TEN CENTS

OUTGOING TWIN FALLS Mayor Egon Kroll, on the left, plus the badge of office on the city's new mayor, Frank Feldtman. The latter is a Twin Falls realtor and has been a city councilman for the past six years. He was elected mayor by members of the council at Monday's City Council meeting in City Hall.

THIS IS WHAT IT LOOKS LIKE when new councilmen were sworn into office. Taking the oath of office from City Clerk Connie Leiser are, from left, John Christofferson, Tom Nelson and Paul Ostyn. The new councilmen officially took their seats at the council table when all old business was finished at Monday's City Council meeting. Their first acts were to sign their certificates of election. Then they voted for a new mayor. After that, it was routine business for the next hour. When the meeting was finished, the new councilmen, joined by their wives, gathered in the city clerk's office for refreshments and handshakes by outgoing councilmen John Angerhauer and Robert Warberg, and outgoing mayor, Egon Kroll.

Feldtman Named T.F. Mayor

Vote Outcome Cited In Murder

CLARKSVILLE, Pa. (UPI)—The two sons of Joseph A. "Jack" Yablonski charged today their father, mother and sister were murdered by "professional assassins" and said there was "no doubt" the killings resulted from the recent United Mine Workers election.

The sons, Kenneth of Washington, Pa., and Joseph of Washington, D.C., said in a letter to the state police in a nearby Washington, Pa., "Our father, mother and our little sister are dead. They were shot to death while they slept by professional assassins whose sole interest was to kill them."

"There is no doubt that these horrible misdeeds are an outgrowth of our father's most recent bid to win election to the presidency of the United Mine Workers of America."

Members were murdered in their beds at their home near this town in the heart of the soft coal fields. Authorities sought a motive for the murders which some officials indicated were planned. Their bodies were found Monday.

Police believe more than one killer was involved. At least nine .38 caliber bullets were used in the killings.

Dr. Ernest L. Abernathy, the pathologist who performed autopsies on the decomposed bodies, said the slayings probably occurred on the morning of Jan. 1.

Abernathy found two bullet holes in the body of Yablonski's wife, Margarita, 57; two in the top of the head of their daughter, Charlene, 25, until recently a government poverty worker in West Virginia; and five in the 59-year-old Yablonski's body. One was fired at close range.

The girl apparently was asleep and killed first. Her mother, sleeping in a double bed beside her husband, apparently acted as a target. Protectively, she had pulled the covers over her head. Yablonski tried to put up a struggle and was found kneeling beside his bed, police said.

TEN GALLONS IS A LOT OF blood, enough, according to Red Cross officials, to offer a complete blood exchange to 10 people. And 10 gallons of blood is just what Cpl. Frank Mogensen of the Idaho State Police has donated in the past 12 years. Monday, during a bloodmobile visit to Twin Falls, he got his 10-gallon pin. Officials said it was the first 10-gallon pin awarded in this area. Pinning the pin on his uniform is Mrs. Larotta Rossau, hostess for the Monday drawing at the American Legion Hall.

Council Seats 3

New Men

Frank Feldtman is the city's new mayor.

A Twin Falls realtor and a councilman for the past six years, he was elected to office by a vote at the City Council meeting Monday night at City Hall.

The vote came just after three new councilmen were sworn in and the three outgoing councilmen stepped down.

Taking the oath of office for the first time were John Christofferson, Tom Nelson and Paul Ostyn. They were elected last November and they replace Egon Kroll, the outgoing mayor, and councilmen Robert Warberg and John Angerhauer. None of the outgoing councilmen sought re-election.

In accepting his gold badge of office, which former Mayor Kroll laughingly said he kept at home while he was mayor, Mayor Feldtman said, "This is a real joy and I feel it a major task to follow in the footsteps of Mayor Kroll but we have a real good team here and I know we can work together as a team."

This election came after a meeting was held at the city hall mayor by Councilman Nelson. Councilman Christofferson seconded the motion.

Although there were six councilmen present, the vote was 5-0. Mayor Feldtman abstained from voting for himself.

From the audience, after the three councilmen were sworn in by City Clerk Connie Leiser, Mr. Kroll said, "It has been a pleasure to represent the city for the past eight years. We've had a very good time and I feel the city can look forward to continued progress."

Mr. Angerhauer said, "I want to thank the people that voted for me in past years and I wish the new council all the success in the world."

George Bennett died recently. A resolution honoring his memory and praising him for his service to the city was read. The council asked that the resolution be sent to his widow and family.

No action was taken on replacing Mr. Bennett on the council at the Monday meeting. Councilman said they would consider appointing a person to the vacancy during the next few weeks and will probably take action at the next council meeting Jan. 13.

Appointments of councilmen to various city committees and posts will also be considered at the meeting. Additional news on the council meeting appears on page 8.

Type Of Grandstand Replacement Studied

Figures concerning loss from the fairgrounds blaze Nov. 7 are almost complete and ready to be presented to insurance adjusters, it was revealed at a Monday meeting of the Twin Falls County Fair Board.

Harold Hove, board president, said a decision on the type of structure which the county hopes to build to replace the old wooden grandstand should be made sometime within the next three weeks. In the meantime fair board members and county commissioners will visit fair grounds in Idaho, Washington, Arizona and Nevada to get an impression of what to what is hoped for at Ellier.

Mr. Hove said a concrete and steel structure is being considered. "We definitely won't build with wood again," he said. The entire grandstand was leveled by the intentionally set blaze in November and since then the fairboard and insurance adjusters have been evaluating the damage.

Commissioners and fair board members were meeting Tuesday to discuss a budget increase which will be needed to couple with insurance payments to construct a new grandstand.

"Some increase will be needed to get us over this emergency," Mr. Hove said.

The board, Mr. Hove said, is still researching a possibility of changing the size or shape of the arena, but no decision has been made on this point. He also said the grandstand probably will cost about \$500,000, very close to the size of the former structure.

It is hoped the replacement will be complete in time for the Magic Valley Western Horse show this summer, Mr. Hove said.

Three members of the fair board, Mr. Hove, Ben Mottern and Warren Barry, and secretary-manager, Tom Shouse, will leave Saturday for Denver to attend the annual Rodeo Cowboy Association convention.

The county fair and rodeo's annual report will be made and the local delegation will be meeting with stock contractors, specialty acts and carnival representatives to prepare for the 1970 show.

The fair board's next meeting will be Feb. 2 when the board will reorganize and new members will be named.

Kennedy Says He Did Not Drink Liquor

EDGARTOWN, Mass. (UPI)—Sen. Edward M. Kennedy told an inquest into the death of Mary Jo Kopechne he drank no alcoholic beverages at a party the night she drowned in his car.

Kennedy, during two hours of questioning at the secret inquest Monday, otherwise gave an almost verbatim replay of last summer's televised speech in which he tried to explain the circumstances surrounding the death of the pretty secretary.

Kennedy, UPI learned today, told the inquest he had two drinks with dinner the night of the accident and nothing at all to drink at a party which followed in a rented cottage on nearby Cape Cod.

