running a virtual neck-and-neck race for recognition as the nation's No. 1 college basketball team.

second weekly rankings by the 35-member United Press International Board of Coaches. The Wildcats received 18 first place votes and 328 points to top UCLA, which was named first on 15 ballots and amassed 323 points.

first place votes, was third with 223 points, followed by South Carolina and Southern California, tied for fourth, and Davidson in sixth. Notre Dame moved up to seventh, followed by Santa Clara, North Carolina and Villanova.

Halas Slaps Carter With \$1000 Fine

CHICAGO (UPI)—Chicago Bears quarterback Virgil Carter was fined \$1,000 Monday for his criticism of the Bears coaching staff and management after Sunday's defeat by the Green Bay Packers.

"because of the seriousness" of Carter's remarks. Carter, after the game criticized Coach Jim Dooley as "not having the guts" to tell Carter that he would not play the second half of the game.

The fine was levied in a conference with Carter by club owner George Halas, who said it was the largest amount the club ever had fined a player for off the field remarks.

UCLA, showing no signs of weakness despite the loss of three-time All-American Lew Alcindor, has won all four of its games, with John Valleley, Sidney Wicks and Sophomore Willie Henry Bibby leading the way.

Game Here

CSI's Golden Eagles return to the home court Tuesday night, hosting the Idaho State frosh at 8 p.m. in the Twin Falls high school gymnasium.

Second Half Burst Lets Huskers Win

LINCOLN, Neb. (UPI)—Nebraska, after a mediocre first half, exploded for 60 second half points to defeat Northern Michigan University, 62-68, before 7,200 Coliseum fans here Monday night.

Halas imposed the fine before Carter and the team's other two quarterbacks reviewed Sunday's game films and said he chose such a large amount "because of the seriousness" of Carter's remarks.

The Cornhuskers, who hiked their home record to 3-0 and their over all mark to 6-1, were paced by guard Marvin Stewart who picked 12 points in the second half en route to a 23-point game.

Halas said that the fine had nothing to do with any action which might be taken by Dooley, and Dooley said that "anything particular I have to say to Virgil or the team will be done as a group."

Texas Tech Rallies By Arizona

NEBRASKA had trouble in penetrating Northern Michigan's zone defense in the first half, but switched from a deliberate game to a fast breaking offense in the second half.

Halas, who said the fine would be donated to the Crusade of Mercy, said he believed it was the largest penalty ever imposed by the club on a player for critical remarks.

Irish Lose First, 75-63 To Kansas

SOUTH BEND, Ind. (UPI)—Center Dave Robisch scored 28 points and grabbed 13 rebounds in leading Kansas to a 75-63 basketball victory over Notre Dame.

He could not recall if it was the largest single fine ever levied by the Bears but pointed out that lineman George Seals paid a series of fines earlier this year which totaled \$7,400, which also was donated to the Crusade of Mercy.

The defeat was the first in six games for the Irish, while the Jayhawks improved their record to 4-1.

Notre Dame, playing with the service of regular center John Pleick out because of a sprained ankle, was paced by Austin Carr with 25 points.

Notre Dame, playing with the service of regular center John Pleick out because of a sprained ankle, was paced by Austin Carr with 25 points.

Gene Knolle led Texas Tech in scoring with 28 points followed by Steve Hardin with 13 and Jerry Turner with 12.

Mexican Team Has 28 Game Skein Broken

FLAGSTAFF, Ariz. (UPI)—The University of Chihuahua, Mexico, suffered its first defeat in 28 games as Northern Arizona University overcame a halftime deficit for a 92-83 victory Monday night.

With 14:50 remaining in the second half, the Lumberjacks went ahead, 50-48, to stay on a field goal by BOB Lucid. NAU tied it up one minute earlier after trailing, 42-33, at the half.

Thurmond Tops On Backboards

NEW YORK (UPI)—Jerry Lucas' hand injury, put the rebounding strictly up to Nate Thurmond and the San Francisco Warriors center has responded with a league-leading 522 retrievals for an 18.8 average.

Houston Raps Cal Loyola

HOUSTON (UPI)—Ollie Taylor with 29 points paced five Houston players in double figures and gave the Cougars their sixth straight win Monday, a 116-91 victory over Loyola of California.

Mountain View Coasts 80-56

Milt Horton pumped through 32 points Monday night in leading Mountain View to an easy 80-56 romp over Nielsen-Miller Construction in the highlight of city league basketball action.

Denver Pioneers Drop Utah 64-61

DENVER (UPI)—The University of Denver Pioneers handed their coach his 200th career victory as the team slipped past Utah 64-61 Monday night.

