TEN CENTS

UMBRELLAS HAVE BEEN getting an unaccustomed workout in Twin Falls this month during what has been a most unusual period of weather for the area, and particularly in the mid-winter month of January. So far, since the first of the year, 3.33 inches of rain have fallen at the Weather Bureau station here. Normal is .82. The average yearly precipitation for Twin Falls is only 9.74 inches, but these three girls huddling under one umbrella on the way to school Tuesday morning couldn't care less about averages. They know it's been wet here.

## Street Crews Kept Busy As Rain

### Continues, Overloads Drains

Three crews from the Twin Falls City Streets Department were busy this morning cleaning out storm drains in a new deluge of rain poured down on the city. Jean Milar, city manager, said, however, the rain is causing less trouble than the melting snow did last year. He said the snow clogs up the drains worse and carries other debris into them. Mr. Milar said he hasn't received any calls from people in the city with flooded basements.

## Excess Cost Cited

WASHINGTON (UPI) — President Nixon has vetoed the \$19.7 billion health and education bill, calling it too much money at the wrong time for the wrong things.

With the scratch of a pen in front of millions of television viewers, Nixon sent the spending measure back to Congress only a few hours after the lawmakers put it on his desk.

The bill would have provided money for the current business year for the Departments of Labor and Health, Education and Welfare.

He said the goals of the bill were not at issue, but government spending was. He called the measure "the wrong amount for the wrong purpose at the wrong time."

Republicans predicted Congress would sustain the veto. Democrats were a bit more guarded.

## Hickel's Support Of White Clouds Praised in T.F.

Lloyd J. Walker, Twin Falls, a possible candidate for Idaho governor, has endorsed the stand taken by Secretary of the Interior, Walter Hickel in Burley last week.

Mr. Hickel said the White Clouds should be protected.

Mr. Walker said, "Following Secretary Hickel's statement, perhaps the governor may yet stop his head-long flight to destroy the White Clouds without knowing the long-term loss to the state. Wanton waste and destruction of natural resources without worrying about the future cost is now recognized by the public as a useless and tragic waste."

## Forecast

Mostly cloudy with periods of rain today; partial clearing to night and Wednesday. High tonight and Wednesday 42 to 52; low tonight 27 to 37. Chance of precipitation 60 per cent today, 30 per cent tonight and 10 per cent Wednesday. Outlook for Thursday: Variable cloudiness with a chance of rain. In the Camas Prairie high today and Wednesday in the 30s; low tonight in the 20s.

Today's 8 a.m. Magic Valley weather Bureau, 43, with 70 per cent humidity; T.F. Entomology Laboratory, 44 and 100 per cent humidity; Jerome, 41; Rupert, 30; Buhl, 43; Castelford, 42. Soil temperatures: Twin Falls weather Bureau: four-inch, 40-35; eight-inch, 39-38; 20-inch, 38-38; 40-inch, 41; Buhl: four-inch, 40-35; Buhl, three-inch, 42-40; and Castelford, three-inch, 40-37. The Twin Falls Weather Bureau station at Kimberly reported Monday at 3 p.m. that 2.40 inches of rain had fallen for the month and year to date, compared with 48 inches for the same period in 1969; and the Entomology Laboratory reported 2.34 inches of precipitation compared with 43 last year and a normal total of .89 inch.

## Weather Synopsis

The extended weather outlook indicates temperatures averaging above-normal through Sunday with minor day-to-day variations. Precipitation will also average above normal, occurring mainly as periods of rain or showers in the valley areas through Sunday. Surface winds will increase at times today to 15 to 25 miles per hour with occasional higher gusts.

Skies over these valleys yesterday were mostly cloudy and rain fell at most of the reporting stations. Precipitation ranged from 21 of an inch at Idaho Falls to .38 at Burley. To the west, Burns, Oregon, received .97 of an inch of moisture during the same period.

High temperatures over Southern Idaho yesterday were as much as 5 degrees lower than the previous day in the west and 5 degrees higher than the day before in the east. Maximum readings ranged from 42 at Idaho Falls to 50 at Twin Falls. Low readings ranged from 37 at Idaho Falls to 44 at Mountain Home.

Another Pacific weather front moved into the eastern portions of Washington and Oregon early this morning and will pass across Southern Idaho to east of the Continental Divide by this evening.

Intermittent rain or snow ahead of the front will change to showers in the valleys and snow flurries over the mountains through Southern Idaho and East-Central Oregon as the front passes. Although some clearing of the skies will take place by tonight, a few showers will continue through Wednesday.

Precipitation may increase again in Wednesday night or Thursday as another Pacific weather disturbance moves inland.

Not much change is expected in daytime temperatures through Wednesday, but some cooling may take place tonight as skies partially clear. High temperatures both days will be in the 40s and the low 50s. Lows tonight will be in the upper 20s and the 30s.

### Ethics Committee Suggests Change In House Rules

WASHINGTON (UPI) — An ethics committee proposed new rules for House members Monday on accepting speaking fees, getting in debt to banks, and arranging special government contracts for favored constituents.

None of these practices would be barred. However, "honorary" of \$300 or more would have to be publicly reported, as would unsecured indebtedness of \$10,000 or more. Anti members and staff helpers were admonished against "abuse" of their role as middlemen between voters and government bureaus.

In addition, lawyer-members were warned of the need to "caution" to guard against sharing in fees charged by their firms for handling cases involving the government. This practice is already illegal.

## Fire Probe Continues

CHICAGO (UPI) — A fire department investigation into possible negligence or arson continued today after Sunday's fire at the Conrad Hilton Hotel in which two teen-aged god students were killed and 38 persons were injured.

## School

(Continued From Page One)

ture, if federal financing of a local program is approved. School board members said they would consider the matter. They also said a survey would be made in the school system to see how many children might need special instruction under the program.

The district has figures at the present time on children who have special problems, such as learning problems, speech defects, hearing problems and physical problems. But there are no figures on children who have strictly emotional problems. The figures on a special problem children is past the 1-800-368-5847 school board members.

The only other topic for discussion was what the Legislature is doing at the present time in regard to school financing. "We will have to have some kind of aid because of this Supreme Court ruling on school financing," Dr. Rapland said.

He spoke of a thing a week ago which makes it illegal for school districts to charge book rental fees.

In Twin Falls, more than \$40,000 in "rented" annuity through the year will have to be adopted. Dr. Rapland said the Legislature is working to amend or repeal House Bill 304, which limits taxing units to four per cent budget increases annually.

School board members said they would have to adopt a "wait-and-see" attitude until the Legislature comes up with some answers.

## Romney Plans No Race For Senate

WASHINGTON (UPI) — George Romney said Monday he has no plans to run for the U.S. Senate this year, but he declined to rule "out" the possibility that he or his wife would become a candidate.

Michigan Republicans cannot agree on someone else.

The secretary of housing and urban development said he would prefer to remain in President Nixon's Cabinet, although he would like to see a "wait-and-see" attitude until the Legislature comes up with some answers.

## Girl Hurt As Car Wraps Around Post

RUPERT — G. Diane Wilson, 16, Route 4, Rupert, was lashed in fairly good condition Tuesday after the car she was driving was demolished when it smashed into a directional sign on Interstate 80 near 7:45 a.m. today.

Deputy Sheriff Ray Jarvis said Miss Wilson was thrown from the 1966 Ford she was driving after she lost control on the rain-slick road at the intersection of Highway 30N and Interstate 80 near Hwyburn. The vehicle slid into the directional marker, with the body of the car wrapped around the post.

The deputy said the front wheels and motor tore loose and traveled 100 feet from the rest of the car. The crash is under investigation. Miss Wilson was alone in the car.

## Bel Cantos Choir Plans 3-Day Tour

BURLEY — The Bel Cantos Choir will go on a three-day tour of southern Idaho March 4-6 and they have selected as their theme "Let There Be Music."

The group will sing at various schools while on tour. The tour will take the place of the usual operetta which the Bel Cantos have presented for several years.

One of the conditions on which the tour was approved last year was that the choir use its own funds. The choir members have begun to "pass the hat" once a week and each member adds his own money. They plan to have a community fund raiser in making the tour.

The Bel Cantos Choir has sung at assemblies at school and at many community organizations and they have presented a special Christmas program for the public.

The choir is under the leadership of Eldon Wood, music instructor at Burley High School. David Trummel serves as president of the Bel Cantos members.

Trummel reports letters have been mailed to schools from Caldwell to Rexburg, asking permission to sing during the tour.

## Course Given In Remedial Education

BURLEY — A total of 20 Cassia and Minidoka teachers and counselors have completed taking instruction on the latest remedial education techniques.

The course, sponsored by the State of Special Education, set up the course. Those who attended learned the diagnosis and remediation of learning problems. The course offered two hours of college credit and was taught by Dr. Gerald Spadoni of the College of Education, Idaho State University, Pocatello.

Mr. Dent reported the classes included examining the latest systems of testing to determine specific student problems as well as the latest educational problems.

As a final project in the class, the teachers have been asked to write a paper on the steps taken to correct a problem of a specific student.