It has been reported that the 37-year-old Kennedy had been drinking heavily.

Only three other persons testified at the inquest opening Monday—two Kennedy friends and an accountant from the New England Telephone Co.

Under Boyle's questioning and that of District Attorney Edmund S. Dineen, Kennedy told how he and Miss Kopechne, 28, were driving on an unlighted road when his car plunged off a narrow plank bridge into a tidal pond. The senator failed to report the accident to police for nine hours.

When asked by Dineen Monday why he waited so long to report the crash, Kennedy replied he had intended to but became bewildered and so confused he didn't know what he was doing.

NASA Delays Moon Trips For Study

HOUSTON (UPI)—The U.S. space agency has postponed its fourth Apollo moon landing by three or four months and may delay Apollo 13 from March to April, to give scientists extra time for lunar rock study between flights.

Space agency chief Dr. Thomas O. Paine said in an interview Monday the next moon landing, Apollo 13, might fly in April instead of on March 12 as originally planned. This would give scientists four months instead of three to study the Apollo 12 moon rocks.

Paine also said the fourth landing, Apollo 14, commanded by America's first man in space, Alan B. Shepard, is now targeted for flight in October instead of July.

IDEAL SPOT (UPI)—Two gunmen robbed Timothy Katin, 40, of his car in a small town in Indiana last night. Katin was walking in broad daylight to his car in a public parking lot behind the FBI of Justice—the city's police headquarters.

T. F. Donors Start Year Right By Topping Bloodmobile Quota

Twin Falls donors did it again. Monday in a five hour period 181 pints of blood were donated, passing the quota by 31 pints and meeting Twin Falls' quota for the eighth drawing in a row.

The theme of the drawing was, "Men—beat the woman!" The men did, donating 141 of 181 pints.

Wednesday there will be a blood drawing from 11 a.m. to 3 p.m. at the Filer American Legion Hall.

At Monday's drawing, Frank Mogensen was awarded a 10-gallon pin, the first time such a pin has been awarded in this area. A nine gallon donor was Mrs. Helen Reynolds. Five gallon pins went to Lee Talkington, Jim Giklu and Norman Beuler; four gallon pins went to Dr. Arthur Franz and Kenneth Naylor; a three gallon pin went to Charles Schaecker, Mrs. Reynolds and Mrs. Russell Pletz.

Licensed practical nurses were Mrs. Bill Reeves and Mrs. W. L. U. Matthews. DeMolay members helping with loading and unloading were Jean Olivaria, Fred Hiler, Eddie Hiler, Mike Burgess, Mark Matlock and Doug Bland.

Volunteers were Mrs. A. E. Harper, Mrs. Laila Jones, Mrs. Max Crothers, Mrs. W. J. Lansing, Mrs. Craig Rossau, Mrs.

County OK's Public Defender Service

Public defender service in Twin Falls County was authorized Tuesday by the Twin Falls County Commissioners for a two-year period.

The firm of Rayborn, Rayborn Webb and Pike was selected by the commission and awarded a two-year contract. Attorney Lloyd Webb will supervise the public defender service for the county, assigning cases to other members of the law firm. Commissioner Leiser Loughmiller said.

The county commissioners said the services will be paid for on a per-case basis, but a maximum payment of \$25,000 per year has been established. No exclusions will be permitted, but others asked to exclude certain cases.

During the past year the public defender service have been paid for on a per case basis with work distributed to various law firms doing business in the county. The commission chairman explained.

Under this system, he said, the county budget for this service has been running in the red.

Two years ago the firm of May and Mily was selected as the first public defender for Twin Falls County.

Commissioners said the demand for legal services for offenders is increasing greatly, with nearly all offenders taken into custody requesting legal services, and very few able to pay for them.

County Clerk and budget officer Harold Lanooster said last year the county budgeted \$25,000 for public defender services to be paid on a per case basis and allotted to all law firms. Last year the budget was amended and another \$10,000 budgeted to meet increasing costs.

Under the new agreement, the district judges will review each case fee and the firm of Rayborn, Rayborn, Webb and Pike will handle juvenile cases, murder cases and all others under the \$25,000 maximum annual figure.

Burley, Gooding Swear In New Mayors

New mayors and councilmen were sworn into office Monday night at Burley and Gooding. Several other towns, including Rupert, Jerome and Shoshone, have their first city council meeting of the New Year scheduled for tonight. Whaley's city fathers will hold their first 1970 meeting next Monday.

At both Burley and Gooding, city appointees were retained, although the Burley police chief's appointment was confined to one month, because of health reasons.

Garis Robertson was installed as new mayor of Burley, while Thrley Crippen was given the reins for the Gooding post. They replace Joe Peters, Burley, and Robert Stuart, Gooding.

J. L. Driskell, retiring Burley councilman acting in the absence of Mayor Peters, swore in James Roper and Ted Smith, both newcomers, and Sylvan Burd, incumbent, as Burley councilmen. Holdover members are John Croft, Jan Morgan and Rex Stanley.

Gooding councilmen, who were sworn in by Cecil Hobday, city attorney, include Don Sims, Earl Greenwalt and Eugene Kelley, all re-elected last November, and Ed Leach, who was appointed to fill the vacancy left when Mr. Crippen was elected mayor.

At the Gooding meeting, Mayor Crippen said all departing councilmen will be reappointed but at Burley, this process was upset when Charles Shaddock, city clerk, presented a petition which he said had 138 signatures, asking the council to keep

Agnew Flies To Kabul

KATMANDU (UPI)—Vice President Spiro T. Agnew, his Asian goodwill tour half completed, flew to Kabul, Afghanistan, today after a 22-hour visit to the Himalayan Kingdom of Nepal.

In an airport statement prior to his departure, Agnew said he should not continue because of his health. Councilmen voted to retain the chief on the payroll for the month, after which report could be made from an appointment of Mr. Warrell as Police Chief George Warrell in his post for at least another two years. Mr. Warrell has completed 23 years in law enforcement work.

Mayor Robertson said that he had conferred with the chief concerning his heart condition and that they had agreed that he should not continue because of his health. Councilmen voted to retain the chief on the payroll for the month, after which report could be made from an appointment of Mr. Warrell as Police Chief George Warrell in his post for at least another two years. Mr. Warrell has completed 23 years in law enforcement work.

Russian Cruiser Sent To Mideast

LONDON (UPI)—The Soviet Union has sent the powerful cruiser Moskva into the Mediterranean Sea in a mysterious move that substantially increases Russian sea power in the Middle East, defense sources reported Monday.

The Moskva, one of Russia's most modern ships, is equipped with missiles and capable of carrying up to 30 helicopters.

FIVE PILOTS IN TWO FAMILIES add up to the "Flying Olmsteads." From left are Ralph Olmstead, his son and daughter, Steve and Marilyn, and Tom Olmstead and son, Dan. All have private pilots' licenses or are working toward instructor and instrument ratings.

"Flying Olmsteads" Keep Family Plane Mighty Busy

Their friends are beginning to refer to them as the "Flying Olmsteads," and with five pilots in the two families there's hardly a day their single-engine Cessna Skyline isn't in the air.