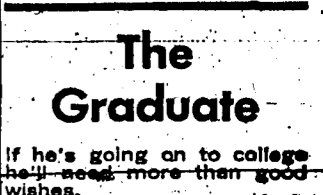

The Redskins jumped to an early 12-4 lead at the opening buzzer, but Denver hit a scoring spurt to make a 19-15 advantage a few minutes later and never trailed again.

The Redskins jumped to an early 12-4 lead at the opening buzzer, but Denver hit a scoring spurt to make a 19-15 advantage a few minutes later and never trailed again.

DU Coach Stan Albeck was presented the game ball in honor of the win.

The Graduate

These days it takes more than good wishes or ambition to get top grades. With a Lettera 32 portable he can type his term papers twice as fast as he can do them longhand.

Tom Foolson led the losers with 17 points.

In other action Jay Bal's 20 points paced Title and Trust to a 56-38 decision over Sherwoods, who was led by Tom Moreland's 18.

Jim Vickers hit for 17 points as T.F. Firemen topped Hopper 48-39. Denny Porter had 15 for Hopper.

These days it takes more than good wishes or ambition to get top grades. With a Lettera 32 portable he can type his term papers twice as fast as he can do them longhand.

STILL UNBEATEN

DURHAM, N. C. (UPI)—Undefeated Duke University rolled to an easy 80-65 win over East Carolina University Monday night and Blue Devil Coach Bucky Waters cleared the bench to give his reserves some experience.

Haywood ABA Scoring Leadership

NEW YORK (UPI)—Energetic Spencer Haywood continued to dominate two American Basketball Association categories today as he led all scorers with 819 points for a 27.3 average and totaled 590 rebounds for a 19.7 game average.

Gamecocks Rip Maryland 101-68

COLLEGE PARK, Md. (UPI)—John Roche and Tom Owens teamed up to score 58 points as South Carolina slaughtered the University of Maryland, 101-68 in an Atlantic Coast Conference game Monday night.

Haywood, Denver's candidate for rookie of the year honors, amassed his point total on 323 field goals and 173 foul shots.

With Roche banging in nine long field goals and all nine of his free throw attempts for 27 points, and Owens keeping the defense loose with his twisting drives to score 29, the Gamecocks dominated the game from the outset.

Wrestling

The Twin Falls Bruin wrestlers will tangle with Pocatello tonight at 8 p.m. This is a change from the previous time listing of 7 p.m.

USC Works Out For Rose Bowl

LOS ANGELES (UPI)—Coach John McKay sent his University of Southern California football team through a 90-minute workout Monday, the Trojans' third drill in preparation for their Rose Bowl game with Michigan.

First Loss

WASHINGTON (UPI)—St. Johns of New York handed Georgetown University's Hoyas their first defeat of the year Monday night but the Redmen had to fight off a strong second half rally for their 71-64 victory.

Tops Vanderbilt

MANHATTAN, Kan. (UPI)—David Lawrence, a reserve noted primarily for his defensive ability, sprang forth offensively Monday night, scoring 23 points as Kansas-State defeated Vanderbilt, 91-78.

Successful Investing

By ROGER E. SPEAR

NEW YORK (UPI)—A negative news background and continued year-end tax selling pressured stocks Tuesday in moderate turnover.

Shortly before 1:15 p.m. the UPI marketwide indicator showed a loss of 0.79 per cent, while the Dow-Jones average of 30 selected blue chip industrials dropped 5.74 to 778.31. The last time the Dow closed below this level was on Oct. 14, 1968 when it finished at 771.71.

Of the 1,563 issues crossing the tape, declines led advances, 923 to 353.

A three-hour volume of around 8,000,000 shares was running ahead of Monday's clip. Weakest issues were electronics, aircrafts, motors, and airlines. Steels gave up fractions, while conglomerates, chemicals and motors also were mostly lower. Oils were mixed.

Among the most active stocks were Chrysler down 1 1/2, International Telephone 5/8 lower, Occidental up 1/2, American Telephone 3/8 lower, Texaco up 1/2, Gulf Oil up 1/2, Polaris up 1/2, General Electric down 1/2, G. D. Searle 2/8 lower, and American Hospital Supply off 1/4.

ON PATROL BY the late Charles Schreyvogel is one of more than 150 items by the great painter-historian on display at the National Cowboy Hall of Fame and Western Heritage Center in Oklahoma City. The collection was acquired this year in what art authorities agree is the greatest western art discovery of the decade. Schreyvogel executed less than 100 canvases and 20 of these are in the center collection. Purchase of the collection was made possible by the Winchester-Western Division of Olin Corp.