The instruction was held as a result of money from a foundation grant which also paid for special remedial material that is available to teachers in Cassia and Minidoka counties, Mr. Dent stated.

## Mamie Urged Ike To Campaign

NEW YORK (UPI) — Although he flouted the advice of his doctors, his son and his brother by running for a second term of office after a heart attack in 1955, Mrs. Dwight D. Eisenhower writes in the February Readers Digest that she encouraged the former President in his decision.

Despite fears for her husband's physical well-being, Mrs. Eisenhower writes, "I knew, however, that he had decided nothing so much as to continue the policies and work he had begun his first term."

## Deadline Is Given For Scholarships

BURLEY — Chas Alred, exalted ruler of Burley Elks Lodge No. 1384 of the Benevolent and Protective Order of Elks, announced that Feb. 14 is the closing date for applications for the National Foundation College Scholarships.

Mr. Alred urged students in the area who need financial help to go to college to consult their school advisors or obtain further information and application blanks at the Elks Lodge at 1000 N. Main St. or at the office of George Horst at 678-7794.

The Elks National Foundation is offering 538 college scholarships totaling \$397,600. Included are 200 awards ranging from \$700 to \$2,500 offered in national and state-wide competition. Applicants are judged on the basis of merit, scholarship, perseverance, resourcefulness, patriotism and financial need.

The Elks National Foundation scholarship competition now in its 36th year is approved by the U.S. Department of Education and is the highest senior class eligible if they are citizens of the United States and reside in the jurisdiction of the Burley Lodge. In addition to scholastic attainment, applicants are judged on citizenship, personality, leadership, perseverance, resourcefulness, patriotism and financial need.

Winners will be announced in the spring in ample time to assist the students in completing their college plans.

**THE MOTHERS MARCH** on birth defects will be held this week in Twin Falls County. Here little Jana Lasuro, county poster child, received several helping hands from county officials at the March of Dimes. From left are Mrs. Barbara Crawford, assistant chairman of the Mothers March; Rev. Delbert P. Remaley, county March of Dimes chairman, and Mrs. Donna Huether, Mothers March chairman. About 500 volunteers will canvass the county this week for contributions to the March of Dimes.

**Field Trip**

The College of Southern Idaho will sponsor a cultural field trip to San Francisco during the spring vacation, March 11-16. Interested CSI students and Magic Valley residents are invited to participate.

The trip will evolve from a two-credit college course which will consist of four lecture prior to the trip, the events in San Francisco, and a creative paper to be handed in at the end of the semester.

Those interested in registering for this workshop should meet in room 121 of the Fine Arts Building, Feb. 3 at 7:30 p.m. Costs of the trip and the completed itinerary will be discussed.

**Twin Falls County 'Protest' March Is Set To Raise Funds To Aid Children**

A protest march is being held this week in Twin Falls County. About 500 people will join in the march, which will cover all parts of the county and spread into nearly every home.

The marchers are mostly mothers and they're protesting birth defects.

Under the auspices of the National March of Dimes, mothers and other volunteers of Twin Falls County will band together to solicit funds for combating birth defects.

According to Rev. Delbert P. Remaley, county March of Dimes chairman, national Mothers March day is Thursday, but Twin Falls County volunteers will be marching all during the week.

Besides numerous mothers who will participate, members of youth groups also will act as "substitute mothers" in canvassing the county for funds. The marchers will be identified by badges and also will be distributing information on the rubella vaccine program of the March of Dimes.

This program will be held in Idaho in April when it is anticipated 165,000 people will be given the vaccine.

Mrs. Donna Huether is chairman of the Mothers March. Twin Falls City chairman are Mrs. Carolyn Danielson, Mrs. Mary Saeck, Mrs. Lloyd Hamblin, Mrs. Wilma Reutt, Mrs. Marlene McGee, Mrs. Pat Wildev, Mrs. Mona Coffield, Mrs. Bev Morrison, Mrs. Billie Spencer, Mrs. Opal Billings and Mrs. Helen Dey.

Chairmen in other towns in the county are Mrs. Rita Pollock, Castleford; Mrs. Eleanor Kokas, Buhl; Mrs. Verma Byce, Filer; Mrs. Irene Davis, Burleigh, and Mrs. Nadine Stumpf, Kimberly.

Jana Lasuro, daughter of Mr. and Mrs. David Lasuro, Kimberly, is county poster child. Jana, born with an open spine, is receiving treatment from the Primary Children's Hospital in Salt Lake City, birth defect center for the intermountain area.

Rev. Remaley said a team from the hospital will be in Twin Falls in March to conduct a clinic on birth defects.

Funds collected through the March will be split equally between the county and the National March of Dimes Foundation.

In 1969 the national foundation expended more than \$5.5 million for patient services; \$5 million for research; \$4 million for education; \$2.5 million in birth defects centers, and \$1.5 million in aid to polio patients, a disease which has been nearly eliminated through efforts of the March of Dimes.

In Idaho in 1969 there were 600 children born with birth defects and 900 were born prematurely. There also were 220 children who died at birth. Nation-wide one family in 10 is affected with birth defects.

WASHINGTON (UPI) — The National Commission on Product Safety Monday identified the names and model numbers of 122 different color television sets which it said pose the greatest danger of fire.

The commission, a fact-finding panel set up in 1967 by Congress but having no regulatory powers, urged the manufacturers of these receivers to recall, replace or repair any hazardous components or connections.

The commission said data supplied by manufacturers and analyzed by a technical engineering firm showed the industry average was 1.2 fire incidents per every 10,000 television sets sold. **Shades Of Death Valley, Governor!**

SACRAMENTO (UPI) — Gov. Ronald Reagan suffered a sprained ankle Saturday when he was thrown by a horse while going over a jump at his Malibu ranch, a press aide reported Monday.

"I had a little argument with my horse and the horse won," Reagan observed to a group of touring Soviet journalists.

Ed Gray, an assistant press secretary, said the mishap occurred as the governor tried to jump the horse for the first time, Reagan, who was alone, got back on the horse and rode back to the ranch house, Gray said.

He said a doctor later diagnosed Reagan's injury as a sprained ankle.

**Grandchild Of Sutter Dies At 82**

DAILY CITY, Calif. (UPI) — The granddaughter of John A. Sutter, who owned the mill where gold was first discovered in California, is dead at 82.

Mrs. Anna Sutter Young, who devoted much of her life to a fruitless campaign to regain Sutter's lost riches, died Saturday at Daily City, her home for many years.

Sutter owned 40,000 acres of land near Sacramento when gold was discovered in 1848. Gold rush squatters pushed him off his lands, ruined his agricultural operation and sent him into poverty.

Like others of his descendants, Mrs. Young often tried to collect damages for the loss.

A congressional committee in 1850 set Sutter's damages at \$1 million. But Congress failed to act on a bill to provide compensation.

Mrs. Young was the widow of a coppersmith and the daughter of John A. Sutter Jr., who laid out the city of Sacramento and sold it in 1849.

After quarrelling with his father, he moved to Acapulco, Mexico, where he became a large landowner.

Mrs. Young's survivors include a daughter, Mrs. Carmen S. Escudero, niece and nephews.

DAVID MEAD and CARL NORBERG are two guest speakers slated to appear at the annual winter convention Friday and Saturday at the Ponderosa Inn in Burley for the Idaho Society of Farm and Ranch Managers and Appraisers. The event begins with registration at 9:30 a.m. Friday at the Inn.

**Idaho Farm, Ranch Managers Start Burley Confab Friday**

BURLEY — The winter convention of the Idaho Society of Farm and Ranch Managers and Appraisers at the Ponderosa Inn here Friday and Saturday will draw top speakers in the field.

Registration at the Inn and the first speaker of the day will be Russell V. Withers, associate professor of Agricultural Economics at the University of Idaho. David Mead, assistant vice president and manager of the Farm and Ranch Management Department at Fidelity National Bank, in Twin Falls, will speak at 1:45 p.m. Carl Norberg, executive vice president of the American Society of Farm Managers and Rural Appraisers of Dekalb, Ill., will speak at 3:15 p.m.

The election of officers will come at 4 p.m. and the banquet will be at 7:30 p.m. Friday.

Toastmaster will be Bob Hill, chairman of the Idaho Bank and Marine Corps was Michael J. Cryder, Twin Falls, and getting his commission in the Air Force was Jerry D. Nielson, Wendell.

**Police In N.Y. Seek 2 Snipers**

NEW YORK (UPI) — Police sought two snipers Monday after two white policemen were wounded in Harlem Sunday night.

Detectives found evidence that patrolman Ralph Bux, 48, and William Kivlehan, 25, called to West 118th Street by a false report of a dispute, were shot down from the roof and window of tenements on opposite sides of the street as soon as they stepped from their patrol car.

Officials at St. Luke's Hospital reported that the men's condition had changed from serious to satisfactory Monday afternoon. Bux was hit in the chest, right arm and stomach, and Kivlehan was struck five times in the stomach and right arm.