Tom Olmstead and his brother, Ralph Olmstead, Steve Olmstead, 18, and Marilyn, 20, the son and daughter of Mr. and Mrs. Ralph Olmstead, and Dan, 18, son of Mr. and Mrs. Tom Olmstead, all are pilots and all use the plane for pleasure and business flights.

Tom Olmstead is near completion of requirements for his pilot's license, while his son, Dan, a student at the University of Idaho, holds commercial and private licenses and is working toward instrument and instructor ratings.

Steve obtained his license last summer and Ralph Olmstead has just completed necessary flying time for his private license.

Marilyn, who was injured in a traffic accident a year ago, was forced to miss a semester of college, but will be returning to school this coming semester. She has spent much of this recuperating time learning to fly, and on Dec. 18 soloed and is now flying on her own.

All five have taken flying lessons at Reeder Flying Service and Tom says there are some more sons and daughters in the two families who will probably be taking to the air soon.

During the past summer Steve, Dan and a friend, Larry Larson, toured most of the United States in the Olmstead plane, and although they spent only five days traveling, were able to see a good share of the country.

Tom Olmstead, who purchased the plane with the help of all other members of the families said it is especially handy for the Olmstead Cattle Co. Since he and his brothers travel into neighboring states to inspect or purchase cattle, the plane has cut travel time by about two-thirds, Tom explains.

"I usually travel about 35,000 to 40,000 a year, and until we acquired the plane this was all driving. Trips that normally took me three days with one day spent going, one there and another to return, are now cut to one day's time," he said. "And I can complete the same amount of business with less than half the effort."

As for the Olmstead wives, June, who is Mrs. Tom Olmstead, says she enjoys flying but does not necessarily intend to become a pilot. She is planning to take the short course for wives of pilots so she can land the plane in an emergency.

Jackie, Mrs. Ralph Olmstead, is sticking to commercial airlines, as she doesn't have too much confidence in the small craft.

During much of the summer

Favors Plan

BOISE (UPI)—State Auditor, Joe Williams said Monday he would favor a proposal by Gov. Don Samuelson to put before the people the question of the extent of the auditor's duties.

Samuelson has said that as an alternative to a court fight over who has the authority to process state payroll there might be a constitutional amendment offered to settle the question.

Williams, who said he thinks the people would sustain him, added, "If he (the governor) was serious, he could take it to the people right away. That way he could save a lot of money."

Government Scientist Suggests Economic Incentives Will Do More To Reduce Pollution, Protect Consumer Health

By JOSEPH L. MYLER
UPI Senior Editor

WASHINGTON (UPI)—A government scientist suggests that economic incentives will do more to reduce pollution and protect consumer health than regulatory "sanctions and coercion" or reliance on the "social responsibility" of private industry.

He also recommends that the government, in making "the very crucial decisions" affecting the quality of human life, convert the regulatory processes of microbiology, of FDA's Bureau of Science.

"In the areas of air, water, and solid waste pollution," Bruch says, "I feel that the direct regulatory approach with coercion or sanctions will not bring about the necessary improvements in environmental quality needed to protect the public interest."

"Some form of economic incentive must be provided to private industry to consider pollution abatement actions in their investment decisions."

Bruch rules out sole dependence on private industrial con-

"I do not believe," he says, "that our society can place primary reliance on the resolution of its problems through the social responsibility doctrine now being promulgated by the business community."

"It is not the vocation of the businessman to be the shepherd or determiner of society's values. If society places this responsibility on the individual businessman, it puts upon him decisions that he is not competent to make."

So a third party, the public at large, has to get into the act.

New City Council Approves \$393,403 3-Month Budget Acts On Ordinances Involving Downtown Improvement

An interim budget to carry the city through to March 31 was passed by the City Council at its Monday meeting at City Hall.

The budget, \$393,403, takes care of normal city operations until the 1970 budget can be finished and approved by the council.

This was one of the top items of importance following the swearing in of three new councilmen and the nomination of a new mayor. They story of this action appears on page 1.

The interim budget is for three months and is effective the first of this year.

In other city business Monday, certificates of appreciation were presented to three former city employees who retired recently. They are Fred Higgins, the former city fire inspector, Angus Spence, former city police ser-

gent, and Weston O. Dennis, of the downtown area in question. The area is the frontage on Main Avenue of six blocks between Second Streets North and West and Third Streets East and South.

The second ordinance stipulates that \$255,000 is to be raised by the LID, and that it will cost about \$100 to \$110 per front foot if the assessment is prepaid and about \$150 per front foot if paid over the 15 years of the assessment on the LID. The ordinance also outlines just how the property owners are to be taxed.

The Rev. Lesley Brown was appointed to replace the Rev. Donald Hoffman on the Twin Falls Housing Authority Board, so he can "practice" using his new artificial left leg.

Henry Powers was also appointed to the housing board. The mayor issued a proclamation designating January as "Allen Address Report Month."

The council also approved an ordinance that will allow the city's police department to receive federal and state funds to "qualify officers in the Gem State Law Enforcement Academy for a month of training. Two men are training at the academy now.

Embargo On Arms Draws Comment

PARIS (UPI) — No French weapons or ammunition have been delivered to Israel since France imposed an arms embargo on the main Middle East belligerents a year ago, an Israeli embassy spokesman said Monday.

At the same time, French authorities denied widespread British news reports that France was negotiating arms deal rumors, involving hundreds of millions of dollars with Egypt.

The French authorities said no negotiations whatsoever were being conducted with Egypt and that press reports to the contrary were "a pure fabrication."

In Cairo, Egyptian officials also denied the report claiming it was "a product of imagination."

Black Prince's Ruby? Study Indicates British Coronation Stone May Be Fake

LONDON (UPI)—First it was the '70s for royalists who must now dream of the many legends in terms of "the Black Prince's spinel." Better they should adjust to "the Hope rhinestone."

This ruby, or spinel, which ever it is, is a fiery walnut-sized jewel that was embedded in the center of the huge, gem-studded imperial state crown when it was created for Queen Victoria in 1838. Of all the royal crowns, this one graces the head of the monarch at coronation. The stone was valued in 1952 at \$360,000.

The Gemological Institute of America said it had been known for a couple of centuries that the Black Prince's ruby was really a spinel that probably came from northern India. Although they are rarer than rubies, they are not as hard and do not have so rich a red and therefore are considerably less valuable.

What made it truly priceless to the British, however, was the special legend that produced its special name, Black Prince's ruby.

Edward, Prince of Wales, added the stone for the British royal treasury on the battlefields of Spain in 1367 by helping Peter the Cruel regain his throne in Castille; Edward, father of Richard I but who never gained the throne himself, was called the Black Prince, reportedly because of the color of his armor.

Later it found its way into Victoria's crown.

Nudes Protected

LOS ANGELES (UPI) — A judge accused the police department Monday of harassing a bar featuring nude dancing by making repeated arrests of its employees.

Superior Court Judge Richard Schauer ordered the department to cease making the arrests.