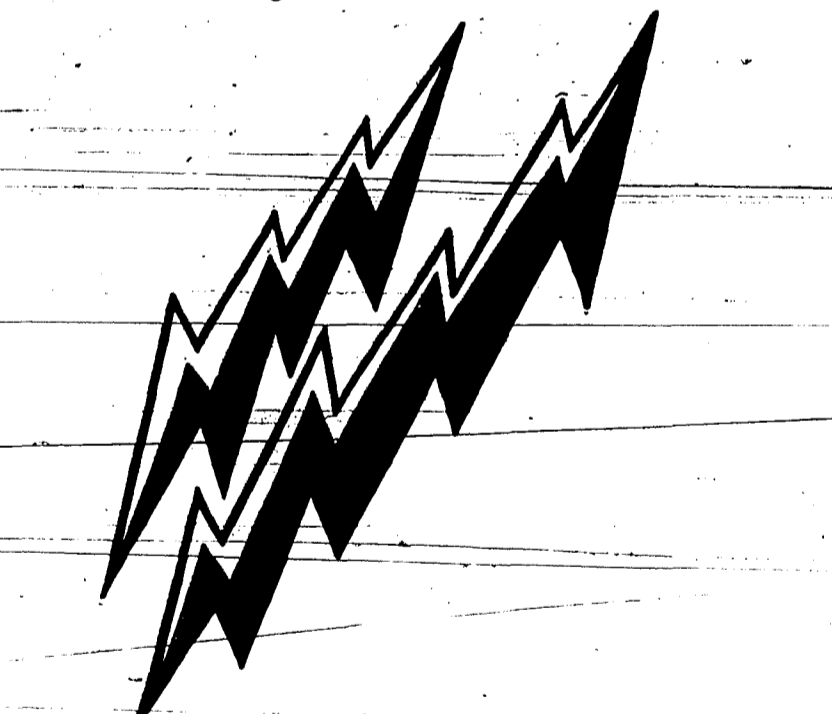

Charles Schreyvogel Studio Of Frontier Art Is At National Cowboy Hall Of Fame

The Charles S. Schreyvogel Memorial Studio of rare frontier art and historic objects opened a week ago at the National Cowboy Hall of Fame and Western Heritage Center in Oklahoma City. It is the nation's first public showing of the Schreyvogel collection, one of the decade's most important art finds. It has been announced that purchase of the \$500,000 collection will be made possible by the center by its association with the Winchester-Western Division of Olin Corp.

A new carbine, commemorating the cowboy and authorized by the hall of fame, will be used to support purchase of the Schreyvogel collection. Center subscribers of \$1,000 or more will receive custom editions of the Model 1894 Winchester Cowboy Commemorative Carbine. Joel McCrea, western movie star, will lead the nation-wide membership drive.

The opening of the exhibit center activities scheduled at the center during the week of the National Finals Rodeo. Other events included unveiling of an eight-foot high statue of the late Bill Linderman, rodeo great who lived part of his life in Idaho. The Schreyvogel collection at the center is 20 canvases, including some of Charles S. Schreyvogel's finest post-Civil War cavalry and Indian Battle scenes. The only two bronzes executed by the artist, sketchbooks, unpublished letters and documents, historic relics collected by the author and photographs and awards also are in the collection.

"O.K. God, so strike me dead."

That's the famous dare of the one who says he's an atheist. And if he's not immediately floored by a lightning bolt, he usually sneers, "See? So what is all this God baloney?" All of which proves that he doesn't know very much about talking to God. Indeed, even people of faith sometimes feel unhappy when their "prayers aren't answered." Which means that they've forgotten that God always answers our prayers. And sometimes the answer is No. That's a good thing to remember in these times that often seem almost too difficult to bear. When it seems like God's gone away permanently. God is not dead. God is. And, moreover, His sense of hearing is very acute. So why not start talking to Him again? He's a good listener.

MONKS BATTLE POLICE
SAIGON (UPI)—Cambodian monks seeking to have the government restore their status as an ethnic minority battled with Saigon police early today for the second time in less than 24 hours.

This season we have a profit sharing plan

We're determined to break with tradition. For years this has been a slow season for selling new cars. Now, all that will change. We'll give you a big piece of the markup we expect in selling your trade. But this car buying incentive can't last forever. **FREE CANDY CANES** For The Kiddies. Come in soon.

\$5 Free Gift Certificate
Just for TEST DRIVING one of our beautiful, new **DODGES - CHRYSLERS - IMPERIALS**