Mayor John V. Lindsay visited the patrolmen at the hospital and spent a few minutes with each man. The Patrolmen's Benevolent Association offered a \$5,000 reward for information leading to the arrest and conviction of the snipers.

**Commissions Are Presented**

MOSCOW — Several University of Idaho students were commissioned in various branches of the armed forces recently in ceremonies on campus.

Commissioned in the Army were Jan Byron Barlow, Twin Falls, and Eugene E. Rinebold, Burley.

Getting gold bars for the Marine Corps was Michael J. Cryder, Twin Falls, and getting his commission in the Air Force was Jerry D. Nielson, Wendell.

The Reserves

Over the years the National Guard and Reserve forces of the United States have performed a unique and important function. They have provided trained manpower in times of national emergency, served as an important training ground for the military, provided troops for riot duty and other domestic disturbances and gave young men the opportunity to complete their military obligations while remaining in civilian status.

Many of the units have served honorably and with distinction in nation's wars. Some of them, however, have been the subject of unfavorable investigative reports in the past, and the General Accounting Office has found fresh instances of mismanagement. Reporting to Congress on an in-depth study of eight National Guard and two Reserve units, the GAO complained that none of the units was ready for mobilization "because of deficiencies in organization, training, equipment and management."

British Austerity

A tough program of austerity has brought Great Britain to a billion dollar surplus for the year just ended after decades of balance of payments deficits. Her resources drained by World War II, Britain began in 1946 to move aggressively against the fiscal drain of inflation and deficit foreign trade, with a wage-price freeze, higher income taxes, and tight credit. Prime Minister Harold Wilson devalued the pound 14.3 per cent in 1967 in a further effort to hold down consumer buying at home and to boost sales abroad through lower prices.

the Rolling Stones, whose tours of the United States netted them millions of dollars. Now, with a surplus and the pound above par in international exchange with the dollar, travel restrictions are being lifted. The British traveler now may take \$720 on each trip abroad, with no limit on the number of trips. To the travel-doting British, this is very good news indeed. More important, exports have increased and so have Britain's reserves. The pound sterling, a world standard until it no longer was "sound as a dollar," has regained its stature as an international currency, while the dollar still is being eroded by inflation and an unfavorable balance of payments.

MR. SPECTATOR

Oh, My Achin' Tooth

Next time you have a toothache, and are feeling sorry for yourself, think of Homer. Homer happens to be one of the performing elephant seals down at the Sea World in San Diego. A little while ago he had a toothache. Now he couldn't tell anyone about it, so Mr. Spectator Jan't just sure how someone found out about it-but they did. Perhaps it was ruining his performance - or perhaps not. That was just a thought we threw in. Now, back to the original story. It took a quartet of dentists to do

the drilling, the filling and the yanking. And it also took a dosage of novocaine large enough to accommodate six persons. So the job was finally completed but while Homer was getting over the shock of it all, one of the trainers thought it would be a good idea to put an ice pack on Homer's head to take some of the heat and the pain away. This was the result - all captured for readers of Mr. Spectator by a fast-snapping cameraman. We thought that Homer was - or is - cute. Agree?

(Last of Two Articles)  
WASHINGTON (NEA)—President Nixon tells his most intimate counselors that even if this nation by some miracle solved all its great problems tomorrow it would still be missing something vital it needs—a sustaining spirit. One influential aide says: "He worries a lot about the erosion of the nation's spirit. He doesn't know if he is the one to revive it, but he wants to try." Recently he spoke very eloquently to us in the White House about the coun-

try's need for the lift of a "driving dream." Nixon is not the only one who wonders whether he is the man to stir the national spirit again. A Democrat who has seen presidents come and go sniffs caustically: "The intellectual level of this administration is abysmally low. There is no clear sense of purpose other than to get Nixon re-elected in 1972. There is no philosophy of ideology." "On New Year's Day, he might have got in touch with some of the nation's best thinkers and offered us some ideas

about where the United States should be heading in the 1970s. "But what did he do? Through his press secretary, he handed out word that he had called FBI Director J. Edgar Hoover, football coaches in Texas and California, and GUY LOMBARDO." By this man's measure, the President ought to be talking to the blacks, the young and others who need to be brought together but right now are "at each others' throats." Many critics work this vein, saying the President has no guidelines but the path toward

the next election. The tenor of the Agnew speeches, the hardlining of administration men like Attorney General Mitchell, the sometimes puzzling gyrations of the Nixon forces on the issue of southern school desegregation, these are the perceived elements the critics designate as the President's "Southern strategy." But Nixon's insiders deny the Southern strategy except to say they, of course, want to win the South and do not see why it should be isolated from or punished by the rest of the country. Nixon's defenders within the White House declare that those who say he has no basic message are wrong. They see his 1970 State of the Union address as an "inaugural for the '70s" laying down the beginnings of a "subtle, sophisticated and complicated" philosophy rooted in what is now-called the new federalism.

Ripon Society (liberal) Republicans who wanted his comment on their "youth report." Whatever the President's feelings, the visit troubled some alike. The young men were unkind in and out of the White House by a rear door so the press could not tap them. In contrary evidence, top foreign affairs aide Henry Kissinger and other senior White House assistants seem to have mixed several young men, some young militants in private, both in and out of the White House. One such White House affair involved six to eight visitors of college background, including one who claimed to have started a riot and a woman of 18 years "campus" status. Yet, once more, the staff jitters showed. By one aide's word, "The long-haired types had trouble getting in and were subjected to triple checks at the various gate points." Nixon's approach to the black community is likewise black-sided. There are no effective moderate leaders. An insider says: "With the leadership willing, the militants are in the saddle. Nixon can ignore them and he does."

"And, While We're At It, Here's A Bit Of A Bonus!"

ROWLAND EVANS AND ROBERT NOVAK

The ABM—America's Ace

WASHINGTON—U.S. development of the anti-ballistic missile (ABM), approved by a one-vote margin in the Senate last year after a constituent battle, is proving to be the best card in the U.S. hand in Strategic Arms Limitation Talks with the Soviet Union. "Without the ABM, we would have been dead at Helsinki," one top Presidential arms-control adviser said privately in assessing the first stage of the arms talks in Finland. Although U.S. experts learned long ago to be "triple cautious" in appraising Soviet negotiating objectives — real objectives, as opposed to propaganda objectives — the Helsinki talks, now in recess, left the following impression on the American negotiating team: U.S. development of the ABM has become almost an obsession with Moscow. However, U.S. development of MIRVs — multiple, independently-targeted re-entry vehicles — is almost beneath Soviet attention.

position at Glasboro when he argued that neither side should start building the ABM. Mr. Johnson's view was that, once either side began development of the ABM, the other side would have to develop a new offensive capability to offset the added protection of the ABM. This made little or no impression on the Russians. Now, however, as they face a more advanced ABM technology in the U.S. than they themselves possess, they regard the U.S. system as one that carries the greatest long-range threat to the Soviet Union. There was no similar Soviet concern at Helsinki over U.S. development of MIRVs. Here, the technological advantage is strongly with the Russians, for one major reason, the thrust or "throw-weight" of the standard Soviet long-range missile, the SS-9, is incomparably greater than the thrust of the Minuteman, the standard U.S. long-range missile. Bolted down, this means that when the SS-9 is "mirved" —

that is, when its up-to-23 megaton warhead is split into three parts and three separate warheads are dropped from a single carrier—each of the three parts could be a death threat to a hardened U.S. Minuteman site not protected by ABM. But when the Minuteman is "mirved," the result is three weapons of only fractional megatonnage — useful as a counterforce against Soviet industrial targets and population centers in response to a Soviet first-strike, but not as destroyers of SS-9 missile sites. Thus, President Nixon's one-vote victory margin in the Senate battle over the ABM last year, widely described then as a pyrrhic victory, may prove the seed of eventual success in negotiating a serious defensive and offensive arms-control agreement with the Soviets when the talks resume at Vienna in April. That agreement will not come soon. But without last year's decision to move ahead with the ABM, it might not have come at all.

Another judgment is that Nixon calculates coolly that he does not need to make broader appeals because the disorganized, nearly leaderless regular democrats offer him no real competition. "He has got hold of the middle," says a veteran aide, "and he's got Wallace boxed into a little hole." When it comes to the young, Nixon's posture is still harder to discern. In December, presided by Sen. Howard Baker, the Senate rejected a bill for a Tennessee, he saw some young

GEORGE C. THOSTESON, M.D.