Schauer's preliminary injunction will not stop police from issuing citations but will prevent physical arrests of the suspects.

Drug Suspect Is Arraigned

WOSLEY F. KOON, 38, Boise, charged with illegal procurement of drugs, pleaded innocent in a Fifth District Court appearance Monday.

He is accused in three counts of illegally obtaining a narcotic drug in Twin Falls during 1968 and 1969.

Judge James Cunningham set bond at \$1,000 and the defendant was remanded to the custody of the sheriff in lieu of posting the bond.

A trial will be scheduled as soon as possible, the judge told the defendant.

Man Arrested

LARRY CASSEL, 23, Twin Falls, was arrested Monday by Twin Falls police and charged with forgery.

He allegedly wrote a forged check at a Twin Falls business.

He asked for a preliminary hearing. Bond was set at \$1,000, and he is being held in the county jail in lieu of posting that amount.

Washington Officials Meet With Water Advisory Unit

By PAUL M. QUINN
BOISE (UPI) — The governor's blue ribbon Water Resource Development Advisory Committee today heard a report from the state of Washington that water development problems in Washington are "a lot more difficult than in Idaho."
 Rep. Sid Flanagan, chairman of the Washington State Interim Water Resource Committee, reported to the Idaho study group that Idaho has its population centers more scattered than Washington.
 "Seattle and Tacoma have a plentiful supply of water and the only thing they have asked for is protection of their watershed," Flanagan said. "They have not made requests for state financial aid and we don't want to force it on them."
 He said in contrast there are about 600,000 people mostly in the eastern part of the state that have to be developed with water projects "and, even with matching funds, it would take at least past the year 2,000 to develop the land."
 Flanagan's was just another report to the Idaho group from surrounding states. Last month the committee heard from speakers from California and Utah.
 Today, at the third meeting, acting committee chairman John Brandt of Nampa told members of the blue ribbon group, "We have to come up with something in the line of recommendations soon...that is our purpose."
 The committee is slated to report to the governor.
 This afternoon the study group was scheduled to hear reports on Upper Snake River Basin water planning and consider methods of financing water development.
 Flanagan told the meeting that Washington state has had a difficult time in devising an overall plan embracing the whole state that will balance the needs of eastern Washington with the relative lack of need for the western part of Washington.
 He said one selling point being used is that "getting water on the dry lands in eastern Washington would bring about a dispersion of population," relieving congestion on the east.
 "One thing to keep in mind," he said, "is if we can develop a financing plan we should give high priority to federal plans that have already been developed."
 He also told the blue ribbon study committee that in the state of Washington environmental legislation will be one of the top priorities for a special legislative session beginning Jan. 12.
 Flanagan said one of the major bills to be acted upon would establish a department of environmental control with the present Department of Water Resources placed under it.

DEMOLITION BEGAN EARLY Monday on Chicago's famed Edgewater Beach Hotel as a crane hurled a wrecking ball to break off a corner of the nine story main building. The wrecking crew will work down to the once lavish Marine Dining Room where a generation of romantics danced to the music of the Dorsey Brothers and other top orchestras. The property will be redeveloped to provide 3,200 apartments in five buildings. (UPI telephoto)

Number Of Top Division Students Up

MOSCOW (UPI) — The percentage of upper division and graduate students at the University of Idaho increased during 1969, according to Robert N. Van Wagener, director of institutional research.
 A study conducted by Van Wagener revealed that 52.8 per cent of the enrollment was in upper division and graduate studies, and 47.2 per cent was in the lower division.
 This compared to 51.5 per cent upper division and graduate and 48.5 per cent lower division in 1968, the first year in which students in the upper division outnumbered students in the lower division, Van Wagener said.
 "This is a healthy situation and I think it should be in the overall pattern of higher education in the state," Van Wagener said. "It is, however, pinching the university economically because it simply costs more to educate upper division and graduate students."
 Van Wagener said graduate enrollment shot up 32 per cent for the 1969-70 academic year, bringing to 787 the number of students enrolled in the graduate school.

Buses Boycotted

MILL VALLEY, Calif. (UPI) — About 200 high school students protesting newly imposed fees for bus rides in the Tamalpais High School District, walked up to 6 1/2 miles to their classes Monday.
 The boycott of students who live as far away as the Colinas, Stinson Beach and Muir Beach areas was instituted at a demonstration against the abolition of free bus service to the Tamalpais and Sir Francis Drake high schools.
 The district had been providing the service at a cost of \$23,500 a year but announced just before Christmas students will be charged \$2.50 a week or \$10 a month for roundtrip service.
 Any hardship cases would still get free service, district business manager Frank Cassou said.

Talk About Mary Jo Kopechne's Drowning Has Turned Into Winter Sport In Small Village Of Edgartown, Mass.

By H. D. QUINN
UPI Senior Editor
EDGARTOWN, Mass. (UPI) — Talk about the case has been a winter sport.
 "It's been turned over every day all winter long," said a merchant on Main Street. "Now people are saying he let it go on too long."
 The case is the July 18 drowning of Mary Jo Kopechne in the car that Sen. Edward M. Kennedy says he was driving when it plunged off a wooden bridge into a tidal pond.
 The delay in question among local folks is that by Kennedy's lawyers, who blocked the start of an inquest Sept. 3 and won a secret inquest starting today.
 "He should have got it over with—shouldn't have put it off," continued the merchant, tugging at his coat collar against a powder of blowing snow, he said.
 "I've been here 38 years, and everybody knows these things have been going on over there all the time. Big rich men—important people—have parties over there."
 The "over there" is the comparatively little island of Chappaquiddick, reached by a two minute ferry run across 500 feet of harbor from this big island off Martha's Vineyard. The accident took place there.
 Little "Chappy" Island, a place of vacation homes that in summer are secluded from the bustle of Edgartown, shrinks in population in winter. There are now about 20 persons living within its 3-by-5 mile confines, in-eight households.
 Standing at the dock and watching the ferry operation was a wiry and weathered man, past middle age and obviously an old-timer in Edgartown. Of the inquest he said—and the reaction is typical of people you talk with in this fashionable resort town:
 "What happened goes to prove it's who you are and what you are that counts. As soon as they found it was Kennedy involved, it was hush-hush-hush. If it had been one of the local boys, there would have been a big stink."

Meat Packer Charged With Violation

BOISE (UPI) — Bostrom Brothers, Inc., a meat packer formerly from Eagle, has been charged with violating payment regulations under the Packers and Stockyards Act, the U.S. Department of Agriculture said Monday.
 The department said Bostrom bought livestock in Southwestern Idaho and Eastern Oregon.
 The administrative complaint was filed by the USDA's Packers and Stockyards Administration.
 The firm, the USDA said, has the right to a hearing to determine if the evidence supports the charges.
 It was alleged that Bostrom Brothers, Inc., failed to pay, when due the full purchase price of cattle worth about \$9,500 during June and July of 1969. All but about \$900 was later paid. The USDA also alleged that the packer issued about \$8,000 in insufficient funds checks and drafts in May, June and July of 1969 but all checks and drafts were later made good.

Gooding Tax Equality Unit To Elect

GOODING — New officers of the Gooding Chapter, Idaho Tax Equality Association, will be elected during a meeting of the group Monday in the Stop Cafe, Gooding.
 Alan Erwin, official of the local organization, said the group recently protested the tax surplus in Idaho. He said it was pointed out that a surplus is not constitutional and that a surplus in Idaho's general fund resulted because of the excessive sales tax collections.
 Mr. Erwin said members of the group suggested that the sales tax on certain food items be removed as a way to reduce this surplus.
 Some of the subjects to be discussed at future meetings of the local organization include license plate sales, inspection fees, revision of House Bill 304 and on the Constitutional revision.

Miss Thornock, Whitney Wed

Wedding vows were exchanged Dec. 29 by Miss Marie Thornock and James Kay Whitney in rites at Salt Lake City LDS Temple. The double ring ceremony was performed by Elder Marlon D. Hanks.

The bride is the daughter of Bishop and Mrs. Laver B. Thornock, Twin Falls, and the bridegroom is the son of Mr. and Mrs. Samuel James Whitney, Salt Lake City.

Those accompanying the couple to the temple besides the bride and bridegroom's parents were C. and Mrs. LeRoy Cleave, grandparents of the bridegroom; Ernest Beutler, grandfather of the bride; Mrs. Mike Bevan, aunt of the bride; Mr. and Mrs. Nell Anderson, Burley; Dr. and Mrs. Gayland Erickson, Twin Falls; and Mrs. E. L. Abec, Mr. and Mrs. Ralph G. Henric and Bill Gowans, all Salt Lake City.

After the ceremony, the guests attended a luncheon at the home of the bridegroom's parents.

The bridegroom's parents hosted an open house for the newlyweds Dec. 12. The home was decorated in a Christmas motif of pink and silver with a white flocked Christmas tree decorated in pink and silver. The quartet tables were covered in pink and silver centerpieces. Guests were registered by Mrs. Wayne Holman and Mrs. Gertrude Lockwood was in charge of serving refreshments.

The bride wore a white satin, floor-length princess styled gown, fashioned with wide panels of imported re-embroidered satin brocade. Her shoulder-length veil was held by a triple bow made of the same material as the front panel of the gown. The bride carried a colonial bouquet of light pink ranunculus and a dark pink satin fleur-de-lis surrounding a white Cattleya orchid.

Mrs. Reed Hill, a longtime friend of the bride, was matron of honor, with Mrs. Mike Linnell, Mrs. Edwin Tinker and Edith Thornock, sisters of the bride, and Kathy Clark as bridesmaids. Shauna Linnell, niece of the bride, was junior bridesmaid.

Bill Gowans, close friend of the bridegroom, was best man with Mike Linnell, Laver Thornock Jr., Scott Whitney, Grayson Whitney and Jamie Linnell serving as ushers.

Mrs. Gayland Erickson was in charge of registering the guests. Mrs. Don Iymas and Mrs. S. C. Dillon cut and served the wedding cake and Mrs. Alfred Empey and Mrs. Mike Sparks served trappes.

Serving and assisting in the kitchen, under the direction of Mrs. Harold Lammers, were Camille Hamilton, Carolyn Baum, Vicki Kirby, Debbie Mathis, Kristine Jensen, Jeanna Calico, Terrie Heider and Carol Fry.

Giftbearers were Randy Beutler, Tracy Beutler and Craig Beutler, cousins of the bride. The gifts were opened and displayed by Julie Astorquia, Margaret Chandler, Robyn Chandler and Sue Turpin.

After a short holiday visit with

MR. AND MRS. JAMES KAY WHITNEY

their families, the couple will travel to Baumholder, Germany, where the bridegroom is stationed with the Army for the next year.

The bride was honored at a miscellaneous shower hosted by Mrs. Don Iymas and Mrs. Gayland Erickson at the Hymas home.

Mrs. Lloyd Hamilton hosted a shower at her home and Mrs. Leland Vanderdoes and Mrs. Harold Lammers hosted a shower at the Vanderdoes home. Mrs. Reed Hill and Mrs. Mike Linnell entertained the bride at a shower at the Linnell home in Murray, Utah.

Nampa Miss, Mabbutt Say

Nuptial Vows

SHOSHONE — Katherine Jo- leon Clark, daughter of Mr. and Mrs. Phillip L. Evans, Nampa, became the bride of Christopher L. Mabbutt, son of Mrs. Helen Mabbutt, Emmett, and the late Richard Mabbutt, lifelong resident of Shoshone.

Rev. John F. Turk, minister of the Shoshone Christ Church, Episcopal, performed the double ring ceremony Nov. 30 at the Episcopal Church. He was assisted in the ceremony by Rev. William Paulsen, campus minister at Idaho State University, Pocatello.

Given in marriage by her father, the bride wore a full-length white crepe gown with seed pearl trim around the collar, white tulle and silver bands. She held a bouquet of white orchid with stephanotis.

Mark Hill was oboe soloist, with Mrs. John Turk and Mrs. Claude Ches, accompanists.

The church was decorated in yellow and rust-colored chrysanthemums and candelabras.

Nancy Johnson was maid of honor and Patricia Murphy was bridesmaid.

Andrea Mabbutt and Perry Evans, sister of the bridegroom and brother of the bride, were candlelighters. Robert Deina was best man and Brian Morishilla was usher.

A reception was held at the home of Mr. and Mrs. William Mabbutt, Shoshone. Assisting with that were Mrs. Edna Mae Mabbutt and Mrs. Alice Broyles and Margo Robison.

Both the bride and bridegroom are attending Idaho State University.

Kangaroo Court Featured At Hagerman New Year Fete

HAGERMAN — Dozens of eggs, gallons of pancake batter and pounds of link sausages combined with noise-makers, balloons, confetti and a traffic dance with time out for a "kangaroo court" helped make the waiting a little easier and more fun at the Hagerman Ward LDS New Year's Eve party.

Arrangements for the event were under the direction of the MIA class presidents and supervised by Howard Haslam, superintendent and Mrs. Leon Sant, president.

The cultural hall was decorated with traffic signs and also featured a "jail" in one corner complete with "bars" made from black crepe paper streamers, a side-walk cafe, and a snack bar which dispensed punch to tide the New Year watchers until the breakfast was served.

During the evening, "cops" Ed Larson and Floyd Marsh, generously issued "tickets" for "violations" as speeding, parking in a No Parking area, loitering, traveling too slow, following too close, and hugging the shoulders.

The tickets, in red, yellow and white, were pinned on the violator for all to see and when they received a given number of tickets, they were promptly hauled off to the jail. During the intermission, a court was held, with the jury picked from the few non-violators.

Serving as judge for the court was Bishop Bill Choules. Ed Larson was defense attorney and Howard Haslam, prosecuting attorney, although, they sometimes got their roles reversed. Floyd Marsh was bailiff.

Jury members were Mrs. and Mrs. Sam Bishop, Mrs. Richard Dalton, Hugh Bishop and Mrs. Dean Williams.