Schizophrenia

Dear Dr. Thosteson: Where can you obtain information on schizophrenia? It is not a subject you discuss with your friends. — S.E. Perhaps it should be discussed more freely than it is. Venereal diseases and even tuberculosis used to be taboo subjects, but they aren't now. Schizophrenia, the type of mental illness which probably causes more cases of severe psychosis than all other forms of emotional illness combined, is not easy to understand so general familiarity with it might be helpful. Willingness to start psychiatric treatment sooner, instead of putting it off in hopes that the patient will get better by himself, would help reduce the problem. More readiness to accept and help a patient who has had treatment and been released from a hospital is another way in which people (friends and relatives) can be helpful. Those two suggestions apply not just to schizophrenia but to emotional illness of many kinds. Early treatment can reduce the severity of such illnesses and also get him back into normal social activity sooner. A former mental patient, however, needs friendly and understanding cooperation from those around him. So it is important that everyone have some rudimentary understanding of what emotional illness is and what it is not. Some psychotics are, of course, dangerous, but most of them are not. They need a helpful hand, not fearful attitudes. Now speaking specifically of schizophrenia, I have a 20-year familiarity with it, but I would not think of posing as an expert. It is too complicated a matter for me to try to discuss in detail. My suggestion on getting sound information on any of the many mental health problems is through your local mental health society. The exact name of the society will vary from one state to another, and if you can't readily find it, write to the national group, National Association for Mental Health, Inc., 10 Columbus Circle, New York, N.Y. 10019

Dear Dr. Thosteson: I have a friend in England who has trouble with her ears which makes her dizzy and she loses her balance. Can you explain why this should happen? — A.J. It takes a bit of space to explain how the ears control balance, and how this mechanism can go wrong, but you'll find it explained on my booklet, "Dizzy Spins." Send 25 cents in coin and a long self-addressed, stamped envelope for a copy. Dear Dr. Thosteson: I have read and heard that swallowing air will cause gas. Is it true? If so, what remedy can be taken for relief? — B.T.A. Swallowed air doesn't "cause" gas. It is gas. So air-swallowers burp. Quite some time ago, some researchers became rightly curious about what chronic burpers burped, so they captured the gas and analyzed it. It was atmospheric air. Most air-swallowers aren't aware that they are doing it, but some of them catch on when it is called to their attention. They do it in different ways: eating or drinking and talking at the same time; gulping drinks, eating too fast — and some folks acquire the odd little habit of taking little gulps of air, and swallowing them. As simple as that. The only way to cure burps from air-swallowing is to stop swallowing air. What are ulcers? How should they be treated? What can you do to help rid yourself of ulcers and prevent them from coming back? Answers read—Dr. Thosteson's helpful booklet, "How To Heal, Dapple Ulcers and Keep Them Healed." For your copy write to Dr. Thosteson in care of this newspaper, enclosing a long, self-addressed, stamped envelope and 25 cents. Reader's cover cost of printing and handling. Dr. Thosteson welcomes all reader mail—but regrets that, due to the tremendous volume received, he is unable to answer individuals after Reader's questions are incorporated in his column whenever possible.

### Poetry, Art Contests Set By Twentieth Century Club

Two contests, one in poetry and one in art, are being sponsored in Idaho by the Idaho Federation of Women's Clubs, with the Twentieth Century Club sponsoring the contests locally. There are four divisions in the poetry contest, for grades four to six; grades seven to nine; grades 10 to 12 and adult. No poems over 16 lines will be accepted and only two poems can be submitted by each entrant. There also are four divisions in the art contest, grades one through three; grades four through six; grades seven through nine and grades 10 through 12. Water color, tempera, collage, chalk, crayon, pastel, prints, oil and mixed media will be allowed. No ceramics will be accepted for judging. Any realistic or abstract original work of students will be accepted. No copies of photographs or enlargements of other pictures are acceptable. Local poetry contests will be judged in March. District contests then will be held and winners will be forwarded to the state contest. Deadline for entries is March 5. Prizes of \$1, \$2 and \$1 will be awarded locally as well as on the state level. There also will be honorable mentions. A Hallmark contest for high school seniors also will be conducted. A prize of \$10 will be awarded to the state winner, with an opportunity to compete nationally for prizes of \$1,000, \$500, \$250 and \$100 scholarships. All pictures should be sent to Mrs. Robert T. Green, 3110 Waggon Wheel Road, Boise. Mrs. Ray Lincoln, 546 Sunrise Blvd. N., is local chairman of the contests. Mrs. Marjorie A. Hawes, 231 Blue Lakes Blvd. N., is district chairman. Mrs. E. E. Gallant is president of the local Twentieth Century Club. Entries will be picked up from the schools.

### Stanford Hits Clause In Grants

STANFORD (UPI) — Stanford University Monday criticized a clause in scholarship contracts with students and the reserve officers training corps which permits induction into the armed services for students who fail to complete the training program. Provost Richard W. Lyngin said solution to the problem was essential to continuation of the ROTC program on the campus past next year. "There are other ways in which to extend a four-year scholarship to a student who has no intention of completing his side of the contract," Lyngin said.

### Unfunny Thing

CHICAGO (UPI) — An unfunny thing happened to defendant David Dellinger on his way to the trial of the "Chicago Seven" Monday. Dellinger, one of seven men on trial charged with conspiring to incite riots during the 1968 Democratic National Convention, got a traffic ticket for crossing a dividing line on the Kennedy Expressway.

### No Knock Authority Backed By Senate GOP Leader

WASHINGTON (UPI) — Sen. Hugh Scott Monday endorsed the controversial "no knock" authority in proposed legislation dealing with drug abuse, saying "sob sisterism" accounted for much of the opposition. The "no knock" authority would give police the right to crash into an apartment or other suspected haven of suspected narcotics pushers or wholesalers before they could get rid of the evidence. Sen. Sam J. Ervin Jr., D-N.C., has offered an amendment to limit the provision.

### Course Included

Education 401-Educational Psychology will be included in Idaho Continuing Education courses offered by Idaho State University at the Minico center. The three-credit course will be held from 7 to 10 p.m. Wednesdays, instructed by Dr. Darrell Looze.

### Agnew On Best Dressed List

NEW YORK (UPI)—Vice President Spiro T. Agnew replaced President Nixon and Mayor John V. Lindsay of New York pushed out Mayor Richard J. Daley of Chicago on a list of the Best Dressed Men of 1970 issued Sunday. "Vice President Agnew has everything going for him fashion-wise," the Fashion Foundation of America said in announcing that Agnew had succeeded Nixon as its choice for the best dressed statesman. Lindsay, described as an "elegant close follower of style trends," was chosen as the best dressed man in civic affairs.

### New Bills Clamp Lid On Interest Of Credit Cards

BOISE (UPI) — Four bills were introduced in the Idaho Legislature dealing with credit charges Monday — two on all credit cards, including those of stores and banks, at a flat, simple interest rate of 10 per cent.

### Funds Asked To Replace Lost Fees

BOISE (UPI) — D. F. Engklung, superintendent of public instruction, asked the legislature Monday for an emergency appropriation of \$1.3 million for public schools in lieu of student fee charges.

Engklung, who appeared before a meeting of the Joint Finance - Appropriations Committee, said Idaho's 115 school districts would lose approximately \$1.3 million in fees now declared unconstitutional.

He proposed that 25 per cent of the funds be dispersed to grades one to six in public schools, with the remaining money to be given to grades seven through 12.

Gov. Don Samuelson advised the legislature in his State-of-the-State message that he was concerned about library needs but suggested that consideration of state aid be put over until the 41st Legislature.

### Basque Dance Set Saturday At Buhl Hall

BUIH — The annual Buhl Basque dance will be held at 9 p.m. Saturday at the Jaycee hall, formerly the American Legion hall.

### Licensing Of Hospitals Is Opposed

BOISE (UPI) — A Nampa group, planning to build a new Samaritan Community Hospital, urged the legislature Monday to defeat a medical facilities licensing bill.

### Senate Endorses Lower Level Of 'Drunkness'

BOISE (UPI) — The Idaho Senate, without a dissenting vote, Monday passed a proposal to lower to 10 per cent from 15 per cent the amount of weight-per-gram-of-alcohol-in-blood used to determine drunken driving.

House, introduced by Reps. Patricia McDermott and Marl Hopkins, both D - Pocatello, would set the rate on all credit cards, including those of stores and banks, at a flat, simple interest rate of 10 per cent.

The fourth bill dealing with credit would strike a provision from Idaho law on minimum interest rate charges and substitute "simple interest" in its place.

The committee chairman said, "Banks are wrong when they take a small loan statute and hang their hat on it."

Senator Klein said, "Let's have the small loan companies adhere to the law too and charge 12 per cent. Let's really protect the consumer."

Don Rowe, Boise and formerly of Shoshone, president of the state wide tax equalization association, urged the principle of House Bill 304 be extended to all units of government.

Sen. Cecil Andrus, D-Lewiston, said he would like to see all credit card companies and banks adhere to a single rate of interest as is done in the state of Washington.

### Senate Endorses Lower Level Of 'Drunkness'

BOISE (UPI) — The Idaho Senate, without a dissenting vote, Monday passed a proposal to lower to 10 per cent from 15 per cent the amount of weight-per-gram-of-alcohol-in-blood used to determine drunken driving.

The Rev. Warren Combs of Nampa said there is no real need for the bill. He said competition will control the numbers of hospitals and nursing homes which are built.

Despite the testimony of Rep. Mike Mitchell, D-Lewiston, said he felt the bill should be printed because he was not satisfied that the committee has had all the questions on it as yet.