At midnight, a net filled with confetti filled balloons was released from the ceiling of the cultural hall to the music of "Auld Lang Syne."

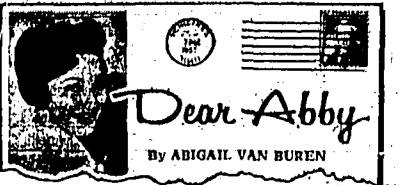

The New Year's breakfast was served to approximately 80 persons who remained to the two hours of the new year.

Presiding at the pancake grill were Mr. Larson and Mr. Marsh. Chief sausage chef was Bishop Choules assisted by Mrs. Choules and Mrs. Dalton kept the scrambled eggs bowl filled.

Others assisting in the kitchen were Richard Dalton, Mrs. Ed Larson, Mrs. Sant, Howard Haslam, Laurette Jensen, Mr. and Mrs. Hyrum Dille, and Mrs. Pearl Rasmussen.

The music for the evening was provided by Mrs. Arwyn Thornton.

The decorating committee were Laurie Hafen, Brenda Clark, Debbie Mathis, Kristine Jensen, Karen Barton, Shellie Larson, Mary Ann Carter, Sandra Gosall, Robert Dalton and Gilbert Hoffer assisted by Mrs. Sant and Mrs. Greg Hafen.

DEAR ABBY: I am a 17-year-old boy who has been reading your column for about two years. In that time, I have read several letters from girls asking how to politely say "no" to a boy without wounding him personally. However, I do not believe I've ever seen a letter from a boy asking the same question about girls, so here goes:

I am tall and considered good looking by most people. My problem is that on dates, sometimes I want to go farther than I know I should for the good of both of us.

How can I can "no" without making a fool of myself? Abby, I have discovered the boy is not always the aggressor, but how about leading a helping hand to the male sex by printing this letter and your answer?

A MALE

DEAR MALE: You have answered your own question intelligently. At the appropriate time, say, "we have gone as far as we are going — for the good of both of us." (And if you make a "fool" of yourself with that statement, I know a lot of fine young women who are looking for the kind of "fool" you are.)

DEAR ABBY: I saw another letter in your column from a wife who complained about her philandering husband, but wanted to say that her "wonderful father." How can a cheating husband be a wonderful father?

A married man who sees other women, usually spends a good hunk of family income on them. And in case of emergency he cannot be found. And what can a philandering husband say if his daughter takes up with a married man? And what if his sons follow his example? And what is his answer to the "fine young women who are looking for the kind of "fool" you are?"

"Wonderful father" can't very well help with the homework, chaperone school dances, or even carry on table conversation with his own children if he is out on a "date."

A man with only one fault is rare. If he's pleasant at home, keeps his family fed and clothed, is reasonably sober, and discreet, his philandering can be forgiven. But a "wonderful father?" Never! HAD ONE

DEAR HAD: What you say is true. But if a man's one vice is philandering, then the word "wonderful" is an oxymoron. (Then, at least his family will be spared humiliation.) Please don't interpret this to mean that I condone philandering. I do not. But nobody's perfect.

DEAR ABBY: The author of "misled the boat" when he wrote, "and there is nothing new under the sun" (Eccl. 1:9, R. S. V.).

Recently we received a beautifully engraved invitation to an anniversary party, and in the lower left-hand corner of the card were the words: "MONEY TREE."

This is something new, in my book. Maybe we are old-fashioned, but both my wife and I were amazed beyond measure. What is your opinion of this, please?

NAME WITHHELD

DEAR NAME: It is not "new" to us. But why people

"Time has brought the comfort of electric heat"

"I've had an electric furnace for seven years, and if I could itemize all its advantages, I don't know what I would want different," says Mrs. A. N. Walters of Pocatello. "Along with other conveniences, time has brought the comfort of electric heat. Now I have everything electric and I like it that way."

It's time to change to the great comfort of flameless electric heat. You can get full information and planning assistance at your local Idaho Power office.

DAVID BROWN DIESEL TRACTORS

There are a lot of good reasons to put your tractor dollars on a David Brown diesel. We'll touch on some of the primary ones and then hope you'll drop by to see David Brown on display. We'll be happy to give you more good reasons why David Brown is a British bargain that's unbeatable. Compare for yourself:

- 1) Compare Price. Always a good place to start. It's no empty statement to say you get more for your American dollar with an English David Brown Diesel. The reason is British money. It takes fewer dollars (pounds) to produce these fine diesel tractors. Britain's manufacturing costs are lower so the purchase price is lower—substantially lower. Compare price!
- 2) Compare Quality. David Brown is one of the world's oldest and biggest manufacturers of fine tractors. Succeeding generations of David Brown employees have made excellent workmanship a tradition. Every detail of design and manufacture is checked, tested and checked again.
- 3) Examine Selectomatic. Thirty years ago David Brown revolutionized tractor hydraulics by building the first tractor with hydraulic lift and 3-point linkage. This year they've done it again with Selectomatic—a unique new hydraulic system providing a choice of four hydraulic systems at the simple turn of a dial. (Standard equipment, too.)

The 4-in-1 Selectomatic system provides: 1) Draft Control—proper operating depth automatically regardless of ground contour. 2) Height Control—maintains operating height in relation to ground. 3) Traction Control—weight transfer assures maximum traction and eliminates wheel slip. 4) Remote Cylinder Control—hydraulic power to remote cylinders with a flick of the Selectomatic switch.

Your Great-Net Models From Which To Choose:

- David Brown 770 Diesel—35 bhp
- David Brown 780 Diesel—45 bhp
- David Brown 990 Diesel—55 bhp
- David Brown 1200 Diesel—78 bhp

Come on in for more good reasons why the new David Brown Diesels are giving "Ruddy Yanks" unbeatable competition.

BOOKISH PLAYER FAILS IN DEFENSE

The Professor was holding forth on the subject of a little knowledge being a dangerous thing.

East knew was that if he did lead the third heart and South did hold the 10 and did ruff with it, then West's failure to overruff would locate the king in the East hand.

South would have no choice but to play a trump to dummy's ace and his blank king would fall.

Anyway, East led a second club. The Professor-sitting South won with his king and proceeded to lead a trump to dummy's ace. Down came the king with a crash, and the rubber was over.

This to finish in the Professor's own words: "How could East really imagine that I would not know just why he didn't lead a third heart?"

CARD SENSE

Q—The bidding has been: West ♠ North ♣ East South ♠ 7

You, South, hold: ♠ A K 10 9 8 7 6 5 ♣ A Q 4 3 ♦ 7 ♠ 10 9 8 7 6 5 ♣ A Q 4 3 ♦ 7

What is your opening bid? A—Bid two spades. Your hand is strong in high cards, within one trick of game, and has distinct slam possibilities.

TODAY'S QUESTION

You do bid two spades and your partner bids two no-trump. What do you do now?

The Average Male Teacher Is 33 Years Old, Research Says

THE AVERAGE age of the gentleman school teachers nationwide is 33. WHY MORE MEN than women sleep on their stomachs—I just don't know, but the survey-takers claim such to be the case.

DEAR WATSON!—GLEN does not appear anywhere in Sir Arthur Conan Doyle's Sherlock Holmes stories, not anywhere.

STATISTICALLY, that girl most apt to enjoy a happy matrimonial life is she who marries between the ages of 30 and 34.

REMEMBER, hunters, a third of the gunshot wounds in the woods are self-inflicted.

FRESH NOTIONS—Why do you suppose the appliance makers thus far have failed to market an automatic dishwasher that easily converts to an automatic clothes washer? The high-rise apartment-dwellers could use such a device. And while we're on querulous queries, why aren't sidewalkes marked off with three lines? The inside lane for window shopping, the middle for strolling, and the outside lane for romping along in a hurry. And before I forget it, when is somebody going to invent a car that runs on big rubber balls instead of tires? Such a vehicle wouldn't have to move forward to turn around. Let this paragraph serve notice of patent in the foregoing three notions, and any entrepreneur wishing to employ same may do so for 10 per cent of the gross or a kindly smile, whichever is greater.

LOVE AND WAR—Feminine clients repeatedly ask our Love and War man to suggest the best place for a girl to look for a husband. "On the farms," says he. "There, you'll find 132 men for every 100 women."

CUSTOMER SERVICE—Q—"Where now I find out about that deal which the Australian Government helps pay the fare of Americans who want to go to Australia to settle permanently?" A. Believe you might do well to try the Australian Consulate General, 635 Fifth Avenue, New York, N.Y. 10020.

Q—"THE HEAVIER the Scotch Whisky, the darker its color, right?" A. That can't be right, sir. Some of the palest brands have the most body.

LIBRA—Do you know a Libra with musical talent? I go, said, requesting eventually the exception. In a sampling of 1,500 musicians, one Dr. Paul R. Farnsworth reportedly found our "Sign" sign than under any other.

OPEN QUESTIONS—1. Are women ever sickened by their lipstick? 2. Is there any proof that Moses stuttered? 3. Why is it female executives so rarely have heart attacks?

Your questions and comments are welcomed and will be used whenever possible in "Checking Up." Please address your mail to L. M. Boyd, McLaughlin Syndicate, Inc., 60 42nd St., New York, N.Y. 10017.

WANT ADS DELIVER

Funny how most things have a way of turning out right. When you are young and still in college, money for "extra-curricular" things like a guitar is often hard to come by. But this would-be musician lucked out! Just when it seemed he would never own a guitar, a Want Ad delivered an almost new one at an affordable price. It's happy days ahead for the new guitarist and the former owner is whistling a happy tune too. He's pleased because Want Ads delivered a cash buyer for the guitar he no longer plays. It's another example of things turning out right when people turn to the Want Ads.

Add up to

\$9,600.00

to your health protection

for only 25¢

(TO ENROLL ENTIRE FAMILY FIRST MONTH)

ACT NOW — YOU MUST MAIL ENROLLMENT FORM BELOW BY MIDNIGHT, THURSDAY, JANUARY 15, 1970, OR IT CANNOT BE ACCEPTED

Here are the questions you'd normally ask your insurance man. But we answered them instead... so you would be able to insure yourself, right from this page. (You'll be amazed how much it saves you.)

1. When can I collect up to \$9,600.00?

Every time you are confined to the hospital you collect \$400.00 a month up to as much as \$9,600.00 cash. Not just once, but for every new confinement! And you collect cash not just for yourself but for every covered member of your family — including spouse and children.

You can collect all over again, up to another maximum of \$9,600.00!

5. If I collect more money than my medical bills cost—do I keep the extra cash?

You certainly do! We pay you \$400.00 cash every month—even if your bills add up to just part of that amount. So it's possible to come out of the hospital with extra cash — AND IT'S ALL 100% TAX FREE!

6. Will you pay me \$400.00-a-month cash—even for maternity care?

Yes, even when pregnancy requires hospitalization. Many health plans DON'T cover maternity expenses. But under this Plan with Coverage for Children and Maternity Benefits, you collect \$400.00-a-month for each pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents must be enrolled in this Plan for the entire pregnancy.)

2. How can I collect up to \$9,240.00 extra cash—if I'm 65 or over?

If you are 65 or over, we pay you \$280.00-a-month extra cash for the first 3 months and \$400.00 monthly while continuously hospitalized afterwards. In addition to Medicare benefits. This is extra. You collect for each illness or injury—each time you go to the hospital. Right up to as much as \$9,240.00 extra cash!

7. If I already have some health insurance—will you pay me anyway?

Of course! Never mind what you collect from Blue Cross, or Major Medical, or Workmen's Compensation, or any insurance you may have with other companies. (Even for the same illness!) We still pay you \$400.00-a-month extra cash income to the maximum of \$9,600.00 cash. So if other insurance has taken care of some or even all of your medical bills... you still have that extra cash income from National Home.

10. Are there times I might collect as much as \$19,300.00... as much as \$38,400.00?

Yes, there are! Remember, we pay cash not just for you but for every covered member of your family. So if you or your spouse are hospitalized more than once... or even both of you more than once... or if a child gets sick or has an accident... you could end up collecting \$19,200.00 or more! And that's not the whole story. National Home gives policyholders an EXTRAORDINARY DOUBLE-CASH BENEFIT. If you and your covered spouse are in an accident and both of you have to go to the hospital at the same time, National Home pays double cash amounts. You collect not \$400.00, but \$800.00 a month. Your spouse collects not \$400.00 but \$800.00 a month. That's \$1,600.00 a month extra cash. Yes, \$1,600.00 you can count on month after month—for as long as both of you remain in the hospital... for 24 months (up to a maximum of \$38,400.00 worth of benefits)—if necessary.

3. When do I collect up to \$2,000.00 extra cash for accidents?

We pay you \$1,000.00 extra cash for complete accidental loss of one hand or one foot or sight of one eye, and \$2,000.00 extra cash for loss of both hands or both feet or sight of both eyes—even if it happens as long as 90 days after the accident. This is all extra money. You collect it on top of any other benefits we pay you. Not just for yourself but for every covered member of your family!

7. Do you pay me cash for my children, too?

Yes! And not just once but every time they are hospitalized, too! When you have Coverage for Children you receive \$240.00-a-month extra cash to a maximum of \$5,760.00 for each dependent child between the ages of 3-month and 19 years.

11. Can I spend my cash benefits any way I please?

Certainly! You can even put them in the bank to replace savings spent while you were laid up in the hospital without income. It's your money—and all the cash comes direct to you, not to the doctor or hospital. (Unless, of course, you ask us to.)

4. What if I am hospitalized by the same illness—again?

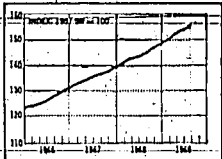

Don't worry. You still collect to the maximum of \$9,600.00. And if you've already resumed full normal activities for just 180 days—we call it a "new confinement"—which means

8. Will future children be protected, too?

They surely will! And at no extra cost. When you have Coverage for Children (with or without Maternity Benefits), newborn children are automatically covered as soon as they are one month old.