### House Taxation Committee To Introduce Two Measures Modifying Revenue Restrictions Of House Bill 304

By RICHARD CHARNOCK BOISE (UPI) — After two weeks of study, the House Revenue and Taxation Committee Monday voted to introduce for printing two alternative proposals to modify revenue restrictions of House Bill 304.

One proposal is a hybrid of referendum proposals submitted by Reps. Robert Hunkerson, D-Coeur d'Alene, and Neil Miller, D-Blackfoot. It changed the compromise bill from one of their proposals that neither would support it when it came to a vote on printing.

Don Rowe, Boise and formerly of Shoshone, president of the state wide tax equalization association, urged the principle of House Bill 304 be extended to all units of government.

If they can convince a majority of those voting in a subsequent election they are correct their budget will prevail. However, their budget may not be any lower than the actual spending by the unit during the previous year — plus five per cent.

Both the alternative bills would be retroactive to Jan. 1, 1970, and both would repeal the revenue restrictions of House Bill 304 while at the same time setting up alternatives to them.

Rowe said his organization should have a four per cent ceiling on annual revenue increases.

OFFICERS OF THE Shoshone Civic Club, from left, Mrs. Reid Newby, secretary; Mrs. R. G. Nohor, vice president, and Mrs. Ivan Hopkins, president, look through some of the club scrapbooks which are stored at the Shoshone City Library.

The library has been a "pet" project of the club since it first began July 30, 1902. A Civic Club member is maintained on the City Library board.

### City Library Is "Pet" Project Of Civic Club

SHOSHONE — Officers of the Shoshone Civic Club are contemplating projects yet to be carried out during this year's course of meeting duties which will prove beneficial to the community and worthy of recording in their annual records and scrapbooks.

"The scrapbooks are kept at the City Library and in themselves provide quite a history of Shoshone," states Mrs. Marx Nielsen, librarian.

The club members in the fall helped the local Civil Defense with distribution of pamphlets on that subject, with each home in the community visited and given one of the pamphlets. A tour of new homes was held in November, a public card party was held Jan. 16 and in addition to the annual library tea at the City Library, the club is planning a Plant-In at the City Park for April 17, their regular meeting date.

Plans are for the members to meet at the park shelter for the April meeting with any presentations or books they want to plant at the park. The park superintendent will supervise the actual planting.

The City Library has been a "pet" project of the club over the years since it first began July 30, 1902, in years after the first train arrived in Shoshone.

There were 15 women who met that day, who felt a need for civic and cultural organizations in the community. They gathered at the McFall Hotel, to organize a club. The results was what is known today as the Civic Club.

The early records show that the club members "resolved that it be the sense of this meet-

### Flower Club Observes 10th Anniversary

The 10th Anniversary of the Countryside Flower Club was observed during a recent luncheon meeting at the Rageron Hotel. Mrs. John Pastoor gave a resume of the club's origin, its projects and a list of members during the years.

She noted the club won several prizes at the county fair for the flower booth display.

It was suggested that more workshops would be of practical help.

Mrs. C. W. Lanling won the club prize. Mrs. Sidney Smith and Mrs. Victor Nelson presented a program of colored slides of flower arrangements from various areas in the west, with Mrs. Smith explaining each arrangement as it was shown. They depicted various styles and types and presented a variety of choice flowers and accessories.

Mrs. Pastoor and Mrs. Fred Nelson were appointed to buy sewing trays. Program ideas for the coming year were given for roll call. The next meeting is at the home of Mrs. Fred Nelson.

### Miss Lawrence, Barton Wed

In a candlelight service Dec. 20 at the First Christian Church, Barbara Lawrence, daughter of Mr. and Mrs. Howard Lake of Boise, Twin Falls, became the bride of Thomas Barton, son of Mr. and Mrs. LaVelle Barton, Jackpot, Nev.

MR. AND MRS. THOMAS BARTON (Shig Morita photo)

Rev. Donald Hoffman performed the single ring ceremony before a setting of four white candelabra holding 28 fern blue candles. A flourish curve of blue chrysanthemums with silver foliage was arranged across each candelabra. Beautiful baskets of blue chrysanthemums and white pompons were in front and to the side of the candelabra.

White satin pew bows with blue pompons completed the setting.

The bride, given in marriage by her father, wore a full-length gown of silk taffeta, Grecian-designed, fashioned with a high open-lace yoke which was beaded with pearls and fringe. The front of the dress, as well as the flowing chapel train, was appliqued with daisies. The train was fringed as were the long tapered sleeves. The sleeves were closed by five white satin buttons and pearl trim above the fringe.

Her, elbow-length veil of illusion tulle was attached to a pearl-shaped headpiece covered with seed pearls and aurora-borealis beads. Her only jewelry was a gold locket, a gift from the bridegroom.

She carried a Bridal Posey of blue butterfly roses accented with silver foliage and trim. She carried a lace-trimmed handkerchief that once belonged to her maternal grandmother.

Matron of honor was the bride's sister, Mrs. Kerry Knawmote, Pocatello, with Charlene Marie Emerson, Logan, Utah; Karla Melgs and Lynn Pachione, both Twin Falls, as bridesmaids.

Bruce Miller, Ontario, Ore., served as best man, with Bob Barton, brother of the bridegroom, and Jim Robinson, both Jackpot, and Mike Dietrich, Twin Falls, as ushers.

Cynthia Rowland, Twin Falls, was soloist, accompanied by Mrs. Francis Rider at the organ.

After the ceremony, a reception was held in the church fellowship hall. The bride's tables were each covered with white satin with a blue skirt beneath a white nylon tulle. Individual tables were covered with white linens and centered with brassy snifters containing blue sparkling water and a white chrysanthemum in each snifter. Blue angel hair and silver balls arranged around the base of each snifter completed the decorations. The table was covered with a white cloth with an organdy flounce.

The four-tiered cake, made by Mrs. Woodrow Bingham, centered the bride's table. Each tier was separated with sprigs of Lillies of the Valley, miniature candy silphers and plastic swans. The frosting decorations were blue flowers with silver leaves. The cake was topped with a miniature bride and bridegroom and the base of the cake was surrounded by blue pompons with leather foliage.

The cake was cut and served by Mrs. William T. Emerson, Twin Falls, and Mrs. June Emerson, Kimberly. Serving coffee was Diane Little and Pam Smith.

After a honeymoon trip to McCall, the couple resides at Casswell Mobile Court, 281 Casswell Ave. W., Twin Falls. The bride will continue her schooling until June when she will finish her senior year. Mr. Barton is attending business school and is affiliated with his father in business in Jackpot.

Guests attended from Burley, Boise, Hazelton, Pocatello, Bull, Weiser, Kimberly, Twin Falls and Oregon.

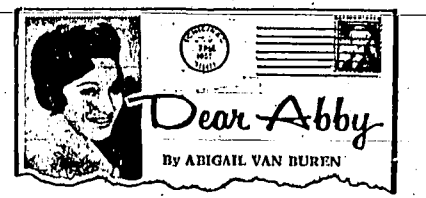

A pre-nuptial shower was given for the bride by Karla Melgs at the home of her parents, Mr. and Mrs. Louis Melgs. A rehearsal supper was hosted by the bridegroom's parents at Kay's Rice Bowl.

Dear Abby  
By ABIGAIL VAN DUREN

DEAR ABBY: Have you ever seen a bald Indian? Not that because they shampoo their hair only a few times a year. I am not an Indian, but I am living proof that this is true. I am in my sixties and I have thick, luxuriant brown hair. People think I dye it, so I have a standing offer of one thousand dollars to anyone who can find one dyed hair in my head.

I shampoo my hair only a few times a year. Most Americans wash the life out of their hair. They scrub it, brush it, tint it, dye it, curl it, straighten it, tease it, spray it, and burn it to a frazzle. No wonder we are becoming a nation of bald women and well into the wig age.

SAN FRANCISCO  
DEAR S. F.: The fact that I've never seen a bald Indian doesn't mean there aren't any. Will a bald Indian please contact this column? (And enclose your picture.)

### Former Residents Celebrate 50th Wedding Anniversary

Mr. and Mrs. Harry Taylor, Manteca, Calif., former Twin Falls residents, celebrated their Golden Wedding Anniversary recently with 150 friends and relatives at the FESM Hall, Manteca.

Mr. Taylor worked for the Twin Falls Postal Department for many years and is still a member of the Twin Falls Masonic Lodge. He has one nephew, George Taylor, in Twin Falls, and Mrs. Taylor has three sisters, Edith Bush, Berta Grain and Evelyn Malberg, in Twin Falls. A brother, John W. Grinstead, resides in Kimberly.

The Taylors cut a three-tiered wedding cake of white and gold decorated with rosebuds with gold leaves and topped with golden wedding bells. The buffet table at the reception was enhanced with an arrangement of red anthuriums.

The couple has three children and nine grandchildren. Their sons are Harry Taylor, Eureka, Calif., and George Taylor, Manteca, Calif. Their daughter, Mrs. Marion Thibodeau, resides in Manteca.

Mr. and Mrs. Taylor were married in Twin Falls in 1919 and moved to Manteca in 1945. Shortly thereafter they opened a flower shop in the community and only recently retired. They have been quite active in community activities, with each serving as president of their respective organizations, the Soroptimists and Rotary.

### Auxiliary Plans Birthday-Fete At Shoshone

SHOSHONE — American Legion Auxiliary members will serve dinner on March 9 to the Legion, as a birthday dinner observance for the Legion.

During a recent business meeting, the application form for a scholarship for a local high school senior was completed. To qualify for the Legion Auxiliary scholarships, the girl must be daughter of a veteran and meet other specifications. If the scholarship is awarded, it will be here-in-time-to-present at the high school graduation exercises.

Note was made that the auxiliary had qualified for the activity award, having met all 10 activity qualifications. Only eight were required to receive the award.

A letter was read from Dr. Jack Clem thanking the members for their kindness at the time of the burial of his mother, Mrs. Euphemia Clem, who was a charter member of the auxiliary.

At the March 9 meeting Dan Kelley, state liquor officer, will speak.

Hostesses were Mrs. Luella Kinsey and Mrs. Elmer Terry. Mrs. Harry Stoner will be hostess for the Feb. 9 meeting.

### Rebekahs Plan Official Visit In Wendell

WENDELL — Plans were made by the Rebekahs for the annual visit of the president for Feb. 20 at the January meeting of the Wendell Rebekah Lodge.

Mrs. Sarah Bitterli, noble grand appointed committees in charge of arrangements and Mrs. Marcia Bright as mistress of ceremonies.

Committee members include Mrs. Colleen Otton, Mrs. Karen Leeper and Mrs. Edna McDowell, decorations; Mrs. Lucille Lancaster, introductions; Mrs. Hazel Kendrick and Mrs. Emma Anderson, gifts; Mrs. Lavella Parr, Mrs. Louise Stockham and Mrs. Lorana Bishop, program, and Mrs. Jean Brownlee, Mrs. Alice McCord and Mrs. Darlene Simerly, corsages.

Duties of the new officers were read at the regular business meeting.

The sick and visiting committee reported Mrs. Luella Fausett is a patient at the Twin Falls Clinic-Hospital and Jim Hartwell has been transferred to a nursing unit at St. Benedict's Hospital, Jerome.

Mrs. Donald McCloud was voted a new member. "Happy Birthday" was sung by the group to Mrs. Belle Quarry.

Mrs. Otton and Mrs. Parr were hostesses at the social hour.

### Brownies Work At City Park

Members of Brownie Troop 100 have been doing their part to help keep their city a clean and more attractive place.

In their meeting last week the 12 members, ages 7 and 8 years, held a clean up detail at city park in which they picked up candy wrappers and lunch papers left by children of nearby schools and by others who enjoy the park without remembering to use wast receptacles for their trash.

Mrs. Diane Carico is leader of the troop and Mrs. Vivian Nussbaum is co-leader.

### Meeting Set

GLENN'S FERRY — The newly organized Glenns Ferry Jay-Ceites will meet the second Thursday of each month, and will be chartering the same night as the Glenns Ferry Jaycees, Jan. 30.

Officers for the women include Mrs. Donald Rom, president; Mrs. Michaela, secretary; Mrs. Neal Abbot, secretary; and Mrs. William Pharis, treasurer.

### Events

## Noted Idaho Publisher Dies At Malad

MALAD CITY, Idaho (UPI) — Clyde Hanson, 86, publisher of the Idaho Enterprise and the Idaho Press Association's Master Editor-Publisher in 1963 died Sunday night in Oneida County Hospital.

Hanson, born in Logan, Utah, Nov. 4, 1883, was educated in the Logan public schools and at the New Jersey Academy, a Presbyterian mission school in Logan.

He came to Malad City in 1902 at the age of 18 and leased the Idaho Enterprise, buying it a few years later. He sold the newspaper in 1909 and moved to Montpelier to edit and publish the Montpelier Examiner.

In 1912, Hanson went to Rockland to establish the Rockland Times. He returned to Malad City in 1917 as editor and manager of the Idaho Enterprise, but resigned six years later to become postmaster.

He continued as postmaster until 1935, but in 1935 he leased the Idaho Enterprise. In 1950 the company's son, Marvin, a past president of the Idaho Press Association, became co-leader. The family purchased the last of the publishing company's outstanding stock in 1969.

He was elected mayor of Malad City in 1928 and was also served on village boards of Malad and Rockland. He was a member of a committee that negotiated the right-of-way in 1904 for the Idaho portion of the narrow gauge Malad Valley Railroad-Companys.

Funeral and burial services are tentatively scheduled for Thursday in Malad City.

NURSE BARBARA MELLOY cradles a three-day-old gorilla in her arms at Good Samaritan Hospital when the animal was taken Saturday from the Cincinnati Zoo after its birth a day before. Its mother, 7-year-old Mahari would not nurse the offspring. Infant "Sam," one of the few gorillas born in captivity appears to be thriving and is gaining weight. (UPI photo)

## Romney Speaks Of Brainwashing

WASHINGTON (UPI) — HUD Secretary George Romney said today he helped awaken the nation to the tragic mistake in Vietnam by saying he had been brainwashed by the military into temporarily supporting escalation of the war.

Romney's statement came in response to a question at a news conference and showed that the head of the department of Housing and Urban Development was sensitive to the politically damaging ridicule the brainwash comment drew after he made it in the fall of 1967.

"I'm very proud of that particular term," Romney told his questioner sternly. "I think history will show that I was wrong in an accurate term at the time. I mean, I'm not secretary of state) has confirmed that he was also brainwashed.

"So I'm not one who apologizes for having used that term. I tell people what I think and I meant it. "I made up my own mind with regard to the Vietnamese conflict that we made a tragic mistake and I voiced that for over a year in less dramatic terms and nobody paid much attention until I used that particular term.

"And I'm glad I did because nobody has forgotten it. I hope they never do."

## Jackie Still Member Of Committee

WASHINGTON (UPI) — Jacqueline Kennedy Onassis still is a member of a White House Preservation Committee which she created but has not attended a meeting since she left the White House.

This was revealed today when the White House said Mrs. Onassis had declined an invitation from Pat Nixon to attend a luncheon meeting of the committee Wednesday—the first that the First Lady has called. Mrs. Onassis' main project while first lady was restoring the White House to its colonial era elegance.

Her successor, Lady Bird Johnson and Mrs. Nixon kept Mrs. Onassis on her committee but the White House said the widow of President John F. Kennedy has never attended a meeting since she left the White House.

## Cleveland Mayor Points To Soaring Crime Rate As He Replaces Police Chief

CLEVELAND (UPI) — Mayor Carl B. Stokes today fired Police Chief Patrick Gerity and named William Ellenburg, a veteran police executive, to succeed him.

Stokes said he fired Gerity because of Cleveland's "soaring crime rate." Gerity, 52, police chief for the past 15 months, will go back to his permanent rank of deputy chief.

Ellenburg, 50, retired a year ago as district inspector of Detroit's West Side precincts and became director of public safety in Gross Pointe Park, Mich., a Detroit suburb.

Chief Gerity did his best to operate the department and there is no question of his complete integrity, but the facts are that over the past 12 months Cleveland has suffered a 54 per cent increase in crime," Stokes said.

The appointment of Chief Ellenburg to work closely with our new safety director, Benjamin O. Davis Jr., completed a top leadership team," Stokes said.

He said Ellenburg was "a policeman's policeman," who in 20 years on the Detroit force had established the Intelligence Bureau, organized an Internal Security Squad and developed a task force trained in riot control techniques.

SMOKERS SEGREGATED WASHINGTON (UPI) — Pan American World Airways Monday became the first airline to separate cigarette smokers from non-smokers. It announced it would provide special sections for smokers on its new Boeing 747 jumbo jetliners.

# St. Bonaventure Climbs To Third In UPI Poll Behind Kentucky, UCLA

NEW YORK (UPI)—It's still UCLA all the way in the United Press International College Basketball Rankings. The 11th-ranked national champion Bruins, still unbeaten in the post-Lew Alcindor era, increased their 1959-70 winning streak to 14 games through games of last Saturday night.

## Ashe Takes Australian Open Title

SYDNEY (UPI)—U.S. Davis Cup star Arthur Ashe became the first Negro to win the Australian Open Tennis championships Tuesday when he defeated Australian Dick Crealy 6-4, 9-7, 10-2 at White City.

The U.S. thus scored a unique double, winning the Australian singles and doubles titles for the first time in the history of the 64-year-old National.

Ashe's teammates Stan Smith and Bob Lutz captured the doubles crown Monday when they thrashed young Aussie Pandemonium John Alexander and Phil Dent in straight sets.

Ashe is the first American player to win the Australian title since 1950 when Alex Olmedo beat Australian Neale Fraser.

Tuesday's final, postponed from Monday due to rain, was a four match played in drizzling rain and swirling holstetanus which upset both Crealy and particularly Ashe, who played throughout the 82-minute match in glasses.