Medical Costs Skyrocketing!

Source: Wall Street Journal

MEDICAL CARE COSTS rose in September to 157.4% of the 1967-69 average from 156.8% a month earlier. These costs are components of the Government consumer price index.

12. What do others have to say about National Home?

"Received your check for \$880.00. I appreciate having the money sent directly to me so I could decide how to use it."
NICHOLAS CHERRY, Green Bay, Wis.

"It was wonderful to receive your check for \$555.00. I'm very pleased. It paid real well."
Mrs. Kansas Geisinger, Kansas City, Mo.

"Everyone should have your coverage. I know I wouldn't be without it."
WALTER TUCKER, Fayetteville, N.C.

13. Can I stop paying premiums during an extra long hospitalization—yet still remain fully covered?

Should you—the person to whom the basic Policy is issued—be hospitalized for 8 weeks or more, National Health Plan will pay all premiums that come due for you and all covered members of your family while you are confined to the hospital—beyond the initial 90-day period. Yes, indeed. You simply no longer collect your full \$400.00-a-month extra cash just as if you were paying the premiums yourself.

14. How can you give me so much—for so little?

Because you deal direct with the company—direct with National Home itself—no middleman needed! Costly "processing charges" are eliminated. So is "red tape." You handle each simple step yourself—in your own home... in your own good time... by making up your own mind. And of course, dealing by mail is confidential. No one need know your personal affairs—except you!

15. Doesn't enrolling by mail take away the "personal" touch?

Certainly not! We give you more personal service, not less. But instead of getting it when you sign up—YOU GET IT WHEN YOU HAVE A CLAIM! That's what it really means something. And that's where National Home gives you plenty of service.

16. All right, now that you mention it—how do I go about submitting a claim?

As a National Home policyowner, you're entitled to contact FAST CLAIM HEADQUARTERS direct. No frantic attempts to locate your broker. No "anxious waiting. If you have a claim for illness or injury, don't hesitate—CONTACT US DIRECT! Even if you only have a question! Don't worry about "inconveniencing" or "bothering" anyone. WE ARE ALWAYS READY AND HAPPY

TO GIVE YOU THE PROMPT, CONCISE AND DIRECT ATTENTION YOU ARE ENTITLED TO AS OUR POLICYOWNER!

17. How else do you save me money by cutting "red tape"?

No lengthy, complicated applications or embarrassing personal "investigation"—The short Enrollment Form on this page tells us all we need to know. Nothing it doesn't ask for a medical examination. Or set an age limit. (As long as you have not been refused or had cancelled any health, hospital or life insurance for reasons of health, we don't care if you're over 100!) Most important, we enroll many persons at the same time. Not one Policy at a time, the old-fashioned way, but thousands at once—using all the economies of mass printing and latest computer techniques. That's how we can give you so much for only 25¢.

18. Now tell me what's the "catch"—what doesn't my Policy cover?

Get ready for a welcome surprise. Your Policy pays during hospital confinement for EVERYTHING except conditions caused by war or act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefits provision; and expenses resulting from any sickness or injury you incur before the Effective Date of your protection—but even this "exclusion" is done away with after you've been a policyowner for two years. Everything else is definitely covered. The last item, by the way, is a real help if you already have a health problem. It means that even if you were sick before you took out this Policy—you will be covered for any recurrences of that condition after the Policy has been in effect for only two years.

19. If I'm hospitalized less than a week—do you still pay cash benefits?

Of course we do! Regardless of whether you are in the hospital for as little as one day—or as long as a week, month, year or more—you always collect the full amount you are entitled to!

20. Does this Plan pay in any hospital?

You are covered for care in the hospital of your choice except, of course, a U.S. Government hospital or a nursing or convalescent facility.

21. Is there any "waiting period" before I can start collecting?

Sickness has no "waiting period"—so neither does National Home! You start collecting as soon as you enter the hospital.

22. Will my protection be cancelled for any reason?

No—positively not! Only you can cancel this Plan. It's GUARANTEED—RENEWABLE FOR LIFE! That means regardless of how much or how often you collect... or how old you become... we can never cancel your valuable protection.

23. Why do I need this \$400.00-a-month cash protection?

Because U.S. Government figures show that in the past few years alone... medical costs have DOUBLED! Yet few people have anywhere near enough "protection" to meet these soaring doctor and hospital bills. How much would a long hospital stay cost you? Or a loved one? How would you ever pay for costly X-rays, doctor bills, medicines and drugs not covered by your present insurance? Would you be able to afford the quiet and dignity of a private room and a private nurse? Or a telephone to keep in touch with loved ones. Or the rental of a TV set to help pass the lonely hours? And who would pay for rent, food, clothing and household expenses—all the non-

GUARANTEED RENEWABLE FOR LIFE. At last, a hospital plan that guarantees never to cancel your protection.

medical bills that keep coming in at home even though you are in the hospital. An income? Many folks have lost their life savings, their cars, even their homes trying to meet runaway hospital and medical costs. And no one knows whose turn it will be next—yours or mine. But we both know that once the doctor says you have to enter the hospital, it is too late to buy coverage at any price. That's why this protection was designed to give you the "extra help" you need—when you need it.

27. How much does this protection cost after the first month?

Here's a rate chart that shows you the exact monthly cost to cover your own family—and any adult dependents. Naturally, at these low rates, we can issue you one policy of this type per person. Each adult, 16 or over, pays the rate shown for his or her age.

Age at Enrollment	Monthly Renewal Premium
16-44	only \$3.30
45-49	only \$3.75
50-54	only \$4.25
55-59	only \$4.75
60-69	only \$5.70
70-74	only \$6.60
75 and over	only \$8.50

25. When may I apply for this protection?

The question is not "when may" but "when must" YOU ABSOLUTELY MUST APPLY BY THE DATE SHOWN ON THE ENROLLMENT FORM ON THIS PAGE. YOUR 25¢ AND COMPLETED FORM MUST BE POST-MARKED NO LATER THAN THAT DATE OR IT CANNOT BE ACCEPTED.

26. When will my Policy arrive?

Right away! We mail your Policy as soon as we accept your Enrollment Form and 25¢. Examine it in the privacy of your own home. It's a very short document and you'll be pleasantly surprised to discover—THERE IS NO "FINE PRINT"! If you wish, show-it-to-someone-you-trust—perhaps your lawyer, accountant or banker. But still show it to your own insurance man—even though he may very well be working for another insurance company. If he is a personal friend, he has your best interests at heart. So you can believe him when he tells you there is no better bargain available anywhere — at any price.

28. What if I change my mind—can I get my money back?

You certainly can! Even after you mail your Enrollment Form... even after you examine your Policy in your own home and talk it over with anyone you wish... even after all this, you are still free to change your mind. Simply return the Policy within 15 days after you receive it, and your quarter will be refunded at once. There will be no obligation whatever. Meanwhile, all during the 15 days you are making up your mind, you will be protected by \$400.00-a-month extra cash benefits from the Effective Date on the Policy—even if you finally decide to return the Policy and get your quarter back. But we don't think you'll want your