Ashe wiped his glasses throughout and shielded them as he waited for Crealy to serve.

## Ole Miss Edges Florida 79-77

OXFORD, Miss. (UPI)—Ron Coleman sank two free throws with three seconds left Monday night to give the Mississippi Rebels a 79-77 come-from-behind Southeastern Conference basketball victory over Florida.

The Rebels, trailing 36-33 at the half, finally caught up with 14:40 left when Coleman hit a jump shot. From that point on it was nip and tuck, Florida the winner usually keeping a one-point edge.

With 1:10 to go, Coleman hit on a three-point play to give the Rebels a brief lead at 76-75. Then forward Tom Butler of Mississippi made one of two free throws to make it 77-75 with 45 seconds left.

## Kansas Falls In Overtime, 91-89

AMES, Iowa (UPI)—Guard Jim Abrahamson dropped in a driving layup down the middle with four seconds to play Monday night to give Iowa State 91-89 overtime victory over Kansas in a Big Eight basketball game.

The win nullified an outstanding 39-point effort by Kansas' 6'9-inch center Dave Roberts who fouled out with 1:09 left to go in regulation time.

The Cyclones were led by center Bill Cain who scored 30 points on 11 field goals and eight of 11 free throws.

The win put Iowa State above the 500 mark at 9-8 and left Kansas at 10-4.

## Rams Trade Star Kicker Gossett Away

LOS ANGELES (UPI)—The Los Angeles Rams announced Monday they had traded star place kicker Bruce Gossett to the San Francisco Forty Niners for Kermit Alexander, veteran defensive back, and a second round draft choice.

Alexander is an eight-year veteran from UCLA who has been a regular with the Niners since they acquired him as their first draft choice in 1962. He is 29 years old.

With the Forty Niners, Alexander became their top pass interceptor with a career record of 30 and a return yardage of 409, both club records. Last season he led the Niners with five interceptions in seven years that he had led in pass thefts.

"I'm delighted to get Alexander," said Rams coach George Allen. "I've been eyeing him for some time. I coached him in the 1969 Pro Bowl and was impressed with him. He has excellent hands and he's a hitter."

Allen expressed his regret at having to give up Gossett who in six years had scored 571 points and was only two points away from Bob Waterfield's club record.

Gossett had kicked 271 conversions out of 215 attempts and currently has a string of 105 straight conversions, second best in league history. He also holds the Rams record of 120 field goals out of 203 attempts. His longest field goal was 49 yards.

## Lemaire Leads In Goals Scored

NEW YORK (UPI)—Jacques Lemaire of Montreal, with 10 goals in his last 10 games, continues to lead the National Hockey League in goals scored and has moved into sixth place in the scoring race, according to official weekly statistics released Monday.

Lemaire, a 24-year-old left winger, now has 28 goals and 48 assists for 48 points.

Scoring Leaders: Jacques Lemaire, Montreal, 28 goals, 48 assists, 48 points; Bobby Orr, Boston, 24 goals, 21 assists, 45 points; Phil Esposito, Boston, 24 goals, 21 assists, 45 points; N.Y. Bobby Noyes, N.Y., 17 goals, 17 assists, 34 points; Bobby Clarke, Philadelphia, 17 goals, 17 assists, 34 points; Mike Bossy, New York Islanders, 16 goals, 16 assists, 32 points.

Clay held up the six-inch wide belt for the audience to see. It was made of cloth and colored red, white and blue and had a bronze buckle proclaiming him champion.

On the back it read: "Cassius Clay, Louisville, Ky., World Heavyweight Champion, defeated Sonny Liston, Denver, Colo., in the Miami Convention Hall, knockout in the seventh round."

## Mountain View Wins 79-62

Big Mill Horton hit 24 points Monday night to lead Mountain View past Title and Trust 79-62 in a basketball game. Horton, a senior, led the team in the city league basketball highlight.

In other games, Sharwoods forfeited to Nielsen-Miller and T. F. Firemen coasted past Abbie Urigen 81-51. R. Hyde was high for Abbie with 15, while Gambrell had 17 for the winners.

## Vols Hold Maravich To 29 But LSU Pulls Out 71-59 Decision

BATON ROUGE, La. (UPI)—The Tennessee held all-American Pistol Pete Maravich to 29 points Monday night, but Louisiana State still came from behind to defeat the Volunteers 71-59 in a Southeastern Conference game.

LSU was trailing 32-25 at halftime, but came back with seven straight points in the opening minutes of the second half to tie it up at 32-32. The Tigers were never headed after that.

Maravich, far off his 47.6 million-leading scoring average, still came within "just" 39 points of Oscar Robertson's all-time career collegiate scoring record of 2,073 points, a mark he could surpass Saturday night against Ole Miss.

The victory gave LSU a 9-5 season record and raised the Tigers to 4-2 in SEC play. Tennessee is 8-6 and 2-5. LSU has 140 (71) points, 137 (71) rebounds, 137 (71) assists, 137 (71) steals, 137 (71) blocks, 137 (71) fouls, 137 (71) turnovers, 137 (71) missed shots, 137 (71) free throws, 137 (71) free throw ## WINNING LINE EVADES STUDENTS

Here is a hand played by some of the Professor's students in a practice team match. The bidding and the results were the same at every table but the Professor wasn't at all happy with his pupils.

At the first table, North's nine of spades held the first trick and declarer promptly tried the club finesse. West took his king and cleared the spade suit while he still held the ace of diamonds as an entry. Down one!

At the other table, South overtook the nine of spades with his jack in order to lead a diamond to dummy's nine. Once more the spades were cleared immediately. This declarer might now have tried the club finesse and gone down two but he settled for knocking out the

Professor was far from pleased with either performance and even more unhappy when no one else could see why each declarer should have made his contract. How many of you readers have seen the correct play?

Here it is: South wins the first spade in his own hand and leads a diamond just as the second student did but, when West plays low, South rises with dummy's king. This gives him one diamond trick. He abandons the suit to try the club finesse. It loses but four club tricks, plus two spades, two hearts and one diamond, are enough for his contract. Suppose West rises with the ace on the first diamond. Now South forgets about clubs entirely and lets East collect a trick with the diamond queen.

Suppose East holds the ace of diamonds. South plays off in that case but the odds must be at least 10-1 that West holds it as part of his opening bid.

## Blondes Still Do Better In Getting Jobs, Survey Shows

BLONDES — Exactly what's so special about blondes is unclear. But an employment counselor of long experience says, "When I send out both a brunette and a blonde to apply for the same secretarial position, assuming their qualifications are about the same, the blonde will get the job."

RIGHT ABOUT NOW you can bet approximately 1,800 thunder storms are booming somewhere . . . DOES, ORANGE PEKOE really not. It just identifies the size of the tea leaves . . . FEW PEOPLE REALIZE, says a philosophical cardiologist, that blushing is a superb exercise for the heart.

THE LINGO OF LEARNING — When a fellow and a girl room together for awhile, but don't get married, that's now known among the psychologists as "unstructured cohabitation." What do you think of that, sports fans? Our Language man finds it humorous. Unstructured cohabitation, my Uncle Charlie!

CUSTOMER SERVICE — Q. "Come on, Grover, did you say stunks don't kill chickens?" A. Weasels do, but stunks don't.

Q. "WHAT'S THE LARG" mental colic ever witnessed?" A. That would be Sweden's 10-daler piece. Put out in 1644, it weighed 38.5 pounds and measured 12 by 24 inches . . . Q. "DO MOST WIDOWERS remarry?" A. They do indeed. In fact, more than half of them remarry within five years.

THE ORDERLY — As soon as he got back from Vietnam, the young soldier took his discharge, but uncertainly. And it wasn't more than a year later that this veteran, who was still having trouble adjusting to civilian life, ran into his former colonel; the officer and gentleman, now retired, whom he had served as an orderly outside Saigon. The colonel was quick to offer him a job as a valet. "Your duties will be exactly the same as they were in the service," said the colonel, "and you can start by waking me up at 7 a.m. tomorrow. Right on time the next morning the ex-orderly ran up stairs to the colonel's bedroom, shook the old boy awake, then smartly spanked the colonel's wife, lying there wide-eyed, and snipped, "Okay, that's all, baby. It's back to the village with you."

THAT WIDESPREAD BELIEF that a drinker can work off his hangover by heavy exercise is wrong. Or so say the science boys now. Not even the swiftest jogging will speed up the elimination of alcohol from the blood . . . AM ASKED HOW San Francisco rates on that list of the alleged healthiest major cities in the United States. It's fifth. First four, in order, are said to be San Diego, Miami, Denver and Atlanta. Seattle is sixth.

# Dilettantes Have New Choreographer To Arrange Dances For 'Mame' Production

From Jitterbug to Charleston to tango and the cake walk, dancers in "Mame," the 1970 Dilettante of Magic Valley production will be displaying a variety of dance steps arranged by Virginia Stapleton Krempetz of Boise.

Mrs. Krempetz, who is new to the Dilettante group this year, has been rehearsing each weekend since the first of the year with dancers who will be performing in the show next month.

She attended college in San Mateo, Calif., for a year, then spent a year at the University of Utah and attended San Jose State College from 1965 to 1968.

She also studied ballet at San Francisco Ballet School from 1956 to 1963. At the American Ballet School, Hollywood, Calif., she studied under Eugene Loring and Carmelita Marchell. At the University of Utah she studied under Gordon Pazman, Benet Arnold and Phil Keeler, who has been choreographer for several Dilettante productions.

Mrs. Krempetz, who now is employed at the Carlton Dance Studio in Boise, has performed with the San Francisco Ballet from 1956 to 1963, including on two national tours in 1962 and 1963. She also performed with the San Jose State Orchestra, the Judge Gearson Modern Dance Co. and the California Shakespeare Festival.

She was choreographer for "Brigadoon," "Othello" and "Most Happy Fowling" at the College of San Mateo and orchestral productions for "Much Ado About Nothing" at the College of Marin, Calif., "Little Mary Sunshine" at Belknap II P.H. School, Calif., and the Boise Philharmonic's Champagne Ball in 1968 and the Valentine Dance in 1969.

From 1959 until 1961 Mrs. Krempetz operated her own studio at Alhambra, Calif. Since she and her husband moved to Boise she has taught ballet at Highlands Recreation Center and at Amy Garry Studio in Caldwell and Mayco Studio in Nampa.

The first dance in "Mame" occurs at a party at "Mame's" Beckman Place apartment in New York City where the guests charleston. A modern dance duet is performed after "Mame" tells her nephew "Patrick" to "Open a New Window" every tiny. The dancers also do a tango in a speakeasy, a chorus dance in a show within the show, the cake walk with "Mame" meets her in-laws and the jitterbug at a suburban party in Connecticut.

Dancers are Mark Golay, Kevin Barrus, Steve Trout, Brook Call, Valerie Wood, Linda Lincoln, Mrs. Larry DeBoard and Terry Skinner.

SETTING THE DANCES FOR "MAME" is Virginia Stapleton Krempetz of Boise. The show, which opens next month under production by the Dilettante Group of Magic Valley, is the first Magic Valley work for Mrs. Krempetz, who is acting as choreographer for the show. She has wide experience in the field of dance and has studied under Phil Keeler, several years choreographer for the Dilettante Group.

## Philosophy Professor Keeps His Cool In Viewing Unrest

By ARNOLD SAWISLAK  
WASHINGTON (UPI) — Sidney Hook has been around both the political and academic scenes. And when the twin riots, as it has in recent times on campuses across the nation, Hook is disturbed.

But as is proper for a professor of philosophy (New York University), Hook doesn't lose his cool in discussing college unrest.

In his new book "Academic Freedom and Academic Anarchy" (Coward, \$3.95), as Hook constructs it, there is plenty of blame to go around for the length of joining the revolt—when the trouble started. Hook promulgates three fields

and Columbia. Hook says student leaders have gone far beyond sensible limits of demands on the schools and, unlike college radicals of the past, brought violence to the one environment where it should be possible to negotiate reasonably.

As for his faculty colleagues and the college administrators, Hook is scathingly critical. Many of those who were supposed to be leading, he says, were deaf and blind to legitimate grievances for years and then panicky—some to the length of joining the revolt—when the trouble started. Hook promulgates three fields

## Unit Elects

WASHINGTON (UPI) — John W. Hushon, press secretary to Sen. Robert P. Griffin, R-Mich., has been elected president of the Senate Press Secretaries Association. It was announced Monday.

Hushon, 34, a former Detroit news reporter, succeeds Powell A. Moore, press secretary to Sen. Richard B. Russell, D-Ga. The association has 175 members.

Other officers elected for 1970 included:

First vice president: Dale Zubraskie, office of Sen. Frank E. Moss, D-Utah.  
Second vice president: Lamar Crosby, office of Sen. Robert W. Packard, R-Ore.

## HUD Okays Applications For Program

WASHINGTON (UPI) — The Department of Housing and Urban Development approved Neighborhood Development Program applications Monday for 11 cities.

Federal share of the Urban Renewal program under the NDP program is two-thirds of the cost. Cities winning approval included Miami, Calif. Relocation assistance and federal relocation payments are provided for individuals, families and businesses displaced by program activities. Direct federal 3 per cent rehabilitation loans and rehabilitation grants are available.

## Office Blasted

BELFAST, Northern Ireland (UPI) — A dynamite explosion wrecked the front of a tax company office in a Protestant neighborhood Monday 34 hours after Protestants tried to storm a Roman Catholic housing block.

The blast followed weekend fighting among Catholics and Protestants for the first time since rioting last October left nine persons dead.

of college policy in which students have a legitimate right to make demands—consultation (but not decision-making power) on educational matters, including tuition, grading systems, and course content; flexibility of curriculum to permit maximum student freedom in choosing courses; and quality teaching, with the right to evaluate their teachers with a system that provides for dropping incompetents.

## Boy, 2, Rescued From Well Shaft After 7 Hours

By DAVID L. LANGFORD

MIAMI (UPI) — The tear-streaked face of the tiny 2-year-old boy, contorted with fear, was barely visible near the bottom of a 13-foot deep irrigation well shaft.

"I want out, daddy, I want out," screamed John Reynolds III.

For seven excruciating hours Saturday night, while rescue teams worked feverishly with drills and bare, bloody hands, John was trapped in the narrow shaft. His shoulders wedged against the walls, his feet dangling in cold, murky water. John, his father, his mother and his sister Laura Jane, 4, had ventured to a tomato field in suburban Miami that advertises "pick all you want for 10 cents a pound."

Suddenly John screamed and disappeared. For the next seven hours, death was just a slip away.

Reynolds, a big man with thick horn-rimmed glasses, bolted to a house on the edge of the field and called the Date County sheriff's office. Within an hour 50 men were at the scene with digging equipment, oxygen compressors and air ladders.

The narrow shaft made it impossible for rescuers to climb down to John or even get a rope around him. Florida Power & Light Co. brought in a 30-inch auger and began drilling a parallel hole 18 inches away.

By 3 p.m., Bill Team, at 3-foot-4 the Sheriff Department's "littles cop," had drilled a small hole into the well shaft and could reach in and touch the boy.

"We saw him breathing and his fingers moving and we knew he had it made," Team said.

An hour later Team had finished chiseling a hole through the rock large enough to reach in and snatch John to safety.

"Hey there, Tiger, you look great," Reynolds said as the boy was handed up out of the hole and into a waiting ambulance. He was dirty, bruised and screaming in fright, but not seriously injured.

## Corn Removed

MOSCOW (UPI) — A Moscow newspaper reported that surgeons had removed an ear of corn from a young woman's lung, where it had been lodged for nearly 20 years.

The newspaper Vechernaya Moskva (Evening Moscow) said the operation was performed on Helen Mikhailova in the town of Lipetsk, 200 miles southeast of Moscow.

Mrs. Mikhailova, now an agronomist on a collective farm, was taken to a Lipetsk tuberculosis clinic at the age of two after she began coughing blood, the report said. Her ailment was then diagnosed as chronic pneumonia.

## Mayor Alioto Gathers Case Evidence

SAN FRANCISCO (UPI) Mayor Joseph Alioto said Monday his legal firm had developed a "tremendous volume of evidence" for the Washington State plumbing fixture case. From which he was dismissed.

The mayor said he would either hold the state "strictly to the contract" to represent it or would ask the court to determine a fair settlement.

Alioto said his firm represents not only Washington State but many other bodies in antitrust litigation over plumbing fixtures. He said the evidence his firm has gathered is used in all these cases and he hopes Washington officials will not, if he is discharged, attempt to "get legal services for nothing by making Washington State a parasite" on the work his firm is doing for others.

Alioto said his firm has been working on the case for 10 years and that Nicholas D. O'Connell Jr., said the same type of arrangement with him as did former Washington Attorney General John J. O'Connell, to share in the fee for work performed in Washington State.

## Earmarking Of Highway Funds Asked

BOISE (UPI) — The State Highway Board Monday asked the Legislature to earmark all available highway revenue "for use in improving highways."

Board members and State Highway Engineer Ellis Mathes met with the combined membership of the House and Senate to "lay out plans" and to assert the need to apply an anticipated \$3.75 million increase in revenue in the current biennium for road construction.

Board Chairman C. Ed Flannery, Pocatello, told the lawmakers they should "guarantee" that all available highway revenue be earmarked for use in improving highways throughout the state.

When asked whether the public would hold still for another one to two cent a gallon tax increase, Flannery replied: "The people's demands are such that delegations which have appeared before the board have said they would go for a two cent increase if it were applied in their areas."

He said he believed if the people were given the facts about the law now on file and how the funds would be applied they would "go along" with a revenue increase proposal whether it be in the gas tax or registration fees.

Mathes told the legislators that Idaho now has a \$310 million backlog of needed highway improvements and he said the highway needs are increasing at the rate of \$21 million a year while only \$15 million additional in revenue is available.
